OCEAN HOP TO HUNGARY IS COMPLETED

ENDRES AND MAGYAR REPORTED LANDED AT THEIR GOAL

(By The Associated Press)

VIENNA, July 16.—The trans-Atlantic monoplane "Justice for Hungary" was reported to have arrived at Budapest shortly before 8 p. m. (1 p. m. C. S. T.)

VIENNA, July 16. (AP)—Captain George Endres and Captain Alexander Magyar, flying the trans-Atlantic monoplane "Justice For Hungary" were reported sighted over Aspern airdrome outside of Vienna at 5:53 p. m. (10:53 a. m. C. S. T.) and were expected to reach Budapest at 7:00 p. m. (12 noon C. S. T.)

Previously the airdrome authorities had reported them sighted over Linz, Austria, 98 miles from Vienna, the time of their passing over that town was given as 5:25 p. m. (10:25 a. m. C. S. T.)

BUDAPEST PLANS BIG RECEPTION

BUDAPEST, Hungary, July 16. (AP)—The Hungarian fliers, Captain Alexander Magyar and Captain George Endres, bringing "Justice For Hungary" across the trans-Atlantic air lanes, were awaited hopefully today by thousands of their countrymen.

Special trains were transporting hundreds to Matyasold airdrome where the airmen were expected this afternoon. Aviation experts were inclined to believe, however, that the flight would not be non-stop on account of the distance overland from the Atlantic.

Hopes ran high on the basis of

BOMBS SENT TO FASCISTS

NUMEROUS PERSONS IN ITALY ARRESTED IN EXPLOSION PLOT

(By The Associated Press)

GENOA, Italy, July 16—Numerous persons have been arrested and examined by the police in an effort to find the one who sent through the mail to Fascist leaders forty small bombs disguised as fountain pens.

Two of the "pens" exploded, wounding the recipients, minor Fascist officials, on the hands and face.

The bombs, police learned, were sent through the local mail, most of them addressed to local Fascist headquarters in the Cordoni palace.

Police also are questioning the arrested persons regarding a bomb explosion on the dock here in which none was injured. Similar explosions have occurred in Turin, Bologna, Rome and Genoa.

Forest Fires Are Thought Conquered

SPOKANE, Wash., July 16 (AP)—Weary fire crews had Idaho and Montana forest fires virtually conquered today.

Unless wind increases, 500 men will be released by tonight from the force of 1,300 fighters on the fire fronts. Forestry men reported that with continued good weather the Clearwater forest fires in Idaho would be kept within the present burned-over areas.

Montana officials reported Rock creek and Bitter Root blazes both under control.

SWALLOWS PIN

* * *

Having an open safety pin lodged in his throat doesn't keep Gary Varner Turner, seven weeks old, of El Paso, Tex., from gaining weight. While doctors have sought to remove the pin, Gary has cooed and gained, apparently feeling no pain.

U. S. TO SEEK AIR SPEED LAURELS

NAVY HAS LAUNCHED A PROGRAM TO MAKE AMERICA FIRST

(By The Associated Press)

WASHINGTON, July 16—The navy has launched a program calculated to make it second to none in speed in the air.

A secret contract calling for development of an airplane engine of greater power, speed and efficiency than any ever produced in this country has been assigned to a civilian designer described as one of the best in the business.

Identity Hidden

The job of turning out an engine to compare favorably with those of the English and Italians who have been winning seaplane speed honors in recent years, is expected to occupy the designer a year or more. His identity has been carefully guarded.

To continue the program, the navy expects to ask the next congress for a considerable larger sum than the $220,000 appropriated for high speed plane development at the last session.

"Nearly $3,000,000 and two to three years of development will be required," said David S. Ingalls, assistant secretary for air.

By 1933 the navy hopes to be able to re-enter the international Schneider cup seaplane races in which it has not competed since 1926. This year's race will be held in September in England with the British and Italians renewing their rivalry.

Now On Equality

Although Secretary Ingalls believes America now is on an equality with other nations in the speed of its fighting planes, he keenly appreciates the importance of high speed engine development in maintaining this position.

"A racing plane itself is of no use commercially," he said, "or from military or private points of view except for racing, but it may be truly stated that the racing plane of today is the ordinary plane of tomorrow."

FINANCIAL AID FOR GERMANY SEEN TODAY

TENTATIVE PLANS FOR ASSISTANCE MADE AT PARIS MEET

(By The Associated Press)

PARIS, July 16.—Tentative plans for extending financial assistance to Germany under some form of international supervision were worked out today at a meeting attended by Secretary of State Henry L. Stimson and representatives of France and Great Britain, it was learned from authentic sources.

The present idea, it is understood is that the supervision would be by an international committee with prerogatives similar to those of the supervisory committee which operated under the Dawes plan. The whole scheme was presented to the French cabinet this afternoon.

BANKS OPENED TO AVERT CRISIS

BERLIN, July 16 (AP)—The reopening of the banks after a two-day holiday and the curbing of the purchase of foreign currencies today led the German government to hope it had averted a dangerous financial crisis.

At the same time alarm was felt over the spread of riots by communists and jobless through a large part of the Reich. At least one person was killed, a number were injured and many were arrested as police laid a heavy hand on attempts to create internal dissension.

Appeal To People

LIGHTNING AT WASHINGTON

CAPITOL AWNING IS BURNED AND WHITE HOUSE TREE HIT

(By Associated Press)

WASHINGTON, July 16.—Lightning scarred trees and buildings, a burned awning on the capitol and a shattered hickory in the White House grounds remained today as handiwork of a thunderstorm that broke late yesterday over Washington.

Capitol building police reported lightning had fired the awnings outside the office of Chairman McFadden of the house banking committee near the middle of the west side of the structure. Witnesses, however, insisted the goddess of freedom on the dome was struck, but no damage was reported.

William Tyler Page, house clerk who was telephoning at the time, was shocked slightly.

A hickory tree 150 yards from the White House, in the northeast corner of the grounds, was destroyed.

Lightning struck one wing of the census bureau, starting an attic fire that was extinguished quickly. Governmental officials credited the heat preceding the storm, with probably preventing injuries, as employes had been excused from work.

HEADS SHERIFFS

HOUSTON, July 16. (AP)—Sheriff Coley C. White of Austin, was elected president of the Texas Sheriffs' association in annual convention here today.

ARGENTINE TANGO AND MODERN JAZZ WILL BE FEATURED AT ROYAL BALL

(By The Associated Press)

LONDON, July 16—The Argentine tango and modern jazz are to have their share on the dance programs at the royal ball in Buckingham palace tonight, the first to be held there since 1924.

Queen Mary herself, charged with selection of the music by ancient court procedure, is understood to have asked that "The Peanut Vendor," which has become popular at London dances, be played.

At the suggestion of the Prince of Wales, who learned to admire the rhythmic qualities of the tango during his recent South American trip, "Rosalita" and "Hawaiian Stars Are Gleaming" probably also will be played for those who can dance them.

Other old favorites which will echo through the palace's marble halls are: "River, River, Stay Away From My Door," "I'm Alone Because I Love You," and "Girl of a Million Dreams." Besides these there will be the perennial "Blue Danube," "Nights of Gladness," and "Wiener Blut."

Officers attending have been warned they will have to dance without their swords which sometimes impede dancing and are a constant hazard to the flimsy gowns of their dancing partners. The swords will be parked on gilt chairs around the edge of the ball room.

Although this is not a formal state ball, the ball room at Buckingham palace will be re-

OIL PROBE IS AUTHORIZED

VOTE SUPPORT FOR CO-OP PROGRAM

COTTON GROWERS MEET IN ANNUAL FEDERAL FARM BOARD EVENT

(By The Associated Press)

CORPUS CHRISTI, July 16.—Pledges renewing their support to the national co-operative marketing program were made today by cotton growers, shippers and business men of the Corpus Christi area attending the second anniversary meeting of the Federal Farm board.

They also pledged themselves to increase percentages of cooperative cotton during the current season.

Moser Is Heard

C. O. Moser, vice-president of the National Cotton Cooperative association, told the convention that operations of the farm board during the past year had added at least $135,000,000 to the market value of the 1930 crop.

"That is the minimum estimate of some of the most reputable economists of the country," he said. "Some authorities place the added value as high as $200,000,000."

"The agricultural marketing act is an honest and conscientious attempt to do for agriculture the things it has been impossible for farmers as individuals to accomplish unassisted.

Protection Cited

"It is not necessary in this age to more than mention the protection and assistance which has been given to manufacturers, railroads, merchant marine, banks, organized labor, aviation and radio. We hear much wailing when the benefits of practical governmental assistance are extended to agriculture.

"The benefitted industries are not complaining—only those individuals or corporations who have been buying from farmers and who have directly been affected by the inevitable change which has taken place in business procedure as a result of the organization of agriculture."

MILK PRICE WAR ON AT ABILENE

ABILENE, July 16 (AP)—Milk prices at Abilene creameries were lowest today in the city's history, following a drastic cut initiated Wednesday by one of 3 companies operating here. The cut was met by another company within a few hours, and this morning a third creamery posted an even lower schedule.

The new all-time low schedule carried milk to seven cents wholesale and nine cents retail per quart, delivered in bottles; and bulk milk to 25 cents per gallon. Former prices, prior to the cut, were 11 cents wholesale and 13 cents retail per quart; and bulk milk 40 cents wholesale and 50 cents retail, per gallon.

Corsicana Baptist Preacher Resigns

CORSICANA, July 16 (AP)—Rev. J. Howard Williams tendered his resignation last night as pastor of the First Baptist church, effective August 1.

Rev. Williams recently announced his acceptance of the post of executive secretary of the general Baptist convention of Texas and said he expected to enter upon his new duties upon termination of service here. He had been pastor at Corsicana for the past five years.

George Malone Out For Legion Position

RENO, Nev., July 16 (AP)—The candidacy of George W. Malone for national commander of the American Legion was announced today by the department of Nevada through its state executive committee.

Malone, who is state engineer, a member of the Nevada public service commission and secretary of the Colorado river commission, has been active in legion affairs since its organization. He was elected national vice-commander in 1929 and now is national executive committeeman from this state.

Hoover Greets Christian Endeavor Groups Today

NATIONAL INDEPENDENCE AND INTERNATIONAL UNDERSTANDING HELD "NOT INCOMPATIBLE"

(By The Associated Press)

WASHINGTON, July 16—National independence and international understanding were portrayed as "not incompatible" elements today by President Hoover in greeting delegates of the International Christian Endeavor societies.

Speaking over the radio from the cabinet room of the White House to the fiftieth anniversary convention of the societies in San Francisco, the chief executive said the organization was "a world force for the promotion of spiritual advancement among our people. It stands for international good will and world peace."

The address:

"From every state in the United States, from every province of the Dominion of Canada, from Mexico and from a score of countries beyond the seas you have assembled in San Francisco to celebrate the golden anniversary of the International Christian Endeavor societies—an organization devoted to golden deeds and ideals.

"The fiftieth anniversary of the International Christian Endeavor societies is a notable moment in your history. It is significant not only to you, but to the whole nation by reason of your past services and your potentialities for even greater usefulness in the future.

"From an humble beginning in Portland, Maine, in 1881, the Christian Endeavor movement has become a world force for the promotion of spiritual advancement among our people. The 4,000,000 members in more than 80,000 local units in 126 nations, dominions, states and island groups present an impressive force in spiritual well-being of the world.

"Despite differences of language, tradition and custom, the youth of the world have found in the organization a common ground for spiritual training and service to their church, community and country. It represents the most enduring monument to the idealism, insight and organizing genius of its founder, the late Dr. Francis E. Clark.

"The best index to its purposes

CLUBS TO SEND DELEGATES

LIONS, ROTARIANS TO PAY PART OF COST IF OTHERS AID

The Lions and Rotary clubs have agreed to pay equal shares of the cost of sending James Potts and Bessie Moores, Lubbock county four-H club members, to a farmers short course at College Station, if the Kiwanis and American Business clubs each will assume 25 per cent of the expense.

Potts and Miss Moores recently attended a national four-H club encampment and leaders conference in Washington, D. C. Two of the four Texas four-H club representatives at the camp were from Lubbock county.

Potts Broadcasts

Selected by the state director of extension to represent Texas four-H club boys, Potts spoke over the radio from Washington, while attending the encampment at the national capital. The Texas extension services wants Potts present at the twenty-second annual farmers short course at Texas A. & M. college, July 27 to August 1, so that he can report the national encampment.

About a dozen Lubbock county four-H club members probably will attend the short course, D. F. Eaton, county farm agent, said this morning. Eaton; Ruth Stockton, county home demonstration agent; R. N. McClain, assistant county farm agent, Don L. Jones, superintendent of the state experiment station here, and several home demonstration club members also will attend.

The Lubbock Chamber of Commerce paid expenses of Eaton, Miss Stockton, Potts, and Miss Moores on the Washington trip

Le Brix And Boret Returning To Paris

MOSCOW, July 16 (AP)—Joseph Le Brix and Marcel Doret, French airmen, left Nijni Udinsk, Siberia, by train for Moscow today on their way back to Paris to have another try at a non-stop flight to Tokyo. They were accompanied by their mechanic, Rene Mesnin.

Civil aviation authorities here are arranging to speed them on their way with whatever parts of their plane they were able to salvage. They crashed in central Siberia several days ago after they had covered about two-thirds of their journey.

Expect To Deport 20,000 Foreigners

WASHINGTON, July 16 (AP)—The labor department expects to deport 20,000 aliens this year.

In making this prediction today, Secretary Doak said these deportations, together with voluntary departures, would more than equal the number of immigrants.

Doak said the department expected immigration in the present calendar year would not exceed 50,000. He pointed out that whereas 10,000 persons entered the United States in May of 1930 only 3,900 were admitted last May.

CLUB MEET TO OPEN FRIDAY

EXPECT 225 LUBBOCK FOUR-H MEMBERS AT ENCAMPMENT

About 225 Lubbock county four-H club members and adult leaders are expected to attend the annual county four-H club encampment at County park here Friday and Saturday, D. F. Eaton, county farm agent, said this morning.

Assembly of the boys and girls will begin at 1:30 o'clock Friday afternoon. Enrollment will follow immediately. Visitors are invited to a campfire program Friday night.

To Turn In Books

Four-H boys will engage in club work, after they have been detailed to groups. Girls have been instructed to turn in record books and histories when they register.

Team demonstrations will be conducted Saturday morning. Dinner Saturday will be furnished by the Lubbock Chamber of Commerce.

The program will continue until 4 o'clock Saturday afternoon.

Identity of team members to enter the annual short course at Texas A. & M. college at College Station will be announced following the program, Eaton said.

New York To Greet Hoiriis And Hillig

NEW YORK, July 16 (AP)—New York City, aided by a detachment of citizens from Liberty, N. Y., today made preparations for another welcome to air conquerers of the Atlantic.

Holger Hoiriis, pilot, and Otto Hillig, passenger-photographer of the plane Liberty, which zoomed its way to Germany and Copenhagen, arrive on the Mauretania tonight.

They will be met by New York City officials, a group of Liberty rooters and by representatives of several Danish and German societies.

RESOLUTION IS OK'D TODAY IN HOUSE

WILL DETERMINE IF ANTI-TRUST LAWS ARE VIOLATED

(By The Associated Press)

AUSTIN, July 16—The house of representatives of the Texas legislature today adopted a resolution by Representative J. B. Furd of McGregor directing the attorney general to start an immediate investigation of all branches of the oil industry to determine if the anti-trust laws and laws against restraint of trade and monopoly were being violated.

Vote on the resolution was 76 to 43 and came after extended debate on whether it was legal to appropriate the contingent expense funds of the legislature by simple resolution to be used by a state department in carrying on an investigation. No senate action is needed on the resolution.

Assistants Authorized

The attorney general was authorized to employ two special assistants at a salary of $250 per month for 12 months to carry on the investigation.

A move to forestall action on the resolution by having it referred to the committee on appropriations so that an appropriation bill definitely fixing the amount could be passed out was defeated 69 to 55. The motion was made by Representative Satterwhite of Odessa, author of the resolution defeated yesterday which would have authorized the house oil committee and the senate state affairs committee to conduct the investigation.

All expenses of the investigation will be paid out of the contingent expense fund of the legislature.

Held Useless

Opponents of the resolution claimed the information would be useless in the present emergency

(Turn to Page 13, Column 5, Please)

DEMAND DEATH OF AMERICAN DOCTOR

PEIPING, China, July 16. (AP)—Execution of Dr. Francis P. Tucker, treasurer of the William S. Porter Memorial hospital operated by the American board of missions at Techow, Shantung, has been demanded by the Kuomintang in the Techow district as the penalty for the death of a native hospital employee whom Dr. Tucker shot last week in the belief he was a burglar.

The Kuomintang asks the physician's immediate arrest and suspension of the activities of the mission. It demands an apology from the American minister and payment of an indemnity to the dead man's family.

The American consul at Tsinanfu reported that Dr. Tucker, after a series of burglaries at the hospital, kept a revolver under his pillow on a cot in his office. Last Saturday night he was awakened by a man who entered the office with a skeleton key. The intruder started to flee when Dr. Tucker awoke and the physician shot him.

Any effort to bring Dr. Tucker to trial in the Chinese courts would be vigorously opposed, legation officials said.

WEST POINT BEAU OF THE PRINCESS ILEANA WISHES HER EVERY HAPPINESS

BY H. J. TIMPERLEY,

CHINWANGTAO, China, July 16. (AP)—When Princess Ileana becomes the bride of Archduke Anton of Austria a week from Sunday at Sinaia, nobody will wish her greater happiness than Second Lieutenant Willam J. Glasgow, Jr., of the 18th United States infantry, now stationed at a summer camp near this small seaport.

Glasgow cherishes the happiest memories of his short-lived association with the Princess and her mother, Queen Marie of Rumania, during their tour of America in 1926.

"That certainly was a pleasant assignment," Glasgow said today, referring to his detail as their aide when they visited West Point.

"Princess Ileana is a most charming girl," he said. His attractive features, tanned by the north China sun, brightened with a ready smile. "I wish her every possible happiness."

Glasgow could not be persuaded to talk further. Ever since the news of Ileana's betrothal reached China he has been mercilessly teased by his brother officers, but he keeps his own counsel.

Just what his friendship with the princess amounted to—whether it ended in 1926 or continued any extent since then—is the secret of Glasgow, a soldier and gentleman from the top of his handsome head to the soles of his polished riding boots.

OFFICERS AND CADET FLIER DIE TODAY

TWO PLANES COLLIDE IN MID AIR NEAR BROOKS FIELD

(By Associated Press)

SAN ANTONIO, July 16.—Three officers and one flying cadet were instantly killed four miles south of Brooks field this morning when the two planes in which they were flying collided in the air.

All four were on duty at Brooks field. They were Major Charles V. Hart, flight surgeon and pilot; Captain Carlos J. Chamberlain of New York City; Second Lieutenant K. Austin Rogers, flying instructor, and Cadet Endicott Longacre.

Plunge To Ground

The two planes, piloted by Major Hart and Lieut. Rogers, were flying at an altitude of 800 or 900 feet when they crashed in midair and plunged to the ground. The accident was seen from the air by other pilots in the vicinity, who landed nearby and summoned an ambulance from Brooks field.

Major Hart was one of the few flight surgeons in the air corps that holds a pilot's rating and was one of the pioneers in flight surgeon work.

Taking Surgeon Course

Captain Chamberlain, who was flying with Major Hart training to become a flight surgeon, was taking the flight surgeon course at the school of aviation medicine at Brooks field. His home is in New York City and he was a member of the New York National guard.

Lieut. Rogers was a flying instructor at the primary flying school and was giving a flying lesson to Cadet Longacre at the time of the crash. Cadet Longacre was taking the basic course. He is the son of Captain Longacre of the quartermaster corps and was on duty at Duncan field here.

ASK CLEMENCY FOR FALL

NEW MEXICO SOLONS FILE PETITION IN BRIBERY CASE

(By The Associated Press)

WASHINGTON, July 16.—A joint telegram from the two New Mexico senators and both houses of the legislature of that state asking executive clemency for Albert B. Fall, was received today at the White House and sent immediately to the department of justice.

The former secretary of the interior is awaiting commitment to the New Mexico penitentiary to serve a sentence of a year and a day for accepting a bribe in connection with a naval oil reserve lease.

The president will take no action on the clemency petition until after the department of justice has studied it and made recommendations.

EL PASO, July 16 (AP)—Plans of Albert B. Fall to depart for the New Mexico state penitentiary to serve a term of a year and a day on conviction of accepting a bribe as secretary of the interior were shrouded in secrecy today.

Dr. J. N. Gambrell, Fall's physician, reported following a visit that the former cabinet officer was "very feeble" and he thought he would not start for the Santa Fe prison immediately.

Members of Fall's family, expressed a desire to get him into prison with as little publicity as possible they asserted that he was "worn out" and eager to "drop out of the headlines."

SUSPECTS RELEASED

DALLAS, July 16. (AP)—Two negro suspects held here for questioning in connection with the shooting of Abe Schreiber and his sweetheart, Miss Pauline Cormack, on a lonely suburban road June 28, were released today when police failed to connect them with the double slaying.

Directs Operation At Sea Over Radio

NEW ORLEANS, July 16. (AP)—The tropical storm that swept New Orleans and the Gulf of Mexico yesterday did not keep a physician here from giving directions by radio for an operation aboard a ship at sea.

A seaman on the oil tanker Dannedaire suffered a broken pelvic bone when a wave slammed him against the ship's side. Immediately radio contact was made with Dr. T. B. H. Anderson, superintendent of the New Orleans Marine hospital and for an hour and fifteen minutes he dictated surgical measures. The ship officers obeyed his instructions.

The Dannedaire, en route from Philadelphia to New Orleans, was about 80 miles from the mouth of the Mississippi river.

Visitors Of Teen-Age Are Receiving Social Courtesies From Younger People

Charlotte Ratliff Is Entertaining At Her Home To Compliment Visiting Trio

Entertainment for teen-age visitors in Lubbock is contributing to the social activities here and providing amusement for members of the younger set.

Miss Edwina Winfrey of Ralls, who is visiting Charlotte Ratliff, 2413 19th street, was complimented Wednesday afternoon at a bridge party given by May Tom Howell at 2304 10th street.

Guests included Misses Ratliff, Winfrey, Winifred Aycock, Josephine Welmaker, Elinor Simmons, Eloise Smith and Frances Campbell. Miss Welmaker was high in a cut.

This evening Miss Ratliff is entertaining for Miss Winfrey and for two other visitors: Jimmie Lou Goldman of San Angelo and Mike Padgett of Fort Worth.

Her list of guests includes Robert Strickland, Robert Overton, Charles Maedgen, Padgett Maddox, John Mast, Clarence Mast, Richard Godeke, Frank Maddox, Jack Quinlan, T. D. Allen, Raymond Ralls of Ralls, Carl Maxey, Janet Hambright, Kathryn Weaver, Josephine Powell, Elizabeth Spencer, Marguerite Spencer, May Tom Howell, Sue Michie, Mary Geniece Hardberger and Sara Sue Stewart.

Other out-of-town guests who are to attend the party are Louise Austin of Fort Worth, Ben Burks Cleveland of Sherman, Bill Burke and Sims French of Dallas.

A number of events for this set are being planned for next week, several to compliment Rosalie Buchanan of Mineola, who is to arrive Monday for a visit here.

DR. MYERS

Doctor Myers' Daily Column On Child Welfare

BY GARRY C. MYERS, PH. D.
Head Division Parental Education Cleveland College, Western Reserve University

TEACH THRIFT

A basic factor in the teaching of thrift is self-denial. The child who very early has nearly all his wishes gratified is on the road to learn extravagance. If when at two or three he sees a toy in the window, says he wants it and, merely for that reason, the toy is bought for him, he will find it difficult at 23, when he is earning money, to deny himself possess on of those things in the shop window which he is able to buy even on the installment plan.

It is good for the little child, as well as for the older one, to know that only a definite limited amount of money is available for things which are not absolutely necessary for his health and reasonable comfort. The child who, however, sees a toy he greatly covets and sets out over a long period of time to save his pennies so he is able to buy it, may get very valuable training.

* * *

As soon as the child is able to put a cent or nickel through a slot, give him a good strong metal bank. The small child enjoys the magic process of putting coins into this bank. See that he gets rather frequent exercise in the pleasant process. You are then establishing an early satisfaction in the act of saving.

Work early to develop in the child the habit of putting into his bank immediately the coins given him by his relatives and friends. Solicit their co-operation in encouraging this habit.

Let the banker where you keep your money hold the key. Go with the child as soon as he can barely toddle, to your bank to have his bank unlocked. Lift him up to the window to shake hands with the teller. (An occasional bank has steps up which a youngster can climb to speak to the banker on the level.)

If this clerk is on to his job he will make the child feel very welcome, will show him the money taken from his bank, and will tell him what is going to be done with it. Finally he will hand the passbook to the child, showing the numbers in it. At home, father and mother will look at his book and talk about it in the toddler's presence.

* * *

As soon as the child is given an allowance, say to cover a week, require him to deposit in his bank at once before your eyes, upon receiving it, a definite amount each time. Such a procedure emphasizes the importance of saving and of depositing the saving out of the income when it is received and not after other needs and wishes have been met.

When you work out with the child a program for earning money, work out with him also the way in which such earnings will be used. Be sure a definite amount, however small, is set aside for savings. Train him all along the way in the habit of saving first and spending afterward.

EDITOR'S NOTE: Two pamphlets by Dr. Myers may be obtained by sending 10 cents in coin for each, and a self-addressed, stamped envelope, to Dr. Garry C. Myers, in care of this paper, or Central Press Association, 1437 East Twelfth street, Cleveland, O. The pamphlets are "Punishments and Rewards" and "Fear."

LOCALS

Mr. and Mrs. Burton S. Burks and children, 2429 21st street, have returned from a visit with relatives in McKinney and Fort Worth. Mr. Burks is assistant district attorney.

Miss Kathryn Rae Phillips, of Galveston, is visiting in Lubbock as the guest of her mother, Mrs. A. F. Phillips, 2110 15th street.

Mr. and Mrs. J. L. Ryan, 2105 15th street, returned Wednesday from Tulsa where they visited relatives. They were accompanied home by their granddaughter, Mary Jacqueline Ryan, who will visit them here for a while.

Mr. and Mrs. B. A. Matheson of Clovis, N. M., are to spend the week-end here with Mrs. Matheson's parents, Mr. and Mrs. Lon A. Mullican, 416 Avenue T.

Mrs. S. B. Haynes and daughter, Betty Mae, returned Wednesday from Woodville where they have been visiting relatives for several weeks.

Mr. and Mrs. Gus Niblack and family have returned from a fishing trip near Baird.

Mr. and Mrs. E. T. Dayton have returned to their home in Fort Worth after visiting relatives in Lubbock for several days.

Mr. and Mrs. E. A. Patterson, 2324 16th street, have as their house guests their son, W. C. Patterson, and family, of Fort Worth, and W. C. Terrell, of Plains.

Mr. and Mrs. A. G. Odom and family, accompanied by Walter Short, have returned from a visit to the Carlsbad caverns in New Mexico.

Mr. and Mrs. Etheridge W. Eagan, Mrs. C. M. Mitchell and Miss Alyne Odom returned this morning from a visit to Fort Worth and Arlington. Miss Odom visited in Albany as the guest of Miss Nina Gordon, former Tech student.

Mrs. W. P. Patterson has returned to her home in Shreveport, La., following a visit with relatives here.

Billy and Virgie Louise Austin, children of Mr. and Mrs. John Austin, 2104 15th street, returned to their home here yesterday from a two weeks' visit with relatives in Floydada.

Mrs. A. L. Scoggin, 2023 9th street, and her sister, Mrs. A. T. Horn, of Floydada, are leaving this afternoon for Clinton, Okla., where they are to visit a sister, Mrs. H. H. Hatchett.

Jimmie Lou Goldman of San Angelo, who is visiting Charlotte Ratliff, is leaving today for Colorado on a visit. She is to accompany her parents, who have been visiting in Sweetwater.

Council Fire Held By Girls' Society

Wakishaka Camp Fire girls held a council fire in the canyon north of Lubbock Wednesday evening with the guardian, Mrs. Mike Barrier, in charge. Two new members were received, Marcella and Jean Ware.

This council climaxed a study of nature and each girl told about some bird in Lubbock county as a part of the cermony. Wanda V. Hunter was a guest.

Watch For Your Name; Free Lubrication Job!

Mr. E. L. Roberson, bring your car to Beacon Master service 13th St. and Ave. L or phone 2000 and we will come and get your car. You have a Firestone specialized lubrication job coming FREE any time you want it. It is the best and most complete you can get anywhere. We don't have to prove it—the job itself will prove it. Adv

Bridge Parties On Calendar For City

Morning, afternoon and evening hours are being devoted to parties in Lubbock.

Several morning affairs were scheduled today. Mrs. Roy D. McKinney entertained complimenting Miss Lois Graves, who is to marry this month, as one of the outstanding events.

This afternoon Miss Lucie Gregory is entertaining at bridge and in the late evening Misses Margaret Weeks and Mabel Erwin are entertaining with a bridge party. A number of informal events are scheduled for the evening.

One of the pleasant small events for Wednesday morning was a bridge party given by Mrs. John Jarrott for a two-table contract club. Guests were asked to fill places left by members who are out of the city. Those who played were Mesdames Ben Lee Boynton of Waco, C. D. Swift, Ross McWhorter, W. D. Watkins, jr., Hub Jones, Frank Jones, R. C. Smith and Wesley Read.

Lawn Party Given For Women's Club

Gathering on the lawn of the L. D. Rankin home at 1207 Avenue N, members of Kongenial Klan were entertained Wednesday afternoon by Mesdames L. D. Rankin and W. W. Campbell. Needlework and conversation were diversions of the afternoon and the hostesses served iced watermelon.

Guests were Mesdames T. G. Bates, P. B. Penny, G. B. Walden, W. O. Lockwood, J. L. Chase, L. B. Wright, George R. Bean, W. K. Ames, A. B. Ellis, R. B. Smith, J. W. Ross, W. C. Rylander, Otis Copeland, J. E. Henderson and W. D. Lawson.

Sunowa Girls Are To Honor Mothers

Sunowa Camp Fire girls are to honor their mothers next Thursday afternoon with a tea in the club room at 4 o'clock. Plans for the tea were made Wednesday afternoon at a meeting with the guardian, Ethel Green, at the headquarters. Girls present were Wanda V. Hunter, Jeannette Kelley, Virginia Needham and Darda Nellie Long. The group will meet again Monday afternoon at 3:30 o'clock.

A treatment for aluminum has been invented that hardens the surface and makes it proof against tarnishing or scratching and helps to resist acids and corrosive agencies.

Final Arrangements Made For Camp

Mrs. Hub Jones was in charge of a camp committee meeting on Wednesday afternoon at the Camp Fire headquarters. At this time final arrangements for the summer encampment in Ceta canyon, beginning August 4, were made.

France plans to construct dwellings throughout the country at the rate of 47,200 lodgings a year.

Before Baby Comes

Tissue Lubricant and Pain Reliever brings Comfort and Ease

A discovery of an eminent obstetrician and praised by countless thousands for over 60 years. The marvelous Mother's Friend—externally applied—brings relief! Very helpful in preventing the breasts from caking. Also puts you in good condition for the approaching delivery. Turn your months of waiting into ease and comfort by applying it daily. Ask for Mother's Friend at your drug store. Or, to demonstrate its soothing and relaxing effect clip and mail this coupon today for—

New Golfing Suit

By MME. LISBETH

Trousers, it seems, in the form of pajamas, anyway, are not enough for ye modern woman. She must have pants more like the men's.

Therefore, from London comes this, the latest of golfing outfits for mi-lady. It's all white with contrasting narrow bandings.

Extra length plus fours are the taking feature of this suit. They are as long as the popular length sports skirts and give much more freedom.

Mrs. Pink L. Parrish, 904 Avenue R, is visiting in Austin. Mrs. Parrish is the wife of Senator Parrish.

New Face Powder Is All the Rage

That lovely, natural bloom of youth! Find it in MELLO-GLO Purest, smoothest face powder known. New French process makes it stay on longer. Coloring approved by United States government blends perfectly with any complexion. No flaky or pasty look. No ugly shine. MELLO-GLO prevents large pores, never irritates skin. John Halsey Drug.—Adv.

Final Call *On Summer Dresses*

Friday, 17th, Saturday 18th

Marriage Is Told For Early In July

Announcement was made here Wednesday of the marriage of Miss Myna Slover and Mina Watkins in Clovis, N. M., on July 7. Rev. Frank Nix, pastor of Clovis Baptist church, officiated.

Mr. and Mrs. Watkins, who are residing at 2407 Main street, were accompanied to Clovis by Bob Pressley and Miss Imogene Cox.

Mrs. Watkins is the daughter of Mr. and Mrs. W. J. Slover, of near Lubbock. She is a 1931 graduate of Lubbock High school, where she was popular in school activities.

Mr. Watkins, younger son of Dr. and Mrs. G. H. Watkins, graduated from Lubbock High school at midyear and entered Texas Technological college in January. During his senior year in high school, he was named All-Westerner man and was co-captain of the football team in 1930-31. He and his bride will live here next year and Mr. Watkins will attend Tech. Later he plans to enter medical school.

Carlisle Club Meets On Tuesday

Mrs. F. F. Revier, president, was in charge of a meeting of the Carlisle Home Demonstration club Tuesday afternoon in the home of Mrs. James Burrus. A social hour followed the business meeting. This club will meet again in two weeks with Mrs. J. C. Clark.

CLOSE SHAVES

BUDAPEST—There were plenty of close shaves at the recent shaving contest held for apprentice barbers. Each competitor was required to bring with him his own subject adorned with a three-day growth of beard. The winner walked off with the honors after completing his man in 54 seconds.

Britannic Beauty

While Britain is touted to rule the the waves, it evidently has quite a bit to boast about in the realm of feminine beauty. Brenda Sheffield, of Bournemouth, England, vacationing at Banff, Canada, makes a pretty picture as she perches on a rustic looking fence. What is England's loss is Canada's gain.

Mary Frances, Mabel and Martha Jane Majors of Colorado City are expected in this week-end for a visit with the Floyd Bowens and the John L. Ratliffs.

Club Visitor Gives Readings At Party

Readings by Miss Lucille Cormack, Wellington, were a feature of the entertainment Wednesday afternoon when Mrs. Robert Ellison entertained L'Aiquillee club in her home at 1909 17th street. Members spent the afternoon sewing.

There were three out-of-town guests at the meeting: Misses Gertrude and Cleo Evans of Meadow and Miss Cormack. Members attending were Mesdames H. T. Wilkins, T. L. Biggs, W. D. Click, William Von Wolff, Imogene Pace, Earl Ellison, T. W. Keys, Maude Bradley and V. O. Jennings.

One of the largest power shovels ever built is being used in Germany to load cars. It is more than 80 feet high and can handle 850 cubic yards of coal an hour.

Kayenta Girls Work On Count Books

Kayenta Camp Fire girls worked on count books Wednesday morning in a meeting with the guardian, Miss Vera Johnson, at 1314 25th street. Those who attended were Ruby Lynn Branch, Sara Spencer, Loraine Smith, Ruth Henry and Mary Green, the assistant guardian.

The "fan-shell," a fish nearly two feet long, in some wonderful manner can snap its two halves together in a flash to entrap any wandering fish.

NORGE *the* **ELECTRIC REFRIGERATOR**

With the **ROLLATOR**

All corners of the Norge food compartment are rounded . . . cleaning is easy.

A spring hinged, tight sealing door protects the Norge freezing compartment.

Norge is the perfected electric refrigerator with the Rollator, a compact mechanism of remarkable simplicity . . . just a roller revolving in a permanent bath of protective oil. It not only gives the Norge its superefficiency and longer life but makes possible its surprisingly moderate price.

Electric refrigeration is no longer a novelty. Users have become exacting. They demand quality results . . . the utmost in convenience with nothing short of *unfailing* refrigeration, winter or summer, year after year. Facing these facts, our choice of the refrigerator to handle had to be made with extreme care. Norge attracted us . . . not only by its out of the ordinary performance but because its makers are responsible and well known.

Norge Corporation, Detroit, is a Division of Borg-Warner Corporation, originators of free wheeling and many other automotive advancements. This great organization, with its tremendous resources, assures the Norge user of responsible backing for the refrigerator he buys.

Norge, with the Rollator, has 34 superlative quality features, 19 of them original . . . see the Norge before you buy.

The Watervale keeps a gallon of quickly chilled drinking water or other beverages on tap . . . no necessity of getting ice cubes every time a cold drink is wanted.

Norge hardware is styled to harmonize with the cabinet design.

PRICE FIXING IS OPPOSED

GOVERNOR STERLING AGAINST SETTING MARKET DEMAND

AUSTIN, July 16. (AP)—Governor Ross S. Sterling told newspapermen he opposed any law which gave a regulatory commission the power to determine a reasonable market demand for oil and to prohibit any production above that figure.

This had been one of the principal features of a bill recommended by the Texas oil emergency committee, which led in the move for a special session of the legislature, and had been included in a proposal introduced yesterday by Representative D. D. Richardson of Grand Saline.

Against Price Fixing

Governor Sterling said many people believed prevention of production above reasonable market demand was price fixing and he did not believe in governmental price fixing. He said he believed adequate physical consevation would attain the end sought in the special session of the legislature.

Confidence that the legislature would do something to help the oil industry was repeated by the governor. "Of course there are always several preliminaries and some minor bickerings among the legislators the frst week," he said. "I believe the legislature will get down to business next week."

Resolution Opposed

Referring to the defeat of the Satterwhite-Stevenson oil investigation resolution in the house today, the governor said such an inquiry might have taken all summer. Most of the adminstration supporters in the house opposed the resolution.

Governor Sterling stated the bill introduced in the senate by Walter F. Woodul of Houston should do considerable good if enacted into law. That bill would permit an oil man to get an injunction to restrain his neighbor from draining his oil.

NEW RELAY SWIM RECORD IS SET

HONOLULU, July 16 (AP)—A new mark for the 880 yard relay swim, announced as a new world, Olympic and American record, was established in the National A. A. U. championships here last night by the Hollywood Athletic club.

The film city aggregation covered the stretch in 9 minutes 21 4-5 seconds as against the previous world and American record of 9.27 established by a New York A. C. team and the Olympic mark of 9:36 1-5 for the 880 meter event, made by the United States team at Amsterdam in 1928.

Earlier in the evening Clarence L. (Buster) Crabbe of the Los Angeles A. C. broke his own American record for the 300 meter medley, finishing in 4:05 4-5 as against his previous mark of 4:06 4-5.

TO BRING SUIT AGAINST TEXAS

PURCELL, Okla., July 16 (AP) — Announcement that Oklahoma will bring suit next month against Texas in the U. S supreme court in an original action for opening of the free bridge across the Red river at Durant was made in an address here yesterday by J. Berry King, state's attorney general.

King, in a Rotary club talk, said the case had a precedent that would allow the action, although the opening is tied up by an injunction obtained in Texas. The state highway commission, he said, has authorized the suit.

Sunday-school teachers in England and Wales number over 530,000.

LUCKY TIGER, world's largest seller at Druggists, Barbers and Beauty Parlors. A Proven Germicide. Corrects dandruff and scalp irritations. Safe for adults, children. Guaranteed.

LUCKY TIGER

HERE'S WHAT HAPPENS IN COURT AS RENO DIVORCE MILLS GRIND

BY PHILIP J. SINNOTT
NEA Service Writer

RENO, Nev., July 15—Henry Ford introduced high-speed production to the industrial world, and now Reno's twin mills of divorce have done the same for the judicial world.

They had to, because the big increase in the divorce industry that has followed Nevada's six weeks' residence law has made speed, efficiency and mass production necessary.

In just 10 minutes by the Washoe county courthouse clock, a wife—or husband—may have marriage bonds untied in a thoroughly legal manner and emerge to the street free of all matrimonial alliances. The action is repeated many times each Monday, which is divorce day in the county's two district courts.

Half an hour before convening time, each of the two courtrooms is filled. There are three rows of seats—capacity for about 60 spectators—in each courtroom. Inside the rail, there are about a dozen seats for counsel, plaintiffs and witnesses.

The hum of conversation reveals part of the crowd to be future divorce seekers seeing what has to be done, part of the same category "shopping around" for attorneys. Reno men and women drop in, too, for a little entertainment. And there's the usual thrill-seeker one finds in every courthouse throughout the land.

The judge's entry starts things rolling. The first case on the calendar for the day is called by the clerk, who simultaneously passes the judge a folder containing all the papers in the case.

Witnesses Sworn Quickly

The plaintiff and her witness are called by her attorney. Both of these are sworn in together, to save a little time. The witness usually a landlord or landlady—testifies that the plaintiff has been a resident of Reno, Washoe county, Nevada, for a certain length of time; always more than six weeks.

The complainant then is asked if Reno is his or her residence, how long they've resided here, whether they came to make their home here, and whether they intend to still do so. The answer always is affirmative, even when a ticket "back home" has already been bought.

The attorney runs through the complaint, asking questions to establish each point. Date of marriage, place of marriage, time of separation and a few questions about the specific charge of cruelty, desertion or what not.

The judge also has a copy of the complaint and runs over it with practiced eye. In case the plaintiff's attorney has neglected to ask whether the alleged treatment has undermined plaintiff's health, or whether plaintiff feels a reconciliation impossible, the judge asks this. And as the witness is leaving the stand, after identifying the signature of her husband to an answer or a power of attorney, the judge makes his pronouncement of separation, the decree is signed, final court fees are paid and the divorce is in effect.

Judge Speeds It Up

If an attorney seems to be asking too many needless questions, or if the witness is too voluble in answers, the court may announce that enough evidence has been heard to establish grounds. For the Monday schedule calls for a divorce case every 10 minutes in each court.

The job of arranging this calendar is up to Elwood Beeman, county clerk. He has developed it into a system that keeps the grind steady so long as cases are available.

Most of the cases are uncontested. Answers usually are filed with complaints. The order in which the cases are filed during the week determine their order on the Monday calendar when it is made up by Beeman Saturday.

As they come in, the cases are assigned alternately to the two judges, Thomas P. Moran and B. F. Curler. The attorneys must arrange a pocket schedule to insure their getting from court to court as their cases come up. Clerk Beeman's system doesn't "jam" an attorney through having cases in both courts at the same time. But it's up to the attorneys to see that they are in court when their cases are up.

Complete Case Established

One attorney recently found himself with four cases to be tried in one day, and an important conference occupying the same afternoon. He visited other lawyers, picked up complaints in four other divorce suits, alternated these with his own complaints, and filed all at once. As a result, his were all assigned to one court, to be heard in succession; the other cases were all assigned to the other court. With his cases all cleaned up at the morning session without delay, he had his afternoon free for his conference.

The divorce mill moves quickly here, all right. But the critical observer has to admit that a complete case is established, with full provision for avoidance of fraud.

Reno's two divorce judges are shown here. Above is Judge Thomas F. Moran and, below, Judge B. F. Curler.

REVENGE MARRIAGE

SEATTLE.—If you want to get revenge on a man, marry him. That's William P. Apetz's advice to revenge-seeking women. He recently won a divorce from his ex-wife on the grounds that she married him a second time for revenge. He said she had admitted to him that she married him a second time to "damn" his life.

The natural duration of human life is over 100 years, according to a famous French doctor, himself 99 years old. He adds that a man who dies at the age of 85 dies young.

CIVIL APPEALS PROCEEDINGS

AUSTIN, July 16 (AP)—Proceedings in the court of civil appeals included:

Reversed and remanded:

Ellis Daughtry vs. Blanket State bank et al, Brown; John Sparks et al vs. Lawrence H. West, Coleman.

Reformed at appellant's cost and affirmed:

Union Sulphur company vs. Texas Gulf Sulphur company et al, Wharton.

Motions overruled:

Gibraltar Savings and building association vs. W. A. Harper et ux, rehearing by appelee, Harris; Gibraltar Savings and Building association vs. W. A. Harper et ux, rehearing by appellant, Harris.

THEFT REPORTED

Theft of an electric drill from the Farmers Cooperative gin at Levelland has been reported to Lubbock police.

Nothing was stolen from a residence at 1612 Eighteen street, although it was entered by an outsider at about 3 o'clock this morning, James Hobbs, an occupant, told police.

About 7,500,000 tons of salt are produced each year in the United States, 30 per cent being obtained from the evaporation of brines, either natural or artificial.

Little Girls, She Has 800 Dolls!

The home of Mrs. A. W. Scott at Woodland, Wash., is a little girl's idea of paradise. From the day that she received her first doll as a baby, Mrs. Scott had made a hobby of collecting them. Her fame spread, and now she has 800 sent to her from all parts of the world. She hasn't bought a single one. She is shown here with some of them.

GRAIN PAYROLL IS DOUBLED

SURVEY REVEALS BIG INCREASE IN LAST THREE YEARS

The payroll of Lubbock grain industries has more than doubled in the last three years, a survey this week by the Avalanche-Journal indicated.

In 1928, the annual payroll of grain brokers and milling companies was approximately $35,000 and today is more than $75,000.

Three milling companies, three grain brokerage offices besides a number of individual buyers and the Lubbock Grain Exchange inspection work require a score or more of employes.

Grain shipments into Lubbock are said to be greater now than at any corresponding period in the history of the exchange.

With a large row crop in prospect, grain men are looking forward to a busy fall.

Ruins so ancient that they show water marks left by the biblical flood have been unearthed on the site of the ancient Sumerian city of Kish, just east of Babylon, according to a report of the Oxford-Field Museum expedition.

*Consider your Adam's Apple!!**

Don't Rasp Your Throat With Harsh Irritants

"Reach for a LUCKY Instead"

Place your finger on your Adam's Apple. You are actually touching your larynx—this is your voice box—it contains your vocal chords. When you consider your Adam's Apple, you are considering your throat—your vocal chords. Don't rasp your throat with harsh irritants. Reach for a LUCKY instead.

Here is what one of America's great scientists, whom we retained to study LUCKY STRIKE'S manufacturing process, says about the mellowing effect of Ultra Violet Rays which are included in our exclusive "TOASTING" Process:

"The effects of this ultra violet treatment on the tobacco have been tested and are found to involve an increase in what is called the 'mildness' of the tobacco."

One of America's greatest writers and editors says this:

"When I visited Reidsville and went through the LUCKY STRIKE plant, I found one explanation for the growth of LUCKY STRIKE. Your use of the Ultra Violet Ray in the 'Toasting' of tobaccos is a splendid example of achievement. It is the new order of the day."

Remember, LUCKY STRIKE is the only cigarette in America which offers you the throat protection of the exclusive "TOASTING" Process—that secret heating process which expels certain harsh irritants present in all raw tobaccos, and which includes the extra mellowing benefits of modern Ultra Violet Rays. And so we say "Consider your Adam's Apple". Be careful in your choice of cigarettes.

HUBBERS ARE FAVORED TO WIN OVER BIVINS BULLDOGS TODAY

Collier Parris

SPYING ON SPORTS

There will be no more City League games until the Hubbers return from Amarillo. That may mean that City League games will be resumed after tomorrow or that they might not begin again until next Tuesday.

* * *

The Wholesalers of the City League, who went through the entire first half of the season without a victory to grace its win column, opened the second half with a 4 to 2 victory over the Rainbows this week. Lack of experienced or powerful talent during the first half handicapped the Wholesalers but with the decrease of the Advertiser club and the consequent shift of players the Wholesalers loom as one of the contenders for the second half title.

* * *

You must give the Wholesalers credit for being a game bunch. With nary a victory in fifteen starts, they hung on, ever trying and never giving up. The first half saw two teams withdraw from the circuit and they had wins to their credit when they called it a season. But not the Wholesalers. We've admired them and we hope they continue to carry on with the force shown in their first game.

* * *

The Hubbers are back in the running at Amarillo now but they can't afford to lose any more games and expect to come out with a purse. They had one game to waste and they wasted it on their first attempt. Maybe it was the best thing to do for now they will buckle down harder. They need that dough which comes with victory and they need to win in order to retain their standing with the homefolks.

* * *

In order to hasten the turn of events and eliminate losing teams as fast as possible it has been necessary to switch from the original plan and pit winners and losers together in the tournament. So today the Hubbers are meeting the Bivins Bulldogs, an independent club near Amarillo, in their third round scrimmage. The Bulldogs went down, 4 to 2, to the Texola-Willow club from across the Oklahoma line Tuesday but they are powerful in their own right. It will be a tough tussle and if the Hubbers can get by this game they should be well on the road to money. One of the clubs will be eliminated, since each has lost one game.

* * *

Bill McMillan, owner and manager of the Meadowbrook golf course, is planning a tournament for all golfers in counties surrounding Lubbock counties for July 26. That is a week from next Sunday. The tournament will be in the form of an invitation joust with golfers from Hale, Lamb, Crosby, Garza, Lynn, Terry, Hockley and Lubbock counties invited.

* * *

It is to be remembered that on each Monday and Friday morning, women golfers of Lubbock may play without charge over the Meadowbrook course. This may be a ruse on the part of Pat Patterson, the new pro, to meet the ladies, but it's a good offer nevertheless and Pat is not a hard fellow to endure.

* * *

Big Spring is to be the site of the annual West Texas tennis tournament August 7, 8 and 9. Upwards of fifty entrants are expected to contest for the singles title now held by Leo Brady of Abilene and the doubles championship held by nobody. Some fair rating raqueteers have already entered the signed dotted lines and the race promises to be a hectic one. It is not known at present whether any local netters will enter the tournament or not.

* * *

It is known that a lot of Lubbock people are playing tennis this summer. It seems to be more popular than ever. Late afternoons and evenings a drive about town will reveal whole families ping-ponging across the white nets. Lighted courts are popular and most playing is done at twilight, or later. It is estimated that more than 250 people in Lubbock play tennis daily, which is greater than the number of golf or baseball players.

* * *

Frazier McCrummen, a tennis leader in Lubbock, states that a city tournament will be held later this summer and that it already promises to be one of the largest and most successful ever attempted here. Lack of courts prevents a West Texas tournament here this season. A good investment on the part of the city would be the installation of a string of municipal tennis courts. They are not so expensive and they pay neat returns.

* * *

Saw "Gray Eagle" Pender and "Pop" Condray, two of the best grand stand coaches and unsurpassed anvil chorus members anywhere, down town the other day. They are rather quiet during the summer season but wait until football rolls around again! If all the professors at Tech were like Pender and Condray, and they were tied head to foot they would reach across the African Congo and it would be a good thing—during football season.

BEAUMONT GAINS NOTCH ON HOUSTON

LUBBOCK TEAM ADVANCES TO THIRD GAME

ONE OF TWO NINES TO BE ELIMINATED IN CONTEST TODAY

(Special To The Journal)

AMARILLO, July 16.—With everything to win from now on, the Lubbock Hubbers enter their third game of the Amarillo News-Globe tournament this afternoon favorites to emerge victorious but only after a tough battle with the Bivins Bulldogs of Bivins Station. The Bulldogs, like the Hubbers, have won one and lost one game and are not to be counted out of the tournament running until a second defeat has overtaken them.

Bunching three hits in the second inning for two runs, the Phillips nine of Borger defeated the Earl Wyatt's Stores team of Amarillo, 3 to 2, in yesterday's first game. In the second, the Amarillo White Sox collected 22 hits off five White Deer hurlers to eliminate the losers from the tournament in a 20 to 1 victory.

Eight Teams Remain

Ten teams originally started the tournament last Saturday, and today finds eight remaining in the play for the money. The Lubbock Hubbers eliminated the Clovis Demolays last Tuesday and White Deer went out yesterday. One more team will be eliminated today as a result of the Lubbock-Bivins game, while Pampa and Texola-Willow meet in a game which will result in the first defeat of one of the clubs.

Lubbock was defeated in its first game Sunday by the Phillips club of Borger. On the same day the Wyatt's club looked powerful in a 13 to 0 victory over Clovis. Borger continued to establish its potentialities by its victory over the Wyatt's outfit yesterday.

Willis Knight, who started Sunday's game for Lubbock but who quit in tme to save himself a defeat, probably will take the mound for Lubbock today. His manager may decide to save him until later in the tournament and use "Blue Eyes" Graham today, however; Charley Pressley, considered as about the second best hurler on the Lubbock roster, has not had his chance yet and may do some tossing today.

CHOCOLATE IS CHAMPION

EBONY WARRIOR FROM CUBA WINS FIGHT FROM BASS

PHILADELPHIA, July 16. (AP)—"Keed" Chocolate, the polished ebony warrior from Cuba, stood today on a modest pedestal, a champion everywhere but in New York state, king of the junior lightweights.

The slender grinning Havana news boy scored a technical knockout over Benny Bass, of Philadelphia, before 15,000 of the home folks last night to rise to the championship heights that had been forecast for him ever since he arrived in New York from Cuba three years ago. It isn't much of a championship, a synthetic title at best, but it eased in part much of the disappointment that had been the patent leather "Keed's" in shooting for the greater crowns of fistiana in his short but brilliant career.

NO CITY LEAGUE GAMES THIS WEEK

Due to the absence of the Lubbock Hubbers, who are in the News-Globe tournament at Amarillo, all City league games scheduled for this week will be postponed, League President Dutch Luenberger said yesterday. The Hubber membership is divided among City league clubs and these clubs are fairly helpless until the Hubber members return.

In the only game played this week, the Wholesalers defeated the Rainbows, 4 to 2, marking the first Wholesaler victory of the season as against sixteen defeats. In their win, the Wholesalers presented possibilities of becoming a contender for the second half title.

A playoff for first half honors between the Texas Utilities and Avalanche-Journal teams will be held probably next week, though no definite date has been set.

The second half will find only five teams contesting for honors, the Advertisers, who replaced the Santa Fe club earlier in the season, having withdrawn from the race.

Standings for the second half are as follows:

Clubs—	W.	L.	Pct.
Avalanche-Journal	1	0	1000
Texas Utilities	1	0	1000
Wholesalers	1	1	.500
Rainbows	0	1	.000
Legion-Lions	0	1	.000

The Fascists probably think that their salute gives them the upper hand.

Rabbit Trapped By Hidden Ball Trick And Reds Win

TENTH-SECOND TIMING CONTROVERSY RAISED AGAIN WHEN INACCURACY OF HAND THAT HOLDS STOP-WATCH TOLD

NEW YORK, July 16 (AP)—Inaccuracies of the hand that holds the stop-watch, strikingly demonstrated by laboratory research in the International Y. M. C. A. college at Springfield, Mass., have revived the controversy over tenth-second timing and raised new questions that concern the record sprinting performances of such track stars as Eddie Tolan and Frank Wykoff.

"Records made with stop-watch timing are not reliable," concludes the report of a two-year study, outlined for the Associated Press by Professor Thomas K. Cureton, jr. "A great injustice may be done in approving a record listed as one-tenth second better than another.

To Be Accepted

"Wykoff, whose 100-yard record of 9.4 seconds will undoubted be accepted, may not have actually bettered Tolan's mark of 9.5 seconds. And so with various other world and intercollegiate records.

"An electrical timing device, that is foolproof in every respect, is surely needed, not only for track but for swimming and perhaps auto and horse racing. Another practical application of electrical timing is that it can be used excellently for judging places."

Prof. Cureton, with associates and students at Springfield in the department of applied physics and animal mechanics, has conducted exhaustive tests of human handling of the stop-watch in comparison with electrical timing, accurate to one-hundredth of a second.

Hand Inaccurate

These tests revealed the human hand as invariably clocking a race one-tenth to one-fifth second faster than it was actually run. Considering one set of data, 27 student timers recorded an average error of .234 seconds in clocking an indoor spring race. The same experiment outdoors, in which 24 timers were used, showed an even greater average error of .288 seconds. Application of the same test to experienced timers, working at a varsity meet between Springfield and New York university, on a rainy day showed an error of .43 seconds in timing the 120-yard high hurdles and .37 seconds in clocking the 100-yard dash.

Analysis of the experiments has shown, Professor Cureton says, that the timers invariably re-acted slowly to the starting gun's flash or smoke, also that they stopped their watches a fraction of a second before the runner hit the tape.

MADISON GIRL HOLDS TITLE

SEATTLE'S SWIM STAR TO DEFEND OTHER TITLES TONIGHT

NEW YORK, July 16 (AP)—Having shown her thrashing feet to a field of star performers in the 100 meters and mile events, Helene Madison, Seattle's 18-year-old aquatic marvel, will defend another of her numerous water speed titles the 440-yard event, tonight in the National A. A. U. swimming and diving championships at Bronx beach.

The Seattle marvel, who has acquired 14 of the 16 recognized world records for women, is expected to receive some stiff competition in the 440 from Josephine McKim of the Los Angeles Athletic club, who placed second in the event last year.

To Defend Title

Other title events on the program are the 220-yard backstroke, in which Eleanor Holm, diminutive Brooklyn star, is to defend her championship, and the high diving competition, in which Georgia Coleman, national diving queen, is to face such rivals as Katherine Rawls and Frances Meany.

There is every indication the 220-yard backstroke will produce a new world record, as Miss Holm repeatedly has shattered the recognized mark in training.

In successfully defending her championship in the mile last night, Miss Madison broke the four-year-old world mark for 1,500 meters by more than 27 seconds. Her time for the mile, 24:45, was more than 11 seconds behind her own world standard for the distance, however.

IT'S DRIVING US CRAZY

NEW YORK—Noise is driving us crazy, according to Edward F. Brown, member of the Noise Abatement Commission. Today city noises are driving thousands of persons to neurologists, he says. From offending one's nerves, the noises finally effect the brain and produce a form of insanity, Brown believes that within a few years noise regulations will eliminate this danger.

STEEL NEEDED IN RUSSIAN PROGRAM

CLEVELAND, July 16 (AP)—Steel is the cornerstone of Russia's industrialization program, officials of Arthur G. McKee and Co., Cleveland engineers, said last night.

Steel must be supplied in adequate quantities for the wide range of manufacturing contemplated under the Soviet government's ambitious schedule. Even mechanization of farms waits on steel for tractors and implements.

The McKee company designed and is supervising construction of the giant steel plant at Magnitogorsk in Siberia, the largest of the Russian steel projects and the largest project in the world under construction now.

The Soviet government hoped to make Magnitogorsk the largest steel plant in the world by January 1, 1933, but did not complete arrangements for its construction until March of 1930.

Today another group of Cleveland engineers will sail from New York to join the group which sailed in June. Other McKee engineers have been sent to Magnitogorsk since May of last year.

BROOKLYN WINS FROM CARDS TO SQUARE UP ACCOUNTS

BY GAYLE TALBOT, JR.
Associated Press Sports Writer

You would think, offhand, that such a seasoned campaigner as the 38-year-old Walter Rabbit Maranville of the Boston Braves had long since learned not to fall for anything as venerable as the hidden ball trick.

But it was none other than the sprightly Rabbit who was trapped by this oldest of baseball legerdemain yesterday as the Cincinnati Reds won a brilliant 1 to 0 pitching duel from the Braves. But for Maranville's lapse, there might have been a different result.

Forgets Himself

Coming up in the ninth after John Ogden had held the Braves to four hits and no runs for eight innings, the Rabbit singled, went to second on a wild pitch and was in position to score the tying run. Then he forgot himself, wandered off the bag and was tagged out with ease and dispatch by Joe Stripp, Cincinnati third baseman.

The trick putout supplied a fine climax to a duel between the veteran Ogden and Lefty Brandt. The Reds made only four hits off the Bostorr ace, but scored the winning run in the seventh when Heathcote tripled and crossed the plate on Nick Cullop's fly to Worthington.

Robins Square Games

The Brooklyn Robins came back to square accounts with the St. Louis Cardinals, 10 to 3, when Watson Clark chalked up his seventh straight victory. Lefty O'Doul pounded three Card pitchers for two doubles and two singles and drove in four runs.

Kiki Cuyler's timely single in the ninth, scoring Jakey May, who had doubled, gave the Chicago Cubs their second straight over the New York Giants, 5 to 4, and put the Hornsbymen within half a game of second place in the National league.

Larry French allowed only six hits as the Pittsburgh Pirates scored their third straight win over the Phillies, 4 to 2.

A's Win Twice

Hank McDonald, star rookie from the west coast, and Waite Hoyt, the veteran righthander recently picked up by Connie Mack for the proverbial song, turned in a pair of masterpieces as the Athletics tripped the Detroit Tigers twice, 5 to 3 and 11 to 0.

Sammy Byrd's pinch single in the eighth, scoring two runners climaxed a four-run rally that brought the New York Yankees from behind to beat the Cleveland Indians, 5 to 4.

The Boston Red Sox divided a doubleheader with the St. Louis Browns, winning the first, 5 to 4, in eleven innings and losing the second, 5 to 2.

Rain stopped the White Sox and Senators at Washington.

NO ACTION TAKEN ON OIL PROBLEM

OKLAHOMA CITY, July 16. (AP)—Committee of seven independent oil operators appointed by producers seeking to shut down the Oklahoma City field requested Governor Murray to "do something," but left the capital without accomplishing their purpose yesterday.

Both the governor and the operators, the latter accompanied by Marvin Lee, president of the Kansas Independent Oil operators association, were reticent after a half-hour conference behind closed doors.

The governor announced recently he would not issue an executive order to halt production in Oklahoma until some definite step had been taken along the same line by Texas.

CATS GO INTO A TIE WITH DALLAS

STEERS AND HOUSTON IDLE BECAUSE OF RAIN WEDNESDAY

BY BILL PARKER
Associated Press Sports Writer

Because of rain Wednesday in Houston, the Buffaloes had to remain idle and watch the Beaumont Exporters gain on them—and for the same reason, the Dallas Steers, who were carded to play the Buffaloes, had to stand by and watch the Fort Worth Cats go into a tie with the Steers for fourth place.

The Exporters, holders of second place and gaining each day on the pace setting Buffaloes, trimmed Shreveport, 6 to 1 for their 11th victory in the second half. Izzy Goldstein held Shreveport to six hits, registering his 10th victory of the season. Moore pitched a five hit game for Shreveport, but his mates could not hit timely like the Exporters. Some phenomenal fielding by Schuble and Taylor aided Goldstein when the Sports threatened.

Cats Down Indians

The Fort Worth Cats swept into a tie with Dallas for fourth place when Lil Stoner turned back the San Antonio Indians 7 to 2 for his 6th victory in seven starts. Three runs in the initial frame enabled Stoner to coast in, although he was touched for twelve hits, while the Cats only secured nine off Chief Moore. Five of Fort Worth's twelve hits went for extra bases. San Antonio had eleven runners stranded for want of timely hitting. The game was called in the eighth inning to allow Fort Worth to catch a train.

Unreeling a doubleheader at Galveston, the Buccaneers uncovered a volley of hits to beat the Spudders in the first game 8 to 1, but the Spudders whipped back to take the mid-night affair 5 to 0. Some superb pitching by Bill Harris stopped Wichita Falls in the first game. Harris limited his opponents to five hits and blanked them for eight consecutive innings. It made Harris' 8th victory of the season. Ballew, Bell and Pratt each scored two runs for the Buccaneers.

Bucs Smothered

The second game saw Ash Hill smother the Buccaneers for a 5 to 0 victory, giving him his 11th triumph of the season. Thormahlen and Seydler tried to stop the Spudders, but had no luck. Thormahlen was wild and had to be relieved by Seydler in the third. Hill allowed five hits and was complete master throughout.

Today the clubs get a new deal with the following games scheduled:

Dallas at Beaumont, day game.
Fort Worth at Galveston, night game.
Shreveport at Houston, night game.
Wichita Falls at San Antonio, night game.

SEVENTY-SIX GRAND AWAITS TWENTY GRAND IF HE WINS RACE SATURDAY

BY CHARLES DUNKLEY

CHICAGO, July 16 (AP)—Seventy-six grand for Twenty Grand—if he can do it.

That is the sum the gallant son of St. Germans-Bonus, called the greatest three-year-old since Man O'War will earn provided he gallops to victory as almost everybody expects he will do, in the $70,000 Arlington classic at Arlington park Saturday afternoon.

The race, as it shapes up today, will have seven certain starters with a gross value of $87,400, making it the richest three-year-old stake in the world. Twenty Grand, if triumphant, will drag down $75,900 to add to his 1931 winnings of $134,194. The big three-year-old already is America's leading money earner of the season.

Overwhelming Favorite

Twenty Grand rules an overwhelming favorite to win as a result of his impressive workout yesterday, when, in the blistering heat of mid-afternoon, he galloped a mile and a quarter on a slow track, finishing pulled up, in 2:11. It was not fast work, but the superb condition of Twenty Grand was evident. There was not a trace of lameness in his legs and big body that developed in his victory in the Dwyer stakes when he wrenched a big muscle in his left hip.

Jimmy Rowe, youthful trainer of the famous thoroughbred, was jubilant.

Good As Ever

"He is ready," Rowe said, "he is as good as he ever was in his life. Twenty Grand has convinced me he is about the best horse I have ever seen. He'll win the classic handily."

Galloping gracefully over the course he will travel, Twenty Grand went through his final test impressively. It was not a test for speed, for Marshal Lilly, the negro exercise boy for the Greentree stable, had been cautioned to keep the colt in restraint and just allow him to run at a good even pace. The three-year-old champion raced the half in :48, three-quarters in 1:13 2-5, the mile in 1:40 1-5, the mile and one-eighth in 1:54 3-5 and the full mile and a quarter in 2:11.

BROTHERLY LOVE

CINCINNATI—Joe Rastetter was arrested for bootlegging, and fined $100, which he was unable to pay. Brother Jack Rastetter, pal that he is, decided to carry on Joe's bootlegging until he got enough money together to get his brother out of jail. A week after he entered the racket, he too, was raided. Now they both are worrying about how they will pay a fine.

WOOD AND AUSTIN TO MEET FRIDAY

PARIS, July 16. (AP)—Bunny Austin of England will play Sidney Wood of America tomorrow afternoon in the first singles match in the inter-zone finals for the Davis cup. Frank Shields will meet the Britisher Perry in the following match. Lott and Van Ryn of the United States will play Hughes and Perry in the doubles matches on Saturday. Wood plays Perry in singles on Sunday followed by a match between Austin and Shields.

Big News For Thrifty Shoppers::

Friday Morning Promptly At 8 a. m. We Begin Our Ninth

With The Greatest List Of Savings We Have Ever Offered, For Regardless Of Conditions We Must Effect Complete Clearance Of Remaining Stocks In 1931 Just As We Have In Every Former Season

It's Clean Sweep Time again—the occasion of our biggest Semi-Annual Clearance—the time when we clear our stocks of all remaining items in a short exciting sale where values are so outstanding that the prices quoted are a subject of comment for months afterwards. This Sale has always been outstanding. This will continue to be the case. It will be the case with respect to this 1931 event.

We know that general conditions are not normal at this time. Further we realize that normal reductions that appealed in 1930 will not appeal today. We have met the situation as we find it—have faced facts as they are—have made our reductions severe enough to decidedly appeal to even the idea of economy peculiar to this 1931 condition.

Never have opportunities been greater—Never have goods been cheaper. All season we have operated on a market decidedly advantageous to the buyer. Regular prices were low but Clean Sweep prices are even lower in proportion. Item after item quoted in this four page ad appears at a figure lower than has prevailed for a period of more than ten years. Item after item is priced now at a figure history will record as the "Low" for many years to come.—Its an ideal time to buy—the time to anticipate your needs—an occasion filled with saving possibilities that will not likely be possible again for many years.

Store wide reductions of 1-4 to 1-2 off, with hundreds of items at the greatest reduction in their history ---assortments are large---quality is high---styles are new---here is a real opportunity to purchase standard well known, nationally advertised merchandise at truly worth while savings.

Hemphill-Wells Co.

OUR NINTH

Sale Begins Friday July 17th. Closes Saturday, July 25th

ANNUAL JULY CLEAN SWEEP SALE

Eight Days of Rapid Selling at Prices That Will Make History

Silk And Cotton Dress Goods, Household Needs, Draperies, White Goods---Every Item In Our Fine Piece Goods Section Now At Clean Sweep Reductions---Prices Are Quoted On This Page That We Predict You Won't See Again For Ten Years

Here is the biggest sale of the entire year—the time when we clear away all remaining spring and summer stocks by radical reductions throughout the entire store. In past Clean Sweep Sales, reductions have been just as severe but never before have these reductions been figured from regular prices as low as those that have prevailed this season. Frankly, even a regular prices goods are CHEAP. Now with our Clean Sweep Reductions of from ¼ to ½ off, price after price appears on this page that we firmly believe you will not see again within a period of ten years. Consider the intrensic value of these various items—the price you paid for identical qualities only a few years ago—the actual cost of production and we believe you will agree that this 1931 Clean Sweep Sale is a real "buyers' paradise"—a time when every possible present and future need should be supplied—a sale that will be recorded as the time when you purchased goods at the lowest figure of your entire lifetime. Do not miss this opportunity.

Ladies Dresses Underwear Coats Suits Hats Hosiery Gloves and Miscellaneous Items at Marvelous Reductions for Our Ninth

Sale Days July 17th to July 25th

Eight Big Opportunity Days

Here are Reductions of from 1-4 to 1-2 Off on Standard High Grade Merchandise in one of Our Semi-Annual Store Wide Clearance Sales-Save

Deep reductions are the rule in every item in our entire ready to wear section. Garment after garment that has decided appeal not only for at once but early fall wear now appears at almost unbelievable prices. It's clearance time for all remaining stocks—the occasion when we forget all thought of profit and price our merchandise solely with the thought of moving it quickly. You'll find values greater than ever—assortments more complete—styles more desirable. Much of this merchandise has only appeared on our racks during the last few weeks. This fine store has only two store wide sales each year. This is one of them—a rare chance to save—a sale that really is a sale.

MEN'S GOODS FROM OUR NINTH

A Good Broom Free with $10.00 Purchases

ANNUAL JULY CLEAN SWEEP SALE

All Sale Prices Strictly Cash

Abnormal Discounts On Our Entire Stock Of Standard High Grade Merchandise---Prices This Year Are The Lowest In History

Men, you can make greater saving this year than ever before—savings that will be worth while for they come to you on standard well known makes where you can be sure of qualities and workmanship. Only on two occasions each year are such opportunities yours. On these occasions we forget all thoughts of profit as we quote radical reductions to effect quick, complete clearance. In this year's Clean Sweep Sale you have two decided advantages. Contrary to the policies followed by most stores we have maintained full complete assortments during this period of abnormal times with the result that even now at clearance time, we have wonderful assortments to offer. More than this in all cases basic prices are much lower than at any time during the last ten years. The liberal discounts we quote here are figured from these abnormally low regular prices, a condition that brings you merchandise during the next eight days at prices that we do not believe will be in force again for a considerable period of years. You will be mighty glad later, if you supply your present and future needs from these opportunities.

MEN'S UNDERWEAR, PAJAMAS AND DRESS PANTS, ETC.

Here are fine high grade lines in good colors and size assortments—items that men use at all seasons that are to be bought in the Clean Sweep at decided savings.

The prices quited in this ad are real worth while discounts on regular high grade merchandise, our regular stock of standard goods—not items purchased specially for "A Sale". You'll find your favorite brands at liberal reductions and that you can make savings that are material.

ALARM SYSTEM URGED HERE

AVING OF $28,000 TO LUBBOCK CITED BY FIRE CHIEF

Lubbock property owners would ve about $28,000 annually in re- ced fire insurance premiums if fire alarm system costing about ,000 were installed here, Fire ief W. E. Twitty said yesterday.

City officials said they believed bond issue would be necessary to ance installation of an alarm stem in Lubbock. Funds could be diverted from available rces for that purpose, they said.

The installation of a system of out 89 alarm boxes would reduce e present key rate of 25 cents to cents on the $100 insurance val- tion, the fire chief said.

Telephones Used

Telephones now furnish the only ethod of turning fire alarms. An arm system, in addition to making e initial reduction of four cents ssible, would enable further re- uctions when improvement of uipment was made, city officials id.

"It is true that about 80 per cent the alarms would be turned in telephone, but it is not that 80 r cent that gives us the greatest ouble," the fire chief added. "It the 20 per cent of the fires, hich occur after midnight and hen a telephone cannot be found, at run up the amount of our fire sses. Well located fire alarm boxes ould remedy this condition to a eat extent."

Call For Larger Quarters

The establishing of a fire alarm stem would call for larger quar- rs for the fire department than ay be had at the present fire sta- n in the city hall, the fire chief id. It also would require the em- oying of three additional men.

Even with these added expenses, e saving would be more than $20,- 0 a year," he said. "Our present e station must be enlarged with- the next few years anyway. It is owded at the present time."

Lubbock is one of the largest ties in West Texas which does not ve a telegraph alarm system, ac- rding to the head of the fire de- rtment. Abilene, a city of about e same population as Lubbock, s had such a system in operation r more than 10 years, he said. marillo's fire alarm arrangement s installed when that city was out the size of Lubbock.

A survey was made of Lubbock in 927 for the purpose of determin- g the cost of installing fire alarm angements. At the time an esti- ate of $21,000 was given. The city at that time did not cover as much rritory as does the city at the esent time, it was pointed out by e fire chief.

SET RETRIAL OF HEART BALM SUIT

ABILENE, July 16 (AP)—Retrial of e $50,000 breach of promise suit of Miss Margaret Roberts of Abi- ne against J. Louis Keel, yo g idwell, W. M. rancher, which end- d last Friday with a deadlocked ry, has been set for November 23 District Judge W. R. Chapman's ith court here.

The previous trial was heard be- re Judge Milburn S. Long, of the 42nd district, sitting for Judge Chapman, who was busy in another rt of the district.

Miss Roberts charged Keel breached a promise to marry her, ade in 1929 and that she suffer- d "mental anguish and humilia- n". The jury was deadlocked even to five, the majority favor- g judgment for Miss Roberts.

SIX "WHITE" INDIANS

NEW YORK.—The sixth Herbert Spencer Dickey Expedition is on its way to Venezuela, to laboriously as- cend the Orinoco River in native canoes to seek a race of "white" In- dians. Although Dickey is convinc- ed that the strange tribe is a race of descendants of Spanish conquis- tadores, he expects to investigate thoroughly the origin of its mem- bers.

HUSBAND and WIFE TAKE HERB EXTRACT

Both Report Great Improvement

On Sale at City Drug Store

Dallas, Texas—Countless families have won such extraordinary benefits from the use of Herb Extract in the case of one mem- ber of the family that soon everybody else in the family is taking it. Mrs. E. B. Claire, 2014 Ross Avenue, Dallas, had just such an experience.

"For years I suffered from constipation, stomach trouble and gas pains. I could not sleep and was restless.

"Then I saw Herb Extract advertised. I bought a bottle and after taking it felt much improved. It is a pleasant medicine to take. It does its work thoroughly and is the best laxative I have ever used.

"My husband has also used this medicine and it has helped him. I will gladly recom- mend Herb Extract because I know it will do all that is claimed for it. My appetite is good now and I eat anything."

Your own drug store sells and recommends this great medicine. Get a bottle and join the thousands it has restored to health.

Hamon's Widow And Her Daughter

It was eleven years ago that Jake Hamon, Oklahoma oil magnate, was shot and killed. Following the sensational trial nd acquittal of Clara Smith, it was reported that Hamon's widow had inherited his fortune of some $15,000,000. Now however Mrs. Georgia Hamon Bohrer is living in a modest New York hotel and devoting her energies to advancing the theatrical career f her daughter Loma Worth. Mother and daughter here are shown as they appear today.

TWO APPEALS ARE FILED WEDNESDAY

AUSTIN, July 16 (AP)—Two appeals from convictions on murder charges in Tarrant county were filed Wednesday in the court of criminal appeals. One was filed by Sam Louder, negro, sentenced to death, and A. E. Stanley, sentenced to 99 years.

Louder was convicted of the murder of Evans Johnson, Tarrant county peace officer, on November 23, 1930. According to testimony, Johnson went to Louder's home to arrest him and was shot during an argument.

Stanley was convicted of the murder of Roy Hawthorne on July 26, 1930. The murder occurred, according to testimony in Stanley's home and followed a fight between Stanley's son, two others and Hawthorne. Stanley maintained the only part he took in the fight between Hawthorne and the others was to try and keep Hawthorne's assailants away.

The bridal veil had its origin in the east, where many women still go veiled during the greater part of their lives and where a husband is not supposed to see his bride's face until after the ceremony of marriage.

MUNICIPAL HEAT

WINNIPEG.—An interesting experiment started here six years ago has developed into a valuable reality—the installation of municipal heat in hundreds of buildings and homes in the city. Heat is provided by a central plant, which furnishes steam heat to each building through special insulated pipes from its boilers. By erecting this central heating plant, the city has done away with many of the single chimneys and has reduced the fall of smoke and dust considerably.

FACE COVERED WITH PIMPLES

Resinol clears them away

"My complexion was very poor because of pimples and blackheads which covered my face and neck. I had been advised to try Resinol Soap and Ointment, but had tried so many other things without success I was disgusted with everything. However, a friend urged me to try a sample anyway. In three days' time the improvement was so great I could hardly believe it. I will always have a word of praise for Resinol." (Signed)—

Pauline Bunch, 2514 Warren Ave., Dallas, Texas.

Resinol Ointment and Resinol Soap are invaluable for all kinds of skin disorders. Ask your druggist for them. For free sample write Resinol, Dept. 83, Balto., Md.

CARTER-HOUSTON DEPARTMENT STORE

Fort Worth Man Is Charged In Slaying

FORT WORTH, July 16 (AP)—M. T. Menn, 27, filling station proprietor, was at liberty today under $3,000 bond after he had waived preliminary hearing in the fatal shooting Wednesday of A. J. Nauman, 40, operator of a barbershop adjoining the filling station.

Nauman died almost instantly. Menn, struck in the center of the chest by a pistol bullet which did not penetrate his clothing, surrendered to police.

Stepping on a pedal on the back of a new long-handled dust pan presses its edge tight against a floor to receive all sweepings.

OKEHS LOITERING

SAN FRANCISCO. — Loitering, according to the opinion of Federal Circuit Judge Rudkin, is not a criminal charge, and cannot be prosecuted. He recently ruled in this manner after Camelio Anduha, Hawaiian, had been arrested for loitering. "The majority of mankind spend a goodly part of their waking hours in whiling or killing their time," he said. "In our streets are thousands of idle men, and are we going to add to their misfortune by declaring them lawbreakers?"

Thought For Today

I said in mine heart, Go to now, I will prove thee with mirth, therefore enjoy pleasure: and, behold, this also is vanity.—Ecclesiastes 2:1.

* * *

VANITY is the foundation of the most ridiculous and contemptible vices—the vices of affectation and common lying.—Adam Smith.

Quirk Of The Law

The legal technicalities which get sober attention in American courts often impress the layman as being entirely outside the region of ordinary common sense.

In Illinois a convict is on the verge of getting set free from the penitentiary because someone made a mistake in drawing up the papers in his case.

He was indicted, tried and convicted on a charge of larceny. Then, when he was sentenced, someone slipped up and made it appear that he was going up for embezzlement instead. So now his lawyers are trying to get him out, and they have an excellent chance of succeeding.

One who is not schooled in the intricacies of the law may find it hard to understand how a clerical error of that sort can be solved only by setting a convict free before he has finished serving his time. Nevertheless, that is the way criminal law works in America.

Fast Thinking

THE speed with which an aviator has to think sometimes is amply illustrated by the most recent misadventure of Major James H. Doolittle, who is one of America's most talented flyers.

Major Doolittle was speeding along at a 225-mile-an-hour clip over East St. Louis, Ill., the other day, traveling a bare 100 feet from the ground, when suddenly the fabric began to tear loose from the wings of his plane.

In a moment he had nosed his ship up to an altitude of 300 feet. Then, because the construction of its fuselage made it hard for him to jump out, he rolled it over on its back and dropped out upside down, letting his parachute get him down safely while the ship went on and crashed.

It all happened in a very few seconds. Major Doolittle is alive today because he can think with lightning speed—and act as fast as he thinks.

Explanation Please

IN the current issue of The Magazine of Wall Street an industrial New York financier was quoted as making the following remark:

"Pronounced improvement in business in this country, and the world over, will come if everybody will stick at work on his own job."

In a country which gives to its bankers the breathless awe that bankers get in America, this may pass for a very weighty saying. Nevertheless, it may cause a little perplexity, if the nation at large tries to adopt it. There are approximately 6,000,000 Americans today who have no jobs to stick to. Just how are they going to follow this advice?

Installment Buying

Automobile and household equipment constitute the bulk of the commodities that are bought on the installment plan, according to Guy H. Hulse, secretary of the National Retail Credit Association.

The annual installment business of the United States, Mr. Hulse reveals, runs around $6,500,000,000—an amazing sum. Fully $3,500,000,000 of this goes for automobiles. Radios are in second place, with an even billion dollars; electric refrigerators come next, with $800,000,000 and vacuum cleaners follow with $700,000,000.

The nature of the articles bought on the installment system shows how small is the risk involved. An auto, a radio, an electric refrigerator or a vacuum cleaner makes excellent security for the house that advances the money. And the system unquestionably makes for a far wider distribution of these articles than would otherwise be possible.

The PLAINSMAN Says:

That Girl on Broadway says dog days don't make up the only period in which people can go to the bow-wows.

* * *

OVER in columns 7 and 8 on this page today will be found the comment of a Lubbock citizen concerning traffic law enforcement in Lubbock. He apparently watched the officers as they issued warning on insufficient lighting of motor vehicles here on Tuesday night—that being a new campaign, recently installed, to make night driving safer in the city.

* * *

Incidentally, The Plainsman has been advised by a property owner that the night car, here-to-fore used by policemen cruising the residential districts, has been taken off. If that is true, (and it may not be) it should be put back into operation in double quick time. This is no time to leave the residential districts at the mercy of the busy sneak thieves.

* * *

THE Plainsman personally knows of one block in the southwest part of the city in which petty thefts have been neatly completed seven different times in the past several weeks. Gasoline has been drained from cars, articles have been stolen from parked autos, seven times! That wouldn't indicate that the time is here to relax protection in the residence section of the city. On the other hand, it would indicate, as this column has continually argued, that more protection is needed.

* * *

Scores of families are taking vacations. Scores of others will be taking them between now and early fall. Thieves will break into those unguarded homes if they think they can get away with it. The big idea is to increase police protection so they can't get away with it.

* * *

ONE of the most effective ways of putting a stop to sneak thieving is by using buckshot at the proper moment. People who have been made the goat of the sneak thieves can set a trap for those gentlemen and fix 'em up in a big way—with both barrels whanging away. By the time one or two goes to the hospital to have the shot dug out there'll be a noticeable decline in the theft of gasoline from tanks and the lifting of miscellaneous articles from parked motor cars.

* * *

That Man on Avenue Q says merchants of Lubbock should be able to stimulate business by holding sales on petticoats. Judging from appearances at sundown there's a remarkable field for 'em here.

* * *

To be yodeled softly, with oboe accompaniment:

"There are lots of flies on me!
There are lots of flies on me!
There may be one, or two, on you
But there's lots of flies on me!"

* * *

THIS is more or less of a secret, but The Plainsman is seriously considering storming into the business office and demanding a raise. In spite of the repression, a fellow who can open all the mail requesting free publicity; set up a loud scream twice each 24 hours over the typographical errors missed by the proofreaders; thump out a column of bosey and—in addition—annihilate on the average of 200 flies a day, is worth more than depression or no repression.

* * *

Did you ever see as many flies abroad in the land as are doing business in these parts this year?

The Plainsman never did. And what makes matters worse, the Flies' Chamber of Commerce holds an all day conference in the particular corner of the office where this column is manufactured.

Figger it out for yourself.

* * *

THIS is no mahoola. Every morning, about 9 o'clock, The Plainsman starts swatting flies—self respecting flies never begin gathering in committee meetings before 9 in the morning—and the job's never ended. It runs right on through the printers' quitting time, the day force quitting time—until dusk gathers in the west and a weary columnist homeward plods his way, very much like the plowman in Gray's "Elegy", but not quite.

By 6:30 p. m., the floor is covered with the lifeless bodies of massacred flies, but their aunts, uncles and cousins continue to buzz merrily about. The job has become such a natural part of the day's work that The Plainsman can batter the old family Underwood with one hand, while walloping flies with the other.

It's worth more money because there are few, if any, ambidextrous newspapermen in West Texas.

* * *

Sum up the discussion, if you care to, by trying this over on your fly swatter. It may be sung in bathroom tenor, to the tune "I'm Prancing With Jeers In My Eyes", and is not original. The Plainsman thought it up hisself.

* * *

I'm sitting here, knee deep in flies,
'Cause my aim with the swatter is true!
Flies are what I most despise:
Is it true—the same thing—with you?
I try to smile,
Once in awhile,
But it's a hard thing to do—
When I'm sitting here, knee deep in flies,
'Cause my aim with the swatter is true!

* * *

THE United Press is authority for the statement that a "papier mache bag held Clara Bow's clothing on her first trip to Hollywood".

The Plainsman has seen her in pictures where an ordinary paper sack would have served the purpose—and left plenty of room to stow a lunch.

A Little Shear Advice!

"Without-Or-With, Offense To Friends Or Foes, We Sketch Your World Exactly As It Goes"—Byron

Joseph E. Ransdell One Of Washington's Vigorous Old Men Shuns Retirement To Direct Health Institute Board

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, July 16—Joseph E. Ransdell of Louisiana, who lost his Senate seat last year to young Huey Long after more than 30 years in Congress, slid out of politics into what seems like a happy ending for a life now in its seventy-third year.

DUTCHER

This old southern gentleman with the little white whisk-broom of a beard did not retire to his plantation to spend his days in bitterness, obscurity and possibly poverty. He stayed on in Washington, but he is neither a lame duck appointee nor a corporation lobbyist as so many of his old colleagues have become after being voted out of office.

He really is a lobbyist, but a lobbyist for a cause which was his favorite hobby for many years and the kind of a cause for which everyone is willing to cheer. In fact, when this work which old Joe Ransdell began and is still furthering stands completed, he is likely to have a monument, which will outshine anything associated with the names of other men with whom he served in the House or Senate.

His Job

Ransdell is now executive director of the Conference Board of the National Institute of Health. The board's purpose—and Ransdell's job—is to promote the institute to get people so interested in it that philanthropists and Congress will give it enough money to make it an enormous, effective and complete laboratory which will "study the cause, prevention and cure of every disease of man." The board is privately endowed. The institute is the old Hygienic Laboratory of the U. S. Public Health Service, with a present research staff of 150 persons, financed both federally and privately.

Ransdell talks about the institute with the enthusiasm of an excited boy. Politics requires a diversification of interest and effort, but the institute is his life work now. It was Ransdell who introduced five years ago the bill passed last year by which Congress changed the Hygienic Laboratory into the National Institute of Health, gave $750,000 for new buildings and authorized the secretary of the treasury to accept—as he may for the Smithsonian Institution and Library of Congress—gifts for extension of the institute and its work.

In his last Senate speech Ransdell urged Congress to be generous to the institute, describing it "as the greatest altruistic institution the world has ever known." Now he says he hopes to live to see the day when it will be endowed to the extent of $50,000,000. No solicitations are being made, but Ransdell undertakes to get the word out in every possible way that here is the worthiest imaginable cause. More than $2,500,000 has been contributed.

The Hygienic Laboratory scientists were charged with investigating infectious and contagious diseases and public health matters. They made many valuable discoveries—often at great personal risk, suffering or even loss of life—about such diseases as malaria, pellagra, hookworm, tularaemia, undulant fever, parrot fever and Rocky Mountain spotted fever, as well as about fundamental chemical problems.

Tackle Every Disease

Now, as the staff of the institute, they explore the whole field of human disease. They will tackle everything from cancer and heart disease to common colds—every problem of human health. As money becomes available, Ransdell explains, Washington will become the world's greatest health and medical research center and under command of the surgeon general a great army of experts in medicine, surgery, psychiatry, dentistry, chemistry, physics, biology, bacteriology, pharmacy and all allied sciences will labor for human happiness, longevity and comfort.

Ransdell says his first public health measure in Congress was the one 25 years ago which resulted in virtual eradication of cattle ticks which were costing cow owners $75,000,000 a year. Another Ransdell bill in 1917 led to establishment of the National Leprosarium at Carville, La., where Ransdell proudly observes, lepers are now being completely cured.

Diet and Health

By LOGAN CLENDENING, M.D., Author of "THE HUMAN BODY"

EDITOR'S NOTE: Six pamphlets and six articles by Dr. Clendening can now be obtained by sending 10 cents in coin for each pamphlet and 2 cents in coin for each article, with a self-addressed, stamped envelope, to Dr. Logan Clendening in care of this paper, or Central Press Association, 1453 East Twelfth street, Cleveland, O. The pamphlets are: "Reducing and Gaining," "Feminine Hygiene," "Indigestion and Constipation," "The Care of the Hair and Skin," "Infant Feeding" and "Instructions for the Treatment of Diabetes." The articles are: "Normal Diet," "List of Books for Mothers," "Bed Wetting," "Diet of the Expectant Mother," "Ear Troubles" and "Tuberculosis."

EXERCISES AID

IN ADDITION to general daily exercise such as walking, swimming, tennis or golf, the person who is determined to lose weight must take daily systematic exercises.

Dr. Clendening

These exercises should be taken in the bedroom, with all clothes off, before retiring. They will take up about ten minutes' time.

Exercise 1. Standing. Arms extended to the sides. Swing arms together in a circle ten times. Breathe ten breaths. Then swing arms toward each other until they cross over to the fullest extent ten times. Breathing exercise. With arms first at sides bring them up over the head until they meet. Ten times, slowly.

This exercise affects shoulders and arms.

Exercise 2. Standing erect, arms extended, bend to right side until the right fingers touch outside of knee. Same on left side. Ten times. Standing erect with arms over head, bend until fingers touch the floor. Ten times. Breathe ten times.

Exercise 3. Lying flat on back. Rise to sitting posture and touch toes with fingers. Ten times. Breathing exercise. Lying on back, raise legs until they are straight up from floor. Lower slowly. Ten times. Lying on back, raise legs and do motions as in pedaling a bicycle.

These exercises will affect the abdomen and waist.

Exercise 4. Standing erect, arms on hips. Bend knees, rising on toes, and squat. Return to original posture. Five times at first, one extra time each night up to ten times. Breathe ten times.

Standing erect, hands on hips, swing right leg away from body sideways as far as it will go, and return to original position. Ten times. Same with left leg.

Standing erect, hands on hips. Raise right leg in front of you until heel is on a level with hip. Return to original position. Ten times. Same with left leg.

This exercise will affect the hips and thighs.

Exercise 5. Standing erect, hands on hips. Rise on toes and back, ten times.

Standing erect, rise on left toes and bend right leg until heel hits buttocks. Reverse and do same on right toes with left leg. Ten times each. This is a standing still running motion.

These exercises will affect calves and ankles.

Chin and neck exercises may be added, by lying on the bed with the head hanging over the side and raising and lowering the head and rolling the head from side to side.

These exercises will consume from 100 to 200 calories, depending on the original weight and the vigor with which they are performed. They are calculated to reduce the entire body systematically.

Try them in connection with the diet proposed day before yesterday and see how much you lose in a week.

A SURPRISE PARTY

LONDON.—A tramp searching in the rubbish heap near Plymouth in the hope of finding an old pair of shoes, came across an old envelope containing a gold diamond cluster ring, a gold neck chain with pendant, and a pair of valuable earrings. Police believe a thief abandoned the jewels in the rubbish heap after being frightened by the approach of the tramp.

The United States may have the reputation of being tight-fisted in Europe, but there's no denying that our aviators "come across."

When John D. Rockefeller, on his 92nd birthday, said, "I'll beat 100," he was referring, of course, to his age, not his golf score.

Billy Burke, new golf champion, was formerly a foundry worker. Which may have something to do with the excellence of his iron shots.

In the understanding of gangland, it is a ride that goeth before a fall.

DAILY ALMANAC

Cloudy

WEST TEXAS: Partly cloudy tonight and Friday, probably showers in extreme east and extreme north portions.

EAST TEXAS: Unsettled with probably scattered showers tonight and Friday. Moderate to fresh variable winds on the coast.

OKLAHOMA: Partly cloudy tonight; Friday unsettled, probably showers east portion.

ARKANSAS: Unsettled tonight and Friday with occasional showers.

SWAN

In New York With Gilbert Swan

NEW YORK, July 16—The sextons of old Trinity Church in Lower Broadway, will tell you of white-haired pilgrims who still come to ask about the flat stone slab that marks the grave of "Charlotte Temple."

Their number decreases each year. America has just about forgotten the most sentimentally tragic and wistfully romantic heroine of its early days. Hers was a story that passed from generation to generation after the Revolutionary War. The grave stone was once one of the sights of New York. Tourist trips were routed to include it in their itinerary. Millions of tears have fallen at the recitation of the story.

Today, stenographers from Wall Street, dressed in gay summer attire, nibble at sandwiches as they stroll through the historic Trinity churchyard. They chatter to each other of over-Sunday romances at the beach; of dance dates and theater invitations from their "boy friends."

"Charlotte Temple," of the old, old tale, knew no such happy moments. Hers was one of those tear-stained lives of the pre-Laura Jean Libby variety.

* * *

The creator of "Charlotte" was one Susannah Rowson, of Plymouth, England, and the book was based on the true story of another girl of very similar name.

The story was that of a beautiful young English girl who ran off to America with a dashing young army officer. They came to New York without benefit of wedlock. After a time, due to social and army involvements, the young officer found it important to move his heart-torn sweetheart to a secluded place in the country. There he would visit her from time to time furnishing money for her support. Meanwhile, too, he had arranged for her to be tutored and prepared for the station of his potential future wife.

Meanwhile, also, a charming young lady of the Colonial society set had come along as an excellent marital prospect, and poor Charlotte became more and more neglected. However, he continued to send money to her and some kind neighbors, hearing her sad story, had become sympathetic and helped her at a time when she was in saddest need—for she was about to become a mother.

* * *

Charlotte ultimately found herself alone and penniless and desperate. She went to her old tutor and to others, only to be turned away from the door. Her old neighbors appealed to her father to forgive and forget, but when the father arrived in America it was too late—Charlotte had died in childbirth. And the young army officer, haunted by his conscience and still in love with her, searched the old countryside for her, only to be interrupted by a passing funeral. On making inquiry he learned that this was the burial service of his old sweetheart. Whereupon he threw himself on the grave and begged the girl's father to slay him. The father refused and the young man thereafter wandered the earth, a morose and melancholy soul.

All of which became one of the best sellers—some 25,000 copies being sold in the colonies alone. For many generations, the grave bore the name of the real-life figure, after whose story the book was fashioned. But as the centuries passed, many things happened to the original Trinity churchyard. The name on the stone was changed and a metal plate marked the resting place of "Charlotte Temple." It became one of the most famous graves in all America. One day some ghoul stole the metal marker, leaving a slight depression in the stone slab. Here, for many years, sextons of the church left flowers from the church.

But visitors are few in these days, and the heroine of America's oldest sentimental tragedy is being slowly forgotten.

Even a draftsman, says the office sage, would have a hard time drawing up vacation plans.

The French had visions of starvation if Germany's war payments were withheld a year. That's why Hoover, perhaps, gave them Mellon.

Flapper Fanny

A person's life may be an open book and still have a few soiled pages.

THE PLAINSMAN GETS SOME MAIL

CITIZEN AGREES THAT LUBBOCK NEEDS MORE TRAFFIC COPS; PRAISES TWO ON JOB

Dear Plainsman: Just tonight, I read in your column regarding the inadequate traffic force. In this I certainly agree with you.

Tonight the wife and I were driving around when I noticed our two traffic cops stop on Main and Avenue Q. As I had an idea as to their intentions I stopped in a convenient place and counted cars of cars went by without be stopped as the cops had their har full. After about 45 minutes officers moved to Broadway a Avenue Q.

To this, two more traffic offic were added, state highway office The wife and I staid there about minutes.

In both places we counted cars in one hour and 15 minut that needed one or more lights. this number were several da wagons, none of which had a t lamp.

The officers were more accura in checking on Broadway as the were four of them. This shows th Lubbock needs more traffic office

I will say that the ones we ha are as good as any city can hav I have never seen any better on anywhere.

I admire the way the state high way officers work and handle the duties, I certainly commend the for what they do.

I travel the South Plains and hav an opportunity to see lots of the work.

A Friend of Your Column.

Five Bandits Loot Bank Of $20,000

STAPLES, Minn., July 16 (AP)—Five bandits, taking advantage of pay day for railway shopmen, looted the First National bank of $20,000 yesterday.

Ten persons, including a policeman in the bank as a customer, were forced to lie on the floor. The gunmen took money from cashier wickets and forced an officer to open the vault.

DON'T DO IT HALF

NEW YORK.—If you intend imbibing a little in the liquid that cheers, it's best to drink yourself unconscious rather than only partly drunk, according to W. D. Bayley, director of temperance instruction in the Department of Education of Manitoba, Canada, who recently spoke here. He says that the first drink paralyzes the upper brain, leaving only the lower cells, controlling baser emotions, active. These emotions should be drowned, he says.

A transparent leather has been invented in England for clothing and several other purposes.

How One Man Lost 22 Pounds

Mr. Herman Runkis of Detroit, writes: "A few lines of thanks from a rheumatism sufferer—My first bottle of Kruschen Salts took all of the aches and swellings out of my joints—with my first bottle I went on a diet and lost 22 pounds and now feel like a new man."

To lose fat safely and quickly take one-half teaspoonful of Kruschen Salts in a glass of hot water before breakfast every morning—an 85 cent bottle lasts 4 weeks. Get it at Bowen's Drug, Bowen's Hilton Pharmacy, City Drug Store, Lubbock Drug Company, Mar' Halsey Drug, or any drug store in America.

If not joyfully satisfied after the first bottle—money back.—Adv.

Hen Rears Kittens, Ousts Mother

Then this setting hen, in Oklahoma City, found her eggs broken she immediately set about hunting for something to mother. Upon returning to the nest and finding two kittens ensconced there the hen ousted the mother cat and has been caring for the kitten ever since. She permits the mother cat to enter the nest to feed the kittens, then again takes complete charge of the kittens.

THE TINYMITES

STORY by HAL COCHRAN—PICTURES by KING

(READ THE STORY, THEN COLOR THE PICTURE)

The kangaroos at first were scared. The Kindly Travel Man declared, "Let's try to make them come to us. I think that may work best. If we run up to them I know that, with a jump, right off they'll go. If one of them should start in hopping, so will all the rest."

Just then, however, from nearby, they heard a very friendly cry. "Just wait a minute, youngsters, and I'll fix things up all right. I'll let you pet the kangaroos and play right with them, if you choose. Stay where you are. I'll bring them up. Then there will be no fright."

And so the Tinymites stood still, all very glad to wait until the owner did as he had said. Excitement was real strong. "I'm first to pet," wee Clowny cried. Then, right up closely to his side a kangaroo came hopping. My, his big hind legs were strong.

"Go on and pet him," said the man. "He's friendly now and so you can. Just stroke him gently. He'll like that." And Clowny did as told. The next thing that the owner knew, the others started stroking, too. Said he, "You're not one bit afraid. In fact, you all are bold."

Some little kangaroos then hopped up to the Tinymites and stopped. "Oh, aren't they cute?" cried Carpy. "I would like one for a pet." For bout an hour they played around, and then real swiftly cross the ground the kangaroos went, jumping — and perhaps they're jumping yet.

A man then walked up to the bunch and said, "Hello, lads! I've a hunch that I can entertain you. Would you like to see my trick? "You bet! You bet!" the Tinies rang. The man produced a boomerang and said, "Now watch me closely. This is quite a clever trick."

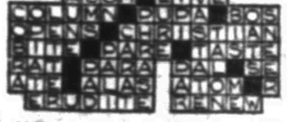

(The Tinymites ride in a queer carriage in the next story.)

AIL HEARING UNDER WAY

RRID WEATHER AT SESSION; MEYER REMAINS COOL

ASHINGTON, July 16. (AP)—A but good humored control being maintained by the inter- te commerce commission despite rid weather at the hearing on railroad's plea for a fifteen per t increase in freight rates.

At the hearing, which began terday, 800 railroad representa- es crowded into a small room to ar the opening argument of Ed- rd C. Duffield, president of the udential Life Insurance company, at investments of thousands of surance policy holders and sav- bank depositors were endan- ed by declining railroad reven- .

Has Cool Appearance

With the heat outside intense, became hotter in the small room the carrier officials and law- rs leaned against each other in comfortable postures. But on e dias, sitting with commission- ners Lee and Lewis and seven ate commission representatives, enior Commissioner Balthasar H. eyer, maintained the coolest ap- earance of any man at the ses- on.

Sixty four years old, 20 years a ommissioner, and an authority on ilroad law and transportation istory, Meyer smilingly conducted he proceedings. Nodding his snowy hite head and stroking his equal- white van dyke beard, the vet- an commissioner seemingly beam- d as he frequently lightened he situation with a mild piece of umor or administered a rebuke to ttorneys that overstepped the rul- s of procedure.

Sermon Announced For Revival Here

"Where the Lights Go Out On the Road to Hell" is the topic on which Rev. H. D. Wyatt will preach this evening at the South Side Baptist revival. The service will g at 8 o'clock at the church.

This revival started last Sunday and will continue through a part of next week. Morning services are conducted daily at 10:30 o'clock with evening services at 8 o'clock. Rev. C. R. Blake will be in charge of the services Friday.

Movies Claim Another Beauty Winner

Young as she is, little Barbel Castel, of Vienna, has learned that movie contracts generally are the rewards of winning beauty contests. Not long ago the fair-haired youngster was selected by a committee of artists as the prettiest and most typical Austrian child. Now she has been engaged by one of the largest movie companies in her country to play in a forthcoming production.

DAILY MARKETS

Stock Market

WALL STREET REPORT

NEW YORK, July 16 (AP)—The stock market assumed a much firmer tone today, encouraged by the strength of sterling exchange and by hopes constructive developments would come out of the international conferences in Europe.

Trading returned to the low levels of earlier in the week, the Tobacco "B" rising more than 3 points while Liggett & Myers "B" and Lorillard rose less extensively. Miscellaneous issues up at least a point included U. S. Steel, Bethlehem, American Can, Rock Island New Haven and Chesapeake & Ohio. Atchison, Lambert, Allied Chemical, Westinghouse, Macy and Lambert gained 2 or more. American Telephone, however, lost most of an extreme rise of 1 3-4. Union Pacific was off 2.

Call money renewed at 1 1-2 per cent.

Cotton Market

NEW ORLEANS REPORT

NEW ORLEANS, July 16 (AP)—Cotton had rather a steady opening today in sympathy with better Liverpool cables than due, first trades showing gains of five to seven points. The market continued to improve after the start on a cable from Liverpool reporting a rumor that Germany had accepted the French terms for credit.

October advanced to 9.26 and December to 9.48, or 7 to 8 points above yesterday's close.

Near the end of the first hour the market eased off slightly on good rains in the belt, losing 3 to 4 points of the earlier advance. At the end of the first hour the market was steady, at the lows.

NEW YORK REPORT

NEW YORK, July 16 (AP)—Cotton opened steady today, unchanged prices to 5 points higher in response to the steadier late cables from Liverpool and the steadier tone reported in the stock markets abroad.

This was supposed to reflect a more hopeful view of the German situation and while the bulges met some selling on a favorable view of the weather reports, it was quite readily absorbed. October sold up to 9.29 and January to 9.62 during the first half hour or so or about 9 to 11 points net higher and the market was holding steady around 10:30 o'clock. There was rather conflicting comment on the early weather map, some traders calling it perfect for plant development while others said it looked like boll weevil weather owing to further rains or showers.

Liverpool cables reported continental buying distants supplied by liquidation and said there were numerous small orders for cotton cloths with yarns easy.

NEW ORLEANS OPEN

NEW ORLEANS, July 16 (AP)—Cotton futures opened steady. July 8.89-bid; Oct. 9.24; Dec. 9.47; Jan. 9.59; March 9.78-bid; May 9.97-bid.

NEW YORK OPEN

NEW YORK, July 16 (AP)—Cotton futures opened steady. July 8.87; Oct. 9.22; Dec. 9.43; Jan. 9.56; March 9.73; May 9.90.

With Neck Broken, Youth Still Alive

SWEETWATER, July 16 (AP)—Diving into a creek from a high railroad trestle, Cass Shields, 18-year-old Sweetwater high school boy, struck his head on a rock and broke his neck, but still he lived.

The injury caused paralysis of his body.

Physicians at the Sweetwater hospital, where he is being treated, had little hope he would recover.

Three friends rescued him from the creek.

SAN FRANCISCO CHOSEN

CLEVELAND, O., July 16. (AP)—San Francisco today was selected for the 1932 convention of the Grand Lodge of North America, which concludes its 57th annual convention here tonight.

Grain Market

CHICAGO REPORT

CHICAGO, July 16. (AP)—Brisk upturns in grain prices early today accompanied European reports of more hopefulness regarding international financial developments. Absence of any grain exports from Russia and persistent talk of likelihood of reduced wheat production in that country owing to unfavorable weather were also a stimulus to higher prices.

Opening 3-8, 1-8 cents up, wheat soon advanced further. Corn started at 1-2 1 7-8 gain and later rose still higher.

Livestock Market

KANSAS CITY REPORT

KANSAS CITY, July 16. (AP)—(U. S. D. A.)—Hogs 3,000; 140 direct; uneven 240 lbs down steady to strong; heavier weights 10-15 lower; top 7.45 on 190-210 lbs 140-250 lbs 6.80-7.45; 250-290 lbs 6.40-7.00; 290-350 lbs 5.75-6.55; packing sows 275-500 lbs 4.35-5.40; stock pigs 70-130 lbs 6.50-7.25.

Sheep 4,000; killing classes mostly steady; choice Idaho lambs held around 8.00; lambs 90 lbs down 6.50-7.75; medium 90 lbs down 5.25-6.50; ewes medium 150 lbs down 1.75-3.00.

FORT WORTH REPORT

FORT WORTH, July 16 (AP)—(U. S. D. A.)—Hogs, 300; market strong to 15c higher; truck top to small killers 7.45; better grades 170 to 240 pound truck hogs 7.25 @ 7.35; good 176 pound rail butchers 7.35; packing sows 4.50 and 4.75 or steady.

Cattle, 2,500, including 500 calves; dull, weak trade in most classes slaughter cattle with occasional sales of slaughter steers and butcher cows at small declines; steer quality very plain, sales 325 @ 515; choice fat yearlings 6.50; butcher cows 3.00 @ 3.25; some low cutters 2.00; slaughter calves 25c or more lower; better grades heavies 5.00 @ 6.00.

Sheep, 1,300; all classes steady; better grade fat lambs 5.25 and 5.75; fat yearlings 3.75; 2 year old fat wethers 3.25; aged fat wethers 2.50.

Letter Only Clue In Snyder Slaying

SNYDER, July 16 (AP)—Finding of a letter from a Gonzales automobile dealer yesterday served to give officers here their only tangible clue as to the identity of a man whose partially decomposed body, with a bullet wound in the head, was found 19 miles north of here last week.

The letter was picked up near the spot where the body was found. It was addressed to J. M. Didear of Gonzales.

The whale, in quest of food, goes down to the very depths of the ocean.

BANKERS PLAN TO RE-OPEN

FLOYDADA BANK SHUTS DOORS AS CLIMAX TO SLOW RUN

(Special To The Journal)

FLOYDADA, July 16.—Directors of the Floyd County National bank, which suspended business here yesterday, today were at work on plans to reorganize the institution, T. S. Stevenson, president, announced.

Evidently spurred somewhat by the announcement Wednesday morning that the Security State bank, of Lockney, had failed to open for business, a slow two weeks' run was augmented yesterday by depositors demanding cash for their deposits.

Notice Is Posted

The bank's business was suspended Wednesday morning at 10:30 o'clock and at 2:30 in the afternoon directors posted a notice that the suspension of business would be continued until the institution was placed into the hands of a national bank examiner.

Mr. Stevenson said this morning that the directors hoped to have the re-organization completed and the bank re-opened within a week. He said the bank had been unable to liquidate its loans rapidly enough to procure cash to satisfy the slow run and hence was forced to suspend until other measures could be taken.

The statement of the bank, made June 30 at the close of business, was good. It showed: Cash reserve, $126,200.15; Deposits, $362,218.65; Loans, $313,199.96; Capital and Surplus $53,214.46; Rediscounts from Federal Reserve bank, $72,000.

NO CHANGE IN BANK RATE

BANK OF ENGLAND NOT TO ALTER TWO AND HALF PER CENT

LONDON, July 16 (AP)—The Bank of England decided today to make no change in its bank rate, which remains at 2 1-2 per cent, in spite of indications that such action was impending.

Some surprise and relief was expressed on the markets. Many believed the drain of gold in the action of foreign countries yesterday in taking their balances home would necessitate protective measures on the part of banking authorities, but it was deduced today that something favorable must have happened since yesterday.

Agreement Seen

News from the continent indicates to observers here that negotiators are approaching an agreement on the important issues which have been disturbing finance for the past several days, and there was an inclination to draw confidence from reports that Germany's banks had opened without a run and that Paris intends to make some effort to ease the situation.

A crowd which had waited for the bank's announcement broke into cheers when it was posted.

A few minutes before the electric indicators of the stock exchange had flashed an erroneous announcement that the rate had been boosted to four per cent. There was considerable excitement on the exchange for a few minutes, but when the official announcement was made there was an improvement in security quotations.

HOOVER GREETS

(Continued from Page One)

and values are the principles it stands for. Its loyalties and ideals make for good citizenship, for character and religious faith. It recognizes that national independence and international understanding are not incompatible. It stands for international good will and world peace. It is a mighty force for sobriety, righteousness and respect for law, patriotism and spiritual development in every nation.

"It is an appreciated privilege, in behalf of the nation, to greet the delegates from our land and other lands to the convention of the world's Christian Endeavor union at the fiftieth milepost of this dynamic movement. I congratulate you on the achievements of a half century of practical idealism. You have before you even higher privileges and opportunities to serve with the vigor, courage and idealism of youth in the solution of myriads of problems of the future. Above all, yours is a mission of exemplifying the standards of individual conduct which are the basis of national character. A better world is the mission of youth and it is your mission."

Abolition Of All School Sports Seen

NEW YORK, July 16 (AP)—Dr. David Snedden, professor of education at Columbia university, predicted today that by 1960 competitive interscholastic sports will have been abolished by all the better public schools. Over-emphasis on sports at present is due to an abnormal public appetite for heroes, he said in an address at a summer school open forum.

Rain Assures Crop Near San Angelo

SAN ANGELO, July 16 (AP)—Thundershowers over this section last night flushed rivers and assured good crops and range. One-half an inch fell here. The heaviest rains were at Christoval. Knickerbocker and Pecan Crossing where one and one-half inches fell. Rains were continuing over much of this area today.

RIFT SEEN AT CONVENTION

TEXAS SHERIFFS TAKE UP INSURANCE AT ANNUAL SESSION

HOUSTON, July 16. (AP)—Down Buffalo bayou aboard a flotilla of yachts Texas sheriffs drifted last night as they took time out from their convention duties for a cruise to San Jacinto battlegrounds.

The peace officers in annual convention here adjourned late yesterday for the ride after a heated session in which the questions of insurance assesments was debated at length.

Rift Develops

A rift between members of the association developed after Sheriff Louis Lowe of Georgetown, member of the committee on by-laws, had introduced a resolution asking that the annual assessment be raised from $2 a year to $10 a year, the additional $8 to be used as insurance assessments paid in advance by each member for the death of fellow members.

United States Marshal John Vann of San Antonio called the proposal "a motion with a designing move." The proposal was tabled.

Allred Speaks

Attorney General James V. Allred was the principal speaker Wednesday.

At the close of the afternoon session San Antonio and Temple were deadlocked for the selection of the 1932 convention city.

The convention will close this afternoon following the annual election of officers and the selection of a convention city for next year.

OIL PROBE

(Continued from Page One)

and would not be available for the legislature in acting on bills aimed at strengthening the conservation laws.

Representative Jack Keller of Dallas, said he believed the investigation would produce no results but that he was of the opinion the price of gasoline and crude oil was set by the major oil companies by common consent.

"The oil industry is in a bad fix," Representative Harry Graces of Georgetown, said in supporting the resolution, "We ought first to help the oil industry and then do our best to aid in breaking up any trusts or monopolies."

ILEANA TO BE BRIDE OF SILVER, GOLD

BUCHAREST, July 16 (AP)—When Princess Ileana becomes the bride of Archduke Anton of Austria a week from Sunday she will be a shining figure in gold and silver.

Her bobbed auburn hair will be decked with a flowery veil embroidered with gold thread and her train will be resplendent with silver facing. They are the work of two girls from the Rumanian Y. W. C. A., founded by the princess.

The honeymoon will be spent in a castle in the hills of southern Germany near Munich—one of the most beautiful in the land. It is the wedding gift of King Carol and Prince Von Hohenzollern.

King Carol is taking a personal interest in the romance and supervising the arrangements for his sister's wedding.

DRINKS POISON

DALLAS, July 16. (AP)—Despondency over inability to find work was believed to have prompted William H. Miller, 40, former lumberman, to swallow poison while sitting in his automobile last night. Coroner Robert Ogden returned a verdict of suicide.

WEDDINGS "ON TIME"

BERLIN — Installment weddings are quite the thing in Germany now since the business depression has deflated everyone's pocketbook. Special firms now supply wedding outfits for both the bride and groom, including clothes and house furniture, and the expense of a short honeymoon. This is paid for

Sponsor

Virginians attending the North Carolina State college, at Raleigh, look for leadership to Miss Betty Starbird of Kingston, Pa., sponsor of the Old Dominion club. She recently led the spring cotillion.

Sitting Pretty In German Society

Wherever society gathers in Germany you're likely to find the Baroness Moeigsvarter, who is known as one of the most beautiful matrons of the youngster set. This is her latest portrait, posed the other day in Berlin.

OCEAN FLIGHT

(Continued from Page One)

reassuring weather reports from the meteorological station telling of good conditions all over the north Atlantic. But reports of poor visibility and low-hanging clouds over Ireland gave rise to fears that the airmen might lose their way. Radio amateurs were tuned in on a 600 meter wave-length to pick up their signals.

By noon 100,000 enthusiastic Hungarians had gathered at the airport and every hour loaded trains rolled in.

The official welcoming committee, modelling its plans on the American style, has arranged to take the fliers by automobile along the principal streets of Budapest to the city hall. This is an honor which never has been granted before.

Throughout Hungary those who had lost hope a flight of this kind ever would be made are filled with unbounded enthusiasm, for the "Justice For Hungary" has become a symbol of the trials and disasters through which the nation has passed.

DISTANT FLIGHT MARK NOT SET

NEW YORK, July 16. (AP)—Though Budapest is farther from New York than most destinations of Atlantic airmen, Alexander Magyar and George Endres had no chance of establishing any distance record on their flight.

They sacrificed any such hopes in favor of the advantages of a halt at Harbor Grace for refueling and checking their engine.

The great circle course from Harbor Grace to Budapest, the navy hydrographic office reports, is 3,239 miles. Lindbergh, flying from New York to Paris without a halt in Newfoundland, covered a distance of 3,610 miles. Admiral Richard E. Byrd flew 3,477 miles on his Atlantic flight. And Clarence D. Chamberlin flew 3,905 miles, a long distance record at that time.

ROYAL BALL

(Continued from Page One)

splendent with the uniforms of the diplomatic corps, young guards officers, members of the ministry, and the pretty finery of their ladies.

The ball will be opened with the customary royal cotillion and quadrille. Their majesties will lead the royal procession, which probably will reach the supper room just before midnight. While there will be one or two tables almost everyone will eat standing.

Among the probable guests are Princess Ingrid of Sweden, who is making a visit to London; former Queen Victoria of Spain, and former King Manuel of Portugal. There have been no royal balls at Buckingham since 1924.

Seek To Identify Jail Break Suspect

An effort probably will be made today to identify a Mexican in custody at Hobbs, N. M., as Higinio Baza, one of nine felony prisoners who escaped from city jail here late Saturday night, peace officers said.

Description of the suspect at Hobbs corresponds to that of the fugitive Mexican, authorities here said. Two negroes arrested at Amarillo as suspects in the jail-break here still were in jail there, Chief of Police John Lemond said this morning.

KILLED IN MISHAP

ALVA, Okla., July 16 (AP)—Paul W. Schiebel, of Waynoka, was killed last night when the automobile which he was driving turned over a mile and a half north of Hopeton, in Woods county.

GERMAN CRISIS

(Continued from Page One)

fidence in the economic structure of the fatherland in a nation-wide broadcast last night, appealing to the people to show "a sporting spirit and get along somehow for a few days more."

All over the land radio listeners sat up late and heard a program that could scarcely be listed as entertainment. They heard that the banks would be open but not for withdrawals of savings, that the currency had been expanded by something less than a billion marks, that the sale and purchase of foreign currencies temporarily would be a Reichsbank monopoly, that fines and imprisonment awaited the bootlegger of foreign money, and that confiscation faced the bargain hunter who tried illegally to trade his marks for other units.

STIMSON SENT TO LONDON PARLEY

WASHINGTON, July 16 (AP)—President Hoover today instructed Secretary Stimson to proceed to London and represent the United States at the meeting of heads of governments Monday.

The decision was communicated today to Secretary Stimson by trans-Atlantic telephone between the White House and the American embassy in Paris. Acting Secretary Castle of the state department talked with the secretary.

It was explained officially that American participation in the conference would be on the same basis as the other premiers.

It was added, however, that the position of the United States will be different from that of the other powers since the United States will not inject itself into any political considerations of Europe.

Will Rogers Given Welcome At Abilene

ABILENE, July 16 (AP)—One thousand persons greeted Will Rogers, upon his arrival here today on the mail plane of American Airways Inc., en route to California. Will climbed out of the plane, grinned at the crowd, and promised a delegation of cattlemen, headed by W. P. Bryan, to "consider" attending next year's West Texas cowboy reunion at Stamford.

LOCAL SCOUTS RETURN HERE

TEN-DAY ENCAMPMENT IN MOUNTAINS OF N. M. ENDED

Forty-four Lubbock Boy Scouts and five adult leaders returned last night from Camp We-hin-ah-pay in the Sacramento mountains of New Mexico. They had been away ten days.

Only Texas scouts participated in two three-day chuckwagon hikes through the mountains, D. T. Jennings, South Plains executive, said. Lubbock and Plainview boys made the first tramp. The second group was composed entirely of Lubbock scouts.

The boys climbed to Rim rock and Sacramento tower, a forest ranger's station, from which they saw some of Texas, most of southern New Mexico, and some of Old Mexico, Jennings said.

Breaking camp early yesterday morning, the Lubbock scouts and their leaders began to leave at 8 a. m. A bus left at 7 a. m. The homecomers began to arrive in Lubbock at 6 p. m. The bus arrived at 9 p. m.

Executive Jennings said the encampment had been successful and without difficulty. Camp We-hin-ah-pay is the Eastern New Mexico council's reservation.

POSTOFFICES TO SPORT NEW CARS

WASHINGTON, July 16 — The United States Postoffice Department today placed an order with the Washington branch of the Ford Motor company for 1500 motor truck chasses, of which 500 will be 3-4 ton carrying capacity and 1000 of 1 1-2 tons carrying capacity. The purchase of the motor equipment was the largest made by a government department since the war. With this order Ford sales to the Postoffice Department during recent years reached a total of 2900 units.

The purchase marked another step in the department's program of building up its fleet of several thousand trucks and also to replace some of the surplus trucks turned over to the Postoffice department by the army at the close of the war.

Deliveries are to start immediately and continue as rapidly as the bodies contracted for are ready for installation. The completed trucks will then be distributed to some 60 cities throughout the United States.

FIRE APPARATUS CALLED

Fire originating from an electric iron caused fire department apparatus to be summoned to a residence at 2320 Eight street this morning. Firemen said there was no damage.

Out of 378 important waterfalls in Brazil, a minimum of 60,000,000 horsepower could be derived through hydro-electric plants.

Terrible Eczema Goes Quickly

Strong, Powerful Yet Safe, Moone's Emerald Oil Has Astonished Sufferers

Here is a wonderful antiseptic oil now dispensed by pharmacists at trifling cost, that will do more towards helping you get rid of unsightly spots and skin diseases than anything you've ever used.

Its action is little less than magical. The itching is instantly stopped; and in a short time you are rid of that bothersome, fiery eczema. The same is true of barbers' itch, salt rheum and other irritating and unsightly skin troubles.

You can obtain Moone's Emerald Oil in the original bottles for 85 cents at Bowen's Drug Store, Bowens' Hilton Pharmacy, or any modern drug store. It is safe to use—guaranteed—and failure in any of the ailments noted above is next to impossible.—Adv.

BUILDINGS TO BE ERECTED

ARCHITECTS ON STATE STRUCTURES NAMED BY TEXAS BOARD

AUSTIN, July 16 (AP)—The board of control has announced the appointment of the following architects on state buildings to be erected during the next biennium:

Austin state hospital, new wing of convalescent dormitory and repairing and fireproofing of female dormitory, $58,000, W. E. Ketchum of Austin; ward building and equipment, $56,000, Page Brothers of Austin.

Austin state school for blind, dormitory and equipment, $50,000, H. F. Kuehne of Austin.

Austin deaf, dumb and blind institute for negro youths, hospital, $25,000, Giesecke and Harris of Austin.

Home for dependent and neglected children, Waco, dormitory, $40,000, Birch D. Easterwood of Waco.

Juvenile training school, Gatesville, dormitory for negro boys, $30,000, T. Brooks Pearson of Waco.

San Antonio state hospital, concrete porches, $15,000. Leo M. J. Dielmann of San Antonio; dormitory for employees, $25,000, Olin Boese of San Antonio; ward building, $100,000, Henry T. Phelps, associated with Wilder and Smith of San Antonio.

Terrell state hospital, ward building, $85,000. Lindsey and Kilmer, Greenville.

Tuberculosis sanitorium, Carlsbad, dormitory $90,000, Peters, Strange and Bradshaw of Big Spring.

Wichita Falls state hospital, ward building, $105,000. Voelcker and Dixon, Wichita Falls; hospital $50,000, Roy Carnhold of Wichita Falls.

Former Movie Star And Daughters

There were few who recognized a once-famous screen star when this mother-and-daughter trio sailed from New York the other day on a Panama Pacific liner. Mrs. James Regan, Jr., right, the former Alice Joyce, was accompanied on a vacation cruise by her daughters, Peggy Regn, left, and Alice Moore, center.

TWO BOYS ARE SENTENCED

SLATON YOUTHS FOUND GUILTY OF THEFT OF CIGARETS

Found guilty of delinquent theft, two boys, Joe Hornbeck and Ernest Fipes, each about 13 years old, yesterday were sentenced in juvenile court to the state training school for boys. They were charged with stealing cigarets from a sealed railway freight car at Slaton and selling the loot on the streets there.

Three men, arrested with the boys in connection wth the looting of the car, were released yesterday because of the lack of evidence against them, members of the county attorney's office said.

Second Offense

The Slaton affair was the second offense for the boys, officers said.

Bond for James Washington, Slaton negro charged in Justice of the Peace H. K. Porter's court with possession of whisky for purpose of sale, was set at $500.

STUMPED COMMUNISTS

SUDBURY, Ont.—The local police commissioner is a very diplomatic man. He has solved a very difficult communistic problem with a clever rule in regard to communistic parades. He has ordered that all processions, except funeral or religious ones, must be headed by the English flag and that it must be larger than any other flag or banner carried. If communists refuse to do this, they can't parade.

Il Duce's Younges

The pride and joy of his famous father is three and a half year old Romano Mussolini, youngest of the three sons of the Italian Premier. Romano is here shown in his latest portrait.

COST OF CRIME

LONDON—Crime, running rampant over England and Wales, will find the going just a bit tougher after the police department receives its grant of $2,250,000 from the government. Over 200 new detectives will be added to Scotland Yard, and the police force all over the country will be enlarged according to the prevalence of crime in the various districts.

Designed after the Holland tube in New York and the Fleetway tunnel in Detroit, a passage for vehicles planned for Boston is to cost $16,000,000.

HAT PINS—MOTHER WILL REMEMBER THEM—ARE COMING BACK IN STYLE

BY JANE EADS

NEW YORK, July 16 (AP)—Hat pins—mother will remember them—are coming back in the wake of new hat styles.

Bobbed hair put hat pins on the shelf; bobbed hair and the fact that the long points were invariably jabbing people. New millinery is bringing them back.

Of Junior Size

The pins will be of junior size; short and useful for anchoring the new little hats. Coiffures will undergo changes, too. Woman either will permit their hair to grow or use tricky false curls and even switches.

The modern bonnets that have attracted favorable attention from many New York women "roost" half on, half off the head.

French milliners have introduced a bank of ribbon which ties across the left side of the head. American designers have employed an elastic bandeau to keep the hat on.

The ribbon and the bandeau, women have found, are a nuisance. In lieu of something to keep the bonnet clamped tight women are renewing their friendship with the hat pin.

Style History Repeats

The new hats are reminiscent of the days of Empress Eugenie, wife of Napoleon III. The Empress, an expert horsewoman, introduced the hat with its tiny brim and shallow crown when she and her mother were guests of the emperor at Fontainebleau, in 1852, before her marriage. The mode was quickly adopted.

Despite shorn locks, this same little chapeau is in vogue again. In felt and velvet and adorned with perky little bows, cock feathers, pheasant feathers and plumes, it is increasingly popular with smart women.

TONGUE TWISTERS

LONDON.—If you're a tennis fan and you give way to loud cheers for your favorites every now and then, you'd better pick some other than the three which have just invaded England. The three are Tloczynski, champion of Jugo-Slavia; Kukuljevic, Polish champ, and Mme. Korotzwikova, woman champ of Czecho-Slovakia.

FLASHES OF LIFE

* * *

As Brought Over Associated Press Wires Today

(By Associated Press)

Hold Pow Wow

KAW CITY, Okla. — The braves have held a pow wow and renewed allegiance to their chief. Malcontents in the tribe of the Kaws wanted a change, but Mrs. Lucy Tyiah Eads suddenly appeared among them and argued that she had been chosen chief for life. She is a distant relative of Vice President Curtis and has been head of the tribe for nine years.

Bullish News

NEW YORK—Bullish news for the apple vendors! There's to be another Barrymore debut. Ethel Barrymore Colt has signed a contract to sing, dance and act in the next edition of George White's scandals. It's a family tradition that a Barrymore always carries an apple the first time on in a new show and friends send the fruit.

Tired Of Jokes

NEWPORT NEWS, Va.—Paul Revere, a resident here would like to take some smart alecks for a ride. He sees no reason why practical jokers should call him on the phone at midnight to tell him the British are coming.

Americans Stylish

NEW YORK—American women's clothes are the envy of English women. Miss Louise A. Coury, editor of an English fashion magazine, says that is why she is here, instead of France, studying styles.

Exile Returns

NEW YORK—A wicked old exile is coming back. The cycle of millinery styles has brought back bonnets reminiscent of the second empire and with them the hat pin. The 1931 version is shorter and less dangerous than its ancestor.

MORATORIUM MEET GETS NO ACTION

ENID, Okla., July 16 (AP)—A meeting last night to arrange a 30-day moratorium on debts owed by northwestern Oklahoma wheat growers failed to produce positive action.

Approximately 250 persons, most of them farmers, attended the meeting. The concensus was that it now is too near the end of the wheat harvesting season to map out any plan to greatly benefit the wheat farmers of northwestern Oklahoma.

The purpose in calling the meeting was to ask machinery dealers and bankers to delay for at least thirty days collection of debts owed by farmers, to enable them to hold off the market their wheat until a possible improvement in prices, which have dropped lower than in many years.

FATE'S GRIM TRICK

SEATTLE.—The telephone rang at the Bertens' home. Mrs. Bertens answered it. It was her husband's boss telling him to report back to work. Mrs. Bertens swooned. It was found that Bertens had been out of work for months, and that his bank account was exhausted. Two hours before he received the call back to work, he had committed suicide.

No wonder
Women are switching to
Camels

The steady increase in the number of women who are switching to Camels is a tribute to the mildness of this cigarette.

A woman's throat is more delicate than a man's—more easily irritated by the unkindly hot smoke of parched, dry-as-dust tobaccos.

Camels are milder, *first*, because they are a throat-friendly blend of fine Turkish and mellow Domestic tobaccos that require no parching.

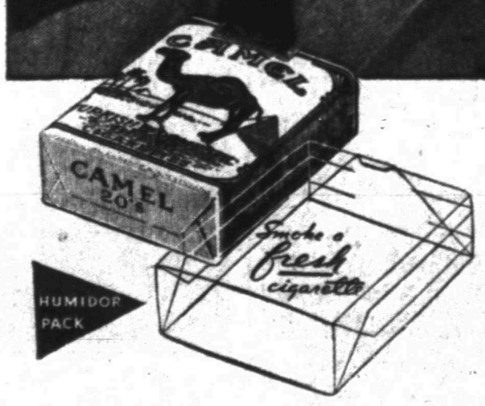

Camels are milder, *second*, because all peppery dust is removed by a special vacuum-cleaning process before Camels are air-sealed in the Humidor Pack of germ-safe moisture-proof Cellophane.

Camels are milder, *third*, because this wrapping of moisture-proof Cellophane prevents the cigarettes from drying out. The natural moisture of the tobaccos is held intact.

When you inhale the cool fragrant smoke of a Camel you enjoy all the flavor, all the aroma of blended fine tobaccos kept in prime smoking condition—without the sting and bite-and-burn of stale, dried-out cigarettes.

Just try Camels, join the throng and switch to them for one day, then quit them—if you can.

● *Don't remove the moisture-proof Cellophane from your package of Camels after you open it. The Humidor Pack is protection against perfume and powder odors, dust and germs. It delivers fresh Camels and keeps them right until the last one has been smoked*
