VOLUME 43. BALLINGER, TEXAS, FRIDAY, OCTOBER, 5, 1923. NUMBER 3.

INJUNCTION HALTS ELECTION RESULTS

OKLAHOMA CITY, Oct. 3.—A temporary restraining order, preventing the State Election Board from certifying the returns of yesterday's special election, was issued in the state district court here today upon application of Governor Jack Walton.

The order issued enjoins W. C. McAllister, secretary of the election board; John Logan, the deposed chairman of the election board; Ira Mitchell, the newly appointed chairman; and Claude Baker, member of the board, from certifying the election returns of the "pretended" election to the secretary of state.

The action was brought by Walton, as governor of Oklahoma, and the application for the injunction opened the governor's expected assault on the legality of the election, in which the opponents of the governor scored a sweeping victory by an overwhelming majority.

The constitutional amendment was passed empowering the legislature to meet on its own call to consider impeachment charges against the governor.

Campbell Russell, leader in the fight against Walton, announced that he would file a petition for the grand jury to investigate the official acts of the executive, and the petition was circulated on the streets. Russell said that the petition would seek an investigation of the alleged misuse of public funds and the governor's action in commissioning thousands of special state police.

The hearing on the application to make the restraining order against the election board permanent has been set for October 9th.

Gov. Walton in his petition for an injunction alleges that the election is invalid because the question voted upon was not properly published before the election was held.

TULSA, Okla., Oct. 2.—Two men carrying commissions from the headquarters of Governor J. C. Walton's civilian guard were arrested today by the city police and lodged in the city jail on a charge of carrying concealed weapons.

The police chief had given warning that every armed person, without a deputy sheriff's commission, would be placed in jail.

Fifteen armed deputies are guarding the voting places in this city, and the voting is heavy.

R. R. Stevens, head of Gov. Walton's civilian forces in Tulsa county, declared that the "election has already been won by the Klan." Stevens said that he had received several reports that ballot boxes had been "stuffed," but said that the boxes were in charge of the sheriff's gunmen and "we have not been able to investigate the reports."

GROVE, Okla., Oct. 2.—More than a half dozen of the leading citizens of Grove have been arrested by Deputy Sheriff Monroe and County Jailer Perry for conducting the election at this place. The officers making the arrests said that they had received instructions from Chairman Mitchell of the State Election Board, and Governor Walton, to stop the voting and arrest the election managers. Those arrested were taken to jail and will be placed under bond. The voting was immediately suspended here.

MUSKOGEE, Okla., Oct. 2.—A dispatch to the Times-Democrat from Colgate gives the following total unofficial vote on the legislative question at 11:00 o'clock this morning: For legislature, 295; against legislature, 37. The correspondent sending in the report said that the vote polled up to that hour represented about two-thirds of the city's normal voting strength.

R. T. Williams and son, Robert Louis, went to Temple Sunday afternoon, where Robert Louis will undergo an operation. Mr. Williams will return as soon as he can leave Robert after the operation.

Painting a car or a face never kills the knock in the engine.

TEXAS LEADS ENTIRE NATION IN DIVORCES

WASHINGTON, October 3.—One divorce to every 7.6 marriages in the United States last year is the record disclosed by the Census Bureau's marriage and divorce survey just completed.

The survey just completed is the first made since 1916 when there was only one divorce to almost 9.3 marriages, showing that divorces are increasing at a greater ratio to marriages.

Texas led the whole United States in number of divorces in 1922, with a total of 12,399, which was one for every five marriages in the state.

Mr. and Mrs. George Burke returned from Dallas Tuesday at noon, where Mr. Burke has been at work. George has accepted a position with the Strain-Pyburn Drug Store, and will go on the job immediately. His friends will be glad to know that he and his wife are at home in Ballinger again.

P. A. and Henry Kuhn are here from South Texas attending the trial of John Smith, negro, charged with the murder of their brother, F. J. Kuhn.

CONVICTS SHOOT GUARDS IN DASH FOR LIBERTY

EDDYVILLE, Ky., Oct. 3.—Four convicts in the penitentiary here this morning staged a desperate attempt to break out. Led by Monte Walters, alleged murderer, who procured arms in some way, the four men opened fire on the guards, killing one of the guards and wounding four others.

The convicts were cornered in the dining room of the prison, where they kept up the fight with the forty guards by constant firing on them. The guards were soon reinforced by citizens, who now have the place surrounded, and the guards continued firing on the room where the convicts are barricaded, and unless the convicts surrender they will all be slain.

GETS NEWS OF HIS BROTHER'S DEATH

S. A. Matthews left Monday afternoon for San Antonio in response to a message notifying him that his brother was dead at that place. The San Antonio man died from stomach trouble, having been a sufferer from cancer. The funeral will take place in San Antonio.

A Wish

"I HAVE TAKEN Cardui for run-down, worn-out condition, nervousness and sleeplessness, and I was weak too," says Mrs. Silvie Estes, of Jennings, Okla. "Cardui did me just lots of good—so much that I gave it to my daughter. She complained of a soreness in her sides and back. She took three bottles of Cardui and her condition was much better.

"We have lived here, near Jennings, for 26 years, and now we have our own home in town. I have had to work pretty hard, as this country wasn't built up, and it made it hard on us.

"I WISH I could tell weak women of Cardui—the medicine that helped give me the strength to go on and do my work." *This card fulfils her wish.*

CARDUI

J 86

PARKS STOLEN CAR ON STREET

About the boldest case of car theft ever reported here came to light late Saturday when a second hand Ford touring car mysteriously disappeared from the Harwell Motor Company garage.

When the car was missed from the garage a hasty inquiry failed to find anyone in the employ of the Harwell Motor Co. who knew anything about the car, and no one could be found who saw the car when it was taken from the garage.

The matter was reported to the officers and late Saturday night the car was found parked on the street near the corner of the office of McCarver & Lynn. The officers kept watch over the car for a while, but no one called for it. The thief either decided he did not want to steal a car, or else some good customer of the garage borrowed the car for a little trip and forgot to thank the owner for the use of it.

Mr. and Mrs. Ed Kubela were among those from Rowena who were here Monday and Tuesday attending the murder trial of John Smith, negro. Mr. Kubela is a brother of Mrs. Kuhn, whose husband the negro is charged with murdering.

Firm, Plump Flesh!

MANY are the eyes that are turned to gaze with keen admiration on the well developed, healthy girl no matter where she may be—on the rapidly moving thoroughfare or gliding gracefully over the dance floor.

All eyes turn because we all appreciate the girl with the figure so firm and plump—the girl with radiantly red cheeks, cheeks that carry a touch of roses from nature's own garden——the girl with the sparkling eyes, keen and sharp—the girl with buoyancy and the swing of youth.

Not necessarily an out-of-doors girl. Just a girl with ever increasing blood cells. Just a girl filled with the vim and vigor of youth.

S. S. S., since 1826, has stood for increased blood cells. S. S. S. means restored strength—rekindled vitality—added energy. Take S. S. S. and watch the bloom of youth return to your cheeks. Watch that flabby, ill nourished flesh fade away before flesh that is firm and plump. Red blood cells will do it and S. S. S. will build them. It contains only pure vegetable ingredients. S. S. S. is sold at all good drug stores. The large size bottle is more economical.

S.S.S. Makes You Feel Like Yourself Again

GAINS COMMENTS ON COURT RULING

(From Dallas News of Sept. 29.)

AUSTIN, Oct. 1.—Judge John W. Gaines of San Antonio, prominent in the legal and legislative phases of the irrigation and conservation administration, was here Friday and authorized the statement that the decision by District Judge Woodward at Ballinger was not as damaging to the statute as first believed. He was counsel in the case defending the validity of the provision of the law which permits the organization of irrigation districts consisting of parts of two or more counties. It was only that provision of the law which was held unconstitutional by the court and on Oct. 3 he is to enter the formal judgment over which counsel have not agreed.

"A total of twenty-two decisions have been rendered by the Supreme and Appellate Courts sustaining the validity of various sections of the irrigation act," said Judge Gaines, "and this feature was about the only one left untouched, and we might as well have the courts pass on it now as some time later. Various irrigation districts have issued some $40,000,000 of bonds and these securities are safe under court decisions, therefore all other irrigation districts being wholly in one county. The latter are not affected by the Ballinger decision. Judge Woodward merely held that a district could not be created out of parts of two or more counties, create a debt and issue bonds."

The irrigation law is known as Chapter 87 and is carried through the statutes under that designation. The style of the Runnels county case is J. B. Carlton et al. vs. Paul Trimmier, canvassing board, et al.

HERE'S A COKE COUNTY SNAKE STORY FOR YOU

(Bronte Enterprise)

We have heard of "snakes in one's boots," but T. E. Buttrell, who lives on the Mrs. J. F. Clark farm West of town, goes the saying one better. He has "snakes in his house."

Tuesday night, Mr. Buttrell and his wife were on the front porch of their home, and Mrs. Buttrell was bathing Mr. Buttrell's back with liniment to relieve him of pain due to a carbuncle. The cat came up within about two feet of Mr. Buttrell and began to "spit" at something. Mr. Buttrell, looking, saw a rattlesnake about two feet long coiled up on the porch. He said his pain and all the rheumatics he ever had left him instantly and he beat his wife in the house. Soon as he could collect his thoughts he killed the snake. Then it was but a few minutes until the cat gave the alarm again and there was another snake on the porch, but it proved to be another kind of snake. But only a short time ago he killed a large rattler under his house. He says they are afraid to get out doors after dark.

Mrs. E. A. Giesecke returned home Tuesday at noon from Austin, where she was called to be at the bedside of her mother, Mrs. John I. Guion. Mrs. Guion was recovering from pneumonia when Mrs. Giesecke left her.

ALLOTMENT $12 FOR TEX. SCHOOLS

AUSTIN, Oct. 2.— Although the allotment to public schools of the state this year is only $12 per capita or $1 less than the apportionment of last year, the schools are practically assured the total allotment by this coming May, according to S. M. N. Marrs, state superintendent of public instruction. Marrs said today he expects to request the first $1 apportionment of the year within the coming few days.

It was after January 1st last year when the schools received their first allotment for the 1922-23 school year, the school superintendent pointed out. The final payment for that year was not made until sometime in August. This year, however, Superintendent Marrs stated he expects to ask for the apportionment of school funds as fast as the school funds become available in the general revenue fund.

One of the principal results of this plan is that the schools will receive through the regular apportionments considerable amounts which otherwise would be transferred to the credit of the textbook fund, Mr. Marrs said. This is made possible by the fact that Superintendent Marrs has agreed with State Comptroller Smith not to transfer any of the textbook funds until the first of the year.

"The public schools can expect most of their apportionment for the present year before they close next spring," Supt. Marrs said. "This has the advantage of permitting funds to accumulate to the credit of the school fund during the summer months, so that payments will begin promptly next year with the opening of the schools. Three is little possibility that the $12 apportionment for this year will be increased to $13, as many of the schools would be closed before the apportionment could be assured."

The $12 apportionment will insure only a four months term to all the schools of the state. Remaining funds to maintain city and county schools for the rest of the nine months' session must come from local taxation, it is stated.

To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.

A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 35c.

Just ask your druggist for HAYES' HEALING HONEY.

PASTOR PROVIDES HOME FOR CHILDREN WHOSE PARENTS ARE JAILED

EL PASO, Oct. 1.—Finding a number of children without homes to care for them, after their parent had been lodged in jail here, the Rev. W. B. Hogg, pastor of the Trinity Methodist Church, rented a 10-room house and asked a few women members of his church to care for the children.

He had no funds, he says, with which to start the undertaking that has developed into an orphan's home. The minister simply desired to keep the unprotected children off the streets. The members of his church, however, have taken up the work, voluntarily, and are donating the necessary funds with which to operate the home. Though the money is given by the church members, the home has no official connection with the church. Just now there are fifteen children in the school. They are clothed and fed, sent to school, and given excellent care in every particular. Whenever the parents or relatives of the children are able to care for the children, they will be turned over to them.

Last year, Dr. Hogg started a soup kitchen in the basement of his church. This kitchen is now in operation. He sent out the following public invitation, "Nobody need go hungry in El Paso. Trinity Methodist Church will feed you for nothing. No questions asked."

W. F. Donham, of Winters, was among those called here for jury service in district court this week.

E. J. Guin is at home from South Texas, where he had been buying cotton.

GIRLS! HAIR GROWS THICK AND BEAUTIFUL

35-Cent "Danderine" Does Wonders for Lifeless, Neglected Hair

A gleamy mass of luxuriant hair full of gloss, lustre and life shortly follows a genuine toning up of neglected scalps with dependable "Danderine."

Falling hair, itching scalp and the dandruff is corrected immediately. Thin, dry, wispy or fading hair is quickly invigorated, taking on new strength, color and youthful beauty. "Danderine" is delightful on the hair; a refreshing, stimulating tonic—not sticky or greasy! Any drugstore.

BRONTE THIEF GIVES UP CASH

(Bronte Enterprise)

Oran Kessee considers himself more lucky than ordinary mortals. A thief entered Mr. Kessee's home, Tuesday, when his family were not present, and stole all the money Mr. Kessee had at home, which amount was $12.50.

Mr. Kessee went home from the cotton field to get some cigarettes. He went into his trunk and missed the money. He started at once in pursuit of the thief. He overtook him as he was riding on a cotton wagon that had been to Bronte with cotton. Mr. Kessee made the thief return with him, guilt and he gave over the money he had taken. Mr. Kessee tried to make hte thief return with him, but he would not, for he said he was an escaped convict and he just had to get away. Thereupon Mr. Kessee let him go.

But there is another story to the tale. When Mr. Kessee returned home he examined his trunk again and discovered that a $35 ring belonging to Mrs. Kessee was missing. At this time the thief has not been apprehended any more.

KIDNEYS NEED LOTS OF WATER AT TIMES

If Back Hurts or Bladder Bothers, Also Take a Little Salts.

Most folks, forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also helps neutralize the acids in the urine so it no longer irritates, thus helping to relieve bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia water drink which everybody should take now and then to help keep their kidneys clean.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in trying to correct kidney trouble while it is only trouble.

NAZARENES HOLD ANNUAL CONFERENCE

The annual congregational meeting of the local Nazarene church was held Sunday, and the work for the past year reviewed, and reports made. Rev. Messer closes his third year's work with the Ballinger church, and the reports show that the church has prospered and made good gains in all branches of the endeavor during his pastorate, and especially during the last year.

The congregation extended Rev. Messer a call for another year, the vote being unanimous. Rev. Messer has not accepted the work for another year, but will serve the church until the first of November at which time the annual assembly will meet and Rev. Messer will decide on whether he will continue to serve the church here or not.

DIVORCE EVIL IS SUBSIDING

WASHINGTON, Oct. 1.—The Department of Commerce announces that, according to returns received, there were in the United States, for the calendar year 1922 1,126,418 marriages performed and 148,554 divorces granted.

For the calendar year 1916, the last year which these statistics were collected by the Bureau of Census, 1,040,684 marriages and 112,036 divorces were reported.

There were 1,033 marriages and 136 divorces in 1922 per 100,000 population, as compared with 1,055 marriages and 112 divorces in 1916.

The District of Columbia leads in matrimonial loyalty, the records showing that there are 35.8 marriages to one divorce. Nevada is the lowest state. The records show that in Nevada there are more divorces granted than marriages performed, the ratio being only nine-tenths marriages to one divorce, or one hundred divorces to every ninety marriages.

Texas does not rank very high—there being one divorce granted to every 4.9 marriages. New York maintains a record of 22.6 marriages to every one divorce granted.

The Department of Commerce's report shows that the Western states have more unsuccessful marriages than any other section of the United States, with the Southern states coming second, while the ratio of divorces to marriages is the lowest in the Northern and Eastern states. Oregon stands only 2.6 marriages to one divorce; Wyoming, 3.9 marriages to one divorce; Arizona, 4.7 to 1; California, 5 marriages to one divorce; Colorado, 5.5 to 1; Idaho, 4.9 to 1; Montana, 4.3 to 1; Oklahoma, 4.8 to 1; Missouri, 4.7 to 1; while the states farther North record that Pennsylvania has 10.2 marriages to one divorce; North Dakota, 11.4 to 1; North Carolina, 16.8 to 1; Massachusetts, 16.1 to 1; Connecticut, 11.7 to 1; Maryland, 16 to 1; New Jersey, 13 to 1.

While there are a few Southern states which rank in the higher class of marriages to divorces, and a few Northern states which rank in the low class, the Northern states make the best showing in maintaining the sacredness of the marriage vow. As Southern states, Louisiana holds a good record with 12.5 marriages to each divorce granted. Mississippi has 10.9 marriages to one divorce; Georgia leads the Southern states with 19.4 marriages to one divorce. Among the Northern states with low record are Indiana with 5.4 marriages to one divorce; Maine 5.8 to 1; Michigan, 5.8 to 1; Ohio, 5.2 to 1.

I have for sale at a bargain, a well improved farm, 200 acres, 75 in cultivation, well improved. Plenty of water. Will sell at a bargain. Close to Byrds oil field. This land is not leased. It lies 3 1-2 miles Northwest of Grosvenor, Brown county. R. M. Gabbest, Norton, Texas.

A CALOMEL YOU CAN SAFELY TAKE

Harshness of Ordinary Calomel Eliminated in Pepsinated Calomel, New English Calomel Treatment for Torpid Liver.

How many times have you heard that "calomel is the only sure way to reach the liver?" Your grandfather knew it, your mother knew it, your doctor knows it—you know it yourself! Calomel is the certain way to stimulate liver to healthy activity, but ordinary calomel is so harsh in its consequence that you can hardly be blamed for not wanting to take it.

There is no reason to deprive yourself of the fine effects of calomel since the discovery of Pepsinated Calomel. It is the best imported English calomel treated with pepsin. It has all the cleansing power of English Calomel, (recognized as the standard of purity), with the soothing qualities of pepsin so that you get the full benefit of calomel without griping, nausea or discomfort. Pepsinated Calomel is especially fine for children. They willingly take it when they cannot be bribed into taking disagreeable medicine.

John A. Weeks and all reliable druggists recommend and guarantee Pepsinated Calomel to bring relief between sundown and sunup or your money refunded. Try it—we guarantee you'll feel better tomorrow. (Adv.)

NEGRO SCHOOL HAS GOOD ENROLLMENT

The school for colored children opened here Monday with an enrollment of twenty-six children. There were thirteen negro children in the school Monday morning and the enrollment was double in the afternoon. Mrs. L. C. Parker is in charge of the school.

The last scholastic census shows fifty-six negro school children in the Ballinger Independent District within the scholastic age. Mrs. Parker reports that others who have moved in since will run the total up to more than seventy, and she states that she expects to have at least that many in school when cotton picking is over. This is more than one teacher can handle, all of which means more trouble for the school board.

HGC REGISTERED RELIEVES 1 TO 3 DAYS

A Special prescription for infectious diseases of the urinary tract. Painless; non-poisonous. Package contains all needed, will not cause stricture. $3.00 at Druggists or prepaid. MANUFACTURED BY ACME CHEMICAL MFG. CO., Ltd., New Orleans, La.

36TH DIVISION TO MEET IN FORT WORTH, NOV. 12

FT. WORTH, Sept. 29.—Veterans of the famous Thirty-Sixth Texas Division who attend the four-day reunion here in November will be given every type of treat in an athletic way, according to members of the reception committee. Plans are under way for the events of the reunion. The reunion is scheduled to open on Nov. 12th.

On three days, football games are expected to take place. Other atheltic events included will be: golf, soccer, handball, basketball, volley ball, croquet, and horseshoe pitching. Committees have been named to plan a series of events in each of these sports.

No griping—nicest cathartic-laxative on earth for Men, Women and Children. 10c boxes, also 25 and 50c sizes—any drug store.

WAS IT A SKIN GAME?

A message received at Coleman Sunday morning addressed to Mrs. D. W. Watson, announced the death of her brother, R. W. (Kit) Carson in Oklahoma City. The message was from Mrs. T. W. Stribbling of Dallas, who is a sister of Mrs. Watson. Mrs. Stribbling had received the message from a person in Oklahoma City who stated the body was held at an undertaking establishment in that city and asked as to what disposition to make of the body. Upon receipt of the message Mrs. Watson conferred with Walter C. Woodward who communicated with the undertaking company by telephone. Before talking to Oklahoma City, however, he got in connection with Teague, Texas, where Mr. Carson was employed at last account. The person at Teague informed Mr. Woodward that R. W. Carson had not been off his job but was at work up to midnight Saturday. That information created a doubt in Mr. Woodward's mind as to the accuracy of the report that R. W. Carson had been killed in Oklahoma City. When the Oklahoma party answered the phone call, he informed Mr. Woodward that $300 was needed to defray the undertaker's expenses and send the body to Coleman. After further questioning Mr. Woodward concluded that it was a case of mistaken identity or else an attempted "skin game," and he directed that the matter be held in abeyance until further notice. Sunday night, telephone communication was had with Mr. Carson at Teague and he was very much alive after a day's fishing trip. Mr. Woodward has written the Oklahoma undertaker to find out the facts in the case, but up to last account had not received a reply.—Coleman Democrat-Voice.

COURT GRANTS ELEVEN DIVORCES

Out of about one dozen and a half divorce cases on the docket, District Judge Woodward had heard one dozen of them up to noon Thursday when court recessed for the week. Out of the dozen passed on eleven separations were arranged for and one plaintiff was turned down on the grounds that proper notice had not been served on the defendant. About half dozen cases are still pending on the divorce docket.

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. • Very Pleasant to Take. • 60c per bottle.

DR. LOVE BUYS RHO-MAC CAFE BUILDING

H. E. Wood, formerly owner of the Maeroy Theatre of this city, and now engaged in the grocery business at Eden, was here Friday to close the deal in which he sells to Dr. A. S. Love the building occupied by the Rho-Mac Cafe. Mr. Wood stated that he purchased the building some time ago, and bought it with a view of occupying it himself some time, but that he was doing a good business at Eden and decided that he would remain in that town.

WINTERS GINS MAKE RECORD RUN

The seven gins at Winters are running on full time, according to reports from that city, and are not able to keep up even at that. Many wagons of cotton line up and wait for hours before their turn. The rush would be greater if pickers were available. The cotton is being moved as fast as the pickers and gins can handle it.

Tuesday of this week the Winters gins turned out 558 bales of cotton, and are tieing out an average of better than 500 bales per day.

Mrs. W. B. Halley went to Temple Sunday afternoon to visit her mother for a few days.

NAME STANDING COM. FOR LEAGUE

The Directors of the Young Men's Business League held a busy session Thursday morning, and passed on a number of questions pending before the board.

The committee appointed to audit the books and outline a finance program made its report, and further work outlined for the finance committee.

The directors appointed standing committees and also appointed fifteen associate directors. Following are the names of those appointed:

Finance Committee: John A. Weeks, J. L. Chastain and A. J. Thorp.

Membership Committee: E. E. King, M. B. Wardlaw and H. C. Gardner.

Entertainment Committee: M. McGregor, F. M. Pearce and E. M. Lynn.

Good Roads Committee: R. T. Williams, J. E. Pirie and C. L. Baker.

Publishing Committee: Troy Simpson, Scott H. Mack and N. K. Freeman.

Associate Directors: W. A. Francis, E. J. Cathey, T. H. Chancey, Roy Reeder, Joe Beck, W. S. Moss, R. G. Erwin, R. L. Harwell, R. E. George, L. R. Tigner, R. W. Bruce, V. Weinberg, T. F. Bridwell, Elmer Shepperd and G. P. Teague.

Miss Winnie Trail was employed for October and November, and will continue to look after the office work.

The board fixed the time for regular meetings, agreeing to hold two meetings each month at 7:30 a. m. on second and third Mondays.

A resolution was adopted extending to the band boys the thanks of the business men for their work on the recent trade trip.

It was decided to hold a public meeting in the near future, at which time the policy of the league will be explained, and work for the ensuing year outlined. The time and place of meeting was left up to the entertainment and membership committees to work out.

A Remarkable Record

Chamberlain's Cough Remedy has a remarkable record. It has been in use for colds, croup and whooping cough for almost half a century and has constantly grown in favor and popularity as its good qualities became better known. It is the standard and main reliance for these diseases in thousands of homes. The facts that it can always be depended upon and is safe and pleasant to take are greatly in its favor when it is wanted for children.

COLEMAN YOUTH MEETS TRAGIC DEATH

E. M. Jones, age 18, son of Mr. and Mrs. W. C. Jones, of Coleman, was killed in Vaughn, New Mexico, by a train Wednesday morning. According to a report of the tragic death of the young man, as given by the Coleman Democrat-Voice, he was en route to California with a train load of cattle, and it is presumed that he was either run down, or fell from the train while in the freight yards at Vaughn. His parents at Coleman were notified and the remains arrived there Thursday afternoon for burial.

The deceased was known in Ballinger, and he was a student in the Ballinger schools a few years ago. He attended A. & M. College last year, and went to New Mexico where his sister lives in the summer, and had been working for the Radford Grocery Co. The trip to California with the cattle train, it is presumed, was taken as an adventure and to see more of the country.

The young man is the first to die in a happy family of eight children, two boys and six girls.

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions.
HALL'S CATARRH MEDICINE consists of an Ointment which Quickly Relieves by local application, and the Internal Medicine, a Tonic, which assists in improving the General Health.
Sold by druggists for over 40 Years.

PUBLIC AUCTIONS ARE BANNED IN HOUSTON

HOUSTON, Oct. 1.—Public auctions henceforth are prohibited in Houston. A new city ordinance to this effect has just become effective. The ordinance makes it unlawful for any person or firm to auction any gold, silver, plated ware, precious stones, clocks, jewelry, clothing and similar articles.

The act, according to city officials, is aimed at establishments that open a few months before the holiday seasons and dispose of alleged inferior goods. The ordinance does not apply to judicial sales nor sales of licensed pawnbrokers.

Fines for violation of the act range from $50 to $200.

Card of Thanks

We wish to express thru columns of The Ballinger Ledger our appreciation for a contribution of $20.50 given us by the Ku Klux of Norton community. We thank each one for their remembrance of us.

Respectfully,
Mrs. A. Morgan and children.

GETS NEW SQUAD OF COMPRESS HANDS

H. S. Colvin arrived here from Kennedy Thursday at noon with about thirty negroes and delivered them to H. A. Sparkman, manager of the local compress. The negroes are experienced compress hands and will be used at the local compress. Mr. Colvin returned home Thursday afternoon. He stated that compressing was about over in South Texas.

When the negroes unloaded here Thursday at noon, farmers who were at the train on the look out for cotton pickers, looked on eagerly, but were soon informed that the negroes were "engaged." Quite a bunch of Mexicans and white cotton pickers arrived Thursday, but they were soon rushed to the cotton patch.

FINED FOR DRIVING THRU FUNERAL PROCESSION

More than a year ago the city of San Angelo passed an ordinance prohibiting any one from driving through a funeral procession. The first violation of the law was recorded Wednesday of this week when Davis Ivey plead guilty to the charge and paid a fine in the San Angelo court. It was the first case of the kind recorded.

OLD TRAIL DRIVERS REUNION POSTPONED

Col. G. G. Odom is in receipt of a letter from George W. Saunders, of San Antonio, stating that the reunion of the Old Trail Drivers has been postponed until Nov. 2 and 3, on account of the serious illness of Mrs. Saunders. Col. Odom is a member of the Old Trail Drivers Association and plans to attend the reunion.

REVOLT RAGING IN GERMANY

LONDON, Oct. 1.—The situation in German internal affairs is growing serious with the breaking of new revolutionary movements. A revolt originating by the nationalist organizations has broken out at Kuestrin, fifty miles from Berlin, according to a Reuter Telegraph Company dispatch.

The insurgents attempted to disarm the garrison and occupy the fortress, but the commander of the Reichswehr arrested the nationalist leaders and drove back the attackers. Detachments from neighboring towns have been summoned to Kuestrin and ordered to suppress the revolt ruthlessly. A censorship has been imposed on all military news sent from Germany as a result of the insurrection.

BERLIN, Oct. 1.—A German parliamentary crisis is predicted in some quarters here. Political circles say that the socialists will withdraw from the government as a protest against the manner in which the party has been discriminated against in Bavaria. It was further stated that Chancellor Stressemann will form a purely bourgeois cabinet, retaining the chancellorship.

A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.
Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

SAFETY FIRST WELL IS READY TO DRILL

The underreaming in the Safety First well has been completed and all the casing will be in place by Tuesday when drilling will be resumed. The drillers only had one joint of casing to set Monday morning, and it was announced that as soon as this was in place the drill would begin to work.

This will probably be the final stroke to determine the value of the Safety First well, the test which has been under development longer than any other well in this section of the state and has attracted much attention.

The outcome of the project will probably be determined during the month of October, and it will be definitely known whether the well is to be a producer or a dry hole.

"UNCLE BILL" ADAMS LEAVES BROWNWOOD

W. N. Adams, better known as "Uncle Bill" Adams, and at one time a member of the Texas senate from this district, has moved from Brownwood to Cochran County, where he will make his home. Mr. Adams lived in Brown County fifty-two years, and recently sold his home in Brownwood, which he had owned for forty-seven years. He was one of the first men to settle in Brown County.

MAN KILLED BY TRAIN AT BRONTE

SAN ANGELO, Oct. 1.—John L. Stephenson, 73, prominent citizen of Abilene, who was struck by an Orient passenger train at Bronte Saturday night, died in San Angelo at 11:00 o'clock Sunday night. He was brought here for treatment at a local hospital, but died just as he was being removed from th etrain for the trip to the hospital.

BRONTE, Sept. 30.—John L. Stephenson, of Abilene, well-known former newspaper man, was fatally injured at 8:30 o'clock when struck by a Southbound Orient passenger train while crossing the track near the depot.

Mr. Stephenson had been in Bronte for some months.

For a period of about one and one-half years, several years ago, Mr. Stephenson was editor of the Abilene Reporter. He had a wide acquaintance among the newspaper folk of the state.

•••••

Day by day we are getting closer to fair time.

•••••

The Abilene fair was a financial success and broke all former records for attendance, so say the men in charge.

•••••

If cotton keeps going up the time will soon come when the clothing salesman will guarantee that "it's all cotton."

•••••

A Chicago gas company says their records show that 1,285,000 persons, or more than 300,000 families in that city move every year. That many people would make a city on wheels.

•••••

Money may not be growing on trees in Runnels county, but it is a mighty good time to shake the bush when the farmers are calling for help to save the cotton crop.

•••••

A Dallas woman found a new Keeley cure, and placed snakes in her husband's room to do the work. The husband is now asking for a divorce. Not the first time, however, that the serpent has been woman's undoing.

•••••

Warrants already issued by the State of Texas to the amount of more than three million dollars, cannot be paid until next March, according to the man who does the paying. More going out than coming in, is said to be the cause.

•••••

If all the names so far mentioned for governor of Texas are submitted to the voters, the next election ticket will be in the form of a newspaper and a Sunday edition at that. And no real gubernatorial timber has been selected either.

•••••

Parties returning from the Abilene fair declare that a good program of entertainment is being furnished, but expect greater things of Runnels county in the way of agricultural and livestock exhibits when the big show is put on here in November.

•••••

GOOD ROADS BENEFIT FARMERS

Every man, woman and child in the United States has a personal interest in good roads.

The farmer and the motorist have the most immediate and practical interest, but the interest of others is no less vital that it expresses an indirect relation.

The farmer wants good roads because he can make more money with good roads than with poor roads. If the farmer can make more money, he spends more, which means greater prosperity for the whole nation. And if he can do with less money, good roads enable him to sell his products for less and still make as much as at present; that means lower prices for food.

Everyone who lives in a rural or suburban location is interested in good roads, because they decrease the time distance which separates the rural or suburban home from the city. Every rural or suburban dweller needs to get to the city sometime; the less the time distance the less it costs.

Everyone who lives in a city wants at times to get into the country. The good road is the means. If there are no good roads, there is a sharp line drawn between city and country, which makes for the good of neither.

The more good roads the more travel. The more travel, the more understanding of people by their neighbors, and the less possible is misunderstanding, strife, rivalry, or political discord.

Roads are a part of the foundation of Americanism. Let us all work to make that foundation broad and long and lasting.

•••••

WHAT IS NEWS?

An item making comparision with the amount of space given by methopolitan newspapers to recent prize fights with the attention given in the same papers to industry has made an impressive round of the country newspapers. It has probably appeared in half the weekly papers in Texas. Part of the item is as follows:

"Contrast the publicity given to these events with the few lines that are sent out over the wire when a railroad places a $50,000,000 order for equipment or material which will give employment to thousands of workmen for months; or when a hydro-electric plant, built at a cost of from $25,000,000 to $100,000,000, turns in the water that makes electric current for thousands of homes, farms and factories; or when a telephone cable is laid at an expense of $35,000,000 from Chicago to New York for the better service of millions of people. Such event may be given a paragraph over the wires.

"And so it goes. Industry that furnishes the bread and butter and keeps the wheels of progress going is such an ordinary occurrence it is given scant attention and is not considered 'important news'."

With a few exceptions the big daily newspapers give prominent space to sensational events. The idea is that their readers want such news. A police raid on a hooch party is sure of a liberal amount of space in such news papers. Small city dailies and country weeklies may after all, be preserving a better prospective of the affairs of men and women. But they are closer to the soil, to production, to the fundamentals of good citizenship.

•••••

IT TAKES MONEY TO DO IT NOW

There was a time when a politician who wished to exploit himself could take a few dollars and start a newspaper. Not so today. It takes money to spread the ink, and the reading public is demanding more for their money. The life of a political organ, or "machine" paper is very brief.

Governor Walton of Oklahoma, launched a newspaper to "tell the people the truth." He paid $1200 for one edition of the paper and evidently decided that it cost too much to "tell the people the truth," as the four page paper appeared one time. The politician who adopts a newspaper as his political plaything, will do well to examine his bank account before he starts the game.

•••••

FACTS DEFLATE PESSIMISM

E. T. Meredith, former Secretary of Agriculture, cites following facts from the United States Department of Agriculture: On July 1, 1922, the price of corn per bushel on the farm was 62.2 cents and on the same date this year it was 86.5 cents per bushel.

The farm price of winter wheat slumped from 93 cents to 87 cents per bushel; oats increased from 37.3 cents to 42.5 cents per bushel and barley from 52.2 to 55.7 cents per bushel.

These prices were taken as of July 1 each year, and are the farm prices, not the price at marketing centers from which transportation charges have to be deducted.

The department also furnishes statistics on the production in bushels of each crop and its value at the prices given above.

These figures show that the total value of these principal grain crops on July 1, 1922, was $3,183,682,000, while on July 1 of this year the total market value at the farm of these same grain crops was $3,683,506,000, or $499,824,000 more than last year.

It is time to deflate pessimism in this country, political pessimism not sustained by facts. This does not mean that everything is rosy with the farmer.

He has borne an unjust share of the post-war liquidation. The prices of the things he is called upon to buy are still too high. But this does not mean that conditions are steadily getting worse or that the American farmer is bankrupt.

•••••

ROAD SIGNS AND BAD BOYS

In his charge to the grand jury recently Judge Woodward instructed the jury to look into the law governing the posting of road signs and mile posts. The road sign law is a good law and should be observed.

However, the court could have gone a little further in its charge and instructed the grand jury to look into the law protecting road signs and mile posts. Drive out on almost any road a few miles and you will see signs which cost considerable money, shot full of holes or battered up with rocks.

It is a violation of the law to destroy or damage mile posts, road signs and advertisements placed on the highways, and the boy or man who stoops to such devilment is headed towards the penitentiary when the temptation to go a little stronger in crime overtakes him.

Catch the fellow who deliberately wrecks and destroys property, make an example of him for others to follow, and then enforce the road sign law, and travelers will experience no trouble in finding which way they want to go.

•••••

MORE RACKET THAN RUMPUS

We are in receipt of a copy of the Oklahoma City Daily Oklahoman, and also a copy of the Tulsa World, papers made at the seat of the Oklahoma war, and the papers do not picture Oklahoma at what it seems to be from a distance.

Any one of the larger daily newspapers of Texas of same date carry more news concerning the Oklahoma disturbance than either of the papers coming from the seat of the trouble. This is also in keeping with reports brought back by people who have visited in Oklahoma.

While the feeling between the Klan and the Walton faction is pretty bitter, and while it would not take much to start a real rumpus, at the present time there is more racket than rumpus, and according to first hand reports from Oklahoma, business is moving along as though there was no military rule.

It is very evident from reading the papers that there are three sides to the Oklahoma controversy. One side is charging the Klan as being responsible for the trouble. Another side is charging the governor with it, while the third faction says both the governor and the Klan are to blame.

•••••

JEWS

In the United States are 3,600,000 Jews. And 1,643,000 of them live in New York city. This gives New York a larger Jewish population than any other city in the world. Warsaw is second, with 309,000, Vienna third with 300,000 Jews.

Now, 3,600,000 is not a large number in a population as enormous as America's, yet there are more Jews in America than in any other country. The world's total Jewish population is not more than 16,000,000. The Jews are outnumbered over 10 to 1, but they are a powerful people. Their power is the result of centuries of oppression. Obstacles develop strength.—San Angelo Standard.

•••••

A COMMUNITY LOSS

This is not an insurance advertisement, but we are saying this because property loss of the individual also is a loss to the community.

Almost every day we read accounts of the burning of a home while the occupants were away, or asleep. Often everything in the home goes up in smoke, and the story of the fire ends with the words: "they had no insurance."

No, this is not an insurance advertisement. It is just a little human interest article to warn you that you are taking big chances when you leave home, or retire for the night without your property being protected by a good insurance policy.

It is sound common sense to use every precaution possible to safeguard one's property, both personal and real. Homes are not built in a day, and often a home loss is hard to replace, and the family is left outdoors, or must move into a rented house.

Often fires rob the family of everything they have. This is true with families living in rented houses which are often destroyed. So heavy comes the loss to almost every family that they are for a time left destitute; neighbors care for them until relatives can be appealed to for aid.

The loss of evrey home is a loss to every community, and the man who does not provide for protection is using poor judgment, unless he is financially able to carry his own insurance, which is not the case with a majority of the home owners.

The Annual Fall Game

The Quinine That Does Not Affect the Head

Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE. 30c

BALLINGER MAN PATENTS PHONOGRAPH

Patent No. 575,771, has been issued to E. V. Bateman, of this city, on a new make phonograph which promises to find a ready sale on the market. Mr. Bateman perfected the machine some time ago and has been negotiating with his attorney in getting the patent, and received notice this week that the patent had been granted.

The new machine manufactured by Mr. Bateman has some features which make it very attractive, and which will no doubt prove successful as a tone reproducer. Mr. Bateman is considering sale of the patent, or he may organize a company and place the machine on the market himself.

22 WEDDINGS FOR THE MONTH OF SEPTEMBER

September was not a bad month for weddings in Runnels county, although it dropped down considerably lower than for the spring months. The marriage records show that twenty-two permits to wed were issued during the month of September. The rush on Saturday, before the last day of the month, however, is all that sayed the record. Six marriage licenses were issued Saturday. Business has been dull for the first two days of October, not a single love-sick benedict having been made well.

Tell L. E. Bair your land troubles. 3-1d-1w

When a man with but a single idea gets there he hasn't enjoyed the trip very much.

Too many people will give three cheers for something they won't give anything else for.

For Sale

Two phonographs, made in Ballinger, with Bateman patent; $200 machine for $100.00, one $150.00 machine for $75.00; one Edison with 20 records for $15.00. Call on E. V. Bateman or phone 102. 3-1td-1tw

After everybody gets well educated there will be nobody left to do our work for us.

Two-faced people are so busy looking in both directions they can't see where they are going.

ALPINE, Tex.—Brewster county is ready to start on a road building program representing an expenditure of approximately $500,000. Bids are advertised on 24.25 miles of the Robert E. Lee Highway which will be one of the chief connecting links between the road systems of Terrell and Jeff Davis and Brewster counties.

Found booze shipped by mail in South Carolina. Now everybody is meeting the postman.

New York leads in the baseball leagues but not in the anti-saloon league.

DELCO PLANTS SELLING FAST IN THIS DISTRICT

Jno. W. Young, the Delco representative for this territory, was in Ballinger Wednesday morning and reported that Delco plants were selling fast. Mr. Young is selling on a co-operative plan and is delivering the plants in car load lots at a big saving to the buyers. For the first week in October he reports the following sales: Jno. Simecek, Rowena; Frank Schwertner, Miles; H. B. Halfmann, Rowena; E. M. Setser, Norton; Dr. Mitchell, Norton; Jim Miller, Wingate; and J. B. Parks, Winters.

An error was made in Mr. Young's ad for the Delco in last week's Banner-Ledger, when it was stated that the machine was "rubber bearing." The plants are "roller" bearing.

BROWNSVILLE — Imported beetles from Australia are proving their value as destroyers of a citrus tree scale which appeared in some orchards in this section this season, according to County Agent Alsmeyer. A colony of beetles was imported recently to combat the scale. Beetles will be sent to other parts of the valley.

AUSTIN—As result of numerous recent false fire alarms here, the city council is considering adoption of an ordinance which would subject those turning in such an alarm to a fine of from $25 to $200. Fire department officials say the ordinance would serve as a "cure" against false alarms.

HOUSTON—The last chapter in the existence of Camp Logan, army camp located six miles from Houston, was written when 110 buildings and quantities of supplies and fixtures were sold at auction. During the World War, the camp was among the prominent stations of this section. Recently, however, when the Veterans' Bureau leased the Kerrville hospital, the remaining staff at the camp was transferred there.

HOUSTON—A movement has been launched here to obtain a fireboat for the Houston port turning basin, as protection against fires. A towboat company has offered the navigation district a vessel for the purpose with the provision that the navigation commission equip the vessel.

FREEPORT, Texas—Freeport will be enclosed by a fence in the near future. The fence is being constructed to keep cattle out of the town. Two sides of the town are bordered by a drainage canal and a barbed wire enclosure is being placed about the remainder.

TOWN SUFFERS FROM A HOUSE SHORTAGE

People are being forced to go elsewhere to locate on account of being unable to get places to live in Ballinger. Ballinger can get no "newcomers" unless some scheme is worked in advance to locate a house in which to live, and that scheme is worked by watching chances for a vacancy, or by "squeezing in" and renting rooms in some home for light housekeeping until the new settler can locate a home.

This house shortage is working a hardship on Ballinger. It is not only retarding the city's growth, but it is preventing people from locating here who would make good citizens and add to the social and commercial life of the city. More houses have been constructed here during the last eighteen months than during the same period for several years previous, but the growth in new homes is not what the increase in population demands. There would be more homes in Ballinger today, if there were more houses. In many instances two or more families are living in one house.

A building loan association would find plenty to do here, and properly handled the money invested in such an organization would bring good returns, because rent is high, and houses built could be sold on time at a good profit and on profitable interest bearing paper.

GILMER, Tex.—U. S. Senator Morris Sheppard and Lieut. Gov. T. W. Davidson will be the principal speakers at a farmers' short course to be conducted here the latter part of this week. Experts along agricultural lines will be present to instruct farmers.

STOPS INDIGESTION NOW!

With the High School Classics

By MARGARET BOYD

(© by Margaret Boyd.)

"And if aught else great bards beside
In sage and solemn tunes have sung,
. . . Where more is meant than meets the ear."
—Il Penseroso.

"Well, the world has a million writers. One would think, then, that good thought would be as familiar as air and water, and the gifts of each new hour would exclude the last. Yet we can count all our good books; nay, I remember any beautiful verse for twenty years," wrote Emerson.

The classics, what Emerson calls "our good books," have, after all, changed little since Milton's day. He and succeeding writers have added a few volumes; but in general the classics of three centuries ago are the classics of today. Plato, the Greek tragedians, Homer and Shakespeare are writers whose works will endure as long as our civilization endures.

What causes a book to endure? Emerson says: "Only those books come down which deserve to last. All the gilt edges and vellum and morocco, all the presentation copies to all the libraries will not preserve a book in circulation beyond its intrinsic date. Blackstone, Kotzebue or Pollock may endure for a night, but Moses and Homer stand forever. There are not in the world at any one time more than a dozen persons who read and understand Plato—never enough to pay for an edition of his works; yet to every generation these come duly down, for the sake of those few persons, as if God brought them in His hand. . . . The permanence of all books is fixed by no effort friendly or hostile, but by their own specific gravity or the intrinsic importance of their contents to the constant mind of man."

Whatever other characteristics a classic may possess, it is safe to say of it that "more is meant than meets the ear." Children reading the classics in high school rarely enjoy them—what meets the ear is of less absorbing interest than the latest newspaper scandal, and high school pupils are usually too immature to get the meaning that does not meet the ear.

That meaning becomes clear only after one has lived with a book for a long time. One test of a classic is the number of times it will bear rereading. "Julius Caesar," for example, reveals new meanings on the hundredth reading, and would probably do so on the thousandth reading. It was of such books that Thoreau wrote: "It will be soon enough to forget them when we have the learning and genius which will enable us to attend to and appreciate them."

SCHOOL FOR THE 36TH DIVISION OFFICERS

AUSTIN, Oct. 2.—A school of instruction for all officers of the Thirty-Sixth Division, Texas National Guard, will be held at Camp Mabry here next April. This decision has just been reached by the adjutant general's department after conference with Maj. Gen. John A. Hulen, commander of the division.

Over 500 officers will attend the school, which will discuss military problems of every description. The school is planned to be held separately from the annual encampment of the Texas National Guard.

A small want ad in The Daily Ledger often saves you money.

NEGRO GIVEN 37 YEARS FOR MURDER OF KUHN

The jury in the John Smith, negro, murder case, returned a verdict of guilty at ten-thirty Wednesday morning, and fixed the penalty at thirty-seven years in the penitentiary. The case went to the jury at 3:00 o'clock Tuesday afternoon, and it was soon reported that the jury was hung on a question of penalty.

The negro was charged with the murder of F. J. Kuhn, on the Kuhn farm near Rowena, the killing resulting from a quarrel over cultivating a crop. Kuhn was badly beaten about the head, and was shot through the head with his own pistol, which the negro claimed that Kuhn tried to shoot him with, but was overpowered by the negro.

The negro escaped following the murder and was arrested the next day by Nolan county officers near Blackwell. Kuhn's friends gathered here in large numbers following the arrest of the negro and there were threats of mob violence, but the negro was carried from Sweetwater to Colorado, Texas, for safe keeping, and was not brought to Ballinger until feeling against the prisoner had subsided.

Both sides rested in the John Smith murder case at 9:45 o'clock Tuesday morning, and the court recessed until 11:00 o'clock when Judge Woodward delivered his charge to the jury, and argument began. It was expected that about two hours would be devoted to argument, and the case passed up to the jury for its decision at about two o'clock.

The case went to trial Monday afternoon, less than an hour being required to select a jury and about five hours being consumed in introducing testimony. The state rested with the recessing of court Monday afternoon, and the defendant took the stand in his own behalf Tuesday morning.

The negro plead self defense. He stated on the witness stand that the deceased, F. J. Kuhn, had the pistol drawn on the defendant when the defendant grabbed the gun, and in the scuffle which he claims followed, the gun was discharged while he and Kuhn both had hold of it.

The trouble resulted from Kuhn employing hands to cut Johnson grass out of the cotton field which the defendant was alleged to have had under contract to keep cleaned out. The negro denied that th contract provided for keeping down the Johnson grass. Mrs. Kuhn, wife of the deceased, was placed on the witness stand by the state and she testified that the agreement with the negro, John Smith, provided that in case Smith did not keep the grass down that Kuhn had the right to employ hands, cut the grass, and take the cost out of Smith's part of the crop.

There were no eye witnesses to the killing except the defendant and two other negroes, and while the defendant admitted that he killed Kuhn, the lack of testimony made the case a difficult one for the state to handle. The prosecution did not ask for the death penalty.

The time of the court, after the murder case went to the jury, is being taken up in passing on some non-jury civil cases. The petit jury for the week is due to report at 8:30 Wednesday morning when several criminal cases are expected to be called for trial.

It required fifty minutes to select a jury to try John Smith, negro, charged with the murder of F. J. Kuhn, when district court took up the case here Monday afternoon. The first three jurors were selected within ten minutes, but forty-two veniremen were used in making up the jury, and the twelfth man was chosen at 3:00 o'clock.

The state exhausted three of its challenges and the defense exhausted three, most of the veniremen being excused for cause, many of them disqualifying on the grounds of being prejudiced or having formed an opinion in the case. The usual questions concerning the qualifications of the veniremen as jurors were propounded, the counsel for defense testing out the talesman as to their attitude towards the negro race. Several of the veniremen were questioned concerning their affiliation with the Ku Klux Klan. All those so questioned stated that they were not members of the klan.

The Jury:

W. E. Hickman, Winters, merchant
J. P. Tounget, Miles, farmer
A. W. Graves, Miles, farmer
E. T. Branham, Ballinger, grain dealer
J. H. Mitchell, Winters,
W. H. Chapman, Winters, bookkeeper
T. F. Davis, Hatchel, farmer
C. M. Doyle, Ballinger, merchant
J. E. Ray, Winters, farmer
C. H. Alexander, Maverick, farmer
D. G. Hensley, Norton, farmer
Ed Bland, Miles, farmer.

The court began hearing testimony shortly after three o'clock. There are some fifteen or twenty witnesses in the case, and it is not expected that much time will be taken up in examining the main witnesses and the case will probably go to the jury early in the afternoon Tuesday, or possibly by Tuesday. The court appointed Judge J. W. Powell to defend the negro when the grand jury returned the indictment ten days ago.

The negro is charged with murdering F. J. Kuhn, the killing taking place on the Kuhn farm three miles from Rowena about one month ago. The district court room was pretty well filled with people when court convened at 1:30 p. m. Monday, and the case was called for trial, but about one hundred of those present constituted the special venire summoned for the case, and most of those left the court room when the judge dismissed them after the jury to try the case had been selected. The regular jury for the week was excused until Wednesday morning, when other criminal cases will be taken up.

With two juries working district court continued to grind away on criminal cases Wednesday. While the jury in the John Smith, negro, murder case, was still deliberating, another jury was selected and the case of the State of Texas vs. M. Bahm, charged with manufacturing intoxicants, went to trial. Bahm is a Bohemian and cannot speak English, and it was necessary to swear in an interpreter. However, only two witnesses were placed on the stand, both being witnesses for the state.

Sheriff J. P. Flynt and Deputy Sheriff Goetz, of Rowena, who made the raid on Bahm's home near Rowena, both testified that a still was captured and four gallons of liquor found in Bahm's home. At the time of his arrest it was alleged that the defendant made a confession, and this confession was reduced to writing, and sworn to by the defendant, but the court held the confession was not admissable in the trial of the case as it was made in the English language through an interpreter.

The defense did not offer any testimony in the case, counsel for the defendant stating that the state had not made out a case, and only offered a few character witnesses, who testified that Bahm was a law-abiding and peaceful citizen. The case went to the jury shortly after noon and other criminal work was taken up.

The court, after hearing the Laxson case Wednesday called other cases, all of which were either continued for the term, passes up until next week, or transferred to the county court. The following cases were disposed of:

Jim Erwin, negro, charged with selling liquor, passed to next week.

Henry Connor, charged with selling liquor, continued until next term by agreement.

Frank Mosier, charged with injuring private property, transferred to county court.

Russell Grimes, charged with injuring private property, transferred to county court.

Pete Rector, charged with injuring private property, transferred to county court.

Manuel Sutton, charged wits assault, transferred to county court.

Arthur Sutton, charged with abusive language, transferred to county court.

GINNERS REPORT IS MADE PUBLIC

WASHINGTON, Oct. 1.—The Census Bureau announced today the cotton ginnings, the report showing the number of bales of cotton ginned prior to Sept. 25, this year, as compared with ginnings for the same date last year.

According to the report 3,215,390 bales of cotton were ginned up to September 25th, this year, as compared with 3,866,396 bales for the same date last season, and 2,920,392 bales in 1921.

The report includes 111,038 round bales for this year, 76,958 round bales last year, and 70,263 round bales in 1921 on the same date.

Texas had ginned up to September 25th, 2,185,219 bales of cotton.

WASHINGTON, Oct. 1.—The cotton crop is larger by one million and a quarter bales than last year, according to the forecast of the Department of Agriculture today. The department placed the production at 11,015,000 bales, which is 227,000 more bales than was indicated in last month's report.

This estimate is based on the condition of the crop on September 1st, which was 49.5 per cent normal, and indicating a yield of 137.7 pounds per acre.

The condition of the crop in Texas is given at 56 per cent normal with an estimated yield forecasted of 4,168,000 bales.

To remove bilious impurities in the system and be made internally clean and healthy, you need the fine tonic and laxative properties of Herbine. It acts quickly and thoroughly. Price, 60c. Sold by John A. Weeks.

ROSS AND GOOD ARE DENIED NEW HEARING

Sentence was pronounced on Tom Ross and Milt Good at Abilene Monday and it was announced that the two men would be taken to the Dallas county jail for safe keeping until their cases were finally disposed of. Judge Ely overruled motions for new trials, and the verdict of the juries giving the men twenty-five years in the pen for the murder of H. L. Robertson at Seminole last spring. Good and Ross were already under sentence for the murder of Inspector Allison, the first trials being held at Lubbock.

J. E. Pirie returned home Saturday at noon from Austin, where he appeared before the State Highway Commission in the interest of road work in this county. Mr. Pirie stated that the plans for the bridges on Fuzzy Creek, and the bridge near Miles on the Ballinger-San Angelo road, had been approved and the county is now advertising for bids.

Dee Oliver went to Temple on business Friday afternoon.

NEW TEST MADE FOR COTTONSEED

AUSTIN, Oct. 2.—As a result of recent discoveries made by the state department of agriculture with regard to tests of cotton seed germination, a new system of testing has been started by which the seeds are grouped into three different classes, according to a statement of today made by J. M. Del Curto, chief of the division of plant pathology and seeds of the state department.

"There seem to be three groups of cotton seeds with respect to germination," Mr. Del Curto said, in explaining the new system. "These three classes may be named as follows, those which germinate poorly under all conditions; those which germinate well under both favorable and less favorable conditions; and third, those which are peculiarly sensitive to conditions, and germinate well under favorable surroundings of temperature and moisture, and germinate very poorly under slightly adverse conditions. It has been found that a pre-soaking of cotton seeds shows quite uniformly the percentage of live seed."

Until the value of the pre-soaking method is further determined, it was stated that the former regulation method of grading seed will be applied. However, the pre-soaking will be used to supplement the regulation test.

Information regarding the new system has been sent to seed houses over the state by Del Curto. Inspectors of the state department are at this time making extensive inspections of cotton seed.

Ease the pain of a rheumatic attack by rubbing application of Ballard's Snow Liniment. It relieves tenderness and strengthens the joints. Three sizes, 30c, 60c and $1.20 per bottle. Sold by John A. Weeks.

TEXAS IS RICH IN MINERAL WATERS

AUSTIN, Oct. 2.—Texas is rich in mineral waters, if the results of a state-wide survey of mineral water production made by the Bureau of Economic Geology of the State University and the U. S. Geological Survey, are an indication. The statistics collected by the two departments show that during 1922 the state sold 307,478 gallons of mineral waters of various kinds. This production was sold or valued at over $50,000.

The survey was conducted for the university by Dr. J. A. Udden, head of the economic geology department. Many kinds of mineral waters are included in the list investigated. The department probably will conduct an inquiry into the 1923 production also.

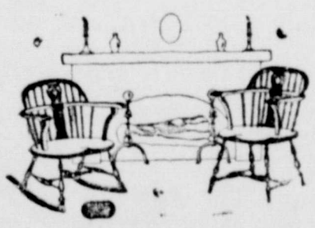

Consider the Future

Take time today to sit down and think over your plans for the future. There is not much opportunity for you to accomplish what you desire unless you have money to carry out your ideas.

So the first step is to start an Account with this strong Bank—then when the opportunity arrives you will be ready.

THE
FIRST NATIONAL BANK
OF ROWENA

The Angelo Furniture Co.
Invites You

—to come to San Angelo's Annual Fair, October 8th-13th, and also extends to you a cordial invitation to visit this store during the week, which is nationally known as "Better Homes Week" throughout the United States.

During July the buyers for the Angelo Furniture Company visited Grand Rapids, Chicago and Saint Louis—the leading furniture markets, to secure for their patrons furniture that would make for them "Better Homes" whether the home be modest or pretentious. Our entire store for the occasion will be especially arranged for your easy inspection of Furniture for Better Homes.

Our Model Home of Seven Rooms

—has been remodeled, redecorated and refurnished to show you a concrete example of how home furnishings, properly arranged will make a "Better Home," and a special invitation is extended to you and your friends to inspect this Model Home during this "Better Homes Week"—October 8th-13th.

We shall also be glad to see you at our display in the Merchants' Exhibit Building at the Fair Grounds.

Angelo Furniture Co.
San Angelo, Texas

HAIR STAYS COMBED, GLOSSY

"Hair-Groom" Keeps Hair Combed—Well-Groomed

Millions Use It—Fine for Hair!
—Not Sticky, Greasy or Smelly

A few cents buys jar of "Hair-Groom" at any drugstore, which makes even stubborn, unruly or shampooed hair stay combed all day in any style you like.

FORDS NOW GOING LIKE HOT CAKES

Perhaps the reason there are not more Ford cars sold in Runnels county is because Bob Harwell cannot get Henry Ford to furnish him with more to sell. Following are the names of those driving out Fords, both new and second hand, including trucks, within the last three weeks:

(New cars)

Walker-Smith Co., touring; C. H. Harville, touring; Henry Kresta, touring; A. Rosalee, truck; J. G. Phipps, touring; J. L. Elkins, H. J. Kasberg, touring; C. J. Weisner, touring; J. S. Craddox, touring (two); C. L. Harter, touring; W. A. Taylor, touring; W. D. Richards, touring; Tom Harvey, touring; C. C. Campbell, roadster; C. Rendon, truck; Mrs. Francis Lehnert, touring; H. C. Norwood, coupe; A. Rellona, four door sedan; Geo. Englert, four door sedan; M. T. Hensley, truck; Lee Smith, roadster; J. C. Wilson, touring; F. A. Sparks, truck; J. E. Howell, touring; F. E. Clayton, truck; H. L. Stooksberry, touring; A. M. Norris, touring; Joe Barina, touring; J. S. Sparks, roadster; Geo. Schneider, truck;

(Second-hand cars)

M. C. Wilson, touring; W. R. Gannaway, touring; C. C. Benson, touring; H. C. Brunson, touring; Bill Collins, touring; Ray Rankin, roadster; Santa Gaitan, touring; W. B. Smith, touring; Sam Smith, J. P. Snow, touring; J. E. Stubbs, touring; Joe Tarrin, touring; John Lill, roadster; Jeff Thomas, touring; Joel Davis, roadster; E. R. Cooper, touring; Fred Cordill, touring; Otto Veram, touring; O. Gomez, touring; T. J. Alexander, touring; Adam Henricke, touring; M. Perez, touring.

How Better Than Pills?

The question has been asked—in what way are Chamberlain's Tablets superior to the ordinary cathartic and liver pills? Our answer is, they are easier and more pleasant to take and their effect is so gentle that one hardly realizes that it is produced by a medicine. Then, they not only move the bowles but improve the appetite and strengthen the digestion.

DAVIDSON TO OPEN SAN ANGELO FAIR

Lieut. Governor T. W. Davidson will be the chief spokesman at the opening of the San Angelo Fair on October 8th, according to announcement of the program committee. The lieutenant governor has announced as his subject "Constitutional Government and Due Process of Law." The program committee says "of course the address will be non-political."

STOMACH MISERY, GAS, INDIGESTION

"Pape's Diapepsin" Corrects Sour, Upset Stomachs at Once

"Pape's Diapepsin" is the quickest, surest relief for indigestion, gases, flatulence, heartburn, sourness, fermentation or stomach distress caused by acidity. A few tablets give almost immediate stomach relief. Correct your stomach and digestion now for a few cents. Druggists sell millions of packages.

ASSOCIATION NAMES MORE COMMITTEES

All those who come into the Parent-Teachers Association before its next regular meeting on the fourth Friday in October will be taken in as charter members. This was decided upon at the meeting held Friday afternoon of this week, and which was well attended. The membership will get busy and interest all parents in becoming members of the new association.

At the meeting Friday afternoon the by-laws and constitution committee reported and their report was adopted. Dues were fixed at 25 cents per year, and at that price the question of cost should not keep anyone out of the association.

Several interesting talks were made at the meeting and those present showed an interest in the work. Mrs. J. M. Pyburn read a paper on the question of "Parental Control." Mrs. A. B. Stobaugh made a talk along the same lines, and outlined many ways in which the parents can co-operate with the teacher by training the child in the home.

Superintendent J. M. Skinner talked on the needs of the high school. Prof. Daniels told of the needs of Central school. The association will follow out several suggestions made for improving school conditions.

The association begins with a membership of fifty-five, and it is expected that a large enrollment will be reported at the next meeting, and after the membership committee does its work. At the meeting Friday the following committees were appointed:

Program—Mrs. A. B. Stobaugh, Mrs. J. M. Skinner, Mrs. H. A. Porter, Mrs. Geo. M. Vaughn.

Membership—Mrs. W. A. Taylor, Mrs. J. M. Simmons and Mrs. H. H. Thomson.

Publicity—Mrs. W. A. Bridwell, A. W. Sledge and Mrs. Horace Murphy.

Child Hygiene—Dr. W. B. Halley, Mrs. R. A. Nicholson and Mrs. Homer Daniels.

Playgrounds—Prof. Smith, Mrs. Horace Strain and Prof. J. J. Bugg.

Ways and Means—Mrs. J. M. Pyburn, Mrs. E. C. Baskin and Mrs. Henry Jones.

Educational—Mrs. C. R. Stephens, Mrs. A. K. Doss, Mrs. A. S. Love, Prof. J. B. Pace, Mrs. Homer Daniels, Miss Rena Walker and Mrs. West.

COMB SAGE TEA IN FADED OR GRAY HAIR

If Mixed with Sulphur it Darkens so Naturally Nobody can Tell.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.

ROWENA GINS ARE RUNNING FAST ALSO

Fred Keichle, cashier of the Rowena bank, was in Ballinger early Saturday morning, and hurried back home to get ready for the Saturday rush. Mr. Keichle reported that more than three thousand bales of cotton had been ginned at Rowena up to date, and the gins were running on full time. Rowena will receive more cotton this year than last, it was stated.

Reports from Austin state that Mrs. John I. Guion, Sr., who was seriously ill with pneumonia, is improving.

TEETHING BABIES need food rich in bone-building materials

Scott's Emulsion provides much-needed bone-food.

PREVENTS RICKETS

ASST. JAILER SPEAKS MANY LANGUAGES

EL PASO, Oct. 1.—The El Paso county jail generally is filled with men representing many nationalities and sometimes it is difficult to find interpreters. But jail officials report that the problem has been solved.

Jake Freeman, assistant jailer, claims he can understand about a dozen languages. He does not understand Chinese or Japanese but it is said most people of these nationalities can speak Spanish. It is not difficult to find a Japanese or Chinaman who can speak Spanish, anyway.

Among the languages that Freeman understands is Jugo-Slav. He speaks English, Spanish, Rumanian, Polish, Russian, German, Swedish, Hungarian, Greek, Arabian, French and even the lingo of the Gypsies. Whenever a new prisoner is brought in whom jail officials cannot understand, he is taken to Freeman.

JURY HUNG ON ONE YEAR'S DIFFERENCE

The jury in the Ford Laxson case was discharged Thursday afternoon, after notifying the court that it was impossible to reach an agreement. Penalty for the crime for which Laxson was charged is from two to seven years in the penitentiary, and it is reported that the jury could not agree on the term of years the young man should be given for the offense charged against him. All efforts to reach a compromise failed and the jury was discharged, divided on the question of two and three years, certain members of the jury holding out for three years while others held out for two years.

FORD MAKES ANOTHER RECORD

DETROIT, Sept. 27.—From a daily output of 5,860 yards in October 1920 to the manufacture of from 30,000 to 50,000 yards of artificial leather a day at present, after two years effort, is one of the interesting achievements of the Ford Motor Company's plant in Highland Park.

Five grades of leather, each suited to a different purpose, are produced and with these the company is able to supply, wholly or in large part, its own side curtains, side quarters, back curtains cushions, cushion facings, tops, sedan roof covering. The artificial leather manufacture, which was first begun as an experiment in 1918, has reached a high state of perfection and now proceeds on the continuous production system.

The principal cloths used are drill, twill, moleskin, sateen and Ford cloth, which is woven at Highland Park. The average length of strip of any of these is 300 to 400 yards, with widths from 36 to 52 inches and weights running between 200 and 500 pounds to the roll.

As soon as a roll of cloth enters the manufacturing section of the department it is placed on a rerolling device and carefully inspected for any possible defect. Next it is weighed and started through the coating ovens where the coating proceeds on a continuous system. As the cloth passes the first station or section, the coating mixture flows onto one side of it and is evenly distributed by a spreading knife. After the coat is applied the cloth passes into a drying chamber which is heated by steam to 210 degrees fahrenheit. By the time it emerges from the drying chamber it is ready for the next coat and so the process is repeated until the desired surface covering is secured, when the cloth leaves the oven.

Before one roll has been run out the starting end of another is sewed on, so that the coating operation may continue uninterrupted. When the cloth finally emerges from the oven with one side hidden beneath a black glossy but flexible coat, it is rewound on a roll and separated from its successor. Then it is weighed to ascertain if sufficient coating mixture has been applied.

Next comes the embossing process by means of which the leather pattern is produced on the coated side of the cloth. This is accomplished through flat and rotary presses, heated by steam to 230 degrees fahrenheit and under pressure ranging on some from 400-500 tons to 600-700 tons on others. After the leather imprint has been made, the cloth goes to the final oven for its finish or lustre coat. After a final inspection it is passed along to go into automobile production.

Approximately 2,100 gallons of coating mixture are required to supply the seven ovens during an eight hour working shift and with the department now operating on a sixteen hour day, 4,200 gallons are used daily.

NR TO-NIGHT Tomorrow Alright

NR a mild, vegetable laxative to relieve Constipation and Biliousness and keep the digestive and eliminative functions normal.

Get a 25c Box — Used for over 30 years

Chips off the Old Block

NR JUNIORS—Little NRs

TO LIGHT UP MANY COUNTRY HOMES

John Young has placed Delco lighting plants in many country homes in the territory comprising twelve counties which he represents during the last few weeks. Mr. Young has sold a sufficient number of Delco plants to justify a car lot shipment, and the order has been placed for the car and it is due to arrive soon.

There will be about forty Delco plants in the shipment, and they will be distributed out from Ballinger and from San Angelo. Part of the car load of lighting plants will be unloaded at Ballinger and the remainder at San Angelo. There are several washing machines included in the shipment, showing that the modern way of washing is reaching the rural districts, where electicity is rapidly being installed for both light and power purposes.

Many country homes throughout the country are already equipped with electricity, and others are being equipped. The good cotton crop and prosperous conditions which prevail are making it possible for the people in the country to install modern conveniences, and in the present age the country home can be furnished with electric lights, motors for power, fans, etc.

To get rid of worms in children give them White's Cream Vermifuge. The little sufferer improves at once and soon becomes healthy, active and robust. Price 35c. Sold by John A. Weeks.

SPECIAL FOR HIGH SCHOOL STUDENTS

Beginning Wednesday The Ledger will carry a series of short stories—half column in length, entitled "With the High School Classics." One of these stories will appear each day until forty-eight have been published.

These stories are written by Margaret Boyd, with quotations from standard authors as bases for the interesting little stories. The Ledger paid considerable for the privilege of carrying these stories, and we trust that the high school students will read every one of them.

The series of stories are not only for the special benefit of the high school students, but the reading public will find them intensely interesting and a little sermonette which will prove helpful to those who read them. See that your Daily Ledger is not destroyed or misplaced until you have read "With the High School Classics."

Mrs. L. B. Stubbs is seriously ill with pneumonia. She was reported to be somewhat improved Friday morning.

Miss Lena Cooper, who had been in the Ballinger Training School for Nurses, completed her training, having graduated, and left Thursday afternoon for Waco.

COOLIDGE CALLS GOVERNORS MEET

WASHINGTON, October 3.—Invitations were sent from the White House today to the governors of forty-eight states, asking them to meet with President Coolidge in a conference on October 20th to discuss law enforcement. The laws as applied to enforcement of prohibition, immigration and anti-narcotic statutes will be discussed at the meeting, it was said.

WASHINGTON, Oct. 1.—President Coolidge contemplates holding a series of conferences soon with treasury officials and members of the House ways and means committee to consider whether the tax revision program should be taken up at the forthcoming session of congress or not.

BALLINGER BEAT THEM TO IT

The gasoline dealers at Brownwood put on foot a move to close their filling stations on Sunday. The pastors of that city met and endorsed the move, and the lid goes on in the bayou town.

A certain good lady in Ballinger visited the Ballinger gas dealers, and asked them if they could not get together and agree to remain closed on the Sabbath day. Without an exception they all very readily assented and the agreement was reduced to writing and all filling stations remained closed last Sunday for the first time, and as far as we have been able to find out everybody got by in good shape and got about all the Sunday joy riding they were entitled to.

Now it is up to the public to help keep the rule in effect. Fill your gas tank on Saturday, and don't be responsible for causing any dealer to violate his agreement. Men in all lines of business sometimes cater to the trade by being accomodating, and it is their desire to please, but if the gas dealers will live up to their agreement it will encourage others to observe the Sabbath.

As a matter of fact it is just as much against the law to sell gas on Sunday as it is to sell a pair of shoes or a piece of bacon, and there are some other things being sold in Ballinger on Sunday in direct conflict with the Sunday selling laws.

Friends and relatives were much concerned over the condition of J. S. Hall, one of the pioneer men of Winters, during Saturday and Sunday, however, his condition is improving. Mr. Hall is 78 years old and was stricken suddenly ill at his home Friday evening, while his daughter, Mrs. Kate Vancil was at the bedside of Claud Vancil, whose death occurred the same evening. Mr. Hall finally got to a telephone and summoned a physician, who rushed immediately to him.—Winters Enterprise.

A message was received on Thursday afternoon by Mrs. C. L. McCartney announcing the death of Mrs. Bettie Brinkley of Lebanon, Tenn., oldest sister of Judge McCartney. Judge McCartney had been in Lebanon with his sister for several days before her death.—Brownwood Bulletin.

Herbert Dean is wearing a bandage over his left eye as the result of being burned by battery acid.

N. Passur has sold his home on Sixth Street to E. Shepperd, and will move his family down town and make temporary home in the second story of the building he is occupying with his confectionery store. Mr. Shepperd purchased the house as an investment.

Miss LaVisa Eskridge, nurse in the Halley & Love Sanitarium, underwent an operation Thursday. She was reported to be getting along as well as could be expected in so short a time Friday.

Stuart L. Williams and C. S. Guin returned home Thursday night from Baylor, Knox, Jones and other counties in Northwest Texas, where they investigated propositions which are under way for creating irrigation districts. Associations have been formed and surveys started for creating two big irrigation districts. One of the proposed districts will include Haskel, Stamford and Aspermont, on the Double Mountain fork of the Brazos River, comprising about 75,000 acres. The other project is on the main branch of the Brazos in the vicinity of Munday, Benjamin, Knox City and other towns, and whil cover about 150,000 acres.

DOES HOUSEWORK AT SEVENTY-FOUR

Mrs. Autrey Says Stella Vitae Keeps Her Young and in Vigorous Health

"I reckon I am a Stella Vitae crank, but this splendid medicine is what keeps me young and able at 74 to do all my housework," said Mrs. M. C. Autrey, a well-known and highly respected resident of Hooks, Texas, the other day.

"I was badly run down and suffered constantly from pains in my back which hurt so I thought they would kill me. I was just miserable from one day to another and felt like my end was drawing near.

"One day an old lady stopped to see me and told me about Stella Vitae and I sent and got three bottles. They helped me so much I sent for three more and became sound and well."

Stella Vitae may be obtained from any druggist and the purchase price will be refunded if it fails to bring relief.

THRILLS MOUNT UP IN "THE STEEL TRAIL"

Real dynamite almost caused a thrill that wasn't scheduled, during the dramatic fourth episode of "The Steel Trail," Universal chapter play starring William Duncan and Edith Johnson, to be shown in Ballinger at the Fo-to-sho Theatre Saturday.

They'd placed the dynamite in the construction shack destined to be blown up for the dramatic climax of the chapter, and Miss Johnson, supposed to be locked in the shanty, arranged to escape just before the blast was set off.

But a railroad man, watching the scene from the real construction camp nearby, precipitated trouble. He carelessly dropped a cigar butt in the dried grass, and a wisp of flame started crawling toward the shack.

Duncan, directing the picture as well as starring, was behind the cameras when he saw it. Shouting a quick alarm, he organized actors, cameramen and others into a volunteer fire brigade and put out the fire only a few yards from the cabin. Miss Johnson was hurriedly removed from danger.

"The Steel Trail," an exciting story of life in a construction camp, is a thrilling account of the difficulties of road building and coping with plots of financiers at the same time. Duncan plays the part of Bruce Boyd, engineer in charge, and Miss Johnson, as Judith, daughter of the railroad's owner, shares many thrills with him. The escape from the dynamite-shack, a thrilling forest fire, a landslide, a perilous leap from a cliff in an automobile and other exciting incidents cram the action. A big cast, including John Cossar, Catherine Calhoun, Ralph Fee McCullough, Harry Woods, Harry Carter, Mabel Randall and others support the two stars.

YOUTH GETS 16 YRS. FOR MURDER

ABILENE, Tex., Oct. 3.—The jury in the case of Thedore Smith, the youth charged with the slaying of former District Attorney Joe Randel, of Jones county, returned a verdict of guilty here today and fixed the punishment at sixteen years in the penitentiary.

Randel was shot from ambush while returning to his home, the shooting taking place in Stonewall county near Smith's home. The 17 year old boy went on the witness stand and testified that he fired the shot to kill a man by the name of Clark who he said "turned his father in to the grand jury" for selling whiskey. He said he did not know that Judge Randel was in the car with Clark. Randel was the attorney employed to defend the boy's father.

BIRTHS

Born to Mr. and Mrs. Will Mountz, a boy—William Joseph Mountz, Jr.—Wednesday morning at 7:00 o'clock.

—x—

Mr. and Mrs. Truman Ray are rejoicing over the arrival of a fine baby girl. The young lady arrived Wednesday, and both the baby and mother are getting along nicely. The father is able to be at his post of duty in the Reeder Dry Goods store.

COURT UPHOLDS F. B. CONTRACT

AUSTIN, Oct. 3.—The State Supreme Court today upheld the validity of the co-operative marketing contract when it overruled a motion for a rehearing in the case of the Texas Farm Bureau Cotton Association against J. C. Stovall, of Ellis county. This was a test suit on contracts made between the farmer and the cotton association to enforce the agreement to market cotton co-operatively.

Clarence Richards, wife and baby, were here from Lawn Friday, spending Thursday night with Mrs. Richard's father, R. T. Williams. Mr. Richards reports good business and cotton moving in a hurry in the Lawn country.

HARD SHOWERS ARE ONLY LOCAL

The hard showers of rain which fell at Ballinger about noon Wednesday did not cover much territory, according to telephonic reports to The Ledger. The long distance operator in the local office says that reports from Norton, Paint Rock and Winters shows no rain at those places, and only cloudy weather is reported with cotton picking in full progress.

Miles and Rowena reported showers, and Benoit received a gully washer over a small area. Chas. Fergason, who was in the Eastern part of the county, says that a little waterspout fell in the Benoit country about 12:30. The rain did not damage cotton to any great extent, the greatest damage being in delaying picking.

Leo Markowitz was here Monday calling on his customers. Mr. Markowtiz was a Ballinger merchant twenty years ago. He is now traveling for a wholesale firm.

Misses Dunn and Patterson, nurses in the Halley & Love Sanitarium, are able to return to their posts of duty in looking after the sick, after undergoing an operation.

Ballinger Now Has Permanent Optical Service

Dr.'s B. and J. Kahn

Optometrists

—are now located at the C. A. Doose Land Office.

The Doctors have been practicing in Runnels County for four years. Satisfactory eye help assured. Have your eyes examined and correct glasses fitted.

School children sometimes are hindered by straining eyes. No charge for consultation. Save the children's eyesight before this school term ends. Glasses will not be advised unless needed. Make reading and study a pleasure. Ask people wearing the Dr. Kahn's Glasses. **Ability, Reliability, Service.**

Ford

THE UNIVERSAL CAR

New Touring Car

Looking at the new touring car from the side, you are at once favorably impressed with the effect of longer, more graceful lines secured by enlarging the cowl and raising the radiator

Slanting windshield and one-man top lend material aid in giving the entire car a lower, more stylish appearance.

An apron connecting the radiator with the fender skirts is also a decided improvement.

A comfort feature much appreciated by owners, is the additional leg room provided by the enlargement of the cowl.

Allow us to show you the entire line of new Ford cars now on display in our show room.

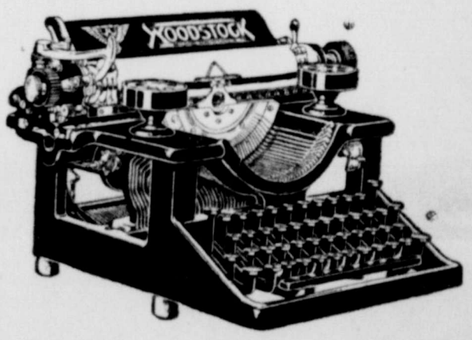

These cars can be obtained through the Ford Weekly Purchase Plan.

If You ever wanted Electricity in Your Home—NOW is Your Chance to get it

Notice!

The Delco-Light Plants referred to in this special offer are standard Delco-Light Plants, fully covered by the regular guarantee as to material and workmanship, and fully protected by the liberal Delco-Light service policy. Each plant has the famous 4-cycle, air-cooled, valve-in-head Delco-Light engine, and the thick-plate, long-lived Delco-Light Storage Battery. Anyone purchasing a Delco-Light Plant as a part of this special carload order is assured of the same satisfaction he would receive in placing his order individually,—the same satisfaction now enjoyed by 175,000 Delco-Light users.

This Is Your Opportunity To Get Delco-Light At a Big Saving

If you have ever figured what electric light and power could do for your home—if you've ever planned to put them in some time—if you have ever wanted them—*now* is your chance. You can buy Delco-Light today—get it installed in your home with the necessary wiring and fixtures—at the greatest saving ever offered in the history of the lighting plant business.

Your Home Needs Delco-Light

Stop just a moment and think what Delco-Light will do in your home. It will give you electric light at the turn of a switch—plenty of clean, safe economical light wherever you want it. It will give you smooth, quiet electric power to do the pumping, milking, separating, churning, washing, sweeping and many other tasks. It will lighten the burdens of the women folks. It will make home a more cheerful place for your children. It will save *you* time and money. It will make the evenings in your home happier. It will bring new comfort to every member of your family.

Co-operative Buying

Here is a real opportunity. I am arranging to order a whole carload of Delco-Light Plants, to be shipped direct to the farmers of this county. I will make a big saving on freight and handling charges. I can make an even bigger saving on installation, wiring and fixtures. And I am going to pass this whole saving along to the farmers in this county who want to save by buying Delco-Light now.

This special carload offer gives you the opportunity to share in quantity buying. It places Delco-Light within your reach at an unheard-of saving in cost. It equips your home with electric light and power at a cost so low that it will surprise you.

The World's Standard Electric Plant

Remember that this is an opportunity to save in buying Delco-Light, the standard farm electric plant. You will get the famous 4-cycle, air-cooled, valve-in-head engine and the thick-plate, long-lived Delco-Light Battery. You will get the standard guarantee that covers every Delco-Light Plant. And you will be protected further by the liberal Delco-Light service policy. You will have absolutely nothing to lose in installing Delco-Light now.

Act Now—If You Want To Save

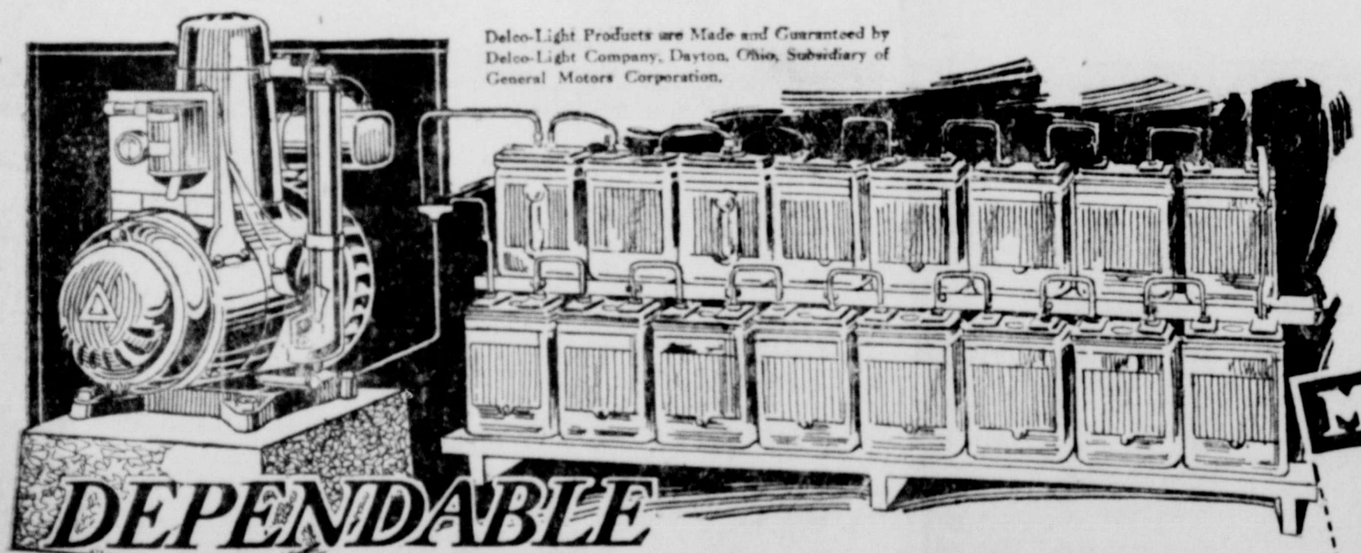

This special co-operative offer is open to only a limited number of farmers in this county. Now is the time to buy Delco-Light if you want to save.

I am ready to send you the full facts and figures about this proposition. I am ready to lay the complete details before you. Just write your name and address on the coupon, clip it out and mail it to me. You will not be obligated in any way.

MOTHER!

Child's Best Laxative is "California Fig Syrup"

Hurry Mother! Even a fretful, peevish child loves the pleasant taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child tomorrow.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

SATURDAY WAS RECORD BREAKER FOR BUSINESS

There were perhaps more people in Ballinger Saturday than have visited this city on any Saturday since the circus times of long ago. The traffic in the business district was congested several times throughout the day, and autos were parked as thick as they could stick in the business section and extended out onto the side streets. Every line of business was swamped in the afternoon. The cotton picking rush is at the peak at this itme, and farmers are busy, but a sufficient number of the hands found time to take Saturday, or part of the day, off, and came to town to do some shopping and mix with the crowds.

However, the real rush will come later when the cotton picking season is over, and cold weather calls for warmer clothing and more of it.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

FEEDER CALF SALE AT THE SAN ANGELO FAIR

Saturday, Oct. 13, the closing day of the All-West Texas Exposition at San Angelo, has been chosen by the Concho Hereford Association as the date for its annual sale of feeder calves.

While this event will not be held on the fair grounds, it is believed that it will be a great drawing card for the fair. Over forty sample cars of yearlings and calves have been signed up to go into the sale ring by members of the association.

An extensive advertising campaign is being carried on and it is expected that a good number of breeders from the corn belt will be here to bid for the fine Concho Hereford "feeders" that will go into the auction ring.

Deputy Sheriff Hightower, of Winters, was here Tuesday assisting Sheriff Flynt in waiting on district court.

J. F. Kubela, of El Campo, is here with his daughter, Mrs. F. J. Kuhn, and attending the murder trial of John Smith, negro, charged with killing Mr. Kuhn.

ASPIRIN

Say "Bayer" and Insist!

BAYER

Genuine

Unless you see the name "Bayer" on package or on tablets you are not getting the genuine Bayer product prescribed by physicians over twenty-two years and proved safe by millions for

Colds	Headache
Toothache	Lumbago
Earache	Rheumatism
Neuralgia	Pain, Pain

Accept "Bayer Tablets of Aspirin" only. Each unbroken package contains proper directions. Handy boxes of twelve tablets cost few cents. Druggists also sell bottles of 24 and 100. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

HOME INTRUDER BADLY INJURED

A man who gives his name as H. O. Radicke, and his home as Gillette, Texas, is in the Ballinger jail suffering with bruises and cuts which will keep him laid up for several days, even should the authorities see fit to release him from custody. He was brought here from Wingate early Sunday morning and after a general patching up he was placed in jail.

Radicke was badly wounded at the hands of a man by the name of Dean, near Wingate, about three o'clock Sunday morning, when Radicke appeared at Dean's home and made an attack on Dean with threats to take his life.

According to an account of the trouble as related to a Ledger reporter, Mr. Dean was aroused by a disturbance among his chickens. He got up and made an investigation and finding nothing he returned to his bed. A few minutes later he heard someone step up on the gallery, and going to the door he met Radicke coming in with an open knife.

Before the intruder had time to use his knife to any serious extent, Mr. Dean knocked the man down and in the fight which followed between the two men, Radicke was badly beaten over the head with a shingle binding which Mr. Dean happened to get hold of and used as a weapon of defense to a good advantage. Dean was slightly cut in several places on the arm, and one small gash was inflicted on his face.

Radicke is said to be a stranger in the county, and up to a late hour Monday no one had been found who knew him, or who had ever seen him before. In a somewhat disconnected story the stranger told Sheriff Flynt that he came to this section to pick cotton, and had been picking cotton in the Wingate country, but he could not give the name of the man he claims to have been picking for, and no one has been found who could identify the stranger. Radicke could give no reason for visiting Dean's home, and no motive for making the attack on Dean could be assigned, further than it appeared to be the act of an insane man.

The officers were attempting to communicate with Gillette Monday morning, where the man claims that he has relatives. He appears to be about forty years old.

A Good Physic

When you want a physic that is mild and gentle in effect, easy to take and certain to act, take Chamberlain's Tablets. They are excellent.

OPTOMETRISTS OPEN NEW OFFICE HERE

Drs. B. and J. Kahn, sons of Dr. B. Kahn, of Winters, and who have been practicing optometry in Runnels county for three or four years, maintaining an office at Winters, have opened an office at Ballinger. They have rented quarters in the C. A. Doose real estate office, and expect to build up a good business here. They make free examinations, fit and furnish glasses.

JEFF DAVIS COUNTY BIG HONEY PRODUCER, SAID

ALPINE, Tex., Oct. 2.—Jeff Davis county of the Big Bend section, is placed among the largest honey producing sections, per colony, in the state this season by reports of the U. S. Department of Agriculture, just made public here. The estimated production of this county is from 70 to 80 pounds a colony.

Regarding the Texas production of honey this year, the federal report stated:

"Texas presents one of the widest ranges in honey yield of any state. The crop of the state is reported to vary from nothing in many apiaries in South Texas to a yield of 70 to 80 pounds a colony in Jeff Davis county in the extreme western part of the state."

The report declares that indications are the honey crop will be the shortest in years.

The Big Bend section is declared to be highly adapted to honey production. The long seasons permit the blooming of honey producing flowers almost throughout the entire year. The white bush, which is said to make a pure white, highly flavored honey, grows in great abundance in Jeff Davis, Brewster, Presidio and other Western counties.

WOMEN! DYE OLD THINGS NEW

Sweaters	Waists	Draperies
Skirts	Dresses	Ginghams
Coats	Kimonos	Stockings

Diamond Dyes

Each 15-cent package of "Diamond Dyes" contains directions so simple any woman can dye or tint any old, worn, faded thing new, even if she has never dyed before. Choose any color at drug store.

REPORT HIGH PRICES PAID FOR MOHAIR

SAN ANGELO, Oct. 1.—Prices reported to be higher than any previously paid this season in Texas have just been received by sheep raisers, principally of Sutton county, for 100,000 pounds of fall mohair, according to raisers here. J. M. Lea and E. O. Oglesby, of Del Rio, representing a Boston firm, were the buyers. The total returns from the sale is reported at $65,000.

Recent mohair sales in this vicinity indicate a higher market than was previously predicted by some buyers for this season, according to those in touch with the industry. It is expected that shearing, now in full blast, will be heavier than in several years. It is estimated that Sutton county alone will produce 50,000 pounds of mohair in addition to that already sold.

Sheepmen are just beginning to realize returns from contracting for approximately 300,000 lambs for market in a dozen West Texas counties. Sales of these sheep started as early as August 1, and are continuing at satisfactory prices, it is said. Feeders from the Middle West and North have been heavy purchasers. Buyers have come from Ohio, New Mexico, Missouri, and other states.

Many sheepmen who purchased bred ewes with wool on last spring are said to have realized almost the cost already. The sheep industry in general is reported to be in a highly favorable condition at present.

STOP THAT ITCHING

If you suffer from any form of skin diseases, such as Eczema, Itch, Tetter, Cracked Hands, Poison Oak, Ringworm, Old Sores and Sores on Children, Sore Blistered Feet or any other skin diseases, we will sell you a jar of Blue Star Remedy on a guarantee will not stain your clothing and has a pleasant odor.

Sold by Weeks Drug Store.

Little Miss Wanda Lane, daughter of Mr. and Mrs. R. F. Lane, is doing nicely this afternoon following an operation to remove her tonsils.

RAISES FUND FOR CHURCH SCHOOLS

Schedules are now being arranged for the statewide Presbyterian movement for Christian education carrying with it a quota of $1,350,000 according to announcement received by the local publicity representative in this city. It is planned to open up the work throughout the state at an early date and finish up if possible by July 1, 1924. According to information received there are about 40,000 Presbyterians in Texas and hearty support is being given the movement to strengthen their educational institutions. The apportionments are fixed as follows:

Texas Presbyterian College, Milford, $40,000 for equipment, and $100,000 for endowment.

Austin Presbyterian Seminary, Austin, $100,000 for endowment.

Daniel Baker College, Brownwood, $75,000 for equipment and $100,000 for endowment.

All other institutions will use their apportionment for equipment as follows: Work at Normal school centers of Commerce, San Marcos and Huntsville, $10,000; Presbyterian orphanage, Itasca, $20,000; Tex-Mex Institute, Kingsville, $25,000; Presbyterian School for Mexican Girls, Taft, $20,000; Church for University students, Austin, $100,000; Presbyterian work at College of Industrial Arts and North Texas State Normal, Denton, $10,000; Presbyterian work at A. & M. College, College Station, $40,000.

The remainder of the fund will be used for debts incurred by the institutions because of increased attendance and inability to care for the larger number by the colleges.

FIERY, ITCHY ECZEMA HEALED RIGHT UP BY APPLYING SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Rowles Mentho Sulphur from any good druggist and use it like cold cream.

J. O. Grundy, of Abilene; and Jack Grundy, of Wichita Falls; are here to be at the bedside of their father, who is seriously ill.

Miss Myrtle Wright is visiting Ballinger friends, coming to the city for several days' stay.

FARMER OPENS STORE IN COKE COUNTY

(Bronte Enterprise)

Tad Richards, farmer and ranchman, and all round hustler and "plum good fellow," is establishing a town on his farm, near the McCowan school house on Oak Creek, some ten miles Northeast of Bronte.

Mr. Richards has not yet christened his new town—he is too busy now getting his general mercantile establishment started out properly. He will carry a full line of general merchandise and expects to do a fine business, as he has a large territory from which to draw. He has in mind first, however, the taking care of his renters who will work his farm.

One of Mr. Richards' friends, (we will not call his name at this time) suggests that the new town be chirstened "Tadpoleville." Mr. Richards is considering the name, however, and will eventually have to settle the question as to what his town shall be called.

I still have *some bargains* in farms and city property. If interested see L. E. Bair.

POLL TAX PAYING SEASON WITH US

J. L. Kennedy, of Winters, holds 1923 poll tax No. 1. Mr. Kennedy was the first man to pay his poll tax. Of course Mrs. Kennedy got No. 2. Mr. Kennedy was not the first man to pay his taxes, however; R. L. Atkins, of the Wingate country, was the first 1923 property tax payer, but Mr. Atkins is above the poll tax paying ago.

The tax rolls were approved by the Commissioners' Court last Friday, and immediately passed up to the tax collector, and Collector W. L. Brown began to sharpen his pencil for business. By Wednesday morning seven polls had been issued, and School Tax Collector W. T. Padgett reported that several school tax payers had kicked in.

Due to the faet that next year promises to be the warmest political campaign in the history of Texas, or at least the hottest in recent years, and as the country is in good condition financially, it is expected that early and heavy tax paying will result, and that the largest number of polls ever paid in this county will be issued.

Physician Surprised

"Hearing of some good results from the use of Mayr's Wonderful Remedy I decided to try it on a chronic case of indigestion and gastritis I was interested in. After the first dose the patient was relieved of gas trouble and was soon able to eat radishes and many things he had not eaten in years." It removes the catarrhal mucous from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded at all druggists.

Walter Gardner, of the Winters section, was serving as a veniremman in district court this week.

MOST CARS GO WITH BEST ROADS

WASHINGTON, October 3.—By comparing the number of automobiles registered in a state with the population of the state, the number of persons per automobile is determined. According to statistics issued by the National Automobile Chamber of Commerce for 1923, California leads the country with 3.8 persons per motor car, while Alabama has only one car to every 26.1 persons.

The eleven states which follow Alabama up the column are Mississippi (23.1); Arkansas (20.4); Georgia (20.2); South Carolina (17.7); Louisiana (17.6); Tennessee (17.2); Kentucky (15.7); New Mexico (14.1); North Carolina (14); Virginia (13.8) and West Virgina (12.9).

The South is a prosperous section. It has money. It likes luxury as well as the North. It needs transportation. There is only one reason why the South doesn't have as many motor cars as the West, the Northwest or the North. It hasn't the roads.

A road is of no value without a a vehicle, and a vehicle is of no value without a road. The two are a whole, a unit. True, there are vehicles running over poor roads, shaking themselves to pieces and costing more money to their owners in the long run than a good road would cost. But, as a rule, highways and cars go together; where the one is, the other comes.

The automobile cuts the cost of hauling, increases education, adds to the joy of living, makes for health, saves time, and promotes happiness. But as the automobile cannot work its wonders without roads over which to run, it is obvious that the step forward which will put the States in this country who have one car to five, six and seven families, into the column where are states with a car to every one or two families, is the step which leads to better roads and more of them.

Piles Cured in 6 to 14 Days

Druggists refund money if PAZO OINTMENT fails to cure Itching, Blind, Bleeding or Protruding Piles. Instantly relieves Itching Piles, and you can get restful sleep after first application. 60c.

SAN SABA IS IN IRRIGATION FIGHT

Stuart L. Williams and Carl S. Guin are at home from San Saba where they had been in the interest of the creation of an irrigation district at that place. Mr. Williams is president of the State Conservation and Reclamation Association, and Mr. Guin is a member of the committee. Mr. Williams stated that a hearing was held at San Saba for an election to create a district at that place similar to the one voted upon at Ballinger some time ago. Up to the time they left San Saba the question had not been ruled on, but Mr. Williams stated that it was probable that the irrigationists had made an error in their petition and the election would not be ordered until the work was done over and a new petition prepared. He stated that practically the same opposition had developed against the project that was made in the Ballinger campaign.

In all malarial countries the popular remedy is Herbine. People find it a good medicine for purifying the system and warding off the disease. Price 60c. Sold by John A. Weeks.

LAND VALUES HIGH AROUND WINTERS

The good cotton crop and high prices are creating a demand for Runnels county dirt on which to grow the stuff, and farms are changing hands around Winters at what might appear to be a high price, but it is not so high either, when compared with land farther East, and in the older settled counties, which are not producing any more per acre.

A deal was closed at Winters Tuesday in which W. W. Hall, one of the progressive farmers of that part of the county, sold his 180 acre farm two and a half miles East of Winters for $110 per acre. Mr. Hall paid $35 per acre for the land sixteen years ago.

Mrs. Daniels and baby returned to their home at Galveston Sunday afternoon, after a visit to J. M. Tindall and family.

Miss Velma Tindall left for Galveston Sunday afternoon to resume her study of pharmacy in the State University medical school.

Hires Man as Farm Hand; Kills Him and Burns Body; Wife Tries Collect on Policy

(By Associated Press)

EUREKA, Calif., Oct. 3.—Alex Kels, a wealthy butcher of Lodi, California, confessed today that he killed a stranger on a ranch near Lodi on Sept. 12, and then disappeared to make it appear that he himself had been killed in order that Mrs. Kels might collect life insurance amounting to $100,000.

Kels declared that he picked the stranger up at the office of an employment agency and carried him to the ranch to work, murdered the man and placed his body in a haystack and set fire to it. Kels left his car near the burned haystack to make it appear that he had lost his life. He made a clean confession of the crime when arrested and faced with certain circumstances surrounding the murder.

BETHEL NEWS

We are glad to say that the report that P. A. White was sick with typhoid was a mistake. The two girls who are sick are doing as well as could be expected.

—x—

Mr. and Mrs. Nath Crockett, who have been quite sick with the mumps, are well again.

—x—

Miss Thelma Bigby has gone to Arden.

—x—

Miss Helen Hays is visiting in Winters.

—x—

Oscar Brown and family have moved to Maverick.

—x—

Dyer Goodwin and family have come back from East Texas and are living on the Muncy place.

—x—

The fifth Sunday meeting at Bethel was an enjoyable occasion, especially the sermon Sunday morning by J. N. Tidwell, the boy preacher from Miles.

"BETHELINE"

EAGLE BRANCH ITEMS

The rain last week was very much appreciated by most of the farmers in this section of the county as it did very little damage to cotton.

—x—

Claud Lee Mustian has been brought home from the Winters sanitarium and is doing fine.

—x—

Mrs. J. R. Cook received a message from Big Springs saying her sister, Miss Addie Mitchell was accidentally shot.

—x—

Claude Hambright spent last Saturday night with J. D. Moore.

—x—

Mr. and Mrs. Alva Berry and Mr. and Mrs. D. L. Shelton of Monday, Texas, returned home Monday after spending several weeks visiting with their parents.

—x—

Roy Rankins was visiting in this community again Sunday afternoon. Come again Roy we are glad to have you.

—x—

Miss Era Burnmette and Jim Berry spent Sunday afternoon with Jaunita Mustian.

—x—

Mr. and Mrs. D. L. Shelton spent Sunday night in H. A. Moore's home.

—x—

J. D. Moore visited Raymond Freeman Sunday afternoon.

—x—

Singing at the school house was a little dull Sunday night. Wake up folks and come out.

"AN EAGLEITE."

SOUTH BALLINGER NEWS

T. P. Brown came in Friday from Rochelle to be with Mrs. Brown, who underwent an operation Saturday for appendicitis. Mrs. Brown is doing fine.

—x—

Claude Brown came in from Corsicana Sunday to be with his mother, who is in the Halley & Love sanitarium.

—x—

Miss Gertrude Pagles is improving after an operation at the Halley & Love sanitarium Saturday.

—x—

Miss Wynas Greer is improving.

—x—

Lon Mapes is able to be up and go to town.

—x—

T. P. Brown will leave in a few days for Rochelle to take charge of his car of apples in that town.

—x—

Sunday school was well attended Sunday.

—x—

Mrs. Mary West and Miss Pearl Chick entertained a crowd of boys and girls on the river Tuesday evening at 4:30 o'clock with a picnic. Everyone enjoyed the afternoon fine and all had a jolly time.

"BLUE BONNET."

Statement of the ownership, management, circulation, etc., required by the act of congress of August 24, 1912, of The Banner-Ledger published every Friday at Ballinger, Texas, for October 5th, 1923.

State of Texas,
County of Runnels. ss.

Before me, a notary public in and for the State and county aforesaid, personally appeared C. P Shepherd, who, having been duly sworn according to law, deposes and says that he is the business manager of The Banner-Ledger and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, circulation, etc., of the aforesaid publication for the date shown in the above caption, required by the act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, printed on the reverse of this form to wit:

1. That the names and address es of the publisher, editor, managing editors, and business managers are:
Publisher: The Ballinger Printing Company, Incorporated.
Editor: A. W. Sledge
Business Manager: C. P. Shepherd all of Ballinger, Texas.

2. That the owners are:
J. M. Skinner, C. P. Shepherd, A. W. Sledge, Troy Simpson, Mrs. D. C. Simpson, J. M. Skinner, Jr., J. Y. Pearce, Mrs. C. P. Shepherd, Herbert Sledge, and Miss Evelyn Routh, all of Ballinger, Runnels County, Texas.

3. That the known bondholders, mortgages, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: NONE

5. That the average number of copies of each issue of this publication sold or distributed, thru the mails or otherwise, to paid subscribers during the six months preceding the date shown above

C. P. Shepherd,
Business Manager.

Sworn to and subscribed before me this 3rd day of October, 1923.
(Seal) E. Shepperd,
My commission expires June, 1925.
Notary Public, Runnels county, Texas.

Rev. and Mrs. Gaines B. Hall were called from their home at Cisco Saturday morning on account of the illness of his father, J. S. Hall. They returned home after the father's condition improved. A daughter of Mr. Hall, Mrs. Boozer, of Sweetwater, was also here.—Winters Enterprise.

L. Overman, of the Winters section, was in Ballinger on business Wednesday.

Boys Wear Out Shoes

quickly. Mothers say they don't know what they would do if they could not have the shoes repaired by us at a fraction of the cost of new shoes. We are experts in the are of making old shoes new. Bring us your old shoes and see for how little they can be made useful again.
