1987 Miss Donley County June 27

Plans are underway for the 1987 Miss Donley County Pageant to be held June 27th at the Clarendon College Auditorium. All Donley County girls that will be in high school next year are eligible. If you are interested in participating please pick up an entry form at one of the following businesses: Biven's, Henson's, The Nook, and Guys and Dolls. The deadline for the entry forms is June 15th. You can drop it by the above named businesses or deliver your entry form to an A.U.E. member. Each girl will be responsible for obtaining their own business sponsor. We will be having a

meeting June 16th at 6:00 at the Patching Memorial Club House. All girls entered in the pageant will need to attend this meeting. We encourage you to participate, to represent Donley County to its best.

Any donation for prizes or money for prizes will be greatly appreciated. Area businesses have been very supportive in the past years. We hope you will continue to support our efforts to encourage and honor our youth.

For more information you may contact Sandra Shields at 874-3546 or Rose Lemley at 874-2440.

He was the first president of the Texas Tech University Animal Science Alumni Association. Jerry Hawkins has been a member of the Clarendon College faculty for fifteen years. He is currently Chairman of the Agriculture Department and Judging Team Coach and Sponsor.

Postal Cleaner/Custodial laborer examination June 8

Donald S. Bloyd, Sectional Center Manager/Postmaster, Lubbock, Texas, has announced that the Cleaner/Custodial Laborer Examination will be open from June 8, 1987 through June 19, 1987 in the Pampa, Texas Post Office. These positions are restricted by law to individuals entitled to veteran preference. Applications received from individuals not entitled to veteran preference will be returned.

Persons who are interested may fill out application blanks at the Pampa, Texas Post Office or at the Personnel Office in Lubbock, Texas or Amarillo, Texas only. Applications will be accepted only during the two weeks beginning Monday, June 8, 1987

through Friday, June 19, 1987. The position will be twenty (20) hour per week, at a starting salary of \$7.93 per hour.

Midnight golf June 12th

If you happen to be driving by the golf course Friday night about 12:00 midnight June the 12th and see about 60 golfers swinging at the ball don't call the crazy house. Clarendon Country Club will be holding their first ever 9 hole nite scramble. Registration begins at 9:30 p.m. and a shot gun start at 10:00 p.m. Pro Eddie Baker reports the format in the

Tommie Saye Cooperative Observer for National Weather Service, Clarendon

nine hole competition will be a 5 person scramble limited to the first 60 entrants.

Playing at night helps you appreciate the finer points of golf you take for granted. Things like where your golf cart is, where the trees are and where your playing partners are. About the easiest thing to do Friday night will be to find your ball. The illuminated golfball has captured the fun of golfers everywhere with about 300 night tournaments being held this last year all over the world.

So wives if your husband comes in about 1:30 in the morning and says he's being playing in a golf tournament and shot 3 under, just remember, he was playing golf, but he was keeping score in the dark.

Fun After Fifty

Fun After Fifty will meet June 6 at the Senior Citizens Center at 10 a.m. Program before lunch at 12 noon. Bring your favorite dish and join us for good fellowship and good food.

National Honor Society bike-a-thon successful

On Saturday, May 2, seven students rode 20 miles each for Cancer. The bike ride was sponsored by the Clarendon High School National Honor Society, and the Honor Society donated \$200.00 to cancer for the students efforts.

They also furnished a first aid stand and a concession stand. Richard Maxey of the Coca Cola Company furnished the riders cokes.

Those riding were Brent Graham, Casey Alexander, Jason Lee, Ernie Lee, Deana Nazworth, Jermy Hicks and Tim Landon.

Jermy Hicks came in first, Brent Graham, second and Jason Lee and Deana Nazworth tied for third.

Winners were presented plaques and each rider received a T-shirt from Mr. Gattis, School Supt. Jeff Walker organized the ride.

Men's Softball tournament June 26 and 27

The Donley County 4-H K-9 Korp will sponsor a Men's Slow-pitch softball tourney June 26 and 27. The entry fee will be \$50. per team.

We are attempting to raise enough money to enable the Korp to send each member and his or her dog to the State 4-H dog show in Bryan.

This will be a fun tourney so if any churches or civic groups would like to put together a team and come out and enjoy a good time and some softball please call 874-3914 or 874-2141 and get your team entered now.

Your support for these youngsters in helping them to attend the state show will be greatly appreciated.

Junior Golf Assn. tournaments start June 9

The Greenbelt Junior Golf Association Tournaments will start June 9th at Childress. The area covers a radius of 60 miles surrounding Childress, Texas involving eight towns: Childress, Clarendon, Memphis, Paducah, Quanah, Shamrock, Vernon, and Wellington.

The purpose of the organization is to sponsor junior golf tournaments for boys and girls ages 10 through 17, or who still have high school eligibility, so they may play competitive golf, improve their skill, and enjoy the fellowship of other juniors in the Greenbelt area. Each town will sponsor one tournament per year, with the last tournament announcing champions, determined by taking the 5 lowest tournament scores and total strokes.

To be eligible, each boy and girl must attend a three hour course covering etiquette, rules of golf, conduct on the course, dress code, repairing ball marks on greens, divots, protecting the course from other damages by players and cart driving. Other qualifications to be eligible to play are that each junior be a member of the local Junior Golf Program of a sponsoring club. The local programs will conduct weeklong golf schools each year and provide training aids and equipment to help improve their golf game.

Each town will have two members on the Board of Directors who will govern the association. The officers of the Greenbelt Junior Golf Association for 1987 are: President-Carolyn Wilson, Quanah; First Vice-president-Billy Wilkerson, Wellington; Second Vice-President-Patsy Leffew, Clarendon; Secretary-Howard Schutte, Quanah.

The directors are: Patsy Leffew and Dan Ashford from Clarendon; Ted Ivy and John Ferrell from Shamrock; R.A. Duke and Gloria Judd from Vernon; Billy Wilkerson and Mel Roy Cofer from Wellington; E.V. Price and Phillip Self from Childress; and Carolyn Wilson and Howard Schutte from Quanah.

The schedule for 1987 tournaments is as follows: June 9, Childress; June 16, Wellington; June 29, Vernon; July 7, Clarendon; July 14, Quanah; July 21, Shamrock; July 28, Memphis; and August 4, Paducah.

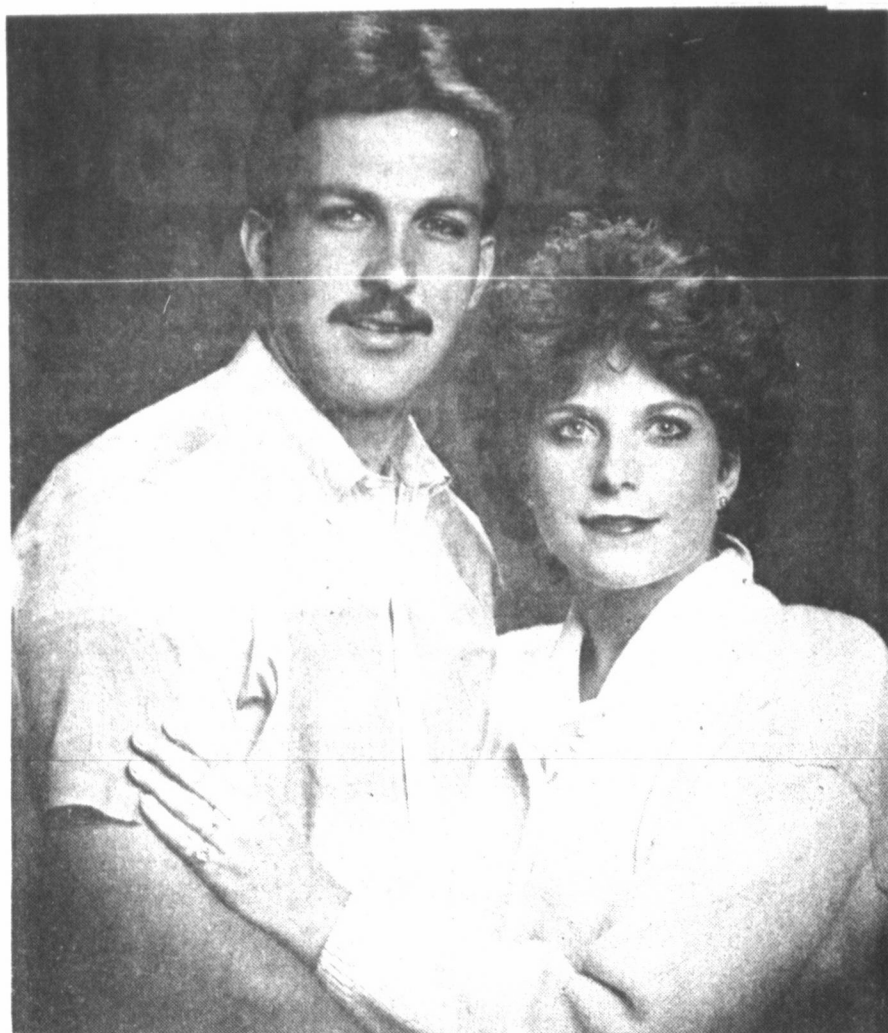

After the last tournament has been played, the boy and girl player of the year will be announced. A point system was established for each tournament to determine the winners. All Greenbelt Junior Golf Association activities end for the summer after August 4, 1987.

The directors hope the juniors will improve enough to get scholarships in the future. 1986 was a very successful year with good attendance at each tournament and plenty of keen competition. 1987 should be an even better year.

Thanks to the parents who work hard to make the tour a worthwhile, enjoyable sport for boys and girls each summer.

College honor rolls announced

Seven Donley County residents were recently named to academic honor rolls at Clarendon College. Members of the President's Honor Roll were Kim Lew, Carrie Noble, Jo Shelly of Clarendon and Jackie Sanders of Lelia Lake. To be named to the President's Honor Roll a student must carry a minimum of 12 hours of academic classes with a 4.0 GP. Requirements for the Dean's Honor Roll are also a minimum of 12 hours of academic classes but with a 3.5 GP minimum. Named to the Dean's Honor Roll were Kyndle Longan of Clarendon and Susan Hall and Ricky Springer of Hedley. Clarendon College is very proud to have these students on campus.

BRENT SANDERSON AND
MELODY MOREMAN

Moreman-Sanderson announce engagement

The engagement of Melody Gay Moreman and Brent Alen Sanderson has been announced by the parents of the bride-elect, Mr. and Mrs. Jack A. Moreman of Clarendon.

The prospective groom is the son of Mr. and Mrs. Jack D. Sanderson of Lubbock, Texas.

The couple plans to be married July 25 at the Trinity Church in Lubbock, Texas.

Miss Moreman graduated from

Texas Tech University in May with a Bachelors degree in Agricultural Education, she is employed by Mesquites in Lubbock.

Sanderson attended Texas Tech and is employed by McGinnis Chevrolet in Slaton, Texas.

King-Lowe nuptials read in formal wedding ceremony

Tonya LaNell King and Samuel Ralph Lowe were married in a double-ring, candlelight ceremony Saturday evening, May 30, at 7:30 p.m. by the Reverend Mr. Stuart Hoke at St. Andrew's Episcopal Church in Amarillo.

The bride's parents are Mr. and Mrs. Alton Scott King, Sr. of Amarillo. The groom's parents are Mr. and Mrs. William J. Lowe of Clarendon.

Celine Cannon of Amarillo was maid of honor. Bridesmaids were Becky King, sister-in-law of the bride, Amarillo, and Cindy Koch, sister of the groom, of Dallas.

Junior bridesmaids were Kelli and Keri Farber, cousins of the bride, of Amarillo. Flower girl was Breanne King, niece of the bride, of Amarillo.

The bride chose an ivory gown of candlelight silk featuring an off the shoulder neckline outlined in ivory silk roses. The bodice was overlaid with Alencon lace and each patterned flower was edged in seed pearls and iridescent sequins. The same design was followed through on the fitted lace sleeves coming to points at the wrists. Rows of applique flowers with seed pearls extended from the waist to the outlined edge of the full skirt and long cathedral train.

The shoulder length illusion veil of ivory tulle and pearls was held in place by the pearl tiara worn by the bride's mother at her wedding thirty-five years earlier.

The bridal bouquet was of spider mums, dusty rose forget-me-nots and baby's breath. Her only jewelry was a single strand of pearls and matching earrings, a gift from the groom. The bride followed the tradition of something old, something new, something borrowed and something blue. The sixpence in her shoe was a gift from the groom's sister.

All bridal attendants wore matching full-length gowns of dusty rose embossed taffeta. The bridesmaids carried bouquets of white spider mums and rose colored forget-me-nots trimmed with ecru lace streamers. The flower girl carried a basket of rose and cream colored forget-me-nots and streamers. The junior bridesmaids carried ecru satin covered hoops trimmed with rose colored forget-me-nots and streamers.

Larry Brackett of Canyon was the best man. Groomsmen were Will Lowe, brother of the groom, of Houston, and Mark Jack of Panhandle, Bryan Scott King, nephew of the bride, was ring bearer. Greg Farber, cousin of the bride, was Bible bearer.

Ushers were Scott King, brother of the bride, of Amarillo; Harry Koch, brother-in-law of the groom, of Dallas; Dwight Hardin of Midland and John Tucker of Amarillo.

The groom and all groomsmen and ushers wore the traditional black tuxedos.

The mother of the bride wore an off white patterned silk dress with a wide bronze and silver sequined neckline. Bronze colored pumps completed her costume. She carried a purse corsage with the bride's colors.

The mother of the groom wore an accordin pleated raspberry ice floor-length dress with matching pumps. She carried a purse corsage in the bride's colors.

The handbell Choir presented the prelude music and the procession, "Psalm 19."

The recession, "Praise the Lord," was presented by Thom Robison, church organist.

The reception was held in the Parish Hall of the church. Musical selections on the harp were played by Wallace Ford.

The bride's and groom's tables were draped with ivory floor-length cloths trimmed with rosettes of the same material. The center table was covered with an overlay of ecru lace on the ivory cloth. A silver punch bowl centered the long table. A four-tiered beautifully decorated wedding cake graced the bride's table and a chocolate double ring cake was on the groom's table.

The bride studied interior design and drafting at TSTI. The groom received a BBA degree from WTU and is now employed by GMAC in Lubbock.

After a short wedding trip, the couple will be at home in Lubbock.

PENTECOST: WHAT IS IT?

The Jewish "Feast of Weeks" was culminated on the day of Pentecost. Fifty days after the passover, was the day of offering the first fruits of the grain harvest.

All the Jewish feasts of the Old Testament were types and shadows of forth-coming events of the New Testament church. The "Passover" feast was in memory of the lamb slain and eaten in haste in Egypt, with the blood splattered on the door passed over them. Where no blood was applied, all the first-born sons of Egypt were slain. Fifty days later was the feast of Pentecost. Later there was the feast of Jubilee, where all slaves and bondsmen were set free. This happened every fifty years.

The New Testament "Passover" sacrifice was, Jesus Christ who was slain on the sabbath called the "Passover" Jesus is our Lamb of sacrifice. His blood covers a multitude of sins. "...and without shedding the blood, there is no remission" Heb. 9:22. When the angel of eternal death, sees the blood applied to your heart and life, he will pass over you.

Fifty days later, Pentecost blooms into full salvation for mankind. Jesus was in the grave three days and nights. After he arose, he was seen of men forty days. Seven days after his ascension was the day of Pentecost; adding up to fifty days. For the church, there is quite a different aspect to it, than in the Old Testament. The fulfilling of the feast of first fruits is quite unique. God chose this day to pour out the first fruits of His Spirit. Acts 2:1-41 gives a dramatic drama of the "out-pouring" of the promised spirit of God.

Pentecost is the day the church was born, Act. 2:1-4. The disciples and all the other men and women, including, Mary, the mother of Jesus, experienced a divine move from God. They did not merely "Accept the Lord Jesus Christ as their Lord and Saviour". They received a divine experience. They began to speak in "other tongues" or languages, of which they had not studied heretofore. They were not taught how to speak in tongues. They speak as the "Spirit gave them utterance." Verse 4 of Acts 2, says, that they received the Holy Ghost, and "tongues" was a part of the gift.

In verses 5-11, people from 17 different parts of the world and country were there for the "Feast of Pentecost". They heard these Galileans speaking in the languages wherein they [the visitors] were born, speaking the "glorious works of God".

Were these people drunk? Wine doesn't give foreign language effluence. What does this mean, others asked? Then Peter began to explain that this is the promise God made hundreds of years before through his prophet Joel. "In the Last days, saith God, I will pour out my Spirit upon all flesh" Joel 2:28. Also Isaiah 28:11-12 says, "For with stammering lips and another tongue will He speak to this people". When Peter had preached "Jesus" to them, they became convicted and asked in verse 37, "what shall we do?"

Now for the first time in all the history of mankind, the full plan of salvation is given. Jesus did not tell "how" to be saved in John 3:7. He said, "Ye must be born again". John 3:5 says "born of water and of Spirit". But How? "He that believeth and is baptized shall be saved"...But since Jesus had not died, was not buried, and had not as yet risen again, there was not as yet the gospel. That is why Jesus said "shall be saved"...future tense.

After Jesus arose from the dead, he was with his disciples and "breathed on them said, receive ye the Holy Ghost" Jn. 20:22 But the Holy Ghost was not yet given for He was not yet glorified Jn. 7:39.

So, when they asked, "What shall we do?", Peter, who was given the keys to the kingdom of God, took them out and began to preach. Acts 2:38 "Then Peter said unto them, 'Repent and be baptized, everyone of you, in the name of Jesus Christ for the remission of sin, and ye shall receive the gift of the Holy Ghost.'" Verse 41 states there were 3000 added to the church. These people had to obey the instructions of Peter in order to become a part of the church, "They gladly received his word". The only way to be added to the church, was to receive the Holy Ghost just like the apostles had.

I'm advocating that Pentecost is not a celebration, but an experience! The Pentecostal experience continued on through the book of Acts. In the tenth chapter, Peter went to preach to the Gentile. While preaching "Jesus" the "Holy Ghost fell on them as on us at the beginning". The reason they knew the Holy Ghost was poured out on them was because they heard them speak with tongues and magnify God. They did believe on the Lord Jesus Christ, but not with dormant faith. "Forasmuch then as God gave them the like gift as he did unto us, who believed on the Lord Jesus Christ..." Acts 11:17. Believing is an action word. Faith is necessary to come to God, but faith

alone, remains alone.

The disciples of John the Baptist were baptized according to John's baptism of repentance. It was not sufficient because when Paul preached that they should believe on Jesus Christ, they were baptized in the name of the Lord Jesus Christ. When Paul had laid his hands on them, they spake with tongues.

Now, this same experience is for all who will believe. The production of faith, generates a pentecostal experience. Acts 2:38 and 39, gives the formula of faith unto salvation. This Pentecostal experience fulfills Jn. 3:3-5, being born of both water and spirit. This Pentecostal experience is for whosoever will.

Rev. Jerome Campbell and congregation of the United Pentecostal Church, invites everyone to worship with us, Sunday afternoon at 3:00 p.m. and Wednesday evening at 7:30 p.m.

Today's youths are tomorrow's leaders

Today's youths are tomorrow's leaders, and 4-H helps prepare today's youth for tomorrow.

Leadership is involved in all parts of 4-H, says Terry Floyd, county 4-H program leader with the Texas Agricultural Extension Service, The Texas A&M University System.

Youths need an opportunity to learn how to do things successfully; they want to develop skills necessary to get along with others. Leadership jobs offer opportunities for growth and development. Young people need responsibilities according to their ages. 4-H helps youths develop into capable adults by learning to plan, set goals, make decisions and evaluate all walks of life. Each 4-H member should develop his or her capabilities to the fullest.

4-H helps youths improve skills, increase their knowledge, learn to express themselves well, develop confidence, and earn recognition, adds Floyd. 4-H teaches an individual to think for himself when making decisions. It also teaches one to organize thoughts and to be tolerant of other's decisions.

4-H provides members with learning opportunities and experiences. It provides members the opportunity to compare skills they have gained with those of other members. It provides members with an opportunity to develop and practice citizenship and leadership skills, and it recognizes the accomplishments of 4-H members.

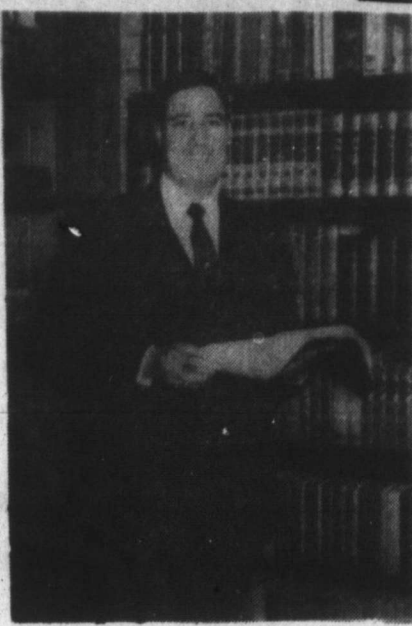

The aim of 4-H is to help youth gain a positive self-concept, rational social behavior, knowledge and problem-solving capabilities. Members develop leadership abilities, learn cooperation, improve their citizenship and have fun by participating in local, county, regional, state and national events. Education through 4-H occurs when youths are involved - the greater the involvement, the greater the educational opportunity.

Contact your county Extension office for more information on the 4-H program.

THOUGHTS REGARDING THE "PTL" MATTER

Accusations of adultery, homosexuality and misappropriation of funds that have been leveled against founder and president of the PTL Club Jim Bakker, plus the unveiling problem of drug dependency by his wife and co-host of the PTL program Tammy Bakker, along with Oral Roberts' "death threat" fundraising appeal have all made the headlines of both secular and sacred periodicals for the past couple of months.

These incidents [as well as others] have all brought much embarrassment and shame [as well as disbelief that anything such as this could ever happen] among believers and unbelievers alike. In the words of "Newsweek", "There was glee among the unbelievers. They called it 'Gospelgate,' 'Heavengate,' or, inevitably, 'Pearlygate.'" and, "Comedians have a heyday with the downfall..."

Just how should genuine Bible believing, Born again, Christ honoring Christians respond to such behavior? This and other questions will be covered in my message, this Sunday morning at 11:00 at the Calvary Baptist Church, entitled "Jim, Tammy, Oral, Jimmy, Jessica and Jerry".

MISSIONARIES TO PRESENT FIELD OF SPAIN

Missionaries Bill and Therese Williams, along with their children Jennifer, Charles and April will be at the Calvary Baptist Church this Sunday morning at 10:00 a.m. to show a slide presentation and give a testimony of their burden and call to be missionaries to the field of Spain.

At 11:00 a.m. Pastor Pinion will deal with the recent PTL scandal in a message entitled "Jim, Tammy, Oral, Jimmy, Jessica and Jerry." Don't miss this great day.

Over Memorial Day weekend Russ Estlack took his chickens and journeyed to the Colorado State Fair Grounds in Pueblo. His objective was to win his share of awards at this large meet.

He showed Black Cochins, Silver Sebright and Black Breasted Red Old English Game Bantams. He showed in the Open Show as well as the Junior Show. The latter is the 4-H and FFA type show.

In the Cochins Open Show he had 5th Cockerel, 1st Pullet, 5th Hen and 6th Cock. The Cochins Junior Show placings were 1st Hen, 3rd Cock, 1st Cockerel and 1st Pullet.

In the Sebright Open Show the results were 2nd Cock, 2nd and 3rd Cockerel, 3rd Hen and 2nd, 3rd, and

4th Pullet. The Silvers in the Junior Show were 1st Cock, 1st and 2nd Cockerel, 2nd Hen and 1st, 2nd and 3rd Pullet.

The Black Breasted Red Old English Game Bantams in the Open Show took 2nd and 4th Pullet, 1st and Best of Variety Cock, 1st and 3rd Hen and 1st, 2nd Cockerel.

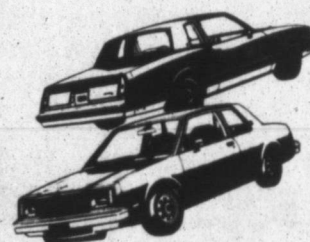

In the Old English Game portion of the Junior Show, Russell placed 1st,

and 2nd Pullet, 1st, Best of Variety, Best of Breed, Champion Game Cock, 1st and 2nd and Best Opposite Variety Hen, 1st and 2nd Cockerel. There were exhibitors from Arizona, Kansas, New Mexico, California, Oklahoma, Texas as well as Colorado showing birds.

Our Older Americans

The month of May was designated as Older Americans Month by the Federal Government in 1963. In conjunction with the Donley County Senior Citizens monthly Birthday/Anniversary party on May 26, 1987, special recognition was extended

to our Older Americans in Donley County. In a quick survey we found 191 people in Donley County that will be 80 this year or older. Twenty-five (25) of these are plus 90 years of age. We feel so fortunate to have this many years of experience, knowledge and wisdom in Donley County.

Those plus ninety years of age attending the party were Laura Sprinkles, Daisy Wilkerson, Blanche Gray and Dema Justice.

Those that will be eighty this year or plus 80 attending were Ama Rea Hamblen, Lucille Jenkins, Clara Mae Carter, Newell Rice, Robert C. Jones, Ted Glass, Frank Barbee, Manuel Creager, Jack Edwards and Raymond Hinkle.

We were very pleased to have this many turn out for the party and feel there would have been several more if the weather had cooperated a little better.

Letter to the Editor

We are looking for members of the C.L. Knight family. Mr. Knight lived in or near Clarendon the year of 1935. We have the Knight Family traced to the year 1713.

If anyone has information of anyone in this family, we would be very thankful to hear from them.

Thank You,
Ronald D. Knight

I am contacting your newspaper because since childhood I have suffered from a rare, debilitating and potentially fatal disease called scleroderma. Not only did I feel frustrated and alone growing up, but to complicate matters, my mother recently came down with this devastating disease.

In our search for answers and support we eventually located the United Scleroderma Foundation. Not only did we receive information, we received a renewed "hope" that we were no longer alone. We learned that this disease affects some 700,000 people and that President Ronald Reagan declared the second week of June as National Scleroderma Awareness Week.

I'm so thrilled to no longer feel isolated that I want to shout from the rooftops so others won't have to suffer alone as I did these last 40 years.

Please make your readers aware of the USF, Inc., P.O. Box 350, Watsonville, CA 95077. Their toll free number says it all, 800-722-HOPE. They have information and answers I never believed existed. In California call (408) 728-2202.

Thank you for your assistance,
Barbara Wolniakowski

Caring People...A Lamp to the Community

Thanks, Thanks, Thanks - to Creed Smith for fixing a leg on the couch in the lobby. To Gwenith Goldston for the florist pins for the Birthday Party. To Verdine Tipton, Anny Bunyan and Ellie Wilkins for the beautiful flowers and ribbons for our 90's and 80's present at the Birthday Party on May 26th. To D.W. and Lela Swain for cutting the trees down and to Barney Baten and Fred Hamilton for hauling them off. To J.C. and Helen Woody for the use of their trailer and Woody and Louise Argo for using it to get material to repair the porches at the new warehouse. A big, big thanks to the Rebekas for the temporary storage for our supplies. To Woody Argo, John Richey, Wanda Clay and D.W. Swain for moving the supplies to the temporary storage. To Alvie and Wanda Clay, Kimberly Pruitt and John Richey for moving them back to OUR warehouse. To Eda Wallin and Vida O'Neal for the beautiful Center Pieces for the Birthday Party. If I missed anyone, please forgive me because what ever you did for the Senior Citizens we thank you and appreciate you.

Monday night Dance Practice was a little short due to the stormy weather.

Tuesday, May 26, 1987 Birthday/Anniversary Salad Supper was very good considering the bad weather. Robert C. Jones opened the evening of entertainment with a prayer. May Birthday people present were Robert C. Jones, Barney Baten, Buddy Derr, Charlie Norton, Ama Rea Hamblen and Dale Hill. Special recognition was extended to our ninety (90) year old people present, they were Dema Justice, Blanche Gray, Daisy Wilkerson and Laura Sprinkles. Special recognition also went to those in the 80's or who will be 80 this year. Those attending were Raymond Hinkle, Jack Edwards, Manuel Creager, Frank Barbee, Ted Glass, Robert C. Jones, Newell Rice, Clara Mae Carter, Lucille Jenkins and Ama Rea Hamblen.

Donley County is very fortunate to have so many years of wisdom. Door Prize went to Lucille Jenkins, fun prizes went to Eda Wallin, Annie Wooten, Hugh Neuhaus and Lora Mays. Thanks to Lora for helping get some of our ninety year old folks to the party. D.W. and Lela Swain

furnished the entertainment. They taped the April Birthday/Anniversary Party and showed it on TV plus some of the music from Friday Jam Sessions then ended the evening by showing the beginning of this party. Everyone present was on our TV Show. We appreciate D.W. for his efforts as a cameraman - he is doing a great job.

Had three busy tables at Game night on Thursday, May 28th. Better than last week, but could be better.

Friday, May 29th, with a stormy weather still hanging around we had thirty-three present to hear music by Hugh Neuhaus, Nova Neuhaus, Forrest Denton, Wesley Thomas, Bailey Estes, Lucille Smith, Melvin Srygley, Dick Stephens, Fred Fortenberry and Creed Smith. We really enjoy our music nights.

What About Tongue Speaking, Healing, Prophecy and Other Miraculous Gifts?

The Holy Spirit was "poured forth" (made available to) "all mankind" on the day of Pentecost - ACTS 2:1-36 esp. verse 17.... At the same time He began to directly EMPOWER the 12 apostles with special miraculous gifts: prophecy, healing, speaking in tongues (which were actual foreign languages) which they had never before studied... The purpose for these wonderful gifts was to "confirm the Word of God" - MARK 16: 20 & HEB. 2:1-4.... These miraculous powers of the Holy Spirit could be passed on to others "through the laying on of the apostles hands" - ACTS 8:18.... There is no Bible evidence that anyone else could pass on this special power. Bible evidence strongly indicates that those who had been indirectly empowered by the Holy Spirit "through the laying on of the apostles hands" could not pass these powers on to others, only the apostles could do that! So then, we ask, "what happened when the last apostle ceased to walk upon the earth?" Paul prophesied just such an occasion in I COR. 13:7-10 saying that when the "perfect" (the Greek word TELEON, meaning "finished", "complete", "fulfilled", or "brought to perfection") finally came, then the "partial" (prophecy, tongues, special knowledge & other such miracles) would cease! John, the last apostle, brought the Word of God to completion, perfection, fulfillment when he finished writing the last book of the Bible, the book of Revelation! Shortly thereafter, he died! When he died, there was no one left to pass on the "empowering" of the Holy Spirit, which means that before long the special powers & miracles ceased! This was as it should be, for the Word of God was now complete and confirmed which meant that such special powers were no longer needed. Paul's prophecy in I COR. 13 was therefore fulfilled!!!

Today, the Holy Spirit does "INDWELL" every Christian - I COR. 6:19 This "gift of the Holy Spirit" is for every person who "repents and is baptized in the name of Jesus Christ for the forgiveness of their sins" - ACTS 2:38-39! However, we do not have the "EMPOWERING" of the Holy Spirit today as did the apostles and those they laid their hands upon during the 1st century. Today there is no prophecy, no special knowledge, no tongue speaking, no miraculous healing (except by the power of prayer - JAMES 5:15) and none of the other special powers given by the Holy Spirit to the people of the 1st century! That day and age is past... we no longer need them, for we have the Word of God in completion, and it "is inspired by God and profitable for teaching, for reproof, for correction, for training in righteousness; that the man of God may be adequate, equipped for every good work!" - 2 TIM. 3: 16-17... We want to urge you to be very careful about what you choose to believe; for many false teachers have gone out into the world claiming to have these special powers and miraculous gifts today! And yet, their "miraculous works" fall so very short of the actual miraculous powers of the 1st century as recorded in the Bible; and even their very claims are a departure from true Bible teaching... as is much of what they are teaching about salvation and other important issues!

CISD Board of Trustees

under go training

The Hedley and Clarendon CISD Board of Trustees recently underwent training pertaining to the position of board member. The Board Members Workshop was held for two days at Memphis at the school.

The members received instructions concerning eleven standards that were set by the State Board of Education. These standards are: Ethics, roles and responsibilities of the superintendent, roles and responsibilities of the Board, community relations, policies, planning, instruction, finance, law, personnel, and board meeting management.

Board members attending from Hedley were: Cary Don Neeley, Carole Ward, Nancy Stephens, Gwan Wilkinson, and James Edward Potts. Ben Carson attended a similar workshop in Shamrock.

Those attending from Clarendon were: Todd Knorpp, Venita Sharrar, Ronald Gooch, Susie Shields, Johnny Floyd, Fred Clifford and Ted Shaller.

Book Sale and

Silent Auction

The annual Book Sale is scheduled for Thursday and Friday, June 4th and 5th on the sidewalk in front of the Library. As usual the Silent Auction will be held in conjunction with the Book Sale.

Clarendon residents who have never participated in the Silent Auction have missed an entertaining experience. Various supporters of the library have donated nice objects for the auction, (there's no "garage sale" stuff here!). Each item has a card. Each bidder then writes his bid, name and telephone number on the card, and replaces it by the article. Then another bidder may raise the bid and place his or her name and number below the previous bidder. As the time for the auction gets short, there is a potential for considerable amusement, both for participants and observers.

Library personnel and Friends of the Library will man the book sale. The sale offers a unique opportunity to purchase reading material at remarkable prices. Both books and magazines are available.

NEAL TAYLOR AND FRIENDS celebrate

Neal Taylor celebrates 15th birthday

Neal Taylor celebrated his fifteenth birthday with a party in the home of his aunt, Mary Farris. Hosted by his mother, Mrs. Sandy Taylor and Mrs. Farris, approximately fifty young friends of Neal's attended.

After enjoying cake and punch, the kids danced.

Neal was seriously injured in a motorcycle accident in July of last year. He has spent the time since in the hospital and at Biven's Rehabilitation Center in Amarillo. Neal has made a remarkable recovery from his injuries and hopes to be able to return to classes in the fall.

NEWS

STATE DEPARTMENT OF HIGHWAYS AND PUBLIC TRANSPORTATION

11th & BRAZOS STREETS, AUSTIN, TEXAS 78701

Three studies comparing the cost and quality of roadway design work done by consultant engineers and highway department engineers were presented to the State Department of Highways and Public Transportation Commission in Austin Thursday, May 28.

"We wanted to be sure that we were giving Texans the best highway design work for their tax dollars," said Raymond Stotzer, engineer-director of the highway department. "These studies tell us we're doing just that."

Approximately a year ago, the State Highway and Public Transportation Commission directed department administrators to pursue the question. The department contracted with researchers at the U.T. Center for Transportation Research; Texas Transportation Institute of Texas A&M; and Ernest and Whitney, a private firm. Data and other information for the study was provided by a joint coordinating committee made up of highway department engineers and representatives of the Texas Consultant Engineers' Council. The joint committee provided common data to all three research groups. Thirty pairs of on-going projects were selected for the comparative

analyses.

The researchers determined their own methods to answer three basic questions for the department: (1) Compare the costs of producing engineering designs using in-house (highway department) engineers versus consultant engineers; (2) compare the quality of producing engineering designs using in-house engineers versus consultant engineers; and (3) assess the commission's position that design work should be done in-house with the exception of utilizing consultants for peak work load periods and for specialty work. In order to reinforce findings, each research team used several analytical perspectives. All three concluded that in-house engineers produced plans more cheaply than consultant engineers. The reports tentatively indicated that there is no significant difference in the quality of work produced by either type of engineer.

"These studies tell us that our in-house engineers can produce plans at substantially lower costs," said Stotzer. "Since not all of the 30 pairs of projects have been constructed, we can't be absolutely certain about the quality of the work at this time."

Good News Department DON'T EAT LESS AND STILL LOSE WEIGHT

Make another notch on your belt: there's good news about an easier way to lose weight. According to experts in the nutrition field, whose views on nutrition are highly significant even among their own peers, it's easier to lose weight by becoming more active than by eating less. That's the surprising news offered in a recent survey on eating habits.

In the survey, in which nutritionists were asked to an-

swer questions in 28 areas of nutrition, 100 percent of the experts said that the best way to control weight is to balance energy intake (calories) with energy needs (calories expended). Losing weight is simply a matter of burning more calories.

Where to turn for trustworthy information? The survey found that dietitians and nutrition experts have access to information that was very reliable. However, there are less capable people posing as authorities. Knowing who to listen to can make the difference between good and bad eating habits—and health.

Watt's Happening in Hedley

by
Peggy Watt

Mrs. Sarah Ramey of Mesa, Arizona and Slim and Little Mae Dennis of Pampa visited with S.J. and Gail Johnson last week. The ladies are S.J.'s sisters and he hasn't seen them for about thirteen years.

I guess you might call it 'All in the Family'. Thursday afternoon Guy and his cousin, Steve Mullins were playing with a pair of scissors in the Homemaker room after they had finished with the final test. Steve grabbed at the scissors just as Guy snipped and Steve made a quick trip to the emergency room to have the index finger on his right hand sewed up. It took six stitches to close the wound. Later that evening Keith caught his right hand in a pulley at the feedlot where he works and had to be rushed to the emergency room where Dr. Stevenson made some repairs. He lost part of his little finger and the ring finger was almost completely severed. The doctor set the bone and sewed the finger back on. It also took several stitches to close a cut on the middle finger. It will be several weeks before he will be able to return to work.

Leon and Linda brought Langly for the graduation. They arrived at mother's house just before time to go. They spent the night in Memphis with her parents, Albert and Edith Ivy. They are getting ready to move from Lueders. They don't know where they will be moving yet. Hopefully it will be closer than Lueders.

Thunder brought his friend, Jeff Patterson from Amarillo to visit Saturday. We are always glad when our children bring their friends home with them. The house seems empty since we only have Keith and Guy at home. There have been very few months since Fred and I have been married that we have had only our children here.

Betty Hix of Amarillo spent Saturday night with her sister, J.T. and Helen Lamberson. They dined in Clarendon Saturday evening.

Carroll Wayne Woodard of Amarillo visited his parents, Bill and Carolyn Lowe last week. Their son, David Lowe of Inman, Kansas was also a recent visitor.

Roy Brown, Jr. fell and injured his

back recently but is back at work now. X-Rays showed a severe bruise to his back.

Juanell Carson accompanied her children, Stan and Susan Cosby of Tulsa, Oklahoma to San Saba to attend a reunion of the descendants of the original settlers of San Saba. The Tate family came from North Carolina to the San Saba colony and were among the first four or five families to settle there and helped organize the town.

Mrs. Myrtle Tate returned home to Tulsa, Oklahoma with Susan and Stan. She will be there for a week.

Jason Conatser of Dalhart has won the regional gymnastic trophy. He will compete in the state gymnastic contest in Andrews on June 2 and 3. Jason is the son of Johnny and Dorene Conatser of Dalhart and the grandson of Johnny and Dorene Conatser of Hedley. I didn't know they had state finals for five year old gymnastics.

Mrs. Edith Bain is in Hall County Hospital after suffering from a stroke one day last week. Among those who have visited with her are Rev. and Mrs. Bryan Knowles, Joyce Boliver and Mrs. Billie Hunsucker, Eloise Spalding, Nell Land, and Annie Mae Sims. I'm sure there have been others.

Bill and Rosalee Sanders of Borger and Terry and Sandra Tyler of Perryton visited with D.K. and Beulah Hall Saturday.

Wendell Hansard of Houston visited his mother, Mrs. Eva Hansard last week. He was enroute to Colorado for a vacation.

Clara Jo Holland and her girls and Rhett made a quick business trip to Amarillo Saturday.

Lynn Skaggs of Amarillo visited her parents, J.D. and Marie Skaggs and sisters, Vickie and Anthony Knowles and Dustin and Kay and Bill Talley, Josh and Matt during the weekend.

Doug and Martha Lowe of Clarendon and Gary and Sarah Carter and Lisa of Clayton, New Mexico visited their parents, Alfred and Eloise Spalding Saturday.

Jack and Jackie Stafford attended graduation services at Follett Friday evening, their grandson John Stafford graduated.

Ernie Houdashell of Amarillo spent Thursday with his parents, Johnny and Della Linville.

Nina Riddlespurger underwent surgery at Childress General Hospital last week. She's home now and getting around slowly.

Ed Favor took Ethel to Oklahoma City Saturday where their grandson Michael Owens met her and went

with her on to Tulsa where she attended the graduation ceremony of her grandson Timothy Owens at Odessa High School.

Paul and Pam Dwight have moved from Amarillo to Hedley where they will be making their home. Paul is the brother of TimberLee Potts and the grandson of Lois Lair. He works at Pantex.

HEDLEY SENIOR CITIZENS enjoy Memorial Day outing

Hedley Senior Citizens enjoy field trip to Canyon

Nina Riddlespurger took the senior citizens bus with several senior citizens on a field trip Memorial Day. They went to Silverton and on to Lake McKenzie. From there they went to Palo Duro Canyon where they enjoyed a picnic and on into Canyon where they visited the Panhandle-Plains Historical Museum. Those enjoying

the day were Dorene Conatser, Pauline Kaufman, Virgil and Opal McPherson, Dorotha Crawford, Jonnie Wilson and Jap McMurray.

It's a good thing they went when they did. I saw on TV where the water crossings in the canyon were under seven feet of water Tuesday.

SWIMMING LESSONS

given by Red Cross instructor, offering beginner, intermediate and advanced lessons. To register or for more information call Kim at 874-2887.

You must be 6 years of age or older.

James and TimberLee Potts and James Lee enjoyed a day out in Amarillo Sunday.

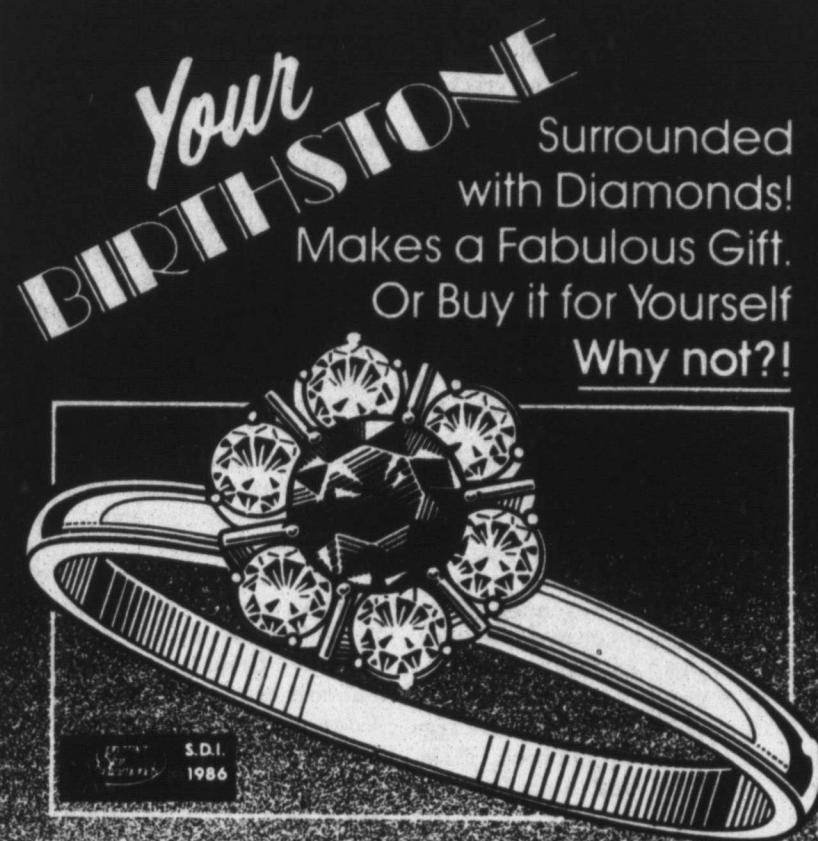

Leon, Linda and Langly spent Saturday night in McLean with Paula Clendennen. They attended morning worship services at the Methodist Church there. Rev. Billy Wilson is a former pastor at Hedley. He and his wife Dorothy have remained close friends through the years since they left Hedley. The Wilson's will be moving to Miami, Texas as parsonage family in a few days.

Nell Land's cousins Pat and Willie Ella Hamilton of Yakima, Washington and her niece, Dr. George and Onie D. Shadid of Borger spent several days with Nell recently.

Nookie and Geraldine Wiggins and Nell Land attended graduation services at Wheeler Friday evening. Cody Wiggins received his diploma at that time. Cody is the son of Bill and Tobitha Wiggins and the grandson of Nookie and Geraldine and Sma and Flora Sanders. He is the great grandson of Nell.

Red Hill took Red Doherty to Amarillo Sunday where he entered the hospital for eye surgery. I understand he will have a laser treatment Monday and come home Tuesday.

Ora Pearl Farris visited Woodrow's sister, Nella Gamble in the Memphis nursing home Thursday. She is doing very well at this time.

DEPARTMENT OF AGRICULTURE

P.O. BOX 12947
AUSTIN, TEXAS 78711

A special Task Force inspecting eggs in the Panhandle has issued "stop-sale" orders against 16 percent of the more than 2 million eggs it checked in stores and packing plants in the Lubbock and Amarillo districts of the Texas Department of Agriculture, TDA's Assistant Commissioner of Field Operations Dan Ruiz announced Wednesday, May 27.

"When our inspectors issue a 'stop-sale' order, it means the store or packing plant must remove those eggs from their inventory," Ruiz said. "The eggs can't be sold to consumers because they are cracked, broken, spoiled or inappropriately labeled with the wrong grade or weight."

TDA's Task Force consisted of four two-member teams of inspectors who checked eggs in 45 stores and three plants across the 50-county region to make certain they met the stringent requirements set forth in the Texas Egg Law. The law was adopted in 1957 in an effort to improve the quality of eggs sold in Texas.

In the 25-county Lubbock district, TDA inspectors wrote 19 "stop-sale" orders in three packing plants, stopping the sale of 213,276 eggs or 15.5 percent of the 1.3 million eggs they inspected, preventing them from ever reaching store shelves, said Lubbock District Supervisor George Ellis.

TDA inspectors also checked eggs in retail stores in Lubbock, Plainview, Hereford and Amarillo, Ellis said.

Amarillo District Supervisor Angela Lamb said that TDA inspectors pulled from store shelves 116,868 eggs, or 17 percent of the 678,306 eggs checked in the two districts during the weeklong inspection. "The majority of the eggs were pulled because of breakage. That means that most of the eggs weren't suitable for sale to consumers because they were handled roughly along the way," Lamb said.

"TDA egg specialists will continue their year-round inspections of eggs at various egg packing plants, but

they also will spend time checking them on the retail level during these special Task Force enforcements," Ruiz said. "We have found that these special efforts are an effective way for TDA to monitor the condition of eggs in communities across the state."

"Our inspectors will continue monitoring egg quality in other Texas cities throughout this year because we want to ensure that the eggs which consumers take home are top quality," Ruiz said. "These targeted enforcement programs also give us an opportunity to remind store personnel that they have a responsibility to follow specific storage guidelines to protect the eggs they sell to consumers."

"Additionally, the publicity of the TDA Task Force educates the public about their rights to expect quality eggs from area merchants. We encourage consumers to inspect a carton of clean, unbroken, non-leaking eggs, they should bring the matter to the attention of store personnel. Should they be unable to solve problems on that level, we invite them to contact their nearest TDA district office about the problem," Ruiz said.

The telephone number of the Lubbock district office, located at 4502 Englewood, is 806/799-8555. The 24 counties served by the Lubbock district are: Bailey, Borden, Cochran, Cottle, Crosby, Dawson, Dickens, Fisher, Floyd, Gaines, Garza, Hale, Hockley, Jones, Kent, King, Lamb, Lubbock, Lynn, Motley, Scurry, Stonewall, Terry and Yoakum.

Located at 5501 West I-40, Suite C, the telephone number for the Amarillo office is 806/358-7285. The 26-county Amarillo district serves Armstrong, Briscoe, Carson, Castro, Childress, Collingsworth, Dallam, Deaf Smith, Donley, Gray, Hall, Hansford, Hartley, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Sherman, Potter, Randall, Roberts, Parmer, Swisher and Wheeler counties.

"TEXAS" begins 22nd season June 10th

A kaleidoscope of new sound and special effects will astound audiences as "TEXAS" begins its 22nd season on June 10th at 8:30 p.m. under the stars in the Palo Duro Canyon near Amarillo.

Opening festivities will last from Wednesday through Friday evening with additional fireworks and recognition of special donors and guests.

On June 12 the musical drama welcomes Texas Governor Bill Clements and the Texas Leadership Convention to a Governor's Command Performance.

Noted for its spectacular sound and light displays, "TEXAS" has added \$100,000 in new sound equipment that uses the latest technology to bring the original ideas of Pulitzer Prize winning author, Paul Green, to life.

A cast of 80 unwinds the romantic

story of the settling of the area. The story accentuates the sorrows and joys of seven principal characters and tells how their eventual collaboration led to the coming of the railroad and the formation of a new town.

Towering 600 foot cliffs serve as the backdrop for the Pioneer Amphitheatre where every rock, brush and path behind the stage is part of the production.

Indians on rocks and cowboys on horses are routine during the show. Hundreds of props include a real train, an antique surrey, a covered wagon and even a windmill.

Sparkling choreography requires dancers to use every skill to master the complicated routines. Amid a haze of smoke, artists leap in a wild ballet of fire. In the party scene, partners glide through the waltz and dance a wild jig.

An explosion of color highlights the finale as fireworks signal an end to each performance of "TEXAS". Since 1966 over 1,780,000 persons from all over the world have enjoyed the song and dance production.

Last year visitors totalled a record-breaking 105,400 with average audiences of 1,647 or 94% capacity each night.

The dream of founder, Margaret Harper, "TEXAS" is produced by a non-profit foundation, the Texas Panhandle Heritage Foundation, and is partially supported through membership and special gifts. Neil Hess is the director.

In addition to the salaried cast of 80, there are another 60 employees "behind the scenes" who work as technicians, costumers, and in hospitality who have helped to make this show the best average attended outdoor drama.

Early reservations are encouraged and can be obtained by calling the "TEXAS" office in Canyon at 806-655-2181 from 8:30 a.m. to 4:30 p.m. or by writing P.O. Box 268, Canyon, Texas 79015.

Country Crafted Texas looking for craftsmen

The Texas Department of Agriculture is looking for ways to boost income in rural areas, and one way for many rural families to achieve this is for them to take advantage of their own craftmaking talents -- from quilt-making to whittling, from pottery-making to weaving. To help foster these cottage industries, TDA is launching a special marketing program to promote and sell Texas crafts. Our program is called **Country Crafted Texas**, and we invite you and your family members to participate.

The program is designed to link up rural artisans with urban markets. The Department, in conjunction with the Texas Farm Crisis Hotline, will print an attractive promotional directory listing rural artisans and the types of things you make. Our **Country Crafted** directory will be widely distributed to press outlets, marketers and likely consumers.

In addition, TDA will offer Texas rural artisans various opportunities to exhibit their crafts in high-traffic shows. For example, TDA will feature **Country Crafted** participants at the State Fair in Dallas this October. Also, in November, Austin's Sami Show has agreed to "adopt" country artisans and to show and sell their wares, for a small commission on sales.

This new program is open to rural artisans from areas outside the city limits of towns of 25,000 or more. You must be a Texas resident working in your own home or studio. Your handcrafted material must be original (no kits or commercial patterns). You need to be able to reproduce your crafted items for sale (retail, wholesale, or commission). Due to state health regulations, food items cannot be accepted.

ORGANIZED SPORTS A GOOD IDEA?

Sometimes organized sports seem to have an unfavorable effect on children -- an effect that some never manage to overcome. Does this suggest that organized sports are inherently bad for youth? Not at all, say many experts. It's not the sports themselves that can cause harm but the overreactions of adults on the sidelines -- mainly parents and coaches.

"I'm convinced that we can teach kids an awful lot through athletic situations," says Dr. Paul Vogel of the Youth Sports Institute at Michigan State University. "Respect for law and authority, for instance, regard for physical fitness, and the ability to cooperate with others."

But the adults in the picture, Vogel believes, have to set a good example. "Young players see their parents and coaches ranting and raving at game officials over a close call," he says, "and then the adults wonder why the kids don't show more respect for authority."

They may also wonder, years later, why their children seemed to lose interest in competitive sports.

Parents can have an especially good effect on a boy's sports outlook, Vogel feels, if they stress keeping in shape through a physical fitness program -- and set the example themselves.

June 7-13 Texas Safe Boating Week

With the number of registered boats in Texas recently hitting an all-time high, Governor Bill Clements has signed a proclamation designating June 7-13 as Texas Safe Boating Week.

Texas Safe Boating Week coincides with National Safe Boating Week, sponsored by the U.S. Coast Guard and the National Safe Boating Council. This year's nationwide theme, "Be Smart -- Take a Boating Course," is aimed at encouraging young and experienced boaters alike to take advantage of the many safe boating courses that are available.

The Texas Parks and Wildlife Department reports there are currently 607-655 registered boats in Texas, the greatest number ever recorded. In addition, Texans own thousands of sailboats, which require no registration.

"Boating is one of most economical and popular forms of family outdoor recreation, and we want to make sure it remains enjoyable for everyone," said Louie Raven, District Director of the Boating Trades

Association of Texas (BTAT). "Taking a boating course and becoming more familiar with the rules of the road, required safety equipment and maneuvering guidelines greatly increases the odds that all your boating trips will be pleasurable ones."

In the ceremony at the State Capitol, Clements joined with representatives of the boating industry, service and safety organizations to make the proclamation. Groups represented were BTAT, the Marina Association of Texas, the U.S. Coast Guard Auxiliary, the U.S. Power Squadrons, the National Weather Service, the American Red Cross, the Texas Parks and Wildlife Department and the Texas Safety Association.

The Boating Trades Association of Texas is a statewide organization of boat dealers, manufacturers, distributors and others involved in the marine industry. BTAT strongly supports educational programs which enhance the pleasures and safety of recreational boating.

Department of Public Safety reminds drivers to be careful during summer vacation

School's out and children are laughing and playing everywhere. Mayor V.J. Cawthon, Regional Commander of the Texas Department of Public Safety, wants to remind you that with the Texas schools letting out our highway system will be loaded with people taking their vacations and going to their favorite place of recreation.

Major Cawthon stated, "We, the members of the Texas Department of Public Safety, want to remind you that with the extra traffic on the roadways there will also be extra hazards and dangers. Kids get tired on long trips and you need to take some games to keep them occupied. Take frequent breaks during your trip to get out and stretch your legs

and shake the cobwebs from your head. Make sure you stay wide awake and alert on your trip."

Major Cawthon also reminded us that with our city driving we need to be especially watchful for our children. "With the excitement of playing, children seem to forget the rules of safety and sometime dart into the street in pursuit of a misguided toy or ball. While driving our residential areas be especially watchful for our smaller children," he said.

"We also want to remind you to protect everyone in your vehicle by using your safety belts. We want everyone to have a nice safe summer vacation and enjoy school being out," advised Major Cawthon.

How the Federal Savings and Loan Insurance Corp. settles insurance

With increased activity by the Federal Savings and Loan Insurance Corporation in the liquidation and merger of troubled savings institutions, consumers are asking more questions about how they will retrieve their funds if a savings institution with which they do business is closed.

There are two basic insurance settlement procedures that are used by the FSLIC in settlement cases. The transfer of accounts has been used in the last 36 of the 41 cases since 1981, with the cash payout of insured accounts only being used five times since 1981.

In a transfer of accounts, insured funds are transferred to new accounts in another FSLIC-insured institution, with substantially the same rate and terms as the original account. If the account(s) at the closed institution total less than \$100,000, the consumer needs to do nothing. The funds will automatically be transferred by the FSLIC to the new institution.

In the instances where funds in the account(s) at the closed institution total \$100,000 or more, the funds in excess of \$100,000 may be uninsured. The insured amount will be transferred immediately to the new institution. Access is granted to these accounts as soon as a claim form has been completed. The FSLIC contacts all depositors affected in these situations and is willing to assist them in completing the claim form.

For any uninsured balance, the depositor will receive a Certificate of Claim in Liquidation from the FSLIC. Uninsured funds will be paid in increments as the assets of the defaulted institution are sold. The transfer of accounts process starts immediately when an institution defaults and the majority of claims are handled within the first week.

In cases where funds are paid out to depositors, Congress mandates that prompt payment be made to all insured savers. Payment is made from FSLIC funds, not those of the failed institutions. Payment includes interest to the date of default up to the maximum insured amount.

Only those savers who have more than the insured amount on deposit must wait for liquidation of assets to receive a pro rata share of their uninsured funds.

For more information on payment of federal insurance for savings institutions, consumers in Arkansas, Louisiana, Mississippi, New Mexico or Texas may call (214) 570-6828, or write the Federal Home Loan Bank of Dallas, Consumer and Corporate Affairs Department, P.O. Box 619026, Dallas/Fort Worth, Texas 75261-9026.

JOINT PROBLEM AND MUSCLE PAIN

If you've developed symptoms that make you think you have arthritis, it would be wise to have an examination to see if the muscles in the affected area are out of balance.

Muscles help keep a joint stable and assist it through its normal range of motion. But if the muscles on one side of the joint are weak, this puts a strain on the joint. It may also cause arthritic-like symptoms.

The doctor of chiropractic will test the muscles to determine their balance and strength. He will also evaluate nerve patterns and may take an x-ray to study the joint structure involved. Perhaps some laboratory procedures will also be needed.

If the problem is in the muscles around the joint, treatment can be given to strengthen and return them to proper balance. Once this is achieved, the arthritic-like pain and discomfort may be greatly relieved or eliminated.

City Minutes

The Board of Aldermen of the City of Clarendon met in regular session on May 26, 1987, in the Board Room, City Hall at 7:00 p.m.

Members present were Mayor David Davidson, Aldermen Steve Smith, Lloyd McCord, and Benny Osburn. Members absent were Aldermen James Thomas and Gene White.

Others present were City Secretary Donna Edwards, Jerry Chambliss, and Donna and Larry Hicks.

Minutes of the May 13, 1987 meeting were read and approved.

Jerry Chambliss met with the Board to present a proposed rate increase of 23.9% by West Texas Utilities. Motion was made and passed to deny the rate increase and ceding jurisdiction to the PUC.

Donna Hicks met with the Board to ask that a Resolution be passed waiving PILOT (payment in lieu of taxes for 1985 and 1986). Resolution was passed.

Resolution

WHEREAS the Housing Authority of the City of Clarendon is not required to pay taxes; however, according to the Cooperation Agreement with the City, instead, pays PILOT (Payment in Lieu of Taxes) which is now due for all previous years through 1986, and

WHEREAS the Housing Authority of the City of Clarendon has limited funds to do necessary maintenance work, to renovate the units to provide decent and safe housing,

THEREFORE be it resolved that the Housing Authority of the City of Clarendon receive a waiver from payment of PILOT for 1985 and 1986.

APPROVED and passed at a regular meeting of the Board of Aldermen this 26th day of May, 1987, at which meeting a quorum was present.

ORDINANCE DENYING RATE INCREASE AND SURRENDERING ORIGINAL JURISDICTION TO THE PUBLIC UTILITY COMMISSION OF TEXAS NO. 268

Denying the rate increase sought in the filing of May 19, 1987, and establishing as current rates for electricity and the furnishing of electric service those rates of West Texas Utilities Company presently in effect; providing severability; providing an effective date; and surrendering original jurisdiction over electric utility rates, operations and services within the incorporated limits of the City of Clarendon, Texas, to the Public Utility Commission of Texas.

WHEREAS, in accordance with Article 1446c, Section 43, V.A.C.S., on the 195th day of May, 1987, West Texas Utilities effective June 23, 1987; and

WHEREAS, West Texas Utilities Company has appeared before the City Council in public hearing requesting approval of such new rates for furnishing electricity and electric service and a public hearing has been had on such statement and request; and

WHEREAS, the City Council, after hearing all evidence and arguments regarding such new rates, and carefully considering the same, finds that such new rates as requested in the Statement of Intent filed May 19, 1987, are not reasonable and that the rates presently charged by West Texas Utilities Company are just and reasonable and sufficient to reasonably enable such Company to earn a reasonable return in the City of Clarendon in respect to the Company's original cost rate base, using the test year ending March 31, 1987.

WHEREAS, pursuant to Article 1446c, Section 17 (b), V.A.C.S., the City Council no longer desires (after the disposition of this pending application) to exercise original jurisdiction over electric utility rates, operations, and services within the incorporated limits of the City of Clarendon and finds that such original jurisdiction should be surrendered to the Public Utility Commission for all purposes hereafter;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CLARENDON:

SECTION 1 That the request for change in rates, as specified in the Statement of Intent to Increase Rates filed with the City May 29, 1987, is denied in its entirety.

SECTION 2 That the charges for electricity and electric service within said City shall be those set forth in the Electric Rate Schedules, and Service Rules and Regulations currently charged by WTU.

SECTION 3 If for any reason any section, paragraph, subdivision, clause, phrase, word, or provision of this Ordinance shall be held invalid or unconstitutional by final judgment of a court of competent jurisdiction, it shall not affect any other section, paragraph, subdivision, clause, phrase, word or provision of this Ordinance for it is the definite intent of this City that each of such be given full force and intent for its purpose.

SECTION 4 This Ordinance and the terms herein shall be and become effective from and after the 26th day of May, 1987, and concurrent with the service of the same on West Texas Utilities Company as the order of this City Council as required by Article 1446c Section 43 (f), V.A.C.S.

SECTION 5 That the original jurisdiction exercised pursuant to Article 1446c, Section 17, V.A.C.S., the City of Clarendon over electric utility rates, operations, and services within

the incorporated limits of the City is hereby surrendered to the Public Utility Commission of Texas effective from and after the 26th day of May, 1987.

PASSED AND APPROVED AS OF THIS 26th day of May, 1987.

THANK YOU NOTE The loving kindness you have shown to us during the illness and loss of our loved one, Edie Robertson, are more deeply appreciated than you will ever know. Words seem so inadequate to express how much all of the cards, letters, phone calls, prayers, visits, food, flowers, words of encouragement, memorials, and the other things done for us, were appreciated. It would be impossible to live long enough to ever repay all of you. Edie loved her community so much as do all of us and through this difficult time, we have come to love it even more. The finest people in all of the world live in Donley County.

A special thanks to the Nazarene Church for everything, the First Baptist Church for use of the building for services, to Eddy Helms for the special favor you did, the Firebelles and Firefighters, the Donley County and Area Churches, to Dr. Gilkey, Oneta Thomas, Betty Bell and Teresa McClellan for the many times you saved the day, to Mike Butts and staff, Paul Bivens and staff, Ann Harper, Jan Altman, Beth Johnston, and Tammy Taylor for the beautiful music, to the Clarendon merchants, Barbara Hewett and Allsup's staff, Opal James, Bettie Phillips, Sue Leeper, and the Medical Center staff, to Rev. Bill Hodges and Philip Stroud for the beautiful services and the times you were there, to all the friends who served as casket bearers, to Bill and Jean Ramsay for your loving care, to all our friends, neighbors, and family members who did so much, to the Donley County Law Enforcement Staff for the escort and other acts of kindness, to Warren and Ruby Jewel Hardin for everything, to Miss Ellie McKee for all you did, to Jerry and Lois Morris, Bob and Joan Kidd, Irene Jones, Molita Greer, and to anyone who might have been overlooked your deeds did not go unnoticed but were much too numerous to mention.

Again, Thank You and may God richly bless your lives. Sincerely, Pat and Chuck Robertson Delbert and Patsy Robertson Debbie Hollan, Greg, and Tiffanie

THANK YOU What an impressive sight the Flags made at the cemetery during Memorial weekend. Thank you, the the persons responsible. Opal James

THANK YOU I want to thank my many friends and neighbors, for praying forme. Thanks also for the cards, phone calls, visits, and flowers during my stay in the hospital. Mary F. Mathews

THANK YOU I would like to express my appreciation to all my friends and relatives who have called, sent cards, fruit and magazines, and flowers while I have been recuperating from surgery in Ada, OK. I am coming along slowly but doing O.K. It is always good to know that others care and think about you at times like this. Stacy Mooring

THANK YOU We wish to express our thanks to our friends for the flowers, calls, cards and the love shown to us during the loss of our beloved mother and grandmother. Vonna, Ricci and Kelly Tunnell and family
