NEAR DEATH BY SMOTHERING

But Husband, With Aid of Cardui, Effects Her Deliverance.

Draper, N. C.—Mrs. Helen Dalton, of this place, says: "I suffered for years, with pains in my left side, and would often almost smother to death."

Medicines patched me up for awhile but then I would get worse again. Finally, my husband decided he wanted me to try Cardui, the woman's tonic, so he bought me a bottle, and I began using it. It did me more good than all the medicines I had taken.

I have induced many of my friends to try Cardui, and they all say they have been benefited by its use. There never has been, and never will be, a medicine to compare with Cardui. I believe it is a good medicine for all womanly troubles."

For over 50 years, Cardui has been relieving woman's sufferings and building weak women up to health and strength. If you are a woman, give it a fair trial. It should surely help you, as it has a million others.

Get a bottle of Cardui to-day.

Mr. Short, of Gomez, showered down on us last week with a dollar. In fact last week seemed to be west side week for paying up, as we had many callers with the cash from that side, Friday and Saturday.

Elder Lofton preached to a small sized crowd at the courthouse Sunday, but owing to the inclemency of the weather, he did not preach at night. Instead the young people enjoyed a singing at J. C. Green's.

We have been requested to announce that the last quarterly conference for this year will begin Sunday. There will be preaching as usual Sunday, and the business will be done Monday.

Mr. McAllister killed a porker this week and found a ready market for it in town.

Will Fisher came in from N. Mexico, last Sunday, and talks as if he will be here some time.

Well Jack Frost came this week in all his glory, and with James W. Riley, we can exclaim: "And the Frost is on the pumpkin and the fadders in the shock, and man is feeling at his best," or words to that effect.

We call your attention to the change in the ad of the McAdams Lumber Co., of Tahoka, in this issue. This is one of the strongest lumber companies on the Plains, and will do you right. Be sure it comes from McAdams and you will not regret the deal.

You can't help noticing the page ad of E. B. Wright in this paper, and you will also notice that he is going to close out at cost, everything in his house. Now while we regret to lose Mr. Wright from the business of our town, it is the duty of every man to his family to get goods as cheap as possible, and here is your chance. Come early and get the first selection.

Dr. Treadaway is talking of renting the old printing office from Judge Sponcer, and remodeling it for his office.

We understand that since selling his barber shop, Fred Scuday is talking of going to Lubbock and work in a shop up there.

The last account we had, the Fort Worth horse buyer had bought four horses, one each from W. B. and R. A. Snodgrass, W. G. Hardin and E. T. Stapp. The price ranged from \$100 to \$130. This is turning the cash loose like we like to see it.

Mr. Richardson, a garage man came in with Earl Hill from Lubbock, last week and is occupying the Hughes home. We hope he will decide to permanently locate in Brownfield.

Among those who came to mill for their neighborhood last Friday, were Messrs. John Hamm and Jack Benton, of the Tokio country. While they were here they paid the Herald a pleasant call and spent some money with us too. Mr. Hamm remarked that there was no danger of Terry folks starving, as they had made a bumper crop of all kinds of feed.

There were not many farmers present at the meeting last Saturday afternoon, and there could not be much done, as the farmers are very busy yet trying to house their big crops of feed and cotton. A maize buyer was here from Tahoka, and made the farmers an offer of \$10. per ton f. o. b. Tahoka.

Mr. Childress, a young farmer from Central Texas, who settled here last spring and put in a sod crop, called on us last Friday, and among other things, he said: "I have probably seen better corn than I have raised this year but it has been a long time, and I will make three quarters of a bale of cotton per acre." He considers this the equal of the county he came from, for farming in every way.

The Herald enjoyed the privilege of devouring some of the Tiernan hospitality, Sunday.

Sam Funderburk was over with seven turns of corn, last Friday—but they were not all Sam's.

Uncle Joe Bryant, of southside, was in a few minutes last week, but was in such a hurry that he merely poked in his head at the Herald office and said "howdy."

The Junior editor has been on the sick list this week, as has also little Judge Drinkard and Ona Maud Watson. All are better, now, however.

Jimmies Burnett and Green made a trip to Tahoka this week after coal and supplies.

A Rent Exchange

We have been thinking for some time of putting up a proposition like this to the "Boosters of Brownfield and Terry county," and after studying the matter over, the more plausible it looks. There are people coming here almost every day, and others writing, for places to rent, but many are turned away for the reason there are no places for them. Then there are others that already live here that can't find places because the non-resident owner they have been renting from, is fixing to move here himself.

What are we going to do about the matter? Are we going to turn down good citizens and nevery to find a place for them? Do we want our county settled by a thrifty, law-abiding set of renters, who may in a few years, become home owners? If so, we had better go to work right now, or some other county is going to get them.

Our idea is, to create a bureau of information for the man who wants to rent, and also the one who has land to rent, and take the names of people who will agree to build rent houses, and how much land he wants in cultivation. It is a job for a man to come here, as thinly settled as we are, and look all over the county for a place, when a central organization would be able to show him where a place was in an instant, to suit him.

Until the business men take some steps to perfect such an organization, if they want one, we will take the names of all who has a place for rent, or will build a house, and try to get in communication with those wanting to come here, and when the business men takes the matter up, we will turn the business over to them. If they think such an organization not wise, we will do the best we can in the matter ourselves.

People, do you want more neighbors; do you want to see old Terry come to the front? If so, give us your name. Every well regulated ranch in the county, should have two or more good farmers on it. Besides, there are lots of farmers in the county, plenty able to provide for one or more renters. Let us get busy and work for the betterment of our county.

Brock Gist and wife spent the Sunday at Mr. Bell's.

Mrs. Windham and Jessie, spent Sunday evening at Uncle Bill Howard's.

Frank Howard has started out in his new life fine, but he just can't learn that he isn't the first man that ever married.

Slim Mathis is still a regular visitor at Uncle Bill Howard's.

Doss Windham took a load of maize to Lubbock, Sunday.

I don't learn much of Jim Smith of late; guess he is working and letting his Ford rest.

Jay McPhaul still calls at Lee Walker's.

Doss Windham and Scott Walker still continue to go to Brown field. Wonder what's the attraction.

Jessie is at home this week, helping Doss pick cotton.

Mr. Simpson peddled out two beeves here this week.

Drink a Little Beer Occasionally

IT'S one of the things I often prescribe. It will do you good if you use it moderately, as all men do who know what real temperance is.

Beer is refreshing, exhilarating, nutritious, and a tonic. It promotes digestion and is a wholesome food beverage. When a man drinks beer he drinks and eats at the same time, just as when he eats a bowl of soup. The terms "eat" and "drink" are inconsistently used in pointing out the difference between what is merely quenching our thirst and what is actually consuming nourishment. In my opinion, a man might more properly be said to eat beer than to eat certain kinds of soup, or indeed watermelon.

Drink beer and eat moderately. The moderate beer drinker and eater is in a far better position than the total abstainer, who often consumes an excess of solid food. Beer builds tissues, restores waste, furnishes heat, and produces energy.

trouble, but she is able to be up now.

Carl Hudson and sister, Miss Sarah and Lee Fulton and sister Miss Althea, attended church here last Sunday.

Mr. Lemley was here Monday with a load of cotton to be ginned. He reports the syrup making is over and the most of the crops are gathered in that part of the county now except the cotton.

Quite a lot of the patrons of our school are petitioning the trustees to suspend our school for a short time so the children can help finish picking the cotton as it is about all open now and a bad storm of rain or snow would damage it badly.

A correction—It was Mr. and Mrs. Rufus Lanier's little daughter instead of Mrs. Thomas' that has diptheria. Mr. and Mrs. Lanier live at Carbon Tex., but were traveling and the little one was taken sick at Haskell City. It was just Mrs. Seitz that went as Mrs. Lane only went to the railroad. Last reports were that the little girl was dangerously sick. It was a mistake in names and ye editor printed the item as I reported it to him, and I did not learn that my informant was mistaken until the paper had gone to press.

Mr. Thompson was over from Brownfield Monday, shaking hands with old friends.

A break down at the gin late Saturday evening had to be repaired Monday, and as cotton is coming in constantly the gin yard soon filled. They are ginning from fourteen to sixteen bales a day now, and quite a lot of cotton is being brought from N. Mex.

To my customers, I have a market debt due the 25th of this month that must be paid. Will those owing me please come to my assistance. I have furnished you supplies while you made your crops, now please settle up so I can meet my debts.

A. P. Moore

Mr. Dumas' family came in last Saturday night to Brownfield enroute home from Lockney. Henry accompanied them home. His spell of sickness reduced his weight 75 pounds. Eb Ivey carried them out home Sunday in his car.

Robert Holgate went out to Tokio on business, Monday.

E. W. Maddux bought a fine milch cow from Mr. Stapp Monday, price \$60.

Well, Sunday night and Monday night we sure did have that killing frost. Fresh tomatoes turnip greens and flowers are no more for this year. Well, Thanksgiving is almost here and we plains people sure have a lot to be thankful for, health, peaceful homes free from wars, horrors, and beautiful crops of all kind.

Arthur Moore went out New Mexico last week to make improvements on his claim out there.

Alvin Duke and wife were here last week when it rained. Alvin is too busy pulling the fleecy staple to come to town a dry day.

Tuesday morning, 8 o'clock, H. D. Leach is here now on his way to the railroad has come three miles, and this is our first real cold morning. A. P. Moore says if the Herald don't stop this cold weather he will have to send to Sears, Roebuck for some winter clothes but as Sears won't credit, we will try to get some from home merchants.

A letter from Haskell City Monday to A. P. Seitz, states that little Virginia Lanier is thought to be a little better but is very low indeed.

Mr. Hobbs, of the Needmore community, moved his family in last week to put his little boys in school. Welcome!
