PRESIDENT STANDS PAT ON TREATY

CHARGES JAPAN WAS FURTHERING OWN INTERESTS

Made in Connection With Participation by That Country in Expedition.

UNITED STATES EARNS A RIGHT TO BE CONSULTED

Declares Japanese Imperialistic Policy Will Lead to End Like Germany.

NEW YORK, March 6.—Paul S. Reinsch, former American minister to China, will declare in the current issue of the magazine "Aisia" that Japan employed its partisician in the allied Siberian expedition to further its own ends in that region. He will warn that if Japan adopts an imperialistic policy in eastern Siberia, "such ambitions could lead her only to the end where Germany's military power ultimately found itself, confronted by the solid opposition of the civilized world."

Referring to the Siberian expedition, Reinsch will say a certain amount of friction arose concerning the attitude to be taken toward the local population. "The adherents of the Kolchak regime virtually demanded that the foreign forces should be employed for the active support of that government. The more reactionary elements were disappointed by the strict policy of non-intervention maintained by the American government. Everything opposed to the authorities who courted foreign favor was denominated "bolshevik"; no distinctions were drawn. "Bolshevik hunting" was eagerly pursued, particularly by the Cossack generals. In this they often had the support and co-operation of Japanese authorities. The American troops on the other hand, confined their action strictly to the protection of the railway.

Reinsch will conclude:

"The United tSates, by participating in the Siberian action for unselfish purposes purposes under the stress of war, has won a permanent right to be consulted and to speak in Siberian affairs as far as they affect foreign interests.

"Should Japan adopt the militarist and imperialist alternative to the extent of using the present crisis for the purpose of gaining control of the eastern part of Trans-Siberia and North Manchurian railways this would not only reveal a policy dangerous to the peace of the world but it would specifically be a direct attack on the policy of equal opportunity in which America is vitally interested. Should Japan further embark on a policy of exercising political control within other countries through ownership of the means of transportation and other methods, such ambitions could lead her only to the end where Germany's military power ultimately found itself, confronted by the solid opposition of the civilized world."

Warm rain is needed for the corn and oats.

PRESIDENT IS POSITIVE IN HIS ADRIATIC STAND

Reaffirms His Position as Embodied in Agreement on December 9.

REPLY TO LATEST NOTE IS RECEIVED AT LONDON

It Is Interpreted as a Death Knell to the Secret Treaty of London.

By ED L. KEEN.
(United Press Staff Correspondent.)

LONDON March 6.—President Wilson in his reply to the allies communication of Feb. 26 reaffirms his position that the only settlement acceptable to the United States in the Adriatic dispute will be an agreement by direct negotiations between Italy and Jugo-Slavia, or the settlement proposed in the agreement of Dec. 9, according to information from French sources here today.

The president's reply, it was understood, was received Thursday altough its receipt was not made public until yesterday. In some quarters the reply was interpreted as the death knell of the secret treaty of London. The note, it was understood, again makes it clear that President Wilson cannot recognize this agreement.

Opposition Arises.

Considerable opposition to the Turkish settlement has arisen in several quarters, it was learned today. Critics of the settlement as announced by the council of premiers, declared the allies have decided upon complete effacement of the Turkish empire and that its actual dismemberment has been all but accomplished.

The "financial sphere of influence" assigned to Great Britain, France, Greece and Italy are merely camouflage for complete annexation, these critics asserted. While the allied premiers were careful to mask their real designs, it was pointed out each nation carefully safeguarded her own interests in the near east, knowing there was little liklihood of any change once the decisions were made.

Unlimited influence.

The assignment of Constantinople and Anatolia to Turkey, they believed, will mean that Turkey will have unlimited influence in these districts. The Caliphate, they declared, is destined to political and economic slavery.

It was known that intense rivalry between the allied powers has resulted from the division, the Greeks, not content with the extensive award made them, claiming that France was unfair in her attitude toward Premier Venizelos.

Italy, diplomats said, feels that Great Britain has assumed powers which endanger Italian interests in the Turkish districts, while France, they asserted, "is suspicious of everybody."

LATE REPORTS GIVE DAVIDSON LEAD IN HOUSTON DISTRICT

HOUSTON, TEX., March 6.—Lynch Davidson, lumberman, had a 41 vote lead over Charles Murphy, endorsed by the Non-Partisan League, in the latest returns on the election for state senator for the 16th district, available today. There were 23 small boxes still out in Harris, Waller and Fort Bend counties, but in several it is believed no elections were held.

Returns late Friday night cut Davidson's lead down to 30, but the Saturday morning count gave Davidson the new start.

The totals give Davidson 4885; Murphy 4844; Beck 3581.

CABINET RESIGNS AFTER FAILURE TO GET ENDORSEMENT

LONDON, March 6.—The Portuguese cabinet has resigned after the defeat of the government on a vote of confidence in the chamber, according to a Valencia message transmitted by the Central News correspondent at Madrid. The vote followed the government's announcement that any public service strikers who did not return to work within 48 hours would be summarily dismissed. Antonio Silva, former minister of public works, has formed a new cabinet.

HISTORIC SITE FOR WOMEN'S CLUB HOUSE

National Club House of the A. C. A. on Famous Old Lafayette Square, Washington, D. C.

The Club House Committee.

The Association of Collegiate Alumnae, with a membership of over 10,000, representing over eighty colleges and universities and organized into over 125 local branches, has opened a national club house in Washington. It has played an interesting part in the social and political life of the capital. It may well be that many of the plans for the secession of the South were worked out here, for John Slidell, Senator from Louisiana, lived here until his resignation as a secessionist. During Lincoln's administration his Secretary of the Navy, Gledon Welles, occupied the house. In the 90's it was again a Cabinet home, occupied by two War Secretaries, Mr. Lamont, under President Cleveland, and Mr. Alger, under President McKinley.

LEADING MEMBERS DEMOCRATIC PARTY CONVENE IN DALLAS

DALLAS, TEX., March 6.—Prominent members of the democratic party from many sections of the state were here today to attend a conference called with the object of formulating an organization to assure Texas' endorsement of the national administration at the democratic national convention at San Francisco. Gov. W. P. Hobby and the four candidates for democratic gubernatorial honors were to address the conference.

The sole object of today's meeting, according to leaders, is to put in motion machinery for the organization of precinct, county and state conventions that will give full endorsement to Woodrow Wilson and his administration. There was to be no "eliminating" in the gubernatorial race or bringing up of new candidates, it was declared. Pat M. Neff, Dwight Lewelling, B. F. Looney and R. A. Thomason, the candidates for nomination of governor, were invited to address the meeting and to assist in the work for which it was called because they approved the purpose of the conference, leaders said.

Governor Hobby is a candidate for delegate-at-large to the San Francisco convention, but announced yesterday that he would not stand for re-election.

M. M. Crane of Dallas called the democratic conference to order at 11 o'clock.

RISE IN STERLING DUE TO PAYMENT OF LOAN

LONDON, March 6.—Opinion is expressed by the financial expert of the London Times that the risein sterling may be readily explained by the decision to repay the Anglo-French loan, and a freer disposition on the part of American houses having knowledge of that decision to purchase sterling bills. The financial editor of the Daily News thinks the main cause of the improvement in exchange is satisfactory evidence that low exchange is working its own cure. He says steamers arriving from the United States are carrying smaller cargoes, while on the other hand, Great Britain is selling more goods than ever in the United States, thus creating a favorable condition of trade.

NOTED DIAMOND QUEEN SUICIDES IN NEW YORK

NEW YORK, March 6.—Antoinette Pinck Bonner, known to the police of New York, Paris and Rotterdam, as the "Diamond Queen," ended her life last night by taking cyanide of potassium rather than submit to arrest. He had not been seen since, until the body, mutilated by animals, was found yesterday.

STUDENTS OF THE STATE UNIVERSITY HANDING IN NAMES

AUSTIN, TEX., March 6.—Students of the University of Texas who participated in the class fight of Monday night are today voluntarily handing in their names for investigation by a special faculty discipline committee.

This action is taken under a resolution adopted by the freshmen and sophomores late yesterday, in which the classes pledged themselves to pay for damages to the hall in which the fight was staged and to do all in their power to prevent a similar occurrence in the future.

The president of the institution said that those found guilty of misconduct will be disciplined. He designated the affair "by all odds, the worst thing that has happened in the University of Texas in my four years here," and said that those who participated in the class rush violated their pledge not to take part in such affairs.

FRANK HITCHCOCK TO BE CO-MANAGER WOOD CAMPAIGN

NEW YORK, March 6.—Frank H. Hitchcock, former postmaster general, has been made co-manager of the campaign of Major General Leonard Wood for the republican nomination for president, it was announced here today.

Hitchock managed Taft's campaign for the republican nomination in 1908 and participated in the republican campaigns of 1912 and 1916.

Republicans seeking sufficient petitions to place the name of Herbert Hoover in the April presidential primaries, have opened headquarters here.

EXPRESS EMPLOYES GENERALLY OBEY THE ORDER FOR A STRIKE

CHICAGO, March 6.—The strike of approximately 2,500 employes of the American Railway Express Company, ordered in 13 Chicago stations today, was effective in at least three stations and indications were the employes generally were inclined to obey the order, according to early reports. The night shift remained at work until 6:00 a. m. and only a few workers reported at a number of stations. At one all workers were reported out.

The strike was called without sanction of the international union. The men demand a salary increase of $35 a month.

WORD COMES FROM WHITE HOUSE IN RESPONSE TO INQUIRY AS TO ATTITUDE ON ARTICLE TEN

By L. C. MARTIN.
(United Press Staff Correspondent.)

WASHINGTON, March 6.—The president stands pat.

This was the word from the White House today, in response to inquiries as to what Woodrow Wilson's attitude would be toward a compromise on article 10 of the League of Nations covenant.

Senator Hitchcock last night wrote to Wilson asking him to receive Senator Simmons, democrat, as an emissary who would lay before him a proposal for compromise on article 10.

Democratic hopes of compromis ratification was believed to hav dashed gains when the White House let it be known that Wilson sees little need for discussing the treaty situation further with administration senators; that he is adamant against any reservations except interpretative ones and that he prefers to have democratic senators try to convert Senator Lodge rather than try to convert him.

Position Is Clear.

The president, it is understood, feels that he made his position clear to Senator Glass when the latter was at the White House some days ago.

The position taken by the president was believed to mean that he would decline to see Senator Simmons.

If in replying to Hitchcock, the president thus rebuffs those democrats who want to compromise with Lodge on a reservation to article 10 all hope of ratification will finally be gone, Democratic leaders said today. They said that the president's refusal to discuss the situation, if he should refuse, would anger some of his followers but hardly to the point of causing them to revolt against his leadership in sufficient numbers to bring about ratification.

Hitchcock said this morning he had not yet received a reply from the president.

WASHINGTON, March 6.—The last hope of treaty ratification hangs upon President Wilson's reply to compromise proposals on the Article 10 reservation, which will be laid before him by Senator Simmons, if the president will consent to see him, senators said today.

Wilson's verdict will be accepted by the great majority of democratic senators, leaders say today.

If the president definitely rejects the compromise, he will be informed that he advise them what to do to restore a status of peace. Simmons, if he goes to the White House, will go as the forerunner of a group of democratic senators who want to tell the president how they feel about the situation, it was learned.

Some democrats think personal conversation with the president may convince him that if he would let them vote for a slightly modified Lodge reservation on Article 10, the treaty could be ratified at once on that basis.

Senator Hitchcock, democratic leader, is not hopeful that Wilson will modify his attitude. He does not regard as hopeful the efforts at compromise.

TWENTY DOCTORS IN KANSAS CITY TOO FREE WITH PRESCRIPTIONS

KANSAS CITY, March 6.—Twenty doctors who couldn't resist the barking coughs of thirsty patients found their permits to issue prescriptions for spirits, frumenti and such, revoked. And about 50 more physicians will find their permits cancelled within the next two days, declared H. S. Fisher, federal guardian of this section of the great American Sahara.

Steadily increasing sales of liquor on physicians' prescriptions revealed many coughers lived on vacant lots—and one even gave the federal building as his address. Some physicians neglected to sign their names to the "booze checks." Regulations concerning prescriptions must be obeyed to the letter, Fisher said.

CABLE TRANSFERS OPEN STILL HIGHER IN MARKET TODAY

NEW YORK, March 6.—American cable transfers opened still higher in the foreign exchange market today, moving to $3.66, but declined afterwards on buying orders to $3.61.

Opinion in the market seemed to be that yesterday's rise was hardly warranted on the various reports current calculated to affect the situation.

COURT PROCEEDINGS MAY BE PUBLISHED

CHICAGO, March 6.—The right of newspapers to publish court proceedings was upheld here in a decision by Judge O. M. Torrison in a state court.

Instructing a jury in a libel suit, Torrison held a newspaper has the right to publish what transpires in a judicial proceeding even though the publication may injure a citizen, because it is in the interest of the public that the courts should be public. It is not necessary to publish proceedings verbatim.

SEVERE STORM IN EAST DOES MUCH DAMAGE

Streams Overflow Banks and Many Houses Washed Away by Flood

PHILADELPHIA, March 6.—Freezing temperatures which came on the heels of a snow, wind and rain storm were expected today to check the floods which last night broke over eastern Pennsylvania and Delaware causing heavy damage driving many persons from their homes.

The storm, which raged from 8 o'clock last night until shority before daylight was one of the most severe of the winter. Driven by a strong northwest gale, the snow piled up in big drifts and brought the trolley service in this city to a standstill. Shipping on the Delaware river was also impeded.

Virtually every stream in this section of the state overflowed its banks yesterday and ice gorges, broken by the high water, swept away bridges and railroad tracks. Telegraph and telephone service was put out of commission in many places and a number of towns and cities were in darkness last night by the flooding of power plants.

Houses Washed Away.

Trolley service was badly crippled and several lines were forced to cease operations entirely because of washouts. Scores of houses along the banks of swollen streams were washed away and many mills and factories had to shut down because of flooded boiler rooms. Men, women and children, marooned in their homes, were rescued in boats, some of them being taken from second story windows.

Towns along the Schuylkill and Susquehanna rivers appeared to be the heaviest sufferers. Reading, Lancaster, Harrisburg, Williamsport and Wilkesbarre reported heavy damage. Parts of all these towns were inundated and much of the surrounding lowland was under water. Most of them were without suburban trolley service.

Entire Blocks Inundated.

Entire blocks were inundated to the second floor at Wilmington, when the Brandywine overflowed its banks. Occupants of the houses were rescued by the police, fire department and volunteer workers. The refugees spent the night at the fire houses and police stations. The power plant was under water and the city was in darkness.

Nearly all the mills in the northwest section of Philadinbia had their basements or lower floors flooded and many of them were forced to close. Parts of the driveways in Fairmount park were also under water. The Schuylkill river rose a foot an hour and early today was 22 feet above normal in the Manayunk section. Fifty feet of a new bridge that spans the river at Conshohocken, Pa., was torn away by the flood.

NEW YORK REPORTS SIXTY MILE GALE

NEW YORK, March 6.—The storm king paid another unwelcome visit to New York today just as the city was commencing to recover from the effects of the $5,000,000 blizzard of a month ago and within 14 hours the metropolis struggled with a pelting rain, a driving storm and biting snow squall. As the temperature dropped steadily during the night, the wind increased in velocity until during the night, the wind increased in velocity until during the early morning hours it had reached an unofficial velocity of 60 miles an hour, which boded ill for shipping off the coast.

The comparatively warm rain was at first welcomed by the harrassed street department as the fall at the rate of an inch an hour washed away some of the icy muddy relics of February's blizzard. But the gutters soon were turned into miniature mill races, sewers were clogged, cellars were floded, small streams in the outlying sections overflowed their banks, roads were washed out and high tides contributed to damage along the water front.

NUMBER OF AFFRAYS IN POLICE COURT SATURDAY

A negro and a Greek employed at a local restaurant who, a witness said, were fighting like "a couple of spring chickens," were present in police court Saturday morning to answer to a charge of affray. The colored boy maintained he had not started any trouble and that the Greek had tried to choke him because he thought the darked had a pair of his shoe strings on. Witnesses, who work in the eating place, corroborated the testimony of the negro and the Greek was fined $10.

Fighting semed to be a popular diversion Friday from the number of cases that were brought before the court. One negro appeared with a badly bandaged eye (which the doctor fears he will lose) and told how he was hit with a bottle without any provocation. The trouble arose, so one would gather from the evidence introduced, from an argument that started when they were both drinking at a water cooler. It is said they had words and when the complainant left the place he was followed by a bottle tossed by the other negro which came into violent juxtaposition with his cranium. The defendant was given the minimum fine for aggravated assault amounting to $25.

MARKETS

COTTON MARKET.

NEW YORK, March 6.—Owing to the storm which delayed the arrival of many out of town members and the receipt of out of town orders, trading was very quiet at the opening of the cotton exchange this morning. There was some southern buying on overnight orders and Liverpool was a buyer here at the opening, which was steady at an advance of 15 points to a decline of 5 points. Local selling and realizing caused reactions right after the opening with May selling off from 35.96 to 35.80 and July from 33.10 to 32.95, but the undertone was fairly steady on a more favorable view of foreign exchange conditions.

New Orleans Cotton.
NEW ORLEANS, March 6.—On the opening today the cotton market did not show much change after the first call the nearby months fell off 2 to 6 points as the result of the downward reaction in sterling exchange. October did not follow the decline but stood unchanged at 30.30. Moderately good buying came in because of the extremely cold weather in the cotton region and the forecast of even colder weather to come and at the end of the first half hour of business the trading months were 10 to 15 points over the level of yesterday's close.

For a while the market held steady on weather conditions but gradually week-end liquidation from the long side increased and prices softened under it. Late in the session it traded down to 30.50 and the list showed net losses of 10 to 15 points. Trading was for the most part from professional sources, outide buines not being prominent at any tage of the day.

GRAIN AND PRODUCE

CHICAGO, March 6.—Strength developed in the corn market today after a hesitant opening. Lightness of receipts acted as a bullish influence and so too did announcement that the United States Grain Corporation contemplated selling 5,000,000 barrels of flour to Europe on credit. Opening quotations, which ranged from ¼c decline to ¼c advance, with May $1.41¾ to $1.42 and July $1.35¼ to $1.35⅝, were followed by a moderate general advance.

Oats hardened with corn. After opening unchanged to ¼c off, including July at 75¾c, the market scored a slight general gain.

Provisions were weak owing to lack of any aggressive support. Selling, however, was not urgent.

NEW YORK STOCKS.

NEW YORK, March 6.—Because of the storm and consequent interruption to suburban traffic the opening of the stock exchange session today was postponed until 10:30 o'block. First transactions showed a preponderance of declines, although these were mostly fractional. Mexican Petroleum was the only marked exception at a loss of 1¼ points. This was soon recovered, motor issues and their specialties leading the moderate rally.

ARE INVESTIGATING CASE OF THE CHICAGO NEGRO POLICEMAN

CHICAGO, March 6.—Attorney General Brundage is investigating the death-bed statement of 17-year-old Bertha Welbeck that her condition was caused by Dorsey Chambliss, negro policeman, it was learned today.

The investigation has not proceeded far enough to disclose the form of indictment of Chambliss the evidence will sustain, Brundage declared today.

Daniels and King Carry Off Honors Gun Club Shoot

Will Daniels and A. P. King came out on the long end of things at the Gun Club shoot yesterday afternoon. They are now credited each with a leg on the handicap trophy offered by C. J. Pate.

Besides this Daniels won the silver spoon offered for high score in the weekly special event. This week it was a set of 12 pair doubles. He got to 20 of them, equaling the club record set by F. P. Williams a few weeks ago.

The performance given by Daniel was remarkable considering the high wind and cold weather. None of the other shooters came up to par, Williams being closest to Daniels with 42 out of 50. Charley Nabb nabbed but 39 of the half-century event.

Mr. Greenberg, O. A. C., (Ohio Avenue Champ), was out there and after them but couldn't locate them. He beat Nabb, however, getting 36 out of 50.

The scores:

Daniels, Will	43 out of 50
Williams	42 out of 50
Rumming	40 out of 50
Sheldon, C. P.	40 out of 50

TOPPLES 721 PINS AND BEATS BOWLING RECORD

ROCK ISLAND, ILL., March 6.—Toppling a total of 721 pins in three games of league play here last night, Art W. Salzman, local bowler, beat the A. B. C. record by 10 points. His three games were 248, 241 and 232.

The A. B. C. record—711—is held by Pierce of Puebla and was made at Peoria in 1915. Roach of Wilmington Dela., holds the record independent three-game score of 869, established in 1906.

SMASH MISSOURI'S NO DEFEAT RECORD

MANHATTAN, KAN., March 6.—Missouri's record of no defeats for the season was smashed in the Tiger Fives' last game of the year with the Kansas Aggies. The farmers downed the Columbia visitors, 29 to 23. The Tigers took 17 straight games in the Missouri Valley conference before they were stopped.

PRELIMINARIES TO BE PLAYED IN ENGLAND

Training Camp Tips

Smoky Joe Comeback.

NEW ORLEANS.—Joe Woods, who used to smoke 'em over for Boston and now with the Cleveland outfield, may again be seen in the box this season. He announced himself ready to play any position assigned him by Manager Speaker, including pitching. Speaker said he would leave it to Wood's judgment. Wood is giving his super daily tests in the box.

Indoor Training.

WEST BADEN, IND.—Wintry blasts forced the Pirates to indoor training yesterday. The usual long hike has not been postponed and Manager Gibson believed the men soon would be in condition for the strenuous routine at Hot Springs, Ark.

Grays vs. Whites.

LAKE CHARLES, LA.—The Athletic Grays and Whites are to line up for their second setto this afternoon. The Mack men were put through two hours indoor training. George Young is expected to be in uniform today.

Jake May Reports.

BROWNSVILLE, TEX.—Jake May, last of the Cardinal squad to report, was working with the St. Louis men today. One "squad" or 14 men were supposed to play the Texas League team while the aggregation which remained here divided and indulged in the first Brownsville lot practice. The Cardinals walloped Houston yesterday, five to one.

Looking at the Skies.

TAMPA, FLA.—Clark Griffiths' Nationals had an eye cocked at the skies in the hope of enough blue showing to give them a chance for some outdoor work today.

Barber Is Expected.

PASADENA, CALIF.—Turner Barber, last of the Chicago Cub holdouts, is expected in Chicago camp today or tomorrow. The outfielder found the dotted line. With more sunshine in three days than they had in all the training season last year the Cubs reported themselves entirely unkinked and ready for the first practice tryout one week away.

Only One Holdout.

JACKSONVILLE, FLA.—Sherrod Smith's return to the Brooklyn fold leaves Jeff Pfeffer, the big hurler, as the only missing nephew of Uncle Wilbert Robinson's family. Smith signed a contract yesterday and played in part of the game which was stopped in the fifth inning by a series of winter blasts. Ed Konetchy's side was ahead, 4 to 3.

First Conflict Today.

SAN ANTONIO.—McGraw's Giants and near-Giants were to indulge in their first conflict of the season here today in an exhibition game with the San Antonio Texas Leaguers. Burns, Young and Frisch are the only regulars in the initial line-up announced by the New York boss.

Keeps Yankees Indoors.

JACKSONVILLE, FLA.—Flashing bits of northern storm struck this sheltered nook yesterday and kept the Yankees away from the ball yard. Babe Ruth, Shawkey and Pratt played golf on wet, soggy links and the less ambitious members of the squad lolled over or around the billiard tables.

Red Sox Active.

HOT SPRINGS, ARK.—The Red Sox were scheduled to get in some real hard practice today. Barrow had all the Sox players on the field early, pounding the ball around the diamond.

Begin Light Workout.

COLUMBUS, GA.—With a chilly atmosphere the Boston Braves began a light workout today.

DETROIT BANTAM WINS A TEN-ROUND BATTLE

CLEVELAND, O., March 6.—Carl Tremaine, Detroit bantam, won a 10-round battle by a wide margin here last night from Benny Vogal of Milwaukee.

JIMMY HANLON WINS BOUT WITH CLINT FLYNN

Dempsey Claims to Be Ready for Fight On Moment's Notice

LOS ANGELES, CALIF., March 6.—Champion Jack Dempsey today claimed himself in condition to fight at a moment's notice. In three two-minute rounds here last night with Terry Kellar, New York, the champion breezed through without riffling a hair or drawing a long breath.

Jack was rough in the first round. He slammed Kellar viciously. Kellar started to leave the ring at the end of the round.

"I gotta plenty," he stated. He was persuaded to stick and Jack eased up. The third round was shortened at the request of Kellar's seconds.

In a defensive exhibition Benny Leonard, lightweight king, boxed and side-stepped all attempts of Eddie Hanlon, welterweight to land on him.

AN ENTHUSIASTIC RECEPTION IS GIVEN

LOS ANGELES, CALIF., March 6.—Enthusiastic receptions were given Jack Dempsey, heavyweight champion, and Benny Leonard, lightweight champion, each of whom boxed three exhibition rounds at a local arena last night. Dempsey's opponent was Terry Keller, of New York. Eddie Hanlon of Seattle opposed Leonard.

Sport followers were enthusiastic over Dempsey's speed and what they described as his "marvelous condition," but little less praise was bestowed upon Leonard.

The arena was packed and hundreds were turned away.

JOE STECHER WINS FROM "BELGIAN LION."

DETROIT, MICH., March 6. — Joe Stecher, world's champion heavyweight wrestler, won in two straight falls here last night from Tom Draak, the "Belgian Lion."

ELEVEN JURORS ARE SECURED FOR TRIAL OF BURNSIDES CASE

Eleven jurors had been selected at noon Saturday to try John and Charlie Burnsides, charged by indictment with murder and robbery by firearms in connection with the robbery and death of Kenneth Goodwin purported to have occurred in North Wichita on the night of February 20. Goodwin was a refinery employe and is alleged to have been fatally shot by highwaymen while he was going to his home after leaving a refinery plant on the North Side.

Sixty special veniremen were examined Friday and Saturday forenoon. It is believed that the jury will be completed and that testimony will open this afternoon. It is possible that verdict will be returned tonight.

BIG MASS MEETING FOR CLERKS AND EMPLOYES

At First Methodist church, Seventh and Lamar, Sunday, 8:00 p. m. Dr. P. E. Bingman will give his famous sermon-lecture, "When Billy and Sally Go Shopping." He has delivered this lecture in nearly all the large cities of the east at great gatherings of thousands of people. He has consented to give it here absolutely free from the benefit of the clerks and those in public service.

The lecture is full of humor and good common sense. He is an ex-soldiers, serving with the first division on the western front and also an ex-major leaguer in the baseball realm; and has seen life from many angles. He has a great feeling of respect and interest for those who are called upon to serve the public knowing that they are not appreciated and not shown the courtesy that they should be given.

Many times good clerks have been discharged because their patience has broken down under the barrage of impositions that has come from the outside. Employers could well afford to bring all their employes. Pews will be reserved for our guests of honor and the firm having the largest representation will be given free advertisement in our weekly church bulletin, which goes every week into more than 1,000 homes.

The whole public is cordially invited, but come early or you may not find a seat. Don't forget the place it's just across from the court house, Seventh and Lamar.

UMPIRE STARTS ON A TRIP THROUGH CAMPS

NEW YORK, March 6.—Umpire W. G. Klem of the National league will start tonight on a swing around the senior league training camps for the purpose of instructing the pitchers in the new rules and regulations adopted at the recent meeting of the major leagues in Chicago. Klem's itinerary will include the training camps at Hot Springs, Brownsville and San Antonio.

SOLLY BURNS WINS A TECHNICAL KNOCKOUT

FORT WORTH, TEX., March 6.—Solly Burns, Milwaukee lightweight, won by a technical knockout over Freddie Hill, Fort Worth, here last night. The fight was scheduled for 12 rounds, but ended in the ninth when Hill's seconds tossed the sponge into the ring.

HIS SERVICES NEEDED.

The general cordiality with which the election of Mr. Asquith as the member from Paisely is due, the New York Times thinks, "for one reason, particulary, he is needed in the House of Commons," where there is need of a real leader instead of a figure-head in the restoration of its pristine influence to the House which has dwindled hugely under war-time conditions and the coalition cabinet, which now, the signs are, is beginning to break up.

The Times cannot agree with the view that the former Premier's election by a handsome majority was due to the women's vote, influenced by fear of labor control, but believes that his "clear, straightforward statement about nationalisation," i. e., that he was opposed to the labor party's plan of nationalisation of the mines and other original industries, wielded a very material influence.

In his election the Times, which is unusually well informed on British politics and the inside thereof, sees the beginning of the protest against what Mr. Asquith declared "a form of industrial tyranny against which, if you can conceive of it ever being brought into practical effect, it is in my opinion the first duty of liberalism to protest." In his election also, the Times reads a reproof and warning to Mr. Lloyd-George and his "easy, dangerous habit to talk about economy and to yield to trade unions, to subsidize a class at the expense of all taxpayers," a statement that conceivably might cover some political conditions nearer home than the Paisely district.

Mr. Asquith's great intellect and grasp of public questions are of public value, even though they hasten, as the New York paper seems to think, the end of the coalition, which has endured throughout and since the war.

WANT CONSTANTINOPLE.

Copies of a bolsheviki pamphlet have been received in this country, expressing the determination of the Lenine-Trotzky government of Russia to have Constantinople and to fight for it if necessary. The pamphlet asked why the allies were deliberating on the future of Constantinople, "which belongs to Russia under a promise made by the allies in 1915 as recompense for the Russian effort."

All classes in Russia, from the reds on upward, are unanimous on the one thing of desiring Constantinople, which the Supreme Council recently decided to leave in the Turk's hands as the most feasible way out, declaring in the decision that Russia, to whom had been promised the city in 1915, had forfeited all claim to it when the treaty of Brest-Litovsk was made.

Russian nationalists — leaders of whom long since have been compelled to flee their country—deplore the inarticulate condition of their country, which prevents the Supreme Council's giving it apparently any consideration whatever in fixing the status of Constantinople; but they agree with the Lenine-Trotzky elements in Russia that defeat of Russia's age-old ambition for a warm water outlet on the south means that when in the future the Slav government is able to demonstrate her restoration along stable and liberal lines, there will be imminent danger of the restoration of the old order of things in the Near East, which means a recurrence of the Russian struggle, diplomatically and otherwise, to secure Constantinople.

The province of Schleswig-Holstein has turned a neat coup of its own by declaring itself an independent state, and the dispatches reporting the declaration said the inter-allied commissioners were hurrying back to Flensburg to do something, just what the dispatch failed to state. Schleswigers and Holsteiners voted recently to quit Prussia and to join Denmark. The majority was about 2 to 1. But they seem to have changed their minds again and are now committed to the idea of a separate state. And under the right of self-determination there is not a great chance to deny them what they demand, even if petty principalities are a standing temptation to the aggression of stronger neighbors — a temptation from which Schleswig-Holstein has suffered more than once before.

Seattle, which elected Mayor Olson two years ago and which upheld him when he trampled on the bolshevik uprisers who were going to start a little revolution of their own, is still steady in the faith. James Duncan, secretary of the Central Labor Council and a major figure, as we recall it, in the events leading up to Mayor Olson's sensational success in putting down trouble, was defeated for the mayoralty by a former army major by the record majority of 16,000 votes. The American people during the past year have voted every time against outlawry and for upholding of the law, and the officer who has been deterred from doing his duty by his fear of organized minorities has received scant satisfaction when the returns are all in.

HOROSCOPE

"The stars incline, but do not compel." (Copyright, 1919, by the McClure Newspaper Syndicate.)

Saturday, March 6, 1920.

This should be a most auspicious day for all human effort, according to astrology. Mercury, the Sun, Neptune and Jupiter are all in benefic aspect.

It is a sway under which to push all business and professional efforts. The direction is most promising for commerce, which will extend in many directions.

Whatever has to do with the sea is subject to the best possible rule. This means that shipping should benefit, but it is believed to indicate, also, wealth taken from the sea. A new invention will utilize hitherto useless materials.

Kindly stars will guide those who make agreements today, if they are bound by written contracts. Actors and actresses should benefit.

Neptune is in a place supposed to impart vision to public men and to cause them to keep their own counsel.

This month will not be of great importance to the affairs of women and may be a period of preparation or even indecision before initiative of any sort.

It is a favorable day for beginning any important enterprise, for the stars seem to presage financial success.

A late spring with prolonged cold weather that affects crops is prognosticated.

Persons whose birthdate it is should be careful in regard to letters and writings during the coming year. If born in the afternoon they may expect a very successful 12 months.

Children born on this day are likely to be quick and clever, but too sanguine to be altogether reliable.

Gifts to Women
Jiffy-Jell Users Need Them and are Welcome. See Below

Jiffy-Jell made with Sun-Maid Raisins or None Such Mince Meat. Made with Style C Mold—Pint Size.

Half a Pineapple

Crushed to Flavor One Jiffy-Jell Dessert

Here is one example of the wealth of fruit in Jiffy-Jell desserts.

We crush pineapples in Hawaii — fruit too ripe to ship. The juice of half a fruit is condensed and sealed in a vial to flavor one pint dessert.

Yet the whole dessert costs but a few cents, ready at your call.

So with eight rich fruits which come in Jiffy-Jell. All are made from crushed fruit, all are abundant. All come in liquid form, condensed and sealed in glass — a bottle in each package.

Real-fruit flavors in bottles

Mark this Jiffy-Jell distinction. Note how it differs from old-style quick gelatine desserts. Jiffy-Jell alone has these bottled fruit-juice essences.

Jiffy-Jell desserts are fruit-made dainties, rich in fruit. The fruit taste is not mere flavor and not artificial.

People need fruit daily. Now, when fruit is costly, this is an ideal way to serve it.

Complete desserts

Jiffy-Jell comes ready-sweetened. It is acidulated with evaporated fruit acid. A rare grade gelatine is in it, and the fruit-juice essence in a vial.

You simply add hot water as directed on package, and let cool. Then a package of Jiffy-Jell serves six people in mold form, or twelve if you whip the jell.

Yet this fruit-made dainty, rich in fruit, costs a trifle. It costs less than serving apples.

'Twill delight you

Try Jiffy-Jell in various fruit flavors. Try lime fruit flavor for a tart green salad jell. Try mint for a mint jell to serve with meats.

Learn what these dainties mean to you. Compare them with old-style desserts of this type.

We offer you choice of several 50-cent molds if you will do this, and at once. Cut out our offer so you won't forget.

BUSINESS COUNCIL TAKES UP MATTER OF MORE STREET LIGHTS

W. A. Porterfield, expert on street lighting, will be in this city to look over the street lighting proposition Friday, March 19, according to an announcement made at the regular meeting of the business council last night.

A committee was appointed some time ago to look into the lighting matter and, according to their report turned in last night, it will cost between $15,000 and $20,000 for enough light poles and their installation to light Ohio, Indiana, Scott and the intersecting streets.

The personnel of all standing committees was announced by Chairman B. F. Johnson. The meeting place from now on will be in the chamber of commerce rooms.

Secretary Harrison then reported on his Dallas trip in behalf of the paving committee. He stated that he talked with the head of the main paving contracting company in Dallas and that he expected a man from the factory here soon to go over the matters.

A report from the committee on the factory road stated that it had been arranged with the Wichita Mill and Elevator company to finance the work for any of the citizens along the road who were unable at the present time to do it themselves and then let them pay it back to the company in small installments. All that remains to be done now is secure a contractor.

A lengthy discussion on the style show followed, and it was finally voted by that body to take up the plan and go after it. The business council is to have entire charge of the trade excursion.
