Three Slaton Men Indicted

Three Slaton men were among
58 persons indicted by a 137th
District Court grand jury Tues-
day in Lubbock.

An indictment alleging robbery
by firearms was returned
against Linner Lee Younger,
27, Slaton, in connection with
the Sept. 28 hijacking of Wiley's
Shamrock Station on the US-
84 bypass.

Jaime Aguilar, 17, was in-
dicted on a theft over \$50
charge, and Santos Gonzales,
23, was accused of passing a
forged instrument.

In Slaton this week, police
were investigating the theft of
a safe containing about \$150
in silver which was taken from
Walker Courts recently.

A two-car accident was re-
corded Sunday evening in front
of Mercy Hospital on 19th
Street. Drivers of the vehicles
were Hattie M. Barnes and
John H. York. Damage was
light.

Police issued 21 traffic tick-
ets the past week, and four jail
arrests were reported.

Movie Showing This Week Here

"The Restless Ones" in Slaton.
The full-length dramatic movie
is being shown in Slaton High
Auditorium. Two performances
were shown last night.

Admission to the movie is

sored in Slaton, but has been
arranged by a local committee
representing all denomina-
tions.

The movie, which will be
shown at two performances to-
night at 6:30 and 8:45 p.m.,
and again Friday night is con-
sidered the most successful yet
produced by Evangelist Billy
Graham. While it penetrates the
thoughts and actions of teen-
agers, the motion picture has
received wide acclaim from
parents and teenagers alike.

Admission goes to local ex-
pense and film costs. No pro-
ceeds are to be distributed
locally.

'A SEASON THAT COMES ONCE IN 20 YEARS'

Local Cotton Improvement Group Gets Praise From International Magazine

Slaton farmers have put their
community "on the map" with
a story published this week in
"The Cotton Digest", an in-
ternational weekly magazine
generally recognized as an
authority in the cotton business.
The article features the
Slaton Cotton Improvement As-
sociation and its goal to pro-
duce better cotton, and one-

variety production from the
"block" or farm area.

The writer labels this cotton
season as "A Season That
Comes Once in 20 Years."
Following is a reprint of the
article from "The Cotton Di-
gest". It should be noted in
the listing of the gin board
that J. B. Lamb is incorrectly
listed as J. D. Lam.

PENDING CITY ACTION

School Okays Tax Appraisal

Subject to City of Slaton
agreement, the Slaton School
Board Tuesday night approved
a bid from a tax appraisal
firm to conduct a revaluation
program here.

Since the City must act on
the matter, the name of the
company is being withheld until
action is taken. Trustees and
city commissioners have held
several joint sessions to dis-
cuss the revaluation program.

Main purpose of the program
is to bring about better tax
equalization on property in the
city and school district. A joint

session was held recently to
interview representatives from
tax appraisal companies.

In other business during the
regular school board session
Tuesday night, trustees approved
a \$4,800 expenditure to pave
the parking lot at the new high
school gym, approved interior
colors for the new band hall
at high school, and approved
bills.

The board also voted to
change the regular monthly
meetings to the first Monday
of each month during basketball
season. Trustees normally
meet the first Tuesday.

The board named Hood Pay-
ing of Lubbock to handle the
parking lot project. Installation
of lights for the parking area
was also suggested by Tommy
Davis, Supt. P. L. Vardy said
this was being planned.

Dr. M. J. McSweeney suggested
that the board be presented a
more detailed breakdown of bal-
ances and expenditures in var-
ious accounts each month, and
Dr. Vardy said it would be
done in future meetings.

Two school district patrons
asked for tax relief on busi-
ness property, and the board
voted to ask the board of
equalization to review the two
cases. Appearing at the meet-
ing to present their appeals
were Kenneth Henderson, Sla-
ton Steam Laundry, and Thell
Pattain, Pattain's Frozen
Foods.

As a matter of information,
Davis asked the superintendent
if the school's move to Class
AAA next season would effect
the salary paid coaches. Dr.
Vardy said Slaton was in line
with most of the schools, both
as to number of coaches em-
ployed and as to salaries paid.
Davis also posed a question,
as a matter of information for
(See SCHOOL, Page 3)

With generally favorable
weather in October, an un-
usually early maturing crop,
and the advent of higher quality,
this year's cotton crop con-
tinued to present a bright pic-
ture in Slaton and the sur-
rounding area.

Subfreezing temperatures,
arriving "right on schedule"
last week, brought "defoliating
weather" across the South
Plains and is expected to send
the huge harvest of King Cotton
into peak operations before the
end of November.

Plains Cotton Growers, Inc.,
and the Lubbock Cotton Ex-
change put a Nov. 1 estimate of
1,247,000 bales on the 23 -
county area. This is up 16,500
bales over the Oct. 1 forecast.

Prices for this year's crop
are ranging from 100 to 300
points over loan values for the
shorter staples to 1400 or more
over the loan for some of the
longer staples grown in this
area.

This means some farmers
have received a total price of
around 50 cents a pound for the
longer staple cotton. The Slaton
Cotton Improvement Associa-
tion reported early ginnings on
Acala at an average price of
37.50 cents a pound, with some
bringing up to 41.80.

Thus, figuring the farmer's

equalization payment of 11.58
on the market price, some cot-
ton has brought over 50 cents
a pound--a dramatic reversal
of prices off last year's cotton.

Naturally, the early -
season ginnings are varieties com-
manding market premiums
from the mills, with much of the
cotton being harvested by spin-
dle-type pickers. The PCG es-
timates 34 percent of the area's
acreage this year was planted
to cottons of the longer staples.
The Lubbock Cotton Exchange
reported Saturday that there
probably is more open cotton,
percentage-wise, for this time
of season than in any year since
1956. The first hard freeze
last week, coming here Nov.
3-4, should be generally ben-
eficial in preparing the crop
for mechanical stripping.

Some damage is expected
from the freeze and from wet
weather the past few days, es-
pecially on late plantings.

Dies, Rites Held

Mrs. Greta Jackson, 73, wife
of the late A. M. Jackson, for-
mer publisher of The Slaton
Slatonite, died at 11:30 a.m.
last Thursday in Mercy Hos-
pital.

She and her husband came
to Slaton in 1940, when he pur-
chased the paper. He died in
1961.

She worked with him at the
newspaper until 1953, when he
sold it because of ill health.
Mrs. Jackson was born and
reared in East Texas and was
a graduate of the University
of Texas.

She was a charter member
of the Slaton Garden Club, a
member of the Women's Society
of Christian Service at the
Methodist Church and a member
of the PEO Club in Lubbock.

Services were held at 10
a.m. Saturday in the First
Methodist Church with the Rev.
Bruce Parks, pastor, offici-
ating. Burial was in Engle-
wood Cemetery under direction

Last Chance at Grid Game

Bob Dyess of Southland was
the grid expert in last week's
Slatonite Football Contest,
missing only 5 games out of the
24 listed and taking the \$10
first prize.

Kenneth Hughie, 230 E. Pan-
handle, also missed 5 but came
in second when he was further
off the total score of the tie-
breaker game. Dyess guessed
28 and Hughie 23 on the Tech-
Rice game, which came out with
a 24 total.

Third place went to H. H.
White with 6 misses, and he
edged two others on the total
score to get the \$2 award.
Buford Duff and Bobby Brake
each missed 6.

This week's contest will be
the final one of the season, so
it's our last chance to try for
a free cash prize. Turn to the
contest page, follow the easy
rules, and submit your pre-
dictions this week!

Lions Attend Zone Meet

Four Slaton Lions attended
a zone meeting in Lubbock Mon-
day night.

sion chairman; Speedy Nieman,
local president; and Arvin Staf-
ford, club secretary.

Saturday Election Set on Amendments

Voters in Slaton and through-
out Texas will decide Saturday
whether they want six more
amendments to the State's Con-
stitution.

In Slaton, the usual three
boxes will be open for the
election -- Box 36 at the Club-
house, box 37 at West Ward
Elementary and box 38 at Step-
hen F. Austin school.

A check at the absentee box
in Slaton, located in Kertan
Studio, showed a relatively large
number of ballots cast. The
box closed Tuesday afternoon
with a total of 64 absentee
votes cast.

A light-to-moderate vote is
predicted. Saturday is the open-
ing day of the deer and turkey
hunting season in most coun-
ties, meaning a lot of hunters
will be in the field instead of
the voting booth.

However, election day also is
Veterans Day, and backers of
the proposed amendment to re-
vive the veterans land pro-

gram are staging an active
get-out-the-vote campaign. So
are supporters of two other
amendments--the one authoriz-
ing the state to issue bonds to
finance expansion of the Texas
parks system, and the one per-
mitting state officials and em-
ployees to hold more than one
office.

This is the first general elec-
tion in Texas since the "scratch
out" method of voting was eli-
minated. Now an "X" indicates
your choice.

Miss Kercheval To Demo Meet

Beverly Kercheval, state
vice-president of the Young
Democrats of Texas, will leave
Monday to attend the Young
Democrats' National Con-
vention to be held in Holly-
wood, Fla. She is an elected
delegate from Texas.

She will leave Austin Tues-
day by chartered bus with other
Texas delegates. The group
plans to return to Austin Sun-
day.

KAPPAS ATTEND TEA

Three members of Kappa Kappa Kappa attended a tea in Lubbock last week honoring Loretta Causar, state president. Those attending were Mrs. Beryl Gunter, Mrs. Paul Johnson and Miss Jackie McElfresh. Mrs. Johnson, a new member, was initiated in services conducted by Mrs. Causar.

Proceeds Go For Curtains, Jungle Bars

It was reported by school officials and PTA members that the two Halloween Carnivals held Oct. 31 proved to be quite successful.

At West Ward Elementary, Mrs. Don Sikes, president of the Parent Teachers Association there, reported the carnival grossed \$951 and they expect to clear at least \$750. The proceeds, along with the money made at the carnival last year, will be used to purchase curtains for the stage in the West Ward cafeteria.

Winning special prizes at the West Ward Carnival were Tony Royce and Paul Sumrall. The carnival at Stephen F. Austin school netted about \$125. The money will be used toward installing \$160 jungle bars for the playground. David Valadez was winner of the special prize at that school.

Senior Citizens Hear Rev. Parks

Rev. Bruce Parks, pastor of the First Methodist Church, gave a message entitled "Power of Leavening" to members of the Senior Citizens Club last Friday in the clubhouse. He took his text from Matthew 13 and gave thanks for the meal with his closing prayer.

The group played dominoes after a business meeting was conducted by Mrs. George Evans, vice-president. The opening prayer was given by F. B. Sexton, chaplain. The group sang some songs with Mrs. H.E. Atlap accompanying them on the piano.

HD Members Hear Program On 'Elegance'

Mrs. Noel Ellis, a graduate and instructor from the Jean Johnson Success School, presented the program, using "Elegance" as her theme. She also discussed different aspects of the fashion world.

Plans were made for a Christmas party which will be held at the Slaton Rest Home at Christmas time.

A Thanksgiving salad luncheon is scheduled at 1 p.m. next Wednesday at the club house. Program at that time will be "Interfacings, Linings and Backings" presented by Mrs. Martha Schmidt.

Refreshments of pumpkin pie, pecan pie, hot chocolate and cookies were served by Mrs. Don Wendland and Mrs. Joe Baker.

Forty-five teachers met Wednesday, Nov. 1, at 4 p.m. in West Ward Cafeteria for the second 1967-68 session of Slaton Classroom Teachers' Association with R. G. Copeland, president, conducting the business meeting.

A membership report stated that 76 teachers have paid membership dues, with West Ward, Evans and Junior High reporting 100% memberships.

Following a report on and discussion of continuing contracts (House Bill 166), it was moved and passed that SCTA approve the idea of continuing contracts. The Professional Consultation committee's report was not ready for presentation, but there was some discussion on the subject.

SCTA members elected Bill Carnes as their nominee for District XIII's Texas Classroom Teacher's Association State Advisory Board.

It was reported that 30 Slaton teachers had signed to attend a TCTA Workshop in Lubbock on Thursday, Nov. 9, at 6 p.m.

From Impala, world's most popular car The silent ride of quality for '68

Now there are more good reasons than ever why people should prefer Impala. Like all regular Chevrolets, it's even further ahead for '68!

A more hushed ride
Among other things, we refined and improved everything about the ride to make it surprisingly smooth and silent. Just try it and see. You'll find that our

engineers used electronic computers to pinpoint places where noises might develop, and installed a special network of rubber cushions to keep squeaks and rattles from disturbing your comfort. We doubt that you've ever driven a car that moves so noiselessly.

The look you like best
People have always preferred Impala's looks. So for 1968 we made it even more beautiful. We gave the grille a more massive and masculine look. We gave the hood sweeping new lines and tucked the wipers neatly out of sight. We designed the taillights right into the rear bumper for a look you're sure to like.

We owe you the best
We figure we owe people more than other car makers. Because it was people like you who put us in first place in the car business, and who keep us there year after year. We appreciate it.

Judge Shaver Guest Speaker At Rotary Club

District Judge William R. Shaver was guest speaker for the weekly Slaton Rotary Club luncheon meeting at the clubhouse last Tuesday.

Judge Shaver's topic was a discussion on the factors involved in the increasing crime rate in the United States. He was introduced by County Commissioner Max Arrants.

Rotarians surprised Judge Shaver by presenting him with a birthday cake.

The 72nd district court judge emphasized that a respect for law is vital to our nation. He pointed out that 23 percent of the population is under 10 years of age, and that parents should shoulder the responsibility of teaching law and order.

Population increase and the shift of the population to large urban areas were two factors listed by the judge in the crime rate increase. Supreme Court decisions affecting law enforcement officers, family structure changes, and poverty were other factors mentioned.

Rotarian Leroy Holt is in charge of the program this week.

Lions And 4-H Clubs To Hear SW Bell Man

Glenn Scott, Southwestern Bell Telephone Company's science demonstrator, is scheduled to present two performances in Slaton on Nov. 14. Scott will be at the noon meeting of the Slaton Lions Club at Bruce's restaurant, and he also will appear at a 7:30 p.m. meeting of Slaton 4-H Clubs at the Slaton Clubhouse.

Scott, a veteran of almost 6,000 public appearances in Texas, will present "The Magic of Communications." This is a new demonstration, which Scott began presenting in September. In the show, Scott will trace the evolution of the telephone instrument. He will demonstrate working models of early telephones, display recent but unsuccessful experimental phones, and show the latest instruments. He also will demonstrate a helium-neon laser, transmitting music over its beam.

Legerdemain and sleight-of-hand will embellish Scott's presentation of the factual, scientific material.

"There is nothing magic about today's telephone service," Scott says. "It is the result of thorough research, careful planning and hard work. But the wonders of telecommunications seem almost to be magic and they lend themselves to magical interpretation or demonstration."

COTTON---

(Continued From Page 1)

Cotton Improvement Association are headed by a real farmer named Walter Heinrich. All his members are cotton farmers first and only—all are from the surrounding gin community. They have pledged themselves to better cotton, and one-variety production from the "block" or farm area. Their ginner is Jay Gray, manager of the Slaton Gin.

The vice-president of this group is Joe Walker; their secretary and treasurer is Glenn Akin; and the board members are Donald Jones, Ed Moseley—all cotton farmers. Alex Bednarz is president of the gin board, and the other members of the gin are Fred Stephens, veep; Ray Kitten, sec-treas., and Buz Wimmer and J. D. Lam, gin board members—all farmers, and the guiding members that thought up the Slaton Cotton Improvement Association—and making it go!

They sell cotton to anyone—the co-ops, the trade or the mill buyer—to the one with the highest price whom wants the cotton enough to buy it. They are free-enterprisers, even if they are co-op gin members. They are farmers first but good business men right along with it.

They know the plains area has had a bad name in the past, and they intend to raise that image.

If the weather holds out, their luck runs good, and the Good Lord works with them, they will raise Acala 1517 this year to sell to the hungry mills of the world at a good and advancing price. They will be well-paid for their efforts and the efforts of their top notch gin and their top notch farmers. They are running mostly John Deere and International Picker, but they may use brush strippers if conditions force or warrant them in the next few weeks to come.

The mike of their early ginnings is good, the

Pressley is averaging 95,000, and even running better in some lots. They have planted only registered and certified seed, and will stay with it in 1968. They are one group of farmers that are looking closely at the cotton market and advancing prices and they are going to plant 95 per cent of their acreage allotments if the conditions stay good, and warrant it when planting time rolls around next spring. There will be few members here taking the 65 cent diversion route. You can easily see why.

As we have said before, cotton can go to 50 or 60 cents, or it can go anywhere—that is the price of good cottons and the longer staples—and no doubt the 15/16's and below will rise as the season grows longer if the crop grows shorter.

The rains, snow and cold weather of the past three days on the Lubbock Plains have ended, and the time grows short as the days grow few, but for the nonce at least cotton has returned as "King" in this area (it always was on the 20 counties of the south plains that were producing over 2,000,000 bales until the present program came along that seeks to reduce the loan surplus—a job it is doing magnificently).

The farmers are happier than they have been in years, and much of the trade that is left is happy. Too bad it couldn't have happened two years ago, so many fine farmers and many fine traders would still be on the scene.

We need more acreage in 1968, and we need more cotton. We hope the farmers are going to raise it. We don't think these plains farmers are the "stupid" ones we wrote about some months ago—and sure as the devil we could not have been talking about the farmers around Slaton!

"Our soul waits for the Lord; he is our help and shield. Yea, our heart is fixed in him, because we trust in his holy name. Let thy steadfast love, O Lord, be upon us, even as we hope in thee."
— Psalms 33:20-22

Where is God? Should someone ask this question, most of us have a pat answer, one we learned early in childhood: God is everywhere.

Why is it, then, that we fail to recognize God on so many occasions? Why is it that we turn to God so seldom?

God is everywhere. All the time. God is not just there when there is a need. God is not just around to hear a prayer. God is everywhere, waiting to be part and parcel of every daily undertaking, waiting to be recognized. God is never far away.

Wilkes At Lutheran Banquet

Hello, friends and neighbors, it is so good to be back again this week. It is a little cold here at Southland, but, I for one, kinda like the cold weather. Of course, I am not out in it very much, so that does make a difference.

SISTER DIES

We would like to extend our deepest sympathies to two families of this community, Mr. and Mrs. H. D. Taylor and Mr. and Mrs. Earl Lancaster, whose sister, Mrs. Alvie Foster, passed away early last Monday morning. Her funeral was held at 2:30 p.m. on Tuesday at the Chapel Hill Baptist Church and she was laid to rest in the Resthaven Memorial Park of Lubbock. Mrs. Foster was the sister of Mrs. Lancaster and Mr. Taylor. May God be with these families during their time of sorrow.

Hawton Haire is in Mercy Hospital at Slaton where he is very ill. May God be with Mr. Haire and his family during this time and always.

Mr. and Mrs. Leroy Voigt former residents of Southland are the proud grandparents of a big boy, born Oct. 29 to Nancy Voigt Best. The big boy, who has been named Michael Glen, weighed into this world at 7 lbs. 4 ozs., and his parents are Mr. and Mrs. Glen Best. Glen is serving with Uncle Sam's army and has been serving in Vietnam, but at present he is home on a 30-day leave. Our sincere "Congratulations" go out to all of you.

Recent visitors in the home of Mr. and Mrs. Ed Denton were Bill Dial from Lubbock, Mrs. Rene Mae Samples from California, Mrs. Maggie Hallman from the Hackberry community, Mrs. Neva James from Snyder, Mrs. Joyce Witt from San Angelo, Brother and Mrs. Hill and Darrell from Southland and Brother and Mrs. Eddie Fortson from Duncannon, Cleo and Mrs. Ed Denton.

visited with Mrs. Viola Pruitt in Slaton Friday afternoon.

Cleo and Mrs. Denton attended the Southland Homecoming and enjoyed visiting with all the different people who attended.

WACO VISITORS

Mr. and Mrs. J. B. Rackler Jr. and Jeffery from Waco spent this past week-end visiting here with relatives. They spent Friday night and Saturday with Mr. and Mrs. Pete Rhoads in Slaton, and they spent Saturday night and Sunday with Mr. and Mrs. J. B. Rackler and Beverly. Mrs. J. B. Rackler and Grandma Rhoads were Sunday dinner guests of Mr. and Mrs. J. B. Rackler and in the afternoon, Mr. and Mrs. Pete Rhoads visited in the Rackler home. J. B. Jr., Vicky and little Jeffery returned to their home in Waco Sunday night. Great Grandma Rackler said that little Jeffery is growing like a "water weed."

Beverly Rackler entertained a group of girls with a slumber (or slumberless) party in her home after the football game Friday night. Those attending were Glenna Moore, Nan Steen, Brenda Kirby, Marsha Kitten, Linda Mears, Doris Holder, Susan Love and Beverly. Bet that household got very little sleep that night!

Mrs. Virgie Roper visited with Mrs. J. F. Rackler Friday. Mr. and Mrs. Bill Basinger from Mercedes are here on business and visiting relatives and friends.

TO CALIFORNIA

Mrs. Alice Martin returned recently from a trip to California. While out there, she visited with Mr. and Mrs. Roy B. Underwood (a daughter) in Richmond, Calif., and she also visited with friends in Oakley, Chico, Oakland and San Francisco. In San Francisco, Mrs. Martin visited the Wax Museum and other places of interest. Coming back on the train, Mrs. Martin met a lady who grew up in the same place as she did, and Mrs. Martin knew this lady's father. Isn't this a small world?

Mr. and Mrs. Herman Dabbs and Mrs. Alice Martin attended the funeral of Mrs. Alvie

Foster in Lubbock Tuesday afternoon.

HAS BIRTHDAY

On Wednesday, Nov. 1, Mrs. Alice Martin took Mrs. Thelma Dabbs out to dinner at the Howard Johnson Restaurant in Lubbock to celebrate Thelma's birthday. Later, the two went shopping. Later on they visited with Mr. and Mrs. B. N. Billings who live in Lubbock.

Blanton Martin from Hart Camp visited with Mrs. Alice Martin on Saturday. He was on his way to Post to attend a funeral.

Five ladies from this community are attending art lessons in Slaton. Their teacher is Janice Robertson and these five ladies are Thelma Dabbs, Maggie Hallman, Mary Lois McNeely, Montie Huddleston and Alice Martin. They are having a lot of fun and learning how to draw and paint. Wonderful!

Mr. and Mrs. Robert Becker and children from Brownfield spent Saturday night and Sunday in the home of Mr. and Mrs. Willie Becker.

Little David Becker, son of Mr. and Mrs. Junior Becker, has been on the sick list for several days. Hope he gets to feeling much better real soon.

Edmund and Yours truly attended an area banquet of members of the Lutheran Church which was held in the Redeemer Lutheran Church in Lubbock Sunday night. This banquet was held in observance of the 450th anniversary of the Reformation.

Dr. Carl Heckmann from Austin, president of the Texas District of the Lutheran Church, Missouri Synod, was the guest speaker. Approximately 250 people attended this banquet.

Don Altman, son of Mr. and Mrs. Deamos Altman, former residents of this community, and now living in Post, came home on leave this past Saturday. Don is an M. P. serving with Uncle Sam's army and has been overseas for quite some time. After he reports back to duty, he will be stationed here in the States until his discharge.

Jackie Dunn, who is living in Austin, was home for the week-end. While here he attended the Southland - Union ballgame and the Texas Tech Homecoming.

Eagles Downed

By Spur, 40-0

Spur's potent Bulldogs got back on the winning side of the ledger last Friday, blanking the Roosevelt Eagles by 40-0 in a District 4-A game at Spur. Roosevelt will host the champion Crosbyton Chiefs Friday night to end the season. The Eagles are 2-6-1 on the season and 1-5 in district play. Fullback Gary Howell scored on runs of 5 and 12 yards to start Spur rolling last week. Willie Ortiz ran 10 yards and Mike Sweet plunged one yard as Spur took a 27-0 lead at half. Quarterback Johnny McArthur passes to Larry Henderson on a 20-yard scoring play in the third period, and Sweet returned a punt 65 yards in the fourth. Spur is 6-3 on the season.

Southland Tops Union by 44-20

Halfback Bill Bevers scored three touchdowns to spark the Southland Eagles to a 44-20 win over Union's Bobcats at Southland last Friday in a District 2-B eight-man contest.

Stanley Abshire reached pay-dirt on a one-yard run, and Bevers lallied from four yards out as Southland moved ahead by 14-0 in the first period. Darrell Wilke ran for a 2-point conversion.

Halfback Ricky Dill scored for Union, but Southland came back with another touchdown by Wilke to take a 22-6 lead at halftime.

Bevers intercepted a Union pass and ran it back 20 yards in the third period, then he ran 30 yards for another score in the final quarter.

Dill scored again for the Bobcats to cut the margin to 38-12, but Wilke fired a touchdown pass to Joe Basinger on another Eagle tally. Union halfback Gary Brewer wound up scoring with a 9-yard effort. Luis Flores, Curtis Abshire and Doug Smallwood were defensive standouts for Southland.

Cooper Triumphs Over New Home

Ronnie Schaffner led the Pirates, returning the opening kickoff 70 yards for a score and adding on two more touchdowns runs during the District 2-B contest.

Rickey Smith tallied twice for the Pirates, and Mike Ehler contributed a touchdown.

Kenny Fillingim passed to Mike Fillingim for one Leopard score, while Ricky Maloney and Stanley Gill registered a touchdown each.

Cooper is now 3-6 for the season and 2-5 in district action. The Pirates are open this week and close out the season at home next week against Anton.

Wilson Stays In Title Race, 28-24

4 AA ROUNDUP

BY ROY McQUEEN
Area Sports Reporter

Mustangs Bag Grid Title Ag

Wilson's Mustangs rallied for two touchdowns in the fourth period to win a close 28-24 contest at Amherst Friday night in a crucial District 2-B battle. The triumph left Wilson with a 5-1 record in loop play, the same as Meadow, Amherst and Anton are now 2-1. Meadow topped Anton by 7-0 Friday night. Wilson has two home games left, hosting Whiteface this week and Ropes next week.

Quarterback Johnny Scott was the big gun for Wilson, completing 15 of 20 passes for 227 yards -- including the two crucial scores in the fourth quarter. Gary Moore was his favorite target, nabbing 11 passes for 167 yards.

The winning toss was a 38-yarder to Keith Weid.

The Bulldogs of Amherst grabbed a 16-14 lead at halftime, after both teams scored twice in the second period. Amherst moved ahead by 24-14 to start the last quarter.

Scott ran for the game's first score in the second stanza, going six yards. But Amherst came back quickly with Royce McAdams passing to Rodney Maxfield for a Bulldog score, and McAdams ran for 2 points and a 6-6 lead.

Scott found Gary Moore on a 32-yard scoring pass as Wilson went back in the lead, 14-8, when Scott and Moore combined again for 2 points. Sammy Maxfield plowed over from 2 yards out to put Amherst back on top, 16-14, just before the half.

Amherst moved into a 24-14 lead in the third period when Dale Kelton plunged over after an 86-yard drive. McAdams ran for 2 points.

Then Scott went to work again, connecting with Gary Moore on an 8-yard scoring toss, then passing to Weid for the clincher.

Stricklin Returns

From Pheasant Hunt

Ebb Stricklin of Slaton returned Tuesday from a pheasant hunt near Beaver City, Neb. Accompanying Stricklin was Kenneth Jones, former Slaton resident now residing in Abernathy.

The final chapter of the 1967 grid campaign will be written Friday night -- completing an era ended abruptly by Inter-scholastic League realignment. Absent from the final weekend of play is that crucial title clash so often prevalent this time of year.

Instead, the rowdy Denver City Mustangs have safely bagged the conference's playoff rights by gaining at least a share of the loop crown.

Coach Don Orr's Mustangs can win the laurels outright tomorrow night by overcoming whatever opposition the winless Freshman Tigers can muster. It would take a miracle at best for the Tigers to derail the Denver City championship express.

The only thing that will keep Orr and company from breaking the century mark against the Tigers is a kind heart. A judging from last week's score against defending champion Post, it's doubtful that Orr will display any mercy.

In clinching a tie for the crown, Denver City walloped Post, 90-0. The massacre was launched with a 40-point scoring spree in the first quarter.

The final game will be played on the Denver City turf -- eliminating any advantage a home field might otherwise give the

Tigers. Denver City is also riding a seven-game winning streak after having dropped the second game of the season to Class AAA Seminole.

The Mustangs own a 8-1 season record and a 5-0 conference mark. The Tigers are 0-8 for the season, including five league encounters. In a non-conference tilt last week, Freshman bowed to Panhandle, 28-0.

The only real contest last Friday was Morton's slim win over the Stanton Buffaloes. The Indians, paced by halfback Charles Joyce, nudged the Buffs, 28-26.

Morton, plagued most of the season by injuries to key personnel, put its won-loss season ledger at 3-6. The Indians are 3-2 in district competition. Stanton is 4-5 for the year and 2-3 in conference play.

Slaton finished its season on a high note last weekend with a 58-0 spanking of the Midland Carver Hornets. Playing only a nine-game schedule, the Tigers terminated its 4-AA membership with a 7-2 season record and a 5-1 district standing. The season was the most successful for the Tigers since 1949.

Other games Friday night pit Midland Carver against Stanton, and Morton tangles with

Post. Denver City's efforts assured it the honor of offensive team -- score points in district game allowing only 8.

Biff Hatfield, Denver halfback, has one game to catch Slaton's Richardson for the league's scoring honors.

Washington racked points this year while has 66 points going to final encounter.

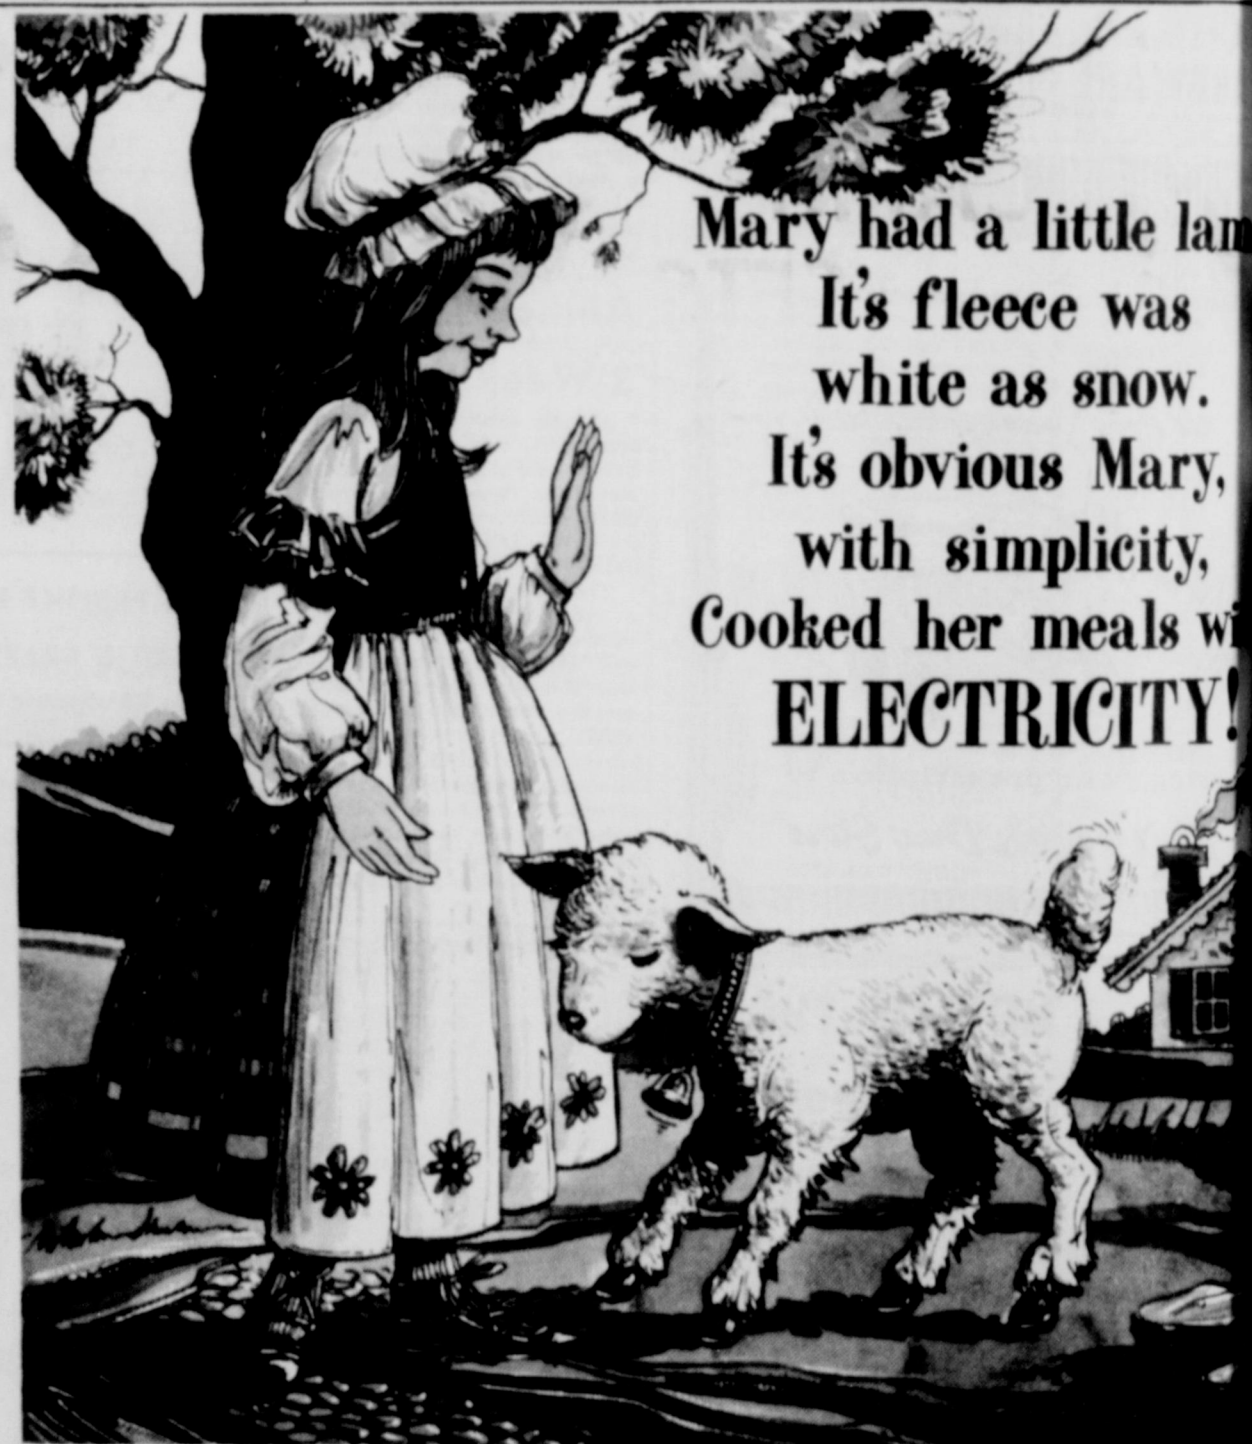

Putting the finishing on another season is met with mixed emotions. Denver City's care of Clifton in the play but find the go from that point on in the off.

But there's still a week of the regular and talk about playoff limits. Picking personnel to .871 after last season.

Morton 28, Post 26. Indians of Coach Fred are finally recovering from injuries and inexperience. Denver City 98, Post 6-0 or 200-0 if he Stanton 21, Midland 14--This one could way. The pressure is we might see some gully football.

Tigers End Season With 58-0 Victory Over Midland

Tigers put the icing on the cake Saturday night at Midland, ending the season with a 58-0 victory over the Midland team. The Tigers' record was 10-0, the best in the SLS grid team in the state.

Coach Ernie Davis, in a salute to his seniors in the last five minutes, put in the 10 boys who played their last grid game for Slaton. Halfback Essie Scott was the only non-senior on the field during that time.

The seniors did okay. They stopped Carver cold and scored the final touchdown when Simmons hit Ethridge with the 15-yard pass. Tom Davis and Johnny Lakey, playing at the unfamiliar linebacking spots, spearheaded a defensive charge that set Carver back 31 yards on two successive plays.

That lineup included Stricklin and Ethridge at ends, Johnson and George Quintero at tackles, Ball and Harris at guards, Davis and Lakey, Hall and Simmons as defensive backs.

Ethridge, Hall and Harris had good offensive nights to close out their Tiger grid careers, while juniors Rich Wash-

ington and Jimmy Williams made things look good for next year. Ethridge chalked up only 45 yards rushing, but the talented pass catcher took five receptions for another 88 yards.

Hall got 29 yards rushing, scored on the 37-yard pass catch and returned a punt 43 yards to set up a score. Harris got an even 50 yards on just 8 trips with the ball.

The Tigers put a 15-0 lead on the scoreboard before the Hornets ever registered a first down. Slaton kicked off and forced a punt after three plays. Slaton drove 63 yards for the first score, with Washington setting up the tally with a great 38-yard run that wound up at the Carver 4. Ethridge got two yards, then Washington smashed twice to get it across, Johnson's kick made it 7-0 with 7:01 left in the first stanza.

Slaton was held on its next series, then cranked up a long drive before the first quarter ended. Carver stopped the march on the first play of the second period, when Williams' pass was intercepted on the 1-yard line.

On the first play from there, however, Carver's Johnson

couldn't run the ball out due to a hard rush by Harris and several other Tigers. He was downed in the end zone for a two-point safety and a 9-0 Tiger lead.

Hall returned the ensuing kickoff from his own 25 to the Tiger 46, and Carver drew a 15-yard penalty for piling on. Washington and Harris chewed up some yardage and Williams hit Larry Allison with a 10-yard pass as Slaton drove for another score.

Washington dived in from the 3, and Johnson's kick was blocked.

Carver had its best drive of the night on the second series, taking the kickoff and chalking up its only three first downs in the half. The Hornets drove to the Tiger 21 but fumbled on a 4th and 2 play and Johnson recovered on the 22.

The Tigers quickly drove 78 yards to tally just before the half ended. Slaton pushed out to the 33, then Williams hit Ethridge with a 21-yard pass down the middle. With seconds left, he hit Hall about the 15, and the halfback raced in for the touchdown with 4 seconds remaining. Johnson's kick made it 22-0 at intermission.

Ethridge returned the second-half kickoff to the Tiger 40, and Slaton marched 60 yards for another score in just 7 plays. Harris sparked the drive by picking up 28 yards, then Ethridge broke loose from 17 yards out. Johnson's kick made it 29-0 with 9:01 left in the third period.

After forcing Carver to punt, the Tigers cranked up a 44-yard scoring drive. Washington and Ethridge got most of the yardage, and Williams hit Ethridge on a 15-yard pass in the march. Ethridge crashed over from a yard out and Johnson split the uprights again for a 36-0 lead.

Slaton racked up another quick one by recovering a fumble on the Carver 24 on the first play following the kickoff. Washington got half the distance on the first play, then plunged over four plays later from a yard out. The PAT kick made it 43-0 with half a minute left in the third quarter.

Tiger Statistics Given

Statistics reflect the successful season just completed by the Slaton Tiger football team, winding up with 7 victories and only 2 defeats.

The Tigers averaged 29 points a game to 7 for the opposition, and averaged 309 yards a game on offense while limiting foes to an average of 173 per game.

Junior fullback Richard Washington was a top individual performer, leading the way in five statistical departments. He led the scoring with 116 points, running for 19 touchdowns and one two-point conversion. This was good enough to make him the top Class AA scorer on the South Plains.

Washington also led in rushing, kickoff and punt returns, and pass interceptions. Quarterback Jimmy Williams was the passing leader, hitting 36 of 82 for 683 yards and six touchdowns. He also ran for 243 yards.

Halfback Doyle Ethridge, a senior, was the top pass receiver as he hauled in 20 receptions for 320 yards. He added 330 yards as a rusher and was the team punter.

Linebacker Buddy Pettigrew recovered three fumbles to lead the statistics. Bobby Ball, Larry Allison and Ethridge claimed two each.

As a team, the Tigers averaged 229 yards a game rushing and 80 passing. Scoring by quarters revealed that Slaton got stronger as the game progressed. The Tigers scored 46 points in all the first quarters of play, followed by 60, 75 and 81 points in the other periods.

The figures also reveal the Tigers had a "fullback offense", since 1,232 yards were accounted for from that position. Washington lugged the ball 170 times for 901 yards--averaging a 100 yards per game, while reserve fullback Dale Harris got 331 yards on 60 trips with the pigskin.

By the scant margin of a yard, Harris wound up in second place in rushing. Ethridge netted 330 yards on 83 trips with the ball.

VETERANS LAND!

On November 11, Vote to Restore the
Veterans Land Program

GOOD For VETERANS . . . and
GOOD BUSINESS For Your
Community . . .

HOW THE VETERANS LAND PROGRAM HELPS VETERANS

Each veteran would be permitted to purchase under a contract of sale \$10,000 worth of land with a 5 per cent down payment, appraisal and service fees of \$50, and legal and recording fees not to exceed \$100. Interest charged the veterans on past purchases has not exceeded 4 1/2%. Payments would be semi-annual and repayment would be amortized or retired over a period of 40 years. Any tract of land consisting of a minimum of 15 acres may be purchased under the program, there being no requirement as to use. A veteran may also select a tract costing more than \$10,000, but he will be required to pay the difference between the purchase price of the land and \$10,000, which is the maximum amount that would be paid by the Veterans Land Program for each veteran.

A veteran may pay off the loan at any time without penalty and receive a deed to his property. Under the Amendment, men or women who are currently in service and who otherwise qualify may also purchase under the Veterans Land Program.

It costs Taxpayers nothing,
Pays its own way . . .

Since its inception in 1949, the Veterans Land Program has stood on its own as one of the soundest state endeavors in modern times. It has been most successful and throughout the

years has not cost the taxpayers for its operation and the purchase of land. On the contrary, it has made it a profit for the people of Texas over and above its cost of operation.

Veterans Eligibility

The new Constitutional Amendment to be voted on November 11, 1967, will give the people of Texas on Veterans Day an opportunity to show their appreciation to the many veterans of Texas for the time spent in the service of their country. Veterans of Vietnam have not had an opportunity to take part in the Veterans Land Program, and this amendment would give them an opportunity to buy land in Texas, along with other veterans who fought in World War II and the Korean War. It would include any veteran who served from September 1940 to the date of formal withdrawal of troops from the present armed conflict in Vietnam. All veterans who entered the service from Texas and are presently living in Texas would be permitted to purchase under the program. All those who have moved to Texas and have resided in Texas for at least five years prior to making application to purchase under the program would also be eligible.

Since Texas has never paid their veterans a cash bonus but has always followed the policy of making land available to them, this Constitutional Amendment follows a historic policy of the State of Texas and has proven beneficial to all the people of this State.

SO...VOTE for VETERANS on VETERANS DAY Nov. 11

Editorial

Schools have acquired many descriptive titles inflicted by complaining students. After summer vacation such adjectives as the "tomb" and the "grindstone" reflect the feeling of the students. Phrases such as "a real drag" have been used to describe school and school life. But is school actually that bad?

School has been described as a "house of knowledge, intellectual foundation and the storehouse of wisdom."

Do such phrases for teachers such as "old-man-so-and-so" sound familiar? Yet teachers have been referred to as "instructors of leaders and keepers of the wise."

Students do not escape this ridicule at all. "Miss Priss" and "Smart Alec" refer to various types of students across the country. At times these same students are referred to as "the brain" or "the whiz" and are relied upon to help various students with homework and cramming for exams.

Through the years, these name-calling and complimentary tactics have been practiced. We should respect our school, teachers, and fellow students. Do your best to get along with everyone at school and make your school one of which you can be proud.

Don't Miss..

At
Martindale's

It was a farewell dinner for the minister, who was being transferred to another parish.

A little old lady was saying goodbye to the gentleman and concluded: "I'm sorry you're going. I never knew what sin was until you came here."

A farmer near Corning, Kansas, whose son was an applicant for a position under the government, but who had been repeatedly turned down, said:

"Well, it's hard luck, but John has missed that civil - service examination again. It looks like they just won't have him."

"What was the trouble?" "Well, he was short on spelling and geography, and missed pretty far in mathematics."

"What is he going to do about it?"

"I dunno. Times is mighty hard, and I reckon he'll have to go back to teachin' school for a livin'."
