Volume 46. Tahoka, Lynn County, Texas, Friday June 30, 1950 Number 39

Another Wildcat Is Staked Here, Others Drilling

Another deep wildcat oil test for the extreme southeast corner of Lynn county was announced Sunday by the MFC Corporation of Levelland to be known as MF C's No. 1 Garza Land and Cattle Co. Contract is for a 8,700-foot hole. Operations will begin today.

The location is three miles south and a little east of the Magnolia discovery well, and will be 660 feet from the south and east lines of section 10, block 10, EL&RR company survey. The drillsite is 14 miles east of O'Donnell, about 20 airlines miles from Tahoka, and five or six miles southeast of Draw.

The venture is a farmout from the Tidewater Associated Oil company, which has a block of acreage in the area.

Houston Oil Co.'s No. 1 H. B. Howell, about 8 miles southeast of Tahoka, was reported at a depth of 3,700 feet on Wednesday night.

The Howell test is on section 451, block 1, EL&RR survey, and is about six miles northwest of the Magnolia No. 1 Garze discovery.

• • •

Magnolia's No. 1 W. W. Caswell, an offset to the No. 1 Garza Land & Cattle Co. discovery well, was spudded in last week, and surface casing was set last Friday. The News had unconfirmed reports Thursday morning that hole was being made at about 2,000 feet.

This well will be watched with a great deal of interest both by oil men and the people of Lynn county.

Unconfirmed reports are that the J. H. Snowden et al. No. 1

J. A. South Is Buried Monday

Death came to J. A. South, 69, a well-known citizen of Tahoka for about 25 years, in a Lamesa hospital at 5:50 p. m. Saturday.

Funeral services were at the Methodist Church here Monday at 4:00 p. m., conducted by Rev. C. A. Holcomb, Jr., the pastor, and Rev. Lee Ramsour, pastor of the Baptist Church. Burial followed in Tahoka Cemetery under direction of Stanley Funeral Home.

Mr. South had been in ill health for many months. Last Thursday evening at about 8:30 o'clock, he suffered a stroke, and on Friday morning he was moved to a hospital in Lamesa for treatment, but in spite of all his physician, Dr. F. E. Seale, could do, death came the following evening.

Jesse Alvin South was born at Petty, Lamar county, February 14, 1881. He was reared at Ennis. On June 11, 1921, he was married to Mrs. Gertrude Squires at Ravenna, near Bonham. About 25 years ago, Mr. and Mrs. South, and her three children, whom he loved as though they were his own, came to Tahoka to make their home in 1926.

Mr. South was engaged in the gin business prior to moving to Tahoka but did carpentry work while in Tahoka.

He was a member of the Methodist Church, and had held membership in the Masonic Lodge at Ector for many years. Mr. South was a quiet man who greatly enjoyed his home and family, and likewise was highly respected by many friends.

He is survived by his wife and three step-children: Miss Mary Squires of Tahoka, Mrs. Temple Brashear of Baird, and G. D. (Lefty) Squires of Angleton; and three sisters, Mrs. Sam Hunt of Casper, Wyoming; Mrs. A. I. Thomas of Tahoka; and Mrs. Will Gore of Littlefield.

G. D. Squires was unable to attend the funeral on account of the critical illness of his wife in a hospital at Alvin. The others named above were present for the last rites.

Other relatives at the funeral included: Mr. Gore, Harrol Gore of Lubbock, Mr. and Mrs. Horace Gore of Slaton, Van Cook and family of Littlefield, and Mr. and Mrs. Joe Fielding and Mr. and Mrs. Pat Meholin of Amarillo.

COOL OFF STORE

Rutherford's installed a new air conditioning unit in its store this week of 10,000 cubic foot capacity. Added to the 10,000-unit already in operation, the store can now be kept as cool as desired.

Trichloroacetate, TCA, used as a spray has been successfully used to kill Bermuda, Johnson and other grasses.

Absentee Voting Can Be Started Next Monday

Ballots For July Primary Election Are Being Printed

Absentee voting in the July 22 Democratic primary election will be possible beginning, July 2. The statutes provide for such voting beginning 20 days before the primary.

Ballots for the election are being printed by The News this week-end. They will be delivered to C. H. Cain, county Democratic chairman Saturday. Arrangements for casting absentee votes may be made with County Clerk Beulah Pridmore.

The new type ballot made legal by recent legislative action will be used in this election. Each ballot is numbered, and each has a numbered stub on which the voter will sign his name. The ballot will go into the regular ballot box, while the signed stub will go into another locked box which can not be opened except in case of a contested election wherein voting irregularities are charged.

There are seven candidates for governor, none of whom are from West Texas.

There are 12 candidates for Lieutenant governor, with Representative Preston E. Smith of Lubbock being the only candidate from West Texas.

Meade F. Griffin of Plainview, present Associate Justice of the Supreme Court, place 3, is opposed by three "down state" candidates.

G. H. Nelson of Lubbock, formerly of Tahoka, is opposed by seven East and South East Texas candidates for Judge of the Court of Criminal Appeals.

J. E. McDonald succeeded through court action in getting his name on the ballot as a candidate for re-election as Commissioner of Agriculture, after the State Democratic Committee had refused to certify his name because he had voted for Republicans.

Two weeks before the election, The News will carry a complete list of the candidates, state, district, and county.

Woman Charged With Liquor Sale

A charge of illegal sale of intoxicating liquor in a dry territory was filed Monday by Sheriff "Slick" Clem against Mrs. [illegible] Arms of Tahoka. She was released on a $500 bond.

Deputy Cleve Bairrington of O'Donnell on the same day arrested a Latin-American man and charged him with possession. Eleven cases of beer were confiscated.

Dance Recital Will Be Tonight

The pupils of Mrs. Dea Parker are presenting their Spring recital tonight (Friday) at 8:30 o'clock in the High School Auditorium. They promise pretty dancers with new costumes and unusual lighting effects.

Pupils appearing on the program are as follows: Sarah Wells, Sue Walker, Elaine Buchanan, Carol Nelson, Linda Freeman, Linda Kay Howell, Dona Jo Howell, Linda Milliken, Retha Ann Cathcart, Mary Louise McCary, Jan Thomas, Judy Thomas, Pam McCrary, and Beverley Young.

In addition to the regular students, Miss Sandra Kemp will be a guest performer. Mrs. Parker predicts this to be the best recital her pupils have ever given.

The public is cordially invited to attend this recital free of charge.

Mrs. Z. P. Short, the former Jean Lawson, who is employed in Dr. Durham's office, has been released from Tahoka Hospital, where she underwent an appendectomy on June 22.

450 Pioneers Of County Attend Annual Reunion

Though the number of Lynn county pioneers from a distance was smaller than some years in the past, Saturday's annual reunion was perhaps the most enjoyable of any yet held.

Limited to people who were in the county thirty or more years ago, 450 filed past the serving tables at noon to receive generous servings of barbecue, "sonuvagun," and all the trimins'.

The Legion hall was filled almost to capacity at both the morning and afternoon programs, which everyone seemed to enjoy immensely. Others spent much time outside the hall, in the city park, and down town greeting old friends and swapping stories of earlier days.

With R. P. (Raymond) Weathers, vice president and program chairman, presiding, the day's activities opened shortly before 11 o'clock with the invocation by Rev. C. A. Holcomb, Jr., followed by the welcoming address by Truett Smith.

Mrs. J. B. "Aunt Bonna" Stok-

(Cont'd. On Back Page)

Baptists Will Attend Camp

Seventeen Junior boys left Tahoka Monday morning to attend the youth camp at the Plains Baptist Assembly near Floydada. Accompanying the boys were N. E. Wood, John Inman, L. D. McKee, and Dr. K. R. Durham. The Intermediate boys left Wednesday morning. There were eleven of them attending. They were accompanied by W. P. Hitchison.

The camp for girls will be the week of July 10.

General Camp Planned

The Baptists of District Nine will convene at the Plains Baptist Assembly grounds July 3, 4, and 5. Special efforts are being made to get whole families who cannot go for the entire camp to attend the camp on July 4.

Some of the outstanding speakers for the day will include Dr. J. I. Cartlidge, pastor of Seventh and James Street Baptist Church in Waco.

Music Director Is Named

Bob Callahan, senior student a Wayland College has accepted the work of Director of Music with the Baptist Church. Until his graduation in August, he will come to Tahoka on Wednesday night and week ends. He will move his family here late in August. The Callahans have one son, four years old.

Sheriff's Posse To Ride Saturday

The Lynn County's Sheriff's Posse will ride in the parade opening the Levelland Rodeo Saturday evening at 5 o'clock. Following the parade and before the rodeo, the visiting possee members will be given a free barbecue.

Twenty-eight members of the local Posse rode in the Lubbock Rodeo parade last week, and 18 of them rode in the Brownfield parade.

Congratulations:

Mr. and Mrs. Clifton Ashcraft of Route 1, Wilson on the birth of a girl weighing 4 pounds 3 ounces in Tahoka Hospital at 3:37 p. m. Tuesday, June 27, she has been named Jeri Joan.

Mr. and Mrs. Woodrow Bland of Justiceburg on the birth of a girl weighing 6 pounds 8 ounces in Tahoka Hospital on June 22 at 9:24 p. m. They have named her Alice Elaine.

HUSBANDS AND WIVES JOIN ARMY RESERVE—Capt. Bernice G. Maple, standing left, WAC Reserve Recruiting Officer, poses with two of the husband-wife teams who have joined the Army Reserve unit here. Pictured are, seated left, Pfc. Mary I. Small and Pfc. Rita V. Phillips, right, WAC Reservists; standing center, Pfc. Howard Small, and right Sgt. Dale Phillips, members of the local reserve unit.

Tahoka Closing Fourth of July

Most or possibly all of the business houses of Tahoka will be closed all day Tuesday, July 4, so far as The News has been able to determine.

Several groups of businesses on Thursday were trying to reach an agreement to close on Monday also, in order that the management and employees might have a 3-day vacation.

The News is informed that the Chamber of Commerce has received a number of requests, principally from employees in the town, to circulate a petition to close the town for the two days. However, the Chamber of Commerce Board of Directors, voted not to do so, feeling that siding in closing all businesses on a non-holiday was not a function of the body and not conductive to good business unless all other towns in the area closed for both days, also.

Wilson Installs Water System

Work on Wilson's new water system is well under way, according to Clarence Church of that city.

The new 50,000 gallon overhead water reservoir is just about complete. It was built and installed by Chicago Bridge & Iron company at a cost of $16,900, and is on a 100-foot tower.

Ray Hodgen of Lubbock has the contract for laying the cast iron pipe water lines and installing 60 meters. This will cost about $28,000.

Not only will the system be of more convenience and a fire safety factor, but is a progressive step which may permit the town to develop further.

GETS OIL WELL

Clayton Beard, formerly of Tahoka, now of Brownwood, recently brought in a shallow oil well on a lease he owns near Coleman which has production of 60 barrels a day. He is now drilling another test near Brady.

Rain Wednesday Night Aids Crops

A shower Wednesday night, which was accompanied by a brilliant electrical storm, gave needed moisture to crops in the central part of Lynn county, and brought relief from the heat wave which has gripped this section for the past several weeks.

The Government rain gauge kept by The News registered exactly .6 of an inch of rain in Tahoka. However, the rain was limited in scope.

No rain was received west of town, none at Draw, and little or none over most of the east part of the county. Howard Wheeler, north of town two miles reported .8; Arthur Hagens, northwest of Wilson, .75; Wilson, about .25; Ott Patterson, east of town, about a half, but the rain about played out east of his place; Ernest Cawthron and C. D. Jackson, about 6 miles south, one-half or more; Ed Park and Cliff Engle, good rains; O'Donnell, .4 of an inch; Cleveland Littlepage, shower. Lakeview and New Home, light showers.

Cotton over most of the county is reported to be doing well, except in the west part, where some farmers report the plant is not growing as it should. Feed, however, was needing rain.

Since last mid-week, the Government thermometers kept by The News have been registering around 100 degrees—97, 99, and on Tuesday a high of 101 was recorded.

Junior Baseball Game Sunday

Play is growing more and more interesting in the Lynn County Boys' Baseball League, according to Glenn Wells.

Next Sunday afternoon, July 2, at 2 p. m. the North Side will play the South Side at the Jaycee Park in South Tahoka. Ronny Gurley is slated to pitch for the North, and Wayne Tomlinson is expected to take the mound for the South.

The New Home boys and the Tahoka Negro boys currently are leading the league, each with three games won and two lost, while North and South have each won two and lost three games.

Say you saw it in The News.

Pictured above are Carol Nelson and Linda Kay Howell, two performers to appear in the Dance Recital tonight.

More Signers Needed For Telephone Co-op

Two Are Charged In Burglaries At Wilson-New Home

The burglaries of Wilson and New Home high school buildings on June 20 were solved last week end with the arrest of two men in Monahans.

Charged in the burglaries are John Hancock, 45, of Crosbyton, an ex-convict, and Wayne Pierce, 25, of San Antonio, who has no known previous crime record. Sheriff "Slick" Clem said that Hancock had served a 13 year term in the penitentiary for murder of an El Paso deputy sheriff in 1928 and was sentenced to five years in 1946 for burglary.

Sheriff Clem, an FBI man, members of the Texas Rangers went to Monahans Saturday and obtained a signed statement from Pierce admitting the burglaries in this county, a burglary between Lamesa and Stanton, and the burglary of the Pyote school.

The pair allegedly, pried open the rear door of the new Wilson High School and the door to Supt. Hewlett's office, and carried away between $20 and $30 in cash in a steel money box, including six silver dollars belonging to Mr. Hewlett.

At New Home, the rear door was similarly pried loose, but nothing was found missing from the building. It is believed the burglars used a large tire tool or pinch bar to open the doors.

Dr. Thomas Is Rotary Speaker

Dr. Skiles Thomas was the speaker at the Rotary Club luncheon Thursday of last week.

He gave a thorough discussion of sickness, accident and hospitalization insurance, describing the various types and the amounts of claims that may be expected. Most of the insurance with reliable companies is good, he said, and will pay off 50 to 75 percent of the cost incurred by the beneficiary for items covered.

He stated that the cost of insurance under the proposed "socialized medicine" plan would be just about double the cost of similar insurance taken out with a reliable private company.

John Toler was program chairman for the day.

Local Youth In Soap Box Derby

Kent Gibson, son of Mr. and Mrs. R. H. "Hick" Gibson, and his "soap box" car are entered in the annual Soap Box Derby which will be run off in the canyon in north Lubbock Tuesday afternoon, July 4th. Kent's entry is sponsored by the McCord Motor Co., Pontiac dealer in Tahoka.

Bodies of the coaster-type racing cars are built by the boys themselves, and each builder drives his car in the down-hill race against time.

Kent's car passed the preliminary inspection made by officials last Saturday, and will receive a final inspertion this Saturday.

Sacred Harp Meet This Week-End

There will be two days of old time Sacred Harp singing at Avenue X and 23rd Street in Lubbock this week end, Saturday and Sunday, according to George H. Spears of this county. Everyone interested in such singing is invited.

H. M. McEachern is president of the Sacred Harp singers, and Odessa Stone is secretary.

Mr. and Mrs. D. W. Gaignat are spending a few days at their cabin in the mountains at Ruidoso.

Prospects Excellent That System Will Receive Approval

Prospects are excellent that the Rural Electrification Administration will receive a loan for building the proposed Poka-Lambro Rural Telephone Cooperative system, President J. Sam Allen of Lamesa, Director J. C. Wells and Attorney Tom Garrard of Tahoka reported at a meeting of the Poka-Lambro board here Saturday afternoon following their trip to Washington.

However, they discovered in Washington that they would need to furnish the REA further information on the possible future desires of rural residents of the area. Therefore, all rural people who this week receive cards seeking this information are requested to express their desires in regard to telephone service and mail back the return cards immediately.

George Haggard, REA deputy administrator, and Mr. .... Maddux, application and loan Rural Telephone Division, both of Washington, D. C., will meet with the Poka-Lambro board here this Saturday to discuss plans in general and to try to establish boundaries, Mr. Allen told The News.

Next Thursday, July 6, C. V. Phillips, of the engineering department, also of Washington, will be here to go over the proposed plan in detail.

Mr. Allen said they were told by REA officials in Washington that the Poka-Lambro application covered the largest territory with the largest number of subscribers of any application yet received there. The telephone co-op is designed to serve, primarily, Lynn, Dawson, Garza, and Terry counties, but may be extended to from four to six other counties if the demand is sufficient.

The telephone co-op. would operate over a similar territory to the Lyntegar Rural Electric Co-op., which aided in forming the new group.

Poka-Lambro officers: S. J. Allen, Lamesa, president; J. C. Wells, Tahoka, vice president; Lloyd McCormick, Tahoka; Claude Thomas of Grassland, director for Garza county; George Teague, Lamesa; and Herman Wheatley and Mr. Osborne, Brownfield.

Mrs. L. D. Mueller Dies At Seguin

Mrs. Louis D. Mueller, pioneer resident of the Wilson community, passed away at the home of her daughter, Mrs. C. N. Roth in Seguin on Wednesday, June 21. She had been seriously ill for almost a year.

The Mueller family moved to Wilson in 1922 and have lived there continuously since then. They were known to almost every one of the community. Mrs. Mueller was a life-time member of the Lutheran Church and very active in all its organizations and projects. The Muellers were active in fostering the growth of St. John's Lutheran Church of that city.

Survivors included her husband, Louis D. Mueller, a daughter, Mrs. C. N. Roth, wife of the president of the American Lutheran Church, three brothers, Gus Goehring of Cuero, Rudolph Goehring of Westoff, and Albert Goehring of Houston; two sisters, Mrs. Hulda Boldt of Yorktown and Mrs. Annie Boldt of Westoff; three grand-daughters and a large number of nephews and nieces.

Funeral services were conducted in St. John's Lutheran church of Yorktown with the Rev. C. G. Hankammer officiating and the Rev. C. C. Ehler of Wilson assisting. A memorial service following the regular morning service will be held Sunday, July 2, at St. John's Lutheran Church in Wilson.

Miss Doris Shelton Weds Dewey Cashion

Miss Doris Shelton of Lubbock and Dewey (Sonny) Cashion of Hollister, California, were united in marriage at the Parkdale Baptist Church in Lubbock at 12:00 noon Tuesday, June 20, 1950. Rev. J. T. Clinton read the single ring ceremony. Only a few close friends accompanied the young couple.

Both the bride and groom were born and reared in Tahoka, both having graduated with the 1950 senior class of Tahoka.

Doris is the daughter of Mr. and and Mrs. J. J. Shelton, Lubbock, and Dewey (Sonny) is the son of Mr. and Mrs. R. A. (Robert) Cashion of Hollister, California.

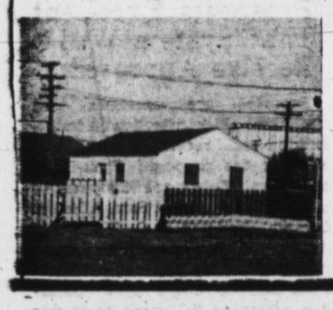

After a short wedding trip to points in New Mexico, the couple will leave for California to make their home.

The haphazard cutting of trees with no plan or thought for the future invariably results in the deterioration of the woods, both in quality and value. Often only the rapid-growing, straight trees are cut because they have a high market value. Many of these should be left to develop into high-grade timber. The less desirable trees should be cut.

Displaced Latvian Family Will Make Their Home In Wilson Community

By Frank Whitsitt
Avalanche Staff Writer

Their homeland thrice overrun by foreign powers within five years a family of five Latvian displaced persons arrived in Lubbock Friday. They are looking forward to days of peace and comfort on the farm of a Wilson man.

The Fort Worth and Denver train carrying the weary family arrived about 10 a. m. Friday, June 23, thus ending a journey that began June 5 at Hamburg, Germany.

Two ministers were on hand to meet the Lutheran family along with Mr. and Mrs. Edmund Maeker, Route 2, Wilson, who will house and furnish work for them.

Mother Learns English

Each blond and fair-skinned, the family consists of the father, Valdema Grinberg, 49; the mother, Parsla, 39,; two daughters, Marota, 13 and Andra, 9, and a son, Juris, 15.

The mother, who had taken some English courses while the family was confined in a camp at Hamburg for six years is the only member who knows English —her knowledge strictly limited. The group, however, chatted in German at the station with Rev. C. C. Ehler, pastor of St. John's Lutheran church of Wilson, and Rev. B. F. Gaskamp, pastor of the Shepherd King Lutheran church here.

Several other displaced persons have come to the South Plains recently. Mrs. Selma Parvel and her twin sons came from Estonia just two weeks ago and are members of Rev. Gaskamp's church.

"We always prayed God would help us get to America," said Mrs. Grinberg in German to Gaskamp. Asked how they were treated during the German and Russian occupations, she said "vely badly." Many of the family's friends were taken to Siberia, she said.

"We want to express our thanks to those who made it possible for our dream of living in America come true," said Mrs. Grinberg through Gaskamp. She was glad to hear other DP's had been located in this area and said she was anxious to talk to people with a common interest.

Sent To Siberia

Grinberg said the husband of one of his sisters was taken during the night and shipped to Siberia. Later, he added, they received word he had died. The family inferred occupation under Russia was worse than that under Germany.

Latvia once a tiny country north of Poland, was first invaded by Russia in 1939 when Hitler and Stalin agreed to divide Poland. When the Germans invaded Russia in 1941, the Nazis chased the Reds out of Latvia and took over. During Hitler's debacle, the Soviets once again regained the country in 1944.

Fled To Germany

That year the Grinbergs fled to Germany. "There wasn't much to do in the DP camp," said the father. The son, Juris, became interested in Boy Scout work and has attained a high rank. He was clad in his summer Scout uniform when the train arrived.

The Grinbergs operated a grain mill in Straupe, Latvia until it was taken away. On the Maeker farm, Grinberg will operate the dairy farm. Maeker said it was understood Grinberg had a general knowledge of that type of work when he was sent here by the Lutheran Resettlement service of the National Lutheran council. Mrs. Grinberg will share in the housework. The family will reside in a caretaker house on the farm. Maeker said he hopes the children can be started in school this fall.

Dock At New Orleans

The family docked at New Orleans after being rerouted upon arrival at Halifax, Nova Scotia. Their boat skirted past New York, enabling the newcomers to glimpse the skyline. The mother shook her head in amazement when asked her reaction to the sight, unable to express her feeling in her broken English.

Traveling by coach from New Orleans, the Grinbergs brought several large suitcases with them. On their clothing they wore a pin with the letters, "LWF" meaning Lutheran World Fellowship. The purpose of the pins is to identify them to the Lutheran workers who meet them between trains and lost in a strange, new world.

Society Helps Out

Texas Lutherans apply for DP's through the Lutheran Welfare Society of Texas, San Antonio. The DP's are situated in homes by the Lutherans where the church is sure they will be treated well by Christian people. In the event the DP's do not like where they are sent, the Lutheran council bears the responsibility of relocating them.

Maeker has applied for two DP families but the Grinbergs are the first to be sent to his farm.

Though tired from traveling, the family beamed in anticipation of being situated in their own little home in America after a smooth, 20-mile ride there Friday in a late model automobile.

The Lynn County News

Tribute Is Paid Mr. J. A. South

Mr. South was a quiet, reserved gentleman who was loved and respected by all who knew him. He was a good man and a good neighbor, always friendly, always ready with his dry wit to make a person smile. He was skilled in his line of work—striving for perfection, and he was fair and honest in all his business dealings. He was a good husband, a good father, and a good citizen.

"There's an open gate
At the end of the road
Through which each must go alone;
And there, in light we cannot see,
Our Father claims His own.
Beyond the gate, this loved one
Finds happiness and rest,
And there is comfort
In the though
That a loving God knows best." (Anon.)

MRS. EDWIN MATHIS HONORED AT SHOWER

A pink and blue shower honoring Mrs. Edwin Mathis was held in the home of Mrs. Ted McDonald Tuesday afternoon, June 20. Hostesses included Mrs. H. E. Huffaker and Mrs. T. J. Murray.

Appropriate games were played, and cake and punch were served to about twenty guests. Many more sent gifts. The shower lasted from 2:30 until 5:00, and a lovely time was enjoyed by all. —Reporter.

MARINE AIR RESERVE MOBILIZATION • 1950

41 U. S. MARINE AIR RESERVE SQUADRONS, based at 25 U. S. Naval Air Stations throughout the nation, are poised to make the two largest coast-to-coast mass air movements ever planned for American reserve air fighter units in peacetime. 21 Western squadrons will leave home stations (black arrows) simultaneously, July 8th, 1950, for maneuvers lasting to July 22nd at Cherry Point, N. C. 20 squadrons at bases east of the Mississippi (white arrows) will leave simultaneously August 5th, 1950, for maneuvers lasting to August 19th at El Toro (Santa Ana), California. Fast moving Marine mobile radar equipment will be set up in radar networks in the field to direct interception of "attacking" planes. *Official U. S. M. C. Photo-Mat*

MRS. BILLY McNEELY HONORED AT SHOWER

Mrs. Billy (Shorty) McNeely, a bride of two weeks, was honored Tuesday afternoon from 5 to 7 o'clock with a tea-shower in the home of Mrs. R. B. (Bob) McCord on North Third Street. Hostesses were Mmes. Jack Fenton, Claude Thomas, and McCord.

The serving table, laid with a lace cloth, was centered with a miniature bride and groom beneath an arch entwined of flowers and fern. The punch bowl was flanked with summer flowers and candellabra. Appointments of crystal and silver completed the table setting.

White magnolias and pink roses with baby-breath were used in the decorations throughout the rooms.

Those in the house party wore pastel formals with harmonizing corsages.

The honoree wore a pale blue and white organdy dress with white accessories and a corsage of pink gladiolas.

Miss Mary Louise Fenton greeted the guests and presented them to the honoree, to Mrs. Harly Henderson, mother of the bride, and Mrs. Billy McNeely, mother-in-law.

Miss Jo Ann Henderson, sister of the honoree, presided at the bride's book.

Miss Jo Ann Thomas and Miss Pat Sherrod were at the refreshment table. Miss Elna Reba Dunagan and Miss Jane Henderson presided over the 135 gifts displayed in the bedrooms.

VISIT IN AMARILOO

Mrs. Lou Calvery spent last week in Amarillo with her little niece, Nancy Lou Davis, while her parents, Mr. and Mrs. Daniel Davis, were attending the Shrine convention in Los Angeles.

On Saturday, Mr. and Mrs. Davis and Nancy Lou brought "Miss Lou" back to Tahoka and attended the Lynn County Pioneers reunion.

This week, Allen Woosley, son of Mr. and Mrs. Nathan "Bugs" Woosley of Lubbock, is visiting his aunt, Mrs. Calvery.

Tax levies made by State and local governments in Texas totaled an average of 25.7 cents per acre in 1949. An increase of 3.3 cents per acre or 15 percent over the 1948 averege in Texas. Indications are that the trend will likely continue upward on Texas farm and ranch real estate but at a slower rate.

Go To Church Sunday.

RANCH STYLE

This chic lass takes a cue from the cowboys and wears a Western style kerchief at her neckline. Her dress and matching kerchief are created from sheer swagger gingham in neat checks by Galey and Lord. Gingham is more popular for cool summer frocks than ever before, according to National Cotton Council fashion experts.

THOMPSON REMODELING

Thompson Cleaners this week is remodeling the front of its building ox the west side of the square, and rearranging the interior fixtures. Early next week, the building interior will be redecorated.

ALL-CROP harvest

SEED can rightfully be spelled with a dollar sign this year . . . dollars *you* can harvest.

Enough grass, alfalfa, clover and other legume seed is needed to plant *51 million acres*, replacing soil-depleting crops. Present seed production is scarcely half sufficient.

A home-owned ALL-CROP Harvester can help you cash in with these high-pay crops as well as with grains, beans, sorghums. Its full width, rubber-shielded bar cylinder reduces crackage. Quiet, V-belt drives, over-size threshing rear, precision wind valves, and Air Blast Separation, enable the All-Crop to harvest over 100 crops. They range from feathery grass seeds to marble-size beans.

Make it an ALL-CROP harvest this year.

The Allis-Chalmers WD Tractor provides the last word in harvest control. Auxiliary hand clutch stops tractor without interrupting power flow to harvester.
NOW hydraulic header lift (optional)

Odds & Ends . . .

(Cont'd. From Ed. Page)

has its beginning up just east of Snyder and Hermleigh and just north of Roscoe and Sweetwater. Other streams from the Merkel - Abilene - Roby - Hamlin - Stamford country flow into it, and by the time it reaches Leuders it has become quite a noble stream.

Near the Clear Fork north of Abilene stands old Fort Phantom Hill and also on its banks away around north of Albany is old Fort Griffin. Both of these old forts have become famous in story and song. They each also played an important part in the early history of West Texas. East of Anson in Jones county, a dam across the Clear Fork was built many years ago and still stands, impounding quite a lake of water.

At Leuders on the banks of this stream the Baptists of west Texas have and maintain one of their largest and most successful annual encampments. Our highway down brought us across the Clear Fork at Leuders.

The Clear Fork continues in a general eastward direction from old Fort Griffin and flows into the main stream of the Brazos near Graham.

Thus at that place, all the four main prongs and many smaller tributaries of the Brazos River have been converged into one noble stream, whose waters now help to make Possum Kingdom Lake and the new and larger lake much further down stream recently created by the Whitney dam which has just been completed.

Perhaps the largest single tributary of the Brazos River above Waco is the Bosque River, which heads in the Stephenville-Dublin area, flows eastward through Erath, Hamilton, Bosque, and McLennan counties and empties into the Brazos just above the city of Waco.

• • • • •

From Lueders we came on down through Albany, Cisco, Eastland, Ranger, and Thurber to Stephenville; spent the night there and came on the next morning via Hico, Iredell, Clifton, and Valley Mills. to Waco, a marvelously beautiful country.

• • • • •

Just another word about the Double Mountain Fork. As all Lynn county old-timers know, this stream has its source in Lynn county. Out two miles east of Grassland at the edge of the caprock is a great gulch in old Mother Earth. In the bottom of that gulch is a spring that feeds a tiny lake and sends a gurgling little stream down through the bottom of the gorge and starts its on its way down to Justiceburg and numberless cities and towns far to the east. That is the beginning of Double Mountain Fork of the Brazos River. A little further to the southwest is a draw that heads about Redwine, deepens as it extends eastward, and becomes quite a canyon at the edge of the cap-rock. In it also is a spring, and it is across this canyon that G. M. Stewart of Tahoka a few years ago constructed a huge dam. That is another source of the Double Mountain Fork, especially when heavy rains fall. Still further south in the Draw area are other feeders for the Double Mountain. Fork.

The Double Mountain Fork is named for a double mountain that stands on the north side of this stream quite a number of miles west of Aspermont, whose double head may be seen for many miles throughout central West Texas.

The city of Aspermont is also said to have been named for this mountain, the word meaning rough mountain.

At Waco, the Brazos is just striking its stride. It is about 250 miles as the crow flies from here to its mouth.

You can't run a mill perpetually from forest capital any more than you can keep drawing money out of a bank without making deposits.

Here's the best steer on the market!

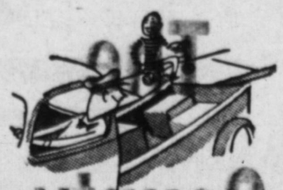

Drive DODGE "Job-Rated" for easy handling

Drives like a dream!
That's what you'll say once you get behind the wheel of a Dodge truck. It's *"Job-Rated"* for comfort and convenience . . . to make driving a pleasure in traffic or on the open road.

Parks like a kiddie car!
Shorter wheelbase and shorter over-all length make parking a snap. Your Dodge truck is *"Job-Rated"* so you can slip easily into those parking spaces you used to pass up.

Rides like a baby carriage!
Smoo-oo-th is the word for the ride you get in a Dodge *"Job-Rated"* truck. Extra-long front and rear springs are tough, yet flexible. And they're rear-shackled to last a lot longer.

Now! gyrol Fluid Drive!

Turns on a dime!
Just a feather-touch to the wheel and you make shorter turns, whether you're backing up, turning around, or parking. *"Job-Rated"* wide tread front axle and cross-steering make it possible that way!

"Job-Rated" ...for low cost transportation

POWER: . . . 8 great truck engines—each *"Job-Rated"* for *PLUS* power.
ECONOMY: . . . priced with the lowest. *"Job-Rated"* for dependability and long life.
BIGGER PAYLOADS: . . . carry more without overloading axles or springs because of *"Job-Rated" WEIGHT DISTRIBUTION.*
EASIER HANDLING: . . . sharper turning! Parks in tight places. *"Job-Rated"* maneuverability!
COMFORT: . . . widest seats . . . windshield with best vision of any popular truck. Air-cushioned, adjustable "chair-height" seats.
SAFETY: . . . finest truck brakes in the industry . . . hand brake operating independently on propeller shaft on *all* models—½-ton and up.

Available only on Dodge *"Job-Rated"* Trucks (½-ton, ¾-ton and 1-ton models). Ask for Fluid Drive booklet.

With all their extra value **DODGE "Job-Rated" TRUCKS** *are priced with the lowest*

CLASSIFIED ADVERTISING DEPARTMENT

TELEPHONE NO. 35

TALLEST BUILDING IN THE SOUTHWEST

One of the largest and finest office buildings ever erected in this country, shown above, will soon dominate the already impressive skyline of Dallas, the Southwest's great cosmopolitan city. The new Republic Bank Building, announced recently by Fred F. Florence, President of the Republic National Bank, will embody the most modern and advanced architecture, including every convenience possible for both customers of the Bank and tenants of the building. The tallest building in the Southwest, it will soar 440 feet in height. It will be the largest and most modern structure erected in the United States to include a garage and motor banking, together with banking quarters and office building. The main shaft of the building will rise 36 stories above the ground with an additional four stories below the street level. Its tower, extending some 160 feet further into the sky, will give the structure an overall height of 600 feet.

Land Measuring Work Progresses

Measuring of cotton land under the new acreage control plan is going forward at a steady rate with 15 crews working in every community in the county, according to Clint Walker, secretary of the Lynn county PMA.

So far, about 250 farms have been completed. However, the measuring pob will not be finished until about the second week in August, he says.

Mr. and Mrs. Houston Spikes of Amarillo were here Saturday visiting old friends. Houston, who is with Tax and Insurance commission of the West Texas Gas company, was here on business and was back again on Monday.

MERCHANTS SALES PADS at The News office.

Mrs. M. L. Bentley has recently purchased Walker's Specialty Shop belting machine. Mrs. Bartley states that she will operate it at her home on Lockwood St.

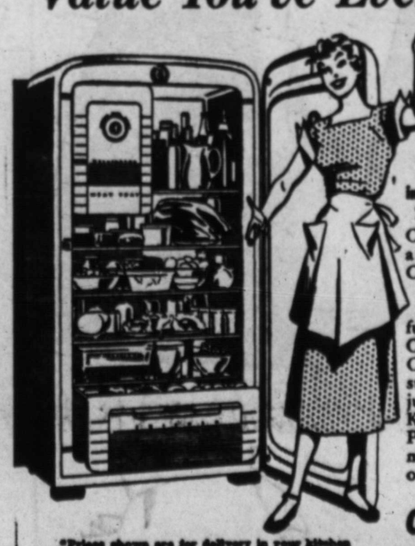

Mr. and Mrs. Temple Brashear of Baird, formerly of Tshoka were here the first of the week for the funeral of Mr. J. A. South. Temple is in the grocery business at Baird.

Periodic checks should be made of the flower garden and of the shrubbery about the place for aphids. A heavy infestation of aphids, sometimes called "green bugs," may take enough sap from the plants to weaken them seriously. Control measures should be applied as early as possible.

Conservation of the soil and forests is largely a matter of using the land in accordance with the dictates of Nature.

Rollin McCord last Saturday carried Mrs. McCord, Rollin, Jr., and Mary to Ruidoso, New Mexico, where they will stay until about August 1. Rollin returned home the first of this week.

This will not appear in print until Friday of next week, and things are happening so rapidly these days that this entire contribution may sound like ancient history by that time.

We are hoping the oil boom in Lynn county will still be going strong, however. We guess that would be good for the county. If big oil should be struck, it will bring in a lot of wealth, a lot of people, and a lot of crime, however. We doubt if a repetition of the Snyder boom would be very satisfactory, but we could stand quite a bit of steady and even rapid growth. With all that street paving done, a big new water reservoir under construction, and another good cotton and feed crop in the offing, it does seem that there should be no grouches in Tahoka.

• • • • •

I am here in Waco again just waiting for the doctors and the surgeons to stretch my brother out on the operating table and do another repair pob on his broken hip. They recently found that one of the pins inserted at the time of the original operation early in January had worked loose, so the surgeon took it out and inserted another for temporary service. He reported that the bone was so soft that the pins would not hold and that the broken bone would have to be bound up in some way that the surgeons understand—I don't—and then clamped together tight with screws. They have been trying to build up his strength to the point where they think he can stand the ordeal, and have announced they will operate tomorrow, long before this contribution reaches the reader.

• • • • •

In spite of the nature of the mission that brought me back down here, I had an interesting trip. Started late in the morning and stopped at Clarimont for lunch.

That old town, which heretofore consisted of a red brick courthouse set on top of a hill, a filling station, a little rusty looking church, three or four residences, and a pretty good brick school building, is already showing the ear marks of a real oil boom. Two or three wells, heavy producers, have already been brought in near the town, and other tests are being drilled. Down on the line of Kent and Scurry counties, a good field has already been developed. In Clarimont a sizeable grocrey store has been opened up, two or three service stations built, two real estate offices are doing their stuff, and two busy cafes are on the job. Besides, there are already a number of new residences and two or three buildings constructed for use in some phase of the oil business.

Most of that land down there is not fit for much else, and so we are predicting that they are going to develop a big oil field.

O yes, and that cafe where we ate lunch already had what seems to be a necessary adjunct to every cafe these days, a cigarette-smoking old gal as one of the waiters. Looked as if she might have come recently from Prickley Pear Hollow down on Brushy Creek and had forgotten to comb her hair since emerging from her native habitat. She lighted her cigarette, popped down at a table and began a conversation with a customer or two, while trying to handle her cigarette gracefully—an accomplishment that no woman has ever acquired yet, according to our limited observation and knowledge of such things. We don't care how graceful a woman may be in the parlor, on the ballroom floor, on the street, or anywhere else in the world, we have never seen one yet that didn't look as awkward as a cow in handling a cigarette. We hope that all our lady friends who smoke may forget this before we get home. We intend to be away quite a while.

• • •

We didn't make the trip down to Waco over the route we usually follow. We wanted to see Clairemont and also to visit in Stephenville on the way down. From Clairemont, we could have dropped down by Rotan, Roby, and Anson, but we chose instead to go across to Jayton, thence down by Aspermont, Sagerton, and Stamford, and from that city down through Albany to Cisco.

Any woman would have gone into ecstacies over the marvelous display of wild flowers that were constantly greeting us from the roadside, particularly through Kent and Stonewall counties. To our masculine readers they would be of little interest. Down near Aspermont, we were driving along under the spell of all this wild beauty, when "Pop!" We had a blow-out. Luckily, at that moment along came a state highway employee. He immediately sensed our trouble, stopped, and obligingly changed tires for us. As the sun was exceedingly warm that afternoon, we appreciated his kindness almost beyond measure. He was not only obliging but also very courteous, and we pronounced him a real gentleman. We are glad that there are a lot of them in the world yet.

• • • • •

If any of our readers do not appreciate the Brazos River, we suggest that they travel the road we traveled on this trip. It is not a particularly good road, but any observer will be able to see the importance of the Brazos River in the development of our state. We crossed it five times, that is, we crossed four different prongs of the Brazos, one of them twice.

We first encountered the Yellowhouse just a few miles east of Post, crossed it over the long bridge that spans the stream at this place. There was little visible water in the stream in spite of the fact that recently it had been swollen by heavy rains. The sandy bar was wet, however, we don't know how many feet deep. This is the stream that comes through Lubbock and makes possible beautiful MacKenzie Park in that city, and Buffalo Lakes near Slaton.

• • • • •

From Clairemont we dropped over to Jayton, and in doing so we crossed the Salt Fork, or White River, also over a long bridge, which I understand is soon to be replaced with a new bridge, on account of its being old and a little rickety on account of the oil boom that is growing in Kent county. This is the stream that come through Plainview and deepens into beautiful Blanco Canyon near Floydada, passes through eastern Crosby county and then ploughs its way down through the cap-rock into the broken country below.

From Jayton on the north side, we followed it on down some fifteen or twenty miles to a point near Peacock, where it turns abruptly to the north, and there we crossed it again.

• • • • •

Our road took us on down to and through Aspermont, heading out of there for Sagerton and Stamford. Long before reaching Sagerton, one is attracted by a ledge of hills swerving around from the south to the east in front of him. That ledge of hills marks the course of the Double Mountain Fork of the Brazos River as it sweeps down from the South Plains through the counties of Garza, Kent, and Stonewall. The stream runs north at the point where the Aspermont-Stamford road across it near Sagerton. And from that point it hastens on north through western Haskell county to a point north of Rule and then swerves back to the northwest a few miles to join the Salt Fork, from which point the enlarged stream sweeps on around to the north and east through Balyor county and past Seymour.

• • • • •

Well, what became of the Yellowhouse, which comes down from Lubbock and which we crossed a few miles east of Post? If yoy will consult your map, you will find that the Yellowhouse and the Double Mountain Fork, after passing through Garza county as separate streams, converge soon after entering Kent county, and sweep on eastward from that point as the Double Mountain Fork. In fact, some maps dub the Yellowhouse as the North Double Mountain Fork above its confluence with the Double Mountain Fork proper that flows from the South Plains down by Justiceburg.

• • • • •

We proceeded eastward, but we are not done with the Brazos yet. Passing through Stamford and still headed southeastward, we encounter another prong of the Brazos at Lueders. This is the Clear Fork, a noble stream that

(Con'd. On Page 11)

RELIEF AT LAST For Your COUGH

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Chevrolet trucks give you more powerful performance, thriftier operation

You can expect great things of these new Chevrolet trucks. They're the most powerful trucks Chevrolet has ever built, yet they cost surprisingly little to operate. Two rugged, wonder-working Valve-in-Head engines—the Thriftmaster 92-h.p. and the new Loadmaster 105-h.p.—bring you performance that saves you time and money. New Power-Jet carburetion provides smooth, quick acceleration, and the 4-speed Synchro-Mesh transmission in heavy-duty models means faster shifting and greater safety on the grades. To you, this means wonderful new performance . . . less time on the road . . . less time in the haul. So do yourself a favor. Visit our showroom today. Chevrolet trucks have what you want!

Methodists Visit Annual Camp

The Lubbock District Intermediates of the Methodist Church enjoyed a camp last week at Ceta Canyon, Methodist camp ground. The camp which lasted a week was under the direction of Rev. O. A. McBrayer of Wolfforth. The boys and girls spent the time studying, playing, and swimming. The courses taught were: Worship. Camp Unesco, World Code Builders, World Friendship, and World News Service. Various interest groups such as crafts, naturexplore,, Choir work, and recreation also were enjoyed.

Two interesting people attending the camp were Miss Ona Parmenter and Miss Katherine Chiang. Miss Parmenter, the camp nurse, was a former missionary to Africa where she worked for 28 years. Miss Chiang, the camp national, from Shanghai, China, is in the United State completing her education.

The camp ground has also acquired new buildings this year—a dining hall, and a new home for the camp manager. The campers selected as their project for this year a comtribution toward the car the Lubbock District is presenting to Dr. and Mrs. Iglehart, "Advance" missionaries to Japan. Dr. and Mrs. Iglehart are supported by the Lubbock District.

Delegates attending camp from Tahoka Methodist Church were: Nancy Sue Sargent, Wayne Hufaker, Sylvia Thompson, Bob Holcomb, and Herschel Lindley. Rev. C. A. Holcomb, Jr., accompanied the group and also taught the guest on World Friendship.

Carl Sanders Heads Elevator Group

(O'Donnell Index-Press)

Saturday afternoon at a meet- of grain farmers at the Co-op office here, Carl Sanders was elected chairman of a group to consider ways and means of building a new $200,000 elevator here. He will select members of the committee and report back in a few weeks on the amount of money which can be raised locally for this project. Several hundred farmers and their fmailies enjoyed a melon praty and heard co-op experts speak.

Mr. and Mrs. Claude Doraldson returned Wednesday night from Denton, where they had been visiting since Saturday with thier daughter, Jane, who is a summer student in North Texas State College, and Mrs. Donaldson's four brothers who live there. On Sunday, Claude Donaldson, Jr., who is with the J. C. Penny Co. in Fort Worth, went up to Denton to be with them.

DOUBLE SWEET

Charming Doris Day, Warner Bros. star, looks as sweet as she sings. She is fresh as a daisy in her navy chambray with gores of white eyelet inserted to make a circular skirt. The bolero is in matching white eyelet, and she sets off her costume with snowy white cotton string gloves.

Aid Offered In Cotton Chopping

Cecil Grimes, manager of the Texas Employment Commission office at Lamesa, was here Wednesday checking up on the need for cotton choppers in this area.

He stated that if farmers in this area should find there is a shortage of choppers that, upon notification, the TEC will direct tansient workers to this area.

TEC'c address is Box 598, Lamesa, or telephone 25 in Lamesa.

Mr. and Mrs. Otis Spears came in Wednesday night from Pecos, New Mexico, where he has been working with an archaeological crew excavating prehistoric Indian ruins as a special project as a graduate student in Texas Tech. He will return for another week's work there, while Mrs. Spears will remain here to prepare for moving to Cooper (Woodrow), where Otis is the new superintendent of schools.

Texas cotton producers are at the cross-roads so far as the 1950 cotton crop is concerned and the wet, cloudy weather isn't helping the farmer in his fight against the threatening insects. The continuous use of insecticides seems to be the only solution.

Milk and milk products furnish fats, carbohydrates and proteins in easily digestible forms along with calcium and other minerals, vitamin A and riboflavin. All are needed in a properly balanced diet.

Mr. and Mrs. Frank Henderson and girls visited their son-in-law and daughter, Mr. and Mrs. Billy Ray Kelley, in Hobbs, N. M., last Sunday. Carolyn, who had been visiting there several days, returned home with them.

Mr. and Mrs. Claude Thomas of Grassland, accompanied by Mr. and Mrs. Harry Stokes of Slaton, spent last week down at Buchanan Lake fishing and enjoying an outing. Mrs. Thomas says they caught fish, too.

Mrs. R. W. Fenton Sr. is visiting in California for a few weeks.

Cotton Benefits May Aid All

One application for Smith-Doxey benefits will cover all the farmers in an organized cotton improvement group.

This was pointed out today by Leil O. Buchanan, who is in charge of the Lubbock cotton classing office of the U. S. Department of Agriculture's Production and Marketing Administration.

"The popularity of this cotton improvement program has increased so much in the last few years that applications must be filed early in order to prevent a log-jam just before the deadline," Mr. Buchanan said, explaining that it takes at least 15 days to process applications and then deliver supplies of forms to gins, warehouses, compresses and other agencies approved to take samples of cotton.

Any group of farmers organized to promote the improvement of cotton is eligible for free USDA cotton classing and market news services under the Smith-Doxey Act.

The deadline for filing applications for these services is August 15, 1950. Applications should be sent immediately to your local County Agricultural Agent or to Leil O. Buchanan, 1701 Avenue H, Lubbock, Texas.

A farmer's cotton classing school will be held in the Lubbock office from August 14 — August 25. If you wish to attend this school, reoprt to the Lubbock Office at 9:00 A. M. August 14, 1950.

Oil News . . .

(Cont'd. From Page 1)

Bryan Williams test, northeast of Central Church, found no signs of production in the Pennsylvania lime.

The well was cored from 8,577-8,600 feet. The operators were reported to be preparing to drill deeper Wednesday night.

Location of the test is about 15 miles northwest of Tahoka on section 1407, block 1, EL&RR survey.

Work has not started on the Sohio Petroleum Co. No. 1 W. T. Rodgers, which was recently announced to be located 13 miles northwest of Tahoka on section 144, block 12, EL&RR survey.

Of interest to friends of Chas. B. Townes, Tahoka postal clerk, is the completion of the Honolulu Oil Corporation No. 1 Charles B. Townes upper Clear Fork discovery well in northeastern Yoakum county. At last reports, the well was a potential light producer.

Producing from open hole at 6,600-6,750 feet, it was last reported to have made 132 barrels of fluid, cut with an estimated 8 to 14 per cent basic sediment and acid water in 24 hours.

The pay zone had been treated with three injections of acid; five six and 10 thousand gallon shots.

The discovery, located one mile east of the discovery well of the Cobb-Gloriets field, missed the pay of this one-well pool and opened production from the Clear Fork zone.

The No. 1 Townes is 660 feet from north and west lines of section 382, block D, John H. Gibson survey.

Pioneers . . .

(Cont'd. From Page 1)

es of Bangs, who left here 17 years ago, but whose husband and son are buried here, gave the response.

President Oscar Roberts introduced the principal speaker of the morning, Rev. Dick O'Brien, Big Spring First Baptist Church pastor and native West Texan, who dispensed a lot of humor and then drove home a serious message which admonished even the older folk not to "let our future get behind us." In this atomic age, he said, there are even more opportunities than in the past to go forward and to do good.

The dinner was served in the City Park by Elmer Sproles and Fred McGinty, assisted by "Bunk" Chandler, Roy Miller, Marvin Wood, Dee Sanders, "Doc" Johnson, and a number of other assistants.

The afternoon program opened with music by the "Texas Sandstorms," a five piece string band, which also played that night for an old-time dance in the Legion Hall for the pioneers and their families.

W. R. "Bill" Sewell, Lubbock banker, formerly of Tahoka, led the group in singing "Old Folks at Home" and "Home on the Range," and sang as solos, "A Little Bit of Heaven" and There's a Gold Mine in the Sky." Mrs. Marcus Edwards was accompanist.

Sarah Wells, 5, daughter of Mr. and Mrs. George Claud Wells, presented a tap dance, accompanied by Mrs. Dea Parker.

Sandra Kemp, 9, accompanied by Mrs. Edwards, gave a song and dance number, "The Charms of the City." She is the daughter of Mrs. Marjorie Crozier. Both are grandchildren of Claud Wells.

By request, R. L. Bagby, did a jig dance to "Turkey in the Straw."

Boyce House of Fort Worth was scheduled to speak in the afternoon, but on Friday had wired that he was ill in San Antonio and could not get here. G. H. "Hobart" Nelson of Lubbock was the capable "punch-hitter," and he paid special tribute to many of the oldtimers that he knew while a citizen of Tahoka who have passed away.

Following his address, officers for the coming year were elected as follows: W. E. (Happy) Smith, president; Fred McGinty, vice president; Mrs. Bill (Eloise Nettles) Griffin, secretary; Jim Elliott, finance chairman.

Truett Smith, who served as chairman, and President Oscar Roberts explained that Mrs. Jack (Frankie Wells) Fenton, who had been serving as secretary ever since the Lynn County Pioneers Association was organized, had asked to be relieved. She has supervised the sending of invitations, registration, and, in fact, they declare, has been the backbone of the organization since its inception.

The following prizes were awarded:

Eldest lady present: Mrs. S. N. McDaniel, 83, who has been in this county since 1902 and whose husband was the first county clerk.

Eldest man: Jack Blankenship, 84, of Brownfield, who lived here from 1906 to 1919.

Person coming greatest distance: Charles Evans from Dhahran, Saudi-Arabia, who is with the Arabian-American Oil company and whose visit with his mother, Mrs. J. H. McNeely, coincided with the meeting of the pioneers.

It was a great day for those who came here back in the early days.

Mrs. J. G. Scott and daughter, Mrs. Mary Lynn Verhines, and the latter's son, Billy Lynn, came over from Rsowell for the Pioneer reunion. Mrs. Scott is remaining here for a few weeks.

Sidelights On Lynn County Pioneer Reunion

Frank M. Sherrod, oldest oldtimer still living in Lynn county who will be 94 years of age next September 4, was unable to attend the reunion Saturday. Mr. Sherrod first came to Lynn county in 1878 to hunt buffalo in the vicinity of Tahoka Lake. At that time, there were still a few Indians roaming the Plains, and a few sneaked around his camp but gave no trouble.

Mr. and Mrs. Sherrod moved here with their family in 1903, the year the county was organized and the town of Tahoka was started. He carried the mail by horse and buggy from Tahoka to Lynn postoffice, and Mrs. Sherrod, who died September 14, 1945 at the age of 78, operated the Hotel Sherrod.

Hotel Sherrod carried an ad. in the first issue of The Lynn County News, published October 9, 1903, which read: "Special attention to the traveling public. Good accomodations. Board by month or week. Meals 25 cents."

• • •

Mrs. (Mattie) Bradley, oldest lady oldtimer in Lynn county, who will be 94 next October 19, was also unable to be present. Mrs. Bradley, who is the mother of Don Bradley, came here in 1916. Marion G. Bradley Post of the American Legion, Tahoka, is named for her son, who died in World War I.

• • •

Rev. Dick O'Brien, Baptist pastor of Big Spring, who delivered the principal address of the morning session though not a Lynn county pioneer, was born and reared in West Texas, in Comanche county, and his parents were native Texans.

A red rose has been placed on his pulpit by some unknown admirer for 397 consecutive Sunday mornings—and there was a red rose awaiting him on the speakers stand when he arose to make his address here Saturday. He stated that he almost never gave the rose away, but on this occasion he presented his rose to Rev. Ben Hardy, pioneer West Texas Methodist preacher and long his personal friend, who was present as a guest at the meeting, for Brother Hardy's "long and faithful service to West Texas."

• • •

The Lynn County Pioneers' Association holds its reunion each year on June 24—the birthday of Mrs. J. S. Wells. Mr. and Mrs. Wells came to Tahoka in 1903 and bought out the Sweet and King general marchandise store, the first business established, which was located at the southwest corner of the squsre. The couple, both dead now, were highly respected and deeply loved by countless friends over this area.

Sarah Wells and Sandra Kemp, who gave tap dances on the afternoon program, were their great-grandchildren.

• • •

Seen reminiscing over childhood days: Mrs. Bob (Nannie Skinner) Majors of El Paso (1905), Mrs. Lula Gilmore Collins of Hobbs, N. M., (1902), and Mrs. Homer (Rescola McDaniel) St. Clair of Lamesa (1902). The Skinners and Majors were pioneer families of this community. Mrs. Collin's father, M. E. Gilmore, established the first Tahoka Drug Store here in 1903. Mrs. St. Clair's father, S. N. McDaniel, was the first county clerk of Lynn county. Her mother still lives, and operate the McDaniel apartments here. Mr. and Mrs. O. C. Major of Barstow also were here.

• • •

Derwood Gilmore (1902) of Hobbs and Ray Weathers got a big laugh out of the time they and Elmer Coughran, who now is a minister in California, and Shelley Shook, now a tire dealer in Plainview, went to the Mollie Bailey Circus. One year back in the days before the railroad came to Tahoka, Mollie Bailey, traveling across country in wagons, showed in Tahoka. Derwood, Ray, Elmer, and Shelley did not have the money with which to pay their admission to the circus. Derwood's dad operated the drug store, from which he "swipped" a powder with which they shined up some pennies to look like dimes. They presented the pennies for admission, and got two nickles back in change which they spent for peanuts to feed the elephants.

• • •

J. E. Ketner, who came to Lynn county in 1901 and filed on land near New Lynn, first came to this section in 1885, and worked for the Spurs, for whom he trailed a herd of cattle to Ogalla, Montana, in that year, returning in 1886. He also worked for old TJF ranch, which then covered the territory from the present O'Donnell to the present Lamesa to Tobacco Creek.

• • •

H. H. Hale, who was here from Higgins, came to this area away back before the turn of the century, once drove the mail hack with Spanish mules, from Gail to Grassland and Lubbock. He moved from Gail to Higgins in about 1915.

• • •

Courtney Mallard of Marfa found a number of oldtimers he knew, and enjoyed a trip out to his old ranch in the Three Lakes communtiy. Mr. Mallard was here from 1902 to 1908, and now owns a ranch at Marfa. He came to Lynn county before organization, and went to Lubbock, to which Lynn was attached for judicial purposes, and filed on two Three Lakes sections.

• • •

Andrew Jackson Stricklin, colorful editor of The Terry County Herald of Brownfield, was present for the reunion. He never lived here, but when he went to Brownfield in 1909 this was a pioneer area and the people of the two counties were closely bound together. The railroad came to Tahoka in 1910, several years before Brownfield had a railroad, and he received his paper supplies at the Tahoka depot. Robert Noble brought him over Mr. and Mrs. J. M. Noble, two of the early settlers at West Point, were unable to be present.

• • •

Jack Blankenship, 84, now of Brownfield, came here in 1906 from Knox county, was once in the real estate business with the late Ed Redwine and sold out to settlers the old Deuce of Hearts Ranch lands, then owned by a Mr. Hutto, and lying in the New Home section. He says they sold this land at $10 per acre. He moved to Yoakum county the year of the drouth, 1917, and thence to Brownfield in 1937.

• • •

Bill Fenn (1901) was here from San Angelo. He and his brother, "Dink" Fenn, now of Grand Junction, Colo., and late of Alaska, recently returned from a sight-seeing trip over Texas and New Mexico. Bill left here in 1911. The present First Baptist Church of Tahoka was organized in his parent's home in the present Dixie community.

• • •

Joe Elliott (1903) of Sterling City, brother of Judge Jim Elliott, was shaking hands with a lot of friends.

• • •

V. D. (Tiny) Leavitt, who used to work for the T-Bar ranch, was here from Lingo, New Mexico, west of Morton, where he is ranching.

• • •

C. B. Morrison (1906) says he has owned three tracts of land successively under which oil was found in later years. He was in Borden county in 1900, acquired a "bonus" in Winkler county in 1905 which he soon sold and moved to Glasscock county. In 1906 he traded the Glasscock land for the place he still owns in the extreme southwest corner of Lynn county.

• • •

R. L. Bagby proved at the meeting Saturday afternoon that he could still dance a jig to "Turkey

ANOTHER STRIKE

AGAINST THE PUBLIC AND INDUSTRY AND AGRICULTURE SERVED BY FIVE WESTERN RAILROADS

President Truman's EMERGENCY BOARD recommends a 40-hour week and a pay increase of 18 cents an hour, or $1.44 a day for switchmen represented by the Switchmen's Union of North America.

• Notwithstanding the tremendous increase in their expenses involved, the

Railroads' answer to Board is . . . YES!

Union leaders' answer to Board is . . NO!

In face of Board findings to the contrary, union leaders insist on 48 hours pay for 40 hours work. This would be an average increase of 31 cents an hour, or $2.48 a day. So Union leaders have called a completely unjustified strike on 5 Western railroads, effective June 25.

On June 15, an Emergency Board appointed by President Truman under the terms of the Railway Labor Act recommended the railroads grant switchmen a 40-hour week and a wage increase of 18 cents an hour, or $1.44 for an 8-hour day.

Despite the added financial burden involved, the railroads are ready to accept these recommendations, as they have always accepted Emergency Board recommendations on national issues.

But the leaders of the Switchmen's Union refuse to accept! They demand an average increase of 31 CENTS AN HOUR OR $2.48 A DAY—although their present earnings are substantially higher than those of workers in other industries!

Board Says Demands Unjustified

In its report, the Board declared this demand unjustified by all the evidence presented. It also pointed out that it would give the switchmen an unfair pay advantage over other groups of railroad employes, and would add too great a burden to railroad costs.

Here is another case of a railroad union flouting the findings of an Emergency Board—another case of calling a crippling strike in an outrageous and reckless attempt to force demands which the Board clearly labels as unjustified!

Leaders of the Switchmen's Union are calling this strike in defiance of the Board—in defiance of the *facts*—and at the expense of the public!

In its report on this case, the Board made this statement:

"The railroad industry, the Board believes, needs above all else a period of relative stability to adjust and adapt itself to present competitive post-war conditions."

Despite this warning, the leaders of the Switchmen's Union are upsetting the apple-cart—forcing a completely unjustified strike against everybody who uses the railroads.

FIVE WESTERN RAILROADS AFFECTED BY THE JUNE 25 STRIKE

The five railroads affected by this strike, which goes into effect at 6:00 A.M. local time, Sunday, June 25, 1950, are:

Chicago Great Western Railway Company
Chicago, Rock Island & Pacific Railroad Company
The Denver & Rio Grande Western Railroad Company
Great Northern Railway Company
The Western Pacific Railroad Company

It is time to put an end to such un-American tactics!

The Answer to a Raw Attempt At Dictatorship is "No!"

In the interest of the public who depend on the railroads every day, there can be only one answer to this outrageous and dictatorial action by the leaders of the Switchmen's Union. And that answer is—"NO!"

EASTERN SOUTHEASTERN WESTERN RAILROADS

We are publishing this and other advertisements to talk to you at first hand about matters which are important to everybody.

Twins Are Born To Woman While Husband On Way To Town For Aid

(Brownfield News)

Twin babies, a boy and a girl, were born to Mrs. Cordie Honeycutt late Saturday morning at her home 10 miles east of Brownfield while her husband was on his way to town to obtain medical aid for the delivery.

Honeycutt's automobile broke down between his home and Brownfield and by the time he hitchhiked into town and then returned home in a Brownfield Funeral home ambulance, the babies had been born.

Mrs. Honeycutt's only attendant at the time of the twin babies' birth was her teen-age daughter.

Brought to the Treadway-Daniell hospital here, both mother and babies were deproted Sunday to be "getting along nicely."

The Honeycutts have three other children besides the twins.

TENNIS, ANYONE?

This trim young lady is all set to win a love game. She's ready for action in her cotton sports outfit that combines crisp white shorts of cloquadot pique and a comfortable cotton T-shirt. Her neat cotton play ensemble was designed by Graff of California, the National Cotton Council r[illegible].

Bobbie Ruth Kenley Weds James Burkey

Miss Bobbie Ruth Kenley, daughter of Mr. and Mrs. Lewis Kenley of Route 2, Lubbock, was married Monday evening to James Burkey, son of Mr. and Mrs. T. E. Burkey, also of Lubbock, in a double ring ceremony read by Rev. C. J. McCarty in the Calvery Baptist Church.

Mrs. W. H. Kenley of Tahoka gave a reading, "Melody of Love," at the ceremony. Mrs. T. A. Stone of Tahoka, cousin of the bride, was one of the bridesmaids.

The bride and groom are graduates of Lubbock High School, and the groom has attended Wayland College. Following a wedding trip to New Mexico, the couple will be at home in Lubbock, where he is employed at Cobb's Department Store.

Levelland Rodeo Starts Saturday

Residents of Hockley county and the Levelland area this week were making extensive preparations for a four-day rodeo, expected to be the best in the history of the six-year-old Levelland Rodeo association.

The show which starts on July 1st and climaxes on July Fourth is expected to draw spectators and top contestants from the entire area.

Stock for the fourday show will be furnished by Buck and Tommy Steiner of Austin. Steiner has promised one of the greatest strings of bucking stock ever turned into a West Texas arena and Levellanders are expecting an outstanding show.

Rodeo fans will be treated to the best in saddle bronc riding, bareback bronc riding, calf roping and bulldogging. Added prizes of $500 have been made available for winners in each of these contests as well as $300 in prizes for the ladies sponsor contest. A total of $3,300 in prize money has been added for the entire show.

The four days of western festivities will get underway at 5 p m. on Saturday, July 1, with a mammoth parade staged in downtown Levelland. Sheriff's posses from surrounding cities will take part in the colorful procession and area bands will furnish music.

Square dancers from neighboring cities will join Levellanders in special square dance contest Monday night. Prizes will be awarded to winners in this event and dances at the rodeo clubhouse will follow rodeo performances on Saturday, Monday and Tuesday night.

A rational farm program in East Texas includes the growing of timber for home use. There may be a surplus for sale. On many farms timber brings in a substantial part of the income.

Because timber is needed now and will be needed in the future, young trees have potential wealth.

NEW HOME H. D. CLUB MOLDS MEETING

The New Home Demonstration Club met at the home of Mrs. Florence Davies Thursday, June 22.

Miss Graham Hard gave a demonstration of making Quick Bread. She made and served Banana Nut Loaf, and everyone thought it was very good. She then gave a demonstration on covering lamp shades.

Following the program, games were played by all.

The hostesses, Mmes. Claude James, J. W. Edwards, and Florence Davies, served sandwiches, olives, cookies, and punch to the following (26) members: Mmes. Wilmer Smith, W. C. Thompson, K. K. Moore, V. P. Haley, N. P. Hancock, S. A. Allsup, H. D. Cook, Graham George, V. M. Harrison, Clyde James, Frank Lisemby, G. B. Mayfield, Gene Roland, J. R. Strain, Morris Renfro, Fred Edwards, L. H. Moore, J. B. Edwards, D. C. Caudle, C. G. Eades Adrian Evans, Aubrey Smith, and Mary Bess Eades and Ann Cowan.

The next meeting will be in Mrs. V. P. Haley's Home on July 27. —Reporter.

Mr. and Mrs. Fred B. (Pete) Hegi and sons, John and Fred, attended a family reunion at the home of his mother, Mrs. Anna Hegi, at Petersburg recently. Every member of the family, including each "in-law," was present.

Bill Sez

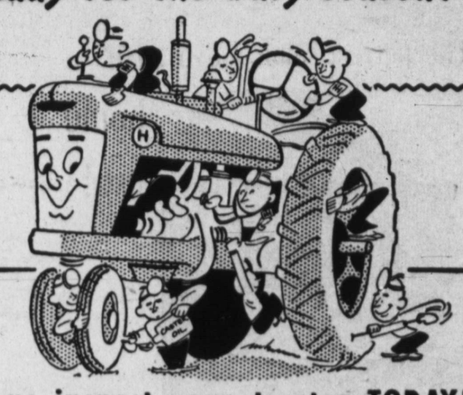

By BILL STRANGE, JR.

Now that television is increasing like a headache in a boiler factory, Chairman Sarnoff of RC A is warning eager politicians that candidates for free rent in the White House had better be photogenic, alert to haberdashery and capable of propelling sincerity forth on the air waves. It's one thing to confuse a fellow sitting on a hard seat in the back of a big auditorium, but it's a rougher assignment to bamboozle a citizen relaxing in a soft chair while he gets a close-up of every wrinkle and twitch on a TV screen. The screen test may be a strain. But here's looking at you!

A Minneapolis man carried his money around in the band of his hat until a burglar pinched his bonnet with $150 in it. Obviously we should never let money go to our heads. We can't let the Fourth of July go by without sending along our best wishes for a Happy Holiday. We hope you all have a fine time. Just take it easy . . . drive carefully. BILL STRANGE MOTORS. REGULATORY SIGNS

WARNING SIGNS

GUIDE SIGNS
SKETCH G

Vandals Damage Highway Signs

The dictionary lists one definition of a vandal as "a wanton or ignorant destroyer or defacer of any building, monument, etc., which should be preserved."

This definition—"wanton or ignorant destroyer or defacer of any building, monument, etc, which should be preserved"—well describes a group who are operating on our highways today, the vandals of traffic safety. These vandals of traffic safety are those thoughtless, wanton, ignorant destroyers of monuments to traffic safety—highway traffic signs.

You, the traveling public, the taxpayer, are paying for these acts of destruction through defacement of signs with paint and crayons, acts of destruction through knocking signs down, acts of destruction through theft, acts of destruction through bending signs double so their message cannot be read, and acts of destruction through carving of signs with a pocket knife.

And what is the price you pay for these acts of destruction? Each year $25,000 in measured dollars and cents in repairing and replacing some 7,800 signs damaged or destroyed through acts of vandalism — enough to build four miles of Farm-to-Market roads and get some farmer out of the mud. And the measured dollars and cents are not the only price you pay. No one will ever know just how many people have paid with their lives; how many people are crippled for life; and how many thousands of dollars in property have been destroyed all because a Curve sign with a Safe Speed sign mounted below it has been destroyed by vandalism. Should we continue paying the price for this thoughtless destruction?

If you know one who has been guilty of destroying or defacingg traffic signs, remember he is not only violating a law for which he may be punished, but you or your loved ones may be the next victim of his acts of destruction. Be a good sport, help get him to promote traffic safety, and do your part to make highway traffic signs "Signs of Life" as they are intended to be by helping to stamp out vandalism.

George Mahon Makes Statement

Announcement of his candidacy for re-election to the House of Representatives from the 19th District of Texas is being made formally through the press of the District by Congressman George Mahon.

Mahon has met filing requirements in all the counties of the District. "It now appears," said Mahon, "that Congress will be in session up to and beyond July 22, the date of the Primary, and I will have very little opportunity to visit and campaign over the District. I thus am taking this method of again presenting my candidacy to the voters of the 19th District."

By virtue of his congressional tenure at the will of the voters, only 47 of the 435 members of the House are now senior to Mahon. By reason of congressional seniority procedure, this gives the 19th District a position of prestige possessed by relatively few areas in the country. Mahon ranks No. 3 on the powerful House Appropriations Committee and is Chairman of the subcommittee handling appropriations for the Armed Services.

Said Mahon in his announcement:

"As your representative in Washington, I have been confronted with many difficult problems, as has been the case with you folks at home. You have cooperated with me and placed your trust in me in matters of greatest importance.

"We are now in a very dangerous and difficult time in the history of the nation, and as the representative from the 19th District, I am seeking as best I can to mesaure up to the terrific responsibilities confronting our government.

Mahon said that he wanted to thank the people for the wonderful support they had given him through the years and that he would continue to do every thing in his power to do a good job in Washington for the people of the 19th District.

At this time, in addition to his regular assignment, Mahon is aggressively seeking to prevent passage of a pending proposal which would shift a large portion of the West Texas cotton acreage allotment to Central and South Texas in 1951.

Earlier in the session Mahon secured approval by the House of the bill he handles which provides funds for the operation of the Army, Navy and Air Force. The Senate has not yet passed the measure and final agreement between the House and Senate cannot be secured until this is done.

DON'T MISS IT

IT'S FREE

Takes it easy all the time!

Prestomatic Fluid Drive Transmission consists of three compact units . . . gyrol Fluid Drive, the Safety Clutch and Prestomatic Transmission. Each unit is designed with a minimum of moving parts, and each unit is ruggedly built to give trouble-free service for the lifetime of the car.

Make no mistake! Although most cars use the Fluid Drive principle that Chrysler first introduced 12 years ago—there's an all-important difference in automatic gear shifting today! Chrysler and only Chrysler gives you *full* control of your car. While others shift you up and down—even when you don't want to shift—Chrysler's simple, cool-running transmission takes its orders from you. Even at 12 miles an hour, in slow moving traffic, you're in high while others shift down to lower gears. How much quieter your engine runs! How much more smoothly! What a difference in high-gear economy! Come see what Fluid Drive does for you! Examine Chrysler workmanship . . . compare the quality of materials . . . discover the benefits of Chrysler engineering! You'll find built-in *value all the way through* that has no equal! Extra money's worth, we're sure, that will make you a Chrysler buyer for life!

THE NEW YORKER 4-DOOR SEDAN

See it—drive it . . . there's built-in value all the way through!

Advantages of Chrysler's Fluid Drive	*Automatic Gear Shifting*—with full control of your car! *Better traction*—safer on slippery roads. *Convenience of clutch* for easier parking. *Slower Engine Speeds*—reduced noise, wear. Saves gasoline! Drive in high while others drive in low in traffic.
Advantages of Chrysler's High Compression Spitfire Engine!	*Waterproof Ignition*—prevents stalling in rain or high water! *Lubrited Cylinder Walls*—chemical protection for increased life. *Floating Power*—helps eliminate vibration. *Superfinished Parts*—reduce friction, last longer. *Exhaust Valve Seat Inserts*—reduce need for valve grinding! *Full Flow Oil Filter*—keeps oil clean!
Chrysler's Advantages in Comfort and Safety	*Functional Design*—full room for your head, legs, shoulders. Easy to enter and leave! *Safe Guard Hydraulic Brakes*—smoother stops, less pedal pressure. Cyclebonded linings for double the wear. *Electrically Operated Windshield Wiper*—constant speed all the time! *Chair Height Seats*—no crouching, you sit naturally! *Safety Rim Wheels*—won't throw tires after blowouts at normal speeds.

Sidelights

(Cont'd. On Page 7, Sec. 2)

in the Straw" played by Mrs. Marcus (Nettie Wells) Edwards.

• • •

Mrs. Hall (Ethel) Robinson has been in Lynn county longer than any other lady. She came here as a child with her late parents, Mr. and Mrs. Jack Alley. Mr. Alley was manager of Col. C. C. Slaughter's Tahoka Lake Ranch before and after the turn of the century. He later was in business in Tahoka and was postmaster for a number of years.

• • •

F. C. Edwards, A. Y. Edwards, and Mrs. Sid Mayfield, all of Tokio, were present.

• • •

Mrs. Marie Sanders of Batesville, Miss., daughter of the late Charley Brown, early-day real estate agent, and Mrs. Pearl Brown of Tahoka, was here for the reunion.

• • •

Tommie Davis of Brownfield, son of the late Bill Davis, another one of the 1901 settlers, had a great time meeting old friends.

• • •

J. H. King, another 1901 settler, was here from Portales, New Mexico.

• • •

Mr. and Mrs. I. A. Shattuck of Plainview were here reminiscing over old times.

• • •

Mr. and Mrs. George Duckworth registered from Justiceburg. They have long lived in Garza county.

• • •

Mrs. Carl Verhines of Roswell, N. M., was back to visit relatives and see old time friends at the reunion.

• • •

Among the pioneer Lynn county citizens now living in Lubbock who were present: Mrs. C. L. Dickson, Mrs. W. G. Tarrance, W. S. Anglin, Howard Tunnell, Marie Gooch, Mrs. J. Q. Warnick, Mrs. Inez Knight, Mr. and Mrs. Thomas Bates, Mr. and Mrs. Fred Goforth, Mr. and Mrs. George Knight.

• • •

From Slaton were: Mr. and Mrs. G. C. Cary, Mr. and Mrs. C. A. Womack, and Chester Smith.

• • •

Among the former citizens seen at the reunion were: Mrs. J. B. Stokes, Bangs; Mr. and Mrs. R. J. Edwards, Wolfforth; Mr. and Mrs. Wilks Embrey, Abernathy; Prentice Walker, Brownfield; T. C. Johnson, Seminole; Mr. and Mrs. Van Bates, Levelland.

• • •

In responding to the address of Welcome, "Aunt Bonna" Stokes of Bangs declared that she used not to be hesitant about telling her age, but she has quit revealing this fact since she some time ago heard a man say that "A woman who will tell her age will tell anything."

COTTON QUIZ

ACTIVE MISS!

The newest note in playtogs this summer is a cotton boat shirt with a wide monk's cowl collar. The loose comfortable shirt is a favorite with the gals whose summers are filled with active sports. This cotton shirt was designed by White Stag, the National Cotton Council reports.

Methodist Radio Programs Started

Dr Aubrey G. Walton, pastor, First Methodist Church, Little Rock, Arkansas, and a long time leader of Arkansas Methodism, will speak Sunday, July 2, 1950 on the Southwide broadcast of the Methodist Hour.

Dr. Walton begins the summer series emphasis on "The Gifts of the Church" with a radio sermon on "The Authority of the Bible." The famous Methodist Hour choir will sing the familiar favorite, "My Mother's Bible," as a part of thirty minute worship service.

The 1950 series of the Methodist Hour broadcasts will be heard during the summer months over a 115 station network of public service programs. Five years ago the network of the Sotuhern Religious Radio Conference began its broadcasts with twenty six stations.

The Methodist Hour may be heard over KGNC Amarillo at 7:30 A. M.

Mr. and Mrs. Tom Cloe and children and Mr. and Mrs. Dwaine Jones returned home last week from a week's fishing trip to Buchanan Lake, the Brazos River, and Eagle Mountain Lake. They report catching "plenty" of fish, but Tom came home with badly blistered arms and legs.

Go To Church Sunday.

LITTLE JAN McELROY MAKES EXTENDED VISIT

Little Miss Jan McElroy, daughter of Mr. and Mrs. W. V. McElroy, was due to return home this week end from an extended vacation trip in South and East Texas.

She accompanied her Dad and Jess Gurley to Buchanan Lake on June 2, where she was met by her uncle, H. B. McElroy, of Texas City. While visiting him, she saw the sights of Galveston and Houston, then flew from Houston to Shreveport, where she was met by Mr. and Mrs. Bennett Howell of Texarkana. After visiting in that area for some time, she was due home Thursday night accompanied by the Howells.

Not Just A Polish! — Not Another Wax!

DU PONT

Spray Glaze

Is An Entirely New Process.

Make A Date With Us . . .

To Du Pont Spray Glaze Your Car.

- It's new! It's different! It's Du Pont Spray Glaze —the most significant development in car care in years.
- Du Pont Spray Glaze is applied to your car by a ***new, faster*** method—with a spray gun under high pressure to penetrate every crevice and fill every pore in the finish. It gives your car a smoother, glossier coating than ordinary waxes or polishes.
- Du Pont Spray Glaze is not a paint nor a lacquer. It is a transparent material that brings out the beauty of your car finish and protects the paint with a hard, durable glaze.

Bray Chevrolet Co.

IT'S HOT!

Sure — we know. It's hot. But that's ***outside***! In here the temperature and humidity are healthfully controlled by latest scientific equipment. We figure our customers like the mild Spring days of May and early June . . . and we ***keep things that way*** in here. We invite you to come in and cool off — now, tomorrow or any time it's too hot for comfort. No obligation to buy anything ..... just come in and browse around!
