# REBELS MARSHAL ARMIES IN NORTH

## South To Get Big Slice Of Political Pie

### HOOVER TO RECOGNIZE SUPPORT IN DIXIE

BY JAMES L. WEST
Associated Press Staff Writer

WASHINGTON, March 12 (AP) — Recognition of the leaders of the Hoover Democrats of the South in the matter of federal appointments in that section is likely to be adopted by President Hoover as a cardinal policy.

HERBERT HOOVER

There also are indications that in the eastern and western states the regular organization leaders will be required to consult on appointments those who had charge of the Hoover preconvention campaign in those cases where these men are not now identified with the regular state party leadership.

While there has been no formal announcement of the methods that are to be pursued in selecting federal officess in the states south of the Mason and Dixon line, the general expectation is that this will be largely in the control of a committee for each state on which the Hoover Democrats will have membership, although by no means a majority.

The committee plan of handling patronage is being tried out in New York state, where Edmund H. Machold, state chairman, Charles D. Hilles, republican national committeeman, and William H. Hillies, leader of the independent Hoover-for-President organization, are functioning. A number of appointments, including three judgeships are to be made in New York state, but so far as is known the committee has not yet made any recommendations.

The patronage situation in the south has given the president considerable concern and has been an indirect cause, at least, of the retirement of Horace A. Mann, a Washington lawyer, from the political field as director of political affairs in the south for the president, a job he performed during the campaign.

Mr. Mann had worked out a rather elaborate plan for handling

## LOCAL MEN TO ATTEND MEET

### DESIGNATION OF ROAD TO ROSWELL GOAL AT BLEDSOE

Road enthusiasts of the South Plains and of eastern New Mexico will gather at Bledsoe tomorrow afternoon and night in the interest of highway designation west of Lubbock.

Officials of the Lubbock Chamber of Commerce announced today that a representative delegation would attend the meeting from here.

A business session will be held at 3 o'clock in the afternoon and the visitors will be entertained with a banquet tomorrow night.

New Mexico delegates have been invited to the meeting in the hope of securing designation of a highway from Lubbock to Roswell, shortening the present route from Lubbock by a number of miles. Several routes are under consideration, including that west from Lubbock to Bledsoe and from here to Morton.

### *Bradley Leaves, Jury Dismissed*

Due to the serious illness of J. W. Bradley of Banks, Ark., father of District Attorney Durwood Bradley of this city, jurymen in the 99th district court this morning were dismissed for the remainder of the week by Judge Clark M. Mullican.

Mr. Bradley received word this morning and expects to go to his father's bedside.

### *Car Stolen From Pink L. Parrish*

A light sedan, owned by Pink L. Parrish, 904 Avenue R, was stolen from the driveway at the side of the residence sometime last night, it was reported today. This was the second car theft in the city last night.

## U. S. TROOPS GUARD ARIZONA TOWN

## ACTIVITIES OF REBELS CAUSE OF MOVEMENT

### CAVALRY DETACHMENT SENT TO GUARD ON BORDER

(By Associated Press)

WASHINGTON, Mar. 12.—Movement of a small body of troops to the Mexican border for the protection of Naco, Arizona, and to guard the water supply of Bisbee, about 8 miles from the international line, was reported to the war department today by Major General Lassiter, commander of the Eight Army Corps area at San Antonio.

At the request of the local authorities in Arizona, a company of the 25th infantry and a troop of the tenth cavalry were dispatched by Col. Douglas McCaskey from Ft. Huachuca, Arizona, to the border. The authorities there had become uneasy over activities of Mexican Revolutionists across the border from Naco and appealed for army protection.

General Lassiter informed the War department that no other troop movement was contemplated at present. Reports from Fort D. A. Russell, Wyoming, that troops there were preparing to move to the border were said by war department officials to be incorrect.

### TOWN REQUESTED ARMY PROTECTION

SAN ANTONIO, March 12 (AP)—United States troops sent to Naco, Ariz., were ordered there to establish an outpost and keep watch along a stretch of border remote fro mthe permanent military posts, it was announced at Eighth Corps Area headquarters today. The force consists of a small detachment of cavalry from Fort Huachuca, and the movement does not involve the sending of additional troops to the border, it was said.

### FEDERALS CAPTURE NACO, IN SONORA

BISBEE, Ariz., March 12 (AP)—Naco, Sonora, in the heart of the Northern revolutionary territory, was reported captured by federal forces today in unconfirmed advices received here. A battle was reported imminent at Agua Prieta, Sonora, thirty odd miles east.

These advices were received from Naco today.

### *Escaped Convicts Recaptured Today*

BATON ROUGE, La., March 12 (AP)—Louisiana penitentiary officials stated today they had been informed to the recapture of two escaped convicts, Sam Thomas Sherman of Caddo Parish, and Batchelor Haynes negro, of Rapides Parish.

Sherman, alias H. Scotland, is held at Houston, Tex., following arrest at San Antonio for alleged theft of clothing. He escaped August 29, 1928, after serving six months of a two to six years term for embezzlement.

### *Mail Moving To Mexico As Usual*

No notice concerning mail from the United States to Mexico has been given to the local post office department, J. R. Green, superintendent of the mails said today.

Mail to the revolt torn country is handled through regular channels as always, and if it is to be stopped the action must be at the border, Mr. Green said.

### *Rob Messenger Of $157,000 In Checks*

MADISON, Wis., March 12 (AP)—Two men held up the messenger of the Wisconsin automobile license division in front of the office in the Capitol annex today and took $157,000 mostly in checks and money orders.

The amount of cash taken has not been determined.

Robert L. Siebecker, asssitant secretary of state, said the loss was covered by insurance.

## Gotham Astir As Booze Prices Vault Skyward

### SERIOUSLY ILL

Elsie Janis, famed star of the stage, is seriously ill in Paris, according to news dispatches. Physicians fear for the worst.

### JONES ACT, TIGHTENING ON PRO LAW IS CAUSE OF BOOST

NEW YORK, Mar. 12 (AP).—The New York Herald-Tribune says today that the Jones act, increasing penalties for prohibition violations, has caused the price of liquor to soar, putting many of the smaller speakeasies out of business.

The wholesale price of whiskey says the newspaper, has advanced as much as $40 a case and grain alcohol has doubled to around $14 a gallon.

Deliveries to speakeasies have been curtailed to such an extent that only about one half the liquor ordered is being delivered.

Maurice Campbell, federal prohibition administrator, also declared the Jones act was putting many speakeasies out of business.

"The bootleggers do not like the idea of going to jail for five years and paying a $10,000 fine. Fear of a long term has stirred the men in charge of the rings. They find it difficult to hire men who will take the blame for them. We are concentrating entirely on the source of supply. The Jones act strikes at the leaders."

### GIRL SHEDS LIGHT ON TWO KILLINGS

NEW YORK, Mar. 12 (AP).—A night club hostess, wise beyond her 18 years in the ways of Broadway gangsters, was under guard of a police matron today as an important witness in two slayings.

Demaris Dore, quoted as saying she had witnessed the shooting of Thomas (Fatty) Walsh in a Miami hotel last week, also told police she knew Arnold Rothstein, fatally shot in the Park Central hotel here November 3. Walsh was Rothstein's bodyguard.

Police Commissioner Whalen, who took personal charge of the examination of the girl when she was brought to police headquarters yesterday, was impressed by her story.

"She is loaded with information," he said. "She has proved a mine of information about the Walsh case. She knew Rothstein and all his associates."

## CAR LICENSE REDUCTION IS SENATE TOPIC

### LOVE LEADS BATTLE TO REDUCE LEVY 50 PERCENT

(By Associated Press)

AUSTIN, March 12.—The senate spent most of this morning in discusing reduction of automobile license fees without coming to a vote on the engrossment of the bill.

Senator Thomas B. Love of Dallas, one of the leaders in the battle for the almost fifty per cent slash provided in the house bill, claimed that 19 senators favored that measure without amendment.

The most ardent supporters of the house bill tried to order the previous question on everything connected with the problem, but were unsuccessful. Such a course would have precluded further argument on the bill.

Senators Will N. Martin, Hillsboro, and Julien C. Hyer, Ft. Worth, found an opportunity to speak for the House bill while Senator Julian C. Greer of Athens urged that the proposals be laid aside until a special session.

Hyer declared he was for an even greater decrease than that recommended by the house but he was willing to accept that rather than nothing.

"There is no more reason for a man being fined for owning an automobile than for owning a washing machine or a Victrola," Hyer said.

### *Nine Arrested In Vice Clean-Up Here*

Launching a citywide "vice crusade" members of the sheriff's department last night swooped down on a number of local hotels, arresting eight women on charges of vagrancy.

Each woman entered a plea of guilty to the charge and paid a fine of $13.15 in the justice of the peace court of G. R. Scott today.

One man was arrested in the series of raids and was lodged in the county jail on a charge of drunkenness. He had not been released this morning.

### *Duley, Espinosa Ahead In Golf Go*

MIAMI, Fla., March 12 (AP)—Ed Duley of Los Angeles and Al Espinosa, Chicago, were four up on Johnny Farrell and Gene Sarazen, defending champions, at the end of the 18-hole morning round of the annual international four ball golf tournament here today.

Leo Diegel and Walter Hagen, seeded in the lower brackett were one down to John Golden, Paterson, N. J., and Billy Burke of Westport, N. Y., at the turn.

## PLAN NEW TRY ON RACE MARK

### WHITE IN TRIPLEX OUT TO BEST RECORD OF SEGRAVE

(By Associated Press)

DAYTONA BEACH, Fla., March 12—A comparative novice at high speed automobile driving today awaited the receding tide along the ocean beach race course for an attempt to bring back to America the straightaway mile racing record set by Major H. O. D. Seagrave of England yesterday at 231.36245 miles per hour.

Before taking the wheel of the 36 cylinder Triplex, owned by J. M. White of Philadelphia, however, Lee Bible, little known mechanic was ready to undergo tests by the American Automobile Association to determine his capacity of driving the former title holding car at high speeds. Otherwise, any mark he might set would not be recognized as official.

Segrave, who startled the automo-

### *Boy Of A Hundred Sweethearts Hanged*

LIVERPOOL, March 12 (AP)—Joseph Reginald Victor Clarke, known as "the boy with a hundred sweethearts" was hanged today for the murder of Mrs. Alice Fontaine, the mother of one of his sweethearts.

Clarke was 21 years old and well educated. He visited his mother in Virginia when he was 16, spending a year at Princeton University.

He studied psychology and hypnotism, police said, and then began to entangle women. In the case of Mrs. Fontaine he boarded with her rent free while he courted her daughter. He fleeced her of her life savings and then killed her.

## BORDER ARMS TRANSFER IS FRUSTRATED

### U. S. PATROL CHECKS SMUGGLING PLOT AFTER FIGHT

(By Associated Press)

EL PASO, Tex., Mar. 12.—An attempt to smuggle across the international border was frustrated late last night after a gunbattle in which two American patrolmen were wounded.

AUGUST Steinburn and Francis A. Scott, members of the border patrol, were shot from ambush near Cordova Island as they started to investigate the presence of two loiterers on the American side of the boundary.

Approaching to within 40 yards of the two, the officers shouted and the answer was a fusillade of bullets from another direction, where a group lay concealed in a thicket. Both men fell wounded.

Reinforcements arrived under command of H. C. Horsley, head of the border patrol. A miniature battle followed in which many shots were fired. Thereafter a half hundred men were seen to run to safety on the Mexican side of the Rio Grande, Horsley reported.

### INDIANS MARCH TO UNITE WITH REBELS

NOGALES, Ariz., March 12 (AP)—Mexican revolutionary leaders along the border were silent today as they awaited the drawing up of battle lines near Torreon and Mazatlan and the approach of the crisis in their attempt to overthrow the Mexico City government.

A colorful army of 2,000 rebels, consisting largely of Yaqui and Mayo Indians, was camped at Agua Prieta, Sonora, today. They were recruited from various points in Sonora and are being moved into Chihuahua. From there they are to move south to join the armies of General Juan Gonzalo Escobar, commander-in-chief of the revolutionary forces in an attempt to stem the advance of the Mexican federal

### *HONEYMOON IS CYCLE OF GRIEF*

#### Husband Of Once 'Angel Of France Dies

SANTA MARIA, Cal., Mar. 12 (AP)—The honeymoon of Kathleen Burke McLean, war time "Angel of France," was turned into a cycle of mourning today as a result of the death of her husband, Col. John Reginald McLean, war veteran and Arizona mining engineer.

Colonel McLean, who on March 2, was married to the former Kathleen Burke Peabody, died here last night from injuries received in an automobile accident last Sunday. Mrs. McLean, whose former husband was the late Frederick F. Peabody, millionaire collar manufacturer, was slightly injured in the accident.

The tragic ending of the honeymoon came while Colonel and Mrs. McLean were returning to Montecito from Del Monte where they had gone after the wedding.

### *Jurors Chosen In Goodspeed Trial*

HENRIETTA, Tex., Mar. 12 (AP).—Ten Jurors were selected by noon at the trial of Carl Goodspeed, charged with killing A. R. Gooch, city marshal of Nocona, while Gooch was searching Goodspeed's house January 13. The case was transferred to Henrietta on a change of venue.

### *Dismiss Officer For Police Charge*

WASHINGTON, Mar. 12 (AP).—F. D. Silloway, who charged that Chicago police were involved in the gang murder there last month, has been dismissed from the prohibition bureau's staff.

## Starves Self To Death; Had $7,000 On Deposit

### MISER LIVED FROM THE INTEREST ON HIS SAVINGS FUND

(By Associated Press)

CHICAGO, March 12 (AP)—Harry Kline, 61, had no money to pay his room rent. He had no money to clothe himself properly. He had little on which to eat. So he said.

When he died at the county hospital two days ago, they wrote opposite his name—"undernourished."

A representative for the public administrator investigated. He found the house where Kline had lived. Its owner—a woman with a baby to support—said Kline had not paid rent for many weeks, pleading he had no money.

In his room was found a trunk. At the bottom were savings account books in 35 Chicago banks. Total deposits were $7,000.

Kline had been afraid to keep money for fear it would be stolen; afraid to bank it for fear the bank would fail. But with $7,000 he had to do something, compromising by opening accounts in 35 banks. It was not likely all would fail.

The interest on these accounts was about 67 cents a day. On that he lived.

The address in Philadelphia of Kline's wife was found. He had left her 15 years ago. She is coming here to get the $7,000 that her husband was afraid he would lose.

### *Tech Stock Team Places As Third*

The Tech College stock judging team placed third in the Southwestern Exposition and Fat Stock Show at Fort Worth this week, according to advices received here last night. The team from here failed to make the showing that it did a year ago at the show, being outclassed by both Oklahoma and Texas A. and M.

Last year a Tech team scored high in all events, while this year only in the horse division did the Tech representatives receive high rank. Paul Marr was high man in this division, and the Tech team was declared winner.

### *Sanders' Suit On Santa Fe Is Heard*

The $50,000 damage suit of Mrs. James E. Sanders against the Panhandle and Santa Fe Railway company went to trial in the 72nd district court before Judge Homer L. Pharr yesterday.

Mrs. Sanders filed the suit as administratrix of the estate of the late James E. Sanders and their minor daughter, Leona Mae. The petition alleges that Sanders was killed, while employed as a fireman for this railway, when he fell from a locomotive near the city of Canyon.

### *Coolidge Commutes Goodwin's Sentence*

WASHINGTON, March 12 (AP) — The department of Justice made known today that President Coolidge had commuted on March 2, effective that date, the sentence of Albert C. Goodwin of Albany, N. Y., convicted at Indianapolis last November of conspiracy to counterfeit government stamps.

The action was taken, it was said, because Goodwin's health was broken, his wife ill and because there was some doubt as to his guilt. He was serving a sentence of a year and a day at Leavenworth penitentiary and had been fined $500, which was remitted by the presidential order.

### *New School To Be Dedicated Friday*

The new Hurlwood school building will be dedicated at 8 o'clock Friday night, officials of the school announced yesterday.

An elaborate program has been arranged for the affair, including talks by W. O. Sheely, school trustee; Miss Mae Murfee, county school superintendent; W. A. Fincher, school superintendent; Mrs. E. W. Camp, of Lubbock; Prof. H. C. Pender, of the Tech faculty; and A. B. Davis, manager of the Lubbock Chamber of Commerce.

## HORSE MARINES' MAY GO TO WAR

BRECKENRIDGE, Tex., Mar. 12 (AP)—The eyes of the Horse Marines of Breckenridge today are focused on the impending battle of Torreon.

Their farewell greetings "See you in the next war," almost forgotten but revived by Associated Press reports from the Mexican front, brought them together last night to make good their promise.

Their decision was to "Go Tulsa business men one better." The Tulsa men made up an airplane party to patrol the border for birds-eye view of the Mexican war.

If not violating neutrality laws, they decided they would offer the services of the Horse Marines to the triumphant leader of Torreon.

The Horse Marines is composed of members of the Bernice Coles post of the American Legion of which Dr. W. B. Guinn is commander.

## OIL LANDS TO BE CONSERVED HOOVER SAYS

### NEW PRESIDENT WILL FORBID LEASING BY ANY DEPARTMENT

(By Associated Press)

WASHINGTON, March 12—President Hoover said today there would be complete conservation of government oil lands during his administration.

The president, answering inquiries by newspaper men, said there would be no leases or disposal of oil lands during his administration, no matter by what department the lands were controlled, except such dispositions as were made mandatory by Congress.

### *Air Corporation Buys Four Firms*

NEW YORK, Mar. 12 (AP).—Aviation corporation, recently organized with initial capital of $35,000,000 as a development and holding concern, was understood in Wall street today to have arranged to acquire control of four large aviation companies in carrying out its program to cover all phases of aviation development.

The companies reported to be in the new group were Fokker Aircraft corporation of the Americas and Fairchild Aviation corporation, prominent in the manufacturing field, the Aviation corporation of America and Universal Aviation corporation in the transportation line.

### *MARCH WINDIER THAN AVERAGE*

#### Sandstorms Worse Than Usual This Season

Typical spring weather, including sunshine, strong winds and sand storms, visited Lubbocks and the South Plains today.

More wind has swept this section during the month than the average March, according to Don L. Jones, superintendent of the state experiment station, east of the city. Due to the lack of moisture, sand storms have been considerably worse than usual.

The temperature rose from 38 degrees early this morning to above the 60 mark early this afternoon. The warmest temperature of the year was reached earlier this month when the mercury rose to the 87 mark.

## BRIDGES ARE DESTROYED TO DELAY CALLES

### PROPERTY OF LEADERS IN MOVEMENT IS CONFISCATED

(By Associated Press)

Stiff opposition to the enveloping Federal advance appeared likely today as Rebel troops concentrated heavily at Torreon to meet the northern drive of General Calles, Federal generalissimo.

General Almazan, federal commander at Moterey announced he was planning to advance on Saltillo with an army of 10,000 men in an effort to drive back the insurgents on their Torreon base.

Government circles generally expressed belief that the rebel movement would disintegrate rapidly as the federal forces approached, but the revolutionary leaders gave every indication of putting up strong resistance.

**Calles Faces Desert.**

General Calles was reported to have reached Camacho with the advance guard of his powerful army but between this point and Torreon was an almost waterless desert.

The rebels reported destruction of railway bridges between Camacho and Torreon which would hold the federal up several days giving the insurgents an opportunity to gather strong reinforcements for General Escobar, rebel commander-in-chief.

In Sinaloa, the Insurgents were continuing a cautious advance down the Southern Pacific railway toward Mazatlan where 2,000 federals were strongly intrenched.

This advance was being conducted by General Iturbe with 5,000 men converging upon Mazatlan from various points.

**Confiscate Rebel Property**

The government today announced confiscation of the property of the chief rebel leaders, General Cruz, Manzo, and Aguirre as well as that of Governor Fausto Topete of Sonora. The property was valued at several hundred thousand dollars.

The government denied that it was using foreign aviators.

General Simon Aguirre, brother of General Jesus Aguirre, defeated Vera Cruz insurgent leader, was captured and is being held for court martial. The movement in Vera

(Turn to Page 8, Column 4, Please)

## FINE MODELS ARE ORDERED

### DEALERS PREPARING FOR BEST AUTO SHOW HERE

Fourteen Lubbock automobile dealers are going forward this week with plans to make the South Plains Automobile Show, March 28 and 29, the greatest event of its kind ever staged in this section, according to G. P. Kuykendall, president of the local association of auto dealers and distributors.

"No expense will be spared to give the people of Lubbock and the South Plains two days of attractions and amusement that will long be remembered," Mr. Kuykendall said this morning.

According to plans worked out by local dealers, the show will open on the afternoon of March 28 at the Up-Town Dance Palace building with the latest models on display. Specially arranged music and other entertainment will be furnished visitors Thursday afternoon and night.

The majority of the dealers who will be represented in the show have ordered the outstanding designs modeled by their respective manufacturers while other will display their regular stock models altogether.

### *Take Precautions For Meningitis*

SEATTLE, March 12 (AP)—As a precautionary measure to prevent another outbreak of spinal meningitis here, 336 third class passengers and crew members of the liner President Madison were in quarantine today at Diamond Head, near Port Townsend, Wash.

Two weeks ago the American mail liner President Lincoln, operated by the same company as the President Madison, arrived here with twelve cases of the disease. Of those affected six persons have died.

## Delegates Elected To W. S. M. Meet

Delegates to the district Women's Missionary society meeting in Plainview the first week in April were elected in three units of the First Methodist W. M. S. yesterday afternoon in regular meetings. The Plainview meeting is an annual one and will be April 2 to 5. A number of Lubbock women are planning to attend, in addition to the delegates.

Mrs. J. C. Orr was elected to represent Circle 1 with Mrs. W. N. Stanton as alternate. This group met with Mrs. J. D. Peters with an attendance of 10 members. Reports showed that 60 visits had been made during the month with 13 garments and 2 trays distributed. Four new members were reported for the Gibson Auxiliary.

The next meeting is to be with Mrs. C. S. Middleton. Rev. R. F. Dunn conducted the mission study.

**Mrs. Wolffarth Delegate**

Mrs. George C. Wolffarth and Mrs. C. C. Webb were elected delegate and alternate to the Plainview meeting from district 4 which met with Mrs. F. A. Norman.

There was an attendance of 13 at this meeting and Mrs. W. E. Bourland was received as a new member. The next meeting will be with Mrs. Bourland.

District 2 met with Mrs. C. L. Adams at 1317 15th stret and elected Mrs. J. W. Ross delegate. Thirteen attended this meeting and reports showed 47 visits made, 12 trays, 12 garments and one flower sent to the sick and needy.

## Catholics Will Have Get-Together Meet

St. Anne's Catholic Altar society is sponsoring a get-acquainted meeting of all Catholics and their friends next Sunday afternoon at 4 o'clock at Wayside farm with Mrs. Lizzie Wayland and her daughters as hostesses.

Plans for the affair were made yesterday afternoon when the altar society met with Mrs. W. C. Cole at 1804 13th street.

## Aid Circle Meets In Crenshaw Home

Circle 3 of the First Christian Ladies Aid met yesterday afternoon with C. C. Crenshaw at 2426 20th street and Mrs. T. Teal was leader of a program.

Those who attended were Mesdames Arthur Brown, J. H. Edwards, R. R. Eskin, J. H. Eubanks, Tom Garrard, W. N. Lemmon, Leland Mast, J. G. Porter, T. Teal, J. F. Tom, L. W. Squyres, Robert Crowder, S. J. McFarland, J. O. Ballinger, Russell Morrison, Coffman, Harry Meyers and Miss Bess Edwards.

## Mrs. Yeager Hostess To W. M. S. Circle

Circle 2 of the First Baptist W. M. S. met yesterday afternoon with Mrs. W. B. Yeager at 1615 15th street and Mrs. Carl Roberds led the study program. There was an attendance of 10 members and the next meeting will be with Mrs. John B. Roach at 1622 17th street.

## AT THE THEATERS

**PALACE**

## Mesdames Stimson Entertains Monday

Mesdames J. L. and W. E. Stimson entertained the First Methodists Sorosis class last evening in the home of the former hostess at 1117 14th street.

A monthly business meeting was conducted and the remainder of the evening was devoted to socialities. An ice course was served in green and white shamrock favors were on the plates.

Those attending were Mesdames Alex McDonald, Guy L. Trow, Joe Galland, T. H. Arnold, Will Tucker, H. D. Stanley, N. E. Trostle, Walker Jackson, J. B. Morrisett, Sam Leifeste, W. M. Bralley, Orville Walker, G. H. Williams, E. E. Swindell and A. W. Evans.

## Silver Tea Has Been Postponed

A silver tea which was announced for Saturday in the home of Mr. and Mrs. James L. Dow, has been postponed until March 23, according to an announcement made this morning. The tea is to be given by District 4 of the First Methodist W. M. S.

## Mrs. Atkins Is To Be Club Hostess

Mrs. W. B. Atkins is to be hostess to the Wednesday Needle club at 3 p. m. in her home at 2223 Broadway.

## Hi-Lo Club Meets On Wednesday Evening

Mr. and Mrs. Vaughn E. Wilson are to entertain the Hi-Lo club at 8 o'clock tomorrow evening in their home at 2604 22nd street.

## Mary Helm Society In Meeting Monday

Mrs. Herbert Maxwell led the study program yesterday afternoon when the First Methodist Mary Helm Auxiliary met at the church. The members voted to pack a box for the Virginia K. Johnson home at the meeting next Monday.

## Mission Study Lesson Heard In Circle

A mission study lesson was heard yesterday afternoon when Circle 10 of the First Baptist W. M. S. met with D. H. Mansell. The next meeting will be with Mrs. C. G. Bell on 26th street for Bible study.

## Member Received In W. M. S. Unit

Mrs. C. A. Benton was received as a new member by Circle 9 of the First Baptist Women's Missionary society yesterday afternoon in a meeting with Mrs. C. A. Paulger at 2210 10th street. Mrs. D. B. Carnes conducted the study.

**DON'T STARVE TO END FAT**

Few succeed without harm. Try the modern way, embodied in Marmola prescription tablets. People have used them for 20 years—millions of boxes of them. The results are seen everywhere.

Marmola contains a gland element which helps turn food into fuel and energy. The formula appears in every box, also the reasons for results. Thus you will know how the changes occur without harm.

All druggists supply Marmola at $1 a box. Go start it now. Take four tablets daily until weight comes down to normal. Do this because of the new beauty and vim which Marmola has brought to so many, for so long.

## Sedan Stolen From Streets Last Night

A large sedan, owned by W. W. Nelson, 1907 23rd Street, was reported stolen here last night.

Two motormeters were reported taken from cars parked downtown, one on the streets and the other in a local garage.

## Increase In All Library Branches

An increase in all departments of the county library was shown in the January report, according to a statement presented to the Lubbock County Commissioners Court yesterday.

Total circulation of the library was given as 6,811, with the following divisions: Idalou, 636; Lubbock 4,635; Shallowater, 415; and Slaton 923.

## Slaton Pupils Visit Gas Plant Near Here

The South Plains Pipe Line company's plant, southeast of the city, was visited this morning by about twenty-five members of the chemistry and agriculture classes of Slaton high school. The pupils were taken for a tour of inspection of the plant.

# FARM RELIEF PLAN STUDIED

## HOOVER PREPARES FOR SPECIAL SESSION OF CONGRESS

(By Associated Press)

WASHINGTON, March 12—With the special session still a month away, President Hoover is turning his thoughts toward the development of plans for farm relief in his message to Congress.

Already the president has given much thought to the problem and his views largely are being followed by the committees of the Senate and the House in planning hearings to work out the legislation. These will be opened several weeks before the special session starts.

Although Mr. Hoover is reserving the public revelation of his plans for his message to Congress, it is known that the committees are preparing to approach the task largely from the cooperative marketing scale.

In several of his speeches last summer in which he dealt with farm relief, Mr. Hoover stressed the part that he feels cooperative marketing must play in assuring the farmer a proper price for his products. Along with cooperative marketing, he placed tariff revision and the development of cheaper transportation to markets.

Many of the witnesses to be heard by the committees in planning the farm bill are expected to be persons who have had experience in dealing with the marketing of farm crops and the belief has been expressed that the measure that will come form the committee will largely hinge around the development of marketing facilities.

# URY ACQUITS M. RUBY HERE

## ELIBERATIONS SINCE LAST SATURDAY END IN 'NOT GUILTY'

Martin S. Ruby, former Lubbock ty manager, yesterday was de-ared not guilty of forgery by a ry in the 99th district court, fol-wing a deliberation since last Sat-day night.

The verdict was returned about 5 clock yesterday afternoon before dge Clark M. Mullican. Ruby was ied last week on a swindling harge, the trial resulting in a hung ry. He previously was convicted f embezzlement in connection with is administration as city manager, ut the decision was reversed.

Ruby was represented last week by chenck and Triplett. District At-rney Durwood Bradley was as-sted in the prosecution by Lock-art, Garrard and Brown.

## *merican Part In World Court Topic*

GENEVA, Mar. 12 (AP)—The ques-on of American adhesion to the rld court of international justice as taken up today at the first eeting of a jurists' committee hich is to consider revision of the tatutes of the court.

American hope expressed in Sec-etary Kellogg's note in February hat the powers of the world court ight be modified through changes n the covenant of the League of Nations in which the United States s not a member, was taken up soon fter the election of Vittorio Scia-oja, noted Italian jurist, as presi-ent of the commission.

## *Famous Horse Lover Dies In England*

NOTINGHAM, Eng., Mar. 12 (AP) —Sir John Robinson, noted horse over who bred the famous Papyrus, ied at his home in Worksop Ma-nor today, aged 90.

He started life as a bookmaker, ounded a brewery and bred horses, mong them Papyrus, which won he derby in 1923 and was sent to he United States to compete gainst Zev but was defeated.

## *Postal Record*

SWEETWATER, March 12.—Feb-uary was a record-breaking month or postal receipts, the local postof-ice reports, total receipts being $13,-24.67. This set a new high record or the office.

The month saw an increase of $2,-0.24 over February, 1928, when to-al receipts were $10,594.43.

(READ THE STORY, THEN COLOR THE PICTURE)

When morning came the Tinies stood and thought out plans, as best the could, to get poor Clowny from the cave that he was locked up in. Said Scouty, "Gee, it seems to me there's some way we can set him free. Whenever you keep at a task, you're usually bound to win."

"Perhaps you're right," another said, "and I've been trying to use my head, but I can't think of any way except to move this stone. We've tried that plan most all night long. I guess we Tines are not strong. At least we can not open up the caveway all alone."

They all agreed that he was right. The great big rock still stood real tight against the little cave door. Therefore Clowny still was lost. "And now," said Carpy, "if we can, we'll have to use some other plan. I'm going to help find Clowny lads, no matter what the cost.

"Let's climb the hill and look around, and see if, in the nearby ground, there's any other entrance to the cave inside the earth. We'll search, and search, if you don't mind. No one can tell just what we'll find. We're friends of Clowny's. He should know what real friend-ship is worth."

Up o'er the hill they promptly ran, and then the bunch began to scan the rolling land and every-thing. Then Scouty loudly cried, "Oh, look! That place gives me a thrill. A shaft's built right up on the hill. Perhaps that leads down to the cave and we can drop in-side."

They ran up to the shaft and then wee Coppy said, "Good luck again! It does lead far down in the earth. Some place it's bound to stop. If we're not halted by a scare, we may find Clowny 'way down there. Now, who's the first one brave enough to try and take the drop?"

**(We return to Clowny in the next story.)**

Blue and white sports shoes stand a fair chance of running a race with black and white. One pair of gold shoes are white buck with triangu-lar tips and fancy saddles of navy blue calf.

# LEGION MINSTREL WELL RECEIVED IN FIRST PRESENTATION MONDAY NIGHT

Bob Peck, as premier comedian, stole the show last night in the in-itial performance of the American Legion minstrel and musical re-view, at the high school auditorium, and proved the outstanding star of the entertaining two-hour program.

The second presentation of the minstrel will be made at 8 o'clock tonight at the high school. The show was directed by Dr. G. H. Ater, and the proceeds from it will go to the building fund of the Allen Brothers post of the Legion.

The show was divided into two parts, the first of the usual min-strel type with Byron Dickinson as interlocutor, and the second was "Under Southern Skies," consisting of a number of modern and old-time songs.

Enthusiastic approval was given the show by the large audience and encores were demanded on almost every number. The singing of G. A. Mizer, Edgar Shelton, Dr. W. A. Jackson, C. J. Atchison and Miss Francis Stahl was commendable.

### SHIRRING APPEARS

Touches of shirring make many a frock Frenchy this year. A black chiffon evening dolman has an eight-inch shirring around the hips and its skirt is composed entirely of chiffon petals.

## *McCrummen Funeral Held In Afternoon*

Final rites will be said at the 19th Street Baptist church at 3 o'clock this afternoon for M. C. McCrum-men, 72-year-old pioneer who died yesterday at his home, 1808 Avenue Q. The Rev. C. J. McCarty, pastor of the church, will officiate.

A native Texan, Mr. McCrummen came here with his family in 1902 and has been in the farming and ranching business since that time.

Pall bearers for the funeral this afternoon are Walter Posey, J. A. Wilson, George R. Bean, B. Quinn, Mell Cope and Andy Jackson. Rix morticians are in charge of ar-rangements.

## KNOX TO CONDUCT BOYS ENCAMPMENT

Opening of the Arrowhead ranch as a boys' camp in the summer time and a boys' school in the winter was announced yesterday by W. P. Knox, former Boy Scout executive of this area council, who has just returned from a trip to South Texas.

Mr. Knox has secured an 800 acre tract, 15 miles above Kerrville, and three miles from the small town of Hunt as a site for his school and camp. The ranch contains one mile of water front, and a one-half mile lake, which it is planned to raise by a dam so that it will have a depth of from eight to twelve feet.

O two-story ranch house will be headquarters for the enterprise and a number of small cabins are to be erected. The summer camp, for boys from about 10 to 16 years of age, will be held from June 1 until the last of August.

The ranch school for boys will open in the fall and it is planned to have the cabins completed by that time. A modern system of sanitation and refrigeration is being installed on the ranch.

Hunting, boating, swimming, horse back riding, fishing, and hiking are among the attractions promised by Mr. Knox for the camp. He said yesterday that several Lubbock boys planned to attend the camp this summer.

## *Old Time Bad Man Dies At Dodge City*

DODGE CITY, Kas., March 12 (AP)—Ben Hodges, Dodge City's most picturesque survivor of the days when this former cattle town was known as "The Wickedest Town in the West", died here yesterday at the disputed age of 75 years.

Ben has been celebrated in local folk lore and many magazine articles as the most dreaded horse thief of the Old Bad West. He was inordinately proud of the reputation.

## *Two Are Wounded In Shotgun Fray*

BRYAN, Tex., Mar. 12 (AP)—Examining trial was scheduled today at Caldwell for Leroy Tice, who surrendered to officers here early yesterday after Y. M. Barron and his son, Clarence Barron, had been wounded with a shotgun. The younger Barron was understood to be wounded seriously.

The shooting occurred at the Tice home on a plantation for which Clarence Barron was overseer.

### GAS SHOWING AT ALPINE

DALLAS, March 12 (AP)—Indications that there is commercial gas in the vicinity of Alpine, in far Western Texas, have resulted by the showing made in a test well being drilled on the ranch of Mrs. Kate Nevil, drillers say. A strong showing of gas was encountered after the well had been drilled to 1,900 feet.

## FIGHTS LAST NIGHT

(United Press)

NEW YORK—James J. Braddock, Jersey City, stopped Jimmy Slattery, Buffalo, (9); Tommy Freeman, Cleveland, outpointed Al Ros, Spain, (10); Maxie Rosenbloom, New York, outpointed Osk Till, Buffalo, (10); Jackie Saunders, Long Island City, N. Y., knocked out Jack Dessimos, New York, (1); Billy Lynch, New York, outpointed Eddie Oliver, Brooklyn (6).

PHILADELPHIA—Billy Wallace, Cleveland, stopped Richie King, Philadelphia, (8); Al Gordon, Philadelphia, outpointed Maurice Holtzer, France, (10); Bobby Brown, Philadelphia, stopped Jack Henson, Wheeling, W. Va. 5).

TAMPA, Fla.,—Paul Rojas, Cuba, outpointed Joe Kilrain, Chicago, (10).

LOUISVILLE — Jackie Dugan, Louisville, outpointed Ehrman Clark, Indianapolis, (10); K. O. Blackburne, Harlan, Ky., outpointed Billy Meyer, Indianapolis, (8).

## BEARS LEAVE LAREDO FOR SAN ANTONIO

### FIRST CLASH OF YEAR TO BE AGAINST McGRAWMEN

(By Associated Press)

DALLAS, Mar. 12.—San Antonio's 1929 Bears, minus only Mulvey, Grimes and Tate—and two or three possible additions yet to be made to the roster—go to San Antonio from Laredo today for the first home exhibition game of the season, Wednesday, with the New York Giants.

A new addition to the hospital list is Gene Walker, secured in trade from Beaumont last fall. He has been "under the weather" and his doctor has advised him to take things easy.

At Corsicana, a workout in the Y. M. C. A. was in prospect today for the Dallas Steers, a heavy rain last night making it improbable that the team will get in any batting and fielding practice. The Herd will return to its home lot tomorrow for an exhibition game with the Chicago White Sox.

With their roster completed with the arrival of Stanley Benton, shortstop, the Wichita Falls Spudders were forced to forego training activities today for the first time since their camp was opened a fortnight ago, a heavy rain last night making outdoor training out of the question.

The routine practice continued to hold in the Sports' training camp at Shreveport today. Tomorrow the Sports will meet the Minneapolis Millers in an exhibition game.

Faced with having to send his charges through a light workout Monday due to showers Manager Frank Snyder of the Houston Buffaloes will endeavor to put the Bisons through a day of work today.

## *Ask Probe Of Trade For Wright, Petty*

NEW YORK, March 12 (AP)—Advices from Clearwater, Fla., yesterday said Wilbert Robinson, president and manager of the Brooklyn Robins had asked John A. Heydler, president of the National League, to investigate the trade by which the Robins obtained Glenn Wright shortstop, from the Pittsburgh club in exchange for Jess Petty and Harry Riconda. Wright now is under treatment for an arm ailment.

Reports have been prevalent that Wright's arm is permanently injured but both the shortstop and his physician, Dr. Cecil Ferguson of Miami, deny this.

## *Walker - Loughran Match Approved*

CHICAGO, March 12 (AP)—Approval of the match between Mickey Walker, world's middleweight champion and Tommy Loughran, light heavyweight titleholder, opening the Chicago Stadium March 28, was given finally by the Illinois State Athletic Commission yesterday.

A forfeit of $10,000 as a guaranty that Walker will defend his middleweight against a logical contender, ostensibly Ace Hudkins, before September 30, was posted with the commission.

## *Grand Jury Probes Death Of Officer*

MASON, Tex., Mar. 12 (AP)—Witnesses were called today to testify in the grand jury investigation of the death of Allen T. Murray, sheriff and tax collector, shot to death on the highway near here two weeks ago. Two Mexicans have been charged with the crime.

Summons to appear before the grand jury were issued by Mrs. Alma Murray, widow of the slain official, who was appointed to fill his unexpired term.

## *Hines Reappointed As Veterans' Chief*

WASHINGTON, Mar. 12 (AP)—Brigadier General Frank T. Hines, of Utah, has been reappointed by President Hoover as director of the Veterans' bureau.

In common with the other directing heads of the more important independent agencies of the government, General Hines submitted his resignation the close of the Coolidge administration. President Hoover today returned the resignation and requested the general to remain in his post.

## IT WAS SIMPLY GOODNIGHT

ENGLEWOOD, Kan, Mar. 12. (AP)—It was a sad good night for the Knowles, Okla., girls' basketball team after the performance of Miss Wanda Goodnight for the Englewood outfit.

Miss Goodnight had 58 field goals, or 116 of Englewood's 126 points. She scored an average of 3.6 points during each minute of play.

Nobody kept the Knowles score.

## TWO ANDYS FIGHTING FOR PLACE

ANDY REESE ANDY COHEN

The two Andys, Cohen and Reese, are staging a hot battle for the second base job at the New York Giants' camp at San Antonio, Texas. Cohen seemed to have the position cinched until the latter part of the season. Now Reese is conceded in a fair way to replace him.

## REDS READY TO MEET MACKS IN THIRD OF SERIES; TRIBE IN GOOD CONDITION

FORT MYERS, Fla., March 12—Stinging under the 6 to 0 shutout they were given by the Philadelphia Athletics Sunday, the Cincinnati Reds rolled into Fort Myers today with fire in their eyes for the "rubber" with the Mackmen. Kolp and Meeker are Manager Hendricks' pitching selections for the deciding game of the three game exhibition series.

Hendricks

At Phoenix, Ariz., golf clubs replaced baseball bats in the Detroit Tiger camp yesterday as Manager Bucky Harris' charges put in their day of "rest" on a nearby course. The squad was to go back to work today in preparation for a series with the Chicago Cubs next week. Camp here will be broken Sunday.

The full strength of the Cleveland Indians was ready today for the second routine of hard work at New Orleans. Manager Pechinpaugh said the players have shown up in better physical condition than in recent years.

### Hate Alphabetical Colds

Donnie Bush and his Pittsburgh Pirates are beset with a new ailment—alphabetical colds. First it was Adams; then Bartell and Brickell, Comorskey came down followed by Dawson, whose sniffling was taken over by Ens. Fred Fussell followed. Now Grimes and Grantham are suffering. Tiny icicles were noticed yesterday when the Pirates went to their training grounds at Paso Robles, Calif. Cold weather caused a postponement of all activity and Bush has intimated he will ask for Texas as a training camp for 1930.

At St. Petersburg, Fla., Coach Johnny Evers of the Braves thinks he has uncovered another Smokey Joe Wood in Bruce Cunningham, former Pacific Coast League pitcher. Cunningham has a speed ball which has been making the players blink when they come up to bat. Evers calls him the best young prospect he has seen in years.

### Terry Arrives in Camp

"Memphis Bill" Terry and Eddie Roush have arrived in the Giants' camp at San Antonio. Neither looks as if he needs much work to put him into playing condition. Roush, who was out of the line-up quite a while last season because of a torn stomach muscle, said the injury was healed.

Arrival of James Madison Holloway, another pitcher, today boosted the number of boomers with the Phillies at Winter Haven, Fla., to 16. There are so many flingers in camp that Manager Shotton has ceased to wonder about Bob McGraw, veteran pitcher, whose signed contract has not been received.

"Lena" Blackburne has wielded his managerial axe, cutting six White Sox hopes from his payroll and sending them back to the minors. Leslie Cox, with San Antonio last year, and Shortstop Irving Jefferies, formerly with Dallas, were released outright to Dallas; Eli Ward, young right hander from Michigan State Normal College, and Elgin Wilson, promising semi-pro pitcher, were placed with Dallas for a trial; William Wisomersky, who came up from the United Cavalry, and Martin Ehlers, an infielder, were sent to Palestine of the Lone Star League.

### SHIRES IS MANAGER

DALLAS, Mar. 9. — (AP) — Arthur Shires, 22-year-old first baseman of the Chicago White Sox, has been appointed field captain by Manager Lena Blackburne to succeed Willie Kamm, third baseman, who resigned the position several days ago.

Shires is a former Waxahachie High school star.

## FIRST CLASS MOUND STAFF IS BUSH HOPE

### ABSENCE OF WANERS IS STILL WORRY TO SKIPPER

BY RUSSELL J. NEWLAND
Associated Press Sports Writer

PASO ROBLES, Calif., March 12 (AP)—The Waner brothers, Paul and Lloyd, are still on the absent list but the Pittsburgh Pirates are mustering for the National league pennant drive behind a pitching staff that gives early season promise of being second to none.

Paul Waner.

Manager Donie Bush pins his hopes on his hurlers and expects the rest of the squad to take the occasion of the mound corps has been bolstered by the addition of Joss Petty, veteran left hander acquired from Brooklyn in the deal for Glenn Wright, shortstop. Ray Kremer and Burleigh Grimes, right handers, are in top form. The triumvirate of Petty, Kremer and Grimes will bear the burden and should do until another comes along. Two other old timers, Carmen Hill and Lee Meadows, the latter back from the voluntary retired list, are showing up well and may get into the running.

The rookie pitching field is unusually fertile and from it Bush looks for at least two youngsters to help the cause along. Steve Swetonic, right hander, and Larry French, a southpaw, have the inside positions. Swetonic pitched Indianapolis into the main last season and French did more than his bit for Portland of the Coast League. Ervin Brame, right hander, has a job because of his pinch hitting ability. Fred Fussell, left hander, and Walter Tauscher and Rralph Dawson, right handers, all holdovers have not been counted out.

If the Waner boys pull the unexpected and remain out of baseball, the Pirate outfield will be guarded by George Grantham, Fred Brickell, and Adam Comorosky, the latter two youngsters but members of the squad in 1928. An outfield without the Waners is almost a calamity, but Bush feels the alternates are not the worst in the game by any means.

Added to the uncertainty of the outer garden is an infield problem involving third base. Captain Pie Traynor has been shifted from third to short and at the latter position Bush believes he will be a star of the first water. Jim Stroner, a recruit who clouted out 42 home runs for Wichita in the Western league last season, is wanted for the third base station, but so far has been handicapped by a recent appendicitis operation. Scarby Aldrich has been holding down second base most of the time and third some of the time with Dick Bartell relieving him at the keystone berth. Glenn Wright, also from Brooklyn in the Wright deal, is another making a strong bid for third. Earl Sheely, ten year veteran of the majors, is back after a season in the minors and bids to become as valuable as any man on the club. His work at first base is a delight to his bosses and his big bat should poke in several dozen timely runs.

The catching duties will be divided between Charley Hargreaves and Ralston Hemsley, with Clarde Linton probably getting the call for the third string job.

## HOOT AND SLIDES

By Henry L. Farrell

### Just Another Season

Old John Picus Quinn seems one of those fellows who refuses to bow to Father Time. Like the immortal brook of Tennyson's poem, he apparently is going on forever.

The record books give Quinn's birthday as July 5, 1885. Perhaps this is true. No one knows and the old fellow neither affirms nor denies the date given in the record books. But there are many who believe that the books treat his age very kindly.

He took a regular turn as a pitcher for Connie Mack last season and he probably will be on the firing line for the A's again this year. And out there on the mound, the greatest thing he will have to baffle batters will be a wise old head on his shoulders.

During the 1928 season he won 18 games while losing seven for the lean boss of the A's and that was a record of losses and wins that was bettered by only five hurlers in the American League last season.

### He's Been Around

Figures on Quinn's life show he has been pitching since 1903, the year he first appeared in the records as a member of the Connellsville club in the old Penn State League. He was with that club three years. He joined the New York Americans in 1909 and stayed with them nearly four seasons before he was adjudged lacking in ability to be a major leaguer and was sent to Rochester in the Intefnational League.

He's been around, this fellow has, and around plenty. Back to the majors, a two-year stay in the old Federal League, then out on the Pacific Coast for three seasons with Vernon before he was brought back to the American League in late 1918 by the Chicago White Sox. From there, he went to Boston, then to New York, then back to Boston before he was obtained by his present owners in mid-season of 1925.

### Rules for Success

It is a simple formula that Quinn gives for his continued activity in the major leagues. And it's not a new one by any means.

"I take good care of myself and watch my diet," he says.

"I know that baseball isn't a game that you can stay up until all hours of the night and do your best when you're called upon. It isn't a game, either, which can be taken during season and forgotten about during the winter months. You have to take care of yourself in the off season just as much as you do in the summer months, and I do.

"I don't know how long I'll go, but I'll be in there as long as I can and why shouldn't I be around a few more season if I take care of myself!"

If( as they say, an arm has only so many pitches to it, that aged old right arm of Quinn's should be about at the end of its string.

He hasn't the stuff that he had many years ago, but he has upon his shoulders a wise old head and in his arm the ability to put that baseball exactly where he wants it to go.

And that wise old head and control is what is carrying Quinn along at an age when most fellows have been through with baseball for a number of years and past an age that sent many famous players out of activity.

Cy Young was through by the time he started in his forties. Babe Adams was through at 42 while Walter Johnson stepped out two years ago when he was 40. Old Alexander, who rivals Quinn, is 42. But Quinn is 44, or more, and still at it.

## INTRA-SQUAD AFFRAY TO BE ON TECH GRID

### SPRING TRAINING WILL BE CLIMAXED IN TUESDAY TILT

Local football fans who have been denied their popular fall sport for several months are promised some real action on the Tech gridiron this afternoon when the "Toughs" and "Jellies" of the Lubbock high school football squad clash in the first of a three game series to decide the spring football training championship. The game will start at 4 o'clock.

Almost a month of strenuous training has put the Westerners in the best of condition for their annual intra-squad tussle. Although the "Toughs" have it on their rivals in name, the "Jellies" are determined to disprove the popular idea that the sleek haired boys can play football. In their last meeting the "Jellies" won over the tousle heads, but the latter have declared it will be different this year.

The starting lineup announced last night by Coach Frnka follows: Toughs—Rich (line captain) and Crawford, ends; Brawley and Mc Caslan, tackles; L. Kerr and James guards; Parker, center; Price quarterback; Green and Squires halves; Lawson (backfield captain) fullback.

Jellies—Watson and Hardberger ends; McGeehee and Scharpsberg tackles; Brown and Jones, guards; Leaverton, center; Watkins (backfield captain), quarter; Smith and Holmes, halves; Smith, fullback.

## *Marlin Man Found In Hotel; Suicide*

MARLIN, Texas, March 12 (AP)—Funeral services will be held here today for Julian Williams, 30, found dead in a room of a Temple hotel Sunday with a bullet wound through his heart. A pistol was found in the room.

A will written on an envelop and two telegrams also were found.

SINCE THE BEGINNING

Since Adam's first habiliment, for one could hardly call it a suit, each season has brought a variation of styles to intrigue a young man's fancy. Foliage, tiger skins, breeches of velvet, lace cuffs, peg tops, wide bottoms, each season still brings something entirely new ♦ ♦ The beginning of this spring season finds Braeburn showing an original color known as "honey." This glowing golden shade is offerred in many exclusive fabrics and patterns.

New economy for 35c a quart

Mobiloil dealers now offer you an improved Mobiloil, made especially for new economy under today's high - speed driving conditions

Today's driving conditions demand still better lubricating oils, superior to anything produced before. The New Gargoyle Mobiloil meets this need.

Any Mobiloil dealer can supply you with the new economy Mobiloil at 35c a quart. Your saving in oil and gasoline consumption alone will more than make up for the extra 5c a quart.

MAKE THIS TEST

Drive to the nearest Mobiloil dealer . . . have him drain all the old oil from your crankcase and . . . fill it up with the correct grade of the New Mobiloil. You know from experience how your engine ran the last time fresh oil was put in the crankcase . . . *Now*---notice the difference!

*Look for these results---*

*Increased Oil Mileage:* Often 100 extra miles per quart from the New Mobiloil.
*Increased Gasoline Mileage:* Many tests show gasoline consumption reduced as much as 16%.
*Faster Pick-Up—More Power:* Quicker getaway, more "pep" on the road, less labor on the hills.
*Smoother Operation:* A quieter motor, a velvety smoothness of acceleration, less vibration when speeding.

The new Mobiloil

35c a quart

The dealer who sells a quart of the New Mobiloil for less than 35c (except Mobiloil "E" the chatterproof oil for Model T Fords, at 30c) is not making his fair reasonable profit. Lower prices often accompany substitution.

VACUUM OIL COMPANY

# WEEKS TALKS ON POULTRY

### 'ONE-ACRE' IDEA GIVEN IN TALK HERE LAST NIGHT

Speaking before a crowd of about 200 in the district courtroom last night, Charles Weeks, originator of the one-acre poultry colony idea, stated that "we farm too much land and do not do it thoroughly enough."

Mr. Weeks came here in three hours from Wichita Falls yesterday afternoon in an airplane. He owns a number of one-acre farms near that city as well as in California. His talk here was under the auspices of the Lubbock Chamber of Commerce in the interest of better poultry conditions. Tonight he appears at Snyder.

Intensive cultivation was given by Mr. Weeks as the principal problem of American agriculture. "A man and his family can make a comfortable living on as little as one acre of ground, and if everyone would produce a little, we would all be well fixed."

The lecture was illustrated with colored stereoptican slides, showing how his one-acre idea was developed. He gave smaller flocks, clean quarters, and individual attention as rules for successful poultry raising.

## *Thieves Plunder Store At Abilene*

ABILENE, Texas, March 12 (AP)—The largest haul by thieves in Abilene in 48 years was discovered at Grissom's store when it was opened today and $10,000 worth of goods checked as missing.

Police say a woman probably directed the thieves as only the highest priced perfumes, gowns, men's wear and materials were taken. Low priced goods were scorned. The number of articles missing is 1,650.

Entrance was gained through a rear window, but the time of the theft has not been determined. No trace of the thieves or goods has been found.

Soft water *keeps* clothes white

HARD water always leaves clothes gray, no matter how much you wash and rinse. Hard water has something in it with which the soap combines. Scum forms at once. This scum gets into clothes. You never can rinse it all out.

Soften hard water with Melo and you have a very fine cleaner, with or without soap. Scum doesn't form in this water. Clothes washed in it are as white as snow. Melo gives soap more effect on clothes. Get a can of Melo today at your grocer's.

# EARLY SUPPRESSION TO MEXICAN INSURRECTION IS FORECAST

## MEXICO MOVES TO SUPPRESS LATEST REVOLUTION

Scenes from the revolution districts of Mexico where Mexican federalist troops are preparing to meet the advance of the forces stirred to revolt by General Aguirre in Vera Cruz, and Governor Fausto Topete and General Gonzalo Escobar, in Sonora. Top left, an army plane at Valenzuela field, Mexico, tuning up before a flight; right, Mexican artillery in action during a previous uprising in Vera Cruz; center, Mexican infantry practicing trench warfare, and below, federal forces moving to an attack during a previous revolution, also in Vera Cruz.

### HOPE THAT SERIOUS CONFLICT MAY BE AVOIDED

(By Associated Press)

MEXICO CITY, March 12—Mexicans today foresaw quick suppression of the revolt against the government, possibly even with no more serious and sanguinary a battle than has marked the rebellion's course thus far.

While the main army of General Calles moved northward from Canitas, Zacatecas, toward Torreon, Coahuila, the more optimistic believed that when it faced the army of General Jose Gonzalo Escobar the rebel army would only postpone disaster for General Escobar. Few believed the limited rebel army—believed at best to number only 6,000 men—would be able to withstand onslaught of 18,000 men under General Calles.

**News Boosts Optimism**

Events of yesterday bolstered optimism. Between Canitas and Durango City the Federal General Rodrigo Quevada caught up with the Rebel General Francisco Urbalejo. A hundred and thirty-five of his followers surrendered leaving leaving him with only a few followers, with whom he himself escaped. The surrender occurred between the railroad stations of San Felipe and Pasterlera.

At Santa Lucrecia, southern Vera Cruz, General Alejandro Manje, from the Tehuantepec area, received the voluntary unconditional surrender of General Simon Aguirre, brother of General Jesus M. Aguirre leader of the revolt in Vera Cruz. Twelve lower ranking officials and thirteen soldiers surrendered with Aguirre. The prisoners were taken to Agusto, Vera Cruz, to await court martial. Troops continued close pursuit of General Jesus M Aguirre, said to have but two men with him.

**South Move Crushed**

Surrender of these officers and of the only remaining large contingent of rebel troops in Vera Cruz at Juanita yesterday definitely removes the south from the revolt.

In the north, however, aside from the minor movement against Durango the federal activities had three phases, one of them not at all clear. There was of course the general offense against Torreon by General Calles, who may reach the Coahuilan city either today or tomorrow.

A government statement said General Juan Andreu Almazan was leaving Monterey for an offensive against Saltillo. The wording of the statement indicated a body of rebel troops was operating in that district. Almazan had been previously reported even as occupying Saltillo, which is capital of Coahuila but rather far removed from other rebel activity in the state.

Official announcements said a rebel advance guard of 400 or 500 of the army of General Roberto Cruz had reached Quila, south of Culiacan Sinaloa, and was continuing its advance toward Mazatlan, west coast seaport held by General Jaime Carrillo.

DALLAS, Mar. 12 (AP)—The Cranfill, Reynolds and Sun Oil company's O. T. Brown No. 1, Fisher county oil well, has been placed under control again after flowing over the crown block while being swabbed.

# PRINCE OF WALES MAY BE NAMED REGENT TO ACT FOR KING IN RECOVERY

LONDON, March 12 (AP)—Possibility of the appointment of the Prince of Wales as regent to rule for his father during the remainder of King George's convalescence was discussed in London newspapers and parliamentary circles today. There were indications that legal aspects of the matter were under consideration by the attorney general and solicitor general.

The Daily Mail said there was a possibility parliament would be asked soon to replace the present council of state, which has acted for the king during his illness, with a regency.

The action, if taken, would have for its background the constitutional duties which devolve upon the crown in the course of a general election, which this year is slated for some time in May.

The king—or the regent—must dissolve parliament, and in the event of a victory by the opposition party, in this case either liberal or labor party, would have to confer with the new leaders regarding appointments, future policy, and the like. In the event of a deadlock after the general election the king, or regent, would have to decide to which party to give power

These duties are considered sufficiently arduous as to make it unlikely King George will be able to leave Bognor soon enough to undertake them. The council of state appointed to act for him during his illness is expressly forbidden to dissolve parliament in the act creating it, and hence the appointment of a regent appears as the only solution of the difficulty.

Reach for a Lucky instead of a sweet.

Fannie Ward
Famous for Her Ever-Youthful Appearance.

"'Reach for a Lucky and not for a sweet.' That's been my policy ever since Luckies started—my way of retaining the figure I need to be known as the ever-youthful Fannie Ward. So I say to you women who want to cheat time as I have done, 'Reach for a Lucky and not for a sweet.'"

FANNIE WARD

THE modern common sense way—reach for a Lucky instead of a fattening sweet. Everyone is doing it—men keep healthy and fit, women retain a trim figure. Lucky Strike, the finest tobaccos, skilfully blended, then toasted to develop a flavor which is a delightful alternative for that craving for fattening sweets.

Toasting frees Lucky Strike from impurities. 20,679 physicians recognize this when they say Luckies are less irritating than other cigarettes. That's why folks say: "It's good to smoke Luckies."

Note: Authorities attribute the enormous increase in Cigarette smoking to the improvement in the process of Cigarette manufacture by the application of heat. It is true that during 1928, Lucky Strike Cigarettes showed a greater increase than all other Cigarettes combined. This confirms in no uncertain terms the public's confidence in the superiority of Lucky Strike.

"It's toasted"

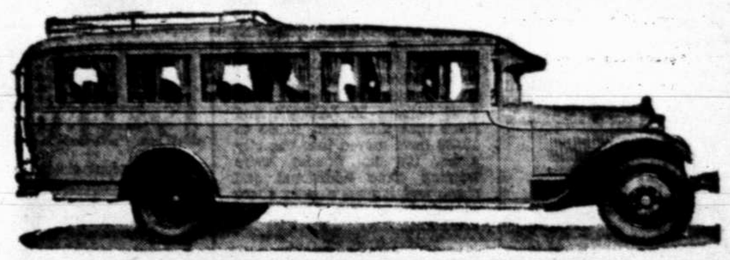

No Throat Irritation—No Cough.

## Thought For Today

**There is that speaketh like the piercings of a sword: but the tongue of the wise is health.—Prov. 12:18.**

* * *

Slander is a poison which extinguishes charity, both in the slanderer and in the persons who listen to it.—St. Bernard.

## *The New Proposal*

Sir Esme Howard's proposal for further conferences between Great Britain and the United States relative to the limitation of naval armaments has been greeted by some slight skepticism in Washington, according to dispatches.

There are those, it seems, who hold that the whole thing is merely a move to strengthen the English Conservative party in the coming British elections. Present indications are that the party will be fiercely attacked by Laborites and Liberals for "bungling" this important matter; if a new conference can be arranged, such attacks will lose their force.

To our way of thinking this isn't very important, even if true. Suppose the Baldwin government is trying to save its face; what of it? The important thing is for the two nations to reach some kind of amicable agreement that will end the present suspicion and quiet these constant mutterings about war. If that can be done, we should worry about the British cabinet's motives.

## *Mass Production*

An English business man, returning to his native shores after a visit to the United States, expressed himself thus about our system of mass production and installment buying:

"The people (of the United States) are spending their earnings in advance and must go on earning. But should the demand either at home or abroad fall off and employers begin to discharge men, what would happen? Installments would be missing, and goods in various stages of wear and tear would be returned to the makers, or bad debts incurred, and the finance companies who hold the notes would lose much more than the fraction of one per cent they are losing in that way now."

There is no question but that our present economic system is geared to a high speed. If it should suddenly be slowed down the consequences, indubitably, would be serious. Whether they would be as bad as this Englishman believes may be an open question; the matter, at all events, is one that deserves serious study by the most competent minds in the country.

## *Fool-Proof*

Probably it is going altogether too far to predict that the flying machine may, eventually be made fool-proof—constructed so that it will be almost mechanically impossible for a pilot to come to grief.

Yet there are times when one wonders.

At the Newark (N. J.) airport the other day an electric device was set up beside the flying field. Far in the distance an airplane approached. As the first sounds of its humming motor reached the field, the electric apparatus promptly turned on all the flood lights so that the flyer could see to land.

That is the sort of thing that makes me wonder. Already there is a device that tells a pilot, without need of map or lights, whether he is on this course. A wing slot to eliminate tail spins is now being tried out. Another invention will show the pilot at all times—in darkness, fog or snow storms—exactly how far his plane is above the ground.

Put together a few more inventions like those and you'll come mighty close to making flying fool-proof in sober fact.

A Turk 134 years old wants to come to Canada, remarry and raise a family. Nothing like a fresh start.

## THE PLAINSMAN Says

That Girl on Broadway says when a man's in love his view of what his girl thinks of him is usually based upon miss-information.

* * *

Well folks, it's here. The annual sand storm season has enveloped our great open country and from present indications there won't be a clean neck in all West Texas for at least 60 days. Day by day, in every way, we'll be reminded of sand-storms—and how!

* * *

You know five years ago a man would have been shot for treason for admitting that the South Plains had a sand storm season. Such a statement would have been regarded as rank disloyalty and the wail which would have arisen over it could have been heard to high Heaven. But times have changed—and sensibly so.

* * *

The Plainsman doesn't know whether you've noticed it or not but usually when we have a particularly hard sand storm some other locality is experiencing a blizzard, a cyclone or a tornado. Out here, when we are being slapped in the face by handsfull of Cochran county and Eastern New Mexico soil other folks somewhere else are squatting in basements while their roofs and outhouses are being moved over into the neighbor's pasture. Sand storms are bad all right, but they could be a lot worse.

* * *

Every country has its drawbacks. Some are too hot, some are too cold. Others are too damp while some aren't damp enough. Some localities have regular complexes for wind and electric storms and in more than one section the natives are web-footed from experiencing annual or semi-annual floods. All in all we're pretty luck, sand storms or no sand storms.

* * *

That Man on Avenue Q says working is like playing golf. The more you do of either the less strokes you'll have to take to be successful.

* * *

THE FLAPPER'S POEM
Lives of some folks oft remind us
We can get ourselves "in Dutch"
Just by talking—for we often
Talk until we say too much!

* * *

At the present time there are more customers in the county jail than there is room for. In the past few months the inadequacy of our present prison has become more and more marked and as time rolls on it becomes apparent that we're going to have to make some arrangements for a bigger and better bastile.

* * *

The Plainsman never has been in the Lubbock county jail except as a sight-seer. And the second verse of the same song is that he has no aspirations to view it in other light in the future. But we should look to our knitting in the matter of a county jail as in all other public problems. The writer is not one of those misguided souls who believe that a jail should be a cross between an apartment hotel and an old ladies' home an dthat the inhabitants of jails should be petted, pampered and have their bath water drawn for them. Yet he does believe that jails should be sanitary, capable of sheltering inmates from the elements and large enough to take care of the usual run of "business" without over-crowding.

* * *

And while we're on this subject of jail and the over-crowding of the county's jail here it might be well to point out that the increase of jail inmates here is not out of ratio with the increase of population generally. The present jail was erected. The Plainsman is told, in 1917 or thereabouts. In 1917 there were considerably fewer than 4,000 persons in Lubbock and since that time from 16,000 to 18,000 have moved into the city alone. It's no wonder we're needing some additional jail space and it's no wonder there are more customers than there are bunks.

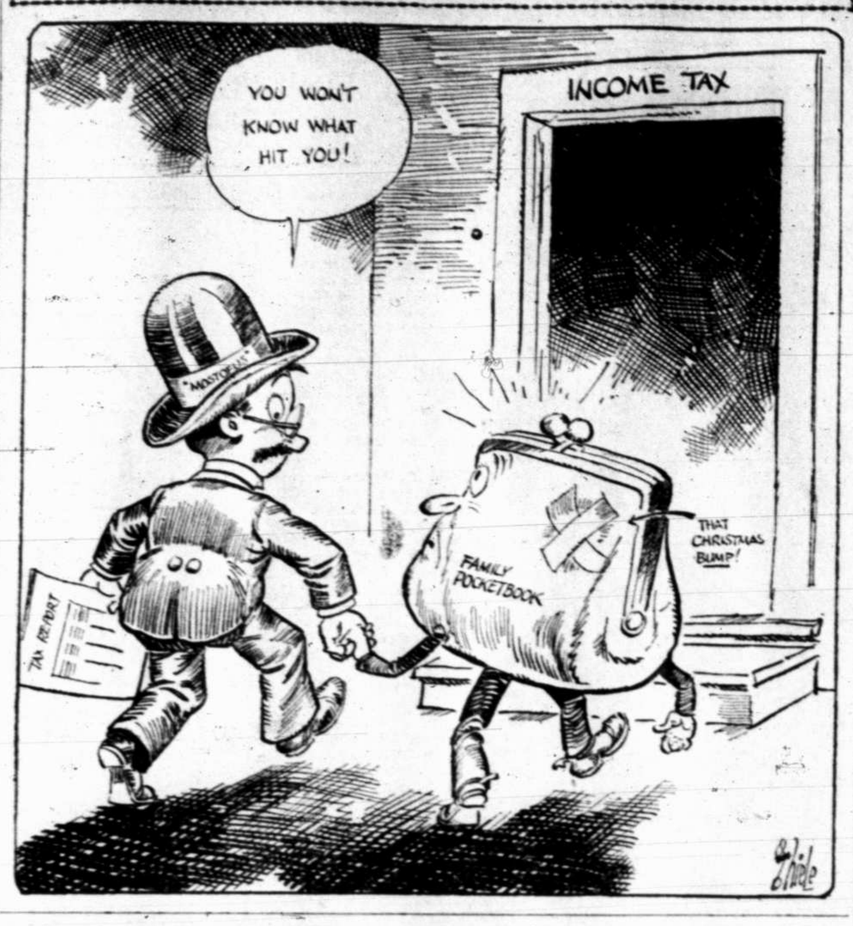

* * *

The courthouse reporter reports to The Plainsman that approximately $500 of the county's money is being spent on public charges every month. About 15 persons are being virtually supported through public funds—which is not bad for the population of the county yet which gives rise to the question of a "poor farm."

* * *

There are fifteen acres of land, owned by the county in fee simple, and set aside expressly for a "poor farm." The county might find it cheaper in the long run to build a house or two on the land and operate a farm for the unfortunates in question. There are plenty of men who are looking for jobs clearing and breaking land and building houses, outhousses and similar structures. Some of the people who might reside at the farm could and likely would help on the project and then there are quite a few of the boys "laying out fines' who could work their way to freedom in a more rapid way by laboring a little for the county. At any rate, it's something we may all think about and look forward to.

## *Another Trip to the Cleaners!*

**"Without-Or-With, Offense To Friends Or Foes, We Sketch Your World Exactly As It Goes"—Byron**

# Wisconsin And Michigan Cities Are Rivals For Honor Of Being Birthplace Of Republican Party In America

EDITOR'S NOTE: This is the first of two articles on the contentions of two Michigan and Wisconsin cities over "the birthplace of the Republican party."

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, March 12.—To decide whether the Republican party was born in Ripon, Wis., or Jackson, Mich., one must first define the way in which a political party is actually born.

The reason Jackson and Ripon are still arguing the question on the eve of a 75th anniversary celebration of the birth is that a party isn't always born as a person is born. It may be born in several places, simultaneously or progressively.

Few authorities have undertaken arbitrarily to hand all the honors eithr to Ripon or Jackson. Dr. Edward Stanwood, in his, widely consulted History of the Presidency, merely says:

"The Republican party originated in the west. A mass meeting at Ripon, Wis., early in 1854, followed soon afterward by a mass state convention at Jackson, Mich., and state conventions in July in Vermont, Wisconsin, Ohio and Indiana, brought the new party into being, with its present name, and with opposition to the extension of slavery as the one issue that united its members.

Prof. William Starr Myers, the most recent historian of the party, makes a graceful bow to Ripon and then says that "the next great step in the final organization of a new party, and the step usually accepted by historical judgment as being the actual beginning of the Republican organization, was taken when a state convention was held, a little over three months after the Ripon meeting at Jackson, Mich., on July 6, 1854."

Myers draws largely from Henry Wilson's the Rise and Fall of the Slave Power and The Republican Party, by Francis Curtis.

The Kansas-Nebraska bill, which repealed the Missouri Compromise, split the Whig and Democratic parties wide open and furnished the big push for the new organization. The amalgamation of the anti-slavery element was a "synchronous rising in many places."

The name "Republican" was readopted from that of Thomas Jefferson's old party, which had been discarded in favor of "Democratic" in Jackson's time. Like all good Democrats, many Republicans to this day trace their political ancestry back to Jefferson.

Organization of the new party came from a movement of many persons outside of politics, who had no political jobs to lose. Anti-Nebraska conventions were held, however, and often were called jointly by regular committees of the old Whig, Democratic and Free Soil parties. Newspapers joined in the movement, which was especially strong in the Northwest, Myers says:

"Probably the meeting which especially deserves the credit for leading the way in the organization of a new party was that held at Ripon, Fond du Lac county, Wis., and Mr. Alvan E. Bovay, a prominent member of the Whig party who lived in that town was the prime mover in calling the convention and also in the use of the name Republican for the new party."

Ripon is a small town. It has a population of only about 4000 today. Bovey was a lawyer who had come to Ripon from New York in 1850. In 1852 he was visiting his old friend Horace Greeley in New York and remarked that there must be a new party which would demand exclusion of slavery from the territories. When Greeley asked him what he would call this party Bovay replied "Republican."

In 1854 he wrote the famous editor urging him to advocate mass meetings of Kansas-Nebraska bill opponents everywhere to band together under that name, saying: "It is the only one that will serve all purposes, present and future—the only one that will live and last." Greeley a few months later suggested the name in a Tribune editorial.

Bovay and two other Riponians, one a Democrat and the other a Free Soiler, issued a call for a public meeting to consider the situation while the Kansas-Nebraska bill was still pending in Congress.

At a meeting in the Ripon Congregational church on Feb. 28, 1854, a resolution was passed demanding the formation of a new "Republican" party based solely on the issue of opposition to extension of slavery, in case the legislation should pass.

The Kansas-Nebraska bill was passed by the Senate March 3 and Ripon had a second meeting March 20.

"I went from house to house and from shop to shop and halted men to get their names for the meeting," Bovay wrote long afterward. "At that time there were not more than a hundred voters in Ripon and by a vast deal of earnest talking I obtained 53 of them. We went into the little meeting, held in a schoolhouse, Whigs Free Soilers and Democrats. We came out of it Republicans and we were the first Republicans in the Union."

The meeting voted to dissolve the Whig and Free Soil local committees and appointed a committee of three Whigs, one Democrat and a Free Soiler to "begin the task of forming a new party."

Whether or not these events can now be called the actual birth of the Republican party, Myers agrees with Charles M. Harvey that "at these two meetings was started the earliest systematic work begun anywhere in the country to bring about the coalition of the enemies of slavery extension, who were eventually fused into a homogeneous and aggressive party, adopting the name Republican."

The basis for Jackson's claim to being the G. O. P.'s birthplace will be described in a subsequent article.

## *With Our Contemporaries*

SHEEP PROFITABLE TO FLOYD RAISER

One Floyd county farmer has proven that a very profitable return may be gained from the sheep raising industry. On Nov. 15, 1925, Charles Merrick, who lives 11 miles north of Lockney, purchased 28 ewes and a ram, necessitating an expenditure of $290. Since that time he has sold wool and wether lambs amounting to $1,194.20, and now owns 128 ewes. Since Jan. 1, 1929, 65 of the 128 ewes have lambed 100 lambs, that includes 30 sets of twins and three sets of triplets, out of which 84 were saved. His 1928 wool clip netted him 18 pounds a sheep. Merrick attributes the success of his ventures to the feeding of a small amount of hegira together with the wheat pasture and stalk fields.—Lockney Beacon.

For many years it has been known that there is good profit in sheep on the farm, and farmers will do a good turn for themselves when they arrange to take care of a few sheep. They increase rapidly, and their growth is so fast that returns are shown on them faster than most any other animal. They are easy to keep, because they eat so much of the weeds and other vegitation on farm that other animals will not. They are profitable in another way, by the enriching of the soil. Every farmer who can fix his farm so the sheep will have to remain in the enclosure without having to be herded will make plenty of money on the investment.

## BARBS

In the recent election in Chicago six sitting aldermen were defeated. Moral: Even an alderman should learn to stand up once in a while.

A notary public in Omaha committed a woman to jail for refusal to talk... What's wrong with that story?

Prince Gustaf of Sweden visited a New York night club, gave a cigaret girl a quarter, a taxicab starter a dime and the manager of the club refused to give him a bill for the evening. Barring that 35 cents, Prince Gustaf almost got his money's worth.

Labor in Great Britain recently won is fourth consecutive by-election. In some parts of Pennsylvania, it seems, they hold the same kind of elections, but spell the "by" differently.

Maybe the reason why many drug stores have installed lunch counters is that the prescription business was falling off.

Dr. Glenn Frank of the University of Wisconsin advises young men to attain economic independence as soon as possible and then turn to things that interest them. Lots of young men, of course, will refuse to attain economic independence.

(Copyright, 1929, NEA Service, Inc.)

## THE WEATHER

Fair

WEST TEXAS: Fair, somewhat colder in north and east portions tonight; Wednesday fair.

EAST TEXAS: Partly cloudy, rain in extreme east portion, some what colder tonight except in extreme east portion; Wednesday generally fair, somewhat colder.

OKLAHOMA: Rain and thunderstorms in east, partly cloudy and colder in west portion tonight; Wednesday partly cloudy, somewhat colder.

Gilbert Swan

## *In New York*

By Swan

NEW YORK, March 12—The literary lanes of Manhattan produce as many fascinating romances of discovery as the stage or the films. But for some reason, quite unknown to me, the "finds" of bookdom are presumed to be less alluring than those of the amusement world.

* * *

At any rate, George Oppenheimer, of Viking Press, spun me a strange and inspiring tale of achievement the other day.

It seems that over in Sandwich, Mass., lives one Jonathan Leonard. At the age of 50 Leonard found himself author of his first novel. But he couldn't find a publisher. A number of them flatly turned down his manuscript. But Leonard believed in the book and wanted it, at least, to reach the hands of his friends. A few days later found him out shopping for type. Next he bought a second-hand job printing press. With the usual clumsiness of one who first sets type by hand, he began the tedious process of preparing a book of some 400 pages, running off two pages at a time on his hand press.

When the work finally was finished, he felt that it should have a binding and so learned the binding business. Having thus given birth to his creative effort, he gave the edition of 100 copies to his friends. This done, he proceeded to forget all about it—as would any good creative artist. The fact that it might ever see general publication did not occur to him.

He began work on a second novel.

* * *

It seems that even a book, however, may have coincidence play a large part in its life. Thus, it so happened, Alfred Kreymborg, the poet, spent a vacation in the Cape Cod district. The Leonards were then living in Cape Cod and, quite by accident, they met Kreymborg.

Kreymborg began reading portions of the second work, which Leonard called "The Meddlers." So enthusiastic was the poet that he asked permission to take it back to New York. A portion of it was printed in the second volume of "An American Caravan," and attracted, in turn, the attention of Bertrand Russell, internationally known critic and philosopher.

It was in this round-about way that Oppenheimer heard of Leonard and being in the publishing business was naturally curious about the man. So, the book which took one year and a half to print finally achieves a market. It is called "Back to Stay," and soon will be published.

* * *

There are scores of stories of discovery in the "Grub Street" of New York.

Trader Horn was about as unique as any. Most of the reading world knows by this time how the old fellow, but a few years out of the African jungle, came by the doorsteps of Elfrieda Lewis, peddling kitchen utensils. He stopped to tell her a few tales and ended by collaborating in one of the most successful yarns of the generation.

Vina Delmar was a moving picture show usher in the Bronx before she became famous overnight with "Bad Girl." And Joan Lowell, who will be placed before the world by Max Schuster in a few weeks, had spun many a yarn of her South Sea childhood over the Manhattan teacups before friends were able to persuade her to set them down in a book to be called "The Cradle of the Deep." The first 17 years of her life were spent among sailor folk on her father's barkentine, which touched at the far-away isles of the south Pacific. Du Bose Heyward was selling insurance in Charleston when he determined to write.

And there are, of course, hundreds of others.

GILBERT SWAN

There's plenty of scandal power in some light conversation.

# Diet and Health

By Lulu Hunt Peters M.D.
Author of "Diet and Health" and "Diet for Children"

STRAIGHTEN TEETH WHILE CHILD IS YOUNG AND THE JAW PLASTIC

Irregular Teeth

"Some time ago I read one of your articles in which you wrote about having teeth straightened by means of braces.

LULU HUNT PETERS, M.D.

My teeth are healthy and strong, but they are very irregular. I wanted my dentist to replace them with false ones, but he said it would be a crime, and that the only thing I can do is to wear a brace for about three years and then he can't guarantee it to work. Is there any other way to straighten the teeth? Mine are my biggest flaw and their irregularity makes me very sensitive.

"MRS. K."

It's too bad you didn't have your teeth straightened when you were a child, Mrs. K. Most dentists now teach that the sooner the teeth are straightened, the better, for the younger the child is, the more moldable is the jaw, so the more easily the teeth can be pressed into place.

Oftentimes what appears to the parents to be extra teeth in the back of the others, are the normal teeth which haven't room to come in their proper position.

Irregular teeth in adults can be straightened out, but only by braces, and as your dentist says, Mrs. K., it may take a very long time. The pressure would probably have to be greater and therefore more painful.

Chocolate Candy an Energy Food

Mrs. D.—Yes, chocolate is a concentrated energy food.

A large part of the chocolate sold is sold in the form of candy, but like other candies it is mostly an energy food. Chocolate and cocoa have an active principle—theobromin—which is similar to caffein, and with some, this has an unpleasant effect. However, chocolate candies in moderate amounts are all right for children, for desserts, after they have had their full quota of necessary growth foods—unless they have an idiosyncrasy to them. It is possible, Mrs. D., that your cousin's children do have an idiosyncrasy to them. That wouldn't apply to all children, by any means.

Deodorants

Mrs. M.—Bad odored perspiration may be caused by faulty elimination (constitpation) or other general disorders, or it may be caused by its decomposition by the germ called bacillus fetidus. These active malodorous little fellows are most apt to be on the feet.

Aside from very frequent bathing in these cases, a deodorant has to be used.

A good deodorant for excessive and bad perspiration of the feet, it a solution of one ounce of formalin to the quart of water; for excessive perspiration under the arms, a 25 per cent solution of aluminum chloride. A little of the solution is to be used (after first thoroughly washing and drying) every day for a week, then twice a week and thereafter as needed.

Curly—Your question, and a great many others, cannot be answered in this column. Sorry.

Mrs. S.—We have an article on Thyroid Disturbances and one on Anemia which will answer your question.

Editor's Note: Dr. Peters cannot diagnose, nor give personal advice. Your questions, if of general interest, will be answered in the column, in turn. Requests for articles must be accompanied by a fully self-addressed, stamped envelope and two cents in coin for each article, to cover cost of printing and handling. For the pamphlet on reducing and gaining, 10 cents in coin, with fully self-address, stamped envelope must be enclosed. Address Dr. Peters, in care of this paper.

# Who's Who and Timely Views

SPEEDY CONSIDERATION OF FARM RELIEF PREDICTED

BY JOHN Q. TILSON
Majority Leader, House of Representatives

(John Quillin Tilson was born at Clear Branch, Tenn., April 5, 1866. He is a graduate of Yale university, and entered the practice of law at New Haven, Conn., in 1898. He was a member of the Connecticut house of representatives from 1905 to 1909, and speaker during the second term. He was elected to congress in 1909, serving until 1913, and has been a representative from Connecticut continually since 1915, his term expiring in 1929. For the past three years he has been majority leader of the Republican party. He served in the Spanish-American war and on the Mexican border in 1916. His home is in New Haven, Conn.)

An extra session of Congress will be convened about April 10.

The farm relief bill will be ready about April 10 and the tariff revision bill will be in shape to submit to the house on or before April 20. Indications are that the farm relief legislation, requiring probably not over a week of consideration, will be considered first.

JOHN Q. TILSON

The tariff probably will require from three weeks to a month of consideration at the extra session, perhaps longer. I am not prepared to speculate on a probable adjournment date for the extra session.

The judgment of a considerable majority of the membership of the house is to confine the legislation plans to the two major subjects of farm relief and tariff. For that purpose it will be necessary to organize with the two legislative committees involved, the house committees on ways and means and on agriculture.

In addition, the house committee on accounts is authorized by permanent law to sit after adjournments and the house committee on rules will have to be organized, to provide for handling the business of the house at the extra session. I hope it will be unnecessary for the house committee on appropriations to be organized, although that can be provided if necessary.

Besides these committees, if the senate sees fit to act on the reapportionment of the house and on the decennial census the house undoubtedly will take up those matters in order to expedite their enactment. Those subjects, being matters constitutional in character, would not violate the principle of avoidance of general legislation at the extra session. There has been some agitation for a new date for taking the next census, instead of January 1.

BELGIAN BAND IN U. S.

WASHINGTON, Mar. 12 (AP)—The symphonic band of the Royal Belgian guards, enroute to America for a three months good will tour, will play in all parts of the United and a number of Canadian cities before it leaves for home.

# STOCKS OPEN LISTLESSLY

### IRREGULARITY IS NOTED IN WALL STREET TRADING

NEW YORK, March 12 (AP)—Further irregularity developed at the opening of today's stock market. Anaconda opened with a block of 10,000 shares at 150 1-2, off 1 1-4, and Canadian Pacific dropped 1 3-4. Union Carbide, which is expected shortly to announce a stock split-up, opened 3 1-2 points higher. National Cash Register showed an initial gain of 3 points and U. S. Steel Common, Packard Motors and Chrysler advanced a point or so. Radio (new stock) opened fractionally lower.

Extreme nervousness was still apparent in speculative quarters over the possibility of an early increase in the New York Federal Reserve rediscount rate.

A few pools continued to press forward their favorites. Radio (old stock), which will be stricken from the list March 22, opened 7 points higher and the new stock, which was traded in on a regular basis beginning today, quickly ran up 2 1-4 points. Kennecott Copper, Burroughs Adding Machine, Westinghouse Electric, American Radiator and National Distillers Preferred showed early gains of 2 to 3 1-2 points, the last-named touching a new high record. Anaconda also received good support, rallying 2 points from its opening price.

Midland Steel Products preferred quickly sold down nearly 4 points. International Telephone 2 1-2 and a long list of others, including Southern Railway, Missouri Pacific, National Dairy Products, International Nickel, Wright Aeronautical and Commercial Solvents, sagged a point or more.

Foreign exchanges opened firm, cables ruling 3-32 of a cent higher at 4.85 7-32.

## Ranges Deteriorate During Past Month

AUSTIN, Mar. 12 (AP)—The condition of Texas ranges on March 1 was 79 per cent, three points lower than one month ago, according to H. H. Schultz of the United States department of agriculture, division of crop and livestock estimates.

As a rule range conditions improve in February, but cold, cloudy weather during the past month and lack of sufficient soil moisture in many sections has held back the growth of new vegetation, resulting in the deterioration of ranges, he said.

## MRS. NEAL A REAL ORGATONE BOOSTER NOW

### "I Gladly Tell Others Of Aid New Medicine Gave Me, It Saved My Life," Says Lubbock Woman

"I'm a booster for Orgatone from now on."

Thus spoke Mrs. J. B. Neal, well known citizen of Lubbock, residing at 1613 Tenth Street, and when asked what Orgatone did for her she said:

"Orgatone has given me the relief I long sought," she continued. "I had stomach trouble for about fifteen years, my food never agreed with me and the least thing I ate soured on my stomach causing me to suffer intensely. Frequently I had dizzy spells and everything seemed to be turning round and round. I would become so dizzy that I'd have to lie down. I had gall bladder trouble, and I had pains in my right side, which would ache and throb, until I would be in misery, and thought I was going to die. Gas formed on my stomach, and I had terrible headaches at times. I was very nervous and restless and never felt like doing my work, and hardly ever got a good nights sleep.

"A friend recommended Orgatone to me and advised me to try it. Since I began taking Orgatone I have a different story to tell. Now my stomach is in fine condition. I can eat any kind of food I want, without it disagreeing with me. Nothing ever sours on my stomach now, and the pains in my sides have entirely disappeared, and this is the greatest relief of all, for I did suffer terribly with those pains in my right side. No matter how much I stoop over my spells of dizziness do not bother me and I have more strength and feel more like doing my work than I have in years. The nervousness has been relieved and I now sleep soundly all through the night and get up mornings feeling fine. Orgatone has really made life worth living for me, it has saved my life, and I'm going to be a strong booster for it, it has done for me what medicine and doctors failed to do. I am more than glad to make this statement and tell my friends about it."

Genuine Orgatone is not a so-called patent or secret remedy but a new scientific treatment containing no alcohol or other false stimulating drugs and is sold in Lubbock exclusively by the Bowens Drug Store under the personal direction of a special Orgatone representative. Out of town customers are being supplied by mail upon receipt of price of one bottle $1.25 or six bottles for $6.25. Adv.

# COTTON OPENS WITH ADVANCE

### MARKET RESPONDS TO FIRM LIVERPOOL NEW CABLES

NEW YORK, March 12 (AP)—Cotton opened steady at an advance of 3 to 12 points in response to relatively firm cables and renewal of Wall Street and commission house buying.

A private report estimating consumption of cotton in this country for February at 594,000 bales against 572,575 last year no doubt contributed to the advance, which carried May up to 21.32 and the new October contract to 20.51 or about 9 to 13 points above yesterday's closing quotations in the early trading.

Buying tapered off later in the morning and prices sagged under further realizing, which may have been combined with some local selling for a reaction. May easted off to 21.20 and the new October contracts to 20.36. The active months ruled a point or two below yesterday's closing quotations at midday.

NEW ORLEANS, Mar. 12 (AP)—The cotton market opened firmer in response to better Liverpool cables than due and on map indications of much rain in the belt. First trades showed advances of 7 to 10 points and May soon sold up to 20.63. July 20.68 and October 20.35, or 10 points on all months above yesterday's close.

The early advance brought out realizing and some further liquidation and before offerings were absorbed active positions showed losses of 6 to 7 points from the highs. Towards the end of the first hour, however, the market was steadier.

**LIVERPOOL SPOTS**

LIVERPOOL, Mar. 12 (AP)—Cotton spot quiet; lower; American strict good middling 11.87; good middling 11.47; strict middling 11.27; middling 11.07; strict low middling 10.82; low middling 10.57; strict good ordinary 10.17; good ordinary 9.77. Sales 6,000 bales, 4,900 American. Receipts 6,000, all American.

Futures closed quiet; Mar. 10.74; May 10.85; July 10.85; Oct. 10.96; Dec. 10.66; Jan. 10.65.

Later the market weakened and developed liquidation probably induced by the near approach of the government's final census ginnings report. May sold down to 20.41, July 20.48, Oct. 20.12, or 20 to 23 points down from the early highs and 10 to 13 points under yesterday's close. At noon the market was steady and at the decline.

**NEW ORLEANS FUTURES**

NEW ORLEANS, Mar. 12 (AP)—Cotton opened steady. March 20.32; May 20.59; July 20.67; Oct. 20.34; Dec. 20.36 asked.

**NEW YORK COTTON**

NEW YORK, March 12 (AP)—Cotton opened steady. March 21.30; May 21.31; July 20.78; Oct. 20.45; Dec. 20.52.

# CLIMBING OIL OUTPUT ENDED

### PRORATION MANIFEST THROUGH DECLINE IN PRODUCTION

(By Associated Press)

TULSA, Okla., Mar. 12.—Proration showed its effects in the greater Seminole area and virtually every other field in the United States reported drops in the daily average estimated production to bring a total decrease of light and heavy oils in all fields to 40,757 barrels during the week ending March 9, according to the current report of the Oil and Gas Journal.

Light oils alone decreased 43,844 barrels. A nominal increase in heavy oils moderated the total decrease slightly. Total estimated daily production during the week was 2,663,562 barrels as compared to 2,704,319 barrels during the week ending March 2.

The figure for the week ending March 2, established the highest mark for daily average production of light and heavy oils yet recorded in the history of petroleum. That mark was the seventh high record reached in three months time.

For the first time in a number of months Santa Fe Springs, Calif., during the past week showed a decline of 2,000 barrels. It was production from this deep drilling area which during the past months has bosted the weekly production to almost incredible heights. Total California showed a decrease of approximately 6,000 barrels.

Oklahoma fields during the week decreased 32,680 barrels; West Texas 1,517 barrels. The total midcontinent area decreased 37,740 barrels.

## CONSERVATION NEED OF OIL INDUSTRY

DALLAS, Mar. 12 (AP).—That greater conservation measures are urgently needed to check the greatest over production the oil industry has ever known, is the assertion of J. Edgar Pew, former president of the American Petroleum Institute. Mr. Pew has just returned from a visit to South American oil fields, and eastern refining and financial centers.

Regulations should be designed to meet the individual needs of the different oil pools, Pew declared here yesterday, and urged co-operation between the oil producers themselves and with conservation boards of the states.

Adding to the flood of oil is the greater efficiency in locating likely geological structures, it was said.

## Livestock Prices

**LUBBOCK LIVESTOCK**

The folowing report furnished by McDonald Packing Co.:

# DOWNTURNS RULE IN WHEAT VALUES

CHICAGO, March 12 (AP)—Owing largely to reports of better crop conditions prevailing southwest, downturns in wheat values here formed the rule today during the early dealings.

Opening 1-4c to 5-8c off, wheat afterward kept near to the initial figures. Corn and oats also were easier, with corn starting at 1-4 and 3-8c to 5-8c decline but subsequently showing some power to rally. Provisions inclined upward.

## Produce Prices

**POULTRY PRICES**

CHICAGO, March 12 (AP)—Poultry firm; fowls 29 @ 33; springs 34; broilers 46 @ 48; turkeys 30; ducks 24 @ 30; geese 21.

Eggs lower; extra firsts 28 @ 29; firsts 27 1-2; ordinary firsts 25 @ 26.

## Boy Scout Workers Will Gather Friday

Boy Scout workers will meet at the city hall at 9 o'clock Friday morning before making a final clean up drive, it was announced today by K. N. Clapp, acting Scout executive.

About 350 names, carded by officials of the drive, have not been solicited in connection with the annual financial campaign, and an effort will be made to clean up all solicitations Friday.

# SPEED TRIAL

(Continued from Page One)

tive world at the burning pace he set in his speed creation yesterday, still was not satisfied with his mark. He said last night he believed his "Golden Arrow" could attain a maximum speed of 240 miles per hour.

Never before was technical arrangement so perfected for a speed trial. Not only was the mechanical perfection of the machine taken into consideration but the weather, tide, beach condition and even targets at which the car was aimed by its driver, all had a place in the arrangements.

At the far ends of the Beach Speedway were set up two great bulls eyes. Suspended between posts the great targets swung while far down the beach a human eye, travelling at nearly bullet speed, glued on them during the tests through a regular telescopic sighting arrangement similar to that which might be found on a big gun.

When Segrave finished his tests yesterday he first declared under the stress of the strain he would never race again unless White beat his present record. Later in his hotel, after he had thought things over he decided he wanted to drive the Golden Arrow at its highest speed and if his managers will sanction him, he may again try.

# REVOLUTION

(Continued From Page 1)

Cruz was reported definitely crushed with the surrender of 1,000 rebels.

## MOSELEY EXPRESSES ARMY'S ATTITUDE

EL PASO, March 12 (AP).—Replying to President Portes Gil's message of appreciation for the act of an American soldier giving his blood in a vain attempt to save the life of a wounded Mexican soldier, Brig. Gen. Van Horn Mosely last night sent the following message to the Mexican executive:

"Deeply appreciate President Gil's message and unofficially I feel certain that oficfers and men of the United States Army would gladly give up their life blood if permanent peace, prosperity and happiness could be guaranteed to all the Mexican people."

## FATE OF REVOLUTION HINGES ON BATTLE

JUAREZ, March 12 (AP).—The fate of the Mexican revolution in the north today appeared hinged upon the outcome of an expected battle between government forces and rebel forces at Torreon.

The greatest concentration of revolutionary troops since the start of the revolution, with Torreon as their base, was well under way, and it was generally believed here that leaders of the rebellion have planned a battle of no little magnitude with the federal forces led by P. Elias Calles, former president of Mexico.

Troop trains loaded with revolutionists from Juarez arrived at Torreon last night. A civilian militia of 500 men was recruited here by the rebels. Some 300 men from a half dozen towns in this vicinity also have enlisted according to rebel leaders.

## AMERICANS FLEE FROM INTERIOR

NOGALES, Ariz., March 12 (AP).—A Southern Pacific of Mexico train from the Southwest coast of Mexico brought twenty American citizens to Nogales today from Culiacan, Sinaloa, and surrounding country which has been traversed by the rebels in their march to the south against Mazatlan.

The Americans, most of them leaving Mexico until the revolt is ended, confirmed news dispatches from the south that rebel troops have penetrated beyond Culiacan. The federal garrisons, most of them small, and the police forces of many towns through which the rebels marched, fled before the advance, the travelers said.

## Girl Convicted On Delinquency Charge

The sixteen year old Lubbock girl, who was arrested Saturday night in a local hotel by county officers, yesterday was found guilty of delinquency in the county court, and paroled to her mother.

She was released to a local minister over the week end who took her to church Sunday, where it was reported that she was converted.

## Identify Skeleton Found On Roadside

ST. LOUIS, March 12 (AP)—Officers today were investigating a possibility that a woman's skeleton found on a road near here yesterday was that of Mrs. Ella Brady Espinos, 57, of East Chicago, Indiana, who disappeared last September while on a honeymoon trip to California with her 19-year-old Mexican husband, Rudolph Espinos.

Mrs. Brady, a widow, was married last August to Espinos over the protests of her grown children, Ralph Brady of East Chicago, and Mrs. Florence B. Luck, of Chicago.

## Burke, Of Indian Bureau, Quits Job

WASHINGTON, March 12 (AP)—Commissioner Charles H. Burke, of the Bureau of Indian Affairs, has tendered his resignation and it was indicated today it would be accepted by the president. The commissioner has been under continuous fire by members of congress for some time during an investigation of the administration of Indian affairs.

## Secretaries' Aides Chosen By Hoover

WASHINGTON, March 12 (AP)—Two new assistant secretaries of War and Navy were appointed today by President Hoover, hey were Ernest V. Jahncke of New Orleans, assistant secretary of navy, and Patrick Hurley, of Tulsa, Okla., assistant secretary of war.

## At The Capitols

(By Associated Press)

**MONDAY:**

House failed to give two-thirds majority to highway bond issue amendment, refusing to submit it for second time.

Establishment of hospital for treatment of cancer and pellagra passed by house.

Consideration of house bills fixing motor vehicles registration fees was begun by senate.

Remission of taxes voted Port Arthur to aid in construction of seawall.

## Wichita Oil Pool Extended To West

WICHITA, Kas., March 12 (AP)—The Wright pool of Sedgwick county was extended one location to the West this morning with the addition of a new oiler, No. 1-B bright in the SW SW of 6-26-1 east. In slightly less than six hours after it was brought in the well flowed 234 barrels and operators estimate its probable production at about 900 barrels. No sand record was available, though at the latest report the depth was 3,378 feet.

## FT. WORTH WOMAN NEVER HAD WELL DAY FOR 15 YEARS

"For fifteen years I didn't know what a well day was. Suffering continually with my stomach, my appetite fell off, my nerves were completely unstrung, and everything I ate caused such distress and misery that a substantial meal

MRS. MINNIE FREELAND

was unknown to me. My liver was out of order, and weak kidneys caused my sleep to be badly broken. I grew weak, debilitated and generally run down. I suffered continually with constipation, that brought on dizziness and sick headaches, and lost energy strength and weight.

"I spent lots of money on medicines and took treatment after treatment. I had one operation, and was finally told that another would be necessary before I could ever hope to be well.

"Then I read statements about the good Sargon was doing and I decided to try it. I would not take five hundred dollars for the good it did me.

"Now, my fifteen years suffering is ended. My nerves are steady and I have a splendid appetite. I eat everything I want and enjoy it. Nothing disagrees with me any more. I have restful, refreshing sleep. I am full of energy, my strength has returned, and I never have an ache or pain. The dizziness and headaches are gone. I have gained weight, and feel like a different woman in every way."

The above statement was made by Mrs. Minnie Freeland, of 1213 West Fifth St., Fort Worth. She is well known and highly respected in the community in which she resides. Sargon may be obtained in Lubbock at the City Drug Stores and in Slaton at the City Drug Store. Adv.

## Body of Stabbed Man Found In Ruin Home

SCRANTON, Pa., March 12 (AP)—The body of a man, who had been beaten and stabbed and his clothing saturated with kerosene oil and set afire, according to the police, was found today by firemen fighting flames in the home of Frank Crido at Carbondale, eighteen miles north of this city.

Finding a heavy hammer and long knife beside the charred body, convinced authorities a killing had taken place and the Crido home set afire to hide the crime.

Mr. and Mrs. Crido were visiting in Archbald Borough at the time of the fire.

## Oil Field Worker Is Shot To Death

SAN ANGELO, Mar. 12 (AP).—Curley Anderson, oil field worker, was shot to death at Elmasho, Crockett county, today.

An examining trial was planned late today for Catherine Evans, 33, arrested after the killing. She told officers the man's death was accidental.

Two witnesses were to be taken to Ozona by Texas rangers who captured them in the oil fields after the tragedy.

Ask A. H. Martin, Phone 236 or CHAS. F. O'NEALL, Realtor

RARE OFFER

We wonder if you would be interested in the best purchase of raw land on the Plains. If you will take the pains to go to Morton, then about two miles this side, on the north side of the highway, and lying broadside with it, you will see what you yourself will say is the best looking quarter section of land you ever saw. Big statement, you say? Yes it is, but every word true.

No soil any richer, no table any more level, no sand, no grubs, two miles from fine school, court house and gin, an ideal location for a home.

We are authorized to sell this land for $25 per acre, and when we say that do not get it confused with blow sand lands at $20 and $15, and that are not worth one-half this land.

Its special value is due to the high quality of its soil, its beauty, its location close to Morton, the ease and certainty of getting a bountiful supply of the finest water. As a matter of fact if this land should sell for its value it would not be one cent less than $35.00 per acre. Let us tell you more about it.

Jno. L. Ratliff Co.

Grollman's

## HOOVER

(Continued from Page One)

appointments, laying it first before the executive body of the republican national committee. That organization failed to act upon it and then Mr. Mann took it to President Hoover.

The general understanding has been that Dr. Hubert Work, chairman of the republican national committee, opposed the Mann proposition, and after he had visited the White House late in the week, Mr. Mann issued a statement anonuncing his retirement.

Some of the republican national committeemen for the southern states have been reported in active opposition to the Mann policy, several going so far as to say that Mr. Mann would have nothing to do with patronage in their states.

In some instances these committeemen, presumably at the suggestion of high national leaders, have presented the names of those whom they would like to see on the committees for their states. In each instance, leaders of the Hoover Democrats have been included.

Recognition to this group in exas already has been extended by the regular republican organization under R. B. Creager, national committeeman, and some of the Hoover Democrats in exas have been endorsed by the republican organization for high posts in the federal service.

## BORDER ARMS

(Continued from Page One)

forces under General P. Elias Calles.

Revolutionary leaders said this detachment would need at least two days to effect a junction with Escobar's men and the rebel general needed the 2,000 fighters to face Calles.

In the west, attention was centered upon the cautious advance of rebels toward Mazatlan, Sinola, where the loyal federal General Jaime Carrillo is entrenched with 2,000 men. This advance was conducted by General Ramon F. Iturbe. About 5,000 rebels are said to be converging upon Mazatlan.

Many Americans crossed the International line to see the revolutionists at Naco. Attention was centered on the equipment of the insurgents which consisted of late model Enfield and Winchester rifles. Every soldier carried two or three cartridge belts and a bayonet. All were warmly dressed.

Newspapermen who visited the camp were surprised to find a large amount of American money in circulation among the rebel soldiers. A total of $10,000 was packed in money bags near headquarters.

### WAR MAP GAME AGAIN IN VOGUE

NEW YORK, March 12 (AP)—War maps of Mexico have reappeared on news desks throughout the United States. Blue thumb tacks represent the federal forces and red tacks show where the revolutionists are on the great map of Mexico spread before the editors on the foreign desk of the Associated Press.

The tacks indicate that Calles is moving rapidly in his sweep toward the northwest. But he has a long, hard route to cover. Railways are jumpedup. Bridges are out, and there are many mountains to cross before he can reach Torreon, the revolutionary center nearest to Mexico City.

Telephone calls received at Associated Press headquarters indicate the Mexican war game is replacing chess and crossword puzzles with war map fans who have been somewhat out of practice since the great war closed.

## *Buster Brown And 'Tige' Visit City*

Buster Brown, sailor hat, bobbed-hair wig, short trousers, Tige, and all, were Lubbock visitors yesterday. Grown to be a tradition among millions of American kiddies, the diminutive character is only 51 inches tall, weighs 80 pounds, and about 45 years of age.

His visit here with his equally famous dog, Tige, was in connection with his nation-wide tours for the past fourteen years. He left here for Tahoka yesterday, but plans to come back through here soon.

NEW YORK, March 12 (AP)—The Southwest Utilities Corporation has been organized as a subsidiary of the Empire Public Service Corporation to include corporations serving ten municipalities in Texas and Louisiana.

## PRAIRIE DOG WAR SUCCESS

### CHECK WITH POISON DUST TO BE MADE IN DRIVE HERE

The county-wide prairie dog extermination campaign is being carried on at a rapid pace, Lubbock County Agricultural Agent D. F. Eaton said today.

Mr. Eaton and R. J. Powell, state field assistant, are making a check of the entire county to determine the progress that has been made. Yesterday they visited the Estacado community, and today Mr. Eaton goes to Posey, Slaton, and Acuff, and Mr. Powell goes to Monroe, Shallowater, Caldwell and Center.

Following a complete check of the county, a follow-up drive using poison dust will be used in an effort to completely exterminate prairie dogs from the county.

Any farmers wishing any poison grain to feed the pests are requested to call at the county agent's office in the courthouse.

### TERRACING PROGRAM IS HALF COMPLETED

The Lubbock county agent, D. F. Eaton, today announced that the county-wide terracing program had been about half completed.

Under the direction of John Patterson, terracing expert of Idalou, several farms of the county are terraced each day, Mr. Eaton reports.

## *Mexican Acquitted On Robbery Charge*

Pedro Chabauria, Mexican, was found not guilty of robbery by a jury in the 99th district court before Judge Clark M. Mullican yesterday afternoon.

The case was called, testimony presented, arguments made, and the verdict rendered yesterday afternoon. Max Coleman represented the defendant, and District Attorney Durwood Bradley the state.
