NEGRO IS HELD FOR SLAYING

ESCAPED CONVICT OF TEXAS CONFESSES DOUBLE CRIME

(By The Associated Press)

LITTLE ROCK, Ark., Feb. 24—A negro who officers said confessed he killed Mark Goodson, former Little Rock policeman, and then attacked Goodson's companion, Mrs. Ethel J. May, stabbing her 13 times and leaving her for dead in a lonely field near north Little Rock the night of February 3, was held in jail here today while authorities made plans to bring him speedily to trial.

Makes Confession

Arrested in a small town near Baton Rouge, La., after a police search of three weeks, Jake Banks, 24, negro of Springdale, Texas, was returned here yesterday by Little Rock officers. After several hours questioning, the officers announced last night the negro confessed he forced Goodson and Mrs. May out of their parked automobile and, after killing the man, attacked the woman.

Mrs. May, a witness before the grand jury which February 14 indicted the negro for murder, identified him as her assailant.

Banks made his way into these parts after an escape from the state penitentiary at Huntsville, Texas, where he was serving a 99-year sentence for robbery with firearms.

Goodson is survived by a widow and seven children.

Suspect Arrested For Beating Pair

HOUSTON, Feb. 24. (AP)—A suspect in the beating and robbery of Willie Jones, 65, and his sister, Mrs. Fannie Reed, 58, was arrested here early today. Two others were sought.

Three terrorists entered the isolated home of the brother and sister, near Livingston, Sunday night. Jones was struck over the head 19 times with a pistol, investigators said. The thugs apparently were attracted by reports that Jones kept a large sum of money in the house. They took a small sum, but overlooked considerable currency. Jones and Mrs. Reed were injured seriously.

ANNUAL SOUTH PLAINS FARM, HOME MEET HELD AT TECH

A model community program, showing how residents of the Hardy community, northwest of Lubbock, conduct their regular meetings, was presented on the morning program of the South Plains Farm and Home conference at Texas Tech today. Glenn Blackman, Tech graduate, was chairman of the community meeting, and the program was the feature of the morning session.

Musical numbers, instrumental by the Hardy Players and vocal by the Community Singers, opened the program. Clyde Burleson, well known singing school leader, presided at the piano and Ezdell Merrill led the music. Minutes of the previous meeting were read by the secretary and then reports of committees were heard. H. D. Bentley read the report of the educational committee; Miss O. Merrell, of the woman's club committee; Ezdell Merrill, report on the terracing committee, and Miss Lura Hard for the program committee.

Play Presented

A one-act play, "Out of the Rut," was presented. Those taking part were George Blackman, Mrs. W. B. Blackman, Graham Hard, Mrs. George Blackman, R. D. Evans, Glenn Blackman, H. D. Bentley and Carl Vademan.

M. S. Hudson, general chairman of the conference, opened the morning session. Dr. J. O. Ellsworth led in community singing with the invocation by Rev. Walter P. Jennings. Mrs. M. S. Hudson was the program chairman.

F. L. Corbin, secretary of the state farm bureau federation, discussed the Farm Bureau federation as a unit in furthering a state program of agriculture. He told of the necessity of a "balanced program for the conference" and said that the state group had one for its work. "The state farm bureau is a

JAPS INTENSIFY OFFENSIVE IN JEHOL

FORCES WOULD WREST JEHOL FROM CHINA

JAPANESE DELEGATES LEAVE LEAGUE OF NATIONS SESSION

(By The Associated Press)

Advancing from the north across the Manchurian frontier toward Jehol City, the combined armies of Japan and Manchukuo have begun the offensive by which Japan intends to wrest the province of Jehol from China.

Chang Hai-Peng, commanding the army of Manchukuo, entered the border city of Kailu and swept on towards the southwest. On his heels came a Japanese column under General Kennosuke Mogi which entered Kailu at noon.

Snow Hinders Advance

Farther to the south the invaders, having taken the railroad towns of Nanling and Peipiao, struck for Chaoyang, second largest city in the province. In both sectors heavy snow hindered the advance.

Meantime, at Geneva the League of Nations assembly adopted its report condemning Japan's policy and the Japanese delegation walked out. There is to be one more meeting of the assembly, after which W. W. Yen, the Chinese delegate, is going to Moscow, according to an announcement at Nanking.

Reports from Changchun, capital of the state of Manchukuo, said 60,000 Japanese and Manchukuoan troops had Jehol City as their objective. Chinese troops opposing them were said to number 150,000. There was heavy snow throughout the region.

Veterans In Army

The troops pointed towards Chaoyang, the second largest city in the province, consisted chiefly of Japanese veterans who participated in January in the seizure of Shanhaikwan, Chinese coast city, south of the great wall.

Peiping advices said Chaoyang was besieged by 30,000 troops. This information came from General Tang Yu-Lin, governor of Jehol province. Nanling and Peipiao also have been abandoned to the invaders, it was admitted.

SUSPECTS FREED IN KIDNAP CASE

DENVER, Feb. 24. (AP)—Collapse of police cases against three men, whose arrests authorities had described as important steps toward solution of the kidnaping of Charles Boettcher, 2nd., wealthy broker, today brought the case into a seige of watchful waiting and surmises of what the county grand jury would do in its investigation.

The release of O. E. Stevens, Colorado Springs resort owner and two other men caved in temporarily the investigation police are conducting independent of Claude K. Boettcher, multimillionaire father of the missing man.

Stevens, who told authorities young Boettcher had owed him for more than a year a $1,200 gambling debt, was not required to post the $5,000 bond allowed him under habeas corpus proceedings which were quashed after Chief of Police A. T. Clark ordered his release.

Walsh Will Marry Rich Havana Widow

MIAMI, Fla., Feb. 24 (AP)—Senator Thomas J. Walsh of Montana, 74-year-old veteran of Washington's congressional halls, flew from Miami today for Havana where he will be married tomorrow to Senora Nieves Perez Chaumont De Truffin, widow of a wealthy Havana business man.

Their honeymoon "will be a trip from Havana back to Washington," Senator Walsh said before boarding the Caribbean clipper for the two-hour flight to the Cuban capital.

SON-IN-LAW OF CHICAGO MAYOR SAYS VICTIM OF ASSAILANT HAS LITTLE CHANCE TO LIVE

(By The Associated Press)

MIAMI, Fla., Feb. 24.—Dr. Frank Jirka, son-in-law of Mayor Anton Cermak of Chicago, said today he considered the mayor, wounded by an assassin's bullet, had little chance to live, but Dr. Frederick Tice, Chicago heart specialist said:

"Human life is too complicated to place it on a valuation of chances on the one side against chances on the other. There are too many factors to be considered.

Dr. Jirka's statement was made after members of the mayor's family had visited him at the hospital.

Family In Tears

The family left the room in tears after a brief stay.

Dr. Tice said preparations were started at 11:45 a. m. to administer another intravenous injection of glucose, a food substance being pumped into the veins in an attempt to aid vitality.

State Senator Richey V. Graham of Illinois and Mrs. Graham, son-in-law and daughter of Cermak their daughter Virginia and Mrs Jirka, wife of the attending physician, and little Marinalla Jirka, seven-years old were those who went into the room, in addition to Mrs. Floyd Kinlay, Cermak's daughter.

Dr. Tice said the family had requested to see the mayor. Previously, they had been allowed to visit him only a few times.

Mrs. Jirka, daughter of Mayor Cermak, broke down during a discussion with Dr. Tice just after her arrival at the hospital.

Members of the family were taken in to the mayor's room one by one.

Father Sidney J. Morrison of St. Bartholemew's church, Chicago whispered briefly with Drs. Myers and Tice in the corridor.

Dr. Jirka said chances that the mayor will live can not be narrowed down to an estimate of hours.

THREAT CASES ARE DELAYED

THREE CHARGED WITH LINDBERGH PLOT TO FACE GRAND JURY

(By The Associated Press)

ROANOKE, Va., Feb. 23—Three young defendants charged with attempting to extort $50,000 from Colonel Charles A. Lindbergh by threats to harm his second son were bound over to the federal grand jury meeting on July 3 when their cases were called this morning before United States Commissioner Charles D. Fox.

In continuing the cases Commissioner Fox allowed release of Joe Bryant, 19, and Norman Harvey, 26, who have been held in jail since their arrest after Bryant attempted to cash a $17,000 "planted" check, under bond of $1,000 each. Harvey's wife, Elsie, the third defendant has been at liberty under $5,000 bond obtained at a time the two men were unable to secure the heavy bonds previously demanded for them.

The hearing lasted only a minute or two. R. Lee Carney, who is associated with James P. Hart, jr. as counsel for Bryant, told commissioner Fox that it had been agreed between counsel that the cases be set over until the grand jury day in July.

Carney said the government counsel has agreed to take Bryant's parents on his bond even though they owned no properity.

District Attorney Joseph C. Shaffer said he was entirely agreeable adding that the continuance was not for arraignment before the grand jury, but for a hearing before the commissioner.

Use Of Farm Crops For Alcohol Urged

WASHINGTON, Feb. 24 (AP)—The possibility of using surplus farm crops for the production of alcohol as an aid to agriculture is being studied at the request of President-elect Roosevelt.

A report prepared by Dr. James M. Doran, commissioner of industrial alcohol, is ready for presentation to Roosevelt next Saturday. While Doran would not divulge any details, he said his study had convinced him that the plan "has real possibilities as farm aid which would cost the federal treasury nothing."

Dallas High School Student Abducted

DALLAS, Feb. 24. (AP)—William Diehl, 16-year-old high school student, was kidnaped by two white men and a negro as he returned home from school yesterday and was held captive several hours in a house near Garland.

Diehl said he escaped when he surprised a man left to guard him and struck him over the head with an ash stand. He went to Garland to report the incident and then was brought to his home here.

REDMAN TRIAL UNDERWAY

JURY COMPLETED AND TESTIMONY STARTED IN MURDER CASE

TAHOKA, Feb. 24.—(Special)—Trial of Mrs. Ola May Redman, charged with murdering Howard Chase, June 8, 1931, began in district court here this morning, after two jurors were selected to complete the deliberating body.

Milton Gollehon, who found Chase's body, and Sheriff W. F. Cato of Garza county, the first peace officer to arrive at the scene, were the only witnesses this morning.

G. H. Nelson, district attorney, and Truett Smith, Lynn county attorney, are the prosecutors. N. C. Outlaw of Post and J. E. Vickers of Lubbock are defense counsel.

A former trial of Mrs. Redman in 106th district court here resulted in a mistrial when jurors were unable to agree. That trial ended last October 5.

At the previous trial, Mrs. Redman detailed slaying of Chase, a farmer. She said they left the A. N. Chase home about 10 o'clock the night before the body was found the following morning, and that they drove to a place near her mother's home southwest of Post. She testified she tried to get out of his car, and that he struck her with a pistol and made her stay in the automobile. After a scuffle, Chase stopped the car, and she said he reached over her lap into the pocket of the car "for a pistol." Mrs. Redman said she picked up a pistol she had seen on the seat of the automobile and shot Chase once in self-defense.

Arrest Of Trio In Robbery Expected

FORT WORTH, Feb. 24 (AP)—Arrest of the three principals in Tuesday night's mail robbery here by Saturday night was promised today by government inspectors working on the case.

J. W. Adamson of Austin, postal inspector, said the investigation had centered in three Texas cities which he declined to name.

Adamson also refused to reveal the loss in the robbery except to say that it was "a large amount," consisting of currency sent by the federal reserve bank at Dallas, some silver and postage stamps.

PEIPING, China, Feb. 24 (AP)—George Bernard Shaw viewed the great wall of China from an airplane at a height of 8,000 feet today but had nothing to say regarding his experience.

Shaw, with his wife and a few others, flew in the private plane of Marshal Chang Hsiao-Liang, commander of North China military forces.

"MA" ALLEGES TEMPLE MAN CONFIRMED

SAYS MAJORITY VOTE IS SUFFICIENT FOR CONFIRMATION

(By The Associated Press)

AUSTIN, Feb. 24.—Governor Miriam A. Ferguson's determination to have Frank L. Denison of Temple as chairman of the highway commission today had apparently precipitated a finish contest with the state senate, probably to be echoed in the courts.

The senate referred to its committee on rules a written request of Governor Ferguson that she be appraised of the results of the vote

TO REVEAL VOTE

AUSTIN, Feb. 24. — (AP)—The senate committee on rules voted today, 6 to 3, to recommend that the senate comply with Governor Miriam A. Ferguson's request that she be informed of the exact vote yesterday on confirmation of F. L. Denison, of Temple, as chairman of the state highway commission.

on Denison's confirmation on yesterday and announced he had been rejected.

Majority Held Sufficient

Governor Ferguson contends that if he received a simple majority of the votes of the senators he was confirmed, arguing it does not require a two-thirds favorable vote where an appointee is proposed to fill an office where the term of the incumbent expires.

When the governor's letter was read to the senate, Senator Walter Woodward of Coleman proposed it be sent to the rules committee.

Objection was raised by Senator Roy Sanderford of Belton, who proposed that the information asked be communicated to the governor.

Woodward raised a point of order that the communication be involved a change in rules and a matter that count not be discussed in open session.

Would Reveal Vote

Senator Will Martin of Hillsboro said he believed the governor should be informed how the vote stood on Denison's confirmation without di-

FOUR MORE SLAIN IN GERMAN RIOTS

BERLIN, Feb. 24 (AP)—Four more persons were dead and many others injured today as the result of political rioting in various cities of the reich.

A reichsbanner man at Leipzig, and a policeman at Dortmund were slain yesterday and two opponents of Hitler died in Berlin and Hanover from previous injuries.

A leftist source told the Associated Press that leading communists feared they would be seized by the government at any moment as hostages and no longer dared to return to their homes. They were reported changing their sleeping quarters every night.

Counterfeit Notes Traced To Russia

NEW YORK, Feb. 24 (AP)—The New York Times today said the origin of $100,000 in counterfeit $100 bills, many of which were successfully passed last month in Chicago, had been traced by federal agents to Soviet Russia.

The paper said the notes were pronounced by experts to be the most genuine-appearing counterfeits ever uncovered. They were said to have been made six years ago.

ABOLITION ON BOARD SEEN

FARM BODY EXPECTED TO BE ELIMINATED BY ROOSEVELT

(By The Associated Press)

WASHINGTON, Feb. 24—Early abolition of the farm board, which was the Hoover administration's response to farm relief demands, was forecast today by friends of President-elect Roosevelt.

They expressed the opinion that the vacancy created by the resignation yesterday of James C. Stone, board chairman, would be left unfilled by the incoming chief executive. Stone resigned effective March 4.

Transfer Proposed

A group of Roosevelt's agriculture advisers, now studying reorganization of scattered federal farm organs, have recommended transfer of the board's activities to other existing agencies as one of the first steps to bring about greater centralization.

Another vacancy on the board also will go unfilled if this plan is carried out. C. C. Teague of California, resigned the vice chairmanship nearly a year ago and no successor has been named.

Stone, whose resignation was formally accepted by President Hoover, said he intends to take a "long rest" in an effort to recover from recent ill-health. His home is in Kentucky where he headed a large tobacco cooperative marketing association.

Friends of the president-elect said the actual work of reorganizing agricultural agencies will be placed in the hands of the man Roosevelt selects as secretary of agriculture, understood to be Henry A. Wallace of Iowa.

DEATH OF TWO MAY INVOLVE DOZEN MEN

POSSESSION OF SHIP HELD TO BLAME IN DOUBLE SLAYING

(By The Associated Press)

BROWNSVILLE, Feb. 24. Death rode the air at the dictates of a dozen men bent upon obtaining possession of an airplane for criminal purposes late yesterday when Erin McCall, young aspirant to a pilot's wings, shot and killed Lehman Nelson, his instructor, and then slew himself, according to an official reconstruction of the picture today.

"Twelve men are either held or are under observation for questioning," said D. S. Purl of Corpus Christi, district attorney, who came here to lead the investigation.

Flier Innocent Victim

"Nelson was an entirely innocent victim of this tragedy. He was pinch-hitting for Bill Williams, a flying instructor, and officers have no evidence that Nelson and McCall ever had spoken to each other before they went up."

Observers were amazed late yesterday when they saw the training ship veer crazily over San Benito near here, then heard the report of a pistol as the airplane neared the ground. It struck out of control and nosed over with the pilot's head hanging limply over the side of the fuselage. McCall leaped from the wreckage, took a few steps, fired a pistol bullet into his head and died instantly.

Roommate Questioned

McCall's roommate, Earl Dodson, first was held when the authorities began a hurried investigation. He talked readily. He said that McCall, a 20-year-old youth less than a year out of high school, recently had contracted a very serious disease and had been despondent lately.

In attempting to reconstruct the aerial slaying, investigators spent most of the night trying to piece together tangled elements of the mystery.

Slain In Air

That Nelson's body was cold in death when pulled from the plane indicated McCall had shot him some time before he tried to land the airplane. The officers pictured a brief

SUTTON TESTIFIED IN HIGHWAY QUIZ

AUSTIN, Feb. 24 (AP)—J. W. Sutton, of Houston, who said he was engaged in the bond business, testified before the Texas senate sitting as a committee of the whole today as to the value of certain securities held in escrow to guarantee payment of county road building funds held in an Austin bank.

Governor Miriam A. Ferguson informed the senate that she had been advised the securities were not worth more than 40 cents on the dollar. She also alleged that the state highway commission had withheld checks issued by counties on funds secured by the bonds and warrants held in escrow. The senate began an investigation of the matter. Sutton testified that some of the securities were worthless. He itemized the worth on the existing market value of all the securities, his inventory showing they ranged from nothing to eighty five cents on the dollar.

Cuban Revolution Seen In Bombings

HAVANA, Feb. 24 (AP)—Eight bombs were exploded in Havana within two hours after midnight today as the 38th Cuban independence day began.

Meanwhile, the capital was scanning reports anxiously to determine whether a rumored revolutionary movement was taking form. Mexico City dispatches recently predicted that a movement of rebels from the mainland toward Cuba would coincide with bombings in Havana.

Sixty Attend Party Given By Rev. And Mrs. Jennings For Christian Endeavor Members

Unique Theme Used For Party

A unique theme was used for a party given Thursday evening by the Rev. and Mrs. Walter P. Jennings for members of the Christian Endeavor of the First Christian church. The party was in the Jennings' home, 1020 Seventeenth street.

Guests made an "excursion to the Presidential inauguration" in Washington. Programs were given at various stations. Among those who participated in the program were Misses Lyall Pickett and Margaret Rose Adams, Mr. and Mrs. R. A. Mills, Mr. and Mrs. S. J. McFarland, Ben Kucera, Rev. Jennings, Alfred Scott, Raymond Barrier and George McCarty.

There were about 60 at the party.

Mr. and Mrs. Walter W. Evans of Plainview were here last night to attend the farmer's supper.

To improve Any child's
APPETITE

A sluggish appetite means a sluggish colon. Correct this condition called stasis, and see how quickly a listless, drooping boy or girl begins to eat—and gain! The only "medicine" such children need is pure, unadulterated fig syrup.

California syrup of figs is doing wonderful things for ailing, sickly children all over the United States.

If your baby, boy or girl is bilious—pale faced and dull-eyed from constipation—breath bad mornings, tongue coated all the time—don't give cathartics that weaken twenty feet of bowels! Instead, a little syrup of figs that doesn't disturb either stomach or bowels, but does act on the lower colon—where the trouble lies.

Nature never has made a finer laxative for children; they all love the wholesome, fruity flavor of the real California syrup of figs. It's purely vegetable, but every druggist has it all bottled, with directions. Begin with it at once. Your child will soon be eating better and feeling better. Keep on with the syrup of figs a few days and see amazing improvement in appetite, color, weight, and spirits.

Children who get syrup of figs, now and then, keep well and avoid colds.

NOTICE: The bottlers of California Syrup of Figs respectfully warn mothers that the promises made here apply only to the genuine product in bottles plainly marked CALIFORNIA.—Adv.

BY MME. LISBETH

IT MAY BE the depression and it may simply be the yearning for efficiency in every department of our lives, but the three-in-one beach suit is undoubtedly smart and economical and also very efficient.

This costume is called the "sylojam"—don't ask me why. The trouser part is shown at the left in process of being put on. One leg is in the trousers and the belt is about to be fastened and the other limb enclosed. In the third picture, Miss Nell Hughes of Memphis, Tenn., the model, has decided to wear the thing for a cape, and has it tied about her shoulders.

But in the right hand view she's all dressed up to go places and do things in a natty check beach ensemble with trousers and blouse, and even a matching cap—the sylojam complete.

200 Attend School Society Meetings

About 200 patrons and teachers attended three parent-teacher association meetings Thursday afternoon. Talks were heard in Founders' Day, art and music, and programs were given by school children.

The three associations meeting were the K. Carter, George M. Hunt and Junior High Elementary Grades Parent-Teacher societies.

Miss Alice Mulkey of Amarillo, visiting Girl Scout worker, told of her work at meetings of the Junior High and Hunt associations.

Mrs. H. F. Godeke talked on the meaning of Founders Day, which was celebrated February 17, at a meeting of the Carter P.-T. A. Mrs. E. B. Wheelock sang a solo that was dedicated to the birthday of the parent-teacher association.

Children from Mrs. D. J. Wilhelm's room presented a program. Mrs. Wilhelm's room and Miss Evelyn Jones' room had the most mothers present. There were about 50 in attendance.

Mrs. Hubbard Talks

"Spiritual Values in Art" was discussed by Mrs. Chester Hubbard at a meeting of the Elementary Grades P.-T. A. Miss Ruby Hill's room presented a program.

Mrs. George Herd, president, presided for a business meeting. Mrs. John Austin, treasurer, made a report. Mrs. N. L. Peters, president of the City Parent-Teacher council, told of work that the council has planned.

About 75 attended this meeting. There was an attendance of 97 at a meeting of the Hunt Parent-Teacher association. Mrs. J. T. Shaver talked on "Influence of Music in the Home."

The school glee club sang. Miss Elnorna Leslie directed the music.

During a business session, it was voted to write resolutions to be sent to the state legislature protesting proposed changes in Texas Technological college. Mrs. W. W. Royalty, president, presided for the meeting.

Veterinarian Filed Suit For Damages

A suit for $50,374 damages was filed in 99th district court Thursday by L. B. Hodges, a veterinarian, against G. T. Nash and Hestand-Kimball Grocery company.

The damage suit was an aftermath of an automobile accident Dec. 15, 1932, here. The petition set out that a Chevrolet sedan driven north on Avenue M by Hodges and a Chevrolet coupe driven west on Tenth street were in collision at the intersection of the two streets. Hodges suffered three broken ribs and other injuries, he alleged. Nash, according to the petition, was a salesman for the grocery company.

BELLES AND BEAUX OF OLDEN DAYS TO BE SEEN IN LIONS CLUB SHOW

The Hasbeen Opera company will stage a concert at the high school auditorium on the night of March 6 in connection with the presentation of the Lubbock Lions club's convention benefit show, it was announced today.

Under the direction of Wallie Tryinhard, the premier company will present "Gems of Bygone Days by Belles and Beaux of the Period". Starring in the company will be "Footlight Favorites", Vernon Hasbeen, Lottie Neverleave, Emma Joe Stillhere, Harrison Comingup, Nell Alwayshere and Puny Backanfront in selections that have swayed audiences in the days of old and still possess that ability.

The opera company will be the second part of the show, it was announced. A ministrel first part under the direction of Dr. G. H. Ater will feature a chorus of 100 men of Lubbock together with the city's leading blackface talent.

Plainview Park Is Improved By Scouts

PLAINVIEW, Feb. 24. (Special)—Several improvements have been made at the municipal park here on South Broadway by Boy Scouts.

The scouts have completed tenderfoot and first class emblems in stone at one corner of Rotary park, a plot in the city park. The Rotary emblems also have been completed.

Rotary park is in memory of the late Judge L. S. Kinder, who was killed in an automobile accident in New Mexico in June, 1931. E. E. Winn, president of the club, said flowers and shrubs would be planted this spring. W. Fred Lowe, former president of the club, is on the committee.

GAMMILL TIRE COMPANY OPENS BUSINESS HERE

A substantial addition to Lubbock's wholesale and retail businesses was made today with the announcement of the opening of the Gammill Tire company at 1211 Avenue K. Clayton Gammill, formerly with the Lubbock National bank, is manager of the new concern.

The company has been appointed South Plains distributor for Federal tires and will handle both wholesale and retail trade. A complete line of automobile and truck tires will be carried at all times, Mr. Gammill said today.

Experienced Tire Man

Mark Schwab, formerly of Roswell, N. M., is to be associated with Gammill in the company. Schwab is an experienced tire man, having had eight years experience with Federal tire dealers.

The wholesale end of the business will be stressed, Mr. Gammill said. Salesmen will make the territory as soon as the business is established well. Five thousand dollars worth of tires are now in stock in the company's store here.

Gammill has been in Lubbock for the past 16 years, ten of which he has been assistant cashier in the bank.

Federal tires have been without a dealer here for the past eighteen months.

FARM, HOME MEET

(Continued From Page One)

representative type of organization, like our state and national governments," he said.

Sales Tax Discussed

Reasons why the federation approves a state sales tax but opposes a national sales tax, were given by Mr. Corbin. "The state sales tax may relieve the farmer of some of his ad valorem taxes," Mr. Corbin explained. "The sales tax measure at Austin likely will go over." The so-called "oleo" bill, sponsored by A. B. Tarwater of Plainview, probably will be adopted, he added. A bill to stop refunds of gasoline taxes on farm machinery was opposed by the federation and killed.

H. G. Lucas, Brownwood, substituting for T. C. Richardson, was the closing speaker at the morning session. He talked on stimulating leadership through organization.

Lunch was served at noon by the chamber of commerce. Speakers this afternoon were to be Dr. Bradford Knapp, Miss Myrtle Murray, Mrs. A. R. Pendley and R. J. Murray.

Last night in the ball room of the Hotel Lubbock the annual farmer's supper was held. More than 200 persons attended.

John T. Orr, Dallas county farmer and business man and long a leader in state agricultural workers' circles, was the principal speaker. Dr. Bradford Knapp, president of Texas Tech, also spoke.

Corbin Is Toastmaster

Following serving of the meal, with invocation by George C. Cooper, former president of the Lubbock Chairman M. S. Hudson introduced the toastmaster, E. L. Corbin, Dallas, state secretary of the federation.

The toastmaster introduced a number of well-known people who were present, including H. G. Lucas, Mrs. M. S. Hudson, J. T. Elms, James Burroughs, J. Frank Triplett, L. T. Mayhugh, O. G. Tumlinson, D. F. Eaton, Miss Isla Mae Chitwood, W. T. Magee, Miss Myrtle Murray, Sterling C. Evans, R. J. Murray, M. S. Hudson, Earl Davis, R. E. Overstreet, N. H. Payne, W. W. Evans, Roy B. Davis, Rufus N. McClain and Dean A. H. Leidigh.

Entertainment Program

Mrs. Lottie Boles Hilton sang two numbers, "My Wild Irish Rose," and "Pal of My Dreams." W. W. Rix accompanied her on the piano and Roger Eaton played the violin obligato. Miss Virginia Massingale, a Lubbock county girl, gave two readings.

At the close of the speaking program, a negro minstrel was presented by Adrian James, Henry Shipp, Jim Potts and Homer Garrison.

Talks of Problems

Mr. Orr said he wanted to "speak the things that are in my heart," concerning agricultural conditions today and the part the farm men and women must play in "bringing this country back to the place where it once was," in an agricultural way.

"It depends absolutely on you men and women who are living on the farms to do that," he added. Mr Orr paid a tribute to the work of the former county agent, D. F. Eaton, in his development of leadership among the farm boys of Lubbock county and their work in Texas Tech. "That institution," he declared, "as a result of this work, has paid many times over by the accomplishments of the past."

Recalls First Visit

The speaker recalled several times his first visit to Lubbock and the South Plains and of the splendid cooperative work he had found here every time he visited the area.

Dr. Knapp, just back from Austin, said he "believed in educating a man and a woman to do something in the world." "I don't believe in teaching a boy or a girl to say 'I'm hungry' in seven languages and not be able to earn a loaf of bread.

"What are the farmers asking? A market. They want a chance to go back to work."

MORRIS MAY BE PASTOR HERE

Rev. Sam Morris, pastor of the First Baptist church at Stamford, may move to Lubbock to take over the pastorship of the First Fundamental church here, W. M. Peticolas, a leader in the church, said today.

Rev. Morris is to preach in an all-day service at the church Sunday. He conducted a revival meeting here last summer.

The church here has been without a pastor since Rev. T. M. Webb left the pulpit here. The church is located in a tabernacle at the corner of Texas avenue and Sixteenth street.

SKY SLAYING

struggle in the open cockpit of the plane when McCall pointed the pistol at Nelson, then the fatal discharge, with young McCall immediately seized by a dilemma, and riding about in the air with the dead Nelson in front of him.

McCall, who had nine flying hours to his credit and who had been practicing landings during the afternoon, then, the officers believed, determined to come down and kill himself.

From the dozen men held or under observation they hoped today to lift out enough pieces of the jigsaw puzzle to indicate how McCall became the messenger of death and who was back of the plot to seize the plane and the use to which it was to be put.

The theory was that soon after they had taken off on a practice flight, McCall pointed a pistol at Nelson and that during the ensuing fight it was discharged. The ship circled crazily for a time and crashed, with McCall at the controls.

The roommate said McCall had recently contracted a disease and had brooded over it.

The inquiry also sought to determine facts concerning the alleged tampering with a plane at a private airport at Harlingen and an attempt later to steal it.

DOHONEY FUNERAL CONDUCTED TODAY

The funeral of E. L. Dohoney, 61, Texas Technological registrar, was conducted at 11 o'clock this morning at the Dohoney home at 1504 Avenue X by Rev. Lyle S. Barnett, rector of St. Paul's On the Plains Episcopal church. Burial will be in Houston.

Students and faculty members were among the crowd, which overflowed to the outside.

Mr. Dohoney, formerly superintendent of Amarillo schools, and registrar at Technological college since its establishment, died unexpectedly at his home here Wednesday.

College classes were dismissed today from 10:45 a. m. to noon.

To Accompany Body

Mrs. Dohoney, her daughter, Miss Ann Dohoney, and her son, Alfred Dohoney, of Houston, and a representative of Texas Tech will accompany the body to Houston.

DENISON FIGHT

vulging how the respective senators voted.

"If this controversy goes to court, and it seems headed that way, I do not want to go to court; I do not want to be a witness," Martin said.

Lieutenant Governor Edgar Witt ruled the communication should go to the rules committee.

Already Sworn In?

There was conjecture as to whether Denison had not already taken the oath and qualified as a member of the commission, probably as long ago as February 15, the date of the expiration of the term of Cone Johnson of Tyler, whose place Denison would take.

Denison referred questioners about his having qualified to the governor.

The governor answered that if "Mr. Denison qualifies or has qualified by taking the oath of office and filing his bond then he is or will become highway commissioner if he has received a majority of votes in the confirmation proceeding in the senate."

Five Arrested In Raid Still Held

A white man and four negroes were in city jail this morning as a result of arrests by police last night in two raids here. An illicit liquor still and five gallons of whisky were confiscated.

A ten-gallon copper still, with 15 half-gallon jars of liquor, was uncovered in a raid in the 2200-block of Avenue H about 5:30 o'clock. A 37-year-old white man was arrested. Charges probably will be filed in federal court.

Four negroes, ranging in age from 21 to 40, were arrested at a shack in the 300-block of East Twenty-First street at 9:30 o'clock last night. Three half-gallon jars of whisky were taken.

developments. Government officials there refused a Japanese ultimatum calling for the evacuation of the entire province. Fears were expressed that the hostilities might spread to Peiping and Tientsin, while from Hankow came advices saying that fear had been expressed there that the Yangtse valley also might be involved.

To Issue Warning

Japanese officials at Chinchow, Manchuria, announced that airplanes would drop leaflets advising evacuation of "danger zones" in Jehol province by missionaries. As far as was known there were no Americans in the region.

JAP DELEGATES QUIT ASSEMBLY

GENEVA, Feb. 24 (AP)—The Japanese delegation walked out of the assembly of the League of Nations today after adoption of the report condemning Japanese policy in Manchuria and urging continuation of non-recognition of the Japanese sponsored state of Manchukuo.

The delegation announced that it can no longer cooperate with the league on the Sino-Japanese question.

Siam alone abstained from voting. Forty-two voted "yes."

The absentees were Cuba, Salvador, Nicaragua, Peru, Bolivia, Paraguay and Chile.

Yosuke Matsuoka, head of the Japanese delegation, told the assembly, however, that Japan would cooperate with the league as far as circumstances permitted.

When the Japanese delegation walked out Paul Hymans, of Belgium, the chairman, dismissed the assembly to reconvene at 5 p. m., today.

While the situation was left somewhat confused, it was clear that for the present Japan has not withdrawn from the league. Neither did M. Matsuoka assert that Japan would withdraw from the league.

CHINA'S CAPITAL DAZED BY DRIVE

NANKING, China, Feb. 24 (AP)—China's capital seemed dazed today by news that the Japanese campaign has begun.

The official Central Daily News was the only Chinese newspaper to comment, saying: "The only way out is to fight as we have never fought before."

Ultimatum Refused

The Chinese government refused to accede to a Japanese ultimatum demanding that Chinese troops be evacuated from the province of Jehol.

The government insisted Jehol is an integral part of Chinese territory. It assailed a Japanese reference to the "bandit soldiers of Jehol" by asserting Governor Tan Yu-Lin of that province is a high military authority of the Chinese government.

Fears that Japan may extend its drive to Peiping and Tientsin in the international treaty area were already widespread before the announcement of a new warning by the Japanese government.

A note to the Chinese government here said "it will be difficult to guarantee that fighting will not spread to North China" if Marshal Chang Hsiao-Liang and other Manchukuo forces "persist in taking position action in Jehol." Marshal Chang maintains his headquarters in Peiping, driven there a year ago by the Japanese, and has announced his determination to oppose them in Jehol.

FORRESTER RITES TO BE TOMORROW

Funeral services for R. C. Forrester, 50, of Tahoka, who died at 9:35 p. m. Thursday of a heart attack in a sanitarium here, will be conducted at 3 o'clock Saturday afternoon at the First Baptist church in Tahoka by Rev. Lawrence Hayes, the pastor, assisted by Rev. Graves Darby of Cross Plains. The Tahoka Masonic lodge, of which Mr. Forrester was a member, will conduct graveside services in a Tahoka cemetery.

Mr. Forrester, a resident of Lynn county about 28 years, was in the insurance business. The Forresters came to Tahoka from Wilson last summer.

Having undergone an operation for a ruptured appendix, Mr. Forrester had been in the sanitarium about two weeks. His condition was improved, and his dismissal within a few days was anticipated. Death came unexpectedly, within five minutes after a heart attack.

Survivors are the widow; a daughter, Miss O'Bera Forrester of Tahoka; a brother, Walter Forrester of Clovis, N. M., and three sisters, Mrs. R. D. Lee of Lovington, N. M., Mrs. Rebecca Roberts of Tahoka, and Mrs. Homer Marcy of Ropesville.

TECH ATHLETES LUNCHEON GUESTS

Members of the American Business club showed their appreciation for the participation of the Tech athletes in the club's athletic carnival Tuesday night by entertaining the boys at the club luncheon today noon at the Hilton. Tech coaches, Pete Cawthon, Dutchy Smith and Del Morgan, were also guests at the luncheon.

Twenty athletes were present and were introduced to the club.

Miss Alice Mulkey of Amarillo, national field representative of the Girls Scouts, made a short talk regarding the organization's work and urged support of the movement here.

President James Kennedy expressed the club's appreciation for the boys' work in the show at which short talks were made by the Tech coaches and Burl Huffman, assistant high school coach.

Bowling Teams To Meet Here Tonight

Five-man teams of the Matador Bowling club of Lubbock and the Plainview Bowling club will meet in a return match tonight at 7:30 o'clock in the Matador club quarters, 1112 Broadway, F. I. Gallaway, manager, announced.

The Lubbock bowlers last week defeated the Plainview team on its alleys by 36 pins. Members of the Lubbock team are Frazier McCrummen, Bill Manaus, Louis Obeter, Bill Mears, and Gallaway. McCrummen and Mears, outstanding performers of the pin-smashing quintet average about 160 each, Gallaway said.

The bowling alley manager expressed hope a circuit composed of Lubbock, Plainview, Amarillo, Pampa, and Clovis would be formed for a inter-city schedule.

Active people at any age agree on Kellogg's PEP

LOOK around you. Notice the youngsters and grown-ups who keep on the go. They enjoy Kellogg's PEP Bran Flakes. They like the famous flavor and crispness of PEP.

Active appetites love it. And active bodies thrive on it. Wheat is nature's all-round food. Full of nourishment and health. With enough extra bran to be mildly laxative.

Start every day with a bowl of *better bran flakes.* Delicious with milk or cream. Add fruit or honey for tasty variety. Enjoy PEP for lunch or supper. A great bedtime snack too. Always fresh at your grocer's. Sealed in the inside WAXTITE bag.

You always buy Kellogg's PEP with this personal guarantee: "If for any reason you are not satisfied and pleased, return the empty package and we will refund your money."

CHURCHMEN TO MAKE FIGHT

DEFEAT OF REPEAL IS SEEN BY CANNON AND EUGENE CRAWFORD

WASHINGTON, Feb. 24 (AP)—A prediction "we can defeat ratification in at least one-half the states" was made last night in a statement issued by Bishop James Cannon, jr., chairman, and Dr. Eugene L. Crawford, secretary of the board of temperance and social service of the Methodist Episcopal church, South.

"But if we do," it added, "we must organize thoroughly, give the people the facts, make the issue clear, then deliver the dry vote at the polls. Thus and thus only can we suppress the wet rebellion inaugurated and led by Alfred Emanuel Smith."

11,157 BALES GINNED

SPUR, Feb. 24. (Special)—Spur's six gins have turned out 11,157 bales of cotton for the 1932 crop, according to a report here. Gins are now operated only on certain days of the week. There is said to be some cotton still in the fields.

Special Trial Size Vicks Antiseptic Almost All Gone

But Local Druggists Are Selling Regular Size—75c Value for Only 35c—On Money - Back Guarantee

NEW BAN ON HALITOSIS

Local druggists are introducing a new antiseptic which does everything that a mouth-wash or gargle can and should do—at half the usual price of other quality antiseptics. It is made by the makers of Vicks VapoRub. The name of it is Vicks Voratone Antiseptic.

Of course, the only real proof of its quality and amazing economy is actual use. To furnish this proof, Vicks Chemists supplied to druggists——at less than cost—5 million special trial bottles—a 25c value for 10c. These trial bottles have gone so quickly that this offer is now made:

If your druggist's supply of the trial size is exhausted, get one of the regular size bottles—75c value—for only 35c. Use it a week. Unless you are delighted with it, your money will be returned.

Mild Enough, Strong Enough

No extravagant claims are made for Vicks Antiseptic. It is simply the best oral antiseptic Vicks Chemists could produce—aided by the chemists, bacteriologists, and pharmacologists of their 16 allied organizations here and in Europe.

They created a balanced antiseptic—mild enough to be used day in and day out without risk to delicate membranes; yet strong enough to do everything that an oral antiseptic can and should do.

For All Customary Uses

You can use Vicks Antiseptic, in your customary way, for bad breath (halitosis); as a gargle; as a mouth-wash; as an antiseptic lotion; and for all the other usual uses.

And Vicks Antiseptic has this additional unique advantage—born in a depression year, it is priced accordingly—saving you half!

DAILY MARKETS

Cotton Market

NEW ORLEANS REPORT

NEW ORLEANS, Feb. 23. (AP) — Cotton had a quiet but steady opening today. Liverpool was a shade better than due and first trades here showed no change on March to two points up on later months. Prices eased off slightly after the start on an easy opening in stocks, May dropping to 6.01, and July to 6.13, or 2 to 3 points down from the opening, and about even with yesterday's close.

Near the end of the first hour the market was quiet but steady and at the highs.

The market continued very quiet all morning owing to the almost total absence of outside orders. Prices gradually improved however on some recovery in stocks from the early decline. May advanced to 6.05, July to 6.19 and October to 6.35, or 2 to 6 points up from the early lows and 3 to 5 points above yesterday's close.

At noon the market held steady at the highs.

NEW YORK REPORT

NEW YORK, Feb. 24. (AP)—Cotton opened steady, 1-3 higher on steady Liverpool cables and trade buying. Mch. 5.95; May 6.07; Jly. 6.20; Oct. 6.37; Dec. 6.48; Jan 6.54.

A little southern selling was reported as well as some scattering liquidation but the light offerings were absorbed within a point or two of the opening quotations by continued trade buying. May contracts after selling off from 6.07 to 6.05 were ruling around 6.07 at the end of the first half hour with the more active months showing net advances of 2 to 4 points.

The market remained quiet but held generally steady later in the morning. Little selling was in evidence and a moderate demand from the trade was sufficient to hold prices. At midday May was ruling around 6.07 and October 6.39, or about 2 to 4 points net higher.

Stock Market

WALL STREET REPORT

NEW YORK, Feb. 24. (AP)—A better tone in U. S. government bonds prompted short coverings in the share market today, and many issues recovered 1 to 2 points in quiet trading.

Financial markets generally acted better, and with abatement of pressure against shares, prices came back rather easily.

Among issues rising about 1 to 2 points were American Telephone, Allied Chemical, Air Reduction, Union Carbide, American Can Continental Can, Union Pacific, Santa Fe, Chesapeake and Ohio, Chesapeake Corp., New York Central, Pennsylvania, U. S. Steel common and preferred, Consolidated Gas, Public Service of N. J., and American Tobacco B. Motors failed to recover much, as Chrysler encountered a little further selling American Telephone was under some pressure early. Westinghouse was about unchanged.

Grain Market

CHICAGO REPORT

CHICAGO, Feb. 24. (AP) — Influenced by weakness of securities, grain averaged lower early today. Likelihood of moisture in drought districts of domestic winter wheat territory was a subject of comment. Opening 1-8 to 3-8 off, wheat later held near the initial range. Corn started unchanged to 1-8 down, and subsequently altered little.

MANGLED BODY OF MAN DISCOVERED

MARSHALL, Feb. 24 (AP)—The mangled body of a well-dressed man was found Thursday alongside the railroad tracks near Marshall. A corner decided his death was accidental.

Officers were seeking to identify the man, who apparently was about 35 years old, through a belt buckle with the initial "D" a worn signet ring, and laundry marks in his coat and vest. The laundry marks were a single word, "Stafford."

The man weighed about 150 pounds. He was dark complexioned, had black hair and gray eyes.

23rd Fire Alarm In 23 Days Answered

Lubbock firemen about 7:30 p. m. Thursday answered the 23rd alarm here in the last 23 days. A stucco garage caught fire from burning grass at the home of Joe H. Webb, 2010 Sixteenth street. The roof and front of the garage, and part of the roof of a servants house were burned.

Fire-fighting aparatus at 3:50 p. m. went to the 700-block of Broadway, where a truck was afire.

MUSEUM GROUP MEETS HERE

SCIENTIFIC SESSION SLATED TO START THIS AFTERNOON

After a scientific session beginning at 4 p. m., out-of-town persons attending an annual Plains Museum society meeting today will be guests at 6 p. m. at a supper in the home economics building at Texas Technological college. Lubbock members will pay for their plates.

The afternoon session will be in the engineering building. The evening session will begin at 7:30 o'clock there.

Art To Be Shown

The second annual exhibition of West Texas' artists' work was to be held during the day. All artists residing on the Plains were eligible to enter two pictures, in oil, water colors, or pastels. Awards will be made at the evening meeting.

The afternoon meeting will begin with a paper by M. F. Landwer, associate professor of biology, on "Mammals of the Texas Plains." Other speakers will be George Doughty of Post, "Experiences of a Collector," and W. H. Abbitt, professor of physics, "Electrical Phenomena Accompanying Sandstorms." Committees will be named at the session.

"The Value of a Museum" will be discussed by Dr. Bradford Knapp, Texas Technological college president, at the evening meeting. "Geographic Affinities of the Trees of Texas" will be the subject of Prof. R. A. Studhalter, head of the department of biology. Dr. W. C. Holden, professor of history, will give the president's address. Pictures taken on 1932 field trips of Texas Tech will be shown, committees will report, and officers will be elected.

ANTON BAND WILL GO TO FT. WORTH

ANTON, Feb. 24.—The Anton Municipal band, official band of the West Texas Chamber of Commerce, will go to the Fat Stock Show at Fort Worth next month representing WTCC, Paul Whitfield, secretary of the local chamber of commerce, announced today.

Date of leaving Anton has not yet been decided upon but "we're going", Mr. Whitfield said. Jimmie Thornhill is director of the band which is planning a trip to the World's fair at Chicago this summer.

The Hockley county basketball tournament is under way in Anton Friday and tomorrow and a trades day, with plenty of features and horse racing, will be observed Saturday.

At 4:06 p. m., equipment went to 1915 Fifteenth street, where grass was burning. It was presumed it was set by children. The Guion Gregg family was moving into the house there.

Negro On Trial—Trial of Curtis Taylor, a negro, charged with burglary, was begun before Judge Homer L. Pharr in 72nd district court here this morning. Testimony was to be resumed this afternoon.

• • •

Boys Released—Two 13-year-old boys, who slept on a mattress on top of a city jail cell last night after being taken into custody by a policeman, left police headquarters this morning with the father of one of them. The boys, Willard Brunson and J. R. Allen, jr., told police they had left their homes at Petersburg. Mr. Brunson came after them. Persons came to the police station Thursday for two 14-year-old runaway Littlefield boys, who had been released before the adults arrived.

• • •

Marriage Opposed—After a Lubbock negro gave permission for his 16-year-old daughter to marry, the mother Thursday afternoon came to the county clerk's office and wanted to know what she could do to stop issuance of a license. Since the three-day limit had not expired, no license had been issued. The girl's father Wednesday accompanied the prospective bridegroom, who swore he was 39 years old, to the clerk's office, where intentions to wed were properly filed, with the father-in-law-to-be giving permission.

AD BRIEFS

Youth To Be Charged—A 19-year-old Lubbock youth was arrested last night near Shallowater by police, who said they pursued him in an automobile from near K. Carter school, Sixth street and Avenue Q. Police this morning said the youth would be charged with driving an automobile while intoxicated. He did not own the car he was driving, they said. Police said the automobile did not have all lights burning last night. The youth Thursday was charged jointly with another youth in county court with aggravated assault and battery, and subsequently was released from county jail.

SHE ATE ALL-BRAN TWELVE YEARS WITH FINE RESULTS

Delicious Cereal Relieves Constipation

Read this very enthusiastic letter:

"Something like eleven or twelve years ago, I began eating Kellogg's ALL-BRAN. When I started, it was called simply Kellogg's Bran, and I believe it was one of the first products of the kind on the market.

"My friends often laugh at my fondness for ALL-BRAN. It gives such a *clean* taste in the mouth, and I do not feel satisfied until I have had my ALL-BRAN.

"If the Kellogg Company should ever stop manufacturing ALL-BRAN, here is one who would be greatly disappointed."—Miss Amy Person, University Park, Iowa.

Science says that ALL-BRAN provides "bulk" to exercise the intestines, and vitamin B to further aid regularity. Also iron for the blood.

The "bulk" in ALL-BRAN is much like that of leafy vegetables. How much safer than taking patent medicines—often harmful. Just eat two tablespoonfuls daily for most types of constipation. For serious cases, try it three times daily. If not relieved this way, see your doctor.

Sold in the red-and-green package. At all grocers. Made by Kellogg in Battle Creek.

EIGHT STAR GOLFERS MATCHED IN HOUSTON MEET

SPYING ON SPORTS

BY COLLIER PARRIS

As a gesture of respect for the memory of one who served well his school, Texas Tech postponed its scheduled series with the West Texas Teachers. The final game was scheduled for this evening.

* * *

The games have been carried over to Monday and Tuesday nights, at which time local fans will be privileged to see one of the country's best cage teams playing Tech's best basketball crew.

* * *

The Tech athletic council, of which Mr. Dohoney was a member, is to be complimented for its action in postponing the games. Not all schools do it. Usually there is the motto, "the game must go on," and it is stimulating to know a school which practices reverence and respect, even at the cost of losing a few cash customers. It is hoped that the fans, far and near, will in turn compliment the athletic department and pay respects Monday and Tuesday nights.

* * *

Will the prize fight scene shift from east to west? Judging from **reports** of the Jackie Fields-Young Corbett match at San Francisco **Wednesday** afternoon, the Pacific **seaboard** bids fair to replacing New York and Chicago and near points **as** the fight center of the nation, both from attendance and fight quality standpoints.

* * *

The crowd was so big at Seals' Stadium, San Francisco, that nearly a thousand fans slipped in through the pass gate without laying down a cent. Gatekeepers were so rushed from 11 o'clock in the morning until fight time that they couldn't hold back the crowd. And the fight? It was one of the best in several seasons, according to reports. The referee's decision was cheered mightily. True, Corbett won seven of the ten rounds, but it must have been a pretty tough affair.

* * *

There's a bit of humor about the Illinois State Boxing commission **severing** relations with the National **Boxing** commission, which has suffered sadly since big Jim Farley went into politics on a national governmental scale. The N. B. A recently outlawed the Jack Sharkey-Primo Carnera fight, which was agreed upon before Primo and Ernie Schaaf engaged in the fatal setto.

* * *

That didn't "take" so well, but a lot better than the N. B. A.'s stand in regard to Jack Dempsey's suspension. Chicago wanted the national body to suspend Dempsey's suspension so he could go ahead and promote the Max Schmeling-Max Baer fight during the world's fair. Jack has been under suspension because of some alleged trouble with the Mississippi commission.

* * *

It develops, however, that the threat by Illinois to withdraw is just a trifle late. The resignation was offered last December. Since then Freddie Miller of Cincinnati won the N. B. A. featherweight title at the Chicago stadium from Tommy Paul of Buffalo, and no explanation of that has been made.

* * *

Outside of the Miller-Paul fight, most of the exhibitions in the east have been fairly lousy. Those under the administration of the New York Boxing commission and Madison Square garden have failed to ring the bell to the satisfaction of the populace. If California can stage good fights and draw huge crowds, why can't the spotlight be shifted? Of course, the Corbett-Fields bout was the first of importance on the west coast in about 9 years, and the novelty of the thing might have helped.

* * *

As for banning the Sharkey-Carnera fight for the world's heavy-**weight** title, that would be more in **Primo's** favor than in Sharkey's. **The New York** commission has in-**formed** Madison Square garden that **it would not** sanction the fight. **Furthermore**, the commission definitely outlawed the "super-dreadnaught" class of fighters, to which **Primo is said** to belong.

* * *

With all respect to the deceased Schaaf, there are many boxers from the featherweight class on up who could have given Mr. Primo a better fight than Schaaf offered that night. To bar Carnera because he forgot to stop growing borders on the ridiculous. Jack Sharkey manhandled the Italian heftyweight scmething pitiful in their match and could do it again. If Carnera is to be banned from fighting, it should be because of bad breath or adenoids.

* * *

The press and the public said and thought very little about another ring fatality that occurred on the same day that Schaaf died, and which possibly was due more to the fight itself than Ernie's death. The following story appeared that day in some papers:

"Chicago, Feb. 14—Henry Zuziak, 21-year-old amateur boxer, died early today a few hours after his first ring appearance as a contender in the preliminaries of a local tourney.

"The youth left the ring in the second round after the referee stopped the fight following two knock down blows by Zuziak's opponent, Al Berg. Returning to his home Zuziak told his parents of his defeat and then became ill. He died before a physician arrived."

* * *

And Carnera was nowhere near the place!

SMITH PROVES SURPRISE OF TOURNAMENT

ELIMINATES COCHRAN AND ALBAUGH; NOW FACES GOLDMAN

HOUSTON, Feb. 24 (AP)—Eight star golfers were matched today over a 36-hole route for the championship of the Houston Country club invitation tournament.

They were Neil Smith of Dallas, Halbert Grumbles of San Antonio, Bud McKinney of Del Rio, David Goldman and Gus Moreland of Dallas, Edwin McClure of Shreveport, Ossie Carlton of Houston and Johnnie Dawson of Chicago.

Smith Is Surprise

Smith, who surprised everybody, even his father, yesterday by eliminating Tommy Cochran of Tyler, 3 and 1, and Rube Albaugh of San Antonio, one up, faced Goldman.

Grumbles, who shot two consecutive birdies at the 17th and 18th greens to win a one up match from Willie Maguire, jr., of Houston, drew Carlton as an opponent.

McKinney, who lifted a few eyebrows when he defeated Ken Penner of Louisville, 4 and 2, and who really gave the wiseacres a jolt when he trimmed Reynolds Smith of Dallas, 2 up, faced Dawson.

Smith's victory over Cochran was the biggest upset yesterday. Cochran was co-medalist with Carlton with 147. Smith started the match with a par 4 and birdie 3 to jump into a two up lead. He finished the match with a birdie 4 at the 17th.

Wizard At Putting

In the second round, he was one down to Rube Albaugh at the turn, squared the match at the 14th and then shot a par 4 at the 18th against Albaugh's 5 to win; one up. Smith was a putting wizard throughout both matches.

Grumbles had no trouble beating Frank Caldwell of Corsicana in the first round, 3 and 2, but he had trouble with Willie Maguire, jr., in the second chapter. Maguire played easy going par golf for a one up lead at the turn.

Bud McKinney was one down to Reynolds Smith at the turn. He stayed one down until the 13th where Smith three putted to let McKinney win. It was too bad thereafter, for McKinney got warm with his shots and made sure of his win with a birdie 3 at the final green.

Goldman Looks Good

Goldman shot the finest golf of the day. He not only eliminated E. F. Brady of San Benito, 3 and 2, but he fanned Fred Odom, the New Orleans star, in the second round, 4 and 3. Goldman played 32 holes and was one under par.

Edwin McClure, the Louisiana state champion, won by the biggest margins. In the first round, he trimmed Leland Hamman of Waco, 5 and 3, and then beat Louis Nowlin of Dallas, 4 and 3.

In the quarter-finals, Goldman was favored to beat Smith and Moreland to defeat McClure. Carlton and Dawson also were picked to win by most experts.

CREAM OF AMERICAN INDOOR TRACK AND FIELD ATHLETES WILL COMPETE IN NATIONAL A. A. U. MEET TONIGHT

NEW YORK, Feb. 24 (AP)—The cream of America's indoor track and field athletes put in their final training licks today in preparation for the National A. A. U. championships in Madison Square Garden tonight.

In the field of 275 competitiors will be nine defending champions Emmett Toppino, New Orleans, in the sprint; Dale Letts, Illinois A. C., 1,000 meters; George Lermond, New York A. C., 5,000 meters; Gene Venzke, Penn, 1,500 meters; Joe McCluskey, Fordham, 3,000 meter steeplechase; Percy Beard, New York A. C., high hurdles; George Spitz, New York university, high jump; Everett Utterback, University of Pittsburgh, running broad jump, and Leo Sexton, New York A. C., 35-pound weight throw.

Favored To Repeat

Some of these will be favored to repeat, especially Toppino, Beard, McCluskey and Spitz but all are in for plenty of competition.

Here's how the stars line up in some of the major events:

1,500 meters—Venzke, Glenn Cunningham of Kansas, Carl Coon and Dan Dean, Penn, and Erik Ny, Sweden.

60-meter sprint—Toppino, Frank Wykoff, Los Angeles, Ralph Metcalf, Marquette, Ed Siegel, New York, Ralph Widmyer, Maryland John Brooks, Chicago, Norman Woolford and Dick Bell, Boston.

65-meter hurdles—Beard, Jimmy Hatfield, John Collier and Ray McLaughlin, Bowdoin.

600 meters—Bernie McCaferty Newark A. C., Arnold Arams, Bates, Milton Sandler, New York.

1,000 meters—Letts, Charles Hornbostel, Indiana, Emil Kubash, Marquette and Leo Lermond, New York A. C.

5,000 meters — George Lermond, Charles Shugard, Cincinnati, Lou Gregorie, New York.

Steeplechase—McCluskey, Harold Manning, University of Wichita, and Glen Dawson, Oklahoma.

High jump—Spitz, Howard Spencer, Geneva, Harold Osborn and Bert Nelson, Illinois A. C., Anton Burg, Chicago, Fred Glickert, Michigan normal.

Pole vault—Keith Brown, Yale Jim Bausch, Kansas City A. C. James McKinley, Michigan normal, Leon Schram, Marquette.

Shot put—Sexton and Bausch.

Weight throw—Sexton and Pete Zaremba, New York.

The women's championships—Seven individual events and one relay—will be held in the afternoon with 200 entries.

The term flapper was originally applied to young ducks not yet able to fly.

Indians Win Over Howard Payne Team

ABILENE, Feb. 24 (AP)—Howard Payne's favored basketeers were thoroughly beaten by the McMurry college Indians here last night, 41 to 33, and the hopes of a Texas conference title which the Brownwood athletes brought with them vanished.

The battle was nip and tuck for three-fourths of the contest, but that was because the McMurrians were off form in their shooting. They took practicaly every tipoff and were in possession of the ball most of the time. When Curry, Francis Smith, and Paul Smith began to hit in the last ten minutes, they ran up an advantage of fourteen points, before Bragg and Dean of Howard Payne whittled the margin to its final size. At the half the Indians were ahead 16 to 14.

Curry led the Indians' scoring with twelve points, Francis Smith had eleven, and Paul Smith ten. Captain Bragg led Howard Payne with ten.

Trout are healthier and grow faster in a circular pool than in a rectangular one, the U. S. Bureau of Fisheries has found.

The Opening Of

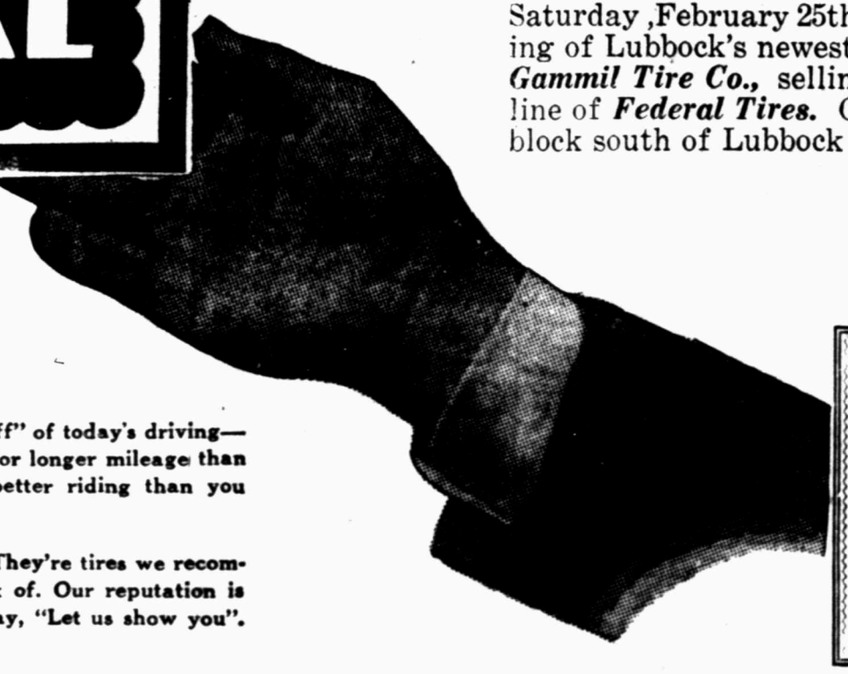

Lubbock's Newest Tire Store

GAMMILL TIRE CO.

FEDERAL TIRES

1211 Ave. K. ½ Block South Lubbock Hotel

Saturday, February 25th marks the opening of Lubbock's newest tire store — the *Gammil Tire Co.*, selling the improved line of *Federal Tires.* Our location is ½ block south of Lubbock Hotel on Ave. K.

Let Us Show You

There's more to being in the tire business than just selling tires. We want customers to come back a second time—then keep coming back.

We sell tires that will "stand the gaff" of today's driving—tires that will stay on your wheels for longer mileage than you ever expected and give you better riding than you ever thought possible.

That's the reason we sell Federals. They're tires we recommend, tires that we can stand back of. Our reputation is back of Federals—that's why we say, "Let us show you".

The Improved Line of FEDERAL TIRES sweeps beyond all previous standards of tire value

CAGE TOURNEY SLATED HERE TOMORROW

GIRLS WILL COMPETE FOR DISTRICT TWO BASKETBALL TITLE

Champions of four quadrantal divisions will converge in Lubbock Saturday and compete for the girls' basketball championship of District 2.

All games will be played at the Texas Tech gymnasium.

Although not under the jurisdiction of the Texas Interscholastic league, girl's basketball has prospered and proved popular in this section, and a group of school men and coaches organized the district for championship play.

M. F. Stephens of Shallowater is director-general of the district tournament.

Shallowater, Ropesville, Lamesa and Croton will be represented in the district tournament. Shallowater's girls team defeated Southland for the Quadrant 4 title after breezing through the county tournament and quadrant preliminaries.

Play will begin at 2 o'clock Saturday. Two afternoon games will be played. Beginning at 7:30 o'clock Saturday night, the first round winners will meet for the district title and the losers will contest for third place.

LAMESA BOY AND GIRL TEAMS WIN

LAMESA, Feb. 24.—(Special)—Lamesa has a double honor brought to her in the fact that both her high school boys and girls basketball teams have won distinct laurels.

The boys team, under the coachship of L. F. Gregg, defeated all comers at the district basketball tournament at Lubbock, meeting and defeating Plainview, Shallowater, and Ropesville. The latter was defending district title and was a semi-finalist in the state finals last year. The Lamesa team will meet Pampa in a three-game series for the bi-district title.

Under the leadership of A. G. Bearden, the local high school girls have met and defeated all teams to win their quadrant in the district race in West Texas. There are five counties in this quadrant, and twenty counties in the district. The girls, according to Bearden will now meet in a tournament for try at the district title.

PROSPECTS GOOD IN MINOR LOOPS

NEW YORK, Feb. 24. (AP)—Minor league baseball's prospects for 1933 have taken a decided turn for the better in the east, at least.

Plans now are under way looking toward reorganization of the Eastern league, rehabilitation of the Middle Atlantic circuit and revival of the old New England league.

The New York Yankees, through George Weiss, generalissimo of their minor league interests, are associated with sponsors of two of these movements.

Claude B. Davidson of Boston has been the moving spirit in attempts to revive the old New England league, a small-town circuit which folded up a couple of years ago.

Weiss revealed that the Eastern league, if revived, probably would operate on a much more compact scale than formerly when Richmond and Norfolk in Virginia, and Allentown in Pennsylvania held memberships. Plans now are for franchises in Springfield, Hartford, Worchester, Providence, New Haven, Bridgeport and possibly Pittsfield and Waterbury.

PROFESSIONAL WRESTLER IS REPORTED IMPROVED AFTER INJURY IN MAT BOUT

MUNCIE, Ind., Feb. 24 (AP) —Dr. Ralph Wilson, physician and professional wrestler, was reported "greatly improved" at Ball Memorial hospital today from an intracranial hemorrhage and concussion he suffered in a match with Wee Willie Davies last night.

Dr. R. A. Beeson, attending physician, said the hemorrhage was "slight" and that "we expect recovery." He said Wilson, former 175-pound champion of the Western conference, was "fairly clear mentally."

Referee Walter Fisher, teammate of Dr. Wilson at Indiana university in 1924, awarded the bout to him on a foul after fans clambered into the ring protesting the tactics of Davies, a Virginian. Fisher, ringsiders said, knocked Davies down down when the Virginia grappler placed Wilson's head in a sort of noose he made by crossing the upper and lower ring ropes, and applied pressure to the ropes. At that time each had won one fall.

Fisher called the foul, yelling fans were cleared from the ring and Wilson was carried to his chair, apparently dazed. Suddenly he lunged at his opponent, floored Davies with a flying tackle and pinned his shoulders. When Wilson got up to walk away, he collapsed and was rushed to the hospital.

CANZONERI WINS OVER PET NEBO

MIAMI, Fla., Feb. 24. (AP)—Tony Canzoneri, lightweight champion of the world, won a 10-round decision here last night over Pet Nebo, Key West. The champion weighed 133 pounds and Nebo 136 1-2.

Canzoneri with a two-fisted attack started in determined fashion that saw him sweep the Key West Indian into a straight defensive battle. Nebo, covering up most of the way, crouched and waited for the champion's rush in an effort to connect with his long, sweeping left.

The champion slowed late in the fight and toyed with Nebo, the latter scoring in notable fashion only in the sixth round.

BUFFS COMING TO LUBBOCK

MATADORS WILL PLAY TEACHERS MONDAY, TUESDAY NIGHTS

Lubbock fans may see one of the best college basketball teams in the country in action Monday and Tuesday nights when Coach S. D. Burton brings his West Texas State Teachers college Buffaloes here.

The Buffs are coming to tangle with Coach Morgan's Matadors in the final cage series of the season here.

The series was to have been played Thursday and tonight, but due to the death Wednesday of Registrar E. L. Dohoney of Tech, who was a member of the athletic council, the games were postponed.

Winners of 14 games in 17 starts, the Buffs have defeated some of the best teams in the southwest and middle west this season and have twice downed the Matadors. Following the Tech series, the Buffs will make final plans to enter the National A. A. U. tournament at Kansas City early in March.

Stephen F. Austin Downs San Marcos

SAN MARCOS, Feb. 24 (AP)—The fast-stepping Stephen F. Austin Lumberjacks moved nearer their second Lone Star conference basketball championship last night as they defeated the San Marcos Teachers 36 to 24 in a game that was closely contested until the closing minutes.

Coming down the home stretch the Lumberjacks began hitting the basket with deadly accuracy, quickly drawing away from the Teachers.

The half time score was 14 to 12 in favor of the Lumberjacks.

Stephen F. Austin has one more conference game on its schedule meeting Trinity at Nacogdoches Saturday night.

Harrington of Stephen F. Austin and Germer of San Marcos, both captains, tied for high individual scoring honors with ten points each.

OTTO VON PORAT FACES GRIFFITHS IN BOUT TONIGHT

CHICAGO, Feb. 24 (AP)—About four years overdue, Otto Von Porat, Norwegian heavyweight, and Tuffy Griffiths of Sioux Falls, Ia., will meet in a ten round bout tonight at the coliseum.

Four years ago, Von Porat and Griffiths, both adopted Chicagoans and residing on the west side, were among those seeking serious consideration as challengers for the world title. Efforts were made to match them, and such a bout, a great Chicago natural, might have produced a gate of $100,000.

For one reason and another, the match was not made. Recently Griffiths, at his best a clever boxer and defensive artist, suffered reverses, largely due to illness. Von Porat, a terrific puncher, was making progress until matched with William Stribling in 1928. The Georgian knocked him out in one round, and so disgusted with himself was Von Porat, that he returned to Norway.

With considerable of its appeal worn off, the contest probably will attract about $20,000 worth of business. It will be Von Porat's first engagement since returning to the United States.

TECH GOLFERS WILL MEET

ORGANIZATION TO BE PERFECTED AND NEW PLANS DISCUSSED

All candidates for the Texas Tech golf squad are invited to meet this evening at 7:20 o'clock in the Double-T clubroom at the Tech gymnasium.

An organization is to be perfected and plans made for instituting golf as a regular section of the athletic program. A captain will be elected and means for determining the campus championship and a college team will be discussed. The Tech golfers will meet golf teams from other colleges in this section.

J. O. (Dell) Morgan, basketball coach, probably will have charge of the golf squad.

Only One British Golf Star Remains

ORMOND BEACH, Fla., Feb. 24 (AP)—The British invasion of the South Atlantic woman's golf tournament was reduced to a single representative today as Diana Fishwick and three Americans entered the semi-finals.

Miss Fishwick stayed in competition by virtue of a 3 and 2 victory over Mrs. Robert Mazet of New York. Frances Williams of DeLeon Springs, defending champion, eliminated one English contender, Barbara Pyman, 3 and 2.

Mrs. Estelle Drennan of Tulsa, Okla., defeated Kathleen Garnham of England, one up. Mrs. Stewart Hanley of Detroit eliminated the other British invader, Gwen Hartropp, 5 and 4.

LEVINSKY FAVORED TO DEFEAT RISKO

NEW YORK, Feb. 24 (AP)—King Levinsky, clouting Chicago heavyweight, rules an 8-5 favorite over Johnny Risko, Cleveland veteran for their ten-round bout in Madison Square Garden tonight.

The rivals have clashed twice before with Risko winning by decision each time but the betting fraternity figures that Johnny is on the down-grade now and have laid their odds accordingly. Risko is 31 years old, Levinsky only 22.

Their bout was to have been held last Friday night but was postponed a week following the death of Ernie Schaaf.

Head and Back Quit Hurting

"Last winter, I did not feel good; did not seem to have any strength," writes Mrs. Harry Brooks, of Ellington, Mo. "I felt tired and worn-out. When I would try to do my work my head and back hurt. I had taken Cardui about seven years ago to build me up. I decided to take it again. I took five bottles of Cardui. My head and back quit hurting. I am lots stronger."

Women who suffer from weakness often have many aches and pains which a stronger state of health would prevent. If you are in this condition, take Cardui, a purely vegetable tonic that been in use for over 50 years.

Split-second starting at 20° below zero

Now, you can laugh at cold weather starting troubles . . . because the gravity of Phillips 66, the *greater gasoline*, right now ranges from

65.6° to 80.5°

The red line on the thermometer may sink out of sight, but this sensational high test is more than a match for the toughest blizzard that ever hit town.

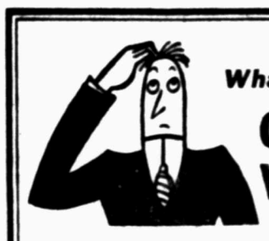

Twenty above or ten below, whatever your weather, you know that every gallon of Phillips 66 which you buy is scientifically and accurately matched to its demands. So you always get a gas that gives the peak of performance, guaranteed by the process and principle which the great Phillips organization pioneered: CONTROLLED VOLATILITY.

And here's the big news: This honest high test with CONTROLLED VOLATILITY does not cost a single penny more than ordinary low gravity gasoline. You DO NOT pay any 3¢ premium per gallon. But you do get premium performance on every count, from flashier get-away to longer mileage.

When you read or hear other claims, remember that PHILLIPS IS THE LARGEST PRODUCER OF NATURAL HIGH GRAVITY GASOLINE—and this certainly qualifies us to offer world-challenging value in a high test motor fuel.

Hence we confidently promise you exceptional and outstanding results if you try a tankful of Phillips 66.

Stop the very next time you see the Orange and Black 66 shield. That is where you get extra high test without paying a penny extra. That is where you also get the amazing new Phillips 66 Motor Oil . . . perfect team-mate for instant-starting Phillips 66 Gasoline, because it flows instantly and freely even at temperatures 62° below freezing.

What is CONTROLLED VOLATILITY?

In gasoline, volatility is that quality which makes it deliver *perfect performance* at any temperature. Since the weather can't be controlled, the only way to insure perfect performance is by CONTROLLING the VOLATILITY—increasing the volatility as the temperature drops. Phillips 66 is the gasoline with Controlled Volatility. That is why it always gives instant action even in below-zero weather . . . faster warm-up . . . flashier acceleration . . . more miles . . . less carbon and crankcase dilution. Phill-up with Phillips and you will feel the difference, because right now—this month—

PHILLIPS 66 HAS 78% MORE VOLATILITY than any other leading gasoline.

Thought For Today

Ye have wearied the Lord with your words. Yet ye say, Wherein have we wearied him? When ye say, Every one that doeth evil is good in the sight of the Lord, and he delighteth in them; or, Where is the God of judgment.—Malachi 2:17.

Dry Law Repeal

Unless all the signs are wrong, the prohibition amendment is on the way out.

And while this will be the cue for most of us to rejoice or to weep, depending on our individual attitudes, it would be a very fine thing if we sat down quietly, while there is still time, and figure out just what is going to come next.

We have set our faces toward repeal, apparently, and we have done it because the prohibition amendment hasn't worked out nearly as well as we expected it would. In trying to abolish one set of abuses we saddled ourselves with a new one, and it begins to look as if we weren't going to put up with this new set very much longer.

But while we're getting rid of them, we want to make perfectly sure that we don't revive the old one.

* * *

The old-time saloon wasn't a great deal like the speakeasy, but it created evils just as real as these which the speakeasy has created. It made a sore spot in the neighborhood which women actually feared to pass. It periodically disgorged drowsy drunks in such a way that it was unwise for women to appear unescorted on the streets at night. It was a festering breeding spot for rotten politics.

Now there is no sense in our forgetting those facts and pretending that anything at all will be better than the present era of bootleggers, rum-runners, crooked cops and shady speakeasies.

We ought to be intelligent enough to find a system that would do away with the evils of the present regime without restoring the evils of the past.

We shan't do it if we try to kid ourselves into thinking that the evils of the past really didn't amount to much.

Finding the right solution is going to take a lot of earnest thinking. We had better start thinking right now; and, in the process, we want to remember that we have two entirely distinct sets of abuses to correct, and not just one.

IN New York City recently, 15-year-old Charles Murch organized, by bullying methods, a neighborhood 'gang' of boys between the ages of 11 and 14 years. He proclaimed himself the chieftain, ruled with an iron hand and ready fist.

Then one day Gang Chieftain Murch attacked a young woman with a monkey wrench and one of his unwilling henchmen, sick, 12-year-old Willie Bender, 'snitched'. To punish sick Willie, Gang Chieftain Murch lured him to a vacant house, tied his hands and feet, stuffed a gag in his mouth and then stabbed him in the heart with a table knife. Willie Bender died.

After a two-week search police found the body, traced to Gangster Murch the crime. It took hardened, professional detectives five and a half hours to wring from Gangster Murch his confession and when he did confess he did so proudly, braggingly and in a burst of anger.

* * *

There is something wrong with a civilization that produces boys like Charles Murch.

Of course, he is only one boy in millions but court records are replete with similar, although probably less ghastly cases.

Much can be said for the educational advantages of any great city—probably more for New York than any other metropolis.

But smaller places and the wide, clean sweeps of the rural sections offer more in the way of mental and moral advantages.

IT has long been known that there is more than one way to skin a cat. Therefore, it is not surprising that prohibitionists and anti-prohibitionists have various and sundry ideas on how Texas should consider the proposition of repealing the federal prohibition laws as placed before the states by the national Congress.

All sorts of ideas have been advanced, chief among which is the convention plan, providing for the election of delegates to a state convention at Austin, where the problem would be disposed of.

* * *

That may be the legal way to do it.

That may be the best way to do it.

But The Plainsman, a believer of the 'voice of the people', would prefer to see the matter brought up for a state-wide vote—just like we have for governor—and let the people decide for themselves.

The problem of prohibition is the problem of every citizen in Texas. Every citizen in the state should have a vote and a voice in the matter.

If there are no legal barriers, why not call an election—a state-wide election—and let the qualified voters scratch their ballots for themselves?

Such a plan would certainly make for a more general participation by the people than will the convention plan.

THE fishing season is something else that's just around the corner and one well known local fisherman, who doesn't want his name mentioned, picked up this parable in Coffeyville, Kansas. It reads:

"Behold, the Fisherman!

"He riseth up early in the morning and Disturbeth the whole household; mighty are his Preparations.

"He goeth forth, full of hope and when the day is far spent he returneth, smelling not of fish but, yea, of something smelling mightily like intoxicants and the Truth is not in him."

Power To Reorganize U. S. Agencies Will Give Roosevelt Greatest Authority Ever Held By A Peacetime President

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, Feb. 24—Congress will not give Mr. Roosevelt full dictatorial powers, but its delegation of legislative functions will combine with other factors to give him far more power than any other president has had in time of peace.

Dutcher

Even if he is only permitted to abolish federal bureaus and cut expenses up to a stipulated percentage, the power of the executive will be taking its longest jump in a history of gradual, constant expansion. Presidents have been seizing or being delegated added powers from the beginning, and long ago it was possible to say that they had more power than almost any European monarch.

Now congress has come to the point where it actually admits there are certain fields in which it can't do the business entrusted to it by the Constitution. One such field is that of government reorganization, although the primary complicating factor there is that no two persons agree on how the government should be reorganized, and it's necessary to give the job to one man and trust his judgment. The principal other field is that of expenses for veterans, which congressmen dare not vote because they fear the veterans' wrath.

• • •

A president who is permitted to abolish government activities and jobs to his heart's content, subject only to a repudiation by a party representation in Congress of which he probably will be in full control, becomes nearly all-powerful.

That prerogative is added to his veto power, which has been vastly developed since the early days; to his right to remove all appointive officials, confirmed by the courts a few years ago; to his almost invariable ability to bring about his own renomination and to the multiplicity of enormous problems affecting all citizens which automatically swells the importance of his office.

• • •

You're likely to stand in awe at the power that will be Roosevelt's when you also remember his huge congressional majorities—and his power to control them with patronage—plus the fact that he enters office at a time when nearly everyone is hating Congress. The more Congress is discredited the stronger becomes the position of the executive.

Incidentally, the current disgust with Congress has been enhanced by rather than born of the depression period. One recalls that in the Coolidge administration, Vice President Dawes and Governor Lowden of Illinois, among others, were warning against a breakdown of popular, parliamentary government and the approach of dictatorship.

Wartime powers of a president are almost complete, under the Constitution, and even in peacetime he can do about as he pleases with the Army and Navy. Presidents have called out federal troops time and again—for the Whisky rebellion, the Civil War long before Congress acted, the Pullman strike, the protection of Panamanian independence and the eviction of the bonus army from Washington.

• • •

Congress never delegated as many powers to another president as it did to Woodrow Wilson. Through individuals and commissions he was even able to fix prices—which is ordinarily unconstitutional, according to the supreme court.

Congress isn't permitted to delegate its legislative power to the president but it can go the limit by making him its agent in laying down regulations and formulating policies under legislation which it enacts for the purpose.

Thus it has given him the privilege of altering tariff rates and controlling exports of munitions to some countries and shifted an indirect control of such matters as interstate commerce, transportation, power sites and radio which may be exercised through the power of appointment and removal.

FLASHES OF LIFE FROM EVERYWHERE

INTERESTING BITS OF NEWS GROUND FROM THE GRIST OF THE DAY'S HAPPENINGS

(By The Associated Press)

Whistler In Dark

BALTIMORE — Miltenberger Smull, registrar at the Maryland institute, art school, answered the telephone.

A feminine voice inquired:

"Will you please give me some information about your class of whistlers?"

"Whistlers?" exclaimed Smull.

"Why, yes," said the gentle voice. "I read of your exhibition of Whistler's work and I think I should like to join your class."

Have No Ears

PITTSBURGH — Queenie is the only truck horse in Coraopolis, and she lasts because she enjoys a good one-sided conversation.

Not long ago John Wilson put Queenie in pasture—and proceeded to wreck two motor trucks. Now Queenie is in harness again, and he says she'll stay there as long as he works.

It's because trucks wouldn't do as he said, Wilson says. They wouldn't even listen.

Can't Shock Him

NEW CASTLE, Pa.—The girls can't shock Mayor Charles B. Mayne with their modern clothes.

"I lived in a country once where all women wore trousers," he said, declaring he won't object to it here.

Where was it? "Alaska," said the mayor.

Sweet Memories

MADISON, Wis.— Remember the old fashioned barber shops and those mugs with your name in fancy gilt on 'em? Federal agents said a Madison speakeasy adopted the idea, lettering customers' names on copper mugs. They raided the place.

Idea Of History

EVANSTON, Ill.—Attired in a three-cornered hat and carrying an American flag, ten-year-old Vincent Moffitt presented his idea of Washington crossing the Delaware, using a scooter instead of a boat, and Evanston's busiest street corners for his act. Traffic was blocked. The police took him home.

MURRAY LOOKS INTO FUTURE

SAYS DEMOCRATS ARE TO BE IN CONTROL FOR 20 YEARS

ENID, Okla., Feb. 24 (AP) — Predicting the present economic conditions will continue until 1950 and that the Democratic party will continue in national power for the next 20 years Governor William H. Murray addressed the Oklahoma League of Young Democrats here Wednesday.

The governor rebuked the delegates for using intoxicating liquor. "You'll have to cease your practice of drunkenness in your state conventions if you want to get anywhere," he told them.

Boos Are Heard

Applause and boos, about equally divided, greeted the governor throughout his thirty-minute talk. "I have friends, I have relatives—" he began.

"—on the payroll," a heckler shouted.

Frequent cries of "hot oil," and "let's hear from Cicero" were heard during the address. The governor did not refer to either.

Governor Murray said that his veto power will keep state appropriations by the legislature within the twenty one million dollar limit he has set.

Richard B. Russell, senator-elect of Georgia, billed as the principle speaker, failed to arrive.

Oklahoma Acts On Repeal Delegates

OKLAHOMA CITY, Feb. 24 (AP)—Prohibition forces of the Oklahoma house of representatives, headed by George Copeland, Oklahoma county, will introduce a resolution in the house providing for election of 118 members to a state convention next September to consider ratification of the proposed national repeal amendment.

HEADS MERCHANTS

SLATON, Feb. 24, (Special)—The Slaton Retail Merchants association board of directors Monday night elected Fagan Gann, a lumberman, president. Reese Donald, newspaper editor, was chosen as vice president, and Mrs. L. T. Green re-elected as secretary-manager.

If there's anything in that old saying about "shirt-sleeves to shirt-sleeves in three generations," our children are going to have to enjoy prosperity as best they can with their coats on.

It's too bad that we had to wait for an inflation argument to start that hue and cry for Congress to "keep hands off the currency."

More folks probably would buy new automobiles if the dime stores would flatly announce they won't handle 'em.

Around the RADIO Clock

BY C. E. BUTTERFIELD

(Time Is Central Standard)

NEW YORK, Feb. 24 (AP)—Two young women with voices so nearly alike that one is the understudy for the other are going on together just to see how they sound.

This idea is to be incorporated in Bob Taplinger's Meet the Artist program on WABC-CBS Tuesday afternoon when Elzie Hitz, one of the principals in the magic voice program, and Thelma Marsh, who is the understudy, talk to each other—sort of meeting one's voice face to face.

Try These Tonight:

One big reason why we hear so few contradictions of the theory that the fittest survive is that the dead never have much to say.

STEEL COMPANY HEAD SAYS ENGINEERS ARE GOOD EMPLOYES

Texas Technological college graduates in civil engineering are "valuable employes," characterized by "thorough theoretical preparation" and an excellent attitude toward work," O. W. Irwin, vice president of the Truscon Steel company of Youngstown, Ohio, has written Prof. J. H. Murdough, head of the civil engineering department at the college.

D. W. Hibbard, chief engineer of the Truscon company, wrote, "When the wheels begin to turn and more business comes in, you can look to us for placing four or five of your graduates every year, provided you hold standards as high as you have in the past."

Willing To Work

Saying Technological college graduates, in contrast to graduates of many eastern engineering schools, have been found to be "willing to work and work hard for extended periods while they are getting that kind of practical experience which turns their engineering theoretical training into practical judgment," Mr. Irwin added:

"Our management still is of the old school which believes that an engineering college course, no matter how thoroughly given, must be supplemented by several years of hard knocks before the output can really be called experienced structural engineers."

Know Their Mechanics

Of Technological college graduates, the steel company vice president continued:

"They know their mechanics of materials and they know how to apply theorctical mechanics to the practical problems of structural design. We have not yet dismissed a single engineer who has come to us from your school and we still have on our payroll, at a time when we have dismissed 85 per cent of the engineers who were with us in 1929, a total of 50 per cent of the engineers which came from your college. The 50 per cent who have left us have left of their own volition . . ."

Regrets Pending Threat

Mr. Irwin said his company regretted that "the Texas legislature may consider eliminating the engineering course from your college."

Mr. Hibbard commented, "It is quite a shock to learn that one of my chief sources of engineers is in danger of being discontinued through the efforts of the 'technocrats'."

The chief engineer said he had since 1928, "which was the first year your engineering department graduated four-year students," had six Technological college graduates. Three still are with the Truscon company, two left its employ to enter other fields, and the sixth man returned to Texas to enter a trade he had previously learned, Mr. Hibbard said.

"In the last seven or eight years the percentage of engineering graduates obtained from western schools (by his company) has far outranked the eastern schools," he added.

Answer to Previous Puzzle

NEW YORK WOMAN'S REQUEST TO BE BURIED IN WEST WILL BE REALIZED

Last rites for Mrs. Grace Morrison, 40, of Staten Island, N. Y., who died Tuesday in Galveston, were to be read at 3 o'clock this afternoon at Rix Funeral home by Rev. Lyle Barnett, rector of St. Paul's Episcopal church. Burial was to be in Lubbock cemetery. The body arrived Thursday afternoon, for burial in the west Mrs. Morrison never saw.

For three years the South Plains of Texas had held hope of relief from the catarrhal ailment she suffered; meant hope of even life itself.

Death of Mrs. Morrison thwarted the carefully laid plan for recovery in the West. But today, her body was to be cradled in the friendly soil of the South Plains; a promise, "a sacred promise," made by Mrs. Morrison's 73-year-old mother will have been carried out.

The bereaved mother, Mrs. Harriet C. Johnston, told the story last night, relating a conversation between the two before they left New York, February 1 for Lubbock.

"Mama, I want you to take me out there and bury me, and live there and be near my grave," Mrs. Morrison said.

"I promised, and it was a sacred promise," Mrs. Johnston said.

They went by boat to Galveston. The night before the boat docked there, Mrs. Morrison collapsed. For two weeks she was treated in a Galveston hospital. Then came death of pneumonia.

Mrs. Johnston was not with her daughter when the end came.

"I have—only regrets," the mother said.

Mrs. Johnston last night appeared very tired. Her fingers were nervous as she held gently a picture of Mrs. Morrison before her tenth birthday, a faded photograph of a bright-eyed girl with curling hair. The mother is a small woman, with gray eyes and gray hair. Her glasses rested on her forehead while she talked. In mourning, she was dressed simply in black.

Mrs. Johnston will make her home in Lubbock, "for I have no ties in the east." She has a room at 1620 Avenue O.

Both mother and daughter had visited in Dallas and San Antonio. They had never seen the great Plains section.

"We liked the Texas atmosphere, and the hospitality," Mrs. Johnston said.

"My daughter for years wanted to come out here. I am sure had she been in Texas she would have been alive today."

After obtaining information about different western sections, they decided to come to Lubbock eventually.

Mr. Johnston has been dead 18 years. While mother and daughter were residing in Chicago, they arranged to go to Staten Island to care for their father-in-law and grandfather, Lawrence Johnston, who now is 100 years old. The centenarian, a pioneer railway operator, built some of the original of the Atlantic and Great Western and Erie Lines, Mrs. Johnston said.

Hospitality of Texans has meant much to the grieving mother.

"In Galveston, they were just lovely to me," she said. "It is the same here. Your people are very hospitable, very free and open hearted. You do not think so much of the material things out here.

"In Staten Island there were so many fogs. It is drier here, and much healthier."

In her voice, both hope and regret were mingled.

ANNOUNCE NEW SCHEDULE

DIRECT CONNECTIONS BETWEEN AMARILLO, SWEETWATER GIVEN

Two direct connections between Sweetwater and Amarillo, and one between Big Spring and Amarillo each day, will be established with installation of new schedules which South Plains coaches will begin using Saturday, Joe Bowman, manager, has announced. Southbound passengers have a direct connection with busses for both Big Spring and Sweetwater.

Running time for the three divisions has been shortened by the new schedules. Between Lubbock and Amarillo the new time will be three hours and 20 minutes. Between Lubbock and Sweetwater the time is cut to three hours and 45 minutes and to three hours and 20 minutes Lubbock to Big Spring.

Leaving Lubbock for Amarillo, the new schedules are: 8 a. m., 2 p. m. and 8:30 p. m., with arrival at 11:10 a. m., 5:10 p. m. and 11:40 p. m. Southbound cars will leave Amarillo at 9 a. m., 12:30 and 5:30 p. m., arriving at Lubbock at 12:10, 3:40 and 8:40 p. m. The southbound bus arriving here at 3:40 p. m. connects with busses to both Big Spring and Sweetwater.

On the Sweetwater division the morning car leaves at 7:30 a. m. as at present, with arrival at Sweetwater at 11:15 a. m. The afternoon bus leaves at 4:45 p. m. and arrives at Sweetwater at 8:30 p. m. Northbound busses leaving at 9 a. m. and arriving here 12:45 p. m., and the afternoon car, leaving Sweetwater at 4:30 and arriving here at 8:15, connect with the Amarillo cars.

Southbound to Big Spring, the afternoon bus leaves Lubbock at 3:45 p. m. half an hour later and arrives at Big Spring at 7 o'clock. The northbound busses leave there at the same time as at present, but reach Lubbock earlier, at 1:45 and 10:15 p. m., respectively. The bus reaching Lubbock at 1:45 connects with the northbound bus for Amarillo leaving at 2 p. m.

Roosevelt Outlines Project For Modern Utopia

Improvement of American life is the aim of President-elect Roosevelt in proposing a gigantic project which would make a modern utopia of the region stretching from the mountains of Virginia to the Gulf of Mexico. The project would constitute the greatest social and economic experiment in history. The president-elect proposes to utilize the Tennessee river basin as a national laboratory in which to combine agricultural development, flood control, power development, and reforestation into a single coordinate movement. Layouts shows Roosevelt at his desk at Warm Springs, Ga., the nine states which would be affected, and a view of Muscle Shoals dam in Alabama which would play an important part in the development.

ALL IN ONE TREE

A giant tree in Yosemite National Park, California, is 300 years old and estimated to contain enough lumber to build a hangar for the airship Akron.

Script Placed Into Circulation By C-C

FLOYDADA, Feb. 24.—(Special)—With $100 in trade script put into circulation by the Floydada Chamber of Commerce, a mild beginning of inflation was effected. The script was supported by $100 in currency in the First National bank.

Ten men underwrote the plan proposed by R. B. Rossan. Script will be in 50 cents and $1 denomination and a stamp for one and a half cents for every 50 cents, will be affixed by merchants, on each transaction.

It is expected the fund will handle $3,600 worth of business. A set of rules was signed by 35 merchants. No change will be given for the script and it will be accepted at its face value.

PLAN CONSIDERED

AMHERST, Feb. 24.—(Special)—Local merchants and city officials are talking and adopting the script plan to take care of work for the city.

Thirty-six stamps would be affixed to each dollar of script, each costing three cents.

Fishermen reported a total catch of 81,166 fish in streams within Yellowstone park this year.

Hosiery News:

NOW A COMPLETELY NEW ARRAY OF OUTSTANDING VALUES

We have completely rebuilt our hosiery "line-up". During our last market trip we "shopped" every outstanding hosiery line we knew of—selecting an outstanding number here—another there—still another somewhere else to make every price bracket an unusual value. These purchases have arrived. . . . They now speak for themselves. Saturday we hold their "Premier". You are expected—we believe you will applaud. Up goes the curtain.

69c -- 89c -- $1.00

Into these three prices we have built values that you have never received before —styles, weights and types for every woman's every need—

PRICED— 69c PAIR

A semi-chiffon weight hose—a similar number to our former value at this price but with three extra threads for added service and a new white picot at the top for refinement—made from all silk—full fashioned of course—liberal length and just the weight for service as well as beauty—all the new spring shades—priced **69c**

PRICED— 89c PAIR

Quantity purchases made this value possible—purchases that effected a reduction and made it possible for us to offer a little extra. This is the only number in our entire range that has been shown before—the exact quality and grade we have sold so successfully for months and months.— All the new spring shades have replaced the darker tones and the price has been reduced to **89c**

FOR $1.00 THERE ARE VALUES SUCH AS YOU HAVE NEVER SEEN BEFORE

FOR THE DRESSIEST OF DRESS WEAR—a hose in sheer 2-thread construction—a fine 48-gauge quality—as fine as money can make hose—completely new and in all the new tones—priced pair **$1.00**

FOR FINE DRESS OCCASIONS—a real Chiffon weight—sheer enough for any occasion—a 3-thread hose of 45-gauge—sheer enough to be beautiful and still give service—a new number of the clearest finish—priced unexpectedly at **$1.00**

ANOTHER CHIFFON HOSE WITH SERVICE—a hose that will appeal to the business woman—to the young miss who demands both service and appearance—made in 4-thread style—all silk, still a chiffon weight—guaranteed "ringless" —a hose for most every type wear—also priced only **$1.00**

ONE PRISONER TO BE FREED

TWO OTHERS HELD IN TORTURE-DEATH OF HOMESTEADER

TUCUMCARI, N. M., Feb. 24 (AP)—One of three prisoners held here for questicning in connection with the torch slaying of Lee Marshall, 50, homesteader, probably will be released and the other two will be held for further questioning, officers said.

Sheriff Ira Allen, who has questioned the prisoners in several lengthy conferences, refused flatly to discuss the case because of the high feeling among ranchers in the Logan community near where Marshall lived.

Held On Suspicion

He said, however, the three men were arrested "merely on suspicion," and have not been connected with the killing. Their finger prints have been taken and will be checked, officers said. Members of the district attorney's office searched Marshall's dugout for finger prints and were reported to have found several good specimens.

The three prisoners are Roy Reid, 24; Leonard Beck, 24, and Jack Carr, 27. Which of them may be released was not revealed.

Marshall was tortured with fire and burned fatally by two robbers who held him up in his dugout last week.

Former Opera Star Attempts Suicide

CHICAGO, Feb. 24 (AP)—Augusta Lenska, 51, who once sang before Chicago Grand Opera patrons and more recently to church congregations, today was recovering from bruises suffered when she threw herself in front of a street car.

Police said she admitted she attempted to end her life—had spent yesterday trying to steel herself to the ordeal. She had gone to Lake Michigan, police quoted her as saying, but the "water looked too cold."

Vatican Station—On World's Shortest Railroad

The magnificent new Vatican City railroad station, shown here in an air view will be the starting point of one of the most significant events in the history of the papal domain. For it is from here on June 15 that Pope Pius XI will journey by train into Rome for a gala celebration of the reconciliation between Church and State. With its 600 feet of tracks, the Vatican railroad, probably the shortest in the world, is connected with another line which leads to the central station in Rome.

Austria To Return Shipment Of Arms

VIENNA, Feb. 24 (AP)—Austria has decided to comply with a joint British-French reequest to return a shipment of arms to Italy, but in announcing this decision, Chancellor Engelbert Dollfuss sternly rebuked Great Britain and France.

He said the Franco-British note was substantially the same as the text published in Rome, which was described as an "ultimatum" giving Austria 15 days to make assurances the arms would be destroyed or returned.

THOUSANDS ARE CHOPPING UP BRIGHT COLORED PICTURES INTO PIECES FOR AMERICANS TO PUT TOGETHER AGAIN

BY FRANK GERVASI
Associated Press Staff Writer

NEW YORK, Feb. 24 (AP)—Thousands of normal men and women are industriously chopping up bright colored pictures into absurd little pieces for millions of Americans to put together again.

Smoke pours from the chimneys of a five-story, city-block-square factory in drab Long Island City, 24 hours a day, seven days a week while grateful erstwhile unemployed turn out three million jigsaw puzzles a week.

Business in the Long Island City plant, largest of five or six in the metropolitan area making puzzles, has increased 250 per cent since last summer, an executive said today.

Employment in this plant alone has increased from a skeleton crew of some 100 persons to more than a thousand; 25 artists are engaged in producing original drawings; ballyhoo machinery has been set in motion; affiliated box-making and corrugated cardboard industries have noted increases of from 30 to 50 per cent—in the production of jigsaws to meet the demand.

J. C. Menkin, official of the Long Island City plant, gave the following thumbnail sketch of the industry, in addition to the figures above:

"The whole thing started about two years ago when a tooth brush company asked us to make a puzzle to give away with tooth brushes.

"Other commercial companies following suit, orders grew apace. We hired more help. Made the country jigsaw puzzle minded. Now we have a major industry.

"We use about 120 per cent more boxes than we used to. That, of course, has been a boon to the box making industry. About 250 girls alone work at feeding the puzzles into hoppers, and thence into boxes. That has meant wages for Long Island City workers.

"We are going to keep production down, and not saturate the market."

Would the jigsaw fad fizzle like pee wee golf? Menkin thought not.

U. S. Department of Commerce figures show that 1,797,380 patents have been issued in the United States since records have been kept.

GOOD STYLE *is never extreme. If you look around at the people who dress in good taste, you'll see that there's never anything "flashy" about what they wear.*

Come to think of it . . .

it's very much the same with cigarettes.

No cigarette should ever be "strong." That means that they should never be too rich or overseasoned—not harsh or "bitey."

The taste of a Chesterfield is just as near right as we know how to make it.

Not tasteless or flat, not too highly flavored for steady smoking, but with just the right kinds of tobaccos blended the one right way to *satisfy.*

Chesterfields are mild. They taste better.
