Trains Detained In Farm Strike

RAILWAY TRAFFIC IS HALTED IN AN EFFORT TO BLOCKADE IMPORTANT MARKETS IN IOWA; TO BROADEN ACTIVITIES TO OTHER SECTIONS

(By The Associated Press)

SIOUX CITY, Ia., Aug. 22—Striking farmers in their "war" for higher agricultural prices have begun to detain railway traffic to keep farm produce out of Sioux City, meanwhile seeking an extension of their battlelines to Omaha and Council Bluffs.

Two freight trains bound for Sioux City were stopped last night. It was the first attempt of the strikers to prevent rail shipments of farm commodities, all of their previous picketing having been concentrated on motor trucks.

Stock Not Removed

At Moville, Ia., 200 farmeds stopped a freight consisting of eleven cars of livestock bound for Sioux City packing houses. None of the stock was removed and after a short delay the train was permitted to proceed.

The other train was stopped at Jefferson, S. D., where 50 farmers put torpedoes on the tracks and waved red lanterns. The cars contained milk consigned to Sioux City. Baggagemen closed the doors of the cars and no attempt was made to open them. The train was delayed for only five minutes.

Flushed by their success in preventing truck shipments of produce and milk into Sioux City, the strikers claimed new impetus for their movement was gained yesterday when about 1,000 farmers and their families assembled at Dunlap, Ia., and agreed to broaden their activities to take in both Omaha and Council Bluffs.

Clinton P. Savery of Logan, Ia., organizer of the Farmers' Holiday association for Iowa, told the Dunlap meeting that as soon as the Iowa lines had been tightened attempts would be made to organize Nebraska farmers.

It was considered possible that the farmers might extend their lines to include Des Moines in Central Iowa. Leaders in Red Oak and Harlan were discussing the advisability of picketing the main truck highways running into the state capital.

At Sioux City, where the strike movement had its inception a week ago, the farmers' lines have been drawn so tightly that no trucks have entered the city during the past few days.

Republicans Hit Roosevelt Talk

Dawes Discards Underslung Pipe

HARMON, N. Y., Aug. 22 (AP)—The reason seems a bit obscure—but a famous underslung pipe has gone into the discard temporarily, at least.

Gen. Charles G. Dawes boarded a train for Chicago here yesterday after visiting friends and was smoking a new curved stem briar. He wouldn't throw any light on the fate of the underslung one.

"This one draws pretty good," was all he said.

POLITICAL FOES RAP GOVERNOR FOR HIS COLUMBUS SPEECH

(By The Associated Press)

WASHINGTON, Aug. 22—A barrage of criticism from political foes descended today upon Franklin D. Roosevelt for utterances in his campaign address of last Saturday at Columbus.

Prominent Republican spokesmen were joined by Norman Thomas, the Socialist presidential candidate, in pressing upon Roosevelt inquiries as to why, as governor of New York, he had not already instituted the reforms in stock exchange and bank regulation which he espoused at Columbus.

In addition the state department accused him of insinuating the department "assisted the bankers in the past by passing on or approving foreign loans. It again denied this activity and said "it would be interesting to know whether Mr. Roosevelt intends to revive this since discredited story."

Roosevelt's speech had promised that if he were elected it would no longer be possible for international bankers to sell foreign securities in this country on the implied understanding that they had been passed upon at Washington.

Representative Snell, Republican leader of the house of representatives, himself a New Yorker, issued through the party's national committee in Washington a driving attack upon the Democratic candidate. It accused him of having facts wrong in his speech, of joining unrelated incidents and of possessing a "congenital inability to think clearly." He followed this by piling up queries as to the lack of New York state action during the time Roosevelt has been governor to secure control of security issuance and banking advocated by the candidate as a national measure.

Senator Moses of New Hampshire, gave out in New York a statement to the effect that Roosevelt's address was worded in terms of childish intelligence, while "the presidency is a man's job."

DEMOCRATS PLEASED BY COMMENDATIONS

ALBANY, N. Y., Aug. 22 (AP)—Returning yesterday to the executive mansion after delivering the first stump speech of his presidential campaign at Columbus, Ohio, Saturday, Governor Roosevelt was manifestly gratified by the sight of a great pile of commendatory telegrams received from all sections of the country.

Some of the messages, however were not of a flattering nature, Mr. Roosevelt said. Further public reaction to the Columbus speech is expected during the next few days.

Both the governor and his political advisers were pleased, not only by the flood of telegrams, but also by the receptions accorded the Democratic presidential nominee at many points in Ohio, regarded for years as a Republican stronghold in presidential elections.

Wet Group Favors "Ma" For Governor

HOUSTON, Aug. 22 (AP)—John H. Kirby, chairman of the Texas Federation of Anti-Prohibition clubs issued a statement today urging the membership to vote for Mrs. Miriam A. Ferguson for the Democratic gubernatorial nomination in next Saturday's runoff election.

The statement also urged that George B. Terrell be favored for congress at large, Place No. 1; Joseph Weldon Bailey, Jr., for Place No. 2, and Joe Burkett for Place No. 3.

TROUBLE SEEN IN JEHOL

JAPANESE FORCES IN MANCHURIA LAUNCH STRONG THRUST

(By The Associated Press)

SHANGHAI, Aug. 22—Chinese dispatches from Peiping and other North China points today said the Japanese forces in Manchuria had launched a strong military thrust into Jehol, the province that borders on China proper.

The dispatches said fighting was going on along a broad portion of the Jehol eastern border, with the Chinese falling back before Japanese artillery, airplanes and machine guns.

Terror Spreads

Japanese bombing planes were reported as spreading terror among the border populace which was streaming into the open country seeking safety.

Foreign dispatches from North China were more conservative and told of sporadic fighting along the Jehol eastern border. It was not clear whether the Japanese were launching a campaign to occupy Jehol or whether they were merely trying to free Okushiro Ishimoto, a kidnaped former Japanese army officer.

One of the Peiping dispatches today said General Tang Yu Ling chairman governor of Jehol province had asked for military reinforcements, adding that he would "resist to the last man."

Mrs. McCormick Is Reported Improved

CHICAGO, Aug. 22 (AP)—The condition of Mrs. McCormick today was described as better than it has been in the past three weeks.

Physicians attending her were amazed by her remarkable vitality and said she might live days or even weeks. Her malady is described by her doctor as incurable.

GIRL WOUNDED IN MYSTERY SHOOTING

ICE PICKS, BULLETS USED IN SLAYINGS IN NEW JERSEY

(By The Associated Press)

NEWARK, N. J., Aug. 22.—A week-end wave of murder by ice picks and bullets left five men dead in New Jersey today but police found the unaccountable shooting of a 25-year-old girl, daughter of a prominent family, the most mysterious.

Miss Evelyn Higgins, whose father is Maj. William Higgins of the staff of Gov. A. Harry Moore, was seriously wounded early yesterday as she crossed a vacant lot in Jersey City after an auto ride. No weapon was found. Miss Higgins was in too serious a condition to be questioned and there was no indication as to whether it was an attempted murder or a strange accident.

Racketeers Slain

Andrew Fadrizino, 26, and Vincent Boccio, whom the police call Brooklyn racketeers, were victims of an unusual execution instrument—the ice pick. Their slayers stabbed them countless times, wrapped them in burlap bags and left them in a backyard at Harrison. The gruesome bundles were found yesterday.

Police who suspect the existence of a far-flung murder syndicate pointed out that it was in similar fashion that John Bazzano of Pittsburgh met his death in New York recently. His end came not long after the three Volpe brothers, gangsters, had been mowed down in Bazzano's Pittsburgh cafe.

Police suspected that the two found dead yesterday may have been abducted on their way to a party which detectives said was to have been given last week in New York in celebration of the passing.

FEDERAL LOAN TOTAL GIVEN

FORTY - SIX MILLIONS LOANED WITHIN A TEN-DAY PERIOD

(By The Associated Press)

WASHINGTON, Aug. 22—During the ten day period from July 21 to July 31, the reconstruction corporation loaned $46,711,056 to banks, building and loan associations, railroads and other agencies.

The first report of the corporation made public today by South Trimble, clerk of the house of representatives, was accompanied by a letter signed by Chairman Atlee Pomerene showing that 437 loans totaling $45,057,556 had been made during the ten day period and increases in loans authorized prior to July 21 had totaled $1,653,500.

The letter said of the total amount loaned, $32,990,180 was authorized to banks and trust companies, including $284,900 to aid in the reorganization of closed banks; $104,309 to agriculture credit corporations; $3,088,650 to building and loan associations; $2,247,500 to insurance companies; $90,000 to a joint stock land bank; $580,716 to livestock credit corporations; $747,000 to mortgage loan companies, and $6,862,700 to railroads.

Absentee Ballots Are Cast By 150

One hundred 50 absentee ballots had been returned to the office of Amos Howard, county clerk, and 50 to 75 others have been sent voters who have not returned them, Mr. Howard said this morning. Although absentee voting was to begin August 8, the ballots were not received at the county clerk's office until the 12th, he said.

BRITISH FLIER PLANNING ON RETURN HOP

MOLLISON ARRIVES AT NEW YORK IN FLIGHT ACROSS ATLANTIC

(By The Associated Press)

NEW ORK, Aug. 22—Sandy-haired Capt. James A. Mollison, the only person ever to fly alone from Europe to New York, cocked an anxious eye at the sky over Manhattan's towers today and hoped the weather man would let him start his hop home to England in two or three days.

"I've just been married, you know," he explained with a grin.

When he finished his precedent-shattering jaunt from Europe at 3:33 p. m. (Eastern Standard time) yesterday, Mollison, who is the husband of Amy Johnson, England's most famous woman flier said:

"Amy and I have made a pact to make no more extremely long or hazardous trips, once this flight is concluded."

Mollison was in the air 36 hours and one minute between Port Marnock, Ireland, and New York, which showed in his face when he brought his tiny plane, "Heart's Content," down before 2,000 cheering fans yesterday at Roosevelt Field. He had made the leg from St. John, N. B. in five hours, 12 minutes.

In two or three days, given good weather, he will take off, he said for Harbor Grace, where he will refuel and head for Croydon, England.

"You can't miss it on the eastern trip," he said nonchalantly. "The weather and winds are more favorable all the way."

His little craft, first plane of its lightness ever to cross the Atlantic, had to be rescued from a crowd of souvenir hunters after he landed. Although weary, Mollison received congratulations with engaging modesty.

Five Followers Of Hitler Get Death

BEUTHEN, Germany, Aug. 22 (AP)—Five members of Adolf Hitler's national socialist party were sentenced to death today upon their conviction of acts of terrorism.

The trial was in one of the new speed courts established under the emergency decree of August 9 which also provided the death penalty for acts of political violence.

Hunter Urges All Citizens To Vote

FORT DAVIS, Aug. 22 (AP)—Tom F. Hunter of Wichita Falls, who ran third in the governor's race at the first Democratic primary, issued a statement here yesterday asking all qualified voters to cast their ballots in the run-off primary Saturday.

He declined again to endorse any candidate.

FIRE LOSS LIGHT

Fire fighting apparatus answering an alarm shortly before 5 o'clock this morning went to the Calf stand, 1701 Main street, where wiring in a motor in an electric refrigerator became overheated and burned, as the motor had not started. Damage was estimated at about $20.

EXPECTED TO STUNT HERE TUESDAY

Soon after the arrival of the 56 planes competing in the western wing of the Transcontinental air races to Cleveland arrive here for a night stop Tuesday afternoon at 4 o'clock, Tex Rankin, (below left) noted stunt flier, and Dorothy Hester, (below right), world's champion woman stunt flier, are to perform before the crowds at Lubbock municipal airport, local officials have been advised. Confirmation on the appearance of the pair was lacking today but advance notices said they would appear. A 90-minute air stunt show is to be held in connection with the arrival of the planes here.

AIR RACE ON WAY HERE

WOODWARD TO SPEAK HERE

STATE SENATOR WILL TALK IN INTEREST OF GOV. STERLING

Another Sterling supporter, Walter C. Woodward, state senator, of Coleman will speak at 8:15 o'clock Tuesday night just across the street from City hall in the interest of the governor's candidacy for nomination for re-election.

The senator will be accompanied to Lubbock by a brother, Garland Woodward of Big Spring. Senator Woodward was to speak at Plainview today, and will go from here to Big Spring for an address there Wednesday.

Although a scheduled appearance here Tuesday night of Jim Hair of San Antonio, a candidate for lieutenant-governor two years ago, in the interest of Mrs. Miriam Ferguson's candidacy had been announced, J. A. Humphries, local Ferguson chieftain, said this morning that Ferguson headquarters here would either cancel or postpone the engagement to avoid conflict with the Sterling rally.

"Our folks want to attend that (the Sterling meeting), and we want the Sterling people to attend ours Thursday night," Mr. Humphries said.

TWO BADLY HURT IN PLANE CRASH

DIMMITT, Aug. 22 (AP)—In an airplane crash on a farm west of Dimmitt at sundown yesterday, Ivan Bagwell, pilot, and T. B. England, passenger, were injured seriously.

Both of Bagwell's ankles were broken and he was bruised painfully. England suffered critical internal injuries. Both were taken to a Tulia hospital.

The accident occurred while Bagwell was attempting to land on the Bagwell farm ten miles from Dimmitt.

Mrs. Caraway May Be Demo Big Gun

WASHINGTON, Aug. 22 (AP)—Mrs. Hattie Caraway, senator who said she made her "first real speech" in her recent successful primary campaign in Arkansas, will get a chance to make many more.

Pronouncing Mrs. Caraway's victory a sensation which had keyed popular interest to high pitch, Nellie Tayloe Ross, head of Democratic women's activities, today predicted the lone woman senator would become an outstanding figure in the national campaign.

"She undoubtedly will be invited to speak in many states," said Mrs. Ross. "And she certainly has proven she can campaign."

FLIERS ARE TO REACH HERE TOMORROW

FIFTY - SIX SHIPS TO LAND AT LUBBOCK MUNICIPAL PORT

(By The Associated Press).

CLEVELAND, Aug. 22 — Two fleets of racing airplanes, one from the Atlantic, the other from the Pacific, nearly a hundred in all, today entered the second lap of the Cord cup trans-continental air derby.

Their spectacular 2,369-mile contest will end at the Cleveland airport Saturday as one of the main events of the national air races.

All Land Safely

Forty-eight men and eight women fliers in the Pacific group started their first lap yesterday at Los Angeles and all landed safely within a few hours at Yuma, Ariz., where they spent the night.

The Atlantic group took off from Washington, D. C., and ended their first lap at Winston-Salem, N. C., but with one of their 28 entries, Cecil Coffrin, Brooklyn, N. Y., forced out by engine trouble. He was reported down at Fredericksburg, Va.

Figuring ratings on a point-and-handicap basis, the judges announced Art Carnahan, Bloomington, Ill., as winner of the Los Angeles-Yuma lap; Roy Hunt, of Norman, Okla., second, and Mrs. Gladys O'Donnell, Long Beach Cal., who won first place in the 1930 women's air derby and second in the 1929, third.

The Atlantic flight was led by Fred Dorset of Augusta, Ga.

Only one of the western planes was known to have been forced down and its pilot, Al Lary of Los Angeles, later brought it to Yuma safely. Lary, taking his fiance, Yolando Spirito of Pasadena, Calif. with him, landed in the desert 10 miles from Yuma out of gas. He obtained fuel, however, from a roadside station and finished the lap in 52nd place.

Handicaps are allowed each of the contestants at the start of each lap according to predetermined ratings. The two groups of fliers will coinverge Wednesday at Bartlesville, Okla., for the final dash to Cleveland.

Of today's lap the eastern group will make a noon stop at Spartanburg, S. C., and will spend the night at Atlanta, Ga. The western group will make a noon stop at Tucson, Ariz., and will have their overnight stop at El Paso, Tex.

RACE ARRANGEMENTS NEAR COMPLETION

Bleachers are being erected in front of the hangar at Lubbock municipal airport, a banquet committee met in the chamber of commerce this morning, and other arrangements have been completed or are near completion for the stop here Tuesday afternoon of the 56 planes competing in the western division of the Cord cup race, a transcontinental handicap sweepstakes air derby.

TRADE ANALYSIS FOR JULY REFLECTS A GOOD INCREASE

(By The Associated Press)

WASHINGTON, Aug. 22—Business upturns which it said were more than seasonal in character were noted today by the labor department in its July analysis of trade.

"The first really noticeable expansion in industrial activity that has occurred so far this year," said the department's employment information bulletin of July gain.

Specific increases were in the boot and shoe industry, with "quite a number" of factories back to a full-time basis; the textile industry, especially manufactories of woolen, worsted, rayon and silk products; anthracite mining, showing re-employment of several thousands; highway construction, increasing not only direct employment but swelling the payrolls of stone quarries and cement mills.

A more optimistic feeling prevailed," the bulletin concluded, "with the outlook for August considered encouraging."

INDUSTRIALIST DIES

HOUSTON, Aug. 22 (AP)—W. T. Eldridge, 69, industrialist widely known in Texas, was buried here yesterday. He died Saturday.

RANGERS SENT TO OIL AREA RECALLED

GOV. STERLING FEARS ACTION TAKEN FOR POLITICAL MOVE

BY R. W. BARRY

AUSTIN, Aug. 22.—Texas' Democratic gubernatorial run-off campaign, with the race tightly contested between Governor R. S. Sterling, incumbent, and Mrs. Miriam A. Ferguson, ex-governor, had become even more exciting today as it entered its final week.

Because he feared the movement would be mistaken for a political maneuver, Governor R. S. Sterling last night cancelled an order issued by W. W. Sterling, Texas adjutant general, to send rangers to "clean up" the criminal element in the East Texas oil field.

General Sterling had announced thirty five rangers would begin their work this morning of ferreting out violators of the criminal laws in cooperation with other law enforcement officials of the area.

Rangers Recalled

Rangers already had passed through Austin en route to the oil field area from the Rio Grande border section and other stations when Governor Sterling instructed the adjutant general to recall them.

The governor explained his action with a statement that he preferred not to send rangers to East Texas at this time for fear his action would be misunderstood as an attempt to guard the ballot boxes in the run-off primary next Saturday.

The adjutant general said that some hesitancy was felt at first in ordering rangers to the oil field on account of nearness of the primary election but that finally it was decided the situation demanded immediate action to free that section of "Oklahoma and Chicago gunmen and criminals" who, he claimed, had "been flocking to the oil field."

Administration of conservation measures in the oil field has been an issue in the campaign. Governor Sterling placed the area under martial law a year ago and shut down all wells until proration of production could be accomplished in an orderly way at the time the field was operating without state supervision. Attempts to bring it under state control having been ignored by operators, the Texas legislature was convened in special session to pass laws strengthening authority of the Texas railroad commission.

FLIERS ARE NEAR EIGHT-DAY MARK

VALLEY STREAM, N. Y., Aug. 22 (AP)—With eight full days in the air as their immediate goal, Mrs. Frances Marsalis and Mrs. Louise Thaden flew on today, already far past the old endurance flight record for women.

The young matrons started their flight at 1 p. m. Eastern Standard time, August 14. They passed the old record of 123 hours, held by Bobby Trout and Edna May Cooper, late last Friday afternoon. Yesterday they completed a week in the air.

There was some expectation that they would land this afternoon.

Hoover Back After Vacationing Week

WASHINGTON, Aug. 22 (AP)—President Hoover returned to the White House early today from his Rapidan mountain camp, ending his longest vacation in 17 months.

Except for one day of work last Thursday, the chief executive has been vacationing either on Chesapeake bay or in the mountains for a full week, his most lengthy rest since his trip to Puerto Rico and the Virgin islands a year ago last March.

Theodore Roosevelt To Support Hoover

MANILA, Aug. 22 (AP)—The name of Roosevelt, which is borne by the Democratic presidential nominee, also will be brought into the Republican campaign in behalf of President Hoover.

Theodore Roosevelt, governor general of the Philippines, said today he would sail for the United States September 14 to participate in the effort to bring about the reelection of the president. Mrs. Roosevelt will remain here, since her husband expects to return in December.

ZEPPO MARX ROBBED

LOS ANGELES, Aug. 22 (AP)—Zeppo Marx of the four Marx brothers of screen and stage reported to the sheriff's office today his Hollywood apartment had been burglarized of jewelry valued at $27,000.

FIVE YOUNG LANDLUBBERS CONQUER ATLANTIC OCEAN IN 49-DAY VOYAGE

(By The Associated Press)

GIBRALTAR, Aug. 22—Five young landlubbers, all undergraduates of Princeton university, have conquered the Atlantic in a two master in 49 days despite storm and calm.

The adventure began in New York July 2 and will end, for the time being at least, in Marseilles.

The venturesome team lost five days in a heavy blow and spent 14 days in various spots of dead calm. They are: William Drewrery, New York; William L. Crow, New York; Standish Backus, Detroit; Ashley Hardy, Boston, and Robert Keidle, Baltimore.

Here is the story of the adventure from Drewrey:

"We sailed from New York July 2, reaching Marblehead five days later. We made the Azores July 28, leaving for Tangirs July 31 and arriving there August 16. We reached Gibraltar Saturday for provisions.

"Although we were inexperienced when we started the cruise, we had no trouble navigating our ketch, the Storte-becker, after the first few days.

"A gale struck us on the

WESTER WARNS ELECTION JUDGES TO WATCH FOR ILLEGAL VOTING SATURDAY

Although declaring that in his opinion there is but little if any illegal voting in Lubbock county, J. K. Wester, Democratic county chairman, today warned election judges to be on the look-out for such voting in Saturday's primary. Mr. Wester's warning was issued in instructions to election judges.

"From newspapers and other reports, it seems there was considerable illegal voting done in Texas at the July primary," Mr. Wester wrote, "and I desire to caution the judges and other election officers to see that no one votes who is not a qualified voter under the constitution and the laws of Texas.

"If you are in doubt about a voter's qualifications to vote, swear him," he continued. "In my opinion there is but little illegal voting, if any, in Lubbock county, but let's all use our influence to keep the ballot box pure. I would advise the judges under existing circumstances in selecting their help to divide it as nearly as possible among the different opposing candidate groups."

Mr. Wester said the same judges who held the July primary will act Saturday and will select their own help.

"I think we have money enough to pay judges and clerks $3.50 per

MAKE SYRUP FIRST

When making jams without pectin try boiling the sugar and water into a heavy syrup first, then cool slightly, then add fruit and reboil. This way will not take so long and better yet, will not make the jam as strong in flavor as when boiled to required thickness in water and sugar.

How to Relieve Headaches In Three Minutes

When you have one of those violent, nerve-racking headaches from inorganic causes, you can get soothing relief in three minutes with "B. C.," a reliable, pleasant-to-take remedy. "B. C." is prepared by a registered pharmacist, compounded on a different principle from most relief-giving agencies in that it contains several ingredients, so blended and proportioned as to accomplish in a few minutes what we believe no one drug formula can do in so short a time. "B. C." should also be used for the relief of muscular aches and pains, common colds and neuralgia; for reducing fever and quieting a distressed nervous system without opiates, narcotics or such habit forming drugs. Get "B. C." in 10c and 25c packages, wherever drugs are sold. (adv.)

Dog Days Inspire Woes

Tempers Grow Short With Torrid Days, Worker Finds

By LILIAN CAMPBELL

THE DOG DAYS bring more than the usual share of domestic woes, according to Miss Grace A. Berger, Cleveland, O., assistant chief of the domestic relations bureau of Cuyahoga county. Tempers are made short by hot weather, especially sudden hot spells. Folk quarrel about the most trivial things, Miss Berger says. One couple came to the bureau recently on the point of separation because they couldn't agree on what to name the baby.

The domestic relations bureau acts as arbiter, seeking to iron out the difficulties and avoid divorce. Miss Berger also has charge of all alimony payments when divorce has been granted.

The proposed five-day working week which gives hubby two whole days at home also makes for family wrangles, according to Miss Berger. "Monday is a terrible day at the bureau," she avers, "with black eyes, bruised arms, broken fingers, etc., galore."

"Drink is the principal cause of marital rows," states Miss Berger. "'I can't stand this drinking,' is the most frequent complaint." And alas—

"Not only do men drink in these modern times," admits Miss Berger, "but mothers and daughters are also frequent offenders."

Here's a tip for the wives who want to "hold" their men.

"Men want a woman to make a fuss over them," she asserts. "If their wives don't they go to women who will."

The psychology of it is fear, Miss Berger thinks. They want to be assured they amount to something in an unstable world.

Miss Berger admits that the attitude of the father who lets his children starve and go ill clad while he lavishes gifts on another woman is beyond her.

"The Bible says, 'As a father loveth his children,' she says. "But sometimes I think that is wrong. Many fathers don't love their children." It is one of her duties to write men who are behind on their alimony and get them to pay up, or to hale them into court if they won't pay.

"Business houses are beginning to discriminate against divorced men who have to pay alimony," she relates. "They are apt to be unstable and undependable."

The kind of big sister Miss Berger is to those in trouble may be told in one instance which she narrates. It seems that in her desk at the bureau she keeps a pile of clean pocket handkerchiefs. "Women don't think they are going to cry when they come to the bureau," she says, "but the narration of their woes usually makes them break down, and then I supply the necessary. The kerchiefs are seldom returned, but one came back in a letter the other day."

The case was that of a young girl in love with a married man. The wife would not divorce her husband and the couple was sent away. The girl wrote that she and the husband had planned to elope and she was to meet him at the station. She was packing and found the little crumpled, tear-stained handkerchief in her bureau drawer. It reminded her that Miss Berger had been the only one show sympathy for her and to think that it really was love that made her act as she had and not that she was a "bad girl."

The man "blew" alone that night and the girl wrote Miss Berger that she now was engaged to a young man her own age and didn't need the handkerchief to remind her to be good, so she was sending it back.

Miss Berger is a graduate of Oberlin college, Oberlin, O., and Western Reserve law school, and is a lawyer by profession.

OUTDOOR CARD PLAYING

To play cards outdoors on a windy day, fasten lengths of cord across the table diagonally and vertically from the corners and slip the cards under them when playing. Various arrangements are possible.

Pamphlets Are Available Telling How To Conduct P-TA; Publicity Will Help

Discussion of parent-teacher activities continues in another weekly letter received from Mrs. J. M. Crain, Claude, publicity director for the Texas Parent-Teacher congress.

Now is the time when publicity is needed as never before to enlist the aid of the general public and our parent-teacher workers in carrying out the purpose suggested by the theme of the 1932 state convention—"Safeguarding Childhood Through This Crisis."

More than 2,000 Parent-Teacher association in Texas will concentrate their efforts next year on keeping children in school in spite of adverse business conditions. In September these associations will begin intensive work to insure normal educational opportunities to children living under abnormal economic stress. Every parent and every teacher should join forces to protect the children in whom they are mutually interested.

Child welfare workers cheerfully accepted their increased responsibilities last year, though many were working under terrific handicaps. Most people are still able to pay a few cents dues for a worthy cause, if they can be made to feel that it is worthy. It is the publicity chairman's responsibility to work closely with the membership chairman and other leaders in creating this sentiment. Now is the time to finish the plans for the work of next year.

A new pamphlet, activities, projects, and program making, published by the National Congress of Parents and Teachers, is off the press this month. This pamphlet, the national handbook, and 47 leaflets on subjects of interest to this organization, will furnish plans of work and material for study on all phases of child welfare. Additional helps are offered in a series of books published annually on different phases of parent education.

The joint committee of the National Education association and the National Congress of Parents and Teachers at its meeting in Minneapolis this year voted: (1) That we are opposed to flat percentage cuts in school budgets; (2) That the purposes of the school are served primarily by the instructional staff; and (3) that other divisions of the staff can be crippled with less danger to the children. Therefore, we advise curtailment in building and maintenance staff rather than in educational departments. The committee urges the people to make a special effort to uphold standards of enriched public education in the present crisis.

In 1926 a Texas education commission was formed, the Texas State Teachers association and the Texas Congress of Parents and Teachers with others lending time, money and effort for the cause of education in Texas. This commission continues to function, cooperating with the state department of education at all times.

Mrs. B. F. Langworthy, first vice-president of the National Congress of Parents and Teachers, addressed the general session of the National Education association convention held in Atlantic City, New Jersey. She presided at the Parent-Teacher section meeting and addressed it on safety. Mrs. Frederick M. Hosmer, second vice-president of the National Congress, in her address to this section meeting made this timely statement: "Parent - Teacher Association should study the state educational Receives for his School Tax" program, problems of school fi- Nance, Cody, superintendent of nance, and principles of taxation schools, Detroit, Michigan. Can Science Establish Kinship?

Can science reunite a brother and sister, each ignorant of his or her parents, unaware of the other's existence? That is the question that Mrs. Helen Hunter, above, of Wichita, Kas., is asking Police Chief J. A. Greening of Berkeley, Cal., long famous for his scientific police work. Mrs. Hunter, adopted from a Denver orphanage as an infant, believes she has found her brother. She met him at a dance in Wichita. Likewise an orphan, he shares the belief in their relationship. They have strikingly similar physical characteristics including texture of hair and skin and a "loose" right hip joint.

A TIP FOR HOT WEATHER by Timmins

Danger months for "B.O."

WHAT chances we're taking these hot, sticky days if we do nothing about "B.O." (body odor)! Any moment we may offend without realizing it. Why run this constant risk? KEEPING COOL ON WASHDAY —by C.A. Voight

"A little does a lot of work," says Mrs. Edna Montgomery of Huron, S. D.

"I've used Rinso for some time. I find it very good for washing and general cleaning. It loosens grease so easily and doesn't fade the clothes. A little Rinso does a lot of work. With one big box I washed:

5 doilies	6 table-cloths	7 house-dresses
2 bedspreads	31 towels	1 nightgowns
4 bureau scarfs	120 handkerchiefs	6 aprons
12 face cloths	19 children's suits	26 pairs socks
8 napkins	14 pairs children's stockings	18 pieces underwear
18 pillow cases	6 pieces children's underwear	6 nightclothes
7 sheets	3 children's nightclothes	23 shirts

"I had almost a half box left and I used that to wash my dishes 28 times, and the floors 4 times."

Cup for cup, Rinso gives twice as much suds as lightweight, puffed-up soaps—*even in hardest water.* Try it next washday for the whitest wash ever!

CADDIES STEAL SHOW AT SOUTH PLAINS GOLF TOURNEY HERE

SPYING ON SPORTS

BY COLLIER PARRIS

The Tech Matadors will blossom out in brand new uniforms next month to start a brand new football season. With an entirely new design, color combination and quality, the new gridiron regalia is nothing less than mildly sensational in appearance.

Beginning at the top and going down, the helmets are solid black, of a new design; the jersey is a scarlet and black affair, more scarlet than black, with a linen-knit combination. Wide black stripes cross the top of the shoulders and run down the outside of the sleeves. This is knit material. The body of the jersey is linen, brilliant scarlet. The double-T design on the front is black linen and the 8-inch number on the back is black.

Something new in pants will make their appearance on the Matadors this season. Bright scarlet, they are with a black tunnel for a black belt and a 2-inch black stripe down the outside of each leg. Diverging from the usual khaki cloth found in football pants, these are of knit material, the latest thing in pants. The sox are black and scarlet one-inch circular stripes.

A colorful uniform for a colorful team facing a colorful schedule under a colorful coach!

No hand-me-down stuff for the matadors either. The uniforms are tailor-made, measured to fit individual player and manufactured especially for the Matadors. Careful study has resulted in the finding that players play better when their clothes fit them.

A news release from Abilene causes a wave of pity to spread over the features of this otherwise nonchalant chronicler. Thirty men, the story says, will report to Coach Les "Fats" Cranfill for the first football practice on September 10 at Simmons university.

Faced by the loss of four valuable veterans and the prospect of little reserve strength, writes the Simmons correspondent, Coach Cranfill nevertheless entertains an optimistic outlook for the season. Fifteen letter men will answer the call. Practically all of them are juniors. The Cowboys will not boast a heavy team. Last year they averaged little more than a Class A high school team and this year they may be even lighter.

The correspondent must have been watching the Abilene High Eagles and the Greenville Lions last year instead of the Cowboys. They looked pretty beefy the Cowboys did last Thanksgiving morning and the correspondent must have weighed them after the game that da

The national tennis championship tournament is just around the corner. It is to be hoped that America's netters will conduct themselves in a manner more befitting the winning spirit of the U. S. than they did at the recent and lamented Davis Cup matches. In connection with the Davis Cup matches, which American players persist in losing from year to year in spite of apparent supremacy, a French sports scribe writes as follows:

For the past five years the Americans have accumulated errors in preparing their Davis Cup campaign. Several seasons ago, they left Hunter, the only man who could beat Boussus, on the sideline; the next year their team was trained to death by Kozeluh, the following summer Lott, their best player, was not used in the singles. They used their teams to Wimbledon without realizing that this tournament fatigues their champions, above all when the latter do not follow up with the necessary rest.

This department agrees with the writer of the above not because we believe that the fate of the nations hangs on the issue of the Davis Cup. But what is the sense of gathering a team, spending thousands of dollars and conducting the campaign in the clumsy, inefficient manner that it is conducted with the same mistakes from year to year?

It was noteworthy, as someone has pointed out that the Associated Press send one man to the Disarmament Conference at Geneva and two men to the Challenge Round at Roland Garros. Quite right, too. For the Disarmament Conference accomplished nothing, whereas the Davis Cup finals showed that French sporting intelligence, at least so far as tennis is concerned, is infinitely superior, both among combatants and non-combatants, to the American variety.

Philadelphia Buys Ft. Worth Hurler

PHILADELPHIA, Aug. 22 (AP)—Purchase of Pitcher Clarence Pickerel from the Fort Worth club of the Texas league for delivery next spring was announced last night by Gerald P. Nugent, business manager of the Philadelphia Nationals.

Pickerel is 21 and a right-hander and until injured recently he had won six of eleven starts.

Nugent said the Phillies gave the Fort Worth club the contracts of two players sent there earlier in the season and additional cash for the new pitcher.

DOHERTY WINS FIRST PLACE IN MATCH

EX-CADDY COPS TITLE WITH THREE OTHERS NEXT IN LINE

A quartet of caddies and ex-caddies stole the show at the second annual South Plains Invitation golf tournament yesterday and scattered birdies and eagles all over the 18-hole Meadowbrook layout to win the first four places in the championship flight.

Edgar Doherty, Lubbock High school athlete and former caddy at the Lubbock Country club, won the championship and the title vacated by Gibson Payne when he shot a neat 139—one under par—to nose out by three strokes a 16-year-old caddy at the Meadowbrook, Joe Bihl. Alfred Holton, 14year-old midget caddy at Meadowbrook and semi-finalist in the recent City Open, was fourth with 146, and J. K. Bradshaw, Lubbock Country club caddy and finalist in the City Open took third place with a 143, one stroke behind the runner up.

Play Together

The caddies played together. Doherty and Bihl qualified with a morning score of 71, one above the medalist score of 70 shot by Robert Bryant of Meadowbrook and Dr. Ray of Post. Bradshaw and Holton fired 72's to qualify. After the foursome had played six holes of the afternoon round, they had nine birdies and one eagle among them. Doherty came in with a sizzling 68, two under par. Bihl took another 71 and Bradshaw took a 71. Holton, the youngest of the group, found the 36-hole grind tough and fell to a 74 on the afternoon round.

Ninety players entered the field here yesterday, six short of the number last year when Payne shot six under par to win the championship.

Failure of some of the favorites to enter the tournament took away some possible color which the caddies strove to provide. Charles Qualls of Post, former West Texas champ and runner up last year, was not here. He did not return from a vacation in time to enter. Neither was John Edmisson, Lubbock Country club leader and City Open champion, in the lists yesterday. He had not returned from a vacation trip.

Bussey Wins Flight

Thirty-eight men fired qualifying scores within six strokes of each other for the first flight yesterday morning. N. C. Bussey of Meadowbrook won the flight championship with a 36-hole score of 152. Roy Cooper of Ralls and Lad Shropshire of Lubbock country club finished in a tie for second place with 154's. Bussey received a pair of expensive golf trousers, offered by Carter-Houston company, as first flight prize.

M. C. Cole of Meadowbrook and J. S. Bates of Slaton tied for second flight honors with scores of 169. Cole qualified with an 86 and fired an 83 in the afternoon. Bates shot an 87 to qualify and came home with an 82 in the afternoon. Grissom of Meadowbrook was second with 170. Cole and Bates are to play off the tie this week, the winner to receive a pair of golf trousers offered by Hemphill-Wells company.

John Bell Winner

Only thirteen played in the third flight, which was won by John Bell, another Lubbock High school player. Bell shot a 176 for the honors and the dozen golf balls offered by the Meadowbrook as prize. Garland of Slaton was second with 178.

Edgar Doherty, the new champion, was offered a year's membership to the Meadowbrook club as first prize.

Eighteen players shot under 79 yesterday morning to qualify for the championship flight.

SIX NATIONS TO SEEK NET TITLE

NEW YORK, Aug. 22 (AP)—Tennis stars of six nations will seek the national singles tennis crown, now held by Ellsworth Vines, at the West Side club Sept. 3 to 10 inclusive.

For France the burden will be carried by Henri Cochet and Marcel Bernard with the former seeking the title for the second time. He won last in 1928. The British threat will be furnished by H. W. Austin, Fred Perry, J. S. Oliff and F. R. Avory. Japan will be represented by T. Kuwabara and Jiro Satoh; Italy by Giorgio De Stefani, and Canada by Marcel Rainville and Gilbert Nunns, among others. Cochet, Austin, De Stefani and Kuwabara are the No. 1 ranking players of their countries.

Vines heads an American defense which includes Frank Shields, John Van Ryn, Wilmer Allison, George Lott, Cliff Sutter, Sidney Wood, Gregory Mangin, Berkeley Bell, Keith Gledhill, Davey Jones and Frankie Parker.

HELEN JACOBS WINS TITLE

"QUEEN HELEN, 2ND" DEFEATS CAROLYN BABCOCK IN FINAL

BY GAYLE TALBOT

FOREST HILLS, N. Y., Aug. 22 (AP)—Helen Jacobs, the comely Californian who has answered to "Queen Helen, 2nd" almost since she can remember, today occupied the women's tennis throne relinquished by Mrs. Helen Wills Moody.

With her long-time nemesis safely in Europe completing her art studies, Miss Jacobs finally crashed through to the title yesterday with a 6-2, 6-2 victory over little Carolyn Babcock of Los Angeles in the final of the national event.

Black haired Carolyn, who had proved a sensation by eliminating Mrs. L. A. Harper and Joan Ridler on successive days, collapsed almost completely in the final and offered the weakest kind of opposition.

By way of making her long awaited success complete, Miss Jacobs paired with Sarah Palfrey of Sharon, Mass., to win the doubles championship from Alice Marble of San Francisco and Mrs. Marjorie Morrill Painter of Dedham, Mass., 8-6, 6-1. Again it was Helen's flashing racket that made the victory possible.

Attendance at this year's land valuation short course at the University of Missouri set a new record.

EXPORTERS LOSE TWO TO FORT WORTH AS STEERS ANNEX

BY BILL PARKER
Associated Press Sports Writer

Fort Worth, for many years Dallas' arch enemy in annual Texas league pennant marathons, turned a powerful favor for the Steers yesterday. The Cats defeated Beaumont in a double header, 12 to 3 and 4 to 2, to knock the Exporters loose from the league pinnacle and allow Dallas to take a full game lead for the second half championship. Dallas made hay under Beaumont's cloud by trimming Galveston, 8 to 2.

The initial game was a set-up for Fort Worth. Dick Whitworth out-pitched Izzy Goldstein in the second game. It was Goldstein's first defeat since he joined Beaumont several weeks ago after spending the greater part of this season with Detroit.

Murray Wins 21st

George King Murray, ace right-hander, featured Dallas' victory by checking in with his twenty-first victory this season. Murray had his sharp breaking curve hugging the corners of the plate and, although he allowed nine hits, he was never in danger. Sam Langford iced the game for Dallas in the eighth inning when he hit a home run with the bases loaded.

It was Dallas' twenty-fourth victory in the last twenty-six home games.

Manager Hank Severeid gave a story-book ending to the Longview and Houston game. In the fifteenth inning the Longview manager cracked a home run with two on to give his club a 7 to 4 victory.

Medwick, Houston outfielder and the league's leading hitter, saved the game three times for his mates by remarkable running catches but he had no chance in the fifteenth when Severeid's mighty clout cleared the left field wall to break up a magnificent hurling duel between Wiltse of Longview and Heusser of Houston.

Tyler's wee small voice from the Texas league cellar was heard when the Sports defeated San Antonio in a doubleheader, 4 to 0 and 13 to 12.

Mrs. Hill Seeking Golf Crown Again

PEORIA, Ill., Aug. 22 (AP)—Mrs. Opal Hill of Kansas City started out after a second consecutive Women's Western Golf association championship today, leading the qualifying field away in company with Jane Weiller of Chicago on the Peoria Country club course.

Mrs. Hill yesterday sharpened up for the test by shooting an 83 over the par 79 course. Against the Kansas City star were arrayed more than 100 players, including Mary K. Browne of Cleveland, a tennis great of other days.

FERRELL WINS TWENTIETH VICTORY

CLEVELAND ACE SETS RECORD IN FIRST FOUR SEASONS

BY HERBERT W. BARKER
Associated Press Sports Writer

Wesley Cheek Ferrell, tall, husky North Carolinan, has chalked up his 20th victory of the season, the first pitcher in major league history to win 20 or more games in each of his first four full seasons in the big leagues.

The Cleveland right-hander won 21 games and lost 10 in his first full season with the Indians in 1929; won 25 and lost 13 in 1930 and 22 and 12 last year.

Allowed 1 Hits

His 20th triumph of 1932 was gained yesterday over the Washington Senators, 11-5, in a loosely-played game in which 15 passes were given. Ferrell went the route although he was walloped for 11 hits and gave six walks.

The New York Yankees stretched their American league lead to 10 1-2 games over the idle Philadelphia Athletics, by beating the St. Louis Browns 3-1. Each team made only three hits but the Yankees bunched all of theirs in the third inning for two runs.

Detroit and Boston split a double-bill. Bob Weiland gave the Tigers only four hits in the opener which the Red Sox won, 3-1. Vic Sorrell limited the Red Sox to seven blows in the second battle and won, 4-2.

Cubs Boost Lead

Chicago's Cubs strengthened their hold on the National league lead, beating the Phillies, 2-0 while their closest rivals, the Brooklyn Dodgers and Pittsburgh Pirates, both were beaten.

The Cubs had the benefit of four-hit pitching from the sensational rookie, Lon Warneke, who hung up his 18th victory of the season. A single by Warneke, doubles by Herman and Cuyler and a long fly by Jurges gave the Cubs both their runs in the fifth.

Three Dodger pitchers were pounded for 17 hits as the New York Giants whipped Max Carey's pennant hopefuls, 9-3. Eppa Jeptha Rixey, 41-year-old left-hander of the Cincinnati Reds, tamed the Pirates for the fourth time this season, scattering eight hits in a 2-0 victory.

The Boston Braves battled 14 innings to achieve a 7-5 verdict over the St. Louis Cardinals and then darkness halted the second game of a scheduled double-header with the score tied at 2-2 in the sixth. Dizzy Dean relieved Bill Hallahan in the ninth inning of the opener and struck out 10 men in six innings only to lose in the 14th on a walk to Maranville, a triple by Urbanski and a single by Jordan.

ALLISON-VAN RYN TEAM IS FAVORED

BROOKLINE, Mass., Aug. 22 (AP)—It was Johnny Van Ryn and Wilmer Allison against the field today as the top-notch tennis campaigners for four nations opened the cannonballing for the National Doubles championship at Longwood.

Allison and Van Ryn, who hold the national crown along with most all the brighter garlands of doubles competition, top the American seeded team and the foreign list is headed by Henri Cochet and Marcel Bernard.

Ellsworth Vines and Keith Gledhill, who two days ago took the measure of the 1931 champs in the Newport Casino doubles final, were back on the firing line along with Gregory Mangin and Berkeley Bell and the Frank Shields-George Lott combination.

Two Hundred Golfers Vie In Western Amateur Meet

BY PAUL MICKELSON

ROCKFORD, Ill., Aug. 22. (AP)—Young Don Moe of Portland, Oregon, felt the sword of Damocles dangling over his head today as a record crowd of 200 golfers opened assault on his prized Western Amateur crown over the Rockford Country club battleground.

It was by far the largest and probably the smartest western field in 32 years of play. Three former champions, two Walker Cup team members and a host of rising young stars from all sections of the nation were grouped in the championship field.

Sure Of Place

Moe was sure of only one thing—a place among the 32 qualifiers who will fight it out all week over the match play route. As champion, he automatically qualified. His rivals must play 36 holes, 18 today and as many tomorrow, to join him.

One could pick his most dangerous rivals almost at random from the bulging list of entries, but several stood out. Among them were Gus Moreland of Dallas, trans-Mississippi champ; Johnny Lehman of Chicago, 1930 western titleholder; Keefe Carter of Oklahoma City, 1925 champ, and 19-year-old Rodney Bliss of Omaha, who beat the better known Johnny Goodman for the Nebraska state amateur title last week by clipping six shots from par.

Seaver Is Threat

Charlie Seaver of Los Angeles yesterday equalled the competitive record for the course, shooting a 33-33—66. His putting was deadly and his long game indicated he will be one of Moe's toughest foemen.

Because of the large field, the starting time for the two 18-hole qualifying rounds was set at 7 a. m. After qualifying tests, the championship drive will proceed on the basis of the first two rounds at 18 holes each on Wednesday, followed by single rounds of 36 holes each on through the finals Saturday.

The championship course was considered comparatively easy, 6,219 yards long with par 36-35—71.

IDLENESS and pride tax with a heavier hand than kings and parliaments.—Franklin.

Strange Story

The truth is not only stranger than fiction, now and then; it is often a whole lot more interesting.

Novelists have written until their hands were cramped, trying to spin tales of eerie horror; but did they ever invent anything to beat that recent story from Natchez, Miss., about the filing of murder charges against Miss Octavia Dockrey, and Richard Dana?

Consider the elements in this story. First there were these two ancient estates, Glen Burne, home of Miss Jane Merrill, who was slain, and Glenwood, adjoining it, home of Dana.

Once these were fabulous southern plantations. Now they are dilapidated, unkept, weed-grown, their fine manor houses grown decrepit and gloomy, their imposing driveways bordered with rank grasses and undergrowth.

And the people themselves had trodden the same path. Forty years ago Miss Merrill, daughter of a former ambassador and one-time "belle of the south," had wealth, position and fame. So did Miss Dockrey, daughter of a Confederate general, and Dana, nephew of the famous New York editor.

Typical of the finest culture of the south were these people and their homes—a generation ago.

But something went wrong somewhere. Heaven only knows what it may have been; but it seems clear that these three people became three dour and suspicious recluses, eccentric, grim-lipped, mysterious. The gay old culture departed from their pillared mansions, and when the murder was being investigated neighbors told the officers that there had been enmity between Miss Merrill and Dana because of an argument over some goats and pigs which Dana owned!

And the picture of the murder as sketched by the sheriff, adds the final touch: two people entering a decaying mansion, one holding an oil lamp while the other levelled a gun to kill the aged woman who was once the belle of the south.

Could a novelist have invented a more fascinating, hair-raising tale of decay and morbid gloom than this one from real life?

"Fergusonism, Down to Date" in sixty-two chapters. Tells all about Jim Ferguson's political life, of every campaign since 1914, incidentally he's been a candidate of some sort in every race since that date. Gives interesting insights on "good will" editions of the Ferguson Forum, Jim's newspaper, published soon after "Ma" was elected the first time. Changing Styles

Democrats Are Elated And Republicans Are Annoyed As Governor Roosevelt Proves Himself As Master Showman

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, Aug. 22—Democratic politicians elatedly, and Republican politicians annoyedly are discovering that Governor Franklin D. Roosevelt is a real showman with an effective sense of the dramatic.

Dutcher

That sense of showmanship is an important factor in the gift of popular leadership. It is such an important asset that the Republicans are fortunate in being able to console themselves in the belief that this is a year in which a cool, stodgy, unemotional, untheatrical performance such as President Hoover produces is more effective than in any ordinary campaign.

There is a fundamentally conservative quality in the Hoover act which they feel will appeal to all those who figure that they have something to save rather than nothing to lose.

• • •

A Vigorous Offensive

If the Republicans could feel that way, the contest wouldn't be quite fair. Because Hoover as compared with Roosevelt has none of that dramatic instinct by virtue of which both Teddy Roosevelt and Woodrow Wilson were able to make themselves heroes with great gobs of people. Al Smith was good at it—but apparently not in technique as compared with the man who succeeded him as governor of New York and as Democratic candidate for the presidency.

There is none of the Big Bill Thompson "stuff" in Roosevelt. Thus far he has only exhibited a clean, vigorous, spectacular offensive which indicates that he is taking advantage of every possible opportunity for legitimate self-exploitation and advisable self-defense.

If he overdoes it he will prove himself a smart-aleck, but if he continues to play the game as scientifically as he has played it to date he will lose very few tricks. The governor's intent usually seems clear to all professional analysts of underlying motives and to some degree at least usually appears achieved.

• • •

His Real Masterpiece

His magnum opus at Albany which exhibited Mayor Jimmy Walker pitted against Prosecutor Sam Seabury with Roosevelt himself in the role of Jehovah) was a masterpiece of showmanship, but it was only the latest in a series of dramatic exhibitions which demonstrate just how good Frank is at that sort of thing. Heaven only knows what he may have up his sleeve when he really cuts loose and goes after Hoover.

Heaven also knows that he hadn't shown much of anything calculated to arouse a populace prior to his nomination at Chicago.

But right at that time he began. Out he came to Chicago in an airplane, professedly—although probably not—writing his acceptance speech en route. He rode through cheering crowds and delivered a warm, vigorous, progressive—apparently almost spontaneous but probably carefully prepared speech. That performance seemed designed to prove his real strength—strength political, mental and physical.

• • •

That Boat Trip

Later he went on a boat trip. He sailed the boat and cooked the meals himself. Then and afterward he posed for the cameras, sometimes as a swimmer smiling out from a wet mop of hair and sometimes just as a hale, hearty outdoor man with clothes on. Convincing evidence as he must have well known that he was not physically unfit for the presidency.

Dramatic also was his challenge to Hoover for a personal conference prior to negotiation of the St. Lawrence waterways treaty. It was an unheard of thing and Hoover, the conservative, promptly refused to participate—as gracefully and condescendingly as possible. But Roosevelt had grabbed the headlines just the same.

Meanwhile, the governor at Albany has been treating the country to a passing show of visiting industrialists, railroad executives, bankers, rich men and former eastern political foes—as if to show the voters how ridiculous it was for the Republicans to call him a radical.

• • •

A Blow at Hoover

And the Walker-Seabury show, staged on the day of Hoover's acceptance speech when it was bound to compete with if not to bury the president's first campaign blast insofar as publicity was concerned, is the master stroke to date. Roosevelt must have enjoyed that one—the bitter personal conflict between the wisecracking, slippery, dapper little New York mayor and the urbane, impeccable, relentless but politically ambitious prosecutor, both of whom were at Chicago doing what they could to keep Roosevelt from that Democratic nomination, now helping him take a sock at Hoover.

And at the same time Roosevelt, the master showman, was building himself up before the country for the big act in which he would take final action on the case of Jimmy Walker.

Piece Of Ark

LONDON—Carveth Wells, explorer, is back from a trip with pictures of a supposed piece of Noah's ark. He said he found it closely guarded in an ancient Armenian church on the border of Turkey and Armenia. He was told a legend that the tiny slab, now petrified, was deposited in the church by angels in the fourth century.

Sky Is The Limit

WINDSOR, Ont.—The sky is the limit of Mrs. Minnie Weir's property she told a magistrate in defending her daughter against an assault charge. The daughter accused a neighbor of broadcasting unkind remarks thru the air about Mrs. Weir's property. The Weirs objected to this use of "their air" and there was a scuffle. Despite Mrs. Weir's argument, her daughter was fined $10.

His Last Race

WASHINGTON COURTHOUSE, O.—"Uncle Stephen" Phillips, 90 years old and still a lad, capped his 75-year racing record by driving his trotter to victory but it probably will be his last race. "I'm pretty tuckered," he said, as he stretched out in an armchair given him by admirers.

Dubs Blame Cops

CHICAGO—Ten women golfers, saying they're dubs because policemen glare at them, have gone to court about it. They want to force Lincoln park officials to let them play on a course without heckling. "My clients," said their attorney, "get nervous when a policeman stands behind them and says they'll have to get off the course if they dig the turf."

Rule still Prevails

The field still is under military le although personnel of the Tex-national guard sent into the area d been gradually reduced until ly a few men now remain. The ilroad commission for several nths has been administering the nservation statutes in cooperation th the military.

The governor's motives in placing e field under the military had en challenged by some. It was al-ged he acted on behalf of major companies. In his campaign ich he prosecuted through the st Texas field last week he has nied that he befriended the big mpanies but asserted he acted to serve interests of the small inde-ndent operators.

He claimed that he had not been titioned by a single major oil op-ator in the field to shut it in ough his military powers. On the her hand he has told his audien-s that the independent operators titioned him solidly to resort to ringent measures to conserve the and protect their interests.

DAILY MARKETS

Cotton Market

NEW YORK REPORT

NEW YORK, Aug. 22 (AP)—Cotton futures opened steady, 2 to 6 points advance on higher Liverpool cables and reports of heavy rains along the Atlantic coast over Sunday. Oct. 7.60; Dec. 7.76; Jan. 7.93; March 7.98; May 8.08; July 8.18.

Otherwise there was little criticism of weather conditions, but offerings were light and the market showed increasing firmness after the opening. Reports that a firmer tone had developed after a somewhat irregular start in the stock market, probably encouraged buying and prices worked up to 7.81 for December and 8.02 for March, or about 10 to 11 points net higher.

Houses with Liverpool connections were buyers here after the call, while there was trade and commission house buying as well as covering and the market was within a point or two of the best at the end of the first half hour. Liverpool cables reported general buying and covering in that market on unfavorable weather reports but said that cloth buyers were cautious with a moderate business.

The buying continued later in the morning. No particularly large blocks seemed to be wanted, but there was a good many small orders, apparently, and prices worked gradually up to 7.85 for December and 8.05 for March, or about 13 to 14 points net higher and into new high ground for the movement. There was considerable realizing and some southern selling on the advance, but prices at midday were within a point or two of the best.

NEW ORLEANS REPORT

NEW ORLEANS, Aug. 22 (AP)—The cotton market experienced a firm opening today with fairly good business. Liverpool came in much better than due and first trades here showed gains of 6 points which was not in full response to the advance abroad. Soon after the opening, prices eased off 2 to 3 points on reports that the weather in the belt was more favorable but prices soon rallied again on a very firm opening of the stock market and October advanced to 7.62 and December to 7.80 or 11 to 12 points above Saturday's close. Near the end of the first hour the market was very steady and at the highs.

The market ruled very firm all morning with fairly active trading. Prices made new highs for the movement as well as for the season. October traded up to 7.70 and December to 7.87 or 19 points above Saturday's close. The October option was 257 points or $12.75 a bale above the low price reached on June 10 when October traded as low as 5.13. The advance was due partly to much higher Liverpool cables than expected and to activities and strength of stock. Near mid-session the market was steady though quieter and 2 points under the top.

MURDER WAVE

(Continued from Page One)

of th Pittsburgh man.

Another killing yesterday was that of William Maloney, owner of an alleged speakeasy in Union City, who was found shot near North Bergen. Police think he was taken for a ride because he failed to settle his beer bill.

John Szuchi 28, of Trenton, was shot in an alleged hi-jacking raid on a farm near Ringoes. Nicholas Molnar, farmer, was held on a charge of second degree murder when he told police he returned the fire of four men who entered his place, asked where his still was and demanded $500. Charles Frollano was shot in the lung during the battle.

An unidentified man, shot in the head, was found at Monmouth beach. Police believe he may have been slain at sea.

The Jersey City police were reluctant to comment on Miss Higgins' case. Accompanied by her sister, Mae, and her brother, William, she went riding Saturday night. Early yesterday the car, driven by Vincent Brady of New Brunswick stopped at a vacant lot. Mae Higgins felt ill and wanted to get out. She walked into the lot. Then she called her sister. Evelyn went to her, followed by her brother, and Frank Hanlon, 28, of Passaic. The two men assisted Mae back to the car, the police said.

Then the brother heard a sharp report "like a shot," and presently Evelyn walked to the car and got in. They had moved ahead only a few feet when she asked to be taken to a doctor. Her condition is serious.

Stock Market

WALL STREET REPORT

NEW YORK, Aug. 22 (AP)—The stock market resumed its advance, under leadership of the rails, today.

Traders were encouraged by the drying up of selling late last week and the cheerful tenor of week-end trade surveys. Bull forces succeeded in getting the list back to within striking distance of the peak levels of the recovery, touched nearly a fortnight ago. Advances of 1 to 4 points appeared throughout the list in moderately active trading.

Issues up 2 to 4 points included Union Pacific, Santa Fe, Norfolk and Western, New Haven, Atlantic Coast line, Chicago and Northwestern, U. S. Steel, Youngstown Sheet and Tube, Allied Chemical, Du Pont, American Can, American Telephone, American Tobacco "B", United Fruit, Liggett and Myers "B", Eastman, Johns Manville, and others. General Electric, General Foods, Bethlehem, National Biscuit and a wide assortment of rails, utilities, foods, merchandising issues and specialties gained a point or more.

Grain Market

CHICAGO REPORT

CHICAGO, Aug. 22 (AP)—Grain prices here showed a little strength at the start today. Signing of the imperial conference report at Ottawa Saturday, which will impose a 6 cent duty on all wheat shipped into Great Britain with empire wheat exempted, had practically no effect on early trading. Wheat started steady to 1-4 cent higher and held fractionally above Saturday's finish. Corn was 1-4 cent lower to 1-4 higher, but later firmed a little.

Over Two Thousand At Sunday Schools

Sunday school attendance at Lubbock churches totaled 2,784 yesterday morning.

Individual reports were as follows:

First Methodist, 729; Broadway Church of Christ, 568; First Christian, 274; First Presbyterian, 248; Sanders Union, 230; Asbury Methodist, 190; Calvary Baptist, 178; Church of the Nazarene, 124; Cumberland Presbyterian, 109; West End Baptist, 97; Salvation Army, 37.

fourth day after quitting Marblehead and we had to heave to and drop the sea anchor for 18 hours. Two days later we encountered a storm which carried away five sails and held us up five days.

"In all that blow, our 21-ton craft was never in danger of sinking.

"We met plenty of headwinds but the so-called 'prevailing southwest winds' were conspicuously sent. We also encountered many calms, totaling 14 days. These we spent swimming, reading, playing cards and listening to radio concerts.

"After leaving the Azores, we hailed the British steamer Pacific President and went alongside to check our navigation position."

The vessel sailed yesterday for Malaga, Spain. It will follow the coast to Marseilles, where the craft will either be sold or stored until next summer for the return journey.

Drewrey remained here to catch a liner for Marseilles, where he will rejoin his companions.

AIR DERBY

(Continued from Page One)

San Antonio has informed the chamber of commerce he contemplates sending four officers and two enlisted men in three army ships here with cameras to take pictures of the air races and views of the city.

Windshield-stickers costing 50 cents each will admit automobiles and all occupants to the airport. The roadway immediately west of the airport proper, running back of the hangar and just west of a fence, will be reserved for pedestrian spectators. Automobiles may be parked west of that roadway. The bleachers will be reserved. No one except officials will be permitted on the flying field proper.

Occupants of the bleachers will be safe, as ships will not be allowed to take off or land from over the hangar. The lane for pedestrians and the adjoining area for parking automobiles will permit of seeing virtually all of the show, officials said.

DINNER PROGRAM OUTLINED HERE

A tentative program was outlined this morning for a dinner at which competing fliers and officials of the western wing of the Cord cup race will be guests at 7 o'clock Tuesday night in the Lubbock hotel. Adjournment will be by 9 o'clock so the flight entrants can retire early, the committee said.

Neil H. Wright will be toastmaster. Invocation will be by Rev. J. D. Welch, pastor of South Side Baptist church. Dr. F. B. Malone will make an address of welcome. A race official or competitor will reply. Dr. Sam Dunn will speak on local aviation interest. Several of the fliers will speak briefly, and the other men and women competing will be introduced.

Lap prizes will be awarded at the dinner. Musical selection tentatively scheduled are a nasal solo, numbers by a mixed quartet, and whistling.

Seventy-five or 100 places for Lubbock citizens will be available at the dinner. Tickets may be obtained from members of the committee of which M. B. Hilburn is chairman or at the chamber of commerce.

Committeemen at this morning's meeting were Mr. Hilburn, J. D. Carroll, Doctor Dunn, Mr. Wright, J. A. Raley, jr., Charles Whitacre, Lewis H. Price, W. G. Alderson, H. A. Davidson, Riley F. Hule, L. E. Grimes, Dwight Hale, Ira S. Doak, D. A. Davis, E. L. Robertson, and Ben Branson.

The program committee is Mr. Whitacre, Mr. Carroll, and Mr. Raley.

DESERT HEAT IS RACE OBSTACLE

YUMA, Ariz., Aug. 22 (AP)—Desert heat was the obstacle faced today by 56 speed pilots participating in the annual trans-continental sweepstakes handicap air derby from Los Angles to Cleveland. The pilots yesterday negotiated safely the hop here from Los Angeles through dangerous San Gorgonio pass and today were to fly via Tucson, to El Paso, Texas, for a night stop.

Fletcher Scores Address Of Mills

WASHINGTON, Aug. 22 (AP)—Criticizing the campaign address of Secretary Mills in Providence, R. I., Senator Fletcher (D., Fla.), inquired whether the positions of President Hoover and Vice President Curtis on prohibition represented the Republican "unity and consistency" of which Mills spoke.

Mills, Fletcher said, "apparently was hard put to say anything in defense of the Hoover administration" and "ignores the record of his party."

"He cannot defend it," added Fletcher. "The country, however, knows it."

Lubbock Negro Is Hurt In Accident

When his brother-in-law, Richard Knox, cranked a rebuilt model T Ford in which he was seated last night in a new addition to The Flats, negro section, Plumer Sparks, 32-year-old negro rode the machine until it struck a light post. Sparks suffered shock, loss of a tooth, and other minor injuries.

Milton Blanford, negro policeman, who reported the accident, said Sparks did not know how to stop the automobile. It evidently was in gear or he accidentally put it in gear.

The post was knocked down and the transformer torn loose, police reported.

WESTER WARNING

(Continued from Page One)

day provided the judges are as economical as possible," Mr. Wester said. "Please do that as you know money is very difficult to get at this time," he wrote judges.

"The Democratic executive committee of Lubbock county is hereby called to meet at the courthouse in Lubbock, Saturday, September 3 at 10 a. m. for the purpose of canvassing the vote cast in the August 27 run-off, declaring the result of the same and to transact any other business which may properly come before it," Mr. Wester's call to the committee read.

"The ballot boxes containing the supplies for the run-off primary will be ready for delivery Tuesday, August 23, and will be at the county clerk's office. Judges will please come and get them before the 27th," Mr. Wester said.

"Judges will please return poll tax receipts and exemption certificates used in absentee voting to the county clerk," he added.

Mr. Wester's call to the judges and executive committee was issued today.

Russian Woman Is Sentenced To Die

SAMARA, U. S. S. R., Aug. 22 (AP)—A kulak (well-to-do peasant) woman named Gribanova today became the first of her sex to receive the death penalty under a new decree classifying as capital offenses thefts from collective farms.

The woman was sentenced to be shot after she had been convicted of stealing grain near the village of Osinovka.

WACO STORE HEAD KIDNAPED, ROBBED

WACO, Aug. 22 (AP) — S. F. Moore, manager of the eight Piggly Wiggly stores in Waco, was kidnaped from in front of one of the stores today by a man who robbed him of several thousand dollars.

Moore was taken prisoner while collecting Saturday's receipts. The robber climbed in Moore's car and, sticking a pistol against his side, ordered him to drive to a point near Lake Waco.

There the robber made him walk down a ravine and, after ordering him to stay there 20 minutes, tossed the keys to Moore's car into the brush.

Europe Swelters In Severe Heat Wave

LONDON, Aug. 22. (AP) — The heat wave that swept the British Isles last week moved on to continental Europe during the week-end, sending the mercury to over 100 degrees fahrenheit in many parts of France and Italy.

Berlin dispatches said Sunday, with 98 degrees, was the hottest day in Berlin in 67 years. Twelve persons were drowned there and five in Munich seeking relief from the heat.

Home Loan Bank To Select Districts

WASHINGTON, Aug. 22 (AP)—Directors of the federal home loan bank board, reassembled after individual investigations, hoped today the eight to twelve districts for the new system's banking institutions would be chosen before the week was out. The board plans to settle the location question largely on the amount of capital stock subscribed in the different areas.

Lubbock People At Roberts' Services

Several Lubbock people went to Clovis, N. M., Sunday to attend funeral services for C. W. Roberts, 40 of Artesia, N. M., who died in Abilene last Thursday, after an illness of about a year. These included Mrs. S. C. Spikes, Mr. and Mrs. W. J. Spikes, Mr. and Mrs. John Spikes, H. H. Marshall and his son.

Mrs. Roberts, the former Miss Mattie Spikes of Lubbock, is returning here today with her three children. Mr. Roberts had one sister living in Lubbock, Mrs. H. H. Marshall. Other relatives from over this section attended the funeral.

Two Deaths Caused By Tropical Storm

NOGALES, Sonora, Mex., Aug. 22 (AP)—Two unidentified persons were killed in a tropical storm which struck Navojoa, Sonora, recently delayed dispatches received here said.

Real and personal damages was estimated at 500,000 pesos, with the railroad station and warehouse seriously damaged by the torrential rains and lightning.

Highways are impassable because of boulders brought down from the hills and arroyos by the wild running streams. The valley of Rio Mayo was temporarily flooded by the downpour, reports said. The deats were the result of lightning.

Al Smith Campaign Is Being Conducted

NEW YORK, Aug. 22 (AP)—The Times said today that cards urging voters to write in the name of Alfred E. Smith on the presidential ballot in November have been circulated in three or four middle-western states.

Cards received here, the paper said were traced to the Smith club of Nebraska, an organization formed before the Democratic national convention.

Reports from Nebraska said that no Smith club had been active recently, though before the convention there was a "Smith or Hoover club," the members of which pledged themselves to vote for Hoover in the event that Smith was not nominated by the Democrats.

A beetle is said to be able to do without food for three years.

JOE WALCOTT IS ILL IN HOSPITAL

NEW YORK, Aug. 22. (AP)—A heart condition has sent 60-year-old Joe Walcott, former world's welterweight champion, to Bellevue hospital.

The "Barbados Demon" of 30 years ago collapsed on the street yesterday and was taken to the hospital where the diagnosis was "arteio sclerosis and senile psychosis."

But the aged negro, called by many experts the greatest fighter of his weight in boxing history is not worrying overmuch.

"I've had these attacks before," he said. "Maybe I'll be all right in a couple of days."

Walcott has been living for some time in the unlighted basement of a building on west 57th street, maintaining himself on the small sums he could pick up as a referee or an instructor to Harlem's ring aspirants.

At the peak of his form Joe took on lightweights to heavyweights indiscriminately although he tipped the beam at no more than 137 pounds.

SIMONS WINS NET TITLE IN TOURNEY

LOUISVILLE, Ky., Aug. 22. (AP)—On the youthful brow of Arnold Simons of Louisville the National Public Parks tennis crown rested today.

The 23-year-old Kentuckian, playing his third year in the tournament, gave 34-year-old Ted Drewes of St. Louis, four-time champion, a lesson in tennis yesterday in the finals of the men's singles at Shawnee park here. The score was 2-6, 6-4, 6-3, 6-2.

Other winners in the tenth annual tournament were: Men's doubles, Gordon Braudt and Carl Ireneus of Chicago; women's singles, Helen Germaine of New York; women's doubles, Mrs. Virginia Dueker and Mrs. Ann Lindemann of St. Louis.

ADOLF HITLER CONFIDENT THAT HE WILL WIN IN LONG RUN

FASCIST CHIEF SURE HE DID RIGHT IN REFUSING POST

BY LOUIS P. LOCHNER

BERECHTESGADEN, Bavaria, Aug. 22. (AP)—Adolf Hitler, Germany's fascist leader, said he had received so many messages from his followers during the last few days expressing delight that he made no compromise with the government that he was more certain than ever he did the right thing in refusing a place in the cabinet under the terms offered.

He still is confident he will win in the long run, he said, although he has no intention of leading a march on Berlin. He even took occasion to condemn dictatorships set up on bayonets.

Lives In Cottage

Far up in the Bavarian mountains in a little cottage, with his sister as housekeeper and only three Nazi storm trooper guards, his adjutant, his secretary and several huge shepherd dogs for company, I visited him.

The cottage, over which his Swastika emblem flies, is six miles from Berechtesgaden, perched above a lonely road, only a few miles from Austria, the land of his birth. It is cool there, and he retires to it whenever important decision must be made.

"The incorrect version of what took place during my interviews with Chancellor Von Papen and President Von Hindenburg leaves me cold," he said.

He said he preferred to discuss the role of leader in relation to his idea of government.

"Fascism and Mussolini cannot be separated," he declared. "Fundamentally, you can't separate the leader from the idea. Only after a movement has well passed the organization state and the idea has been translated into action and tested by experience is it safe to dispense with the leader.

"Had Bismarck died in 1869 there would have been no German empire. Had Frederick the Great been killed or died before the third Silesian war there would have been no Prussia such as we know it.

"Only after a movement has developed, say over 70 or 80 years, can it be said to have acquired a historic background and the tradition needed for carrying on without a strong leader."

Says Democracy Fails

Democracy, he said, has not worked in Germany.

"Parliamentary democracy," he declared, "is a system foreign to us Germans. It doesn't belong to our tradition. We need authoritative government, uninfluenced by the fluctuations of parliamentary whims and change. Formerly, the monarchs represented the idea of authoritarianism.

"At one time the Catholic church represented it. In our time it will probably take different forms. It may assume the form of a dictatorship but only if it is rooted in the will of the people, in other words, if the people themselves demand that one man whom they trust should govern them. A dictatorship resting on bayonets cannot last.

Relations with a country resting on communism as the form of the state can be satisfactory, he said, only if the communists in the country attempting these relations are stamped out.

"We can have good relations with Soviet Russia," he said, "the moment there isn't a single communist left in Germany."

Regarding reports he would march on Berlin with his storm troopers and overthrow the government, he said:

"Why should I, when I am there already? The question is not whether I shall march on Berlin but who will have to march out of Berlin."

'Oldest Mother'

Adjudged the oldest mother in the United States by the National Ferration of Women's Clubs, Nah-thletle, above, 109-year-old Apache Indian of Apache, Okla., has been awarded a gold medal and a certificate of honor. The aged woman, who frowns on card playing and dancing, gets pleasure from singing old Apache songs she learned as a girl. She has a son living near Apache. She is a cousin of Geronimo, famed Apache chief.

SEED NOT TO BE APPLIED ON LOAN

Farmers who borrowed money from the federal government on their 1932 cotton crops will not be required to apply the seed on the loan but will be given the seed to apply on ginning costs.

Owen W. Sherrill, regional director of the crop production loan, in a letter to P. F. Murray, field inspector here, outlines the plan he has given to ginners of the state.

"You will be interested in knowing that this office will not require farmers who were granted crop production loans this year to pay the proceeds from the sale of their cottonseed on their loans," Mr. Sherrill wrote. "This is due to the desire to enable the farmers to use their seed monies toward ginning expenses.

"A great many ginners are also cotton buyers, therefore we will send them a list of all borrowers in the county, the name of each number and amount of the loan. Payment on these loans should be made to the secretary of agriculture by bank check, draft or money order, giving the note and loan number.

Ginners are asked to cooperate with the field inspectors in the handling of the crop loans.

WILTON LACKAYE, POWERFUL FIGURE ON AMERICAN STAGE, TAKEN BY DEATH

NEW YORK, Aug. 22 (AP)—Wilton Lackaye, a towering personality who for nearly 40 years made his force felt on and off the American stage, succumbed to a heart ailment early today after illness had kept him in "involuntary retirement" for most of five years. He was in his seventieth year.

The list of his roles occupies several columns in "Who's Who in the Theatre" but it was his Svengali role in Trilby, from Du Maurier's famous novel of the Paris studios, that was the cornerstone of his national distinction. He was a romantic actor and he survived as a link between what old-timers call the "palmy days" and the present.

Turned To Stage

Born in Loudon county, Virginia, he studied for the priesthood and then for the law before turning to the stage. His first wife, the former Alice Evans, died in 1919 and, in 1928, when he was 65, he secetly married Miss Kathryn Alberta Riley, who had nursed him through an illness. She survives, with his son, Wilton Lackaye, jr., also an actor.

Lackaye was famous for occasional truculence. Broadway still talks about a difference of opinion between Jim and John J. McGraw, former leader of the New York Giants, during which Lackaye was thrown downstairs and suffered a fracture of the ankle. McGraw, denying that he did the throwing, was suspended from the Lambs club for a while.

Lackaye was a founder of the Catholic Actors guild and was instrumental in organizing the Actors Equity association, afterward conducting a famous losing battle with John Emmerson for leadership in that society. Of late years he threw himself into a movement to cleanse the stage.

Favored Clean Shows

"Salacious plays," he would say, "are produced because there is a salacious public."

From the moment Lackaye brought his grace, his tall, handsome figure and his natural ability to the stage, his success was assured. Two seasons ago he made his last appearance here in "The Monkey Talks."

His Virginian birth was one of his greatest prides. Once in Norfolk an interviewer asked him why he didn't tell the audience in his curtain speech that he was a Virginia boy.

"Well," said Lackaye, "everybody north knows it but I never say anything down here about it. Pride of birth in Virginia is too sacred a thing to be used for advertising purposes."

SET OPENING DATE

BROWNFIELD, (Special)—The Brownfield schools will open Thursday, September 8, the board of trustees announced. Teachers will attend the South Plains Teachers institute at Lubbock the three days before. A. B. Sanders, superintendent, stated. There will be three less teachers in the high school and some changes in courses offered.

Angelo Rossi, San Francisco mayor, has been advised that King Emanuel has bestowed upon him the cross of commandatore of the Crown of Italy. He is the fourth San Franciscan to receive the honor.

Experiments To Be Conducted At Spur

SPUR, Aug. 20. (Special)—Five West Texas counties will have delegations at the state experiment station here beginning today to inspect operation of the station here and its experiments, R. E. Dickson superintendent, announced.

Schedule is as follows: Monday, King county; Tuesday, Hale county; Wednesday, Eastland county; Thursday, Knox county; Friday, Mitchell county.

The county agent in each county is expected to bring a group of interested farmers with him. Experiments to be inspected include: cotton, grain sorghum, terracing, feeding, and water and soil conservation.

CAR STOLEN

Bill Arthur of Spur informed Lubbock police Saturday night that a 1927 Chevorlet coupe had been stolen there.

Record Is Claimed For Office Holder

VERNON, Aug. 22. (AP)—E. L. McHugh, 63, Wilbarger county auditor who died here recently, probably held more county offices during his almost 45 years of service than any other citizen. He resided in Vernon 50 years, coming here from Montague county where he was born.

His service included: Deputy county clerk, 1888-90; Deputy sheriff and tax collector, 1892-94; county and district clerk, 1894-96; county treasurer, 1904-06; county clerk, 1909-12; deupty tax collector, 1913-14; county judge, 1916-23; county auditor, 1923 until the time of his death. Mr. McHugh was appointed auditor by District Judge James V. Leak, and was reapppointed each two years thereafter by succeeding District Judges Robert Cole and W. N. Stokes.

SUPER-HARD STEEL

An extremely hard surface can be placed on steel tools by a process of rapid chromium plating reported to the Electrochemical Society by Lieut. A. Willink, of Frankford Arsenal, Philadelphia.
