EIGHTH WEEK

... Son of
a gun ...

Son Of Sonora's Founder Dies

We don't suppose there is anything, outside loss of life, as disappointing and heartbreaking as having your home and all your possessions swept away by fire, especially where there is no insurance protection.

Well, that's what happened to the Elmo Mitchell family Wednesday night. They lost everything from soap to socks, from china to chairs.

You all know Elmo - he has hauled the dirt for probably half the yards in Sonora and has been a good citizen here for close to 30 years. He has a wife and four well-behaved boys ranging from 6 to 12 years of age and Christmas is only six weeks away.

We thank the finest people on earth in advance because we know what is about to happen to the Mitchell family.

It's still just as small a world as it was the last time we reported an incident like this: Last week Gomer Minnick was on duty at the hospital when Jimmy Moring, 28, and Joe Towns of Snyder were brought in from an auto crash 42 miles south of here on the Del Rio highway. After the men were treated, Minnick asked Moring if he had ever lived in Stephenville. He had. Did he have an older brother named Emmett? He did. And a few hours later Minnick was chatting with his boyhood friend, Emmett Moring, whom he had not seen since 1928, when brother Jimmy was only 4 years old.

To get on with the accident story: Jimmy Moring is recovering from a broken leg and dislocated hip. Towns was released. The car went out of control and crashed into a bridge Friday night.

Dr. D. A. Price, Sonora Experiment Station veterinarian, showed an interesting color film, following the Lions Club luncheon Tuesday, on diseases of sheep. After a discussion of each disease and pictures of live sheep with the disease, the film presented a rather vivid portrayal of the autopsy.

Bud Smith summed it up neatly when he remarked, "We sure enjoyed the program and appreciate the fine work the staff at the Experiment Station is doing, but I'd be darned if I ever shake hands with Doc Price again!"

Dullig's Humble Station is first to recognize the approach of Christmas. The station has erected a neon sign over the driveway showing Rudolph the Red Nosed Reindeer running at top speed. We asked Jack Bricker why the sign was up so early and he told us it had arrived early this week and it was easier to install it than to store it and take a chance on breakage.

And, speaking of modern improvements, the Sonora Drug finally junked that old clock in the back and installed a new self-starting electric clock. We don't know what vintage the old one was, but John Lowrey told us he used to look at it every morning to see if he'd be late for school. We understand Vicars sold it to the Smithsonian at a nice profit. Now if we could just sell Vicars to the Smithsonian. Oh well, this could go on all night.

Pvt. William F. Decker, son of Mr. and Mrs. H. G. Decker of Sonora, has been assigned to the 5th Armored Division, for basic training in the U. S. Army at Camp Chaffee, Arkansas.

Decker will be taught the fundamentals of soldiering, learn the use and five various infantry weapons and practice Army combat tactics.

Upon completing eight weeks of training, he either will be re-assigned to another post or he will remain at Camp Chaffee for additional instruction in his military occupational specialty.

Attending the Texas-Baylor game in Austin Saturday were Mr. and Mrs. J. A. Letsinger and family and Mr. and Mrs. H. M. Smith.

The Hudspeth Memorial Hospital Auxiliary will meet Monday afternoon at 3 o'clock at the hospital. Mrs. Joe M. Vander Stucken, president, announced this week. The auxiliary will hear a program on civil defense.

Dear Ruth,
Don't miss the toy booth at the Bazaar on Wednesday. The Eldorado unit of the Episcopal Guild has made some dolls that would be perfect for Jean and Betty.

Word was received here this week of the death, in Brawley, California, of Burleigh E. Adams, 73, son of the late Charlie Adams, founder of Sonora.

Adams was born in Coleman in 1879 and would have observed his 74th birthday February 25. He attended local schools and moved to California in 1912, and opened a livery stable and mule team rental service. He later entered the real estate business and remained in that business until his death.

Adams was one of the directors of the Imperial Irrigation district in early years, and a street in Brawley was named in his honor. Always active in community development, Adams was also prominent in civic and service projects.

He is survived by his wife, two sons, both of Brawley, three brothers, Leslie E. Adams of Brawley, Charles Adams of Kingman, Arizona and Bill Adams of Oregon, and a sister, Mrs. Alice Alexander of San Bernardino.

Bronco Band To Parade In Austin

Approximately 200 Texas High school bands, including the Sonora Bronco band, will be on hand to participate in the 18th Annual University of Texas Band Day celebration on November 14, in Austin, Texas.

This celebration is sponsored by the University of Texas Longhorn Band and is the largest of its kind in the United States.

Bands will be grouped in Class A, which includes those with 55 or more members, and Class B, which includes bands with less than 55 members.

They will be judged on marching and playing ability in a downtown parade which will start at 10:00 A. M. First and second place ratings will be given in each class, and engraved loving cups will be presented to director and drum major of each winning band at the half-time show of the Texas-T. C. U. game, at Texas Memorial Stadium. A fifth trophy will be awarded the band travelling to Austin from the farthest distance.

Scheduled to last approximately one hour and forty-five minutes, the parade will be led by the Austin Public Schools Band. Next featured will be the winning bands from last year, Brownwood High, Harlingen High, Lovett's Chapel High, and Llano High.

The four winning bands from last year will also join the Longhorn Band in the Texas-TCU half-time show. Approximately 500 twirlers are expected to take part in this performance.

All bands will be the guests of the Longhorn Band and the University of Texas at the Texas-TCU football game on Saturday afternoon.

Glen Chadwick Roping Champ

SOCORRO, N. M. (Spl.) - Glen Chadwick of Socorro was declared Socorro County champion roper at the championship roping finals here Saturday night, October 17, at the rodeo and fair. Chadwick was presented with a trophy belt buckle as well as a cash prize.

In a two-calf roping the first ground was won by Chadwick, Juan Chavez took second place and J. B. Kelley won third. In the second ground Monte Epps was first, Pete Evans second and Chadwick was third.

Mr. and Mrs. H. M. Smith spent Saturday night and Sunday in Mason as guests of their cousins, Mr. and Mrs. Oran Kimbriel.

Big Spring Man Buys Drug Store

Cecil Westerman of Big Spring completed arrangements this week for purchase of the Corner Drug Store from Dave Locklin and Mrs. Maxine Ellingson. The store will be operated under the name of Westerman Drug and opened for business yesterday morning.

Westerman, who was in the drug business in Big Spring from 1932 until 1946, is a registered pharmacist and will serve in that capacity here. Mrs. Ellingson will continue at the store in charge of sales and bookkeeping.

Mr. and Mrs. Clyde Hill returned this week from a vacation in El Paso and Sierra Blanca, they were guests of Mr. and Mrs. Stanley Patton, former Sutton Countians.

Broncs Smother Eagles 62-0

San Felipe Mustangs Score Upset Victory Over Broncos 14-7 Friday

The five-times defeated San Felipe Mustangs of Del Rio finally got enough of it last Friday night and handed the Sonora Broncos their second defeat of the season, 14-7. The game was played in Del Rio and was non-district.

Sonora got off to an early lead in the second quarter, when George Wright passed to Jodie Minnick in the flat and Minnick twisted his way 53 yards for the score. Richard Mayer, reserve end, threw one of the key blocks on this play. Wright's kick for point was good, and Sonora held its lead through the rest of the quarter.

San Felipe got back in the game in the third when a Wright pass, thrown from near the Sonora goal, was intercepted on the Sonora 12 by Cuellar, Mustang tackle, and carried for the score. Coronado's kick tied it up.

In the fourth, San Felipe scored the deciding when Arredondo passed to Calvetti on a 53-yard scoring play. Coronado's kick was again good.

Sonora's passing attack was not clicking to the extent that five of Wright's tosses were intercepted, a rare thing indeed for the Bronco tailback. On the ground Sonora was penalty stricken, receiving 12 penalties for 120 yards, most of them for offensive holding. The Mustangs got two penalties for 20 yards.

The Broncos organized several good drives but seemed to run into penalty trouble every time they got in scoring range.

District Meet Held Here By Homemakers

Beth Shilling of Big Lake was elected president of the Future Homemakers of America, district 5, at a meeting of 131 delegates from Sonora, Eldorado, San Angelo, Sterling City, Big Lake and Midland, Saturday at the Elementary School.

The day-long convention featured a luncheon at the Longhorn Cafe.

Other officers elected included D'Anne Carle, San Angelo, vice-president; Billie Green, Sterling City, recording secretary; Burnell Doyle, Eldorado, corresponding secretary; Elsie Street, Sonora, treasurer; Maria Schwiening, Eldorado, reporter; Gay Nell Belks, Eldorado, song leader; La Quita Sharp, Big Lake, parliamentarian; Lynette Howell, Midland, historian; Laurabeth Grieneeks and Cynthia Ann Hall of Sonora were elected area nominees.

Cynthia Ann Hall, outgoing district president, presided at the morning session and was in charge of installation of new officers.

E. A. Brodhead delivered the welcoming address and Trudy Gaynor of Eldorado gave the response. The morning session featured a sing-song, entertainment by the Lake-view chapter, and a talk on civil defense by the Rev. Roy Schilling of Big Lake.

Vice-president La Quita Sharp of Big Lake presided during the afternoon. Jan Vander Stucken presented a puppet show and the Eldorado chapter put on the emblem ceremony. Installation of officers and closing ritual concluded the day's meeting.

DRILLER INJURED

R. W. Perkins of Austin suffered a broken thigh last Tuesday night at a rig location on the Joe Brown Ross ranch when a brake slipped and a block fell on him. He is recovering at Hudspeth Memorial Hospital.

Perkins was here visiting his son, W. T. Perkins and Mrs. Perkins, and took a few days work with the Norwood Drilling Company.

Attend SOME Church Sunday.

Steen Wildcat Flows Some Oil

A Sutton County wildcat, Sinclair Oil & Gas Co. 1 Nettie D. Steen, located in 64-A-HE&WT, 6 1/2 miles northwest of Sonora, has logged a flow of oil from the Pennsylvania, either Cisco or Canyon.

On a 100-minute drillstem test between 4,187-4,207 feet, the project surfaced gas in 4 minutes, oil in 95 minutes. The project then flowed at the rate of two barrels of oil hourly.

Recovery was 690 feet of oil and 90 feet of salt water. Flowing pressure was 300 pounds; 15-minute shut-in pressure, 1,475 pounds.

On an earlier drillstem test taken between 4,167-87 feet, with tool open three hours, gas surfaced in six minutes. It was not gauged.

Recovery was 120 feet of gas-cut mud. Pressures were not reported.

Earlier, on a 50-minute drillstem test between 4,050-68 feet, recovery was three feet of drilling mud.

Estimated elevation is 2,300 feet. Round Top Oil Co. of Abilene and La Gloria Oil Corp. have filed application to drill a 5,300-foot wildcat in northeastern Sutton County, 25 miles northeast of Sonora. It will be the No. 1 Cleve T. Jones.

Operations on the test will begin when permit is approved. Elevation is 2,393 feet.

Location, on a 640-acre tract, is 660 feet from the north and east lines of 94-5-TW&NG.

The prospector is two miles southeast of a Schleicher County wildcat failure, American Liberty Oil Co. 1 Jones. It was plugged and abandoned May 12, 1947, at 6,000 feet. The following tops were reported on elevation of 2,278 feet: Pal Pinto, 3,750 feet; Strawn 4,400 feet; and Ellenburger, 5,350 feet.

Applications have been filed to drill two wildcats in Sutton County. Benedum-Trees Oil Co. will drill its 1 E. M. deBerry, an 8,000-foot test, five miles northwest of Sonora.

The project will be drilled with combination tools. Operations are to begin at once.

Location on a 120-acre tract, is 467 feet from the south and 3,500 feet from the east lines of 15-GC & SF.

The prospector is 1 5/8 miles southwest of C. L. Norsworthy, Jr. 1 Ben F. Meckel, wildcat failure abandoned May 23 at 8,220 feet. The following tops were reported on elevation of 2,233 feet: detrital, 7,010 feet; Ellenburger, 7,050 feet; and Wilberns, 8,210 feet. Operator reported no shows.

Sheardy A. Lamb et al of San Angelo will drill their No. 2 Mrs. W. Faulkner, a 3,200 foot rotary test, 27 miles east and slightly south of Sonora and 1 1/2 miles west of the Kimble County line.

Drilling, on the 40-acre tract, is 1,040 feet from the north and 5,388 feet from the east lines of 79-A-GWT&P survey.

The prospector is 5-8-mile west of the one-well Ken field, which produces from the Strawn lime at about 2,910 feet. It is also 7-8-mile north and slightly west of Atlantic Refining Co. 1 Thiers Estate, wild-cat failure abandoned July 17 at 3,227 feet, elevation unreported. The project recovered 300 feet of free gas in the drillpipe and 10 feet of slightly oil and gas-cut mud on a 45-minute drillstem test between 3,050-81 feet.

Humble Oil & Refining Co. has filed application to deepen to wildcat depth its No. 1 North Branch Unit, one-location south and slightly east offset to W. M. Lyle 1 G. C. Allison, Sutton County Strawn gas-distillate discovery, located 16 miles east-northeast of Sonora.

The project, now drilling below 5,856 feet in lime, will be drilled to 6,600 feet. Original application was filed to drill 5,600 feet.

The project flowed gas at the daily rate of 940,000 cubic feet on a drillstem test between 4,943-75 feet; 1,193,000 cubic feet on a drillstem test between 4,974-5,000 feet; 1,173,000 cubic feet on a drillstem test between 5,026-52 feet; and 227,000 cubic feet on a drillstem test between 5,052-77 feet.

Mr. and Mrs. James W. Maxwell and daughter, Patty, were guests of Mr. and Mrs. Roy Cooper and Mrs. Maxine Ellingson Sunday.

The Sonora Broncos snapped back from last week's loss to San Felipe with a furious ground and air attack to smother the hapless Eldorado Eagles, 62-0 last night at the local stadium.

The red horses struck by ground and air for a total of over 600 yards with Crites, Minnick, Wright and Ratliff hitting pay dirt through holes the line opened at will.

Eldorado stopped the first Sonora drive cold and forced Wright to make his only punt of the game to the fifty yard line, where the Eagles mustered their only threat. Pennington, Ratliff and Etheridge carried to the Sonora 30, but a fumble gave the Broncos the ball and they were never headed.

Wright, starting from his own 30, made 20, then 10 yards through Joy, Fuqua, Smith, McLaughlin holes. Wright handed off to Crites on the next play and the speedy back outraced the Eagle secondary for 40 yards and the first score. Wright's kick was wide. Eldorado worked back to midfield

but had to punt and the Broncos started from their own 10. After working the ball up to the 45, a shovel pass Wright to Minnick was good for another score and this time the kick was good.

A Wright to Jack Johnson pass set up the next score, putting the ball on the Eagles' 20. Crites got the key block. The third score came early in the second quarter on a Wright to Shannon Ratliff pass. Play covered 20 yards.

Rus Chalk got in on the pass attack when he took a Wright toss later in the same quarter from Sonora's 20 to the 50. A shovel pass to Minnick was good to the 25 and a pass to Jack Johnson put the ball on the 8. Wright scored over tackle on the next play and his point kick was good.

The Broncos' scores came in rapid succession in the second half. Eldorado received but Pennington fumbled while trying to pass and Ratliff, who had a good night, recovered on the 15. George Johnson plowed down to the 3 and a penalty on the Eagles put the ball

on the 1. Wright carried for the score and the kick was wide.

Eldorado's Ratliff, Pennington and Stewart worked back to their own 40 before losing the ball on downs. On the first play Wright tossed to Rus Chalk, who couldn't seem to miss, and Chalk was brought down on the 2. The play covered 38 yards. Wright charged over center to score standing up and his pass to Ratliff was good for the point.

The Eagles got another offensive started, but Fuqua threw Pennington for a 10 yard loss on his own 40 and the ball went over on downs.

The scoring began again in the fourth, when Sam Gonzales, Sonora's defensive ace, carried from his own 36 to the 50. George Johnson, running behind some beautiful interference by veteran Eddie Smith, made it to the 30 in two tries. Crites ran left end to the 22, Johnson to the 10 and again to the 2. A bad center pass was fumbled and Eldorado recovered. The Eagles tried a running play but Tommy Adams stopped Pennington in the end zone for a safety. Eldorado kicked to the Sonora 40 and Minnick returned to the Eagles 40. Crites ran to the 30, and George Wright took off around right end for the score. Kick was good.

Etheridge took the Broncos kick-off back to his own 30 where a terrific tackle by Sam Gonzales shook the ball loose and Sonora recovered. With 3 minutes to go, Wright ran around left end for another 30-yard touchdown sprint. Wright passed to Ratliff for the score.

George Johnson wound up scoring for the night a few seconds later when he passed 9 yards to Ratliff in the end zone. Kick was low.

Local Station Makes Progress Toward Bluetongue Disease Control

The control of common gnats may be the answer to the successful control of the bluetongue disease in sheep in Texas. Scientists in South Africa have identified night flying midges (Culicoides spp.) as carriers of the virus in their country. Scientists at the Texas Agricultural Experiment Station here are moving steadily to the conclusion that these same insects are transmitting bluetongue from animal to animal and from area to area in Texas.

Dr. D. A. Price, veterinarian at the Sonora station, reports that during an experiment this summer, Sonora workers produced the disease by injecting sheep with an emulsion prepared from gnats collected in that vicinity.

Research developments on bluetongue indicate that "there is strong evidence of at least three strains in Texas." The presence of multiple strains of the virus in Texas presents the tremendous problem of isolating each one and preparing a vaccine to control that specific strain. Although either natural infection or vaccination produces lifelong immunity to that particular strain, it does not necessarily give immunity to any

other strain.

Price says one of the Texas strains has been isolated and tests are being made to perfect a vaccine similar to the one used so successfully in South Africa for the inoculation of infected sheep.

A virus disease thought for years to exist only in South Africa and on the island Cyprus, bluetongue now is believed to have existed unrecognized in Texas for at least two decades. It was first reported as "sore muzzle" by Texas workers on a few ranches in 1952. The striking similarity between our "sore muzzle" and the bluetongue of South Africa was noted at this time. The summer of 1953 found the disease widespread. It was recognized in California and specimens sent from that state to South Africa resulted in positive identification of the disease.

At the request of the Bureau of Animal Industry, the Bureau of Entomology and Plant Quarantine has undertaken a survey to classify the carrier gnats in the Southwest. The survey is being directed from Washington with a biological study being conducted from their Kerrville, Texas, laboratory.

Ivy Rites Held In Junction

Services for Mrs. L. G. Ivy, 80, mother of Mrs. Carnie Wyatt and Mrs. Tate Jarvis of Sonora, were held Tuesday in Junction. Mrs. Ivy, died last Thursday in Merced, California.

In addition to Mrs. Wyatt and Mrs. Jarvis, Mrs. Ivy is survived by three other daughters, Mrs. Tom Hardesty and Mrs. Joe Hardesty of Merced, and Mrs. R. W. Fisher of San Antonio, and a son, Mancel Ivy of Merced. Also surviving are 23 grandchildren, 30 great-grandchildren and two great-great-grandchildren.

Woman's Club Hears Program On America

A program on "What America Means to Me" was presented Thursday for the Sonora Woman's Club by students who read essays on the subject.

Awards for the best essays went to Sarah Stewart and Freddie Fields. Other finalists in the contest were Jackie Puckett, Wanda Sue Mackey, Pat Akin and Jan Vander Stucken.

Mrs. Charles F. Browne presided. Others elected to membership are: Mmes. Sid Rogge, L. G. Mayfield, W. T. Magee and Leo Merrill.

Miss Annella Stites was chosen to attend the state Federation convention at Austin as a delegate of the club.

Hostesses were Mmes. Dan Cauthorn, L. E. Johnson, Jr., and Harold Schwiening. Thirty members attended.

Earwood To Meet With Benson

Fred T. Earwood, ranchman and manager of the Sonora Wool and Mohair Company, has accepted an invitation from Secretary of Agriculture Ezra Benson to represent the ranchmen of this district at a meeting in Washington next Thursday.

The secretary has invited key men in the livestock and farming industries to Washington to discuss farm program problems.

Your Health

Positive evidence of rabies infection was discovered in 115 animal heads autopsied by State Health Department laboratories in Austin during the past month, the Department announced today.

By species, positive heads included 104 dogs, 4 cats, 3 skunks, 2 cows, and 2 calves.

Heads from 27 counties made up last month's tabulation. Harris County was high with 73 submissions. Other counties were Austin, Brazoria, Caldwell, Collin, Comal, Fort Bend, Guadalupe, Harrison, Houston, Leon, Liberty, Matagorda, Red River, Rusk, Tarrant, Travis, Washington and Wood with one submission each.

Brazos, Cameron, Maverick, and Webb Counties submitted 2 head each, and Bexar and Jefferson turned in 3 apiece. Waller County submitted 4, while Dallas had 6.

The tabulation was made in a

regular monthly rabies report, a departmental public service which shows rabies incidence throughout the state. It lists the species involved and gives the date and county of occurrence.

Meanwhile, state laboratory officials are still surveying insect-eating bats for rabies infection. A total of 105 of the flying mammals have been checked so far, with negative results in each instance. The study began two months ago after the department became suspicious that bats heretofore thought to be entirely beneficial might be harboring the deadly rabies virus.

Note to hunters: Deer season opens November 16. That gives you eighteen days to resolve to take it easy this year with the 30-30 or the shotgun. Look before you shoot, and shoot where you look.

State Health Officer George W. Cox checked statistical tables today and announced that shooting accidents had claimed the lives of

187 people last year. That's more death than was dealt out by typhoid, scarlet fever, smallpox, diphtheria, whooping cough, measles, typhus, malaria, pellagra, and encephalitis combined for the same period of time.

"It's getting so that hunting seasons are almost as hard on the hunters as they are on the game," the health official commented.

How many of those 187 deaths occurred during the hunting season he didn't say. But with thousands of Nimrods taking to pastures for deer and turkey, it's safe to bet the number was needlessly high.

So why not agree with yourself or other members of your hunting party that this year you will:

- Never carry a loaded gun in your car.
- Never lay a gun aside unless you personally unload it.
- Never carry your gun with the safety catch off.
- Never let your finger rest on the trigger, or even inside the trigger

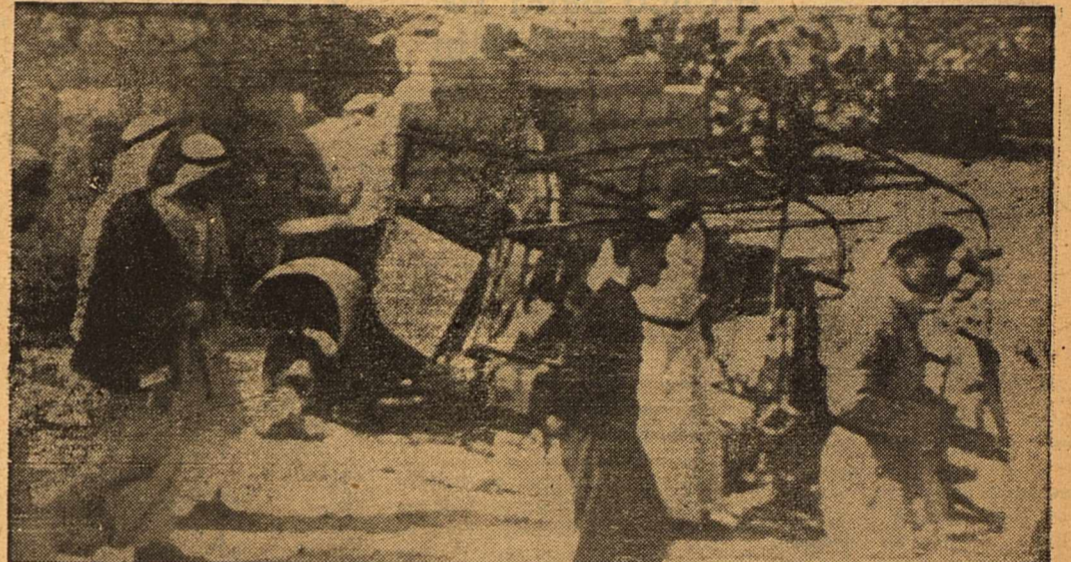

guard—until you take aim at the target.

- Never point the gun at anything you don't intend to shoot.
- Never mix fire water with fire-power.
- Never drag a gun through a fence. Put it over before you climb through.
- Never shoot a gun without first checking to see if the bore is clear of obstructions.
- Never shoot at noises in the brush. Remember that when wild-life is being stalked it seldom makes a noise that you can hear.
- Remember, too, that guns can become toys of death for inquisitive youngsters. Unload yours before you get home.

Mr. and Mrs. E. H. Brown of Anna were here Sunday and Monday with her sister and brother-in-law, Mr. and Mrs. Collier Shurley.

Conflict in Kibya, Jordan

KIBYA, JORDAN—Visible evidence of the conflict that occurred when armed Israeli troops attacked the Jordanian village of Kibya, is this burned-out truck. Forty-two persons were killed in the clash. The attack, according to Israel, was in retaliation of the death of a Jewish woman and two children by marauding Arabs.

Improved again!

Now the BEST gasoline in Texas is even BETTER!

No. 1 in Texas

by a wider margin than ever

A few weeks after the Japanese surrender in World War II, the Humble Company introduced a vastly improved Esso Extra gasoline to Texas motorists.

At that time, the Company promised a policy of continuous improvement: Humble told motorists that Esso Extra would never take second place in quality.

That promise has been kept. Improvement of Esso Extra has been continuous. Statewide, Esso Extra has consistently led other Texas gasolines in quality. Statewide, Esso Extra has been No. 1 in quality every year.

And now, because Texas motorists driving modern automobiles have learned that Esso Extra gives them extra performance, Esso Extra is also No. 1 in sales.

The improvement in the quality of Esso Extra announced by this advertisement is substantial—it is a major improvement. It places Esso Extra far ahead of other gasolines in the qualities that are reflected by performance in your car.

Today, Esso Extra gasoline is No. 1 in Texas by a wider margin than ever before.

Esso Extra gasoline, statewide, has consistently led all other Texas gasolines in quality; now, new improvements have widened the margin between Esso Extra and the rest: *Humble Esso Extra has no equal throughout the state of Texas.*

Tests prove Esso Extra's superior quality!

There are three qualities of a gasoline that are brought out in the performance of your car. In all these three qualities, Esso Extra leads.

Extensive and continuous laboratory testing of Esso Extra and other gasolines proves Esso Extra's superior qualities, and these laboratory tests have been confirmed by road testing in specially equipped automobiles.

Esso Extra leads in anti-knock performance: In today's automobile engines, with their high compression ratios, anti-knock performance is the most noticeable quality of a good gasoline. There is no substitute for this quality. Only a gasoline with a high octane rating—that is, high anti-knock performance—burns so evenly and completely that it transfers all the usable energy from the gasoline to the pistons. When your car's engine pings or knocks, you're losing power. Esso Extra has the highest anti-knock performance in Texas.

Esso Extra leads in power: High anti-knock performance assures more power. Since Esso Extra has the highest anti-knock performance in Texas, it gives you more power than any other Texas gasoline. This

conclusion has been verified by special laboratory testing equipment which actually measures the power delivered by a gasoline burning in an automobile engine. Road tests by both Humble technicians and independent research facilities have confirmed the laboratory tests. Your car will develop extra power when you use Esso Extra.

Esso Extra leads in quick starting: In comparative tests with other gasolines, Esso Extra's quick starting characteristics were rated "Excellent," while those of other popular gasolines ranked from "poor" to merely "adequate." When you use Esso Extra your engine starts at almost the instant you press the starter button. But quick starting is more than a convenience. It saves gasoline, and it prevents gasoline dilution of the crankcase oil. If you use your car mostly for town driving, you will specially appreciate Esso Extra's quick starting qualities.

And for good measure, Esso Extra contains a patented solvent oil: This oil is not a lubricant. Its purpose is to dissolve the gummy substances that collect carbon on top of pistons and under valves, and thus help to prevent carbon deposits in the upper parts of the engine.

See for yourself—test Esso Extra in your own car

Esso Extra will give you the same results obtained by researchers when you test it in your car. Its quality is so superior that you will notice at once that Esso Extra gives you extra quick starting, extra anti-knock performance, extra power.

You'll discover that you enjoy your car more, that it runs better, that you're getting—at last—the performance you expect from a modern automobile. No other gasoline can duplicate Esso Extra's performance in your car, because no other gasoline matches Esso Extra's quality.

Fill up with improved Esso Extra gasoline at any Humble sign—it's the same extra performance gasoline at every Humble sign.

Biggest Player?

MARIETTA, OHIO—Probably the biggest varsity football player on the 1953 collegiate scene, Bob Hogue, 17-year-old freshman who still is growing, has posed a problem for the Marietta, O., college team ever since he first reported for practice. He is 6-foot, 4-inches and weighs 305 pounds. The problem, of course, is finding uniforms big enough for him. Shown with the huge center from Cairo, W. Va., is Jeffrey Gray, 16 months, who hopes to make the Marietta varsity about 1970.

THIS TASTES GOOD IN TEXAS

Apple Crisp
3 cups sliced tart apples
3-4 to 1 cup sugar (white or brown)
1-2 teaspoon salt
3-4 cup flour
1-3 cup butter or margarine
1-4 cup water
1 tablespoon lemon juice
Place sliced apples in a greased 10 x 6 x 2" baking dish. Add water and lemon juice. Work fat, sugar, salt, and flour together until crumbly. Drop mixture over apples. Bake in a moderate oven (350 D to 375D) for 40 minutes. Serve warm with Orange Hard

Sauce.
Orange Hard Sauce
1-6 oz. can concentrated orange juice (3-4 cup), 1-1/3 cup powdered sugar 3-4 cup butter or margarine.
Blend ingredients in the order listed. Beat until fluffy.

Army Fights Never-Ending Battle Against Worst Enemy - - The Weather

ARMY QUARTERMASTER SOLDIERS test uniforms, equipment and their own endurance in extreme climates. On the Arizona desert near Yuma, scientists wait for them to finish one mile of the mile and a quarter hike across the shimmering sand dunes with loads ranging from 25 to 65 pounds. They walk this course four times daily.

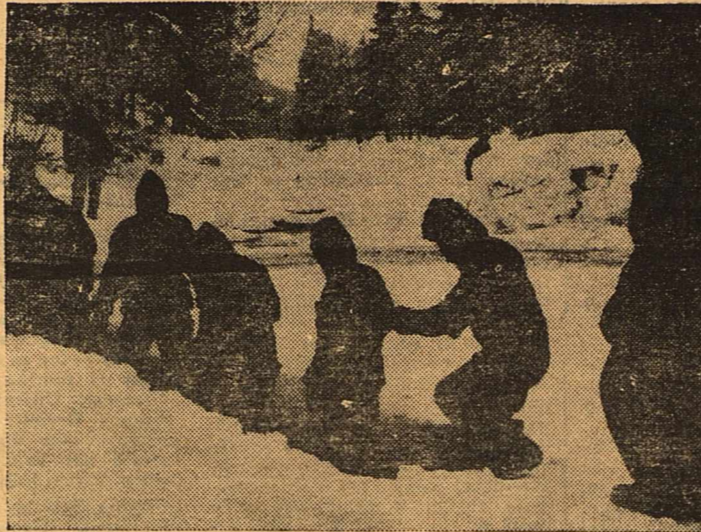

ARMY TEST TROOPS hold hoses to their mouths to exhale every breath taken during the next quarter mile into Douglas bags. Soldiers who know the desert know the sun is a formidable enemy. Temperature of the sand over which they walk is more than 140 degrees Fahrenheit.

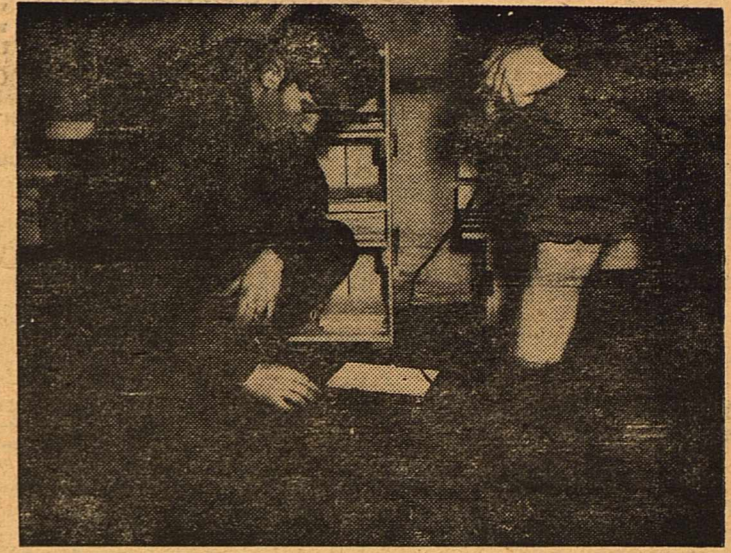

ARMY SCIENTISTS, with Douglas bags full of hot breath, return to their improvised laboratory to test the amount of oxygen consumed by the test troops. From their analyses, commanders will learn what to expect from soldiers maneuvering or fighting under desert conditions.

HIKES BY ARMY QUARTERMASTER TROOPS are longer on winter tests than in desert experiments. At Mount Washington, N. H., they make a ten-mile forced march with 30-pound packs to test uniforms and equipment developed by the Army Quartermaster Board at Fort Lee, Va.

THERMO-DRY BOOTS AND COLD-BAR SUITS get the ice-water test at Mount Washington, N. H., as Army Quartermaster test troops wade in a knee-deep stream. Water temperatures are 18 degrees Fahrenheit. Such pneumonia-inviting antics are all in a day's work for the test troops.

AFTER THE WADING PARTY, an Army Quartermaster test trooper checks the body temperature of one of his buddies. Such scientific experiments have made American soldiers the world's most comfortably clad and has helped them to lick a formidable enemy—the weather.

41 Years Ago

A dance will be held at the Sonora club on the night of November 28. The dance will be under management of the Club but the public in general is invited. The admission for gentlemen will be \$1. Ladies free. Get your gay togges ready and make your date now.

Mrs. Jra L. What and little son of Sonora spent several days the first of the week visiting their cousins, Mrs. J. M. Hamilton and family. They joined Mr. Wheat in San Antonio and left the same day for Dallas to attend the State Fair.

Mr. and Mrs. E. C. Saunders and son Harrol arrived home last week from a prospecting trip to the Pecos country. Pete McGreggor of Ballinger, a brother of Mrs. Saunders accompanied them.

George Trainer entertained about twenty of his friends with a Mexican supper Wednesday night. It was sure fine.

Tom Turner who ranches in the Juno country was in Sonora Monday trading.

Will Hayes was up from his ranch in Edwards County Tuesday trading.

J. S. Barton sold his Red Buick to John Hurst the well driller last week and bought a new 1913 model 25. The new car is a dandy.

Mrs. C. S. Holcomb gave a card party Wednesday afternoon at which she entertained Meslames E. S. Briant, A. H. Nathan, J. A. Cope, J. S. Allison, J. C. Pierson, Mrs. Stanley and Miss Sadie Tillman. The game was high five.

The 'Pinks' won the Basketball game at the school grounds Saturday. They were members of the seventh and eighth grades and played the girls of the higher grades.

Roy Holman of Hutto was in Wednesday on his way to Devils River on a hunt.

T. B. Reynolds boss of Schreiner's Paint Rock ranch on the Llano, was a business visitor in

TEXAS - TCU GAME HEADS SATURDAY BROADCASTS

Humble Oil & Refining Company will broadcast five football games Saturday afternoon for fans all over Texas. Four of the games will involve Southwest Conference teams and the other game broadcast will be between Texas Tech and Tulsa.

Broadcast time for all games except Texas Tech-Tulsa will be at 1:50 P. M. The Texas Tech game will be aired at 1:20 p. m.

The Rice-Texas A. & M. game will be brought from Rice Stadium, Houston, by Ves Box and Dave Smith. Radio stations carrying the game are WOAI, San Antonio; KRIS, Corpus Christi and KWKC Abilene.

A play-by-play account of the Texas-T. C. U. game will be broadcast from Memorial Stadium, Austin, by Kern Tips and Alec Chesser over KTEC, Austin; WFAA-WBA P-820, Dallas-Fort Worth and KA BC, San Antonio.

Houston game will be described directly from Baylor Stadium, Waco, by Dave Russell and Eddie Hill. The game will be broadcast over WACO, Waco, KTHI, Houston; KFJZ, Fort Worth; WRR, Dallas and KMAC, San Antonio.

The S. M. U. - Arkansas game will be brought directly from the Cotton Bowl, Dallas, by John Ferguson and Eddie Barker over WF AA-WBAP-570, Dallas-Ft. Worth; KTSA, San Antonio.

LIONS ROAR

State Senator Dorsey B. Hardeman will be guest speaker at the Lions Club luncheon next Tuesday, according to George E. Smith, program chairman.

At last Tuesday's meeting Dr. D. A. Price, Sonora Experiment Station, showed a film and discussed diseases of sheep. John Jones, an employee of the Arabian American Oil Company in Saudi Arabia, spoke briefly on the situation in Arabia in relation to the death of King Ibn Saud and the succession to the throne of the Crown Prince.

Mr. and Mrs. Frank P. Bond were in Austin last weekend to attend the Texas-Baylor game. Their son, Frank, L. Bond, attending Baylor Dental School in Dallas, joined them.

Jones said the Crown Prince has been well prepared to take over the government but only time will tell how strong a ruler he will be. He added that relations between the government and the company are excellent.

Guests Tuesday included Tommy Morriss of Balmorhea, John H. Jones, Texas A. & M. College, and Wilson Renney of San Angelo.

Eyes of Nation on Southwest Hotel

This is a scale model of the 1,001-room Hotel Statler in Dallas, Texas, where each guest room will have television-radio. The hotel will be completely air-conditioned. New type bathrooms will have a dressing room atmosphere. The main banquet area will seat 2,000 in one group. "Flat-slab cantilever" construction to be used for the first time.

Construction has begun in Dallas, Texas, of one of the largest hotels to be built anywhere in the world in more than a quarter of a century, the 1,001-room Dallas Statler.

The hotel's design is unique in that exterior walls are of glass and aluminum like the United Nations building in New York. This new kind of construction makes possible use of the cantilever principle which eliminates about half the columns and footings necessary in older type buildings. Use of this ultra-modern design has aroused nationwide interest on the part of architects and engineers.

The new 18-story giant will have banquet facilities that will seat 2,000 persons in one group, largest capacity west of Chicago. Every guest room in the hotel will have television-radio and the entire building will have air-conditioning with individual controls in each guest room. Most

of the rooms will be of the studio type, a bedroom at night and a living room in the daytime. All guest rooms will have outside exposure and will feature "picture windows" which will extend across about two-thirds of the room's width.

Bathrooms have been designed to have a dressing room atmosphere. The top of the wash bowl in each bathroom will be extended under a wide mirror to form a vitrious china shelf for make-up or shaving accessories.

Dallas' newest skyscraper will be constructed in the form of a huge "Y". Two prongs of the Y will converge on the main street leaving a part of the site available for a landscaped garden. The hotel will be the only downtown Dallas building not built flush to the street but with an approach for taxis and guest cars on its own property.

The Dallas Statler will be opened in the summer of 1955.

SONORAN'S UNCLE DIES

W. T. Keng, uncle of E. B. Keng of Sonora, died suddenly Friday evening while visiting in a Brady hospital. Death of the 79 year old retired ranchman was attributed to a heart attack.

A native of Giddings, he was foreman of the Comfort ranch in McCullough County for 42 years. He moved to Brady after his retirement six years ago. His wife died in 1952.

Miss Stella Stokes and Miss Ruby Bridges are visiting Mr. and Mrs. Lem Stokes on the Friend ranch this week.

-KNOW YOUR HOSPITAL-

Introducing Personnel of the Lillian M. Hudspeth Memorial Hospital

By R. B. Vandiver, Administrator

We would like to take the opportunity in the next few weeks to bring you some notes of interest about your hospital and the staff. This week's news is as follows:

Mrs. Sara Schwiening and Mrs. Lunetta Morgan are office manager and bookkeeper respectively and handle all business transactions such as insurance policies, collections, and handle all accounts of the hospital.

Mrs. Lillian Long, one of our very capable licensed vocational nurses, prepares medicine in the dietary and drug room.

Gomer Minnick, maintenance engineer, does very capable work in all parts of the hospital, inside and out. He is pictured by the central oxygen machines.

Mrs. Tessie Stokes, our dietician who prepares all the regular diets and many other varieties of diets, has had five years experience in the Crane Hospital, and is now one of our capable employees.

Mrs. Virgie Behrens, LVN, is in charge of our nursery and the care and feeding of small babies.

We would like to extend a cordial invitation to all people of Sutton County and surrounding territory to come out and look over our wonderful hospital.

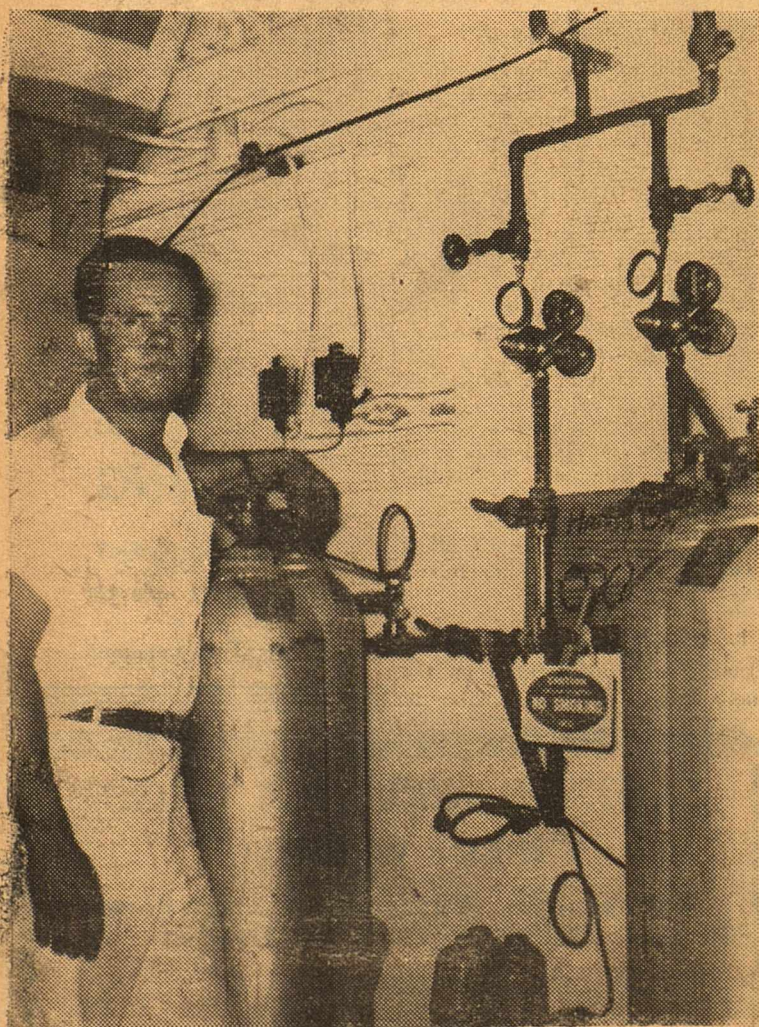

In the next week or two we will have another picture feature concerning everyday activities of your hospital.

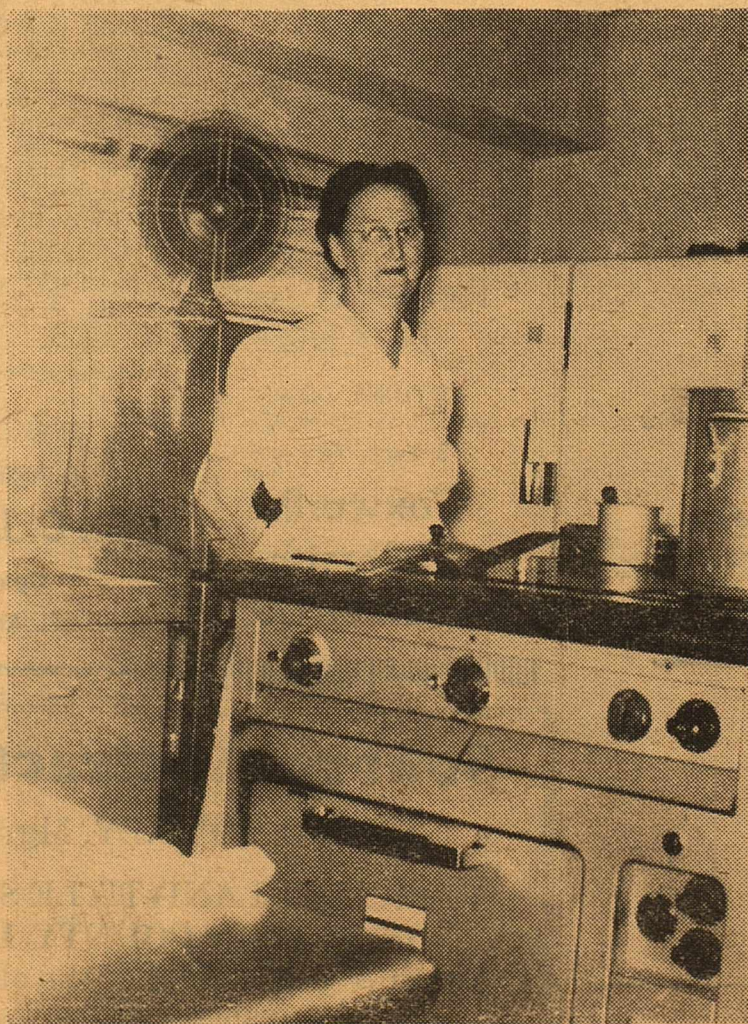

OFFICE PERSONNEL— Mrs. Sara Schwiening and Mrs. Lunetta Morgan.

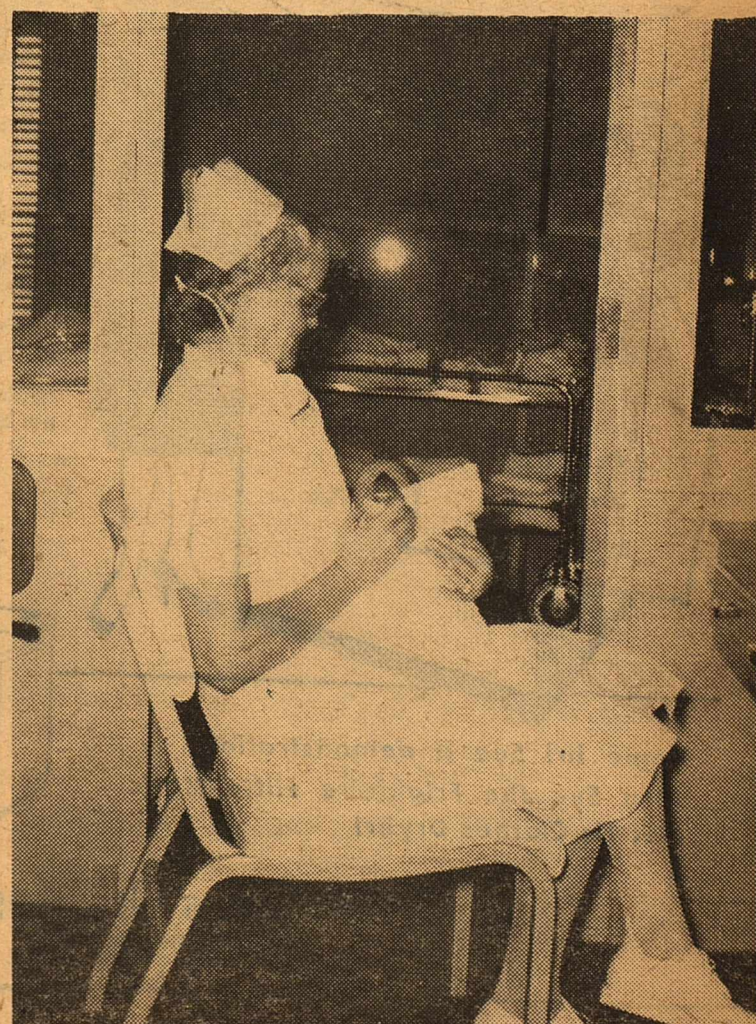

NURSES, DIETARY, AND DRUGS— Mrs. Lillian Long, LVN.

MAINTENANCE DEPARTMENT, CENTRAL OXYGEN— Gomer Minnick.

GENERAL DIETARY— Mrs. Tessie Stokes, Dietician.

NURSERY— Mrs. Virgie Behrens.

New Roles for Antibiotics

The versatile antibiotic drugs have been cast in a new role—the treatment of plant diseases which annually take a heavy toll of the nation's orchards. Experimental work done at several universities and by the U.S. Dept. of Agriculture, indicates the antibiotics may do for agriculture what they have done for human and veterinary medicine.

NOTICE OF ELECTION

FOR THE RE-ALLOCATION OF COUNTY TAXES

THE STATE OF TEXAS COUNTY OF SUTTON

To the Resident Qualified Property Taxpaying Voters of Sutton County, Texas:

TAKE NOTICE that an election will be held on the 12th day of December, 1953, in said County, in obedience to an order duly entered by the Commissioners Court on the 12th day of October, 1953, which is as follows:

On this the 12th day of October, 1953, the Commissioners Court of Sutton County, Texas, convened in regular session, at the regular meeting place thereof in the Courthouse at Sonora, Texas, with the following members of the Court, to-wit:

- George Wynn, County Judge, D. L. Locklin, Commissioner Precinct No. 1, Dan Cauthorn, Commissioner Precinct No. 2, Aldie Garrett, Commissioner Precinct No. 3, M. Stewart Phillips, Jr., Commissioner Precinct No. 4.

being present, and, among other proceedings had by the Court were the following:

Commissioner Locklin introduced an order and moved its adoption. The motion was seconded by Commissioner Cauthorn. The motion, carrying with it the adoption of the order, prevailed by the following vote:

- AYES: Commissioners D. L. Locklin, Dan Cauthorn, Aldie Garrett, M. Stewart Phillips, Jr.; NOES: Commissioners None;

The order is as follows:

WHEREAS, at the general election held throughout the State of Texas on November 7, 1944, the qualified electors of the State, voting on the proposition, approved the amendment to Section 9, of Article 8, of the Texas Constitution, which amendment provides that the Commissioners Court in any county may re-allocate the county tax levies authorized in said Section 9 of Article 8, by changing the rates provided for any of the purposes authorized in said Section by either increasing or decreasing the same, but in no event shall the total of such taxes exceed Eighty (80) Cents on the one hundred dollars' valuation for any one year, provided that before the Commissioners Court may give in such levies the same shall be submitted to the qualified property taxpaying voters of such county at a general or special election; and in event such re-allocations and changes are approved by a majority of the qualified property taxpaying voters of any such county, such re-allocations and changes shall remain in force and effect for a period of six (6) years from the date of the election at which same shall have been approved, unless the same again shall have been changed by a majority of the qualified property taxpaying voters of such county, voting on the proposition; and

WHEREAS, the Commissioners Court of Sutton County, Texas, deems it advisable and to the best interest of said County to re-allocate the county taxes authorized to be levied annually by Section 9, Article 8, of the Constitution, by changing the rates in respect to certain county taxes as herein provided;

THEREFORE BE IT ORDERED BY THE COMMISSIONERS COURT OF SUTTON COUNTY, TEXAS:

That a special election be held in said County on the 12th day of December, 1953, which is not less than thirty (30) days from the date of the adoption of this order, at which election the following proposition shall be submitted to the qualified property taxpaying voters, who own taxable property in said County and who have duly rendered the same for taxation, for their action thereupon:

"Shall the Commissioners Court of Sutton County, Texas, be authorized to levy and collect in each year for a period of six (6) years from the date of said election, county taxes as follows:

Not exceeding forty cents (40c) on the \$100.00 valuation, in any one year, for County purposes;

Not exceeding twenty-seven Cents (27c) on the \$100.00 valuation, in any one year, for roads and bridges;

Not exceeding five Cents (5c) on the \$100.00 valuation, in any one year, to supplement the jury fund of the County; and

Not exceeding eight Cents (8c) on the \$100.00 valuation, in any one year, for the erection of public buildings and other permanent improvements."

That a copy of this order, signed by the County Judge of said County, and certified to by the County Clerk of said County shall serve as proper and sufficient notice of said election.

Notice of said election shall be given by posting a copy of this order at the top of which shall appear the words "NOTICE OF ELECTION FOR THE RE-ALLOCATION OF COUNTY TAXES," at the Courthouse door of said County, and in each of the election precincts of said County for thirty (30) days prior to the election, which notices shall be posted by the Sheriff or a constable, who shall make return on a copy of such notice, how and when he executed the same.

THE DEVIL'S RIVER NEWS

In the event that the annual levy of a tax not exceeding fifteen (15c) on the one hundred dollars' valuation of the public roads of said County has heretofore been, or shall hereafter be, authorized by a majority of the qualified property taxpaying voters of the County, voting at an election held for that purpose, nothing herein shall be construed as rescinding or in any manner affecting the power and authority of the Commissioners Court to levy and to continue to levy said tax.

The said election shall be held under the provisions of the Constitution and laws of the State of Texas, particularly amended Section 9, of Article 8, of the Constitution, and Section 3a, Article 6, of the Constitution, and all persons who are legally qualified voters of said County, and who are resident property taxpayers who own taxable property in said County and who have duly rendered the same for taxation, shall be entitled to vote at said election.

The ballots for said election shall have written or printed thereon the following:

"FOR RE-ALLOCATION OF COUNTY TAXES," AGAINST RE-ALLOCATION OF COUNTY TAXES."

Each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as indicating his or her vote.

The polling places and presiding officers of said election shall be respectively as follows:

- Precinct No. 1, Presiding Officer L. County Court House, Rev. J. E. Eldridge.

- 2. Sonora Wool Warehouse, Mrs. A. W. Awall.

- 3. Cedar Hill School, Mrs. Carmen Warren.

- Humble Station B, Mrs. F. M. Ballard.

- 4. John Reiley Ranch, Buster Shroyer.

The manner of holding said election shall be governed by the laws of the State regulating general elections.

A copy of this order, signed by the County Judge of said County, and certified to by the County Clerk of said County shall serve as proper and sufficient notice of said election.

Notice of said election shall be given by posting a copy of this order at the top of which shall appear the words "NOTICE OF ELECTION FOR THE RE-ALLOCATION OF COUNTY TAXES," at the Courthouse door of said County, and in each of the election precincts of said County for thirty (30) days prior to the election, which notices shall be posted by the Sheriff or a constable, who shall make return on a copy of such notice, how and when he executed the same.

Quits Communism

Cpl. Edward S. Dickenson, former farmer of Stone Gap, Va., who is the first of 23 unrepatriated American war prisoners to quit Communism. He said, "I had enough of life under the Reds."

... and Mrs. Dickenson and children spent last weekend in Detroit with her sister and brother-in-law, Sgt. and Mrs. Jack Kennedy.

Notice of said election shall also be given by publication thereof in a newspaper published in Sutton County, once each week for three consecutive weeks, the date of first publication being not less than (21) full days prior to the date of said election.

ADOPTED AND APPROVED, this the 12th day of October, 1953.

George Wynn, County Judge, D. L. Locklin, Commissioner Precinct No. 1, Dan Cauthorn, Commissioner Precinct No. 2, Aldie Garrett, Commissioner Precinct No. 3, M. Stewart Phillips, Jr., Commissioner Precinct No. 4.

THE STATE OF TEXAS COUNTY OF SUTTON

I, the undersigned authority, Clerk of County and Ex-Office Clerk of the Commissioners Court of said County, do hereby certify that the above and foregoing is a true and correct copy of an order passed by said Commissioners Court on the 12th day of October, 1953, and of the minutes pertaining to its adoption, as said order appears of record in Vol. 3, Page 640, of the Minutes of said Court.

WITNESS MY HAND and the seal of the Commissioners Court, this the 12th day of October A. D., 1953.

F. L. McKinney, Clerk of the County Court and Ex-Office Clerk of the Commissioners

(SEAL) Court of Sutton County, Texas.

QUESTIONS AND ANSWERS FROM VETERANS ADMINISTRATION

Q - I have a 20-year old home loan and I've recently had to take on some additional financial obligations. Now I'm afraid I won't be able to meet my monthly payments. Is there anything that can be done, so I won't have to default on my loan?

A - Yes. It may be possible for the terms of repayment to be extended over a longer period of time, which would result in lower monthly payments. You should discuss the matter with your lender or your VA office.

Q - Through an oversight, I paid my GI insurance premium just before the 31-day grace period came to an end. But I'm afraid the premium won't reach VA until after the grace period expires. Will my insurance lapse?

A - The postmark date on the envelope is considered as the date on which the premium was paid. So long as the postmark date is within the grace period, you will be protected.

A - I had to interrupt my World War II training to go back into military service. I'm about to be separated from service, and I want to resume my studies. Is there any time limit on going back to school?

A - You will be required to resume your GI Bill training within a "reasonable period" after your discharge. This reasonable

period is determined individually, and depends upon a number of factors, such as availability of training, and the like.

Q - I'm a disabled Korean veteran, and I'm planning to take training under Public Law 16. How long would I be allowed to train? Would the length of training depend on the amount of military service I've had?

A - You would be permitted to train for as long as is necessary to restore your ability to earn a living in spite of your handicap; that is, to become rehabilitated. The maximum, generally, is four years. Training time does not depend on your length of military service.

From where I sit... by Joe Marsh

Sheriff's "Push" Pulls a Vote

Was talking with our newly elected Sheriff Williams the other day. He told me about a fellow who stopped by his place late one night just before election.

"Heard a knock at the door," he said. "Follow I never saw before. Told me his car went dead on the road and would I give him a shove. My boy, Flip, and I went out to his car with him. We're all set to push when he steps on the starter and the motor turns over.

"Well, Flip and I just stood there when the fellow leans out

the window and says, 'Just wanted to make sure you're the right man to vote for.'"

From where I sit, the fellow who's quick to lend a hand makes any community a better one. But you don't have to run for office to prove you're a good neighbor.

One way I know is just to have a little regard for the other fellow. Whether your neighbor likes beer or buttermilk, don't try to push him to your choice. Just give him your "vote of confidence."

Best time to trade for BARGAIN BUYS IN TRUCKS

Chevrolet Trucks!

From light delivery to heavy hauling, there's a Chevrolet truck to fit your need.

MORE CHEVROLET TRUCKS IN USE THAN ANY OTHER MAKE!

Buy no truck until you get our deal!

Be ahead on price! Chevrolet trucks are America's lowest priced truck line! It's easy to find a truck that costs more, but nowhere else will you find all the advanced features, all the thrifty power, all the ruggedness and durability you get in a Chevrolet truck. Be ahead on operating costs! Both the mighty Loadmaster engine

on heavy-duty models and the rugged Thriftmaster engine on light- and medium-duty models squeeze more miles out of every gallon of gas. Chevrolet trucks cut upkeep costs, too.

Be ahead on trade-in! You're ahead with low first cost... you're ahead with low operating costs... and you're dollars ahead again when it's time to trade! That's because Chevrolet trucks traditionally command a higher trade-in value. Buy now and be ahead all ways!

IT'S THE LAW
in Texas
A public service feature
of the State Bar of Texas

RESPONSIBILITY OF DIVORCED FATHERS EXPLAINED BY BAR

A father always is responsible for the support of his minor children. This is true even though the father and mother are divorced, and either or both have married again. For example, take the hypothetical case of man named John Smith. When he and his wife Susan were divorced, the decree contained an order requiring John to pay Susan \$100 each month for the support of their two minor children, both of whom were under 16

years of age. John paid the money every month for a year. Then he heard that Susan had married again, so he discontinued the monthly payments. Six months later he was served with an order citing him into court for failing to pay the money. He also was arrested and charged with family desertion, which is a felony and punishable by imprisonment.

John protested bitterly to his attorney that his former wife was married again, his children had a father, and that he no longer should be held responsible for the children. But John learned that his understanding of the law was faulty.

The attorney explained that John still was the father of his children and was as responsible for their welfare as he had ever been. This would continue until the step-father or some other person should adopt the children, or until the children became of age. But because Susan's second husband had not adopted the children, John Still was liable for the support money payments and could be punished by the court, even by imprisonment if necessary, for his refusal to comply with the court order.

Equally faulty in his conception of the law was another fictional father we shall call James Jones. A Texas court awarded his divorced wife \$75 per month for support of their minor child. Jones paid the support money each month for some time.

Recently, however, Jones remarried, and, in the financial strain of establishing a new home, decided to cut down on the payments. Instead of sending his former wife \$75 each month, he sent \$10. He thought he was staying within the law because he was, after all, giving something toward his child's support.

Jones was dismayed, therefore, to learn that he not only was liable for the back payments under civil action, but that his conduct was found to constitute contempt.

Other reluctant fathers have learned that in 1951 the Texas Legislature adopted the Uniform Re-

A LOOK AT THE BOOK

By DR. BOB JONES, JR.

PRESIDENT OF BOB JONES UNIVERSITY GREENVILLE, SOUTH CAROLINA

Peter and John were arrested and brought before the Sanhedrin for preaching "through Jesus the resurrection from the dead" (Acts 4:2). These two fishermen were not frightened as they stood on trial before the very men who had condemned Jesus to death. Arrested for preaching to the people, they now preached to the Sanhedrin with such boldness and logic that when the counsel perceived that they were unlearned and ignorant men; "they marvelled. And they took knowledge of them, that they had been with Jesus" (Acts 4:13). These men—as His disciples had followed God's Son for three years. They had lived in daily, close, personal contact with Him. Into the lives of these ordinary, lowly men had come a likeness to the Son of God.

One always becomes like his associates. A couple whose lives are blended together through years of marriage grow somewhat like each other. A student acquires not only something of the knowledge and point of view of the teacher whom he admires, but oft-times assumes something of his manner and peculiarities. The influence of our associates upon our lives it is impossible to measure, but that there is an influence no man can deny. In habits, in language, in thought itself we reflect those with whom we constantly mingle.

The man who walks with God becomes like God. The Christian who fellowships daily with the Saviour reveals to others in his own life a Christlike personality. Paul, referring to the scars he had received as a result of persecution for Christ's sake, said, "I bear in my body the marks of the Lord Jesus" (Galatians 6:17). The Christian who is much with Christ will bear in his soul the marks of his Lord. Men, seeing the sweetness and power of his life, will take knowledge of him that he has been with Jesus.

Mr. and Mrs. Ford Allen have received word that their son, Lt. Robert W. (Bobby) Allen is being sent to Craig AFB, Alabama, for eight week of Pilot Instructor School Training and will be sent back to Enid, Oklahoma as an instructor in T28's.

AMERICA'S NEW RAILROAD

The "stamp of newness"—and another new Santa Fe freight car is ready to roll

21 miles of new freight cars added by Santa Fe last year!

Remember when you used to count freight cars as a kid?

How would you like to count and stencil the "stamp of newness" on 21 miles of them?

That's what Santa Fe did last year—added 21 miles of new cars to its great fleet of modern freight cars.

And so it goes—year after year after year—until today there are 84,898 freight cars serving shippers on the Santa Fe.

With this building new program, Santa Fe is meeting the ever-growing need for moving vast tons of

wheat, livestock, perishable foods, minerals and merchandise to the markets of America.

And many of these cars are new and special types to serve shippers in new and better ways—like the "MTC 3150" mechanical refrigerator car that works like your home freezer.

It costs Santa Fe millions of dollars—earned dollars—to acquire this great fleet and maintain its own "steel highway."

But it doesn't add a penny to the taxes you pay.

NO REGRETS

By W. H. Marshall

REGRETS! Well, they always come after one has played the fool. A lot of people will use common sense even in buying a pair of shoes, but forget to use the same common sense when making important moral decisions. You can't dig up your flowers every Monday morning and expect them to bloom every Saturday evening. Flowers in order to bloom must be cultivated and treated with respect.

And so, it is true with a life. You can't throw life around like a dirty rag and expect it to be sweet and beautiful. Life is all you have. Or, of course you may be the owner of vast properties, but you own them for just a little while. But your life, even death cannot rob you of your life. You may live life in a most wonderful way, or you may with shame, desecrate life, either way, it still belongs to you.

Life is so PERSONAL. You make up your OWN mind about what you want your life to be. Oh, yes I know, later when the REGRETS begin to come in as a result of how we have lived our lives, we will want to blame others for it. But we cannot do that. Every man must stand on his feet and declare by the way he lives what he wants his life to be. As I said, Life is so PERSONAL. Believe me, life belongs to you; your life is yours. You are responsible for how you live your own life. That responsibility one can have. Failing at that point, we fail the very meaning and purpose of our lives.

If life is the only thing we have, certainly, it must have been intended that we strive to make of our lives the one enduring quality which has eternal value, and from this fact, it is well that we remember what Jesus had to say about life. Said He: "For what will it profit a man, if he gains the whole world and forfeits his life? Or what shall a man give in return for his life?"

MARTIN'S Little PLUMBER

Will your child have a college education?

It's yours to give him . . . if you start planning today!

Of course you want your child to have a good education. But can you be sure that, when the time comes, you'll be financially able to give it to him? You can, if you start saving for it now—through the Payroll Savings Plan.

It's simple! Tell your company's pay office how much you want to save—from a couple of dollars to \$375 a month. Every payday this sum is invested in U. S. Series E Savings Bonds which are turned over to you, and earn good interest for you.

It's systematic! Just think—if you sign up to save \$3.75 a week, in 5 years you'll have \$1,025.95—in 9 years 8 months, \$2,137.30—and in 19 years 8 months you'll have \$5,153.72.

It's sure! Once you join, your saving is automatically done for you before you draw your pay. And your child's education will be provided for by money you don't even miss now.

Eight million working people are now on the Plan—saving for those things made possible only through systematic saving. So join the Payroll Savings Plan right now. Do it today!

How you can reach your savings goal on the systematic Payroll Savings Plan

	If you want approximately		
	\$1,000	\$5,000	\$25,000
Each week for 5 years, save	\$3.75	\$18.75	\$37.50
Each week for 9 years and 8 months, save	\$1.85	\$8.80	\$18.75
Each week for 19 years and 8 months, save	\$0.75	\$3.75	\$7.50

This chart shows only a few typical examples of savings goals and how to reach them through Payroll Savings. Remember, you can save any sum you wish, from a couple of dollars a payday to \$375 a month. The important thing is, start your Plan today!

Your baby's future starts today—when you save with United States Savings Bonds through the Payroll Savings Plan!

The U. S. Government does not pay for this advertising. The Treasury Department thanks, for their patriotic donation, the Advertising Council and
