THE JUNCTION EAGLE

Volume XXXIX. Junction, Kimble County, Texas, Friday, March 16, 1923. Number 46.

HOLDS ONE OF TOUGHEST JOBS IN EUROPE.

Commandant Filippi, Chief of the Ruhr Customs established by the French, ready to take over authority and collect money from reluctant and obdurate creditors.

FOUR CANDIDATES HAVE ANNOUNCED FOR SENATE

Since last week the information has been received that four candidates are now in the race to succeed Senator Dudley, who was recently elected Mayor of El Paso.

The fact that the Governor has called an extra session to convene this week, makes the necessity of a senatorial election in this district problematical, as there will be no need for a successor for Senator Dudley, should no other extra session be called.

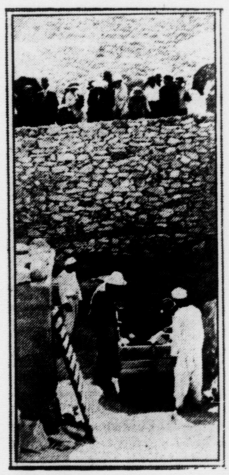

The four gentlemen are, J. E. Quaid, present representative from El Paso; G. C. Morris, former member of the 37th Legislature from Devine, who introduced the Governor's amendment to the Dean Law; Walter Jones, member of the Legislature from Del Rio; and Dr. B. F. Berkley, mayor of Alpine and wealthy and prominent citizen of that section. It is reported that B. J. Stewart, present representative from this district, who has become known for introducing bills, such as the anti-tobacco bill, one to abolish the Livestock Sanitary Commission, and a Nuisance Tax measure, all of which failed to pass, will make the race also. In the words of Editor Dollihite of the Rocksprings Leader, Representative Stewart is one of the rising young statesmen, and if there ever was a time in the history of Texas, when we need statesmen, especially in the Texas Senate, it seems to be at the present.

Seriously, this large district ought to have a capable man to represent it at Austin, and the voters of this district will likely take considerable interest in the senatorial contest, should a special election be called.

*

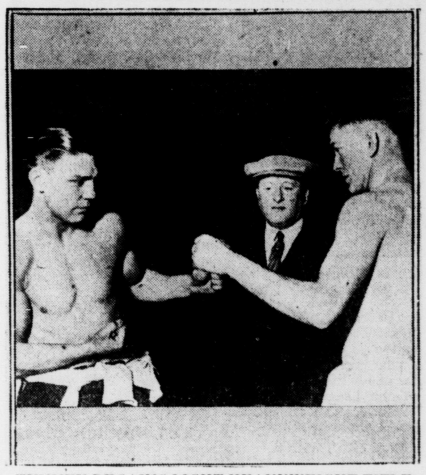

W. P. Riley left for San Antonio last Saturday and will go from there to El Paso, where he will attend the Texas-Southwestern Cattlemen's convention there this week.

Leslies Allen and wife who have been living at Eden for the past year or more are now in Junction. Mr. Allen will be with his father at the Allen Produce Co. Within the next few days he will move his household goods from Eden here.

ODDFELLOWS TO HAVE CELEBRATION IN APRIL

The Local I. O. O. F. Lodge Will Stage a Big Day in April at Schreiner Park in Honor Of 104th Anniversary of Order.

The following has been received from one of the officials of the Oddfellows Lodge and every one will be looking forward to this, the first barbecue of the year.—Editor's Note.

"Junction Lodge, No. 788, I. O. O. F., will entertain their fellowship, friends and families on Thursday, April 26, 1923, in celebration of the 104th anniversary of the establishment of Odd Fellowship in the United States of America.

Pursuant to a long established custom among Odd Fellows, they will endeavor to entertain their friends on this date, in evpart of the Globe, where property and life are protected by the United States Government.

You are invited to attend and be the guest of Junction Lodge No. 788, I. O. O. F. on the date above mentioned, at Schreiner Park in Junction, "The Heart 'o the Hills." Come and be with us on that date, and if you are not entertained and fed to your heart's content, we pay the bill.

"A special invitation is extended to Confederate soldiers, Daughters of the Confederacy, G. A. R. and their wives. We expect to especially provide for your entertainment.

"All members of the Lodge are especially urged to co-operate with the following committees in thier work:

General Committee—Lee Lowry, chairman; Joe Ramsey, Alex Wahl, Hilry Henderson.

Sustenance Committee—C. T. Baker, Chairman; Wilson Buster, Frank Bissett, Carl Tibbitt.

Amusement Committee—Carl M. Wolf, Chairman; Wm. Murrah, S. O. Durst.

There will be speakers, races, roping, rodeo, and all you can eat. The program will appear later.

Mrs. Bailey had the Eagle sent to her daughter, Mrs. B. D. Thomas of Harrison, Arkansas. Mrs. Bailey is makng her home with her daughter, Mrs. I. S. Folly.

COUNTY WOLF CLUB MET LAST SATURDAY.

Citizens of the county interested in organizing a permanent Wolf Club met at the Court House last Saturday for the purpose of perfecting an organization. A good crowd was present and much interest was evident, especially from sections of the county where depredations of wolves and cats are most noticeable. A large number of citizens from the east end of the county came over and were present at the meeting.

The petitions circulated provided that a minimum of 400,000 acres should be secured before steps would be taken to perfect the organization, and begin collecting the ½ cent per acre to pay bounties on wolf and cat scalps.

It developed at the meeting that this amount of acreage had not been pledged in support of the organization. Some wanted to go on with perfecting the club and were in favor of raising the assessment to 1 cent per acre, but it was felt that some who had signed the pledge would not want this raise and after discussino, it was decided to defer action and make an effort to get the whole 400,000 acres subscribed by the time set for another meeting which will be held at the Court House in Junction on March 31st.

*

DESIRABLE CHANGES ARE MADE IN SHERIFF'S OFFICE.

A complete re-arrangement of the sheriff's office was made last week, which has made that office, used by the sheriff and the Treasurer, much more attractive and convenient. Sheriff Gibbs can now enter his part of the office, separated by a partition, through either the north or east door, and Mr. Browning has a better place to work undisturbed by persons coming in to see the sheriff and tax collector.

FRISCO---I. & G. N. MERGER BILL PASSES

Law Allowing the Frisco to Take Over and Operate the I. & G. N. and Four Other Texas Roads, up to Governor.

Last Friday the House finally passed the Frisco-I. & G. N. merger bill and on Tuesday of this week the bill passed the Senate, and is now up to the Governor for his signature to make it a law. Should the Governor sign this bill, the Frisco will be permitted to purchase and absorb the I. & G. N., the Fort Worth & Rio Grande, the Paris & Great Northern, the Brownwood, North and South, and the Quanah, Acme and Pacific railways.

On account of the fact that the Fort Worth and Rio Grande handles by far the majority of the freight coming to or going from this section, this bill is of much interest here. The real interest is from the fact that with the consolidation, numerous extensions are being talked of. One of these extensions may materially effect Junction.

The San Antonio delegation in the House undertook to add an amendment hereby the Frisco would be required to build from Brady to San Antonio via Mason and Fredericksburg, but the amendment was lost.

When B. F. Yoakum was the head of the Frisco, it is stated that he contemplated this extension of the Fort Worth and Rio Grande, which is a subsidiary of the Frisco system.

Numerous newspaper stories have appeared during the past few days regarding the above mentioned extension, but from a study of these articles, it would appear to any one giving the matter any thought, that the writers of such articles know very little of what they are trying to tell. Most of them have stated that the terminus of the S. A. U. & G., was Kerrville, which, as is well known, is not the case.

With the taking over of the I. & G. N., the Frisco will have a direct route from the north to San Antonio. It would not be creditable to think that this system would want two roads leading north from the same section of the country.

From what seems to be a rather reliable source, comes the information that the Frisco, if any extensions in this part of the State are made, will build a road to connect with some of the larger railway systems of Old Mexico. They now have no such arrangement and it seems logical that this extension would be made from the nearest point to the border, providing that the new road would pass thru a territory not already served by a railroad.

It has been rumored that this extension may be made from Menard, but in he event such extension is made, there are numerous routes which it might take.

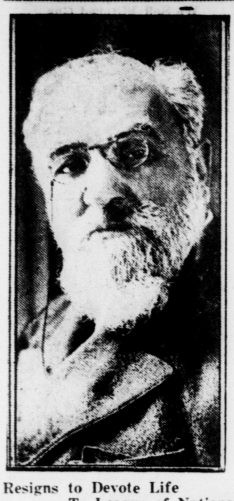

At any rate there is a possibility of this proposed extension coming by Junction. The value of a railroad to this county cannot be estimated, and the fact that Junction is already the most enterprising town of its size in Texas, bids fair to current speculation as to its growth should a railway make it possible to develope the vast natural resources.

*

MASS MEETING TO BE HELD FRIDAY NIGHT.

Last week it was announced that more would be said about the election that has been called for voting a bond to erect a new school building here, but nothing further will be published until after the mass meeting which is called for tonight at the Hankins-Riley Hall, when a general discussion of the question will be heard.

It is to the interest of every patron and citizen to attend this meeting and to thoroughly discuss the matter. No one can deny that Junction needs a new building, but just how the funds are to be secured for erecting it will have to be decided.

Resigns to Devote Life To League of Nations.

THE KNOCKER'S WAIL.

I believe nothing is right.
I believe everything is wrong.
I believe that I alone have the right idea.

The town is wrong, the editor is wrong the teachers are wrong the preachers are wrong, the people are wrong, the things they are doing are wrong, and they are doing them in the wrong way anyhow.

I believe I could fix them, if they would let me. If they don't let me I will get a lot of other fellows like myself and we will have a law passed to make others do things the way we want them done.

I do not believe the town ought to grow. It is too big now.

I believe in fighting every public improvement and in spoiling everybody's pleasure.

I am always found in the front in opposing things and never yet have I advanced an idea or supported a movement that make people happier or add to the pleasure of man, woman or child.

I am opposed to fun and I am happiest at funerals.

I believe in starting reforms that will take all the joy out of life.

It is a sad world, and I am dam glad of it.

W. H. CAVANESS & SON GARAGE

STORY TOLD BY A DOLLAR.

I am a dollar! A little age worn, perhaps, but still in circulation. I am no tomato can dollar, not I. This is only my adopted home but I like it and hope to remain here permanently. When I came out of the mint I was adopted by a town like this in another state, but after a time, I was sent off to a big city, many miles away. I didn't xlike that because I believe in plain people. Finally a traveling man brought me to this town and left me here. I was so glad to get back to a smaller town that I was determined to stay. One day a citizen was about to send me back to that big city. I caught him looking over a catalogue. Suddenly I found my voice and said to him: "Look here! If you'll let me stay in this town I'll circulate around and do a lot of good. You buy beef steak with me and the butcher will buy groceries and the grocer will buy hardware; the hardware man will pay his doctor bill, the doctor will spend me with the garage man, the garage man will pay me out to his mechanics and the mechanics will come around to the dentist to have his teeth mended. In the long run, as you see, I will be more useful to you here at home than if you send me away forever."

The man said it was a mighty stiff argument. He hadn't looked at it in that light before, so he went and bought the beefsteak and I began to circulate around home again. Now, just suppose that all the other dollars were kept in circulation right here at home, you would see the town thrive and grow. Honest, ain't it right?—Yorktown News.

"BLINDFOLD WIZARD" HITS STEPHENS COMMUTATION.

In a letter written on February 25, the contents of which were kept unrevealed until after the final dsposition of the Stephens case by Governor Neff, Hayward Thompson, the man who drove an automobile blindfolded from Austin to Georgetown, predicted that the San Antonio man, convicted of murder, would not have to pay the death penalty to which he had been sentenced. An account of Thompson's prediction appears in the San Antonio Express as a sequel to the announcement by Governor Neff two days ago of the commutation of Stephens' death sentence to life imprisonment.

"Inconceivable as it may seem," says Thompson in his letter written ten days before the Governor's action, "I predict that Stephens now confined in the death cell of the Bexar County jail, will not hang on Friday, March 9. Hold this if you desire until after March 6."

BOUNTY ON WOLVES RAISED TO $20 BY CLUB.

At a meeting of the McCullough County Wolf Club the past week, it was decided to raise the bounty on wolves from $10 to $20, this special offer to hold good for the next sixty days.

It was stated that the growing scarcity of the animals and the difficulty encountered in trapping them led to the special offer and it is believed that this will cause them to be pretty well cleaned up during the next sixty days.—Brady Sentinel.

KOTHMANN TO FT. WORTH WITH CATTLE FOR SHOW.

Elgin O. Kothmann, Hereford breeder and owner of the Premier ranch, is in attendance at the stock show being held in Ft. Worth this week, and has four of his fine Herefords there on exhibition. Mr. Kothmann had the cattle shipped last week and his herdsman, Draper Green, accompanied them. Elgin states his cattle are not in the very best of condition for show purposes, but the animals he has on exhibition are representative ones taken from his splendid herd of registered Herefords and they represent the most popular blood lines of the breed.

Mr. Kothmann has been a breeder of registered Herefords for a number of years and his fine cattle have become so well advertised that he enjoys a good demand for his young bulls, and it is believed the animals he has taken to Ft. Worth will find a ready sale if he desires to sell them at this time.—Mason Co. News.

ABILENE TO BUILD BIG COTTON MILL.

Announcement is made here that construction work on a new modern fireproof cotton oil mill located in the southeast portion of the city, will start just as soon as material can be gathered together.

A deed citing a consideration of $4,000 transferring Lot One, Block 190, which is a tract of land 530 feet square, just west of the Abilene and Southern work shops, and on the Abilene and Southern railway tracks, from the Kauffman Oil Mill Company, Kauffman, Texas, to Wooten and Simmons, of Chickasha, Oklahoma, has been filed with the county clerk.

Messrs. Wooten and Simmons are large oil mill operators, owning mills in numerous places in Texas and Oklahoma, including Sweetwater, Hamilton, Rule, Dallas and other places, perhaps twenty mills. They also are interested in numerous gins thruout Oklahoma and Texas.

The mill building in Abilene, plans of which have been accepted, will be constructed of concrete and brick, and the seed houses will be built of steel frame. The machinery will all be of the most modern and efficient type of oil mill machinery. R. K. Wooten of the firm lives in Chickasha, Oklahoma, while R. M. Simmons is living in Sweetwater and looks after the firm's interest thruout Texas. The investment, when completed, will approximate $200,000.—San Angelo Standard.

THE NEW TARLETON COLLEGE DIPLOMA.

Dean J. Thomas Davis of the Tarleton College was in Dallas last week-end on college business. On his return home, he stopped over in Arlington to discuss with Dean Williams of the Grubbs Vocational College, the new form of diploma that will be presented this June by Grubb and Tarleton. You may be interested to know, if you do not already know, that Grubbs and Tarleton are planning to present to their graduates, diplomas alike in form. The new diploma, however, confers the B. S. degree, as does the A. & M. College diploma, but very probably will confer a title of honor, such as "Associate in Art," or "Associate in Science," as the case may be.—Stephenville Tribune.

BRADY CELEBRATION POSTPONED TILL APRIL

The Brady Sentinel carried the announcement last week to the effect that their big celebration, "In the Days of '49," would be postponed until San Jacinto Day, April 21st. This big event was to have been held at Brady on Independence Day, but the bad weather and muddy roads necessitated the postponement. The editor of this paper had planned to attend this celebration and many others from this county would have doubtless attended, but for the rains.

The event had been widely advertised and promised to be a great day and will doubtless be an even bigger celebration in April.

The Master of the Road
Buick Seven Passenger Touring—$1435

Sweeping refinements in motor, chassis, body and equipment mark the Buick seven-passenger open car for 1923.

Re-designing has brought the car's height down several inches with no sacrifice of head-room, an entirely new cantilever spring suspension provides a degree of riding comfort unexcelled. Above the windshield is a visor of distinctive design, there is a cowl ventilator, a gasoline gauge on the dash, a rear-view mirror, a cranksmisson lock, the shifting lever has been extended. The entire car shows a completeness of equipment not to be found elsewhere within a thousand dollars of its price.

And back of these improvements stand the traditional qualities of Buick Valve-in-Head power and stability.

The seven-passenger touring is one of fourteen entirely new models at entirely new noves which Buick offers for 1923.

Prices on Light Six ---------- $1,350 Delivered

W. H. Roberts, inspector for a Cattle Loan Co., is here this week. Mr. Roberts now lives at Llano, but was in this county some time about 1882 as a Texas Ranger, with Capt. Roberts and Capt. Secor.

Among those who attended the Marsden-Johnston wedding in Kerrville last week, were Mr. and Mrs. Alfred Hodges, Mrs. C. T. Holekamp, Mrs. A. L. Mudge, Mrs. Nannie Summers, and Mr. and Mrs. L. R. Allen.

Page E. Carson, wife and little daughter, Eloise Yvonne, spent several days in Junction this week visiting friends and on business. Mr. Carson owns the stock farm on North Llano which is leased to Joe Riddle.

W. C. Kidd and wife of Castell came up last week to visit their daughter, Mrs. E. O. Lowgren, who has been ill for the past few days. Mrs. Lowgren is improving rapidly and Mr. Kidd left the first of the week. Mrs. Kidd will remain for a few days.

Church Records Wanted.

I cannot find the records of the Baptist Church back of the year 1902. Maybe you have the old church book in your home. Will you help find it?
S. F. Marsh, Pastor.

TO THE PUBLIC.

On next Sunday night, March 18th, at 8 o'clock at the Methodist Church, the pastor will preach to the Boy Scouts. The Pastor not only desires the presence of the Boy Scouts, but wants the older people of our town to be there also.

The Boy Scout organization should be one that is much alive, vigorous and aggressive; but this cannot be unless the citizenship of this place is in deep sympathy with the movement, and unless we have the best of co-operation from all of our people.

We want you to come to this service, and confidentially, we expect you to be there.

R. E. Parker,
Pastor of the Methodist Church and Scoutmaster of Troop No. 1, Boy Scouts of America, Junction, Texas.

SAVE ON TIRES!

We are anxious to have you try one or more of our Badger Cord Tires. This tire, although it has not been sold here in the past, is not an experiment. It is made by the Federal Tire people and is in every way a guaranteed standard tire. It will give you long and satisfactory service.

To introduce these tires we are going to give a liberal 15 percent discount for the next few days. Let us tell you more about them.

Remember us when you need tires, tubes, gas, oils and accessories.

HIGH SCHOOL TO GIVE PLAY ON MARCH 23RD.

The local High School will present a comedy-drama, "Back to the Farm" at Hankins-Riley Hall, Friday night, March 23rd.

This is a high class play, and strictly educational, but has plenty of humor to keep you laughing and drive away the blues.

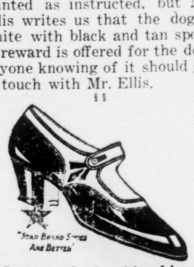

Proceeds to be used to make up deficiency in the High School athletic fund. Tell everybody and be on hand, Friday night, March 23rd.

Mrs. Quisenberry returned last week from an extended visit to her mother in Dallas.

Mrs. Nellie Hankins, Misses Lois and Blix left for San Antonio where Misses Lois and Blix will visit for several days while Mrs. Hankins will look after buying millinery supplies for the Spring season. She will probably go on to Dallas also for a few days.

Fred Largeant, credit manager for Nash Hardware Company, was here with the Nash saleman this week. Mr. Largent, who is a personal friend of E. A. Loeffler, is an enthusiastic booster for this section of the country and has made a number of trips here, both for pleasure and on business.

In a lost dog notice for Otto Ellis of Menard, the description of the dog was given as black with white and lemon colored spots. The ad was sent us by the Menard Messenger and was printed as instructed, but Mr. Ellis writes us that the dog is white with black and tan spots. A reward is offered for the dog; anyone knowing of it should get in touch with Mr. Ellis.

STATE CAPITAL NEWS

From The Austin Statesman:

S. R. DORMITORY GIRLS KEEPING GUEST BOOK.

One of the most cherished treasures at the Scottish Rite dormitory is the guest book. Every visitor to the dormitory is asked to inscribe his or her name in the book. University students have not as yet been given the privilege of inscribing their names in the guest book. "If we allowed the boys to write their names in the book each time they called on the girls, we should have to buy a new book every week or so," expained one of the chaperones.

The first name that appears in the book is that of Governor Pat M. Neff. Following Governor Neff comes President Robert E. Vinson of Varsity, and then the names of the regents of the University follow. All the foregoing names were signed with what President Vinson calls his "$3,000,000 fountain pen." Two weeks ago when Governor Neff signed the permanent building fund bill for Varsity, the governor's party had lunch at the dormitory immediately following the signing of the bill.

When the 306 girls of the dormitory had gathered in the dining hall, President Vinson said: "This fountain I hold in my hand is worth $3,000,000, for it was with this pen that Governor Neff signed this morning the bill making possible the spending of $3,000,000 for buildings on the Varsity campus."

The president then read the inscription on the pen which is as follows: "To Robert E. Vinson, from Pat M. Neff, February 26, 1923, $3,000,000."

OFFICERS REMOVAL BILL VOTED DOWN.

An attempt to delay action on the Patterson "quo warrnto" bill by members of the Senate yesterday apparently was successful. When the Senate met this morning Chairman Dudley ruled that the measure was not pending business and that the bill cannot now be considered until another house bill day. This would prevent further consideration of the bill during this session, except by unanimous consent or suspension of rules by two-thirds vote of the upper house.

When the chairman ruled on the point, Senator Bledsoe appealed from the decision of the chair. With Senator Bailey presiding, the Senate sustained the ruling of Senator Dudley by a vote of 14 to 11, and the quo warranto measure was placed in regular position with other house bills.

Following the chair's ruling Senator Bledsoe moved to suspend the rules and bring up the quo warranto bill for reconsideration. This motion was promptly voted down, 15 to 11.

*

URGE CHANGES IN PAROLE AT GIRL TRAINING SCHOOL.

Legislation designed to rectify alleged abuses in the system of paroling at the system of paroling at the Girl's Juvenile Training School at Gainesville, will be recommended to the Legislature by the house committee which has investigated the institution, members of the committee said today. Report of the committee was completed today and will be made public tonight or tomorrow.

The investigation committee will not recommend the discharge of any officials or employees of the institution, it was said. It will urge, however, that steps be taken to correct certain procedure in paroling which was charged to be illegal in a resolution introduced in the House by Representative Purl of Dallas.

*

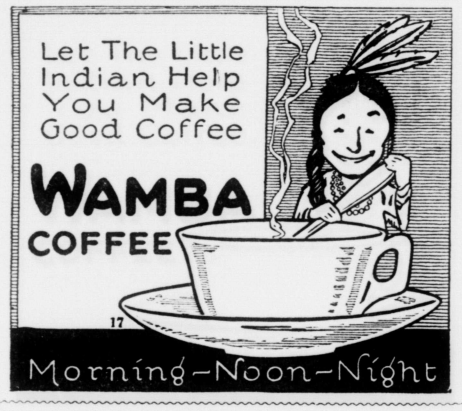

1,124 BILLS INTRODUCED LEGILATURE'S RECORD.

Today at noon marked the close of the period for introduction of new bills in the Legislature. Under Senate and House joint rules, no new measures can be presented after today. A total of 1,124 bills had been introduced in the two houses this morning; 692 in the House and 423 in the Senate.

The condition of the calendar in both houses makes certain that several measures will dies at adjournment next Wednesday.

Queer Feelings

"Some time ago, I was very irregular," writes Mrs. Cora Robie, of Pikeville, Ky. "I suffered a great deal, and knew I must do something for this condition. I suffered mostly with my back and a weakness in my limbs. I would have dreadful headaches. I had hot flashes and very queer feelings, and oh, how my head hurt! I read of

CARDUI

The Woman's Tonic

and of others, who seemed to have the same troubles I had, being benefitted, so I began to use it. I found it most beneficial. I took several bottles . . . and was made so much better I didn't have any more trouble of this kind. It regulated me."

Cardui has been found very helpful in the correction of many cases of painful female disorders, such as Mrs. Robie mentions above. If you suffer as she did, take Cardui—a purely vegetable, medicinal tonic, in use for more than 40 years. It should help you.

Two-Year-Old Has Been in Every European Country.

Mary Ann Baker, daughter of Mr. and Mrs. Miller S. Baker, Y. M. C. A. workers, who, despite her tender age, has been in every country in Europe. The family is now spending a vacation in Atlanta, Ga., and will return to their station in Warsaw, Poland, in the near future.

ONE HUNDRED DOLLARS IN GOLD FOR A NAME!

San Antonio, Mar.1—The new 225-room hotel being erected at Main Avenue and Travis streets, San Antonio, for Percy Tyrell is rapidly nearing completion, and Mr. Tyrell proposes to enlist the interest of all Texans in the selection of a name for this purely Texas hostelry.

The history, the romance and the greatness of the Lone Star State are to be drawn upon in the evolving of a cognomen which will identify the house for all time in the minds of all Texans who are more familiar with the circumstances of its construction and naming. There is no State in the Union that has a prouder history; there is no State where romance is more closely entwined around and about the annals of its few centuries of civilized existence, as province, republic and State; and there is no State where Nature has been more lavish in endowment for the enrichment of her sons, than this same empire of the Southwest. And, by the same token, no State has a more loyal people, or a people who are prouder of their heritage and of their glorious history Surely, with all this background, a Texan will be found who is so imbued with the spirit of Texas as to have at his tongue's end a name that will best typify all that the State means to him.

To such a man—or woman—Mr. Tyrell offers $100 in gold for a name that will be most acceptable to him; that will, in his judgment, meet the requirements above set forth.

One hundred dollars in gold will be given for a name! Easy enough, isn't it? All communications containing names should be addressed to Percy Tyrell, manager Gunter Hotel, San Antonio, Texas. They will be stamped on receipt with the day and hour of their receipt. All names must be in before noon of April 1. If the name selected is offered by more than one person, the one first received, as shown by the time stamp, will be awarded the prize.

KIMBLE COUNTY GETS $3,000 APPROPRIATION.

The 38th Legislature recently made a large appropriation for the general revenue fund to the available school fund of the State. This appropriation will amount to approximately $3 per capita, which will give this county nearly $3,000 more than it would have got otherwise.

There are 967 scholastics in the county.

Ford

THE UNIVERSAL CAR

Four Reasons Why You Should Buy Your Ford Car This Month

I.

The unprecedented demand for Ford Cars throughout the winter months has taken the entire output of the Ford plants working at capacity, indicating that the demand this Spring will be far in excess of the number of Ford Cars that can possibly be built.

II.

January was the tenth consecutive month in which retail deliveries exceeded 100,000 Ford Cars and Trucks. Requirements for February, the month when preparations are already under way for Spring business called for 148,407 Cars and Trucks—More than 24,000 in excess of the number we can can possibly produce.

III.

Ford dealers in many parts of the country are already finding it necessary to specify future delivery dates on Ford Products because there are no reserve stocks from which to draw.

IV.

Your order placed now will protect you against delay or disappointment later on—It is the only way you can be assured of reasonably prompt delivery.

WE Consider it important to give you these facts, so that if you are planning to purchase a Ford Car, Truck or Fordson Tractor for use this Spring or Summer, you can list your order at once and take advantage of our dealer's first opportunity to make delivery.

CLUB AND SOCIETY NOTES.
(Edited by Mrs. A. W. Loeffler)

MERRY WIVES

Mrs. L. F. Boyle gave a bridge party Thursday afternoon, March 8th, in honor of the Merry Wives Club.

Mrs. H. G. Perry won the Club prize, a hand decorated cookie tin, filled with sweetmeats. A similar guests prize was given to Mrs. Doug Nance.

The St. Patrick's motif was carried out in the pretty tallies and the table prizes, dainty little dolls in pretty beruffled green dresses, which were won by Mesdames L. L. Skaggs, J. C. Beddingfield, C. R. Stevenson, and W. H. Baker.

Fruit salad, potato chips, olives, wafers, spice cake, and tea composed the refreshments, and the plate favors were miniature St. Patrick's pipes tied with green ribbon. Those present were: Mesdames W. H. Baker, O. H. Patterson, J. C. Beddingfield, L. L. Skaggs, H. G. Perry, C. R. Stevenson, Frank Baker, C. W. Atchison, Doug Nance, Frank McMillan and Miss Ruth Baker.

LAF-A-LOT CLUB.

Misses Lois and Blix Hankins complimented the Laf-a-Lot club and a number of friends with a dance Tuesday evening, at the Hankins home.

Each girl was requested to bring a powder puff, paint and lip stick, with which she was to make up her escort's face. Miss Ruth Baker received the prize, a lip stick, for being the best make-up artist; her subject, Fred Mudge, received a box of cigars. After this dancing began.

Crepe paper caps were given to the boys and little horns to the girls; later in the evening confetti was thrown, which added to the merriment.

Delicious fruit punch was served at the close of a very delightful evening.

EPWORTH LEAGUE SOCIAL.

The public is cordially invited to attend Epworth League entertainment and social Thursday night at 8 o'clock at the Methodist Church. There will be a debate on the question, "Resolved, that the Religious school teacher is a greater benefactor to humanity than the Minister of the Gospel."

After the entertainment is over, a social hour will be enjoyed.

Keep wind in your tires.
Safety First Filling Station.

For Balmy Summer Afternoons

A charming afternoon frock of silk crepe with accordian pleated waist. The skirt is draped softly to the top of the shoulder; cross grain ribbon generously applied lends additional charm to the costume.

BIRTHDAY PARTY.

Little Era Turbeville gave a party last Friday in honor of her sixth birthday, which was on March 3rd. Many pretty little gifts were brought to the youthful hostess.

The feature of the party was the pretty pink birthday cake with its six pink candles, which was a gift from Mrs. Tom Driskoll of Sonora. The hostess was the first to cut the cake and in her slice was the thimble; the usual excitement accompanied the finding of the ring, button and pecan.

Delicious hot chocolate was served with the cake. Miss Era's many friends join in wishing her many happy returns of the day.

E. H. E. CLUB MEETS

The E. H. E. Club met last Friday night at the home of member Joan Wilson. A lot of fun was had over the initiation of a new member, and it is planned to increase the club considerably during the next meeting.

Everyone adjourned at a late hour after refreshments of sandwiches and pickles had been served.

A wonderful showing in cotton crepe in lavender, orange, blue, white, etc., at the low price of 35 cents per yard.

WANTS
to establish a sales and service agency in this community

WILLYS-OVERLAND, INC., is the only manufacturer that produces two of the eight most popular cars in the world—the Overland—the Willys-Knight.

COMPARISON with other cars in the same price class as to materials, construction, riding qualities and economy of operation is but further evidence of the reason why there is such a demand for Overland and Willys-Knight cars.

75% of all automobiles sold today are of but three different makes! Overland is one of them. 90% of all automobiles sold today are of eight different makes! The Willys-Knight is another of them.

WILLYS-OVERLAND, Inc., is the *only* manufacturer which, in the Overland and Willys-Knight, produces two out of the eight most popular cars in the world.

INVESTIGATE the used car market and you will discover that used Overlands of present design move at good prices and Willys-Knight cars are rare among used car stocks.

UNLESS you are familiar with the splendid performance records of the present-day Overland and Willys-Knight, you cannot fully appreciate the reason for the public preference for these two cars.

AND at their new prices, they offer sales possibilities greater than ever before in their history.

IF you have or can command the facilities to establish a high-grade repair shop and local Sales organization write

WILLYS-OVERLAND, INC.
Sales Division, Toledo, Ohio

Cotton For Money

THE LAND In Kimble County has proven itself admirably adapted to the raising of cotton, and the price during the past year, and the prospects for a continuation of them, encourages the planting of more cotton. While it is true that cotton is properly regarded as a money crop, we hope that our customers will not become over-enthused on raising cotton.

A REASONABLE Amount of cotton to bring in some ready cash is suggested, but we still advocate the the raising of more feed stuff. Feed can be sold right here at home. It works two ways—it keeps money at home that would otherwise go away for feed in the winter, and it is to the general good of the community to have sufficient feed at hand in emergencies.

MILO MAIZE, KAFFIR CORN, and FETERITA, are proving excellent crops for this country and will bring a good return on the money and time expended in producing them.

REMEMBER, We are always seeking means to help you. Our service is at your command.
