The Gay Philosopher

By J. W. S.

WENT INSPECTING over at the Cisco Peanut Company the other afternoon. And the big wheels were all turning. They have commenced shelling 1949 peanuts so the new oil press can be put into operation next week. The oil press is ready to go, and they must have some shelled peanuts for it to press.

This is going to lead to another proposition. After the oil is extracted from the peanuts, they have left a peanut pulp that is highly regarded by cows as a very delicious food. It has a little higher protein value than cotton seed meal.

Manager Zan Burroughs tells us that in two or three months he hopes to have equipment installed to make the pulp into peanut meal for cows. This all gives our city a year around payroll, whereas the plant formerly ran only during the buying and shelling season.

OUR SCOUTS out on College Hill tell us that we should have been out for the fine program Monday in the college auditorium. A trio of Holland natives staged a program that the students are still talking about. It consisted of folk dancing and music.

Of particular interest was the playing of a common ordinary hand saw with a fiddle bow and some high class yodeling.

OVER IN ONE of our neighboring towns the other day we heard a lot of fine things about what a splendid president Mrs. H. N. Lytle is making for the Legion Auxiliary's fifth division. We also heard that the large division is making preparations to sponsor her for state Auxiliary president next year.

This would be a fine honor, indeed, for our town.

CONGRATS to Mr. Doug Johnson for making the all-district football team. He has two more years at Cisco High, we're sure you'll be glad to know. And in Class A competition, he will probably be just about the hottest shot of ball. He's a fine boy and all Cisco is proud of him.

WELL REPORT to you (as many had inquired) that our new linotype machine now is in the house and awaiting a machinist from the manufacturer to be set into operation. The moving job was accomplished by a committee headed by Mr. Jake Honea, who moved the three large boxes in after some three hours of hard work.

When we get it in operation, we'll invite one and all down to see it run.

"PRETTIEST SIGHT between Abilene and Fort Worth." That's what a salesman told us about Cisco's new Christmas lights. Let's all put a wreath or just one colored light in our windows at home to add to the over-all appearance of the town. Bet you it would add to the general spirit of Christmas.

The lights on top of the First Christian Church look very good don't you think?

Wranglers To Open Home Cage Play With H-S-U Frosh Thursday

Cisco basketball fans will have their first chance Thursday night to see this year's Wrangler court artists in action when they play the Hardin-Simmons Freshmen at the Community Gym. Starting time for the game has been set at 8 p. m.

The Wranglers will be pitted against a team that has been practicing for several weeks and Coach Stormy Davis expressed little optimism as to the chances for his Wranglers who donned basketball tigs a little over a week ago.

Durward Smith, former Lobo star and 1949 all-district 6AA forward, has won a starting berth on the H-S-U freshman team and will be seen on the court Thursday night.

Coach Davis and his team have been working hard during the few days they have been training and have eliminated many flaws in their floor play. The work of Grigsby at forward, Rainey at guard and Gunn at center is particularly encouraging.

Davis plans to use as his starting lineup in the Thursday tilt Grigsby and Rosenbaum at forwards, Gunn at center and Rainey and Travis at guards.

Grigsby is a former all-district player from Floydada. He was one of the standouts of the Wrangler eleven during the past football season. Curtis Risenbaum played three years with the Eula team and was a star during his play there. Gunn, six feet and two inches, is from Blanket where he played four years and made the all-district team. Rainey played with the Levelland team while in high school and made some of the all-tournament teams. Travis was a member of the 1948 Cisco High School team and was outstanding with his fast floor work and ball handling.

The Wranglers play in the Ranger Invitation Tournament next week and are working hard to be in shape for the event.

Chas. E. Kilborn of Ft Worth came to Cisco for a weekend visit in the home of his parents, Mr. and Mrs. Zed Kilborn, and accompanied his wife and son, who had spent the week here, on their return home.

Mr. and Mrs. Paul Dungan and son Corkie of Jal. N. Mex., are visiting here with Mrs. Tom Terry and family and attending at the bedside of Mrs. Dungan's brother, Mr. Terry.

Local High School Annual Staff To Have Fashion Show Friday Night

The annual staff of Cisco High School has planned a fashion show at the high school auditorium for Friday, December 9, at 7:30 p. m. The show, "The Festive Holiday," will be presented by the high school students.

The clothing displayed will be furnished by Altman's of Cisco and Eastland, Fergusons, J. C. Penney Co., and Mode O' Day of Cisco and D. H. Houle of Eastland.

RANGER PLANS XMAS PAGEANT

Mrs. W. L. Holmesley of Holmesley School of Fine Arts, Ranger is the director of the pageant "The Old, Old Story" to be presented in Ranger at 7 p. m., December 10.

The program will be given on the sidewalk in front of the Gholson Hotel and the audience will be asked to stay on the opposite side of the street which will be roped off at that time. No admission will be charged for the Christmas program and everyone in the area was invited to attend.

The part of Mary will be portrayed by Barbara Wylie, a senior in Ranger High School. Roscoe Harper will play the part of Joseph. Mr. Harper is a Ranger Insurance man. Angel narrator will be Nancy Philips, a student at Ranger Junior College.

Mrs. R. F. Full will be the soloist and R. F. Webb, Pat Thomas and John Shepherd will play the part of wise men. The three are teachers in the public schools and college. The high school seniors will be shepherds and the angel choir will be composed of Ranger Junior College students.

Other Ranger students will serve as candle bearers and cherubs. Much work has been done in preparing the pageant and a beautiful background has been arranged.

SEMI-WILDCAT STAKED

A semi-wildcat for Eastland County was announced recently when M. D. St. John of Wichita Falls reported that he had staked his No. 1 Johnny Aaron. The well is located approximately six miles southeast of Cisco and is 1,250 feet from the north and west lines of the southeast quarter of section 4, block 3, H & TC Railway Survey. Plans call for exploration to a depth of 3,500 feet.

McCrea and Katherine Scott will model clothing furnished by Altman's of Cisco. Johanna Blackwell, Anna Ruth McCrary and Carlene Pence will model the Penney Company creations. Anita Carlin, Barbara McCauley and Darlene Parmer will model for Mode O' Day Shop. Dorothy Butler, Johanna Chapman, Mary McCrea and Virginia Weiser will model for Fergusons. Scrippy Cluck, Bobby Reynolds and Barbara Schaefer will model for D. H. Houle of Eastland.

Renabel Bible, Dixie Hansen, Mary Dale Stinson and Nada Wagley will model clothing displayed by Altman's of Eastland.

Everyone was invited to attend the fashion display and the admission charge was set at 50 cents. The money derived from the show will go toward publishing the school's year book.

START NEW WELL

West Bros. and Associates announced that they were moving in to begin operations on their John D. Isenhour No. 1. The well is located a mile east of Putnam near the old city lake.

It is to be a test to the Davis sand and will be drilled to approximately 600 feet.

West Bros. have been active in the Putnam area for a number of years and have confined their activities to the shallow production.

Mrs. R. T. Janes of Rising Star visited here the first of the week with her sister and husband, Mr. and Mrs. W. H. LeRoque, while en route home from a trip to Seattle, where she had been visiting her son.

B. A. BUTLER RE-ELECTED SECRETARY OF CHAMBER OF COMMERCE HERE

B. A. Butler was reappointed to the office of manager of the Cisco Chamber of Commerce by the unanimous decision of the directors at a meeting in the Chamber of Commerce building Tuesday night.

Mr. Butler, in a statement Wednesday, thanked the board for its vote of confidence and assured them and all citizens of Cisco that his continued aim was for making Cisco a better place in which to live.

At the business meeting reports were heard from various committees and plans for the coming year were discussed. It

Changes Made By Texas Rural Road Ass'n

AUSTIN, Dec. 7 — Jim Cantrell, Princeton banker and President of the Texas Rural Roads Association, announced today the resignation of Gilbert Smith, who has been executive director of the association for one year.

Judge Smith tendered his resignation effective January 1 to the executive committee in a meeting at Waco last week, to accept a position with the Texas Railroad Commission.

Robert G. Dillard, Austin, was named by the committee to succeed Smith. A native Texas, Dillard has been in organization and association work for 10 years.

Theology Student To Talk Here Sunday

AUSTIN, Dec. 7 (Sp1) —Tom Lovett, senior student at the Austin Presbyterian Theological Seminary, will serve as guest pastor Sunday morning at the First Presbyterian Church of Cisco.

A graduate of the University of Texas, Lovett has done summer supply pastoral work in Presbyterian churches in Yoakum, Fort Worth, and Haskell, Tex.

Lovett is currently seeking the Bachelor of Divinity degree from Austin Seminary. He is a native of Seguin and a veteran of three years in the Navy.

COX OUTLINES PLAN TO FIGHT VD IN TEXAS

AUSTIN, Dec. 7 — "They track down VD," explained State Health Officer Geo. W. Cox. "Our investigators are especially trained for the difficult job of locating people who have been exposed to a venereal disease," he said.

Last year, the State Health Officer stated, public health agencies reported 41,625 persons as contacts or suspects of having a venereal disease. All of these reports have been investigated either by one of the health department's representatives, by a public health nurse, or social worker.

"These investigations are conducted in strictest confidence," said Dr. Cox. "The individual's privacy is respected to the utmost degree. And, he added, Contact investigation pays off. More than 21,000 cases of venereal disease were found by this method alone in 1948."

A good investigator combines the qualities of health educator and sociologist, according to Dr. Cox. He must be thoroughly trained in the skills of locating people, often on meager information. He must know the venereal diseases, and how they are spread. And above all, he must have an understanding of people, and the why's and wherefore's of their behavior.

DAV FILM TO BE SHOWN HERE

Cisco residents will soon see at the Joy Drive-In theater a 10 minute educational movie short dramatizing the story of the Disabled American Veterans.

The film, titled "How Much Do You Owe?" stars James Stewart, famous motion picture actor, and General Jonathan M. Wainwright, hero of Bataan and Corregidor.

With Jimmy Stewart contributing his services and the entire motion picture industry co-operating to make the film and its distribution possible, moviegoers will see a dramatic, alive and realistic presentation of the rehabilitation of the disabled veteran.

The recent 28th national convention of the Disabled American Veterans in Cleveland unanimously adopted a resolution commending the motion picture industry for its contribution and a special citation was awarded Stewart.

The story was written by Col. Owen Crump, well known Hollywood writer and producer and was directed by Ralph Staub, able Columbia Pictures director. Step by step, through the thread of the plot of the short, is the courageous story of the problem facing the disabled veteran. A realistic presentation is made of the problems that every community faces and the march in which the DAV serves.

LOBO QUEENS OUTPLAY PUTNAM TO WIN TWO GAMES ON TUESDAY NIGHT

The Cisco High School Lobo Queens continued their winning streak Tuesday night at the Community Gym when they took two games from Putnam High School. The "A" team won by a 43-18 score while the "B" team was winning 25-8.

Dorothy Harlow was back in her old form and hit the basket for 27 of her team's 43 points and won high scoring honors for the game. Pansy Pippen was in second place with 11 and Eula Hildreth scored five. The work of Pippen and Hildreth in

feeding the ball to Harlow was sensational. Hildreth has developed into one of the fastest forwards in the area and has an uncanny ability to be in position to get the ball at the right time and pass it to Harlow for the shot.

The work of Monte Lisenbee, Betty Green, and Jessie Warren, guards, continued good and they held their opponents to an unusually low score for the night. McKinney was high scorer for Putnam with nine. White trailed with seven points.

In the "B" game Dolores Johnson scored 18 points for Cisco to win honors. Wylene Birt was in second place with seven. Patsy Denton, the other forward, kept the ball in the hands of the other two sharp shooters. Barbara Schaefer, Betty Hughes, and Charlotte Smith, guards, kept the Putnam subs down to eight points. Speegle was high for Putnam with five.

The Queens were supposed to play Ranger Tuesday but Ranger canceled the game and Putnam was invited to take their place. Miss Shaver will take the Queens to Olden this week end to enter the tournament there. They play Moran in the first game at 6 p. m. Thursday. They have not played the Moran girls this year but have tried three times to schedule a game. The winner of the Moran-Cisco game will enter the semi-finals Friday night.

Mrs. J. S. Mobley and grand daughter, Carolyn Miller, returned Saturday from Dallas, where they spent several days with their daughter and aunt, Miss Marcie Mobley. While there they attended a shower in the home of Mrs. M. Meredith honoring Marcia Mobley, whose engagement and approaching marriage was recently announced.

CLUB MEETING THURSDAY

Word Home Demonstration Club will meet Thursday afternoon at 2:30 with Mrs. Rudolph Schaefer at her home on the Rising Star highway. The meeting will be a Christmas party, and members of Lake Cisco Home Demonstration Club will be special guests.

Your Bank Wants To Serve You Always Ready To Assist And Advise 1ST NAT'L in Cisco—Mbr. F. D. I. C.

Old Saint Nick will pay his official visit to Cisco at 2 p. m. Saturday, December 17, it was announced today by the Chamber of Commerce parade committee who received word from the North Pole that he would ride in the annual parade on that day and distribute favors to the children.

Plans were nearing completion for the parade and Bob Elliott, chairman, stated that the interest was the highest it had been in recent years. The fact that more than 20 business firms and civic organizations had promised floats and decorated cars for the occasion showed that it would be the best parade in years.

Santa will appear some where in the parade riding on a beautifully decorated float. The parade will be led by the Cisco High School band. It will start at the north end of Avenue D and travel up the street for several blocks before disbanding.

Mr. Elliott invited others to participate in the parade by entering decorated floats and automobiles. A larger crowd than usual was expected for the event since many will be here for the weekly Appreciation Day program and because of the fact that Cisco has gone all out this year in making the town the Christmas shopping center of the area.

SCRANTON NEWS

Mrs. Bailey had as guests in her home Sunday afternoon her six grandchildren and daughter, Annie, all of Cisco.

Miss Louise Snoddy of Cisco was the guest of her aunt, Mrs. Fannie Gattis, Sunday afternoon.

Joyce Faye Farnbie is in the Gorman hospital.

VENEREAL DISEASE INFORMATION IS NEEDED IN TEXAS, DR. COX THINKS

AUSTIN, Dec. 5.—A very definite need for widespread public information about venereal disease is indicated, according to

Health Officer George W. Cox. "The information campaign now under way in many Texas communities is in part a reflection of that need," Dr. Cox said.

The total number of cases reported to the health department for 20 leading communicable diseases, show that syphilis and gonorrhea totals were higher than any of the others except influenza and measles, in 1948.

What'll it take to fill his cup 10 years from now?

MAYBE YOU THINK he's insistent now—banging that baby cup on his high chair, begging you to fill it up.

But wait until he's grown a bit!

Then, the things he'll need will make today's problem of keeping that baby cup filled seem as simple as brushing the fuzz on his top.

For youngsters' needs grow as fast as their bodies.

And you're going to find it a lot easier to buy that bicycle for a teen-ager—a lot easier to pay for that college education he's going to need later—if you take this step right now:

Sign up for U. S. Savings Bonds under your firm's Payroll Savings Plan, if you're employed—or your bank's Bond-A-Month Plan, if you work for yourself.

That's the automatic way to make sure you're going to have the extra money you'll need to see your children through until they're able to go it alone.

Think of it! For every \$3 you invest in U. S. Savings Bonds now, you'll get back \$4 in ten years, when you're bound to need money more than you do right now.

But hurry and sign up. These youngsters grow fast!

The mother and infant were removed to their home Tuesday

afternoon and were reported doing well.

The new baby is the grand daughter of Mr. and Mrs. A. A. Coats and Mr. and Mrs. Raymond Speegle of near Cisco. She is the couple's first child.

Mrs. Ruth Poe Herring of Eastland spent Sunday afternoon here with her friend Miss Lela Latch.

A Few Facts About...

BELLADONNA
Known by ancient Egyptians as a drug which brought them needed sleep, used in the Middle Ages to abolish the pain of an operation, named the "Sorcerer's Herb" because magicians put it in love philters and presenting a convenient means of removing an enemy, Belladonna has a long history. Today it has become an important drug in medicine, bringing relief to sufferers from numerous illnesses.

at your gas range
dealer's store ...

YOU GET SMOKELESS BROILING only with gas. Live flame consumes greasy vapors produced in broiling. Gives you juicy, savory steaks every time, broiling with the door closed!

YOU GET INSTANT HIGH HEAT only with gas. Thousand and one heats, too — not just a few. Burners not damaged or clogged by spill-overs. Cool seconds after turned off. Last a lifetime!

YOU COOK WHILE COOK'S AWAY! Set automatic clock control with three simple turns. Forget it. Leave Roasts and oven meals, superbly cooked, will await your return. Optional "CP" feature.

YOU GET FRESH-AIR BAKING only with gas. Live, active heat gives you uniform doneness and even browning. Low temperature roasting gives up to one-third more roast from cut of meat.

Delbridge Social Security Tax Chart

ERRORS - MISTAKES - WRONG FIGURES! These products of human frailty often cause bitter losses. Don't let your new Social Security records become questionable because of errors. The new 1 1/2% rate cannot be figured by visual "inspection" because of the decimal fractions involved. The Delbridge Chart will give you guaranteed accurate answers in a fraction of the time required to figure by hand or machine.

The Delbridge Chart is the only Chart warranted accurate by Lloyd's of London. Protect your Social Security records (which are Government records) with this unquestionable warranty of accuracy.

LOOK WHAT HE WILL LOSE —

... if the buyer fails to get an abstract when he buys real estate. What will happen when he gets ready to sell or get a loan? Chances are he will be stuck for the price of an abstract and if the title proves to be faulty, an additional expense for legal services. It is customary for the seller to furnish the abstract and convey a merchantable title. It is the buyer's hard luck if he don't get both, without cost to him.
