### Stock Judges Of Tech Work On Rotarians

#### ALL ROOM TURNS TO JUDGING RING

The main ball room of Hotel Lubbock was turned into a stock ring at noon today while some of the most solemn of the city's business and professional leaders threw dignity aside when members of the crack stock judging team from Texas Tech rendered their opinions on a "class" of Rotarians. The occasion was the regular weekly luncheon session of the civic club and there was plenty of fun, even for the principals. Led by their coach, Prof. Ray Mowery, of the department of animal husbandry at the college, the stock judges summoned Dean J. M. Gordon, W. H. Meador, J. A. Raley and Hubert Allen as members of "the class" to be judged, and from then on the fun was its height.

The judges, Vaughn Corley, Curtis Grimes and John Burroughs, "judged" the "class" from standpoints of age, football material, meat and action. Dr. Gordon was adjudged first in "age and meat"; Mr. Meador first in "football material" and Mr. Allen first in "action". The latter department was judged as the "class" was walked and trotted about the banquet hall.

Mowery Tells of Plans Following the "judging". Professor Mowery, who has coached the Tech team to an enviable record since the collapse of the southwest, told of his plans to take the boys to Chicago for

#### MURPHY PRESIDENT IS TO OPPOSE SMITH IN ADDRESS

In connection with a political speaking tour over this section in opposition to the candidacy of Gov. Alfred E. Smith for president, Dr. J. W. Hunt, president of McMurry college at Abilene will speak at a rally in the 9th district courtroom at 7:30 o'clock tonight. He is expected to arrive in the city on the afternoon train.

### Grand Jury Probe Into Sunday Shows

TEKARKANA, Ark., Oct. 31. (AP)—A grand jury investigation on Sunday morning pictures in Texarkana began here today.

### Bootleg Liquors May Be Medicinal

AUSTIN, Oct. 31. (AP)—Because a trial court would not admit testimony that a pint of intoxicating liquor sold by the defendant was for sick woman, the court of criminal appeals today reversed and remanded one year for selling intoxicating liquor.

### ZEPPELIN SOARS ACROSS NORTHERN FRANCE

#### CRAFT MAKES FAST TIME ON RETURN JAUNT

#### EXPECTS TO REACH ITS GERMAN HOME PORT SOMETIME TODAY

LE BOURGET, France, Oct. 31. (AP)—The dirigible Graf Zeppelin informed Le Bourget flying field late today that she expected to strike the French coast in the vicinity of Nantes about 7 P. M., Greenwich time (1 P. M. Eastern Standard time).

A slow drizzling rain fell in Lubbock throughout the morning, bringing another halt to cotton picking and holding the thermometer around the forty mark. The rainfall up until noon today was unofficially estimated at one-half of an inch.

Leadens skies overhead this afternoon gave indication of additional moisture although the downpour stopped at noon.

The early morning temperature hovered around forty, rising slightly during the day. The forecast for tonight shows continued showers and cloudy weather.

### Message Says Craft Over Biscay Bay

LONDON, Oct. 31. (AP)—The British air ministry announced today that a message had been picked up from the Graf Zeppelin indicating that the airship was over the Bay of Biscay at 11:21 a. m., Greenwich Meridian Time (6:21 a. m., Eastern Standard Time).

After buffeting headwinds and then sailing along at an increased speed with favorable winds in her wake, the dirigible was completing the first round trip crossing of the Atlantic by air. Experts at Friedrichshafen, Germany, expected the airship to arrive at her hangar by tonight.

### "Whopper" Wolves Caught By Trapper

PORT WORTH, Oct. 31. (AP)—J. M. Butler, government wolf trapper here, not only catches big wolves, but he trots them up to the courthouse occasionally to exhibit before the county "fathers."

Butler walked into the courthouse yesterday with a 60 pound red female wolf he trapped the night before on the Cass Edwards Ranch southwest of the city. Commissioner Wright declared it was the largest he had ever seen.

Butler has trapped three wolves in less than a month as part of the cooperative plan of the county and national governments.

### Man Who Swindled Million Sentenced

ST. LOUIS, Oct. 31. (AP)—A high pressure financial career was ended here today when David "Purity" Jones, laundry machinery manufacturer, pleaded guilty of using the mails to defraud creditors of \$1,000,000 and was sentenced in federal court to serve three years in the federal penitentiary at Leavenworth, Kas.

### Speed Selection Of McDonald Jury

PARIS, Oct. 31. (AP)—Attorneys for contestants continued to indicate that their contest of the will of the late W. J. McDonald, by which he bequeathed \$1,250,000 to the University of Texas, would be based on "insane delusions" in their interrogation of prospective jurors here today.

### WAITED IN VAIN

When Lieutenant Commander H. C. McDonald hopped off from Newfoundland in a tiny plane, bent on flying home to London, his wife and son, Ian, pictured here, kept a long and hopeful vigil. Ian is shown calling a wireless station for news of his flying father. But the only reports indicated that another name had been added to the list of ocean tragedies.

#### BOND ELECTION SET FOR FIRST OF DECEMBER

#### AGITATION FOR BETTER HIGHWAYS REACHES DEFINITE POINT

Starting several years ago, the agitation for county-wide paved highways yesterday assumed definite proportion with the calling of a bond election of \$2,000,000 by the Lubbock county commissioners to finance the proposed paving and hardsurfacing program. December 1 was set as the election date.

This decision by the commissioners, who were meeting in business session at the call of Judge Charles Nordyke, followed the presentation of a petition containing about 800 names to the commissioners court by the Lubbock County Good Roads association. The petition set forth the proposed expenditures of each unit of the highways under consideration for hard surfacing and asked for a bond election.

The vote of the commissioners was unanimous for calling the election. Motion to this effect was made by Commissioner W. L. Braisher, of Precinct three and was seconded by L. C. Pinkston, of Precinct two, and N. A. Payne, of Precinct one. Judge Nordyke presided at the meeting.

Having the largest circulation of any paper of the county, the Sunday Avalanche-Journal was designated as the official publication of the election notice.

### BREAD WILL BE LECTURE TOPIC IN AFTERNOON

#### CHOICE ASSORTMENT OF TASTY DISHES TO BE PREPARED

Mrs. Myra Oliver Dougan is passing a savory array of rolls and bread loaves before her audience this afternoon in third lecture of the Avalanche-Journal's free cooking school. Quick and yeast breads with attractive variations are being demonstrated in the afternoon lesson, which is conducted in the Uptown Dance Palace.

Mrs. Dougan, a nationally known domestic science expert is conducting this school, the sixth annual exposition that the Avalanche and Journal has sponsored, and is drawing increasingly large crowds of women to the halls this week in spite of the extremely inclement weather.

### El Paso Society Matron Is Killed

EL PASO, Oct. 31. (AP)—A young El Paso society matron was killed and three other persons were injured last night when an automobile in which they were going to a club dance at West Ysela skidded on a turn and crashed into a power line pole.

### Heart Attack Is Fatal For Hudnut

NICE, France, Oct. 31. (AP)—Richard Hudnut, 66, former New York druggist who became a millionaire through the manufacture of perfume, is dead at Chateau Juan at Juan Les Pins, a resort near Nice.

#### SQUARE LOCATION DONATED BY COUNTY GETS FAVOR OF U. S. TREASURY HEADS AT CAPITOL

The government yesterday accepted the southeast corner of the courthouse square as a building site for the new Federal court building to be constructed here, according to advices received from Washington this morning.

A Washington dispatch stated that the acceptance was for \$1. This site was recommended to the Treasury Department of the government by H. G. Richey, government engineer, who was here several weeks ago in connection with an inspection of the various sites offered. The site, which measures 210 by 170 and faces Broadway and Avenue G, was offered by County Judge Charles Nordyke and the Lubbock county commissioners.

The courthouse site was selected over two other bids. One was from the city of Lubbock near the city hall for \$1 and the other by individual owners on Texas Avenue at a cost of \$3,000.

### Downpour Halts Cotton Harvest

Cotton picking activities halted the first of the week because of the cool wet weather came to a complete stop today with the additional downpour of rain.

R. F. Nelson, federal farm employment bureau agent here, said that the muddy roads have necessitated a halt to the incoming horde of cotton pickers headed in this direction. He stated that many other pickers could be used in the South Plains as soon as the weather dries up enough to permit picking to be resumed.

### Denver Trains Start Rolling November 24th

DENVER, Colo., Oct. 31. (AP)—Formal opening of the 207 miles of new track of a subsidiary road of the Colorado and South Plains railroad in the South Plains of Texas on November 24, was announced here last night by Frank E. Clarity, vice president and general manager of the Denver and South Plains railroad, the subsidiary.

### General Motors Hints Big Melon

NEW YORK, Oct. 31. (AP)—Alfred P. Sloan, Jr., president of the General Motors Corporation, on his return from Europe today said stockholders would receive "something of a pleasant surprise" at the directors meeting Nov. 8. He refused to comment further on what action the directors would take, but Wall Street expects a melon in the form of a stock dividend.

# RAIN HALTS BAND WAGON

### INCLEMENT WEATHER IS CAUSE OF SPEECHES BEING CANCELLED

Old and trip worn as a result of an intensive campaign, the Democratic Band Wagon today for the third consecutive day was forced to remain in its shed because of the inclement weather. Political rallies scheduled at Foster, Carlisle, Canyon, Caldwell, and Center were cancelled when the rain began this morning.

The rally in which the whole band wagon was to make its appearance at Southland tomorrow night also has been cancelled because of the muddy roads.

Others cancelled  
Other speaking cancelled this week were to be held at: Monroe, Wolfarth, McClung, Hardy, Acuff, Woodrow, New Hope and Grovesville.

If the weather will permit the scheduled rallies at Crosbyton and Ralls Saturday afternoon and night will be held. Jess C. Levens, secretary of the South Plains Democratic club, said this morning. Plans are now being made for the final home-coming political rally to be held in the 99th district court room here next Monday night, the eve of the election. The last appeal for votes of this campaign will be made at the rally.

Just Like An Ostrich  
A medical authority says that a person who tries to cover up skin blemishes and pimples with toilet creams and powders is just as foolish as an ostrich that buries its head in the sand to avoid danger. Skin eruptions are nature's warning that constipation is throwing poisons into your blood stream and weakening your whole constitution. Remove the constipated condition and you will strengthen your system against disease and clear up your disfigured skin. The best way to do this is with a course of Hartlo's, the vegetable medicine that acts naturally and easily, which you can get at Lubbock Drug Company.

# HERO REWARDED

### Surviving Member Of Travis Rifles Is Accorded Job

AUSTIN, Oct. 31.—Colonel Henry L. Haynes of Austin, one of four surviving members of the Travis Rifles, which, in reconstruction days, gave armed protection of the democratic legislature, has been appointed Confederate pension clerk in the comptroller's department by S. H. Terrell, state comptroller, the latter announced today.

Colonel Haynes, who was receiving clerk in the state treasury for 23 years and for many years commissioner of finance in the city administration, succeeds J. H. Taylor, who has been made head of the sheriff's division of the department.

The Travis Rifles was an Austin militia company, which took a hand in ending the so-called "carpetbag" administration of Governor E. J. Davis. It was recalled by Colonel Haynes that his organization of 84 men took possession of the second floor of the state capitol in opposition to a garrison of 400 negroes of Governor Davis' state police in the basement of the building, and guarded the democratic legislature's session.

The picturesque old soldier issued an appeal today to Confederate veterans and their widows to vote for all the democratic nominees in next Tuesday's election.

### \$40,000 IN JEWELRY IS SEIZED IN SERIES OF BURGLARIES

(By Associated Press)  
CHICAGO, Oct. 31 (AP)—Jewelry valued at more than \$40,000 was seized by armed men in three robberies last night, and three women were kidnaped for several hours in one of the holdups.

A masked man entered the home of Irena Warshawsky in Wilmette, north shore suburb, and took guns valued at more than \$25,000. Mr. and Mrs. Warshawsky were made to lie face downward as the robber ransacked the house.

On the far South Side four men stole \$18,000 worth of gems. The robbers commanded Mrs. George Levey's car and took the jewelry

# Provide Stilts To Replace Scaffolds

TORONTO, Ont., Oct. 31 (AP)—A firm of Toronto contractors has provided six foot stilts for its workmen to eliminate the need of scaffolding in building operations.

Two workmen refused to use the stilts and reported to officials of the United Brotherhood of Carpen-

ters and Joiners that they lost their jobs as a result.

The Building Trades Council is investigating to discover whether the use of stilts would be a contraven-

tion of city or provincial statutes. Phone that want ad now, just call 13 or 14.

TRACE OF ANCIENT RACE FOUND

MINNESOTA EDUCATOR GIVES EVIDENCE OF PEOPLE ONCE LIVING IN NEW MEXICO

(By Associated Press) MINNEAPOLIS, Oct. 31.—Evidence of the history of a race which lived in the Mimbres Valley in New Mexico centuries ago, and which, as far as the evidence shows, apparently vanished about 700 years ago, was given by Dr. Albert E. Jenks, chairman of the Department of Anthropology at the University of Minnesota in a lecture at the Minneapolis Institute of Arts last night.

Dr. Jenks reported to the Institute on the findings of his expedition into the Mimbres Valley last summer and which he headed. The mysterious race studied is estimated to have lived in the valley from about the time of Christ until about 700 years ago.

Dr. Jenks told of the finding of beautiful pieces of pottery of strange design, of stone and adobe houses, built one layer upon another; of fire places built in the floors of houses and of peculiar burial customs.

## Glowing Color Enlivens Outlook For Winter Fashions

Left to right, Mrs. Ira Richardson, Mrs. Reginald V. Hiscoe, Mrs. Preston Davis and Mrs. George U. Harris.

BY BETSY SCHUYLER  
NEA Service Writer

NEW YORK, Oct. 31.—There's sunshine on the darkest days now, thanks to the ruddy glowing color that has surged over outdoor clothes.

It seems only yesterday that the smart women wore the entire black costume for shopping. Now bright red, such clear colors and happy and the vivid blues are by far in the majority. It like it, for one. Other must, too, because the whole avenue looks happier for color.

Tweeds for football games seem authentic by now. Mrs. Cornelia V. Whitney, with her husband, "Sonny" Whitney, looked tremendously chic in a very light and soft beige and grey suit. Circular skirt, cardigan jacket, sports hat, purse and shoes were all of the same her ringbone patterned tweed, and her jersey jumper had bands on it. W. such clear colors and happy and she needed no decorative note to her costume.

## Ghost Party Given Tuesday Evening By Epworth League Has Large Attendance

Basement rooms in the First Methodist church were attractive with Halloween lanterns, corn stalks and other such decorations Tuesday evening for a Senior Epworth League social. Mary Lizzie Belle Clements and a group of helpers in charge, diversions were enjoyed through the evening and confections were served. Mrs. H. W. Richardson assisted with the entertainment.

There was a grand march participated in by those in costume.

Those who registered at this affair were the following:

Christine Price, Geneva Harper, Johnny Bee Richards, Evelyn Scovel, H. T. ## Living and Loving

BY MISS VIRGINIA LEE

### COMPOSED OF ALIEN RACES AMERICA SNUBS 'FOREIGNERS'

"Isn't it odd that America, the 'land of the free,' composed of members of many alien races, is the most snobbish of all the peoples of earth? 'Foreigner' is a term of reproach with us, and yet, pray what are we all? Our 'oldest families' date back but a few generations.

"Dear Mrs. Lee: Will you kindly advise me what you think of three 21 years old and in love with a boy three years older. I am German and he is French-Italian. My dad don't care to have me go with him because he is Italian. I have been going with him for almost three years. Mrs. Lee would you advise a German girl to marry an Italian boy? WONDERING BOBBLES."

I would advise a German girl, or a girl of any other nationality, to marry a man she can love and honor, regardless of his nationality. We are all Americans, you know. Character counts, nothing else.

"My Dear Mrs. Lee: I have been going with a fellow for about a year and a half until just lately. He thinks I new love another fellow and tells my girl friend that I don't love him any more. Now he goes out with a girl whose reputation is anything but good. How may I win his love and confidence again? Would it injure my reputation any to go with him, after he has been going with this other girl?"

It sounds a bit peculiar that he has given you up and is going with another girl because he thinks you love another, but if it is true, and you know he still likes you, there is no harm in writing him and telling him so. Be sure it is so, however. No, your reputation would not be harmed by going with him again.

"Dear Mrs. Lee: I have been writing to a young man who lives in a distant city. He wants to marry this month. I won't marry for seducement. I am a virgin. I am too young to marry now. He said we could keep on writing until spring. Then he would motor out here and see me. If I wanted to marry then I could do so. Please advise me. Answer soon. LONESOME H. C."

You don't say how old you are. I think I would do as he says. Continue corresponding until spring, then when he comes to see you you can talk the matter over your parents.

Lonesome M.: Yes, indeed, people do write in again quite often, and I am always glad to have them do so. Yours certainly is a puzzling case. I wish you could move away from the town and start afresh, making friends away from the first wife's influence. That would simplify your problem. Isn't there one person of influence in the town that you could confide in who could take your part and be your friend? If just one such person could be found, others would follow their example. Write me again, and maybe between us we will be able to work something out. It is, as you say, hard for me to understand such a condition.

### Bridge Affair Is Given Last Night

Mr. and Mrs. B. Hurd Jones, who live at 1516 Avenue M, were guests of hosts to a group of friends Tuesday evening with a bridge party in their home. Elaborate Halloween decorations were used throughout the house and favors with the refreshments were in the form of black cat heads perched on pop corn balls.

Fie with whipped cream and hot chocolate and the pop corn balls were served.

In bridge games Mrs. Ross McWhorter and Amos Howard scored high and consolation favors went to Mrs. Carl Roberts and Frank Quinn.

Guests were Messrs. and Mesdames Veltan Spikes, Harold H. Griffith, Guy L. McAfee, Louis Quillen, A. M. Jones, Carl Roberts, John Jarrott, Frank Wynn, B. C. Dickinson, Frank Jones, Lawrence

### Forty - Two Society Has Party

The home of Mr. and Mrs. R. L. Goad on 8th street was the scene of gaieties last evening when members of the Jolly Dozen Forty-Two club and their husbands gathered there for a Halloween party.

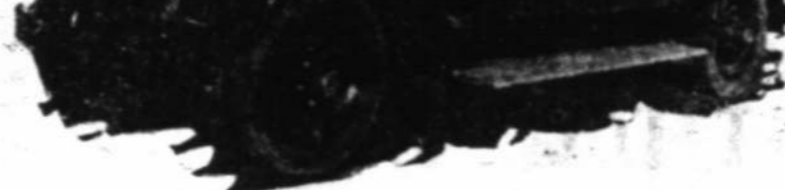

Guests met guests at the door and conducted them into the house, which was decorated for the occasion. Some Halloween games were played before the group unmasked and later forty-two was played.

Those attending were Messrs. and Mesdames J. M. Denman, Fraider McCrummen, G. W. Scott, J. G. Biffle, J. M. Bishop, E. M. Smith, Mrs. J. W. Branch, H. J. Branch, Cecil McLaury, Mrs. W. H. Trice, Mrs. Frank Griffith, Mrs. W. A. Childers, Mrs. H. G. Branch and Mrs. Ed Allen. Pumpkin pie was served with whipped cream and coffee.

### Mrs. R. D. Erwin is expecting as her guest her mother, Mrs. C. A. Sanford, of Sherman. Mrs. Sanford is coming here from Denver and will visit her daughter at 2221 14th street for some time.

Miss Margaret Karnes is expected to arrive today from Montecito, Calif., for a visit in the home of her cousin, Mrs. Hubert L. Allen, at 2122 17th street.

We believe in rendering an honest service and full value, no matter how expensive or how modest the total outlay may be. This means that we are no respecter of persons, but honestly strive to serve all classes with that degree of satisfaction which alone is deserving of renewed patronage.

## ARTISTS WILL COME TO TECH

### FAMOUS VIOLINIST TO BE HERE NEXT WEEK; SOUSA COMES SOON

Eddy Brown, internationally famous violinist, and members of his string quartet, will be in Lubbock on the night of Wednesday, Nov. 7th and will feature a number of the Tech college artists' course here. Prof. F. Y. Robnett announced today. Professor Robnett is a member of the college committee in charge of the artists' group.

Mr. Brown and the quartet will offer their program in the gymnasium of the college. Both are well recommended, Mr. Robnett reports.

### Plan Reception For Band Leader

Both faculty members and the student body at Texas Technological college are already preparing for the approaching hearing of John Philip Sousa and his band and plans are being laid to make the event as great a one as it should be. E. W. Provence, college business manager, said today.

The famous bandmaster, who bears the rank of a lieutenant-commander in the United States Navy, and who is known all over the world as the greatest bandmaster of all time, will present his musicians in a number of cities in West Texas this year.

Sousa will come to Lubbock on November 14th, coming from Amarillo where he has an engagement for the night before. He is billed to appear in Brownwood on November 16.

NEW YORK TRADING
NEW YORK, Oct. 31 (AP)—The cotton market opened steady at an advance of 8 to 12 points on reports of solid rains in the south and a late rally in Liverpool. January sold up 19.64 shortly after the opening.

NEW ORLEANS TRADING
NEW ORLEANS, Oct. 31 (AP)—The cotton market was firm in early trading due to unfavorable weather prospects and prices advanced practically \$1 a bale from yesterday's close.

points and demand continued aggressive due to prospects for unfavorable weather including rain in the western belt and a cold wave in the far Northwest which traders feared would move down on the cotton region. Reports of a tropical storm in the Northwest Caribbean also helped the advance which carried December to 18.83, January and March 18.90, or 19 to 20 points net up.

Towards the end of the first hour the advance met some profit-taking and prices eased off 7 to 9 points from the top. The market continued to decline as the day progressed under selling promoted by expectations of large private crop estimates and evening up of commitments for over tomorrow's holiday here. The favorable weekly weather and crop summary added to the weakness and before offerings were absorbed December sold down to 18.60, January 18.62 and March 18.60, or 29 to 30 points under the highs and 9 to 10 points below yesterday's close.

At noon the market was barely steady and at or near the lows.

Doctors Disagree

When children are irritable and peevish, grind their teeth and sleep restlessly, have capricious pains and disturbances, lack of appetite, and have itching eyes, nose and fingers, doctors will not always agree that they are suffering from worms. Many mothers, too, will not believe that their carefully brought up children can have worms. The fact remains that these symptoms will yield, in a great majority of cases, to a few doses of White's Green Vermifuge, the sure expellant of round and pin worms. If your child has any of these symptoms, try this harmless, "old fashioned remedy," which you can get at 35c per bottle from Lubbock Drug Company.

# HILL BILLIE GAME SET FOR FRIDAY; RAIN HALTS PRACTICE

## WESTERNERS DEFEY WEATHER MAN AND CONTINUE WORKOUTS

### MATADORS ARE HAMPERED BY BAD WEATHER

#### SQUAD READY TO PLAY WITH EXCEPTION OF DOC BARFOOT, END

Facing the Daniel Baker Hill Billies a day earlier than they were originally scheduled, the Tech Matadors will have only this afternoon left in which to get their final tuning for the clash with the T. I. A. A. eleven. By request of the Brownwood authorities, the tilt was moved up to Friday. This will force the Tech gridsters to leave here at the same time with only two days of light training behind them.

Incllement weather has slowed up the Matadors practice to a minimum degree this week and from indications today the field will be too soggy for a final workout this afternoon. If it is at all possible, the squad will take the field to work on the plays expected to be used by the Hill Billies. Coach Higginbotham has been drilling his Freshmen eleven on the Daniel Baker formations, and the varsity had hoped to learn more about these in their last session today.

Barfoot is Out

With one possible exception, Coaches Freeland and Payne will have their full strength to send against the Hillies Friday. Doc Barfoot, end, is likely to see the same from the sidelines, but Payne has a number of capable wingmen upon whom he can call. In Vincent Payne, Hempel, Lockhart and Tadlock the Matadors have a quartet of extreme guardians who can hold their own with the best.

Reserve strength will be plentiful in the Tech forward wall. With Westerfell and Vermillion once more in playing condition, Coach Freeland has a half dozen huskies to fill the tackle positions. It was uncertain this morning who would start the Daniel Baker game at the tackle posts. Reed and DeWitt are almost certain to get the call at guards and Corley is the probable starter at center.

In spite of the weather handicap, the Matadors are prepared to flash a varied running and passing attack against the Hill Billies in the game Friday. New formations as well as continued drill on the old plays have received a large part of the gridsters' attention this week.

### CAGE LOOP TO BE ORGANIZED THIS THURSDAY

#### TEN TEAMS ALREADY ENTERED FOR ORGANIZATION

Organization of the City Basketball league which was started Monday night will be completed Thursday night when representatives from a dozen or more teams meet in the auditorium of the Lubbock Business college to arrange a schedule and formulate the constitution and by-laws of the organization. Six men's teams and four women's teams are already in the league and more are expected to enter at the next meeting.

Del Morgan, Lubbock high school basketball coach, was elected president of the league and Mrs. Thomas was elected secretary-treasurer early this week when the organization first met to formulate plans for the season. A board of arbitrators will be selected in the meeting Thursday night at which time three more teams are expected to be admitted.

The six men's teams already organized are Montgomery Ward, Super Service station, Lubbock Business college, National Guard, City Teachers and the Wholesalers. Hemphill, Walls will likely furnish the seventh club and an eighth team composed of ten players from various business concerns is being organized. This last named team will be known as the town team.

Present plans call for six women's teams in the league. The two local hospitals, the Lubbock sanitarium and West Texas hospital, have not yet entered but are expected at the meeting Thursday night. Four women's teams already organized are: Myrick building, Montgomery Ward, Lubbock Business college and the Bell Telephone company.

Teams who want a place in the league may yet be admitted, the authorities pointed out this morning. Final arrangements will be made Thursday night and after that time no new member will be admitted.

### Sweetwater Plays Big Spring Friday

BIG SPRING, Oct. 31—One of the hottest contested games of the football season will be played here Friday when the Big Spring Steers meet the Sweetwater Mustangs. This game promises to be one of the hardest ones of the season and the Steers will have to use every ounce of scrap if they hold the Mustangs.

## BOXING GAME FACES SLUMP WITH NO BOX-OFFICE AID SEEN-FARRELL

### TRIPLE-THREATER

One of the new triple-threat sensations of the football season is this fellow Porter Linnhart, crack sophomore halfback of the State College of Washington, at Pullman, Wash. He's a fine ball carrier, a good punter and is great running interference.

### PENALTIES! HERE THEY ARE SO LOOK 'EM OVER

- NEW YORK, Oct. 31.—Wonder what the penalty is for?
- How often do you hear that question asked, perhaps even ask it yourself of your neighbor during a football game? Plenty, unless you're well acquainted with the football rules, the penalties and causes thereof.
- Here are the principal penalties made during a football game:
- Five Yards: Failure to report to referee. Offside at kickoff, at scrimmage, at free kick.
  - Player out of bounds.
  - Player taking more than two steps after free catch.
  - Unreasonable delay.
  - Holding by defensive side.
  - Running into kicker.
  - Crawling.
  - Fifteen Yards: Substituting communicating before ball is put in play.
  - Failure to stop one full second on shift plays.
  - Interference fifth fair catch.
  - Holding by offensive side.
  - Intentionally throwing ball to ground to make an incomplete forward pass.
  - "Roughing" kicker.
  - Piling up, hurling, tripping, or tackling out of bounds.
  - Twenty-five Yards: Team delaying start of game.
  - Team delaying start of second half.
  - Clipping.
  - Loss of Half Distance to Goal: Illegal return to game.
  - Player disqualified for striking, kneeing, kicking, etc.
  - Foul within one yard line.
  - Foul behind goal line.

### Women's Athletic Conference Is Set

FORT WORTH, Oct. 31 (AP)—The fifth annual Texas Athletic Conference of College Women will be held at Texas Christian University, Dec. 6-8.

Mrs. Helen Walker Murphy, director of physical education for women at T. C. U. represented the local association at the conference held at the University of Texas last year and was instrumental in bringing the meeting here.

The purpose of the conference is to further athletic activities for women in Texas colleges. It recognizes, for conference membership, any college having an active women's athletic association, with student officers and a written constitution.

Forty-eight Texas colleges will be invited to send delegates. Each college will be allowed to send two officials and as many unofficial delegates as they choose.

Profits from the boxing department of Tex Rickard's Garden this year may run more than a half million dollars behind the earnings of 1927. This represents a serious decline in any man's business and it must indicate that a period has arrived when the tight racket is on the bust.

Rickard thinks it is only a temporary period of bad market. He abandoned the outdoor field after Tunney and Heeney had tossed him for a big loss and made plans for the winter season that would force the athletes to look for work at the Garden.

The indoor season arrived but the employment office at the Garden was so short of clients that Rickard took himself off to Europe with the optimistic statement that "Some young fellow will be coming out here long like Dempsey did and he'll make business over again."

The slow progress of Rickard's affairs is getting off to a slow start. One of those heavyweight elimination things started might have convinced a less optimistic soul that it will be a long time before some young savior comes out to save the business.

The heavyweight situation will have to be straightened out before the boxing business gets back on its feet and it probably will be two years before a champion will be recognized.

who can catch the fancy of the public.

Before a recent annual meeting of the National Boxing Association it was announced that the association would do something about someone's oversight in failing to place a representative of the association on the committee that was appointed by Mr. Tunney to recognize his successor.

It was drawn to the attention of Mr. Muldoon that the association was wanting to do something to someone about the insult and the iron man remarked that any such actions would be premature.

"It may be two or three years before that committee has to sit and none of us know who will be sitting when the time comes to act," he said.

If it takes two or three years to find out who is the best qualified successor to the heavyweight championship, precedent would justify the prediction that boxing in general will stay in a slump that long. And if the man elected to succeed Tunney isn't taken seriously by the customers boxing as a business will remain in a decline until that young fellow Rickard is looking for appears and does another Dempsey.

Interest in the lighter classes cannot be stimulated enough to overcome the stagnant condition of the heavyweight class because the champions of the lighter classes will not do their

part. If there happened to be a McGovern, Ketchel and a Gans around, the business could be made to prosper, but under the existing circumstances the lighter classes are in as bad shape as the heavyweight class.

Unless Rickard's corporation gets unruly, he can afford to sit around and wait for the arrival of his young fellow, but the other fellows who haven't a million in their kick have to keep going or get out and many of them are getting ready to get out.

The situation is worse in cities outside of New York. The little metropolitan promoters can get their local boxers to work for them, but even the New York boys won't leave home to work in another city without guarantees that a promoter can't afford to give.

This time last year Rickard had his winter program filled with matches that included a championship in every class but the heavyweight. This year he has a heavyweight match between Paulino and Otto Von Port; a middleweight match between Rene De Vos and Ace Hudkins and a welterweight match between Joe Dundee and Jack Thompson.

This would seem to tell the story tersely and graphically. If Dempsey won't work any more the business depends upon that young fellow who will come out from nowhere and do a Dempsey.

### BRISK TRADING SEASON LOOMS FOR BASEBALL

#### GIANTS AND PHILLIES INAUGURATE ANNUAL 'PLAYER SWAPPING'

By BRIAN BELL  
(Associated Press Sports Writer)

NEW YORK, Oct. 31.—Trading City took to the Phillies for Fred Leach the Giants started a trading season that probably will prove very brisk before the major league clubs assemble five months hence in the south and west for training.

The real trading comes by custom when snow has covered the diamonds and outfields in the big time stadia, but the Giants and the Phillies started the ball rolling with a deal when the frost is just on the pumpkin.

That many others will follow seems a safe guess. Several teams are known to be dissatisfied with past performances of some of their highest priced players and the managers are prescribing a change of scenery.

Although the New York Yankees have won two world series in eight games, Manager Miller Huggins is believed to be spending his time between golf shots at St. Petersburg, Fla. in looking over railway time tables with a view to buying tickets for some of his athletes to cities other than New York.

Paschal Plenty Good

The Yankees have several players sitting on the bench most of the time who could take their place in the regular lineups of other clubs in the American league. An example is Big Ben Paschal, the well known garage man of Charlotte, N. C.

Paschal can hit, run and throw, three essential assets for an outfielder, but he can't crowd out Babe Ruth, Earle Combs or Bob Meusel.

If the mite manager of the world champions can find some club needing an outfielder and blessed with a fair pitched as excess baggage a deal might be made. The Yankee infield may see some change before another season starts. Joe Dugan's place at third base as a regular is not believed to be any too secure although he can remain a Yankee subject to emergency call. Only time will tell how good Tony Lasser's arm will be after a winter's rest and treatment. Ben Howley will trade if the wind is in the right direction but after his success in his last year's transactions his brother managers are apt to give him a wide berth. Walter Johnson will have a chance to match wits with his new brother master minds for the benefit of Washington and Stanley Harts certainly would like to do some juggling with the Tigers over whom he has assumed command.

The trade winds are believed to be blowing over that part of St. Louis set aside for the Cardinals but President Sam Breadon must first say who is to conduct the negotiations. Bill McCachnie has not yet been re-elected for another term. At the same time he has not been defeated for the nomination.

### Rookie Catcher May Help Yanks

By NEA Service

NEW YORK, Oct. 31.—The New York Yankees hope to present a much better-balanced catching staff next summer than they have had in recent years and have apt their scouts at in the bushes of the year looking over the future Breenahans and Cochrane.

One of the young men who caught the fancy of the Yankees out, as well as out for the Reds, the Cubs and the Senators, is Pete Jordan.

Jordan was purchased for \$22,000 and even though Colonel Ruppert has a lot of money to spend he doesn't part with that amount without getting something for it.

Jordan was said to be the best catcher in his league this summer and the scouts say he is not far away from a steady job in the major leagues.

### JACKIE FIELDS KAYOES BAKER

#### EMERGES AS FAVORITE CLAIMANT TO KING DUNDEE'S THRONE

(By Associated Press)

LOS ANGELES, Oct. 31.—Jackie Fields, with a crushing two round knockout over Sergeant Sammy Baker, New York, rock fisted favorite, climaxing a long string of ring conquests, stood first in line at the door of King Joe Dundee's welterweight domain today.

To him town folk, before 20,000 of whom he battered the hard punching Baker into insensibility in four minutes and 20 seconds last night, Fields theoretically was the champion of the welterweights. Fields recently whipped Jack Thompson, San Francisco negro, just a short time after the

### LUBBOCK WILL TRAIN TO HALT SANDIE ATTACK

#### COACHES REALIZE THEY FACE SUPER TEAM IN GAME SATURDAY

No amount of bad weather and injuries to members of the Lubbock Westerners has been able to slow up training for the gold and black warriors this week. Facing their crucial game of the season with the Amarillo high school Sandies, Coaches Frnka and Morgan are putting their charges through a terrific clip in preparation for the classic battle with highly touted Sandstorm eleven here Saturday on the Tech gridiron.

Braving the wintry blasts and chilling rains which have swept across their practice field, the Westerners are working with pent-up determination on a defense for the Amarillo team roller attack. The gridgers are making every minute count this week and nothing but darkness has been able to stop their daily workouts.

"We're facing a super football team here Saturday and our boys will have to be in there fighting every minute if they expect to hold those Sandies," Coach Frnka said yesterday.

Raymond Barton, tackle and line captain on the local team is still suffering from injuries received in the Electra game last week and will very likely see the contest from the side lines. Rex Wright will probably fill Barton's place in the line. The possibility that Charley Wilson and Elmer Calhoun will be out of the tussle has become an almost certainty. A number of reserves have been working at the guard positions in practice to fill the holes left by these linemen.

### Speaking of Football Kicking Game Is Often Used As Threat In Offense

#### BY "JOCK" SUTHERLAND University of Pittsburgh Football Coach

The kickoff is very important and is not difficult to use effectively. I have seen a bad kickoff lead directly to a touchdown.

Pitt played Nebraska last fall. When the Cornhuskers lined up to kick off, the ball was placed in the usual position. When the whistle blew, the man holding the ball picked it up and ran to a point near the sidelines where he knelt and held it in position. A Nebraska player then kicked it down the sideline.

It seemed apparent that they did not want Gibby Welch, Pitt's star halfback, to receive the ball. The ball sailed down the field and the Nebraska team rushed diagonally across, hoping to pocket the receiver in a corner of the field.

It was an excellent bit of strategy, but a mischievous puff of wind spoiled the plan and the ball was carried off its course and dropped into Welch's arms. He saw that the opposing team had been drawn to one side of the field and dashed down a clear field for a touchdown.

Funnie, quick kicks and kickoffs are principally defensive weapons, but occasionally, as in the case where Pitt won a game by punting on first and second down and waiting for the "break," they have offensive value. From certain formations, the punt as a threat is a good offensive weapon, but only on first, second or third down and never when the defense expects it.

In other words, if the defensive team can be led to believe that a punt will be attempted and instead a forward pass or end run is used to gain ground, the threat is valuable as an offensive weapon.

A team that has a brilliant punter and a line that is coached to go down fast under kick, and tackle hard when it gets there, has a fine offensive threat.

Good punting is nullified if ends, tackles, guards and center are not drilled to speed down the field under the ball.

A good punter may have an "off" day and fail to outpunt the rival kicker. If it is apparent that the punter, regardless of his past record, is not gaining on his kicks, it is poor judgment to keep up the practice.

When the other team has a good kicker, it is good strategy to hold the ball as long as possible. The time to determine when to use the

#### Chiefs Point For Game With Ralls

(Special To The Journal)

CROSBYTON, Oct. 31.—The Crosbyton high Chiefs won their fifth victory of the season last Friday afternoon when they won over Floyd's high school team with a score of 8 to 0. The high Chiefs have played six games this season and have been scored on by only one team, when Post beat them by a score of 19 to 0.

The high Chiefs are in god spirits and are working hard for their most important game of the season on November 13 when they play the Ralls high school team here. Coach Vaughn ad Weatherly have been working hard with the team and have built up one of the best teams of any school its size on the plains.

The Crosbyton Rotary club entertained the coaches and their team at luncheon last Wednesday and the boys were all in high spirits for the games yet to be played this season.

The Ralls Rotary club has invited the Crosbyton Rotary club and the Chiefs and their coaches to be their guests at a luncheon on Friday night before the big game on Monday the 12th.

### Stribling Kayoes Terris In Third

ATLANTA, Ga., Oct. 31 (AP)—William L. Stribling, the younger, whose next bout will be fought in Tex Rickard's heavyweight elimination arena in New York, disposed of Sid Terris of North Carolina in three rounds last night.

Terris, who weighed in at 207 pounds against Stribling's 181 1-2, entered the ring with a record of 14 consecutive knockouts, but soon capitulated to the Georgia youth. Despite Terris' persistence in clinging, Stribling found his face repeatedly, and rapid punches to the jaw in the third round floored the Carolinian for the count, and several minutes more.

# MRS. WHATLEY FUNERAL SET

### SERVICES WILL BE HELD CUMBERLAND CHURCH 3:00 P. M. TOMORROW

Funeral services will be held at 3 o'clock tomorrow afternoon at the Cumberland Presbyterian church for Mrs. W. A. Whatley, 20, wife of Prof. Whatley of the Spanish department of Texas Tech, who died suddenly yesterday afternoon at a local hospital.

Dean James M. Gordon of Tech will officiate at the services. All Spanish classes were suspended at the college today out of respect to Prof. Whatley. Other classes were held until 2 o'clock.

Mrs. Whatley, who was a student at Tech, became suddenly ill Monday afternoon. She was carried to a local hospital where an operation for acute appendicitis was performed Monday night. She was thought improving Tuesday morning and her husband returned to his classes at Tech.

Mrs. Whatley is the daughter of Mr. and Mrs. R. A. Sowder, 1016 Ave. O. Her mother was at her bedside at the time of her death. She was born and reared in Lubbock, being a graduate of the local high school. She was married last spring.

Burial will be in the Lubbock cemetery under the direction of Rix Morticians.

### Joie Ray Beats El Ouafi In New Mark

PHILADELPHIA, Oct. 31 (P)—Joie Ray, veteran American runner, was back at the head of the class today and with another record tucked away among his souvenirs.

El Ouafi, the slender French-Algerian marathon winner at Amsterdam, fell victim to Ray's flying feet last night in a 16-mile indoor race which the American clocked off in one hour 27 minutes and 18 1/2 seconds. Ray's time for 15 miles was one hour, 22 minutes and five seconds, which was announced as a new indoor record. El Ouafi was four and one-half laps behind Ray at the finish, approximately one third of a mile.

## Corned Beef Croquettes

Same old corned beef hash? Perhaps—but try cooking it the French way, and see how crisp and brown the outside is and how moist and well cooked it is inside.

1 tablespoon chopped parsley	Salt and pepper to taste
2 cups mashed potatoes	2 tablespoons Crisco
3 cups finely chopped cold corned beef	1/4 cup cream
	1 egg

Melt Crisco in a saucepan. Add the potatoes and cream and stir until well mixed and heated. Add the meat, salt and pepper. Take from the stove, add the chopped parsley and egg beaten light without separating. Mix well and put away to cool. When cold, form into croquettes, cover with egg and bread crumbs and fry in deep hot Crisco from 375-385° F. Serve hot, with poached egg on round of toast.

Wouldn't you hesitate to fry foods in a fat that you would be unwilling to taste? Of course you would! A cooking fat should be as fresh and sweet as milk or butter—and every good cook judges these foods by tasting them.

Just make this interesting test: Put a little Crisco on the tip of a spoon. On the tip of a second spoon place a little of another shortening. Taste Crisco first, then the other shortening.

Doesn't the sweet, fresh taste of Crisco make you confident that it will improve the flavor of any food you prepare with it?

Crisco's sweet flavor will delight you!

# "Sing that one Again Dear"

THE sweet old tunes of the courting days... how they bring a train of memories! She knows what he likes best and chooses songs to fit his mood... the moods she understands so well.

That's her most delightful task... choosing those things which please him most... his evening's enjoyment... his meals... his coffee... the best to be found... Folger's Coffee.

Wives know there must be no mistake in the coffee and that's why Folger's is so often the choice of thoughtful women. Husbands... everyone... have a liking for Folger's. It has that exclusive richness of flavor which seems to satisfy best of all... that incomparable aroma... always delicious, always refreshing. Only by blending perfectly the highest type, highest quality coffees the world produces, could such flavor be obtained. In coffees Folger's is invariably the choice of those who choose with care.

An easy way to choose... The Folger Coffee Test: Drink Folger's Coffee tomorrow morning; the next morning drink the coffee you have been using; the third morning drink Folger's again. You will decidedly favor one brand or the other. The Best Coffee Wins. That's fair, isn't it?

Thought For Today For which of you, intending to build a tower, sitteth not down first, and counteth the cost, whether he have sufficient to finish it? Lk. 14:28.

Two Years How strict should sentences for gross violations of the traffic law be?

Kansas City motorist got drunk and indulged in a mad joride across town. In this ride he hit two automobiles in succession, ran over and killed a 76-year-old pedestrian, drove away without stopping and crashed into still another car.

They chose Saturday and while you may feel that one day is as good as another, the mere fact that the commissioners gave the matter their thought is worthy of mention.

Strange Ways Strange are the varieties of fame that can come to a man in this world.

The newspapers recently made considerable mention of the golden anniversary of an elderly British theologian, Canon W. A. Spooner.

In Garages The imminent approach of cooler weather brings to mind one more warning that the motorist must keep in mind.

Take Hope The teacher in the American college or university, proverbially underpaid, can take hope.

American prosperity, says Mr. Nieme, is largely due to education. It needs nothing in the world so much as trained brains.

THE PLAINSMAN

Says That girl on Broadway says when peters drive down an unfrequented road they are following the lane of least resistance.

Well folks, the date is set. By seven o'clock on the night of December 1st we all ought to know whether paved roads are just around the corner or are still in the offing.

Whether the bonds have a chance of carrying or not still remains to be seen. A lot of people seem to be in favor of paved roads and if The Plainsman has been correctly informed, there are others who oppose the idea.

The Plainsman as his past statements clearly indicate, is in favor of paved highways as soon as we can get 'em.

There are a lot of things to be considered in the matter - many ideas, both pro and con, are being advanced.

In New York

NEW YORK, Oct. 30.—The invasion of the Charlotte Russe is the latest menace to Manhattan's dietary equilibrium.

Tiny-holes-in-the-wall have popped up in every sector and quarter where, for a nickel or a dime, one can smear his cravat, vest and chin with whipped cream.

There is, to my notion, nothing more incongruous than a well-tailored gent in a trim derby going down the street munching on a whipped cream dainty.

I know of no city where the population cares less about what it eats in the streets.

Unless Main Street has changed mightily since last I trod its wages, it would have been social suicide to go about with a huge pretzel dangling from one finger and a doughnut or cream-puff palmed in the right mitt.

But New York whets its appetite as it goes, and cares not upon what it nibbles.

There are, as I have mentioned, the Charlotte Russe counters in Broadway there are hot dog stands and orange drink resorts.

Diet and Health

MINERAL OIL NOT FATTENING; MAY BE USED IN FRYING FOOD

Cooking With Mineral Oil "I have lost 36 pounds by Peterizing, and I certainly am your friend. I think I have made a discovery all my own, but before I give it to the waiting world I would like an expert to pass on it."

Local enlargement of the lymph glands usually follows if there is any infection along the lymph vessels where they are situated. It is possible that your niece may have an infected tooth or it may be possible the nasal trouble may cause it.

Smoking is a bad habit, there is no doubt of that. The small number of cigarettes your niece smokes may or may not be harmful, depending upon her susceptibility. However, the experience is that the habit increases, and you will seldom find a smoker advising another to take it up.

Mineral oil can also be substituted for fat in cooking in other ways than frying. For instance, even pie crust can be made with it.

No mineral oil is not utilized by the body—apparently because it is a mineral oil—and this characteristic is not changed by cooking.

Mineral oil does help in some cases of constipation, but it should not be taken for any long period of time in large amounts, for some work has been done indicating that it may dissolve the fat soluble vitamin A and carry it away.

Our Peterizing instructions are contained in a pamphlet which can be obtained by following column rules. We have an article on Constipation, too.

Enlarged Glands and Smoking "My niece has a gland on the side of her neck, very close to the ear. Recently it has grown larger and it is very hard. What I want

her building, she is not to be used for war purposes. That means, in actual practice, she isn't a war vessel until a war starts.

But the British are finishing another big ship, which may be getting into print. The American navy is to have two or three ships bigger than the Graf Zeppelin, finished within a year or two.

There are on two Zeppelins in service now, the Graf Zeppelin and the Los Angeles, both built by Germans at the big Zeppelin works on the shore of Lake Constance.

### Aggie Enrollment Is 2,693 For Year

COLLEGE STATION, Oct. 31.—Summary of enrollment at the A. and M. college of Texas for the 1928-29 session shows total registration to date of 2,693, the largest for any one regular session in the history of the college. An increase in enrollment over the two preceding years is shown by comparing this year's total of 2,693 with 2,444 for the 1927-28 and 2,330 for 1926-27.

Of the 2,693 students enrolled this year, 1,128 are new students, representing the largest freshman class in the history of the college. Enrollment by schools is divided as follows: Agriculture 861, engineering 1,587, arts and sciences 338, vocational teaching 70, veterinary medicine 17, special courses 20.

### BOARD OUSTED AT CLEVELAND

#### COUNTY ELECTION BODY REMOVED FOLLOWING INVESTIGATION

(By Associated Press)  
CLEVELAND, Oct. 31.—Cuyahoga county's board of elections Tuesday was summarily dismissed for non-feasance in office.

Almost on the eve of the November 3 election, Secretary of State Clarence J. Brown, as state supervisor of elections, ordered the entire board, the head of the election machinery of Ohio's largest county, removed because of irregularities in the August 4 primary.

Brown's action followed the recommendation of a special grand jury, personally conducted by Attorney General Edward C. Turner

at the instruction of Governor A. V. Donahay.

Resulted From Irregularities  
The charges resulted from the board's alleged failure to heed evidence of "crime, fraud, irregularities and non-performance of duty by election officials." The grand jury found evidence of ballot stuffing; forgery; improper certification of the nomination of one republican candidate and large errors in the tally sheets of the August primary.

Those removed were: Harry L. French, democrat, chairman of the board; Alex Bernstein, republican ward leader and member; Mrs. Bernice S. Pyke, democratic national committee woman from Ohio; Thomas Farrell, republican member; A. J. Hirstius, clerk and chairman of the republican county executive committee; and Stephen A. McNeill, democrat, Hirstius' deputy.

The secretary of state immediately placed the election machinery for next Tuesday in the hands of Frank A. Blotson of Elyria, member of the Lorain county board of elections and chairman of the Lorain county republican executive committee, and

Judge George C. Barnes of Wilmington; democrat, chairman of the Clinton county board of elections. Both are attorneys.

### The new Buick is the new Style

Men and women on every street -- in every city and town -- are pronouncing the new BUICK, with Masterpiece Bodies by Fisher, the most beautiful automobile of the day

Never before in the history of motor car manufacture have the motorists of America welcomed any new automobile as they are welcoming the Silver Anniversary Buick.

Sweeping into the market when motor car lines were practically standardized—when imitation was destroying individuality—these epic Buick creations introduced an entirely new mode—

A mode of body-symmetry—of size and magnificence—of soft contours instead of straight lines—of body-panels involving the most costly steel paneling work employed on any car.

And as the weeks have passed—and the full significance of Buick's achievement has become apparent—public enthusiasm for this car has swelled and grown to unprecedented proportions!

Buick sales records have been broken! The great Buick plants are working to the limit of their capacity to supply the demand.

The new Buick has become the ruling vogue! Men and women on every street... in every city and town... are pronouncing it the most beautiful automobile of the day!

# NO STATEMENT FROM LIGGETT

## NASHVILLE SLAYER IS SILENT; LAWYERS WORK ON CASE

(By Associated Press) NASHVILLE, Tenn., Oct. 31.—Mrs. Cunningham's attorneys are moving to drop their case against Walter L. Liggett, 29, who last night killed her son, M. Cunningham, 38, manager of the Andrew Jackson hotel here. Liggett today was released under \$25,000 bond and immediately worn to by Mrs. Cunningham who was named in a peace warrant charged him with threatening her life.

Officers had a signed statement from Mrs. Cunningham, they announced, admitting attention from Liggett, a grain dealer, over a period of two years and testimony from the woman's 16 year old daughter, Ovelia, to the same effect. East Kiger, private detective, told officers he was with Cunningham when he was slain.

While other parties questioned by police today talked freely of the tragedy, Liggett maintained the silence he has kept since his arrest 13 minutes after firing five bullets into Cunningham's body when they met back of the latter's home.

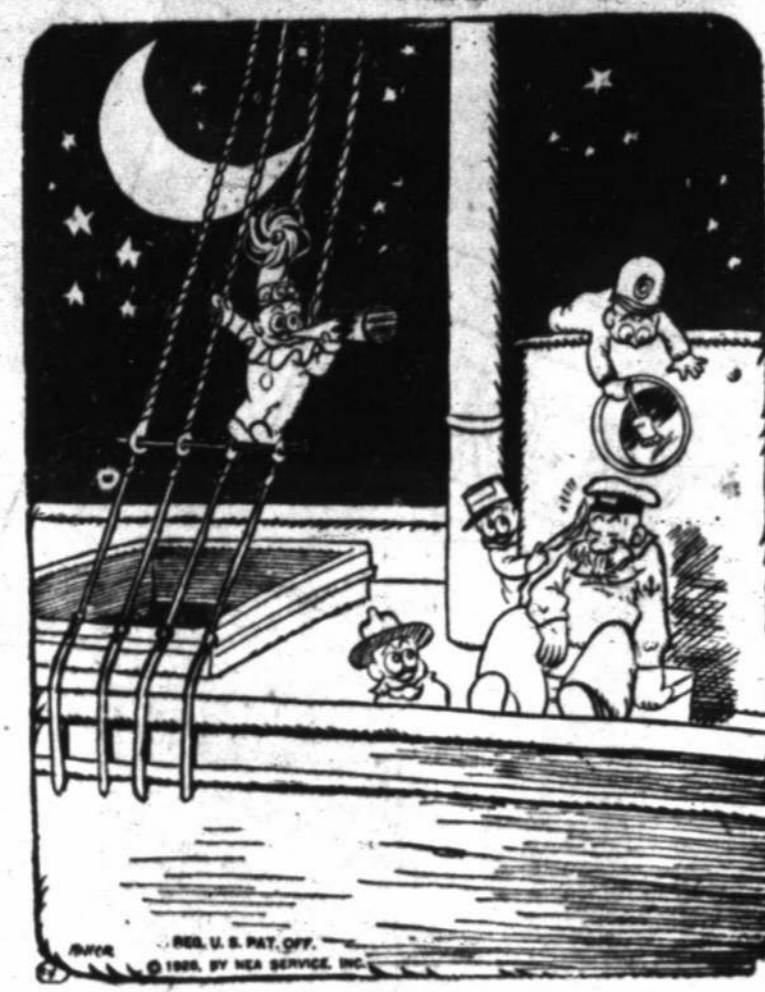

Mrs. Cunningham told officers she talked with Liggett at her back door a few minutes before the shooting occurred and that she sent him away because she knew they were being watched. Nearby were Cunningham and Kiger, the latter employed by the hotel manager to watch the couple, who said he learned of the meeting by "tapping a telephone wire."

"Soon after Liggett left the house Kiger said, he and Cunningham met and that the victim shouted 'there's the man who has broken up my home.' A fusillade of shots followed. Kiger said, and Cunningham fell mortally wounded. A pistol was found on Cunningham's person. One shot had been fired. Five shots had been fired, police said, from the weapon taken from Liggett.

Ovelia Cunningham, who with a gun was in the house when her father was killed, told Attorney General Richard W. Atkinson she had known of the affair between her mother and Liggett for some time, that she often rode with them while her father worked, and that she had admonished her mother to leave Liggett alone because he will ruin us." She said she had been compelled to deceive her father about the trysts her mother kept with Liggett.

# THE TINYMITES

(READ THE STORY, THEN COLOR THE PICTURE)

The Tinymites all sat around till on the door there came a sound. "Hey, Tinymites, you'd better go to sleep," a loud voice said. "To stay up late is very wrong, so hop in bed where you belong." "All right," replied the Tinies. And they crawled right into bed.

When Clowny woke at early morn, he tooted loudly on a horn. "Wake up," said he. "Tis Halloween. Come on, let's have some fun. We've made nice things to do queer tricks. Oh, listen how my tick-tack ticks. Wake up, you lazy Tinymites, it's time our sport's begun."

Then Scouty jumped right out of bed. "Oh, you're all wrong," he sharply said. "We should not have our Halloween until quite late tonight. When darkness spreads around the sky, and there is no bright sun on high, we'll turn loose on our funny pranks, and do them all up right."

Woe Coppy added, "Yes, he's right. We ought to wait until tonight." And Carpy, too, agreed that that was just the thing to do. So, through the day they slept and ate. They found it rather hard to wait. At last the stars came peeping forth, up in the sky of blue.

"Let's go," cried Clowny. "Night is here. Now, first of all we'll sneak up near to Mister Captain's window. Then we'll give him quite a scare." Their tick-tacks ope the window said, and then the Tinies ran and hid. The captain jumped

# ALL FACTIONS IN TEXAS CONFIDENT WINNING STATE

DALLAS, Oct. 31 (AP)—With only six days left to clinch their campaign sprees, leaders of Texas three big political factions today became increasingly confident, or at least their official statements did, of success at the polls November 6.

Regular democratic headquarters where a majority of 120,000 for Smith has been the stock prediction, raised the ante to 200,000. Alvin Moody, who heads the Hoover democrats countered with a prediction that Hoover will run 120,000 ahead of Smith and R. B. Creager of Brownsville, republican, national committeeman, claimed that Hoover is certain of 125 counties, Smith of 50 and that the others are a toss-up.

## Scott McBride Raps At Smith's Address

WASHINGTON, Oct. 31.—F. Scott McBride, general superintendent of the Anti-Saloon League, charges that Governor Smith in his Baltimore speech had deliberately misrepresented Woodrow Wilson's prohibition views.

"At Baltimore," said Mr. McBride, "he again sought to give the impression that Woodrow Wilson opposed the Volstead act because he vetoed the measure. This is deliberate misrepresentation of Wilson's views. In his message to congress accompanying his veto message President Wilson expressly stated that his signature was withheld because the Volstead act was combined in the same bill with a measure for the enforcement of war time prohibition."

Cooler nights at this season always make one think of the Blanket supply that possibly has not been considered until now. Very likely an extra room has been arranged or the supply needs replacing in part, or possibly daughter took some away with her to school. Its the time when new Blankets are in demand. In beauty, fineness of quality, completeness of size assortment as well as clever colorings our display is outstanding. More than this prices are most attractive—no misrepresentation of values to be supposedly "cut" in "sales" but good honest values that at our regular markings range uniformly lower than under the usual "sales" quotations.

DEPENDABLE MERCHANDISE

Lubbock, Texas, October 29, 1923.

Dear Customer:

As the oldest Dry Goods concern in Lubbock for all these years it has been our policy to supply a demand instead of creating one. For years we have enjoyed a substantial volume from hundreds of charge accounts in Lubbock and the entire South Plains.

After November 1, we are putting our business on strictly a cash basis, thereby eliminating collectors, bookkeepers, some losses and various kinds of overhead. By placing our business on a cash basis and thereby increasing our volume and cutting out various items of overhead, we know that we can effect a substantial saving to the consumers of the entire South Plains on their Dry Goods purchases.

Your account has been more than satisfactory and we not only appreciate your charge account but the loyalty which you have demonstrated in continuing with us for so long a time.

Watch the newspapers and other means of advertising we use and we know that we will prove to you that we mean what we say, in that we can save you money on Dry Goods purchases by selling for cash only.

All our business transactions have been nothing but pleasant with you and we truly hope that we can continue to do business with you and that it will be on a mutually beneficial basis.

Yours very truly,

Wallace Rix was in charge of the program and after the "class" was chosen everybody had a big time. A wave of nervousness, however, swept across the 80 men present when the nature of the program was disclosed, many remembering the first program of its kind held here

four years ago with Curtis A. Keen, now of Seattle, Wash., and then manager of the local Chamber of Commerce, and Acey May as "the class".

Class members today, however, seemed to have as much fun as the audience and at the close of the entertainment the club sang cheers for each man.

The Amarillo team plays Lubbock High's team here on that date.

President Murray appointed Homer D. Grant in charge of the

esting lessons that Mrs. Dougan has to offer. Working with a swiftness and ease that has won the admiration of those attending this school, the expert gave recipes for five dishes Tuesday afternoon, prepared these foods and passed them through the audience to be inspected and eaten.

A deviled chili meat and macaroni casserole dish and a dish of scalloped oysters were unusually attractive and toothsome.

Using staple foods that may be found on any pantry shelf, Mrs. Dougan is demonstrating the combination of these foods into unusual and appetizing dishes that are inexpensive and may be quickly prepared. Everything made in the school may be viewed and tasted by those attending and the increasing interest of women in learning new methods of preparation is indicated by the groups which gather at the platform each afternoon following the classes to ask additional

questions of the food expert.

Among those who are attending the school this year are a number of college students and young women. Those who have attended these exhibitions during previous years are returning for additional menu helps during the coming year. Mrs. Ford detribes Henry as "easy going." Not a bit like Lizzie used to be.

### Prohibition And Tammany Issues

DALLAS, Oct. 31 (AP).—Tammany Hall and prohibition are the issues before Texas voters, State Senator Thomas E. Love asserted in a statement here today. He said that, aside from these issues, there are "a good many thousand Texas democrats" who have been "waiting for a good many years to vote for Herbert Hoover, because they admire him, believe in him, and think him

the best equipped man alive for the presidency."

"They remember with grateful appreciation the service he rendered as Woodrow Wilson's trusted world war aide in making food win the war," the statement continued, "and they resent the baseless and unjust attacks made upon him by politicians during the war and since, and in this campaign."

"There are many thousands voters in Texas, like myself, who if there were no prohibition issue or other issue involved, would not vote to put a sachem of Tammany Hall

in the White; then there are many thousands more, also like myself, who would not vote for a wet nullificationist for president, even if he did not belong to Tammany Hall."

NEW YORK, Oct. 31 (AP).—Senator Pat Harrison of Mississippi, member of the Democratic National Advisory committee and in charge of the campaign in the South, has issued a statement declaring an analysis of registration figures compiled by the Associated Press "indicative of a sweeping democratic victory."
