Brooks of Abilene has been appointed special chief justice of the 11th Court of Civil Appeals to try two cases. The letter to Judge Flewellen read as follows: "I have today appointed you as Special Associate Justice and Hon. E. T. Brooks of Abilene as Special Chief Justice of the Court of Civil Appeals for the Eleventh Judicial District of Texas to hear the following causes: "No. 1292, E. C. Brand, Banking Commissioner, vs. Conner & McRae. "No. 1279, James Shaw, Banking Commissioner, vs. Tom Harrell, et al. "In which Chief Justice J. E. Hickman and Associate Justice O. C. Funderburk have certified their disqualification. Commission will issue in due course. "Yours very truly, "Miriam A. Ferguson, Governor of Texas."

### Ranger to Present Program Saturday At the County Fair

Ranger is to have charge of the program at the Eastland county fair Saturday night and is planning a good entertainment program to take to Eastland on that occasion. P. A. Tanksley has been put in charge of the program and it was announced today that he had already secured some good talent for the program.

### Canyon Will Have Big Celebration

CANYON, Tex.—Plans for an elaborate two-day celebration here on Oct. 19 and 20, are being arranged by a committee in charge of celebrating the 25th anniversary of locating the West Texas Teachers College in Canyon. Every possible effort is being made by college officials to contact ex-students and extend them an invitation to attend the "homecoming celebration." America's only woman Ambassador, Ruth Bryan Owen, will be the feature speaker during the celebration.

### Delmer Brown Made 2nd Head Freshman Class at A. C. C.

Delmer Brown of Eastland was elected vice-president of the freshman class at Abilene Christian College Tuesday afternoon at the first class meeting. Brown is an advanced freshman having attended A. C. C. last spring term when he and his twin brother, Elmer, established a strong reputation in track. STERN RULE FOR DRUNKS RED OAK, Ia.—Mayor Horace Cloud of Red Oak has a hard and fast rule for intoxication. ### EIGHT-YEAR-OLD SON OF J. M. THOMAS KILLED IN CAR CRASH

An 8-year-old son of J. M. Thomas was instantly killed about 5 o'clock Thursday afternoon in an automobile accident on a high-way near Ranger and three other occupants of the Thomas car were injured. All the injured were in the West Texas Clinic and Hospital Thursday night, too badly injured and shaken up to give many details of the accident. According to information gleaned at the hospital upon arrival of the accident victims, Mr. Thomas was driving west toward Ranger and the sun was shining into his eyes so that he could not see, at the time the accident occurred. The body of the Thomas boy, whose name was not available at the hospital, was taken to the Killingsworth-Cox morgue in Ranger pending funeral arrangements. At the hospital it was reported that Mr. Thomas was badly injured, though it was not thought his injuries would prove fatal, while Mrs. Thomas and a daughter, who were also in the car, were slightly injured, cut and bruised, though their condition was not serious. None of the occupants of the other car was injured, according to reports.

### Baptists to Hold Meet at Leuders On September 25

Baptists in the following 11 counties will meet at the Leuders Baptist camp ground near Leuders, Texas, Sept. 25: Fisher, Jones, Shackelford, Stephens, Nolan, Taylor, Callahan, Eastland, Kent, Stonewall, and Haskell. Fifteen hundred Baptists from these counties are expected to attend this meeting. Rev. J. D. Brannon, Abilene, the missionary for district 17, will preside. There are 174 Baptist churches within the district with a combined membership of 30,672. It will be recommended at the Leuders meeting that the Baptist churches within the district undertake to raise \$8,900 for state missions by Dec. 1. It will also be recommended that the same churches undertake to raise \$22,250 for missions of all types, Baptist schools, hospitals and orphanages during the next convention year. The ones who will appear on the program at the Leuders camp ground Sept. 25 are as follows: Dr. L. R. Scarborough, president, Southwestern Baptist Theological seminary, Fort Worth; Dr. H. E. Fowler, pastor of East Grand Baptist church, Dallas, and T. C. Gardner, State B. T. S. director, Dallas. The meeting will begin at 10 a. m. with a welcome address by Rev. Henry Littleton of Hamlin.

### Annual Oil Belt Rotary Meet at Eastland Monday

Rotarians of the Oil Belt in their annual meet will gather Monday night in Eastland when the club of that city will host their brother Rotarians. Rotarians from Cisco, Ranger and Breckenridge beside the Eastland group will be in attendance at the meet. Last year the meeting was held in Cisco and next year will be in Ranger.

### Start Mattress Factory Pends Site Selection

Enthusiasts of the yet to be organized Little Theater in Eastland who attended a meet aimed for a test of interest in the move Tuesday night at the city hall moved for the holding of a second meeting to be held Tuesday night at 7:30 in the county courtroom. Judge O. C. Funderburk, past president of a former organization, who presided over the Tuesday night meet cited chief errors of the former organization as (1) Lack of definite program and foresight; (2) Exclusiveness of the organization resulting in the small number of membership from which to recruit casts, and (3) Lack of cooperation among members. Judge Funderburk stated the faults should be remedied if a new organization was perfected. Membership from surrounding cities was favored by those in attendance.

### PREACHING AT FLATWOOD METHODIST CHURCH SUN.

The pastor will meet his regular appointment at Flatwood Sunday. Preaching service at 11:00 o'clock, sermon subject, "God's Covenant." At the Sunday night service, sermon subject, "Preparedness." A cordial invitation is extended to everyone to attend the Flatwood Methodist church Sunday school. H. C. Caudle has been elected the new general superintendent of the church school. His success depends upon the united cooperation and loyalty of the entire church school.

### Cattle Buying At Standstill

Cattle buying in Eastland county is at a complete standstill and there is no definite information when the program will be resumed, County Agent J. C. Patterson stated Thursday. When word of the halt reached the government cattle buying headquarters in Eastland county at Eastland Wednesday it was thought that condemnation was to continue but upon inquiry the hopes were dispelled by advice from College Station.

### Meat Canning at Ft. Worth to Stop

FORT WORTH, Sept. 20.—The government meat canning plant, employing 555 men and women, will be closed down in about two weeks. H. H. Hester, local project engineer, announced today. The plant was ordered closed by C. Z. Crain, federal commodities distributor at Austin. Crain said the cattle buying program had been completed.

### Conducts Revival at Nazarene Church

Rev. A. R. Hodges of Detroit, Mich., once resident of Eastland, who is now conducting a revival at the Church of the Nazarene.

### Confident Maverick Squad Meets San Angelo Bobcats Friday P. M.

Twenty-two confident Mavericks, drilled thoroughly and paced by their coaches, S. J. Petty and H. L. Hart, will Friday morning at 8:30 leave for San Angelo and endeavor to write Eastland's name in the win column. Past years have proven the Mavericks ability to display their best type of play with the Angelo Bobcats. Eastland Mavericks' match against the Bobcat team has always been a drawing card to the fans of that section and interest pulls them towards the Bobcats' gridiron. Coach Petty Wednesday declared the Maverick team looked better to him than it ever has; one member of the squad reports.

Aerial attack is expected to be used heavily by the Eastland team and it is known that the squad carries along in the persons of Tully and Mackall exceptionally good ball passers and receivers. All departments of the Mavericks show improvement from the weeks previous and though light, the team is reputed to have ability which will ward off ability of Angelo's offensive play. The probable line-up for Eastland: D. Tully, T. Taylor, ends; A. Martin, T. Brown, tackles; Sam Butler, center; B. Shoopman, D. C. Frost, guards; J. Hart, C. Upton, halves; B. Mackall, full end; team captain John Garrison, quarter.

### THREE SUSPECTS HELD TODAY IN LINDBERGH CASE ARE SAID TO HAVE 'BROKEN DOWN' WITH CLUES

NEW YORK, Sept. 20.—Police announced today the Lindbergh kidnaping mystery was "cracked" with the arrest of Bruno Richard Hauptmann on charges of being the recipient of the \$50,000 tossed over a cemetery wall in the Bronx in an effort to recover the Lindbergh baby.

John F. O'Ryan also came to the Greenwich street station, lending further support to reports an "important break" was imminent. The suspect was said to have been brought to headquarters from the Bronx.

### Two Acquitted In 91st District Court

Verdicts of not guilty were rendered by a 91st district court petty jury at the conclusion of trials of state vs. Marion Bell, Tuesday, and J. J. Baer, Monday. The defendant, Marion Bell, who was acquitted had been charged with theft of corporeal personal property of value over \$50. J. J. Baer, who was acquitted, had been charged with theft.

### String Band On Rotary Program

The Eastland string band, directed by A. E. Herring, featured the program of which Rotarians, Dr. W. E. Chaney and Ben Hamner were chairmen, at the Rotary meet on the Connellee roof Monday noon. Miss Ethel Muirhead rendered several readings before the group. Miss Muirhead, with the string band, were presented by Eastland merchants at the Rising Star fair Friday.

### Corn-Hog Checks Nears \$11,000

Approximately \$11,000 had been paid to producers in the county cooperating with the government in the corn-hog program up to Thursday, J. C. Patterson, county agent, stated on that date. The first of the checks were distributed at a meeting in Eastland Tuesday afternoon and others were distributed at Cisco, Ranger, Rising Star, Gorman and Carbon at other meetings. In the adjoining counties of Stephens and Callahan the producers had been paid \$3,665 and \$5,690.30, respectively, figures in a report of the agricultural adjustment administration show.

### New Eastland Zone Relief Director Named Saturday

The Eastland county general relief office Saturday announced the recent appointment of J. W. Wilson of Cisco as Eastland zone relief office director, succeeding W. P. Fuller of Eastland. The Eastland zone office of which Mr. Wilson heads is one of five in the county.

### Woman Likes Her Week Ends Free

FRAMINGHAM, Mass. — Miss Helen Orzelek, 19, of New Britain, Conn., likes to be free week-ends. Serving time for armed assault, she escaped four times from the Massachusetts Women's Reformatory at Sherborn. Each escape took place on a Saturday night.

### Texas Native Is Conducting Meet

Rev. A. R. Hodges of Detroit, Mich., who claims Texas as his native state, is now conducting a revival at the Church of the Nazarene, corner of Sadona and Lamar streets, according to announcements. Rev. Hodges came to Eastland with his parents when a small boy in 1879 when the first railroad was entering the city. A brother of the pastor, John T. Hodges, lived in Eastland several years before his death at Gorman. Services, the announcement states, are held every night at 7:30 o'clock. On Sunday, school is held at 9:45, preaching at 11 and evening services at 7:30. Members of the church have extended all an invitation to attend the services.

### OLDEN HIGH SCHOOL GETS NEW CREDITS

Word has been received this week from the State Department of Education that the Olden High School has been granted one unit of affiliation in Public School Music. The Olden School was granted 1-2 credit in Typewriting when the Deputy State Superintendent visited the school last spring. The Olden High School is fully accredited with the State Department of Education. Some people have the idea that a Class B school cannot be fully affiliated. Class A and Class B schools are divisions made by the interscholastic League and have nothing whatever to do with accrediting or the class of work done in the school. A high school enrolling 500 or more students is a Class A school, and one that enrolls less than 500 is a Class B school. The Olden school is meeting all of the requirements of the State Department. All teachers having qualified under the new rulings. The Olden School Board, with Fred Gertz as president, is composed of a group of wide awake, progressive business men who are ever on the job to do anything for the betterment of the community. The other board members are C. I. Hyatt, secretary; O. M. White, C. L. Little, H. C. Nix, W. L. Connell, and Carl Butler. The High School teachers are: Henry Collins, Superintendent and teacher of mathematics; S. J. Smith, Principal and teacher of English; H. C. Scruggs, coach and teacher of science and history; Miss Eunice Hamilton, teacher of Spanish and typewriting; Miss Maxine Henderson, teacher of public school music. The Grade school teachers are: Mrs. C. A. Timmons, Miss Nannie Allmon, Miss Olga McCoy, Miss Maxine Henderson, Miss Eunice Hamilton.

### Cotton Exemption Certificates Will Be Issued October 1st

Oct. 1, County Agent J. C. Patterson said Thursday, will be the first day on which cotton exemption certificates will be issued. R. F. Lawrence, who was in charge of the AAA office in Eastland, has been succeeded by Hubbard Gilbert of Carbon, because of serious illness. Mr. Lawrence experienced while in attendance at a cotton meeting in College Station. Gilbert is now in attendance at the meet and is expected back in Eastland at the expiration of the session.

### Social Evening Each Month at Hi School

A social evening for students will be held at the Eastland high school each month, an innovation from previous years, it was decided by students at the assembly period held at Eastland high this week. At the same assembly period a dramatic club for sophomores and freshmen was organized and another for juniors and seniors. Mrs. Hazel Carter Ammerman, new faculty member, will be the director of the organizations. Organization of a pep squad was urged by Coach S. J. Petty at the assembly.

### BIG PARADE IS FAIR FEATURE SECOND DAY

Opened auspiciously Wednesday by large crowds the Eastland county eighth annual fair Thursday went into its second day with the promises of even larger crowds for the remaining days. Thursday morning a parade led by State Highway Patrolmen Ernest Daniels and Morgan Myers followed by the Lone Star band, directed by A. J. Campbell, paraded through Eastland streets and were witnessed by large crowds who thronged many streets. Cisco's Lobo band Wednesday night who opened the fair, playing in the mid-way, were applauded enthusiastically as was the program they presented afterwards. Gorman and Rising Star citizens are scheduled to present the program Thursday night at 8:30 after the band concert at 7:30. Exhibits at the fair, though the year was considered one of a poor type for the growing of blue ribbon products, were considered unusually good. T. B. Woods of A. & M. college, College Station, judge of agricultural and community exhibits, said they "were exceptionally good for the year." Miss Ruth Ramey, county home demonstration agent, noted Thursday morning that rugs, fresh fruit exhibits, and sewing products were more numerous than those in previous years and did not note particular difference of quality than those of other years. The program for Thursday through Saturday is as follows: Thursday Night—7:30, opening by band on mid-way; 8:30, platform program by Rising Star. Friday Afternoon—2:30, free rodeo. Friday Night—7:30, opening by band on mid-way; 8:00, rural community entertainment; 9:30, old fiddlers' contest; 10:00, square dance. Saturday Morning—11:30, Bewley's Chuck Wagon Gang. Saturday Night—7:30, opening by Ranger band in mid-way; 8:00, Bewley's Chuck Wagon Gang; 9:00, Ranger program; 10:00, street dance.

### \$24,000 Estimate For City's Year Coming Expense

Approximately \$24,000 was the estimate for city expenses for the coming year which was presented by Guy Parker, city secretary and budget officer, to the city commissioners Monday night. The approximate \$24,000 it is understood is the same figure as was last year's for expenditures of the city.

### Rising Star After Relief Teachers

Application for two teachers for adult night school work has been made by Rising Star school officials and will be forwarded to Austin, an administrative official of the Eastland county general relief office stated Wednesday. The official stated that a program similar to the educational program at one time in force at Ranger, Scranton, Romney, Cisco, Carbon and Gorman is expected to start soon. To date 100 teachers have made application for relief work, provided the program goes into force in the country.

### String Band On Lions Program

The Eastland String Band composed of J. B. Pargin, F. N. — and L. H. Smith, rendered the program at the Lions club meet on the Connellee roof Tuesday noon. H. C. Davis, general chairman of the Eastland county fair, presented a talk on the fair now in progress. President Pickens reports 17 members and one visitor present at the session.

### Question of Allred's Right To Place On Ballot May Cause Complications

By GORDON K. SHEARER  
United Press Staff Correspondent  
AUSTIN, Sept. 20.—Dispute of Attorney General James V. Allred's legal right to appear on the Nov. 6 ballot as a candidate for governor, is likely to add more wrinkles and, perhaps, bring a few gray hairs to Henry Owsley, brother of the U. S. ambassador to Rumania.

Owsley's desk in the secretary of state's office, has the duty of certifying ballots. The injunction against certification of a ballot with Allred as the nominee, came just while he was in the midst of other ballot problems.

The legal right of the entire republican state ticket to go on the ballot can also be contested. There are two questions that can be raised. One is if there was sufficient compliance with the statute requiring a party that has polled 100,000 votes in the last preceding general election to nominate by primary. The other is if the primary returns were canvassed at the right time and place. The canvass was made in Dallas on Aug. 13. An amendment to the election law directed that the canvass be held at Austin and on Aug. 11.

Communist and socialist tickets for state offices have been filed.

The communist party of Texas reported that its ticket, headed by Enoch Hardaway, Breckenridge, for governor, was nominated at Houston. The socialists reported that at San Antonio they nominated W. B. Starr, Cisco, for governor, and others for state-wide offices.

The business of campaign expenditures, raised in the Allred contest, is complicated. How many times the law was violated will never be known. How many know that every person who made any contribution to any campaign is a law violator, if he failed to file a report of it within 10 days after the election? The provision is in the law-article 3145. Another article limits expenditure by assistant or county campaign managers to \$10 for each 100 voters on the poll list of the county. Citizens groups are limited to \$60 in defraying the expense of local political meetings. Individuals may expend \$10 and they may contribute their services and their traveling expenses.

A letter sent to each of the more than 1,000,000 qualified voters in the state would cost three times the allowable total campaign expense of a candidate.

### "MIDNIGHT ALIBI" THRILLING ROMANCE BY DAMON RUNYON

"Midnight Alibi," First National's picturization of Damon Runyon's thrilling romance of metropolitan New York of the present day, is scheduled to open at the Lyric theatre on Sunday with Richard Barthelmess in the stellar role and Helen Lowell, famous New York stage favorite in an outstanding characterization.

Much in the same tempo as his "Lady for a Day," Runyon has drawn gangster characterizations in whimsical vein, in a story that carries an unusual romance and many thrills. The unusual friendship that springs up between the proud old aristocrat, Abigail Ardsley, and the young racketeer, Lance McGowan, who seeks refuge in her secluded mansion when pursued by a rival gang intent on putting him on the spot, dramatizes the spirit of New York, as few, if any other stories, have done.

Barthelmess has the role of the gangster, and also appears in a short episode as the sweetheart of the aristocratic spinster when she was a young girl 45 years before. It is the resemblance of the two youths that draws the spinster to the gangster. Miss Lowell appears as the elderly Abigail Ardsley, and is said to have a remarkable performance, and one that will proclaim her as one of the leading screen players as she had formerly been on the stage.

Ann Dvorak plays the role of the present day sweetheart and sister of a rival gangster, enacted by Robert Barrat. It is this love affair that eventually leads to the murder of the brother with Barthelmess accused of the crime, although innocent. For the friendship of the spinster has changed him to a gentleman at heart.

### ROGERS PLAYS FAMED JURIST IN NEW FILM

Will Rogers—in the most human and lovable role he has yet played! That is the screen fare promised at the Lyric theatre, where Will's latest Fox picture, "Judge Priest," shows on Monday, Tuesday and Wednesday.

According to advance reports, the star has never been so well suited as by this screen character, the shrewd, kindly but strong-willed Kentucky jurist, who is already famous in the stories of Irvin S. Cobb, perhaps America's most noted humorist.

With his characterization of the "Judge," Rogers is said to add a new and original figure to his all-American gallery, which includes such memorable portraits as David Harum, Mr. Skitch, Dr. Bull and the Connecticut Yankee.

This time he plays a wise old fellow who, following the Civil war, has settled down in his native Kentucky village with his Confederate cronies. The story opens in his court room on a lazy spring day in 1890.

### LYRIC SUNDAY ONLY

Making eyes like that have been known to make men like that one you make in "Midnight Alibi," your latest First National picture. That's right, we mean Richard Barthelmess, the gangster hero in the fast-moving Damon Runyon tale. And we know, too, that there are two Helens, Chandler and Lowell, in the supporting cast.

### AT LYRIC FRIDAY

Carole Lombard, Shirley Temple, Gary Cooper, who are appearing in the leading roles of "Now and Forever" at the Lyric Friday and Saturday.

### Kansas Youth Fights Wet Law

TOPEKA, Kan.—Youth, or at least a portion of it, is mobilized today in Kansas to crusade for retention of the state's liquor prohibition laws. Its slogan is, "Keep Kansas Dry for Kansas Youth."  
For the first time in half a century a serious attack on Kansas dry laws is under way. This fall voters will decide if prohibitions of a lifetime are to be discarded.  
Leading the fight for the dries is the State Christian Endeavor Union, The W. C. T. U. and the Anti-Saloon league are in the fight, too, but in this instance it is the youth organization that is carrying the banner.

To focus attention on the dry crusade prominent speakers are being sent over the state, and radio lies are in order. The radio, too, is

being utilized to bring the "message" to many. Later the 14 districts into which the state Endeavor Union is divided will hold conventions and lay plans for the final appeal to the voters.  
Until the last few years the prohibition element had little to worry about in Kansas. One of the first states to rule against liquor, it was political suicide for an office seeker even to hint that a glass of wine, or a drink of whisky, was not inherently wrong.  
But in the last year or so, when the nation suddenly swung from prohibition to repeal, sentiment apparently has been changing in Kansas, too. In the primaries this summer a candidate for governor ran as an out-and-out wet and drew a heavy vote.

Sir Basil Zaharoff's secretary says the old gentleman of international finance never made a public statement and never will. The cigar companies might try him.

### British to Fight Death Toll On Her Island Roads

By LEE WILLSON  
United Press Staff Correspondent  
LONDON, Sept. 19.—The death toll is mounting on the highways of Britain.

The authorities are worried over the growing number of persons killed and injured in motor car accidents.

In nine days from Aug. 3 to Aug. 11, which included a bank holiday week-end, 178 persons were killed. And these figures do not include those dying later as a result of accidents during that period.

In London alone, during one recent week, 30 were killed and 1,064 injured. In the past 22 weeks there have been more than 3,018 deaths and 104,514 cases of injury in Great Britain.

The government has passed a parliamentary road traffic act to give the minister of transport almost unlimited powers to deal with the situation. The minister, Leslie Hore-Belisha, has toured the roads in search of ideas to curb the growing number of accidents.

Pedestrian crossings have been inaugurated here in an effort to eliminate "jay-walkers." They are marked with zig-zag white lines, but so far efforts to confine the street navigation of London's citizens to these marked areas has not been successful.

Only one city in Great Britain of more than 100,000 population has been able to show a clear death sheet during the 22-week period. Sunderland, with 180,000 inhabitants, had no motoring fatalities.

The chief constable of the city attributes this to the persistent safety-first propaganda, put out by the city authorities.

NEVER HAS DRUNK WATER.  
WORCESTER, Mass.—Victor A. Belli, 56, claims he never had a drink of water since he was a boy. Water makes him ill. His favorite drinks are coffee and milk. He enjoys all water sports, however.

JEFFERSON, O.—A white radish weighing three pounds grew in William Taylor's garden.

### Hop Villages Spring Up During Picking Season

SALEM, Ore.—The hop season has created a number of town-stool villages of from one to three thousand inhabitants in this vicinity, a recent survey showed.

The total population of these phenomenal towns was estimated at 65,000. The towns last about one month each year during the hop season, when workers come from all parts of the Pacific Coast to pick hops.

A typical "Hopville" has a population of about 1,500, spreading out for two or three blocks in the middle of a 300-acre hop field, which describes a semicircle around it.

Many of the villagers are housed in permanent wooden structures, with electric lights and water piped nearby. Graveled roads wind

through the houses and sprinkling of tents that dot the landscape.  
There is a town store, a restaurant, barber shop, meat market and moving picture theater. The children have a large ball diamond and playground.  
Twice a week the "Hop Scratch" is published to tell the activities of the little town.  
Radio artists and other outside entertainers as well as "home talent" amuse the populace on three nights a week when stage entertainments are given in the ater. The other four nights given over to movies.  
Each week two dances are on Wednesday and Saturday nights.

# A Pledge For Patriotic Texans

A hundred years of freedom and progress is to be celebrated in 1936. Our progress as a State has been phenomenal. It is a source of pride to the Nation. Texans, true and unafraid, pledge themselves to the unparalleled success of their State's hundredth anniversary.

"Men of thought, be up and stirring." Put this purpose before you. Let every Texan burn the Centennial pledge into his heart:

**Pledge**

Activities of the H. Demonstration Clubs of County

Home-Made Cereal—Using Home-Grown Wheat

Miss Willie Word, farm food supply cooperater of the Word home demonstration club recommends the following recipe for canning wheat to be used for cereals.

Clean and wash the wheat thoroughly, soak over night in twice the amount of water as wheat used. Next morning drain and wash what again to remove some of the dark brown color. Cover with hot water and boil for five minutes, stirring constantly.

Fill No. 2 cans with 17 ounces or within one-half inch of the top, add 1 teaspoon of salt, cover with water in which wheat was boiled. Seal and process 50 minutes at 15 pounds pressure. Remove from the cooker and place in cold water. When cool, dry, clean and label.

This can be canned as cracked wheat and is better when there are children in the family. The whole grains can be used in cakes, bread, etc., as substitute for nuts. It can be used in soups as substitute for rice.

It is much easier to work with if it is cleaned at the mill.

Peach Sweet Pickles

Peach sweet pickles served with meats in the winter months adds much to the meal. Mrs. H. A. Bowden of the North Star Home Demonstration club uses the following recipe when putting up her sweet pickles. Two gallons peaches, 1 pint vinegar, 1 ounce stick cinnamon, three cloves for each peach and 4 cups brown sugar. The brown sugar give a darker syrup than that using the granulated sugar, but a better flavor.

Select firm sound fruit, not too ripe. Peel peaches. Make a syrup by boiling vinegar, sugar and seasonings tied in a cheese cloth. Put peaches into boiling syrup and cook until soft (takes very little time and should be watched in order not to overcook the peaches and have a soft product.) Arrange peaches in sterilized jars, adjust sterilized rubbers and covers. and

seal. Peas may be pickled in the same way.

Selection of Corn for Hominy and Canning

Select a sweet white corn with flat grain shell, wash thoroughly and soak in lukewarm water for an hour. Dissolve two tablespoons lye in one gallon of boiling water (use enamel kettle or bucket). Add the soaked corn and boil for 30 minutes, or long enough to loosen the hulls. Remove and rinse thoroughly. Rub to loosen the hulls and kernels near the germ, or use a barrel churn for several minutes for this purpose. Let stand in fresh water for two or three hours changing the water six or seven times to be sure all lye is removed. Cover with water and boil until tender. Pack hot into pint jars or No. 2 plain tin cans. Process for 50 minutes at 15 pounds pressure. Cool in cold water when removed from the cooker. This method of preparing and canning hominy gives a good product states Mrs. J. R. Morrow member of the North Star home demonstration club. Mrs. Morrow makes hominy by this method each year and has no trouble with the husks and the dark parts remaining on the grains of corn.

Pickles

The dry weather ruined the cucumber crop for the year, but the small green tomatoes or gherkins may be substituted for the cucumber pickles. Use the recipes for the other pickles. The gherkins should be used when they are about the size of a small egg, but this year due to the dry weather, the smaller ones are better and are tenderer. Some complaints have come to the club members that the larger ones shivel. This may be due to the following: Shriveling of pickles often occur when they have been placed at once in very strong salt or sugar solutions, or even in very strong vinegar. For this reason avoid such solutions as far as possible. When a strong solution is desirable the pickles should first be given a preliminary treatment in a weaker solution. This difficulty is most often encountered in making sweet pickles. The presence of sugar in high concentrations is certain to cause shriveling unless precautions are taken. Mrs. Gil Walker, Romney Home Demonstration club member gave this information to the women who were at the Romney community fair and such pickles were shown and the reason asked for the shriveling.

Riley. A going-away party was given for them and others who were leaving at the Methodist church Monday night.

Fred Stover, who has an office job at Houston, came in Wednesday to spend his vacation here with his parents, Mr. and Mrs. S. T.

Stover. On Friday Rev. Sherrod Stover came in from Fort Worth and on Saturday Carroll Stover, who works at Holiday, came in so all the brothers except Elmer, who lives in Dallas, were together Sunday.

Scarlet Fever Is Still Prevalent In State of Texas

AUSTIN.—"Scarlet fever still continues to be a menace to children," said Dr. John W. Brown, state health officer, in discussing diseases common to children.

"Many cases are slight, but they may infect others who may become seriously ill. It is treacherous and undesirable, and the only good thing about it is that if one can avoid it until grown, the chances of never getting it are excellent.

"Scarlet fever is spread by the transfer of the infection in the discharges of nose and throat, ears or abscesses of persons ill with the disease and those who are carriers of the infection. The handling of articles soiled by the patient may cause the disease.

"Children under 10 years of age are usually susceptible to scarlet fever. Children becoming suddenly ill with fever, sore throat, vomiting and showing a fine red rash, should have medical attention and be immediately quarantined to prevent the spread of this

disease. The appearance of scarlet fever in the home should be immediately followed by a rigid quarantine for at least three weeks. The public should be warned against exposing young children to those exhibiting acute catarrhal symptoms of any kind. Take no chances—be on the safe side.

"The use of potent scarlet fever antitoxin is of value in shortening the course of the disease. The antitoxin should be administered within three days of the onset. Scarlet fever antitoxin lessens the complications, such as heart and kidney, discharging ears and infected sinuses that often occur after scarlet fever. Scarlet fever can be prevented by first giving the Dick test to all children and the administration of scarlet fever toxin to all children that are susceptible."

Crocket to Have A Free Fall Fair

CHOCKETT—Houston county's free fair which will celebrate an added attraction the discovery of oil in the section, was to be held here Sept. 29.

The county became a producing area Sept. 7, when the Garrett & Jack Boone No. 1 Trinity State Bank test started producing oil 17 miles southwest of here and six miles southwest of Lovelady.

The production was from shallow sand at 2068 feet.

### BLACK-DRAUGHT

"Such a Good Laxative," Says Nurse  
Writing from her home in Festus, Mo., Mrs. Anna LaPlante says: "I am a practical nurse and I recommend to some of my patients that they take Black-Draught, for it is such a good laxative. I took it for constipation, headache and a dull feeling that I had so much. A few doses of Black-Draught—and I felt just fine."  
Because so many people know from having used it that Theodor's Black-Draught is a good, purely vegetable laxative, millions of packages of it are sold every year.

### HORNED TOAD FOUND

WEST HARTFORD, Conn.—Horned toads are common enough in the Southwest, but very rare in Connecticut. A workman on a sewer project discovered one of the amphibians and turned it over to the Children's Museum at Hartford, where it was deemed one of the ugliest specimens of a nature collection.

### AGED ISLANDER DEAD

SANDUSKY, O.—Michael Guerin, 90, Kelleys Island's oldest man, died recently at his Lake Erie island home. He was a quaryman for years until he was retired on pension 15 years ago.

### All of the new deal reports will look good for a while. Elections are here.

## Hidalgo County 'Cabbage War' To Reach the Courts

EDINGURG, Tex.—Echoes of Hidalgo county's famous "cabbage war" of early spring will be heard September 24 in Judge Bryce Ferguson's 92nd District Court when trials of three men indicted in connection with burning of one seeking plant and destruction of considerable cabbage will be called.

### District Attorney Sid Harlin announced the settings has been made by Judge Ferguson Saturday.

### C. T. Brockington of Mercedes faces trial on an arson charge in connection with the burning of Carl Besett's cabbage plant at Alamo in March. The plant was totally destroyed with an uninsured loss of about \$15,000. A night-watchman at the plant was abducted by a group of men and released a short time later several miles from Alamo on a country road. When he made his way back to the town, the plant was in flames, Alamo and McAllen fire departments battling the blaze all night.

### A. C. Barnhart of McAllen, head of the McAllen unit and an official of a Valleywide growers' organization, is also charged with arson in connection with the Brestett fire.

### S. W. Prince of La Feria faces trial on an indictment charging burglary with intent to commit arson. It is alleged that he broke into the Dan Logan packing plant at San Juan the night of the Brestett fire and soaked the interior with kerosene. Cabbage in the plant was ruined and several loaded refrigerator cars on sidings were also ruined when the cargoes were soaked in oil. The night-watchman at the Logan plant was held prisoner in a nearby gin seedhouse by another group while contents of the plant were being soaked in oil, investigators were told.

### All three men were indicted shortly after the Brestett fire, Hidalgo county deputy sheriffs and Texas Rangers participating in the probe. All have been at liberty under bond of \$3,000 each for Prince and Barnhart and \$1,000 for Brockington.

### Congressman Gets 30,000 Applications For Postmasterships

AMARILLO, Tex.—Marvin Jones, congressman of the 18th Texas district, has received a total of 30,000 letters from applicants seeking 240 post office appointments in his district.

### Number of applications for each appointment as postmaster ranged from 6 to 42. Besides correspondence from individual applicants for the offices, friends have written thousands of letters. Jones received more than 600 letters from the friends of one applicant.

### Approximately one-third of the 240 post office appointments have been filled, Jones said.

## National Horse Show Set for November 7 to 13

NEW YORK.—Thrills and spills accompanied by daring horsemanship will be the lot of New Yorkers the week of Nov. 7-13 when the annual National Horse Show is held at Madison Square Garden.

### Arrangements of the program by officials so as to provide an international jumping contest every night has been announced. The show is famous over the world for its jumping competition in which army riders from the United States, South America and Europe take part.

### Six Day Contest

This year a six day contest, open to officers and civilians, has been arranged. All competitors will jump the first night, the winner being withheld from further competition until the championship is held on the last night of the show, with all winners competing.

### The championship contestants will race over a course of eight barriers, two of them new to the show. They are a road barrier four feet high with two flares set beneath and also a railway gate. These innovations, while not exceedingly high, will require good horsemanship from the rider and exceeding ability from the horse to negotiate.

### Unlike famous shows in Europe, the national provides numerous saddle and harness classes, besides jumping, although there are 13 events in the latter category.

### Military Jumping

Most dazzling of all will be the military jumping. Presence of officers from various countries in vari-colored uniforms lends an air of pageantry to a scene otherwise colored with the pink coats of hunt teams massed against a background of society in full dress surrounding the ring at the Garden.

### There will be several contests for women riders and some of the country's leading horsewomen are due to take part, notably Mrs. John Hay Whitney, Mrs. Cornelius Vanderbilt Whitney, Misses Helen Bedford, Charlotte Ives Montgomery, Deborah Road, Wilhelmina Kirby, Carol and Hope Kimbel, Mrs. Benard F. Gimbel, Mrs. J. V. Bouvier, III.

### Looks like Franklin Roudybush's Washington school for would-be public servants will have to add a course in mattress making.

### Negro Approves of "Love, Honor, Obey"

SILVERTON, Tex.—As County Judge W. Coffee, Jr., read the words, "love, honor and obey" in the ceremony which united a Quitaque colored couple, a husky voice interrupted the reading of the marriage rites.

"Read that again, suh," said the colored groom. "Read it once mo' so's de lady kin ketch de full solemnity of de meanin'. I'se been married befor'."

## Work Will Start In El Paso On a Federal Building

EL PASO.—November will probably see the start of work on El Paso's new \$690,000 federal building, according to estimates made by U. S. Rep. R. E. Thomsen.

The building will be a five story structure, made of reinforced concrete, and rising 76 feet and 9 inches above the sidewalk. It will be 226 feet and six inches long, 114 feet, six inches wide.

The structure will be of modern classic design. Steps, base and entrance ways are to be pink granite.

The more than 300 offices will be arranged with the lower floors devoted largely to offices for the departments; the third and fourth floors containing offices of the department of justice; and the fifth floor holding an up-to-date cotton classing room and other bureau.

In addition to the office building will include two court rooms, two court rooms, a prisoners' hearing room, and jury and petit jury rooms, occupy a \$230,000 site of the courthouse.

## FARMERS TO GET BENEFIT PAYMENT SOON

WASHINGTON, Sept. 15.—Cottagers will receive about \$10,000 in benefit payments this month, the Agricultural Adjustment Administration announced.

The administration decided to make the third payment in the cotton adjustment program parity payments due in December, with the second installment of the rental payment.

Parity payment to cotton producers totals \$28,000 and the second installment of the rental payment is \$41,500,000.

Cobb, chief of the cotton section, said that tenant share croppers had an interest in the parity payments and to delay the payments until after the usual season for tenant and renters to move their farms, would cause unnecessary complications.

## As to Welcome 1000 Farmers at Cooperative Meet

By United Press

PLAS, Tex.—Dallas will have approximately 2,000 farmers, representing 225 agricultural organizations in 200 counties, at the annual meeting of the Texas Agricultural Association and Texas Co-operatives Inc. Dec. 3 to 6, inclusive.

Secretary of Agriculture Henry Wallace and Dr. I. Meyers of the U. S. Department of Agriculture will be invited speakers will in State Commissioner of Agriculture J. E. McDonald, Mrs. W. Barry, extension specialist in rural women's organization of the Texas A&M extension division; R. H. Bush, organization specialist of the A&M extension division; Sterling Evans, president of the Houston banks cooperative at Houston, and Williams of the agricultural of Houston.

Relation of the railroads to agriculture will be discussed by Carter, executive secretary president of the Southern Lines.

Exhibitions will be held in connection with the meeting. One is a showing of products produced by factories hand-picked by the co-operatives. The other will be an exposition of home industries and commodities produced in the state of the members. Miss Zeth and Miss Maurine Hearne, extension agents in the home industry of the A&M extension division, will be in charge of this program.

The program being arranged in an evening set aside for rural farmers' supper, another public speaking contests in men and women will discuss farm organization and education. The outstanding woman, the outstanding boy, the outstanding girl in farm work will be presented in a special session.

The evening will be set aside for entertainment to be furnished by members of the association.

## ON TEXAS FARMS

KAUFMAN—Nortex Oats secured from the Denton Experiment Station last fall by E. V. Kiser of the Lone Oak community in Kaufman county yielded an average of 54 bushels to the acre while oats planted by his neighbors averaged not more than 25 bushels per acre, according to C. A. Munch, farm demonstration agent. Mr. Kiser had 11 acres in Nortex Oats and he states that good seed pays even in time of drought.

HASKELL—One-third of a bale of cotton to the acre is being harvested on the farm of Jewel Day of Haskell county despite the drought, while his neighbors are harvesting only one-fourth of a bale per acre or even less, according to R. H. Maxwell, farm demonstration agent. Mr. Day attributes this large yield to the fact that moisture in the ground was conserved by terracing done last spring.

HEMPSTEAD—"I am way ahead for having cooperated with the government in the cotton control program," Roy Loggins of Waller county told J. V. Bush, farm demonstration agent. Under the new ruling permitting him to sell foreign from his rented acres, Mr. Loggins will make enough to buy the necessary grain for his livestock and poultry and still have enough roughage for his livestock through the winter. He also received a fair price for his cotton and his rental check which he says was "like a gift."

MENARD—Thirty-three 4-H calves being fed this year in Menard county have out-gained all calves previously fed by Menard club members, according to Frank N. Newson, farm demonstration agent. The calves weighed only an average of 218 pounds at the start but at the end of the first 60-day period weighed an average of 285 pounds. This shows a gain of 166 pounds per calf during the 60-day period which beats the past gain over the same period by 20 pounds to the calf.

GATESVILLE—Provision for adequate storage space for the 836 containers she has canned this year is being made by Mrs. L. G. Perryman, pantry demonstrator of the Liberty Home Demonstration Club in Coryell county, according to Miss Gladys Martin, home demonstration agent. A concrete room 8 feet by 8 feet by 7 feet has been built and shelves 10 inches in the clear will be made for canned products. Wider shelves will be made to accommodate cans of lard and dried vegetables.

WHEELER—"I have been in open rebellion against the drought this year," Lorraine Brown, 16, food preservation demonstrator of the Dixon 4-H club, told Miss Viola Jones, home demonstration agent. Miss Brown has already canned 818 quarts of jam and jelly, vegetables, pickles and meat this year.

Miss Brown has charge of the family garden and in it she planted 3,836 feet of starchy vegetables; 9,425 feet of leafy vegetables; 763 feet of other vegetables and 240 feet of tomatoes. She has

## Dairy Cows Bought By Government to Go to Relief Clients

AUSTIN.—Dairy cows in Texas by the Federal Surplus Relief corporation under the Agricultural Adjustment Administration cattle buying program, will in many cases, be turned over to the Texas Relief commission for distribution to rural rehabilitation clients, it was announced today by J. E. Standford, head of the department.

Rural supervisors, Standford said, will, wherever possible, select within the county such cattle as they require to meet the needs of clients. This will permit hand-picking the livestock and insure the receipt of desirable cattle by the client.

Standford instructed rural supervisors to be careful in their selection of cattle. When it becomes necessary to buy in carload lots, the office here will locate cattle through the Federal Surplus Relief corporation and advise the nearest rural supervisor to go to that point and select the carload of cows.

The cows will be sold to the clients in the usual manner at a price in keeping with the average price of dairy cows in the county in which they are bought. The sale will be effected through use of a relief commission disbursing order together with a regular note and chattel mortgage. Supervisors were urged to determine immediately the number of dairy cattle they will be able to use in their program.

not gathered as much produce as she expected, but she says that if it rains in the near future there will be plenty of food to supply her family this year.

CORPUS CHRISTI—Although the home demonstration club market was not open during July and August, Mrs. R. A. Woodward of Nueces county has made \$55.40 since the first of June by selling to regular customers obtained through the market, according to Miss Dosca Hale, home demonstration agent. Mrs. Woodward sold 23 cakes, 64 dozen eggs, and 45 fryers. She adds that she and her husband are making more through the market this year than they are through their cotton crop.

## Buying of Sheep Is Begun Over Texas

AUSTIN.—Buying of sheep in Texas under orders from the Agricultural Adjustment Administration at the rate of 12,000 head per day in 44 counties has been started, it was announced by C. Z. Crain, head of the commodity distribution department of the Texas Relief commission, which will act as agent in the shipping of the animals from pens to processing plants.

Crain said a quota arrangement similar to the one used in the cattle buying program will be worked out for the sheep program, probably by the end of this week.

All sheep bought will be processed by commercial canneries under contracts with the Federal Surplus Relief corporation. None will go to the government canneries in Texas, as has been the case in the cattle program.

Crain said applications for the sale of two and a half million head of sheep to the government had been made at the last count and he said he expected that many or more to be taken in the program.

Bureau of animal industry inspectors will not be used in the sheep program, as a flat rate of \$2 per head will be paid. Only eyes, one year old or older, will be bought.

Crain said he had not yet received definite word concerning the government's project goat buying program.

Counties in which sheep will be bought are Bandera, Bell, Brewster, Brown, Bosque, Burnet, Coke, Coleman, Comanche, Crane, Crockett, Concho, Edwards, Glasscock, Irion, Kerr, Kendall, Kinney, Lampasas, Llano, McCulloch, Mason, Maverick, Menard, Mills, Nolan, Pecos, Presidio, Reagan, Real, Runnels, Reeves, San Saba, Schleicher, Sterling, Sutton, Taylor, Terrell, Tom Green, Upton, Uvalde, Val Verde, and Williamson.

## Cattle Presenting A Traffic Hazard

AUSTIN.—Texas' big cattle drive, federal herds enroute to slaughter or greener pastures, has created a new traffic problem. Motorists have been warned to watch carefully when driving along unfamiliar highways or roads where visibility is limited. One is apt to encounter a herd of cattle on the way to receiving pens.

Government purchases to September 1 totalled about \$50,000 head, of which two thirds were accepted for shipment out of state. Condemned cattle are killed by the appraiser or veterinarian, and the hide given to the former owner to repay him for disposing of the carcass.

Cows accepted for shipment are delivered to the nearest railroad stock yards to be transferred to packing houses or pastures. With approximately 100,000 cattle per week being accepted for shipment, Texas' latest "big drive" has put many cows on the highways.

Even before government purchasing began, motorists learned to beware of stray herds. Many drought-harassed farmers turned their herds upon the highway to forage.

Celery seems to have come to Maverick county as a permanent crop. F. O. Weyrich has five acres of it already transplanted which is in fine condition and compares favorably with that grown as a demonstration last year by Theodor Katakalis.

## Corn-Hog Payment In County \$7,635

Producers in Eastland county co-operating in the corn-hog program have been paid \$7,635 up to last week on their adjustment contracts, an agricultural adjustment administration announcement says.

In the adjoining county of Stephens, figures show that producers have been paid \$3,665, and in Calahan county \$5,690.30.

## Strike Now To Control Boll Weevil Next Year

By F. L. Thomas, Chief, Division of Entomology Texas Agricultural Experiment Station

COLLEGE STATION.—The weakest point in the life history of the boll weevil is its dependence upon green cotton for food. If we can control this food supply we can thereby control the boll weevil. The only time in the active life of the weevil when it is possible to control or eliminate the green cotton without decreasing the crop, is during the few weeks in the early fall. It is practical then, only when the cotton has been gathered and before the weather has become cold enough for the weevils to live long without food.

The destruction of green cotton several weeks before killing frost occurs is what is meant by "early fall destruction of stalks."

This practice is not applicable everywhere and in all seasons. It is most frequently possible in the southern half of the cotton belt where the season is the longest, cotton matures earliest and weevil damage is usually heaviest.

There are several methods that may be used in destroying green cotton stalks. They may be grazed; they may be cut for use as hay followed by plowing to prevent growth; or the entire stalks may be plowed under.

From a weevil control standpoint, the efficiency of grazing for destroying green cotton and in keeping fresh growth down depends on the number of livestock that are pastured in the cotton fields. In practice this method has proved only partially effective because of the time that is necessary for the stock to consume the growing cotton and because of the tendency for fresh growth to appear as long as the stalks stand or until killed by frost.

Where the cotton is cut for hay and the stalks then plowed under to kill them, excellent results may be obtained in cutting off the food supply of the weevils. At the same time a good supply of forage may be obtained.

The value of cotton stalks with new leaf growth as a source of forage was brought to the attention of radio listeners by Mr. A. D. Jackson last week.

Of course either the grazing of cotton or cutting the plant for its forage would be inadvisable where poison has been applied for leaf worm control, and such cotton should by all means be plowed under. Destruction by plowing may be impossible or inadvisable on

some farms due to the character of the soil, the moisture conditions therein, or the slope of the land; but when the soil conditions permit, and equipment or mules are available to turn a furrow deep enough to properly cover the stalks, there is little question that the burial of the cotton stalks is the cheapest and most effective method of weevil control possible for the next season's crop. This method also saves completely the vegetable matter which ultimately will improve practically all our soils and which is so important in increasing the yield of cotton per acre.

The earlier in the fall the stalks can be buried the more effective will be the weevil control. If buried four or more inches deep very few weevils will survive of escape as many will do if not buried more than two or three inches deep. Do not allow any green cotton to remain on the ground.

Better work in covering stalks can usually be done without using a stalk or chopper first, but by attaching to the beam of the plow some form of "stalk bender," to lay the plants flat on the furrow. Disc plows, with tractors, can bury even the rankest of cotton stalks, and a good two or three-mule plow will do a good job with stalks up to five feet high. Better distribution of organic matter will be obtained by plowing across the rows.

The man who does this work will get practically all the benefit from it because his neighbor who does not bury stalks will have all of his own weevils and part of those from the field where the cotton has been buried. Proof of the effectiveness of this method of weevil control may be found both in the experience of very many practical farmers and in the records of the most careful experiments. Observations made in Texas and Louisiana extending over a number of years and including over 175,000 weevils in the field in the fall, only 2 weevils survived the winter when the stalks were removed by Sept. 30, while 121 weevils survived when the stalks were destroyed by the middle of November.

More recent work at College Station, Texas extending over a 10-year period has shown the average survival to be 26 weevils out of 1,000 when the stalks were

destroyed from Oct. 1-15, and 97 weevils when the stalks were destroyed Dec. 1-10.

Large scale field tests of this method of weevil control have proven its value and its practicability as the cheapest and most effective method yet found for so reducing the number of weevils that may survive, that a full crop of cotton may be obtained next year without the need for poisoning.

Early fall destruction of stalks should be practiced wherever conditions may possibly permit as the last step in making the cotton crop of one season and the first step in making the next crop more economically and more profitably.

## Relief Canners Show Efficiency

AUSTIN.—Texas Relief commission canneries, working continuously during the past several weeks in an effort to keep up with the government cattle buying program, have a record of efficiency equal to that of the best commercial plants, it was announced today by Adam R. Johnson, state relief director.

"Our records show that spoilage has amounted to considerably less than 1 per cent at the 19 beef canning plants and in many cases it has been less than one-half of 1 per cent," the director declared.

At the same time, he ordered minute inspection of all canned goods before issuance to relief clients as a high protection measure.

County administrators were instructed to take an inventory of their stocks of canned goods and to set aside all cans that show swelling. These, Johnson said, will be reported to C. Z. Crain, director of commodities distribution, who will give orders for their disposition.

## Rains Will Make Good Feed Crops

LITTLEFIELD, Tex.—A much better feed and grain crop than was in prospect a few weeks ago, is assured for Lamb county, partially as a result of the recent rains, according to J. C. Hilburn, president of the Forst National Bank.

Hilburn said that contrary to expectations there will be plenty of grain made, and a good crop of feed in general.

He also said that the feed situation will be much improved by reason of the fact that virtually all the farmers are planting wheat, oats, and other grains.

## Economy Sought In Correspondence Of Relief Officers

AUSTIN.—State Relief Director Adam R. Johnson today sought to effect economy in the correspondence between county relief officers and the state office here by instructing administrators to assemble letters from the various departments at regular intervals for mailing to Austin under one cover.

Johnson said quite often from five to 25 pieces of mail are received daily from each of the various counties and that it had been the practice to enclose these letters in separate envelopes.

"This system will in no way affect the promptness of receipt of mail at Austin headquarters, but will bring about a most material reduction in postage and in amount of stationery used and will also save a great deal of time in addressing so many different pieces of mail through the day."

The director also instructed county officers in ways to save money in transmitting telegrams and urged them to eliminate telephone and telegraph communications except in emergency cases.

## Grazing Land Leased By Relief Commission

AUSTIN.—Nearly 100,000 acres of grazing land for drought stricken cattle being leased by R. L. Montgomery, Texas Relief commission representative of the Federal Surplus Relief corporation, he announced today.

The land will graze 16,600 head of cattle and was leased at the rate of 50 cents per head, Montgomery said. Government leases are now in effect in Brazoria, Matagorda, Bexar, Jackson, Calhoun and Hidalgo counties and cattle from nearby counties will be moved to these ranges to remain there for approximately eight months.

A federal grant of \$50,000 for land leasing was made to Texas

# REGAINED APPETITE AND WEIGHT WITH KELLOGG'S ALL-BRAN

### Cereal Relieved His Constipation

If you are a sufferer from headaches, loss of appetite and energy, sleeplessness, or any other of the frequent effects of constipation, read this enthusiastic letter from Mr. McIntyre:

"For a long time my system was not in very good working order. But since eating Kellogg's ALL-BRAN, I have regained my appetite and my lost weight. And my system is in good working order. Kellogg's ALL-BRAN sure does the trick."—Mr. J. A. McIntyre, 160 Ruscomb St., Philadelphia, Pa.

Tests show Kellogg's ALL-BRAN provides the "bulk" needed to relieve ordinary constipation. It also contains vitamin B and iron for the blood.

You'll enjoy this delicious and healthful ready-to-eat cereal. Serve it with milk or cream—or use often in cooking.

Just eat two tablespoonfuls daily. Chronic cases, with each meal. If not relieved this way, see your doctor.

Kellogg's ALL-BRAN is all bran with only necessary flavoring added. It contains much more needed "bulk" than part-bran products. Made by Kellogg in Battle Creek.

## SUNDAY SCHOOL LESSON

By BEULAH K. HICKS

#### ISAIAH COUNSEL RULERS

Isaiah 31:1-9; 37:36,37  
Isaiah, of royal blood, brilliant mind, poetic temperament, high statesmanship and a true prophet of God, stood before the wicked King Ahaz and advised him.

The idols which Ahaz had set up were falling him in the face of hostile armies.

Ahaz would not yield to divine leadership and refused Isaiah's advise with a hypocritical remark. Then Isaiah was inspired to one of the greatest prophecies in the Bible—the birth of Christ by a virgin.

Ahaz called on the King of Assyria, and used the temple treasures to buy his help against Israel and Syria. The consequences of this wicked act make an interesting study, and Ahaz became a vassal of Assyria.

We see Isaiah in the opening of this lesson as a statesman as well as a preacher. He is pleading for national safety by putting God, "The Holy One of Israel," first in the life of the nation.

He warns them not to put their trust in anything, Egypt, many horses and chariots or "in many horsemen because they are strong."

He gave the thought of all holiness, purity and cleanness to God of character and righteousness. He places God in a living relation with people in personal and national life.

He is sarcastic to them when he speaks of God, "yet he also is wise and will bring evil, and will not

call back His words, but will rise against the house of evil doers, and against the help of them that work iniquity."

He further explains how men and horses, not being God and spirit shall fail them when Jehovah stretches out his hand. Both the helper and the helped shall fall.

His language grows more beautiful as he quotes, "For thus saith Jehovah unto me, how the Lord as a lion will fight for Jerusalem. Then in a more tender vein:

"As birds hovering, so will Jehovah protect Jerusalem."

When the shadow of a hawk passes over a brood of birds they run quickly to hover under the mother's wings for protection.

This note is echoed down through the years to sound anew in the new testament when Christ is grieved at their rebellion. "How often would I have gathered thy children together, even as a hen gathereth her chickens under her wings and ye would not." Math. 23:37.

Isaiah tells them of the worthless idols in the times to come and warns them that the Assyrians shall fall by the sword and not the sword of man, but of God's judgment.

Isaiah counsels the good King Hezekiah also not to be afraid but to trust in God. Hezekiah's prayer in chapter 37: 16-20 is a beautiful prayer of faith, one from which God did not hide His face.

When the enemy camped about them, "Then the angel of the Lord

went forth, and smote in the camp of the Assyrians a hundred and four score and five thousand: and when they arose early in the morning, behold, they were all dead corpses."

The terrified King, Sennacherib left and never returned to molest the people. He was killed by his own sons as he was worshipping "in the house of Nisroch, his God."

As this study of divine guidance in ancient leaders draws to a close we close the book softly reviewing all the beauties of God's grace in those who would listen and follow in His paths.

We would study again Hezekiah's prayer as he gave all the glory and honor to God and in simple faith made his requests known. We would strive to rid our hearts of idols that fail us and look unto "The Lord of Hosts, the Holy One of Israel" for guidance and meekly follow in the footsteps of Him of whom Isaiah prophesied.

Thou wilt keep Him in perfect peace, whose mind is stayed on thee: because he trusteth in thee. Isa. 26:3. Golden Text.

## SCHOOL HILL

We had a light shower in this community Friday.

There will be a singing at this place Saturday night. Everyone is invited to come.

Willie Brock and two daughters, Marie and Pauline Wells, Hilma and Delilah Chissum went shopping in Stephenville and Dublin Saturday.

Mr. and Mrs. Walter Crawford of DeLeon spent Sunday evening with Mr. and Mrs. T. J. Wells.

We are glad to hear that Jack Hare is married to Miss Madeline Woods of Lingleville.

Miss Marie and Pauline Wells, Ila Mae Hare and Lois Anderson went to the singing at Boys Sunday evening.

Mrs. Etter O'Rear of Lorenzo have been visiting here. They spent a short while with Mr. and Mrs. T. J. Wells Wednesday evening.

Miss Hilma and Delilah Chissum spent Saturday night with Mrs. Ola Mae Christian.

Grandpa Brock has not yet recovered from a long illness.

School Hill school starts Monday, Sept. 17, with about 17 pupils enrolled.

Miss Annie Laura Christian had her tonsils removed Monday and isn't improving very fast.

Porter Hallmark is in bed with the flu.

Miss Hilma Chissum went to work at Dublin Monday.

## January Session of Legislature To Be a Busy One With Many of The New Measures Being Presented

AUSTIN, Tex.—Peering ahead the January session of the Texas Legislature seems destined to be a particularly busy one.

Eight amendments to the state constitution will be voted upon Nov. 6. If they are adopted the next legislature will be called upon for wholesale revision of the existing tax laws. County consolidations will be in order and lengthened terms for municipal officers will be possible.

Additional amendments to the constitution will be pressed upon the legislators to pass on to the people. Among them will be more relief bonds, repeal of state prohibition and pruning of the pardon power.

The next legislature also will be asked to make adequate provision for the Texas centennial and, likely, for amendment or re-enactment of the cigar tax law.

Just why validity of the cigar stamp act is in doubt is somewhat hazy for non-lawyers. A section of the state constitution says that an act shall not be amended by reference to its title but that the whole statute as amended shall be set out at length. The cigar tax act was amended by adding a section designed to punish counterfeiting of the tax stamps. In doing so the whole act was not again set out. Apparently that is simple enough to the layman. But the courts, through the years, have felt called upon to make some fine distinctions. The constitution does not always mean what it seems to say, according to the courts. They have left it so unclear that some of Texas' ablest lawyers argued for two days about it in District court here. The nubbin of it seems to be that if the new part is entirely independent it can stand alone. If you must refer to the preceding statute to understand the new one, both must be re-enacted.

A surprising thing about the cigar tax act is that it in no place mentions a three cents package tax. It is generally called a three cents tax and three cents appears on the stamp affixed to cigar packages. In fact the tax is levied by the thousand pounds. A section authorized the state treasurer to design and issue stamps of convenient denomina-

tion to indicate payment of the tax. State Treasurer Charley Lockhart issued the three cent stamps as that amount represents the portion of 1000 pounds tax due on the ordinary packet of 20.

Laymen learned, too, in the recent discussions of the cigar tax act, that all rulings of the final criminal court in Texas are not accorded the same veneration. Particularly, the opinions of the Court of Criminal Appeals, during a former period carry little weight. At that time the court membership was so divided in its views that in one case arguments before the court were postponed because of feeling on the bench.

## LEGAL RECORDS

### Suits Filed in District Court

Myrtle Irons vs. State Bank, Eastland, et al., suit for deposit.

J. M. Fulcher vs. Illinois Pipe Line Co., damages and personal injuries.

T. P. Coal & Oil Co. vs. Mrs. W. B. Ferrell et al., collect paving lien.

Empire Gas & Fuel Co. vs. W. W. Speer, to collect bonus and rentals.

### Marriage Licenses Issued

Marvin E. Witt and Gertrude Cook, Ranger.

Charles Othor Redwine and Virgie Hastings, Olden and Carbon, respectively.

### PICTURE, WRITING IN EGG

LIPAN, Texas.—Maybe some hen had eaten Easter egg prints. Anyway Edgar Jones, while candling eggs for shipment, discovered one with pictures and writing inside it. The pictures are almost perfect outlines of a woman's head and of a cow's head. The writing, somewhat scrawly, spell out "TICE."

### BOONVILLE, Mo.—A giant

sassafras tree, the oldest in Missouri and believed to be the largest of its kind west of the Mississippi River, was blown down during a wind storm. It had a girth of 13 1-2 feet, with an estimated height of about 50 feet.

### Monday Church Society Day

The Women's Missionary Society of the Methodist church registered a fine attendance at their meeting Monday afternoon, the balmy fall day bringing many out to the church society meetings of the day.

The session was opened by their president, Mrs. Wayne Jones, in the ensemble hymn, "I'm Thine O Lord," led by Mrs. J. E. Hick-

man. Mrs. T. J. Haley was pianist for the program.

Prayer by Mrs. E. R. Stanford, prefaced the minutes presented by their secretary, Mrs. C. W. Price.

The program was led by Mrs. W. P. Leslie who analyzed the subject, "Christian Quest Through the Holy Scripture," in a splendid talk, concluded with the reading of the Nineteenth Psalm.

The program was closed with

### Bethany Class

The Bethany Bible class of the Presbyterian Sunday school had an interesting lesson at their recent session, brought by their class teacher, Mrs. Harry B. Sone, in the discussion of the 18th to 25th chapters of Second Chronicles.

The class is pursuing a Bible study straight through from Genesis to Revelations.

The session was conducted by Mrs. J. C. Whatley, acting president. Ten members were in attendance.

### Miss Oneita Russell

Friends have expressed regret that Miss Oneita Russell has decided not to return to Eastland and is located with her mother at their family home in Sweetwater.

Miss Russell conducted private classes after close of school, until August 1st, when she left for her summer rest.

### Martha Dorcas Party Tomorrow

The Martha Dorcas class party will be held tomorrow, Thursday afternoon, in assembly room of Methodist church, hostessed by a group of women.

A delightful afternoon has been planned and during the business period the election of officers will be held, it has been announced.

### Church of Christ Bible Class

The Ladies Bible class of the Church of Christ opened their session Monday afternoon, with a song service, followed by prayer brought by Mrs. E. D. Hurley.

The lesson was a round table discussion and a continuation of the Ten Commandments, with explanatory statements by class teacher, Mrs. Loterra Herring.

Mrs. Otho Barton gave the dismissal prayer. Those present: Mmes. Percy Harris, H. E. Lawrence, John Young, E. D. Hurley, J. R. Boggus, R. B. Reagan, W. E. Kellett, Otho Barton, Miller, H. B. Everett, N. K. Pratley, and Loreta Herring.

### Constitution Day Observed at Assembly

Constitution Day was observed at the high school assembly period Monday morning, in a wonderful talk, "The Marks of a Good Citizen, and the Constitution," given by Rev. E. R. Stanford, of Eastland Methodist church, to an auditorium filled with young people and several visitors.

Principal Palm presented Miss Reik, the new teacher of the commercial department, at Eastland Hi.

Mrs. Ammerman announced that the dramatic club of the junior and senior classes would be organized today and the club for freshman and sophomore classes on Friday afternoon, officers for the clubs to be elected at respective meetings.

### Aid Society Resumes Sessions

The Ladies Aid Society of the Christian church, opened their 1934-35 season with that of Monday afternoon, held in the church auditorium, where the society will meet each Monday with the exception of the Women's Missionary Society day, the first Monday of the month.

Mrs. J. R. Gilbreath, the retir-

ing president, presided at the election of officers.

Mrs. J. H. Pangburn was elected president; Mrs. James A. Beard, vice president, and Mrs. Harry King, secretary-treasurer.

Mrs. Arthur Vaughn, retiring secretary, presented the minutes.

Pastor C. W. Lipsey met with the group, and with them, considered several plans for their year's work.

## Greatest Crop of Rice Freshmen Out For Practice

HOUSTON, Tex.—The greatest crop of freshmen believed ever to report for instruction at Rice Institute answered the practice call this week of Freshman Coach Eddie Dyer.

"It's the finest squad of freshmen ever seen on the Owl gridiron," veteran spectators told Dyer.

The squad consisted of 35 men. At least 20 of them, according to records, were outstanding high school stars.

Hefty and strong tackles predominated. There was not a "minnow" in size among them.

In the group that reported Dyer found a great array of linemen, especially the kind that appear to be the big stones in a mighty wall.

At least six freshmen tackles weighed more than 190 pounds. Heaviest freshman to report was J. F. Crawford, Fort Worth, a 220 pound tackle. Art Hughes of San Antonio, weighed 215 pounds.

Marion Asbell, former Reagan star, all city and all state back two years ago, answered the call. He weighed 210 pounds.

Among other hefties that reported were Bill Brandon, Fort Worth, 190; Chick Caldwell, Amarillo, 179; Frank Tegdel, Fort Worth, 170; B. W. Klindworth, Dallas, 190; J. Nance, Mexia, 180; Mike Seale, San Antonio, 205; and B. Vickers, Fort Worth, 185, all backs.

Tom Anderson, Bay City, 190; Abe Elliott, Houston, 190, centers.

J. F. Crawford, Fort Worth, 220; J. Daugherty, San Antonio, 200; Bill Fitz, Jewitt, 190; Herbert May, Houston, 190; and Henry Stern, Houston, 200, all tackles.

Hal Massey, Fort Worth, 190, and J. Moore, also of Fort Worth, 190, as guards.

## School Will Try A New "R" Plan

SPRINGFIELD, Mo.—The first of the three "R's" will be eliminated in the city schools here for beginning pupils who show less than usual aptitude for reading, according to Miss Alice Pittman, elementary school supervisor.

The elimination will not be permanent, however. Children will be given a variety of other work during the first semester in order to build up confidence in their own abilities, Miss Pittman explains, and their introduction to reading will follow in the second half of the first term.

## Tom Mix and Sam B. Dill's Three Ring Circus Coming To Eastland

The circus is coming to town—and in all its regal splendor, headed by the most thrilling of western screen stars, Tom Mix, and his celebrated horse-partner, Tony.

It's the Tom Mix Roundup out of the Wild West and Sam B. Dill's three-ring circus, combined, and it thunders into Eastland Saturday, Sept. 29, for matinee and evening performances at the Connellee race track.

Besides the famous film star, there is a goliath of an elephant, said to be the very largest of his species in captivity. There is the engaging Buddy the Seal, who can do virtually anything but sing the "Star-Spangler Banner," according to reports, and there is Texas Irma Ward, the beautiful world's champion title holder for performance on the high rings.

The Aerial Arbours of trapeze

fame; Jack Knapp, the well known motion picture cowboy-comedian; Herberta Beeson, the portrayer of perfection on the high wire; the Hobson Riding Family, innumerable cowboys and cowgirls; all the wild jungle beasts that go with circus day and countless other features will fill the three huge pre-Sept. 29, for matinee and evening performances at the Connellee race track.

Mix brings the noble Tony's celebrated progeny, Tony Jr., whom he rode in several of his more recent talking pictures, also, and will appear on both during the course of the show. He also brings a thundering herd of his hard riding, shooting, roping cowpunchers from Bar-TM ranch and \$100,000 worth of his thoroughbred horses to make the Wild West show even more thrilling.

visior believes too many children are given their initial work in letters before they are able to comprehend the work, and as a result suffer from an inferiority complex which hampers them throughout their school life. She says children take readily to their books after they have become more accustomed to school life.

Parents should not be concerned if a child does not learn to read as rapidly as some of the others, Miss Pittman says. Some children cut their teeth earlier than others, and some are able to walk or talk months before another child of the same age, but they all learn in due time, and the same applies to reading, she says.

## 9:49 Bible Class Elects Officers

Judge J. E. Hickman, 9:49 Bible class teacher, and A. L. Agate, secretary-treasurer, were re-elected at the organization's meeting Sunday in the Methodist church when officers were elected.

Turner M. Collie, chairman of the nominating committee, presented the following slate which was unanimously elected: Earl Bender to succeed D. J. Jobe as president; P. L. Crossley, vice president; Virgil T. Seaberry, assistant class teacher; Turner M. Collie, assistant secretary-treasurer; B. M. Collie and A. E. Herring, song leaders, and Mrs. T. J. Haley, musical director and pianist.

The following guests were in attendance in addition to the fifty-nine members: Mr. and Mrs. W. B. Ammerman, Mr. and Mrs. A. H. Johnson, B. M. Collie, J. C. Patterson and Winfred Thompson.

## Mavs Meet Angelo Friday Evening

Change of the Eastland Maverick's season opener with San Angelo has been made from Saturday afternoon to next Friday night, superintendent of Eastland

schools P. B. Bittle announced Monday.

Completion of the San Angelo Bobcats' field light installation has brought about the change in date, Bittle said.

The Maverick squad will be transported to San Angelo by citizens of Eastland who will leave at 9 o'clock Friday morning.

## Passengers Are Unhurt In Collision

Bruises and slight scratches were experienced by Mrs. C. T. Lucas and children who Wednesday morning were hit by a car at the South Seaman-West Valley intersection driven by a colored employee of an Eastland service station.

Reports are to effect that the car driven by Mrs. Lucas when going down Seaman towards town was struck by the other which was coming off West Valley onto Seaman, the impact of the crash causing a complete turn-around and half turn-over of the Lucas car.

Miss Ila Mae Coleman, who was with Mrs. Lucas and children at the time of the accident, was unaffected. Though the Lucas car was considerably damaged the other car had only bent front fenders, according to reports.

## Expense Statement Pleases Stewards

The financial statement of the Methodist church presented to the board of stewards at their meeting Tuesday night by N. A. Moore, secretary-treasurer, was encouraging and pleasing to the group. Rev. E. R. Stanford, pastor of the Eastland church, stated Wednesday.

Two months period until the annual conference remain for the officials of the church to balance the budget out in full, the pastor stated, and success is expected to be reached.
