TALCO, TITUS COUNTY, TEXAS, THURSDAY, SEPTEMBER 2, 1965

NUMBER 30

## TALCO-BOGATA SCHOOLS HAVE ENROLLMENT OF 910 PUPILS

Schools in the Bogata-Talco Consolidated School District began classes Tuesday after registration on Monday. First day registration showed a total of 910 students in the five schools in the district, according to Supt. Travis Hale.

Desegregation plan has been approved by the Department of Health, Education and Welfare Office of Education for the Talco-Bogata CISD.

Enrollment breakdown figures show 337 students in Rivercrest High School. Of this number 30

are colored. North Bogata Elementary enrollment is 270, and South Bogata 47; North Talco Elementary has 214 with 10 being colored and South Talco has 42 pupils.

The budget of \$1,302,064.00 was approved on Aug. 31. Breakdown figures show operational expense at \$417,021; capital outlay \$807,500 and debt services, \$73,058.

Tax rate is \$1.10 maintenance and \$4.00 debt service, for a total of \$5.10 per \$100 valuation.

## PJC Registration Set For Sept. 8-9

Students planning to enter Paris Junior College this fall will register Sept. 8 and 9, according to Burton Mason, registrar of the college.

Sophomores, which include students having more than 30 semester hours of credit, will report to the college Sept. 8 at 8:30 a. m. for registration.

Freshmen, all those with fewer than 30 hours, will meet at 8:30 Thursday morning, Sept. 9. This year there will also be Freshman Orientation day on Tuesday, Sept. 8. All Freshmen are expected to report to the auditorium Tuesday morning at 8:30 a. m. at the college.

Anyone interested in attending night school should go to the ballroom in the J. R. McLemore Student Center on Wednesday night, Sept. 8, at 7:30 p. m.

Students entering the college for the first time should have their high school or former college transcript sent to the registrar's office.

This year all students, new and former ones, must fill out an application for admission form and two information cards. These forms may be obtained by going to the registrar's office, or by writing for them. If possible, these forms should be turned in to the registrar's office as far before registration, Sept. 7, as possible, so that registration packets and necessary materials may be prepared and processed in advance of the registration time.

Mr. and Mrs. John Terrell and two children returned to Astoria, Ore., Tuesday after a visit here with her grandparents, Mr. and Mrs. E. W. Burks and other relatives in this area.

## TALCO NEWS 10-20 Years Ago

Week of August 31, 1945

Wounded in action at Cassino, Italy, Pvt. William E. Thomas had been awarded the Purple Heart medal in a ceremony at Hot Springs, Ark. Thomas had been a war prisoner for 15 months.

Pfc. H. L. Calvert had been liberated from Werdan prison camp in Southern Germany and had arrived at Camp Fannin.

Pfc. Bill J. Payne had arrived at McCloskey General Hospital to convalesce following battle wound on Mindanao. Payne had seen action on Leyte and had been awarded the Purple Heart medal and Combat Infantryman badge.

A son had been born to Mr. and Mrs. Jack Brown and had been named James Edward.

A son, weighing 7 pounds and 9 ounces, had been born to Mr. and Mrs. J. P. Davis and had been named John Earl.

Week of September 2, 1955

Deaths: Martin Clifford Cannon at his Hagsport home after long illness; Rob Harper, of a heart attack at Durant, Okla.

Jimmy Cox and Ruby Kerton were married at Mexia. Cox was son of former Talco residents.

L. B. Davis, Mrs. Eugene Davis and her baby were in a car wreck at Greggton on their way to church.

Thirty-four Talco people were entering various colleges.

Mrs. F. A. Jones was new Local News reporter in Humble Camp.

J. M. Chism of Paris, was in Talco Monday on business.

## 4 County Water Study Released

An extensive ground-water investigation in four northeastern Texas counties — Camp, Franklin, Morris, and Titus — is reported upon in a new publication which Texas Water Commission Chairman Joe D. Carter released.

The study, conducted by the U. S. Geological Survey in cooperation with the Water Commission, suggests that the present rate of round-water withdrawal in these four counties could be at least doubled (from 4,300 to 8,600 acre-feet per year), if certain conditions were met. Wells must be properly constructed and adequately spaced, the report prescribes, and discharge rates must be regulated to prevent excessive drops of water well levels.

Water use in the four counties in 1963, in an area of 1,161 square miles, was approximately 19,000 acre-feet, or 17 million gallons per day. About 4,300 acre-feet of this amount was ground water withdrawn from the underground reservoir known as the Cypress aquifer, the principal ground-water source in the four-county area.

Bulletin 6517, entitled "Ground-Water Resources of Camp, Franklin, Morris, and Titus Counties, Texas," was written by M. E. Broom, W. H. Alexander Jr. and B. N. Myers of the U. S. Geological Survey staff.

A copy of the publication may be obtained without charge by writing the Texas Water Commission, P. O. Box 12311, Austin, Texas 78711.

Lynn, Roger, Terry and Steven Neugent of Dallas, returned home Friday after visiting their grandparents, Mr. and Mrs. Jack Hammond and Mrs. Nolan Neugent. Mr. and Mrs. Hammond accompanied them to Dallas.

## Fire Damages Reed's Station

Reed's Fina Station was badly damaged by fire Friday evening. The fire which was discovered about 8:30, destroyed the interior of the station, equipment and supplies in the office department. Cause of the fire was not determined. No estimate of the damage had been made Tuesday.

## Vehicle Inspection Began On Sept. 1

Austin. — "There is a touch of tourism in the 1966 Texas vehicle inspection sticker," said Colonel Homer Garrison Jr., director of the Texas Department of Public Safety, as he announced the new vehicle inspection period to begin on Sept. 17, 1965.

"On that date, all official inspection stations will begin issuing the colorful new sticker, a part of which is a replica of the flag of the Lone Star State," he continued.

In making this announcement, Garrison urged motorists to secure new stickers as soon as possible even though they are not required by law until April 16, 1966.

Garrison noted that his new inspection period marks the beginning of the 16th year of compulsory vehicle inspection in Texas and that during that time, vehicle defects as causative factors in motor vehicle traffic accidents have decreased continually.

During 1965, the reduction brought this rate to an all-time low, which compares most favorably with the lowest rates in the nation.

Mr. and Mrs. R. R. Kelley and Mrs. O. E. Hopwood visited Mr. and Mrs. J. B. Osborn in Naples, Sunday. Mr. Osborn, who has been ill, is reported to be improving.

## W. T. (Bill) Gray Buried At Talco

Graveside services were held at 4:30 Wednesday afternoon at the Talco Cemetery for W. T. (Bill) Gray of Longview. Mr. Gray died Monday night from injuries received in a car accident. A former resident of Talco, he was the son-in-law of Mr. and Mrs. R. T. Fuller Sr. He is survived by his wife and one son, Billy Terry Gray.

Information concerning the accident and funeral arrangements were not available Wednesday, as members of the family were in Longview.

## Cunningham Lists Enrollment of 130

Registration and the first day of class work for the 1965-66 term at Cunningham School got underway Monday, according to Supt. Leslie H. Taylor. A total of 130 students registered the first day, with others expected to enroll later. Of this number, 40 are in high school and 90 in grade school.

One new teacher, Mrs. Philip Brooks of Cuthand, was added to the faculty this year. She will teach homemaking, a subject that has not been offered in the school in several years. Buses made their usual routes and the lunch room was opened on the first day of the term.

Classes will be dismissed on Monday, Sept. 6, Labor Day, for the first holiday this year.

Mr. and Mrs. Dale Funderburk returned to Stillwater, Ok., Sunday after visiting Mr. and Mrs. J. F. Cook and Mr. and Mrs. J. D. Funderburk. While they were on vacation they went to Mount Rushmore.

## Titus C. Markets \$13.9 Million In Crude Oil, Gas

Titus County's producers and royalty owners are marketing some \$13.9 million in crude oil and natural gas a year, according to statistics released by Texas Mid-Continent Oil & Gas Association this week.

Ranking 78th among Texas' oil and gas producing counties, Titus County in 1963 received some \$13.9 million from wellhead sales of oil and an estimated \$5,000 from natural gas. County production of oil was approximately 4.7 million barrels; natural gas, 41 million cubic feet.

Farmers, ranchers and other mineral owners share in a \$1.7 million distribution of oil and gas royalty payments annually.

Data from the Texas Employment Commission indicates direct employment in oil and gas industry jobs for more than 590 Titus County citizens with a payroll of approximately \$3.1 million a year. Because oil operations require such a large number of service contractors and supply firms, which are not included in this figure, direct employment figures are only part of the story of local economic impact.

A tabulation by the Oil and Gas Journal shows 16 wells were drilled in the county in 1964; 11 oil, 4 dry holes, and one service well. A total of 63,000 feet of hole were drilled — 59,000 for development wells and 4,000 for wildcats.

In addition to local school and county property taxes by oil and gas operators, taxes on production from Titus County flowed into the State Treasury at the rate of about \$640,000 a year.

An upgrading of the county's gross economic output is contributed by the operation of a refinery with a capacity of approximately 19,000 barrels of crude a day.

## Book Lovers Club To Meet Sept. 10

The Talco Book Lovers Club will hold their first meeting this fall at 2:30 Friday, Sept. 10 at the home of Mrs. R. R. Kelley.

Mrs. L. E. Sullivan will be in charge of the program, theme of which is on nursing home. Mrs. Sullivan will discuss the article, "Nursing Homes—Are they really for people?" All members are urged to be present.

Mrs. Mineola McMillian of Ft. Worth, came Tuesday for a visit with her mother, Mrs. W. M. King. She was accompanied here by Mrs. O. T. Stephenson.

## Alcorn Thinks He Thinks Up Another New Idea For Source Tax Revenue

Editor's note: Achin Alcorn, philosopher on his Johnson grass farm on Sulphur won't get far with his idea this week, we predict.

Dear Editor: As important as every new break-through in science is, none of them can hold a candle to anybody who thinks up a new source of tax revenue.

I have thought up several in the past like taxing rainfall in a drought area and sunshine in a rainy area, so the government would have tax money coming in, rain or shine, but haven't gotten very far with them. Yesterday I thought up another one.

According to the newspapers, the U. S. mint is now making a quarter without any silver in it, but it does have a copper band around its edge so it'll have the proper electrical properties to work in the nation's 12 million coin-operated vending machines.

Money that wouldn't work in a coin machine wouldn't be worth much nowadays.

At the same time, I read that four and a half million young people will be in college this fall. I don't know why somebody hasn't thought of it before, but why don't colleges and universities set up some coin-operated machines in the hall outside every class room door furnishing answers to examinations?

## Talco Girl In Car Pickup Wreck

Mr. and Mrs. Mack Fenton and Miss Jan Kirl, who were enroute from Amarillo to Talco to visit their parents, Mr. and Mrs. Joe Kirl, were injured in an automobile accident near Quanah on Saturday afternoon.

It was reported that a pickup truck pulled onto the four lane highway from an intersection. Mrs. Fenton, in an effort to avoid a accident pulled into the left lane; however the driver of the pickup, not seeing the car and attempting to cross the highway, pulled into the Fenton car.

Mrs. Fenton received chest injuries when she was thrown against the steering wheel. Mr. Fenton received deep facial lacerations when he was thrown in the windshield.

Miss Kirl, who as riding in the back seat escaped with minor injuries. They were dismissed from a Quanah hospital Sunday, but are under the care of an Amarillo physician.

The driver of the pickup, who was 89, was seriously injured. Both jaw bones were broken, he received a broken hip and internal injuries. His wife, who was also in the pickup, was not hurt seriously. Both cars were totally wrecked.

Mrs. Marie McGonagill accompanied Mrs. Kirl to Quanah Saturday. They were joined at Gainesville by Mr. Kirl.

## Rains Interrupt Cotton Harvest

Rain Tuesday night interrupted the cotton harvest which was beginning to get in full swing in this area. A shower Friday night also delayed putting out chemicals in preparation for mechanical pickers.

A cloud out of the northwest brought 1.40 inches of rain to Deport Tuesday night and .60 of an inch on Friday night to make 2 inches of moisture the past week. There was little run off as the rains soaked into the parched earth.

Only one bale has been ginned at Cunningham while 35 have been handled at Fulbright.

Opening price on seed was \$45 per ton and that was the quotation figure Wednesday.

Tina Vickers was honored Saturday morning with a party on her 4th birthday. A white cake, topped with pink roses and punch was served to Terry McGonagill, Mark Hudson, Robbie and Randy Moon, Todd Slaughter, Cathy Owens, Jo, Jill, Greg Jones.

## Alcorn Thinks He Thinks Up Another New Idea For Source Tax Revenue

Where is the student who wouldn't at one time or another give two-bits an answer for questions on an examination?

With over four million students as a prime market, the colleges could collect a million dollars on every examination. Any time a college needed a to add a few books to the library or a few seats to the stadium, ask the faculty to give a special examination.

With a graduated scale, say two-bits for weekly exams, four-bits for monthly exams, and at least a dollar for finals, the coin-operated answer-machines would do a land-office business.

I'm not suggesting this, but it's well also to bear in mind that there will be nearly 13 million high school students this fall and 36 million elementary students, and the field there for coin-operated answer-machines is vast, in case it costs more to get to the moon than we figured.

Of course though, about the time they got these machines going and bringing in the money, somebody in Washington would think up the idea of federal aid in quarters to help students keep paying for the answers, and everybody would be back on the same merry-go-round.

I doubt if this idea will work. Yours faithfully A. A.

Austin. — More than a dozen state boards, agencies and licensing organizations go into effect this week.

Heading the list of important agencies are the Coordinating Board, Texas Colleges and Universities to direct the state's higher education system (replacing the Commission on Higher Education) and the new State Board of Mental Health and Mental Retardation. The latter supplants the Board for Texas State Hospitals and Special Schools.

Tuberculosis control functions of the old hospital board go to the State Health Department assisted by a new Tuberculosis Advisory Committee to the State Board of Health.

Among other groups which began functioning September 1 under broad reorganization plans ordered by the 59th Legislature are the Texas Water Rights Commission and the Water Development Board.

Legislation also set up an Air Control Board (for air pollution regulation), an Indian Affairs Commission, a Fine Arts Commission, and special licensing organizations for pesticide applicators, sanitarians and polygraph examiners.

All have legislative-directed missions in the rapidly-changing scene of a growing state government. Broadest changes in state history are expected of new programs for the hospital and higher education systems under revamped administrative organizations.

**APPOINTMENTS** — Gov. John Connally has buckled down to work on the mass of appointments to the many, generally unpaid, state boards and commissions which run these state agencies.

Many of his choices are reappointments, either of his own earlier appointees or those for former Gov. Price Daniel.

Among appointments made by the governor include Joe G. Moore Jr., formerly of Clarksville, as chief administrative officer of the new Texas Water Development Board and Howard B.

Boswell as head of the board's bond program.

**AIRPORT AID** — Texas Aeronautics Commission has the difficult task of deciding which of the under - 50,000 - population towns who have applied for aid will get portions of the \$200,000 authorized under the Texas Airport Aid Program.

Considering these six applicants in most "urgent" need, Commission offered Comanche, \$12,000; Gatesville, \$12,000; Hallettsville, \$10,000; Lampasas, \$8,000; Pinedland, \$15,000; and Caldwell, \$10,000.

Thursday the Commission is scheduled to hear applications by Cameron, Clarksville, Post, El Campo, Floydada, Kountze, Hearne, Jacksboro and Port Mansfield.

**FPC ASKED TO RECONSIDER** — Atty. Gen. Waggoner Carr has filed a rehearing motion with the Federal Power Commission on its recent decision to set the area price for old gas in the Permian Basin at 14.5 cents per mcf and for new gas well gas at 16.5 cents.

Both the oil industry in the basin and the State had requested a price of not less than 20 cents mcf on all gas.

Carr said the lower ceiling price set by the FPC would "have a direct and material effect on the State's revenue from taxation."

**POLL TAX SUIT JUDGES** — A three-judge panel has been designated to hear the federal court suit attacking the poll tax as a voting requirement in Texas.

Named by Fourth U. S. Circuit Court of Appeals Judge Elbert Tittle to hear the suit are:

Judges Homer Thornberry and John R. Brown of the Fifth Circuit Court of Appeals and Judge Adrian, Chief judge of the U. S. District Court for the western district of Texas.

**"MEDICARE" SWINDLERS CIRCULATE** — Sen. Walter Ricker of Gonzales, chairman of the Governor's Committee on Aging, warns elderly Texans to beware of offers being made in the wake

ANSWER . . . QUICK!  
Where Are They?

- Your U. S. War Bonds?
- Your insurance policies?
- The deed to your home?
- Your contracts or business papers?
- Your important financial records and receipts?
- Your will?
- Your jewelry, keepsakes, heirlooms?

If your home were burning, you'd have to answer ALL these questions in a FLASH. The best answer at ANY time is "SAFE in my Safe Deposit Box." The cost? Less than you pay for your daily newspaper. Stop in and let us tell you all about it.

**You Wouldn't Attend A Wedding Without An Invitation**

The Same Thing Applies When You Go Shopping

The Stores That Want Your Business Will Invite You to Come In

Each week progressive merchants use the pages of this paper to extend you an invitation to come in and look over their wares. These merchants SEEK your business. In return all they ask is that you come in and see what they have to offer. It is a pretty safe bet that the merchant who goes to the trouble to INVITE you in will treat you right when you accept his invitation.

**PATRONIZE OUR ADVERTISERS WHO INVITE YOU TO DO SO**

**Star-spangled money saver**

Used properly, this red, white and blue writing "tool" can take care of your money-saving problems in a single stroke.

You just grasp it firmly and put your John Hancock on an application for the Payroll Savings Plan where you work.

This authorizes your employer to make your savings automatic. He sets aside a small amount from your check each payday toward the purchase of U. S. Savings Bonds.

The amount can be any size. The important thing is it's saved regularly.

Don't worry if you have to use an ordinary pen instead of a star-spangled one. You'll get a nice star-spangled feeling to make up for it.

## Eighty Fighting Cocks Jailed

Pulaski, Va. — Eighty roosters confiscated in a raid on a cock-fighting pit June 14 are on their way to prison.

Judge Allen Groseclose passed sentence Wednesday deciding it would be cruel to kill the roosters and they cannot be sold in any state where gambling is illegal.

Groseclose decided to send them to the local prison camp and let officials there decide what to do with the tough, fighting birds.

### ALL DEPENDS

He: "I suppose a lot of women will be miserable when I marry."  
She: "Well, I don't know. How many women do you plan to marry?"

Mr. and Mrs. J. B. Hall and children of Eldorado, Kans., visited Mr. and Mrs. Lyndon Reed, Sunday. Mr. Reed and Mr. Hall were in the Navy together and the families lived in Florida during World War II.

Mr. and Mrs. Larry Kent and Patrick spent the week end with Mr. and Mrs. A. E. Foster. They reported to Lazbuddie, where both will be teaching. He is basketball coach and Mrs. Kent is teaching in Jr. Hi. Both have recently graduated from ETSU, Commerce.

Rev. and Mrs. C. H. Paxton and family returned home Saturday from Ridgecrest, N. C., where they attended the Southern Baptist Convention Home Missions encampment. Theme of the meeting was Evangelism. Enroute they visited points of interest.

Eight students from Titus County were among approximately 550 candidates receiving degrees at East Texas University, Commerce, Tuesday night, Aug. 24. The graduation list included Mary Holmes Kent, B. S., history and physical education; Larry E. Kent, B. A., physical education, Talco.

Mr. and Mrs. J. H. Barger spent four days of their vacation in the home of their sons and families; Mr. and Mrs. Shelby Wayne Barger of Plano, Mr. and Mrs. James W. Barger of Garland, Mr. and Mrs. Leon Barger of Richardson. Mr. Barger visited Mr. and Mrs. Charles H. Russell in Plano, Mr. Barger and two sons, Leon and J. W. Barger, visited a cousin, Leo Barger and Mrs. Barger in Irving. Mr. Barger had not seen his cousin in about 30 years.

## TO THE VOTERS OF TALCO AND MAPLE SPRINGS VOTING BOXES:

It has been my pleasure to have served you as Deputy Sheriff under Mr. Alvis Redfearn for several years. A great amount of my time was taken up around the office and helping with the office and 3 terms of court each year. I was advised by the sheriff that his plans were for me to move to Mt. Pleasant. When this became known by the Commissioners Court there was a lot of controversy about it. A delegation of Talco businessmen and the mayor of Talco met with the court and Sheriff Redfearn and prevailed upon the sheriff to reconsider and keep a deputy in Talco. It was made clear by the Sheriff that he would go along as he had planned.

I chose to go along with the Talco group, as the salary that I was receiving would not justify my moving to Mt. Pleasant. The only way left for the commissioners court was to call an election and elect a Constable for Talco and Wilkerson, Justice Precinct 3. I will appreciate your vote September 7th, Tuesday, for the office of Constable.

My only promise is to treat people right and allow each person equal privilege and do that as the law directs me to do.

LOYD GRAF, Talco, Texas  
(Paid Pol. Adv.)

## LOCAL NEWS ABOUT BOGATA

Mrs. John Crump of Bogata, Mrs. Lloyd Murrell of Detroit, Melissa and Mark Adams of Bagwell, spent Friday with Mrs. Willie Dearman and Miss Tollie Robinson in Paris.

Mrs. Bobby Fodge of Irving, spent the week end with her parents, Mr. and Mrs. Lloyd Murrell of Detroit. She also visited Mr. and Mrs. Russ Fodge in Detroit and Mr. and Mrs. John Crump at Bogata.

Mrs. W. M. Larimore, resident of Red River Haven, Bogata, spent Monday in the home of Mrs. J. C. Roach in Deport.

Mr. and Mrs. Dan Barnard and family visited Mr. and Mrs. Dickey Whitaker and Chris in Paris the week end.

## Bill Penalizes Card Destroyer

Washington. — The Senate passed by voice vote and sent to President Johnson Friday legislation providing stiff penalties for willful destruction of military draft registration cards.

The legislation sped through both houses after some draftees burned or tore up Selective Service cards in public protest against the administration's Viet Nam policies.

The measure was sponsored in the Senate by Sen. Strom Thurmond, R-S.C., a retired Army Reserve major general.

## LIGHTOLIER STUDY LAMP

Especially designed to provide correct light for home study, the Lightolier Study Lamp stands 21" tall overall, the correct height to spread light evenly over the work surface. It's equipped with a diffusing bowl that softens the light and prevents glare. And its translucent plastic shade conceals the light source from the eyes. The result is an abundance of eye-easy light that prevents eyestrain... keeps young minds alert. See this new Lightolier Study Lamp on display at our office. Better light means better, sight and a better student.
