Dockrey is expecting a large turnout for the Fly-In, pointing out that the yearly nature of the area-wide event brings people back year after year.

New Industry For C-City Iron Star Potters Operations To Begin July 15

The Colorado City Industrial Team has secured another industry for Colorado City, one

which will involve nine persons. Iron Star Potters, now located in Big Spring, is expected to be

in operation in Colorado City by July 15 in the building that once housed Colorado Steam Laundry.

The Laundry building was purchased by the Industrial Team recently from the heirs of J. Ralph Lee in order to have a building available for any industry interested in coming to Colorado City.

Charles Root, Industrial Team member, said that in their drive to attract industry to Colorado City, the Industrial Team

is often approached by people who are interested in having a building immediately available.

Iron Star Potters is owned and operated by Mr. and Mrs. Bob Creighton. The firm produces hand-made pottery of all types. The industry has been in operation for about 10 months. They were recently given notice that the building they were renting was about to be sold.

Dr. Bill Rhode, who makes pottery as a hobby, found out that the Creightons were looking for a place to locate and sent them to Root who worked out details of their move to Colorado City.

The firm will employ the Creightons, Creighton's mother, three potters, a secretary and two general helpers. The Creightons hope to eventually build a new building and hire more than 20 persons in their operation here.

Creighton, a native of Ohio, has a master's degree in psychology, and was a psychologist at the state hospital in Big Spring before he started Iron Star Potters.

The Industrial Team purchased the Steam Laundry building after selling another building the team owned on Walnut to an industry which will locate here within the next two months.

The building is now being cleared of laundry equipment and Iron Star Potters will begin moving into the facility almost immediately.

Colorado Steam Laundry had been owned and operated by J. Ralph Lee since 1925 until his death in March of this year. Lee was a longtime booster of Colorado City and charter member

C-City Noon Lions

New officers of the Colorado City Noon Lions Club who were installed Friday by Rev. Glenn Roenfeldt, right, are, left to right, directors Larry Hamner and Bill Everett, Lion Tamer Mel Palmer, Tail Twister Murrell Blassingame, Secretary

Sefton Pickens, 3rd Vice President Jerry Reynolds, 2nd Vice President Buddy Hertenberger and President Bill Carter. Not pictured are 1st Vice President Tandy Curlee and Directors J. A. Sadler Jr., and Philip Berman.

SCS Chief To Transfer

Don Hodges, District Conservationist with Mitchell Soil and Water Conservation District and Soil Conservation Service head, will be transferring to Sherman in the same capacity for Upper Elm-Red River District.

He and his wife, Dorothy, who is employed by the Veterans Administration in Big Spring, will be moving to Sherman when his transfer becomes effective July 19.

Hodges is leaving after six years in Colorado City. He has been in conservation work since his graduation from Texas A&M in the spring of 1955, taking training in Bryan in June and July of that year.

His first job was at Van Alstyne for a few months, followed by a ten-year stint in Bonham. Short terms in Jacksboro and Cooper preceded his move to Colorado City.

Hodges said that his successor will be Van Mills, presently District Conservationist at Andrews, but Mills's move to Colorado City will mean a promotion, as this district is rated higher in amount of work load.

Mills will not take over the office here until August 5, his first day in Colorado City.

While in Colorado City, Hodges has been an active supporter of the city and a member of various civic groups. He is presently on the board of directors of the Chamber of Commerce and a Noon Lions member. He and Dorothy attend church at 22nd and Austin Street Church of Christ.

They have a grown son, Gil, who lives in Huntsville.

"Butterflies"

Cast Rehearsing

Cast and crew of the next Playhouse production of "Butterflies Are Free" are busy rehearsing for the opening date of August 1.

Marsha Moore, director of the play, said that the first Thursday, Friday and Saturday in August are production dates.

According to Coleen Palmer, vice president in charge of production, the cast is set and staging crew has already constructed most of the setting. Gwen Wistrand is in charge of staging construction and design.

The story revolves around a young man who has broken away from his overly-protective mother and lives alone in a rundown cold water flat in New York City. He strikes an acquaintance with a pretty, flirtatious girl who lives in the apartment next door. His mother is appalled at this environment.

Carl Beery Moore plays the part of the young man, Don Baker. The young girl is portrayed by Linda Sample. The part of the mother is played by Lovess Curlee and George Womack plays the part of an unscrupulous theatrical director who has designs on the young girl other than presenting her in one of his plays.

Mrs. Palmer said that most of the off-stage personnel activities have been assigned but some are still vacant--make-up, concessions and ushering. Larry Debusk is in charge of programs; lighting and sound operation will be handled by Bill and Mona Crockett; costume will be handled by Shirley Delaney and Carolyn Smith; properties by Bobbie Steakley and John Merritt is house manager. Dianna Tammen is reservations chairman.

Housing Survey More Response Needed

According to Sefton Pickens, Chamber of Commerce director, the housing survey being conducted in the city needs more people to sign-up.

"Some people think that leaving their names at the Chamber office or the other places in town that are taking names for the survey, obligates them to buy a new house or to rent an apartment," Pickens said.

No obligation is intended for people who indicate an interest in obtaining more information about housing in the city, Pickens pointed out, but they will be contacted and consulted about floor plans and number of bedrooms and type of parking facilities, etc.

The survey is being conducted in order to establish need, so that potential builders will have an idea of types of housing to construct, he emphasized.

Other places that are taking names of people interested in having more housing available in Colorado City are City National Bank, Colorado City Savings and Loan, Radio Station KVMC, the Record or Root Memorial Hospital. Plans are also available for inspection at the Chamber, bank and savings and loan offices.

Some people may know others who presently are living outside the city or in adjacent towns who would like to move to Colorado City if they could get suitable housing, Pickens said. If so, they are also asked to let some of the survey takers know of the situation.

One of the most distressing problems facing Colorado City's efforts in getting new industry to locate in the city is the lack of housing for workers. Members of the Industrial Team have been working closely with a Fort Worth building firm in order to alleviate the housing shortage, but before anything more can be done, the survey must be made, and it is in an effort to get more response to the survey, that Pickens made his remarks.

In order to facilitate the survey, the Record is again publishing the Housing Survey Form, printed on Page 4 of this issue of the Record.

Phyllis Messimer, manager of the H&R Block office in Colorado City, received an award from Mike Thompson, head of the district office in Abilene. The local H&R Block office was the top franchise of 187 in the state. In its third year of operation, the office showed a 112% increase in 1973. Mrs. Messimer got a three-day trip to Corpus Christi and a \$150 check.

Two Teachers Hired

Supt. Lloyd McKee has announced the hiring of a math teacher and a choral director for high school, subject to school board approval at the next regular meeting of the board, July 8.

Rhonda Lee and Surry Gillum have been hired for the open positions, McKee said. The husband and wife are both graduates of Tarleton State University at Stephenville.

Mrs. Gillum holds a B. S. degree from Tarleton and an M. S. degree from West Texas State University in Canyon, with majors in math and accounting. She is presently teaching math at the college level at Tarleton State University. Her assignment will be high school math.

Gillum holds a bachelor's degree in Music Education from Tarleton and a Master's degree from West Texas State University with a major in music and

minor in history. He has taught in the Gorman, Rising Star and Happy school systems. He will be assigned to teach choral music to high school and junior high students.

★ASCS Reminder

Don Stewart, Mitchell County ASCS executive director, reminds agriculture producers that July 5 is the deadline for signing up acres that were prevented from planting in feed grain by June 20.

Since the Agricultural Stabilization and Conservation Service office located in the G-Kell Building, will be closed for the Fourth of July holiday, Stewart emphasized the deadline date.

"Another important date to remember is the July 15 certification deadline," Stewart said.

"Guilty" Says Tyler Jury

Three men who were arrested here last September and tried in Tyler during the past week were found guilty on all charges late Friday afternoon.

Found guilty of the charges of kidnapping, robbery and assault to murder, as well as minor charges, such as attempt to defraud, were Wayne William Barfield, Larry Fate Fortune and Peter Gaston Kaiser, all of Columbus, Georgia.

They were indicated on 13

counts in connection with the abduction and shooting of a Columbus, Ga., man, James Otto Hoover. Hoover testified at the trial about his shooting, saying that they forced him out of his car near New Harmony, near Tyler. In a ditch near an open field, Hoover said, the three men forced him to take off his coat, shirt, tie, and undershirt, fold them for use as a pillow and lie outstretched on his stomach with his arms outstretched.

He then told how they fired bullets into his body but he later recovered in a Tyler hospital.

Also testifying at the trial were Willie Landau, owner of Landau's clothing store in Colorado City. He testified that the three men entered his store and attempted to charge a number of clothing items to a credit card belonging to James Hoover. He told how he called city police after the trio left his store, as he became suspicious when they could not produce driver's licenses.

Roy Calhoun, Colorado City police officer who arrested the three on investigation of a stolen automobile and passage of stolen credit cards, identified two .22 caliber pistols introduced into evidence in the trial. Calhoun said they were the same pistols which he took from Hoover's 1971 Buick Skylark Sept. 8, 1973 when he made the arrest.

Calhoun also confirmed that the three had Hoover's credit cards at the time of the arrest.

Also going to Tyler to give testimony in the trial were Mitchell County Sheriff Bill McGuire, Justice of the Peace for Precinct One when the arrest was made, Leonard Henderson and former city policeman, Peat Upshaw.

INDEPENDENCE DAY JULY 4, 1974

From The Living Bible

Blessed is the nation whose God is the Lord, whose people he has chosen as his own. The Lord gazes down upon mankind from heaven where he lives. He has made their hearts and closely watches everything they do. The best-equipped army cannot save a king—for great strength is not enough to save anyone. A war horse is a poor risk for winning victories—it is strong but it cannot save. But the eyes of the Lord are watching over those who fear him, who rely upon his steady love. He will keep them from death even in times of famine! We depend upon the Lord alone to save us. Only he can help us; he protects us like a shield. No wonder we are happy in the Lord! For we are trusting him. We trust his holy name. Yes, Lord, let your constant love surround us, for our hopes are in you alone.

Conversation Corner

CAN YOU SING—or say—all the words to our national anthem, "The Star Spangled Banner"?

JULY FOURTH, Independence Day, is on its way for Thursday so you've time to learn or re-learn them and teach at least part of them to the children. Sing, America, sing and be glad Congress had the sense not to switch the blessed date to some Monday.

Mondays don't often feel like real holidays. They give us old die-hards dyspepsia and are almost as confusing as Daylight Saving Time, all over this "Land of the free and the Home of the Brave."

CHILDHOOD memories of the Glorious Fourth are among the dearest. They were somehow different. Or maybe childhood is just different. They used to come in three parts—getting the picnic baskets ready and packed while Daddy raised his flag...the solemn part...and the fun part. Nearly everybody for miles and miles around went to Jack's Creek, near Mexico, for the program, then feast, then play for the young, visiting for the adults. A carnival usually managed to show up near the celebration. And after band music, singing, long, long patriotic speeches and recital poems from the bunting-decked platform, there were the rides.

There was always red soda pop which for no reasonable reason still brings back the Fourth of July.

NEXT to Christmas and Thanksgiving July the Fourth is nearly everybody's very favorite holiday. And it's THURSDAY this time, the REAL day! So hoist Old Glory, celebrate, and SING.

Rarely hear the national anthem without recalling a little tale my father used to love to relate. It seems that some foreign visitor, watching the Stars and Stripes lead a July Fourth parade march, tried to be funny and degraded our flag by saying "It looks like striped peppermint candy."

The American citizen standing at attention nearby replied with vigor, "Yes and it can make anybody who likes to lick it sick."

YET, how many of us really know the anthem's words, start to finish? How many other beautiful patriotic songs can you sing clear through?

Practically all of us know and love the chorus of "God Bless America," parts of "America, the Beautiful," the touching finale which sings "And crown thy good with brotherhood from sea to shining sea!"

Most of us can sing most of "America," called more often "My Country, 'tis of Thee." A few of us can join in "Columbia, the Gem of the Ocean." Sing, America, sing! And pray that freedom shall not perish from this earth.

THERE was boating and some swimming in the then wide and beautiful Creek surrounded by willows.

There was cold fried chicken at supper time for some families with baskets still running over. Some hand-holding for teen-agers not hungry beyond one drumstick.

There was for years one dignified Civil War veteran, with a cane and a long white beard, surrounded by younger men listening to his war. The band always played "Dixie" as a tribute to him when he appeared among the crowd while tears traced down from his fading eyes to his wrinkled cheeks. And all the people cheered and clapped like thunder. He was the hero of the day.

AS the evening began to be cool and the stars began to twinkle everybody packed up and went home until the next Fourth. Everybody, that is, except those still on the ferris wheel while parents waited and sometimes yelled from the ground. Ah, "Make me a child again just for this day."

CELEBRATE the modern way—steaks on the patio, a few friends, golf, fishing, but sing, America, sing!

This is MY country—and yours—"Land that I love." Remember and be glad.

FAMILIAR FACES here and there places lately were those of Evelyn (Mrs. Perry) Bowles...Pete Warren...Mrs. Jesse (Joy) Browning...Angeline (Mrs. Pete) Biggers...Bob and LaVerne Chalk...Ed Roach...Lovess Curlee...Bob Ratliff...Leonard Henderson...Peggy and Hulen Bagwell...Ben Godina. Anybody told you that Dick Thomas, recent Texas Tech grad and son of Glenn and Lillian Thomas is now working in a bank at Odessa?

Did you know that our Leonard Simon of Dallas was in C-City one day last week?

Saw Crickett Hrbacek, former Citian, here seeing friends, Monday. She works and lives in Midland but is a RECORD subscriber and loyal fan for every issue.

HEAR TELL that beautiful Adele Hutchinson Bennett (Mrs. Owen) was visiting her old home town last week. Adele was spotted lunching with Mrs. W. R. Motley Sr. and with Mrs. L. W. Sandusky, Adele's maternal grandmother of Abilene.

The Bennetts, who have lived many interesting places including Australia, now live in Amarillo and are parents of four children. She grew up here as one of the prettiest girls we ever "raised" and is plumbglamorous now.

Her parents were Muff and Homer Hutchinson, her grandfather the late Judge Sandusky.

Offices Burn At Auction

Ahlene Auction, owned by Tom Neff and Waddell Strain, both of Colorado City, was damaged by fire Friday night but no one was injured.

The fire apparently started in the kitchenette area between the offices of Strain and Neff but firemen were unable to determine what caused the blaze. Nine Ahlens Fire Department units were called to the auction about 7:25 p.m. and the fire was out by 9.

Firemen chopped several holes in the roof to get to the fire in the main building's second floor. Office furniture, canned goods, wall paneling and ceiling sustained heavy damage.

The fire will not affect operations of the auction and next regularly scheduled auction will be held as usual on Tuesday.

Two Men Caught In Roadblock

Colorado City police and City National Bank officials assisted in the arrest of two men in Big Spring Wednesday and the recovery of about \$7,400.

Acting on information from teletype sent to Big Spring by Colorado City Police dispatcher Juanita Schaefer, Samuel Orona Martinez, 25, and Willis Orona Ybarra, 17, both of Sweetwater were arrested after a roadblock was manned there.

The two are charged with burglary of a doctor's home in Ahlens, with bond set at \$10,000 each, but the men are still in custody.

The teletype supplied information that an attempt had been made to change a large quantity of nickles for bills at the bank when workers became suspicious and notified police.

Motorcycle Rodeo Set

July 9 is the date set for a Motorcycle Rodeo to be held in the Western Riding Club arena west of the city, said Rodeo director Ken Burnam.

Included in this year's events will be Boot Scramble, Kick the Can, last year's popular Hot Dog Race, Barrel Racing, Pole Bending, a Wheelie Contest, Slow Race and Jumping Contest.

The event will again be sponsored by Mitchell County Boys' Club, proceeds going to the Club.

Illness preceeding Lee's death forced an end to steam laundry service locally, but employees continued to handle the pick-up and delivery service, taking laundry to Snyder for processing.

Leonard Morris owner of Morris Laundries, has purchased the steam laundry service and moved the operation to one of his two laundries at 344 W. 4th. Morris will continue the pick-up and delivery steam laundry service along with his self-service laundry operations at two locations in Colorado City.

There was a West Texas flavor in the official welcome for Soviet Union athletes in the Governor's mansion Wednesday. The Russian teams who traveled to Texas for the U. S. U. S. S. R. junior track meet Friday and Saturday in Memorial Stadium in Austin were guests at a reception hosted by Governor and Janie Briscoe. Assisting the Governor's wife on arrangements for the mansion party was Billie Martin, wife of State Representative Elmer Martin of Colorado City. Mrs. Martin was also in the Governor's official party with Governor and Mrs. Briscoe receiving the guests. Tags of welcome--written in Russian--were pinned on the Russian athletes by June Harris, wife of Galveston State Representative Ed Harris, and Madge Bell, wife of Rep. Martin's administrative aide Joe Bell. When Rep. Martin arrived at the reception with the delegation of legislators and senators, Janie Briscoe hurriedly escorted the Colorado City legislator across the room to the Governor.

Business And Professional Women Install New Officers

Aldred Pickens became president of the Colorado City Bu-

ness and Professional Women's Club Thursday evening in an installation service held at Lone Wolf Medallion Room.

Wyone Jameson, installing officer, also installed Molly Phillips, first vice president, Carla Rivera, second vice president, Helen Reeves, recording secretary, and Etta Jones, treasurer. Sue Womack, corresponding secretary was unable to attend.

The meeting was opened with a medley of piano tunes by Midge Ledbetter and a guitar solo by Cara DeLaney, "He's Got The Whole World In His Hands," which set the theme chosen by Mrs. Pickens, "Helping Hands." Pledge to the flag was led by Mrs. Carla Rivera, the club collect was read by Margaret Oyler, Nelda Garrett spoke the

closing prayer and Elizabeth Jones registered guests.

Members who attended Texas Federation Convention in San Antonio last weekend reported on workshops and meetings they attended. Miss Molly Phillips attended the Program Committee Workshop and briefly outlined the "Blueprint for Women" this year's National program. Etta Jones reported on Secretary-Treasurers workshop where women were encouraged to establish credit in their own names. Erdine Morgan reported on Nike-Samothrace clubs which are sponsored by the B&PW for high school and college age girls. One club project is Career Awareness Programs to inform young women entering the labor market and older women who are re-entering business or changing their professions of the job opportunities available to them. She also reported on membership expansion. Mildred Boyd reviewed the Young Careerist Programs and told of competition from each District in Texas with winners to enter National Competition. Shirley DeLaney reported on convention entertainment and business sessions.

Mrs. Aldred Pickens reviewed the leadership workshop and gave a brief outline of her plans for the year.

Shirley DeLaney presented the club president's pin to Mrs. Pickens, who in turn gave Mrs. DeLaney the past president's pin.

Emphasizing her theme "Helping Hands," Mrs. Pickens appointed an advisor to each committee chairman who will help to carry out programs for the year. Members of the committees will be announced later.

Chairman and advisors are as follows: Program Committee-Molly Phillips, chairman; Shirley DeLaney, advisor; Membership Committee-Carla Rivera, chairman; Ethel Hardegree, advisor; Good Cheer Committee-Venita Garnett, chairman; Bessie House, advisor; Public Relations Committee-Shirley DeLaney, chairman; Helen Reeves, advisor; Foundation Committee-Mildred Boyd, chairman; Nell Carpenter, advisor; Finance Committee-Mildred Free, chairman; Ida Kirschbaum, advisor; Personal Development Committee-Barbara Pollard, chairman; Rochelle Smith, advisor; Civic Participation Committee-Jackie Dennis, chairman; Nelda Garrett, advisor; Legislation Committee-Allene Hill, chairman; Elizabeth Jones, advisor; World Affairs Committee-Betty Menshew, chairman; Margaret Conaway, advisor.

Members present in addition to those on program were Ruby Cawthron, Virginia Dearen, Pernesa Hart, Louise Havard, Lee Hutchins, Ida Miles, Mary Lee Moore, Lona Pritchett, Mozelle Richardson, Sallie Rogers, Vera Simpson, Faye Spivey, Thelma Tidwell and guest, Mrs. Isla Watson.

Next general meeting will be July 9 with new officers as hostesses. Board meeting for all new committee chairmen will be held Tuesday at the Pickens home.

Club Sets Golf Day

Colorado Country Club members are planning an inter-club golf tournament of the Louisiana Draw type for the afternoon of July 4.

After the 18-hole tournament, a buffet style covered dish supper is scheduled, with each family bringing food. Women's Golf Association members are

sponsoring the covered dish supper and members of the Duplicate Bridge Club will hostess a social hour preceding the supper.

Livestock Claimed

Pablo Munoz of Loraine was the owner of three head of lost livestock which he claimed last week from Mitchell County Sheriff's Department.

Munoz saw the picture of his lost burro, a part Shetland and a Shetland in the Colorado City Record and came into town to claim them.

Dear Stamps,

I'm not sure, but you can check with somebody at the post office.

Dear Jill,

I'm a boy and my mother doesn't like high heel shoes for boys. What can I do?

HIGH HEELS

Dear High Heels,

Maybe you could compromise and get a medium height heel.

Dear Jill,

Why isn't playing marbles popular anymore?

MARBLES

Dear Marbles,

Because it was done for so many years that people got tired of it.

Dear Jill,

Do you think your dreams come true if you tell them before breakfast?

DREAMS

Dear Dreams,

No, I'm afraid it's just a silly superstition.

Dear Jill,

Do motorcycles get good gas mileage?

MOTORCYCLE

Dear Motorcycle,

Yes, but some get better mileage than others.

Dear Jill,

Is it good to have reflectors on your bicycle even if you only ride it during the day time?

REFLECTORS

Dear Reflectors,

Yes, because some times the bright red makes bicycles easier to see and less likely to hit.

ALL YOU NEED TO DO TO RECEIVE A "LITTLE LETTERS" PENCIL IS WRITE YOUR PROBLEM TO JILL. BE SURE TO ENCLOSE YOUR NAME AND ADDRESS ALTHOUGH NAMES WILL NOT BE USED IN THE NEWS-PAPER.
