

Election Tuesday

50 Absentees Cast By Deadline

Absentee voting indicates there will be a large turnout in Tuesday's election in Precinct 2 on the question of legalizing sales of alcoholic beverages in that part of the county.

When absentee voting ended at 5 p.m. Thursday, 50 per-

sons had cast ballots in the election.

Tuesday, polls will open at 8 a.m. and close at 7 p.m. There are two voting boxes in the precinct, Box 2 at Westbrook School and Box 7 at Wolf Stadium Field House on Cherry Street.

Election judge for Box 2 is Doug Barber with Keith Williamson as alternate. Election judge in Box 7 is Billie Ruffin with Mrs. H. B. Graves as alternate.

The election was set for July 8 by county commissioners on June 11 after they were presented with a petition bearing the names of 90 persons, certified by County Clerk Marie Bassham as being qualified and eligible voters of Precinct 2.

A sample ballot can be found on page seven of this issue of the Record. The ballot instructs the voters to scratch or mark out one statement so that the one remaining indicates the way you wish to vote.

The propositions, as listed on the ballot, are:

FOR The Legal Sale Of All Alcoholic Beverages, Including Mixed Beverages.

AGAINST The Legal Sale Of All Alcoholic Beverages, Including Mixed Beverages.

This is the first election in the county's history that has been called in strictly one precinct in the county. Due to the redistricting of the county in 1969, there has been some confusion of exactly where Precinct 2 is. The two maps of Precinct 2 on this page are presented to help solve some of the confusion. One map shows the area Precinct 2 covers in the county while the other shows where Precinct 2 lines go in the City Limits of Colorado City.

Precinct 2 basically covers the northwest portion of the county including most of the west side of Lake Colorado City. In Colorado City, Precinct 2 is bounded by Seventh Street on the south, Oak Street on the east and goes up the middle of Oak and over to Rogers Road.

According to the Tax Assessor-Collector's office, there are more than 700 registered voters in the two voting boxes in County Precinct Two; more

than 240 in Box Seven and more than 460 in Box Two.

Mitchell County officially went "dry" following a county-wide election March 4, 1902, when the voters were 295 for prohibition and 263 against. However, for a short time in the 1930's, Mitchell County was "wet" due to a legal technicality following the repeal of nationwide prohibition.

The last date a special local option election was held was Dec. 10, 1960, when the voting was confined to the corporate limits of Colorado City. The vote in that election was 978 against the sale of alcoholic beverages and 714 for.

Overpass To Be Widened

Plans are now underway to widen the Interstate 20 overpass over the Texas and Pacific railroad in Loraine.

The primary reason for the widening of the overpass is the safety factor, said Bill Cooper of the Texas Highway Department office here.

"In the winter months, there are a lot of wrecks on the bridge because of the wind," he said. The wind blowing under the bridge causes it to ice up considerably, he added. He also pointed out that another reason for widening the span is the deterioration of the concrete in the old span.

Plans for the project are now in the Highway Department's Abilene office.

Cooper said it now appears that the project will get underway about the first of next year. It will take about 1 1/2 years to complete at an estimated cost of \$2,691,000, Cooper added.

He also said there won't be any detours in traffic until the new north side is finished. Then the west bound traffic will be moved to the new north side.

The east bound traffic will move to the lane that the west bound is now using. Construction crews will then tear off the south part of the bridge and begin to rebuild it.

The Highway Department will tie the two sections together by filling the center as the last part of the work.

Market Location

The Farmer's Market Tuesday will be held on the vacant lot on Oak Street between 1st and 2nd Streets. The hours will be the same, 10 a.m. to 6 p.m., according to Mrs. Ben Bell.

Five Seek Employment

Employment is now being sought for five residents of Colorado City's Sheltered Living Facility, an outreach of Abilene State School.

The five men range in age from 28 to 40 and have done shop work, maintenance, clean-up, janitorial and yard work. Their interest and abilities are varied, said Eddie Swinney, manager of the local sheltered living facility.

The object of the sheltered living facility is to give opportunities to former residents of the Abilene State School to make it on their own, said Swinney.

Anyone who wishes to employ any or all of these men should contact Swinney by phoning 728-5090.

Three Arrested

Three persons were arrested for possession of marijuana Thursday night.

Mingo Rosas, 29; Antonio Rivera, 18 and John Miller, 19, all of Colorado City, were arrested on the charge of possession of marijuana.

The amount confiscated was less than two ounces which makes it a misdemeanor.

Bail was set at \$1,000. The arresting officers were L. C. Devorice and Jere Lynch.

Medallions Now On Sale

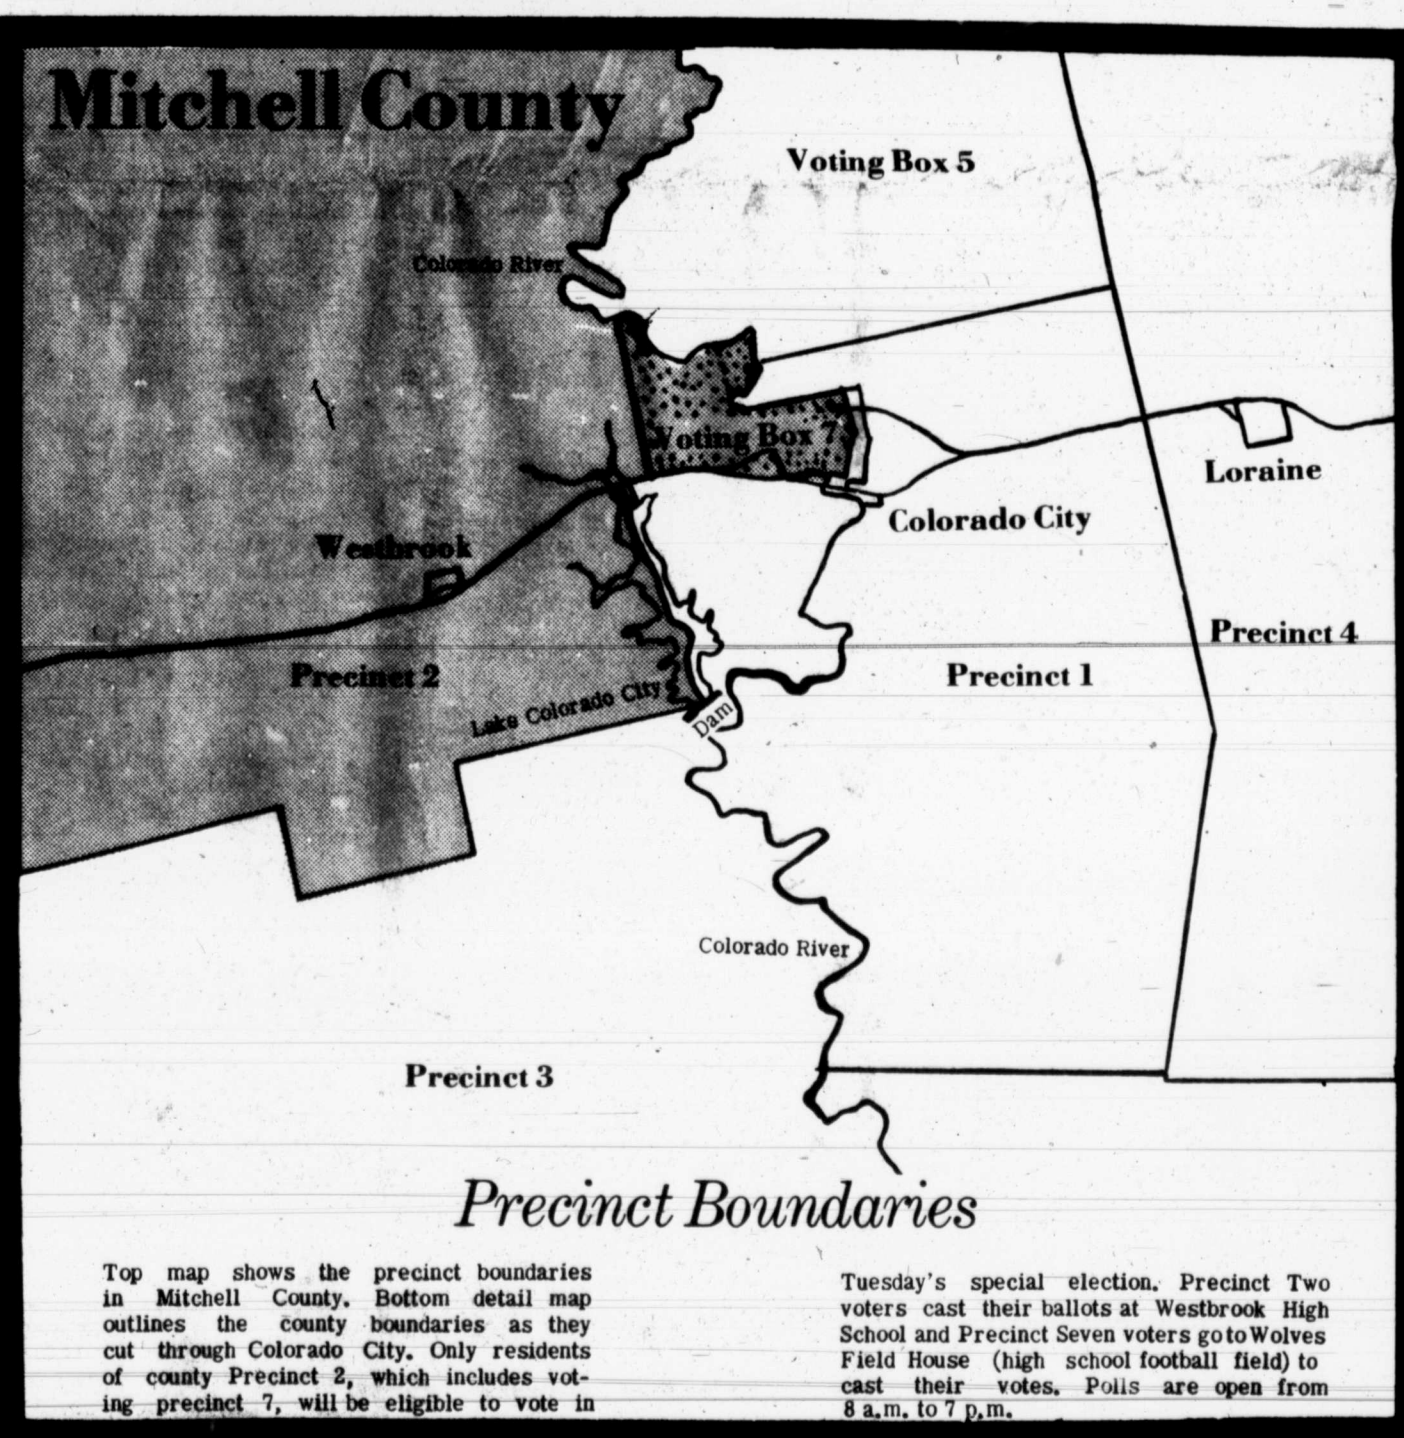

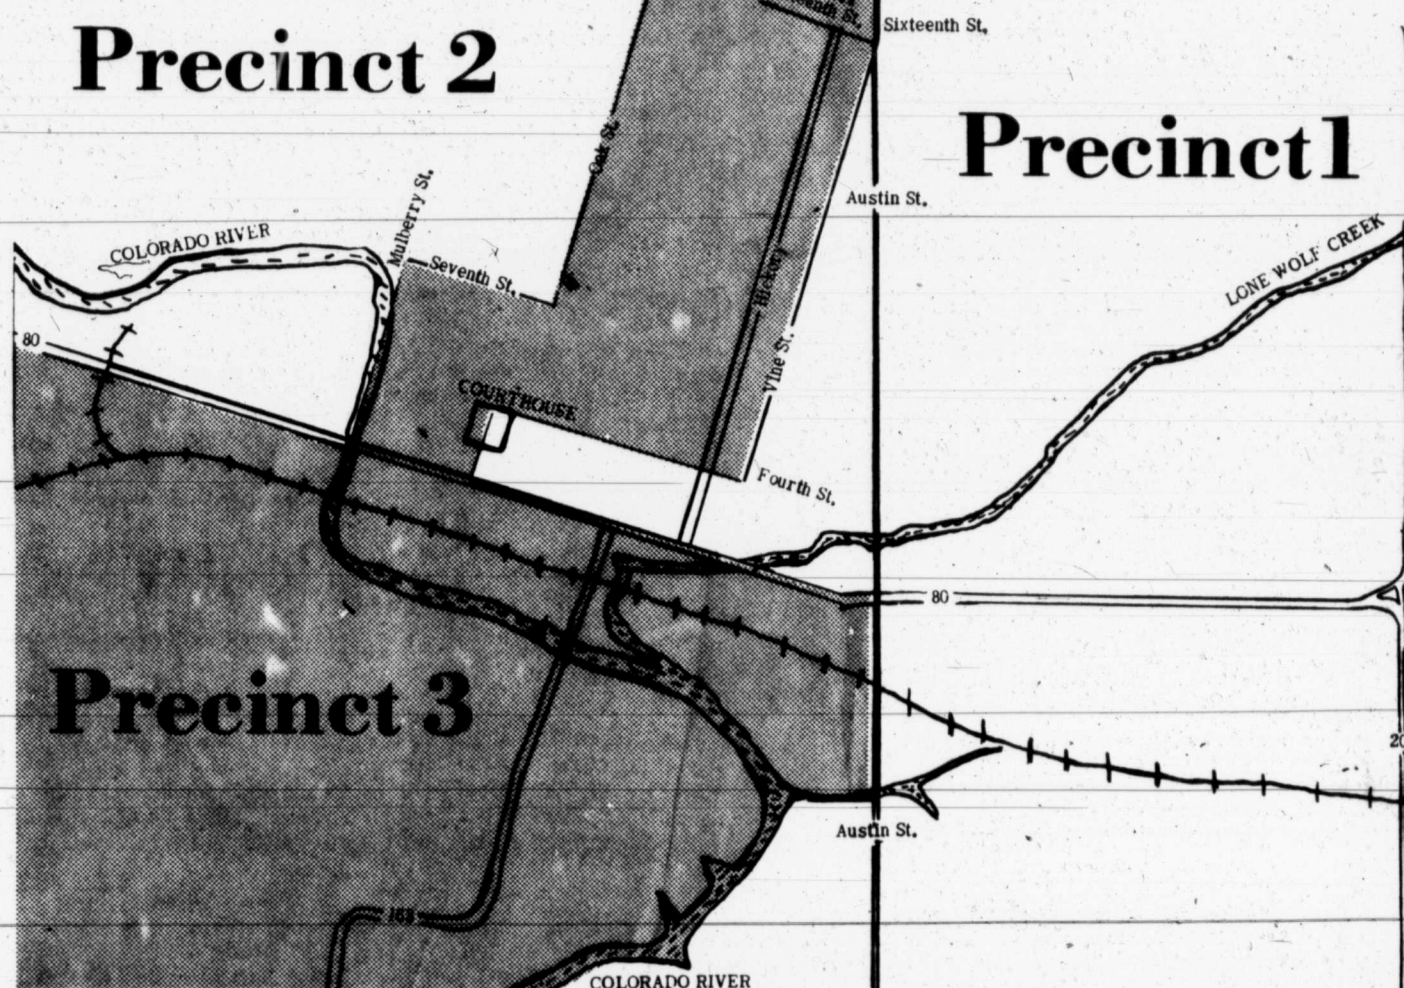

Colorado City's Chamber of Commerce is now selling Mitchell County Bicentennial medallions.

The medallions, costing \$3 each, are antique bronze finish with the county bicentennial emblem of Chief Lone Wolf on one side and the crossed flags of 1776-1976 on the reverse side. Only 2,000 of the medallions were cast.

The medallions may be purchased at the Chamber of Commerce office, Colorado City Savings & Loan, City National Bank, Texas Electric Service Co., or from any director of the Chamber.

Proceeds from the sale of the medallions will help pay for the Christmas lighting decorations for the city which were recently purchased by the Chamber.

Hospital "First Class"

First Physician's Assistant Now Here

Root Memorial Hospital is a first class hospital with a very efficient and highly competent medical staff giving the finest of care, said John McElligott, Colorado City's first Physician's Assistant (PA).

McElligott talked at great length about the PA program. His credentials before entering the program included work as a hospital corpsman, time in Vietnam, hours at the medical school at Duke University and he has since served as supervisor of Duke's Plastic Surgery Unit.

"The key word to the concept of a PA is team medicine," he said. "We (PA's) work with doctors and nurses to cure a patient. Really, it's a good reflection on the doctor to want a PA. It shows his (the doctor's) concern for the patients," McElligott explained.

"A PA is paid out of the doctor's own pocket. The patient never receives a bill from the PA," he noted.

The PA program is a relatively new approach to medicine and in its beginning there was some opposition, some of which came from nurses, McElligott said. Ironically, McElligott's wife, Charlotte, is training to be a nurse.

"I would say that nurses would rather work with a PA now than they know how much help they (PA's) can be," Mrs. McElligott said. "An example is if a patient falls and can't get up, a PA is always around where on the other hand, you might not know where the doctor is," she said in illustration. "I guess that's another thing that impresses me about this hospital -- it's nurses," McElligott injected. "Other ho-

spital nursing staffs can't hold a candle to the ones here. Here, LVN's (Licensed Vocational Nurses) are doing things that regular RN's (Registered Nurses) are doing in larger hospitals. They have a very smooth run staff here," he pointed out.

McElligott, in giving background on the PA program, said that when the program first started, there were only four people for the program. Now there are 1,300 in training and 10 applicants for each one of these training spots.

The average graduate is about 30, most are described as "late-bloomers." They come from all aspects of pre-medical schooling -- everything from physical therapy to former medical students.

Usually it's the top medical students that start in the pro-

gram, McElligott said. The average grade point average (GPA) is a 3.0 (a 'B'). The scale runs from a GPA of 2.5 to 4.0.

The PA program is supported by the American Medical Association, the National Board of Medical Examiners and PA's are required to take the Continuing Medical Education examination every year. Graduates of the PA program have no trouble finding a job as there are 10 doctors asking for each PA available, McElligott explained.

"I would say that in another year, we might get another PA here," he noted. "It will be a help...these first few days have been hectic."

Things are slowing down, he said, adding that now the main job is to find out where all the doors lead to.

First Purchase

Bob Chalker, left, Chamber of Commerce director, sold the first Mitchell County Bicentennial medallion to Bob Reilly Wednesday. The coins are \$3 each. Bicentennial emblem shield in the background was made by Porter Richardson. Two of the shields are located in the lobby of City National Bank.

Letter To The Editor

Dear Sir,
I was born and lived in Lorraine till I was twenty years old. My aunt, Mrs. J. D. Norman, sends me your paper so I can keep up with most of what goes on in your county. I see you are going to have an election to legalize the sale of alcoholic beverages and it worries me to think after all these years of being a dry county, you might go wet. I thought I would write this letter hoping something might be said that would cause someone to vote "No."

First of all, here in Fort Davis, we went wet about four years ago. Until that time, they had to drive twenty-one miles to buy alcohol legally. I am a building contractor, my employees that "drink," drank on weekends. Now when they get off work, they can purchase a carton of beer conveniently here in town. There are more working problems as a result.

I profess to be a Christian, and it hurts to think that if only the church members in our town had voted "No," we would still be "dry."

As I see it, the drinking problem is another portion of the breakdown of morals in our nation today. Some Christians believe that it is necessary to compromise to make our dollars. In reading the ads in your paper, the advantages are

all for making money. There will come a time, when money will no longer matter.

What will become of your young people, when dad and mom have to have a drink to face the day, or drink to hold their position in the world. I was taught not to play with rattlesnakes, for someday I might get bitten. One of those rattlesnakes was alcohol. I wish we had more parents today that would teach their children such as this.

I wish that those who plan to vote "Yes," could talk to some of us that have had loved ones in the alcoholic ward in Big Spring, also to have loved ones die being an alcoholic, and to see families do without in order to buy alcohol.

Just remember voter, that no alcoholic ever thought that he would become one. If you vote yes, maybe someday your little girl or boy will become one of the millions of alcoholics of tomorrow. Don't just vote "No," don't drink it, then you will have more influence over your child.

"Be Not Deceived God Is Not Mocked For What So Ever A Man Soweth That Shall He Also Reap." (Gal. 6:7).

Thank you so much for this means of speaking out.
Alvin A. Jarrett

mia, grand installing chaplain; Maggie Hamrick, grand installing organist; and Rosa Hamrick, grand installing seeretary.

The installing officers and other officers presented the worthy matron a gift of silver. The past matron and patron were presented to Betty Oyler and R. L. Mickle by Jean May and J. W. Hicklin.

Benediction was given by Lloyd Kincaid and refreshments of red punch and pink cake were served to seventy guests.

St. Ann's Holds Cursillo

The first Cursillo in Colorado City was held last week in the St. Ann's old church building.

The "Cursillo De Cristianidad" or "Little Courses of Christianity" began last Thursday evening and ended last Sunday afternoon with a large assembly of people.

People came from Colorado City, Odessa, Roscoe, Lorraine, Sterling City, Coahoma, Midland, San Angelo, Ojinaga, Mexico and Stanton to live three days in a Christian atmosphere.

The rector of the Cursillo was Horacio Yanes from the St. Thomas Parish of Big Spring and Father Felix Pincelli of Ojinaga, Mexico was the spiritual director.

This was the 141st Cursillo of the San Angelo diocese.

Twenty - One Attend Church Camp

Last week twenty-one children from Colorado City boarded the Northside Church of Christ Joy Bus for the Red Oak Springs Church Camp which is located three miles north of Nucom.

Making the trip were Renee Jones, Rod Reeves, Don Jones, Andy Swinney, Andrea Swinney, Alan Swinney, Anita Swinney and Shirley Swinney.

Also making the trip were Debbie Nowell, Terry Nowell, Timmy Nowell, Boddy Lindsey, Christina Gonzales, Anita Hull and Lynn Britton.

Sponsors making the trip were Eddie Swinney, minister of Northside Church of Christ, Sandra Nowell, Lynda Lindsey, Ly-

nda Perkins and Surry Gillum. Debbie Nowell came home with the "Best Camper Award."

There were young people from many parts of Texas and Louisiana at this camp session. There were different types of entertainment such as swimming, baseball, volleyball, box hockey, badminton, teatherball, table tennis, all of which were set up in tournaments, Bible classes, choirs, devotionals and campfires.

During the week, the group held counselor skit night and camper skit night. This consisted of counselors and campers performing their own skits, as they made them up, in front of the rest of the group.

Local Church News

Band Camp To Begin Sunday

Band students from Colorado City and Lorraine will be among more than 225 junior and senior high school band students from 37 cities throughout Texas who will begin arriving Sunday in San Angelo for Angelo State University's summer band camp.

The week-long program will feature a variety of individual and group instruction in all areas of band activities including band, theory, twirling, ensembles, stage band, drum majoring, directors band and private lessons.

Instructional sessions will also be available in each of the major instrument groups including flutes, clarinets, double reeds, saxophones, cornets, French horns, baritone, trombones, tubas and percussion.

In the twirling and drum major sessions students will be assisted by the Angelo State University drum majors and the University's twirlers.

One other instructional session, on equipment repair, will be conducted by Bill King of King Music Company in San Angelo.

Out-of-town students attending the camp will be housed in the University's high rise residence halls and they will have their meals served in the food service center.

The daily schedule of activities between 8 a.m. and 5 p.m. will be filled with band rehearsals, sectional rehearsals and individual instruction. In addition, a number of social and recreational activities are planned for throughout the week including a watermelon and pool party at the University swimming pool, a talent show and mixer and a dance.

Those attending the camp will be able to display their talents during four concerts that will be held during the camp. All of the concert programs are free and open to the public.

The first two concerts will be held Thursday evening, July 10 in the ballroom of the Houston Hart University Center. A stage band concert will be held at 7:30 p.m. and that program will be followed by the director's band concert at 8 p.m.

The final two concert programs will be held Saturday afternoon in the ballroom of the University Center. The symphonic band will perform at 3 p.m. and the camp's honor band will follow with a concert at 4 p.m.

This is when you need an insurance agent on your side

If Lady Luck threw a monkey wrench into your plans like this, could you count on your insurance man to go right to work for you? You could, if he's an independent insurance agent. An independent agent is on your side when you need him most. He can serve you first because he's free to pick and choose among several fine insurance companies. He owes allegiance to no one company. To be sure you have an insurance man who represents your interests first, make sure he displays this Big "I" seal.

As independent agents, we're ready to give you continuing, personal attention--The Big Difference in car, home, and business insurance. Let us prove what service beyond the call of duty can mean to you.

GOD BLESS AMERICA!

Eddie Swinney

Northside Church Of Christ

Colorado City

Let me share an article with you that a friend of mine wrote. Then make an observation or two.

"Blessed is the nation whose God is the Lord" (Ps. 33:12).

"When America ceases to be good, it will cease to be great," said Alexis de Tocqueville. In this statement we are reminded that the greatness of a nation does not rest in its military power, technological advancements, political acumen or its national wealth. A nation's greatness is found in the quotient of its goodness. Righteousness is the determining factor in a country's future. Solomon, the wisest of men, said: "Righteousness exalteth a nation; but sin is a reproach to any people" (Proverbs 14:34).

Theodore Roosevelt warned, "The things that will destroy America are prosperity-at-any-price, safety-

first instead of duty-first, the love of soft living, and the get-rich-quick theory of life." Is it possible that this day is drawing near? To a great extent our objectives have become: success, status and security. These are followed closely by: self-indulgence, pleasure and comfort. Our permissive society turns freedom into license; rights into riots; and pornography into profit.

Concerned about a higher standard of living, we often fail to live by a standard. Riches are elevated above righteousness; power over piety; and science above the Saviour. We abandon the moral law and then shake our heads in disbelief as crime increases. Look out, America! Remember the words of Will Durant: "No great nation has ever been overcome until it has destroyed itself."

If you really desire to be

a patriot; if you are truly concerned about America; if you earnestly want God to bless her - THEN LIVE A LIFE IN HARMONY WITH THE WILL OF GOD. Only then does one have a right to truthfully sing:

God bless America; land that I love;
Stand beside her, and guide her,
Through the night, with the light from above.

From the mountains, to the prairies,
To the oceans, white with foam;

God bless America, my home, sweet home,
Joe R. Barnett
Lubbock, Texas

Beloved let's be careful what we do, what we stand for and what we encourage. Not only is our personal security at stake but also the well being of our children and our nation.

Treva Russell Attends Lion's Summer Camp In Kerrville

Treva Lynn Russell, daughter of Dorothy Russell of 928 1st Street attended the Texas Lion's Club Camp in Kerrville this summer. The camp is mainly for children with some type of physical handicap. Treva, who is eight years old

and in the third grade, said that she learned to swim while there. She also helped to make ice cream. "I put in the eggs," made numerous things for her family in the Arts & Crafts sections and tried the game of golf. The thing she didn't like was the mosquitoes. "They quito bites."

Club and the Lion's Club will have the papers. These papers must be certified by a doctor and then the Club will send them to the camp in Kerrville where they will be approved. Transportation to and from the camp can be supplied by the local club.

Treva's family; mother, brother and three sisters, seemed to agree that she liked the camp. Her mother, Dorothy Russell, works at Root Valley Fair Lodge as a nurse's aid. She is presently going to school at Texas State Technical Institute in Sweetwater to earn a certificate to become a Medical assistant. She'll finish in August. Her son, Nolan, is going to school at Howard College. He's majoring in Physical Education and plans to become a Physical Therapist. Treva's three sisters; Jackie, 16; Susan, 14 and Regina, 12 are going to school here in Colorado City.

When asked if she could describe the camp in a single word or sentence, Treva shook her head no and went to play.

Treva was taken down to the camp by Judge Bill Carter and his wife. The Judge said of the camp after seeing it, "I'm glad to know that's where my money is going. It gives you a wonderful feeling to see all those kids so happy."

Treva's mother and sisters went to pick her up at the end of the two weeks. The last night of the camp is awards night. Each 10 years a film is made of the camp and those who attend it. This year was the 10th year since the last film had been made. Treva said that she was sad that night but ready to get home. Now she's ready to go back to camp.

The Noon's Lions Club sponsored Treva and Judge Carter, president, said that she would go back next year if she wanted to.

The camp is totally supported by the Lion's Clubs of Texas. Everything a child does there is paid for.

There is no cost to the parent and anyone who wants to go can.

The only stipulation is a Doctor's Certification. To attend the camp a person has to turn in their name to the Lion's

Treva Russell

Students To Attend Camp

Brenda Bratcher and Debbie Walding, two Colorado High band students, will be attending the Annual Summer Band Camp in Abilene Christian College beginning Monday.

During the two weeks of summer camp, they will be participating in "Reedmaking," "Rhythm study," "Theory," "Chorus," "Twirling," "Drum Majoring" and "Guitar" in addition to the study on their instruments.

Before You Vote Tuesday HERE ARE THE FACTS ABOUT LEGAL SALES

Q. Is this a religious or moral issue?

A. Not at all. The issue isn't even alcohol, since alcoholic beverages are readily available and being bought in neighboring counties. If you believe in local control, and in freedom of choice, you will vote FOR.

Q. What about law enforcement?

A. Legal Sales make it easier for law enforcement officers to control who buys and sells liquor and at what hours.

Q. We are told that legal mixed drinks cause increased crime rates. True?

A. Untrue. For the first nine months of legalized mixed drinks in Midland County (as reported Oct. 4 on KCRS Radio) the figures for January through September, '72, compare with the same (dry) period of '71 as follows: A 60% decrease in murders, a 45% drop in robberies, and a 26% reduction in burglaries. Thefts were off 51% and traffic violations reduced 18%. The only increases were in vandalism, sex and drug categories and juvenile arrests.

Q. Do you claim, then, that legal sales and mixed beverages would reduce crime?

A. Nope. We just want to point out that it's silly to think social drinking increases crime. Mixed beverages are legal in 9 of the 10 states with lowest crime rates.

Q. What about drunk driving?

A. The U.S. Department of Transportation pinpoints "the chronic alcoholic, not the social drinker" as the major traffic offender. And the "chronic" is the fellow who's going to end up inebriated under any system. By failing to adopt Legal Sales, an area only encourages putting the bottle in the automobile and on the highway.

Q. Will legal sales and mixed beverages help our economy?

A. The growing areas . . . Houston, Dallas, San Antonio, Fort Worth, Corpus Christi, Odessa, Midland, Lubbock and yes, even Waco all allow the legal sale of alcoholic beverages. Eighty percent proven, time and again, that where a person stops to buy beverages he also buys his other needs.

Q. And how about my taxes?

A. Legal Sales help ease both state and local tax burdens for everyone. The state in 1974 collected an all-time high of \$118 million in revenues from alcoholic beverage sales to help Texas and Texans. These revenues supported such worthy state programs as farm to market roads, old age pensions, aid to the disabled and needy blind, public schools and teachers' retirement.

And here at home? Thirty percent of the state's 10% gross receipts tax on mixed drinks will come back here. 15% goes to the city and 15% to the county. It adds up. For the first three months of this year 293 cities and 184 counties collected \$2.3 million in mixed drink tax rebates alone.. not counting city sales taxes.

Michael Moody

Wanda Moody

Two Hired For Positions In CISD

Two new teachers were hired Thursday by the Colorado Independent School District (CISD).

To teach English at Colorado High School is Wanda Lucille Moody. Mrs. Moody has her Bachelor of Arts (BA) and Master's of Art (MA) degree from Southwest Texas State University. Her majors were English and Biology.

Mrs. Moody was born in Uvalde and graduated from high school in Fabinal. In 1967 she obtained her B.A. and in 1970 she received her M.A.

For the last three years she has taught at San Antonio, before that she held positions at Seguin, Geronimo and Southwest Texas State.

She is married to Michael Ray Moody who was also hired by CISD.

Michael Ray Moody is a 1971 graduate of Southwest Texas State with his Bachelor of Science and in 1973 with a Master of Science in Education. His majors in College were Vocational Agriculture and Biology. He will be teaching general science at the Middle School level.

He was born in San Marcos and graduated from Navarro High School. He has taught for the last three years in the San Antonio school district. He has held no teaching positions prior to the one in San Antonio.

McElligott Family
