LYNN SCHOOL CENSUS TAKEN

3,583 Scholastics Enumerated; Is Slight Decrease From Last Year's Record

Lynn county has lost almost 200 scholastics during the past year, according to figures furnished us by County Superintendent H. P. Caveness. There were 3,776 scholastics in Lynn county when the school census was taken in March, 1930, whereas there were only 3,583 in March of this year. In fact, there were not quite that many, for quite a few of the scholastics in the O'Donnell district reside in Dawson county and a few in the Pride and West Point districts reside in Terry county. Lynn county loses a few pupils to Garza county in the county line districts but not so many as it gains from Dawson and Terry.

Of the 24 districts in the county, seven of them register gains over last year. The greatest gain is shown at Lakerville, where the number climbed from 119 to 155. The greatest loss is shown at Wilson, where the decrease was 50.

Below we give the number of scholastics by districts for this year and last year:

Two Young Men Take Poisoning

Thinking they were taking pure Epsom salts, Prof. A. V. Dean and Edgar Edwards became violently ill after taking a dose each of salts which contained some other chemical at the high school building Sunday night.

Edgar Edwards had complained of feeling badly and said he wished he had some salts. Dean told him there were some salts up in the chemistry room and said he believed he needed a dose himself. Thereupon they proceeded to this room and took a dose each. Becoming sick soon afterwards they consulted a physician. Mr. Dean vomited violently. A blood test made at Lubbock the next day revealed that a small quantity of arsenic had been taken into the system. Both men have been feeling the effects of the poison all the week and feel that they had a narrow escape.

An investigation developed that some students had emptied some other chemical—we didn't learn what—into the salts, all of which was unknown to Mr. Dean.

Kiwanis Club Hears Larkin On 'Florida'

At the Kiwanis luncheon Wednesday noon, H. M. Larkin told many interesting things about Florida. We believe they have more of the biggest and greatest things in the world in that state than can be found in any other area of the same extent on all the globe, according to Mr. Larkin's recital of the big things there.

Joe Bovell gave a brief account of the Bakers' convention at Galveston which he attended last week.

MOTHERS DAY OBSERVED IN CHURCHES OF CITY

Mother's Day was observed at the churches here Sunday. At the Methodist and Baptist churches special programs of music were rendered and the sermons were appropriate to the occasion. Large congregations were in attendance.

Charge Chenault With Arson, Also

Complaints were filed in the justice court here on Thursday of last week charging W. D. Chenault and Vernon Hill with the offense of arson. The complaints were filed after Hill had made a statement to the county attorney confessing the crime and stating that Chenault had hired him to fire the buildings. One of the houses burned belonged to Mrs. C. E. Donaldson and the other belonged to her brother, J. F. Carter, and were situated ten or twelve miles southeast of Tahoka.

Hill was released on bond. Chenault was already in jail on a couple of liquor charges and has not made bond up to this time.

THREE TAHOKA NEGROES DEAD

Drowned When Car Went Off Of Bridge In Swollen Stream At New Braunfels

Henry Bivens, 20, stepson of George Bivens, Drew Farmer, known here as Drew Hill, about 35, and his step-daughter, Charles Etta Cade, 16, colored residents of Tahoka, were all drowned near New Braunfels last Thursday when the car in which they were riding was swept off the bridge that spans the Guadalupe River. Henry Bivens was driving the car, which was a Chevrolet coach. Another negro, Steve Brown of San Marcos, was in the car at the time but he broke out a glass and made his exit from the car and succeeded in swimming to shore. The dead bodies of the three who were drowned were found and rescued Tuesday morning, according to a telegram received here by George Bivens. George and his wife, Henry's mother, left here that afternoon for San Antonio, to which city Henry's body had been taken.

The three Tahoka negroes left here on the Friday preceding and had gone down to visit relatives. Henry Bivens resided with his mother and step-father here. Drew Farmer and his step-daughter, Charles Etta Cade, have been working for Mr. and Mrs. W. D. Nevils. All of them were well known here.

Three Men Making Profit On Poultry

A profit of 83c per bird in six months seems almost impossible at the prices of eggs, yet it has actually been accomplished by three Lynn county poultry demonstrators, J. W. Young, Clayton Beard, and Geo. C. Lindley, who are working with the county agent, R. C. Shaver.

The three men have kept an average of 493 birds during the last six months and have sold a total of 2,196 dozen eggs that have cost them an average of 9.3c per dozen. The cheapest eggs were produced in April when the average cost per dozen was only 5.5c.

Geo. C. Lindley's flock of 77 hens has the record to date by producing 126 dozen eggs during the month of April at a cost of 3.6c per dozen.

The eggs and the culls from the flocks have brought enough for the three men to clear a total of \$410.49. This profit has been possible by close culling, careful management, and cutting feed cost at every chance.

Palo Duro Park Opens On May 17

Canyon, April 8—Palo Duro Park, in the Palo Duro Canyons, will be opened by the Canyon chamber of Commerce and the Randall county commissioner on May 17, if road and weather conditions permit, according to actions taken by the bodies recently.

Plans are being made for fencing the park, for placing signs to direct visitors, and for having the Park designated on road maps are under way.

The Canyon chamber of commerce has long been working on a plan to convert a small area of the Palo Duro Canyons into a park. It is planned to open the Park at all times to the public after the formal opening of May 16.

BOARD ELECTS NEW TEACHERS

"Nig" McCarver Selected As Coach; Jeanette Caveness And Mrs. Tunnell Elected

At a meeting of the school board last Thursday night several teachers were elected for next year.

Clarence "Nig" McCarver, who receives his degree this month from Howard Payne College at Brownwood, will be the coach. He has been a star on the Brownwood athletic teams and is well known to all followers of sports. This will be his first experience in teaching. He is 22 years of age.

Mrs. Hans Tunnell has been elected to the History department in the high school. Mrs. Tunnell has taught both History and English in the high school here, each for several years, and she is generally recognized as a most successful teacher. She did not teach the past year.

Miss Christine Nelson of Atlanta has been elected to head the English department. She is a graduate of C. I. A. at Denton and has had two years experience as a teacher in the schools of Atlanta. She is a cousin of County Attorney G. H. Nelson of this city.

Miss Jeanette Caveness, daughter of County Superintendent and Mrs. H. P. Caveness, who will receive her B. A. degree at Simmons University about the first of June, will teach Spanish and English. Miss Caveness was one of the brightest pupils the Tahoka school ever graduated and she has likewise made an enviable record at Simmons. Her many friends here believe that she will make good in every respect.

The election of these teachers completes the faculty for the high school.

O'Donnell Road Is Being Widened

At a meeting of the commissioners court here Monday, a petition was granted calling for the widening of a public road extending east and west through O'Donnell. The road is now 40 feet wide and the plan is to make it an 80-foot road with the expectation of eventually making it a part of the state highway system. This road is known as the Gail road and extends from a point near Draw westward through O'Donnell to the Terry county line, thence westward to Seagraves. Twenty-four miles of it, including the O'Donnell section, lies in Lynn county.

Waldo McLaurin, commissioner from the O'Donnell precinct, reports that nearly all the land owners along the route have already donated the necessary land and have set their fences back twenty feet on each side, making the road 80 feet wide, and he anticipates no trouble in inducing the remaining land owners to do likewise.

L. T. Brewer and family of Joe Bailey are to move to Tahoka very soon. They will occupy the former George T. Brewer home here and Seth will reside with them. One of the inducements bringing Mr. Brewer and family to Tahoka is the excellent schools we have here, he said.

Oklahoma Indians Want To Put On Program In Tahoka This Summer

A few weeks ago we mentioned the visit a group of Indians made here while on their way from one engagement to another while in this state giving a series of entertainments. The group included Chief Baldwin Parker, son of Quanah Parker. This week we had an interesting letter from the Chief, which we publish below. It comes from Indianola, Oklahoma.

"Lynn County News: I guess you remember of some Indians who passed through your city April 21—happened to be on the day of the battle of San Jacinto. I am the fellow who wore the long hair. I wish you would send me a copy of what you had in your paper, that is, concerning the Indians.

"And another thing: you know July 4 is coming soon, and it might be you all would be interested in an Indian program. May be I can rig up a deal. You know I have stories

NEYLAND GIRL TAKES POISON

Died Wednesday A. M. In Lubbock Hospital; Was Despondent Over Examinations

Pauline Neyland, 13, daughter of Mr. and Mrs. W. R. Neyland, who were formerly engaged in business here, died in the West Texas Hospital at Lubbock Wednesday morning from the effects of poison which she drank at her mother's residence in Littlefield Monday afternoon.

The child had been haunted by the fear that she would fail on examination in arithmetic, it is said, and upon being in formed Monday that she had made excellent grades in all her studies except arithmetic but had made a low grade in that subject, she wrote a note to her mother stating that she had failed and could not stand it. She then went to the bath room and drank more than a half pint of Lysol, a disinfectant. She was found unconscious and after receiving first aid treatment was rushed to the hospital in Lubbock. Upon learning of the tragedy a number of friends here hurried to the Lubbock hospital Tuesday afternoon and others went Wednesday morning to offer what assistance and consolation they might be able to give. In spite of desperate efforts made by physicians to save the child's life, she failed to regain consciousness and passed away about ten o'clock Wednesday morning.

Mr. and Mrs. Neyland were engaged in the dry goods and clothing business here for more than a year, closing out almost a year ago. They had many friends here, who deeply deplore this sad tragedy.

Growth Shown By Scholastic Census

Tahoka's growth during the past ten years is reflected by the annual scholastic census taken during this period of time. Due to short crops and the consequent removal of many families from the county, there has been no increase but a slight decrease during the past two years, but with the return of even a fair degree of prosperity, our census figures may be expected to start another long journey upward.

County Superintendent H. P. Caveness has furnished us the figures for the past several years including this year. These figures are as follows:

1920, 280 scholastics; 1921, 278; 1922, 300; 1923, 435; 1924, 541; 1925, 543; 1926, 617; 1927, 618; 1928, 604; 1929, 705; 1930, 710; 1931, 669.

Mr. and Mrs. Bryan Hull of Amarillo spent the week end here with his parents, Rev. and Mrs. O. J. Hull. Bryan is now in the employ of the Magnolia Petroleum Company at a handsome salary.

Mr. and Mrs. B. C. Dollins visited his mother and grandmother in Fort Worth last week end. They also visited Mrs. Dollins' parents, Mr. and Mrs. D. C. Davis, in Mineral Wells, who are there temporarily.

43 Will Graduate Here Friday Night

Select Miss Hull As Valedictorian

Dorothy Lynn Hull won the honor of representing her class as valedictorian in the Commencement exercises to be held Friday night, and Mary Fenton won second honors and will be salutatorian. Dorothy Lynn made an average grade of 94.8 and Mary Fenton an average of 91.8. J. D. Donaldson won the highest place among the boys, his average being 90. Dorothy Lynn and J. D. will receive the scholarships awarded by the various institutions of learning.

SENIOR CLASS HAS BANQUET

Program Carried Out In Form Of Radio Program At Church Thursday Night

The ladies of the Baptist W. M. S. served a banquet to the Senior class of the Tahoka High School in the church basement last Thursday night. Taylor White was the toastmaster, or rather, announcer, since a radio program was given from station KNOW.

Boswell Edwards as Loud Speaker related his funniest experience as a student, after Mrs. J. K. Applewhite had rendered a beautiful piano solo. J. D. Donaldson furnished the static in relating his Humiliating Moments as a student.

Miss Lucille Slaton rendered a most interesting "Musical Concert", which seemed to be slightly embarrassing, however, to one of the young gentlemen present.

There was some interference, for which the Jeffreys twins, Misses Evelyn and Estelyn, were responsible. They sang a duet.

Miss Snookie Maddox gave an excellent reading and Miss Reta Lois Coltenback a piano solo.

"Wave Lengths" were presented by the pastor in the form of a few admonitions.

The final number on the program was a "Chain Broadcast" by Rev. Dick O'Brien, pastor of the First Baptist Church at Floydada, who talked like lightning and his flashes of wit and humor were much appreciated.

Burton Edwards pronounced the benediction and the entertainment of the evening had come to a close. It had been a unique and happy event.

New Auto Transfer Law Is Authorized

Aubra M. Cade, tax collector, has requested that we publish the following statement for the benefit of our readers and the people of Lynn county:

"Senate Bill No. 40, passed about April 1, 1931, provides that transfers may be issued for a fee of 25 cents to all motors if proper bills of sale are presented at this office within ten days after date of sale. If more than ten days has elapsed after date of sale before bill of sale is presented, there is a penalty of \$2.50; if transfer is not made within twenty days, a penalty of \$5.00 is imposed. All bills of sale dated prior to the passage of this bill will be issued for a fee of \$1.00 on transfers."

Colored School Will Close This Friday

The News has received the following announcement from Charles Deo, teacher of the school for colored children here:

"The colored school will close Friday the 15th and will have closing exercises Saturday night. Examination papers will be posted for inspection, a reward being offered for best mark in examination and for cleanliness of papers. The Parent-Teachers Association has taught the children various kinds of art work including tanning flower-making and music. A bit of this work will also be on display. We feel somewhat proud of the work accomplished and are looking forward to greater things."

PROGRAM ENDS SCHOOL YEAR

H. C. Pender, Tech, Will Deliver Address; Hull Preached Sermon Last Sunday

Forty-three of the 44 members of the Tahoka High School Senior Class will be presented diplomas at the final exercises to be held on Friday evening at 8 o'clock when Prof. H. C. Pender of Texas Tech delivers the commencement address.

This is the largest class to graduate from the local high school in the history of Tahoka.

Presentation of diplomas will be by R. C. Wood, president of the Board of Trustees, and Supt. J. B. Pace will award the scholarships offered to honor students by various colleges and universities of the state. Other features of the program will be addresses by the valedictorian and the salutatorian, Misses Dorothy Lynn Hull and Mary Fenton respectively. Miss Lucille Slaton will render a vocal solo, and Miss Reta Lois Coltenback a piano solo.

The auditorium of the high school building was filled to capacity Sunday night when students, patrons, and friends of the Tahoka High School assembled to hear the baccalaureate sermon delivered to the Senior Class, Rev. O. J. Hull, pastor of the First Baptist Church here, was the speaker of the occasion and the message which he brought was well worth the attention not only of the members of the class but of all who heard.

Dr. W. K. Johnston, pastor of the Presbyterian Church, pronounced the invocation and the scripture reading was by Rev. J. W. Shepherd, pastor of the Methodist Church. Rev. Shepherd also pronounced the benediction. It was an impressive and inspiring occasion.

Senior Class Day Program Tuesday

A crowd that filled the high school auditorium to its capacity heard the program rendered by the members of the Senior Class Tuesday evening.

Miss Lorena Childers read an excellent paper on "The Value of Education", and this was followed by a well-rendered number by the boys quartet composed of Robert Benson, Boswell Edwards, Clifton Janak, and Coughran Ketner.

Miss Hazel Anglin, the class poet, amused the audience with some verses portraying the various peculiarities or whims of her classmates, one by one; while Norville Redwine gave a history of the class.

A piano solo by Miss Evelyn Wells was followed by the Class Prophecy by Miss Snookie Maddox, and this was followed by a duet by the Jeffreys twins, Misses Evelyn and Estelyn.

"Preparation for a Vocation" was the subject of a serious discussion by Harlan Dean, and "The Need of an Avocation" was elaborately discussed by Boswell Edwards. Sandwiched in between these two numbers was a vocal solo by Miss Lolo Belle Edwards.

The program was pronounced good from start to finish and it was the unanimous verdict that the members of this class had acquitted themselves well indeed.

Tahoka Loses Ball Games At Colorado

Tahoka lost a three game series to Colorado in that city Thursday, Friday and Saturday of last week. Gregory pitched the first game for Tahoka, and though he allowed only 5 hits while Tahoka was collecting 10 the opponents won by a 7 to 4 score. Bridges pitched the second, which was an eleven inning affair, Colorado winning 11 to 10. In this game Karr Wells knocked two home runs, one with the bases loaded. The score of the third was 7 to 2. Harley Wells and Gregory pitching.

Any erroneous reflection upon the
reputation or standing of any indi-
vidual, firm or corporation, that may
appear in the columns of the News,
will be gladly corrected when called
to our attention.

Approximately forty young people
will receive their diplomas at the
close of the Commencement exer-
cises here Friday night. It is to be
hoped that many of these will have
the privilege and opportunity of at-
tending college hereafter. We think
it would be great if all of them
could do so, for they constitute an
unusually fine group. We believe in
education—the acquisition of knowl-
edge and the training of the mind.
The larger the proportion of college

trained people among us, the better
our community and our state are like-
ly to be. But it will probably be al-
most impossible for some of these
high school graduates to attend col-
lege. Some of them possibly have no
inclination to do so. But we have
long since found out that no person
needs to cease learning when he
quits school. Every person in this
day of many books and magazines
and newspapers, of picture shows
and radios, has daily opportunity to
acquire useful knowledge. Many
men and women, in fact, have be-
come well educated—in one sense—
without having attended college. It
is to be hoped that none of the mem-
bers of this class will fritter away
their lives in idleness or mere social
pleasure. We congratulate the mem-
bers of the 1931 class and wish for
them a most successful and happy
future.

If B. L. Parker and his deputy,
John Bulman, and Constable H. W.
Calaway will just keep up the lick
they have been hitting since they
went into office, they will clear this
county of bootleggers before many
months. May they keep up the good
work. We are with them and believe
that our entire citizenship should
give them their undivided support.
If you approve their efforts to put
the bootlegger out of business, tell

them so. The fellow that opposes
never fails to ridicule or to throw
cold water on their efforts. Let them
know you are with them, folks.

It requires courage sometimes for
a county official to do his duty. Of-
ten when he does it he is misunder-
stood and maligned by those who
should give him their support and
commendation. As one who appreci-
ates courage and efficiency in an of-
ficial, we wish to take our editorial
hat off to county attorney G. H.
Nelson. "Well done, thou good and
faithful servant!"

After two or three days of cool
weather, the sunshine came out warm
and strong Tuesday and farmers are
very busy planting. This has been
the coolest spring preceded by possi-
bly the warmest winter that this
section of the state has recorded in
many years. Owing to the continued
cool weather, the mesquite bushes
and some other varieties of trees are
just now beginning to put on their
foliage. It is to be hoped that winter
will not return this season and that
crops will now have a chance to
grow.

The recital at the high school au-
ditorium Monday night by the Music
pupils of Mrs. Marcus Edwards and
the Expression pupils of Miss O'Be-
ra Forrester was one of the most
successful and enjoyable events of
its kind ever held in Tahoka. Both
the Music and Expression pupils
acquitted themselves with much
credit.

Jim Weatherford and W. O. Hen-
derson accompanied the Tahoka ball
team to Colorado to see the ball
games Friday, Saturday and Sunday.
Colorado was Jim's old home town
in the colorful days of the '80s but
he had not visited there in more than
fifteen years. Of course he met a
lot of the old-time friends and had a
great time.

Mrs. J. D. Weaver of New Home

brate the event.

Mr. and Mrs. Grover Stewart

Mrs. J. B. Walker, who has been
quite sick, is now much better. She

2 Glasses Water,
Not Too Cold,
Helps Constipation

One glass water is not enough—
take two glasses a half hour before
breakfast. You get quicker and bet-
ter results by adding a little simple
glycerin, saline, etc., (known as Ad-
lerika) to one glass.

Unlike other remedies, Adlerika
acts on BOTH upper and lower bow-

Nature Thought of
Everything

Nature thought of everything when
the human body was made. When the
body is about to become ill, nature
planned danger signals to warn us.
Thus, if our children grind their teeth
when they sleep, or lack appetite, or
suffer from abdominal pains, or itchy
about the nose and fingers, we should
know that they may have contracted
worms. Then, if we are wise, we buy a
bottle of White's Cream Vermifuge and
safely and surely expel the worms. Thus
we avoid the danger of very serious
trouble. White's Cream Vermifuge costs
only 35c a bottle, and can be bought from

that's true. Well, Swift & Company has
55,000 employees in over 500 towns and they
all work for the company in their own home
towns and spend their money there too.
They pack and distribute the Swift brands
right where they live. Many of them are our
own townfolks, helping this town to grow,
helping to support our schools, stores and
banks.

"It seems to me that I'm getting a good,
square deal now. And it gives me a real feel-
ing of security to know that I'm part of an
organization of 55,000 employees and 48,000
shareholders; that it is able to make a rea-
sonable return on their investment and
operate successfully on an average profit
from all sources of only a small fraction
of a cent per pound."

SENIORS ENTERTAINED WITH THEATRE PARTY

On Wednesday evening, May 6, Mr. D. B. English, owner of the English Theatre of Tahoka, gave a theatre party for the Seniors of Tahoka, Post, O'Donnell, and Wilson. The faculties of the respective schools were also guests.

The Seniors from each town came in a body. There were reserved sections in the theatre for the different classes, decorated with the selected colors of each respective Senior group.

The picture that this large number of Seniors enjoyed was "Part Time Wife", Leila Hyams and Edmund Lowe taking the leading parts.

The Seniors and faculty of Tahoka wish to express their appreciation to Mr. English for showing this courtesy. The evening was not only a most enjoyable one but one long to be remembered, and the Senior Class of Tahoka wishes to thank Mr. English for making it so.

MORGAN 4-H CLUB MEETS WITH MISS MOLLIE CATO

The girls 4-H Club of Morgan met with Mollie Cato Tuesday, May 5. Miss Harrison, our home demonstration agent, gave an interesting demonstration on light bread making.

The girls are showing great interest in the work. As the result of our last meeting on a yard demonstration, the girls have begun to improve their home grounds by planting shrubs. There were 8 vines and 6 shrubs reported set out and one girl improved her home by setting out a complete hedge. Our club also has the honor of being the first to hand in all completed sewing. Selma Voigt has completed all of her year's sewing and handed it in.

The next club meeting will be held at Selma Voigt's the third Tuesday in May.—Reporter

SPECIAL TO MEMBERS OF CHURCH OF CHRIST

Our evening service was of course canceled last Lord's day on account of the Commencement service at the High School; but the coming Sunday there will be services both morning and evening. Please be prompt for Bible School at 9:45. Communion service at 11:15. Subject: Christian Unity. Evening subject: Right Division of the Word.

On account of the probable absence from town of some of the leaders, our mid-week Prayer and Praise services are postponed from Wednesday to Thursday evening at 8 o'clock. Come to all these services, and invite your friends. A welcome for every one!

CHURCH OF CHRIST MAKES ANNOUNCEMENTS

Last Lord's Day services were interesting and well attended. Several visitors; and but few local members were absent. Our revival heightened the interest of regular worshippers, and enlisted that of many who were not members of any church. This is encouraging.

Our young peoples' training class, at 6:45 P. M., has gotten a good start; and others who are interested in such development work are urged to attend this service for their individual good and the common interests of all. Lesson subject for next Sunday is "Faith", which is a fundamental of fundamentals in the Christian system. About nine papers will be read dealing with such aspects of the subject as are most vital.

This work is sponsored and assisted in, by some of the most experienced of the congregation. Special songs for next Sunday will be an interesting feature. Let us have a full attendance, and try to make it a profitable service for all.

AUXILIARY OF LEGION MET LAST THURSDAY

The American Legion Auxiliary met Thursday, May 7, in regular meeting. The president and vice-president being absent, Mrs. Rafe Richardson was appointed to preside. There were 26 present.

Quite a bit of business was discussed and acted on. A nursery and a study was permanently decided on. The membership drive closed with Mrs. Richardson's side 19 and Mrs. Finch's 11 new members. The losing side will entertain on the third Thursday night in May.

The Legion served the Auxiliary with a delicious feed—sour kraut, weiners, meat, pickles, bread coffee, and cake.—Reporter

RED CROSS WILL RENDER PROGRAM NEXT WEEK

Mrs. W. D. Nevels announces that there will be a program rendered by the Red Cross at the court house at 10 o'clock Thursday morning, May 21, to which everybody is cordially invited. In fact the public is urged to attend. The program will be as follows:

Prayer—Rev. J. W. Shepherd.
Song: America.
Full Report of the Work of the Red Cross Here—Mrs. W. D. Nevels.
Address: Origin and Work of the Red Cross—Judge B. P. Maddox.
Song: Star Spangled Banner.
Benediction.

MRS. RICHARDSON TO GIVE RECITAL AT WEST POINT

Mrs. Rafe Richardson announces that she will present her music pupils at West Point in a recital at that place Friday night of this week, featuring Misses Nola B. and Pansy Tankersley, assisted by others. Not only will there be some good piano solos but there will also be some vocal duets and quartets as well as some good readings. The public is cordially invited.

GRASSLAND 4-H CLUB WILL PRESENT PLAY

The Grassland 4-H Club will present "The Little Clod-Hopper" at New Lynn School house next Tuesday night, May 19.

This is a comedy in three acts. Plenty of fun and thrills! Dancing! Music! You can't afford to miss it. Admission 10c for children and 15c for adults.

Tuesday evening twelve members of the Y. W. A. went out west of town and cooked their supper. This was a farewell picnic for Miss Beulah Smith, one of the faculty members.

Planting is the order of the day with the farmers around here.

Mrs. Oscar Corley has been sick with the "flu" the past several days. The ladies of the Methodist church met at the home of Mrs. T. G. Dulin and quilted a quilt. It is to be sent to the orphan's home. A most enjoyable day was spent by all. Those present were Mmes. Galloway, Sewer, Todd, Turner, Houston, Painter, Crews, Jones, Davis, Huffaker, Hamilton, Campbell, Thurston, Holder, West, Evans, Davis, Snodgrass, Swope and the hostess.

The baby of Mr. and Mrs. Ralph Motheral is in a serious condition. Some of the wheat around here is heading.

WHAT OTHERS THINK

NEWSPAPER ETHICS

Recently one of the newspapers of a small Southern city came out in a special edition whose glaring headlines proclaimed the fact that an opposition man's wife had left his bed and board.

The scareheads were written in such a way as to leave very much in doubt whose wife had left whom. The only unqualified statement indicated that some man who worked on the other paper had been deserted by an irate spouse.

The facts in the case were not in the least sensational. A very young man—one of five who worked on the opposition sheet—had had a disagreement with a younger wife. She went home to mother and spent a night or two, only to return to a reconciliation so joyous as to have made the quarrel almost worthwhile.

Mention is made of the incident because it is one of the very rare exceptions that prove the rule. With a thousand opportunities daily presented for infraction of the code of ethics which circumscribes operation of a newspaper, it is truly remarkable that so few violations are observed.

It is the privilege of newspapers to record the triumphs, the achievements, and the realized ambitions of men and women of its community; it is the newspaper's unpleasant duty to chronicle the scrowls, the tribulations, and even the dishonors which fall to the lot of the same people. It is never the task, nor the intention, of editors to peddle slanders, to magnify or exaggerate petty disappointments and quarrels, to place stigma, either by suggestion or innuendo, where it does not properly belong. There is sorrow and sordidness enough in the world without newspapers going to the trouble of inventing more.

To the everlasting credit of the profession, be it said that scandal-mongers and character assassins among newspaper men are conspicuous by their absence.—Editorials of the Month.

FERGUSONISM AND REDISTRICTING

If the legislature adjourns on the twenty-second of this month, and if they make no more progress in adjusting differences in the House and Senate, redistricting bills than they have thus far, we might as well resign ourselves to the necessity of electing three congressmen at large.

As between losing one of two veteran congressmen—Manafield and Briggs—and electing our new congressman-at-large, there are many newspapers expressing preference for the latter course. Others, however, see the specter of Fergusonism rise from its ashes and are frightened and dismayed.

There is some question as to whether Mr. Ferguson is eligible to hold office in Congress. Aside from the legal aspect of the dilemma, there is some doubt that the House, which passes upon such matters, would seat a member who is denied office in the state from which he comes. There is no question of eligibility, of course, in Mrs. Ferguson's path.

Upon the other hand, there is quite some question as to whether a Ferguson could be elected, even in a three-way congressional election-at-large. The Fergusons have lost much of their strength in West Texas, where interest now centers in local talent. It shouldn't be forgotten that West Texas almost elected a governor. Even in East Texas the political skies are dotted with new stars that scintillate with increasing brightness, while the star of Fergusonism is on the wane.

If the legislature adjourns on the redistricting bill—and the chances are it won't—it does not necessarily follow that one or more of our three new congressmen will bear the name of Ferguson. The Fergusons had their day; a new era has dawned in Texas.—Editorial Digest.

THEY CAN GROW VOTERS
The dry forces are admittedly on the defensive. The wets count on the fact that there are now a large number of comparatively young voters who have never seen a licensed saloon and have no notion of conditions before prohibition. Not infrequently these are the most severe in their criticism of the Eighteenth Amendment.

It is to meet this situation that the dry side is now reverting to a method it should never have relinquished. It is going to grow a crop of dry voters. The children are pretty much in the hands of the dries. Young women may drink and carouse around tentatively during the wilder moments of a self-consciously wild generation. But not many of them do, no matter what gentlemen with pouches under their eyes and verucose noses may tell you. Besides, there is mighty little drinking among young mothers, and mighty little sympathy with drinking. Pretty nearly every mother of a child shrinks from the notion of liquor on its breath at any stage, however mature.

The coming crop of voters, then, are to be convinced of the evils of liquor. It is time the thing is taken in charge. A crop so minded and by such a process adopted the Eighteenth Amendment. It will take another and larger crop to enforce it.—Dallas News.

Among the ancient Greeks and Romans, almanacs or calendars were not written for the general public, but were preserved as part of the esoteric learning of the priests, whom the people had to consult not only for the dates of the festivals, but for the proper times when various legal proceedings might be instituted.

One of the most extraordinary echos in the world is to be heard on the side of a small lake in Bayan. On one side rises a tall cliff and on the other side a dense forest. A pistol fired across the lake creates a faint echo that diminishes almost to nothing. Then it is picked up by the cliff and thrown back like thunder.

One hundred and fifty years ago the only known method of generating electricity was to rub glass, wax or rosin with the dry hand or with a dry cloth, and a popular amusement consisted of two people doing this and giving each other an electric kiss.

Nine-Tenths Preventable
Nine-tenths of all the diseases of the American people can be traced directly to constipation, doctors say. Constipation throws into the system poisons which taint and weaken every organ of the body and make them easy victims for any germs which attack them. Prevent constipation and you will avoid nine-tenths of all diseases, with their consequent pain and financial losses. Herbine, the good old vegetable cathartic, will relieve constipation in a natural, easy and pleasant way. For sale by THOMAS-BROS. DRUG CO.

Wright, and McAllister enjoyed a trip to the sand hill near Tahoka last Thursday night. Besides the pleasure that always comes to parties visiting the sand hill they had great fun cooking a part of their supper while there.

The Freshmen, Sophomores, and Juniors of our high school accompanied by Mr. Faubion, and Misses Wright and Day enjoyed a pleasant outing in the canyons near Slaton last Thursday afternoon.

R. E. Finley and family left last Friday for a visit to his sister, who lives at Silverton. They returned home Sunday.

Luther Rudd visited relatives in Lubbock Sunday.

Fifteen members of the senior B. Y. P. U. enjoyed a very pleasant picnic party at the sand hill near Tahoka Monday evening.

Mrs. M. L. Graves and daughter, Mrs. T. D. Maren, of Brownwood, came up Sunday for a brief visit to Mrs. Graves daughter, Miss Myrtice. Miss Graves has had charge of the Expression department of our school the past term. Having completed her work she left for home Tuesday with her mother and sister.

Redwine

We had services here at the Baptist Church Saturday night, Sunday morning and Sunday night. Rev. John Braswell of Lamesa did the preaching.

Miss Willie Pearl Henry returned home Saturday after a visit with her sister in O'Donnell.

Miss Jessie Fuller spent a few days the first of last week with her father, who is very sick in a Lubbock sanitarium.

Messrs. Deckard and Woodlin went to Littlefield Saturday on a visit.

Mrs. Curtis Driver and children visited in Tahoka over the week-end the guests of her sister, Mrs. Boyd Driver and family.

Mr. and Mrs. Clayton Beard are rejoicing over the arrival of a fine baby boy in their home who came Friday of last week.

Mrs. Walter Florence continues very sick in a Mineral Wells hospital.

Mr. and Mrs. Watson of Clovis, N. M., who are visiting in the Rankin home at Draw attended services here at this place Sunday. Mr. and Mrs. Harve Rankin and Mr. and Mrs. John Rankin also attended the services. Others who attended from other places were Mr. and Mrs. Pollard of Midway, Mr. and Mrs. Murphy of Bethel and Mr. and Mrs. Garland Pennington of near Tahoka.

The families of Lee and John Williamson were guests of their parents in Tahoka Saturday.

Misses Pauline and Grace Thompson were visiting their aunt, Mrs. Nellie Coker in Tahoka Saturday.

Mr. and Mrs. Henry of Midway and Mr. and Mrs. R. R. Luttrell of Bethel were Mrs. M. L. Henry's guests Sunday.

Several from this place attended singing at Edith Sunday night.

The Rev. Mr. Hester of Draw visited in this community last Tuesday evening.

Relief!

WHEN you start at sudden noises, worry over trifles, can't bear the noise that children make, feel irritable and blue—ten to one it's your nerves.

Don't wait until your overwrought nerves have kept you awake half the night and paved the way for another miserable day. Take two teaspoonfuls of Dr. Miles' Nervine and enjoy the relief that follows. Take two more before you go to bed. Sleep—and wake up ready for the day's duties or pleasures.

Dr. Miles' Nervine is now made in two forms—Liquid and Effervescent Tablet. Both are the same therapeutically.

If baby has COLIC

ACRY in the night. Colic! No cause for alarm if Castoria is handy. This pure vegetable preparation brings quick comfort, and can never harm. It is the sensible thing when children are ailing. Whether it's the stomach, or the little bowels, colic or constipation or diarrhea. When tiny tongues are coated, or the breath is bad. Whenever there's need of gentle regulation. Children love the taste of Castoria, and its mildness makes it safe for frequent use.

And a more liberal dose of Castoria is always better for growing children than strong medicine meant only for adult use.

A VERY HIGH OFFICIAL

In the present administration, a cabinet member, in fact, has said:

"Labor-saving devices in the home, automobiles easily accessible in the garage and good highways, have to some degree made the home a distributing center for its members rather than an assembling point.

"Fortunately automobiles are large enough so that most of our families can go together in one.

"Fortunately, too, there is less drudgery for the mother, so she can be an active citizen herself and can, if she chooses, have more time for her children."

Labor-saving devices are operated by electricity. Are you making the most of the energy which is being delivered to you by the light and power company?

RESOLUTIONS

To the Worshipful Master, War-
dens, and Brethren of Tahoka Lodge
No. 1041, A. F. & A. M., Tahoka:We your committee appointed to
draft resolutions of respect to our
deceased brother, R. J. (Uncle Jack)
Smith, beg leave to report as fol-
lows:Whereas, it has pleased the Great
Architect of the Universe to call
from our midst into His Presence
above our deceased brother; and,
Whereas, in his loss we have re-
ceived an irreparable blow, for his
place among us cannot be filled, be-
cause "before Free-masonry made
him a Master Mason, great nature
made him a Man", endowed him with
a pleasing personality, equipped him
with an optimistic view of life
which drew all men towards him, and
held them as friends to the end. To
know him was to love him; to be
greeted by him was to always re-
member him and feel refreshed from
his abundant friendliness.Therefore, be it resolved by this
lodge that in his passing he has left
us an example worthy of our emula-
tion; that his life among us was as
a sounding board bringing back
pleasant memories saturated with
sunshine and happiness, ever remem-
bering that his ever-present smile
and abundant good will still inspires
us in the daily practice of the
principles of our order.Therefore, be it further resolved
that in his life and works and in
the excellent example of his purity
and great love, his children have a
sweet memory to cheer them through
out this earthly life.Be it further resolved that a
copy of these resolutions be fur-
nished the loved ones; a copy be
spread upon the minutes of this
lodge, and a copy be furnished the
Lynn County News for publication.
Fraternally submitted, W. O. Hen-
derson, F. E. Redwine, J. K. Calla-
way, committee.

POLICE CRUISER NO. 4

"Cruiser No. 4 . . . Cruiser No. 4 . . . Vanderbilt and Dear-
born . . . Man shot . . . Killer, a man about 30, wearing dark
overcoat and gray cap . . . Last seen running east on Vander-
bilt . . . Cruiser No. 4 . . . Cruiser . . . No. 4 . . . Man shot
. . . Killer, a man . . ."Not till you hear a startling message in the night like this,
as you speed along the dark and almost deserted streets of a
great city in a radio-equipped police car, will you know what
a real thrill is.The police departments in most of the cities are now using
radio-equipped Ford cars, and this greatly increases the effi-
ciency of the department. Murderers have been caught at the
scene of the crime before they had time to dispose of their wea-
pons, burglars caught while still piling up their loot, hi-jackers
captured in the act of robbing their victims, and bank robbers
have been in hand-cuffs within 60 seconds after they fled from
the bank.The city of Detroit, for example, has 70 radio-equipped Ford
scout cars and Lincoln cruisers. On an average less than one
minute elapses from the time a call for help is received until a
Ford scout car or a cruiser is on the scene; and the remotest
parts of the city are reached in three minutes or less.They are using Fords everywhere and for every purpose.
For efficiency, get-away, speed, economy, and real service, the
Ford has no equal. Call and let us demonstrate.CONNOLLY
