Four Conventions For Two Parties Going On In State

DEBRIS AT COURTHOUSE

Pieces of concrete are shown strewn about the west entrance of the courthouse shortly after lightning struck the top of the building and knocked a 200-pound block of concrete down into the entrance a little after 12 o'clock this afternoon. The block split when it hit the bannister above and another large piece went through the open door of the courthouse. (LaWayne Hulse photograph.)

Courthouse Hit By Lightning In Rain

A flash rain and thunderstorm brought about .60 of an inch of rain to downtown Snyder at noon today where lightning struck at least two places.

In the midst of the blinding rainstorm, lightning struck the top of the county courthouse, tumbling a huge piece of decorative concrete, weighing about 200 pounds, to the west steps. The large artificial stone crashed onto the concrete slab atop the brick bannister of the steps, knocking a hole in the slab. Half the falling stone then bounced westward to the sidewalk below, and the remainder bounced through an open door and into the courthouse hall. No one was on the steps at the time.

Lightning also struck the small brick structure housing one of the city's water wells on Twenty-fifth Street at Avenue O, starting a small fire which was soon controlled by the fire department. Some telephones were put out of order by the lightning which also broke the short-wave antenna at the courthouse.

The terrific noise of the lightning strike at the courthouse failed to stop the civil district court case under way there which continued through the noon hour. The district courtroom is on the west side of the building just below the point struck.

Water flowed more than ankle deep along most of the gutters in the downtown area, and motorists pulled to the sides of the streets and stopped, unable to see well enough for safe driving, despite use of windshield wipers. Most of the rain fell within a period of about 30 minutes. The .60 of an inch was measured by Mrs. D. P. Strayhorn, official weather observer.

Borden Wildcat Staked To Go To Ellenburger

James H. Snowden and associates of Fort Worth have staked location for a 9,000 - foot wildcat in Southwest Borden County.

It will be drilled as the No. 1 J. M. Higginbotham. Location is 1,980 feet from north and west lines of section 24 - 32 - t3n-T&P, about one and one-quarter miles northeast of the Vealmoor field. The projected depth may take it into the Ellenburger.

Snowden secured the lease on a farmout from Gulf Oil Corp.

NEAR POST

Frank Farley and others of Fort Worth have announced their plans to drill an 8,600 - foot wildcat 15 miles north of Post as the No. 1 Guthrie.

Location is at the center of the northeast quarter of the southeast quarter of section 1111, TW&NG survey. The contract depth will probably take the prospector into the Ellenburger.

Farley secured the farmout from Forest Oil Corp. Honolulu Oil Corp. Stanolind Oil & Gas Co., and Sinclair Oil & Gas Co. are supporting the drilling.

KING WILDCAT

Continental Oil Co. has staked location for a rank wildcat 12 miles southeast of Gurthrie in King County.

It will be the No. 1 Alexander Estate, 1,980 feet from north and east lines of section 69-F-H&TC on a 13,776 - acre lease. Contract depth is 6,700 feet, with operations to begin immediately.

SCURRY COUNTY

Pure Oil No. 9 Whatley, Scurry Cisco prospector in the southwest side of the field area, has been completed for a 24-hour pumping potential of 105 barrels of oil plus 30 barrels of salt water. Production is from perforations in the Cisco.

Texaco No. 202 P. L. Fuller, located in Central - North Scurry, has begun pumping on the potential.

In Northwest Scurry, Superior No. 13-578 Jordan is drilling in lime below 7,811 feet. Superior & Intex No. 1 Eva Laws is drilling below 6,745 feet in shale.

Prisoners In Koje Making New Demands

KOJE ISLAND, Korea, May 27 (AP)—Tough Communist prisoners of war in Compound 95 — scene of April 10 rioting — were reported ready to come to terms with Gen. Haydon L. Boatner today.

Red leaders of the 6,000 POWs in 95 told the new commander of this No. 1 prison camp they were ready to obey his orders. But they asked to meet with him.

Informed sources said Boatner replied that the Reds first must comply with certain things before he would talk with them. He sent Col. Maurice J. Fitzgerald, former deputy commander of the camp, to confer with the Reds.

Fitzgerald reportedly told the Red leaders they would have to deliver for burial the bodies of an estimated eight POWs killed in the riot six weeks ago.

Fitzgerald's only comment was that the prisoners then made a lot of "wild demands." He did not elaborate.

Informed sources said the Reds asked that all prisoners in the compound be permitted to attend the funeral for the slain men. Presumably the Reds wanted to use the funeral for a propaganda parade past other enclosures.

Fair Dealers Like Rayburn In San Antonio

SAN ANTONIO, May 27 (AP)—The name and picture of House Speaker Sam Rayburn won a tumultous ovation last night from Loyal Democrats here for the state convention.

Massed in "La Villita"—a WPA reconstruction of the original San Antonio village—the Loyalists got ready for todays' rump convention with fighting speeches by liberal leaders like Maury Maverick Sr., Harry Seay, Fagan Dickson and Walter G. Hall.

Denunciation of Gov. Shivers and praise for the New Deal and Fair Deal administrations brought cheers and applause.

But none of the applause matched that which greeted the showing of Rayburn's cartooned likeness. His picture had been preceded by smaller ones of Sen. Richard Russell (D-Ga), Averill Harriman of New York, Sen. Estes Kefauver (D-Tenn) and Gov. Adlai Stevenson of Illinois.

The other prospects for the Democratic presidential nomination attracted only prefunctory clapping by the crowd of some 2,000, including many Negroes and Latin-Americans.

Repeated cries for "Rayburn, Rayburn" filled the air. As his picture was swung into view, the Loyalists broke into a roar. A band struck up, "Happy Days Are Here Again."

Ballots For Absent Voters

Absentee voting in the June 7 park bond election may begin today, but no ballots had been cast by noon. The blank ballots were received by the county clerk's office this morning, Pat Johnston, county clerk, said.

The ballots were ordered by the Central Investment Co. of Texas, a bond investment firm, which is handling the proceedings of the election for the county. Only 25 blank absentee ballots were ordered. They list two proposals, either of which may be scratched from the ballot by the voter, leaving the other as his choice. The proposals are for or against the issuance of $350,000 in park bonds and the levy of ad valorem tax in payment thereof.

The deadline for absentee voting in the park bond issue is midnight June 3.

Ike Delegates Not Seated At GOP Meeting

MINERAL WELLS, May 27 (AP)—Taft forces called the signals today for the state Republican convention and the 38 national convention delegates to be named.

They had victory in their hands.

For almost 21 hours yesterday they knocked down contesting Eisenhower delegations from 31 counties in a state Executive Committee meeting. They gave Eisenhower forces only 17 of the 519 contested delegates.

A bunch of bearded men and exhausted women ended their committee hearing at 6:45 a.m.—less than four hours before the 10 a.m. convention start.

The next appeal for supporters of Gen. Dwight Eisenhower was to the convention floor when the Credentials Committee made its report.

"And we're naming the Credentials Committee," said Henry Zweifel, Fort Worth attorney who is national GOP committeeman from Texas and state Taft campaign director.

Eisenhower forces said they'd send their attorneys before the Credentials Committee and wait until they were turned down there before starting their expected rump convention.

Eisenhower forces, crying "On to Chicago" and the national convention reserved a meeting hall across the street from the regular convention site.

The Eisenhower meeting was billed as a "mass rally" at 9:30 a. m.—30 minutes before the regular convention opening.

"If we don't get action on the convention floor, we will walk out," declared H. J. Porter, Houston oilman who is state chairman director for Gen Dwight Eisenhower for president.

An Eisenhower walkout means two sets of delegates to the national convention.

WHO'S WHO?

John Cofer of Austin, a leader of the Loyal Democrat organization, speaks before a meeting of the credentials committee of the Democratic executive committee and contested delegations in San Antonio. The activity preceeded the opening of the Democratic state convention. Cofer spoke in behalf of Loyalist delegations of Harris, Travis, Tarrant, Wharton, Brazoria, Walker, Wichita, Taylor, Haskell, and Robertson Counties. His opening statement that he would never speak for anyone who refused to take the loyalty oath brought applause and boos. Someone hollered "Mink Coat!" before chairman Ruel Walker stopped the uproar.

See Senate Approval Of New Peace Treaty With Germany

WASHINGTON (AP)—Senate approval was forecast today for a new peace contract signed between the Allies and Western Germany and a European arms treaty being concluded in Paris today.

The peace pact will give Germany nearly complete independence. The defense pact joins together the armed forces of Germany, France, Italy, Belgium, The Netherlands and Luxembourg. These troops will comprise a unit of the North Atlantic Treaty Command, which also includes British and American forces.

The Senate must act, not only on the peace agreement, but also on a proposed amendment to the North Atlantic Treaty to extend its guarantees to Germany.

Chairman Connally (D-Tex) of the Senate Foreign Relations Committee told a reporter he will ask for quick Senate action after President Truman submits the pacts.

Connally doesn't expect any serious opposition to either. Many other senators agreed.

However, Sen. Malone (R-Nev) indicated the agreements won't be ratified without some opposition.

Malone said in an interview he believes the peace compact signed with Germany represents a futile gesture.

"It is a dangerous gesture for the American people in that it promises them security they won't have," he declared.

"We are assembling a foot army in Europe that can't defend itself. We have lost superiority in airpower and that army can't defend itself until we get it back."

Chairman Russell (D-Ga) of the Senate Armed Services Committee said he believes the agreement which would bring Germans into the integrated Western defense army is of vital importance.

Sen. Fulbright (D-Ark) saw the pact as a possible major step toward economic and political uni-

Six Countries Sign Pact For Single Uniformed Armed Force

PARIS, May 27 (AP)—Six nations signed today a treaty fusing their forces into a one-uniform European Army. The big three Western Powers backed it up with the solemn declaration that an attack on Berlin, West Germany or any other part of free Europe would be a "threat to their own security."

The declaration was coincident with the ceremonial signing of the Army pact and related agreements by France, West Germany, Italy, Belgium, The Netherlands and Luxembourg which, when ratified, will merge their armed forces into a single Army of one million men—history's first peacetime international force.

In a companion pact to the West German Peace Contract signed yesterday at Bonn, the governments of France, Italy, West Germany, Belgium, Holland and Luxembourg are agreeing to pool their separate land, sea and air might in a single, one-uniform force ready to repel Communist aggression.

In separate agreements the United States, Britain and the other nations of the North Atlantic Alliance agree to fight if any European army nation is attacked in Europe—a guarantee chiefly to West Germany since the others are covered by the North Atlantic Pact.

But despite the array of diplomatic leaders here for the impressive signing ceremonies, the Europena army treaty—like the West Germany pact — today is many months away from being an effective order to assemble a fighting force. Until both pacts are ratified by the parliaments behind each signer, neither comes into force. Both documents face bitter, determined opposition that may defeat them.

The signing starts about 5 p.m. in the ornate clock room of the French foreign ministry. With the treaty and eight related agreements to be endorsed, the process will be a long one of many signatures. West German Chancellor Konrad Adenauer leads the alphabetical parade of nations—"Allemagne" is French for German.

The basic treaty provides for the six-nation European Defense Community (EDC) and its single armed force.

The agreements cover secret military arrangements for actual deployment of European army soldiers and such relationships as those between the EDC and the North Atlantic Treaty Organization.

The U. S. and Britain reportedly have also assured the European powers they will keep their present troops in Europe as long as necessary and that they will do whatever is necessary to insure that no EDC member—particularly, Germany — will quit the European army and build up a force on its own.

Outlaw Runs For State Post

N. C. Outlaw, 55, Garza County lawyer, formally announced his candidacy for state representative from this district today.

In Snyder on behalf of his candidacy Outlaw declined to state any definite platform on which he would campaign for office at this time, but said that he would outline his platform at a future date.

Outlaw ran for the same office in he 1950 primary election. At that time he was defeated by a wide margin in a race against Sterling Williams, Snyder attorney.

The Garza candidate, a resident of Post, has lived in this congressional district for 27 years. He is a graduate of Baylor law school and a veteran of World War I.

Outlaw has held office as county attorney in both Garza and Crosby Counties. He has also been county surveyor of Garza county several years.

A native Texan, having been born in Milam County, Outlaw is married and has two grown daughters. He is a member of the Methodist Church.

OUR DEADLINE SET 1 DAY TOO EARLY

An error in reporting the deadline for filing political campaign expense statements caused considerable hurry and excitement here last night, the number filed increasing from 15 to 35 from noon yesterday till noon today.

The mistake was due to varying interpretations of what days were to be counted in the period specified in the election law which requires that they be filed "at intervals of 20 days beginning 60 days next preceding the date of any election in which the candidate's name appears on the ballot." The deadline is actually midnight tonight, according to the official political calendar.

There are more than 50 candidates who must file such statements in this county. They are to be filed with the county clerk on forms provided by his office.

Loud Clamor To Stop Cutting Funds From Foreign Aid Bill

WASHINGTON (AP) — The Senate continues debate today on the $6,900,000,000 foreign aid bill after a sharply-worded plea from President Truman asking Congress not to play politics with world peace by slashing the total.

The President last night said the House in cutting his $7,900,000,000 request by $1,737,000,000 "picked the two places in the world where the danger is greatest, where the Communist threat is strongest"—Europe and Asia.

"They did their bit to help the Communist side," he said.

Expressing hope that the Senate would restore the money, he said the House action opens the way to Communist subversion in countries of Asia.

Such cuts would cripple the efforts of America's allies in Europe and Asia to raise and equip the forces they need to meet the threat of Soviet might, the President said.

"They did not see—or they did not want to see—that they were endangering the lives of American boys, and the safety of American cities and American farms," he said.

He said, "Some people would rather embarrass the White House than checkmate the Kremlin," and added:

"I don't think they knew what they were doing."

The President spoke at a dinner commemorating the completion of Kfar Truman, a colony in Israel named for him.

There was little prospect of the Senate voting on proposed additional cuts in the $6,900,00,00 total until tomorrow or Thursday.

Pending is an amendment sponsored by Sen. Welker (R-Idaho) and 10 of his GOP colleagues to slice another one billion dollars from the measure—one of the key bills of the 1952 session.

Arguments In District Court Suit Here Today

Arguments on the special issues were presented the jury by attorneys this morning in the seventh day of trial in the district court case of J. C. Barnes vs. Standard Oil Co. of Texas and others.

The case, a suit for title of leaseholder interest in a large amount of land on which there are 11 oil wells, was expected to go to the jury for deliberations about noon. The entire day yesterday was used in preparation of the special issues of the charge. The case began May 19 with about a dozen attorneys representing the various parties.

Equalization Board Meeting Here Tomorrow

The first equalization board meeting for the county this year is to be held in the district courtroom tomorrow morning, Edgar Taylor county judge, announced.

Several representatives of oil companies and utility firms are expected to attend the meeting. The board, composed of the county commissioners, will determine setting of values on properties for purposes of taxation.

Telephones Cut In Berlin By Russians

BERLIN (AP) — The Communists cut telephone communications between East and West Berlin and 17 long distance lines between West Berlin and West Germany today.

Eight telegraph lines also were shut down. Thus far, however, teletype communications between West Berlin and West Germany were not affected.

It appeared to be the first blow in the promised Communist reprisals for West Germany's signing of a peace pact with the Western Allies yesterday. West Berlin, 110 miles inside the Soviet zone, feared a renewal of the near-paralyzing Red blockade of 1948-49.

Earlier today the Russian border guards again barred Allied military motor patrols from the city's only highway link with the West, the 110-mile autobahn to Helmstedt. The patrols, which aid stranded motorists, had been periodically banned between May 8 and May 17 but since then had not been troubled.

Today, as before, the Russians gave no explanation for their action.

Civilian freight and passenger traffic on the highway still flowed normally, however.

The Communist tightening up on the surrounded city was heralded in an East German Cabinet decree last night ordering immediate "strengthening" of the East's forces all along the border between East and West Germany.

The order did not say what form this strengthening would take but it directed Wilhelm Zaisser, chief of the Red secret police, to set up "proper and adequate" safeguards against spies, saboteurs and agents which it said threatened from the West.

As yet the West had to visible evidence of reinforcements on the Iron Curtain borders.

West German border police said, however, they had reports from persons crossing the East zone line that 131 Russian tanks were dispersed in the Brunswick area. At that point the British zone state of Lower Saxony and the East zone state of Saxon-Anhalt meet.

These reports said troop garrisons in the area had been increased in the past few days.

Otherwise Western border points were reported quiet.

At Lueneburg, another East zone frontier point, West German border police said travelers from the Communist zone told them huge signs are going up along the border warning West German visitors with interzonal passes to leave east Germany immediately.

Demos Holding 2 Meetings In San Antonio

SAN ANTONIO, May 27 (AP) — Texas Democrats met today to do it the big way—hold two conventions and select two delegations to the July national convention at Chicago.

A Liberal minority faction wedded to the national party and leaning toward Speaker Sam Rayburn of Bonham for the presidential nomination set its signal for a certain walkout to a rump convention.

The Conservative majority headed by Gov. Allan Shivers whose personal choice for the democratic nomination is Sen. Richard Russell (D-Ga.), had already closed their convention to the liberals.

The Liberals call themselves "Loyal Democrats". The conservatives call themselves Jeffersonian or Texas Democrats determined to fight to the finish against Fair Deal policies.

Both claim the title "True Democrats" and both will ask the national convention to seat them at Chicago.

The Loyalists whooped it up last night at a caucus and rally that spotlighted a demonstration for Rayburn, the Texan for whom a presidential nomination boom was reportedly in the making. Their leaders announced the walkout would start today at an unmistakeable signal early in the Shivers convention proceedings.

Speakers at the rally, including former Congressman Maury Maverick of San Antonio gave Shivers and his friends a series of bitter tongue-lashings.

They had kind words for President Truman.

"I love the little devil," Maverick shouted, "I'm not ashamed of Harry Truman and you ain't either." The crowd howled its approval.

Maverick called Shivers a "puny political boy' and said the people on his side were opposed to anything that helped the little man.

This rally followed the executive committee meeting at which the Conservatives once more assailed the administration for its position on the tidelands and for "efforts to destroy home rule on civil liberties in the South through its Civil Rights programs."

Delegate To Convention Killed In San Antonio

SAN ANTONIO, May 27 (AP)—One woman was killed and three other persons injured in a wreck about 5:45 a. m. today on Highway 90, two blocks east of Schulenburg's business district.

Two other passengers in the car were unhurt.

Rain Falls In Some Sections Of State; Flood In Del Rio

(By The Associated Press)

Del Rio's San Felipe Creek overflowed and flooded several business and residential blocks in that border town today following a heavy early morning rain.

Mayor K. C. Kennedy said damage was "considerable" but apparently there was no loss of life.

The creek runs southwestward through a portion of the town, then empties into the Rio Grande.

Del Rio's flash flood occurred as the Weather Bureau forecast severe thunder storms today with possibilities of hail over a wide area of West and Southwest Texas.

San Felipe Creek was up about 23 feet at 9 a. m. and still rising.

The rain struck at 1:18 a. m. and ended shortly after 7 a. m. A total of 3.76 inches of rain was recorded at Del Rio.

A police warning at 5 a. m. is credited with having prevented any loss of life.

Police said water was waist deep in a number of business buildings and residences adjacent to the creek. Two low-water bridges were under water and three other spans were threatened.

A squall line sweeping the state would cause thundershowers today and tonight over most of Texas, the Weather Bureau said.

At 6:30 a. m. the squall line — followed by a mass of cooler air—lay on a path southeast of Lubbock to east of Laredo and southwest of Brownsville. The line was moving eastward.

At 8:30 a. m. there were rain showers at El Paso, Salt Flat, Wink, Junction and Laredo.

Strong northerly winds whipped Dalhart, Lubbock and Amarillo behind the front.

The Weather Bureau said temperatures behind the front would drop slightly.

A wide area of West and South Texas also received rain last night and early this morning. Twenty-four rainfall totals for the period ending at 6:30 a. m. today gave Del Rio 1.75 inches, Big Spring .02, Brownsville .18, El Paso .30, Victoria .01, Lubbock .02, Presidio .05, Salt Flat .06, Wink .20, Midland .25, Junction .06 and Marfa .14.

State assistance was dispatched today to Hico to help rehabilitate that town from flood damage.

Ten dump trucks and one tractor of the state Highway Department, sanitarians from the state Health Department and units of the Texas Highway Patrol made up the relief unit, state Defense and Disaster Relief Headquarters said.

Forty-five families were reported homeless and large quantities of debris scattered over the town following last week end's flash flood.

Western Union Opens Here After Strike

Two Western Union employes of Snyder, who closed the local office here April 2 on strike, returned from Kansas City last night, where they had been since the strike began.

Miss Doris Whitmire, office employe, said the office would be open today. Mrs. Pauline Fikes is the manager.

The strike officially ended at 12:01 o'clock yesterday morning, and most offices were back into operation yesterday.

GERMAN CONTRACT SIGNED

Signatories stand together in the upper house of the West German parliament at Bonn, Germany, yesterday, after linking the West German Republic with the Free World. From the left are Britain's Foreign Secretary Anthony Eden, France's Foreign Minister Robert Schuman, U. S. Secretary of State Dean Acheson and West German Chancellor Konrad Adenauer. The contract rests on the table before them.

Truman Says Budget Cutters Helping Communists Along

WASHINGTON (AP) — President Truman has accused budget slashers in the House of doing "their bit to help the Communist side."

The President declared in a speech last night that cuts in defense spending were "a foolish, reckless act" which may force a sharp reduction in U.S. armed forces in an hour of peril.

He expressed hope that Vice President Barkley will be able to persuade the Senate to restore House cuts in both the defense and foreign aid programs.

The president chose a dinner last night commemorating the completion of a colony in Israel named for him—Kfar Truman — for a bitter assault on the House. It recently reduced his defense recommendations from around 51 billion dollars to 46 billion and the mutual security program from $7,900,000,000 to $6,174,600,000 last Friday.

The President said of the House cut in armed services funds:

"This was a foolish, reckless act. It jeopardizes our defense buildup. "It may require us—in this hour of peril—to demobilize a substantial part of our armed forces. Think of that."

He declared:

"There are some people who would rather embarrass the White House than to checkmate the Kremlin. . . .

"The majority of the House picked the two places in the world where the danger is greatest (Europe and Asia), where the Communist threat is strongest, and they did their bit to help the Communist side."

He said the reductions in aid to Europe would mean that the Allies would not be able to raise and equip forces needed to defend the West against Soviet power.

The President then told the nearly 1,000 dinner guests that the House cut economic and Point Four aid to Asia by well over 100 million dollars.

A "crazy crippling amendment" will cut the Point Four program in Asia by about 50 million more, he said, and this "opens the way to communist subversion in these countries."

He said Friday's vote reduced the program for Iran in half on the very day the Soviet Union sent Iran a threatening note warning against taking any more U.S. military aid.

Flatt Leaving Canyon Courts

Austin Flatt, manager of the Canyon Courts, announced today that he has resigned the managership effective June 1.

Flatt, who has been associated with the Canyon Courts for the last three years, said his temporary home will now be in Lubbock. He added that he has no immediate plans for the future. He came here from San Angelo, where he was manager of the St. Angeles Hotel.

A 13-year veteran of the hotel and motel business, Flatt said he will probably remain in the business. His wife was assistant manager here.

Louis Folley of Vernon will assume the managership at the courts, and his wife will be assistant. Folley has been manager of the Catalina Motel in Wichita Falls for the last three months.

Charter Commission Group Reviews City Council Articles

The commission framing the proposed new city charter last night reviewed its article on the city council. No major change was made in any of its sections.

Next Monday night, the commission will discuss the provisions for city ordinances. Reviewing of the articles and sections of the charter, recently compiled, is expected to require several more weeks. After all has been reviewed, the entire charter will be examined by specialists before being presented to the voters for ratification.

fication of Western Europe.

Sen. Young (R-ND) was particularly pleased that the French would agree to take the Germans in.

Some administration supporters thought President Truman may send the Senate a letter expressing the belief that no nation should be allowed to withdraw from the integrated army once it has become a member—a move aimed at quieting French objections to rearming the Germans.

Sen. Hugh Butler (R-Neb) said he hopes the agreement is a step forward but he wants to see a unified Germany when that can be accomplished.

The pact signing was hailed by Sen. Green (D-RI) as "a great step forward toward a united Europe."

"It was a great victory for diplomacy as distinguished from force of arms," he said.

Sen. Holland (D-Fla) said the agreement means that "we have started now the long and complicated job of rebuilding what has always been the strongest European power—Germany—on a basis where she won't be a menace."

Sen. Welker (R-Idaho) said he welcomed the agreement because he had always been concerned previously by an apparent lack of efforts to get Western Germany in the defense picture.

Sen. Mundt (R-SD) called it a diplomatic and military victory for the Western world.

Dinosaur Bones Found

HARRIMAN, N. Y. (AP) — Fossil bones of a dinosaur, at least 150 million years old, have been unearthed near here by a power shovel digging a drainage ditch.

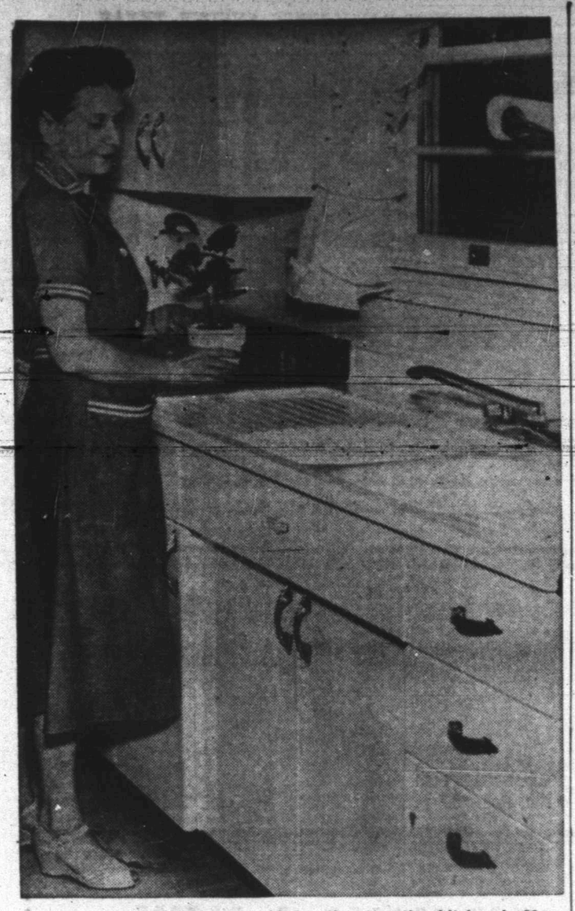

Scientists who have seen the fossils say they belonged to an anchisaurus, a dinosaur which commonly grew to a height of about six feet.

Mr. and Mrs. Floyd Quinny of Colorado City and Mrs. O. P. Thrane of Abilene visited Sunday in the home of Mr. and Mrs. George Webb, Clairemont Road.

A new note of color was added to the attractive kitchen in Mr. and Mrs. Maurice Kelley's home when a friend gave Mrs. Kelley an artificial geranium that looks exceptionally real. The modern kitchen is on the front of the home. (Staff photograph.)

TALK OF THE TOWN

By SUE HOLMES

Going the rounds of more kitchens, we found a spotless and efficient workshop for cookery in the MAURICE KELLEY home. The Kelleys built their home on Avenue U in a different way which has afforded them privacy and a pretty front yard boasting a mature tree.

The kitchen is to the right of the entrance door. And the large living room which runs almost completely across the house is on the back, where a picture window affords a nice view of more trees—and doesn't just look into a neighbor's picture window!

The dining room adjoins the kitchen, but the Kelleys prefer to perch on stools most of the time in the kitchen where a south door gives a nice breeze to supplement the air conditioner. The entire home has an air of quiet comfort, a great asset when both husband and wife come home tired on hot summer says.

We are trying to gather the nerve to write the venerable Judge Sarah T. Hughes a letter. We read in a New York paper that she has presented a bust of Susan B. Anthony to the New York University's Hall of Fame. We're content to let Babe Ruth and others in the Hall be without feminine companionship — bronze or otherwise. And besides say what you want to about woman suffrage, we think it's rather nice to have men open doors. We can vote without raving and taking soap box stands on women's rights.

Jimmie Ann Autry, 2707 Avenue T, wore a petticoat belonging to her grandmother at eighth grade graduation last night. The grandmother, the late Jimmie McClinton who married W. F. Sears, wore the slip to her own graduation from Snyder school in 1915. Jimmie Ann also wore her grandmother's class ring.

Caps and gowns this year had a little sense to them. They were beautiful imported French silk, instead of the sackcloth - like cotton and rayon ones which most of us wore when we received our diplomas. No doubt, wiggly high school graduates had more patience sitting through the exercises because of the comfortable gowns.

There are separate brochures on Texas parks (a very nice little folder in color), the Caribbean, Houston, Natchez, Europe, one on Paris, and Oahu. Fun to dream, anyhow.

An informal open house was held at the fire station Sunday with JOE BUNT in charge. The occasion was the arrival of two dozen teen-agers from Glen Rose, where his sister is a room mother. The sister, Mrs. HERSCHEL BARCLAY, and other room mothers and the class sponsors, stopped by to visit the Bunts. But the students took it from there when they found they were at a fire station.

UTILITIES GET WORD

Presbyterian Preachers Want Social Security For Selves

NEW YORK (AP)—The Presbyterian Church in the U. S. A., one of the nation's big Protestant denominations, has called on Congress to extend social security benefits to ministers who want it.

The action, taken yesterday by the 164th annual General Assembly of the church, came in the midst of widespread debate within many churches on the issue.

Donald L. Hibbard of Philadelphia, vice president of the Presbyterians' pension board, said he knew of no other major denomination which had yet taken such a stand.

The assembly, representing 2½ million church members, approved the move by voice vote. There was some volume of "no's."

Opposing the move, Robert Gordon of Milford, Mich., said:

"Anything connected with the government is political, and don't kid yourself. I want our ministers to stand alone, with allegiance to no one—but God."

The Rev. Harold E. Nicely, Rochester, N. Y., maintained that the question of social security insurance, on a voluntary basis, presented no issue concerning "compromise of religious freedom."

"I am as jealous as any one else of the freedom and the integrity of the church," he declared.

The Presbytery of Rochester, in proposing the appeal, said church pension benefits were "sadly inadequate."

It said it "rejects the intimation" that social security coverage would "compromise the principle of separation of church and state."

The assembly also moved to restore a church requirement that its ministers do not remarry a divorced person until a year has elapsed from the divorce.

A committee has named to draw up a proposal for restoring the requirement, in some form, but an official pointed out any new provisions could not become church law until after local presbyteries act on it in the ensuing year.

ASK MILDRED

Send your questions to Mildred Sparks, county home demonstration agent, courthouse, or to the Snyder Daily News.

We are planning to landscape our new home, but we are not sure what kind of shrubs to plant. We are particularly interested in having a windbreak for our patio. Mrs. L. R.

Althea (Hibiscus syriacus) is a good hardy plant, and it is also drouth hardy. It grows fast and is very good for the west. It flowers from June to October with pink, lavender or white blooms. The double - bloom variety is especially attractive. Honeysuckle is a good windbreak if you have a fence or wall to run it on. It flowers in small clusters from June to July or August. It is good to use over screens for shade, too.

Bridal wreath (Spiraea vanhouttei) is another old favorite for all over the state. You are probably acquainted with its pretty white flowers. It blooms in February and March and is good to use under windows.

Bird of paradise is another good dry weather plant. It has yellow and red flowers and blooms from June to October. Pryacantha is another good windbreak and has orange berries. Forsythia is a very showy plant with its yellow branches, but it needs some water. Salt cedar, smoke tree, jasmine and the cercis canadensis variety of redbud are good. You will probably want to go to a good nurseryman and get him to help you plan your plantings. We have several booklets you may use. Of course, I'm sure you know planting months are from January to March.

I bought a carton of eggs last week, and one morning I had to crack three before I found a good one. By then, my day was off to a terrible start. How can I avoid this? M. G.

An informative or descriptive label on the carton is the best guide you have to the quality of the eggs. Study the information on the label and carton itself. Notice what the "guarantee" covers. But remember, the food value is the same for all grades. And even U. S. Grade AA eggs are not good if kept too long under unfavorable conditions. Call the bad eggs to the attention of your grocer. He will usually make them good and will check his refrigeration.

How do you make dumplings for stew? R. L.

Use 2 cups sifted flour, 2½ teaspoons baking powder, 1 teaspoon salt and 1 cup milk. Sift flour once, measure, add baking powder and salt and sift into bowl. Add milk and stir until all flour is dampened. Drop from spoon on simmering stew. Dip spoon into hot stew before putting it into dough each time for easier dropping. Cover tightly and cook gently, without looking, 15 to 20 minutes, depending on size of dumplings. Makes 10 to 12 medium - sized dumplings. You can vary this recipe by adding a teaspoon of curry powder; a teablespoon of minced parsley or a teaspoon chili powder. Or substitute tomato juice for milk.

Terrible Tommy Turns Temper Into Money Making Attraction

By HAROLD V. RATLIFF
Associated Press Sports Writer

DALLAS, May 27 (AP)—Tommy Bolt, who has become known as golf's most temperamental man, says this business about him breaking clubs is so much hooey.

"I have broken four clubs in 22 entire golf career," he declared. "Sure, I've thrown a lot of them—I just couldn't estimate now many."

But Bolt says he's justified in losing his temper when he foozles a shot. "You ought to get it out of you," he explains. "It's worse than ever to keep it bottled up inside."

Tommy isn't complaining because the sports writers have tagged him "Thunder" Bolt, "Temperamental Tommy" and "Terrible Tempered Tommy." He realizes it only adds to his attractiveness on the golf course-it's color. The fans flock to see if he's going to break any clubs, beat a tree with his putter or systematically throw each club in his bag into the creek.

"You take that rhubarb they wrote about at Baton Rouge last winter," said the tall Texan who now is raking in the coin on the golf course. He was making only hamburger money until a year ago. "I shot and I saw a little guy—I could have crushed him with one hand—laughing. I said, 'Say, pal, do you think this is a wrestling show or something. This is serious business. Why you laughing at me?' The guy, who had a broom stick in his hand, said, 'I'll laugh at you any blankety-blank time I please.' I told him, sure he could—that was his privilege—but I didn't like for folks to think I was trying to do like the wrestlers and put on a show."

The man did not brandish the broom handle as carried in the press, Tommy said. Everybody had a broom handle on the course that day, Bolt added. He didn't know why—must have been some kind of special observance.

Bolt played in the $20,000 Colonial National Invitation Tournament at Fort Worth last week end. It was a different Bolt indeed. At Colonial last year, Tommy's wife confided that he was pretty disconsolate and desperate to start winning. He was debating then on whether to give it up or struggle on. He struggled on and hit the jackpot in the winter when he won the Los Angeles Open—$4,000 first money. Since then Tommy has dragged down around $15,000.

But missing a shot today hurts him just as badly as it did when he had to shoot well to eat. So long as he doesn't throw his clubs at spectators, he'll be all right. And Bolt isn't about to throw things at the people who pay the freight.

Speaking of the Colonial tournament, prospects are good that the boys who run this show will return to their first plan when the next tourney rolls around—that is a small field made up of players who have earned the right to play in it.

The tournament was started in 1946. It had some great ideals—it would be the most exclusive tournament of all. Only golfers who were outstanding players as well as gentlemen would be invited. The tournament officials have hewn pretty closely to the latter resolve but they've let the field get away from them—it's now cluttered up with 75 and 80-shooters, most of whom have been invited because they were favorites of club members.

It still has been a top tournament beacuse enough great golfers were obtained to make it so. But it has lost its air of exclusiveness.

Next year, it is indicated the field will be held to 32, most of those will have to qualify for the invitation—that is, meet certain standards. A few places will be left open, of course, for fellows who don't play golf all the time and therefore couldn't meet the qualification standards, but are known to be top golfers just the same. These are fellows like Ray Gafford and Byron Nelson.

There's no doubt but that something has to be done if Colonial Country Club wants to have a distinctive tournament—one that will be looked upon as among the best in the world.

STRIKE OUT IN FIRST GAME

Roger Kerbow, of the Whiteway Grocery Yanks struck out on this swing in last night's first game of the Little Baseball League. Kerbow's team lost to the Lions Cubs 26-18. The boys, playing before about 500 persons, were tense during their first game under lights, resulting in the committing of many errors. Games tonight are Kiwanis Braves vs. Optimist Cardinals at 7 o'clock and the Cubs vs. Quarterback Giants at 9 o'clock.

Good Crowd To See 1st Little League Game

About 500 persons turned out for the first night of Little Baseball League games to see the Lions Club Cubs and the Holder Construction Indians win.

The Cubs, who beat the Whiteway Grocery Yanks 26-18, scored on 19 hits and committed 10 errors.

Jimmy Allen, who was winning pitcher, hit the only home run of the game, clearing the fence by about eight feet. This entitles him to a free malted milk at Schooling Drug.

The Yanks took several bases on walks, scoring only five hits. They had seven errors.

Dick Hayes was losing pitcher.

The Indians took an 11-7 score over the Quarterback Club Giants. Martin, the winning hurler, fanned out 11 players and allowed the Giants only seven hits.

Tommy Mills, losing pitcher, allowed only six hits for the Indians. The winners committed three errors, while the Giants had only one.

Two other teams, the Kiwanis Braves and the Optimist Cardinals, will meet to play their first games at 7 o'clock tonight, while the Cubs and Giants will be matched at 9 o'clock.

Some authorities contend that the most stable difference between the so-called races of mankind is not skin color but hair form.

Ernest Kinney Quits Coaching Job Here

Ernest Kinney

Ernest Kinney, high school basketball coach who took cagers to the first district championship ever won by a Snyder team, announced today that he is resigning his position here.

Kinney, who has been on the coaching staff here for two years, will become basketball and baseball coach at Kermit High School, on August 1, where he will also teach physical education courses.

A World War II veteran, Kinney graduated from Oklahoma A & M, where he was active in basketball and baseball. He had been an all-district forward on his high school basketball team for two years at Byers, Okla.

Winning nine out of 10 games, Kinney's first basketball team at Hominy, Okla., took second place in its district. Serving his first year at the Snyder schools during the 1950 - 51 basketball season, Kinney saw his team win a third place in the district with an 8-4 record.

During the last season, Kinney's squad took the District 5-AA championship with nine wins and two losses. The squad lost in regional play to Levelland. They finished season play with an 18-13 record, compiling 1,323 points to opponents' 1,118, an average game score of 42-36.

Kinney's team, scheduled to begin play in District 1-AAA next season, played three of that district's teams last season, defeating each of them once and losing to each once.

In announcing his resignation, Kinney commented that he had never worked with a finer group of boys than he had here.

M. E. Stanfield, superintendent of schools, said that no action has been taken by the board of trustees to replace Kinney. The board's next meeting is scheduled for June 10.

First Overtime Game Is Played

Sunray brought its league record to 4-2 in the Snyder Fastball League last night when it won 12-11 over Snyder Steam Laundry in the first overtime game of the season.

The Sunray squad, scoring on 11 hits, committed five errors to Snyder Steam's three. The losers had 10 hits.

Each team was credited with a home run. Curtis Noel hit Sunray's homer, and Snyder Steam's was hit by Charlie Morrow.

Winning pitcher was James Westbrook, and loser was Travis Rinehart.

Town & Country, which lost its first five games, scored a 23-8 win over Chevron last night, sparked by three home runs hit by Bill Greenfield.

The winners had 15 hits, while Chevron had seven. Errors were heavy, with six for Town & Country and eight for Chevron.

Eddie Hight, president of the league, has called a meeting for all team managers at 5:30 o'clock this afternoon at the playing field.

American Legion, holding a 4-1 record, will meet West Texas Concrete (1-4) at 7 o'clock tonight, and National Guard (3-2) will play Magnolia (2-3) at 9 o'clock.

Gavilan Title Fight Set For July Seventh

PHILADELPHIA (AP) — The eagerly awaited Kid Gavilan - Agil Turner welterweight title fight is finally all set for July 7 at Philadelphia's Municipal Stadium.

Promoter Herman Taylor announced yesterday that he had reached an agreement with Angel Lopez and Fernando Belido, co-managers of Gavilan, the title-holder from Cuba, and George Katz, pilot of the unbeaten Turner, who makes his home here.

The two fighters will sign contracts for the bout June 9 with the champion probably receiving 40 per cent of the net receipts and the challenger 20 per cent.

The Gavilan-Turner meeting will be the night before the all-star baseball game at Shibe Park, home of the Philadelphia Athletics and Phillies.

It will be Philadelphia's second title bout of the summer outdoor season. Heavyweight king Jersey Joe Walcott will place his title in the same Municipal Stadium ring for former champ Ezzard Charles to shoot at June 5.

The Philadelphia Inquirer Charities, Inc., will sponsor the welter fight.

Taylor announced that present plans do not call for any television or broadcasting of the fight although it may be piped into movie theaters outside the metropolitan Philadelphia area.

The Cuban kid took the welter crown from Johnny Bratton in May, 1951. He has won his last 18 fights and has an overall record of 81 won, 12 lost and four draws.

Turner, a whirlwind type of puncher, has won his 31 professional bouts, 25 by knockout.

33 Starters In Classic 500

INDIANAPOLIS (AP)—A field that broke the track qualifying record four times will start Friday in the 36th annual 500-mile auto race at Indianapolis Motor Speedway.

The 33 starters averaged 135.504 miles an hour in the 10-mile qualifying runs that ended Monday.

Old-timers around the 2½-mile track contended the limit was near last year when the field averaged 133.570 in the time trials.

The mixture of veteran racers and young graduates of the hot rod and midget circuits wrecked four cars in the race preliminaries. There were no deaths.

Allen Heath of Northridge, Calif., escaped with cut lips and a sprained wrist in the only crash yesterday.

Chet Miller of Glendale, Calif., was the fourth driver to crack the track qualifying record and his smooth ride at 139.034 was almost an anti-climax. He had set a one-lap record of 139.6 miles an hour Saturday in a qualifying attempt stopped by engine trouble.

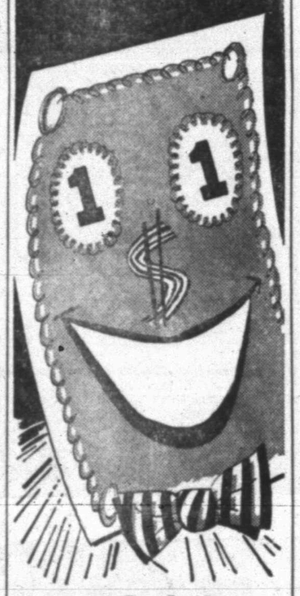

The qualifying record had been broken successively by Andy Linden of Los Angeles, Fred Agabashian of Albany, Calif., and Bill Vukovich of Fresno, Calif. Nineteen of the 33 qualifiers were Californians.

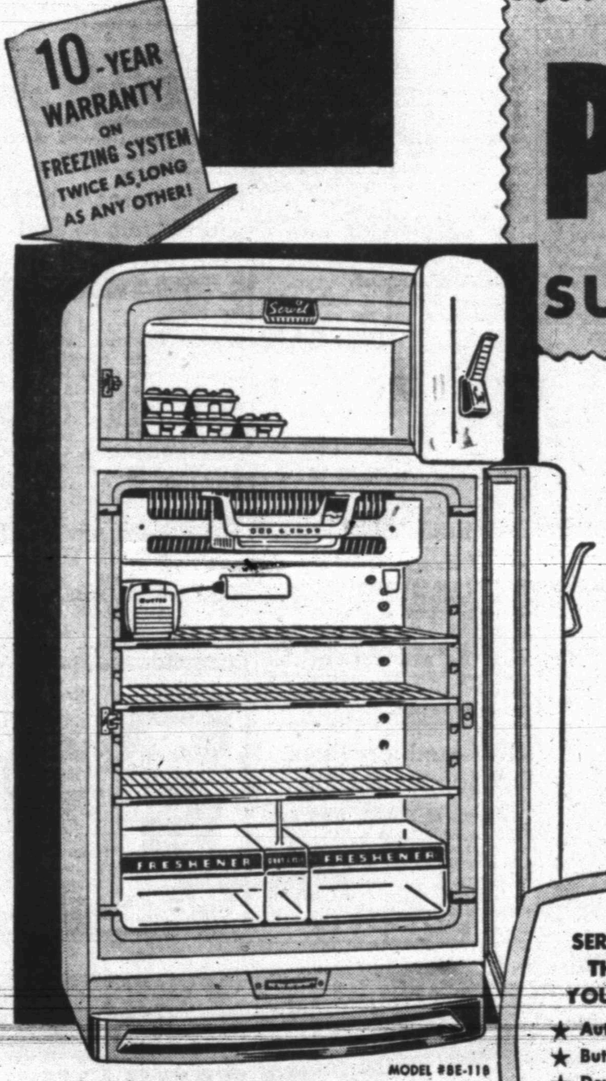

Alberto Ascari of Milan, Italy, driving a V-12 Ferrari, made the starting lineup.

Johnny Parsons of Sherman Oaks, Calif., only former "500" winner in the field, also was scheduled to drive a Ferrari, but it didn't suit him and he qualified his 1950 winner, the Jim Robbins Special.

Lockman Doesn't Get His Full Share Of Credit From Giants

By JOE REICHLER
(By The Associated Press)

It's high time Carroll (Whitey) Lockman, the New York Giants unsung and often overlooked first baseman, began getting the credit he so richly deserves.

The colorless but dependable towhead from Charlotte, N. C., who has made the shift from the outfield to first base with little fanfare but with surprising success has been the most consistent of all the Giants this season. He leads the club with a .333 batting mark (second highest in the league), tops the circuit in runs scored and is second in total hits. Yet it is Bobby Thomson and Willie Mays and Sal Magile and Alvin Dark who gets most of the acclaim for the Giants' tremendous early season showing.

It was Thomson who proved to be the big run-producer last night as the Giants tangled with the Dodgers at the Polo Grounds for the first time since their fateful pennant playoff game last year. Bobby slammed a home run in his first time at bat and drove in three runs as the Giants whipped their interborough rivals 4-2, to take over first place from the Dodgers by a half game.

But it was Lockman who set up Thomson. The 25-year-old first baseman drew a walk in the first inning and rode in ahead of Thomson's homer. He walloped a 400-foot triple in the third and crossed the plate on Thomson's 440-foot fly. Then he iced the game in the fifth with a home run into the right field stands, his fifth of the season.

Whitey also starred in the field. He accepted a dozen chances without a miscue.

"He's the most improved player in the game," said Manager Leo Durocher. "I'd say that right now he's as good a fielder as Gil Hodges of the Dodgers. Everybody snickered when I gave Whitey a first baseman's mitt. They thought it was a publicity stunt."

Four hits were all the Giants obtained off Preacher Roe, Carl Erskine and Joe Black. They needed a superb relief job by George Spencer to win and they got it. Spencer replaced starter Jim Hearn in the second inning with the score tied at 2-2 and stopped the Brooks cold with three hits and no runs to gain credit for his first victory.

In other National League games, the Chicago Cubs blanked the St. Louis Cards, 3-0, to solidify their hold on third place. Bob Rush pitched a six-hitter to register his sixth victory, five in a row.

Ralph Kiner slammed a three-run homer, his fourth of the year and his second in two days, to lead the Pittsburgh Pirates to a 6-3 victory over the Cincinnati Reds.

Boston's Red Sox and Washington's Senators continued in their tie for second place, each adding to their victory total to cut Cleveland's first-place margin in the American League to 2½ games. The Red Sox thrashed the New York Yankees, 6-3, for their fourth in a row over the world champions in Fenway Park. Don Lenhardt, trying to fill the shoes of Ted Williams in left field, drove in five Boston runs with a three-run homer and a two-run double. Johnny Sain was the victim.

Sid Hudson pitched and batted the Senators to a 5-3 triumph over the Philadelphia Athletics. Hudson allowed nine hits and helped win his third game by driving in two runs with a single and long fly.

Billy Pierce picked up a pair of victories as the Chicago White Sox swept two games from the St. Louis Browns, 10-5 and 6-2. The first game marked the completion of the suspended game of April 20. The two teams picked up where they left off in the eighth inning. The Browns scored three times, but it was not enough as they were behind 10-2 when darkness came last month.

Rain washed out the scheduled night game between the Boston Braves and Phillies in Philadelphia. Cleveland and Detroit were not scheduled.

McLendon Writes Letters On Laxness Of Justice Department

By HAROLD RATLIFF

DALLAS, May 27 (AP)—Gordon McLendon, who suspended his Liberty Broadcasting System two weeks ago because of the collapse of his major league broadcasts, has started a letter writing campaign seeking "action against the baseball monopoly."

He is mailing 6,000 letters to radio stations, congressmen and friends urging that pressure be brought on the Justice Department to file suit "to end the violation of anti-trust laws by the major leagues and to permit free commerce in the baseball broadcasting field."

McLendon claimed failure of the Justice Department to enforce the law has caused him to be shut out of broadcasting major league baseball.

The young Dallas radio executive also is sending a report outlining his charges to Rep. Pat Hillings of California, member of the House Judiciary subcommittee investigating the Justice Department. He is doing so upon invitation from Hillings who wired, after reading McLendon's charges, that he would like to have the information. And, McLendon, said, he also had heard from other congressmen.

Along with his 6,000 letters, McLendon is urging any radio listener to wire or write his congressman and the Justice Department asking that an inquiry into the suspension of Liberty Broadcasting System be instituted.

McLendon, who started major league broadcasts on his network in 1948 and saw the network grow to more than 500 stations and become the second largest in the nation, charged, in suspending the network, that there was an illegal coalition of the major and minor leagues to force him out of business.

Cage Game Tonight Is Called Off For Good

A high school basketball game, which was scheduled to be played tonight, has been called off, Coach Ernest Kinney reported.

Kinney said that many of the graduating players, who were to play next year's team, are out of town and could not play.

The squad has just completed spring training.

Rosen, Adcock Top Sluggers

NEW YORK (AP) — Hard-hitting Joe Adcock of the Cincinnati Reds and Al Rosen, sparkplug of the power-laden Cleveland Indians, have the top slugging averages in the major leagues today.

Adcock, sidelined by a knee injury last Thursday, has collected 33 hits, good for 66 total bases, in 99 times at bat for a remarkable .667 slugging mark to lead the National League. The Redleg outfielder has pounded out four doubles, four triples and seven home runs.

Slugging averages released by the Associated Press Statistical Bureau also revealed that Rosen with five doubles, three triples, 10 home runs and 85 total bases is setting the pace in the American League with a .654 slugging percentage. Rosen has been at bat 130 times and has garnered 44 bingles. Averages include games played last Sunday.

Total bases are figured on the basis of one for a single, two for a double, three for a triple and four for a home run. To compute a batter's slugging average the total times at bat are divided into the total bases made on all hits.

Hank Sauer, the big gun in the Chicago Cub attack, is giving Adcock a run for National League slugging honors. His average is .603.

Andy Pafko of the Brooklyn Dodgers is the third leading N.L. slugger with .546 followed by Bobby Thomson, New York's golden boy, at .542, and Philadelphia's Del Ennis with .516.

Rosen's teammate Larry Doby is the runnerup in he American League. The Tribe outfielder, on the shelf with a perennial leg ailment early in the season, has come back with a rush and his 24 hits, good for 46 bases, put him at .568.

A trio of New York Yankees round out the top five. Hank, Bauer, hitting for distance in his new role as leadoff man, has a .551 average. Next in line are Gene Woodling at .500 and sophomore Mickey Mantle with .481.

FAULKNER SWEATS IT OUT

Designer Bob Pankretz (left) works against time to get the Sid Street Special from Kansas City ready for the qualification run at the Indianapolis Speedway this week end. The man with the worried expression is Walt Faulkner, of Long Beach, Cal., who will drive the car. Faulkner won the pole position for being the fastest qualifier in last May Day's race.

McAlester Has Good Series In Sooner Loop

(By The Associated Press)

The McAlester Rockets swept a two-game series from league leading Pauls Valley last night, 3-2, and narrowed the Raiders' lead to two games over second-place Ada.

McAlester crept from behind, matching Raider runs in the sixth and seventh. Then the Rockets scored the winning margin in the eighth on a Raider misplay.

Ada shaded Lawton, 9-8, in another close affair. The Reds scored their eighth run in the final inning but couldn't squeeze across another to knot the score.

Chickasha sailed into Sherman, 10-1, and Shawnee nipped Ardmore, 4-3, in other loop contests.

Americans In British Meet

PRESTWICK, Scotland (AP) — Frank Stranahan, the Toledo belter, made his belated entrance into the British Amateur Golf Championship today against Joe Gent, a 53-year-old Englishman.

The Ohio strong boy, one of the big favorites for the title, spent yesterday practicing at nearby Troon while 12 other Americans swept safely through their first round tests and another 14 lost. Stranahan drew a bye in the initial round.

Stranahan was anything but worried about Gent, although the veteran Britisher made the quarterfinals of the tourney last year. He's not expected to keep up with Stranahan through the twisting fairways of this 6,531-yard course, which was first laid out 100 years ago when golf balls were filled with feathers.

Another of the top matches pitted Frank Strafaci of Garden City, N. Y., against British Walker Cup star Alex Kyle in the third round.

Even though Strafaci beat Frenchman Henri LaMaze with no trouble yesterday, Kyle could prove a problem. A steady golfer who can take advantage of any shortcoming on the part of his opponent, Kyle was British amateur titlist in 1939.

Defending champion Dick Chapman of Pinehurst, N. C., matched strokes with W. C. Gibson, former Scottish amateur titleholder in the third round while Harvie Ward of Tarboro, N. C., Hobart Manley of Savannah and Billy Maxwell of Odessa, Tex., all went into action against lightly regarded British players.

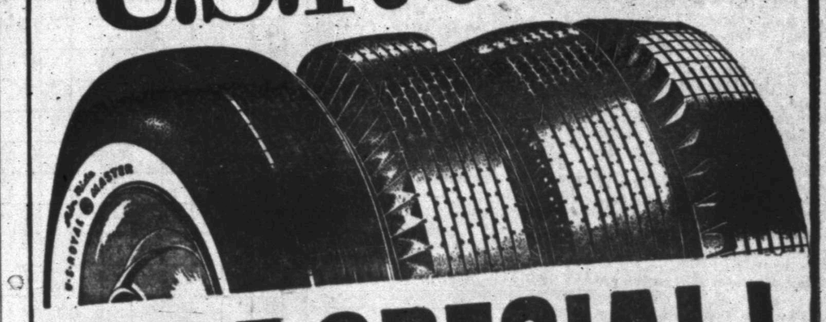

Jimmy McHale of Philadelphia and Bob Knowles of Boston, easy winners yesterday, had today off waiting for the field to thin out.

New Delhi Riots Over Mixed Marriage Plan

NEW DELHI, India (AP)—Police today arrested Hindu extremist leader V. G. Deshpande, a member of Parliament, after 10,000 persons rioted in protest against the proposed marriage of a Moslem official of the Congress party and a 19-year-old Hindu girl.

Twelve persons were injured yesterday in the outbreak here, which occurred when a crowd gathered around the Courthouse during a court attempt by the girl's father to halt the nuptials.

BOYLE'S COLUMN

Successful European Army Held Doubtful By Columnist

By HAL BOYLE

NEW YORK, (AP) —It is hard to be hopeful about the future of Europe's venturesome six-nation army.

The diplomats hail this as a great striped-pants victory, but it is not in the bag as yet, and it remains to be seen whether the all-European Army ever will march up a hill and down.

Even after the diplomats okay the creation of this strange hydra-headed military creature, the parliaments back home have to vote the men and money to make it a reality. Until they do, this effort to restore stability in Europe must be catalogued only in the realm of verbal good will.

There are some basic facts that make it doubtful it will ever be a successful Army.

Gen. Eisenhower has thrown the tremendous weight of his personality behind the project after first deciding it wouldn't work.

Most Americans can't even name the six nations who will contribute men to this million-man force. They are France, West Germany, Italy, Luxembourg, Belgium and The Netherlands.

Significantly, the French are scared to death of the West Germans, who are supposed to contribute 400,000 men, and the West Germans are reluctant as the devil to be committed to this effort because they really want to see-saw between the U. S. and Russia until they can again unite all Germans under one flag and one government.

For political reasons at home no major statesmen in either Britain or the U. S. has come out boldly in favor of making British and American troops constituent parts of the European Army.

But, looking at the cold facts of history, it is hard to see how a real European Army can be welded without making both British Empire and American troops an integral part.

They are in it, of course, as separate entities, by virtue of their membership in NATO, the North Atlantic Treaty Organization.

But this half-partnership by two world powers makes the smaller six nations of Europe feel a bit like catspaws before the vast power of Soviet Russia.

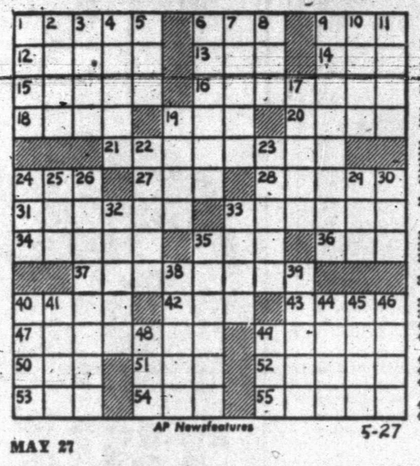

They have two fears—fear of a resurgent Germany, fear of the Russian bear. Even with Britain and America saying, "Don't worry, we'll back you," they would rather both countries came in as full partners, committed to mutual security to their last man, pound, and dollar.

The ancients thought sulfur was a symbol of hell because its fumes had a suffocating, choking effect when it was burned.

BOYLE'S COLUMN

Successful European Army Held Doubtful By Columnist

By HAL BOYLE

NEW YORK, (AP) —It is hard to be hopeful about the future of Europe's venturesome six-nation army.

The diplomats hail this as a great striped-pants victory, but it is not in the bag as yet, and it remains to be seen whether the all-European Army ever will march up a hill and down.

Even after the diplomats okay the creation of this strange hydra-headed military creature, the parliaments back home have to vote the men and money to make it a reality. Until they do, this effort to restore stability in Europe must be catalogued only in the realm of verbal good will.

There are some basic facts that make it doubtful it will ever be a successful Army.

Gen. Eisenhower has thrown the tremendous weight of his personality behind the project after first deciding it wouldn't work.

Most Americans can't even name the six nations who will contribute men to this million-man force. They are France, West Germany, Italy, Luxembourg, Belgium and The Netherlands.

Significantly, the French are scared to death of the West Germans, who are supposed to contribute 400,000 men, and the West Germans are reluctant as the devil to be committed to this effort because they really want to see-saw between the U. S. and Russia until they can again unite all Germans under one flag and one government.

For political reasons at home no major statesmen in either Britain or the U. S. has come out boldly in favor of making British and American troops constituent parts of the European Army.

But, looking at the cold facts of history, it is hard to see how a real European Army can be welded without making both British Empire and American troops an integral part.

They are in it, of course, as separate entities, by virtue of their membership in NATO, the North Atlantic Treaty Organization.

But this half-partnership by two world powers makes the smaller six nations of Europe feel a bit like catspaws before the vast power of Soviet Russia.

They have two fears—fear of a resurgent Germany, fear of the Russian bear. Even with Britain and America saying, "Don't worry, we'll back you," they would rather both countries came in as full partners, committed to mutual security to their last man, pound, and dollar.

The ancients thought sulfur was a symbol of hell because its fumes had a suffocating, choking effect when it was burned.

Union Leader Slapped Back In Jail Again

JOHANNESBURG, South Africa (AP)—E. S. Sachs, South African Garment Workers' Union boss, was back in jail today for trying to make the anti-government speech that got him jugged Saturday. This time he was ordered to stay there 16 days and police turned down appeals that the labor leader be freed on bail.

Sachs was hailed before a court for trying to harangue several thousand persons yesterday from the steps of the Johannesburg City Hall. He tried to speak from these same steps Saturday but police arrested him on charges he had violated South Africa's anti-Red laws. Hundreds were injured in a resulting clash with police.

Sachs' arrest brought threats of a nation-wide general strike from the powerful Federation of Trades and Labor Council.

Feeling has mounted since Sachs defied a government order charging him with being a Red and ordering him to quit all political and union activities. The order was issued under the broad powers given Prime Minister Daniel Malan two years ago in outlawing the Communist party. Sachs says he was expelled from the Communist party in 1931.

The trades and labor council cabled appeals to affiliated labor groups abroad for full support in fighting what it claims is a government attack on organized labor. The American Federation of Labor (AFL) and the Congress of Industrial Organizations (CIO) were among the organizations receiving the appeals.

GOP EXECUTIVE GROUP

The Republican State Executive Committee, which recognized Taft supporters as convention delegates, meets in Mineral Wells before the opening of the state meeting. Orville Bullington, right, of Wichita Falls, the chairman of the committee, speaks while, left to right, other committee members listen: Henry Zweifel, Fort Worth; Mrs. Carl G. Stearns, Houston; and Mrs. Buck West, San Antonio. The hottest item of business before the committee was the decision of recognition between contested delegations from large counties.

Delegates Are Uninstructed

JEFFERSON CITY, Mo. (AP)—The majority of Missouri's 42 delegates to the National Democratic Convention apparently is waiting for guidance from President Truman.

Mr. Truman himself was among the uninstructed delegates elected yesterday to cast the state's 32 votes at the July nominating convention in Chicago.

Only ten delegates indicated a preference for the presidential nomination. The others remained uncommitted, obviously waiting to see what Mr. Truman wants them to do.

The President was elected one of 16 delegates at large from his home state, but an alternate will cast his half vote since he does not plan to go to the convention until after the presidential candidate is nominated.

Each of the at large delegates, chosen at the state convention, has half a vote. Twenty six delegates, selected in district caucuses, each has a full vote.

Illinois' Gov. Adlai Stevenson had the backing of seven of the ten delegates expressing a preference. One was for Sen. Estes Kefauver of Tennessee, another for Mutual Security Administrator W. Averell Harriman and another for Vice President Alben Barkley.

Thomas J. Gavin, a Kansas City councilman and friend of Mr. Truman, was selected as the alternate to cast the President's half vote. Both he and the President are members of the Kansas City James M. Pendergast political organization.

The convention adopted a resolution commending the Truman administration.

McGranery Takes Office Today Under Fire From All Sides

WASHINGTON (AP) — James Patrick McGranery moves into the hot seat of attorney general today.

Ceremonies making him the nation's 61st attorney general were scheduled for 10 a.m. with Chief Justice Vinson giving the oath of office.

McGranery takes over at a time when the Justice Department is being investigated by a House committee headed by Rep. Chelf (D-Ky) and is under frequent attacks both in and out of Congress.

McGranery, 56, gave up a federal judgeship in Philadelphia to take the job. His new post pays better — $22,500 compared with $15,000—but its future is less certain. Federal judges are appointed for life.

Truman indicated in a speech yesterday that one of his new attorney general's first jobs will be to look into the private power companies, which the President said are spending millions and millions of dollars to poison people's minds against public power projects.

Truman said he thinks he will ask McGranery to see if the corrupt Practices Act doesn't apply. This cat bans political contributions by corporations.

When J. Howard McGrath was fired as attorney general and McGranery was named to succeed him last April 3, McGrath wired his successor: "I suggest you bring a pair of asbestos pants with you."

But Rep. Keating (R-NY) said McGranery's only chance to win "lasting fame" is to forget about the asbestos pants and bring instead "a stiff new broom and a liberal supply of fumigator." Keating is a member of the House committee investigating the Justice Department.

Members of the committee have announced they want to confer with McGranery as soon as possible, especially about their troubles in getting access to department records.

McGranery has said his first job will be "to restore the faith of the American people in the government of the United States, and it will be done completely by the Department of Justice."

This means that any investigation 'of government' wrongdoing will be in the hands of the FBI.

President Truman told a recent news conference that a cleanup of the federal government will take care of itself as soon as McGranery gets into office. Yesterday, Truman said there is no such thing as corruption in the government. The President said there had been a few wrongdoers, but he had promptly fired them.

Yank Said To Have Fired Into Red Zone

HOF, Germany (AP)—West German frontier police reported today that an American soldier fired about 10 un-aimed shots last night in the zonal border area near here "which may have hit East zone territory."

U.S. constabulary officers declined comment.

Interzonal travellers said several bullets had whined into the Communist side of the frontier but no one was reported injured.

Negro Gets Big Florida Estate

MIAMI, Fla. (AP)—An elderly and ill Negro migrant worker has come into $180,000 through court approval of an agreement to divide an estate.

Zeke Campbell, 56-year-old son of a pioneer Miami real estate owner, D. A. Dorsey, received the approval in County Judge W. F. Blanton's court yesterday.

Campbell had been fighting in the courts for three years, claiming a third interest in Dorsey's estate, variously estimated as worth between $750,000 and $1,000,000.

Dorsey's death in 1940 was followed within three months by that of his second wife, Rebecca Dorsey, leaving as sole heirs an adopted daughter, Susan, and Dorsey's missing son by a first marriage—Zeke.

(The son, Zeke, bears the surname of Dorsey's first wife rather than Dorsey's, which sometimes occurs among Negroes.)

Just as the search was about to be abandoned, Zeke was found, begging his way through a hard life at nearby Hallandale.

Susan and her guardians opposed the claim. The case was before the Florida Supreme Court when attorneys agreed upon the settlement.

Foreign Aid Debates Baffling To Average American Citizen

By JAMES MARLOW

WASHINGTON (AP)—Once again, now that Congress is discussing how much we should spend on foreign aid, the public is like a man watching a ball game through a knothole. He's outside looking in.

Most people have positive opinions and some reasons for their opinions when a problem, like social security, directly affects their lives, or when, like labor laws, it cuts across some present or past experience.

Although everyone is paying for foreign aid with his taxes, this is a field remote from the experience of most people and they therefore have to leave it up to government officials and Congress to decide how much we spend.

While most people reading about the debate in Congress now have a more or less detached view, it is still possible to get to the basic question in the whole dispute:

Who knows better how much we should spend on foreign aid, the government officials handling it or Congress. The officials claim they know better, Congress claims it does.

Briefly, this is the story to date:

The foreign aid being given now is different from the foreign aid given under the old Marshall Plan. That was strictly economic aid, intended to get Europe back on its feet.

But now the U. S. is engaged on such a world-wide scale with communism that all the aid is, in a sense, military aid since its purpose is to help allies abroad stand firm against the Communists.

To carry out this foreign aid program President Truman with the help of his experts asked Congress for $7,900,000,000 for the year beginning July 1.

But the House Foreign Affairs Committee and the Senate Foreign Relations Committee each decided this could be cut a billion and they so advised the House and Senate. Gen. Eisenhower, who's been the on-the-scene commander of the military part of the program, told Congress:

A cut of a billion might not wreck the program but more than that would be asking for trouble. Not so, said his rival for the Republican presidential nomination, Sen. Taft, who suggested a two-billion-dollar cut would be just about right.

A combination of House Democrats and Republicans sided with Taft apparently against Eisenhower and their own foreign affairs committee for last week they voted to cut the program almost two billion.

Then it shifted over to the Senate yesterday. Worried that his fellow-senators might follow the lead of the house, Sen. Connally asked that the program not be cut below the one-billion-dollar reduction approved by his foreign relations committee. Now the fight is on.

Connally pinpointed the basic question by asking who should know better how much money is needed: the man on the scene, like Eisenhower, or the member of Congress back home, like Taft?

Boy Sits Through His School Class After Being Shot In Leg

LONDON (AP) — A 13-year-old boy who didn't want to get his friend in trouble sat stoically through the morning session at school yesterday and then staggered home to tell his mother he had been shot in the leg.

The bullet had been fired accidentally from an old German luger brought to school by one of Edward Wilson's classmates. A desk cover hurriedly slammed down over the pistol caused it to fire. A startled teacher confiscated the gun but couldn't find the bullet or anyone injured.

Edward was taken to the hospital to have the bullet removed.

Try To Prove Girl Was Sane

EL PASO, May 27 (AP)—The prosecution today continued trying to prove Mary Jean Parsons was sane when she shot her husband, Lt. Richard O. Parsons, Feb. 16.

Testimony yesterday from John Tulk, former sheriff's department sergeant, indicated the 21-year-old blonde was calm and collected when she told the story just after the shooting. Mrs. Parsons faces trial on a murder charge if found sane.

Tulk testified before a district court jury that when he accompanied City Police Sgt. J. S. Hudson to a room to obtain a statement from Mrs. Parsons, "I thought she was unusually calm and cool."

"I was shocked by this," Tulk said.

He said she was well-behaved, quiet, cooperative, there were no emotional outbursts and she answered questions intelligently.

Other witnesses, including Col. Joseph W. Petit, provost marshall at Fort Bliss, Where Lt. Parsons was stationed, also said they noted Mrs. Parsons apparently calm attitude.

Case For Domestic Source Of Newsprint

WASHINGTON (AP) — Sen. Case (R-SD) today called the high cost of newsprint a national problem and said Congress should help this country develop its own domestic sources of low-cost newsprint.

Case proposed that a joint committee on newsprint study the situation and make recommendations to the next congress.

Huge Catholic Fete In Spain

BARCELONA, Spain (AP)—Purple-robed cardinals, archbishops in violet and pilgrims from all over the world gathered in this ancient city to pray for peace at the opening today of the 35th International Catholic Eucharistic Congress.

The congress—first in 14 years—was to open officially with the arrival this afternoon of Pope Pius' representative, Federico Cardinal Tedeschini. Already a half million visiting faithful jammed Barcelona.

Tedeschini was to inaugurate the congress—first held in Lille in 1881—with the singing tonight of the "Veni Creator" in Barcelona's cathedral. The official program ends Monday.

Foreign Minister Albert Martin Artajo and all of Spain's top government leaders except Generalissimo Francisco Franco were to greet Tedeschini on his arrival. Franco plans to make a triumphal entry into Barcelona harbor Thursday aboard the cruiser Miguel de Cervantes.

Francis Cardinal Spellman, archbishop of New York, received an ovation last night when he flew into Barcelona Airport.

Barcelona, Spain's second city, was dressed up as never before. Flags decked the buildings. Spotlights flashed across the skies at night. The streets were thronged.

Numerous altars erected through out the city were dominated by three huge crosses visible to pilgrims arriving by sea and air.

Graduation Exercises Little Longer Than Usual At Bloomsburg

BLOOMSBURG, Pa. (AP)—Commencement exercises at Bloomsburg State Teachers College were a little longer than had been planned.

Author Salom Rinzk of New York was the scheduled speaker for the affair yesterday. However, his bus was delayed by a flash flood.

Bloomsburg Teachers' president, Dr. Harvey A. Andress, started the exercises on time. When it became evident that Rinzk would be late, Dr. Andress asked a member of the school's board of trustees, Victor C. Diehm, to take over.

Diehm, owner of Hazleton, Pa., radio station WAL, delivered an impromptu address. As he finished and the crowd prepared to go home, in walked Rinzk.

There was only one thing to do. Dr. Andress introduced the scheduled speaker—and everyone sat down again.

Chinese Finds Way To Overcome Hardships Of Communist Life

HONG KONG (AP)—The independent Sing Tao Daily News today told how Shao Tah-siang, proprietor of an auto repair shop in Canton, solved his crisis with the Red China government.

Shao complained bitterly that Communist taxes, fines and forced bond purchases had drained away all his resources. The Reds suspected he had something left, refused to let him shut up shop, and set five workers in his shop spying on him.

Neighbors told police the other day that the shop's doors were locked and barred. A squadron battered them down. Inside they found the five workers, apparently stalked one by one by Shao and killed with a five pound mallet, and Shao, dead by poison.

Chicken Lays Ten Eggs In One Hour To Set New World's Record

CUDWORTH, England (AP) — A prolific pink-eyed hen named Jennifer had Britons claiming a new world's record today—10 eggs in less than one hour.

Jennifer's owner, farmer Charlie Rogers, said she hadn't produced an egg for days and looked "a bit off color." So he brought her into the house yesterday and made her comfortable in front of the fire.

Then things began to happen. The eggs came popping out at five-minute intervals. Charlie got worried and summoned two neighbors and the village postman to stand by.

American Meat Hailed By British Actress

LONDON (AP)—British film star Glynis Johns returned home from New York last night and proclaimed the powers of good American meat.

She used to be a vegetarian, she said, but six months of eating meat in America had done wonders all around — added an inch to her former 5 foot 3 inch height, upped her 112 pound weight by another 15 pounds and made her size 2 feet a size larger.

"Also I've grown bigger here," she blushingly said, pointing to her bust. "I'm 36 now instead of 34 and my waist is 24 instead of 23."
