R. L. HENRY IS VICTIM OF SHOOTING

DEATH HELD ACCIDENT BY PHYSICIAN; GUN IS FOUND NEARBY

(By The Associated Press)

HOUSTON, July 9. — Former Congressman R. L. Henry, 67, died today of a bullet wound in the head. He was found wounded this morning and a pistol was found nearby, in his home.

Mr. Henry, who campaigned unsuccessfully in the last senatorial election for the Democratic nomination to the United States senate, for many years was congressman from the eleventh district which includes Waco.

Pistol Is Found

A pistol with one bullet discharged was found on the floor beside the wounded lawyer.

Dr. M. L. Graves, the family physician, said the shooting was accidental.

The bullet entered the right temple and ranged upward in the head.

Mr. Henry was defeated several years ago for re-election to congress by Tom Connally of Marlin, who now is the junior United States senator from Texas.

In Smith Campaign

Henry took an active part in the Alfred E. Smith campaign in Texas in 1928. His unsuccessful senatorial campaign was based largely upon the contention that a change was needed in the national prohibition laws.

Mr. Henry was graduated from Southwestern university at Georgetown, Texas, in 1885. He went, then, to the University of Texas, from which he took the degree of bachelor of laws. He returned to his former home, Texarkana, and began the practice of law. He served as mayor of that city for one term.

He was appointed an assistant attorney general under the late former Governor Culberson and later ran for the office of attorney general, but was defeated.

He removed to Waco and in 1896 was elected congressman from the 11th district.

FIRMS LOOTED LAST NIGHT

SEVEN BURGLARIES IN LUBBOCK REPORTED THIS MONTH

Two more break-ins were reported by Lubbock police this morning, increasing the number of burglaries reported here this month to seven.

The Auto confectionery at 1219 Main street was found open at 3:30 o'clock this morning. Between $10 and $15 had been taken from the cash register, which police recovered at an adjoining address and brought to police headquarters.

Station Looted

Loot from the Matador service station at 1601 College avenue consisted of 16 headlight bulbs, three boxes of tire patches, two small tire boots, a large tire boot, and six boxes of valve cores, police reported.

Theft of a battery from Cicero Smith's residence at 1921 Twenty-sixth street was reported.

Depositions of several persons were taken by police yesterday in connection with Monday night's robbery of Logan filling station at Texas avenue and Thirteenth street, following the arrest of a suspect early yesterday morning.

Police said they believed a key was used to enter the building. A total of $23.17 was stolen from a cash register, which had been looted of $26.08 four nights before.

Rudy Vallee Weds "His Ideal Girl"

NEW YORK, July 9 (AP)—Rudy Vallee, who crooned himself to fame and fortune with a collegiate jam band and a megaphone, has found his ideal girl.

The marriage of the 29-year old Yale graduate and radio idol to Miss Fay Webb, screen actress and daughter of the Santa Monica, Cal., chief of police, is announced. The ceremony was performed by Police Recorder Herbert Lighthipe of West Orange, N. J., on Monday night.

Grain Sorghums Are Assured By Showers

SAN ANGELO, July 9 (AP)—Grain sorghum crops were assured and grass given a new lease on life by rains that covered this section last night.

The heaviest rainfall to the north was 2 1-2 inches at Maryneal and to the west 1 1-2 inches at Barnhart. One inch fell here. Showers continued at many points this morning.

FASCIST BREACH WIDENS

BANK ROBBERY PLAN FRUSTRATED BY TIP

ONE IS WOUNDED AND ANOTHER ESCAPES AT SARATOGA

(By The Associated Press)

BEAUMONT, July 9.—Acting on a tip that an attempt was to be made to rob the Saratoga State bank, at Saratoga, Sheriff G. C. Gardner, of Hardin county, lay in wait for three hours last night until two men broke into the bank through a rear window.

The men were in the bank but a short time when they suddenly emerged. Sheriff Gardner met them with an order to halt, but they chose to flee.

One Is Wounded

Opening fire with his shotgun, Sheriff Gardner seriously wounded one of the men. The other escaped.

The wounded man gave his name as O. L. Penn at a Beaumont hospital. A charge of buckshot took effect in his body. He at first claimed Pearsall as his home, but later told officers he lived at Mullen. Physicians said his wounds might prove fatal.

Officers said they had learned the name of the second man and hoped to apprehend him today. He was said to live at Port Arthur.

Tools Found

Inside the bank, in front of the vault, officers found a kit of burglars tools packed in a money bag bearing the label of the First National bank of Beaumont.

Sheriff Gardner believed the men made a preliminary survey of the bank and were leaving to inform accomplices of the situation when he halted them.

An officer of the bank furnished the information that an attempt might be made to rob the bank, Sheriff Gardner said. The bank employes asked that a watch be kept, but declined to reveal the source of his tip.

Sheriff Gardner made a bed in a patch of weeds near the building about 11 o'clock last night and remained there until 2 o'clock, when the men appeared.

HEART BALM SUIT IN JURY'S HANDS

ABILENE, July 9. (AP)—The $50,000 breach of promise case of Margaret A. Roberts against Louis Keel went to the jury this morning at 10 o'clock after a trial lasting ten days.

Midland Woman Is Held For Slaying

MIDLAND, July 9. (AP)—Culminating a week's investigation into the fatal shooting of Mrs. Lillie May Buckelew, 25-year old divorcee, officers today had arrested Mrs. Jack Mayfield, of Midland, and charged her with murder for the slaying.

Mrs. Buckelew was shot at the home of her parents on the night of June 26 while dressing to go to a dance. A charge of shot from a shotgun ripped through a screen door from the darkness outside and struck her in the side. She was instantly killed.

Officers said the case has been extremely baffling due to there apparently having been no witness as to the shooting.

SCHEDULED ELECTROCUTION OF TWO MEXICANS TONIGHT IS HALTED BY REPRIEVE OF GOVERNOR STERLING

(By The Associated Press)

AUSTIN, July 8—Governor Ross S. Sterling said today he would grant a reprieve to Nicandro Munoz and Victor Rodriguez, whose electrocution had been set for tonight. The governor said the reprieve would extend until the court of criminal appeals had time to act on the case, probably until late in October or November.

The governor said he understood the two Mexicans had applied for a writ of habeas corpus on the grounds they were not represented in their trial by a licensed attorney. Judge Hood Boone of Brownsville denied the petition for their release, the governor was informed. The court of criminal appeals is on vacation and will not be back until October 1. The governor said he talked to W. C. Morrow, presiding judge, over long distance telephone last night and Morrow said the appellate court would consider the case when it reconvened. Consideration at this time was impossible because of the vacation.

The two Mexicans were alleged to have ambushed and killed Bert Ellison, customs officer, near Weslaco last August.

The men were originally scheduled to be electrocuted three weeks ago, but Governor Sterling granted them a stay when he heard their lawyer did not have a license. The Mexican consul general at San Antonio applied for that stay.

FLIERS' WIVES RESUME HOP

MRS. POST AND MRS. GATTY UNINJURED IN CRACKUP

(By The Associated Press)

COLUMBUS, Ohio, July 9.—Undeterred by an accident in landing here late yesterday, Mrs. Wiley Post and Mrs. Harold Gatty, wives of the round-the-world fliers, hopped off for Chickasha, Okla., this morning.

The women escaped serious injury last night when their plane ground-looped and was badly damaged. A sister ship of the "Winnie Mae," the round the world plane, took the women westward. It was rushed here last night from Indianapolis.

As the women took off their husbands were superintending the refueling and warming up of the Winnie Mae, which will make the Oklahoma hop without a stop.

Post and Gatty, seeing their wives safely in the air, climbed into their own ship and took off for Post's home town at 9:19 a. m.

The fliers, accompanied by their backer, F. C. Hall, Oklahoma oil man, got away without difficulty.

The start of their last lap was held up for a time while the aviators replaced a door handle on the Winnie Mae. The handle disappeared during the night, probably taken by some souvenir hunter.

Youths Sentenced In Federal Court

PRESCOTT, Ariz., July 9. —(AP)— Joe Brush and Joe Devers, 15 year old boys of San Antonio, were sentenced in federal court Wednesday to serve four years each in an Idaho industrial school on charges growing out of their attempt to transport an automobile from San Antonio to the Pacific coast. The youths were arrested at Kingman, Ariz., in late June.

AMERICA WILL ATTEND MEET

LEAGUE OF NATIONS INVITATION IS TO BE ACCEPTED

(By The Associated Press)

WASHINGTON, July 9.—The American government will accept within the next few days the invitation of the League of Nations to participate in the world disarmament conference in Geneva next February.

Acting Secretary Castle of the state department made the announcement of the government's plans late yesterday when the invitation was received. The acceptance will be wholehearted, the administration, urged by President Hoover, being strongly in favor of reducing armaments to relieve economic stress.

Adherence Reaffirmed

The announcement came shortly after the Hoover administration reaffirmed its adherence to the integrity of the inter-allied war debt agreements. President Hoover's plan for a year's moratorium on intergovernmental payments was definitely described by Castle as contemplating no revision of the war debt agreements.

Later Undersecretary Castle described intergovernmental debts as only one of the deterrents to renewed prosperity and declared "unproductive expenditures on armaments" even more important.

Speaking over a national broadcasting system, the undersecretary forecast the moratorium would bring about general economic recovery and expressed hope that this would lead to success next year at the Geneva disarmament parley.

HURLEY TO SAIL

WASHINGTON, July 9. (AP)—Secretary Hurley announced today he would sail from Seattle Wash., August 8 for the Philippine Islands.

MUSSOLINI AT ODDS WITH VATICAN

BAN MEMBERSHIP IN CATHOLIC ACTION ORGANIZATIONS

(By The Associated Press)

ROME, July 9. —Premier Mussolini himself today placed a ban on Fascist membership in the Catholic action organizations, thereby raising the question of virtual abrogation of the concordat with the Vatican.

As the "Duce" or chief of the Fascist party, he prohibited any of his followers from belonging to the several societies comprised in Catholic action, branches of which were dissolved by the government May 30.

The Vatican is now faced with the problem of whether the Fascist party action is equivalent to a government action and if so whether the ban on membership constitutes revocation of authority for such bodies to exist which is an essential part of the concordat.

Further the pope has always maintained that the concordat and Lateran treaty must stand or fall together, and if the concordat lapses then the Lateran treaty must lapse.

U. S. Sailor Killed In Auto Accident

TUCUMCARI, N. M., July 9 (AP) —O. I. Kidder, 30, sailor on the U. S. S. Saratoga, was killed when his car overturned on U. S. 66 Highway, 15 miles east of here last night.

Kidder, who was on a 40-day furlough, was en route to Galesburg, Ill., to visit his mother, according to H. L. Blalock, also of the Saratoga, who was traveling with Kidder. Blalock was uninjured.

FARM BOARD TO OUTLINE POLICY

WASHINGTON, July 9 (AP)—The farm board may issue a statement before July 31 outlining a definite policy for handling stabilization supplies of cotton during the coming crop season.

Carl Williams, cotton member of the board, said today three southern cotton exchanges, Savannah, Little Rock and Memphis have requested a new statement of policy to relieve market uncertainty. He said their appeals were under consideration. Williams added he thought it would be in the best interests of farmers, mills and brokers to outline a definite policy as was done in the case of wheat holdings.

Williams estimated the world carry-over of American cotton on August 1 would be 8,750,000 bales, an increase of approximately 2,000,000 bales over last year.

Chinese Consulate Attacked By Mobs

PEIPING, China, July 9 (AP)—The Chinese consulate at Seoul, Korea, was reported attacked today by a Korean mob which inflicted injuries on at least 500 Chinese who had taken refuge on the consular premises.

Chang Wei Cheng, Chinese consul general at Seoul, was reported to have fled to the palace of the Korean government. These reports were unconfirmed, but were contained in Chinese dispatches from Korea.

Houston Editor Is Seriously Injured

HOUSTON, July 9. (AP)—Dudley Davis, young managing editor of the Houston Press, who was injured, perhaps fatally, late yesterday in an automobile mishap, remained in a critical condition today. Physicians said he could not live.

Witnesses said the accident occurred when Davis swerved his machine to avoid a collision with a truck. His car collided with a bus.

SUSPENSION OF FALL'S TERM IS SOUGHT

PHYSICAL CONDITION CITED IN MOTION OF ATTORNEY

(By The Associated Press)

WASHINGTON, July 9. —Frank Hogan, attorney for Albert B. Fall, moved in the District of Columbia supreme court today that Fall"s jail sentence of one year be suspended because of his physical condition.

Just previously, Atlee Pomerene, special prosecutor in the oil lease cases, had asked Justice Bailey to hand down the mandate for execution of the sentence on the former secretary of the interior.

Illness Reviewed

Hogan reviewed the illness which Fall had during the criminal, trial growing out of the oil leases and also presented affidavits by three physicians who had examined a recent report on Fall's physical condition by army surgeons in Texas.

The physicians were Dr. Frank Leech, Dr. Thomas J. Clayton and Dr. W. D. Tewksbury, all of Washington.

The report by the army physicians said Fall was suffering from hardening of the arteries and heart trouble, as well as arthritis, chronic tuberculosis and chronic pleurisy. The affidavits of the Washington physicians agreed that on the basis of the report by army surgeons, imprisonment would endanger Fall's life.

Government counsel had announced previously that they felt after an examination of the report by the army physicians that Fall was able to come to Washington to begin his sentence.

GIBSON HEADS EXPERTS

ENVOY TO BELGIUM TO REPRESENT U. S. AT LONDON SESSION

(By The Associated Press)

WASHINGTON, July 9.— President Hoover today designated Hugh S. Gibson, American ambassador to Belgium, as American representative on the experts committee which will work out details of the intergovernmental debt moratorium.

Acting Secretary Castle of the state department in announcing the designation said the ambassador would serve as an observer.

Livesey To Assist

Frederick Livesey, reparations expert of the state department, will be sent to London to assist Gibson.

Castle expressed the opinion a satisfactory arrangement would be found for the suspension of German's conditional reparations payments due July 15 so that nation would not be considered technically in default of its debts.

The acting secretary said he had made it clear in his discussions with diplomatic representatives of the other nations that the United States considered President Hoover's one year moratorium plan morally in force and that Germany would not be required to make July 15 payments.

New Record Is Set By Wheat Movement

AMARILLO, July 9. (AP)—For the second time in successive days, the Santa Fe railway Wednesday set a new record for wheat loading when 2,416 cars were filled on the 5,000 miles of the western lines.

The old record of 1,621 cars, set in July, 1929, was broken Tuesday with 2,172 cars.

Although the demand for cars is the heaviest railways serving the Panhandle have ever experienced, officials said today they did not anticipate a shortage unless there is congestion at unloading terminals. Empty cars are being rushed to this territory from as far away as Pittsburgh.

EDUCATORS' HEAD

Florence M. Hale, rural educator, of Augusta, Me., has been elected president of the National Educational association. She plans to name a committee soon to call upon President Hoover to urge a national conference on education for the promotion of rural culture in America.

TEXAS SOLONS TO TACKLE PROBLEMS

SPECIAL SESSION IS CALLED TO ACT IN OIL SITUATION

(By The Associated Press)

AUSTIN, July 9—The capital today prepared for return of the Texas legislators who will be back Tuesday to try their hand at solving the troublesome oil problem.

Governor Ross S. Sterling yesterday issued a call for a special session. It can last 30-days, and probably will, though the law makers are empowered to adjourn as soon as they finish their work.

If 's Necessary

Breakdown in enforcement of the railroad commission's oil proration orders was claimed as necessitating the session. The commission did not have the legal authority to make its pronouncements effective in the giant new East Texas field.

The commission's orders limiting production were freely violated for many weeks. Production in East Texas reached almost 400,000 barrels daily and the unchecked flow there was blamed by many oil men for the collapse of the oil price structure. Oil, which once sold for $2 and $3 a barrel, dropped to ten and 15 cents.

Seek Stronger Laws

The governor will ask the legislature to enact laws strengthening the power of the oil regulatory commission. He also planned to ask for a new commission to deal with the subject and to handle the conservation of soil and water as well as of oil and gas. He had said the railroad commission had too many other duties.

Governor Sterling mentioned no subject other than conservation of natural resources in his call. However, it was considered certain he would submit congressional redistricting.

Texas is permitted three additional congressmen under the recent reapportionment but the legislature at its regular session was unable to agree on what sections of the State would receive them.

Very few general subjects and only "absolutely necessary" local bills will be submitted, the chief executive said.

MAN FOUND DEAD

MARSHALL, July 9. (AP)—James F. Cloud, T. & P. railroad gate watchman, was found dead in the woods near his home today. He had been missing since yesterday morning. The coroner returned a verdict death was from heart disease.

TEXAS AIRMEN ARE UNABLE TO REFUEL

MONOPLANE FT. WORTH LANDS AT SOLOMON TO END FLIGHT

(By The Associated Press)

SOLOMON, Alaska, July 9.—The projected Seattle-Tokyo flight of Reg. L. Robbins and Harold S. Jones, Texas aviators, ended here at 3:50 a. m. (8:50 a. m. C. S. T.) when unfavorable weather forced the plane down, unable to make a final refueling contact for the long dash.

Bumpy weather made it impossible for the two ships to establish contact long enough to transfer enough gasoline to the tanks of the monoplane "Ft. Worth" the fliers said. The refueling ship landed soon after the Fort Worth came down.

(By The Associated Press)

NOME, Alaska, July 9—Flying through the worst weather they have thus far experienced on their 5,500-mile non-stop refueling flight attempt from Seattle to Tokyo, Reg. L. Robbins and Harold S. Jones passed over Nome from Fairbanks early today, took on fuel and proceed on into a cloud bank over the Bering sea.

The Fort Worth was refueled over Solomon, before the contact here was made and Pilot Jimmie Mattern of the trimotored mother ship landed here to load for another contact over the Bering sea or Siberia.

Two Contacts Made

Two refueling contacts were made between Solomon and Fairbanks as the planes were slowed by poor visibility and clouds pressed the ceiling low.

Although clouds were hanging almost to the wave tips as the Fort Worth headed westward, the weather was improving.

The trans Pacific plane and its refueler appeared over Nome at

NO ARMAMENTS FOR GERMANY

SAVINGS REALIZED IN MORATORIUM TO AID ECONOMIC LIFE

(By The Associated Press)

PARIS, July 9. —France had Germany's pledge today that the savings realized from the Hoover moratorium would not be utilized to build armaments.

Ambassador Von Hoesch handed to Premier Laval the text of Chancellor Bruening's recent statement to the United States to the effect that Germany would use the benefits of the holiday to reconstruct her economic life.

The premier issued a communique saying Germany had acted on her own initiative in the matter and had "expressed her happiness over the conclusion of the Franco-American agreement."

Preparations for the visit of Secretary of State Stimson on July 15 are under way. Arrangements have been made for a luncheon at the foreign office to be attended by members of the cabinet and a dinner at the American embassy.

Armament is expected to be the chief topic of conversation between Mr. Stimson and officialdom.

The cabinet will meet tomorrow to select the French delegates to the meeting of fiscal experts on the moratorium in London on July 17.

Stimson Talks With Dino Grandi Today

ROME, July 9 (AP)—Colonel Henry L. Stimson, American secretary of state, had a long talk this morning with Dino Grandi, Italian foreign minister, the first of numerous statesmen whom he will meet while he is in Europe.

There was no official statement regarding the conference, but their talk, it was revealed, touched on the Hoover moratorium and probably included discussion of new proposals which France is understood to have made regarding a naval accord with Italy.

Notre Dame Coach Has Appendicitis

ROCHESTER, Minn., July 9 (AP)—Appendicitis has been added to the troubles of Heartley "Hunk" Anderson, senior football coach at Notre Dame.

Recovering from meningitis, Anderson was stricken with acute appendicitis and was operated upon late yesterday. He was reported to be resting comfortably early today.

Little Time Remains For High School Boys To Enter Contest

ENTRIES MUST BE IN MAILS BY MIDNIGHT FRIDAY, JULY 10

South Plains high school boys have just one more day to fill in the entry blank for the National Intelligence Test, being conducted throughout the country by the Central Press Association and on the South Plains by the Avalanche-Journal. For the examination in which the common sense and quick wittedness of six boys will win for them a two months' cruise to the Mediterranean and a tour of Italy, will be held at Texas Technological College, Saturday.

Boys who have already sent in

ENTRY BLANK ON PAGE 9 SEND YOURS IN TODAY!

their blanks are reminded to be at Room 220 Administration Building a few minutes before one o'clock on Saturday afternoon, for exactly on the hour the papers will be passed out and the test will be on in earnest. Four hours will be allowed in which to answer all the questions.

Thirty boys from eight South Plains towns have already entered the contest.

They will have a chance to win, besides the trip, a free scholarship to Texas Technological college and $17.50 in cash prizes. Should a South Plains boy win one of the free trips to Italy, the Tech scholarship will be second prize, $10 in

(Turn To Page 9, Column 6)

DANCE AND FIDDLERS' CONTEST WILL BOOST MILK, ICE FUND TONIGHT

Two entertainments, scheduled for tonight, are expected to push the Avalanche-Journal's Fifth Annual Goodfellows' Milk and Ice fund over the top of the $200 goal. The fund this morning stood at $189.80.

The City Baseball league is sponsoring a dance at the Uptown Dance Palace, under the direction of Dutch Luenberger and Steve Delaney. With the Buffalo Rythm Stompers furnishing the noise, the Milk fund's percentage of the 'gate' should profit appreciably.

At the courthouse, beginning shortly after 8 o'clock, Tom Martin and C. C. Jones are sponsoring an Old Fiddlers' contest with prizes of $10, $7.50 and $5 to the winners. Everything over the cost of the contest will go to the Milk fund, a small door charge having been agreed upon.

Mesdames W. T. Milam, G. W. Scott and Tom Foster, the ladies administering the milk and ice fund, report their labors increasing as the summer wears on. Anyone desiring to contribute to this fund is urged to bring or send his donation to the Milk and Ice Editor at the Avalanche-Journal.

Morning Parties Grow In Favor During July Heat; Miss Marion Evans Honored

Mrs. Ray Mowery, Mrs. Will Morgan Entertain This Morning With Parties

With the continuance of hot weather, morning parties are gaining in favor in Lubbock. Picnics and other out-door affairs are popular for early morning and late in the evening. However, afternoon parties continue to be given during July.

Mrs. Will N. Morgan, 1641 Broadway, has chosen both morning and afternoon hours for parties today and is entertaining several friends with bridge. The first affair was this morning at 9:30 o'clock and the other party is scheduled for this afternoon at 3 o'clock.

Another of the morning parties today was given by Mrs. Ray Mowery, who entertained in her home at 2416 Broadway.

Her guest list included Mesdames E. Murray Jones, H. C. Maxwell, N. L. Peters, J. H. Goodman, E. J. Parsons, W. L. Stangel, Edgar Shelton, F. R. Friend, I. C. Enochs, Misses Lulu Mae Cravens, Lillian Baldwin of San Antonio and Mary Meador.

Bride Elect Honored

A pre-nuptial courtesy was extended to Miss Marion Evans Wednesday afternoon when Misses Almeda and Virginia Murray entertained in her honor at their home, 2419 19th street. Bridge games were played and a linen shower was presented to the honoree.

Miss Blanche Bacon scored high in the games and Mrs. Paul H. Laverty was high in a cut.

The guest list included Misses Marion and Anna Cecil Evans, Lucie Gregory, Johnnye Gilkerson, Lillian Baldwin, of San Antonio; Blanche Bacon, Mary Meador, Mary Laverty, of Independence, Kas.; Mary Lee Jameson, Grace Jennings, Blanche Bradley, Glenys Honey, Frances and Virginia Conley, Lulu Mae Cravens, Mesdames A. W. Evans, L. H. Beall, Charles Bacon and Paul H. Laverty.

Another bride-to-be, Miss Lois Graves, is to be honored Friday morning when Mrs. W. H. Meador, Mrs. Floyd Beall and Miss Mary Meador entertain in the Meador residence at 1621 Main street.

Meeting Is Called Of Women At Tech

Songs, stunts and violin numbers by Miss Evelyn Jackson will feature the program tonight at 7:30 o'clock when women at Texas Technological college meet for an outdoor program on the lawn south of the administration building.

The purpose of the meeting is to organize women students into athletic groups, each group to meet at least once before the end of the summer session on July 18. Miss Johnnye Gilkerson will be in charge.

Ruth Stockton At Las Vegas Session

Miss Ruth Stockton, Lubbock county agent, is one of about 15 county home demonstration agents of this Texas district at Las Vegas, N. M., this week.

Miss Myrtle Murray, district demonstration agent, of College Station, is leader of the group which will pass the week in training at Las Vegas. Specialized canning is the major activity of the course, D. F. Eaton, Lubbock county farm agent, said.

The group of demonstration agents arrived in the New Mexico town Sunday and is expected to return next Sunday.

Ramsay MacDonald Is Slightly Sick

LONDON, July 9 (AP)—Prime Minister Ramsay MacDonald was slightly ill today with what was variously termed an "internal chill" and an attack of "nervous indigestion."

The strain of work in connection with difficulties in parliament and the reparations situaton was believed to be responsible for his indisposition. He surrendered his place in the house of commons to Chancellor Philip Snowden last night and went home to rest.

THE WAY IT'S WORKED

NEW YORK.—Some controversy was brewing between some union painters and their employers. The employers, it was said, agreed to pay the painters $13.50 a day. Instead, the workmen received only $9. So they switched from using six-inch brushes to three-inch brushes, and the employers kicked that they were getting the work done in only half the ordinary time. The case was taken to court.

Huge scales that lift, swing and weigh metal ingots up to 10,000 pounds recently were exhibited and demonstrated at a metal congress on the Pacific coast.

DR. MYERS

Doctor Myers' Daily Column On Child Welfare

BY GARRY C. MYERS, PH. D.
Head Division Parental Education Cleveland College, Western Reserve University

DISTRESSING HABIT

FROM ONE mother comes the following:

"Would be very grateful to you if you could help me. They tell us that if a child by any chance is still wetting the bed at three years, one should use an alarm clock. This is fine and works, but just as soon as the child is not awakened she goes back to her old habit. Would there be any way to make her awaken and call? I have a nephew of 18 who isn't going to college because of this; it is so embarrassing to him. Is there anything I can do?"

Answer: Don't expect the child of three to awaken and call you. She may awaken after urinating if she often had before. Go on and use the clock. Extend the intervals gradually; otherwise you may not get results. Provide the child's bed with a rubber sheet so she will need to have no worries if she has an accident.

As for older children, they can be taught to set the alarm clock and care for themselves. That 18-year-old nephew could easily manage his own problem in like manner. Curiously enough, we parents are not likely to be concerned about the child who must urinate once or several times during the night so long as he urinates in the toilet. But the only difference between wetting the bed and urinating in the toilet at night is that in the first instance the water is deposited in the bed and in the other in the urinal. In either instance it is, of course, well to have the child examined by a physician.

* * *

Another mother writes:

"Please keep on urging discipline. I don't think you can do it too often. In our town there is a six-year-old boy who steals and lies continually. He broke a window here in a fit of temper, tried to hit our two-year-old child with a crow-bar because she would not come to his place to play. He has hurt other children severely enough to require medical attention. He stole a bowie knife and tried to stab other children. His mother, a former primary teacher, has no other children and spends all her time with him. She is "allowing him to express himself" and he is "so highspirited." No other children will play with him. I think almost any kind of discipline would make him happier."

Answer: Maybe you might be able to put into the hands of that mother my pamphlet, "Punishments and Rewards."

* * *

The mother continues: "Here is a little story Emily told me the other morning.

Once there was three rabbits, a papa rabbit and a mama rabbit and a baby rabbit. The papa rabbit went over to Smith's and started to eat the pies out of the garden. Mrs. Smith—no, it wasn't Mrs. Smith, it was Mrs. Muggins (Smith's are neighbors; Muggins I guess she made up) came out and sticked him in the pie. Then the mama rabbit said to the baby rabbit, "You mustn't go over to Muggins' or Mrs. Muggins will stick you in the pie, too." And the baby rabbit said, "No, I won't mama," but when the mama went to church he did, and he started to eat some pie, too. And Mrs. Muggins came out and sticked him in the pie, too, and when Mrs. Muggins went to church they both jumped out and runned home, but the papa rabbit tored his coat and when Mrs. Muggins came home from church she hanged it on a tree and the birds used it for a nest and the baby birds slept in the pockets'."

EDITOR'S NOTE. Two pamphlets by Dr. Myers may be obtained by sending 10 cents in coin, for each, and a self-addressed, stamped envelope, to Dr. Garry C. Myers, in care of this paper, or Central Press Association, 1621 East Twelfth street, Cleveland, O. The pamphlets are: "Punishments and Rewards" and "Fear."

Wolffarth Club Has Social Meeting

With Mesdames H. A. Sullivan and J. D. Farley as hostesses, members of the Wolffarth Home Demonstration club met Tuesday afternoon in a social hour at the Sullivan home.

Games were played, Mrs. M. T. Daniell gave piano numbers and Mrs. H. Ross read.

Refreshments were served to Mesdames G. L. Graston, B. Landers, M. M. McReynolds, J. C. Peeler, A. Rich, H. Ross, H. J. Schroeder, O L. Sims, W. B. Tibbet, Wiley Gates, W. H. Dixon, Daniell, J. C. Hill, D. C. Bebee and R. M. Gaines. The last two named were visitors and others are members.

UDC To Entertain For State Officer

Arrangements to entertain for Mrs. Whit Boyd, Houston, president of the Texas Division of the United Daughters of the Confederacy, when she visits Lubbock this month were made Wednesday afternoon at a meeting of the local U. D. C. with the president, Miss Delia Wilkinson.

Those in attendance were Mesdames A. V. Weaver, J. S. Johnson, W. H. Meador, Charles Middleton, Joe Penney, T. V. McKinney, J. F. Tom and Eppie Sowder.

DREAM CAME TRUE

CHICAGO.—J. Clarke Coit is a back- to-nature man. He dreams of sleeping in haymows, and told friends here that nothing would please him more than to do just that. On his way to New York recently he boarded a train and, on examining his berth, found it nicely made up with hay instead of the usual mattress.

You have a Firestone specialized lubrication job coming FREE any time you want it. It is the best and most complete you can get anywhere. We don't have to prove it—the job itself will prove it. Adv

Wednesday Society Meets At Ratliffs

Mesdames John L. Ratliff and Jot Smyth entertained Wednesday afternoon in the Ratliff home, 2413 19th street, for members of the Wednesday Needle club. Roses were used as decorations.

An ice course was passed to the following members and guests: Mesdames W. B. Atkins, W. B. Rushing, C. J. Wagner, L. C. Ellis, T. W. Thomas, L. B. Wright, H. A. Davidson, J. H. Goodman, Roscoe Wilson, Frank Maddox, Leroy T. Patton, Glenn Wilson of Monmouth, Ill., and Marlis D. Ratliff.

Stunt Is Planned By Akipsia Girls

Akipsia Camp Fire girls planned a stunt for the Friday overnight camp Wednesday afternoon, at a meeting with Luella Benson, 2012 24th street. Voncile Shelby gave a demonstration of rolling bedding and each girl practiced the method.

Those attending were Maxine Hensley, Maxine Burrus, Melzine Rockey, Elva Laura Hall, Lorena Odom, Nathalie Fulton, Beth Holland, Voncile Shelby, Lucille Cormack, the guardian, Miss Elizabeth Conner, Mrs. N. L. Benson, Dorothy Frank Clements of El Paso and Myrtle McClarty of Sudan.

LOCALS

Sam Hearrell of Los Angeles, Cal., is visiting in the home of his brother, W. B. Hearrell.

Mrs. M. E. Merrill and granddaughter, Juliette, and Mr. and Mrs. E. P. Norwood are visiting in Plainview today. Mrs. Merrill and Juliette expect to leave Friday for Oklahoma City and Petrolia, Okla., to be gone a week.

Mr. and Mrs. F. M. Pratt left this morning for their home in Austin after visiting with Miss Delia Wilkinson.

Miss Tina Robinson, accompanied by little Douglas Ray, is visiting in Florence.

Mrs. Pete Cawthon and son, Kelly, have returned from a visit of two months in Mexia with Mrs. Cawthon's mother, Mrs. Sanford Smith. Pete Cawthon, jr., remained in Kerrville at Camp Stewart.

Mr. and Mrs. M. H. Huckabee, 2307 16th street, have returned from a visit in Colorado and New Mexico.

Mrs. James Hale of Clarendon is visiting her parents Mr. and Mrs. L. E. White.

Doris Hopping, daughter of Mr. and Mrs. R. C. Hopping, is at Camp Mary White, Girl Scout camp, near Roswell, N. M.

Mr. and Mrs. George B. Eubank and Miss Edna Taylor are leaving today for Aransas Pass where they will visit relatives for the next ten days. Mr. Eubank is a member of the city police department.

Mr. and Mrs. John Woodruff of Kennedy have been visiting here as the guests of Mr. and Mrs. D. M. Henderson, 2626 21st street. Miss Margaret Henderson, of the same address, has had as her guest Miss Elizabeth McManus of Kennedy. The six, together with Mrs. Frank C. Coombs, 2622 21st street, visited the Carlsbad caverns Tuesday returning to Lubbock late yesterday afternoon.

Miss Sylvia Johnson is spending a vacation at Olney Springs, Colo.

Nay Hightower of Lovington, N. M., is a business visitor in Lubbock today.

Mr. and Mrs. Jack Diamond, 1604 Avenue Q, have returned from a visit to Dallas, Whitewright and other Texas cities.

H. T. Champion, of Lockney, is transacting business here.

A Californian has invented apparatus to blow currents of air over fruit while it hangs on trees to remove rotting calyxes and prevent formation of jacket rot.

Loyal Sisters Are In Social Meeting

Mrs. E. F. Huff entertained for Loyal Sisters Needle club members Wednesday afternoon in the home of Mrs. John R. Hall, 2020 Main street. Forty-two games and needlework were diversions.

Mrs. Robert Strickland was a guest. Members attending were Mesdames C. A. Paulger, V. H. Venable, J. G. Biffle, Fred A. Owens, J. W. Branch, J. G. Oslin, Mike Fry, Hall and M. B. Cross.

Dr. P. W. Horn, president of Texas Technological college, is in Dallas on business.

New Powder Gives Girlish Bloom

MELLO-GLO, the new face powder, will keep your skin from exposure and preserve its youth. The new French process by which it is made makes it stay on longer, spread smoother, and will not clog the pores. Its special tint is youthful. No flakiness or irritation with MELLO-GLO. Try this new wonderful face powder. John Halsey Drug. Adv.

LOCAL SOLONS FOR SESSION

LOCKHART, PARRISH PLEASED BY ACTION OF GOV. STERLING

Evidently pleased by Governor Ross Sterling's request that the state legislature convene at special session next Tuesday noon, State Senator Pink L. Parrish and State Representative G. E. Lockhart, Lubbock's two members of the legislative body, last night commented on matters they believed would be introduced at the assembly.

The heat experienced at Austin at this time of the year will tend to hamper the legislators in their work, but much good can be accomplished if the members of the two bodies "buckle" down to work, Representative Lockhart commented.

"It will be hard for the legislators to do their best in such weather as they will find at Austin in mid-summer," he said, "but if they all get down to work some really worthwhile legislation may be effected.

"I believe there is some legislation needed to aid in solving the oil conservation problem," he said.

Senator Parrish said he would go to the special session with an open mind regarding the oil proration question.

"I do not know just what legislation is planned for the oil industry and what the legislature can do to solve the proposition, but I am willing to go back to Austin and work with the other officials in studying the situation," the senator said.

Senator Parrish said he had been reliably informed that the governor would submit the proposition of congressional redistricting at the special session.

"If this matter is submitted, and it undoubtedly will be, it is up to West Texas members of the house to push the legislation through," he said. "A bill calling for the redistricting of the state should originate in the house.

"While about it, the West Texas members of the house also should originate a bill calling for the redistricting of Texas for seats in the house of the state legislature," he added. "Redistricting would give Lubbock county a representative, where the county is now in a district composed of nine counties. Such redistricting would give West Texas control of the house."

Both Mr. Lockhart and Mr. Parrish said they would be in Austin next Tuesday for the opening of the special session.

Millionaires are getting scarcer in Britain; in 1924-25 there were 601, while in 1928-29 there were only 487.

Students Are Urged To Obtain Blanks

Students expecting to complete, in the first summer term, work required for extension of teaching certificates expiring this year should obtain blank forms at the registrar's office, according to E. L. Dohoney, Texas Technological college registrar.

The forms should be procured July 14 to 18, as they must be filled and filed by those completing work for certificate-extensions, he indicated.

ROYAL WAITRESS

LONDON.—Persons who ate at Strand tea-shop didn't realize it, but they were being waited on by a royal waitress, Mrs. C. W. Rowley. Her husband, who worked in Australia as a farmer laborer, has inherited an ancient Irish peerage, and his wife is now known as Lady Langford.

At the age of 84, Edward Profet, civil war veteran of Greenview, Ill., is the father of an eight and one-half pound son.

HOUSTON BUFFALOES STRENGTHEN THEIR HOLD ON FIRST PLACE

ATHLETICS AGAIN DEFEAT SENATORS

Collier Parris

Bobby Jones is coming! No, not really, but he'll be a regular visitor in Lubbock for the next twelve weeks. The king of the cow-pastures, the only man to ever make a grand slam in clubs by winning the four biggest tournaments in the world within a period of twelve months will be presented by Cliff Lindsey and the Vitaphone company at the Lindsey Friday and Saturday in the first of a series of one-reelers entitled "How I play Golf."

* * *

In this series, beginning with "Use of the Putter" on Friday of this week, we are due to find out just how to play golf, win major championships and otherwise emulate the great Jones. Aside from being entertaining, the series really should be instructive.

* * *

The little state of Georgia is famous for three products—Ty Cobb, Bill Stribling and Bobby Jones. Of these, Bobby Jones is perhaps the greatest, though Ty Cobb will be remembered as long as baseballs and bats are made. Bill Stribling came into the limelight as a first class aviator and had a nice record until he nosedived at a Cleveland airport about a week ago. Bobby is a nationally known, internationally known, attorney-at-law, or was until he gave up the practice to star in one-reel films which are bringing him a fortune.

* * *

And now the "Man With the Hoe" immortalized by Millett, is about to be replaced by "The Man With the Club," promoted by Vitaphone. (Advertising in this column is $$$ per column inch).

* * *

The Hubbers are going to Amarillo to enter the News-Globe tournament, but they need a bit of help before going. In order to raise the finances that will provide for the sojourn in the Helium city, the game tomorrow night between the Hubbers and the Littlefield team will be a benefit game. All of the net profit will be used to transport the locals to Amarillo and keep them there until they win the tournament's first prize. The money in the tourney is well above the $1,000 mark we understand and we expect the Hubbers to bring it back.

* * *

So bring your shekels to the game tomorrow night and help send the boys off to the tournament. It is always a great meeting of baseball players and the importance of the joust is not to be taken lightly. The Hubbers are considered as a likely winner, and Amarillo's newspaper admits that the local club is the most popular of the Plains, holding the most impressive record in the territory for the season.

* * *

We were talking with a ball player from Tahoka the other night out at the ball park and learned that Tahoka's club is coming right along. In fact the Lynn county outfit stopped Lamesa in a series of two games last Sunday and Monday at Lamesa, winning both contests by a margin of one point. Tahoka might make a good opponent for Lubbock. The team was one of the strongest in the South Plains league last summer and was blessed with one of the best pitchers, if not the very best, in the league. He was, and is, Lefty "Art Shires" Squires, who has been playing in the Valley League this season. Larkin is back with Tahoka after having played in the Valley league so far and is smacking the ball with old time form. He is one of the best first sackers in the territory. Last year he looked as if he were headed for the miners.

* * *

Slaton is a nice little town and contains some fine people, and maybe it's a credit to Lubbock to be in such close proximity, and all that, but we believe the athletic element would have more real fun out of its sports if it were condensed to a plane of mutual friendlipess and cooperation instead of vainly attempting to remain aloft in an independent state. Some of the fellows connected with athletic enterprises over there are pretty chesty and at times real saucy. Once last fall a fellow-employe pinch-hit for us at a football game there and was almost lynched when he was mistaken for us. We anticipated and the grateful for scathing letters but Slaton fans and players seem to have a monopoly on them. We would like to sign a truce and continue to offer faithful cooperation, and we'd like to see the teams of the towns continue to be distinguished for their rivalry but let it be a friendly rivalry. After all, athletic games are played, or supposed to be played, for the fun and the sport that is in them.

* * *

The City League continues to thrive, and tonight there will be a halt in athletic activity on the fields while fans and players struggle on the Uptown Dance palace floor in another City League dance. This time the league will divide its profits with the Fifth Annual Goodfellow's Milk and Ice Fund conducted by the Avalanche-Journal. You are especially invited to enjoy the dance and you should enjoy it more knowing that you are helping put a good thing over the top, helping the more unfortunate kiddies along life's hungry way.

LOOP LEADERS WIN NINE OF TEN STARTS

"DIZZY" DEAN HURLS TWO-HIT GAME FOR SIXTEENTH WIN

BY BILL PARKER
Associated Press Sports Writer

Scores of 4-1, featured Texas league games Wednesday night, but the battle that interested most fans was Houston's 4 to 1 victory over San Antonio, giving the Buffaloes their ninth victory against one defeat in the second half pennant race. Jerome "Dizzy" Dean pitched a two-hit game for the Buffaloes to register his sixteen victories of the season compared to five defeats. Hobo Carson opposed Dean and went down for his tenth defeat of the season. He has won nine. Dean was complete master of the Indians until the first of the ninth when he was nicked for a run. Dean fanned twelve.

Cats Down Sports

Another 4 to 1 contest occurred at Fort Worth where the Cats defeated Shreveport. Leon Chagnon was the whole show for Fort Worth. He pitched a six hit game and drove in the winning run. In clicking off his tenth triumph of the season, Chagnon struck out eight. The only score off Chagnon resulted from Rip Radcliff's home run in the first of the seventh. C. Moore pitched a seven hit game for the Sports, but his mates could not solve Chagnon for timely hits.

The third 4 to 1 affair was the Dallas and Wichita Falls game at Dallas where the Steers won by securing timely hits off the pitching of Milt Steengrafe and Lester White. Hansen, southpaw recently released by Fort Worth, went the route for Dallas, allowing six hits and never in serious danger of losing. Steengrafe was chased from the game by Umpire Ziggy Sears for protesting a ball decision. Lester White went to the mound and received credit for the defeat, making his record read ten victories and nine defeats. Hansen struck out ten.

After losing eight consecutive games, the Galveston Buccaneers smashed into the win column of the second half race Wednesday night by defeating Beaumont 3 to 2. For the first time since the second half started, the Buccaneers went on a hitting spree, clouting Beaumont pitchers for eleven hits. The Buccaneers scored in the last of the ninth to break a 2-all deadlock and win the game.

OKLAHOMA CITY TO END NIGHT GAMES

OKLAHOMA CITY, July 9. (AP)—Jack Holland, owner of the Oklahoma City Western league club, has decided that night air and flood lights retard the development of young baseball players.

He announced yesterday his team will go on a daylight schedule July 19, with the exception of "ladies night" games each Monday and Friday which will not be abandoned because of their popularity.

"The majors are becoming harder to convince of a player's worth as adjudged by averages compiled by day-night baseball," Holland said. "The night game holds back the development of young players, for the ball is harder to see, both at bat and in the field. The night air is none too good for the players.

"The novelty of night baseball is wearing off to the extent that it does not pay to develop players on only a night baseball diet."

Regular Prices For Texas Loop Playoff

WICHITA FALLS, July 9. (AP)—Regular Texas league holiday ticket prices will prevail during the first half championship playoff series between the Houston and Beaumont clubs, it was announced today by J. Alvin Gardner, president of the league. The first half tie will be decided in a series of five games regularly scheduled in the second half race, July 25, 26 and 27 and Aug. 12 and 13. The first and second are scheduled at Beaumont, the third and fourth at Houston and the scene of the fifth, if as many are necessary to decide the issue, is to be decided by the toss of a coin.

BARGAIN DAYS

OSLO.—Department stores hold bargain days in Denmark, too, but they can't hold them except on days determined by law, and only one such day is allotted each store annually. The day, however, turns out to be a month in most cases, and during that month prices are greatly reduced.

The spitting fish shoots a drop of water from its mouth with such force that it will knock an insect or small lizard into the water for the fish to gobble up.

City Loop Opens Its Second Half In Game Today

TURNS PRO TO REALIZE DREAM

NEW YORK, July 9. (AP)—Big Bill Tilden had to turn professional to realize one of his fondest tennis dreams. It happened in the course of Bill's match against the veteran James Burke yesterday at Forest Hills.

Burns, attempting to return one of Tilden's drives, lashed out wildly and the flying sphere struck the umpire, Ben Dwight, squarely in the chest. It almost toppled the arbiter from his perch. Tilden was impressed.

"That was great," he said. "I've been trying to do that to umpires for ten years."

TWO TEAMS ARE TIED FOR LEADERSHIP OF THE FIRST HALF

With two clubs, the Avalanche-Journal and Texas Utilities, tied for first place and the championship of the first half of the season, the City League second half begins today at Merrill Park where the Avalanche-Journal and Legion-Lions teams meet in an important game.

Tonight the first half will be celebrated and the second half ushered in by a dance at the Uptown Dance palace. It will be the third City League dance, proceeds to be divided between the league and the Avalanche-Journal's fifth annual Goodfellow's Milk and Ice fund. The public is invited to the benefit dance.

Goes Into Tie

Winning their twelfth victory yesterday by defeating the Wholesalers, 6 to 0, the Avalanche-Journal team went into a tie with an average of .800 per cent with the Utilities, who had won by forfeit over the Advertisers on Tuesday. The Advertisers will not continue in the league, President J. R. "Dutch" Leuenberger announced yesterday, and the schedule will be followed with five clubs participating. The original schedule will be followed with open dates being declared on the days occupied by the Advertisers. Postponed and tie games will be played on these dates.

Playoff Planned

The Avalanche-Journal and Texas Utilities team probably will engage in a play-off series of three games next week. It has been suggested that the series be played under the lights at Merrill Park, since considerable interest has been developed in City League fandom around these clubs.

The Wholesalers ended the first half without having won a single game, but under new management, not yet announced, and with changes in the lineup, additions to the club's roster it is hoped that the team can stay in the thick of the race during the remainder of the season.

The final standings for the first half are as follows:

Clubs—	W	L	Pct
Avalanche-Journal	12	3	.800
Texas Utilities	12	3	.800
Legion-Lions	11	4	.733
Rainbows	6	9	.400
Advertisers	5	8	.385
Wholesalers	0	15	.000

HUBBERS WILL PLAY AGAIN

TO MEET LITTLEFIELD TOMORROW NIGHT AT MERRILL PARK

The Lubbock Hubbers and the Littlefield baseball team will meet on Merrill Park tomorrow night in a benefit game, proceeds to be used toward sending the Hubbers to Amarillo to participate in the News-Globe tournament. The Hubbers are admitted favorites to win the tournament, their record of fourteen victories against three defeats for the season bringing them acclaim as the most popular club of West Texas.

What promised to be a close game and one full of fan interest was started last night at Merrill Park and almost as quickly ended when one of the most severe sandstorms experienced in this section in years broke and finished the game in the second inning. Lubbock and Lamesa were playing a much-heralded game and the stands were almost full, filling rapidly. The score was 1-1, with Lefty Gregory, former South Plains league hurler of Southland on the mound for Lamesa and Dickey, standout college hurler from John Tarleton, hurling for Lubbock.

Dickey opened by striking out Lewis White. Ragland, manager, singled and T. White popped out to Breedlove. B. White got a single but was thrown out at third when he attempted to advance on the throw in. Ragland scored on the play.

Shorty France led off Lubbock's left-field foul line that went for a first with a slow one just inside the hit when Gus White failed to reach it. Dirty Waller went out, third to first, and Ray Waller doubled to center to drive in France. Hambright went out, Gregory to Bailey White, and Hardwick bounded to Thurman and was out at first.

Gus White, first up in the second, struck out. Peterson got a questionable single to center just as the wind broke to blow the ball over Hambright who had closed in for a catch. And the ball game was over. Sand covered the field like a great canvas tent and the atmosphere was stifling with the earth particles.

O'Connell To Meet Karl Kamrath Today

CHICAGO, July 9.—(AP)—George O'Connell of Chicago, defending men's singles champion, faced his first real threat in the Illinois state tennis championships today. He was opposed in the quarter final round by Karl Kamrath, tall Texan.

O'Connell yesterday won his fourth rounder from S. H. Gould, Chicago, 6-4, 6-2, while Kamrath easily defeated Eugene Quinn, another Chicagoan, 6-0, 6-2. Bruce Barnes and Doc Barr, another pair of Texans, also reached the quarter finals, as did Scott Rexinger, Big Ten singles champion.

A ton of coal yields almost 10,000 cubic feet of gas.

SOCKING IT AWAY

PORTLAND, Ore. — Sam Olson bundled up his laundry and sent it to be washed. Shortly after he ran wildly into the police station claiming he had put his billfold, containing over $500 in bonds, in the laundry bundle. A search of the laundry failed to disclose the sock and money. Detectives accompanied Sam home and found the sock and money underneath Sam's bed. Sam had sent only five socks when he thought he had sent six.

WASHINGTON IS TURNED BACK BY LEADERS

YANKS MOW DOWN RED SOX IN TWIN BILL TO NEAR SECOND

BY GAYLE TALBOT, JR.
Associated Press Sports Writer

Once again the Washington Senators have fired and fallen back, leaving the Athletics to sail serenely along toward their third straight title.

By turning back their most persistent rivals again yesterday, 6 to 3, the Mackmen made it two out of three for the series and extended their lead to six and a half games over the American league field. The prospect they will be overtaken now appears remote.

Grove Wins Game

Connie Mack called on his great lefthander, Robert Moses Grove, to take the deciding game of the series and the slim portsider responded nobly to score his seventeenth victory of the campaign. The Senators pecked away at him for 11 hits, as many as the champions could get off four Washington pitchers, but they were helpless in the pinches. Twelve Senators were left on base.

The issue was settled to all intents and purposes in the first inning, when the A's hopped on Lloyd Brown for four runs, a triple by Al Simmons and a home run by Jimmy Foxx doing the principal damage.

Meanwhile the New York Yankees, with whom the Athletics open a three-game series at Yankee stadium today, were mowing down the Boston Red Sox in a doubleheader, 13 to 3 and 9 to 4, to climb within four and a half games of second place. Big Jim Weaver made his first start of the year in the first game and limited the Sox to nine hits, while Herb Pennock routed them in the second. Babe Ruth enjoyed a big day with his twenty-first home run and three singles.

Indians Down Chisox

The Cleveland Indians went eleven innings to defeat the Chicago White Sox in their opener, 10 to 6. In addition to doing a fine job of relief pitching the last five innings, Willis Hudlin helped win his own game with a single that scored the first of five runs in the eleventh.

Lyn Storti and George Burns, two members of the St. Louis Browns' "pony" infield, starred as the Browns broke a three-game losing stream with a 7 to 1 triumph over Detroit. Burns had three singles and Storti a triple and double. Blaeholder kept nine Tigers hits well spaced.

Race Tightens

A National league race tightened as the New York Giants dropped a hard fought decision to the Phillies, 5 to 4. The Brooklyn Robins held idle by rain at Boston, went into a virtual tie with the McGrawmen for second place, three percentage points back.

Heine Meine, Pittsburgh southpaw, stopped the onrushing Chicago Cubs in their tracks when he held them to six hits and beat them, 5 to 2.

For the third straight day, the Cincinnati Reds were not scheduled.

PRIMO CARNERA SELECTED TO MEET SCHMELING IN HIS NEXT DEFENSE OF HEAVYWEIGHT CROWN; TO BE IN FALL

NEW YORK, July 9. (AP)—Primo Carnera, the vast Italian, has been chosen to meet Max Schmeling sometime this year, somewhere in America in the German's next defense of his heavyweight championship.

Everything was settled at a meeting here yesterday. That is, everything except the time and the place. Manager Joe Jacobs, speaking for the champion, agreed to send Max against Carnera wherever and whenever the Madison Square Garden corporation of Illinois chooses, just so the bout goes 15 rounds. He was insistent upon that.

To Be In Fall

William C. Saxe, who represented the Garden at the big conference, announced the fight would be held sometime this fall, at a site to be selected. Prospects are the bout will be held either at Chicago, Jersey City or Philadelphia, with Cleveland an outside possibility. New York state definitely is out, as Schmeling is under suspension by the New York Athletic commission for his failure to give Jack Sharkey a return match. The commission has given no indication it intends to reinstate the champion just because he knocked out Young Stribling at Cleveland last week.

Carnera was represented by his manager, Leon See, who insisted the bout should be staged September 17, as called for in a contract signed several months ago. Manager Jacobs, however, claimed that Carnera had violated the original pact by trying to run out on it several weeks ago and failing to post a forfeit, so the Garden is left free to choose its own date.

Chicago was eliminated as a possible site for the engagement due to an Illinois law which forbids bouts of more than ten rounds.

MAJOR LEAGUES' LEADERS SHOWN

FLASHES OF LIFE FROM EVERYWHERE

INTERESTING BITS OF NEWS GROUND FROM THE GRIST OF THE DAY'S HAPPENINGS

(By The Associated Press)

Bungalows Given

ROME—Five room bungalows are to be given by the government annually to Roman parents who have had at least three children in the last four years. For 30 years the bungalows must not be sold, mortgaged or rented. Evidence of excellent health of parents and children and of high character must be produced. Five bungalows will be awarded annually.

Happy Husband

PHILADELPHIA — There's a happy husband in the Jervis household. Two monkeys, 15 turtles, six parrots, 15 cats and dogs, and 100 white mice are to be given to a zoo by Mrs. Irene Jervis. She promised a judge to do so rather than go to jail. Mr. Jervis laughed when he heard the court's dictum and explained he had nothing to say about the house; the monkeys ran it. Health officers started things when a neighbor was beaten with a banjo by a Jervis monkey that turned burglar.

Cannibals Found

PARIS—Cannibal pygmies have been found in the Belgian Congo by Herbert Bradley, explorer. The law against the practice, he thinks, works like prohibition in the United States. In one tribe he studied the tallest man was four feet two.

Vehicles Counted

WASHINGTON — The latest count of registered motor vehicles in the world is 85,805,632, of which 26,697,398 were in the United States and one in Spitzbergen.

Uganda In Harlem

NEW YORK—Two Uganda boys brought from Central Africa by Mr. and Mrs. Martin Johnson have been taken on a tour of Harlem, New York City negro section, at the request of a negro editor for study of their reactions. Their greatest amazement was at negroes running automobiles. They inquired how black men could get so much money. Only white men ride in autos in Uganda and $4 a month is high pay for natives.

To Be Beautified

NEW YORK—Miss Liberty is to have a beauty bath of light. Improved illumination of the famous statue in New York harbor will remove the impression that she has a double chin and Sundry facial blemishes.

Will Rogers Still For Home State

FRANKFORT, Ky., July 9—(AP)—Will Rogers believes the new tour book of Kentucky recently issued by the Kentucky progress commission should be labeled "Oklahoma," his home state.

The cowboy humorist, in a telegram from Beverly Hills, Calif., to Governor Sampson yesterday acknowledging receipt of one of the books, said:

"Received your booklet on Oklahoma that was labeled Kentucky. It is the champion state. I would like to drop into Big Ham Davis' for another one of those breakfasts about now. These darn Republicans have just about made breakfast a lost art out here. There is nothing to eat and the creditors won't let you alone to eat it. Regards and much good wiches.

"Will Rogers."

According to R. N. Heck, chief of the Division of Seismology of the U. S. Coast and Geodetic Survey, there were 23 earthquakes during the first two months of this year and only six during the first two months of 1929.

DANDRUFF

Itching scalp and dandruff vanish when ZEMO touches the scalp. Thousands say it is the one sensible way to stop itching scalp, remove dandruff and prevent falling hair. ZEMO is clean and dependable. All dealers, 35c, 60c, and $1.00.—Adv.

Two parties of scientists and mechanics have been sent to the Arctic to establish the two base stations farthest north for the proposed Zeppelin polar airline, planned to run from Berlin and London over the top of the world, down to Alaska and south to San Francisco.

Heals Eczema In 7 Days Or Less

Here is a wonderful antiseptic oil now dispensed by pharmacists at trifling cost, that will do more towards helping you get rid of unsightly spots and skin diseases than anything you've ever used.

Not only does this great healing antiseptic oil promote rapid and healthy healing in open sores and wounds, but boils, abscesses and ulcers that are discharging are almost immediately relieved and cleanly healed.

You can obtain Moone's Emerald Oil in the original bottle at any modern drug store. It is safe to use, and failure in any of the ailments noted above is next to impossible. Bowen's Drug, Bowen's Hilton Pharmacy or any drugstore will be glad to supply you on the money back if dissatisfied plan.

Don't Rasp Your Throat With Harsh Irritants

"Reach for a LUCKY instead"

What effect have harsh irritants present in all raw tobaccos upon the throat? A famous authority, retained by us to study throat irritation, says:

"The tissues above and below the vocal chords and the vocal chords themselves may become acutely or chronically congested as a result of the inhalation of irritating fumes in the case of chemists for example."

LUCKY STRIKE'S exclusive "TOASTING" Process, which includes the use of modern Ultra Violet Rays, expels certain harsh irritants present in all raw tobaccos. We sell these expelled irritants to manufacturers of chemical compounds. They are not present in your LUCKY STRIKE. So "Consider your Adam's Apple"—that is your larynx—your voice box—it contains your vocal chords. Don't rasp your throat with harsh irritants. Be careful in your choice of cigarettes. Reach for a LUCKY instead.

"It's toasted"

Including the use of Ultra Violet Rays

Thought For Today

Deceive not yourselves.—Jeremiah 37:9.

Life is the art of being well-deceived.—Hazlitt.

An Exception

The mother in Hammond, Ind., who drove her 5-year-old boy away from home because he was a bother around the house and kept her from living the care-free sort of life she pined for, is certainly too much of an exception to the general rule of parents to be worth much comment.

Any mother who could do a thing like that must be so lacking in the fundamental human traits of ordinary decency and compassion that she is no more worth talking about than any other uninspiring freak of nature.

Nevertheless, the whole miserable affair deserves a second glance; for a great many parents who would never dream of doing as this woman did have, nevertheless, more than a trace of the feeling that motivated her.

That is the feeling that finds expression in laments about the ingratitude of children, the "sacrifices" that parents have to make for their young and the hard lot that befalls so many adults whose children do not realize how much they owe them.

Plenty of parents nurse that emotion pretty constantly. Nearly all of us, probably, entertain it at one time or another.

This Indiana affair, which simply carries that feeling to its logical conclusion, ought to show us how absurd it is.

The plain fact of the matter is that the average child owes his parents very little. When he is grown, of course, he will do everything in his power to protect his parents and care for them in their old age, and it is right that he should. but that is not a matter of balancing the books, and repaying a stupendous debt.

Think it over a little. Children do not come into the world of their own volition. Their parents bring them into it. Having done so, the least the parents can do is give them a decent home, loving sympathy and the wisest kind of training they can possibly provide. That is the parents' duty, and it is a duty that takes precedence over everything else on earth.

Naturally, since few of us are millionaires, we have to make sacrifices to do these things. But have we, after all, any right to call them "sacrifices?" Have we any right to feel that we are noble and long-suffering because of them?

For many centuries the world has listened to grey-beards yapping about the duty of children toward their parents. If there had been more talk about the duty of parents toward their children it would be, by a good many miles, a better world today.

Amazing

Sidney Baer, St. Louis department store executive, tells the National Retail Credit Association convention that the average American family is $400 in debt. Future salaries, he says, have been drawn upon to the astounding extent of ten and one-half billion dollars.

We do not know just where Mr. Baer got his figures, or how accurate they may be. Presumably a department store official would be able to come fairly close to hitting the mark in a matter of this kind. At any rate, the statement offers a possible explanation of the business depression.

If the average family is $400 in debt, it is little wonder that retail buying has slumped. In fact, it is hard to see how there can be a return to normal purchasing rates until that load of debt is at least partially lifted.

One of the most ironic things about the weather is our habit of calling a heat spell a "wave."

The fellow who rides the rods thinks he'll get better service if the I. C. C. grants the railroads higher freight rates.

The fellow who regards himself a man of the world will probably feel a twinge of humanity now that Gatty and Post have done their little stunt.

That Girl on Broadway says a lot of men are so stingy they even object to their wives' building air-castles.

* * *

After the question of what to do with old razor blades is settled, it will be interesting to discover what Solomon did with all his mothers-in-law.

* * *

HARLEY Sadler is known for being a West Texas boy who made good with the home folks and for being a showman of great ability and generosity. He is likewise known as being a young man with a remarkably good memory, as attested to by the yarn they're spilling here, based upon an incident of the present week.

* * *

Harley, so the story goes, looked up from his reading, gazed a moment at his unexpected visitor and then smiled.

"Well, I'll swan!" he declared. "If it isn't John Smith—the man I met seven years ago in Maine! Yes sir! I still recollect that rainy night and the broken window in the Moose River Junction railway station!"

The visitor halted in his tracks and then started for the door.

"What's the matter", Harley asked, "haven't you anything to say to me?"

"I did have", said the visitor, "but I haven't now. I came around to sell you a memory course!"

* * *

That Man on Avenue Q says trying to beat the train to the crossing is one kind of race suicide.

* * *

The word 'yes' was coined so a married man could have the last say.

* * *

AN hundred years or more ago editors were wont to declare that "one town's loss is another's gain" whenever a valuable citizen changed locations. There is nothing original in the phraseology or in the thought, but there is unchallenged truth in the statement that "Lubbock's loss is Dallas' gain" in the case of R. J. 'Bob' Murray.

* * *

For a score of years Bob Murray has been a vital force for good in the Plains country and especially in Lubbock county.

As he worked to advance himself he also worked to advance his neighbors. No charge of selfishness has been hurled at him.

When he moved from Slaton to Lubbock, he became a leading citizen of his new home but in the minds of his Slaton friends he relinquished none of his old hold upon the people of that comunity. After serving many years and many times as president of the Slaton Chamber of Commerce, his leadership became recognized in Lubbock until shortly after his moving here he was similarly honored by the local BCD. As first president of the Slaton Rotary club he made a commendable record—and after he moved to Lubbock the local Rotarians elevated him to the same office here.

When Bob Murray left Slaton he left his office in one of the rail city's two banks but the mere fact that he had moved to Lubbock did not deter directors of that institution. He remained as the bank's president.

All in all, Mr. Murray's service to Slaton, to Lubbock and to Lubbock county as a whole has been stamped with a keen leadership for which he is noted from Seminole to Canadian. His approaching residence in Dallas will leave a vacant place hard to fill in the business, civic and social structure of this section.

* * *

THERE are few men out this way with as broad vision, as wide field of personal friendship and respect than is the lot of R. J. Murray. Perhaps there is no individual whose labors have been similarly blessed in these respects. That fact is attested to by the very apparent feeling which has attended the announcement that Mr. Murray will soon move outside Lubbock county's borders. Even those who oppose the theory of the Texas Cotton Co-Operative association, to which he will go as manager, have joined in the commendation of a good citizen whose efforts have been always for the building and progress of his home community.

* * *

From time to time this column has been active in projects led by Bob Murray. In at least one case—memory fails to recall more immediately—it has opposed a Murray-championed cause, that of the 1929 Ferguson gubernatorial campaign.

But with him or against him, as the case in point might be, The Plainsman, along with many other citizens of this county, has never failed to recognize the high calibre of the man who is about to part residence, for a time at least, with others of this 30-mile, geographical square.

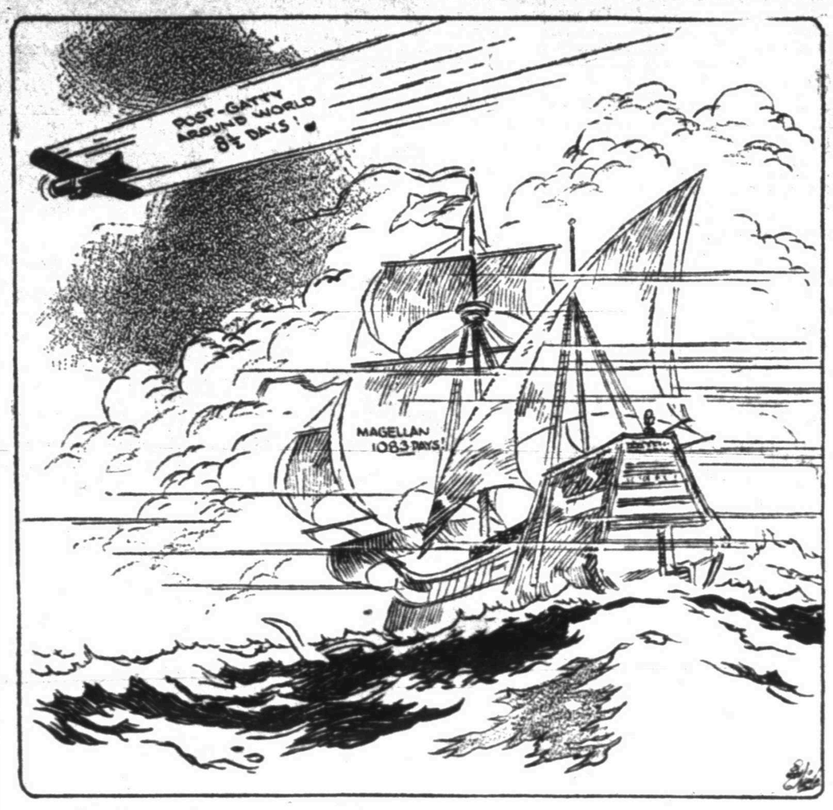

* * *

IF his new duties grant him time, expect Bob Murray to be as outstanding in Dallas as he was in Slaton and in Lubbock. Because he is going to 'a big town' don't think Bob will hide his talents for making friends, and for doing things, behind a bushel—or whatever talents are supposed to hide behind.

Lubbock's loss will be Dallas' gain.

And it is to be hoped that the loss will be only temporary—that Bob some day will see fit to return again to the county to which he has given much—and which, in return, has given him the richest prize of all, friendship.

The Hare And The Tortoise!

"Without-Or-With, Offense To Friends Or Foes, We Sketch Your World Exactly As It Goes"—Byron

From The Time He Acted As Ambassador To Japan During Naval Meet, Castle Has Been Rising In Eminence

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON—July 8. The man at the American end of the trans-Atlantic telephone during the debt suspension negotiations with France is Undersecretary of State William R. Castle, a tall, spare aristocrat who came from the bottom right up to the top among our diplomats.

DUTCHER

During the most critical moments of Secretary of the Treasury Mellon's conversations in Paris Secretary of State Stimson was on the high seas, bound not for France, but Italy. Castle was at the helm in the department, in close touch with President Hoover across the street at the White House.

Plain Spoken

These relative positions at such a time caused some comment, centering on the fact that Hoover and Castle are very good friends and that Castle is both smooth and popular in his handling of both foreign diplomats and the newspaper correspondents who have been keeping the world advised of the plans and reactions of this government. Correspondents, at least, find that the legal minded Mr. Stimson is likely to talk around his subject when he can be persuaded to talk at all, whereas the pleasant, genial Mr. Castle can make things reasonably plain to them without either saying any more than he wants to say or giving them any wrong steers.

Castle speaks rather softly, with great deliberation and a slight Harvard accent which might well be stronger considering the many years he spent at Harvard University doing one thing and another. He wears white suits in summer as do most other upper officials—not including Hoover, who affects blue coat and white flannels—in Washington during this season. Castle is both socially and officially important. His favorite playmate is Senator David A. Reed of Pennsylvania. The two men have built similar houses side by side, sharing a common garden, on the same small section of S street occupied by Mrs. Woodrow Wilson's home and the house Hoover had when he was secretary of commerce.

No Time To Swim

Castle's favorite hobby is swimming, his favorite swimming is in the waters of Bermuda and his favorite swimming and sun-bathing costume is his bare skin. He swims in town at the Racquet Club and sometimes motorboats down the well-known Potomac river. Lately, being on this end of the wire from Paris and conferring with European ambassadors and President Hoover continually, he has had no time for swimming.

He is the descendant of New England and missionary stock. He was born in 1878, a subject of King Kalakaua, because his grandfather had gone there in 1836 as financial secretary of the American board of Missions. Castle's father, after serving in Joseph H. Choate's law firm in New York, had become attorney general of Hawaii, later Hawaiian minister to Washington and then an annexation commissioner in 1893.

Hawaii to Harvard

Castle went from Hawaii to Harvard and was in the class of 1900 along, among others, with Governor General Dwight Davis of the Philippines and men who later became ambassadors, minister or consuls general — Robert Bliss, William Phillips, Peter Jay and Charles Curtis. Castle subsequently taught English for three years at Harvard, was assistant dean from 1906 to 1913 and at the time war broke out was editor of the Harvard Graduates' Magazine.

His understanding of people, his ability to make them like him, and perhaps the acknowledged finesse with which he operates as a diplomat, were first demonstrated as he handled undergraduates at Harvard.

The war brought him here and he organized for the Red Cross a bureau for prisoner relief and search for missing men. His office became an important one with about 3000 employes here and in camps.

Work In Japan

Undersecretary of State Frank Polk invited him into the State Department as a special assistant because he thought Castle had the makings of a good diplomat. Castle entered the service as a drafting officer at some such salary as $2,500 a year. He had a broad knowledge of Europe, from travel, study and personal contacts with Europeans, so the time came when he was made first assistant chief and later chief of the division of western European affairs. He served during an important period of international relations with Europe and in 1927 was made an assistant secretary of state.

His outstanding job was done as temporary ambassador to Japan during the London naval conference. We had no ambassador just prior to that. Japan wanted more at the conference than she was due to get. Someone had to talk down some of her demands and keep her happy. Castle is credited with having done that—it was his kind of a job—and he was rewarded by appointment as undersecretary just a couple of months ago.

Diet and Health

By LOGAN CLENDENING, M.D., Author of "THE HUMAN BODY"

EDITOR'S NOTE—Six pamphlets and six articles by Dr. Clendening can now be obtained by sending 10 cents in coin for each pamphlet and 2 cents in coin for each article, with a self-addressed, stamped envelope, to Dr. Logan Clendening in care of this paper, or Central Press Association, 1473 East Twelfth street, Cleveland, O. The pamphlets are "Reducing and Gaining," "Feminine Hygiene," "Indigestion and Constipation," "The Care of the Hair and Skin," "Infant Feeding" and "Instructions for the Treatment of Diabetes." The articles are "Normal Diet," "List of Books for Mothers," "Bed Wetting," "Diet of the Expectant Mother," "Ear Troubles" and "Tuberculosis."

DRUGS

A most useful enterprise has been started by the National Research council. This is the search for a form of morphine with all the pain-reducing properties of the drug intact, but without any habit forming properties.

Dr. Clendening

Similar research on other drugs has resulted profitably. It is possible to separate various properties of drugs out and isolate them so that only one at a time will operate. Thus the drug pituitrin has several actions — one on the intestines, one on the blood pressure, one on the water balance of the body, and one in stimulating the uterus to contraction. The latter is useful in obstetrical practice. When any one action is desired the others are in the way. A few years ago Dr. Kamm, as the result of a painstaking research, was able to announce that he had separated the uterus and intestine stimulating properties from the others.

Many such triumphs of chemistry indicate that it is possible to obtain morphine free from the habit-forming elements. Exactly what these elements consist of is not certainly known at present. There is no reasonable doubt that some part of the morphine forms an actual chemical union with certain parts of the nervous system. When the drug is withdrawn it is the disturbance of this union which causes the withdrawal symptoms.

The history of a morphine habitue is one of the saddest in the world. The first doses of the drugs taken are followed by a feeling of happiness and carefreeness that induces repetition. It is not long before the feeling of happiness ceases to follow the administration of the drug. And the dosage must be increased in order to make the individual feel ordinarily comfortable. When this state is reached by the beginner the old-timers say he is "hooked." "Hooked" he is, like a fish on a triple barb. No condition could be more pitiable. And no one, through an excess of sympathy, should urge a relative to have more morphine during a painful illness than is absolutely necessary.

Americans are either more sensitive to pain or our physicians are more anxious to make their patients comfortable, because the United States uses more morphine per capita than any other country. America requires 245 mg. of morphine per capita, Europe 152, Asia 8 and Africa 24. Seventy per cent of women in childbirth in America require morphine, while only 50 per cent in Great Britain do.

The danger appears to be more imminent here than elsewhere, and the proposal to find a non-habit forming preparation of morphine is to be greeted as an encouraging and progressive sign.

BETTER WATCH OUT

LONDON — Be careful about thielaviopsis paradoxa. Also about botrydiplodia theobromae, phomopsis, and gloeosporium musarum. The Imperial College of Tropical Agriculture here has sounded the bugle cry. But it may be as serious as it sounds. The above pretty Latin names are the appellations of the various organisms which, it was found, cause rot in the tasty bananas.

It is said that nine out of every ten girls in Sweden are natural blondes.

DAILY ALMANAC

Cloudy

WEST TEXAS: partly cloudy, local thunder showers this afternoon or tonight in Rio Grande valley. Friday partly cloudy, unsettled in west portion.

EAST TEXAS: Local thundershowers this afternoon; partly cloudy and somewhat unsettled tonight and Friday. Light variable winds on the coast, mostly northerly.

ARKANSAS and OKLAHOMA: Generally fair tonight and Friday.

SWAN

In New York With Gilbert Swan

NEW YORK, July 9—Each Monday morning during the hot summer season, the Manhattan newspapers report some 400 children being lost in the Sunday millions at Coney and the Rockaways.

Now 400 children happens to be quite a few youngsters, and the job of taking care of 10,000 of them a year is not so simple as it seems.

Coney has a "beach mother" who is an old hand at keeping children amused until parents arrive. Her name is Carrie Whalen and she seems to be able to stop the most frightened child from crying. To be sure, she promises that "daddy" and mama will arrive bringing nothing less than the moon.

As a matter of fact, a cynical investigation made during the past few years has given the Coney police reason to believe that a vast percentage of "lost" children are deliberately lost. That is to say, parents who want a day of play and release from parental responsibility are not above conveniently "losing" the youngster, well aware that it will be well taken care of in the lost child department of the famous beach resort.

The process of "losing" the youngster is staged at a spot where no danger is involved, and the child is certain to attract attention within a few seconds. Whereupon, the child is immediately turned over to the authorities and, generally speaking, has such a swell time with a few hundred other youngsters that it doesn't want to go home.

The parents, meanwhile, have their own pleasant outing in the surf and playing about the amusement parks. Toward the fag end of the day they show up and claim their offspring.

Those mothers and fathers who find that a youngster has wandered away somehow, are hysterical figures by the time they reach the lost and found department.

* * *

One of Coney's minor problems this season has been that of introducing neckties to the amusement park dancehalls.

The Coney crowd is made up of most all the ingredients of New York, a great majority coming from the East Side the Bronx and those sections where shirt sleeves and no coat, vest or tie is worn. Saturday and Sunday afternoons are likely to be hot for quite a while, too, and there have been few rules and regulations for anything save bathing suits.

It was Rex Billings, who arrived from Youngstown, O., this year to manage Luna Park, who introduced a bright idea. Out Youngstown way things were not quite as they are at Luna Wherefore, Billings first dispensed with the free dancehall idea and inaugurated a 10-cent admission policy. Finally, when the neckticless brigade kept showing up early in the season, Billings had a number of cards printed. Not wishing to embarrass a young man in the presence of his girl friend, the card informed the bearer that if he didn't happen to have a tie with him, the card would entitle him to a tie if accompanied by 15 cents and presented at a certain counter.

If at the end of the dance, the gent no longer wanted the tie, it could be turned in later on and the 15 cents refunded.

So they're wearing neckties now at the Luna Park pavilion, which is quite a feather in the cap for Youngstown, O.

WELL, HE WAS POLITE

MEMPHIS, Tenn.—L. L. Wright reports an encounter with a polite robber. He was walking along the street the other night when a car pulled up alongside him. "I'll take your wallet, please," the occupant of the car said, as he pushed a gun into Wright's back. Wright handed over the pocketbook, the robber extracted the $27 it contained, and handed the empty container back to him again. "Thank you," he said, and got in his car and sped away.

Bulgaria put out a stamp showing the devastation caused by the bomb outrage in Sofia Cathedral in 1925, but the stamp recalled too many tragic memories and had to be withdrawn.

Flapper Fanny

It takes a hard-headed young lady to clean up these days.

THE PLAINSMAN GETS SOME MAIL

COUNTRY SCHOOL TEACHER AGAIN TAKES HIS PEN IN HAND—WRITES ON CZAR CAPONE

Well, well, well, at last the law is getting around to its due and Scar Face Al Capone is in its lunch hooks. After all these years that they have suspecting him of doing a little devilment, they have now caught him doing something really serious. True is the old adage, "Give a man an inch and he will take a mile." Like many another man who at the height of his career is dragged through the dust of defeat, Al wouldn't stay within reason. Nobody cared if he ran the nation's biggest beer business. Nobody seemed to mind if he disposed of his rivals with hot lead instead of the customary hot air. But when it was discovered that Al had been dodging taxes as well as bullets, why it was more than the American people would stand for, so they plodded to the attic, after their long discarded conscience and swore that this outrage should not be unpunished. To allow taxes to go unpaid would be to strike at the very roots of our American independence—graft.

Al had a hard time getting to the top. He had to fight every pint of his way and one little error cost him his entire career. Way back in 1926, before he had acquired all the methods of big business, secretary No. 34 must have forgotten to pay Al's income tax and so now they've got him. If he had had the proper checks this could never have happened. And they are being almost cruel to him now. Why they've even gotten spiteful and catty enough to charge him with conspiring to violate the Federal Prohibition Law, which his really hounding him too much. It is certainly just that he should suffer three slaps on the wrist or other severe punishment for short changing Uncle Sam but to put him under bond for peddling booze is too catty for words. Is there no justice! Are we to stand meekly by while all the standards of American justice are trampled underfoot as ambitious, vote-seeking States attorneys strive to drag Innocent Al's name, through a puddle of liquor and a vat of beer? God forbid. Let them punish but they shall not persecute our Al.

Poor fellow, they've got abo five thousand charges against hi That is a lot. (Nearly as many the stores in Lubbock have agai me, judging from the mail I get the first.) (Authors note. I nev read them anymore, however.) the time they get all those ca tried Al will be a corpse instead a convict and by the time they ha all been appealed, well that's som thing for geologists to toy with their imagination. It'll take an e or an era or something hard than that to spell to finish it If they convict him on all t charges they'll have to figger out way to keep his ghost in jail. T bad that A. Conan Doyle is gon he might have thought up some w to do it.

Now Al has been a reputed gan ster these many years and has see death dealt to many a rat for double-cross and yet Al has ha the effrontery to double-cross th best pal that he ever had, Unc Sam. Uncle fixed him up a ni law so that he could make a lot money but Al has failed to pay h protection so Uncle has put him o the spot.

The world is indebted to Al fo two important things, first, an en tirely original whiskey label "Bo tled UNDER Bond" and secondly a new moral precedent. Our father said to us "Son, work hard an fear the Lord and you will be dul rewarded." Now we will say to our "Son, you can kidnap, shoot, boot leg, and steal but whatever you do PAY THEM TAXES!

Let us hope that no incensed mo will tear Al to pieces before h comes to trial. Anything is liabl to happen with the American righteousness roused to the pitch that only tax evasion could pro duce. A murder is scarcely noticed but when we are being gyped ou of money we Americans are ver emotional.

Now, here is a tip to policemen. You won't catch any gangsters an hoodlums in the speakeasies an night clubs for awhile. The wor to do it after Al's downfall is "u just hang around the tax collector office and they will all show up!

The Country School Teacher

YESTERDAY'S ANSWER

WIT NOT WORRIED ABOUT BEING DEAF

WILSON MIZNER, PLAYWRIGHT, SAYS THAT IT IS JUST "BUTTERFLIES IN THE EARS"

SAN FRANCISCO, July 9—Wilson Mizner, wit, playwright, and 200-pound good fellow, is stone deaf, but he isn't letting it annoy him.

Mizner came home from Reno, Nevada, yesterday suddenly deaf and went to see a doctor, he explained to newspapermen who later thronged to his hospital room.

"It's butterflies," Mizner said. "Butterflies in the ears. And the pains are enjoyable, because I know the ears aren't defunct."

"The doctors think the high Reno multitude did something to me," he said. "But I know better. It's from listening to loud speakers at the race track tell you you aren't in the money.

"I wired my brother Addison in Pebble Beach I was stone deaf. He came right back with a telegram which said 'What do you care? You've heard everything.'"

The humorist said Reno was "so good even that Bore-Hound-in thing can't hurt it. If you don't laugh in Reno, you're through. There's so many laughs there the reformers are bound to come down on it."

Mizner said all day long he'd had a sound in his ears like the ringing of a well-known New York night club hostess.

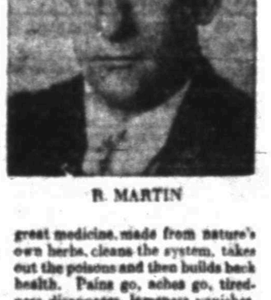

"If that keeps up, I'll have to be operated on sure," he quipped.

DALLAS ATHLETIC DIRECTOR RECOMMENDS FAMOUS MEDICINE

Uses Herb Extract to help keep himself physically fit and urges others to try it

Thousands of letters come to the office of the Herb Juice Corporation praising the virtues of Herb Extract (formerly called Herb Juice) and telling how it has restored health and happiness to those who are suffering. But here is a letter that we prize above all others because it comes from a man who is a specialist at keeping people in good healthy condition. Mr. R. Martin, one of the best known athletic directors in Dallas tells his own startling story of the benefits of this world famous medicine—

"As surprising as it may seem and although I exercise daily, I have suffered from constipation and gas for years," said Mr. Martin. "In fact whenever I would eat certain hard-to-digest foods, I always suffered afterwards with bloating spells and gas on my stomach. Of course I have tried almost every kind of medicine to overcome my trouble, but nothing has done me so much good as your wonderful Herb Extract. You certainly are doing a great work in making this medicine available to everybody. I had never had such wonderful relief from anything."

R. MARTIN

Why should you suffer?

Don't let yourself become discouraged because everything you have tried has failed. Cheer up. It's remarkable how this great medicine, made from nature's own herbs, cleans the system, takes out the poisons and then builds back health. Pains go, aches go, tiredness disappears, lameness vanishes. Then your appetite returns, strength picks up, muscles get strong, your head clears up and soon you're happy again!

Thousands testify to Herb Extract's effectiveness. It's so complete, so effective, that you don't need any pills with it. Try it today—at your drug store.

It will bring

prompt relief from

Rates, Rules and Requirements of Classified Advertising Of The Lubbock Daily Journal (Afternoon) Lubbock Morning Avalanche (Morning) Sunday Avalanche-Journal (Sunday Morning)

All classified advertising will appear in both the Morning and Afternoon papers—both papers counting one insertion. All classified advertising is printed in the Lubbock Morning Avalanche first and the Daily Journal of the same date, no classified originating the afternoon paper.

Classified for Sunday's issue will appear in the Avalanche-Journal counting one insertion, as this paper is sent to all subscribers of both the afternoon and morning papers.

AVALANCHE-JOURNAL Combined Rates:

Minimum words, per insertion, 10.

One insertion, per word 4c
Two insertions, per word 6c
Three insertions, per word 7c
Seven insertions, per word 10c
Thirty insertions per word 40c

These rates are for consecutive insertions only. Additional consecutive insertions over 30 times, at 10c per word per month.

All out of town ads, received by mail must be Cash with order. No exceptions.

PHONE 13 or 14

Our experienced ad taker will receive your ad and advise you how much it will be. Our collector will call the following day. These accounts are "accommodation accounts" for our patrons and for one day only. No advertisements accepted on an "until forbid" order, but specified number of insertions must be given.

We reserve the right to place an advertisement under the proper classification and reject undesirable or objectionable copy.

Obituaries and cards of thanks at regular classified advertising rate.

The publishers are not responsible for any omission, typographical error, or any unintentional error that may occur further than to correct it next issue after it is brought to their attention. All advertising orders are accepted on this basis only.

Classified Advertising accepted until 8:30 P. M. on week days, and 1:30 P. M. on Saturdays and will be placed under proper classification. Classified advertising received after 8:30 P. M. will be placed under "Too Late To Classify."

For classified display advertising information,

PHONE 13 or 14

TO DISCONTINUE AN AD

Notice to Discontinue An Ad must be given after 8 A. M. and before 5 P. M. in order to appear in the Classified Advertising Department. We cannot be responsible for notice given before or after these hours, nor to a member of some other Department.

4a.—Card of Thanks.

CARD OF THANKS

Words cannot express our gratefulness, but we take this method of thanking our neighbors and friends for their help and words of sympathy during our recent bereavement, the illness and death of our mother, Mrs. John Dean. Especially do we thank Genevieve Roberts for her faithfulness and usefulness during all the months that she cared for our mother.

Mr. and Mrs. J. C. Dean.

NOTICE OF FIRST MEETING OF CREDITORS

In the District Court of the United States For the Northern District of Texas In The Matter of Andrew Jackson Crager, Bankrupt. No. 118 in Bankruptcy.

OFFICE OF REFEREE
Lubbock, Texas, July 6, 1931.

To the Creditors of Andrew Jackson Crager of Lockney in the county of Floyd and District aforesaid, a bankrupt. Notice is hereby given that on the 6th day of July, A. D., 1931, the said Andrew Jackson Crager was duly adjudged bankrupt, and that the first meeting of his creditors will be held at my office in the City of Lubbock, Lubbock County, Texas, on the 17th day of July, A. D., 1931, at 10 o'clock in the forenoon, at which time the said creditors may attend, prove their claims, appoint a trustee, examine the bankrupt and transact such other business as may properly come before said meeting.

W. D. GIBAND,
Referee in Bankruptcy.

NOTICE OF FIRST MEETING OF CREDITORS

In the District Court of the United States For the Northern District of Texas In Bankruptcy, Lubbock, Texas, In the Matter of McGuire and Russell, a Partnership Composed of Robert Edward Lee McGuire and Thomas Cleveland Russell, and Individually. Bankrupt. No. 119 In Bankruptcy.

OFFICE OF REFEREE
Lubbock, Texas, July 6, 1931.

To the Creditors of McGuire and Rus- sell, a partnership and individually, as aforesaid, of Floydada, in the county of Floyd and District aforesaid, a bankrupt. Notice is hereby given that on the 6th day of July, A. D., 1931, the said McGuire and Russell, a partnership and individu- ally, was adjudged bankrupt, and that the first meeting of his creditors will be held at my office in the City of Lubbock, Lubbock County, Texas, on the 18th day of July, A. D., 1931, at 10 o'clock in the forenoon, at which time the said creditors may attend, prove their claim, appoint a trustee, examine the bankrupt and trans- act such other business as may properly come before said meeting.

W. D. GIBAND,
Referee in Bankruptcy.

Italian shipyards along the Adriatic are operating at capacity.

DAILY MARKETS

Cotton Market

NEW YORK REPORT

NEW YORK, July 9. (AP)—Cotton opened steady today, 5 to 11 points lower with July selling off to 9.26 and December to 9.79 during the early trading under further liquidation and local or commission house selling.

The latter was promoted by the relatively easy showing of Liverpool and private reports of rains in Texas and Oklahoma. Offerings increased slightly following a private report making the condition of the crop 73.8 as of July 1st and the indicated yield 13,375,000 bales, but were well enough absorbed by trade buying and covering to steady the market at the net declines of 13 to 17 points toward the end of the first half hour.

Liverpool cables reported local and continental liquidation in that market owing to a bearish interpretaton of yesterday's acreage figures but said the demand for cotton cloth from India and China was maintained.

Offerings were sufficiently well taken on the early decline to cause rallies of 5 or 10 points from the lowest, but the market eased again later in the morning under continued realizing or liquidation which included some rather heavy selling of October by brokers credited with operating for the cooperative interests. At midday July was selling around 9.2 and December 9.77, with the general list showing net declines of 15 to 18 points.

NEW ORLEANS REPORT

NEW ORLEANS, July 9.—(AP)—Cotton opened fairly steady today as cables were slightly better than due and first trades here showed gains of three points. As New York opened lower and good rains were reported in Oklahoma, where badly needed, the market soon eased off, October trading down to 9.56 and December to 9.78, off 13 points under yesterday's close.

As soon as these offerings were absorbed however, the market rallied, recovering four to six points of the loss and at the end of the first hour ruled quiet and steady.

The market ruled quiet all morning, prices fluctuating narrowly within the earlier range, the detailed weather map showing good rains in Oklahoma and northwest Texas caused some selling as did also a private crop estimate of 13,375,000 bales.

Near mid-session, October traded to 9.62 and December at 9.84, or 7 points below yesterday's close.

NEW ORLEANS OPEN

NEW ORLEANS, July 9.—(AP)—Cotton futures opened steady.

July 9.36; Oct. 9.71; Dec. 9.91; Jan. 9.99; March 10.19; May 10.39—asked.

NEW YORK OPEN

NEW YORK, July 9.—(AP)—Cotton futures opened steady.

July 9.33; Oct. 9.56; Dec. 9.90; Jan. 10.00; March 10.15; May 10.32.

Grain Market

CHICAGO REPORT

CHICAGO, July 9 (AP)—With Liverpool reporting cheaper Russian offerings of wheat and large tenders on contracts, grains averaged lower early today. Fresh low price records unsurpassed since 1896 were reached by wheat. Opening unchanged to 3-4 cent down, wheat later showed an all around setback. Corn started 3-8 off to 1-4 up and held near the initial limits.

Kiwanis Club Hears Sadler's Musicians

Members of the troupe of players with Harley Sadler and his show entertained Lubbock Kiwanians today noon in the Lubbock hotel.

H. D. Woods was presiding in the absence of President Jack M. Lewis, Dude Buster was in charge of the program and introduced the entertainers.

Several numbers were given by Les and Wiley, the Alabama boys with violin and banjo after which the West Texas Quartette composed of boys who claim Lubbock their home. They are: Howard Kidwell, Cecil Gunn, Minis Meek and Tony Dyess.

Both groups were encored several times by the club.

Continue Series Of Sermons At Revival

Rev. W. F. Ferguson of Slaton, who is preaching at the West End Baptist revival, is continuing this evening with his series of sermons on the second coming of Christ. Crowds are growing larger each evening, Rev. B. P. Milburn, church pastor, announced this morning.

Morning services are conducted daily at 10 o'clock and Reverend Ferguson is making a series of talks on prayer. Evening song services begin at 8:15 o'clock. The church building is at 10th street and College Avenue.

Salvation Army Man Is Taken By Death

Gregory Stapp, about 50, sergeant-major of the Salvation Army corps here, died at 9 o'clock this morning in a Pampa hospital following an operation.

Stapp lived at 1419 Avenue F. He went to Pampa in connection with the wheat harvest last week. He became ill and was taken to a hospital.

Capt. W. T. Wilson, head of the Salvation Army here, was notified of Stapp's death.

Livestock Market

KANSAS CITY REPORT

KANSAS CITY, July 9 (AP)—(U. S. D. A.)—Hogs 2,500; no direct; fairly active and uneven, 10-25 higher; top 7.15 on 180-220 lbs. 140-250 lbs. 6.50-7.15; 250-290 lbs. 6.10-6.80; 290-350 lbs. 5.65-6.35; packing sows 275-500 lbs. 4.15-5.15; stock pigs, 70-130 lbs. 6.50-7.25.

Cattle 3,500; calves 500; early sales fed yearlings and light steers steady to weak; bidding around 25 lower on most fed steers; early top 8.25 on light yearlings; steers, 600-1500 lbs. 6.25-8.75; common and medium 600 lbs. up 4.25-7.00; heifers, 550-850 lbs. 6.50-8.25; cows 4.00-5.50; vealers (milk fed), 4.00-7.00; stocker and feeder steers, 5.00-7.25.

Sheep 2,000; lambs fully 25 lower; spots off more; sheep and yearlings steady; top native lambs 7.00; lambs, 90 lbs. down 6.25-7.25; ewes, 150 lbs. down 1.00-2.00.

FORT WORTH REPORT

FORT WORTH, July 9. (AP)—(U. S.D.A.)—Hogs 500, including 100 through. Light and medium weight, steady to strong; heavy rail butchers 10-15c higher; rail and truck top 7.25; 175 to 265 pound rail hogs 7.25; bulk light and medium weight truck hogs 7.10-7.25; packing sows 4.50-4.75 or steady.

Cattle 2,100, including 800 calves. All classes cattle steady, some strength in bulls; grass slaughter steers, 4.25 to 4.75; heavy slaughter yearlings mostly 7.00-7.65; good fat cows around 3.25; low cutters 2.00-2.25; butcher cows mostly 2.75; bulls, 2.50 to 2.75; stockers and feeders scarce; slaughter calves strong to 25c higher; heavy slaughter calves 6.65; others mostly 5.00-6.00.

Sheep 900; fat lambs strong to 50c higher; few aged fat wethers steady; 2 decks good fat lambs 5.50; one deck at 5.00; aged fat wethers 2.50.

Stock Market

WALL STREET REPORT

NEW YORK, July 9. (AP)—Stocks wobbled uncertainly today, moving generally in a narrow range on either side of the previous close. The market was dull.

An early sag was followed by a rally that eliminated the small losses, but the market turned heavy again, leading shares losing 1 to 1 1-2. This decline was followed in turn by another period of firming prices. General Motors was firm throughout, U. S. Steel showed a maximum decline of a point, Auburn was erratic despite the favorable quarterly earnings statement. Rails were steady.

Call money renewed at 1 1-2 per cent.

Modernism Scored By Lutheran Synod

GIDDINGS, July 9. (AP)—F. Pfotenhauer, general synod of the Texas District Missouri Lutheran Synod, scored modernism within the Lutheran congregations and urged staunch adherence to the verbal inspiration of the scriptures.

Pfotenhauer delivered the report of the geneal body.

Today was the third of the seven day convention of the synod. The convention will continue though Tuesday of next week.

Heads of the synod reported that a Lutheran school would be opened at Galveston.

Opening Service Of Revival Is Tonight

Due to the storm Wednesday night, the opening service of the revival campaign to be conducted in Lubbock by members of the Foursquare Gospel church of Los Angeles was postponed until tonight, Mrs. Anna L. Benton, evangelist in charge, announced this morning. The services are to be held every night at 7:45 in a tent tabernacle at the corner of Avenue L and 19th street.

Only a slight rent was made in the tent by the wind last night, Mrs. Benton said. The services, just started, were called off due to the storm.

Members of the traveling evangelistic party are followers of Aimee Semple McPherson, nationally known leader of the Angelus Temple in Los Angeles and founder of the church. They plan a two or three weeks campaign in Lubbock.

TO ATTEND HEARING

J. C. Levens, assistant city attorney, left this morning for Santa Fe, N. M., where he will participate in an interstate bus hearing late this week. He expected to return here early next week. Levens represented bus interests at a rate hearing at Austin recently.

NAME MURRAY CO-OP CHIEF

ANNOUNCEMENT MADE OF SELECTION ON WEDNESDAY NIGHT

DALLAS, July 9 — (Special)—Formal announcement of the election of R. J. ("Bob") Murray of Lubbock by the board of directors as general manager of the Texas Cotton Cooperative association was made here Wednesday. He is expected to assume his duties within the next several weeks.

Mr. Murray has for twenty years been closely identified with the farming, banking and business interests of the state, particularly in the West Texas area, and at present is general land agent of the Santa Fe railway system, with direct supervisory and advisory capacities over about 2,500 farms of the section embracing approximately 400,000 acres. Mr. Murray, through tenants, operates about 3,300 acres of his own in Deaf Smith, Dickens, Garza, Lubbock and Cochran counties.

Is Civic Leader

He has also been closely identified with all civic matters in that section, having been president of the Slaton and Lubbock Chambers of Commerce, former president of the Slaton and Lubbock Rotary clubs, former president of the South Plains area Boy Scout council, mayor of Slaton for eight years, and at present president and director of the Slaton State bank with bank interests in other institutions.

Mr. Murray stated that opportunity for his association with the cooperative movement in an official capacity came as a surprise to him but that in accepting the position he did so "for the great opportunity that was presented to render a service to the cotton farmers of Texas. "The movement is right," Mr. Murray said. "It has made materia' progress and I am sure that within the next five years we shall see the cotton cooperatives of the South practically in control of cotton marketing. "I am confident," he stated, "that deliveries to the Texas association this season will materially increase over the 616,000 bales delivered last year."

Comments On Opposition

Commenting upon the opposition that has been launched against the movement, Mr. Murray said that "the opposition is not particularly interested in the attack they are making against the farm board and the agricultural marketing act, but they are intensely interested, through this source, of preventing the farmers further organizing themselves into an efficient, business organization." That the primary reason behind the success of the cooperative marketing program rested in the farmers' faith, was brought out by Mr. Murray.

"The farmer has faith in the agricultural marketing act, in the administration of the cooperative structure by the various state cotton cooperative associations, in the capabilities and management of the federal farm board, and in the knowledge that the farm board exercises strict supervision over the state units," he said.

Mr. Murray has resided in Texas practically all of his mature life, and has been closely identified with agriculture in its various phases. He is a strong believer in the matter of farm diversification, a well balanced farm program, and the adaption generally of the farm "live-at-home" policy. In his connection with the some 2,500 farms from Gaines county on the south to Ochiltree county on the north, he has stressed these factors, and has been largely instrumental in furnishing money on long-time repayment to stock these farms with cows and hogs.

It is understood that Mr. Murray and his family, a wife and two sons, soon will make their residence in Dallas.

TWO INDICTED IN SLAYING OF GUARD

SPOTTSVILLE, Ky., July 9. (AP)—Two workmen were killed and two seriously injured when a steel vehicular bridge being built over the Green river collapsed yesterday.

The dead are Pat McCoun, 45, Spottsville, and William Meinkheim, 43, Mt. Vernon, Ind. The injured, Vernon Hinton, 35, Morganfield, Ky., and J. W. Flynn, 38, Fort Worth, Texas, were taken to a hospital at Henderson. Attendants said their conditions were serious.

The killed and injured were working on the underside of the structure and were buried beneath the wreckage. Six other men leaped to safety before the mass of steel plunged into the river bed.

Negroes Questioned In Death Of Woman

Authorities yesterday queried several negro witnesses in connection with the murder of Bertie Robinson, a negro woman, here late Monday night.

A murder charge was filed in justice court against Betty Heron, another negro woman, whose condition is serious as a result of knife wounds. The Robinson woman was stabbed in the throat.

The Heron woman has not been arrested because of her condition, Sheriff Wade Hardy said.

Joe Netter, who carried the Heron woman to her home after the altercation, yesterday told County Attorney Vaughn E. Wilson of a conversation with the woman.

COMMISSION TO MEET

City commission was to convene formally at City hall at 2 o'clock this afternoon. Only routine matters were expected for consideration, Acting City Manager W. H. Rodgers indicated.

EAST TEXAS IS GIVEN BLAME

GIANT OIL AREA HELD RESPONSIBLE FOR THE DISTRESS

TULSA, Okla., July 9 (AP)—Upon the giant East Texas oil producing area Frank Phillips, president of the Phillips Petroleum company, tags the burden of blame for existing economic distress in the petroleum industry.

As East Texas goes, so goes the oil business, Phillips believes.

Orderly development of the great East Texas pool with control of its flush output, should enable favorable economic conditions prevailing elsewhere in the industry to make themselves felt, he told the Associated Press.

"Examination of the present statistical position of the oil industry does not disclose adequate explanation for its existing demoralization," he said.

Decline Since Fall

"Crude oil stocks have been declining almost continuously since October, 1929. Stocks of gasoline are nearly 7,000,000 barrels below those of a year ago. Although exports have fallen off, there has also been a decline in imports.

"Domestic consumption has been running about on a level with last year, and the overall demand shows only a small decrease.

"New wells completed in May number less than 500, compared with more than 1,200 in the same month last year.

"One must look elsewhere for the explanation of the deplorable conditions prevailing. They are partly a psychological reflection of the general in the world-wide depression, but the most potent, specific cause is lack of control of the great East Texas pool and fear that this will undermine and destroy the effective regulation of production established throughout the rest of state in Oklahoma, California and elsewhere.

"It now appears that irrational, competitive development and production in that pool has about run its course and that immediate steps will be taken to establish certain and effective control of that area.

Improvement Seen

"With this accomplished, the favorable economic conditions elsewhere prevailing throughout the industry will have an opportunity to make themselves felt."

The East Texas area's present production is about 350,000 barrels daily, or 190,000 barrels in excess of the maximum allowed output fixed by the Texas railroad commission.

When the area was discovered, about six months ago, the market for the grade of oil which it yields was slightly more than $1 a barrel. Today the average price for the area's oil is less than 20 cents a barrel.

Referring to the rich East Texas pool as an "unwelcome treasure" the current issue of the "lamp," official publication of the Standard Oil company of New Jersey, expresses a view similar to that of Phillips.

Says the "Lamp"

"The discovery of the East Texas field could hardly have been made at a less opportune time. For several years the industry had enforced upon itself drastic curtailment of production in order that current demand might overtake supply. Above ground stocks were still extremely burdensome. Established producers everywhere had carefully refrained from drilling unnecessary wells, and a new oil field was the last thing anyone within the industry wanted to see.

"In fact, if some arch enemy of the petroleum industry had sought to do it the greatest possible injury he could scarcely have hit upon a more diabolical scheme than to bring upon it this new oil field, larger in size than any previously discovered, with prolific wells of comparatively shallow depth."

PACIFIC FLIERS

(Continued from Page One)

2:10 a. m. (7:10 a. m. e. s. t.) and got away an hour and twenty minutes later. They had averaged only about 70 miles an hour on the 520 mile stretch from Fairbanks to Nome.

When the planes headed across the Bering sea the Fort Worth was 26 hours 33 minutes out of Seattle and had covered approximately 2,100 miles of her route. Tokyo still was some 3,000 miles away.

Behind Schedule

On leaving Nome the fliers had used up nearly half of their 55 hour time schedule and had covered a little more than one-third of their route.

As the Fort Worth headed westward the refueler settled to the field here and mechanics immediately began loading her with gasoline for the trip over the Bering sea and Siberia.

Mattern said he was not sure where the next refueling contact would be made or when.

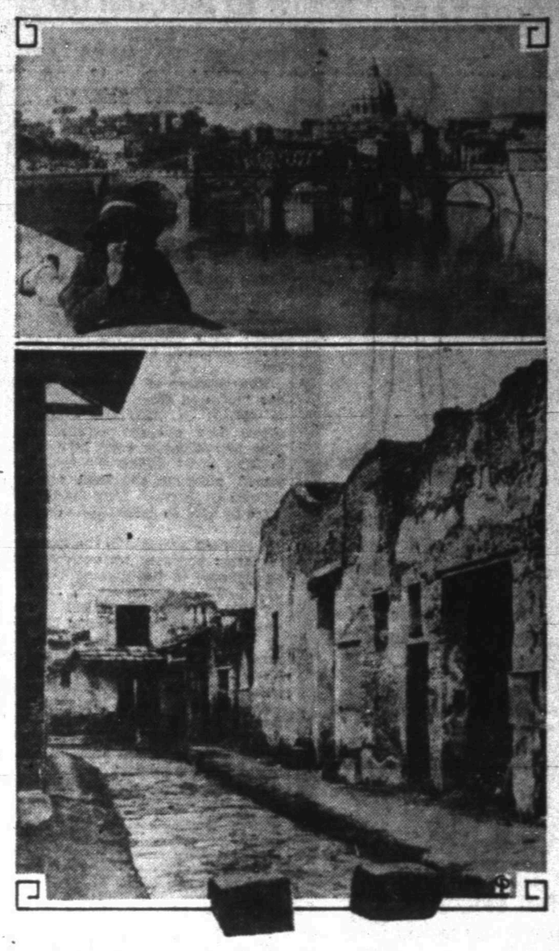

Suicide Verdict Is Returned In Death

WICHITA FALLS, July 9. (AP)—A verdict of "strychnine poisoning and therefore suicide" was returned by a justice of the peace Thursday upon investigation into the death of Jim Stovall, salesman from Tulsa, Oklahoma, whose body was found early this morning in the rear of a downtown garage here.

Several letters addressed to friends and relatives, and written in a steady hand, had been placed in a desk drawer in the office, a search revealed. Despondency was given as the cause for suicide. Stovall, an ex-soldier, had been in ill health for some time, it was learned.

Uncle Sam's first pearl farm is located in Kaneohe Bay, Island of Oahu, in the Hawaiian group.

WHAT WINNING BOYS IN THE NATIONAL INTELLIGENCE TEST WILL SEE ABROAD

Top, view of the river Tiber flowing through Rome; below, a street in ancient Pompeii.

ENTRY BLANK

For

National Intelligence Test

Conducted by Central Press Association and the Avalanche-Journal.

Six high school boys receiving the highest grades—one from each of six sections of the country—will be awarded a personally conducted tour of Italy and the Mediterranean with all expenses paid.

Dear Sirs:

I desire to participate in the examination to be held at Texas Technological College, Saturday, July 11, 1 p. m. until 5 p. m. and you are to enter my name.

DISARMAMENT PICTURED

CURTAILMENT OF ARMY COSTS SEEN RESULT OF MORATORIUM

WASHINGTON, July 9. (AP)—A long stride toward world disarmament is viewed by the administration as a possible outstanding result of the one year moratorium on war debts.

President Hoover hopes that the general disarmament conference at Geneva next February will bring about curtailment of the growing costs of armies, navies and fortifications and thereby ease the world's economic burdens.

War Fears Cited

Three times in the past three months, the chief executive has linked world economic rehabilitation with the success of the forthcoming disarmament conference. In announcing the agreement of the major ports on the debt holiday, Mr. Hoover stressed that among the causes of the world-wide economic depression are "the burdens imposed and the fears aroused by competitive armament."

The American government plans to participate officially and fully in the Geneva conference, to be held under the auspices of the League of Nations. Secretary Stimson, who led the American delegation to the London arms conference, is in Europe to confer with continental statesmen on plans for the next parley.

While the administration's expectations were discussed in official circles, Sir Ronald Lindsay, the British ambassador, has notified the American government of the action of the English government in summoning an experts' conference to work out the details of the moratorium plan.

Castle Confident

Acting Secretary Castle expressed confidence in a formal statement that little difficulty would be encountered in working out the details. He also made known that the American government was ready to cooperate heartily with the experts.

The gratitude of the German people for President Hoover's action in proposing the moratorium to relieve Germany was expressed in a message to the White House from President Von Hindenberg.

The executive committee of the International Chamber of Commerce at Paris forwarded a resolution here endorsing the moratorium.

NEGRO SURRENDERS

BROWNWOOD, July 9 (AP)—James Scott, 31-year old negro, gave himself up to officers yesterday after shooting his negro sweetheart, Daisy Jone, 22, three times with a shotgun, fatally wounding her. He was charged with murder for the slaying. Both came to Brownwood three weeks ago from Temple.

INVITES FLIERS

AUSTIN, July 9 (AP)—Governor Ross S. Sterling has invited Wiley Post and Harold Gatty, famous round the world speed fliers, to visit Austin on their proposed national tour, scheduled to begin within a week or ten days.

SHOWERS FALL OVER AREA

SCATTERED SECTIONS ASSURED ADEQUATE RAIN FOR CROP

Moisture adequate to tide cotton and grain crops through summer months virtually was assured in scattered South Plains districts which received rain last night. A shower fell at Lubbock shortly before 9 p. m., during a heavy wind and sand storm. Although skies were cloudy at midnight, precipitation thereafter was negligible.

Several points on the South Plains reported heavy precipitation. At Slaton rain began at about 8:30 p. m. and continued several hours, the blanket of moisture extending to Southland and Tahoka. Post reported a heavy rain, starting at 10 o'clock.

Districts suffering the most from lack of moisture, however, had not received relief at midnight. Crosbyton, Ralls and O'Donnell reported very little rainfall. Traces of precipitation were reported at Littlefield and Brownfield. Lamesa had received no rainfall.

A heavy rain of almost two hours' duration, fell at Plainview, according to information received here.

A good rain also fell at Floydada.

Rainfall and windstorms were reported at Pampa, Abilene, San Angelo, Gainesville and McKinney, according to Associated Press dispatches. Very little damage was reported.

Throughout the state temperatures climbed high. Many points reported the mercury, after climbing to, or about the maximum for the season, plunged under the impact of rain and wind storms.

The maximum temperature here yesterday was 95 degrees, 10 degrees below the maximum record this season, D. L. Jones, superintendent of the state experiment farm, four miles east of Lubbock, said last night.

INTELLIGENCE TEST

(Continued from Page One)

cash third prize, $5 in cash fourth and $2.50 cash fifth. Should no boy be successful in the national contest, the Tech scholarship will be first prize, the $10 cash second, $5 third and $2.50 fourth.

Three members of the Tech faculty, Cecil Horne, journalism department, R. A. Mills of the English department and Dr. R. E. Garlin of the education department, have been selected as judges by President Paul W. Horn for the local examinations. They will be in charge of the examination Saturday.

Every boy entering the contest is expected to bring his own fountain pen as the test must be taken in ink. Paper will be furnished all contestants.

Six Winners

The six boys will be chosen from six equally-divided sections of the United States and, soon after the papers have been graded they will be notified and transportation from their home city to New York advanced. There they will be met and taken aboard the S. S. Vulcania, one of the most palatial and modern of ocean liners. The trip will be under the personal supervision of a man well-qualified to act as guardian for the boys, and who will accompany them throughout the entire itinerary.

The Vulcania sails from New York July 30, touches at Boston July 31, the Azores August 5. From the Azores, the ship proceeds to Lisbon, Portugal, arriving August 7, then to the Island of Majorca, August 8, Cannes, on the French Riviera, August 10; Naples the eleventh, Patras, Greece, on the twelfth, and landing at Trieste, Italy, August 14.

Land At Trieste

From Trieste the tour of Italy begins, and there is hardly a place of interest on the entire Italian map which will not be visited. Returning, the boys sail from Naples September 19 on the S. S. Biancamamo, arriving in New York City September 28.

It's a real summer vacation and you may be one of the six boys chosen to enjoy it. At any rate, it's worth a try. Just fill in the blank on this page today and appear at the Room 220, Administration building of Texas Tech to take the test.

FARM CENSUS IS RECEIVED

TENANT FARMERS ARE INCREASED, U. S. SUMMARY SHOWS

A marked decrease in the number of Texas farms operated by owners and a corresponding increase in the number farmed by tenants are shown in a summary of the 1930 farm census of Texas from the census bureau of the United States department of commerce.

An increase in the number of farms in the state and in head of milch cows and poultry is shown. Other livestock decreased in number.

The number of farms in Texas has increased from 436,033, in 1920 to 495,490 in 1930, the summary shows. The average acreage per farm has decreased from 261.5 acres to 252.4 acres during the ten-year period, although the total acreage showed an increase from 114,020,621 acres in 1920 to 125,041,764 acres in 1930.

A marked decrease in the number of farms operated by owners and an increase in the number farmed by tenants is shown by the report. In 1920, a total of 201,210 farms was operated by owners and 232,309 by tenants. In 1930, only 190,391 were being farmed by owners, while 301,535 were being operated by tenants. Although only 3,564 farms were being operated in 1930 by managers, a total of 19,877,348 acres were under managerial control as compared with 14,332,860 acres in 1920 under 2,514 managers.

Increase in the number of small farms also was shown in the report, as follows:

Size of Farm—	1930	1920
Under 3 acres	2,259	793
3 to 9 acres	12,644	7,099
10 to 19 acres	31,205	17,986
20 to 49 acres	120,657	110,387
50 to 99 acres	123,483	119,427
100 to 174 acres	106,864	96,792
175 to 259 acres	38,936	32,121
260 to 499 acres	33,232	27,452
500 to 999 acres	14,326	12,709
1,000 acres and over	11,884	11,267

Decreases in the number of heads of livestock, except milch cows and mules, may be seen by the following table:

Livestock—	1930	1920
Horses	746,688	991,362
Mules	1,032,993	845,932
Cattle	5,567,175	6,156,715
Milk cows	1,093,061	833,586
Hogs	1,048,561	2,225,558

THE TINYMITES

STORY by HAL COCHRAN—PICTURES by KING

(READ THE STORY, THEN COLOR THE PICTURE)

WEE CLOWNY landed safe and sound upon the ship and there he found the captain waiting for him, with a frown upon his face. "How come you board my ship this way?" the captain said. "You cannot stay unless you have a ticket. To the dock you'd better chase."

"Oh, no," said Clowny. "I'm all right. You see, I'm Clowny Tinymite and just to thrill the others I rode on a load of freight. The others soon will be aboard." Just then the ship's big whistle roared. "Oh, my," continued Clowny. "I just hope they are not late."

Of course his frightened hope came true. The next thing that the youngster knew, the Travel Man cried out, "Hey, there! You'd better come with us. The other Tinies are up front. You surely pulled a foolish stunt. If I weren't here to save you, it would start an awful fuss."

Then to the Captain Clowny was presented. He was glad because the captain turned quite friendly and exclaimed, "You're welcome, lad. I'll have to meet the others, too. Then I'll do all I can for you to see that you enjoy this trip." 'Course this made Clowny glad.

And then the ship sailed out to sea. It was as thrilling as could be. For long, long hours they traveled on. They were Australia bound. At last, when they arrived in port, they all looked forward to real sport. "Where will we go first?" Clowny asked. "Where can a beach be found?

"I'd like to swim 'cause it is hot. Please lead me to a bathing spot." "All right," replied the Travel Man. "We'll find one right away." They jumped into an auto and were shortly playing on the sand. "Oh, gee," said Scouty, "this sure is a dandy place to stay."

(The Tinymites have more fun on the beach in the next story.)

JUST A BAG OF WIND

JACKSON, Miss. — The circus barker was blowing up Elno's act. Elno was the "man with the iron tongue" and was going to lift 500 pounds with his tongue. As he made ready and got his tongue wrapped around the wire holding the weights, the show's sword-swallower, unfriendly to Elno, stuck a dagger into the strong man's weights. They exploded, being nothing but inflated balloons.

It Must Have Been A Grand, Glorious July Fourth Party

CHICAGO, July 9 (AP)—Matthias Stieren, 36, was shot and wounded July 4, but didn't know it until Tuesday.

A headache prompted him to call a physician. He was taken to a hospital, where a bullet was found in the fleshy part of his neck.

Stieren remembered that he thought something had hit him July 4, but paid no attention to it at the time.

THE ITCH CURE

NELSON, B. C.—Members of the local police force saw seven Doukhobor women, members of a nudist cult, sitting on a fense sunning themselves. The police ordered the women to put on clothes and, when they refused, threw itch powder on them. It so happened that one of the Doukhobor males was standing close by and he turned the full force of a strong water hose on the officers, giving them a sound drenching.

GINNERS MEET WEDNESDAY

CROP CONDITIONS AND GINNING PROBLEMS ARE DISCUSSED

Crop conditions and ginners' problems were discussed and plans made for the annual meeting here next month of the South Plains Ginners association at a called meeting of a hundred South Plains ginners here last night, George A. Simmons, vice-president of the association, said.

The meeting was held at Hotel Lubbock. R. E. Patterson of Lockney, president, presided. About 40 towns were represented.

Westbrook Speaker

Lawrence Westbrook, former Texas representative of the American Cotton Co-Operative association who was in Lubbock yesterday attending to personal business, made a short talk at the meeting. Mr Westbrook, who owns two gins near Waco, told the South Plains ginners that their problems were similar to those of gin operators of Central Texas. Ginmen in that section are encouraging the farmers to plant better seed to insure a more uniform grade of cotton, Mr. Westbrook said.

Crop reports of practically every section of the South Plains were heard, Mr. Simmons said. Favorable crop conditions were reported to be prevailing in most localities he said. Ginners from Crosbyton Ralls and O'Donnell said more moisture was needed in their communities to insure good crops, he said.

Wages Discussed

While ideas were exchanged regarding wages to be paid during next fall nothing was said about ginning rates, the vice president said.

Program of the annual convention of the association will be announced within the next two weeks according to Mr. Simmons. Exact date of the session has not been set, but it probably will be held about August 15, he said.

MILK-ICE FUND WILL BE AIDED

An old fiddlers contest and a dance are on tonight's program as benefits for the fifth annual Avalanche-Journal Goodfellow milk-and-ice fund.

An old fiddlers contest under the supervision of Tom Martin and C. C. Jones, will get under way at the courthouse at 8:15 p. m. Contestants may still enter the lists today by registering at Martin's Shoe Shop, 1209-A Avenue H. Prizes of $10, $7.50 and $5 will go to the winning fiddlers and the balance of the gate receipts will go to the Milk and Ice Fund.

The City league of baseballers is sponsoring a dance at the Uptown Dance Palace tonight, under direction of Steve Delaney and Dutch Lazenberger. The Buffalo Rhythm Stompers will furnish the noise and a generous split goes to the kiddies.

Cactus plants are now used to produce various drugs, soap, cleaners, water softeners and a boiler compound, which is the latest commercial product of the desert plant and has proved a boon in cleaning and purifying heating systems.

Lost 20 Lbs. of Fat In Just 4 Weeks

Mrs. Mae West of St. Louis, Mo., writes: "I'm only 28 yrs. old and weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago. I now weigh 130 lbs. I also have more energy and furthermore I've never had a hungry moment."

Fat folks should take one half teaspoonful of Kruschen Salts in a glass of hot water every morning before breakfast—an 85 cent bottle lasts 4 weeks—you can get Kruschen at Bowen's Drug, Bowen's Hilton Pharmacy, City Drug Store, Lubbock Drug Company, Mark Halsey Drug, or any drug store in America. If not joyfully satisfied after the first bottle—money back. Adv.

Want to be in the swim?

...switch to Camels

GIVE Camels the hardest test you can think of—take them along on your vacation—into the desert, on the boat, in the woods, to the beach.

Then you'll see why the switch to Camels in the new Humidor Pack is nation-wide.

This scientific wrapping of germ-safe moisture-proof Cellophane seals in *all* the natural factory-fresh aroma—seals it in so tightly that wet weather cannot make Camels damp, nor drought weather make them dry.

It insures every Camel smoker at work or at play the joy of expertly blended fine Turkish and mild Domestic tobaccos kept always in prime smoking condition, throat-friendly, mellow and cool.

A special vacuum-cleaning process frees Camel cigarettes from the sting of peppery dust; the Humidor Pack guards them against being dried-out or soggy whether in sunshine or rain.

As a favor to your throat try Camels—join the throng and switch over for just one day—then quit them—if you can.

Tune in CAMEL QUARTER HOUR featuring Morton Downey and Tony Wons
Columbia Broadcasting System—every night except Sunday

CAMELS

Mild..NO CIGARETTY AFTER-TASTE

● *The Humidor Pack not only keeps your cigarettes safe from your wet bathing suit but also keeps the sand and dust out as well*
