"TEXAS' LAST FRONTIER"

VOLUME VIII. MORTON, COCHRAN COUNTY, TEXAS, THURSDAY, JAN. 15, 1948. NUMBER 46.

Robert W. Sisson Will Be Principal Speaker On Legion Program Tonight

Robert W. Sisson, Manager, West Texas Veterans Administration Regional Office, Lubbock, Texas, will be principal speaker at the county wide American Legion meeting to be held in the Veteran's Hall here Thursday night, January 15, the local committee has announced. We are fortunate to have Mr. Sisson appear on our program here and a large crowd is expected to hear this distinguished speaker, the committee said.

Mr. Sisson, a native of West Texas, and a veteran of World War I, has been active in veterans affairs for more than 25 years, having served as executive director of the national committee which prepared and submitted the GI Bill to Congress, according to a member of the local committee. Sisson has not only had a big share in helping to prepare the Service Man's Readjustment Act but, as Regional Manager of the Veterans Administration, has taken upon himself tremendous responsibility of administering the many benefits provided by the Act to veterans in Western Texas. Furthermore he takes a personal interest in seeing that each veteran promptly receives all benefits to which he is justly entitled. In Bob Sisson a veteran truly has a friend a committee member said.

He is a former National Chairman of the American Legion Committee on Rehabilitation and past Department Commander of the American Legion.

Prior to accepting his duty as Veterans Administration Regional Manager he was Special Representative of General Omar Bradley then Administrator of Veterans Affairs.

Robert W. Sisson, manager Veterans Administration Regional Office, Lubbock, Texas, will be principal speaker on American Legion program Thursday night.

Property Owners Asked To Clean-Up Premises

Herman Crockett, fire marshall, s asked that all business es-blishments clean up around ir premises.

"It is very essential in order to ep the insurance rate down t citizens get rid of the tumble eds and other fire hazards that cluttering up the business d residential area. Not only is accumulation of trash and eds an eyesore but a definite hazard," Crockett said.

Cox Announces 48 'Bonus Built' Ford Trucks

The first public showing in rton of the new 1948 model d trucks will take place Fri-, January 16 at an "open se" to be conducted by Wil-d Cox.

With the streamlined new ks—the first post-war pro-ts of the Ford Motor Com-y—as the main attraction, llard Cox Company will wel-e the public to its showrooms vice, parts and accessory and d vehicle departments.

"We arranged an 'open house' gram for public announce-nt of the 1948 truck line be-se we feel that this is the st important new truck show-g in Ford history," said Mr. "We are entering the great-truck market of all time with widest range of models and acities Ford has ever produc-. We expect to receive trucks ring the coming months in antities increased sufficinetly permit us to meet the heavy mand."

Cobb's Annual Inventory Sale Starts Thursday

Cobb's annual after inventory e starts this Thursday, accord-g to an announcement made Jack Rice.

"All goods offered in this sale new quality merchandise and being sold at reduced prices to ake room for new spring and mmer goods arriving daily," e said.

Members of Cobb's Department re who will help customers in eir selections are, Jack Rice, nager; Arlee Barnard, assist-manager; Mrs. Katherine wallen, piece goods; Mrs. Mur-e Daniels, alternations and s. W. A. Johnson, newest mem-of the staff, who is in charge ready to wear.

MIKE WALDEN, MRS. E. D. ARRETT and MR. and MRS. J. POPPELZ were Lubbock busi-ss visitors Tuesday.

Political Picture

Political picture around Cochran county is looking up with the announcement this week of four additional candidates.

Mac W. Hancock, was first to announce his candidacy for re-election to the Sheriff's office, in the January 8, issue of the Tribune.

Joe Pierce, serving his first term as county clerk, announced this week his candidacy for a second term. Odell Smith, treasurer, also serving for the first time as a county officials, is asking for re-election.

L. M. Baldwin and C. G. Shaw, both county commissioners have announced their intentions of again running for county office.

The Tribune is happy to accept all political announcements, but will take no active supporting part in the forthcoming campaign. Individual members of the staff, all qualified tax-paying voters, will exercise their own disposition and personal wishes when the time comes to go to the polls.

MORTON BOY SCOUT MEETING SLATED MONDAY NIGHT

Morton Boy Scout Troop will meet Monday night at Veterans Hall. All scouts and boys interested in becoming scouts are urged to be present.

Plans Completed On Legion Party For Thurs. Night

Plans have been completed by the American Legion for a big party and free feed to be held at Veterans Hall, Thursday night, January 15.

All Cochran county veterans, their wives and sweethearts are cordially invited to attend.

The party will get underway at 7 p. m. when a chuck wagon supper will be served. This will be followed by talks from two well known plainsmen, Robert Sisson of the Veterans Administration, Lubbock, and Bruce Zorns. Zorns a prominent Brownfield banker and ex-serviceman was chosen recently as "Man of the Year" in Brownfield.

Other entertainment will follow the jack pot drawing, scheduled to take place immediately after the talks.

Farm Bureau Meet Scheduled Jan. 23 At Neely Ward

There will be a Farm Bureau meeting Friday night, January 23, at 7:15 P. M. at Neely-Ward School house.

Farm problems and the Road Bond Election set for Saturday, February 7th., will be discussed by Judge Glenn W. Thompson and county agent Homer Thompson. Tell you neighbor and be there.

Plans Set Up For Annual Red Cross Drive To Get Underway In March

Tentative set up for the annual Red Cross Drive, scheduled to get underway in March has been announced by the district Red Cross representative.

Cochran county officers of the Red Cross are: M. C. Ledbetter, chairman; Carl Ray, fund chairman; Mrs. Roy Hill, secretary; A. E. Sanders, treasurer; P. B. Ramby, first-aid; J. B. Nicewarner, accident prevention; J. L. Winder, county disaster; Mrs. Carl England, publicity; Mrs. Ray Knowlton, Bledsoe, fun representative and H. P. Clemmons, Whiteface, fund representative.

Most citizens are familiar with operations of the Red Cross and know that one half of the funds collected are retained in the county to be used in welfare work, veteran aid, and other causes where funds are needed immediately to alleviate suffering.

In the past as much or more aid has gone to outlying areas of Cochran county as has been used in the immediate vicinity, altho in the 1947 drive only a small amount of money was collected in the county at large.

The quota for Cochran county was reached in Morton approximately one hour after the drive started last year.

Coffee-Cookies Free Saturday At Winninghams

Q. V. Winningham, owner and operator of Winningham's Food Store, located on the Levelland highway, has announced that free coffee and cookies will be served at the store all day Saturday.

Funeral For Infant Son Of J. T. Porters Held Friday

Funeral services for the infant son of Mr. and Mrs. J. T. Porter, who died Friday morning a few hours after birth in a Lubbock hospital were conducted at the C. L. Taylor home, Friday afternoon, by Rev. A. A. Kendall.

Interment was in Morton cemetery.

Survivors include the parents; one brother, Jimmie, the maternal grandparents, Mr. and Mrs. C. L. Taylor and the paternal grandparents, Mr. and Mrs. J. T. Porter of Alvin, Texas.

Drivers of Public Vehicles Notified To Fill Forms

Drivers of publicly owned motor vehicles have been notified by the county tax-assessors office that no permanent type exempt license plates can be issued until the proper forms for title are filled out.

These application forms are available at the tax-assessors office.

Automobiles and house trailers that are the property of the U. S. Government, the State of Texas, or any County, City or School District are eligible for the exempt license plates but must comply with the law in order to secure the plates.

PAY YOUR POLL TAX!

No Hike In Tax Rates If Road Bond Election Carries Saturday, Feb. 7

Will there be a hike in tax-rates if the bond road election carries? The answer is "No", according to County Judge G. W. Thompson.

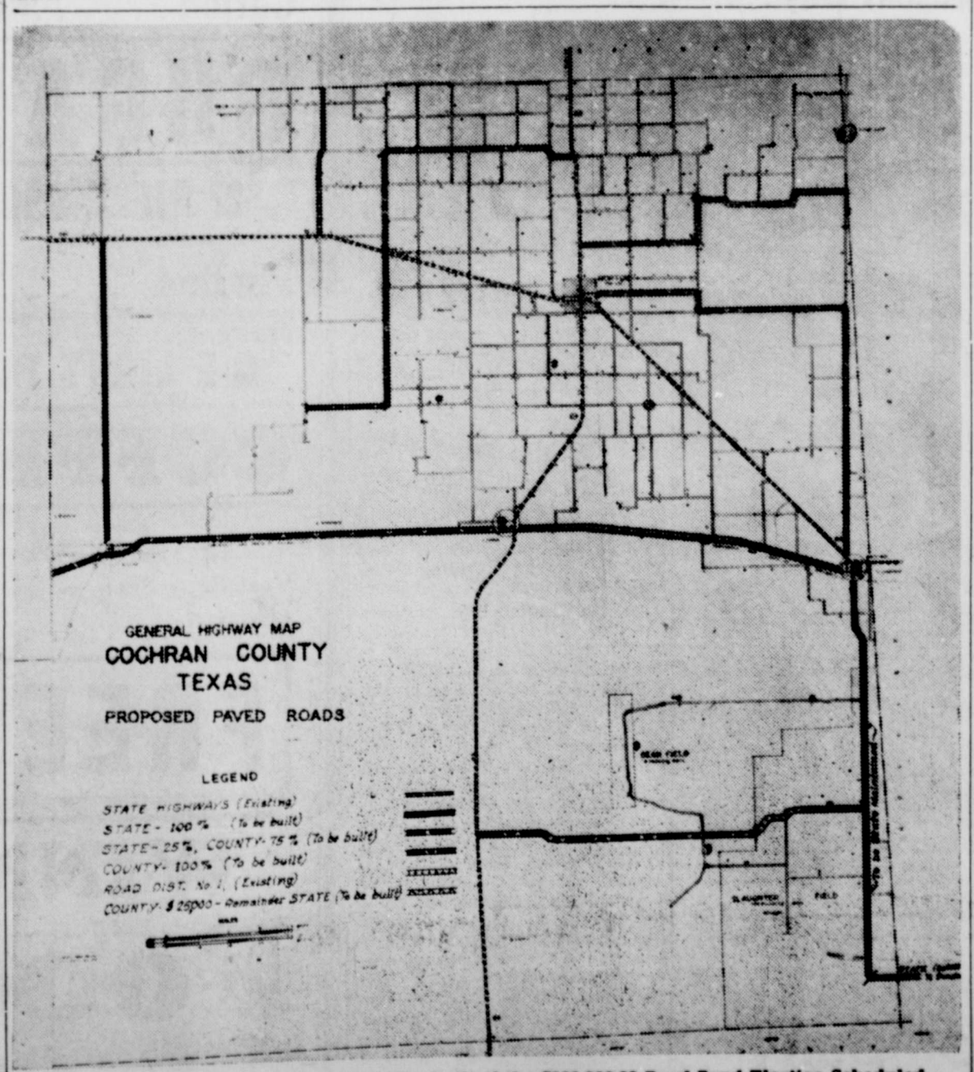

There has been some controversy since the road bond election notice was published as to the amount taxes would be raised if the road bond carried.

County officials questioned are of the opinion that the tax rate will not be raised at all even if the election carries in favor of the $500,000.00 road bond.

In view of the fact that Cochran county's total indebtedness is so small a reduction in the tax rate has been anticipated.

Total indebtedness of Cochran county is $160,940.00 according to figures on file in county clerk's office.

Figures in the tax-assessors office reveal that tax evaluations of $18,300,000 in 1947 have been upped to about $20,500,000.00 in 1948. Approximately 80 per cent of this amount is accounted for in the vast growing oil fields of Cochran county.

Above map shows proposed roads to be built if the $500,000.00 Road Bond Election Scheduled Saturday, February 7, carries.

"Doctor Jim" Is Feature Picture In Big John Deere Day Program Jan. 30

McAlister-Huggins, local John eere Dealer is inviting all farm-s and their families in this and ighboring communities, to at-nd their big John Deere Day rogram to be held at Wallace heatre on Friday, January 30.

According to Mr. McAlister this ear's John Deere Day Program ill be of special interest to any-e who has anything to do with rming.

The main attraction is a new ecially-produced Hollywood ature "Doctor Jim," which stars uart Erwin, a leading enter-iner on the screen for many ears. "Doctor Jim" is a friendly, arm-hearted picture that pays fine tribute to a small com-unity's leading citizen—the ountry doctor. You'll like Doc nd his wife, Sally—they're hu-an folks who'll tug at your earts and provide plenty of uckles, too.

In the supporting cast are such ther well-known artists as Bar-ara Wooddell, Hobart Cavan-augh, William Wright, and Netta Packer.

In addition to "Doctor Jim," several other new, all-talking pictures will be shown. They include "Keep Your Eye on the Soil"—an educational picture that sounds a warning no one in agriculture can afford to ignore—soil maintenance.

"Doubting Thomas"—an interesting story that will give you some new slants on new John Deere Models "A" and "B" Tractors . . . "Short Cuts in Forage Harvest"—which demonstrates the way to shorter, easier, and more profitable harvesting of hay and forage crops . . . "Save More Corn at Lower Cost," and "What's New for '48."

According to Huggins, admission to the John Deere Day Program is by ticket only. Any farmer who has not received his tickets or needs more can get them free at McAlister-Huggins before the day of the show.

Kick-Off Drive For Morton's Boy Scout Troop Funds Slated Jan. 21

Kick-Off Drive for funds for Morton's Boy Scout troop is scheduled for the January 21 meeting of the Lions Club, according to an announcement made by finance chairman W. C. Wright, last week. Homer E. Thompson and Alvin Wolfenberger are on the finance committee with Rev. Wright.

Total budget for the South Plains Council comprising 20 counties, has been set at $36,797.00 with $660.00 of this amount to be raised in Morton. Rev. Wright was of the opinion that the amount raised here would be kept in Morton for benefit of the local scout troop.

Plans outlined for collecting the funds included outright donations from firms and business men and the subscription method whereby any individual may give the scout treasurer the privilege of drawing a stated amount each month.

The finance committee will make an effort to contact all business firms as well as individuals during the next few weeks in order to raise the necessary funds.

Twenty Lions Attend Meeting Held Wednesday

Twenty Lions and three guests heard Lion President M. C. Ledbetter in a talk on better roads for Cochran county at the regular meeting of Morton Lions Club, Wednesday, January 14.

Ledbetter in nis talk emphasized the need of all citizens to acquaint themselves with the proposed road bond election, slated to be held in Cochran county on February 7.

Roy Hickman spoke briefly on the road bond election as did G. W. Thompson.

R. C. Strickland, former Cochran County Judge, spoke to the group on the good work done by the county commissioners and present county judge.

Frank Atkinson of Levelland complimented the organization upon having one of their new members, Alvin Wolfenberger, elected an officer in the Mustang Scout Council at a recent district scout meeting.

Kirby Smart was introduced as a new member of the Lions Club. He wore the traditional baby cap and bib during the noon meeting and will do so until he introduces a new member.

Mrs. Carl England was the other guest present.

Members attending the noon luncheon were: Jack Rice, G. W. Thompson, M. C. Ledbetter, J. B. Knox, Bud Nairn, Carl Macon, Walter Taylor, Tom McAlister, Alvin Wolfenbenger, Gene Huggins, Willard Cox, David Todd, Zeke Sanders, Lloyd Allsup, Earl Crum, R. C. Strickland, Roy Hickman, C. M. Cravy, Homer E. Thompson and T. K. Williamson.

Shrubs Set Out On Side Of New School Building

Landscaping of the new school building grounds was begun Monday by the setting out of shrubs on the east side of the building by a nursery firm from Oklahoma.

The landscaping work is being sponsored by the Cochran County Garden Club and initial expenditure amounted to approximately three hundred dollars.

Colorado Blue Spruce, spreading juniper, pyracantha, and jasmine are some of the shrubs planted this week. The shrubs are already good size and make quite a showing in front of the building.

The garden club, a fairly recent organization is headed this year by Mrs. Albert Morrow. Since the club's organization two outstanding flower shows have been held here, and numerous city and county beautification programs have been instigated.

Landscaping of the school grounds is conceded to be one of the most noteworthy of all the club's projects.

Last Rites Held Thursday For Gerry Thomas

Funeral services were held at the Enochs Methodist Church for Gerry Thomas, 19 months, on Thursday, January 8. Rev. J. V. Davis conducted the service, interment in Enochs cemetery.

Gerry who died Monday, January 5, is survived by his twin brother, Jerry, three other brothers, his parents, Mr. and Mrs. T. A. Thomas and four sisters.

CALLED TO OKLAHOMA

Mr. and Mrs. Junior Cooper were called to Mangrum, Oklahoma last Frday night by the serious illness of her sister.

Wolfenberger To Attend Dallas Spring Showing

Mr. Alvin Wolfenberger, owner of the Western Auto Associate Store, will leave Sunday to attend the Western Auto Spring Merchandise Show to be staged in Dallas, January 19th and 20th.

Mr. Wolfenberger said yesterday the show will feature many new products, and improved 1948 versions of present Western Auto merchandise. Emphasis will be on spring and summer lines of home, automotive, and recreational items. Purpose of the exposition is to enable Western Auto Associate Store owners to make early, first-hand selections, and place commitments for spring and summer stocks.

"From advance reports and present indications," Mr. Wolfenberger said, "it is safe to say that the 1948 merchandise picture is one of "good news" for the consumer. Improvements in familiar products, and a lot of exciting new things for better living, are evident everywhere as industry gains momentum in catching up with shortages."

Mr. Wolfenberger expects to return January 21st.

Sleeping Quarters Needed Here For Twenty Workers

An urgent appeal for sleeping quarters for about twenty men working on the big inch pipe line in Cochran county has been made by the Sheriff's department.

Any one having a room to rent is asked to contact the sheriffs office.

Tuesday night 14 men were looking for places to sleep after long hours of work. They were unable to find accomodations in any of the adjoining towns.

42 PARTY SLATED AT NEELY-WARD SCHOOL

Neely-Ward Parent-Teachers Association is sponsoring a 42 party at the school on Tuesday night, January 20, benefit of the school.

The public is cordially invited to attend.

Local Housing Situation Discussed at Chamber of Commerce Meet Mon.

Twenty one members of Morton's Chamber of Commerce responded to a called meeting of that organization at the county court house, Monday night, January 12.

J. W. McDermett, president, had charge of the meeting.

Concluding a report by Roy Hickman, secretary, on the successful Christmas street lighting project and program, sponsored by the chamber, Alvin Wolfenberger was appointed by the chair to have the street decorations removed and stored for future use.

Members voted to remain a member of the West Texas Chamber of Commerce. W. W. Williamson discussed the merits and advantages of membership in the W. T. C. C.

Members in a round table discussion suggested various ways and means by which the chamber might be able to promote permanent improvements in Morton and Cochran county for the benefit of the entire community. Highlights of the discussion were plans whereby suitable housing could be provided for the existing and future increases in population.

Consensus of opinion seemed to imply that available rental property, adequate postal and telephone service and good roads throughout the county would greatly facilitate the influx of business in the entire trade area.

Members appointed to investigate the possibilities of a housing project here are: Willard Cox, Clyde Reynolds, Roy Allsup, Tom Arnn and Jack Nelson.

Next regular meeting of the Chamber of Commerce will be held at the county court house on Monday night, February 2, at which time reports from the various committees will be given.

PAY YOUR POLL TAX!

Chevrolet Made 110,049 Units In December

Production of passenger cars and trucks by the Chevrolet Motor Division during December set a new postwar high, when a total of 110,049 units were made in the company's assembly plants, it was announced today by Nicholas Dreystadt, Chevrolet general manager.

The total of 38,160 trucks and commercial vehicles produced during December not only was a new postwar record, Dreystadt pointed out, but also came within 736 units of setting an all-time high mark for this type of production. Chevrolet produced more trucks and commercial units last month than in any single month since June 1929, when 38,896 such units were made.

The production of 71,889 passenger cars in December also was a new postwar record, exceeding any production month since the resumption of automobile making following V-J Day. It was higher than any passenger car production month since December 1941.

Shortly before the end of the year, Chevrolet announced it was the first single company to make more than a million passenger cars and trucks in 1947. The year-end production figures show that a total of 1,031,330 passenger and commercial vehicles were manufactured in Chevrolet assembly plants.

NOTICE OF ROAD BOND ELECTION

The State of Texas)
County of Cochran)
TO THE RESIDENT QUALIFIED PROPERTY TAXPAYING VOTERS OF COCHRAN COUNTY, TEXAS, WHO OWN PROPERTY SUBJECT TO TAXATION THEREIN AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE, that an election will be held within and throughout the boundaries of Cochran County, Texas, on the 7th day of February, 1948, the same being the first Saturday in February, 1948, at the places and upon the proposition more particularly set forth in the "ORDER AND NOTICE OF ROAD BOND ELECTION" which was passed and adopted by the Commissioners' Court of Cochran County, Texas, on January 5th, 1948, which order is substantially as follows:

ORDER AND NOTICE OF ROAD BOND ELECTION

The State of Texas)
County of Cochran)
IN THE COMMISSIONERS' COURT OF COCHRAN COUNTY, TEXAS.

BE IT REMEMBERED that on this the 5th day of January, 1948, the Commissioners' Court of Cochran County, Texas, convened in special session, pursuant to call by the County Judge, at the Courthouse in Morton, Texas, with the following members present, viz:

G. W. Thompson, County Judge and Presiding Officer; L. M. Baldwin, Commissioner Precinct No. 1; E. C. White, Commissioner Precinct No. 2; John Kennedy, Commissioner Precinct No. 3; C. G. Shaw, Commissioner Precinct No. 4; T. W. Pierce, County Clerk and ex-officio Clerk of the Commissioners' Court

constituting the entire court, whereupon the following, among other proceedings, were had, to-wit:

There came on for consideration by the Commissioners' Court of Cochran County, Texas, the petition submitted by J. W. McDermett and 348 other qualified property taxpaying voters of Cochran County, Texas, who own property in said County and who have duly rendered the same for taxation, requesting that an election be ordered by the Commissioners' Court of Cochran County, Texas, to determine whether or not the bonds of said County shall be issued in the amount of Five Hundred Thousand and No/100 Dollars ($500,000.00), bearing interest at a rate of not exceeding three per centum (3%) per annum from date and maturing serially over a period of not exceeding ten years from the date thereof, in conformity with the Constitution and Statutes of the State of Texas, particularly Section 52, Article 3, of the Constitution and Chapter 16, of the Acts of the First Called Session of the Thirty-ninth Legislature in 1926, as amended, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, in Cochran County, Texas, and, whether or not ad valorem taxes shall be levied on all taxable property within Cochran County, Texas, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity; and

It appearing affirmatively to the Court that said petition is signed by more than fifty of the resident qualified property taxpaying voters of said County, who own taxable property therein and who have duly rendered the same for taxation and is otherwise in conformity with the Constitution and Laws of the State of Texas and that therefore such petition should be granted and said election should be ordered as requested; and

It further appearing affirmatively to the Court that the amount of bonds proposed to be issued under the request contained in said petition, in addition to all other road bonds now outstanding and issued for the same purpose in said County will not exceed one-fourth of the assessed valuation of real property of said County and that the 7th day of February, 1948, the same being the first Saturday in February, 1948, is not less than thirty days from the date of this order and is the proper time for holding such election:

BE IT THEREFORE ORDERED, ADJUDGED AND DECREED BY THE COMMISSIONERS' COURT OF COCHRAN COUNTY, TEXAS:

I.

That an election shall be held within and throughout Cochran County, Texas, on the 7th day of February, 1948, the same being the first Saturday in February, 1948, and said date being not less than thirty days from the date of this order, at which time there shall be submitted to the resident qualified property taxpaying voters of Cochran County, Texas, who own taxable property therein and who have duly rendered the same for taxation, for their determination thereof, the following proposition:

PROPOSITION

Shall the Commissioners' Court of Cochran County, Texas, be authorized to issue the bonds of Cochran County, Texas, in the amount of Five Hundred Thousand and No/100 Dollars ($500,000.00), bearing interest at a rate of not exceeding three per centum (3%) per annum from their date and maturing at such time or times and in such amounts as may be deemed most expedient by the Commissioners' Court of Cochran County, Texas, serially, not later than Ten (10) years from their date, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes or in aid thereof in Cochran County, Texas; and shall ad valorem taxes be annually levied, while said bonds or any of them are outstanding, upon all taxable property within said County at a rate sufficient in amount to pay the annual interest on said bonds and to provide a sinking fund for the redemption thereof at maturity?

II.

said election shall be held under the provisions of Chapter Sixteen, General Laws of the State of Texas, enacted by the Thirty-ninth Legislature at its first called session in 1926 and all acts amendatory, complementary and supplemental thereof.

All persons who are legally qualified resident property taxpaying voters of Cochran County, Texas, who own taxable property therein and who have duly rendered the same for taxation shall be entitled to vote at said election; and the ballots for said election shall have written or printed thereon the following:

OFFICIAL BALLOT

FOR THE ISSUANCE OF THE BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF.

AGAINST THE ISSUANCE OF THE BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF.

As to the foregoing proposition, each voter shall mark out with black ink or pencil one of the above expressions, thus leaving the other as indicating his vote on the proposition.

III.

The polling places and presiding officers of said election shall be respectively as follows:

(1) In Election Precinct Number One (1), at the Courthouse in Morton, Texas, with Tom Arnn, Paul Arnold, D. C. Bowman and Byron Willis, as Presiding Officers of the Election.

(2) In Election Precinct Number Two (2), at the Schoolhouse in Whiteface, Texas, with J. A. Taylor, Melvin Woodley, T. A. Keith and L. W. Bills, as presiding officers of the Election.

(3) In Election Precinct Number Three (3), at the Schoolhouse in Bledsoe, Texas, with J. W. Marr and Everett Nichols as presiding officers of the Election.

(4) In Election Precinct Number Four (4), at the Schoolhouse in Neely Ward, Texas, with E. E. Alexander, Brad Stovall and W. J. Weaks, as presiding officers of the Election.

(5) In Election Precinct Number Five (5), at the Schoolhouse at Lehman, Texas, with C. H. Hickman and W. E. Prather as presiding officers of the Election.

IV.

The manner of holding said election and making and canvassing the returns thereof shall be governed by the general election laws of the State of Texas, when not in conflict with the hereinbefore mentioned Statutes. The Commissioners' Court will furnish all election supplies and ballots for said election.

A substantial copy of this order shall constitute proper notice of said election and notice thereof shall be given by publication in a newspaper of general circulation in Cochran County, Texas, for three consecutive weeks prior to the date of said election and in addition thereto, notice of said election shall be given for three weeks prior to the date of said election by posting a copy of such notice at four public places with in said County, one of which shall be posted at the Courthouse door of the Courthouse of Cochran County, in Morton, Texas. The County Clerk shall cause such notice to be given as hereinabove stipulated.

Immediately after said election has been held, the officers holding the same shall make returns of the result thereof to the Commissioners' Court of Cochran County, Texas, and return the ballot boxes to the County Clerk for safekeeping.

The County Clerk shall submit due returns of the posting of such notices and the publication of the same to this court.

The above order having been introduced by Commissioner E. C. White and having received the second of Commissioner L. M. Baldwin, was passed by the following vote:

AYES: Commissioners Baldwin, White, Kennedy and Shaw.
NOES: None.

PASSED, APPROVED AND ADOPTED, this the 5th day of January, 1948.

G. W. THOMPSON, County Judge, Cochran County, Texas.
L. M. BALDWIN, Commissioner Precinct No. 1.
E. C. WHITE, Commissioner Precinct No. 2.
JOHN KENNEDY, Commissioner Precinct No. 3.
C. G. SHAW, Commissioner Precinct No. 4.

Attest: T. W. PIERCE, County Clerk.
(Commissioners' Court Seal)

THE STATE OF TEXAS)
COUNTY OF COCHRAN)

I, T. W. Pierce, Clerk of the County Court and ex-officio Clerk of the Commissioners' Court of Cochran County, Texas, do hereby certify that the above and foregoing instrument is a true and correct executed copy of "ORDER AND NOTICE OF ROAD BOND ELECTION" as the same was approved, adopted and passed by the Commissioners' Court of Cochran County, Texas, on the 5th day of January, 1948, and now appears of record in volume 4 at page 49 et seq. of the minutes of said Court. I further certify that such order has not been amended, altered, repealed or rescinded in any manner and is now in full force and effect as an order calling an election within said County on February 7th, 1948.

Witness my hand and seal of said Court, this the 5th day of January, 1948.

T. W. PIERCE, Clerk of the County Court and ex-officio Clerk of the Commissioners' Court of Cochran County, Texas.
(Commissioners' Court Seal)

On a heavy-duty job, give me new Advance-Design
CHEVROLET TRUCKS
and here's a "load" of reasons why...

Only Advance-Design Trucks Have All These New and Finer Features:
★ Cab that "breathes"
★ Flexi-Mounted cab
★ Uniweld, all-steel construction
★ Larger, more durable, fully adjustable seat
★ 22% greater visibility
★ New, rear-corner windows
★ Stronger, new frames
★ Full-floating hypoid rear axles
★ Specially designed hydraulic truck brakes
★ Valve-in-Head Thrift-Master or Load-Master engines
★ More efficient loading (stake and high-rack bodies)
★ New, thorough sealing insulation
★ Standard cab-to-axle-length dimensions permitting interchange of bodies
★ . . . and MANY more!

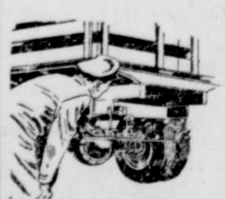

Brother, how these stronger, new frames stand-up! Wheelbases are longer, too, for better load distribution. And the brakes are exclusively designed for greater brake-lining contact!

There's nothing like the cab that "breathes" for comfort! . . . fresh air is drawn in from the outside—heated in cold weather—and used air is forced out.* The cab is cushioned on rubber—Flexi-Mounted—with 12 inches more foot room and eight inches more seating space. There's 22% greater visibility, too, they tell me. The seat is fully adjustable. Man, this is it!

Here's a special, heavy-duty job and an extra-special truck! Take your pick from 107 different models and eight wheelbases. There's one made for your special kind of job.

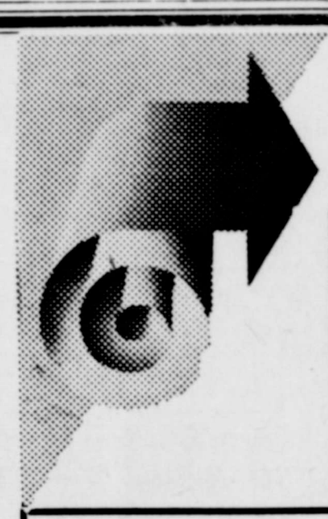

Look — rear-corner windows!* Now it's a cinch to back up without jackknifing. Yes, sir, these trucks are brand new—really different with Advance-Design. And they're packed with power in the world's most economical engine for its size—Chevrolet's Valve-in-Head engine.

*Fresh air heating and ventilating system and rear corner windows optional at extra cost.

Come in and see these trucks—today! There's a Chevrolet Advance-Design truck to meet your specific needs and offer you TRANSPORTATION UNLIMITED!

From where I sit ... *by* Joe Marsh

Who Are We, Anyway?

Subject came up at Bill Webster's, the other day, as we were chatting over beer and pretzels. Just who *are* the folks who make up our town? Where'd they come from?

Well, Doc Hollister's Scotch-English ancestry; Will Dudley's folks were mining stock from Pennsylvania; Skip Powell's family were brewers back in Holland.

Guess our bloodstream's got a bit of every country of the globe—and every section of America. We've still got differences in taste and background—whether they apply to music, history, or beer. Only those differences don't matter—because we're self-respecting people, in a free, united land.

And from where I sit, that's what makes our towns and cities—our America—so strong, progressive, tolerant. Our championship of individual liberties has brought us people from all faiths, all lands—to prove that respect for one another's rights is the greatest bond humanity can know!

Joe Marsh

Services For Gary Reed McCulloch Held Tuesday

Funeral services for Gary Reed, 19 months old son of Mr. and Mrs. Hayden McCulloch, Ralls, Texas, were conducted here Tuesday afternoon at the Church of Christ by Bro. W. A. Brown and T. L. Bullard.

Pallbearers were: Mark McCulloch, R. T. Tarver, jr., Duane Norman and Reed A. Bond. Interment in Morton cemetery.

Gary Reed died early Monday morning in Ralls, where his family have lived for one and a half years. The little boy became critically ill Sunday night but had had a cold and sore throat for several days.

Survivors other than his parents are a brother, Stephen; maternal grandparent, Mrs. John Lahman; paternal grandparents, Mr. and Mrs. Willie McCulloch and other relatives.

Enochs H. D. Club Meeting Held In Seagler Home

The Enochs H. D. Club met in the home of Mrs. C. G. Seagler Friday afternoon, January 9. A regular business session was held.

The club presented Mrs. Ball with a gift to which she responded with an appropriate word of appreciation.

The hostess served refreshments of pecan pie and tea to fifteen members and two guests.

The club will again meet on January 22 in the home of Mrs. O. H. Grusendorf. Mrs. Williams will meet with the club on that date.

Dinner Given In Honor Of Dr. James P. Cornette At Canyon Friday Eve, Jan. 9

More than 400 citizens of Northwest Texas gathered at the beautiful new cafeteria building on the campus of West Texas State College in Canyon Friday night, Jan. 9 to welcome Dr. James P. Cornette to West Texas. Dr. Cornette became executive vice-president of the college on January 1, 1948, coming from Baylor University. He will become the third president of the college on Sept. 1. He will succeed Dr. J. A. Hill as president. Hill has served the college for 38 years, being the last member of the original faculty to retire. He has been president for 30 years.

The dinner was given by the Canyon Chamber of Commerce and the Canyon Rotary Club to guests from practically every town in this area. Herschel Coffee, president of the Rotary Club, presided and greetings were extended by Delbert Lowes, president of the Chamber of Commerce.

Dr. Cornette stated that he came to the Panhandle because of the splendid spirit which was shown by the citizenship. He has faith in the future of this area and great faith in the ability of the college to render service to the people of this section. He praised the spirit behind the development of the museum of the Panhandle-Plains Historical Society, and urged full cooperation that other enterprises be established on the campus which will be of service to this section.

Dr. J. A. Hill thanked the thousands of people who had been of such great service in building the plant of West Texas State. He pointed out great accomplishments during the past 38 years, but this was just the beginning. The college has a mission to perform and the intelligent cooperation of all citizens of this section will bring about a greatly expanded program.

The Canyon City Commission and Randall County Commissioners Court offered to the Regents on Friday a tract of 200 acres adjoining the campus for development of aviation.

HAROLD STASSEN TO SPEAK AT TECH CONVOCATION

Harold Stassen, former governor of Minnesota, will speak at a convocation at Texas Technological College Monday, Jan. 19, instead of Jan. 20 as previously scheduled.

The talk on the campus will be broadcast from Lubbock from 11 a. m. until noon.

Adding Machine Paper at the Tribune Office.

HAVE YOU EVER TRIED IT?

Have you ever tried to preach one hundred and four sermons a year to the same congregation?

Have you ever tried to please five hundred church members?

Have you ever tried to lead a prayer meeting week after week when four hundred and fifty of the five hundred members were absent?

Have you ever tried to visit in five hundred homes twelve months?

Have you ever tried to lead when no one would follow?

Have you ever tried to get a little man to do a big job?

Have you ever tried to carry the weight of a lost world?

Have you ever tried to love when others hate, or praise when others condemn?

Have you ever tried to bind up broken hearts or re-establish broken homes?

Have you ever tried to sympathize with and help fallen men and women when others seem not to care?

Have you ever tried to smile upon empty collection plates and realize that the world is moving away from God?

Have you ever tried to pour out your very soul to get men to give themselves to Christ and have no response?

IF NOT, then you cannot know what it means to be the pastor of a Church.

Research Proves Supplemental Feed Profitable During Winter Months

The Sunny South, where the sunshine spends the winter, has many advantages for livestock production. Elaborate equipment and heavy feeding are not as necessary as they are in colder climates; but, experience and research throughout the southern half of the United States, from Florida to California, prove that it is profitable to feed protein supplements during winter months.

In California, on the San Joaquin Experimental Range, over a 10-year period, an average of 365 pounds of supplemental feed, per cow, resulted in 14 calves more per 100 cows; and calves from cows fed supplements averaged 56 pounds heavier at weaning time.

Livestock authorities point out that grazing animals which must obtain all of their feed from dry winter forage, low in protein, minerals and vitamins, lost weight, become weak and susceptible to diseases and parasites, and are less efficient breeders. Range cows can breed efficiently and produce and raise strong, heavy calves only if they are in good condition and gainging weight at breeding time. Proper supplemental feeding when grazing is deficient maintains steady growth and gains which are essential for profitable livestock production.

Because the most common deficiency of range and pasture forage is in protein such protein concentrates as cottonseed cake, pellets and meal are economical and profitable supplemental feed. Feeding should begin before animals lose weight, and continue until spring growth of grass will again insure satisfactory gains. Dry roughage is needed, in addition to the protein concentrate, when the amount of grazing, as well as its feeding value, becomes low.

Dry beef cows need 1 to 1½ pounds of cottonseed cake or meal, daily per head, when forage becomes dry. Bred cows need 2 to 2½ pounds for 50 to 60 days before calving, with the amount increased to 2½ to 3 pounds, daily, when nursing a calf. Herd bulls should receive 2 to3 pounds of protein concentrate, daily, for 30 to 50 days before the breeding season and during times of forage deficiency.

Suckling and weaned calves continue to gain weight and are in better condition for fast spring and summer growth if fed 1 to 2 pounds of protein concentrate, daily, during the winter. Two to 3 pounds of protein concentrate, daily, will carry yearling and two year old steers through the winter, but steers being fattened on grass should receive 3 to 5 pounds of protein concentrate, daily, plus supplemental roughage.

Sheep and goats also are more profitable when they get proper winter supplemental feeding. Dry ewes need ¼ of a pound of meal or cake when pasture becomes dry. Bred ewes should receive 2/5 of a pound each day for 30 to 50 days before lambing, and 2/5 to ½ of a pound while nursing lambs. Lambs on stalk fields gain faster and have better appetites when fed ¼ to 1/3 of a pound of meal or cake daily.

When Angora does begin to lose weight because of short forage, they should be started on 1/8 of a pound of cake, daily, with the amount increased to ½ of a pound during severe weather. When kids are weaned, thin does should be separated from the flock and receive ¼ to 1/3 of a pound of protein concentrate.

Texas Population Natural Increase 134,000 In 1947

AUSTIN—It is estimated that during 1947 there were 195,000 live births and 61,000 deaths in Texas. The number of births in 1947 far exceeds the former record of 180,000 in 1946. The excess of births over deaths last year gave Texas a natural increase in population of 134,000 people, according to Dr. Geo. W. Cox, State Health Officer.

It has been apparent for some time that reductions in the mortality due to preventable causes could not any longer offset the staggering increase in the number of deaths due to cancer and the various heart diseases. For this reason, it was not difficult to predict that 1947 would see the general death rate begin an upward trend.

Practically all of the increase in the mortality during the first nine months of 1947 may be attributed to the steadily mounting toll of death levied against the population by heart disease, cancer, and apoplexy.

Considerable satisfaction should come to those engaged in public health work in knowing that during the first three quarters of 1947 the lowest death rate ever recorded in Texas were reached for the following diseases: typhoid fever, diarrhea and dysentery, scarlet fever, diphtheria, measles, poliomyelitis, tuberculosis, malaria, syphilis, pellagra, and tphus fever.

Movie Of Campus Life At Tech Slated To Start February 6

Shooting of a technicolor sound movie showing campus life at Texas Technological College, is scheduled to begin Feb. 6 during registration for the spring semester.

Designed ot give an overall picture of academic and social activities at the college, the movie is being made as the 1948 project of the Tech Chamber of Commerce, a student organization. When it is completed, the movie will be available for showing to any interested group upon request. Seeking to show representative year-around events, the Chamber of Commerce expects to take about 12 months makings the movie.

44 Students Daily Treated Free At Tech Dispensary

An average of slightly more than 44 students daily have received free treatment at the new Texas Technological College dispensary and infirmary since it opened in October, a report shows. Sixty-three students were hospitalized in the infirmary.

Approximately 1000 students received influenza immunization shots that were offered to those who wished them. Cost of the service is covered by student activity an dmedical fee authorized by the state legislature.

Dr. E. R. Rose, currently director of the student health service at the University of Florida, will be in charge of the Texas Tech unit beginning Feb. 1. He succeeds Dr. J. G. Morris, who accepted the work on a temporary basis this semester.

Dr. Rose has had eight years experience as director of student health services at the University of Florida and Ohio University.

Good Citizenship Club Organized By Six 2 Class

Grade six 2 of Morton public schools met recently and organized a Good Citizenship Club. Purpose of the organization is to help members become better citizens.

Meetings will be held each Wednesday morning at nine o' clock. Gold Stars will be awarded to the best citizens each week. Red stars will be given for poor conduct.

The following officers were elected at the meeting: Jim Goodman, president; Don Hammonds, vice-president; Alice Faye Thompson, secretary and Erma Long, reporter.

It is the aim and sincere wish of the students in six 2 that the organization will help all the boys and girls of six 2 to become better citizens of junior high school.

PROF. L. G. HARMON OF TECH TO SERVE AS INSTRUCTOR AT COLORADO DAIRY COURSE

Prof. L. G. Harmon, acting head of the department of dairy manufactures at Texas Tech College, will serve as an instructor at the annual Colorado A and M Dairy Manufactures Short course Jan. 26-30 at Fort Collins, Colo.

Harmon will present information on calculation of ice cream mixes, methods of manufacturing and processing of ice cream, and on various types of fermented milk including cultured buttermilk and churned buttermilk.

HOW TO SAVE MONEY —

1. Sell your electric range and take to the Great Outdoors. Any Boy Scout can teach you how to build a fire and cook. It's a grubby job, but think of all the fresh air you'll get—particularly in winter! Just think, you might save as much as 10c worth of electricity a day! That should almost buy you as many indigestion tablets as you'll need!
2. Rip out all that electric wiring in your home, and go back to candle-light. It's SO romantic you'll hardly even mind the inconveniences. Since it would cost about $200 for the quarter-ton of candles you'd need to light your house each month—you won't be able to BUY candles. But with a little time and ingenuity, you can MAKE your own out of old bacon drippings—if you can get the bacon. And by the time you're through, you'll just about break even—or break down!
3. Turn off your radio during the Electric Hour—"Hour of Charm"—Of course, you'll miss the All-Girl Orchestra under the direction of Phil Spitalny, with Evelyn and her Magic Violin—but you'll actually save one-sixth of a penny every time you do! In a year you'll be almost 9c to the good—and think what all that money will buy today!

By George S. Benson, President, Harding College, Searcy, Ark.

EUROPEAN CHECK-UP

How would you like to be able to take a five-week trip to Europe to see if what you've heard is true? Mr. Ernest T. Weir, chairman of the National Steel Corporation of Pittsburg, did just that. He made informal contacts with people of all sorts. Then he had apportunity to interview outstanding men of finance and industry in each country.

Because of Mr. Weir's nationally recognized leadership, and because I consider him a far-seeing and capable observer, I want to give you some of his conclusions. In England, where he saw people dressed well enough, resturants and hotels busy, and a great theater season: "There is absolute lack of confidence in the labor-socialist government . . . The men in charge, mainly labor leaders and impractical thinkers, are considered incompetent as individuals and inefficient as a group."

People Must Work

English businessmen he interviewed think England must work out her own salvation. They said more U. S. dollars poured into England would be harmful. Our $4 billion loan to them has been wasted, they told him, and has kept England from facing problems squarely. "England's greatest need is for better government, more hard work and greater production." England needs more coal, he found, yet 60 million tons less will be mined this year.

France, excepting war-torn areas, was in about the same physical shape as England. "The most serious condition in France is the black market in money," he added. The black market offers twice as many francs for a dollar as the government allows officially. "The great problems of France are bad government, encouragement of the people to believe they can live without working, and the consequent failure of the people generally to produce."

Follow-up The Money!

Mr. Weir thinks the German people must have full liberty in the reconstruction of their country. He branded the Morgenthau plan, as applied in Germany, "one of the great crimes of history." America should stop loaning or giving money without proper planning and full investigation of the use of the money. At the same time, he believes Germany is a safe place to put funds for reconstruction, with proper plans.

The individualism of the people in England, France and the United States makes communism an unreal danger. He believes the people in these countries will never, for long, permit "the iron heel on their necks." It is his belief that a program financing foreign nations so they will not go communistic is without justification. "People who will stand for Communism will go in that direction irrespective of what we may do to the contrary."

Need for Leadership

Europe is loafing on the job of genuine recovery, he believes. "The day they roll up their sleeves and go to work, recovery will begin." Visitors find the English and French, supposedly starving, working only 40 hours a week. Mr. Weir asks: "Why don't they adopt a six-day week, which would greatly increase the production of all materials?" There are enough resources and manpower. "Given the right kind of leadership and adequate incentives . . the peoples of Europe would work harder and more productively."

Mr. Weir's phrases "right kind of leadership" and "adequate incentives" suggest the key to this entire puzzle of European difficulties. Take away the profit motive and people lack incentive to work. Then add tax oppression and all the decay of leadership that Europe has had to put up with. The result is unrest and economic Chaos. Grabbing the nearest "ism" will not bring prosperity, nor freedom of any kind, for anyone. That is the way to shackles that bind men: hands, feet, and ideals.

Industry Congress Asks $31 Billion Budget Ceiling

A series of resolutions designed to reduce inflationary pressures on prices in this country, promote industrial peace, aid disabled veterans to find jobs, and to regularize employment were adopted at the recent 52nd Annual Congress of American Industry, sponsored by the National Association of Manufacturers.

One resolution urged Congress to set a Federal budget ceiling no higher than $31 billion for the fiscal year 1949, and to begin a program for elimination of unnecessary government activities.

To help solve the housing problem, removal of all obstacles to modern production methods, whether imposed by unions, contractors, or government agencies, was urged in another resolution. Any obstacles to the use of tested new materials and new methods of construction must be overcome, it was added, to promote the building of more homes at a lower cost.

Revival of controls over wages, prices, production, or distribution in order to help foreign countries was opposed on the theory that if we abandon a free economy at home, we have no case for a free economy abroad. The Congress urged higher standards and proper salaries for teachers, and recommended more emphasis on American economic history in the schools.

Other resolutions pledged the Congress to a policy of pushing closer to the goal of industrial peace, reaffirmed the pledge to cooperate with disabled veterans seeking jobs, and called upon employers to establish employment policies that give full recognition to the dignity and importance of the individual employee.

The Congress also called upon employers to continue efforts to regularize employment and to avoid as far as possible wide fluctuations in employment and payrolls. It declared industry-wide bargaining leads to monopolistic combinations and practices by both labor and management, and tends to deprive the public of the benefits of effective competition. For that reason, it was resolved that such industry-wide bargaining should be prohibited.

RETIREMENT SYSTEM ESTABLISHED FOR TEXAS TECH COLLEGE EMPLOYES

A retirement system for employes not covered by teacher-retirement has been established this fall at Texas Technological College for the first time. The plan, authorized by the recent state legislature, extends benefits to laborers, janitors and others not previously protected.

COCHRAN OIL NOTE

Anderson-Prichard No. 1 Veal, central Cochran county venture to 5,200 feet, six miles south of Lehman, and 440 feet from south and east lines of labor 8, league 114, Potter county school land, had reached 4,833 feet in dry lime, and was making more hole.

A recently discharged Navy gunnery officer was sitting peacefully at home in front of the stove. The door of the stove blew open and flames shot out.

"Fire!" shouted his wife.

The navy man leaped to his feet, grabbed the cat, shoved it into the stove, slammed the door shuit, opened up the draft and called up the stove pipe:

"Ready two!"

Swing Of Southwest Farm Markets

Egg prices dropped, and livestock showed mixed trends last week, as other southwest farm products remained generally steady to strong, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Generally good demand and light offerings raised all grain prices. Wheat advanced about five cents to bring $3.11½ to $3.12½ per bushel in bulk carlots at Texas common points. Corn gained seven to ten cents and oats seven cents. No. 2 milo sold from $4.23 to $4.28 after a rise of ten cents a hundred.

Spot cotton markets increased activity. Harvesting made good progress and neared completion except in the high plains. Prices declined $1 to $2 a bale.

Eggs weakened further at principal southwest markets, as poultry sold steady to slightly stronger. Current receipt eggs moved mostly around 40 cents a dozen at Dallas and Denver, 45 to 47 at Fort Worth, and 48 at New Orleans. Heavy hens ranged generally from 23 to 26 cents a pound, but New Orleans paid 35 to 38.

Hogs scored net gains at Oklahoma City and Wichita, but lost ground at other southwest terminals. San Antonio reached a high point for the week of $27, Fort Worth $28, Oklahoma City and Denver $28.75, and Wichita $28.25. Most cows sold from $23.50 to $25, and stocker and feeder pigs from $15 to $23.

Cattle moved generally at strong to $1 or more higher prices the past week, although slaughter steers and yearlings sold lower at Houston, Fort Worth and Oklahoma City. Houston bought common and medium grades at $16 to $22, and Fort Worth took medium and good lots from $22 to $30. Oklahoma City paid a top of $34 for fed steers, and San Antonio set a new high of $29 on commercially fed kinds. Medium and good steers brought $25 to $29.50 at Wichita, and choice $32.50 at Denver.

LEHMAN NEWS

Mrs. J. W. Pond—Reporter

Lehman Home Demonstration Club met Wednesday, January 7, in the home of Mrs. Charlie Sanders. In the absence of the president Mrs. W. G. Freeland conducted the business session.

A demonstration on home cleaning and the removal of spots from clothing was given by Miss Mabel Ann Manley.

Refreshments of cocoa and doughnuts were served to: Mesdames F. L. Fred, W. G. Freeland, E. L. Freeland, L. W. Marlar, W. E. Prather, O. S. Taylor, J. W. Pond, Dale Pond, Mrs. Charlie Sanders and Miss Manley. Several children of members were also present.

The club will meet next with Mrs. L. C. Keith.

Mr. and Mrs. J. W. Pond and children, spent Sunday with his brother, Rev. and Mrs. L. L. Pond and family of Redwine.

Miss Wynelle Prather spent the week-end at home.

Mr. and Mrs. Fortenberry and children left Wednesday for Hobbs where they will make their home until after this term of school.

Agriculture is the largest single industry in the United States.

THREE-MINUTE SERMON

By T. L. (Jack) Bullard, Pastor
Missionary Baptist Church

"THE LAMB OF GOD"

In John 1;29—"John seeth Jesus coming to him, said; behold the Lamb of God that taketh away the sins of the world." May we think of this character seriously for just a moment. When the angels announced the birth of Christ it was announced to the humble people of the world, the Shepherds. They announced that there is born this day in the city of David a Saviour which is called Christ. Announcing the fact that there was a Saviour born implied that there was some one that needed Salvation. In studying the Bible we find that it was a fact that men were lost and that Christ came to save them. A short time after Jesus had brought Salvation to Zacchaeus this emphactic statement was made; "For the Son of man came to seek and to save that which was lost." This statement sets forth the fact that there is no one that is lost, that was excluded.

The Lamb of God, (Jesus Christ) is the one that stood as a lamb slain from before the foundation. Some today hesitate to accept blood bought salvation. That is the only type of Salvation that will stand the test. Many deny there being such because they are not in possession of it. In Eph. 1;7. Paul makes this statement; "In whom we have redemption through his blood, the forgiveness of sins, according to the riches of his grace. Christ the Lamb of God, who knew no sin, became sin for us that through him we might receive the salvation of our souls. No individual can act as his own substitute and appease the wrath of God. Christ took upon himself this responsibility and became our substitute for sin. In this He became our sin bearer. That is why Simon Peter declared: Who his own self bear our sins in his own body on the tree.

The Lamb of God did this and many other things for you and I; now what are we trying to do? Are we endeavoring to do something for the Lord or are we trying to tear down what has already been done. Why not we as individuals try to do just a little to help some one? May I give this story:

Willie Rugh, a news boy in Indiana was a cripple but he gave that crippled leg to be used in grafting skin on a Mother that was burned very seriously. His leg was taken off just below the hip and the grafting was successful but little Willie died. The anesthetic was more than his body could stand. A memorial has been erected in his honor with his last words on it. "I'm glad just to be a little help." My friend it is my responsibility and yours to try to be just a little help since the Lamb of God has done so much.

BOYCE HOUSE

'Gives You Texas'

I'll never forget when I was given an encyclopedia, a 12-volume set, absolutely free.

It was back a good many years ago when I was editor of a small town daily and felt a keen sense of my own importance as the holder of that exalted position.

One day, a well-dressed man, a few years older than I, came in and said, "I represent the world-famous Blank Encyclopedia and I want to giev you a set of these wonderful books, absolutely free."

At my look of astonishment, he continued, "In each city, we select some outstanding citizen and make him a present of a set. The only thing we ask is that you permit us to use your name as endorsing the encyclopedia,"

Well, that sounded reasonable enough, so I agreed.

"There will be a small charge, of course, for handling and shipping,' he said.

"Oh, of course," I concurred.

"And, naturally, you would want the de luxe edition in the special buckram binding?"

"Naturally."

"There is an extra charge, a very small charge, for the buckram binding," he said, "but you'll never regret your decision."

Then he continued, "Of course, the Blank Encyclopedia is up-to-the-minute now but in this changing world, today's facts may be out-of-date tomorrow. Naturally, you will want to want to receive our monthly loose-leaf service?"

"Yes, naturally," I replied, weakly.

"There will be a small service charge for that. And now," he said, briskly, "just sign here."

I did and he shook hands and took a breezy departure as well as my check for $22.85 for a set of books which I received absolutely free because I was an outsanding citizen.

Anyway, we hope we never get in the rut that Cuba is in. Down there they raise cane to make rum—and drink rum to raise cane.

SCHOLARSHIP AWARDED PROFESSOR AT TCU

The Christian Board of Publications Scholarship, valued at $500, has been awarded to Prof. W. A. Welsh, assistant professor of New Testament at Brite College of the Bible, TCU, now on leave of absence for graduate study toward the Ph. D. degree at Union Theological Seminary. He received his B. D. from TCU in 1941.

FORD Bonus* Built TRUCKS

Built Stronger to Last Longer!

More Than 139 Models!

NEW All Through!

Bonus* Built — THE AMAZING RESULT OF AN ENGINEERING PRINCIPLE THAT ASSURES WIDER USE, LONGER LIFE . . . and ONLY Ford Trucks Have It!

EVERY single one of the great new Ford Trucks for '48 is Bonus Built . . . designed and built with *extra strength* in every vital part! But that's only *part* of this vital truck engineering principle . . .

This *extra strength* provides WORK RESERVES that pay off for truck operators in two important ways:

● FIRST, these WORK RESERVES give Ford Trucks a *greater range of use* by permitting them to handle loads beyond the normal call of duty. Ford Trucks are not limited to doing one single, specific job!

● SECOND, those same WORK RESERVES permit Ford Trucks to relax on the job . . . to do their jobs easier, with less strain and less wear. Thus, Ford Trucks last longer because they work *easier!*

Only the New Ford Bonus Built Trucks Give You All These Big Advancements!

NEW! *3 New Engines . . . up to 145 h.p.!* Brand new Six . . . 2 brand new V-8's! Packed with advancements that give you real performance! Proved Ford reliability and thrift!

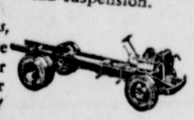

NEW! *2 New Big Jobs . . . Biggest Ford Trucks in history!* Gross vehicle weight rating up to 21,500 pounds! 145 h.p. engine! 5-speed transmission! They're rugged; they're something!

NEW! *Million Dollar Cab . . . Living Room Comfort!* New coach-type seat. More headroom, legroom, elbowroom! Picture-window visibility. New exclusive Level Action cab suspension.

NEW! *New frames, axles, brakes, steering!* Built stronger to give your Ford Trucks even longer life! These new Ford Trucks for '48 are really *new all through!*

ONLY FORD TRUCKS ARE BONUS BUILT FOR WIDER USE, LONGER LIFE!

Yes, Ford Trucks for '48 are Bonus Built . . . built stronger to last longer! That's why they give their owners wider use and longer life! That's why life insurance experts can certify proof that Ford Trucks last up to 19.6% longer. That's why the record shows there are more Ford Trucks in use today than any other make. Let us show you the revolutionary new Ford Bonus Built Trucks today!

Corder-House Wedding Rites Read January 10

Miss Maudetha Corder, daughter of Mr. and Mrs. N. H. Corder, and Wilburn House, son of Mr. and Mrs. L. W. House were married Saturday evening, January 10, at seven o'clock, in the First Missionary Baptist Church parsonage. Rev. T. L. Bullard officiated.

Miss Billy House, sister of the groom, attended the bride as maid. Her frock was of navy blue crepe, she wore a shoulder corsage of carnations.

Lavern Corder, brother of the bride, attended Mr. House.

The bride chose for her wedding a gold trimmed, aqua, street length frock. Her bridal corsage was a shoulder arrangement of white carnations. For something old she carried a silk, lace trimmed handkerchief sent to her mother as a souvenir from Germany in 1918. Her earrings were something blue and for something borrowed she wore a watch. As good luck pieces she wore a penny and a dime in her slippers.

The young couple are at home here.

Mr. and Mrs. Plesant Seaney of Richmond, Indiana visited over the week-end in the Elma Seaney home. They were enroute to California where they expect to spend the winter.

1936 Study Club Meet Held Jan. 7 In Gipson Home

The 1936 Study Club met Wednesday, January 7, in the home of the president, Mrs. Joe Gipson, who presided during the business session. The club litany was read by Mrs. R. C. Strickland.

The club authorized Mrs. Mary Gowdy to buy children's books for the public library in the amount of $15.00. The library is one of the projects of the Study Club. Mrs. R. C. Ross gave a report from the current Federation News.

A delightful refreshment plate was served by Mrs. Gipson to the following members: Mesdames Jess Burns, C. M. Cravy, Truman Doss, Mary Gowdy, L. F. Hargrove, Pat Hatcher, J. B. Knox, M. C. Ledbetter, R. C. Strickland, Albert Morrow, F. F. Roberts, R. C. Ross, James St. Clair, H. S. Hawkins, J. D. Hawthorne and Elizabeth Greer.

SHERIFF HANCOCK AND ROGER HARVEY MAKE TRIP TO SOCORRO, N. M.

Mac W. Hancock and Roger Harvey, teacher at Whiteface, made a trip to Socorro, New Mexico last Saturday.

A car recently stolen from Harvey was found completely wrecked near Socorro. The thief abandoned the car after wrecking it, no trace of him has been found.

--annegrams — by ann england —

A certain response comes from writing this column, and it is gratifying, of course. And now and then something comes up which wallops us between the eyes and makes us sit back and reflect. Letters received recently from interested banking firms and wholesale manufacturers wanting to know bank conditions and prospects of new businesses here have provided some of the wallops.

●

This implies a compliment that we don't underestimate. We are humbled by it, and find that we have swallowed something that wasn't there to swallow. But aside from the compliment, the situation is embarrassing. We feel our position with respect to this column is to be informative, instructive, sometimes reliable, and, if the wind is right, amusing.

●

But we haven't anticipated competing with the local Chamber of Commerce, nor do we think we would have played into it if we had.

●

Last week we were thrilled to get a letter from Olin E. Hinkle of Texas University Journalism school, asking for data and copies of columns. The spouse took us down a notch by telling us that it was only a form letter and all papers received them. Nevertheless we hunted around for old copies of the Tribune to send Mr. Hinkle. Have to admit tho that upon rereading the things we concluded they were pretty silly.

●

Oh, well O. E. H. can use them as a demonstration of how not to write a column. They say it's an ill wind that blows nobody good.

●

Then to cap it all off the January issue of Panhandle Publisher had this to say, "Mrs. Ann England has a column in the Morton Tribune, which she calls, "annegrams" with a small "a".

●

"The column has been highly praised by veteran newspapermen throughout the Southwest for the chatty manner in which the writer appeals to the reader."

●

Well thanks a million to whoever the Southwestern newspaper men are who say such nice things—thanks to the editor of Panhandle Publisher for printing it. And we do hope we got all the quotes in the right place as the spouse takes our mistakes as a personal affront to his ability as an instructor.

●

We will say that these lovely compliments, so deeply appreciated, make us work terribly hard in an attempt to justify them.

●

Rev. D. C. Dove, who has made his home with his son, Dr. W. S. Dove and family, since the death of his wife in December, needs frequent blood transfusions. Mrs. W. S. Dove, a universal donor has given her father-in-law several transfusions and we understand members of the Missionary Baptist Church have offered to give transfusions. J. S. Crockett was among the volunteers.

●

Rev. Dove isn't acutely ill and is up and around most of the time but the blood transfusions give him an added lift. We might add for the benefit of those who haven't met the reverand that he is most gentlemanly gentleman, and we are quite fond of him.

●

Monday night at the Chamber of Commerce meeting the phenomenal growth of Morton and Cochran County was discussed at some length and those able gentlemen, all outstanding businessmen of the community, agreed that something must be done to provide suitable living quarters, adequate telephone and postal service in order to induce the potential new citizens to make their home in this community.

●

We believe that all present at the meeting agreed that the profit from rent was not the chief consideration but that more profits would come from increased business if housing is provided for the large number of new families who do wish to locate here.

●

In meeting with groups on various and sundry occasions we have felt that some speak reluctantly in our presence. Individually any number of the same persons have told us confidential matters of great importance and as far as we know we have never betrayed any of those confidences.

●

We have our business here, property in the county, and obviously we are just as interested in the growth and welfare of this entire area as the next one. We certainly realize that anything beneficial to the community will also benefit us.

●

After living in one house several years, Minnie (Mrs. L. P. Childs) is moving to an apartment. There isn't any harder job (we moved 26 times during the war) and the worst part is trying to decide what to store and what to take along. No matter what one decides tho the thing he stories is the thing he will find that he needs the most.

●

Understand the F. F. Roberts are also moving to an apartment They sold their pretty home to the J. D. Hawthornes.

●

Mr. and Mrs. Pat Hatcher are moving back into their home that has been occupied by the Hawthornes. Mr. and Mrs. Hatcher and their son moved to Henrietta several months ago.

●

Bud and Bertha Nairn and their son, Butch, have moved into their new home in the Evans addition.

●

Henry Bedwell is building a large house for his family. Plans have been drawn and lot staked for a new home for the Jiggs Bakers. The Bedwell place is in the Evans addition, while Baker is building in the Strickland (southwest of town) addition.

●

Mrs. Leonard Miller of Hanford, California, wrote us a most charming letter along with a renewal to the Tribune. The Millers formerly lived in the Neely-Ward community. Mr. M. built the school house out there. She said, "We have seen the wide open spaces out there grow into nice farms and lovely homes so we may be termed old timers."

●

Mrs. Miller writes that she was correspondent from Neely-Ward for Morton's first paper the Morton Monitor, published by Paul Thacker and also for the Cochran County News.

●

Mrs. M. continued, "I especially like Bro. Bullard's sermon, as it were, and we think he is a fine Christian man, trying to live like he preaches and teaches."

●

Chief topic of conversation these days is the income tax, and again we hear talk of simplifing the report, it is already pretty simple for us, as all we do is write down our income, deduct our expenses, and send in the balance.

●

PAY YOUR POLL TAX.

BLOOD DONOR

Bob Lucas, Superintendent of Sunday Schools at the Missionary Baptist Church, was donor for a pint of blood for Rev. D. C. Dove, Tuesday. Mr. J. S. Crockett, owner of the City Cafe, gave blood for a transfusion to Rev. Dove on Wednesday, January 14.

A doctor told our neighbor recently that he would have to watch his stomach. He should have little trouble.

New Officers For Wesleyan Guild Installed Monday

Mrs. J. W. Alford was hostess to the Wesleyan Guild on Monday night, January 12.

Mrs. L. W. Ray, immediate past president, opened the meeting and introduced the new president, Mrs. J. D. Hawthorne and vice-president, Mrs. Gayle Bishop.

An impressive installation and pledge service was conducted by the installing officer.

Concluding the business session names were drawn for the Guild Apron with Roy Hickman's name being the winner.

Guild members presented the out-going president with a cameo pin. Eleven members and one visitor present.

TREVA THOMPSON TO GONZALES, TEXAS

Mrs. Glenn W. Thompson took her daughter, Treva, to the polio center at Gonzales, Texas, last week-end.

Treva will remain in the hospital indefinitely.

BOB ROLLEN, assistant field director of the American Red Cross visited here last week.

FARM EQUIPMENT IS ABSOLUTELY ESSENTIAL in the Battle for Food!

And if it isn't kept going, America will not be able to produce enough food to help a starving world recover.

produce, furnish, distribute and sell water for all domestic and commercial purposes within the City of Whiteface, as it is now established and within all territorial additions thereto as may be hereinafter made for a period of forty (40) years from date of the passage and publication of this ordinance, is hereby granted to J. J. Kerby of Hockley County, Texas, his successors and assigns, hereinafter designated as Grantee, subject, however, to all the provisions of this ordinance hereinafter stated.

SECTION II:

That to this end and for the purposes of and on the condition, as set out in this ordinance, the said Grantee is hereby authorized and empowered to establish, construct, maintain and operate within the City of Whiteface, Texas, wells, pumps, storage tanks, a system of mains, pipes, stations, and other necessary appliances for the production, furnishing, distribution and selling of water; and the use of the streets, alleys, sidewalks and public grounds of the City of Whiteface for a period of forty (40) years from the date of passage and publication of this ordinance, is hereby granted him, his successors and assigns, for the construction and maintenance of mains, pipes, stations and other appliances necessary for the distribution of said water and for the excavation necessary to the laying of said mains and pipes. In this connection, no public property shall be used for the site for production of such water.

SECTION III:

That the laying of pipes and mains within the City of Whiteface shall be to such depth as is reasonably prudent for the uninterrupted use of the surface of the land thereafter upon re-fill for streets, alleys, sidewalks or public grounds as the case may be, and Grantee herein agrees to refill and repair all such streets, alleys, sidewalks and public grounds to adequate usable condition upon completion of the laying of the pipes and mains. In this connection, the Grantee herein agrees to save the City of Whiteface harmless from all damages of every kind growing out of the installation, construction and maintenance of such mains, pipes and stations occasioned by the operation of the work or the condition of the surface of the ground at and around such excavations and trenches; and the Grantee herein agrees to protect and save harmless the City of Whiteface from damages that may arise from the negligence of the Grantee, his agents, servants and the agents or servants of his successors and assigns in the operation and maintenance of said water system.

SECTION IV:

Grantee agrees to adopt and use all appropriate devices and safe-guards which may, from time to time, be designated or invented for the protection of the public against injury growing out of the operation and maintenance of the water system and to put and keep in good order its mains, pipes, stations and other apparatus used in the city for the distribution of water.

SECTION V:

That in the operation of the water system, the Grantee:

(a) Will furnish water to the property line of consumers within the City of Whiteface as the needs require, except the said Grantee shall not be required to lay lines unless the expense thereof is warranted by the number of consumers, or be required to lay not more than 150 feet of any extension for one bona fide water consumer who has agreed in writing to take and use water and has previously made necessary cash deposit required by the rules and regulations of Grantee. Delays in making water connections due to non-availability of essential materials shall not operate as a default in this franchise.

(b) May require from each and every customer of water, before service is connected, a deposit of a reasonable amount, calculated substantially as double the estimated average monthly bill; and such deposit may be retained by the said Grantee until service is disconnected and all bills therefor have been fully paid, at which time the deposit aforesaid shall be returned to the customer with six per cent interest thereon for any period of time in excess of six months. Deposits shall not bear interest on a period of six months or less. Such deposits may be applied by the Grantee on any indebtedness owing by the customer and disconnections may be made upon default in the payment of the accounts of the customers as they mature, under such reasonable rules as may be promulgated by Grantee.

(c) Will furnish water thru fire hydrants to the City of Whiteface for fire protection at the sum of $2.50 per fire hydrant per month. The installation of such fire hydrants shall be at the expense of grantee.

(d) Will apply the following rate schedule for customers of Grantee: Minimum charge of $2.50 for the first 2000 gallons of water furnished during any one month. A charge of $1.00 per thousand for each thousand gallons during any one month in excess of 2,000 gallons up to 10,000 gallons. A charge of 90c per thousand gallons for each 1,000 gallons from 10,000 to 20,000 gallons, and a charge of 80c per thousand for all amounts in excess of 20,000 gallons. Reasonable penalties may be assessed by the grantee for late payment of accounts under such rules as may be promulgated by Grantee.

SECTION VI:

That after the passage, approval and publications of this ordinance and the acceptance thereof by Grantee herein, which acceptance shall be indicated in writing to the City of Whiteface, and after commencing operation hereunder, the said Grantee, his successors or assigns, should then fail to comply substantially with any of the provisions hereof, the City of Whiteface shall have the right, by ordinance duly passed therefor, to forfeit all the rights in the franchise herein granted to said Grantee, his successors and assigns; provided, that the said City of Whiteface shall give to said Grantee, or to whomever then is holding said franchise under the Grantee, ninety days notice in writing, specifying the condition claimed to have been violated and giving a full and fair opportunity to be heard thereon, before passing on such specific violations and finally declaring such forfeiture; the notice shall fully set out all of such specifications and shall be signed by the Mayor and Council of the City; provided further that the said Grantee, his successors or assigns, shall have ninety days after receiving such notice in which to rectify and correct such violation or to make substantial commencement upon such correction, and to substantially comply and commence compliance with the terms and conditions of this ordinance; should the violations of this ordinance so specified have been corrected and rectified and the terms and conditions of this ordinance satisfactorily complied with, or compliance therewith having been substantially commenced and in continuous progress at the end of such ninety day period, then in such event, the city shall have no power to forfeit this franchise on account of the violations specified in the said notice; however, should the said specific violations be not rectified or corrected or substantial commencement thereof having begun, at the end of ninety days, then the Council of the City of Whiteface may proceed to pass thereon and determine from the testimony, the truth or falsity of such specifications and make such declarations thereon as the facts may justify under this section of the ordinance, including the power to cancel by ordinance.

SECTION VII:

That the Grantee herein shall have the power by contract to lay installations within the property line of any customer upon such terms as he deems appropriate, but that he is not otherwise obligated to make connections except at the private property line.

SECTION VIII:

That the Grantee herein, his successors and assigns, shall have the right to make any and all reasonable regulations for the conduct of the water system and to contract with any consumer at the installation of service pipes.

SECTION IX:

That the right of assignment of this franchise and of all the rights, privileges and powers herein granted, shall inure to Grantee herein, and this franchise shall run unto him, his heirs, legal representatives, successors and assigns.

SECTION X:

That this ordinance shall take effect and be in force from and after its passage, approval and publication. Acceptance hereof shall be had in writing to the City of Whiteface, and thereafter the same shall be fully binding between the parties.

Passed and approved this 9th day of January, 1948.

H. J. KNOX, City Secretary.

A. M. WALKER, Mayor

(re-election—second term)

COUNTY COMMISSIONER PRECINCT NO. 4:
C. G. SHAW (re-election)

CARD OF THANKS

We wish to acknowledge with sincere appreciation the many kindnesses shown us by our friends and neighbors, the beautiful floral offering, meals prepared and the words of consolation offered us at the death of our baby son, Gerry.
Sincerely,
Mr. and Mrs. T. A. Thomas and family; Mr. and Mrs. Gayle Pugh and Kathy.

To make ripe olives shiny and bright, roll them in a few drops of olive oil or salad oil and cover until ready to use.

IN APPRECIATION

We are indeed thankful to the many for the unlimited aid, deeds of kindness, words of sympathy and the many beautiful flowers received during the recent loss of our darling baby, Gary Reed. We pray God's richest blessings for you all.
Mr. and Mrs. Hayden McCulloch and Stephen; Mr. and Mrs. Willie McCulloch; Mrs. John Lahman; Mr. and Mrs. Duane Norman; Reed A. Bond; Mr. and Mrs. Mark McCulloch.
