Biafrans Pull Back

LAGOS, Nigeria (AP) — Advancing Nigerian forces have driven Biafra's leaders to a new headquarters, and the attempt to get peace talks started collapsed Sunday.

Reports reaching Lagos said Biafran leader Odumegwu Ojukwu and his staff have left Umuahia and established new headquarters at Orlu, 36 miles to the west.

Orlu is the last town of any size left in the 3,000 square miles that remain of Biafra after 22 months of civil war. It is located near the two airstrips the besieged secessionist government depends on to receive arms and relief supplies from the outside world.

Federal authorities refused to confirm or deny that Umuahia has fallen, but a spokesman for the International Committee of the Red Cross confirmed reports that relief agencies have moved their headquarters out of Umuahia.

However, the Biafran official who headed his country's delegation at two days of unsuccessful attempts in Monrovia, Liberia, to arrange peace talks dismissed the reports of Umuahia's fall.

Sir Louis Mbanefo, Biafra's chief justice who once sat with the International Court at the Hague, said: "When you hear about the war ending with the fall of Umuahia remember the strength of Biafra is not in the towns, it is in the villages."

The Biafran delegation and the Nigerian delegation, headed by Federal Works Commissioner Femi Okunnu, met in Monrovia at talks called by the Organization of African Unity's seven-nation committee on Nigeria.

Biafra rejected an OAU declaration urging both sides to accept "in the supereme interest of Africa a united Nigeria which ensures all forms of security and guarantees equality of rights and privileges to all its citizens.

Today In History

By THE ASSOCIATED PRESS

Today is Monday, April 21, the 111th day of 1969. There are 254 days left in the year.

Today's highlight in history:

On this date in 1967, the army seized control in Greece.

On this date:

In 753 B.C. tradition has it that Rome was founded by Romulus.

In 1832, the Black Hawk Indian War began along the upper Mississippi.

In 1836, Texans led by Gen. Sam Houston defeated a Mexican force in the Battle of San Jacinto.

In 1856, the first train crossed the Mississippi River — on a bridge from Rock Island, Ill., to Davenport, Iowa.

In 1945, during World War II, a Soviet broadcast said Russian troops had penetrated the limits of Berlin.

In 1954, U. S. Air Force planes began flying French troops from France to Indochina to reinforce the French bastion at Dien Bien Phu.

Ten years ago — The United States, Britain and the Soviet Union were holding a conference in Geneva on discontinuance of nuclear tests.

Five years ago — President Lyndon B. Johnson urged Americans to help create what he called a "peaceful revolution" in lives of poverty-stricken peoples of the world.

One year ago — A high - ranking North Vietnamese defector disclosed plans for an enemy assault on Saigon.

Not present for picture were John Hood, first in science contest, and Gary Terrell, second in informative speaking.

Residence Rule For Welfare Is Rejected

WASHINGTON (AP) — The Supreme Court today invalidated state residence requirements for people receiving welfare assistance.

"Neither deterrence of indigents from migrating to the state nor limitation of welfare benefits to those regarded as contributing to the state is a constitutionally permissible state objective," said Justice William J. Brennan Jr. in the majority opinion.

The vote was 6 to 3. Chief Justice Earl Warren and Associate Justice Hugo L. Black joined in one dissent. Associate Justice John Marshall Harlan dissented separately.

The ruling is a major legal advance for the poor. It is expected to make 100,000 to 200,000 poor people newly eligible for Aid to Families With Dependent Children. This would boost welfare expenses $125 million to $175 million a year.

The ruling dealt specifically with residency requirements in Connecticut, Pennsylvania and the District of Columbia. It is applicable to such regulations in about 40 states in all.

Chief Justice Warren, dissenting, said he believed Congress has the power to impose minimal nationwide residency requirements or to authorize the states to do so.

The hotly disputed issue was before the court twice—once last term when the justices evidently were too divided to reach a decision—and again last fall.

The residency regulations required newly migrated poor people to wait a year before they could obtain help. Under the program of Aid to Families With Dependent Children. The justification was orderly administration of welfare programs and prevention of fraud.

Attorneys for the poor maintained the regulations deprived needy people of "the rudiments of life" as they searched for new opportunities in a new state.

The court decided that prohibition of benefits to residents of less than a year creates two separate classes of poor people —"an invidious discrimination" denying the new migrated "equal protection of the laws."

The attack on residence requirements was spearheaded by the Office of Economic Opportunity's Legal Services Program. Regulations were struck down in Connecticut, Delaware, Illinois, Pennsylvania, Wisconsin and the District of Columbia before the court decided to resolve the dispute.

The AFDC program assists some 6 million people, with the federal government footing about 55.3 per cent of the bill nationally and the states and local government contributing the remainder. The federal share

Woodson Rites Held

Funeral service was held at 4 p.m. Sunday at the Primitive Baptist Church for Mrs. Ethel Ellie Woodson, 70, who died at 11:15 a.m. Saturday in Cogdell Memorial Hospital.

Mrs. Woodson, a resident of Scurry County for 45 years, was a native of Stafford, Ark.

Eld. Carl Watson officiated at the funeral service. He was assisted by O. C. Floyd. Burial was in the Snyder Cemetery, under direction of Bolger Funeral Home.

Surviving are two sisters, Miss Donnie R. McCormick and Mrs. Lillie Nolan, both of Snyder; and three brothers, O. S. McCormick, Claude McCormick Sr. and Homer McCormick, all of Snyder.

Pallbearers were W. W. Hester, T. A. Rainwater, John Floyd, Zed Wadzeck, T. M. Hughes and Paul Moore.

2,750 At First Crusade Service

Approximately 2,750 persons were on hand Sunday evening in the Scurry County Coliseum for the first service of the Encounter Crusade, an evangelistic effort involving 23 Snyder area churches representing seven denominations.

The opening night congregation heard a well known television personality give his testimony of faith. Tom Lester, a tall, gangling Mississippian, told the audience how he felt that he was led into his profession and that his life's work is directed by God. Lester appears in the role of Eb the hired hand in the "Green Acres" television series which stars Eddie Albert and Eva Gabor.

Dr. Ralph W. Neighbour of Dallas, the evangelist for the Crusade series preached on the spiritual birth.

Gerald Ray, minister of music at the Sagamore Hill Baptist Church in Fort Worth, directed the Crusade Choir of over 200 voices. Oris Baldwin, minister of music at First United Methodist Church in Hurst, presented a solo and he will appear as guest soloist again this evening.

Dr. John English, pastor of First United Methodist Church in Snyder, presided at the opening Crusade service. He and Dr. A. B. Lightfoot, pastor of First Baptist Church, have served as co-chairmen of arrangements for the Crusade.

Following the collection last night it was announced that the Crusade's budget had been met and that no other offerings will be required during the series. The Crusade will continue through Friday, the service to begin at 7:30 each evening.

CRUSADE PERSONALITIES — From left, Dr. John English, Tom Lester, Rev. Ralph Neighbour and Dr. A. B. Lightfoot discuss plans for the Encounter Crusade which began Sunday night in the Scurry County Coliseum and will continue through Friday with nightly services at 7:30. The four participated in the opening program. Dr. English and Dr. Lightfoot are local ministers who are co-chairmen for the Crusade. Lester, a television star on the "Green Acres" show, gave his personal testimony last night. Rev. Neighbour is the Crusade evangelist.

SURCHARGE CUT DELAYED

Nixon's Tax Plan Sent To Congress

By STERLING F. GREEN
Associated Press Writer

WASHINGTON (AP) — President Nixon sent Congress today a tax reform package including a one-half cut in the 10 per cent income tax surcharge within a year and removal of two million poor people from all income tax liability.

Nixon, in an eight-fold tax reform package, also proposed immediate repeal of the 7 per cent investment tax credit.

Changing his position on a one-year tax extension of the surtax, Nixon proposed that it apply in full only until Jan. 1, 1970 and after that be cut to 5 per cent.

"If economic and fiscal conditions permit," he said, "we can look forward to elimination of the remaining surtax on June 30, 1970."

The reform package, which Nixon's statement called "long overdue," also includes a tax-the-rich provision to assure that the affluent pay some tax despite their ability to use deductions.

The new "minimum income tax" would set a 50 per cent limit on the use of the major tax preferences that are subject to change by law.

"This limit on tax preferences," Nixon's message said, "would be a major step toward assuring that all Americans bear their fair share of the federal tax burden."

At the other end of the income scale, the President said, the "low income allowance will remove an estimated 2.2 million lower income families from the tax roles and assure that families in poverty pay no federal income tax."

The message said a family of 4 would pay no income tax on income below $3,500; a married couple with $2,300 income would pay nothing, instead of the $100 they now pay; single persons, students and others who earn up to $1,700 in taxable income and now pay $117 in tax, would pay nothing.

The recommended repeal of the 7 per cent investment tax credit was a reversal of the Nixon administration's position. The change was made because the tax credit, a stimulant to business investment in new plant and equipment, has been widely criticized as fueling the flames of inflation.

The President announced also that he is asking Secretary of the Treasury David M. Kennedy for a complete review of the entire federal tax system.

The recommendations should be in hand by next November 30, Nixon said. This would permit submission of legislative recommendations for basic changes.

Meanwhile, Nixon called on Congress to "take important first steps in tax reform legislation during this session." He listed these:

—"Much stricter surveillance" on tax exempt organizations, including private foundations.

—Curbing of the practice of many corporations of breaking their business up into multiple subsidiaries and affiliated companies to take advantage of the lower tax rates on the first $25,000 of corporate income.

—Tougher rules governing losses on farm operations to prevent abuses by so-called "tax farmers" who use tax losses to cut the tax on other income.

—Tighter screening of deductions for charitable contributions. Nixon said these would operate "only to screen out the unreasonable and not stop those which help legitimate charities and therefore the nation."

—New rules on certain mineral transactions to prevent companies from creating artificial net operation losses in the mineral industries. These would affect so called "carved out" mineral production payments and "ABC" transactions, but the statement did not provide details on this point; the Treasury was to provide them shortly.

—A requirement that taxpayers who have certain untaxable income or other preferences would have their nonbusiness deductions reduced proportionately. This proposal also awaited further explanation.

"Special preferences in the law permit far too many Americans to pay less than their fair share of taxes," the statement said. "Too many other Americans bear too much of the tax burden.

"This administration, working with the Congress, is determined to bring equity to the fed-

See TAX, Page 2

Rumsfeld To Head Antipoverty Work

WASHINGTON (AP) — President Nixon today named Rep. Donald Rumsfeld of Illinois to head the administration's antipoverty program.

Rumsfeld, 36, is to become both director of the Office of Economic Opportunity and an assistant to the President with Cabinet rank.

Rumsfeld, a Republican, plans to resign his Congress seat when he is confirmed by the Senate in the OEO post. He will be paid the salary of a presidential assistant, $42,500, the White House said.

Commando Squad Attacks Israelis

BY THE ASSOCIATED PRESS

An Egyptian commando squad crossed the Suez Canal today and attacked Israeli forces for the second time in three days. Arab and Israeli guns again dueled across the Jordan River, and Israeli warplanes hit suspected guerrilla positions in Jordan.

An Israeli army spokesman said the Egyptians crossed the canal 19 miles north of El Qantara and attacked an army patrol in the occupied Sini Desert. One Israeli vehicle was damaged and three Israeli soldiers were wounded, he said, before the attackers were driven back across the canal.

Late Satuday night Egyptian commandos crossed the canal and attacked an army position, but the Isrelis said they fled across the waterway without inflicting major damage.

Hostilities on the Jordanian front erupted at 5:20 a.m. when Arab guerrillas in the Beisan Valley fired at an Israeli army patrol near Beit Yosef and Neve Jr., Israeli spokesmen reported.

Two or three Israeli jets were seen strafing and mombing the Manshiyeh area, sending up plumes of smoke and fire. A Jordanian military spokesmen said two Israeli jets raided an area west of Waqas village in the northern Jordan valley with rockets and napalm but inflicted no casualties.

Israeli spokesmen said Jordanian and Iraqi long-range artillery then opened up, pounding the Beisan Valley south of the Sea of Galilee and the Jordan Valley. The Israelis fired back with tanks and artillery.

Apart from a 10-minute lull around 9:30 a.m., artillery barrages were reported continuing along the entire front from the Sea of Galilee to the occupied Golan Heights of Syria.

Jordan reported one of its soldiers killed and 10 wounded in the ground action. It said two Israeli jets were seen falling in that 40 Israeli soldiers were killed or wounded in the fighting.

There was no confirmation of this from Israel.

A spokesman in Amman said Israeli planes were used more than once. He said Deir Abu Saeed, Manshiyeh and North Shuneh in the Jordan valley came under heavy mortar and tank fire; artillery from the Golan Heights pounded areas around Irbed and "Israeli jet fighters raided intermittently the Soum and Zimal villages, using machine guns and rockets."

"At 9:30 a.m. the Israelis widened the scope of their attack using various kinds of weapons, and extended the clash to the whole of the confrontation line in the northern Jordan valley," he said.

23-Ship Force Protects Planes

WASHINGTON (AP) — A 23-ship task force including four American aircraft carriers has been formed to back up President Nixon's pledge to protect reconnaissance planes operating in the Sea of Japan, the Pentagon disclosed today.

It was the first official word of the scope of a U.S. naval armada formed for deployment in North Korea's shooting down of an unarmed EC121 aircraft one week ago.

Daniel Z. Henkin, the Pentagon's chief spokesman, told reporters the new Task Force 71 has been activated by the Pacific fleet and is under the command of Rear Adm. Malcolm W. Cagle of Grand Junction, Colo.

Along with the four carriers, which will be able to provide jet fighter protection for future reconnaissance flights, are three cruisers and 16 destroyers.

"We will not go into any details concerning the operations . . ." Henkin said. But he said he would name the ships.

Asked whether the EC121 flights have resumed, Henkin said he could not get into that operation aspect either.

The task force carriers include the Enterprise, Ticonderoga, Ranger and Hornet. The cruisers include the Chicago, Oklahoma City and the St. Paul.

It was not disclosed whether all these ships are now in the Sea of Japan or whether all will be deployed there at the same time. They could take turns rotating in and out of assignment zones along the coast of Korea.

Henkin said the battleship New Jersey, which was diverted to the western Pacific during the EC121 crisis, "will be coming home."

He said operational considerations prevent him from saying exactly when the New Jersey will reach the West Coast or precisely where she is at this time. The battleship had been due to dock on the West Coast Friday after winding up a tour of service off Vietnam.

The large deployment of ships to the Sea of Japan apparently will not significantly affect naval operations off Vietnam. It is understood that the carriers Kitty Hawk and Bon Homme Richard will take up battle stations off Vietnam to support bombing missions in South Vietnam and Laos.

TAX

Continued From Page 1

eral tax system . . .

"The economic overheating which has brought inflation into its fourth year keeps us from moving immediately to reduce federal tax revenues at this time. Inflation is itself a tax—a cruel and unjust tax that hits hardest those who can least afford it.

"In order to 'repeal' the tax of inflation, we are cutting budget spending and have requested an extension of the income tax surcharge."

The President thus disclosed that there will be little if any revenue loss from his proposals. The tax collections resulting from the closing of loopholes would offset the tax relief for the impoverished.

The President noted that much concern has been voiced over the ability of some persons with more than $200,000 incomes to escape taxation entirely.

They are not tax dodgers or tax cheats, Nixon said, noting many go untaxed by reason of their large donations to worthy causes. He added:

"But where we can prevent it by law, we must not permit our wealthiest citizens to be 100 per cent successful at tax avoidance."

White House officials have disclosed that Nixon plans to send another batch of tax reforms to Congress in June.

Most of the proposals are expected to get prompt handling by the House Ways and Means Committee and Congress itself. In fact, the haste of the administration in rushing reform proposals to Capitol Hill was understood to be partly an attempt to anticipate tax reform legislation initiated by Congress.

Concern over the continued rapid pace of inflation also prompted speedy action. As recently as the past week, major administration officials spoke out against repeal of the investment tax credit, but congressional concern over the inflationary impact of the device caused the turnabout.

Nixon asked that the repeal, whenever it is enacted, be made retroactive to today. This was intended to prevent corporations from rushing ahead with outlays on new plant, machinery, and equipment to get the spending done ahead of the repeal legislation.

Every taxpayer will benefit by the repeal, Nixon said, because it would make possible a lowering of the ten per cent tax surcharge 6 months earlier than he had recommended previously. The President added:

"I am convinced, however, that reduction of the surtax without repeal of the investment tax credit would be imprudent."

The forseeable gradual increase in federal revenues will facilitate the start during fiscal 1971 to two "high-priority programs to which this administration is committed, Nixon said—revenue sharing in state and local government, and tax credit to encourage private industries' investment in slum areas and the training of hard-core unemployed. Proposals will be sent to Congress soon, Nixon said.

The reform proposals are bound to be controversial, because "one man's loophole is another man's incentive," Nixon said. But when preferences promote inefficiency or abuses, they should be ended. His statement concluded:

"We shall never make taxation popular, but we can make taxation fair."

WELFARE

Continued From Page 1

varies from state to state.

In fiscal 1968 the program cost $2,541,699,000 over-all.

The 1935 Social Security law forbid the states to impose more than a year's residency requirement for AFDC help. The states, defending their regulations, said Congress thereby had sanctioned one-year restrictions. Attorneys for the poor took the position Congress was not approving one-year restrictions but simply forbidding longer ones.

The Connecticutt regulation was challenged in behalf of a teen-aged unmarried mother, Vivian Thompson, who moved to Hartford from Massachusetts to be with her mother. Miss Thompson's two childre nwree Thompson's two children were denied assistance.

The District's regulation was attacked for four women: Mrs. Minnie Harrell, now dead, who moved in from Suffolk County, N.Y.; Mrs. Vera M. Barley on her release from hospitalization for mental illness; Gloria Jean Brown, from Fort Smith, Ark.; and Clay Mae Legrant, from South Carolina.

Job Corps Cuts Are Defended

WASHINGTON (AP) — Labor Secretary George P. Shultz said in defense of President Nixon's planned, controversial cuts in the Job Corps program that the aim is a more comprehensive manpower development system.

"Instead of standing in splendid isolation, the Job Corps would be supported by an lend support to all other manpower programs," Shultz said in a statement prepared for the House Labor and Education Committee.

Chairman Carl D. Perkins, D-Ky., and other committee Democrats are in the vanguard of the opposition to the President's proposal to disband 59 of the 113 Job Corps centers.

Shultz said there were "serious deficiences" in the program's ability to keep enrollees. The Job Corps has the lowest completion rate, 36 per cent, of any manpower training program. This compares with 68 per cent and 60 per cent rates for major programs of the Manpower Development and Training act, he said.

Meanwhile, since the Job Corps program started in 1964 there are more job preparation programs, he said. And, in 1970, the administration plans to increase by 5,700 to 368,000 the number of out of school youth served by Labor's manpower programs, Shultz said.

"Weighing all of these considerations," he said, "we are unable to support a decision to retain the present size and character of the Job Corps.

"The planned reduction in the Job Corps will be more than offset by the increase in other manpower programs," the secretary added.

Texas Skies Mostly Clear

BY THE ASSOCIATED PRESS

Except for some ground fog in part of Central and South Texas early today, skies were clear and temperatures mild across the state.

Forecasts call for more of the same.

At dawn today, fog was reported at Lufkin, Victoria, Palacios, Corpus Christi, and McAllen.

Temperatures were in the 50s and 60s throughout Texas.

Forecasters said the fog would burn off with the sunrise, and fair weather would follow in all sections.

The temperature spread in the state was comfortable, with Amarillo reporting the low reading of 51, and McAllen checking in with the high of 84.

Variations from today's temperatures will be slight tonight, the Weather Bureau said.

Most forecasts call for warming and clear skies. Only in the northwest sections is an overnight dip in temperatures forecast. An overnight low of 42 is predicted for that section.

Long-range forecasts foresee little or no rain anywhere in the state at least through Saturday. Temperatures should be from 2 to 11 degrees below normal in all sections. However, normal highs for the state this time of year are in the 80s and 90s.

The new Italian National Bibliography alphabetically lists printed works published in Italy between 1886 and 1967. The set contains nearly 650,000 entries and fills 39 volumes. It sells for $1,980.

Chemical Sprays No. Casper Si

DALLAS, Tex. (AP) — For awhile there, it appeared that Billy Casper was going to be chased away from the Byron Nelson Golf Classic by the pesticides used to spray the Preston Trails Golf Club.

But the whole matter has been cleared up and Casper will join 115 other exempt players for the tournament which begins Thursday. Officials said 116 non-exempt players would be competing for 28 qualifying positions in the 144-man field.

Casper, who suffered from various allergies, had earlier told Nelson officials he would not play in the tournament because he was allergic to some of the chemicals used to spray the course.

Casper, who suffers from varalyst advised Casper not to participate after examining pesticides sent to him by Nelson officials. But the chemical which would have proved offensive to Casper hasn't been used in more than a year, so Casper will be present.

Report Says Colleges Passed Up Funds

NEW YORK (AP) — A Ford Foundation report says colleges had passed up vast sums of money by refusing to spend capital gains from endowments—such as the increased value of stocks—as they now spend dividends from endowment investments.

"Like the cautious servant in the parable of the talents," the report published Sunday said, "they have been well pleased to bury their funds, complacent in the belief that if their talents cannot multiply under their supervision, at least they will not be lost."

BRIDE-ELECT HONORED — Miss Donna Kay Duff was honored with a gift tea Friday evening in the home of Mrs. Jack Wright, 2907 Thirty-sixth Street. The honoree's chosen colors of aqua, yellow and white were carried out in table and room decor. Miss Duff is the fiance of Mr. David Rosengrants Jr. of Abilene. Pictured above from left, Mrs. A. E. Duff, mother of the bride-to-be, Miss Duff, Mrs. D. E. Rosengrants, mother of the prospective groom, and Mrs. W. O. Brown, grandmother of the groom-fo-be.

WOMEN'S CALENDAR

MONDAY

Lamar PTA meets at 7:30 p.m.

Gamma Upsilon Chapter of ESA, 7:30 p.m. Preferential tea with Wanda Eicke, Route 2, hostess.

TUESDAY

B&PW meets at 7 p.m. at Martha Ann Woman's Club with Clemmie Andress hostess. Nellie Smith, program chairman with Mr. Bill Nixon, personnel manager of AM plant guest speaker.

Ladies Golf Association meets at Country Club. Tee - off at 10 a.m.

Martha Ann Ladies game day and duplicate bridge, 9:30 a.m.

Snyder Early Tops 8:30 a.m. at Dan Gibson building.

Toperettes meet at Stanfield cafeteria, 7 p.m. Visitors welcome.

THURSDAY

Snyder Palette Club regular painting session and sack lunch at Dan Gibson building.

FRIDAY

El Feliz Club meets at 2 p.m. at Steak House with Laura Miller hostess.

SATURDAY

Twilight Garden Club flower show at Martha Ann Woman's Club.

Church Women United tea at nursing homes. All members urged to participate.

SUNDAY

Duplicate bride at Snyder Country Club, 1:30 p.m. Open.

ABWA Sets Annual Boss Banquet

The Scurry Charter Chapter of American Business Women's Association met at Carlos' Little Mexico, April 17, having moved the date of their regular meeting up one week so it would not be in conflict with the Encounter Crusade at the coliseum.

Invocation was given by Mary Ellen Meador. The after-dinner speaker was George Killam, County Attorney, who gave an informative talk on "Wills," including what qualified a will for probate and the necessity for making a will. The vocational talk was given by Dorothy Ratliff, who told of a trip by the students of the Humble-Smith School to 6 Flags. The children have earned the money to make this trip by doing a variety of jobs during this school term.

Annual 'Boss' Night banquet will be held at the Country Club on May 22, with Grant Teaff as guest speaker. The meeting adjourned after benediction by Verna Foree.

Buffet Salad

1 can (1 pound, 4 ounces) red kidney beans
2 cans (each 11 ounces) mandarin oranges
¾ cup bottled spicy - sweet French dressing

Drain beans and oranges; mix together and marinate overnight with dressing. Drain and serve on salad greens. Makes 6 to 8 servings.

By ABIGAIL VAN BUREN

DEAR ABBY: A very dear friend of mine has three children all in school. Her husband is begging her to go to Florida with him for a two-week vacation, but she's the type who "can't leave" her children.

Her husband works hard and he NEEDS a vacation, but she says she won't go without the children. He says WITH the children it's no vacation.

It's not like she'd be leaving them on a doorstep. She has good help in the house and her own mother has offered to move into the house to supervise, but no, this foolish mother won't go.

How can I convince her that it's her DUTY to go with her husband. She says if she goes, she'll worry. I am only thinking of her poor husband.

A DEAR FRIEND

DEAR DEAR FIREND: I'm thinking of her "poor husband," too. And I can't imagine anything worse than being with a martyred wife who vacations with her husband out of "duty." She'll have a rotten time because she's all set to worry. And he'll have a rotten time, too. She'll see to that. Stay out of it.

* * *

DEAR ABBY: I am planning my Sweet Sixteen party and have run into a problem. My best girl friend is going with a boy who, quite frankly, I can't stand. I want her, but not him. Should I invite them both, or just my girl friend?

PLANNING MY PARTY

DEAR PLANNING: You'll not have a "successful" party unless all the guests have a good time. If you don't invite your best friend's boyfriend, SHE won't have any fun. Invite him. At age 16, it's time you learned to "stand" people you "can't stand" occasionally to please good friends.

* * *

DEAR ABBY: My husband's sister's daughter is getting married in June and they're having a big wedding for her.

I don't know if I'm wrong or right, but I'm not going. I didn't tell her that, I'm going to wait until the time comes. Here's the reason:

Two years ago my daughter eloped. I was very unhappy about it, but all is forgiven now. I tried to help them get started so I bought them a refrigerator, sheets, pans, etc. My mother and friends gave her little things for housekeeping, too.

My husband's mother and sisters said they were going to buy her something and kept asking me what she "needed." I said she needed most everything and I told them what she already had as a guide.

Well, none of them gave her so much as a dish towel.

Now, here's the way I look at it, what's good for my daughter is good for their daughter. In other words, an eye for an eye. Am I wrong?

TURN ABOUT

DEAR TURN ABOUT: I think you are. The only thing wrong with the "eye for an eye" game is that it results in total blindness. Don't punish your sister-in-law's daughter for her mother's thoughtlessmess.

* * *

DEAR ABBY: A woman recently asked your if she should "give" her husband a divorce, and you said no.

In the first place, anybody who has been thru a divorce knows that it's not a "gift." It's pretty expensive. And in the second place, it's the judge who "gives" the divorce. In most states anyone who wants a divorce can get one.

When a man tells me that his wife won't "give" him a divorce, I laugh, because I know he really doesn't want one. I think any time a man ASKS his wife for a divorce, he wants her to say "no." If he really wanted one, he'd get one in spite of everything.

Very truly yours,
HUNTINGTON PARK, CAL.

* * *

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Cal. 90069, and enclose a stamped, self-addressed envelope.

For Abby's new booklet, "What Teen - Agers Want to Know," send $1 to Abby, Box 69700, Los Angeles, Cal. 90069.

Planning Ahead For Wedding Party

RALEIGH, N.C. (AP) — State Sen. Jack White of Shelby asked at a committee hearing whether champagne was included in a bill to remove North Carolina's one-gallon limit on the fortified wine a person can buy in one trip to a store.

When he was told no, he proposed an amendment to include unfortified wine, and to raise the purchase limit to three gallons. The amendment was approved and the bill was given a favorable report.

White said, "My little secretary is getting married and we plan to have some parties for her. I don't want to have to get a bunch of friends to go to the store for a gallon."

NAZI PRISONER TURNS 75

Silent Hess Awaits Coffin

By HUBERT J. ERB
Associated Press Writer

BERLIN (AP) — Inside Spandau Prison there is a coffin and a Luftwaffe captain's flying suit, complete with swastika, helmet and boots. Both belong to Rudolf Hess, the World War II allies' $200,000-a-year prisoner and one of the loneliest men on earth.

Hitler's deputy fuehrer won't talk about the day he wore the flying suit or his mysterious political past. His chance of being freed is slim. All that seems to be left is the waiting coffin.

The former No. 2 Nazi is 75 this week. It is his 23rd year in prison, his third in virtual solitary confinement. But the man who has never renounced Adolf Hitler shows no sign of breaking.

Hess' shoulders are stooped, but his 6-foot, 160-pound frame moves briskly with a soldier's gait on his daily walks in the prison yard. His once-black hair has receded. His bushy eyebrows are flecked with gray, covering deep-set, piercing blue eyes.

Hess' voice is still firm, and he is said to be fully conscious of the significance of his position as a lone prisoner held captive by the United States, Britain, France and the Soviet Union in a prison built for 660 men. He costs the Big Four $200,000 a year.

Weather permitting, Hess walks in the garden of the 19th century prison mornings and afternoons. He has worn a rut in the open space, which measures 40 yards wide and 125 yards long.

It is possible to tell when Hess will make his walks by the birds, his only companions. Twice a day crows, pigeons and songbirds of many hues wait for the old man to arrive bearing a paper bag of crumbs.

He has only his guards to talk to, many of whom have been in Spandau as long as him. Hess talks mainly about three things: his health, prison conditions and the weather. He has been known to curse "this rotten German climate" and talk of the sun and warmth of Alexandria, Egypt, where he was born on April 26, 1894.

The soldiers who guard Hess dislike the duty because it is lonely, boring and, in winter, bitterly cold. The guarding nations at Spandau alternate each month. In April it is always the Americans' turn, and Hess usually receives a cake on his birthday. During the American month he also is said to get pretty much what he wants in the way of books, cigarettes and brandy.

Informed sources said the U.S. commandant in Berlin, Maj. Gen. Robert G. Ferg son, has suggested that Hess be given a television set, but other sources said it is unlikely the Russians will agree to this. They have rejected past requests that he be given a radio or a dog.

An authoritative source said the Western allies have tried "at least 10 times" to get Hess released on humanitarian grounds, but the Russians adamantly refused each time.

In May 1941, Hess parachuted into Scotland. He never fully explained that mission, but apparently he had the notion he could end the war by convincing the British they could never win.

At the Nuernberg war crimes trial, Hess was sentenced to life imprisonment for plotting against the peace and for inciting and carrying out aggressive war. Ten other top Nazis were hanged on similar charges. Hermann Goering escaped the gallows by suicide, and six defendants received varying prison terms.

All the others sent to Spandau have been released because of bad health or because they completed their sentences. Albert Speer and Baldur von Schirach were the last to go, on Sept. 30, 1966.

LUCKY ANGLER — Dr. Carl Dillaha caught the biggest bass Saturday during the first day of the second annual Snyder Bass Club Fishing Tournament, held at Lake J. B. Thomas. It weighed 5 pounds, 5 ounces. He also had a couple of other nice ones to go with it. The doctor said he caught the big one with a "waterdog" lure.

Montreal Wins With Donn Clendenon's Home Run, 4-2

By DICK COUCH
Associated Press Sports Writer

Donn Clendenon's first Exposure to springtime in Canada left him out in the cold. Then it was the Chicago Cubs' turn to suffer.

Clendenon, who snagged a winter trade between Montreal and Houston by abruptly quitting baseball, then was permitted to return to the National League expansion club, finally started swinging for the Expos over the weekend.

Saturday, the big first baseman went 0-for-5 at the plate as the Expos dropped a 6-5 extra inning verdict to the torrid Cubs in frigid (30 degrees) Montreal.

Sunday, the mercury at Jarry Park soared to 40-plus and Clendenon heated up, too—hitting a three-run homer that carried Montreal to a 4-2 victory in the nightcap of a doubleheader, ending Chicago's winning streak at seven games.

Rookie Mike Wegener, with late relief help from Dan McGinn, made Clendenon's first inning blast stand up after the Cubs took the opener 6-3 behind Ferguson Jenkins' five-hitter

In NL single games, the New York Mets handed St. Louis' struggling Cardinals their seventh loss in as many home games, 11-3; Los Angeles ran its winning string to five games by nipping Houston 2-1; San Francisco shaded San Diego 3-2; Cincinnati drubbed Atlanta 7-1 and Philadelphia took Pittsburgh 7-1.

In the American League, Chicago swept a doubleheader from Seattle, 3-2 in 10-innings and 13-3; Detroit divided a pair with New York, winning the first game 5-2 and bowing 2-0; Oakland split with Kansas City, taking the opener 5-1 and then losing 7-5; Washington trimmed Baltimore 5-2 after a 2-1 first game loss; Minnesota bombed California 12-1 and Boston beat Cleveland 9-4.

Clendenon, who was selected by Montreal in the expansion draft and then traded, with Jesus Alou, to the Astros for Rusty Staub, touched off a storm five weeks later by announcing his retirement. Commissioner Bowie Kuhn finally returned Clendenon to Montreal, upheld the Staub-for-Alou swap and ordered the Expos to deliver another player or players to Houston to replace Clendenon.

The Expos sent pitchers Skip Guinn and Jack Billingham to Houston, talked Clendenon back into uniform and then waited impatiently while he worked his way into playing shape.

After striking out twice in his Saturday debut, the 33-year-old slugger walked as a pinch hitter in the eighth inning of Sunday's opener. Then, after Staub walked and Mack Jones singled in the first inning of the nightcap, Clendenon tagged Joe Niekro for his first hit as an Expo—an opposite field homer over the right field fence.

Staked to a 3-0 lead, Wegener checked the Cubs on five hits or 7 2-3 innings, earning his first victory, and McGinn completed the six-hitter.

Al Spangler drove in three Chicago runs in the first game while Jenkins held the Expos hitless from the second inning until the eighth when Jose Laboy homered.

Kevin Collins' two-run homer keyed a five-run fifth inning burst that swept the Mets past the Cardinals, who have lost four games in a row and eight out of 12 over-all. Jerry Grote belted a three-run double in the ninth and Ron Swoboda delivered three more New York runs with a double and single.

Wes Parker's third homer of the year broke a 1-1 eighth inning deadlock at Los Angeles and gave Claude Osteen, 3-0, the pitching decision in a southpaw duel with the Astros' Denny Lemaster.

Pitcher Bob Bolin's two-run double in the sixth inning propelled the Giants to their sixth victory in seven early-season meetings with San Diego.

Jim Maloney fired a six-hitter and Lee May crashed a three-run homer, leading the Reds past Atlanta.

Rich Wise, who pitched the first seven innings, and reliever Barry Lersch held Pittsburgh to three hits while Rick Joseph drove in three runs to spark the Phillies' attack.

HE'S SAFE — Snyder's Ronnie Lewis dives head first to get back safely after cracking a single in the opening frame of the Tiger-Lobo baseball clash here Saturday. He tripled his next time up and scored the first of three Bengal runs as the SHS team tripped Levelland 3-0 for its fifth straight district victory.

SPORTS

Kermit 1st In Regional Track

ODESSA — Although Snyder's entries did about as well as could be expected, the District 3-AAA representatives as a whole didn't fare too well at the regional track meet here Saturday.

Harvy Browning of the Bengals took fifth in the mile run, and Jeff Stewart placed sixth in the high jump. Neither qualified for the state tournament May 2-3 at Austin.

Sweetwater qualified only one entry with miler Kenneth Monroe taking a blue ribbon with a 4:36.7 effort. It was a disappointing performance for the Mustangs as Kermit claimed the team trophy with 60 points. Twenty - eight of these were won in the field events. Dumas was runnerup with 59 points.

Scores of other AAA teams: Pecos 51, Dunbar 49, Estacado 46, Perryton 44, Monahans 44, Seminole 32, Tulia 31, Sweetwater 30½, Andrews 28, Levelland 8, Muleshoe 6, Brownfield 3, Colorado City 3, Snyder 3, Littlefield 1½, Hereford 0, Lake View 0, Slaton 0, and Fort Stockton and Lamesa 0.

Estacado and Dunbar both qualified in the 440 relay with 41.6 and 41.8 efforts respectively. The Matadors erased the old 41.8 standard set by Monahans in 1965 and matched by the Panthers last year. Dunbar took first in the mile relay with a 3:19.8 clocking.

Other qualifiers from District 3-AAA were Bobby Boggs of Levelland (2nd, 880, 1:57.6), Roy Davis of Dunbar (1st, 100 yard dash, 9.6), James Lester of Estacado (2nd, 100 yard dash, 9.7), and Jesse Lethridge of Estacado (1st, 220, 21.8).

Practice Makes Perfect Race

NORTH WILKESBORO, N.C. (AP) — Dodge driver Bobby Allison, winner of Sunday's $28,000 Gwyn Staley Memorial stock car race, is a firm believer in the old adage that "practice makes perfect."

"We had noticed during recent races that other drivers were gaining time on us during pit stops," Allison said after picking up a check for $5,125 for his second victory of the season.

"We decided to do something about it. One night last week, we practiced pit procedure for seven hours, and it paid off in this race," he said.

Allison, 31, of Hueytown, Ala., roared across the finish line eight seconds ahead of Mercury's LeRoy Yarbrough and 10 seconds in front of Ford's David Pearson after gaining the lead for good on the 299th lap of the 400 lap race.

Tops At Tallahassee

TALLAHASSEE, Fla. (AP) — Tour veteran Chuck Courtney, two strokes down going into the final round, put together a dazzling front nine Sunday to take the $35,000 Tallahassee Open Golf Tournament by one stroke.

Monterey In Grid Loop

DALLAS, Tex. (AP) — Monterrey, Mexico has replaced Mexico City as a member of the Texas Football League.

The transfer of the franchise was announced at a meeting of Texas Football League officials Sunday.

The team will be known as the Mexico Golden Aztecs and will play in a 52,000-seat stadium owned by the University of Nuevo Leon.

Mexico City was admitted to the league several months ago but decided it couldn't operate there, since it felt the government had set the price of admission too low for a profit.

In other business, Ray Herndon, Odessa television executive said progress had been made in working out a game of the week for the TFL. TFL Commissioner George Schepps said the league hopes to televise some games in the upcoming season.

The Texas League is a division of the continental League and will participate in a playoff to determine the championship of minor league professional football. These games likely will be televised.

Bengals Blank Lobos For 5th 3-AAA Win

Snyder's Tigers chalked up their fifth straight District 3-AAA baseball triumph in Towle Park Saturday afternoon with a 3-0 decision over Levelland's hard - struggling Lobos.

It was a pitcher's duel for the most part with Steve Holder and Merce Hernandez doing the honors for Snyder and Darrel Dennis and Dennis Mulloy sharing the spotlight for Levelland. Holder gave up one hit in the first three frames, and Merce, the winning pitcher, allowed no hits in the final four innings while fanning six. It was his 7th win of the campagn against two losses. The Lobos only put three runners on base, and only one of them reached second.

Darrell Dennis twirled 5 2-3 frames for the Lobos, yielding only three hits. He was charged with the loss. Mulloy gave up one hit — a triple.

Snyder took a 1-0 lead in the third. Ronnie Lewis tripled with a long drive to right center. He scored on a single by Wesley Bishop. The score remained at 1-0 until the bottom of the 6th when Richie Thompson cracked a triple to right field, scoring David McGinnis and Jim Patrick, both of whom had walked, ahead of him.

Darrell struck out seven before losing control in the 6th. A strong wind blew in from left field, aiding the pitchers, and holding down the number of extra base hits. McGinnis smashed one of Darrell's offerings to deep left center, but the wind got hold of it and prevented the ball from sailing over the barrier.

The other hit by the Bengals was a single in the 1st by Ronnie Lewis. Both teams turned in outstanding performances a-field. Woods, the Lobo third baseman, turned in several smooth defensive plays while, McGinnis and Jodi Williamson hauled in several long drives that could have been costly.

The Bengals do not return to action until next Saturday when they journey to Lubbock to take on the Estacado Matadors in a 2 p.m. affray.

John Phillips Is Singles Champion

ODESSA — Snyder's talented junior, John Phillips, won the boys singles crown at the regional tennis tournament here Saturday and will represent the region at the state tournament in Austin May 2-3.

John bested Bobby Lockwood of Perryton 6-2, 6-2 in the finals after trouncing Max Ramsey of Andrews 9-7, 6-1 in the first round.

Max Falls and Ronnie Maddux .—Snyder's boys' doubles team — bested Burgess and Richards of Dumas 6-0, 6-3 in the first round, then lost to Danny Smith and Ford Roberson of Andrews, 3-6, 6-1, 6-4 in the finals.

Andrews also won the girls singles title and the team trophy. Rudi Nelson took the singles crown with a 6-2, 6-1 victory over District 3-AAA's representative, Cindy Causseaux of Brownfield.

Defending state champions Barbara and Cindy Bramlett of Seminole defeated Cutsinger and Spears of Dumas in the finals, 6-2, 6-0.

Coach Ken McAllister of the SHS team said the region team will be strong contenders for state championships. The doubles match involving the Snyder boys could have gone either way. It was a close match all the way, Ken said.

Pacers Pop Floridians

BY THE ASSOCIATED PRESS

The Indiana Pacers were upstaged by the Shrine Circus in the opening game of the American Basketball Association's Eastern Division finals, but they were no joke to the Miami Floridians.

The Pacers breezed past the listless Floridians 126-110 Sunday in a high school gym after they were shut out of the Indianapolis Coliseum by the Shrine Circus.

Mel Daniels tossed in 23 points for the Pacers, then sat out 12 minutes of the second half before coming back to score nine more in the waning minutes. The Floridians, tired after completing their first round against Minnesota Saturday night, were down by as much as 35 points in the third quarter.

Don Sidle dropped in 28 points for Miami.

New Orleans moves to Oakland tonight to try to even up their best-of-7 series in the Western Division finals. The Oaks lead 1-0.

The Pacers and Floridians meet again Tuesday in the Anderson High School gym before traveling to Miami for games Wednesday and Friday.

Dale Sacks Up Azalea Lettuce

WILMINGTON, N.C. (AP) — Dale Douglass finished tied for 19th and won $2,100 in the Masters Golf Tournament last week, but he got $5,000 worth of helpful information from old pros Sam Snead and Tony Penna.

That was the amount he earned here Sunday for winning the $35,000 Azalea Open, his first victory in seven years on the tour.

Baylor Leads Lakers Past Atlanta 104-96

By JACK STEVENSON
Associated Press Sports Writer

LOS ANGELES (AP) — "We need Elgin Baylor against Boston," declared big Wilt Chamberlain and it appeared the Los Angeles Laker captain has snapped out of his slump at the opportune time.

Baylor scored 29 points in the 104-96 victory over Atlanta on Sunday afternoon. That sends the Lakers against the Celtics of Boston on Wednesday night in the first meeting of the best-of-7 final National Basketball Association playoff series.

In addition to dropping 14 of his 18 field goal attempts and adding one free throw, Baylor grabbed 11 rebounds and contributed 12 assists.

"There is no way you can stop the great ones forever," commented losing coach Richie Guerin of the performance. Baylor had averaged just 12.2 points in this season's playoff games against San Francisco and Atlanta.

"This could be the key for them to go all the way," Guerin added. "The Boston-Los Angeles series should be well balanced and will be tightly contested. I like LA's chances."

With the first two games slated in the Forum, home of the Lakers, Wednesday and Friday nights, Los Angeles has the home court advantage. Even more important, says Tom Hawkins, "We have Chamberlain this year."

Los Angeles lost to Boston, in the playoffs a year ago in six games, but the 7-foot-2 Wilt wasn't on that club.

"There are so many things he has done for us, I'd hate to think about going into this series without him," Hawkins said.

Atlanta trailed by 17 points with 5:31 left in the third quarter Sunday and then came on to actually move into an 87-86 lead at 7:30 of the final period. Two field goals by Baylor against a single free thrown by Zelmo Beaty put the Lakers back into the lead.

At that point, Chamberlain blocked three straight Hawk field goal attempts and thwarted the hopes of a successful comeback.

Beaty wound up with 30 points matching Baylor's twelve in the final stanza. Bill Bridges hit for 26 and Lou Hudson for 21 in the losing cause.

Jerry West, who tired in the last quarter, contributed 21 for the Lakers. Chamberlain had 16 as did little Johnny Egan.

Coach Bill van Breda Kolff of the Lakers commented "I told Elgin in the first part of the game that he was playing like a high school player. I told him to take his shots and make his move for the basket. If he misses the shot; he misses the shot."

A happy Baylor explained, "I felt I just had to keep taking my shots and eventually they'd start dropping. The thing I tried to do was get my shots off quicker. The team has been encouraging me all during the playoff series. I'm glad we're going to play the Celtics because it wouldn't seem like a championship if Boston wasn't involved."

LES ROHR

Memphis Pitcher Twirls No-Hitter

BY THE ASSOCIATED PRESS

Left-handed fire baller Les Rohr thinks he might be on the way back up now and the San Antonio Missions are likely to agree after Rohr hurled the first no-hitter of the Texas League season against the Missions Sunday.

"Maybe this will start me on the road back up," said Rohr, who started the 1968 season with the New York Mets and finished it with Raleigh-Durham in the Class A Carolina League.

Rohr no-hit the Missions en route to an 8-0 victory in the first game of a doubleheader. Memphis also won the nightcap 5-3 to move into first place in the Texas League's Eastern Division.

In other games Sunday, Amarillo defeated Albuquerque 7-6 to move into a tie with Dallas-Fort Worth in the Eastern Division; Dallas-Fort Worth whipped El Paso, 6-5 and Arkansas edged Shreveport 1-0.

Rohr's descent from the major leagues was brought on by an arm injury the lanky 210-pounder suffered in a 24-inning game against Houston in the Astrodome last season.

Where Parking Is Never A Problem

"Where shall be park?" That is one question families never need to ask when coming here to make arrangements or attend visitations or services. There is always ample space in our illuminated private parking area.

Politicians Disagree On Nixon's First 90 Days

By WILLIAM F. ARBOGAST
Associated Press Writer

WASHINGTON (AP) — President Nixon has not moved fast enough in his first 90 days in office to meet the crises that face the nation both at home and abroad, according to Democratic leaders in Congress.

"It is not too early to note the slowness of the pace of the Nixon administration," said House Majority Leader Carl Albert of Oklahoma. "The time for action is past due."

The Republican assessment, as could be expected, took an opposite tack. The GOP congressional leaders see the President as using his first three months to build solid foundation for his foreign and domestic policies to come.

House Minority Leader Gerald R. Ford, R-Mich., said that in Nixon's first 90 days the President "has concerned himself primarily with the tasks and responsibilities of the peacemaker. The search for peace —in Vietnam and in the Middle East—was clearly Mr. Nixon's first priority."

But, Ford added, the President also has "engaged in a thorough-going study of our domestic problems and an overhaul of Executive Branch machinery."

"In the broad sense," therefore," Ford asserted, "the President used his first 90 days in the White House to exercise the kind of global leadership, on which peace is built and to carefully map domestic proposals aimed at achievable objectives . . .

"In brief, President Nixon has restored balance to our foreign policy and has moved this nation toward balance in its domestic affairs after being tempest-tossed by violent, discordant, chaotic and confusing events in recent months and years, America ached for quiet and a period of calm. President Nixon's administration is providing that air of quietude."

Senate GOP Leader Everett M. Dirksen of Illinois said that "on the threshold of the 90th day . . . Congress and the country can now expect a rapid series of messages dealing with the various items in the program." He expects some 30 such messages, Dirksen said.

The Democrats generally viewed Nixon's approach as too cautious, particularly in detailing his legislative program.

House Speaker John W. McCormack, D-Mass., said in his assessment for The Associated Press, "The delay in President Nixon's messages to Congress is matter of concern.

"As a result Congress and its committees have taken the initiative on electoral college reform, aid to education, banking legislation, tax law revision, water pollution control and other matters," the Speaker said.

Senate Democratic Leader Mike Mansfield and Democratic Whip Sen. Edward M. Kennedy of Masachusetts, in a joint statement noted that while the first 90 days were over:

"So, too, is the calm which has charaterized them. If a signal of the end is needed it is to be found in the tragedy of the intelligence-reconnaissance plane plane off North Korea," they said.

"From now on crises at home and abroad are likely to crowd in upon the nation," Mansfield and Kennedy said.

"What also remains to be seen, is whether the President can gain control over the far flung activities of the military and civilian wings of the government," the two Democrats said.

Turkey plans to build a six-land, mile-long suspension bridge across the Bosporus by 1972. The span will link Ortakoy on the European side of the strait to Beylerbeyi in Asia. Both are suburbs on Istanbul.

Columnist Consults Mail Again

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

The chances are one out of 10 that you will be hospitalized sometime during this year.

A chief reason that agricultural experts fear the population explosion will create a world-wide food shortage is this: Only about three per cent of the earth's land surface is suitable for the production of crops.

The accent isn't on youth when it comes to highway safety—it's on age. A 31-state survey by the University of Denver's Law College found that car owners over 65 were involved in only 4.8 per cent of all accidents although those in this age bracket make up 7.4 per cent of the nation's drivers.

The accent is on youth, however, when it comes to auto thefts. In 1969 they are expected for the first time to pass the million mark, and most of them will be stolen by lads too young to vote.

Children often pay the penalty for alcoholism in their parents. An Austrian study found that 72 per cent of the offspring of alcoholic parents suffered detectable mental or physical damage.

What is the world's fastest winged creature? Ornithologists believe it is the duck hawk, which can achieve a speed of up to 180 miles an hour when diving on its prey.

Quotable notables: "It is not so important to be serious as it is to be serious about the important things. The monkey wears an expression of seriousness which would do credit to any college students, but the monkey is serious because he itches." —Robert Hutchins.

Delivering letters is one of the oldest government services. As long ago as 500 B.C., Darius the Great operated a postal system thoughout Persia. In America, the first postage stamps didn't go on sale until July 1, 1847.

Doctors are worrying about drugs that hurt instead of help. A survey by two physicians in Northern Ireland of 1,160 patients found that 10.2 suffered adverse reactions from drug therapy. However, only a few of the reactions were of a life-threatening nature.

Americans still cling to the old-fashioned theory that higher education is more important to men than to the gentler sex. Women make up only 40 per cent of the nation's 7½ million college students.

Knowledge nuggets: Quebec is the only walled city in North America. In an ear of corn there is a strand of silk for each kernel. Laying an egg is a pretty grim ordeal for New Zealand's kiwi bird. A four-pound kiwi can produce a one-pound egg. For an ostrich to match this feat in terms of body weight, it would have to lay a 75-pound egg.

It was Kin Hubbard who observed, "Some men are born great, some achieve greatness, and others just keep still."

Junior Editors Quiz on BUFFALOES

QUESTION: *To what animal family does the buffalo belong?*

* * *

ANSWER: In America, we think of buffaloes as the huge, powerful animals which once roamed our western plains in vast herds, giving the Indians all the meat and hides they could use. The white men nearly exterminated this noble animal, although small buffalo herds still remain. Such animals are not true buffaloes, but belong to the group called bison. Bison have humped shoulders and 14 pairs of ribs; the true buffaloes are lower in build, with 13 rib pairs. Among true buffaloes are the African type, upper left, and the water buffalo, which likes water and so is very useful in the flooded rice paddies of India and the warm southeastern countries. Unlike most other bison and buffalo, the water buffalo can be domesticated and used to haul heavy loads. Both bison and buffalo are forms of wild oxen. They belong in the family called by the scientific Latin name of Bovidae. Our familiar domestic cattle also belong to this family. Try your hand at drawing a bison by fitting it within the wedge shape shown above.

4-21

(Terry Laughridge of Rock Hill, S. C. wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

Hidden Sniper Finally Hit

By GARY GARRISON
Associated Press Writer

SAN BENITO, Tex. (AP) — It was a hot Sunday afternoon in South Texas and Henry Ybarra wanted some cold beer. He was on his second beer when a sniper's bullet crashed through the window of the tavern, striking Ybarra on the head.

It was the first of some 20 shots fired at random by a sniper who fired at any moving target and kept himself concealed from officers for almost two hours. The sniper was shot and killed not long after he gave his position away by throwing down some beer cans.

Firing from the top of a two-story stucco building, the sniper kept officers and witnesses pinned down and guessing as to where the bullets were coming from.

George Salinas Fernandez, 40, was shot in the shoulder and upper chest by Abram Tamayo, a city employe called in to assist San Benito police. Police Chief Pat Cortez identified Tamayo as a city foreman.

Ybarra suffered a minor head wound and Joe Velarde, identified as a nephew of the sniper, suffered a gunshot wound in the foot. Both were treated at Dolly Vinsant Hospital and released.

Chief Cortez said no motive has been established for the shooting. Assistant Cameron county dist. atty. Jim Gann said members of the Fernandez family were "too distraught" to be interviewed immediately.

Ybarra was seated at a front table next to a plate glass window at the time he was struck by a bullet from the sniper's .22 caliber rifle.

The bullet passed through a board a quarter-inch thick and the window before striking Ybarra.

"That board saved my life," said Ybarra as he pointed to the board and the shattered tavern window.

The scene of the shooting was in the predominantly Mexican-American west side of this Lower Rio Grande Valley City. The sniper was hidden on top of a two-story building just across the street from Banuelo's Bar.

"I was on my second beer when I heard something like a firecracker. I felt something burning on the side of my head and I saw a friend grab his stomach. He was just hit by some glass," Ybarra said.

"I saw the blood from my head and I knew I was hit," he added.

A second bullet smashed a section of door facing seconds after an unidentified man opened the door to see who was shooting.

"When the second bullet hit the door, we all hit the deck," Ybarra related.

Ybarra, who did not go to the hospital until after the shooting had stopped, said he and other tavern patrons watched and listened to the pitched gun battle between the sniper and police. "It sounded like World War II," he recalled.

Ybarra said officers were firing at the sniper from a vacant lot, the roof of a building and from behind automobiles. Two of the first police officers sent to the scene were pinned down by sniper fire and could not return to their police car to report the incident. Someone at the tavern called San Benito police and the Texas Highway Patrol, Ybarra said.

Chief Cortez, who said numerous witnesses were being interviewed, indicated it would be "another day or so" before a complete report of the sniper incident would be completed

Two Planes Land After Collision

EL PASO, Tex. (AP) — Four persons narrowly escaped death Sunday when an Air Force jet trainer and a twin-engine light plane collided in flight.

The accident occurred four miles east of El Paso.

Two occupants of the jet trainer were treated for minor cuts in William Beaumont General Hospital and released.

The successful landing of the two planes a few minutes after the collision—one with a smashed instrument panel and no roll control—brought gasps from veteran fliers at El Paso International Airport.

The incident occurred at 10:32 a.m. as the two planes flew on a direct collision course at 20,500 feet. The twin engine plane, a 1959 Piper Apache flown by Gary Garner of Salt Lake City, Utah, was westbound.

The jet-trainer, a Cessna T37 flown by Capt. William A. Norton and 2nd Lt. Gilbert Harder, both of Webb Air Force Base at Big Spring, Tex., was eastbound.

The second occupant of the Piper Apache was identified as Peter Christensen of Alpine, Utah, a camera operator for Skyline Aerial Survey Co. of Salt Lake City, who owned the plane.

Garner said he and Christensen were on an aerial mapping mission photographing a pipeline east of El Paso and were flying at about 120 miles per hour. Garner said he saw the approaching jet just before the collision and was able only to pull back on his control wheel before the impact.

Garner's fast reaction and the superb flying ability of both pilots were credited by the Federal Aviation Administration officials with saving four lives.

The T37 landed safely at El Paso International Airport but the Apache with its nose wheel jammed and a malfunctioning main landing gear swerved off the runway, receiving further damage.

The collision occurred with the planes lined up dead center on each other, but with Garner's split second reaction, putting the Apache slightly above the T37, the Apache's underbelly ripped into the jet's canopy, shattering the cover on the left side.

The Apache's nose struck the upper vertical fin of the T37, shearing about three feet of fin and rudder off level with the horizontal stabilizer and jamming the rest of the rudder in a neutral position into the jet's plastic tail cone.

Garner said he was flying from the right seat of the Apache while Christensen operated the canera from the left. The collision's impact sent several parts of the jet through the Apache like shrapnel, cutting its controls.

The two men kicked the instrument panel back in place and came on in.

LOWEST IN 11 YEARS

Crude Reserves Shrinking

By MAX B. SKELTON
AP Oil Writer

HOUSTON, Tex. (AP) — Domestic crude oil reserves have dropped to their lowest level in 11 years.

Only five states managed to increase their reserves last year and these gains were quickly offset by record domestic production and by declines in reserves in 19 other states.

The year-end estimate of proved crude reserves of 30.7 billion barrels represents a net decline of 669 million barrels for the year. The record production in excess of 3.1 billion dropped total reserves to their lowest level since the 30.5 billion barrel estimate at the end of 1958.

The new reserves report released by the American Petroleum Institute includes no estimate of potential production from the Prudhoe Bay area of Alaska's Arctic Slope, where two major discovery wells were completed in 1968.

Potential Prudhoe Bay reserves have been estimated at 5 to 10 billion barrels but sufficient development of the area had not been completed by the end of the year to permit any meaningful estimate to be included in the institute's 1968 report. A dozen or so companies are seeking to define the limits of the reservoir by drilling development and wildcat wells.

Ironically, Alaska jumped in 1968 from the No. 8 spot to the No. 9 position among the nation's leading crude oil reserves states. This brought at least a temporary end to a spectacular jump that had seen Alaska climb from No. 19 to No. 8 since the state's reserves first attained significant proportions in 1964.

With the exclusion of Prudhoe Bay, no new discoveries were made in Alaska last year and the state's production climbed to 66,148 barrels a day after having averaged only 28,921 in 1967. The combination caused crude reserves to decline by 7 million barrels.

Louisiana, Colorado, Wyoming, Montana and Ohio were the only states to record reserves increases but their combined gain of 344 million barrels was drarfed by a Texas decline of 684 million.

The large Texas decline dropped reserves in the top ranked state to 13.8 billion barrels. It marked the first time since 1950 for Texas to drop below the 14 billion mark.

Most of Louisiana's 152 million barrel increase came from offshore areas, boosting the second ranked state's estimate to 5.6 billion barrels.

Wyoming retained its No. 5 ranking with a net increase of 57 million barrels.

Colorado moved from No. 10 to No. 8 with an 80 million barrel increase while Montana joined the top 10 states for the first time. Montana moved from No. 12 to No. 10 with a 37 million barrel increase.

The only other changes in ranking saw Mississippi drop from No. 9 to No. 11 with a 31 million decline and saw Illinois slip from No. 11 to No. 12 with a 21 million barrel drop.

The rankings of crude oil reserves states:

Texas 13.8 billion barrels, Louisiana 5.6 billion, California 4.3 billion, Oklahoma 1.3 billion, Wyoming 1.1 billion, New Mexico 864 million, Kansas 600 million, Colorado 420 million, Alaska 373 million, Montana 345 million, Mississippi 325 million, Arkansas 159 million, Ohio 132 million, Kentucky 79 million, Alabama 72 million, West Virginia 53 million, Indiana 40 million, and New York 13 million.

Minor reserves in Arizona, Florida, Missouri, Nevada, South Dakota, Tennessee and Virginia were grouped in a miscellaneous category with a combined estimate of 20 million barrels.

Star's Pulsing Becomes Irregular

LOS ANGELES (AP) — Astronomers at the California Institute of Technology say they have observed a pulsing star that pulsed faster one week than the next.

The pulsars are noted for a regular flash rate, from once every few seconds up to 30 times per second.

Scientists speculate the pulse may come from rapid stellar rotation.

The irregular pulsar was observed between Feb. 24 and March 3 by astronomers Paul Reichley and G. S. Downs of the Jet Propulsion Laboratory. They said the ejection of mass from the pulsar may have caused a .0001 per cent speedup in its pulse rate.

Miss World Is Now A Doctor

LONDON (AP) — Reita Faria, Indian medical student who won the Miss World beauty contest in 1966, has qualified as a doctor at her second attempt.

"I'm over the moon. It's fabulous," she told friends Thursday night after learning she had passed her final examinations at King's College Hospital.

Miss Faria said she will start work as an intern at the hospital after a two-month vacation in India.

Drilling Report By Railroad Commission

AUSTIN, Tex. (AP) — Five wildcat gas wells, all in the Corpus Christi district, and five wildcat oil wells were drilled in Texas during the past week, the Texas Railroad Commission reported Saturday.

The wildcat oil wells include one each in the Corpus Christi, Abilene, Midland, Lubbock and San Antonio No. 2 districts, running the yearly total to 174, or 90 more than a year ago.

SOLVES PROBLEM — The easiest way to solve the winter clothes problem is with the Box Storage service at Joe Graham Cleaners, 2417 Avenue S. Clothing that won't be needed until next fall is placed in a large box, displayed here by Art Roberts, manager of the firm. Special Designed boxes are used for storage of wedding dresses.

Winter Clothing Is Safe In Vault At Joe Graham's

Now is the time to take those winter clothes to Joe Graham Cleaners, 2417 Avenue S, where they can be put in safe keeping during the long, hot summer months.

Art Roberts, manager of the firm, said he will provide a large box. The customer decides which winter clothes, blankets, etc. will not be needed until next fall. These are put in the large box. The Joe Graham delivery truck calls for the box. Or, if you prefer, you can bring it to the shop at 2417 Avenue S.

Then each item in the box is removed, professionally spotted, cleaned and pressed, and carefully packed in the box. The box is then stored in a temperature controlled vault until the customer is ready for them. Then the clothing is removed from the box, freshly pressed, and delivered to the customer, clean, fresh and ready to wear.

The clothes have been protected against moths and dirt, but just as important for many people is the fact that they've been "out of the way" for the summer.

The professional employes at Joe Graham Cleaners can take the big work out of spring house cleaning for you. A quick call to 573-3401 will relieve you of the worry and work in cleaning draperies, slipcovers and blankets. You can leave your clothes at Joe Graham Cleaners, secure in the knowledge that everything drycleaned there is treated with the exclusive "Custom Care" process. This means that every drapery is returned to the customer with its original look of newness and brillance of color restored.

Joe Graham Cleaners has been satisfying customers since 1915 and its employes still take pride in performing their work to the best of their ability.

Inmates Contribute To World Health

IOWA CITY, Iowa (AP) — Nine Iowa penitentiary inmates, without promise of preferential treatment, have made a major contribution to world health, a University of Iowa physician said Sunday.

Dr. Robert E. Hodges said the prisoners contracted scurvy after volunteering to undergo a diet void of vitamin C.

They returned to health when the vitamin C was returned, Hodges said, after making possible findings which will be reported to the World Health Organization.

Physical Fitness Plan

FORT COLLINS, Colo. (AP) — Dr. Charles J. Eagon, a physiology expert at Colorado State University, says that by running at least two miles a day, five or six days a week for two years, "a person over 40 may reach a fitness level comparable to that of the athlete of similar age who has been training all his life."

Drama About Boxer Wins Top Award

By LOUISE COOK
Associated Press Writer

NEW YORK (AP) — "The Great White Hope," a drama about the first Negro heavyweight boxing champion, drew top honors for its author, producer and star Sunday night at the presentation of the 23rd annual Tony Awards for the Broadway theater.

A comedy about the American Revolution and the framing of the Declaration of Independence, "1776," was named best musical of the 1968-69 season, and its director was cited as best director of a musical.

"The Great White Hope," which chronicles the pre-World War I career and private life of fighter Jack Johnson, was named the best dramatic play of the season and its star, James Earl Jones, was named the best actor in a drama. Jane Alexander, who plays Jones' white mistress, was honored as the best supporting actress in a drama.

Other recipients of top awards were:

—Julie Harris, best actress in a drama, for "Forty Carats."

—Angela Lansbury, best actress in a musical, for "Dear World."

—Jerry Orbach, best actor in a musical, for "Promises, Promises."

After receiving his award, Jones, 37, said the timing of the play had a lot to do with its success. "Peope are curious about the back man in our society," he said.

The best musical award for "1776" was shared by Sherman Edwards, who wrote the lyrics and music; Peter Stone, author; and Stuart Ostrow, producer.

The comedy also brought an award to Ronald Holgate, best supporting actor in a musical.

The best supporting actress in a musical was Marian Mercer of "Promises, Promises."

Other awards went to: Al Pacino of "Does a Tiger Wear a Necktie" as best supporting actor in a drama, Peter Dews of "Hadrian VII" as best director of a drama, Boris Anderson of "Zorba" for best scenic design, Louden Sainthill of "Canterbury Tales" for best costumes and Joe Layton of "George M!" as best choreographer.

The award ceremonies were televised live, over NBC, from the Mark Hellinger Theater.

The Tony Awards were founded in 1947 in memory of Antoinette Perry, the actress and director, who died in 1946.

133 Arrested Following Youth Clash

BALTIMORE, Md. (AP) — Racist clashes following a Maryland Youth for Decency Rally in Memorial Stadium, home of the Baltimore Orioles, resulted in the arrest of 133 persons and injury to 88, including seven policemen.

"How do you find decency after this?" asked Lynn Dorsey, a high school senior on the rally planning committee, after the outburst of violence Sunday.

The rally, attended by 40,000 teen-agers, was modeled after an orderly and successful event last month in Miami's Orange Bowl protesting lewdness and obscenity in America. Its themes were "brotherhood, respect, responsibility and love."

Wade H. Poole, deputy police commissioner, said some of those at the Baltimore rally apparently became bored during the entertainment and speeches.

As the departing crowd streamed down exit ramps, fighting broke out.

Witnesses, including a Negro police officer, said Negro youths clustered around the exits began taunting, shoving and hitting whites as they passed through the gates.

More than 500 police descended on the area in an attempt to restore order, but the violence spread to downtown Baltimore, where a number of windows were smashed.

About half of those arrested downtown were adults, most of them on charges of disorderly conduct or assault.

The injured included a youth who was stabbed in the chest and a policeman with a broken kneecap. Another police officer was taken to hospital after suffering an apparent heart attack.

Charles E. Moyln Jr., state's attorney for Baltimore, said it was difficult to place the blame for the outbreak. He expressed doubt, however, that it was advisable to bring so many teenagers together in a rally without stricter supervision.

THEY CARE — Les Francis Chevrolet is the company who cares. The friendly sales staff includes, from left to right, Marshall Gleghorn, Darvin Baze, Howard Crenshaw and Mal Donelson, sales manager. They will be glad to show you any of the popular models of new Chevrolets, ranging from the economy Novas to the luxury Caprices.

They Really Care For You At Les Francis Chevrolet

Les Francis Chevrolet, 711 Twenty - fifth Street, is the Company who cares.

Interviewed in his office, Les Francis, owner of the firm, said, "We really do care. We want people to trade with us, and we'll do our best to trade with them.

"We're genuinely interested in giving our patrons the kind of trade they want and the kind of service they want. A satisfied customer is the best advertizing that we can have."

Francis pointed out that his company can give the customer just about anything he wants in the way of a car or truck.

"We've got several different models from the economy Nova to the luxury Caprice," he said, "and you can get them in just about any combination you want. You can get any of the models loaded with all of the extras, or you can find one without most or all of the extras if that is what you want."

Moreover, the Company that cares has a "locater service" whereby it is able to find the precise type of car that a customer wants.

"If we don't have it, then we can probably find what you want at Fort Worth or Dallas or some other place," he added. "If necessary," Francis said, "we can order a car direct from the factory and usually get delivery within four to six weeks."

The young business executive explained that he is a firm believer in trading at home, pointing out that money spent here usually remains in circulation here, helping the local economy.

In connection with this, Francis and all of his employes genuinely appreciate the opportunity to trade with local and area residents. On the other hand, the Company who cares also believes in the American system of free enterprise, believing that their product still is the No. 1 car on the market from a competitive standpoint.

"We appreciate it when people come to us first," Francis explained, "and we certainly do not mind them looking for a better trade. But we'd appreciate it if they would give us the last chance to trade with them. In this business the company that gets the last chance to trade with you often has the advantage."

"Maybe you want a certain body style with a different type of motor and a special color," Francis said. "We'll certainly do our best to provide you with exactly what you want," he added. "If we do not have exactly what you want in a car or truck - we can probably get it to you in a matter of hours."

Trading at home often encourages other people to trade at home. This stimulates local trade, allowing local businesses to expand and to provide local customers with a greater variety of products.

Visit Les Francis Chevrolet — the All American Company in an All-American City. You will find that everyone, including Les Francis, all of the repair shop personnel, office employes, body shop employes and members of the sales staff do care.

Mal Donelson is in charge of the sales staff. Salesmen include Howard Crenshaw, Darvin Baize, and Marshall Gleghorn.

Just dial 573-5456 and they'll be glad to try to trade with you.

Device Keeps Driver Alert

LOVELAND, Colo. (AP) — Jack Couper says a device he invented for automobiles is "an inconvenience designed to keep th driver alert, awake and alive."

Couper said the device, called Drive Alert and about the size of an auto radio, works this way.

When the auto reaches 45 miles an hour, a small blue light on the dashboard goes on. If the driver does not press a floor button within 10 seconds, a small speaker emits a loud clang. Within three seconds, if the driver does not react to the sound, the auto's horn goes on and the car's lights start flashing.

If the driver still hasn't switched the device off, the throttle linkage between the gas pedal and carburetor is disconnected and the car slows to a stop.

Swedes Prefer 'Sound Of Music'

NEW YORK (AP) — The Swedes, who have become associated with the most sexually explicit films in distribution in the United States, found the family musical "Sound of Music" the most popular in their own country.

According to the Swedish Film Institute, "Sound of Music," which stars Julie Andrews, was the top boxoffice attraction in Sweden during the fiscal years 1966-67 and 1967-68. It was followed by "Doctor Zhivago" and the James Bond movie, "You Only Live Twice." The Swedish film "I Am Curious, Yellow," which was seized by U.S. Customs on obscenity charges before a federal court freed it for showing here, placed fourth among the highest grossing movies.
