Special senatorial election Saturday

NEW VOTER EDUCATION GROUP—Antonio Gonzales (center) of Lubbock was here Monday night to help LULACs organize a new Mitchell County Voter Registration Education group. Named to hear the group were (left to right) Julian Mendoza, chairperson; Sara Ortiz, co-ordinator; Chris Castillo, treasurer; and Anita Biggers, co-ordinator.

Carriker and Albert seek Farabee's unexpired term

Mitchell County voters are called to the election polls again this Saturday, August 13, to cast ballots in a special 30th Senatorial District election.

The special election was called by Governor Bill Clements, to fill the brief unexpired term of former Senator Ray Farabee, who resigned earlier this year to accept a position with the University of Texas system.

The two candidates who are in the running for the senatorial post are:

Democratic candidate, Steve Carriker, 37, a Roby area farmer, who has served as a State Representative for the past six years, and had been nominated for a new term for that office.

And a Republican candidate, Bobby Albert, 35, a Wichita Falls businessman, who is in the furniture, moving and storage business.

The unexpired term will only be through the end of the year. Election to a new full term will be in the November general election.

In addition to Mitchell, the large district also includes Childress, Floyd, Motley, Cottle, Dickens, King, Kent, Stonewall, Scurry, Fisher, Jones, Shackelford, Callahan, Haskell, Knox, Foard, Hardeman, Willbarger, Baylor, Throckmorton, Young, Archer, Wichita, Clay, Jack, Montague, Cooke, Grayson and part of Denton.

Where to Vote

The polls will be open from 7 a.m. to 7 p.m. at three places in the County:

Prec. #1, #3, #7 will be consolidated into one box at the County Courthouse, with Arlene Morris, presiding judge.

Prec. #2, Westbrook School Tax Office, Douglas Barber, presiding judge.

Prec. #4, Ag Building, Main Street, Loraine, with Neysa Beights, presiding judge.

95 ABSENTEE VOTES

As the deadline passed at 5 p.m. Tuesday, there had been 95 votes cast in the absentee box at the County Clerk's office.

Minorities get voter training

Representatives of Southwest Voter Registration Education Project, Antonio Gonzales and Francisco Gutierrez of Lubbock, were in Colorado City Monday evening for a LULAC meeting on a voter education program for minority groups.

The organization, in operation for the past 14 years, is launching its 1,000th voter registration drive this weekend in San Antonio.

SVREP is one of the oldest programs in the U.S. that works with all minorities to teach how to register, vote and become politically educated to maximize united efforts.

At the meeting, attended by about 24 local people at St. Ann's Church, the Lubbock representatives told the group how SVREP gets minority people registered to vote, filling out voter registration cards and how to cast ballots.

A Mitchell County Voter Registration Education Project was set up with Julian Mendoza as chairperson; Chris Castillo, treasurer; and Sara Ortiz and Anita Biggers, co-ordinators. The co-ordinators plan to attend a training meeting this weekend in San Antonio.

It was pointed out that there are over 90 minority elected officials in West Texas now as compared to only five six years ago.

Council gets audit report

The regular meeting of the City Council of Colorado City Tuesday night consisted mainly of a series of reports and discussions.

Much of the meeting was taken up with the 47-page Audit Report by Auditor Joe Morren. The reported indicated that the City was generally in good financial condition with proper documentation of all expenditures. Main shortcomings noted were the still

6 new teachers hired

The Board of Trustees of Colorado Independent School District accepted six new teachers, two resignations, several reassignments; and bids for milk, bread and gasoline products as the main action of its regular meeting Monday evening.

The new teachers recommended by Dr. Jim Ramsey, superintendent are Delana Grant, elementary teacher; Linda Green, elementary teacher; Paul Randy Jett, history teacher/coach; Kam Jordan, physical education/coach; Paul Drosche, lab science; Phyllis Ramsey, computer literacy teacher; and Jana Glass, second grade.

One of the resignations, the Board was aware of was that of Bill Jefferies, as Kelley Principal. He is going to the Eula ISD. The one that caught the Board by surprise, however, was that of Billy Ray Duncan, who had only recently been hired as head basketball coach. Duncan indicated in his letter of resignation that he wanted to move up to the college ranks.

Chuck Claxton, who had been reassigned from Middle School coach to the high school coaching staff, was named the interim head basketball coach, subject to possible replacement. Mark Merrill will be interim 9th grade football football coach in addition to his regular job at the Middle School.

The Board also approved the previously announced reassignment of Juan Espinoza from classroom teacher to principal at Kelley; and Bobby Lemons' move from Kelley to Hutchinson Elementary as principal.

Milk and milk products bid by Gandy's Dairy was accepted over the bid of the Borden Company. Mrs. Baird's bid for bread products was accepted over Holsum Co.; and the bid for regular and unleaded gasolines by Bill Brookover of Coltex was accepted over Scott Fuels of Sweetwater. Billy Bridgford suggested that the school look into possible conversion of some of the buses to propane since the supply is great and the price half that of gasoline, due to environmental restrictions.

In other business, the Board:

- Approved the student insurance program submitted by National Federation of Student Trust;
- Approved a policy statement

County joins economic development district

The Mitchell County Commissioners Court agreed to participate in the West Central Texas Economic Development District, at its regular meeting Monday afternoon.

Jim Compton of the West Central Texas Council of Governments, Abilene, was on hand to explain that the newly formed district, encouraged by the Economic Development Agency, is a means of organizing and planning and receiving federal funds for projects to help reduce unemployment in most of the 19-counties. Grant funds are currently available to such districts for public works to facilitate new and expanding present businesses; a revolving loan fund for new and old businesses; and grants for local pilot and demonstration projects. The district would provide a full-time field representative to help plan and apply for funds. The EDA would provide $50,000 per year to the district and the first year WCTCOG would contribute $16,667 to the district. Then the year after, local participating members of the district would contribute about $8,333. Cost to the county only would be $245 per year. With participation of the cities, Colorado City's cost would be $145, Loraine $25, Westbrook $8 and Mitchell County $66 per year. The Court approved a

I love coffee. I drink it from the time I get up in the morning until I go to bed. I never did know just why I liked the stuff so much until just recently. There was an article in the *Lubbock Avalanche-Journal* detailing the restoration of Doward drugstore, constructed in 1901 in Gail. A descendent of long-time druggist David Dorward recalled this story:

Gene Dow

"Lorenzo Dow, publisher of the *Borden Citizen*, was dying, a victim of lockjaw resulting from getting his thumb caught in the printing press. The doctor had given up hope and started working with Dow's mother who had gone into shock.

"Druggist Dorward—who as a young boy cooking at a chuck wagon near Tulia had seen a dying cowboy saved with radical treatment—got permission to try any means to save Dow. Like the doctor treating a cowboy shot by another cowboy out on the range, Dorward boiled a pound of coffee into two cups of strong liquid, strained it and injected it intravaneously. Dow not only lived, but went on, as James L. Dow, to edit *The Lubbock Avalanche* in Lubbock."

James L. Dow, was my grandfather, who taught me the early day printing trade, and always cautioned me about the dangers of getting fingers caught in the press. It wasn't long after that incident that he married Lila Dorn, a daughter of the J. M. Dorns, pioneer residents of Mitchell County. So I have coffee in my veins from way back.

Community relations meet delayed a day

The meeting of the Mayor's committee and the committee of concerned minority citizens, appointed to explore ways of improving community relations in Colorado City, scheduled Tuesday, was postponed until Wednesday noon at the City Hall.

Any announcement released from the meeting will be reported in *The Record's* Sunday issue.

Justice Department Conciliation Specialist Richard Sambrano, was to again serve as moderator, as the committees consider an anti-discrimination resolution that had been drafted, as well as guidelines for a citizens advisory committee, that were recommended at the initial meeting of the groups on July 19.

resolution stating it will support the activities of the WCT Economic Development District as a member county. Other counties that have already signed up are Brown, Comanche, Coleman, Taylor, Stephens and Throckmorton, and about six others were being contacted at Monday's Commissioners Court meetings.

Compton also reported that the County would be receiving a packet of information soon on the near future availability of 911 Emergency service, for police, fire and emergency needs. Plans for the utilization of 911 are to be completed by September, 1989 for those desiring the service. Locally the cost would be 50 cents monthly to telephone customers.

Comption reminded the Court that the next WCTCOG Regional meeting for this area is scheduled to be held in Mitchell County on September 15.

Sandra Phillips, executive director of the Loraine Housing Authority, requested by letter that the County waive payment in lieu of taxes (PILOT)for 1985, 1986, 1987, since no funds were available. Tax Assessor-Collector Mike Burt explained to the Court that there are no taxes levied on the HUD housing authorities, but they have previously agreed to contribute funds available at the end of their fiscal years to the various taxing entities. The Court agreed to waive the payment for the past three years.

In other business, the Court:

- Authorized Sheriff Wendell Bryant to seek bids from the two local car dealers for a new Sheriff's car. Bids are to be received by the next regular meeting, Sept. 12, at 2 p.m.
- Authorized Sun Exploration and Pipeline Company to bore under County Road 349 for a pipeline extension.
- Authorized payment of current bills amounting to $109,650.84.
- Approved monthly reports from the various county offices.

The court recessed until 9 a.m. Tuesday to approve the payroll, which amounted to $38,442.77.

The Court is scheduled to meet again Monday for the Budget Hearing; Tuesday to canvass the special election votes; and Friday for the setting of the tax rate.

Commissioner Paul Hunter presided over the meeting in the absence of County Judge Bill Carter. All other members of the Court were present.

unaccomplished handicap access requirements, needed reports for Texas Parks and Wildlife funds available, and the need for a grievance procedures for discrimination claims.

Numerous procedures have been improved over last year, but some adjustments still need to be made in the computer process. He cautioned about new budget amending procedures, which require than any budget changes need to be made before the expenditures, not afterward.

Some of the bottom lines reported were that the City had a balance of funds of $760,000, about $70,000 better than the year before. Total principal debts still owed amounted to approximately $962,000. Total assets of the City amount to about $9.5 million. The auditor urged prompt attempts to collect about $196,000 in receivables.

The Council accepted the Auditor Report for the past fiscal year and approved the auditor's bill for $8,763.35.

Including Morren's bill, the Council approved current vouchers totaling $61,595.44.

In the financial report, City Manager Brenda Hammond reported July revenues in the general funds of $97,957.82 and $86,187.11 in the water and sewer fund. Expenditures during the month were $170,339.84 from the general funds and $76,949.62 from the water and sewer fund. Present balances are $190,989.16 and $139,849.81 respectively.

Approval of the 1988-89 tax rate was on the agenda, but Mayor Jim Baum stated that since the rate has been so complicated by the application of the 1/2% sales tax funds, an over budget collection of property taxes and property value reductions that Mike Burt of the Appraisal District would be called in for the next meeting to explain the procedures before setting the final tax rate.

Mr. and Mrs Huey Jones were scheduled to appear before the council regarding their lot along West Highway 80 and the river, however, they failed to show up. City Attorney Mark Piland indicated that they had been cited for the unsightly scrap iron collection on the property. He said that if the area is considered a junk yard, ordinance requires that it be fenced, if it is not a junk yard then the property is required to be kept clean.

In the City Managers report, Hammond announced that she would be attending a Key Rate School next week and hoped to get information that the City could work toward lowering the Key Rate and thus property owners fire insurance premiums.

She reported, as did most of the council members, that weed problems had been the main complain of citizens in recent weeks.

With the update of the Municipal Codes in progress, a committee composed of Dee Hearn, Bob Reily and Earl Plagens was appointed to work with the City Manager and the City Attorney on this project.

Mayor Jim Baum reported that the Community Relations Committees were scheduled to meet at noon Wednesday to consider a draft of an anti-discrimination resolution, an advisory committee and training offered by the Justice Department.

Council member reports and inquiries included:

Bob Reily indicated that he had been getting a lot of questions, for which, being new on the council, he didn't have the answers. With three new members on the council it was suggested council tours of the City's departments and facilities be made to better acquaint the Council with their operations and procedures.

Councilman Rex Thackerson inquired about the enforcement of the junk car ordinance, proper traffic control in the area of the Sonic drive-in and Hickory Street, and requested all information available on the Key Rate School.

Councilwoman Dee Hearn indicated a need for another meeting of the Capital Improvement Committee to draw up a "wish list" for later block grant application. She also inquired about the status of the cemetery survey and the handicap access remodeling plans.

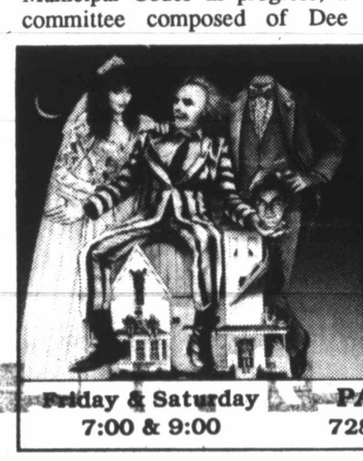

Councilmen Tom Carlock and Howard Nelson were absent. Others present were Chief Bobby Sparks, Gary Parker, Fire Marshall Billy Ray Williamson, Jerry Hammond and Gene Dow.

Two accidents in parking lots

Only two parking lot "fenderbenders" were investigated by Colorado City Police last weekend.

Saturday at the Dairy Queen, a 1976 Mercury sedan driven by Nancy Ann Martinez of Westbrook and a 1982 pickup driven by Henry Scott Fulton of Colorado City were both backing out of parking places and ran into each other.

Sunday at Fuller's Parking Lot, a 1985 Pontiac 2-door driven by Laurie Ann Crow of Colorado City stopped behind a 1981 Chevrolet pickup driven by Stephen Douglas Cook of Colorado, which backed out and hit the Crow car.

Loraine News

Loraine Personals

Doyle and Peggy Chandler of Snyder visited his aunt, Irene Kidd, recently.

* * *

We understand that B. D. Green is home from a Lubbock hospital where he had lung surgery. All reports say he is doing nicely.

* * *

Mrs. E. B. Stewart is in St. Mary's in Lubbock with a heart problem. I am not sure what her treatment consists of. We wish her well.

* * *

Myrl Robertson has moved from the Loraine Senior Citizens complex to Kristi Lee Manor in Colorado City. She is Mrs. Willis Taylor's mother. Hope she likes her new home and I'm sure she will.

* * *

Mr. and Mrs. Richard Read of Big Spring visited his grandfather, Elmer Rainey on Monday. Also visiting was another grandson Mr. and Mrs. Jerry Read and sons of Odessa. Then came Jay Rainey of Coahoma, another grandson.

Mr. Rainey has been ill for three weeks and doesn't feel much better at this time.

* * *

Jack and Reba Mayes of Dallas are in town visiting his sisters Hazel Pratt, Mary Coffee, Jennie Hallmark and Mattie Neely. Also a nephew and wife Doyle and Liz Mayes. They were guests at the Senior Citizens noon meal on Monday.

* * *

The Stanley Moore family and the Robert Dale Finley's recently vacationed on Lake Buchanan. Haven't talked to them so I don't know what their fish stories are.

* * *

W. R. Bowlin and his daughter Faye Gottschalk of Snyder visited Earl and Lois Phillips on Friday night. We enjoyed their visit a lot. Mr. Bowlin and Earl worked together for a number of years when they were much younger.

* * *

Pauline Smiley spent last week in Odessa keeping her great-granddaughter Ashley Henderson. She is the daughter of Brad and Pennie Henderson.

* * *

Audie Boyd is doing better we hear. Hope he continues to improve.

* * *

Donald and Clay Graham and their sister Ann Browning went to Mississippi last week to attend a family reunion. When they arrived they learned that a cousin Douglas Graham had suffered a heart attack and died while waiting for the Texas delegation to arrive. Mr. Graham's funeral was on Sunday. Clay, Ann and Donald returned home yesterday.

* * *

Pam Butler and her children Dawn, Chrystal and Bryan visited her parents Mr. and Mrs. Marion Hughes on their ranch near Carlsbad, New Mexico. They attended the Cowboy Camp Meeting while there. The camp meeting is an annual affair sponsored by Mr. Hughes and his brother.

* * *

Bear Cooper, I read about your ball game in the paper. It seems you did real well and maybe next year you guys can win. We are happy that you went as far as you did.

* * *

Rev. Rick Alkire, Debbie and the boys are in Seattle, Washington visiting Debbie's family. I am sure they are having fun.

* * *

Last week we brought Ruth Hildebrand home from the hospital, but she didn't do so well at home so she had to go back over there. Ruth, we hope you will soon be well again.

* * *

Kenneth and Juanice Butler met their daughter and grandson in Comanche on Saturday and brought them home with them. Monday, Mr. and Mrs. E. B. Irwin came and brought their grandson Scott a pickup. It was one Mr. Irwin has had a few years but Scott wanted it real bad. On Tuesday morning Scott left Loraine driving his mother Sue Irwin back to Houston in his pickup.

The elder Irwins are from Eunice, New Mexico. Sue and her family live in Houston.

* * *

On Monday, Pam Butler and children, Mr. and Mrs. Irwin, Sue and Scott Irwin all ate lunch with Kenneth and Juanice. In the afternoon Homer and Gladys Hart and Syble Walker came to visit.

* * *

Spending last weekend with Veda and Ralph Gage were Dub and Faye Murphy, Jewel Brogbon and Frances Tschirgi all of Plainview. Yes, that last name is spelled correctly, now you pronounce it however you like.

* * *

Bob and Wanza Graham came home yesterday after spending a week in Hawaii. They went with their daughter and her family, Mike, Glenda Hemphill and girls. I hear they had a real good time.

* * *

Last week I lost my concentration again and forgot to complete Annie Bell's name. Everyone knows she was married to Troy Jones for a number of years. I just forgot to say so and I am very sorry. Troy may have been small in stature, but he was a giant among men in every way it counted.

He was a fine husband and father, a worker in his town, on the fire department and many, many other ways. We had no intention of overlooking him. Besides he was our friend. He also served on the city council at various times.

* * *

I read several things in the paper about people helping at the softball tournament and other things. A lot of thank yous were written which is nice but there comes a time in all our lives we should be "giving back," which simply means paying back favors people did for us as we were growing up. I know of no better place to start than at the ball park. Adult or kids games someone must do the work. I know lots of people who "give back" every year. I am sure you guys were all give out after your weekend's work but I am sure you liked yourselves a little better for having done your share in helping raise funds for the less fortunate. I like to read about people like you. We have a bunch of people in our town who enjoyed "paying back."

* * *

We, in Loraine are glad to know that Dale Mathis is doing as well as he is. Our prayers are that God will bless and take care of Dale and his family.

More on Annie Bell Jones' trip to Savanah

A little more about Annie Belle Jones' trip to Savannah, Georgia.

There are creeks that branch out from the Savannah River and Atlantic Ocean that forms some islands. One is Wilmington of which is most newly developed, that is where Bill and Barbara built their two story home.

The island has a population of eight thousand but under the Savannah government. The Wilmington United Methodist Church where the Longs are active members has a large attendance.

They have two morning services. The Longs and Annie Belle attended the 9:30 a.m. service July 24. On July 31, they attended the 11 a.m. services. Charles L. Dinnis minister and conference evangelist from his home church, the United Methodist in Columbus, Georgia brought the sermon in song.

Annie Bell brought back some sand dollars when the Atlantic tide goes out they can be found on the beach. The sand dollar or Holy Ghost shell is the most unusual specimens of marine life.

The markings on the shell symbolize the birth, crucifixion and resurrection of Christ.

On the top side of the shell, an outline of the Easter Lily is clearly seen. At the center of the Lily is a five pointed star representing the Star of Bethlehem.

BOYS' BASKETBALL

New coach resigns

Billy Ray Duncan, just recently hired to replace Mike Hart as head boys basketball coach at Colorado High School, is moving on without ever having coached one Wolf.

Duncan, who gave three major reasons in an interview Tuesday afternoon, submitted a letter of resignation Monday night.

"I'm making $4600 less here and my contract is tied to Ramsey's(athletic director Tom Ramsey)," said Duncan. "This school is not set up for a basketball program and I have found a better opportunity."

Duncan describes himself as a person who speaks his mind, admits to it and adds that the situation in Colorado City was not the most receptive of his coaching career-one deep in success.

Duncan found CHS deeply entrenched in football mania and doesn't think basketball and other sports receive equal opportunities.

"After being here three weeks I've learned that it would not be advantageous for my career to stay here," said Duncan. "There's nothing in the budget for basketball and I don't have the leeway to build a basketball program here. It's a football town."

"Everywhere I go I here 'That's the way it is' or 'That's the way it' always been.' That kills me. It's wrong. It's 1988 folks not 1958."

"Coach Ramsey is a very nice and smart guy and I thought it would be nice to work with him but this school is not accomodated to basketball. You can tell there's never been an emphasis put on basketball."

"I was never mislead. It's just a decision I have to make. The only person that's going to take care of me is me. It wouldn't be a positive step in my career to stay here."

Duncan is mostly disturbed by his schedule. Duncan said in other Texas school he has coached at he had both pre-season and off-season basketball classes in which to work his players. Here in Colorado City he would have to work with football, basketball and track instead of having a seventh period basketball class year round. He said most other coaches here don't have the responsibility of helping in two other sports while they're in season.

"The facilities (The Pit) are very inadequate," said Duncan "It could be made into the nices facility around-like the footbal stadium is. It could be a show piece."

"The locker room doesn't have lockers. It's the worst facility in the system.' It should be an eyesore. People have grown up as football being kingpin around here. Kids should be given opportunities in the things they want or are good at. I'm tired of hearing 'That's the way it is'. If that's the case the town is 20 years behind."

"It's a shame because I thought

Duncan

From page 6

this place had possibilities," said Duncan. "I'm not mad at Tom or anyone. He's always been up front and has been overly nice and fair. This is just my opinion. This job was the first one in which I didn't even get interviewed by the school board. I think they just didn't care and I felt I had not control over the situation."

"I appreciate Tom and Dr. Ramsey the superintendent letting me out of my contract for a chance at an advancement professionally. I didn't know my contract was to be tied to his."

"They're dropping the tax rate. They don't seem to be interested in raising the pay level and upgrading the program."

"Nobody wants to talk about basketball. They are all knowledgable about football. Last year 16000 more people watched the basketball championship than the football final. Colorado City has to do a lot of restructuring if they want a balanced program.

"The coaches were really sincere in trying to help me with football. They're sincere and dedicated to football. I understand that but I feel that way about basketball. Kids should be given opportunities in any sport they might be interested in but that's not the way it is here in good ol Colorado City."

"If that's the way it is here it's not for me. They have to get the people and let them work. I think they're cheating the kids."

NOTICE OF PUBLIC HEARING ON TAX INCREASE

The Westbrook ISD will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in 1987 by 19.7 percent. Your individual taxes may increase or decrease, depending on the change in the taxable value of your property in relation to the change in the taxable value of all other property.

The public hearing will be held on August 22, 1988 at 8:00 p.m. at Westbrook School.

FOR the proposal: Donnie Hale, Warren Zant, Sam Oden, William Conaway

AGAINST the proposal: Lee Roy Miller, Jr., Cleburne Rich

PRESENT and not voting:

ABSENT: Wyndell Inman

The statement above shows the percentage increase the proposed rate represents over the effective tax rate that the unit published on August 7, 1988. The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

	LAST YEAR	THIS YEAR
Average home value	$17,260.00	$16,400.00
General exemptions available (amount available on the average home, not including senior citizen's or disabled person's exemption)	$5,180.00	$3,280.00
Average taxable value	$7,080.00	$8,120.00
Tax Rate	$0.60/100	$0.70/100
Tax	$42.48	$56.84

Under this proposal taxes on the average home would increase by $14.36 or 33percent compared with last year's taxes.

Comparing tax rates without adjusting for changes in property value, the tax rate would increase by $0.10 per $100 of taxable value or 19.7 percent compared to last year's tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

Grandparents Day scheduled September 11

Texas's observation of National Grandparents Day will be held Sunday, September 11.

As in the past two years, commemorative certificates inscribed "An Outstanding Grandparent" and signed by Gov. William Clements and Texas Department on Aging Executive Director O. P. (Bob) Bobbitt will be available free from TDoA.

A space is also provided where those giving the certificates can inscribe the name of the honoree.

Requests of any reasonable quantity can be filled. In order to assure that your certificate(s) arrive in time, send a written request before August 30 to: Grandparents Certificates, Texas Department on Aging, P.O. Box 12786, Capitol Station, Austin, TX 78711.

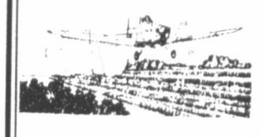

No phone orders -- other than from area agencies on aging and other aging network affiliates -- will be taken. Please allow at least 2-3 weeks for delivery.
