BLAST DAMAGES DALLAS

CONVICT SHOT DOWN IN PEN RIOT TODAY

GUARD AND ANOTHER PRISONER WOUNDED IN UTAH MUTINY

(By The Associated Press)

SALT LAKE CITY, Sept. 9.—Louis Deathridge serving an indeterminate sentence for robbery was shot and killed by a guard when he attempted to escape over the wall of the Utah state penitentiary this morning, and in an ensuing riot another convict and a guard were reported to have been wounded.

Deathridge had thrown a hook, on the end of a rope, over the prison wall and had started to scale the rope ladder when he was felled by the guard's rifle before he reached the top.

His body was dragged toward a cell house by fellow convicts, who were reported to have obtained guns.

D. L. Ress and C. L. Christensen, guards, were held prisoner for some time by the convicts before Warden R. E. Davis, braving the bullets of the prisoners, persuaded them to release the officers.

Twenty five officers were rushed to the prison by the sheriff and police departments. Reports said several guards were overpowered and held prisoner in a cell house. Guards on the walls were supplemented by outside officers.

Elopement By Son Of Senator Told

FAIRMONT, W. Va., Sept. 9 (AP)—The story of how he eloped to Cumberland, Md., with the 16-year-old daughter of a Fairmont metal worker, was told to a society editor here last night by John Champ Neely, 17, youngest son of United States Senator M. M. Neely.

Young Neely called at a local newspaper office and announced that he and Mary Kathryn Faust, classmate in Fairmont High School, had motored to Cumberland August 1 and were married by the Rev. W. A. Eisenberger at the First Presbyterian parsonage.

"Aren't you Senator Neely's son?" the young man was asked.

"Yes," he replied with a smile, "but you needn't mention that."

One Is Slain And Another Wounded

CORPUS CHRISTI, Sept. 9 (AP)—Paul Setliff, farmer, was slain and Carl Lewis was probably fatally wounded during a shooting affray at Jalufka Gin, farming community 12 miles west of here last night.

Officers questioned Lewis' father, W. L. Lewis.

The elder Lewis told Sheriff Ben Lee he did not know if a bullet from his gun struck his son. He said he opened fire when he thought Setliff shot his son.

HITCH-HIKER HELD

WACO, Sept. 9 (AP)—A hitch-hiker was arrested at Tilden today for investigation in connection with the slaying of O. L. Jones, a Waco salesman, whose body was found near the Waco highway last Thursday. A check of fingerprints was being made. The suspect denied knowledge of the slaying.

Showdown Seen Between Government And Capone

BEER BARON GRANTED PERMISSION TO CHANGE PLEA

(By The Associated Press)

CHICAGO, Sept. 9.—A showdown between the government and Alphonse Capone was a step near to day.

This became apparent when the status of the charges against the gang chief was cleared somewhat by Federal Judge James H. Wilkerson yesterday in granting Capone permission to withdraw his plea of guilty to an indictment charging conspiracy to violate the prohibition law. At the time Judge Wilkerson set October 6 as the date for Capone to go on trial on a charge of income tax delinquencies totaling about $2,000,000.

Michael Ahern, the gangster's lawyer moved immediately to quash the liquor indictment, but hearing on this question was continued indefinitely, subject to come up later on five days' notice from either the prosecution or the defense.

Judge Wilkerson, in ruling on the liquor case, filled a memorandum in which he said he allowed the defendant to change his pleas of guilty to not guilty in both charges because of a compromise agreement in which the court could not concur. His reference was to reports that Capone had been promised a short sentence in return for his pleas of guilty, which were current last July when Capone was allowed to withdraw his admission of guilty in the income tax case.

At the time Capone was in court last July 31, when he changed his mind about pleading guilty, Judge Wilkerson suggested that the prosecution attempt to ascertain whether Capone and 68 co-defendants named in the liquor conspiracy case, could not be indicted under the Jones law which provides heavier penalties than are possible under the conspiracy statute. The grand jury is to report tomorrow, but there has been no announcement of whether any further action has been taken.

The alleged beer business of Capone and his associates is reputed to have reached the amazing figure of $20,000,000 a year.

The conspiracy indictment alleged 5,000 separate offenses.

WIDOW AT 13

* * *

Rosa Guerrero, below, became a widow at the age of 13 when her former sweetheart, 15, flew into a rage because she married a slightly older rival, and slew the bridegroom at the height of festivities at a merry wedding party in San Francisco.

BIG SMUGGLING PLOT BARED

NINETEEN ARRESTED IN PLOT TO AID FOREIGNERS

(By The Associated Press)

NEW YORK, Sept. 9—Nineteen men have been arrested in an investigation of a ring which, federal officials say, has smuggled 8,000 foreigners into the United States for fees totalling $20,000,000.

The department of justice and the department of labor have been cooperating in the inquiry for six months. The scheme of the smugglers, officials said, was to charge each alien from $200 to $5,000 to bring him or her to this country and to blackmail them after arrival on threat of deportation.

Revelations were made at the federal district attorney's office yesterday on arraignment of Benjamin Friedlander, a New York attorney, and Joseph Kogan, a Canadian. They were specifically charged with conspiring to bring an alien into this country from Canada.

There have been several arrests during the last week of employes of steamship lines and clerks at the Ellis island immigration station and at the barge office in New York. Full details of arrests were not disclosed.

Two Towns Approve City Gas Systems

AMARILLO, Sept. 9 (AP)—Bond issues of $65,000 in each instance were approved by voters of Wellington and Memphis yesterday, the proceeds to go to construction of municipal gas system. The move in both cities came as the climax of prolonged protests against rates charged by the Northern Texas Utilities company.

MORE AUTOS ARE SOUGHT FOR TRIP

Leaders in arrangements for the first 1932 goodwill trip advertising the Panhandle-South Plains fair this morning appealed for more automobiles to form the autocade scheduled to leave City hall at 7:30 o'clock Thursday morning. Business men canvassed the business section this morning.

Joe Bowman, chairman of the first trip, sponsored by the Lions club, said the number of cars promised was "disappointing." Citizens able to join the trippers were asked to do so with automobiles.

Jess Levens, committeeman and member of the Lions club, appealed at noon at a Rotary club luncheon for additional automobiles.

The Lubbock High school band and the Green brothers' string quartet will accompany the trippers.

FARMER KILLED

BOERNE, Sept. 9 (AP)—Bud Moore, 54, farmer, was instantly killed on his farm two miles south of here yesterday when dynamite he planned to use in blasting trees exploded prematurely.

WIDE SECTION FEELS SHOCK OF BLAST

TWO HURT; WINDOWS ARE SMASHED FOR MILES AROUND

(By The Associated Press)

DALLAS, Sept. 9—Freakish earth tremors caused by the explosion of a small Du Pont Powder company dynamite cache, eight miles south of Dallas, early today caused more damage in downtown Dallas than at the scene of the explosion.

Buildings were shaken and thousands of dollars damage resulted when plate glass windows in skyscrapers and store buildings were shattered, plastering cracked and dishes were broken.

Felt For 20 Miles

The explosion occurred on the Henry Schaerdel farm, eight miles south of Dallas on the Holmes street road, as citizens in the city were preparing to go to work. It shook the ground like an earthquake and was felt as far distant as Rowlett, Garland and Richardson, small towns in the northern part of Dallas county, nearly 20 miles from the scene.

Mrs. H. J. Schaerdel, jr., and her son, Billy, 5 months, who had just arrived at her father-in-law's home for a visit, were slightly injured. The Schaerdel farmhouse and outbuildings were wrecked. Furnishings were broken and turned topsy turvy.

Where the small one-room brick dynamite magazine had been was left only a deep pit in the ground. Oak trees in the wood for a radious of several hundred yards were uprooted and splintered as though raked by shell fire on a war front.

Thousands of motorists quickly blocked the road for a distance of several miles, preventing ambulances, police officers, fire apparatus and newspaper men from reaching the scene for nearly two hours.

The dynamite magazine which exploded was one of four kept on the Schaerdel farm by the Du Pont company as a storage depot from which to make shipments to purchasers in Texas. The other three magazines did not explode. A grass fire was believed to have set off the cache of explosive.

Farm Board To Ask For No More Funds

WASHINGTON, Sept. 9 (AP)—Chairman Stone of the farm board said today "we do not contemplate asking the next congress for any more money."

Stone reiterated that the board did not contemplate any further purchases of wheat and cotton through its stabilization corporations.

It now holds approximately 1,300,000 bales of cotton and 200,000,000 bushels of wheat, bought at a time when the price of these commodities was much higher than it is now.

Lubbock Man Faces Trial In Oklahoma

Arraignment of Sam Herrod of Lubbock on a second degree manslaughter charge in justice court at Oklahoma City was scheduled for this week.

Herrod was charged following the death of an Oklahoma City contractor as a result of an automobile accident in Oklahoma City. Herrod allegedly failed to heed a stop-sign and fled from his car after the accident.

Pryor Defense Is Slated For Today

WHEELER, Sept. 9 (AP)—Defense witnesses in the trial of Clarence Pryor charged in the slaying of Dr. W. Guyton, his father-in-law, planned to testify today.

The state rested yesterday after hearing eight witnesses.

Dr. Guyton was shot to death in Shamrock July 12.

State witnesses yesterday testified Pryor planned to kill his father-in-law several weeks before the shooting occurred.

Domestic troubles were blamed for differences between the two men.

DEPOT ROBBED

WACO, Sept. 9 (AP)—The depot at Reisel, 18 miles east of Waco, was burglarized last night and several mail sacks robbed. Postmaster C. L. Weibusch said a check would have to be made to determine losses.

Cotton Hearings Scheduled

SESSIONS ARE APPROVED BY TWO HOUSES

COMMITTEES PLAN TO HASTEN PASSAGE OF MEASURE

(By The Associated Press)

AUSTIN, Sept. 9.—Both houses of the Texas legislature moved to begin committee hearings today on proposed cotton curtailment bills, speeding up procedure to hasten passage of a law to which the entire south looked for a precedent in the cotton industry crisis.

The house passed a resolution calling for a joint committee hearing on the bills, to be started immediately and concluded by Friday night, but the senate rejected this resolution, deciding separate committee hearings would be more practicable.

To Start Today

Committee hearings were to start this afternoon.

The house argued over procedure after the senate killed the joint hearing resolution, debating whether the bills should be considered by the committee on agriculture or by the house sitting as a committee of the whole. No decision had been reached when the House recessed for lunch.

Farmers surged about the streets, assembling for a huge mass meeting tonight to impress legislators with the seriousness of their plight, the greatest financial crisis cotton planters have faced in many years.

Bills both to prohibit planting cotton next year and to reduce acreage about 50 per cent already had been introduced in both legislative houses.

Opposition Voiced

Besides the two factions supporting these respective measures, a strong third bloc was determined to ward off any legislation, contending such a measure would infringe upon property rights and privileges

THINKS EDISON IS FAILING

PHYSICIAN SAYS AGED INVENTOR DECLINES TO TAKE OXYGEN

(By The Associated Press)

WEST ORANGE, N. J., Sept. 9.—Despite the opinion of his physician that he is slowly and definitely failing, Thomas A. Edison insists upon getting his oxygen in daily automobile rides and has firmly refused to take any from the tank which is kept in his room.

Edison

Dr. Hubert S. Howe, the inventor's personal physician, believes there is no reason for immediate concern.

"When I say that Mr. Edison is slowly and definitely failing," Dr. Howe explained, "I do not necessarily mean that he cannot live, he might surprise us."

Mr. Edison, who suffered a collapse several weeks ago, has been suffering from uremic poisoning diabetes, ulcers of the stomach and bright's disease.

"The diabetic condition has practically cleared up," Dr. Howe said, "but the urema is gradually becoming worse and is interfering with his organic functions."

Ex-Convict Faces Charge In Murder

HOUSTON, Sept. 9. (AP)—Walter Shanks, Dallas ex-convict, was being held in the city jail here without bond today under the first murder charge filed in connection with the murders of Mr. and Mrs. Chester A. Jones in their apartment here two weeks ago.

Shanks was barred to interviewers and police refused to discuss on what basis the charge was filed. Shanks had been in jail several days as a witness and had not been mentioned as a suspect in the Jones murders.

Bill Introduced To Ban Mart "Futures"

AUSTIN, Sept. 9. (AP)—A bill to prohibit "bucket shops" and ban the dealing in "futures" on cotton, livestock and other commodities was introduced in the house today by Representative Penrose Metcalfe of San Angelo.

If enacted into law, the bill would prohibit dealing in anything except the spot markets.

State Testimony Starts Today In J. A. Bonds Case

ILL FEELING AS RESULT OF MARITAL ROW TOLD FROM STAND IN MURDER TRIAL AT BROWNFIELD; SHERIFF IS ON STAND

(Special To The Journal)

BROWNFIELD, Sept. 9.—J. C. White, Brownfield grocer shot to death by J. A. Bonds in a cafe here early April 5, had said Bonds' son "can't walk the streets of Brownfield" unless he continued to live with his wife—White's daughter, J. M. Telford, Terry county sheriff, testified at Bonds' trial for murder in 106th district court here this morning.

Sheriff Telford said he knew of ill feeling between White and Bonds as a result of marital difficulties encountered by White's daughter and Bonds' son. The grocer had conferred with the sheriff several times in an effort to gain his aid in settling the differences, the sheriff testified.

White had not threatened Bonds, so far as the sheriff knew, but had declared his intention to prevent severance of relations between his daughter and her husband.

A .380 caliber automatic with which Bonds, former highway department employe, shot White was exhibited in connection with the sheriff's testimony.

J. C. Stephens, cook-waiter in the restaurant when the fatal shooting occurred, said from the stand that Bonds fired five shots. Dr. W. M. Copeland, only other witness this morning, said "four or five" shots were fired.

Stephens, who was drawing a cup of coffee from an urn when Bonds began to shoot, said he saw the gun fired, saw White fall behind the counter, and after the dying

BANK CREDITS ON EXPORTS ARE ASKED

HOOVER SEEKING TO WORK OUT A PLAN WITH BANKERS

(By The Associated Press)

WASHINGTON, Sept. 9—President Hoover is holding a series of discussions with bankers and cotton brokers over the possibility of creating banking credits for exports of cotton.

At the same time, the White House and the state and agriculture departments are considering the possibility and advisability of calling an international conference on the subject of cotton production.

The president believes, it was said at the White House, that, so far as this country is now concerned, the necessity of establishing credits for exports is paramount rather than talk of control or restriction of acreage.

The president was described as of the opinion that the federal government had no agency through which it could restrict acreage and believed that such action was a matter for the producers themselves to handle.

The president conferred at length yesterday with W. L. Clayton, of Houston, Tex., the head of one of the largest cotton firms in the country, and with Eugene Meyer, governor of the Federal Reserve board, and George R. James, a member of the board.

It was said at the White House today, that the conferences yesterday did not develop any specific plan and that the discussions would be continued either through meetings or correspondence.

RED CROSS WILL AID UNEMPLOYED

WASHINGTON, Sept. 9 (AP)—Instructions to local Red Cross chapters under which they may extend unemployment relief next winter were being drafted today at national headquarters.

John Barton Payne, national chairman, was preparing a letter to all Red Cross chapters instructing them to use their own funds for relief on the jobless if distress was not being cared for by other agencies.

The letter will permit the Red Cross to play a big part through the local chapters in preventing distress among the jobless despite the traditional policy of the national organization of confining its efforts to disasters caused by "acts of God."

INSTITUTE AT TECH IS TO END TODAY

RESOLUTIONS SLATED TO COME UP HERE THIS AFTERNOON

Resolutions and reports of committees on the audit and the future of the institute were to be presented at the closing general session of the seventh annual South Plains Teachers Institute jh's afternoon at Texas Technological college.

Dr. A. W. Evans assistant conductor of the institute, this morning announced the addition of several members to the committee on the future of the institute, of which Miss Mae Murfee, Lubbock county superintendent, is chairman. They included: Superintendents Ellis of Slaton, Williams of Anton and Martin of Meadow and the county superintendents not previously named on the group.

To Support Evans

It is understood that one of the resolutions to be offered will support Dr. A. W. Evans' candidacy for the presidency of the Texas Teachers association before the next annual convention at Amarillo in November. There has been a strong movement throughout this section for this and the campaign has received many encouragements.

Attendance was smaller than yesterday or the first day of the session, due to the fact that a number of schools over the South Plains were opening today. Enrollment has passed the 800 mark and a number of others registered today.

(Turn to Page 9, Column 4, Please)

MacDonald Given Another Victory

LONDON, Sept. 9 (AP)—The house of commons gave Prime Minister Ramsay MacDonald's government a majority of 94 this afternoon on a closure motion. The vote was 306 to 212.

It was the second parliamentary victory since the special session began yesterday. Last night a vote of confidence went to the government by 309 to 250, the labor party voting almost solidly in opposition.

Today's vote was on a motion to end debate on Stanley Baldwin's proposal that the government be permitted to monopolize the time of this session for its emergency economy program.

LEGION HEAD DIES

PAMPA, Sept. 9 (AP)—C. C. Alexander, 42, commander of the Pampa American Legion post, died here today of pneumonia. He was well known as an oil operator.

FEAR IS HELD FOR SAFETY OF AIRMEN

NO WORD IS RECEIVED AS DEADLINE FOR FLIGHT NEARS

(By The Associated Press)

SEATTLE, Sept. 9.—Afloat and ashore, from Alaska to Puget Sound, mariners, aviators and fly ing enthusiasts, scanned the western horizon today for some trace of the trans-Pacific airplane of Don Moyle and Cecil A. Allen.

There had been no word from the fliers up to 5 a. m., Pacific Standard time (7 a. m., Central Standard time) more than 40 hours after their takeoff from Samushiro beach, Japan, on a projected 4,465-mile flight to Seattle.

Assuming that the adventurers had encountered no ill luck and had progressed according to schedule, they were some 400 or 500 miles from the destination at that hour.

SEATTLE, Sept. 9 (AP)—A plane reported seen over Port Townsend near the head of Puget Sound today was a ship carrying news photos, it was learned on its arrival here. It was first believed to be the Moyle-Allen plane which left Tokyo Monday on a non-stop flight to Seattle.

No Word Received

Although not a word had been received as to their progress since they were sighted off Japan 70 minutes after their takeoff, there was little apprehension. The deadline—the hour for their arrival—was drawing near, however. They had expected to reach Seattle in 44 hours or a little more.

Field lights and beacons were turned skyward from Boeing field here, and from the county airport at Tacoma in the early hours. Ships and radio stations from the Aleutian islands to Seattle were on the alert, eager to witness the latter phase of what started out to be the first non-stop airplane flight across

(Turn to Page 9, Column 2, Please)

RATE HEARING SLATED HERE

PLAINS TOWNS SEEK SLASH IN COTTON FREIGHT RATES

(By Associated Press)

AUSTIN, Sept. 9—The railroad commission will hold a hearing at Lubbock on Monday on the application of several plains towns for a reduction in cotton rates to gulf ports.

The commission will consider reducing the rates from Lamesa, Brownfield, Littlefield, Plainview, Floydada and Crosbyton to Houston, Galveston and Texas City.

The present rate from these towns is 98 cents and $1 per hundred pounds. Most of them are less than a mile from the 95-cent group of towns and the disparity in rates caused cotton which usually would be compressed in one of the applying towns to be taken to a point in the 95-cent group, applicants stated. The petitioners asked that their rate be lowered to 95 cents.

The West Texas Chamber of Commerce, the South Plains Freight Rate association, the San Angelo Board of City Development and ten chambers of commerce joined in the petition.

BOY IS INJURED

A small boy named McFarland was treated for a scalp wound at West Texas hospital Tuesday night. Details of the accident were not learned, although he was reported to have been hurt while at play. His condition was not serious and he was dismissed after undergoing emergency treatment.

Woman In Jail To Be With Husband

To "stay near her husband," arrested on a forgery indictment returned by the 99th district grand jury which still is in session, Mrs. B. H. Dilday passed last night in the first cell of city jail, police said.

The woman was without funds and when she asked to stay in jail to be near Dilday permission was granted. Dilday allegedly gave a worthless check to a tourist camp operator here. He was arrested at Hereford and returned here last night.

NATIONAL POLITICAL PARTIES FIND HARD DIGGING FOR GOLD THESE DAYS

(By The Associated Press)

WASHINGTON Sept. 9.—The national political committees are finding it hard diggings for gold these days.

Reports from the Republican and Democratic committees for the third quarter just filed with the clerk of the house under the corrupt practices act, show both parties need help.

The Republican balance for the period ending September 1, was reduced from $53,062 to $14,324 despite contributions of $3,719 during the three months.

Democrats went into September with a balance of $9,785 but were forced to call on Chairman John J. Raskob for $30,000 in additional loans in the quarter running his total in loans to $325,250.

Meanwhile, the Democrats are preparing to solicit a million dollars with which to retire the Raskob loans and other notes amounting to more than $400,000 in order that they may start the next campaign clear of indebtedness.

Republican leaders also are giving much consideration to their financial outlook. New conferences between Joseph R. Nutt their treasurer, and the party chieftains, are to be held here shortly, with a view to laying plans to replenish their funds.

TRAFFIC HAZARDS ACCENTUATED HERE TODAY WITH PUBLIC SCHOOL OPENING

Traffic hazards were accentuated this morning, particularly on Nineteenth street, when public schools opened for the 1931-32 scholastic year. A city motorcycle patrolman was on duty at the new high school building as students arrived to assemble in classrooms.

Motorists were requested not to park their automobiles in the Nineteenth-street strip of the school zone, which includes all of Nineteenth street fronting the new building and some of the thoroughfare east and west of the high school plot.

Danger of rows of parked machines, preventing thoughtless school children from obtaining a view of the street before starting to cross, was stressed. New standards designating school zones have been erected where old ones were defaced or damaged and at vantage points formerly without such signals.

M. H. Duncan, superintendent of schools, however, reiterated necessity of an ordinance forbidding parking on Nineteenth street fronting the new high school and on 100 feet fronting the junior high school.

Mayor J. J. Clements said motorists were being "requested" not to leave machines in

(Turn to Page 9, Column 1, Please)

Club Meetings And Other Interests Overshadow Parties In Lubbock This Week

Twentieth Century, Sorosis Societies And P.-T.A. Council Meet On Tuesday

The beginning of another club year, the opening of city schools and other activities in Lubbock this week have overshadowed the interest in purely social events. However, a few parties have been scheduled for the week.

A number of visitors continue to be in the city and others are coming from late vacations.

Miss Mary Frances Gale has gone to Carmen, Okla., to teach school during the winter.

Mrs. Annette Clark of Burleson is visiting today with Mrs. J. G. Oslin.

H. D. Morgan of Phoenix, Ariz., is visiting his sisters, Mrs. W. L. Daniel and Mrs. J. C. Dunkin. Mr. and Mrs. Daniel have recently returned from a visit in Brownwood.

Miss Priscilla Watson, who has been visiting Miss Elaine Henry, has gone on to Santa Anna, Calif., where she is to be in a junior college during the winter. She has spent the summer with her parents in Waco.

Miss Margaret Bruckner, who has been in Oklahoma City during the summer, has been Miss Henry's guest, also. Miss Bruckner is to re-enter Texas Technological college.

Miss Robbins To Visit

Miss Elizabeth Robbins of Colton, Calif., is expected to arive today for a visit of several days with Miss Alma Spikes. Miss Robbins in en route home from a trip to Mexico and various points in South Texas.

This is the first visit that Miss Robbins has made to Lubbock since moving to California several years ago with her parents, Mr. and Mrs. Shelby Robbins. Her father was former postmaster here.

Mr. and Mrs. B. O. McWhorter have had as their guests Mrs. W. P. Walker and son, Billy, of Crosbyton, and Mr. and Mrs. W. M. Stovall of Hereford.

Mr. and Mrs. J. T. Howell have returned from Fort Worth where they have been visiting Mrs. Howell's sister, Mrs. H. F. Douglass, and Mr. Douglass.

Mrs. C. P. Carlock and son have returned from a visit in Springfield, Mo.

Mr. and Mrs. Cecil Tramel of Midland are guests of Mr. and Mrs. I. F. Kennedy. Mrs. Tramel is the former Miss Polly Wolcott, an ex-student of Texas Technological college.

Ray Moore, Tech student, has returned to Lubbock to re-enter school after spending the summer in Hamlin.

Teachers Are Here

Guests in the John Dalrymple home during the teachers institute are Misses Billy Opal Kurfees and Teresa Stockton of Plainview and Mary Lou Crain of Floydada.

Mesdames I. F. Kennedy and Dewey McClellan are entertaining the Thursday Bridge club with a luncheon at 1 o'clock tomorrow in Mrs. McClellan's home at 1916 16th street.

Mrs. Robert Whitlock and little daughter, of Slide, and Miss Ruby Jo Popejoy, 2203 Seventh street, have returned from a visit in Fort Worth and Lewisville.

Work of Lubbock parent-teacher associations for the present school year was launched Tuesday afternoon at the first Parent-Teacher council meeting of the fall. This meeting followed the lecture on P.-T. A. work at the South Plains Teachers institute and was held at Texas Technological college. Mrs. H. F. Godeke, president, was in the chair.

To Form Chorus

Plans were discussed for organizing a mothers' chorus among parent-teacher association members this year. Providing supplies for children who will be unable to buy their materials, was discussed, also, and it was planned to continue with the summer on round-up work.

M. H. Duncan, superintendent of schools, addressed the council. Each school in the city, with the exception of Sanders ward, was represented at the meeting.

Sorosis Club Meets

Beginning the new year of study, Sorosis club members met Tuesday afternoon with Mrs. R. T. Campbell in her home at 1621 Avenue Y.

Roll call was answered with vacation items and Mrs. J. T. Howell was in charge of the program on Palestine. Mrs. E. L. Banks talked on the the typography of the country and Mrs. W. L. Bradshaw discussed its antiquities. Social and commercial problems were discussed by Mrs. J. R. B. Cooper and Mrs. William Dingus made a talk on religion of the people.

Guests were Mrs. R. J. Ellis of Abilene and Mrs. Ray W. Sheppard.

Study Introduced

The study of Russia was introduced Tuesday afternoon when members of Twentieth Century club met at the Hilton hotel in the first meeting of the fall. Dr. John O. Granbery, head of the department of history at Texas Technological college, lectured on the condition of Russia today. Questions on Russia were discussed at roll call.

Mrs. James H. Goodman, president, was in charge of a business session. There was a good attendance.

SPEEDY AIR-RAIL CAR

GENEVA. — Prof. K. Wiesinger, of the Zurich Polytechnicum of Switzerland, has revealed plans for a fast train of light aluminum coaches, to be driven by a propellor, which he thinks will attain a speed of nearly 225 miles an hour. Frank Kruckenberg has already tried out a "Zeppelin on wheels" in Germany.

Miss Agnes Abernathy, 2217 14th street, is convalescing following the removal of her tonsils Tuesday at the West Texas hospital.

Doctor Myers' Daily Column On Child Welfare

BY GARRY C. MYERS, PH. D.
Head Division Parental Education Cleveland College, Western Reserve University

PRAISE MERITS

IN THESE days of drifting homes, ten-minute divorces, ship-wrecked marriages at the rate of one to s.x, it is most refreshing to those parents who have held together to observe the increasing space the average newspaper is devoting to accounts and photographs of married pairs who have lived together 50 years or more.

Is it possible that golden wedding anniversaries are becoming so unusual as to be good news?

Contrary to the expressed belief of a good many people, I believe that the editor of a newspaper is desirous of printing a newspaper which will help conserve those ideals and traditions which have proved most useful to the race. But if he printed only what seemed to be for the immediate, positive good of his community, he soon would go bankrupt.

We parents who read his paper can help him make a better paper by letting him know what we like in it. The trouble is that we are inclined to write him only when we wish to register protest for what we do not like. We are disposed to do likewise with our children—to take the good things they do for granted and to scold and punish them for what we disapprove. We would be better parents if we were more often to celebrate successes in them and to take more of their shortcomings for granted, passing over them more frequently as if we were deaf or blind. Let us often pray that we may close our eyes to the little faults of our children and see clearly and enthusiastically the good things that they do.

We also ought to write a letter now and then to the preacher commending him on his best sermons, and to the teacher of our children who has done so many things for them that we admire.

Of course, I know it is easier to write this advice than to follow it; but during the past few years, maybe to ease my conscience, since I have been writing this doctrine in my column, I have actually put a little of it into practice, and it does seem to work. After such a letter to my local editor, to a teacher, or a preacher, I have enjoyed a sense of having done a bit worth while.

Back to the golden wedding day. Rather forward to it, for a good many of us.

I wish we younger parents were to make a little more fuss over the old faithful married folk we have known for years and years, particularly over the grandparents. To do so would make them happy, bring joy to ourselves and set before our children ideals more eloquent than tongue or pen is able to express.

Every now and then, when I see in one of our local papers a picture and account of a golden wedding day, I write to the editor and sometimes to the old pair, even if they are utter strangers to me. I wish I had the character and energy to do it oftener. I wrote once to an editor: "Such a presentation by your paper will do more good to further happy family life than all the sermons preached last Sunday." And I believe it.

EDITOR'S NOTE: Two pamphlets by Dr. Myers may be obtained by sending 10 cents a coin, for each, and a self-addressed, stamped envelope, to Dr Garry C. Myers, in care of this paper, or Central Press Association 1438 East Twelfth street, Cleveland, O. The pamphlets are: "Punishments and Rewards" and "Fear."

Officers Are Elected In Camp Fire Unit

New officers were elected by Songan Camp Fire girls Wednesday afternoon in a meeting with Miss Hazel Arnett at her home. Elizabeth Harper was elected president with Dorothy Fortenberry as vice-president, Lucille Tarrance as secretary-treasurer and Thelma Hensley as reporter.

After the meeting, this group visited the new club room of Camp Fire at 2108 Broadway.

Honors Are Awarded At Council Fire

Honors were awarded to Akipsia Camp Fire girls Tuesday evening at a council fire conducted at the home of the guardian, Miss Elizabeth Conner. Girls who had part in the ceremonies about the fire were Voncile Shelby, Lucille Carmack, Beth Holland, Nathalie Fulton, Katherine Davies, Maxine Burrus.

Special guests for the evening were Mr. and Mrs. J. E. Conner, Miss Margaret Conner, Mr. and Mrs. R. W. Shelby and Miss Leora Davies.

Special honors were presented to Misses Holland and Shelby for their work.

Outdoor Party Given For Mail Carriers

Members of the Letter Carriers association, their wives and families were guests for an outdoor party Tuesday evening in the country home of Mr. and Mrs. C. R. McLaurin with Mr. and Mrs. E. D. Farris as joint hosts. Games were played and watermelon was served.

Those who attended were Messrs and Mesdames Claude Young, E. L. Thaxton, B. B. Rogers, Earl Pate, C. Carroll, Warren-Johnson, John R. Green, W. B. Sides, John L. Vaughan, J. M. Norman and their families.

Baptist Group Given Party Tuesday

Teachers and officers in the beginners' department of First Baptist church attended a party Tuesday evening at the home of Mrs. A. C. Elliott, 818 Avenue L. The guests were served watermelon on the lawn. Those who attended were Mesdames E. W. Millsap, John Spikes, J. G. Oslin, Robert O. Mayes, Miss Marie Heath and Mr. and Mrs. H. L. Heath. A shower of handkerchiefs was given to Mrs. Heath, who is moving away.

Thirty Young People Attend Dance

About thirty young people attended a dance given Tuesday evening by Miss Marguerite Spencer in her home at 2315 16th street. This affair was a farewell to the summer vacation preceding the opening of public schools today.

ROOM MATE CHARGED

CORPUS CHRISTI, Sept. 9 (AP)—V. Don Carlos, room mate of Alfred Steinbach at the time of the 20-year-old Cincinnati youth's disappearance, was under a charge of murder today. Steinbach disappeared July 7. His body was found by a cowboy on a ranch ten miles south of Corpus Christi Sept. 1.

Lady of 70 now has plenty of pep--thanks to Herb Extract

Writes letter of thanks so-other sufferers from stomach trouble may get relief

On Sale at City Drug Store

Beaumont, Texas—Mrs. John Amos, 961 Magnolia Avenue, tells a remarkable story of her years of suffering and how the famous Herb Extract medicine made her well.

"I have had stomach trouble since I was 17 years of age," said Mrs. Amos.

"I was always constipated and suffered from indigestion, gas on my stomach, and piles. Food would sour on my stomach and even the water I drank would come back. My kidneys were also out of order and caused me to get up from bed several times a night. Medicine hardly helped me at all until the enthusiastic praise of several friends started me on Herb Extract. After my first bottle I noted a great improvement. Now I can eat anything, my sour stomach is gone, my kidneys are much better and I can sleep 'like a log'. I have plenty of 'pep' for a lady 70 years of age. Herb Extract is the one and only medicine that has ever helped me and I heartily recommend it."

Are you sick and suffering? Then take the advice of the thousands and try Herb Extract. Get a bottle today at your drug store.

Mrs. D. L. Strickle Is Party Honoree

As a courtesy to Mrs. D. L. Strickel, Mrs. J. W. Boyd entertained in her home at 1501 Avenue L Tuesday afternoon.

Games were played and at the close of the afternoon the hostess served a refreshment plate.

The guest list included Mesdames Grover Burton, Walker Jackson, H. Y. Smith, Roscoe Cowart, J. W. Curry, W. T. Strickel, T. E. Patterson, N. J. Boyd, Bill McIlhaney, R. F. Patterson, Alvin Hunt, Henry Averti, Harvey Freeman, N. O. Vincent, Orval Cannon, of Slaton, Ossie Patterson and Miss Nina Mae Patterson of Nevada, Miss Vera McGaha, Miss Mackie Lee Patterson, and Miss Cleo Spradling.

Two little boys were drowned at Leeds, England, when they rode their toy automobile into the canal to see if it would float.

MISS SOPHIE SPROULE
WILL REOPEN HER SCHOOL OF DANCING
SEPTEMBER 10, 1931
REGISTRATION AT HOTEL LUBBOCK

Beauty Named In Divorce

Beauty judges evidently aren't the only ones who fall for Margaret Ekdahl (above), 19, "Miss America of 1930." Mrs. Harold Whitney of Tampa, Fla., in suing hubby for divorce accuses Margaret of winning away her mate's affections. Such news of "Miss America" is unexpected in that she had been reported engaged to Will Osborne, radio crooner.

Mrs. McCrummen Is Hostess To Club

Forty-two was played Tuesday afternoon at a party given for Jolly Dozen club members by Mrs. Frazier McCrummen, 2308 Avenue P. Mesdames D. Williford and J. W. Branch scored high in the games.

Special guests were Mesdames A. T. Cocanougher, L. D. Casey, E. G. White and Williford. Club members attending were Mesdames A. L. Hawkins, W. H. Trice, J. G. Oslin, Harry Hall, J. G. Biffle, Dick Abbott, A. L. Harris and Branch.

A. V. Griefs Parents Of Son Recently

Mr. and Mrs. A. V. Grief of New York City are parents of a son born August 27, according to word received here. Mrs. Grief is the former Mary McAnulty, who taught in the Lubbock public schools several years ago. The child has been named Robert Steele Grief.

O. C. Moores Will Be Hosts At Party

Mr. and Mrs. O. C. Moore, 1520 9th street, are to entertain the Maggie and Jiggs club at 9 o'clock Thursday evening in their home.

Movieland-Bound

Pauline Moore, 17-year-old Harrisburg, Pa., girl with her dog "Lindy," gave New York this parting smile as she left for the famous cinema community of Universal City, Calif. Pauline represents the only 1931 "find" of Carl Laemmle, Jr., film producer. Miss Moore graduated only last month from a junior college, her theatrical career being inaugurated in a class play. She can cook, too.

Business Women Are To Meet Thursday

Because of the circus on Friday evening, the Business and Professional Women's club will meet at 7:30 o'clock Thursday evening at Hotel Lubbock, instead of on Friday evening, it was anounced today.

Sixty-three per cent of the real estate in Santa Monica, Cal., is owned by women.

Enemies

of Eyes are sun, wind and dust. Fight them!

When your Eyes become bloodshot from the irritating effects of wind and dust, use *Murine*. It quickly relieves this unattractive condition, as well as Eye strain caused by the glare of the sun. This long-trusted lotion contains no belladonna or other harmful ingredients.

MURINE FOR YOUR EYES

Test it at our risk

Please don't take our word for these statements. All we ask is that you make the economy test yourself and be the exclusive judge.

Order a pound of Maxwell House at your grocer's. Prepare it in your usual way. Then if you and your family don't agree that it is the finest coffee you ever drank; if you don't find that it is real economy compared with weaker, Oxygen-robbed coffees, simply return the can with unused portion to the grocer from whom you bought it and he will return your money.

Oxygen can't hijack Maxwell House flavor

That's why the new* VITA-FRESH *Process is winning new friends for this famous coffee

ONCE you have tried your first can of Maxwell House packed by the new Vita-Fresh method, you will realize why you have never been quite sure about your coffee.

For Maxwell House, packed this new scientific way, is always uniform in strength and flavor. Because it is strictly fresh, not robbed of its precious fragrance and aroma by Oxygen, you can follow the simple directions on the package and get a superb cup of coffee every time.

Coffee flavor is highly perishable. Air (Oxygen) robs coffee of its strength and flavor.

Just read these amazing facts established in the laboratories of a leading Eastern University:

(1) *Loose or bag coffee loses 65% of its flavor in nine days after roasting.*

(2) *Coffee in old-fashioned cans loses 45% of its flavor in nine days after roasting.*

All due to the attack of Oxygen.

Think of it! Forty-five to sixty-five per cent of the flavor gone from nine-day-old coffee. Even vacuum packing, a definite improvement over old-fashioned methods, removes only part of the air from the can, leaving sealed in enough Oxygen to cause flavor loss and deterioration.

The new Vita-Fresh Process removes the air so *completely* that the most rigid chemical analysis reveals *no trace of Oxygen in the Vita-Fresh can after packing.*

Remember—Oxygen is the destroyer of coffee freshness and flavor. The Vita-Fresh Process *alone* gives full protection to coffee goodness. Maxwell House and Maxwell House *only* gives you this guarantee of full flavor, full value in every pound.

GOOD TO THE LAST DROP

PINSON NAMED ABC OFFICER

LUBBOCK MAN SECOND LIEUT. - GOVERNOR OF DISTRICT

Bert Pinson, Lubbock druggist and president of the local American Business club, was elected second lieutenant governor of the Texas-Oklahoma A. B. C. district Tuesday afternoon at the last business session of the two-day annual sixth district convention here.

J. G. ("Jerry") Crowley of Enid, Okla., was chosen as governor of the Texhoma district and San Angelo as the 1932 convention city. As first lieutenant governor, Crowley became head of the district organization two months ago when Bob Cates of Oklahoma City resigned as governor.

A representative of the Ponca City A. B. C., host at the national convention this year, was elected first lieutenant governor. He was Lester Maris. Horace Grigg of Amarillo was elected sergeant-at-arms.

One of the plans adopted at the final business session was an arrangement for expansion of the club work in the district. Each club is to organize another club in its vicinity before January 1, the old club and new organization to combine in sponsoring the organization of another club before June 1, the date of the national convention at Washington, D. C.

About 86 members attended the convention. About six of the delegates left for Carlsbad Caverns yesterday at the close of the convention.

E. L. KLETT HEAD OF LAWYERS HERE

The new president of the Lubbock County Bar association is E. L. Klett, city attorney and member of the law firm of Bean & Klett. He was elected Tuesday morning in 99th district courtroom to succeed R. A. Sowder.

Others elected were Tom Garard, vice president and Tom Duggan, jr., secretary-treasurer. About 25 lawyers attended the meeting.

Farmers In Crosby Gather Row Crops

The bulk of Crosby county's harvest has not begun although farmers are gathering row crops and some are picking cotton, Bill Ezell, Crosbyton resident and former Crosby county official, said here this week.

Feed crops have been abundant and early feed is being harvested, Ezell said. Late feed and young feed however, has undergone a change in the last 10 days and appears damaged, he said. Cotton has been hurt by hot winds, extent of the loss being undetermined.

Business conditions in Crosbyton are improved, Ezell reported.

Sees Dismal Future For Drys

Mrs. John B. Sheppard, chairman of the New York State Division of the Women's Organization for Prohibition Reform, as she arrived with her husband, prominent attorney, at New York after an extended tour abroad. They visited Sweden, Norway, Denmark and Russia, where Mrs. Sheppard made a comprehensive survey of prohibition control. She brought back the disheartening news, for "drys," that she forsees the repeal within three years of the Eighteenth Amendment. Mrs. Sheppard says the mothers of the country will have a great deal to do with it, too.

FEWER YOUNGSTERS AND MORE AGED PERSONS THAN DECADE AGO, SHOWN

WASHINGTON, Sept. 9. (AP)—Fewer youngsters and more old people were shown by the census bureau today to be in the United States than were counted a decade ago, although 47,608,991 children 19 or under formed 38.8 per cent of the total population.

Persons between 25 and 44 were described as the most productive period of life. Between these limits were found in 1930, 36,152,869, divided into 32.8 per cent of the urban population, 22.9 per cent of the rural dwellers, and 27.8 per cent of the rural non-farm or village districts.

Of the nation's 122,775,046 people, 22.9 per cent were found in the 28,142,808 listed from 45 upward, and 8.9 per cent were accounted for in the 10,870,378 between 20 and 24 years old. Under the heading "21 or over," the bureau put 72,943,624, as compared with 60,886,520 in 1920.

The percentage of children was reported to be highest in the rural districts, but the decline was as marked in the farming areas as in the cities. Rural population under five dropped from 12.7 per cent to 11.1; in the cities from 9.7 to 8.2 and the village areas from 11.6 to 10.5.

Although the country's citizens increased 16.1 per cent as a whole, rising from 105,710,620 to the 122 million figure, there were only 2,190,791 infants under one in 1930, against 2,257,255 in 1920, respectively 1.8 and 2.1 per cent.

Children under five formed 9.3 per cent, totaling 11,444,390 as compared with 11,573,230 or 10.9 per cent. Numerically, there were more between 10 and 14—the "under five" class of 1920 — as the 1930 census showed 12,004,877 against 10,641,137, but this age group formed 10.1 per cent in 1920, as against 9.8 per cent now.

Only in the 15 to 19 years old division was there an increase sufficiently large to show a gain in percentage. This group rose from 9,430,556 or 8.9 per cent, to 22,552,115 or 9.4 per cent during the decade.

Increases of comparable size in the 45 and up age limits were contrasted to the decreases in the younger divisions. Persons 75 and over totaled 1,913,196, against 1,469,704, respectively 1.6 per cent and 1.4.

Life Increased

Further indicating increased length of life, the 45 to 54 class totaled 13,018,083 or 10.6 per cent, against 10,498,493 or 9.9 per cent; 55 to 64, 8,396,898, against 6,531,672, 6.8 and 6.2 per cent; 65 to 75, 4,720,609, compared with 3,463,511, 3.8 and 3.3 per cent.

The bureau found persons 65 and older formed 5.1 per cent of the urban and the rural farm population and 6.8 per cent of the rural non-farm division, attributed partly to retired farmers and other retired persons going to county villages to spend their last years.

"Wife Swappers" Trade Back

EDGEWATER Park, N. J., Sept. 9.—(AP)—Binney Woodward Earl, whose "wife swapping" with his friend Emil Reinbold in 1928 attracted nation-wide notice, has remarried his original wife, the former Maybelle Stillson, it was announced at the Earl estate here Tuesday.

The ceremony took place soon after Earl was divorced from the first Mrs. Reinbold and Reinbold from the first Mrs. Earl in Tampa, Fla., two weeks ago. The Earls are reported to be on their second honeymoon in Canada.

Friends of the four here declined to be quoted as to the likelihood of Reinbold remarrying his former wife.

Designer-Maker

Janet Chandler is evidently as clever with the needle as she is beautiful. The Los Angeles miss is displaying the novel and attractive tailored evening gown of her own design with which she recently won the first prize at a fashion show. The dress stressing simplicity of lines, is of turquoise satin, its only decoration being a modernistic line of 57 buttons.

Sixty-Eight Hurt In Canada Mishap

WINDSOR, Ont., Sept. 9 (AP) — Sixty-eight persons were injured last night as the street car in which they were riding to a public dance at Devonshire race track split a switch and overturned in the outskirts of this city.

A check of the injured indicated that most of the passengers had miraculously escaped critical hurts. The 68 men, women, young girls and youths were taken to three Windsor hospitals.

The street car, said by witnesses to have been moving at 40 miles an hour, jumped the track and turned over on its side in the street.

PROBLEMS ARE DISCUSSED

CONFERENCE IS HELD BY AGRICULTURE TEACHERS HERE

Problems of the vocational agriculture teacher were discussed at roundtable conferences of a dozen teachers, attending the seventh annual South Plains Teachers institute, and C. L. Davis, vocational agriculture supervisor of the state department if education.

J. B. Rutland, assistant supervisor, of the state department; E. R. Alexander, professor of agricultural education, and J. C. Dykes, assistant professor, both of Texas A. & M. college, assisted Davis.

Several Present

Sessions, have been in the school of agriculture at Texas Tech. Teachers present include: C. J. Van Zandt, Post; A. H. Bateman, Plainview; J. H. Taylor, Ralls; V. S. Payne, Abernathy; Taylor White, Tahoka; C. B. Middleton, Spur; R. A. Cox, Littlefield; R. H. Maxwell, Hale Center; W. C. Taylor, Crosbyton; R. H. Wells, Seagraves; R. E. Duckworth, Sudan, and R. H. Mathis, Levelland.

One Of Series

"This is one of a series of 14 such conferences to be held over the state," Mr. Davis explained. Here in Lubbock, we have held the third of the series. They will average from 19 to 20 in attendance. The one in Dallas will have about 30 and it will be our largest.

"It is our aim this year to make the vocational agriculture work more practical for farmers by the use of night courses in farm work. There is no reason to believe that he cannot continue to learn to do things."

The party of four left Tuesday evening for San Angelo, where a similar gatherings began this morning. Conference No. 5 will be held in Abilene starting Friday morning.

SALARY CUT URGED

MEXIA, Sept. 9 (AP)—District Judge H. Fountain Kirby has recommended to Gov. Ross S. Sterling that the salaries of the judiciary and other public officials be reduced as a measure of economy. He suggested that the salaries of district judges be slashed $1,000.

Scout Budget Is To Be Discussed

The South Plains Area Boy Scout council budget for the 1931-32 fiscal year and the type and amount of personal service expected of D. T. Jennings, area executive, will be discussed at an all-membership meeting of the council at 4 o'clock Thursday afternoon at the First Baptist church here.

T. A. White, council president of Lubbock, will preside. The council executive committee will assemble later in the month.

A machine has been invented to peel willow sticks that are to be used in weaving baskets and making furniture five times as fast as the work can be done by hand.

PUBLIC WARNING

See That This Deception Is Not Practised Against You

THIS warning is printed to put the public on guard against a deception which may be practised against those who seek genuine Bayer Aspirin for pain, headaches or colds.

We take this means of warning you, so you may be able to protect yourself and family against results of such deception.

BEWARE!

Other preparations, we are informed, have been offered at times to those who ask for Bayer Aspirin; and even represented in some cases as being "the same as Bayer Aspirin."

Watch Out! Remember that years ago doctors warned the public against "headache remedies," some of which are heart depressants and unsafe for many people to take.

Then remember how Genuine Bayer Aspirin came. And was acclaimed the world over by leading men of science as SAFE relief for pain, and was prescribed without hesitation by eminent physicians. *For genuine Bayer Aspirin does not harm the heart.*

What folly, then, in the light of these things, to dose yourself with drugs of which you know nothing. Don't gamble—KNOW.

The genuine Bayer Aspirin tablets are made by a special process, under careful supervision of scientists, in the Bayer Laboratories, with over 25 years of highly specialized experience.

So when you want SAFE relief for pain, cold or headache, ask for BAYER ASPIRIN. You have a perfect right to ask for what you want. And an equal right to get what you ask for.

Look for the name BAYER on the package. And the word Genuine in red. Insist on Genuine Bayer Aspirin and refuse to accept a substitute.

DOES NOT HARM THE HEART

PLEASANT

to take

You don't *taste* the Quinine and Iron in Grove's Tasteless Chill Tonic that works such wonders in restoring your appetite and building up your system.

When vitality is low . . . appetite gone . . . sleep unrefreshing, take Grove's Tasteless Chill Tonic for quick recovery of appetite and vigor. Pleasant to take.

GROVE'S TASTELESS CHILL TONIC

TALK ABOUT PRICES

Look here!

Just run your eye over the Goodyear Pathfinder prices listed here — and see how little it will cost to re-equip your car with safe new tires.

Did you ever see tire values like that before? No! Because prices have never been so low, nor quality so high.

When you buy Pathfinders you buy great sturdy Supertwist balloons — handsome and strong — long-wearing and trouble-free.

You buy a genuine Goodyear product — made the Goodyear way to Goodyear standards by Goodyear craftsmen.

Don't risk trouble or perhaps life and limb on threadbare tires. One look at these low prices shows you it isn't worth while.

$4.98 EACH
29 x 4.40-21
Balloons for 1925-27 Fords, Chevrolets and Whippets

$4.80 each if two or more are purchased

As an indication of GOODYEAR VALUES look at these prices on GOODYEAR PATHFINDERS

Make of Car	Size	Price of Each
Ford '25 to '27, Chevrolet '25 to '27	29 x 4.40-21	$4.98

TAHOKA-HUBBER SERIES OPENS TONIGHT

RECRUIT PITCHERS STAR IN DEBUTS

TWO GAMES TO BE PLAYED AT NIGHT

SLATON TIGERS LOSE TO LOCALS HERE LAST NIGHT

Lubbock's Hubbers and Tahoka's Bulldogs renew a struggle tonight in the first of a series of two baseball games that will bring two of the strongest clubs of this section together. Tonight's game starts at 8:30, and will see Rose, former pitcher for Lamesa, chunking for Tahoka. He will be opposed by Greer Dickey for Lubbock. It would appear that Lamesa and Tahoka have joined forces against Lubbock in this series, for Britt, another Dawson county hurler, is slated to oppose Graham tomorrow night.

Last night the Hubbers had to work hard and fast to win an 8 to 6 victory over the Slaton Tigers. The local boys were outhit, 14 to 9, but managed to take advantage of a few misplays and wild throws and were on their toes at all times to make their own hits count. Hack Galey was batted from the box in the sixth after allowing ten hits and five runs. Blackie Hoyle went in to retire the side but only after a triple and a double had been taken off him.

The lead changed sides four times before the Hubbers finally gained a toe hold and played good ball to keep down further running. Lubbock took the lead with a run in the fourth but saw it overcome in the fifth when Slaton scored twice. Lubbock returned in the fifth to score four tallies but the lead again shifted when Slaton scored four times in the sixth. Lubbock sewed it up with three in the seventh.

SPUR HIGH NOT REINSTATED

SANDERS RESIGNATION REFUSED BY CLASS B OFFICIALS

Meeting in the first executive session of the year, Class B officials of District 2 yesterday refused to recommend the reinstatement of Spur High school in the Texas Interscholastic league, took no action on the proffered resignation of A. B. Sanders, superintendent of Brownfield High, as chairman of the executive committe and discussed several points in connection with the Class B football race for this season.

Spur High, represented at the meeting, which was held at the administration building at Texas Tech, by Coach Weir Washam and Superintendent Sam Z. Hall, asked for a nullification of the two-year suspension handed it by the state committee last winter for alleged infraction of the eligibility rules. The committee took no action. A. B. Sanders, former principal at Ralls, presided at the meeting and offered his resignation but the committee refused to accept it.

Schedules Talked

Several coaches were present and tentative schedules for the grid season were drawn, subject to final approval Saturday when Class B coaches will take time out in the course of the West Texas Coaches and Officials association's convention.

The committee yesterday voted to declare unofficial all games played by teams in schools which do not open until later in the year until the term begins. Due to financial difficulties, a few schools in the circuit will not open until November.

The district championship will be determined again this year by a series of play-off games between winners of the four sub-districts, according to the recommendation of the committee yesterday.

RURAL SCHOOLS HAVE A RECORD

Lubbock county's rural schools have a record that is not found in any other county in the state, S. M. N. Marrs, state superintendent of public instruction, declared before teachers attending the South Plains Institute here.

After citing the record to Dr. Shelton Phelps, he asked the latter if he knew of any such record any place and Dr. Phelps said he did not.

Here is the record, as the books of Miss Mae Murfee, county superintendent of schools, revealed to the state superintendent.

Twenty one school districts.

Each district has a brick school building.

No one-teacher school in the county.

Tax rate of each district is that of the limit for the state, one dollar.

Each district owns a teacherage.

Mr. Marrs said he had cited the record numerous times and was unable to find any other county with the same high type of work.

In Norway, a chemical process has been invented to keep fish fresh for a month.

BASEBALL AT MERRILL PARK tonight at 8:30. Lubbock Hubbers vs. Tahoka Bulldogs in the first of a series of two games. The second will be played tomorrow night. A club from Sweetwater, reported to be one of the strongest of that section, is here this weekend, Saturday night and Sunday afternoon, to furnish the baseball interests.

* * *

The second boxing and wrestling show in connection with the Community Chest's Golden Glove Amateur Boxing and Wrestling tournament will be staged tomorrow night, Thursday, at the Ave. H arena. Manager Joe Blinn has arranged another attractive card, with two professional heavyweight wrestling matches heading the card. Outstanding is a two-out-of-three-fall match between Tony Gardini, 200-pound grunt and groan artist from Roswell, and Jim McGrath, 210-pound wrestler from Kansas City.

* * *

Gardini put up a pretty fair exhibition last Friday night when he defeated "Chief" Stine the heavy Indian from Oklahoma City. McGrath is a wrestler of no mean note and is due to give the chubby Roswell lad a spanking. The Kansas City man has been drafted to substitute for Cal Farley, the Amarillo title contender, who will make an appearance here next week if present plans materialize. The big Indian, Stine, will meet Gorilla Duke, another heavy who wrestled last Friday night. Four amateur boxing bouts and a colored battle royal will appear on the program.

* * *

As we rounded the corner this morning in a run to finish a race with the time clock in a dead heat we overheard some fellows arguing over the won and lost record of the Hubbers this season. For their information and for anybody else's, let us check the scorebook and get the matter straight. Including every game in which the Hubbers have played as Lubbock's representatives, the result shows 35 games won and 14 lost, an average of .714, if you please. This does not include Tuesday night's contest.

* * *

If any club can show a record better than that in West Texas this season we'll gladly concede them the title of uncrowned champions of the section.

* * *

The Wort Worth Panthers have abandoned plans to stage a barnstorming tour through West Texas at the close of the Texas League season. Instead, they are going south, way south, down into Mexico where they will play several series with semi-pro clubs across the international border. It had been hoped that the Cats would appear here in a post-season game, but those hopes are blasted with the latest announcement.

* * *

"If this be treason, then do sumpin' about it," sings out Lou Gehrig as he sends another American League baseball out of the lot and lofts his nose at the sheepish Babe Ruth. It's a pretty hot race, this home run derby, and if George Herman doesn't do something about it he's likely to be left in the $80,000 lurch for a couple more years. He probably won't take an extended vacation in Europe while holding out for more than that when he and Col. Jake Rupert go into a huddle at the expiration of the present season and contract. Columbia Lou is leading by about a quarter dozen at the present writing and today's results are not in yet.

* * *

We had hoped to see at least one baseball game here this season in which the umpire would be one of those big, strong men who would take nothing from anybody, in which the competing teams would let the umps run the ball game as he saw fit and in which the fans would be on the umpire's side, whether their team won or lost. Enough time has been lost to play a couple of games and the light bill has been increased considerably all because of umpiric squabbles and indecisions. We're not laying the blame on anybody but we would like to see a hard-boiled umpry officiate before the season is out.

Fewer Men, More Women Employed

WASHINGTON, Sept. 9 (AP)—A material decrease in the proporation of men gainfully employed, and a decided increase in the percentage of women so occupied, was reported today by the census bureau on 1930 totals.

There were in the United States 48,832,589 gainful workers—38,053,795 men; 10,778,794 women.

The male gainful workers represented but 78.2 per cent of the male population 10 years of age and over; as against 78.2 per cent in 1920; 81.3 per cent in 1910; and 80.0 per cent in 1900.

GOOD RECORDS ARE MADE BY NEWCOMERS

MOONEY, HARRIS AND VAN MUNGO LOOK LIKE VETERANS

BY HUGH S. FULLERTON JR.,
Associated Press Sports Writer

Three recruits pitchers have made brilliant debuts in the National league in the last few weeks.

Jim Mooney, formerly of Bridgeport, came from nowhere to become one of the New York Giants' stars. Monday Van Mungo stepped up from Hartford to pitch a great game for Brooklyn and now Bill Harris, who just came to Pittsburgh from Fort Worth, has joined them in the high places.

Harris Wins Shutout

While Mooney was winning his sixth straight game for the Giants yesterday, Harris pitched his first for the Pirates and won it by a shutout. He allowed the Cincinnati Reds only five hits in a brilliant duel with Jack Ogden and Benny Frey and earned a 3 to 0 victory. The Pirates made only four hits, but two of them were combined with two walks off Ogden and an error in the first inning to produce all three runs.

Mooney who has yet to taste defeat in the big league, hurled the Giants to an even break in their doubleheader with Philadelphia. Phil Collins downed the Giants for the second time in a row in the opener, besting Bill Walker 3 to 1. Mooney, although hit ten times, was effective in all but 1 inning of a struggle against Sheriff Blake and scored a run himself in the eighth inning to produce a 4-3 victory.

Moore Looks Good

Another good pitching performance came from Austin Moore of Brooklyn in the remaining National league game. Moore relieved Babe Phelps with the bases full and none out in the first and pitched nine full frames to win 10-6 as his supporting cast hit three Boston pitchers hard and dropped the Braves into a tie with Philadelphia for six place.

The outstanding American league mound performance again was left in the capable left hand of Robert Moses Grove of the Philadelphia Athletics. Grove set Washington down with seven hits and fanned seven to record his 28th victory of the season against three defeats. The Senators kept things close until the seventh inning when an eight run assault, capped by Jimmy Foxx's 26th homer of the season drove Sam Jones from the mound and made the final score 10 to 1.

The defeat left Washington only one game ahead of the New York Yankees, who, with Boston, had an off day.

Indians Win Two

Cleveland continued its spurt by taking two games from the Chicago White Sox to make it six victories in three days. The Indians were outhit in both games but came through with a late rally against Bob Weiland to take the opener 8 to 7 then drove Pat Caraway from the hill with a five run rally in the first inning and won the second game 6 to 3.

The St. Louis Browns regained the top place in the second division by a half game margin on the strength of two home runs that beat the Detroit Tigers 3 to 2. Outhit 8-6 in a duel between Walt Stewart and Earl Whitehill, the Browns got all their runs on four baggers by Rick Ferrell and Red Kress.

CATS SHUTOUT DALLAS CLUB

McCABE WINS NO. 22 AS STEERS GIVEN BUT SIX HITS

(By The Associated Press)

Dick McCabe of the Fort Worth Cats won his 22nd game this season when he beat Dallas 2 to 0 last night. The victory put Fort Worth four games in front of Dallas for third place on a straight season race. McCabe, hurling six-hit baseball, was opposed by George "Tarheel" Murray who limited the Cats to five hits. Murray was after his 21st victory this year, but instead, suffered his 16th defeat. He held Fort Worth hitless for four innings. It was McCabe's 27th complete game this season, giving him the league leadership in this department.

The Wichita Falls Spudders opened their last home stand of the season by beating Shreveport, 5 to 4. The game went eleven innings, with Lester White getting credit for the victory, his 16th this season. Moore went the route for Shreveport. He held the Spudders to six hits.

The Houston Buffaloes, with Hanson turning in his 15th victory, won from Galveston, 8 to 4.

Only three games were scheduled yesterday.

During 1930, Wisconsin slaughtered a total of 3845 retired horses for animal food.

GAR WOOD'S BROTHER RACES ALONE IN WHAT MAY OR MAY NOT BE THIRD HEAT OF HARMSWORTH TROPHY RACE

DETROIT, Sept. 9 (AP)—Miss America VIII loafed around the Detroit river course alone at 50.849 miles an hour yesterday in what may or may not have been the third heat of the Harmsworth trophy race.

Two days after Gar Wood, American defender, and Kaye Don, British challenger, were disqualified in Monday's heat for crossing the starting line ahead of the gun, no one knew for certain whether there was a Harmsworth race.

The international racing commission ruled Monday evening the 1931 attempt to lift the emblem of water speed supremacy was "no race."

Yesterday, Gar Wood's brother, George, who piloted Miss America VIII to last place in Sunday's heat, which Don won with a record breaking average speed of 89.913 miles an hour, and who was the only driver to finish Monday's heat, protested the "no race" ruling. As a qualified member of the American team, he demanded the right to run the third heat and thus "win" the trophy for the United States, rather than allow it to remain here solely on a challenger's disqualification.

W. D. Edenburn, of Detroit, representative of the Yachtsmen's Association of America on the racing commission, granted Wood's request. He said, however, Charles F. Chapman, of New York, the other member of the commission, would have to concur in his ruling before the "no race" verdict could be altered.

From New York last night came word that Chapman was of the opinion that the 1931 renewal should stand as "no race." He added, however, his belief that it was a question for the Yachtmen's association, as the national authority, to decide.

The number of unmarried women between 30 and 50 years of age are stated to be the highest ever reached, due in a great part to the losses of man-power in the World war.

The state of Michigan still has 810 blacksmith shops, 200 harness stores and 70 livery stables.

West Texas Coaches Are To Gather Here

THREE HUNDRED ARE EXPECTED HERE ON SATURDAY

Approximately 300 coaches and officials of West Texas, Oklahoma and New Mexico are expected to attend the second annual convention of the West Texas Coaches and Officials association. Invitations have been mailed to every coach and official in the section by the Texas Tech athletic department and the Lubbock Chamber of Commerce and Coach Pete Cawthon of Tech, president of the association, believes that a full attendance will be on hand.

Joe Utay, dean of southwestern officials and one of the leading football authorities in the south, will be here to conduct the meeting, lead in the discussion and interpretation of the national intercollegiate football rules and lend his personal help to coaches and field officials who care to talk with him. The chief purpose of the convention is to brush up on the football rules, discuss the changes and hear various interpretations placed on debatable questions.

The West Texas organization is affiliated with the state association and members of the sectional association are recognized by the Southwestern board of football officials.

A banyan tree in India has been known to shelter 7,000 men. The circumference of its spread of branches is 300 feet.

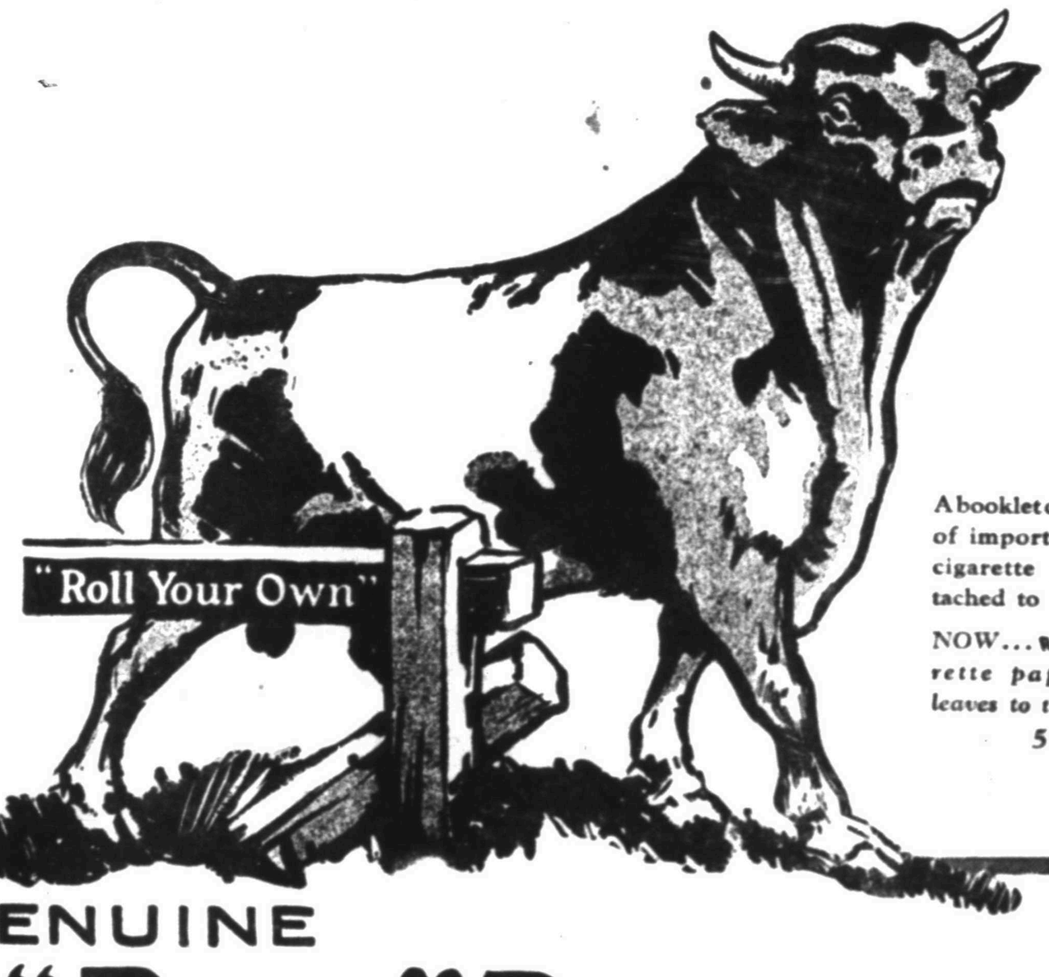

WITHDRAWALS DIM RICE PROSPECTS

HOUSTON, Sept. 9.—(AP)—All was quiet on the Rice institute football front Tuesday night, with Coach Jack Meager's squad of featured Owls resting easy on the eve of their departure for the gridiron wars Thursday, when the lid is lifted on training in Southwest conference camps. The pre-season paper prospects of the blue and gray suffered when it became known that Lou Hill, 172 pound guard from Gilmer, had withdrawn from school.

Added to Hill's withdrawal was the decision of Bob "Big Foot" Kimbro, promising 190 pound tackle from Cleburne, to enter a medical school, thereby paring off another capable player from the Owl roost.

Doubt was expressed as to whether "Swede" Hein, 203 pound tackle from Laredo and Jack Modisett, 185 pound fullback from Woodsboro, would answer the starting call Thursday.

The physique, clothing and cleanliness of the children are at least a hundredfold better than they were 30 years ago, and at least 50 per cent better than they were eleven years ago, and the infantile death-rate has decreased by one-half since 1900, a scientist reports.

SK MEXICO TO JOIN LEAGUE

SEMBLY ADMITS ITS ERROR IN OMITTING AMERICAN NATION

ENEVA, Sept. 9 (AP)—Mexico was himously invited by the asbly yesterday to join the League Nations after a number of delehad delivered addresses of rsement.

he league thus moved to rectify t some of its members termed lamentable error" in excluding ico from possible membership n the organization was formed ve years ago.

rd Cecil of Great Britain, For- Minister Briand of France, Foreign Minister Grandi of were among those who adted before the assembly the erence of the Latin American ntry.

Admits Error

rd Cecil said this would rectify error in the formation of the ue, saying "I must admit I onally had a part in committhis error." He said that Mexihelp was greatly needed in league's efforts to solve world blems.

Briand, applauded as he asied the platform, said "we all deplored the regrettable mis- of omitting Mexico in the first e and we all are happy now to ify that lamentable error. nce will hail with joy the day ico joins our work."

ignor Grandi said Italy would most happy to see Mexico take place beside other leaguers. eign Minister Curtius voiced ilar sentiments on behalf of many and delegates Yoshizawa ed the voice of Japan.

While the statesmen were pay- tribute to Mexico, her observer Geneva, Martinez de Alba, walkabout the auditorium smiling shaking hands with the leaddelegates.

X REQUIREMENTS TO FACE BUS MEN

chool bus operators, under the e law providing for state aid to tricts with an area in excess of square miles, have six requirents to meet, S. M. N. Marrs, state erintendent of instruction, says. der recent legislation adopted by Texas legislature, aid up to $400 year per bus, is possible.

he requirements, Mr. Marrs ted, are 1—the driver must be r 21 years of age; 2—he must be sically sound, without a defect t would hinder him in the full ration of the car; 3—he must the school bus at every grade ssing he comes to, whether there a train in sight or not; 4—the must be curtained and enclos- to protect the children from the ather; 5—the bus must be mark- "school bus" on the sides and end; 6—the driver must be ed under $2,000 bond or more the faithful performance of his y.

"These are statutory regulations, department," Mr Marrs said. ey are in the bus law."

Under the law, the state may tribute up to $400 annually for h bus, for districts of certain as in extent. The state board not decided whether the full ount will be paid or not the ount of money available after aries are met, will be biven conration.

Oregon will enter the national tribution field in carload lots of nberries this year by shipping cars to market.

Where Ford Will Build Plant

By Aerial Surveys, Inc.

Great excitement has gripped northeastern Ohio along Lake Erie, for Henry Ford has bought a site for a $7,000,000 assembly plant, and possibly a glass works, at Richmond, O., across the Grand river from Fairport, O. Aerial photo shows the site (ringed). The harbor is to be dredged to accommodate the largest lake freighters and the breakwater along the stormy shore is to be moved farther out to shelter a larger fleet. Ford is expected to encourage his workmen to make their homes on farms nearby.

HOOVER SEEKS COTTON AID

GROWER BURIED UNDER HIGHEST FORECAST IN 16 YEARS

WASHINGTON, Sept. 9 (AP) — President Hoover is seeking a way out for American cotton growers, buried under the highest September crop estimate in 16 years.

Eugene Meyer, chairman of the federal reserve board, and William L. Clayton, of Houston, Texas, a leading cotton merchant, were called to the White House as the official September estimate of the department of agriculture forecast 15,685,000 bales.

Scheme Advanced

Observers believed the president was looking for a way to carry out a scheme advanced by some southern senators under which the government would carry over several million bales of this year's crop for those farmers who agree not to plant any cotton next year.

Senator Smith, Democrat, of South Carolina, who conferred recently with the president is known to favor such a plan. Senator Caraway, Democrat, of Arkansas, came here to press such a proposal upon Mr. Hoover.

No Announcement

No announcement, however, was forthcoming from the White House where George R. James, of Tennessee, a member of the federal reserve board joined in the conferences.

Under the Smith-Caraway proposal, the cotton farmers would be financed for a share of this year's surplus, sell the cotton next year and take the difference between prevailing low prices and the increased price expected to result next year from their refusal to plant new crops.

Minimum Is Set

Senator Caraway would have the government buy 8,000,000 bales at not less than 8 cents a pound. He then would have this allocated to those farmers who agree not to plant next year, permitting the farmers to collect the difference between the 8 cents a pound and the prospective higher price in 1932.

The agriculture department's forecast of 15,685,000 bales was not unexpected in view of the August forecast of 15,584,000 bales and apparently the market was braced for it.

Robert Miller, Roger Pfaff and David Wilson, University of Oregon students, will spend six months on a 35,000-mile "good will tour" of Australia and the Orient.

2,571 Doctors* Approve
Central American Rare Mountain Coffee

"Drink It Without Anxiety," They Say . . . . Far Finer Flavor Too, Because Free From Rank Offensive Oils

(EWING GALLOWAY)

COFFEE is not only good, but *good for you!* If you drink the right KIND. This is what your doctor will tell you today. For the so-called ills of coffee such as nervousness, indigestion, and headache, they now find, actually come from certain noxious oils found largely in cheap, rank coffees.

But the world's finest coffee, the richest and most invigorating coffee, is *free from these.* Any normal person may drink all he wants within reason. And that is why thousands are changing to Folger's.

From Central America

Folger's is not just another brand of coffee. It is a different *kind* of coffee. There are thousands of brands of coffee in the market, but they most all come from practically the same place and are about the same grade. Folger's is made from Central American coffee—high-grown, which, experts and doctors agree, is free from the so-called coffee ills. And Folger's is packed in key-opening vacuum tins. Any can you buy is always fresh. As fresh as it was 30 minutes after it left the roaster.

Endorsed by Doctors

Only recently we received reports from 2,571 doctors* who, after testing samples of Folger's Coffee, confirm what we say above.

Try Folger's for a week. Note its finer flavor. Note its wonderful invigoration. Note its after effects. If you do this, we'll wager you'll never go back to ordinary and doubtful kinds of coffee.

**Signed statements to this effect, from 2,571 physicians who have actually tested Folger's Coffee, are on file in our offices.*

Thought For Today

The way of the just is uprightness; thou, most upright, dost weigh the path of the just.—Isaiah 26:7.

• • •

There is no virtue so truly great and godlike as justice.—Addison.

Too Late!

There is something mysteriously terrifying about death to a man who has wronged another and not righted that wrong. George R. Pond, a 62-year-old farmer who lived at Decker, Ind., found that out recently when he was dying. For 26 years he had carried the knowledge with him that he had killed a man. And for 26 years he had let the world think that another man was guilty of the murder. He had silently let the other man, Jesse Lucas of Mt. Carmel, Ill., enter the Illinois state penitentiary 22 years ago to serve a life term.

But the other day Pond realized that the game was up. The ghost that had followed him over his fields for more than a score of years had cornered him at last. Perhaps the fact that he himself could no longer suffer through another man's freedom had something to do with his confession. Not much, though. Twenty-six years of cruelty could hardly result in a final show of consideration. Men die as they have lived.

And George Pond was a coward. He was afraid to die with his secret, so he told it, hoping that some omnipotent power would count it a pleasure to give him a ring-side seat in a celestial kingdom.

Pond's death-bed confession, which reveals a pitiful miscarriage of justice, brings condemnation on one man while it lets loose a generous flood of sympathy for another. There is no need to dwell on the fact that the state wrongfully took away the best years of his life from Jesse Lucas. There is nothing to be gained in upbraiding the machinery of justice. It functioned according to its best judgment, and would not purposely have rendered such a decision.

Undoubtedly the man who went to prison has been happier during the years than the one who let him stay there. George Pond had to face the fear of discovery every minute. He had to live with his conscience. There is no need to wish that he had gone to prison. He filled a life sentence.

Jesse Lucas, the wronged man, robbed of freedom and happiness and branded with prison stigma, has been a victim of an injustice that can never be properly atoned. The story of his wrong has given him a hold on the nation's sympathy. Action to free him was started immediately after the confession.

This tragic error should make those who operate the machinery of the law exceedingly careful that such a grave mistake is not made again.

Human Reaction

The quickest way to a man's sympathy is through an appeal to a sense of hunger. Just after he has eaten, and is beginning to feel satisfied with everything from the fit of his new dinner coat to the status of world-wide finances, he is more generous than at other times. Mrs. Sherburns Prescott, president of the Greenwich Social Service League, at Greenwich, Connecticut, is capitalizing on this knowledge to aid the hungry of her community.

At social dinners in Greenwich all guests are being asked to contribute a dime toward charity. It doesn't mean as much as a tip ordinarily would. But it is expected that it will bring in $500 a month.

Human nature has a queer twist. If people are told that Johnny Jones is hungry they immediately supply him with enough food to last three months. But if they read that thousands of other small boys have hollow places in their stomachs the idea is too large for them to grasp. The personal appeal, or some method of challenging interest, is more effective.

A statistician reports there are 661,580 golf club members in the United States and they spend $10,000,000 a year for paraphernalia. Swearing is a costly habit.

That Girl on Broadway says if women are going to drive cars over it, plans had better be made to widen the straight and narrow path.

* * *

Jealousy is what prompts a woman to ask her husband about the blonde hair on his coat lapel—and feeble-mindedness is what makes him tell her!

* * *

'TWAS ever thus. T'was ever thus. Over in the northeast corner of this page, in the department captioned "The Plainsman Gets Some Mail", there appears a letter from the deans of Lubbock Senior High school.

While the letter doesn't say it, in so many words, it conveys to The Plainsman just this meaning:

"If you've got a job for a student, give it to a high school student instead of a Tech student. High school students deserve first consideration."

* * *

If the letter doesn't convey that meaning to the average reader, it should—simply because it is written by high school people. The Plainsman wouldn't give a cigaret for high school teachers that didn't fight for high school students, for their hearts should be with their own proteges.

However, Lubbock business men are in a tight hole in this matter of jobs for students. To be fair, they must do what they can for both Tech and high school student bodies—they must do what they can in affording jobs, in making donations and in supporting athletic and other endeavors of the two institutions.

* * *

THIS is one of the times that The Plainsman wishes he had a hundred million dollars—in government bonds at four percent. After hiring a football player or two to clip the coupons, he would put half the Tech and high school students needing jobs to digging holes in the ground—and the other half to filling them up. He'd take care of the whole job situation very happily—as would thousands of others under such circumstances.

But the difficulty is that jobs are going to be scarce—scarce as the proverbial hen's molars.

And in reverse ratio, there will be more students seeking jobs than is the usual case.

The situation is one which commands attention and careful decision. There will be more deserving students than there will be jobs.

* * *

That Man on Avenue Q says strong-willed wives make the best husbands.

* * *

Reading the average novel with a sensational jacket is very similar to answering the doorbell along about Hallowe'en.

* * *

THE circus is coming, heigh-ho, heigh-ho! The circus is coming, heigh-ho! And there's not a ten-year-old kid in Lubbock who is happier over the prospect of seeing another circus. That's no foolin'.

The Plainsman is the biggest circus nut in town—bar none—and he's aiming to forget all about the repression for at least four hours Friday!

* * *

Sounding off about "hurrah for the circus", The Plainsman plainly antagonized a friend the other day. More pessimistic—and possibly more practical than the writer of this column—the friend retorted:

"Yeh, that's right. Get all hopped up over seeing a circus and never stop to consider that the circus will take around $15,000 out of Lubbock!"

* * *

WELL, all The Plainsman has to say in rebuttal is "what of it?" If the circus doesn't take the money out, some other organization will and it's worth something to 15,000 or so of our citizens to get their minds off their troubles while viewing this particular "World's Greatest Circus". Further than that, the circus will spend $5,000 here and that will help equalize it.

* * *

Mebbe it's impractical to go to a circus; mebbe "there ought to be a law", etc., etc., as some of our more serious-minded brethern are always declaring.

But The Plainsman's advice is "go to the circus, have a good time, depression or no depression. We'll never know the difference when we're pushing up daisies."

* * *

When the late lamented Wickersham commission was martialing its facts in connection with use of "The Third Degree" by American police officers the learned gentlemen appointed by Mr. Hoover got an unusually calm witness on the stand.

"You say The Third Degree didn't bother you a bit?" a member of the commission asked.

"No sir, it didn't bother me at all".

"Didn't they fire questions at you rapidly? Didn't they ask for explanations? Didn't they ask where you were at certain hours of the day and night?"

"Yes. They did all those things".

"Didn't they strike you in an effort to eke out a confession? Didn't they tell you you couldn't drink or smoke until you told the truth? Didn't they threaten you with serious violence?"

"Yes sir. They did all that".

"And yet you say it didn't bother you a bit? Are you inhuman?"

"No, I'm not inhuman. I was just used to it. You see my wife's been doing that for years!"

* * *

Tonight's bedtime story. Try this over on your Aunt Emma:

Once upon a time there was a man who bought a can of sardines and opened it neatly with the little key that came with it.

Still Chawing Beef!

"Without-Or-With, Offense To Friends Or Foes, We Sketch Your World Exactly As It Goes"—Byron

If Re-Elected, Hoover Likely To Leave "Hoover Court" On Supreme Bench; Federal Prisoners Read Book A Week

BY RODNEY DUTCHER

WASHINGTON, Sept. 9 — Loud cheers went up from over the nation as it became evident that the illness of Supreme Court Justice Oliver Wendell Holmes at his home at Beverly Farms, Mass., was not as serious as at first supposed. Sighs of relief arose, too, when it appeared that the country would be spared a hot fight in the overburdened next Congress about a supreme court confirmation.

DUTCHER

Speculation concerning a successor to Holmes began in no time at all, stimulated by memory of the startling, bitter struggle against confirmation of Justice Hughes and the defeat of the Judge Parker nomination. The advanced age of several of the justices is constantly provocative of such speculation and there's a flurry of it whenever one of them contracts a slight cold.

Whether President Hoover would appoint a liberal or a conservative to replace such a man as Holmes or Brandeis is a matter of guesswork. But the chances are that if Hoover is re-elected he will, by the end of his second term, have appointed a majority of the members of the supreme bench and leave behind him a "Hoover court."

Most of the justices take it fairly easy in the summer, but three of them this year have had extended hoidays in Europe. The three are Chief Justice Hughes, Justice Van Devanter and Justice McReynolds.

None of them stick around here in the heat. Young Justice Roberts is reported to have been grubbing around on his Pennsylvania farm and Justice Butler has summered at his mountain home in the same state. Justice Brandeis has spent most of the time at his summer place at Chatham on Cape Cod. Justice Stone has been buried away in Maine and Justice Sutherland has been in California.

• • •

Automobile parking is one of the great nuisances of life in the capital and a bill will be introduced in the next Congress to erect big garages within a few minutes' walk of the principal new government buildings so that the federal employes—some 68,000—will have a place to park their cars.

There will be 23,000 employes in the new buildings on the Triangle below Pennsylvania avenue and about a fourth of them drive their own cars to work. The bill for garages, to be built at an estimated cost of $7,500,000, is sponsored by the Federal Bar Association. It is proposed to charge the government workers reasonable fees which would cover the bare cost of operation.

• • •

Federal prisoners read an average of one book a week from prisop libraries, according to Bureau of Prison figures, and it is estimated that the average prisoner reads as many books in a month as the average person dependent on public libraries reads in a year.

Library service in the federal institutions has been improved and expanded and within seven months the book circulation at Atlanta penitentiary increased 67 per cent and that at the penal institution at Chillicothe, O., 103 per cent.

The greatest demand is for adventure fiction and there has to be some censorship, officials say, but not much. The "worst of the racketeering and crime stories" and the "dime novel type of fiction" are the kinds likely to be prohibited. Prisoners are encouraged to read nonfiction and it is noted with approbation that there is a strong demand for books which tell how to write letters and use grammar, about psychology and how to be successful in life.

Diet and Health

By LOGAN CLENDENING, M.D., Author of "THE HUMAN BODY"

EDITOR'S NOTE: Six pamphlets and six articles by Dr. Clendening can also be obtained by sending 10 cents in coin for each pamphlet and 2 cents in coin for each article, with a self-addressed stamped envelope, to Dr. Logan Clendening, in care of this paper, or Central Press Association, 1443 East Twelfth street, Cleveland, O. The pamphlets are "Reducing and Gaining," "Feminine Hygiene," "Indigestion and Constipation," "The Care of the Hair and Skin," "Infant Feeding" and "Instructions for the Treatment of Diabetes." The articles are "Normal Diet," "List of Books for Mothers," "Bed Wetting," "Diet of the Expectant Mother," "Ear Troubles" and "Tuberculosis."

ACNE VICTIMS

General bodily conditions undoubtedly have something to do with the causation of acne.

For the patient's sake however it should be remembered that this idea can be much exaggerated. When a severe case is seen people say—"My! his blood must be in an awful condition" or "Goodness! that fellow has allowed himself to get terribly run down," or "He must lead a very dissipated life." The fact is the disease has nothing to do with blood disease in any acceptation of that term. (Diabetics sometimes have it, but diabetics is not a disease of the blood strictly speaking.) And furthermore the acne patient probably eats much more abstemiously and pays better attention to the condition of the bowels than three-quarters of his critics.

Dr. Clendening

He has to in order to keep the skin condition within bounds. Most patients have found that out. If they eat a meal or two of rich foods, or indulge in alcoholic excess, the skin always shows it. And to that extent general measures of systemic treatment are helpful.

The diet should avoid sweets, desserts and pastries. Also irritants and condiments such as alcohol, chocolate, spiced foods, and rich meats. Vegetables and fruits and bulky foods should form the staple of the diet because these also tend to keep the bowels open.

Foods not allowed are: Ice cream, sodas, candy, rich gravies and pastries.

Foods to be avoided are: starches, such as potatoes, spaghetti, noodles and white bread.

Vegetables recommended are:

Eggplant (stewed or grilled), cucumber (baked), brussels sprouts, vegetable marrow, carrots (young), dandelion greens, Swiss chard, onions (boiled), mushrooms, parsnips, tomatoes, spinach, artichokes, asparagus, broccoli, cabbage, cauliflower, kolrabi, oyster plant, pumpkins, radishes, rhubarb, turnips, beans, beets, celery, cresses, endive, greens, leeks, lettuce, peas, squash, sorrell.

Meat should be eaten only once a day. Weak coffee and tea are allowed at breakfast.

In the treatment of the constipation if not relieved by the diet, a mild cathartic, such as cascara, can be employed. Yeast finds its most likely place in treatment in these conditions and, according to Dr. G. C. Andrews in a recent textbook on dermatology, "seems of most benefit in cases where constipation requires relief."

Tonics are often employed with relief and in combination with cathartics. Arsenic and nux vomica combined with rhubarb has been found especially valuable.

Doctors are often asked about the value of vaccines made from cultures of the pustules. In mild cases they unquestionably are beneficial. In chronic cases of long standing they do little if any good.

The employment of thyroid extract and other glandular products has not proved of any demonstrable value.

As such treatment is expensive the patient should be warned against its limited usefulness.

Letter Carriers In Conclave At Post

POST, Sept. 9 (Special)—The Post Chamber of Commerce was host to 125 members of the Rural Letter Carriers association of the eighteenth congressional district at Two-Draw lake near here Labor day.

Principal speakers were W. L. Fletcher, secretary of the state association; W. L. Foote of Petersburg and W. F. Suddarth of Tahoka members of the district association.

G. N. Shirey of Floydada was re-elected president, Robert Reed of Tahoka was re-elected vice-president and C. J. Lanotte of Post was chosen as secretary-treasurer of the association.

Place of the 1932 assembly of rural carriers will be selected at a meeting at Lamesa next May 30 of the Postal Workers council of this congressional district.

Rubber prices reached a new low the other day, but there is some hope expressed for a rebound.

Famous last words: She answered a matrimonial ad.

Today's definition: Forest, something to set fire to.

DAILY ALMANAC

Fair

WEST TEXAS AND OKLAHOMA: Generally fair and continued warm tonight and Thursday.

EAST TEXAS: Generally fair and continued warm tonight and Thursday, except unsettled near the coast with probably scattered showers Thursday. Moderate variable winds on the coast.

LOUISIANA: Partly cloudy tonight and Thursday, with scattered thundershowers near the coast. Moderate easterly winds on the coast.

IN NEW YORK with Gilbert Swan

NEW YORK, Sept. 9—Wise town . . . yes, very wise town. In mid-Broadway during the noon hour rush time, a stout, fast-talking gent was engaged in his rapid-fire salesmanship act.

"Buy 'em fast, boys . . . look out, here comes a cop! Quick, only two bits."

As he dishes out his shiny looking wrist watches, his spiel fairly gallops. He pitches his voice almost to a whisper. The words flow in torrents.

"Another customer here . . and here's another . . buy 'em fast, boys. A wrist watch for two bits."

The suckers walk away, half-hiding their baubel.

When they do look, they discover the watch has no works! Oh yes, lots of smart people here!

• • •

So many "giddy New Yorkers" turn out to be small town folk grown wise and cagey in the big city.

Recently when a wealthy Japanese came up missing on a liner, a lovely blond girl appeared as his "companion." She admitted to inquisitors that she had accepted expensive presents. Inquiry showed that she had come from a town in Alabama. And hadn't been in Manhattan so very many years.

• • •

Disappearances, followed by demands for ransom, are becoming fairly prevalent. And one of these days the floodlights will beam sensationally on a "polite blackmail" racket rather new even to the hard-boiled city. For the figures will not be old "black-hand" banditti nor the sinister gangsters, but people who have long been living in glass houses. They have lived this so long that they have learned a great deal about each other.

You see speakeasy nights lead to easy confidences. A few nights in some dim-lit hide-away and someone's "middle-name" slips out. Swanky people come and go. And there are certain folk who mix in the better crowds and who live by their wits. And times are hard.

Perhaps a particularly pretty girl is produced. And there is a garty. And instead of the old "badger game" wherein an alleged husband would crash irately in the victim is given an "out." He merely needs to keep quiet, remain "kidnaped" for a few days and send out an appeal for ransom. Maybe he pays off himself and lets the "kidnap" story get by. Maybe friends or kin put up the money. And the "sinister" figures, if you can believe the current rumors, continue to mingle among "better people."

• • •

The most interesting ransom idea recently exploited was that of having money transported by carrier pigeon. Following one of several mysterious vanishings, relatives of the missing man received word that they would find a carrier pigeon in a box at a certain corner. The money would be attached to the bird which, of course, would fly home. And there was no way of tracing the flight. While messages were planted to terrified relatives all answers were carried by the birds which were placed at different points each day, thus avoiding detection.

Slaton's Library Circulation High

Slaton's library circulation skyrocketed from about 1,710 in July to 2,115 in August despite arrival of a season when patronage of public libraries usually declines, Miss Rubina Eubank, county librarian said.

Lubbock and Idalou recorded only slight decreases in circulation as compared to July, issuing 7,448 and 833 books, respectively, last month. A marked drop occurred at Shallowater where August circulation was only 715.

Maybe one of the secrets of the success of those Empress Eugenie hats is the salesman's remark: "Not everyone can wear one becomingly."

There ought to be some kind of a law providing a man with a nice long rest after his vacation.

THE TINYMITES

STORY by HAL COCHRAN—PICTURES by KING

(READ THE STORY, THEN COLOR THE PICTUR

Said Clowny, "Goodness, gracious me. I must admit I cannot see what all that coffee's needed for upon one ocean boat. The ship's crew is not big enough to ever drink all of that stuff. In fact there is enough on board for all the ships afloat."

This made the others laugh in glee. "Say, you're as dumb as you can be," said Scouty. "All that coffee's not for just the men on board. Into that boat the coffee's hurled to be shipped all around the world. It isn't even opened on board ship. It's merely stored."

"Well, anyway, I really think, the sailors ought to have a drink when they're the ones who store it, but that's their hard luck, not mine. Let's go on board and look about. They'll let us watch them store, no doubt." The Travel Man then said. "I think that your suggestion's fine.

"In fact, that is the very boat on which we're shortly goi float. We merely landed he see the coffee loading task. Le aboard. It's almost noon and due to set sail soon. Go u deck where, in the sun, you a loaf and bask."

To Rio De Janeiro they shortly on their merry way. big boat had an orchestra Clowny said, "Let's dance, met a pretty little girl and o floor they soon set whirl. others wished to dance with but didn't have a chance.

The Travel Man came up said, "Hey, Tinymites, look str ahead and you will see a sea. We're in the harbor now. mountain standing high in Sugar Loaf, a sight that's Then Scouty said, "It welcom and almost seems to bow."

(The Tinymites take a ride in the next story.)

THE PLAINSMAN GETS SOME MAIL

HIGH SCHOOL DEANS AS AID IN SECURING JO FOR NEEDY BOYS AND GIRLS

Dear Plainsman: Eleven hundred boys and girls are expected at the high school next week. Of that number at least 300 are going to need to work to stay in school and a great number of these will drop out of school if they cannot find some work.

These are our boys and girls. High school students do not come from all the states of the union but from Lubbock's trade territory. If we have work to be done why not give it to our own boys and girls? They want work and will do any kind for an education.

Boys and girls are calling on us now for jobs so that they ma tend school. Unless we have th operation of the merchants people of Lubbock many of will fail to enter school. Wou not be better to educate our boys and girls?

If any person in or near Lub has any work to be done, from i ing children to building house would like for them to call Miss Parmley or J. C. Brow 1711—High school.

We greatly desire the cooper of Lubbock people.

Nell Parmley, Dean of Girls. J. C. Brown, Dean of Boys.

Rates, Rules and Requirements of Classified Advertising Of The
Lubbock Daily Journal
(Afternoon)
Lubbock Morning Avalanche
(Morning)
Sunday Avalanche-Journal
(Sunday Morning)

All classified advertising will appear in both the Morning and Afternoon papers—both papers counting one insertion. All classified advertising is printed in the Lubbock Morning Avalanche first and the Daily Journal of the same date, no classified originating the afternoon paper.

Classified for Sunday's issue will appear in the Avalanche-Journal counting one insertion, as this paper is sent to all subscribers of both the afternoon and morning papers.

AVALANCHE-JOURNAL
Combined Rates:

Minimum words, per insertion, 10.
One insertion, per word 4c
Two insertions, per word 6c
Three insertions, per word 7c
Seven insertions, per word 12c
Thirty insertions, per word 45c

These rates are for consecutive insertions only. Additional consecutive insertions over 30 times, of 1½c per word each.

All out of town ads, received by mail must be Cash with order. No exceptions.

PHONE 13 or 14

Our experienced ad taker will receive your ad and help you to word it, then our collector will call the following day. These accounts are "accommodation accounts" for our patrons and for one day only.

No advertisements accepted on an "until forbid" order. A specified number of insertions must be given.

We reserve the right to place an advertisement under the proper classification and reject unclean or objectionable copy.

Obituaries and cards of thanks at regular classified advertising rate.

The publishers are not responsible for copy omissions, typographical errors, or any unintentional error that may occur further than to correct it next issue after it is brought to their attention. All advertising orders are accepted on this basis only.

Classified Advertising accepted until 5:30 P. M. on week days, and 5:30 P. M. on Saturdays and all advertising received after 5:30 P. M. will be placed under "Too Late To Classify."

For classified display advertising information.

PHONE 13 or 14

TO DISCONTINUE AN AD

Notice to Discontinue An Ad must be given after 8 A. M. and before 5 P. M. to some member of the Classified Advertising Department. We cannot be responsible for notices given before or after these Hours, and to a member of some other Department.

CITY LOAN MONEY
We have an unlimited amount of money to loan on homes in Lubbock. This is not monthly payment money, but is payable semi-annually or annually. Our rates are reasonable and repayments privileges are good. We also have plenty of money to loan on farms, and now is the time to start getting your city loan refinanced or get that farm loan in good condition. We have been making loans on city and farm property for 20 years, and we represent only the most reliable concerns.

DAILY MARKETS

Stock Market

WALL STREET REPORT

EW YORK, Sept. 9 (AP)—With New York Central dividend re- ion out of the way, stocks de- ped moderate rallying tendency under short covering today. e was considerable heaviness in first half hour when several ninent shares duplicated yester- s lows.

entral, after touching 60 3-8, day's minimum, rallied a point and there were similar advances . S. Steel, American Can, West- ouse, New Haven, Union Car- , American Tobacco "B" and ndard Oil of New Jersey. East- n and Air Reduction showed er gains.

eavy spots included National uit and United States Steel pre- ed, both of which made new s. General Motors was extensive- old, but the loss was fractional. all money renewed at 1 1-2 per t.

Cotton Market

NEW YORK REPORT

EW YORK, Sept. 9 (AP)—Cotton ned steady today, 2 to 4 points her in the face of relatively easy erpool cables.

here was a little southern selling e and some further scattering idation, but the offerings were t and readily absorbed by cov- g combined with foreign and estic trade buying. The latter supposed to include buying by continent and houses with anese connections while Liver- l was credited with selling here the differences.

The demand was sufficient to d prices up to 6.99 for Decem- and 7.28 for March, or about 8 11 points net higher, and the rket was within 3 or 4 points the best at the end of the first f hour. Liverpool cables said that spot sales of 25,000 bales report- in that market today included 00 bales of Russian cotton, which cording to one of the private ad- es was rumored to be for export India.

Liverpool futures were lower than on the New York close of yes- day with Bombay buying and ling supplied by hedging and idation.

The volume of business tapered to comparatively small volume er in the morning, while prices ged under realizing or scattered ling. December sold off to 6.91 d March to 7.21; or about 7 to 8 ints from the high prices of the rning and at midday the market s within 3 or 4 points of yester- y's closing quotations.

NEW ORLEANS REPORT

NEW ORLEANS, Sept. 9 (AP) — e cotton market opened easier as verpool cables came in lower than e. First trades showed losses of 2 4 points. As New York opened gher, however, and Liverpool re- rted spot sales of 25,000 of which ly 4,500 were American, the mar- t here rallied in sympathy. Oc- ber trading up to 6.75 and Decem- r to 6.96, or 12 to 13 points above e opening figures. There was con- derable short covering and also me trade buying. Near the end the first hour the market was ady and only 1 to 2 points down m the highs.

The market following the early lge ruled quiet nearly all morn- g with prices fluctuating narrow- within the early range. There veloped more hedge selling than s been noticed of late due to the creasing crop movement and rger spot sales. Near mid-session ctober traded at 6.70 and Decem- r at 6.90, or 5 to 8 points down m the highs.

NEW ORLEANS OPEN

NEW ORLEANS, Sept. 9 (AP)— otton futures opened steady: Oct. 2; Dec. 6.86; Jan. 7.01; March 9; May 7.28; July 7.35.

NEW YORK OPEN

NEW YORK, Sept. 9 (AP)—Cotton tures opened steady: Oct. 6.89; ec. 6.93; Jan. 7.02; March 7.23; ay 7.30; July 7.34.

Grain Market

CHICAGO REPORT

CHICAGO, Sept. 9 (AP)—Grains ok their cue early today from rmness shown by securities. Re- rts that the Liverpool wheat arket had been weakened by nited States government financed fferings were ignored.

Opening 1-4 cent off to 1-4 up, heat later held steady. Corn arted at 1-8 decline to 1-8 ad- nce and afterward kept near the itial range, except that Septem- r tended to sag.

SCHOOL OPENING

(Continued from Page One)

the zones. A motorcycle patrolman indicated an emergency could be declared in such districts. No such order had been issued this morning, however.

"It will take more than suggestion," Supt. Duncan declared. "Few drivers pay an attention to suggestions. A law forbidding such parking is needed."

That city authority possibly would be exercised in additional effort to curb speeding in school zones was indicated by Mayor Clements this morning.

State law fixes the maximum speed limit in school zones at 18 miles an hour, he said.

Supt. Duncan said announcement of total enrollment in the schools here would not be possible for several days.

BODY RECOVERED

DONNA, Sept. 9 (AP)—The body of John Howard Jenkins, 12, was recovered yesterday from an irrigation canal near here. The boy had been missing since Sunday. Funeral services were conducted yesterday. He was a son of Mr. and Mrs. E. Jenkins.

Lubbock Markets

These prices are furnished by the following Lubbock firms: Poultry — Lubbock Poultry and Egg company, delivered Lubbock; Dairy Products—Bell Ice Cream company and Mistletoe Creameries; Grain — S E. Cone Grain and Seed company, following prices being asked by Lubbock grain dealers. Cotton—Plocker Cotton company. All prices subject to change during day.

OCEAN FLIGHT

(Continued from Page One)

the Pacific's breadth.

Interested citizens began to stir here at dawn. A few had arrived at the air field soon after midnight, determined to miss nothing in the event Moyle and Allen sailed in ahead of schedule.

Weather Favorable

Weather reports had indicated favorable flying conditions over the latter part of their journey.

Knowing Moyle and Allen had enough gasoline to remain in the air 47 hours, or until 1:30 p. m. Central Standard time, the early comers did not voice any anxiety for their safety.

LUBBOCK WOMAN BADLY INJURED

Severe scalp lacerations and cuts on the right arm and right leg were suffered by Mrs. J. A. Wade, 19, of 716 Avenue A, early Tuesday night when automobiles driven by her husband and by Fred Truitt of Sweetwater collided on Avenue H south of the Fort Worth & Denver City railway crossing.

Wade and Truitt, only occupant of the car he was driving, escaped with minor injuries. Attendants at Lubbock sanitarium this morning reported. Mrs. Wade's condition was improved.

Two other automobiles were damaged in a collision last night on Nineteenth street. Occupants escaped injury. One of the cars was driven by J. B. Hearrell, 1913 Fifteenth street, and the other was driven by Dkie Smith, a negro, who lives at 2115 Broadway, police reported.

LEGAL NOTICES

39—Legal Notices

NOTICE

Board of Trustees, Lubbock, Ind. School District, will receive bids on September 10th, 1931, for the depository for the funds of the said school district, for the period beginning Sept. 1st., 1931, ending Sept. 1st., 1933. Bids showing the rate of interest to be paid on the average daily balances, should be in the office of business manager, A. C. Jackson, in the City Hall, Lubbock, Texas, not later than noon Sept. 10th, 1931. The successful bidder will be required to make bond in accordance with the law.

CONTRACTORS NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 12.892 miles of Grading and Drainage Structures from Lubbock Southwest to the Hockley County Line on Highway No. 137, covered by S. P. No. 716-B in Lubbock County will be received at the State Highway Department, Austin, Texas, until 9 a. m. September 21st, 1931, and then publicly opened and read. Plans and specifications available at offices of Guy R. Johnston, Resident Engineer, new Exchange Bldg., Lubbock, Texas, and State Highway Department, Austin. Usual rights reserved.

BONDS TRIAL

(Continued from Page One)

man was on the floor heard Bonds say:

"You double crossed me."

The cook-waiter said he left the cafe and notified a cook in a place across an alley of the killing.

Doctor Copeland said he had finished breakfast and passed Bond in the doorway. Bond called to White, sitting on a stool near the middle of the cafe, using the name "Jay" and immediately began to fire the automatic, the witness said. The retired physician said he left by the front way, walked through an alley parallel to the cafe, and to his home.

Courtroom Crowded

A thousand or 1,200 persons crowded the courtroom, in which Judge Gordon B. McGuire presided, and milled about outside. Court was recessed at noon and reconvened at 1 p. m.

A night session of 106th district court was required to complete the jury. A special venire of 51 men was called for the trial. The defense used 14 challenges and the state used three. Twenty-two of the veniremen were disqualified because of opposition to capital punishment.

Death May Be Asked

By questioning of veniremen, the state hinted it would ask the death penalty. The defense indicated it would plead self defense, and each prospective juror was questioned on his attitude toward suspended sentences.

Jurors Are Farmers

The twelve jurors, all farmers, are: W. M. Coor, W. A. Farris, W. L. Bandy, C. W. Avery, C. R. Hubby, S. T. Miller, Alton Webb, T. C. Garner, Pearce Warren, J. E. Harred, N. F. Hefner, W. F. Christy.

The defense was represented by D. R. Brookerson of Benjamin, and the prosecution by District Attorney T. L. Price and County Attorney W. W. Price of Terry county.

Three Talks Heard At Rotary Meeting

A talk on cripple children's work by Neil Wright, a classification talk by Weldon Chapman and a few brief remarks on rehabilitation work in vocational education by W. T. Gaston were given in the luncheon program of the Lubbock Rotary club at Lubbock hotel today.

Mr. Wright told of the tinfoil gathering campaign being conducted by the Shrine clubs of the nation and the work being done for crippled children. He read a brief report of the activities in Amarillo, pointing out that an inter-club council on such work is needed here.

Coach Chapman spoke briefly on coaching and announced the first football game of the year to be held with Floydada at Tech field Saturday.

"What started out looking good is gradually dwindling away," he said in speaking of the high school prospects. "We're going to give you our best, however. I like the boys and like their spirit and I always tell them that it's not the fellow who goes good when the going's easy but the fellow who can come through when the going's tough that is the real player. And that's the way we're going to judge you fans this year."

Mr. Gaston told of the rehabilitation offer for education now possible and gave a short report on its benefits. Several students have been sent to Tech through this service.

Visiting Rotarians present were: Bishop E. C. Seaman, Amarillo; S. Z. Hall, Spur; L. T. Green, Levelland; I. E. Witt, Post; Jeff Graham, Slaton and Jimmie Rankin, Ralls. Dr. Shelton Phelps of Nashville, Tenn., was a guest of Dr. Paul W. Horn.

TAHOKA SCHOOLS STARTED TODAY

TAHOKA, Sept. 9—(Special)—The 1931-32 term of the Tahoka public school got under way today with the beginning of class work. Though no accurate check has been made of the enrollment, which began yesterday morning, it is thought it will be practically the same as last year.

School was formally opened here last Monday night when an opening program at the high school was attended by a crowd that packed the auditorium to capacity. An address was made by Prof. W. P. Clements of the Texas Technological college and short talks were made by Judge B. P. Maddox and Supt. J. B. Pace, jr. Other numbers included a vocal solo by Miss Lucille Slaton, a piano solo by Mrs. Marcus Edwards, and a reading by Miss O'Bera Forrester.

South ward also was opened this week. It had been previously planned to defer the opening of this school until late in the fall, but as the result of a mass meeting of citizens in that section of the district the board decided to open this school with the others.

COTTON SESSION

(Continued from Page One)

guaranteed by the constitution.

Governor Huey P. Long of Louisiana, champion of cotton prohibition in 1932, decided last night he would not come to Austin to address the mass meeting tonight but arranged to address the gathering over the radio from Shreveport at 8:15 p. m.

He sent O. K. Allen, chairman of the Louisiana highway commision and backed by Long as a candidate for governor, as his personal representative. He was accompanied by Col. Seymour Weiss of Governor Long's staff, Russell Long, the governor's 12-year-old son, and Robert Taylor, radio technician, who was to arrange the hookup for the governor's talk. Governor Long would not break his rule of self-imprisonment in his state lest his political enemy, Lieu. Gov. Paul N. Cyr, become acting governor in his absence.

Eugene Talmadge, Georgia commissioner of agriculture, arrived late yesterday. He said Georgia strongly favored the Long cotton prohibition plan. State Senator W. B. Roberts of Mississippi, another speaker on the program for the mass meeting tonight, urged acreage reduction rather than cotton prohibition. Senator Roberts addressed the agricultural committees of both houses of the Texas legislature yesterday. He declared other southern states were waiting for Texas to take action and he believed they would follow the Texas lead.

INSTITUTE

(Continued from Page One)

The work closes this afternoon.

Dr. Shelton Phelps, George Peabody College for Teachers, Nashville, gave his closing lecture on "Courses of Study." He was followed by Dr. Paul W. Horn, president of Texas Technological college, on "The Teaching Mind."

W. P. Clement led the singing with W. R. Waghorne presiding at the piano. Special music was furnished by Prof. Edgar Shelton with Prof. Harry Le Maire as accompanist.

"Perhaps the most important individual in the course of study making is the teacher," Dr. Phelps said by way of introduction. "At least, he is the second. The one who is the subject is the most important, the teacher is only slightly second in importance."

Changes Cited

Curriculum making is a changing process, the speaker pointed out. "The curriculum made in 1932 may be ready for revision is 1933 and be ready to make over by 1934 and a new one substituted in 1935 with the probability that it may be strikingly like the one in use in 1912, for example," he said.

Prefacing his remarks on the mind of a teacher, Dr. Horn explained the characteristics of the mind of the lawyer and the physician. The first begins with general cases before coming down to the particular case in hand while the latter deals first with the individual case before going into the general characteristics of the disease.

"Minds to begin with, are largely alike," he said. "The man who is a success in one line very likely would have been a success in another."

Section sessions followed. These will also close this afternoon with final sessions of county and district groups.

GRAND JURY WILL STUDY CHARGES

Cases of four Slaton youths arrested in connection with theft of about $350 worth of sporting goods and wearing apparel was expected to be presented to the 99th district court grand jury today. The goods belonged to J. E. Biggs of Shamrock, representative of a Wichita Falls company, and were taken from his automobile Monday night at Johnston's ranch, 12 miles southeast of here.

Most of the loot was recovered by the sheriff's department. Sheriff Wade Hardy said the remainder of the loot, consisting of a suitcase and wearing apparel, probably would be recovered today. The articles were found in Slaton and a place a short distance west of town. The suspects were arrested late Tuesday at Slaton.

Biggs told officers he was attending the Labor Day celebration at Johnston's ranch when his automobile was broken into and his samples stolen. He had come to Lubbock to arrange an exhibit in connection with the South Plains Teachers institute, which is now in session.

Among the articles taken from the automobile were: six dozen golf balls, basketballs, volley balls, baseballs and track equipment, he told officers.

China's unused resources, despite the age of the country, are said to be similar to those of the United States 400 years ago.

NAME READ ON FIRE BOARD

METCALFE, PARSONS ALSO OFFICERS OF BODY HERE

President of the newly created city fire prevention board is Wesley Read, who was elected Tuesday morning at City hall.

Jack Parsons was elected vice president of the board and Wiley Metcalfe was selected secretary-treasurer.

Mr. Read appointed a committee, composed of Mr. Metcalfe, Gregg James and City Attorney E. L. Klett, to draw up by-laws to be presented at the next meeting, set for September 15, for approval.

Board Is Named

Carrying out the provision of the ordinance calling for the naming of a fire inquest board, Mr. Read named Fire Chief W. E. Twitty, Chief of Police John Lemond and Fire Marshal Metcalfe to the posts. It is the duty of the inquest board to investigate fires.

The city board requested the chamber of commerce fire prevention committee to handle detal's of the observance of fire prevention week, October 4-11, in Lubbock.

Mrs. C. B. Unander of Portland, Ore., flew 2,000 miles on scheduled lines to see her son graduate from The Principia, St. Louis.

Three Permits Are Issued On Tuesday

Three building permits were issued late Tuesday afternoon at the city building inspector's office increasing the number of such authorizations for the day, week, and month to five representing an aggregate expenditure of $2,343.

J. W. Agnew received permission to repair a residence owned by Lubbock Building and Loan association at 2004 Eighteenth street at a cost of $575; M. C. Hamilton, owner, to erect a frame office for a filling station at 1618 Texas avenue at a cost of $868, and A. W. Jackson to build an addition to business quarters owned by Jackson Bros. at 1708 Broadway at a cost of $250.

Building authorizations this year total $638,280 in estimated outlay.

MRS. RANKIN IMPROVES

Improvement in the condition of Mrs. L. D. Rankin, 1507 Avenue N, seriously ill at West Texas hospital, was reported this morning by attendants. Mrs. Rankin underwent an operation Monday.

Chinese In Protest Against Expulsion

HONKONG, Sept. 9 (AP)—Eugene Chen, foreign minister of the insurgent south China government at Canton, anounced today he had cabled to the Mexican government a protest against the order expelling Chinese from the Mxeican states of Sonora and Sinalos as "an act of barbarism."

Chen announced the note stated the expulsion of the Chinese, all of whom are Cantonese, has 'no parallel in modern times."

SERVICES TODAY

SMITHVILLE, Sept. 9 (AP)—Funeral services for James Jacob Johnson, 62, general agent for the Smithville division of the Missouri-Kansas-Texas railroad company, were set for today. Johnson died yesterday after suffering a paralytic stroke.

Institute Business Committees Chosen

Committees appointed to dispose of business of the South Plains Teachers institute met Tuesday after being named by Dr. A. W. Evans, assistant conductor of the institute and head of the Texas Technological college education department.

Committees named were: Audit: Mrs. Ola Legg, Hale county superintendent, chairman; James M. Rankin, superintendent at Ralls and L. W. Slonaker, superintendent at Hale center.

Future of the Institute: Miss Mae Murfee, county superintendent of Lubbock county, chairman; L. D. Rochelle, Lamb county superintendent; H. F. Fry, Hockley county superintendent; M. R. Hill, Midland county superintendent; Miss Madge Twaddell, Dickens county superintendent; B. F. Hicks, Crosby county superintendent, and Dan Powers, Lubbock teacher.

Resolutions: L. P. Shaw, superintendent at Abernathy, chairman; Sam Z. Hall, superintendent at Spur; W. T. Webb, Dawson county superintendent; J. E. Adams, Bailey county superintendent, and J. T. Shaver, Texas Tech faculty.

MOTHER GIVEN SENTENCE

SON CONFESSES CRIME IN EFFORT TO SAVE WOMAN FROM PEN

NEW YORK, Sept. 9 (AP)—Despite the attempt of a 28-year-old son to save his mother by confessing the crime with which she was charged, Mrs. Anna De Hall was sentenced to 25 years imprisonment for the murder of another son.

The gray and slightly bent woman of 54 was convicted of having slashed the throat of her boy Salvatore, 16, as he lay asleep in their home November 24, 1930.

Tells Wild Story

Michael Filosa, the other son, a half-brother of the victim, in his effort to shoulder the blame, volunteered a story of having committed the killing while walking in his sleep. He was convicted of murder, but will be released.

Mrs. De Hall, brought before County Judge Alonzo McLaughlin Tuesday for sentence, burst into wild hysterical screams.

Sentence Is Read

Two court attendants quieted her long enough for Judge McLaughlin to inform her that she must spend at least 25 years of her life in prison for murder in the second degree and an additional five to ten years on a separate conviction for carrying dangerous weapons.

Mrs. De Hall was taken away to begin her sentence.

Salvatore De Hall was found dead November 24, 1930, in his bed at the home where he lived with his mother and the half-brother, Michael Filosa, Mrs. De Hall's son by a former marriage. After the mother was indicted, suddenly, the half brother surrendered to police and made a detailed "confession," exonerating hs mother. He told a weird tale of having killed Salvatore while walking in his sleep—a habit he said he was addicted to.

LEGION TO HELP IN JOBLESS WORK

WASHINGTON, Sept. 9 (AP)—The American Legion assumed a leading role in the nation-wide war on unemployment Tuesday with the announcement it has called a conference of governors, mayors and representatives of labor, capital and industry to consider the problem here September 14.

Ralph T. O'Neil, national commander, said the "full strength and influence" of the Legion would be offered to President Hoover's unemployment relief organization and municipal, state and other governmental agencies to aid in preventing distress.

Invitations to the conference were extended to all state governors and mayors of the 15 largest cities and other municipalities where big public projects have been started.

"One main purpose of the conference," O'Neil said, "is to get ideas and suggestions that will enable the Legion's national employment commission to be most effective.

"We believe the Legion through the agencies of its many posts can be very effective in helping to solve this very serious problem which now confronts our nation.

Charlemagne, who died in 814, was found sitting preserved upon a marble throne in his Aachen tomb, in 1000.

Going On Shore Leave

The journey wasn't ended when Flight-Lieutenant Long brought his plane down on the waters at Calshot, England, after a practice spin. Here you see how the British air ace made the rest of the trip to shore—on the shoulders of a fellow soldier. British airmen are in final training for the forthcoming Schneider Trophy races. One member of the British team lost his life when his plane fell into the sea.

WHOLESALE PRICES FIRM IN JULY FOR FIRST TIME SINCE SEPTEMBER, 1930

WASHINGTON, Sept. 9 (AP)—Wholesale prices are said by the commerce department to have remained firm during July for the first time since September, 1930.

In its monthly survey of current business, the department added the general level of commodity prices failed to move downward during the month, although early in August there was a tendency toward further weakness.

Few Changes

"During July," the report said, "there were relatively few changes in the general trend of business activity. The adjusted index of industrial production fell 1.3 per cent, the decline being due to equal recessions of more than seasonal proportions in both manufacturing output and mineral production.

"The declines in the adjusted index of factory employment as measured by the number of employes and of freight car loadings were identical with the slightly greater than seasonal recession in general output.

"Iron and steel activity and automobile production, as in June, showed relatively sharp recessions, while textile output, which, according to the revised adjusted index, experienced a marked drop in June rose by 5.1 per cent during July. Wool and silk receipts increased during the month and the movement of such consumption goods as shoes and rubber tires was on a higher level than June.

"Contrary to the movement during June the unadjusted index of the value of building contracts awarded showed a marked drop during July. Department store sales dropped slightly more than is usual for the month while the total amount of payrolls and total bank debits outside of New York fell 5.2 per cent and five per cent respectively.

Trend Downward

"Although the trend was generally downward the average of stock prices held slightly above that of June while alternate gains and losses have featured the security markets during the first half of August.

"In comparison with the general level of activity during the first seven months of 1930, industrial production during the January-July period of this year showed a drop of 16.5 per cent. Employment showed a decline of 16.3 per cent or virtually equal to that of general production.

"Freight car loadings dropped 17.7 per cent. Retail trade as measured by the index of department store sales receded only 7.6 per cent from the corresponding seven months level of 1930. Recessions in business activity have been accompanied by a corresponding shrinkage in foreign trade.

"The drop in wholesale prices, the average of which was 18.4 per cent lower during the first seven months of 1931 than during the corresponding period last year, was influenced in large part by the sharp drop in the price of farm products."

BANK LOSS FIXED

CHICAGO, Sept. 9 (AP)—Directors of the Continental Illinois Bank and Trust company today fixed the bank's loss from the defalcations of Walter E. Wolf at $3,666,929.06 and announced through Chairman Arthur M. Reynolds that the entire amount will probably be recovered, partly from $2,000,000 insurance. The amount is higher than any estimate previously made.

FLASHES OF LIFE FROM EVERYWHERE

INTERESTING BITS OF NEWS GROUND FROM THE GRIST OF THE DAY'S HAPPENINGS

(Special to The Avalanche)

Has New Car

BOSTON — Francis Ouimet has a new automobile, the gift of fellow members of the Woodland club in recognition of his winning of the national amateur championship.

Live In Suit Case

NEW YORK—Jix and Toots live in a suit case. Since they were married eight years ago they have traveled more than 100,000 miles. They were childhood sweethearts. To the golfing public Jix is George Von Elm. Toots is his wife, Marcella. George loves steaks. On tour he has eaten sirloin at fourteen consecutive dinners.

Bridge Champ

DEAL, N. J.—William S. Karn of New York, has been declared the individual contract bridge champion of the United States. He outscored 25 invited players. He awarded himself the golf cup which he put up for the tournament.

Fast Enough

PONCA CITY, Okla.—Pebblestone hasn't much speed but he is a derby winner. It took him one minute, 15 seconds, to go 75 feet but that was fast enough to win a terrapin race and $3,500 for his owner.

Holding Own

NEW YORK—William Muldoon, chairman of the state boxing commission, was measured for a suit 42 years ago. That was the last time. Since then the same tailor has been making his suits from those same measurements. He is five feet, 10 inches tall and weighs 196 pounds. He is 86 years old.

Mary Fishes

HOLLYWOOD, Calif. — The distaff side of the Fairbanks family has something to brag about now. Mary Pickford went fishing and came back with a 150-pound Marlin swordfish and a 175-pound hammerhead shark. She landed them by her own efforts.

Chosen Chief

BRYSON CITY, N. C.—Perhaps it was a coincidence but Jarrett Blythe, a young college graduate from Carlisle, has been chosen chief of the eastern tribe of Cherokees in the first election in which women were permitted to vote.

Not "Dampened"

GENEVA, Switzerland — Not even cold water can dampen the galantry of M. Venizelos, venerable premier of Greece. During his arguments on Bulgarian war debts, a girl stenographer accidently tipped a pitcher of water, drenching his white beard. Wringing out his beard he went on talking as if nothing had happened.

Swallows Evidence

LOS ANGELES—Although he swallowed the evidence, Henry Abraham has been sentenced to a year in jail and a $5,000 fine. The evidence was a marked five-dollar bill, which police gave him in buying liquor. It was recovered with a stomach pump.

May Be Viceroy

LONDON—The Daily Herald's political correspondent guesses that Premier Ramsay MacDonald will be offered a peerage but will refuse and will eventually become viceroy of India.

Resembles Wilson

BOSTON — Woodrow Wilson was a golfer and his double, so to speak, is home from a triumph on the links at Chicago. Francis Ouimet, with glasses and long pants, looks something like the war-time president.

Learn Faster

NEW YORK—Dr. Thomas G. Voorhis of Columbia University Teachers college has found after an exhaustive school test that pupils learn to read and write more easily if they print the letters than by writing in the the ordinary cursive method. Incidentally it's much easier to read the writing.

HISTORY-MAKING CONGRESS LOOM

CINCINNATI, Sept. 9.—(AP)—Assistant Secretary Jahncke of the navy last night predicted history would be made in the next congress which he saw facing the challenge of fundamental issues.

Jahncke, appearing at a Republican banquet here, opened the campaign rally of John B. Hollister, Republican candidate for the seat made vacant by the death of Nicholas Longworth, speaker of the house.

"I urge you to take the aggressive at once." Jahncke said. "Never for a moment permit your opponents to have a breathing spell their apologies and explanations.

"Demand first of your opponent if they are going to 'play ball' with the Raskob high command of the Democratic party.

CARTER-HOUSTON

The New Fall Suits For Men

. . . are certainly in keeping with the demand for good clothing at a low price.

$25

All with Two Pants

Materials—

Not a single one of the many styles but that is made of fine hard finished all wool worsted material—a fabric that will wear well and look well until gone.

Tailoring—

Tailored by hand in those important places where hand tailoring counts for perfect fitting—carefully inspected for perfect workmanship.

Styles—

Single breasted conservative styles for the man or young man—if you prefer select a smart double breasted style. Notch or peak lapels.

Colors—

Dark orfords—the predominant color for fall wear—lighter oxfords, blues that are nearly navy, brown tones ranging from light to dark—a color here to suit you.

. . . Never have we been able to show such remarkable suits for such low price.—Be sure to see them, they will please you.

"They speak my language!"

. . . and it's no "namby-pamby" talk, —either!

Wrapped in Du Pont Number 300 Moisture-Proof Cellophane —the best made

Words can mean lots of things—but you can always trust your taste. If a cigarette *tastes* right, if it satisfies you right down to the ground, then it *is* right.

There are all kinds of tobaccos—some good, some not so good. And there's the Chesterfield kind—the best Turkish and the best Domestic that grows. Full-ripe, sun-cured, aged in Nature's thoroughgoing way—and as mild and smooth and sweet as sun-ripened fruit. Chesterfields taste right —because they *are* right.

And something you *can't* taste —that's important too! The finest cigarette paper—so pure it burns *without taste or odor!*

And behind this unchanging good taste, all the resources of a great organization—men, money, science, experience. It takes them all to make a great cigarette, and they're all behind Chesterfield.

Your taste is dead right. Chesterfields *do* satisfy.

GOOD . . . they've got to be good!
