Briefly

Old Timers

The Mitchell County Old Timers Reunion has been scheduled for Saturday, October 5 at the Civic Center.

Registration and hospitality will begin at 9:30 a.m. and will continue until the luncheon at noon. Fannie Bess Earnest Sivalls of Midland will be luncheon speaker.

The lunch will be prepared by the Women of All Saints Episcopal Church and reservations are requested. Cost is \$5 per person.

Class of '66

All Colorado High School graduates of the class of 1966 are asked to meet Friday at 5 p.m. at the Villa Inn Restaurant to discuss plans for the 20-year class reunion.

Coronation dance

The coronation dance for the St. Ann's Catholic Church princess will be Friday from 8 p.m. until midnight at the Civic Center.

Music will be provided by Sociedad Anonima.

Tickets are \$6 each and may be purchased from John Salazar, Jesse Munoz, Al Mendoza and Able Alvarez.

Fair work day

A work day for the Mitchell County Fair has been scheduled for Monday, September 23 starting at 8 a.m. at the Mitchell County Ag Barn.

The fair dates are September 26-28.

Omelet supper

The Lone Wolf 4-H Club will have its annual omelet supper Friday, September 20 following the homecoming parade.

Tickets for the supper, to be held at the Civic Center, are \$3.50 each and may be purchased from any 4-H member or Debbie Christian, county extension agent.

4-H members cook the omelets on an assembly-line. Tea and coffee will be served also.

Proceeds will be used for 4-H activities and projects throughout the year.

The event will be over at 7:30 p.m. in time for the 8 p.m. kickoff at Wolf Stadium.

Gospel singing

The Spiritual Soul Seekers and the Spiritual Wonders will be at the Mt. Zion Baptist Church Saturday at 7:30 p.m. and Sunday at 3 p.m.

Ham operators

Area amateur radio (Ham) operators will be on the air at the Scurry County Fair September 20-21.

Anyone interested in amateur radio or computers should plan to attend. Classes are forming for amateur license study. For more information, contact Clayton Finch at 728-8309.

Homecoming

Loraine School homecoming has been scheduled for October 11-12 this year.

On Friday, October 11, the Bulldogs will host the Roby Lions.

Loraine exes will meet on Saturday with registration at 10 a.m. in the school cafeteria. A lunch will be served at noon followed by a business meeting.

County fair scheduled

Even though the annual Farm and Ranch Tour and the Homecoming Festival are this Friday and Saturday, Chamber of Commerce officials are busy working on their next event—the Mitchell County Fair—scheduled September 26-28.

Chamber of Commerce Manager Penny Solomon says a work day has been scheduled for Monday at the Mitchell County Ag Barn starting at 8 a.m.

Activities get under way next Thursday from 7:30 a.m. to noon when all departments will be open to accept entries.

Judging of all entries will be from 1-6 p.m. next Thursday and the exhibits will be open to the fair goers starting at 6 p.m.

Freeze-off entries will be accepted at 6:30 p.m. Thursday with the judging to start at 7 p.m.

The fair will be open to the public from 10 a.m. to 10 p.m. on Friday, September 27 and Saturday, September 28.

The Jest Amusement Carnival will be open throughout the fair.

Chairmen of this year's fair are Ray Ritchey and Mark Raschke.

Alton Raschke, D. M. Smith and Roxie Strain and the Agriculture Committee of the chamber are in charge of the Agriculture Department while members of the Garden Club along with Margaret Trulock and Alice Coles have charge of the Horticulture Department.

The Women's Department is divided into two divisions with Jan Dyer, Marion Craddock, Judy Bridgford, Sherry Autry and Judy Mauldin in charge of the foods and Nelma Ritchey, Sandra Watlington and Kathy Ritchey in charge of needlework.

Heading up the Youth Department are Debbie Harris, Mary Ellis, Angie Harris, Kay Harris and Doris Dockrey.

Sandra Biggs, Sissy Merritt, Earline Sellier and Marsha Dockrey have charge of the Youth Craft Department.

The Art Department is under the direction of the members of

the Brush and Palette Club and Bobbie Steakley, Jo Yancey and Jan Blassingame.

Billie Nix and Irene Brown are in charge of the Adult Craft Department, and Olman and Louise Sweat have charge of the Men's Department.

Irene Preston, Chrystene Hall, Billie Ruth Tartt and Mage Hall, Billie Ruth Tartt and Madge Shepherd are heading up the Antique Department and Grandparents' Brag Department.

Tandy Curlee is in charge of entertainment.

The Freeze-Off is sponsored by the Chamber of Commerce and the Bake-Off by the Colorado City RECORD with Earl and Sheila Plagens chairing the event.

Tom and Kit Lovell will chair the Pet Show Department. Judging will be Saturday at 12:30 p.m. Pets are due at the grounds by noon Saturday.

Penny Solomon and Dorothy Shurtleff have charge of the Booth Sales Department.

Hoover wins picking contest

Colorado Middle School eighth grader Dane Hoover was the winner in Colorado City RECORD's Jackpot Football contest this past week, missing only six of the 26 games.

Hoover will receive \$25 for his football-picking ability.

Jim Hill of Westbrook also just missed six, but Hoover's 24-6 prediction of the tie-breaker between Colorado City and Seminole put him in first place.

Since this is homecoming week at Colorado High School, the winner in the Jackpot Football this week will receive \$50.

Park, pool fund continues to climb

The donations the first part of this week may have dropped off some, but the enthusiasm for the Pool and Park Fund has not, according to Gay Houston, chairman of the finance committee of the Colorado City Park Board.

Eight donations totaling \$385 were recorded as of Tuesday at noon, bringing the fund's total to \$63,740.49.

The Park Board is hoping to raise \$125,000 to match a grant from the Texas Park and Wildlife Commission with which to

build a new swimming pool and make other improvements to historic Ruddick Park.

The latest contributors, except for those who wish to remain anonymous, include:

- Ewen Feaster
- Gene Steakley
- Mr. and Mrs. B. A. Jackson
- First Baptist Church
- Nancy X. Richardson (Weatherford)
- Blanche Turner (In memory of Mr. and Mrs. A. J. Hooks)
- Jack and Leslie Perkins

Cities, county get checks

State Comptroller Bob Bullock has sent checks totaling \$22,064.69 to Colorado City and Westbrook as their share of local sales tax.

Colorado City received a check for \$16,776.25, up slightly from the \$16,551.21 received for the same period last year. Colorado City's 1985 payments to date total \$197,593.94, an 8.08 percent increase over the 1984 payments to date of \$182,828.71.

Westbrook's check totaled \$5,288.44, up from \$1,906.51 received for the same period last

year. The 1985 payments to date total \$16,185.04, up 60.93 percent over the 1984 payments to date of \$10,056.96.

Loraine did not receive a payment this period nor for the same period last year. Loraine's payments to date are \$3,666.14, down 22.79 percent from last year's payments to date of \$4,748.

September checks represent taxes collected in sales made in July and reported to the Comptroller's Office by August 20. There are 1,005 Texas cities that levy the one-percent city tax.

Mitchell County also received a check recently, this one from State Treasurer Ann Richards for road construction and maintenance.

The check to Mitchell County totaled \$17,205.

The treasurer each year disburses money appropriated by the Legislature for the Lateral Road Program. The grants may be used by counties for the purchase of right-of-way and for construction and maintenance of lateral roads, farm-to-market roads or state highways.

Events add up to busy weekend

Farmers and ranchers, students and ex-students or a combination of the above have activities planned for them starting Friday.

The busy two days are sponsored by the Chamber of Commerce and starts Friday with the annual Farm and Ranch Tour.

Farm and Ranch Tour activities get under way at 8 a.m. Friday with registration, coffee and donuts at the Civic Center. Buses will leave promptly at 9 a.m. and will return at noon.

The tour includes seven stops including:

- a brush control demonstration on the J. W. Strain Ranch;
- parallel terraces on the Preston Morris farm;
- watermelon break at the Rogers School;
- plant population and seed rate demonstration on cotton at the Carl Guelker farm;
- a brush control demonstration on the Waddell Strain Ranch;
- cotton weed control demonstration at the Alton Raschke farm, and;
- a cotton variety demonstration, also at the Raschke farm.

John E. Ford, deputy assistant secretary for governmental and public affairs for the U.S. Department of Agriculture, will be guest speaker at the luncheon which will be catered by David Stubblefield.

Ford, a native of Lubbock, was raised on his family's ranch in the Texas Panhandle. His family has farmed and ranched in Texas for five generations.

Homecoming activities start Friday night when the Colorado High School Wolves host Denver City at 8 p.m. in Wolf Stadium.

The homecoming queen will be crowned at half-time. Candidates are Diane Gregory, daughter of Mr. and Mrs. Eddie Gregory; Denise Jackson, daughter of Mr. and Mrs. Billy Jackson; Julie McPhaul, daughter of Mr. and Mrs. Pat McPhaul; Ashley Weaver, daughter of

Mr. and Mrs. Joe Weaver; and Staci Wood, daughter of Mr. and Mrs. Charles Wood.

The Second Annual Homecoming Festival, sponsored by the chamber, will start Saturday at 10 a.m. in downtown Colorado City.

A variety of food booths and other booths are planned for the fun-filled day which will include entertainment throughout the day.

A dunking booth with coaches, school administrators and police officers as targets, is also planned and will benefit Ruddick Park.

The Ruddick Park, a fun-run from Ruddick Park to the downtown area, will begin at 6:30 p.m.

Bob Reilly, organizer of the run, said the run will begin at the swimming pool at Ruddick Park, go west on Eighth Street to Austin Street, then south on Austin to Second Street and finally west on Second to Walnut Street where the finish line will be located.

Five divisions are planned—adult runners; high school runners; middle school runners; Hutchinson runners; and walkers. The various divisions will start at different times, but all entrants are asked to be at the starting point by 6 p.m. in order to register. There will be a \$1 entry fee with the proceeds to go to Ruddick Park. Each entrant will receive a "I Ran for Ruddick Park" button. The top finishers in each division will receive T-shirts from C. C. Athletics.

The Ruddick Run should be over just in time for the Ms. Festival, an all-male beauty and talent pageant. The pageant will start at 7 p.m. at the stage area in front of the Palace Theater on Walnut Street. A number of contestants have signed up for the fun-filled event.

A street dance will be held from 10 p.m. until midnight with Roy Miles as disc jockey.

School tutorial program slated

The Colorado Independent School District will begin its tutorial program on Monday, September 23, according to Dr. Walter Bingham, assistant superintendent.

Bingham explains that there will be a certified teacher available to work with students who are falling below the minimum passing grade of 70 in either language arts, math, science or social studies.

"Parents are urged to support this program by encouraging their students to attend and avail themselves of this special help that can help them to overcome some problems in particular courses," said Bingham.

- Times for the various tutoring programs includes:
 - Kelley Elementary School (First and Second Grades Only)
 - Mondays and Wednesdays 3:30-4:15 p.m. - language arts and science
 - Tuesdays and Thursdays 3:30-4:15 p.m. - social studies and math

Proposed bill sets new directions

WASHINGTON, D.C.—The U.S. House Agriculture Committee approved this week an omnibus farm bill which will set some new directions for the nation's 50-year-old ag policy, said Congressman Charles Stenholm.

Congressman Stenholm, one of the key members of the Ag Committee, said, "We have put together a bill that preserves the rural electrification program, provides for effective supply management and prescribes

budget responsibility. This is not a perfect bill, but it has many positive factors that our ailing farming economy needs."

The new farm bill also promotes soil and water conservation. It will remove from production some 50 million acres of the least productive farmland. This will be done through set-asides and conservation reserve measures. Using recent USDA projections, Congressman Stenholm said the conservation measures will shift 45 to 55 million acres of fragile land into less intensive use. In 1984, about 27

million acres were removed from production under the 1981 act.

"By setting-aside the least productive land we are hopeful that these provisions will result in effective supply management which is so vitally needed to bring the U.S. supply in line with demand, and thus achieve an increase in the price of all farm products," he said.

The bill was reported out of committee within the budget set by the House this Spring. "In light of the growing deficit, I was extremely pleased that we stayed within our means and still produced a workable bill."

Along with preserving an income maintenance safety net for farmers, the new bill includes two sections introduced by Congressman Stenholm. His "Clear Title" and "Bases and Yields" bill were adopted. Another major difference introduced by the area's representative changes the time frame of all farm programs from the customary four-year period to a new five-year span.

Additionally, the bill provides that for five crop years, beginning in 1986, market prices for major crops—wheat, cotton, corn and rice—will be competitive due to two factors: 1) it allows for commodity price support loan rates which are closer to market conditions; 2) it includes several export expansion programs.

A closer look at the bill finds an extension of the current peanut stabilization program. Under the program, growers who supply the domestic food market can become eligible for price supports, if they keep supplies in line with consumer demand. "The peanut section of the bill will benefit both quota and non-quota holders in the 17th District," Congressman Sten-

holm said.

In the dairy portion of the bill, the provisions link future government dairy supports to changes in market demand and farm production costs. It also includes a farmer-funded surplus reduction program (stand-by diversion) for use when heavy surpluses are predicted.

The cotton section provides that the basic loan rate for each of the five years would be 85 percent of a market price average, with any year-to-year reductions limited to no more than 5 percent. Any target price payments caused by lowering cotton loan rates below the old 55 cent floor would not be subject to limitations on target payments to individual producers. Furthermore, target prices in 1986 and 1987 would be frozen at the 1985 levels of 81 cents a pound.

For producers of wheat and feed grains, the bill includes two alternative programs which could be enacted for the 1986 through 1990 crops. The first alternative would concern the basic loan rates for grain, which would be set annually by the Secretary of Agriculture between 75 and 85 percent of the average domestic market price for the crop during three of the past five years. However the loan rate could not be reduced by more than 5 percent. The secretary would then choose between two operating options: either recourse or non-recourse loans.

County to seek bids on storm windows

Mitchell County commissioners Tuesday, meeting in special session, agreed to seek bids on storm windows for the courthouse as a measure to prevent water from leaking into the building when it rains and to help keep the building warmer during the winter.

Commissioners made a tour of the building Tuesday to determine which windows and doors should be replaced after being damaged when portions of the building was recently sandblasted prior to painting.

The county received a check for \$14,000 as an insurance settlement.

In other business, the commissioners agreed to seek bids for a new pickup truck for precinct three with the bids to be opened at the regular October meeting.

County Judge Bill Carter read a portion of a letter from federal officials concerning revenue sharing funds for the 17th entitlement period.

The letter explained that funding for the period is questionable at this time and "cannot be assured."

Farm outlook

Predictions could exceed 40 percent drop

By Lloyd Bentsen
United States Senator

Texas farmers are watching their incomes take a nosedive this year.

Back in May, when I asked economists with the Texas A&M Agricultural Extension Service to compare our state's net farm income for 1984 with 1985, they predicted a 20 percent drop.

The situation has grown steadily worse since then. A&M recalculated its projection in late July—using new numbers from the U.S. Department of Agriculture—and predicted that Texas farmers would have 40 percent less net income this year than they had last year.

This continuing plunge in farm income echoes the fall in our nation's agricultural exports, which totaled \$38 billion in 1984. In December, the U.S. Department of Agriculture had predicted exports for 1985 would reach \$36.5 billion, but that

forecast has deteriorated steadily. In August, USDA announced farm exports will reach only \$32 billion, a 16 percent drop in one year.

The deficit-bloated dollar has helped cause the drop in farm income and exports by throwing farm prices out of whack. For example, the dollar has increased 63 percent since 1981 against the guilder of the Netherlands, where Rotterdam is a center for the world grain trade.

In 1981, a Texas farmer could sell his wheat at the dock in Houston for \$5.25 a bushel, which was 11.44 guilders to a Dutch buyer. In 1985, our farmer gets less, \$4.11 a bushel, but the Dutch customer pays more, 14.59 guilders. The farmer's price dropped 22 percent while the customer's price went up 28 percent.

This helps decrease sales abroad, causing surpluses of our farm goods and compounding

the problem with prices. Compared to the first half of 1984, prices for farm products in Texas have fallen 40 percent for eggs; 29 percent for cotton; 8 percent for wheat, corn and milo; and 14 percent for broilers. Prices for feed cattle dropped 18 percent just in the month of July.

As income plummets, farmers are finding it increasingly difficult to pay their loans. The Farmer's Home Administration reports that this year's farm loan delinquencies in Texas were 62 percent at the close of the first quarter. They were 60 percent at the same time last year, but only 32 percent in 1980.

A Plainview auctioneer, for example, reports that farm bankruptcy sales there jumped from two last year to eight this year. In Dawson County, an agricultural banker reports that forced farm liquidations numbered 20 last year, where there

had been none five years ago. This year, there already have been 25.

The plight of our farmers is just one example of the devastating effects the enormous federal deficits are having in our country. The budget resolution recently approved by Congress leaves the impression that something is being done to reduce our federal deficits. In truth, it will leave us with deficits of \$100 billion or more well into the future.

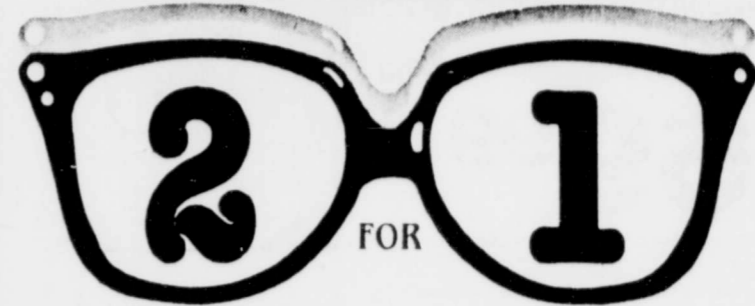

As a senior member of the Senate Finance Committee, I supported legislation to make a real cut in the deficit, a much bigger one than would get this country back on track to a balanced budget by 1990.

One of the best ways to raise farm income in Texas, and the United States, is to lower the federal deficit. That must be one of our top priorities.

Circle hears review

The Agape Circle of First United Methodist Church met in the fellowship hall September 9 at 7 p.m. for its regular monthly meeting.

After the invocation was given by Ann Brown, hostess, Nelda Garrett, and Phyllis Glover served a salad plate along with punch, coffee, cake and cookies.

Peggy Ratliff, president, conducted a short business session. She asked the nominating committee comprised of Juanita Coker, Betsy Davis and Elizabeth Elliott to give a report of officers selected for 1986 at the October meeting.

Announcements of meetings in the district included one in Lamesa September 29 at 2:30 p.m. The annual conference meeting in Lubbock is set October 4.

Erna Lou Burt was asked to read a Thank You card from Fern Brown who had been ill in Root Memorial Hospital and is at home now.

Members of the Circle voted to take their arrangement of flowers to Mrs. Strain, a resident at Root Valley Fair Lodge.

Rochelle Smith, program leader, asked the women to reconvene into the church parlor to hear a book review entitled "Omnesimus" by Lance Webb.

Present at the meeting were Elizabeth Elliott, Erna Lou Burt, Rochelle Smith, Peggy Ratliff, Ann Brown, Lonnie Pruitt, Betsy Davis, Juanita Coker, Nelda Garrett, Billie Martin, Phyllis Glover, Lil Brown and Nancy Carroll, a guest.

Auxiliary reports heard

The Ladies Auxiliary to the Wilson Wyatt VFW Post 9178 met for its regular meeting on Thursday, September 12, with president, Estella Rivera, presiding.

It was reported that ice cream and sherbet had been taken to the McDonald DAV Home by Nellie Bunch on Wednesday, September 4. Emma Lee Hill reported that ice cream bars had been provided to some 48 children and workers at the Mitchell County Day Care on Wednesday, September 11.

Allene Hill stated that the monthly check for the Big Spring Medical Center Birthday Fund had been sent in to the state treasurer. Ann Ingram reported that some 200 "Buckle Up" leaflets had been distributed.

The Program Participation program for September is "Hospital Pledge" and the members voted to send a check in to cover this pledge.

The auxiliary had as their guest, Merlene Beggs, District 8 Ladies Auxiliary chief of staff, from Anson Post 8929 Auxiliary and Melba Reaves, District 8 senior vice president, from Stamford Post 9179 Auxiliary.

Ms. Beggs was present to make an official inspection of the auxiliary and she gave a brief school of instruction. She complimented the ladies on their meetings and the projects the ladies were doing.

After the meetings adjourned all present enjoyed a salad supper. Members present were Estella Rivera, Dorothy Clark, Mary Way, Mamie Boyd, Emma Lee Hill, Irma Ann Thomas, Pauline Wood, Bonnie Storey, Judy Blackstock, Audrey Wilson, Ann Ingram, Allene Boyd Hill and the two guests, Merlene Beggs and Melba Reaves.

Mr. and Mrs. Willis Jones

Wedding anniversary

The children and grandchildren of Mr. and Mrs. Willis A. Jones will host a reception in honor of their 50th wedding anniversary on Sunday, September 22, from 2-5 p.m. in the C. C. Thompson Room of City National Bank. Their friends are cordially invited to attend.

A native of Colorado City, Jones met his wife, the former Mary Louise Melton, in Colorado City, and they were married on September 19, 1935. Their wedding was held in the First

Methodist Church. Mr. and Mrs. Ed Jones Sr. and Mr. and Mrs. A. C. Melton were their parents.

Their family includes a son, Clarke M. Jones of Midland; a daughter, Mary Louise Rich of Sterling City; seven grandchildren, Marylynn Roeber of Seminole; Kim Davis and Leslie Rich of Sterling City; Lisa Meador of Aspermont; Teresa Jones of Tucson, Arizona; and Jennifer and Andy Jones of Midland. They also have five great-grandchildren.

Baptist women install new officers

The Baptist Women Night Group met September 9 in the home of Catharine Morris, hostess.

Anna Staats, group leader, began with the reading of a poem. Louree Upton reported the Mission Projects, and Billie Roenfeldt offered a prayer before the offering was taken.

The state mission program, which preceded the Mary Hill Davis offering, was presented by several members under the direction of Earline Sellier. Texas Baptists are being asked to triple their offerings in 1985 in order to build 2,000 churches by the year 2000. The First Baptist goal is \$10,000.

Mrs. Staats used the "Praying Hands" theme to install the

following officers for the coming year:

-Betsy Aycock, group leader; Margaret Bodine and Mary Lloyd, program chairman; Louree Upton, mission action; Billie Roenfeldt, mission support; Jessie Mae Merket, historian; Joy Piland, reporter; Earline Sellier, Joy Piland and Jean Hardee, yearbook committee.

Refreshments of pound cake, finger sandwiches, tea and coffee were served to Mary Lloyd, Margaret Bodine, Doris Carter, Billie Harrison, Anna Staats, Jessie Merket, Jean Hardee, Billie Roenfeldt, Joy Piland, Louree Upton, Catharine Morris, Virginia Dearen, Jean Edwards, Betsy Aycock, Earline Sellier and Fern Culbertson.

Stenholm praises court decision

WASHINGTON, D.C.—Congressman Charles Stenholm hailed a recent court decision which overruled the enactment of a so-called "comparable worth" pay scale.

In a speech to Congress, the Stamford Democrat argued against comparable worth, which would require similar wages for dissimilar jobs. He opposed supporters of such legislation who had claimed that some jobs, because of their assumed "worth to society" should receive higher wages.

"I strongly believe that all Americans deserve equal pay for equal work," said Congressman Stenholm. "When a man and woman perform the same job, the compensation for that job should be based on the same factors. However we are confusing equal pay for equal worth with equal pay for different jobs, or comparable worth as we are calling it today."

The congressman agreed with

a judge in Washington state who overturned a decision which supported the comparable worth theory. "The government cannot determine the worth of an individual's labor or its contribution to society. That should be determined by the current market, not by bureaucrats or by the courts," he said.

A resolution has been introduced which would have appointed a panel to study the feasibility of enforcing comparable worth in the federal wage scale. The study would cost between \$1.5 million and \$2 million. However, since the ruling and floor statements by Stenholm and others, a vote on the issue has been postponed.

Congressman Stenholm also sent out a "Dear Colleague" letter to other congressmen urging them to oppose the legislation. The letter was co-signed by Congressman Marvin Leath of Waco.

Coffee And Wheezing
As far back as 125 years ago, doctors noted that strong coffee was a remedy for asthma. Now, a Canadian study verifies that the caffeine in two cups of strong coffee can significantly relieve asthma symptoms in young patients with chronic cases. Caffeine was found to be as effective as theophylline, a standard prescription asthma medication. The researchers were quick to the point out, however, that caffeine is not a replacement for theophylline or a remedy for older patients. Caffeine works for children because their bodies easily break it down into theophylline. Adults have a harder time. Caffeine may be viewed as a temporary alternative for chronically asthmatic children when their prescribed medication is not readily available.

Previously owned vehicle sales are up

By Jim Mattox
Attorney General
Although there are many new

cars on the market these days, the majority of car buyers are looking at previously owned ve-

hicles. The advantage is in the lower cost, of course. But you should be careful when picking out that used beauty.

Attorneys in my Consumer Protection Division recommend that you look in your public library for various consumer magazines rating cars. These magazines can give you data on specific models and years of automobiles. Data on frequency of repairs and costs are available, with a breakdown of the trouble areas for each type of car.

If you know exactly what kind of car you want, your best bet may be to buy from a private seller. You will want to ask the current owner questions about the condition of the car, whether it has ever been involved in an accident and why the car is now for sale.

Used car dealers are required by the Federal Trade Commission to affix a sticker to the window of each car they're selling showing the major defects. The sticker tells prospective buyers whether the car is for sale "as is," with no warranty or details the warranties. Most cars are sold "as is," and the slogan "let the buyer beware" is most appropriate in such cases.

When purchasing either a new

or used car, it is important to take it for a test drive and have a mechanic you trust inspect the engine. You can check things like tires and shock absorbers yourself. For example, you should look at the tires to see if they are unevenly worn, which may indicate an alignment problem. Heavy wear on tires may reflect an odometer rollback if the car shows only a few thousand miles' use.

One way you can check to see whether the odometer has been rolled back is by contacting previous owners. You can get the names of these persons by calling the Texas Department of Highways and Public Transportation at (512) 465-7651 or 465-7445. You will be charged a

small fee for this service. You can also compare oil change stickers and inspection stickers to see if they are close to the mileage registered on the odometer.

If you need more help or information on this or other consumer problems, contact your nearest Attorney General Consumer Protection Office (in Austin, Dallas, El Paso, Houston, Lubbock, McAllen and San Antonio). The Attorney General's Office is the people's law firm. We're here to help you.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOVEMBER 5, 1985

PROPOSITION NO. 1 ON THE BALLOT

Sections 1 and 2 of House Joint Resolution 6 propose a constitutional amendment that would authorize the Texas Water Development Board to issue an additional \$980 million of Texas Water Development bonds.

The additional bonds to be issued will be dedicated for deposit in the Texas Water Development Fund, with \$190 million of those bond proceeds to be used for water supply loans and facilities acquisition and with \$400 million of those bond proceeds to be used for state participation in the acquisition and development of facilities for storage, transmission, transportation, and treatment of water and wastewater. Of the remaining bonds authorized, \$190 million will be dedicated for use in water quality enhancement projects, and \$200 million will be dedicated exclusively for flood control projects.

The amendment would also allow the legislature to provide for the creation, administration, and implementation of a bond insurance program to which the state pledges up to \$250 million of its general credit to insure payment of the principal of and interest on bonds or other obligations issued by political subdivisions of the state for water conservation, water development, water quality enhancement, flood control, drainage, recharge, chloride control or desalinization. Unless authorized to continue by a two-thirds vote of the members of each house of the Legislature, the bond insurance program will expire on the sixth anniversary of the date on which this section becomes a part of the constitution. Bond insurance issued before expiration of the program will not be affected by such expiration.

The amendment would authorize the legislature to create and appropriate money to special funds in the state treasury to make grants, loans, and other financial assistance available to governmental entities for certain enumerated water planning purposes. Also, the legislature would be permitted to extend the benefits of constitutionally approved water projects to nonprofit water supply corporations.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the issuance of an additional \$980 million of Texas Water Development Bonds, to create special water funds for water conservation, water development, water quality enhancement, flood control, drainage, subsidence control, recharge, chloride control, agricultural soil and water conservation, and desalinization, to authorize a bond insurance program, and to clarify the purposes for which Texas Water Development Bonds may be issued."

PROPOSITION NO. 2 ON THE BALLOT

Section 3 of House Joint Resolution 6 proposes a constitutional amendment that would allow the Texas Water Development Board to issue and sell Texas agricultural water conservation bonds in an

amount not to exceed \$200 million, if authorized to do so by a two-thirds vote of the members of each house of the legislature. The Texas agricultural water conservation bonds would be general obligations of the State of Texas, and would be paid from the first money coming into the state treasury in each fiscal year. The amendment would allow Texas agricultural water conservation bonds to be issued and sold only for four years after the date on which this Act becomes a part of the constitution.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance and sale of \$200 million of Texas agricultural water conservation bonds."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 54 proposes a constitutional amendment that would permit the legislature to authorize a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property if such relocation or replacement is done in conjunction with or immediately following the relocation or replacement of water mains serving the property. Any legislative enactment permitting the expenditure of funds for such purposes would authorize the city or town to fix a lien on the property, with the owners' consent, for the cost of relocating or replacing the water laterals, and would provide that such cost shall be assessed against the property, with repayment by the property owner to be amortized over a period not to exceed five years at the rate of interest set by law. Such liens could not be enforced until after five years from the date the liens were affixed.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to enact laws permitting a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 21 proposes a constitutional amendment that would authorize the use of the proceeds from the sale of permanent school fund land to acquire other land for the permanent school fund. Currently, the constitution requires that proceeds from the sale of such land be invested in certain bonds and other securities.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing proceeds from the sale of land dedicated to the permanent school fund to be used to acquire other land for that fund."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 89 proposes a constitutional amendment that would enable the legislature to regulate the provision of health care by hospital districts by determining

the services the district must provide, by setting requirements a resident must meet in order to qualify for services, and by determining any other relevant provisions necessary for providing health care to residents.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to regulate the provision of health care by hospital districts."

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment that would enable the State of Texas to enter into an agreement with another state to confine inmates from the state of Texas in penal or correctional facilities of the other state.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to permit state prisoners to be placed in penal facilities of another state pursuant to an interstate agreement."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 27 proposes a constitutional amendment that would authorize the commissioners court of Chambers County to divide Chambers County into not less than two and not more than six justice precincts. Under current constitutional law, Chambers County may be divided into not less than two and not more than five justice precincts.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing Chambers County to be divided into two to six precincts."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment that would grant an additional \$500 million in bonding authority to the Veterans' Land Board for the veterans' housing assistance program. Under the current constitution, the Veterans' Land Board is authorized by Article III, Section 49-b-1 to issue and sell not more than \$800 million in bonds, \$500 million of which may be used for the Veterans' Housing Assistance Fund. This amendment would increase that authorization to permit the issuance and sale of up to \$1.3 billion in bonds, \$1 billion of which would be used for the Veterans' Housing Assistance Fund. In addition, the amendment would remove the current definition of "veteran" from the constitution and permit the legislature to redefine "veteran" as the changing times and circumstances require.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing \$500 million in additional bonding authority for the veterans' housing assistance program and changing the definition of those veterans eligible to participate in the veterans' land program and the veterans' housing program by authorizing the legislature by law to define an eligible veteran for the purposes of those programs."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 72 proposes a constitutional amendment that would permit the legislature either to enact a statute or to attach a rider to the General Ap-

propriations Act to require prior approval of the expenditure or emergency transfer of any funds appropriated by the legislature to state governmental agencies.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to protect public funds by authorizing prior approval of expenditure or emergency transfer of state appropriations."

PROPOSITION NO. 10 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that would authorize the legislature to provide for the issuance of general obligation bonds, the proceeds of which would be deposited in a fund to be known as the farm and ranch finance program fund. The fund would be administered by the Veterans' Land Board and would be used to make loans and provide other financial assistance for the purchase of farm and ranch land. The amount of bonds outstanding at any one time would be limited to \$500 million. The principal and interest that becomes due on such bonds in each fiscal year would be paid from amounts remaining in the interest and sinking fund at the close of the prior fiscal year, with the balance due to be appropriated from treasury revenues in the fiscal year when such amounts become due.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of general obligation bonds to provide financing assistance for the purchase of farm and ranch land."

PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 16 proposes a constitutional amendment that would define indictments and informations as instruments charging a person with the commission of an offense, and would delete certain technical requirements as to the form of writs and processes.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the manner in which a person is charged with a criminal offense and to certain requirements applicable to state writs and processes."

PROPOSITION NO. 12 ON THE BALLOT

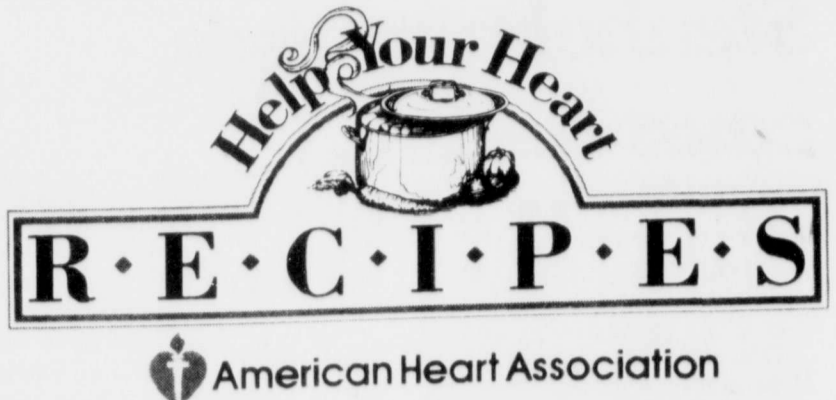

Senate Joint Resolution 10 proposes a constitutional amendment that would grant the Texas Supreme Court and the Texas Court of Criminal Appeals jurisdiction to answer questions of state law certified from federal appellate courts. In addition, the two courts would promulgate rules of procedure relating to the review of those questions.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment granting the Supreme Court of Texas and the Court of Criminal Appeals of Texas jurisdiction to answer questions of state law certified from a federal appellate court."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 14 proposes a constitutional amendment that would create a board with responsibility for the reapportionment of judicial districts, subject to legislative approval. The amendment would provide for the continued power of the legislature to provide for judicial reapportionment, and would provide that reapportionment

Take advantage of your garden's or your grocer's abundance of fresh cucumbers with this two-way recipe. Either way, cold cucumbers are a refreshing appetizer or side dish on a scorching summer day.

Tangy Cucumbers — Two Ways

- | | |
|-------------------------|------------------------------|
| Marinade | Sauce |
| 1/2 Cup Cider Vinegar | 1/2 Cup Low-Fat Plain Yogurt |
| 1/4 Cup Sugar | 1 Teaspoon Sugar |
| 1/4 Cup Fresh Parsley | 1 Teaspoon Dry Mustard |
| Chopped | |
| 4 Green Onions, Chopped | |
| 3 Medium Cucumbers | |

In a medium bowl, combine the first 4 ingredients. Refrigerate until cool.

Peel cucumbers, if desired. Cut in half lengthwise and scrape out seeds with spoon. Cut the cucumbers crosswise into thin, half-moon slices. Put into bowl with vinegar marinade and refrigerate for 1-2 hours.

Drain cucumbers and toss with sauce.

Option

Cucumbers may be served with marinade only.

Yield: 4 Servings
Approx. Cal Serv: 100

Recipe Tip: Serve a light, delectable appetizer before a meal. Plan an appetizer to tease the appetite, not drown it. Make sure cold appetizers stay cold and hot appetizers are kept hot.

Flowers are topic of B&PW meeting

The Loraine Business and Professional Women met at the Lions Club at 7 p.m. Monday for a regular meeting. Dorothy Johnson brought the program.

Billie Ruth Tartt, president, recognized guests and introduced Mrs. Johnson.

Mrs. Johnson, a master judge of the National Council of Garden Clubs gave a demonstration on "Flowers for your home." For her first arrangement, she used dried flowers in a windmill and tank. The flowers were arranged in the tank with ribbon flowing from the mill representing water and this was a free form design.

She showed a silk arrangement of crocus which she puts out only while crocus are in season and blooming.

An arrangement of periwinkles and Indian coleus were used in a glass bowl, showing the glass marble balls in the vase to hold them in place. She bruised the stems to condition them, so they will last longer because they soak up the water better than a straight stem.

On the road between here and Robert Lee she had gathered swamp grass. With this grass she made a vertical balance by snipping off the canes of the larger heads arranged in an Indian vase. Another hint was do not cut cane at the joints or between the joints, because they will absorb more water. She showed a silver basket that held silk roses. "Never have a perfect symmetry," she said, this was said by Dutch people in the 13th century. She demonstrated how to build a wild flower arrangement. She gave many hints, such as never have flowers in the same height in a bud vase, and that no leaves are better than bad leaves.

She ended her discussion with how to condition flowers—on gathering them, put them immediately in warm water (up to the neck).

On October 19th, members will meet at the Lions Club at 9 a.m. for the advertised "Clean up Day." This is for the entire town to have a part in.

The club is sponsoring this project but all residents of the town must cooperate and be responsible for their yards and lots if at all possible.

October 21-26 is National B&PW Week. The local members plan to go to Mac-Michael's at 6:30 p.m. on October 21st.

Margaret Brame and Helen Williams were hosts for the evening. They had European goodies that Mrs. Brame brought from Europe. Smoked cheese and napkins were used that she had purchased in Holland and also chocolates. Hard candies bought in Italy and soft candies from Germany, were also served with coffee, tea and

punch. Guests were Cecil Martin, Nina Meadows, Debbie Alkire and Jeannine Rundell.

Wheeler hosts homemakers

The North Loraine Extension Homemakers met in the home of Mrs. Raymond Wheeler at 2:30 p.m. Wednesday, September 4th.

Mrs. Hubert Meadows gave the opening prayer. For recreation the story "The Little Green Snake" was read. Roll call was answered with each giving "A sign that fall is here."

During the business session, plans for work at the food booth during the upcoming fair was

made and food preparations were assigned.

Nominating committee was named to select nominees for club officers in 1986. They will be voted on at the next meeting.

Ms. Debbie Christian, extension agent, brought the program on "Women and estate planning." During her talk, she stressed the importance of a will. She said some thought not having a will would prove less expensive, but this is not true in most cases. She added the use of legal expertise as the best method.

A brochure "Setting Your Household In Order" was handed out showing a method of keeping a complete inventory of your estate at all times. A member of the family, a close friend or a legal person in whom you have confidence should know where the information is concerning all your estate.

She also advised keeping a will up-dated, since changes in the laws continue to be made.

The hostess served refreshments to: Mmes. J. E. Price, J. M. Templeton, Hubert Meadows, Jack Linam, T. L. Holman, Roy Wells, Jimmie Jacks, and the agent, Ms. Christian.

Wolves on their way to No. 3

By Tony Franco
Sports Editor

Don't look now, but the Colorado City Wolves are into week three of the 1985 football season and have yet to lose a game.

If the Pack keeps it up, they might cause some people to forget all about last year's team that shot off to a 7-0 record enroute to a final 11-2 mark and a regional finals playoff spot.

The Wolves opened the season with a 33-14 victory at Slaton two weeks ago and last Friday beat Seminole 10-6 here at Wolf Stadium.

Coincidentally it marks at least the third straight year that the Wolves have begun the season with a 2-0 record.

Tomorrow night it's Homecoming against Denver City and against the Mustangs the Wolves have a shot at posting a consecutive 3-0 start.

Some might not consider it a coincidence. Other words that come to mind are attitude and tradition—both very good traits in any winning program.

Consistently good starts "sure make it nice," said CHS head coach Tom Ramsey.

Is the Pack quietly forming a winning habit?

"We're trying to," said Ramsey. "It's a good habit."

Slaton, Seminole and now Denver City, all belong to the same district, but the difference is that the Mustangs—along with Post—are picked to be contenders for one of districts 3-AAA's two playoff spots.

"It will be a hard fought contest," said Ramsey.

The Mustangs have experience in 19 seniors that include seven offensive and six defensive starters from a 1984 3-6-1 team.

Denver City has yet to win a game this season—losing to two top AA schools in Shallowater and Morton.

Senior Wade Bullock and Steve Robles—both at 224 pounds—have been leading a Mustang offense that has averaged 4.6 yards per offensive carry.

Chris Gravitt "is going to tote the mail" for the Mustangs said Ramsey.

Gravitt was last year's quarterback but Denver City is using his speed as an I back this year.

Dimas Herrera, who quarterbacked the JV last year, will be directing the Pro 1 offense.

"They throw it more than Slaton and Denver City," said Ramsey.

James Esquivel is a returning 180 pound fullback that primarily blocks.

Colorado City's defense has carried the Wolves in their two victories. The offense has shown flashes of being able to move, but will really have to come along tomorrow night because its certain Denver City hasn't forgotten the 50-9 embarrassment they suffered to Colorado City at their homecoming last year.

"We've got to establish an inside game again in order to make the outside stuff go," said Ramsey.

"We're getting after it (on defense)."

"I don't know that anyone has driven on them. Teams have scored after turnovers in their end of the field."

Homecoming kickoff is set for 8 p.m.

Lone Wolf tourney

Girls take third Saturday

Colorado High School's varsity volleyball suffered its first loss of the season during last weekend's Lone Wolf tournament, but rebounded to take

third place with a come from behind victory over Miles. The Bulldogs from Miles won the first game 16-14, but the Wolves won the second game

15-10 to force a third and deciding game. Colorado City, now 4-1 on the year, went on to win the third game 15-9.

The Wolves almost pulled the trick in their second round loss to Water Valley but second game leads of 10-0 and 14-5 went for naught as Water Valley came back to take a 16-14 win to go with their 15-6 victory in the second game.

The Wolves had opened the tourney with a 15-6, 15-4 victory over the Clyde Bulldogs in which Colorado City's second unit played the entire second game.

Water Valley went on to take first place after beating the Wolves with a championship game victory over Mertzson, also known as Irion County.

Mertzson reached the finals with victories over Colorado City's junior varsity and Miles.

Water Valley led off with a victory over Merkel but the show was practically stolen by the Wolves' junior varsity.

After losing to Irion County, the JV squad posted two victories over varsity clubs Aspermont and Clyde to claim consolation.

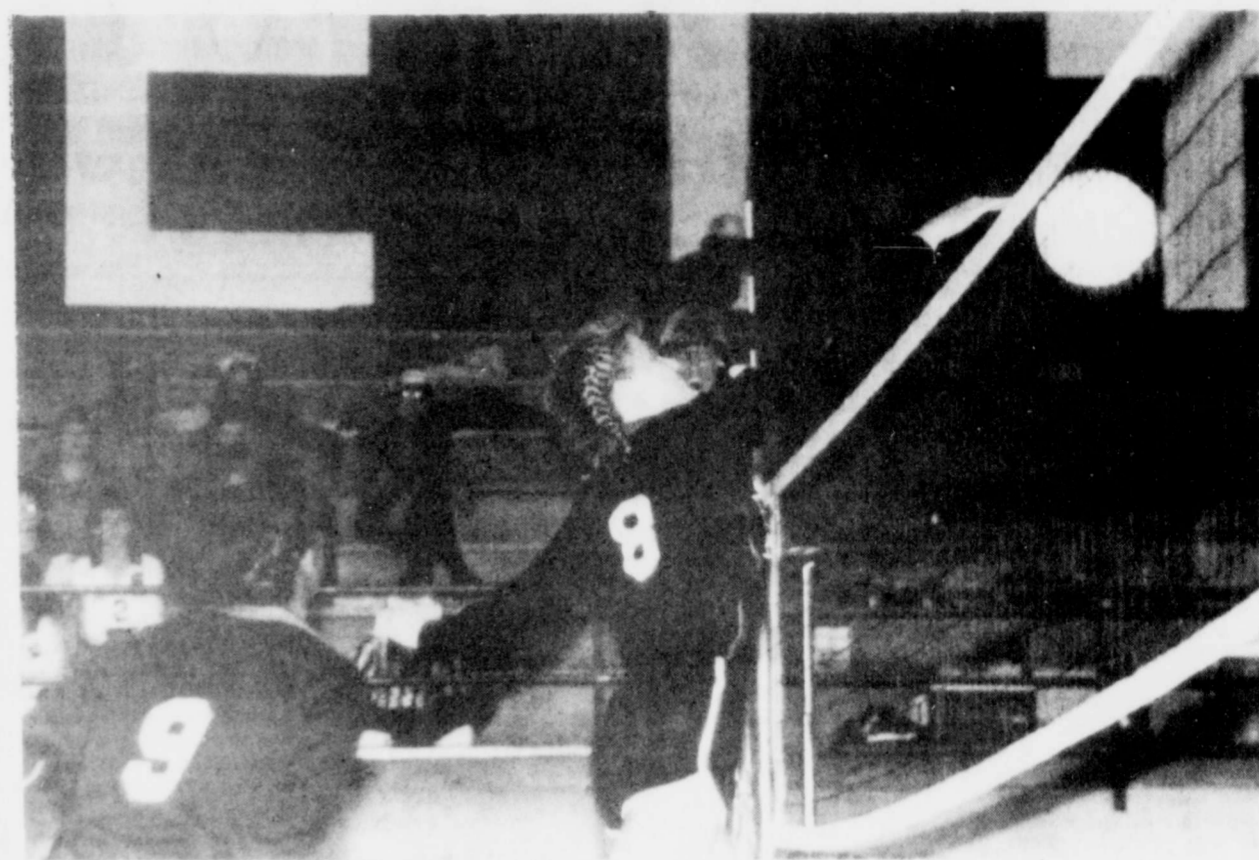

The junior varsity lost to Mertzson 15-8 and 15-12, but even then showed a lot by making the second game score a little respectable after trailing by as much as 14-7.

After the loss, the Wolves beat Aspermont 15-12, 15-12 and followed that by coming back on the Clyde Bulldogs for a 12-15, 15-13, 15-9 victory in the consolation finals.

The varsity Wolves, who placed Jody Huff on the All-Tournament team, "got too relaxed" during their loss of the second game of the second match after leading 14-5.

Coach Cindy McMillin also revealed that the Wolves had a total of 38 missed serves.

The junior varsity squad, 3-3 on the year, also had over 30 missed serves and placed Robin Edwards on the All-Tourney team.

THE WOLVES Sherry Fite (8) shows the touch in a Colorado High School varsity match during the Lone Wolf volleyball tournament held here last Saturday. Also pictured is fellow senior Yolanda Lee.

JUNIOR WYLIE DAKAN practices his kicking prior to Colorado City's 10-6 victory over Seminole last Friday night. Holding for Dakan is Robert Lemons. The Wolves host Denver City for Homecoming tomorrow night.

Next two games are crucial to Bulldogs

By Tony Franco
Sports Editor

The Loraine Bulldogs are now 0-2 in the 1985 football season after last Friday night's 25-6 loss at Robert Lee.

The Gold and Black opened the season with a 26-0 loss to a tough Mertzson team at home two weeks ago.

Some Bulldog followers, especially those who remember last season's 5-5 record, might be wondering what's wrong.

A closer look at last year's team, though, reveals that the '85 Bulldogs were in the same predicament.

"The next two games are crucial," said Loraine High School head coach Sandy McSpadden, in his second year at the Bulldog helm. "We need to win to get our momentum going."

Offense has been a big setback for the Bulldogs.

"Offensive turnovers have kept us from doing to people what they have been doing to us," said McSpadden.

Loraine turned the ball over seven times in the loss to Robert Lee and three of those spotted the Steers three quick scores.

Through the air, the Bulldogs have completed one of 12 passes with five interceptions.

"We're not mentally into it," said McSpadden. "Turnovers have kept the defense on the field too long. Most players go both ways."

Loraine has some 17 players with a few down with injuries.

The first of Loraine's next two games is at Abilene Christian High School and the second one is against Snyder's junior varsity.

"It's going to be tough. The film we got on them doesn't work in our video machine and we don't have anybody to scout for us."

Coach McSpadden said some bright spots on the team included the defensive secondary, which "has been making real good plays for us."

Defensive end Ector Castro has 33 tackles and "has been a real, real good surprise for us."

McSpadden said he is thinking of possible changes in his offense, where Billy Mayes has been an "outstanding" runner and Duane Linam a "durable" runner.

"We've had some setbacks, but I expect them to rise to the occasion," said McSpadden. "I feel like these kids are winners,

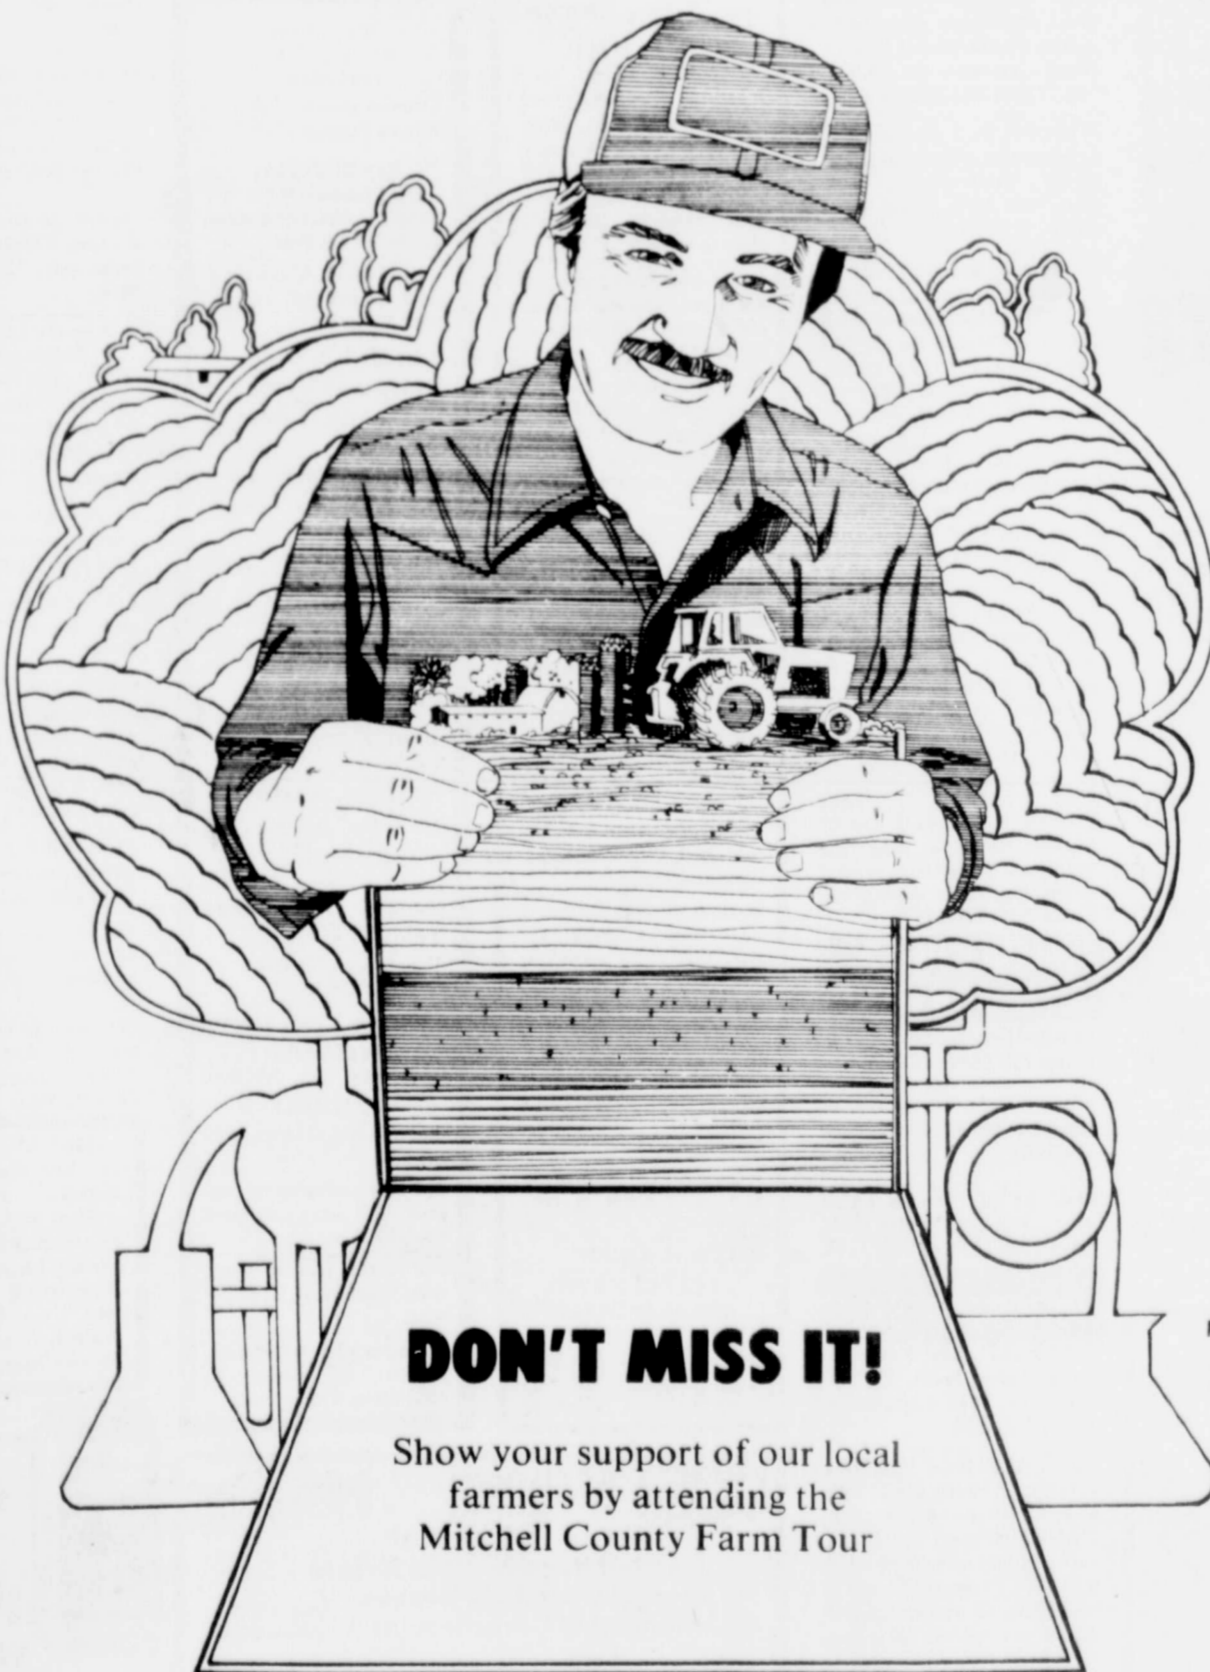

not quitters."
"I look for them to have a real good game."
Kickoff at Abilene is set for 8 p.m.

How about a change of tune?

For a refreshing change of pace, come and enjoy the Abilene Philharmonic Orchestra in a season full of spine-tingling performances. Bradbury assigned

Airman Robert G. Bradbury, son of James D. and Ann R. Bradbury of Colorado City, has been assigned to Sheppard Air Force Base, Texas, after completing Air Force basic training.

During the six weeks at Lackland Air Force Base, Texas, the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree through the Community College of the Air Force.

The airman will now receive specialized instruction in the aircraft maintenance field.

CMS girls remain unbeaten

Colorado Middle School volleyball teams remained unbeaten after their second matches of the year at Merkel Monday night.

The 16-10, 15-12, 16-14 victory by the seventh graders and the 15-2, 16-14 win by the eighth grade Wolves followed season opening victories over the Badgers here last Tuesday night.

Both 2-0 squads will be playing in a Big Spring tournament Saturday.

Payne hosts Baumann Club

Mrs. Cullen Payne has hosted for the Baumann Extension Homemakers when they met for the first meeting of the new club year.

Ms. Debbie Christian, extension agent gave a very interesting and informative talk on "Women and estate planning."

She stated that it is very important to have a will and to keep it up to date. Get legal counsel regarding any matter you might not understand and keep all information in a safe place. A relative or close friend needs to know where it is and what your wishes are.

The club made plans to help other county clubs in the kitchen during the fair which is scheduled for Sept. 26-28.

The next meeting will be with Mrs. Bernice Hallmark. The program is to be on "Safety."

Ruth Class met Thursday

The Ruth Class of First Baptist Church in Loraine met in the home of Mrs. Pauline Smiley at 2:30 p.m. Thursday for their September meeting. Mrs. Agnes Haney was co-hostess.

Mrs. Smiley presided over the meeting and reports were given. Mrs. Frances Porter brought the devotional reading the first chapter of Ecclesiastes, which tells of Solomon in his old age. He was called the wisest man in the world and his later life was not lived for God and he said "all is vanity, vanity without God." She closed her talk by reading the poem "Years as we grow older."

During the business, the nominating committee recommended to keep all officers for the new year and they were elected. They are president, Clara Butler; vice president, Pauline Smiley; secretary, Eathel Mearse; corresponding secretary, Agnes Haney and treasurer, Pauline Smiley.

Projects were discussed and a salad plate, dessert and drinks were served.
