Funeral Service Mrs. E. Bonham Held Monday

Funeral services were held at Maud at 10 o'clock Monday morning for Mrs. Edgar Bonham, former resident of Mt. Pleasant, but who had made her home at Texarkana for some time. The services were under direction of Rev. E. Mathison at the Methodist Church.

Mrs. Bonham passed away at 1:30 o'clock Saturday afternoon at the home of a daughter, Mrs. Lester L. Morris of Farmersville. Her death was attributed to a heart attack. She was 67 years of age.

Mrs. Bonham is survived by her husband; four sons, V. A. Bonham, Navasota; Harold Bonham, Talco; Edgar Bonham Jr., San Antonio; and Bruce Bonham, Atlanta; and four daughters, Mrs. Ewell McClinton and Mrs. Chas. Brock, both of Mt. Pleasant; Mrs. L. L. Morris, Farmersville; and Mrs. Tom Dickens of Maud. A brother, Stewat, Chanute, Kan., also survives.

Mr. and Mrs. Bonham and family made their home in Mt. Pleasant for about fourteen years.

Two New Residences Going Up in Talco

Work is progressing on the new W. H. Kelley home on Crawford street, now F. M. 71. It will be a six-room affair with bath and workroom. The old Kelley home was torn down and all suitable material from it will go into the new structure.

Robert Williams of Bogata, is the builder, with Whitten Lumber Co. supplying the building materials.

A new home for the J. T. Goodrees, five rooms and a bath, is also under construction. Williams is also the contractor on this job with Whitten Lumber Co. supplying the materials.

Week end guests in the home of Mr. and Mrs. O. L. Hopkins were Mr. and Mrs. J. M. Hopkins and son, J. B. of Grand Coulee, Wash., and Mrs. Ernest Addis and daughter, Merl of Canton, Okla.

Plan Deep Test S. E. Mt. Vernon

Wildcatting in East Texas took another forward jump Saturday with location announced for a long-planned and important deep pay attempt near Mount Vernon.

Atlantic Refining Company will drill the test about three miles southeast of Mount Vernon on a block it has been assembling for some time. This blocking and other buying around Mount Vernon led to considerable townlot leasing there last year. Royalty buying in the area has been active for several months.

The Atlantic test will be No. 1 Glenn Freeman, a planned 7,300-foot Travis Peak test. Location is 660 feet from the east and 991 from the north lines of a 118.03-acre tract in the N. P. Riddle survey.

In Pewitt Ranch, Coats & Moore staked No. 2-A Chamness, a 4,600-footer on a 200-acre tract in Allen Samuels survey. It is 747 from No. 1-A, dry hole.

Patman Considers Postmaster Jobs

Six permanent appointments to postmasterhips are to be recommended by Congressman Wright Patman. They are:

Avery, in Red River County, Travis G. Keeling, now acting postmaster; Bivins, in Cass County, W. Royce, acting postmaster; and Cason, in Morris County, Morris S. Henderson, acting postmaster.

Dalby Springs in Bowie County, Mrs. Norma Lee Mathis, acting postmaster; Malta, in Bowie County, Miss Thelma A. Terral, acting postmaster; and Marietta, in Cass County, the Rev. L. H. Harris.

Masonic Installation Service at Stadium

A joint installation of newly elected officers of Masonic Lodges in this area will be held on Friday night, June 29, at the high school stadium in Mt. Pleasant.

Lodges that will participate in the joint ceremony are those in Talco, Mt. Vernon, Naples, Omaha, Daingerfield, Pittsburg and Mt. Pleasant.

Talco Oilers Clip Gilmer Buckeyes In Close Game

By JACK WINN

Behind the steady pitching of Fred Benners and the timely hitting of Art McKinstry, the Talco Oilers defeated the Gilmer Buckeyes Thursday night of last week by the score of 3-2.

Benners had a shut-out in the making until Tom King connected with one of Benners' fast balls and hit for the circuit with a mate aboard, to tie the score at 2-all. The score remained tied until McKinstry came up in the bottom of the ninth and hit one for and high over the center field for a home run and the game. The win put Talco a game and a half ahead of Gilmer in the league standing.

Talco Oilers handed the Commerce Panthers a 7-1 shellacking here Friday night, behind the 4-hot pitching of Robert (Lefty) Abshire. This was the second meeting of these two teams this year, Talco winning the first game 7-6 in 12 innings.

Short-Shorts: The Oilers acquired a new second baseman this week. He is Bobbie Buckman of Paris. Bobbie is a good defensive keystone man. Bob got one hit for three against Sulphur Springs' Ralph Marshall in a game before he had to leave for National Guard encampment in Louisiana. Robert is working in Talco for a contractor. Mac Pittman is still leading the Oilers in hitting, with a .346 average. He is also playing good defensive ball.

Your Home Town Newspaper One Day Late Next Week

Wednesday of next week is July 4th, a national holiday, which will be observed by those who make this newspaper. For that reason next week's edition will be one day late. Kindly recall this little notice when your home town newspaper does not arrive next week at its usual appointed time. It will be one day late. Schedule of work in the plant and in the gathering of news and advertising will not permit the making up of a day in the fore part of the week.

Broilers Net \$500 In Nine Weeks

Mr. and Mrs. D. H. Harvey who live southwest of Deport, grow broilers for the market. Another batch was sold last week. The 2,880 birds brought 32 cents per pound and Mrs. Harvey says they cleared more than \$500 from them after feeding and caring for them just a fraction more than nine weeks.

The Harveys now have two broiler houses going on their place. The first, in operation since last summer, houses 3,000 broilers. The second, a 40x130 foot building, houses 6,000. The big house, equipped with an automatic chain feeder and time clock, is now stocked with 5,650 New Hampshire Red chicks, one month of age.

Talco Man With Army in Germany

Stuttgart, Germany. — A Talco man serving in the Army, Cpl. Bobby Sikes, is the only Titus County resident to be among the first American troops to arrive in Europe to augment Gen. Dwight D. Eisenhower's Atlantic Pact forces. He is serving with the advance party of the famous Fourth (Ivy) Division, temporarily quartered in a huge tent city near Mannheim, Germany.

Cpl. Sikes, 22, son of Marshall M. Sikes, Rt. 1, Talco, is assigned to the field artillery as a surveyor. A graduate of a business college, he was employed by the Texas Highway Department before entering the Army last November.

H. C. McCluer Buried Thursday At Bogata

Herman C. McCluer, 92, of Bogata, died at his home Tuesday night at 9:30 following an illness of two months. Funeral service, conducted by the Rev. R. E. Porter of Bonham, former Bogata pastor, will be held Thursday afternoon at 4 o'clock at Bogata Methodist Church. Interment was in Bogata cemetery.

Surviving besides his wife, are two children, Mrs. Paul Griffin of Dallas and Gaylord H. McCluer of Lubbock, a granddaughter, Anne Griffin of Dallas, a brother, Gaylord S. McCluer of Crawfordville, Ind., and a niece, Mrs. David Lillenthal of Washington, D. C.

Deceased, a retired railroad man, surveyor and civil engineer, was the son of Cicero and Mary Alice McCluer. He was born July 21, 1858, near Lexington, Ohio, and attended Crawfordville schools and Wabash College. Mr. McCluer came to Red River County 38 years ago and had resided in Bogata for 30 years. He was married to Miss Elizabeth Howison on June 28, 1911. He was a Mason and member of Helia Temple, Dallas.

Nephew of Talco Man Lost at Sea

Jessie LaVerne Garner, 26, of Fordyce, Ark., and a nephew of J. W. Garner of Talco, was lost at sea March 2, while serving as junior engineer on the SS Mormacdale enroute from New York to Recife, Brazil, his family has been notified.

Garner was graduated from Fordyce High School and the United States Maritime School at St. Petersburg, Fla. He was a warrant officer in the maritime service during World War II.

He was the son of the late Warren Anderson Garner of Fordyce. Survivors are his mother, Mrs. Ethel Garner of Little Rock; a brother, Hershel H. Garner of Little Rock; three sisters, Mrs. Earl Scott of Thornton, Mrs. Jesse Paul Jeanes of Mountain Home and Miss Willie Garner of Little Rock.

Arrangements for a memorial service will be announced.

Safety Awards by Texas Company

Safety Awards were presented to employees of six fields of The Texas Company in the Shreveport District at a banquet held at the Washington-Youree Hotel at 6:00 p. m. June 21. The awards were presented to employees for having gone in excess of seven years without a lost time personal injury, as follows:

McAleer, Chief Clerk, Southern District Personnel Division, Industrial and Public Relations Department, both of Houston.

Warm Air Above Makes Sky Hazy

These hazy, smoky-looking skies we have had for several days are caused from warm air above instead of cool, and ground heat is not rising, explains the weatherman.

When warm air of approximately the same density is above colder air, it traps the lower atmosphere. The lower air cannot warm and pass through the layer above. With it is trapped haze-creating smoke, dust particles and other materials.

Upper air currents caused the mischief by bringing in the warmer air higher up.

The condition is wide spread, stretching from the Gulf of Mexico up into Oklahoma and Arkansas.

Former Talco Man Wins Bronze Star In Korean War

Capt. Frederick H. Ogilvie of McKinney, chaplain with the 13th Engineer Combat Battalion in Korea, was awarded the Bronze Star Medal June 12.

Chaplain Ogilvie served with the 50th Antiaircraft Artillery Automatic Weapons Battalion. The batteries of the battalion were widely scattered and the task of maintaining regular contact with all personnel was extremely difficult, necessitating travel by day and night over roads which were subject to attack by enemy guerrilla forces. Throughout this period Chaplain Ogilvie distinguished himself by the manner in which he accomplished his difficult mission, the citation said.

Chaplain Ogilvie served as pastor of the Talco Calvary Baptist Church for two years before enlisting as a lieutenant in the armed forces. He is the son of F. C. Ogilvie of Anna, a graduate of Baylor University, Waco, and holds a Master of Theology degree from Southwestern Theological Seminary in Ft. Worth. His wife, the former Margaret Pruet, and their two children, Ida Margaret and Jimmy, live in McKinney, while Chaplain Ogilvie is serving with the armed forces. He expects to return to the States the latter part of the summer.

Repaving Ordered On Highway 271

The State Highway Department has announced that U. S. Highway 271 will be rebuilt and resurfaced from Trent Lake bridge to Jolintown, a distance of 2.3 miles.

In Delta County—Farm Road 1528, clean ditches, repair base and seal coat, from State 24 to Klondike, 0.7 mile.

In Lamar County—Farm Road 195, construct three culverts from 7.86 miles to 8.08 miles northeast of Paris.

Mrs. Sallie Gage was a week end guest in the home of her parents, Mr. and Mrs. J. W. Gray of Carthage. She attended the funeral of an uncle, D. L. Beauchamp in Beckville Monday afternoon.

MacArthur Speaks

Influence of General Douglas MacArthur's visit to Texas is being talked, especially among those who heard and read his speeches. That he is a master of the English language goes without saying. That he is ashamed of the cowardice and lack of leadership at Washington; the drift toward federal control and dictatorship; the socialistic theory of government ownership and the straying away from Democratic principles, is readily recognized. He is not alone in such thinking.

MacArthur is a great American—probably the greatest of our times. He has spent his life defending our concept of American government. He has the rhetoric, personality and leadership to speak out against the rising tide of federal confiscation of private property and domination of our people from those in authority at Washington as no other good American has spoken in years. Maybe the Lord had a hand in bringing MacArthur back to the States.

Most thinking men fear more what is happening in Washington than they do the Russian hordes. A so-called Democratic administration has for fifteen years sold this nation down the river, and the people have less confidence in and respect for those responsible than at any time since the Civil War.

A special "Addition" of the Pittsburgh Gazette reached this office Sunday. It was a baby edition and announced the arrival of a new sports editor on June 20. His name is Thomas Martin White and he weighed 7

lbs and 12 ozs. Mother and son were doing well but father had a fainting spell, the bulletin announced. He is the son of Mr. and Mrs. Dick White, a grandson of Mr. and Mrs. T. J. White and a great-grandson of Mr. and Mrs. Burt Lockhart, all of the Gazette. We hope he grows up to become as brilliant a paragrapher as is his famous great-grandfather, whose "Editorially Speaking" paragraphs appear in this newspaper.

Life is so short that we often wonder why men bear ill will toward others over some fancied wrong or differences of opinion. Jealousy is also at the bottom of some unkind feelings. Men who harbor ill will are hurting themselves more than those against whom they hold grudges. We repeat, life is short and it is often later than we think. Regardless of how much money one possesses, he has only one real thing to spend and that is his time. The most valuable thing in the world is friendship, yet some men thoughtlessly, carelessly cast it aside if it enriches their own purses or satisfies their greed for gain or revenge. Such lives are not happy ones and they die in embittered old age, physical and mental bankrupts.

Fred V. Rodgers New Mail Carrier RFD 2, Bogata

Fred V. Rodgers is the new rural mail carrier on Route 2 out of Bogata, succeeding John Childers who resigned 16 months ago. He was the high man in competitive examinations taken about a year ago. Luther Roberts, substitute carrier for the Bogata office, has served the route since Mr. Childers' resignation.

Mr. Rodgers was born at Johnstown about 37 years ago. He later lived at Rugby and Bogata and has a wife and two children. He served in the armed forces during World War II.

Mr. Childers served patrons on R2 for thirty years, prior to his resignation.

Thomas J. Hood, County Clerk and the following absent: None; constituting a quorum, and among other proceedings passed the following order:

WHEREAS, this Court passed the following order, acting on its own motion as provided by House Bill 107, Acts of the 51st Legislature, Regular Session, 1949, (1)

WHEREAS, this Court has investigated the submission to the resident property taxpayers qualified voters the question of substituting to said voters the proposition of voting additional ad valorem tax as provided by House Bill No. 107, Acts of the 51st Legislature, Regular Session, 1949, and this Court after said investigation is of the opinion that it would be beneficial to this county to call said election.

THEREFORE, BE IT ORDERED BY THE COMMISSIONERS' COURT OF TITUS COUNTY, TEXAS:

That an election be held in said County on the 7th day of July, 1951, which date is sufficient to allow the posting and publishing of notices of said election as herein provided, at which election the following proposition shall be submitted to the resident property taxpayers qualified voters of said county for their action thereupon:

PROPOSITION

To determine whether or not said county shall be authorized to levy, assess, and collect ad valorem taxes upon all property within said county, except the first \$3,000.00 valuation of residential homesteads, not to exceed thirty cents on each \$100.00 valuation in addition to all other ad valorem taxes authorized by the Constitution of the State of Texas, provided the revenue therefrom shall be used for the construction and maintenance of Farm-to-Market and lateral roads, or for flood control, either or both, as the Commissioners' Court of said County may determine as provided in House Bill No. 107, Acts, 51st Legislature, Regular Session, 1949.

That said election shall be held at the following places in said county and the following named persons are hereby appointed Presiding Judges for said election:

Precinct No.; Voting Place; Presiding Judge:
1. Southwest Mt. Pleasant, Lloyd Legg.

NOTICE OF ADDITIONAL AD VALOREM TAX ELECTION THE STATE OF TEXAS COUNTY OF TITUS

TO THE RESIDENT PROPERTY TAXPAYING QUALIFIED VOTERS OF TITUS COUNTY, TEXAS:

TAKE NOTICE that an election will be held on the 7th day of July, 1951, at the places, in the manner and on the proposition set forth in the attached copy of an order for additional ad valorem tax election, duly entered by the Commissioners' Court of Titus County, Texas, on the 11th day of June, 1951. Said attached order for additional ad valorem tax election is made a part of this notice for all intents and purposes.

THOMAS J. HOOD, County Clerk, Titus County, Texas.

Mr. and Mrs. Arren Hanks and son, Jackie, of Mena, Ark., spent Saturday and Sunday with Mr. and Mrs. Oscar Morgan.

To the Citizens of Titus County

In 1948 the Citizens of the State of Texas voted in favor of a Constitutional Amendment that would permit the counties after a local election, to levy a 30 cents ad valorem tax instead of the state levying this tax.

The Commissioners' Court of Titus County has called a special election for Saturday, July 7, for this purpose.

If approved by the voters, the tax will provide a 30 cent levy on each \$100 valuation over \$3,000. Regular homestead exemptions of \$3,000 will continue as it has been under the present state law.

This will not increase your taxes. If you vote for this levy it will simply mean you will pay the tax to Titus County instead of the State of Texas, as you have been doing heretofore.

All the money received from this tax will be spent in Titus County for the construction and maintenance of lateral farm roads.

This will help get the farmer out of the mud, provide better roads for the school buses, mail carriers and milk haulers. In fact better roads for everyone through the whole county.

Respectfully,
COUNTY JUDGE & COMMISSIONERS' COURT, TITUS COUNTY.

Customer: "You say it costs you \$20 to make these watches. Well, if you sell them for \$20, how do you make any profit?"

Shopkeeper: "That comes from repairing them."

METHODIST YOUTH HAVE CHARGE OF SERVICE

The first "All Youth Participation" service was held Sunday evening at the Methodist Church. It was the first service of this type in which only the young people of the church participated and Rev. Dvorak plans to have this type service one Sunday evening of each month.

The program consisted of group singing, prayer, special numbers, poems, scripture reading and topic discussion titled, "Because He Is There," "Making Room for Jesus," and "Going His Way." The service proved very interesting and inspirational.

Alcorn Joins With Washington Expert Who Warns U. S. Against Over-Saving

Editor's note: Achin Alcorn, philosopher on his Johnson grass farm on Sulphur, has another odd idea this week, which keeps his batting average pretty high.

Dear Editor: People are always pokin fun at what comes out of Washington, me included, but this morning I was sittin out in the pasture under the shade of a tree readin a newspaper I'd picked up in town yesterday at the barber shop, was in there for restin purposes only, and noticed where an expert from Washington made a speech in Austin before a group of economics students and said "too much saving by people will put us on the verge of a depression."

I read it twice and that's what he said.

"Our big problem today," he added, "is to keep a balance between income classes to avoid over-saving."

I want you to know this kind of advice is right up my alley. For years I been listenin to people tell me over-spendin was the surest way to go busted, that no nation could spend itself into prosperity, but this is the first time I've read any warnin against over-savin, and believe me I'm in favor of hearin more.

Accordin to this expert, whose

title is Chief of the Consumer Price Index System of the Bureau of Labor Statistics in Washington, what caused the celebrated depression in 1929 was over-savin. "In 1929 we over-saved, and that brought on the depression," he said.

I'm glad to hear the wisdom of my way of life underscored, and whatever you can say about me, you can't say I helped bring on the 1929 depression, and furthermore I'm doin all I can to avoid bringin one on now. You don't catch me over-savin. In fact, the only reason I don't spend more'n I am is because too many storekeepers are shortsighted, depression-minded, and won't let me. Throw up a credit screen that's puttin this country on the verge of a depression, if that expert knows what he's talkin about.

However, I have been reflectin on this problem of over-savin, and while I don't want to knock nobody out of a job, I believe that expert has succeeded in talkin in himself about out of one, as most folks I know have come around to his way of thinkin and if there was ever a nation bent on avoidin a depression by refusin to over-save, this one is it. If that Washington bird is right, this country has got smooth sailin from now on.

Yours faithfully, A. A.

From where I sit ... by Joe Marsh

The Cow That Can't "Run Dry"

Sandy Johnson showed me his Jersey cows last week. It was a warm day and they were all under the trees near a watering trough. And darned if one cow wasn't pumping water into the trough! It's a fact—she'd raise the pump handle with her nose, and use her throat to push it down again.

"That's Mabel," Sandy explained as she moved away. "Sometimes they drink that trough dry, and she's learned how to fill it again. But she doesn't know her own strength—turns the place into a swamp if we don't watch her."

From where I sit, Mabel isn't the only one who sometimes doesn't know where to stop. For instance, people often carry personal opinions too far—like the person who wants everyone to accept his choice of political parties, or ball-players . . . or beverages. I prefer a glass of beer with my meals. I know that a lot of other people prefer milk. But nobody ought to insist on "herding" others around to his way of thinking.

Rules Suggested For Foot Comfort

People with aching feet may welcome the news that they have plenty of miserable company.

U. S. Public Health Service surveys show that 90 per cent of all Americans have some kind of foot ailment.

Ten practical suggestions for getting out of the 90 per cent and joining the happier 10 per cent follow:

1. Bathe your feet once or even twice a day, dry them thoroughly and use foot powder afterwards.
2. Never wear the same shoes two days in succession, and change socks or stockings once or twice a day.
3. Cut your toenails straight across and not shorter than the flesh.
4. Wear all-leather shoes, both soles and uppers, and pick the right shoe for the right occasion (not dress shoes for work, etc.)
5. Be sure you have the proper size of shoe, the proper size of sock or stockings (half-inch longer than longest toe.)
6. Limber up your feet at intervals—they have muscles too, remember. Wiggle your toes.
7. Don't needlessly get your feet wet, and don't let them stay wet from perspiration.
8. Cultivate good posture and give your feet proper support with all-leather shoes. Toes straight ahead when walking. Toeing out weakens the ankle and arches and ruins a graceful stride.

July 25 Deadline Applications for G. I. Training

July 25, 1951, is an important date for any veteran who is considering training under the GI schooling bill. There are some exceptions to the final date of July 25, but the big idea appears to be that the veteran must make application for training or more training before that date.

If he desires to transfer from one training course to another, application should be made before July 25. If he desires to enter any GI school for the first time, July 25 is the deadline unless there are circumstances beyond his control that prevented him from doing so.

Any veteran now enrolled must apply for the next course while still enrolled. After July 25, 1951, any interruption will discontinue the veteran's training.

M-1 Army Rifle Has Plenty Killing Power

The M-1 .30 calibre, 16-shot automatic rifle used by the boys in the Pacific during World War II is still the official gun for the armed forces now. It is a powerful little weapon, light and easy swinging, compared to guns of other wars, and has a peep sight that makes it easy to draw a bead on any object.

Several years ago the editor's deer rifle which is automatic, failed to function on opening day of the deer season and he was loaned one of those guns by a man who had used it in the recent war.

We didn't have too much confidence in its ability to stop a buck, due to the light load, as compared to the deer rifle. But the first shot at a running buck hit and turned him, presenting a left, broadside running second shot. It struck a rib behind the left four shoulder, drove it into his heart and that buck ran about 250 yards without a heart.

When the editor gutted the animal its heart looked more like a great hunk of clotted blood. The M-1 .30 has plenty of shocking and killing power.

Shivers Approves Several New Bills

Gov. Allan Shivers has signed the disputed small loans and anti-sabotage laws.

Thirty-nine other bills got his approval, among them:

A more effective law against drunk drivers, part of criminal code reforms.

Increased penalty for setting fire to woods or pastures.

Labor leaders fought the anti-sabotage act. Any person who wilfully damages another's property as much as \$50 could be sent to prison for two to twenty years. If the damage is below \$50, the penalty would be a fine up to \$1,000, or a year in jail.

Punishment would be doubled if a person suffered physical injury, and the offender would be guilty of murder if death resulted.

The new law against setting fire to timber or pasture, wilfully or by gross negligence, carries a \$15 to \$200 fine. Allowing the fire to spread from your property to a neighbor's would be considered gross negligence.

Allow commissioners court to pay expenses on their automobiles.

Require mudguards on dual wheel trucks.

Summer Officially Arrives on Time

Heat during the past week told everyone that summer was here, although the calendar said it didn't begin until last Friday. It was also the longest day of the year, but it would have required a stop-watch to tell the difference between day lengths of Thursday and Friday. There were 859 minutes plus of sunshine.

But the weatherman says there were that many minutes on June 19 thru June 25. These boys are just too technical, especially when there is an administration in power that wants to do something for the do nothings, and that time is everything—even if it is fleeting.

COTTON STILL FIRST AS INCOME PRODUCER

Dallas. — What agricultural commodity brings in the most money to the Southwest?

It's still King Cotton, the Federal Reserve Bank of Dallas reports.

The principal sources of the Southwest farmer's dollar in the years covered by the bank's report were: Cotton 28 cents, cattle 23, wheat 11, dairy products 7, chickens and eggs 5, hogs 4, rice and grain sorghums 3 each, wool and peanuts between 1 and 2, and turkeys, corn and hay less than 1 cent.

WOMEN GET LOWER INSURANCE RATES

Dallas.—The United Bankers Life Insurance company has announced substantial reductions in the cost of its life insurance for women — because women live longer than men.

Women live five to six years longer than men. For years insurance companies have recognized this fact by charging them more for annuities than for men of the same age.

The value of a goal lies in its being pushed over.

The trucks that are the most for you—

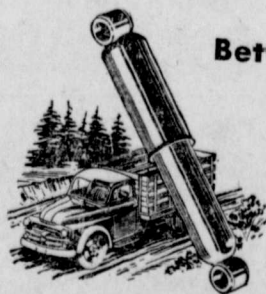

**NEW
DODGE**
"Job-Rated" trucks

...with features you've always wanted

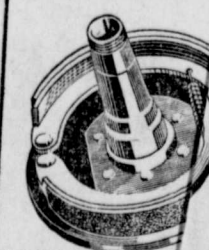

More power with thriftier performance

You'll get power to spare—with economy to boot! Eight Dodge truck engines—94 to 154 horsepower—have power increases up to 20%. High compression gives flashing performance with less fuel. For year-in, year-out economy and dependability you get 4-ring pistons with chrome-plated top ring, "hotter" spark plugs (on models through 1 ton), heat-resisting exhaust valve seat inserts, 45-ampere generator, moistureproof ignition, and many other features.

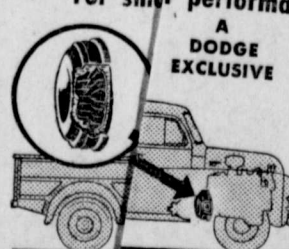

Better load protection... easier handling

Load and driver get the smoothest truck ride ever known! Revolutionary new "Oriflow" shock absorbers on 1/2-, 3/4-, and 1-ton models smooth out bumps and jolts on any road... greatly lessen driver fatigue. And driving is made even safer with easy-acting, worm-and-roller steering gears on most models. To add to safe handling, you also get cross-steering, shorter wheelbase, wide front tread, and shorter turning diameter.

Greater safety for both driver and load

Cyclebond brake lining on all models assures positive, smooth stops with long lining life—because there are no rivets! A brand-new development—Tapered Molded Cyclebond lining—is featured on all models, 1/2-ton and up, except air-brake models. It's extra-quiet, extra-smooth, extra-long-lasting! And Dodge gives you the added safety of all-steel "Pilot-House" cabs—with super-sized windshield, lower hood line, and relocated windshield wipers for better visibility.

For smoother performance... longer truck life—FLUID DRIVE!

Available on 1/2-, 3/4-, and 1-ton models. This proved fluid coupling between engine and clutch cushions starts, protects more than 80 vital truck parts—including engine, clutch and entire drive line. Smoother starts give added protection to your load. Driving is easier! Less gearshifting! Your truck lasts longer! Ask us for copy of free gyrol Fluid Drive Booklet.

What "Job-Rated" means to you

A Dodge "Job-Rated" truck is engineered at the factory to fit a specific job... save you money... last longer. Every unit from engine to rear axle is "Job-Rated"—factory-engineered to haul a specific load over the roads you travel and at the speeds you require.

Every unit that SUPPORTS the load—frame, axles, springs, wheels, tires, and others—is engineered right to provide the strength and capacity needed.

Every unit that MOVES the load—engine, clutch, transmission, propeller shaft, rear axle, and others—is engineered right to meet a particular operating condition.

PLUS ALL THESE PROVED FEATURES DODGE TRUCKS HAVE HAD FOR YEARS

Steering column tilt, standard on 1/2-, 3/4-, and 1-ton models with 3-speed transmission. Independent brake for added safety. Synchronizer transmissions (3-speed, 4-speed, or 5-speed), silent, precision engineered. De Luxe cabs (with rear quarter windows) available on all models. And many others!

Come in for a deal on a
truck that's your job... a **DODGE "Job-Rated" TRUCK**
