VOLUME XLIII — SNYDER, TEXAS, THURSDAY, JULY 4, 1929 — NUMBER 3

Petitions Ask For 24 Blocks Street Paving

City Council Passes Two Importance Ordinances at Fine Meet

Mayor Towle and City Council were presented with a petition Monday night asking for 24 blocks of paving on the west side that contained more than 75 per cent of the property owners' signatures of that district. The petition asked for paved streets, curb and gutter at a price not to exceed $2.00 per front foot and with five years time in which to pay the cost to the landowner. Sec'y Watt Scott of the Chamber of Commerce presented the petition.

Mrs. Betty F. Howell, one of the signers of the petition, has the distinction of being the largest property owner whom the paving would affect, owning about 1,000 feet that would be assessed.

Names of the streets on which paving has been asked and the names of owners who have already signed include:

South Scarborough Street: E. E. Wallace, Tom S. Gates, A. C. Wenninger, Allen Warren.

Cornelius Ave, S. Scarborough St., five blocks west to Nunn St.: H. G. Towle, W. W. Smith, Howard McDonald, J. D. Robison, Joe Strayhorn, R. D. English, Dick Randals, J. C. Dorward, Wayne Williams, W. H. Robison, Mabel Y. German, W. C. Wenninger, J. P. Nelson, W. C. Shull, Joe York, J. O. Dodson, A. J. Cody, W. E. Doak.

Wilks St., north from Cornelius Ave., 3 blocks to Faught St.: C. E. Fish, Sam Hamlett, H. P. Wellborn, A. D. Erwin, Dr. I. A. Griffin, F. G. Sears, Maurice Brownfield, W. B. Lee, C. F Sentell, Dr. A. C. Leslie.

Faught St. from Wilks St. east to Scarborough St.: J. A. Woodfin, Ernest Taylor, Mrs. T. L. Lollar, Ralph Mathison, S. A. Taylor, Mrs. Betty F. Howell.

Lake St. from Cornelius Ave. north to Faught St.: H. P. Wellborn, J. W. Scott, Hugh Boren, Joe Strayhorn, Ernest Taylor, N. M. Harpole, Dr. H. E. Rosser, T. J. Thompson, Mrs. Betty F. Howell.

Spring St. from south city limits north to Dal-Paso Cavern Highway: H. G. Towle, J. C. Stinson, J. W. Scott, J. P. Avary, T. A. Boren, Lee T Stinson, H. M. Blackard, Robert H. Curnutte, G. A. Hagan, H. J. Brice, A. C. Preuitt, E. F. Sears, J. D. Robison, W. P. King, Walla D. Fish, P. C. Chenault, W. W. Hamilton, John Keller, E. J. Richardson, Thomas A. Kennard, Preston Morgan, Mrs. Betty F. Howell, W. J. Ely, A. H. Trice, R. L. Gray and Otis D. Carter.

Buffalo St. from Faught St. 3 blocks south to Cornelius Ave: A. J. Towle, I. W. Boren, Higginbotham-Bartlett Co.

Sec'y Watt Scott has been unable to see all property owners and hopes that those who are interested will get in touch with him at once.

Building Permits

During June $20,200 was granted in permits which gives a grand total for the first six months of 1929 of $92,350.

Permits include:

Warren & Randals, res.	$1,500
Chas. Kelly, res.	5,000
R. T. Carroll, res	600
E. C. Dodson, res.	1,700
E. C. Dodson, repairs	300
F. M. Watters, tourist camp	1,000
E. F. Sears, res.	6,500
Moore & Womack, repairs	2,000
H. N. Howard, storage tank	1,000
Earl Henry, res.	600
Total	$20,200

Ordinances

Two ordinances appear in this issue, one of which is in regard to privies, as the council has purchased pit toilets from the Sanitary Appliance Co. of Houston. These sanitary devices were secured for residences within the city limits and, outside of the sewer system. The ordinance will go into effect August 1.

The other ordinance concerns a two-hour parking limit.

Marshal Woodfin and Night Watchman Camp were granted a two weeks vacation.

An Allis-Chalmers caterpillar tractor was purchased Monday night that will be used by the street department. The present tractor is inadequate to handle the city's needs.

Two water line extensions were requested, one on the west side, the other on the east side, but they were referred to the water and sewer committee.

Fines totaling $52.10 were turned in, 15 of which was for not stopping at the public square on entering.

Filling stations that are located on the street line will be told to move their buildings back to the proper line.

Largest Collection

The largest amount ever collected for water during any one month was reported, with $1,960.70 being turned in. Incidentally, that amount is realized from the cheapest water rate obtainable, of $2.50 for the first 10,000 gallons, and 10c per thousand gallons after that.

Every editor in West Texas will be present at the West Texas Press meet at Sweetwater that starts July 12.

General Rains Cover Entire County Monday

1.37 Inches Registered Here in Snyder; Drouth is Broken.

General rains over West Texas that began falling early Monday night broke a drouth of about a month's duration.

Snyder reported 1.37 inches up to six o'clock Tuesday morning, and a slight drizzle continued off and on during the day.

Lamesa and Gail both reported fine and abundant rains, Fluvanna reports 5-8 inch precipitation.

Dunn, Dermott and Ira all enjoyed fine rains, Ira receiving a fine shower last Saturday.

East of Snyder the Henry Lindsey farm, about six miles out; reported a slight shower.

The P. L. Fuller ranch reported from 1½ to 2 inches of rain, with one tank rising eight feet.

The Reynolds Nine-R ranch reported 1½ inches.

Yes, the rain was fine, and everybody is enjoying the "sky-juice" that came to bless our fine lands and country.

PETITIONS FLYING

Petition to pave Highway No. 83 from the R. S. & P. tracks to the east city limits, adding curb and gutter, is now in the making, with another petition to pave State Highway No. 7 from the Woodrow Hotel to the Santa Fe tracks is also being made ready. The cost to the property owners will not exceed $1.50 per front foot.

Sec'y Watt Scott is carrying the petitions and would be glad to have your "yes" to the proposition.

EVANGELISTIC SERVICES TO BE HELD IN SNYDER

Local Pastor to Do the Preaching; Paul Campbell to Lead Song Services

The First Church of Christ, Thos. M. Broadfoot, minister, has made arrangements for a revival meeting to be held beginning on July 21. It is fortunate for the entire city that the church has secured the services of Paul Campbell, nationally known singer-artist, to assist in its evangelistic campaign. Mr. Campbell is a young man of strong personality, an accomplished soloist and illustrative crayon artist, whose work has been much appreciated and enjoyed by thousands. His visit and work in Snyder will be a rare treat to her citizenship.

Mr. Broadfoot, the local pastor, will conduct the preaching services. His sermons will be constructive in nature with a personal appeal to all.

CHARGES AGAINST JOE T. ROBISON ARE DISMISSED

The complete exoneration of Land Commissioner Joe T. Robison by the legislature was good news to every true-blue Texan. To the majority of them, however, there was little doubt of the outcome of the hearing if all the facts were made known. Serious charges had been made, intimating bribery, graft and misuse of public funds, against the veteran public official.

The citizens of Texas who had known him for 35 years and who had transacted business with him during the 25 years he has served in the land office could never be convinced that "Uncle Joe" Robison was crooked. Nearly every pioneer land owner and rancher knew him and knew him well. A train load gladly would have gone to Austin to testify as to his integrity and honesty. They may not know the circumstances or sources responsible for the attacks made upon Mr. Robison, but they are still of the opinion, and heartily, too, that he is a mighty fine man and a public official who has served well.

The Times-Signal is one that could say, "Well, I told you they would dismiss the charges," as this newspaper used a lengthy front page story last February on the type of man Robison is, and at that time suggested that he run for governor. We think more of him now than we did when the original article appeared. He's just a real man who has been vindicated to the highest notch, and that makes us feel happy.

GUESS AMOUNT OF MONEY

Joe Caton has a quart jar filled (?) with money on which customers have been taking a guess. The Caton-Dodson mid-summer clearance sale that opened last Friday is the drawing card for the guessing contest, and it appears that most everyone in Scurry County has already taken a guess.

District Court opens Monday. Grand jury and petit jury lists were published in last week's paper. Considerable court business is expected to be terminated at this meeting.

Help keep Snyder clean!

Colorado Opens Airport; Local Plane Assists

Has One of the Best Fields In West Texas; Many Planes Land

Snyder shared honors with Colorado Friday when the new Colorado airport was opened and the first plane landed on the field, says a dispatch from that city.

This plane carried George P. Smith, editor of the Snyder Times-Signal, the first passenger ever to land on the flying field. The plane was piloted by R. L. Lowry, government transport licensed pilot from Yoder Field, Snyder.

They came to Colorado to assist local citizens in celebrating the opening of the field. Smith, who is secretary of the West Texas Press Association, advertised the forthcoming annual convention of that body at Sweetwater July 13 and 14.

The first visiting plane was met at the field by members of the aviation committee of the Colorado Chamber of Commerce and other citizens.

The first passengers to take off from the field were L. B. Elliott, chairman of the aviation committee; J. H. Greene, secretary of the chamber of commerce; Judge C. H. Earnest, president of the Thirty-second District Bar Association; Ben S. Peek, Bill Randle and Wed Reid. Judge Earnest, who came to Colorado horseback in 1881, experienced his first airplane ride.

"There is some difference in riding now compared to when I came here," the veteran jurist said as he stepped from the plane.

The new Colorado airport is classed as one of the best in West Texas. Pilot Lowry says the ground is in fine shape, and the neutral lay of the land makes landing or taking off exceptionally easy. A runway of more than 3,000 feet is available to the flier from every angle, and the stadium effect, with sloping outer rims, makes either landing or taking off easy and safe, Lowry said.

Colorado was the first city in this section to open an airport, when the old Colorado port was opened three years ago by the Colorado Flying Club, a co-operative club. This club purchased an Air King plane and operated the field. The field was located on the Bankhead Highway three miles east of town, but was found too small for the big ships, and the chamber of commerce secured the new field, which is only a half mile north of the old one.

The Snyder plane with Smith and Lowry spent the preceding afternoon at Sweetwater, making the trip there from Snyder in 22 minutes and returning in 18 minutes.

WHITEHEAD TO JOIN SOUTH TEXAS FORCES

E. H. Whitehead, publicity director of the West Texas Chamber of Commerce, has resigned, and he leaves the service July 10 to become assistant manager of the South Texas Chamber of Commerce with headquarters at Corpus Christi.

H. J. Adair will succeed Mr. Whitehead, and will have the dual job of oil and gas department director and publicity director.

President Andrew Bourland met at Stamford last Wednesday with his executive committee at the headquarters of the West Texas Chamber of Commerce. This committee is composed of Joe Wheat of Vernon, R. W. Haynie of Abilene, C. B. Jones of Spur and R. H. Nichols of Vernon. Homer D. Wade also met with the committee, and Judge Charles E. Coombes addressed the group in the afternoon on some important matters.

NORFLEET VISITOR HERE WEDNESDAY

J. Frank Norfleet of Hale Center, known the nation over for his experiences in trailing a gang of "confidence men" several years ago who had swindled him out of a small fortune, was a visitor in Snyder Wednesday, en route to Dallas.

It is understood that Mr. Norfleet will likely portray his experiences with the "confidence men" on the screen, in response to negotiatons with a moving picture company. At this time the famed rancher and farmer is engaged mostly in detective work.

While in this city last week Mr. Norfleet was in conference with Sheriff Frank Brownfield.

"Miles of Smiles with Rain!"

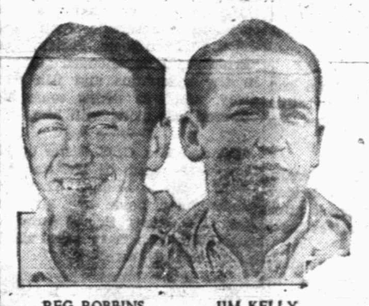

GETS THE TUB!

Commissioner H. C. Flournoy was officially presented with a fur-lined bath-tub Tuesday morning for having forecasted the wonderful rain of Monday night that totaled 1.37 inches.

Mr. Flournoy stated to a Times-Signal representative last Wednesday morning: "We will have a good rain within one week." That he made good is self-evident, so that now the famous fur-lined bathtub rests in the Flournoy homestead near Fluvanna where it will abide until another good spouting rain is needed.

Famous Fliers to be at Press Meet

REG ROBBINS, Owner and Pilot of the FORT WORTH — JIM KELLY, Co-Pilot and Mechanic of the FORT WORTH

Known all over the world for winning the flying endurance honors in a plane, both Robbins and Kelly will be guests of the West Texas Press meeting at Sweetwater that starts Friday, July 12.

Plans have also been made to have Arthur Goebel, winner of the Dole Hawaiian flight, to fly to the meeting in the winning Woolaroc plane. Editors are coming by plane and automobile, and 350 are expected to be in attendance.

New Basis For Car Licenses Now in Effect

Licenses Reduced to Half by Four-Cent Gas Tax Just Passed

Local motorists received with pleasure the announcement that the legislature had passed a bill stating that car license payments would be on a monthly basis instead of by quarters as formerly.

F. M. Brownfield, tax collector for this county, has received a bulletin calling his attention to the law which has already gone into effect.

The bill has been signed by Governor Dan Moody and immediately became effective. It carried an emergency clause making it effective on signing by the governor.

Under the old law, if a car was registered on the last day of the quarter, the fee would have to be paid for the entire quarter. The new act provides that the fee charge date from the first of the month in which the car is registered. If a car should have been registered during the last days of June, the person registering the same would have paid from June 1, or seven months instead of nine.

Cars registered July 1 or until the end of the month will have to pay the six month license as usual, but after that the license fee will be for the number of months remaining.

The present legislature Monday passed the four-cent gas tax which when signed by Governor Moody will reduce the license fee for automobiles 50 per cent, according to dispatches from Austin.

SNYDER BOY MAKES GOOD AT RALLS

A letter to the Times-Signal Tuesday morning from Capt. Cyrus Nusbaum at Ralls stated that he was enjoying a great week's meeting there and that an old Snyder boy is making good as secretary of the Ralls Chamber of Commerce. Arthur Bullock is the gentleman, and Capt. Nusbaum expressed himself thus: "I went to three churches this morning with Arthur Bullock. Arthur is fine, and the business men here surely like him and his work."

Capt. Nusbaum expects to be in Quitaque next week, then Hale Center, and end with Petersburg, after which he will enjoy a short vacation, returning to his home headquarters here at Snyder.

BURIED AT MERIT

Funeral services for R. B. Stratton, 70, were held at Merit June 16 with burial there. Mr. Stratton was widely known in Scurry County and had visited here many times during the past 25 years. He was retired and had been a merchant, grain and cotton buyer. Mr. Stratton was the father of Mrs. Louis R. Bailey, who resides west of Ira. The family has the sympathy of the community in the loss of this husband and father.

COUNTY SUPT. BULLOCK ON PRESS PROGRAM

County Supt. "Pat" Bullock is on the program of the West Texas Press Association meeting at Sweetwater July 12, with the subject, "Publishing a Rural School News." As Mr. Bullock is one of three county superintendents in the state to publish such a newspaper, he will add a constructive thought to the large group of publishers who will be attending.

FIRST HERMLEIGH BLOOM

Joe Kuss of the Germain community had the honor of bringing the first cotton bloom to Hermleigh, says the Herald. The stalk had 12 squares and one bloom, and was planted April 3rd, and bloomed June 23—80 days old. Bill Caffey also reported cotton blooms at his place.

Talkies Take Snyder by Storm In Big Opening

Thousands See and Hear Pictures at the Palace; Vaudeville Good

The Palace Theatre and its new "Vitaphone Talkies" took Snyder and Scurry County by storm Friday night when it opened with "In Old Arizona", and with Clara Bow knocking them cold in "The Wild Party" Monday and Tuesday nights.

While many who attended the premier showing were acquainted with the "talkies," there were many others who had never had the pleasure of "hearing what you see." But apparently everyone was satisfied and enjoyed the programs immensely and felt honored to know that Snyder could acclaim to the world that the best in the world has been brought right to our city's front door through the vision and activity of Mrs. T. L. Lollar and Manager P. W. Cloud.

The best motion pictures on the market will be brought to the Palace which has contracts with Warner Brothers, First National, Metro-Goldwyn-Mayer, United Artists, Columbia, Universal and Tiffany-Stahl. While some of the best pictures on the market are being shown, at the same time attractive and entertaining vaudevilles are also on the program.

With the installation of the vitaphone, a new screen has been put on the stage at the Palace. It was necessary that a new one be obtained for the talking pictures since the screen for these must be perforated that sound might be sent from the lips of the speakers on the screen toward the audience through two speakers located in the back.

Congratulations are being showered from every side on the Palace for adding the talkies.

AMENDMENTS TO BE VOTED ON JULY 16

Few people are acquainted with the fact that on Tuesday, July 16, there will be held an election to determine whether two constitutional amendments submitted by the present legislature shall be adopted by the people.

One of the amendments is to raise the governor's salary to $10,000 a year, and the other is to increase the membership of the supreme court from 3 to 9 members. It is proposed to raise their salaries to $10,000 a year also.

DAVIS-HARPOLE COMPANY QUOTING LOW PRICES

The Davis-Harpole Dry Goods Co. is quoting some interesting prices in its advertisement this week. It will pay you to turn to the ad and read it right now.

FINE COTTON FIELD

"One of the finest cotton stands I ever saw may be found at the Ernest Taylor farm near Ira," Porter King, our next door neighbor, said Monday. The farm is tenanted by George Lindsey, who brought the first cotton blooms to Snyder last week. "One plant," continued Mr. King, "had 27 forms on it, and the crop surely looks wonderful."

SCHATTEL AIRPORT AT HERMLEIGH NOW OPEN

Airminded Emil Schattel has announced to Hermleigh citizens that they are privileged to use his airport and landing field, and according to the Herald, which started the movement, "the town may use his own private landing field as a public airport."

But Emil Schattel is a friendly gentleman who believes in helping the other fellow, and was the pioneer aviation booster of Scurry County along with his two sons.

"A miles of smiles" came with Monday night's rain which continued unabated through Tuesday.

Panhandle-Rio Grande Hiway To Meet Here

President Holley and Directors Look Ahead to Big Route

Invitations are in the mails for the first annual meeting and election of officers of the Panhandle-Rio Grande Highway Association that will meet in Snyder Thursday, July 11, according to President Horace Holley.

Plans call for a picnic dinner at Wolf Park following the morning session which will be held at the county court rooms. Unless the governor should call the legislature back before the meeting, Senator Small of Wellington and Red. Wed Reid of Colorado will be listed among the important speakers.

The Panhandle-Rio Grande Highway Association originally started when State Highway No. 101 was designated from Colorado City to the north Scurry County line. The new association desires to continue the route north through Claremont, Girard, Dickens, Matador, Memphis, Turkey, Wellington, to the state line near Mangum, Okla., where it would connect up with an already improved state highway to Oklahoma City. South of Snyder the highway runs through Colorado, Sterling City, San Angelo, Sonora to Del Rio on the Rio Grande.

The road would intersect the following already designated state highways: Numbers 1, 7, 9, 83, 84 and 18.

George A. Sager of Memphis is secretary of the association and is co-operating with President Holley in efforts to have a notable meeting here, in which Snyder citizens will join with hearty accord. The route when fully designated and improved with a hard surface would be one of the greatest north and south arteries of traffic in the state.

Other enjoyments aside from the dinner will be a tour of the new $22,000 sewage disposal plant and a visit to Yoder Field, the most outstanding and modern airport in the United States in a city of less than 100,000 inhabitants.

GOLF TOURNAMENT GETTING UNDER WAY THIS WEEK

The Snyder Country Club's first handicap golf tournament scheduled to get under way Tuesday was postponed until yesterday, owing to the unusual downpour of rain Monday and Tuesday.

The contestants who started to "tee" off yesterday were:

Dick Chambers vs. Earl Fish.

Dr. J. G. Hicks vs. Ivan Dodson.

Wayne Boren vs. G. A. Hagan.

W. T. Raybon vs. Wilmot Cloud.

Burgess Brown vs. Creston Fish.

Austin Erwin Jr. vs. Hugh Boren Jr.

A. A. Bullock vs. W. H. Ritzenthaler.

Cleve Blackard vs. Robert H. Curnutte.

C. W. Harless drew a "bye".

The tournament will be under West Texas Golf Association rules, and the winners of the first two brackets will meet the winners of the second two brackets, and so on. Losers in the first flight will be automatically placed in the consolation series. Contestants have until July 7 to complete their first games.

GARNER POULTRY PLANT TO BUILD

With the arrival here Monday of Mr. and Mrs. Wilbur Garner, Los Angeles, the new buildings at the Giles Garner Poultry Ranch will get under way at once.

Scurry County folks who want to see a real aristocracy in White Leghorn pullets and cockerels should visit the Garner farm and rest their eyes on some of the finest looking chickens in West Texas. A total of 2200 pullets and 65 cockerels have been received.

WORK TOGETHER TO GET MAIL DELIVERY

With our present postal receipts, Snyder is entitled to free delivery of mail, and when our houses are all marked and the streets are numbered we will have taken another step toward getting free delivery, and there will be just one more thing to do, and that is meet the requirements of the postal service relative to sidewalks. These sidewalks may be made of gravel or cement, and with the enormous amount of sand and gravel at hand, it is hoped that in the near future we will take advantage of these materials and get the delivery service we are entitled to.

JOE CATON STEPS INTO RAIN COMPLEX

Joe Caton, who has become somewhat of an expert in forecasting rains and cotton crops, stated Tuesday morning: "Monday night's rain was 20 days earlier than the one of July 22nd last year, and 85 per cent of the cotton crop went into the grounds in May." Joe said that, and we have two witnesses, so that's that!

Help keep Snyder clean!

Johnson Grass Demonstration to Be Held Here

Truck of Farm Bureau Will Stop at Three Places in County

July 9 will be a sad day for Johnson grass in Scurry County, as the demonstration truck of the Farm Bureau will stop at Hermleigh, Snyder and Fluvanna. The truck will reach Hermleigh about 9:30 a. m. on July 9, and will kill Johnson grass on the B. Y. Rea farm just north of Hermleigh on Highway No. 7, east side of the road. The next Stop will be at Snyder, and the demonstration will be held north of Snyder at the airport. The demonstration at Yoder Field will begin about 1:30 p. m.. It is on Highway No. 7 and the Clairemont road. The next stop will be at Fluvanna and will be on the Caprock road just north of Fluvanna at the H. H. Haynes farm. The Fluvanna demonstration will be held about 4:30 p. m.

These meetings will be held and the use of the chemicals explained and demonstrated. Anyone can see and hear, then visit the places again in ten days or a month and see if they want to invest in a Johnson grass killer. It is always better to see, then go back and check up again before buying where you can. Don't forget the time or places.

WHY, BOYS?

With nearly 600 ex-service men in Scurry County, will some one offer a tangible excuse why there should not be a first class American Legion Post organized in Scurry County?

Who will take the lead in this matter of organization? The Times-Signal will co-operate with you 100 per cent. Our columns are wide open, boys, for your use.

BANCROFT SPEAKS FROM THE SCREEN

"The Wolf of Wall Street" All-Talking Film, Coming to The Palace

George Bancroft will be heard as well as seen for the first time at the Palace Theatre Friday and Saturday when the Paramount All-Talking picture, "The Wolf of Wall Street," is presented. It was announced yesterday by Manager P. W. Cloud. The picture is 100 per cent talking, augmented by startling sound effects.

Followers of the legitimate drama will recall George Bancroft's name blazoned along Broadway for several years as one of the outstanding stars of the stage. Paramount was reluctant to present the star in an all-talking picture until the right kind of story could be secured for him. "The Wolf of Wall Street" was considered ideal inasmuch as the plot includes all the elements that the star has been accustomed to be seen in, with the additional feature of being easily adaptable to dialogue. The story was written by Doris Anderson; the film directed by Rowland V. Lee.

The story centers around the New York Stock Exchange, which has captured the interest of the public so much in the past year. Bancroft portrays the role of a stock broker who brings ruin upon himself voluntarily when his domestic life is crushed on the rocks of unhappiness. The story offers innumerable opportunities for gripping drama and dialogue throughout which have been captured in an exceptional manner by action and voice on the part of the star and his supporting cast, which incidentally, is made up of players who have had previous stage experience. The supporting players include Baclanova, Nancy Carroll, Arthur Rankin, Paul Lukas, Brandon Hurst and Crauford Kent.

TOWNS BOOSTING AVIATION

Anson and Albany are boosting airports, according to the live-wire newspapers that are printed in both these towns. Editor Henslee at Anson and Tom Durham at Albany will not let up, either, until their cities can boast of a real landing field, and here is hoping they are successful.

NEW EQUIPMENT

The Times-Signal received a new Heavy Duty Miller Saw-Trimmer Monday morning that will greatly increase the capacity of the news and job departments and which is identically the same as found in the largest daily offices. Recent additions to the mechanical family of the paper include a 14½x22 Chandler & Price job press, and a new and larger Boston stitcher has also been purchased and is on its way to Snyder.

With the new additions installed, there will not be a finer equipped weekly newspaper and job plant in the entire state than can be found right here in the Times-Signal office which bears the unique distinction of being West Texas' largest weekly newspaper.

West Texas Press To Enjoy Novel Features

Debates and Round Table Discussion to Vie With Entertainment

Jim Kelly, vacationing on a ranch near Breckenridge, will be among the prominent figures to attend the West Texas Press Association convention at Sweetwater July 12 and 13 it has been announced.

Both Kelly and Reg Robbins, pilots of the Fort Worth on its recent record breaking endurance flight, were invited to attend the convention and have declared their intentions to be present.

Remarkable preparations have been made for the fourth annual booster membership meeting, according to Luther M. Watson, chairman of the program committee.

Common sense round-table discussions coupled with the "air-mindedness" of West Texas will be the ruling theme of the meeting. Entertainment includes luncheon, barbecues, banquet, golf match, dance, shooting tournament and free airplane rides to every visiting editor and members of his family. A musical pageant, "Texas Under Six Flags," will be the opening sensation at luncheon, in which twenty Sweetwater lassies will join.

A silver trophy cup offered by Bill Parker of Olmsted-Kirk Paper Co. will feature the golf tournamnet.

Among the notables to appear on the program include a debate between Joe Taylor, Dallas News, and Jim Lowry, Honey Grove Signal, on "The Relative Merits of Buttermilk and Pot-Likker"; President Harry Schwenker, Texas Press Association; William C. Edwards, editor Public Service News; Sam Miller, Mineral Wells; Max P. Bentley, Abilene Reporter-News; President-Manager Andy Bourland, West Texas Chamber of Commerce; Orator Richard H. McCarty; Silliman Evans, vice president Texas Air Transport.

The West Texas Press, which is the largest regional press association in the world, claims the honors of being the first press body to stress the development of aviation and to provide members with free rides in a plane, which will be in one of the large cabin ships of the Texas Air Transport Company.

Already word has been received from the following who will fly to Sweetwater for this convention: H. S. Hunter, Editor El Paso Times; Charles A. Guy, editor Lubbock Avalanche-Journal; Eddie Warren, Post Dispatch, Post; Jimmy Smith, Scurry County Times-Signal; Paul Vickers, Midland Chamber of Commerce; Tom Jordan, Big Spring; T. Paul Barron, editor Midland Telegram; Editor T. E. Roderick, Slaton Slatonite; Editor Ralph Shuffler and Dr. George B. Hamilton, Olney; Silliman Evans, vice president T. A. T.; Robert Cantwell, chief pilot Safe Way Lines, Tulsa, Okla.; and D. W. Carlton, aviation secretary, Fort Worth Association of Commerce.

4-H Boys Will Have Camp Here

The 4-H Club boys of Scurry County are to hold a two-day camp at Wolf Park July 18 and 19. The boys are fortunate in getting such an ideal place for the camp. They can have their games, swims, judging contests and eat and sleep in the park and find plenty of shade. County Agent Logan is sending out 250 letters to members of the various clubs and says that he expects one hundred and fifty or two hundred boys to be on hand.

This will be the first 4-H Club Camp ever held in Scurry County, and the boys seem to favor it as a means of getting together and working out a county-wide plan of activities. It will give them a chance to know more about the fair, trips offered and programs with other clubs.

There are eighty-two boys growing crops, seventy-five raising pigs, fifty-two raising poultry, twenty-four raising baby beeves, twenty raising dairy heifers, and four raising lambs. This camp will be the boys' first rest period and will renew their energy, afford them plans for winter feeding and otherwise set them out for bigger plans. While the camp is primarily for pleasure, it will have a few business sessions. A dairy judging team will likely be picked to represent the county at A. & M. College during the Short Course.

Prizes in hog calling events, pillow fights, etc. will be given, an airplane ride or two having been offered by D. P. Yoder of Yoder Field.

TO PAVE GAP

The seven-mile gap in the highway between Inadale and Hermleigh has been designated and surveyed for paving, similar to the surfacing on the remainder of the highway. A half mile of the gap is in Mitchell County, and the remainder is in Scurry County.

Mrs. W. E. Smith of Waco visited friends here several days this week.

Mrs. J. W. Irwin of Andrews came Friday for a visit with her son, John.

J. D. Boone and family of Camp Springs left this morning for Glenrose.

Mrs. W. E. Johnson of San Antonio came Sunday for a visit with her daughters.

Henry Nichols of Austin was a guest of Mr. and Mrs. A. E. Wiese Monday.

Miss La Ruth Johnston is visiting Editor and Mrs. J. L. Suits at Lorenzo.

Miss Nadine McCombs of Borger is visiting her grandmother, Mrs. M. D. Gardner.

Mrs. Joe Monroe returned home Wednesday from Fort Worth where she addended the wedding of a nephew.

Mr. and Mrs. Frank Bailey of Post were guests in the W. B. Stanfield home Friday.

W. M. Scott made a business trip to San Saba and Albany the latter part of last week.

"Miles of Smiles with Rain!"

Mr. and Mrs. Eric Ward of Swenson were guests of Mr. and Mrs. G. M. Garner Saturday.

Mr. and Mrs. Olin Curry of Sweetwater are the guests of relatives here this week.

Mr. and Mrs. A. E. Wiese and son, Aubrey, and A. E. Wiese Sr. spent Sunday in Amarillo.

Mr. and Mrs. Jimmie Lee Bridgeman left Wednesday for Hereford where they will make theeir home.

Mrs. Homer Snyder and two little sons are visiting Mrs. Snyder's brother in Miles this week.

Mr. and Mrs. Clifton Perkins of Sweetwater spent last week-end with Mr. and Mrs. J. C. Ezell.

Miss Edith Grantham will leave tonight for Chicago where she will visit with Mrs. Ross Howard.

Mr. and Mrs. Dub Anz are the happy parents of a baby girl born Monday at the Emergency Hospital.

Mr. and Mrs. Albert Norred left Monday for Midland where they will visit with relatives several days.

Mr. and Mrs. R. C. Curry and family of San Angelo are guests of Mr. and Mrs. A. M. Curry this week.

Misses Faye and Myrtle Harre left Tuesday for Eastland where they will visit with friends several days.

Miss Alma Nell Morris left Tuesday for Cisco where she will visit with her sister, Mrs. Page Cleavenger.

Help keep Snyder clean!

Mr. and Mrs. J. Slaughter of Post were guests in the home of Mr. and Mrs. Joe Strayhorn Sunday.

Mrs. J. C. Dorward and daughter, Estine, left today for Vannuys, Calif., where they will visit with Mrs. Dorward's sister.

Mrs. Rouse Baxter and Miss Marguerite Person of Dublin were house guests of Mrs. Louise Darby the first of the week.

Mr. and Mrs. Charles Noble and little daughter, Mary Nell, left Sunday on a ten days vacation to Dallas and Galveston.

Mr, and Mrs. Eston Bertram and daughter, Doris, of Sweetwater spent Sunday with Mr. and Mrs. Erie Grantham here.

Mrs. R. L. Bell and daughter, Miss Stella, of Cross Plains, are visiting Mrs. Bell's daughter, Mrs. R. H. Odom, this week.

Miss Ann Ware left Monday for her home in Honey Grove after a three weeks visit with her aunt, Mrs. R. H. McCurdy.

A. E. Wiese Sr. returned to his home in Temple Tuesday after a several days visit here with Mr. and Mrs. A. E. Wiese.

Mrs. S. H. Lebow of Dermott underwent an appendicitis operation Saturday at the Emergency Hospital. She is getting along nicely.

"Miles of Smiles with Rain!"

Mr. and Mrs. H. C. Moore and Mr. and Mrs. B. A. Moore spent the latter part of last week in San Angelo and Christoval.

Mr. and Mrs. D. J. Shepherd spent the week-end with the latter's parents, Mr. and Mrs. Gene Crenshaw, at Big Spring.

Marshall Higgins left Monday night on a two weeks vacation, which he will spend in El Paso, Torreon and Mexico City.

Miss Grace Bartley and Mrs. Hallie Strickland of the Penney store left Sunday for a vacation trip to East Las Vegas, N. M.

Mrs. J. R. G. Burt and little granddaughter, Wynona Keller, left last week for a visit with relatives in Ranger.

Miss Sally Evelyn Boone of Rotan was a house guest in the home of Mrs. James R. Hicks the first of the week.

Mr. and Mrs. Rob Strayhorn and two children of Rotan were visitors in the home of Mr. and Mrs. Joe Strayhorn Sunday.

Mr. and Mrs. F. H. Patterson and daughter, Claire, left Friday for their home in Westbrook after a month's visit with relatives here.

Curtis Larue, who is attending Draughon's Business College in Abilene, spent Friday here with his parents, Mr. and Mrs. S. A. Larue.

Miss Erma Taylor, who is teaching in Simmons University, spent last week-end with her parents, Mr. and Mrs. J. J. Taylor.

Mr. and Mrs. Ollie Bruton and son returned last Thursday from a ten days vacation which they spent in Georgetown, Hamlin and Llano.

Charley Harless and daughter, Miss Mildred, accompanied Miss Gene Harless and Mrs. I. H. Harless to their home in Farmersville Tuesday.

Mrs. R. B. Stratton and daughter, Miss Julia of Merit, and George C. Stratton of Amarillo are guests in the country home of Mr. and Mrs. Louis R. Bailey.

Mrs. Cleo Stewart of Denton, with Mrs. W. V. Jones, and daughter, Pauline, visited Mrs. Charles Starkey at Amarillo and Mrs. Pearl Jackson at Vega, over Sunday.

Mr. and Mrs. G. H. Brumley and two children, Horence and Lola Margaret, left this morning for a month's visit with relatives in North Carolina and Alabama.

Postmaster and Mrs. B. F. Womack returned home Sunday from a short vacation spent in New Mexico. Mr. Womack was on the job early Monday morning, glad to be back home.

Newton Frisbie of Dermott stopped a Times-Signal man cold and fast Saturday night while in the Piggly Wiggly store to add an advanced date to his subscription label.

Mrs. Wade Winston and two children, Florentz and Dorothy, accompanied Mrs. Winston's mother, Mrs. Stokes, and Mildred Stokes, to Fort Worth Monday. They will remain for a visit there.

Mrs. W. J. Leach of Cisco came last week and was accompanied home by her little son, Walter, who has been visiting his grandparents, Mr. and Mrs. J. C. Dawson.

Mrs. Wayne Williams and little daughter, Mary Ellen, and Mrs. Ixon Joyce and little daughter, Betty Jean, left Tuesday for Tulia where they will be the guests of friends.

Mrs. Fred L. Ebling, nee Miss Mildred Ross, who has been visiting homefolks here the past week, left Tuesday morning for Tulia where Mr. Ebling has recently been transterred by the Santa Fe.

Mrs. W. M. Scott returned home Sunday from a visit in Garland, Wichita Falls and Fort Worth. She was accompanied home by her niece, Miss Bessie Lou Allen of Garland.

Mr. and Mrs. W. E. Smith of Waco spent several days this week visiting old friends here. Wouldn't take much to coax "Smitty" and the Mrs. back to Snyder where they rightfully belong. You can't beat these here Smith folks.

Mr. and Mrs. Ernest Taylor and three children are taking a vacation trip to Knoxville, Tenn., making the trip in their Packard car. "Ernie" said he intended going up in the mountains and fish while away, and was taking some high powered bait along with him.

Dr. and Mrs. C. C. Rister of Abilene were guests of Mr. and Mrs. G. M. Garner Friday. They were accompanied home by Mr. and Mrs. C. C. Rister, Sr., of Santa Anna, Calif., who have been visiting with relatives here.

Rev. and Mrs. R. D. Carter and Editor and Mrs. L. P. Henslee and children of Anson are spending the Fourth in the home of Mr. and Mrs. O. D. Carter. The Henslees will return tomorrow, while Rev. and Mrs. Carter, O. D.'s grandparents, will spend the balance of the week here.

Misses Naomi Hunt and Lota Clyde Head of Abilene spent the week-end with Miss Erma Taylor.

Mr. and Mrs. A. H. Sams Jr. left Thursday for Benjamin where they will visit with Mr. Sams' parents. They expect to be gone about ten days.

Mr. and Mrs. E. M. Deakins and daughter, Miss Margaret, and Mrs. T. L. Lollar and daughter, Miss Jeanette, spent Monday and Tuesday in Floydada as guests of Mr. and Mrs. Jack Deakins. They attended the opening of the new Olympic Theatre Monday night. Young Deakins is manager of the theatre.

Hermleigh merchants are boosting for a merchants association to be organized there. Interest in a cash system of doing business was the important thought given out at the first meeting.

Boosting Snyder may consist merely of shouting its praises, but giving it a lift means digging down in your jeans for it.

The Times-Signal is being printed one day earlier this week so that the entire force may celebrate in whatever way they see fit.

Save money by reading the grocery specials in this issue.

"ERASMUS" TACK BATTLES BARE LEGS

Routed in his attempt to prevent the downtown girl workers from reporting for work without hose, Gene Howe, editor of the Amarillo News-Globe, says he should have known better than to have started the fight.

"There will be fewer weddings and much less business efficiency in Amarillo because of the new fad," Mr. Howe said. "The men are so busy looking that the whole city is slowed down commercially. I saw one man walk into the side of a building and there was one motorist who had no less than five accidents.

"I can remember back about a quarter of a century, when my father, E. W. Howe of Atchison, wrote that the ugliest part about a girl was her elbow. I wonder what he thinks of pale white, bruised, bare legs. They certainly are not a charm but rather a handicap. Silk stockings are an allurement that should be disregarded or abandoned."

A committee of yeung women employed in the Amarillo News-Globe waited upon Mr. Howe and asked if he had any objections to their appearing at the office bare-legged, and he replied that he had and warned them against it. The next morning most of the girls reported for work minus their silk stockings, and Mr. Howe threw up his hands in defeat.

SUNFLOWER IS GOOD CROP FOR THIS SECTION

Sunflowers, which has been grown commercially in Dawson County for the past two years, now are planted by many farmers in other sections of the plains of northwest Texas. A number of farmers in the Slaton section have planted from ten to forty acres. Lubbock farmers are also growing the crop. At Snyder in Scurry County a considerable acreage has been planted. Those who have grown this crop say that sunflowers pay as well as cotton and is a crop more easily handled.—The Earth.

"You'll Like Snyder."

HERMLEIGH IMPROVES MAIN ARTERY TRAFFIC

Hermleigh citizens are taking a forward step by filling, leveling and grading James Street from the R. S. & P. depot on the west to the Santa Fe depot on the east.

The Hermleigh Herald in commenting on the matter said:

"This street has had need of attention for some time, but like other things, it has been neglected. It will be some years yet at the best before any paving work can be done here, so it is thought wise to grade, fill in, and level the street at this time. This will greatly help the entire town.

"When this work is completed that W. Early and son offer to become personally responsible for the Loraine road leading out to the city limits to the south. No doubt when this is accomplished, other like street improvement work will be done."

KILL JOHNSON GRASS

The Farm Bureau Johnson grass demonstration truck will kill Johnson grass on the B. Y. Rea farm one mile north of Hermleigh on Tuesday, July 9.

Yoder Field will be the location for farmers to witness the killing demonstration in this immediate section.

A deserted baby about three weeks old was found in her flour barrel by Mrs. J. C. Gaston of St. Paul.

The SUMMER *Drink!*

When you're feeling parched or jaded–then how you'll welcome the marble coolness of our fountain! How you'll delight in a big Antarctic drink or sundae!!

Stinson Drug Co. No. 1

REMEMBER OUR CURB SERVICE

If the Shoe doesn't fit

What good is the Quality?

WOULD you walk five miles in shoes that don't fit? Never! And yet, right now you may have motor oil in your car's crankcase that doesn't fit the degree of wear in its engine! Shoes that don't fit destroy your comfort and injure your feet—oil that doesn't fit injures your engine's performance and shortens its life!

The grade of motor oil that *fits* your engine is the grade that has just the right body to fit in that space between each piston and cylinder wall.

Naturally, the size of this space depends upon the wear in the engine. In a new car the space is small, the pistons fit snugly—a lighter oil is required. But as the car is driven 2,000 miles, 12,000 miles and over, the wear from mileage has made this space larger—and your motor oil must be changed, heavier grades must be used to assure constant piston seal.

Here's where the correct grade of Opaline does an extra service! It seals that space and *prevents the power from blowing by.*

Having the right quality of motor oil is important, of course—but having the *right grade* is equally so.

You *get BOTH* in Sinclair Opaline Motor Oil, which is made, sold and applied according to the Sinclair Law of Lubrication*—to meet the demands of the present-day engine.

Buy Opaline by Mileage. Tell us your speedometer reading—it's the safest, surest way to get *precision* in lubrication!

**The Sinclair Law of Lubrication: For every machine of every degree of wear, there is a scientific Sinclair Oil to suit its speed and seal its power.*

SINCLAIR OPALINE MOTOR OIL

REG. U.S. PAT. OFF.

Seals power at every degree of wear

Sold and Recommended by

STOP! Before you leave for your trip for the Fourth, come by and let us fill up the bus with good Sinclair Oil. A wash from our rack makes the old buggy look like new.

ONE YEAR AGO

JULY 5, 1928

(Taken from Times-Signal Files)

One of the largest bank mergers ever made in West Texas was consummated this week when the First State Bank & Trust Co. took over the First National Bank. Ernest Taylor will head the re-organization as president.

T. C. Stinson, aged and respected pioneer citizen of the county, was buried yesterday, just five days following the burial of his wife.

The city of Snyder shipped 22,449 bales of the 1927 cotton crop up to July 1st.

Henry Richter, Bison community booster, is establishing a demonstration farm at his place near the Bison school.

The Scurry County Abstract Co. has moved to its new quarters on the south side.

COMMUNITY PROJECTS

A SWIMMING POOL FOR YOUNG PEOPLE

Little Wood River runs through our town, which has a population of 1,200. The big boys had a swimming hole, but there was no place for the small children, and we had no park of any kind.

In March, 1927, the Study Club, with fifteen members, some of us farm women, decided to have a swimming pool that would be safe for the children. We bought a house and acre of ground, giving a note for the $1,500. The ground slopes right to the river, has trees and some shrubbery, and is an ideal place for both park and pool. It is in about the center of town, just back of Main Street.

We hustled out to pay for it. The Town Council gave $500. Camp Fire Girls had a penny drive and collected $40. We had dances, the Grange and lodges giving the use of the hall for them. We held food sales, and had a booth at the county fair where we sold waffles, coffee, bacon and sausages.

The swimming pool is made of concrete, is 2 feet deep at one end, 6 feet at the other, and has the filtered water from the town supply running in all the time.

This spring we had an instructor from the Red Cross here a week, and both young and old took lessons.

So far we have not done any work on making the park but will next spring. We have sold the house, and it has been moved away. Now we can plan a lovely park. Our club has thirty members, and I think we did well in a short time.

MRS. H. V. CANNON.

Shoshone, Idaho.

TWENTY-SIX NOW WORKING ON M. A. DEGREE AT SIMMONS

Recent recognition of the Graduate School of Simmons University by Yale, Chicago, and other leading universities of the nation is resulting in an increase in the number of graduate students in the Abilene school.

Twenty-six students are registered for graduate work this summer which can be counted on the Master of Arts degree. The summer term has an enrollment of about one-fourth that of the long session.

English, history and education are the three favorite subjects of graduate students in Simmons, but chemistry and physics also have a large registration.

Seven young women recently sailed from Liverpool to Canada to conduct mission Sunday schools.

Huge Demand for Sargon Smashing World's Records

If anyone told you that one single medicine had relieved tens of thousands of suffering men and women in all walks of life of their health troubles and that it had put thousands of other men and women unable to find relief back to work, it would sound impossible, wouldn't it?

But that is just exactly what is happening right here in this state. Not only has it brought them new-found health and strength, but it has given them new energy, new vitality and a new lease on life itself. In many instances, the results have been so remarkable that many people have bought it and sent it to friends in other states, while other thousands have written grateful letters of praise.

The wonderful success that Sargon and Sargon Soft Mass Pills have achieved in only one year's time simply staggers the imagination.

In the state of California alone where it was introduced on April 16 of this year, it has required the astonishing total of nine solid carloads—more than 200,000 bottles—to supply the demand. Kansas City retailers and wholesalers have sold and distributed over 300,000 bottles in the states of Kansas and Missouri. Minneapolis and St. Paul dealers have required nine entire carloads in five months. The demand in practically every state and section where Sargon has been introduced has been correspondingly large. When national distribution has been completed it will require millions upon millions of bottles to supply the ever-increasing demand for this celebrated medicine.

Back of Sargon's triumph in the drug stores is Sargon's triumph in the homes. Everywhere it has been introduced it has become a household word and it is unquestionably the most widely talked-of medicine in the world today.

When Sargon was first given to the world just one year ago, it was hailed as a triumph in the field of modern medicine. Many well known authorities who watched its development freely predicted that it would become the one great outstanding health-giving remedy of the age. But the men of science who labored for years to perfect it little dreamed it would become such a great boon to humanity in so short a time.

Sargon may be obtained in Snyder at Warren Bros. 3-1tc

Missionary Gives Gist of China's Trouble

The following interesting and touching letter was received last week from Rev. H. G. C. Hallock, missionary in China. The god of war mentioned is a colored picture of the imaginary being he describes.

C. P. O. Box No. 1234,
Shanghai, China,
May 29th, 1929.

Dear Editor,

Wars in China suggest sending you "Wu-ti", the Chinese god of war. He is seated. Behind is his armor-bearer. The general idea about Wu-to is that he delights in war. That is not the Chinese idea of him. Once, a man nine feet high, he did great exploits in war, yet he is best known for his loyalty to his friends and for protecting the weak. Officials and scholars worship him as the ideal of loyalty, soldiers do it to make them brave and protect them in battle, and the people worship him to protect them from war's horrors. He's called "Peace Bringer, Protector, Great God of Loyalty." But he makes not peace, nor protects nor makes loyal, so is a failure. He's also called "Warrior Prince." As to that name he's a great success! In spite of the claims of Nanking that China is united, wars break out constantly, the Chinese war-lords fighting each other—not fighting for patriotism nor for freedom, but for money—to squeeze money from rich and poor alike. The most fighting is where the loot is richest. Reports make this war-mess a real Chinese puzzle; but keep it in mind it's just a big scramble for money and power—then there's no puzzle about it except the puzzle as to how men can be so cruel as to bring such havoc and pain for money. But they know not Christ. We must stay and preach—not run.

Recently I have received letters from America suggesting that since "China has altogether gone to the bad and the Chinese are absolutely impossible" and since our "work among them has gone for nothing", then I should "quit and come home." I hope you don't think thus. The masses of Chinese, tho reminding one of "dumb driven cattle", are still friendly as ever. The war-lords, the Nationalists, the Reds, the bandits, wars and evil propaganda are disturbing elements; but they are NOT China nor the Chinese. Terrible they are; but they do not represent the Chinese and their attitude toward us. Most of our Christians have kept loyal and have stood by us in time of real danger. This is true not only of Christians, but of many heathen, too, who have helped and protected us at much risk to themselves. The troubles in China have come from a fiercely aggressive and "noisy minority," who make the great mass suffer untold hardships. The Chinese are not "impossible" and what Christianity has done for China during all these years has not "gone for nothing" but is planted deep in myriads of hearts of men, women and children. Shall we desert the Chinese because a comparatively few are wicked? A thousand times NO!

Not only for Christianity's sake but for humanity's sake the Chinese common people's need calls us today. The wars and bandits have made sad havoc in many places, and the famines, caused in some places by too little rain and others by too much rain, have brought millions to starvation. The Chinese "government" has made a wonderfully great show of helping on paper but has done comparatively nothing to save the starving. The Chinese Red Cross and famine relief people are working hard, but their efforts and their funds are hopelessly inadequate for the task. And for some reason very little help has come from organizations abroad, so that the famine-stricken people are indeed in an exceedingly bad way. I have never known a time when the lot of the common people was as hopeless as it is today. Oh that I were a multimillionaire and were a thousand men so that I could throw myself into the breach and help save at least the mothers and children who are dying like flies in many places in China. I am not in a place ravaged by famine, but should any readers of your excellent paper desire to help save life they can send gifts to me by draft, personal check, P. O. Money Order, or by U. S. notes in registered letters, and I shall do my best to see that they go to the most needy places in the famine districts, and so their gifts will go to feed the hungry and relieve suffering. With best wishes and kindest regards,

Yours in Christ's glad service,
REV. H. G. C. HALLOCK.

DOES TERRACING PAY?

Water stood on P. G. Self's level terraced farm at Tuscola 36 hours after a recent quick rain, whereas nearby farms lost most of this water immediately. Other farmers there lost a fourth of their crops by sand storms this spring, while Mr. Self lost only two per cent of his crops from this cause. Terracing and contouring check blowing, and this is one reason that 25 farmers in that community have asked the county agent to help them in terracing this fall.

A LITTLE ATTENTION KEEPS TANKS IN SHAPE

By S. J. Littlepage,
Snyder, Texas

Every one having a galvanized water tank that has rusted holes in the bottom and sides, take cement and sand and plaster the bottom and sides like you would a cistern and you will have a good tank that will last for years. I have tried it and know.—Rural Community Progress.

FOR WINTER PROFITS FEED YOUR HENS NOW

It pays to feed hens a laying mash straight through the summer, even if eggs are cheap. This is the experience of hundreds of poultry demonstrators in past years and will probably hold true again this year, E. N. Holmgreen, extension poultryman, thinks.

"Our demonstration flocks show that eggs may be produced during the summer for a feed cost of 13 cents or less per dozen," he explains. "But where a balanced ration is abandoned and the fowls left to shift for themselves in an attempt to save a feed bill, we have found that the egg production often falls off so much that the cost of producing a dozen eggs is nearly if not quite as high as this, and the birds are left in bad condition.

"The high cost of not feeding hens in the summer time is felt most in November and December when eggs are high. A summer-starved flock just can't come thru with many high priced eggs at that time.

One of several good rations is known as the [illegible] ration, made up by mixing 100 pounds each of wheat bran, wheat shorts, ground corn or milo, ground oats and meat scrap of 50 per cent protein content. This is fed as a mash kept before the flock in hoppers. For scratch grain, cracked corn and wheat and oats are mixed together in a 2-1-1 proportion."

FISHING ON LLANO

Carl Wren, Ed Wren and Wren Moore left out of here last week and on their way picked up Lyman Wren at Snyder, and from there they went to the Llano River to "pester" the fine [illegible]. We do not know whether the tribe was even bothered or not, but we did learn that the tribe recognized Ed when he made his appearance on the bank of the river.—Crosbyton Review.

CHRYSLER MOTORS PRODUCT

This new and modern manufacturing plant is devoted exclusively to the production of Plymouth motor cars. It is the largest plant of its kind.

Marking the First Anniversary *of a notable* Success

PLYMOUTH—One year old this week—is already a giant in fact and favor

One year ago, Plymouth was a brand-new name to the motor world. In the brief span of twelve months, Plymouth, now *newly refined and improved*, has become everywhere a commanding figure in the low-priced field.

Only a year—and Plymouth finds itself in the biggest and most modern plant of its kind in the world. Only a year—and Plymouth production now exceeds the rate of 1000 cars a day

Quality—that's the story of Plymouth success—quality that reflects itself in both appearance and performance—quality that says to the automobile buyer, "No longer does a small investment restrict you to a car of small dimensions."

See it, drive it—and learn what Plymouth quality means.

$655 and upwards f. o. b. factory

PLYMOUTH PRICES—*Six body styles, priced from $655 to $695. All prices f. o. b. factory. Plymouth dealers extend convenient time payments.*

BOOSTING TEXAS

The young Corpus Christi newspaper woman who accompanied the first bale of cotton of the season to New York by air, where it was auctioned off on the floor of the New York Cotton Exchange for $1311—the young lady, we repeat, wrote a readable log of the epochal journey for the Corpus Christi Times.

Here is the ultimate paragraph in her log of the trip:

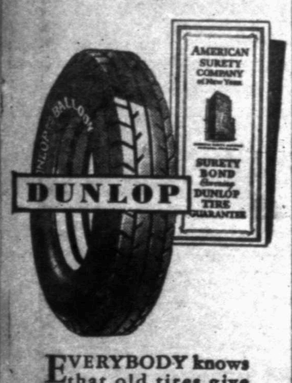

"In all the country that was traversed in 19 hours and 30 minutes of actual flying time, none was so richly productive as that seen from Sinton to Corpus Christi. It looked from the plane like a vast green lawn that had been landscaped by an expert horticulturist."

Attastuff! You can't abash a Texan by showing him (or her) all the wonders of the world, and expect him to believe for a minute that Texas can't duplicate and excel any scene on earth. The mountains of Pennsylvania and West Virginia, the checkerboard farms of Maryland, the roar of Niagara, the snows of Canada—shucks! Just wait till you see grand old Texas at her best!

Well, Texans are that way. It is their nature. They are natural-born boosters. And, what is more, they have something worth while to boost.

Texans would be even greater boosters of their state if they knew more about it.—Big Spring Herald.

Trade tire trouble for BONDED and guaranteed DUNLOPS

EVERYBODY knows that old tires give trouble, especially when hot weather starts. And what's the sense in taking a chance when we are eager to take in your old tires on guaranteed Dunlops?

You know Dunlops—the tire built to stand abuse, then bonded against abuse. Covered by an iron-clad, bonded guarantee against collision, blowouts, rim-smash, every known form of tire trouble.

And we make good any claim—instantly! Why not drive around today? See a specimen copy of the DunlopSuretyBond. Get the details of our liberal trade-in offer.

How to Raise Poultry

By Dr. L. D. LeGear, V.S., St. Louis, Mo.

Dr. LeGear is a graduate of the Ontario Veterinary College, 1892. Thirty-six years of veterinary practice on diseases of live stock and poultry. Eminent authority on poultry and stock raising. Nationally known poultry breeder. Noted author and lecturer.

SPECIAL NUMBER

IS THE WORLD REALLY GOING TO THE BUGS?

Scientists Tell Us that the Insect Kingdom May Someday Dominate the World. Drastic Measures Are Needed to Keep this Ever Present Menace in Check.

A letter recently placed on my desk announcing the opening of a National Insect Killing Week to begin July 7th, reminded me of a conversation I once overheard in a pullman while en route to California. Two fellow travelers were derisively discussing a magazine article one of them had discovered in which a well known scientist had asserted that someday man's boasted civilization would be utterly obliterated by the ever increasing myriads of the lowly insect kingdom. "A lot of sensational rot!" scoffed the other. "Guess these college profs haven't anything to do but write fool stuff like that.

I said nothing for it would have done no good. I would merely have been considered another of those fool profs with nothing to do but concoct lurid poppycock for popular amusement. Nevertheless, I sympathized very much with the writer's point of view. I recalled the fact that, had it not been for the late General Gogga's brilliant campaign against the mosquito, the Panama Canal would have been the samé dismal failure as the French fiasco in Nicaragua. As a matter of fact, I would almost be willing to back the mosquito to accomplish the downfall of man single handed were it not for the recent arousing of public consciousness to the fact that these insects carry the germs of malaria and other dangerous diseases. The use of insecticides to combat those pernicious pests has now become fairly general, but much is yet to be done. There cannot be too many spray guns in action against this really formidable enemy.

Should mosquitoes need an ally in their attempt to conquer mankind, they could hardly do better than enlist the aid of the lowly house fly. Born in filth, the fly never loses his liking for it. Nothing seems to please him more than a chance to dabble his feet in every conceivable form of germ laden nastiness and then transfer it to food intended for human consumption. Screening is only partial protection. Flies will get in in spite of every barrier erected against them and a good fly and insect powder should be on hand to strike them down as fast as they show up.

But while discussing the various insect pests that threaten the health and comfort of mankind let us not forget that athletic fellow, the flea. To most people he is merely a minor nuisance treated most as a joke than as a serious menace. Yet, as science recognizes this tiny broad jump champion as a carrier of the dreaded bubonic plague. The fact that almost all domestic animals are occasional hosts to the flea is reason enough for extreme vigilance. Fly and insect powder for the smaller animals and especially household pets and occasional dipping for infested live stock will help to keep down the flea population, not to be forgotten, too, that he is a carrier of these plague ridden insects—so swat the rat at every possible opportunity.

Mosquitoes, flies, fleas, bedbugs, and we're just getting a good start. Who said civilization wasn't menaced by bugs? And how about roaches? Comical clowns of the insect world, but dangerous pests just the same. They annually destroy thousands of dollars worth of foodstuffs and much that they do not actually consume is so polluted by their filthy bodies that it is not fit to eat. They leave a disgusting odor on everything they touch, and there is no question but what, like the flies, their feet and bodies are living incubators for millions of disease germs which they strew about with reckless abandon wherever they go. More work for the blowgun and the insect powder. By all means remember the roach when you celebrate National Insect Killing Week.

So far we have not gone outside the walls of the home. Yet, we have already found enough germ carrying, health endangering, comfort destroying insects to make us wonder if the scientist mentioned at the beginning of this article might not be somewhere near the truth. Yes, and we haven't even spoken of the moth that causes untold damage to clothing, bedding and upholstering in thousands of homes every year.

And that notorious nocturnal prowler, the bedbug. No home is so carefully kept that what the vile intruder may occasionally find a way in. They seem to be able to subsist indefinitely without nourishment, but anyone who has ever acted as an involuntary host for them will certainly testify that they make up for lost time once the opportunity presents itself.

As tormentors of livestock, too, flies and mosquitoes qualify for championship honors in the insect world. I have seen cows tormented almost to the point of insanity by the whirling, buzzing, biting hosts that swarmed around them in clouds. Horses and other domestic animals also suffer painfully from the same plague. At least temporary protection can be given by spraying them with a good fly chaser liquid, and their usefulness will be greatly increased thereby.

Going further afield, think of the many forms of insect life constantly threatening the welfare of the poultry flocks—lice and mites, to mention only two. Plenty of work for the right kind of insecticide there. A good lice powder for dusting his birds and a supply of dip and disinfectant solution should be considered part of the essential equipment of every poultry raiser.

The gardener, too, is aware of the seriousness of the insect problem. Almost overnight any garden may be overrun with innumerable hordes of tiny but destructive warriors that in point of numbers would put the combined armies of the World War to shame. For some the garden insecticide powder and for others the liquid insecticide, but unremitting warfare of one sort or another must be carried on throughout the season if a paying crop is to be harvested.

So after all, our scientific friend was unquestionably much nearer the mark than our two friends who jeered at this prophecy. The insect conquest, if it ever comes, is a matter o f centuries in the future, that is quite true, but there is plenty of reason for starting a determined offensive against all forms of insect pests right here and now. No less an authority than Colonel M. A. Reasoner of the United States Army Medical Corps has stated that, directly and indirectly, insects have caused more deaths than all the wars of history added together. When you consider on top of that the billions of dollars worth of property they destroy every year, it is easy to see that no small problem confronts us. Let us put into effect that well known army maxim, "A determined offensive is the best defense" and prepare in all seriousness to defend our lives and property against these tiny but all to powerful adversaries.

(Copyright, 1929, by Dr. L. D. LeGear, V.S.)

Got Up In The Morning Feeling DIZZY

"I BEGAN to suffer with headache and biliousness," says Mr. John C. Malone, of Buena Vista, Ohio. "I had a hurting through the middle part of my body which seemed to come from indigestion. I would get constipated, and then feel all out of sorts. I would get up in the morning feeling dizzy, and everything I ate would disagree with me.

"Someone asked me why I did not try Black-Draught. I found it to be just the medicine I needed. When I feel a spell coming on, I begin by taking a dose of Black-Draught, dry, at night. I continue to take it for several days, and in a short while I am feeling fine. It is all the medicine I need."

Costs only 1 cent a dose.

THEDFORD'S Black-Draught

WOMEN who need a tonic should take Cardui. In use over 50 years. CX-145

DEER HAS PREFERENCE IN CHAWIN' TOBACCO

Kerrville Sun: The wise guys who give blindfold tests to stage celebrities and athletic stars, and then compose fetching advertisements regarding their favorite brand of cigarettes or tobacco are overlooking something rich and original unless they hurry to the hills, with a photographer in tow.

Kerville boasts of a tobacco chewing deer with a pronounced preference for a certain well-known and highly advertised brand. The deer, a doe nine months old, frolics with her playmates on the grounds at Thompson's Sanatorium. At regular intervals each day the pet slips to Dr. T. M. Pinson and rubs his hand with her nose until a goodly portion of tobacco is given her. Then the deer walks away, munching contentedly.

Oddly enough, the pet doe will not take tobacco from any other person than Dr. Pinson, and stranger still, she spurns all brands of tobacco save one. That brand is—This is positively not (an advertisement)—Prince Albert.

Help keep Snyder clean!

THE TOWN DOCTOR

(The Doctor of Towns)

—SAYS—

"You can't sell 'em if you don't tell 'em," is as true in town selling as it is in the promotion of any product.

If I were president of a service club or a chamber of commerce in a town of four hundred thousand population, I would, one week, invite all of the gasoline station attendants to luncheon, the next week all of the hotel clerks, the next the soda fountain and drug store clerks, and the next week I'd have an evening meeting and invite all the waitresses, waiters and restaurant owners.

At these meetings I'd have some well-liked and popular man who had a lot of humor, snap and pep in his make up, give a booster talk on our town, Not a lot of undue praise, nor an oration on "Our Home Town," but straight from the shoulder calling a spade a spade. I'd sell those men and women on why they should sell everybody with whom they come in contact on what the town offered, what it needed, and I'd show them why they should do it for their own pocketbooks, as well as the town in general.

I'd see to it that facts and figures were placed in their minds and hands that would make it possible for them to put up a real sales talk. Among other things, this would include the growth of the town in the last five years and why, population of trade zone and the income derived from the trade zone, historical facts, high lights of interest, and industries. If the town had anything that no other town had, I'd see that these people had all the details.

In other words, I'd start right now to place in the hands of those who come in contact with the potential customers of the town, sales ammunition to SELL the town.

These people are the logical people to start with, and through them thousands of dollars can be made for every merchant.

Every day there is a constant flow of gold dollars going through your city, but no town can expect to get an even break unless they ask for it.

This Town Doctor Article, one of a series of 52, is published by the Scurry County Times-Signal in cooperation with the Snyder Lions Club.

Note: These articles are written by The Town Doctor, without prejudice or malice and are impersonal. They treat each subject as applied in general—not to a particular town. Opinions favorable or otherwise on subjects covered are solicited and may be addressed to the paper in which these articles appear, or to The Town Doctor, Suite 350, McCormick Building, Chicago, Illinois.

WHAT'S DOING IN WEST TEXAS

SNYDER will entertain 150 4-H boys at a two-day picnic on July 19 and 20 through the courtesy of W. O. Logan, county agent. Prizes will be offered by merchants and camp will be made at Wolf Park with swimming privileges given by the Snyder Country Club. Two plane rides with "Slim" Lowry, new government licensed pilot in charge, will be given prize winners.

SWEETWATER is completing plans for the fourth annual convention of the West Texas Press Association which opens July 12 for a two-day session. Round table discussions will take up aviation, and free plane rides through the courtesy of the Texas Air Transport Company will be given every registered delegate wearing a ribbon.

E. H. WHITEHEAD, publicity manager of the West Texas Chamber of ommerce for the last four years, resigned to become assistant manager of the South Texas Chamber of Commerce for the last four effective July 10. One of his accomplishments was making West Texas Today, official publication, a magazine instead of a newspaper.

WHEELER is building a new sanitarium. The building will be frame with stucco finish on the outside and sheet rock on the inside and when completed will be 72 by 72 feet with 22 rooms, hallways running both ways through the entire building. A large basement will be a part of this fine acquisition.

The CISCO Co-operative Livestock Marketing Association has shipped two cars of hogs and one of cattle to the Fort Worth market recently. The cattle brought $1,600. There were 162 head of hogs. R. L. Poe remained in Fort Worth to observe the results of a new tatooing machine used on the hogs.

LEVELLAND'S three newest brick business structures on the east side of the square are being completed and will soon be occupied by the Hockley County Realty Company, the Levelland Drug Co. and other concerns.

HEREFORD'S new creamery will be installed soon, as two car loads of machinery have been received. One car contained vats and churns and the other the refrigerating plant to be used for keeping the cream at the proper temperature to make butter.

PLAINVIEW'S third annual Texas Panhandle Plains Dairy Show will be held in Plainview on April 7, 8 and 9, 1930. The dates are one week later than those of the two former shows, and the change is made in order to get away from the first of the month rush usually encountered by business men over the section.

WINTERS is making progress in cream shipments. Two years ago about 100 cans of cream per month were shipped out. This year the shipments are averaging 285 per month. Cream brought about $15,000 into Winters in five months.

Twenty-five applications have already been received to make the trip with the fourth annual motorcade of the West Texas Chamber of Commerce to the Carlsbad Caverns. B. M. Whiteker, agricultural manager, is in charge, and detailed information can be obtained from him in Stamford.

SPEARMAN dealers recently received 15 Chevrolet trucks to supply the demand of farmers who desire to haul their wheat crop to town. A sufficient number of railroad cars to carry the grain to the markets has been assured.

DEL RIO'S water works system is being installed. The bottom of both of the 1,000,000 gallon tanks are being placed for the pouring of concrete on one of them. Each tank will be 28 feet high and 80 feet wide. Wells are 10 inches thick and well reinforced with steel.

GOOD SHORT CUTS TO HOUSEWIFELY LEISURE

A home maker must take short cuts to the necessary three meals a day if she has time left to enjoy her family, her friends, her club and have an occasional pleasure trip. In recognition of this, Texas home demonstration agents are showing housewives how to save time in preparing meals.

Among the methods demonstrated is the use of labor-saving utensils and tools, such as fireless, pressure and waterless cookers, double boilers, dish drainers, food choppers, light weight egg beaters, measuring cups and spoons, casseroles, toasters and broilers. It is shown to be important also that tools and fixtures be kept as close together as possible and convenient to the places where they are most needed. Trays and wheel stands are step and time savers in carrying food to and from the dining room, many women are finding.

One dish dinners are becoming popular among home demonstration club members, since they are easy to prepare, simple to serve and require little dish washing and clearing away afterwards. A casserole dish of meat and spaghetti, or beans, or beef hash and tomato sauce, or Irish stew, or corn chowder make a complete meal when combined with a fresh salad, tea, coffee and milk and bread.

Meats, vegetables and fruits canned in season can be made ready for the table in a few minutes, and with this in mind hundreds of women are this year arranging emergency shelves in their pantry shelves. They stock them with assortments of foods for use when company comes, when illness interrupts the routine, or on wash days. Gift shelves and picnic shelves are appropriately stocked by some women and many are writing out several quickly prepared menus to hang in the pantry for reference.

Other time and health savers recommended are a high stool to sit on to save tired feet and back; right height of working surfaces to save backache and fatigue; a small, soft, washable rug in front of sink to help tired feet; a hinged shelf for extra space; sharp knives; and the discarding of useless tools such as egg beaters that won't beat and sifters that slip.

Evelyn Foltz of Enid, Okla., after being speechless for 18 months, awoke one morning to find that she could talk again.

1929 CENSUS TAKING HAS NOVEL FEATURES

How many persons are there in the United States? How many animals—how much goods in circulation—how large the "army of unemployed"? We, as everybody else, would hardly like to say, but if you wait long enough Uncle Sam's tellers will furnish the figures. More than $39,500,000 will be appropriated by Congress for the task which is to be completed in about six months, it is estimated.

There are several novel features about this year's census taking which distinguish it from past undertakings. The country's population is increasing at the rate of about 1,400,000 yearly, a record that surpasses anything in history. An excess of births over deaths and of immigration over emigration are the causes of this. It is estimated that the population next year will probably have reached the sum total of 120,000,000, which is thirty times that of 1790 when the first census was taken.

The much mooted question between Republicans and Democrats —"What is the extent of unemployment?"—will be settled, and this, too, is a proceeding never authorized before in a decennial census bill. Nor, for that matter, does the gathering of figures relating to distribution of goods have any precedent, although Mr. Hoover very strongly advocated such a provision when he was secretary of commerce.

The 100,000 persons who go from door to door gathering statistics will be paid according to the number of noses counted. A supervisor will preside over each of the 565 districts, which are to be divided into sections for the enumerators to cover. The latter are to carry charts showing just what information he must obtain. All this information is strictly confidential, and deliberately misleading the census taker is a violation of law punishable by fine and imprisonment.

THANKS, MRS. BOWLIN

Mrs. W. P. Bowlin of Route 2, in renewing her subscription ahead to July 1, 1931, Saturday, said: "Here is our renewal, and we surely think you have a fine newspaper, and we enjoy it very much and could not get along without it."

The Times-Signal always enjoys hearing these thoughts from the folks who read our paper. Kind words are truly appreciative.

Charging that her husband smeared his face with red ink and pretended that he had killed himself to cause her anguish, Mrs. Dolores Higgs of Marion, Ind., filed suit for divorce.

Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

The School Question

Really, there should be no necessity for saying anything further on this subject, other than to call further attention to the fact that July 10h is the day on which every legal voter in the bounds of the Fluvanna Consolidated High School District should get out and vote on the bond issue question. If the reader of this paragraph failed to see the paragraph on this subject last week, we hope that he will take pains to turn and read it. If this is done there should be no necessity for writing anything more, but for the fact that "There are many men or many minds."

The next few days are, indeed, days of vital and far-reaching importance relative to the best interest of this high school district, but more especially to the children and young people who are now, and for many years will be, looking to and depending upon us for the opportunities, means and facilities of acquiring a high school education. As previously indicated, if the present program is carried out, the students on the farms several miles out of Fluvanna will have the same opportunity of acquiring an education as do those living close in. Thus it will be seen that if present plans do not miscarry this entire school district will enjoy opportuunities such as were never enjoyed here before, and that, too, at a minimum cost—an investment that will not hurt anybody but will, on the other hand, be a large factor in the building up of the district as well as the training of our young people for their life work.

In this case, as usual, there are those who become alarmed over the bond question. It should be remembered that the voting of bonds is the only way by which an adequate building can be provided. Some good people think the amount of bonds proposed is too large. Well, let us consider this matter very briefly. In the first place we all know that our trustees are honest, economical and intelligent men. They are all tax payers themselves. Naturally, they will not want to accumulate any more expense than is necessary. Furthermore, these men have been studying the question for several weeks. They have consulted architects, builders, contractors and others who were in position to know about such matters. They (our trustees) have visited several other points where buildings have recently been erected and have inspected these buildings, talked with the trustees as to plans, costs, etc. They have conferred with officials in this and in other counties—especially school men. They have even gone as far as Austin in quest of information, assistance and advice. Surely, these men—the board of our own creation—know more about what is really needed, what it may cost and how to obtain it than do those of us who are not making a special study of the matter. Furthermore, as a matter of justice, it should be said that these men have given much time (a good part of it, too, when the rest of us were asleep) and have been out considerable personal expense in their efforts to acquire the necessary information, shape up the proposition, and work out the most adequate and economical plan possible. True, it may not take $65,000 to erect, furnish, provide heating and other necessary facilities and otherwise equip a high school building such as will meet the requirements of the state. However, most of us know that buildings and equipment (even in our own private affairs) often cost more than we originally expected. Then suppose we should cut the bonds down to $50,000 and should not be able to finish the job? That would be too bad. On the other hand, if there should be $15,000 or $20,000 left over after the enterprise is complete, then what? The answer is simple. Simply cancel or revert that amount of the bonds (whatever it may be) and retain and pay our taxes on the amount that is actually used. It is the simple proposition of paying back that which you borrowed but did not need. V. P. has confidence enough in our trustees to trust them with the task undertaken and to cooperate with them to the last ditch. They are our neighbors and are trying to do for us that which is best for all concerned. Please let no one put a clog in the wheels of civic culture and progress.

Church Services

Last Sunday being the fifth Sunday, the other churches gave the First Baptist the right of way for their fifth Sunday meeting which began here Thursday night and continued until Sunday night. There were several visitors present but a list of these has not been placed in the hands of the scribe. We remember, however, that Rev. Charles Leslie, the former pastor, was here as full of talk and service as usual and possessing his former proclivity for eating chicken—this time, however, it was barbecued beef, such as was served at the church each day.

Rev. D. G. Wells has been sick and, as we understand, is even now facing the probability of a serious operation. Nevertheless, he expects to fill his regular appointment with the Fluvanna Baptist Church as usual next Sunday.

It is expected that regular services will be held at the Methodist church next Sunday. A detailed report from that congregation is furnished by the church reporter and is as follows:

Rev. J. R. Williamson held regular services at Union Chapel on last Sunday and installed the League officers at the evening service.

Brother Williamson will preach at the usual hours next Sunday. Our next Quarterly Conference will meet at Union Chapel on July 13.

Our Epworth League is doing nicely. We are about to get started out right for the new League year. On last Thursday night the Leaguers met for a good social time with lots of ice cream and cake. We will have our monthly business meeting on Tuesday.

The W. M. S. met Monday and studied the first lesson on "Infant and Child Care." Eleven ladies were present.

Crops and Rain

Our crops have been feeling bad for several days—suffering from high temperatures and a scarcity of moisture. These conditions were, however, radically changed with the coming of Miss July. She has graciously brought lower temperatures and a fine rain Monday night amounting to 5-8 of an inch at the weather station but, according to reports, much heavier in some parts of the community. The outlook is good for more rain at this writing. Now watch our crops grow and see how the people smile.

Additional news received too late for our day-early edition—Ed.

JAS. H. TATE.

DERMOTT NEWS

Everybody is rejoicing over the rain which fell Monday night. It will be a great help to the farmers.

Mrs. S. H. Lebow was operated on at the Emergency Hospital at Snyder for appendicitis. We are hoping for her a speedy recovery.

Little James Chownes has been quite sick the past few days.

Mrs. Warren Scrivner is spending this week at Colorado for special treatments.

Mr. and Mrs. Murphy and two daughters of Waco spent several days last week visiting his sister and other relatives. Harvey Johnson returned with Mr. Murphy to spend several weeks.

Miss N. E. Browning is visiting this week with relatives near Rotan.

Mr. and Mrs. John Mallon and daughter, Lucile, and Miss Gladys Braswell of Clovis, N. M. spent the week-end visiting friends.

Andy Whilley of Robert Lee spent Saturday with W. T. Rhea. He reports good crops in Coke County.

Ira Burrough returned home Saturday from a month's vacation trip and reports a wonderful vacation. While gone he visited Oklahoma, and Madisonville, Colorado. His daughter, Ina Mae, accompanied him.

J. E. Locke and family spent Sunday in the Keathley home in Snyder.

Everett Scrivner and wife, Mr. Smith, and Miss Afton Smith were in Snyder shopping Monday.

Dermott played baseball with Bethel and Ira, and Dermott won both games. They will play Justiceburg Sunday afternoon.

W. T. Rankin left the first of the week for Wise County to visit his brother.

Mrs. Will Reynolds, Mr. and Mrs. Robert Fletcher and Mrs. Adcock spent Sunday at Yellow Canyons.

M. J. H.

HISTORIC JULY FOURTH

No day in the year is fraught with such significance for the American people as July 4, the anniversary of the signing of the immortal Declaration of Independence. The story of the Declaration has been told and retold until it is a part of the consciousness of every American, old and young.

While other events which have transpired on that date have been overshadowed by the annual national celebration, it may be interesting to note that July 4 is also the anniversary of the following happenings:

Founding of Providence, R. I., by Roger Williams, 1636.

Nathaniel Hawthorne born, 1804.

John Adams and Thomas Jefferson died; Stephen Collins Foster, song writer, born, 1826.

James Monroe died, 1931.

Cornerstone of Washington monument laid, 1848.

Surrender of Vicksburg, 1863.

Calvin Coolidge born, 1872.

The first week in July is filled with significant anniversaries, among them being the following:

Battle of Gettysburg, July 1-3, 1862.

Battle of Santiago, July 1-3, 1898.

Washington took command of the Continental Army, July 3, 1775.

Admiral Farragut born, July 5, 1801.

John Paul Jones born July 6, 1747.

United States annexed Hawaii, July 7, 1898.

KNOW TEXAS

Conservative estimate is that Texas' wealth is increasing at the rate of more than $1,000,000 a day.

Texas leads the Southern states in income tax payments.

Building permits in eleven Texas cities since 1920 totaled $725,000,000.

Bank debits of 15 leading centers in Texas average $950,000,000 a month. In 1920 the average of the same cities was $700,000,000 a month.

Resources of Texas building and loan companies are $100,000,000—a 1300 per cent increase since 1920.

There is $2,500,000,000 life insurance in force in Texas now, an increase of $1,750,000,000 since 1029.

Theatre Dedicated

Manager Jack Deakins of the Floydada theatres, dedicated a new $50,000 picture show there Monday night that also includes a vitaphone equipment. Jack has made wonderful strides since leaving Snyder, and no one wishes better success to this young hustler than the old home town paper.

Doctor—Is that a patient in the waiting room?

Servant—No, sir; he comes once a month to read the magazines.

VIRGIN LAND AVAILABLE FOR NEW SETTLERS

About 17,000 acres of the old Slaughter ranch, located along the Santa Fe railway in Cochran County, is being divided into 112 farms and will go on the market early in the fall at low prices and easy terms. At one time the old Slaughter ranch included much of Cochran County. Colonel C. C. Slaughter established his headquarter ranch about 1902. At one period he owned about one-half million acres of land in Cochran and adjoining counties. Closely settled communities are taking the place of the large ranches of former days. The cowboys that herded cattle 20 years ago have given place to busy farmers with tractors, combined harvesters, and other machinery, are annually adding to the wealth of the nation by the production of great crops of grain and other products. The great plains country of northwest Texas still is offering virgin prairie to prospective settlers.

Women appreciate this riding comfort

Long trips are easy when you drive a Ford

EASY-RIDING comfort is one of the features of the new Ford. Somehow, it seems to just glide along, as if every road were a good road. Even rough stretches may be taken at a fast pace without hard jolts or bumps or the exaggerated bouncing rebound which is the cause of most motoring fatigue.

Come in and arrange for a demonstration. You'll know then that the transverse springs and Houdaille shock absorbers make a big difference in riding comfort.

SOCIETY

MES. STINSON AND BLACKARD HOSTESSES THIS MORNING

Mrs. L. T. Stinson and Mrs. H. , Blackard entertained with a elightfully planned breakfast at he beautiful home of Mrs. Stinson Vednesday morning.

Red, white and blue were the olors used in lovely table decorations with red verbenas forming he centerpiece. The breakfast was erved in two courses by Misses Mary Lynn Nation, Frances Stinon, La Frances Hamilton and Evelyn Ladwig. Red, white and blue whistles were given as favors.

Those present were Mesdames Roland Bell, W. D. Beggs, Lewis Blackard, Hugh Boren, Ike Boren, I. J. Brice, Wayne Boren, H. P. Brown, T. A. Boren, F. M. Brownfield, C. R. Buchanan, G. B. Clark, Jr., A. J. Cody, R H. Curnutte, Ivan Dodson, C. H. Cooper, J. C. Dorward Nelson Dunn, W. J. Ely R. D. English, E. J. Anderson, A. D. Erwin, C. E. Fish, R. L. Gray, G. A. Hagan, W. W. Hamilton, Sam Hamlett, J. M. Harris, J. G. Hicks, W. R. Johnson, J. H. Kidd of Kingsville, W. P. King, W. B. Lee, C. C. Higgins, T. L. Lollar, Joe Monroe, R. J. Randals, George Northcutt, R. H. Odom, A. C. Preuitt, W. T. Raybon, E. J. Richardson, Henry Rosenberg, Charley Rosenberg of Brownwood, W. M. Scott, Watt Scott, Forest Sears, J. E. Sentell, Dixie Smith, Fritz R. Smith, L. O. Smith, Geo. F. Smith, W. E. Smith of Waco, W. P. Smith, W. W. Smith, Gertie Smith, J. C. Stinson, Joe Strayhorn, James Templeton of San Francisco, Roy Strayhorn, H. G. Towle, Hugh Taylor, Allen Warren, Wayne Williams, O. S. Williamson, Wm. Wilsford, Joe Wilson, C. J. Yoder, O. Randolph, W. R. Patton, J. J. Taylor, W. H. Ritzenthaler, John R. Covey, J. P. Avary, E. C. Neeley and Misses Winnie Garner and Bessie Lou Allen of Garland.

FRANCES STINSON AND MARY MARGARET TOWLE ENTERTAINED

In compliment to their daughters, Frances Stinson and Mary Margaret Towle, Mrs. J. C. Stinson and Mrs. H. G. Towle entertained with a lawn party and swimming party last Thursday evening.

The happy young people enjoyed a swim at the country club pool, then returned to the home of Mrs. Towle where they amused themselves with yo-yo tops. Refreshments were served to Evelyn Ladwig of Ballinger, Frances Northcutt, La Frances Hamilton, Estine Dorward, Virginia Wills, Martha Jo Jenkins, Beverly Chambers, Evelyn Erwin, Mary Vincent Curnutte, Patricia Dodson, Geraldine Longnotham, Margaret Miller, Patty Joyce Hicks, Elizabeth Brown of Abilene, Joanna Strayhorn, Doris Davis, Roberta Ely, Frances Boren, Jeanette Mason of Denton, Irene Spears, Netha Lynn Rogers, Virginia Yoder, Oteka Ware, Florentz and Dorothy Winston, Billy Joe Stinson and Jean Taylor.

The hostesses were assisted in entertaining by Misses Mary Lynn Nation and Dorothy Strayhorn.

FORTHCOMING MARRIAGE IS ANNOUNCED

Mesdames N. A. Poth and Adolph Weinert announced the approaching marriage of Miss Marian Engel to Mr. Dan M. Gibson of Snyder at a delightful bridge party last Friday afternoon at the palacial home of Dr. and Mrs. N. A. Poth.

Receiving with the hostesses were the charming honoree and her mother, Mrs. Ernest Engel. Mrs. Lewis Dabney of Dallas and Miss Elizabeth Ross of Lockhart, cousins of Mr. Gibson.

Mrs. A. H. Baner received the high score favor, a boudior clock. The honoree was given a lovely vase.

A delicious salad course was served which was followed by an ice course bearing a pennant of white silk on which was written: "Dan-Marian, Aug. 5th."

Miss Engel was showered with best wishes for much happiness by her many interested friends.—Sequin Enterprise.

A new Western Produce Company house is being opened at Inadale.

WHEN IT LOOKS DARK to any weak, nervous or ailing woman, Dr. Pierce's Favorite Prescription comes to her aid. Women in every walk of life today say Dr. Pierce's Favorite Prescription is a reliable medicine. It is made from roots and herbs, sold by druggists, in both fluid and tablets.

Mrs. Lenora Booth of 3214 Ellis Ave., Fort Worth, Texas, said:—"Dr. Pierce's medicines restored me to health when I was nothing but a physical wreck. When I was a girl growing I was very backward in developing. I grew puny, weak and sickly, my nerves gave way and I was so poorly I had to give up school. Upon the advice of an aunt I started taking Dr. Pierce's Favorite Prescription and the 'Golden Medical Discovery' and then their use my health was restored. I developed into womanhood without further trouble." Send 10c for trial pkg. tablets to Dr. Pierce, Buffalo, N. Y., and write for free medical advice.

LAWN PARTY ENJOYED AT MILLER HOME

Mr. and Mrs. J. E. Miller entertained their daughter, Margaret, and nephew, William Miller, with a lawn party Friday evening from 8 to 10. Mrs. W. C. Miller assisted with the entertaining.

Following the play of various games, delicious refreshments were served to the following:

Evelyn Erwin, Beverly Chambers, Ruby Lee, Helen Cauble, La Frances Hamilton, Estine Dorward, Louise Wilsford, Faye McMullan, Florentz Winston, Netha Lynn Rogers, Irene Spears, Jeanette Mason, Sadie Tell Jenkins, Margaret Miller, Ollie Bruton, Corwin Patterson, Jay Rogers, Billy Smith, Travis Ferguson, William Miller and little Weldon Miller; Mrs. R. N. Miller, Mrs. Homer Miller, Mrs. Edna Saylors, Mr. and Mrs. W. C. Miller, Miss Vesta Grubbs and Miss Ollie Mae Erwin, Miss Faye McMullan of Amarillo and Miss Jeanette Mason from Gallup, N. M.

LEAGUE HOLDS MEETING

The officers of the Epworth League held their monthly meeting Monday night at the home of Miss Grace Avary. Plans for the coming year were discussed, and the membership was divided into four divisions: Devotional, with Miss Grace Avary, superintendent; Missionary, LeRoy Fesmire, Supt.; Social Science, Grace Holcomb, Supt.; and Recreational, Lucille Brown, Supt.

After the business session was held, delicious refreshments were served to Misses Charlene Ely, Allene Curry, Grace Avary, Lillian Walton, and Messrs. Marvin Lemons, Roy Fesmire and Clarence Walton.

The business meeting of the League will be held next Monday night.

MR. AND MRS. W. T. RAYBON ENTERTAIN

Mr. and Mrs. W. T. Raybon delightfully entertained the Thursday Night Bridge Club members at their home Friday evening. The entertaining rooms were beautifully decorated with summer blossoms.

At the conclusion of the interesting bridge play, Mrs. G. B. Clark Jr. and Ivan Dodson held high score for members, and Miss Mary Inez Kennedy of Fort Worth received guest prize.

Refreshments of ice cream and cake were served to Messrs. and Mesdames Wayne Boren, Ivan Dodson, J. G. Hicks, Forest Sears, G. B. Clark Jr., George Oldham, J. E. Sentell, Clyde Shull and Waymond Sims, and Miss Mary Inez Kennedy of Fort Worth.

W. M. S. MEETS WITH MRS. A. M. CURRY

The Methodist Church W. M. S. met Monday afternoon on the lawn at the home of Mrs. A. M. Curry. The study of the Bible was begun with Mrs. Ivan Dodson as the capable leader.

A contest for new members was started with Mrs. H. G. Towle and Mrs. J. C. Stinson leaders.

Refreshments were served by Misses Doris Doak and Allene Curry to twenty-one members, and guests were Mesdames Evans, W. E. Smith of Waco, and I. C. Curry of San Angelo.

O. E. S. ELECTS OFFICERS

Hermleigh Chapter 482, O. E. S. elected the following officers for the ensuing year:

Mrs. W. H. Ward, W. M.
J. C. Rea, W. P.
Miss Zue Belle Lee, A. M.
W. R. Terry, A. P.
Mrs. Delia S. Windle, Secretary.
W. C. Rea, treasurer.
Mrs. Ida Henderson, Cond.
Mrs. Kate Jones, A. Cond.
Miss Lois Jones, Adah.
Mrs. Dollie Kerr, Ruth.
Miss Sallie Rea, Esther.
Mrs. Ina May Fargason, Martha.
Mrs. Alis McMillan, Electa.
Mrs. Vertna Lee, Warden.
Lynn Henderson, Sentinel.
Mrs. Eula Farr, Chaplain.
C. H. Grace, Marshal.
Miss Pearl Vernon, Organist.

LEAGUE PROGRAM

Sunday, July 7, 7:30.

Subject, "Where Does Christ Come In For Citizenship?"

Scripture reading: Romans 13:1-7, Matthew 23:1-3, Roy Fesmire.

Leader's Introduction, Marvin Lemons.

What Jesus and the New Testament Writers Had to Say About Citizenship, Mrs. Warren Dodson.

Christ in Citizenship-Obedience to Law, Allene Curry.

Christ in Citizenship-Interest in Public Affairs, Rayolene Smith.

Christ in Citizenship-Participation in Politics, Ora Norred.

Christ in Citizenship-Patriotism, Fred Yoder.

CHURCH OF CHRIST at Scarborough & Faught Sts.

Sunday, July 7, will be another red letter day in the First Christian Church.

Next Lord's Day is to be observed as Flag Day by our congregation because it is the nearest Lord's Day to the Fourth. Come, let us worship God together by paying tribute to our National Flag. Protect the Flag will be the subject for discourse. It will be studied under the admonition of our Lord, thus observing His command to worship. In this we do not degrade the day, but exalt the flag in like manner even as He did.

At the evening hour, the subject for study will be "Conscience in Salvation." Church members are especially invited to hear this discussion.

Thos. M. Broadfoot, Minister.

BORN—To Mr. and Mrs. W. E. Smith of Gail, a fine 9½-pound boy, Saturday. The youngster will be named "Jack." Mother and son are resting nicely at the home of Mrs. J. Longbotham, and congratulations are in order. The Smiths surely predominate at present near the Longbotham home, as in addition to the newcomer baby named Smith, Mrs. Jack Smith lives next door to the Longbotham home, and the Times-Signal editor lives next to Mrs. Smith. Whoopee for the Smiths!

BUILDING RANCH HOME

Senor Victoriano Antonio Acosta, architect and builder from Mexico City, is building for Dan M. Gibson a very commodious rock ranch home on the Cunningham and Gibson ranch. The house will follow the Spanish type of architecture and will be distinctive in appearance.

The Willing Workers Epworth League Union will meet at the Snyder Methodist Church Sunday afternoon at 3 o'clock.

KIRK OIL & TIRE CO. SAYS: "FILL 'EM UP"

Manager R. O. Parker of the Kirk Oil & Tire Company, whose place of business is on West Bridge Street, is telling the folks in a big Sinclair Oil ad to "fill 'em up" (meaning your automobile) before taking the regular Fourth of July trip. Mr. Parker would appreciate the matter of readers would read his ad this week.

GONE FISHING

"Chunk" Smith, "Ick" Wallace, Maurice Brownfield, O. O. Harris and the celebrated "Hard-head" Claude Willis of Lamesa left Tuesday morning for a fishing trip with no destination announced. That fish somewhere are bound to suffer was made evident with the complete preparations that the boys made before leaving. Roy Strayhorn was supposed to go along, but the crowd seemed at ease as they stood.

67,500 TIN CANS AT HERMLEIGH

Hermleigh citizens under the leadership of L. M. Lewis recently held a tin can clean-up and 67,500 were counted, according to the Hermleigh Herald. Prize winners were J. R. Mims, first, $5; Smith Bros., second, $3; Arthur Corley, third, $2; and Conway Peterson, fourth, $1.

WHAT ABOUT THIS, PAT?

A story comes out of Hermleigh that County Supt. Pat Bullock recently essayed to pitch a game of baseball there against Maryneal. The score was 13 to 3 in favor of Maryneal, and we are wondering what became of Pat's famous fast ball. Friends tell us "he left it at home on the shelf."

PAINFUL INJURY

Gay McGlaun was painfully injured one day last week when an oil barrel fell on his leg, badly injuring his left knee, tearing the ligaments and muscles loose. Mr. McGlaun is now on crutches and expects soon to be hobbling around on both feet.

LOCAL INFORMATION

The little city of Garland has a "Greeters Committee." The members call on the new families that move to town and make them heartily welcome and then turn them over to a Good Will and Information committee. Greetings are fine and good will is finer, but this information thing has rather a "jubus" sound. Every town has its own self-appointed information committee and what it can tell about the resident citizens is a plenty. The way skeletons emerge from closets and rattle their dry bones when this committee gets going is just too bad. The new citizens will get plenty of information in due time. No use to rush matters.—Grand Prairie Texan.

"Ain't" that the truth?

MASONIC MEETING HELD LAST WEEK WITH LOCAL BODY

On reaching Snyder Tuesday afternoon of last week to conduct a Masonic educational meeting for Masons of District No. 79, of which J. R. Shepherd of Colorado is district deputy grand master, Wilbur Keith of Dallas and Albert Ellis of Wichita Falls were met by J. Monroe and Warren Dodson as representatives of the lodge. The two visiting Masons came to Snyder from Seymour by way of Stamford, where they were guests of a joint meeting of the Stamford and Abilene Rotary Clubs for lunch.

A. C. Alexander, newly installed worshipful master of the Snyder Lodge, and Dr. J. G. Hicks, retiring worshipful master, and Sam Wilburn, junior warden, together with Messrs. Monroe and Dodson, took an active part in making the educational program a success.

After an explanation of the use of the study course in Masonry through the three volumes on the symbolism of the three degrees presented to the initiates by the grand lodge through the committee on Masonic education and service, Mr. Keith gave an illustrated historical lecture on Masonry. During the course of the address special references were made to the activities of the Masonic patriots during the early days of the American revolution.

The story was brought down to date in so far as it affects Texas Masons since the birth of the order during the days of the Republic. Masons were present from fourteen different Masonic lodges in West Texas and a number of lodges from a greater distance. The district lodges included representatives from Colorado, Ira, Dunn, Hermleigh and Loraine.

FINE WORK, GRAHAM

The Times-Signal rejoices with the citizens of Graham and their sterling newspaper, the Leader, in the news that they will dedicate a new airport July 13th and 14th. Editor Kelly of the Leader there was one of the original West Texas boosters for aviation, and with the recent completion of a lake containing two billion gallons of water, amphibian planes may also "sit down" at Graham.

There isn't an exchange that comes to the Times-Signal desk that has any more "get-up-and-go" in it than the Leader, and Graham should feel mighty proud of its newspaper and its editor.

The fact that the West Texas Press meets July 12 and 13 is no reason why Editor Kelly is going to be excused from attending the Sweetwater meeting, however.

THRANES ARE ENJOYING STAY IN EXCELSIOR SPRINGS

A letter from O. P. Thrane at Excelsior Springs, Mo., Monday stated that they were enjoying their vacation and expected to return to Snyder about the middle of July.

Quoting Mr. Thrane's letter, he said:

"Am keeping in touch with everything at home and we are enjoying the weekly visits of the Times-Signal, the best anywhere.

"I regret that we have had no rain since we left, and although I have full confidence in our getting an abundance of rain just a little later, it would be most acceptable now. I do hope the cotton is standing the gaff. There is plenty of time for feed, as we are expecting lots of rain in July, August and September.

"It rains here nearly every day and has been delightfully cool during our entire stay.

"We hope to sandwich in a few days visit to home folks at Chenoa, Ill., before returning."

Both Mr. and Mrs. Thrane sent regards to Snyder friends.

SNYDER AND LAMESA YOUNG FOLYS HOLD MEETING AT GAIL

Thursday evening the young people of the Church of Christ of Lamesa met the Snyder Church of Christ young people on half-way ground, Gail, for a picnic. There were 34 from Snyder including W. M. Speck, their minister, and 53 from Lamesa including J. D. Boren, the Lamesa Church of Christ minister, making a total of 87 in all.

An interesting program was rendered by both Snyder and Lamesa. There was a abundance of good things to eat, together with ice cold lemonade.

SMALL FLOCK OF SHEEP GOOD ASSET HERE

A small flock of sheep on the farm is gaining in favor on the plains of northwest Texas, says The Earth. As an instance farmers around Farnsworth in Ochiltree County have increased their sheep number to a total of about 10,000 head. "This section peculiarly is adapted to sheep raising," says F. P. Rogers, president of the First National Bank of Perryton. Mr. Rogers has taken much interest in getting the farmers to take on sheep. "A small bunch of sheep on each farm," Mr. Rogers continued, "will contribute more to the upbuilding of the community than any other one thing. Sheep can be grown economically here, for they can salvage all waste grain from the wheat fields and pasture upon weeds that make their appearance during the summer and keep the fields clean until time to sow winter wheat."

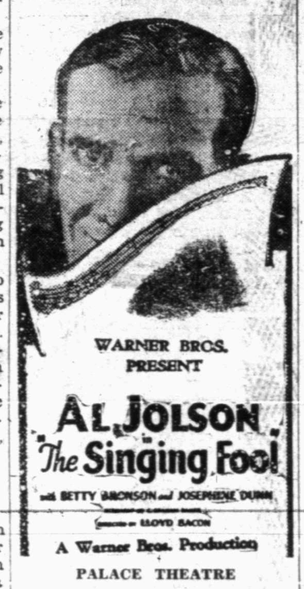

William's Specialty

Johnnie had a billie goat
That made folks flit and flutter;
He was not much on milk or cream,
Yet made a classy butter.

Flyers Dictionary

Aviators have a new term for leaving their ships by parachute. They call it "walking out on the back porch and opening an umbrella."

"Miles of Smiles with Rain!"
"You'll Like Snyder."

to TEXAS

young men and women who wish to conquer the world... *we recommend Texas*

TEXAS NEEDS YOU, wants you! Her resources await the magic touch of your youth, vision, courage and boundless energy to bring them to full fruition.

Look the whole world over and you will find nowhere a more thrilling, more romantic, more substantial combination of opportunities than Texas has to offer you. Whatever training you may take—engineering, finance, journalism, economics, science, business, industry, agriculture—Texas presents an array of potential avenues for your broadest development.

In return for all that you bring to your tasks in Texas, she will repay you in fullest measure. Wealth, happiness, men and women associates of world significance—all that youth could ask in its wildest flights of ambitious dreaming, Texas supplies with lavish hand. Opportunities on every hand for making a name for yourself, carving that idealized niche in the hall of fame which is the priceless birthright of every Texas youth. Stay in Texas and Texas will stay with you.

For the past several years the Texas Electric Service Company has served a large number of Texas cities and towns with electric service. We intimately understand the boundless opportunities which Texas has for young men and women with college background. We urge you to stay in Texas and work, as we have worked, for the development of the mightiest empire in all America—Texas.

CITATION BY PUBLICATION

THE STATE OF TEXAS,

To the Sheriff or any Constable of Scurry County—Greeting:

You are hereby commanded to summon W. T. Skinner and Katie Skinner and the unknown heirs of W. T. Skinner and Katie Skinner by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 32nd Judicial District, to appear at the next regular term of the District Court of Scurry County, to be holden at the Court House thereof, in Snyder, on the second Monday in July, A. D. 1929, the same being the 8th day of July, A. D. 1929, then and there to answer a petition filed in said Court on the 5th day of June, A. D. 1929, in a suit, numbered on the docket of said Court No. 2551, wherein Ernest Taylor is Plaintiff, and W. T. Skinner and Katie Skinner and the unknown heirs of W. T. Skinner and Katie Skinner are Defendants, and said petition alleging: Plaintiff would show to the Court that on the first day of June, 1929, Plaintiff was and still is the owner in fee simple of the following described premises situated in the County of Scurry and State of Texas and described as the North One-Half of Lot No. 1, in Block No. 24, of the Blankenship Addition to the Town of Snyder in Scurry County, Texas.

That on such day the Plaintiff was also in possession of said premises; and afterward on the 3rd day [illegible] the Defendants unlawfully entered upon and dispossessed him of said premises and with-hold from him the possession thereof.

Plaintiff further alleges that he and his predecessors in title have held, used and enjoyed said premises for more than ten years prior to June 1, 1929, and that by reason of such possession, use and enjoyment Plaintiff is vested with a fee simple title to said property by virtue of the 3, 5 and 10 year statutes of the State of Texas.

Wherefore, Plaintiff prays that the Defendants be cited to answer this petition and that Plaintiff have judgment for the title and possession of the above described premises, for his damages, for costs of suit and for such other and further relief as he may be entitled to at law or in equity.

Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Snyder, Texas, this, the 5th day of June, A. D. 1929.

(Seal) LOUISE E. DARBY,
Clerk, District Court,
51-5tc Scurry County, Texas.

NOTICE TO BIDDERS AND CONTRACTORS

Bids will be rebeived by the Commissioners Court of Scurry County at any time up to 10 a. m. Monday, July 15th, 1929, on furnishing materials for and construction of a bridge on Rough Creek about 20 miles northeast from the town of Snyder, Texas, said bridge to consist of one steel span 70 feet in length, three 20-ft. spans. All material and labor to be furnished. All material to be delivered at Snyder, Texas, Scurry County to haul all material to location for bridge.

Said bid shall be sealed and delivered to the County Clerk of Scurry County and shall be accompanied by a certified check in the amount of 5 per cent of the amount of said bid.

HORACE HOLLEY,
Presiding Officer,
52-5tc Commissioners Court.

CITATION BY PUBLICATION

THE STATE OF TEXAS,

To the Sheriff or any Constable of Scurry County, Greeting:

You are hereby commanded to summon A. S. Williamson, Minnie Williamson, J. B. Bush, Beulah Bush, J. P. Sims, J. B. Moorhead, and D. S. Goble, and the executors, administrators, heirs, and the heirs of the heirs of said A. S. Williamson, Minnie Williamson, J. B. Bush, Beulah Bush, J. P. Sims, J. B. Moorhead, and D. S. Goble, the places of residence of all of whom is unknown, and the names of said executors, administrators, and heirs is unknown, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to be and appear at the next regular term of the District Court of said Scurry County, to be holden at the Court House thereof, in the City of Snyder, on the second Monday in July, A. D. 1929, the same being the 8th day of July, A. D. 1929, then and there to answer a petition filed in said Court on the 5th day of July, A. D. 1929, in a suit, numbered on the docket of said Court as No. 2553, wherein W. M. Walton is Plaintiff, and A. S. Williamson, Minnie Williamson, J. B. Bush, Beulah Bush, J. P. Sims, J. B. Moorhead, D. S. Goble, their executors, administrators, heirs, and the heirs of their heirs, are Defendants, and said petition alleging suit in trespass to try title, and pleading both the statute of ten year limitation and five years limitation, alleging that on January 1st, 1929, plaintiff was in peaceable adverse possession of 180 acres, more or less, of the East ½ of Section No. 183 in Block 97 of the H. & T. C. Ry. Co. surveys in said Scurry County, Texas, and being all of the E. ½ of said section 183, except 40 acres in the form of a rectangle 800 varas long, north and south, by 282¼ varas wide, east and west, and lying in the S. W. part of said East ½ section; also the S. W. ¼ of Section 184 in said block 97 of the said H. & T. C. Ry. Co. surveys in said Scurry County, Texas, containing 160 acres of land more or less;

Herein fail not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Snyder, Texas, this the 5th day of June, A. D, 1929.

(Seal) LOUISE E. DARBY,
Clerk, District Court,
51-4tc Scurry County, Texas.

CITATION BY PUBLICATION

THE STATE OF TEXAS,

To the Sheriff or any Constable of Scurry County—Greeting:

You are hereby commanded to summon the executors or administrators of the estate, and the heirs, and the heirs of the heirs of Joseph W. Orpe, deceased, whose names and places of residence are alleged to be unknown to plaintiff, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Scurry County, to be holden at the Court House thereof, in Snyder, on the 2nd Monday in July, A. D. 1929, the same being the 8th day of July, A. D. 1929, then and there to answer a petition filed in said Court on the 5th day of June, A. D. 1929, in a suit, numbered on the docket of said Court No. 2552, wherein Tiny Ormon, joined pro forma by her husband, T. E. Ormon, is Plaintiff, and the heirs and heirs of the heirs of Joseph W. Orpe, deceased, and the executors or administrators of his estate, whose names and places of residence are alleged to be unknown to plaintiff, are defendants, alleging:

Trespass to try title and possession of South 249 feet of Block No. 107, in town of Hermleigh, Scurry County, Texas, as shown by plat of said town, in Book 19, page 432, deed records of said Scurry County, said land shown in deed from G. W. Mayo and wife to Joseph W. Orpe, recorded in Book 28, Page 394; AND Farm Lots 117 and 118, Subdivision A, of Homeville Association sub. of part of Porcion Number Seventy-seven, as per plat thereof, recorded in Vol "O" at page 208, deed records of Hidalgo County, Texas, as conveyed to said J. W. Orpe, shown recorded in Book "O" deed records of Hidalgo County, Texas; title to which lands plaintiff holds in fee simple;

Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Snyder, Texas, this, the 5th day of June, A. D. 1929.

(Seal) LOUISE E. DARBY,
Scurry County, Texas.
51-4tc Clerk, District Court.

AN ORDINANCE PROVIDING FOR A TWO HOUR PARKING LIMIT FOR ALL VEHICLES PARKED NEXT TO THE CURB ON THE PUBLIC SQUARE OF THE CITY OF SNYDER, TEXAS.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SNYDER, TEXAS:

Sec. I. From and after the passage and advertising of this ordinance, it shall be unlawful for any vehicle, whether the same be motor or otherwise drawn, to remain parked in the same parking space, continuously for more than two hours, provided however, the above shall apply only to the parking spaces around the outside curb of the public square of the City of Snyder.

Sec. II. The provisions of Section I shall not apply between the hours of 8:00 P. M. and 6:00 A. M.

Sec. III. Any person violating this ordinance shall be fined not exceeding twenty-five dollars.

Sec. IV. The fact that there are no adequate ordinances to regulate the parking of automobiles and other vehicles around the outside curb of the public square of the City of Snyder, Texas, creates an emergency and a public necessity, demanding that the rule requiring ordinances to be read at more than one meeting of the Council be suspended and that this ordinance become effective immediately.

Passed to its first and final reading and finally adopted this the 4th day of June, 1929.

Approved this 4th day of June, 1929.

H. G. TOWLE,
Mayor of the City of Snyder, Texas.
Attested:
A. C. PREUITT,
Secretary of the City of
Snyder, Texas. 3-2tc

PRIVY ORDINANCE

An ordinance to provide for the installation, construction, regulation, maintenance, inspection and operation of privies in the City of Snyder, Texas, and area of police jurisdiction thereof; and to provide a penalty for the violation of said ordinance, or any section thereof.

BE IT ORDAINED by the City Council of the City of Snyder, Texas, as follows:

Section 1: That on and after August 1st, 1929, it shall be unlawful for any person, firm or corporation to own, maintain, or operate in the City of Snyder, Texas, or in the area of police jurisdiction thereof, a privy, or dry closet for the reception of human excreta, unless said closet is built, rebuilt, or constructed as hereinafter provided.

Section 2. It shall be unlawful for any person, firm or corporation to permit a privy or dry closet of any kind or description for the reception of human excreta, to be maintained or exist upon any property in the City of Snyder, Texas, or within 150 feet of the public sewer system of said city, and provided, connection is physically possible.

Section 3. It shall be unlawful for any person, firm or corporation to throw out, deposit or bury within the City of Snyder, Texas, or in the area of police jurisdiction thereof, any excreta from human bodies, solid or liquid, or to dispose of such excreta in any manner other than into a properly sewered water closet or a properly constructed sanitary privy.

Section 4. It shall be unlawful for any person, firm or corporation to construct, maintain, or permit a privy to exist on any property or properties under their control where sewer connection has not been made, unless said privy is of an improved sanitary type constructed as hereinafter provided.

Section 5: Minimum requirements of an improved sanitary privy are that it shall be so constructed, built or rebuilt that:

(a) The excreta deposited therein shall not fall upon the surface of the ground, but enter into a compartment or an excavation in the ground.

(b) The contents of said compartment or excavation shall be inaccessible to flies, fowls, or small animals at all times.

(c) The compartment shall consist of an excavated chamber conforming to the following dimensions:

Width inside curbing, not less than 2½ feet,

Length inside curbing, not less than 3½ feet,

Depth from ground surface not less than 5 feet.

Where necessary to prevent caving the compartment shall be provided with a box curbing extending from the top downward to the first stratum of clay.

(d) Over the pit shall be placed a metal slab and a fly-tight metal riser fitted with a suitable wooden seat and cover. The pit shall be ventilated by a metal pipe not less than 3 inches in diameter, extending from the pit to 8 inches above the roof of the building and screened at the top and bottom with 16 mesh screen wire. Approved metal slabs and risers with standard toilet seats shall be furnished to the property owners and citizens of the City of Snyder, at sixty-five cents per [illegible] a discount of fifteen cents per month if paid for a period of 3 months in advance.

Section 6. Proper sizes and methods of construction shall conform to the following sizes which will render this ordinance effective: Pit must be at least 5 feet deep, 2½ feet wide, sloping to a width of 2 feet at the bottom, with a length of at least 3½ feet.

Section 7. All sanitary privies in said City of Snyder, Texas, and area of police jurisdiction thereof, shall be kept in a clean condition at all times, and lids closed at all times when not in use, and so used that all excreta deposited therein will fall in the pit provided. Such pit shall be used only for the purpose of a privy and no wash water, garbage, or other refuse matter other than human excreta shall be deposited therein.

Section 8. In case the pit should cave at any time, it must be repaired promptly by the owner. All repairs necessary to make the pit fly-proof shall be made whenever needed by the owner.

Section 9. All privies existing or maintained in the City of Snyder, Texas, or area of police jurisdiction thereof, after the date on which this ordinance takes effect, which do not conform to the requirements shall be, and are hereby declared a nuisance, dangerous to the public health and the City of Snyder, Texas, shall proceed to abate such nuisance in accordance with the law, or in accordance with the ordinances of said City of Snyder, Texas.

Section 10. The local health or sanitary officer of the City of Snyder, Texas, or his duly authorized assistant shall personally inspect all privies in the City of Snyder, Texas, and area of police jurisdiction thereof. The health officer or duly authorized assistant is hereby empowered to enter all premises in the discharge of his duty at any reasonable hour during daylight.

Section 11. Any person, firm or corporation who violates or refuses, or fails to comply with any of the provisions of this ordinance in the City of Snyder, Texas, and area of police jurisdiction thereof, shall be punished by a fine not exceeding $100.00.

Section 12. All ordinances or parts of ordinances in conflict with this ordinance are hereby repealed.

Approved: H. G. TOWLE,
Mayor,
Attest: A. C. PREUITT, Clerk.
July 1, 1929. 3-2tc

BULL CIRCLE HEIFERS OUTDOING THEIR MOTHERS

Heifers sired by circle bulls in Texas are beginning to come fresh and in most cases are giving from 25 to 50 per cent more milk than their grade mothers, so reports from several county agents show. One of the heifers sired by a register-of-merit bull in Falls County gave an average of 42 pounds of milk daily for the first 35 days after calving. She belongs to Jess Herridge who states that at the current price of 53 cents per pound butterfat paid by the locan condensory, this young heifer is producing $34 worth of milk monthly. Her mother was just an average grade cow.

Several bull circle heifers just fresh in Scurry County are reported to be producing 25 to 33 per cent more milk than their dams, and in Jones County two such heifers are giving 3½ and 4 gallons of milk daily, which is said by their owners to be a decided increase over their mothers' production.

TEXT OF THREE SPEAKERS

At Concordia, Kansas, three stations on the same wave length resulted in the following stations over the radio:

"The Old Testament tells us that baby chicks should detour one mile south of Salina and listen to the word of the prophets. After passing through Leavenworth, turn north to Jerico. A bond issue is being talked of in the Holy City."

The radio fan discovered that one radiocaster was a minister, one a man giving condition of the roads, and the other a lecturer on poultry.

Die when I may, I want it said of me by those who knew me best, that I always plucked a thistle and planted a flower where I thought a flower would grow.—Abraham Lincoln.

Three Chicago women found Geo. Ryan robbing their home and marched him to the police station.

WHY INDEED?

In going through a little mountain town during a recent motor trip, I saw in an undertaker's window the following arresting sign: "Why walk around half dead when we bury you for $37.50?"—Texas Outlook.

Brown GUARANTEED Puncture-Proof TUBE

IT IS THE TUBE THAT HOLDS THE AIR

This wonderful tube is guaranteed for one year against deflation from tread punctures. This guarantee means replacement with a new tube at no cost.

The greatest advance in tube manufacture since the first pneumatic tube was made.

Laying Ghosts

THERE are some obstinate ghosts which, like that of Hamlet's father, will not down, in spite of all the weight of evidence that further apprehension of them is groundless. A modern specter of this sort is the fear of canned foods, a spirit which originally stalked abroad because of some imperfections in the early methods of canning which have long since been overcome. This fear still persists, however, to some extent in certain quarters in spite of the billions of cans of food which are sold and eaten every year.

This ghost takes the form of fears that the process of canning may destroy essential vitamins, or that canned foods are in some way less safe, wholesome and nourishing than fresh foods. It should have been laid a long time ago, if the consuming public has any faith in our scientists. These erudite men are the chief emulators of Hamlet when he urged on his father: "Rest, rest, perturbed spirit!" One of the most recent attempts to lay this ghost was made by no less an authority than "Hygeia," the popular health magazine published by the American Medical Association which is always in the van and forefront of every movement looking toward the betterment of public health.

Canning Preserves Vitamins

An article by Dr. E. F. Kohman in this publication states that recent scientific investigation has shown that the loss of vitamins during the cooking of foods is really due largely to oxidation (this means the act of uniting with oxygen, a colorless, tasteless and inodorous gaseous element existing in large quantity in the air) and that the heat of cooking merely hastens the oxidation.

"In canning," the article states, "this oxidation is effectively avoided, and hence commercially canned foods have been found to be richer in vitamins than home cooked foods."

The article then goes on to compare the vitamin content of canned products with that of raw fruits and vegetables which have been held in storage.

Canned Foods Hold Vitamins

"Raw fruits and vegetables," Dr. Kohman writes, "have been found to lose their vitamins on storage. Peas held in the pods for six days in a cool place, although still excellent in appearance, had lost some of their vitamin content. Apples held in storage from October to April and May—a normal period for the variety used—lost half their Vitamin C. Apples canned in October from the same lot still had their original vitamin content eight months later when tested.

"Canned tomatoes and canned spinach have been tested three years after canning and no evidence was found that the storage of canned foods results in any appreciable loss of vitamins. In fact, the canned tomatoes after three years were as rich in vitamins as raw tomatoes. Hence the tomatoes lost no appreciable amount of their vitamins either on canning or subsequent storage. Canned strawberries were tested sixteen months after canning and found equal in vitamin content to raw strawberries purchased daily off the New York markets when this fruit was in season."

"Sound, Wholesome and Safe"

The best answer to the other apprehensions caused by this so-far unlaid ghost is contained in the recent report of the Committee on Fruits, Vegetables and their Products, of the American Public Health Association.

"Canned foods," it said, "are cooked in hermetically sealed containers which prevent recontamination until opened. The nutritive and calorific values of the same fruit or vegetable, fresh or canned, are essentially the same.

"Canned foods, whether prepared in the home or in commercial canneries, regardless of the type of container, are sound, wholesome and safe. Their continued use is commended. The advantages to the American health from the use of canned foods in the diet can hardly be overestimated. . . . The nation may have faith in its canned foods."

when they say so, you can depend on it!
