ON ROBY HIGHWAY

Woman Is Seriously Injured

A woman was seriously injured about 10:45 o'clock this morning when the car she was driving left the pavement and struck a guard post and bridge railing three miles east of here on the Roby highway.

Condition of Mrs. Eugene S. Williams, Sylvester, had not been determined just before noon today at Cogdell Memorial Hospital because loss of blood necessitated transfusions before she could be moved to determine other injuries.

Earl Abercrombie, sheriff, one of the men who helped to extricate Mrs. Williams from the crushed car said that she had one leg "almost cut off," but that it was still hanging onto her body.

A wrecker was used to pull the wreckage apart far enough for her to be taken out of the car.

The driver of a truck who had met Mrs. Williams' car just before the accident, said that his truck was forced from the road by the Williams car.

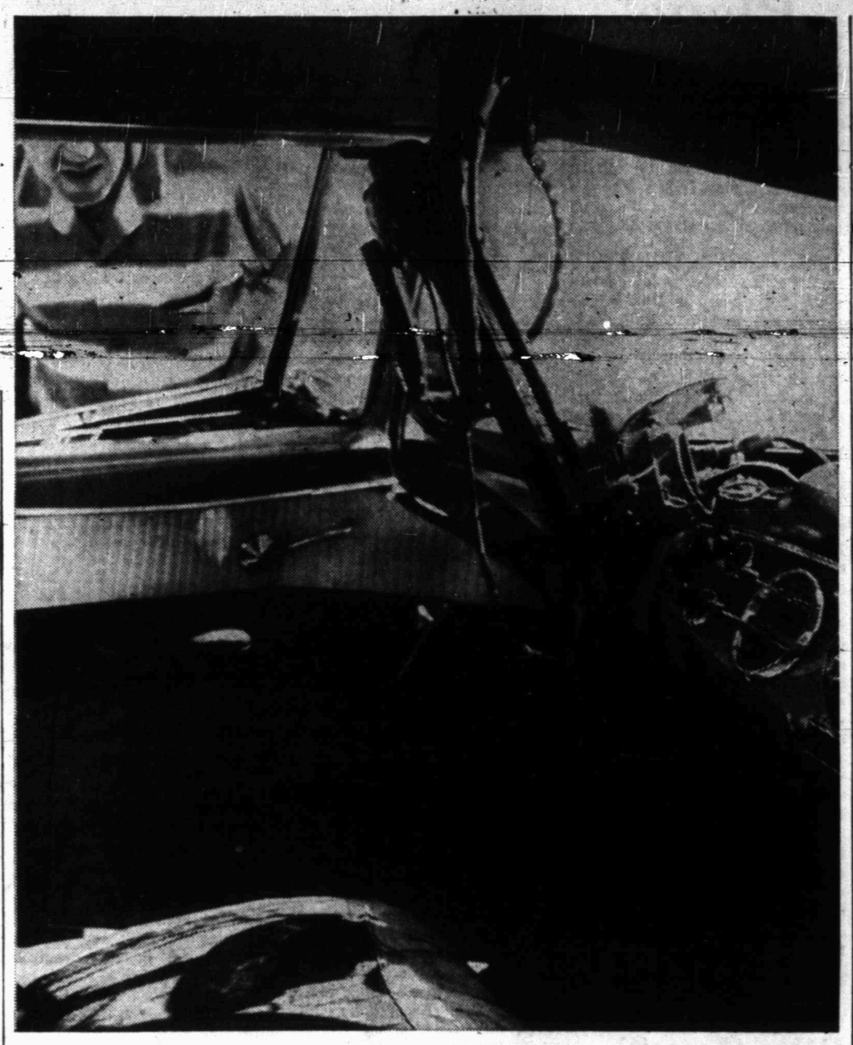
Apparently Mrs. Williams went to sleep at the wheel of the car, the truck driver added.

Her 1955 Ford sedan was traveling on U. S. Highway 180, left the pavement at a curve in the road and struck the south railing of the bridge, first shearing a heavy wood guard post.

The car was demolished.

Members of the sheriff's department investigated the accident with the aid of members of the Snyder police department, who patroled traffic at the scene.

She was taken to Cogdell Memorial Hospital by Bell ambulance.



WOMAN PINNED IN WRECK—Mrs. Gladys Williams, Sylvester, was pinned in the cramped space above for about 20 minutes this morning after her car struck a bridge abutment and a guard post three miles east of Snyder on the Roby highway. Her injuries have not been determined, but she had one leg almost severed and was being given blood tranfusions just before noon today at Cogdell Memorial Hospital. (Lee Watson photograph)

Foreign Aid Wasted, Oregon Senator Says

WASHINGTON (AP)—Sen. Morse (D-Ore) said today "a senseless waste of millions" on foreign aid has contributed to "a rising tide of anti-Americanism throughout the world."

Morse joined Sen. Long (D-La) in an attempt to cut 390 million dollars from the $3,637,000,000 foreign aid bill over the opposition of both party leaders.

In the Senate's second day of debate, Morse described a committee-recommended cut of 227 million dollars in administration requests as "but a spit in the ocean of foreign aid waste."

Morse said the administration is seeking to "perpetrate a gigantic hoax on the Senate and the people of the United States" by its proposals for long-range, flexible spending authority.

And, he said, the administration is hiding from the people under the label of "top secret" the full story on its use of the funds.

"They are to be spent to supply arms and ammunition to nations from one end of the globe to another," Morse said. "They will be used to build up armed forces of both democratic nations and totalitarian nations."

Democratic Leader Lyndon B. Johnson of Texas told his colleagues he hopes for final action on the bill by Saturday night.

Johnson said earlier he thought it would be "dangerous" to make any "meat ax cuts" in the authorization bill since a subsequent appropriations bill providing the money to finance the program will be "revised downward." Republican Leader Knowland of California took a similar position.

Sen. Long, leading the effort to cut 390 million dollars from the bill's total, filed a written report arguing that those opposing cuts "are too willing to tolerate widespread waste and inefficiency."

FLOODS THREATENED

State Struck By Violent Storms

By The Associated Press

Most of Texas basked in bright sunshine Thursday in the wake of turbulent weather that brought violent hail, wind and torrential rain storms threatening new flood damage.

A weak cold front trailing behind the squall line that lashed North and Central Texas Wednesday dissipated during the night.

Low clouds covered the eastern two-thirds of the state at dawn but began breaking up during the morning. Light rain or drizzle fell at Galveston, Austin and Dallas.

By midday skies were clear over the western part of the state and only partly cloudy in South and East Texas. The Weather Bureau said scattered showers and thunderstorms could be expected to dot the state in late afternoon.

At least five twisters were reported as a squall line swept across the north central part of the state and into Louisiana Wednesday.

Wind, hail and rain caused extensive damage to crops and buildings in scattered areas. Two persons were injured by falling debris at Dallas.

Up to 6 inches of rain soaked the Central Texas town of Hutto, 30 miles northeast of Austin. Winds up to 90 miles per hour ripped roofs off two stores.

The lower Colorado River Authority closed five of the six flood gates on Mansfield Dam above Austin to control runoff from heavy watershed rains up to 4 inches. Some minor flooding was expected along lowlands below Smithville.

Pounding hail near Granger, 45 miles northeast of Austin, wiped out corn, maize and cotton in a 16-square-mile area.

Violent winds in other areas damaged a number of buildings.

The worst of the five reported twisters unroofed a barn and damaged small buildings near Joshua, south of Dallas. Another damaged crops on a farm west of Hermleigh in Scurry County in West Texas.

A third was reported in Southeast Dallas County and funnels were sighted near Groom and Skellytown in the Panhandle.

Rains and hail in other West Texas areas damaged wheat and cotton.

Rains up to 3½ inches fell in ranch areas around San Angelo.

Up to 2.50 inches fell on the watershed of the Colorado River in Brown County and Pecan Bayou rose 4 feet.

Hailstones the size of golf balls pelted Lake Fort Phantom, 9 miles northeast of Abilene, for 45 minutes Wednesday afternoon. A few boats were damaged.

Heavy showers were feared to have washed out young cotton crops near Big Spring. Wheat farmers in the Electra area were delayed in harvest plans for another day by a .78-inch rain.

Rains caused flash flooding in streets of Round Rock and Georgetown north of Austin, but it drained off quickly. Round Rock got 3.3 inches of rain. Winds flipped a house trailer over at Georgetown and knocked out some power lines.

The highest temperature reported in the state Wednesday afternoon was 102 degrees at Laredo. Early morning readings Thursday ranged from 53 at Amarillo to 81 at Galveston.

Local Man Is Injured

A Snyder man was only slightly injured late yesterday in an accident at Lake J. B. Thomas.

He was LeRoy Kincheloe, 27, of 3104 Avenue G, who was hurt when he dived from the bank of the lake into water, which was shallower than he thought.

Hitting his head on the bottom, Kincheloe suffered injuries to leaders in his back and neck. The blow knocked him unconscious, and he was found floating in the water. He revived shortly after arrival at the lake of a Bell ambulance, which took him to Cogdell Memorial Hospital for emergency treatment.

The accident occurred at about 7 p.m. on the south side of the lake near the dam.

Recovery Of Ike Described As Complete

WASHINGTON (AP) — President Eisenhower's doctor today pronounced him "completely recovered" from his stomach upset.

The physician, Maj. Gen. Howard Snyder, reported the President "almost" recovered on Tuesday and again yesterday.

James C. Hagerty, presidential press secretary, told newsmen he had talked to Snyder this morning and "He says I can now take the word 'almost' out. He says the President has completely recovered from his stomach upset."

Eisenhower was stricken Sunday evening and was confined to bed all day Monday with what three attending physicians described as a "mild" case of stomach distress.

The doctors attributed the illness to "slight overindulgence" in some types of food.

Auditor Criticizes Gatesville Policy

AUSTIN (AP)—State Auditor C. H. Cavness reported yesterday that "apparently little effort is being made to comply" with certain laws at the Gatesville State School for Boys.

He referred specifically to statutes requiring collections from parents not classed as indigents. He said his audit showed no such collections were being made.

The report also said the institution lost $950 last year because only 58 cents a gallon was charged for milk from the school dairy when the average milkshed price was 61 cents.

First Guardsmen Leave For Camp

The first of three groups of National Guardsmen going to North Fort Hood from Snyder for annual summer encampment left here this morning.

This group was small, consisting only of two cooks and three instructors for the reconnaisance platoon cambat course. These men will have two days of training prior to camp.

Three men from Brownwood and two from Lamesa met the group here this morning, and all left together in National Guard vehicles.

Another group from Co. D, 112th Armored Calvary Regiment, the Snyder unit, will leave Saturday at 9 a.m. This will be an advance detachment of 12 men and eight vehicles.

Leaving with the advance detachment will be Maj. Bill Schiebel of Snyder, battalion executive officer. The Snyder group will go to Sterling City to meet groups from Pecos, Monahans, Midland, Lamesa, and Brownfield. From there, the convoy of 46 vehicles and 75 men will go on to North Fort Hood, stopping at Brownwood for an overnight bivouac. Schiebel will command the advance detail.

The advance group will draw vehicles, tanks, and other training equipment for their units and get the camp area ready for the units.

The largest group of Snyder guardsmen, almost 100 men, will leave at 9 a.m. Sunday by chartered bus for Fort Hood under command of Capt. John Lynch, Jr., company commander.

Also leaving Saturday will be Capts. Weldon Kincaid and Lee Stone in a National Guard plane. Stone is a National Guard pilot and battalion supply officer. Kincaid is battalion adjutant. They and Schiebel will be doing preliminary administrative and supply work at the camp.

The battalion liaison pilot, Lt. Lyle Alexander of Snyder, will take the other National Guard plane Sunday morning, flying to San Antonio to pick up Lt. Col. Richard C. Slack of Pecos, battalion commander, and take him to camp.

The Snyder unit and the entire 112th Regiment will be at the camp for two weeks.

Residence Near Union Is Damaged By Fire

Firemen were called to the scene of a fire five miles west of Snyder on the Lamesa highway about 5 o'clock this morning, but the fire had been put out before they arrived.

Ivan Gatlin, fireman, said that the fire was at the Erdie Rinehart residence about one-half mile west of Union.

There was only slight damage, Gatlin said.

More Charges Slated In Galveston Cleanup

GALVESTON (AP)—More charges were promised today in the state's anti-vice campaign here. An official said the war would continue until all illegal establishments are closed.

Special Asst. Atty. Gen. James Simpson of Texas City said more restraining orders would be filed the next few days against gambling dens, illegal liquor establishments and bawdy houses.

City police cracked down last night on two more clubs they said were ignoring Atty. Gen. Will Wilson's Galveston County war. Authorities said a gambling device was found in one of the places closed and an officer was served a drink in the other.

"We want to be sure they are tied down where they can't operate," Wilson said in Austin yesterday.

He flew to Galveston Tuesday night and conferred with his assistants conducting the anti-vice campaign. He said the trip was just "to pull some loose ends together. It looks pretty favorable down there."

Most gambling and liquor-by-the-drink establishments either have been placed under restraining orders or voluntarily closed. Bawdy houses suffered the same fate.

A search continued for gammoved out while officers planned last Thursday what would have been the biggest raid of that sort in Galveston history.

News of the impending raid apparently leaked out and officers received word that most illegal establishments had closed down. The raid was cancelled.

Servicemen's Trial Abroad Being Studied

WASHINGTON (AP) — Two top House Democrats gave momentum today to a congressional drive aimed at cutting down on foreign court trials of American servicemen overseas.

Chairman Gordon (D-Ill) said that despite an indefinite postponement of hearings on the subject, the House Foreign Affairs Committee will take up the question before voting on President Eisenhower's $3,865,000,000 foreign aid request.

Rep. Burleson (D-Tex), chairman of the Foreign Affairs Subcommittee which considers agreements allowing foreign trial of GIs, said he favors bringing out a status-of-forces resolution now.

The full committee originally was slated to hear today from Rep. Bow (R-Ohio). He is the sponsor of a resolution which calls on Eisenhower to seek revision of the criminal jurisdiction part of the status-of-forces agreements, or renounce them altogether. The session was canceled because of the House fight over the civil rights bill.

It was learned that the House group will not seek Bow's testimony again until after the forthcoming June 19-27 visit of Japanese Prime Minister Kishi to the United States.

Burleson said he doesn't see the need for further extended hearings on the much-discussed status-of-forces resolutions.

Philadelphia Named As Convention Site

GALVESTON (AP)—The National Sheriff's Assn. has selected Philadelphia for its 1958 convention.

Dave Starr of Orlando, Fla., was installed as president last night at a dinner winding up the group's annual meeting.

Hugh Anderson of Borger, Tex., is the new third vice president.

WEATHER

SNYDER TEMPERATURES: High Wednesday, 86 degrees; low, 60 degrees; reading at 7:30 a.m. today, 62 degrees.

Fluvanna School Building Planned

FLUVANNA (Spl.) — Construction will begin Monday on a new building to house lunch room and homemaking class facilities at the Fluvanna schools, according to L. M. Dawson, superintendent.

Contractor for the project is T. E. Shelburne & Son of Snyder, low of five bidders. Contract price is $18,363.

The building will have homemaking and cafeteria facilities separate. During the school year just ended, the cafeteria was a former classroom which would seat only 35, and it also doubled for homemaking instruction until March, when homemaking classes were moved to a temporary building to be used until the new structure is ready.

Shelburne has estimated 90 working days to complete the building.

The building will be of hydrate block construction and will be 30 by 85 feet in size. Plans are by W. W. Greif & Associates of Snyder.

The homemaking section of the building will have two modern kitchens, one with electric facilities and one with gas. It will also have a living room area, dining room area, and other facilities for carrying out a complete homemaking program. Dawson said the school, incidentally, lacks only a homemaking teacher filling out its faculty for the next schol year.

The lunch room will be built to accommodate about 100 persons at a time. The dining area will be separate from the kitchen.

The building is 60 feet south of the main school plant and east of the agriculture building. The new building and main plant will be connected with sidewalks.

The old cafeteria-homemaking room will be converted back to a classroom, and it is needed, since the school plans to divide its present fifth and sixth grade unit into separate grade units.

In the past two years, the school has added four new houses, the agriculture building, and two teachers. The school gymnasium is four years old. Recently the school has added new furniture in the grammar school, a large number f books in the library, and a new science demonstration table and other science instruction equipment.

Shanghai Red Now Is Dead

SAN PEDRO, Calif. (AP) — This port city's blustery Beacon Street is much quieter today. Shanghai Red is dead and his unruly raucous saloon is shuttered.

Shanghai Red was born Charles Oliver Eisenberg on San Francisco's Barbary Coast 65 years ago. His rough and tumble life ashore and afloat came to an end early yesterday after a heart attack which struck him down in his bar Tuesday night.

Eisenberg got his first experience in tavernkeeping on the Barbary Coast, where he worked as a bar boy, and he learned his first seamanship on the same brawling waterfront. As a teen-ager he joined the Navy.

In Shanghai he bought into a saloon on the Bund. Within the next few years seagoing men from Madagascar to Boston came to know Shanghai Red—a quick man with a handout or, when need be, a left hook.

When he had enough money he came back to the United States and set up a similar establishment here.

Those who had partaken of his board and booze had respectful words for Shanghai. His hair was red and his hands and his heart were large.

Friends said he had loaned over $100,000 and none of his borrowers had ever signed a note.

Water Use Is Reduced Over Snyder

Wet weather here this spring has greatly reduced water consumption although special summer water rates are in effect for the first time in Snyder.

Roy Dunlap, city manager, said that the consumption of water in Snyder during the month of May 1957 was only slightly over half of the consumption in the same month last year.

Last month the city metered 34,320,000 gallons of water, in May 1956 the city metered 60,334,000 gallons.

The special summer rates of 22 cents per 1,000 gallons for all over 12,000 gallons consumed by each customer have so far benefited only a few persons, with most residents being content to let rains do their lawn and shrub watering for them.

May's consumption of water was more than 10,000,000 gallons below the April consumption which was 44,821,000 gallons. Consumption for March was 40,220,000, for February was 29,391,000, and for January was 34,045,000.

During the peak water consumption months last year the totals were: July 84,765,000 and August 80,706,000.

Young Girl Found Slain

DETROIT (AP) — Six-year-old Mary deCaussin was found slain today in a dump two miles from her home in Ecorse Township in Detroit's downriver area.

The girl's head was almost served and her hands were tied behind her back. The body was unclothed.

A resident of the neighborhood, Paul Panter, found the body when he went to the dump to throw out a basket of rubbish. The dump is near the heavily traveled Dix and Trenton roads.

Police roped off the area, hoping to keep it clear until they searched for footprints and tire tracks.

The finding of the body ended an overnight search aided by nearly 1,000 volunteers. The girl had been missing from her home since 5:30 p.m. yesterday.

Pampa Man Gets Post

WASHINGTON (AP)— The Senate today approved President Eisenhower's nomination of Ben H. Guill of Pampa, Tex., for a new four-year term as a member of the Federal Maritime Board.

WORK HAS BEGUN in Towle Memorial Park on the new National Guard Armory. Jay Tate of Snyder is contractor. Here, equipment works on the armory site, where dirt is being piled high. There is more excess dirt than is needed, Tate said, probably 1,100 to 1,200 yards, and it is being given away to anyone who wishes to haul it away or Tate will haul it for those who make arrangements with him at a minimum fee. (Lee Watson photograph)

Bicycling Romance

OKLAHOMA CITY (AP)—Bicyclist Charles L. Holder, of Tellico Plains, Tenn., who has pedaled across the nation four times, found himself a farm bride yesterday.

The 20-year-old former Marine said he was on a back road when he decided to stop at a house for a drink of water.

"She was in the front yard and I asked for a drink," he said. "We didn't talk much but I asked her to marry me. She agreed and talked to her folks. She jumped on the back of the bicycle and we rode on to Wildcat before either of us spoke much."

His bride-to-be is Jackie Britt, 20, whose home is near the village of Hitchita in eastern Oklahoma.

"It happened suddenly and I haven't fully recovered," Holder declared. "We want to get married at the Oklahoma Semicentennial here."

Holder said if he didn't receive any encouragement at the exposition he would try to get a job and make enough money to buy Miss Britt a bike.

She is "not much of a bicycle rider but with practice she can get her leg muscles tuned up," he said. "We will work here until we get on our feet and then plan a bicycle trip around the world as a honeymoon."

Shots Are Fired At Naval Plane

By C. YATES MCDANIEL

WASHINGTON (AP) — Navy officials described as an isolated incident today the shots fired by a Communist Chinese shore battery at an American plane which they said apparently strayed off course and was damaged slightly.

They expressed the opinion, based on early dispatches, that the incident is not likely to produce any significant military repercussions.

The Navy announced yesterday that the plane, flying from the carrier Hornet, was "fired on and slightly damaged by Communist Chinese antiaircraft" in the area of the Formosa Strait.

"It appears that the aircraft concerned was to the westward of its plotted position, being about eight miles off the coast when it was fired on," the Navy announcement added. It said the plane, otherwise unidentified, was on a routine training flight at the time, and returned quickly to the carrier.

First word of the incident came from Peiping radio, which said in a broadcast heard in London that the Hornet and four destroyers sailing from Hong Kong, "invaded part of the South China Sea within the territorial waters of China."

The Red Chinese version said planes taking off from the carrier "intruded into the Swatow area." Without saying where they came from, the Communists said four Nationalist Chinese planes joined the American planes, and two of them were shot down. The U.S. Navy announcement made no mention of Nationalist Chinese planes.

Navy officials here said that the incident could result in diplomatic representations — the Chinese charging a violation of their air space and the United States countering with a protest against an unprovoked attack on an American aircraft.

The messages from the 7th Fleet which had operational control of the force including the carrier Hornet, referred to yesterday's happenings as an "incident." The Hornet also reported that after the slightly damaged American plane returned to its mother carrier, the training exercises under way at the time of the incident were resumed.

Session Of Legislature Is Reviewed

Highlights of the recent session of the Texas Legislature were discussed by Rep. Robert R. Patterson at Wednesday's luncheon meeting of the Kiwanis Club in the Hilander.

Patterson gave a brief description of major bills passed by the legislature, and gave a general rundown on appropriations for the next biennium.

Appropriations for running the various agencies and departments of the state during the next two years total slightly over $2-billion, which is some half a billion dollars more than the figure for the past two years, Patterson said.

However, the increased appropriations did not require any changes in the tax structure. This was possible, Patterson said, because of the tremendous growth in every phase of industry and enterprise in the state.

"Texas recently passed the nine-million mark in population, and when the density of population reaches the national average the state will have 14 million people," Patterson said. The increase in population, and in turn, the increase in consumption of taxable commodities and goods enabled the legislature to boost appropriations without disturbing taxes, he said.

At the same time, he reminded, increased population has resulted in increased demands for services by the state. So far, the increases have balanced each other.

He discussed briefly measures affecting the highway department, the prison system (now the department of correction), schools, eleemosynary institutions, the department of agriculture and others.

Patterson was introduced by Roy McClosky, who was in charge of the program.

A. Z. Glover was installed as a new member of the Kiwanis Club. He was installed by Victor Baze, of the membership and attendance committee.

Girl Dies In Target Practice By Two Men

MEXICO CITY (AP)—A 6-year-old girl on her way to school was killed after two men sought to prove which was the better marksman.

Roberto Gonzalez Castillo told police he and a bank guard set up a target near a bridge in suburban Ixtacalco. He said he used the guard's gun and shot first. After he fired, he said, he discovered the bullet had hit the child.

He said he tried to flee, but men in the neighborhood detained him. He and the guard were held by police.

Appropriation Bills Sent To House Today

WASHINGTON (AP)—The last of 12 regular appropriation bills was sent to the House today by its Appropriations Committee, which boosted to about $4,040,000,000 total cuts it has recommended this year in presidential money requests.

The bill allots $814,813,023 to finance government public works programs during the fiscal year starting July 1, a reduction of $61,639,977 from the amount President Eisenhower requested.

As it has on the past 11 bills, the House is expected to follow closely the committee's recommendations. Not all of the House — passed measures have been passed by the Senate, but that body has adhered generally to House figures on bills it has considered.

The goal of congressional budget-cutters this session is to cut close to five billion dollars from the President's over-all money requests totaling $73,300,000,000.

The bill approved by the committee today provides funds for the Army Engineers' river and harbor and flood control programs, the Reclamation Bureau, the Bonneville Power Administration, the Southeastern Power Administration and the Southwestern Power Administration.

Its total is $52,521,977 less than Congress voted for the same purposes this year.

The largest allotment of new funds, $619,325,023, was for water resources construction programs.

Stocks Are Uncovered

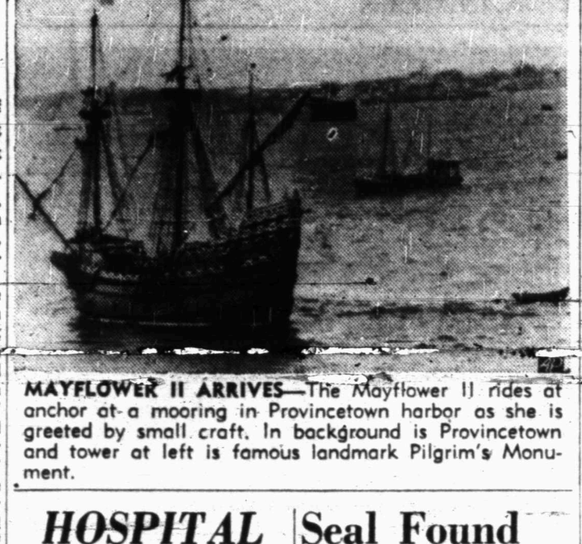
MIAMI, Fla. (AP) — An ocean-front plot owned by television star Arthur Godfrey has yielded slightly more than $100,000 in stolen stocks and bonds.

Police said yesterday they had found $75,825 in war savings certificates and more than $25,000 in utility stocks buried in a steel box 200 yards north of the Kinilworth Hotel, of which Godfrey also is part owner.

Questioning of three men who recently pleaded guilty to house burglary charges in Mobile, Ala., led to recovery of the loot, said Sgt. Lee Graham of the North Miami police force.

The securities were stolen Feb. 5 from the home of John W. Marks, retired Coast Guard commander, in North Miami.

Graham identified the men as James Murray, 24, Brockton, Mass.; Eugene Pollard, 21, Miami; and Elbert W. Ogle, 20, formerly of Hialeah, Fla. Muraray and Pollard will be sentenced Monday on the burglary charges. Ogle will be sentenced a week later.



MAYFLOWER II ARRIVES—The Mayflower II rides at anchor at a mooring in Provincetown harbor as she is greeted by small craft. In background is Provincetown and tower at left is famous landmark Pilgrim's Monument.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

COGDELL MEMORIAL

ADMISSIONS — Myrle Gafford, route 2; Fred Williams, 2405 Thirtieth Street; Inez Nieto, 802 Thirty-second Street; Charlie Woods, Abilene; Charlie Hendryx, 811 Thirty-second Street; Nina Heck, Box 1613.

DISMISSALS — Virginia Raines, 2205 Forty-first Street; Janet Melugin and baby, 1910 Coleman; Sylvia Eatmon and baby, Nineteenth Street; Cloyce Clements, route 1; Faye Guynes, Gen. Del.; Edith Redman, Arah Route; Jo Cathryn Nail, Box 1132; Mrs. Floy Green, 1608 Twenty-seventh Street; Marie Weber, 2804½ Avenue V; Inez Nieto, 802 Thirty-second Street; Fred Williams, 2405 Thirtieth Street; Lee Sturdivant, 3104 Avenue B.

BATTENFIELD-JONES

ADMISSIONS — Robert Lomax, 1706 Avenue Q; Mrs. Nita Jennings, Box 105 Ira; A. J. Reneau, route 3; Truman Franks, 2000 Avenue R; P. V. Lee, Avenue L.

DISMISSALS — Gary Sorrells, 213 Thirty-sixth Street.

Parrot Fever Case Reported

BLOOMSBURG, Pa. (AP) — Medical authorities here say an autopsy on a 62-year-old retired schoolteacher who died yesterday "indicates she was the victim of parrot fever."

Mrs. Helen Kreamer and her husband Ralph, who is reported in "very weak condition" at Bloomsburg Hospital, were striken 11 days ago.

Dr. C. L. Johnston, state medical officer for Columbia County, said they bought a parakeet from a department store here several weeks ago.

Hospital authorities said the couple had the normal symptoms of the disease but an analysis of blood serum would have to be completed before a positive diagnosis could be made.

Antisleep Penalty

SACRAMENTO, Calif. (AP) — The California Legislator classes driving a car under the influence of antisleep drugs or amphetamine pep pills as a felony.

A bill was sent to Gov. Goodwin J. Knight last night and will become law with his signature.

Seal Found In State By 2 Naturalists

ROCKPORT, Tex. (AP)—The discovery of a seal on the Bolivar Peninsula has raised the question of whether the lost seal herds of the Gulf of Mexico may return to Texas beaches.

Seals were once so abundant along Texas shores that Spanish conquistadores slaughtered them for hides, oil and meat.

The seal was spotted by Mr. and Mrs. William K. Reynolds, amateur naturalists from Maine who were here for a few days of birdwatching. They saw it while driving down Bolivar Peninsula, headed for Rockport.

Told that appearance of a seal on Gulf beaches was a sight so rare that many naturalists would have traveled many miles to see one, Reynolds said:

"I wouldn't know whether they were rare or not. This is our first trip to Texas, but we've seen seals many times in Maine."

The animal seen by the Reynolds' fits into the description of the West Indian seal which used to inhabit these waters, before sealers wiped out the great herds.

These seals were supposed to be practically extinct many years ago, but persistent rumors have said that there were scattered individuals and herds still inhabiting the Gulf.

A small herd of these was seen off Galveston 25 years ago, and in the same year workmen patching the jetties at Port Isabel said seals crawled out on the rocks.

Support For Wife Of Shot Man Is Ordered

LONG BEACH, Calif. (AP) — A 34-year-old longshoreman must pay at least $200 a month for the next 10 years to support the wife and five children of a man he shot during a card game argument.

The payments were fixed yesterday as part of the 10 years' probation on which Fred D. Hawkins was placed for shooting Roger Bland, 37, last Feb. 20. Bland was paralyzed by the bullet.

Hawkins pleaded guilty to an assault charge and offered to help the family. He will also spend 90 days in jail as a condition of probation.

STOP THAT ITCH! IN JUST 15 MINUTES.

If not pleased, your 40c back at any drug store. Try instant-drying ITCH-ME-NOT for itch of eczema, ringworm, insect bites, foot itch or other surface itch. Easy to use day or night. Now at IRWIN DRUG STORE.

Bill On Juvenile Laws Vetoed By Daniel

AUSTIN (AP)—Gov. Price Daniel late last niht vetoed a bill recodifying the juvenile laws following an opinion by Atty. Gen. Will Wilson.

The bill would repeal another measure creating the Texas Youth Council or nullify provisions of both, the opinion declared.

The governor penned his way through a midnight deadline to approve or disapprove bills passed by the 55th Legislature. Measures left untouched automatically became law.

One of these untouched bills deals with the power of the San Antonio River Authority to take lands not heretofore used but merely dedicated for cemetery purposes.

The attorney general said the bill was unconstitutional. He wrote that although the Legislature may create a river authority and prescribe its powers, it cannot enact a local law which deals with a subject specifically prohibited by its provisions. The constitution prohibits the Legislature from enacting any local law relating to cemeteries not owned by the state.

The governor also vetoed a bill increasing longevity pay from $2 to $3 a month for each year of service for firemen and policemen.

Daniel said the bill "contains amendments which might seriously jeopardize minimum wage and longevity benefits of the present law. The author of the bill (Sen. Doyle Willis of Fort Worth) and representatives of the policemen and firemen of Texas concur in this view and have requested that the bill be vetoed."

Referring to the recodifying bill, the governor said:

"Although a most worthy and important measure, certain sections of this bill would re-enact the present law pertaining to the organization and operation of the state youth development council.

"This would conflict with a bill passed earlier if the session by which the present law would be amended effective Sept. 1, so as to establish a new Texas Youth Council and completely change the present organization and operations of the State Youth Development Council.

"While I must veto the bill for the reasons stated, I do favor and support the remaining codification of the juvenile laws and hope that the Legislature will consider this portion of the bill separately at the next session.

Another bill signed last night requires the Insurance Commission to check policy forms, endorsements and riders before a company could issue them to the public.

He's Almost Hit By Auto

LOS ANGELES (AP) — Joseph Petschar had a narrow escape while repairing a house roof.

He was almost hit by a car.

Petschar, 72, had just climbed down from the roof yesterday when there was a terrible crash. A car landed right where he had been working moments before.

The auto belonged to Gilbert Chavez, 51, who had been visiting a home on a steep hillside street in back of the Petschar residence. The car started rolling down the hill. Chavez shouted for it to stop.

It didn't — not until it shot off a 25-foot embankment to land on Petschar's roof. No one was injured and after the excitement was over Petschar climbed back on the roof — which needed a lot of repairing.

Violinist Is Cleared Of Narcotics Charge

LOS ANGELES (AP) — Sandra Berkova Mazelle, 26, a onetime child violin prodigy, has been cleared of a narcotics charge.

Municipal Judge Louise Burke dismissed the count against her yesterday on the motion of the district attorney's office, which said it had insufficient evidence to prosecute.

Miss Mazelle was arrested May 3 by officers who said they found a codeine prescription, issued to her, in the pocket of a male friend. She said she plans to resume her career as a violinist.

BIRTHS

Five new babies were born yesterday at Cogdell Memorial Hospital. They were:

A daughter weighing eight pounds, one and one-half ounces to Mr. and Mrs. Floyd Gilbreth, 2509 Avenue U, at 1:38 a.m.

A daughter to Mr. and Mrs. Juevencia Islas, route 2, at 12:24 a.m., weighing six pounds, one and one-half ounces.

A seven-pound, five-ounce son to Mr. and Mrs. Gordon L. Romine, Box 926, at 2:29 a.m.

A son at 4:34 p.m. to Mr. and Mrs. Henry Gafford, Jr., route 2, weighing eight pounds, nine and one-half ounces.

A daughter weighing seven pounds, eight and one-fourth ounces to Mr. and Mrs. Robert Waggoner, 3907 Muriel Drive, at 2:45 p.m.

WOMEN

Members Added In Drive By Snyder Jaycee-Ettes

Four new members have been added so far to the Jaycee-ettes in their membership drive, which is now underway.

The four were present at the Tuesday night meeting of the organization in the home of Mrs. Mel Gilbert, 2906 Thirty-seventh Street. They were Mrs. Kenneth Baker, Mrs. Charles R. Blount, Mrs. Sam Stevens, and Mrs. Ken Sewell.

Dr. John Hamblen presented the program for the evening, showing film slides and giving narration with the pictures, which showed points visited in Italy by his family.

Mrs. Gene Thompson, president, headed the business meetng, when plans were discussed for the Jaycee-Jaycee-ette operation of concessions at the annual Scurry County Rodeo, which will be held next month. The group also talked of plans for selling advertising in the rodeo program.

A committee was appointed to plan a party for the Jaycees and Jaycee-ettes before the rodeo.

Mrs. Bill Williams explained to new members what the Jaycee-ettes do and how they function.

Refreshments of fruit drink, cookies, and party sandwiches were served to the 13 members and one guest, Dr. Hamblen.

The next meeting will be July 9 with Mrs. Charles Hooser and Mrs. Jack Nesbit as hostesses.

Snyder Garden Club To Meet Saturday

A special called meeting of the Snyder Garden Club has been set for 9 a.m. Saturday at Martha Ann Womans Club.

Mrs. J. T. Hughes, president, said the special business meeting is important and should be attended by all members.

Have you a copy of this Primer to use as a reference source for basic and advanced stitches in crochet, knit and embroidery? irections and hot-iron transfer for panel 8 inches x 10½ inches.

Send 25 cents in coins for this pattern to MARTHA MADISON, care of Snyder Daily News, Box 438, Midtown Station, New York 18, N.Y.

Sewing Club Makes Plans For Project

The Snyder Daughters of the Nile Sewing Club decided at its meeting Tuesday to make blouses and mattress covers for the Masonic crippled children's hospital.

The decision was made in response to a request made by the sewing chairman of the Daughters of the Nile Temple at San Angelo.

Mrs. J. E. Shipp, president, headed the meeting, held at the Masonic Hall. The meeting was opened with a prayer by Mrs. M. L. Andress.

Mrs. Andress gave a report on the meeting of the supreme temple of the Daughters of the Nile in San Antonio. The annual s.preme meeting will be held next in Vancouver, British Columbia, she said.

Mrs. Shipp appointed several committees. They included ways and means, Mrs. Andress, Mrs. Marvin Hanback, and Mrs. Ben Dennis; telephone, Mrs. J. B. Tate and Mrs. Helen Patrict; and reporter, Mrs. Marvin Hanback.

NEWS FROM DUNN

By ELWANDA STEWART

Nobody Laughed At Her

DETROIT (AP) — Nobody laughed at Vernor police station when Mrs. Kathryn Brown reported to police a piggy bank was stolen from her home—not after she told them it contained 15 hundred-dollar bills.

Presbyterian Group Meets Here Tuesday

The Presbyterian Women's Organization of the First Presbyterian Church met Tuesday morning at the church with Mrs. Harry Redwine hostess and Mrs. James Babcock program leader.

The meeting was opened with prayer. Mrs. John Covey, Sr., president, presided at the business session.

Vacation church school has been set for two weeks beginning June 17, and a request was made for additional workers. The Westminister Fellowship plans an ice cream social for June 21 and asks the cooperation of the women of the church in furnishing cakes and homemade ice cream.

July and August circle meeungs are to be evening meetings with the three circles meeting together, and the July PWO meeting is to be the summer medical missions program, with Mrs. James Kincaid leader and a special offering to be taken for medical missions. Members were urged to pay pledges in order that all current expenses could be met.

Mrs. Babcock chose for her panel women who are active in church and civic affairs. The group consisted of Mrs. Carl Dillaha, Mrs. John Covey, Jr., and Mrs. Elmo Weyel, representatives of Town & Country Garden Club, Eastern Star, & Acacia Study Club, respectively.

"Seek ye first the Kingdom of God" was used as a basis for the discussion with emphasis placed on a woman's first being a Christian, and then her responsibility to include all of life, including affairs of the community, in her Christian living. Panel members brought interesting facts about club life and its activities in Snyder, answering questions from the various members of the group. Mrs. C. R. Roberson led the closing prayer.

16 Believed Dead

VALPARAISO, Chile (AP)—Maritime authorities said last night they believed 13 crew members and 3 passengers of the Chilean tanker Jeanette perished when the ship was wrecked Tuesday near the port of Huasco, Chile.

33 Are Competing In Second Annual Sew-Off In New York

B. DOROTHY ROE
AP Women's Editor

How the home seamstress has changed!

Time was when the lady in the homemade dress was the butt of jokesters and cartoonists, and when her favorite pattern was a stylish stout.

The new look in home sewing fans is strictly streamlined. I can testify to this after a look at 33 of the country's champion home dressmakers, gathered in New York to compete for the $25,000 grand prize in the second National Sew-off. These geniuses of the sewing machine already have won top place in regional contes', beating out some 50,000 contestants for a tr to New York and a chance in the finals. The winners will be announced Thursday.

The 33 finalists were sewing madly each in a glassed-in cubicle lining the center aisle of a 5th Avenue department store, while curious onlookers gazed in fascination. Each contestant is allowed about 30 hours of sewing time to complete a costume for the professional model assigned to her, after selecting fabric and pattern. And here was the big surprise—you couldn't tell the dressmakers from the models.

This may account for the fact that there were as many men as women in the crowd of spectators watching the harried contestants at their stitching.

One favorite with the crowd was youthful, good-looking Mrs. William J. Thompson, Rochester, N. Y., who was putting the finishing touches on a white lace wedding gown. She explained: "I never had a real formal wedding dress, so I just decided to make one for my model."

Favorite outfit of the finalists, each of whom chose her own pattern and fabric, was the little black dress, of either si... or wool, with or without matching jacket.

Most of the women said they learned to sew as girls, and do it for both pleasure and economy. They pointed out that they can wear better fitting, more fashionable clothes and have more of them if they sew their own. And the modish appearance of each supported the argument.

Other American finalists in the sew-off, which offers a total of $125,000 in prizes, are:

Miss Beryl Banes, North Hollywood, Calif.; Mrs. Bertil G. Benson, San Francisco; Mrs. William Bishop, Oxnard, Calif.; Mrs. Bea Stigers, Denver; Mrs. Gloria Smith, Bremen, Ga.; Mrs. Albert Studler, Fort Wayne, Ind.; Mrs. M. T. Harrell, Shreveport, La.; Mrs. Helen A. Dossett, Lincoln Park, Mich.; Mrs. Frieda M. Bender, St. Louis; Mrs. Trusten Wilkinson, Grant City, Mo.; Mrs. Philip D. McInnis, Concord, N. H.; Mrs. C. S. Albrecht, Old Tappan, N. J.; Mrs. Emma Jean Chooljian, New Rochelle, N. Y.

Mrs. Fakhri Safani, Forest Hills, N. Y.; Mrs. Carol E. Melziva, Cleveland; Mrs. John F. Farrar, Oklahoma City; Mrs. Marguerite Rasmussen, Portland, Ore.; Mrs. Pauline Birnbaum, Philadelphia; Mrs. Thomas Claar, East Freedom, Pa.;

Mrs. Thomas W. F. Walsh, Newport, R. I.; Mrs. F. C. Melton, Isle of Palms, S. C.; Mrs. Ralph Rogers, Sioux Falls, S. D.; Mrs. C. D. Stuart, Memphis; Mrs. Joseph F. Dragna, Houston; Mrs. J. Sydnor Phillips Jr., Norfolk, Va.; Mrs. A. G. Palmer, Wauwatosa, Wis.; and Mrs. Ray Raduege, Columbus, Ohio.

Suit Involving Bus Plane Crash Filed

DALLAS (AP)—A suit was filed yesterday over a collision of a bus and an airplane.

Braniff Airways alleges that a Dallas Transit bus hit one of its Convair planes last Jan. 9. Braniff seeks $1,197 in damages for repair of a wing.

The petition states the plane was being towed toward a hanger and had to be taken on a portion of public road where the bus was traveling.

Film Actor Slips

TOKYO (AP)—Film actor Robert Wagner slipped in his hotel room bathtub last night and hurt his foot. A studio official said Wagner, star of the film "Stopover Tokyo", now being made here, wouldn't be able to work for the rest of the week. He suffered a broken blood vessel and severely bruised muscles.

SEE AND HEAR—New eye-and-ear fashion has tiny transistor hearing aid built into temple pieces of eyeglasses, which come in tones to match the hair—blonde, brunette or silver gray.

Hearing Aids Now Hidden In Eyeglasses

AP Newsfeatures

IT'S YOUR SECRET these days if you wear a hearing aid.

Midern science has come up with new and efficient hearing aids built into the temple pieces of eyeglasses. The working part of the listener is made with the miraculous tiny transistors that have replaced the clumsy batteries formerly used for hearing aids.

A woman who needs hearing help can conceal the aid completely with a simple hairdo.

The new see-and-hear glasses are made for both men and women, and frames come in many designs and colors. For those who need only partial sound amplification, an aid can be built into one side of the temple pieces only.

The new glasses look like ordinary modern eyeglasses, fit perfectly, may be worn comfortably with that and provide new flattery and convenience for the hard-of-hearing.

Crew members on boats hunting seals off the Atlantic Coast are paid according to their catch. They average each about $5 each day.

Baroness Is Diplomat For Netherlands

By JANE EADS

WASHINGTON — Baroness de Vos Van Steenwijk, whose aristocratic family dates back to the 15th century, is a living example of the advances in independence made by the women of Holland.

The new political, press and cultural attache of the Netherlands Embassy admits progress has been slow.

She is one of only five women serving in her country's diplomatic service.

Women in Holland, she says, have complete equality with men in law, not in practice, but they are beginning to make headway. A woman now serves in the Cabinet as minister of social welfare.

Despite the fact that the Netherlands has long been ruled by queens, the baroness says her country is a long way from being the "woman's world" she thinks America is today.

"America is the most progressive country in the world as far as women and children are concerned," she says. "American women have always been more free and more equal than women anywhere else. Children, too, have far more freedom here than anywhere else in the world.

Alwine Steenwijk, 35, the daughter of a titled landholder of eastern Holland is one of a family of four sisters and two brothers. She studied economics and mastered four languages at the universities of Utrecht and Leyden.

After being "cooped up" in our little country during the long drear years of World War II, she wanted to see something of the world. She first came to the United States eight years ago to work as an embassy secretary and later at the United Nations in New York.

NEWS FROM HERMLEIGH

By MRS. OCIE VEST

Mr. and Mrs. Dave Ammons, Mattie Mae, and D. P. left Saturday for Phoenix, Ariz., where they were to visit Mrs. Sam Barfoot.

Yvonne Frazier of Snyder and her cousin, Sherrian Lee, are visiting Yvonne's grandparents, Mr. and Mrs. Johnnie Wemken.

Mrs. Bob Cresswell and Mike and Mrs. D. J. Culp and baby spent the weekend at Wicket visiting their mother and grandmother.

...nie Vela of Wa... at last week with his sister-in-law, Mrs. Lula Garcia.

LaVon Richburg spent Thursday through Saturday with her aunts in Sweetwater.

Mr. and Mrs. Ocie Vest, Linda and Ociene spent Saturday afternoon with his parents, Mr. and Mrs. Alva Vest, at Loraine.

Mary Carrol, Marvis and Ginger Hanson are spending this week with their grandparents at Dunn.

Mr. and Mrs. Tom Shelburn attended the wedding of Mrs. Shelburne's nephew, Miles W. Caudle, at Lamesa Saturday.

Mrs. K. B. Rector and Vickie Jones left Monday afternoon for Lubbock to meet their daughter, Mrs. Gordon May and Bruce of Flagstaff, Ariz., who were to visit her for awhile.

INSPECT NEW JET COOKIE MACHINE—Wilbur Sprenger, left, plant superintendent for the Bowman Biscuit Co., Denver, checks recently-installed, high-speed cookie machine which produces up to 1,400 new Toasted Coconut Cremes per minute. Looking on are J. C. Bowman, Supreme Bakers' president and general manager, and W. F. Edwards, division sales manager.

New Cookie Machine Is Introduced

Supreme Bakers, Bowman Biscuit Co., recently installed an ultra-modern jet double-row sandwiching machine for the production of an entirely new Supreme Cookie to be introduced this month throughout the firm's 8-state Western territory.

The product, descriptively labeled "Toasted Coconut Cremes," brings to consumers a completely new flavor of toasted coconut. A sandwich-type cookie, with a distinctively-flavored, soft creme center, Toasted Coconut Cremes have a unique coconut tree pattern which necessitated the design of a special impression die.

During an inspection of a test run on the new equipment, J. C. Bowman, Supreme Bakers' president and general manager, explained. "The machine is entirely automatic. It's engineered for off-the-oven sandwiching and is geared to speeds up to—and even exceeding—1400 finished sandwich cookies per minute. We are utilizing it at maximum capacity in the production of our new Toasted Coconut Cremes."

In regard to the new product, he felt it was destined to become another leader in the Supreme line. "We are very enthusiastic about Toasted Coconut Cremes," he commented. "Their attractive appearance has immediate appeal and the unusual flavor of toasted coconut gives them the distinction of being oustandingly different."

Texas Map Published By Humble

AUSTIN — A map of Texas showing locations of hundreds of historical homes and buildings throughout the state, has been published by Humble Oil & Refining Co. in cooperation with the Texas Historic Foundation.

The map is the result of two years of compilation by the Foundation at Austin. Information contained in it was obtained in a statewide survey using many sources and the services of many public-spirited volunteers. Although some counties did not report in time to be included, the map should prove valuable and can be the basis for a more complete edition in the future.

Illustrated by E. M. Schwetz, famous Texas artist, the map contains sketches representing the various architectural influences — from Spanish to German—throughout the state. Names and locations of many historical buildings not illustrated are listed on the map with the names of cities in which they are located. Particular emphasis is placed on cities in which missions, forts or more than six historical buildings are located.

Information as to the condition of the buildings and whether they are open to the public is not given because complete data was not available at the time of publication.

All information included in the map was checked by the Texas Historic Foundation, under the leadership of a committee composed of Miss Ima Hogg of Houston, Mrs. Lane Taylor of San Antonio, and Mrs. Mike Butler of Austin. Judge James E. Wheat of Woodville is chairman of the Foundation.

The Foundation hopes that the map will stir renewed interest in the architectural heritage of Texas and will lead to restoration and preservation of the state's historic shrines.

Canadian veterans of World War 2 have received about $303 million dollars discharge payments. Of the amount claimed, about sixty per cent went to furniture and home repairs.

Bird Is Number 1 Pigeon In Hawaii

NEWARK, N.J. (AP) — There's a bird that's just another pigeon here but he's big news in Hawaii.

Some time ago patrolman Nate Harris, a guard at Municipal Court, entered the pigeon—one of 500 he has — in a long-distance race.

The pigeon left the course however and disappeared. Now Harris has learned the bird showed up in Wahiawa, Hawaii Saturday. Mrs. Mary Ross recorded the bird's tag number and notified Harris while a Honolulu newspaper put its picture on page one.

Measure On Death Penalty Is Passed

SACRAMENTO, Calif. (AP) — The California Legislature last night sent to Gov. Goodwin J. Knight a bill giving juries direct and full responsibility for fixing the death penalty.

The bill would require a jury, if returning a conviction in a case where the death penalty applies, to hold a separate hearing on the penalty.

Under present California law the trial judge must order a death sentence in capital crimes unless the jury recommends mercy.

IT'S THE LAW in Texas

A public service feature of the State Bar of Texas

BANKRUPTCY

"Bankruptcy" came from the Latin "bancus" (a tradesman's table) and "ruptus" (broken).

Under old English law a bankrupt was a trader who hid himself or did other things to defraud his creditors.

Under the Roman law creditors could cut up the bankrupt's body and each take his share. Other laws would put the debator in prison or in chains, allow whipping and hard labor. East Indian creditors could sell the debtor and his family into slavery forever.

In the Middle Ages a bankrupt was a criminal. Later he got some rights: Though creditors could force him to turn over all his goods, he would escape prison.

The basic concepts of our bankruptcy law: (1) Prorate the bankrupt's assets among his creditors, (2) discharge him from most of his debts, and (3) "grubstake" him by exempting certain things from the creditors' reach.

The English wanted to discourage extravagance, yet they saw that a debtor's misfortune could trap him. So the early bankruptcy laws grudgingly were only for actual tradesmen. Others had to take their medicine.

Our constitution gives Congress power, first used in 1800, "to establish a Uniform . . . Law on the subject of bankruptcies."

After Congress had passed and then repealed three laws it passed our present bankruptcy act in 1898. It amended the act in 1938 to refine liquidation and rehabilitation procedures.

Today the act relieves the debtor through liquidation, or reorganization and rehabilitation. His creditors have always worried about the debtor, but now the state through law has declared the public concern in putting him back on his feet.

The Supreme Court has said that the act aims to "Relieve the honest debtor from the weight of oppressive indebtedness, and permit him to start afresh, free from the obligations . . . consequent upon business misfortunes."

This purpose is " . . . it gives to the honest but unfortunate debtor who surrenders (his property) a new opportunity in life and a clear field for future effort . . . "

Also the law puts creditors on notice to watch out that their debtors do not overextend themselves.

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Snyderites Attend Chiropractic Meet

Dr. and Mrs. R. O. English and Dr. and Mrs. B. J. Weaver have left to attend the state chiropractic convention in El Paso.

The convention started Wednesday and will end Saturday night.

Items Stolen At Law Enforcement Meeting

BILOXI, Miss. (AP) — Police are checking for clues in the theft of three items which disappeared during the annual meeting of the Mississippi Law Enforcement Assn.

Two police sirens and a parking meter were stolen yesterday from the convention's exhibition hall.

IN SNYDER

Counselling Program Has Many Jobs

The high school counselling program and details of student participation in school activities were discussed at the regular meeting of the Snyder school board this week.

Meeting with the board were T. D. Wiman, high school principal; Clois Henry, assistant principal; J. Carter Parks, high school counsellor; and Pat Falls, director of curriculum.

The counsellor, it was explained, has contact with many students for counselling both by the student's asking for aid and by the teacher sending the student to the counsellor.

He is also responsible for conducting various testing programs, including the achievement IQ, interest, college entrance, and other individual tests.

The counsellor helps students with their choice of subject matter in the high school, college choices and courses, capabilities in college work, and careers. He guides the compilation of student cumulative records, from which much information on the student can be drawn.

The counsellor also handles such duties as guiding work with reading difficulties with freshmen and working at times on emotional and social problems of students.

The basic philosophy of guidance program, Parkes told the board, is to help the student in making his choices, not choosing or doing things for him.

The testing program is carried on to help the student find out more about himself and to help teachers in working with the students. The counsellor helps the students, as they enter high school, begin a four-year plan of what they want to take in high school, relating it to what the student plans to do after leaving high school. The student can revise the plan each year. Students learn from tests and in other ways more about their abilities, and counsellors attempt to help students select realistic goals, not too high or too low. Vocational planning is an important part of the counselling program, and students are urged to make wise choices and not waste time and money training themselves for something they cannot do.

In addition to counselling with students, the counsellor many times discusses with parents who come to him with problems of the students.

He has consultation with teachers in the school many times. Since there are more students in the high school than one counsellor can adequately service with a full counselling program, the teachers provide much help, especially in testing and in talking with individual students.

An experiment tried in the high school during the school year just ended is that of having advisory groups. Students are assigned to teachers in alphabetical order, going into a period similar to the former "home room" period. These teachers remain with the same students throughout their high school years. Advisory groups meet for 30 minutes twice weekly. During these periods, various things are done, including work on cumulative records, or other work helping the teacher and student to become better acquainted. The student then has a teacher who knows him well, many times knows his problems and can help him. The student also has a group with which he can identify.

The counsellor's program has much in the way of vocational work. During this school year, vocational work was worked into regular English assignments by teachers. Students in freshman and junior years had stress on vocations.

During the senoir year, the student explores college prospects, trade schools, or vocations. At the end of the school year, the students are surveyed for information as to what they intend to do. It appeared this year that students were more realistic than formerly in selecting goals, Parkes said, citing as an example that none said this year they intend to be airline hostesses, while many did last year Formerly, many students thought of the more glamorous-sounding careers, but it appears that now they are donig more thinking about what they will do when they leave high school.

Also, students appear to be learning that colleges other than those in the immediate vicinity of Snyder might come nearer to having the courses they want. Indication of this is that a year ago, when surveyed, the students who said they would attend colleges listed 12 different schools. This year the graduating students who said they were attending colleges listed 31 schools. Of the top one-fourth of last year's graduates, 86 per cent went to college.

Colleges are now sending more information back to the high school on how the high school's graduates are doing while they are freshmen. The last reports showed that among the Snyder group they scored highest and lowest in the scientific and math fields.

Asked about student participation in various activities of the schools, Wiman made a report which showed that at least 650 of the 750 students in high school this year participated in at least one event. These events were those other than regular classroom work. These events included athletics, music, literary, vocational, crafts, and other types of organizations.

2 In Houston Die In Blaze

GALVESTON (AP)—Josie Hale, about 68, and William Dabney, 71, were burned to death yesterday when the three-story Rio Hotel was destroyed by fire.

One fireman was overcome by smoke.

T. man who had just taken over its management, Henry Wooldridge, 68, collapsed from a heart attack after the fire had been extinguished. His condition was said to be fair.

Persons living in the 73-year-old building once known as the Marble Palace, said the Hale woman screamed and ran into her room when the fire started. Wooldridge said the fire started in her room and he tried to drag her from it. She died while trying to rescue her small dog.

Persons in nearby buildings said an explosion occurred just before the fire.

She Spends Part Of Money, Burns Rest

LOS ANGELES (AP) — A woman bookkeeper who had a taste for "nice things" told detectives who arrested her on suspicion of embezzling $20,000 that she spent about $5,000 of it on clothes and a car — and burned the rest.

Miss Paige Marjorie Wright, 31, an employe of a transfer company, was quoted by officers as saying she burned the money, fearing additional spending might make her friends suspicious.

Space Travel Has Many Problems

SAN FRANCISCO (AP) — There won't be any space travel until scientists perfect auxiliary power systems to keep occupants of the craft alive, healthy and happy, three rocket experts said today.

Development of these systems will require about as much effort as the main engine of a rocket ship, D. G. Burdick, P. I. Wood and J. S. D'Abusco told the American Society of Mechanical Engineers.

Simple auxiliary power systems already are in use in rockets for steering, pumping fuel, sending radio signals and receiving instructions from control points.

However, the big space ships additionally will need independent power sources to supply heat, cabin pressure and even a substitute for gravity, said the three, from Aerojet-General Corp. Aerojet is a producer of large rockets.

Once outside the gravitational pull of the earth, space travelers won't know which way is up unless they have some force to keep their feet on the deck, the dishes on the table and a means of making food and drink go down their throats.

Rocket builders at present are thinking about using small gas turbines, operating from the burning of liquid fuels, for these extra services, the engineers said.

Man Saves Daughter, Falls To His Death

PITTSBURGH (AP)—Thomas Bennett, 45, saved the life of his daughter, Deborah, 3, yesterday —then fell to his death.

Police said Bennett rushed to a second-floor porch as he saw Deborah tottering on the railing. He pulled her backward but lost his balance and plunged through the railing to the ground.

Bennett's daughter, Marie, 9, had followed her father to the porch. She grabbed Deborah's feet to prevent her from falling through the broken railing.

Island Has More Bikes Than People

BOSTON (AP) — There are more bicycles than people on Nantucket Island.

That information was given the Legislature yesterday by Rep. Robert F. Mooney (D-Nantucket) who is seeking legislation for construction of bicycle paths on the island.

Discharge Of Water Sought

AUSTIN (AP)—Gov. Daniel asked the Army Engineers yesterday to open up a flood discharge channel at the mouth of the Colorado River south of Matagorda.

In a letter to Maj. Gen. E. C. Itschner, chief of Army Engineers, the governor said sand and silt had blocked the Colorado mouth to the point where it was closed in dry weather and a barrier to flood water in wet weather.

Daniel said recent damage to cabins, ranch and farm land, a state highway, bait camps and navigation would run into several hundred thousand dollars. He said he hoped some way could be worked out for a joint federal-local plan for a flood discharge channel with additional benefits to navigation through development of fishing, mineral and other resources of the areas.

Postcards May Cause Voting List Changes

PARIS, Ky. (AP)—Post cards sent out by a candidate during the recent primary election may cause the removal of 675 names from the voting lists.

The cards were sent to every name on the voting list, but the post office returned 675 of them, explaining that the addressees were either dead, unknown or had moved away.

The cards were turned over to the Bourbon County purgation board for possible action.

YOUNGSTER PROUD OF PLAQUE—Among the many fans here who were proud of the showing the Tiger baseballers made in the state tournament at Austin last week is three-year old Mark Bostick, above, whose father, Horace, aided Speedy Moffett with the Tiger diamonders. Mark proudly holds the plaque awarded to Snyder High School by the University Interscholastic League for the Tigers' third place finish. (Lee Watson photograph)

SPORTS

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

THE NATIONAL LEAGUE is having a terrific race at the moment but we have a race of our own that is almost as close.

We're speaking of the City League chase where three of the four teams in the league are crammed together like sardines. Snyder Furniture leads the league by a mere one-half game over Hermleigh with Sun Oil only one game back in third place.

Third place Sun and Snyder Furniture get together Saturday night in the next league game. A Sun Oil victory would throw the race into a three-way tie for the lead.

Snyder Furniture, incidentally, has its work cut out the next five days as she takes on Hermleigh next Tuesday after Saturday' date with Sun. If the Furnituremen can get by both of these games, they'll be well on their way toward capturing the first half title.

A split, though, probably will be a "dog-eat-dog" race right down the wire.

Good Baseball In City

There is some pretty good baseball played in the City League so if any of you diamond fans here are hungry to see baseball games played by adults, you can't go wrong by attending the City League contests.

Several of the players in the league have played pro ball in the past and nearly all have played semi-pro.

Pitching in the league is well ahead of the hitting but this may change as the season wears on. In Lee Gatewood and Ed Maguire of Snyder Furniture, Bermon Corbell, Grady Gafford and Ted Masters of Hermleigh, Wayne Whiteside and Don Ballard of Sun and Dwayne Prince of the Blue Sox, you'll see some pretty fair chunking in the City League.

Gatewood turned in an "iron man" stunt the past weekend when he went the route in two games with Hermleigh, one Saturday night and the other Sunday afternoon, and won them both. This is a pretty good effort for a fellow who claims he isn't "in shape."

Beating Hermleigh in two games like this is going some as the Hermleigh club is loaded with power.

Tigers Bolstering League

Several Tigers have joined City League teams following their duties with the Bengals that ended with the state tournament last week at Austin.

Three of the four City League teams have "signed" Tiger players. Snyder Furniture has made the "biggest haul" so far with four, second baseman Joe Reaves, shortstop Tommy Prichard, left fielder Neil Boyd and centerfielder Gary Vice.

Hermleigh has picked up two Tigers, pitchers Norman Gladson and Tim Roberts while the Blue Sox have two Bengals playing with them, pitcher Dwayne Prince and right fielder Jimmy Allen.

Other Tigers are expecting City League teams within the next few days after they "recuperate" from the 1957 season that saw the Black and Golders play 31 games.

City League games are played Tuesday and Saturday nights of each week. Make-up games are played on Sundays.

Defending Champion, Bartzen Lead Way

HOUSTON (AP)—Defending champion Richard Schuete and top-seeded Bernard Bartzen of Dallas today led the way into the quarter-finals of the 44th Texas Sectional Tennis tournament.

Only one mild upset was registered in men's fourth round play yesterday. Ronnie Fisher, Rice freshman, defeated fifth-seeded Bernard Gerhardt of Austin, 6-2, 3-7, 6-2.

Bartzen downed John Newman of San Antonio 6-0, 6-1. Schuette was extended again but defeated Doug Bashrum of Baytown, 9-7, 6-3.

Cards Nip Braves In LL Tilt, 6-5

The Rotary Cardinals came from behind to nip the Kiwanis Braves in a National Little League make-up game yesterday afternoon, 6-5.

The Cards jumped ahead 2-0 in the first inning but the Braves erupted for a four-run rally in the top of the third to take the lead, 4-2.

However, the Cardinals also came up with four runs in their portion of the third to regain the lead. The Braves narrowed it to one run in the fourth, 6-5, and there was no further scoring.

Kenny Wellborn drove in the two Cardinal runs in the first inning with a single. Then Pat McCright walloped a two-run homer to tie it up for the Braves in the third. The Braves went on to score twice more in the third with Richard Smith and Johnny Best driving in runs.

The Cardinals, though, were not to be denied as they quickly regained the lead in the bottom of the third. The Cards got only one hit in the inning but it was a big one, Kenneth Dieke slamming a two-run double to untie the score and put the Cards ahead for good.

Benny Minor singled in the final Brave tally in the fifth to put the final score at 6-5. The Cards loaded the bases with none away in the bottom of the fifth but failed to score.

The Braves outhit the Cards, 8-5, but except for one bad inning, Card pitcher Mike Carnes kept the Kiwanis hits well scattered. One-half of the Braves hits came in the third when they scored four of their five runs.

Jay Williamson and Ed Carl Foree divided mound chores for the Braves with Williamsdon taking the loss.

Another Little League makeup game was on tap today, the Legion Yankees pitted against West Texas Bank Athletics at 4.

Penn State Lass Leads

CHAMPAIGN, Ill. (AP)—The sharpest shooters of the field—judging by opening day scores—meet in the semifinals of the National Women's Collegiate Golf Tournament today.

Ann Rutherford of Penn State is pitted against Meriam Bailey of Northwestern, the Illinois amateur champion.

Judy Bell of Arizona is matched against Jean Ashley of Kansas.

Three of the semifinalists scored 79s in Monday's qualifying round, the lowest recorded that day, and the other one—Miss Ashley—came in with the next lowest card, an 81. Par is 76.

Miss Bailey was not far off the par standard yesterday but she was hard pressed by Clifford Ann Creed of Lamar Tech. Miss Bailey sank a twisting 25-foot putt on the 17th green to defeat Miss Creed, 1-up.

Dallas Hikes Lead To 5 1-2

By The Associated Press

Dallas, which was almost run out of its park by the last place club, got back into the groove against a top division outfit Wednesday night and increased its Texas League lead to 5½ games.

The Eagles, shelled by cellar-dwelling Oklahoma City four out of five, whipped second place Houston 4-3 in the opener of an important series.

San Antonio edged Oklahoma City 4-3 in 12 innings in the only other game. It was the Missions' fifth straight and pulled them within two games of Houston.

Dallas slammed two runs across in the eighth and two more in the ninth to clip Houston.

Ed Mierkowicz singled with two out on in the twelfth for the deciding tally as San Antonio beat Oklahoma City.

Tulsa at Austin and Fort Worth at Shreveport were postponed because of rain.

California Nine Wins NCAA Title

OMAHA (AP) — California, winner of the first NCAA College Baseball World Series in 1947, is once again the champion.

MICKEY CLOBBERS TWO—Mickey Mantle, the Yankees' power-hitting center-fielder, slammed homeruns Nos. 17 and 18 yesterday but they were to no avail as the league leading White Sox nipped the Bronx Bombers, 7-6, to move five full games ahead in the American League race. See story page 7 for further details. (AP Photo)

Johnny Bower of the Providence Reds won the American Hockey League most valuable player award the last two seasons.

HOME RUNS—Mantle, New York, 18; Williams, Boston, 14; Zurnial, Kansas City and Sievers, Washington, 13; Maxwell, Detroit, 11.

Courtney Heads All-Army Field

FT. HOOD (AP)—Olympic champion Tom Courtney tops the headliners in the All-Army Track and Field Meet which opens here today.

Stars from Army commands throughout the world were on hand for the opening events of the three day meet.

Courtney, world 880 yard run record holder, heads the powerful First Army squad. Tough competition was expected to come from the 24-man Fourth Army team coached by former Yale star Richard Goss of Ft. Sill, Okla.

Chicago Cub rookie pitcher Dave Hillman won 21 games for Los Angeles in the Pacific Coast League in 1965.

Red-Hot Cards Extend Win Streak To Eight

By ED WILKS
The Associated Press

The St. Louis Cardinals, rocketing along while the rest of the hot-shots fizzled, finally have themselves a spot in the National League's first division—a fourth-place berth that's only a game removed from the lead.

In a week's time, the Cards have won eight in a row, making up 5½ games on the leaders in a rush that's been carried by three pitchers and a couple of old pros named Stan Musial and Del Ennis.

Last night they defeated Philadelphia 4-2 to gain a share of fourth with the failing Phils.

First-place Cincinnati was slugged a third time in succession by seventh-place Pittsburgh, this time in a 4-3, 10-inning decision. That left the Redlegs half a game ahead, five percentage points in front of Milwaukee and Brooklyn, deadlocked for second after the Dodgers put an end to a four-game skid with an 11-9 victory over the Braves.

The New York Giants, with all their runs unearned, defeated the Chicago Cubs 4-3 in the other NL game.

In the American League, the Chicago White Sox regained a five-game lead, defeating the second-place New York Yankees 7-6 despite a four-RBI, two-home-run show by Mickey Mantle. Cleveland retained third, beating Boston 6-1. Fourth-place Detroit stopped Baltimore 4-2. Kansas City and Washington split a twi-night pair, the A's winning 5-3, then losing 3-2.

Musial and Ennis have batted in 18 of the Cards' 37 runs. Last night Musial singled and doubled, scoring a run, while breaking the league record for consecutive game played set at 822 by Pittsburgh's Gus Suhr from 1931 to 1937.

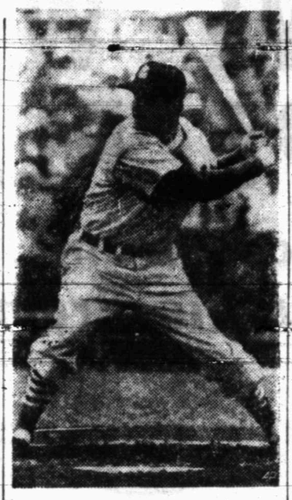
Ennis, batting .353 in the Card surge, walloped his fourth home run in the streak, a three-run job that bagged it for good against Robin Roberts.

Larry Jackson, a relief pitcher gone square, won his eighth of the season with a nine-hitter. The right-hander has won two in the eight-game string, as have veteran Murry Dickson and bonus kid Lindy McDaniel.

The Dodgers had a 9-1 lead after two innings as winless Gene Conley took his fourth defeat. Charlie Neal drove in the final four Brooklyn runs with a triple and home run. Frank Torre, Ed Mathews and Hank Aaron hit home runs in the last two frames for the Braves. Ed Roebuck, relieving Johnny Podres, needed relief himself to win his first.

The Redlegs blew a 3-1 lead. A single by Gene Freese beat reliever Tom Acker. Roy Face won it in relief. Ted Kluszewski, just off the disabled list, hit into a forceout in a pinch-hit try—his first appearance with the Redlegs since April 25.

Mantle, who now has 18 home runs after hitting seven in eight games and four in his last three, was 4-for-5, throwing a late scare into the Sox with a two-run, 425-foot homer in the ninth. Walt Dropo batted in three for Chicago,



STAN MUSIAL
. . .adds another record

with a two-run homer that tied it in the second and a single that brought across the first of two fourth-inning markers that gave the Sox the lead for keeps. Yanks Hank Bauer and Bill Skowron and Jim Rivera of Chicago also homered.

Jack Harshman failed to finish, but won his second in 10 decisions with the Yankees, Johnny Kucks lost it.

Cleveland scored five runs in the second, four of them unearned as loser Bob Porterfield uncorked an error and also balked. Al Smith singled home a pair in the big frame, which brought Don Mossi a fourth victory.

Jim Bunning fanned seven in a six-hitter against the Orioles. He walked none, but gave up homers to Bob Nieman and Bob Boyd in winning his sixth. J. W. Porter smacked a two-run homer off loser Art Ceccarelli.

Willie Mays' three-run homer tied it for the Giants in the sixth. Then he stole third in the ninth and jogged home with the winner as catcher Cal Neeman threw wild on the the... Al Worthington won his seventh in relief.

Lou Skixas, Gus Zernial and Hal Smith homered in the A's victory. Reliever Truman Clevenger, unbeaten, won his fifth in the second game as Rocky Bridges hit a sacrifice fly to break a 2-all tie in the ninth.

Lamar Tech Wins NAIA Golf Crown

BEAUMONT (AP)—Lamar Tech yesterday won its second consecutive National Assn. of Intercollegiate Athletics golf championship.

The Cardinals, playing on a hometown course, forged a four-round total of 1,178 to 1,196 for runner-up Rollins College of Winter Park, Fla.

Jim Curti of Rollins shot a steady game throughout to take individual medal honors with a 72-hole total of 290. That was a two-stroke edge over Tech's Ed Langert and Al Chandler.

Texas Wesleyan College of Fort Worth finished third in team play with 1,234.

Air Force Track Meet At Wichita Falls

WICHITA FALLS (AP) — The world-wide Air Force Track and Field Meet opens today at Sheppard Air Force Base.

Two members of the United States Olympic team, discus thrower Desmond Koch and distance runner Bill Dellinger, head the entry list.

Comedian Joe E. Brown is honorary referee of the meet. Olympic trainer Elmer Brown of Texas Christian University will be the official referee.

Len Rosenbluth led North Carolina's 1957 NCAA basketball champions in scoring with 895 points in 32 games. He averaged almost 28 points a game.

The New York Rangers won the Stanley Cup three times — 1928, 1933 and 1940.

Frank Thomas Cause Of Buc Surge—Bragan

PITTSBURGH (AP) — Manager Bobby Bragan said today the main reason his hustlin' Pittsburgh Pirates have beaten the Cincinnati Redlegs three consecutive games is Frank Thomas, whom he called "one of the most versatile and best players in the majors."

"The worm is turning just a little," said Bragan. "We're getting a few breaks that went the other way earlier in the season. Now we've tied our season's longest winning streak at four games and one of the big reasons is Thomas."

In last night's game, won by the Pirates 4-3 in 10 innings, Thomas had two singles in three times at bat to boost his batting average to .338, fifth best in the National League. His hits drove in two runs to give him a total of 29 RBIs.

"And look what he did in the 10th when Dee Fondy got a lead-off walk," Bragan continued. "I knew Thomas might be a cinch to get a hit but the strategy called for a sacrifice and Frank laid down a good one. It paid off because Gene Freese came through a moment later with the game-winning single."

Thomas, who has to take a look at the lineup daily to determine where he's playing, was in left field last night. He turned in a brilliant play in the second inning. Ed Bailey was on first when Don Hoak sent a scorching liner toward Thomas, who caught the ball at his shoetops and threw to first to double Bailey.

"That's the kind of an arm, the boy has," Bragan said. "In the infield he's terrific, especially getting that ball over from third to first."

TEACHER CAN TAKE IT—Roy Harris, a school teacher from Cut and Shoot, Tex., takes a sharp left to the chin delivered by Willie Pastrano in the third round of their 10-round bout in Houston. Harris defeated Pastrano, the favorite, to win his 21st straight professional fight and climb higher in rank in the heavyweight division. (AP Wirephoto)

AT AUSTIN

NCAA Track Meet Starts Tomorrow

AUSTIN (AP)—The nation's top tracksters today worked out in rain-soaked Memorial Stadium in final preparation for tomorrow's preliminaries in the NCAA meet.

A heavy rain poured into the home track of the University of Texas late yesterday but the forecast for the prelims and Saturday's finals indicated fair weather.

With a fast track and suitable weather, four records appear certain to be broken with four more as possibilities.

The most likely to fall is the half mile. Tom Courtney of Fordham set the record of 1:49.5 two years ago and California's Don Bowden and Villanova's Ron Delany are favored to snap it this weekend.

Bowden has a 1:47.8 in chalking up a new Pacific Coast Conference mark and Delany whipped Courtney last Saturday in Houston in 1:48.4.

Bobby Morrow, the great sprinter from Abilene Christian College, could lower the standard in both the 100 and 220-yard dashes. The records are 9.4 and 20.9 and the ACC flash has matched the 9.4 on several occasions and smoked in with a 20.6 at Compton, Calif., last week.

The pole vault record of 15 feet 1 inch, the high hurdles mark of 13.9 and the two mile record of 9:01.9 also appear in jeopardy, with several threats entered in each event.

Craig Fanning, Cornell tennis captain, also captained the soccer and squash teams at the Ithaca, N.Y., campus.

Ollie Statford of Bronxville, N. Y., is captain of the Williams College squash team at Williamstown, Mass.

Small Field To Run In Belmont Race

By JOHN CHANDLER

NEW YORK (AP)—A field of seven costs, smallest since the great Native Dancer beat five rivals in 1953, appeared to be about the size of it for the 89th running of the $100,000-added Belmont Stakes Saturday.

Narrowing it down further, it looks like a two-horse duel between the Wheatley Stable's Bold Ruler and Ralph Lowe's Gallant Man, plus a battle of skill matching a veteran Belmont combination against a trainer and jockey taking their first stab at the famed classic.

Trainer Sunny Jim Fitzsimmons, 82, and jockey Eddie Arcaro each will be shooting for their seventh Belmont with Bold Ruler. Johnny Nerud, who trains Gallant Man, and his rider Willie Shoemaker have never had a colt in the mile and one half race.

This final number in the Derby-Preakness-Belmont triple crown is to be televised and broadcast nationally from 3:30-4 p. m., EST.

It probably will determine the 3-year-old championship, as it has done in 10 of the last 11 years.

Nerud said he planned to enter Bold Nero, another colt owned Lowe, so actually there will be only six betting interests. Bold Nero and Gallant Man both were bred overseas by the Aga Khan.

Others expected to be entered officially tomorrow morning are the Greentree Stable's Cohoes, the Cain Hoy Stable's Lucky Dip, a French-bred colt, the D. & M. Stable's Inside Tract, and Mrs. Jules Schwartz's Nah Hiss.

With seven facing the starter, the Belmont will have a gross value of $114,350, the winner netting $78,300. Second, third and fourth place is worth $20,000, $10,000 and $5,000.

Bold Ruler rules an even money favorite at the moment, with the Lowe entry 7-5, and Cohoes with Ted Atkinson up, 8-1.

Coach Phil Watson of the New York Rangers starred as a player when the team won the Stanley Cup hockey series in 1941.

HOGAN AMONG FAVORITES

National Open Underway Today

TOLEDO, Ohio (AP)—Amid some murmuring among the athletes about closely cropped greens and uncropped rough, a field of 62 started today in quest of the 57th National Open Golf Championship at historic Inverness Club.

Eight champions were on hand. The others ranged in age from 1-year-old amateur Jackie Nicklaus of Columbus, Ohio, to 62-year-old wee Bobby Cruickshank of Pittsburgh, who tied for the title 34 years ago but lost the play-off to Bobby Jones.

The Inverness course measures 6,919 yards of treacherous terrain, windswept as a rule, and studded with 117 traps and hundreds of trees. A small stream meanders across seven fairways.

"Old Man Par" is 70. But the experts are picking him to whip the field.

Everyone seems to think the new champ, at the end of the 72-hole medal play test which winds up with Saturday's 36-hole marathon, will come from a talented bracket including four-time champion Ben Hogan, four-time runner-up Sam Snead, Masters champion Doug Ford, PGA champion Jack Burke whose dad tied for second here 37 years ago, and Peter Thomson of Australia, three time winner of the British Open.

The big hazard is the small and slick putting surfaces. In yesterday's last free fling around the course, most of the field failed to find the answers.

One pro, after three-putting from 12 feet, said: "The best way to handle these greens is to hold the putter a bit above and behind the ball, then tap the ball lightly with the shadow."

Hogan Forced To Withdraw

TOLEDO, Ohio (AP) — Ben Hogan withdrew from the 57th National Open golf championship today after stricken with severe back and chest pains.

After receiving a 54-minute delay in his starting time to permit diathermy treatment, the four-time champion from Fort Worth, Tex., returned to the Inverness course, dressed and took some practice shots.

Then, obviously in great pain, he turned to officials of the U.S. Golf Assn. and said:

"I'm afraid I can't make it."

Dave Pratt, Dartmouth fullback, also plays lacrosse.

Bill Hartack has ridden in two Kentucky Derbys. He won the 1957 running with Iron Liege and was second in 1956 with Fabius.

CEREAL RING HOLDS ICE CREAM, FRUITS
. . .nuts and peaches add tangy taste to dessert

Fruits Make Cool, Tangy Dessert For Summer Meal

Summer brings escapist desires to many a homemaker, but the family turns out to be just as hungry as ever.

Mixes and oven-ready foods help cut down the kitchen time for the hurried homemaker. Desserts loom large in any menu-planning, however, as few youngsters and their dads agree to eliminate them during the summer months.

With fresh fruits available, fruit desserts can solve the problem of something sweet and, at the same time, easy to fix, giving the family chef time out to join the children at the beach.

Many of the tropical fruits are available this time of year, pineapples, mangoes, and others, which will give a different taste treat to conventional recipes.

Here is a recipe which can be whipped up in minutes and will bake while the family eats dinner.

PNEAPPLE KUCHEN IS QUICK TREAT

1 cup sifted flour
½ cup granulated sugar
1 teaspoon baking powder
⅛ teaspoon salt
½ cup milk
1 egg
1 tablespoon salad oil
1 1-3 cups drained pineapple chunks

Sift dry ingredients together into a bowl. Beat milk, egg and oil together in a measuring cup and add to flour mixture, blending well. Pour into greased 8-inch square baking pan. Scatter pineapple chunks over batter. Sprinkle with the following mixture:

½ cup granulated sugar
2 tablespoons flour
½ teaspoon cinnamon
¼ teaspoon nutmeg

Drizzle with 3 tablespoons melted butter or margarine. Bake in preheated hot oven, 425 degrees for 25 to 30 minutes or until cake part is done. Cut in squares and serve warm. Makes 8 or 9 servings.

BANANAS FLAVOR TORTE CREATED FROM MIX

1 package chocolate pudding mix
4 cream-filled banana cakes
1 six-ounce package of semi-sweet chocolate bits
½ cup whipping cream
Bananas, sliced
Chopped nuts, to taste

Purchase 4 banana cakes. Prepare pudding mix as directed on package. Melt chocolate bits over hot water and stir into hot pudding mix. Cool, stirring frequently.

Whip cream and fold one-half of it into chocolate mixture. Open banana cakes carefully and spread filling evenly. Place a cake, filling side up, on a plate. Spread with ¼ of chocolate mixture.

Top with a second open banana cake, frosting side up. Continue with each until all cake slices have been used.

Rim top layer with additional whipped cream. Garnish with banana slices and chopped nuts. Serves six.

PEAR CAKE FLAMBE IS DRAMATIC MEAL ACCENT

1 No. 2½ can pears
1 17-ounce package orange cake mix
¼ cup butter
½ cup brown sugar
Sugar cubes
Lemon extract

Drain pears thoroughly. Melt butter in bottom of 9-inch round cake pan. Add brown sugar and cook until melted. Place pears, cut side down in sugar mixture with tips pointing in. Prepare cake batter according to directions. Pour over pears to within ½ inch of top of pan. Use remaining batter for cup cakes.

Bake at 375 degrees F. for 45-50 minutes or until done. To serve, invert onto serving plate. Sprinkle sugar cubes with lemon extract and place in pears. Light just before serving. Cubes will burn for one minute. Makes 7 to 8 servings.

CEREAL RING CIRCLES ICE CREAM, PEACHES

5 cups junior-size shredded wheat
¼ cups melted butter or margarine
1 cup honey
½ teaspoon cinnamon
⅛ teaspoon cloves
⅛ teaspoon cloves
⅛ teaspoon salt
½ cup walnut halves
6 cling peach halves
1 pint vanilla ice cream

Grease an 8-inch ring mold very well. Set oven at 425 degrees F. Put the shredded wheat in a large bowl. Mix butter honey, cinnamon, cloves and salt together and stir until well mixed.

Add nuts and the butter-honey mixture to the cereal. Mix until all the cereal is well coated. Carefully press into the prepared ring mold and bake for 15 minutes. Turn ring upside down onto serving plate and let stand for 5 minutes.

Gently remove the pan. Cool Fill center with ice cream and garnish ring with peach halves which have been cut in half. Makes 6 servings.

BANANA ICE CREAM IS HOMEMADE DISH

2 cups milk
1 tablespoon cornstarch
2 tablespoons cold milk
2 eggs, separated
½ cup sugar
½ cup corn syrup
¼ teaspoon salt
1 tablespoon vanilla
1½ cups heavy cream
1 cup mashed ripe bananas

Scald the milk in the top of a double boiler. Make a paste of the cornstarch and two tablespoons of milk. Add this to the scalded milk and cool until it's thickened, stirring constantly.

Beat the egg yolks and add sugar, corn syrup, and salt. Mix well. Add the hot milk gradually to the egg mixture, then return it to the top of the double boiler and cook for two minutes. Add the vanilla.

Chill the mixture in refrigerator freezing trays until ice crystals form around the sides of the pan, and then beat until it's light.

Add the bananas to the chilled mixture, and fold the stiffly-beaten egg whites into the custard.

Whip the cream until its stiff enough to hold a soft peak and fold it into the mixture.

Return to the refrigerator freezing trays and freeze, stirring twice during the freezing. The recipe will serve six to eight.

LOW CALORIE RINGS ARE OF HONEYDEW MELON

1 package lemon flavored gelatin
2 cups hot water
1 pint fresh strawberries
1 large honeydew melon

Dissolve gelatin in hot water, chill. Wash, hull and slice strawberries, saving a few for garnish.

When gelatin is slightly thickened, fold in strawberries. Remove rind and seeds from melon, pour gelatin mixture into hollow.

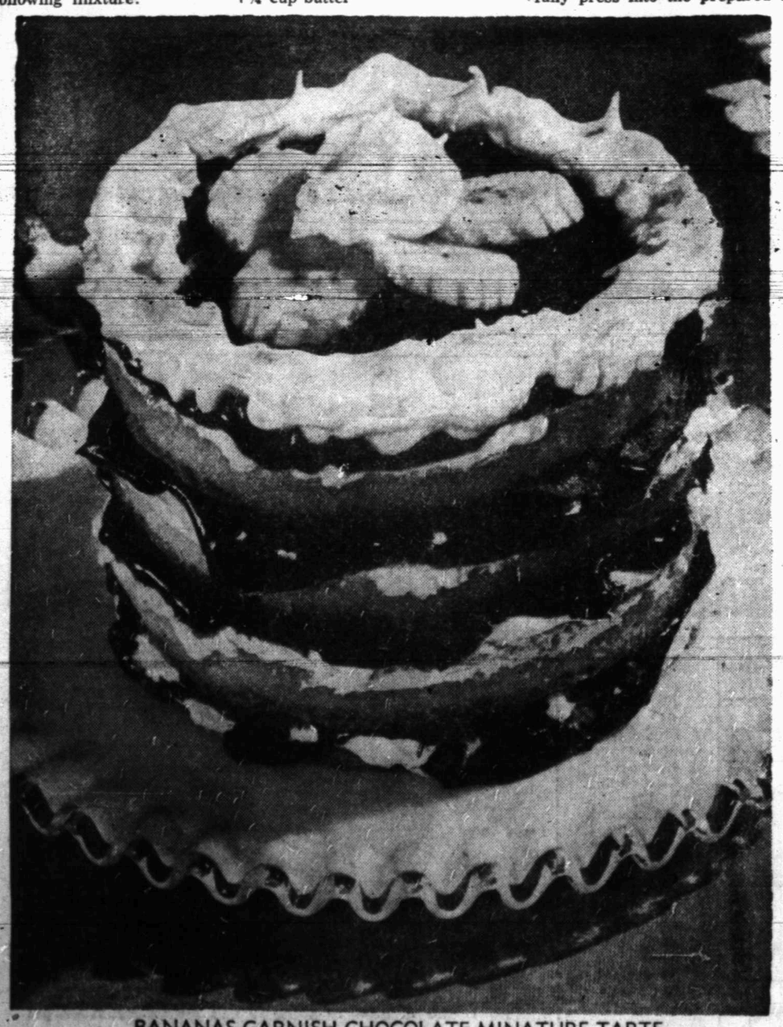
Place in refrigerator to set. Slice to serve. Serves 8.

MINTED CANTELOUPE SAUCE TOPS CREAM

1-3 cup sugar
¼ cup water
1 cup diced cantaloupe
2 springs mint
2 teaspoons lemon juice

Combine sugar and water. Cook over low heat, stirring constantly, until sugar is dissolved. Boil one minute. Add cantaloupe and mint bring to a boil.

Remove from heat and add lemon juice. Chill, remove mint. Serve over ice cream, garnishing with fresh mint leaves. Makes 1 cup.



BANANAS GARNISH CHOCOLATE MINATURE TARTE
. . .cream-filled cakes pyramided for unusual meal finale

Registered Nurse Gets Her Degree

PHILADELPHIA (AP)—Mrs. Walter J. Daly got a diploma as a registered nurse from Baylor University in 1938 and postponed taking further college work for other matters.

Yesterday Mrs. Daly, 37, got her degree of bachelor of science in nursing from the University of Pennsylvania.

During those 19 years she served eight years as a first lieutenant in the U.S. Army Nurse Corps, was with a unit awarded a Presidential Citation for action under fire at Anzio in 1944, got married and had three children—Michael 10, Marcella, 9, and Patrick 7.

When she finally got around to going back to school, Mrs. Daly got her degree in the regulation four years.

Soviet Union Policy Rapped

MOSCOW (AP)—The United States has told the Soviet Union its subversive attacks on certain Middle East states forces those nations to tighten their security measures.

Britain and France are reported to have made similar replies to a Soviet note of April 19 to the Western powers suggesting a "hands off" declaration by the four powers with regard to Middle East affairs.

The United States said the Soviet Union's "public attacks on governments of certain Middle East states, together with subversive intervention in their internal affairs, is causing them to seek a strengthening of security, as they are now doing in concert with each other."

The note, handed to the Soviet Foreign Ministry, rejected the Soviet claim that the Eisenhower Doctrine and the activities of the Western powers were responsible for Middle East tension.

McAllen Firm Low Bidder On Project

DALLAS (AP)—Harold Hendricks, McAllen, Tex., submitted an apparent low bid of $296,000 for construction of the Department of Agriculture's proposed research facilities at Weslaco, Tex., the department announced today.

Plans call for construction of a one-story laboratory and office building with 12,300 square feet of floor space and two greenhouses of 2,400 square feet each.

LEGAL NOTICE

THE STATE OF TEXAS

TO: DEWEY WINSTEAD, if living, and if deceased, the unknown heirs, devisees and legal representatives of the said Dewey Winstead - - - - GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 29th day of July, A. D., 1957, at or before 10 o'clock A. M., before the Honorable District Court of Scurry County, at the Court House in Snyder, Texas.

Said plaintiff's petition was filed on the 11 day of June, 1957.

The file number of said suit being No. 7233.

The names of the parties in said suit are: Hugh Taylor and J. W. Taylor, Independent Executors of the Estate of Ora May Taylor, deceased as Plaintiff's and Dewey Winstead, if living, and if deceased, the unknown heirs, devisees and legal representatives of the said Dewey Winstead, as Defendant.

The nature of said suit being substantially as follows, to wit:

To foreclose paving lien on Lot 1 in Block 42 of the Wilmeth Addition to the City of Snyder, Scurry County, Texas; for attorney's fees and cost.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 11th day of June A. D., 1957.

Given under my hand and seal of said Court, at office in Snyder Texas, this the 11th day of June A. D., 1957.

Eunice Weathersbee Clerk
District Court Scurry
County, Texas
