## FAIR CONTINUES TO DRAW BIG CROWD

### BOOSTERS FOR LYNN COUNTY PARADE TODAY

#### FEW ACCIDENTS FOUND TO MAR EXPOSITION; ONE MORE DAY

An average of 20,000 people a day have been in attendance at the Panhandle South Plains Fair, for the first four days of the week, according to the check up on entries made through the turnstiles last night. The actual total attendance at the time was 81,065. Yesterday's attendance was 14,178, while the banner day for the week, Wednesday, which was Children's day, had the biggest crowd of any day in the fair's history, 34,889.

Fair officials are exceedingly elated over the unusual success of this year's attendance and interest on the part of the public, exhibitors and those who could not exhibit, but desired to, because of lack of space. They point to the fact that the week's attendance is going to come near the 150,000 mark.

The beginning of a perfect day, this morning, found all evidence of the rain Tuesday eliminated from the fair grounds, and sprinkling of part of it to lay the dust. At an early morning hour hundreds of cars were being parked and several thousand people had already entered the gates.

A feature of the morning was the arrival in town about 9 o'clock of the Lynn county delegation, several hundred strong, headed by their 25 place band. This live delegation treated the downtown section to a parade and music before continuing to the fair. At the grounds the band under the direction of Monte Brown, gave a concert and played for the rabbit race this afternoon.

All judging of exhibits has been completed and the crowds that gather around booths and stock and

### MONDAY DATE OF ROAD MEET

#### PAVING OF AMARILLO-SANTONE HIGHWAY TO BE TALKED

Paving of Highway No. 9 from Amarillo to San Antonio will be discussed at a meeting of the Highway No. 9 association here next Monday.

County Judge Charles Nordyke and Jed A. Rix, chairman of the Lubbock county Good Roads association, are the Lubbock members of the association.

Has Wide Patronage  
First organized at Eden, Texas, about a year ago the association has extended to a number of other counties.

Since that time Hale and Sterling counties have voted bonds to care for the paving of that highway through these counties. Howard and Lubbock county are each contemplating a bond election to care for county wide highway paving.

George White and C. O. Bayes, Howard county commissioners, will attend the meeting here. Judge J. T. Mathison is president of the association.

### Houston Lynching Jurors Are Scarce

HOUSTON, Oct. 5 (AP)—The difficult process of selecting a jury in the case of Charlie Oldham, first of seven men indicted for murder in the lynching of Robert Powell, negro, June 20, to be brought to trial, was resumed here today. Judge Whit Boyd attempted to speed up the machinery by holding a night session last night but only 12 jurors had been chosen when court adjourned.

### RECORD CLEARED

**JOHN N. GARNER**  
BROWNSVILLE, Tex., Oct. 3 (AP)—Charges by Sid Hardin, defeated candidate for the democratic congressional nomination, that 10,000 illegal votes were cast in the district and that his opponent, John N. Garner, spent \$100,000 in his campaign were found to be without foundation by the Cameron county grand jury in its report yesterday.

### MRS. SEVIER HERE TONIGHT

#### COMMITTEE-WOMAN TO SPEAK FOR SMITH AND ROBINSON

Another drive for the county's votes in the intensive campaign in the interest of the democratic nominees will be staged at 8 o'clock tonight with Mrs. Clara Driaco Sevier, of Austin, National Democratic Committee woman from this state and prominent club worker, as the principal speaker.

Although originally announced that Mrs. Sevier would speak in the open-air political auditorium of both the Smith and anti-Smith proponents here, the speaking will not be held there but instead will be held in the district court room on the top floor of the courthouse, Mrs. Sevier, South Plains Democratic club secretary, said today.

Arrives At Six  
Mrs. Sevier will arrive here at 6 o'clock this evening, following an afternoon political speech at Plainview. She spoke at a rally at Borger last night after her speaking date at Amarillo was postponed due to the fact that Sen. Joseph T. Robinson, Democratic nominee for the vice-presidency, speaks there this afternoon.

Having been present at the acceptance speeches of both Gov. Alfred E. Smith and Sen. Robinson, Mrs. Sevier has been stumping the North and East in the interest of the Democratic ticket. She is well-known throughout the state in club circles, holding the position of custodian of the Alamo.

Upon her arrival here tonight a reception will be given at the Hotel Lubbock in her honor by club women of the city.

This rally held here tonight is in connection with several others that are planned during the remainder of the month by the South Plains Democratic club.

### Pro-Law Cases Are Given Continuance

Motion for continuance on several cases charging violation of the prohibition of the liquor laws scheduled for trial in 90th district court this week were granted by Judge Clark M. McMillan.  
The defendants included J. D. Hendaway, J. F. McMorris, J. A. Watson, S. E. Davis and F. B. Bryant.

### PETITION ASKS ELECTION FOR PAVING BONDS

#### GOOD ROADS BODY, IN SESSION TODAY, ASKS BETTER ROADS

A petition requesting the Lubbock County Commissioners to order a bond election to provide for county-wide paving is being drawn up here today by a sub-committee from the Lubbock County Good Roads association.

When the petition is completed it will be sent to the attorney general for approval. It was announced this morning by Jed A. Rix, chairman of the association. He explained that this action was to eliminate all kinds and flays before the document was circulated among the citizens of the county.

Possibility of presenting the signed petition to the county commissioners in their regular session October 22, was voted this morning by the association. It was decided that the petition should be taken on the petition by the county dads the election will probably be called November 22.

Approval is Needed  
As soon as the approval of the attorney general is secured the petition will be circulated in every school district in this county. In each city and district the director of the good roads association there will pass the petition.

The latest estimate presented to the association by the district officials of the state highway department places the total cost of the project at \$2,004,000, which is considerably lower than the previous estimate. This amount includes bonds amounting to \$2,000,000 voted by the state when a separate district was created there, which are required to be taken up in a county wide paving project of this kind.

It is expected that the petition will be sent to the attorney general tomorrow. The petition designates the amounts to be expended on each highway in the county. It should be returned here next week by the attorney general.

### Allen Faces Court On Turkey Charges

Virgil Allen, charged with the theft of turkeys, went on trial in the Lubbock county court this morning before Judge Charles Nordyke.

Selection of a jury began at 8 o'clock this morning and was completed before noon.

This is one of a number of turkey theft cases which have been on the court's docket, this term. Two other defendants, A. A. Bruckner and Odell Boudin, were found guilty of the same offense last week.

The defense is represented by Marshall and Stewart. County Attorney L. A. Howard is leading the prosecution.

### October Is Busy Month For Police

That the month of October will be an active one from the standpoint of lawlessness is predicted by the jail record of the sheriff's department which already contains 27 names for the first four days of the month.

Three drunks were arrested last night by members of the sheriff's department and were still in the county jail this morning. One arrest on a charge of theft was made yesterday on a previous offense.

Of the 27 arrests this month, 12 have been on charges of drunkenness, five for theft, and the others for burglary, forgery, disturbing the peace, adultery, aggravated assault, violation of the prohibition laws, and carrying a pistol.

Crap Game Brings Fines Into City Court Coffers

"Sweating" it is playing in a game of "crap" and it is all the same to the law.

And two little games during the past two days has meant some \$200 to the city of Lubbock.

This morning two women and one man paid fines in the city corporation court on charges of gaming. One girl who was not a player but admitted "sweating" the game, also paid a fine. It was \$20 around.

Seven men were corralled by officers yesterday afternoon as an aftermath of a friendly "crap" game. Three were players and the others watchers. All entered pleas of guilty and paid off.

Other fines this morning were on charges of drunkenness. Two of \$25 each were paid.

### ZEPPLEIN FLIGHT CHANGED

FRIEDRICHSHAFEN, Ger., Oct. 5 (AP)—The flight of the German dirigible Graf Zeppelin to the United States has now been set for any time after Oct. 9 instead of Sunday as had been originally planned. "It depends entirely on wind and weather what route we take," said Dr. Hugo Eckener today.

### CLOVIS SPEECH TO BE MADE TONIGHT; WILL NOT COME HERE

By WALTER CHAMBLIN (Associated Press Staff Writer)  
ROBINSON SPECIAL CAR—En route to Amarillo, Oct. 5 (AP)—After more than 10,000 miles of campaigning, Senator Joe Robinson turned his face toward Texas today, in which state, more than a month ago, he opened his drive for the vice presidency in a Labor day speech at Dallas.

The return to the Lone Star State for an address at Amarillo this afternoon found the democratic nominee a far different campaigner than when he started. No longer does he write out all of the speeches to be delivered. Lengthy, prepared manuscripts have been placed on the tabou list, and with the vigor that has marked his more than 25 years in congress, he now goes after his audience.

Voice Bears Strain  
Gestures, little used when the campaign started, punctuate most of his salient declarations. A voice, which in long years of public life never has caused trouble, has been tested thoroughly and found able to bear strain of day after day speaking. Now, in speech after speech, he frequently thunders out with a volume that needs no amplifiers to carry his words through open door ways to crowds which in many cities have overflowed into the streets.

Today's speech at Amarillo was arranged after it had been found that the senator would have a stop of several hours there on his way to Clovis, N. M., where he is scheduled to arrive tonight at 8:15, Monday.

### RAIL MERGER IS GIVEN UP

#### UNION OF KATY LINES WITH TWO LORE REJECTED

(By Associated Press)  
WASHINGTON, Oct. 5.—The attempt to merge the Missouri, Kansas and Texas railroad with the St. Louis Southwestern and the Kansas City Southern, instituted before the Interstate Commerce commission more than two years ago, by L. F. Lore and associates, today was formally abandoned.

In a petition to the commission signed by President Hails of the Missouri, Kansas and Texas company it was declared that recent changes in stock market valuations of the companies contemplated as constituent to the merger had markedly changed so that the stock exchanges planned could not be carried through.

Terms Are Not Fair  
It was said that the commission might not be able to find the terms offered fair and reasonable as among the stockholders concerned. The petition detailed recent proceedings under the Clayton act in which the commission refused to allow Mr. Lore to serve as a director of the Missouri, Kansas and Texas company because of his status as an official of the Kansas City Southern company.

Reviewing the facts and the objections arising from the merger both from communities in the territory and from other railroads, it was explained that the directors of the Missouri, Kansas and Texas had resolved to withdraw the application and terminate the proceedings.

### County Commission To Session Monday

The regular meeting of the county commissioners court will be held in the county court room next Monday. It was announced today by County Judge Charles Nordyke.

It is possible that action will be taken on the proposed project of paved highways in the county which was taken up at that time in the event that a petition is presented by that time, Judge Nordyke intimated.

In addition to this a number of routine affairs are scheduled to come before the commissioners.

### PIPGRAS WOBBLER BADLY BUT CARDINAL SLUGGERS FAIL TO HIT WITH MEN ON BASELINES

NEW YORK, Oct. 5.—Swinging their bludgeons in a manner which they only can do, the New York Yankees, American league champions, moved toward their second consecutive world baseball title here this afternoon when they buried the veteran Grover Alexander under an avalanche of extra base hits, drove him from the hillcock, and defeated the St. Louis Cardinals for the second straight time: The score was 9 to 3.

The score by innings: R.H.E. ST. LOUIS— 030 000 000 3 4 1 NEW YORK— 314 000 10x 9 8 2 Batteries: Alexander, Mitchell and Wilson; Pipgras and Bengough. Attendance: Approximately 50,000.

"Columbia Lou" Gehrig, slugging Yankee first sacker, elouted a terrific homer with Ruth and Durst ahead of him in the first inning and while the score was tied a few moments later, the Cardinals were never in the lead. George Pipgras, youthful Yankee right hander, was wild at times but yielded only four safe hits. Clarence Mitchell, southpaw spitballer who relieved Alexander in the third inning, hurled steadily and gave up only one run. Ruth got a single and a double in three trips and scored two runs.

Cotton Markets

NEW YORK REPORT
NEW YORK, Oct. 5 (AP)—The cotton market opened steady at a decline of 2 to 3 points under southern selling and liquidation promoted by a favorable view of the weather news and the rather easy showing of Liverpool. There was some trade buying and covering at the decline which caused rallies of a few points right after the call but the demand was not active and prices soon sagged off again. December sold down to 18.88 and March to 18.70 with the market showing net declines of about 5 to 6 points at the end of the first half hour.

NEW ORLEANS COTTON
NEW ORLEANS, Oct. 5 (AP)—Cotton trading was quiet and the market easy in the early part of the session today. First trades showed losses of 3 to 6 points and early selling soon carried December off to 18.70, January 18.50, and March 18.30, or 6 to 9 points under yesterday's close.

Stocks And Money

WALL STREET REPORT
NEW YORK, Oct. 5 (AP)—Disregarding the increase of more than \$40,000,000 in federal reserve brokers' loans, stock prices resumed their upward movement at the opening of today's market. Heavy buying of the motor shares was again a feature. Chrysler, Mack trucks and Hupp all showing initial gains of a point or more. Radio opened 3 points higher.

Fresh Selling Seen
Widespread circulation of the bearish statement by John J. Raskob brought some fresh selling into General Motors at the opening, but the offerings were readily absorbed, and the stock quickly moved a point above yesterday's final quotation. Cotsy soared 9 points to 281, or

nearly 100 points above the year's low. National Cash Register and Barnsdall A moved into new high ground and Keith-Albee duplicated the year's high mark in the first half hour of trading. Foreign exchanges opened steady.

DEMOCRATS TURN TO MAPPING OUT STUMP CAMPAIGN

By D. HAROLD OLIVER
(Associated Press Staff Writer)
ALBANY, N. Y., Oct. 5.—Tentative plans for Governor Smith's second stump tour, as prepared by the democratic national committee, were under consideration by the governor today.

One day will be spent in New York conferring with party leaders and the special train is expected to head southward either Monday night or Tuesday morning. Going to Virginia. Many reports have it now that the nominee will travel southward through parts of Virginia and North Carolina for a day or two of meeting and greeting well wishers before making his first speech Wednesday in Tennessee. His second speech of the week, these reports say, will be at Louisville, Ky., a week from tomorrow.

It is almost certain that the governor will cut down on the number of speeches on this trip so as to have more time to devote to their preparation, and two weeks for the next three weeks are understood to be planned instead of three as on the first trip westward. To Chicago and Missouri. It is further understood that the nominee will spend his second week of the next trip at Chicago and a city in Missouri, probably going to Chicago first.

The final week is expected to find the nominee shooting up and down the Atlantic coast between Baltimore and Boston, with a speech here every night. The talk is that the tariff and prosperity question will be the text for the Boston address, while Newark, N. J., probably will head another discussion of prohibition.

It was a criticism of his attitude on that question that drew the governor out again yesterday with the statement that if a state wants prohibition he believed it should have it, with the full guarantees provided in the 18th amendment and the Volstead act.

# CARDS, UNDISMAYED, TURN TO SECOND CONTEST OF SERIES MATADOR GRIDSTERS LEAVE FOR AUSTIN GAME WITH TEXAS

## ALEXANDER IS SUMMONED TO HALT YANKEES

### GEORGE PIPGRAS WILL PROBABLY TAKE HILL FOR NEW YORK

By F. V. BELL  
(Associated Press Sports Writer)  
NEW YORK, Oct. 5 (AP)—The St. Louis Cardinals today found themselves in a predicament they were at this stage of the world's series two years ago and although the Red Birds have a new manager now, the tactics adopted will be the same as in 1926. Grover Cleveland Alexander has been summoned to do something about it.

With the Cardinals standing a game behind in 1926 as they were in 1928, the McKeehan mind worked in the same way the Hornsby baseball brain functioned—send old Pete Haines to have his magic wand of perfect control at the hard hitting Yankees.

Haines May Work  
Nomination of the ancient Alexander was made by Manager McKeehan after he had seen his National league champions turned back in the first test, and it was subject to revision only in case a weather bureau forecast of cloudy, followed by showers, should pan out. If the day should be dark with poor visibility from the home plate, Haines was ready to display his fast ball with a hop on it and a knuckle ball, hard to see on a clear day, leaving Alex to open at St. Louis Sunday, rain or shine.

Manager Huggins threatened to cross the advance calculations which named George Pipgras as his choice for the second game by sending Tom Zachary, the rejuvenated left hander, who can throw slow balls as slow as the slowest.

Bottomley Is Star  
The Cards' best was one run and three hits. Jim Bottomley personally carrying the lone Card counter around by virtue of a lousy home run.

Waite Hoyt buried the team that beat him in the closing game of the 1926 world's series and showed that this is another day by permitting only Bottomley (4 of 4) pass first base. Only six Cardinals were able to boast of a speaking acquaintance with Lou Gehrig at first base. Three hits, including Bottomley's terrific smash, and three passes opened the door to first base but for all but Bottomley it was immediately closed.

The Cardinal first sacker scored his team's only run, made two thirds of its hits and drew one third of the passes Hoyt issued.

Hoyt showed a fast ball that grew faster as the game went along and although his control was hit shaky in the eighth when he issued his third pass he got Douthitt in a hole and struck him out when the outfielder helped him by being so far from the plate on the third strike that he could not have reached it had he been so inclined.

The probable lineup in today's New York: Duffel of Koenig as pitcher; Gehrig 1b, Meusel lf, Lamm 2b, Robertson 3b, Benough c, Pipgras or Zachary p.

## WAITE HOYT, ONE TIME BOY WONDER, RISES TO CHALLENGE SERIES RECORD OF GAMES WON; HAS FIVE VICTORIES

NEW YORK, Oct. 5 (AP)—The "Boy Wonder of Flatbush" is maturing into a right handed pitcher who seems to have designs upon the World Series pitching records of such masters as Mathewson, Egan and Henneke. In turning back the St. Louis Cardinals with three hits and one earned run in the 1928 opener, Waite Hoyt increased his six-year string to five victories and only three defeats.

The Yankee ace thus matched in victories Pennock, who has lost none, and the immortal Matly, who divided ten. He now needs only one more triumph to equal the record figure of Chief Bender, who won six and lost four in a long and honorable career from 1905 through 1914.

The one-time "Brooklyn School-boy" now has an earned-run average of just 1.72 for 68 innings of pitching in nine games over a six-year span. No pitcher in so many years, save Matly with 1.62 has a better earned-run mark. Pennock crowds Hoyt with 1.99 in seven engagements, one of which was hurried fourteen years ago for the Athletics. Hoyt has pitched five complete games, given 19 passes, fanned 38, and allowed 63 hits and 22 runs, 13 earned.

## TECH TEAM IS IN CONDITION TO PLAY HARD

### FIRST CLASH AGAINST LONGHORNS TO BE HELD SATURDAY

Twenty-nine Matador gridsters together with Coaches Freehand and Payne left at noon today for their battle tomorrow with the Texas Longhorns in Austin. The squad will arrive in the capital city early Saturday morning and will spend the forenoon resting up for its first clash with the varsity eleven.

The Matadors went through their workout Thursday afternoon with a lengthy session of signal practice, passing, place kicking and tugging the sled. The backs, tackles and guards alternated on the sled, hitting the dummy line with well timed coordination and aim.

Squad In Good Shape.  
Having spent a great deal of their time in the last week perfecting a sense for the Longhorn style of play, the Matadors left in high spirits over the outcome of the week. The squad is in the best physical condition and with the exception of Volney Hill, fullback, the entire squad making the trip will likely see action in the contest.

A number of changes in the forward line are likely to be seen when the Scarlet and Black warriors line up against the Steers tomorrow. Payne and Barfoot are the probable starters at the wing berths. Carpenter and Vermillion at tackle and the old reliable, Reed and Dewitt at the guard post. Vanhook Corley will be at his place in the center of the line.

Although there was some doubt in the mind of the coaches as to who would start the game at quarterback, J. D. Walker is the most likely choice with Duck Marr suffering from an injured ankle. With Captain Walker and Buddy Brothers at the halfback positions and Hodges at full, Coach Payne will have his best scoring combination on the field when the first whistle blows.

Those making the trip to Austin, follow:  
Name Wt. Pos.  
Archibald 157 1/2 half  
Barfoot 162 end  
Brothers 161 1/2 sub  
Carpenter 180 tackle  
Coppas 185 tackle  
Corley 178 center  
Dewitt 177 guard  
Durham 170 center  
Emmon 155 half  
Fikes 186 tackle  
Hempel 154 end  
Hodges 154 full  
Knowles 194 tackle  
Lassiter 155 quarter  
Lockhart 185 end  
McWilliams 171 quarter  
Marr 145 quarter  
Payne 167 end  
Reed 167 guard  
Smith 187 half  
Smythe 165 half  
Alexander 158 1/2 half  
Vermillion 195 tackle  
Viles 187 guard  
Vinzant 165 end  
L. Walker 150 half  
R. Walker 173 half  
Walker 148 quarter

## Sewanee Arrives For Dallas Game

DALLAS, Oct. 5 (AP)—Headed by Coach Mike Bennett, 22 members of the Sewanee University football squad reached Dallas today for their inter-sectional contest tomorrow with last year's Southwestern Conference champions, Texas A. and M.

The result of Al Smith's visit in the west depends somewhat on whether or not he went against the grain.

Deeply forewarned of unfavorable weather for the second game of the world's series today, Samuel Thomson and Francis Chapman, who hitch-hiked from Dover, N. H., to New York, took the first two places in the 81 line outside the Yankee stadium at 1 o'clock this morning.

At that hour, a man who called himself "Ed Hoffman of Philadelphia" held the fort at the \$3 booths all by himself.

On the short end of 5 to 3 odds before the series opened, the Yankees this morning were quoted at 10 to 7 to win.

Walter Johnson, who has done a bit of pitching in his time, was at the first game. "They look like the same old Yankees," he said after Meusel's home run.

## CHANGE MADE IN POLO FIVE

### HOPPING, YOUNG STAR, REPLACES VETERAN; YANKS LOSING

NEW YORK, Oct. 5 (AP)—A new shift in the United States international polo team today found 21 year old Earl A. S. Hopping on the squad at the expense of the veteran star, Melburn Stevenson.

Forced to drastic measures after the crack Argentine four took the second game and evaded the series for the championship of the Americas, the defense committee of the United States Polo association has dropped Stevenson, a veteran of two international series, from the team, shifted Captain Tommy Hitchcock from his accustomed position at No. 2 to Stevenson's place at No. 3, and inserted Hopping into the lineup at No. 2 position. W. Averell Harrison will remain at No. 1 and Winston Glesne again will be at back when the third and deciding match of the series with the Argentines is played tomorrow.

## LEVELLAND GRID TEAM WILL MEET RESERVES TODAY

Football fans will be given an appetizer this afternoon for the high school conference game tomorrow when the Lubbock high school reserves meet the Levelland high school eleven on the Tech grid. The second string squad has been working daily along with the regulars at Merrill park and should have an aggressive team on the field for the class B game this afternoon. The game starts at 3:45.

Today's game will give those who will not see action in the Quannah game a chance to strut their wares before the public eye. On the reserve team of promising gridsters have been developed which will undoubtedly be valuable cogs in the first string lineup by next year.

Those who own tickets to the Quannah game tomorrow will be admitted to today's contest. Otherwise there will be a small admission charge.

## DECOMPOSED BODY FOUND EAGLE PASS, Oct. 5 (AP)—The body of an unidentified man was found, in badly decomposed state, in the Rio Grande near here yesterday. Officers said it was probable that he was a member of a party of three German aliens, two of whom were caught at village 40 miles from here Tuesday, admitting they swam the Rio Grande near Eagle Pass.

## HAGEN BEATEN BY DIEGEL IN GOLF TOURNEY

### GENE SARAZEN LIKELY TO WIN, EXPERTS BELIEVE

By F. G. VOSBURGH  
(Associated Press Sports Writer)  
BALTIMORE, Oct. 5 (AP)—Four men today remained in the running for the National Professional Golf association championship and they did not include Walter Hagen, five times champion and the holder of the title for the last four years.

The peculiar efficiency of Leo Diegel's crouching style of putting, combined with an unwonted inaccuracy on the part of The Hag himself in all his shots, defeated the defending champion of the tournament in the quarter-finals yesterday, 3 up and one to play.

Sarazen Plays Well.  
Diegel played the 26 holes in just six strokes over par, while Hagen was nine away from perfect figures. Gene Sarazen scored just three over par in winning from Fred Dudley, of Los Angeles, 7 and 6. Partly because of this Sarazen became a slight favorite to win his scheduled semi-final round match with Diegel today.

In the upper half of the draw, J. Eppino, victor over Jack Hutchinson, a former champion, yesterday by a score of 5 and 4 was favored to win from young Horton Smith, of Joplin, Mo., who downed D. J. Vecchio, Greensburg, Pa., yesterday 2 up in the quarter-finals.

## SNYDER QUILTS AS HOUSTON BOSS; TO GIVE PLANS SOON

HOUSTON, Oct. 5 (AP)—Frank Snyder, who piloted the Houston baseball club to the Texas league Dixie championship, today announced his resignation as manager of the Buffaloes.

The former Giant catcher gave no reason for his action but declared he had several attractive offers under consideration and that he probably would know something definite concerning his future plans upon his return from the world series. Snyder planned to leave today for St. Louis where he said he would confer with Branch Rickey of the Cardinals.

The man who carried the buffs through to their first pennant in 14 years and their first Dixie title announced his action when his men reported today to receive their Dixie series checks. He had just left a conference with Fred Ankenman, club president.

President Ankenman later declared that after payment of the Dixie series checks, there had been some misunderstanding over the payment of salaries from the close of the Wichita Falls-Kansas Texas league play-off and the beginning of the Dixie series. Presumably this misunderstanding figured in the manager's resignation, the club president said.

## Bear Cub Disrupts Angelo Power Firm

SAN ANGELO, Oct. 5 (AP)—Electricity was disrupted here for a time yesterday when a bear cub, mascot of the local Lions club, climbed an electric light pole and grounded the connections.

It was necessary for the power company to throw off the city power while the frightened little mascot was removed from the wire in which he had become entangled. A life held by firemen caught him, when he fell from the pole.

## REVAMPED WESTERNER ELEVEN TO BE PLACED IN FIELD AGAINST FIGHTING, QUANAH TEAM IN TOMORROW'S CLASH

The fighting Quannah Indians coming here for the first conference game of the season tomorrow with the Lubbock high school Westerners, will face a different combination from any team that has taken the field for the local high school this season. Coaches Frnka and Morgan have worked in a number of promising reserves during the past week who are likely to see service in the game tomorrow.

The high school mentors are anything but pleased with the showing made by their charges against the Lamesa Tornados last week and the result has been a complete revamping of the gold and black machine. The team was lacking in scoring punch in the last contest and much of this weakness has been attributed to the lack of driving power in the forward wall.

Reserves to See Action  
Among the reserves who are likely to get the first call in the Quannah tilt are Melvin Griggs, Fred Kerr and Rex Wright. These men are all linemen who have shown a remarkable improvement during the past week.

Practically the same backfield that bore the brunt of the attack against the Tornados, will start against the Chiefs. Moody Smith at quarter, Dowell and Pangburn at halves and Lawson at full is the most likely combination.

The squad is pointing to the game tomorrow with indications of having to use their full strength to down the invaders from Hardeman county. Always considered as the weak sister of the district, Quannah has started out the 1928 race in an impressive manner. Coach Jim Bradford, former Greenville high and Burleson college mentor, has put a new fight into the Indian camp and is out to make a name for himself and the Chiefs. This is his first year as Quannah and he is leaving no stone unturned to build a formidable machine.

## Grid Death List Is Boosted To Seven

NEW YORK, Oct. 5 (AP)—With the death of William Charles Young, National Guard player at Monongahela, Pa., yesterday, football's death toll for the season has mounted to seven. Young suffered a broken back in a sandlot game at Monongahela City, Pa.

Previous victims were: Miles F. Fox, Navy, sunstroke; James Fenton, Holy Cross, spinal fracture.

Norman Matthews, Lawrence, Mass., kicked in a sandlot game; Jack Coffield, Allentown, Pa., high school, injuries to the head; Ross Taylor, Hiram, Ohio, high school, various injuries during a game; Leo Goodreau, Villanova, broken neck.

## Cubs Romp To Win No. Two Over Sox

CHICAGO, Oct. 5 (AP)—Founding on every break, the Cubs had two games in the bag and appeared headed for an easy triumph over the White Sox in their duel for the city baseball championship today.

## JAPS DEMAND SERIES NEWS

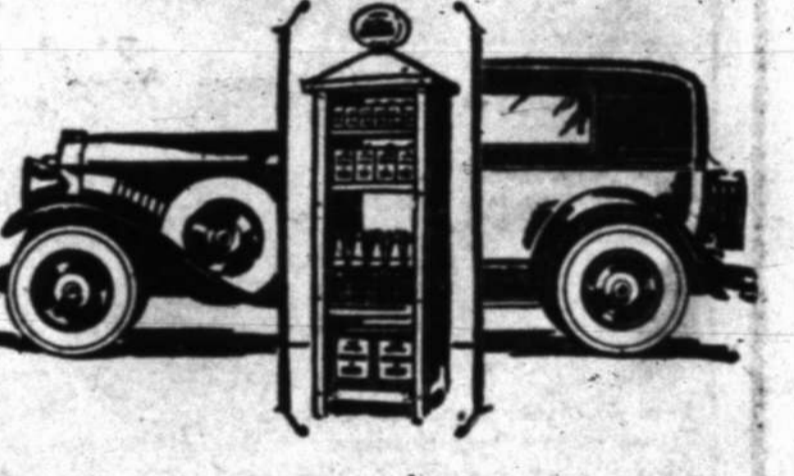

TOKYO, Oct. 5 (AP)—The situation in China and even the emperor's departure for the north to take personal command of the annual military maneuvers took second place in the Japanese press today while the nation read dispatches from the Yankee stadium.

The Japanese, for many years ardent admirers of the American sport, are evincing an unprecedented interest in the World Series and the afternoon editions of Tokyo and Osaka papers have been devoting half of their main news pages to it.

## among GRID LEADERS

By NEA Service  
MILWAUKEE, Wis., Oct. 5.—Admirers style Walter Gebert, Marquette's captain this fall, the "halfback without a weakness." In other words, they say he's good and, to be frank, the way he cuts up on the gridiron bears out what they say.

Gebert has led the Marquette eleven in scoring points for the past two seasons and looks forward to his greatest year this fall. He does everything a good halfback should do—passes, snags passes, punts, runs, blocks and tackles—and does it all nicely.

Several critics named him all-Western and all-American back last fall. He weighs 171 pounds and is very fast. He is the best defensive halfback Marquette has had in years. He prepved at high school in his home town of Merrill, and is 21 years old.

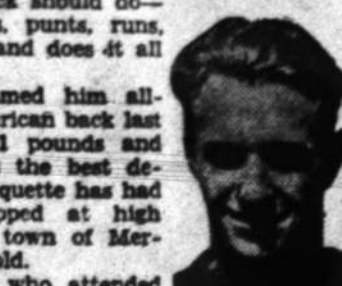

Frank J. Murray, who attended Tufts as an undergraduate but never played football, is in charge of Marquette's football for the seventh successive year. He also teaches in the college of business administration.

Murray has had a most successful career as a coach. In his six seasons he has pitted his team against opponents from all sections of the country and has lost but nine games. His 1922 and 1923 teams were undefeated.

He belongs to the new school of coaches and if he thinks his prospects are good he doesn't mind saying so. As a result he thinks his 1928 squad will be rather swell, although he lost 12 lettermen and two of his best sophomores prospect.

### TEXAS U. GETS COOL MILLION

#### SETTLEMENT ENTERED INTO BY OIL FIRM AND STATE

(By Associated Press)  
DALLAS, Oct. 5.—Under terms of a settlement arrived at here yesterday between attorneys representing the state of Texas and counsel for the Reagan County Purchasing company et al, the University of Texas will receive \$1,000,000 cash and an adjustment of royalties estimated to be worth \$500,000, as well as royalties now being paid.

The judgment, attorneys said, was the second largest ever obtained in Texas. Announcement of the settlement was made by Attorney General Claude Pollard and R. E. L. Sauer, one of the attorneys representing the university.

The suit, which was filed by the state of Texas in behalf of the university, involved royalty payments from oil production on lands in Reagan county owned by the university.

### ESCAPED TEXAS ROBBER HELD IN OKLAHOMA JAIL

WICHITA FALLS, Oct. 5 (AP).—Alvin Ireland, sentenced to 30-years for robbery of the Dundee, Texas, bank, who escaped about a month ago from the state penitentiary at Huntsville, has been captured in Muskogee, Okla. Sheriff Bralley of Wichita county was advised last night.

Captured with Ireland, the wire from Muskogee said, were two other escaped convicts. One was thought to be Buddy Lyons, who recently escaped from the state penitentiary, where he was serving a five-year sentence for car theft in Wichita county. The other man's name was not given. The three men arrested in connection with the robberies of three express offices in Oklahoma, the dispatch to Sheriff Bralley said, Ireland participated in the break at Huntsville several months ago when a guard was killed, but was recaptured. His successful break followed shortly thereafter.

### NICOLAS JUST MAKING VISIT

#### RUMANIAN PRINCE IS TAKEN HOME FROM GAY PAREE

(By Associated Press)  
PARIS, Oct. 5.—Although it was denied at the Rumanian legation that he had been summoned home because of a love affair, Prince Nicolas of Rumania was on his way to Bucharest today accompanied by a Rumanian diplomat. His visit to Paris with a companion started rumors that he intended to follow the course of his brother, former Crown Prince Carol, even if it cost him his title.

At the Rumanian legation the visit of Nicolas was represented as being nothing out of the ordinary for a young man of twenty-five and it was stated that he was going home because that visit was ending.

No scandal involved.

The legation insisted that the adventure involved no such scandal as was likely to be upon Nicolas the fate of Carol, whose affairs of the heart caused his banishment from Rumania and the loss of his right to the throne.

The published report that Nicolas had eloped with an aristocratic Rumanian was energetically described by the legation as false although it was denied that Nicolas had been in Paris with a woman.

Suitor (genuinely): "Zatsoi! Well, it won't take me long to learn."

### CELEBRATES 'Tay Pay' O'Connor Is Eighty Years Old Today

LONDON, Oct. 5 (AP).—"Tay Pay" Thomas Power O'Connor, "Father of the House of Commons," celebrated his eightieth birthday today. The last survivor of the Irish Nationalist party, petty councillor and a famous journalist, although a martyr to rheumatic ailments, enjoys considerably better health than he has for some months past.

"Tay Pay," as he is affectionately known everywhere, this being also his cable address, describes his creed as that of a realistic optimist—realistic in the sense of a full consciousness of all the sadnesses of the world; optimistic in the sense that he believes every man can do something to relieve his sadness.

"The hope of so doing is the consolation of my old age," he said, "and the foundation of my hope that I may have some years more to do my share of this work."

### COPS GET RUM ACCOUNT BOOK

#### BOOTLEGGERS' RECORDS SEIZED IN RAID IN PHILADELPHIA

(By Associated Press)  
PHILADELPHIA, Oct. 5.—A bootlegger's account book, the fifth of its kind to come into the hands of District Attorney Monaghan since the start of the current grand jury investigation of liquor, vice and police, was under examination by the investigators today.

The book, given to the prosecutor by Samuel O. Wynne, federal prohibition administrator for this district, was seized in a raid. Investigation gathered from the other account books was responsible for the arrest of a district police commander and 24 patrolmen and detectives on charges of bribery and extortion.

The district attorney said today that the wealth of some of the police had reached such a high figure that he would have to take several hours off to calculate the total.

When Captain Charles Beckham, suspended head of the detective bureau, was given a hearing by the civil service commission yesterday, it was brought out that he had deposited in one bank \$65,620.69 from September, 1926, to September, 1927.

#### FAMILY PRIDE

An American woman went to see her negro cook who was in bed. She gave the cook's small son, Ephriam, a dollar with which to buy a chicken for his mother.

In leaving she overheard the cook say: "Gimmie dat dollar, chile, an go git dat chicken in de natchrul way."

### OBREGON SHOOTING IS MYSTERY

#### SELF-WOUNDING 'ACCIDENTAL', POLICE CLAIM BUT RUMORS INSIST ON SUICIDE ATTEMPT

MEXICO CITY, Oct. 5 (AP).—Returning from a ball and stopped there automobile in front of the residence of Brando Torrealba, where Humberto was to spend the night. He left the automobile and was walking toward the house when he was seen to fire a pistol which he held in his hand.

Obregon's companions assisted him to the White Cross hospital. There it was found that the bullet entered the left breast and had been deflected by a rib before it reached the heart. It was said at the hospital that he was expected to recover.

### ADVANCE GUARDS OF LEGION MAKE CONVENTION BASE

(By Associated Press)  
SAN ANTONIO, Oct. 5.—Ex-soldiers with office holding ambitions were scurrying about here today as members of early detachments of a mighty peace time army—the National American Legion—which meets here Oct. 8 for a five-day annual session.

Those who already have announced semi-officially for the biggest promotion—that to the command—Roy Hoffman, Oklahoma City; General Albert L. Cox, Raleigh, N. C.; O. L. Bodenhamer, El Dorado, Ark., and Monroe Johnson, South Carolina.

Others may be: Additionally, John E. Ewing, of Shreveport, La., is discussed as a probable aspirant and Kansas are expected to push forward Vice Commander Ralph T. O'Neil, Topeka.

Three hundred and seventy-five resolutions framed by the organization's 28 departments form a part of the program for the mill. The most important question is regarded as one of the most outstanding to come before the former service men; the resolutions generally are directed toward proposed betterment of methods of rehabilitation and care for veterans and their dependents.

The universal draft question will come in for discussion as will navy development.

### Mexia Editor Dies Of Heart Disease

MEXIA, Oct. 5 (AP).—Colonel N. P. Hodson, veteran newspaper editor, died here last night of heart disease. Colonel Hodson was for many years publisher of the Mexia Daily News and the Mexia Weekly Herald, and at the time of his death was associate editor of the News and editor of the Herald. He was a member of the Texas legislature several years ago, and had reached the rank of Lieutenant-Colonel in the National Guard.

He is survived by his widow, a brother and a sister. Funeral will be held tomorrow.

Nicholas Murray Butler bolted the republican party some time ago and now he has bolted the democratic. Probably just to be sure he's off the right side.

There's somebody like him in every office

LISTLESSLY he begins the day. But he has no grip on his job. His desk piles up with unfinished work. As people help and pity him, he realizes that he might as well face the truth. He is through. The pace is too much. Something has been stealing his energy—killing his ambition. He isn't sick—and yet, somehow, he never feels well.

Thousands of men are falling behind the crowd, all because they fail to realize how deadly constipation is. Constipation can wreck the strongest body. Headaches, sleepless nights, listlessness, wan complexions are just a few of its early symptoms. In the end, it often leads to serious disease.

What a pity more people do not know there is such prompt relief from this terrible scourge! Kellogg's ALL-BRAN is guaranteed to relieve constipation safely. More—to prevent it just as surely.

Only ALL-BRAN is 100% effective. It is bulk that relieves constipation. Because it is 100% bran, Kellogg's ALL-BRAN supplies bulk in generous quantity. In a part-bran product the amount of bulk is usually too small to be completely effective. That's why doctors recommend ALL-BRAN.

**ALL-BRAN brings natural relief**  
Kellogg's ALL-BRAN is totally different from dangerous drugs and pills whose dose must be constantly increased to be effective. It works as nature works. The health of the entire family can be maintained by serving ALL-BRAN in some form every day.

A pleasant cereal. To eat with milk or cream. Delicious with fruits or honey added. Use it in cooking too. Just eat two tablespoonfuls daily—chronic cases, with every meal.

But get genuine Kellogg's—the original ALL-BRAN. Sold by all grocers. Served at hotels, restaurants. On diners. Made by Kellogg in Battle Creek.

CHURCH WAR Police Step In To Stop Greek Faction Fight

LOWELL, Mass., Oct. 5.—Holy Trinity Greek church, its interior resembling a fort more than a place of worship, today passed out of the control of a faction which has been holding it by force of actual occupancy for several months, but not until police battered down the door. This accomplished, officers met with no resistance and served on the defenders a writ of possession granted by the courts to the opposing faction.

AMERICAN BANKERS' ASSOCIATION, IN ANNUAL SESSION, RAPS SPECULATION AND EXPRESSES HOPE FOR FARM AID

(By Associated Press) PHILADELPHIA, Oct. 5.—The American Bankers' association concluding business sessions of its 54th annual convention unanimously adopted a resolution favoring "some reasonable manner of limiting the practice of withdrawals from banks by corporations for the purpose of making loans on stock exchange securities."

Such a limitation of loans for speculation could be based upon the maintenance of normal balances which should not be disturbed by those who take part in stock-exchange loans.

Capital gains tax was characterized as "uneconomic and unsound in principle" in peace times by the bankers, who declared in opposition of such tax is doubtless one of the factors in the speculative situation in the stock market, as many persons who have large paper profits hesitate to liquidate now in view of the large tax they would have to pay.

Farm Prices Satisfy. Concerning the agricultural situation, the bankers, in a resolution, expressed satisfaction "that within the present year the prices of most farm products have recovered more nearly to their previous relation to the prices of the products of other industries than has been the case in any other year since the war."

"We believe," the resolution continues, "that this represents a national readjustment, due in part to a more intelligent control of agricultural production in relation to consumption demand, and in part to lower costs of production in other industries which are reducing the prices of goods which farmers must buy."

Co-operation Is Urged. "We urge the co-operation of our members in the activities of our agricultural commission in the production of improved livestock and improve methods of production and marketing in their own localities."

"We believe an important contribution to remedying the agricultural depression lies in adoption of methods which will lower the unit cost of production, and relieve the agricultural colleges and experimental stations are successfully developing the means by which they may be accomplished."

"We believe also that agriculture suffers from a lack of comprehensive national agricultural policy, due to the complexity of the subject which had required wide national discussion, and we urge upon congress diligent continued attention to the remedying of this situation."

The bankers declared their belief that as time goes on the banking system of the country again will have "proper control over the surplus funds of the country," with the aid of some measure limiting loans for speculation.

COAL DEALERS MAY WIN SUIT

OFFICIAL DECISION ON FREIGHT RATE WAR EXPECTED SOON

One-half million dollars will be repaid to the coal dealers of the Panhandle and millions will be saved by this action in the future in the event that the tentative report of Examiner J. Edward Smith of the Interstate Commerce Commission, is approved by the commission.

While it was announced here yesterday that the decision had been made in favor of the coal men, further investigation disclosed that the official decision would not be made until next spring.

Reparations Recommended. Reparations to all destinations in the Panhandle to the amount of 80 cents per ton or about \$24 per car was recommended by the report. Announcement of this tentative report was made yesterday by C. A.

Ray, field manager of the Knit traffic bureau. According to information received here final decision on the report will be made by the commission in the spring of 1929. Rates from Colorado to points in the Panhandle were branded by Examiner Smith as unreasonable. He recommended a rate of 85 per ton for Lubbock as compared to the present rate of 65.00. First filed in October of last year the case was given a hearing at Plainview last April. The Lubbock Chamber of Commerce aided in presenting testimony concerning this territory.

Thought For Today

Who so sheddeth man's blood, by
man shall his blood be shed.—
Genesis 9:6.
Every unpunished murder takes
away something from the security
of every man's life.—Daniel Webster.

Census

A genius, says Dr. John B. Watson,
New York's eminent psychologist,
is made and not born.
Elaborating this theme in the
current issue of Cosmopolitan mag-
azine, Dr. Watson asserts that any
normal infant, given proper training
and shielded from unfortunate
occurrences, can be molded into a
Lindbergh, an Edison, a J. P. Morgan
or any other big personality you
can think of. Environment, he
says, is everything; heredity, nothing.

This may all be very true. Dr.
Watson is a very famous psychol-
ogist.
Yet this effort to reduce every-
thing in life to a simple algebraic
equation has been overdone just a
little. There is an indefinable
something, born into some human
spirits, that will forever elude the
professor who like to explain every-
thing, from the Sermon on the
Mount to the Erosian symphony, in
terms of mechanics.

One wonders, for example, in just
what way Abraham Lincoln's en-
vironment proved so advantageous
that he towered above his fellows
like a giant. Did his long years of
young manhood on the great Illi-
nois prairies mold his spirit to the
great proportions it finally assumed?
Possibly; yet one may suspect
that the things Lincoln imbibed in
those early days about the Sangamon
were not things that could be
easily defined in a text book of
psychology.

To be sure, the saying that "we
are products of our times" is per-
fectly true up to a certain point.
Twentieth century America could
not produce a St. Augustine, any
more than fourteenth century Rome
could produce a Henry Ford. But,
after all, that is something like
saying that a boy raised in the Sa-
hara desert will not be as good a
swimmer as a native of Hawaii.

The thing that we call greatness
is indefinable, and we can not ex-
plain it. We can not tell, for in-
stance, where Frederick the Great
got the moral force that made him
pause before a row of thundering
cannons and snarl at his faltering
soldiers. "Scoundrels! Would ye live
forever?" We do not know where
Danton got the cool poise that
made him stand on the platform of
the guillotine and remark to the
executioner, "You will show my
head to the mob—it will be worth
seeing." We are still mystified by
the strength that took Washington
unshaken through the long winter
at Valley Forge, when even his own
countrymen were turning against
him.

The Phone

We are pretty well used to the
telephone, which always can be
counted on to ring just when you
are taking a bath, drifting off to
sleep or taking the ashes out of the
stove. But Europeans consider the
telephone a nuisance and an
intruder of privacy.

THE PLAINSMAN

Says
That Girl on Broadway says the
trouble with most boys is after they
kiss a girl a half a dozen times they
begin to get sentimental.

A short while ago The Plainsman
took up some more or less valuable
space in this column, congratulating
Colonel Lindbergh for refusing
to announce his presidential
choice. He has refused to divulge
his favorite several times and this
writer thought he should be com-
mended not for desiring to use his
hero worship influence for one can-
didate or another.

But the ink was hardly dry
on the paper before the Flying
Colonel broke down and, like the
rest of us, got mixed up in the
campaign, one way or an-
other. The Plainsman thinks
Colonel Lindbergh's Presidential
choice is beside the point. He is
an airman not a political
economist. He has an un-
disputed right to his opinion as
a citizen but so great is his in-
fluence that he should not use
it, since his specialty will remain
undisturbed in another line.

Here's hoping the Lone Eagle
keeps his tunic clean of the slush
of politics. He'll find that is an
admirable way to keep his popu-
larity intact and that his field of
influence and service will remain
broader than it otherwise will.

That Man on Avenue Q says a
traffic cop heard his wife bawl him
out from the back seat and immedi-
ately arrested her for impersonat-
ing an officer.

Before a girl is married
You will find she love to roam
But when she takes a husband
She is apt to live at home!

John Garner, renominated
for Congress in the Rio Grande
Valley, has a clear title to his
nomination, which of course, is
equivalent to election. Sid
Hardin, Mission school teacher
defeated in July by Garner, has
retracted the charges that
thousands of Mexicans were
illegally voted for Garner and
that the veteran solon will go
back to Washington again the
undisputed favorite in his dis-
trict.

As The Plainsman sees it, the
clearing of Mr. Garner's title to his
office is a big boon for the demo-
cratic party not only in Texas but
nationally as well. The ranking
member of the House of Represent-
atives on the democratic side,
Congressman Garner is slated to
become the speaker of the house if
the party of the South gets in
power. His influence is great now.
It may become greater.

The Mission school teacher
should have done a little think-
ing before preferring the
charges against John Garner.
By becoming excited, perhaps
even a bit malicious, he tempo-
rarily clouded a great re-
cord. The Plainsman expressed
an opinion, when the charges
were filed, that Garner would
win out. No man who has made
the record he has made in
Congress would be likely to
stoop so low as to gain re-
nomination through fraudu-
lent methods. Further than
that no electorate would be
likely to trade an acknowledged
leader for an untried repre-
sentative.

It's all very well to campaign
hard in politics but it's not such a
fine thing to allow prejudice to en-
ter into the question after the
voters have spoken their mind
through the ballot box. Mr. Hardin
can go back to the blackboard with
the realization that he has learned
a lesson which is as simple
as the multiplication table which
he doubtless impresses upon young-
er minds.

William Z. Foster has started
his campaign as Communist candi-
date. Guess that will bring Wall
Street to its senses.

BUILDING NEW CHURCHES
Ground-breaking ceremonies for
the new Methodist church, to be
erected on lot adjoining the pres-
ent location, was held last Thurs-
day evening.

Rodney Dutcher

Following congregational singing
and invocation prayer by Rev. Wm.
Fulton, Presbyterian minister, ad-
dresses were made by Editor Jess
Mitchell and Rev. Roy Kemp, Bap-
tist pastor, after which Rev. George
Turrentine, Methodist pastor, told
something of the growth of the
church and its plans for building.

The present structure is the first
unit of a building, when com-
pleted, will cost around \$45,000. The
outside dimensions will be 5x100
feet, according to Architect O. L.
Glemp, who prepared the plans. It
will contain auditorium, Sunday
school department and several class
rooms, and the work of construction
will be pushed forward as
rapidly as possible.

Following the address, the first
spade of earth was turned by J. T.
Elms, chairman of the Board of
Stewards, followed by another
spade full by Mayor Otto Jones, af-
ter which several others attending
the ceremony took part in the dis-
turbance.

The Methodist organization in
Littlefield is now about five years
old. From its local inception this
church has enjoyed a steady growth.
During the past year, under the
leadership of its competent and
energetic pastor, it has made rapid
strides in membership as well as
large spiritual growth. — Lamb
County Leader.

Possibly never in the history of
the South Plains, has there been
such a development of churches as
has been experienced in 1928. All
protestant denominations have
made great strides in the way of
organization and building, and the
Catholic church has also put many
new churches in this section of the
country, showing that there is great
development of the country, and a
wonderful growth of the towns of
this part of the state.

Schools and churches are two
things that are not neglected in this
country. The people as a whole
believe in both, and support both,
and this is one reason that this sec-
tion of Texas is forging to the front
in such a rapid way. The people
are being blessed for their liberality
and their christianity, and their de-
sire to promote higher ideals and
better citizenship.

NEW YORK, Oct. 3—The mar-
riage license bureau in the very im-
posing City Hall furnishes upon any
morning, bright or stormy, an ex-
cellent cross-section of the people
who make up the Manhattan scene.

The Little Church Around the
Corner may have the reputation,
but the marrying justices of the
marriage license bureau get the
business.

Here sits, for instance, in an ordi-
nary waiting room of a public
building, a young woman adorned
in the fluffy white things of a
wedding gown. It is a cheap wed-
ding gown, but it has the required
amount of fluffery, lace and silk.
It is the only wedding gown in the
room. All other couples are in
street clothes. The young man who
is to wed the young lady in this
wedding gown has not had so much
as the price of a blue suit. He
wears a suit of some brown mix-
ture—and it has been worn before.

Romance, illusioned and at its
peak, singe in the air.
In the corner sit an old man and
an old woman. They sit hand in
hand. They do not smile. Neither
do they speak. They just sit and
look. They sit and look and per-
haps they think. And if they think,
they must be thinking of contrasts
in romance. Here in the December
of life they come in contact with
it again. Probably two lonely souls
tired of looking lonesomely from
the windows of the Bronx, yearn-
ing for companionship and drifting
at last, into a second—perhaps a
third—marriage.

And there is the frightened youth
with the frightened maid. They
have come alone. Perhaps they have
eloped. They seem terribly young.
They elbow close together. They
look dazedly about. Now and then
they talk, but when they converse
they whisper. They seem afraid of
their own voices; of their own
words. They find themselves at
the doorway of a great adventure
and whistle as it were, to keep up
their courage. They look about to
see how the other folks are acting.
They find everyone peering at ev-
eryone else. Romance, as well as
misery, likes company. They whisper
comments about each other.

And so they come and go through
the day. Hundreds, thousands—out
of the slums, the palaces and the
far-away places.
Dramatic! Well, we thought so. And
it's one of the sights of New York
—if you asked us.

### PROBE ORDERED BY GOVERNOR SMITH BEARS FRUIT AS MAYOR OF MASSENA APOLOGIZES TO JEWS FOR 'SCANDAL'

(By Associated Press)  
**NEW YORK, Oct. 5 (AP)**—Mayor W. Gilbert Hawes of Massena, N. Y., has expressed his "deep and sincere" regret over the questioning of a Rabbi concerning a "ritual murder" rumor.  
 The mayor's letter was made public by Dr. Stephen S. Wise, president of the American Jewish congress, after a hearing on the case in Albany ordered by Governor Smith. Louis Marshall, president of the American Jewish committee, had demanded that Mayor Hawes utter apologies or resign.  
 The incident developed over the questioning at police headquarters

of Abbi Bavel Brumling after the disappearance of 4 year old Barbara Griffith. The child later was found in a nearby woods unharmed.  
 The rabbi was questioned by Corporal McCann of the state police, whose apology Dr. Wise also was made public. Mr. Marshall charged that Mayor Hawes had "arranged" for the questioning.

### CARNES BACK

(Continued From Page 1)  
 aboard the train with Solicitor General John A. Boykin as it pulled

to a "standstill." He was taken to a hospital near the vestibule door. For a moment they stared at each other. Then they embraced with one fierce gesture and the son gave a kiss on Carnes' unbroken cheek.  
 The reunion lasted only a minute. A few of the crowd had discovered Carnes by that time.  
 "Pull him out," a hysterical voice called.  
 The officers moved quickly and hurried the prisoner into the automobile.

Carnes was quoted by a staff correspondent of the Atlanta Journal traveling with him, as having said, "I'm not alone in this mess by a whole lot," and as adding he would "open the eyes of a lot of people" as soon as he could talk in the presence of his attorney.  
 Rather than sleep with one of his guards or in handcuffs, Carnes sat up all last night and played poker, asking members of his party: "What do you reckon the prospects would say if they saw their treasurer playing poker?"  
 At the same time he remained sullenly defiant toward newspapermen who again sought to question him on the eve of his arrival here. "You have published a pack of lies about me," he shouted, "and you are not gentlemen enough for me to talk to. I hold myself too high."  
 Earlier he had declared his intention of having an independent audit made of mission board accounts to prove that the indictments against him were "all rot."

### RUSTLERS! Ohio Mining Area Worried By Bold Cow Thieves

**ST. CLAIRSVILLE, O., Oct. 5 (AP)**—Is a far cry from the western plains of the '30s to this community of mining towns of the present day, but nevertheless seven persons, one of them a woman, are under arrest here on a charge of cattle rustling.  
 Several farmers near here had been missing cattle recently but could find no clue of the thieves until one breeder recognized a hide nailed on a barn as formerly belonging to one of his calves. An investigation resulted in the arrest of Reuben Hansey, 54, of Bannock.  
 Hansey confessed the thefts, police said, and his revelations caused the arrest last night of his wife, May, 41; John Todd, 56, and George Coos, 60, of Bannock, and Steve Velka, 34, Fred Worwman, 28, and Joseph Bratemer, 18, all of Taplin.

### FUNERAL IS HELD

Funeral services were held at 3 o'clock this afternoon at the Lubbock cemetery for J. B. Martin, 67, of near Idalou, who died Thursday at Wichita Falls. The Rev. Walter P. Jennings officiated.  
 Other than his widow he is survived by three children. Services and burial were under the direction of Rix undertakers.

### FRATERNITY MEN ABSOLVED AFTER LAD'S DRUGGING

**BIRMINGHAM, Ala., Oct. 5 (AP)**—Dr. John C. Dawson, president of Howard college, investigating the reported drugging of A. B. Jeffery, a student, in connection with the annual fraternity "rush" today declared indications point to "outsiders" and not college students as responsible for the Jeffery affair. He expressed belief that arrests would follow within 48 hours.  
 Dr. Dawson pointed to the statement of Jeffery that he became semi-conscious after taking a soft drink with two strangers. Jeffery's statement to the college head added that he met two Howard college students later, while still suffering from the effects of the drug, and was escorted to the Pi Kappa Alpha fraternity house for a banquet, at which time he was pledged.  
 Jeffery returned the fraternity pledge button this week, the breaking of the pledge and the reported drugging coming simultaneously, caused widespread interest in college circles here.

### DIES AT CROSSING

**HOUSTON, Oct. 5 (AP)**—W. E. Mays, 60, of Houston, was instantly killed when inbound Southern Pacific train number 8 crashed into a stationary automobile at the Bellvue Junction today. The man apparently had gone to sleep while driving, stalling his car on the crossing.

### Crippled Steamer Enroute To Coast

**NEW YORK, Oct. 5 (AP)**—The gale battered Dutch freighter Colasno with six of her lifeboats gone and one of her crew swept overboard by the heavy seas which for a time threatened to swamp the vessel.  
 "S. S. Colasno to all ships," said the last message relayed from the little freighter, "have everything O. K. Lost six lifeboats." A previous message had told of the death of one of her crew swept overboard by the heavy seas which for a time threatened to swamp the vessel.  
 The White Star liner Baltic, first to reach the Colasno, was believed standing by.

### League Of Nations Chagrined At U. S.

**GENEVA, Oct. 5 (AP)**—League of Nations officials expressed disappointment today when they received a communication from the United States government declining an invitation to sit with the council in appointing a central board of control set up by the 1925 Geneva opium convention.  
 Officials were especially chagrined at Washington's assigning as one reason for refusal that convention would tend to destroy the unity of purpose and joint responsibility accomplished by the Hague convention which Washington regarded as essential for effective control.

### INDIANS WAX ANGRY

**WINNEBUCCA, Nev., Oct. 5 (AP)**—A declaration of "non-co-operation against politicians" has been made by a large group of western Indians who renounced the right of franchise in a defiant post-vow concluded at Fort McDermott yesterday.

### HONOLULU SLAYER FOUND GUILTY BY JUDGE STEADMAN

**HONOLULU, Oct. 5 (AP)**—Myles Yutaka Fukunaga, studious young Japanese who kidnaped and killed Gill Jamieson, son of Frederick W. Jamieson, Honolulu banker, was a step nearer the gallows today, having been found guilty of the murder by a circuit court jury.  
 He was ordered brought into Circuit Judge Alva E. Steadman's court next Monday for sentencing to death. The 19 year old killer showed no emotion when the verdict was read yesterday.  
 Fukunaga, who used the pseudonym "The Three Kings," in a ransom note to the father, confessed to the crime, which occurred September 18. The young Japanese, who said he had studied the methods of William Edward Hickman, California kidnaper and slayer, and those of Loeb and Leopold, Chicago's "lithal slayers," pleaded guilty when arraigned.

**FIRST and BEST**

No other newspaper could have given Lubbock and the South Plains the coverage on the Fifteenth Annual Panhandle-South Plains Fair that the Avalanche-Journal and South Plains Farmer gave!

You got the fair story FIRST and the prize awards FIRST in the Avalanche-Journal papers because the Avalanche-Journal papers are on the job—ALL THE TIME.

Directors of the Fair, in session Thursday, passed a resolution thanking the press of the state and section in general but they also thanked the Avalanche-Journal papers specifically for helping to make the Fair a record-breaking success.

... Lubbock and South Plains People Don't say "Newspapers" ... They

The Avalanche-Journal NEWSpaper publishers are appreciative of the public's recognition—the reader demand for its product. Many thousands of dollars in revenue are derived annually from the readers who, in increasing numbers, willingly pay for the newspapers that serve them.

It naturally follows that this REVENUE derived from readers makes it possible for advertising cost to be kept to the lowest possible level—without which advertisers themselves would have to pay a premium on their space cost—which the reader gladly pays for a worth-while NEWSpaper!

## SPEAKERS FOR DEMOS CHOSEN

### MARSHALL, McWHORTER ARE LOCAL MEN WHO WILL MAKE TALKS

J. M. Marshall, of Lubbock, and E. K. Klender, of Plainview, will be the principle speakers at a democratic political rally at Lubbock at 4 o'clock tomorrow afternoon. It was announced this morning from the headquarters of the South Plains Democratic club here.

This will be one of six speakings held throughout the South Plains tomorrow in the interest of the national democratic ticket. The others include: Judge Clark M. Mulligan, chairman of the South Plains Democratic club, at Lamesa, at 2 o'clock and at Tahoka at 4:30 o'clock; James H. Goodman and E. L. Klett at Dalles, and W. R. Denton, of Lamb county, at Fort Stockton, at 8 o'clock.

Owen McWhorter will speak at a political rally at Amberst next Monday night, Jess C. Levens, secretary of the democratic organization, announced this morning.

### Scouts Do Record Work At The Fair

Practices of doing a good turn daily has turned into a "daily do" for the thirty or forty Boy Scouts on duty day and night at the fair grounds.

The scouts have been stationed at

## Two Home Permits Are Granted Today

Two residential permits entailing a cost of \$4,200 were issued from the city offices yesterday afternoon. Both of the permits were granted to C. A. Gibson. One will be constructed at 2020 15th street for Mr. Gibson, and the other will be constructed at 2023 15th street for Mrs. Lila Gibson. Both houses will be of brick veneer.

The total of building permits this year now aggregate \$2,782,000 for 270 permits. October's permits total \$12,450 for four permits. The momentary slump of building activity this week is placed by city officials as a result of the fair. Granting of permits is expected to be resumed at a rapid rate next week.

Funeral services were held this afternoon for Joyce McConal, 7-month-old daughter of Mr. and Mrs. Charles McConal, of O'Donnell at that place under the direction of Rix morticians.

The child died in a local sanitarium at 5 o'clock here yesterday afternoon.

It does seem as if a squirrel could do better, though, at almost any race track, gathering up the people who dash hither and yon in search of hot tips.

Various points throughout the grounds. In addition to guiding the public and maintaining order, the scouts aid in finding lost babies, and other lost articles.

Numerous odd jobs are accomplished by the scouts, and W. F. Knox, area executive of the Boy Scouts, reports that they are doing a great service.

## SEN. ROBINSON

(Continued From Page 1)  
tain time, or 15 minutes ahead of the hour set for his address.  
Mr. Robinson wound up a three day campaign in Oklahoma at Chickasha last night. In this address, as he did in other speeches in the state, he assailed records of the Harding and Coolidge administrations and said Mr. Coolidge and Herbert Hoover, described by him the president's chief adviser, had been as "dumb oysters" regarding the activities of certain republican officials.

Unable to Come Here  
It was originally planned to bring Senator Robinson to Lubbock for a speech during the Fairland-South Plains fair but his itinerary, already made, would not permit his coming to Lubbock.

## ANNUAL FAIR

plays of farm products that were here to noon.  
One feature of the entire fair has been the unusually small number of accidents, considering the immense crowds, only three first aid cases being reported at the R-C-Cross first aid station this morning, and only about a dozen occurring yesterday. There were four fainting cases at the same time yesterday afternoon, however, and nurses from the Lubbock and West Texas sanitariums, two from each, dividing the day there, two being on duty in the morning and two in the afternoon.

The big fire works display will be given from beginning at 8 o'clock tonight, with three three big fireworks acts.

## Explosion Here Is Of Minor Nature

Little damage resulted this morning from the explosion of an acetylene welding generator at about 10 o'clock in the welding shop of Sam Gentry, 807 Avenue J.

The shop is located at the back door of Mr. Gentry's residence. One window of the house was broken and one neighbor's window smashed as a result of the explosion.

No cause could be given by Mr. Gentry for the explosion.
