SENATE RACE:

Ralph To Try Again

AUSTIN (AP)—Ralph Yarborough, defeated three times for governor of Texas, announced today as a candidate for the U.S. Senate.

"I feel more optimistic than I have felt in any campaign of mine," the former district judge, 53, said.

"I feel good about this. I did not make this decision until I had conferred with people in every section of the state and they are all optimistic."

There had been speculation Yarborough would get into the race ever since final reports on the second Democratic primary showed he lost the nomination for governor to Price Daniel by about 3,100 votes.

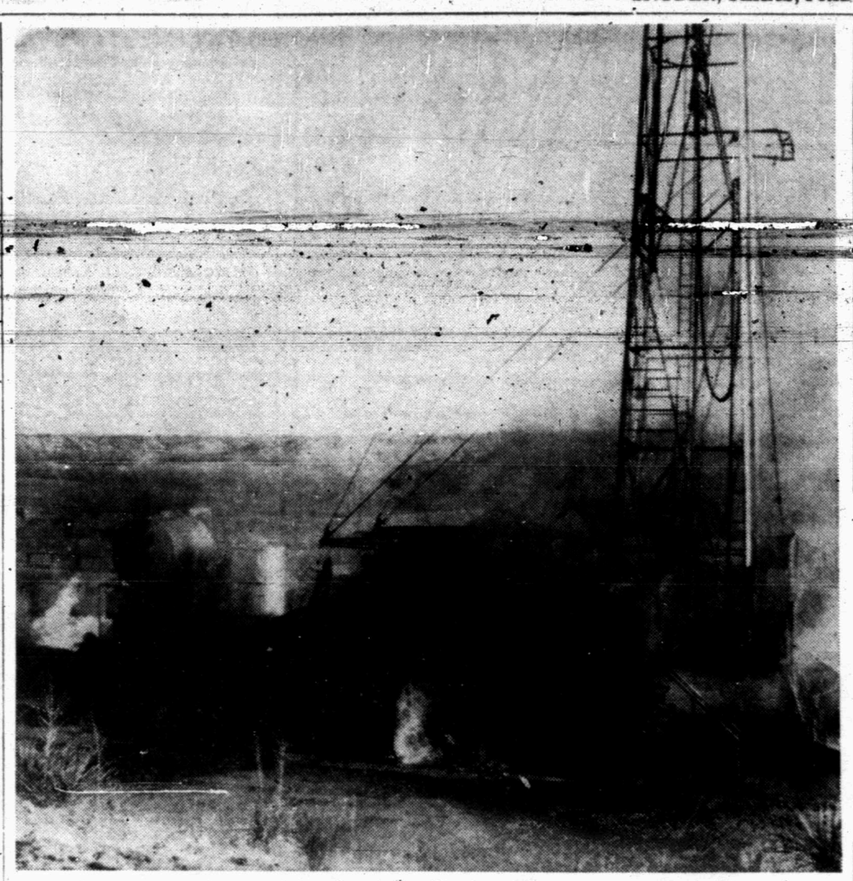

Daniel has not set a date for the special election to fill his Senate post but has indicated it will be called as soon as county clerks can have the new poll tax lists ready for use—probably in 60 to 90 days.

A spokesman in the governor's office said Daniel "might possibly" issue an order today for the special election.

Yarborough said he would travel extensively and use expensive radio and television time sparingly.

"I don't have that kind of money,' he said. "I'm in the best health. This is going to be no campaign for any one not feeling tiptop and I feel that way both physically and mentally."

Yarborough said he announced in answer to "tens of thousands who have requested me by telegram, post card, letter petition, and public resolutions to be a candidate for what vanacy."

OIL WELL FIRE INJURES FOUR—Four men were burned, two receiving extensive burns, in an explosion in the fire at a Kent County oil well above this morning. The tool pusher on the rig and a Spur fireman were burned and are hospitalized in Spur. The fire started about 7 o'clock this morning and was still burning at 11 o'clock. A Snyder fire fighting unit and four Snyder firemen were still fighting the blaze an hour before noon today. (Lee Watson photograph)

Union Probe Witness Balks

WASHINGTON (AP)—A top official of the giant Teamsters Union today challenged the authority of senators investigating alleged labor racketeering and refused to answer their questions.

Owen C. Mohn, executive vice president of the International Brotherhood of Teamsters, the nation's largest union, said he didn't believe the Senate Investigations subcommittee had "proper authority" for the inquiry it has launched.

"And for that reason," he said, "I decline to answer any questions."

The subcommittee called Mohn for an explanation of telegrams which it said he had sent to other officials of the union in behalf of Dave Beck, the teamsters general president. Beck is visiting abroad.

The telegrams, calling the committee's probe a "fishing expedition," urged the union officials to challenge the group's authority before giving any testimony or producing their records.

Today's first witness was Dominick Santa Maria, 49, who refused to say whether as a custodian of funds of Local 227 of the old United Automobile Workers Union (AFL) he ever gave its members an "honest" financial report. He pleaded a truthful answer "might incriminate" him.

Chairman McClellan (D-Ark) told Santa Maria he and some other witnesses were "painting a sordid picture of the union movement" which the senator said he hoped the "leadership of the good unions . . . will repudiate."

When Santa Maria took the witness chair, Robert F. Kennedy, subcommittee counsel, identified him as a vice president of Teamsters Local 284 in New York and a trustee and thus a financial custodian of Local 227 of the old UAW. This local has since been reorganized into Local 227 of the Allied Industrial Workers of America (AFL-CIO).

The chunky witness, after first refusing to answer, said he believes dues paying members are entitled to complete and accurate reports on how their union officers handle the money.

But he refused steadfastly to say whether financial statements posted in the hall of Local 227 which the subcommittee said he had signed were "false and fraudulent."

McClellan warned him against what the senator termed "capricious" use of the Fifth Amendment.

Santa Maria refused among other things to tell what unions he has served, and whether they paid him money.

Firemen Battle Area Oil Fire, Four Are Hurt

Explosion Is Fatal To Six

OLYMPIA, Wash. (AP)—Six persons were reported killed today in an explosion at a powder company plant near Tenino, south of here.

Sheriff Clarence Van Allen said the men died in an explosion which destroyed several buildings at the Pacific Powder Co. plant.

The plant produces nitroglycerin. It is in an isolated area between Tenino and Olympia.

The blast, heard for miles, occurred at 8:30 a.m. (PST). There was no fire.

Youth Admits Setting Victoria School Fire

VICTORIA (AP)—Fire Chief M. S. Shaw said yesterday a boy, 14, admitted setting fire to a manual training building at the Patti-Welder High School. The boy was held. Shaw said he gave no motive.

The fire broke out while a class was in progress. A student grabbed a fire extinguisher and had the flames under control when firemen arrived. Damage was slight.

Record Jet Flight Made

WASHINGTON (AP—The Air Force announced today that three B52 bombers landed at March Air Force Base near Los Angeles today after making a 24,325-mile, non-stop flight around the world.

The planes were in the air about 45 hours and flew at an average speed of 525 miles an hour. The flight left Castle Air Force Base, Calif., at about 4 p.m. EST on Jan. 16.

MARCH AIR FORCE BASE, Calif. (AP)—Three Air Force Stratojets, capable of delivering the hydrogen bomb anywhere in the world and returning, were expected to land today at March Air Force Base after completing the first non-stop jet bomber round-the-world flight.

The sleek B52s' flight was 24,325 miles.

The Air Force said the bombers refueled in the air while traveling a route that took them over Newfoundland, French Morocco, Saudi Arabia, the coasts of India and Ceylon, the Philippine Islands and Guam.

Off the southern tip of the Malay Peninsula, a little better than half way, the planes made a simulated bomb drop.

The Air Force said the bomb drop over the South China Sea demonstrates the Strategic Air Command's capability to strike any target on the face of the earth.

The bombers took off from Castle Air Force Base near Merced, Calif., at 1 p.m. PST Wednesday.

They just about halved the time of the first non-stop round-the-world flight which was made in 1949 by a propellor - driven Air Force B50 Superfortress in 94 hours, 1 minute.

The Stratojets were refueled en route by TC97 aerial tankers but the Air Force said the number of refuelings was classified.

The stratojets' flight was a well-kept secret until last night.

The Air Force then notified newsmen to be at March AFB for "an event of historical importance."

Local Guard Unit Presented Award

Snyder's National Guard unit last night was presented the silver certificate for training accomplishment.

The award was presented at the unit's weekly drill session by Maj. Willis F. McDonald of Midland, Army advisor for the Guard, on behalf of Gen. John Collier, Fourth Army commander.

To earn the award a unit is graded on the same standards as an active Army unit.

"You were not found lacking," McDonald said, adding, "In plain words this certificate means that the National Guard Bureau, the commanding general of Fourth Army, and the Inspection Board, which lived with you during your stay at summer camp, is firmly convinced that D Company can do an excellent job on any given assignment."

The certificate was not actually earned at summer camp. The entire year's activity was considered.

Out of the 21 units in the regiment, Co. D was in the top four of 95 per cent of items rated. Considered were weapons qualification, unit stength, field training performance, training proficiency, completion of individual combat training phase, advanced training of the individual, unit food service, supply economy, tank gunnery, weapons training, mortar training and gunnery, scout and rifle training, maintenance, march discipline, administration, military courtesy, methods of instruction, individual functional and tactical training, binouacs, qualification of functional teams, and other item

The silver certificate was the only one presented in the Second Battalion.

The Snyder Guard unit annually brings into Snyder more than $40,000 in drill pay. The unit's inventory in equipment is estimated at some $600,000, including two tanks worth about $100,000 each.

PRESENTING the silver certificate award to Lt. John Lynch, right, commander of Co. D, 112th Armored Calvary Regiment, Snyder's National Guard unit, is Maj. Willis F. McDonald of Midland, Army advisor for the Guard. Behind McDonald are Capt. Louis Morris of Lamesa, left, battalion S-3 officer, and Capt. Lloyd Knight of Midland, battalion communications officer. VFW Will Ask For Improved Benefits

VICTORIA (AP)—Cooper Holt, national commander of the Veterans of Foreign Wars, said last night the VFW will ask Congress for improved veterans' benefits.

Holt said the VFW will seek increased GI housing benefits and higher pensions. The VFW would ask for establishment in the Senate of a Veterans Affairs Committee similar to the one in the House.

Holt lauded the Eisenhower Middle East policy.

WEATHER

SNYDER TEMPERATURES — High Thursday, 47 degrees; low Thursday night, 12 degrees; reading at 7:30 a.m. today, 14 degrees.

NORTH CENTRAL AND WEST TEXAS: Clear to partly cloudy with rising temperatures through Saturday.

Snyder Shivers

Snyder had its ninth "freeze" in a row last night when the mercury dipped to 12 degrees, just one degree higher than the low of the season 24 hours earlier.

Clear skies sent the thermometer up to 47 degress Thursday, but the freezing temperatures returned at nightfall. At 7:30 a.m. today, the reading was 14 degrees, according to David Strayhorn, official weather observer.

Daily minimum readings have been below the freezing mark since Jan. 9. On the other hand, there have been some balmy days, with a high of 80 degress reported on Jan. 13.

Forecasts call for rising temperatures throughout West Texas during the next 24 hours.

By The Associated Press

Warmer weather was forecast for Texas Friday.

Temperatures dipped below freezing over much of the state early Thursday, but the Weather Bureau said a high pressure system which kept a cold air mass over Texas has moved into the Gulf. Fair skies and rising temperatures were forecast as a result.

Skies were clear over Texas Thursday except for some high cloudiness over the extreme south and west.

Lubbock had the lowest predawn temperatures, 11 degrees. Temperatures ranged up to 41 at Brownsville.

Thursday's highs ranged from 42 at Beeville, Wink and Salt Flat to 51 at San Antonio.

Aground On Sandbar

PORT AUX BASQUES, Nfld. (AP)—Twelve passengers and 39 crewmen have been taken safely off the 2,043-ton ferry Cabot Strait. The craft went aground on a sandbar.

LATE BULLETIN

AUSTIN (AP)—The flow of crude oil from Texas fields during February was increased by the Railroad Commission 92,970 barrels a day to 3,543,672 barrels daily—an all time high for Texas.

A producing pattern of 15 days was set for the short month compared with 17 days for January.

This was the smallest increase the commission could grant for February. Sixteen days would have resulted in a boost of 262,212 barrels daily.

Four major oil companies also asked the commission to hike January to 18 days but the commission rejected the proposal.

Major oil companies voiced almost unanimous demands for either 16 or 17 days. Independents urged a cautious policy to keep the allowables as steady as possible. It was another victory for the independents.

Blast Rocks Scene

Four men received burn injuries; two extensive burns, in fighting an oil well fire nine miles north of Clairemont this morning.

An explosion which occurred while the fire was being fought was responsible for the injuries.

Witnesses at the scene said a fuel storage tank exploded while members of the drilling crew and volunteer firemen from Spur were fighting the initial blaze and seriously burned the tool pusher on the drilling rig and one of the Spur firemen.

Most seriously burned were Jimmy Rainbolt, 22, Spur fireman, who received burns around the head, and Howard Maroney, 42, tool pusher, who suffered burns over his back, arms, and the head area.

Maroney was tool pusher for the Edgar Davis Drilling Co., of Abilene, owner of the drilling rig.

Following the explosion the Spur firemen left the scene, and

MANTHA LANDFRIED

Director In Chamber Is Named Here

Mantha Landfried, owner of the Art Style Beauty Salon here, has been named a director of the Chamber of Commerce for the coming year.

Each year the chamber board has one woman member, named by the Business & Professional Women's Club, while there is also another one-year member named annually by the Junior Chamber of Commerce. Mel Zane Gilbert, Jaycee president, is now Jaycee director, and a new director has not been named by that organization for this year.

Miss Landfried, a charter member of the B&PW organization, is now treasurer of the club. She is also former president of the Snyder Beauticians Association.

A resident of Snyder since 1949, Miss Landfried came here from Itasca, where she operated a beauty salon. She has operated the Art Style Beauty Salon since 1950.

Others on the chamber board this year are Dr. Wilton N. Jones, president; Fred Auforth, first vice-president; B. Frank Maddox, Jr., second vice-president; Jay Rogers, treasurer; R. C. Patton, Dr. Carl Dillaha, Bobby McCormick, Bob Taylor, L. A. McClanahan, C. O. Holder, Gene Best, and Wacil McNair.

The chamber is now in the process of getting committes organized for the year. Dr. Jones is making appointments of committee chairmen, and he will hold a meeting of those chairmen within the next few days for committee appointments.

TICKETS FOR CHAMBER BANQUET PUT ON SALE

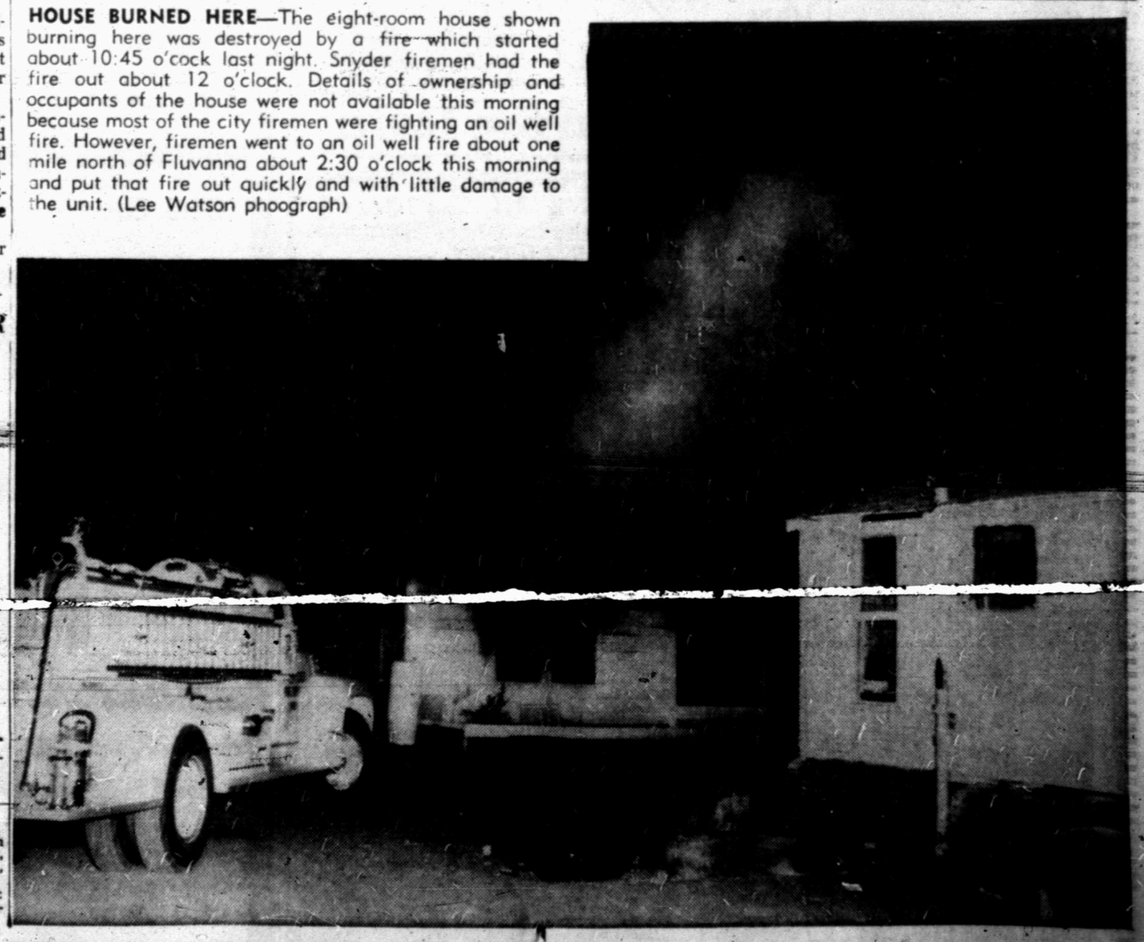

Tickets for the annual banquet of the Snyder Chamber of Commerce are now available at the chamber office.

The banquet, which will feature John E. Harvey, member of the British Parliament, as principal speaker, is scheduled next Friday evening in the high school cafeteria and auditorium.

Tickets for the event, which is the largest on the chamber's calendar each year, are priced at $2.50 each.

The banquet meal will be served in the high school cafeteria, and the banquet program will follow in the auditorium.

Several other dignitaries are due to attend the banquet, and officers and directors of the Chamber of Commerce will be introduced. In addition, several awards will be presented by the chamber during the banquet program.

HOUSE BURNED HERE—The eight-room house shown burning here was destroyed by a fire which started about 10:45 o'cock last night. Snyder firemen had the fire out about 12 o'clock. Details of ownership and occupants of the house were not available this morning because most of the city firemen were fighting an oil well fire. However, firemen went to an oil well fire about one mile north of Fluvanna about 2:30 o'clock this morning and put that fire out quickly and with little damage to the unit. (Lee Watson phoograph)

3 County Farmers Selected For Trip

Three Scurry County farmers were chosen last night to represent the Scurry County Farmers Union as "bus trippers" on the annual Farmers Union trips to Washington, D. C.

Two, chosen at the monthly meeting of the Farmers Union, are Sam Houston, who lives eight miles east of Snyder; Bunyan Evans, Fluvanna; and Kenneth Smith, 14 miles southwest of Snyder.

They will leave here Jan. 24, and they will join other Farmers Union representatives at Wichita Falls, leaving there by bus Jan. 25 for Washington.

Farmers Union representatives from throughout the U. S. will go to Washington at that time and give individual ideas to congressmen and to the Department of Agriculture.

The three local men were given no specific instructions. They will give only their individual ideas and problems, which closely coincide with those of most farmers in the county.

At last night's meeting, Henry Burchett, manager for the Agriculture Stabilization and Conservation committee, and Joe Box, county supervisor for the Farmers Home Administration, explained the 1957 programs of their departments to about 100 farmers attending the meetings.

At the meeting, it was brought out that all farmers in the county should be a member of either Farmers Union or the Farm Bureau, that the only way they can present their ideas and problems and be heard is through organization.

The Farmers Union, following this idea, has scheduled a series of community meetings, the first of which will be held at 7:30 p.m. Monday at the Camp Springs Methodist Church.

All farmers of the Camp Springs area have been urged to attend the meeting. At that meeting, representatives of the ASC will explain the 1957 program, and representatives of Farmers Union will explain the organizational plan.

Grady Williams, president, and Bill Jordan, secretary of the Farmers Union here urged farmers to attend, explaining that they can benefit by hearing of changes in the agriculture conservation program and by hearing provisions of the Soil Bank Act.

FIRE

Continued From Page 1

two Snyder fire units and five men were sent to the blaze. Only one of the Snyder fire trucks arrived however, and was still fighting the fire at 11 o'clock this morning.

One of the Snyder fire trucks broke down about eight miles north of here on the Clairemont road, and could not continue to the fire.

Condition of the two men most seriously burned in the fire was listed as fair by attendants at Spur Memorial Hospital where they were taken after being burned.

The two other men who were burned were D. L. Knight and Buddy Hoover, both members of the Spur fire department. They were given first aid treatment for burns on the hands and released from the hospital.

Snyder firemen had the blaze almost under control by 11 o'clock, but a butane fuel tank was still burning and threatened further explosion.

The butane tank had ruptured at seams and a safety valve was releasing fresh fuel into the flames at rapid intervals.

The drilling unit was heavily damaged and a house trailer used for office was destroyed. No estimate of total damages was available.

Members of the crew said that the fire started about 7 o'clock this morning when gasoline was being taken from a 55-gallon drum. The fire spread from the gasoline to parts of the drilling unit, and finally reached its height with the explosion of the fuel tank, burning the victims.

The fire occurred on a General Crude Lease on the Roy Fuller ranch about 10 miles northeast of Clairemont, and about 15 miles south of Spur.

The well was drilling at a depth of more than 3,000 feet, but had apparently not struck any oil, because all the fire was confined to inflamables at the surface.

Poisoning Plot Told

OKLAHOMA CITY (AP) — Police said they had solved a bizarre poisoning plot with the arrest early today of an orderly at Crippled Children's Hospital.

Capt. Ted Baughman said the man made a statement admitting he put rat poison in his wife's coffee on three occasions. He identified the man as Melvin Ayers, 42.

Mrs. Billie Ayers, 37, is in University Hospital for treatment of poisoning.

"I don't know why I did it," Ayers told Baughman. "I love my wife deeply, and I certainly didn't mean to kill her. I was just about half nuts at the time, I guess."

The Ayers have been married 12 years and have 2 children.

Baughman said the plot was discovered after Mrs. Ayers became suspicious of her husband.

King Saud, Hussein Conferring In Cairo

CAIRO, Egypt (AP) — King Saud of Saudi Arabia and King Hussein of Jordan flew into Cairo today for high level talks with President Nasser of Egypt and Prime Minister Sabri Assali of Syria.

They arrived on separate planes some hours apart, and got the full reception treatment — 21-gun salutes, guards of honor, greetings at the airport by President Nasser. Saud and Hussein have been conferring in Saudi Arabia. Prime Minister Suleiman Nabulsi of Jordan accompanied his King.

Another Homemaker of Tomorrow has been named in this area.

She is Ethel Hundsnurcher, daughter of Mr. and Mrs. H. H. Hundsnurcher, who was chosen the Betty Crocker Homemaker of Tomorrow at Hermleigh High School.

Like others named in their respective schools, Miss Hundsnurcher had the highest score of those in her school in a writfen examination on homemaking knowledge and attitudes.

Exam papers of those named at each school are being entered in competition to name the state's candidate for the title of All-American Homemaker of Tomorrow.

The national winner will be named May 2. A total of $106,000 will be awarded in scholarships in the national program, with each state's Homemaker to receive a $1,500 scholarship and a trip with a school advisor to Washington, D. C., and other cities of that area.

The American winner will get a $5,000 scholarship, while runner-up scholarships of $4,000, $3,000, and $2,000 will be awarded.

FOR SCHOLARSHIP FUND

West Texas Sing To Be Held In SHS Auditorium Tomorrow

A variety of music will be on the program of the West Texas Sing evnt scheduled for 7:30 p.m. tomorrow in the high school auditorium here.

The event is being sponsored by the High School Parent-Teacher Association, which will use money raised for its scholarship fund.

Mrs. Myron Roe, president of the association, said the scholarship was $300 the last time it was awarded and that the organization hopes to raise more than that amount this year.

The scholarship award, decided upon by a committee of the unit, is given to a deserving student who needs aid in attending college. Grades of the student are not the only basis for the award, although they are taken into consideration.

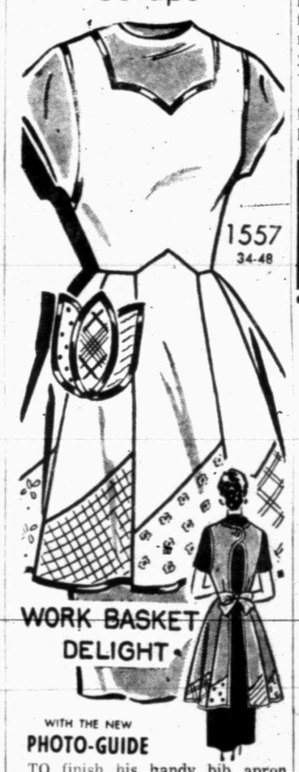

Vocal groups from throughout the area have been invited to participate in the West Texas Sing event, including quartets, duets, and other groups. Mrs. Hardy Scarborough, program chairman, made an open invitation to those desiring to participate in the program.

One feature group on the program will be a barbershop quartet composed of Bill McLaughlin, Paul Keaton, Dr. John Hamblen, and Harold Bennett. Several numbers will be by school groups.

Tickets have been on sale several days and will be available at the door tomorrow night. They are 50 cents for anyone 12 years old or older, while those under 12 will be admitted free.

In charge of ticket sales are Mrs. Elmo Crowder, aided by students, and Mrs. Fickas Bell, aided by several parents. Many businessmen in Snyder have tickets available.

SOME FACTS ABOUT THE CHURCH OF CHRIST

IT BELONGS TO CHRIST BECAUSE: (1) He built it, "And I say also unto thee, that thou art Peter, and upon this rock will build my church; and the gates of hell shall not prevail against it," (Matt.16:18). See 1Cor.3:11 where the Holy Spirit says that Christ is the foundation—not Peter! (2) He purchased the church with His blood, " . . . the church of God (the Lord (3) Christ is the head of the church (His body), " . . . and gave ASV), which he hath purchased with his own blood." (Acts 20:28. (3) Christ is the head of the church (His body), " . . . and gave him to be the head over all things to the church, which is his body, . . . " (Eph.1:22,23). (4) Christ is the saviour of the church " . . . even as Christ is the head of the church: and he is the saviour of the body." (Eph.5:23). (5) Christ gave himself for it " . . . even as Christ also loved the church, and gave himself for it." (Eph.5:25).

WHAT IS ITS NAME? The church revealed in the New Testament has no name—that is what it is! The church! Point to the hand of Jim Jones and ask, "What is this?" Reply: "A hand." Question: "Whose hand is it?" Reply: "The hand of Jim Jones." Question: "What is its name?" Reply: "It has no name! That is what it is! a hand!" So it is with the church: (1) In relation to worship it is the temple of God, "Know ye not that ye are the temple of God . . . " (1Cor.3:16). Redeemed people are the "temple", not the building! (2) In relation to the world it is the church, "Unto the church of God . . . " (1Cor.1:2). The word "church" literally means "called out," or "an assembly." (3) In relation to a family it is the household of God, " . . . that thou mayest know how thou oughtest to behave thyself in the house of God, which is the church of the living God, . . . " (1Tim.3:15). (4) In relation to government, it is a kingdom, " . . . and hath translated us into the kingdom of his dear Son." (Col.1:13). (5) In relation to co-operation it is an organism—a body, "And he is the head of the body, the church . . . " (Col.1:18). All of the above terms are not "names;" they but describe the church. Christ has a "called out" people who are referred to as "the church", or "my church." (Matt.16:18). Congregations of the Lords people meeting in different localities ar known as "churches of Christ."

"THE CHURCHES OF CHRIST SALUTE YOU." ROM.16:16).

Tigers Battle Ponies Here Tonight

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

WE TRY ALL WE possibly can to get in on the fun for next Tuesday's Points for Polio at Tiger Gymnasium.

Meeting in the game Tuesday will be the Tigers and Lamesa, which, incidentally, is a very crucial game for the Black and Golders.

In case you missed the rules and regulations of the game in yesterday's paper, here is all you have to do to join the fun:

Pledge so much money for each point the Tigers score against Lamesa and call the chairman of the "Points for Polio" game, Carl Herod, at 3-3762, between now and game time Tuesday.

The amount you pledge will be multiplied by the number of points the Tigers score Tuesday night. If you pledge a nickel per point and the Tigers score 60 points, then your contribution to the polio fund is $3.00.

If we can get enough nickels and dimes pledged for the game on the per-point basis, this project will be a rousing success.

Certainly there is no other worthier cause than the March of Dimes drive. Money raised by the MOD goes toward helping some child stricken by polio to recover and rejoin his or her playmates at school.

Nearly everyone is in sympathy with the drive to raise revenue for polio and most everyone would like to have a hand in contributing to the cause.

So, here you can have a part in putting the drive over and have fun in so doing.

San Angelo Originated Game

This project has been tried in several other localities around the state and almost in every instance the project met with very good success.

San Angelo, in fact, originated the idea four years ago and has been making it an annual affair since. The idea has caught on at many other places and it has now even spread to other states.

San Angelo pledges for last year's game amounted to $45 per point. Snyder, of course, isn't near the size of San Angelo but we believe that a goal of $20 isn't too outrageous to shoot at.

On a $20 per point basis, the Polio fund would realize $1,160 if the Tigers maintain their current season average of 58 points per game against Lamesa.

To our knowledge, this is the first time a "Points for Polio" game has been held here.

Here's hoping the project will meet with much success here.

Ex-Tiger Underwood Shines Again

When Snyder's Ned Underwood punished the nets for 29 points against Hardin-Simmons Tuesday night, it made him the high scorer in the Texas Tech ranks for the season.

The 29 tallies brought Ned's season point total to 159 points in 13 games for a 12.2 average.

Underwood hit 15 of 17 free throws against Hardin-Simmons and in addition looped in seven from the field. Underwood easily was the Tech hero as the Raiders won, 59-53.

Speaking of Tech, its record only shows five wins against eight losses but at least two of its losses are nothing to be ashamed of.

Iowa State, the team that knocked Wilt Chamberlain and his Kansas teammates from the unbeaten ranks the other night, barely eked out a 63-62 win over Tech. The same night Iowa State was beating Kansas, Tulane, another team holding a win over Tech, was knocking off a highly-regarded Kentucky team, 68-60.

Quickly here is the way we see tonight's two 3-AAA basketball games:

Snyder 69, Sweetwater 55.
Lamesa 60, Lake View 49.

Bengals Seek 2nd District Victory

An old rivalry will be renewed tonight when the Tigers battle the Sweetwater Mustangs in a District 3-AAA contest at Tiger Gym.

Tipoff time has been set for 8 p.m. The game will be preceded by a "B" game between the two schools at 6:30.

The Tigers, idle since last Friday's 66-42 victory over Lake View, will take a 7-5 season record into tonight's game. Sweetwater sports a 5-11 slate.

In conference play, the Tigers are deadlocked with Lamesa for the lead, each owning 1-0 marks. Lamesa tries for victory No. 2 tonight at Lake View.

Colorado City, the fifth team of 3-AAA goes against San Angelo in a non-district clash at C-City.

The Tigers will be facing the second leading scorer in the district tonight in Sammy Harvey, Mustang forward. Harvey has chunked in 30 points in two games for a 15.0 average.

The 3-AAA scoring leader is Rex Wilson of Lake View with 32 points in two games for a 16.0 average.

Two Tigers, however, own the best average per game. Milton Ham and Dwayne Prince, each with 19 points in one game, share the top average.

Sweetwater has broken even in two district outings. The Mustangs opened by shellacking Colorado City, 68-49, but then dropped a 40-38 decision to Lake View in their second district start.

If the Tigers and Lamesa emerge victoruous tonight, then the two teams will meet in a showdown for the league lead next Tuesday at Tiger Gym.

Tiger coach J. P. Ward is expected to go along with his usual starters tonight, Milton Ham, 6-2, and Robert Dabbs, 6-4, forwards; Dwayne Prince, 6-5, center; and Powell Berry 6-1 and Ronnie Smith, 6-0, guards.

SMU Battles Longhorns Tonight

By The Associated Press

Southern Methodist, playing "scared" in its bid for a third straight Southwest Conference basketball title, opens weekend play Friday night in a game against Texas.

The Mustangs will be hoping from here on that their chief rivals will knock each other out of the race.

SMU, ranked third nationally, got a scare Tuesday night but a pair of free throws by big Jim Krebs enabled them to edge Rice 59-57 in the last minute of play. The loss toppled Rice into third place in the conference standings behind the surprising Baylor Bears.

Baylor downed Texas A&M 67-58 to move into second place.

Southern Methodist leads the field with a 5-0 conference record with the chief opposition coming from Baylor and Rice.

Those two teams meet Saturday night at Houston and a Rice win would enable the Mustangs to stretch its lead over both teams to two full games, if SMU wins too.

Baylor has a 3-1 conference record while Rice owns a 3-2 mark.

In the only other game scheduled this weekend, Texas Christian will host Oklahoma City University Saturday night at Fort Worth.

Coach Named At Houston

HOUSTON (AP)—Colgate's Harold Lahar, 38, accepted the University of Houston head coaching job today, succeeding Bill Meek, who resigned two weeks ago to become head football coach at SMU.

Lahar has been head coach at Colgate, an Eastern independent, since 1952. In five seasons he compiled a 26-15-4 record.

The past two seasons Colgate has posted 6-3 marks under him.

Lahar graduated from Capitol Hill High School in Oklahoma City in 1937 and starred at Oklahoma U from 1938 through 1941.

"We think we have obtained one of the outstanding coaches in the nation," Harry Fouke, University of Houston athletic director, said.

Terms were not disclosed.

UT Captains Make Plea

AUSTIN (AP)—Texas University's basketball team co-captains today joined student leaders and school officials in asking that students refrain from rowdy behavior at tonight's Texas-SMU game.

At a Texas-Rice game last Friday night, fans tossed trash, pennies and a hangman's noose on the floor to display dissatisfaction with rulings by game referees. Rice won the game.

"We hope you will continue to stand behind us, but we urge you to temper your enthusiasm with good sportsmanship," the team's co-captains, Raymond Downs and Norman Hooton said in a public letter to all students.

University officials have announced they will take steps to eliminate the rowdy behavior.

Tiger Jones Seeks Shot At Crown

CLEVELAND (AP)—Ralph (Tiger) Jones, rated No. 3 among middleweight contenders, is looking beyond tonight's fight toward a possible chance at the title sometime this year.

Jones, who lost to Gene Fullmer in a close fight last April, will be facing Hardy Smallwood of Brooklyn in tonight's 10-rounder.

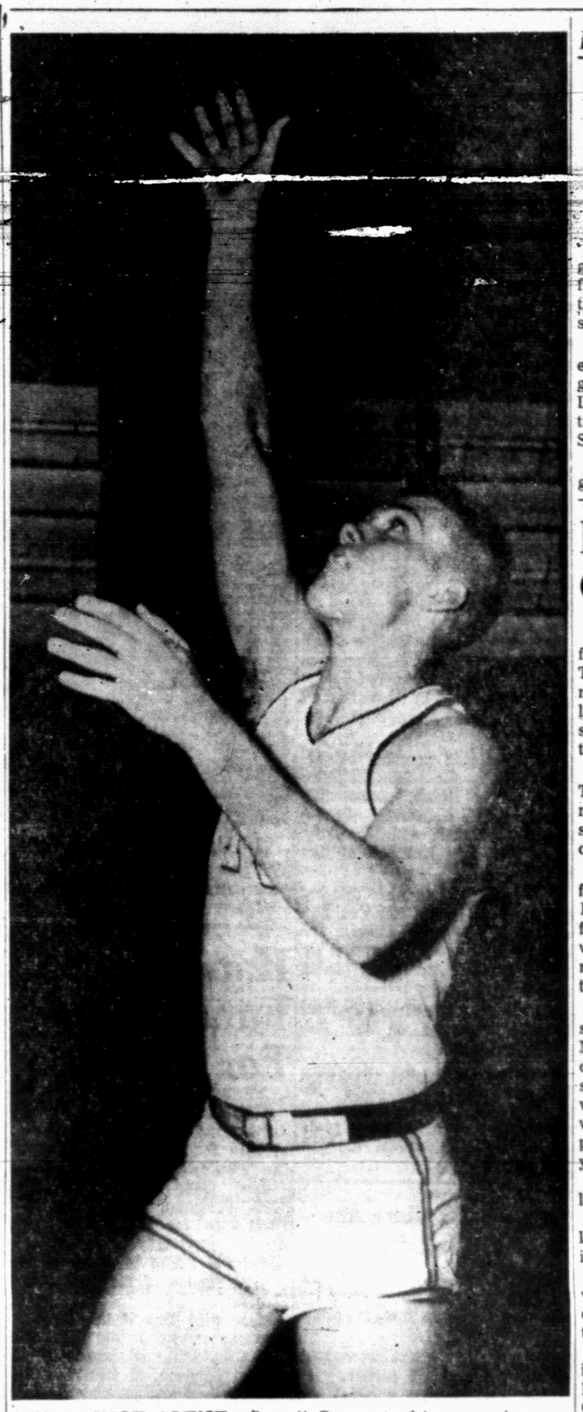

Jones wants another crack at Fullmer, who took the middleweight championship from Sugar Ray Robinson some nine months after his fight with Jones here.

Jones, of Yonkers, N.Y., is a heavy favorite to whip Smallwood. The Brooklyn boxer has lost four in a row and has an 18-8-2 record. Jones is 41-17-3.

Layden To Speak

BISHOP, Tex. (AP)—Elmer Layden, former coach at Indiana University, will be featured speaker tonight at the annual meeting of the Chemcel Credit Union of the Celanese Corp. of America plant here.

Layden was one of the immortal "Four Horsemen" during his playing days at Notre Dame.

JUMP SHOT ARTIST—Powell Berry, in his second year as a regular guard on the Tiger basketball team, is the fourth leading scorer for the Tigers this season with 79 points. Berry's speciality is a jump shot. Berry will see action tonight against the Sweetwater Mustangs at Tiger Gym. (Lee Watson Photograph)

LOCAL 7TH, 9TH LOSE

Snyder 8th Grade 5 Trips Lamesa

Snyder won only one of three games from Lamesa in cage warfare yesterday at Junior High Gym the local 8th graders avoiding a shutout by the invading Lamesans.

The Lamesa 9th graders defeated Snyder, 45-38, in the opening game of the triple-header. Then the Lamesa 7th graders went into overtime to take a 28-24 thriller from Snyder in the second game.

Coach Ace Amos' Snyder 8th graders, though, captured the night's finale to spoil Lamesa's bid for a clean sweep, 27-26.

The 7th grade game wound up in a 24-24 deadlock. In a two-minute overtime, Lamesa counted four point while Snyder went scoreless.

Mike Morris was the top Snyder 7th scorer with seven points. He was followed by Freddie Miller and David Gan with five each, Steve Free and Eddie Phy with four each.

Reg Westmoreland with 11 and John Russell with nine were the top Lamesa 7th scorers.

Lamesa jumped ahead, 16-8, after one quarter of play in the 8th grade game but the future Tigers fought back to lead at halftime, 18-15, and 24-21 at the three-quarter stage.

Mike Moffett paced the Snyder 8th scoring with 10 points. He was followed by Stanley Kruse with nine, Larry Patterson with four, Jimmy Don Robbinson with three and Eddie Lloyd with one.

Joe Crump and Don McNeill led Lamesa 8th with 11 and 10 points respectively.

Penlaty Costs Crocker Lead

TAMPA, Fla. (AP)—Fay Crocker, first round leader in the $5,000 Tampa Women's Open golf tournament, had to share the spotlight with a golfer who took 32 strokes more than she did yesterday.

That golfer was Mickey Wright. The reason she stood out was a record penalty of 24 strokes assessed when she called herself for carrying an extra club.

The tall, pleasant young lady from San Diego, who won the Sea Island tournament Sunday, thus found herself almost out of sight with a 104 instead of being in the running for a second straight victory, as had been expected.

The penalty amounted to two strokes for each of the 12 holes Miss Wright played before she caught the error. That did not seem to affect her game, which was not as sharp as usual anyway. Her score of 40-40—80 compared to par 36-37—73 over 6,066-yard Palma Ceia course.

Miss Crocker toured the tricky layout in 37-35—72.

This gave her a three-stroke lead over a field that turned out in sweaters and jackets.

Most of the pre-tournament favorites were well among the 120 competitors. The 72-hole event has three rounds to go.

Three former winners, defending champion Betsy Rawls, Patty Berg and Louise Suggs tied with Gloria Armstrong of Oakland, Calif., for second at 75.

Tied at 76 were Marlene Hagge, Bonnie Randolph and Betty Dodd.

Alice Bauer, playing out of Palos Park, Ill., shot 77 and Kathy Cornelius of Lake Worth had 78.

Fluvanna At Home To Westbrook

Ira goes to Loraine and Fluvanna hosts Westbrook in District 16-B basketball action tonight.

The Ira girls lead the fem standings with a 2-0 record while the Fluvanna boys are out front with 2-0.

Hermleigh, the fifth team of 16-B, will host Colorado City inn two girls games tonight, the high school "A" and "B" teams.

The Hermleigh boys are idle tonight.

Bradley Surprises Leader In MVC

By BEN OLAN
The Associated Press

Tabbed as the "dark horse" of its conference early in the season, Bradley is running ahead of the Missouri Valley basketball pack today.

Upsetting its opponents' stalling tactics, Bradley rallied to defeat Houston 81-64 last night to lift its pace-setting conference mark to 5-0. On the year, the 12th-ranked Braves are 12-2.

Midterm examinations have put the college scheduled at a comparative standstill.

The Kansas Jayhawks, top-rated in this week's Associated Press poll, are idle until Feb. 2 when they will attempt to gain revenge for last Monday's 39-37 setback by Iowa State.

North Carolina (No. 2) will stand on its 15-0 record until Feb. 5 when it meets Maryland.

Bradley used a full court press to stop Houston's stalling game. Houston took a 2-0 lead at the start and then held the ball for about two minutes. The Braves went into the press and shot into a 45-28 halftime lead.

Houston lost two starters, Dean Evans and Russ Boone, on personal fouls early in the second half and Bradley upped its advantage to 74-52. Joe Billy McDade, with 17 points, and Gene Morse, with 14, paced the Braves' attack. Both are sophomores.

Elsewhere, Bob Gibson sparked Creighton from behind to hand Drake its sixth straight loss 74-60. St. Peters (N.J.) whipped Adelphi 94-73 to stretch its winning streak to 17 games over a two-year span.

Maglie Inks Dodger Pact

NEW YORK (AP) — Sal Maglie, who gave Brooklyn a healthy shove toward the National League pennant last year, was in the Dodgers' fold today.

The 39-year-old righthander agreed to terms yesterday at a reported $30,000 salary. Sal won 13 games and lost five after being picked up on waivers from Cleveland in May. Included among his victories was a no-hitter against Philadelphia last Sept. 25.

Garcia Decisions Bobby Bell In 10

LOS ANGELES (AP)—Rudy Garcia, Los Angeles featherweight, won a unanimous decision in 10 rounds last night from Bobby Bell of New York. Garcia weighed 129, Bell 130.

It was a bloody bout. Garcia suffered a slashed left eye and Bell's nose was cut early in the contest. Neither fighter was in any serious trouble.

Judges Tommy Herman and Abe Roth called it 98-95 and 98-96, respectively, and Referee Dick Young scored it 97-94.

COLUMBUS, Ohio (AP) — Bobby Morrow, Abilene Christian college sprinter who won three Olympic Gold Medals, will be an honored guest tonight at the Columbus Touchdown Club's second annual banquet.

Colts To Keep Coach Ewbank

BALTIMORE (AP) — Three years and four days ago, Wilbur (Weeb) Ewbank came to the Baltimore Colts with the "sole idea to start a regime" in the National Football League. Today, he had a one-year reprieve to get that idea in high gear.

Ending weeks of speculation that the roly-poly football scholar was through in Baltimore, principal owner Carroll Rosenbloom announced last night:

"Weeb Ewbank is going to remain as our head coach. . ."

Ewbank has one year remaining on a three-year contract.

On Jan. 14, 1954, the same day Ewbank publicly set his goal, Rosenbloom said: "We've promised the people of Baltimore a winner. Until we give it to them, we won't be happy."

There was no secret after the Colts broke stride last mid-season that the millionaire with a smoldering hunger for a league championship was unhappy. He said if he thought it necessary to buy up Ewbank's contract to get a winner, he would do so.

Rosenbloom, Ewbank and Colt President Don Kellett arrived at what the owner called "a meeting of the minds" during a six-hour conference yesterday in Palm Beach, Fla.

Braves Seek Keynoter

MILWAUKEE (AP)—The Milwaukee Braves are in the market for a second baseman who can hit .270 or better. If they find him, they might become favorites in the National League race.

Braves General Manager John Quinn discussed the 1957 campaign and Milwaukee trouble spots last night in a talk at the Press Club.

As for the race, Quinn said he saw it as a contest between the Braves, Brooklyn, Cincinnati and possibly St. Louis.

Second base and left field where Danny O'Connell and Bobby Thomson labored last year, are the trouble spots. If able to rub out either one, or both of the weak positions, the Braves probably could take the field in April a jump ahead of the competition.

Quinn said, "If O'Connell could add 30 points to his batting average I think nothing more could be desired." The second baseman hit .239 in 1956.

"Don't be surprised if you see some new names on our club this year," Quinn said, and then added that he didn't mean they would have to be players with established reputations. They could come from the farm system.

Mentioned as possible future Milwaukee second sackers are Gene Baker of the Cubs and Red Schoendienst of the New York Giants.

Alarming Situation

MOUNT CLEMENS, Mich. (AP)—It looked like a perfect bank robbery setup and the police got their men just two blocks from the scene of the crime.

Detective Conrad Koltys of the Macomb County sheriff's office told it this way:

He was half a block from the First National Bank yesterday when he heard the bank's burglar alarm go off. He spotted two young men running from the bank. They hopped in a car which had been cruising slowly down the street.

Koltys drew his pistol and stopped the car.

He found three scared young men and $210 in cash.

Three police squad cars screamed up. The young men were taken to police headquarters.

They arrived about the time the bank called to report the alarm had gone off by accident.

The young men said one of them had withdrawn $210 from his account.

Apologies were accepted.

Two Bodies Identified

HONDO, Tex. (AP)—Medina County Sheriff Charles L. Hitzfelder said last night the charred bodies of two men found in the wreckage of a light plane have been identified.

Hitzfelder said personal belongings found at the scene, 25 miles northwest of Hondo, showed the men were W. E. Stevens, 50, an Austin contractor, and his flying companion, Ray Woodruff of San Antonio.

The two men had been missing on a Del Rio-Austin flight in Steven's single engine Cessna 180 since Jan. 3. Several searches by groups of Civil Air Patrol planes were unsuccessful.

The wreckage was found by Paul Latz, a cowhand on the Joe Reilly Ranch.

Hitzfelder said the wreckage was scattered more than 100 yards. He said the only parts not destroyed by fire were a piece of the tail section and the left landing gear.

Shrimp Trawlers Are Reported In Distress

PORT ISABEL (AP)—Two shrimp trawlers reported in distress in rough seas were en route for shore late yesterday.

Coast Guard cutters were sent to aid the trawlers earlier.

The Margaret D. Webster reported it was taking water 100 miles south of here in the Gulf of Mexico. But two other trawlers put additional pumps on the boat before the Coast Guard cutter arrived.

The trawler Valley Pride was taken in tow by a Coast Guard cutter yesterday after its nets became fouled up in the boat's propeller about 12 miles south of here.

Handicapped Funds Asked For Texas

AUSTIN (AP)—Legislators yesterday were asked to appropriate $400,000 for the rehabilitation of the physically handicapped.

Brig. Gen. Melvin J. Maas (ret.), chairman of the President's Committee for the Employment of the Physically Handicapped, urged the action in a speech to a joint session of the House and Senate.

Maas said that if the Legislature appropriated the $400,000, Texas could take advantage of the federal program. It would supply an additional $760,000 which Maas said "would be spent in Texas, by Texans for Texans. It would be helping the handicapped help themselves."

He said Texas was 37th among the states on the number of persons rehabilitated during 1956. But he praised the work of the Governor's Committee for the Employment of the Physically Handicapped.

"The cost of maintaining a handicapped person on public welfare costs you in excess of $700 a year, unless you spend $500 for one year on each person to rehabilitate them and get them a job," Maas said.

"For every dollar spent on rehabilitation, the average handicapped person returns 10 dollars in income taxes."

Former Policeman Is Fined For $500

HOUSTON, Tex. (AP) — A former policeman who gained fame as an undercover narcotics agent was fined $500 after pleading guilty to a charge of felony theft of an automobile.

Texas J. Foster, 30, entered the guilty plea under a statute that says if stolen property is returned voluntarily before prosecution is started, the maximum punishment is a fine of $1,000.

In 1952, Foster was named one of the nation's 10 outstanding young men by the U. S. Chamber of Commerce for his work as an undercover narcotics agent. He now works as a private detective.

Director Of Boys Club Speaks Here

"Our purpose and responsibility is to see that when a boy gets recognition, he uses his energy in the channels which are socially acceptible," Michie Brous, newly-appointed executive director of the Scurry County Boys Club, told members of the Snyder Rotary Club yesterday.

Brous made that statement after saying that a teen-age boy strives for recognition in one way or the other, to excel in something. If he cannot excel in normal things, then he will take other avenues, including delinquency.

The new Boys Club director, in his talk, said, "The greatest asset of any nation is its people and its caliber of manpower . . . We are the No. 1 nation by virtue of that — We have people who can adapt themselves to anything. To maintain this standard we must spend our time, efforts, and money to train our young people."

The American society, he said, depends on the home, church, and school to educate and guide its youth. Many times, these must be supplemented, and it is for that reason that the Boys Club came into being in the U. S. The Boys Club of America got its start in 1906.

The Boys Club here has as its purpose to give the boy an opportunity to play and to develop emotionally and physically.

Brous recently completed a tour of duty as an Air Force recreation officer.

He came here as fulltime director of the Boys Club, succeeding Guy Sullivan, physical education teacher at the West Elementary School, who has been director of the club since its start here several months ago. The Boys Club here recently applied for affiliation with the Boys Clubs of America.

Brous, 24, is a physical education graduate of Texas Christian University, Fort Worth. He is married and has two sons, Michie Joe, 2, and Bobby Dell, four months.

The Boys Club, which has a membership of about 850 and now has participation of about 50 boys daily, has as its hours 3 to 9 p.m. Monday through Friday and 8:30 a.m. to noon and 1:30 to 4:30 p.m. on Saturday.

Pipeline Planned

Ernest Lloyd of Midland submitted the low bid Thursday morning on construction of approximately five miles of 16-inch pipeline in southwestern Scurry County.

The water supply line will stretch from the terminus of the Colorado Municipal Water District's 18-inch line from Lake J. B. Thomas at the Sharon Ridge unit watre treatmennt plant to the SACROC unit take off from the CRMWD 27-inch line near the SACROC plant.

Monsanto Chemical (Lion Oil) is footing the bill for the parallel 16-inch line and will be repaid out of a three-cent per thousand reduction in rate until the advance as been absorbed.

Lloyd's bid was $101,377 for 16,200 feet of 16-inch re-enforced steel cylinder concrete pipe. He contracted to complete the job within 30 days after delivery of pipe, which may be in May. Second lowest of seven bidders was R. B. Hougson & Co., Inc., Lubbock, who submitted a proposal of $102,905.25 with a 135-day completion clause. Highest of the bids was $123,003.

Total cost of the project will approximate $140,000, including meters, a pump, valves, fees, etc. Monsanto had contracted with CRMWD for $159,000 or whatever the cost might be.

E. V. Spence, general manager for CRMWD, said that the pump was on order along with valves and an additional starter.

Monsanto currently takes treated water from the SACROC plant, but the 16-inch line paralleling the 27-inch line to the SACROC plant, will insure an adequate supply of water to the Monsanto repressuring unit. At the SACROC plant, the supply line is reduced to 21-inch into the City of Snyder, which commands priority on the use of water.

Contracts will be signed, probably this week, with Lloyd, said Spence.

Not Suitable Wear For The Frigid Air

KNOXVILLE, Tenn. (AP) — The clock read 15 minutes till midnight last night and the thermometer stood at 20 degrees. And, the man swears, "this fellow runs by us dressed in nothing but bathing trunks."

Pete Bradley, director of public relations for Knoxville College, added wistfully: "I wish I'd had my camera along. Then, maybe somebody would believe me. . . We were so astounded we didn't have a chance to find out who he was or what he was trying to prove before he got away."

Radiation Protection Sought In Colorado

DENVER (AP) — Protection from radiation in Colorado's uranium areas and control of smog in industrial sections was asked today by a woman legislator.

Rep. Jane Woodhouse (D-Denver) said smog is becoming a pressing problem and "we don't want Denver to become another Los Angeles or Pittsburgh."

The woman lawyer introduced a bill to give the state health department power to set "scientific and health measures to protect areas from air pollution and radiation."

CHURCH NEWS

ON THE BORDER

History Made By Hungarians

By INEZ ROBB

ANDAU, Austria—History, how momentous none of us can yet foresee, is indeed made at night along the Austro-Hungarian border. By stealth and daring, Hungarian refugees from intolerable oppression still cross the border even under a moon that now hangs like an enemy in the sky, casting a harsh klieglight on a stark winter landscape.

By 3 a.m., when this farm village so near the border has been fast asleep for a good six hours, the refugee agencies are just beginning to expect the night's peak load at this border collection station. Three refugees, a young woman and two men in their 20s had just arrived.

They've had a bad time of it, an interpreter said brusquely. "They are all of a party of 25 that got through. The others were caught just at the border." I thought despairingly of the machine-gun and rifle fire we had heard earlier, and the baying of dogs trained to hunt down their rebellious quarry.

The three stood quietly in the men's dormitory. A drab, dun-colored room that was once the village dance hall, it had only the saving grace of security, of warmth and of double-decker beds. A score of exhausted escapees were already asleep. There was a leonine gray head on a pillow a few feet away, but the majority looked like high school boys.

The girl was taken away to the women's dormitory in the town school. As the two men sought bunks, a new group of a half dozen Hungarians arrived. They were five young men and a girl in a thin winter coat, her bare hands scarlet with the cold, not even a scarf on her dark head.

One man explained with gestures and a few broken words of German that he was wet to the knees. He had waded through icy water to reach the Einser Canal where the little rubber dinghies ferry stealthily back and forth from dark till dawn.

But he was not complaining. He was simply explaining his situation and asking permission to remove his shoes and socks. He was pushed to a bench in front of the small, wood-burning stove that keeps the room so cosy, handed a blanket and told not only to remove his shoes and socks instantly, but his pants, too, and spare himself pneumonia.

As these refugees kept coming in little groups, the one universal characteristic that impressed and amazed me was their calm, or perhaps I should say stoicism, their dignity, their courteous manner and their quiet.

There was neither hysterics nor mock heroics. There was no bellyaching from these people who had walked for miles, hidden for hours in the swamps and marshes of Hungary near the Eisner Canal, and finally made a dash for it.

A slight man, husband of the one woman in the group, said in response to questioning that he was a cabinet-maker by trade who hoped to earn his living thus in the world of free men.

"We left Budapest yesterday," he said matter-of-factly. "There has been no bread or meat in the city for days and days. The only food we have seen has been cakes stamped with the Red Cross. Yesterday, when there was more shooting at Csepel (Budapest's largest complex of factories; and there seemed to be a drive against the workers, we decided to leave."

He and his wife had nothing but the clothes they wore—and what miserable clothing by any Western standard—and a kit of toilet necessities in a Navy blue flight bag marked "American Escapee Program" handed them at the rough border station that had sent them down the road to the collection point at Andau.

He had no idea—this cabinet maker—where he wanted to settle in the Western world. He said he had not thought that problem through. His only thought, when the decision to flee was finally made, was to escape the misery and persecution of Communism.

There was a poignant moment when it was explained to the young wife that she would have to go to the women's dormitory. She, who had endured so much and so bravely, clung to her husband's hand as if she might never see him again if once they were parted.

But he smiled reassuringly at her. She managed a smile, and without further ado followed the Red Cross worker to the women's shelter.

Mission Test Citrus Fiesta Wednesday

MISSION (AP)—The Texas Citrus Fiesta begins here next Wednesday night with 18 duchesses on hand to represent Rio Grande Valley communities and organizations.

One of the duchesses will be chosen Queen Citriana XXI to rule over next year's celebration. The 18 will appear with Queen Citriana XX, Miss Jean Knapp, who will rule over the four-day Citrus Fiesta.

The identity of King Citrus XX will be announced at the coronation pageant Wednesday night. Princess Anna VII, Janette Clair Fletcher of Mercedes, was chosen in a contest for 6-year-old girls last month.

"Fairyland of Citrus" is the theme for the 1957 celebration.

Among events on the agenda are style show contests featuring all types of dresses and gowns made from citrus fruits, vegetables and flowers. Senior girls compete for a total of $1,020 in prizes Thursday and Friday nights. A junior style show contest is set for girls two through eight years old Saturday night.

Also scheduled are several parades, exhibits and other contests. The fiesta closes Saturday night with the Queen's Ball.

It's Still Too Fast

SANTA FE, N.M. (AP)—The Legislature favored a 70 m.p.h. speed limit. The state police wanted a 60 m.p.h. top. A court test resulted in the judge ruling, in effect, that any speed was okay if it was "reasonable and prudent." But don't step on the gas passing through. State police say they don't think anything over 60 is either reasonable or prudent.

Retreat Set Here

Members of the Methodist Youth Fellowship in the Big Spring District will attend a retreat to be held here tonight and tomorrow.

The retreat will start at 6 o'clock tonight at the First Methodist Church. Following dinner, a talk will be made by Dr. John Larsson, missionary from India.

Presiding will be Barton Grooms of Big Spring, district president.

The retreat will end at 2 p.m. tomorrow.

Northside Groups To Meet Monday

"The Gentile Nations in the Light of the Bible" will be the subject for study of the Men's Brotherhood and Ladies' Auxiliary at the Northside Baptist Church in their meetings Monday.

The two organizations will hold their meetings at 7:30 p.m.

RAs Honor Dads

Members of the Royal Ambassadors at the Avenue D Baptist Church will honor dads at a supper to be held at 7 o'clock tonight.

George Elliott, associational RA leader, will be in charge of the program.

Serving the supper will be the church's Women's Missionary Union, with Mrs. E. J. Hardin in charge.

Constitution Study Asked

AUSTIN (AP)—Rep. Truett Latimer of Abilene has drafted a resolution for a study of the State Constitution by the Texas Legislative Council with a view to revision.

The Texas League of Women Voters is backing the bill as its No. 1 project.

Latimer's resolution also would provide a citizens advisory commission to the council, a research agency established by the Legislature for study on state governmental proposals.

Mrs. E. A. Endall of Brownsville, state legislative chairman of the league, said "Members voted to support a research program on the State Constitution as the logical approach to revision."

Reports of the council would be submitted to the next Legislature.

Drive the nail into the board... that is penetration! You may be sure it won't enter of its own accord. It must be driven with sufficient, well-concentrated, properly directed energy. *It takes a real artisan to wield a hammer like that.* It takes a genuine God to penetrate some of our lives the way He does, too. Jesus "hit the nail on the head" when he said, *"There is a way that seemeth right to a man, but the end thereof is the way of death."* The Great Carpenter teaches us the fine art of living... how to flex the wrist to give the proper blow... to hold the tongue and protect a good name... to give a faithful witness and save a soul... to lose yourself in a cause infinitely bigger than yourself. Go to church Sunday and drive that nail straight and true. *That's penetration!*
