

**Murder Charge
Against Dodson
Negro Monday**

A charge of first degree murder has been filed in Childress county against Henry Brown, 34, Dodson Negro, in connection with the rifle killing of Charles Drew, 19-year-old Negro who also lived at Dodson.

The killing took place on the farm of Joe Wilson, where Brown was employed, south of Dodson in Childress county, at 12:45 p. m. Monday, September 16.

Following the shooting, Brown returned to Dodson and called Sheriff John Rainey, who with County Attorney Paul Spillman investigated. When it was learned the incident took place in Childress county, they notified Sheriff Gaylon Jones, who took Brown in custody.

Drew was brought to St. Joseph's Hospital by his mother, Goldie Drew, and his two sisters, and was pronounced dead on arrival.

He was shot twice in the chest with a single shot .22 rifle, using a long hollow point bullet, according to the investigating officers.

Brown told the officers Drew followed him to his work Monday at noon. Officers said the two had been having trouble for several days.

Brown is married and has a family. Drew was unmarried.

**Burial Here for
Mrs. Nora Jones,
Former Resident**

Funeral services for Mrs. Tom M. Jones, Brighton, Colo., a longtime resident of the Wilnucul-Buck Creek area, were held at Kelso Chapel Saturday, September 14 at 4 p. m. Mrs. Jones died in a Denver hospital Wednesday, September 11, following an illness of about four months.

Officiating at the funeral were Elder L. Stonecipher of Friendship Church and his son, the Rev. B. C. Stonecipher of Masterson, both long-time friends; and the Rev. W. S. Herring, pastor of the Fundamental Baptist church.

Pal bearers were Wren Hartman, J. C. Hartman Sr., E. H. Hartman, Travis McGuire, Dennis Lacy and Walter Gentry. Burial was in Wellington cemetery by the Kelso Funeral Home.

Mrs. Jones, who was born Nora Shewmake, was born in Baylor county May 10, 1890.

She and the late Mr. Jones reared their family here, and following his death, she made this her home until about 13 years ago.

Survivors are four sons and two daughters, Hugh F. Byrd of Lawton, Okla.; Rev. Aubrey Jones of Fort Worth; Elmer Jones of Amarillo; Paul T. Jones and Miss Odessa Jones, Brighton, Colo.; and Mrs. Willie Ella Hamilton, Toppish, Washington. Also surviving are three sisters, Mrs. Ella Bond and Mrs. Pearl Friar of Shawnee, Okla., and Mrs. Stella Savage, Baldwin Park, Calif. also one brother, Elmer Shewmake of Rockwall. There are 18 grandchildren and 8 great grandchildren.

**Woman Hurt in
Car-Train Crash**

Thula Porter, local colored woman, was hospitalized and two companions escaped injury when the car in which they were riding collided with the last car of a switching Fort Worth and Denver freight at Samnorwood Thursday night, September 12.

Sheriff John Rainey reported that Wheeler Bess, owner and driver of the car told him he did not see the train until it was too late to stop. The accident occurred about 9 p. m.

Bess reported that he, the Porter woman and Elery Nash were returning from Pampa, where they attended a funeral.

Rainey said the extent of damage to the car had not been determined.

**Kills Rattlesnake

**Mrs. R. J. Holland
Dies Monday of
Lengthy Illness**

Mrs. R. J. Holland, widely known Dodson woman and wife of one of the county's prominent stock farmers, died Monday, September 16, in a nursing home at Hollis. She had been ill for a number of months.

Funeral services were held Wednesday in South Baptist Church, Dodson, of which she and her husband were charter members. The Rev. Bill Hendricks, Fort Worth, officiated.

Pal bearers were nephews, and burial was in the McKnight Cemetery, north of Hollis, under the direction of the Kelso Funeral Home.

Mrs. Holland before her marriage was Miss Mary Myrtle Scivally, the daughter of the late M. L. and Fanny Scivally. She was born in Montague county January 3, 1887, and at the time of her death she was 70 years, 8 months and 18 days of age.

She came with her family to Hollis in 1901, at the age of 14, and grew up there.

On December 24, 1908, she was married to R. J. Holland, a member of one of the early families to settle in the area. At that time she moved to what was later to become Dodson, and this had been her home since.

Mrs. Holland was a member of the Baptist Church since early in life.

She was known among her friends for her devotion to her family and to her church, and for her kindness to all with whom she came in contact.

Mrs. Holland is survived by her husband, R. J. Holland; two sons, Truitt Holland and Dennis Holland of Dodson; and one grandchild. One daughter, Pauline, preceded her in death in 1912.

Also surviving her are a brother, W. S. Scivally, Amarillo; and three sisters, Mrs. Nora Lewis of Dodson; Mrs. T. L. Davis, Odessa; and Mrs. E. V. McClendon, Loco.

**Insurance Group
Names Secretary**

Mrs. Dick Richards has been named secretary-treasurer of the Collingsworth County Home Protective Association, mutual insurance association founded here 48 years ago. She replaces the late Miss Katherine Boverie.

Mrs. Richards will have the association office at her home, 1409 El Paso street.

C. W. Roberts is president and W. S. White vice president. The directors are the officers and J. A. Killian, Mrs. C. H. Caperton, and Miss Effie Lee Richards of Lamarque.

The Home Protective Association was set up in 1909 with the late W. O. Richards, father-in-law of the new secretary, as one of the founders. He served as secretary until his death, when his wife took over the office. She retired in 1940 and Miss Boverie was appointed.

It's a Little Cyclone to Visit Wellington**Rockets Open Home Schedule
Against Memphis Friday Night**

The Skyrockets open their home schedule Friday night, September 20 with the Memphis Cyclone as their opponent. Game time is 8 p. m.

Although that team has lost both games played this year, compared to a win and a loss for Wellington, there is no cinch that it cannot provide some strong competition, Coach John Hurley warned.

The Cyclone has a small club, compared to the Rockets, although there are two 190-pound tackles who are turning in good accounts

grades of schools of Collingsworth and surrounding counties. The workshop will be held Monday and Tuesday, September 23 and 24, in the new cafeteria of the Wellington elementary school.

The workshop will instruct the teachers how to teach spelling, writing, reading and English in the first six grades.

Teachers of the first three grades will meet Monday, September 23 at 1 p. m. Teachers of the fourth, fifth and sixth grades will meet Tuesday, also at 1 p. m.

Any parents who would like to sit in on the workshop are invited, J. D. Wilson, county school supervisor said.

**S. W. Elbert, 68,
Retired Farmer,
Dies Saturday**

S. W. Elbert, 68-year-old retired farmer, died at his home at 1103 Ennis Street, Saturday, September 14 at 1:15 a. m., following an illness of three years.

Mr. Elbert had lived in the area 39 years, first in northern Childress county in the Loco community, and for the last 13 years in Wellington.

A farm and community leader, he had served on the Loco school board 12 years and was a member when the brick building was put up, at that time one of the best rural schools of the area. He helped to organize the Loco Farmers Co-op and was active in its development.

**Quail FFA Booth
Wins at Fair**

The Quail FFA educational booth, placed in the first division at the Tri-State Fair, Frank Kennedy, vocational agriculture instructor, reported. The same booth won first and grand championship at the State Line Free Fair.

The exhibit showed a "Pig Parlor—the Modern Pork Factory." Shown were a miniature pork parlor, built to scale, and explaining five important points of pork production.

**Willoughby Has
Model A Stolen**

Bob Willoughby of Dozier has reported to Sheriff John Rainey the theft of his 1929 Model A Ford, taken by four boys who told him they wanted to look at it to consider buying.

This was the car Willoughby used while campaigning for sheriff three years ago, and it is known to people in all parts of the county.

He told Rainey in a telephone conversation that the four boys in a car with an Oklahoma license and pulling a trailer, talked to him about buying the vehicle and he sent them to a barn where it was parked to inspect it. Willoughby doesn't know the names of the four boys or where they were from, the sheriff said.

Rainey reported the car and trailer were traced to Herbert Massey's gas pump, where they filled up without Massey's permission, and later an outfit fitting their description was seen, loaded with the Model A, traveling east through Texola, Oklahoma.

**Rev. Thibodeaux
New Pastor at
First Christian**

The Rev. Anthony Thibodeaux of Cheneyville, La., has accepted the pastorate of First Christian Church in Wellington, and he and his family have moved here to begin their work.

The church has been without a pastor for several months.

Rev. Thibodeaux has been pastor of First Christian Churches at Cheneyville and Bunkie for 3 years and prior to that he served the First Christian Church at Kissimmee, Fla., and the Church of Christ, Elizabeth City, North Carolina. N. M. Higdon, a church officer, said.

He also was a professor three years in Roanoke College, Elizabeth City.

The 39-year-old pastor is a graduate of Atlanta Christian college, Atlanta, Ga., with a bachelor's degree. He has had experience in evangelistic work, in radio broadcasting and has worked in youth camps many years both as instructor and evangelist. He entered the ministry 16 years ago.

Both he and Mrs. Thibodeaux grew up at Crowley in Southern Louisiana. They have three children, Henry Allen, 6, Gloria Gail, 4, and Cheryl Dean, eight months. In the towns in which he has served as pastor Rev. Thibodeaux has been active in chamber of commerce and Lions club work and Mrs. Thibodeaux has participated in women's work.

**Vinson Girl Hurt
As Car Overturns**

Doris Elaine Mitchell is improved slightly following an accident in which her car went out of control and overturned two miles north of Vinson recently. She suffered bruises, shock and a pelvic injury.

Doris Elaine is due to be released from Southwest Hospital, Mangum, this week, but she will be confined to her bed several weeks longer.

She is a sophomore in Vinson high school.

**Annual Chicken
Fry Held at Rolla**

Approximately 200 residents of Rolla and surrounding communities gathered for the annual Chicken Fry at the Rolla Gin on Thursday night, September 12, L. A. Davis reported.

A program of music was presented by Mrs. Lowell Wells and members of the Quail Music department, followed by Pete Chandler and his string band.

The chicken fry was begun in that community approximately 20 years ago.

**Haskell Street
Paving Project
May Be Lost**

Unless action is taken soon, the City of Wellington will lose its Haskell Street paving project approved two years ago by the State Highway Department, Mayor Hiram Cudd has been notified by Palmer Massey, district highway engineer.

Myor Cudd this week put the situation before the people.

Funds amounting to \$14,000 for paving the one-mile stretch were approved by the Texas Highway Commission two years ago as a project for extending Farm-to-Market Road No. 1035 south to FM 338, along Haskell Street. At that time it was agreed the city would furnish the right-of-way. To date, the city has been unable to secure easements on all property fronting on the street and it has not chosen to resort to condemnation. Property owners were asked to donate the right of way on the basis of the added valuation to the property that abuts the proposed paving.

A number of property owners have volunteered to give the required frontage.

"These funds were to be used during a two-year period and it may be that they are lost to us because we did not use them. If the money is still available, we want to use it because it seems foolish to us not to use it. So if we cannot use it on this project, I plan to recommend to the Highway Commission that the money be transferred to some other worthy project in Collingsworth

**Tour Members See
Results of Area
Farm Experiments**

A group of county farmers and Wellington business men saw for themselves the results of experimental tests in crops, noxious weed control, irrigation and fertilization, as they made the first field tour of the county's on-the-farm experiments.

From examining the field tests personally, then listening to four members of the Texas Experiment Station personnel, they could draw the conclusion that some of the grains and methods now under experiment will be best in certain portions of the county, other grains and methods will be most profitable for other types of soil.

Dwaine Scott, co-ordinator of the on-the-farm experiments, was in charge of the tour. These experiments are being carried out under a joint program of the Experiment Stations and Extension service.

Dr. N. W. Kramer, Lubbock Experiment Station, pointed out that under tests here are grain sorghums that have quick growth, others with intermediate growth periods and still others that take still longer to mature. As many farmers are thinking in terms of hybrid grain sorghums, they were told that there are hybrids being bred specifically for dry-land conditions, others for intermediate moisture conditions and still others for irrigation. These latter are of the longer growing varieties.

Sorghums inspected included Texas 610; Martin, 7078, RS590, RS610, Texas 611, Texas 620, RS 650 and Texas 660.

Irrigation cotton farmers present were warned against using too much water—of growing 3-bale stalks and getting three-quarters of a bale of cotton off of them. It simply means, he pointed out, that these growers are over-using water but underproducing per acre-inch of water.

The purpose of watering, he said several times, is to put on fruit, not vegetation.

He also urged use of a mechanical or stripper type variety, thereby cutting the cost of harvesting from \$35 to \$40 down to around \$10 per bale.

In studying the noxious weed situation, the tour members saw the effects of boracene, Marmex W, Karmex FW and Baron on bind weed and drew the conclusion that the soil sterilants are for use only on small spots because they kill the land up to 5 years. Killing bindweed, plowing and use of 2-4-D was discussed.

The visitors did not see a great deal of difference in the Johnson Grass that had been treated. Dr. Allen F. Wiese, Bushland Station, and Scott said that

**Meeting for Area Cotton
Growers Here Thursday**

Cotton farmers of Collingsworth will hear how cotton is being out-researched, out-priced and out-promoted by aggressive competitors when representatives of the National Cotton Council speak in Wellington Thursday, September 19 at 2:30 in the community building.

The meeting here is sponsored by the ginners, banks, agricultural agencies, Farm Bureau and individuals interested in cotton as a local money crop.

September 23-27**Baptist Leader to Hold
Study Course in City**

Dr. J. M. Price, distinguished theologian of the southwest and retired director of religious education in Southwestern Baptist Theological Seminary, will conduct a Bible Study at First Baptist Church, Wellington, from Monday, September 23 through Friday, September 27.

He will arrive here in time to speak at the Sunday evening service September 22, the Rev. Russel Pogue, pastor, announced.

Participating in the study will be members from churches at Lutie, Quail, Samnorwood, Dodson, Rolla, Lillie and First Baptist and Faith Baptist, Wellington.

As a special feature to enable more parents to attend, and for those students who do not wish to attend, there will be a study hall for boys and girls, well supervised by a capable person, Rev. Pogue said. There will also be the usual nursery for little children.

The study course will begin each evening at 7:30 p. m.

Dr. Price established the department of religious education at the Seminary in 1915 and continued as its head until his retirement. So successful did it prove that his son established a similar department at New Orleans Baptist Seminary, and now heads that department.

The course is for all persons wishing to attend, Rev. Pogue said.

**Norwood Revival
Opens Friday**

Revival services will open at First Baptist Church, Samnorwood Friday, September 20, and continue through the following Sunday, September 29.

The Rev. Thomas Lawrence, pastor, will do the preaching and Dick Anderson of Lela will direct the singing.

There will be morning services at 7:30, in order that those wishing to attend may then have the full day for the work of harvesting crops. Evening services will be at 7:30 p. m. preceded by prayer service at 7.

**Rocket B Team
Slates Game**

The Skyrocket B team is due to meet the Memphis Cyclone B on the opponents field Thursday night, September 19, Coach Harvey Millsap announced.

Team members recently elected Clinton Gibbs and Dickie Elbert as captains.

The Firecrackers do not play this week, as their next game is scheduled at Shamrock September 26.

Rip-Roaring Comedy**Dodson Classes Present
Comedy on Sept. 26**

A rip-roaring comedy, "Grandma's Best Years" will be presented in the Dodson Auditorium Thursday evening, September 26 at 8 o'clock. Marie Vick stars in the play as Grandma, who takes things in hand when she finds that her daughter is trying to become a social climber.

The plot is developed as Grandma plans ways to embarrass her daughter before her high-class friends. Even Grandma is surprised at the way it all turns out.

Other characters in the play are Mrs. Abbot, the social climber, Ruby Miller; Sadie, the outspoken maid, Mira Hernandez; Joyce Abbot, the oldest daughter, Zenith Swift; Marian Abbot, the younger daughter, Kay Norman; Dottie Morgan, Mrion's bosom chum,

**County Wins
Top State Line
Fair Awards**

Collingsworth County carried the day at the State Line Free Fair, bringing home more awards than any other participating.

Quail school had two grand champions: the FFA educational booth, which also placed first, and the Future Homemakers booth, another first.

Collingsworth County 4-H won first on its educational booth in the 4-H division.

Butch Reynolds, Samnorwood Future Farmer, showed the grand champion dairy cow and Don Amerson of the same chapter had the reserve champion.

A dainty 4-H Club girl from Quail, Jamie Ross, exhibited the grand champion calf, which also placed first in the dry lot fed calves, light weight. Tony White, Wellington 4-H, and a veteran show winner, had the reserve champion, a calf that placed first in the heavy division.

In the community products booths, Marella was first, Quail FFA second and Buck Creek third.

Individual exhibitors in these communities won 30 first places, 23 second prizes and 20 third places. Samnorwood area exhibitors won four first places, three seconds and four thirds.

Norwood exhibitors concentrated on swine and dairy cattle. Reynolds, in addition to his grand champion, won a first, third and fourth in the swine division; Mike Jacobs a second and third; and Jerry Riley a fifth and sixth and David Lindley a fourth place.

It is educational in nature and in the opinion of a number of the sponsors the most important meeting of the year to the cotton farmer.

Facts presented will be an eye-opener, one declared.

Due to be here is Earl Sears of the National Cotton Council, Memphis, and he will be accompanied by others of that organization who will present an overall picture of cotton's present situation.

Collingsworth farmers will hear what is being done in the way of research and advertising in the field of synthetics, cotton's big competitor.

Slides and pictures will supplement the talks.

For a number of years the National Cotton Council has received a dime from each bale of cotton ginned, and a part of the meeting will be given over to a discussion of research made possible by these funds.

"It is the first meeting of this type we have ever had in the county," Lefty Thomas, county agent, said.

In addition to research and advertising, the National Cotton Council men will discuss the price of cotton in relation to the synthetics, both the newer ones and rayon, cotton's major rival.

The meeting is one of a series being held across the nation's cotton belt designed to acquaint all those having a stake in cotton's future with the nature of the current crisis.

J. W. Thomas is chairman of the planning committee that arranged for the meeting.

**Four Fines
Handed Down in
County Court**

Four cases were disposed of in two days of county court last week, a mistrial was declared in one, and three cases were continued, County Attorney Paul Spillman reported.

The session, before County Judge R. L. Templeton Wednesday and Thursday, was the fullest held recently.

A jury found Wayne Johnson guilty of a charge of selling intoxicating beverage to a liquor control agent, R. M. Barba, and set his penalty at \$100 fine and costs.

Johnson, through his attorney, Guy Hardin of Shamrock, has given notice of appeal to the Court of Criminal Appeals, Austin.

Fred Cummings, charged with driving while intoxicated, first offense, was found guilty and fined \$50 and costs of \$28.40.

John Henry Howard pled guilty to a charge of transporting intoxicating beverages and was fined \$100 and costs.

John Brock pled guilty to the sale of alcoholic beverages to Mr. Maas, Liquor Control Board agent, and paid a fine of \$100 and costs.

Judge Templeton declared a mistrial in the case of the State vs. Buck Harris on a charge of drunkenness in a public place, on the grounds it had heretofore been tried in justice court. Harris was found guilty and appealed his case to the county court.

Notices for continuances were filed and granted in the cases of the State vs. Blayne Brannum, on a charge of negligent homicide second degree; John Brock, on other charge of sale of liquor; and James Brown, charged with aggravated assault.

**First Cotton
Ginned at Rolla**

The first bale of cotton ginned at Rolla was reported Wednesday, September 11 by L. A. Davis, manager.

The cotton belonged to Kester, who had 1500 pounds of seed cotton and got a bale. It graded striated 15/16.

He received a \$100 bonus. Davis said it was a week and a half pulling gets community, better than a week ago.

Scientists are always messing around and finding new buttons to push and new chemicals to mix, etc., to trigger off some spectacular phenomena.

My whimsical neighbor says he notes that the scientists claim within a generation they will figure out how to create life in the laboratory.

But he feels like the demand for life has been pretty well taken care of by Nature's system, and he don't believe science can improve on it any.

I note that our lawmakers left Washington here the other day like somebody had hollered "fire" and they will now be politicking at home and junketing everywhere for a while.

Good deal of argument about what kind of a score they run up while camped on the Potomac.

President Ike claims they quit before they got around to some of his favorite programs.

My tax-warped neighbor says what the country needs in one session of Congress which quits before they have time to spend any money. Give the taxpayers a breathing year and the bureaucrats a payless vacation.

I see where President Ike got kissed on the golf course here the other day by a couple of strange women, and one of them pretty near had him on the ropes before his Secret Service guards broke up the clinch.

Which goes to show that being President is not all hardship. At least he has bodyguards to protect him from impetuous women.

My resourceful neighbor says, though, that he don't need the Secret Service to keep away the women any more, since he took to wearing noisy sport shirts and started chewing tobacco.

I note that Mr. Kasper, the white man's gladiator, has showed up in another desegregation hot spot.

My long-headed neighbor says it don't matter what form of crisis comes along in the world, Nature has always got men ready to take a hand in same.

This is proved by the present profusion of robbed politicians and meddling Kaspers coming to the rescue of communities where tranquility is about to set in on account of a shortage of home talent trouble makers.

News of Men in Service

Bobby King, who formerly lived in the Fresno community, reached California August 24, after serving a tour of duty with the Navy in Japan. He is the son of Mr. and Mrs. Loal King, 1939 Roosevelt, Amarillo, and grandson of Mr. and Mrs. W. A. Morrow.

King enlisted while still in high school and recently completed the work for his diploma, which he has received from the Navy. He will receive another from the Amarillo Schools when he reaches 21st birthday, he told his parents.

The young Navy man attended Wellington and Dodson schools before going to Amarillo.

BAUMHOLDER, Germany (AH-TNC) — M. J. Randm, son of Mrs. Pairie Davis, 507 Ft. Worth St., Wellington, recently was promoted to private first class in Germany where he is a member of the 265th Field Artillery Battalion.

Random, a truck driver in the battalion's Headquarters and Service Battery, entered the Army in

June 1956 and received basic training at Fort Chaffee, Ark. He arrived in Europe in October 1956. The 21-year-old soldier was graduated from Booker T. Washington High School in 1956.

Airman 2/2 Dnald L. Branch left Wednesday, September 11, to return to Nellis AFB, Las Vegas, Nevada, where he is stationed after 13 days leave with his parents, Mr. and Mrs. J. L. Branch here.

During that time, a buddy called from Nellis AFB to tell Branch he had made his third strip, giving him the rating of airman first class.

He has completed a year and seven months on a four year enlistment.

A Month's Visit Brings Many Experiences

Roberta Posey Finds Venezuela a Land of Contrasts, Rugged Beauty

Miss Roberta Posey recently returned from a month's trip to Venezuela, where she visited in the home of friends at Cabimas. In this letter to Mrs. Deskins Wells, she tells some of her impressions of that country.

Cabimas, Venezuela

Dear Louise,

Greetings from the land of burros, liqui-liquis, cantros, oil wells, and the beautiful Andes Mountains. So sorry for the belated letter but I have been in such a whirlwind of excitement during the past four weeks that there has been absolutely no time for writing. We have been traveling all over Venezuela and have spent only a few days in Cabimas, where my friends live.

Venezuela is about one-third larger than Texas and everything here has been so different and interesting, it would take a book to tell all about my trip; therefore, only a brief "report" of some of the things I've been doing and

seeing. As is true of many other countries, Venezuela is a land of many contrasts. It has both the good and the bad, the beautiful and the sordid. It has ultra-modern living areas as well as rugged, primitive spots that have not changed in many centuries. There are tropical spots of beauty and comfort, steep mountains of grandeur, lush plains, arid wastes, and beautiful wind-swept beaches. We have seen some of each. My friends live in the part of Venezuela known as the Maracaibo Basin, or the part of Venezuela surrounding the large Lake Maracaibo. It is very hot here, average temperature being around 85 degrees the year round.

After I had been here only a few days, we left on a cross-country trip for Caracas, the beautiful capital city of Venezuela. We stayed five days in the world-famous Hotel Tamanaco, and visited points of interest in and near Caracas. The climate there is very

pleasant, average temperature is about 67 degrees. The city itself is about 3,000 feet in elevation, but is surrounded by peaks of the coastal range.

Caracas is the governmental, financial, and commercial center of Venezuela. Many foreign and domestic companies have main offices there. I read somewhere the other day where it is one of the fastest growing cities of the world, and is considered by many to be one of the most beautiful. It is completely modern and one of the most highly publicized cities of the world, not only for its beauty but because it has been growing at such a remarkable rate. The population has now passed the million mark.

I wish I had the vocabulary and the "journalistic ability" to describe some of the beautiful homes and other attractions of Caracas. The city is very wealthy in entertainment and sight-seeing possibilities. Rather surprising to me were the new super highways being built around Caracas. Except for the new Pan-American highway, good roads and highways are rather scarce in Venezuela. The new Autopista is a twenty-minute ride of breathtaking beauty from the seacoast to Caracas. Mile-for-mile it is the world's most expensive highway and surely the most beautiful.

One of the highlights of my whole trip was a week-end stay in the fabulous new Hotel Humboldt. It is on top of Mount Avila at 7052 feet above sea level. From the top, there is a breath-taking view of the Caribbean Sea, the mountain, and the city of Caracas. It is impossible for cars to get up the mountain so guests must ride in cable cars. And I quote, "The Hotel Humboldt with its cool, dry climate, and unparalleled panorama

is undoubtedly the most picturesque hotel in the Americas." It is composed solely of suites and with all the comforts and conveniences, a stay there is absolutely unforgettable.

What started out to be only a "brief report" is turning into somewhat of a lengthy dissertation so I'm sure I should close, but I must tell you a little about our week's stay in the beautiful snow-capped Andes.

I was constantly enthralled by the surely incomparable scenery of the awe-inspiring Andes Mountain Range. Oh, I wish I could give justice to a description of some of the ancient little towns and villages which are perched up on high plateaus, some more than thirteen thousand feet above sea-level. Just as intriguing and fascinating are the little villages and farms sheltered in the folds of the fertile and cultivated valleys. Surely Nature has lavished her most wonderful coloring on the Andes.

As you can tell by what I've already written, I love

Venezuela. Of course, full credit for such a wonderful time goes to the family I'm visiting. They have certainly been nice to me. So many people who come to South America or to Venezuela see only one part of the country and go back to the states with quite a different impression. The Mortons have taken time off from other tasks and duties to take me everywhere and my deepest appreciation is to them for the most fulfilled and exciting vacation imaginable.

This month has certainly passed quickly. In only a few short days we'll be leaving for the states, taking a tour through Central America and Mexico. And for now, I must say Adios.

Quail Chorus Chosen to Represent Area I in Tri-State Fair Program

The Quail High School Girls' Chorus, which is 100% FHA membership, will appear on the Youth Program at the Tri-State Fair Saturday, Sept. 21st for a 20-minute program. This chorus has won first place four years at the Area Meet for the FHA held each year in the Spring at Amarillo. Mrs. Lowell Welles is director.

Miss Esther Sorenson wrote to Mrs. Monty Mitchell asking that the FHA girls of her department appear on this program and represent the Area I. Definite plans have not been received as to the exact time or broadcasts, but the letter stated that the program would be heard on Radio and possibly over TV. The program will

start at 10 o'clock from the Sports Arena.

Songs that were used on previous programs for the Area Meet have been selected for this program. They are: A Skit, "I'm In Love With a Boy of the FFA", a song and gestures by the chorus with Billie Moseley, the FFA Beau, taking a pantomime part. "We Belong to the FHA, 100%", a number used last year which brought many requests for the lyrics which were composed by the girls themselves. "Country Style", a choral number by Fred Waring will also be given with special gestures and Folk Dance steps. If time allows, an accordion solo by Judith Ann Wilson and a Tap Dance by Patricia DePauw will be used.

Mrs. Wells, Mrs. Mitchell and the girls of the chorus consider it an honor being asked to perform at the Tri-State Fair.

Members of this year's chorus are Eula Faye Baker, Mary Katherine Baggett, Doris Blasingame, Mary Jo Boen, Evelyn Brim, Elizabeth Ann Harrison, Cordelia Sue Harris, Betty Hill,

Sandra Kay Hill, Janice Howell, Clea Faye Kennedy Patricia Keys, Shirley Keys, Joyce Kirkland, Annette Lacy, Billye Lowe, Lynda McGill, Ann Ruth Messer, Anita Moody, Amelia Morgan, Willie Faye Newman, Patti Patton, Jessie Marie Romo,

Linda Diane Wade, Brenda Don White, Judith Ann Wilson, Sue Wilson, Patricia DePauw, Sharon Phipps, Ronetta Young, Loraine Hamby.

Methodist WSCS Continues Study

"Caste, American Style" was the topic for the second lesson of the study of the Women's Society of Christian Service of First Methodist Church Friday morning Sept. 13.

There was an increase in attendance over the first session. Circle Three had a panel discussion on "Discrimination." Mrs. Lynn was moderator and panelists were Mmes. Bill Eller, Bill Long, Eldon Holley, Tolbert Lewis and Gorman Owens.

Mrs. John Holton gave a short program on the history of Negro Spirituals, taken from Carl Sandburg's book, "The New American Song Bag." She sang a number of songs of wide variety, including an original work song "Please Don't Let This Harvest Pass"; a concert song, "Mary Wore Three Lengths of Chain"; and a burial song, "I Don't Want to Be Buried in De Stawm".

Mrs. C. M. Workman reviewed "Please Take My Children", one of the "How America Lives" series from The Ladies Home Journal, about a typical Negro family in Philadelphia.

Attending the meeting were: Mmes. Frank Weir, Holton, Elvis Crawley, E. F. Bartlett, Cal Hurst, Lewis, Eiler, Long, Owens, Courtney, N. E. Masten, Workman, Jno. Henard, R. L. Karnes, Holley, Lawrence Warwick, Henry Vaughan and one visitor, Mrs. C. B. Hayes of Ballinger.

Harris-Bain Rites Solemnized

Of interest here was the recent wedding of Mrs. Naoma Lavelle Bain, the daughter of Mr. and Mrs. Dabney Dave Peters, 2102 34th Street, Lubbock, formerly of Wellington and James William (Jay) Harris, son of Mr. and Mrs. Dee Van Harris of Paris.

The couple was married in Bowman Memorial Chapel, with the Rev. J. Wayland Edwards performing the double ring ceremony. Baskets of pink gladioli banked with palms decorated the altar. Mrs. Earl Gibbs, Quail, aunt of the bride, played traditional music and accompanied Mrs. T. J. Lovett, vocalist.

Given in marriage by her father, the bride wore a waltz length sheath dress of pale pink French Silk Chantilly flounce lace over bluish satin. The sabrina neckline came to a v at the back and was traced with scalloped lace. A full pleated panel enhanced the skirt back. Her matching tiara was trimmed with pink seed pearls and sequins, and she carried a pearl-covered Bible, topped with a bridal bouquet of an orchid feathered with pink carnations.

Mrs. Vernon McKaskle was matron of honor and Mrs. Winfield Moore, Levelland, bridesmaid. They wore dresses of rose crystaletta and taffeta, complimented with pink feathered hats

and bouquets of pink carnations. Jerrol Peters, brother of the bride, was best man and ushers were Keith Meredith, Don Pilkinton, Jack Aldridge of Dallas and Bob Hoare of Brownfield.

Candles were lighted by Miss Sherri Gibbs, Wellington, cousin of the bride, and Bobby Harris of Paris, brother of the bridegroom. The bride's cousin, Marilyn Byers, Wellington, was flower girl and her son, Ronald Bain was ring bearer.

The reception was held in the church parlor. In the house party were Mrs. Jerrol Peters, the bride's sister-in-law; Mrs. F. F. Swalley, her cousin; Mrs. Jewel Peters and Mrs. Rodell Byers of Wellington, her aunts.

The couple is at home in Dallas, following a wedding trip to New Mexico.

The bridegroom was graduated from Paris Junior College, attended the University of Texas and was graduated from Texas Technological College. He holds memberships in the American Institute of Electrical Engineers and Radio Engineers, and is employed by Texas Instruments, Inc., Dallas.

The bride was graduated from Hedley High School and attended Draughon's Business College. She has been employed as secretary to the business manager of Lubbock Public Schools and is a member of Epilson Sigma Alpha sorority and the Eastern Star.

B Team Downs Dragons: Firecrackers Lose

The Rocket B team ran over the Paducah Dragon B's 46 to 0, but the Firecrackers bowed 32 to 6 to the Lizzards in a quixotic pair of games Thursday night, September 12.

The Paducah Dragons presented a team that was both small and weak, and one which never gave the Rocket B serious trouble. On the other hand, the Lizzards proved to be not only strong opponents but considerably larger than their Wellington foes.

ROCKET B TEAM

Clinton Gibbs scored 18 points, on wide sweeps around end, for Rocket B. Kent Peoples scored twice, on a pitchout and a pass from Dickie Elbert, and Bill Estes also picked up two touchdowns on wide end runs. Elbert and John Duncan scored one extra point each.

Extra good blocking by Quarterback Elbert and hard running by Gibbs set up most of these scores, Coach Harvey Millsap said.

The Dragons penetrated to the 5 yard line once.

Well pleased with his boys, Millsap declared they played good games on both offensive and defensive.

He sent all 19 boys into the game: Elbert, QB and calling signals; Gibbs, fullback; Burl Lowe, halfback and tackle; Bobby Winston, center; Granville Killian, John Wolf, Jerry Duncan, ends. Benson Long, Dan Hiett, Eldon

Owens, and Robert Carter, guards; John Duncan, Kent Peoples and Bill Estes, halfbacks; Leo Russell, Keith Jesse and Ronnie Rudy, guard and tackle; Jerry Manuel, Leon Bawcom, tackles.

FIRECRACKERS

The Lizzards didn't let a quarter pass without scoring on the Firecrackers, with their big fullback setting the pace, Coach Mack Bush reported.

Wellington's lone score came in the Fourth period, after a short pass from Mauldin to Gary West was good for 50 yards and a touchdown. Later in that quarter Branch ran off tackle 40 yards only to be brought down on the 5-yard line. A fumble at that point cost the Firecrackers another chance for a score.

This game presented a new junior high star for the Crackers, Pablo Martinez, linebacker who was outstanding on the defensive, and who came here from Hebronville only a couple of days before the Paducah game.

Others turning in outstanding performances were West, left half, Jerry Rainey, center; Leroy Prince, tackle; and Herman Childress, guard.

Pogue Returns From Revival

The Rev. Russell Pogue returned Monday, September 16, after conducting a week's revival at First Baptist Church, Masterson.

Pastor of that church is a former Collingsworth county man, the Rev. B. C. Stonecipher, son of Rev. and Mrs. L. Stonecipher of Buck Creek community. He went to the Masterson church from Amarillo about four months ago.

First Baptist Lists Visitors

Attending services at First Baptist Church Sunday, September 15, were these visitors: Mr. and Mrs. H. M. Reavis of Childress; Mr. and Mrs. E. J. Butler of Elk City, Okla.; Mrs. Oza Hill of Dallas; Mrs. F. A. Thigpen of Jal, N. M.; Mrs. C. R. Teague of Lamesa.

Former Vinson Man Wins Free Trip

Dwain Darrow, formerly of Vinson and now of Pampa, recently won a free trip offered by the American National Insurance Company, by whom he is employed.

He and his wife, Billy Ann, left Wednesday with several other couples for the vacation to Galveston.

Local Group Visits Western States

Returning recently from an extended trip through the northern and western States were Mrs. Lowry, Mr. and Mrs. H. C. Morrow and daughters, Judy and Donna, and Mrs. Juanita Taylor.

The group traveled through eight states, visiting many places of interest, including several stops along the California coast.

They visited several days with Fireman First Class Billy Morris,

who is stationed with the Navy at Bremerton, Washington. Morris, a former Collingsworth resident, is the son of Mrs. Lowry and brother of Mrs. Morrow and Mrs. Taylor. The entire group spent some time at Mt. Rainier and in Seattle, Washington.

. . . Again in 1957

**. . . the Farmers of This Area Are Invited to Share in the Benefits that
Come from Ginning at the Friendly, the Efficient**

FARMERS CO-OP GIN

• MANY SERVICES

Again in 1957 as in each year for the past 30 years, every cotton grower is invited to take advantage of the services and share in the benefits that have been offered cotton producers of this area since the time when the gin was founded.

• SERVICE FIRST

The rebates you receive at the end of the season are not the only benefits you receive when you bring your cotton to The Farmers Co-op Gin of Wellington. There are other benefits that are more immediate.

• MODERN MACHINERY

As most of you know, we have one of the most modern gin plants in the entire Southwest, especially designed and constructed to serve the needs of the producers of this area. Our cotton cleaning equipment is the best and is a big factor in getting a better sample.

• TWO-PLANT CAPACITY

Two of the most modern gin plants housed in the same building give us a capacity to turn out the cotton without keeping our customers waiting. This gin was designed to get the top dollar out of your cotton by doing a better job on every bale.

• A MILLION PLUS IN REBATES

Because this is late model improved machinery, we do not have to run it slowly to get the best sample. Actually we run it at EXACTLY THE RIGHT SPEED as determined by scientific experimentation and because it is so engineered, this RIGHT speed also gives us higher ginning capacity.

• EXACTLY THE RIGHT SPEED

We consider these our most beneficial services; but it should be remembered that the Farmers Co-op Gin has paid out over a million and one hundred thousand dollars (1,100,000.00) in rebates since it was started. It is easy to become a member—just pay \$1 and gin one bale and you are a member entitled to all the benefits in proportion to the amount of cotton you gin.

Second Game of Season

**ROCKETS TAME TIGERS
44 - 6 AT HOLLIS FRIDAY NIGHT**

By Lyndon Crelia

Friday Thirteenth didn't prove very unlucky for Wellington's Rockets, as they roared over Hollis' Tigers 44 to 6 Friday night.

The Rocket club, in white instead of the regular red and white combination, really showed their power before the overflowing crowd at Will Husband Field at Hollis.

The Tigers stayed fairly well in the game the first half, but after that, it was the Rockets' game all the way. Quarterback Fat Wilkins drew first blood in the game on a keeper play that carried him over from the 10-yard line. The kick for extra point was good, with Wilkins doing the job. This was the only score in the first quarter. This first touchdown was set up by Carol Nun-

nelley who, taking the ball about his forty, swept around left end on a beautiful run to place it on the 10 yard line. Nunnelley, who played an exceptionally fine game both on defense and offense during the first quarter, was taken out of the game a few plays later when he was kneed after being tackled.

Second quarter saw the Rockets roll down the field on a scoring drive all the way from their own 23 yard line. With three minutes and four seconds gone in the second quarter, Wilkins tossed a 15-yard aerial to end Jerry Elbert, who then romped 15 more for the TD. Wilkins again did the honors for the conversion, and at the half the score read 14-0 for the Rockets.

Starting the third quarter saw the Rockets receive the kick down on their own 20 yard line, and a run back to the 30 by Ronnie O'Rear set the pace for an all the way drive to pay dirt by the Rockets. They marched down to the Hollis 3/4-yard line, only to be set back by a penalty, but three plays later saw Farris Wood plunge over for the tally. The kick for extra point was no good. All other scoring came in the last quarter, with Hollis' Carol Shied slashing off right tackle and over from the 5-yard line to start things rolling. This came with only 6 seconds gone in the fourth frame, and it was the last threatening drive by Hollis, as the Rockets completely controlled the rest of the quarter, racking up 3 more tallies.

Next score came on a drive from the Wellington 38 and ended with a 35-yard aerial shot from Wilkins to Elbert, who then romped 27 more for the TD. The kick again was no good.

After failing to gain yardage for a first down, the Tigers were forced to punt from their own 22-yard line. The ball was taken down on the Rocket 20 yard line by Jerry Elbert, who with some beautiful blocking, hugged the left sideline all the way down field for a sensational 80-yard run to pay dirt. The try for extra point was no good.

Hollis took the ball after the return kick, but were forced to punt after only 3 plays, as the Rockets defense team held them at a virtual standstill. The punt was taken on the Hollis 25, and after only 1 play, Farris Wood slashed off left tackle and over from the 14 yard line for the touchdown. The kick for extra point was no good.

Final score in the game came after Hollis again was forced to punt, with the ball taken down this time on the Hollis 30 yard line, and Elbert ran it back for

20 yards. This set the stage for the TD, and Ronnie O'Rear, working off left guard, drove over from the 10, to end the scoring of the game. The attempted run for conversion was no good and the final score stood 44 to 6.

The rest of the quarter was dominated with penalties, with the ball being moved back and forth repeatedly for both teams. At one time the ball went 15 yards back on Wellington, next play 15 yards back on Hollis, and next play 15 yards back on Wellington, all on penalties.

Wellington's defense again showed up good as a whole, with Forrester, Carter, O'Rear, White, Lockhart, Daves, Wilkins, Elbert, Woods, Welch, Crosby, and many others showing up time after time on pass blocks and tackles. As a matter of fact, nearly all the squad made a good showing, as late in the game a lot of the younger members saw quite a bit of action.

The '57 Ford was redesigned from the ground up . . . with a completely redesigned frame—new suspensions, front and rear—and a new built-for-keeps body. And at the heart of this new "Inner Ford," you can have the Thunderbird's own V-8 engine!

Long, lean and lovely! Not only does the '57 Ford act like a fine car . . . it looks the part, too—with over 17 feet of big-car beauty in all Fairlane models.

With a low, low price that's an old Ford custom! It's a new kind of Ford . . . for the old kind of money. Model for model, Ford's actually the lowest priced car of the low-price three.* Any wonder the '57 Ford outsells 'em all?

White Auto Store Re-opens in New Location

Grand opening of White's Auto Store in its new location is scheduled for Thursday, Friday and Saturday, September 19 through 21, Buster Hughs, owner, announced this week.

White's has completed its move from the south side of the square to the northwest corner in the Old City State Bank Building.

Enis Shadid, Tyler, owner of the building, completely remodeled it to fit the needs of the new occupant, installing a modern glass front as well as rebuilding both floors of the interior.

With the move, White's has considerably more display room, along with a full second floor for storage, Hughs pointed out, enabling him to add considerable new merchandise to the stock.

One new department, sewing machines has been added, and all other departments enlarged.

Hughs has owned White's Auto Store for two years and has associated with him in the business his wife, Frances. Working with them are Mrs. Earl Bowen and Kenneth Peeks.

velopment, and for several years he was a member of the ASC committee for Childress county.

After he moved to Wellington, Mr. Elbert continued his farming activities and also worked with his sons in custom earth-moving.

Samuel Wallace Elbert was born September 1, 1889, in Denton county, the son of Lode and Jane Hudson Elbert. He was married to Miss Lillie Maxwell at Lewisville, September 11, 1912.

Mr. Elbert has been a member of the Baptist church since 1931.

Funeral services were held at First Baptist Church Sunday at 3 p. m. with the Rev. Russell Pogue, pastor, officiating. Pall bearers were Ed Miller Jr., Ocie Scott, Rufus Sweat, W. C. Harwell, Leslie Moore and Riley Dunson. Burial was in West Wellington cemetery under the direction of Kelso Funeral Home.

Surviving are his wife, Mrs. Lillie Elbert of Wellington; four sons and a daughter: Cecil Elbert Howard Elbert, Harold Elbert of Wellington; M-Sgt. Garland Elbert, U. S. Air Force, French Morocco; and Mrs. Allie Butler, Ackworth, Ga. Other survivors are three brothers and a sister, Jack Elbert, Denton; Jim Elbert, Little Elm; Leonard Elbert, Baytown; and Mrs. Lottie Bounds, Childress. There are 10 grandchildren and four great grandchildren.

County. There are several such projects that can qualify," Massey told Cudd.

The situation is complicated by the fact that part of the right of way needed lies outside the city limits. The west city boundary runs for the most part down the middle of Haskell street, but it does include the west side of the two-block area on which the Housing Project will be built, the grounds of the old West Ward school, the block between 8th and 9th streets, and the block just south of the Gulf warehouse, Cudd explained.

Another angle lies with the Housing project. The Wellington Housing Project will match the kind of street that leads to it, Cudd said. If a paved street with curb and gutter leads to the project, that is the kind that will be built within the project. If it is only a dirt street leading to the housing, that is the kind the project itself will have.

"We definitely plan to go ahead trying to get the right of way, but we need some assistance pretty badly," the mayor declared.

Hutchings With SCS Office

George Hutchings, Palestine, has been assigned to the Wellington office of the Soil Conservation Service as a soil conservationist trainee. He takes the place of Wayland Moore, who resigned earlier to teach vocational agriculture at Roaring Springs.

Hutchings is preparing to work with SCS in its regular type program as well as the new Great Plains Program. As a trainee, he is due to be here only a short time, a year being the usual term of these assignments.

Born at Paris, he was reared in East Texas, and graduated from Texas A&M in 1942. He was a ranch manager before going with Soil Conservation Service and has engaged in various other types of farm and ranch activities.

His hobby is horses.

Officers Warn on Bay Rum Sales

Sheriff John Rainey said Monday, Sept. 16 that county and city officers have notified local merchants that it is against the law to sell bay rum to persons known to use it as an intoxicating beverage.

There have been several cases of charges filed by the State Liquor Control Board agents in connection with bay rum sales, although none of these have been filed here.

Several local sales have been made by store employees who were not aware of the purpose to which the bay rum would be put, Rainey said.

Church Continues Bake Sale Series

The bake sale conducted by the Women's Missionary Council of the First Assembly of God church met with good response Saturday September 14. "Due to the great response, the ladies of First Assembly of God church are sponsoring another bake sale, Saturday, September 21. This bake sale is being conducted at the building west of the Red Top Cafe on East Avenue," Rev. Joe Calabrese said.

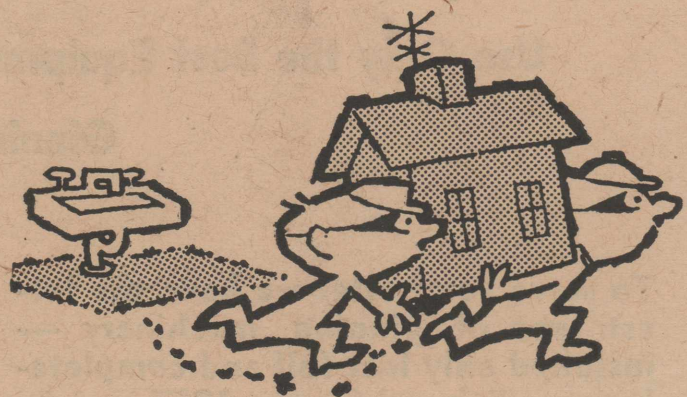

In connection with the bake sale a rummage sale is being sponsored at the same location and all proceeds from the bake sale and rummage sale will be used to pay off church indebtedness.

October 1 Last Day to Destroy Weeds

All farmers participating in the Soil Bank Program either on Conservation Reserve or Acreage Reserve are reminded that noxious weeds must be controlled on the reserve land or else the farmer will be in violation of his contract and will forfeit all payments thereto and liable to the Civil Penalty Provisions.

The ASC County Committee has set October 1 as a final date for destroying noxious weeds on the soil bank land in order to be considered in compliance with the contract with reference to controlling noxious weeds.

Farmers are also cautioned that no grazing of the soil bank land is permitted. The land must be kept free of all livestock, Travis C. McGuire, chairman of the committee said. Farmers who have land under a 1957 wheat or cotton acreage reserve agreement that does not have a cover crop on it may request of the county committee an approval for seeding rye as a winter cover crop under the ACP practice.

Norwood Queen Contest Opens

The race for Samnorwood school queen has opened, with a girl from each of the four high school classes competing for the honor.

The campaign will continue through the cotton picking holidays until October 31. The identity of the winner will be announced and the queen crowned at the annual Hallowe'en carnival.

Contestants are Pat Mayberry, senior; Karon Breeding, junior; Marie Martindale, sophomore; and Rose Bradley, freshman.

Belew Wins OU Season Ticket

A season ticket to all home games played by the University of Oklahoma this year is the award won by Wellington Farm Service for doing the best job of demonstrating and selling MH50 tractors in the district.

Arthur Belew, owner, was notified that he is the winner by L. D. Holder of the district office. Joe Peterson is manager of the store.

The award was made of work during the period of February 1 through May 31 of this year.

Deadline Near On Gas Refunds

COLLEGE STATION.—Farmers and ranchmen are reminded by C. H. Bates, extension farm management specialist, that Sept. 30 is the deadline for submitting applications for a refund of the Federal tax on gasoline used for farming purposes since July 1, 1956.

Farm operators who have not filed a claim may obtain Form 2240—the reporting form—from local county agricultural agents or Internal Revenue Service offices.

Bates pointed out that claims will be checked for accuracy and claimants, therefore, should be

certain that figures are correct. Sufficient records should also be kept to verify the claim, he adds. Claims should be submitted to the same district Internal Revenue office to which income tax returns are sent.

The legislation which makes possible the refund was passed by Congress in the Spring of 1956.

County Wins—

SUPERIOR MACHINERY AND AN EXPERIENCED CREW OF WORKERS MEANS BETTER SERVICE

At the beginning of the 1957 cotton harvest the officers and directors of The Farmers Co-Op Gin of Dodson extend a cordial invitation to make use of our services and facilities during the season. We are confident that it will make you a greater net profit on your cotton.

This gin was planned and built with one idea in mind and that was to serve the cotton grower better through the years, and it incorporates a number of features not found in the average run of gins.

Distinctive features include our SUPER CHAMP CLEANER that takes out sticks on machined cotton as well as dirt and trash. Another superior service is the use of two drying operations instead of one, and a third is superior type of lint cleaner that cuts down on the loss of lint in the ginning process.

All of these plus an experienced gin crew mean that you will get a better turnout and a better sample when you gin at The Farmers Co-op Gin of Dodson.

And of course there are those appreciated rebates that are returned to the grower at the end of the season. Remember the more you gin, the larger your rebate.

We are ready to handle your GRAIN—Top market prices or we can put it in the loan for you.
