DRYS VICTORIOUS IN THE CONTESTS

CLAY COUNTY GOES PROHIBITION NO CHANGE IN CHILDRESS COUNTY.

PROS' FURTHER PLANS

Advisability of an Election in This County is Now Being Considered.

One more county was added to the "dry" list in Northwest Texas on Saturday and another already dry county was retained in that column. Clay county, which has been wet, so fas as Henrietta is concerned, for several years, went dry by a majority of less than two hundred. Childress county was retained in the dry column by a vote of 766 to 324, only one box in the county voting wet. The city of Childress endorsed prohibition by a vote of 387 to 203, the county boxes increasing the majority.

The City of Henrietta, as was expected, gave anti-prohibition a substantial mojority, which was overcome by the county precincts. Petrolia was the strongest anti-box in the county outside of Henrietta.

As a result of the election, Wichita and Dallam counties are the only wet counties in Texas on the Fort Worth and Denver road. Dallam county had an election several months ago, but remained in the wet column.

Local prohibition leaders still profess ignorance of any prospective campaign in this county, but it is understood that two of the leading prohibitionists in the state will be here this week to consult with local parties upon the advisibility of holding an election here as soon as the two years since the last election have expired, which will be in November. It is undestood also, that the local prohibitionists will not favor an election before next spring, but this is not authentic.

STREET CARS DO NOT START—DELAY AT PLANT

The beginning of street car operations, scheduled for this morning, was delayed owing to the failure to complete the work at the plant, but the cars will start within the next day or so, possibly tomorrow.

A large force of men is working day and night to get everything in readiness and the officials expect to have everything complete very shortly. The franchise expires next Saturday, but the line will be running with several days to spare.

There was some disappointment among the union men that they could not ride the new cars to their first celebration, as they had counted on it as a feature of their observance, but the machinery could not be installed in time.

Lowell, Mass., Sept. 6.—In the automobile races today a Knox car ran into a crowd injuring Patrick Bridges, his son and James Tracy. Another car was wrecked and Barney Fineberg, the driver was taken to a hospital.

COUNCIL MEETS TONIGHT.

Regular September Session Will be Held By Aldermen.

The city council will meet tonight at the city hall, it being the first Monday in September. A number of matters are scheduled to come up for attention, but nothing of any material importance is up for consideration.

SUNDAY HOODOO WAS ON THE JOB—WICHITA LOST

Wichita's dislike for winning a Sunday game still seems to exist, and she donated yesterday's contest to the visitors on a silver platter, after having it won. Second Baseman Bates is the guilty party and to him is attached much of the blame for the defeat. In the eight inning he dropped and easy infield fly, through a misunderstanding, and Bonham proceeded to make two scores with two out. In the ninth inning with two out and two strikes on Bates Carson started to steal home. He had the base easily, but Bates forgot himself and struck at the ball, fanning and ending the game. He partially redeemed himself by getting two hits and doing some fast fielding.

Wichita scored in the third when McDonald, the new third baseman, hit for three bases and scored when the ball was thrown over third. A hit to left field, close to the foul line, brought in two runs for Bonham in the eighth, after two were out.

Alexander and Hancock were the opposing pitchers, the latter securing more strikeouts, although he allowed more hits and walked three men. One of the features of the game was the base running of Carl White, the new Wichita first baseman from Kaufman. He played a speedy and clever game.

The Sunday hoodoo had Wichita by the throat and the best they can hope to do is to win the two remaining games and break even with Bonham on the six games played.

The score:—				R	H	E
Bonham	000	000	020	2	6	5
Wichita	001	000	000	1	7	5

Batteries—Hancock an dRobertson; Alexander and Connor.

BROWNSVILLE FLOOD IS BECOMING VERY SERIOUS

Texas News Service Special.
Houston, Tex., Sept. 6.—The officials of the St. Louis, Brownsville and Mexico Railroad were today advised from Brownsville that the flood now raging in the lower Rio Grande Valley is the worst every known in that section and growing more serious.

Many canals and dykes are giving way and washouts are general. All branch lines are impassable and tracks are flooded. It is still claimed that no trains or mails have reached Brownsville since last Friday. All cars and locomotives are concentrated at Kingsville.

For over a week corpses have been floating down the river to the gulf. It is believed they are the victims of the recent Mexican floods.

Rio Grande City, west of Sam Fordyce, is also isolated.

STEAMER IS WRECKED.

Laurentian Goes Aground, But Passengers are Rescued.

By Associated Press.
New York, Sept. 6.—A dispatch from North Sydney Cape Breton today says the Steamer Laurentian, sailing from Boston to Glascow, on September 3rd, went ashore near Cape Race and was badly wrecked. The passengers were all saved.

BISHOP QUAYLE SPEAKS TO TWO CONGREGATIONS

Bishop Wm. A. Quayle of the Methodist Episcopal Church, spoke at the Wichita Theatre on Saturday night and yesterday morning, each time to a large audience. He impressed all who heard him as a very forceful and effective speaker and his discourses were very much appreciated.

On Saturday night Bishop Quayle delivered a lecture on "Jean Valjean" and he drew may striking lessons from the story of Victor Hugo's fiction hero. His word-pictures were realistic and graphic and the discourse was frought with the deepest interest.

Yesterday morning the house was filled almost to its capacity by an immense congregation. Bishop Quayle took for his text, "Fear Not, Little Flock; I will give you the Kingdom." To attempt to summarize this sermon would be to detract from its original eloquence. Singing was a pleasing feautre of the program ,a solo by Mrs. Perry being particularly well rendered.

Bishop Quayle will return to Wichita Falls late in November to attend the Methodist Episcopal conference. He will arrrive here on November 25th and will speak three times daily during his sojourn in this city.

On November 28th he will officiate at the dedication of the New Methodist Episcopal church, which will be completed at that time. Considering that Dr. Quayle is one of the businest men in the religious world, Wichita Falls is to be congratulated upon securing his presence here on these occasions.

SCHOOLS OPEN WITH LARGE ATTENDANCE

SESSION OF 1909-10 BEGINS TODAY AND MANY ARE NOW ENROLLED.

OUTLOOK IS EXCELLENT

All Teachers on Hand Ready for the Year's Work—No Recitations This Morning.

The brazen summons of the school bells this morning at 8:30 heralded the beginning of another session and the end of vacation for the children of this city and considerably over a thousand of them answered the call this morning. No classes were held, and the work of organization was merely gotten under way.

Practically all the teachers were at their posts this morning and the session was given a good start. The regular recitations and work of the session will begin tomorrow.

Following is the assignment of the teachers for this session:

High School—J. B. Jones, principal, mathematics; H. H. Guice, English; W. M. Craig, Science; Miss Emma Childers, History; Miss Clara Parker, Latin.

Central Grammar School—Miss Eva Stratton, 7th grade; Miss Vella Raney, 6th grade; Miss Hattie Stallings, 5th grade; Miss Irene Raney, 4th grade; Miss Minnie Young, 3rd grade; Miss Kate Burgess, 2nd grade; Mrs. T. R. Bowles, 1st grade.

San Jacinto School—Miss Virginia Wills, principal, 5th and 6th grades; Miss Bertha Taylor, 2nd and 3rd grades; Miss Willie Stafford, 1st grade; Miss Ruby Reid, supernumerarcy.

Alamo School—Miss Florence Dibrell, principal, 5th and 6th grades; Miss Fan Earl Robertson, 4th and 3rd grades; Miss Laura Phillips, 2nd and 3rd grades; Miss Kate Haynes, 1st grade.

Lakewood School—Miss Eva Haines, principal, 3rd and 4th grades; Miss Emma Haynes, 2nd and 1st grades.

Negro School—C. C. Trimble, princijal; Alvina Burks, assistant.

The total enrollment this morning was 1009, distributed by schools as follows:

High school, 138; grammar school, 436; Alamo school, 155; San Jacinto School, 145; Lakewood School, 57; negro school, 68.

This is considerably in advance of the first day's enrollment last year and will probably be materially increased by later additions, as Labor Day kept many away today who will enroll later in the week.

SEASON ENDS TODAY.

No More Baseball, Probably, After This Afternoon's Game.

This afternoon's game with Bonham will probably mark the end of the 1909 baseball season for this city. There are no more games scheduled and the intention is to disband without any further delay. Several of the players will remain in Wichita Falls this winter, but the majority will return to their homes.

For cigars, fancy stationery, etc., go to Miller's drug store. 45-tfc

MANY TAKE PART IN UNION CELEBRATION

WICHITA'S FIRST LABOR DAY OBSERVANCE IS VERY SUCCESSFUL.

PARADE THIS FORENOON

Two Hundred in Line—Picnic at Lake Wichita Attracts Large Crowds.

The union men of Wichita Falls held their first formal celebration today and the occasion is being participated in by practically all of the laboring men of the city. It included a parade this morning and a picnic this afternoon at the lake.

The parade this morning marched through the business section of the city and included about two hundred union men. Four unions were represtnted—the carpenters, nearly a hundred strong; the painters, the barbers and the clerks.

At the head rode Mayor Noble and City Marshal Gwinn on their respective steeds. Immediately following came the band, and then came the carpenters, painters, barbers and clerks, in order.

Following the procession, all gathered in the court house yard where a photographer was instructed to do his worst, and then the line of march was resumed to the Northwestern depot, where a special train over the Southern pulled out for the lake, with some four hundred passengers on board.

At the lake this afternoon athletic contests of various kinds, amateur baseball games, boating and basket lunches kept the crowd busy and there was no lack of recrecation for all who attended.

The celebrtaion was informal to a marked degree and this made it seem a more democratic sort of affair. The union men feel that they have driven a strong opening wedge for future occasions of this kind and are well pleased with the success of the celebration.

Texas News Service Special.
Paris, Tex., Sept. 6.—Paris is today celebrating Labor Day for the first time in her history. The union men are participating in a parade over a mile long. Mayor McQuistion delivered an address.

Texas News Service Special.
San Antonio, Tex., Sept. 6.—The largest Labor Day celebration in the history of this city began this morning with a parade, two thousand men being in line. Attorney General Davidson, a gubernatorial candidate, is the principal speaker.

Texas News Service Special.
Sherman, Tex., Sept. 6.—Sherman today joined Denison in the big Labor Day festivities. All banks and stores are closed. Senator Bailey is speaking in Denison.

Texas News Service Special.
Houston, Tex., Sept. 6.—Organized Labor will picnic at Highland Park this afternoon following a parade this morning. Assistant Attorney General Lightfoot, Congressman Randell, Monta J. Moore and Tax Commissioner Dashiell are the speakers.

DIES UNREPENANT.

Young New York Woman Not Sorry For Her Act.

By Associated Press.
New York, Sept. 6.—Still unrepenant for her act, Elizabeth Clara Becker, the young woman who on Saturday killed John A. Gunther, Jr., a garage proprietor, with whom she lived and then shot herself, died today at Brooklyn Hospital. Her last words expressed satisfaction that Gunther was dead.

The woman said she shot him because he was untrue to her.

TWENTY CENTS PER TON MAY BE SEED MINIMUM

Texas News Service Special.
Galveston, Tex., Sept. 6.—J. C. Albritton, the cotton-selling agent for the Texas Farmers' Union and Oklahoma Farmers' union today declared that the union had fixed a secret price on cotton seed and that if this minimum price was not paid here, all seed cotton will be shipped out of the state for sale.

Albritton declines to say what the minimum is, but added that he considers twenty dollars per ton a fair price.

Last year the farmers sold seed for ten and fifteen dollars per ton.

The union also refuses to divulge where the seed will be shipped, although it admits that all will be sent outside of the city. They declared that if this city were known, the oil mills will follow shipments.

Albritton declared: "It is a fight with the oil trust to a finish and the farmers are bound to win."

EXPLORER COOK AVOIDS COMMON HERD—IS HERO

By Associated Press.
Copenhagen, Sept. 6.—Being without official engagements today Dr. Frederick Cook mapped out a quiet day for himself. During the morning he visited old Prince Hans, who is known as the "Uncle of the Reignig Houses of Europe." Later he received a deputation of students who greeted him as a hero. He then took a drive with Minister Egan and they lunched privately in the country, their purpose being to escape the applauding crowds.

HARRIMAN WORSE.

New York Paper Publishes Report to That Effect.

New York, Sept. 6.—An afternoon paper says that Harriman suffered a relapse late last night.

The Origin of Labor Day

Labor Day, which is now generally observed in every important centre of population in the United States, is an institution of comparatively recent origin. The first labor day celebration was held on the first Monday in September, 1881, in New York City. The general assembly of the Knights of Labor was in session at that time and a parade of twenty thousand members was reviewed by the general officers in Union Square. It was on that occasion that the name "Labor Day" was first used.

Master Workman Powderly was standing in the reviewing stand with General Worthy Foreman Griffith, a veteran in the labor movement. Robert Price, a coal miner, and a member of the assembly of the Knights, watched the parade for a few moments and then, slapping Griffith on the back, said, "Well, Jack, this is Labor Day, all right, isn't it?"

That remark, overheard by George M. Lloyd, of the New York Central Labor Union, led him to introduce a resolution in his local, setting aside the first Monday in September as a day to celebrate labor's progress. He took his resolution to the New York Legislature, and while it was pending there, Oregon, with a fewer than a thousand trades unionists, passed a state law designating a labor day. New York, with three hundred thousand unionists, although first to propose a law, was second to enact one. Now practically all the states have Labor Day laws. The National Government in 1894 recognized the day and Congress in a resolution, fixed the first Monday in September as the day when

LIEUTENANT PEARY FINDS NORTH POLE

RELIEF EXPEDITION BELIEVED TO HAVE FOUND TOP OF WORLD, ALSO.

TELEGRAM IS RECEIVED

It is Brief, But of Wonderful Importance—Details Cannot Now be Obtained

By Associated Press.
New York, Sept. 6.—The following dispatch was received here today:

"Indian Harbor, (via. Cape Ray), Sept. 6.—To Associated Press, New York, N. Y.: Stars and Stripes nailed to north pole.

(Signed) PEARY."

The foregoing startling and laconic message signed by Peary is the only available information received up to this hour. It was received at New York at 12:30 p. m., today through the Postal Telegraph Company.

Peary, it will be remembered, started out from here some months ago at the head of a relief expedition to find Dr. Cook. Whether or not Peary himself reached the pole cannot be determined from his message, but there is every reason to believe that he succeeded Dr. Cook in the discovery.

By Associated Press.
Philadelphia, Sept. 6.—Admiral Melville when shown the Associated Press dispatch from Lieut. Peary, said:

"If Peary has telegraphed the Associated Press that he has found the pole, I believe it. Bully for him."

By Associated Press.
New York, Spet. 6.—Herbert L. Bridgman, Secretary of the Artic Club of America, received the following telegram:

"Pole reached; Roosevelt safe.

YESTERDAY GREAT DAY

Three Very Successful and Effective Meetings Conducted by Rev. Hamlin.

Yesterday was a great day at the tabernacle. At 11 a. m. a fine crowd heard Evangelist Hamlin on "The vital Question," a sermon on home training and Sunday School work as a training ground for character.

At 4 p. m. a great crowd of men heard Dr. Hamlin in a splendid lecture to men. This was pronounced to be the best thing of the kind ever heard in Wichita Falls, and produced a profound impression on the men. Many pledged themselves to protect women and to follow the golden rule that Jesus gave. "Therefore All Things Whatsoever Ye Would That Men Should Do to You, Do Ye Also Unto Them, for this is the Law and the Prophets." Several men promised to quit drink and a number of men gave up their tobacco, promising to quit its use. A committee was appointed to burn the tobacco handed in, as an offering to the devil, which was done in the presence of the crowd.

The night service was the usual crush that has charaterized the revival every Sunday night, fully 2,000 people hearing Evangelist Hamlin on "What Wichita Falls Needs." After stating a number of things that might be needed, he said the worst thing needed was repentance. Then he told how God has all the centuries called men to repentance. In a forceful and eloquent way, interspersed with humorous illustrations, the evangelist preached straight from the shoulder a sermon on repentance and restitution, claiming that men had robbed God of time and influence and hurt themselves and the town. The call was made to "quit your meanness," and do better. At the close two came forward to unite with the church.

There have been fifty-five persons who have responded to the call to a better life during the meeting.

Services were announced for every night this week. Subject tonight: "The Greatest Question Before Men."

Mrs. Minna Berger, wife of Victor Berger, Wisconsin's leading Socialist, has recently been elected a member of the Milwaukee Board of Education.

MALARIAL DISEASES.

How to Avoid Them and the Serious Consequences of Neglect.

"Fix me up something to knock the malaria, doctor," remarked a sallow-faced, sickly looking man, entering a prominent physician's office the other day.

The doctor stepped to his medicine case, took down a couple of bottles, mixed a preparation which he handed to the patient with the customary advice to 'shake well and follow directions,' and resumed his seat.

"Such cases are frequent," replied the doctor in answer to a question. "The warm days and damp, chilly nights are certain malaria breeders and are most serious in those who have neglected to keep their stomach, liver and bowels in good condition. Such persons are full of the impurities on which the malarial germ thrives, and it is from this class that typhoid fever, pneumonia, Bright's Disease, small pox and yellow fever claim most of their victims whenever these diseases are prevalent.

The proper way to guard against the malarial germ and the serious diseases which follow it is to get into good condition by taking a reliable remedy that will keep the bowels clear and the liver healthy, and to continue with it at frequent intervals during the sickly season.

A dose of Prickly Ash Bitters three or four times a week will do all of this, besides stimulating the digestion, improving the appetite and keeping the bodily energy at the highest pitch.

Prickly Ash Bitters is known everywhere as a system tonic and bowel regulator. It not only removes all traces of malarial poison from the system, but tones up the vital organs, gives new strength and vigor, makes the body strong and the brain active.

"Prickly Ash Bitters is the best all-around medicine for the family I ever used. During the past ten years I have always kept it in my house. Whenever any of my family show signs of malaria, kidney trouble, indigestion or constipation a few doses is all that is needed to make them well and hearty again.—W. H. McWILLIAMS, Pickering, La.

MEETING TO BE CALLED.

Chairman Bullock Will Call For a Meeting of the Pros Soon.

In response to numerous questions as to whether there would be another local option election held in Wichita county soon, W. J. Bullock, who managed the local option campaign in this county two years ago, gives out the following:

"I don't know whether there will be a local option election for Wichita county or not. I expect to call a meeting of prohibitionists later on to determine that question. Personally, I favor an election because I think it the duty of those who oppose the open saloon and what it produces, to fight against it at every opportunity; then if we lose we are not responsible by our votes, or in any other way, for what this business brings to the community.

"Now that Clay county has voted dry, Wichita Falls will be the only town between Fort Worth and Dalhart with saloons. The argument that prohibition will hurt our city financially is even more absurd now than heretofore, because the closest saloons to us will be at Gainesville and Fort Worth. Every one of our neighboring cities are dry.

There is no question but what our having saloons was a disadvantage to us in locating the West Texas Normal and that it was so mentioned, as several gentlemen in this city know.

"Colleges and saloons don't usually go together. Canyon City made the best offer for this school, it is true, but she also has no saloons. One hundred and fifty five counties in Texas, counting Clay, are dry, and eighty-nine wet. In two years the state will be dry."

W. J. BULLOCK.

Nephew Married Aunt.

The following special clipped from the Cincinnati Enquirer, will be of interest to Wichita Falls people:

Pittsfield, Mass, Sept. 1.—The marriage of Mrs. Adaline Rucks of Wichita Falls, Texas, and her nephew, Eli Belanger, of North Adams, Mass., is likely to be declared illegal, and the couple will probably have to have another ceremony performed in another state. Mrs. Rucks is rated by the commercia agencies as worth $350,000. She weighs 325 pounds and is 62 years of age. Her nephew, the bridegroom, is considerably her junior, and tips the scale at just 110 pounds. Before getting married in this state, it is said the couple tried to have the ceremony performed in Canada and elsewhere. The minister who performed the ceremony says he was not told of the relationship.

He is expected home shortly and the organization of the company will probably follow.

The Tramwaymen of St. Petersburg, Russia, struck recently, on account of a set of new rules issued by the management which altered the working time to the disadvantage of the men. This is the first forward movement of St. Petersburg workmen since the reaction in the labor movement of 1906 and 1907, and it will be of great valuo to the labor interests of Russia if the strikers gain a few concessions.

"WICKED WICHITA."

Canyon City gets the West Texas Normal after two weeks' of anxiety.

Of course, we are sorry Wichita Falls did not get the school, but we had reliable information ten days ago that the three saloon towns in the race would not be considered, and, to our regret and Wichita Falls' shame, the county loses an educational institute on account of one town in the county having saloons. Any voter outside of Wichita Falls would be glad to cast a vote that would put the open saloon out of Wichita county.—Electra News.

Apropos of the normal, the Amarillo Panhandle says: "Wichita Falls can take another swig and go fishing." Amarillo is not taking any swigs. Gov. Tom's rangers have done their work too well for that.

The Spanish-Morocco war is claiming front page headlines again. Between the normal, the north pole and E. H. Harriman, the public had forgotten all about it.

Wireless telegraphy will shortly be used in sending out weather predictions by the government. They certainly can't be any less accurate that way.

A meeting of the American outopologists is to be held soon, but it dosen't take one of them to explain the long faces that are being worn in Abilene.

The fact that we are a highly appreciative people is evidenced by the recent offer of a vaudeville manager of $4,000 a week for Explorer Cook.

Dispatches state that another advance in prices of print paper is feared. Let 'em soak us; we ought to be used to it by this time.

E. H. R. Green has ordered an aeroplane for the Dalls fair, so that Wichita's exhibit will be surpassed in interest by at least one feature.

A good way for a man to get lynched would be to go by a schoolhouse whistling "Dear old school days."

A man died in Waco recently, aged 121 years. It is to be hoped he did not live in Waco all of that time.

A cat may look at a king, but the model feline is content to have kittens and catch mice.

The newsepaper man appreciates the full significance of the words, "Labor Day," all right.

Friberg School Opens.

Friberg, Tex., Sept. 6.—The public school started today with quite a nice attendance. Miss Addy Bondy, of Gainesville, is principal, and Miss Clawd of Wichita Falls, will be the assistant. The patrons are expecting a good school this year.

Quite a few of our people heard Bishop Quayle Saturday night lecture on "Jean Valjean," and reported a fine lecture, and several heard rim preach, also, yesterday.

THE ORIGIN OF LABOR DAY

(Continued from Page 1.)

all work would be suspended and employes and employers would get together to discuss their general welfare.

As Labor Day was originally set aside to celebrate from year to year the progress of organized labor it may be interesting to review the history and development of labor organizations in this country. The first definite record of a labor organization dates back to 1803, when the Shipwrights' Society in New York was formed. There were some attempts of organizing the members of several crafts in Boston, New York and other eastern cities long before that time, but they were of a purely local character and not enduring or large enough to become important. In 1806 the tailors and the carpenters followed the example of the shipbuilders and organized. During the following four or five decades many other labor unions were formed.

To the printers may be given the credit for the formation of the first union of modern types. In 1852 the National Labor Union, a sort of federation of labor unions, was organized. Its field became political immediately and it was only three years later that the Knights of Labor, with Terence V. Powerly at its head, first dared to manifest itself. The Knights of Labor was primarily a lodge of workingmen. Its principles and purposes were not much like those of the American Federation of Labor as it exists today. The Knights of Labor drifted into politics and this sealed the doom of the organization. When in 1893 Powerly resigned from the presidency, the membership of the organization had dwindled from nearly a million to practically nothing.

The American Federation of Labor arose as the Knights of Labor Fell. At a convention in Columbus, Ohio, in 1886, the American Federation of Labor, then five years old, revived into its membership, about nine-tenths of the disappointed members of the Knights of Labor. The purpose of the American Federation of Labor was to band together the men of the various trades and crafts and then federate them into a great central body. No social or lodge or brotherhood features were incorporated in the new organization's constitution and by-laws.

The Federation of Labor was organized in 1881. Samuel Gompers was its first president and has held that position every since with the exception of two years, when John McBride, a miner, defeated him for the honor. The organ of the Federation of which Gompers is the editor, is the American Federationist.

The growth of unionism in the United States has been marvelous during the past thirty years. At the present time the labor unions of America have a greater membership than ever before in the history of the labor movement. In the American Federation of Labor there are now affiliated about 120 national and international labor unions, representing approximately 30,000 local labor unions. The number of State Federations of Labor is about 40 and there are nearly 600 central city labor bodies and more than 600 local trade and labor unions. In the aggregate more than 2,000,000 are members of the body or are affiliated with it. Outside the American Federation of Labor are the plasterers add bricklayers, the trainmen's unions, such as locomotive engineers, firemen and switchmen, and a few others, in all about 500,000.

Little Breaks.

Among "blunders in emphasis" the prize must be awarded to the remark of the beautiful Miss Gunning to George II. She told the king that she would dearly love to see a coronation. A compliment not infrequently takes a questionable form. G. W. E. Russell in his "Collections and Recollections" tells of a working class admirer who once said to the dean of Windsor (Dr. Wellesley), "I always say there's nothing of the gentleman about you."—St. James' Gazette.

The Part That Never Changes.

"What a very affecting part, my dear," remarked the husband as they returned from the suburban theater the other night. "I suppose there wasn't a dry eye in the house."

"I observed, however," said the wife, "that there seemed to be the usual number of dry throats."—London Tit-Bits.

The Old Style.

No, this is not Esperanto:

Koom contaw thes yelauoo sands
And then taak hands;
Koortaid hwen ceoo haav and klat
The wayld waavs hwist.

Nor is it the song of a boy scout who is imitating the bellow of the hedgehog and at the same time whistling between his teeth. No; it is Shakespeare's lyric, "Come unto these yellow sands," etc., as rewritten after the Elizabethan style.—London Globe.

IT'S THE BEST FLOUR ON THE MARKET

TO WHOM IT MAY CONCERN.

Wichita Falls, Texas, Sept. 4th, '09.

I came to Wichita Falls from Bowie, recently and was at that time almost a stranger here. It is my intention to reside here, and was indeed sorry to have the report come to me that two ladies (one a near relative of a competitor; the other a former Bowieite, and to whom I was family physician up until the time of her removal to Wichita Falls) had so far forgotten themselves as to make several remarks to a number of their different friends, which are neither in good taste nor supported by the truth, and which were not calculated to make friends for a stranger.

In justice to myself and my friends here, I make this statement and offer you a few letters of introduction from representative people with whom I have lived for the past thirty years, many of whom are known in this city.

Yours, very truly,
G. R. YANTIS, M. D.

Bowie, Texas, Dec. 5th, 1908.
To Whom It May Concern:

I have known the bearer, Dr. G. R. Yantis for the past six years and know him to be upright and strictly honorable in all his dealings.

I cannot say too much in his favor as a physician and surgeon, as I have had opportunity to judge, he being in charge of a smallpox epidemic while I was mayor of Bowie, and having been my family physician, also, ever since his arrival in Bowie.

I desire to most heartily recommend him to any community where he may decide to locate as being a most desirable citizen in every way.

Yours, truly,
C. H. BOEDEKER,
President City National Bank.

Bowie, Texas, December 5th, 1908.
To Whom It May Concern:

It is with pleasure that I certify to the fact that I have known Dr. Yantis every since his arrival in Bowie, and have always found him to be a gentleman in every sense of the word, and a fine physician and surgeon.

He is honorable in all his dealings and I recommend him to any community wherever he may locate as a very desirable citizen. Yours truly,
Wm. A. AYERS,
Cashier City National Bank.

Bowie, Texas, December 5th, 1908.
To Whom It May Concern:

It is with pleasure that I endorse all the good things said about Dr. Yantis by Mr. Wm. A. Ayers, Cashier and Mr. C. H. Boedeker, President of the City National Bank, as I have known Dr. Yantis the entire time of his stay among us. Yours truly,
W. S. RIGGINS,
Ass't. Cashier City National Bank.

Bowie, Texas, December 5th, 1908.
To Whom It May Concern.

I desire to say that Dr. G. R. Yantis is a most desirable acquisition to any city or community, as a man and a physician and surgeon, and as such I recommend him. Yours truly,
M. F. ALLEN.

Bowie, Texas, Aug. 1st, 1909.
To Whom It May Concern:

This is to state that I have been closely associated with Dr. G. R. Yantis for the past six years and consider him a very high class gentleman, a good business man and a fine physician. Dr. Yantis was my family physician as long as he resided in Bowie, and it was with much regret that we had him leave our town, as he is a credit to any community in which he resides. Yours truly,
A. G. TURNER.

Mayo, Mangum & Merrick,
Hardware and Groceries

Bowie, Texas, August 25th, 1909.
To Whom It May Concern:

This is to certify that I have known Dr. G. R. Yantis for five years, and he has done my practice when in need of a physician. He is not only a good physician, but a man of fine character and a good citizen. Bowie regrets very much to lose "Doc," but hope for success and prosperity to follow him. He is worthy of any patronage you may give him.

Respectfully,
E. R. MANGUM.

J. B. IRONS, Wholesale Grocer.

Bowie, Texas, Aug. 20th, 1909.
To Whom It May Concern:

I have personally known Dr. G. R. Yantis for the past five years and cannot recommend him too highly as a perfect gentleman and a very high-class physician and surgeon.

Yours truly,
J. B. IRONS.

Bowie, Texas, Aug. 1st, 1909.
To Whom It May Concern:

I have had a close personal acquaintence with Dr. G. R. Yantis for the past five years, and have always found him a perfect gentleman under any and all circumsthances, and a first class physician. He was my family physician up to the time of his removal from Bowie. I heartily recommend him to the people of any town or country to which he removes.

Yours truly,
F. C. GREEN,
Agent Fort Worth and Denver C. R. R.

Bowie, Texas, Dec. 1st, 1908.
To Whom It May Concern:

The writer has been intimately acquainted with Dr. G. R. Yantis for the past six years, and it gives me pleasure to certify to the fact that Dr. Yantis is upright and honorable in all his dealings and a perfect gentleman in every sense of the word.

He is a first class physician and surgeon, as the writer has had ample opportunity to judge, Dr. Yantis being physician and surgeon for the Bowie Cotton Oil and Gin Co., of which I am manager, as well as our family physician while here.

It is with sincere regret on the part of a great many of our best citizens that Dr. Yantis leaves our town.

Yours truly,
RAS SAUFLEY,
General Manager Bowie Cotton Oil & Gin Co.

Wichita Falls, Texas, Aug. 31st, 1909.
To Whom It May Concern:

Dr. G. R. Yantis has been my family physician for the past year and a half and I have found him to be an excellent practioneer, a fine surgeon and a gentleman of high morals.

I have known Dr. Yantis for the past three years and it gives me pleasure to say that during that time I found him gentlemanly in deportment, and, knowing him in his home, an excellent husband, and I would heartily recommend his services to anyone who might need the services of a high class physician and surgeon.

Yours truly,
R. P. NEELY,
Traveling Freight and Passenger Agent Ft. W. & D. C. Ry.

Bowie, Texas, Aug. 25th, 1909.
To Whom It May Concern:

This will certify that I have had the personal acquaintence of Dr. G. R. Yantis for more than four years while he was a local, practicing physician at Bowie, Texas, a greater part of the time conducting a private sanitarium, to the great benefit of this locality.

Dr. Yantis was considered a skillful physician, which was evidenced by a heavy practice.

Yours sincerely,
H. F. WELDON, Attorney.

Bowie, Texas, Aug. 25th, 1909.

I have been acquainted with Dr. G. R. Yantis for the past four years. He did an extensive and successful practice while here and was always courteous and professional to the medical profession. I have done considerable work with Dr. Yantis and found him to be a gentleman and well up physician and surgeon. Respectfully,
J. D. WILSON, M. D.

To the Public of Wichita Falls, Texas:

This is to certify that the bearer, Dr. G. R. Yantis, has been living in Bowie for the past few years, and looked upon as one of the most prominent physicians in Northwest Texas.

He has always had splendid success in his practice, and we heartily recommend him, both as a physician and specialist, therefore, we commit him to your friendship and patronage.

Yours, very truly,
W. B. BUCKNER.

To Whom this May Concern:

I am pleased to say that I have known Dr. G. R. Yantis for the past three years and know him to be a man of honor and one with a reputation in a professional way. The last year of my stay in Bowie, Texas, I occupied offices adjoining those of Dr. Yantis and am in postition to know something of the practice he had and this was due to his ability as physician and surgeon. His practice was among the best people of the town.

Very truly yours,
FRED T. LONG.

Weatherford, Tex., Nov. 9th, 1903.
To Whom Handed.

We have the finest safe made, making our fixtures the most modern and up-to-date in the State.

Our depositors will be protected by the guarantee fund of the State

We solicit the accounts of firms, corporations, individuals, ladies and children, who may rely upon curteous treatment and the very best terms that are consistent with sound and conservative business methods. Our officers are experienced bankers.

If we have your business it is appreciated, and if not remember that we want it, whether large or small.

We specially desire you to call and see us and remember that our officers are at the service of our customers.

Estimates Promptly Furnished

It's natural for you to want the most and the best you can get for your money. But when you buy a bill of lumber without getting an estimate from us, how do you know that you're getting the best bargain that is possible for you to get?

You simply can't tell a thing about it. You don't know whether you're losing money, or not.

The only safe way is to always let us make you an estimate on what you want, before buying elsewhere. We have complete stocks of everything in lumber and building material.

We are Going to Give Twenty-six People an Opportunity to Own Their Own Homes by Paying a Small Cash Payment Down and Payments Monthly Without Interest

The Wichita Development Company owns twenty six modern bungalows on Burnett, Bluff and Austin Sts., between Third and Sixth Sts., which we have induced them to allow us to sell on easy terms, *Without Interest or Taxes,* and on which they will carry the insurance until forty-eight monthly payments have been made.

These houses are well built; have concrete foundations; all chimneys built from the ground, and are all pleasing in appearance. They are close in, the property beginning six blocks from the First National Bank. The ground is the highest of any portion of Wichita Falls which lies in the valley, as shown by the statement of City Engineer, Hinckley, which appears in this advertisement. Cement sidewalks are laid over nearly all the property, and every house has a sewer running down alley in rear. The Gas Company has laid its mains down the streets. Each house is connected with city water. Free mail delivery and a school house within two blocks of the farthest house are among the advantages. The soil is deep and fertile and trees and lawns can be grown better than in most parts of the city. When these houses have been sold, as they will be, under these extraordinary terms, and the property is occupied by owners, who will be interested in its development, property values will double.

These houses are practically new, and rent from $15 to $20 per month, and at that, are the cheapest rentals in the city. On a house renting for $15 you double the rent for 48 months and own the house without payment of interest, taxes or insurance, by paying a cash payment down of but $100.00. On a house renting for $20 per month you pay a larger cash payment but add only $10 per month to your rental.

A buys the first house listed, he pays, in cash,...	$100.00	48 month's rent saved at $15 per month.....	$720.00
He pays 48 payments of $27 each	1,296 00	Net cost of house.....	$676.00
Total cost.....	$1,396 00		

It is reasonable to suppose that with the growth of Wichita Falls the value of the property will have increased to $2000.00, in which event the purchaser will have made a net profit of $1324.00 on his investment.

Wichita Falls, Texas, Sept. 2, 1909.

The Wichita Development Co.,
Wichita Falls, Texas.

Gentlemen:

This is to certify that the property owned by your company, Blocks Numbers 121, 122, 123, 144, 145, 220, and 241 has an altitude of from 958 to 960 feet. The altitude of that portion of the city lying between Seventh St. and the Wichita Valley Ry., from North to South and between Lamar St. and Michigan Ave., from East to West, ranges from 951 to 957 feet; in other words, the property owned by your Company is from one to eight feet higher than any portion of the city, excepting such as is on the hill. For example, the altitude of Burnett and Third St. on your property is 960 feet. On the corner of 12th and Scott, which is in a good residence section of town, the altitude is 951 ft; consequently, should the city ever be inundated, the water would be 9 ft. in depth at the corner of Scott and 12th before it would begin to cover your property at Burnett and Third.

(Signed) L. C. Hinckley, City Engineer.

TIDES OF PUGET SOUND.

The Swift and Turbulent Waters of the Narrows.

The waters of the narrows are treacherous. It is a place of terrible tides. Viewed from the precipitous shores, the surging waters are magnificent. The scene has been compared with the Hudson above New York city. The waters of that part of Puget sound which extends to Olympia, Mud bay, Shelton and Henderson bay, a vast inland sea within itself, all flow in and out of the narrows.

In the upper reaches of the sound some twenty-five or thirty miles from the narrows the tides attain a height of more than twenty feet. When the tides begin to fall all the accumulated water rushes out through the narrows like a great river at flood. In like manner when the tide sets in the direction of Olympia the narrows become a swift and turbulent stream. Frightful whirlpools are numerous. Streams running powerfully in contrary directions strike and the water boils.

Large steamboats struck by the contrary currents groan and creak and sway under the strain. This being so, it is no wonder that small craft often overturn in the narrows. A whirlpool has been known to seize a rowboat and twist it round and round until the rowers almost despaired of coming out alive. It is a marvelously beautiful water with all its terrors, and hundreds and thousands will continue to find pleasure there, notwithstanding its occasional tragedies. The rumble of the tides when running at full is like the distant rumble of the ocean. The terrors of the sea are an element of its charm, and so it is with the terrors of the narrows.—Tacoma Ledger.

Two Apologies For a Hat.

A Kansas City man who had lost his hat at a public function in that metropolis caused the following unique advertisement to be published in the local papers:

The undersigned will deem it a great favor if the gentleman who inadvertently took the undersigned's new silk hat on the occasion of the reception of the Lotos club, leaving an inferior headpiece instead, will have the goodness to return said silk hat. Not only will the gentleman receive the undersigned's warmest thanks for his kindness, but the apologies of the undersigned—the apology for the trouble the undersigned may have caused him and "the apology for a hat" which he has conferred upon the undersigned.

—St. Louis Republic.

All Affected.

Sprigg went to a noted physician to ask advice as to his health. In pompous tones he addressed the doctor:

"I—ah—have come to—ah—ask you—ah—what—what is—ah—the doosid mattaw with me—ah!"

"I find your heart is affected," said the physician gravely.

"Oh—ah—anything else—ah?"

"Yes; your lungs are affected too."

"Anything—ah—else—ah?"

"Yes; your manners are also affected."—London Answers.

Hypothetical Questions.

"What will your mother say to you when you get home?" said one boy.

"She'll start in by asking me some hypothetical questions," answered precocious Willie.

"What are they?"

"Questions that she thinks she knows the answers to before she starts to talk."—Washington Star.
