Plan Trip to Washington for Funds for Dredging Harbors

A local delegation will go to Washington next month to seek federal aid to help solve a problem that is affecting the economy of Rockport and Fulton.

The Aransas County Navigation District has completed studies showing that shallow channels and harbors at Rock-

port and Fulton are beginning to hit local pocketbooks.

Hal McKnight, vice chairman of the navigation board, said that channels leading from Rockport and Fulton to the Intracoastal Canal are too shallow for most vessels. Harbors at both towns are silting.

The Corps of Engineers

won't maintain the channels and harbors unless they are 9 feet in depth. The depth now varies. Officials hope to persuade congressional committees to allocate money for dredging.

McKnight said the district estimates it will cost \$190,000 for the dredging projects, a bill local sources cannot afford. Hopefully, the money will be budgeted in the fiscal year beginning July 1.

Low tides and shallow channels have hurt the shrimp industry, local boat building and the tourist trade.

"The Corps recognizes the channels aren't as deep as they should be," McKnight said.

Shrimp boats are unable to move freely during low tides. About a month ago, boats were used to pull shrimpers through low spots in the channels.

Texas A&M marine agent Ralph Rayburn has prepared a study showing that the economic impact on the shrimp industry has hit \$12 million. In addition, the Rockport Yacht and Supply Co. is beginning to feel the effects of silted channels and harbors.

The firm builds vessels for work in offshore drilling activities and has a payroll of more than \$1 million annually.

McKnight said there is a big demand for the work boats for use in the Gulf of Mexico. He said the firm is somewhat limited in what can be built because of the local shallow waters.

The tourist industry, McKnight said, is also being hit because large fishing and sailing boats can't get in and out of the harbor at Rockport. He added that dredging would help local business tremendously.

McKnight said officials have contacted U.S. Sen. Lloyd Bentsen, U.S. Rep. John Young and State Sen. Babe Schwartz about the problem and received some encouragement.

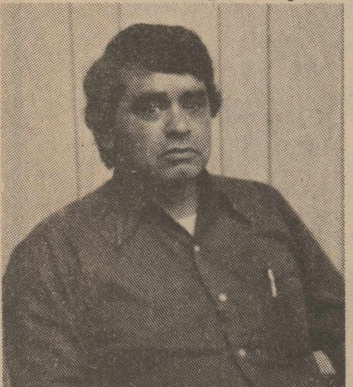

The delegation will appear before the House Public Works Committee on the morning of April 6 and before a Senate Committee that afternoon. They will seek the funds so dredging and maintenance of the channels and harbors can be done by the Corps.

Local officials have been preparing for the appearance for a year, gathering evidence they hope will bring the money to Rockport.

Ramirez Runs For Alderman

Marcelino (Marce) Ramirez has announced that he will be a candidate for City Alderman, Ward 1.

Ramirez has been a resident of Rockport for 25 years. He is married and has 2 children, one presently attending Rockport.

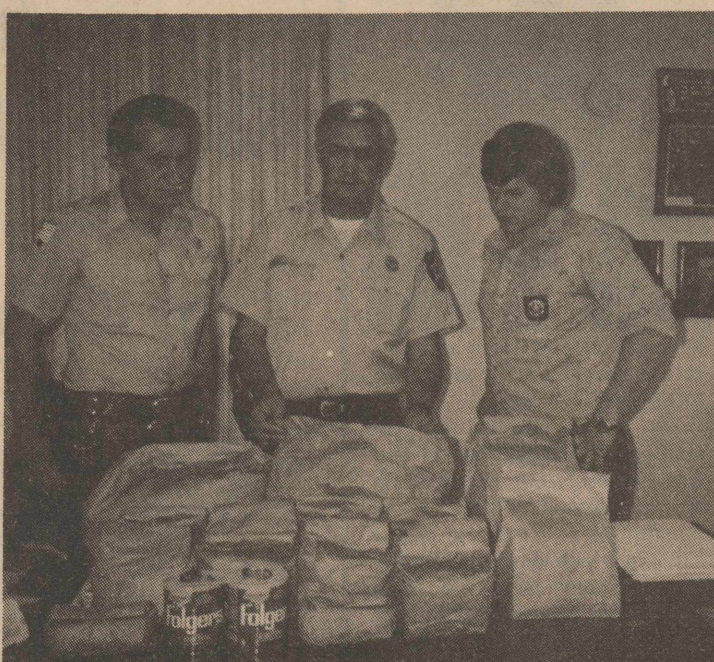

Fulton High School: Ramirez is a member of Sacred Heart Catholic Church and the St. Vincent dePaul Society.

He is a charter member and past president of the Seaman's Lions Club. He is currently president of LULAC Council 625 and is district treasurer of LULAC District 11 which consists of 7 councils.

Ramirez served as deputy sheriff for 2 1/2 years under Sheriff Robert Hewes. He is presently employed by Super D Food Stores in the meat market.

FINISHES TRAINING

Deputy Constable Rickcy McLester has recently finished his 302 hours of basic law enforcement and training from Del Mar College.

MARIJUANA — Pictured above is Deputy Sheriff Ken Manceaux (left) and Deputy Constable Rickcy McLester (right) showing Sheriff Bob Hewes the results of an arrest made on March 23. Pictured is over 11 pounds of marijuana seized when Rodolpho Hinojosa, 47, of Corpus Christi was arrested. He was released on a \$5,000 bond to appear before Judge John H. Miller, District Judge of the 36th Judicial District. Assisting with the arrest was Constable I. E. McLester.

Nuckles Talks To Rotary

Because of its increasing popularity, Goose Island State Park has been put on the Texas Parks and Wildlife controlled visitation list effective as of last week, L.D. Nuckles, local representative of the state department, reported at a luncheon meeting of Rotary Club March 24.

He said overcrowding has made it necessary to take such action with a growing number of state parks. From now on the Goose Island park will be limited to a maximum of 100 campers at a time. He added that the week before, 250 campers were competing for space in the local recreational area.

Nuckles explained that in some instances the crowds actually have resulted in death of trees and other vegetation because the ground becomes so hard packed by human traffic that rain cannot penetrate.

He also gave more details of the local marine laboratory situation and plans for historic Fulton Mansion. The laboratory will continue to operate its aquarium and will begin experiments with feeding fish in the larva stage.

Nuckles confirmed that final purchase papers on Fulton Mansion are scheduled to be signed April 18, following recent approval by Texas Parks and Wildlife Department. Money for the purchase is available in the department's so-called "cigarette fund" derived from a state tax on cigarettes, he explained. However, money for restoring and furnishing the historic building must be appropriated by the legislature.

Nuckles also reported the old church in Goliad State Park is to be restored and will become an operating church, although it will be used only on special occasions. He explained that it will be necessary to install heating and air conditioning systems in the church because the interior atmosphere is so damp. Also adjacent workshops where Indian children were taught trades by the Spaniards will be restored.

SOCIAL SECURITY REPRESENTATIVE TO VISIT ROCKPORT

A representative of the Social Security Administration will be at the Courthouse in Rockport on Tuesday, April 6, 1976, at 9:00 a.m.

The representative will answer questions and also will help claimants file applications for the regular Social Security benefit payments as well as for Supplemental Security Income benefits.

NOTICE

The members of the Rockport Church of God are making plans for a barbecue to be held at Rockport Yacht Basin Saturday, April 3, beginning at 10:45 a.m. until sold out. Menu: barbecue beef or chicken, potato salad, beans, pickles and onions and bread. Plates will be selling for beef - \$2.75 and chicken - \$2.50. The public is invited to eat with us.

Many View Workboat Here

A record number of visitors from the Rockport area went aboard the U.S. Corps of Engineers floating museum, the river workboat, Sgt. Floyd, during its all-day stop at Rockport Harbor last Sunday.

Approximately 3,000 viewed the historic exhibits and attended a brief ceremony of welcome staged during the afternoon. The Rockport-Fulton High School band provided music aboard the decorated barge which the Sgt. Floyd brought along.

The visit was a part of Rockport's Bicentennial celebration and was sponsored by the local Bicentennial Commission. Dr. Jerry Shaw, chairman of the commission, presided at the ceremony aboard the barge. It included remarks by Corps of Engineers representatives, words of welcome by Mayor Walter S. Falk, Jr. and introduction of Aransas County Navigation District directors David Maguglin, Bobby Landrum and Dick Fox.

Members of the Rockport Art Association set up art exhibits aboard the barge and several members of the association demonstrated painting techniques. Exhibits aboard the Sgt. Floyd a veteran of more than 40 years service with the Corps of Engineers depicted the 200-year history of the Corps. There were displays and motion picture and slide film presentations.

The Sgt. Floyd is making a year-long visit to ports along the coast and on inland waters. Because of rough weather on Matagorda Bay, the boat was forced to pass up planned stops at Port Lavaca and Victoria in order to keep its Sunday appointment at Rockport. It left Rockport Monday morning for a stop at Aransas Pass to be followed by a visit to Corpus Christi.

Those in charge of the boat reported attendance at Rockport was greater than at any previously visited port along the Gulf coast. Local attendance was near capacity for the showboat, about 300 an hour, it was reported. A parking problem at Rockport Harbor was solved with the assistance of members of Aransas County Citizens Band Association who responded to an emergency call for help.

GLRHS HOST TRACK MEET

The girls track team will be hosting the first annual girls Toast of the Coast Track Meet this weekend, April 3rd.

Port Lavaca, Victoria, Victoria Stroman, Beeville, Woodsboro, and host Rockport-Fulton will be vying for honors.

Field events will begin at 9:30 with the running preliminaries starting at 10:30. Finals will begin at 2:00. There will be an admission charge of 50 cents for students and 75 cents for adults.

The girls are hoping for a large number of spectators since this is the first girls track meet to be held in Rockport.

Three Local Elections Will Be Held on Saturday, April Third

Three important local elections are scheduled for Saturday, April 3, with voting from 7 a.m. to 7 p.m.

They are the City election, Aransas County Independent School District School Board election, and Aransas County

Conservation and Reclamation (Water District) election.

In the City election, two aldermen and a mayor will be elected. Voting will take place in the City Hall.

There will be contests for alderman from Ward 1 and

alderman from Ward 2 but no race for the job of mayor.

The race will shape up as follows:

Candidates for alderman from Ward 1: Marcelino Ramirez and Dan Ward.

Candidates for alderman from Ward 2: Dr. J.F. Benjamin, Joe L. Dominguez, Dr. J. Martin Shaw and Paul Taylor.

The only candidate for mayor is incumbent Walter S. Falk, Jr.

Voters in the Aransas County Independent School District will elect three persons to serve on the School Board. Voting will be in the Junior High cafeteria.

Two will be elected from the Rockport area, one for a two-year unexpired term, one for a three-year term and one person will be elected from the Fulton area for a three-year term.

Although candidates are representatives of various parts of the School District, they are elected by voters in the entire School District. Every voter may vote for one person for each place on the Board.

Eleven persons have filed for the vacant places on the Board: Place 1, from the Rockport area, a two-year unexpired term, Jim Hailey, Raulie Lee Irwin, Jr., Katherine Adler, Judie Wilkerson, Gary Deason and Mrs. James Bracht. Place 3, from the Rockport area, for a three-year term is incumbent James W. Hunt.

Place 6, from the Fulton area for a three-year term, is Leslie Cole, John Ochoa, Felipe Salazar and Wm. G. Walston.

In the Aransas County Conservation and Reclamation District election, two candidates for directors have qualified by petition.

They are John McDavid, current president of the District's board of directors, and Willen Schmidt who is serving the unexpired term of William Sprigg who resigned two years ago. Elective terms of directors are for six years.

In addition to these candidates, write-in candidates may be named at the election. Polling place will be in the north lobby of the county courthouse. All registered voters of the county are eligible to vote.

High School Plans Plays

Another production of the Masquers and Thespian Society is under way.

If you missed the great play, "Room Number 13" here is another chance to see what the adults of tomorrow are doing today.

If you did see '13' you will be thrilled by the forthcoming performances.

The finest of R.F.H.'s student actors and actresses are being cast into two dramas.

First, Ms. Marianne Hamersmit has a surprise in store with the drama "The Cave Cat" by Ford Ainsworth. This symbolic play has an easy to find moral which is often difficult to live by.

This play may help you unravel some secrets about yourself and society. Come and see this humorous, moralistic one-act play.

Next in line will be ragtime music performed by the Super-Saxes. The second play will be a melodrama "Egad, What A Cad" by Anita Bell and directed by David Rice. You will be thrilled when the righteous genteel gentleman rescues the dainty damsel in distress from the vile villain.

Come and clap and encourage our young hero and hiss and boo the mean scoundrel.

The stage crew is currently busy measuring, hammering and painting. Though in the middle of organized confusion, everything will be ready and completely organized by the deadline of April 24.

In a few weeks you will be notified where to buy your tickets early at the discount price of \$1.00.

Please remember to keep the night of April 24 open from 8:00p.m. to 10:00p.m. for an evening with the Rockport-Fulton drama club.

\$2 Bills Here By April 13

The legendary \$2 bill which has not been issued for more than 10 years will be back in circulation early in April, it was reported by R.D. Mosier, Jr., executive vice president and comptroller of First National Bank.

Decision to resume printing this unique denomination of currency was inspired in part by its Bicentennial significance. The \$2 bill has a rich tradition in American history. Originating June 25, 1776, the denomination was first issued by the Continental Congress as "bills of credit for the defense of America." Under this authority 49,000 were circulated.

During the Civil War, Congress recognized the \$2 bill as an approved form of U.S. currency, and it reappeared in subsequent years as U.S. notes, national bank currency, silver certificates, treasury notes, Federal Reserve notes and national bank currency. Last printing of \$2 bills was in May 1965. Lack of public demand resulted in its discontinuance.

Various reasons were advanced at the time for its lack of popularity. Some said they had mistakenly accepted \$2 bills for 20's. Others said they often confused them with \$1 bills. It was even said the two's were unlucky. Sometimes a corner was torn off them, allegedly to protect the owner from bad luck. Also, they were associated with the standard \$2 horse race bet.

It has been estimated that the \$2 bill will save the government some \$35 million in printing costs in the next five years on the \$1 bills the two's will replace.

Mosier believes the new issue of \$2 bills may be of some interest to some local currency collectors, and he has obtained a limited supply of a leaflet detailing the history and background of the \$2 bill which First National will distribute with the bills as long as the supply lasts.

The new bills, which have a Gilbert Stuart portrait of Thomas Jefferson on the face and a reproduction of the Signing of the Declaration of Independence on the back, are expected to be available here April 13.

Man Injured In Car Crash

D.C. Mesa of Rockport sustained head injuries early Monday morning when the car in which he was a passenger overturned on FM 881, half a mile west of the city limits.

State Highway Patrol troopers who investigated the accident said Rodolfo Calleses of Rockport, driver of the car, was proceeding west on the slick, wet highway when he lost control of the vehicle, hit a ditch and culvert and overturned. Calleses was not injured.

Savings Bond Goal \$120,000

According to Fred Bracht, Chairman of the Aransas County Savings Bonds Committee, the 1976 Savings Bond goal for the county is \$120,000. January sales of Series E and H United States Savings Bonds totaled \$10,409 for 9 per cent of the sales goal.

The 1976 sales goal for Texas is \$272.4 million. During the month sales were \$24,118,300 compared to January 1975 sales of \$23,290,606.

One Killed In Accident

Late Sunday night a one-vehicle accident and fire on Farm Road 1069 was reported to the Aransas County Sheriff's Office. The Highway Patrol, Rockport Fire Department and Roth Ambulance were dispatched immediately to the scene.

Six persons from Aransas Pass were involved in the accident: Billie Jo Ray, Jr., 17; Harold Bowen, Dennis Bowen, 20; Mona Matyostic, 16; Regina Matyostic, 15; and Leo Giesie, Jr., 12.

Leo Giesie was pronounced dead by Justice of the Peace Lawrence Miller.

A search was made for Dennis Bowen who could not be found. An extensive search was made by Highway Patrol, firemen, Aransas County Deputy Ken Manceaux and Jim Hutchinson, one of Rockport Wrecker Service men.

After about 30 minutes search Dennis Bowen was found about 100 feet from the vehicle, alive. First aid was administered for shock, mostly keeping him warm with coats and quilt. Roth ambulance transported all victims to the Memorial Medical Center in Corpus Christi.

B&PW Style Show Apr. 10

The Business and Professional Women's Club style show and luncheon will be held at 12:30 p.m. Saturday, April 10 in the Sandollar Colony Room. Proceeds will be used for the scholarship fund.

Fashions will be by Hidden Treasures, according to announcement by chairman Betty Abt.

Committee chairmen include Donna Miller, posters; Lois Konvicka, decorations; Virginia Shivers, door prizes.

Club members will serve as hostesses and tickets are \$5 per person. Tickets may be purchased from any member or by calling 729-5532 or 729-5177.

Notice From Tax Office

Mrs. Margaret Weber wants to inform all persons not registered by April 1 that they will not be eligible to vote in the May 1st Primary. "I have in my possession many voter certificates returned which have not been claimed. If you have not received the blue voter certificate, please call and we will check the list to see if your name appears," she said.

If you have registered and have lost the certificate, a replacement will be issued. Deadline for car registration is also April 1. The Tax Office will remain open until 6 p.m. for your convenience.

Need Political Ads Early

From now until the May 1 primary elections, the Pilot will appreciate receiving political ads and news articles as early as possible.

For example, it will help us greatly if political ads are received on Thursday or Friday for publication the FOLLOWING week.

Even though our final deadline for any ads or news items is Tuesday noon for publication in the paper the same week, it may be impossible to find room for a large number of ads and stories if they all come in at the last minute just before Tuesday noon.

Your cooperation will be appreciated.

Aransas County Jail Gets Approval by Commissioners

Aransas County commissioners have agreed that the county jail is in good condition.

The commissioners inspected the jail a few days ago and an informal report was made by Commissioner Raymond Owens. Other commissioners agreed with his report.

Owens said a shortage of

linen supplies had been corrected, and new mattresses had been purchased.

The commissioners also heard from Mrs. Rosalie Brown of Sinton, a worker for the San Patricio Community Action Agency.

Mrs. Brown said more communication is needed between Aransas County and the San Patricio agency. She said that the San Patricio agency is ready to help Aransas County and asked that the commissioners court let her know if assistance is needed.

She submitted a report to the commissioners on the Family Planning Program that San Patricio helps operate in Rockport.

Mrs. Brown also reported that the San Patricio agency will submit a request to the commissioners court for permission to operate two day homes in Aransas County. She said the programs would not cost the county anything.

The San Patricio agency receives funds from the Council of Governments with headquarters in Corpus Christi. Aransas County at one time dropped out of COG but has since rejoined. Funding for some programs apparently was handled through the San Patricio agency.

Mrs. Brown spoke of the need for South Texas counties and towns to get more involved in COG in order to get their fair share of the funds.

In other business, the commissioners and representatives of the Rockport-Fulton Tourist Association continued talks on a proposed contract for leasing of a building at the county airport.

The association has spent about \$4,500 repairing the building and wants to install an air conditioning for summer use. The building will primarily be used as headquarters for the association but other groups will be allowed to use it.

Action on the contract was tabled until some legal points could be smoothed.

Free Film On Cancer

"The Apple Tree" is the true story about one man's fight with cancer. It will be shown at both the 10a.m. and 2p.m. showing of free cancer films at Cinema 35 on Highway 35 North on Thursday, April 8, according to Mrs. Janet Moss, publication education chairperson of the Aransas County Cancer Society.

Other films to be shown are: "Sense in the Sun" on skin cancer and "Who Me?" on women's problems in the morning. The afternoon showing will repeat "Sense in the Sun" and a film on proctoscopy, "On With Your Life."

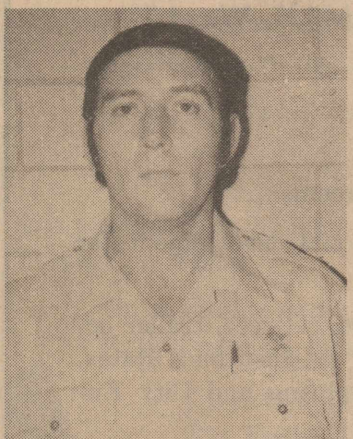

Everyone is invited for the free showing at either the 10a.m. hour or in the afternoon at 2 o'clock.

Lions Broom, Mop Sale

Final plans are being completed for the annual Rockport Lions Club sale of brooms and mops and other products made by the Lions sponsored Light-houses for the Blind for Saturday, April 10, according to John M. Franz, project chairman.

This year there will be three locations for the sale, at the regular Ray's Texaco corner and also at H.E.B. and Super-D starting at 8 a.m.

Most businesses have been contacted for pre-sale orders that will be delivered on the Saturday of the sale, April 10.

Announces For State Senator

James P. Parker, M.D., La Marque, Texas has announced his candidacy for State Senator, District 17, subject to the action of the Democratic Primary, May 1.

A native of San Marcos, he graduated from Southwest Texas State University, the University of Michigan and the

University of Texas School of Medicine. He entered private practice in La Marque, Texas. He later acquired cattle ranches which he continues to operate. His contact with governments, for the most part, has been in the environmental area, which has been extensive. Parker believes in moving forward with reasonable speed consistent with safety regarding the Superport (Seadock). He is against Gun Control.

"Increase the penalty for persons using guns in violent acts. Permits should require instructions in gun safety. Convicted felons with hand guns should have more severe penalties," he says.

He would seek laws of greater flexibility in the minor bays where the season is determined annually. "Bait shippers must be more clearly identified," according to Parker.

"Adequate tools must be provided enforcement personnel in Narcotics Control. Stiffer penalties and more personnel are required," he states, adding:

"Professional Liability Insurance is a must. Requiring the whole range of professionally trained people to have adequate liability insurance will insure the availability of their services, and at a cost a person can afford.

"The 64th Legislature had a strong, clear mandate from the people of Texas to provide this coverage; and they still failed," Parker concluded.

What Is D.E.C.A.?

The Rockport-Fulton High School Distributive Education Club of America, or D.E.C.A., Chapter 63, has a total of 37 members which is the largest membership since being chartered in November of 1974.

The Chapter advisor is Douglas Cooke. Officers are: Kerry Mosier, president; Mary Dominguez, vice-president; Sylvia Cuellar, treasurer and secretary; JoAnn Freeborn, photographer and reporter; and Willie Flores, sergeant-at-arms.

The original purposes of the National D.E.C.A. are: to develop leadership in the field of distribution, to develop a sense of individual responsibility, to encourage the use of ethical practices in business, to create and nurture an understanding of our free, competitive enterprise system, and to develop an appreciation of civic and social obligations of those engaged in distribution. D.E.C.A. allows a student to shape his own future by participation in its many-faceted activities designed to help him make a career choice.

Many local businesses are taking an active part in helping out these students by employing them for a few hours a day to work in their retail stores. These businesses are: H.E.B. Family Center, Wagley's Lumber Co., Super D Foods, True Value Hardware, Key Allegro Marina, Ed's Auto Repair, Roe's Grocery, Live Oak State Bank, Sea Gun Restaurant, Marineland, Arnold's of Rockport, Cinema 35, Klein's Cafe, Goose Island State Park and Dr. J.M. Shellenberger.

Deason Runs For School Bd.

Gary L. Deason announces his candidacy for school board trustee Place 1 (Democratic Party) for the Rockport area.

Deason's family owns the Del Camino Motel. He also is a

homeowner and owns and operates an electrical contracting business in Rockport.

He is a member of the National Electrical Contractors Association. He is an honorary life member of the United Automobile Workers Union #281, in which he was elected to a three-year term as plant grievance committee member at Ling-Temco Aerospace Corp. near Dallas.

He has three children in attendance in the Rockport school system; all are members of the First Baptist Church of Rockport.

Deason was educated in the Austin Public School System and the University of Texas. He is a Texas Ex, a licensed

Cancer Drive

The annual drive for funds for the American Cancer Society is underway in Aransas County, according to Mrs. Betty Whitney, drive chairperson. Special gifts are being solicited by mail under the direction of Gene A. Garcia, president of the Aransas County unit of the Cancer Society.

The residential crusade is under the direction of Mrs. Robert Lawler and Mrs. Kenneth Haley.

Responsible primarily for education and research, the American Cancer Society spends the millions contributed all over the country in a drive to prevent cancer, to make people conscious of cancer, and to find cures for cancer.

High School Track Meet

Saturday, March 27, the Pirate Boys Track Team had their best performances of the year. The Varsity team finished seventh out of eleven teams and the J.V. team finished second out of eleven teams.

In the Varsity division Raul Rameriz set a new meet record in winning the Mile Run; Darryl Green finished second in the 220, third in the 100, sixth in the long jump, and ran on the fifth place 440 Relay team; Charlie Edler finished sixth in both the 120 HH and 330 IH and ran a leg on the 440 Relay team with Albert Mendiola and Algie Simmons.

In finishing third in the 100 and second in the 220, Darryl Green set a new school record in the 100 (10.0) and tied the school record in the 220 (22.5). Charlie Edler also set a new school record in the 120 HH (15.2).

In the J.V. division, first place finishes were recorded by Keith Barrett in the 440 and the 440 Relay team of Jolly Lewis, Danny Brooks, Chris Barrow, and Bobby Lewis. Second place were recorded by Keith Barrett in the high jump, Bobby Lewis in the 100, and Dean Smith in the Mile Run. Third place finishes by James Swank in the 880 and the Mile Relay team of James Swank, Roy Rivera, Keith Barrett, and Tony Buenano.

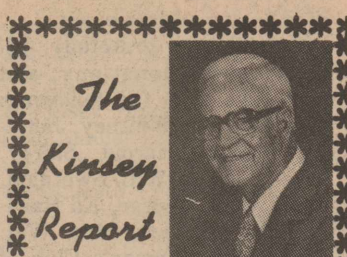

Fourth place finishes by Chris Barrow in the shot put, Gilbert Flores in the 120 HH, Tony Buenano in the 440, and

RIDE HIM COWGIRL — Mrs. Austin Copeland, assisted by a guide, rode a burro three-quarters of a kilometer to the base of beautiful Horsetail Falls in Mexico. Mr. and Mrs. Copeland were among the 34 persons who enjoyed the recent chartered bus tour to Monterrey sponsored by First Presbyterian Church of Rockport.

Jolly Lewis in the 220. Fifth place finish by Roy Rivera in the 880. Sixth place finishes by Bobby Lewis in the discus and Dwayne Harrison in the shot put.

Their next meet is this Saturday, April 3, in Bishop.

The Kinsey Report

Golf is a character-testing game and it is the type of sport that causes the ardent players to keep coming back for more.

A golfer can go through a period of several weeks during which he (or she) looks up before completing most shots, with the result that scores are miserable, tempers flare up, and occasionally the player can be heard muttering, over and over again:

"Oh, shucks," or sometimes even stronger language.

But let that same guy keep his head down, take a nice easy swing and hit a few good shots, and he feels like he is almost ready for the P.G.A. tour.

Most golfers do a lot of experimenting with different clubs. For example, I recently bought a slightly used graphite driver, having heard or read that graphite drivers give you greater distance when you hit

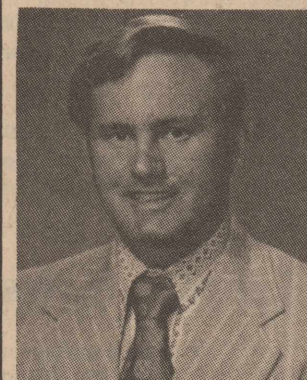

the ball right. Surprisingly (to me), I have been able to hit some fairly good drives with this club. Only trouble is that if I get a good drive, I get so excited that I tend to look up too soon when attempting my approach shot.

So, the average golfer just keeps plugging away, saying to himself, "Next time, I'm going to get it all together and get a real good score."

It happens occasionally, but not too often, and that's why it's a character-testing game.

Life is the only game in which each individual player makes his own rules.

The Aransas Pass Nursing and Convalescent Center was quite a busy place this past week.

Our activities got under way with the beginning of our daily exercise class on Monday. These classes are conducted Monday thru Friday of each week.

Tuesday morning the ladies, along with their pastor, Rev. Gall of First Assembly of God Church of Aransas Pass came out for their monthly "birthday program." They sang songs and had a short meditation and then presented each one of our residents who had birthdays in the month of March a nice gift.

Tuesday evening was movie night with Susan McVey from the San Patricio County Library Board coming over to show our residents some very entertaining shows.

Wednesday morning Jean Windham was out for our paint class. Jean is taking Bonnie's place while Bonnie is on a vacation and, may I say, "Jean, you are doing a wonderful job."

Wednesday evening was the Aransas Pass LULAC #630 night to come out for their game night which everybody

was looking forward to. Thank you for coming!

Thursday morning Rev. Alton Pruitt and the ladies of the Aransas Pass Pentecostal Church of God were out for their weekly program.

Thursday evening "Stations of the Cross" was observed by our Catholic residents.

Friday afternoon at three o'clock Father James Hamilton and his helpers from the Catholic Church of Aransas Pass were out to celebrate mass and Holy Communion for all of our Catholic residents. In conjunction with the regular mass Father Hamilton held a special memorial service in memory of Mrs. Bessie Baker who was called to rest on March 23. Bessie and her husband, Pat, who is her only survivor, have lived with us for over two years. Father Hamilton not only included Bessie in this beautiful service but also all of our residents who are now gone. We thank you, Father Hamilton, for your love and concern for our people.

Friday evening the "Bible on Film" was shown by the men from the Aransas Pass Church of Christ.

Saturday night was the big awaited night for all of our residents. It was our monthly

"dance." Our refreshments were served by the ladies of the Catholic Church Altar Society. Lillie, your group does a splendid service in serving for this occasion. Of course, you know I would have a very hard time in making this dance the success it has always been, if I did not have Mary Frances Fahrenthold and her group, Linda Lanfair and Xandra Mathis coming out and playing their music and singing. Everybody had a very nice time. We had a lot of visitors and also several new residents who really enjoyed our dance. May I say, "Thanks to all of you for caring!"

Sunday morning church services were held by Rev. Al Bankert. Sunday afternoon was our "sing-in" which is sponsored by the members and friends of the First Presbyterian Church of Ingleside. This service is always a pleasure to all who attend.

As I close my article this day I would say, "We had a wonderful week of good activities!" See you next week.

When you start vacation planning you really should start right at the beginning - your home. How will the old shanty fare with nobody around for two or three weeks?

Start a check list to help you prevent oversights. Be sure the list includes checking on all insurance policies on the home - that they are in force and paid up, then let the police know how long you'll be gone and ask them to keep an eye on the house.

Turn off the water heater and all gas pilot lights. Set your thermostat higher or turn off air conditioner altogether. We like to leave the air conditioner on because it helps control humidity in the house.

Close and lock all windows and doors, but leave the shades up. Tell the police you are leaving all the shades up so they will know that if one is closed it's time to investigate. Leave one light burning in the house, too. Burglars are wise to this - it won't make them think someone is at home, but it makes them nervous about entering.

Clean out the refrigerator and turn the temperature a little higher. Some people like to turn it off completely, but

when the door is not opened it costs very little to keep it cold.

We have a very kind neighbor who will keep an eye on our house while we're gone and we hire her teen-age son to water plants and gather up our newspapers each day so they will not collect on the lawn. We like even two week old papers for the gardening section, crosswords and comics. We give this neighbor a key to the house and our itinerary - places we can be reached in case of an emergency. Of course, you'll want to stop milk deliveries.

Once you've taken care of the homestead you should turn your thoughts to the car. Have the old bus gone over and checked out thoroughly. A complete tune-up with new points and plugs can save on that expensive gasoline. Have them check brakes, steering gear, wheel alignment, shocks, battery, tires, windshield wipers, all lights and, especially if you will be pulling a trailer, the cooling system. Some garages and service stations specialize in pre-trip servicing and will check as many as 30 or 40 danger spots.

These check lists for the home and car should be made out even before you're sure where you are going, or when. They can be used year after year and constantly modified and improved. They can add a great deal to the enjoyment of your vacation.

LETTER TO THE EDITOR

Dear Editor:

Now that election time has come and several names familiar to all of us appear on the school board ballot, we pause to wonder why? What plans do they have for the betterment of our schools or for the community?

We see the school system today laying in shambles, not as a place of learning anymore, still operating in 18th century standards.

These are questions for our school board candidates to answer.

Do you believe our schools should be updated and brought into the 20th century?

By allowing the students on-the-job training? Allowing the students of home economics to plan and serve low-cost meals to the elderly once a week?

Allowing students to go in homes where there is sickness and assist these people, like taking them baths, etc., for those wishing to take nurses training?

Sending students out to help fix a screen or plant a flower garden or help mow the yards of elderly citizens, and allowing

each student to receive credit for these tasks?

This would help the student to become more community minded, upgrade our school system and help the elderly citizens of our community. This

would help our young people become more responsible citizens, help the community and our low income families not to be so dependent of the government for every need.

Draft Boards Close May 8

AUSTIN, TEXAS - Colonel Melvin N. Glantz, State Director of Selective Service announced that all Selective Service Local Draft Boards in Texas will be terminated on May 8, 1976. Similar actions will occur in all states on that date as Selective Service continues to reduce its operational capability. On February 28th all draft board offices were closed.

Texas has 525 members assigned to the 96 draft boards of the state. These board members who have served in an uncompensated capacity were responsible for classifying Selective Service Registrants. Since all registrant processing has been halted there remains

no active mission for the draft boards.

Only a small stand-by draft organization will remain to maintain emergency plans and train a small pool of reserve and national guard officers in procedures for restoring the Selective Service System in the event of a National emergency.

The members of Local Board No. 107 serving San Patricio, Bee and Aransas Counties are as follows: William E. Nicholas, Jr

PUBLIC NOTICES

BECAUSE THE PEOPLE MUST KNOW

Editor's Note: Public Notice advertising plays a unique role both in American history and in the process by which this country's democracy is preserved. Its one premise is that people must be informed if they are to govern themselves competently. Public Notice advertising first came into being with the Congress of 1792. That body, recognizing its responsibility to the people, required that Postmaster General to advertise for bids for the construction of new post offices. From that auspicious beginning to the complex publication requirements of federal, state and local laws today, government officials have come more and more to understand the obligations to inform the public through Public Notice advertising. Newspapers over the years have been the vehicle by which these obligations have been fulfilled. They will continue to be as long as the public demands that it be informed frequently and by the best means possible.

ARANSAS COUNTY
MUNICIPAL UTILITY DISTRICT NO. 1
Notice of Bond Election

TO THE DULY QUALIFIED RESIDENT VOTERS OF ARANSAS COUNTY
MUNICIPAL UTILITY DISTRICT NO. 1:

Notice is hereby given that a bond election will be held for and within Aransas County Municipal Utility District No. 1, (hereinafter called "District"), pursuant to an order of the board of directors of said District passed on March 21, 1976. Said order is on file in an office of the District at 1811 Houston Natural Gas Building, Houston, Texas, where any interested person may refer to it for all purposes.

(1) The election will be held between 7:00 A. M. and 7:00 P. M. on April 17, 1976, at the sales office of South Coast Development Corp., corner of Hagy and Bois D. Arc Streets, Goose Island, Lamar Peninsula, Aransas County, Texas, which is a public place within the District, and shall conform to all the requirements of Chapter 54 of the Texas Water Code and of the Texas Election Code, so far as applicable.

(2) Only duly qualified resident electors of the District may vote at the bond election.

(3) The entire District shall constitute one election precinct for purposes of this election.

(4) The proposition to be voted on in the election is as follows:

PROPOSITION

Shall the Board of Directors of Aransas County Municipal Utility District No. 1 be authorized to issue bonds of said District in the maximum amount of Three Million, Seven Hundred Thirty-five Thousand Dollars (\$3,735,000), maturing serially or otherwise over a period not to exceed forty (40) years from their date or dates, and to be issued and sold at any price or prices and to bear interest at any rate or rates as shall be determined within the discretion of the Board of Directors of the District at the time of issuance as authorized by Article 717k-2, Vernon's Texas Civil Statutes, but in no event shall the rate exceed 10% per annum, for the purposes of purchasing, constructing, acquiring, owning, operating, repairing, improving and extending a water and sanitary sewer system and a sewage disposal plant for the District, and a drainage system for the drainage of lands within the District, and to provide for the payment of principal of and interest on such bonds by the levy and collection of a sufficient ad valorem tax upon all taxable property within the District and the pledge of the net revenues from the operation of such water and sanitary sewer system after deduction of reasonable cost of providing for the administration, efficient operation and adequate maintenance of the District's service facilities, as authorized by the Constitution and laws of the State of Texas?

(5) The District's engineer and the District's board of directors estimate the following costs:

Estimated construction costs:

Water supply, storage and distribution system	\$1,216,000

You Owe It to Yourself to See

The vacation homes at BAY TREE VACATION CLUB, located on the Gulf, overlooking its own marina. Yours for \$4,000 or less because of a revolutionary new concept which makes owning a Vacation Home truly AFFORDABLE.

This exciting new idea is called "VACATION OWNERSHIP". Simply put, it means an individual can purchase and own the weeks he plans to use his resort home, allowing you to enjoy the benefits of ownership while you vacation. Better yet, you own these time periods year after year, forever! A home you can purchase outright for \$4,000 or less.

And your purchase at BAY TREE is money well spent. BAY TREE IS ONE OF THE MOST LUXURIOUS CONDOMINIUMS IN ALL OF TEXAS. The unit is completely and elegantly furnished, from the color television down to the last teaspoon. The spacious balcony overlooks the beautiful swimming pool, lighted tennis courts, the Gulf and other amenities designed with your pleasure in mind.

To express our appreciation for taking time to visit BAY TREE, we'll give you without obligation

GET SOCIAL SECURITY NUMBER NOW FOR SUMMER WORK

Housewives, students, and other people who plan to get a summer job should apply now for a social security number if they don't have one, according to A.L. Finck, Jr., district

manager of the Corpus Christi district.

"You should apply for your number several weeks before you need it for a job covered by social security," he said. "Applications must be screened against central files in Baltimore to make sure that a second number isn't issued to

that same person. Screening generally takes several weeks."

More than nine out of ten jobs are covered by social security.

"Your social security number is yours alone and remains the same for life," Finck said. "A worker builds retirement, disability, survivors, and Medicare protection by work and earnings credited to his social security number. So when you get a job covered by social security, be sure your employer copies your name and number correctly from your social security card to his records."

People can get information about applying for a social security number by calling, writing, or visiting the social security office at 5733 South Padre Island Drive, Corpus Christi, Texas. People applying for a social security number for the first time may be asked to prove their age, identity and citizenship.

"If you've lost your social security card, you can get a duplicate by contacting any social security office," Finck said. "You can get a duplicate faster if you've kept the stub that came with your social security card."

Most of the people who are in a hurry have nothing else to do.

Vote Saturday, April 3

I am asking for your support in the upcoming School Trustee election. With four of my five children presently enrolled in school, I am vitally interested in the educational opportunities afforded to them and all the children of Aransas County. I pledge to give careful consideration to each decision made during the next two years, and will make myself available to all the citizens of Aransas County.

I earnestly ask for your vote in the April 3 election. I'm married and have three children attending Fulton Elementary. I own and operate a painting contracting business. I'm an army veteran, having served during Vietnam War, a member of Sacred Heart Catholic Church, and the St. Vincent de Paul Society. Having my children presently in school, I'm genuinely concerned about their education. Because I hold no other office in any other organization, I will be able to devote the necessary time to be an effective member of the School Board. Thank you.

Easter Seals

The 1976 Easter Seal campaign interests all good citizens. Helping crippled children is one of the more rewarding things we can do in our effort to help our fellow-man.

In most states a volunteer organization enthusiastically conducts the Easter Seal sale each year.

A number of children walk today because of the existence of this organi-

zation and its work in past years. We solicit the attention of our readers to the present Easter Seal drive and recommend they

support the effort in behalf of crippled children and all other work done by this organization if financially able to do so.

Induct Nat'l Honor Members

On Monday evening at 7:30 The National Honor Society held its induction ceremony for new members. The welcome was given by Claire Picton. Silvia Cuellar gave the invocation and Andy McDavid told "What the National Honor Society Is." The four qualities of an N.H.S. member were given by Nancy Goodin, character; Annette Boney, scholarship; Ray Torres, leadership; and Jeff Little, service. Both new and old members recited the oath given by Mr. Barre. Scott Gillis introduced the initiates while Mrs. Hayden presented the new members with their pins. The benediction was given by Bobby Agler and refreshments were served afterwards in the homemaking department.

Old members of The National Honor Society are: Robert Agler, Annette Boney, Silvia Cuellar, John Dietze, Bonifay Evans, Deborah Fake, Scott Gillis, Nancy Goodin, Sophia Guerra, Sharon Hicks, Molly Hynes, Jeffrey Little, Andy McDavid, Claire Picton, William Smith, Ray Torres, Teresa Weiss and Juanice Watkins. This year's initiates are: Wynne Armstrong, Richard Ballou, Kathryn Brock, Geoffrey Crosby, Otho Evans, Lisa

Fain, Shawn Fair, Rebecca Hale, Vicky Henneke, Paul Jackson, Donna Janota, Annette Ledbetter, Teresa Milks,

Vermillion and Regina Walker.

Officers for the year 1975-76 are: President-Scott Gillis; Vice-President-Claire Picton; Secretary-Annette Boney; Treasurer-Bill Smith; and Reporter-Nancy Goodin.

CHOICE OF PIECES TO FIT ANY NEED!

Ask a dog, "Who is man's best friend?" and it might just take a bite out of your leg. Animal bites, whether or not you can joke about them, are no laughing matter, says the Texas Department of Health Resources.

More than 7,700 bites were tabulated during 1975 by the Bureau of Veterinary Public Health of the Department of Health Resources. These bite reports came from roughly a fifth of the state's population.

Animal bite incidents are reported regularly through a surveillance program operating through local health departments which cover an average human population of approximately 2.3 million persons per month.

The animal bite rate for 1975 was 336 per 100,000 population, a slight increase over the 1974 rate. Reports that year covered approximately 3.1 million people per month.

The surveillance report can put the finger on who is most likely to be bitten badly enough to report the injury.

Last year in Texas the most frequent victims were younger children. Of the 7,727 persons reported bitten in surveillance areas, 35 percent were less than 10 years of age. And, 60.5 percent were under 20 years old.

Man's best friend, the dog, was responsible for 83.2 percent of the bites, and cats were the villains in 11.6 percent of the bite cases. That leaves wild animals for the bulk of the remaining bites. These included three reports of fox bites and 18 by skunks. Rodents were responsible for 3.6 percent of bite cases during 1975.

How do you get close enough to a wild animal to be bitten? In most cases people come upon the critters unexpectedly, or run into them around barnyards. If an animal is rabid, it may lose all fear of humans. This could cause a bite victim to assume the animal is a lost pet and attempt to pet it, with disastrous results.

State health authorities point with concern to these biting incidents.

Rabies is a constant threat to domestic animals, especially in areas where pets may come into contact with wild animals.

Last year in Texas 329 animal rabies cases were confirmed, including 45 cases in pets—25 of them dogs. Twenty-one cases were confirmed in livestock and 263 rabies were confirmed in Texas wildlife. Skunks accounted for almost half of the wildlife total.

A study of vaccination records of the aggressive pets involved in biting episodes discloses an alarming fact. Of the 6,421 dogs and 895 cats involved, only 37.1 percent of the dogs and less than four percent of the cats were reported as vaccinated against rabies.

The vaccination status of dogs and cats involved in the reports has been low through the years, reports the Veterinary Public Health Bureau. Dogs last year showed a slightly higher vaccination percentage in 1975, compared to 1974, but cats showed a 5.4 percent decrease.

Cats normally are thought of as indoor pets, and owners seldom have them vaccinated against rabies. But, last year 14 people took the antirabies treatments because of one rabid cat.

Statewide, the Department of Health Resources Laboratories furnished 615 series of antirabies treatments. Nationwide, about 30,000 persons receive post-exposure antirabies treatments. Animal bites are estimated at up to 1½ million per year nationally, making bites a true epidemic.

The threat of rabies adds greatly to the expense and trauma of bite injury, especially in cases where the animal may run away from the scene.

In Texas the past year, three-fourths of the 7,722 animals reported involved in biting episodes were owned. These animals could be traced and observed for any signs of illness. Effects of the anxiety centered around a bite by an unowned—and perhaps unfound—animal can only be imagined.

The country has been in the midst of a pet explosion for several years. Many animals in cities and towns are allowed to run loose, which increases the possibility of bites by straying dogs.

While there is no truly accurate census of the pet population, some authorities consider the dog population to be as high

as 25-35 million and the domestic cat population be at least 30 million. A nationwide survey found populations of dogs and cats to be almost the same—one dog and one cat for each six humans. Thirty-eight percent of families own at least one dog.

Apparently humans are finding it desirable to have pets live among them. It may not be possible to avoid a bite, but you can help matters by teaching your children never to ap-

proach a stray or a dog which isn't familiar to them. Even pets of friends may bite if approached rapidly or frightened.

FEMALE VETERANS

In a continuing effort to reach female veterans who may be eligible for a special GI Bill payment, the Veterans Administration is sending letters to 75,000 women who attended school under the GI bill be-

tween June 1, 1966, and October 24, 1972. They are being notified of retroactive allowances to equalize payments with male veterans who were married while in training.

To receive the lump sum of about \$30 per month for each month she was in GI Bill training, the veteran must furnish proof of marriage while in training.

A form is provided on the reverse of the letter which

must be mailed to the VA regional office before July 1.

Women who trained after October 24, 1972, have already been paid on the same basis as their male counterparts. The law does not allow the additional amount for husbands to be paid to women who trained under the World War II and Korean conflicts GI Bills.

Women veterans who proved to VA while they were in training that their husbands

Thursday, April 1, 1976

were permanently disabled and incapable of self-support have already been paid the additional amount.

RECORD YELLOWFIN TUNA CERTIFIED

A scant four ounces was enough to set a new Texas state record for yellowfin tuna.

Arthur Dimaline, Jr. of San Antonio landed a 146-pound eight-ounce yellowfin back on

recently submitted application to the Texas Parks and Wildlife Department for a state record in that category and his fish bettered the old mark by four ounces.

The new record tuna was 67 inches long with a girth of 43 inches.

Consumer Food News

Fresh pork prices are down a little, and forecasters in the pork industry predict a further decrease in costs of loin and shoulder cuts—as legs are accumulated for Easter hams.

Best values currently include Boston butt roasts, quarterloins cut into chops, smoked picnics, liver and some brands of bacon, according to Mrs. Gwendolyn Clyatt, consumer marketing information specialist.

Mrs. Clyatt is with the Texas Agricultural Extension Service, The Texas A&M University System.

At poultry counters the supply is up about seven per cent over this time last year, and some stores are featuring fryer chickens at special prices.

"Also, thrifty values appear on turkeys weighing over ten pounds," the specialist reported.

At beef counters, good values focus on chuck cuts of pot roasting, ground beef, sirloin and rib steaks, and beef liver. Other values are scattered among various grocery stores featuring such items as variety meats, round steaks and rib roasts, Mrs. Clyatt said.

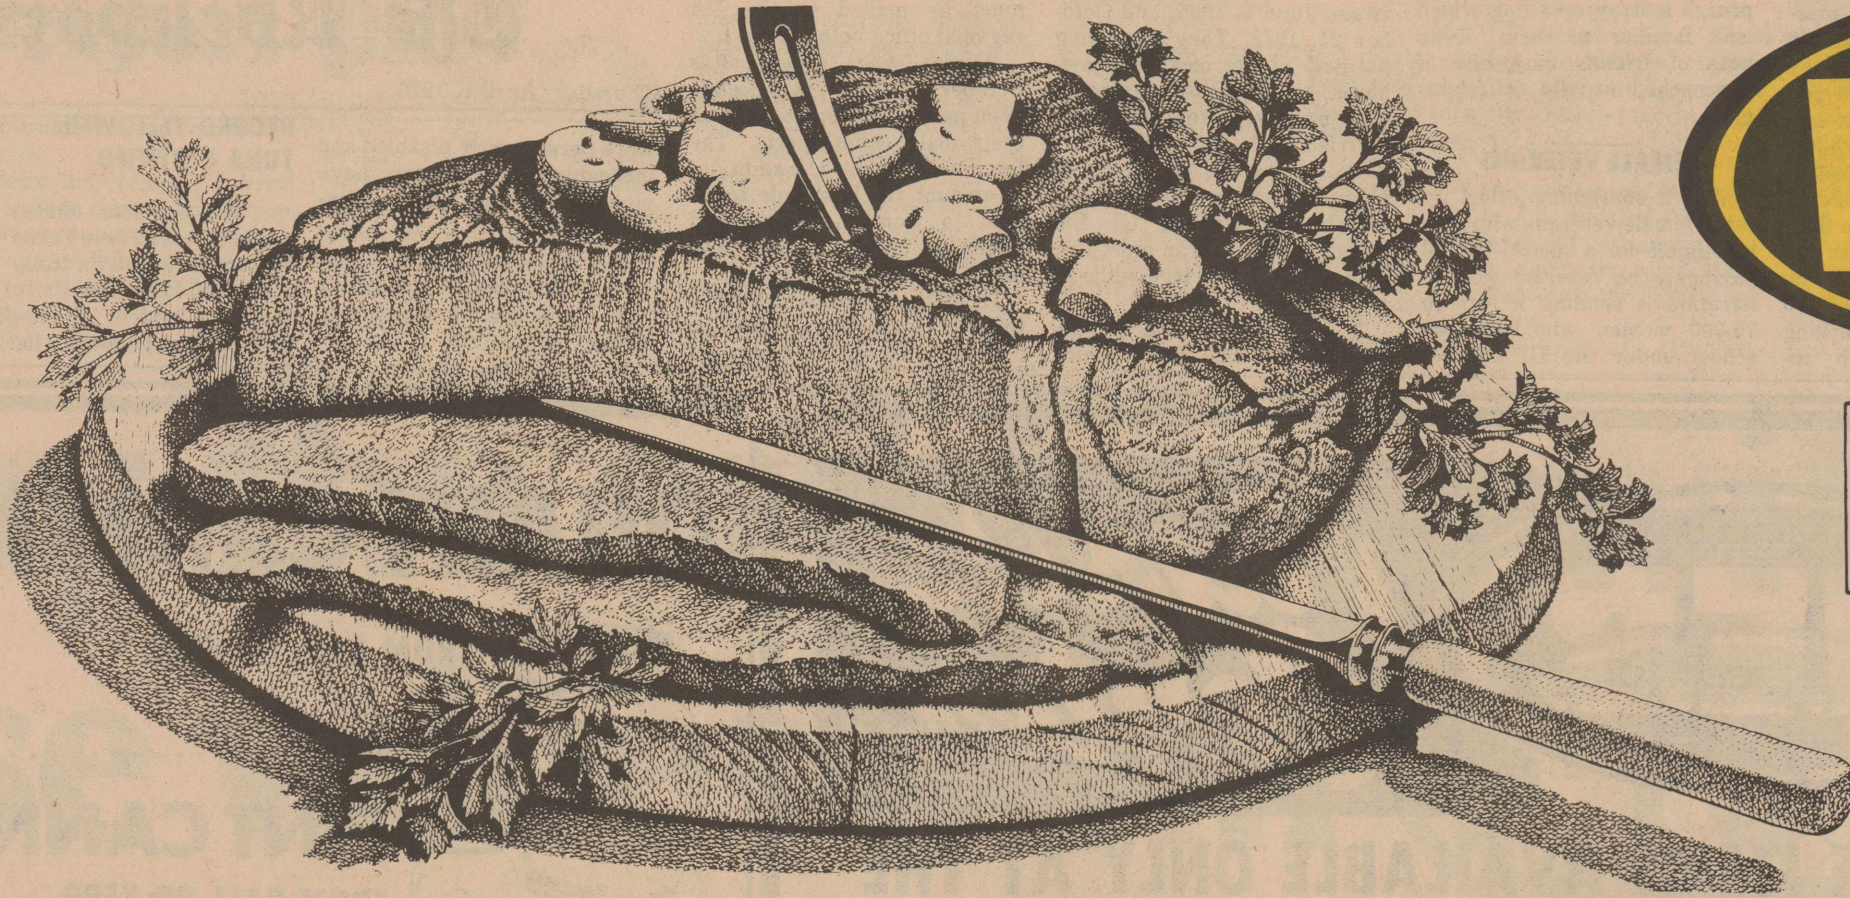

In canned-product sections, reduced prices are on applesauce, green beans, corn, tomatoes and tuna.

Fresh fruit at economy prices includes grapefruit—especially small and medium sizes—Valencia oranges, Temple oranges and tangerines.

In fresh vegetable departments, budget items are cabbage, carrots, rutabagas and turnips. Also broccoli, spinach, collards and mustard greens.

CONSUMER WATCH-WORDS: For thrifty use of "meat money," plan menus around selected beef cuts offered each week at special prices.

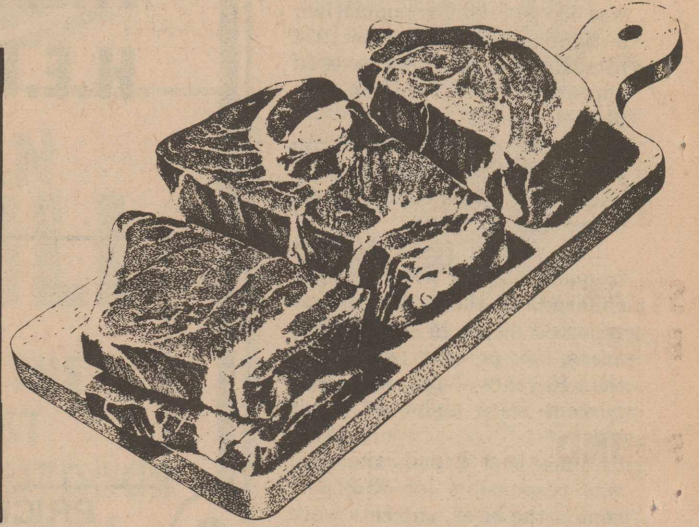

For example, at this time of year, steaks are in comparatively less demand—so watch for more appealing buys on them, and plan menus accordingly.

U. M. W. Meet

The United Methodist Women met March 23 in the Church Fellowship Hall. Mrs. Chester Barre greeted 28 members and 22 visitors.

Mrs. John Hancock presided. She opened the meeting with a scripture and prayer. All officer and committee reports were given and approved.

Mrs. John Knoche reported that work on the kitchen was complete and the committee will compile a list of items needed for the kitchen.

Mrs. John Leslie submitted the report for the special missionary fund committee. A sum of \$450.00 has been designated for five missionary areas.

Mrs. Roy Burke asked that rummage for the Castaways be brought to the youth building any week day morning.

Cluster reports indicate happy people busy with activities such as Bible studies, serving for World Service, cakes for a special family, donations to Wesley Center in Robstown, help for bereaved families and welcoming two new members, Margarette Burton and Evelyn Horton.

Under new business, it was decided that a country kitchen would be held this fall. The date will be announced. The U.M.W. will honor the seniors with Bibles and a luncheon.

Mrs. Milton Sorem presented a meaningful devotional. Mrs. James Doty and Mrs. H. Potter narrated a most interesting slide presentation of their trip to Africa. Superb photography of wildlife in the Ngorogoro Crater and the Serengeti Plains, the Mesai tribes people, the treatment of lepers, schools and highlights of the family life conference gave a splendid account of life in this area of Africa.

The tables for the covered dish luncheon were gayly decorated with red and blue runners, red, white and blue flower arrangements with small American flags and red, white and blue napkins. A tribute to the winter visitors was given by Mrs. Hancock. Rev. Tom McClung asked the blessing and a delicious meal and fellowship were enjoyed.

K. O. A. News

Wed. hen sessions had a number of winter Texans resting in Rockport on their way home north to gardens and spring clean-up chores.

Birthday greetings were extended to Eva Hodges, Dr. W.G. Smeltzer, Pat Weiland, Edith Marmion, Mrs. Dahlin.

At Fri. pot luck, attending were Tobe & Eva Hodges, Jack & Jo Pry, Postelle Hodges, Art & Gladys Theil, Jim, Debbie, Jimmy & Randy Gant, Pat, Judy, Andy & Aaron Weinland, Dr. & Mrs. W.G. Smeltzer, Mr. & Mrs. Carl Gilbird, Walter & Inez Suhre. Eva received a new bike from hubby Tobe. She joins the bike exercise group.

Dr. Smeltzer narrated a slide tour of Europe, western U.S.A. and Canada. He is in Texas filming a south western tour to be shown on his next visit to Rockport.

A farewell party was given to Art & Gladys Theil. They are going to the Valley, then home to Neb.

Weekly social award went to Melvin Aldrich of Mich. Happy 30th anniversary to Walt & Marguerette Luce.

A.A.R.P. Card Party

There were 63 in attendance at the weekly card party at the Recreation Building on March 25.

Tony Petrosaitis won the high prize in men's canasta with Cameron Stalnaker getting second. Charlotte Kennedy took first prize in the ladies' canasta and Hazel Glenn was runner-up.

In bridge, Helen Faupel won the ladies prize and Maxine Eickhardt was second. Jim Ferguson topped the men and Floyd Dailey was second. Bingo was won by Clarissa Hayes.

The next party will be on April 1—same time and place and visitors are welcome—this is not just for A.A.R.P. members alone—they want others to come, also, if they are interested and join in the fun. Refreshments are always served during the afternoon. 75 cents per person.
