ROOM FOR ONE MORE? — A horde of Tokyo commuters surround a lone street car in front of Tokyo's Ikebukuro Station, a terminal station, as national railway and private railway workers went on strike demanding higher wages. Metropolitan-operated street cars and buses did not join the strike. (AP Wirephoto by radio from Tokyo)

Texas Downpours Bring New Death, Destruction

By GARY GARRISON

DALLAS (AP)—Five persons drowned today when tremendous rains flooded hundreds of persons from their homes in Dallas and a northern suburb, Garland.

One of the victims, drowned in his Cadillac was W. L. Perryman, president of General American Oil Co., an independent oil firm operating in six states and Canada.

Firemen axed through the car's back window to free a woman from the automobile which had been swept into a swollen creek, but Perryman was drowned.

The body of Dr. Alfred W. Harris, 50, was found during the morning.

Also discovered was the body of Judy Ritchie, 22, an employe of a bank.

One body still was unidentified.

Robert Buck and his wife, Adrienne, of San Antonio, who moved to Texas recently from East Point, Ga., both drowned when their car was swept from a road into a creek.

A policeman was hospitalized with a leg injury suffered in a rescue attempt.

At dawn, the downpour which had been falling at about an inch an hour had subsided, and Mayor Eric Jonsson said "We think three are going to be all the loss of life, but if there's more rain we'll have more trouble."

The new round of turbulence came as rivers and lesser streams in the eastern half of Texas poured flood waters toward the sea from earlier rains that had added up to 21 inches.

Fire department boats, towed by station wagons to scenes of local flooding, plucked people from trees, rooftops, and the roofs of cars in flooded expressway underpasses.

"We had 15 people rescued by fire department boat in the White Rock section in northeast Dallas," a police spokesman said. He said people in the Bachman Lake area north of Love Field left their houses and climbed trees to await rescue.

Water got into the Ford Motor assembly plant in northeast Dallas, damaging electrical motors and forcing the plant to close until Friday. About 1,500 workers stayed home.

Dallas schools remained open.

The Dallas man drowned in his late-model Cadillac was W. L. Perryman, in his mid-fifties.

Perryman, 43, was head of General American Oil, an independent company which operates in Canada, Louisiana, New Mexico, Texas, Oklahoma, California and Illinois.

Tommy Hamiter, 34, acting captain of the Fire Department unit which rescued his companion, said his crew was trying to find a route around a washed-out bridge when it saw the car plunge into the rushing waters.

He said he and firemen G. L. Galloway and B. W. Adams took an ax and rope and chased the car down the stream. Hamiter held the rope after it was attached to the car.

"Adams got washed down past the car, but got back and managed to break the back glass out. The girl came out and the two of them grabbed her to keep her from going downstream," Hamiter said.

All residents of the Underwood Trailer Court on Harry Hines Blvd. were evacuated by police waist deep as water knocked two dozen trailers off their supports and tumbled them about. The lot, situated on a creek, has 60 mobile homes on it.

Nearby several cars were abandoned with water up to their roofs.

Patrolman J. S. Dabenport suffered a painful knee injury when water pressure slammed the door of his patrol car on his leg during a rescue operation and was in good condition.

Authorities knew of no central refuge for evacuees. "Mostly, they went to the homes of friends and neighbors," a police spokesman said.

About 40 police officers were on overtime at the peak of flooding.

AIR TRESTLE — Lake Devernia along Highway 80 west of Longview, Texas broke over the restraining walls and tore out the support for the Texas and Pacific railroad track. An oil well was smashed as the flood waters broke loose. Workmen are trying to cap the well which is pouring out 100 barrels of crude oil per day. (AP Wirephoto)

South Viets Increase Ground, Air Attack

By PETER ARNETT

SAIGON, South Viet Nam (AP) — U.S. military spokesmen reported today that the Vietnamese army and air force are hitting the Communists with renewed vigor after weeks of lessened activity during the political crisis.

Government forces waged 77 battalion-sized operations against the Viet Cong in the past week, an increase of 10 per cent, and the air force stepped up its sorties against the enemy by 30 per cent.

The Viet Cong mostly continued to avoid contact with American forces, and U.S. casualties dropped sharply last week. Government losses also were down, but Viet Cong casualties increased somewhat, reflecting the larger part being played again by the South Vietnamese.

The U.S. command said 35 Americans were killed, 57 wounded and eight missing or captured last week, compared with 89 killed, 635 wounded and five missing the week before. The number killed was the lowest since the week ending Jan. 22, when 21 Americans died in action.

Viet Cong losses for the week were put at 694 killed and 69 captured, compared with 531 killed and 135 captured April 10-16. The government reported 93 killed and 33 missing, a decline from 141 killed and 52 missing the week before. Vietnamese wounded are not announced.

Other allied casualties rose to 32-killed and 19 wounded, compared with three dead and 19 wounded the previous week.

The Viet Cong took a major share of their casualties when they were hit by U.S. Marines and Vietnamese troops in coastal Quang Ngai Province last week. It was the first big Vietnamese operation since the start of the political turmoil in mid-March. At least 252 Reds were reported killed in the joint campaign.

Most of the Vietnamese casualties came in daily Viet Cong attacks on small outposts and hamlets, hinting at a decision by the Communist command to revert to hit-and-run warfare. The Communists also have stepped up terrorism in Saigon and its vicinity.

Although the Communists still were ducking the Americans, the U.S. 1st Infantry Division reported finding hundreds of tons of abandoned Viet Cong supplies at a huge storage center near the Cambodian frontier 70 miles northwest of Saigon. It was one of the biggest hauls of the war.

Panel Asks Hike In Health Funds

By WILLIAM F. ARBOGAST

WASHINGTON (AP) — The House Appropriations Committee blasted a big hole in President Johnson's 1967 budget plans today by recommending huge increases in financing of health and education programs.

It added an unrequested $489,213,000 to the $10,066,129,500 sought by the President in new funds for the Labor Department and the Department of Health, Education and Welfare for the fiscal year starting July 1.

In a former report accompanying the money bill, which the House will consider next week, the committee criticized the administration for failing "to make proper allowance for the needs of" existing health program. The House is expected to go along, as usual, with the committee's recommendations.

It is the second time in a week that the powerful committee refused to follow the President's fiscal leadership. Last week it added $28 million in unsought money to the annual Agriculture Department bill that the House approved unchanged Tuesday.

The four Republican members of a subcommittee that drafted the bill filed a minority report urging that it be delayed until the administration gives Congress "a realistic assessment" of how much more money will be needed for defense.

The four are Reps. Frank T. Bow of Ohio, Melvin R. Laird of Wisconsin, Robert H. Michel of Illinois and Garner E. Shriver of Kansas.

Asks Federal Funds For Safety Car

By CARL P. LEUBSDORF

WASHINGTON (AP)—A New York legislator who had been in the forefront of auto safety efforts called today for federal support to help develop a prototype safety car "outside the influence of the automobile manufacturers."

State Sen. Edward J. Speno, a Long Island Republican, said that unless federal officials can use such a car for independent research and testing they will be "in thrall to Detroit, subject to the monopoly Detroit now holds over technical information.

"We all need other sources of information and other proof of performance," Speno told the House Interstate and Foreign Commerce Committee which is conducting hearings on various safety bills.

Dallas To Help Build Big Jets

DALLAS (AP) — LTV Aerospace Corp. of Dallas will be one of six contractors for the Boeing 490-passenger 747 jet airliner.

President Paul Thayer said Wednesday LTV will be responsible for building tail sections.

Boeing is planning to develop a capacity for producing up to 200 of the 747s by December 1972 and 400 by December 1975.

Ikard Urges United Front By Oilmen

DENVER (AP) — The president of the American Petroleum Institute, Frank Ikard, said today that America's oil and gas industry would have many serious problems to solve in the next few years, especially in its relationship with government.

Ikard said the industry would have to form a united front able to take determined action on issues such as taxation, air and water pollution, and regulation of natural gas prices.

Ikard spoke to the Natural Gas Processors Association here. He said a unified front was especially necessary now because federal - state and government - industry relationships were in a state of flux, with both sides groping toward new positions.

Ikard said regulation of natural gas well-head prices by the Federal Power Commission was undermining producers' incentives to explore for new reserves.

"The commission's Permian Basin decision sets up an artificial and arbitrary dual price system that can upset the economics of gas processing," he said.

The FPC Permian Basin decision came under attack from D. L. Knapp of the Mobil Oil Co., who predicted the controls would cut so deeply into profits that exploration for new supplies would suffer.

Knapp charged the FPC had made no real attempt to find out what effect its decision would have on future demand and supply.

Water District Moves To Expedite Robert Lee Lake

While Midland voters cast ballots today in a referendum on a contract to buy water from the Colorado River Municipal Water District, the district moved ahead to expedite the creation of a new lake and pipelines to distribute its waters.

Meeting in Big Spring Wednesday, CRMWD directors put their formal and final stamp on the proposed water contract with Midland, then heard reports on progress toward selling $30,000,000 in 30-year revenue bonds to finance the work.

Within a month the district should be able to fix a date for selling the issue, O. H. Ivie, general manager, estimated. A considerable array of data has been turned over to Eastman, Dillon and Union Securities Company of New York, the district's fiscal agent, for final work on the sales proposal and bond prospectus. Ivie anticipated a June sale date.

Based on this, the district's engineers, Freese, Nichols and Endress of Fort Worth, are pressing to have plans ready to distribute to bidders possibly late in June. This would mean a bid opening within the first half of July.

Plans now point toward a 45-in. pipeline from the lake on the Colorado River near Robert Lee to Powell Creek Lake southeast of Big Spring. From that point, the line would be reduced to 39-in. diameter for the leg to the Martin County pump station. Water from the new lake and Lake J. B. Thomas would be mixed either in Powell Lake or at the Martin County station.

The bond issue will contain funds for channel dams to trap saline water on the Colorado River, if necessary. Since oilfield salt water pits were banned along the river, there has been a 20 per cent decline in salinity of the normal flow of the river. If there is an accelerated decline in chlorides, the interceptor dams might become unnecessary, in which event funds could be applied to bridging the gap from Powell Lake to the pipeline which connects Lake Thomas with the Sun Oil waterflood project in northern Coke County. This would provide an alternate route for water from Lake Thomas to Powell Lake.

The district now has acquired 3,603 acres of land in the new damsite area, said Ivie. Within two weeks, negotiations are due to get underway on another sizeable tract. The district also has been negotiating with oil companies regarding steps to put producing oil wells in the dry. A hearing may be held later on rerouting of State Highway 158 near Robert Lee. Several miles of this road will be inundated by the new lake.

In other matters before the board, an application for hydroponic garden at Lake Thomas was referred to the recreation committee for a policy recommendation; the installation of cathodic protection for 2.3 miles of pipeline west of Big Spring was set up for bids; and the increase of Lake Thomas from recent rains was pegged at 6,000 acre feet, nearly two month's supply. The lake now contains 93,000 acre feet, little less than half of capacity.

Wallace On Bank Board

Bilby Wallace of Clairemont has been named to the board of directors of the West Texas State Bank.

Wallace, a well-known rancher, businessman and civic leader, is vice president and general manager of the Wallace Ranch, Inc., of Kent County.

He also has served on the Jayton School Board for several years, is a director of the National Finance Corp., a director of the Texas Livestock Marketing Association and a director of the Miley Trailer Co.

42 Absentee Votes Cast For Primary

Only 42 absentee votes have been cast in the May 7th primary with only three days remaining in which to cast absentee ballots.

Dan Cotton, county clerk, said qualified voters who will be out of town on the day of the election may vote absentee in an office on the third floor of the Scurry County Courthouse. The office will be open Friday, Monday and Tuesday, but the law requires absentee balloting to be ended three days prior to the election.

College Situation Discussed Here

Possible steps to put Scurry County in a junior college district were discussed at an informal meeting here Wednesday afternoon.

A delegation from Nolan County came here to talk with several members of the local junior college survey committee. Nolan and Scurry Counties have been put on notice that they must align themselves in multi-county districts if they hope to get into junior college districts.

Representatives from both counties expressed interest in doing some survey work to provide figures which might project a fair appraisal of a potential Scurry-Nolan district.

Scurry County committeemen indicated that every possibility would be studied before any decision is reached on a future junior college proposal here.

Buford Browning, county school superintendent and co-chairman of the local junior college survey committee, said there had been numerous expressions concerning a possible annexation to the Howard County Junior College District. Although the group here is interested in studying any proposal, Browning said he believed that the Howard County possibility must be given a close look. He said many people had stopped by his office at the courthouse and that virtually all had expressed interest in annexation to Howard County.

Both groups vowed that each county must study all possibilities before advancing any definite proposal.

Members of the Scuury County committee indicated that they planned to have a general meeting within the next few days at which time the committee will be reorganized and prepare itself for study of new proposals.

The Scurry and Nolan groups Wednesday noted that the State Coordinating Board had left both of them "in the same boat." Also, it was noted that the state board's actions so far indicate that it is moving toward a plan whereby counties which do not align themselves with junior college districts on their own initiative will be assigned to districts by the board. This plan is not likely to develop immediately, but is an ultimate probability, observers have agreed.

In addition to Browning, those from the local committee who sat in on the meeting included Dr. Robert Clinton, Snyder School Superintendent and one of the committee co-chairmen; John Jarrell, president of the Jaycees; Bill Seale, president of the Chamber of Commerce; George Patterson, city manager; Kenneth Wilson, president of the school board, and Jim Heath, Chamber of Commerce manager.

From Sweetwater were Dr. John Bowen, chairman of their committee; Olaf South, Sweetwater School Superintendent; Buster Fuller, city manager at Sweetwater, and R. D. Thompson, manager of the Sweetwater Chamber of Commerce.

Rains Return To Snyder Area Today

Rains returned to the Snyder area early today as a cold front produced thundershowers over a wide area of the state.

Although the front had been expected to result in some scattered rains eventually, the rainfall today in this area apparently came as a surprise to residents and weather forecasters as well.

A brisk shower fell in Snyder, just before dawn, accompanied by brilliant lightning and rolling thunder. By 7 a.m. the offical rain gauge at the city water plant had logged .29 of an inch.

Rains were heavier in the Lake J. B. Thomas area, raising hopes that the lake might gain additional runoff. The Colorado River began flowing again about 7 a.m. after the flow from weekend rains had subsided. The lake level had come up about .2 of a foot by mid-morning and the flow continued.

Rainfall totalling .7 of an inch had been measured this morning at the Snyder intake at the dam. An inch had been reported at the west end of the lake and the lake superintendent's residence south of the dam.

Even heavier rains were reported in the northwest part of Scurry County, with up to two inches falling between Dermott and Fluvanna. Thundershowers were due to continue today and tonight over the area.

WEATHER

SNYDER TEMPERATURES: High yesterday Wednesday 88 degrees; low, 46 degrees; reading at 7 a.m. today, 46 degrees; precipitation at 7 a.m. .29 inch.

North Central Texas: Mostly cloudy tonight and Friday. Showers and thunderstorms, mainly in west and north, becoming widely scattered Friday. Much cooler in west and north today, a little warmer in north Friday. Low tonight 54 to 68. High Friday 67 to 77.

Northeast Texas: Partly cloudy to cloudy today and Friday. Scattered showers and thunderstorms, mainly in widely scattered Friday. Cooler in north today and tonight, and in south Friday. Low tonight 57 to 65. High Friday 67 to 77.

Northwest Texas: Cloudy tonight and Friday. Showers and thundershowers, mainly in south today and tonight and in west Friday. Much cooler today. A little warmer in south Friday. Low tonight 44 to 54. High Friday 67 to 75.

HEAD TABLE — Lubbock and Snyder businessmen at the head table during the two-city Chamber of Commerce-sponsored "get-together" Wednesday are, from left to right, Rev. Tommy Strother, Charles Signor and A. B. Watkins, all of Lubbock; and, Mayor M. L. Broman and Bill Seale, both of Snyder.

Lubbock Group In Goodwill Visit

The greatest contribution anyone can make to society is to do his best in his chosen profession, according to A. B. Watkins, Lubbock businessman who spoke Wednesday at noon in the 66 Cafe. The occasion was a goodwill meeting of some 70 Snyder and Lubbock businessmen.

Watkins praised the free exchange of information between businessmen in this country. He contrasted the openness of their dealings with the secrecy employed by many foreign businessmen who zealously guard their trade secrets.

We are fellow Americans, citizens and neighbors, said the Lubbock man, and we can be friends, although we may be competitors in business. He said the purpose of the Snyder visit was to promote goodwill.

If we have imagination and appreciation for the help given to us as individuals, then we, as Americans, know that we have many blessings for which we should be thankful, said Watkins.

He concluded his speech by observing that all are equal in the eyes of God. He equated envy with ignorance, saying that "good comes from our own efforts, and self discipline is an indication of maturity."

Watkins was introduced by Charles Signor, Lubbock banker, who served as Master of Ceremonies. Invocation was given by the Rev. Tommy Strother, also of Lubbock.

The visitors from Lubbock were welcomed to Snyder by Bill Seale, president of the Chamber of Commerce, and by Mayor M. L. Broman, both of whom spoke briefly.

Entertainment was provided by Ann Miller, a graduate of Monterey High School in Lubbock and a second year student at Texas Tech. She sang several folk songs to her own accompaniment on the guitar.

Burney Dunnam, operator of Dunnam Brothers Mattress Factory, 2302 Avenue S, received two tickets to an Ernie Ford Shoe in September when his name was drawn from a hat.

Last, but not least, the Lubbock men "picked up the tab" for the meal.

FOLK SINGER—Ann Miller, a graduate of Monterey High School and a Texas Tech student, sang folk songs at the gathering of Snyder and Lubbock businessmen here Wednesday. Some 70 businessmen from both cities held a goodwill meeting for the purpose of boosting trade.

HOSPITAL NOTES

Chaplain: Dr. John English

ADMISSIONS: Jahala Heiser, 1310 Twenty-fourth; June White, Rt. 1; Estelle Adkinson, 1208 Twenty-seventh; Martha Dodson, Rt. 2; Vickie Armstrong, 314 Thirty-first; Una Holdren, Ira.

DISMISSALS: Lottie Jones, Barbara Langridge, Florence Masters, Frances Eoff, Joe Culp, James Shepherd, Patricia Jackson, Maggie Mason, Juanita Raborn, Ike Dolen, Marcus Boyd, Dorothy Jean Kea.

Kiwanis Club Hears Girls Debate Team

Snyder High School's regional champion girls debate team presented the program Wednesday at the Snyder Kiwanis Club's luncheon meeting in Sallie's cafeteria.

Susie Hendrix and Glenda Sehested who represented SHS in the regional meet are now preparing for the state meet May 6-7 in Austin. Thy were introduced by their debate coach, Gerald Gafford.

Bob Crowell was program chairman for the day and Joe Williamson, Kiwanis president, presided. Luncheon music was presented by the Kiwanis sweetheart, Nancy Meador.

He's Reclassified — But A Little Late!

URBANA, Ill. (AP) — David L. Lehigh, 25, is an Army sergeant who has been in Viet Nam since the first week in April.

But the Selective Service board notified him in a letter recently that he has been reclassified and will not have to enter the armed forces, his wife said.

Lehigh's wife and three children live in Urbana.

Hot Lava Buries Town

JARKARTA, Indonesia (AP) — A volcanic eruption in heavily populated East Java has demolished one village and is threatening the town of Blitar, reports from the area said today.

The 5,678-foot volcano, Mt. Kelut, erupted Monday night. Nine persons have been reported killed so far, but the toll is considered certain to climb.

Civil defense and Red Cross officials in Jakarta, about 400 miles west of the area, have no details on casualties yet.

Antara, the official news agency, said the eruption wiped out the village of Bambunan, about two miles from the crater. It was not known how many persons lived there.

Civil defense officials said hot lava had reached the edge of Blitar, about 10 miles south of Mt. Kelut. The town, with a population of 28,000, is in an area where many of President Sukarno's relatives live.

Hot ash was reportd falling more than six miles from the volcano and lava, sand and ashes reportedly filled the Sima, Dermo and Badak rivers.

Antara said one tea and coffee plantation was under a blanket of ashes. Other reports said a bridge collapsed and four houses several miles away were flattened by lava and ashes.

Thomas Mann Quits Administration Post

WASHINGTON (AP) — The White House announced today that President Johnson has accepted with regret the resignation of Thomas C. Mann, a fellow Texan, as undersecretary of state for economic affairs.

Mann's resignation, after 24 years of service with the federal government, will become effective June 1. No successor has been selected.

Mann, a specialist in Latin-American affairs, intends to enter private business.

Mann's views have stirred controversy in some quarters, but shortly after becoming chief executive, Johnson said Mann would serve as his "only voice" in Latin-American affairs.

Wreckage Spotted

LIMA, Peru (AP)—A search party today found the wreckage of a Peruvian airliner that crashed in the Andes killing all 49 persons aboard. Five were Americans.

Bruin Finds Limit To What Man Will Bear

COVINGTON, La. (AP) — Trouble was a bruin and there's a limit to what a man can bear, explained the farmer to the judge.

Paul Guillot, 71, pleaded guilty Wednesday to charges of shooting a bear out of season but said the 200-pound beast had chased his cattle three times and he had chased the animal out of his pasture twice before killing it.

Judge Frederick Ellis fined Guillot $25 but suspended the fine, saying he would have let the bear trespass only once.

Hermleigh Cemetery Association To Meet

All interested persons are invited to attend a meeting of the Hermleigh Cemetery Association at 7:30 p.m. Friday, April 29, at the Hermleigh community center.

The meeting is being held for the purpose of electing new officers for the association.

BIRTHS

Mr. and Mrs. Harvey Lee Heiser, 1310 Twenty-fouth, are the parents of a 4 lb. 14 oz. baby girl, born at 1:32 p.m. April 27.

Firemen Are Called Out Three Times

City Firemen answered calls to three minor fires Wednesday.

They checked an electrical short at the Scurry County Health Unit at 3:10 p.m. and put out car fires at 3:45 p.m. and 5:20 p.m. The first car fire occurred at Avenue F and Twenty-sixth Street. It resulted from a carburetor backfire. Owner of the vehicle, a 1958 Model Buick, is Snyder Motor Sales. C. R. Cockrell's 1962 Model Chevrolet caught fire in the 3100 block of El Paso.

BRIDE-ELECT HONORED — Miss Barbara Scarbrough, bride-elect of Johnny Nokes, was honored with a gift tea Saturday afternoon at the Snyder Country Club. The honoree's chosen colors of pink and rose were carried out in the decor, with crystal and silver appointments. Hostesses were: Mmes. B. E. Sims, Jurden Brunken, W. M. Stephens, Herman Elkins, Bill Wilson, V. L. Eades, Wayne Gladson, Alvie Dolen, Bill Sikes, Andrew Schmidt, John Kaplan, Kenneth Cole, Bill Line, A. M. Roberts Sr., Marvin Dozier, Jess Everett, Dan Calloway, and J. C. Williamson. Girls in the houseparty included Susan Boren, Pam Cole, Sue Ellen Line and JoAnn White. Pictured above from left, Mrs. Ben Scarbrough, grandmother of the bride-elect, Mrs. Bud Scarbrough, mother of the honoree, Miss Scarbrough, and Mrs. Johnny Nokes, Sr., mother of the prospective groom.

Flower Show Set Saturday

"Texas Proud and Loud" is the theme of the nineth annual flower show to be presented here Saturday by the Twilight Garden Club.

Doors will open at 3:30 p.m. for the public at Martha Ann Woman's Club. Admission will be $1.

Mrs. Clyde Collins, president of the club heads the schedule committee and Mrs. Jack McGlaun is general show chairman. Mrs. Bob Dupree has charge of entries and classification, while Mrs. Fred Davis heads the horticulture division. Mrs. Clyde Key is chairman of judges and awards; Mrs. J. O. McNew, staging; Mrs. A. Z. Glover, publicity; Mrs. Sterling Parker, hospitality; and Mrs. Derl Lovell educational exhibit.

Clerks for the day will be Mrs. Fred Davis and Mrs. Clyde Collins in artistic and Mrs. Lester Moore and Mrs. Mollie Pinkerton in horticulture.

First, second, third, and honorable mention ribbons, tri-color and sweepstakes will be awarded if merited.

Seven classes are set up for the artistic division, four in tables and an unlimited number in horticulture.

The Twilight Garden Club invites the public to come out and see their show, which by past records shows it to always be an outstanding one.

WOMEN'S CALENDAR

THURSDAY

American Business Womens Club will hold "Bosses Night Banquet" at 7 p.m. Snyder Country Club.

FRIDAY

88 Club meets at 2 p.m. at Sallie's with Mrs. Harvey Shuler hostess.

Friday Duplicate bridge at Country Club, 9:30 a.m. Open.

SATURDAY

Twilight Garden Club flower show at Martha Ann Woman's Club. Open to public at 3 p.m.

SUNDAY

Duplicate bridge at Country Club. 1:30 p.m. Open.

Meat Loaf

1 large egg, slightly beaten
½ cup milk
¼ cup minced parsley
2 tablespoons dry onion soup mix
1 teaspoon salt and ⅛ teaspoon pepper
1 teaspoon Worcestershire sauce and ½ teaspoon prepared mustard
1 cup soft bread crumbs
1 pound ground lean beef
1 tablespoon chili sauce

Thoroughly mix together all the ingredients except beef and chili sauce; add beef and mix thoroughly. In a greased 11 by 7 by 2 inch pan, shape the meat mixture into a loaf that is about 8 inches long and 4 inches deep; spread entire surface with the chili sauce. Bake in a moderate (350 degrees) oven about 50 minutes.

Mrs. S. Hays Sr. Honored With Birthday Party

On Friday evening, April 22, children, grandchildren and great grandchildren met at the Hays Home in Union community to celebrate the 82nd birthday of Mrs. S. D. Hays Sr.

Mrs. Hays has spent more than 80 years in Old Crowder and Union communities.

Six o'clock dinner was served to more than 20 guests.

WOMEN

Knapp News

By MRS. VERNON TODD

Mr. and Mrs. J. B. Cotton Sr. of Seagraves visited Saturday and Sunday with Mr. and Mrs. Halley Browne, Joyce and Janice.

Mr. and Mrs. H. A. Smith and family of Snyder were Sunday supper guests of Mr. and Mrs. Ben Weathers.

Mr. and Mrs. Marvin Gresham of Lamesa visited Saturday with Mr. and Mrs. Lem Gresham.

Wayne Crow returned Tuesday from a fishing trip at Lake Brownwood.

Mrs. Doyle Lovell was an Abilene visitor Tuesday.

Mr. and Mrs. Douglas Powell, DeWayne, Jay Don and Sharlena of Abilene were recent visitors of Mr. and Mrs. Bo Powell and children.

Mrs. Mickey Sterling and Melissa attended the band contests at the Mann Jr. High School at Abilene Friday.

Grady Pierce of Clovis, N.M. visited Tuesday with Mr. and Mrs. Ben Weathers.

Weekend visitors of Mr. and Mrs. W. O. Tipping and Mr. and Mrs. Mickey Sterling and family were Mr. and Mrs. Charles Hardgraves, Rhonda, Sharon and Kathy of Clyde; and Mr. and Mrs. N. D. Neyman and Keven of Eunice, N.M.

Mr. and Mrs. Jack Reed of Shallowater visited Saturday night with Mr. and Mrs. Ben Weathers.

Mrs. Jim Sorrells, Mrs. Raymond Robinson and Mrs. Bill Dunlap attended the District Texas Home Demonstration Convention at Seminole Tuesday. Mrs. Ed Murphy also accompanied them and spent the day visiting with Mrs. Fred Rice.

Mr. and Mrs. Roy Reeder of Fluvanna visited Sunday afternoon with Mr. and Mrs. Ben Weathers.

Sunday dinner guests of Mr. and Mrs. Mickey Sterling and children were Mr. and Mrs. Wesley Graves, Joe Wesley and Michelle of Snyder.

Mrs. Wayne Crow and children visited Sunday and Monday with her parents, Mr. and Mrs. Edd Franklin at Snyder.

Mr. and Mrs. Vernon Todd, Verna and Janice visited Saturday and Sunday in Lubbock with Mr. and Mrs. Lloyd Ramsey and sons, and Mr. and Mrs. Donnie Dove and children. They also visited Mrs. Ann Shore who is a patient at Colonial Manors Nursing Home.

Mr. and Mrs. Bruce Murphy of Melrose, N.M. and Glen Ed and Robert Murphy of Breckenridge visited Sunday with Mrs. Frieda Murphy.

Mrs. Bill Bowles was hostess for the Bridge Club at her home Tuesday. Those attending were Mmes. Wayne Crow, Bo Powell, Ben Weathers, Mickey Sterling, Lem Gresham, Halley Browne, and Vernon Todd.

If Sauces Burn Try This Test For Hot Spots

If your puddings and sauces sometimes burn or stick to the pot — or if that last cake didn't turn out quite right — better test your cookware.

Many cooking "mistakes" really aren't the cook's fault. They are caused by "hot spots" resulting from the uneven heat conductivity of some pots and pans.

The Aluminum Association recommends the following simple test to determine if your pots and pans are the kitchen culprit.

Place three small chocolate squares around the edges of the bottom of a saucepan and put a fourth piece in the center. Place the pan over a burner at low heat on top of your range.

All the chocolate squares should melt evenly at the same time. If they don't, you are not getting good heat distribution and you may spoil those fancy sauces.

The same test should be made with all your cooking utensils. If any fail the test, you can investigate using aluminum utensils that insure fast, even cooking at lower temperatures and with less stirring.

Another prime cause of unevenly cooked food is dented or warped cookware. Utensils with uneven bottoms should be replaced with pots and pans sturdy enough to resist denting under continued use.

After washing items trimmed with cotton ball fringe, machine - dry them to restore the fluffiness of fringe. If you don't have an automatic dryer, you can soften line - dried fringe by holding it over a steaming kettle.

To same sewing time, use cotton iron-on tape to hem trousers for growing boys. Turn under pants legs to the desired length and iron strips of tape over raw edges. When you need to let out the hem, just press the cotton tape with a warm iron and pull it off.

The first patent for a mechanical cotton picking device was granted in 1850.

India's In Fashion

A fashion tour of India is full of variety.

What surprises most visitors to the sub-continent is that the graceful sari is not the only garment worn by the women of the country. Saris are the most popular, however.

Other outfits that add spice to India's fashion life, are salvar (trousers) and kamiz (shirts) which are worn in the Punjab. The women of Rajasthan prefer bright swirling skirts and blouses in orange and red, with gold and silver bangles on their arms and wrists; necklaces; rings on their fingers and toes.

Saris in Maharashtra, a state in west India, are frequently draped to look like beautiful, well-tailored lounging pajamas. In the south, the women will wear touches of silver and gold on their saris during the day and for the evening; glitter is strictly for after-five up north.

American women may think that their sari-clad counterparts have it easy because their fashions don't change. That's not true. There are changes from season to season. They are subtle, but enough to make a woman add to her wardrobe. The pattern, borders, colors, and even the length of the sleeve on the blouse worn under the sari, can make last year's style stand out from the current version.

Some Indian women have saris dating back as far as 200 years. These are heirlooms or "Temple Saris" and are highly prized. They are made of the finest quality silk, woven with pure silver and gold, and worn for special occasions only.

Many American women visitors to India buy saris. The salesgirls in the shops give lessons on how to drape the six glorious yards of fabric, so you won't tie yourself in knots. You can also bring the material home to your dressmaker and have her stitch it into a pretty sari-style gown. Lovely India-influence clothes, made of the country's fine fabrics, are available at American stores. Whichever you may choose, the unusual Eastern fashion will add a cosmopolitan touch to your wardrobe and be a marvelous conversation piece when you wear it.

LADIES
CROSS YOUR HEART
START LIVING

Are you a woman who will take a dare? Cross your heart? Then we dare you to stop into the wonderful world of "Fashion Magic" cross your heart stretch bras by Playtex. We'll guarantee you a new unique experience in comfort plus fashion that you have always wanted. The new adjustable stretch straps won't curl, twist or lose their stretch. Just one of the many wonderful styles by the creative genius and leader of the industry — Playtex that you'll find exclusively in Snyder in the lingerie department at Roger's, Inc., west side of the square. (For a limited time only you get a free pair of Playtex Living Gloves when you purchase a "Fashion Magic" bra. Come in now!)

4-H Club To Smock Pillows

The Fluvanna 4-H Club met at 3:30 Friday afternoon in the HE building at the school.

The meeting was called to order by June Stansell, president. The club motto and pledge was repeated. Secretary called the roll and as each name was called the member practiced modeling.

Old business referred to District Team Demonstration. June Stansell and Rebecca White, civil defense; Rhonda Patterson, Danita Jordan, vegetable preparation.

New business was two girls to ask Cleone Fulford about presenting a program on hair grooming. The girls were asked to bring a zipper and piece of material to practice sewing it in at the next meeting.

Verlene White demonstrated smocking pillows, and the members started a pillow project.

Sara Price and Tammy Mundy served refreshments to Lynda Hall, June Stansell, Rebecca White, Carla Shoemake, Ann Smith, Gwen Stansell, Renetta Jordan, Pam Shoemaker, Danita Jordan, Rhonda Patterson, leaders Mrs. Stansell, Mrs. Jordan, Mrs. Shoemaker and Mrs. Mathis, and visitors, Lorinda Jordan, Mr. Verlene White and Mrs. White's mother.

York, Jones Marriage Announced

Mr. and Mrs. Seth Stockton, Route 3, announce the marriage of their daughter, Betty Dyan York, to Mr. Ronnie Calvin Jones, son of Mr. and Mrs. James Tackel.

The couple exchange vows on March 26, 1966 in Irving, Texas.

Mrs. Jones is employed by Dohm and Wolff, Certified Public Accounts, while Mr. Jones is with Southwestern Optical in Dallas.

They are now residing at the Wilshire Apartments in Irving.

Car Jail Plan Has Few Backers

By HAL COOPER

NEW YORK (AP) — When traffic laws are flouted, should the car be jailed instead of the driver?

Sounds like a great idea, road safety experts agreed in a survey today, but there's a snag. It wouldn't work.

For one thing, the experts pointed out, there isn't enough municipal storage space to accommodate even a fraction of the automobiles which would wind up in custody.

For another, hordes of workers depend on their cars for transportation and a serious breakdown of commerce and industry would threaten immediately.

The suggestion that automobiles involved in traffic violations be removed from circulation was set forth by William Colson, past president of the Trial Lawyers Association in a speech in Miami Tuesday.

Colson said the offending car owner should be charged storage costs until a court decided to give him back his set of wheels.

His proposal found few takers.

"It would be an administrative monstrosity," protested Traffic Inspector Joseph Halferty of the Philadelphia police department.

"In 1965 there were 165,000 hazardous traffic violations in Philadelphia alone. What about out-of-town violators? Would you ship the drivers back to California, or wherever?"

"It would constitute a possibly unequal punishment — some people need their cars to make a living," said Division Traffic Inspector N.L. Rector of Los Angeles.

"Suppose there is one car in the family and a son is driving and commits a violation," said Maj. George W. Pinckerton, head of the Pennsylvania State Police Department Traffic Bureau. "If you impound the car you penalize the mother and father."

A spokesman for automobile drivers was scornful. Said Samuel T. Milliken, manager of the Keystone-Philadelphia Automobile Club: "Put the car in jail? Sure, why not? Just convert all parking garages and lots into jailhouses. Swear in garage attendants as policemen. What matter if it slows the wheels of industry to a grinding halt?"

The only outright booster for Colson's idea was Richard McLaughlin, Massachusetts register of motor vehicles. He has already put a bill into the state legislative mill which would impound for 60 days the cars of drivers twice convicted of driving with invalid licenses.

Cottonseed meal is rich in nitrogen, phosphorus, and potash.

British Submarine Delayed To Eject Female Stowaway

WILMINGTON, Del. (AP) — The British submarine Walrus continued its journey home today with nothing but Her Majesty's sailors aboard — after having dropped off a stowaway teen-age girl who said she wanted to visit England because she liked English boys.

The girl, Barbara McVay, 17, of Baltimore, is back with her mother and stepfather, Mr. and Mrs. Rubert Turso.

The Walrus and two more British subs — the Osiris and the Opportune — were docked in Baltimore since last Thursday, following NATO maneuvers in the Atlantic.

When the Walrus left for home Wednesday, Barbara was hiding in the conning tower.

After four hours, exhaust fumes from the sub's engine sickened her and she turned herself in.

"It's a good thing she got sick," a police detective said later. He said the compartment where she hid would have filled with water if the sub had submerged.

When she did come out of hiding, the sub radioed the British Embassy and was ordered to get the girl back to land immediately.

An Army engineers patrol boat met the sub in the Delaware Canal. Barbara was placed in the Wilmington detention home until her parents arrived several hours later.

ChiSox Rally Stops Boston Red Sox, 8-6

By HAL BOCK
Associated Press Sports Writer

Smoky Burgess, the catcher who could pass for one of those paunchy movie bartenders, doesn't worry about the tools of ignorance lugged around by most receivers.

Burgess lugs around only one tool—his bat.

And he used it Wednesday delivering a two-run pinch single that helped the Chicago White Sox to an 8-6 victory over Boston.

A burly 39-year-old veteran, Burgess stands 5-foot-8 and weighs 192 pounds—most of it centrally located. He doesn't look the part but he happens to be the most prolific pinch hitter in baseball history. That's why the White Sox let the other guys wear the shin guards and chest protectors.

Everytime Burgess delivers a pinch hit, he adds to his major league record. Wednesday's pinch hit was his third this season and the 118th of his 17-year major league career. It helped the Sox to their 9th victory in 12 starts.

In the only other American League game played Wednesday, Washington blanked New York 2-0 on Mike McCormick's five-hitter. The other games on the schedule were postponed because of rain and cold.

In the National League, Cincinnati downed San Francisco 8-6, Houston defeated St. Louis 3-1 and Los Angeles whipped Atlanta 4-1.

Chicago broke a 5-5 tie in the seventh inning on two walks and a single by Ron Hansen. Then Bargess stroked his single and while he was chugging down the first base line, Ken Berry scored from third and Hansen took off from first and raced home with the Sox' third run of the inning.

McCormick, who was a $50,000 bonus boy with the New York Giants a decade ago, and won the National League earned run crown in 1960, is making a comeback as a Yankee-killer.

The shutout extended McCormick's streak to 21 scoreless innings against the onetime Bombers, who have now lost 12 of 14 starts.

McCormick developed arm trouble in 1962 and drifted to Baltimore and finally the minors before being sold to the Senators in 1965. At 27, he's making a new career for himself in the American League.

McCormick got the runs he needed when Ken McMullen smacked a two-run double off Al Downing in the third inning. The hit was one of only three that Downing gave up but it was enough to beat the young lefthander.

BALL GAME CALLED OFF

Rain again has forced a cancellation of the Snyder-Lamesa varsity baseball game.

The tilt originally was set for Friday, April 22, then was postponed until today on account of rain. However, rain last night soaked the field again and caused another cancellation.

Coach Speedy Moffett confered with Lamesa officials this morning, but the tilt has not yet been re-scheduled.

The Tiger nine visits Brownfield Friday and is in Levelland Saturday.

Dodgers Edge Braves, 4-1, Astros Nip St. Louis, 3-1

By MIKE RATHET
Associated Press Sports Writer

Don (Little D) Sutton looks like he's ready to challenge Don Drysdale for the Big D label — both on the mound and at the plate.

A 21-year-old right-hander in only his second year of professional baseball, Sutton emphasized his rapid development Wednesday night when he posted the first complete game of his major league career in the Los Angeles Dodgers' 4-1 victory over Atlanta.

Sutton's place with the Dodgers remained questionable because of his inexperience until Drysdale and Sandy Koufax went into their holdout routine during spring training. Manager Walt Alston looked at Sutton's minor league record, and then decided to look at the real thing.

He hasn't been disappointed.

"Sutton has improved every start," said Alston after the 6-foot-1, 185-pounder checked the Braves on five hits and struck out 10 while walking only one. "Right now he's the fourth best starter on the staff."

Sutton, however, may be after bigger things.

He's already posted two victories, and also is stealing some of Drysdale's hitting thunder. Big D was the Dodgers' leading hitter last year but Little D collected two hits against the Braves and now is No. 1 on the club with six hits in 13 at-bats for a .464 average.

Drysdale is winless and hitless.

Only two other National League games were played, the Houston Astros defeating St. Louis 3-1 behind Dave Giusti's three-hit pitching and Cincinnati outslugging San Francisco 8-6 as Vada Pinson went 4-for-4.

In American League action, the Chicago White Sox defeated Boston 8-6 and Washington shut out the New York Yankees 2-0.

Giusti allowed only a second inning single by Tim McCarver until the Cardinals scored in the ninth on two-out doubles by Curt Flood andJ. McCarver.

Jim Wynn, however, had provided Giusti with more than enough working room. Wynn cracked a two-run homer in the first inning, then led off the sixth with a single and came around on an infield out, a wild pitch and Bob Aspromonte's double.

Joe Morgan stroked three of the Astros' seven hits off Ray Washburn and Curt Simmons, and now has a run of six consecutive hits. The league record is 10.

Pinson, who scored three runs and drove in two, helped the Reds build a 6-0 lead for Milt Pappas. But the Giants moved back into a tie with Willie McCovey hitting a grand slam homer and Ollie Brown a solo shot.

The Reds went ahead to stay in the eighth inning when Tommy Harper walked and moved around on a sacrifice, Don Pavletich's infield hit and a force out. A triple by Pinson and Mel Queen's sacrifice fly produced an insurance run in the ninth.

Bengal Thinlies Visit Jal For Friday Meet

The Snyder High School Track and field team enters its last meet Friday prior to going to the State meet in Austin May 6-7.

Coach Jim (Dutch) Stehley said the Tigers will have two teams at Jal, N.M. Friday—a varsity team and a sophomore team. However, if the officials permit it, both units will be entered in varsity competition.

The Meet gets underway at 5 p.m. Friday. Teams entered include Lovington, Portales, Eunice, Capitan, Tularosa, Dexter, Cloudcroft, Haggerman, Ruidoso, Lake Arthur and Jal, all of New Mexico, and Snyder—the only Texas team in the field.

Jal has one of the best tracks in the country, and times should be good if the weather is ideal. The track is a rubber-asphalt combination.

Inclement weather has prevented the Tigers from working on their own track this week, but the squad has held a few drills on the grass inside the track. Illness also hit the Tigers with several of the top athletes missing at least one day of school during the week.

Probable entries on the different teams follow:

VARSITY TEAM

SPORTS

Slavs Upset U. S. Cagers

SANTIAGO, Chile (AP) — Its six-game winning streak snapped by Yugoslavia, the United States faced a must-win situation against Brazil tonight to stay in the running for the world amateur basketball championship.

The Yugoslavs' 69-59 upset victory Wednesday night was the first defeat for the Americans in the 13-nation tournament that ends Saturday. They had won three straight in the qualifying round and their first three in the final-round competition.

The Yugoslavs' surprise triumph created a triple tie for first. Yugoslavia, Russia and the United States all are 3-1, and each has two games remaining.

Drake Records Are In Jeopardy

By MIKE BRYSON
Associated Press Sports Writer

DES MOINES, Iowa (AP) — Fourteen records will be in jeopardy Friday and Saturday in the 57th running of the Drake Relays.

Most of the 18,000 persons expected Saturday will be watching for Kansas' phenomenal freshman, Jim Ryun, to run his fourth sub-four-minute mile in a little over two weeks.

The slender teen-ager came within a half a second of breaking his American record with a 3:55.8 in the Kansas Relays last Saturday. Just three days earlier, he was timed in 3:59 and five days before that he had a 3:58 clocking in relay races.

The mile mark here is 4:00.1, set two years ago by Chicago Loyola's Tom O'Hara.

The relays shot put record of 63 feet 11¼ inches finds Randy Matson of Texas A&M, back to defend his title in that event and the discus.

Matson, who holds the world record in the shot with a 70-7¼ effort, set the mark here last year. His best this spring is 65-10¼.

One of the oldest records on the Drake books, Kansas' 9:50.4 clocking in the university distance medley back in 1954, is a top candidate to fall.

Leading the charge will be Abilene Christian, which got a 4:01.2 anchor mile out of Charle Christmas in winning the event in 9:36.5 in the Texas Relays.

Speedy Southern University of Baton Rouge, La., is expected to mop up in most of the college division relays.

ON THE DOUBLE — Ken Holtzman, Chicago Cubs 20-year-old pitcher, lopes along walk-way on his way to attend class at University of Illinois' Chicago branch. Holtzman puts his college education ahead of baseball and will play on days when he has no classes. He is majoring in education. He shut out the Los Angeles Dodgers, 2-0, in his first major league start. (AP Wirephoto)

Letters From Sports Fans

To the Snyder News:

For a good many years I have been a fan of the Tigers and still am, I have seen some good and bad coaches come and go and some that should go, but Coach Dutch Stehley and Shearburn are some of the best we have had in the Snyder Schools.

If we had more track fans that would come out and see the interest Coach Stehley shows for his boys they would see what a wonderful person as well as a coach he is.

He gives the boy a chance to show what he can do, and he tries his best to help him in any way that he can.

He does not pick his friends out and let the others sit on the sidelines or give the ones that have money or influence first chance. He treats all the boys the same.

I'm sure others will agree with me that we need more like him.

Let me end by saying thanks to Coaches Stehley and Shearburn for a job well done.

A Tiger fan,
(s): Mrs. E. L. Edwards

SONICS CLUB DUKE CITY NINE, 6-4

By The Associated Press

Amarillo's Sonics faced the situation of being in second place in percentage but ahead in games won in the Texas League today.

The Sonics clubbed Albuquerque 6-4 Wednesday night and ran their percentage to .727, but Arkansas split a double-header with Dallas-Fort Worth and still led with .750.

However, Amarillo was a game ahead when you consider that Arkansas' record is 6-2 and Amarillo 8-3.

Anyway, Amarillo rallied for four runs on only two hits in the seventh to take the victory. But they were back-to-back doubles by Jose Herrera and Doug Rader and the latter drove in two runs with his.

An error by Jim Barfield and four bases on balls by Chuck Lauritson helped the Amarillo cause.

George Lance walked Steve Huntz to force over the winning run as Arkansas beat Dallas-Fort Worth 4-3 in the first game of the double-header. Dallas-Fort Worth shoved over three runs in the fifth on singles by Mike Kuykendall, Tom Hillary and Russ Hearn and the Spurs took the nightcap 3-2.

Otto Meischner permitted only one Arkansas hit in the last four innings and was the winning pitcher.

Jim Spencer batted in two runs with singles, Tom Egan clouted a homer and El Paso's Sun Kings whipped Austin 3-1.

Jim Holbrook pitched a seven-hitter and almost got a shutout. There were two out in the ninth when Hal Breeden doubled in the lone Austin run.

They play the same tonight with Dallas-Fort Worth at Little Rock, Amarillo at Albuquerque and Austin at El Paso.

US Policy In Viet Nam Revealed In Bits, Pieces

By JAMES MARLOW
AP News Analyst

WASHINGTON (AP) — President Johnson could see what was coming in big doses when earlier this year he ordered the bombing of North Viet Nam resumed and decided to step up the war. What was coming was criticism.

In fact, it was already there and had been for months.

But the critics of his Viet Nam policy, already plentiful and vocal, seized upon his decisions this year for fresh outbursts. Johnson had been around long enough to know they would.

He also had been around long enough to know that unless he met this criticism head on himself it would get worse and that more than just answering the critics was involved.

In the first place, the more the criticism and the longer it went unanswered, the more confused Americans would become about the war, which meant a division of opinion in this country.

Second overseas people, particularly the Communists, would be aware of divided American thinking and, in the case of the Communists, there was the chance they might interpret the division as a weakening of the will to win.

The divided opinion took many forms: U.S. forces should stay in Viet Nam, they should get out; the bombing should be stopped, it should be intensified; the Americans should retire to coastal bases, and they should do the opposite.

If Johnson had gone on national television for one hour he could have explained his policy, why he thought it necessary to fight the war, what it meant to the United States, to Viet Nam, to Southeast Asia, to the Communists.

Once he did this, of course, he would have been a rallying point and a prime target — a rallying point for all those who agreed with him or thought he should be supported, a target for those who disagreed.

In the weeks that followed his words would have been flung back at him by his critics and if events took a sour turn, as they did with the revolt of the Buddhists, some of his words might have been turned against him.

In short, for Johnson to have laid it on the line himself on television in a detailed and lengthy explanation would have been to stick his neck out.

He has let his lieutenants — like Vice President Hubert H. Humphrey, Secretary of State Dean Rusk, and others — do the explaining about American policy and intentions.

The only trouble about such explanations is this.

1. They turn into a patch quilt with Humphrey throwing in something now, Rusk adding something later, someone else contributing a bit some other time.

2. The explanations, particularly Rusk's, with all their diplomatic phrasing — like saying this country could live with a "nonaligned" South Viet Nam — are sometimes far from clear.

The result is that the American people, and people overseas, have to try to put the pieces together which is quite different from the kind of comprehensive picture they might have had if Johnson did the explaining.

By staying in the background Johnson has saved himself from expanded personal attacks but that doesn't necessarily make his comparative silence the wiser policy.

Cotton canvas, top fabric for tents and awnings, is now popular in women's wear.

Who Wants To Return To Old Ways?

By HAL BOYLE

NEW YORK (AP) — Many doctors today place a major blame for heart attacks, our leading cause of death, on simple lack of exercise.

The suspicion arises that the machines we have created to make our existence easier actually are robbing us of the greatest boon of all — life itself.

Two generations have changed the pattern of our ways more than did all the hundreds of centuries before. A generation is usually reckoned at 30 years.

Back in 1906 — just two generations ago — people lived in a manner modern children find it hard to believe.

You didn't need calisthenics or rowing machines to keep fit. Everyday living was itself an exercise, and kept the heart from rusting.

Just how has life changed for the average persons since 1906?

Well, way back then you had to harness a horse before going for a buggy ride. If you were rich enough to own a new-fangled automobile, you cranked it by hand to start the engine. If you punctured a tire, you fixed it yourself.

Large families often kept a cow. It was milked by hand, too.

Mother got enough exercise bending over a washboard on Monday to last her all week.

Millions of families still churned their own butter, raised their own chickens. Did junior want some ice cream? Okay, but he had to turn the handle on the home freezer.

You didn't push a button or pull out a plug to thaw out a refrigerator. But every morning or night someone had to empty the pail of water under the icebox.

Someone had to chop kindling for the kitchen stove and fetch it in.

Was the house too cold in winter? Well, someone had to clump down to the basement and shovel more coal in the furnace. There was no air conditioning in summer. To cool off you either used a hand fan — often given away as an advertisement by the local funeral home — or tug open a stuck window by brute strength.

People carried home their groceries from the store on foot. There were no shopping carts to push.

Few rugs were sent to the cleaners. They were beaten on a wire line in the back yard. Mother fought dirt in the home and on the front porch with a broom. It seemed to be in her hand half the day.

If you opened a can of peas, you did it with a tool that required muscle.

You had to push a lawnmower. You couldn't ride on it while lapping up a gin fizz.

Neither children nor men thought themselves imposed on if they had to walk two or three miles to get to school or work.

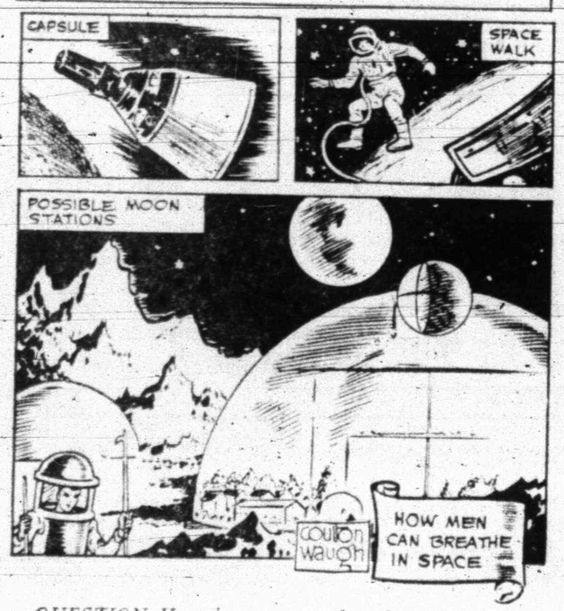
Comfort is the American god today. It wasn't then. Being uncomfortable wasn't a calamity; you expected to put up with a lot of it — and you did.

Probably we'd all live longer, healthier and happier lives by going back to the patterns of 1906, when people did more for themselves and yawned less.

But who really wants to live like that?

Nobody. Particularly me.

Junior Editors Quiz on SPACE BREATHING



QUESTION: How do astronauts breathe in space?

ANSWER: There is no air in space. When astronauts venture out beyond the layer of air surrounding the earth, they must take their air with them. Oxygen is the part of air we must breathe in order to live. It can be made by chemical processes and compressed into steel cylinders. The astronauts take enough of these along to last through their trips. We show some of the ways spacemen use oxygen.

At the upper left is an orbiting capsule with one or more astronauts inside. These men may be in sealed space suits with tubes giving them oxygen from the capsule's main supply. If a suit is taken off, the oxygen must fill the capsule. When an astronaut steps out alone into space, as was done last year, (upper right), a long tube connected with the capsule will give him needed air.

Someday, perhaps, men will live on the moon, perhaps in large plastic domes as we suggest below. Inside these domes, plants will be grown to help with the oxygen supply, since most plants give off oxygen. It will probably be possible to control living conditions inside such a dome so as to make them quite comfortable. At lower left, a man is exploring in a special moon suit. These will carry their own oxygen tanks.

* * *

FOR YOU TO DO: Draw your own version of a man walking in a moon suit, but remember that recent pictures show the moon's surface to be extremely pitted and rough. You will have to provide some special contraption which he could wear on his feet. 4-28

(Stephen Arellano of Pueblo, Colo., wins today's combined prize of Compton's Illustrated Science Dictionary plus $10 cash for this question. Mail yours on a postcard to Junior Editors in care of this newspaper.)

Sul Ross Faculty Displays Art Works

ALPINE, Tex. (AP) — Two members of the art faculty of Sul Ross State College had their works on display this year in Nebraska Wesleyan University's Great Plains Art Exhibit.

They are Ziya N. Sever and Kenneth Weedman. Sever had two water colors on exhibit and Weedman three welded metal works.

Piggly Wiggly

TICKET TO OPPORTUNITY — Lawson Burkhart, manager of the Sweetwater Texas Employment Commission office, gives an airplane ticket to Sam Davis, Snyder youth, who has been accepted for training with the Job Corps. Looking on are George R. Killam, county attorney (left), and Larry Smith, local Youth Corps director. Sam boarded an airplane in Dallas for a flight to Minneapolis, Minn. He will train at a Job Corp Center at Detroit Lakes, Minn.

First Scurry Youth Leaves For Training In Job Corps

Perhaps for the first time in his life Sam Davis can look to the future with hope.

The main reason for Sam's hope is a government program that was especially designed to help people help themselves.

The program, brought into existence a little over a year ago by the Johnson Administration, is aimed at the school dropout who frequently finds himself without a job with little prospect of getting one.

Left to their own devices, most dropouts drift into petty crime or wind up on county relief roles, ultimately with wives and children they are unable to support.

Now, thanks to the Job Corps, these people are given an opportunity to learn a trade and become useful members of society.

"It's a lot cheaper on society in the long run to teach dropouts a trade," explained a spokesman for the Job Corps. "They can support themselves for the remainder of their lives."

Applicants for the Job Corps are all young and relatively inexperienced. They must be between 16 and 21 years of age, must be out of school, and must be unable to find employment. There also is a Job Corps for women.

In Sam's case, he wants to join the Job Corps so that he can acquire sufficient skills to enlist in the U.S. Army and volunteer for service in Viet Nam. He has a brother, Tom, who presently is serving with the Army in the war zone. Another brother, Cornelius, recently completed paratrooper training at Ft. Bragg, N.C. The boys are children of Son Davis of Snyder.

Sam is the first youth from Scurry County to be accepted for Job Corps training, although seven additional applicants currently are awaiting approval for their training. Sam put in his application in January. Future applications from Scurry County probably will be handled faster now that the program is gaining momentum.

Lawson Burkhart, office manager for the Texas Employment Commission in Sweetwater, processed Sam's application.

Sam's dad drove the boy over to Sweetwater this morning. He will catch a bus to Dallas, then board a Braniff Airways flight to Minneapolis, Minn. Another bus trip Saturday morning will take Sam to the training site at Detroit Lakes, Minn. All costs of transportation are paid by the government.

Upon arrival at the Job Corp Youth Center, Sam will be interviewed by a counselor who will determine the type of training best suited for Sam. Depending on personal aptitudes, Job Corp trainees learn many basic skills and trades, ranging from office work to the operation of heavy equipment.

The Center also helps trainees find jobs after their training is completed.

Free shelter, clothing and food are provided all Job Corp trainees. In addition, each trainee receives $30 per month for spending money, and when he leaves the Corps, he receives a lump sum of $50 per month for each month he was in the Corps.

Training also is given in basic education. Job Corp trainees receive instruction in reading and writing.

Job Corp training centers are located in sparsely populated areas in the West and near large cities in the East and South. Usually, trainees are sent to a Center a long distance from their home towns, where they get a new outlook on life and find hope for the future.

Local persons interested in joining the Job Corps should contact the Texas Employment Commission office in Sweetwater. Additional information may be secured at the City Hall in Snyder. Applicants should have a birth certificate and be accompanied by at least one parent.

Larry Smith, local Youth Corp director, also operates a referral service for the Job Corps. The Youth Corp helps boys and girls of school age to find jobs locally, and it encourages them to return to or remain in school.

Honors Set For Salesmen

R. L. Scarbrough of Wilson Motors, Snyder Ford dealership, will be honored for outstanding sales performance during 1965 and will be given Ford Division's Sales Award at a banquet at the Marriott Motor Hotel in Dallas on Saturday.

Jack W. Mendel, Dallas District sales manager, said 108 Ford dealership salesmen in the district will be honored with the Sales Award and will be cited for "excellent retail sales performance."

At the banquet, in addition to Sales Award recognition, 300 - 500 Club membership awards will be presented to Ford dealership salesmen in the district for excellent performances based on the size of their dealerships.

Mendel said the average 300-500 Club member sold nearly $500,000 worth of automotive merchandise in 1965, to qualify for the national honor.

W. M. Stephens Jr., Herman W. Elkins and Jurden Brunken of Wilson Motors have qualified for 300-500 Club membership.

Faubus Stays Out Of Race

LITTLE ROCK, Ark. (AP) — Gov. Orval Faubus flopped back in his swivel chair and grinned.

"I guess they'll believe I'm out of it now, he said.

The Democratic gubernatorial primary ticket had closed without Faubus' name on it for the first time since 1952, and Faubus now may be the most relaxed politician in Arkansas.

Many doubted until the ticket closed that Faubus could keep his promise to stay out of the race. He had indicated until about three weeks ago that he might run again — for a seventh term — if the Democratic party failed to produce a candidate he considered capable of challenging Republican Winthrop Rockefeller.

Faubus' retirement may be temporary. He has indicated an interest in running for the U. S. Senate, possibly against Sen. J. William Fulbright, D-Ark., in 1968.

Eight candidates are seeking the Democratic nomination.

Computer Learns To Talk Back!

BOSTON (AP) — Now the computers are talking back.

Radio Corporation of America announced at a spring joint computer conference Wednesday it has developed a computer device which provides spoken replies to questions fed into it by telephone. The answers are prerecorded on a magnetic drum.

Letters To The Editor

To The Daily News:

You may be interested to know that since my letter to the editor that appeared in your paper, I have received many, many calls concerning this. I am proud to state that not one—I repeat, not one—has been critical to me. This is not an issue of moral obligations. It is a matter of local government. I believe in the Constitution of the U. S. A. I think that in it, it states that the powers of the church and the states shall be separated, free but equally.

I would also like to remind our citizens of the first amendment to the Bill of Rights that was adopted by Congress in 1789, that gives us a right to — quote — "Congress shall make no laws respecting an establishment of religion or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press, or the right to assemble, and to petition the government for a redress of grievances."

I would like to carry on about this: Thomas Jefferson said in his first inaugural address, March 4, 1801, "But every difference of opinion is not a difference of principle."

In Lincoln's Gettysburg address, his closing statements were: "that this nation, under God, shall have a new birth of freedom, and that government of the people, by the people, for the people, shall not perish from the earth."

I respect and admire the duties of the clergy. Let them speak out as they should do. That is their calling and they should preach their and others' convictions about the misuse of alcohol. But, don't tell me by phone or mail that I don't have the right to vote on this issue. I resent this as an invasion of my privacy. I would like to further state I represent no group of people. I am a citizen and intend to protect this right to vote.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: I am a cocktail waitress with a small problem. I am not married, but am not interested in dating because I have a boy friend overseas I'm trying to be true to. Well, you know how some men are. Some of them just won't take no for an answer. I don't like to get nasty about it, but it's pretty hard to turn them down without telling them off. Besides, it's rough on a girl's tips when she has to put a guy in his place. Any suggestions?

SAVING MYSELF

DEAR SAVING: Just point out the huskiest bartender in the place and tell the wolves that HE'S your husband.

* * *

DEAR ABBY: Our son is to be married soon. It will be a large wedding in a fairly large church. Here is the problem: We really have no family. I was an only child. My mother was an orphan. My husband is from a distant part of the country from a poor family. What is left of his family cannot attend the wedding. We do not have many friends and our side of the church will look very empty.

We are terribly embarrassed as there will be only a handful on our side and the bride's family and friends will number nearly 200. We're red-faced and sick about it, and fear we will be laughed at. I don't know what you can do, but thought I'd try for an answer. Thank you.

RED-FACED

DEAR RED-FACED: You have no reason to be embarrassed. Your family is small and you are not the type of people to invite casual acquaintances to your son's wedding, for which you should be commended. Since the bride's people are paying for it, I am willing to bet you will not be laughed at.

* * *

DEAR ABBY: Two years ago my sister gave us a washing machine that had been given to her by a neighbor. The neighbor got a new one as the old on needed too much work. Well, this washing machine has been out on our patio for over two years. My husband looked at it and decided it needed more work than he could give it right now. Rather than let it stand, I put it up for sale. (I asked 35 dollars). When my sister heard about it she flew over here and raised the roof. She said SHE could have sold it, and she wanted it back. I told her I was sorry about the whole thing, but I didn't think I had done anything wrong. She wasn't out a dime on the deal. So what's her beef?

CONFUSED

DEAR CONFUSED: Technically your sister has no grounds for complaint. She GAVE you the machine, therefore it's your to use, sell, give away or throw away. (Her "beef" isn't kosher.)

* * *

DEAR ABBY: Someone should tell Mary C. that New England housewives certainly DO hang their clothes outside in freezing weather. I often have to shovel a path to my clothesline, and the clothes are frozen stiff as boards before I even get the second pin in them.

Evidence Is In Color!

TAMPA, Fla. (AP) — James Brown of Tampa was cleared of a traffic charge after showing color movies in city court of a string of cars — and a motorcycle cop — making the same illegal left turn.

"In this case I'll temper justice with mercy," Judge Tom Meyers said Wednesday. "Not guilty!"

Brown is the organist at Tampa's Al Lopez Field and said he had seen the same infraction committed hundreds of times following home games of the spring-training Cincinnati Reds.

So after a patrolman gave him a ticket, Brown, 43, grabbed his camera and caught 16 cars and a motorcycle cop making the turn.

The film also showed a patrolman stopping traffic after a ball game to permit the turn.

Cotton linters are one of the most important raw materials in the chemical industry.

Haberdashers Eye Appeal Of Nightwear

NEW YORK (AP)—Hundreds of haberdashery buyers are gathered here to tackle—among other things — menswear's biggest challenge—getting men to wear night clothes to bed.

"The majority sleep in their underwear or nothing at all," Larry Baxter, president of Fleetway, lamented Wednesday. His pajama firm makes a loin cloth type kiltie as a compromise.

Wars are largely to blame, according to Derek Rose, a Londoner with Bonsoir now selling pajamas styled by the queen's designer Hardie Amies.

Sometimes it takes years, a nagging wife and kiddies toddling about the house before an ex-serviceman breaks his wartime habit of sleeping in his shorts or less, Rose said. But England's drafty houses have improved the situation, he added.

Air conditioning here, as well as more leisure hours for lolling around the house gradually is increasing the demand for night apparel.

However, the makers who are exhibiting at the men's Sportswear Trade Show here, are counting on fashion appeal and sex appeal to clad more bedbound lads.

The very same influences in women's fashions — mod and cowboy styles are the big deals in the menswear market here.

Men's trends include narrow trousers, hip-hugger slacks; garrison belts; bright, striped or flowered shirts with wide white collars; broad shoulders; narrow waists; wide lapels; four-inch wide paisley ties; blanket plaid fabrics; slick vinyl garments, and fake furs.

Cotton holds a larger share of the textile market than any other fiber.

Newton Service Held Today At Mattson

Funeral services were set for 4 p.m. today at the Mattson Baptist Church for Hazel Olive Newton, 54, who died at 5:15 p.m. Wednesday in the Haskell County Hospital.

A native of Haskell County, she was a sister of G. A. Newton of Snyder. Other survivors include four sisters, Mrs. Ruby McDonald of Haskell, Mrs. Sylvia Force of Abilene, Mrs. Mamie Griffith of Tuscola and Mrs. Willie Pearl Overman of Hillsboro; and two other brothers, Edward Newton of Bridgeport and Leon Newton of Haskell.

Receives Treatment

J. E. Perry was taken to a San Angelo hospital for treatment and then returned to his home yeaterday by Bolger Ambulance.

NO BIG WATER BILLS!
ferti-lome Containing CHELATED IRON
You don't have to run up a big water bill to enjoy a beautiful lawn. The way to save money on water and still enjoy lush green grass is to feed with ferti-lome organic base plant food. ferti-lome's organic base of cottonseed meal, bone meal and blood meal improves the physical condition of the soil, increases water holding capacity and serves as a source of certain plant food elements. An application of ferti-lome helps grass develop long roots that find their own moisture — your grass stays green with a minimum of water. Feed Nature's Way — with ferti-lome — organic base plant food.
ferti-lome products are sold only by QUALIFIED dealers who can give you professional guidance
