266,000 Idle Over Nation As Result Of Strikes

★★★ FINAL EDITION

RED ARMY ATROCITIES CHARGED

Textile Plants Are Closed By Wage Dispute

Milk Shortage On West Coast Said To Be Threatened

(By The Associated Press)

Fresh labor disputes added thousands of workers to the ranks of idle today, the national total of men and women off the jobs because of work stoppages jumping from 243,000 to 266,000.

The newest and biggest strike was the walkout of approximately 16,500 CIO textile workers in 19

NEW STRIKE BREWING

TULSA, Nov. 2 (U.P.) — A strike of drivers and maintenance men of the Southwest Greyhound Bus Co., which would tie up 900 buses in seven southwestern states, today was reported to be brewing for midnight Saturday night.

plants in three New England states, Maine, New Hampshire and Connecticut. Another 5,000 workers in the San Francisco bay area were made idle because of the strike of AFL and CIO machinists, making the total idle in the region 60,000.

Textile Workers Quit

Some 10,000 textile workers in nine plants in Maine left their jobs in a controversy over wages,

SERVICES INTERRUPTED

DETROIT, Nov. 2 (U.P.) — Western Union facilities in Detroit were interrupted at 1 p. m. today as local 11 of the Commercial Telegraphers Union (AFL) began its threatened five-hour work stoppage.

which vary according to the type of work performed. They have asked for a raise of 10 cents an hour. Eight mills in Connecticut employing 2,500 and two mills in New Hampshire employing 4,000 struck in a dispute over demands for a closed or union shop. No wage issue was involved in their demands.

There was little indication of a settlement of the strike of AFL and CIO machinists in the San Francisco bay area as an additional 5,000 workers were made idle because of shutdown of industries. Some 60,000 workers in about 200 plants are affected by the walkout, which started last Monday over demands for a 30 per cent wage increase for the machinists.

Retail store milk supplies were

HST Asked To Revise Orders

WASHINGTON, Nov. 2. (AP) — A Senate-House committee voted today to ask President Truman to issue a new executive order permitting any government official to volunteer information about the Japanese attack on Pearl Harbor in 1941.

The action came as a compromise after 5 to 3 rejection of a proposal by Republicans that any committee member be permitted to examine records bearing on the committee's inquiry into the disaster.

Revision To Be Asked

The group voted to ask President Truman to revise his Oct. 23 order which Republicans have interpreted as giving the Democratic majority a stranglehold on directing the course of the investigation.

They said that under the October order, that a majority committee vote was needed to obtain government records or to call Army and Navy officials for testimony.

The effect of today's request would be to permit any person in the government not only to give any information he has about the

"What Price Can We Place Upon The Lives Lost If War Is Prolonged A Single Day?" Demands Army Leader

Army, Navy Spats Said To Have Delayed War Against Japs

WASHINGTON, Nov. 2. (AP)—Gen. George C. Kenney told senators today that "Army and Navy arguments and compromises" caused delays in the war against Japan.

Kenney, who directed the Air Forces under General Douglas MacArthur for three years, urged immediate congressional approval of a "single department of armed forces with co-equal, coordinate combatant arms of land, sea and air."

"Even under war conditions the present system (separate Army and Navy departments) frequently resulted in time lost due to Army and Navy arguments and compromises," he said. "If such delays resulted in prolonging the war just one day, what price can we place upon the lives thus lost?"

As to the future, General Kenney said that the "next aggressor" was certain to turn to the newer more powerful weapons such as guided missiles and atomic power, with the United States liable to become an active theater.

"We are not looking for a beautifully dressed parade Army and Navy," he said. "We want and need an efficient, business-like fighting organization—an organization which gets us there in a hurry and which wins for us and will tolerate equipment only if it is the best available to do its job."

The Navy League of the United States asserted today proposals to merge the armed forces should be studied for at least a year before Congress acts.

At the same time the Senate military committee learned that two top admirals who favored integrating the services in 1944 have changed their minds.

The league's stand maintained the generally unbroken lineup of Army people for the merger and Navy people against it.

The committee learned yesterday that Gen. Douglas MacArthur was strongly for it when he testified before a staff group of admirals and Army highrankers in 1944.

Some surprise was expressed when the same testimony showed Admirals Chester W. Nimitz and William F. Halsey also favored merger at that time.

Single Command In Combat

Halsey was quoted as saying there were no objections if it did not impair the Navy's standing. But last night he issued a statement disclosing he now wants a separate Navy department, although he believes there "must" be a single command when forces are in combat.

As for Nimitz, he already had departed from his 1944 testimony that he favored "a single civilian secretary of the armed forces." He said in a Navy day speech October 27 he wants an independent Navy. He, too, praised unity of command in wartime.

Nips Declare That 300,000 Are Victims

Wholesale Murder And Other Cruel Outrages Cited

(By The United Press)

TOKYO, Nov. 2—The government-affiliated Japanese commission for repatriation and relief of Japanese abroad today charged Soviet troops and Korean Communists with wholesale rape, murder and other atrocities in Manchuria and Korea.

Affidavits the commission said were taken from Japanese residents returning from the Soviet-occupied mainland will be presented to the Far East advisory commission if Gen. Douglas MacArthur approves, Japanese government sources said.

Have Not Been Received

MacArthur's headquarters said, however, that the affidavits had not been received.

The commission's press statement, which contained the unconfirmed atrocity charges against the Red Army, quoted the Manchu Relief society at Seoul in American-occupied territory as asserting that some 300,000 Japanese in Manchuria have been "subjected to the worst imaginable treatment by Soviet troops and Soviets-directed peace preservation corps."

The commission is headed by former Japanese Foreign Minister Hachiro Arita, and works closely with the cabinet.

Forced To Disguise

A Japanese officer who said he had escaped from Hsinking to Korea through Manchuria said that girls and women in Manchuria had been forced to disguise themselves as males by shaving their heads because of "cruel outrages" during the occupation.

Hostesses at "pleasure houses" established for the Soviet troops fled because the "Soviet troops not only refused to pay for their pleasures but even plundered money and goods," the officer charged.

"I reached Mukden at night and found the place in critical condition," the officer's affidavit continued.

Bodies Were Found

"Near the railroad and beneath the railroad underpasses I saw over 30 dead bodies, mostly Japanese mingled with those of Koreans.

"The Soviet troops came into the dark, unlighted trains and

Federal Pay Hike Urged

Truman Wants Salary Scale To Be Revised

Congressmen, Civil Service And Judges Would Be Affected

(By The Associated Press)

WASHINGTON, Nov. 2 — A Senate committee was advised today that President Truman wants the pay of federal civil service workers raised a straight 20 per cent.

He also wants the pay of congressmen boosted to $20,000 a year and the salaries of cabinet members to $25,000. Congressmen now receive $10,000 and cabinet members $15,000.

Conforms To Wishes

Arthur S. Flemming, of the Civil Service commission, told the civil service committee that he was "authorized to state" that such increases would be "in conformity with the program of the president."

Flemming said the president's program also included:

1. An increase in the salary ceiling for professional, scientific and administrative jobs under civil service from $9,800 to $15,000.

Boost For Executives

2. Salaries for heads of executives departments (cabinet members) at the rate of $25,000, for under secretaries and solicitors general $20,000; assistant secretaries and assistant attorney generals, $17,500, and heads of independent agencies and boards, $17,500 or $20,000 as determined by the president.

3. Salaries of $25,000 for the vice president and the speaker of

Tech Directors To Meet In Amarillo

Directors of Texas Technological college will hold a special meeting in Amarillo tomorrow, at which time numerous routine matters, discussion of possible construction of a new stadium and housing problems in connection with returning veteran-students will be on the agenda.

Chairman Charles Thompson, of Colorado City, called the meeting which will be held either in the Herring hotel or the offices of Director Chanslor Weymouth, Amarillo business man.

Attending from here will be Dr. William M. Whyburn, president; Deans Robert C. Goodwin and W. L. Stangel, of the divisions of Arts and Sciences and Agriculture, respectively; and Business Manager W. T. Gaston, who is also secretary of the board.

Mrs. Emma Watley Is Taken By Death

ANTON, Nov. 2. (Special)—Mrs. Emma F. Watley, 72, died at 1:10 o'clock this morning at the home of a son here.

The body will be taken overland by Plains Funeral home of Lubbock to Silverton, where funeral services will be held sometime Sunday.

She is survived by seven sons, John, Groom, Tex., Thomas, Dickens; Robert, Austin; Floyd and Ernest, Anton; Matthews, Brownwood, Hugh, Dickens; two daughters, Mrs. O. W. Barker, San Angelo, and Mrs. Jeff Stewart, Marathon, Tex.

VERY MUCH ALIVE

FORT SAM HOUSTON, Nov. 2 (U.P.)—Reported dead for two years but very much alive, Cpl. Edward J. Free of Lufkin was en route here today from Tacoma, Wash., to be discharged from the Army. He was captured at Corregidor.

Texas' Long-Forecast Postwar Buying Boom Hits Full Stride

Cash Registers Ringing Song Of Prosperity

(By The United Press)

Cash registers rang a song of prosperity across Texas today as the long-forecast postwar buying boom hit full stride.

Department stores, novelty shops, clothing stores and even dime stores from the Panhandle to the Gulf of Mexico were doing a landoffice business.

Sales Are Higher

A United Press survey showed that sales in major department stores of Texas, on the average, were about 25 per cent higher this week than during the same week in wartime 1944.

Merchants said the boom had four related reasons:

1. Relaxation of wartime restrictions, coupled with the fact almost everybody has money to spend, has made people "purchase conscious."

2. The 1945 Christmas shopping season has started early; people are afraid the record buying will clean out shelves and they don't want to be left at the Christmas tree with empty packages.

3. With conversion underway, the amount of available merchandise is increasing and people are buying it.

4. Returning servicemen are swelling the flow of dollars into Texas cash registers as they shuck off their uniforms and shop for civilian clothes.

A report of the Federal Reserve bank said department store sales in all of Texas were up exactly 31 per cent over the same

Rioting Spreads Into Egypt; Jewish Concerns Are Raided

Witnesses Hysterically Curse Japs And Scream For Death Of Gen. Yamashita During Trial

(By The Associated Press)

MANILA, Nov. 2. — Chinese, Filipino and Spanish witnesses who hysterically cursed the Japanese and screamed for the death of Lt. Gen. Tomoyuki Yamashita, threw the war criminal trial of the former Philippine commander-in-chief in continual turmoil today.

Members of the prosecution staff and interpreters both were required to quiet a Chinese woman whose four-year-old son had been snatched from her arms and repeatedly bayoneted.

Lost Nine Of Family

The woman testified she had lost nine of the 12 in her family, had seen women and children slain and raped when 39 Chinese were herded into a lumberyard and murdered last Feb. 10.

"I'd like to kill that Japanese man," she screamed in Chinese at Yamashita as she finished her testimony and leaped to her feet.

"That Jap is to blame for everything. He's got to be killed to pay for what he's done."

Scenes "so bestial it is hard to find words to describe them," were related by witnesses of the mass slaying or from 500 to 1000 civilians who had taken refuge in the Manila German club on the same day.

All Japs Called Beasts

Spanish Francisco Lopez, former Metro-Golydwn Mayer representative in the Philippines, shouted that all Japanese soldiers

Pioneer Of Dallas Is Taken By Death

DALLAS, Nov. 2 (U.P.)—Charles N. Smith, one of the builders of Dallas, died yesterday at the age of 85.

A pioneer contractor, he helped construct some of Dallas' first public buildings, and was building inspector and construction supervisor of the city's first storm sewer.

Full Year Of School Urged

AUSTIN, Nov. 2. (AP) — State Superintendent of Schools L. A. Woods, is advocating that "school keep" the year around.

He believes that putting children under continual supervision will prevent their using idleness to get into mischief, and cut down on juvenile delinquency.

Would Be Attracted

The summer months, said Dr. Woods in an interview, would be devoted to handicraft, physical training, fine arts, nature study and reading; an expression of the present "recreation centers" held in most school districts.

By emphasizing recreational pursuits, children who are now truants would be attracted to return to school and teachers could keep closer tab on them during the balance of the school year, theorizes Dr. Woods.

There are 100,000 children not

GIs Plan To Build Their Own Ship

JRUMAGAWA, Japan, Nov. 2 (AP) — Men of the Fifth Air force 11th replacement depot have posted a formal "call to work" on construction of a sailboat, "the U.S.S. Why Not Now."

The notice explains all:

"Don't delay; act now! If you're a carpenter, draftsman, sailmaker, steamfitter, boilermaker, welder, you can help. Get in there and pitch! Volunteer now to work on the U.S.S. Why Not Now? Our goal is to be home for Christmas—1946! Working together, we can achieve that aim!"

Commissioner For Palestine Quits; Many Are Hurt

(By The Associated Press)

CAIRO, Nov. 2 — Strife over Palestine spread today to Egypt, where a general strike of anti-Zionist elements protesting the Balfour declaration deteriorated into rioting, street fighting and attacks on Jewish and foreign interest.

Field Marshal Lord Gort resigned as high commissioner of Palestine because of illness, British Colonial Secretary George Hall announced in London.

Result Of Careful Planning

Hall charged that the "dastardly series of outrages" in the Holy Land resulted from "very careful planning by a very considerable organization among Jewish communities."

Disturbances in Egypt centered in Cairo and Alexandria. Crowds of rioters, protesting on this 28th anniversary of the Balfour declaration promising the Jews a national home in Palestine, hurled stones and bricks at Jewish and all other places bearing foreign names. Egyptian troops patrolled the streets, firing into the air to disperse crowds.

Start General Strike

Arab sections in Palestine also started a general strike against the Balfour declaration and Zionist aims. Saboteurs cut Palestine railroads in 153 places and only sketchy service was restored. At least four saboteurs were killed, two while trying to set off explosives at the Haifa oil refinery.

The independent Palestine Post

Two Persons Hurt As Truck Hits Car

SANTA FE, N. M., Nov. 2 (AP)—State police today continued a search for an Army truck which assertedly was responsible for injuries suffered by two persons when their car was struck late last night by the truck.

Mrs. Gladys Elliott, 26, and Merle Nathan Pittullo, 35, both of Fresno, Cal., were hospitalized for cuts about the face suffered in the crash.

According to patrolmen, the Army truck pulled away from an inn and struck a car driven by Rex Wray, 24, of Santa Fe, and then hit the California car.

U. S. To Give Europe More Dairy Products

WASHINGTON, Nov. 2. (AP) — Liberated Europe will receive greatly increased quantities of dairy products from this country in the last three months of 1945, the Agriculture department announced today.

France, including French North Africa, Belgium, the Netherlands and the United Nations Relief and Rehabilitation administration have been allocated more than 450,000,000 pounds of dairy products for the quarter.

Torture Expert And Killers Of Fliers Nabbed

Japs Responsible For Executions Lodged In Jail

TOKYO, Nov. 2. — American authorities today arrested Genki Abe, Japan's torture expert and former home minister, and three Japanese Army officers accused of complicity in the trial and execution of three "Doolittle" fliers in 1942.

The three officers included the trial prosecutor and one of the three judges who condemned the American airmen on charges of murdering innocent civilians during the first air raid on Tokyo.

Prince Again Rebuked

The arrests were announced as Gen. Douglas MacArthur for the second time in 24 hours rebuked Prince Fumimaro Konoye. This time he denied Konoye's request that Japan be permitted to continue activities of its Dojin Medical society in former occupied areas.

MacArthur ordered the organization dissolved on grounds that it operated as a propaganda agency as well as a public health organization. The Japanese had pictured it as a Japanese "Rockefeller foundation." Konoye was its president.

Only yesterday, MacArthur's headquarters disavowed any connection with Konoye's efforts to revise the Japanese constitution.

Many Buildings Destroyed

The Japanese welfare ministry reported to the Allied supreme command that American air raids—from the Doolittle attack April 18, 1942 to the final B-29 assault last August — destroyed or damaged 2,500,000 buildings, 17 per cent of all those in Japan.

Abe originated and headed Japan's notorious "thought control" police, who arrested thousands of liberals merely for thinking "dangerous thoughts," and served as home minister in the war time cabinet of former Premier Kantaro Suzuki.

Military authorities said Abe was a torture artist whose methods were envied by the Nazis. He was credited with obtaining countless confessions with such torture as pumping water into victims, stringing men up by their

(Turn to Page 5, Column 2, Please)

Two Are Nabbed In Fort Worth Robbery

FORT WORTH, Nov. 2 (AP) — Two escaped convicts are being held here today, in connection with the $2,100 holdup at the Court hotel Wednesday night.

Four Tarrant county deputy sheriffs arrested the pair near Fort Worth last night.

Sheriff H. W. Rhodes, who unknowingly walked into the holdup scene, and who was beaten and robbed by the thieves, said that a part of the loot taken in the hotel robbery was found in possession of the suspects.

The sheriff also said he identified one of the men as the one who cursed and beat him with a blackjack during the Wednesday night robbery.

The men said they escaped on Oct. 3 from the Texas state prison at Huntsville.

APPOINTMENTS MADE

AUSTIN, Nov. 2 (U.P.) — Gov. Coke R. Stevenson today reappointed Mills Walker of Bryan for a six-year term on the state board of liquor control and Miss Quata Woods of Dallas for a six-year term on the teachers' retirement board.

A CHIC CIVILIAN — Mrs. Oveta Culp Hobby, former commander of the Women's Army corps, now sporting chic civilian garb, leaves the White House after a visit with President Truman.

B-29s Arrive From Japan

(By The Associated Press)

WASHINGTON, Nov. 2 — The Air Force marked up today a second-try victory for its B29s over the mileage and adverse weather of the tough nonstop hop from Japan to Washington.

Four of the Superforts flew in to National airport at 7:38 o'clock last night after a 6,544-mile trip from Mizutani on the Japanese home island of Hokkaido. The lead plane's time was 27 hours 29 minutes.

Others Were Defeated

The 43 fliers succeeded in a task which defeated three other B29s in the first attempt in September, but failed in a more ambitious plan to better the world distance record by having one of the planes go on to Cuba or Puerto Rico.

The plan was abandoned while the big aircraft were over Canada. Because of bad weather, he elected plane did not have enough fuel to continue another 1,150 miles beyond the capital.

The flight leader was Brig. General Frank A. Armstrong, jr., of Richmond, Va.

Landed With 900 Gallons

The B29 commanded by Col. Kenneth O. Sanborn, of Annapolis, Md., had been designated to try for a record. It landed with around 900 gallons of gasoline, enough for about three hours' flight.

If Sanborn had been able to continue to Cuba, he would have covered 7,693 miles. The distance to Puerto Rico would have been

(Turn to Page 5, Column 6, Please)

New Cabinet Takes Control In Greece

ATHENS, Nov. 2 (AP)—A new cabinet headed by Panayotis Kanellopoulos, who fought in the Greek-Albanian war as a line private, today took over the Greek government.

Kanellopoulos, former vice-premier and Navy minister, personally assumed the portfolios of foreign affairs and marine minister.

The new premier is a leader of the Unionist party. He formed his cabinet yesterday upon invitation of Regent Archbishop Damaskinos, who had been serving as head of a provisional administration set up after several Greek leaders had failed in their efforts to establish governments.

Communists Claim Poison Gas Being Used By Chinese Army

(By The United Press)

CHUNGKING, Nov. 2 — American Seventh fleet units have reached the Manchurian ports of Yingkow and Hulutao with three Chinese armies which began landing immediately, central government military sources reported today.

Mounting hostilities were reported from virtually all sectors of the undeclared war between Chinese Communists and the forces of Generalissimo Chiang Kai-Shek.

Claim Gas Is Used

Official Communist quarters charged that Chiang's men were using poison gas and also employing 30,000 Japanese troops in Shansi province. The Communist office here gave no details of the alleged use of gas against his forces.

The Central government's army organ Sao Tang Pao reported the arrival of the Chinese 13th and 16th armies from Canton and Haiphong and the 94th army from Tientsin to Yingkow and Hulutao.

Large quantities of supplies for these armies are enroute to the ports at the top of the Gulf of Chihli northwest of Darien, the army newspaper said.

Proceeding To Posts

The Chinese forces were reported proceeding to various posts in Manchuria to take up garrison duties as soon as they land. Each

Relief Found For Epilepsy

SALT LAKE CITY, Nov. 2. (AP)—Successful human experiments with the use of tridione, a new synthetic drug, in treatment of a type of epilepsy were reported today by Dr. Louis S. Goodman, head of the department of pharmacology at the University of Utah Medical school.

Injections of the drug have been successful in a large number of cases in forestalling of seizures of petit mal, a common type of epilepsy, quite as serious but not as well known as grand mal, the seizure which causes violent convulsions, said Dr. Goodman.

About 700,000 Affected

Approximately 700,000 persons in the United States have one or another form of epilepsy and 20 times that number carry the inherent tendency to it.

Goodman said the drug apparently halts a sort of trigger mechanism, as yet unexplained, which sets off the seizures of petit mal.

The scientist said tridione cannot be bought on the market as it is manufactured by a pilot plant of a large drug concern. However, he said he is able to furnish limited amounts to practicing physicians for certain types of patients.

New Jet Plane Tops 500 Miles An Hour

BUFFALO, N. Y., Nov. 2. (AP)—The new jet-propelled Bell fighter plane, the XP-83, has topped the 500-mile-an-hour mark in level flight and has aerodynamic characteristics which make it capable of speeds from 600 to 750 miles an hour, Bell Aircraft corporation announced today.

The company also said that shortness of range, one of the early faults of jet planes, has been eliminated in the XP-83.

An extremely long range for the new fighter is made possible by a fuel load almost equal to the weight of the plane itself. Weight of the plane empty is nearly 15,500 pounds, and with its full fuel load more than 27,000 pounds.

FREE ON BOND

EDINBURG, Nov. 2 (AP)—H. L. Rhyne, Donna farmer charged with the V-J day slaying of Isao Date, Japanese-American truck crop farmer west of Mission, is under $5,000 bond pending setting of a trial date.

Classes Have Luncheons

Mrs. R. V. Crow was hostess to Mary Martha class of the First Baptist church at her home off the Plainview highway at a luncheon Thursday at which Mrs. George Moore and Mrs. W. W. Nichols were co-hostesses. Mrs. Frank Moss gave the devotional on "Listening and Serving." An original poem, "A Prayer of Thanksgiving," was read by Mrs. J. W. Dennison.

John Ross Bradford, guest for the luncheon, was presented a gift of appreciation from the class for his work on the yearbook. Mrs. J. H. McLeod, class mother, was presented a cake, since the day was her birthday, and also was given a corsage of white chrysanthemums.

Mrs. W. B. Chiles presided at the short business meeting which was followed by a social hour of games conducted by Mrs. Walter Herrin. Mrs. I. W. Hicks, teacher, gave the concluding prayer.

Guests were Mesdames Joe George, W. H. Trice, J. A. Barton, Harry Miner, jr., C. E. Hereford, J. M. Payne, and O. P. Hankins. Members attending were Mesdames W. C. Fry, L. R. Case, H. G. Brock, Frank Moss, Herrin, T. L. Landis, Pat Muckleroy, Hicks, E. F. Hunsaker, S. R. McKinnon, W. M. Alexander, Dennison, A. S. Veazy, Robert E. Miller, R. O. Mayes, R. V. Sandlin and W. H. Floyd.

For Euzelian Class

At a luncheon at the activities center of First Baptist church, Euzelian class heard a devotional by Mrs. B. T. Rucker on the subject of missions. Group singing was led by Mrs. J. Fred Litton.

Attending were Mesdames Gradie Bownds, Lewis Hobbs, Kenneth Sherman, Olen Perryman, Ross Kirk, J. W Simmons, L. T. Stone, Kirby E Nutt, jr., H. F. Gregg, George B. Long, Lester Harrison, Henry Fisher, Litton, O. W. Luck, J. O. Pope, M. H. Adkisson, Rucker, Carrol Holtzclaw, I. J. Whitfield, A. D. Mayne, Joe Jackson and the following children: Georgiana Bow Long, Judy Nutt, Tommy Ross Kirk and Karen Harrison.

Homecoming Celebration Is Planned By Alumnae Club

Final plans for Tech homecoming, Nov. 10, were discussed when Sans Souci Alumnae society met at the home of Miss Mary Ellis Maedgen, 1811 Broadway, Thursday night. This entertainment will be an open house and dance from 5:30 until 8:30 Saturday afternoon with Buddy Ireland's orchestra playing.

Visiting exes and active club members will be guests.

Attending the meeting were Misses Martha Kuykendall, Ophelia May Beall, Shirley Ann Parsons, Dorothy Wright, Betty Rhea Caldwell, Sara Daviss, Mesdames Jim McIlyar, Horace Humphries, Marilyn Sullivan, Bryant Lassiter, Roger Kuykendall, Martha James Sawyer, Melba W. Moore, M. Kirk Dean, Rosemary Crawford, Oscar Slaton, Barnie Rushing, Charles Still and Robert Koger.

Bulb Planting Is Discussed At Garden Clubs' Meetings

Cultivation of bulbs was discussed at meetings of two garden clubs Thursday afternoon and members were told that now is the proper time to plant early-blooming bulbs.

Bud-to-Blossom club met at the home of Mrs. R. A. Price, 1518 Twenty-seventh, with Mrs. E. E. Sullivent as co-hostess. A short business meeting was conducted before Mrs. Claud Key, guest speaker, discussed "Planting of Bulbs."

Using charts and pictures to illustrate her talk, Mrs. Key said that this is the time to plant tulips, daffodils, crocus, iris and many other bulbs that bloom early in the spring.

Three new members, Mrs. Collier Smith, Mrs. Perry Adams and Mrs. Johnny Johnson were accepted by the club. Others present were Mesdames C. N. McGee, Acle Cope, Ira Owens, Herman Brown, Foy Johnson, J. C. Hughes, Roy Wheeler, Alva Smith, J. W. Harrison, Albert Symes, T. O. Moore, Ed Connally, Clyde Edwards, Francis Batsell, Newman Casey and the hostesses.

Junior Garden club members met at the Country club Thursday afternoon to hear Mrs. John Powers, guest speaker, discuss iris, peonies, lilies and soil. In a test on flower names, Mrs. M. E. West won the prize for the highest grade. Mrs. C. D. McGehee was program chairman.

In her talk, Mrs. Powers said that now is the time to plant iris, lilies and peonies, and said that they are the easiest plants to grow here, since all they need is to be planted. She emphasized that lilies and peonies should be grown here in larger numbers, since they are very adaptable to this soil, but that when buying the bulbs, care should be used to see that the late-blooming variety is purchased.

Members present were Mesdames C. W. Bartlett, Jr., J. H. Brock, S W Brunson, Allen Farmer, Hop Halsey, J. D. Jenkins, Doyle Jordan, Garland Newsom, George Soash, L. D. Stevens, T. M. Swanson, West, Aubrey Woodfin and Turner Adams.

Hostesses were Mesdames Brock and Farmer.

Dahlia Growth Is Discussed

A round table discussion on experiences with growing dahlias was held at a meeting of South Plains Dahlia society Thursday night in the home of Mr. and Mrs O. A. Goodart.

Mrs. H. S. Weiss talked on winter care of dahlias and H. G. Knight read a paper on "Memories."

Mrs. Lillian Slay was elected representative to the County Federation.

Messrs. and Mesdames C. A. Kimbro, J. E. Maisen, A. B. Brown and W. L. Palmer were received as members. Mrs H. C. Bruckner and her mother, Mrs. V A. Cunco of Austin, were guests.

Others present were Messrs. and Mesdames E. C. Pool, C. N. Kennon, Mesdames John Fry and James Samson, Mrs. Weiss and Billie Weiss.

The society is planning a Christmas party at the Tech Social center Dec. 5 and reservations are to be made with Mrs. Samson by Nov. 15.

Donald-Metcalf Wedding Is Read In Connecticut

Announcement is being made of the wedding of Miss Selmer Daniels Metcalf, daughter of Mrs. James R. Metcalf of Oakdale, Conn., and S/Sgt. Walter Willis Donald, son of Mrs. Bessie M. Donald of Slaton, which took place Oct. 11 in the chapel of the Trinity Episcopal church in Hartford with Rev. Raymond Cunningham performing a single ring ceremony.

The bride wore a gray jersey dress with matching hat and black accessories and she carried a nosegay of white rosebuds and stephanotis She was graduated from the University of Connecticut in 1942 and is a member of Pi Beta Phi sorority.

Sgt. Donald recently returned to the United States after serving in the European theater.

Mrs. Veazey Presented With Birthday Gifts

Birthday gifts were presented to Mrs. Jack Veazey when Women's auxiliary to IBEW Local 850 met Thursday night at the Veazey home, 1316 Twenty-seventh.

Mrs. Earl Bloodworth, 2024 Sixth, will be club hostess Nov. 15 at 7 p. m.

Refreshments were served to Messrs. and Mesdames Fred Holloman, H. D. Reid, Bloodworth, U. L. Huckabay, Jack Melton, Mrs. W. S. Pool and Mrs. Martha Hazelwood.

Relatives Are Visiting In Hardwick Residence

Mr. and Mrs. Paul Hardwick, 2307 Eighteenth, have as their house guests her sister, Mrs. Willis Pruitt, and Mr. Pruitt of Santa Barbara and her mother, Mrs. D. S. Dunwoody. Mrs. Dunwoody is to remain here while the Pruitts go on to Kansas to visit relatives. Mrs. Pruitt also is visiting her daughter, Mrs. Dub Green of Lubbock. Arriving for the week end will be Mrs. Hardwick's brother, Guy Dunwoody, and wife of Pampa.

Big Investment

(Continued From Page One)

space, was erected at a cost of $50,000. The other warehouse, a semi-fireproof building with 10,000 square feet and used for storage of "rough stuff" was built in 1944.

The new $50,000 fireproof warehouse represents the latest type of warehouse structure and embodies the "locker system" of storage for household goods. A total of 46 "lockers," varying in size from storage space for four rooms of furniture to eight rooms, are maintained in the full basement of the building. A truck ramp provides for easy unloading of goods directly into the basement area. The basement also provides space for open storage of household goods in addition to the locker system.

Served By Trackage

Both warehouses are served by trackage owned by the company and each has concrete docks at truck and freight car levels to facilitate loading and unloading of goods.

Eventual expansion of the company's buildings will cover an entire quarter-block of space at Twenty-third and Ave. E. Construction of a garage for all of the company's trucks is also planned there.

The company now maintains two plants, one here and the other at Odessa and expansion plans call for the installation of two more branches in neighboring cities. Luther purchased the business here in 1937 with four trucks, four employes and 4,000 square feet of warehouse space. The firm now has 36 trucks, 58 employes and 52,000 square feet of warehouse space.

Last year alone, his company handled 3,600,000 pounds of household goods. It hauled 1,800 tons of household goods 497,085 miles in inter-city service. A total of 802 long-distance moves and 1,029 city moves were made by the firm. The firm handled 469 lots of furniture for storage last year. A total of 274 cars of merchandise were also handled by the company.

And there's where the war has changed the company's business picture. Prior to Pearl Harbor, the company's business was made up of 80 per cent merchandise transfer and storage and 20 per cent household goods. The war completely reversed the case and now only about 20 per cent of the firm's business is merchandise. Luther expects the picture to begin to change back the other way in the next few months, however.

The company transports nothing outside the city limits of Lubbock but household goods but it is the only carrier in Lubbock who can deliver goods to any spot in the United States and is one of the few class 1 carriers in the nation. It is the largest transporter of household goods in the Middle West.

The company is associated with Allied Van Lines, a cooperative setup of transfer and storage companies, and all trucks bear the Allied Van Lines markings.

The bulk of household goods under storage by the company now is at the 701 Tenth headquarters of the company. Here is maintained 26,000 square feet of storage and practically all of it is in household goods. The firm recently started the practice of using DDT in fumigation of warehouse areas, having previously used antimoth preparation.

A big factor in the company's business before the war was construction work for the communications and utility companies. The transfer firm has special equipment for clearing land, erecting and dismantling of communications and utility lines.

During the operation of South Plains Army Air field as a glider training base here, Luther also had special equipment for transporting of gliders and damaged gliders between Lubbock and Wichita Falls.

D. O. Dawkins is general manager of the company, directing activities both here and at Odessa.

Wilson Faculty Is Host At Dinner Thursday

Roscoe Wilson faculty entertained at dinner Thursday night in the Tech Social center.

Chrysanthemums were table decorations.

Honor guests were Supt. and Mrs. R. W. Matthews, Dr. Leo C. Riethmayer, Floyd Thompson, D. M. Howell and Miss Grace Padley.

Med School Studying Infantile Paralysis

DALLAS, Nov. 2 (U.P.)—Experiments of immunization against infantile paralysis by killing virus infections of cells through anesthesia, now being studied at the Dallas Medical college, may provide protection from the disease, believes Dr. Don Cudakunst, medical director of the national foundation for infantile paralysis.

Speaking to the faculty and students of Southwestern Medical College yesterday, the doctor said that experiments now being carried on at the college are along the only lines for which an effective remedy may be found.

The infantile paralysis foundation held no hope for any present serum or past serum to provide complete protection against the disease, he added.

Dr. Cudakunst believes that the only possible approach to combatting the disease is through a complete chemical change in the living cells of the human body.

Dallas Medical College was given a grant of $7,200 from the foundation to experiment on immunization against infantile paralysis and Dr. Gudakunst is making an inspection of work being done. Monday the doctor will return to New York.

Miss Helen Wilfong On Journalism Staff

Miss Helen Wilfong of Dallas, yesterday assumed duties as member of the Texas Tech department of journalism staff, Cecil Horne, head of the department, announced.

Her work will be with the campus news bureau. She will not instruct classes, Horne said.

A graduate of Southern Methodist university, Miss Wilfong was editor of the 1945 SMU yearbook, feature editor of the school newspaper, editor of the student directory and president of the SMU student publishing company.

Before going to work for the Southwestern Engraving Co. of Dallas, where she was employed when she came to Tech, Miss Wilfong was a reporter for the daily newspaper at Nacogdoches.

Singers Planning Christmas Program

A Christmas program with the entire membership appearing as a chorus is planned by the Lubbock chapter of the Society for Preservation and Encouragement of Barbershop Quartet Singing, it was decided in a meeting of the chapter Thursday night in Lubbock hotel.

Last night's meeting was featured by the presentation of a charter to the group of G. H. Nelson, former state senator. Harry Delaney, president, accepted the charter. Twenty-four of the chapter's membership of 35 attended.

The chapter meets every other Thursday night at 8 o'clock in the Lubbock hotel and engages in an hour or so of singing.

News Briefs

The sheriff's office at Brownfield reported this morning the theft of a black 1942 Ford sedan with Texas license FN 6655.

Dr. G. C. Turner of 2805 Twenty-second, whose son Richard Lee is a cadet at Wentworth Military academy, Lexington, Mo., was one of the 200 fathers who attended annual Dad's day celebrations held recently at the academy. Fathers and sons attended classes together, participated in the same school sports, stood strict military inspections, competed against each other on the rifle range, and attended a stag dinner in the gymnasium. The varsity football game with Trenton, Mo. High school climaxed the day's activities. This is the only social event at the school at which women are not permitted.

Tom Douglass of Corpus Christi, senior engineering student at Texas Tech, has been appointed by the student council as student representative to the athletic council. Douglass, who returned to the campus this year after being discharged from the Army Air Forces, is Tech's student assistant football coach.

Mrs. John C. Oldham, 1219 Fourteenth, left Thursday for Los Angeles and Hollywood, Calif., for a visit of several weeks. She was accompanied by Mrs. Forrest Buckley of Amarillo. Chief Specialist John C. Oldham, her husband, has recently been moved here to head the U. S. Navy recruiting station.

Miss Odelia Brown Is Nursing Director

Miss Odelia Brown, who was educational director at Robert B. Green Memorial hospital at San Antonio for several years, has succeeded Mrs. Hazel B. Edgerton as director of nursing at West Texas hospital, C. J. Hollingsworth, superintendent of the hospital, announced today.

Mrs. Edgerton, who was director of nursing at the hospital the last three years, resigned several weeks ago because of the illness of her parents who live at Donna, Tex.

Miss Brown is a graduate of the John Sealy hospital at Galveston.

The World Today

Government To Have Final Say On Wage And Price Increase

BY JAMES MARLOW
Associated Press Staff Writer

WASHINGTON, Nov. 2—President Truman's latest talk on wages and prices is—except for one very important change—hardly more than a restatement of the wage-price policy he laid down last August.

It was then—generally—and still is just this:

No wage increases, if they mean price increases, without government permission. And the government is going to allow very few price increases.

But the very important change he made needs plenty of understanding and explanation. This was it:

Business should go ahead and raise wages. If it can show at the end of the six months that it has been unable—because of the wage boost—to make a fair profit, the government will consider allowing it to increase prices.

Business will certainly look at this proposal very closely before taking the President at his word. There are points to consider. Here are some of them:

OPA Control Ends In June

OPA's power under the law to control prices ends next June 30, eight full months from now. OPA boss Chester Bowles says price controls will have to be authorized beyond that time in order to prevent inflated prices.

Maybe Congress will extend them when June 30 comes. But maybe Congress will just let OPA die.

To illustrate just what's involved in all this, take an example—say the auto industry — to show what can happen and how.

Auto workers want a 30 percent raise. Automakers are not going to grant that without plenty of argument and bargaining. Suppose both groups finally settle for a 20 percent wage increase

Too Long For Settlement

It may take them two months —or the end of December — to reach that final settlement. Then if the automakers find, at the end of six months, that the wage raise has deprived them of a fair profit, they can go to the government for a price increase on automobiles.

But that would be the end of June when they asked for a price increase and, if Congress refuses to renew price control, all OPA price controls will die automatically on June 30.

So then the automakers won't have to ask government permission at all to raise prices. They can raise to suit themselves. But will they want to?

Competition between the automakers by that time — when production and sales are in full swing —may be pretty keen. The individual auto maker may be reluctant to raise prices then. It would give an advantage to his competitor if the latter didn't raise prices.

But here's a side presented by one of the smartest government economists:

President To Insure Industry

If price controls remain after June 30, then the President's plan is insurance to industry against a profit loss from raising wages, because it can expect to be allowed to increase prices.

Actually, this plan of the President might be a very quiet way of getting over the hump of the whole labor-industry wage problem in the next few months which are critical months for reconversion.

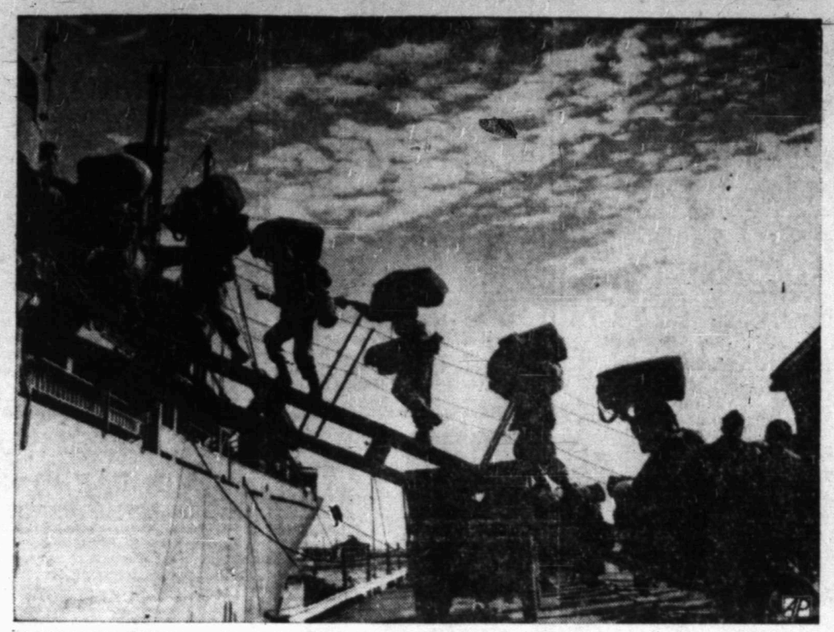

If industry widely accepted the President's plan, much of the current labor unrest over wage demands would be ironed out, at least for six months.

With industry in full swing — with competition very sharp — industry six months from now might be very reluctant to raise prices. Thus there'd be less threat of inflation.

Firearms were introduced into Europe by the Mongols in the 13th century.

A modern airplane has at least three electrical systems serving radio, instruments and motor.

The number of hairs on an adult's head usually ranges from 120,000 to 150,000.

BOUND FOR HOME — At a wharfside at Le Havre, largest embarkation port in France, United States troops carry their barracks bags aboard a ship to take them home.

News Briefs

H. V. (Pete) Rice, whose wife and son reside at 2306 Seventh, arrived home this week after receiving his discharge from the Navy. Rice served two years in the Asiatic-Pacific area and a year and nine months at Port Hueneme, Calif. His rating was CPO. Before entering the service Rice was associated with the West Texas Gas Co. Mrs. Rice teaches at K. Carter school.

Sgt. Junius Floyd Ricketts, who was captured when Corrigedor fell and recently was liberated from a prison camp on the island of Kyushu, arrived unexpectedly this morning to visit his parents, Mr. and Mrs. J. S. Ricketts of 423 Ave. M, on a 10-day furlough. After being released from the prison camp he was taken to the Philippines where he was hospitalized in Manila for treatment of leg wounds suffered while fighting on Corrigedor with the 60th Coast Artillery. He remained in the hospital at Manila until last week when he was flown to San Francisco and hospitalized there several days. At the end of his furlough, Sgt. Ricketts will report to McCloskey General hospital.

Indians Facing Federal Count

PHOENIX, Ariz., Nov. 2. (AP) — Two Navajo Indians were charged today with violation of the federal train wreck statute in connection with an unsuccessful attempt to wreck a crowded Santa Fe railway passenger train near Williams, Ariz., last Sunday, H. R. Duffey, agent in charge of the Phoenix office of the FBI, announced.

Duffey identified the Indians as Clah Benally, 23, and Paul Franklin, 18, both employes of the Santa Fe company. The two men now are in the county jail at Flagstaff, Ariz., pending arraignment, he said, adding that if convicted, they face a maximum penalty of $10,000 or 20 years in jail or both.

Were Disgruntled

The two section hands, "disgruntled over loss of Sunday overtime pay," removed 52 spikes and the angle irons from the main line track approximately six miles west of Williams, the FBI man said.

The spot picked for the wreck parallels a deep canyon in a remote area of the state and railroad officials said loss of life would have been heavy had the attempt succeeded. However, a single engine, proceeding ahead of the trans-continental passenger train, was derailed instead and the damaged tracks were discovered.

Duffey said the two Indians have confessed to removeing the spikes to receive the additional overtime pay which they would have earned for repairing the track and clearing the wreckage."

Lt. Clovis Ketron Listed As Missing

Mrs. Fay Ketron, 1914 Seventh, was informed by telegram Wednesday by the War Department that her husband, 1st. Lt. Clovis Ketron, Jr., is missing since Oct. 19 in the India-Burma area.

The telegram did not give details, but Mrs. Ketron said her husband was a test pilot for the 907th Squadron in India and made many flights as part of his duties.

His parents, Mr. and Mrs. W. D. Ketron, reside at 708 Ave. L. He was 18 months in the India-Burma theater, eight months in the signal corps in England and Ireland, and has been in service four years.

His wife is employed at Lubbock Army Air field.

NEW CHEVROLET SHOWN TODAY—Showroom of the Kuykendall Chevrolet company will have the above new 1946 model Chevrolet, a four-door Stylemaster sedan, in the feature spot, as the company opens showing of its new car tonight starting at 7 o'clock, Saturday and Sunday.

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

New 1946 Model Chevrolet On Display At Kuykendall Chevrolet Company Tonight

Modern styling that accentuates massiveness in smart, low, sleek lines characterizes the 1946 models of Cherlovet, one of which will be on display starting at 7 o'clock tonight, Saturday and Sunday in the showrooms of Kuykendall Chevrolet company, Thirteenth and Ave. J.

The car, first of the new vehicles in three lines, is a four-door Stylemaster, offering unusual refinements in the lowest price bracket. Other models to be shown later are the Fleetmaster, still further advanced in finish and appointments, and the Fleetline, most attractively styled model that Chevrolet has ever offered.

Streamlining With Massiveness

Embodying the best thinking of automotive designers, the new Chevrolets emphasize classical lines, with a long, flowing sweep from front to back. Chromium plated and stainless steel trim, used with restraint and good taste highlights the overall design. Streamlining is combined with massiveness and lowness.

The front-end treatment is completely new. The bumper, radiator grille and headlamps present a combined appearance of simplicity. Gleaming, unadorned horizontal bars of the grille emphasize width, and lower the lines. Parking lights are framed in rectangular plates at either end of the bumper assembly. The new front bumper enhances the appearances of the radiator grille and is deeper and higher than any previously used. Simply-designed bumper guards are spaced well apart.

Unisteel Construction Featured

The bodies by Fisher, exclusive with Chevrolet in the low-priced field, provide a combination of style, safety, luxury and durability. Fisher unisteel construction means that floor, panels, cowel and turret-top roof are welded to form an all-steel unit. A feature is the door-action fender, which flows smoothly back half way into the front doors. The new hood is exceptionally deep and massive.

Interiors are the last word in taste and luxury. Upholstery is tailored in fabrics that look smarter, wear better and clean more easily. Beauty has been attained in the design of interior fittings, instrument panel fixtures and home-like conveniences inside the car. The panel is distinctive, too, for its practical arrangements of dials and indicators, contributing to the ease of driving.

Riding Comfort Unusual

Unusual riding comfort is provided by Chevrolet's combination of unitized knee-action front springs designed to synchronize with the front, plus scientific weight distribution.

High standards of performance and economy are assured by the announcement that all 1946 models will be powered by the famed Chevrolet six-cylinder, valve-in-head engine, which has been improved and refined through the years.

Engines in the new cars will be equipped with light-weight cast alloy iron pistons in the production of which Chevrolet has had more than three decades of experience.

Lubrication System Featured

Another 1946 model engine construction feature is the Chevrolet developed specialized lubrication system which forces oil under pressure to valve rocker arms, camshaft and crankshaft bearings at the same time that an ingenious pressure-stream system, another exclusive Chevrolet feature, lubricates connecting rod bearings and cylinder walls effectively for all purposes including the most critical of "cold starts."

Contributing further to engine power and economy is the scientifically engineered cooling system, employing a ribbed-cellular radiator core whose square shape permits efficient coverage of the radiator core by the fan. A ball-bearing water pump of highly efficient design is self-adjusting and permanently lubricated. Uniform cylinder cooling is provided by full-length water jackets extending completely around each cylinder. Scientifically-located nozzle jets around the exhaust valve seats, in the head, concentrate cooling effects at points where the need is greatest.

Other Features Cited

A single-adjustment, balanced, down-draft carburetor, and an air cleaner, silencer and flame arrester are used in the fuel system. Fuel mixture is, heated, with thermostatic control, in the manifold heat chamber. The Chevrolet octane selector helps owners obtain best possible results from the various types of fuel that are available. Also, a high-reserve fuel pump is used.

A vacuum-power gear shift finger tip control is standard throughout the 1946 models, assuring easy control of the cars under all operating conditions.

Brakes are Chevrolet's distinctive hydraulic type, with 11" brake drums having cast alloy braking surfaces and cooling ribs. Self-aligning brake shoes that provide full contact of the entire surface of brake linings with brake drums, an exclusive Chevrolet feature, not only assure maximum safety but help provide long brake lining life.

Chasis Box Girder Type

The chasis frame used in all new passenger models is the Chevrolet-proved box girder type with side rails and cross members of flanged box section construction, insuring exceptional rigidity. In cabriolets, box girder side rails are further reinforced by "V" and "K" shaped I-beam girders.

A semi-floating type rear axle, with gear ratio of 4.11-1, has hypoid drive gears and six ball and roller bearings.

Three Young Boys To Serve Life In Cell

ATOKA, Okla., Nov. 2. (U.P.) — Three young boys who hitchhiked an automobile ride then killed the man who picked them up were scheduled to enter prison walls today to start serving life sentences.

The trip to the Oklahoma Penitentiary at McAlester follows formal sentencing the third of three Austin, Texas, youths whose brief "good time" spree ended in the slaying of McGraw E. Strickenfinger, Pittsburg, Kans., who had given rides at Denison, Tex., to the boys and a girl companion.

Ernest England, 15, charged with murder, was tried and convicted. Oma Dixon Claunch, jr., 14, and Billy Slussler, 17, pleaded guilty.

May Have Phones In Automobiles Soon

DALLAS, Nov. 2 (AP) — Texans in the Dallas area may have telephones in their automobiles soon.

The Southwestern Bell Telephone Company has applied for permission to build an experimental land radio-telephone station here, a company official said yesterday. The plan calls for the installation of 125 mobile radio-telephone stations in the area.

If approved, the system would provide communication between vehicles and any other telephone.

The first printing press in the United States was brought from Holland with 49 pounds of type and set up at Cambridge, Mass., in 1639.

About 90,000,000 gallons of oil were destroyed at the Rangoon refineries in Burma when the Burmese destroyed their oil kingdom upon the invasion of the Japanese.

In a raid against the Japanese homeland, it is estimated a B-29 operating from an island in the Marianas consumed about 6,000 gallons of 100 octane aviation gasoline on a single mission.

Price Hikes To Be Negligible

(By The Associated Press)

WASHINGTON, Nov. 2 — Any price increases under the administration's revised wage-price policy seemed likely today to be "negligible."

That's Price Administrator Chester Bowles' view of how President Truman's program of permitting price boosts only under rigid conditions will work out.

Would Enlarge Confusion

Meanwhile John L. Lewis' United Mine Workers Journal asserted, the wage-price policy would "enlarge the realm of confusion."

These were other developments on the hot issue of wages and prices:

Secretary of Commerce Wallace said there is danger of another depression "if corporate profits stay up and wages down." He told reporters this could mean four to seven million people unemployed for years, once the expected buying boom is over.

Bowles announced that retail price ceilings for new automobiles will be unveiled in four or five days. They are expected to be about the same as 1942 prices. And he hinted dealers would be required to absorb an increase in producers' ceilings.

Goal Of Higher Wages

Rep. De Lacy (D-Wash) said in the House that his proposed legislation giving government employes 48 hours' pay for 40 hours work would "lead the way to a national goal of higher wages and higher purchasing power."

In his statement at a news conference yesterday Bowles said the wage-price policy set forth by Mr. Truman had served to emphasize the administration's "determination to hold the price line against inflation."

Exceptions Are Listed

The policy permits price increases to balance wage hikes only under these circumstances:

1. Where straight time hourly wages lag behind the cost of living increase since January 1941.

2. In order to correct inequities.

3. Where additional manpower is needed for essential reconversion industries.

In all of these cases, Bowles asserted, "the price increases which may occur will be negligible."

Texas Prosperity

(Continued From Page One)

1944 week for the seven day period which ended Oct. 27.

Santone Sets Record

San Antonio set a record with an increase of 48 per cent. With eight major Army installations ringing the city and with some 1,600 soldiers pouring out of the Army daily from the San Antonio separation centers, merchants are hard pressed to keep civilian clothes in stock.

Fort Worth had an increase of 19 per cent in department store sales last week. Dallas reported a 33 per cent jump. Houston sales were up 26 per cent, the Federal Reserve bank said.

The month of October, for Texas generally, saw sales swing upward 18 per cent over 1944 figures.

Story Is The Same

In Houston, Dallas, Austin, Corpus Christi and the other metropolitan areas of Texas the story was the same. Peacetime goods are beginning to pour our of reconverted factories and Texans are crowding around to buy.

The upsurge in retail sales will hit a peak, experts said, when new cars arrive on the market and refrigerators, furniture, washing machines, radios and the other hard-to-get items missing during the war become plentiful.

Gen. J. Watt Page, state selective director, said 250,000 Texans already have been discharged from the armed services and the present rate of return is more than 3,000 daily for all branches of the service.

Along with the civilians, it appeared, they'll keep Texas cash registers jangling for months to come.

Federal Pay

(Continued From Page One)

the House, and $20,000 for members of Congress. Mr. Truman previously had recommended the increase for congressmen.

Increases In Judiciary

4. Increases in the judiciary to $30,500 for the chief justice of the United States, $30,000 for associate justices of the supreme court, $22,500 for judges of the circuit courts of appeals and of the court of customs and the court of claims, $20,500 for the chief justice of the District of Columbia U. S. district court, and $20,000 for judges of all district courts.

This would represent generally a $10,000 a year increase all down the line in federal judicial posts.

The vice president and the speaker of the House now receive $15,000.

Teague Funeral To Be Held Saturday

Last rites for Mrs. E. B. Teague, 45, of Shallowater, who died of tetanus Tuesday afternoon in West Texas hospital, will be held at 2 p. m. Saturday at First Baptist church here with Rev. W. J. Martin of Shallowater, officiating.

Burial will be in Lubbock cemetery, Rix Funeral home reported.

A cut on Mrs. Teague's hand became infected about four weeks ago. She had been in the hospital the last two weeks.

Pallbearers will be Ezdell Merrell, Alton Hardy, Varl Vardeman, G. W. Blackman, R. B. Sport and C. C. Vance.

Kangaroo Wearing A Man's Coat At Large

SYDNEY, Australia, Nov. 2 (AP) —A Kangaroo wearing a man's raincoat is at large in the Grafton district, New South Wales. William Thompson, on finding the animal caught in a wire, placed the garment over the animal which then bounded away. Biggest joke on Thompson is that a five pound note ($20) was in the pocket of the raincoat.

News Brief

An all-school party will be held in the gymnasium of Lubbock High school tonight following the Lubbock - Brownfield football game, school officials announced today. The party, which will honor visiting Brownfield students, is sponsored by the P.-T.A. and the Student Council. All Lubbock High school students are invited to attend.

Two reels of technicolor movies taken by Herbert Leaverton, recently discharged from the Army Air Forces, while he was stationed in England were shown members of American Business club at today's luncheon in Hilton hotel. Many scenes of rural English life, VE day in England, celebrations in London honoring Gen. Eisenhower, memorial scenes given President Roosevelt, and views of Picadilly Circus were shown. Leaverton served with the Eighth AAF approximately three years in the European theater of operations. Luncheon guests were Glenn Hackney, Earl Miller, Boyd Roberts, Capt. Gordon Treadaway, Walter Wilson, Robert Cox. Virgil Goodwin was introduced as a new member. Rev. Jimmie Bell of Clovis, who is the speaker for youth religious meetings being held here this week, urged members of ABC to endorse a religious program. Jimmie Wilson, club president, appointed Porter Garrett to head a group of ABC members who will go to Littlefield Tuesday for an organization meeting.

Hugh Smith, 43, was charged today with aggravated assault on Mrs. Annie Griggs in an affray which occurred late Wednesday afternoon at Thirteenth and Ave. A, according to the county attorney's office. Following the altercation, Mrs. Griggs and George Harris Harden were given hospital treatment for knife wounds, then released. The woman reportedly received cuts on the face.

Pricing Policy Being Changed

WASHINGTON, Nov. 2 (AP) — The Surplus Property administration has announced a new pricing policy designed to strengthen the competitive position of small independent retailers.

Effective immediately, the policy provides that:

1. Surplus consumer goods shall be offered in minimum quantities as far as possible.

Small Orders First

2. Precedence should be given orders received from small retailers and from wholesalers who serve small independent retailers.

3. Manufacturers who distribute to small independent retailers may buy as wholesalers.

4. Discounts from net prices quoted to retailers shall be offered to wholesalers who agree to use their best efforts to sell to small retailers.

5. Discounts granted large retailers — such as chain stores, mail order houses and cooperatives will be limited to not more than five per cent on a minimum quantity to be specified in each offering.

Consider Needs Of All

6. When the total supply of any commodity to be offered for sale is less than demand, consideration should be given to needs of all purchasers before large quantities are sold to one or a few.

7. Wholesalers and manufacturers who operate or control retail stores must buy for such stores on a retailer basis.

8. Buying offices of associated groups of retail stores operated on the voluntary chain system of buying will purchase as retailers. When they buy the minimum quantity specified for large retailers and delivery is made to a distribution center the discount allowed to large retailers will be given.

Many Are Referred To Jobs In Area

For the week ending October 31, 342 persons were referred to jobs by the U. S. Employment Service office, now at a new location in the Owens building, 1114 Tenth, with 261 verified as hired by prospective employers.

This brings the last 30-day total to 1,065 persons referred to jobs and 636 hired.

Of the group referred this week there were 242 men and 100 women with 194 men receiving jobs and 67 women placed.

Persons registering for jobs during the week totaled 385, including 86 veterans. There were 218 job openings listed by the USES weekly report.

Principal demands came for compress laborers with 84 needed. Requests were listed for 32 railroad workers, 17 mechanics, 16 clerical workers, and 66 miscellaneous workers.

Mask-making is one of the most ancient of arts.

Recruiting Leaders Gather In Lubbock

Commanding officers of the West Texas District U. S. Army recruiting sub-stations were in Lubbock Thursday for a business meeting under the direction of Major Robert T. Gibbons, district commander.

It was announced at the meeting that the district topped the list of Eighth Service command districts in their recruiting drive last week, going over their quota 391 percent. Twelve hundred and fourteen men were enlisted in the Army through the district last month. A self-set quota of 1,800 recruits was set at the meeting for the coming 30-day period.

Under discussion at the Thursday meeting was the securement of enlistments at Army installations and closer liason with these during November. War department circular 310, pertaining to armed forces voluntary recruiting act of 1945, was discussed and plans laid for a more intensive publicity campaign in recruiting activities.

Bombing With Handbills

Included in the plan for recruiting activities is the future "bombing" with handbills of Borger, Whitedeer, Childress, Pampa, Phillips, Quanah and Memphis. Planes will sprinkle these cities with placards by Nov. 15.

Those attending the meeting included Capt. William Hollis of Abilene, Capt. John Henry of Amarillo, Capt. Wayne Hall of Big Spring, Lt. Gerald Herron of San Angelo, Lt. Anthony Dabov and Lt. W. P. Venters, head and assistant of the Lubbock sub-station. Capt. Eugene Saffold, plans and training officer of the district with headquarters here, was also present.

Area Servicemen Arrive In U. S.

Poison Gas

(Continued From Page One)

soldier on arrival at a predetermined place will be given one fur overcoat and certain equipment, Sao Tang Pao said.

The Communist organ New China Daily charged that "what the United States is doing today in China is contrary to President Roosevelt's non-intervention policy and contrary to President Truman's policy of not employing force against other countries."

"The United States is damaging its own interests in China," the newspaper said. "We hope the U. S. government will consider the common wishes of the Chinese and American peoples and do its utmost to help China halt the civil war, accomplish peaceful unity and democratic unification, and stop the participation in China's internal strife by American forces."

The only time that George Washington ever left the borders of the United States was when he was 19 and went to Barbados in the West Indies.

Fruit Prices Likely To Drop, Say Experts

WASHINGTON, Nov. 2. (AP) — The Agriculture department predicted today a considerable drop in prices for the 1945-46 citrus fruit crop.

This forecast is based on an indicated record crop of about 7,750,000 tons, about 8 per cent larger than the 1944-45 crop and nearly twice the 1935-39 average.

The department said in its publication "the Fruit Situation" that consumer demand for deciduous fruits (apples, pears, grapes, cranberries, etc.) would be strong enough to keep remaining sales of the 1945 crop at or near ceiling prices.

"With the prospective early and midseason orange crops and the grapefruit crop at record-large levels and a drastic reduction in government requirements for canned citrus juices, prices to growers are expected to drop considerably below the high wartime levels shortly after the new crops begin moving to market in considerable volume," the department said. "Exports of fresh and canned citrus may increase slightly, but in past years such exports have never taken more than a small percentage of the total production.

"This will mean civilian supplies of both fresh and canned citrus juices larger than in recent years."

Non-Stop Hop

(Continued From Page One)

8,088 miles from Mizutani.

The distance record of 7,158 miles was established by the British in 1938.

The flight to Washington was made without prior announcement and on a casual note, in contrast with the previous attempt.

The only incident — other than unpredicted bad weather after the takeoff — was the blowing of three tires as the Superfort commanded by Maj. John C. Cox, jr., of Seattle, neared the end of the landing run. No one was injured.

The fourth plane in the flight was commanded by Maj. Chester M. Wells, jr., of Decatur, Miss.

Food, Nutrition And Rationing News . . .

Combine Tuna With Rice For Supper

Sunday night suppers in snappy weather call for one substantial hot dish—and, of course, as little cooking and serving labor as possible. Here's an answer that's very easy to prepare and to eat.

Creole Tuna Fish with Rice
(Serves 4)

One can tuna fish (7 ounces), 1 sliced medium onion, 1 green pepper cut in rings, 1 cup cooked peas, 2 cups cooked rice, 2 cups cooked tomatoes with juice, 1 teaspoon salt, ½ teaspoon pepper, 2 tablespoons melted butter, parsley.

Place alternate layers of tuna fish, sliced onion, sliced green peppers, peas, rice and tomatoes in a well-greased, two-quart, heat-resistant glass or pottery casserole. Sprinkle each layer with salt and pepper. Pour the melted butter over the vegetables. Cover the casserole and bake in a moderate oven (350 degrees F.) about 50 minutes.

Another Sunday supper suggestion—potato pancakes with spicy apple sauce.

Potato Pancakes

Six potatoes, 2 well beaten eggs, 1½ tablespoons flour, 1 teaspoon baking powder, 1¼ teaspoons salt, 1 teaspoon grated onion, or use 1¼ teaspoons onion salt.

Wash and pare the potatoes. Dry them thoroughly then then grate rather coarsely. (There should be 2 cups.) Beat eggs and add. Add remaining ingredients and mix. Bake on lightly greased hot griddle, same as other pancakes. Spread with butter and serve at once with spicy apple sauce.

Spicy Apple Sauce

Wash, quarter and core tart cooking apples. Add 1 tablespoon water for each apple. Cook till soft. Rub through strainer and add dash of cloves and a tablespoon of sugar or honey for each apple. Heat and serve.

Rationing Roundup

(By The Associated Press)

Ration roundup (as of Monday, Oct. 29:

MEATS, FATS, ETC. — Book four red stamps A1 through E1 good through Oct. 31; F1 through K1 good through Nov. 30; L1 through Q1 good through Dec. 31; R1 through V1 good through Jan. 31; W1 through Z1 and green stamp N8 good through Feb. 28.

SUGAR — Book four stamp 38 good for five pounds through Dec. 31.

Cream of Potato Soup
(Serves 8)

Four cups milk, 1-4 cup minced celery tops, 1 grated medium onion, 2 cups mashed potatoes, 2 tablespoons butter or fortified margarine, 2 tablespoons flour, 1 teaspoon salt, 1-4 teaspoon pepper, 1 tablespoon brown prepared mustard, 1 tablespoon chopped parsley, 1-4 teaspoon paprika.

Scald milk with celery tops and grated onion. Remove celery tops and add milk mixture slowly to mashed potatoes. Melt butter or fortified margarine in heavy pan. Stir in flour and cook over low heat for 2 minutes. Add salt and pepper. Add to milk-potato mixture and continue cooking over low heat for 5 minutes. Add mustard and mix well. Add parsley and paprika.

Italian Spaghetti with Meat Sauce

½ lb. ground beef
½ lb. ground pork
1 small garlic clove
1 chopped onion
2 cans tomato puree
4 lbs. olive or salad oil
1 tbs. Worcestershire sauce
1 tbs. Mexene seasoning
1 pkg. spaghetti
grated cheese (Parmesan)
salt to taste

Brown meat slowly in skillet; add onion and garlic after meat is partially brown, then mix all other ingredients with meat and onions and simmer for 30 minutes or longer if desired. Pour sauce over cooked spaghetti, sprinkle on grated cheese and serve. If strong garlic flavor is not desired remove clove before adding puree.

Old jar rubbers placed under flower pots on window sills protect the sills and anchor the pots in place.

To remove chewing gum from clothing, rub the spot with ice until the gum rolls into a ball, then scrape off.

Slightly more than seven per cent of all fire losses in homes during the past year were caused by overloading of heating plants.

Chicken and corn casserole is a labor-saving delicacy for the cook, and an appetizing dish for the table.

Try This Casserole Of Chicken, Corn

By GAYNOR MADDOX
NEA Staff Writer

HERE'S another appetite alarm clock that also saves kitchen and serving labor:

Chicken and Corn Casserole
(Serves 4-6)

Two tablespoons butter, 2 tablespoons flour, 1 teaspoon curry powder, 1½ teaspoons salt, 1 cup milk, 1 cup light cream or top milk, 3 beaten eggs, 3 cups whole kernel corn, 2 cups cooked diced chicken, 6 strips pimiento, 4"x1-4", 1 slice green pepper.

Melt butter, mix together the flour, curry powder and salt; add to the melted butter making a smooth paste. Add the milk, stirring constantly until thickened. Add the cream and beaten eggs to the sauce. Arrange alternate layers of corn and chicken in a well-greased two-quart casserole. Pour the egg mixture over the chicken; arrange the strips of pimiento and the slice of green pepper on top of the ingredients in the casserole. Bake in a moderate oven (350 degrees F.) about one hour.

Baked Onions
(Serves 4-6)

Baked onions are popular and easy to cook with this interesting recipe:

Three large white or yellow onions, 2 tablesupoons butter or fortified margarine, 2 tablespoons flour, 1 cup milk, ½ teaspoon celery salt, ½ cup coarsely minced watercress, crumbs.

Wash and skin onions. Boil in large pot of salted water for 10 minutes. Drain. Slice each onion into thick discs and arrange in baking dish. Make a cream sauce; mix flour and fat; add milk and celery salt; stir until creamy over low heat. Add minced watercress. Pour sauce over onions. Top with crumbs using bread or cracker crumbs, or try this variation—roll walnuts, pecans or peanuts very fine and use as crumbs for topping. Reheat in hot oven (400 degrees F.) about 10 minutes.

Nicotiana and moonflowers bloom only in late afternoon and evening and are most fragrant on dewy moonlight nights.

Peanut butter is in unusually good supply. Use it in ice cream mix.

Use a few drops of bath oil in the bath itself to soften the skin.

Sausage Apple Betty Is Different Dish

(Served Four)

One cup sausage meat, 1½ cups coarse cracker crumbs, 4 cups apple slices, 1½ cups onion slices, 6 tablespoons water, 2 tablespoons vinegar, 1 teaspoon salt.

Brown sausage meat slowly. Drain off fat. Toss cracker crumbs in sausage fat. Arrange alternate layers of apples, onions, sausage and crumbs in casserole, ending with crumbs. Combine water, vinegar and salt and pour over all. Cover; bake in moderate oven (350 degrees F.) 30 minutes.

"SHOPPER'S SPECIAL

A "shopper's special" saves the day for a weary mother returning home with a tired child and an armful of packages. To make this snappily prepared dinner main dish, chop leftover meat or lightly brown some fresh ground meat. Moisten with milk, gravy, or catsup and season with salt, pepper, minced onion, and Worcestershire sauce. Cut the tops from hard dinner rolls, scoop out center and fill with meat mixture. Replace top, pour on extra gravy and bake at 350 degrees until heated through. Round out this quickie dinner with frozen green peas, raw carrot sticks, and canned fruit with cookies.

Cole Slaw Supreme

2 cups shredded raw cabbage
1 cup shredded raw carrots
1 cup finely sliced celery
½ cup green peppers, finely chopped
½ cup pimiento, finely chopped

Toss all ingredients together and combine with desired amount of Piquant French dressing. Serve with or without cottage cheese.

New Orleans French Dressing

½ cup oil
1-4 cup vinegar
1 tablespoon grated onion
1-4 cup pure New Orleans molasses
1 teaspoon salt
Few drops Worcestershire sauce

Combine all ingredients and shake thoroughly.

Fish Flake Loaf
(Serves 4-6)

Two cups cooked flaked fish (about 1½ pounds), 3-4 cup cracker crumbs (finely rolled), 1½ teaspoons grated onion, 1-4 cup chopped celery, 1 tablespoon chopped parsley, 1 tablespoon chili sauce, 1-3 cup milk, 2 beaten egg yolks, 3-4 teaspoon salt, 1-8 teaspoon pepper, 2 stiffly beaten egg whites parsley white sauce.

Combine and mix all ingredients except egg whites. Fold in egg whites last. Turn into loaf pan which has been lined with wax paper. Bake in moderate oven (350 degrees F.) 40 minutes. Serve with hot sauce.

Poplars are called the "whispering trees" because as one leaf hits against another it makes a whispering sound.

Save syrup from canned fruit to sweeten other fruits, sauces and desserts.

The juice of the crocus was used by Roman women as a hair dye. In recent years it has been used in making cordials and as a coloring for cakes.

Potatoes need not be fattening. One medium-sized potato has about 100 calories. It's the gravy, butter or other fats that "piles up" calories.

When it rains it pours

MORE PEOPLE ENJOY *This Blend* THAN ANY OTHER IN THE SOUTHWEST

It's Wonderful

Admiration is a coffee the whole family applauds. It is specially blended for Southwestern tastes. Probably that is why the Southwest long ago selected it as its favorite brand. Admiration's delicate, aromatic goodness pleases the most critical crank, delights the taste, and adds much to the enjoyment of every meal. Not too strong, not too mild, it has a luxurious flavor you could never forget. If you haven't already, try a pound today in comparison with any other blend. A comparison will convince you beyond all doubt.

Admiration COFFEE

Senator Claims Navy Will Not Admit Importance Of Planes

By MARSHALL McNEIL
Scripps Howard Staff Writer

WASHINGTON, Nov. 2.—Stripped of double-talk, the only reason the Navy is opposing unification of armed forces is that it just does not yet understand, or won't admit, the importance of air power, Senator Hill (D., Ala.) said today.

Senator Hill is the sparkplug of the Senate military subcommittee now considering unification.

"In all our past history," Senator Hill said, "up to the last war, the Navy was, actually, 'our first line of defense.'

"The Navy never got tired of using that phrase, 'first line of defense.'

Things Are Different

"And until there was such a thing as air power, the Navy was telling the truth. But things are different now in an atomic age, an age of air power.

"The air force is 'our first line of defense' now. The Navy just won't or can't understand that it is now in a subordinate role.

"We need the Navy. But we want a unified armed force wherein the Air Forces, the Army and the Navy are three co-ordinate branches.

"And they must be under one chief of staff, one secretary of the armed forces, if they are to operate efficiently. The war we just won showed that."

Confusion Described

Senator Hill pointed to the fact that the Navy's Eberstadt report described the confusion that was created in the latter days of the Pacific war when a unified command there could not be agreed upon. Confusion, he said, will be compounded again and again until the armed forces are unified under a single department.

Citing the urgency of the problem, the senator said:

"The Army Air Forces, as now set up, were created under the president's war power," he said. "When that power expires, so will the air forces. Then, under the national defense act, the Army Air Forces will revert to merely another segment of the War department, with the same relative position as the cavalry and other arms.

"In these times we just can't let that happen.

"There are two ways to meet this urgent problem. We can set up a separate air department, headed by a secretary in the president's cabinet.

That's one way.

"But the better way is to unify the armed services—instead of breaking them up—and putting the air forces, the Army and the Navy on the same footing."

YANKS LEAVE BRITAIN

LONDON, Nov. 2 (AP) — Army personnel assigned to the U. S. base in the United Kingdom has been reduced from a peak of 1,500,000 to 76,859.

Iron filings spread on magnetized plane propeller blades reveal hidden flaws.

Hunt Pioneers Are Defeated By Dupre

The Hunt Pioneers outplayed the Dupre Dogies throughout the ball game Thursday afternoon in their crucial touch football game at Dupre field, but were beaten by the margin of an extra point, 7 to 6.

The Pioneers pushed the Dogies around through three quarters, and in the last two minutes started driving down the field, getting a score on a short pass from J. R. Bradford to Tommy Elliott. The try for extra point failed.

Dupre took the following kickoff, and stormed back. Marching to the Pioneer 15 yard line, Billy Tatum connected with Dick Lowrey with a short pass, and Lowrey stormed over the goal line. Lowrey then roamed out into the flat to take Tatum's pass again, and step over for the winning extra point.

Veteran And Family Living In A Tent

LOS ANGELES, Nov. 2. (AP) — David Mizrahi, veteran of Marine corps action in the South Pacific, folded his tent in a downtown park last night and quietly left with his wife and 2-year-old son.

The Marine veteran told reporters the housing shortage had forced him to shelter his family by pitching a pup tent in Pershing square park yesterday. But city authorities, mindful of an ordinance prohibiting habitation in public parks, ordered him to leave by midnight.

The Mizrahis, both 23, said they had been looking for an apartment since last March, when he was discharged from the Marines. He is now working as an upholsterer and they had been living with relatives.

Victory Statement Issued By Kaiser

WASHINGTON, Nov. 2 (AP) — Henry J. Kaiser, industrialist, issued this Victory loan statement today:

"The Victory bond issue is a vital part of our return to the pursuits of peace. The re-orientation of the American economy from a wartime to a peacetime basis will call for funds which only the American investor can supply.

"Millions of our men are still under arms. Armies of occupation must be transported and supplied.

"Grateful America will not fail in this responsibility."

Boy Claims That He Saw Virgin Mary

NEW YORK, Nov. 2 (AP) —While thousands of persons of all ages, degrees of piety, curiosity and skepticism looked on, Joseph Vitolo, jr., nine, claimed last night that he saw and talked to the Virgin Mary as he knelt at a childishly elaborate outdoor "altar" on the crest of a rock bluff in the Bronx.

It was the fourth consecutive night, he said, that he had seen the vision, who he had stated earlier told him she would return for sixteen nights and then a miracle would happen.

SERVE THE

BASIC 7 EVERY DAY

To work for victory... to fight and win the war, the U.S. needs US strong. That means we should follow Uncle Sam's nutrition guidance. We must eat foods from the Basic 7 Food Groups, every day. NUCOA—the delicious, nutritious margarine fortified with Vitamin A—is in Group Seven of the Basic 7. Add Nucoa to your shopping list—get some at your grocer's today!*

THE BASIC 7 MEANS GOOD NUTRITION

EAT SOME FOOD FROM EACH GROUP EVERY DAY — EATING RIGHT KEEPS YOU HEALTHY

So we'll all be fit, Uncle Sam has set up the National Wartime Nutrition Program in which he recommends that we eat some food from each of the Basic 7 Food Groups every day. To the left is the Nutrition Target all America is to shoot at. So aim well, hit the mark every day for better health.

Nutritious NUCOA is included in Group Seven of the Basic 7. It contains no less than 9,000 Vitamin A units per pound ... and also supplies 3,300 calories, as much food energy as the most expensive spread for bread. So, let point-thrifty NUCOA complement your family's diet, daily. You can use it inexpensively in seasoning and as a spread for bread. Spread it on lunch box sandwiches to make them more nutritious. You'll find that NUCOA, in Group 7 of the Basic 7 Food Groups, adds flavor and nourishment to foods in all the other Basic Groups, and economically, too. So ask for NUCOA today.

*If your grocer is sometimes out of NUCOA, please be patient. Under wartime conditions, we and your grocer are doing our best to supply you. Remember, NUCOA is worth waiting for and certainly worth asking for again.

A product of THE BEST FOODS, INC.

Senate Science Study Closing

WASHINGTON, Nov. 2 (AP) — Senators who have been studying science from "A" to "Z" wind up public hearings today on a broad program of scientific research legislation.

Heading the last day's witness list was Dr. James B. Conant, president of Harvard university and eminent chemist.

The hearings have been conducted largely by Senators Kilgore (D-WVa.) of the military committee and Magnuson (D-Wash) of the commerce committee. Others who have participated include Senators Fulbright (D-Ark), LaFollette (Prog-Wis), Cordon (R-Ore) and Brooks (R-Ill.)

To Study Testimony

Next week, senators will survey the mass of testimony they have received and attempt to put together a mutually satisfactory bill.

The project is a broad one. Pending bills call for authorizing "such sums as may be necessary" to spur research in military, medical and other fields.

These were among problems requiring adjustment:

1. Shall control of the proposed national science foundation be lodged in the hands of a single federal official or in a board of experts? President Truman and government officials say one-man responsibility is best; scientists ask for board direction.

2. Who shall get the patent benefits deriving from federally financed research? Mr. Truman favors royalty-free, non-exclusive licensing of such patents. Objectors say if the government helped equip a college laboratory it might order free use of everything the laboratory subsequently developed.

A national research foundation was proposed July 19 by Dr. Vannever Bush, director of the office of scientific research and development. Bush then estimated the cost at $33,500,000 a year at the outset and $122,500,000 annually after five years.

Russians Are Aware Of America's Help

STATE COLLEGE, Pa., Nov. 2 (U.P.)—A part-time instructor in Russian at Pennsylvania State College says the Russian people have no desire to establish a world empire.

Father Constantine Auroroff, who spent the first 27 years of his life in Russia, adds that the Russians are deeply conscious of America's help in the war.

Russia's extension of her western border is merely a desire to extend a nationalistic influence over the other Slavonic peoples, Father Auroroff believes. He says the only Soviet concern at the moment is the development of their own country.

"Ninety-nine per cent of the common people are friends of the Americans and regard this country as their ideal," according to Father Auroroff. The great majority of them realize they couldn't have won the war without American help."

FAR-SIGHTED SAILOR

FREDERICKSBURG, (U.P.) — Fleet Admiral Chester W. Nimitz has far-seeing ancestors to hear the Navy tell it. When the Admiral visited his birthplace, the Navy issued a story telling how his sailor grandfather built a hotel here with a ship's bridge. The story narrated he would walk the bridge by the hour gazing at the Texas prairie.

The bridged hotel is correct, but nearest prairie to this mountain town is 80 miles.

Cinderella Battles Three Years Against Polio And Just Misses Becoming Miss America Of '45

* * *

NEW YORK, Nov. 2 (AP) — Phyllis first won a three-year contest with infantile paralysis.

Then she entered another contest, in which she just missed becoming Miss America of 1945.

She swore her friends to silence about her illness because, she explained, she didn't want sympathy from Atlantic City's beauty judgers.

First Runner-Up

The 19-year-old "Miss San Diego" was first runner-up in the national beauty contest, and danced the hula to celebrate her success. Thousands who cheered her performance were unaware that for three years she had struggled just to walk.

Miss Mathis was a 14-year-old high school freshman when polio struck. The schoolbell tolled for her one morning and she couldn't respond. Ironically, her mother—a volunteer nurse — was caring for another victim of infantile paralysis at the time.

She Moved It

Phyllis suffered paralysis of the trunk and left leg. "They didn't want me to move that leg, but I did," she says. "My mother and sister worked with me constantly, giving me massages and keeping my hopes alive. I wouldn't let myself relax because I wanted to get out and play tennis."

Back on her feet at 17, with a high school diploma she earned by studying under a tutor, the girl who wouldn't give in to polio enrolled in a photography school. Within a year she had opened a studio as a specialist in camera portraits of babies.

Studio Prospered

The studio prospered, but the proprietor was filled with three years' day dreams. She took up modeling, painting in oils and soft-shoe dancing.

That was her three-decker career when a doting uncle cut a new pattern for her.

"One day he telephoned me and said: 'You're going to enter a contest.' He rushed me to a ballroom, handed me a printed form and told me to sign it. I didn't know what it was all about, but if he wanted me to do it, I knew it was all right."

Last August Miss Mathis was voted the title of Miss San Diego. A month later she was runner-up to Miss America, the winner of the $1,000 Tangee scholarship to any college in the country, and the object of attention from three motion picture companies.

She passed up the movies, took a raincheck on the scholarship and went to work as a model for Harry Conover's New York agency.

PLUCKY — While invalided three years with polio, Phyllis Mathis was determined she would some day dance the hula. And she did.

Favorites At Tech Chosen Wednesday

Walter Schlinkman of Dumas and LaNell Doshier of Claude, both seniors, were elected by popular vote Wednesday as Mr. and Miss Texas Tech, becoming the first students ever to hold the title.

They will have a full-page picture in LaVentana, college yearbook. LaVentana sponsored the all-campus election.

Miss Doshier, a home economics major, is secretary of the Student council and president of the Home Economics club. An arts and sciences student, Schlinkman is co-captain of the Red Raiders, president of the senior class and Double T association.

Final election eliminated four other candidates for the titles. They were Louise Ince of Spur, Audrey Melton of Olton, Troy Caldwell of Seymour and Gene Hardey of Hugoton, Kans.

After the Russian revolution, typhus killed about 3,000,000 people.

Search Widens For Escaped Convicts

SHREVEPORT, Nov. 2 (AP)—An area in northern Caddo parish, 35 miles north of here, was being searched today for three of the five men still at large after the Hallowe'en night break from the Caddo parish jail.

Sheriff Howell Flournoy said that three of the men had been seen in that area: J. V. Gunter, 23, John Cavalero, 18, and Otis J. Cook, jr., 21.

Meanwhile, search for the other two still at large, identified as John Eichmeyer, 18, and Willian T. Nevers, jr., 20, both under federal charges, shifted to East Texas today after two youthful bandits robbed a service station near Marshall.

Two white men, believed to be convicts who escaped the Caddo jail, robbed a tourist camp of $63.43, while the station attendant was filling the gas tank on their car.

A sixth member of the group that escaped, identified as Louis Mangham, 22, Bossier City, La., was re-captured by city police after the break.

"Buy A Victory Bond TODAY."

GETS TOMBSTONE BARGAIN

OMAHA, Neb. (U.P.) — District Court baliff Joe Brown believes in being prepared for all eventualities.

He recently announced he has purchased a tombstone. The stone was inscribed with his birth date and set up on his plot at a local cemetery.

Brown got a "real bargain" in a coffin not long ago. The person for whom it was intended was cremated. The coffin is kept in Brown's basement.

The South American "automobile bug" carries a white light in front and a red one behind.

"FEATURING QUALITY FOODS"

Houston Port Strike Ended

(By The United Press)

Texas' strike picture today was brightened by end of the Houston waterfront walkout, but textile workers still remained away from their jobs in three Central Texas towns.

Picket lines of some 700 warehousemen checkers and clerks of the International Longshoremen's association were withdrawn at Port Houston for the first time in nearly two weeks.

Agreement Obtained

Negotiations on disputed wage scales will continue, but a U. S. Labor department conciliator obtained agreement, for the time being, of a wage scale providing for 95 cents an hour for workers at an ordnance depot and 90 cents to other union men. All had sought the 95-cent rate.

It was reported that rice industry leaders had been instrumental in ending the walkout, bringing pressure to bear on both labor and management because of the threat to $5,000,000 worth of rice requiring turning in public elevators within the picket lines.

In the textile workers' strike at Mexia, Hillsboro and Itasca, a nine-member policy committee of the CIO union calling the walkout deliberated a WLB order for the strikers to go back to work.

Paul Schuler, regional director of the union, said no decision had been reached on whether the workers will end their 16-day strike.

Hearing To Be Held

The National War Labor board in Washington ordered the strikers to return to their jobs and at the same time said in its telegram that a hearing will be held Nov. 15 in Washington to take up noncompliance of two of the three mills with Dallas War Labor board orders. The two firms mentioned were the Hillsboro Cotton Mills and the Itasca Cotton Manufacturing company.

W. Don Ellinger, representative of the North Texas CIO regional headquarters, said the union may file a taxpayers' suit against all three cotton mills. Ellinger said "it is believed illegal for the mills to deduct strike losses from their income for tax purposes."

Meanwhile, John M. Scott, attorney for management in the three mills, said the companies would welcome return of all workers wishing to go back to work and added that there would be no punishment for their having gone on strike.

Death Of Man Still Has Police Baffled

GALVESTON, Nov. 2 (AP) — The death of William Wilson Wolf was still a mystery today, more than 48 hours after his body had been found at the foot of the seawall near the Galveston county fishing pier.

The Alvin, Tex. man was identified by a cash sales receipt through which Galveston police traced the victim's family.

One man has been arrested and another one is sought in connection with the death, attributed to a fall or by being struck by a broad object with homicidal intent, in Justice of the Peace James L. McKenna's inquest report.

FBI Says Crimes On Upshoot During 1945

WASHINGTON, Nov. 2 (AP) — Criminal offenses jumped 10.3 per cent during the first nine months of 1945 compared with the same period of 1944, the FBI said today.

Crimes in September increased 15.8 per cent compared with September, 1944.

From January through September murder and non-negligent manslaughter increased 7.8 per cent, manslaughter by negligence 6.6 per cent, rape 7.8, robbery 17.5, aggravated assault 8.8, burglery 15.4, larceny 8.4 and automobile theft 14.2.

Petty Officer Held In Slaying Of Negro

MIAMI, Fla., Nov. 2 (AP) — Daniel Hawthorne, Merchant Marine petty officer, of Galveston, Tex., faces trial for murder here today in the federal court.

He is charged with having slain Willard Major, negro mess attendant, aboard a ship in the Red Sea last December.

Hawthorne spent 11 months in an Arabian jail and at Miami.

Sharp Fighting In Java Ended

BATAVIA, Nov. 2 (AP)—Peace was restored in the Magelang area at noon today by a temporary truce which followed a night of sharp fighting between Indonesian extremists and British Indian troops, during which RAF planes again strafed the Indonesian forces.

Elsewhere in central and eastern Java conditions were reported generally improved, although the situation at the naval base of Soerabaja was described as "very delicate."

Dutch Are Evacuated

Col. C. H. O. Pugh, commander of the British garrison at Soerabaja, succeeded in effecting the evacuation of 1,500 Dutch nationals—mostly women and children—and a similar number were expected to embark tonight.

At Magelang, British and Indonesian leaders were reported conferring during the truce, effected with the aid of Dr. Soekarno, president of the "Indonesian republic," whose cease fire orders previously had been ignored by the extremists. Outcome of the negotiations remained in doubt.

The British formula for solving the difficulties was summed up in a broadcast by psychological warfare experts over the Batavia radio, who concluded that "the battle of democracy is the council table." The broadcast said those responsible for the current disorders in Java were the Japanese, who originally "gave up their control to those whose desire for self-government they first encouraged."

Manila Hearing

(Continued From Page One)

were "sadists and beasts" as he testified that Yamashita's troops poured gasoline over women's heads and set them afire, made sport of young girls for the entertainment of other Japanese at a club and then raped one of the girls after she was dead.

Another Spaniard, Jose Malonado, described the tossing of a hand grenade into a bathroom where the Japanese had locked up all the men of a group of 50 who sought refuge in a certain home. Five were killed and many maimed.

He said his wife, 22-year-old Maria, was stabbed in the back with a bayonet the point stuck out two inches from her chest.

An elderly Spaniard glared hard at Yamashita as he told of being wounded in the bathroom and then stumbling out into the kitchen where he found three women who had been misused by the Japanese and then slain.

Girl Escaped Flames

A pretty 21-year-old Filipino girl, who exhibited a horribly scarred leg, testified how she and some 50 others had been shut in a walled yard, the entrances set afire and grenades thrown at them. She escaped by running through the flames.

Details of the slaying of Albert C. Delfino, Venezuelan consul, his wife and foster son, on Feb. 13 were related by a witness who said they and six others were tied, marched into a room of their home and shot. The house was burned. The victims were all robbed before they were slain, the witness said.

A guard at the home of Carlos Perez Rubio, well known Philippines businessman who was killed as the Japanese fired his home, said Rubio was shot five times as he attempted to escape.

A nurse who had attended Brig. Gen. Carl Nathorst, retired officer of the Philipine constabulary, said she last saw the aged general and his wife and daughter among those who were trapped in the German club. She did not know their fate, but has not seen them since.

Rioting Spreads

(Continued From Page One)

said "the Jews have gone over from the defensive to the offensive." A curfew on motor traffic in Palestine was imposed for between 10 p. m. and 6 a. m.

Americans In Barracks

In Cairo and Alexandria, police and firemen joined Egyptian troops in attempting to quell riots. American service troops were ordered to remain in their barracks. Sound trucks coursed Cairo, ordering British troops to leave the streets.

Ambulances carried scores to hospitals from the scenes of rioting in Cairo. Numerous arrests were made by helmeted troops, armed with clubs and rifles.

The demonstrators left paths of broken glass from store windows in their marches from Mustafa Kemel square to Abdien palace.

Youths Are Held In New Mexico Thefts

ALBUQUERUE, N. M., Nov. 2 (AP)—Sheriff Harold Hubbell of Albuquerque today was continuing investigations of a "ring" of four youths who allegedly have stolen six automobiles.

Meanwhile, Sheriff Hubbell reported that two young women have been implicated in the ring.

The girls, aged 18 and 17, were being held for questioning, and according to the sheriff, have admitted participation in the theft of one automobile at Phoenix, Ariz., and one car in Albuquerque.

Fourth youths are being held in connection with the car thefts.

Produce Market

CHICAGO REPORT

CHICAGO, Nov. 2 (UP) — Produce Butter receipts 251,063 lbs.; market firm and unchanged; 92 score 41-46; 90 score 40¾-45¾; 89 score 40¼-45¼; cooking grade 39-44; centralized carlots 90 score 40¾-45¾; 89 score (cc) 40¼-45¼; cooking grade (cc) 39-44.

Egg receipts 4,869 cases; market firm and unchanged; extras 1 and 2, 49.8; 3 and 4, 45-46.2; standards 42-44.6; current receipts 41-44.6; dirties 31-34; checks 32-32½.

Grain Market

CHICAGO REPORT

CHICAGO, Nov. 2 (AP) — Grain futures overcame an early downturn today, bouncing back on buying and short-covering.

Oats gained fractionally and wheat steadied.

The favorable report of the House agricultural committee on the Pace parity bill and traders' belief that demands for its passage would be tied up with the administration policy of wage increases for industry wa sa bullish influence.

Wheat closed ⅝ higher to ⅛ lower than the previous finish, December $1.78⅝-½, corn was ½ up to ⅛ down, December $1.18½, the ceiling, oats were ⅜ higher to ⅛ lower, December 66½-⅝, rye was ahead ¼ to 1⅞, December $1.64¼-⅞, and barley was down ¼ to 1 cent, December $1.19.

FORT WORTH REPORT

FORT WORTH, Nov. 2 (AP) — Wheat No. 1 hard, 1.78⅝-84⅛.

Barley No. 2, 1.28-30.

Sorghums No. 2 yellow milo or No. 2 white kafir, per 100 lb. 2.35-40.

Oats No. 3 white, 78-79.

Stock Market

SELLING TROUBLES HIT

NEW YORK, Nov. 2 (AP) — Selling troubles beset the stock market during today's early proceedings but a late revival of investment demand brought selective recoveries in virtually all departments.

Dealings speeded up after the opening and heavy bids and offers for a brief interval put the ticker tape behind a minute for the first time since last July 17.

Transfers were around 2,000,000 shares for the third successive session.

In the "new high" category were Montgomery Ward, up about 3; Eastern Air Lines and American Airlines, up 2 or so each; American Telephone and American Cable & Radio. Ahead most of the time were Great Northern, Texas Co. and Allied Chemical.

Bonds were uneven.

Cotton Market

NEW YORK REPORT

NEW YORK, Nov. 2 (AP) — The cotton futures market turned quiet today as traders awaited further developments on the Pace parity measure and a threatened spreading of the strike in in New England textile mills. Light hedge selling was offset by mill buying and local covering. Private advices reported much better buying of spot cotton by mills during the past week at firming prices.

The cotton futures market eased into new low ground for the day towards the close on increased hedge selling.

Futures closed 30 to 55 cents a bale lower.

	High	Low	Last
Dec.	23.74	23.64	23.64
March	23.84	23.73	23.75
May	23.86	23.74	23.75-77

MIGHTY AMERICAN DOLLAR—Two members of the first Marine contingent to arrive in Tientsin, China find out how popular the American dollar is. They are mobbed by grinning natives who gladly change their American dollars into Chinese currency. The Chinese usually make money in a deal like this.

Order Revision

(Continued From Page One)

Pearl Harbor attack but also to volunteer facts to committee members.

Must Act As Agent

The individual members, however, would not be permitted to delve into records unless the committee first designated them as its agent.

The President's October order modified a previous order he issued on August 28 which forbade Army and Navy officials to discuss the Navy's breaking of the Japanese diplomatic code in November, 1941.

If today's request is met by the President, all of the information about the code breaking, as well as any other bearing on the inquiry, would be made available to the committee.

Chairman Barkley (D-Ky) announced that the group will start hearings on November 15.

Youth Conference Asks For Crusade

LONDON, Nov. 2 (AP) — The world youth conference, attended by 500 delegates from 64 nations, today called for a youth crusade against "fascistic" governments of Spain, Argentina and Portugal.

Another resolution placed before the conference by Olga Chechetkin of Russia, called for sharing of the atomic bomb secret by the United States, and demanded that the bomb "never again be used as an instrument of war." The resolution urged placing of the bomb under United Nations control.

Congratulations To:

Mr. and Mrs. W. W. Webb, route 4, Lubbock, on the birth of a daughter, weighing 6 pounds 8¼ ounces, at 6:56 a.m. today in West Texas hospital. The father is a filling station attendant.

Texan Goes Abroad To Wed Sweetheart

HOUSTON, Nov. 2 (UP) — With packed trousseau, pretty 21-year-old Edith Thorold will sail tomorrow for England to marry her Royal Air Force sweetheart who she knew for a week four years ago.

She met and fell in love with John E. Clayton when he visited Houston for seven days in 1941 with the Merchant Navy. They have not seen each other since but have corresponded regularly.

Edith had been unable to book passage until now.

Metal Toys To Cost More; Boost Okayed

WASHINGTON, Nov. 2 (AP)—Metal toys (if you can get them) will cost at least 15 per cent more this Christmas than in 1941.

OPA announced this today in reporting that manufacturers have been granted a 14 per cent increase in price ceilings.

The one bright spot, OPA said, is that even with the higher price, metal toys such as trains, trucks, and scooters will cost less than similar toys made of wood.

Nation's Strikes

(Continued From Page One)

reported shrinking because of the closing of a carton producing plant. A union spokesman said reports of carton shortage had been exaggerated but milk industry spokesmen denied there was an adequate backlog.

Service on six Greyhound bus lines operating east of the Mississippi to the Atlantic seaboard remained halted for the second day by a strike of some 4,000 AFL employes who left their jobs over a dispute on wages.

In New York, George E. Sift, president of local 1202, Amalgamated Association of Street, Electric Railway and Motor Coach Employes, said if a settlement was not reached "soon," the strike "may spread throughout the country." Thousands of bus passengers were inconvenienced by the disruption of service.

Food Stores Closed

In Salt Lake City, 60 of the major food stores were closed in a controversy over wages between management and 400 AFL meat cutters and food handlers.

A proposed five-hour protest demonstration scheduled today in the nation's Western Union offices was urged cancelled last night by national officials of the AFL Commercial Telegraphers Union in Washington. The CTU has filed notice of intention to take a strike vote, which would involve some 50,000 Western Union employes. Members of the Detroit CTU local, however, voted in favor of the work stoppage.

AFL pickets resumed marching around the block-square Marshall Field & company department store in Chicago as 1,000 AFL non-selling employes continued their strike for higher wages.

The ivory-billed woodpecker, California condor and whooping crane are the American birds probably nearest extinction.

Holiday Pranksters Get A Real Treat

KLAMATH FALLS, Ore., Nov. 2. (AP)—Two small girls, out to see what they could scare up in the way of Hallowe'en treat, got what is probably the best "treat or trick" any prankster could claim.

They called at the home of a woman who evidently didn't understand that "treat" meant just a piece of candy or small treat. She gave them two thick steaks to take home and cook.

Scottish Rites To Hold Large Reunion

DALLAS, Nov. 2 (AP) — More than 500 degree candidates are expected to attend the 92nd reunion of Dallas Scottish Rite bodies here Sunday and Monday. The reunion will be held at the Scottish Rite Temple.

Chauncey A. Egbert, secretary, said the degree candidates will come from an area bounded by Texarkana, Big Spring and Brownwood.

General Eisenhower Expected To Return

WASHINGTON, Nov. 2 (UP) — Gen. Dwight D. Eisenhower has returned to the United States or shortly will arrive here, the United Press was told today by a usually reliable source.

Eisenhower is widely boomed to succeed Gen. George C. Marshall as chief of staff. There also are reports that he will continue in his job in Germany or accept some other foreign assignment.

Westerners Facing Hard Test Tonight

Lubbock And Brownfield Both Seeking First Victory In District 1-AA Race

Two clubs, both seeking a first victory in the District 1-AA conference race, will tangle tonight at Tech stadium at 8:15 o'clock when the Lubbock Westerners clash with the Brownfield Cubs.

Fighting to escape the basement dwelling assignment, the Lubbock eleven will face one of the roughest tests of the season tonight as they seek to break a losing streak that has extended over three games in a row, two of them conference affairs.

Brownfield has shown a potent attack most of the season, but encountered a couple of setbacks in league play. The team is still undefeated outside of league play, but lost to Amarillo and Pampa. Lubbock's league losses were to Borger and Plainview.

Records of Teams

Brownfield opened the season with a 44 to 0 victory over Slaton, then nosed out Lamesa, 12 to 9. The Cubs again showed a potent attack in outscoring a rugged Levelland club, 33 to 18. The Cubs then went into conference play with an unbeaten record, only to be topped by Amarillo, 42 to 6. The Cubs bounced back to beat a strong Hobbs, N. M., eleven, 12 to 6, then went down before Pampa, 25 to 0, for a record of four wins and two losses.

Lubbock opened the season with a 26 to 7 loss to the potent Odessa club, then tied the San Angelo Bobcats, 13 to 13. The club seemed to start clicking, and rolled over Big Spring, 27 to 0, and thumped Lamesa, 25 to 6.

But just as the club seemed to be getting started, it went into a tailspin, and losses followed to Borger, Abilene and Plainview in that order, and by scores of 21-19, 12-6 and 13-7, respectively. This left the Westerners a season's record of two wins, one tie and four losses.

Westerners Ready

Lubbock will go into the game in top shape, and ready to give a good account of themselves. Two regulars have been on the sideline all this week, but are expected to be ready to go tonight. They are George Brewer, ace ball carrier and top scorer, and Stoney Wall, first string guard.

There has been no reports coming from the Brownfield quarters, but the Cubs are expected to roll into Lubbock tonight in top shape, and hopes are running high in the Terry county town that the Cubs will tack another loss to the Westerner string.

Brownfield is reported to have a potent running attack, and Lubbock has proven they have a good ground game, which would indicate that fans are due to see a hard fought, but pretty well earth-bound battle.

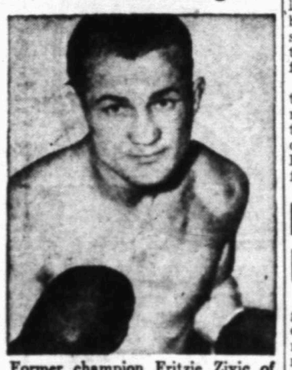

Fans Follow Cubs

Interest has been running so high in Brownfield, that an additional 100 student tickets for the game was ordered, and the Brownfield band will follow the team to Lubbock. It is indicated that at least 400 students from Brownfield will be here tonight.

E. J. "Pinkey" Lowrey, athletic director of Lubbock schools, said last night that ticket sales have been brisk at his office in the senior high school building, and that a big crowd was in prospect for the battle.

The only other District 1-AA teams in action in the district tonight will be at Borger, where the pass minded Plainview Bulldogs and the hard running Borger Bulldogs are lined up for a "dog fight."

Zivic-Archer Bout On KFYO Tonight

Former champion Fritzie Zivic of Pittsburgh, who knows every trick of the fistic trade, meets rough-and-ready Freddie Archer of Newark, N. J., in a ten-round welterweight return match at New York tonight.

Young Archer packs grenades in both mitts and is murderous in the clinches. He defeated Zivic in their first meeting. Fritzie wants a return title bout with Freddie "Red" Cochrane and the outcome of this match may strengthen his claim.

Enjoy the excitement, blow-by-blow, on Gillette's Cavalcade of Sports over American Broadcasting Co. and KFYO (1340 on your dial) at 9 P. M.

For thoroughly refreshing shaves, soften your beard with Gillette Shaving Cream, lather or brushless. Then skim it off, slick as satin, with today's Gillette Blue Blade in your Gillette Razor. Remember . . . LOOK sharp! FEEL sharp! BE sharp! Use Gillette Blue Blades with the sharpest edges ever honed!

Duck Hunters Going Into Action Today

In spite of the shortage of shotgun shells and good waterholes over the area, duck hunters were reported out in full force this morning when the duck hunting season opened at 7:07 a. m.

The starting of the duck hunting season in Texas, which will extend until sunset on Jan. 20, will be hampered by the lack of shells, but certainly not by the lack of interest among the hunters.

No Shells Available

Local sporting goods houses have been swamped with calls for shells, but have been unable to meet the demand. Some stores report there have been no shells on the shelves for more than 30 days, and the only chance for shells are government release of No. 8 shot, which certainly isn't the best shell for duck hunter, but more for the hunter of smaller birds.

There are some lucky ones who have been able to store up shells for this gala day, and those boys will be in the blinds when Old Sol peeps over the horizon this morning. Perhaps the majority of the would-be hunters, however, will not be able to go out today.

Ducks Reported Plentiful

Reports from throughout the area has indicated that ducks have been coming in for several days, and that the feathered flocks will be plentiful this year.

Another cause of woe for the hunter this year will be the lack of water holes. The dry summer has left many of the "old standby holes" dry and unattractive—to ducks. But those who have found water will stand a good chance of finding ducks.

The limit is ten ducks, which can include one wood duck. No rifles can be used for hunting of ducks, and all hunting outside their home county, must have Texas hunting license.

Class A Tilts Top Features

Littlefield Will Meet Ballinger

The ball game that West Texas has long wanted to see, the clash of the two top Class A teams of West Texas will be unreeled tonight at Ballinger, where the Littlefield Wildcats will crash head-on with the Ballinger Bearcats in the state's top Class A grid game.

Littlefield is comparatively new to the Class A picture of great teams, while the legend of the Bearcats runs back over a span of many years. Not since 1940 has Ballinger failed to gain the final round of regional play, and only once has the team been beaten by a Class T team in that time, this was the stunning upset last season when Ballinger fell in the regional finals to Seymour, 13-7.

Both Lost Final

On the same day that Ballinger was losing to Seymour, Littlefield had a ten game winning streak snapped by Merkel, 24 to 14 in the regional finals.

The two teams meet tonight with Littlefield undefeated and untied, while Ballinger was beaten by Class AA Abilene, 13 to 0, but has won five other games. Littlefield has won seven in a row.

Both are high scoring ball clubs, and plenty of fur is due to fly tonight as these grid powers meet headon.

Littlefield will take an all-veteran line to Ballinger. Behind this stone wall will be working a veteran backfield, paced by the pitching arm of Billy Lyman, one of West Texas' best passers, and the pounding feet of Walter Sewell, 192 pound fullback, and diminutive halfback, Oscar Arend.

Rock Ribbed Line

The line, all of them veterans of last year, will find Sidney Buell at center, Foy Bell and Charles Pharris at guards, Co-captain Sabin Henrickson and Dal Brandon at tackles, and Buster Owens and Gene McCanlies at ends.

The remaining starter is Junior Graham, who has been one of the outstanding blocking backs in West Texas for the past two seasons.

The Wildcats have plenty of seasoned performers to shove into a game to rest the starters, and will be in top shape for the clash with Ballinger.

Other Area Games

Other games over the area are dwarfed by the clash at Ballinger, but league play dominates the rest of the schedule in both Class A districts.

In Littlefield's own district, the top game of the week will be the league clash at Sudan, where the undefeated, untied Hornets tangle with the powerful Levelland Lobos. But for the Ballinger clash, this game would rate the top billing of the day.

Olton will invade Morton for another conference tilt in District 5-A, and round out the district schedule.

District 6-A will offer a full conference slate of four games, all of them about evenly rated as to importance. The league leading Denver City Mustangs invade Seagraves, favored to drive another nail into the district title structure.

Other games will send the revamped Tahoka Bulldogs to Seminole, Post will play at Sundown and O'Donnell will invade Slaton.

Navy, Minnesota, Duke, Army, Ohio State, Cornell, Tulane Are Picked In Saturday Games

By HAROLD CLAASSEN
Associated Press Sports Writer

NEW YORK, Nov. 2. — Navy will defeat Notre Dame tomorrow in Cleveland's huge stadium.

That's the prediction of this corner, which has forecast the season's football games at an .809 pace despite last Saturday's stumbling on eight of 38 decisions.

Other predictions:

St. Mary's-Southern California: West coast odds-makers have the Gaels the six-point favorite but from here it appears the Trojans will triumph.

Likes The Gophers

Minnesota - Michigan — Fritz Crisler's teams invariably have trouble in games involving the little brown jug. We like the Gophers.

Duke-Georgia Tech: The Blue Devils' George Clark will bring them a decision at Atlanta.

Cornell-Columbia: Coach Ed McKeever is reported praying his reconstructed team would lose to Yale, beat Columbia. It lost to Yale. Cornell.

Northwestern — Ohio State: The Evanston Wildcats were at their wildest against Purdue. Ohio State.

All For Army

Villanova — Army: The cadet corps marches into Michie stadium at 2:30. The cadet football team starts marching 15 minutes later. Army.

Mississippi State - Tulane: The Greenies are unpredictable but they appear strong enough to halt Mississippi State's string of wins. Tulane.

North Carolina — Tennessee: The Vols appear a couple of touchdowns stronger. Tennessee.

Princeton — Penn: Princeton is unbeaten, Penn has lost one. After Saturday night they will have identical records. Pennsylvania.

Class B Spotlight On Petersburg Tilt

PETERSBURG, Nov. 2 (Special) —The Class B grid spotlight will be on the local gridiron tonight at 7:30, when the Petersburg Buffs play hosts to the undefeated Meadow club.

Meadow has been rolling smoothly over a period of the past two years, and has never dipped its colors in defeat before a district rival in those two seasons. Meadow already wears the crown for the south half title in District 1-B, and is awaiting the playoff battle with Hale Center.

The major question to be answered by the game will be whether the rock ribbed Petersburg defense will be able to stop the potent goalward thrusts of the high geared Meadow club, and a big crowd is expected to be on hand to see the answer.

Another Class B tilt on the schedule tonight that will be closely watched will find the powerful Abernathy Antelopes moving into Plainview to battle the Plainview B team.

Unbeaten Pair Tangle Tonight

CROSBYTON, Nov. 2 (Special) —The picture in District 4-A will become much clearer after tonight's battle in Spur which will pair two of the three undefeated teams in conference play, the Spur Bulldogs, defending champions, and the Crosbyton Chiefs. Floydada is the third team with an unblemished conference record.

Each of the two teams meeting on Bulldog field tomorrow night have won three games in league play and the game is rated a toss-up, figured on the comparative basis.

Crosbyton opened up their year with a 24-0 win over Idalou and then followed up with a 19-0 trouncing of Matador. The Spur eleven took the Matador team to a 14-0 victory.

Crosbyton won over Lockney 13 to 6 and then last week came to their season's peak to whip a supposedly good Paducah team 38 to 0.

Spur also encountered trouble with the tough Lockney eleven in a strictly offensive game, finally winning 34 to 26. In their other conference battle the Bulldogs whipped Ralls 24 to 0.

Crosbyton is pinning its hopes on the performances of big Lawrence Simmons, 185-pound full back, and Jack Jones, 155-pound speed merchant half. Simmons has found little difficulty in pounding out regular gains over other opposition and Jones has been carrying a large share of the heavy work in games to date.

Crosbyton will play Ralls Nov. 9 and Floydada Nov. 16 to round out their conference schedule. Hopes are high in this city for the Nov. game to be the championship bout and only Spur is rated a chance at stopping the Chiefs, who have just resumed football after a two-year holiday.

Elsewhere in the district tonight there will be two league battles on the program. Lockney will play at Floydada, while Ralls will journey to Paducah for another league encounter.

The voyage of the steamship Savannah in 1817 from the United States to England marked the first time that mail had traveled by steam power instead of sails.

Tech Red Raiders Hold Rugged Drill

MASON, Nov. 2 (Special)—The Texas Tech Red Raiders left here this morning, enroute to Houston where they will tangle with the surprising Rice Owls of the Southwest conference Saturday afternoon.

Coach Dell Morgan put the Red Raiders through a rugged drill here, and expressed hopes that all his regulars, except J. E. Branton, would be ready to start against the Owls. Branton was injured in the Texas game, and has not seen any action since.

Walt Schlinkman, the Dumas Dynmiter, is expected to be back in the starting lineup, and reported that his injured shoulder was showing much improvement.

Arthur Shahan, veteran back from Graham, is expected to start his first game since the Texas Aggie game in late September, with Cecil Norris and Gene Hardey, two more veterans, expected to complete the starting backfield.

The line is expected to be intact, with Co-Captain Otis Turner at center, Floyd Lawhorn and Russell Birdwell at guards, Doug McShane and Bernie Winkler at tackles, and R. W. Moyers and Billy Kelley at ends.

Play In Bowling League Is Close

Play in the Civic club bowling league Thursday night at the Lubbock Bowling club was close, and only one team turned in a clean sweep, the Lions club taking three from the Veterans of Foreign Wars.

In other games on the program, Levine's Scouts won two over the Kiwanis, the Optimists won a pair from the Rotary club and the Jaycees downed the American Legion twice.

Scoring honors of the night were divided individually, but hogged by Levine bowlers. Young toppled 222 pins for the best single game of the night, while his teammate, Welch, had the best series with 553 pins.

Cowboys Purple Are Petersburg Victors

Lubbock Junior High's Cowboys Purple team showed plenty of slashing ground power Thursday afternoon at Petersburg, and rolled over the Petersburg Juniors, 40 to 6.

Stroud struck for the first Cowboy touchdown, stampeding 45 yards for pay dirt in the first quarter Later in the same period, Carpenter broke away for a 30 yard gallop to score.

Rolling up yardage with a relentlessly driving ground attack, the Cowboys scored twice more in the second quarter, with Bantz going over for the touchdowns on short plunges.

Dupre scored for Petersburg in the second quarter, breaking through the line to roam 50 yards for the score.

Bantz smashed over the double stripe again in the third quarter, and Stroud scored on another 30 yard run in the final period. Bantz smashed over for four extra points to account for more than half of the Lubbock scores.

Flashes Of Life

(By The Associated Press)

DOWN THE DRAIN

LOS ANGELES, — When Atcress Rena Saunders testified in her divorce suit that her husband, William T. Caldwell II, tossed a fully decorated Christmas tree out of their second story window last Yuletide season, Judge Arthur Crum was unimpressed.

But when Miss Saunders, who charged cruelty, testified further that Caldwell, a film casting director, smashed "quite a few bottles" of bourbon, the court's ears picked up.

"You mean he broke up f-u-l-l bottles!" exclaimed the judge.

"Yes, he did," she replied. "Divorce granted."

CELEBRATION BACKFIRES

SALT LAKE CITY, — A bit of a celebration put a Salt Lake City man right back where he started.

Arraigned on a charge of drunkenness Judge Karl V. King greeted him with "say, haven't I seen you before—just recently?"

"Yes," answered the defendant. "You sentenced me to 60 days and told me I could pay out at a rate of $2 per day. I served ten days then paid the difference. But when I got out the cops gave me back a full bottle of whisky that they took away from me when I was booked. So I went out and got drunk.

NEW ANGLE

PROVO, Utah. — The members of the Central Utah Peace Officers' association are taking no chances on an ammunition shortage.

Added to the usual pistol and rifle target shooting matches, to be held, will be a bow and arrow match.

The Day That Didn't Arrive—

Yank Troops Would Be Facing Suicidal Defense Had Japs Not Decided They Couldn't Take It

BY J. M. ROBERTS, JR.
AP Foreign Affairs Analyst

Americans awoke today to another day of disturbing news, just as they have for many days past. Strikes, and any number of troubles great and small!

But the news they might have had today was not to come. Instead of awaiting word of perhaps 200,000 American boys who might have been facing a murderous, suicidal Japanese defense of Kyushu island, thousands were waiting on both east and west coasts for veterans homeward bound.

Would Have Been Crucial

Today would have been a crucial day on Kyushu but for the series of fortuitous circumstances which knocked out Japan less than three months ago.

Under the schedule fixed before Hirohito hollered quits, MacArthur and Nimitz would have struck against the Japanese homeland night before last. Presumably they would have been ashore today with most of 10 divisions. After a feint toward the inland sea around the strait between Skikoku and Honshu.

MacArthur planned to secure Kyushu for the winter, consolidate, and strike about March 1 directly at Tokyo across the plains east of the city. The assault and immediate follow-through there would have involved 25 additional divisions, and no telling how many more in the following land campaign.

Planned 18 Months Campaign

Unofficial reports from the general's headquarters before the end of the war said preparations would be made for an 18-months campaign in Japan. And the effect of the subjugation of the homeland on Japanese armies in China and Manchuria was still a matter of speculation. It was hoped that the beheading of the empire would wither its parts. Russia was expected to see that it did. But none could be sure. The British were loading their boats to cut off the Japanese in Malaya and the southwest "co-prosperity sphere" when the surrender came.

The Japanese have made it plain what they intended to do. They would have met us with suicide boats, with a kamikaze for which planes and pilots were being saved and with every man who could stand in defense of his homeland.

The news is not always heartening now. But no bobbing, facedown bodies of American boys dot the surf of southern Kyushu, either, and it is almost Thanksgiving.

Committee Favored To Study Traffic

A recommendation to the Lubbock City commission that it appoint from the citizenship a special committee to study traffic problems was voted Thursday night by the City Planning commission.

The planning group made the decision after lengthy discussion, majority opinion being that the traffic problem needs special attention by a commission appointed for that purpose, just as the planning commission works on planning and the civic center group has been functioning in that avenue.

In the planning commission's regular monthly business meeting, held in the council chamber at City Hall, numerous routine matters were attended to. S. L. Forrest was given approval to open for residential purposes property in the extreme northwest section of the city, bounded by First and North Second streets and Avenues U and V. Forrest plans to erect there houses aimed at attracting returned service men.

Disapproved by unanimous vote were nine applications of citizens seeking re-zoning of various pieces of property scattered over the city. The commission declined to approve all of them for the same reason: to approve the applications would be to injure nearby property and/or considerable segments of the city.

At the conclusion of the consideration of the applications, the commission reaffirmed its support of an ordinance which insists upon building setbacks in construction of business structures in F and G zones and located upon property adjacent to residences.

Carver Heights To Be Aided

The commission also laid plans for adding to business zones in Carver Heights, the negro section of the city, and to designate there a restricted residential area in order that returning negro servicemen may secure their just share of assistance under the GI Bill of Rights.

Chairman K. N. Clapp presided at the meeting. Present were Commissioners J. D. Hassell, Jr., Dr. J. T. Krueger, J. H. Murdough, Homer D. Grant and Chas. A. Guy. Also present were ex-officio members Marlin R. Smith, Jr., city manager, and Arch King, Jr., city engineer and secretary to the commission.

Peggy Ann Garner Doesn't Get House

LOS ANGELES, Nov. 2. (AP) — Peggy Ann Garner, 13-year-old film actress, thought she had her housing problem solved and then a stern-faced judge put his foot down and said no, she couldn't have the $40,000 house her heart was set on.

Judge Henry M. Willis approved her film contract calling for a starting salary of $1,000 a week but on the request for permission to buy a 10-room home in suburban Brentwood he frowned and said:

"It's like putting a $40 saddle on a $20 horse. I figure that at least 25 per cent of this child's income should go into trust. I cannot approve purchase of a $40,000 piece of real estate that is nonproductive."

University Leases Offered To Bidders

AUSTIN, Nov. 2. (AP)—Oil and gas leases on 145 tracts of University of Texas owned lands in West Texas go before bidders today at the 18th public auction of the board for lease of university lands.

The tracts are mostly quarter and half sections. A few are much larger. The acreage is in Andrews, Winkler, Martin, Crane, Reagan, Crockett, Upton, Pecos and Ward counties.

Bidding is on the basis of cash bonus. Royalty is fixed at one-eighth and rental is fixed at 50 cents per acre per year. Leases are for five years. Or for as long thereafter as production is had.

ATTORNEYS BRUSH UP

LINCOLN, Neb., (U.P) — The University of Nebraska law college will offer a special "refresher" course to post attorneys, recently discharged from the armed services, on changes in law.

THE SERIES SPLIT

CHICAGO, Nov. 2. (AP) — The winning Detroit Tigers and losing Chicago Cubs got $199,743 and $133,162, respectively, from the record $1,592,454 receipts in the 1945 World series.

Full shares to 26 Tigers were each worth $6,443.34, while the Cubs split their swag into 31 full shares of $3,930.21. The Tigers also voted seven half-shares and the Cubs gave three half portions. Both clubs also gave smaller amounts to personnel.

Eleven Cities May Ask Entry In Loop

DALLAS, Nov. 2. (U.P) — At least 11 cities may bid for franchises in the West Texas - New Mexico Baseball league which will hold a reorganization meeting Sunday in Lubbock, Milton Price of Dallas, president of the league, said today.

Price said that in addition to the six clubs which were operating when the league suspended operations because of the war that plans to bid for memberships were reported in Abilene, Big Spring, Odessa, and Wichita Falls in Texas and Albuquerque, N. M.

Lubbock, Amarillo, Pampa, Borger and Lamesa in Texas and Clovis, N. M., were the original members. Albuquerque and Wichita Falls had held franchise but dropped out earlier.

Price said chances were bright that the league would be revived, but that it's membership and classification would depend on the action taken by the league Sunday.

Sunday's meeting, Price said, would enable the loop to form at least a temporary organization in order to qualify for membership in the National Association of Baseball Leagues and to pay fees.

The league has operated a class D circuit, but may attempt to step up to class C or even B depending upon the format of the loop.

PIMPLES
Disappeared Overnight

Blackheads, Too, Went Fast

Yes, it is true, there is a safe, harmless, medicated liquid called KLEEREX that dries up pimples overnight as it acts to loosen and remove ugly blackheads. Those who followed simple directions and applied Kleerex upon retiring were amazingly surprised when they found their pimples and blackheads had disappeared. These users enthusiastically praise Kleerex and claim they are no longer embarrassed and are now happy with their clear complexions. Use Kleerex. If one application does not satisfy, you get double your money back. Ask for Kleerex today, sure.

* * *

AS these lines are written, President Truman has not yet made public the names of all those who will be delegates to the Labor-Industry conference set for November 5—which is Monday. But if Jay C. Hormel, president of the Minnesota meat packing firm which bears his name, and the head man of the United Packinghouse Workers union in the Hormel plant, are not included among the delegates, they should be. For Hormel management and workers have set something of a record over the past decade or more when it comes to co-operation and mutual understanding and benefit.

Some time ago in this stint, we told the story of the Hormel plant; how Hormel and the union leaders first worked out an annual wage for workers nearly 10 years ago, and how the company, the workers and the city of Austin, Minn., where the plant is located, have all profited. The Hormel plant has no strikes; it has no look-outs. But what is more, it stands as a beacon light of what co-operation and fairness on both sides of the labor-management fence can do in the way of making things better and life happier for all concerned.

* * *

Recently, and since our orignal comment about the Hormel plant, another example of good sense and fair dealing has been furnished by the meat packing people in the Minnesota city.

After the shooting phase of the war ended, union representatives went to Hormel with the request for a wage increase of 17½ cents per hour—approximately 20 per cent increase as far as the rank and file of workers were concerned.

Hormel pointed out that a wage increase in any business merely increases the cost of production, unless there is increased productivity by the workers. He said he would immediately grant the wage increase of 17½ cents if the workers would agree to raise their productivity by 10 per cent.

* * *

HORMEL company's union leaders saw the point; agreed in the logic. So they immediately agreed to increase productivity by 10 per cent in exchange for the 20 per cent wage increase. On top of that, they eliminated past, unproductive "fringe wage adjustments."

As a result, business has gone on as usual at the Hormel plant with everybody continuing to share in the benefits—and in the responsibilities, as well.

And Austin, Minn., which once was at the economic mercy of Hormel layoffs, dissatisfaction and suspicion, continues to have more and better business than ever before. The whole town of approximately 25,000 people has a "stake" in its biggest industry, the Hormel Packing Co., and views with satisfaction the record of 40 per cent population growth, and almost 100 per cent business growth over the years during which Hormel management and Hormel workers have been helping each other, instead of hindering each other.

As one of the nation's outstanding successes (if not the most outstanding) in management-labor affairs, the Hormel company should be represented at the forthcoming conference by both Mr. Hormel and the top man of the union in his plant.

Certainly, they both have a story to tell—a story of interest not only to the heads of management and labor, but to the people of the U. S. as a whole.

* * *

Speaking further of President Truman, all of us can understand why he was forced to cancel several trips planned in the immediate future—including one to Texas. He has a lot of work and a lot of worry and some of the problems he faces must chain him to his desk for some time to come.

But it is a shame, we think, that the President will be forced to forego mixing and mingling with the people, because by such mixing and mingling he can learn, first hand, what run-of-the-mine American public opinion really is.

* * *

UNLIKE some of his predecessors, Mr. Truman doesn't give all his time and attention on trips to the big name boys, or to political bosses. A gregarious individual and one who springs directly from the great middle class of the nation, the President nearly runs his Secret Service guards crazy by getting right down among the people wherever and whenever he travels. He is happier rubbing shoulders with the folks at a county fair—which he did only a matter of days ago—than he is standing stiffly at some hoity-toity function at which are admitted only the high and mighty.

We believe it is more important than ever in these days for the President of the United States to be permitted the opportunity of seeing and talking to the plain John and Mary Smiths of this country; to learn first hand what they like and don't like; what they want and don't want from their government. Otherwise, all the President can get first hand in the way of reports on public opinion is from the political or economic czars of one regimented group or the other who may be certain to "slant" the opinion in a way that will help them continue their grip on their pawns among the people. It is impotrant, of course, that the President live with his major problems for the next few weeks,

Feminine Viewpoint

BY RUTH MILLETT

(Copyright, 1945, For The Journal)

"SHE'LL be frilly and feminine; she'll be easy on the eyes." That is the prescription for the "ideal, American postwar girl," set up by a group of beauty experts.

Isn't it nice they establish those standards for American womanhood after instead of during the war.

MILLETT

Frilly and feminine. That couldn't have applied to the most important young women in war time, the women in service, with their natural inclination for frills smothered under stiff uniforms.

Frilly and feminine. That certainly didn't describe the American co-ed during the war years—that girl in the sloppy size 40 sweater and dirty saddle-oxfords, or in blue jeans with a plaid wool shirt swinging loose in the breeze.

Frilly and feminine. That didn't describe the war wife, especially if you caught her putting on storm windows, mowing the lawn, or cleaning out the furnace.

Frilly and feminine. Not the girls who went to work in war plants, wearing safety clothes which factory rules made a virtual uniform.

* * *

NOW IT CAN BE DONE

BUT if they want us to be frilly and feminine now, that is perfectly okay.

Just let the men takeover men's work. And let the young ones get back home so there is some inspiration for being feminine and frilly—and Miss and Mrs. America will go all-out for that clinging vine, delicate, helpless look.

And won't it be fun?

Journal Jabs

ALL we know about the modus operandi of the atomic bomb is what we've read in the papers; we feel, therefore, no single twinge of self-reproach because of our abysmal ignorance on the subject.

* * *

Hay fever victims openly boast that the malady is an indication of superior intelligence, and secretly wish they were about half as brilliant as an ox.

Otherwise, all the President can get first hand in the way of reports on public opinion is from the political or economic czars of one regimented group or the other who may be certain to "slant" the opinion in a way that will help them continue their grip on their pawns among the people. It is impotrant, of course, that the President live with his major problems for the next few weeks, or months, as the case may be.

But it also is important for him to get "right from the grass roots" the opinions of the free people—from humble representatives of the humble majority, which means the representatives of all of us who still have not found it necessary to bend the knee to any czar.

We hope the President will resume his informal wanderings at the earliest possible moment—for his own good and the good of the country.

* * *

Circumstances alter cases. And changing conditions alter a person's opinions—unless his brain has ossified.

* * *

That Man on Avenue Q says what the School of Experience lacks and needs most is a good memory course.

* * *

THE City Recreation department and the American Business club deserve three rousing cheers and a tiger for their concerted efforts to make Hallowe'en in Lubbock a wholesome, happy occasion instead of a night in which destruction and lawlessness reign supreme. Through the giant parade, staged under the recreation council's direction, and the Boys club Hallowe'en party, carried on by the ABC-ers and Boys club officials, the youngsters of Lubbock had a larrupin' good time and also had their energy diverted from less wholesome activities.

These activities should become traditional on Hallowe'en in Lubbock, as they doubtless will. For they not only give youngsters the right sort of avenue for "blowing off steam," and having a good time, but they save individual property owners a lot of money by holding down damage caused from vandalism.

* * *

It is all well and good for oldsters, who conveniently forget their own Hallowe'en activities of several decades back, to say that there's no sense in permitting continuation of the screwy Fall observance and there's no doubt thata unsupervised Halowe'en shenanigans often get out of hand.

But it's a lot easier to control Hallowe'en activities by giving youngsters the proper sort of fun than it is to attempt to wipe out the holiday altogether.

* * *

WHATEVER money was spent on the two big observances here last Wednesday night was money well spent and from where we sit it appears that even an expansion of supervised Hallowe'en activities would be well worthwhile to all concerned.

Perhaps next year, and in the years to come, added features will attract even more kids than was the case this year and thus eliminate to even a greater degree unsupervised pranking throughout the city.

At least, it's something to think about.

Today's Journal Editorial

KEEP YOUR OLD SHOES, BOYS!

Everyone, with the possible exception of shoe retailers, is glad to see shoe rationing lifted. To the public, it is one less restriction of the innumerable ones which cramped its style during the war years. It marks another step in the gradual return to the peacetime days of old, when the merchandise was there for you, if you had the price.

But here is a situation in which a wartime control might better have been left on than taken off. Those good old days are not here yet. Though an admirable characteristic in a national government which in the last decade has been prone to glory in regulation, our present administration at times evinces that it is a little overanxious to take off some of the shackles that were necessary during the war.

In view of the circumstances, it might have been better for all concerned to have continued shoe rationing a few months longer, or, until the time the manufacture of footwear could reach the level of demand. While the last two months has seen the production of shoes sharply stepped up, the increase has not yet worked its way down to the retail level.

The move is going to bring trouble to the shoe dealer. His stock was already short. Now there is bound to be a rush for all kinds of shoes. Many, whether they need shoes or not, will buy a pair just for the novelty of doing it without surrendering a ration stamp. Many shoe men predict that the supply will not equal the demand for, at least, six months.

An acute shortage of men's shoes is predicted. This outlook perhaps is based of the fact that millions of former service men will be shopping for civilian footgear.

Factors in the shoe shortage are: Tanners are behind in leather production; labor is scarce in shoe plants and the OPA price ceiling which manufacturers contend destroys their production incentive. There is almost certain to be a wrangle between the manufacturers and the OPA over prices.

Prospects are that half-soles will be in vogue for a long time yet.

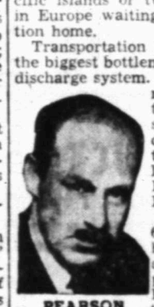

Boys In Pacific Didn't Enjoy Navy Day

Washington Merry-Go-Round

By DREW PEARSON
Special Correspondent

WASHINGTON. — Navy day was a thrill for thousands here at home, but not for a million others going to seed on Pacific islands or twiddling thumbs in Europe waiting for transportation home.

Transportation has come to be the biggest bottleneck of the whole discharge system. And what burns men up is to see transportation squandered by officers while they are powerless to get home. Here are some illustrations:

PEARSON

1. A total of 650 German horses were loaded on the SS Stephen Austin at Bremerhaven for transportation back to Fort Riley, Kans., the Army's cavalry school. Many of them were race horses. Not only did the horses take up valuable space on a ship which could have carried G.I.'s, but an airplane-load of brass hats flew across the Atlantic from Fort Riley to make sure their steeds got safely aboard. The boys who loaded the horses remained on in Germany.

2. Last week-end, top Air Transport command officers gave No. 1 priority for three Army planes to carry football personnel from Nashville to Washington. Of course, this was in connection with the ATC football game, but the boys sitting on Eniwetok or Saipan can't enjoy football, and airplanes could help to bring them home. (Many combat veterans discharged from Fort Lewis, Wash., have to ride 3,500 miles in day coaches.)

3. The other day a Liberty ship, the Connie L. Kluxton, arrived in Baltimore from Germany bringing only 47 soldiers but 15,000 tons of sand ballast. It's true that Liberty ships are not equipped as troop-carriers, but soldiers don't care much how they travel if they are coming home.

4. At San Mateo, Calif., two race horses were flown from Los Angeles. This was a commercial trip, but the boys overseas wonder why airplanes can be spared for such unessential travel when they can't be spared for them.

5. Down at MacDill field, Fla., Col. E. G. Simenson used two big cargo planes on a trip to his home in North Dakota to shoot pheasants. One of the planes was used to fly to the rescue of the other when the first went bad at Terre Haute, Ind. The colonel even carried a jeep inside the first plane to scare up pheasants after he got to North Dakota.

Col. Simenson had been in Europe for a long time, his parents live in North Dakota, and nobody would begrudge him a visit home — especially since General Marshall and Gen. Hap Arnold also flew out to shoot pheasants.

But the thing the brass hats don't seem to realize is the effect all this flying around in big planes has on the men who would like to use those same planes to fly home. Until rank favoritism is eliminated, the generals will have a hard time building up the new 4,000,000-man Army proposed by George Marshall—unless Congress rams it down the G. I.'s throats.

* * *

10,000 ROBINSON CRUSOES

ENIWETOK atoll in mid-Pacific is just two miles long, one-half a mile wide. On it are crammed nearly 10,000 U. S. sailors and Marines, falling all over each other, sitting on the beach, hunting shells, waiting, waiting for ships or planes to take them home.

On the island, Seabees are building a 3,000-man laundry, though no more than 500 men will ever be stationed on Eniwetok in piping days of peace. They are also building a 3,000-man ice-cream plant, a gigantic garage, a huge hospital, and luxurious quonset huts for senior officers, with flush toilet.

A conference of officers was held the other day to encourage men to join the regular Navy. A senior Annapolis officer gave a pep talk. Among other things he said: "Any enlisted man who does not wear a complete uniform at all times will be put on 10 days bread and water." (This after they had been allowed to wear any type of clothing for 19 months. Witness MacArthur's and Halsey's open collars.)

"Where can you get a better job than in the Navy," he urged. "I am going to be pensioned at $4,500 a year from now."

But the boys on Eniwetok don't want to join the regular Navy. They want to get home. They collect shells and look for ships, watch high-ranking admirals fly home in special planes and hear about U. S. harbors crowded with idle ships on Navy day. Most of all they wonder what's become of Admiral King's "magic carpet." With Navy day it seems to have stopped moving.

* * *

CONGRESSMEN AT VATICAN

WHEN House appropriations committee investigators stopped off to see the pope in Rome on their way home from a recent round-the-world tour, the pontiff received them cordially and inquired about the health of his visitors.

"We're all fine," replied stocky, fullback-built Representative Albert J. Engel, Michigan Republican. "Not one of us has been ill on this tour and the same applies to our families—with one exception."

Engel pointed to Brig. Gen. W. L. Mitchell, who accompanied the committee on the 36,000-mile trip.

"The general's wife presented him with a baby girl yesterday."

The pope congratulated General Mitchell and said that in addition to giving his blessing to those present he would extend a special blessing for the well-being of the child, born in Washington, D. C.

"That's the longest one I have ever given," said His Holiness, who impressed committee members by his modesty and informality.

NOTE—Aides of Myron Taylor, U. S. emissary to the Vatican, informed the committee that the pope had given shelter to more than 6,500 Jews, disguised as priests, Nuns and brothers, in the Vatican during the war.

* * *

TENNESSEE ATOMIC ENERGY

A friend asked Representative Percy Priest of Tennessee, who graduated into politics from the city room of the Nashville Tennessean, how far the awesome atomic bomb factory at Oak Ridge, Tenn., was from his home.

"About 170 miles," replied Priest.

"Doesn't it make you nervous to be that close to the crucible of the most destructive weapon in the world?" asked the friend.

"Not at all," chirrupped Priest. "This bomb doesn't frighten us. People in Tennessee have always been noted for their atomic energy."

"That may be true," wise-cracked young Congressmen Oren Harris of Arkansas, "but judging by some recent elections in your country, the Tennessee politicians are keeping things about as splitup as the atoms in that Oak Ridge plant."

"Try And Stop Me"

By Bennett Cerf

LIDDELL HART, the British military expert, has always declared that a strong defense can hold an offensive three times its size.

In support of this theory, he likes to tell the story of the young man who spent one entire week going from store to store in New York changing a dollar bill into two-half-dollars, and half-dollars into four quarters, the quarters into ten dimes, the dimes into twenty nickels, and the nickels into one hundred pennies.

Directly he had the one hundred pennies, he began reversing the process, until he again had a dollar bill. After he had gone through this strang procedure three times, Hart ventured to inquire what on earth his purpose was. The young man lifted an index finger and smiled craftily. "One of these days," he explained, "somebody is going to make a mistake—and it isn't going to be me."

* * *

COLONEL REX SMITH, the former newspaper editor, relays the latest sergeant-rookie variation The sergeant spoke his piece on the shoes the rookie wore to assembly. The rookie explained that he had worn them in private life. "So what?" snapped the sarge. "Did you have a high silk hat when you were a civilian, too?" "Why yes," was the reply. "Then why don't you wear that here, too?" "Don't be silly, snapped the private. "Who ever heard of wearing a top hat with brown shoes?"

The Radioracles: Eddie Cantor's "Give a Lift to a Yank Who Gave" campaign will make Christmas a happier one for servicemen . . . Marion Hutton's version of "No More Toujours L'Amour" is bigtime . . . Guy Lombardo never starts his engagements at the Hotel Roosevelt on any day except Thursday. Defying the jinx he resumes there Monday . . . The Murphy Sisters cancelled $10,000 in theater bookings to devote this month to a Victory Loan tour . . . When Prince Lowenstein cancelled his debate with Johannes Steel he said he was bowing out because Steel "is no gentleman." War correspondent Ray Brock took Steel on, saying: "I'm no gentleman, too!"

* * *

Word Juggling: Ma Vellepigue, the 49th St. restaurateur, was recalling when she had that colorful spot at Sheepshead Bay in the racetrack sector years ago. One of her regular patrons was Diamond Jim Brady, who not only ate like a horse but also showed some horse sense in his talk now and then. "In patterning your life," Jim once advised a table full of folk, "you have to decide whether you want to be liked by people of wealth or by a wealth of people."

* * *

THE Literati: Daniel Archer, whose play "A Matter of Life and Death" has just been bought by Cheryl Crawford, had a checkered career as a newspaperman and wit before breaking into the Big League . . . One of his projects was "The Shavian Society—An Asylum for the Sane." Archer wrote to GBS, asking him if he would accept the position of honorary President of the Society. Back came one of those classic Shavian retorts . . . Said Shaw: "An asylum for the sane would be empty in America."

* * *

Debunking the Bunk: Those getting the shivers via the Bolshy boo might sleep nights if they curled up with the tome, "The Great Patriotic War of the Soviet Union" (International) . . . The volume contains a collection of Stalin's war-time addresses to the Russian people. Sample excerpt: There is only one way to keep world peace and that is, in addition to the complete disarmament of the aggressive nations, to establish a special organization made up of representatives of the peace-loving nations to uphold peace and safeguard security; to put the necessary minimum of armed forces required for the averting of aggression at the disposal of the directing body of this organization, and to obligate this organization to employ these armed forces without delay, if it becomes necessary to avert or stop aggression and punish the culprits" . . . A Russian diplomat who has been gumming up the works by his lack of cooperation should also read this book.—Molotov.

* * *

QUOTATION Marksmanship: Sarah Lorimer: Dignity is the one thing that cannot be preserved in alcohol . . . Thomas Wolfe: She opened hearts as though they were lockets . . . Corneille: The man who pardons easily courts inquiry . . . Jessyca Russell: The clay feet of my idols—some day I shall use them—to powder my weeping face . . . H. G. Wells: What on earth would a man do with himself if someone did not stand in his way? . . . Charles Lamb: Not many sounds in life (and I include all urban and rural sounds) exceed in interest a knock at the door . . . R. M. Hutchins: Whenever I feel like exercise I lie down until the feeling passes.

Today's Thought

Take therefore no thought for the morrow; for the morrow shall take thought for the things of itself. Sufficient unto the day is the evil thereof.—Matthew 6:34.

* * *

Never do but one thing at a time, and never put off till tomorrow what you can do today. — Chesterfield.

Speaking Of Reconversion

Job Not Done And Snyder Is Loyal To His Friend Truman

Reports Of Coming Resignation Are Denied

By MARQUIS CHILDS
Special Correspondent

WASHINGTON.—President Truman was both hurt and indignant at the suggestion that his good friend, John W. Snyder, was considering resigning as head of the Office of War Mobilization and Reconversion.

There is no doubt that Snyder would like to go back to private life. If he could step out of public office with the satisfaction of knowing that the job was done, he would be the happiest man in the world.

CHILDS

He would like nothing better than to go back and be president of the First National bank of St. Louis. That was the logical goal of his career.

But the job is not done. It is a long way from done. And Snyder is intensely loyal to his old friend, Harry Truman, who now finds himself president of the United States in the midst of a national crisis.

Snyder is working as hard as a man can work. He is down at his office usually before 8 o'clock, and he is there customarily until seven or later. Sundays he spends 10 to 12 hours trying to catch up on his correspondence.

* * *

He's Often Handicapped

As one complicated, involved problem after another is batted up to him, Snyder is often handicapped by his lack of knowledge. His background is primarily in banking and finance, first in private banking and then later in the Reconstruction Finance corporation.

The problems of industry—the ratio of wages to prices, the balance between inflationary and deflationary forces—are relatively new to him. He is aware of this and so are the men who work with him. Appearing before the Senate banking committee the other day on the question of price ceilings for new houses, Snyder found himself embarrassed by the rapid fire of technical questions directed at him.

* * *

IF this is true of Snyder, who knows his way around government pretty thoughly, it is doubly true of former Federal Judge John Caskie Collet, another loyal Truman friend from Missouri whom the president put in the office of economic stabilizer. Those who have been working with Collet agree as to his native intelligence, but he has little background of knowledge of either industry or government.

This is true, perhaps inevitably, of many of the new men Truman has brought in. It is true of the president himself.

At the same time, the more knowledgeable younger men, carryovers from the Roosevelt administration, are leaving the government. Robert Nathan, who has proved a highly useful battery of information and ideas for the reconverter's office, will leave shortly before the first of the coming year. Others have preceded him, and still others are restive.

* * *

Recognition Is Given

The appointment of John R. Steelman, with a long background in labor conciliation, to be a presidential assistant is a recognition of the need for assistants with know-how. Secretary of Labor Lewis Schwellenbach and the officials he has brought in with him suffer from the same lack of background that handicaps the new men around the President.

What would be comic, if it were not so pitiful, is to hear from some sources that once were loudest in denunciation of President Roosevelt the plea, now, for one-man government. There is almost a nostaglia for a strong man in the White House.

President Truman's primary aim is to get away from one-man government. He distrusts one-man government. He wants to delegate authority to members of his cabinet. He has an intense dislike for the kind of intrigue which seems to go with one-man government.

* * *

THIS is all very well in theory. But as the President is discovering from day to day, the tendency is to come always to the court of final power.

It is part of the pernicious Washington habit that sends a stream of petitioners to the capital. Reactionaries blame Roosevelt for that habit. Actually, the habit derives from the centralization of our economy and the ills that have grown out of that centralization. President Truman would like to shift the responsibility, but he is finding it very hard to do.

Linoleum was invented nearly 100 years ago by an English chemist.

LOSES ALL

GRAYBULL, Wyo. (U.P.) — The grass always looks greener on the other side of the fence, but crossing over sometimes serves only to prove that it isn't.

Take the case of Glen Cockrell. Fishing was mighty good and he'd nearly hooked his limit of nice big ones. He had heard of another nearby fishing hole, however, and wanted to try his luck there. He left a bucket of fish near the stream in which he had been fishing.

When he returned empty-handed, both bucket and fish were gone.

FOR SALE

The best and cheapest grass land in Deaf Smith county located 23 miles from Hereford, Texas, is a nice small set of improvements, nice sheds and corrals for stock. Land is well fenced and cross-fenced. 350 acres of summertilled wheat, 95% of this land is agricultural land. All of the ranch is in grass except the 350 acres which is all in wheat. 800 acres the tract is leased land, the balance 1440 acres is deeded land. The price of the deeded land is $22.50 per acre and the owner will deliver possession of the lease land to purchaser. The lease land costs 20c per acre annually. The lease land is all fenced in with the deeded land. Should the purchaser not desire to pay all cash for the deeded land, I will procure a loan on said land at the value of $11 per acre.

Ducks And Geese Are Plentiful And Fat In Texas But Hunters May Be Disappointed In Deer

BY TED READ
United Press Staff Writer

Chances are that the ducks you've killed today or those you'll bag during the season will be nice and plump. The quackers had a leisurely trip from the upper regions, and in Texas there's some mighty good food.

In the rice-growing area along the coast, ducks have been in for weeks. And during that time they've given the rice crops a going over.

Jimmy Phillips, the sage of Angleton and lately of the U. S. Army, says in his area some hunters won't have to use shotguns to get their limits. The ducks are so fat, he declares, they can't take off the water and all you need is a stick to konk them.

Plentiful And Fat

But be that as it may, the ducks and geese are both plentiful and fat. It would be better, however, if a cold spell came up, though in the meantime Texas hunters shouldn't have too much difficulty getting plenty of duck and goose meat.

The trend of obesity in the feathered knights, however, doesn't extend into the deer of the Central Texas hill country. Many hunters are going to be disappointed at the size of their deer this year taken in that section.

Drouthy conditions adversely affected the deer, and in some instances ranchers aren't going to permit hunting on their acreage this season.

Plenty Of White Tails

Have no fear. There will be plenty of white tail bucks when the season opens east of the Pecos river Nov. 16. The kill this year is predicted to be a record by Executive Secretary Howard Dodgen of the State Game, Fish & Oyster commission. East of the Pecos the season ends Dec. 31.

The normal season kill is about 30,000 to 40,000 deer, Dodgen says. With ammunition, gasoline and hunting paraphernalia more plentiful than since beginning of the war, hunters are expected to flock to the brush.

For west of the Pecos river, the season on both black and white tail bucks opens Nov. 19 and ends Nov. 24. The limit is one black tail and one white tail — just remember, one of each.

The limit is different east of the Pecos where you're allowed two white tail bucks.

Turkey Season Nov. 16

Turkey season is also opening Nov. 16, closing Dec. 31. Generally the limit is three gobblers. However, you're not permitted to take but two gobblers in Blanco, Crockett, Edwards, Gillespie, Kendall, Kerr, Kimble, Kinney, Llano, Mason, Medina, Menard, Real, Schleicher, Sutton and Gillespie counties.

A good many Texans got the jump on shooting deer by going to Colorado. There were other Lone Star nimrods who shot bear in New Mexico, and still others who had a sporting time plunking pheasants in South Dakota.

One of the best deers we've learned about being killed in Colorado this year was by J. H. Freeman, who lives near Lamesa. His was a 14-point buck with a 31-inch antler spread. The deer weighed about 400 pounds, Freeman said.

Pheasants In Texas

Speaking of pheasants is reminded that Texas has some—but hold your shot, pardner, there's no open season on them. The plumed birds are around Canadian and El Paso, where they were put out about eight or 10 years ago by the game department.

For some reason the pheasants don't do so well in Texas—at least, the two experiments tried haven't proved too successful. There may come a time when the game commission has sufficient funds to conduct a thorough investigation into the pheasant situation and good shooting could follow.

Also more experiments could be tried on propagation of Hungarian chukker quail in Texas. About 200 of them were put out several years ago in the Panhandle and from all indications they are holding their own. Season on them is closed too.

The monetary unit in Argentina is the peso.

Shaw, the heirs and legal representatives of Nat P. Shaw, Lena Shaw, and Mrs. L. C. Shaw, and of each of them, unknown stockholders of E. Y. Chambers and Company, Inc., a defunct corporation, Fred M. Banks, F. M. Banks, and F. M. Banks, jr. and the heirs and legal representatives of Fred M. Banks, F. M. Banks, and F. M. Banks, jr. and of each of them, Defendants.

A brief statement of the nature of this suit is as follows, to-wit: That this is a suit in trespass to try title, that on October 25, 1945, plaintiff was lawfully seized and possessed of Lot No. 6, Block No. 1, G. A. Rush Addition to the City of Lubbock, Lubbock county, Texas, together with all improvements thereon, holding and claiming same in fee simple, that on said date defendants unlawfully entered upon said premises and ejected plaintiff therefrom, and unlawfully withheld from him the possession thereof, to his damage in the sum of $6,000.00, that the reasonable annual rental value for said land premises is $480.00; as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Lubbock, Texas, this the 26th day of October, A. D. 1945.

Attest: ALYENE FURGESON, Clerk 99th District Court, Lubbock County, Texas.
By STELLA ROBBINS, Deputy.
(SEAL).

THE STATE OF TEXAS

To F. E. Eller, and the heirs, assigns, and legal representatives of F. E. Eller, if he be dead, Defendants, Greeting:

You are hereby commanded to appear before the Honorable 99th District Court of Lubbock County at the Court House thereof in Lubbock, Texas, at or before 10 o'clock a. m. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 26th day of November A. D. 1945, then and there to answer Plaintiff's First Amended Original Petition filed in said Court, on the 16th day of October A. D. 1945, in this cause, numbered 12798 on the docket of said court and styled Ethel Jean Land, joined by her husband, E. LeRoy Land, Plaintiffs, vs F. E. Eller and the heirs assigns and legal representatives of F. E. Eller if he be dead, Defendants.

A brief statement of the nature of this suit is as follows to wit:

That this is a suit in trespass to try title for title and possession of Lots Nos. 17, 18, 19 and 20, and the North 3 feet of Lot No. 16, Block No. 68, of the Original Town of Lubbock, Lubbock County, Texas. Plaintiffs claim said property under the Ten and Twenty-five Year Statutes of Limitation, having been in adverse possession thereof, using, cultivating and enjoying the same for more than ten and twenty-five years; and that under the Twenty-five Year Statute of Limitation plaintiffs have also been in possession of said property under deeds and instruments of record in Lubbock County, Texas, where the land is situated, and that by reason of such facts, the plaintiffs are entitled to recover title to said lots from defendants; wherefore, plaintiffs pray for citation as required by law, for judgment for title and possession of said property, for costs of suit, and such other relief as they may be entitled to, as is more fully shown by Plaintiff's First Amended Original Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Lubbock, Texas, this the 11th day of October A. D. 1945.

Attest: ALYENE FURGESON, Clerk 99th District Court, Lubbock County, Texas.
(Seal) By STELLA ROBBINS, Deputy.

New Hazard Faced By Yankee Fliers

BY WILLIAM H. NEWTON
Scripps Howard Staff Writer

PEKING, Nov. 2—U. S. Army airmen who have faced Zeroes and Messerschmitts unflinchingly today are encountering a new hazard—evil spirits, ghosts and dragons.

It has nothing to do with Hallowe'en.

As the planes approach runways for landings, Chinese dart in front of their low-swooping planes missing the props as closely as they can.

Pursued By Spirits

The Chinese, coolies and airfield workers, often figure they are being pursued by evil spirits, usually not far behind. If the victim can get across the runway with proper timing it's a cinch that the whirling props will grind the evil spirits into ethereal mincemeat.

Of course in this business timing is of the essence. Often it fails. Sgt. Frank J. McGuire of Chicago, crew chief, says several Chinese rather than evil spirits have been killed this way.

Needless to say, pilots don't like it. Fast-landing ships are easily upset, and it's easier to dodge a Zero than a Chinese on the runway. Hearing Sergeant McQuire, his twin-engined plane loaded with 51 Chinese soldiers, the crew and one passenger, sweat out a fast and heavy landing with Chinese darting in all directions across the runway is a short course in new themes of eloquent profanity.

Are Only Confused

Educated Chinese discount the superstition and say the coolies are only confused, but McQuire, standing in the nose of his landing ship and brandishing a wrench like an avenging angel, knows better. And he says so at the top of his voice.

There are two ways to come to the Peking-Tientsin area from Central China, one easy, the other hard. The easy way is by train and sampan. It takes 22 days. The hard way is by plane. It takes four hours.

It's hard because the only way to fly here is to get aboard one of the U. S. air transports ferrying thousands of Chiang Kai-Shek's troops to this Communist-infested area. But every ship is loaded with around 50 Chinese soldiers.

They Are Courageous

Chinese soldiers are courageous and determined but not even their greatest admirers could call them good air travelers.

Someone, probably a Jap spy, told them that the best way to fly is on a full stomach. At every stop they scramble to buy fried cakes, peanuts, beef, tangerines, doughnuts and a lavender-colored soda-pop. By the next stop it's necessary to repeat the process for nary a stomach has held such loads between times.

With 50 soldiers aboard a transport similar to those in the States which normally carry 16, by journey's end the air inside the planes is so thick you can break off chunks and throw them at the birds.

The men of the 513th troops carrier group, old third combat cargo group, have been told that this mission of flying 30,000 Chinese to Peking and Tientsin is to be their last before they return to the U. S.

The mission was scheduled to be completed by Nov. 15 but the job was done before Nov. 1, probably establishing a record.

The how-come was explained succinctly by Sergeant McGuire.

"We," he said, "want to go home."

Union Debate Is Due Today

By FRED W. PERKINS
Scripps Howard Staff Writer

NEW YORK, Nov. 2.—The International Ass'n. of Machinists in convention here faces its most controversial subject today.

It is the question of endorsing or condemning American collaboration with Russian labor organizations.

There are two resolutions before the convention. One was submitted by a local union. It urges the AFL to "take its rightful place in leadership" by joining the new world federation of trade unions. The machinists are affiliated with the AFL but are not paying dues at present.

A Serious Danger

The other resolution is sponsored by leadership of the machinists. It opposes the trade union federation partly on the ground that Russian unions which have joined "creatures of the state" and that "any co-operation between totalitarian, so-called labor unions' and free unions would constitute a serious danger to free unions, both here and abroad."

Another objection, although not stated in the resolution, is that the world federation includes the CIO, which AFL spokesmen say is a "dual" labor movement in this country, contributing to disunity in labor ranks.

What most of the machinist delegates think of the CIO was shown in action on a resolution calling for co-ordination and co-operation among the CIO, the AFL and railway brotherhoods. The deelgates listened merely to the title of the resolution and booed it down without further reading.

The convention authorized establishment of a weekly newspaper for promotion of union policies, but turned down a proposal to set up a chain of broadcasting stations for the same purpose.

All resolutions on the delicate problem of employment seniority for returning veterans went back to the committee.

Aid For Veterans Is Discussed Here

R. B. Glass, vice chairman of the Veterans Civic Service committee and Lions club representative, outlined work of the committee in setting up a loan advisor's office for veterans, work on the problem of housing for veterans wishing to attend Texas Tech, and tentative plans for a big homecoming celebration for veterans, probably next summer, at the regular monthly meeting of the group Thursday night in the American Legion hall.

The committee is composed of representatives from several civic clubs, and helps veterans through consultations and referrals to other agencies where help may be secured, such as the Veterans Administration office in the Lubbock National bank building and the Lubbock county service office in the Legion hall.

Mrs. L. B. Eaves is loan advisor at 910 Texas and is available for advice on loan applications under the G. I. Bill of Rights. J. M. Hall, county service officer, at the same address, report handling an average of 15 veterans a day.

George Sessums and E. T. Fuller of the Veterans Administration, told of the many objectives of the government in aiding the veteran, and Mrs. Mabel Chapman of the City Federation of Women's clubs, said a survey of the employment situation here was encouraging.

W. T. Gaston, Texas Tech business manager, emphasized gravity of the housing situation for veterans attending school, and Glass revealed appointment of W. L. Bradshaw, Homer D. Grant, Knox Thomas, C. A. Bestwick and W. A. McMillan as a committee to investigate and act on the problem.

Glass said South Plains Army Air Field buildings were inspected for possible remodeling into living quarters, but were found unsuitable. Immediate plans call for intensive combing of private homes for rooms.

MANY DROWNED

CHUNGKING, Nov. 2 (AP)—Two hundred and twenty-two persons drowned after the steamer Cheng Hsiang caught fire the night of Oct. 26 on the West river while bound for Hong Kong from Swatow, a Chinese dispatch reported today

A boiler explosion started the fire. Two fishing boats saved more than 100 lives.

When Princeton was founded 12 of its 23 trustees were Presbyterian ministers.

False Fire Alarms Blamed On Fireman

DETROIT, Nov. 2 (AP)—A Detroit fireman, who answered alarms by day and turned in false ones by night, was arrested today by suburban Hamtramck police.

Police Lt. Adam Wroblewski said the fireman, Andrew Traczynski, 29, was seized when police, harassed by a dozen false alarms in an hour, laid a trap for Hallowe'en pranksters. He was about to swing on another glass-panelled alarm box, Wroblewski said.

Traczynski, charged with turning in false fire alarms, admitted pulling the 12 and "a lot of others," Wroblewski said.

The basic unit of currency in China is the Chinese dollar.

RUPTURE
SHIELD EXPERT HERE

H. M. SHEVNAN, widely known expert of Chicago, will personally be at the Hilton Hotel, Lubbock, Wednesday only, Nov. 7, from 9 A. M. to 4 P. M.

Mr. Shevnan says the Ecuto Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly no matter the size or location but it will increase the circulation, strengthen the weakened parts, and thereby close the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

Mr. Shevnan will be glad to demonstrate without charge.

6509 N. Artesian Ave., Chicago 45

Large incisional hernia or rupture following surgical operation especially solicited.
