Along The *Waterfront*

Fine fishing is reported at Captain's Bait and Tackle Wharf.

During the past week the following catches were reported.

H. L. Brown and his 11-year-old son, Gregg, of Ostustee, Okla., caught 10 trout and five drum. One drum weighed 5½ pounds.

W. L. Glaiser and two sons, Bobby and Danny, LaGrange, Texas, caught three gafftop from a boat in front of the pier, next to the channel.

Lee Rogers, San Antonio, brought in 23 speckled trout.

Jack Purifoy, Rockport, fishing at night with a worm jig, caught 117 pounds of speckled trout and flounder. One trout weighed 7½ pounds.

Mrs. Wells Injured In Auto Collision

Mrs. Alma Wells, 75, of Fulton, suffered severe lip lacerations in a two car collision on Highway 35, just west of Aransas Pass, on Monday.

She was taken by ambulance to Lyman-Roberts Clinic in Aransas Pass where five stitches were taken in her lip. Mrs. Wells was alone in her car at the time of the accident.

Passengers in the other car, driven by Mrs. Rosa McPherson of Ingleside, were the driver, her daughter, Mrs. Arthur Olson of Ingleside and a niece, 13-year-old Linda Granmore of Corpus Christi.

State Highway Patrolmen said these passengers were shaken up, and Mrs. Olson was examined at the clinic and found to be uninjured.

Fire Destroys Britton Dick's Car

Britton Dick, 23, son of Mr. and Mrs. H. H. Dick, was heading for College Station on Sunday to begin summer session at Texas A&M.

His car was filled with clothes and books and everything was O.K., when suddenly Dick smelled smoke at the same time that the engine, located in the rear of his car, shut off.

He pulled off the road and saw flames shooting out at the rear. In a couple of minutes two cars full of A&M students pulled up and helped Dick salvage all his clothes and books, and later took him to the school.

The car was another matter. It was completely destroyed by the fire. This happened about 10 miles south of Hallettsville.

By coincidence Mr. and Mrs. Ted Giese happened on the scene as they were returning to Rockport.

Another local resident, had the misfortune to have his car destroyed by fire. The blaze started in his car while is was parked in the front yard of his home. He believes a short in the electric wiring for the front seat was the cause.

Martin Beats Spears In Aransas County

Crawford Martin, who beat Franklin Spears 362,624 to 285,922 in the runoff battle for Democratic nomination for attorney general, carried Aransas County by a vote of 101 to 62.

The voting took place in the courthouse. Mrs. Elbert Mundine was presiding judge and Mrs. A. L. Brundrett, Mrs. Gertrude Mills and Mrs. H. T. McDow were clerks.

RYSCO Builds 100th Boat Since Founding

The Rockport Yacht & Supply Co., Inc., has delivered the 100th boat built since the company was founded in 1935, John P. Mitchell, Jr., vice president, announced today.

The boat was a 65-foot steel trawler ordered by Robert and Richard Samanie and Mrs. Brunella Agamy of Du Lac, La.

This is the first of a new 65-foot series with a 19-foot 4-inch beam and powered by an 8V71N General Motors diesel engine with a 6 to 1 reduction gear.

"While these boats are designed primarily for coastal fishing," Mitchell said, "they have the ability to fish in Campeche waters."

Comparing RYSCO's current rate of building with the schedule in former years, Mitchell said the firm is constructing boats at an average of four per week. The Rockport yard personnel exceeds 250.

Albert B. Silchenstedt, vice president in charge of design and production, said he believes the 65-foot series of boats "will receive excellent reception from buyers because of production ability and longer range. Also, this size vessel provides adequate quarters for the crew for trips on long duration."

The yard presently has contracts to build 65-foot vessels of this design for Calvin Seals and Burwell King of Aransas Pass.

Delivered early this week were the last two of a series of four boats built for Booth Fisheries and named for two Booth executives, Jack Harding and Enrique Escalona.

These 60-footers, to be used in shrimping operations in Nicaraguan waters, are the same as boats previously built for L. E. Casterline of Fulton, T. J. Johnson of Rockport and Abe Bedre of Aransas Pass.

Under construction is a 60-foot for an affiliate of Henderson's Portion-Pak to be used in Madagascar.

Eastern Star To Install Officers

Rockport Chapter 479, Order of Eastern Star, will conduct open installation of officers at 8 p.m., Friday, June 10 in the Masonic Temple. The public is cordially invited to attend.

To be installed are Clara Brymer, worthy matron; A. G. Gardner, worthy patron; Katherine McLester, associate matron; Mary Juergens, treasurer; Alma Ratliff, conductress; Margaret Ann Pittman, associate conductress; Mary Hill, chaplain; Jose-

Arthur J. Goldberg, our top man at the United Nations, was in the news again when he said that the United States shared with Canada the view that China should be "brought into the mainstream" of world peace efforts. Mr. Goldberg, who made the statement in Ottawa, said he plans to visit a number of foreign capitals to discuss "common United Nations problems" between sessions of the General Assembly.

Navigation District Rejects Little Bay Development Proposal

The Board of Aransas County Navigation District No. 1 this week decided not to consider—at least at the present time—a proposed recreational and business development project on property west of and adjacent to Little Bay.

The proposal, made by L. R. Pletz of San Antonio and Gay Copeland of Rockport, called for the construction of a marina and varied recreational and business facilities.

Before deciding not to consider the project at the present time, the Board conferred with Lockwood, Andrews and Newnam, consulting engineers, with offices in Corpus Christi, Houston and with L. J. "Laddie" Janechek of the First Southwest Company as financial advisor, according to Ellis R. Clark, attorney for the Navigation District.

In another decision, the Board granted D&R Concessions an additional location for a mobile refreshment stand at the salt water swimming pool.

Mayor Reminds Residents to Get Building Permits

Mayor Delmar R. Hiller has asked the Pilot to remind local residents of the building permit ordinance which was passed by the City Council in which states:

"That it shall hereafter be unlaw for any person to construct or structurally alter any building within the city limits of the City of Rockport without obtaining a permit issued by the City Secretary, except where the total cost of such construction or alteration does not exceed $25.00."

Steals $56 Worth Of Shrimp, Receives Three-Year Sentence

For stealing $56 worth of shrimp, C. C. Dykes, San Antonio youth, was sentenced to three years in prison but was then placed on probation.

Judge John Miller of Sinton gave the sentence this week in 36th Judicial District Court after Dykes waived a trial by jury.

Dykes plead guilty to a felony theft charge in stealing the shrimp from a boat docked at Aransas Pass.

Mrs. Paschal Winner In Inter-City Golf

Mrs. George Paschal of Riverside Country Club, Robstown, had a 68 for low net of the field to win the trophy in the first flight in the Ladies Inter-City Golf Tournament at Live Oak Country Club on Wednesday.

Other first flight winners were Mrs. Leo Beckley, Pharoahs Country Club, Corpus Christi, low gross, 79; Mrs. Chris Rachel, low net, 71; Mrs. G. L. Greene of Oso Golf Course, Corpus Christi, and Mrs. Ed Dupre, Live Oak tied for low putts at 29.

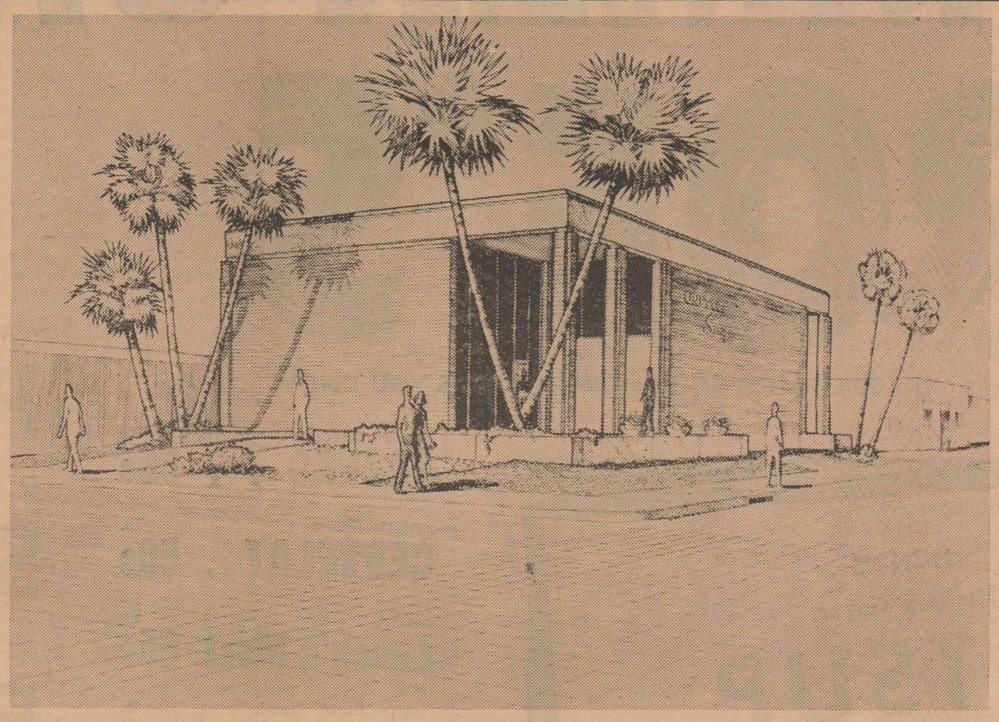

Second flight winners were Mrs. Dorothy Coward, Refugio, low gross, 90; Mrs. Helen Swenden, low net, 75; and Mrs. J. C. Oswalt, Riverside, low putts, 30.

Third flight winners were Mrs. Sarah Warren, Pharoahs, and Mrs. Harry Matthews, Riverside, tied for low gross with 97; Mrs. W. J. Tuttle, Live Oak, and Mrs. Carl Stender, Riverside, tied for low net, 74; and Mrs. Otto Knight, Riverside, low putts, 30.

The three winners in the fourth flight were Mrs. J. W. Weber, Sinton, low gross, 97; Mrs. S. C. Lewis, Riverside, low net, 74; and Mrs. Frank O'Kelly, Live Oak, low putts, 30.

FULTON AUXILIARY TO MEET JUNE 14

The Auxiliary of the Fulton Volunteer Fire Department will hold a meeting at the fire station on Tuesday night, June 14. Refreshments will be served at 8 p.m. and all women interested in the Auxiliary's activities are invited.

United Savings Awards Contract For New Building To R. A. R., Inc.

United Savings Association has awarded to R.A.R., Inc. the contract for construction of a new office building at the corner of Austin and Main Streets in Rockport.

The new building will have 3600 square feet of floor space including 1200 feet on a mezzanine floor that will be rentable office space. H. L. Rymal, oil operator, has leased a part of this space.

The building will be all masonry construction with exterior walls of glazed brick in colors shading from light blue through varying shades of blue to sand color, and will reflect the changing moods and colors of the seas.

Interior walls will be brick, painted white to provide a background for periodic art shows.

Ground floor will contain the lobby, a work room and a conference room.

The building will be set back from the street to provide a landscaped area in the center of the city. Plants native to this area and attractive walks will be incorporated in the landscaping.

James H. Sorenson, Jr. President of the First National Bank is a director of United Savings. Delmar Hiller is assistant vice president and manager of the Rockport office.

The United Savings Rockport Advisory Committee is composed of Mr. Sorenson as chairman, Dudley A. Bracht, Weldon Cabaniss, Emory M. Spencer, Roy V. Rogero, A. C. Glass, John M. McDavid, Travis Johnson, Fred A. Bracht, Sr., Thomas D. Picton, Harold H. Picton, H. L. Rymal and Judge J. J. Woodhouse.

Hug-the-Coast Highway Group To Meet Here

Ernest D. Upham, Jr., of West Columbia, Texas, representative of the Louisiana-Texas Hug-the-Coast Highway Association, announced today that a two-day conference of officers and members of the association will be held Sept. 11 and 12 at the Sandollar Motel.

Pausing in his campaign to sign up additional association members in Aransas County, Upham said an objective of the organization is "to get Highway 35 through Aransas County redesignated as U. S. Highway 11 as part of a new international route from Montreal, Canada to Mexico City."

U. S. Highway 11, he said, already extends from Montreal to New Orleans, and the "redesignation of State Highway 35 and other routes through Texas and Louisiana remains the primary objective of the Hug-the-Coast Highway Association, as it has during the eight years of the Association's existence."

Upham said the following new members have been signed up here: Rockport Yacht & Supply Co., Inc., Aransas Natural Gas Co., Johnson's Rexall Store, Wilson and Son Hardware Store, Schumann Humble Station, Roaten Drug Store, Chas T. Picton Lumber Co., Inc., Emory M. Spencer, First National Bank, Peg Leg's Superette and Rouquette Enco Products Service Station.

Summer Plans Of Teachers Many and Varied

Chester R. Barre, principal of Aransas County High School, recently polled the teachers regarding their plans for the summer.

Here are the answers he got:

Jimmy Whitfill: "Enjoy the summer. Work for Rockport Yacht & Supply Co."

E. G. Brooks: "Attend a nuclear symposium at the University of Texas June 12-15, and an institute in physics at Trinity University June 19-Aug. 13. Then go on a camping trip near Cuero on the Guadalupe River where many squirrels and huge catfish hang out."

Jesse H. Lindemayer: "Threefold plan: (1) Vacation in Houston, Livingston and Port Arthur; (2) Work three weeks at school rewriting English curricula for 1966-67; (3) Fish for a big red."

Jerry H. Harper: "Work on master's degree at Sam Hous-

Fire Marshal To Attend Fire School July 17-22

The Rockport Vounteer Fire Department will send Fire Marshal Elva Mullinax and two other men to the fire school at Texas A&M from July 17 to 22.

Not only will this enable the firemen to keep up to date on the latest techniques in fire fighting, but their attendance at the fire school will help maintain the local 5 per cent credit on the fire insurance key rate.

The decision to send the firemen to the school was made at the Department's meeting June 2. President Dick Fox presided. It was announced that additional lights are being installed on fire trucks 6 and 9.

Following the meeting, cakes furnished by Mrs. Elva Mullinax and Mrs. Bill Ormand were served.

Junior Golf Program At Live Oak Club

A junior golf program is being developed at Live Oak Country Club, according to announcement by J. F. "Speck" Howery, the club pro.

The program will be open to boys and girls under 18 who are sons and daughters of club members. Registration is open now and will continue to June 15.

Howery explains that the program "will give juniors an opportunity to receive proper instruction in playing golf and in the rules and golf etiquette."

"It will give them a chance to play," he added, "and also find a healthy outlet for their energies and worthwhile activities for time which might otherwise be occupied.

"It will help boys and girls to make their own decisions promptly. In team sports, such as basketball, baseball or football, other players provide valuable assistance, but in golf the player is alone when he finds his ball in a deep bunker or behind a tree.

"The Junior program also will help the boys and girls learn more about how to get along with other people. Finally the program will stimulate use of the club by the whole family.

Instruction dates for the Junior program will be June 21, 22, 23 and 24, July 19, 20, 21 and 22, and August 23, 24, 25 and 26. Tournaments and play dates will be announced later.

Howery also said Scotch foursomes will be resumed at Live Oak on Sunday, June 12.

Mrs. Jimmy Farrier and children of Dallas are visiting her mother, Mrs. Gayna Pridgen.

Chamber of Commerce Board Agrees to Hire Bill King as Manager

The Board of Directors of the Chamber of Commerce has agreed to employ Bill King of Gainesville as manager.

The action took place Tuesday night after the directors heard a report from the manager selection committee on King, his experience and background.

John Ross, president, reported that the Chamber's current fund raising campaign is being well received, that approximately 50 per cent of the members have been contacted and about 50 per cent of the funds sought have been pledged.

"We need these additional funds," Ross explained, "not only to employ a manager but also to expand the Chamber's activities to carry out a more effective over-all program for the benefit of the Rockport area.

"It is vital that we continue our drive and reach the goal set for our fund raising campaign."

Ross told The Rockport Pilot that "this year's directors are doing an outstanding job in every way and they deserve the support of the entire membership so we can keep moving forward."

Homer Faber announced that the Navigation District had a number of signs ready to put up pointing out the marine lab., swimming pool and beach area. Faber also reported 10 small signs have been placed on the highway as per the instructions of the board. The sign at the Sinton cutoff has been primed and is ready for repainting.

ELECTED STATE B&PW DELEGATE

Mrs. Roy Lee Hart has been elected delegate from Rockport to the Texas Federation of Business and Professional Women's Clubs.

The action was taken at the 46th annual convention of the federation which just concluded in San Antonio. Mrs. Hart was one of 992 women attending the convention, the oldest being Mrs. W. T. Young of Brownsville, Cameron County Treasurer, who is 91.

Mr. and Mrs. Travis Owens of Raymondville spent spent the weekend with his mother, Mrs. Mellie Edmison.

'Palette' Signs Welcome Artists

There are numerous picresque places in this area that are ideal as subject matter for artists and photographers. Many of these locations are on private property and the artists might not know whether they were welcome.

To solve this situation and to further promote this area, the Chamber of Commerce has hit on a clever idea:

Signs shaped like a painter's palette, decorated with daubs of color, and bearing the message: "Artists Welcome Here."

Many of these signs have been posted throughout this area.

NO TRASH FIRES

Fire Marshal Elva Mullinax warns again that it is against the law to burn trash within the city limits without a permit because of fire hazard.

"And no permits are going to be issued to anyone," Mullinax emphasizes.

Public Hearing Set for June 25 On Zoning

A public hearing is being called for June 25 at the City Hall in connection with the proposed new zoning ordinance which the City Council and the Planning Commission recommend for Rockport.

All interested citizens are invited to attend the session which will be a joint public hearing conducted by the Council and the Commission.

The zoning ordinance proposes "to regulate and restrict the location and use of buildings, structures and land for trade, industry, residence and other purposes;

"To regulate and limit the height of buildings and structures; to regulate and determine the area of yards and other open spaces about buildings;

"To regulate and determine the density of use of land and lot areas, and for said purpose to divide the city into districts;

"To provide for its enforcement and for a Board of Adjustment; to provide for changes and amendments, and to prescribe penalties for the violation of its provisions."

Mayor Delmar R. Hiller and Fred Bracht Bracht, Jr., chairman of the Planning Commission, point out that the zoning ordinance is designed for orderly development of residential and business areas and structures as the city grows.

As a public service, The Rockport Pilot published a series of articles a few months ago describing in detail the provisions of the zoning ordinance and giving local residents an opportunity to familiarize themselves with this important proposal.

The City of Rockport assigned McClendon and Associates, consulting engineers, the responsibility of drafting the ordinance. McClendon employed William Anderson, city planning director for Corpus Christi who has had vast experience in city planning and zoning, to assist with the preparation of the ordinance.

The decision to call the public hearing was made this week at a special meeting of the City Council attended by Mayor Hiller, Aldermen Earnest Harrist, Charlie Garrett and N. F. Jackson, City Secretary Mary Lake Segler and City Tax Assessor-Collector Herman Johnson.

'Head Start' Program Now In Progress

Monday, June 6 was the first day of the Head Start and Remedial Reading Programs of the Aransas County Schools. These classes are being held on the campus of the Rockport Elementary School.

The Remedial Reading Program is for pupils of all grade levels who have reading problems. Enrollment in these classes is at capacity and no additional pupils can be added.

The Head Start Program is for children who will enter school in the first grade next September. A limited number of students are still being accepted for enrollment in this program.

Children may be registered by bringing them to the Rockport Elementary Principal's office.

DINNER IN HONOR SENATOR PATMAN

Senator Willim N. "Bill" Patman will be honored at a congratulatory dinner in the Colony Room at the Sandollar Motel at 7:30 p.m., Friday, June 17.

The dinner, which is being given by friends of Senator Patman in this area, is expected to be attended by approximately 500 persons.

Tickets may be purchased at the Roaten Drug Store, Wilson & Son store in Fulton, the Sandollar or from Pat H. Greene or R. L. Eckman.

SOME TEACHERS RECEIVE SOCIAL SECURITY DURING SUMMER

Some school teachers will receive extra money during the summer months, according to Mrs. Connie Balsley, field representative of the Social Security Office in Corpus Christi.

Teachers who work nine months of the year may receive retirements, wife's or widow's benefits during the vacation months if they are otherwise eligible for social security benefits.

Teacher-beneficiaries usually earn too much to receive their social security checks all year year long. However, under the social security retirement test, beneficiaries qualify for payments for any month in which they do not earn more than $125 in wages or work in a business of their own. "This is true regardless of the total earnings in a year," Mrs. Balsley explained.

An important thing to keep in mind is that social security benefits are not paid automatically. An application must be filed with the social security office.

A teacher or other person who believes he may qualify for payments under this retirement provision should get in touch with the social security office to file a claim. "Payments for part of a year may not be much," Mrs. Balsley said, "but for most people, every little bit helps."

"What Happens At IRS After April 15?"

Austin.—"Have you ever wondered what happens in federal tax offices after April 15? If you have, then chances are you've never had to answer a question about a return you've filed," said R. L. Phinney, district director of Internal Revenue, in a post filing period statement.

Taxpayers who have had this experience know that one of the many full time year-round jobs of the Internal Revenue Service is to check the accuracy of tax returns.

Last year, in the Austin District, over 102,000 returns were audited. Taxpayers were asked to produce records, supply more information or otherwise back up items on their tax returns. Many were able to do this by mail. Others visited IRS offices. In some instances, they were visited in their homes or places of business by a tax agent.

The detailed examination of these returns revealed that taxpayers had overpaid as well as underpaid their tax.

About $24 million was paid back to 14,000 Austin District taxpayers who had made errors in interpreting the law. A total of over $102 million, however, was assessed in additional taxes as a result of the examination program.

Although only a relatively small percentage of returns are audited, every return is checked for mathematical accuracy. Surprising as it may seem, arithmetic errors turned up on 100,000 returns last year. Over half of these resulted in the payment of too much tax. About $1 million was returned to 53,000 taxpayers in 1965 stemming from mistakes only in arithmetic. On the other hand, 48,000 taxpayers were notified of additional tax due because of such errors discovered on their returns. This amounted to $5.5 million.

Besides being mathematically verified, returns are automatically checked on other key points. These include whether certain items of income have been reported, if money is owed for a prior year or for another type of tax, and if more than one request for a refund has been filed.

Generally speaking, the selection of returns for audit is based upon carefully developed criteria designed to identify those returns where the greatest chance of error exists. In addition, some returns are selected at random so that no class of returns is assured of exemption from aduit.

Another basis for selection of returns for audit has to do with refunds. If particularly large amounts are claimed in deductions or there are other items which appear to need verification then the return is given a close look before a refund check is issued. Receipt of a refund does not mean that an audit has been made because many thousands of audits must be made later.

The purpose of the audit is to assure that the taxpayer has determined his tax liability correctly. The auditor or agent making the examination will check to see that all items of income have been reported, the exemptions claimed are allowable, and that deductions are properly taken. At the same time, he will see that the taxpayer has not reported untaxable income or failed to take exemptions or deductions to which he is entitled. Good records — cancelled checks, paid bills and receipts—will be of valuable assistance to the taxpayer in case his return is among those selected for audit.

Surprisingly few of the returns audited each year lead to disputes that cannot be settled without going to court. Nationwide, only about 7,000 cases or less than one-fourth of one percent of the three-million-plus returns audited, reach the court stage.

Dependency exemptions are the most frequent subject of disagreement between the taxpayer and the IRS. The question of who is entitled to an exemption occurs most frequently in the case of children of divorced parents. Because the parents are living apart, it is often difficult to establish which one provided more than one-half the support required of each child. Since two people obviously cannot provide more than half the support, the Revenue Service must ask each of these taxpayers to produce records that will support their claim.

The underlying objective of the entire audit program is to bolster the voluntary compliance tax system. Audits and other enforcement actions help to assure all taxpayers that the foolish few who flaunt the tax laws are caught and that each taxpayer pays just his fair share of taxes—no more and no less.

In recent years, about 97 percent of federal tax revenues have come from what has been voluntarily paid by taxpayers and through withholding. The examination of returns and other enforcement actions account for the remaining three percent of revenue.

Other Revenue Service tasks that stretch from one April 15 to the next are issuing refund checks; providing information requested by taxpayers; handling quarterly estimated income, employment, business and excise tax returns; recording and analyzing information on automatic data processing tapes, and doing hundreds of other jobs from turning tax monies over to the U. S. Treasury to checking on tax delinquents and investigating racketeers.

Checking returns is now being done at lightening-fast speeds by computors which the Revenue Service has installed as part of its automatic data processing (ADP) system.

This system works as follows:

The taxpayer files his return with his district office. The return is first checked for completeness, then payments accompanying the return are detached, recorded and deposited.

District offices forward returns to the service centers where data is put on punch cards and automatically verified. Information from the punch cards is converted to magnetic tape which is shipped to the National Computer Center in Martinsburg, W. Va.

At Martinsburg, data is posted to the taxpayer's account and matched against information on the master file. This information includes pay-payments made to the taxpayer in the form of wages, dividends and interest payments. It also shows the status of his account and the results of any recent examinations made of his returns.

As current data is fed into the computers, new tapes are produced for preparing refunds, bills or other statements to the taxpayer.

The computers at Martinsburg can also be used to identify returns with characteristics that may warrant a closer look by tax agents.

FREE BRAKE INSPECTION

WILL YOUR BRAKES STOP YOU IN TIME ?

They will if you reline with Grey-Rock Balanced Brake Linings. For the second straight year, Grey-Rock has outperformed all competitive linings in the NASCAR-supervised tests at Daytona Speedway. Of the 26 linings tested in 1964, only 3 could stop the test cars within 50 feet of Grey-Rock's stopping distance from a speed of 50 miles per hour. And 7 brands took at least 150 feet more than Grey-Rock to stop. See your Grey-Rock dealer now for a free P-L-S® brake inspection.

New Building For Portland Savings

A beautiful new building on Highway 181 in Portland will house the offices of the new Portland Savings & Loan Association, which will celebrate its grand opening with a week-long open house, June 11 through June 18, B. P. Eastland, executive vice president announced today.

As a part of the opening week celebration, all visitors will be asked to register for a 25-inch Admiral color television set which will be awarded by drawing Saturday, June 18 at 4 p.m. In addition, each lady visitor will be given a Magic Jar Opener and there will be balloons and candy for all the youngsters.

Eastland stated that the 148 stockholders of Portland Savings, and its Board of Directors, had chosen this area to serve because of its tremendous growth potential. "The association will serve San Patricio and Nueces counties," explained Eastland.

Jack Sanders, owner of the Sandollar Motel, Laguna Construction Co. in Rockport and the Sanders Form & Steel Co. of New Orleans, is secretary of the association.

Historic Salado, on the highway between Temple and Austin, was the site of an early college and inn for stage-coaches. It now is a popular stopping point for travelers.

Early spring is the time when women dig out last year's stretch pants only to realize that what goes in 'em has escalated.

CITATION BY PUBLICATION

THE STATE OF TEXAS

To: Jeffie McMillan, Burton McMillan, Harold McMillan, Mrs. Rose Rawson, Jeffie Collins Allen, Willie Allen, and Nelly Allen; Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court, 36th Judicial District Court of Aransas County at the Courthouse thereof, in Rockport, Aransas County, Texas, by filing a written answer at or before 10:00 o'clock A.M. of the first Monday next after expiration of forty-two days from the date of the issuance of this citation, same being the 18th day of July A.D. 1966, to Plaintiff's Amended Original Petition to Plaintiff's Petition, which Petition was filed in said Court on the 7th day of May, 1965, in this cause, numbered 3930 on the docket of said court and styled William H. Bloch, Plaintiff vs. Estate of Riley Sanders, Deceased, et al, Defendants.

A brief statement of the nature of this suit is as follows: A suit to partition land out of the J. W. Paup Survey in Aransas County, Texas, in which Plaintiff alleges he is the owner of 43/48ths undivided interest and Defendants collectively are the owners of 3/48ths undivided interest, said land being more particularly described as follows, to-wit:

46.493 acres, more or less, being the same tract described as a 60 acre tract conveyed to Clara O. Riley by G. O. Ellis et al by partition deed dated February 21, 1910, recorded in Volume Y, pages 247-250, Deed Records of Aransas County, Texas.

The aggregate of the undivided interests of all Defendants is allegedly by Plaintiff to comprise 4.4305 undivided acres in and to said tract. Plaintiff prays partitioning and award of all of said tract to Plaintiff excepting 4.4305 acres to be set aside to Defendants as tenants in common as a single contiguous parcel of land partitioned out of the whole thereof; or in the alternative that Plaintiff be awarded all of the lands owned by Plaintiff and Defendants and the Court award a sum of money to the Defendants as consideration payable by Plaintiff to Defendants for Defendants' undivided interest in said lands, said sum of money diminished by Defendants' cost of court and other charges properly allocable to Defendants: All as is more fully shown by Plaintiff's Amended Original Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Rockport, Texas, this the 31st day of May A.D., 1966.

Attest: W. E. Beasley,
Clerk, District Court,
36th Judicial District of
Aransas County, Texas.

ton State College for six weeks."

Mrs. Loyd Branch: "Plan to spend the last two weeks in June in Alexandria, Va., visiting my mother, Mrs. Ida White. On July 15, Mr. Branch and I, Myrna McDonough and De Rema Le Fevre are taking off for a trip to the east coast. We will visit my son (R. M. McDonough of Grand Ole Opry) in Nashville, Tenn.; camp in the Smokey mountains for a week, and finish up with a trip to Washington, D. C.

Harry S. Krenek: "Writing thesis at Southwest Texas State Teachers College."

Dave Segler: "Work at school, work on my house and yard, play golf in spare time."

Lanet Baker: "I am going to begin work on my master's degree at Southwest Texas State College in San Marcos —major in English, minor in education, counseling and guidance."

Philip D. Baldwin: "Vacation in Huntsville with family; stay in Rockport most of summer."

Mrs. Janice L. Spears: "(1) The new officers of the Richardson Chapter of the Future Homemakers will have a workshop June 6-8 to make plans for the 1966-67 school year.

"(2) Summer homemaking students will be meeting June 9-24 in the homemaking department for a summer clothing class. The class is also making plans to go to New Braunfels to visit the Comal Cotton Mill.

"(3) I will be attending the state in-service conference for homemaking teachers Aug. 1-6 in Dallas.

HISTORIC MISSIONS

Spanish missions, including those clustered around San Antonio, Goliad and El Paso, are among Texas' greatest historic glories.

Every American knows about the Alamo, but San Jose, La Bahai and the mission at Ysleta also merit the attention of each visitor.

Mr. Jens Pedersen of Galveston is visiting Mr. and Mrs. Henry Homburg.

Letters to the Editor

Letters to the Editor Dept.

Rockport, Texas
Attention Mr. John Kinsey:
Dear John:

There have been occasions when I have been accused of being quick to criticise a given situation (some of the occasions being well-founded while others perhaps weren't entirely so), but I like to feel I can also recognize and appreciate commendable efforts, and the results of same. In this, I make reference to the spendid condition of our county roadsides, beaches, county and city parks, roadside parks, etc. Nearly all of these areas look almost "manicured", and I hasten to extend my compliments to our Aransas County Commissioners, the County Navigation District, the Texas State Highway Department and any others who have participated in the beautification of our rapidly growing and delightful community.

I hasten, also, to add that although I am not quite as meticulous in maintaining some of my own property as say, our esteemed citizen and friend Arthur Bracht, I am making endeavors toward improving. I might also add, Arthur's home and yard is certainly worthy of praise and duplication.

It has been my pleasure to have been associated with this area since 1929, and I can never remember a time when it has looked as pleasant as it does now; I also extend my compliments to non-resident owners as well as to those who live here permanently.

Sincerely
James M. (Peg Leg) Furlong

ROCKPORT COVERED IN 'VACATION LAND SOUTH TEXAS'

Rockport is one of the 22 South Texas Communities covered in a tour of attractions in the new "Vacation-Land South Texas" tourism brochure published by the South Texas Chamber of Commerce for summer distribution.

The magazine-size guide includes 29 full color photographs of scenes in the area, ranging from the hills to seacaps and from Mexican border to the lakes of inland South Texas. In all, there are 91 photos in the 32 page guide.

It is being distributed through Texas Highway Department information centers, oil company tourism bureau, the American Automobile Association, and travel agencies.

The guide was developed under the direction of the Tourist Committee of the South Texas Chamber, headed by James "Happy" Shahan of Bracketville.

The new guide is the latest in a series introduced by the regional chamber in 1959 and when distribution is complete on this edition, more than one-half million copies of the tourism brochure will have been distributed.

The new edition is noteworthy in that the page size has grown from 8x9 inches to 8½x11 inches and glossy paper is used throughout the book.

Single copies of the guide are available from the South Texas Chamber of Commerce, 301 Texas Continental Building, San Antonio, Texas.

Miss Alice Ballard of Dallas returned home Sunday after a visit with her parents, Mr. and Mrs. James T. Ballard and Susan. Susan went home with her sister for a visit.

Health and Safety Tips

From American Medical Assn.

TRAVEL HEALTH

Illness can dampen or ruin your summer vacation.

That long awaited and keenly anticipated trip to the seashore or the mountains can be a complete dud if you get sick.

The American Medical Association offers a few pointers that will help you avoid illness and insure that your vacation is a period of fun and relaxation for all the family. This will help everyone get rejuvenated and ready to face another year.

Depending on where you are going, you may need some vaccination shots. Tetanus, certainly, for anyone who expects to include some out-of-doors activities. Typhoid, if your journey includes areas where the water supply is uncertain. Smallpox, if you're planning to leave the United States to visit a foreign land, and want to re-enter the United States. Ask your doctor about these, and possibly other immunizations.

Use common sense about your vacation diet. Many a family trip has been spoiled by too many roadside hamburgers and soft drinks. A sound rule while driving cross-country it to eat lightly. Be cautious about heavy, rich meals, particularly if you're not accustomed to such fare at home.

Know what sort of climate you will encounter at your vacation spot and dress accordingly. It can get cold in the mountains at night, even in mid-summer. Good walking shoes are important to the travel wardrobe.

If you wear glasses, take along an extra pair. Or, at least a copy of your prescription. If you're taking a regular medication, make certain of your supply before you leave.

And, finally, don't overdo it. Almost no one other than a trained athlete is ready for 36 holes of golf or five sets of tennis under a broiling sun.

Schedule your vacation to allow daily rest periods. Do most of the driving in the morning hours and stop for the evening in early or mid-afternoon.

Your vacation should be a holiday for rest and relaxation. It should not be a grind that necessitates another vacation to rest up from the vacation.

RESOLUTIONS OF RESPECT

In Memory of

Clyde C. Hayden, who passed away May 27, 1966.

The Death Angel has visited our Chapter and taken from our number one of our beloved members. This one, who once met with us here and shared our joys and sorrows, is now awaiting us in the Grand Chapter above. We shall join them when we, too, have completed life's Liburinth.

Whereas, the Heavenly Father has called our respected and beloved brother home, and he, having been a true and faithful member of our beautiful Order, therefore be it

Resolved, That Rockport Chapter No. 479, Order of the Eastern Star, drape its Charter in memory of this departed member, and that we tender to the family of our deceased brother our sincere condolence in their sorrow and bereavement, and that a copy of these Resolutions be sent the family.

PRESBYTERIAN WOMEN IN MONTHLY MEETING

The monthly general meeting of the Women of the Presbyterian Church, was held at the church last Thursday afternoon, June 2 at three o'clock. Refreshments of cake, punch, and coffee were enjoyed during a brief social hour.

Mrs. Byron Bushart was in charge of the program, the subject of which was "Love for Our Neighbor." The group was led in prayer by Mrs. J. W. Ingersoll, after which those present joined in Scripture reading from 1st Corinthians. Mrs. O. W. Brymer gave a report on a luncheon meeting held earlier in the day at Sandollar Restaurant, sponsored by the ladies of the Episcopal Church. Guests included representatives of other churches in the city.

Mrs. Hugh Morrison presided over the business meeting, at which reports were given by officers and circle chairmen. Plans were announced for the remainder of the church year, ending in September, as no general meetings will be held in July and August. The meeting closed with the Lord's Prayer.

When the National Seashore Area on Padre Island is completed, travelers will be able to drive more than 100 miles along this narrow island from Corpus Christi to Port Isabel, with its semi-tropical climate.

SWEET KID—Meet Kesari, an Indian tiger cub who makes his home at the National Zoological Park in Washington. Kesari doesn't appear to like publicity.

SEAMAN RETURNS FROM VIET NAM

Seaman Apprentice Thomas W. St. John, USN, son of Mr. and Mrs. Thomas M. St. John, has returned from Viet Nam to San Diego, Calif., aboard the amphibious force flagship USS Eldorado after seven months in the Western Pacific. The ship was a unit of the Seventh Fleet in the South China Sea off the coast of Viet Nam.

During her employment, Eldorado served as flagship for Rear Admiral D. W. Wulzen, Commander of the Pacific Fleet Amphibious Force, and took part in several amphibious landings on the Viet Nam coast to clear the areas of concentrated Viet Cong activity.

In addition to combat duties, Eldorado men sent a civic action team to a small village southeast of Saigon to provide medical treatment; donated $412 to a teachers' club in the Subic Bay, Philppines, for use in constructing an open air stage auditorium; and offloaded supplies for "Project Concern" in Hong Kong.

Mesdames Walter Hatley and J. W. Ingersoll spent last week-end at Mo-Ranch, near Hunt, Texas, attending the annual Presbyterian Women's Conference. Mrs. Ingersoll is president-elect of the local organization of Presbyterian Women.

This and That
*
JOHN KINSEY

Seems like there's always something a person should or should not do that he presently is not doing or is doing, if you follow me.

Darn near everybody you talk to says, "I should eat less and lose some weight," or "I should stop smoking," or "I should exercise more," or "I should spend some of my spare time reading good books instead of watching TV every night," or all four "shoulds."

If you happen to mention to someone that you plan to lose some weight, it's almost a cinch that you will get some "expert" advice.

"Stop eating breakfast."

"Cut out bread and potatoes."

"Confine your daily diet to four cans of one of those fortified liquids; tastes like a milk shake, you know."

And there's always the guy who says, "You know what you should do? Take one exercise three times a day. You know what that exercise is? Just push yourself away from the table before you eat too much. Ha! Ha!"

After you punch this guy in the nose (he's the same fellow who says, "Is it hot enough for you?"), you head for a drug store and order a chocolate sundae with just a bit of marshmallow topping.

YOU ARE HEREBY COMMANDED to appear before the Honorable 156th District Court of Aransas County at the Courthouse thereof, in Rockport, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 11th day of July A.D. 1966, to Plaintiff's Petition filed in said court, on the 24th day of May, A. D. 1966, in this cause, numbered 3885 on the docket of said court and styled NASCARIO BENAVIDES, Plaintiff, vs. CELIA BENAVIDES, Defendant.

A brief statement of the nature of this suit is as follows, to-wit:

SUIT FOR DIVORCE as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Rockport, Texas, this the 24th day of May, A.D. 1966

Attest: W. E. Beasley,
Clerk 156th Judicial District Court, Aransas County, Texas.
(SEAL)
By Ruby Hart, Deputy.
