

Negro Strike Fizzles In South Africa

By RICHARD KASISCHKE
JOHANNESBURG (AP)—The one week strike called by the outlawed African National Congress to protest the white government's racial laws failed to achieve its aim today.

Police in all major cities of South Africa reported that Negroes showed up in normal numbers and without hindrance by alleged intimidations in the streets.

No major violence was reported. The only police action announced at noon was a raid on an African settlement near the Indian Ocean city of Port Elizabeth, where police rounded up "undesirables," questioned two Negroes and detained many of them.

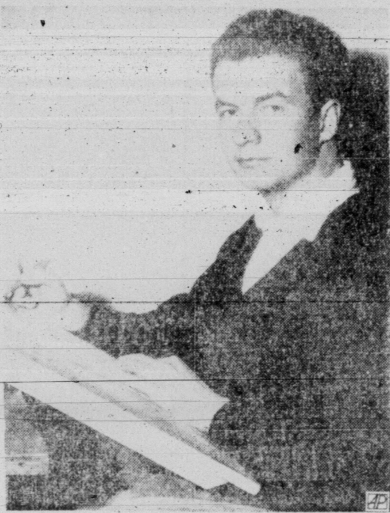

In Johannesburg, South Africa's largest city, buses and trains from Negro settlements were crowded with workers.

Reports from Cape Town, Durban and elsewhere said the situation was quiet there also and Negroes were streaming to work.

Troops were standing by at such trouble spots as the Nyanga and Langa townships near Cape Town and Gato Manor near Durban.

Police riot cars cruised slowly among the houses.

The police planned raids through the Negro townships in search of agitators and stay-at-

NAZI SON FIGHTS DRAFT—Wolf Ruediger Hess, 23, son of Adolf Hitler's former deputy Rudolf Hess, is fighting orders drafting him into the West German Army. The senior Hess is the highest-ranking former Nazi still in prison. Wolf, shown in his apartment in Munich where he is a student, says his conscience forbids him to serve in an army allied with "the former judges of my father." He plans to appeal the draft board's ruling that he cannot be recognized as a conscientious objector. (AP Wirephoto)

Korea Rioters Defy Government Move; Death Toll Mounts

By GENE KIRMER
SEOUL, South Korea (AP)—Violent demonstrations against President Syngman Rhee's tactics killed and wounded scores of persons, including several policemen, in South Korea's major cities today.

Rioters called out the army, clamped down martial law and imposed local censorship. But the rioting raged into the night in defiance of the government's moves.

Newspapers, checking hospitals said they counted 81 killed and more than 200 wounded in Seoul alone. The wounded included two Americans.

The death toll appeared sure to go higher in the outbreaks protesting government strong-arm methods in last month's election.

The riots brought an unusual expression of concern from the United States for the demonstrators' grievances. The United States fought a three-year war in Korea to keep the Communists from capturing the entire country.

U. S. Ambassador Walter P. McCaughy paid a personal call tonight on President Rhee. The embassy said the ambassador sought to "express developments and express his concern that the situation adopted by the government would lead into a vicious cycle of repression and repression."

Spontaneous demonstrations have flared since March 14 ballot day.

The police had one fire truck, fire hoses and tear gas bombs.

More and more students poured into the streets. Thousands lined the sidewalks and jammed the open area in front of Korea's old Capitol, burned out but still in reconstructed from the Korean War.

Suddenly there were shots. Police were firing blanks and tear gas.

Defying the strict military rule, armed demonstrators at nightfall attacked two police sentry boxes in the northeastern sector of Seoul. Three policemen were reported and many others wounded.

Men carrying rifles roamed Seoul's near-deserted streets, defying the nighttime curfew.

The martial law commander, Gen. Song Yoonchang, army chief of staff, appealed for order and reminded citizens that "Communist troops are wounded in the North waiting anxiously for a return to strife."

Presley Fans Sleep Late

DALLAS (AP)—Elvis Presley's popularity, if crowds are any indication, depends on the hour of day.

He stopped briefly in Dallas today en route from his home in Memphis to the West Coast. He drew a crowd of about 30 minutes the time the sun rose.

But at Fort Worth, 90 minutes later, he drew a crowd of about 200, mostly screaming girls.

Presley traveled on a special Pullman car on the Texas and Pacific's Texas Eagle. Doors to the car were locked, but the rock 'n' roll singer appeared on the rear platform to greet his fans.

Elvis, wearing sideburns a bit military days, signed autographs, grinned and waved at the fans and kissed 6-year-old Margaret Ann Hollis, granddaughter of Dallas Police Chief Jesse Curry. She had been awake since 4 a.m. to meet the singer.

INDIAN PEOPLE SHOCKED Nehru Scolds Chou

NEW DELHI (AP)—Chou En-lai arrived today and was promptly told by Prime Minister Nehru Red China's border actions "have been a shock to all our people."

"Our relations have been imperiled for the present and further," he told the visiting Red China premier.

Chou, grim-faced, had voiced hope that the Chinese-Indian border dispute could be settled in accordance with the principles of coexistence.

Nehru smiled as he made his statement—but his words were tough and sharp.

Near the Indian presidential palace, where Chou will stay 70 demonstrators who sought to protest with black flags were locked up for an "unpleasant breach of the peace."

Nehru was certain to put up tough resistance to the Red Chinese leader's claims to the remote territories on the India-Tibet border. Red China now occupies 12,000 square miles, India the rest.

There was an enthusiasm in the Indian capital as it awaited Chou, fresh from a good will stop in Burma.

Frank Moraes, editor of the Indian Express and a confidant of Nehru, said it was difficult to see any chance of a settlement unless both sides were willing to give ground.

Pressured by Parliament and the people not to give in to Chou's claims, Nehru appears determined to stand fast. He has warned the nation to be prepared for years of border tension.

Trials Open For Students

MARSHALL (AP)—A jury trial opens in County Court today for four Negro students on charges growing out of lunch counter sit-ins here March 30.

County Judge George Pendergast overruled Missouri's defense motions for dismissal of charges of unlawful assembly to prevent any person from pursuing his labor.

The Wiley College students are: S. J. Briscoe, Jennings; A. Roosevelt Peabody, East St. Louis; Ill. Ernest Gardner, Fort Arthur, Tex.; and Miss Dorothy Thompson, Rockville, Tex.

They are the first of 57 Negroes so charged to be brought to trial in County Court.

Six others are under charges of unlawful picketing and will be tried later.

Three motions which Judge Pendergast overruled, attacked the law under which charges were filed on the grounds that it does not spell out the offense. Another four alleged the law is being used to harass Negroes.

Attorneys U. Simpson Tate and C. B. Bunkley also appeared to the County Court the conviction of 35 other Negro students in City Court last week. They were convicted on charges of failure to leave the premises on the order of a lawful occupant during the lunch counter sit-ins March 30 and April 1.

In city cases, three of the Negroes were fined \$200 each by jury and 32 others were fined before a judge and fined \$50 each.

Ike Goes Back To Vacation

AUGUSTA, Ga. (AP)—President Eisenhower eased back into his working-golfing vacation today after a one-day interlude with baseball.

Eisenhower had no official appointments at his vacation headquarters at the Augusta National Golf Club. He did have an arrangement with his secretary to get some correspondence out of the way and a date for call with an old Washington friend, George F. Allen.

Allen was one of Eisenhower's guests Monday at the opening game of the American League in Washington. He accompanied the President back to Augusta.

French, Canadian Leaders In Talks

By MAX HARELSON
OTTAWA (AP)—French President Charles de Gaulle gets down to the major business of his Canadian visit today—a round of pre-summit talks with Prime Minister John G. Diefenbaker and a speech.

The two leaders scheduled two private meetings to discuss Western strategy at the May 16 summit conference in Paris and other matters of concern to the free world.

De Gaulle and his wife arrived in the Canadian capital from Paris Monday night, beginning a 15-day visit.

The Canadian prime minister said De Gaulle's visit "gives expression to the close relationship which has developed between members of the North Atlantic community, and is the never-ending need for continued cooperation with full consultation among the members of NATO, in matters which affect not only the vital interests of the Western world, but of freedom itself in the world."

Also taking part in the talks are the foreign ministers of the two countries—Maurice Couve de Murville of France and Howard Green of Canada. France's ambassador to Canada, Jeanne Dugas, Canadian ambassador to France, and several other officials.

The talks were expected to cover the whole range of international problems, with special attention to disarmament and the suspension of nuclear tests, in which Canada has a major interest.

Clear Skies Cover Most Of Texas Today

By The Associated Press
Clear skies covered most of Texas today but a few scattered clouds were sighted over the Corpus Christi and Galveston areas early in the day.

Early morning temperatures ranged from 41 at Texarkana to 65 at Galveston. No rain was reported.

High temperatures Monday ranged from 89 at Presidio to 92 at El Paso, 90 at Van Horn and 88 at Sherman. Most other readings were in the 70s.

Clues Vanish In Kidnaping

PARIS (AP)—Police admitted today their search for the kidnappers of 4-year-old Eric Peugeot has reached a dead end.

The few clues they have are too vague to point out suspects, although they could help to prove the guilt or innocence of any suspects arrested.

Andre Perennet, police chief, said he had no leads.

Information has been turned up since two men whisked Eric away from a St. Cloud Country Club grounds a week ago.

Serial numbers of most of the bills used to pay the \$500,000 ransom have been distributed to banks and published by the newspaper.

France's police have not had time to take down all the numbers of the bills, before Eric's father, Roland Peugeot, had to make payment.

Police hope that when the bills start appearing they will be able to pick up some new leads.

WOMAN IS SPECIALIST IN WINDMILL ERECTION

Snyder has perhaps the nation's windmill specialist.

It happened that her husband ran into a help shortage and she volunteered to help out in a pinch. She surprised herself and hubby—really was good at the work, so he's "fired" her.

The sort of versatility is the key to progress, and Mrs. Snyder's experience really are the story behind the story of Snyder's growing future.

You can count on seeing complete details and identities on this in the Futurama issue.

Castro Says U. S. Policies Similar To Hitler, Mussolini

HAVANA (AP)—Prime Minister Fidel Castro said today he thinks there is "some similarity" between United States government policy and the policies of Hitler and Mussolini.

The Cuban revolutionary leader said he wants improved relations with the United States but that he is not seeking an interview either with President Eisenhower or Secretary of State Christian A. Herter.

Castro's views as printed in the semi-official newspaper Revolution were based on what was described as a clarifying interview with correspondent Richard Dade about communism in order to serve to advance racism.

Lawford, Sinatra Defendants In Suit

SANTA MONICA, Calif. (AP)—Actress Peter Lawford and Frank Sinatra are among 15 defendants named in a \$600,000 suit filed by an industrial designer who says he was forcibly ejected from a Beverly Hills restaurant.

Harold Coleman, 37, said he was "struck with hands, fists and feet" when four employees of Puccini's Restaurant threw him out.

Lawford and Sinatra are among owners of the restaurant. Coleman said he lost a \$1,000 diamond ring in the struggle.

Banks Will Observe San Jacinto Day

Thursday will be a bank holiday as Texas observes San Jacinto Day.

Both the Snyder National Bank and the West Texas State Bank here have announced that they will observe the holiday, and area residents are being advised to take care of their needs for banking service Monday.

THERE'S ONE IN EVERY CROWD—Mrs. Joy Cutchow found these baby rabbits in the shrubbery at the plant where she works in Dallas. When she arranged them in tumblers for a formal portrait, all cooperated but the little fellow at right. As the photographer tripped the shutter, the rabbit hopped from his tumbler and landed in this perfect hands-on-the-photo.

Rules Panel Sets Rights Bill Push

WASHINGTON (AP)—The House Rules Committee today passed a bill to speed up the rights bill a big push toward the status of law.

Committee Southerners in the past have fought the bill at every turn with every parliamentary weapon. But they have reluctantly decided to stand aside and allow the measure to come before the House for a vote that would send it to President Eisenhower.

Before the committee was an amended bill introduced by the House and amended by the Senate. With the committee's sanction, the House may consider the amendments and accept them without the necessity of a prolonged Senate-House conference.

House leaders, anticipating even committee approval at today's session have scheduled a final vote on the amended measure for Thursday with passage certain. No further Senate action is necessary.

While still opposed to the measure, Southern Democrats on the Rules Committee abandoned their fight in the face of apparently unbreakable odds. They originally succeeded in bottling up the House bill for half a year and were ready to fight a delaying action again if the Senate had materially amended the measure.

The Senate's changes were viewed by Southerners as relatively mild compared with what they could have expected.

Major provisions of the bill as passed include: Any federal court orders would be punishable by fines up to \$1,000 and imprisonment for one year. The House version limited the penalties to obstruction of school integration rulings.

2. Crossing a state line to avoid prosecution for bombings possession of explosives for use in bombings would be a federal crime, as would false bombing threats and aiding in transportation of explosives for bombings.

3. Voting records in federal elections would have to be preserved for at least 20 months. The House provided for preservation of records for 24 months.

4. The government would have authority to provide schooling for children of servicemen in areas where integration orders closed public schools. The House measure provided authority for the government to take over local schools built with federal assistance when the schools were closed by integration.

5. Federal courts could appoint referees to insure voting by Negroes. The referees could register voters who met state voting requirements, after hearings arranged by the courts. The House did not provide for hearing arguments to be made by the courts.

Jersey Vote Eyed By Nixon Friends

By JACK BELL
WASHINGTON, AP—Vice President Richard M. Nixon's friends watched today's New Jersey senatorial primary for signs of the scope of discontent among conservative Republicans.

Some members of the right wing have voiced fears in recent weeks that the vice president may be trying to pull the party back to the right, the conservative position, to take the party over to the liberal camp.

If Robert Morris, former counsel for the Senate Internal Security Subcommittee, should secure an upset over Sen. Clifford P. Case (R-NJ) in the primary, the outcome would be certain to fan a new flame of demands for Nixon to take a stand with the conservatives.

A Case victory, on the other hand, apparently would tend to confirm Nixon's judgment that to win the votes of independents and some Democrats in November he had better go a measurable distance beyond the Eisenhower program in some fields.

Nixon has made it clear to his associates he has no intention of moving so far in this direction that he will be tagged as a liberal. He prefers a designation as a "constructive conservative."

But even that would be unlikely to mollify the right wingers if Morris should win the party nomination in a populous state such as New Jersey.

Morris pitched his campaign on the contention that Case is too liberal.

While he based his appeal for renomination on his claimed support of President Eisenhower's policies, Case has advocated greater government effort in housing, urban renewal and health care for the aged than Eisenhower was willing to accept.

Case has reason to believe that Nixon would be inclined to be somewhat more sympathetic with his views in these fields than Eisenhower has been.

THEY WENT THATAWAY AND WE GO THISAWAY—Third graders all around Snyder are finishing up a course in travel. These three from Christine Hamill's class of West Elementary are Donna James, Greg Massingill, and Sharon West.

BIRTHS

Mr. and Mrs. Maurice Smith, 2220 Forty-fifth Street, are the parents of a son weighing 6 pounds 11 one-half ounces, born this morning at 11:41 a.m. in the Cogdell Memorial Hospital.

Davis Choice To Take Over Long's Post

NEW ORLEANS, AP—Louisiana voters today elected a new successor to the late J. B. Long, the state's longest-serving governor. The voters chose J. B. Davis, a Republican, to take over the post of governor. Davis, 57, is a former state legislator and has served as mayor of New Orleans. He is the first Republican to be elected governor of Louisiana since Reconstruction.

But many, including Long's feel Davis assured his election in this traditional one-party state on Jan. 5. That day he whipped New Orleans Mayor deLoeche, S. Morrison in the crucial Democratic runoff.

Still, political observers say the vote may tipoff two important trends.

First, it may show how entrenched the States Rights movement is in the Deep South.

Second, it may show if Louisiana Republicans will be a factor in the presidential election in the fall.

The GOP, with only 1,000 registered voters of the state's total of about 1.1 million, feel it would make its best showing in a small turnout.

Nomination Of Durfee Up For Debate

WASHINGTON, AP—The Senate today takes up the nomination of James H. Durfee as a judge of the U. S. Court of Appeals. Sen. Alexander Wiley (R-Wis.) asks speedy confirmation. Sen. William Proxmire (D-Wis.) urged that the nomination be turned down.

Wiley said in a prepared Senate speech the nomination of Durfee, a Wisconsin native and currently chairman of the Civil Aeronautics Board, was seized upon by some, including the press, as a political issue.

"Yet," Wiley said, "there is no justification for such action. We have in Mr. Durfee a devoted public official and character whose situation is certainly no in the American tradition of due process and fair trial."

Old-Time Cake Rates Modern Women's Praise

By CECILY BROWNSTONE
AP News Features Food Editor
CAKE MIXES are here to stay, and most mothers of growing families use them often. But we have not yet met the young woman who—having successfully baked, filled and frosted a cake from scratch—didn't get enormous satisfaction from her accomplishment.

In the middle of 19th century our Victorian ladies—given the boom of commercially manufactured baking soda and baking powder—developed high and airy cakes such as no other cuisine had produced. This recipe for Prune Spice Cake with Penuche Frosting should help to keep alive the grand old American art of cake-baking.

Of the popular flavors used in the 1800's—rose, lemon, orange and spice—the last is still a particular favorite. Adding such flavoring with the spice as prunes and penuche is another reminder of the days of our great cakes.

The method of making our cake has been updated to assure 20th century cooks success, but the rest is definitely in the best of the Victorian tradition.

FROSTED PRUNE SPICE CAKE
INGREDIENTS: 1 1/2 cups sifted flour, 1 teaspoon salt, 1 teaspoon baking soda, 1/2 cup sugar, 1/2 cup light brown sugar (firmly packed), 1/2 cup soft butter or margarine, 1/2 cup milk, 1 teaspoon elder or distilled white vinegar, 2 eggs, 1/2 cup chopped plumped prunes, Penuche Frosting.

METHOD: Grease two layer cake pans 8 by 1 1/2 inches, line with waxed paper, grease paper. Sift together the flour, baking soda, salt, cinnamon, nutmeg, cloves and sugar; add brown sugar and butter. Stir milk and vinegar together and add beat for 2 minutes. Add eggs; beat well another 2 minutes or until smooth. Stir in prunes. Turn into prepared pans. Bake in moderate (350 degrees) oven 30 to 35 min.

Penuche Frosting: 2 cups sifted flour, 1/2 cup sugar, 1/2 cup light brown sugar (firmly packed), 1/2 cup soft butter or margarine, 1/2 cup milk, 1 teaspoon elder or distilled white vinegar, 2 eggs, 1/2 cup chopped plumped prunes, Penuche Frosting.

METHOD: Grease two layer cake pans 8 by 1 1/2 inches, line with waxed paper, grease paper. Sift together the flour, baking soda, salt, cinnamon, nutmeg, cloves and sugar; add brown sugar and butter. Stir milk and vinegar together and add beat for 2 minutes. Add eggs; beat well another 2 minutes or until smooth. Stir in prunes. Turn into prepared pans. Bake in moderate (350 degrees) oven 30 to 35 min.

Asks Boycott Of Eleanor

MONTGOMERY, Ala. (AP)—Mrs. Melvin Dassing of Coosada has urged fellow clubwomen in Alabama to boycott 1/2 tribute to Mrs. Eleanor Roosevelt.

She issued a statement Monday protesting the National Federation of Women's Clubs' plan to honor Mrs. Roosevelt at a banquet during the national convention in Washington June 13-17.

Mrs. Dassing, 5th District director of the Alabama Federation of Women's Clubs, is a states rights candidate for presidential election in the state Democratic primary May 3.

Alabama clubwomen should stay away from the banquet "because they did not have a voice in this nomination," she said, adding that Mrs. Roosevelt "has done a great disservice to our country and does not merit an honor of this kind."

The widow of the former president was among sponsors of a recent New York Times advertisement which criticized Alabama.

The purpose of the ad was to raise funds to help pay legal expenses of Martin Luther King Jr., the Negro minister who faces trial here next month on charges of filing false state income tax returns.

WOMEN'S CALENDAR

TUESDAY
Cafeteria workers installation of officers at 3 p.m. at West Glenmen.

Junior High P-T-A at 7:30 p.m. in cafeteria.

Art Guild, 7:30 p.m. at Martha Ann Woman's Club. Arlene Nesbitt, hostess.

Political Rally**

The Ira Home Demonstration Club will sponsor a political rally and pie supper Friday night.

The event will be held at the Ira Community Center, beginning at 7:30 p.m.

Entertainment will include games, such as dominoes, etc., and the public is invited to attend.

Proceeds from the event will be used to buy supplies for the community center.

Mrs. R. B. Willis and Mrs. Jack Humpert visited relatives in Lamona and Lubbock last week.

Mrs. Cora Weathers and Leona Weathers spent the Easter holidays with Mr. and Mrs. Alfred Weathers Jr. and son in Amarillo.

Mr. and Mrs. Winfred Tucker and family of near Brownfield spent Saturday and Sunday with Mr. and Mrs. J. E. Sorrells. Mrs. J. M. Sterling and family visited Sunday in the Sorrells home.

Mr. and Mrs. Jim Stirling and family were Sunday dinner guests of his mother, Mrs. Annie Stirling of Snyder.

Modern progress is hampering individual enterprise in central Africa. Natives there once used a good drum beater to send messages quickly. Today, travelers report, the natives prefer to send a letter which has a little more privacy than do the drums.

Andrew Carnegie gave \$800 in 1900 to establish the first bank at Pennsylvania State University.

Gay Griffin of Vincent visited Mrs. Ava Moran over the weekend.

Mr. and Mrs. Alfred Browning have been in Oklahoma to attend the funeral of her mother.

Convention Wives Have Fun Now

By MARY CAMPBELL

CHICAGO 3—The day when Pop left Mom at home while he whopped it up at a convention is fading fast.

Knowledgeable workers hard at a convention—and the bring-along his wife who has a lot of fun.

"Making sure the little woman has the best time possible in Chicago while her husband listens to speeches is the job of Miss Joephine Mutter."

She operates a one-woman business dedicated to providing a program for the women which I would like were I the wife of a visiting postmaster.

Miss Mutter mentions postmasters because in arranging for their convention in Chicago several years ago, they were the first to ask "What do you have planned for the girls?"

A hotel gave her the job of entertaining the postmasters' wives and from then on, in letters soliciting conventions, the hotel advertised itself as the only one in Chicago with a woman on the staff to direct entertainment for the ladies.

For the last 14 years, Miss Mutter has been on her own, taking care of distaff groups in all Chicago convention hotels.

A typical schedule for a three or four-day convention where the ladies are under Miss Mutter's direction would include a sightseeing tour of Chicago or a yacht ride on Lake Michigan, a fashion show, a tea, a matinee and lots of time for shopping.

Breakfasts are late, letting the wife nap after her husband has left for his first meeting, and luncheon menus are all planned by Miss Mutter. She counts calories, mindful of banquets on the convention schedule.

Miss Mutter always sees that a matronly model appears in the fashion shows, provides a map of the shopping areas and has tickets to radio and television programs. She often is called on to provide corsages and favors for the women.

Tense Savannah Has Racial Fight

By The Associated Press
A savage fight between Negroes and white youths climaxed weeks of racial tension in Savannah, Ga., where Negroes have been staging sit-down demonstrations and boycotting stores with segregated lunch counters.

Ax handles, pipes, knives and other weapons were swung in the brief but vicious clash in a park Monday night. A white youth was hospitalized with a serious knife wound in the back. Two other white youths and a Negro were treated at a hospital and released.

Police jailed two Negroes and seven white persons and began an extensive search of the area for 20 others believed to have taken part in the fight in the Georgia coastal city.

Cause of the burst of violence was not determined. Investigators said the teen-agers who were arrested gave conflicting accounts.

Malvin Bryant, 18, suffered a deep stab wound in the side of the neck.

Allen Louis Johnson, 22-year-old Negro, received a badly bruised elbow when he was struck by an ax handle.

The battle in the park occurred a few hours after police reported a white man struck a Negro student during a lunch counter sit-down demonstration at the S. H. Kress & Co. store. It was the second such incident in three days.

A white man knocked a Negro demonstrator from a lunch counter during a lunch counter sit-down demonstration at the S. H. Kress & Co. store. It was the second such incident in three days.

Former President Harry S. Truman told newspapers at Union, N. Y., he wouldn't be surprised if the students in the South were inspired by Communists.

Negro ministers staged a silent prayer session on a safety zone at an intersection in downtown Chattanooga, Tenn. One of the signs they carried read: "We pray for our city in Christian love."

Shop Jim Crow. A downtown variety store and staged sit-ins at three lunch counters in Chattanooga.

A Negro doctor reported he was arrested for swamping in the Gulf of Mexico at Blount, Miss., near a swank hotel.

In Marshall, Tex., a judge ordered four Negro students to stand trial on charges growing out of lunch counter sit-ins March 30. He dismissed motions to quash the charges.

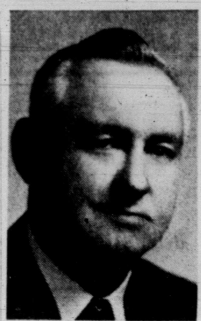

Cargo Plane Crash Probed

STEPHENVILLE, N.D. AP—U.S. Air Force officials today prepared an inquiry into the cause of the crash of a cargo plane minutes after it took off from nearby Harmon Field. All nine crewmen aboard were killed.

The C-124 was en route to Mendenhall, England, from Dover, Del. Air Force Base with a cargo that included mail and medical supplies.

Visibility was limited when the aircraft took off from Harmon Field Monday. The plane dropped out of sight on radar screens at Harmon and helicopters were sent out to search.

Dover Air Force Base officials identified the dead crewmen as: Lt. Donald P. Sheehan, 26, plane commander, Landsdowne, Pa.; Robert E. Little, 23, co-pilot, Monroe, La.; Capt. Gerald F. Avery, 41, second pilot, Dover, Del.; and Moderator, Calif.; Lt. Leon E. Pedersen, 26, navigator, McIntosh, Fla.; Lt. Harold G. Harrison, 31, navigator, McClellan, Okla.; M. Sgt. Ben A. Sharpe, 35, engineer, Burlington, N.C.; T. Sgt. Clark N. Orndorff, 34, engineer, Littleton, Pa.; M. Sgt. Edward T. Reus, 38, engineer, Bensenville, Pa.; and A2C Wallace M. Williams, 22, loadmaster, Louisville, Ky.

Sadler Lists Key Points Of Program

Jerry Sadler today laid down key points of his program for overhauling the mixed-up responsibility and management of State-owned lands.

Sadler, former Railroad Commissioner and now completing his sixth year as a State Representative from Palestine and Anderson County, said that responsibility for control and management of State lands is now so divided that no one in authority knows precisely how much land is actually owned by the State.

You can get estimates ranging anywhere from 8,000,000 to 9,000,000 acres, said Sadler. There is lots of land in Texas, but not enough for the State to be juggling the property of the taxpayers around without proper accountability.

Sadler outlined three main points of his program as follows:

1. Require all records pertaining to State-owned lands to be deposited with the General Land Office for verification and inventory, and survey work necessary.
2. Make the General Land Office responsible for a perpetual inventory of all State lands, showing the department or agency holding or controlling the lands, use and appraisal values, and all other information necessary for a full and complete record of State-owned lands. Sufficient funds should be appropriated for the Land Office to keep this inventory completely up to date.
3. Make it one of the chief duties of the Commissioner of the General Land Office to report in detail every two years to the Legislature all changes in the inventory, including significant changes in land values.

"This program," said Sadler, "follows the recommendation of the Texas Legislative Council which was made to the Legislature late in 1958, after an exhaustive study of the State-owned land situation, and which never received much attention. This was due largely to the lack of aggressive leadership and counsel, which I feel should come from the General Land Office itself."

While campaigning in Snyder yesterday, Sadler also struck back at what he said was a "disturbing activity" aimed at questioning whether Harley Sadler, late West Texas showman and state senator was actually his kinsman.

"They are trying to vilify Harley's memory," said Sadler, by attempting to question whether Harley was actually my cousin, which is a claim I have always been proud to make.

"I would hardly bother even to take notice of this ridiculous effort except that I am proud to be known as Harley's cousin and want all of West Texas to know it."

"I think it is necessary only to recall that when I was elected to the Texas Railroad Commission in 1938, Harley served as my West Texas campaign manager and sent out some 200,000 cards and letters leaving no doubt or question as to our relationship. I know that Harley would want to keep the record straight on this, and that is my reason for this statement."

LIGHT BULBS, ANYONE?—The Snyder Evening Lions Club will have their annual light bulb sale from 3 p.m. to 7:30 p.m. today and Wednesday with their usual door-to-door canvassing, selling a package of 10 assorted-wattage bulbs for \$2. Have two-year-old Jone Ann Womack sit and bulbs ready to be socked by her father, Bob Womack, and Bill McLaughlin, who are the committeemen in charge of sales. Proceeds from this drive will go into the club's scholarship fund. The club is aiding a girl through school with this fund. (GB)

WTCC Backs Salary For Legislators

SAN ANGELO, AP—Support of a proposed constitutional amendment for a \$4,000 annual salary for state legislators was voted Monday by directors of the West Texas Chamber of Commerce.

Carter King, Albany insurance man, was elected president, succeeding R. C. Jordan of Amarillo. Directors adopted as 1960-61 work program which included opposition to federal aid, socialized medicine, federal invasion of states' rights, and civil rights legislation.

Ray Gresham of Abilene was named secretary-treasurer, and Fred Husband of Abilene executive vice president.

The annual legislative salary proposal was recommended by a study committee headed by Don Wooten of Abilene.

The proposed constitutional amendment also calls for \$12 a day expense allowance for a regular 120-day session, limiting sessions to 140 days, and a travel expense of 10 cents a mile from the legislators' home district to their aid Sunday.

Faithful Dog Gets Himself Stranded

AT BALDY, Calif. AP—His faithful St. Bernard didn't come to Don Palmer's aid when he got stranded on a mountain ledge near Mt. Baldy.

The reason, the St. Bernard, traditional savior of stranded mountaineers, was right beside Palmer—and just as stranded.

Palmer and Simon Bolivar, a prize-winning show dog, waited patiently until a sheriff's office mountain rescue squad came to their aid Sunday.

Son Is Born To '57 Miss Universe

HOUSTON, Tex. AP—Miss Universe of 1957, the former Carol Morris of Okmwa, Iowa, gave birth to a 7-pound, 9-ounce boy Monday.

The father, Mr. Edward G. Burke, said "This is a much greater thrill than the Miss Universe title." The couple named the boy Christopher.

With Tax Dies

DANBURY, Conn. AP—A 65-year-old man who had paid \$70,000 a year for a department store, died Monday following a heart attack at his home at West Hill, Conn., and died at Danbury hospital.

A former board chairman of R. H. Macy and Co. department store and the New York Reserve bank, he was also the Commonwealth of Puerto Rico.

His reputation as an investor had grown up long before thought of "pay-as-you-go" riding on a New York train. It was put into law in 1943.

A native of Cedar Rapids, Ruml was a Phi Beta Kappa graduate of Dartmouth College, and earned a degree at the University of Chicago with a thesis on money-measuring and money-intelligence.

He was teaching at Carnegie Institute of Technology when War I started. He became director of the Army's training in Chicago with a thesis on money-measuring and money-intelligence.

He worked with the Corp. of New York and the Speiman Rockefeller Organization after the war.

In 1931 became dean of the Science Division at the University of Chicago.

Greek Boy Has Crucial Operation

NEW YORK, AP—A boy rested at a hospital for a crucial heart operation.

Parkchester General reported him in good condition "doing fine."

Monday night, after surgery, Dr. Arnold helped Stelakia Partheni, 4, out of bed to a chair. A youngster sat for several hours.

"I am very encouraged," Gorklik. He forecast good prospects for the boy's complete recovery and a chance for a healthy life.

It was for just such a case that the boy, a slum child, died from a heart defect a plea three months ago.

Through a Greek doctor, a letter to an American in New York whose husband had been saved by Gorklik's operation. The newspaper account of that operation printed around the world.

The New York Times, in fact, of The Associated Press, worked for three months to bring the operation to the attention of the hour.

At the end of the hour, minute operation Gorklik headed an 11-member team, said "Without doubt this boy had no chance. Thank God we could get him in time."

Teacher, 2 Is Missing

McALEN (AP)—Thought clues today to the whereabouts of a pretty young teacher missing since she disappeared from a car in several local tests, did not show up today.

The attractive brunette, seen about 7 p.m. Saturday, she left for church in a car. The car was found Sunday about a block away from the church.

McAlen police said a missing woman was wearing was found Monday on a road between here and here.

The shoe was identified by mother, Mrs. Nick Garcia, sister, Mrs. Gilbert Garcia. The Thigpen elementary principal, Tony Garcia, was very unusual for McAlen to miss a class.

Miss Garcia weighs 150 pounds and is five feet tall.

Rock Thrower Is Sought In Pharr

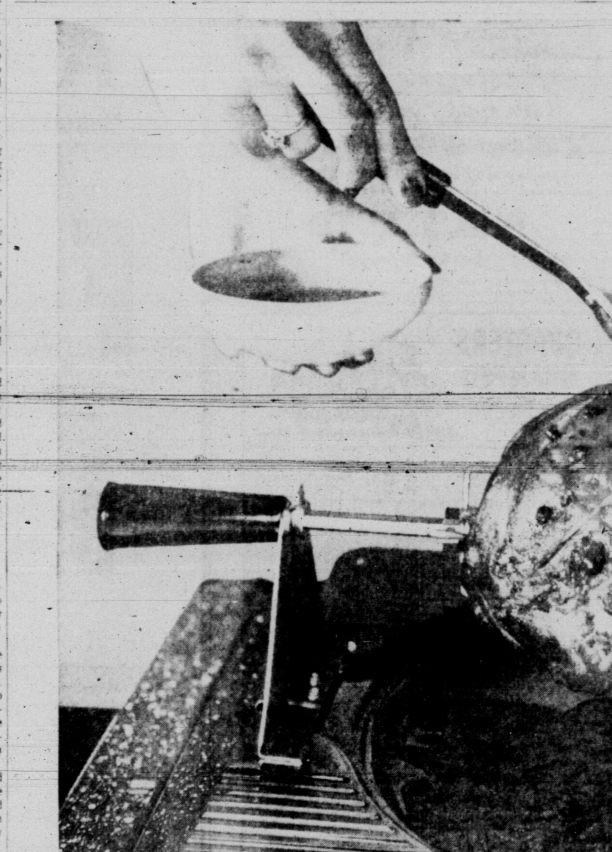

PHARR, AP—Police are seeking the person who tossed two rocks through a picture window of the home of a recent judge in the Pharr city election.

Mrs. Joe Levermann said she had no idea who threw the rocks Sunday while she was at church.

Hidalgo County Dist. Atty. Bob Lattimore conducted a court of inquiry into the election after he said he received complaints of irregularities in poll tax payments and absentee voting.

He recessed the hearing and suggested that citizens do some polling but said: "I am convinced that there were irregularities in poll tax payments and some law violations."

Withholding Tax Inventor Dies At 65

DANBURY, Conn. (AP)—Regardley Ruml, 65, who invented "pay-as-you-go" tax withholding and paid \$70,000 a year just to think for a department store, died Monday following a heart attack.

Ruml was stricken a week ago at his home at West Redding, Conn., and died at Danbury Hospital.

A former board chairman of the R. H. Macy and Co. department store and the New York Federal Reserve bank, he was advisor to the Commonwealth of Puerto Rico at his death.

His reputation as an idea man had grown up long before Ruml thought of "pay-as-you-go" while riding on a New York subway train. It was put into law in modified form in 1943.

A native of Cedar Rapids, Iowa, Ruml was a Phi Beta Kappa at Dartmouth College, and got a doctor's degree at the University of Chicago with a thesis on psychometry—measuring and determining intelligence.

Greek Boy Has Crucial Operation

NEW YORK (AP)—A Greek boy rested at a hospital today, his crucial heart operation behind him.

Parkchester General Hospital reported him in good condition and "doing fine."

Monday night about 12 hours after surgery, Dr. Aaron Gurelik helped Stelakis Parthenopoulos, 4, out of bed to a chair where the youngster sat for several minutes.

"I am very encouraged," said Gurelik. He forecast good prospects for the boy's complete recovery and a chance for a full and healthy life.

It was for just such a chance that the boy, a slum child facing death from a heart defect, made a plea three months ago.

Through a Greek doctor he sent a letter to an American newspaper in New York whose heart had been saved by Gurelik in a previous operation. The newspaper's account of that operation was printed around the world.

The newspaper, John O. B. Wallace of The Associated Press, worked for three months on arrangements to bring the boy here.

At the end of the hour and three minute operation Gurelik, who headed an 11-member operating team, said: "Without this operation this boy had no chance at all. Thank God we could get to him in time."

Teacher, 25, Is Missing

MCALLEN (AP)—Officers sought clues today to the whereabouts of a pretty young school teacher, missing since Saturday.

Miss Frances Garza, 25, who has been in several local beauty contests, did not show up for classes today.

The attractive brunette was last seen about 7 p.m. Saturday when she left for church in the family car. The car was found early Sunday about a block and a half from the church.

McAllen police said a shoe the missing woman was believed wearing was found Monday night on a road between here and Edinburg.

The shoe was identified by her mother, Mrs. Nick Garza, and a sister, Mrs. Gilbert Cavazos.

The Thigpen elementary school principal, Tony Garcia, said it was very unusual for Miss Garza to miss a class.

Miss Garza weighs about 118 pounds and is five feet, 4 inches tall.

Daily Crude Flow Down

TULSA (AP)—Daily average domestic oil production was down 11,335 barrels to 7,037,085 barrels during the week ended April 16, the Oil and Gas Journal said today.

The biggest contributor to the loss was Oklahoma, which dropped 14,900 to 531,000 barrels.

The Journal estimated production at 768,768,900 barrels compared to 764,233,500 a year ago.

Colorado was down 600 to 128,900 and Arkansas 150 to 82,550. Louisiana was up 750 to 1,102,500.

Production was unchanged in Texas, 2,531,175 barrels, and New Mexico, 312,000.

Child Swallows 21 Reducing Pills

CORPUS CHRISTI, Tex. (AP)—Donna Bryant, who still has little baby fat, swallowed nine reducing pills Monday.

Her mother, Mrs. Don J. Bryant, decided the girl wasn't that fat and took her to a hospital where the pills were pumped out of her 21-month-old daughter.

Port Arthur Residents Still Protest Gas Well At Hospital

AUSTIN (AP)—Protestants to an approved application to drill a gas well directionally under a Port Arthur hospital said today.

The drilling site will be about 300 feet from the hospital.

Opponents to the application argued that the well would be dangerous because it is near the hospital, a school and surrounding homes, and because of 11,000 pound bottomhole pressures in the area which may cause blowouts.

The well would be located, Roy Hayes, the owner, Lloyd Hayes, son of Roy Hayes and his sons, Lloyd and Joe, real estate developers in the area, and Kilroy.

Roy Hayes would the hospital its land before the Port Arthur Field was discovered in November 1953.

Dollglass said the new motion will include previous arguments that the well would confiscate property by draining off gas from beneath their leases. It also will argue that the hospital was sold the land with a verbal understanding that the property would be used only for hospital purposes.

Lloyd Hayes testified at the hearing that his family felt the well would be detrimental to property in the area.

Gas consultant Milton Neal of Austin said the well is necessary to prevent confiscation of mineral rights under the hospital's land by wells on surrounding property.

The application was granted by the Railroad Commission Friday.

The commission granted the application April 8 after it had come under strong opposition during a hearing before Brooks Peden, supervisor of the Rule 37 Division.

Frank Douglas, lawyer for W. S. Kilroy, operator of several oil leases in the hospital area, said he will submit the motion for rehearing.

The application was made by the Park Place Hospital. It gained permission to locate a drilling rig on a tract of land in which it owns only the surface rights and to drill directionally for a multiple-completion well whose bottom would be under the adjacent 1.6 acre hospital site. The hospital owns both surface and mineral rights to the site.

Man Admits Making False Statements

HOUSTON (AP)—A guilty plea to making false statements to the Federal Housing Administration got George Nichols a 30-month suspended sentence here Monday.

Nichols, a former Harris County deputy sheriff, received the sentence on the condition he pay back all of the money he borrowed.

A federal grand jury had accused Nichols of obtaining home improvement loans which were not used for that purpose.

One Dead, One Hurt In Windmill Mishap

ABILENE (AP)—One man died and another suffered serious injuries Monday when an iron windmill leg on which they were working apparently blew into a 7200 volt power line.

Dead is Sam Spruell, 33, of Bronte. In serious condition in the Winters Hospital is Grant Lindsey, 65, of Shep.

The two were setting windmill legs in concrete on the Ed Stevens ranch about 30 miles southwest of here.

Stevens, about 70, heard the electrical crackling of the elec-

tricity and rushed to the scene. He pulled the two men free, but Spruell was already dead.

The scarlet manager, with black wings and tail is also known as the fire bird.

More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome those false discomforts. PASTERIN, an improved powder, softens the upper and lower plates inside your mouth so that they feel more comfortable. Between You And Me

By Jerry Jackson

"All good champions come out for the battle and Parry has been waiting a long enough time," said Nieder.

In the familiar words of Ma Hoople, "hak kaff!"

"I'm not a champion," said Nieder. "I'm just a kid who likes to play."

Nieder's completely and possibly justly shaken up over Parry's O'Brien's brushoff, it would be like the sum and substance of the whole thing. "Righteous indignation" of a sort, "said O'Brien. Well, he seems to think that poor Willie is straight from Hickville.

Who Is Them Two Guys, Anyhow?

A WORD OF INSIGHT for those who are unfamiliar with either Parry or Bill—they're shot putters. O'Brien, whose name has been synonymous with that particular walk of life for some time now, is an Olympic performer who has been flipping steel balls around since Hector was a mere pup. He has been a champion, and he is said to be of Irish descent.

Nieder, on the other hand, affectionately called "ol' 65," is his fellow-army officer at Presidio of San Francisco, and "ol' 65," who by the enlisted personnel of the post, is somewhat of a new comer to the profession, at least as far as notoriety is concerned. The nickname was derived from his Texas Relays shot put heave of 65 feet, 7 inches.

Contact Me Through My Agent, Please

IT WAS SEEMINGLY never a cut-and-dried proposition that O'Brien was committed to participate in the meet, but the apparent

Floyd And Ingo: Who? What? Why?

By MURRAY ROSE

Associated Press Sports Writer NEW YORK (AP)—If the lawyers clear up the details, heavyweight champion Ingemar Johansson and Floyd Patterson may be able to sign official contracts late today for their return fight at the Polo Grounds June 26 or 27.

"I hope so," said the unbeaten Swede who arrived Monday night from Switzerland. "From what I understand, everything is supposed to be ready. I want to fly back to Switzerland tomorrow and start hard training."

According to the promoters, Feature Sports Inc., one of the major barriers in the way of the fight was cleared Monday when FSI reached an agreement for the purchase of all stock of Floyd Patterson Enterprises. This stock is held by Patterson and his manager, Gus D'Amato.

The manager presently is unemployed in New York but the exemption has said he will fight in New York, either D'Amato is in his corner or not.

Two other obstacles have to be cleared by the promoters, however, before they can get around to the important business of selling tickets and the television rights.

First, the State Athletic Commission wants to get a long look at the contracts.

Gen. Melvin Kruelewitz, commission chairman, said every contract will be inspected to make sure everything is clear and above board before approval is given.

Another state agency was "deeply concerned," Attorney General Louis Lefkowitz called, in all of this.

Among those requested to appear were Johansson, his adviser Edwin Ahlqvist, Patterson, D'Amato, FSI President Roy Cohen, and their attorneys.

Sign or not, Johansson and Patterson are getting an education. If the legal-healing keeps up, they may qualify for law degrees before they step into the ring.

Palmer Top Money Winner Of Season

DUNEDIN, Fla. (AP)—Arnold Palmer, winner of five golf tournaments and \$44,300 this season, was the top money earner in the category.

The weekly standings issued by the Professional Golfers' Assn. showed Palmer, who plays out of Edgewater, Pa., has garnered the top money by entering 13 tournaments and finishing in the top five eight times.

Ken Venturi of Palo Alto, Calif. was second but far behind with \$23,300 won in eight tournaments. Tom Weiskopf of Tequesta came next with \$21,800 earned in 10 events.

Chalchoung, formerly a Washington farm team, will operate independently in the Southern Assn. this year.

The Atlanta team in the South-Eastern Assn. will be operated this year by the Los Angeles Angels.

Tigers In Title Defense Opener

Gladson Will Face Wolves

"He'll be the seventeenth left hander we've had to face," offered Coach Speedy Moffett, "in 22 games."

That was the prospect for the Snyder Tigers today, as they hit the district trail in defense of their 3-AAA diamond crown. With indications being that Colorado City's ace southpaw, Steve Hillhouse, will be on the hill for the Wolves this afternoon at Towle Park. For Snyder, Coach Moffett is serving up right-hander Norm Gladson as his pitching choice, the senior chunker, who will be looking for his sixth victory as compared to a pair of losses.

Shirt-Sleeve Weather

Game time is 4:15, with perfect baseball weather in a prospect for the important opener.

Engaged in the chase for the coveted district hunting will be three teams—Snyder, Colorado City and Lamesa. Snyder copped last year's title following a playoff against Lamesa, then dropped two of three in bi-district play to Mineral Wells, thus being eliminated from the post-season picture.

The change of note will take place today in the Benzel starting lineup as former infielder Steve Pree has been inserted in the left field slot, which was previously vacated by Jerry Guthrie, who came in to handle the hot-curve duties. Third-sacker Bubba Fleming was shuffled to second in the switch, and both boys have been showing up extremely well at their new positions.

Team Hitting 278

The complete starting lineup will see dependable Ronnie Wylie (.226) behind the plate, Gladson (.375) pitching, Bernie Greenfield (.209) at first, Fleming (.333) on second, Guthrie (.237), third, Spencer Dyer (.311) at short, Free (.263) in left, Mike Moffett (.239) center, and Franklin Moore (.310) right. That falls out to a .278 starting team average.

The Wolves, who are embarking on their second season of high school baseball activity, haven't even as much action as have the Tigers, but can boast of a solid 7-4 win-loss record to show for their efforts to date.

The leading Wolf hitters are third baseman Don Vest and second sacker Steve Smith, both of whom are hanging away at over a .350 clip. Eddie Schoolcraft, left fielder, is still another performer with over a .300 average for the visitors.

In the pitching department, Hillhouse is 4-2.

Following today's game, the Tigers will be idle until Saturday afternoon time they will take on Lamesa here in another district encounter, going into district warfare, Snyder stands at 11-9-1 over the season.

Notre Dame is Michigan State's oldest current rival in basketball. Their games started in 1908.

The Penn State football team went unbeaten in 30 games between 1919 and 1922.

WING-FOOTED EAGLES—Much of the success of the North Texas Eagle track squad can be attributed to the above trio of speedsters who have been here in Snyder over the Easter holidays. At center is a familiar figure to all Tiger track fans, one Bud Morgan, who marked up the fastest freshman time in the nation in the low hurdles last year, and is running this year in both the hurdles and sprint relays. A pair of his are stellar distance men for the Eagles. Morgan is the son of Mr. and Mrs. J. C. Morgan of 2206 42nd Street. (Photo by Jackson)

Fullmer And Giardello To Go Western

By JACK HAND

Associated Press Sports Writer BOZEMAN, Mont. (AP)—This is cow country far off the beaten path for the fight game. Rainbow trout glitter in the mountain streams. Elk line the road to nearby Yellowstone National Park.

The snow-capped Rockies provide a backdrop for one of the most unusual fight promotions in years. Men in high-heeled cowboy boots and 10-gallon hats are debating the merits of champion Gene Fullmer and challenger Joey Giardello who meet Wednesday night for the National Boxing Assn. version of the world middleweight title in the Montana State College fieldhouse.

Not since Jack Dempsey and Doc Kears sacked Shelby in 1923 for the heavyweight slouch with Tom Gibbons has a title bout been staged within the boundaries of this mountain state. The bitter taste of that costly promotion in

Shelby, some 200 miles away, still lingers.

Nobody will go broke this time. Thanks to the television sponsors who are putting up a reported \$100,000 and a booming gate sale that already has produced \$55,000, the promotion appears to be a guaranteed success.

Fullmer and his entire crew of handlers, sparnutes and managers are housed in a girls' dormitory on the campus of a fast-growing college.

Fraser Will Shoot For Oaks Title

HOUSTON (AP)—Nedale Fraser of Australia began his bid today to become the first foreign entry ever to win the River Oaks tennis championship.

Both Fraser and Bernard Zisman, the defending champion, drew young college stars for the opening round of a 26-year-old tournament that could develop into a clay courts version of the 1960 Davis Cup challenge round matches.

The field of 32 includes four members of the 12-man U.S. Davis Cup squad. In addition to Fraser, the world's No. 1 amateur, Australia is represented by Roy Emerson, the No. 3 member of last year's Aussie Cup team.

Bartten, captain of the 1960 U.S. Cup squad, Barry MacKay, and Tom Hillhouse are the three top amateurs in the U.S. The fourth Cup squadman here is young Chuck McKinley of St. Louis.

Tim Heckler, 19-year-old South African who won the River Oaks junior title Sunday, was Bartten's opening round opponent. Fraser, seeded second behind the 1959 winner, met Harry Parton of the University of Houston. Heckler is a freshman at Lamar Tech at Beaumont, Tex.

MacKay, the 195 Oaks champion, met a young Californian, Jim Watson of Pan American College at Edinburg, Tex. The fourth seeded Hillhouse faced Pan American's No. 1 player, John Sharpe, an Australian.

Emerson was not seeded and opened against Richard Schuette, former national junior doubles champion from Houston.

The POWERS and DUTIES Of Your District Judge are:

1. He hears all criminal felony cases;
2. He hears all divorce and child custody cases;
3. He hears all suits for trial of title to land;
4. He hears all cases in which the amount in dispute exceeds \$1,000;
5. He hears appeals from the County Court in matters involving wills, estates of deceased persons and guardianships;
6. He appoints the County Auditor;
7. He appoints Grand Jury Commissioners who choose the Grand Jury;
8. He exercises other powers which affect your rights and liberties.

Protest Of Paddling May Close School

VALDOSTA, Ga. (AP) — More than 900 pupils of Hahira High School would be left without guidance today if all the teachers planned to resign over a paddling incident.

Principal A. B. Martin and more than half of the 32 faculty members already have written letters of resignation. The remainder indicated they will follow suit.

Asked what he was going to do about running the school, Chairman James T. Hall of the Hahira Board of Trustees declared, "I'm going to do just like the board of education did—I'm going to dump it right back into the board's lap."

This was the best information that could be gathered on the town's action following a four-hour special hearing Monday. At issue was a demand by the parents of 14-year-old Earl Cornelius that Martin and Mrs. Doughty Maples, a teacher, be fired for spanking the eighth-grader.

Lowndes County School Supt. C. W. Meacham was not available for comment. A service station operator said Meacham drove off about midnight saying, "Come on, let's go to Atlanta."

Apparently, the superintendent planned to confer with state school officials at the capital.

Martin, principal for nine years, said he could not continue to head the school without the backing of the board of education.

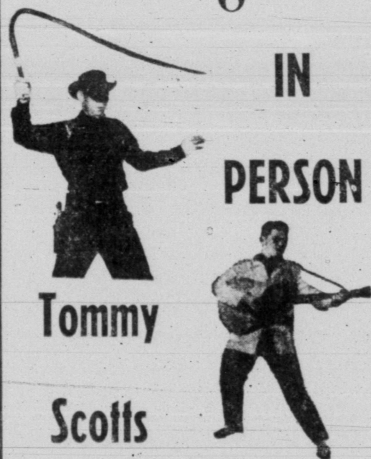

He denied that he encouraged members already have written letters of resignation. The remainder indicated they will follow suit.

Martin and his wife received many visitors Monday night as friends dropped by to pledge their support. Lights also burned late in other houses of the community with a population of about 1,000 as parents gathered to discuss the problem.

Most townspeople agreed with Mayor D. K. Hollis who said he did not think the publicity would be good for the boy, school or Hahira.

Martin and Mrs. Maples, who is seven months pregnant, said the boy was whipped Wednesday. The principal said he gave Earl the standard five whacks for leaving the school without authorization. The youth chose a paddling in preference to writing a 3,000-word theme, Martin said.

EVOLUTION? -- OR REVOLUTION

Margaret's Troubles Only Begin When She Lands Man

By INEZ ROBB

Man is born unto trouble, as the sparks fly upward," so it says in the good book, and princesses are not exempted.

Most of us surely thought when Princess Margaret finally found an acceptable young man who would say "yes" that her troubles were over. She could stop worrying and so could we.

But general rejoicing over her impending marriage and the first spate of jokes about "keeping up with the Joneses" had scarcely died down when the roof began to fall in on her Maytime nuptials to Anthony Armstrong-Jones.

The first group to take open umbrage, and a generous helping too, was the custom tailors of London. For generations, they have constituted the self-appointed arbiters of male elegance the world over. Oh, men may go to Italy at the moment for a bit of chili or narrower lapels.

But for an American man finally to have his patronage accepted by an established London tailor is synonymous to that now-vanished crown of womanly endeavor, pre-eminence at court in the balmy old days.

Somebody should the Princess have offered the custom tailors of London. Because it has been decreed that for her wedding in Westminster Abbey lounge suits are suitable garb of male guests. If a gentleman has formal morning dress, he may wear it, but he will be just as welcome in a three-button sack suit.

"We had looked forward to a renaissance of formal wear," a spokesman for the custom tailors said. "Lounge suits don't sound much like a royal wedding do they?"

And the answer to that question of the custom tailors of short memory is "yes." When Princess

Margaret's sister, then Princess Elizabeth and now Queen Elizabeth II, was married in Westminster Abbey on Nov. 20, 1947, the same ground rules prevailed for gentlemen's attire.

At that time, strict rationing of both food and clothing still prevailed in England. The Royal Family figured that many male guests invited to the Abbey had lost their formal dress clothes in the blitz and would find it an almost intolerable burden to replace them in 1947.

Why the Royal Family has taken the same stance in 1960, deponent knows not. Maybe, creeping democracy. But whatever the cause, the custom tailors are riled. If the dressmakers and the British couture are sore because short day or "morning dress with hat" has been decreed as correct attire for female guests again, as in 1947 for Her Majesty's wedding, they have been decreed to chew their nails in private.

Next, the best man Jeremy Fry backed out, claiming jaundice, while the British press cried, "Yellow." So the bridegroom summoned up the second best man, Dr. Roger W. Gillatt.

But scarcely was this sensation over when the London newspapers discovered a plot most foul on the part of European royalty to boycott the wedding of the Princess and the photographer and surely some Hollywood company has already copyrighted that title because he is a commoner.

Even unemployed royalty, such as the Spanish pretenders, were reported sending its regrets. The Queen of the Netherlands, the King of Belgium and quantities of Scandinavian royalty were said to have other fish to fry on May 6, the day of the half-royal wedding. (Although the bridegroom can trace his direct ancestry to King

Edward I, monarch of England from 1272 to 1307 and all that.) Copyright, 1960, by United Feature Syndicate, Inc.

Red Chinese In Two-Faced Talks

By JAMES MARLOW

Associated Press News Analyst WASHINGTON (AP) — If the Red Chinese leaders talked to one another in private conversation the way they talk to one another in print, they'd be nothing to worry about. They'd bore themselves to death.

Actually, they're talking out of both sides of their mouths. Communist China's Premier Chou En-lai is on a goodwill tour of Southern Asia at a time when Red Flag, the theoretical journal of his party's Central Committee, is preaching civil war in non-Communist countries.

Chou's journey is a fence-mending expedition. Red China's southern neighbors were disillusioned, revolted and frightened by her brutal crushing and occupation of Tibet.

The opening sentence of a piece in a recent issue of Red Flag says the tone for one of the finest collections of secondary Communist jargon outside a library. "Lenin taught us that is the era of imperialism, the system of imperialism is the source of war."

From that premise, Red Flag went on to argue that since imperialism means war, the United States is bent on war, big and

small, because the United States is imperialistic.

It is a lengthy and almost incredible array of Marxist clichés, the kind the Soviets worked to death when the Russian revolution was still fairly new. Premier Nikita Khrushchev reversed this, offering molasses instead of vinegar.

After all, Khrushchev had been a revolutionary more than 40 years. For him the revolution was setting down. By contrast the Red Chinese sound as primitive as the early Bolsheviks.

But Red Flag's growling—when repeated by the leadership in newspapers and over the radio but in simpler language—conditioning like Chinese masses for war when the leadership pulls the trigger.

It keeps alive the idea of war by communism to prevent the kind of war Red Flag says the "imperialists" want. But it does more than that. It encourages civil war among the non-Communist countries.

In this, Red Flag—and thus the Red Chinese leaders—seem to be giving Khrushchev a backhanded rebuke for failing to be as belligerent as the Chinese leaders think he should be.

Never Relax. Eva Gabor Tells Wives

By HAL BOYLE

NEW YORK (AP)—Actress Eva Gabor's advice to wives who want to hold their husbands is "Don't get sunburned."

"A wife should always look white, delicate and feminine. Then she can get away with any mischief. Her husband won't mind," she says.

Miss Gabor, who is presently wed to broker Richard Brown, is a member of a Hungarian family renowned for two generations for its manhandling skill. She feels, with some justification, she herself is an "international authority" on how to attract men.

"But just because a man puts a ring on your finger doesn't mean you've got him forever. That's only the beginning. That's when the trouble starts," she says.

"You can never really relax in a marriage. Too often when people marry the wife stops growing—and the man begins to grow. Unless the wife does something, she is bound to lose her husband."

We asked Miss Gabor if she would disclose a few European secrets in the art of winning and holding a husband. She gladly obliged.

"The main thing a woman must always remember is to look feminine," she said.

"She should always wear a hat and never take off her gloves even when she smokes. She looks more glamorous in gloves."

"European girls know how to flirt, and in this—a hat—is a big help. A hat with a wide brim is a big help to a girl with pretty eyes."

"But if she wears a flowered hat she should never wear a busy-looking dress. It puts her out of focus."

Here are a few more of her suggestions:

Never wear low-heeled shoes. It's better for a girl to go barefooted.

HONEYMOONERS IN TEXAS—Teen-age heiress Gamble Benedict Forumbone gazes up at her husband, Andre, as the pair talked with reporters in a San Antonio hotel room. They were in the Texas city to visit friends of Andre who trained in the Air Force at San Antonio. (AP Wirephoto)

VOTERS LURED

Candidates Beat Bushes

By The Associated Press
Political candidates kept busy Monday making speeches while their campaign office worked to gather votes in the May 7 Democratic Primary.

Wagoner Carr and Atty. Gen. Will Wilson had help from their supporters in their race for the attorney general's office.

Heart Of Small Girl Is Repaired

DALLAS, Tex. (AP)—A delicate four-hour operation was performed Monday to repair the heart of a 3-year-old girl from Mexico befriended by a bachelor cab driver.

Ruth Maria Cvetic's condition "is satisfactory, in fact a little better than we had expected," said a doctor at Children's Hospital of Texas.

Mr. and Mrs. Alexander Cvetic moved to Mexico City from Austin five years ago. When they learned their child needed corrective open heart surgery they wrote to doctors in Germany and Sweden. The doctors replied that the surgery could only be done in America.

The family headed for Texas last week. Their car broke down in San Antonio and they continued here by bus, arriving Thursday morning.

It was at the bus station that they met W. H. Henry, 30, a cab driver.

When Henry learned the family's reservation at a hotel had not been confirmed, he turned his trailer house over to them and moved in with friends. Then he found 10 persons who would donate blood to the girl.

Henry acted as the family interpreter. He accompanied the girl and her mother to the hospital during the night while her parents slept.

The critical period lies ahead for the girl, doctors said. It may be a week before they know if the operation is a success.

Boy Holds On To 2,300-Volt Line

KANSAS CITY, Mo. (AP)—Twelve-year-old David Hokanson held onto a 2,300-volt power-line several minutes Monday. He accidentally put his hand on the live wire while climbing a tree.

A companion, Jimmy Shannon, 12, grabbed at David's hand three times, but couldn't pull it loose. He got shocked each time.

Then David's weight pulled him free. He had burns on his hand and on his legs. Police said he was alive because he hadn't been grounded sufficiently to get a full jolt of electricity.

Special Disarmament Organization Planned

By JOHN SCALI
WASHINGTON (AP)—The Eisenhower administration has decided to create a special disarmament organization to mastermind negotiations with the Soviets on arms reduction.

President Eisenhower has given a go-ahead to the project with the aim of upgrading the importance of disarmament policy in the day-to-day conduct of foreign relations.

Experts from many government agencies and departments are to be grouped into a single staff led by a high-ranking chief whose sole responsibility will be development of disarmament strategy.

Printz May End Scoring Drought

TOLEDO, Ohio (AP)—Peyton Printz of Muncie, Ind., may be the man to end the scoring drought in the American Bowling Congress tournament.

Printz fired a 678 in the team event Monday night to put himself in a good spot for a run on the all events division lead now held by Vince Luceri, Trenton, N.J., with a 1383.

Printz, who bowls in doubles and singles today, had games of 248 and 243 before slipping to a 187. His team had a 2,842 high for Monday night, but not good enough to dent the top 10 standings in the open division.

Pair Goes Fishing For Woman's Purse

DETROIT (AP)—A man carrying a four-foot long steel pole with a hook on the end and a companion walked into a Detroit bakery shop Monday.

Mrs. Carmen Eccles, shop owner, wondered what the pole was for but said nothing. Suddenly the man thrust the pole across a display case, hooked her purse with it and fled with his friend.

Their head is to be a distinguished civilian whose background and reputation will give him easy access to all cabinet officers as well as State and foreign government leaders.

Authoritative officials who disclosed this today said the decision has no connection with repeated charges by Sen. John F. Kennedy, D-Mass., that U.S. negotiators "have not prepared" for talks with the Soviets. Kennedy is a candidate for the Democratic presidential nomination.

Administration leaders began considering this move last November, they said.

Kennedy's Wisconsin speech March 25, called upon Eisenhower to create an "arms control research institute" to coordinate government-wide planning, research and development in the disarmament field. He said it should report directly to Eisenhower.

Kennedy claimed that American disarmament proposals have been hurriedly drafted, mainly because less than 100 full-time officials scattered throughout the government are working in this complex field.

Despite Kennedy's advice, the administration has decided that the new disarmament organization is to be put within the State Department and not made part of the President's executive offices.

Some administration officials are understood to have objected to this, believing it should be attached to the White House for prestige purposes.

But officials said Secretary of State Christian A. Herter felt the new group should report directly to him less it blur his responsibilities as daily operating chief of foreign policy.

Herter's views undoubtedly were influenced by the feud between the late Secretary of State John Foster Dulles and Harold Stassen when Stassen was White House disarmament chief two years ago.

Kennedy In Full Day At Wheeling

WHEELING, W. Va. (AP)—Sen. John F. Kennedy (D-Mass.) eased up on the travel in his West Virginia presidential primary campaign today, with a full day of appearances in and around this steel-manufacturing city of 60,000.

On his itinerary were morning appearances at two colleges within a few miles of Wheeling—Bethany and West Liberty States—and two plant tours in the afternoon.

Kennedy and Sen. Hubert H. Humphrey (D-Minn.) are expected to arrive in Wheeling, W. Va., and Morgantown, W. Va., after appearances in Clarksburg, Fairmont and Mor-

gan. Kennedy's arrival in Wheeling brought him to a section where compared with this overwhelming Protestant state as a whole, a large segment of the population shares his Roman Catholic religion.

After speaking at a reception here tonight, Kennedy will fly to Beckley in southern West Virginia. He will wind up this week's three-day campaign swing with appearances in about a dozen places in the southern part of the state.

He arrived in Wheeling late Monday night after appearances in Clarksburg, Fairmont and Mor-

gan. At a reception in a hotel ballroom at Morgantown Kennedy drew what was probably the largest indoor crowd so far in his West Virginia campaign. Local officials estimated that there was between 1,000 to 1,500 persons on hand.

In New Mexico the dog was the Indians only domesticated animal until they were introduced to sheep and horses by 16th Century Spanish colonists.

ELECTRICITY

Your thrifty way to cook...
only pennies per meal

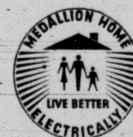

You cook for pennies when you cook electrically. Most electric surface cooking, at low settings, uses heat

thriftily. The electric oven, insulated on all four sides and top and bottom, keeps heat inside where it belongs.

And, once the oven reaches the temperature you select, it uses electricity less than half of the cooking time. It costs an average of only about 3c a meal to cook with clean electricity. See your electric range dealer soon. Thrifty electric cooking is another of the many ways in which your dependable, low-cost electric service helps you live better... electrically.

Thrifty electric cooking is a feature of all "Live Better Electrically" Medallion Homes
