

ROOTING FOR VICTORY—President Eisenhower joins his party's top candidates, Henry Cabot Lodge, left, and Vice President Nixon, in making V signs to the crowd gathered at the Roosevelt Field shopping center in Long Island's Garden City. At right is New York's Governor Nelson Rockefeller. The quartet was campaigning in New York's suburban and metropolitan areas. (AP Wirephoto)

Top Candidates Invade Texas For Final Pleas

State Gets Triple Blow

KENNEDY GETS WILD WELCOME—Sen. John F. Kennedy is inundated by a shower of confetti and paper strips during a huge demonstration in the heart of the downtown section of Los Angeles. Police estimated 200,000 persons greeted him in a mile-long motor trip. (AP Wirephoto)

Dag Blames Belgians For Congo Woes

UNITED NATIONS, N.Y. (AP)—Secretary General Dag Hammarskjöld charged today that large-scale Belgian activities in the Congo are hampering U.N. efforts to restore law and order.

In a voluminous report the General Assembly, Hammarskjöld said large numbers of Belgian nationals were returning to the Congo and were exerting strong influence on the temporary administration set up by Col. Joseph Mobutu.

He blamed the Belgians for a growing hostile attitude on the part of the Mobutu government toward the U.N. Command. Many of the young commissioners of the government, he said, were constantly accompanied by Belgian advisers to whom they listened.

One of the results, he added, was that "the chaotic administrative and economic situation reached the verge of collapse" before the U.N. Command stepped in firmly and took more active hand.

It may be concluded that a gradual but purposeful return is being staged by Belgian nationals, which has assumed serious significance in view of the key areas which they have penetrated in the public life of the country and the possible effect of their activities on all aspects of the U.N.C. (the U.N. Command) responsibilities, the secretary-general told the assembly.

On too often these developments have coincided with anti-U.N. policies or feelings at the various points of impact."

The activities of the returning Belgians, Hammarskjöld said, appear to be "clearly at variance with" assembly directives and with the U.N. Command's basic objectives.

The secretary-general made public communications in which he had protested against the activities of Belgian nationals in the Congo, which was a Belgian territory until last July.

Hammarskjöld said that some Belgian nationals are believed to have been actively arming separatist Congolese forces, and in some cases, Belgian officers have directed and led such forces which, in certain areas, have been

Says Blakley Would Get Appointment

DALLAS (AP)—The Dallas News said today that former Sen. William A. Blakley will have "first refusal" for another appointment to the U.S. Senate if Lyndon B. Johnson is elected vice president.

Johnson is a candidate for reelection to the Senate and for the vice presidency.

If elected to both posts, Johnson would appoint a 90-day interim U.S. senator and also call a special election.

The story continued: Gov. Price Daniel, in that event, would appoint a 90-day interim U.S. senator and also call a special election.

Former Rep. Ed Gossett who served the Vernon-Wichita Falls-Denton district in Congress would be offered the interim appointment if Blakley turned it down.

It is assumed that if Blakley accepts appointment, he would also be a candidate in the special election.

There will be some hard-hitting candidates for Senate if Johnson vacates the office.

Rep. Jim Wright of Fort Worth is considered a sure candidate.

Atty. Gen. Will Wilson will be tempted to enter the race; also Lt. Gov. Ben Ramsey. Former State Rep. Maury Maverick Jr. of San Antonio is another possibility.

House Blast Kills Couple

FAIRMONT, Minn. (AP)—An early morning explosion that thundered through this southern Minnesota community of 10,000 blasted a house to bits today and killed a man and wife.

Mr. and Mrs. John P. True were blown 30 to 50 feet into the yard.

Mrs. True, 60, was dead when neighbors arrived in a few minutes after the 4 a.m. explosion. Her husband, 63, died in a hospital an hour later. The couple lived alone.

Their one-story house on the northeast side of Fairmont was crushed into splinters. What little of the walls remained after the explosion burned.

The home was equipped with a gas furnace. Police Chief George Cavies said he thought the explosion was caused by gas.

American Scientists Awarded Nobel Prizes

STOCKHOLM (AP)—Two American scientists—Dr. Willard F. Libby and Dr. Donald A. Glaser—today were awarded the 1960 Nobel prizes in chemistry and physics.

A native of Grand Valley, Colo., Libby intended to become a mining engineer until he entered the University of California and switched to chemistry. He received his Ph.D. there in 1953.

A strong-willed individual, he is known among his associates for an intuitive approach that enables him to guess correct answers before an experiment even begins.

Libby remained on the California faculty until 1941, when he took a leave to join the secret Manhattan Project that developed the first atom bomb. He worked at Columbia University on the job of separating by diffusion the fissionable isotope of uranium 235 from the other uranium isotopes.

In 1945 he joined the University of Chicago's Institute of Nuclear Studies.

During his first term on the AEC's advisory committee, from 1950 to 1954, Libby sided with Dr. Edward Teller in opposing delay in developing the hydrogen bomb and was one of the discoverers of nuclear fusion, an element of the H-bomb.

Glaser was born in Cleveland, Ohio, in 1925 and was graduated from Case Institute of Technology there in 1946.

He went to the University of Michigan in 1949 as an instructor, later becoming a professor, and took his Ph.D. in physics in 1950 from California Institute of Technology, at Pasadena. This year he joined the University of California's famous physics staff at Berkeley.

The U.S. Junior Chamber of Commerce named Glaser as one of America's 10 outstanding young men in 1958. The next year he was awarded the first \$2,500 prize of the American Physical Society for his bubble chamber.

Associated Press Staff Writer

Hot, turbulent politics hits Texas as a triple blow Thursday in predicted fair, cool weather that could bring out record crowds to against a backdrop of still another Trumanism that erupted out of Fishkill, N.Y. Wednesday night after the president of the Southern Baptist Convention said former President Harry S. Truman should be kicked out of his church.

Answered hip-shooting Harry: "I dare 'em to do it."

Democratic Nominee John F. Kennedy, and his running-mate, vice presidential nominee Lyndon B. Johnson, arrive simultaneously 1:30 p.m. Thursday at Amarillo for an airport rally.

After about an hour in Amarillo, the Democratic Party's presidential contenders go on to Wichita Falls for their last joint appeal for Texas' 24 electoral votes. Senator Johnson, also running for reelection to the Senate, confuses on to Fort Worth for a "family style" dinner and rally while Kennedy stays on the presidential campaign trail with an Oklahoma City appearance Thursday night.

Republican Presidential nominee Richard M. Nixon was to arrive in San Antonio at the moment Kennedy and Johnson were meeting in Amarillo. He speaks before the Texas shrine, The Alamo, at 2:30 p.m., and goes to Houston for an 8:15 p.m. speech.

Nixon will fly to Fort Worth to spend Thursday night after the Houston speech and plans an 8:15 a.m. breakfast speech before leaving Fort Worth for Casper, Wyo.

As Nixon flies to Casper, Johnson will start a five-day helicopter tour of Texas.

Former President Truman's dare to the Baptists came Wednesday afternoon. Dr. Ramsey Pollard told a press conference in Lubbock that Truman ought to be turned out of his church unless he repents his "sins and ill manners."

Pollard's remarks preceded an address that closed the annual session of the Baptist General Convention of Texas. He made no mention of politics in the speech.

Truman, in a recent campaign speech, Texas said "Texans ought to go to Hell," if they support the Republicans. Pollard, from Memphis, Tenn., said the remark brought "discredit to the nation, the high office of president, and the cause of Christ."

In Fishkill, told of the suggestion to kick him out, Truman said when asked for comment:

"I've already told the Baptists where they ought to go, and I can't add anything to it." Later, however, in Haverstraw, N.Y., the former president said, "I dare them to put me out and they can't do it, so there you are. They can't do it."

Pollard repeatedly said he spoke more than 18,000 miles an hour.

Two hours after launch, NASA announced the "spinning top" was in orbit. It is so nicknamed because it is shaped like a child's top and spins during flight for stabilization. It is 30 inches in height and diameter.

The satellite spun into a path with an apogee—farthest point from the earth—of 1,450 miles and perigee—closest point—of 215 miles. This is fairly close to the intended orbit of 200 to 1,000 miles. Each pass around the world takes 112 minutes.

Officials reported the payload's transmitter was working fine.

Explorer VIII is the 26th earth satellite successfully orbited by the United States in less than three years. The Soviet Union has launched six into orbit.

So, for content purposes, the "Baylor-TCU" game will be "thrown out" and not considered when grading the results.

Unfortunately, that game was played last week, as the Bears take on Texas this week in Waco and naturally can't be expected to play the Frogs again on the same date. Fanciful thinking on our part, and regrettable error.

only as an individual with no authority to tell Baptists how to vote. He said he would vote for Nixon even if Kennedy were not a Catholic, called Kennedy a bigot, predicted Nixon's election, and said the religious issue is not the only factor in the race but that it would be highly influential.

On another front, Gov. Price Daniel told a Democratic Party rally in Marshall that President Eisenhower signed a measure giving the states rights to submerged oil deposits and then permitted the U.S. attorney general to file a suit seeking to reduce the offshore limit from 10½ to 3 miles.

Daniel cited Republican vetoes of natural gas bills as one reason Texas should support Kennedy and Johnson. He said still others are "the use of bayonets and bullets in the halls of our schools, and a GOP policy reversal on the islands" which I could never forget."

At Tallahassee, on a Southern tour, former Gov. Allan Shivers of Texas predicted that Nixon would carry more Southern states than Kennedy in the Tuesday election.

Shivers spoke before about 100 Nixon supporters in Tallahassee and told them the Nixon-Lodge ticket would carry Virginia, South Carolina, Florida, Oklahoma, Texas, Louisiana, and several other Southern states.

Johnson, speaking Wednesday night in Syracuse, N.Y., contended that what he called an "inexperienced Gov. Nelson A. Rockefeller had stripped Vice President Nixon of his 'convictions of a lifetime.'"

He said Rockefeller "caught Nixon with his pants down." Police estimated the Johnson crowd at 800.

Old Law On Election Bets Halts Nevada Bookmakers

CARSON CITY, Nev. (AP)—News of a forgotten state law against election bets has halted Nevada bookmakers in confusion—and stopped wagers on the presidential race.

The biggest question: What to do with all the money already bet on Democrat John F. Kennedy and Republican Richard M. Nixon.

Bookies had been doing a thriving business on the race for president.

But while Nevada has legalized just about all forms of gambling, a 1919 law bans any type of bet on any election.

"I quit!" was the response of a Reno odds-maker. He promptly pulled down all signs quoting election odds.

In Las Vegas, all eight race books erased their odds before a news story about the forgotten law hit the streets.

Public officials were slower to react.

Atty. Gen. Roger Foley said the law was a problem for local authorities. Gaming Control Board Chairman Ray Abbatuchio agreed.

But in Reno, Dist. Atty. William Raglio said he had heard no complaints and didn't think the law was practical anyway "in view of the present status of gambling in this state."

Acting Las Vegas Police Chief George Allen Jr. issued an order

forbidding any more election bets, but word of the old law seemed to be enough.

"We're going to pay the winners and collect from the losers," one said. "That's the only way to do it."

"I don't see how we could go ahead," said another. "If a man lost his money and discovered the bet was illegal he'd try to get it back."

No one seemed to know how much money was involved.

As the bookies closed election operations, the odds were still 5 for Kennedy and 4 to 3 for Nixon.

WEATHER

SNYDER TEMPERATURES: High Wednesday, 49 degrees; low, 41 degrees; reading at 7 a.m. today, 42 degrees.

Gulf Coast: Rain and southeast winds to 12 knots Thursday; becoming mostly south and southeast, 8 to 14 knots Friday; the sea in north portion likely to be choppy Thursday and Friday. Slightly warmer Friday. Low Thursday night 30 to 36; High Friday 36 to 42.

Southwest Texas: Clear to partly cloudy Thursday; becoming partly cloudy Friday. Little change in temperature. Low Thursday night 30 to 36; High Friday 36 to 42.

Extreme Southwest Texas: Fair Thursday; becoming partly cloudy Friday. Little change in temperature. Low Thursday night 30 to 36; High Friday 36 to 42.

North Central and Northeast Texas: Fair Thursday; becoming partly cloudy Friday. Slightly warmer Thursday night. Low Thursday night 30 to 36; High Friday 36 to 42.

Satellite Launches Biggest Study Of Earth's Ionosphere

By HOWARD BENEDICT
CARE CANAVERAL, Fla. (AP)—A 90-pound "spinning top" satellite whirled into orbit today to begin the most extensive study ever attempted of the earth's ionosphere.

The satellite, officially designated Explorer VIII, is designed to give scientists a better understanding of the mysterious electrically charged ionospheric layers which reflect radio signals back to earth.

The experiment could lead to improved communications between continents, ships and planes. It also could open the way for more effective contact with communications satellites like the recently launched Echo and Courier and with future manned space craft.

A powerful 76-foot Juno II rocket blasted off from this missile test center at 12:23 a.m. today. Its four stages fired with clock-like precision and boosted the pay-

load to necessary orbital speed of more than 18,000 miles an hour.

Two hours after launch, NASA announced the "spinning top" was in orbit. It is so nicknamed because it is shaped like a child's top and spins during flight for stabilization. It is 30 inches in height and diameter.

The satellite spun into a path with an apogee—farthest point from the earth—of 1,450 miles and perigee—closest point—of 215 miles. This is fairly close to the intended orbit of 200 to 1,000 miles. Each pass around the world takes 112 minutes.

Officials reported the payload's transmitter was working fine.

SURVEY OF THE 'SIMMON TREE'—Bright orange-red Japanese persimmons have quite a bit of drawing power whether you are drawn to the tree by their beauty or make the mistake of eating them before they are ripe. Little Debbie Leech, granddaughter of the Clyde Souths who live northeast of Snyder, couldn't quite understand why this colorful fruit growing in the Midway community was untouchable and no one would let her find out.

Suicide Is Jap Campaign Issue Now

TOKYO (AP)—Japan's Socialists today made a campaign issue out of the suicide of the ultranationalist youth who assassinated their party leader.

Socialist politicians campaigning for the Nov. 30 parliamentary elections charged that laxity on the part of Premier Hayato Ikeda's Conservative government had allowed Otsu Yamaguchi, 17, to hang himself with torn bedsheet Wednesday night in his cell in a juvenile detention home.

Saburo Eda, acting leader of the Socialist party, condemned what he called "the astonishing irresponsibility on the part of authorities for allowing an important criminal to hang himself."

The Socialists already had been making campaign capital out of the assassination of their leader, Inejiro Asanuma. They charge the government with failing to prevent a revival of the ultranationalist terrorism that dominated prewar political life in Japan.

Tokyo's chief prosecutor, Sasao Nomura, admitted that guards at the juvenile home had been negligent.

Yamaguchi had been transferred to the home Wednesday afternoon from the central police headquarters to await a decision whether he would be tried in juvenile court or criminal court.

He was lying quietly on his bed when the nightfall call was taken. Two guards returned 30 minutes later to find the body hanging from the light fixture in the cell.

Nomura said that despite the youth's suicide, he would press ahead with his investigation attempting to prove the Socialist leader's assassination was plotted by ultranationalist organizations. Yamaguchi had steadfastly maintained he acted entirely on his own, to save Japan from communism.

Blaze Extinguished Promptly In Home

The Snyder Fire Department was called to extinguish a fire this morning but found it already smothered out when they arrived.

A "dry" fire, so-called because the hoses were not connected, it had blazed momentarily from the pilot light in a heater at the Oran Bennek home at 804 Twenty-fourth Street and had been smothered out before any damage was done.

Former Resident Dies In Southland

Word was received here this morning of the death of a former Scurry County resident, Mrs. L. A. Dunn.

Mrs. Dunn died early today in Southland.

Complete funeral arrangements had not been announced, but rites will be conducted tomorrow afternoon in Slaton.

Six States Share Air Service Hike

WASHINGTON (AP)—The Civil Aeronautics Board Wednesday revised, extended and renewed permits for airline routes, most of them local service in six states including Texas.

Sunray Men Are Honored

Six employees of Sunray Mid-Continent Oil Co. were honored here last night at a company award dinner at the Village Restaurant.

Honorees were presented service emblems in recognition of continuous employment with the company.

Receiving the award for 35 years of service was N. C. Hillhouse, plant superintendent in Snyder. The 15-year award went to R. O. Hollister of the Snyder plant.

Emblems representing 10 years of service were awarded to W. C. Chronister, district engineer at Abilene, and D. L. Horn and A. L. Lewis of the Snyder plant. Award for five years of service was presented to E. H. Barsbach, engineer in the Abilene district office.

Presenting the awards was V. L. Smith, division production manager from Midland, assisted by Bruce Denny, Abilene district manager.

Exes Of HSU Set Session

Snyder and Scurry County ex-students of Hardin-Simmons University will attend a dinner meeting here tonight.

The meeting is set for 7:30 p.m. at the 66 Cafe.

Principal speaker will be Dr. Evan A. Reiff, HSU president, and several other officials of the university will attend the meeting.

Arrangements for the meeting have been made by E. H. Williamson, HSU trustee from Snyder, handling arrangements for the meeting here.

HOME DEMONSTRATION WOMEN—These four women are members of the Hermleigh Home Demonstration Club and were furthering plans for several projects the club will participate in in the near future. From left they are: Mrs. J. R. Patterson, new treasurer of the club; Mrs. Jack Watson, past secretary; Mrs. Sam Houston, past president and immediate past vice-president; and Mrs. C. L. Banks, council delegate, who was also hostess when they met Tuesday at her home, 1001 Twenty-sixth Street.

WOMEN

The Snyder (Texas) Daily News, Thurs., Nov. 3, 1960 3

Facts About Women Of Bible Heard

The Woman's Culture Club met Tuesday afternoon at the Martha Ann Woman's Club with the president, Mrs. A. C. Martin presiding. Each member answered to roll call with a verse of scripture from the Old Testament.

Mrs. W. E. Doak led the program on "Women of the Old Testament." She gave an interesting account of God's use of women in his plan for world redemption. In giving the qualifications of the women, she included what God accomplished through each one. The following women were discussed:

Sarah, who became the mother of the chosen nation; Ruth, who chose Jehovah, Naomi's God; Deborah, the prophetess, who offered hope to the Israelites; and Esther, one of the chosen people born in exile, who became a cherished queen, and saved her people.

Mrs. S. A. Tibbets presented other women from the Old Testament whom God chose to further His purpose. She pointed out the lesson taught from each of their lives. In spite of their disobedience their lack of belief, the unfaithfulness of some, the great handicaps of others, God's purpose, through these women was divinely accomplished.

The women she listed were: Eve, who chose disobedience; Hannah, whose son was Samuel. The is-

realite maid who induced Naaman to accept Jehovah and Jehoshaphat, who preserved the line of David. God's purpose cannot be thwarted.

Refreshments were served by the hostess, Mrs. E. J. Richardson Sr. to 17 members.

By-products of charcoal making include wood alcohol, acetic acid, and furfural, a solvent used in refining motor oil.

KNOW YOUR VOTING RIGHTS

We feel that all legal voters of Texas should know

No matter how you have ever voted...

Or in which primary you voted...

Or if you voted...

Or how your poll tax receipt is stamped...

You CAN vote for any candidate of any party on the November 8 ballot.

For Democrats who value the ideals and true aims of the Democratic Party, the only choice is Nixon and Lodge.

(Pd. Pol. Adv.)

WOMEN'S CALENDAR

THURSDAY

Twilight Garden Club, called meeting, 7:30 p.m. in home of Mollie Pinkerton, 707 Twenty-eighth Street.

Gamma Upsilon Chapter of ESEA meets at 7:30 p.m. in the home of Wanda Eicke, Lloyd Mountain Road for pledge ceremony.

FRIDAY

Altracub Club meets with Mrs. Alvia Dolan as hostess.

United Council of Churches will meet at the First Christian Church. Nursery will be provided.

El Feliz Club meets at 2:30 p.m. at Martha Ann Club with Mrs. J. M. Newton, hostess.

SATURDAY

Story Book Hour, 9 to 11 a.m. at Scurry County Library for 4-5 year olds. Lucky 13 Sports Club sponsors.

CLOTHES DRYERS

Your clothes dryer will do a more efficient job if you clean the lint trap after each use. This lets fresh air in, permitting the dryer to breathe.

Watson YWAs Meet In Home Of Counselor

The Watson YWA's met Wednesday at the home of Mrs. Bob Norris, counselor.

Devotional was given by Mary Bowlin. Mrs. Norris is teaching a mission study book "Caribbean Quest."

Those attending were: Kietha Walton, Marilyn Robinson, Kayon Elkins, Paulette Linville, Jo Anne Eades, Harriet Chapman, Mary Bowlin, Donna Lenoir, Josephine Linville and Marguerite Holt.

PINEAPPLE-ORANGE DOUGHNUTS

"Kick off after-games festivities with a rousing warm-up—hot cocoa and toasty PINEAPPLE-ORANGE DOUGHNUTS. The doughnut treats are an easy "fackie," made from baker's plain doughnuts, cut in half, crosswise, and buttered. On the bottom half of each doughnut, sprinkle some brown sugar spiked with orange rind, and arrange one pineapple slice. Top with upper doughnut half and heat in a hot oven (400 F.) for 10 minutes.

Hawaiian Movies Seen By Sorority

The Lambda Kappa Chapter of Beta Sigma Phi met at the home of Mrs. Troy Scott, 1912 Coleman, Tuesday evening.

After a regular business meeting, the Scotts showed movies they had taken of the Hawaiian Islands this summer.

Shown were the different varieties of fruits growing, beautiful flowers, beaches, recreational areas, and native dancers. Especially interesting was the Kahamehameha parade. In this, each island was represented by a queen and princess on horseback, followed by dancing girls with orchestras on floats that were beautifully decorated with flowers. One float was covered with orchids.

Right members and one guest, Mrs. John Jarrell were present.

The top of Lookout Mountain, Tenn., where one of the great battles of the Civil War was fought is now so heavily settled that few home sites are available.

BIG TACKLE TWICE-CITED

Tommy Minton In Honor Spot

Tommy Minton, bruising Tiger tackle, has been cited as line-man of the week for the Snyder eleven as a result of his play in the district clash of Friday against Colorado City.

It represents the second time this season in which the 202-pound senior two-letterman has been so honored, as he also was voted as top hand up front following the Breckenridge game of a few weeks ago. Ironically, the Colorado City and Breck games are the only ones of the season in which the Tigers have come out victorious, with his efforts helping to bring a-

District Reps Being Decided In Profusion

BY THE ASSOCIATED PRESS
Nine district representatives have been determined and at least a score of others will be known this week in a Texas schoolboy football campaign rushing toward its state playoffs.

There also will be some upheavals among the 32 undefeated, untied teams left to guard their records. In at least two instances unbeaten teams clash with each other.

El Campo will be at Bay City Friday night in a fight between teams with perfect records and the winner will become an overwhelming favorite for the Dist 11 championship in Class AAA.

In Class A, George West, undefeated and untied, meets once-tied Poth with George West able to win the District 30 championship. Victory by Poth would leave the title up to the Poth-Jourdanton game Nov. 11.

None of the Class AAAA undefeated and untied appear to face trouble and it isn't likely that any district title will be determined. This division, like Class AAA, has three more weeks to run. Class AA and A wind up the district races Nov. 11.

There are 96 districts in the four divisions that play to state championships. Three district representatives have been decided:

Class AA: 3-Denver City, 4-Anson, 9-Olney, 11-Lancaster, 15-Terrell, 26-Sweeny.

Class A: 9-Copperas Cove, 12-Keller, 22-Clifton.

Baytown, the top-rated team of Class AAAA, moves toward a showdown in District 12. The Gauders play at Galena Park favored to win with comparative ease.

Prepoot, another member of this district and also boasting an unbeaten, untied record, plays South Houston.

Baytown and Prepoot are expected to meet Nov. 11 with the title on the line.

Lease On Coliseum Requested By LA

LOS ANGELES (AP)—The new Los Angeles American League club has asked the Coliseum Commission for a two-year lease, but plans to build its own stadium as soon as possible.

Hank Greenberg, who heads the syndicate for a Los Angeles franchise, was informed that he probably will pay the same 10 percent of admission receipts as rental as do the Los Angeles Dodgers.

Greenberg applied Wednesday for 81 dates in the Coliseum and assured the commission that they do not conflict with those of the Dodgers.

Law Lauded As Majors' Top Hurler

BOSTON (AP)—Vern Law, the tall, calm deacon of the Pittsburgh Pirates, today won the Cy Young Memorial Award as the outstanding pitcher in the major leagues in 1960.

Law, 30, was one of the 14 ballots cast by the selection committee of the Baseball Writers Association of America.

Milwaukee's great left-hander, Warren Spahn, the 1957 winner, got four votes and Ernie Borgio and Lindy McDaniel, both of the St. Louis Cardinals, one each. It was the first time in the five-year history of the award that an American League pitcher failed to gain a vote.

The selection committee is composed of eight writers from each major league. Hy Hurwitz, secretary of the writers group, who announced the result of the poll, said one writer from each league abstained from voting.

Law, a Mormon elder and nicknamed "The Deacon" by his teammates, had a 20-9 record with a 3.08 earned run average for the season. He worked 18 complete games in 35 appearances in leading the Bucs to the National League pennant and contributed two more in their World Series triumph over the New York Yankees. The balloting is based only on regular season performance.

The cool-eyed, 6-foot-3 right-hander was noted for his clutch pitching and was often at his best in crucial situations. He struck out 126, walked 46 in 271 2/3 innings and pitched three shutouts.

Law, 30, was born in Meridian, Idaho, and now resides in Boise. The award is presented by Baseball Commissioner Ford Frick in memory of baseball's all-time top winner. There had been some published sentiment in favor of splitting the award, and making a presentation to a pitcher in each league.

Frick opposed the move and applauded the 1960 selection.

"It is obvious that considerable thought was used in the selection," he said, "and that the result is a fair one."

TOMMY MINTON Earns Recognition

EVERBUDDY'S DOIN' IT

Upswing In Goal Kicking Studied

By VERNON BUTLER
Associated Press Sports Writer
ATLANTA (AP)—You can inspect the collegiate field goal craze from a dozen angles, but any way you look at it, it has to be considered a clock-all-the-bell football defense of the present era.

That is the conviction of Bobby Dodd, boss of the Georgia Tech Yellow Jackets, and a coach who has lived by the field goal—and perished by it—this season.

Southeastern Conference teams are going for three points as never before. They kicked 36 in the first 33 games this season and had five others kicked against them. The field goal decided 12 games in seven weeks in the SEC alone, and Mississippi used two to get a tie with Louisiana State.

In fact, field goals whipped LSU in the Southwestern, Atlantic Coast and Southwest conferences and in New England. Navy beat Washington on a last-second field goal by Greg Mather. Washington's George Fleming beat UCLA with one, and in the Big Ten Bernie Allen's 32-yarder upset Ohio State for Purdue and Jim Bakken kicked Wisconsin to victory over Michigan.

Karl Holzwarth of Wisconsin set a national record this season when he kicked seven field goals. Two SEC players, Tommy Wells of Georgia Tech and Ed Dyas of Auburn, have tied the record. Dyas has four times led to play and Wells three. Duward Pennington of Georgia has kicked six.

"Close games, good kickers and the new wild card rule that lets us get the kicker in the game without stopping the clock—all of these things contribute to the large number of field goals," Dodd said.

"But the big thing is, why are they being kicked? It's because of the defense. It's getting tougher to score inside the 20, and we coaches are finally learning from the pros to go for an almost certain three points instead of giving up the ball and getting nothing."

Paul Dietzel, LSU's youthful coach, is the leading victim of the field goal. The Bengal Tigers, who have a 14-1 record after winning the national championship in 1958 and finishing third in the Associated Press poll last year, can charge their tie and three of their losses to the field goal.

LSU probably is the only team in history to field only two touchdowns in six games and emerge with four losses and a tie.

LEVELLAND BOUND—These Snyder Boxing Team members and coaches have their eyes set on Levelland and a series of bouts against that city's team this Saturday night. Caught between sparring sessions last night in Scurry's "Stillman's", the work-out headquarters at 2703 Avenue Y, are from left standing: Adam Romero, Jesse Costello, Alex Rios, Joe Costello, and Hollis Cox. Coaches Lacey, Boles and Joe Brown kneel in front. The team is scheduled to depart Snyder Saturday afternoon at 3 o'clock and return immediately following the bouts of the night. (Photo by Jackson)

BUT FOES ARE 'HURTING'

Owls Healthy, Wealthy, Wise

By THE ASSOCIATED PRESS
Injuries and illness—the nemesis of the football coach—swept through the Southwest Conference this week but apparently bypassed Rice, the undisputed leader.

Rice, unbeaten in conference play, will be at its best physical condition Saturday when it meets Arkansas at Little Rock.

The Owls and Baylor, a top title contender, appear to be the only members to escape major injury or sickness this week.

Arkansas probably will be without the services of end Les Lettsinger and fullback Curtis Cox is on the hopeful list.

Texas more than likely will be without its stellar halfback Jack Collins against Baylor.

Halfback Dick Polson at Texas Tech is doubtful and quarter-

back Glen Amerson is still recuperating from an earlier injury.

Texas Christian quarterback Donald George suffered a minor knee injury which brought to a halt the Frogs' contact work Wednesday.

TCU's other quarterback, Guy Sonny Gibbs, has a bruised leg.

The Frogs are idle this week. Flu sidelined Southern Methodist's Pat Neill and Billy Polk. Glenn Gregory, a starting halfback, is doubtful.

Ends Russell Hill and Bobby Huntington missed workouts at Texas A&M with injuries and they have been shuttled aside for newcomers.

Baylor received news Wednesday that center Burth Maples and halfbacks Buddy White and Bert Tate have recovered from injuries.

Rice shunned contact Wednesday and held a recognition drill against Arkansas plays. "They recognized two or three," quipped Coach Jess Neely.

Texas A&M spurned caution and ran at full speed in preparation for winless SMU. The Mustangs concentrated on goal-line defense.

Baylor staged a long workout which included review of its running drill at while Texas drilled on pass defense and passing.

Texas Tech, which meets Tulane at Lubbock, welcomed back quarterback Johnny Lovelace—a tonilits victim—and worked halfbacks Larry Tipton and Dan Gurley at Polson's vacancy.

"I'm not concerned about Pete," said Bump the Wolverine coach. "It's his team I'm worrying about."

The Elliott brothers, all season, have meticulously avoided all reference to this meeting as anything but just another ball game. Although neither will admit to any special feelings, they must certainly have them.

Some years ago, after the Elliott brothers set out on the separate paths that brought them face-to-face across the football field, Bump remarked:

"I hope I never have to coach against Pete."

The Elliott vs. Elliott game will be televised to the Midwest.

Bates Rallies To Side Of McKeever

BERKELEY, Calif. (AP)—Steve Bates, California halfback involved in one of the most controversial plays of the 1959 football season, had nothing but sympathy today for Mike McKeever, Southern California guard who is recuperating from an operation this week for a blood clot on the brain.

Bates and his 1959 head coach, Pete Elliott, were bitter last year after McKeever landed on Bates and smashed in the side of his face.

Bates underwent a 3 1/2-hour operation after his injury at Berkeley last year.

"There were times in the weeks after that when I thought of Mike and I'm ashamed to say that sometimes I felt he was having a good a time while I was suffering," Bates said.

Home Front Quiet

It just won't seem like Thursday here on the home front tonight, as there are no junior high grid games on tap in Snyder this evening.

It represents the first Thursday since September 1 in which at least two home games haven't been staged here.

There is no dearth of activity road-wise, however, as all three Lamar teams will be in Lamesa this afternoon and tonight for games against junior high representatives of that city.

Initiating the action was to have been Lamar 8th at 3 o'clock. The Texans are 4-1-1 for the season after winning their first four, being tied by Big Spring Runnels, and dropping a heartbreaker to Sweetwater.

The 8th and 7th grade games will be played on the junior high field, which is unlighted, while the 9th grade encounter has been set for Tornado Stadium in Lamesa.

The big one Friday matches Snyder's Tigers and the Lamesa Golden Tornadoes in a district order game for both. It has a kickoff time of 7:30 p.m. and will unfold in Tornado Stadium in Lamesa.

Friday area warriors will see Roby at Hermleigh, Gall at Pettit, and Highland at Ira. All are important district games, and Hermleigh and Gall will be fighting to preserve spotless records for the year.

The Snyder Tiger "B" team, winner of its last four contests, will see action Saturday night in Plainview, with game time in 3:30 being 8 o'clock. Lincoln is 3-1 for the year, their sole loss being to Lubbock Dumbier.

Lincoln High of Snyder will also see action Saturday night in Plainview, with game time in 3:30 being 8 o'clock. Lincoln is 3-1 for the year, their sole loss being to Lubbock Dumbier.

The Southwest Conference champion of the regular season would get the Cotton Bowl bid. If there is a three-way tie and the teams beat each other, the team that was in the game the farthest away would be chosen.

The sale of tickets to the Jan. 2 classic closed last night but it will be several days before there is an accurate checkup to see how many of the 25,000 available to the public were purchased by mail.

YOU MAY VOTE AS YOU PLEASE ON NOVEMBER 8

THERE IS NO LEGAL REQUIREMENT—NO MORAL OBLIGATION—
Regardless of how you have ever voted...
Or in which primary you voted...
Or whether or not you voted...
Or how your poll tax receipt was stamped...
YOU CAN VOTE FOR ANY CANDIDATE OF ANY PARTY ON THE NOV. 8 BALLOT.

Governor Price Daniel, while Attorney General, wrote an opinion on the question of party loyalty in which he said, "The courts of Texas have answered this question by holding that the pledge taken at the time of voting in the primary election DOES NOT create a legal obligation."

Recently Governor Daniel reiterated that opinion by saying that the pledge on the primary ballot does not obligate anyone "legally or morally" to vote for the Democratic ticket in the general election.

A VOTER WHO FAVORED LYNDON JOHNSON IN THE PRIMARY IS PERFECTLY FREE TO VOTE FOR JOHN TOWER

and NIXON and LODGE ON NOVEMBER 8.

THE CROWN PRINCE OF IRAN—Health Minister Dr. Jahanshah Saleh and a nurse look at the new-born son of Shah Mohammed Reza Pahlavi of Iran and Queen Farah Diba in his crib in a Tehran hospital. Saleh, an American-trained gynecologist delivered the eight-pound, 11 ounce baby, first son born to the Shah in his three marriages. (AP Wirephoto)

Beef Offerings On Special Lists

BY THE ASSOCIATED PRESS
Those who fancy rib roasts, sirloin steaks and the like should have no "beef" this week about the meat specials at their favorite food store.
Many of the nation's supermarkets and neighborhood groceries are featuring various cuts of beef again this week, reflecting continued heavy supplies. Stores in the Middle Atlantic states, New England and the Middle West are offering rib roast, round roast, sirloin and porterhouse steak, chuck roast, ground beef, rib steak and short ribs.
In recent years beef has replaced pork as this country's most popular meat. U.S. Department of Agriculture statistics show that we ate an average of 65 pounds of beef per person last year. This compares with average consumption of 44 pounds of pork, 5 pounds of veal and 4 of lamb.
Prices vary from section to section, of course, but one chain offers sirloin steak in its New York Metropolitan area outlets at 79 cents a pound, down 16 cents from a year ago, and 10-inch rib roast at 99 or 66 cents a pound depending on whether you want the regular or "oven ready" style, which is 10 cents less than a year ago. Round roast at 85 cents a pound is up 6 cents, however.
Fryers and leg of lamb are the best buy in other stores and hams are No. 1 in a few places. Fryers are off a little in price this week, lamb about unchanged and pork chops higher, more often than lower.
Eggs, too, are higher with advances of 1 to 4 cents a dozen over a wide area. In New England, however, prices are off as much as 6 cents a dozen.
Best buy among vegetables includes broccoli, brussels sprouts, cabbage, cauliflower, celery, lettuce, onions, potatoes, radishes, spinach and parsnips. You can get good buys, too, in artichokes, broccoli-rabe, carrots, parsley, peppers, yellow squash, sweet potatoes, turnips, rutabagas, mushrooms, endive and escarole.
Good quality beans are fairly expensive this week, along with corn, cucumbers, eggplant, okra, green squash and peas.
Cranberries and Tokay grapes are good buys.
They captured it and tried tranquillizers, vitamins, antibiotics and anti-shock therapy—all in vain. It died a few hours later.

SNYDER DRUGS

15th. Anniversary Special

Remington Roll-A-Matic

Adjusts to any beard or skin... settings that hold where you need them. With the new Remington Roll-A-Matic Shaver, you yourself adjust the exclusive Roller Combs to solve your particular shaving problem. For a tough beard, lower the exclusive Roller Combs... they automatically comb more when low to help shave the thickest, heaviest whiskers. For a tender skin, raise the Roller Combs all the way for more rolling action... extra shaving comfort. Unlimited settings in between for every man's personal shaving needs.

Controlled Thermonuclear Reaction Attained In Lab

By RENNIE TAYLOR
Associated Press Science Writer
BERKELEY, Calif. (AP) — A scientific group in this country's hydrogen bomb laboratory today reported what appears to be a real — though short-lived — controlled thermonuclear reaction.
The achievement was officially described as "an encouraging advance" in the quest for a means of producing useful power from hydrogen atom. A successful ther-

monuclear reactor could produce power from the boundless supply of hydrogen in ocean water.
Announcement of the feat was made by the University of California's Livermore Laboratory. At the same time Dr. Frederic H. Coengsen, research team leader, reported it to a meeting of the American Physical Society in Gatlinburg, Tenn.
With a system of powerful magnets, Dr. Coengsen and associates

atom as by-products.
The reaction lasted one-thousandth of a second, Dr. Coengsen said. This represented the amount of time that power was produced. Although far too short to be practical, the production interval was much longer than anything of the kind heretofore reported.
Mostly the experiments on thermonuclear reaction have involved time lapses of only a few millionths of a second.

Helicopters Will Haul Utility Poles

LOUISVILLE, Ky. (AP) — If mountaineers in northeast Kentucky look skyward in two weeks they may see swooshing over the rugged hills a huge helicopter, carrying a 75-foot, 3,000-pound utility pole. In two days and 116 trips the whirlybird will deposit poles along the 10-mile route from Newfoundland to Mazie as part of a new high-voltage rural electric line in nearly impassable terrain.

Sheffield's Trial Opens

AUSTIN (AP) — B. R. Sheffield, Brady land promoter charged with forgery in a veterans' land deal,

was to be tried today on a charge he evaded full payment of income taxes in 1953.
The government claims the 55-year-old Sheffield had an income of \$40,719 and should have paid \$21,702 in taxes. Sheffield paid \$230 in taxes on a reported income of \$1,449.
Sheffield recently won a continuance until Jan. 23 on charges of forgery and passing a forged instrument. Sheffield was convicted in 1956 in Lubbock and sentenced to 10 years but the Court of Criminal Appeals reversed the verdict on grounds of a faulty indictment. This case will be heard in Hillsboro.
The grizzly bear has poor eyesight. To find food, it depends on a highly sensitive nose.
