## Bumper Grain Sorghum Harvest Nears Finale

### Good Price, Good Yields

A Hesperian reporter interviewed several grain sorghum dealers across Floyd County Tuesday and learned that a big percentage of an above average grain sorghum crop is in the elevators.

The price per 100 pounds was \$2.00 and along with yields of 7,000 pounds to the acre, there were a few reports of up to 9,000 pounds per acre.

Very little hail damage was sustained by the crop, and although it was an unusually dry growing season, most farmers were able to keep it "cooled off" with around the clock irrigation.

Minor damage was done by

worms near the maturity season, which caused some of the crop to fall down.

Since the government loan price is around \$1.62 it is anticipated that most of the crop will sell on the open market.

Although the early harvest yielded grain pretty heavy with moisture, most of the grain coming in Tuesday was "pretty dry."

According to one elevator manager demand for grain sorghum is picking up since the 13% decrease in the corn crop was reported.

In the Barwise-Sandhill area 65 to 75 percent of the crop is harvested.

Around Floydada it is estimated that 80 to 85 percent is in the elevator.

The Dougherty area reports 85 to 90 percent in.

McCoy reports a very good crop yield and 90 percent harvested.

South Plains reports around 70% harvested between there and Floydada and 40% north to Silverton.

Only 50 to 60 percent is reported in the elevator in the Lockney area.

Cedar Hill reports 50% of the crop harvested.

TWO AGO, I encouraged young women to enter the field. Now, with a surplus of school teachers and registered nurses, I want to help save our small towns who must have a specified number of registered nurses in order to meet federal Medicare requirements. Registered nurses start at a salary of \$600 to \$700 per month. What are you girls waiting for?

ASSISTER gives out "free cup of coffee happy birthday" and this little inscription is printed on the reverse side of the cup. It was pretty good, so I'll share it with you.

**THE BEST DAY OF MY LIFE**

The beginning of a new day. I have been given this day and I will, I can waste it or use it for good. What I do to do is important because I am exchanging a day of my life for whatever comes, this day will be gone forever, leaving whatever I have traded for it, I pledge to myself that I shall not regret the price I paid for this day.

TO ALL YOU FORMER PADUCAH and Cottle residents, The Hesperian Office Supply now has on the new book written by Mrs. Carmen Bennett of "Our Roots Grow Deep"... a very interesting history of our County. I suppose this book is half full of pictures... picture just may be in it.

had in mind a huge roof, with plenty of dancing underneath it. The council suggested that the building have rest rooms, a kitchen, and be used for a community center.

with the council, the building should be good enough to accommodate several community events, old settlers reunion, Lighthouse Electric annual meetings, conventions, all sorts of youth recreation, family and conventions.

water room inside the center would accommodate the Lions and Rotary luncheons. From whence cometh the idea of such a community center? Well, looks like Rotary, Lighthouse, VFW, American Legion, the City of Floyd County, the old settlers and other interested organizations should share in the cost.

### FLOYD COUNTY "HOLDING OWN"

## West Texas Counties Losing Population, Economy Grows

A recent report published by the West Texas Chamber of Commerce shows that only 10 of the 51 counties in West Texas gained population in the last ten years.

However, as population has decreased, retail sales and bank deposits have climbed.

Floyd County like most of the other West Texas counties, lost population, yet experienced an increase in retail sales and bank deposits. Floyd County

also lost less people on a percentage basis than did 24 of the 51 counties.

Floyd County population dropped from 12,309 to 10,582, a -14% decrease. While Floyd County's population was decreasing its bank deposits jumped from a little over 15 million dollars on January 1, 1959 to well over nineteen million dollars on December 31, 1969.

Floyd County's retail sales

jumped from \$12,304,000.00 in 1958 to \$20,617,000.00 in 1969.

Looking at some of the immediate counties around Floyd, the report that Hale County lost -9 in population, Bailey -10, Briscoe -25, Castro 15% gain, Cottle -27, Crosby -15, Deaf Smith 40% gain, Garza -16, Hockley -10, Lamb -20, Lubbock 12% gain, Lynn -19, Motley -27, Farmer 8% gain, Potter -24, Randall 55% gain, Swisher -4 and Terry -13.

## Indians Vs. 'Winds Here Friday

Wester Field will be the site; 7:30 the kickoff time when Floydada's Mean Green Whirlwinds host the Morton Indians Friday night. Morton brings a 2-2 season record to the encounter, while the "Winds stand 4-0 on the year and 1-0 in district play. The Whirlwinds won last week's District 3-AA opener in Dimmitt, 35-16, after trailing the Bobcats by a TD on two occasions during the first half, the Indians fell to Abernathy last week by the same score, 35-16.

Morton returns eighteen lettermen from a team that finished 5-5 last year. Four offensive and six defensive starters

return. Quarterback Keith Embry started last season as a sophomore and will lead the Indians again this year. Embry plays defense at halfback. He passed for a TD and ran two extras last week against Olton.

Halfback Terry Harvey will also see a two-way action; Harvey goes at linebacker on the Indian defense.

Big M. C. Collins (6-2, 210) starts on the line both offensively and defensively. Elton Patton is listed offensively as a tight end, but he scored last week on a running play of 14 yards. Eddie Lewis (5-9, 165, Sr.) can run the ball and catch, from an end position or out of the backfield. Willie Holland (5-9, 140) is another receiver in Morton's passing game.

Defensively, Steve Crockett (5-9, 160) is a returning letterman at linebacker. Monte Dewbre and David Carrasco are other returning starters on the Indian line.

The Whirlwinds will be looking

for a strong running attack from the Morton crew, according to Head Coach L. G. Wilson. "They have a young team, real aggressive, with several outstanding boys," Wilson listed Harvey, Lewis, Patton and Kevin Kuchler as the outstanding backs Morton will field; and Collins as their best lineman.

Wilson's comments on the Dimmitt game: "We're glad to get this one out of our system. We did not play one of our better games against Dimmitt; the Whirlwinds started off bad by losing the ball on fumbles the first three possessions. We were proud of the boys for coming back after falling behind twice - the mark of a champion. Nearly everyone would look outstanding at times and make mental mistakes at other times."

Wilson listed these starters for Friday's game:

### Absentee Voting Deadline Near

Wednesday, Oct. 14, to Friday, Oct. 30, inclusive is the period for absentee voting by personal appearance in the Nov. 3 general election.

Any qualified voter in Texas who expects to be absent from the county of his residence on Nov. 3 may cast an absentee ballot. To do so, he should take his voter's registration certificate to the county clerk's office during its hours of operation in the Oct. 14-Oct. 30 period.

In addition to state, district and local races, the Nov. 3 ballot will include seven proposed amendments to the Texas Constitution.

By subject, the proposed amendment relate to: (1) censure and removal of judges; (2) authority for mixed beverage law; (3) assessment of farm, ranch and forest lands; (4) reconstitute State Building Commission; (5) county road bonds and assessed valuation; (6) increase value of homestead exemption from forced sale; and (7) authority to consolidate functions of government.

Texas has a record 4,150,645 registered voters this year. Normally, absentee voting accounts for approximately five percent of the total vote turnout.

### Salvation Army Begins Campaign

The Salvation Army Service Unit will kick off its annual fund raising campaign in Floydada on October 14, it was announced by Carl Armstrong, campaign chairman. A kick off breakfast will be served at King's Restaurant at 7 a.m. Anyone wishing to help with the fund raising campaign is invited to attend.

Funds collected in the drive will be used to pay for The Salvation Army's services to the underprivileged in the Floydada area through the current fiscal year.

"Our campaign workers and Service Unit committee members are in harness for the big drive. We know that the people of the Floydada area will come through with flying colors as they have consistently in the past," Armstrong said.

The Floydada Service Unit Committee, composed of business and civic leaders, carries out a year-around program to help people with emergency needs. In the name of The Sal-

vation Army whom it represents, the committee pays for food, lodgings, utilities and such basic necessities that families or individuals may require in a temporary crisis.

The Service Unit also acts as liaison for The Salvation Army's state-wide program, which includes summer outings for boys at Camp Hoblitzelle, care for unwed mothers at the Home and Hospital in San Antonio, help for paroled prisoners, relief in major disasters, and other services.

Members of the committee in Floydada are: Foster Amburn, chairman; Tommy Assiter, vice chairman; C. J. Payne, treasurer; and members James H. Word, C. H. Redford, Loren Leibfried, Walter C. Collins, J. C. Wester, Mrs. Wesley Carr, J. M. Willson Sr., Harry Morckel, J. M. Willson Jr., Homer Steen, Walter Hollums, Willie Bradshaw, O. M. Watson Jr., John Reue, Jake Webb, and Gayle Baucum.

### Floydada Men Selected 'Outstanding Young Men Of America'

The Floydada Chamber of Commerce announced today that three men have been selected for inclusion in the 1970 edition of OUTSTANDING YOUNG MEN OF AMERICA. Nominated earlier this year, these men were chosen for the publication on the basis of their achievements.

The men selected include Jake Webb, local manager of Southwestern Public Service, Jerry Thompson, owner of Thompson Pharmacy and Alton Higginbotham, Power Use Advisor of Lighthouse Electric Cooperative.

Now in its seventh year, OUTSTANDING YOUNG MEN OF AMERICA is an annual awards volume sponsored by leading men's civic and service organizations. It is the purpose of OUTSTANDING YOUNG MEN OF AMERICA to recognize and honor the young men in our country who are working toward excellence in their careers and community service. It is these young men who will soon be the leaders of our country.

Doug Blankenship, past U.S. Jaycee president (1962-63) who is serving as Chairman of the Board of Advisory Editors, said that the men selected "have distinguished themselves in one or more fields of endeavor to the point of being outstanding."

Each year over 5,000 young men between the ages of 21 and 35 are nominated for the awards publication by Jaycee chapters, civic organizations, college alumni associations and military commandants. Criteria for selection includes a

man's service to others, professional excellence, business advancements, charitable activities and civic and professional recognition.

President Richard M. Nixon has said of the awards volume, "OUTSTANDING YOUNG MEN OF AMERICA presents a most fitting testimonial not only to the success

## SPORTING EVENTS

### Larry Ogden Wins Football Contest

All the winners in the Hesperian football contest missed three games, so the tie-breaker score was the determining factor this week. Larry Ogden was the closest, guessing 52 points would be scored in the Floydada-Dimmitt game. Actual total score in that game was 51, as the 'Winds beat the Bobcats 35-16. Ogden wins the \$7.50 first prize.

Travis Gentry and Corky Guffee tied for second and will split \$5.00 second prize money. Each guessed 48 points in the tie-breaker. Jack Covington was a close third with three misses and 41 indicated for the tie-breaker.

Ogden missed when he picked Littlefield over Lockney, Silverton over Petersburg, and California over Rice. He correctly picked Denver City to upset Slaton and Ralls to beat Post, games which were frequently missed. Ogden was the

only one of the winners to correctly guess Malou over Roosevelt.

Gentry missed on DC-Slaton, Idalou-Roosevelt, and Seminoid-Levelland. He picked Levelland; the Indians shut out the Lobos 27-0.

Covington picked losers Slaton, Roosevelt, and Littlefield for his three misses.

Other frequently-missed games were Abilene High-Big Spring and California-Rice.

Nobody missed the Texas-UCLA or the Floydada-Dimmitt games, although a few failed to circle a winner in the Floydada-Dimmitt tie-breaker. Be sure to indicate both a total score and a winner in the tie-breaker game.

### 'Wind Frosh Bomb Lorenzo "B"

Coach Curt Chatham's freshman Whirlwinds scored twice in the second quarter and four times in the third period as they racked up the Lorenzo B team last Thursday, 42-14.

After a scoreless first period, quarterback John Cagle hit end Marc Smitherman on a 70-yard scoring pass to get the 'Winds on the scoreboard. Extra point try failed and the 'Wind frosh led 6-0.

Lorenzo came back to knot the score 6-6 before Cagle hit halfback Danny Bradford with an 18-yard pass to give Floydada a 12-6 halftime lead.

The Whirlwinds iced the game away in the third period with a 30-point burst. Fullback Ruben DeLeon went over from the four, and Bradford added the two extras to open 'Wind scoring in the second half. Cagle scored on an eight-yard sneak and DeLeon ran the extras to make it 28-6. Cagle and DeLeon traded out on the next

scores, as DeLeon plunged a yard for the TD and Cagle added the PATs, making the score, 36-6.

Still in the third, QB Cagle hit Danny Quisenberry on a 23-yard "bomb" for the Whirlwinds' final tally of the evening. Try for points failed.

Down 42-6, Lorenzo scored once in the fourth and added two extras to get their 14-point total.

Center Randy Hale and tackle Dirk Nelson showed good blocking in the offensive line, and Gayland Fleming at linebacker and halfback Dugan Pierce were defensive standouts for the Whirlwinds.

### Bufs Down East Carolina

CANYON - West Texas State University's Buffaloes pushed their football season record above the 500 mark Saturday night by downing an inspired East Carolina team, 42-30.

The Buffaloes took a 28-9 halftime lead and then held on for their lives when the East Carolina offense exploded for 21 points in the second half. The Pirates of Coach Mike McGee had scored only two points during their first three outings of the season.

Coach Joe Karbel's Buffaloes journey to DeKalb, Ill., this Saturday to play the Northern Illinois University Huskies. Northern Illinois has a 1-3 season record, while the Buffaloes are 2-1.

The Huskies have fallen to universal San Diego State, University of Montana and Miami of Ohio. They ripped Xavier, 18-0.

### Fumbles Hit Whirlwind Backfield

By James Huggins

The Dimmitt Bobcats gave the Whirlwinds their first test of the season Friday, at Dimmitt, leading twice by seven points in the first half before the 'Winds went ahead to stay with 17 seconds left in the half. It was the first District 3-AA contest for both teams. The Whirlwinds came out on top in the hard-fought 35-16 game.

#### PLAY BY PLAY

Greg Campbell kicked off for the Whirlwinds and the 'Cats brought the ball out of the Dimmitt 27 on the rumback. On the first play from scrimmage, the Bobcats fumbled and Glenn Switzer recovered for the 'Winds on the 29. The 'Winds gave it right back on the next play; Dimmitt recovered the Whirlwind fumble on the 37.

After two rushes lost a couple, Dimmitt quarterback Mark Wohlgenuth connected with David Nino on a 19-yard pass that gave the 'Cats a first down on the 'Wind 46. Two rushing plays and an incomplete pass saw the Bobcats back on their 47, and Wohlgenuth punted to the 'Wind 20.

Selman fumbled and Dimmitt recovered at the 23. The Wohlgenuth-Nino passing combination clicked again as an 18-yarder went to the Whirlwind five. Two plays later, Daniel Frierson went through the line for the score. Point was good and the Bobcats led 7-0 with 7:51 left in the initial period.

The Mean Green came right back. Puckett brought the kick-off out to his 21. Harris got three, Selman a couple and then Harris broke for 19 and a first down five yards shy of midfield. Runs by Mike Burk and Selman got the ball past the fifty, then Harris fumbled at the Dimmitt 32. The 'Cats picked up a first at their 43 before losing ground on three rushes to their 38.

Mike Burk blocked the punt and the 'Winds had the ball on the Dimmitt 20. Harris lost a yard before Selman scored on an end sweep with 2:19 left in the first. Campbell kicked the point to make it 7-7.

Dimmitt brought the KO out to their thirty, and three tries by Frierson left the 'Cats with a fourth-and-one on the 39. QB Wohlgenuth made two on a sneak for the first down, missed a pass, and ran for six before the quarter ended. The Bobcats picked up one more first before punting to Harris, who came from the five out to the 11. Harris got six, then the 'Winds lost two on a fumble. Hale's pass to Puckett was incomplete, and Puckett punted out to the 37.

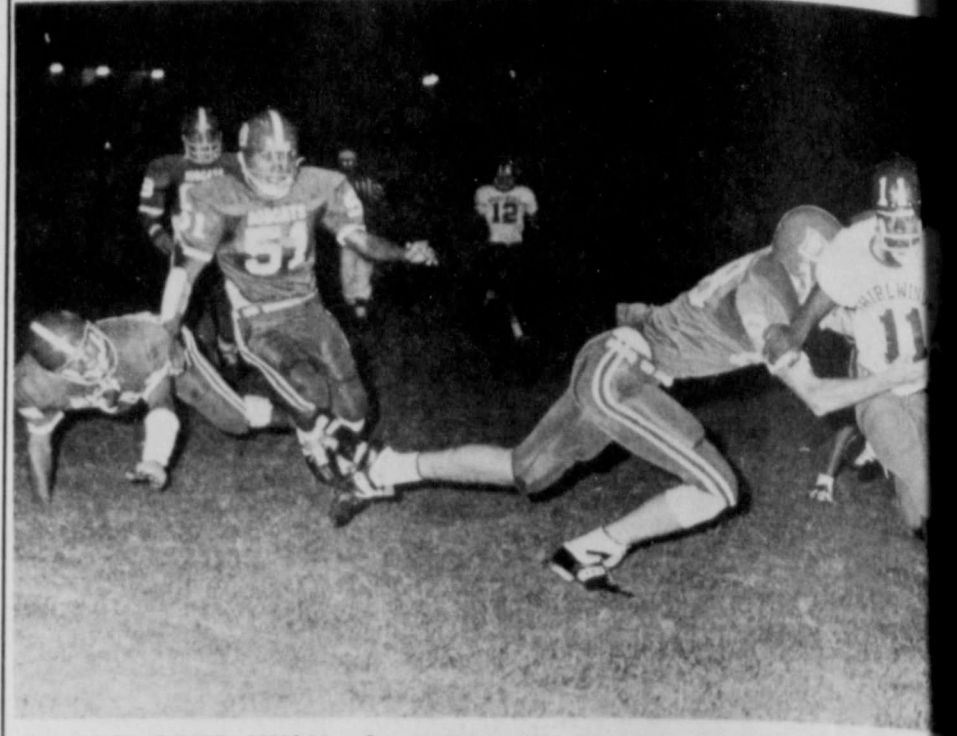

Dimmitt couldn't go and Puckett took the punt on the ten and carried to the 30. Two passes fell incomplete, Harris lost four, and then Puckett's punt was blocked and Dimmitt guard Larry Langford fell on the ball in the Whirlwind end zone for the second Bobcat TD. Point was good and Dimmitt led 4-7 with 7:27 to play in the half.

After the kickoff, the 'Winds went to work from their 26.

### Wind JV Shuts Out Petersburg

Five Junior Varsity Whirlwinds made the scoring ranks via TDs Thursday night, and Chris Rink added two more on PATs as the JV 'Winds rolled over Petersburg, 32-0.

Jerry Herron opened scoring for the 'Winds with a 12-yard run. Mark Vinson took a pass from Mike Hale and scored from 30 yards out for the second TD. Rink kicked the extra.

Then freshman halfback Rex Rose got loose for a 45-yard scoring run, and Rink again booted the PAT. Big Jimmy Kunkel scored from two yards out and the extra try failed. Ricky Fuller went 30 yards for the final Floydada touchdown.

Terry Jester led the Whirlwind rushers with 151 yards on ten carries; Rose ran the ball well.

Defensive standouts were Tony Goen and David Marriselle, with eight tackles each.

## A Drainage Ditch

The first time a move was made to improve a drainage ditch in Floydada was by a Commission-er, J. D. Starks was his name. He was elected a Commissioner from Precinct No. 1 in 1896, according to the records, and held the office until November of 1903.

Starks undertook a drainage ditch on West side of the town on Main Street from Main Street to Virginia. This was the first time in 1903. This was a first I am sure. It may have been a kid down town and there they were "warned out" the work and what kind of machinery they were using with is something I can't answer. The ditch was about four feet deep and the plank sidewalks were being replaced by eyeball engineering. Water should have collected in the ditch and drained to the north lake. It was a ditch but not a complete ditch. Like always the ditch was shallow where the ground was hard. It lacked a gutter getting over the North Main.

Crossing Dry Road the water did drain into it. If a person could dig a ditch he could make a road to the sty over the yard fence, helpful weather if one had no overshoes.

I recall how long the ditch maintained to drain a little later the Commission-ers began to settle up roads and the Commission-ers were besieged by owners who wanted paved. Every cent that was spared from any fund was used to open roads to make them trav-

el is that sometime ago, when R. E. Fry succeeded L. Borner as mayor, he began to lay out streets and undertakes. Unable to get the Commission-ers to help, Fry and his assistants began to dig up a second hand set of sorts, almost lit- tle baling wire and some to hold it together. I drained a few places the water stood, and out- side streets as need ed. Beginning in Mr. Fry's administration the streets leading into the

## Keeping Pace With Fashions Is Club Theme

Mrs. Kenneth Roberson of Ladies Two Dress Shop in Petersburg, spoke to members of the 1934 Study Club on "Keeping Pace with Fashions", at their regular meeting Tuesday night in the home of Mrs. J. S. Hale Jr.

Mrs. Hale presided over the business during which time the Federation committee reported on the annual Federation Day meeting to be held October 13 at 7 p.m. in the First Baptist Church in Floydada. The event will be a salad supper for all Floydada Study Clubs and Mrs. LeRoy Johnson, Caprock District president, will be featured speaker.

Club voted to donate a money gift to the local Girl Scouts. R

was announced that the annual district workshop would be held October 17 at Denver City. Following the business session the program was presented by Mrs. Robertson and her model, Mrs. John Alford, Mrs. Roberson said a woman should use the same care dressing herself as she would give to wrapping an attractive gift package. She stated that elegance is a work of art and that women should all work toward being elegant. She also suggested wearing what is becoming to the individual and to consider styles in keeping with your age. A statement that the "midi length" was dead, was agreed on.

The lovely ensembles modeled by Mrs. Alford were an inspiration to club members. Attending the meeting were Mmes. David Campbell, Kyle Glover, A. L. Wylie, Lonnie Hinsley, Allen Bingham, C. B. Melton, Clyde Hodges, Ralph Johnston, Floyd Lawson, J. P. Moss, L. B. Stewart Jr., Vernon Parker, Thelma Hoffman, George Springer, Dennis Dempsey, W. O. Newberry, Everett Collier, W. H. Bunch, M. J. McNeill, R. G. Dunlap, Garland Foster and hostess, Mrs. Hale. Visitors included Mrs. Roberson and Mrs. Alford, both of Petersburg and Kathy Hale.

## Club Meets In Lubbock Home

Members of the Dougherty Home Demonstration Club traveled to Lubbock September 30, to meet with Mrs. Elmer Watson, former Dougherty resident. The all-day session was highlighted with a salad luncheon at the noon hour with the hostess serving hot rolls, cake, punch and coffee.

Members present included Mmes. C. A. Caffee, J. D. Cates, R. H. Crawford, Earl Edwards Sr., Howe Hines, G. W. Smith, Ray Carthel, Johnnie Cates, Claude Ring and Mrs. A. H. Kreis.

Following the meal, members adjourned to the backyard of the Watson home for a brief business meeting. Roll call was answered with "An old friend I will always remember."

Mrs. G. W. Smith gave a report of the State HD meeting relating there were 674 women present and said more younger women with children are interested in Home Demonstration work than in previous years.

After adjournment members attended the Lubbock Fair touring the women's booths and cattle division.

Enroute home Mrs. Crawford, Mrs. J. D. Cates, Mrs. Carthel, Mrs. Caffee and Mrs. Ring, stopped in Ralls for a visit with Mrs. W. J. Ross and husband.

The next club meeting will be October 21 with Mrs. R. H. Crawford as hostess.

## Auxiliary Is Planning Tea

Floydada Women's Hospital Auxiliary met Tuesday morning to make plans for a tea to be held at Caprock Hospital October 27, at 2:30 p.m. Speaker for the occasion will be Mrs. J. O. Bass of Plainview, Council THAH District woman of Area 2.

All members of the Auxiliary and other persons interested are urged to attend the tea.

Members present for the meeting were Mrs. Ann Wilson, Mrs. Kate Fowler, Mrs. Jettie Moss, Mrs. Margaret Fowler, Mrs. Emma Lou Whitaker and Mrs. Ethel Carmack.

## First Theatre Production At Wayland

The first production of the 1970-71 season by Wayland Baptist College Theatre has been announced as "A Midsummer Night's Dream" to be presented October 22-24 in Herral Memorial Auditorium, according to Jerry P. Watson, assistant professor of theatre and director of the play.

The Shakespearean comedy will be presented at 8 p.m., October 22 and 24 and at 10 p.m. Oct. 23. No reservations will be taken and tickets will be available at the door. Tickets purchased by the Plainview-Wayland Fine Arts Association members will be honored.

Directed by Watson, the play proves to be one of Shakespeare's most appealing comedies. Joyce Davis has given the play a Greek setting and the action takes place in the palace of Theseus, Duke of Athens, and in the woods outside Athens.

"A Midsummer Night's Dream" is the involved comical love story of Theseus and Hippolyta, queen of the Amazons,

ther inflation spiral begins. While the recent lowering of interest rates might have some effect on the outcome of November's congressional elections, the economic war will be won or lost in the next two years as it is seen whether inflation can be checked with measures short of wage and price control. If it is not won, then controls are certain to be a topic much discussed in the 1972 presidential campaign.

CUTBACKS, labor disputes and outright shutdowns are putting thousands of persons out of work - many in the past week - and leaving others insecure about their future. More layoffs may be forthcoming. Anational strike and cutbacks in defense spending is getting most of the blame. Texas Instruments, Dallas County's largest employer, laid off 1,200 employees and the General Dynamics plant at Waco announced it was closing down, leaving 1,481 employees jobless. Many jobless Texans are blaming the General Motors strike September 15, for costing them their jobs in related fields. The unemployment rate for Texas in August was 3.7 percent, up from 3 percent in February. The latest figure represents 176,500 jobless Texans in a work force of 4.6 million.

USE MORE GELATIN COOKERY IN MENU

1. Basic clear jelly.
2. Air beaten into clear basic jellies. These are whips.
3. With air and beaten egg whites beaten in. These are sponges and snows.
4. With an egg base. These include Spanish Cream or Chiffon Pie Filling.
5. Whipped cream base. Often combined with milk to make Blanc Mange or Mousse, Parfait or Bavarian Cream.

Since gelatine is both tasteless and colorless, it is very important to use enough flavoring and color. Remember that the tomato juice, fruit juice, wine, milk or whatever you use for taste in a gelatine dish must taste just right before the gelatine is added. Gelatine will not change the flavor at all.

The same harmony and contrast important in any food mixture should be carefully followed when making a jellied dish.

Why not begin using more gelatin cookery in your menu? Gelatine is tasteless and colorless but these qualities are actually often the most valuable ones. It makes it possible for you to make use of taste, texture and color of almost every other food. Gelatine offers a means of giving form to such foods as beaten eggs and whipped cream.

Gelatine dishes can be served at any point in a meal. There are jellied hors d'oeuvres, soups, salads, mousses, aspics and many kinds of desserts.

Gelatine can help you beat high prices by extending your supply of expensive food so it

baby's feet? The feet of young children are beautifully shaped. The skin is smooth and free from blemishes. You can put the feet together and you have symmetry. The toes form almost a complete half circle with the great toes fitting closely against each other.

Nature has beautifully arched the feet of the Caucasian races at the instep. There are many bones entering into their structure, also muscles, nerves and blood vessels. The muscles that support the arch are attached like a string on a bow, reaching from the heels to the toes. The most important are very long and slender.

Our shoes are not shaped like the feet that go inside them. Consider a foot such as I have described, and look at the shoes that you see everywhere. Each shoe, especially those of the women is symmetrical, most of them run to a point at the toes or are perfectly round, though it takes the two feet together to describe half a circle and produce symmetry.

No wonder that half the people suffer from enlargements of the joints of the great toe or from corns and bunions and calluses on the bottoms of the feet.

### Rotary, 4-H See Bell Innovations

Members of Floydada's Rotary Club and 4-H Club saw a demonstration of a music-playing laser and experimented with "exotic" future telephone services when Southwestern Bell Science Demonstrator Roy Wickerham addressed their meeting Wednesday.

"Wickerham's program, entitled 'Innovation in Three Acts,' included a number of innovations developed by the Bell System," said Doug Simpson, Southwestern Bell manager for Floydada.

"Wickerham played music over a laser beam to show its potential for telecommunication use. And his model telephone system gave the audience a chance to try out some of the exotic telephone services to be available in the future."

Simpson said the program also included a lens made of gas and a model television system that projects the audience's image on a television screen.

## Peanut Programs In Stephenville

STEPHENVILLE (Special) - Hundreds of Texas peanut growers will be here October 15.

The attraction will be a two-part program for presenting to them the latest findings in research and the results of on-the-farm demonstrations.

Part one will be a tour of the Jimmy Grissom Farm, where 48 agricultural chemicals are being demonstrated in the control of peanut diseases, by the Texas A&M Agricultural Extension Service.

Part two will be the annual field day of the Texas A&M University-Tarleton Experiment Station, where intensive research is under way in the harvesting and storing of peanuts in the field, the irrigation of peanuts, the control of insects, and diseases in peanuts, the use of herbicides, and the breeding of new varieties.

The field day will be from 1 p.m. until 5, and will include tours of the research plots; a question-answer session; displays of farm machinery, live specimens of insects injurious to peanuts, irrigation equipment and the genetics laboratory.

The Extension Service tour of the Grissom Farm will leave the Experiment Station at 10 a.m. and return there in time for a Dutch-treat lunch.

The Grissom demonstration is the work of Erath County Agricultural Agent Richard B. Gary and Dr. C. Wendell Horne of the Texas Agricultural Extension Service. Guests will see

the control of soilborne fungal diseases, nematodes, leafspot and seedling diseases. Promising new chemicals not now cleared for use, are in the test and their performance can be observed.

## Thrasher Phi Delta Theta Pledge

ARLINGTON - The eight established national fraternities at the University of Texas at Arlington pledged 157 men during formal fall rush, announces Kent Gardner, assistant dean of student life and Interfraternity Council sponsor.

Included is Leo Thrasher of Floydada, a Phi Delta Theta pledge.

Largest pledge class was Delta Tau Delta with 36 men, Delta Upsilon had 26 pledges, Phi Delta Theta 21, Phi Gamma Delta 20, Kappa Sigma 18, Beta Theta Pi 11, Kappa Alpha 10 and Alpha Phi Alpha 9.

Alpha Tau Omega and Pi Kappa Alpha, two other nationals seeking to establish UTA colonies, are continuing in open rush and will announce their pledges later. Open rush continues for all fraternities throughout the fall semester, Gardner said.

## Monday In H-SU Play

ABILENE - The first bill of student-directed one act plays for the 1970-71 school year at Hardin-Simmons University will be presented Oct. 9-10 in the Van Ellis Theatre.

In the cast are Helen Bottoms, senior of Richmond, Va., as Mommy; Debra Williams, senior of LaGrange, as Grandma; Donna Dorsett, sophomore of Abilene, as Mrs. Barker; Darrell Monday, senior of Floydada, as Daddy; and Mike McKinney, freshman of Knox City, as Young Man, Assistant director is Connie Richardson, sophomore of Lovington, N.M.

Admission to the one-act plays is free to students and the public.

FLOYD DATA Visiting last week in the home of Mrs. E. F. Stovall were her daughters, Mrs. H. C. Shoemaker of Abilene, Mrs. Tucker Teusch of Dumas and Mrs. J. P. Williams of Roswell. Joining the group one day for lunch were Mr. and Mrs. Richard Stovall of Plainview and Mr. and Mrs. Robert Stovall and son of Floydada.

## Letters To The Editor

Wendell Tooley Editor Floyd County Hesperian

Re: Head Lice

Dear Editor,

We have noted according to the experts, that Head Lice have not been a major problem in the United States since in the 1890's. However, during the recent years, since the arise of Long Hair on boys, and the widespread practice of uncleanness, especially in the ranks of Young People, Head Lice is a major problem in the United States.

This is especially so in the Public Schools, stemming from the close contact of the students. Floydada Public Schools is no exception.

Every year, Head Lice problem is apparent in our school system. It has become so apparent, that periodically, it is necessary to have a head check of the students to ascertain the presence of head lice, and to try to check it's spread.

It is no disgrace to get Head Lice, for they are no respect of persons, but it is a disgrace to keep and to harbor them.

There are some simple preventatives that may be used to prevent Head Lice. Some of these preventatives are:

1. Shampoo Hair regularly, at least twice to three times a week. The longer the hair, the more often it should be shampooed.
2. Keep hair cut reasonably short. (The army demands, and requires short hair because of the Head Lice Problem.)
3. Boys should wear some oil on their hair. (Hair Spray is no deterrent)
4. Check Hair often (daily) for signs of Head Lice. (Knits or other evidence)
5. Brush often, and use a fine tooth comb often.

In case that one of your children do catch the Head Lice, it is not an expensive procedure to rid your children of this problem. It is really very easy to exterminate this pest. Here is a simple remedy that will rid your child of this problem:

Mix equal parts of Sweet Oil (obtainable at any drug store) and Kerosine (Coal Oil) (available at many service stations). A WORD OF CAUTION. DO NOT USE KEROSENE BY ITSELF. Take your mixture of Sweet Oil and Kerosine, apply liberally to the hair and scalp, thoroughly saturating the hair and scalp and massage vigorously. Then after this is done, apply Hot Steam Towels, covering the entire hair area. Change towels often, keeping them hot by Hot water. The insects, Head Lice will come to the top of the hair, trying to get air. Keep this up for about 10 minutes, then shampoo vigorously, cleansing the scalp and hair of all the Sweet oil and Kerosine Mixture. Check hair daily, and in case of severe infestation, this may need to be repeated in two or three days, or as often as the need requires.

Remember, it is far easier to prevent Head Lice by cleanliness, than it is to combat this problem, after the hair is infested.

We just wanted to pass on this bit of information, that perhaps it will be of interest to someone, and will help to eliminate the Head Lice Problem in the United States, but even more specifically in our own locality.

Yours, /s/ Pete Looney Pastor Pete Looney

Dear Mr. Tooley,

I have had the intention of writing you for quite some time, to tell you how much I enjoy the Hesperian.

My sister, Shirley Myrick, sent me a year's subscription for Christmas last year. I must say it is one of the nicest Christmas gifts I ever received. (By the way, Shirley, it isn't long until Christmas again.)

I have never failed to receive my paper, and it has never been late except one time. That is what I call efficiency. Keep up the good work.

Sincerely, Mrs. Marvella Hobbs

Floydada, Texas Oct. 6th, 1970.

Mr. Tooley:

It seems to me for some time that if an adult writes a letter on most any subject, the public in many instances, thinks it is too controversial. In a recent letter I note that someone feels like a few days after the biggest revival Floydada ever had, everybody went home and forgot Ed Robb and his wonderful crusade. Such is not the case. It was the nearest thing to a 'Billy Graham' crusade we have ever had in our community. If we had ulcers, indigestion, etc., we probably said a prayer of thanks that we had received a blessing recently and thanked God it didn't hurt nearly as bad as before. If ten of the people were converted, The Ed Robb Crusade was not in vain.

I am really glad that I do not feel like any merchant or dealer in Floydada, lied or cheated me in the few months since the Crusade. I have a lot of confidence in the business men in Floydada. Most of the adult people I know have about one bad habit, smoking. Very few of them drink to an excess, or seem to have won too much money gambling. Most of them gamble on farming, not knowing what the drought or inclement weather will do toward a success. Most adults I know work themselves to exhaustion to provide thousands of conveniences and luxuries for their children.

Floydada has tried to operate a bowling alley, skating rink, swimming hole, but the town is too small to have New York sky scrapers to ride up and down those fast elevators. If you will look around we have the best hospital of any small town, the best schools, convalescent home, and thousands of adults that are crazy enough to follow their kids to the end in every football game. For one, I'm not blaming parents for the kids who must go to Lubbock to get hopped up on drugs, X rated movies, and the huge state park. What else do they have over there except near fifty private clubs, and near by package stores?

When you have sickness in the family such as we have, and scores of others whom we know; you will know then Floydada people are unexcelled in services, love, sympathy in case of death. Let's don't be too bitter - don't sell the adult population too cheap!

Charley L. Berry

## Junior High To Get New Stage Drapes Through Magazine Sales

Through the generosity of Floydada people and the hard work of Junior High students, their stage will be adorned with new curtains in the near future.

The faculty and entire student body extends their appreciation to everyone who made the court and drapes possible.

From the sales of magazine subscriptions, conducted by the students, which exceeded their goal, the school will now be able to purchase the new drapes.

FLOYD DATA Nolan Mowdy, new owner and operator of the former Dobbs Meat Market on Missouri Street, was admitted to Lubbock Methodist Hospital Tuesday for medical attention. Mowdy sustained a cut finger and developed possible blood poisoning.

Last year from magazine sales the school was able to erect a tennis court.

## CENTER NEWS

CENTER, Oct. 5-The Greens arrived home Saturday night. Pa Green's three days in the Hubbard Hospital made him feel better after his cold, etc. Our Margaret brought us. My, how beautiful the Hill County country is after so much recent rain.

Oh, how we enjoyed being with the Ryman family. Everybody so busy and the baby so sweet. Mr. and Mrs. Leo Frizzell spent Saturday with their daughter and family, the Garvin Beedys of South Plains. The grandson, Larry was home for the weekend from Fort Riley, Kan. Army Post. He and his company are due to go on a more or less short stay in Germany.

Fred Battey called at the Green home Sunday afternoon. It was good to be in Calvary Baptist Church again after two Sundays' absence.

Mrs. O. C. Vinson visited Mrs. Hartsell last Monday afternoon. Mrs. Hartsell came home from Crosbyton Hospital Friday where she had spent some three or more weeks.

Mrs. Vinson's company last Friday were a cousin, Mrs. J. C. Pool and son, Allen of Harlingen, and Mrs. Pool's daughter, Mrs. Hauschild of Plainview. Also having lunch with Mrs. Vinson were her son, Jerrold and wife and two sons of Harmony.

Visitors in the Hal Thomas home Sunday were children, Sue and Milton Mensch of Lubbock; Milton's grandparents, Mr. and Mrs. Grubbs and niece and husband of Plainview, Mr. and Mrs. Carl Williams, and Mr. and Mrs. R. L. Neal, east of town.

Mrs. Ross visited Friday p.m. with Mrs. J. A. Hartsell and Mrs. W. A. Lovell.

We were so sorry to hear of Hubbard of the passing of a good longtime friend, Olin Miller of Plainview. Our children had the privilege of attending Center School seven years that he taught our school.

We grieve with the Miller relatives in the loss of this dear one.

Mrs. Vinson and Mrs. Redd were in Plainview Saturday attending the funeral of Wilmuth Vinson.

## Chuck Baker Enrolls At TSTI

WACO - Charles D. Baker has enrolled at the James Connally Campus of the Texas State Technical Institute in Waco, Texas.

Baker's major course of study is aircraft power mechanics. He is the son of Mr. and Mrs. Sam Baker of Floydada. TSTI opened its fifth year this fall with a total of 57 different courses of study. It is the state's first technical institute.

The multi-campus technical institute also includes the Mid-Continent Campus at Amarillo, the Rio Grande Campus at Harlingen, and the Sweetwater facility at Sweetwater.

## FLOYD PHILOSOPHER Points Out An Unconsidered Danger Of Continuing Spiraling Inflation

Editor's note: The Floyd Philosopher on his Johnson grass farm discovers an offshoot of inflation this week. We hadn't thought about it.

Dear editor:

I knew everything was going up, for example it used to be that one terrorist was worth say one hostage but now one is claimed to be worth around a hundred according to Arab mathematics, but it took a report by a bunch of economists to really underscore the notion.

According to an article I read last night in a Sunday newspaper which would have cost me a quarter if I'd gotten it off a newsstand in town instead of a fence out here, these economists have figured that if the present rate of annual rise in the cost of living index continues for the next 30 years, by the year 2,000 a \$3,500 car will cost \$17,000, a \$400 color TV will cost \$2,800, a \$20 bag of today's groceries will cost \$114, and a \$25,000 home will cost \$147,000.

Now you understand that farmers have never been brought under the cost of living index, that is not completely, only half way - they pay more for what they buy all right just like everybody else but they don't get

more for what they sell (cattle price, hoof are a little less now than they were years ago), so I have done a little and find that while today for example 11,666 dozen eggs to buy a \$3,500 car from now it will take 56,888 dozen which will certainly be a strain on farmers and I won't even mention the cost of their chickens.

Or take wheat farmers. If it'll take as many bushels of wheat to buy a car years from now as it does today, the world are they going to do with all that I don't have the time or the head to figure you figure up how many bushels of wheat take to buy a \$147,000 house, it strains imagination and strains an adding machine.

I don't know anything about how to control inflation and if anybody does show up, but at least somebody had start raising the price us farmers start don't want the country swamped its neck in cotton, grain, fruits, eggs and chickens. Fifty-six thousand eggs for one car is a lot of eggs.

Yours faithfully J. A.

## Director Elected

Cecil Purcell was elected District Director for the Floyd County Soil and Water Conservation District October 1 at the South Plains Coop Elevator.

Purcell will serve a five year term. He has served Zone 2 of the District since it was formed. He will serve on the board assisting other Directors in carrying out a local soil and water conservation program.

Other Directors on the Board at present are: G. L. Fawver, chairman; Gerald Lackey, vice chairman; Herman R. King, secretary-treasurer; and K. E. Probasco.

FLOYD DATA Pauline Wright is closing out her vacation this week in Ruidoso, N. M., as house guest of Mr. and Mrs. Miles Weston of Plainview. She is an LVN in Plainview.

FLOYD DATA Mrs. Ed Muncy and Mrs. J. C. Wester visited last week downtown. Mrs. Muncy spent some time in Dallas with her daughter, Jo Muncy and with other

relatives in that area. Mrs. Wester visited with Dr. James Wester and family at Weatherford.

## SUNDAY CLOSING NOTICE

WE WILL BE CLOSED ON SUNDAY STARTING OCT. 11

### CAPROCK, FROM PAGE 1

As the crippling arthritis took its toll and the suffering was intensified, Mother prayed that she might go on and that her spirit might leave the worn out body in which it was housed. Last Tuesday afternoon the Lord was merciful and took her on home to joy and peace.

LOOKS like the Whirlwinds shouldn't have any trouble defeating Morton here tomorrow night. According to my horseback opinion, I would say the score will be something like 41 to 6.

I HOPE EVERYONE will enter our "happiness is" contest today and tomorrow. Bring or mail in your definition by 5 p.m. Friday. The winner will receive a year's subscription to The Hesperian.

I KNOW THIS IS a silly question - but have you noticed any extra flies around lately? I'd just like to report that they are "sticky flies". I pulled out of my garage yesterday morning with my radio antenna covered with flies. Most of them stayed on until I was about halfway to Floydada, some 2 1/2 miles.

**WOLVES STALK PREY**-The camera lens of famed wildlife photographer and explorer, Gordon Eastman, focuses on part of a wild wolf pack just before they attack a herd of carabao in a thrilling sequence from American International's "The Savage Wild." Filmed in Canada's unexplored wilderness in breathtaking color and scope, the exciting drama is showing at the Palace Theatre... Sunday and Monday, October 11 and 12.

## A.E. Smiths New Owners Of Laundromat

Mr. and Mrs. A. E. Smith have purchased the Floydada Laundromat from LeRoy Burns and are presently residing at 730 W. Tennessee. The couple moved here last week from Seymour. They had operated a coin laundry there some eight months.

## Lakeview News by Mrs. Clyde Bagwell

LAKEVIEW, Oct. 5 - Things are really humming around Lakeview Elevator at this time. Folks are getting their maize crop cut and are also getting their wheat sowed.

The store at Lakeview, there for many years, is closed now. Mr. and Mrs. V. W. Bradshaw who had been running the store, have been on a visit down state, and returned home Friday.

They visited their daughter and family, Mr. and Mrs. Bob Elson and family at Graham, and at Lewisville with their son and family, Mr. and Mrs. J. R. Bradshaw, at Hurst with Mr. and Mrs. J. L. Clover and at Whitesboro with Mrs. Allie Rich, Mrs. Rich and Mrs. Clover are sisters of V. W. Bradshaw.

Jeff and Nathalie Woody spent Saturday night and Sunday with their grandparents, Mr. and Mrs. Homer Newberry.

Friday afternoon, Mrs. Bobby Britton, Delwin and Mitchell and Mrs. Dale Newsome, all of Smyer, visited in the home of Mr. and Mrs. B. L. Breed. Delwin and Mitchell stayed for a longer visit with their grandparents and Sunday Mr. and Mrs. Bobby Britton came and spent the day in the B. L. Breed home and got the boys.

Other Sunday visitors for the day were Mr. and Mrs. Ray Lloyd, who were dinner guests and in the afternoon, Mr. and Mrs. Van Thornton of Lubbock and Mr. and Mrs. Odell Breed joined the group for a visit.

Mr. and Mrs. Roy McCravy of Memphis spent Monday and Tuesday of last week, visiting Mr. and Mrs. Rudolph McCurdy.

Mr. and Mrs. Henry Price went to Canyon Sunday afternoon to visit Mr. and Mrs. Tom Collins and had supper with them. Tom Collins is suffering from a bad heart condition. He will be remembered in this area as one of Center Community's school teachers.

Mr. and Mrs. C. D. Hartsell visited in the A. L. Smith home Sunday afternoon.

Mr. and Mrs. Joe Thurston and Johnnie spent the day Saturday at Lovington, N.M. with their daughter and family, Mr. and Mrs. Joe Andrews and family.

Mr. and Mrs. Clifford Helms

and Mark, and Mr. and Mrs. Don Wall, Misty and Beverly were dinner guests of Mr. and Mrs. P. D. Helms Sunday. The dinner was in honor of P. D. Helms whose birthday is Tuesday of this week.

Misty and Beverly Wall spent Sunday evening with their grandparents, the Clifford Helms.

Mrs. Fred Lloyd, Nancy and Roxanne attended the South Plains Fair in Lubbock Friday, and Roxanne remained to spend Friday night and Saturday with Iwana Smith.

Sunday Mr. and Mrs. Grady Dunavant and Verl Miller were dinner guests of Mrs. A. B. Clark and in the afternoon all visited several shut-ins.

Mr. and Mrs. Howard Bishop and Greg and Mrs. H. E. Thomas went to Plainview Sunday night to the home of Mr. and Mrs. J. E. Peggram. J. E. is home from the hospital where he had been for a month. Mrs. Thomas remained for several days to be with the Peggram family.

Mr. and Mrs. Rodney Bunch of Lubbock visited his parents, Mr. and Mrs. W. H. Bunch Sunday and had lunch with them.

Mr. and Mrs. Foy Smith of Levelland were here Tuesday night and Wednesday with his mother, Mrs. R. C. Smith and his brother, Floyd.

Mrs. Don Harrison and Mrs. Milton Harrison spent Monday in Lubbock.

Roy Smith of Tulsa visited Mrs. R. C. Smith and Floyd Sunday.

Tuesday Mrs. Delmis McCormick visited her sister-in-law, Mrs. Sibyl Ward at Methodist Hospital in Lubbock. Mrs. Ward had surgery recently. Monday (today) Mr. and Mrs. Delmis McCormick visited Mrs. Sibyl Ward and found her doing fine and about ready to return home.

Shirley Breed visited Saturday morning with her grandparents, Mr. and Mrs. W. M. Hambricht.

Mr. and Mrs. Floyd Anderson visited Sunday night with Mr. and Mrs. Ted Anderson and family and had supper with them.

Mrs. Viola Brown was a luncheon guest Sunday of Mr. and Mrs. Billy Joe Hambricht and

family. Saturday visitors with Mr. and Mrs. Grady Dunavant were her brother, Marvin Williamson and daughter Marsha Ann of Dumas and Mrs. E. T. Williamson of Floydada.

Mr. and Mrs. Henry Brewer were dinner guests Sunday in Lubbock with Mr. and Mrs. H. T. Ayres.

Mrs. Edd Robinson visited Mrs. Henry Brewer Monday morning.

Mrs. Viola Brown spent Monday in Floydada with Mr. and Mrs. H. F. Pratt.

Mr. and Mrs. W. M. Hambricht visited Sunday afternoon in Floydada with Mr. and Mrs. Bob Hambricht and Alissa.

Saturday afternoon Mrs. T. W. Flenken of Hamlin visited Mrs. W. H. Bunch. The Flenkens used to run the gin here at Lakeview.

## Social Security News

By Ray Purcell  
Social Security Representative

Q. When a farmer pays quite a lot of social security each year, how much can he and his wife receive when he retires.

A. In order to give you an answer to this question, we would need more information or we would have to make some assumptions. If we assume that the man and his wife are both age 65 this year and that he has paid the maximum social security tax each year, the combined amount would be \$284.70. However, if either of them is under age 65, or if he has paid less than the maximum any year, the amount would be less.

Q. When a husband is disabled to work and has a wife and two minor children, is there any provision for the wife and children?

A. Yes. If the husband is found eligible for disability benefits, the wife and dependent children under age 18 will also be entitled to benefits.

The children may continue to receive until they are age 22 if they are full-time students and unmarried.

# 4-H Week Observed

That's what millions of boys and girls across the nation are saying. About 160 of them in Floyd County. They are members of 4-H and are observing National 4-H Week from October 4 to 10. The 15-year-old youths are just talking about their community and the work of numerous

These boys and girls, according to Richie Crow, Floyd County Asst. Extension agent, take advantage of the opportunities provided by the Cooperative Extension Service which is in charge of the 4-H programs in Texas. While adding depth and dimension to their personal development, the 4-H'ers get involved in community betterment. The Extension agent said their projects help them learn-by-doing - how to combat pov-

erty, malnutrition, and the pollution of our environment. Crow said today's 4-H'ers are enrolled in educational programs with something of interest to all regardless of where they live. About 100 different projects offer them learning opportunities which cover just about every home situation, ability, and personal goal. Some of these learn-by-doing projects include: Foods and nutrition, clothing, health, money management, conservation, ag-

ronomy, electronics, automotive, marketing, animal science, dog care and training. Now is a good time for young people to join 4-H, says Crow. To find out how to join, Crow says call 983-2806 or visit him at County Agent's office.

Miss Renda Trice was home with her parents, Rev. and Mrs. W.L. Trice, Ruth and John Mark over the past weekend. She is a freshman at Wayland College in Plainview. Beverly Kinnibrugh of Floydada visited here with her Saturday afternoon.

Rev. W. L. Trice went to the Plains Assembly Grounds Saturday where he attended the Royal Ambassadors Camp Craft until noon, with Cameron Byler from the State RA Office teaching the craft.

Mr. and Mrs. Don Marble, Donette and Brett, and his mother, Mrs. Lillian Marble went to Lubbock Thursday afternoon where they saw an ear special- ist for Donette, and then went to the South Plains Fair.

Mr. and Mrs. Julian Arrendondo, of South Plains, are parents of a son, born Sept. 23, at the Lockney General Hospital. The new son was named Johnny, and he has several older sisters. The Arrendondos live on the L. T. Wood place, and have been there for several years.

Mr. and Mrs. Nathan Mulder, Cindy and Penny went to Lubbock Friday where they attended the South Plains Fair. They watched cattle judging, and went through the Women's Division, and the children enjoyed the mid-way.

Mr. and Mrs. Teddy Horne and Melissa accompanied by her aunt, Mrs. Ray Dillard of Lockney went to Truscott over the weekend to visit relatives, including the Paul Hornes, and Mrs. J. R. Spivey. Melissa had spent most of last week here with her grandparents, Mr. and Mrs. Sulvin Kinnibrugh.

Mr. and Mrs. George Beedy of Plainview and Mr. and Mrs. George West were Saturday visitors at the home of Mr. and Mrs. Frank McClure where they visited, enjoyed games and had refreshments.

Mrs. Charlie Grant and son, Larry Don, who have lived the past few years in Liberal, Kansas, have recently moved to Missoula, Montana. The Grants formerly lived in our vicinity, and since then Grant has become an invalid, and is in a rest home. He was a carpenter while living in our area.

Baptist Women met at the Baptist Church last Tuesday for a planning session for the coming year. Members gave reports of their work planned for the coming year, and those present were Mes. Melvin Myers, L. T. Wood, M. M. Julian, C. F. Fortenberry, W. L. Trice, T. S. Powell, and Frank McClure.

Mrs. Sylvin Kinnibrugh stayed with Mrs. Garvin Beedy and family Tuesday and Wednesday night of last week while their husbands, Sylvin and Garvin, made a business trip to Grants and Albuquerque, N.M.

Joe Trimble, son of Mr. and Mrs. G. E. Trimble, who is stationed with the Air Force at Anchorage, Alaska, reports that winter has begun to set in there, with 24 degrees mentioned already. Trimble has been going hunting each week-end, and recently killed a bear, from which he hopes to have a rug made.

PTA will meet at 2:45 p.m. Friday afternoon, Oct. 9, with Claude Jarrett's room having the program.

Mr. and Mrs. Garvin Beedy have announced the engagement and approaching marriage of their oldest daughter, Resa, to

Tim Jeffress, son of Mr. and Mrs. James Jeffress of Sand Hill, Resa grew up in our vicinity, and with Jeffress, was graduated from Lockney High School in 1970. The couple plans a December wedding.

Mr. and Mrs. Frank McClure had supper Friday night in Plainview with their daughter, Mrs. Jean McClure and family.

Mr. and Mrs. George West went to Plainview Wednesday to visit in the home of Mr. and Mrs. George Beedy, where they played canasta, and enjoyed refreshments. Mr. and Mrs. E. T. Evans and boys, Joe and Todd of Amarillo, visited here Saturday with her folks, the Wests. Their oldest boy, Gary, is working at the Congressional Library in Washington, D.C. where he is also getting his masters degree at the University of Washington.

Mrs. G. E. Trimble was hostess at her home Sept. 28, for a Stanley party, with thirteen guests enjoying the party. Mrs. Trimble served cake, cookies, punch and coffee to Mes. Keith Marble, Don Probasco, Don Marble, E. R. Scott, Fletcher Powell, Fred Marble, Melvin Myers, Lillian Marble, Tillman Powell, Dean Stewart, and from Lockney, Mrs. Nina Taylor and Emma Scott.

A frequent visitor here in the past, Artie McGuffey, 56, of Blue Ridge, Tex. was killed in a tragic accident near Memphis, Tenn. Thursday afternoon as he and his wife were traveling on the freeway. Their car struck a huge truck which had just pulled on the road. Services are pending at this time, because of the condition of his wife, who was also hurt, O'Dell Mulder and wife from Albuquerque, N.M. plan to fly to Blue Ridge for the services, but

### GARDEN CALENDAR FOR OCTOBER

1. Plant spring flowering bulbs and bulb-like plants as Hyacinths, Allium, snowflakes, Easter Lily, Daffodils, Jonquils, Narcissus, Rain Lilies, Dutch Irin, Ranunculus, Anemones, Glory of the Snow, Muscari, Amaryllis, Crinum and others in late October through November. Be sure that only precooled Tulip bulbs are used in Central and South Texas.
2. Dig and store Caladium tubers. Store in dry peat or in perlite packed in boxes so that the tubers do not touch each other. Store in an area where temperature will not go below 60 degrees F. to prevent spoilage.
3. Scale insects on broad leaf evergreens as Camellia, Gardenia, Holly, and Euonymus can be effectively controlled by spraying with dormant oil, Malathion, or Diazinon. Do not use oil if temperature goes above 85 degrees F.
4. Add those fallen leaves to the compost pile, moisten thoroughly with water.
5. Root prune wisterias what have failed to bloom in previous years.
6. Prepare Tulip beds to receive bulbs you are chilling for November planting.
7. Control brown patch disease on lawns. Refer to Fact Sheet on Lawn Diseases.
8. Control fall caterpillars with Sevin.
9. Flowering annuals to sow

other. Store in an area where temperature will not go below 60 degrees F. to prevent spoilage.

10. Prepare Pansy and Sweet Pea Beds.

11. Plant Calendulas for mass effect and cut flowers. Use Pansies for bedding and massing effects.

12. Apply a complete fertilizer to the lawn in early or mid October at the rate of 15 to 20 lbs. of 8-8-8 or equivalent per 1000 square feet.

13. College dried seed pods, pine cones, grass plumes, etc. for fall and winter bouquets.

14. Begin to plan for and

## Our Urgent Needs

### CHURCH A PAGE - OUR URGENT NEEDS

Dr. Hugh Miller has listed as our greatest needs: WORK, PLAY, LOVE AND FAITH. There are four things that we need so much that only God can give us: The world we live in, the self we can live with, He gives us a cause we can live for, and He gives us a Master to follow and serve.

In the fourteenth chapter of John, Jesus, in giving his final instructions to his disciples, assures them several times that they will be supplied with the things they need most. In substance he was saying, as my witnesses and servants, there are a number of things you will constantly be in need of, they'll be supplied.

I think Jesus must have emphasized the following great needs: First: Work and a cause to work for. "He that believeth on me the works that I do..." He was giving them a challenge to do their very best; a work that would be a blessing to their fellowman and glorify their Heavenly Father. God gave each of us an inner demand that our work brings us the satisfaction that it was worthwhile. Like that young boy who said, "Life is too short for me to spend my time working at something that isn't of benefit to anyone." Jesus was saying to his disciples, "You will have the satisfaction of knowing that you are doing great things for God." "My father works, I work, and you must work."

A second great need is for communication, and the promise is made that the channel would always be open between us and our Heavenly Father. "Whatsoever ye shall ask in my name that will I do..." One of the greatest promises of God is that he will hear and answer our prayers. Without fear of contradiction, I believe I can say that one of man's greatest needs is communication between God and man.

The third great need is LOVE. Jesus said, "If a man love me, he will keep my word." Yes, we need to know that God loves us, and God wants us to love him. "Love" has often been called the very center of the gospel. According to the Apostle Paul, if we have many things without love we are nothing. To quote someone else: "God is love" is on every page of the word of God." A young boy once said He had rather be Dr. Truett, for everybody who knew him loved him, which must make life very happy for him. We need to be loved. God made us that way, with the capacity in our hearts for love. We need maternal, fraternal, paternal love.

Last of all we need the security that only faith in God can give. "Peace I leave with you, my peace I give unto you..." said Jesus. "Let not your heart be troubled neither let it be afraid." This is not to say that "God's in his heaven, all's right with the world," as Robert Browning said in one of his poems, "Pippa Passes." Jesus was simply saying that all things would work for good to those who love him...

Philip Armour, of the Armour Packing Company gave this security to his men, once when there was a panic which brought a run on the bank. He said to them: "Please don't be afraid, I promise you that not a single one of you will lose a penny of his savings!" As the men marched back to the plant they carried Mr. Armour on their shoulders as they shouted their love and appreciation for him.

It's a promise like this that was in Jesus' mind when he said, "Let not your heart be troubled: ye believe in God..."

## a good word for a GOOD IDEA

And you can't keep a good idea down. All over the world people are working together, to make life better for themselves and others.

In our own country, millions share ownership in cooperatives of all sorts—from city apartment co-ops to rural electric co-ops.

So what makes a co-op different? This: it serves the people who own it at cost. Each consumer-owner has a voice in running the co-op; one member, one vote.

October is Co-op Month. All over the country, the people of America's cooperatives are committed to working together for a better tomorrow. We are proud to help carry out this pledge.

A better  
life in the  
70's
