

THE JUNCTION EAGLE

Volume 47

Junction, Kimble County, Texas, Thursday, November 27, 1930

Number 33

London Lobos Plan To Pluck Eagles Feathers

"Lance the London Lobos" is the battle cry for the big game in the Junction field on Turkey Day when the Junction Eagles, champions of District 12, meet the London Lobos, who have lost only one game, and that to the Fredericksburg Hillbillies, played under unfavorable circumstances.

To assert their ability, the Lobos came back last Friday to defeat the husky Llano boys 20 to 0. They are now primed for Junction tomorrow and say that they are going to pluck the feathers from the Eagles.

This is going to be a battle royal as some of the London players formerly played on the Eagle team and are "rarin" to get to the Eagles. Both teams have enviable records. As far as the "dope" goes the only edge the Eagles have over the Lobos is that Fredericksburg defeated the Lobos for the championship of the east end of District 12, and in turn the Eagles defeated the Hillbillies for championship of the district.

Both teams suffered some injuries in their week-end games, but all the boys on both teams say that they are in good condition and ready to go when the whistle blows on the Junction field at 2:30 Thursday afternoon, more commonly called turkey day.

All the London people are coming to see the Lobos pluck the feathers from the Eagles, and all the Junction people should be present to see the Eagles lance the Lobos.

London Lobos Defeat Llano Friday 20-0

Winning from Llano last Friday by the decisive score of 20 to 0, the London Lobos show that they are still imbued with pep and push. After a long drive through the cold two weeks ago they dropped a game to Fredericksburg, thereby losing the championship of the east end of district 12.

The London Lobos have played consistent football this fall and have had an unusual team for their first year in the game. They have a good coach in the person of Mr. Morrison, and it would be hard to find a more capable and congenial superintendent than Rankin Kothmann, who is in charge of the London schools this season. London has a wonderful school spirit, and with the proper financial support on the part of the citizens, a real first class high school will be developed in that progressive community.

Mr. and Mrs. Loyson Rankin and Loyson, Jr., and Mr. and Mrs. Jack Emmons of Ahlens are the guests of Mr. and Mrs. H. P. Rankin.

HOLIDAY GOODS

Junction merchants are receiving their Christmas goods and before many days will have them on display. If there was ever a time when Kimble County people should trade with Kimble County merchants, it is this fall. The merchants say they will have a good display of holiday goods and any who have been in the habit of ordering Christmas goods, should see the stocks of home merchants before ordering. Keep Kimble County money in Kimble County and everyone will be more prosperous and happier.

Boy Scouts Will Meet Courthouse Tonight To Receive Charter

Mr. R. W. Draper, Scout executive of the Concho Valley District, is in Junction today and will meet with the Boy Scouts at the courthouse tonight (Wednesday) to present the charter and rank badges to the boys of the local troop. Mr. Draper has been in Junction on several occasions in the interest of the Scout work. The encampment was held here last summer and the boys staged an interesting program in front of the bank building one evening.

The parents of the Boy Scouts, all boys eligible to scout membership, and the public generally are invited to attend this meeting.

A. J. Bierschwale's Judging Team Wins In National Contest

The Sterling City vocational agriculture judging team, a champion in the state of Texas, stood almost on the top of the heap in the competition with judging teams from 32 other states at the Kansas City Royal Livestock Show, placing second in the entire contest.

A. J. Bierschwale, formerly a citizen of Kimble County and teacher of Vocational Agriculture in the Junction High School, is teacher of the V. A. boys in Sterling City. His many friends here congratulate him on his success in this laudable work.

The boys took first place in swine judging and second in horses to bring to the state the highest honors ever won at the contest by a boy's judging team.

They became champions of the state at A. & M. College last spring and since that time have spent a good deal of effort in judging on ranches in Sterling County and visited the State Fair at Dallas last month to practice.

The members of the team are Floyd Welch, Dellbert Dearon, Arthur Mills and Martin Reed, sons of ranchmen and business men of Sterling County.

Mr. Bierschwale and his team were the guests of the Santa Fe Railroad on this trip.

Plans are Maturing For Reserve Officers Training School Here

Captain Fuller of the regular army at San Antonio was in Junction the first of the week in the interest of a reserve officers training school. W. J. Mueller of Rocksprings will be at the Fritz Hotel Saturday night, November 29, to meet any interested in this line of work. All members of the army reserve corps are to receive special instructions and at the same time other men interested in receiving a commission in the U. S. Army are invited to participate.

Officers holding commissions in the reserve corps in adjoining counties are invited to be present Saturday night at the meeting. This movement is being sponsored and generally supervised by a special troop of the 90th division of the U. S. Army with headquarters in San Antonio.

Everyone interested is urged to remember the meeting at the Fritz Hotel at 7:30 Saturday evening, November 29th.

It would take a great section of the Eagle to give the names of all who went to Fredericksburg to see the Eagles fly over the Hillbillies Friday. Including the team and pep squad there were nearly 300. Junction fans counted 125 Fredericksburg people at the game.

Mr. and Mrs. J. A. Heyman returned Saturday from a brief visit to their farm in the winter garden district near Carri-zo Springs.

Deer Hunting Season Brings Many Fatalities

Every Season Is Marked With Terrible Accidents Like These Given

Newspapers throughout the hunting section are carrying accounts of accidental deaths since the opening of the hunting season. Below are just a few of the accidents and fatalities reported in our exchanges the past week:

Between 12 and 1 o'clock Tuesday morning the first Menard County hunter's accident of this season occurred. It happened in the middle of Main street and in front of the Bevans Hotel when through the accidental discharge of a gun W. H. Danheim lost an eye.

Winston Durham, 18, son of Walter Durham of Comanche, was fatally shot near Llano Wednesday afternoon when mistaken for a deer by a hunting companion.

Hope of finding D. J. Bird, whose father lives at Temple, virtually was abandoned today by scores of national guardsmen, forest rangers and volunteer possumen who for five days have searched the rough snow-clad wastes near Winslow, Arizona where he was on a hunting trip.

Wallace Morton, 22 year old farmer of Nacogdoches, was shot and instantly killed when his cousin, Jim Morton, picked up a shotgun and it was discharged. The two men were planning a hunting trip.

Slade Roberson, 25, and Herman Mills, 20, were killed instantly, and Guy Mills, 11, brother of Herman, was wounded, when H. E. Perryman, Winston-Salem lumberman, fired into a clump of reeds during a deer hunt Thursday.

Jules Fontaine of San Antonio was shot in the left hand when he attempted to remove a shotgun from his automobile while hunting near Llano Sunday.

"Mistaken for a deer" Vern Bennett of Port Huron was fatally shot from a moving automobile as he was hunting in the woods. Wounded twice in the left leg, Bennett died from loss of blood.

Junction Eagles Defeat Fredericksburg 46 to 0 For Championship of District 12

Hill Country Pioneer Dies November 18

In the last issue of the Eagle a brief statement of the death of Adolph Loeffler, uncle of three of our fellow-townsmen, Emil A. A. W., and R. H. Loeffler, was given. From the Mason County News we clip the following account of this pioneer citizen of the Hill Country: "Gustav Adolf Loeffler, aged 68 years and four days, died at his home in Mason Tuesday afternoon, November 18, at 5 o'clock. Mr. Loeffler had been in declining health for several years. Brief funeral services were held at the family residence after which a longer service was held at the Lutheran Church at 3 o'clock Wednesday afternoon. Rev. M. Heinrich pastor of the Mason Lutheran Church, conducted the services. Interment was made in the Gooch Cemetery.

Mr. Loeffler was born November 14, 1862, at Fredericksburg, both his father and mother having come to this country from Germany. He was confirmed at Fredericksburg April 9, 1876 and at the age of 14 came to Mason County.

Mr. Loeffler married Miss Emma Eckert September 18, 1888. The couple lived at Hilda from that time until May, 1921 when they moved to Mason. Surviving children are Herman Loeffler Otto Loeffler, Mrs. Seth H. Martin, Mrs. Paul H. Martin, all of this county, and Walter Loeffler of Dallas. His wife survives and there are also eight grandchildren, one sister, Mrs. Charles Weber of Fredericksburg survives and the following half brothers and half sisters: Christian and Paul Loeffler, Rosa Alexander of San Antonio, Mrs. August Hoffmann and Mrs. Heinrich Gatt."

Mr. Emil A. Loeffler returned Saturday from his annual hunt in Mason County. He also brought home the venison.

Special Night For Dads At P.-T.A. Meeting

Fine Program and Refreshments Hold the Attention of Fathers

Dads, accompanied by their wives and children, practically filled the study hall at the high school building Monday evening to hear the special program in their honor, by the Parent-Teachers Association. Mrs. G. R. Pepper presided and the regular routine business was transacted, including the reading of the minutes and the reports of various committees. This was done in order that the dads might get an insight into the regular work of the organization.

Superintendent Guy C. Moses presided during the special program, which consisted of a reading by Glenn Hodges, vocal duet by Mesdames Dorothy Westmorland and Astor Wallace and an address by Mrs. W. P. Riley on the subject "Dads Part in the P. T. A." Each number was well rendered and appreciated by those in attendance.

The community singing was led by Kittrell Durst, who always does his part well. He has a wonderful voice and knows how to sing.

Brief reports from Mesdames C. W. McCarrill, Grady Kindick, W. P. Riley, and Geo. R. Pepper, delegates to the annual convention in San Angelo last week, were enjoyed and revealed the good work that is being done by this great organization.

Following the program, a social hour was enjoyed, at which time cake, coffee and cocoa were served.

Judge J. B. Randolph Distributes Venison

Judge J. B. Randolph returned last Thursday from a successful hunting trip, bringing home a very fat nine point buck. The judge dressed the deer and distributed the greater part of it to deserving people, several of whom will not have an opportunity to go hunting and not likely to receive any venison.

Among those who were remembered by Judge Randolph are Amos Wallace, Mesdames Joy, Collier, Harris, Wright, Hogan, Davis, Lou Smith and Grandma Highsmith.

MRS. FLORA HARDIN IS WITH SHEET METAL CO.

Mrs. Flora Hardin is again in charge of the Junction Sheet Metal Company and announces that she is prepared to give the usual quick and satisfactory service.

Any sheet metal work and plumbing, whether small jobs or large ones, will receive the same careful attention. Mrs. Hardin invites her former patrons to call to see her at the old Hardin Tin Shop stand.

SERVICES AT LONDON SUNDAY AT 7:15 P. M.

Mr. G. W. Crofoot will preach at the Community Hall in London next Sunday evening at 7:15 o'clock. The people of London and adjoining communities are invited to attend the services.

Mr. Walter Tinsley, salesman for the Loeffler Motor Company, returned last week from Houston where he attended the school of instruction for Ford salesmen. A large number of salesmen were present from over the district, and Mr. Tinsley made the highest grade.

Interception of Passes Cause of Top-Heavy Score

By intercepting passes, completing passes, plowing thru the line, making brilliant end runs and connecting for four extra points, the Junction Eagles smothered the Fredericksburg Hillbillies 46 to 0 for the championship of District 12 at Fredericksburg last Friday afternoon.

Soon after the game opened, the Eagles made their way toward the Fredericksburg goal and Witt ploughed through for the first touchdown, but failed to make the extra point. It was only a short time until Witt reached into the air and intercepted a pass and raced 50 yards for the second touchdown. This time the extra point was made, and the teams played almost in the middle of the field until the half ended with the score, Junction 13 and Fredericksburg 0.

Between halves the spectators walked to get warm while watching the pep squads of both teams put on their stunts. The squads of both teams did their parts well.

In the second half, the Eagles flew into the game in earnest and outplayed their opponents completely. At no time during the entire game did the Hillbillies get near the Eagles goal line. Witt intercepted two passes for touchdowns during the second half, Johnson ploughed through the line for one, a pass from Johnson to Dumlair netted another one and Ragland made a sweeping end run for still another. A fumble on the goal line deprived the Eagles of a touchdown and another time while on the goal line the Eagles were unable to put the ball over on four attempts.

The Eagles were penalized for offside five times and Fredericksburg twice. Junction completed thirteen first downs to seven by Fredericksburg. It was a better game than the score indicates. The Eagles did most of their scoring by the aerial route. The Hillbillies completed a number of passes, but were not able to complete them when they meant touchdowns.

Fredericksburg did not support its team very well as there were at least twice as many Junction people present as there were Fredericksburg fans.

This makes the second successive year for Junction to win the district championship. It is not known what team Junction will play for the bi-district championship, but it is believed that the winner of the Ballinger-Lampasas game will be the next contender.

Mr. and Mrs. Bill Bryan and children, Billy Frank and Mary Carroll of Memphis, Texas, arrived yesterday for a Thanksgiving visit with Mr. and Mrs. Frank Wilson.

Thanksgiving

Thanksgiving day is often thought of as having originated with our Pilgrim forefathers, but a careful study of the day reveals that it dates back far into the mists of history. Some even declare that it had its origin in the Mosaic Law. It is known that the Hebrews celebrated a piteous harvest with public festivals and acknowledgments.

Regardless of its origin it is now recognized as a national holiday and should be observed with thankful hearts instead of riotous living. Washington issued the first proclamation as President of the United States in 1879. The president, governors, and mayors issue proclamations each year setting aside the last Thursday in November as a day of Thanksgiving.

It is true that this has not been a fruitful and prosperous year. The depression has been abroad in the land, but, no doubt, we have a great deal more to be thankful for than the early Pilgrim fathers in the days of the colonies. The football stadiums are literally full of enthusiastic fans, the woods are full of hunters looking for sport rather than meat, the pleasure resorts are crowded with people looking for recreation—these and many other things show that ours is truly a land of plenty, and that we have many things to be thankful for.

Let us make his a day of grateful rejoicing instead of unholy revelry. Let us remember those who are less fortunate than ourselves and bring happiness to some one during the day. The good rains and other material blessings should make everyone truly thankful on the 27th day of November 1930.

Junction Eagles Win District Twelve Title

Last Friday morning Coach Earl Bowers and 32 of his husky Eagles took a special bus for Fredericksburg and defeated the Hillbillies 46 to 0.

The Hillbillies played a strong and fast game during the first half, only letting the Eagles score two touchdowns and one extra point.

Since the Eagles thought two touchdowns were not enough to show that they had been to Fredericksburg, they showed better offensive and defensive during the second half than they did during the first.

The line made bigger holes for Witt and Ragland to come through. The tackles and guards were hitting the Hillbillies around the shoe strings and downing them in their tracks.

Stars for the Eagles with the help of the line were: Witt, who was always under one of the Hillbillies' passes; Ragland and James, who would circle the ends at ease; and Johnson, who showed how he could pass and make yardage through the line.

The line had some performers that are worth mentioning. The two Dunbars at ends turned in a favorable game by completing two out of three passes that were tossed to them. Hendricks and Tomberlin and Winkel were the men that put the Hillbillies to the ground. Jeter and Bierschwale did their duty in the line.

Journalism Club Has Several New Members

Many high school pupils took advantage last Monday of the invitation to join the Journalism Club, and Mrs. Felp's room was crowded when the house was called to order by the vice-president, Wilbur Jeter.

Ella Simon distributed some papers edited by other high schools.

E. M. McLendon made a short talk to the club.

Ella Simon announced that all reports had to be in by Tuesday morning due to the Thanksgiving holidays interfering with the regular routine.

The meeting was adjourned at 9 o'clock.

CIVICS MEET POSTPONED

On account of special business, the Civics Club did not have a meeting this week.

It was decided that the Club would have a meeting every Tuesday.

At the next meeting Raymond Furr is going to discuss the subject, "What to Expect from a Deadlocked Congress."

The topic, "Prohibition and Party Platforms," will be discussed by Sarah Schneider. Vernelle Tinsley is going to give an oral report on "Bootlegging in Congress." Eleanor Highsmith will discuss, "International Relations."

Other topics of minor importance will be discussed.

THANKSGIVING

Thanksgiving has lost its true meaning to many of us. When the custom of setting aside a day for giving thanks. It was intended to be a reminder of the fact that God is still taking care of us. When Thanksgiving becomes a day of over-eating and hilarious celebration the spirit of Thanksgiving has been destroyed.

Do you view Thanksgiving in its true light.

Miss Durst's and Miss Owen's low first classes have arranged sand beds symbolic of Thanksgiving.

Junction Eagles Will Meet London Lobos

Next Thursday the Junction Eagles will meet the London Lobos on the local grid for a Turkey Day Game.

The Eagles have decided they want a chance to Lance London this season. They are working hard to be in shape for Turkey Day, so they can Lance London and give the fans some real thrills after enjoying their turkey dinner. Everyone come and watch the powerful Eagles in action Thanksgiving.

The English I classes are now studying Shakespeare's "Julius Caesar." Last week was devoted to examinations.

Mrs. Bower's third grade pupils have made posters for their class room. These posters illustrate rhymes they have studied.

Miss Owens is getting her pupils acquainted with nursery rhymes and patriotic songs by the use of a phonograph.

The 8th grade science class organized a "General Science Club" and elected Marie Dechert as president and Grace Johnson as secretary. The club will meet every Thursday.

Miss Austin Durst has six new pupils in the low first. These are: Rosa Evans, Garvis Burns, E. J. Estes, Raymond Roberts, Rafael Gonzales, and Jesus Hernandez.

History Class Forms Literary Digest Club

The History II B Class has organized the Literary Digest Club. Harry Witt was elected president and Lucille Williams secretary.

A committee with Marie Shepard as chairman, was named to get a suitable name for the club.

The club will meet every Monday. At the next meeting every member is to tell something he thinks would be good for the club to work for.

After the business was attended to, the class had some reports from the Literary Digest.

Being True to a Friend

(By Lorena Coucey)
 Everyone knows what it means to have a friend, and that in order to have a friend, he must be one. Almost all of us have a few friends. If anyone does not have a friend, it is his own fault. To be true to our friends is the main thing. If we are really friends, we stick to one another through trials and sorrows and are always ready to lend assistance. The old proverb states: "A friend in need, is a friend indeed." If we are not willing to help in time of need, we certainly are not true friends.

One of our friends may do something that hurts us, and we think he has gone back on us. Years later we find that the very thing which we fell out with our friend about, was done to benefit us. We should not be too hasty to throw away a friend. We may never find another to replace him. Almost every one has his special friend and confides his special secrets in him. If we are not true to his friend and do not keep his secret, then he will lose all confidence in us and will be through with us. We all realize what it means for someone whom we thought was a true friend to betray us. So let us strive to be friends—true friends.

JUNIOR CLASS NOTES

After weathering the storm of 6 weeks' examinations, the Juniors came up smiling and are ready for the next six weeks. Wednesday will be special report day for the History III Class. Visitors are welcome.

SPANISH CLUB MEETS

The members of the Spanish Club met in Room 15 Monday morning to have a club meeting. Emma Hensley, the president, was in charge.

Under the direction of Miss Kelley, the girls of the short-hand class have been doing fairly good work this term. Besides the daily class work, six pages of practice work is required daily.

The class is made up of senior girls with the exception of two Juniors.

Mrs. Felps stated that she thought the English IV Class has accomplished more during the past term than it did the first.

CAN YOU FEATURE?

Cotton with black hair?
 Louis tall and slender?
 Wilson serious?
 Leora without her laugh?
 A short lesson in English?
 Dorothy talking in class?
 Mabel in a dress?
 Clifton a giant?
 Warren with all his teeth?
 Terry Lamb getting to school on time?
 Freddie with blue eyes?

Pep Squad Members Attend District Game

Most of the Pep Squad journeyed to Fredericksburg Friday, where the Junction Eagles went to meet the Fredericksburg Hillbillies for honors of District 12. The first part of the half was given to the Junction Pep Squad. They formed a "J" and "E". The girls did fine yelling and the school is proud of its pep squad.

The Senior Class did not have its regular meeting last Monday because of the holiday.

Standard of Grades For Grammar Grades

Some time ago the standard of grading used in high school was published. The standard used in the grammar grades is slightly different. The following is the standard used in the grammar school:

- A—95 to 100.
- B—85 to 95.
- C—75 to 85.
- D plus—70 to 75.
- D—60 to 70.
- E—Below 60.

T. M. and Paul Tomberlin were Kerrville visitors Sunday.

PERSONAL

Arthur Hensley went to Menard Saturday.

Edith Davis spent the weekend in Ozona.

Catherine Randolph spent Saturday and Sunday in San Antonio.

Eleanor Highsmith was a Kerrville visitor Sunday.

Harrie Ethel Hubbell was the guest of Ella Simon Sunday.

Lucille Motley visited Kerrville Sunday.

PROTECT YOUR RADIATOR

Country Correspondence

LONDON LOCALS

It is indeed gratifying to see so many great men and great corporations so interested in the man without a job. They say they are panning to take care of the jobless, that in a short time all will be at work and everything will become normal. A few of the really high ups tell that we are really on the verge of the greatest era of prosperity of any nation of any age. All this sounds well but the present conditions have been going on over a year. President Hoover called a conference of the great ones immediately after the crash, and these gentlemen agreed to arrange to continue the work of the nation and keep men employed in order to counteract the effect of the crash. They have been promising to do so ever since. Now they promise work during the winter with winter now on us with millions of men out of employment. This situation does not look good, yet we continue to hope for the turn for the better.

It is a violation of the law for men to gamble at poker where none but those engaged in the game are affected, but men may gamble all they choose on the stock market where all classes of people are affected by the result, and it is no violation. Law is presumed to be for the purpose of protection of a nation's people, and we believe there should be a national law to regulate the stock exchange to the extent that it would be a felony for them to offer inducements that would be calculated to gather the circulating medium into any one channel at the expense of legitimate trade.

Mr. and Mrs. E. I. Cummins, their daughter, Miss Bertie Lee and Mr. Claude E. Weaver went to Brownwood the 17th to see the foot ball game between San Marcos and Daniel Baker. They report a fine fight between the two teams; the score stood 6 to 0 in favor of San Marcos. Their real reason for going was to meet Mr. Bill Cummins, son of Mr. and Mrs. E. I. Cummins. Bill is one of the San Marcos players.

Sam H. Weaver, Claude E. Weaver and Jack Dayton left Wednesday 19th, for the Big Bend country on a real hunt. Claude promised me he would bring me back one bear claw if not an entire foot. If he does I am going to throw away that old rabbit foot and carry the bear claw.

This trip reminds me of a little hunt I took with the late S. H. Weaver, Sr., his son, S. H. Jr. and S. B. Kindrick now in Junction. We camped on the Bennett Ranch on North Llano under a large pecan tree with the ground almost covered with pecans. We spent the day time hunting and the night time as guests at the Bennett home, and in this way we spent one of the most pleasant weeks of my life. I must add that at that time Miss Jessie Weaver was at that time teaching the school on North Llano and was boarding at the Bennett home. She added materially to the pleasure of our trip. Two deer came home with us. It was indeed a pleasant trip.

A school social was enjoyed Friday night at the home of Mr. and Mrs. Rex Lavelle. All report a good time.

Our London High School foot ball team defeated the Llano team last Friday by the score of 20 to 0. This was the first game played since the Fredericksburg defeat and it proves our boy still have the pep and fighting qualities. We are informed our boys will go to Junction Thanksgiving day for the purpose of plucking the feathers from the Eagles. If I were playing a game of checkers with my brother I would sure want to win. Just so it will be in the game between London and Junction. Neighbors and friends, all Kimble County youths. If you want to see the plumes plucked from the Eagles just be in Junction on Thanksgiving.

Mr. E. B. Morrison spent a pleasant week-end with his parents at Llano, returning Sunday evening.

Mr. A. J. D' Spain of Lam-

pasas and Mr. Ralph Rogers of San Antonio were pleasant callers Monday morning.

Thanksgiving will find us with many things to be thankful for, and we should realize that with good health, free exercise of mind and body is more to be thankful for than all the gold and silver ever mined, besides our nation is at peace with the entire world and within its own confines. This is certainly enough to make us forget the depression and give thanks with joy.

KIMBLE COUNTY TEACHERS INSTITUTE

Notice is hereby given that the Kimble County Teachers' Institute will meet at the Courthouse in Junction at 9 o'clock a. m. on the morning of December 18th, 1930 and to remain in session two days. All school teachers in the county, teaching in the public schools who have not attended an institute for this year, will be required to be present and take part in said institute.

No teacher will be excused except for sickness.

J. B. Randolph 33-3.

TAXICAB DRIVER GETS PASSENGER OUT OF AIR

Charles Bransky was driving his taxicab thru Eighth Avenue in New York Wednesday when he heard a crash behind him. He looked. A man was on the floor trying to pick himself up. "Where did you come from?" Bransky exclaimed. The occupant of the taxi pointed a finger upward. There was a big hole in the roof of the cab. Bransky drove his unbidden fare to a hospital. In a moment of consciousness he identified himself as a window cleaner. He had fallen three stories into the machine. Physicians said he would recover.

Rev. T. A. Boycan Of Sweetwater Is "101 Years Young"

The possibility of becoming too old to be active in the ministry to the Rev. T. A. Boycan, "101 years young" who has been recognized by the Northwest Texas Conference as a local elder. Boycan is a native of Ireland, having been born at Belfast, and came to the Methodist Church from the general Baptist Church which has no organization in this part of the state. He was educated to be a Catholic priest, and speaks Latin, Greek, Hebrew and English.

Boycan preaches two and three times each Sunday at churches in and near Lamesa. You can't fool a woman but you can keep her guessing.

MRS. Wm. R. McKEE IS HOSTESS TO LAF-A-LOT CLUB AND FRIENDS

Mrs. Wm. R. McKee complimented the members of the LAF-A-LOT Club and a number of friends with a bridge at the Fritz Hotel Thursday evening. A profusion of bronze and yellow chrysanthemums in floor baskets and vases were placed about the dining room. Autumn leaves and chrysanthemums were banked about the pillars of the room and a fan-shaped mass effect of autumn leaves and "mums" on the serving table was flanked by vases of bronze marigolds. The turkey tallies and dainty prize wrappings further carried out the Thanksgiving motif.

The LAF-A-LOT Club prize, a pair of etchings, went to Miss Flora Mae Spiller, Misses Mary Hubert and Lela Taylor made second and third high club scores and each received an etching. Similar handsome awards went to Mrs. C. T. Holekamp, Irving Jarvis and R. H. Spiller, who made high guest scores. Turkey sandwiches, ripe olives, individual mince meat pies with whipped cream and nuts were served with coffee to Misses Lela Taylor, Mary Martin, Flora Mae and Mary Spiller, Mary Hubert, Elizabeth Summers, Elsie Martin, H. O. Denman, P. Joseph, John Harrison of McCreary, DeWitt Cowser, L. E. Standifer, L. D. Borden, R. E. Homann, Frank Patterson, Roy Spiller, C. W. Atchison, Norman Farmer, Joe Fritz, J. A. Thompson, Guy Wynne, Lucy Motley, Vann Martin, Rowland Martin, Bill Hamer, A. L. Mudge, H. G. Hubert, C. T. Holekamp, J. L. Hodges, A. S. Rieck, U. D. Kendrick, Clay Secrest, Olney Patterson, Dorothy Westmoreland, Ben Warren of Houston, Irvin Jarvis, J. B. Randolph, Earl Tracy and Tillie Smith of Houston.

EFFICIENCY CLASS

Mesdames Roy Blackburn, L. E. Standifer and Hal Holland were joint hostesses, Thursday afternoon, when they honored the members of the Efficiency Class of the Methodist Church with a party at the residence of Mrs. Holland.

The rooms were charmingly decorated in the Thanksgiving motif. Autumn leaves provided a colorful background for the baskets of beautiful chrysanthemums. Turkey silhouettes adorned the walls and Thanksgiving paper was used for the window valances and covered one wall of the living room.

An entertaining program of contests was interspersed with delightful readings by little Misses Edwina Lowgren, Helen Reid, and Miss Vernelle Tinsley, and Mrs. Olney Patterson. From the dining table laid with a Thanksgiving cover and decorated with flowers, sandwiches, potato chips, olives, tea and coffee were served to Miss Audrey Blackburn, Mesdames Olney Patterson, Joe Ramsey, Walter Tinsley, Clay Secrest, B. L. Smith, E. O. Lowgren, B. B. Ragland, W. M. Taylor, Bolton Boone, Otto Oxford, W. L. Allen, Annie Highsmith, J. L. Hodges, T. E. Sheppard, Howard Ragsdill, M. E. Blackburn, C. E. Reber, Lucy Motley, J. Holt Smith, C. H. Green, H. H. Lawler, Ovie Buster and the hostesses.

LA JUNTA CLUB MEETS WITH MRS. B. B. RAGLAND

The members of La Junta study club, met Wednesday afternoon at the residence of Mrs.

B. B. Ragland. Mrs. Olney Patterson, the vice-president, presided in the absence of Mrs. W. P. Riley.

The subject of this lesson was American artists, the leader was Mrs. A. L. Mudge. The roll call was answered with the name of a noted painting by an American artist.

Miss Jewel Riley, in the absence of her mother, read Mrs. Riley's paper on American landscapists.

Portrait artists were discussed by Mrs. E. R. Borden, and American Sculptors by Mrs. C. W. Atchison.

A general discussion led by Mrs. Mudge brought the interesting program to a close. Those present were Mesdames C. W. Atchison, E. R. Borden, G. W. Crabbs, H. O. Denman, C. T. Holekamp, H. G. Hubert, A. W. Loeffler, A. L. Mudge, Frank Patterson, Olney Patterson, Clay Secrest, S. P. Woodward and the hostess.

MISS MARY PHILLIPS IS LAF-A-LOT HOSTESS

The members of the LAF-A-LOT Club and a few friends were honored with a bridge Tuesday evening, when Miss Mary Phillips entertained at the home of her parents, Mr. and Mrs. T. B. Phillips. The club prize, an atomizer, was won by Mrs. Pierce Hoggett. A box of powder, the guest prize, went to Mrs. John Harrison of McCreary. Miss Mary Ellis Blackburn received the cut prize, a pretty vanity. Chicken salad on lettuce, wafers, olives, potato chips, oatmeal cookies, salted nuts and tea were served to Misses Mary Spiller, Lela Taylor, Mary Hubert, Mollie Martin, Josephine Urban, Lillian Kendrick, Maryr Ellis Blackburn, Mesdames Dorothy Westmoreland, John Harrison of McCreary and C. H. Green.

Standifer Hospital News

Mrs. John Phillips returned home Sunday after a minor operation.

Mrs. Kate McCarroll of San Francisco, California, is undergoing medical treatment.

Mrs. Eli Baker was able to return to her home Tuesday after a minor operation.

Mrs. H. I. Taylor is able to return to her home after a major operation three weeks ago.

The hospital is being renovated and made new on the interior. Dr. Standifer is taking a hand in the work himself.

Are you feeling alone in the world, or do the sun, moon and stars talk to you?

The greatest thing the world ever knew was the saving grace of the Saviour.

Just think of the number of business transactions carried on by faith.

God knows each one of us and cares for us continually if we let him do so.

Don't let livestock pasture alfalfa too closely, as the grazing down of the crowns often wills the plants. Of all livestock, hogs are least injurious to alfalfa.

The IDEAL Family Car

The New Tudor Sedan \$495

F. O. B. Detroit, plus freight and delivery. Shoppers and spare tire extra at low cost.

The remarkably low-priced Tudor Sedan is a good example of "Value far above the price." Like all the new Ford cars it is finished in rich and attractive colors and is comfortably cushioned and durably upholstered.

Every mother will appreciate the Triplex shatter-proof glass windshield—and having complete control of the two doors, she can put the younger children in the rear and devote herself to the road.

The steering wheel answers to a touch of the finger. Brakes take hold quickly and surely. The four Houdaille double-acting hydraulic shock absorbers smooth out every unevenness in the road.

NOTICE TO CONTRACTORS

Bids will be opened by the school board of the Junction Independent District at the courthouse in Junction, Texas, at 2 p. m. Monday, December 15, 1930, for the erection and completion of a new high school building, according to the plans and specifications on file at the office of the Architects, Phelps and Dewese, suite 630, Gunter building, San Antonio, Texas.

Each bid is to be accompanied by a certified check for 5% of the amount of the bid, as evidence of good faith. A deposit of \$25.00 will be required from each contractor to secure plans. For further information call at the office of the secretary of the school board, Junction, Texas, or at the office of the architect at suite 630, Gunter Building, San Antonio, Texas.

All bids should be addressed to the president of the school board, Junction, Texas, and marked school house bids.

The school board reserves the right to reject any and all bids.

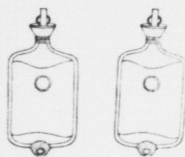

J. L. Hodges, Secretary School Board, Junction, Texas.

ANNOUNCING A BARGAIN

All The ICE You Want For \$2.00 per Month

(For refrigerators of 50 pound capacity)

Why give your refrigerator a four-month vacation when you need its protection the year round? You are never secure from the dangers and losses from food spoilage even at this season of the year unless your refrigerator is in service and well iced. And it is so convenient to put things away in the refrigerator instead of cluttering up tables and window sills with food that must not be exposed to dust, germs and room temperatures.

We offer to furnish you, if within our delivery area, all the ice you may require in your normal household use during the months of December, January, February, and March for a flat sum for the entire four month period, the amount charged being based on the size of your refrigerator. This applies to delivered ice only.

SCHEDULE OF RATES

Refrigerators of 25 lb. capacity—\$1.90 per month for four months
Refrigerators of 50 lb. capacity—2.00 per month for four months
Refrigerators of 75 lb. capacity—2.25 per month for four months
Refrigerators of 100 lb. capacity-- 2.50 per month for four months

If you do not actually use as much ice during the four months as the price of your contract would buy we will refund to you the difference at the end of the contract period.

Phone for your contract or ask our representative to call if you desire further information.

ACT TODAY—don't neglect this bargain in ice.

Tax Receipts Supplant Tags For Trappers

Some time ago mention was made in the Eagle about the new trapping laws which become effective when the season opens next Monday, December 1. For the information of those interested in trapping the following items are given:

Shipping tags have been done away with, and are replaced by tax receipts, yellow for 1 cent and red for 5 cents, which must be attached to every pelt, bought, sold or offered for sale in this state.

The furbearing animals are badger, civet cat, fox, mink, muskrat, opossum, polecat or skunk, raccoon and ringtail and may be trapped during the season, but the game animals, antelope, mountain sheep, bear and squirrels—can be trapped at no time and hides or pelt sold.

All furbearing animals are the property of the state and are protected by law, and their pelts as well, until they are taken, taxes paid on them, and all other regulations complied, was pointed out.

The season opens December 1 and continues until January 31 each year. Trappers cannot take heavier or other in Texas until December 1, 1930.

The state law defines a trapper: "A trapper is any person over 17 years of age, who takes or attempts to take the pelt or pelts of furbearing animals by any means, such as steel traps, snares, dead falls, any mechanical device, dog or gun.

Every trapper must secure a trappers' license for which the fee is \$1.10 regardless of whose land he traps on, and when he hunts with a gun for furbearing animals in any county other than the one in which he resides, he must procure a hunting license in addition to the trapper's permit.

The new law requires that a tax of one cent be paid on the pelts of badger, civet cat, fox, muskrat, opossum, polecat and ringtail, and five cents on mink or raccoon per pelt. The tax tag, to be procured from the fish and game warden, or from the game commission at Austin, must be attached to every pelt.

The late regulations have also done away with "buyers." Any person, firm or corporation, except the trapper, engaged in buying and selling pelts of furbearing animals is a "dealer," and must have a dealer's license.

Karakul Sheep May Provide New Industry For Texas Ranchers

The pelts of the young lambs of three Karakul sheep is the source of that well-known, beautiful and expensive fur known as Persian Lamb, of which \$14,000,000 worth is imported each year into this country.

The long wool from the matured sheep is in great demand by manufacturers of carpets and the finer quality felt hats. The mutton is of excellent quality.

With the wild fur bearing animals rapidly becoming extinct, causing the fur market to advance year after year to greater heights and the demand for furs increasing, the Karakul sheep will help solve this problem and give to us an added industry.

The original Karakul sheep industry is in the Himalayas, near Bokhara, Turkestan, in Central Asia, which is under the rule of Russia. The altitude of this country is from 10,000 to 21,000 feet above sea level. There is only about three months of good grazing each year and the owners follow their flocks from place to place. Nature has provided the sheep with a large tail, which is filled with tallow, or a reserve supply, for the extreme cold weather.

In this country, where the grazing and climatic conditions are better, the tail is much smaller and it is claimed that we produce better fur.

S. E. McKnight of Sonora, has a herd of Karakul sheep.—S. and G. Raisers Magazine.

Simpson or Sampson

A Negro laborer was putting in his first day with a constabulary gang whose foreman was known for getting the maximum amount of labor out of his men. He was helping in the task of making the right of way and all day long he carried heavy timbers and ties, until at the close of the day he was completely tired out. Before he went home he approached the boss and said:

"Mister, you sure you got me down on the payroll?"

The foreman looked over the list of names he held.

"Yes," he said finally, "here you are—Simpson—Roy Simpson. That's right, isn't it?"

"Yas, suh, boss," said the Negro, "dat's right. I thought maybe you had me down as Sampson."

THE NEW CHEVROLET SIX HAS MANY IMPROVEMENTS

The introduction of the new Chevrolet Six marks the most impressive forward step in Chevrolet's twenty-

year record of constant progress and improvement. For this Bigger and Better Six offers new beauty, new luxury, new completeness and new quality—yet it sells at lower prices!

In every curve and sweep of Chevrolet's modern lines—in every detail of its new Fisher bodies, you will see the fine hand of the master designer and the skillful craftsman. And the more closely you inspect it, the more deeply impressed you will be.

The improvements in the new Chevrolet Six begin at the smart new chrome-plated headlamps and extend throughout the entire car. The radiator is deeper. The lines are longer and lower, giving an air of exceptional fleetness and grace. And the interiors of the new Fisher bodies provide a new degree of comfort

and luxury; greater roominess; fine quality mohair or broadcloth upholstery; more pleasing interior fittings; and a new, completely equipped instrument panel.

The chassis of the new Chevrolet Six has also been refined and advanced in a number of different ways. The frame is heavier, deeper and stronger than before. There is a smoother operating, long lived clutch; a sturdier front axle; an entirely new steering mechanism; an easier shifting transmission. In fact, every vital feature of the new car has been made better to provide more thorough satisfaction for the owner.

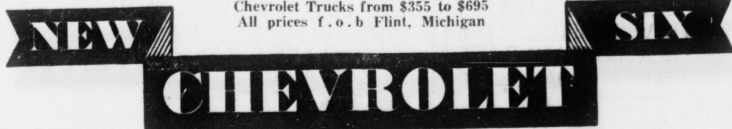

And along with these improvements, Chevrolet offers the smooth performance of a 50-horsepower, six-cylinder motor—four long semi-elliptic springs—four hydraulic shock absorbers—a safety gasoline tank at the rear of the car—and an economy of operation not surpassed by any automobile.

SOMETHING TO BE THANKFUL FOR

Passion Play Gate Receipts This Year Reaches Huge Sum

Obermergau.—With gross receipts of about \$1,250,000 this year's Passion Play showed net profits of about \$500,000. This sum has been divided among 1,156 persons.

Leading actors in the play drew about \$250 each, and other helpers smaller sums, ranging down to \$10 or \$15 for each of the 300 youngsters with "walking on" parts. The play had 102 speaking parts.

The remuneration covered 79 performances and months of rehearsals; the musical part alone was rehearsed about 300 times prior to the first performance.

Old Jacob Rutz, Anton Lang's father-in-law, was the patriarch of the play. He has never missed a part in it since he was a child in 1850.

The soul-grIPPING appeal of the age-old story has not waned. Women—and men, too, wept freely at times and no fewer than 2,000 persons fainted or became hysterical as the great stirring drama of Christianity unfolded itself to the eye. Those who were thus over-come by emotion were taken care of by a staff of nurses.

In 1930 it will be 300 years since the Passion Play was first performed. The villagers favor commemorating the event by a religious celebration only.

An "Ad" That Would Make 'Em Run Over Themselves Today

An exchange published the following, clipped from an advertisement in a Kentucky paper in 1849:

"Having sold my farm, and as I am leaving for Oregon Territory by oxen team on March 1, 1849, I will sell all my personal property, except two oxen teams (Ben and Buck, and Lon and Jerry) consisting of the following:

"Two milk cows, 1 grey mare and colt, 1 pair oxen, 1 yoke, 1 baby yoke, 2 ox carts, 1 iron plow with wood moldboard, 89 feet weather-boards, 1,500 fence rails, 1 60-gallon soap kettle, 85 sugar troughs, 10 gallons maple syrup, 1 barrel Johnson-Miller whiskey, 7 years old, 20 gallons apple brandy, 1 40-gallon copper still, 2 spinning wheels, 30 pounds tallow, 1 large loom, 300 poles, 100 split hoops, 100 empty barrels, 4 sides leather, 12 wooden pitch-forks, half interest in tan yard, 1 rifle with bullet molds, and powder horn, soft soap, bacon, hams, lard, molasses, 6 head of fox hounds, all softmouthed but one.

"Also 6 negro slaves, 2 men, boys and 2 mulatto wenches, all together to one party as I will not separate them.

"Sale will begin at 8 a. m. Plenty to eat and drink."—Ex.

FREQUENT INSPECTION OF YOUR AUTOMOBILE PAYS BIG DIVIDENDS

A preventive maintenance program repays the automobile owner in the time he saves and the inconvenience he avoids, according to Mr. Leonard F. Cowser of the Junction Battery and Electric Garage who represents this national movement in this community.

"The automobile owner keeps his car in good condition at all times by having it inspected regularly so that the necessary changes, adjustments, and replacements can be made before they cause more serious trouble," he said. "In this way his car is always ready to go where he wants to go and to do what he wants it to do at the time he plans on doing it.

"We find that it is possible to arrange these regular inspections at a time when the car would ordinarily be parked or in the owner's garage, so that he would never find it tied up in the repair shop just at the time he needed it most."

Inspections of this type are finding favor with the car owners all over the country, according to the Motor Equipment Association which is sponsoring the preventive maintenance program through its "Care Will Save Your Car" plans.

Mr. Cowser suggests that just at the beginning of the winter season is a good time to bring your car in for an inspection.

KNOW TEXAS

Texas last year produced 2,362,000 tons of sulphur. Total world production of that commodity was 2,700,000 tons.

Texas spends annually \$78,700,000 for education, according to the National Education survey.

Texas annually collects \$250,100,000 in taxes of all kinds.

Texas' annual income is estimated at \$3,057,100,000.

Texas shipped 51,504 carloads of fruit and truck in the year ending Nov. 1, 1930, again of 3,006 cars over the total of the preceding year.

FATHER SHAKES HAND OF MAN WHO SHOT SON

The father of Dean F. Coates, killed here Tuesday night in an attempted robbery of a service station, today shook hands with his slayer.

"I would have done the same thing under the circumstances," Chas. Coates, the father, told Thomas Carnell, former Montana cowboy, who shot his son when the latter tried to rob Carnell's service station.

"I have nothing against you," the elder Coates said. "You did what you thought was right."

Coates blamed liquor for his son's criminal acts.

Junction Trade Notes

(By G. G. Co.)

Interesting news of the week is the possibilities offered in oil development on the Edward's Plateau. The showing of the Jeff Love well in western Kerr County, according to the oil fraternity, is regarded as the opener of a new oil producing territory and the forerunner of large oil play on the Plateau. The well is supposed to be producing from the Pennsylvania and the general feeling is that when the Pennsylvania starts paying off it will mean one of the most significant developments that has been seen in the state in many months. . . . Meanwhile the oil fraternity is watching the developments of the Mudge Oil Co. wildcat, on the Porter Hodges land eight miles east of Junction.

The Nat'l Wool Co-op announces from Boston the sale of 3,000,000 lbs. mohair at prices ranging from 30c to 42c. Flour, sugar, beans, coffee, in fact most all food staples except those affected by drought, are cheaper than in many years, which in a great measure offsets the bearish market for what the ranchman has to sell. . . . In stock, Meat salt, saltpetre, "Figare" liquid smoke, for hog killing; brown sugar, sage, red pepper, in bulk. Gann Grocery Company, White Bermuda onion plants and sets.

Mrs. Dora Jones went to Harper Sunday for a week's visit with her brother, Mr. Kaiser. . . . Mrs. Henry Bierschwald is with her parents, Mr. and Mrs. C. A. Stapp, on the ranch for Thanksgiving, and to take part in the first hog killing of the season. . . . Mrs. Jack Molesworth and children of Sierra Blanca are in Junction for Thanksgiving with their parents Mr. and Mrs. A. L. Mudge, and will extend their visit through Christmas. . . . Mrs. James Taylor of Houston will arrive Friday for a visit with parents in Junction. . . . Mr. and Mrs. Guy Wayne visited friends near Carline Springs last week and took part in a wolf hunt on the Baker-McDonald ranch. . . . Mr. and Mrs. Ashby Hill, Miss Kaleta Taylor, Mr. and Mrs. Norman Farmer and a number of others will go to Austin Thursday to attend the annual Thanksgiving football banquet.

Crystallized fruits, white fire, pitted dates, everything for the season's fruit makes Gann Grocery Company's "For doggie's Dinner," "Titment," a balanced ration in tin.

Approximately 250 deer have been killed in the vicinity of Junction and nearly everyone who cares for it has gotten in his cupboard. A 17-point buck is perhaps the outstanding trophy of the season so far, while one banded rosette buck of 11 points on one horn and none on the other. Luckily there has been no hunting casualties in this section so far.

This is the season of Thanksgiving and Kimble County offers thanks for the privilege of life and health and asks that we may become more worthy of all life's blessings.

WEATHER REPORT

Beginning last Thursday morning, November 20, there has been frost and ice nearly every morning. Tuesday morning, November 25, Mr. E. Hokekamp reports the government thermometer registering 24 degrees, which is the coldest this fall. Today, Wednesday, is an ideal day. The temperature early this morning was around 30 degrees and the sun is shining with ideal temperature during the day. Tomorrow bids fair to be a fine day for the football games. The frosts have killed tender vegetation, but the woods are green and livestock is having a fine time on the many small grain fields throughout the country.

South Carolina is the only state in the Union that doesn't grant divorces.

The United States is the world's largest producer of automobile tires.

BAPTIST CHURCH

On account of the absence of the pastor, who is attending the fifth Sunday meeting at Fredericksburg, there will be no preaching services at the Baptist Church Sunday. The Sunday School will meet at 10 o'clock as usual and the Junior B. Y. P. U. will meet at 5:30 P. M.

KNOW TEXAS

The truth will eventually seep out in spite of the fact that men attempt to box it up.

Life is more than birthdays.

There are about fifty pyramids in the Nile Valley of Egypt.

Three-fourths of the earthquakes are upheavals under the sea.

One's chances of being struck by lightning are about six in a million.

Sunday at Our Churches

Presbyterian Services Will be Conducted In Episcopal Church

(G. W. Crofoot, Minister)
OUR INVITATION—To you who would worship God, our Father; to you who would serve mankind, our brothers; to you who yearn for greater strength; to you who seek a broader vision; to you who desire forgiveness from sin, comfort in sorrow, victory over failure, and joy in living, in the name of Jesus Christ, our Saviour and Friend, we extend our cordial INVITATION.
Sunday school will meet at ten o'clock.

Morning worship will begin at eleven o'clock.

Church of Christ

Brother O. C. Hartsell of Teague, Texas, will be with us next Lordsday if not providentially hindered, and preach at 11 a. m. and at 7 p. m. Brother Hartsell is a successful man in his work, and a man whose reputation is not called to question by those who know him. We are indeed fortunate in having him visit us and we hope to have a good turnout to hear him. Bible Classes will meet at 10 a. m. as usual. We extend a cordial invitation to the public to attend these services.

Thanksgiving

The Thanksgiving season of the year is rapidly approaching and Kimble County has much to be thankful for. The good rains the past two months have put an unusual season in the ground, and small grain is making good pasture for livestock.

Ranchmen and farmers should begin to plan for next year by improving their grazing land, terracing the farm lands, planting orchards, and making plans to diversify their crops. More cows, hogs and chickens should be grown in Kimble County. More vegetables should be grown and the surplus canned for winter use.

The pecan industry should be given more attention. This industry is yet in its infancy and Kimble County should be in the front rank in pecan culture.

Diversification is the key to prosperity.
