SENTENCE FOR GANG LEADER SEEN TODAY

EVIDENCE IN TRIALS WILL BE PRESENTED THIS AFTERNOON

(By The Associated Press)

CHICAGO, July 30.—Government and defense were ordered by Judge James H. Wilkerson today to present their evidence in the prohibition and income tax cases against "Scarface" Alphonse Capone at a hearing beginning at 2 p. m.

Only the reading of the indictments occupied the brief morning session of court, during which the corpulent boss of Chicago gangs sat mopping his brow nervously in the crowded court room.

Al May Testify

Capone himself may be required to testify during the hearing.

"If the defendant asks leniency," said Judge Wilkerson, "he must be ready to answer all proper questions concerning himself."

The judge said that "any agreement the defense and prosecution might have had," had no binding influence upon the court, and asserted that the power to compromise in a case involving criminal liability was not vested in the courts.

Judge Wilkerson explained that he knew nothing of the facts in the cases, which charge the gang leader with 5,000 separate offenses against the prohibition act and evasion of taxes on an income of more than $1,000,000. He could only perform his duty, he said, by hearing fully the evidence and determining the degree of guilty.

May Change Plea

Capone appeared disconcerted at the court's attitude and the rumor

(Turn to Page 9, Column 4, Please)

CHICAGO, July 30 (AP)—Protesting that the attorney general of the United States had sanctioned an agreement between Alphonse Capone and the government that leniency would be recommended if the gang chief pleaded guilty to income tax evasion and prohibition conspiracy, Attorney Michael Ahern moved in federal court today to withdraw Capone's plea of guilty.

SEEK CLUES IN CHILD DEATH

FIFTY OFFICERS ARE DISGUISED IN N. Y. "LITTLE ITALY"

(By The Associated Press)

NEW YORK, July 30—Fifty policemen of Italian extraction, disguised as workmen or men-about-town, strolled the streets of Harlem's "Little Italy" today, their ears open for a clue to the child slaying on Tuesday.

The police department, urged on by an aroused citizenry and newspaper rewards totalling $15,000, sent every available man to ferret out each minute clue that might lead to the gunmen who took the life of one child and sent four others to the hospital in trying to shoot down their intended victim, an unidentified man.

Detectives Hampered

Detectives were hampered by the reticence of a grief-stricken Sicilian community, yet they doggedly kept on, bringing in suspects, and checking the motor vehicle bureau files for owners of green touring cars. It was such an automobile that drew up to the curbing at East 107th street and sprayed the front of the Helmar club, a pool room, full of gun slugs.

Whether a beer feud or a policy gaming racket was responsible for the shooting could not be ascertained. Commissioner Mulrooney and Assistant Chief Inspector Sullivan, commanding the detective division said today when they took personal charge of the hunt.

"TWO PAPERS—ONE COST"

PROSPECT FOR WINTER JOBS IS REMOTE

UNEMPLOYMENT BEING STUDIED IN EFFORT TO HELP JOBLESS

(By Associated Press)

WASHINGTON, July 30.—The prolonged unemployment situation today drew the close attention of the government, labor and relief organizations as prospects for jobs for the army of idle workmen in the coming winter appeared more remote.

President Hoover has instituted a new study of the problem. It is designed to bring together the various activities of the numerous agencies dealing with the problem.

Payne Confers

Chairman Payne of the Red Cross conferred with the chief executive at the White House yesterday on the situation. Later, he said he believed his visit was the beginning of a movement among relief organizations to co-ordinate their efforts.

While this conference was going on, a statement by President Green of the American Federation of Labor predicting a worse unemployment situation next winter than last was issued. A survey of 184 cities by the national association of community chests showed, he said, that relief needs probably would be twice as great.

In this connection Payne conceded information on unemployment was not bright, but, he added, the states, counties and municipalities would have the responsibility of caring for the jobless.

Asserting there was no possible reason for the federal government to be called upon at present, the Red Cross official warned against the dole system as practiced in England and Germany.

Same Objectives

All the federal government agencies, the states, counties and municipalities were working toward the same objective, Payne said. He added the new Hoover movement would more closely unite their activities. At the same time, he explained, the Red Cross, under its charter, could not participate in unemployment relief work, but had placed information on the subject before the president.

RELIEF IS GIVEN FROM HEAT WAVE

(By The Associated Press)

The entire country, save for two sweltering sections, enjoyed at least temporary relief from soaring temperatures today.

One of those areas, comprised of Indiana, western Ohio and north Kentucky, continued to swelter under the intense heat. The other, a larger one, was made up of Nebraska, Kansas, Missouri, Oklahoma and Texas. Not only were inhabitants suffering in these sections but the corn crops were firing, and an alarming danger of drouth was reported.

While the east and northeast enjoyed a temporary break in the high temperatures, there were predictions that the high humidity would remain and that the equally torturing heat would return for another stand.

Roosevelt Club In Texas Is Proposed

DALLAS, July 30 (AP)—Formation of a Texas Roosevelt-For-President club was the objective of a group of North, East and West Texas Democrats who planned to convene here today.

T. Whit Davidson, former lieutenant governor, said efforts would be made to hold a Roosevelt day at the state fair of Texas when Governor Franklin Roosevelt of New York would be the speaker.

LLOYD GEORGE RESTS

LONDON, July 30. (AP)—An official statement made public today said that David Lloyd George "passed a restful night and his strength is well maintained. His condition so far continues to be satisfactory."

Consumption Of Milk Increased

THREE HUNDRED PER CENT HIKE AS LOW PRICES CHARGED

Milk consumption has increased three hundred per cent in Lubbock since Tuesday!

Dairymen selling at the new low price schedule of three cents wholesale and four cents retail are unable to supply customers.

Delivery trucks are being hailed in the streets by people wanting milk.

No Surplus Found

No surplus milk can be found at dairies in and around the city.

Feed men are threatening to demand cash of dairymen selling at the new low rate.

Dairymen look forward to an adjustment of conditions after the meeting of the Lubbock Dairy association in the courthouse Friday night.

And everybody is wondering "just how long this is going to last".

These are the latest developments in Lubbock's "milk war", which got under way early Wednesday morning and was continuing at full blast today at noon.

Dairymen are scurrying hither and thither over the city this morning in an effort to supply as many customers as possible.

Reports from practically every dairy indicated that the supply would be exhausted before evening. Every dairyman is making plans to supply all of his regular customers daily, however, they said.

Demand Is Heavy

Surplus milk was easily disposed of through the grocery stores, practically every merchant reporting a heavy demand for milk. People carried out as many as ten quarts, grocery clerks said. One clerk said his usual supply of twenty-five quarts was exhausted before ten o'clock and that two extra calls for more milk were made by his store and at nightfall the supply was diminished again.

Several of the larger dairies having hundreds of customers in the city are delivering routes at the new low schedule. A number of

Judging Scheduled At Short Course

COLLEGE STATION, July 30 (AP) Completion of judging contests in which more than 250 boys and girls are competing was expected today by officials of the Texas A. & M. farmers' short course.

Winners will be announced tomorrow. Judging contests include tests on grain, beef cattle, poultry, dairying, swine, sheep and terracing.

Official estimates placed the number of club boys and girls attending the short course at 1,600. Approximately 1,000 women were in attendance.

Shaw Prepares To Return To England

MOSCOW, July 30 (AP)—George Bernard Shaw packed his bags today in preparation for his return to England after ten days in Soviet Russia during which he has received the cheers of the masses, talked with the men who run the state, seen Soviet industrial and agricultural activities, and celebarted his seventy-fifth birthday.

One of the last things he did was to spend two hours in conversation with Joseph Stalin in the latter's office in the Kremlin. It was one of the longest interviews ever granted by the Russian leader to any foreigner not directly concerned with government business.

English Bank Rate Hiked One Per Cent

LONDON, July 30 (AP)—The bank rate was raised today from three and one-half to four and one-half per cent.

The Bank of England decided on the increase in order to prevent withdrawal of foreign balances in the shape of gold and to strengthen exchanges on London.

The rate had been raised last week from 2 1-2 to 3 1-2 per cent. This had a steadying effect on foreign exchanges and caused the cancellation of some gold engagements.

"ANOTHER DAY"

* * *

Although today is the 68th birthday of Henry Ford, shown below, it is just another day for the automobile maker.

HENRY FORD IS SIXTY-EIGHT

TIME, FORTUNE KIND TO CAR MAKER; IN GOOD HEALTH

(By Associated Press)

DETROIT, July 30.—Time, like fortune, has been kind to Henry Ford.

So said his friends today as the motor magnate observes his 68th birthday. Ford did not "celebrate" his birthday, for it was "just another day" to him. Apparently in the best of health and spirits, he spent most of the day in the gardens of his estate, "Fairlane," at Dearborn, or in the engineering laboratory of his plant "just across the road."

In Good Health

The friends who said that time had been kind to Henry Ford found plenty of substantiation in the automobile maker's appearance. True, his face is heavily lined but it always seems to have been so. The slender, wiry figure, straight carriage, alert footstep and energetic movement, and the twinkle that seemingly never leaves his eyes, told of excellent health and spirits.

Ford, who was past 40 before he pulled himself out of obscurity as a mechanical engineer to become a figure of world prominence and financial success, does not worry about anything. An annual income that runs into many millions may account for that characteristic in some degree, but Ford himself probably does not know the extent of his actual wealth.

"I am not interested in money but in the things of which money is merely a symbol," he philosophized. "The only right use for money is to capitalize industry."

SENATE VOTES TO HEAR OIL MAN TODAY

INVESTIGATION TODAY ENTERS LAST DAY IN LEGISLATURE

(By The Associated Press)

AUSTIN, July 30—The Texas senate, beginning the last day of its investigation of the oil industry, today voted to request Harry Sinclair, the oil man, to appear before it for questioning.

Senator Tom Pollard, of Tyler, who made the motion, immediately sent a telegram to Sinclair, who was said to be in Tulsa, Okla. The senator said "certain things" had developed that made Sinclair's testimony important. He declined to say what the "things" were. Senator Pollard suggested the oil man could fly here and appear this afternoon.

House Ends Probe

Meanwhile, the house which concluded its inquiry late yesterday, was discussing the procedure it will adopt in the consideration of conservation bils others preferred the house act as a committee of the whole.

After sparring vigorously for more than an hour, proponents of the sub-committee plan in the house won their point, a motion that two sub-committees be appointed carrying by two votes, 53 to 51. A motion to table the plan was defeated, 51 to 50, a few minutes before.

Under the plan one of the sub-committees will consider bills dealing with changes in court procedure in cases involving the railroad commission and the other committee will consider bills affecting the agency that will administer the conservation laws and bills to broaden powers of the commission.

TOLL BRIDGE FREE OF MILITARY RULE

OKLAHOMA CITY, July 30 (AP)—The Denison-Durant toll bridge over Red river, center of a controversy between Texas and Oklahoma in which both states called out military detachments in support of their contentions, today was free of martial law rule.

Acting with the surprise suddenness that had marked his earlier maneuvers in the "war of bridges," Governor W. H. (Alfalfa Bill) Murray late yesterday withdrew the national guard from the Oklahoma approach of the bridge.

The governor, "for the sake of economy," also ordered reduced to 15 men and three officers the guard at the Oklahoma end of the free bridge paralleling the toll structure. The patrol was established to prevent interference with traffic.

Carroll Convicted Of Bank Robbery

PALESTINE, July 30 (AP)—Joel Carroll was convicted in district court here today of participation in the Frankston bank robbery and he was sentenced to 25-years in the state penitentiary.

The jury deliberated 14 hours before reaching its decision.

Four men entered the First State bank at Frankston December 10 and took $11,000. They escaped after a gun fight with officers.

PANGBORN AND HERNDON OFF FOR MOSCOW

AIRMEN RESUME HOP AFTER LANDING ON WALES FARM

(By The Associated Press)

CROYDON, Eng., July 30—Clyde Pangborn and Hugh Herndon, jr., who landed their trans-Atlantic monoplane in Wales last night and came on here this morning took off for Moscow, their original objective, at 2:13 p. m. today. (7:13 a. m. C. S. T.)

The takeoff was nearly six hours after their arrival from Wales.

They expect to make Berlin within four or five hours, stop there to refuel, and continue to Moscow if the weather is good, arriving there sometime early Friday morning.

Herndon supervised the refueling here this morning while Pangborn caught up on his sleep. Then they had luncheon together, with Dixon Boardman, Herndon's stepfather, as their guest.

After luncheon they posed for the movie men and were off. The red plane circled the field once and darted eastward.

REACH BERLIN

BERLIN, July 30 (AP)—Clyde Pangborn and Hugh Herndon, jr., flying around the world in their red monoplane, landed at Templehof airdome this evening at 7:30 p. m. (12:30 p. m. C.S.T.) from Croydon, England.

Both fliers during the luncheon expressed their determination to beat the Post-Gatty round the world speed record, but they agreed their forced landing last night in Wales had robbed them of their chance to circle the globe in six days as they had hoped to do.

Except for the fog, they said, the trip thus far had been pleasant. Not

FARMER TAKES OWN LIFE

AGED LORENZO MAN IS FOUND DEAD BY HIS DAUGHTER TODAY

(Special To The Journal)

LORENZO, July 30—Apparently despondent over financial affairs, A. G. Smith, about 72, a resident of Crosby and Floyd counties for more than thirty years, placed a 32:20 Winchester to his head and took his own life at his home two miles east of Lorenzo early this morning. The charge almost tore away the top of the man's head.

A widowed daughter, Mrs. M. Jones, who had been living with him, found him dead in a hall immediately after the shot was heard.

He is survived by two other children, Bert Smith of Lorenzo and a Mrs. Lattimore of Floydada. Mr. Smith had been engaged in farming most of his life.

Funeral services are to be held in Floydada, Friday afternoon.

The body of A. G. Smith, 72-year-old farmer who fatally shot himself at his home near Lorenzo, was brought to Rix Funeral home here this morning. Relatives were expected here this afternoon.

A bullet struck Smith high in the right temple and emerged from the back of the head, funeral home attaches said.

Tyler Lumber Man Is Shot By Negro

DALLAS, July 30 (AP)—M. E. Prichard, Tyler lumber dealer, was shot in the shoulder by a negro early this morning when he awakened and discovered the man in his sleeping porch. Police found the negro hiding in bushes near the residence of J. M. Davis, with whom Prichard was visiting.

MEXICAN CONSUL IN "JAM" AGAIN

OKLAHOMA CITY, July 30 (AP)—H. Valdez, Mexican consul here, found himself again entangled in a court case today.

Only recently charged by police with possessing and manufacturing beer, Valdez yesterday was charged with violating the county traffic laws by driving his automobile at a speed in excess of 60 miles an hour.

The beer charge against Valdez was voided soon after he had been booked at police headquarters two weeks ago with Kay Barrett, his sister-in-law. Similar charges against her were dismissed.

A few days later, Valdez was named co-respondent in a divorce suit.

County highway policemen said that twice previously they had warned Valdez against speeding.

ORIENT HOP OF LINDBERGHS UNDER WAY

OTTAWA NEXT STOP OF LINDY AND ANNE ON VACATION FLIGHT

(By Associated Press)

NORTH HAVEN, Maine, July 30—After a night's visit with their 13-months-old son, Colonel and Mrs. Charles A. Lindbergh took off today at 12:06 p. m. (C. S. T.) for a 370-mile flight to Ottawa, next scheduled stop on their vacation trip to the Orient.

The plane taxied toward the west down the thoroughfare dividing the islands of Vinal Haven and North Haven, lifted easily and then circled west, passing over the Morrow estate on the other side of the island and headed northwest.

Lindbergh said the plane probably would average 105 miles an hour on the hop.

The Lindberghs arrived here from North Beach, N. Y., yesterday afternoon and spent the night at the summer home of United States Senator and Mrs. Dwight W. Morrow, parents of Mrs. Lindbergh.

The baby was brought here by train and boat on Monday by his nurse.

Lindbergh was at the controls and his wife, to whom he referred all questions this morning regarding the distance to be covered and the operation of the radio, was in the rear cockpit at the wireless equipment.

Venue Change For Quinn Is Denied

NEWKIRK, Okla., July 30 (AP)—An application for a change of venue for Earl Quinn, charged with the murder of Jessie and Zexia Griffith, Blackwell school teachers, was denied today by District Judge John Burger.

Judge Burger said he had studied affidavits submitted by both sides and had decided there is no reason why Quinn should be tried elsewhere.

Trial was set for September 22, the charge for the slaying of Zexia Griffith to come first.

The girls were slain last December while motoring from their home in Blackwell to their schools.

Bids To Be Opened On New Denver Line

AMARILLO, July 30 (AP)—Bids for construction of 108 miles of railway line between Childress and Pampa, by way of Wellington and Shamrock, will be opened by engineers of the Fort Worth and Denver on August 11, Gen. John A. Hulen, vice-president of the company and chairman of the board of directors, said today.

Plans and specifications are in the hands of contractors, and more than 30 bids are in prospect, Hulen said. The railway company will furnish material, he said, and the contract will be let only for construction.

It is unofficially estimated that the cost of construction will be $5,000,000 or more.

Lack Of Work Is Blamed In Suicide

FORT WORTH, July 30 (AP)—Failure to find employment was believed by Mrs. Morris Shafer, to have forced her husband to kill himself at their home yesterday afternoon.

The 48-year-old carpenter died en route to a hospital after his wife had found him, almost unconscious, on the bed in a rear room. Justice Faulkner returned a verdict of "death from poisoning, self-inflicted." He said a glass near his body contained traces of poison.

GRAF BACK HOME

BERLIN, July 30 (AP)—The Graf Zeppelin, home from her arctic cruise which started last Friday, circled over Tempelhof airdrome at 6:20 p. m. today (11:50 a. m. C. S. T.)

AVIATORS SET NEW RECORD IN FLIGHT

NON-STOP DISTANCE MARK BROKEN IN 49-HOUR HOP

BY PRISCILLA RING

ISTANBUL, Turkey, July 30 (AP)—Claiming a new world's non-stop distance record, Russell Boardman and John Polando, brought their trans-Atlantic monoplane Cape Cod down at the airport here at 1:20 p. m. (5:20 a. m. C. S. T.) today.

In the 49 hours and 20 minutes since they took off from Floyd Bennett field, New York, on Tuesday morning they had been sighted only once, and that was over Newfoundland just before they headed across the Atlantic.

Cheered By Crowd

Grinning broadly and shaking their own hands above their heads, they climbed out of their sturdy plane while a great crowd, among them most of the members of the American colony cheered.

Ambassador Joseph C. Grew gave them a hand out of the cockpit and introduced them to the governer of Istanbul. A squad of Turkish police presented arms during the brief ceremony.

"We are very happy at having accomplished our purpose of beating the world's non-stop record," Boardman told the Associated Press correspondent, "it was a fine trip."

"The hardest part of the trip was last night, flying over the Alps," he said.

"The Atlantic passage was fine with no bad winds or storms, but it wa very foggy. We saw the water only once, near Newfoundland. After that the fog was so heavy we never caught a glimpse of the ocean."

In Fine Spirits

Both men were in fine spirits and in good physical condition. They seemed to be momentar ly stunned when the drone of the motors, to which they had listened for so long, stopped, but they recovered quickly.

Their steady voices gave little indication of air deafness as they talked to officials of American embassy and representatives of the Turkish government for half an hour before going by automobile to a hotel at Istanbul, fifteen miles

(Turn to Page 9, Column 6, Please)

BANKS IN GOOD CONDITION

SITUATION HEALTHY DESPITE LOWER 1931 ASSETS

(By The Associated Press)

AUSTIN, July 30.—State Banking commissioner James Shaw yesterday noted an "very healthy condition" in the 839 state banks of Texas, as of June 30, despite the fact that assets were $12,000,000 lower than last year.

The commissioner's statement said total resources were $290,000,000, as against $302,000,000 for the 686 banks doing business in 1930. A decrease in deposits from $218,000,000 to $206,000,000 was reported.

Mergers Reported

The fact that 47 banks dropped out during the year was explained as caused by consolidations made advisable by the decline in business. Low commodity prices were blamed for the lessened deposits.

Shaw said an unusually small number of banks owed money and that most of those with such debts were in the drouth areas.

He pointed to the fact that the capital, surplus and undivided profits accounts aggregated more than $51,000,000 and said it meant the banks had borrowed "only a little more than eight per cent of their total capital accounts."

The general liquidation seen would be helpful in the long run, Shaw said, because it "opens the way for business to continue on a sounder basis."

German Plan Will Be Announced Soon

BERLIN, July 30 (AP)—By the end of this week Chancellor Bruening is expected to make public the comprehensive plan of action which the cabinet has been working out in almost uninterrupted sessions for the nation's offensive against its economic difficulties.

By that time, it is expected, the financial experts of several nations will have completed their task of surveying Germany's needs and lining up creditors to leave credits undisturbed in Germany.

The Swiss, the French and the Dutch are still holding out for guarantees which German industry is not ready to agree to immediately, but a settlement on this point is expected tomorrow or perhaps tonight.

SCORES IN HUNT FOR MISSING NEGRO BOY

(Special To The Journal)

SNYDER, July 30—Visualizing the terrors and suffering of a three-year-old boy who disappeared at about 9 a. m. Tuesday, about 150 searchers this morning continued to scour this region for the child.

Discovery of additional tracks, believed to be imprints of tennis shoes worn by the little boy, at about 9 a. m. today, encouraged members of the posse. They expressed hope he still was alive.

The child, Collis Wells, was missed from the Nine-R ranch, 20 miles northwest of Snyder, Tuesday morning. Two dogs, with which the boy was believed to have wandered away, returned to the ranch house late Tuesday afternoon. Virtually every available man in Snyder has alternated in the search. An airplane from Big Spring and 30 saddle horses were pressed into service. The plane had returned to Big Spring this morning, however. About 150 men still are participating in the hunt.

Tracks believed made by the child first were found Wednesday afternoon on the Long ranch, seven miles from the Nine-R. Similar imprints found this morning were about that far from Double Mountain river. The bed of the stream is dry, except for shallow pools and puddles, and searchers eliminated possibility of the child's drowning.

Enough water is available in the region to make it unlikely that the little boy would die of thirst. Virtually no houses are in the area, making searchers believe the child still is wandering or is dead.

The missing youngster's father and mother are employed on the Nine-R ranch. The mother is a cook.

Every Day Is Party Day For Younger Set; Adult Society Enjoying Retirement

Swimming Party, Dancing, Hayride On Wednesday Calendar Of Gay Occasions

Adult society has gone into retirement for the summer, but younger people are enjoying one grand round of parties, dances and picnics. Every day is party day for them.

One of the gayest of the gala affairs was given on Wednesday evening by Misses Mary Thomas, Elsie K. Clapp and Lois Adair, assisted by Mrs. T. W. Thomas and Mrs. K. N. Clapp.

The party met at the Clapp residence, 1622 13th street, going from there to Tumble N pool for a swim. Later in the evening, they returned to the Clapps for a picnic lunch and a watermelon feast on the lawn and dancing until 12 o'clock.

Eight Honored

Honor guests at this affair were eight visitors here: Misses Elizabeth Ann Rall of Fort Worth; Mary Frances, Martha Jane and Mabel Ratliff Majors of Colorado City, Jimmie Lou Coughran of San Angelo; Patricia Caldwell of Waco; Rosalie Buchanan of Mineola and Mary Ellen Triplett of Texico.

Other guests were Katherine Klett, Elizabeth Spencer, Marguerite Spencer, Charlotte Ratliff, Kathryn Weaver, Ruth Elaine Lewis, Beatrice Mills, Martha Cosby, Billie Bob Jones, Sue Michie, Virginia Rittenberry of Amarillo, Peggy Leland of Fort Worth, Ann Dohoney, Sara Sue Stewart, Mary Wilson, Josephine Powell, Anseth Jones, Clarence Mast, Billy Crenshaw, Charlie Crenshaw, R. C. Douglas, Buster Moxley, Carl Maxey, John Mast, William Thomas, Eugene Adair, Allan Dykes, Billy Dykes, Charles Maedgen, Robert Overton, Padgett Maddox, Wayne Prather, Felix Walker, George Carter, Baxter Bardwell, J. L. Stimson, Alton Hankins, Harry Blocker, Horace and Lewis Biffell of Washington, D. C., Roy Whiteside of Seymour, Jack Quinlan, Tol Terrell and Ward Garrison.

Country Club Is Picnic Site

A younger set was equally gay on a hayride to the country club for a picnic in the evening.

Elizabeth Ann Price and Nannie Margaret Overton were hostesses on this occasion and their mothers, Mrs. W. B. Price and Mrs. M. C. Overton, accompanied the party on the ride to and from the club. This was made on a large wagon covered with hay.

Those who attended were Johnnie Pierce, Joe Davidson, Donald Lee Benson, Jack Moxley, Jack Herring, Carl Patton, Neil Wright, Hal Stantell, Herschel Maxey, Douglas Blocker, Bobbie Robertson, Ed Reed, Edward Leidigh, Clarence Symes, Jack Hodges of Shreveport, La., Ramelle Anderson, Frances Hodges of Shreveport, Frances Wilson, Betty Alice Gordon, Betty Jean Jones, Earline Abbott, Carrie Jane Thomas, Margaret Cosby, Margaret Studdalter, Gladys Hall, Rosemary Harman, Julia Irene Carroll, Loyette Lindsey, Jean Shepard and Mary Jarrott.

Warner Peticolas Celebrates Birthday

The very, very young observed Wednesday as party day, also, and attended an affair given by Mrs. W. M. Petticolas, jr., for her 2-year-old son, Warner. This party was in the Peticolas home at 1923 19th street.

Games were played on the back lawn and children were served gingerbread men and ice cream cones. Their mothers were served ice cream and birthday cake. Favors for the children were balloons and horns.

The children attending were Bobbie Scoggin, May Jean Faulkner, Martha Farr, Scottie Helber, L. L. Kelso, jr., Myriam Louise Kelso, Don Furr, Mary Ellen Henderson, Mary Lee Jones, George Morris, Betty Jo Dick, Mary Katherine Burks, Burton S. Burks, jr., and Betty Jo Rice.

Mothers of the children who were present were Mesdames Carl Scoggin, Paul Faulkner, O. C. Farr, Marcus E. Helber, L. L. Kelso, Roy Furr, Harry Morris, R. E. Dick and Burton S. Burks.

Cherrington Lauds Prohibition Laws

WASHINGTON, July 30. (AP)—Prohibition was credited today by Earnest H. Cherrington, general secretary of the world league against alcoholism, with minimizing the suffering from depression in the United States.

Cherrington, in a formal statement, said "prohibition so steadied the economic situation that America passed through the recent depression with far less suffering and privation than might have been expected if the saloons had remained open to absorb such savings as the people possessed when industry so largely collaped in this country."

LIQUORS SEIZED

NEW ORLEANS, July 30. (AP)—Federal prohibition agents operating here announced the seizure of $85,000 worth of choice liquors and wines stored in a vacant house in Metairie, New Orleans suburb, and said they believed the liquor was connected with a big international rum syndicate turned up here last April.

Doctor Myers' Daily Column On Child Welfare

DR. MYERS

BY GARRY C. MYERS, PH. D.
Head Division Parental Education Cleveland College, Western Reserve University

HOME-SCHOOL RELATIONSHIPS

Some while ago I had the honor to speak before the White House Conference Extension meeting in Evansville, Ind. While there I visited the public schools and met John O. Chewning, the city superintendent.

From the parent's point of view he is an unusual superintendent. He has a program for cultivating closer home-school relationships, for building personality in the child at school, and for furthering mental hygiene through the public schools unequalled, I think, by any other educational leader of the country.

Superintendent Chewning invites the parents to makes criticisms of the school. His board and teachers work hand in hand with the P. T. A., soliciting their counsel. Twice a year his staff and the board of education meet with representatives of all the P. T. A.'s when the latter are expected to state frankly any matters they disapprove in the conduct of the school affairs.

Each elementary school principal of his system meets regularly with her teachers to study systematically problems of mental hygiene and personality in relation to the pupils.

At the close of the school term last June this superintendent addressed a bulletin to all parents who have children ready to enter the senior high school for the first time next fall, entitled, "Heart to Heart Talk to Parents of New 9B Students Who Will Enter Evansville High Schools in September, 1931". Here is that bulletin in part:

"In order to establish a better 'union of the school and home', I have requested Mr. E. C. Roach, chief attendance officer, to visit the home of every 9B student who will enter Evansville High schools in September, 1931. The object of the visit will be to find out any facts about the child that the school ought to know to help the student make a satisfactory adjustment to high school.

"Please feel free to communicate any knowledge about the child to Mr. Roach, because it will be held in the strictest professional confidence by him, as if Mr. Roach were a physician. Mr. Roach knows as much about child nature as any one who has ever worked in the local school system, and his many successes at helping children to adjust themselves better are well known.

"Next fall we want to begin an intensive drive', in both school and home, to help all children develop happy, successful personalities, which mental hygienists call 'successfully integrated personalities'. May I request your co-operation in this attempt to help the children?"

These statements have been written with the hope that many other school superintendents, seeing the good works of Superintendent Chewning, will turn in and follow him.

EDITOR'S NOTE. Two pamphlets by Dr. Myers may be obtained by sending 10 cents a coin for each and a self-addressed, stamped envelope to Dr Garry C. Myers, in care of this paper, or Central Press Association 1435 East Twelfth street, Cleveland O. The pamphlets are: "Punishments and Rewards" and "Fear."

THIS WOMAN LOST 64 POUNDS OF FAT

Mrs. H. Price of Woodside, L. I., writes: "A year ago I weighed 190 lbs. I started to take Kruschen and now I weigh 126 and never felt better in my life and what's more, I look more like 20 yrs. old than the mother of 2 children, one 19 and the other 18. Every one of my friends say it's marvelous the way I reduced."

To lose fat with speed take a half teaspoonful of Kruschen in a glass of hot water before breakfast every morning—don't miss a morning—an 85 cent bottle lasts 4 weeks—get it at Bowen's Drug, Bowen's Hilton Pharmacy, City Drug Store, Lubbock Drug Company, Mark Halsey Drug, or any drug store in America. If not joyfully satisfied after the first bottle—money back. Adv.

You have a Firestone specialized lubrication job coming FREE any time you want it. It is the best and most complete you can get anywhere. We don't have to prove it—the job itself will prove it. Adv

Frills And Feathers Adorn New French Creations; Ostrich Plumes Used On Hats; Flowing Skirts Are Trimmed With Lace; New Hats Are Distinct

PARIS, July 21.—Ostrich plumed hats, sponsored by fashionables during week-end social activities, have caused the same stirring excitement that long skirts caused two years ago.

There has been marked evidence of a revival of the Victorian style in dress at the Grand Prix and the Annual Fete d' Elegance. Mannequins appeared in fitted jackets with flowing skirts, with lingerie muffs, small parasols, net and lace gloves, mitts and other details recalling the bygone mauve decade and earlier periods.

New hats perhaps are the most commented upon of all the various aspects of the new mode. There is a distinct trend toward hats tilted over the eye at one side and off the hair on the other. Added to this new head silhouette are feathers of all kinds, and the effect is devastatingly different.

They're Wearing Ostrich

Ostrich trimming in plumes and small tips are seen on many smart women. At the Auteuil Steeplechase, the Countess of Vitrolles wore a white tricorn with black and white tips on the side that dipped over one eye. The Countess of Miramont wore a white hat with a small brim, and from the center around the brim and trailing off over her shoulder was a long white ostrich plume to match the white gloves, purse, shoes and frock she wore.

Entire birds are seen as trimming on small boat-shaped hats. One black hat had a black and white bird against its upturned small brim.

Lingerie dresses, made with long flowing skirts and much lace trimming, are seen in numbers. Eyelet embroidery and dainty organdie vie with each other. One gown was made of baby Irish lace and had a muff to match. Another muff costume that caused much comment was a beruffled creation of daintily flowered pink organdie chiffon, with a trailing ostrich feather plume.

Feather boas are being worn again and are taken seriously as a style accessory. One blue and gray printed chiffon gown was worn with a gray and blue feather boa with long tassles of feathers.

One of the costumes that caused the most comment at Auteuil was a sheer white lingerie gown made with much hand-work and topped by a fitted velvet jacket in cerl blue with white maribou feathers outlining the huge, standing collar, the peplum and three-quarter sleeves.

Opinion Is Divided

Topping it was one of the new hats with a sweeping ostrich plume in white from the brim over the right eye, around the left side of the crown and curling off to the side in the rear.

There is a division of opinion as to just what effect these ultra-feminine modes will have. Some feel they are too exaggerated and will cause a reaction from so much fuss and feathers. Others feel they will have a distinct effect upon the general appearance in line and decoration of the new fall clothes.

For in past years it has been a safe saying that "as go the styles at the Grande Semaine in Paris, so go the fashions for fall." It remains to be seen when the best houses have their openings next month to just what extent they have gone Victorian.

Frilly, ultra-feminine, almost Victorian are these new styles seen recently in France. At left is a sheer white lingerie gown worn with fitted velvet cell blue jacket outlined in white maribou. The white hat shown upper center has a long, curling ostrich plume, and the one shown below is decorated with black tips. At right is a flowered pink organdie chiffon with lace muff to match.

Graves Makes Bond On Beer Charges

John Graves of near Lubbock is free in bail of $750 to await action of a September grand jury on a charge of possession of beer for sale.

Graves posted bond fixed by Justice of the Peace H. K. Porter after waiving preliminary hearing. The man was arrested in Lubbock yesterday following confiscation of 77 bottles of beer by county officers Tuesday night on a farm three miles east of here. Twelve gallons of unfinished brew and 50 empty bottles also were found, the raiders said.

Mayor Walker Gives Away Birthday Gift

NEW YORK, July 30 (AP)—Mayor James J. Walker, on his arrival at city hall after a week's absence was presented with a belated birthday gift check for $29,500, but he kept it less than two minutes.

"Is it mine to do as I please?" he asked.

Assured it was, Mayor Walker turned it over to the committee for relief of Jews in central and eastern Europe. The check represented proceeds of a dinner given in his honor on his 50th birthday recently.

Edwin Scheffel of Meadow has enrolled as a student in Draughon's Business college here.

Executive Unit In Meeting At Moores

Mrs. H. W. Moore, president, was hostess to the executive committee of the matrons class in First Christian Sunday school Wednesday afternoon in her home.

Social work for late summer was planned and a general program for the near future was outlined. There is to be a special Bible study class meeting next Wednesday afternoon from 4 until 5 o'clock in the home of Rev. and Mrs. W. P. Jennings. It was announced after the meeting.

Refreshments were served to those who attended: Mesdames J. H. Hackfield, D. W. Robertson, Beatrice Hendricks, J. O. Ballinger, Jennings, C. A. Nowlin, Charles Files, N. L. Benson, R. W. Walker and W. J. Duncan.

Mrs. Petty To Be Buried At Ennis

Burial of Mrs. Ruth Petty, 73, who died early Wednesday afternoon at a local sanitarium, will be conducted at Ennis, Texas, to which the body will be sent tonight by Bynum-Morgan Funeral home.

Mrs. Petty was visiting a niece, Mrs. Clyde Gibson, here. Mrs. Petty also is survived by her widower, Elzin Petty, and a brother.

Night
Six Bell-ans, Hot water, Sure Relief
BELL-ANS FOR INDIGESTION
brings 70% of all Acute Indigestion (when drug stores are closed). Be ready with Bell-ans in the house-always.

Stanton Home Scene Of Entertaining

Miss Hallie Faye Stanton and Mrs. Fred Stanton entertained Tuesday afternoon late with a party in the Fred Stanton home, 1608 Texas avenue, complimentary to their sister-in-law, Mrs. Joe Stanton.

Guests were Mesdames Abe Vaughn, Paul Hardwick, H. D. Stache, Melvin N. Dow, Marcus E. Heiber, H. A. Mahle, Walker Jackson, Charles W. Bardlett, jr., Lloyd Johnson, H. F. Maner, L. A. Howard, J. O. Kuykendall, J. W. Boyd, L. R. Rampy, Beatrice Hendricks, W. W. Williams, H. W. Sims, Stanton Rhea, R. L. Clinkscales, I. P. Kennedy, Cora Ramp, M. Burkett, J. B. Morrisset, Miss Edna Simms and Miss Lois Marie Stanton.

Slaton Boy Scout Group Will Meet

To begin plans for a scout-and-family picnic and campfire court of honor, the Slaton Boy Scout committee will meet tonight, D. T. Jennings, area executive here, said. He expects to attend the meeting. The outdoor court probably will be held in late August.

Mr. Jennings attended a meeting of the Boy Scout committee at Post Tuesday night, arrangements were made at that time for the holding of a court of honor at Post, the scout executive attended the weekly luncheon of the Rotary club and addressed the group on phases of scouting in the South Plains area.

Mrs. Jennings Has Needle Club Party

Mrs. V. O. Jennings entertained L'Aiquille Needle club members Wednesday afternoon with a party in her home at 2207 20th street. The afternoon was spent in needlework and Mrs. Will Young of Bowie played several piano selections. Mrs. Jennings was assisted in serving refreshments by her daughter.

Club members who attended were Meadames H. T. Wilkins, Maude Bradley, H. A. Weimaker, William Von Wolff, Robert Ellison, Imogene Pace, R. L. Biggs, T. W. Keys and Dee Puckett.

Other guests were Mesdames Young, J. T. Ratcliffe of Electra, Paul Carlock, L. Shropshire and E. C. Gardner.

Salvation Army To Conduct Services

The Lubbock Salvation Army corps will conduct services at the Foursquare revival tent at Nineteenth street and Avenue L at 8 o'clock tonight, Rev. Anna L. Benton, in charge of the revival, said.

Howard W. Scott will preach. Rev. Benton will speak Friday night on "The Missing Link." Mary Rosell Smith will deliver an illustrated message, "our Fortune Told—Past, Present and Future" Saturday night. This is the last week of the evangelical services.

Gain new vigor . . . a clear skin . . . with NEW STRENGTH in the Blood

● Surprise yourself and be the envy of others . . . look better . . . feel better! Blood is Life!! Build more red cells in the Blood—thence will come Sturdy Health!!! Countless thousands know this to be a fact. Just take S.S.S. and prove it yourself. You, too, will enjoy your food . . . have firmer flesh . . . sleep sounder . . . your nerves will be calmer . . . your skin will clear up . . . you will possess a greater resistance to infection and disease! *S.S.S. is the world's best blood medicine.* It is composed of freshly gathered medicinal roots and herbs—a gift from Mother Nature.

Successful for over 100 years. It works safely . . . surely . . . swiftly! Make a note of your condition today—then compare the difference six to eight weeks hence. *S.S.S. makes you feel like yourself again.*

Vivacious? Yes!

S.S.S. Purifies and Enriches the Blood

Miss Marion Evans And James Freeman Married At Evans Home Wednesday

Miss Marion Evans, daughter of Dr. and Mrs. A. W. Evans, 2309 16th street, became the bride of James Z. Freeman of Houston at 5 o'clock Wednesday afternoon in a ceremony at the Evans home. Dr. C. A. Bickley, presiding elder of the Lubbock Methodist district, officiated with the ring ceremony.

The nuptial ceremony was read in the garden of the home before an altar that had been arranged between two trees. About fifty guests were in attendance. Members of the wedding party entered from either side of the garden with Mrs. Paul Laverty playing the processional.

The bride's wedding gown was a simple white chiffon model and with it she wore a picture hat of white braid, carrying a shower bouquet of rosebuds. She wore white mitts.

Enters With Father

Mrs. Freeman came in with her father, Dr. A. W. Evans, who gave her in marriage. Preceding them in entering was Miss Anna Cecil Evans, the bride's sister and only attendant.

Miss Evans was gowned in rose lace with blue accessories and carried a bouquet of pink and blue asters.

The groom was attended by A. K. Snyder of Amarillo.

After the wedding ceremony, there was an informal reception. During this hour Mrs. Evans and her daughter were assisted in serving light refreshments to the guests by Mrs. Snyder of Amarillo, Mrs. C. W. Honey of Amarillo, Miss Lucie Gregory, Miss Almeda Murray and Mrs. Georgia Holtzclaw of Amarillo.

Leave For Houston

Mr. and Mrs. Freeman left last evening for Fort Worth and Palestine and will be at home in Houston after August 15. The bride's going away suit was of brown and orange.

The bride, who is the daughter of Dr. and Mrs. A. W. Evans, is a graduate of the University of Texas and has been teaching in the Amarillo high school. This summer she has been attending Texas Technological college. Since her engagement was announced the first of this month, she has been extended a number of social courtesies by friends here and in Amarillo.

Mr. Freeman is with the Southern Thrift company of Houston. He is a graduate of Ohio State university.

On Tuesday evening, the bride entertained for her wedding party with a dinner in the garden of her home. Those who were present were Mr. and Mrs. Laverty, Mr. and Mrs. Snyder, Miss Blanche Bradley, Miss Anna Cecil Evans, Dr. and Mrs. Evans and Mr. Freeman.

such crisp-ness!

snap! crackle! pop!

RICE KRISPIES just crackle in milk or cream. They're crisp rice. Bubbles of wonderful flavor. Nothing like them anywhere!

Have Rice Krispies for breakfast, lunch, the children's supper. Try them with fruits and honey added. Make delicious macaroons. At grocers. Made by Kellogg in Battle Creek.

Ways To Be Provided To Picnic Grounds

Any member of the First Baptist Gleaners class who does not have a way to attend the picnic this evening should phone Mrs. R. L. McAllister, chairman of the transportation committee, it was announced this morning. The picnic is to be at 6:30 o'clock at County park.

Vaughn Corleys Are On Visit Here

Mr. and Mrs. Vaughn Corley of Las Cruces, N. M., are visiting friends in Lubbock and Mr. Corley's parents, Mr. and Mrs. O. F. Corley, in Wolffarth. Mr. Corley is to attend the coaching school at Tech.

LOCALS

J. L. Penry, Texas pioneer and formerly district judge at Tascosa and Amarillo, was in Lubbock on business Wednesday. He attended an old fashioned dance at Boles' ranch near here Wednesday night and this morning returned to his home at Fort Worth.

Mr. and Mrs. Gus Kallas, 1705 17th street, have as their guests Mrs. Kallas' brother, Christ Prattas of Breckenridge, and Miss Marguerite Stathis of Corsicana.

Miss Katherine Holstead is returning to her home in Waco Friday after visiting Miss Florence Lawson.

W. D. Lawson, jr., who is in the West Texas hospital following an operation for appendicitis, is to return to his home Friday.

UNTOLD TORTURE FROM ECZEMA
Ended quickly by Resinol

"For three months I suffered torture from "weeping eczema," and the many different remedies I tried only gave me slight temporary relief. Finally I decided to try Resinol Ointment. After the first application the itching was relieved and after three days' treatment the whole affected surface was entirely healed. In view of what I had suffered it seems nothing short of a miracle. (Signed)—Ella Muckley, 61 Mt. Auburn St., Watertown, Mass.

The quickness with which Resinol acts in relieving eczema, chafing, rashes, piles, sores, etc., is amazing. Why don't you try it? At all druggists. For free sample, write Resinol, Dept. 87, Baltimore, Md.

CITY LEAGUE PLAY-OFF TONIGHT; TAHOKA DEFEATS HUBBERS

HOUSTON AND DALLAS MEET TONIGHT

Collier Parris

SPYING ON SPORTS

The Avalanche-Journal and Texas Utilities baseball teams will tangle in another play-off game this evening at Merrill Park. The first of the series, last Monday night, went over so big from the turnstile viewpoint that they're anxious to try it again.

A larger crowd attended the City League game last Monday night than attends the usual Hubber game. There was lots of pep on and off the field and the spectators had gobs of fun chiding each other.

Jack Durham, the big center and soda-water man at Texas Tek, returned yesterday from New Yawk where he worked his way through a vacation. He has some kind of job on a boat, but we can't find out whether it was rowing a skiff back and forth across the Hudson river or swabbing decks on a liner. Suffice it to say that he's back and will go into the soda-water business on a big scale during the next two weeks while the coaching school is going on.

Durham, ex-captain and captain-elect of the Tek Matadors, will be joined by Bo William:, student manager of Matador varsity teams, in his dispensing of soft drinks and candies during the school. Bo was in the magazine business during the early part of the summer but collected so many hot checks he had to quit. Our subscription is still running, however.

Comes a letter from Henry Frnka, former Lubbock Westerner mentor, now head coach at Greenville High. The "Boof" is directing a summer camp for boys near Kerrville this summer and wrote his letter from there. Across the top of the attractive Greenville High stationery on which the letter was written are the words, Henry E. Frnka, Director—D. Vinzant, Assistant. Rip Vinzant, regular end at Tek last year and year before last, one time elected most valuable athlete at the school, was recently named assistant coach at Greenville.

Henry says he has the old No. 1 iron shined up and is ready to take us on next week when he comes to the coaching school. (And that reminds us that the Lubbock Country club course is really in bad shape. The fairways look fil; haven't been trimmed, it would appear, since the W. T. G. A. tourney, and the greens are awful. Something should be done about it.) He says he hears a lot about the coaching school and is bringing with him to Lubbock next week three coaches who are with him at the camp. They are Wallie Davis of Dallas Tech High, Johnnie Keel, line coach at Austin High and Buddy Savage, line coach at Beaumont High. They will leave Sunday and drive in Sunday night.

Bill James had a bunch of his University of Texas boys over at Frnka's camp and Henry says the coaches have certainly gotten a lot of good out of his line play coaching course. "If you could see these boys you would understand why they went so good last fall," the letter reads. "Boy, they have power to burn. All of the Texas boys are certainly bent on making a great showing against Harvard this fall."

The men's fun night program as a special feature of enterta'nment during the coaching school will be held Tuesday night at Merrill Park. A temporary ring will be erected and a program of boxing and wrestling bouts will be staged. The entertainment is free to all men of Lubbock and is given for the particular benefit of the visiting coaches, some three hundred of them.

A man introducing himself as Bill Walls and who said he was a professional middle-weight wrestler, at one time west coast champion, came in yesterday and fell to talking about Lubbock as a site for amateur boxing and wrestling shows. We were so flabbergasted at anybody showing any interest in that type of athletic activity in Lubbock that we forgot to tell him that Governor Moody made it a law, still upheld by the present governor and government, that no boxing matches could be held in Texas. Walls, who says he is known as "Sailor Jack", is training a wrestler and a boxer here who he says are able to meet most any heavyweight contenders in this section. He is planning to match them with out-of-town fighters in a trial exhibition here in about two weeks. The program may be staged at Merrill Park.

NAMED SUPERINTENDENT

BONHAM, July 30. (AP)—H. A. Glass, of Wichita Falls, was appointed superintendent of schools by the school board here yesterday. He will fill the vacancy left by the resignation of W. T. White, who resigned to accept the office of principal at Sunset High school, Dallas.

MERRILL PARK TO BE SCENE OF CONTEST

NEWSPAPER CLUB WILL MEET UTILITIES IN NIGHT BATTLE

The City League comes in for a share of the nightly baseball program at Merrill Park when the Avalanche-Journal team of Ed Hambright crosses bats with Professor A. D. Chase's Texas Utilities bunch in the second of a three-game series to determine the winner of the first half of the season. The game will start at 8:30 this evening.

In the first game, played at the lighted park Tuesday night, the Avalanche-Journal team won a 9 to 3 decision and took the lead in the playoff series. The six-hit, sixteen-strikeout hurling of Manager Hambright featured the game, but Hambright may not get to pitch tonight.

Large Crowd Attended

One of the largest crowds of the season attended the Tuesday night game and stayed to the finish, organized cheering sections making the most of a good game.

Bargain rates will again be in style, though slightly different. Women will not be admitted free, but a charge of 25 cents for everybody will be made.

In a regularly scheduled City League game this afternoon, the Avalanche-Journal team will meet the Rainbows at 6 o'clock on the Merrill Park field.

Legion-Lions Win

Yesterday afternoon saw the Legion-Lions club of O. B. Conley trim the Texas Utilities team, 3 to 2. Pitcher Arnold for the Lions had a shut-out, hitless and runless, until the fifth and final inning when Mathews and Pipkin hit and ran on a pair of errors which followed. Howard Allen, hurling for the Utilities, allowed but three hits but two of them were for extra bases and the winners pushed over three runs in the fifth to win.

GIRL STAR TO BE HONORED

DALLAS C. - C. WILL FETE TRACK STAR WHO SET MARKS

DALLAS, July 30 (AP)—Taking recognition of her ability as a track and field star, the Dallas Chamber of Commerce will honor Mildred "Babe" Didrikson tonight, Jordan Ownby, chairman of the Dallas Chamber of Commerce athletic committee, wishing to publicly acknowledge Miss Didrikson's value to the city and state, will present the famous track and field star with a matched set of golf clubs previous to the Dallas and Houston baseball game tonight at Steer stadium. Miss Didrikson, former Beaumont High school girl, won three national championships and shattered two world's records last Saturday at Jersey City, N. J., in the annual girls' national A. A. U. track and field meet.

Her spectacular performances saw her clear the timber in the 80-meter hurdles in twelve seconds for a new worlds record. In the baseball throw, she beat her previous record with a toss of 296 feet. She won the broad jump, giving her first place in the only three events she was allowed to enter. Her performance last Saturday is said to be unequaled in the annals of track and field athletics for men and women.

Miss Didrikson is an all-round athletic. Last winter she played forward on the basket ball team that won the National A. A. U. crown, and was placed on the national all-American team selected by A. A. U. officials and sports writers.

State Unable To Condemn Graveyard

AUSTIN, July 30 (AP)—The supreme court has held that "not even the state of Texas can condemn the last resting place of the dead."

Clerks of the court today pointed out this terse notation on a decision the court had made just before taking its vacation.

The state highway department had condemned a grave yard in Wharton county which it claimed was abandoned. Testimony showed the proposed road would destroy or cover ten graves. The graveyard was not fenced off from pasture land.

F. F. Damon, owner of the property, is fighting the condemnation action.

JUST OBLIGING

CORNWALL, Ont.—Joseph Larose isn't going to take any more firemen seriously. He dropped in at the station here and one of them told him: "Go out and turn in an alarm. Things are a bit quiet around here today." He did; but, because it was false, he was arrested and fined $50. He won't be so obliging any more, he vows.

Ancient Coventry's new thoroughfare, Corporation street, which will cost $725,000, has just been opened.

"DEAD" BASEBALL PROVES NO MYTH TO BIG LEAGUERS

CHICAGO, July 30 (AP)—At last, the big war club swingers of the major leagues have concluded sadly that the manufacturers weren't just fooling when they came out with the "deader" baseball last spring.

The new sphere, with a slightly thicker cover and a more pronounced seam, has just about shoved the game in the majors back to the hitless wonder days.

An examination of batting averages for July 29 a year ago and yesterday revealed that with only two well explained exceptions that the "deader" ball has made good in a big way, notably in the National league where hits were almost as numerous as pop corn vendors last season.

Averages Reduced

The comparison shows that to date, as compared with a year ago, the team batting average for each club in the National league has been reduced on an average of 27 points while 256 fewer home runs—an average of 32 a club—have been hit. The difference is far less, yet noticeable, in the American league. The team batting marks in the junior circuit have dropped on an average of 7.1-2 points per team, while the home run crop is 72 less than a year ago at this time.

St. Louis and Boston of the American league are the only exceptions but both of those clubs have stronger clubs in the field than a year ago offensively. A year ago the Browns, as a team, were hitting at a .261 clip as compared with today's unofficial average of .275. Last year at this time, the Red Sox were hitting .265; today they were hitting .273. The Red Sox have the same number of home runs as a year ago while the Browns have nine more.

But for the other 14 clubs, a big depression is noted. Philadelphia of the National league is batting 44 points less than a year ago at this time, Brooklyn is behind 36 points while the Pirates are shy 34. The Cubs are the closest to last year's batting average in the league, being only 15 points behind last year's average. However, they had 61 home runs less than a year ago. The biggest downward change in team batting in the American league was experienced by Detroit. A year ago today, the Tigers were hitting .285; today they were hitting .264—off 21 points. The Athletics were off but six points while Washington was shy only eight. The Yankees' team batting average fell off 16 points while their home run collections was fewer by 15.

Sun Beau Looking Good In Workouts

CHICAGO, July 30 (AP)—Gallant old Sun Beau which will attempt to become the biggest winner in turf history in the $50,000 Post and Paddock stakes at Arlington Saturday, is impressing the early railbirds with leisurely workouts.

Despite his top weight for the big race, he has been training exceptionally well and has convinced his trainer that he has arrived at the peak of his long, successful racing career.

Most of the candidates for the big stake were to be given their final, serious workouts today. Morfait, the two-year-old son of Morvich, surprised the clockers yesterday by stepping the quarter in :22 3-10, a half in :45 3-5, five furlongs in :57 2-5, and three-quarters in 1:11 flat. Tellico, General Advance, and Frederick, other candidates, also turned in impressive workouts.

When christening a new glider an inmate of the Dolgelly, Wales, poor house for six years, was married recently to her fiance, a soldier just returned from India. She was given a wedding outfit by the institution officials.

BULLDOGS ICE GAME IN TWO INNINGS

VISITORS HIT KNIGHT AND MORGAN FOR A 9 TO 5 VICTORY

Except for two innings in which a total of 12 runs were made the game last night at Merrill Park was one of the best advertisements of West Texas baseball played here this season, but in those two innings the Tahoka Bulldogs got to Willis Knight and Del Morgan for enough hits and runs to ice a 9 to 5 victory away over the Lubbock Hubbers.

Willis Knight and Graham, the blue-eyed smiler, locked horns in as neat a pitching battle as local fans have seen, but Knight had to rest during the game before he could go on. He exchanged places with Del Morgan at first base after four runs were scored and nobody out in the fourth but Del had no better luck, letting in four in the fifth and they swapped posts again. Knight came in with fire in his eye and put something on the ball that Tahoka could not fathom and there was no more Bulldog scoring.

Bobbie Costs Run

Both pitchers were stingy during the first three innings, Lubbock getting men on base in every inning but seeing them die there. Knight shut the visitors out in order in the first two but a right field bobble and a single and a long fly to right in the third brought in a run.

The Hubbers got to Graham for two runs in their fourth and two in the fifth, sending a fifth across in the sixth but the last three innings saw nobody pass third base for anybody.

In the fourth, Edwards singled to lead, Larkin doubled and Johnson singled for two runs. K. Wells doubled, got to third when Bridges was out at first, but was caught trying to get in on a passed ball, Galey to Morgan, for after the latter double Knight changed places with Morgan at first, Bridges, the first to greet Morgan, went out at first by Morgan's assist, but Graham tapped one over the left field fence for a round trip. H. Wells was out to retire the side.

The Hubbers retaliated in their fourth to some extent when Morgan tripled and came in ahead of Hambright when the latter got a homer. It went to center the centerfielder failed to handle the hot hit and it rolled to the boards, Hambright sailing in. But that was all.

Morgan In Trouble

Morgan had a tough time in the fifth, walking three and letting three hit for four more runs and Knight was recalled from first.

Thereafter the game resolved itself into a pitching duel of the tightest sort between Knight and Graham. Knight was quite ready, now, to do his well known stuff, and he did it in a big way. The Hubbers got to Graham for three hits and two runs, also a walk, in the fifth, but neither of the runs was earned. Knight singled to lead the inning but was caught napping at first. Hilliard walked, advanced on Dirty's single and came in on Bridge's boot in center. Gaither was safe on the error and advanced on a balk, scoring on a passed ball after stealing third.

Two Hubbers got on base after that inning and Galey scored after singling on a passed ball. Knight walked but two were out and Hilliard fanned. Hambright drew a pass in the eighth but three other Hubbers were out.

SERIES RIVALS PLAY-OFF IN INTEREST

BUFFALOES ARE FOUR GAMES AHEAD; TO PITCH DEAN

BY BILL PARKER
Associated Press Sports Writer

A series that rivals in interest the Houston and Beaumont first half play-off will be inaugurated tonight in Dallas between the Steers and Houston Buffaloes. Houston, four games in front of the Steers in the second half, plans to send Jerome "Dizzy" Dean after Hap Morse's crew. Dallas will fire Lefty Minogue against Houston. In preparation for their big series, these two teams triumphed last night.

Brilliant fielding, featured by five double plays, gave Dallas a 3 to 1 decision over Beaumont. It made the Steers' second consecutive triumph over Beaumont. Hansen, elongated southpaw for Dallas, was in trouble several times, but when the danger hand reached out to grab him, the Dallas infield rushed to his rescue with any number of sensational plays. Hansen allowed nine hits, the same as Marrow and Mallicky, Beaumont pitchers. The victory allowed Dallas to widen its margin for second place over Beaumont by three and one half games.

Make Double Play

The finest play of the game occurred in the eighth inning with Beaumont trailing 2 to 1. Nick Urban, a Dallas cast-off, opened with a double to left-center. Lorbeer followed with a hard grounder through the box, but James, by a super effort, knocked the ball down behind second base; Benes quickly grabbed the ball and threw to Holman at third to catch Urban who had made the turn for home. A single by pinch-hitter Izzy Goldstein followed, putting Beaumont runners on first and third with one out. Holman took Taylor's grounder, and gambling on the swiftness of the Dallas infield, threw to James who relayed to Cotter for a double play.

Tex Carleton, winning his fourteenth game of the season, held Shreveport to four hits for Houston's 4 to 3 verdict.

The Buffaloes scored a run in each of the first three innings to command an early lead that Shreveport failed to overtake. Lefty Erickson pitched seven hit baseball for the Sports.

Perhaps the reason Galveston traded Bill Harris to Fort Worth was so the Buccaneers could win a game. Harris was no mystery to his former mates last night when Galveston defeated Fort Worth 6 to 5.

Hammering the ball to all sections of their park, the Wichita Falls Spudders whipped San Antonio 13 to 5. Lester White was touched for eleven hits, but he was difficult to hit in the pinches. Manager Robertson sent Flinn, Smith, Stein and Moore to the mound, and from this crew the Spudders collected nineteen timely hits.

RIVALRY BETWEEN NEW YORK GIANTS AND CHICAGO CUBS RAISES HEAD IN HEATED BATTLE FOR SECOND PLACE

BY HUGH S. FULLERTON, JR.
Associated Press Sports Writer

The rivalry between the New York Giants and Chicago Cubs, which is just about as old as the two teams, has raised its head once more. But this year the teams are not battling each other for the pennant and there seems to be little chance that either will overtake the flying St. Louis Cardinals.

In the past few weeks, the Giants and Cubs have changed positions every few days, first one slipping a trifle ahead and then the other catching up. The Giants are on top today, holding second place by a margin of a half game by virtue of their 5-4 triumph over Pittsburgh yesterday and Chicago's 4-0 shutout at the hands of the Phillies.

Cards Shutout

The Cardinals also ran into a five-hit shutout with Ed Brandt doing the hurling to give the Boston Braves a 3 to 0 victory. It did not, however, seriously damage the Cards' pennant hopes for they held an eight game lead over the Giants. The Brooklyn Robins, slipping slowly out of the race, ran into another setback at the hands of the Cincinnati Reds. They lost a 2 to 1 decision as Silas Johnson, Cincinnati ace, outpitched Babe Phelps.

Fine pitching by Roy Mahaffey and Jimmy Foxx's 20th home run combined to give the Philadelphia Athletics a 4 to 2 victory over the St. Louis Browns and to increase their margin in the American league pennant chase to 12 games. The A's now have won 16 straight games at home. The only game they lost since the first contest of their home stand on July 14 was when they made a Sunday jump to Cleveland.

Washington Defeated

Washington, closest rival of the world's champions, found Wes Ferrell, ace of the Cleveland mound staff, a bit too much and took a 6 to 0 beating.

Babe Ruth lined his 28th homer of the season into the right field bleachers at the Yankee stadium as the feature of New York's 10 to 4 victory over the Chicago White Sox.

The Boston Red Sox and Detroit Tigers divided their closing double header, Boston won the first game 5 to 4 in ten innings and Detroit took the second, 8 to 6.

CALIFORNIA WINS TENNIS MATCHES

SEABRIGHT, N. J., July 30 (AP)—California again is triumphant in the tennis world as the annual invitation tournaments of the Seabright Lawn Tennis and Cricket club progress toward the final rounds wit ha gradual elimination of the rivals of the California-bred players.

The men's singles event is down to the last round with John Hope Doeg, who won the national singles championship for California last year before moving to Newark, N. J., meeting Ellsworth Vines, jr., of Pasadena, Calif., tomorrow. Doeg reached the final yesterday by beating another Californian, 19-year- old Jack Tidball of Los Angeles, 4-6, 6-3, 8-6, while Vines eliminated Cliff Sutter of New Orleans, 6-2, 11-9.

One hundred fifty cricket bats which have "made history" in the hands of famous players, are to be the nucleus of a cricket museum, at Loughborough, England.

THE NEWS OF THE DAY — THROUGH THE CAMERA'S EYE

Kansas Farmers Dump Wheat On Streets

NEA Kansas City Bureau.
Faced with financial disaster as they pour the greatest flood of golden grain in history on an already glutted market that sees wheat prices the lowest since Kansas became a state, Kansas farmers are taking their predicament with irony. Here you see Forest Kennett of Bucklin, Kan., dumping a wheat-laden truck in the street, rather than sell his crop at 27 cents a bushel. The mule painted on his truck bears the caption "Kansas Wheat Farmer" and on the other side a sign reads "Farm Board."

Swede And Sweet

Speaking of stage beauties—be sure to include the Scandinavian. And an excellent reason is Margit Rosengren, shown above just brimful of beauty as she appears in a new musical comedy. Stockholm is home, Swede home to her.

Classiest Of Their Class—And Paris-Bound

Those smiling good-byes are directed at less lucky fellow students. For these girls, pictured above as they sailed from New York, are among 90 students from 35 American colleges and universities who will study for one year at the famous Sorbonne in Paris under the foreign study plan of the University of Delaware. Left to right are Elizabeth Maddren, Chevy Chase, Md.; Beatrice H. Farr, Philadelphia; Dorothy Brett, Cleveland; Anna M. Fluhrere, York, Pa.; and Marianne Moors, Portsmouth, Ohio.

The Charm Of Grace

This spectacular multiple dive staged with well nigh perfection at Long Beach, Calif., is a thing of beauty—often enough witnessed in single dives, but rarely seen with so many graceful figures in action. The aquatic exhibition was held under the auspices of the Long Beach Playground. A large crowd got the thrill of its life out of daring such as this.

Texas "Rangeress"

Company D, Texas rangers, boasts a "rangeress." She is Katie Smith, 17, daughter of Veteran Ranger Bob Smith, stationed at Falfurrias, near Brownsville. Katie is a mascot of the company and can ride like a cow-puncher, rope a steer or calf and handle a .45 with a nonchalance that makes even rangers envious.

Screen Star May Adopt Child

Constance Bennett. Peter, with nurse
Constance Bennett, left, photographed in New York prior to sailing for Europe, is expected to adopt two-and-one-half-year-old Peter Armstrong, right. The child's parents were killed recently in an automobile accident and Constance took him to New York with her. Constance, by the way, neither confirms nor denies a rumor that she is to wed the Marquis De La Falaise De' La Coudraye, Gloria Swanson's husband, when he is free.

Fights To Keep Buried Gold

NEA Chicago Bureau.
"Possession is nine points of the law," argues Alex H. Booth, above, upon whose property in the Buffalo, Ill., business section was found $6000 in buried gold. Heirs to the estate of a wealthy physician who once lived on the land plan a suit to acquire the treasure and, also, officials have dug up an old statute which states that such money must be turned into the county treasury.

"—And Lies Down To Pleasant Dreams"

"Like one who wraps the mantle of his couch about him, and lies down to pleasant dreams" . . . That's what William Cullen Bryant wrote in his famous poem, "Thanatopsis," many years ago. And here, in the arms of a statue of the great poet in Bryant Park, New York, you see a homeless man taking those words in earnest.

Health Wins Them Championship

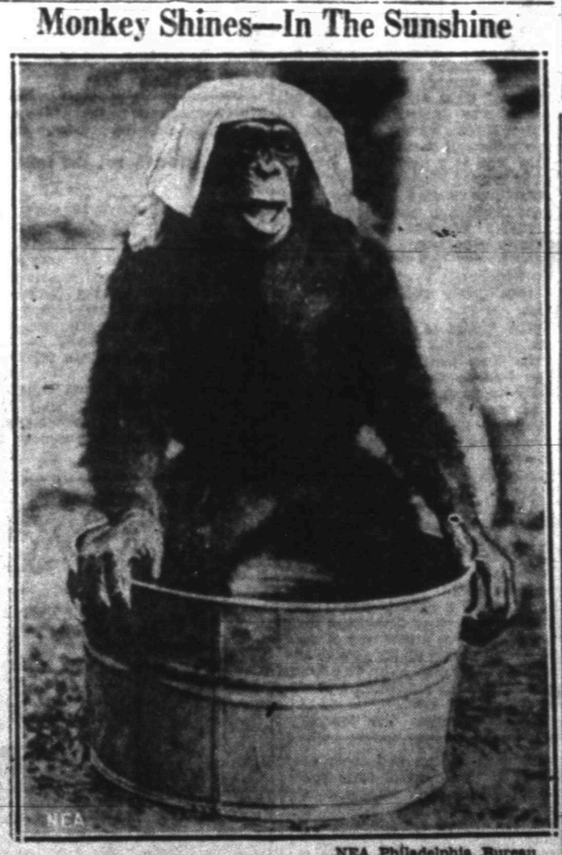

Health is the most prized asset of Margaret Brown, 16, of Clinton, and Edward Bakhaus, 15, of Rushton, health champions chosen at a meeting of 43 southern Michigan 4-H clubs, at Michigan State college, Lansing, the state capital.

Radio Star At 10

It takes some men many years to attain stardom, but Walter Campbell Tetley, 10 years old, is a young man who has reached the height of fame over the radio already at his tender years. Walter is one of the "air's" brightest performers for NBC and does excellent impersonations of Sir Harry Lauder, Scotch comedian.

Monkey Shines—In The Sunshine

NEA Philadelphia Bureau.
Monkey shines are in order when the sun shines. And here you see Napoleon going to meet his water-tub—Napoleon being the prize chimpanzee of Philadelphias' zoo. A tub of cold water serves very nicely as a beach and an ice-bag on the head cheats Old Sol on the hottest days.

Slew Husband?

NEA Chicago Bureau.
Held for manslaughter following the fatal shooting of her husband, Mrs. Hazel Scott, 33, above, of Oak Park, Ill., insists her husband shot himself following a quarrel. She said she had threatened to to shoot herself, but that her husband took the gun from her and committed suicide.

—And No Teacher To Bother Them

NEA San Francisco Bureau.
Doggone, it's fun to study when a feller wants to, and not because teacher says he must. Which accounts for Billy Davison of Oakland, Calif., giving vacation time attention to a book with only Hamlet, his Great Dane friend, to look on. It must be deep literature, too, judging by Hamlet's expression. And you can't blame a dog with a name like that for being interested in writing.

Norma Shearer Returns Home

Film fans! here she is, Norma Shearer, in person, with her husband, Irving Thalberg, film executive, returning to New York from a visit abroad. Norma seems happy to be home.

From South Sea

From a South Sea island to Ziegfeld Follies via one motion picture is the route traveled by "Reri," Polynesian dancer, shown above in San Francisco on her way to New York. Without previous experience, she was chosen to appear in a movie filmed on the island of Bora Bora. "Reri's" Americanized name is Anna Chevalier.

Talks 58 Hours

Hail the new champion! He is Rev. E. A. Sandifer, 39, pastor of Cotton Valley, La., Baptist church, who talked himself right into a worlds' marathon record by preaching 58½ hours without missing a syllable except for one stop to change clothes, soaked with perspiration.

Champion Calf Wrestler

Tying the last knot that bound the bleating calf and won him the Major Steadman Trophy, Everett Bowman of San Carlos, Arizona, is shown above strutting his stuff at the Calgary Stampede, Alberta, Canada. Bowman accomplished the roping and tying feat in 16 and two-fifths seconds, setting a new world's record. One has to feel sorry for unfortunate animal getting rough-housed in such warm weather.

Thought For Today

And the man Elkanah, and all his house, went up to offer unto the Lord the yearly sacrifice, and his vow.—I Samuel 1:21.

* * *

The gods are deaf to hot and peevish vows; they are polluted offerings, more abhorred than spotted livers in the sacrifice.—Shakespeare.

Encouraging

The old Arab saying—"This, too, will pass"—ought to go well, framed, on the walls of business men's offices these days. In the early part of 1930 men were predicting that prosperity would be back in another month, at the longest; now they tend to believe that the depression will never end at all.

One is reminded of all of this, somehow, by the news, buried in the financial columns recently, that the Hudson Bay Company has passed a dividend.

The Hudson Bay Company, unfortunately, is not unique in that respect. It has been a year of passed dividends, all around. The shareholder who gets dividend checks regularly can congratulate himself as being luckier than many of his brethren.

What makes this particular incident interesting is the fact that the Hudson Bay Company is one of the oldest companies on earth. It has been in continuous operation since 1670. This depression is not the first it has seen, nor is it the worst; and one is safe in guessing that it will not be the last.

One imagines that the directors of the company are not unduly alarmed by the present depression. Their company was ahold, established house before the French lost Canada. It lived through the world-wide panic that followed the bursting of the nortorious "Mississippi bubble" over two centuries ago. It survived the turmoil of the Napoleonic wars and their troublesome aftermath. It is older than most of the earth's existing governments.

To some of us the depression looks like a calamity that will never end—a prelude to universal downfall. But to the pessimists of the Hudson Bay Company, probably, it is visible in its proper perspective. In the days since 1670 it has weathered a good many storms. "This, too, will pass."

Ridiculous

Nothing more sublimely ridiculous than the proposal that Cornwallis' surrender be omitted from the Yorktown sesqui-centennial pageant has been broached to the people of the United States for a good many years.

This fall marks the 150th anniversary of the siege of Yorktown. A great ceremony is being planned. The French and American governments will have official representatives present. The mighty events of 1781 will be re-enacted.

But someone in Washington has urged that the actual surrender of the British army be ommitted. There will be Englishmen present at the celebration, and it is feared that they might be pained if they saw a representation of a British general surrendering his command.

Just what would be left of the celebration if the capitulation were left out has not been explained. The whole incident proves that America still has its quota of Anglo-maniacs.

The Report

The Wickersham Commission has found that the California laws under which the notorious Mooney-Billings case was conducted are "shocking to one's sense of justice."

This verdict will hardly come as a surprise to anyone who has studied all of the angles of that case. But it does prompt a further question, to wit: what is the Wickersham Commission going to do with the elaborate report on the Mooney-Billings case which it is reliably asserted to have in its files?

Present indications are that this report will not be made public. But if the commission found its sense of justice shocked when it looked into the case, ought it not to bring out this report and let us see why? It is hard to think of any good reason why the thing should be

The PLAINSMAN Says:

That Girl on Broadway says the answer to the maiden's prayer is "Ah! Men!"

* * *

We can't imagine the King of Italy congratulating Mussolini on his birthday.

* * *

FOR awhile it looked like the City commission was batting 1,000 percent in its efforts to end the depression in the traffic light manufacturing business, but there's another avenue for service the administration has apparently overlooked.

To be sure, there are lights here, lights there, lights everywhere downtown until a fellow who plans to drive through the business district had best carry his lunch along. But there are other places where lights can be used and they're not at alley intersections, either!

* * *

According to a recent edition of "The Business Week", aerial traffic lights are the newest wrinkle available—having been installed at the new Floyd Bennett airport near New York.

Take-offs, turns and landings are done under signal there, so don't be surprised if a few such conveniences are perched around at the Municipal airport shortly after the news reaches the City hall.

* * *

THE Plainsman has made a detailed inspection of the new senior high school and traffic lights seem to be the only thing the school board overlooked there. If lights are installed in the corridors, however, there must be a special order sent in. Only platinum lights, studded with diamonds, could correspond to the rest of the trappings from an artistic standpoint!

* * *

Speaking further of traffic lights, John Dalrymple has the same idea as The Plainsman in regard to the number of signals needed here, as compared with the number we have.

He recently visited St. Louis, made a check-up and swears by all that's good and holy that there are more lights in Lubbock than there are in the town that Anheuser-Busch made famous.

* * *

BUT be that as it may, there are too many in the downtown section here, although it probably won't do any good to beef about it. This column would suggest that at least two of the downtown lights be removed to the residence section, being placed at 16th and Avenue Q and Broadway and Avenue Q. It may sound silly to suggest residence section lights in a city the size of Lubbock, but a checkup will convince the open-minded that they are needed more at those suburban trading points than they are at Avenue H and Broadway, and Avenue H and Main.

* * *

It is not well to lose sight of the fact that traffic lights are not only supposed to control traffic in an orderly manner, but also are supposed to speed it up.

Whenever lights slow up the flow at points where control is natural they are liabilities, rather than assets.

* * *

AT this particular time, when thinking Americans are pondering the report of the Wickersham commission, it is of interest to note that Varner Corry, 15 years old, has been sentenced to serve 18 years in the Illinois penitentiary. Young Corry, in case you have forgotten the incident, is the youth who killed a policeman when surprised, while swimming in a school pool, after having broken into the building.

* * *

If the Wickersham report, which says our nation is sadly lacking in its handling of juvenile criminals, can be given credence, sending a 15-year-old boy to one of the hardest of American prisons is no way to get the job done.

To be sure, the youthful slayer must be punished but it is doubtful if servitude among some of the worst criminals in the world is likely to return him to society a better citizen.

* * *

SINCE such a great amount of our crime is being committed by youthful lawbreakers, we, as a nation, must find it essential to hit upon some new method of handling the problem. "Once a criminal, always a criminal" is far from a happy thought, yet it comes closer to being true than most of us would be willing to publicly admit.

* * *

That Man on Avenue Q says any old maid will tell you that a few crumbs of love are a poor substitute for a wedding cake.

* * *

SPEAKING of spinsters, two of them were talking the other day and the conversation finally drifted around to men—and husbands.

"Which", inquired one, "would you most prefer in a husband—riches or appearance?"

"Appearance", snapped the other, "and the sooner the better!"

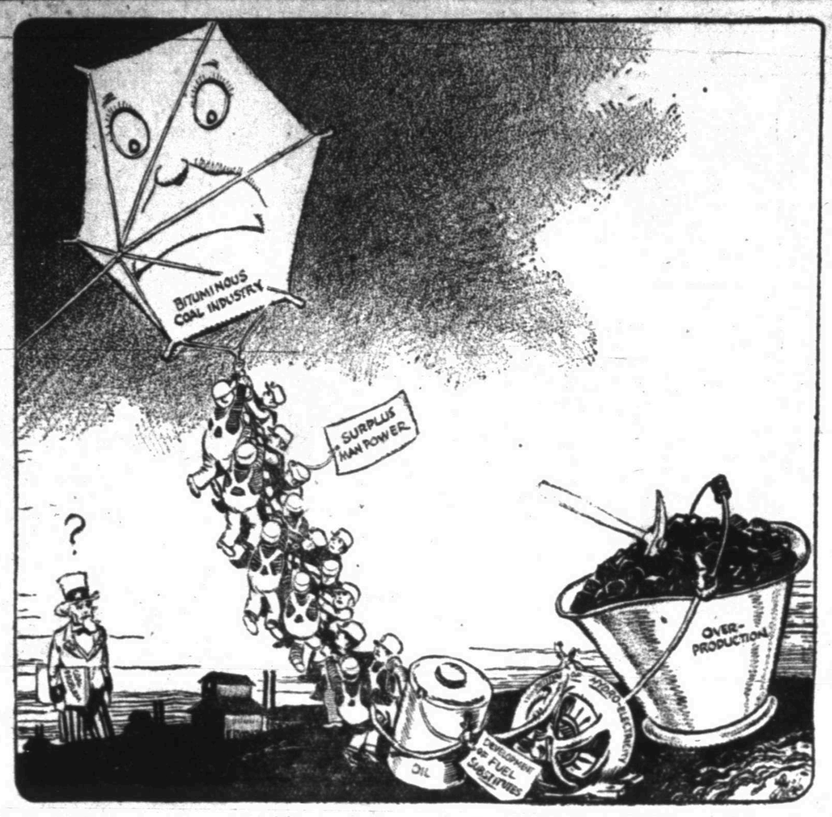

* * *

A Lubbock man sought a friend out the other day, feeling that he should give him some advice.

"Did you know", he asked, "that your wife is telling it around that you can't keep her in clothes"?

"No, I didn't," was the reply, "but I bought her a house and I can't keep her in it, either".

Too Much Tail For The Kite!

"Without-Or-With, Offense To Friends Or Foes, We Sketch Your World Exactly As It Goes"—Byron

Republicans Have Good Reason To Worry About Farm States In 1932 As Vice President Pans The Farm Board

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, July 30—Threats of very serious political trouble in the west had to come along at a time when the administration was almost completely occupied with the threatening situation in Europe.

DUTCHER

The farmers are supposed to be madder than ever and the familiar old agricultural issue is likely to figure more importantly both in the next session of Congress and in the 1932 campaign than anything that arises from developments on the other side of the Atlantic.

The Republicans have been worrying seriously about the farm states ever since the 1930 elections and their apprehension has continued to increase. For many years "farm revolts" have been threatened with almost monotonous regularity and none of them has ever come off. The G. O. P. doubtless will continue to hold the middle west in line, but there are some new things about this present situation which suggest that there may be something more than a repetition of the same old story.

You don't very often find the vice president of the United States barging about in active furtherance of the farmers' interest, publicly criticizing an important administrative agency such as the Farm Board. And it is also unprecedented for the presidentially-appointed head of such an agency to holler publicly that it isn't living any orders from the White House.

Blurted Bitterly

Chairman James C. Stone came around to accepting advice from the president and announcing a limit of sales on the board's large wheat holdings, but not until after he had bitterly blurted out that the board wasn't subject to presidential interference.

The present unpopularity of the Farm Board is almost without parallel, too. Of all the so-called Hoover commissions it stands the most friendless. It has been panned steadily and consistently and, at one time or another, by all concerned. Lately it has been kicked by the farmers and the grain traders, the progressives and the conservatives. It has been taking abuse from such staunch regulars as Charlie Curtis, Senator Jim Watson of Indiana and Senator Dave Reed of Pennsylvania—who wants it abolished. Even President Hoover failed to back it up when it decided to sell as much wheat as the market would absorb.

Political reports from Kansas have been just as extraordinary as the news of 25-cent wheat. That supposedly good old Republican state, when it was a lot happier than it is now, elected a Democratic senator and a Democratic governor and cast nearly 200,000 votes for a candidate whose name had to be written in on the ballot.

How Awesome!

Reports agree that at this time Kansas would vote with grim fervor for a Democrat for president, which would be an awesome spectacle indeed. No one can promise Kansas with any assurance that she will be much better off a year from now.

Large batches of mail coming to Capitol Hill indicate that Kansas has no monopoly on farmer discontent and that the desire for a "farm moratorium" is keen in states which customarily elect much more radical candidates than Curtis, Senator Arthur Capper and Henry Allen.

The 1932 campaign begins unofficially, however, when Congress meets this winter, and signs now point to the fiercest farm relief battle yet fought. Chances are very good that both houses will pass an export debenture bill or some other drastic measure which Mr. Hoover will be bound to veto. There will be more support for such legislation than ever, although the question could be overridden is at this time rather speculative.

Diet and Health

By LOGAN CLENDENING, M.D., Author of "THE HUMAN BODY"

EDITOR'S NOTE—Six pamphlets and six articles by Dr. Clendening can now be obtained by sending 10 cents in coin for each pamphlet and 2 cents in coin for each article, with a self-addressed, stamped envelope, to Dr. Logan Clendening in care of this paper, or Central Press Association, 1439 East Twelfth street, Cleveland, O. The pamphlets are: "Reducing and Gaining," "Feminine Hygiene" "Indigestion and Constipation," "The Care of the Hair and Skin," "Infant Feeding" and "Instructions for the Treatment of Diabetes." The articles are "Normal Diet," "List of Books for Mothers," "Bed Wetting," "Diet of the Expectant Mother," "Ear Troubles" and "Tuberculosis."

SIGHT AND HEARING

SIGHT and hearing, the two most important sources of information about the external world, develop gradually in the infant. As might be expected, mental development goes along with increased complexity of these senses.

Dr. Clendening

The eye is an optical instrument not essentially unlike others, and so, like them, must throw an inverted image on the retina. Probably the first thing the baby sees is the world upside down. How or when the visual area of the brain turns this right side up we do not know. It must be early in life. At about six months the second step in visual training occurs, the baby distinguishes between the brightness of different objects. The ability to tell differences in color is not supposed to be complete until the end of the second year. Differences in the form, size and comparative distance of objects precedes mental growth.

Hearing should be frequently tested in a child, as slight degrees of defective acuity are responsible for mental retardation. The last stage is the ability to distinguish between the pitch of musical notes. Only about 40 per cent of children under six years of age can reproduce a tune. And I know some over sixty who can't do it.

Speech, which is one of the first signs of mental development recognizable, depends on the development of sight and sound. Certain remarkable individuals, such as Helen Keller, learn to talk without the benefit of those two senses, but they are very rare, and even so their mental life must be very different from ours. A blind man once gave his idea of what "red" was by saying it was like the blowing of bugles. You would not expect a baby to say the word "dog" until he had heard it distinctly, or use it intelligently until he had seen a dog.

The names of people who are around all the time are learned first, then familiar objects. From the first to the second year the baby learns from 100 to 500 words and should be using two-word sentences. By the time the child is five this has been increased to 2,000 to 4,000. Think of the enormous strides in education the brain has made in that time.

A definite step upwards is the interest in rhyming. And a little later the interest in punning and plays on words, and simple jokes. This latter is a thing that should never be suppressed. Stale and flat and senseless as a child's jokes may seem to you never discourage their use. Thank God a new crop of children comes along all the time to appreciate them once more. The finest joke on earth is the reason a chicken crosses the road.

Remember what the toy shop keeper said to the haughty lady who complained that the toys were all so old.

"Yes, madame, but the children are new."

QUESTIONS FROM READERS

Mrs. G. E. T.: "My eight-months-old baby girl has a birthmark on her face in front of her ear. It is on top of her skin and is about as large as the tip of my finger. It has not grown any larger since the time she was three weeks old. Do you think that it should be removed or will she outgrow it? Is it dangerous?"

Answer: In most cases children outgrow these marks. They are not dangerous if they do not grow, and I would advise no treatment at present.

"Buried Alive"

Mohamid, European fakir, is shown above as he fell into a state of "suspended animation" in the air-tight casket in which he was "buried alive." After going through his ritual, Mohamid's casket was buried under a mound of dirt at a playground in Charlestown, Mass. After some considerable time in his living grave, Mohamid was disinterred as good as new.

DAILY ALMANAC

Mild

WEST TEXAS: Generally fair tonight and tomorrow, except probably scattered showers in Rio Grande valley.

EAST TEXAS: Unsettled with probably scattered showers in south portion tonight and Friday. Fresh easterly to southerly winds on the coast.

OKLAHOMA: Generally fair to partly cloudy tonight and Friday; continued warm.

IN NEW YORK with Gilbert Swan

NEW YORK, July 30—The spinners of South Sea tales have used, time and again, the plot about the white man who drifts out to "the islands" and goes native. Or becomes a beachcomber and piles himself with native rum.

But, there's a new variation to the standard formulas. In fact, the situation is completely reversed, and the South Sea maiden "goes metropolitan."

• • •

Not so long ago, I wrote a piece about the coming to New York of Reri, half-native, half-French daughter of Tahiti. She had appeared in a picture titled "Tabu," in which she was a joyous, child-like, half-clad girl pursued by a promise made to native gods.

It so happened that Mons. Flo Ziegfeld, who reviews scores of pictures in an old barn on his country place, took a squint at this film.

Thus it came about that Reri was brought some 7000 miles from her home to Broadway, flanked by press agents and camera men, and fairly dazed with the attentions she received. Although urged to appear as much like a native girl as possible, Reri had a considerable wardrobe of Frenchy dresses. Also she had a very nice husband, who came along.

Soon she was dwelling in a Fifth Avenue hotel; was being taken to Coney Island and the night resorts and was experiencing one thrill after another.

The show business is funny — in more ways than one. Once Reri was en route and the press clippings were coming in, Mons. Ziegfeld found himself up to his wilting collar in the task of getting a production together.

This star was hired and that one considered; this sketch was cut and that one thrown out; routines were changed; new song writers called in to bolster up the show—

And when it was all over, Reri had come 7000 miles to appear for about five minutes; she danced, to be sure, but the act written around her was nothing to cable back to Tahiti about.

Variety, the theater paper, commented tersely that it was hard to figure out just why all the trouble had been taken. Others said something about Reri being lost in the shuffle. Some reviewers failed to notice her at all. Burns Mantle the critic and champ play selector, had a few paragraphs some days later in which he declared that of all the beauties of the show, he found Reri most refreshing.

Thus it went for a week or so. And the production still needed chopping. It was running too long.

Just the other day I was glancing over some items of stage gossip. One paragraph carried the brief information: "The Reri number has been cut out of the show."

• • •

Meanwhile, one hears, the South Sea maiden has "gone native" in reverse. She has been seen in the gay company of young Manhattan couples.

There's little doubt that, sooner or later, she will be able to get other theater engagements and she should be valuable to the movies. I have a notion that some time will elapse before the 7000 miles are retraced.

Still, this version of the South Sea stories is so different that I keep wondering what will happen next.

When it does, I'll let you know.

George Bernard Shaw got a great reception in Russia recently. One reason may be that he has whiskers. Another, that they are red.

An editorial writer has referred to Germany as the sick man of Europe. It has been sic-ing for some time.

"New Golf Ball to Be Dropped by U. S. G. A.," says a headline. On the verge of being bounced, as it were.

The world conference on means of aiding Germany again demonstrates that sense counts as much as dollars in arriving at a solution.

You've got to know how to pull the strings, says the office sage, to run a puppet show.

THE TINYMITES

STORY by HAL COCHRAN—PICTURES by KING

(READ THE STORY, THEN COLOR THE PICTURE)

The ukulele player strummed and shortly all the Tinies hummed a sweet Hawaiian number that was pretty as could be. The Travel Man found out real soon that all of them could keep in tune. "I must admit you Tinymites are pretty good," said he.

The girl, with very graceful sway, danced 'round. And then they heard her say, "I think I'll have to stop for now. I'm really quite tired out. One of you little lads should try to dance a little bit and I will gladly try to tell you what our dance is all about."

"Gee, thanks!" said Clowny, "but I guess we'd only make the dance a mess. But I will do a jig for you. I'm pretty good at that." Then Carpy cried, "Go right ahead! I'm sure a jig will do, instead. Be careful that you stay upon your feet and don't fall flat."

Once more the ukulele strummed and while the other Tinies hummed, brave Clowny did a clever jig that tickled everyone. When he was through the girl clapped loud and said, "Of you I'm very proud. Your jig was very clever and to watch was heaps of fun."

The girl soon left and Scout said, "I'd like to rest my weary head right here upon the cooling sand. Let's sleep out here tonight. Perhaps the ukulele man will play some more tunes, if he can. 'Twould be a very lovely thing, beneath the bright moonlight."

The Travel Man agreed 'twould be a restful spot, so promptly he arranged to have the ukulele player entertain. The Tinymites flopped on the ground and soon they all were sleeping sound. The Travel Man said, "My, that's fine. Your tunes were not in vain."

(The Tinymites see a lot of birds in the next story.)

Powerful Skin Remedy Discovered

Dries Up Eczema, Barber's Itch And Skin Eruptions

Results in 7 Days

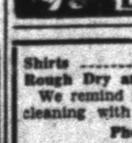

This wonderful antiseptic, known all over America as Moone's Emerald Oil, is so efficient in the treatment of skin troubles that the itching of eczema often stops with one application.

A few applications and the most persistent cases of Eczema often are healed never to return.

Moone's Emerald Oil is safe and pleasant to use and it is so powerfully antiseptic and penetrating that even old stubborn cases have yielded to its influence.

Moone's Emerald Oil in the original bottle is dispensed by pharmacists. Bowen's Drug and Bowen's Hilton Pharmacy always have Moone's Emerald Oil on hand—an 85 cent bottle lasts 2 weeks. Adv.

Here's Devotion For You

All's right with the world—now that Pooch, a Dalmatian, belonging to Fireman Patrick J. Murphy, of the New York Fire Department, has been allowed to visit her injured master at Bellevue Hospital. What Pooch said to her pal when she kissed him with a big, wet lick, is nobody's business but their own. Pooch simply wouldn't eat or drink since "Pat" was injured, so the hospital visit, although against all the rules was arranged.

Farmers Planning To Reduce Acreage

WASHINGTON, July 30 (AP)—Reports reaching the agriculture department indicate that wheat farmers in the mid-western states plan to reduce their 1932 acreage because of the low price of the grain.

Summer plowing for planting next fall is reported below normal, and the farm board persists in urging a 20 per cent reduction in acreage to get the domestic crop on a domestic consumption basis.

Wheat farmers are making every effort to hold their 1931 harvest on the farm so as to relieve some of the pressure of rapid marketing and have received some support from merchants and bankers through extensions of debt obligations.

TO RETAIN POST

WASHINGTON, July 30 (AP)—Chairman Fletcher of the tariff commission has been persuaded by President Hoover to remain two additional months at his post to complete important tariff adjustments.

Cotton Market

NEW ORLEANS REPORT

NEW ORLEANS, July 30 (AP)—Cotton opened easier today in sympathy with much lower Liverpool cables than due. First trades showed losses of 10 to 11 points which was not a full response to the weakness of Liverpool.

Prices here rallied right after the start on fairly good trade buying and covering by shorts. October which had traded at 8.50 at the start rallied to 8.59 up 9 points while December, which had sold at 8.73 rallied to 8.82, also up 9 points from the low.

Near the end of the first hour the market quieted and prices showed a reaction of four points from the best.

Following the early break on poor cables, the market rallied rather sharply and continued to improve most of the morning.

The rally was attributed to covering by satisfied shorts and to buying on the forecast for showery weather in the belt. October traded up to 8.67 and December to 8.91, or 17 to 18 points above the early lows and 6 to 8 points above yesterday's close.

Towards mid-session the market became quieter and eased off 4 to 7 points from the highs.

The decline in Liverpool was attributed by private cables to the advance in the Bank of England rate to four and a half per cent. Two private crop estimates were issued during the morning, one forecasting a crop of 13,337,000 bales and the other 13,981,000 bales. They had little effect on the market.

NEW YORK REPORT

NEW YORK, July 30. (AP)—Cotton opened steady today, 6 to 10 points lower in response to lower Liverpool cables and under selling by spot houses and brokers with Liverpool and continental connections.

The market did not respond fully to the decline in Liverpool, however and prices later recovered practically all of the early losses on trade buying, covering, support by brokers with Japanese connections, and New Orleans buying. December contracts sold up from 8.71 to 8.80 with the general market ruling about 2 to 6 points net lower at the end of the first half hour.

Liverpool cables said that there had been hedging and general liquidation in that market on the increased bank of England discount rate while Manchester reported cloth and yarn sales below production.

The advance continued on covering and trade buying, reflecting a firmer technical position following the recent rather heavy liquidation on a decline of about a cent and a quarter in the past week and a half. December sold off up to 8.93 with the market registering net advances of 10 to 13 points and about 20 to 24 points over the early lows. At around midday the market was within 3 or 4 points of the best.

There were three private crop reports issued this morning with estimates on condition ranging from 70.6 up to 71.5. Two of the reports published indicated yields ranging from 13,325,000 bales up to 13,981,000, but these were apparently without any immediate effect on the market.

NEW ORLEANS OPEN

NEW ORLEANS, July 30. (AP)—Cotton futures opened steady.
Oct. 8.50; Dec. 8.73; Jan. 8.83; Mar. 9.07; May 9.23-bid.

NEW YORK OPEN

NEW YORK, July 30. (AP)—Cotton futures opened steady.
Oct. 8.45-a Dec. 8.73; Jan. 8.83; Mar. 9.06; May 9.16.

Grain Market

CHICAGO REPORT

CHICAGO, July 30. (AP)—Corn jumped three cents a bushel higher today as soon as trading began. A quick further bulge lifted the market two cents more. July soaring to 72½ as a result of anxious bidding of scarcity of offerings of corn available for delivery before month-end expiration of contracts. Other months than July advanced but kept within ordinary limits. Wheat started unchanged to 1c off and then rallied.

Stock Market

WALL STREET REPORT

NEW YORK, July 30. (AP)—Selling of the rails and further pressure against the steel shares gave the stock market a heavy tone today, but prices improved when trading became very dull on the decline.

U. S. Steel dropped a point to 83 3-4 before making a full recovery. Bethlehem, awaiting the directors' dividend action after the close, likewise sagged a point, touching a record low for the present shares, and then erased its loss.

Declines of 1 to 1 3-4 American Telephone, American Tobacco "B", Eastman, Sears Roebuck, Allied Chemical, National Biscuit and Borden were reduced. Chrysler was up a point.

Nickel plate tumbled 10 in anticipation of unfavorable dividend action. Union Pacific lost 3 and Atchison and Southern Railway 2. New York Central sagged 1 1-2.

Call money renewed at 1 1-2 per cent.

NEGRO CHORUS TO PRESENT PROGRAM

The rich-toned rhthym of folk songs, spirituals, and other melodies of the negro race will mark a program by a fifty-voice chorus of Mount Calvary Negro Baptist church at 8:15 o'clock tonight at Texas Technological college gymnasium. A widely known negro pianist will play, G. H. W. Walker, pastor of the church said.

Joseph Lee Turner, negro pianist of Boston, who studied three years in Paris, France, under Prof. Isidor Philip, will appear in concert. Turner has appeared in San Antonio, Houston, Austin, Abilene, Dallas, Fort Worth, El Paso and Sweetwater. He also has played concerts in Boston, New York, Chicago and other metropolitan centers.

Arrangements have been made to accommodate white persons, Walker said. Twenty-five cents admission will be charged adults.

MILK WAR

(Continued from Page One)

dairymen reported increased lists of route customers.

Declaring that it is "impossible to realize a profit at the present price schedule", several dairy owners are continuing their usual rates and "not losing so many of them", reports from them indicated this morning.

Solution Sought

Fred Austin, president of the association, could not be reached for a statement, his telephone being reported busy throughout most of the morning. He stated Wednesday that an effort would be made Friday night to "iron out difficulties" so that "a fair rate of profit could be realized" by Lubbock dairymen. All dairymen of the city have been asked to attend the meeting.

The Journal also learned that Lubbock feed men are threatening to demand cash of all dairymen selling at the new low schedule, declaring that it is "impossible for them to pay feed bills at the present prices." This rumor, however, could not be officially confirmed, several feed dealers queried being reticent on the report.

AL CAPONE

(Continued from Page One)

gained circulation that he might withdraw his guilty plea and stand trial rather than make a personal plea for leniency.

The hearing lasted less than ten minutes. The big gangster, weighing 250 pounds, stood before the bar with his hands behind his back twisting a white handkerchief. He fattered a bit on his toes as he continued his methodical gum chewing.

The jurist read his remarks rapidly and dramatically, shaking his head for emphasis on. As he looked straight at Capone and said, "the defendant must understand he can have no agreement with the court," the gangster ceased his chewing.

Enters Court Alone

The big gang leader made his entry alone, driving from a hotel to the federal building without his usual bodyguards. Cordons of uniformed and plain clothes detectives cleared his way to the courtroom.

Avid throngs on the street pressed toward the four entrances of the building, but mounted police outside and files of officers within held back all save government men and court principals.

"Aren't you nervous?" someone asked Capone.

"A trifle."

"Perhaps you're used to it by now", suggested a woman reporter.

"Why should I be?" Capone countered, piqued.

He said his wife would remain here during his expected prison term, and he was sending his son to a private school—where, he would rather not say.

Japan has a campaign to increase its steel exports.

Livestock Market

KANSAS CITY REPORT

KANSAS CITY, July 30 (AP)—(U. S. Dept. Agr.)—Hogs: 2,500; 210 direct; uneven, steady to 25 lower; top 7.85 on 180 to 210 pounds; good and choice 140 to 250 pounds, 7.00 to 7.85; 250 to 290 pounds, 6.15 to 7.35; 290 to 350 pounds, 5.75 to 6.35; packing sows, 275 to 500 pounds, 4.00 to 5.15; stock pigs, good and choice, 70 to 130 pounds, 7.00 to 7.85.

Cattle: 2,500; calves: 500; grass fat she stock weak; other killing classes mostly steady; stockers and feeders steady to weak; top mixed yearlings 8.50; steers, 600 to 1500 pounds, 6.25 to 9.00; common and medium, 600 pounds up, 4.00 to 7.25; heifers, 550 to 850 pounds, 6.75 to 8.75; cows, 3.50 to 5.25; vealers (milk-fed), 4.00 to 7.50; stocker and feeder steers, 4.75 to 7.00.

Sheep: 5,000; lambs weak to 15 lower; odd lots sheep about steady; top Utah lambs 7.60; lambs, 90 pounds down, 6.50 to 7.60; ewes, 150 pounds down, 2.00 to 3.25.

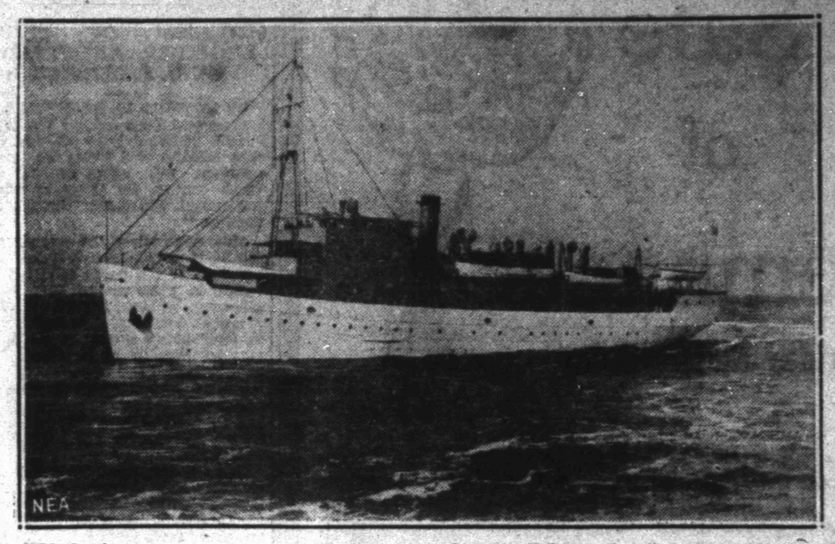

FORT WORTH REPORT

FORT WORTH, July 30 (AP)—(U. S. Dept. Agr.)—Hogs: 500, including 244 directs; few early truck sales small killers steady; later trade 15 to 25 lower; no rail hogs offered; early truck top 8.10; better grades 170 to 240 pound truck hogs 7.75 to 7.85; packing sows steady; packing sows at 5.00 to 5.25.

Cattle: 3,300, including 1,000 calves; slaughter steers and fat cows fairly active, steady to strong; fat cows 3.60 to 4.25; butcher cows cows around 3.00; low cutter sorts 1.25 to 1.75; slaughter steers 3.85 to 5.75; bulk grassers around 4.00 to 4.50; choice long yearlings 8.00; slaughter calves slow, about 25 lower; desirable heavy fat calves 5.75 to 6.00; cull sorts around 3.50 to 3.00.

Sheep: 3,000; fat lambs 10 to 25 lower; practically nothing else offered; bulk better grades fat lambs 5.75; bidding 5.50 for lower grades fat lambs; few fat yearlings 3.75.

"HYDROGRAPHER," NEW SHIP FOR GEODETIC SURVEY, IS MODEL OF SCIENTIFIC DESIGN; ACCEPTED BY GOVERNMENT

By NEA Service

BOSTON, Mass., —A new Coast Survey ship, christened the "Hydrographer," has just been accepted by the government to replace the Bache and the former Hydrographer, which have been out of commission for several years. This new ship is the first Diesel-electric propelled ship of the Coast and Geodetic Survey. She was launched at Portsmouth, Va., and was completed at Newport News.

Officers of the survey designed the new "Hydrographer," and selected the many modern devices with which she is equipped. Machinery consists of twin generators, driven by two 6-cylinder air injection Winton-Diesel engined, rated at 430 brake-horsepower each. A direct current propelling motor of 649 horsepower is controlled from either the pilot house or the engine room, allowing for the great flexibility in maneuvering required in a survey vessel.

The bridge is especially large, and is fitted with gyro-repeater pelroruses, electric deep-sea sounding machines of the Coast Survey type, fathometer, plotting table, radio direction finder, chart cabinet, motor control, binnacle and magnetic compass, searchlight control, and engine room telegraph, etc. It is of steel, with frameless windows affording unobstructed view and one clear vision window for use in fog, sleet and rain. There is in this pilot house also an automatic course recorder, electric submerged log, and a complete radio acoustic sound-ranging apparatus to permit of hydrographic surveys during foggy or rainy weather and hours of darkness. The binnacle compass is the new Navy compensating type. There is also an azimuth circle set on a metal standard.

The Hydrographer has two 25-foot launches of sea-skiff type, for inshore or general utility work, two 24-foot Navy standard whaleboats and two 16-foot dinghies. Accommodations are provided for 10 officers, 21 petty officers and 30 men in the crew. The fuel tanks are of sufficient capacity to last a long time, since the vessel cannot always obtain Diesel oil in small ports when away on the long cruises which she makes in her surveys of scientific and practical data of value to navigation.

REACH TURKEY

(Continued from Page One)

from the airport.

A sizeable croyd which had waited more than eight hours at the airdrome for the Cape Cod's arrival pushed into a small reception room of the Turkish air commandant, where Turkish aviators and civilian officials of the Turkish aviation league offered punch and cakes to the American airmen.

Asked whether he preferred punch or lemonade, Polando laughed and said, "what I really want more than anything in the world is a bath."

Drink Punch

But he and Boardman drank the punch and despite their fatigue beamed as the governor of Istanbul and Ambassador Grew toasted them.

Polando handed over to the governor a letter from President Hoover to President Mustapha of Turkey.

The aviators were in such good spirits they even consented to sign a dozen autographs.

Talking while a Turkish soldier brought a bucket of water to wash his hands before going into the official reception, Polando said he and Boardman got plenty of sleep, but ate little during the trip.

"We took turns piloting," he said "each taking half an hour's sleep off and on.

"The fuel just pulled us through. I don't believe there were more than ten gallons left.

"We would have made a faster record if fogs had not slowed our pace over France."

COVER 5,000 MILES

WASHINGTON, July 30. (AP)—Naval hydrographic experts figured today that Russell Boardman and John Polando covered at least 5,039.5 miles in their flight from New York to Istanbul, Turkey.

This is 126.71 miles farther than the previous non-stop record for heavier than air machines made by Dieudonne Coste and Maurice Bellonte in their flight from Paris to Coulart, China, September 27, 28 and 29, 1929. The distance flown by the Frenchmen is listed as 4,912.79 miles.

Corn-Cob Removed From Baby's Throat

A fragment of corn-cob having been taken fobm his right lung, 14-months-old Gerald Langford was resting well at Lubbock sanitarium this morning, attaches said. He is a son of Mr. and Mrs. E. W. Langford of near Levelland.

The obstruction was suffered while the child was eating a roasting ear at his home. The operation was performed Wednesday afternoon. Although his condition was serious, sanitarium attendants said the child was expected to recover unless complications developed.

Mexican Girl Held In Shooting Fray

RAYMONDVILLE, July 30 (AP)—Domingo Bueno, 20-year-old Mexican girl, was charged today with complicity in the slaying of Francisco Cisneros and W. F. Haygood, peace officers.

The officers were ambushed near a cemetery here last Sunday night. Jose Guzman, an officer who witnessed the shooting, said a gunman halted them on the highway and opened fire before they had a chance to defend themselves.

Officers have been unable to apprehend the man who fired the shots.

CANNON FOR McADOO

NEW YORK, July 30. (AP)—Bishop James Cannon, jr., of the Methodist Episcopal church, South said the only hope of Democratic success in the next presidential election is William Gibbs McAdoo.

And Curves, Too

Eighteen-year-old Ruth Thomas doesn't know much about baseball pitching and is only a novice at surf boat riding, but she takes the prize for fancy curves at the opening of the sports season on the Mississippi river near Memphis, Tenn. Here you see her completing a daring turn behind a speed boat at 35 miles per hour.

FLASHES OF LIFE

* * *

As Brought Over Associated Press Wires Today

(By The Associated Press)

Cold In July

BUENOS AIRES. — Snappy July weather prevails here. The coldest day of the winter has been recorded with temperatures well below freezing.

Toys Arrive

PHILADELPHIA. — Santa Claus has arrived. Perspiring sailors docked the steamer Blomerdijek with a cargo of Christmas toys from Rotterdam while the thermometer stood at 92.

Nude Bathers OK

OKLAHOMA CITY. — Small boys who go swimming raw hereabouts have a friend at court. County Attorney Lewis R. Morris freed six youthful bathers with the remark: "I didn't know what a bathing suit was until I was thirty years old."

BACK AT PRISON

SAN ANTONIO, July 30. (AP)—Ora R. Curtis, one of two prisoners who escaped from their guard at Fort Sam Houston Monday afternoon, was back at the post prison Wednesday. He was arrested by Constable B. A. Koehler of Marion, who found him beside Highway No. 9, waiting to pick up a ride to Houston. He offered no resistance.

OFF FOR MOSCOW

(Continued from Page One)

once after they left the Newfoundland coast had they been able to penetrate the gray "floor" beneath them, but at last through a hole in the clouds they spotted what they thought was a ship.

Coming down for a better look, they saw that it was a cottage near the Irish coast, its sides covered with rosebushes in full bloom.

Risked Landing

For four hours after that they floundered around in a milk-white sea of fog and finally risked a hazardous landing in a hillside field five miles from Cardigan.

The farmers of the neighborhood helped them find lodgings for the night at a nearby inn, and at dawn they came on to Croydon.

After leaving Moscow they said, their route would depend largely upon the weather and other circumstances.

Both fliers seemed to be in good physical condition when they left here.

Austin Car Company Is Held Insolvent

NEW YORK, July 30 (AP)—Charges the American Austin Car Co., Inc., maker of a small automobile, is insolvent were made by Charles Frasca, suing as a stockholder in an attempt to gain permission to have certified accountants examine the company's books.

Frasca declared the company's annual report for the year ending December 31, last was issued April 17, showing "quick assets" of $195,000 and current liabilities of $437,119.

Man Who Attacked Clara Is Sentenced

LOS ANGELES, July 30 (AP) — Frederick H. Girnau, pamphlet publisher, today was convicted on two of six counts of sending obscene matter through the mails in connection with an attack on Clara Bow, former motion picture actress.

Material for the published articles, reputed to have been the revelations of Miss Bow's "love life," was furnished by Daisy De Boe, former secretary to the film actress, Girnau contended. Miss De Boe was returned to the county jail recently to serve a sentence for theft from the actress.

Sentence will be imposed Friday.

Seek Mexicans Who Entered Illegally

Mexicans who entered the United States illegally are being sought by Oscar S. Norling, inspector here for the United States immigration service, in the Panhandle-Plains region.

Three Mexicans arrested at Amarillo for illegal entry were brought here late Wednesday and placed in city jail. They probably will remain here several weeks, or until Norling has taken into custody a number large enough to justify a trip to the border. The Mexicans then will be returned to their native country.

William McLean Is Claimed By Death

PHILADELPHIA, July 30 (AP)—William L. McLean, publisher of the Philadelphia Evening Bulletin and a former director of The Associated Press, died today. He was 79.

Mr. McLean, whose son, Robert McLean, succeeded him as a director of The Associated Press seven years ago, died at his home in Germantown after being ill a year.

Miss Lois H. Kirby of Austin, and Mr. and Mrs. Lloyd Kirby of Washington, D. C., are leaving today for Austin after visiting Mr. and Mrs. John Spikes, 1919 Main street. Miss Kirby, Mr. Kirby and Mrs. Spikes are brother and sisters.

TARIFF UP IN OPEN LETTER

DICKSON ASKS WHAT CHANGES HARRISON WOULD MAKE

WASHINGTON, July 30 (AP)— In an open letter through the Republican national committee Senator Dickinson of Iowa, has asked Senator Harrison of Mississippi to specify what changes he would make in event the Smoot-Hawley tariff act should come up for revision.

"Since you have ever stood in the fore ranks of those Democratic senators who have denounced the Smoot-Hawley tariff bill as the sum of all iniquities," the Iowa Republican wrote, "I think you should make clear to the country just what changes in the existing law you would make should there be an opportunity for the revision which you have so persistently urged."

Questions Submitted

Dickinson asked the Mississippian whether he would reduce the duty on several southern products including rayon, synthetic camphor, long staple cotton, and naval stores. He said the time had passed for dealing in generalities in the discussion of the tariff and requested Harrison to answer categorically a number of questions including:

"Is it not a fact that you approved all of the industrial rates which you so vigorously condemn (in generalities) when you voted against a proposal to eliminate from the tariff bill all increases in duties except those on agricultural products?

"Is it not a fact that you were perfectly willing that all of the industrial rates against which you now raise your voice for political purposes should be embodied in the bill provided you were able to retain in the measure the six cents a pound duty on long staple cotton?"

COUNTY LIBRARY TO OPEN NIGHTS

The Lubbock county library in City hall here will remain open until 8 o'clock Saturday nights, or two hours later than in the past, so that rural residents will have a better opportunity to obtain reading matter, Miss Rutillia Eubank, county librarian, said.

Daily library hours here are from 10 a. m. to 12 noon and from 1 p. m. to 6 p. m. Saturdays, the library will be open from 1 p. m. to 8 p. m., Miss Eubank said. It is closed Sundays.

"Out-of-town folks are invited to come in during their Saturday shopping rest, read the latest magazines, and take a week's supply of reading matter home with them," Miss Eubank said.

Piccard Plans To Make Balloon Hop

BRUSSELS, Belgium, July 30 (AP)—Prof. Auguspe Piccard, Belgian scientist, intends to undertake another balloon ascent soon to check the accuracy of apparatus he used during his exploration of the stratosphere, he disclosed in an interview today to the newspaper Derniere Heure.

He went up nearly 10 miles in his recent trip into the stratosphere. In his next ascent, he said, he intends to use a free balloon of 6,600 cubic feet, sufficient to reach an altitude of 12,000 feet necessary for his contemplated purpose.

Seek To Ban Film Of Clarence Darrow

DAYTON, Tenn., July 30 (AP) — The ministerial association of Dayton, the scene a few years ago of Tennessee's famous anti-evolution trial, has called upon the local theater to ban the showing of Clarence Darrow's film "The Mystery of Life."

Darrow was a principal figure in the trial, defending John T. Scopes, who taught the theory of evolution in the public schools, in defiance to state law.

In resolutions adopted by the pastors, protest was registered against the showing of what they termed "an anti-Biblical and anti-Christian picture," and the people of Dayton were asked not to attend the showing of the film.

Lubbock Poultrymen To Attend Meetings

Three Lubbock poultrymen left by automobile early this afternoon for two national conventions.

H. B. Lansden, a member of the board of directors of the American Poultry association, will attend the association's annual convention at Bay City, Mich. He is poultry service representative for Lubbock Grain and Feed company.

J. R. Newman of Economy mills and H. E. Hannas of Hannas electric hatchery here will attend the National Baby Chick association's convention at Louisville, Ky.

Camp Fire Girls At Kiwanis Lunch

Presenting songs and a stunt, members of the Camp Fire girls of Lubbock gave a short program before the Lubbock Kiwanis club at the Lubbock hotel today. Miss Margie Taylor, executive of the local organization, was in charge.

Nine girls appeared in the program.

Lt.-Gov. E. B. Miller of Plainview made a short talk to the club, urging attendance at the Texas-Oklahoma convention at Oklahoma City in September and asking support for Amarillo's invitation for the 1932 session.

B. C. Camp of Plainview was also a guest at the luncheon.

Sale of Remnants

Friday And Saturday

HERE IS AN EVENT every woman in Lubbock is interested in—Hemphill-Wells Company's Remnant Sale. This year you will find more to select from than ever because our most successful July Clean Sweep Sale has left hundreds of yards of short lengths and odd pieces on Linens, Ginghams, Madras, Cretonnes, Batiste, Prints, Domestic and Dimity Prints.

All Remnants are assorted in convenient table bins for your selection at the following prices . . . come early Friday morning!

HOOVER DAM IS HELD STRONG

CRITICISM OF CIVIL ENGINEER ANSWERED BY U. S. SERVICE

BY HOWARD W. BLAKESLEE
Associated Press Science Writer

NEW YORK, July 30 (AP)—Hoover dam builders said today the huge structure will stand as long as Black canyon, its site,—and that the canyon has stood "throughout the ages."

This summarizes the answer of the U. S. reclamation service to questions of the dam's safety. The answer is published in Civil Engineering, official journal of the American Society of Civil Engineers, in reply to an article in the last previous issue by M. H. Gerry, jr., San Francisco engineer.

The replies are signed by Elwood Mead, commissioner of reclamation, and Prof. H. M. Westergaard, consulting engineer of the bureau of reclamation.

Gerry said the great 727 foot high dam may be in danger of going out, like St. Francis dam. It might slide on its foundation, aided by water pressuer getting underneath its concrete mass. He questioned, too, the adequacy of its "arch" shape, whereby the dam bends deeply inwards upstream, like a crescent. He suggested more weight to give additional security.

"Nothing could be more misleading," Mead writes, "than the comparison of the St. Francis and Hoover dams and the drawing of conclusions therefrom."

Mrs. B. W. Logan Is To Be Buried Today

Funeral rites for Mrs. B. W. Logan of Memphis, Tenn., were to be conducted at 3 o'clock this afternoon at Rix Funeral home by Rev. J. O. Haymes, pastor of the First Methodist Episcopal church. Burial was to be in Lubbock cemetery.

Mrs. Logan died Friday at Memphis. Mrs. Logan was the mother of Mrs. H. E. Logan, of 2314 Sixteenth street. The body arrived here yesterday at noon.

Pallbearers were to be H. A. Lattimore of Floydada, Guy Graham, F. A. Heath, B. L. Stewart, J. A. Henson and Oscar Neitsch of Lubbock.

Lubbock Scouts In Swimming Contest

Lubbock Boy Scout troops No. 4 and No. 6 will compete in an Amarillo council swimming meet at Canyon next Monday, D. T. Jennings, South Plains Area council executive, said. Ralls scouts also may participate.

Troop 6 last year at the first annual swimming contest of the Amarillo council won first honors and was awarded a plaque, which the Lubbock organization will seek to retain this year, according to the scout executive.

EARLY MAILING IS URGED HERE

Lubbock merchants were urged Wednesday by Postmaster John L. Vaughan to mail their monthly statements before Friday so that the postal department can handle them Friday night and Saturday morning.

Through an act of the last Congress, regularly employed postal employes are allowed Saturday afternoons off," the postmaster said. "Since August 1 falls on Saturday it is necessary that we have the heavy flow of mail Friday in order to work it Friday night and Saturday morning. If the bills are mailed late Friday night or Saturday morning there probably will be some delay in delivery," he said.

The new regulation went into effect July 1. During the last month only two deliveries have been made on Saturdays instead of the customary three rounds made on other week days, according to the postmaster.

The first delivery on Saturday morning under the new plan is delayed until the arrival of both the Santa Fe and Fort Worth and Denver trains, accounting for the delay in the distributing of the early morning mail, the postmaster said.

Additional Credit Given Shallowater

An additional credit in home economics has been granted Shallowater High school by the state department of education, R. L. Hooten superintendent of Shallowater public schools, was notified Wednesday.

The additional credit gives the Shallowater school a total of 19 affiliated credits, which includes all of the work offered in the high school.

Three years ago no affiliated work was offered, Mr. Hooten said.

The school will be open September 10 for the fall term, the superintendent said.

COLORED ROADS

LONDON — The Ministry of Transport is experimenting with colored roads. It is thought that through the use of different colors on different colors on different highways it will enable motorists to know at once the kind of road he is traveling on and through what cities it passes. A book carrying a code to the roads would be distributed to motorists in the event the colored roads are adopted.

ROAD PROJECT TO BE LET

PAVING FROM LUBBOCK TO LYNN COUNTY TO BE AWARDED NEXT

A concrete paving project of 12.3 miles on state highway No. 9 from Lubbock to the Lynn county line is among those on which the Texas highway commission will award contracts today and Saturday, the Associated Press reported from Austin. Highway construction to be contracted for at this letting was estimated to cost between $5,500,000 and $6,000,000.

Other Projects Listed

In addition to the Lubbock work, bids will be taken today on the following West Texas projects:

Gray county: 17 miles triple bituminous surface from Wheeler county line to Donley county line on highway 75.

Coleman county: 11.4 miles grading and drainage from north of Coleman to south of Novice on highway seven.

Reeves county: Bridges over Screw Bean arroya on highway 17.

Concho county: Bridge over Hog creek on highway 4.

Potter county: 11.4 miles grading and drainage from Canadian river bridge to Moore county line on highways 5 and 115.

Concho county: 10.7 miles grading and drainage from Runnels county line to south of Paint Rock on highway 4.

Colorado county: Colorado river bridge on highway three.

King county: 15.7 miles grading and drainage from Cottle county line to Guthrie on highway 4.

Cottle county: Bridges and approaches over north and south Pease rivers on highway 4.

Reeves county: Bridge over Moody draw on highway 1.

Bass Services To Be Conducted Today

Funeral services for A. S. Bass, 57, who died at 1:30 o'clock Wednesday afternoon, will be held at 4 o'clock this afternoon at Bynum-Morgan Funeral home. Burial will be in Lubbock cemetery.

Bass lived at 1315 Avenue F. He died there after a long illness.

Mr. Bass is survived by three children: Mrs. Maurine Dean, Mrs. Neola Williams and Juanita Bass, all of Slaton.

After 38 Years

Sentenced to two years in jail for forgery nearly 40 years ago in a small Nebraska town, Charles E. Johnson (above) escaped with only seven months of his sentence to run. Now after 38 years of wandering, during which he escaped death in a shipwreck, finally married and settled down, he has given himself up to the authorities of Lincoln, Nebraska. Johnson has several children living in Washington.

WIRE KILLS TWO

SAN ANTONIO, July 30 (AP)—A live wire carrying power for a pump is believed to be responsible for the deaths of two men who were killed Wednesday morning while working at the bottom of a 25-foot shaft at the Normoyle quartermaster depot. J. D. Ludlow, 35, electrician, and Ramon Torres, 50, laborer, were killed.

DANDRUFF

SCIENCE HEAPS PRAISE ON UNWILLING HEAD OF PROFESSOR WHO EXPOSED TO SCRUTINY GERMLAND'S UNSEEN ARMIES

CHICAGO, July 30 (AP)—A shy, pipe-smoking professor or bacteriology who has invaded germland and exposed its myriads of unseen armies to the scrutiny of science, was lost today in a maelstrom of praise and inquiries from the scientific world.

Embarrassed by the limelight into which announcement of his theory of germ transformation had suddenly thrust him, Dr. Arthur Isaac Kendall of Northwestern university has steadfastly refused to answer questions but busied himself with perfection of the discovery to announce it to an eager world of science in a university publication two weeks hence.

Facts Volunteered

A few additional facts were volunteered, however, by Dr. Irving S. Cutter, dean of the Northwestern school of medicine, who has cooperated closely with Dr. Kendall throughout years of experiments.

With medium K—food for germs composed essentially of small intestine of man, swine, dog or rabbit—Dr. Kendall has caused the germs to grow manifold from the invisible to the visible stages and he can also send them back into the unseen, Dr. Cutter said.

This simple process has been described by scientists who heard the announcement last week, as the greatest medical discovery since Louis Pasteur because, they said, it will place within the reach of laboratory workers elusive baccili and make possible the discovery of the causes of many maladies, among them influenza, common colds, rheumatic fever, sleeping sickness, and even possibly cancer.

Become Large

The germs, fed on medium K grow to comparatively tremendous proportions within two or three weeks and disintegrate into invisibility within 10 days.

The discovery, Dr. Cutter said, has lifted a veil of mystery surrounding the double life of germs for years. Scientists have suspected their existence and observed their manifestations but they remained outside the range of microscopic vision.

Heretofore the standard test of presence of germs was the berkfield filter, a stone so fine that no visible baccili could pass through it. Dr. Kendall filtered substances and demonstrated that invisible germs existed where science could see none simply by nursing them along on medium K.

The experiments, too, have led to the discovery for the first time in the world's history of what science believes is the germ that causes influenza. Diplicoccus, it is called, and looks like a double-biscuit. Seven cases of the "flu" in as many sections of the city yielded the same germs.

And, while medical men of the world look toward Northwestern to learn the exact constituents of the magic medium K—preparation of which Dr. Cutter said is so simple a 10-year-old boy could fix it—Dr. Kendall is working and yearning for his annual vacation deep in the big smokies of Tennessee.

For after germs, the out-of-doors and collecting guns are his greatest hobbies and his home contains one of the finest collections of firearms in the city—many of them presents from friendly natives of the mountain country.

"If I had known that there would be so much fuss over this germ process I think I would have stuck to the guns," he said. "Germs are fine but a vacation right now will be welcome."

Peter, the experimental rabbit who was treated with a dose of influenza germs, a martyr to science, coughed violently in the corner.

"There, there, old boy," consoled Dr. Kendall as he patted Peter's head. "It's too bad but I can't help you."

And, like the absent-minded professor of many a pun, he groped around the test tube-filled laboratory for a small glass he had mislaid near a microscope.

Bridge Hearing Is Scheduled Friday

AUSTIN, July 30 (AP) — Sidney Benbow, assistant attorney general said today the hearing on dissolution of the federal court injunction against the use of the Red river bridge between Denison and Durant, Okla., will be held at Corpus Christi Friday instead of at Houston Monday.

The injunction was suspended Saturday by T. M. Kennerly of Houston, federal judge, after the legislature had hurriedly enacted a law giving the company operating a parallel toll span authority to sue the state on its contract with the highway commission.

Crowing of a cock aroused a policeman in a neighboring house at Enfield, England, recently, and resulted in the capture of thieves who had been raiding poultry farms in the vicinity.

SAVED HIS EGGS

NORWALK, Conn.—Herman Parsons is considering becoming a juggler after his recent escapade with an automobile. Parsons, crossing the street with a dozen eggs, was knocked down by an automobile. He suffered a fractured skull, a broken arm and broken leg. But he saved the eggs. Not one of them was as much as cracked in the accident.
