For Seventy-five Years a Builder in Collingsworth County

Volume LXXIV | WELLINGTON, COLLINGSWORTH COUNTY, TEXAS 79095 | THURSDAY, JULY 19, 1984 | Number 1

LAZY DAYS OF SUMMER

A colt takes a snooze under its mother's watchful eye on a hot summer Sunday afternoon just east of Wellington.

More Jail Cells Given Approval

The Commissioners Court has accepted plans prepared by Sheriff Kenneth Maxwell for additional cells to be installed within the Collingsworth County jail, County Judge Zook Thomas revealed Tuesday evening, July 17. This is needed for the jail to be in compliance with the regulations of the Texas Commission on Jail Standards.

The action was taken by the commissioners in their meeting Monday, July 9. In the same meeting the court authorized Sheriff Maxwell to secure bids on the work and present them to the commissioners, who will act on the bids.

On the floor plan filed in the minutes of the Commissioners Court in the office of the county-district clerk, the new cells are designated as a detoxification cell, four cells for women and juveniles, and another designated as a misdemeanor cell.

Judge Thomas explained that the cells will be placed in a part of the jail that was formerly used as living quarters for the sheriff.

It is of the same construction as that portion of the jail already used for cells. That part of the original jail was intened all along for use as additional cells, the judge pointed out. Wall and roof areas will not need to be changed, although some work will be done in the window areas.

The Commission inspector, Joe Slater visited the Collingsworth County Jail last month and suggested the county go ahead and finish out the cells.

"He thought our jail is in good condition, but he did suggest that we finish the work," said Judge Thomas.

Cost of the cell installation has not been determined. New walls will be of steel, and electrically operated locks will be used on the doors. Only a few firms do electric lock installation, and it will be a matter of finding someone to do the work. The county is ready for the work to be done," said the judge.

Other business coming before the commissioners July 9 included:

Purchase of air conditioners for the third floor of the court house was approved on a split vote. Part of this floor is being used by the Collingsworth County Library for certain book collections.

Commissioners John R. Henard made the motion to buy the air conditioners and Commissioner Dudley Coleman seconded the motion. Those two voted for the air conditioners and Commissioners Bill Lowe and Joe Frank Knoll voted against their purchase. Judge Thomas broke the tie in favor of the purchase.

The commissioners also authorized Ann Wauer, Tax Assessor-Collector, to attend a State Property Tax Seminar in Amarillo July 12.

The commissioners will meet again Thursday, July 19, to open bids on building fences along the new Panfork Baptist Encampment FM road for 8.5 miles.

Ranchers Losing Cattle Due to Cyanide Poisoning

Several cases of prussic acid (or cyanide) poisoning in cattle on haygrazer and Johnson grass pastures have been reported in Collingsworth County this week.

"Hot, dry conditions are stressing plants so that they form high cyanide levels that are toxic to cattle eating them," Mark Fires, D.V.M., said.

"We've had half a dozen fatal cases on Monday and Tuesday of this week," Fires said.

Ranchers should bring in samples and have them tested for cyanide levels before turning cattle in on pastures, Fires said. A 4-inch circumference bundle of grass is sufficient for testing. "They also ought to have their cattle full of hay when they turn them out," Fires said.

Tuesday's rain will help wash toxins off the plant, but plants that have been stressed by hot weather will still contain some cyanide so they should be tested.

Symptoms of cyanide poisoning are difficulty in breathing and bloat as an after-effect.

Goss Heads Fair Parade But Fun Fair Chairman Still Sought

Cliff Goss, executive vice president of City State Bank, will be the Collingsworth County Fair Parade Chairman, Billy Jackson, general chairman told Chamber of Commerce directors Monday, July 9.

But a Fun Fair chairman or co-chairmen are still sought. Anyone who will volunteer for what has become one of the top attractions of the fair should contact Jackson, who is manager of Lone Star Gas Company.

The assistance of former Fun Fair chairman is offered, but without full responsibility for the event.

There is no limit to the imagination that can be used in making Fun Fair a success this year, it was pointed out.

Under sponsorship of the Chamber, and with money donated by Wellington business men, a public address system has been purchased for the 4-H Club announced Tommy Hudson, president. It has four outside speakers and amplifiers and will be used for Horse Club and Play Day activities and other out door affairs at which the club needs a PA system.

The 4-H Club, under Don Reeves, extension agent, will set up rules for the system's use.

Donors to the 4-H PA system were First Federal Savings and Loan, Sears, City State Bank, Wellington State Bank, Parsons Drug House of Jewelry, Gifts and Flowers, West Texas Utilities Co., Montgomery Ward Sales Agency, Cablecom of Wellington, First Wellington Agency, Wells and Wells, Ober J. Engineering, Warrick's Inc., C&H Pharmacy, Hatch Dry Goods, Saied's Department Store, Singley Mill and Elevator, Sam McGill's Garage, Chamber of Commerce, Wellington Lumber, Livestock Supply and Western Wear, Lone Star Gas, Greenbelt Electric Co-operative, Inc., and Owens Farm Supply.

The CC directors approved sending a contestant to participate in the Wheatheart contest in Perryton, and Vanda Wood has been invited to represent the Chamber.

Hudson urged owners and managers to keep the fronts of their buildings neat and in good condition as the first step in improving Wellington.

More Softball Teams and Games Announced

Wellington Softball League teams agreed Monday night. July 16, to expand games to two nights each week during the second half of the summer schedule, Richard Sims, president, announced after the meeting.

One new team and possibly two will be taken into the league for the remainder of the season, Sims added.

Games will be played on Monday and Thursday nights and possibly on Sunday afternoons.

Sims said that new schedules are being worked out to take care of these changes and should be available within a few days.

The first half of the schedule ended with the successful annual Men's invitational tournament held Friday through Sunday, July 13-15.

5-Community Reunion Slated

The date of the 1984 5-Community Reunion will be Saturday and Sunday, August 11 and 12, in Bura Handley Community Center, according to Mrs. Malcolm Horton, secretary-treasurer.

This will bring together residents and former residents of 5 communities in the west-central part of the county, Lillie, Salt Fork, Marella, Quail and Cross Roads.

The reunion visitors will come together for the first time on Saturday at 7 p.m. for a salad supper and possibly a fish fry. Everyone attending is asked to bring a salad.

Singing of the type for which these communities were so well known in earlier years will follow the supper.

Reunion visitors will begin gathering Sunday about 11 a.m. for visiting and a short program which will include a memorial service.

History of Loco on Sale at Loco-Arlie Reunion

The newly published book by Edith Carter, "Loco, Its School and Its People (1898-1948) will be on sale for the first time at the annual Loco-Arlie Reunion Saturday and Sunday, August 4-5, Mrs. Carter said. The book is being sold at cost ($4.00)

The book also includes "Berea, The School (1898-1928).

Orders will be taken for another book, "Arlie Community", now being compiled by Merle Talley Black and Lucille Covey Motsenbocker.

Much research has gone into the Loco book.

"This is a history of Loco, as it grew, flourished and diminished," said Mrs. Carter. "Traces are still evident."

"Berea was about 15 miles north of Childress. Loco was about 20 miles north," said the author.

"The little two-room building was moved several times, each time a little closer to Loco," Mrs. Carter said. "Finally it rested north and a little west of the three-room Loco building."

The two were consolidated and Berea given to the Baptists of the community for a church.

The Loco history is dedicated to those responsible for the annual reunion.

This was suggested in 1960 by Mrs. E.S. (Sidney) Copeland when she was at the funeral of a friend, Mrs. Fannie Belew. It was mentioned to other friends, Bill and Ruby Harbin and Herman and Edith Belew, who acted on her suggestion and were hosts at the first Loco Reunion.

Three years later, it became the Loco-Arlie Reunion.

In Loco's peak years, there were 200 children in school, with Carl Chaudoin as superintendent.

Mrs. Carter recalls special teachers who came to give special lessons--in music, speach and dramatics. Students were consistent winners in county competition.

Loco had two gins, three churches, four stores, a barber shop, cafe, post office, blacksmith shop and more than a dozen homes.

The alumni will look for the foundations of those buildings when they visit the site.

Samnorwood Board Rejects Resignations

Samnorwood School Board, in its meeting Monday night, July 9, went into executive session to discuss the contracts of Kenneth Martindale, school principal, and his wife, Kay Martindale, school tax officer. Both had offered resignations.

When the board came out of the executive session, the motion was made to reject Martindale's resignation and the board's vote was unanimous. "So we will be keeping him," said Garland Cavitt, superintendent.

Both Mr. and Mrs. Martindale had received offers from another school for positions similar to those they fill at Samnorwood.

Several people were at the meeting and made their comments on Martindale's leaving. They were all complimentary and they passed out flowers to him and to the board in its decision," said Supt. Cavitt.

Martindale is a graduate of the school and returned to it as coach-principal. He is now full-time principal and other faculty members handle coaching duties.

For several years, Martindale has been working toward his administrator's certification. "We know that Kenneth will have to leave the school some time if he wishes to follow this objective, but we preferred that he stay in the school for another year or two," said the superintendent.

"He is a part of the community nobody can replace," said Cavitt. "I think everybody in the community was thrilled (that he stayed)."

The board also received the resignation of Floyd Foster, science teacher and elected to accept the resignation. Foster had received an offer from another school at an increase in salary.

One Thousand Family Histories Are Received

Approximately 1,000 family histories were received to be included in the Collingsworth County history book, Mrs. Evelyn King, chairman, has announced. Most of these were accompanied by pictures and have come from throughout the United States.

"Since orders for books has no deadline date, there is not an official figure on the number of books sold," Mrs. King said.

She called the response from young married couples submitting family histories "very gratifying."

"The success of the book is due to the response of everyone," she declared.

Preventing crime begins at home. Your first priority is to make sure your own home is well protected against burglary.

* * *

Good locks are a top safety measure--if you use them. Keep doors and windows locked, particularly if you are in the backyard or the basement, where you might not hear a prowler.

* * *

Sliding glass doors and windows need more than a lock: use a broom stick or a metal bar to block the window track. Keep garage doors closed and locked. Make sure a ladder is INSIDE, not where a burglar could use it.

* * *

Don't "advertise" that you're away. Tell about your trip AFTER you've returned. Cancel milk and newspaper deliveries. Use a timer to flick on lights and radios while you're not home. Don't leave "nobody home" phone messages on your machine.

* * *

Make it hard to sneak in. Trim back shrubs and other landscaping below window height. Make sure no tree limbs give access to upper-story windows. Good exterior lighting helps keep prowlers away.

* * *

You can do a lot to prevent a burglary in your home. But just in case you ARE burglarized, it helps to know you're insured. Talk to us at Wellington Agency.

We appreciate your help!

An important part of your electric bill:

You.

In the past, your electric bill was "just another item" in your family budget, but that is not true anymore. However, as a consumer of electricity, YOU can make a difference. How you use electricity is an individual matter — it is in your hands — and in your pocketbook.

At West Texas Utilities we are working to provide dependable service at reasonable rates. Unfortunately, the costs of producing and supplying electricity have soared. WTU has had no choice but to raise its rates to pay for the high cost of fuel to generate electricity.

We know you are concerned about your electric bill, and we suggest a few things that can help you save money and energy.

Make it a family project to learn more about conservation. Keep your thermostat set at 78 degrees or higher in the summer and 68 degrees or lower in the winter. Operate your washing machine, dryer and dishwasher only with full loads. Turn off the television and lights when you leave a room. And check around your house to find other energy-saving measures that can mean dollar savings on your electric bill.

WTU is working to ensure an adequate supply of electrical power for YOU and all of our customers, while trying to assure the most value for your energy dollars now and in the future.

Jazz Wins Softball Tourney

BY RICHARD SIMS

Davis Thriftway Jazz from Memphis won the Wellington Men's Annual Softball Tournament Championship Sunday evening, July 15, defeating two-time champion winner and defending champion Sip A's from Borger, 9-5. Sip A's took home second place trophy. This was the first tournament the champions had ever enter in Wellington.

Wellington Old Timers lost earlier in the afternoon to the Jazz 12-11 and took third place, and the Jazz, an hour earlier, defeated Comac of Borger, 16-8, Comac came in 4th.

Play started Friday night and continued until 7 p.m. Sunday.

Fourteen teams from Wellington, Childress, Lubbock, Memphis, Shamrock, Pampa and Borger participated. Many of the players commented on the quality of the tournament and the fine condition of the playing field.

Competition during the tournament was keen. There were only 5 games that went fewer than the allowed 7 innings, and there were two games that went into extra innings. Many other games were decided in the 7th inning.

One of the extra inning games went to 12 innings. It pitted Wellrock, a combination of players from Wellington and Shamrock against the Wellington Players.

The Players finally won the game on a two run homerun by Jay Thomas down the left field line. This game is believed to be the longest ever played in the tournament here.

Other exciting games were Adolf's Best (7) vs Old Timers (8); Sip A's (1) vs Comac (0); Old Timers (9) vs Players (5) and Jazz (8) vs Western (7).

Sunday games were especially exciting with Sip A's of Borger defeating the Wellington Old Timers 8-7 in the bottom of the 7th. This game was for the finals of the winners bracket.

The next game saw Memphis Jazz defeat Comac 16-8 in 9 innings. This was for the losers bracket finals.

Jazz then had to play the Old Timers with the loser receiving third place. The Old Timers had defeated the Jazz earlier in the tournament 5 to 1, but the Jazz returned the favor and won the game 12-11.

The Jazz played Sip A's next for the championship. The Jazz had to beat Sip A's twice to win the tournament, and did just that. Giving Sip A's their first loss 8-5. With each team having one loss, it came down to the extra game. Jazz jumped out early and hung on for a 9 to 5 victory.

Kenny Martin of the Jazz was named the most valuable player of the tournament. He hit near .700 for the tournament and made many fine defensive plays from his position in center field.

The tournament started at 7 p.m. Friday and 5 games took the action to midnight.

The teams were on the field at 8 a.m. Saturday and games started on the hour until 1 a.m. Sunday games started at 1:30 and continued until about 7.

Enhance Nutrition of Favorite Foods

You can enhance the nutritional value of summer favorites like hamburgers, pizza, tacos, quiche and chef's salad with just a few variations, says a Texas A&M University Agricultural Extension Service nutritionist.

Add the nutrition of dairy products by making your hamburger a cheeseburger and serving tacos with cheese. Include vegetables in these dishes by adding fresh green lettuce and tomatoes to tacos or cheeseburgers.

Add mushrooms, sliced green pepper or other vegetables to pizza and add spinach or broccoli to quiche. Add protein to a chef's salad by including hard-cooked eggs.

Thank You!

We want to say thanks and express our gratitude to Dr. Holcomb, the staff of the hospital, and to all our friends who were so helpful in our time of sorrow and grief.

The generous gifts of food, flowers and memorials were deeply appreciated. And the thoughts, prayers and sympathy expressed by all of you makes us realize that a great man is gone, but will not soon be forgotten.

God bless all of you.

From our hearts—
The family of Eddie T. Smith

Tribute to Eddie Smith

Eddie Smith was my step-father. He and my mother married when I was 10 years old. He taught me to rope, but more important, he taught me to be fair and not be critical of our fellow man.

I have always resented the old statement "He didn't have the chance of a step-child." Ed gave me every chance anyone would give their paternal child. I could cite many occasions during our years rodeoing together when he helped me realize the value of honesty.

Ed helped a lot of people as expressed to me by those at his recent funeral. I wish every step-child and/or every step-parent could have had the relationship shared by Ed and me.

Bill Towns

Straight Talk

One of the variables in a funeral is the outer enclosure. Many people have questions about outer enclosures and their prices.

We want to answer those questions.

An outer enclosure is the receptacle in the grave in which the casket is placed. Most cemeteries do not require an outer enclosure---it's up to the individual to decide whether or not to use an enclosure.

If you decide to use an outer enclosure, there's a wide variety of types and prices of enclosures from which to choose.

Outer enclosures are divided into two types: grave liners and vaults.

Grave liners are simple boxes made of pine or concrete. There is no protective factor involved in a grave liner.

Vaults are cases which have fasteners. We offer several constructions: fiberglass, steel or concrete. In steel vaults we offer 8 styles; in concrete vaults we offer 7 styles. Concrete vaults seal completely to keep out the elements.

The choice is yours on whether or not to use an outer enclosure and what type of enclosure. We want you to choose the items that fit your personal tastes and needs.

And we want to answer any questions you have about outer enclosures or any other aspect of funeral arrangements. We're always happy to talk to you about services that are available and the cost of those services.

We're proud to offer services second to none at competitive prices, and we invite you to compare. And we invite you to call or come by and visit with us on any question you have about funeral arrangements.

72 Family Members Gather for Coleman Reunion Sat., Sun.

Seventy-two family members and friends attended the two-day Coleman Reunion held during the July 14-15 weekend.

This group is descended from John Scott and Sarah Leon Coleman, who settled at Dozier in 1892. The reunions have been held each summer for 32 years. On Saturday evening the family met at Pioneer Park for a picnic supper and ice cream.

Sunday the visiting continued over the noon meal, followed by the business meeting presided over by Tommy Coleman, president, and Sarah Coleman Presley of Denton, secretary-treasurer.

Officers for 1985 were elected. They are J. Byron Bell, president; Dr. Mario Coleman, Canyon, vice-president; Jayne Ann Bell, secretary-treasurer.

Receiving honors for being the oldest was Hillda Byrd of Shamrock; youngest, Nicole Sims; and traveling furthest, John Simmons of New London.

The four living Coleman brothers were present: John Coleman, Jess Coleman, J.D. Coleman and Leon Coleman.

A highlight of the reunion was the appearance of the small airplane which Dr. Mario Coleman of Canyon had built, assisted by his son, Nicky, the pilot, his wife, Barbara and various other people. Mario Coleman had a partner in the venture, John Lee Womack, of Canyon, also a member of a pioneer Dozier family. It took Coleman three years to build the plane.

Nicky Coleman, who earned his pilot's license when he was 18, took various Colemans for rides, including his grandmother, Paralee Coleman.

The plane, with 30' wingspan and weighing 850 pounds, seemed a little odd, because the horizontal "tail" is in the front and the engine and the propeller are in the rear.

The plane, whose trade name is LongEZ, is remarkable because it will not stall due to bone-like canards, which form a horizontal "tail" in front, which functions as an auxiliary wing.

Slides of the past years were presented by Mario Coleman and Paralee Coleman. This brought much reminiscing and many memories. Among the slides were some of the first reunion held in 1952--32 years ago.

Attending the two-day event were: Dee and Paralee Coleman, Frank and Barbara Coleman, John and Ethel Coleman, Guy and Winnie Bell, N.E. and Morene Childers, Monte and Brenda Ferguson and Damon, Sharon Bowen and John, Jody Coleman, Lennie and Billy Mac Sims, Richard and Jane Sims and Nicole, all of Wellington.

Tommy Coleman and Jimmy Coleman from Quail.

From the Samnorwood-Dozier area: Dudley and Gail Coleman with Shawn and Rusty; J. Byron and Jayne Ann Bell with Baeu and Jackie; Doug and Ann Coleman with granddaughter Laci Crowell from Claude; and Kayla Coleman and Mary Coleman.

Canyon relatives were: John and Sandra Coleman; Mario and Barbara Coleman, David and Carol Fite and Johnny; Nick Coleman;

Joe and Marie Richardson, Hillda Byrd; Lettie Coleman and Martha Coleman came from Shamrock.

From McLean were Jess Coleman; Charles and Jan Roberts with Charles and Scott.

Others attending were Jimmy and Aleta Thompson and Walt from Clarendon; John and Alice Simmons from New London; Geraldine Butler from Brownwood; Doug and Betty Rives with Rochelle and Amanda of Wheeler; Sarah Presley from Denton; Donald Littlejohn from Ft. Hood; Mr. and Mrs. Sterling S. Childers from Abilene; Gloria Childers Perkins from Altus, Okla.; and Leon and Emalyne Coleman from Edmond, Okla.

Johnson Descendants Gather for 4 Day Reunion Through the Weekend

All the children of the late Robert and Nora Johnson and their families, along with two daughters of the late Kenneth and Ruth Johnson with their families, were together for a reunion that began Thursday evening, July 12, and did not end until Sunday, July 15.

This is an annual event, and will be held in Wellington in 1985, again on the second weekend of July.

Jerol and Martha Johnson Morris were the Wellington hosts.

Buck and Robena Duncan joined the group next day.

This was the land homesteaded by their grandparents, the late Mr. and Mrs. Warren Johnson, in 1891, when they came here from Iowa. Then they visited the neighboring Needwood Community and Cemetery, where some of the Johnsons are buried.

On Friday night, the rest of the family joined them for a covered dish dinner, again at the Morris home.

Saturday, the reunion action moved to Pioneer Park, where they visited and played games of dominoes horseshoes, long darts, and waded in the Salt Fork River.

Late Saturday afternoon, the annual family white elephant sale was held at the park, a hilarious event that raises enough money each year to pay reunion expenses.

Saturday night, there was a swimming party at Marian Airpark Pool.

On Sunday morning, a devotional was conducted by a brother-in-law, Wesley Terry of Artesia, N.M. Officers for the 1985 reunion was elected. President is Dean Johnson of Kelton; vice president, Wanda Johnson Brown of Amarillo; and secretary-treasurer Martha Johnson Morris.

Geraldine Ferraro's expected nomination for the vice presidency of the United States is an historic event. It is the first time a woman has been considered seriously for one of the two highest offices in the land. Along with Sandra Day O'Connor's appointment as a Supreme Court Justice, it means that women can now seriously aspire to the highest achievements in all aspects of government.

Ferraro's selection was based more on the fact that she was a woman than it was on her accomplishments. (She's more qualified than many men who have served as vice-president, however.) Like the first woman astronaut, the first woman senator, the first woman anything, she will be scrutinized more for her gender than for her politics. In the future, it's to be hoped that we will judge women politicians on their proposals and policies, but for now Geraldine Ferraro must be known as a woman first and as a liberal Democrat second.

Win or lose in November, (and it's not clear now whether she will help or hurt the Democratic ticket), Ferraro's nomination has bridged another chasm on our nation's path toward the goal of being the most free and open society the world has ever known.

It's A Fact
by Don Lacy

The human body contains about 10,000,000,000,000 (ten trillion) cells.

It is also a fact the heart of a normal man will beat 38,000,000 (thirty eight million)times each year which is about 3,000,000,000 (three billion) times in the normal lifetime of the average man.

It is also a fact that protein is the major nutrient in the production of new cells and the replacement of old cells.

Next to water, your body contains more protein than any other substance.

Our instant protein is an all vegetable, complete protein, low in fat and 100% cholesterol-free, with the added plus of eight essential vitamins and minerals. It is all natural with no preservatives and no artificial sweeteners, flavors or colors.

Our warehouse is located on 8th St. across from the bank. Come by or give Don or Shelba a call at **447-2255** or **447-2915** for further information on all of our nutritional supplements, household and personal care products.

Although the years left to her are very few, she looks forward unafraid. She knows that soon death will envelop her with its final mystery and seeming oblivion, but for her, death is only the last visible page of life, just as birth is its first visible page. She is at peace with the universe and can be because she trusts in her Maker. She has believed these many years that God is good and this conviction continues even now when the shadow of death is also seen to be His gift.

This kind of assurance about life is meant for you too! Go to Church and hear again and again the words about God's trustworthiness and His love for you. Trust in Him and be delivered from fear of life and death!

Coleman Adv.

EVERYONE IN THE CHURCH ... THE CHURCH IN EVERYONE

Is something wrong with your life — an inner restless dissatisfaction? The answer to *every* human problem comes only from God our Maker. He alone can forgive and reassure.

Through the church God has committed the provision and proclamation of His forgiveness and redeeming love. Without a church relation no one is securely related to God. *Everyone should be in the Church and the Church should be in everyone!*

For those who might have motor homes, there are hookups 7 miles north of Wellington at Pioneer Prk on Highway US 83. To those who do not know the park, there is lots of shade from the big trees, plenty of grass, and picnic tables. There is playground equipment, swings, etc, for children, clean sand in the river for playing and a little water for wading.

Louis Graham will be in charge of a tour of the high school at 11 a.m. Saturday morning, Aug. 4.

Would like very much to be there and share in the good times, but we won't be able to make it this year. My mother lives in Amarillo and is in failing health. Had to make a sudden and unexpected trip to Amarillo in April of this year so it will probably be next year before we get to your part of the country again. While we will not attend I have enclosed something to be used toward the expenses incurred in preparing for the reunion. Please say hello to those in-attendance!

COLLINGSWORTH COUNTY AGENT REPORT

by DON REEVES

GARDENING IS ACTUALLY 'FARMING'

It's time for gardeners to stop gardening and start "farming". Gardeners are, in reality, "urban agriculturists" and therfore should relate to farming.

Conservative estimates indicate that about half the population of Texas is involved in growing fruits and vegetables at home. These urban agriculturists should look at their "backyard plot" as a small farm even if it is just several hundred square feet in size or perhaps only a couple of tomato plants growing in a flower bed.

Urban agriculturists encounter excatly the same problems as do the farmers and ranchers who are feeding our nation. The same weather problems, hungry insects, devastating diseases and pesky weeds affect backyard vegetable gardens just as they do commercially grown crops.

These urban agriculturists make exactly the same important decisions as farmers regarding what varieties to plant, planting dates, what and how much fertilizer to apply, when to water and how to cope with numerous production problems.

Though only about 3 percent of our nation's population is actually involved in production agriculture, it's vitally important that the millions who are growing fruits and vegetables at home relate their food producing efforts to agriculture. When these "gardeners" start considering themselves as "urban agriculturists", perhaps they will appreciate our farmers and ranchers more.

It's important for our population to understand the cost of technology requirements necessary to produce and make available high quality, fresh fruits and vegetables. Urban agriculturists should also appreciate the fact that when their gardens fail, for whatever reason, they can make a trip to a local supermarket or roadside stand to purchase high quality, tasty fruits and vegetables.

Loco-Arlie Annual Reunion News

A new location has been announced for the open house for Arlie reunion visitors, according to Edith Carter, who is helping with arrangements.

The Arlie group will meet with Mr. and Mrs. Sammy Motsenbocker (Lucille Covey) 1606 Graham Street in Wellington.

The luncheon will begin at 1:15 p.m. Saturday, August 4, at Cherokee Inn. Those attending will go to the Motsenbocker home at 2 to share pictures.

At 3 p.m. they will tour old Arlie sites, including the school, store, gins, church and home places.

Loco group meeting remains the same, with Mr. and Mrs. Pat Bouchelle (Louise Terry) having the Loco open house at her home south of Loco. They will share pictures before they tour old sites, Mrs. Carter said.

Employer's Tax Deadline July 31

July 31, 1984, is the date by which employers must report on Form 941 social security and withheld federal income taxes for the second quarter of 1984 and pay any taxes due, the Internal Revenue Service says. If the quarterly liability (less any deposit during the quarter) is $500 or more, the unpaid balance must be deposited.

This deadline does not apply to employers who timely deposit in Federal Reserve or approved commercial banks the full amount of tax due. They are allowed until August 10 to file Form 941, "Employer's Quarterly Federal Tax Return."

Employers who have not received a Form 941 by mail can order one through the Forms/Tax Information number listed in the telephone book under U.S. Government. IRS publication 15, Circular E--Employer's Tax Guide, is also available by telephone.

Popcorn is an American Indian invention.

Indian Creek Reunion

Plans are almost complete for the annual Indian Creek Reunion to be held Saturday, July 28, according to Amey Seale and Gladys Cartwright, co-chairmen. The reunion location will be Bura Handley Community Center.

Several changes have been made in this year's reunion, they said. The building will be open all day July 28 for visiting. Registration will begin at 10 a.m. "We urge everyone to come early and enjoy visiting," they added. A covered dish dinner will be served at noon and each one attending is asked to bring a dish.

There will be a business meeting about 1:30 p.m. Saturday when officers for 1985 will be elected. A short program will follow.

It was emphasized that anyone who has ever lived in Indian Creek (Seale) community is eligible to attend the reunion.

Approximately 120 invitations were sent to out of county families, but Mrs. Cartwright and Mrs. Seale point out that those living in the county will not receive invitations. Any others who failed to receive an invitation are urged to come also.
