## Farm Bureau Annual Meeting Saturday, Oct. 30

### Ochiltree County War Fund is \$1,336 Short of Goal

#### Subscriptions To Tuesday Total \$5,716

Only 229 Have Given; Everyone in County Should Participate

The collections for the Ochiltree County War Fund totaled \$5,716 at the close of business Tuesday night. This was the report of C. B. Rogers, treasurer of the Ochiltree County War Fund Committee. "This is \$1,336 short of the county's goal of \$7,052," added Mr. Rogers.

F. B. Sumpter, chairman of the Special Gifts Committee, and the members of his committee, are doing a mighty fine job and a greater part of the above \$5,716 is directly due to the efforts of the Special Gifts Committee.

Van W. Stewart, county chairman, urges a greater participation by every family in the county in the War Fund campaign. A check of the amount already collected shows that only 229 persons and business firms have given the \$5,716 collected to Tuesday night. The gifts have been in amounts ranging from one dollar to one hundred dollars for an average of \$24.96.

Mr. Stewart says: "We feel that every person in Ochiltree county will want a part in the raising of this War Fund. We on the home front have been asked to give so little in this war. Just think of what our fighting men and women are giving! We are asking you to give voluntarily. We are not telling you how much to give. Let your heart decide how much you want to give. Remember, that the dollars that we give here in Ochiltree county, even though we exceed our quota, go to help some war victim or make it easier for some boy or girl in the armed forces."

Bring or mail your donation to Mr. Rogers at the First National Bank. Subscriptions are also being received at the W. B. LaMaster Realty Co., P. B. Sumpter Insurance Agency and the Stewart Printing Co. The national drive opened October 25 and will close November 5. Donations will be accepted by the local War Fund and USO committee at any time.

Following is a complete list of all donations received by Treasurer Rogers up to Tuesday night. Additional donors will be published next week and as long as they are received.

#### A GAME OF TAG—WITH DEATH

Through the long night the helmsmen of the merchant marine guide their ships through infested seas, facing sudden death or days adrift. In the ports of two hemispheres, United Statesmen's Service, a member agency of the National War Fund, operates rest centers, hotels and clubs for merchant seamen.

#### Perryton School District to Sell New Hope Building

The Board of Education of the Perryton Independent School District has advertised the New Hope building, located in the northwest part of the county for sale. Sealed bids for the purchase of the building will be accepted by the board and opened at their November 15 meeting. A certified check for one-half of the bid must accompany each bid.

The bids will be accepted by C. Wedgworth, superintendent of the Perryton Public Schools, or H. I. Hudson, president of the board. The request for bids is for the building only. The land on which the New Hope School is located was donated to the district by the late Tom Hogland with the provision that when the land ceased to be used for a school building site, the title would revert to him.

#### McClung Takes Pastorate at Grand Prairie

Rev. S. R. McClung, who resigned as pastor of the Perryton Baptist Church, September 1, has accepted the charge of the First Baptist Church at Grand Prairie, Texas. This comes as a deserving promotion and recognition of his leadership, as the Grand Prairie Church has a larger membership.

During his seven years as pastor of the Perryton Church, Rev. McClung made a host of friends. Always taking an active interest in the civic affairs of Perryton, he made many friends outside of his church membership.

Rev. and Mrs. McClung and Miss Mary left Wednesday for their new home. They will be missed in this community.

#### Ration Book 4 Good Nov. 1

War Ration Book No. 4 issued October 21-22-23 may be used beginning November 1 for processed foods, canned goods and sugar. During the three days of registration, Ration Book 4 was issued to 3,866 citizens of Ochiltree County. The registration for this county was held at the Perryton school house, with the teachers doing the work of registering. School was dismissed Thursday and Friday, Oct. 21-22.

Persons who did not register last week, may make application for War Ration Book No. 4, after Nov. 10 at the Office of Price Administration in the Ochiltree building on south Main St., announced J. H. Neufeld, chairman of the local OPA. This registration will be in charge of Miss Helen Doerrie and Miss Elaine McCarty, clerks of the board.

#### More Canned Foods Needed by Shriners

Shriners throughout the state are collecting canned vegetables and fruits for the crippled children's hospitals. According to W. H. Lance, who is in charge of the collections here, many more are needed for this humanitarian purpose.

Bring your donations to the City Hall this week-end if possible. The Fall Ceremonies of the Panhandle Shriners will be held in Amarillo Sunday and Monday and Mr. Lance will turn in all that is on hand at that time.

Mrs. Ida Smith is happy to have her sons, John M. and Clyde M. both in army service, home on furlough this week.

To Provide More Soap

An increase of about 9 percent in the nation's soap supply, without using additional fats and oil, is expected under adjusted soap formulas recently prescribed by the War Food Administration. The formulas call for a larger use of domestic non-fat materials, principally rosin, as a substitute for fats.

Can Still Send Some Gifts

Christmas packages for soldiers overseas which have been returned to the sender because of an improper address may still be mailed, according to the War Department. The original wrapper, bearing the endorsement, "Return To Sender, Insufficient Address," must be submitted with the correctly addressed package to prove that it originally was mailed before the October 15 deadline. Christmas packages also may be mailed to soldiers going overseas between now and Christmas. When the sender presents his package to the post office for mailing, he must bring the Change of Address Form containing the APO address to which the package is being sent.

Get Points To Send Food Overseas

Persons who wish to send a package of rationed food overseas may get the necessary points by applying to OPA. Those who wish to have the dealer from whom the food is bought arrange for shipment, may make the purchase without giving up ration stamps since OPA will replace the point value of the foods the dealer exports. When extra ration points are issued, a copy of the Export Declaration or a Certificate of Mailing must be turned over to the OPA office which granted the points.

Return Ration Books In Mail

Finders of lost ration books may drop them in the mail without prepaying postage or enclosing them.

#### Huge Turnips Raised In Arthur Gray Garden

The Herald bunch have been enjoying some turnips raised by Mr. and Mrs. Arthur Gray, near Gray, Okla. They presented the Herald force with a large sack of the finest turnips ever tasted. Some of them were huge! The largest one weighed three and five-eighths pounds. Several weighed around three pounds. Mr. Gray stated that these were not irrigated. What would have happened if he had irrigated? His garden was in a low spot and caught sufficient water for them. The large turnip has been on display in the Herald window. Who said this country couldn't raise prize winning vegetables? Thanks, Mr. and Mrs. Gray, for the turnips!

#### First Real Frost Tuesday Night

The first real "killer-diller" frost of the winter had everything covered white as snow Wednesday morning. While this section has had a number of killing frosts, this was the first real heavy one. Weather has been cloudy for most of the past week with much fog and threats of rain. Moisture is needed for wheat pasture. The present outlook is not very bright for winter pasture in this section, although from reports the Perryton area has better winter pasture prospects than any other part of the Southwest.

#### Army Allows New Try on Returned Yule Packages

If a Christmas package, mailed to a soldier overseas, has been returned because of improper address it still can be mailed, the Eighth Service Command said Saturday, Oct. 23.

The sender must present proof that the package to be remailed originally was mailed before the Oct. 15 deadline. Soldiers who are embarking for overseas duty still can be sent Christmas packages. The sender must present the Army post office address at the post office, this being the form soldiers going overseas send to relatives some time before embarking.

Love Brown of the southwest part of the county, was a Perryton visitor Tuesday.

#### Sheep Nets \$73 for War Fund at Sale

A sheep donated by W. D. Thompson netted \$73 for the Ochiltree County War Fund at the Tuesday sale of the Perryton Sales Co. The sheep sold for \$22 the first time it was put up, being bid in by Mr. Thompson. He gave it back and it sold the second time for \$16.50. It was sold a third time to Kenneth Munger for \$25. Munger put it back into the ring and it was sold for the fourth time for \$9.50. All proceeds of the sales went to the War Fund.

#### Bank Deposits Continue Upward Trend

Bank Loans Increase While Cash Resources Stay at Same Level

A continued rise in bank deposits in Ochiltree county is shown by the statements of the two Perryton banks to the Comptroller of the Currency on the call for the close of business on October 18. Combined deposits were \$3,200,400.73, divided as follows: First National, \$2,342,624.53; Perryton National, \$857,776.20. Combined deposits on the June 30, 1943 call were \$2,869,908.37.

Loans by the two banks increased, going from \$686,708.45 on June 30 to \$1,074,002.46. Loans of the two banks were: First National, \$930,414.86; Perryton National, \$143,587.60.

Cash resources were slightly lower. On June 30, the two banks had cash resources of \$2,251,735.69. At the October 18 call the combined cash resources were \$2,249,713.07, divided as follows: First National, \$1,499,771.92; Perryton National, \$749,941.15.

#### Special Services Methodist Church

At the Sunday night service, Oct. 31, the McMurray College Endowment and Building Fund campaign will be explained. Services will be in charge of Tom Elizey, district chairman of the campaign, and Lawrence Gruver, Gruver, zone chairman.

Organization and plans for the campaign of raising funds for the McMurray college will be discussed by Mr. Elizey and Mr. Gruver. The purpose of the drive is to raise \$1,000,000 endowment fund and a \$750,000 building fund for McMurray. No funds will be solicited Sunday night, as the drive will not open until after the annual Conference in November.

#### Perryton Post War Airport

A post-war airport for Perryton was the chief topic of discussion at weekly Monday night meeting of the Perryton Chamber of Commerce directors. The need for an adequate air terminal to handle passenger, mail, express and freight will be an important factor in the future of any town after this war ends, is realized by the directors.

Negotiations have been started by the Chamber of Commerce to have an outstanding military or civilian authority as the main speaker for the annual membership meeting. This meeting is usually held in December.

Present at the Monday night meeting were John Sammons, president; J. H. Woodward, vice president; Cecil Dodd, secretary; and directors W. H. Luckey, R. B. Orrill, H. I. Hudson and T. R. Murray. H. C. Sanford was the only member of the board not present.

Mrs. Maurice Wagner spent the week-end in Hugoton, Kans., with her husband, who is working in that territory for a few weeks. Her mother, Mrs. Roy Biggs of Garden City has been visiting here several weeks and she remained here with her grandson, Doyle Robinson, and Lavern and Billy Hoy, who were staying in the Wagner home while their parents were in New Mexico.

#### Will Elect Officers and Name Delegates to State Convention Meet in District Courtroom

Earl Waide, secretary of the Ochiltree County Farm Bureau, has issued a call for all members of the farm organization to attend the annual meeting. It will be held in the district courtroom of the Ochiltree county courthouse in Perryton, Saturday, Oct. 30, 3 p. m. W. M. Deck, president of the local Bureau, will preside.

#### Billy Dock Patton Has Leg Amputated

Billy Dock Patton, Private First Class, U. S. M. C., had his left leg amputated eight inches above the knee Tuesday morning in the U. S. Naval Hospital, New York City, according to word received by his parents, Mr. and Mrs. G. L. Patton. Complications following a knee injury received about three months ago when taking calisthenics resulted in the operation.

Last Thursday night, Mr. and Mrs. Patton talked to the doctor and also Dock, who had been taken about two weeks ago by plane to New York for treatment. The Pattons were advised that amputation was imperative.

Tuesday night, after the operation they again talked to the doctor and he reported the operation successful. The doctor also urged the Pattons and Dock's friends to keep the letters coming. His address is: Pfc. Billy D. Patton, USMC, U. S. Naval Hospital, Ward C-1, Brooklyn, N. Y.

When Pfc. Patton injured his knee, he was stationed at Jacksonville, Fla. Prior to going to Florida, he trained in Calif. His two brothers, Lt. Tom L. Patton and Sgt. Charles W. Patton are in the U. S. Army Air Forces.

#### JUST HERE AND THERE

And now comes news of Federal "handouts" from Washington for the public schools of the nation. And we suppose the schools of the country will grab at every dollar they can get from Washington thus setting up more power for Washington bureaucrats that could lead to the eventual Federalization of our school systems. Every dollar of Federal aid for any purpose whatsoever just adds that much to centralization of power in Washington and detracts that much from the power of local governments.

A lot of people are getting pretty hot under the collar about the striking coal miners. Seems to us that the coal miners have been treated pretty shabbily in the matter of pay when you take into consideration the \$75 to \$150 a week wages that inexperienced kids, men and women are being paid in war plants. We agree that they're all getting more than they're worth but why does the government allow green war plant labor to be paid so much more than skilled miners.

Following is a portion of the address Love Runkle of the Ray K. Glenn Advertising Agency, recently made to a group of Oklahoma business men. His subject was "Advertising versus a Wartime Sales Force."

"I read those famous words of General Sherman in a magazine... 'War is hell.' To these three words, War is hell, I'd like to add, on good-will. War is hell... on good will. For there, in my opinion, is the greatest reason you folks in business have for advertising today. It's the greatest reason almost any retail business has for advertising today."

#### 90th Division Will 'Capture' Oklahoma City

Nov. 5-6-7 is Date For T-O Veterans Annual Reunion

There are many former members of the World War 2 90th Division in and around Perryton who will welcome the announcement that this year's 25th Anniversary Reunion of the "Old Ninetieth" Division will be held in Oklahoma City on Friday-Saturday-Sunday, November 5-6-7. Convention headquarters have been established at the Skirvin Hotel.

The 1943 President is Jeff T. Boucher, Tulsa, Okla. Executive Secretary is Joe S. Sheldon, San Antonio, Texas.

Veterans of the Old 90th who live in Oklahoma City are extending an invitation to all former 90th Division men to attend this year's 25th reunion and they are already at work on a program which they are certain all the old boys who saw action in 1917-1918 will greatly enjoy.

All Ninetieth veterans are asked to "pass the word down the line" to each 90th man met... tell him all about the fun he will have by attending the 25th Reunion in Oklahoma City on November 5-6-7.

Former members will re-live days spent in training at Camp Travis, near San Antonio, Texas, experiences in the St. Mehl and Meuse-Argonne drives, and those months spent in the Army of Occupation. History has recorded the fine work done by the Old Ninetieth, claimed jointly by Oklahoma and Texas.

All that is needed by any Old 90th vet to have the time of his life at this 1943 Reunion is a membership card costing but a dollar bill. So, right now is a good time

## Perryton Schools To Assist with War Fund Drive

Perryton Public School's quota for the United War Chest and National War Fund is \$350. The amount of \$350 is divided among the three schools as follows: High School—\$150, Junior High—\$100, and Elementary School—\$100.

Ochiltree County's quota is \$7,052. The Texas quota is \$4,385,781, and the National Fund is \$125,000,000. Ochiltree County's quota for the Texas goal is \$4,202.

The money received from this drive will be distributed among the various organizations such as, USO, China Relief, Red Cross, and the local boy and girl scout troops. But over 74 per cent of Ochiltree county's goal goes directly to the armed forces and war relief.

The Public School's goal is only a "drop in the bucket," but make it ring loud and strong.

## NETHERLANDS SEAMEN RELAX BEFORE TACKLING HAZARDOUS JOBS

Netherlands Merchant Marine seamen, having a few hours' stay ashore, drop in for coffee and relaxation at the Netherlands Home for Seamen, New York—in most cases the only home they have. The lady is a volunteer hostess and bookbinder, the latter occupation necessitated by the recovering of the well-read Dutch books on hand.

Netherlands seamen are tackling one of the most hazardous jobs of this war—transporting essential war materials, finished war products, and troops all over the world. When in New York, San Francisco, as well as several other seaports, they are given the chance to rest and relax at the Netherlands Home for Seamen. One seaman, who has been tormented too many times, said, while at the Home, "I am at present enjoying my nice Dutch cup of coffee in our Home at 25 South Street, New York. I have a very nice time here, but feel my place is on the sea to win the war, so that I shall be in my own home very soon."

The Queen Wilhelmina Fund has the welfare of these valiant seamen at heart and one of its many services is a monthly contribution which makes possible the continuance of these Homes. In these homes, Dutch sailors are able to find interesting things to do and read, including many books in

the Dutch language, gratefully received from contributors. The women of the Fund's Knitting and Sewing Centers from coast-to-coast, more than 5,000 strong, have made countless sweaters, sea-boots-socks, helmets, and other knitted wear and are always prepared to equip any needy seaman. The ladies are also producing clothing for the ill-clad, Nazi-dominated, people of Holland in preparation for the liberation and knitters and sewers, which are urgently needed, are always welcome. Information on the nearest Chapter of Queen Wilhelmina Fund can be obtained by writing to the Fund's National Headquarters, 400 Madison Avenue, New York.

The Queen Wilhelmina Fund is a participant in the National War Fund and a contribution to the community War Chest will help alleviate the terrible anguish of Holland's people or put a new sweater on the back of some tormented Netherlands seaman.

being afraid of being arrested for slander or some other offense of society. Best of all is our right to worship as we please. Catholic or Protestant, we are given the privilege of exposing our God, and to be proud of the choice. Then freedom from want—we really have that freedom. What is a little sugar or coffee, or even a pair of shoes, when we know we are downing a Nazi or a Jap with every pound or pair we sacrifice?

Its glorious, glorious to be able to breathe and breathe, and keep on breathing without fear of an invader—"the Third Reich," or "the Rising Sun!" Be proud, so proud, your chest will burst with the swelling, that you are an American.

## A Capella Choir Practice Starts

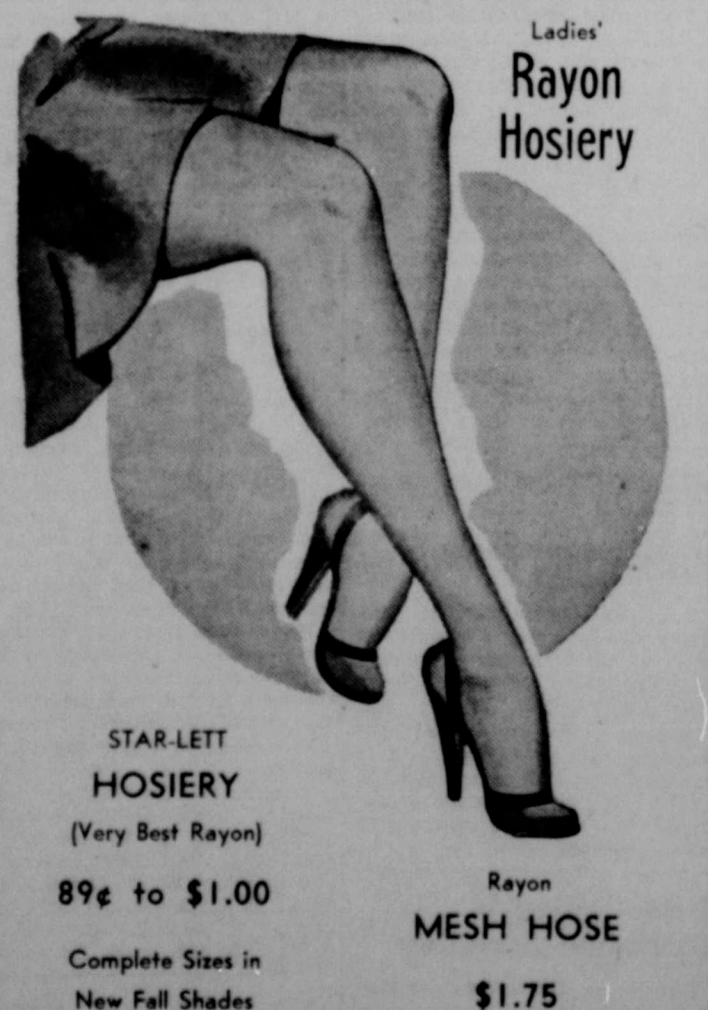

Getting off to a late start, the A Capella Choir under the direction of Don Hayes has been organized for the past two weeks, and has acquired a membership of 64 voices. In such a short time, remarkable work has been shown on several numbers, and the choir shows very promising entertainment in the coming months.

The choir will play a large part, along with the Ranger Band, in the Victory Concerts, which will be held once every month.

Just as soon as the choir has worked up a repertoire, they will be very willing to render their services for any public assembly, and would like to be considered a community as well as a school organization.

## White Deer Wins Over Ranger Team

The Rangers lost to White Deer Bucks on a water-soaked field, Friday night, Oct. 22, by a score of 32 to 7, on the Buck's gridiron.

Lead by all-district, Willie Ubansky, the hard-fighting White Deer Bucks scored twice in the second quarter. Then on one of the most outstanding runs of the game, Allen, ran over tackle, 65 yards for the only Ranger tally of the game. Peckenpaugh crashed over for the extra point. The half ended with neither team threatening.

On a series of plays, the Bucks carried the ball to the Rangers' four yard line where Ubansky on an opening play through the center of the line, went over for the third Buck touchdown.

The next touchdown was set up when the Rangers fumbled the ball on their own 25 yard line. On the following play the White Deer wing-back cut around right end and ran across the Ranger goal line standing up.

In the latter part of the fourth quarter, Willie Ubansky, made the most spectacular run of the game when he raced 99 yards for the last score of the game.

## Former Student Writes About Life in Navy

The following portion of a letter was written to Miss Verna Harris by W. G. Burleson, Seaman S C U. S. N. R.

"I am in minecraft school now and the second week is near an end. According to schedule, I should have two or three more weeks of school."

"I am stationed at Norfolk, Virginia which is about 200 miles from Washington, D. C. and little Creek Section Base, where I am located is 15 miles out of Norfolk."

"We towed in a mine sweeper today that had been in the Campaign of Sicily and 30 of the crew had been injured and there were 9 of the crew that did not come back and never will."

"If you and the other people could have seen that sweeper as it limped along with holes in it everywhere and if you listened to the few remaining men on it tell the story, then you would know what living hell is. If you would look at all the gear used on just one sweeper, then you would realize why material is scarce in civilian life and you would save everything you possibly could."

"You would buy all the bonds you could, and you would thank God that you were alive."

"Tell your students that they always ask how much typing writing, English, shorthand, physics, geometry, algebra, and bookkeeping you have had. We have tests in these all the time."

## El Toro

What you'd read in "El Toro" there's no way of knowing. But put on your specs, and let's get going.

Well, well, Kathleen Brillhart has exchanged her night life for "Day" life, namely Vernon.

We see that Jr. and Sr. romance is still in full bloom between Dan Ellis and Sue Ratliff.

My, my, if Mary Jo Hulse isn't the luckiest little gal—two diamonds from one guy!

The latest news from Junior Hi—is that Tommy Jean Weldon is still considering a move to the seashore. She's very fond of "Schells," you know.

Well, it seems as though "Holly" and Gloria remain as ever the same—through thick or thin.

"Wilkie" has acquired that amusing habit of calling everyone "dearie." I wonder if Shannon could be the instigator of this? hmmm—it's worth looking into.

Bill Allen and Pauline Cotner are still at the same old game—just as jealous of each other as ever.

From the looks of things, "Roméo" Heinrich is having some competition—and I don't mean in football. What about this, Norma?

Anna Evans has been doing her best—but it seems as though George Heinrich is afraid of that "left-handed" ring or something—probably something!

For gossip items we continue to seek. So look for your name in "El Toro" next week!

## Meet the Teachers

One of the newest teachers here, in the Perryton schools, is Mrs. Maurine Tatum from San Augustine. Mrs. Tatum is a very attractive woman with dark hair and eyes and a very good disposition at all times.

Mrs. Tatum attended S. M. U. in Dallas. She teaches music which probably explains her pet peeve being unprepared music lessons.

Random Harvest is Mrs. Tatum's favorite movie, and when asked her favorite stars, she doesn't hesitate to say Greer Garson and Walter Pidgeon.

As to her favorite food, she hasn't any, but likes them all, especially vegetables.

"Smoke Eaters"

A battlewagon loaded with various explosives, bombs, torpedoes, oil and gasoline is not the safest place to be with a fire raging, so all the smaller ships of our Navy are equipped with elaborate fire fighting apparatus.

It may be that this equipment never will be used during the entire course of the war, but it must be paid for out of the War Bonds and Stamps that we are setting aside each payday. U. S. Treasury Department

## Array of Talent in Wonder Film

Made expressly in the interest of bigger and better laughs, "Crazy House," a hilarious comedy starring Olsen and Johnson, comes to the Ellis Theatre next Thursday and Friday. The famous comedians, admittedly two of the funniest entertainers of this generation, have been surrounded by a host of headline attractions and popular screen players in the extravagant fun film.

Featured at the top of the long list of favorites are Cass Daley, Martha O'Driscoll, Patric Knowles and Thomas Gomez, all of whom have important roles in the comical plot which deals with the making of "Crazy House" in a movie studio.

## COOKERY QUERY CORNER

### MEAT-FILLED CABBAGE LEAVES

Combine 1/2 pound ground beef, 1/2 pound ground pork, 1 1/2 teaspoons salt, 1/2 teaspoon pepper, 1/2 cup grated raw onion and 1/2 cup raw rice. Remove core from cabbage and steam until leaves begin to wilt.

### Making the Rolls

Shape meat and rice mixture into loose rolls and wrap each meat roll in a cabbage leaf. Fasten with a wooden pick. Place in baking dish.

### Meat-Filled Leaves

Cover with water. Cover and cook in a moderate oven (350° F.) for one and one-half hours, or until rice is done. Serve with rolls and fresh fruit.

## Warn Against the Common Cold

Austin, Texas—"This year, as possibly never before, it is necessary that precautions be taken to avoid the widespread incidence of common colds, ordinarily expected at this time of the year," cautions Dr. Geo. W. Cox, State Health Officer.

"Sickness, and the loss of manpower from colds alone can amount to a serious handicap to our necessary war effort production peak, but in addition, colds lower resistance to such an extent, individuals easily fall victim to other diseases," Dr. Cox said.

The State Health Officer urged persons suffering from a cold to use every precaution to prevent passing the disease on to others. The patient should avoid being with others, preferably remaining in his own room in bed. He should cover his mouth and nose with a paper handkerchief when coughing or sneezing and the paper should be destroyed. All drinking glasses and dishes should be sterilized after he has used them.

"The quickest and safest way to recover from a cold is to rest quietly in bed in a well ventilated room and drink plenty of water and fruit juices," Dr. Cox stated. "It is a dangerous procedure to try to 'wear a cold out.' In going about his usual routine a patient not only harms himself, but needlessly exposes all others with whom he comes in contact."

## Crude Oil Supply Won't Fail, Says Petroleum Expert

Will the earth's petroleum supply stand the enormous drain of global warfare? Will it meet the needs of postwar years—which will add many new items to the list of 2,000 products now being made from crude oil?

The answer is Yes, says Gustav Egloff, president of the American Institute of Chemists and research director of the Universal Oil Products Co., writing in a recent issue of the Rotarian magazine.

Oil is probably being produced by Nature faster than it is being consumed by man, Dr. Egloff maintains. There are doubtless millions of acres of oil-producing territory in the western hemisphere not yet discovered or developed, and many other parts of the earth should prove to be not less rich.

But in addition to its 375,000 producing wells, the United States has billions of barrels available from other crude oil sources, he contends. Investigations have brought to light facts regarding earth processes which convince us that oil is constantly being formed, Dr. Egloff asserts, citing the diatoms found in closed basins of the North Atlantic Continental Shelf, particularly along the west coast of California. Diatoms (brown, one-celled plants, growing in jellylike masses in both fresh and salt water) are constantly depositing in the deeper waters of the Pacific Coast, and their organic content is constantly increasing.

Dr. Egloff estimates that the diatoms in the Monterey shale of the Santa Maria, California, oil fields would alone produce 2 billion barrels of oil by an ether-process extraction—and these represent only one limited area where diatoms are plentiful.

From the foregoing we may conclude that Nature is producing oil at a faster rate than gas pressure or pump strokes can bring it to the earth's surface, writes Dr. Egloff, so we may take heart for the future.

Almost as fatal as a bullet or a shell is the breakdown in the spirit of a sailor or a soldier. Our men have the finest spirit in the world. But it must be maintained in the American way. They must not be made to feel that they are mere automatons, fighting machines, as the armed forces of the dictators have been made to feel.

Life in our navy and army is hard. Discipline is tough. It must be. But there also must be moments when the sailor or soldier is treated as Mr. Somebody-or-other. That's where the USO comes in. For the USO is the banding together of six great agencies to serve one great purpose—to see that our boys in the camps and naval stations have a place to go, to turn to, a "home away from home."

## No Boondoggling

"Without free enterprise we cannot have free labor and free government. If we lose any one, we lose the others as well."

This is what Irving M. Ives, majority leader of the New York State Assembly, told the Northeastern Conference of the Council of State Governors meeting in New York. "The program we devise," he said, "must be based on the firm and fundamental belief that free enterprise must be preserved."

Government's role must be essentially one of cooperation with business. Mr. Ives added, and "public works undertaken in the postwar era must be necessary, justified, and constructive." They must be located where they would do the maximum good in cushioning expected unemployment. "We don't want boondoggling," he said.

Let us remember this when advocates of "made work" employment come to the fore. Industry puts men to work producing what the public needs and wants. Government projects are not always designed for that purpose. The distinction is important to job seeker and taxpayer alike.

## Keeping Faith

The average businessman speaks out in the person of Walter L. Kay, owner of the Walkay Fire Protection Co. of Newark, N. J., who in an article in the Washington News Digest says:

"Most of the representatives of both large and small business are alert to their future responsibilities but are hamstrung by the ever-increasing burden of taxation. It is true that the enormous cost of running a war must, of necessity, be paid. A sensible person, however, does not clean his pockets of all money without knowing when or how it will be replenished."

"Business needs seed money to insure postwar jobs. Seed money is that which gives to a business concern the funds which can be plowed back into new machinery, plant conversion, and the production of new goods, which through research, are ready to be marketed."

"I believe everyone agrees that instead of Washington talking about postwar public works that will run into billions of dollars of the people's money, if business were permitted to set aside a percentage of present earnings to create seed money we would truly be keeping faith with our returning servicemen and those now on our industrial pay rolls."

"It is obvious that if business is drained of all reserve funds, new capital will have to be promoted with the consequent delay and the possible 'buy an apple' job for our returning boys of the armed forces in the interim."

## Paul Shrader Promoted In Army Medical Corps

In a recent letter received from W. Paul Shrader by his parents, Mr. and Mrs. W. M. Shrader, he states that he has been promoted to 14 months, first being sent to Fort Sargent, Paul has been in training at Fort Sargent, Mass., where he was assigned to the Medical Corps. Later he took special training at Fort Edwards, Mass.

In the spring he was sent to a rigorous course. While there, he together with 20 others of his company, was selected to enter the army medical school in Washington, D. C. After completing this school, he took several weeks work in the Walter Reed Hospital.

While at Walter Reed Hospital, he helped care for wounded from the North Africa campaign. He was transferred back to Virginia, and is awaiting further orders. His present address is: Sgt. William Paul Shrader, A. S. N. 38107443, 67th Evac. Hospital, A. P. Hill Military Res. Va.

## Junior Red Cross Enroll Nov. 1-15

Children are the most pitiful victims of war. Of all the pictures of the terrors and tribulations of mass conflict, the one of those who are least responsible and least able to help themselves is the most appalling. Today millions of children in many parts of the world find themselves in this picture—parentless, homeless, and often without country.

It is heartening to know that something is being done for the world's suffering children. And it is even more heartening to know that something is being done for them by the children of this country. It is good to know that the children of America have sent shoes and gifts to the war orphans of Russia, have sent clothing and other things to England, and have supported war nurseries in that country. We are glad to find that Polish refugee children have received educational supplies from this country's children, and that young people in Iceland have had their days made brighter by gifts from young Americans.

These things, and others, have been done through the National Children's Fund of the American Junior Red Cross. This fund, established during World War I and active ever since, is made up of money contributed by young people in the schools of this nation. In the main, the money is earned by them, individually and in groups, through all sorts of endeavors. Their pennies, nickels, dimes and dollars add up and become useful to others—they alleviate suffering, rehabilitate bodies, and help rebuild war-shaken minds.

Since the National Children's Fund is money contributed by children for children, not one penny is ever used for administrative expenses—these are borne by the Red Cross. This fund helped greatly in the rehabilitation of Europe's children after the last war, during peacetime money from it was used for the children of this country at time of flood and fire; today it helps lessen world-wide suffering, and tomorrow it will help in building a new world for those whose lives have been shattered.

The National Children's Fund is only one of the aspects of the program of the American Junior Red Cross in the schools of the country. The more than 17,000,000 members of the organization carry on a program of production of comfort and recreation articles for the men in our armed services. They help out in Red Cross chapters and in local community projects. And they do many other things which help in the winning of the war and the building of the peace.

The local Enrollment for Service Campaign, to secure members for even more work during the coming year, is a part of the nation-wide drive taking place November 1-15. Mrs. Roy Sanford, Chairman of the Junior Red Cross, announced.

## The Moon is Down...

THERE are dark nights in Norway. Nights when Nazi sentries feel uneasy at their posts.

It is not what they hear that disturbs them. It is what they do not hear. The deep silence behind a bush. The stealthy quiet around the corner of a house. The terrible hush in the blackness all around them.

For the Norwegians lost their country without ever surrendering themselves. They wait now in the night to strike back at their oppressors.

If they ever had really given in, there would be no need of the thousands of Nazi troops now in Norway. They could have been

sent to the Russian front. Or Tunisia. But they couldn't be spared.

They can't be spared in Holland either. Or Poland or France or Yugoslavia or Belgium. In China, tens of thousands of Jap troops must also remain. And Axis troops will have to remain in countless countries so long as the "conquered" people have the stamina to resist.

You can help support this army already in Europe—by your contribution to the National War Fund, which you make through our community's own war fund.

For this year, the agencies that can do this job have banded together to make the collec-

tion and distribution of funds simpler, cheaper and more effective. Their job is threefold. To provide friendly help for our men in the armed services. And to relieve distress where it is found here on the home front.

Because all these agencies are now banded together, you are being asked to contribute only once for all of them. Because you are being asked to give only once, you are also being asked to give generously. Add up all you would have given to each of these agencies throughout the year, and then double the total! It is one of the most important contributions you can make to victory!

## Beta Sigma Phi Met Tuesday Nite

Members of the Beta Sigma Phi Sorority met at the Hotel Perryton for regular meeting, Tuesday night, October 26.

Plans are being made for a Christmas bazaar to be held in the early part of December. A formal dinner for the pledges of the Ritual of Jewels will be held Thursday night, November 4. Initiation of two new pledges, Dorothy Hays and Edna Tucker, will be at this time. Mrs. Stanley Key gave a very interesting review of "The Robe" by Lloyd C. Douglas. Mrs. Carl Ellis sang "Wonderful Man of Galilee" by B. B. McKinney.

Present for the meeting were Lorene Richardson, Moira Caldwell, Mary Francis Crowe, Nelda Rose Sanford, Eugenia Mitchell, Leona Headline, Viola Miller, Sadie Seward, Dorothy Hays, Edna Tucker, Alta Todd, Elizabeth Fuchscher, Yvonne Acker and Jean Blank.

## Miss Wolff is Wed to Soldier

Miss Dora Wolff, daughter of Mrs. Anna H. Wolff, and Pvt. Billie B. Sanders, son of Mr. and Mrs. R. P. Sanders, McLean, were quietly married in the Lutheran Church at Guyton, Okla., on Saturday, October 16. The double ring ceremony was used. Miss Anna Lee Lehman and Mrs. William Winkler attended the couple.

The bride was beautifully dressed in a beige suit with tan accessories. She has made her home in this community the past fourteen years. She attended school at Turpin, Okla.

Pvt. Sanders is a graduate of the McLean High School. Before induction in September, 1942, he was engaged in farming in this county. He is a nephew of A. W. Henry, northwest of town.

For the present, Mrs. Sanders will be at home with her mother, who lives on a farm northwest of town. Pvt. Sanders left Saturday to return to Ilwaco, Washington, where he is stationed.

## Friday Club is Held in Hawk Home

Mrs. H. A. Hawk was the charming hostess for her Friday bridge club on Tuesday night in her home, west of town.

A tasty desert plate was served at the close of the play to Mrs. H. C. Sanford, Mrs. Cecil Dodd, Mrs. W. L. McConnell, Mrs. H. C. Brillhart, Mrs. Max Boyer, Mrs. W. C. Herndon, and Mrs. H. I. Hudson. Score awards were won by Mrs. Sanford, guest, and Mrs. Boyer, club.

## Manning-Parsons Marry in Liberal

Miss Twila Mae Manning, daughter of Mr. and Mrs. B. T. Manning of the Gray, Okla., community, became the bride of H. W. Parsons of Spearman on Saturday morning, October 16, Liberal, Kans.

Probate Judge Erwin read the nuptials in the presence of Miss Patsy Manning, sister of the bride, and Charles Brooks, Spearman. Mrs. Parsons attended the Perryton schools and graduated with the class of 1942. She spent the past year at Panhandle A & M college, Goodwell, Okla. and at present is employed as secretary to Supt. C. Wedgeworth.

Mr. Parsons, a son of Mrs. Tom Windom, Spearman, is a graduate of the Spearman High Schools. He is in the Navy Air Corps and received some of his training at PAMC. He has just recently been transferred from the Dallas Naval Air Station to Pensacola, Fla., and had twelve days at home before reporting to Florida.

## Corbin-Lawrence Nuptials Thursday

The Baptist parsonage was the scene of a simple wedding ceremony performed at nine o'clock, Thursday evening, October 21, to unite Miss Letha Corbin and Gene Lawrence. Rev. S. R. McClung officiated in the presence of Mr. and Mrs. Chellis Gidley.

The bride wore a solid blue wool suit with a white sheer blouse and other accessories of russet brown. She is the younger daughter of Mr. and Mrs. Paul Corbin and was born and raised in this community, attending the Perryton schools and graduating with the class of 1940.

The bridegroom, a son of Mr. and Mrs. Robert Lawrence, is also a native of this county. After graduating from the Perryton schools, he took a four months course in industrial school in Wichita, Kans., and was in defense work until he enlisted in the Navy in June 1942. After serving his apprenticeship, he was assigned to the U. S. S. Republic and prompted to first class fireman. Just recently he was transferred to submarine duty and is now at home on a fifteen day furlough, after which he will attend school in New London, Conn.

Mrs. Lawrence is employed at the Perryton National Bank and plans to remain here and continue her work.

## Mrs. Wilson Hostess Ladies Victory Club

Mrs. H. J. Wilson entertained the Victory club Tuesday, October 26, in the Sheldon Wilson home, 721 SW Third Street, for the regular all day meeting.

Mrs. Firestone opened the meeting with prayer. Roll call was answered by giving a helpful household hint. The club voted to change the name from the Victory Club to the Ladies Victory Club so as not to be confused with the high school club by the same name.

Those enjoying the delightful noon meal were Mesdames E. D. Firestone, E. O. Bruner, O. E. Carter, C. E. Cline, B. B. Lee, W. G. Hibbs, J. R. Phelps, Weldon Black and Davis, Sheldon Wilson and George. W. J. Ingle and the hostess.

Members are asked to meet Tuesday afternoon, November 2 in the B. B. Lee home to quilt. The next regular meeting is November 9 with Mrs. B. B. Lee in her home, 611 SW Second St.

## Monthly Social of Christian Ladies

The Womens Missionary of the Christian Church held their monthly social Thursday afternoon in the home of Mrs. Roy Jeffroy.

Mrs. A. K. Wilson was program leader and brought the discussion on "Americans of Today." Mrs. J. H. Palmer was in charge of the devotional, using the theme, "Sharing—The Reality of Brotherhood." Mrs. F. B. Sumpter gave an interesting talk on "Makers of the U. S. A." Mrs. Edna Watson conducted a series of questions and answers on "What Makes a True American." Mrs. Debs Riley gave the highlights of the convention held in Amarillo on October 7. The meeting was adjourned by repeating the missionary benediction.

The hostess served refreshments to those participating in the program and Mesdames Ward Gregg, Carl Ellis, Claud Allen, Leon Shradet, T. J. Morgan, S. P. Whippo, James Blasingame and two guests, Mrs. O. O. Cox and Mrs. Bengs and daughter.

## Dinner is Surprise For Anniversary

A. C. Witt celebrated his birthday anniversary Monday and was happily surprised in the evening to have all his children and grandchildren arrive to help him celebrate, each bringing some part of the delightful meal which was enjoyed.

Those present were Mr. and Mrs. A. C. Witt, Mr. and Mrs. Willard Witt and daughters, Bonnie and Kay, Mr. and Mrs. Alton Witt and Bonnie, and Mr. and Mrs. Clarence Neufeld and Don.

## Beaver County Woman Donates 300 Tin Cans

Mrs. Emma Claybrook of the Boyd community in Beaver County, Okla., carried 300 bright, clean tin cans from her cellar and donated to the recent drive in Oklahoma for cans. Mrs. Claybrook had been saving these cans to use in canning. After wearing out a half dozen can openers cutting the bottoms out of the cans, besides the wear and tear on her hands, she reports that she learned that this work was unnecessary. However, she sent the flat, tinned cans to the schoolhouse, hoping they would help the war effort.

## Velma Truitt is Birthday Honoree

Miss Alta Todd entertained in her home, 1206 SW Fifth Street, with a delightful hamburger supper, Monday evening, as a courtesy for Mrs. Velma Truitt, who celebrated her birthday anniversary on that day. Guests were Miss Ingegnie Mounsey, Miss Jean Pinkerton, Miss Pauline Flowers, Mrs. Pearl Humphrey and Bonnie, Mrs. Don Farnsworth, Mrs. Edna Tucker, and Mrs. Harold Garrison.

## Mrs. Schollenbarger Is Shower Honoree

Mrs. Ray Bowles and Mrs. Howard Cook were the charming hostesses Thursday afternoon as they entertained with a lovely pink and blue shower for Mrs. Joe Schollenbarger Jr. The affair was held in the home of Miss Marjory Bowles and Mrs. Gene Lawrence, 120 SE First St.

Many friends called during the receiving hours and were served with dainty refreshments by the hostesses.

## Men of Mercy...

THESE were great Americans. They are gone...but through you their power is still great. You have some of these portraits in your purse or in your billfold. They hold the power to spread compassion and comfort throughout the world.

There are children to be clothed in Russia...broken spirits to be mended in Greece...prisoners to be cheered and comforted in barbed-wire enclosures.

There are needy neighbors right here at home to be helped—many of them indirect casualties of this war.

There are torpedoed seamen to be warmed and fed on the docks.

There are wounded lying on the plains of China who need medical supplies.

Take some of these bills from your pocket now. Then

send as many of them as you can afford on an errand of great mercy...for war relief through the National War Fund.

When you give this month, to our community's war fund, you also give to the National War Fund. You give ONCE for ALL these agencies listed below. Your gift is divided in many ways...in proportion to the need! Some will go to the needy here in your own town. Some will go to relieve distress and sustain the morale of our allies. Some will go to provide the comforts and pleasures of home for our own troops, through the USO.

Look at the names of the agencies below. You have given to many of them before...small gifts perhaps when your heart was touched. Add up what you gave before...then double it. You cannot give too much. The need is so great.

## CLOTHING FOR HOLLAND

Socks will come as a God-send to some needy Hollander who is now living, badly fed and ill-clad, in Nazi-dominated Holland. Everything from lavettes to pajamas is included in the box which the ladies are packing in preparation for the hour when it and hundreds of others can be shipped. Food supplies, medicines and vitamins, as well as the boxes of clothing, will start immediately with the liberation.

Today, over 5,000 women of the Queen Wilhelmina Fund's Knitting and Sewing Centers from coast-to-coast are busy with their knitting and sewing; needles and knitters make anything from the most diminutive booties to turn-down sweaters. The ladies are prepared to furnish all needy Netherlands seamen with sweaters as well as sea-boots, helmets, socks, scarves, and gloves. Volunteers to knit or sew are always welcome and information on the nearest Queen Wilhelmina Fund Chapter can be obtained by writing to the Fund's National Headquarters, 400 Madison Avenue, New York.

## NEWS in the WORLD of RELIGION by W.W. REID

The people of China are today eager to study Christianity, according to Bishop Paul Yu-pin, Vicar Apostolic of Nanking, China, now visiting in the United States. "They are immensely interested in Christian doctrine," he says. "There is already on the part of the intellectuals and the masses an interest in the Christian religion and, therefore, it is hoped that after the war there will be a good development of the Christian religion. Trouble comes not from the religion but from the nationality of the missionaries. . . . I am convinced that in the near future China will go Christian."

Miss Meriel Marentia McCall, of Seattle, Washington, an experienced public health nurse who has been serving in the public health system of Georgia, has been commissioned a missionary of the Methodist Church by Bishop Arthur J. Moore of Atlanta. Within a few weeks she will sail for India under the Board of Missions of the denomination to undertake public nursing in North India, being stationed at Bareilly. Miss McCall succeeds the late Miss Helma J. Pernstrom who served for eighteen years in North India and developed public health instruction in hundreds of schools and clinics throughout the area. Miss McCall received her B. S. and R. N. degrees and her Public Health Certificate from the University of Washington, and in anticipation of missionary service studied at Cascade College and the Kennedy School of Missions.

The Student Volunteer Movement, 156 Fifth Ave., New York City, which enlists and prepares young college people for missionary services of all Protestant churches, announces the appointment of the Rev. Winburn T. Thomas, Ph. D.

as general secretary. Dr. Thomas has been since 1933 a missionary of the Presbyterian Church in the U. S. A. in Japan. There he served students in the "Fellowship House" in Kyoto, and was associated with Kagawa's evangelistic program, besides writing much Christian material in both English and Japanese. He has also travelled widely in China and Korea. Dr. Thomas holds degrees from Oklahoma University, Presbyterian Theological Seminary, and Yale University.

A commission of writers, churchmen, educators, social workers and others is being named by the Federal Council of the Churches of Christ in America to assist the churches in dealing with racial and cultural problems now looming large on the American and world horizons and threatening to interfere with post-war plans for peace and justice. Dr. Will W. Alexander, of Atlanta, Ga., is chairman of the commission, and the Rev. Bradford S. Abernathy is secretary. Among the aims of the commission will be: "To overcome scientifically false and un-Christian theories of race

which would consign some races to a permanent inferior status involving disregard of the Christian principle of the sacredness of personality; to understand and make known the points of view of modern biology, philosophy and social science and of the teachings of Christianity on the subject of race; to make known concrete experiments of successful interracial adjustment and cooperation which can be studied with profit and followed, at least in principle, by churches and other Christian organizations."

A "Crusade for a New World Order," led by the Council of Bishops of the Methodist Church, will be conducted throughout the United States in January to rouse eight million Methodists to an understanding of the Christian issues involved in the making of the peace at the end of this war, and to urge them now to take action concerning the nature of the peace. Mass meetings will be held in some seventy-seven cities across the country from January 10 to 28. The Crusade will ask Methodists to write personal letters to national leaders, express-

ing the writers' views on the peace, and urging international collaboration rather than isolation for America. It will ask these same churchmen to write also the boys in service pledging the Church's efforts toward the establishment of justice and perpetual peace. "We are tired of waiting until some action is taken by the government and then protesting against it," say the Bishops. "We want to mobilize Christian forces and register their sentiment before action is taken concerning peace treaties and related matters that will effect the lives of every one of us."

## UNUSUAL FACTS REVEALED

## Christian Science

"Everlasting Punishment" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, Oct. 31. The Golden Text is: "Let Israel hope in the Lord: for with the Lord there is mercy, and with him is plenteous redemption" (Psalms 130:7).

Among the citations which comprise the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, Oct. 31, is the following from the Bible: "I, even I, am he that blot out thy transgressions for mine own sake, and will not render thy sins" (Isaiah 43:25).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The destruction of sin is the divine method of pardon. . . . Does not God's pardon, destroying any one sin, prophesy and involve the final destruction of all sin?" (page 339).

## The NEW Winning of the West

The first unit of the Santa Fe System Lines back in 1868

JUST 75 years ago this week, October 30, 1868, rail was laid on the first unit of the Santa Fe System Lines—a 17-mile stretch in Kansas from Topeka to Carbondale.

Today, Santa Fe System Lines are over 13,000 miles long, serving people and products from Illinois to California, and from Colorado to the Gulf of Mexico.

## Looking Ahead

Farsighted men, even years back, began looking ahead to the Southwest and West not only as a land of enchantment and natural resources but as the coming theater of industrial expansion in this country.

The war has brought home the soundness of this vision—big things are happening today in the states of Santa Fe land.

## States served by the Santa Fe

Thousands are flocking to Texas—great state of farm, factory and free enterprise—to man its booming plants, cultivate its soil, and ride its far-reaching ranges.

Kansas is becoming famous for its plane factories and munition plants, as well as its golden wheat fields.

Arizona is winning new fame in the fields of agriculture, live-stock, mining, and as an aviation center.

Oklahoma's oil is writing bright new pages in the science of war, and advances for the peace to come.

Freight cars are rolling out of New Mexico

loaded with essential copper, potash and zinc, as well as steers and sheep.

Illinois, Missouri and Iowa are saying it around the world with factory and food products.

The lead and silver and coal from Colorado's mineral-filled mountains are doing great things toward winning a war.

And in California, steel mills, shipyards, power dams, plane plants and lumber mills are working around the clock to supply more, more, and more of the sinews of war.

## Santa Fe all the way for U. S. A.!

We of the Santa Fe are too busy "keeping 'em rolling" for Victory to take time off to celebrate the 75th anniversary of the laying of our first rail.

This is, however, an appropriate time to point out how important to the development of this New West has been the linking together of its States by Santa Fe rails. We are naturally proud to be part of this great development.

## Our Defenders Speak!

The Herald asks that men and women from this community serving in the armed forces write letters to this department for publication. Letters to relatives that would be of interest to the public will be published under this heading.

October 12, 1943

Dear Mr. Stewart:

Just a note to let you know that I have received this week's Herald which I enjoyed very much. I would like to take a little time to tell the people at home that all the men in service appreciate all the things that you people at home are doing for us. I was glad to see that the Third War Loan had gone over its quota. Also hope that the United War Chest will have its quota before long. You folks at home are doing a good job. Keep it up.

We also do our share in war work. We gave \$1.700 to the United War Chest last week. Most of us have signed up to give blood to the Red Cross. I go sometime this week. I hope that I will not miss a pint of blood.

I do not have a lot of time but I will try to tell you a little about our training. In the aviation cadet program we are sent to college for five months of educational and physical training as aviation students. We have six hours of classes a day and physical training one hour drill for one hour. We have to spend

Camp Walters, Texas

Dear Mr. Stewart:

Well, I finally got around to thanking you for the paper. It sure is a big help when I get a little lost around here and start thinking of home. I just pick up the paper and look it over. There is one place here that all army men here have to go through. It is "Hell's Battalion" and it is just as bad as it sounds. There we train as in combat. We eat rations for a week and talk about getting hungry. I lost 10 pounds. But that wasn't bad for we had them for two more weeks in the field.

Well, Mr. Stewart, I must quit for now. And once again I want to thank you for the paper.

## We Must Keep On Backing the Attack With War Bonds—

Mr. and Mrs. America thrill at the news that the fifteen billion dollar third war loan went over the top indicating that the American people at home are backing the attack on Hitler's European fortress. But the attack goes on night and day, with increasing intensity.

"Mother, we've done what the government asked in the third war loan, but we cannot stop there," says Dad. "Jim is in Italy and John is with MacArthur at Salamau and you know what that means. We've got to keep on backing the attack with War Bonds."

"You are right, Dad, and I've figured how we can keep on buying an extra War Bond. The boys would want us to do it and we must put every cent we've got over and above our living into Uncle Sam's Bonds. Let me get our budget book and show you what I mean."

"See there, we can cut out some of our recreation. We can get along very well without that trip we planned. We can cut out so much that's unnecessary, and you know, Dad, we're not so young as we once were. This additional saving will help us when peace comes."

"Yes, Mother, we've bought these extra Bonds and haven't missed the money, so there's no reason why I cannot increase my Payroll Savings deductions down at the plant and then we'll be sure of getting those extra Bonds. Keep on backing the attack with War Bonds."

### VICTORY VOLUNTEERS

None are more ready to serve in any emergency than the Girl Scouts.

Each Nurse Corps Cadet Helps Send Graduate to Front

Twenty-five hundred more graduate nurses are needed every month for the fighting forces. Six nurses are needed for every 1,000 soldiers, to assist behind battle lines, bring soldiers home from the fronts, and serve in hospitals.

To meet this wartime need, the United States Cadet Nurse Corps offers young women a chance to get into nurses' training, with living expenses paid, with distinctive wartime uniforms provided free, and with an allowance ranging from \$15 to \$30 a month for the training period of 24 to 36 months.

Helps Send Nurse To Front

A girl can enter the U. S. Cadet Nurse Corps at a younger age than she can enter other branches of the armed services. As soon as she enrolls, the nursing assistance she

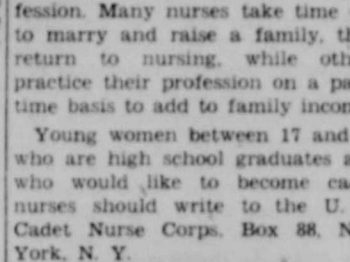

gives helps send a graduate nurse to the front. And when the cadet herself graduates she, too, may join the armed services.

Army and navy nurses are commissioned officers and receive pay, allowances, and insurance according to army and navy pay schedules.

After her war-time service, the trained nurse will find need of her services, helping to handle problems of disease, malnutrition, and war shock. Her profession offers many types of career in the post-war world-administration-with pay that on the average is better than that of women in other professions.

Possibly because nursing develops qualities which are admired by men, a higher percentage of nurses marries than in any other women's profession. Many nurses take time out to marry and raise a family, then return to nursing, while others practice their profession on a part-time basis to add to family income.

Young women between 17 and 35 who are high school graduates and who would like to become cadet nurses should write to the U. S. Cadet Nurse Corps, Box 88, New York, N. Y.

October 17, 1943

Dear Mr. Stewart:  
I will write you a few lines to let you know that I received the paper O. K. I sure was glad to get it for I could tell what was going on at home.

I was sure proud to know that the bond drive went over so well, because I know that the people back home are backing us all the way. There isn't very much here that I can write about and we are still in detention and don't get any liberty yet, so I don't know what the surrounding country and towns are like.

Well I will close for this time.

Luck to all.

Camp Claiborne, La.

October 21,

Dear Van and Gang:  
Well, I'm finally in Claiborne. We arrived here last night and got settled today.

This sure is some place. It is scattered all over the map. I don't think it would do any good to get a pass to town, you never could find the town. I thought Ft. Sill was bad enough, but I would gladly trade back right now. For one thing there is no gas in this camp and of course they use coal for heating and cooking. Consequently we don't have hot water.

I've really started off right in this army. I made K. P. guard duty, latrine duty, barracks orderly (two days) and have policed at least a section of land around the company area. That was all in Ft. Sill. Haven't done anything but drill this afternoon here.

Don't know whether I am going to get this finished or not, the gang here is holding a real ball session here.

How is everything there? Guess the paper is coming out alright. Bill Herndon got last weeks paper and I read it before I left Ft. Sill. Sure do miss you all and the shop. I believe I would still rather pay the income taxes. It really isn't so bad though.

I don't know how long I am going to be here and no one seems to know, but I would like to have the paper. I know how you all like to make changes. We are supposed to be here for five weeks of basic training before being assigned, but that doesn't mean that I will. However, I'll try not to change around too much.

I will try to write more soon and maybe it will make more sense. I'm writing this on my bunk and that is one reason the writing is so bad.

Hope this finds everything fine and all of you well.

Dear Mr. Stewart:

I think it is about time that I inform you of my new address. It seems that I am successful when it comes to staying in Ft. Bliss, but I can't settle down for more than two or three weeks, when it comes to keeping the same number of my organization and I imagine that you have had a great deal of experience with the forwarding service in the army at times.

With the recent lifting of censorship concerning weather reports, I imagine it will be safe for me to mention the present conditions here. The post is located at the foot of a range of hills or mountains, and there is usually a high wind because

of it. The wind tonight is particularly high, and generous servings of sand are given out with each gust. Incidentally, it should be pretty warm up there in the Panhandle. We seem to be having all the cold weather here at the moment.

The last couple of weeks I have been going to another of those army schools. This week I was transferred to a Battalion that has just finished its training and will be ready for foreign service as soon as the men have had their last furloughs. I am working now trying to get a leave out of it myself. If everything works out, I will probably be home for a few days in two or three weeks. I won't say anything for certain yet.

I'd like to take this opportunity to thank you and the U. S. O. for the paper. Maybe I will get a chance to thank you personally before long. Here is my new address.

Lt. Edwin Thomas Jr.  
784th A. A. A. W. Bn.

October 17, 1943

Dear Folks:  
It is a beautiful Sunday, and I have just returned to the office after dining on steak at the Officers Club. This morning was spent winding up my work, and this afternoon I'll try to answer a letter or so. We have to work on Sunday about an average of once every 3 or 4 weeks—just answering the telephone, etc.

This afternoon is open house for all visitors who wish to see the post. How about coming down? Yesterday was the second anniversary of the Air Service Command, so today they are having a nice program. This is the headquarters for one of the air service commands—WRAAC on my return address means Warner-Robins Air Service Command. In about 5 minutes some parachuters are scheduled to give a performance, and I might be able to see it from the window.

Tomorrow I start to school again for 4 weeks. Will learn lots more about the Air Corps. I hope, I'm really glad to go, for I love to learn everything possible, and this will be so different from what we learned in school in Des Moines.

I still bowl a lot. Bowled a score of 131 last night, the highest I've scored.

I hear some planes so will look out the door for a few minutes. False alarm. Nothing happening yet. Lt. Norris is going out to take some

movie pictures of the celebration. I'd surely like to go along, but have to serve my day of duty here.

Have met quite a few Oklahomans since coming here. The first evening we were here, Lt. Battell and I were over at the Officers Club and were sitting at a table with 4 army officers. Four out of six of us had at one time lived in Oklahoma and three in Oklahoma City. One of them worked on a newspaper staff in Oklahoma City. Also met a Capt. Luther Miller from Carnegie, or somewhere near. Someone told me last night he was promoted to major yesterday, but haven't seen him since then to congratulate him. His family live in Atlanta, so he may have gone there this week-end.

Also, last week I met a Major Adams who lived in Oklahoma City about 20 blocks from Bera. He went back to Oklahoma City yesterday to Tinker Field. Also talked with someone from Tulsa yesterday, while waiting for the bus, but don't know his name.

Winter is starting here now. The last two days have been quite cold, and I have been wearing an overcoat at night. But today is warming up quite a bit, and would be a grand day for pictures, except we are not allowed to take them on this post.

Must quit for now. Write when you can.

Dear Selma:  
Well, I will have to write you and tell about my fine trip last week. A friend and I secured a five day pass and flew to another island, one of the prettiest and largest of this group.

It was quite a treat, as you can well imagine. Like all vacations, or simulated vacations, we hated to come back and start to work after living the life of "Reilly," but are back in the old groove.

We arrived about ten o'clock in the morning and after checking in our hotel, paraded off to the USO swimming pool, which incidentally was quite a place to swim inasmuch

as the palm trees came right down to the water with steps and diving boards built into the natural lava rocks. There was plenty of cold Schlitz beer available, soooooo, it was here, Lt. ## NOTICE FOR BIDS

NEW HOPE  
School Building  
To Be Sold

Sealed bids for the sale of the New Hope school building will be accepted by the directors of the Perryton Independent School District, same to be opened on Nov. 15. Bids must be accompanied by a certified check for one-half the amount of the bid. Sealed bids will be received by C. Wedgeworth, superintendent of schools, or H. I. Hudson, president of the board.

The board proposes to sell the building exclusive of real estate. If bidders desire to purchase land, they must deal with estate of the original owner of the property on which the school building is located, and to whom the land will now revert.

"I know a woman who went into a meat market and asked for a beef roast. While the butcher was weighing it, she saw another piece of meat in the showcase that looked much better so she asked if she might have it instead. Without so much as a word, the butcher swept the roast he was weighing off the scales, called out 'Next,' and the line of waiting customers moved up. The lady had lost her meat. . . the store had lost a customer. . . and the butcher didn't care. See what I mean? War is hell on good-will!"

"One of my friends went in to pick up his laundry on the day it had been promised. He made two more trips before it was actually ready. The girl had trouble making change for his twenty-dollar bill. He said, 'Give it to me in silver or any other way, this is my third trip and I don't want to make another.' The girl snapped, 'Well, what didja want to come here in the first place for? Yes, war is hell on good-will.'"

"It's no wonder that one store I know of hung up a sign, 'Don't talk back to the help . . . the customer is always wrong.'"

"And you folks know without my telling you, that some of your clerks are building just as much ill-will for your firm as are the cases just mentioned. A manager told me yesterday that he knew his help was driving customers out almost as fast as he could bring them in. The manager of a group of laundries whose advertising I handle, told me that the smartest thing he could do today was to close his doors. He said, during these times can't keep from making dissatisfied customers. If we had closed up at the start of the war, and then opened up when times got back to normal, we'd get all the business in town because we'd be the only laundry that didn't have every one mad at us."

"And while that may not be true of your business as it is of this, there's no doubt that every store is making plenty of enemies today and will continue to do so as long as you cannot get as many employees as you need—or the kind of employees you need."

"What, then, is the answer to this problem? I say it is advertising. I know that advertising isn't a cure-all. I know it won't pacify a customer who has been cut short by one of your clerks—but advertising, the proper advertising, can play an extremely important part in protecting the business you have and insuring the business you hope to get in the future."

"Every week I have someone say to me 'why do so many firms continue advertising? I think it ought to be stopped. Advertising is a competitive tool, and you can't have competition in a period of scarcity.' Well, during the last world war a lot of firms thought that was true. They had no merchandise to sell, they were doing all the business they could, so why advertise? The sad experience they had in trying to regain lost markets, many of whom never succeeded, is why the magazines, newspapers and radio stations are flooded with adver-

tising today. Manufacturers and retailers know that with fewer products on their shelves it's more necessary than ever to keep your name alive."

"In your own particular business, you folks know that there is a constant shifting of customers because of shortages. Maybe your competitor down the street or in the next town has a stock of some items you're out of. So what happens? He weans away one of your old customers. And maybe you have some merchandise he doesn't so you get a few customers of his."

"So that's one reason for advertising today—to try to hold or gain back eventually the customer you have lost through lack of merchandise."

"Forgetting all about good-will for a moment, I want to touch on another reason it seems to me that you business men should advertise. When I go into the average store today I am impressed with one thing—you're selling almost everything but your regular line. In other words, the business is like the old gray mare, she ain't what she used to be."

"Today you can go into a tire store and buy a pair of overalls. Your electrical dealer is a good place to buy linoleum and while you're there you can look over a nice assortment of potted plants. While you're doing that, your wife is across the street in a grocery store buying some sherbet glasses or an encyclopedia. She has perhaps already stopped at the five-and-ten-cent store and bought a new end-table. . . at \$4.45."

"These hypothetical transactions, everyone of which is entirely possible, I've merely used to illustrate the current trend in retailing. Part of the reason, I'm told, is because of a shortage of merchandise. . . especially where metals are used. In an effort to keep your shelves filled and to have something to sell you've added new lines that are foreign to your store."

"And that, most certainly, is a very important reason for advertising. Even in times like these, you can't expect people to buy unless they know you have something to sell. Running a store without advertising is like the boy who threw his girl a kiss in the dark, he knew what he was doing but no one else did."

"Some merchants I've talked to seem to think that this trend to carry other lines will be even more pronounced after the war. I'm certainly in no position to say, . . . but if it is true you should be laying the future foundations for your business with the right kind of advertising."
