Assistant Coach Kearns Resigns For Other Post

"An Opportunity I Couldn't Pass Up"

TO DISTRICT IV CONVENTION

Mrs. Gerald Gordon Heads Local Teachers Delegation

Ken Kearns, Colorado City High School coach for 3 years, resigned the position Monday in a letter to Colorado Independent School District's superintendent Frank Wilson.

Kearns said he had several chances that offered advancement... "opportunities I just can't pass up." He declined to comment on what specific

Mrs. Gerald Gordon, president of District IV of West Texas Teachers Association, will head a delegation of approximately 90 Colorado Independent School District administrators and teachers, along with other county school faculty members, at the district's annual convention in Odessa Friday.

Mrs. Gordon, Colorado City High School English and journalism teacher, was elected to the post at the 1961 convention in Midland last March. She will preside at the meeting of the House of Delegates as well as the general sessions of the convention expected to draw an approximate 3,500 association members from a 15-county area.

There will be no school in Colorado City's 5 schools — Primary, Hutchinson, junior high, senior high and Wallace — Friday as all faculty members and administrators attend the annual convention of District IV West Texas Teachers Association in Odessa.

Classes will resume in all 5 schools here Monday.

Also participating from Colorado City will be the high school's Concert Choir, under the direction of Curtis Baker, which will perform at the convention's first general session, and Superintendent Frank Wilson, teacher Mrs. Austin McCloud, high school principal E. M. Findley and

teacher Miss Jane Merrill. Mitchell County Teachers Association members who are delegates to the House of Delegates tonight (Thursday) are Vance Dickenson, president of the county organization, Wilson, Findley, Mrs. Dickenson and Herman Parsons, superintendent of Westbrook School.

Mrs. Gordon holds both a BA and a MA degree from Hardin-Simmons University in Abilene. She has done graduate work at Mary Hardin Baylor College in Belton, Texas Tech College in Lubbock and East Texas State College in Commerce.

She is in her 14th year of teaching in Colorado City High School.

The Gordons reside at 1229 Chestnut St. He is in the insurance business.

Income Tax Seminar Is Proposed

A brief seminar on how to fill out and report personal income taxes has been proposed in Colorado City.

Preston McCleskey, internal revenue agent from Midland's group office of the Internal Revenue Service of the U. S. Treasury Department, has suggested the seminar to Chamber of Commerce.

He has served as first assistant to head coach and athletic director Sam Christy since Christy took over the top roles at the beginning of the 1960-61 school year. In that capacity, he acted as first assistant football coach to Christy and as head baseball coach.

He has taught World History his 3 years here.

In the official announcement of Kearns' resignation, Christy said:

"Ken Kearns, first football assistant and head baseball coach, has resigned his position at Colorado City High School to accept another coaching position. The opportunities afforded him were too much to turn down. The resignation has been accepted with regret, but with him go my best wishes for continued success as a coach."

The resignation is effective at the end of this school year. Kearns expects to move from Colorado City approximately June 1.

Of the action, Kearns said: "As I said to Wilson in my letter, I wish to express my

Chamber president Bob Carver reports the Chamber would sponsor the seminar, to be conducted by McCleskey, if enough Colorado City and Mitchell County citizens were interested in attending.

Carver urges all local citizens who would be interested in attending to contact the Chamber's office by 12 noon Saturday by telephoning RA 8-3403.

"We want to sponsor the special seminar if there are enough interested here," said.

AT LAST MINUTE

Pritchett Enters City Council Race

Dan Pritchett, 200 E. 15th St., became the fifth and final candidate here for City Council late Saturday by filing just shortly before the 12 midnight deadline.

Pritchett, 2 incumbents and 2 other newcomers to the political scene in Colorado City will vie for 3 expiring terms on the City's governing body in the City Election here April 3.

Pritchett, in his announcement for the office, said: "Growth and progress of Colorado City is of extreme importance. If elected, I plan to devote every effort possible toward this goal."

Colorado City is a fine place to live and it will be my objective to do whatever possible to help in the successful operation of the City government.

Other candidates are incumbents Dr. John H. Chinn, 37, on the staff of Rhode-Cowan Clinic; H. I. Berman, 63, retired businessman, and newcomers R. J. Hoback, 38, partner in Colorado Feed and Seed; and Winston W. Smith, 48, in the roofing business.

May 4—Glenn R. (Bob) Robinson, in the oil drilling business here, did not file for reelection. Robinson, who has served only one Council term, was Mayor in both 1960 and 1961.

Political newcomer Pritchett is a real estate dealer here and a former insurance agency owner. He owned and operated Dan Pritchett Insurance Agency here from 1950 until 1953. The agency is now Craddock-Witten Insurance.

He is a native of Colorado City and a graduate of Colorado City High School. He attended Texas Tech College in Lubbock.

Pritchett is a member of See PRITCHETT Pg. 8

Anti-Communist Battle Is Within the Individual

A religious educator who has taught Communism for a quarter of a century marked freedom's battleground here Wednesday night with the totalitarian ideology.

The battle, Dr. Frank H. Littell told more than 50 persons in Colorado High Auditorium, is within the individual person.

Littell, professor of church history at Perkins School of Theology, Southern Methodist University, Dallas, and noted writer about Communism and Nazism, opened the community's 3-week seminar, "Exposure of Communism."

He spoke for 2 hours to his attentive audience and later in dramatic question-and-answer session.

"This fight is not going to be won primarily by the military or technical," he declared, "but by those who learn what the enemy is, and then, on our neighbors."

"Some are forgetting this is a Christian mission. And we can forget this

"This combat won't be won by someone for us... but by folk like you and me who work it out... study it out."

Littell, who in the 1930's was chairman of the anti-Communist block in the World Youth Congress and later directed one of the chief anti-Communist programs in Berlin and Western Europe, spoke on the subject of "Christianity vs. Communism."

Throughout his talk he urged renewed vigor in building our democratic institutions as the best bulwark against Communism.

"Our best way is to pass on stronger institutions to our children," he said. "Free system works," he said. "He spoke against suspicion, gossip, malicious and irresponsible name-calling."

"We must strengthen our freedom by breaking the ninth commandment," Littell stated. "passing false witness on our neighbors."

MARVIN E. MILLER ... 50 Years Filling Prescriptions AND SERVICE TO THE SICK

Miller Marks 50th Year as Pharmacist

By RICK TAYLOR
Record News Editor

Medicine and prescriptions have undergone great changes in the last 50 years — and Marvin E. Miller has seen it all.

Miller, pharmacist at Colorado Drug here for 19 years, just recently celebrated his 50th anniversary in the profession.

Hanging in the prescription department at Colorado Drug today is a tribute to Miller for his half-century of service — a citation of achievement

from the Texas State Board of Pharmacy.

The citation reads: "State Board of Pharmacy. A tribute to M. E. Miller who has faithfully fulfilled 50 years of devoted service through continued interest, who has made important contributions to the ethical and technical progress of pharmacy. In recognition of his long and meritorious career, we, the Texas State Board of Pharmacy, present to him this Citation of Achievement."

But the citation isn't Miller's proudest possession.

AT DOCKERY MOTORS

Hardegree Hurt In Monday Blast

Weldon Hardegree, 115 E. 14th St., suffered first and second degree burns in an explosion and fire at Dockery Motor Company, 930 E. 2nd St. Monday.

Hardegree is hospitalized in Root Memorial Hospital here suffering second degree burns of both hands and arms and first degree burns of the face.

His doctor reported today (Thursday) his condition as "very satisfactory." Hardegree is expected to be hospitalized for as long as 14 more days.

The explosion-fire was reported at 5:55 p. m. Colorado City Volunteer firemen answered the alarm and had the small fire, confined to the back workshop area of the building, under control in minutes. Heavy smoke hindered the firemen's efforts.

PROJECTS ON DISPLAY

County Observes 4-H Club Week

Mitchell County's 125-boys and girls who are members of the countywide 4-H Club organization are being saluted here in 4-H Club Week being observed in conjunction with the state and national observance.

Johnny Tiller, Jr., son of Mr. and Mrs. J. E. Tiller of Seven Wells, and Miss Dolores Holman, daughter of Mr. and Mrs. Charles Holman of Loney, are serving as co-chairmen of the county 4-H observance.

Tiller is president of the county organization and Miss Holman is the group's vice president.

Buddy Logsdon, County Agent since Feb. 1, is 4-H Club director in the county by virtue of his office and supervises the countywide activities of 4-H Club members.

As part of 4-H Club Week here, the group has set up a display of the club's various projects and demonstration during the last 12 months in the window of Roberts Butane, 193 E. 2nd St.

Projects and demonstrations displayed in the window include those in the fields of beef cattle, swine, sheep, safety, foods and nutrition, electric and clothing.

Tiller and Miss Holman were in Lubbock Saturday attending the District 2 Council meeting of state 4-H Clubs, the week officially began. The meeting was conducted in Lubbock's Garden and Art Center and included delegates from 20 counties in District 2.

Miss Holman was elected as an alternate delegate to the

county 4-H Club officers are: Miss Kay Lindsey, daughter of Mr. and Mrs. H. C. Lindsey of Payne, secretary; Miss Jean Compton, daughter of Mr. and Mrs. Sidney Compton of Landers treasurer; and Miss Mary Beach, daughter of Mr. and Mrs. Grady Beach of Payne, reporter.

Three Hesperians Present Discussions on "Texas Day"

A "Texas Day" program was presented to the members of the Hesperian Study Club at their meeting Friday in the home of Mrs. J. E. Hale, 1544 Dallas St.

Leader for the meeting was Mrs. C. E. Cogswell. The meeting was opened with the pledge to the Texas Flag and group singing of "Texas Our Texas."

Mrs. Sam Thompson, Mrs. Bennett Scott and Mrs. Lynn Halbert presented the 3-part program.

Mrs. Thompson's part in the program was titled, "New Industries in Texas." "I chose the smaller and more unique industries that are a part of the greater industrial empire of the state of Texas," Mrs. Thompson said.

"The success of the great water ports that dot the coastline of Texas could be described as 'Deep Water Magic.' These are the focal points from which vast cargoes of oil, petrochemicals, sulfur, cotton, cattle, grain and thousands of other products are loaded each day destined for far-flung ports around the globe."

"Texas has moved up a notch and is now second place in national competition for attracting new industry. According to a survey made by 'Business Week' magazine, 1,000 executives in 19 cities were asked what locations they would consider if looking for a new plant site. California rated first with 104 selections and Texas was mentioned next in line with 61 preferences. During May, 1961, 100 new firms opened in Texas creating 1,733 new jobs."

Mrs. Thompson finished her program with the words, "In the long list of Texas industries, we must not forget those found here in our own environment. Our unique industry, the tumbleweed's success, is one. The Tumbleweed Company was formed in 1960 for the purpose of manufacturing decorative wreaths from the weed. From its humble be-

ginnings, the company has grown into a stable industry making store and street decorations for many special occasions.

"Colorado City also has the Les Fuller Manufacturing Company, which was backed by local financing and was set up for the purpose of manufacturing truck air conditioners and Diesel Magic, a diesel fuel additive. Products from this plant are currently being distributed through the central part of the nation."

Mrs. Scott presented, "Texas Part in the Peace Program" for the second part of the program. In beginning her program she quoted the words of former President Theodore Roosevelt, who said, "The best way to insure peace is to speak softly and carry a big stick."

She continued, "Following along with this policy for maintaining peace, Texas has furnished strong men in governmental places who have had a voice in shaping world affairs—a firm voice as well as a soft voice."

"The 'big stick' in this peace policy is the varied geographical terrain and climate and the big size of Texas. This makes it ideal for training area for every branch of the armed forces."

Mrs. Scott finished her part of the program by listing the armed forces bases in Texas for the colleges which worked with the Peace Corps and the individuals of Texas who are taking part in this program.

"The Shifting Population of Our State" was the title of the program presented by Mrs. Lynn Halbert. She started her program by listing the population movements in Texas from 1519 until the present date.

"In 1519," she stated, "the first white men landed in Texas. These were Spanish explorers who moved along the Gulf of Mexico coastline. In 1821, Austin's colony was founded, with only 7,000 white persons, mostly

Spanish. They lived along the Rio Grande and the present site of San Antonio and Nacogdoches. The colony grew and settled along the Trinity, Brazos and Colorado Rivers.

"In 1836, the colonists began spreading through the Piney Woods, along the coastal plains and onto the Black land Belt. By 1864, the population had thickened and moved on to the Lower West Texas plains. The High Plains above Can Rock had been settled by 1920 and in recent years the coastal and deepwater ports have been heavily populated because of the exports of new raw materials."

Mrs. Halbert listed the population density as: 1950, 29.3 persons per square mile; 1957, 34.7 persons and 1960, 36.2.

She listed the rural to urban shift in population as: 1850, 36% urban, 64% rural; 1900, 17% urban, 83% rural; 1940, 45% urban, 55% rural; 1950, 59% urban, 41% rural. She listed as the reasons for this shift as cotton growing changed from a labor crop to a mechanized crop; decrease in farm tenancy; oil industry and urban manufacturing development.

Mrs. Halbert also quoted an article from an Austin newspaper which read, "An analysis of population trends by the University of Texas Population Research Center indicates that West Texas Counties generally are reversing a pattern of population declines in the decade between 1950 and 1960."

"The Research Center estimated the population of the urbanized Abilene area at 96,275 on April 1, 1961, an increase of 5.4 percent from a year earlier."

"The analysis showed that 1950-1960 trends have not continued for all of the 254 Texas counties, and that of the 143 counties which lost population between 1950 and 1960

Working On Exhibits

Jarmans Host Annual Dinner

Mr. and Mrs. Parker Jarmans entertained guests last week end with a son-of-a-gun dinner. The annual affair hosted by the Jarmans includes a meat dinner with all the trimmings served buffet style.

Attending were: Mr. and Mrs. Clarence Brown, Mr. and Mrs. J. D. Gibson, Mr. and Mrs. L. D. Gibson, Mr. and Mrs. P. W. Marshall, Mr. and Mrs. Fred Warner, Mr. and Mrs. W. E. Harris, Mr. and Mrs. Henry McGuire and Mr. and Mrs. O'Dell Fuller of Ronesville.

After the meal, games of 42 were played.

Mrs. Holman Presents HD Club Program

The Lone Wolf Electric Building was the scene last week for the meeting of the Loney Home Demonstration Club. Mrs. N. O. Brown was hostess for the meeting.

Mrs. J. D. Williams, president presided over the meeting. Mrs. Brown conducted a spelling bee.

Mrs. L. L. Holman presented a program on "Low Cost and Balanced Nutritious Meals" by preparing and serving a meal to the members present.

The menu consisted of chicken and spaghetti, tossed salad, hot rolls and standard lemon pudding. Mrs. Holman pointed out that a 4-pound hen served 16 persons.

Mrs. Holman listed some facts of daily-balanced meals. They were:

It means better health; it means lots of energy and a longer prime of life; and it means more of the right foods.

Those present were: Mmes. Henry McGuire, Brown, J. D. Gibson, Holman, J. D. Hartsfield, W. H. Prescott, Bill Thompson, Williams, Sally Carlock, W. E. Harris and a new member, Mrs. J. I. Lane. One guest, Mrs. Hubert Sailing, also attended.

**IF WE NEGLECT
OUR GREATEST NATURAL RESOURCE**

This is a fact we often overlook—but a fact it is: a country's greatest natural resource is its children. For, after all, who will expand and lead our community tomorrow? Who will develop and run the oil fields of tomorrow? Who will develop the means for saving our water? Who will grow our farm products . . . develop our cattle, sheep and hog potentials? Who, but the children and youth of today!

And if we neglect their education today, how will we be able to produce the engineers, scientists, doctors, artists, farmers, ranchers, educators necessary to continue America's greatness? For unless our children and teenagers today are instructed, trained and guided to their finest potential . . . then we will be short in the development of our community, our state and nation.

That's why we, as business firms and individuals, take this means to call attention to Public School Week . . . the very necessity of our public schools . . . the necessity for supporting our public school program to even finer standards . . . and expressing appreciation and encouragement to our Public School Teachers and Administrators whose ideals, initiative and service are so vital to our schools, our youth and our community.

Homemaking Classes For Adults Set

Mrs. Caddo Matthews and Mrs. J. S. Craddock, Jr., instructors of homemaking in Colorado City Junior High and High Schools, have announced the schedule of adult classes in clothing construction to be taught in the High School Homemaking Department.

The classes will be conducted 4 mornings, Mar. 13, 15, 19 and 21 from 9 until 10:30 a. m.

The Bishop Method of construction will be featured, and both new and experienced seamstresses are welcome.

There is no charge for participation in the classes. For pre-registration, contact Mrs. Matthews, RA 82705, or through better posture, says Mrs. Craddock, RA 82076.

Queen Candidate

Miss Limmie Lou Feaster, 17-year-old daughter of Mr. and Mrs. Mardell Feaster of Buford, will represent the Buford Home Demonstration Club in the Miss Tumbleweed beauty pageant in the third annual Tumbleweed Festival here in May. She is a junior in C-City High School.

Dr. Berkman To Direct Contest Here

Dr. Virginia Berkman has been selected chairman on a board designated to direct Posture Week, May 1 through 7, activities.

These activities will include the selection of a posture queen for 1962. The local contest to select a queen will be conducted in April.

The nomination of 12 regional posture queens will be the first step of Posture Week. These girls will compete for the title, "Miss Correct Posture of 1962" at the Texas State Chiropractic Association's convention in Fort Worth in early June. The state winner will compete in a world contest in Detroit, Michigan, later that month.

All contests, both at the local, regional and state level, will be judged on the basis of good posture, personality, poise, beauty and the straightness of the spine, as shown by x-ray.

The state winner will receive a trophy, a \$500 cash prize and an expense-paid trip to both new and experienced seamstresses are welcome.

The purpose of the posture week contests is to emphasize the importance of better health.

Mrs. Matthews, RA 82705, or through better posture, says Mrs. Craddock, RA 82076.

Portrait of Colorado Citian

Mrs. Ralph Giannone, daughter of Mr. and Mrs. J. O. Dockery, Sr., 308 E. 5th St., stands beside a portrait she painted of her father. The painting is hanging in the Institute of Fine Arts in Midland during March. Mrs. Giannone, the former Miss Louise Dockery, is a student of Columbia-trained artist and art historian, Arnold Leander. The portrait will hang in the Dockery home following the exhibit.

PRETEND

Living in a dream world all his own, he picks the times and heroes that he has heard so much about. Who among us hasn't lived in the wonderful world of make believe? Such times are fun and help stimulate our imagination. Then there are the more serious times. The times when we think seriously of religion, and God who is real. God who has done so much for us.

"In the beginning God created the heaven and the earth."

Take your family to church and honor the Lord in his holy temple.

Night Meeting Set At First Presbyterian

Mrs. R. H. Ratliff, Jr., program chairman of the "World Day of Prayer" here, has announced that a night program will be conducted at 7:30 p. m. Mar. 9. This time has been set so those who work may attend the services, said Mrs. Ratliff. The day service at 3 p. m. will also be conducted.

IN SINGLE-RING RITES

Mitchell, Mays Wed In Angelo

Single-ring rites performed in San Angelo united Miss Jane Mays of San Angelo and Perry Mitchell of Colorado City in marriage Friday night.

The bride is the daughter of Mr. and Mrs. James S. Mays of San Angelo and the groom is the son of Mr. and Mrs. Ira Mitchell of Shepherd Community.

For her wedding the bride wore a street-length white sheath styled with a high neck and short sleeves. The bodice was accented with tiny bows. She wore a full-length white coat. She also wore pink jewelry, white hat gloves and white shoes.

Miss Donna Wagner of San Angelo, served as maid of honor. She wore an orchid street-length dress, styled with a full skirt, rounded neckline and wing sleeves.

She wore pearl jewelry, white gloves and gold shoes.

Miss Margaret Rouse of San Angelo served as bridesmaid. She wore a rose street-length dress styled with full skirt and gathered at the neck with a bow. She wore gold jewelry and shoes.

Jerry Cannon, of Colorado City, cousin of the groom, served as best man.

Mrs. Mitchell attended Central High School of San Angelo.

Mitchell attended Colorado City High School. He is presently stationed with the 49th Division of the U. S. Army in Fort Polk, La.

Mrs. Mitchell is staying in Colorado City with her in-laws until next week end, when she will join her husband in Louisiana. The couple will live in Leesville, La., near Fort Polk.

LEGALS

NOTICE TO BIDDERS

Sealed proposals addressed to the Honorable Mayor and City Council of Colorado City, Texas, will be received at the Office of the City Manager, City Hall, Colorado City, Texas, until 2:00 p. m., March 15, 1962, for furnishing all necessary materials, machinery, equipment, superintendence and labor for constructing certain street improvements for the City of Colorado City, Texas. Owner, consisting of the following approximate quantities: 30,860 linear feet of curb and gutter and 71,420 square yards of street paving (52 blocks).

Bidders must submit a Cashier's or Certified Check issued by a bank satisfactory to the Owner, or a Proposal Bond from a reliable Surety Company, payable without recourse to the order of the City of Colorado City, Texas, in an amount not less than five percent (5%) of the largest possible bid submitted as a guaranty that the Bidder will enter into a contract and execute bonds and guaranty in the forms provided within ten (10) days after notice of award of contract to him. Bids without the required Check or Proposal Bond will not be considered.

The Successful Bidder must furnish a Performance bond and a Payment bond on the forms provided in the amount of 100% of the total contract price from a Surety Company holding a permit from the State of Texas to act as Surety, or other Sureties acceptable to the Owner.

All lump sum and unit prices must be stated in both script and figures. In case of ambiguity or lack of clearness in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. Unreasonable for "unbalanced" unit prices will authorize the Owner to reject the bid. The Owner reserves the right to reject any or all bids, to waive formalities, and to accept the bid which seems most advantageous to the City's interest.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions under which the work is to be done.

Information for bidders, proposal forms, plans and specifications are on file at the office of Earl Keaton, City Manager, Colorado City, Texas, and Parkhill, Smith and Cooper, Consulting Engineers, 201 Avenue R, Lubbock, Texas.

Copies of Plans and Specifications may be secured from Parkhill, Smith and Cooper, Consulting Engineers, 201 Avenue R, Lubbock, Texas.

NOTICE TO BIDDERS

Sealed proposals addressed to the Honorable Mayor and City Council of Colorado City, Texas, will be received at the office of Earl Keaton, City Manager, City Hall, Colorado City, Texas until 2:00 p. m., March 15, 1962, for furnishing all necessary materials, machinery, equipment, superintendence and labor for seal coating approximately 159,000 square yards of asphalt street surfacing and other incidental items of work for the City of Colorado City, Texas.

Bidders must submit a Cashier's or Certified Check issued by a bank satisfactory to the Owner, or a Proposal Bond from a reliable Surety Company, payable without recourse to the order of the City of Colorado City, Texas, in an amount not less than five percent (5%) of the largest possible bid submitted as a guaranty that the Bidder will enter into a contract and execute bonds and guaranty in the forms provided within ten (10) days after notice of award of contract to him. Bids without the required Check or Proposal Bond will not be considered.

The Successful Bidder must furnish a Performance and Payment Bonds on the forms provided in the amount of 100% of the total contract price from a Surety Company holding a permit from the State of Texas to act as Surety, or other Sureties acceptable to the Owner.

All lump sum and unit prices must be stated in both script and figures. In case of ambiguity or lack of clearness in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. Unreasonable for "unbalanced" unit prices will authorize the Owner to reject the bid. The Owner reserves the right to reject any or all bids, to waive formalities, and to accept the bid which seems most advantageous to the City's interest.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions under which the work is to be done.

Information for bidders, proposal forms, plans and specifications are on file at the office of Earl Keaton, City Manager, Colorado City, Texas, and Parkhill, Smith and Cooper, Consulting Engineers, 201 Avenue R, Lubbock, Texas.

Copies of Plans and Specifications may be secured from Parkhill, Smith and Cooper, Consulting Engineers, 201 Avenue R, Lubbock, Texas.

AAA CAGE SQUAD

Steve Hillhouse Named All-Area

Steve Hillhouse, Colorado City Wolves' leading scorer in 1962, Tuesday was named to the Class AAA All-Area basketball squad named by the Abilene Reporter-News.

Hillhouse, the son of Mr. and Mrs. W. A. Hillhouse, 1413 Walnut St., led the Wolves of Coach Caddo Matthews on both offense and defense during the year. He averaged 14 points per game for the season.

Senior Hillhouse has gained his greatest fame as a base-baller—a fireballing left-handed pitcher. He was also an end on the 1961 Wolf football squad.

The Wolves finished last in the 5-team District 3-AAA race in '62 with a loop mark of 1 victory and 7 defeats.

Hillhouse, a heavy contender for first team all-district honors, was the only Wolf

listed on the squad which included 5 first team selections, 5 second team selections and 9 honorable mention selections. Sweetwater led the way as far as District 3-AAA was concerned on the team placing 2 on the first squad, and 2 on the honorable mention list.

Sweetwater rookie cage coach, Truitt Mobley, whose Mustangs won the loop title, was named as the area's Class AAA coach of the year.

First team selections were: Don Groghan and Jim Tindall, Sweetwater; Charles Gofey, Brownwood; Wallace Franklin, Lamesa; and Trenton Bonner, Graham.

Second teamers are: Hillhouse; Gene Westmoreland, Lamesa; Ted Harris, Brownwood; Johnnie Shepard, Graham; and Steve Free, Snyder.

Honorable mention went to: Mike Perry and Darrell Turnbow, Sweetwater; Louis Hilliard, Brownwood; Larry Ditto, Brenckridge; Ron Harvey, Vernon; Bill McQuarry, Mineral Wells; Travis Hatter and Eddie Piv, Snyder; and Joe Ball, Graham.

House of Delegates and will also make a report to the convention in the first general session.

Mrs. McCloud, heads the necrology committee which will make a report to the House of Delegates and find a member of the committee on professional standards which will also make its report to the House of Delegates.

Miss Merrill is a member of the important teacher welfare committee.

The necrology report at the convention will honor John E. Watson, former superintendent in Colorado City.

Counties in the district are: Gaines, Dawson, Borden, Andrews, Martin, Scurry, Mitchell, Winkler, Ector, Midland, Glasscock, Crane, Howard, Upton and Reagan.

The convention program will include 2 general sessions to be conducted at 10 a. m. and at 4:30 p. m. in the Odessa High School field house, afternoon workshops and sectional meetings, and luncheon programs for many teacher groups.

Julian Street, Jr., director of educational services for the United States Steel Corporation since 1952, will be the principal speaker in the morning general session.

The principal speaker at the 4:30 p. m. general session will be Dr. Earl Hanson, who is now completing his 24th year as superintendent of Rock Island Public Schools, Rock Island, Ill.

appreciation to the school's faculty, administration and coaches. I have been offered several excellent opportunities, one of which I will accept.

To Christy, his staff and the Wolf athletes playing next year, I wish them every possible success—certainly.

Kearns and his family live at 1424 Dallas St. here. He and his wife, Jeannine, have 2 children, Katherine, 4, and Kevin, 5 months.

Kearns is a native of Denton and a graduate of Denton High School and North Texas State University (then North Texas State College) in Denton. He also attended Arkansas University in Fayetteville, Ark.

In Arkansas U., he captained the Razorbacks' 1949 basketball team to third place in the annual NCAA tournament—a finish equal to third in the nation for the team.

He was named second team All-America and first team All-Southwest Conference that year. He is a member of Arkansas' athletic Hall of Fame.

He is a member of First Methodist Church here, and served 3½ years in the Merchant Marine during World War II.

Kearns is in his 10th season as a coach, with 2 other years in teaching but out of coaching due to health reasons.

He started his career in Sanger in 1949 where he was head football coach for 3 years. He went to Northwest High School in Justin for 1 year as head coach in 1953-54.

He was a football assistant in Denton for 1 year before taking over the head coaching job at Platonis and coaching that class B school's football squad to the regional championship.

Kearns left the coaching profession following his very successful year at Platonis due to his health. He then served as assistant principal in a Midland elementary school for 2 years before returning to coaching here in Colorado City in 1959.

Another aim of the week here, said Logsdon, is to acquaint more parents with 4-H Club work and to encourage able, youth-minded citizens to volunteer as local leaders. Any parent of a boy or girl of 4-H age, 10 through 21, or other persons interested in working with our youth are asked to assist in the program, Logsdon concluded.

Funeral for C-City Native, G. Owens

Funeral services for Glendene Owens, Colorado City native, were conducted here Wednesday at 2 p. m. in Kiker and Son Funeral Chapel.

Officiating was Rev. A. E. Bunnell, pastor of Austin Street Baptist Church. Burial was in Colorado City Cemetery under the direction of Kiker and Son Funeral Home.

Owens, 36, died in Odessa Monday morning following a heart attack. He was attending a barber college there at the time of his death.

Owens had lived in Colorado City most of his life until moving to Abilene 7 years ago. Abilene was his official residence, he had attended the Odessa barber college only a short time.

He was born here July 29, 1925, and married Elsie Slaughter July 13, 1956, in Abilene. He was a member of the Baptist Church.

Surviving are his wife of Abilene; a son, Glenn Allen Owens of Houston; a daughter, Audie Lynn Owens of Abilene; 2 brothers, Tommy Owens of Odessa and Billy Owens, 835 E. 6th St.; and a sister, Mrs. Patsy Lamb, eight of Bartlesville, Okla.

SON-IN-LAW IN MINOR LEAGUES

Howard Cains New Fans of Pro Baseball

BY PEGGY BELVIN
Record Staff Writer

Two Colorado City citizens have become ardent baseball fans. Mr. and Mrs. Howard Cain, Pecos and 21st St.

Their enthusiasm for the game has developed since the marriage of their daughter, Patricia, to Bill Drabble, pro baseball in the Pittsburgh Pirates farm chain.

Drabble played with the Pirates farm club in Hobbs, N. M., in the Sophomore League, for the last 2 years.

Drabble will be playing with the Bucs farm team in Kinston, N. C., in 1962. It is in the Carolina League, Class B.

Drabble is the son of Mr. and Mrs. W. H. Drabble of Castro Valley, Calif. He met and married his wife when he was playing for the Hobbs club. They met while she was visiting her sister, Mrs. Kelly Smith, in Hobbs.

The 23-year-old player is a pitcher, but can fill outfield slots too. His first year with the club, his hurling record was 8-8 and 6-5 last season. Drabble took over for an injured outfielder last year and ended the season with a .310 batting average.

Drabble will train in Daytona Beach, Fla., with the Pirates this spring.

As most kids, Drabble's dream was to play professional ball. He played during his High School years, played for American League for 2 years, in college for 3 years and has played semi-pro ball for 2 years.

He is a 1957 graduate of Hayward High School in Hayward, Calif. He attended San Jose City College for 2 years and Humboldt State in Arcadia, Calif., where he graduated in 1959. He attended both on partial baseball scholarships.

In high school, Drabble was too small for baseball — 5-3 and 125 pounds — but after graduation, he grew a few inches and gained weight. He started his professional career in 1960.

Drabble likes the chances he enjoys with the National League Pirates. Why? Because, he says, in his opinion the Pirates are a good club with a good future, the club's management is good and the pitching staff is due some alternations and additions.

"There would probably be more advancement advantages in the comparatively new clubs like Houston Colts, New York Mets, and Los Angeles," Drabble says, "but the future is pretty bright for the Pirates."

Among the awards and trophies Drabble has collected for his playing is a trophy

awarded him by the Police Department-sponsored league he played for in Oakland, Calif. when he was 15-years-old. The trophy was awarded him a "Most Valuable Player" — he received it after a no-hit, no-run game he pitched. At the time Drabble no-hitter, Vada Vada Pinson, now centerfielder for the Cincinnati Reds in the National League, was in the same league.

The Hobbs club won the league championship both years Drabble was on the squad.

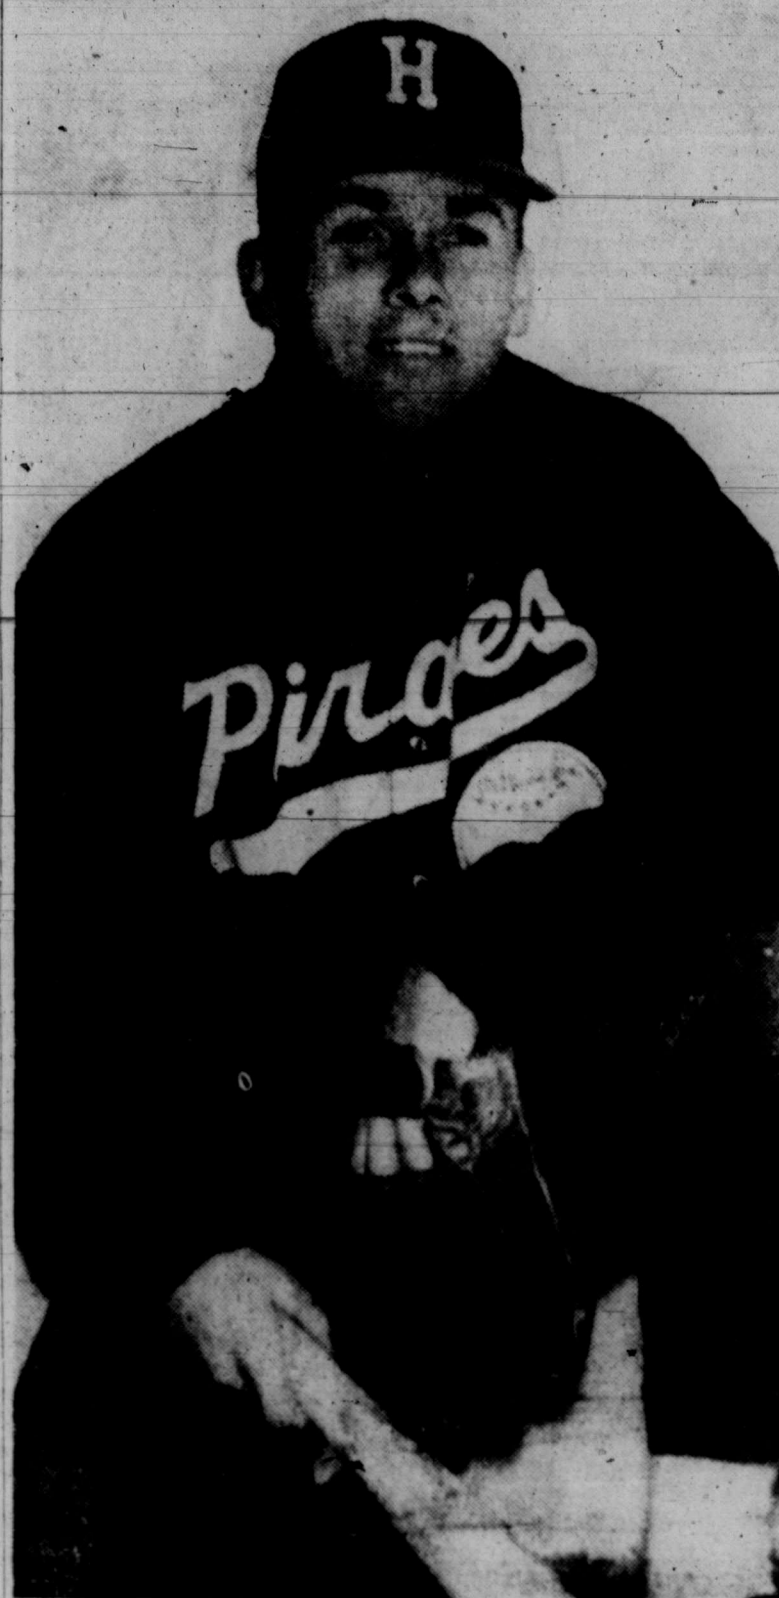

During his college years, he was awarded a "Most Valuable Player" trophy for best semi-pro. This was when he was 20-years-old and a student of San Jose City College.

Drabble says of his chances of playing major-league ball, "Managers have said that the chances of getting into professional ball are about 1000 to 1. The chances of climbing to major league clubs are about the same. If I have bucked the odds to get into professional ball, I can try to buck the odds to get into major league ball."

In speaking of the Pirates as a major-league club, Drabble reports, "Pittsburgh is a good club with a good future. The big reason for their bad showing in 1961 was the fact that Vernon Law, their star player, was out-of-action because of injury. If a player who plays a big part in victories is eliminated, the club can logically expect to lose as many games after his elimination." The Pirates were National League and World Champions in 1960.

In listing his experiences in ball-playing, Drabble heads as the most memorable, the near no-hitter he pitched for San Jose in 1958. Drabble allowed his only hit of the game in the tenth inning of the extra-inning contest to lose — 1-0.

HILLHOUSE TOSSES LONE WIN

Wolf Baseballers Win 1, Lose 3, in Openers

Coach Ken Kearns' Colorado City Wolves, baseballers have won 1 game and lost 3 since opening their 1962 schedule here against Ector of Odessa Friday.

The Wolves dropped their opening contest to Ector by a 13-6 count. Saturday the Wolves split a doubleheader with

the Class AAAA Big Spring Steers in action here on their home field. The Wolves won the first one of those 2-1 behind stylish lefty Steve Hillhouse but lost the night cap 8-2.

Tuesday the Steers bumped the Wolves 8-2 once again. Senior Hillhouse continued

his mound mastery Saturday by tossing a neat 2-hitter at the Steers in the opening game of the twin bill.

The Steers' 2 hits, a single and a double, came back-to-back in the fourth inning and produced the only offensive action by the visitors in the contest.

Hillhouse fanned 11 men in the 5-inning affair — all but 4 of the outs the Steers were allowed in the shortened contest. Five other Steers got on base — on 2 Wolf errors, a walk issued by Hillhouse and 2 fielder's choices.

While Hillhouse was hand-cuffing the Steers, 3 Big Spring pitchers did a handy job on the Wolf batters, but it just wasn't handy enough.

The locals collected only 3 hits themselves, but pushed across their 2 runs after Hillhouse and Danny Ken-nelr walked, to open the stanza and an error on the Steers' first sacker let the 2 runs cross the plate.

City looked like it would break things wide open in the bottom of the first frame when Jimmy Womack and Mike Hart singled back-to-back, but Hart was thrown out trying to steal second. Womack had already stolen second base.

Ector romped over the Wolf starter and had some luck with the Wolves' 2 relief pitchers to take the 13-6 opening game victory.

Colorado City amassed 8 hits off of the visitors' lone hurler with Hart leading the way with 2 singles. Pitcher Roger Richards had the Wolves' big blast of the day — a booming triple.

A host of Wolf pitchers couldn't stop the strapping Steers in the second of Saturday afternoon's action. Big Spring banged out 12 hits, including a 3-run homer in the fifth inning.

The Wolves hit safely 10 times — with Richards' 2 doubles in the first and

FISHING IMPROVES

Crappie Biting At Lake C-City

Crappie are biting at Lake Colorado City.

Latest reports from the lake are that the crappie fishing is "excellent" as the fishing season returns to this area.

Reports from Lake View Camp and Cooper's Cove also show bass fishing to be tops at the lake too.

Big catches of "nice-size" crappie were reported during the week by:

Mr. and Mrs. L. E. McDaniels of Midland, Billy Chalmers of Odessa, George O'Brien of Big Spring, Mrs. Hazel Wilson of Big Spring and Mrs. Marshall Brown.

With warming weather, the lake's water temperature is nearing 60 degrees. Bass are striking in shallow water and the yellow cats are still in deeper water.

Other catches of the week included:

Bernie Grable, Colorado City, 7 bass totaling 22 pounds caught on artificial lures.

Larry Gunn and Amerson Keith of Hobbs, N. M., 23 bass weighing from 2 to 5 pounds each caught on minnows on rod and reel.

Wayne Burleson, Slaton, a 4½-pound bass on trotline using minnows as bait.

Earl R. Richardson, Lake View Camp, Lake Colorado City, 2 yellow cat, 5 and 4½ pounds, and 2 channel cat, 5 and 1 pound each. All caught on trotline in deep water.

Randle Clarkson of Brownfield and Garland Chapman of Midland, 23 crappie 19 pan-size and 4 weighing 1½ pounds each.

Caddo Matthews, Colorado City, a 4½-pound bass on bushwacker lure.

Retailers Face Problems With Confidence

We think of petroleum as a source of heat and energy for home and farm and factory, as the controlled force that drives our cars and trains and planes and ships, and as the provider of the essential lubricants that keep an infinite number of wheels turning.

It does all this, of course. Additionally, it is the raw material on which a great and expanding industry is based—the petrochemical industry. Last year petrochemicals and Casden is locally involved for us—accounted for a third of the nation's entire chemical output. By 1970, the proportion may lift to half.

Thousands of chemicals are now being produced from petroleum, natural gas, and refinery gas. They include such widely used commodities as automobile tires, man-made fibers, fertilizers, detergents and plastics. They thus give

petroleum an increasingly important role in modern American life. Millions of us use, each day, valuable products whose origin was oil, though we may not realize it.

And this is not confined to our own country. The petrochemical revolution, which began in the U. S. only about 25 years ago, has spread to Great Britain, Western Europe, Latin America, Japan, Australia and the Soviet Union.

According to the scientists, the industry's future is literally unlimited. Endless new ideas, developments, and innovations are now in the research stage. The result is better living and working standards for us all. That is one reason why the United States has a great stake in encouraging its oil companies to maintain their reserves and leadership the world over.

Reserves At Stake In Oil Developments

A magazine recently reported the results of a survey made of the nation's department stores, asking them to list their principal current problems.

The first three places were taken, in order, by expense reduction, downtown revitalization (a pressing problem in many cities, because of the continuing movement to the suburbs and the development of outlying shopping centers), and rising labor costs.

The next two places were taken by the problem of competition from discount houses, and from the shopping centers.

Some authorities doubt if this will prove to be an accurate order. They think, for instance, that in the long run, discount houses may become a more important element in retailing, strongly affecting not only the operations of department stores but of retailers in many

other fields. Time will tell as to that. But the list of problems mentioned, aside from whatever weight should be given to any single item, provides a pretty fair picture of retailing today.

It is characterized by intense competition—between national, regional and local chains, non-chains and independents. That, of course, is the reason for concentration on expense reduction—there is no room for waste, with its inevitable threat of failure in today's market place. Stores must now deal with a new and unprecedented problem—the changing living and buying habits of millions of consumers.

Successful retailing requires skill, foresight, dedication, and the will to meet and surmount difficulties. This country has that kind of retailing, in abundant measure.

Farmers Have Stake in Foreign Trade

The world market continues to be a highly important outlet and source of income for Texas farmers. They supplied the export market with products worth \$447 million in the 1960-61 fiscal year, ranking just behind California among all the states, according to a recent U. S. Department of Agriculture study.

The principal commodities produced for export by Texans include cotton, grain sorghums, wheat, rice and livestock—three of these being Mitchell County basics. It is a real tribute to the efficiency of Texas farmers that they were able to make this contribution to helping feed the world's consumers, we agree with economists.

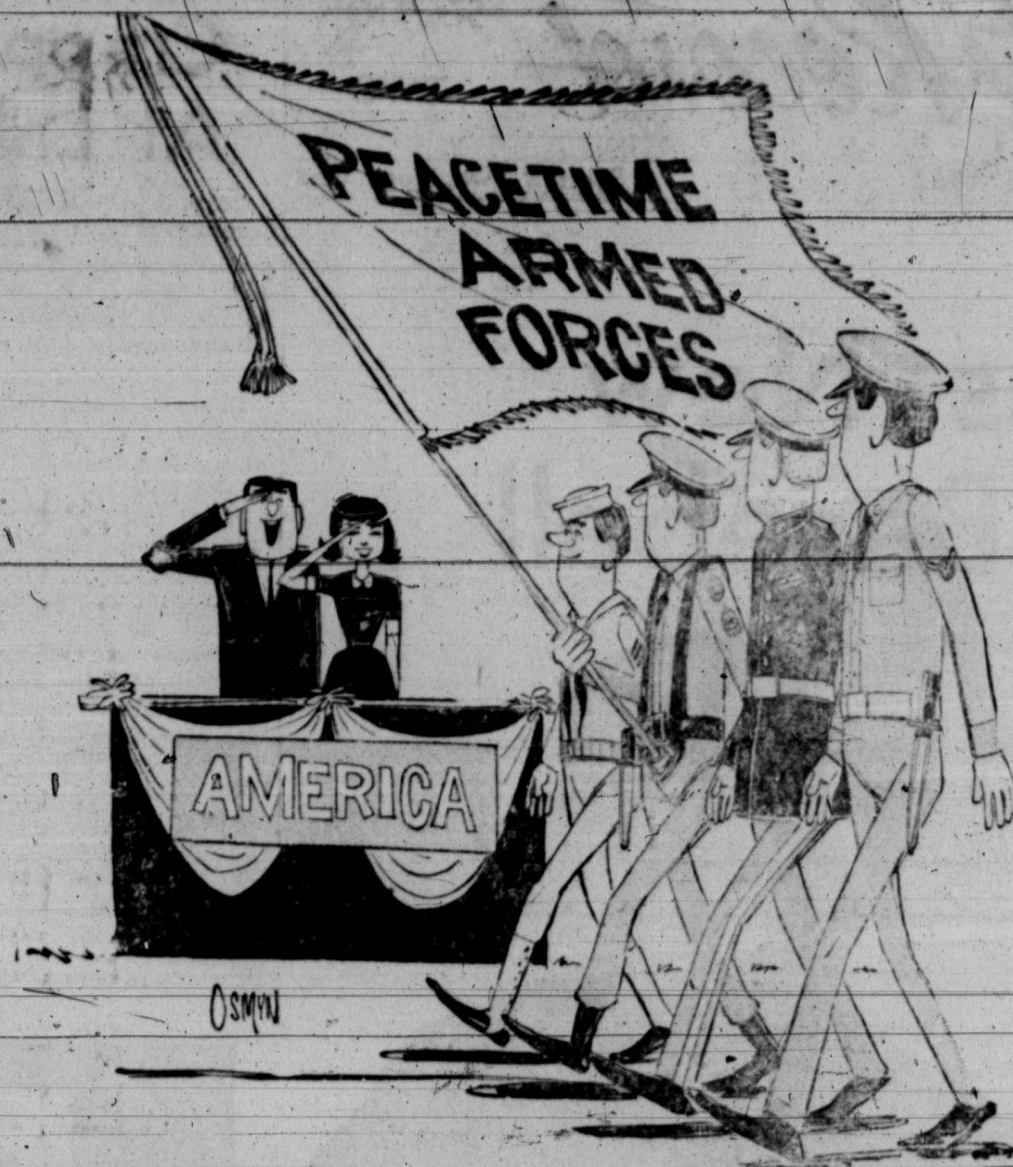

We need to continue to keep our eyes on events affecting foreign markets

because they have a real dollars and cents meaning to Texas agriculture even though our farms and ranches are a long way from foreign markets.

U. S. agricultural exports are running at record levels. Last year, \$5 billion worth of U. S. farm products were exported. Sixty million acres of U. S. cropland are producing for export. This is about three times the harvested acreage in Texas.

The USDA study, in appraising the stake Texas farmers have in foreign trade, showed that the State's equivalent share of the nation's crop exports included 2 million bales of cotton, 46 million bushels of grain sorghum, 39 million bushels of wheat and 6.4 million hundredweight of rice.

Texas Youth Council Loses One Fight, But Wins Another

By Vern Sanford

Texas Press Association

Although the Texas Youth Council lost its fight for a legislative appropriation of \$100,000 to add more officers to its Juvenile Parole System, it just won a battle for the benefit of orphans in state institutions.

Attorney General Will Wilson turned over the deed to a \$200,000 Bell County ranch along with a check for \$12,446 to Dr. James A. Turman, Youth Council director. Presentation represented the outcome of a 4-year court battle. Heirs of the late Mrs. Parrie Haynes contested her passing the property to the state.

Dr. Turman said the orphans of Texas will receive all benefits from the 4,160-acre ranch on the Lampasas River. It will be used as a summer camp and activity center for orphans' homes. Youth Council will raise cattle, pigs and sheep there to help feed the thousands of children in its care.

SHOCKS TURMAN—Speaker of the House James A. Turman, candidate for

lieutenant governor and former educator, expressed concern about the House Textbook committee, which he appointed.

Turman was shocked when he heard that a witness in an Amarillo textbook hearing alleged that Rep. Ronald Roberts of the committee was a "communist." "I am afraid the committee members have been too nice and open about letting anyone appear to talk about any sort of censorship," Turman said. He is worried about the committee getting too far astray of its goal of studying the textbook situation in Texas.

In an Independence Day address at Washington on the Brazos, he advocated the teaching of Texas history in all grade levels, and declared, "I think it is a mistake—a sad mistake—for our educational system in Texas to relegate our great state's history into a sort of grammar school fairy-tale."

The speaker may be tempted—or forced—to touch on the subject again Wednesday when he is honored at the Public Schools' Week celebration in Jasper.

SPACE AGE SEMINAR—Vice President Lyndon B. Johnson, head of the National Aeronautics and Space Administration, came to town to tell a congregation of high school counselors how the move into space will affect American youth.

The Vice President's talk was the highlight of a 2-day conference at the University of Texas which featured a NASA exhibit of space vehicles and a talk on "Space Satellites" by NASA representative Dr. Robert Krebs.

ROADWORK UNDERWAY—In keeping with its claim that Texas leads the nation in highway building, the State Highway Commission issued orders to proceed with \$18,000,000 worth of road building, planning, and

repairs throughout the state.

Biggest assignment was an okay to purchase right-of-way on 3 projects on Interstate Loop 635 in Dallas County at a cost of about \$6,410,000. The Commission also authorized right-of-way on a 4.4-mile section of Interstate Highway 10 in Harris County for \$2,500,000. Original estimate was only \$800,000.

Other expensive items included Purchase of \$1,900,000 worth of right-of-way on US 90 in Bexar County; plans for development of US 290 out of Houston at a starting cost of \$2,810,000; \$797,000 to repair freeze damage in the Abilene district; a \$680,000 right-of-way okay for a 2-mile segment in San Antonio and \$477,800 for relocation of US 59 around Wharton and El Campo.

Less costly projects are set for Fort Bend, Angellina, Brazoria, Gillespie, Huidspeth, Martin, El Paso and Nolan counties.

NO EXCEPTION—Just because April 15 will fall on a Sunday this year, drivers won't be allowed to put off auto inspection until the following day. Col. Homer Garrison, Jr., director of the State Department of Public Safety, says April 15 is the deadline—Sunday or no. Garrison said he won't ask inspection stations to stay open that Sunday, either. So, owners of the 2,000,000 cars in the state will just have to take care of this problem by the 14 of April, or risk arrest.

LOCAL BUSINESS

Simple, Direct Sales Message

BY MADGE BELL
Record Staff Writer

The manufacturer of a nationally distributed electric razor recently moved a large part of his advertising from television to local newspapers.

A vice president of the company gave reasons which typify the outlook of business men who have products which they feel an intelligent public will buy when complete information is available.

Summing up this viewpoint, the executive said: "The kind of offer we were making required more than a casual look at a screen that so quickly changes. The reader had to look once, then take a second and closer look."

He explained that a "see-it today, come in and buy-it today" type of promotion with a money-back trial of

for called for believability and measurability that only print could give.

"This manufacturer has recognized the basic elements in making for good retail advertising. When a merchant has an honest offer which is worth the price he is charging, the simplest, most direct form of advertising is the best."

No subterfuge, no gimmicks, no shouting, no appeal to unconscious impulses is required in advertising which is selling a good product at a fair price. All the prospect needs is complete information—information which he can digest and refer to.

This is the kind of information which can best be presented in simple, direct kind of information which directs some 50 million women to grocery stores each week through home-town newspapers.

MISS MARY SMITH

CLARK, please accept this corner's humble thanks for the kind words... they are appreciated.

Miss Clark teaches journalism and senior English in North Dallas High School and is a sister to RUTH (CONVERSATION CORNER) COFFEY. In fact, the two just recently celebrated Ruth's birthday in Dallas together.

Miss Clark is a graduate of West Texas State Teachers College and has a Masters Degree from Southern Methodist University, "of all things," says Ruth, who has replayed Baylor University's last championship football season as many times as the New York Yankees have won the American League.

BILL COFFEY, Conservation's better half, was a member of that team... as if you hadn't heard.

THE ANNUAL Lions Club Chili Day Saturday was the usual mad-affair thanks to the wild Lions-led by DR. H. JENE STEAKLEY, JEFF TAYLOR, BOB REILLY, DR. R. D. (DAVE) BRIDGEMORE, J. RALPH LEE, EARL BROCK, R. H. (HARRY) RATLIFE, SR., and a host of others.

And HOWARD ROGERS' chili was up to its usual time standards too.

THE LIONS nevertheless had to encourage (?) their customers as they made profits for the Colorado City

Historical Museum.

Various signs and photographs lined the walls of Civic House.

DR. W. S. (BILL) RHODE had this plaque suspended from his photo:

"Dr. Bill Rhode says, 'Eating chili is good business for me.'"

WALTER WHIPKEY's photo bore this:

"The chili not made by any Angelo."

Bridgford's portrait was inscribed:

"This is a meal you can sink your TEETH into."

OTHER SIGNS included: "The best chili between Lone Wolf Creek and the Colorado River."

"Menu: Chili with beans, Beans and Chili, Chili without beans, Beans without chili."

"If you find our chili too HOT, head for the Colorado River, it needs water."

"When you finish your meal, and if you can still walk, look at museum exhibits on 'South Wall.'"

"Our chili recipe is 50-50... 1 horse to 1 jackrabbit."

We all have to go sometime. TO DIE FOR A GOOD CAUSE, eat chili and help the historical museum."

"If you like our chili TELL YOUR FRIENDS. If you don't like it, just grin and KEEP YOUR MOUTH SHUT."

"We guarantee our first bowl; the second bowl not guaranteed; the third bowl at your own risk."

SHINNERY PHILOSOPHER

Enough Zeros to Set National Debt?

Editor's note: The Shinnery Philosopher on his Johnson grass farm on Bone Hollow Creek seems a little worried about us this week, but we can handle his problem.

Dear editor: I was looking over a stack of bills which arrived on the first of the month and to get my mind off the subject I opened up a newspaper and the first article I noticed said that the cost of living stayed the same last month, it didn't go up or down.

What I'd like to know is where does the government get its figures? The cost of living, as far as I can tell, has been going up every month for the past 25 years, and sometimes it doesn't even wait 30 days, it goes up right in the middle of a month.

It's my theory that the experts in Washington who read the economic index and whatever else they read to get these figures on the cost of living are sort of like meter readers. If a meter reader misreads your meter 1 month and your bill is a little lower than you figured it'd be, that doesn't mean the cost of living has dropped, it only means the error will be corrected on the

next reading and the cost of living will get back up high where it's always been.

Since that article on the cost of living didn't get my mind off my bills, I turned a page and ran into an article that made me feel better.

According to it, the United States government now owes a trillion dollars, which, if The Record has got enough zeros on its typesetting machine, reads \$1,000,000,000,000, and if you haven't got that many zeroes you'd better buy some more, as the chances of the figure getting smaller are mighty slim and you've got to keep abreast of the times. Just to be on the safe side, maybe you ought to order a dozen or so more.

The reason I felt better about this is that if the Federal government can live apparently cheerfully under this load, why should a few monthly bills bother me?

By the way, if you can find anybody who can prove his cost of living is less now than it was the last time he looked, I wish you'd get hold of him and bring him into town. I'd like to talk to him, if he's able to have visitors.

Yours faithfully
J. A.

HEALTH & SAFETY TIPS

Treatment of An Aching Back

Oh, my aching back. Everyone is likely to have an occasional backache, which fortunately is transitory in most cases and will respond to gentle massage and heat application—plus rest.

A publication of the American Medical Association points out that, for the dull, ill defined type of pain that often is present when one gets up in the morning, a bed board is often of great help, especially if one has a mattress that is soft and tends to sag in the middle. It is obvious that prevention is the most important approach to most back disabilities.

This becomes more significant with advancing age, when there is gradual loss of suppleness in all parts of the body. At any age, however, avoid sudden twisting movements, double movements such as bending and twisting at the same time, and extremes such as toe-touching or falling back on the hands with the spine arched. This may be all right for a gymnast or trained athlete, but it

can be dangerous for the average man or woman.

For acute cases of backache—sudden, excruciating pain—it's hardly necessary to urge that the victim see a physician. For less severe, but persistent, backaches, it is best to see medical help without waiting too long.

There can be many different causes of backache. The most common area of discomfort is the sacro-iliac region, or upper pelvis, where there is an especially wide range of movement. Tendons may be frayed or pulled loose, a muscle group may go into acute spasm, or one of the cushions between the vertebrae may get out of place, as in a slipped disc.

These mishaps can occur without much apparent cause—bending over to pick up something, or lifting a too-heavy weight without squatting properly. Minor discomfort that could become severe can result from slouching at a desk or typewriter. Posture chairs may save many aches and pains for those who work most of the day at desks.

Mother of
M. Willbanks**

Funeral services for Mrs. Mary Angelle Willbanks, mother of Maberry Willbanks, 1041 Cedar St., were conducted at 2 p. m. Tuesday of last week in College Church of Christ in Abilene.

Officiating was the minister, George Bailey, assisted by Bill Johnson, assistant minister.

Graveside rites were conducted at 4:30 p. m. in Rotan. Burial was in the family plot. Mrs. Willbanks, 80, died at 5:45 p. m. Sunday Feb. 25, in an Abilene hospital. She had undergone surgery last Thursday.

Born Sept. 9, 1881, in Johnson County, she married May Willbanks in Cleburne. They moved to Rotan in 1907. Willbanks died in 1946.

Mrs. Willbanks, a member of the College Church of Christ, moved to Abilene in 1935.

Surviving are 3 other sons, W. H. Willbanks of Ft. Worth, E. B. Willbanks of Gallup, N. M., and Odell Willbanks of Hamlin; 3 daughters, Mrs. Tom McCombs of Lubbock, Mrs. O. W. Rutherford of Houston and Mrs. Glenn White of Abilene; a sister, Mrs. Frank Parrish of Tularosa, N. M.; 13 grandchildren; and 9 great-grandchildren.

**NATIONAL
4-H CLUB WEEK
MARCH 3-10**

Let's all back this fine youth organization right here at home!

We're proud of the many young people in Mitchell County who are diligently preparing themselves for all phases of rural life through 4-H Club projects. These youngsters are acquiring skills and knowledge that will help

them lead better lives and eventually benefit our community. So, let's all back this fine youth at home by supporting our local 4-H Clubs.

Mitchell County 4-H activities are part of the 4-H program in 3,000 counties involving 400,000 volunteer adult leaders, 2 million 3 hundred thousand 4-H'ers between 10 and 21 years of age. And these 4-H Clubs have counterparts now in at least 70 foreign countries. Abraham Lincoln would take great comfort in this fact... for when he signed into law a bill that eventually led to the establishment of 68 land-grant colleges and universities... he built the foundation of knowledge for these 4-H Club members, whom we salute this National 4-H Club Week.

Price, spice and everything nice!

Who ever thought a car that saves like this could have so much sizzle? Chevrolet engineers, that's who! Liveliness and luxury for a low, low price were exactly what they had in mind to begin with. And they began from scratch with a whole carload of ingenious new ideas designed to give you more for your money. That spunky 6 with gas-sipping stinginess is just one example. Another: a new unitized body by Fisher that's fit for a full-size family inside, easy to park

outside. Still another: tough but gentle one-piece Mono-Plate rear springs that outdo many a bigger car for quiet comfort. Any wonder Chevy II won Car Life magazine's 1962 Engineering Excellence award hands down? (The wonder would be if you settled for anything less—once you get your hands on one at your Chevrolet dealer's!)

CONVERSATION CORNER

By RUTH COFFEY

NO TWO WAYS about it, frequent or even occasional visits to the city make fine face and spirit lifters. After smorgasbord eaten by candlelight in broad open daylight at noon, Sunday, one can come back to grab-it-from-the-kitchen-stove (a nice "Home, Home on the Range" arrangement in certain local households) with a very light heart, indeed. And an even lighter billfold.

"He who steals my purse steals trash," a grand total of fifty-nine cents, three bobby pins, and a half-eaten candy bar.

RETURNED, though, with a pocketful of memories—Holiday Inn Central, scene of the very "ka-tish" smorgasbord feasting, is also scene of the Dimitri Vail Gallery where hang life size portraits in oil of screen, stage, and TV celebrities, along with religious and civic leaders from all over the world, and a scattered few nameless subjects.

LIKED BEST Vail's portrait of a hymn-singing Negro couple titled "Easter Morning," and his painting of an adorable colored child wearing red ribbons, and labelled simply "Carolina." Most all the others were likenesses of celebrities from Hollywood, New York, and Big D.

In case you care, we noted for your convenience, one can have Dimitri Vail paint "head and shoulders without hands" for \$2500; "half or three quarter length including hands" for \$3500; "full length" (which would include heel-and-toe) for \$5000. Voila!

ROUTE 66 boys and their crew were back in Dallas to film several sequences, including one at Seagoville. They were staying at Holiday Inn Central, this time. And dining in their private suites, last Sabbath day, no doubt. Forgot to ask.

WENT DRIVING, instead, out around White Rock Estates where, whether you want to believe it or not, multi-millionaire—or is it billionaire—H. L. Hunt has cashed on the front lawn of the white colonial mansion he's christened "Mount Vernon," a huge sign advertising "Life Line." Somehow, that bill board looked as in tune with Hunt's grassy terraces as a hamburger stand in front of a mausoleum. (Not that anybody asked for a candid opinion.)

SAW THAT AREA, called "Behing the Pink Wall," in Preston Hollow where abides Lily Pons who doesn't drive a car but calls instead for a taxi to take her for long drives on pleasant afternoons. One taxicab driver was chuckling all the way home that foggiest day, saying affably, "I wish she'd call me today. Yesterday, she kept insisting it was not going to get cold, no matter what weather forecasts said. 'The driver laughed as we ducked in/out of the sleet. 'Fat lot that little French lady knows about Texas weather!'"

EAT LOT anybody knows about it, when it comes right down to it. All some of us ever know for certain is that Texas weather is uncertain. Like fashions in feminine finery.

CAME HOME to find several intriguing things going on at once. The man who preceded us to the land of the living and payments on time plan by three years and two days, had not discovered that his surprise birthday present easy chair was a recliner. Complete with foot rest so he can sleep through his favorite TV shows in relative peace... or wisely silence... Less surprising, but equally delightful, Sheba the cat celebrated our departure for Dallas by having four kittens. She loves the funny looking little blind things like crazy. "Ah, sweet mystery of life..."

FOUND LETTERS waiting from two transplanted C. Citizens who grew up among us, then moved to other states.

Mrs. Paul M. Adams, whom you'll remember as Ernestine Jones Kinard, writes a gay little missive from North Little Rock, Ark., saying, in part, that her daughter Margaret lives with her Air Force husband in Tulsa, and expects her third child, come April.

Son David Kinard and his wife live in Denver, Colo., and have one baby, born last October.

"This business of being Grandma is just a little better than being in the Forestry business," writes Ernestine, "and growing pine-trees is something. My Paul is Nursery Technician and I am Office Manager. We grow pines by the hundred millions... Perhaps this prairie gal is just overcome with trees, instead of the interesting life I think I'm living."

Paul and Ernestine are employed by the Office of State Forester, Arkansas State Forestry Commission. As daughter of a Vincent area ranch family, the Chester Joneses, it would seem our Ernestine thrives since she forsook mesquite and cactil for tall trees that touch the sky.

THE JONESES, Madge and Chester, moved to the state of Arkansas several years ago, too. Which reminds us that somebody was saying last summer that the couple, who used to live on Hickory St. here after they moved to town from their ranch, celebrated their golden wedding anniversary in '61. They have a son, Jesse Jones, who gave up West Texas ranching for Arkansas farming.

SECOND LETTER was from Rantoul, Illinois, and was signed with "Love and best wishes, Fannie Bess Norris." In Illinois, where her husband is an AAF captain, Fannie Bess is known as Mrs. Eddie K. Norris. Here, she is remembered as Fannie Bess Porter, pretty blond daughter of Lena Lipps Porter and her late husband Bryan. A '47 C. C. H. S. grad, she was married twelve years ago, come next fourth of July, and has two sons, Skipper, 10, and Dale, aged 7.

"**WE ALL LOVE** this Air Force life," writes Fannie Bess, "especially the moving. We've made so many wonderful friends from all over. It's hard for some people to understand this, but it's part of us now... We are actually looking forward to April when we'll be moving to Homestead AFB, Florida, 28 miles south of Miami. We preferred Texas, but have been stationed in Florida twice and do like it. Only one thing wrong with Florida. It's a little far from Texas."

NEVER MIND, Honey, Florida sounds like a wonderful place. And you sound like the wonderful optimistic force behind the force which makes this country's Air Force possible. Congratulations. Our love and best wishes—to you!

ONE REASON city visits work a kind of inner magic is that feeling of gladness to be home again! So it's home again, and home again, back to the slacks... And glimpses of the J. C. Garretts lunching together. She's the former Betty Grubbs whose lovely soprano voice we love to hear anywhere, any time... Saw Mrs. Ben Elliot and son Jon Corydan... The Joe Emersons with Martha, girls' P. T. teacher at C. C. H. S., picking up a carload of volley ball suits... Mrs. Sidney Compton of Landers Community... C. E. Butler of the B&B... Affable Paul Boyd Hunter... And Virginia Fuller (Mrs. Judge Raymond) wearing slacks and that sort of special sparkle she always has on—even for "every day."

Mrs. Lewis Returns

Mrs. Alva Lewis has returned from a trip to Fort Carson, Colo., where she visited her son, Pvt. Delbert Lewis, before he was assigned to active duty in Korea. Mrs. Lewis was accompanied by her daughter, Mrs. L. D. Robertson of Andrews and her 2 children, Bonnie and Tommy.

was the first viewed by his then "future" in-laws, he says. The fact that they were watching made him nervous when he went into the game in the sixth inning as a relief pitcher, he loaded the bases with some wild loses before a ball was hit back at him. He leaned over to pick the ball up and thought to himself that he would make a spectacular run to the base line and tag the runner. Instead of throwing the ball, halfway to the base Drabble "panicked" and decided to throw the ball to the first socker—that was his mistake. In the process, he stumbled over his own feet and the ball missed first base by some 10 feet and runnerseame pouring across the plate. Drabble was pulled out of the game at that point, feeling he had made a lasting impression on his future in-laws.

During the off season, September through February, the Drabbles will live in San Jose, Calif.

During spring training, Mrs. Drabble will stay here with her parents. They will return to San Jose after the baseball season.

Drabble has been working out with the Colorado City High School's team and Wolf coach's Ken Kearnes while here. The Cairns hope they have a future "Pirate" in the family.

seventh innings, and Womack's 2 singles leading the parade.
Charles Houston, Smith and Larry Dambrosky all went to the hill for the Wolves Tuesday, but to no avail. The trio allowed 8 hits, and 8 runs, to the potent hosts in Big Spring. Three of those hits were homers—2 solo shots and a 2-run blast in the seventh.

The Wolves out-hit the Steers with 9 hits, but could only manage 2 runs. Maxey Connell's solo homer in the sixth produced the second one and Pendergrass singled home Mike Andrews, who had doubled in the fourth for the only other Wolf score.

Kearns' charges were back in action at 4 p. m. today (Thursday). Meeting the Class AAAA San Angelo baseballers in San Angelo. Results were not available at press time.

The Wolves have 13 more games, including 2 double-headers, before opening District 3-AAA play in Snyder April 17.

Next Wolf home game will be against Brownfield at 2 p. m. Saturday. They play 4 here the following week—San Angelo at 4 p. m. Wednesday, Mar. 14; Kermit at 4 p. m. Friday, Mar. 16; and Kermit here again in a doubleheader Saturday, Mar. 17, beginning at 1 p. m.
