Irving School Opens Under Police Guard

IRVING, Tex. (AP)—Classes opened under police guard this morning in Irving's eight public schools with volunteers filling in for striking teachers and other employes.

The employes voted to strike last night after a mass meeting to support Supt. John L. Beard, fired by the school board for undisclosed reasons.

An estimated 25 per cent of the regular faculty was not present today. Acting Supt. Charles Langston said about half the office workers did not show up for work and 90 per cent of the custodian staff failed to report.

Parents filled in on all jobs. The system's 14 school buses operated only a little behind schedule.

"The situation is under control," Langston said.

About 114 of the 300 or so teachers and staff members voted not to return to work.

R. H. Copeland, 'principal-at-large and a leader of the strikers, said the striking employes "will continue to stay at home until this thing is cleared up and we have a harmonious situation."

Following a school board meeting last night, the 114 employes met in the John Halen Elementary School and took a strike vote. Principals of all seven of the white schools here were reported to be among those who voted not to return to work.

At the school board meeting a crowd variously estimated at between 1,000 and 2,000 citizens clashed in heated speeches that included name-calling and bitter denunciations of school board and faculty personalities.

Reporters at the meeting said some speeches bordered on hysteria.

At the end of the two-hour meeting, the board stood by its decision to fire Beard.

School Board President Charles E. Young said, "We're not going to present the facts before an emotional audience, but before a proper court of law and through proper legal channels." The meeting of employes followed.

Reporters said the presence of 10 police officers at the meeting prevented an outbreak of violence.

After the employes met, Jerry Clark, the junior high school principal said, "there will be no transportation, no school lunches, and no school."

Those persons at the meeting, Clark said, represented a majority of the approximately 300 persons employed by the Irving school board.

Irving is a community in west Dallas County of about 25,000 persons. About 5,700 students attend the seven schools affected.

HAPPY ENDING

Spot, center, stole the show when he was the first to locate Darlene Nocera, 10, of Forestville, Conn., after she had been reported lost in the woods. Lawton Wood, left, was riding Spot when the horse balked and refused to go on because it had seen Darlene near a tree. To Darlene, a horse fan "from way back," the rescue and the rescuer couldn't have been "dreamier." "I've always been crazy about horses," said Darlene, patting her hero, Spot.

School Amends City Request

A request before the city council to close two streets in the vicinity of the Central Primary School to permit enlarging the school playground and building was withdrawn by the Snyder Independent School District, it was announced in a special meeting of the city council at 5 o'clock yesterday afternoon.

Malven K. Stevenson, mayor, reported to the council that he had met with a quorum of the school board earlier yesterday, and that the board had decided to withdraw the street closing request.

The board had requested closing of Twenty-seventh Street east for more than one-half block from Avenue L, and Avenue L for one-half block north from Twenty-seventh Street.

At earlier meetings the city council had discussed the proposed closings, and had referred the question to the city planning and zoning commission. The commission had studied the request and proposed a joint public hearing to be held by the commission and council.

The mayor said that the school board, informally yesterday, indicated that it would make a request of the city to work out an arrangement to have the streets closed during school hours, and opened in non-school hours.

No vote was taken yesterday, but discussion developed the indication that the city council would give full consideration to the school-hour closing proposal.

"I think we can work out a school-hour closing of the streets without causing hardship on anyone concerned," Stevenson said.

Complete closing of the streets, and the possible removal of pavement and construction of buildings on the street sites, had posed several problems.

One of the major problems was that the streets form artificial drains for much of the residential area surrounding the school, and closing the street would necessitate the construction of other drains for the surface water from rains falling in the area.

City utility lines follow the streets, and closing the streets might necessitate the removal of the lines.

The council, in its discussion, indicated that it would investigate school-hour closing of the streets, but would not take any action until everyone concerned had been contacted. Several residents have property abutting the sections of the streets to be closed, but the streets adjoin the back side of most of the properties and would not restrict entrance to the properties in most cases.

Brazil Feels Heavy Quakes

RIO DE JANEIRO, Brazil (AP)—Three cities in the East Coast state of Espirito Santos reported unusually heavy earth tremors last night shortly before 9 p.m.

News dispatches said no casualties had been reported. The only damage immediately discovered was a cracked roof of a steel plant at Victoria, the state capital, 280 miles northeast of Rio De Janeiro.

Mercury Touches 80

Snyder had a summer-time maximum temperature of 80 degrees yesterday with some blowing dust. The overnight minimum was a warm 42 degrees, with 45 degrees recorded at 7:30 a.m. today.

Solons Oppose China Parley

WASHINGTON (AP) — Senators Knowland (R-Calif) and Mansfield (D-Mont) said today they oppose direct negotiations with Red China for the release of 15 imprisoned American fliers.

This was their reaction to Burmese Premier U Nu's disclosure in Rangoon that he had passed along to Secretary of State Dulles a Chinese Communist suggestion that the United States send an unofficial mission to Peiping to discuss the fliers' fate and other causes of U.S.-Red Chinese tension. The State Department yesterday gave the roundabout proposal a chilly reception.

"We don't want discussion," said the 15 men in compliance with Knowland. "We want release of the terms of the Korean armistice."

The fliers were captured by the Reds in the latter stages of the Korean War. Eleven of them have been sentenced on "spy" charges.

Mansfield, a colleague of Knowland's on the Senate Foreign Relations Committee, said in a separate interview he regards the indirect proposal as "just a propaganda move" by the Communists.

"There is nothing to discuss and nothing to be gained by any conference," Mansfield said. "The airmen are being held illegally in direct contravention to the Geneva convention on prisoners of war."

Egypt Claims Israel Kills 38, Wounds 31 In Sneak Attacks

Protest Cabled To U. N. Council

CAIRO (AP)—Egypt charged Israel today with unleashing the most violent attack along the Israeli-Egyptain border since the 1949 Palestine armistice.

The Cairo government accused Israeli forces of killing 38 Egyptians and wounding 31 others in a "sneak" attack last night on an army headquarters two miles inside Egypt's coastal Gaza Strip.

A spokesman said Egypt has cabled a protest to the U.N. Security Council.

Five hours after the first Egyptian announcement, an Israeli spokesman in Jerusalem countercharged that the Egyptians had crossed from Gaza into Israel to attack an Israeli unit. The Jewish spokesman said the battle had "continued into the Gaza Strip" and the Israelis "suffered a number of casualties" before repulsing the Egyptians.

From the Jordan sector of Jerusalem, however, an announcement from the U.N. truce organization supervising the Palestine armistice supported the Egyptian version. A spokesman said observers in the Gaza area had reported that an Israeli army unit had penetrated into the Egyptian territory and opened fire on Egyptian army troops. The U.N. spokesman said Egyptian casualties were put at 37 officers and soldiers killed and about 30 wounded but that Israeli casualties were not known.

In the first report of the action, Egypt's director of Palestine affairs, Lt. Col. Salah Gohar, said the Israeli forces surrounded the Egyptian unit and blasted it with mortars, demolition charges and automatic weapons, then ambushed a truckload of Egyptian reinforcements on their way to the attacked position.

"The Israelis even threw Molotov cocktails of blazing gasoline into the wrecked truck," the Egyptian spokesman reported. "Twenty-two were killed and 14 were wounded. None escaped being either killed or wounded."

Gohar said 16 Egyptians were killed and seven were wounded in the opening attack. These casualties were believed to include one civilian dead and one wounded, he added.

He charged also that the attackers destroyed a well supplying one-third of the water for the ancient town of Gaza, population about 40,000.

It was expected Egypt would act quickly to bring the incident before the U.N. Security Council.

In Tel Aviv last night, an Israeli army spokesman accused the Egyptians of operating a spy-saboteur net in southern Israel from the adjacent Gaza area. Citing this charge, Gohar declared:

"It is obvious the attack on the army camp near Gaza was a carefully planned aggression, and the Israelis laid a propaganda groundwork in advance by making such charges even while the attack was taking place."

The rectangular Gaza Strip, 12 to 16 miles wide, extends about 60 miles northeast along the Mediterranean from Egypt's Sinai Peninsula. It was awarded to the Arabs by the 1947 U.N. partition of Palestine and has been occupied by Egypt since 1948. It has been the scene of hundreds of border incidents in the past year.

Special Jury Urged To Probe Land Deals

AUSTIN (AP)—Dist. Atty. Les Procter recommended today that a special grand jury be called immediately to press investigations here of the veteran's land program scandals.

A DeWitt County grand jury last week said it believed there was "a giant conspiracy, originating in Travis County (Austin) to defraud Texas veterans."

Procter said he was confident one of the three district courts here would follow his recommendation promptly.

GOOD WILL AMBASSADOR

M-Sgt. Jack Lyons, 37, the U.S. airman whose imminent departure from England brought out an entire village's population in a bon voyage gesture, shows off his British-born wife and their seven-year-old twins at Cassington, England. The children are John, left, and Tyrella. The family pet is Puddles. Sgt. Lyons, from Quincy, Ill., won the hearts of Cassington's people by his charitable and civic projects while stationed at a nearby airbase for the past three years. He and his family are being transferred to a Louisiana air base shortly. Sad villagers gave him an album of pictures of Cassington as a token of their affection.

3rd A-Blast Witnessed In Five States

LAS VEGAS, Nev. (AP)—A reddish flash so bright it was seen in five states accompanied the predawn detonation today of the third atomic device in the 1955 test series.

Touched off in perfectly clear weather at 5:30 a.m., the spectacle was visible as far away as Pocatello, Idaho, 475 miles away. It was also visible in Phoenix, 440 miles southeast. Observers in San Francisco, Los Angeles, Salt Lake City, and St. George, Utah, also witnessed it.

The Atomic Energy Commission said the explosion was similar in power to the second shot of the series, last Feb. 22, which would make it one of the smaller explosions here. The Feb. 22 blast gave Las Vegas its best jolt in three years. Today's, however, barely rattled windows here.

At the control station on Yucca Flat, 75 miles northwest, observers said they felt the shock as a "strong thump." The device was detonated from a 300-foot tower.

A mushroom cloud rose quickly to above 27,000 feet and formed an ice cap, then moved off toward the east under the impetus of a 30-knot wind.

Approximately 40 aircraft flew support, technical and training missions, including eight F84 Thunderstreaks of the Tactical Air Command which practices fighter-bomber delivery techniques.

Residents of many communities in the states where the blast was visible arose to witness the flash. Some reported it as yellow or orange, others as pink. The majority described the predominant color as red.

Newsmen were permitted for the first time today to fly in one of the planes tracking the atomic cloud. The AEC granted the permission to underline emphasis being placed on safety of the Nevada tests.

Churchill Says U.S. Leads In Nuclear Field

LONDON (AP)—Prime Minister Churchill said today the United States has an overwhelming lead over Soviet Russia in the "knowledge and the power to make nuclear weapons."

Opening a debate in the House of Commons on Britain's defense plans, the Prime Minister declared:

"Only three countries possess, in varying degrees, the knowledge and the power to make nuclear weapons. Of these, the United States is overwhelmingly the chief."

Churchill said Britain has started making a hydrogen bomb.

The United States exploded its first hydrogen device in the Pacific in November, 1952. The Soviet Union declared last month that Russia leads the United States in hydrogen bomb production. U.S. Secretary of Defense Charles E. Wilson promptly challenged this. He said the United States was in the lead and that the Russians knew it.

Churchill said the United States and Britain must be able in the event of war to strike at a number of Communist bases in the first few hours and deal a paralyzing blow at the outset.

"There is no defense—no absolute defense—against the hydrogen bomb," he said.

"Nor is any method in sight by which any nation or any country could be completely guaranteed against devastating injury, which even a score of the mighty bombs could inflict in wide regions."

Spectators At Trial Searched

BIRMINGHAM, Ala. (AP)—Spectators were ordered searched for guns "or other deadly weapons" today as Albert Fuller's murder trial entered its third week in an atmosphere of tension.

Fuller, fighting to escape a possible death sentence for the murder of A. L. Patterson, gets his chance, meanwhile, to try to prove he had nothing to do with the killing.

Judge J. Russell McElroy said the shakedown order was issued "because of indications of increasing tension on the part of irresponsible persons who are believed to be spectators at the trial. Nothing appears that would tend to show anyone connected with the cases has caused or promoted the indicated irresponsibility."

Funeral Arrangements Pend For 3 Victims Of Explosion

Three Snyder men were fatally injured yesterday afternoon in an oilfield explosion near Christoval.

The three were C. R. Boyd, V. B. Floyd, and Raymond Earl Ridley, all employes of C. E. Knight & Co., hydraulic casing pullers.

Two other men, both of Oklahoma City, were injured. Hollis Boyles, 16, one of those injured, was listed as still in critical condition late this morning at Shannon Hospital in San Angelo. His father, C. W. Boyles, 37, was also hospitalized but was not in serious condition. The younger Boyles suffered a fractured right leg and arm, as well as lacerations and internal injuries. His father had a laceration on his right leg.

The bodies of Boyd and Ridley were brought to Bell Funeral Home here. Funeral arrangements were still pending at noon today. Ridley, 25, was married in January to the former Billye Layne, daughter of Mr. and Mrs. Henry Layne of Ira. He was the son of Mr. and Mrs. G. B. Ridley, 2410 Thirtieth Street. Floyd's body was taken to Electra, where arrangements were pending.

The explosion occurred 16 miles southeast of Christoval, in Schleicher County, at an abandoned oil test hole, Mayfair Minerals No. 1 Harkey.

Knight was in a car about 100 yards from the scene with H. J. Brady of McAllen, engineer for the Mayfield firm. Neither was injured.

The crew was said to have been preparing to place a solid nitroglycerin torpedo into the hole to aid in recovering pipe. The older Boyles was reported standing near a truck which was parked about 10 yards from the hole when the blast occurred. The three men who were killed and the younger Boyles were all near the hole. Another man at the scene, W. C. McDaniel of San Angelo, Mayfair lease man, was not injured.

Brady said the nitro would not go off alone, that it was of a type requiring detonation. One of the men working on the torpedo may have hit the percussion mechanism, he said.

The older Boyles said the crew was almost ready to drop the torpedo and that Ridley was crimping the side of the nitro container when an eyelet at the top of the can came off. After Ridley asked for a nail to punch a hole in the can for use in fastening a wire to the torpedo, the younger Boyles got a board with nails in it. Those nails would not work, the older Boyles said, so he went to the truck to get a nail. The nitro exploded as Boyles leaned over the truck bed, he said.

"I saw one man near the well dead and my son was injured," Boyles continued. Boyles and Knight then put the younger Boyles into Knight's car and went to Christoval and called an ambulance.

Parts of one of the bodies were strewn over an area 300 yards in diameter, while the other two bodies were near the site.

Brady said work had started on pipe pulling yesterday on the hole, which had been abandoned several months ago. "You could throw that nitro in a fire and it wouldn't go off," Brady said, opining the explosion could have only happened through human error.

Vehicle Tags Move Slowly

Half the period for re-registering vehicles with 1955 license plates expired yesterday with less than one-sixth of the county's vehicles bearing the new plates.

From Feb. 1, when the new plates went on issue, through yesterday 1,910 vehicles were registered for 1955. The county tax assessor-collector's office began the new period with an issue of plates for 12,830 vehicles, this figure being based on the number of vehicles registered during the previous year.

Actually there were nearly twice that many plates, many vehicles to bear two plates each while some bear only one.

Of the total registered through yesterday, 1,410 were passenger cars, 227 commercial trucks, one commercial truck tractor, 205 farm trucks, three farm truck tractors, 54 trailers (besides house trailers), three house trailers, and seven motorcycles and motor scooters.

"We hope most vehicle owners will not wait until the last week to register," Jim Ikard, assessor-collector, said, adding that early registration would be a convenience both to his office and to the motorists who will thus avoid waiting in line during the last few days.

The deadline for registering without penalty the vehicles which are in use is April 1.

Hawaiian Volcano Spouts New Fury

PAHOA, Hawaii (AP)—A spectacular volcanic eruption spouted with new fury today and civil defense officials declared a state of emergency. One small village was virtually abandoned.

An estimated 100 acres of sugar cane fields and timber were ablaze with molten lava. More than 400 persons fled their homes in the path of the fiery rivers moving relentlessly forward.

Civil defense headquarters reported tons of fluid rock spreading out in three directions. Fountains of boiling lava shot 50 to 100 feet in the air from four white hot craters rising higher by the hour.

The state of emergency will permit officials to order people out of their homes. Some have refused. Sightseers are stopped at Pahoa.

There have been no casualties and no home has fallen before the boiling streams.

Through the night, officials at Red Cross headquarters in Pahoa High School cast worried glances westward, where fumes were reported breaking out of a new rift of dormant craters five miles from here.

"If that erupts, Pahoa will be in danger," said Robert Spence, Red Cross disaster chairman.

Early today the main lava stream had traveled about 2½ miles, and was still about 4½ miles from the ocean.

Police said it was amazing no one was hurt among the estimated 20,000 sightseers whose cars choked five miles of access roads from the eruptions to Pahoa.

The eruptions started at 8:10 a.m. yesterday when a cane field five miles southeast of Pahoa in the Puna district blew up in a shower of molten lava. Since then three other fissures have opened, filling a blazing triangle bounded by the villages of Kapoho, Opihikao and Pahoa.

It was the first sign of life from Puulena crater in more than 50 years.

Sixty families were evacuated from Kapoho, two miles ahead of the largest lava flow. Police reported a few families refused to leave their homes until all hope was lost.

The main flow had picked up speed and shortly before midnight had moved 500 feet in two hours.

Main spectacle for thousands of sightseers was a second flow which crossed the Kapoho road yesterday afternoon while onlookers and civil defense workers milled around a few feet away.

It moved slowly, a few yards an hour, and thousands of spectators flocked to the edge of the road to watch the nightmarish fireworks.

A boiling white hot crater barrel 50 yards off the road shot lava 50 feet into the air, felling blazing trees and setting roadside underbrush ablaze.

Smoke, sulphur fumes and muffled roars filled the air. The ground shook underfoot but the crowds kept pouring in.

Pay Hike Gets Final Approval

WASHINGTON (AP) — Congress gave final approval today to a 50 per cent pay increase for its members, raising them to $22,500 a year.

House passage sent on to President Eisenhower the bill accepted by the Senate yesterday. With the President's signature, the lawmakers will begin drawing the higher pay as of March 1.

It is the second major piece of domestic legislation to clear Congress in this session. The first was a bill continuing GI educational benefits for men who entered the armed services prior to Jan. 31.

House leaders sought to pass the pay proposal on a voice vote, with relatively few members present. But Rep. Gross (R-Iowa) forced a roll call.

Senate approval yesterday was by a voice vote, but there was a Senate roll call when it passed its initial version of a pay raise bill.

The final bill is a compromise of differing measures passed by the Senate and House.

WEATHER

WEST TEXAS: Clear to partly cloudy, cooler this afternoon. Lowest 28-38 in Panhandle, South Plains and from upper Pecos Valley westward tonight. Mild Wednesday.

EAST TEXAS: Partly cloudy, a few showers near the coast this afternoon, cooler tonight, with lowest in 40s in north portion. Wednesday clear to partly cloudy and mild. Moderate to fresh southerly winds on the coast, becoming northwesterly late today.

SOUTH CENTRAL TEXAS: Partly cloudy, a few showers southeast portion Tuesday afternoon, cooler tonight. Wednesday clear to partly cloudy and mild. Moderate to fresh southerly winds on the coast, becoming variable tonight.

Senate Panel Approves Two Conflicting Education Bills

AUSTIN (AP)—A deep-rooted controversy over the makeup and powers of a proposed commission to coordinate Texas higher education has been sent unresolved to the Senate floor.

The Senate Education Committee listened three hours to arguments on two conflicting bills last night and then gave its approval to both of them.

As approved, a bill by Sen. A. M. Aikin Jr. of Paris, Tex., proposes a 21-member commission, one member each to be appointed by the state's nine state colleges and other members to be appointed by the governor.

Aikin agreed to accept an amendment later, however, to make the body elective by districts, after the pattern of the present elective State Board of Education. Sen. Doyle Willis of Fort Worth proposed the change.

Otherwise, the Aikin bill follows the recommendations set out by a committee created by the last Legislature to study needs for a coordinated program of higher education in Texas, similar to the state's program for public school education.

Proposed powers would include recommending appropriations for each of the state's colleges along with a proposed formula for the Legislature to follow in raising or lowering the recommended figures.

Aikin told the committee it would provide a means for treating all colleges alike under a formula they have already agreed to, and would remove the Legislature from criticism of playing favorites in appropriating to the colleges.

Sen. Ottis Lock of Lufkin charged the Aikin bill would do "irreparable injury" to higher education.

He claimed having commission members named by the colleges was "tantamount to having kinfolks on the jury." He called the proposed formula a "booby trap" for the Legislature.

"There is a need for a commission on higher education," he argued, "but it must be a fair and impartial agency representing the public at large. It can have no obligations or associations with institutions."

He said the proposed formula would permit the commission to use the "sky as the limit" for recommending appropriations and let criticism fall on the lawmakers for having to cut the proposed figures.

Lock said a bill of which he is the author, proposing a nine-member commission to be appointed by the governor and approved by the Senate, affords "the greatest safety" in the public interest. It would give the Senate some say, he said, over the commission to which it grants sweeping authorities.

Lock told the committee he doubted there could be a "meeting of the minds" on the two proposals and both should go to the Senate floor for a showdown there.

The committee complied by voice vote.

The House State Affairs Committee sent to subcommittee for the week's study a bill to make Tarleton State College at Stephenville a four-year senior college.

Residents of Stephenville, Mineral Wells, Coleman and Hamilton urged expansion of the two-year college to provide educational opportunity for students whom they said cannot afford to go to schools farther from home.

SENATE PANEL EXPECTED TO KNOCK OUT TAX CUT

By JOE HALL

WASHINGTON (AP)—The scales of the Senate Finance Committee appeared tipped today against a House-passed tax cut of $20 a person to take effect next Jan. 1.

"The show's over," said one committee Republican, asking anonymity, when he heard that Sen. George (D-Ga) had stated he would vote to knock out the cut.

In any event, the issue appeared likely to be carried to the Senate floor later in the week.

Republicans said their seven committee members were holding fast against the cut, although some expressed uncertainty about Sen. Malone (R-Nev). Malone declined to say how he would vote.

But with Chairman Byrd (D-Va) and George committed to vote to strike out the tax cut, the GOP side could win even with one defection.

Sen. Barkley (D-Ky) proposed a compromise to put into gradual effect the income tax reduction. It would provide a $10-a-person cut in 1956, $15 in 1957 and $20 starting in 1958. This attracted no immediate support from those opposing any cut at this time.

The House bill would make the $20-a-person reduction effective Jan. 1 next year. It would cost the Treasury about $2,200,000,000 a year.

It would also extend for a year the present corporation and excise rates scheduled to drop April 1. This provision, asked by President Eisenhower, would continue about three billion in annual revenue.

Secretary of the Treasury Humphrey vigorously attacked the $20 plan yesterday before the committee, arguing it could set off another round of inflation. He termed "strictly phony" a compromise advanced by some Democratic senators to make the effective date for the $20-a-person cut July 1, 1956, and to continue the corporation and excise rates until then.

Advocates of this plan had been hoping George, the dean of the committee and its former chairman, would go along with this. But he dashed their hopes, although he left the door ajar slightly with the comment he might offer some compromise if a deadlock over the bill develops between the House and Senate.

AREA OIL ROUNDUP

Borden Failure Will Be Deepened

Plans to deepen a Borden County wildcat failure and to drill a northwest Garza County stepout to a shallow discovery have been announced.

Seaboard and Pan American No. 22 T. J. Good is the Borden failure. It is seven miles north of Vealmoor and 706 feet from west and 560 feet from south lines of 36-4tn-T&P. The old total depth was 8,251 feet, with the new contract to deepen the project to 8,600 feet.

Shamrock Oil & Gas Corp. of Amarillo No. 1 T. L. Barnes will be the Garza project. It is 330 feet from north and west lines of section 1,240, D&W survey. That puts it one location southeast of the same operator's No. 1 Winterroud, a Permian discovery one and a half miles southwest of the Buenos field. The No. 1 Barnes is to go to 4,500 feet.

SCURRY COUNTY

C. B. Gray and Victor Salazar of Midland will drill their No. 1 M. E. Taylor as a northwest offset to a recent one-mile northwest extension to the North Coleman Ranch field in southwest Scurry County.

The new location is 330 feet from south and east lines of 104-97-H&TC. The project is slated for a 3,500-foot bottom.

Ada Oil No. 1 R. H. Odom in central Scurry County is drilling in shale below 5,505 feet.

COKE EXTENDER

Stanolind Oil & Gas Co. No. 41 J. E. Chappell has been completed as a Strawn well five-eighths of a mile northwest of production in the Jameson field of northwest Coke County.

Operator reported a 24-hour flowing potential of 126.66 barrels of 41.8-gravity oil, plus 3.79 per cent water, through perforations from 6,378-476 feet. Gas-oil ratio was 377-1. Pay was fractured with 20,000 gallons. Tubing pressure was 175 pounds and casing pressure 1,100 pounds.

Location is 348 feet from southeast and 2,012 feet from southwest lines of 26-15-SP, 15 miles northeast of Sterling City.

FIELD WELLS

Humble Oil & Refining Co. of Midland have staked location for the No. 20 M. A. Fuller and others in the Dorward field of southeast Garza County.

The drillsite is 2,310 feet from east and 1,980 feet from north lines of 113-5-H&GN, nine miles southeast of Justiceburg. The site is on a lease of 4,207 acres. Rotary contract is to 2,700 feet.

R. E. Smith of Houston No. 16 C. V. Thompson is to be drilled four miles southwest of Knapp in the Diamond M-Canyon field. Location is 1,637 feet from south and 1,580 feet from west lines of 102-25-H&TC, and on a 646.8-acre lease. Rotary contract is to 7,500 feet.

DRILLING REPORT

Tennesse Gas No. 1 Fambrough in Borden County is still pumping to test. It recovered 22.08 barrels of fluid in 24 hours, one per cent water and one per cent basic sediment.

In east Borden County, Magnolia No. 1 York is drilling in shale and sand below 6,919 feet.

Lion Oil No. 1 Mays in Kent County is drilling in shale below 5,060 feet.

Possum Brings Problem To Cherokee Trail

By JOE BENHAM

DALLAS (AP) —When the cook found a sick possum in the garbage can last spring, Mrs. Ted Mayborn brought the animal inside and cared for it.

And that was the start of the possum problems on Cherokee Trail.

The Mayborns—he's an oil publications executive—live in a big house on Cherokee Trail, a winding street in a wooded and high-priced Dallas neighborhood.

Mrs. Mayborn admits a fondness for animals (her pets include two squirrels, a talking crow, a dog and several cats), but possums were a new experience.

She kept the sick animal several days before she found out why it was ill. Then nine small possumes came, kangaroo-style, out of the pouch on mama possum's stomach.

Before they grew up, another sick possum arrived with seven offspring.

The mothers weren't the devoted kind, however—they ran off shortly and left Mrs. Mayborn with 16 small possums. Then one of the neighbors brought in another hurt possum and she had 17.

One by one, she was able to place the young ones with "children who would give them good homes" until she had only four left. Two were females she could not place, one was the hurt one and the other—his name's Slob—needed an operation.

Slob's getting better, she says, and the hurt possum is improving too, all of which makes for four good pets. "They're really very interesting," Mrs. Mayborn said. "When you pick them up, they wrap their tails around your arm or sometimes around your waist for a feeling of security.

"They've got long, sharp teeth, but they're really not vicious like a lot of people think. They just look vicious when they yawn."

Lane-Wells To Join Dresser Industries

LOS ANGELES (AP)—The Lane-Wells Co. a pioneer in the development of the perforation process in oil production, will become a part of the Dresser Industries, Inc., group.

Some 95 per cent of Lane-Wells stockholders represented at a meeting yesterday voted to turn over ownership of the firm to Dresser as of March 1.

Stockholders will receive Dresser shares on the basis of four shares for each five they own in Lane-Wells. The Dresser group produces a wide range of equipment used mainly in oil fields.

Tornado Hits In Ohio Town

YOUNGSTOWN, Ohio (AP)—A tornado hit the city's East Side early this morning, killing a 43-year-old housewife, injuring six other persons and sweeping five basementless homes off their slab foundations.

Three other homes were badly damaged and scores of sleeping residents escaped injury. Damage is expected to exceed $100,000.

The dead woman, Mrs. Mary Fallott, was found in the driveway of her wrecked home. Her husband, Andrew, was hospitalized with cuts on the shoulder. He said he heard a roar, covered himself and his wife with a blanket and the next moment was out in the pelting rain in the yard.

Among the injured was 2½-year-old Billy Conklin, whose father, Kenneth, 37, was blown out into the yard. Conklin clawed his way back into the wreckage and found his son still in his crib, covered but not crushed by heavy wreckage.

The twister hit one area, skipped a few blocks and then dipped down again near the city's eastern limits.

Meanwhile, another early morning tornado struck Troy, Ohio, causing an estimated $100,000 damage. The twister dipped into the downtown section cutting a path about a city block wide then bounced into a residential section.

No injuries were reported.

Fine Assessment Paid In County Court Here

John Mitchell Morgan, 35, Lubbock, paid a fine this morning of $61.40, including county court cost, after pleading guilty yesterday to a charge of swindling by worthless check.

Of the assessment, $25 was fine, $23.50 was regular court cost, and $12.90 was added to the court cost for mileage assessment in returning him here from Lubbock. The check was for $8.

Matusow Invokes Fifth Amendment

WASHINGTON (AP)—Harvey Matusow, self-styled former Communist, invoked his Fifth Amendment privilege today when asked if he had testified truthfully in a 1953 Texas probe of certain labor unions.

The 28-year-old turnabout witness protested against being pressed about the testimony he gave in Texas until he had a chance to study the transcript of what he had told the state investigators.

Refusing to answer questions put to him by the Senate Internal Security subcommittee, Matusow said he would invoke "the protection afforded me by the Fifth Amendment." This amendment gives a person the right to refuse to give testimony which might incriminate him.

In the past various persons whom Matusow has accused of being Reds have invoked their Fifth Amendment privilege when called before the Senate subcommittee and other congressional investigators.

After testifying volubly more than three days in the Internal Security subcommittee's probe into his repudiation of sworn testimony, Matusow suddenly refused to answer when he was asked about his appearance before the Texas Industrial Commission in December, 1953.

Sen. Daniel (D-Tex), who opened up this line of questioning, had said after Matusow's earlier testimony before the subcommittee that he believed the 28-year-old witness had committed perjury under the laws of Texas.

When Daniel said that he wanted to question Matusow about the testimony he gave the Texas investigators, Matusow said he would "like to familiarize myself" with the testimony he had given before answering any questions about it.

Unless he were given an opportunity to do so, he said, he would have to invoke his Fifth Amendment protection and refuse to answer all questions about it.

At the outset of today's hearing Daniel told the witness "I caution you to make your answers as responsive as possible" and said that "yesterday you made statements (about others) which you yourself conceded were based on hearsay and left the wrong impression."

He said he meant Matusow's denunciation of other self-styled former Communists who have testified for the government in investigations or trials of alleged Reds.

At a stormy session yesterday, Matusow attributed previous false testimony to Elizabeth Bentley, Paul Crouch, Louis Budenz and Matt Cvetic. Miss Bentley and Budenz had denied that earlier. Crouch and Cvetic were not reached for comment.

Matusow said he knows of instances in which all four lied. He said he could provide later "a string" of instances.

Meanwhile Chairman Eastland (D-Miss) said he is lining up witnesses through whom he hopes the subcommittee will develop the full story behind Matusow's turnabout testimony—"Matusow's motives, who's using him, and why."

Shepperd In Laredo Today

AUSTIN (AP)—Atty. Gen. John Ben Shepperd was in Laredo today conferring with Dist. Atty. James Kazen on veteran's land program investigations.

He conferred with Dist. Atty. Jim Weatherby of Kerrville yesterday regarding proposed grand jury investigations in Uvalde County March 7 and Zavala County March 21.

Sheppard said, "Our office is working day and night to assist Texas prosecutors to punish all the guilty involved in this disgusting fraud of the state and its veterans."

Tomorrow Sheppard plans to meet with Dist. Atty. Sam Jones and County Atty. Royce Johnson in Kingsville, and with the Kleberg County grand jury.

Thursday the attorney general will meet again with the DeWitt County grand jury in Cuero, and Friday he will be with the Bexar County grand jury at San Antonio.

Mrs. Cargile's Mother Dies In Henderson

Mrs. Fannie Isbell, mother of Mrs. H. W. Cargile, died early today at her home in Henderson.

Mrs. Isbell had been seriously ill for several months, and Mrs. Cargile had been at the bedside of her mother for some time.

Funeral service will be held at 10 a.m. Wednesday at the First Baptist Church in Henderson.

In addition to Mrs. Cargile, Mrs. Isbell is survived by a son, W. F. Isbell Jr., of Henderson.

Other members of the Cargile family left this morning to attend the funeral service.

Gore Doubts Ike Can Take South Again

WASHINGTON (AP) — Sen. Gore (D-Tenn) said today he doesn't believe President Eisenhower will have "an outside chance to carry a single Southern state in 1956."

Gore said he disagrees with Gov. Robert F. Kennon of Louisiana, who said yesterday in Richmond, Va., that if Adlai E. Stevenson is the Democratic candidate again he will run into party opposition as he did in 1952. Stevenson lost four Dixie states to Eisenhower: Texas, Florida, Virginia and Tennessee.

Kennon supported Eisenhower in 1952. Gore, who backed Stevenson, noted this in an interview and asked: "Who is he to tell the Democrats whom they should nominate?"

Kennon, suggesting alternates to Stevenson, said he wasn't predicting that any Democratic candidate could beat Eisenhower. The President has given no public word as to whether he will run in '56.

Kennon and Republican Gov. Walter J. Kohler of Wisconsin had a White House appointment with Eisenhower late today. James C. Hagerty, White House press secretary, said he understood the two wanted to discuss the administration's highway aid program. The Louisiana governor is chairman of the Governors' Conference.

Gore said he believes the traditional Democratic hold on the South has been solidified by Eisenhower administration policies.

"The people of the South don't like the President's policy of giving tax relief to the rich," he said. "They don't like his farm policy and they don't like his power policies.

"If Eisenhower is a candidate again in 1956, and I assume he will be, I don't think he has an outside chance to carry a single Southern state."

Kennon, a Democrat, said he would like to see the Democrats nominate someone like Sen. Byrd (D-Va) or Gov. Allan Shivers of Texas, among others. Shivers supported Eisenhower in 1952 and Byrd declined to back Stevenson.

Cites Ample Grounds For Divorce Decree

DENVER (AP) — Joseph J. Fried won a divorce yesterday after testifying that every time he put his arm around his wife, a man living with them would "sick" the family dog on him.

Fried said he and his wife took in the man 10 years ago and also have sheltered another man the last two years "because we felt sorry for them." He said his wife paints pictures and the two men sell them.

The Frieds had been married 31 years.

Nixon Is Hoping Ike Will Seek Reelection

SAN JUAN, Puerto Rico (AP) — Vice President Richard M. Nixon, nearing the end of a tour of a Caribbean area, told a news conference today, "I certainly hope President Eisenhower will run for re-election."

"I hope, as we approach the time when the decision will be made," he said, "that circumstances will be such that the President can run again."

The Nixon party left this morning for the Dominican Republic.

Man Released From Jail Here On Bond

James Edward Riley, 52, Snyder, was released from the county jail yesterday afternoon on bond of $1,500 set yesterday morning when he pleaded innocent to a county court charge of selling whisky.

Sureties on the bond were F. J. (Jones) Chapman and C. E. Helms.

New Hearing Set On Milo Freight Rates

AUSTIN (AP)—New hearings have been scheduled for March 10 on a railroad request to lower shipping rates for milo maize.

Last summer the Railroad Commission heard testimony in the case, but took no action. A commission decision is expected to follow the March hearings, a commission spokesman said yesterday.

The railroads say Texas rates on milo maize are too high—from 3½ cents to 7 cents per hundred pounds higher than such rates in other states. The railroads want to lower the cost of shipping the grain.

If allowed, the proposed rate reduction would make the railroad rates slightly lower than trucking rates for the same product, a commission spokesman said.

Helps You Overcome

FRIDAY

El Feliz club meets at 3 p.m. with Mrs. J. M. Newton, 2711 Avenue V.

Ladies Day, 9:30 a.m., Country Club; Mrs. Ross Carroll, hostess.

East Elementary Girl Scout Neighborhood meeting, 9:30 a.m.; Mrs. Oliver W. Smith hostess at 113 Twenty-fifth Street.

Book Review Club, 3 p.m., First Methodist Church fellowship hall; Mrs. Bard Paul, guest speaker.

WMS, First Baptist Church, 9:30 a.m., church auditorium.

SATURDAY

Bake sale sponsored by the mothers of St. John's Episcopal Church School, 9 a.m., at Everybody's.

Snyder Civic Music Association concert with Carl Palangi soloist, 8 p.m., high school auditorium.

Add a dash of ground cumin seed to your chili con carne if you want to give this hearty dish a professional touch.

Frozen, canned, ready-squeezed and fresh orange juice are all an excellent source of Vitamin C. What kind you buy, should depend on your family's taste and your food budget.

WHAT'S GOING ON

Mrs. H. G. Moore, Route 1, has just returned from Gravette, Ark., where she visited her daughter, Mrs. F. S. Eades, and Mr. and Mrs. Roy Groves of Louisville, Ky. Mrs. Groves is Mrs. Moore's granddaughter. Mrs. Moore also visited in Fort Worth with her sister, Mrs. A. B. Bishop.

Grant Teaff, who is a senior at McMurry, spent Sunday and Monday with his family, Mr. and Mrs. Bill Teaff and daughter Juanez, 2013 Avenue Z.

Joy Richards of Temple and Marilyn Thomas spent the weekend in the home of Marilyn's parents, Mr. and Mrs. E. L. Thomas, Big Spring Highway. They are both sophomores at Howard Payne.

Weekend visitors in the home of Mr. and Mrs. Robert D. White, Snyder Gasoline Plant, were their sons, Reagan and David, who are students at Texas Tech, Mr. and Mrs. D. M. Simmons of Cotton Valley, La., and Mr. and Mrs. C. L. Trainer of Carthage. Mrs. Simmons and Mrs. Trainer are Mrs. White's sisters.

Mrs. L. D. Logan, Sweetwater highway, and Mrs. John L. Webb, southeast of city, spent the day in Lubbock Friday.

Ray And Roy Kizer Celebrate Birthday

Ray and Roy Kizer, the twin sons of Mr. and Mrs. Fred Kizer, celebrated their seventh birthdays yesterday afternoon at a party given by Mrs. Kizer.

Guests watched movies and played games. Those present were Rodney McNene, Henry, Dewey and Cloe Anne Grinslade, Cindy Casstevens, Judy, Carol and Peggy White, Jean Wasson, Roy Mack and Peggy White, Cindy Slaughter, Butch Mooney, Dick, Rodney and Nita Sue England, Lisa, Mary and Anna Brice, Mrs. J. A. McNeme, Mrs. John W. Grinslade, Mrs. Gene Slaughter, Mrs. Bill England, Mrs. R. L. Brice, Mrs. B. M. White and Ila Ruth Newton.

Always use a kettle of adequate size when you are doing a lot of deep-fat frying and never fill it more than two-thirds full. When reusing the fat, add a small amount of fresh fat, to replace that lost in frying.

WOMEN

WILL SING HERE

A program of music is to be presented at 7:30 tonight in the Twenty-fifth Street Church of Christ by the Spiritual Singers from Southwestern Christian College in Terrell. Singers from the school have performed before more than a million people in several states and Canada during the last two years, and have also done radio and television work.

Diced cooked potatoes in a cheese sauce make hearty and flavorful dish.

POTATOES IN CHEESE SAUCE

Ingredients: 1 pound new-crop potatoes, 2 tablespoons butter or margarine, 2 tablespoons flour, 1 teaspoon prepared yellow mustard, 1 cup milk, ½ teaspoon salt, ⅛ teaspoon pepper, ¼ pound cheddar cheese (grated).

Method: Boil potatoes in their skins in a small amount of salted water. Drain, remove skins and dice; there should be about 2½ cups. Melt butter in 2-quart saucepan over low heat; blend in flour and mustard. Add milk, salt and pepper. Stir constantly over moderately low heat until thickened and bubbly; if mustard lumps use whisk or fork for part of stirring. Add cheese and stir over very low heat until melted. Fold in diced potatoes. Turn into heat-resistant glass pie plate (8½ by 1¼ inches) and place in moderate (350 degrees) oven until bubbly around edges and top is flecked with brown —about 15 minutes. If dish is prepared ahead and refrigerated it will need about 5 minutes longer for reheating in oven. Makes 6 servings.

• • •

Stuffed eggs, with their pleasant bland flavor, taste delicious on savory slaw.

STUFFED EGGS WITH SLAW

Ingredients: 6 hard-cooked eggs, 3 tablespoons mayonnaise, salt, pepper, paprika, 4 tablespoons olive oil, 2½ tablespoons red wine vinegar, 1 teaspoon prepared mustard, 2 cups (firmly packed) finely shredded green cabbage.

Method: Cut eggs in half lengthwise; remove yolks and mash fine with mayonnaise. Add salt and pepper to taste to yolk mixture; spoon back into whites; flute stuffing with the tines of a fork and sprinkle with paprika. Put olive oil, red wine vinegar and prepared mustard in a bowl; beat with a fork until combined. Add cabbage and mix; add salt and pepper to taste. Arrange slaw on individual salad plates and top each portion with 3 stuffed egg halves. Serve at once. Makes 4 servings.

Couple Observe 20th Anniversary

HERMLEIGH — Mr. and Mrs. H. R. Hundsnurcher, route 2, celebrated their twentieth wedding anniversary Sunday with an open house at their home.

Friends and relatives who called during the day were Mrs. Edd Brink, Joyce and Steve of San Antonio, Mr. and Mrs. Otto Heinrich, Mr. and Mrs. A. A. Wimmer, Sharon, Gary and Dale, Mr. and Mrs Walter Heinrich, all from Slaton; Mr. and Mrs. C. J. Grossman, Mary and Janette, Mr. and Mrs. Alfonse Wimmer and Tommy, Mr. and Mrs. Bill Wimmer, Mr. and Mrs. H. A. Wimmer, the Rev. James Sonderman, Emil Wimmer, Mr. and Mrs. Alvin Kuss and Ethel Hundsnurcher, all of Hermleigh.

Man Crushed To Death

BIG SPRING, Tex. (AP)—Ynez Yanez, well known in West Texas as manager of a Latin-American semi-pro baseball team, was crushed to death yesterday in a conveyor at the United Concrete Pipe Co.

As a change-off from rice, serve barley or buckwheat grits. Both grains are good steamed in chicken broth and seasoned with onion.

Four Actresses Turn Down Oscar-Winning Movie Role

By BOB THOMAS

HOLLYWOOD (AP) — Four top actresses may well be hating themselves today. They turned down a role that won Jan Sterling an Oscar nomination.

"I don't blame them," says Miss Sterling. "The part probably wasn't big enough for them."

That didn't bother her. Nor did she mind when she was told that she would have to deglamorize herself in an almost brutal manner. When she tried out for the role in "The High and the Mighty," director William Wellman warned her about the scene. She was to remove her false eyelashes, pancake makeup, lipstick and all other beauty trappings right before the camera.

"You might be too good looking," Wellman said. "We may not be able to make you look bad enough."

"Oh yes, you will," she assured him.

Jan even shaved off her eyebrows to add to the effect. When she did the scene, it was all the film makers wanted, and then some. It was one of those attention getting scenes that attracts Oscars. She is now considered the favorite to snag the supporting actress award.

When I saw her at lunch, she had her glamor on and looked good. She is an attractive, well-proportioned blonde. At least she was a blonde then. She said she was going home to darken her hair in the shower. This was for her next role in "The Deadly Peacemaker" with Robert Mitchum.

"I play a madam," she announced.

She went on to explain why she relishes such roles: "Let's face it — I'm not the glamor type. I won't be able to get by on my looks alone. The only way I'm going to last in this business is to play roles with character."

I pooh-poohed her claim that she lacked glamor, but she insisted. She said she knows what she has and makes the most of it. Her hairline, for example. Like Rita Hayworth and others, she has raised her forehead.

HERMLEIGH NEWS

By MRS. JESS SPYKES

Mr. and Mrs. Dan Wright and daughter from Abernathy visited her mother, Mrs. H. H. Rumener, and friends here last week.

The Hermleigh High School FHA girls and the home economics teacher are planning to attend a district meeting in Big Spring Saturday.

Mrs. Buell Lewis gave a birthday party Sunday for her daughter, Frances, and a friend, Curtis Garrett, of Fullerton. Those present were Carl Rumener, Mr. and Mrs. Harvey Myers and son, Mr. and Mrs. Dal Hess and daughter, and Mr. and Mrs. Joe Drennan of Sterling City.

Mrs. Ford Bearden and daughter of McCamey are visiting Ford Bearden here.

Mrs. Tom Shelburn, Mrs. Buell Lewis and Mrs. A. W. Mobley gave a birthday party for Mrs. Emma Higginbotham Monday. More than 15 gifts were received.

Jeff Norris is reported to be improving slowly in Battenfield-Jones Hospital.

Mrs. A. R. Schendel of San Antonio, the daughter of Mr. and Mrs. W. A. Voss, visited in the Voss home last weekend.

H. O. Barbour of Muleshoe visited in the Oscar Hooper home Friday. Barbour is Mrs. Hooper's uncle and was formerly depot agent here.

SIMPLE SUNDRESS

Softly styled sundress has narrow neckline yoke, is figure-enhancing and practical, alone or teamed with its own bolero.

HOT NEWS ABOUT THE HOT CAR

Buick production hits new highs to handle the orders pouring in!

Good thing the Buick factories stepped up production of the 1955 cars when they did—because customer orders are *pouring* in.

Seems just about *everybody* wants a 1955 Buick—the "hot" car this year that's getting hotter by the hour.

So hot, in fact, that it's topping the huge popularity which moved Buick into the "Big Three" of the nation's best sellers last year.

Know why? Plenty reasons.

Bold new styling, of course. And brilliant new V8 power. And room and comfort and luxury interiors—and an even finer, softer, steadier ride.

But the big reason is a new magic from the field of aviation—Variable Pitch Dynaflow.*

Twenty propeller-like blades inside this wondrous automatic drive do what the modern airplane propeller does—they switch their pitch.

One way, you get more miles per gallon in normal driving and cruising.

You switch the pitch to another angle just by pressing down on the gas pedal—*and you get a new kind of instantaneous response for getaway or for safety-surge accelerating power.*

It's an experience you've never had before in an earth-bound vehicle—and it's thrilling beyond words.

So you can see why we're selling Buicks at a record rate.

And you can see more of the reason why when you look into the low pricing schedule that makes Buick the buy of the year, hands down.

Buick Sales Are Soaring!

Proof? *Buick is outselling all other cars in America except two of the best-known ones in the smaller-car field.* And for two good reasons: *(1) popular prices low enough for any new-car buyer to reach; and (2) a line of cars to fit any budget, from the low-priced* SPECIAL, *to the high-powered* CENTURY, *to the extra-spacious* SUPER, *to the custom-built* ROADMASTER.

Come in and check things for yourself. Once you do—*and press that gas pedal*—we believe you won't be happy till you're bossing your very own Buick.

*Dynaflow Drive is standard on Roadmaster, optional at extra cost on other Series.

Thrill of the year is Buick

Missing Scientist Says He Is Working For Peace In Russia

By STANLEY JOHNSON

MOSCOW (AP)—Bruno Pontecorvo, the Italian-born British scientist who disappeared from the West in 1950, said in a letter to Soviet newspapers today he has been working on "peaceful" atomic projects in the Soviet Union since that time.

The letters accused Britain and the United States of "using atomic and nuclear weapons as a means of achieving world domination" and appealed to Western scientists to protest against the use of atomic energy for military purposes.

(Pontecorvo took part in British-American work on the first atomic bomb. The U.S. Joint Congressional Atomic Energy Committee in 1951 rated him as a "first - class scientific brain" and "a storehouse of knowledge about Anglo-American - Canadian atomic projects." It said he also had knowledge of later hydrogen bomb developments.)

Pontecorvo's identical letters, the first definite word of him since his disappearance, appeared in Pravda and Izvestia, the Soviet Communist party and government newspapers. Without saying so specifically, they indicated he is working in Moscow.

Asserting he quit the West because preparations there for military use of atomic energy made him "ashamed of my profession," the letters said:

"The atomic threat hanging over the world forces me as a scientist having relations with atomic problems to make the present statement.

". . . The imperialists of such countries as the United States and Britain are subjugating the discoveries of atomic energy in preparation of a new war, using atomic and nuclear weapons as a means for achieving world domination."

Pontecorvo said he was convinced that the "chief attention of scientific forces in the Soviet Union is directed toward using this greatest scientific discovery (atomic energy) for the welfare of humanity."

The letters said, "The seriousness of the situation created by the threat of revival of German militarism and the intention of the warmongers to prepare atomic war oblige every honest man, especially the scientist, to do everything in his power to ward off the creation of a new war."

The letters were signed "Prof. Bruno Pontecorvo, winner of the Stalin Prize." This was believed to be the first mention that he has received this award, usually valued at about $25,000.

Pontecorvo's statement said the conditions under which he works in Russia are "wonderful" and that "research is being conducted on the widest scale and on a very high technical level."

Official Washington has labeled Pontecorvo the second deadliest spy in history. The top ranking was given to Klaus Fuchs, a German-born British scientist imprisoned by Britain since 1950 for handing Western atomic secrets to the Russians.

The 1951 report of the U.S. Joint Congressional Atomic Energy Committee said the information given the Soviets by Fuchs and Pontecorvo advanced the Russian atomic program at least 18 months beyond where it otherwise would have been.

Engineering Technicians Are Scarce

By JOHN B. KNO

BOSTON (AP) — The United States may be falling seriously behind Russia in a race which many Americans don't even know they're in.

In this swift-changing atomic-electronic age, educators say that this country may soon be handicapped in research and development by a shortage of engineering technicians —the men who turn plans into production.

Unofficial figures show that last year Russia graduated about 50,000 engineers and the same number of engineering technicians. The United States graduated 23,000 engineers and 13,000 technicians.

In some fields, particularly the automobile industry, five technicians are needed for each engineer.

This situation is causing deep concern among educators and government officials alike.

Secretary of Commerce Sinclair Weeks warns that without technicians the efficiency and progress of the engineer and the scientist would be critically curtailed or utterly lost.

What is this field which is being comparatively neglected by American youth, despite the scarcity of workers and the promise of good salaries?

Dr. H. Russell Beatty, president of Wentworth Institute, a top Boston technical school, says the technician combines the points of view of the scientist and the skilled craftsman.

"Here is a field definitely between the trades and the engineering field," says Dr. Beatty. "It is a field for the doer, the builder."

"The engineer plans; the technologist makes and does. The engineer creates and projects; the technologist operates. The engineer is concerned with the why of a job, the technologist principally with how to do it."

There are about 60 technical institutes in this country.

One of their intensive two-year courses come engineering team specialists, such as draftsmen, designers, cost estimators, production supervisors, chemists, testers, research technologists, control supervisors, time study men, technical salesmen and planners of production and construction.

"The warrant officers of industry," Dr. Beatty calls them. Often they become contractors and owners of businesses.

Starting salaries are not far below those of engineers and, says Dr. Beatty, "We have no placement problems."

Bright Children, Even Teachers, May Read Comic Books

BERKELEY, Calif. (AP)—If you read comic books it isn't necessarily a sign that you are a low-brow, says a study made at the University of California.

Even 12 per cent of the nation's schoolteachers read them, and so do very bright children.

The report was written by Edward L. Feder of the university's public administration staff for the State Legislature.

Americans buy about one billion comic books a year and pay $100 million for them. This, says the report, is more than is spent for the entire supply of schoolbooks and is about four times as much as the combined book buying budgets of the nation's public libraries.

Feder says there is no acceptable scientific evidence to prove or disprove that comic books have any relationship to juvenile delinquency.

Holdup Man Fills Request Of Victim

BUFFALO, N.Y. (AP)—A spunky woman teller in a collection office of the Niagara Mohawk Power Corp. met an obliging holdup man.

When the man poked a revolver at Miss Margaret A. Bock, 49, yesterday and ordered her to put cash into a brown paper bag, she pushed about $200 at him and told him to put it in the bag himself. He did.

"I thought I'd done enough just by letting him have the money," she said.

Then she asked for some money back to make change for her customers. The holdup man gave her a $5 bill and a few singles.

GOP Group To Sue Hotel

MIAMI, Fla. (AP) — Dade County Republicans last night voted to sue the Urmey Hotel over a Lincoln Day dinner incident in which 24 Negroes were asked to leave.

The Republican County Executive Committee also:

Apologized to guests of Negro committee members who were embarrassed by the incident.

Commended the action of officers and committee members who walked out of the dinner in protest.

Ordered a resume of the facts to be sent to President Eisenhower.

Called for a federal investigation to determine if civil liberties were violated.

Joe Miller Jr., a Young Republican leader, blamed Edward N. Claughton, owner of the hotel. Miller said that while plans for the dinner were announced six weeks in advance, Claughton registered objections only three days before it was to be held.

Bert Acker, co-chairman of the dinner and twice candidate for governor of Florida, said he had notified Wesley Garrison, state committeeman and co-chairman, three days before the Feb. 12 incident that Claughton said Negroes could not be served in the dining room.

Acker said he urged Garrison to heed Claughton and asked the Negroes to stay away.

Garrison said, however, that Joe Clemmons, operator of the dining room, agreed to serve the Negroes.

No details over size of the suit or what charges may be brought were announced.

Mother And Children To Face Charges

MARYVILLE, Tenn. (AP) — A mother and three children—the oldest only 14 — faced murder charges today after the woman told police she and the children beat and choked her husband to death when he threatened them.

Sheriff Ed Guinn said Mrs. Sam E. Davis Jr,. 41, said in a statement yesterday she hit Davis on the head with a wrench while two of the children choked him with a belt after he threatened to drive the family car over a steep embankment.

Mrs. Davis was held without bond on a first-degree murder charge, Guinn said. The children—two girls aged 14 and 11, and a boy, 8—also were charged with murder but were released to relatives, he said.

The sheriff said Mrs. Davis came to his office yesterday and gave this account:

The family was returning to their home near here Sunday night through the edge of the Great Smoky Mountains when Davis stopped the car at the edge of an embankment and said:

"You had better all start praying, as we are all going to hell together."

At that the family began beating him.

In the statement, Mrs. Davis gave no reason for her husband's action.

The sheriff said Davis' body was found in the parked car on the highway.

NOW HEAR THIS

The Duke of Windsor, glasses perched low on his nose, listens as Madame Wellington Koo, wife of the Chinese Ambassador to the United States, gestures while she talks to him at the annual charity Polo Ball at the exclusive Boca Raton Club in Boca Raton, Fla. A long list of notables attended the affair, held to raise funds for cancer research.

Midget Observes His 70th Birthday

DRUMMOND, Okla. (AP) — Nicu DeBarcsy, who says he's the world's oldest living midget, celebrated his 70th birthday yesterday as a guest of the Lions Club.

DeBarcsy, a native of Hungary, stands three feet in cowboy boots and weighs around 25 pounds.

The cigar-smoking midget has been a familiar sight on Drummond streets for 43 years. He retired from show business in 1932.

New Guinea is 1,500 miles long.

Rhee Lauds U.S. Ideals

SEOUL (AP)—President Syngman Rhee today urged Americans "trust yourselves a little more.

"Have faith in your own ideals, for truly the American principle and the American ideal are the last great hope of the world."

Rhee spoke at Seoul Stadium on Korea's 36th anniversary of her independence movement against Japanese rule.

"No Asian will ever forget" what America has done for the freedom and independence of Asian peoples, he said.

"I wish the people and the government of the United States were not quite so quick to criticize and doubt themselves. When they hear the Communist propaganda charging that the people of Asia do not like their interference, they are fearful that there might be some truth in such charges, and they have tendency to withdraw."

Rhee recalled the dark days of 36 years ago when tens of thousands of Koreans revolted against Japan, declaring Korean independence, which they didn't achieve until the end of World War II.

Speaking of the fight against communism, he said:

"In this life and death struggle we count on the nations of the free world, and especially on the United States."

Since 1939, the number of U.S. farm families having electricity in their homes has risen from 744,000 to 5,000,000.

The U.S. birth rate has exceeded 24 per thousand people for the past nine years.

Engine KNOCK signals power-loss...

STOP KNOCK

with Esso Extra for '55

STOP MOTOR OIL KNOCK WITH HUMBLE UNIFLO

Humble Esso Extra gasoline for '55 will give you the best anti-knock performance you've ever had.

But motor oil can also cause knock. Some oils form combustion chamber deposits that raise compression ratios even higher, increase a high compression engine's tendency to knock. These deposits also cause pre-ignition ping.

Humble Uniflo motor oil does not form knock-causing deposits. Thus, in effect it raises the anti-knock performance of your gasoline.

Uniflo also saves gasoline, lengthens battery life, gives you superior lubrication and cooling. You use the same grade the whole year around.

When you use both Esso Extra gasoline and Uniflo motor oil, you're using the best performance combination ever.

The entirely new gasoline with the highest performance rating ever offered Texas motorists.

When your car knocks, you're losing power, burning too much gasoline, dirtying your engine. Knock—even ping—is more than a noisy inconvenience—it's expensive, too.

But you can stop knock with Humble's Esso Extra for '55. This entirely new gasoline has the highest octane rating (anti-knock quality) offered Texas motorists.

It's an absolute must for the new high compression 1955 engines.

And it assures the improved performance of any car, any make, any model.

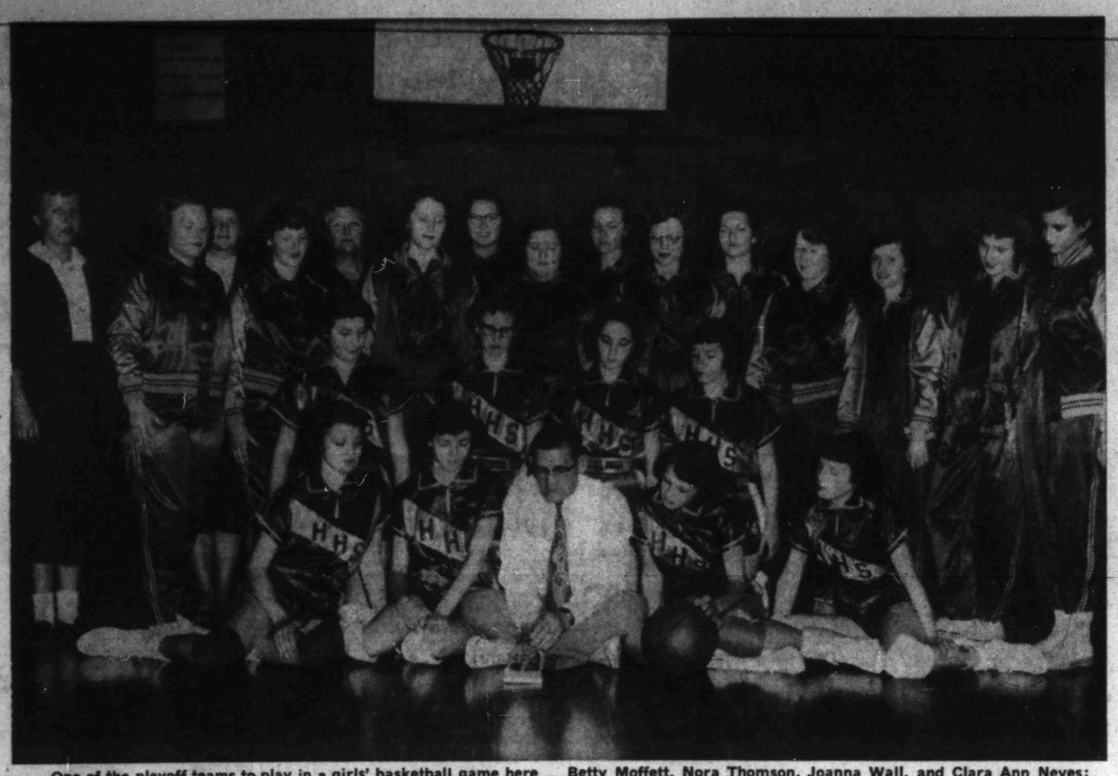

Get the Esso Extra habit! . . . Your car will give you performance you never dreamed it had!

No. 1 in Texas

Now, more Texans than ever before prefer Esso Extra to any other premium gasoline.

HUMBLE

HUMBLE OIL & REFINING CO.

One of the playoff teams to play in a girls' basketball game here tonight is this one from Hobbs. The team took championship of District 15-B and tonight will take on Ira, champ of District 16-B, with the winner to enter the regional tourney. Hobbs teamsters, left to right, front row, are Delphine South, Anna Rogers, coach G. C. Herring, Barbra Sellers, and Darlene Ogden; second row, Betty Moffett, Nora Thomson, Joanna Wall, and Clara Ann Neves; third row, Peggy Trice, Agnes Hudnall, Tyra Jo Noles, Barbara Cave, Rebecca Hargrove, Frances Clegg, Reta Burnett, Barbara Hodges, and Neva Thompson; back row, managers Nita Johnson and Francine Hardin, sponsor Mrs. G. C. Herring, Karolyn Rasco, Margaret Aaron, and June Firestone. (Lee Watson photograph)

Brooks Team Moves Up In City Tourney

Second round games in the championship and consolation brackets will be played in the city league basketball tournament tonight.

Games tonight in the tourney, which is being played in the Hermleigh gymnasium, will be National Guard vs. D&H Super Market at 7:15 o'clock and Brooks Oil Well Service vs. Hermleigh at 9 o'clock.

The Brooks team last night downed D&H 78-48 in a first round game. National Guard and Gail, both teams which had been downed once in the double - elimination tourney, played, and the guardsmen eliminated Gail 44-32.

D&H held Brooks to a fairly close game during the first half, but Brooks moved on out after halftime to gain a 30-point lead. Bobby Shipley led the winners with 20 points, followed by Couch with eight. Joe Cargile was top scorer for D&H with 25, while Jimmy Stewart had 12.

The National Guard-Gail game was close most of the way, but the guardsmen had the lead all the time. At halftime, National Guard was ahead 21-17.

Leading the guardsmen were George Richardson with 18 and Wendell Autry with 10. Pat Willingham paced Gail with 12.

Chuck Wagon, which downed National Guard in the first round and drew a bye in the second round, will take on the winner of the Brooks-Hermleigh game Thursday night. The loser of the Brooks-Hermleigh tilt will meet the winner of the National Guard-D&H game on Thursday night.

24 Schoolboy Teams Meet For Tourney

AUSTIN (AP)—Twenty-four schoolboy basketball teams come to Austin for the state tournament this week with four of the five divisions open for new champions and the other one likely to have one.

The teams start moving into Austin tomorrow because the big tournament opens Thursday with eight Class B schools swinging into action.

The major class—AAAA—has four teams and won't play its first games until Friday night. Crozier Tech of Dallas is the favorite but tests its strength against a tournament darkhorse—Beaumont—in the opening game. The other teams are Waco and Pampa. The latter is the defending champion but might not hurdle a very good Waco team to get another shot at the championship it has won two years in a row.

Pampa beat out Crozier Tech in an overtime game last season.

Plainview in Class AAA, Atlanta in Class AA, Sudan in Class A and Avoca in Class B are championship favorites but regardless of which team wins, there will be new titlists in all four classes since not a single 1954 champion returns.

Contesting Plainview in Class AAA are French of Beaumont, Kilgore and Victoria. Scrapping Atlanta in Class AA are Seminole, Freer and San Marcos. Battling Sudan in Class A are Dickinson, Plano and Buna.

Avoca's major challenger in Class B is expected to be Big Sandy, which is making the state tournament for the sixth time in seven years. Other Class B teams in the meet are Bovina, Rankin, Slidell, Medina, Dilley and Maud.

There will be 19 championship and five consolation games during the three days and nights of playing.

The tournament schedule of championship games:

Thursday—8:45 a.m. Bovina vs. Rankin (Class B), 10:10 a.m. Big Sandy vs. Slidell (Class B), 11:35 a.m. Medina vs. Dilley (Class B), 1:45 p.m. Maud vs. Avoca (Class B), 3:10 p.m. Sudan vs. Dickinson (Class A), 4:35 p.m. Plano vs. Buna (Class A), 7:30 p.m. Atlanta vs. Seminole (Class AA), 8:50 p.m. Freer vs. San Marcos (Class AA).

Friday—8:45 a.m. Bovina-Rankin winner vs. Big Sandy-Slidell winner, 10:10 a.m. Medina-Dilley wincer vs. Maud-Avoca winner, 3:10 p.m. Plainview vs. Beaumont French (Class AAA), 4:35 p.m. Kilgore vs. Victoria (Class AAA), 7:30 p.m. Dallas Crozier Tech vs. Beaumont (Class AAAA), 8:50 p.m. Waco vs. Pampa (Class AAAA).

Saturday—1:05 p.m. Class B finals, 2:25 p.m. Class A finals, 3:45 p.m. Class AA finals, 8 p.m. Class AAA finals, 9:20 p.m. Class AAAA finals.

In his first 50 games as coach of the Detroit Lions, Buddy Parker won 37 games, lost 11 and tied two against NFL foes.

The first recorded intercollegiate athletic competition at Michigan State College was a track and field meet in 1884.

The St. Louis Browns of 1953 were either slow or conservative. They stole only 17 bases in 154 games.

ENTRY LIST GROWS FOR SNYDER'S CANYON MEET

The entry list is still growing for the third annual Canyon Reef Relays.

The big high school track meet is scheduled to be held here March 12. The deadline for entry is still a week away, and in the past many of the teams entering waited until the last day to turn in their entry blanks.

John Conley, director of the meet, said he expects about 35 teams to enter the meet. There were 36 teams last year.

There are now 21 teams on the list. Among those expected are O'Donnell, San Angelo, Ira, Winters, Hermleigh, Lubbock, Colorado City, Sweetwater, Crane, Hamlin, Roby, Slaton, Reagan County, Aspermont, Big Spring, Plainview, Hobbs, Fort Stockton, Amarillo, Lamesa, Midland, and Hermleigh.

Many tracksters on teams expected here have been bettering established records in the Canyon meet and are expected to break several records here. Only three records were broken last year.

Lubbock is defending champion of the meet. Abilene won it the first year.

In practice for the Canyon meet, several teams will stage a small meet here Friday afternoon. Coming to the Snyder track for that workout will be Hermleigh, Hobbs, Stamford, Colorado City, and O'Donnell teams.

Ira, Hobbs Girls In Cage Playoff In Snyder Tonight

Two girls basketball teams with near-perfect records will clash at 7:45 o'clock tonight in the Snyder High School gymnasium.

The teams will be those from Hobbs and Ira. Hobbs, which is about 19 miles east of Snyder, is champion of District 15-B. Ira, about 10 miles southwest of Snyder, holds the title in District 16-B.

Tonight's game will be a bi-district affair and will determine a team to go to the regional girls basketball tournament at Canyon this weekend. Admission prices will be 50 and 25 cents.

Ira has a 29-4 season record, while that of Hobbs is 23-6. The two teams have played four times previously this season. Ira won three of those games, while Hobbs took one. Scores in Ira's wins were 55-37, 48-45, and 48-47, while the score in the Hobbs victory was 70-57.

In season play, Hobbs has scored 1,471 points to opponents' 1,178, averaging a game score of 50.7-40.6. Ira has tallied 1,535 to 1,186 for an average of 46.3-35.9.

Each of the teams has two forwards who have scored heavily this season. Ira's Baleria Eubank has made 825 points in 33 games for an average of 25 points per game. Second scorer for that team is Peggy Taylor with 507 points. Hobbs' Delphine South has tallied 745 points in 29 games, averaging 25.6 per game. Running second for that team is Barbra Sellers with 504.

Starters for Hobbs tonight will probably be Miss Sellers, Miss South, and Anna Rogers at forwards and Clara Ann Neves, Betty Moffett, and Nora Helen Thomson at guards. Other main players include Joanna Wall, Agnes Hudnall, Darlene Ogden, Peggy Trice, Margaret Aaron, and Barbara Hodges. G. C. Herring is coach of the team.

Those who will probably start for Ira tonight are Miss Eubank, Miss Taylor, and Jo Ann Ford at forwards and Dixie Lee Kimmel, Nita Thomas, and Mary Turner at guards. Mary Nell Mosley, Margaret Clinkenbeard, and Genella Vinson are most-used substitutes. Coaching that team is Miss Betty Gandy, assisted by Bill Allen.

TCU, Ponies May Become Co-Champs

By The Associated Press

Texas Christian will figure in the Southwest Conference basketball championship for the fourth time in five years and Southern Methodist will be a party to the crown for the first time since 1937 if they win Tuesday night as expected.

Deadlocked for first place with 8-3 conference marks, the teams may be co-champions when the Tuesday night finales to the regular season are over.

Conference rules would then require a playoff—one-game, sudden-death style—for the loop's berth in the National Assn. of Intercollegiate Athletics Tournament.

TCU plays Arkansas' third-place Razorbacks in its attempt to win or share the title, while SMU meets Texas with the same thing in mind. Rice meets Texas A&M in a third clash.

Either top game could produce an upset, as both Texas and Arkansas have shown themselves capable of whipping the best in the conference on a given night.

Arkansas beat SMU earlier in the season and knocked defending champion Rice out of the race on the Owls' own court. Then Texas whipped Arkansas.

The games will see at least one of the conference's bumper crop of sophomore stars wind up his first year of varsity play. Raymond Dwons, a hard-working forward and center who hits with either hand, will conclude his season for Texas no matter what the Longhorns do.

Downs is second in the conference scoring race at present with 287 points.

TCU center Dick O'Neal leads both the conference and season scoring with 345 points and 659 for the year. The big sophomore has his eye on the conference field goal record, taking 103 into the game and needing seven to match the 1946 mark of Rice's Bill Henry.

Jim Krebs, the SMU contribution to the sophomore galaxy, paces the Mustangs with 499 points for the season and 260 for the year.

Juarez May Join League

ABILENE, Tex. (AP)—President Hal Sayles of the West Texas-New Mexico League says Juarez, Mexico, probably will be extended a bid to join the Class B league if Clovis, N. M., fails in a drive to retain baseball.

League directors meet Saturday in Lubbock to decide the fate of Clovis franchise, due to be returned to the league if a ticket drive now under way in Clovis is unsuccessful.

SPORTS

ABOVE THE BLEACHERS

By DALE WALTON

Snyder High School track coach Jack Dillon has scheduled a six-team practice track event to be held here Friday afternoon.

The meet will start at 3 o'clock Friday afternoon here. Coming for the event will be teams from Hermleigh, Hobbs, Stamford, Colorado City and O'Donnell, all running along with Dillon's Snyder squad.

Dillion said all Texas Interscholastic League events will be run off in the practice meet.

* * *

In a dual meet a few days ago, Midland edged out a team from Fort Stockton on track and field events, with both teams turning in good cards. Both schools plan to send teams to the Canyon Reef Relays here March 12.

J. B. Mitchell of Fort Stockton had a 9.7 on the 100-yard dash, which is better than the Canyon meet's 10.1 record. Midland's A. W. Hammock had 15.9 on the 120-yard high hurdles, compared to 15.3 on the Canyon records. Hammock also had 19 feet, 5½ inches on the broad jump, compared to the Canyon meet record of 19-6.

On the mile relay, a Midland team was timed at 3:34.5. The Canyon's mile relay record is 3:39.5.

* * *

There are only three returning track lettermen on the 18-man squad working out at Hobbs High School.

Coach W. C. Hodges reports that of the 82 points captured by his team in winning the District 18-B meet last year, only those who got eight of those points returned this time.

The lettermen are Bobby Pullig, senior who placed fifth in the state meet last year in the mile run but who is working out for the halfmile this season; Ralph Hardin, senior who will run the 440 in the dash event and in the relays; and Henry Medrano, junior who placed third last year in the halfmile in the district meet and who is working out in that event this year.

Hodges will bring a team here to the third annual Canyon Reef Relays. On March 26, the squad will go to the Brazos River Relays for Class B teams, in which Hobbs tied with Rochester for first place last year; and on April 2 the squad will go to the Caprock Relays at Slaton, in which Hobbs placed second last year. The district meet is scheduled for April 9 at Hobbs. Members of that track district are Hobbs, Hermleigh, Roby, Roscoe, Loraine, and Ira.

* * *

Two former Hobbs cindermen are now doing well on the track team of Howard Payne College. One is Louie Hays, who has already been timed at 1:59.0 on the halfmile this year, and the other is Glen Cavitt, who has run 51.5 on the 440.

Temple Tries Re-entry In Big State League

TEMPLE (AP)—Baseball boosters here last night voted to raise $20,000 by Saturday to get Temple back in the Big State League.

About 75 fans attended the public meeting called by league president Howard Green. An 11-man committee headed by Haynie Hall of Radio Station KTEM was named to attempt to raise the money.

Green expressed confidence the money would be raised.

Tigerettes Take Odessa By One Point

The Snyder Tigerettes, high school girl volleyball team, took another win last night.

This was a 23-22 affair, won in the last second by the Snyder team over Odessa girls. Previously this year, the Odessa team had downed Snyder.

The game was tied up with one second to go when Snyder gained the winning point. It had been a close affair all the way. At halftime, Snyder was leading by only one point, 9-8.

The win brought the varsity team's season record to 2-5. The varsity and B teams will journey to Odessa for Friday night games.

Mickey Gillean led the locals in the win with 11 points. Other scorers were Lynda Smith and Sandra Scott with five each and Ramona Thompson with two. Carol McKinney and Carla Swan completed the Snyder roster. Mrs. Bertie Machel coaches the team.

Leading scorers for the Odessa varsity were Frances Schlemeyer with six and Jerrie Wood with five.

The Odessa B team downed the Snyder B 29-21. That was also a close game. At halftime, Odessa led 16-13.

Charlotte Chuancey and Oneta Forguson scored seven points each for Snyder, while Paula Taylor had four and Jackie Dunn three.

Donna Woods had 12 and Virginia Perry 11 to lead the Odessa B.

Four regulars on the Yankees hit 12 home runs each during the 1954 season. They were Irv Noren, Hank Bauer, Gil McDougald and Joe Collings.

35 Players Still Not On Contracts

By The Associated Press

Ted Williams was among the absentees as the major league baseball teams officially began their spring training routine today with 34 other players still unsigned.

Players are classified as holdouts, according to spring training tradition, if they haven't returned their signed contracts by March 1. However, only about half the recalcitrants were regarded as actual holdouts.

The status of Williams, fishing leisurely off the Florida keys, remained a question mark. General manager Joe Cronin of the Red Sox said last night in Sarasota that Williams promised "to call me in the near future and give me a definite answer" whether he'll play ball in 1955.

One report had Williams reiterating his retirement plans while another had him returning for another season.

The Cleveland Indians were having the biggest holdout woes with 10 members of last season's American League pennant winners still unsigned. All told, the American League had 30 holdouts as compared to only five in the National League.

The New York Giants, St. Louis Cardinals, Chicago Cubs, Cincinnati Redlegs, Philadelphia Phils and the New York Yankees had all their players signed.

Hank Greenberg, Cleveland General Manager had three of his key performers—pitcher Early Wynn, second baseman Bobby Avila and outfielder Larry Doby—to contend with.

Wynn, usually one of the last to agree to terms, was reported to be asking for $40,000 and Avila and Doby around $30,000.

Kansas City and Washington also were having their holdout worries with each missing five contracts. The unsigned Athletics were John Gray, Cloyd Boyer, Ed Burtschy, Jim Finigan and Forest Jacobs. The Senators had not received the signed contracts of Mickey Vernon, Eddie Yost, Bob Porterfield, Jim Busby and Roy Sievers.

The Chicago White Sox and the Pittsburgh Pirates have two stubborn holdouts in outfielders Minnie Minoso and Frank Thomas.

Five members of the Milwaukee Braves—including Eddie Mathews and Gene Conley—came to terms last night leaving only infielders George Crowe and William Caro unsigned.

Others unsigned:
Brooklyn—pitcher Ron Negray.
Pittsburgh—pitcher Vernon Law.
Detroit—pitcher Bob Cruze.
Cleveland—pitchers Bob Hooper, Bill Wight, Hank Aguirre; outfielders Dave Philley, Wally Westlake; infielder Rudy Regalado; catcher Hank Foiles.
Boston — pitchers Al Schroll, George Susce Jr.; catcher Sammy White; infielder Ted Lepcio.
Baltimore—pitchers Jim McDonald, Lou Kretlow; outfielder Cal Abrams.

Wayland Women Defend Cage Title Tonight

ST. JOSEPH, Mo (AP)—Wayland College of Plainview, Tex., opens defense of its Women's National AAU basketball title tonight against the Atlanta, Ga., Crosleyettes.

The Texas team received a first round bye.

1955 NEW YORKER DELUXE 4-DOOR SEDAN

Fast growing favorite with those who know STYLE

The switch is on to Chrysler, and *new style* is the reason! Sleek "tailored steel" . . . exemplified by the 1955 Chrysler . . . is definitely changing America's mind about motorcar fashion. With Chrysler it's a long, low look of forward motion that includes the new *sweptback* Super-Scenic Windshield. "Wrapping around" both top and bottom, it provides safer vision than any windshield with straight up-and-down posts. All Chryslers now have V-8 engines . . . up to 250 hp. Full-time Power Steering, and PowerFlite . . . *most automatic* of all no-clutch drives . . . give you performance you'd expect of cars that are proving to be today's leaders. Truer now than ever . . . the power of leadership is yours in a Chrysler! *Drive one and see!*

BE SURE YOU SEE AND DRIVE THE ALL-NEW
CHRYSLER
AMERICA'S MOST SMARTLY DIFFERENT CAR

GOOD DRIVERS DRIVE SAFELY!

SEEKS MEDICAL AID

Fifteen-month-old Peggy Lee Davis of Lisco, Neb., is held by student nurse Patricia Snyder in Presbyterian Hospital where she is scheduled for extensive tests to determine the cause and nature of a rare blood disease. Dr. F. V. Vesely, Lewellen, Neb., explained that blood runs from Peggy's nose for as long as 24 hours at a time for no apparent reason. Dr. Vesely paid traveling expenses to Chicago for Peggy and her mother. The child's father remained at home in Lisco, 80 miles east of Scottsbluff, Neb.

Men Miss Chance For Equal Rights

By HAL BOYLE

NEW YORK (AP)—Curbstone comments of a pavement Plato:

Congress is missing a bet. Rep. Katharine St. George of New York, who is both a lady and a Republican, has introduced a bill you'd think every man in America would back.

It proposes a constitutional amendment to give women equal rights. Naturally her male colleagues, who may feel they already are living in a civilization dominated by feminine muscle, don't act very excited.

They aren't interested in giving women even more power. And the bill seems to have disappeared down a deep dark well, the same well it vanishes into every year that Mrs. St. George introduces it.

But what the gentlemen in Congress are overlooking is the fact that they may be missing a rosy opportunity to get back equal rights for men. The amendment would abolish all legal discriminations based on sex alone.

Mrs. St. George believes a lot of antiquated state laws now do discriminate against the ladies. She cites a number of states in which her sisters aren't allowed to serve on juries. She says that in North and South Dakota a husband can put his wife out to work and make her turn all her pay over to him.

(Editor's Note:

Can this be possible?)

(Boyle's note: Well, I have been in North and South Dakota and never met a husband there strong enough to tear even a dollar bill from his wife's closed paw.)

The lady legislator chivalrously admits many states have passed laws giving special protection to working women. But she feels most women would willingly forego these special privileges for the chance to compete with men on equal terms.

Why doesn't Congress leap at this golden chance? Anything that tends to equalize the sexes before the law can't help but hold out the hope of giving a better break to America's frustrated, beaten-down males.

Granting the exceptions listed by Mrs. St. George, don't women by both custom and the actual working of the law enjoy vast advantages over men today?

They have special privileges in everything from getting a seat in a crowded bus to getting away with marital murder. A man who kills his wife in a fit of rage after 20 years of incessant abuse goes to the chair or to prison for life. But a wife can cold-bloodedly mow down her husband, invent any defamatory lie about him she can think up to explain her action, and have an odds-on chance to cry her way to freedom. She may even later marry a sympathetic bachelor on the jury.

The energy men burn up in outworn forms of gallantry—running errands for women, lighting their cigarettes, straining themselves pushing revolving doors so the girls can walk through without so much as even lifting their little pinky—probably is one explanation why men die younger.

There is also the little legal matter of alimony. A wealthy woman now can marry a poor and innocent young man, turn his boyish head with her riches, and then—after he gives her the best years of his life—toss him aside penniless and go on to another man. If he tries to sue her for a fair share of her boodle, he is laughed out of court as a bum.

The 20th Century has been a one-way street for the ladies too long. Let's climb on Mrs. St. George's bandwagon, boys, and force women once and for all to take equal rights. If they are made equal in law, they must in time accept equality in social customs, whether they want to or not.

Let the girls tip their hats to us every time we tip ours to them. Let them light our cigars every time we light their cigarettes. Let them do their fair share of pushing in revolving doors. Let them divvy up some of that 70 per cent of the nation's wealth they now control. When they go on maternity leaves, let's us go on paternity leave.

Pie-Throwing Rights Go With Bid Of $5

WESTERVILLE, Ohio (AP) — For $5, Walter Bonnett discovered, he could have the privilege of throwing a chocolate pie in the face of the Otterbein College librarian.

Seems the Student Council recently came up with the idea of holding an auction, with all sorts of privileges to the highest bidder, to raise money for four organizations which help students go abroad to college.

Bonnett, a junior from Dayton, tossed the pie at Otterbein librarian John Becker. Bonnett scored a hit. The professor grinned.

PREPARING FOR SHOW

Elwyn Weathers, one of the outstanding agriculture students in classes in Snyder High School, will have a top contender in the calf division of the junior livestock show here this weekend, in the calf shown at right. Weathers works with that calf, while Kenneth Goforth, agriculture instructor, trims the hoofs of a milk-fed calf which Weathers will enter in a show at Abilene immediately following the Snyder show. (Lee Watson photograph)

Pay Raises To Cost Around $7-Million

By JAMES MARLOW

WASHINGTON — Congress is almost finished voting a pay raise for itself—$7,500 a year—and raises for federal judges and district attorneys. Total cost to the taxpayers will run around seven million dollars.

The Senate approved the idea yesterday. With the House almost certain to do the same, the pay boost then will be effective as of today. Congress had a lot of support for this move.

President Eisenhower gave it his blessing beforehand, without naming an amount. So did a special commission which he appointed in 1953 to study the problem of pay increases for Congress, the judges and the district attorneys.

The salary of 530 members of Congress—96 senators, 434 representatives—goes from $15,000 a year to $22,500. That of the remaining House member, Speaker Rayburn (D-Tex), goes from $40,000 to $45,000.

So does that of Vice President Nixon. The bill does not affect the President, who gets $150,000 in salary and an expense fund.

The $7,500 increase for all members except the speaker is a 50 per cent raise. The last increase Congress voted itself, in 1946, was from $10,000 to $15,000. The presidential commission last year recommended a raise to $27,500.

This is what happens to the pay of about 400 federal judges:

Chief Justice Warren—$25,000 to $36,000; the eight Supreme Court associate justices—$25,000 to $35,000. Judges of the United States Court of Appeal—$17,500 to $25,000. Lower court judges' pay will jump from $15,000 to $22,500.

United States district attorneys and assistant district attorneys were permitted a pay boost by Congress too, but how much each gets depends on how much Atty. Gen. Brownell wants to give him. Congress left that up to Brownell.

He can raise district attorneys any amount from the present maximum of $15,000 to the new maximum of $20,000 and assistant attorneys from the present maximum of $12,500 to the new maximum of $15,000.

In addition to his pay each member of Congress gets official office space in Washington (in the House and Senate office buildings) and in his home district. He is allowed a minimum of $12,500 a year for clerical hire, $2,500 in mechanical equipment, $800 a year to buy stationery, unlimited free mailing privileges.

For travel to and from Washington for each session of Congress—one round trip—he is allowed to deduct $3,000 of his salary as expenses for income tax purposes.

The presidential commission estimated it costs the average member of Congress $3,000 a year more than his old $15,000 salary, and that 80 per cent of the members must depend on some private income. Many members maintain two residences, one here, the other at home.

GE Planning Plant In Tyler

TYLER, Tex. (AP)—Construction of a plant here which eventually may cost 15 million dollars was announced today by the General Electric Co.

The plant will be national headquarters for the firm's home heating and cooling department.

The location will be just outside the city limits. The plant will employ several hundred persons at peak capacity.

Construction is to be completed in the fall of 1956.

It will be the first major GE plant expansion west of the Mississippi except for some small operations in California.

Department manager S. J. Levine will make his headquarters here and will bring with him about 100 specialists from Bloomfield, N.J.

"General Electric has chosen the Southwest for continuing its expansion in the residential cooling field," Levine said, "in order to be in an area where great growth in the air conditioning market is expected."

Woman Pleads Guilty To Kidnaping Charge

AMARILLO, Tex. (AP)—Diane Pappas testified yesterday that she kidnaped little Randy Caskey Jan. 24 because she thought his mother did not love him.

The 24-year-old Mrs. Pappas, estranged wife of a Marine Corps private, pleaded guilty to the kidnaping charge before Federal Judge Joe B. Dooley.

Mrs. Winona Caskey, the baby's mother, told police at the time that the child and Mrs. Pappas disappeared she was at work.

Judge Dooley, after Mrs. Pappas' testimony yesterday, postponed further action in the case until tomorrow.

Soldiers Hanged For Killing Taxi Driver

LANSING, Kan. (AP)—Three soldiers who killed a taxicab driver died on the gallows early today in Kansas' first triple execution since the state resumed capital punishment two decades ago.

The three Negro enlisted men, hanged under Army supervision, were Chastine Beverly, 25, Balty, Va.; Louis M. Suttles, 26, Chattanooga, Tenn., and James Riggins, 28, Birmingham, Ala.

All wore regulation army uniforms stripped of insignia. They went to their deaths quietly.

They were convicted at Ft. Leonard Wood, Mo., of fatally beating Harry Langly, a Waynesville, Mo., cab driver and stealing his cab and money in September, 1951.

Military authorities and President Eisenhower upheld the death sentences fixed by a court-martial.

Educators Discuss Report Card Plan

By ROGER L. JOHNSON

ST. LOUIS (AP)—Buck up, Junior. If you got an F on your school report card last month, perhaps it shouldn't be there.

A group of educators here for a regional meeting of the American Assn. of School Administrators say it shouldn't.

But, the group admitted in an interview, it will take time to convince your teacher, your father, and even your school board.

"We don't have to have failures in our classrooms," said Mrs. Newton P. Leonard, of Providence, R. I., president of the National Congress of Parents and Teachers.

With her in the discussion were J. C. Wright, Iowa superintendent of public instruction; Dr. Francis G. Cornell, professor of education at the University of Illinois; Darrell Blodgett, superintendent of schools at Wheaton, Ill.; and Mrs. Irma Detjen, of Webster Groves, head of the Missouri Congress of Parents and Teachers.

Wright said grading children by arbitrary standards, whether the grades are good or bad, is unfair.

Chief objection to the present day report, said Dr. Cornell, is that it tells only what happened the past semester and gives no indication of what the child can or will do in the future.

Some communities, the educators said, have replaced grade report cards with the following:

A parent - teacher conference about each child at the end of each semester (more often if necessary).

A narrative-type report card, on which the teacher discusses each of the child's subjects.

A group meeting with both parents and children prior to each semester to discuss the goal for that semester.

For greater benefits, the educators said, the child should have the same teacher two or three consecutive years rather than change each semester or year.

Where parent - teacher conferences have been started, they have been successful, they said.

Wright said 98 per cent of the parents cooperated with such a program at Keokuk, Iowa.

Asked what about the child who couldn't learn, without calling either the child or the teacher a failure, the panel proposed a special class.

Mild Weather Covers State

By The Associated Press

Clear to partly cloudy skies and continued balmy temperatures were covering Texas again Tuesday.

Spring, it seemed, was jumping the gun.

The Weather Bureau's latest forecasts called for only slightly cooler weather Tuesday and Tuesday night with mild temperatures due again Wednesday.

There was no rain reported and none of consequence was expected.

Temperatures skyrocketed almost to summer heights Monday. Alice had 90 degrees, Laredo 89, Seymour 86, and Wichita Falls 82.

During the night, temperatures skidded most places. Some representative lows early Tuesday morning: Dalhart 20, Amarillo 28, Lubock 32, El Paso and Wink 42, Wichita Falls 47, Dallas 52, Waco 58, Galveston, San Antonio, Austin and Texarkana 62, Lufkin 67, Corpus Christi and Brownsville 68.

Demo Unity In Texas Is Still Possible

By DAVE CHEAVENS

AUSTIN (AP)—It still looks today as if there could be a reunion of Texas' rebellious conservative Democrats and the less-conservative national party leadership.

Gov. Allan Shivers says he will be very happy to talk things over with Democratic National Committee Chairman Paul Butler.

"I would be willing and happy to talk to anyone who sincerely wants to improve the Democratic Party—and not just in accord with my views," Shivers told newsmen yesterday.

He was commenting on efforts of John E. McKelvey of Electra to arrange a peace talk between Shivers and Butler.

The national committee and the Texas leadership have not been on speaking terms since Shivers led Texas into the GOP column in 1952 with his support of Dwight D. Eisenhower for the presidency.

Shivers made no major concessions in discussing the possibility of a get-together with Butler, but he said there was room for disagreement "within the party." He also said again he hoped the national party would bring out a platform and candidate in 1956 that he could support.

Shivers made it plain that he was making no advance pledge of support or loyalty to just any candidate.

"I'm not going to pledge support to any nominee until I know who he is," Shivers said. "The national committee itself at New Orleans recently ruled that the loyalty pledge was an archaic device."

Shivers jumped the party line in 1952 after failing to win Democratic Nominee Adlai Stevenson's support for Texas claims to offshore Gulf oil lands. Eisenhower backed the Texas claim.

Shivers said his speech at a Democratic rally in Dallas tomorrow night would be on Texas independence—"historial and political."

Crew Bails Out As AF Plane Crashes

TOKYO (AP)—The U.S. Air Force said a twin-engined C119 flying boxcar crashed tonight, 18 miles north of Ashiya Air Base on Kyushu Island.

A spokesman said all seven men aboard bailed out over water and were picked up by rescue crews. One man died later.

The spokesman said he did not know if any were passengers, or whether all were crew members.

Names were withheld.

Kent Freed On Charge Of Firing Into House

LOS ANGELES (AP) — Anthony Kent, press agent for meat packing heir George Hormel II, has been freed of a charge of firing a gun into an inhabited dwelling.

The court held yesterday that the shot fired into Hormel's House, just missing him, last Jan. 9 was fired without malice. The court ordered the charge dismissed.
