Cairo Meet Boycotts Congo Boss

CAIRO (AP) — Leaders of the nonaligned nations meeting in Cairo decided unanimously today to exclude Premier Moise Tshombe of the Congo, who was under virtual house arrest in a suburban palace.

They declared it would be inopportune for the controversial Congolese leader to take part in their conference, though they would welcome his chief, President Joseph Kasavubu.

A delegation carried the statement to the walled Aruba Palace in Heliopolis, to which Tshombe was escorted when he flew in from Athens, Greece, before dawn as an unwanted guest.

GUARD PALACE

A cordon of Egyptian police guarded the palace.

Tshombe's doctor said a report that Tshombe's health papers were not in order and he might have to stay under quarantine was ridiculous. The doctor said the premier's health certificate was in perfect order and necessary vaccinations and inoculations were up to date.

A majority of the conference members, over some opposition, first tried to discourage Tshombe from coming by asking Congo President Joseph Kasavubu to come in his place.

When Tshombe persisted, Cairo Airport early Monday refused his charter jet permission to land and shunted on to Athens.

DISTRUST THEM

But at 3 a.m. today, followed by an entourage of 20 persons, Tshombe stepped jauntily off a scheduled Ethiopian Airlines flight from Athens and into a scene of embarrassed confusion at the airport in suburban Heliopolis.

Many African leaders distrust him as a creature of white imperialists and accuse him of the murder of the Congo's first premier, leftist Patrice Lumumba.

They say his presence at the conference would sidetrack it from the main issues — talk of peaceful coexistence, colonialism, foreign bases and the economic buildup of the underdeveloped nations.

Barry Again Says Johnson Soft On Reds

WITH GOLDWATER IN PENNSYLVANIA (AP) — GOP presidential nominee Barry Goldwater campaigned through prosperous Philadelphia suburbs today accusing the Johnson administration of supporting the kind of socialism he said leads to dictatorship.

The Arizona senator, speaking to large outdoor crowds in Bucks and Montgomery counties, renewed his charge that the Johnson regime is "soft on communism."

Goldwater said that the overriding issue of the campaign is "What kind of America are we going to have tomorrow?"

He said the people do not want socialism or a one-party system which could lead to dictatorship.

"The primary consideration of Americans is what kind of country we are going to have tomorrow, a year from now, and five years from now."

SEES DANGER

He said the concentration of power in government "is just as dangerous as the concentration of power in the hands of a few corporation leaders or in the hands of a few labor leaders."

The senator said the "great majority of Americans are being ignored by the authorities in Washington, who cater to minority groups."

The Republican presidential nominee said he wants former President Dwight Eisenhower to head a team of experts to conduct an on-the-scene investigation of the situation in the embattled Southeast Asian country of South Viet Nam and seek a solution.

Goldwater unveiled the proposal Monday night in a move reminiscent of Eisenhower's own dramatic promise in the waning days of the 1952 campaign to go to war-torn Korea if elected president.

Goldwater's press secretary, Paul F. Wagner, who released the statement, said Eisenhower was not advised of it in advance. But Wagner said Eisenhower and Goldwater have discussed in general terms the role Eisenhower might play in efforts to find a solution to the situation in South Viet Nam.

While Goldwater takes the stump for four speeches in the Philadelphia area, Gov. William W. Scranton — who waged a sometimes bitter battle to wrest the GOP nomination from him — will be campaigning for Republicans and for the Goldwater ticket in New England.

Louisianans Now Facing Flood Danger

NEW ORLEANS, La. (AP) — Louisiana, hit by its worst hurricane in seven years, stepped up efforts to return to normal today even while flood threats mounted.

Gov. John McKeithen flew on an inspection tour of several devastated areas Monday and described what he saw as "a terrible disaster."

Hurricane Hilda moved up through the Gulf of Mexico and struck Louisiana's coast Saturday. Hilda and the vicious tornadoes she set off killed 36 persons.

Damages may run to $100 million.

GOES TO SEA

Hilda's might wore out over Louisiana. After colliding with a cold front over Georgia and the Carolinas, it pushed out into the Atlantic Ocean.

Repair crews fanned out over Louisiana to fix electric, gas, sewage, water and communication lines knocked out by the storm. Insurance companies beefed up their claims offices. Farmers began salvaging what was left of their crops. Stricken residents returned to their homes — or what was left of them — to clean up debris.

While all this was going on, hundreds were forced to evacuate their homes in the Baton Rouge area because of rising waters in the Amite and Comite river basins. Officials expected them to crest three to six feet above flood stage today.

President Johnson earmarked $1 million in emergency funds for hurricane disaster relief in Louisiana.

The Small Business Administration designated all sections of Louisiana, Mississippi and Alabama hit by the winds and floods as disaster areas.

McKeithen arrived at Larose as funeral services were starting for some of the 21 persons killed by a tornado which demolished or damaged about 70 homes.

$4 MILLION

State Rep. Richard Guidry of Lafourche Parish estimated the Larose damage at more than $4 million.

The governor also stopped at Erath where the storm knocked over a huge water tower onto the city hall, killing eight civil defense workers inside the building.

Rep. Hale Boggs, D.La., said 36 parishes were declared eligible for emergency aid.

He said steps were under way to provide experienced labor from Puerto Rico, Jamaica and the British West Indies to hand-harvest the downed sugar cane crop.

Oil companies reported that Hilda destroyed at least three offshore drilling platforms that were handling a total of 16 producing oil wells in the Eugene Island area 65 miles south of Morgan City, La.

Running Out Of Workers

CHICAGO (AP) — The steel industry, headed for its biggest year in history, is running out of workers in the Chicago-Gary, Ind., area, largest steel producing center in the world.

Two of the industry's giants, U.S. Steel and Inland Steel, reported today they are carrying recruiting drives for their busy Chicago area plants into the far corners of the Midwest and Pennsylvania in an effort to beef up overworked crews.

The problem, say industry spokesmen, is the lack of skilled labor in Chicago, traditionally a fertile source for the steel plants.

SEEK MEN

"We've advertised here and tried to work with employment services," said a Chicago spokesman for U.S. Steel, "but we are just unable to meet our requirements locally. We're having trouble getting skilled and even semiskilled workers."

The spokesman said U.S. Steel will conduct job interviews this week in many industrial areas of Pennsylvania, including Altoona, Johnston and Uniontown.

The Chicago area produces nearly 23 per cent of the nation's steel and industry officials estimate the nation will produce a record 125 million tons of ingot in 1964. Last month's production of 10.6 million tons of ingot set a new industry record for September.

"There's a big push on," said Phil Morris, personnel director for Inland Steel's vast Calumet Works. "When you get large steel companies looking for the same thing (skilled labor), there aren't enough top-flight people to go around."

In Chicago, Morris said "we're looking for people with high school educations or at least the equivalent. You just can't find them there.

OLD DAYS GONE

"You hire a man as a laborer, but you want him to move up," Morris said. "The days of the pick and shovel are over in the steel mills."

As of this week, Morris said, there were 486 jobs open among his work force of 21,200. "And if I filled those I'd have to ask for some more."

Morris said Inland is recruiting workers in Duluth, Minn.; Green Bay, Wis.; South Bend, Ind., Evansville and Terre Haute, Ind., and Escanaba, Mich., among other cities.

Smaller steel producers in the Chicago-Gary area also are pressed, but haven't announced any plans for recruiting outside the immediate area. There are nine major steel-producing facilities in the area.

Governor At Cities' Meet

DALLAS (AP) — Gov. John Connally said today the place to attack community problems is in the towns and cities where they occur.

"Many national problems are actually an accumulation of community problems. It follows that the place to attack them first is in the communities where they originate," he told the Texas Municipal League.

"The federal government is burdened as never before with the issues of national survival and world peace. Why should it be burdened also with a variety of domestic issues which could be dealt with more effectively and at less cost by local and state government?"

He said the state needs to plan for the future development of its water resources and of its educational system. He repeated a pledge made Monday to the convention of the county judges and commissioners association to work for abandonment of the state ad valorem (property) tax.

GIVE THE UNITED WAY

UF'S SPECIAL GIFTS GROUP WILL KICK-OFF WEDNESDAY

United Fund activity is "bustin' out all over," with concentrated efforts to bring in the required sum in record time this year.

The Special Gifts division, with Jack Wallace as chairman, has slated a Dutch breakfast at Coker's Restaurant at 7:15 Wednesday morning as a kickoff affair.

Wallace said cards will be distributed and workers urged to make contacts immediately. He and his team captains are urging full attendance of all Special Gift workers.

Meanwhile Marvin M. Miller's big gifts group met Tuesday morning at 9 for a distribution of contact cards. Miller, too, is working for record completion of his phase of the campaign.

Marine General Calls For More Naval Guns

Off On Whistlestop Tour

President Johnson waves from behind his wife and daughter, Lynda, right, as Mrs. Johnson's campaign train prepared to leave the station in Alexandria, Va., today. Mrs. Johnson's train is scheduled to travel through eight southern states in four days. Rep. Hale Boggs, D-La., is at extreme right while A. C. Johnson, congressional candidate from Virginia's 10th district, is at left. Story on page 3-A. (AP WIREPHOTO)

Missile Switch Brings On 'Gap'

WASHINGTON (AP) — The nation's top Marine said today there is "a deficiency" of naval gunfire to support over-the-beach landings and "remedial action is essential."

Gen. Wallace M. Greene Jr., Marine Corps commandant, discussed what he called a "gun gap" with The Associated Press following indications that the Navy is studying how to beef up its shore bombardment capability.

Not much has been said publicly, but both the Marines and the Navy amphibious forces have been concerned for some time that that capability has been reduced by the switch from conventional guns to missiles in the armaments of many warships since World War II and Korea.

"SERIOUS REALITY"

In a little-noticed passage of a recent speech, Greene said "the days of the 16-inch guns of the battleships are gone."

"Missiles have largely replaced the guns of the cruisers and destroyers," he said.

"Progress is being made in this area but it is slow, and we are anxious to have what could some day be a serious deficiency corrected before it becomes a serious reality."

Asked to elaborate on this, Greene told The Associated Press in a statement that "any further reduction in the naval gunfire support means would materially affect the ability of landing forces to successfully force a landing against a defended beach."

"Since World War II and Korea the major caliber inventory in the active fleet has undergone a drastic reduction," he said.

"This situation has been brought about by the conversion of large numbers of ships from conventional guns to a missile capability.

CITES LACK

"In view of this reduction without compensation for landing-force naval gunfire support requirements, a deficiency exists and it will become more critical until remedial action is completed."

Greene said there is no doubt "that a further reduction in available naval gunfire support will increase the 'gun gap' and reduce our shore bombardment capability."

The Navy and the Marine Corps, he said, are working jointly to reduce the gap.

There are indications that the Navy is considering an entirely new kind of gunfire support ship to provide a bombardment cover for any Marine or Army troops called upon to storm enemy beaches in the future.

Rights Clause Has Supreme Court Focus

WASHINGTON (AP) — The Supreme Court opened its new term hearing arguments on two challenges to the constitutionality of a key section of the 1964 Civil Rights Act.

Dispensing quickly with opening-day formalities Monday the high court heard four hours of debate on the two cases. Both involve the section of the law which prohibits discrimination in such public accommodations as hotels, motels and restaurants.

One case was brought by the Heart of Atlanta Motel; the other, by Ollie's Barbecue, a Birmingham, Ala., restaurant.

The court gave no indication of when it may decide the cases. It called for additional, written arguments from the two sides within 10 days.

UNDER QUESTION

The public accommodations section is one of two whose constitutionality was questioned by Republican presidential nominee Barry Goldwater in explaining his Senate vote against the rights bill. President Johnson's administration considers passage of the law one of its prime legislative accomplishments.

Moreton Rolleston Jr., owner of the Heart of Atlanta Motel who acted as his own attorney, told the court that unless it declares the law unconstitutional, "there is no end" to how far Congress will invade personal liberties.

Rolleston challenged Congress' constitutional right to ban restaurant, hotel and motel discrimination under its powers to regulate interstate commerce.

"People are not commerce," he argued. He denounced as "hogwash" Justice Department contentions that the measure is aimed at relieving the burden on interstate commerce.

Justice Hugo L. Black asked Rolleston how he could say interstate commerce is not involved since Negroes can find no motel accommodations in travels through the South. The attorney replied that after the Heart of Atlanta was ordered to admit Negroes, only three went there during August.

CONTROL ACTS

Solicitor General Archibald Cox, arguing for the government, said Congress has the power to regulate even local activities when a burden is placed on interstate commerce.

In the Birmingham case, attorney Robert M. D. Smith contended that the provision of the public - accommodations section dealing with restaurants was irrational, saying it holds that foods once purchased in interstate commerce have an eventual serious effect on that commerce.

Ollie's concedes it is in violation of the law as worded but contends it is not in interstate commerce. The restaurant, owned by Ollie McClung Sr., and his son Ollie Jr., is located several blocks from the nearest interstate route.

A three-judge federal court ruled that the law should not be applied to Ollie's. The decision was stayed by Justice Black pending the high court's final determination of the case.

Indictments Voted Against McDonald

STANTON — A special venire of 125 will be called in 118th District Court here Nov. 9 to serve in the trial of Daniel O'Dell McDonald, 19, indicted Monday on a charge of murder and a second charge of rape. Judge Ralph Caton set the trial for that date and District Attorney Gil Jones said the state would be ready.

The two indictments returned against McDonald were included in the 11 bills handed to Judge Caton by the Martin County grand jury late Monday.

McDonald was billed for the murder of his 85-year-old grandmother, Mrs. W. S. (Delzee) McDonald June 12. He was also indicted for rape in connection with the same case. McDonald is held in the Martin County jail without bond. George Thomas and John Burgess, Big Spring attorneys, have agreed to represent the defendant.

The grand jurors declined to vote an indictment in a second murder complaint aired before them. This was a charge that Bobby Gene Bateman, 17, shot his 16-year-old brother, Willie Louis Bateman, to death as climax to a quarrel over a book of matches. The shooting took place in the home of the youths, eight miles west of Stanton. It was said the grand jury felt the shooting could have been accidental rather than intentional.

Other indictments returned by the grand jury included two burglary charges against Edward Earl Miles; a burglary indictment against Frank Maholly Jr.; three burglary indictments against Charles Allen Neagle; theft indictments against Joe Lynn Bruce and his father, Joe Bob Bruce; a burglary indictment against Roy McNew.

There were 13 felony complaints on the grand jury agenda.

This was the heaviest docket to be laid before a Martin County grand jury in his tenure as district attorney, Jones said.

Miller Snipes At Baker Stall

WILMINGTON, N.C. (AP) — Rep. William E. Miller said today the chairman of the Senate Rules Committee put off new hearings in the Bobby Baker case because he did not want to turn up anything that might "in any way damage the political position of his good friend, Lyndon Johnson."

Opening a campaign swing in the South, the Republican vice presidential nominee hit at Johnson's former association with Baker and criticized Democratic Sen. B. Everett Jordan in his home state of North Carolina.

In his travels today Miller crossed campaign trails with the President's whistle-stopping wife, Lady Bird Johnson, who planned several appearances in North Carolina later in the day.

The New York congressman noted that Jordan had postponed a hearing in the Baker case Monday and was traveling on Mrs. Johnson's campaign train today.

Skies Clear Over Texas

By The Associated Press

Texas basked in Indian summer today.

Except for early morning clouds around Wichita Falls in the Red River Valley, skies were clear everywhere in the state and expected to stay that way.

Temperatures dipped enough for a second straight night to remind that fall has arrived, sinking as low as 40 degrees at Perryton before dawn. Other points had readings in the 40s to lower 50s.

Top marks Monday ranged from 83 at Presidio and 81 at Laredo down to 68 at Dallas. Most places registered highs in the 70s.

Forecasts called for continued fair weather throughout the state and somewhat higher temperatures by Wednesday. Another cool night was expected in southern sections.

Javits Undecided

SYRACUSE, N.Y. (AP) — Sen. Jacob K. Javits, R-N.Y., says he has not decided how he will cast his ballot in the presidential election but "I am not going to leave it blank."

Heavily-Guarded Queen Starts Tour Of Canada

CHARLOTTETOWN, P.E.I. (AP) — Queen Elizabeth II arrived today for the start of her controversial Canadian tour.

The royal yacht Brittania docked at the foot of Queen Street, a main downtown thoroughfare. The waterfront area was sealed off. Officials will maintain rigid security throughout the queen's visit because of strong opposition from secessionists in French-speaking Quebec.

COMES ON JET

The queen arrived by jet plane Monday at the Summerside Royal Canadian Air Force base for her fourth visit to Canada. She boarded the Brittania at Summerside for the 45-mile cruise to Charlottetown.

She was welcomed by Governor-General Georges Vanier and Prime Minister Lester B. Pearson, but guests at the brief air base ceremonies were by invitation only and consisted mainly of local dignitaries, air force personnel and their families.

Although the queen was probably not aware of it, the base was sealed off by tight security checks. All newsmen entering the gates had to show credentials and were stopped by security officers inside. Armed air force personnel watched from the roof of the huge hangar where the queen was greeted. Police cars cruised adjoining roads.

LINE STREETS

Crowds lined the streets of Summerside as the queen and her husband, Prince Philip, drove in a closed limousine to board the Britainnia. At the dock mounted police guards in khaki coveralls patrolled in the background, with a police dog on a tight chain.

Authorities are primarily concerned over the Quebec segment of the queen's visit, which will follow her stay in this city of 20,000. But they were taking no chances even in this friendly maritime province.

Extra measures are being taken in Quebec because of threats of violence from French-speaking advocates of independence for Quebec.

The queen's program included a 19 - minute drive through downtown Charlottetown. For security reasons the authorities ruled out an open car.

Kills 6 Americans

YOKOHAMA, Japan (AP) — A U.S. Navy helicopter en route from Atsugi Naval Station to Yokohama Naval Base crashed and burned today, killing six Americans, the Navy announced.

Steps To End Strike Slow

DETROIT (AP) —Slow progress was reported today in efforts to end a nationwide strike against General Motors Corp., despite tentative agreement on national contract terms with the United Auto Workers Union.

Only two new local - level working agreements were thrashed out in the first 24 hours following announcement Monday that principals had reached understanding on economic and non-economic national issues.

The two settlements came at a Fisher body plant at Framingham, Mass., and the Allison factory at Indianapolis.

This left unresolved 115 of 130 local-level working agreements which supplement the national contract. Workers are staying out to back up demands in these.

Both sides expressed hope everything could be wrapped up in a week, but neither predicted it would be.

Out In 50 Seconds

Students at Cedar Crest Elementary School, 600 W. 8th St., leave their building during a fire drill, clearing the structure 50 seconds after the fire alarm sounds. City schools hold at least one fire drill each month, in addition to classes and projects on fire prevention throughout the year.

Students Practice Clearing Buildings In Fire Drills

It takes less than two minutes for the students in Big Spring's public schools to clear their buildings when three rings of the school bells signal a fire alarm.

Runnels Junior High School can be cleared of students in just over a minute, Fire Marshal A. D. Meador reported, in discussing Fire Prevention Week activities in the public schools.

"The first fire drills each year take two to three minutes for children to clear their buildings," he said. "But then all the schools get the time down to just over a minute and some less as the year goes on."

Meador emphasized the cooperation and training given children by the public school teachers and administrators.

This week each school will have a drill with fire trucks from a nearby station on the scene to add to the realism. In addition, some of the drills will be obstructed ones, with children having to take alternate routes to leave their buildings, Meador pointed out.

Fire officials have been visiting city schools for the past several weeks preparing plans and making talks concerning Fire Prevention Week.

Texas law requires that each school have at least one fire drill each month, Meador pointed out, although most of the Big Spring schools have drills twice monthly.

Each school also has an alternate bell in case a fire puts the electrical system out of operation. In some schools, old brake drums are hung in a central hallway with an iron pipe to ring them. The drums, painted the color of the walls, are an unobtrusive yet loud-sounding alarm for use when normal electric bells are not available. Other alarms for emergency use are triangles, horns and, at Lakeview School, an electric horn. Meador says the horn there is an excellent system, as it has a tone entirely different from usual school bells.

The schools emphasize an orderly departure as well as a speedy one, Meador related. Each room has a student appointed as a captain, who checks all windows and sees that everyone is out of the building, reporting to the teacher that all is clear.

While Fire Prevention Week contains the major emphasis during the year in schools, state laws also require that fire prevention and safety be taught the year - round, Meador pointed out.

Contract For Study Is Aimed At Moon

HOUSTON, Tex., (AP) — A $71,670 study contract has been awarded North American Aviation Co., Downey, Calif., to determine if radar can relay information about topography to a computer, which in turn would tell an astronaut what lay ahead on the moon.

The computer study is being run by Dr. Jack Green of North American on an area of extremely rough lava in Pisgah crater near Barstow, Calif., a Manned Spacecraft Center spokesman said today.

Major Snags In Reservoir Work Denied

WASHINGTON (AP) — Planning for construction of giant Amistad Dam on the Rio Grande near Del Rio, between Texas and Mexico, is proceeding on schedule with no unusual problems encountered.

This was reported today by Joseph Friedkin, U.S. representative on the International Boundary and Water Commission.

Friedkin, an engineer, said problems encountered thus far at and near the dam site are neither unusual nor unexpected.

"There have been reports in circulation to the effect that we had found crevices along the dam site,' he said.

"This is just not so. It is an exaggeration. In this preliminary work we are grouting for the foundation. This is a common practice where a dam is to be constructed on a limestone formation."

This safeguard is accomplished, he explained, by drilling 3-inch holes 40 feet to 200 feet apart deep into the limestone formation along the axis of the dam site and then pumping in fresh mixed concrete until no more can be taken in.

EAST SIDE

A stretch of nearly a mile on the east side of the reservoir, about two miles from the dam site and along the reservoir rim, is also being grouted.

"There is no danger to the dam," added Friedkin. "The project is not in question."

He estimated the grouting job would add about a million dollars to the project cost.

He declined to estimate how much Congress would be asked to provide next year, and said this is the subject of the conferences which brought him here from his headquarters in El Paso. A total of $7.5 million was appropriated for use in the 12 months ending next June 30.

The schedule which is being followed, the commissioner added, calls for bid openings Nov. 6 in El Paso and Juarez, Mexico, on major construction phases of the project.

Actual construction of the dam is expected to begin next January, and work is scheduled to progress to the point where conservation of water can begin early in 1968. The project is to be completed in 1969.

TOTAL COST

Total cost of the dam, not counting hydroelectric power facilities and rights of way, is estimated at $64 million. The United States' share of the cost will be 56.2 per cent and Mexico's 43.8 per cent. The division is based on the proportion of benefits to accrue to each country.

The dam will be a concrete gravity structure 2,200 feet long, with gated spillway in the river channel, with a crest 254 feet above the river bed.

It will create a reservoir 74 miles long with an estimated capacity of 5,700,000 acre-feet, of which 2,150,000 acre-feet will be for flood control and 3,550,000 acre-feet for conservation and silt detention. An acre-foot is the amount of water needed to cover one acre to the depth of a foot.

Annual Pig Show Slated Wednesday

Nineteenth Annual Howard County 4-H and FFA Pig Show opens at 8 a.m. Wednesday and will close with a big auction sale starting at 7:30 p.m. Thursday. There will be 55 pigs shown by the 4-H Club boys and girls of the county, 20 pigs from the Coahoma FFA chapter, and the same number from the Big Spring FFA chapter.

The show is sponsored by the Big Spring Junior Chamber of Commerce and will be held in the Howard County Fair barns. It is open to the public and an invitation to all interested persons to attend has been extended.

Judging will begin at 9 a.m. Thursday. Paul Gross, assistant county farm agent for Gaines County, will be judge of the show.

Melvin Fryar, chairman of the sales committee for the Jaycees, said he is meeting with good response from those asked to buy pigs at the sale. Randell Sharrod will be auctioneer. The buyers will be awarded bandana handkerchiefs to be tied by young 4-H Club girls.

The Coahoma FFA chapter is headed up by Gerald Oakes. Truett Vines and Ed Seay are the leaders for the Big Spring FFA chapter and Herb Helbig, county farm agent, is director of the 4-H Club pig program.

There will be three classes of market barrows in the show. Class 1, for lightweight barrows, will offer ribbons for the first 15 places and carry cash prizes through the tenth place. First place will earn the young exhibitor a $10 cash award. The prize money diminishes one dollar for each place with 10th spot pig receiving $1. The same sequence of ribbons and cash prevails for the mediumweight and the heavyweight market barrows. In addition, the grand champion barrow of the three classes will be awarded $10 and the reserve champion $5. A total of $207 prize money is to be awarded the three classes of barrows.

Ribbons and cash will be awarded the first five places in the breeding gilt contests with $5 as first prize. Ribbons and cash will go to the first three places in boars under one year of age class. Top prize will be $5.

Concession stand at the show barns will be operated by Jaycee Ettes.

Weighing in of all pigs to be entered in the show will begin at 8 a.m. Wednesday and close at noon. No pig can be removed from the barns until after the sale Thursday night.

Three Zone Changes Asked

Requests for zoning changes for a new truck stop at the north IS 20-US 87 intersection, a beauty shop at 610 George Street, and an air conditioner or refrigeration shop at Galveston and West Fifth Streets are to be considered by the planning and zoning commission in a session today at city hall.

A request from Raymond Hamby is for a change from one family residence to neighborhood service for the property at 610 George, in Washington Place addition, for a beauty shop. The property at Galveston and West Fifth Streets is owned by Mrs. Martha Birdwell, with the zone change requested from general residence to commercial, for the planned air conditioning or refrigerator shop. A 4.909-acre tract at the northeast corner of the IS 20-US 87 intersection is involved in the request by Keaton & McGibbon, Inc., for a change from one-family residence to retail.

Top Price For Grain Clarified

Top price paid so far by the Big Spring Grain and Commission Company for sorghum has not passed $1.90, according to E. T. Tucker, president. He pointed out that a report saying that up to $2 per hundred had been paid was in error. The report, he said, caused farmers to demand why they had not been paid more than $1.90. He said he had been able to supply all needs at that price so far, despite the lack of grain in this county.

Nuclear Weapons Control Debated

WASHINGTON (AP) — Former President Dwight D. Eisenhower was in the middle today — between Democrats and Republicans, each claiming he was on their side in a dispute over nuclear-weapons control.

It began Monday when the GOP unveiled a task-force report claiming President Johnson had overextended his control of field-type nuclear weapons. This, the GOP group contended, has damaged U.S. security.

Eisenhower appeared at a New York news conference, but wouldn't endorse or reject the report.

He deplored the injection of the nuclear-weapons issue into the presidential campaign and added: "I don't think these are things that ought to be talked out in detail...I don't think we should reach conclusions telling the President what he should do or what he should say."

LBJ AGREES

The White House promptly released a statement declaring that President Johnson agreed with Eisenhower that "it is not in the best interest of the country to take our defense plans and make them public."

Dean Burch, Republican national chairman, said Johnson's comment was "a patent attempt to get off the hook of an issue which is embarrassing him and his administration because the American people realize the Democrats have used the question of nuclear weapons to strike fear and horror into their hearts."

Burch has complained in the past about Democratic campaign material he charged was designed to frighten people into believing Arizona Sen. Barry Goldwater, the GOP presidential nominee, was trigger-happy and might bring on a nuclear war.

MORE CONTROL

Although he hasn't mentioned it since he began formal campaigning for the White House, Goldwater proposed last Oct. 24 in Hartford, Conn., that the NATO commander be given more authority over the use of tactical nuclear weapons.

He repeated the proposal in a campaign position paper during his primary race for the nomination and in speeches June 30 and Aug. 24.

Johnson has contended that only the president should have the final say on use of any nuclear weapon.

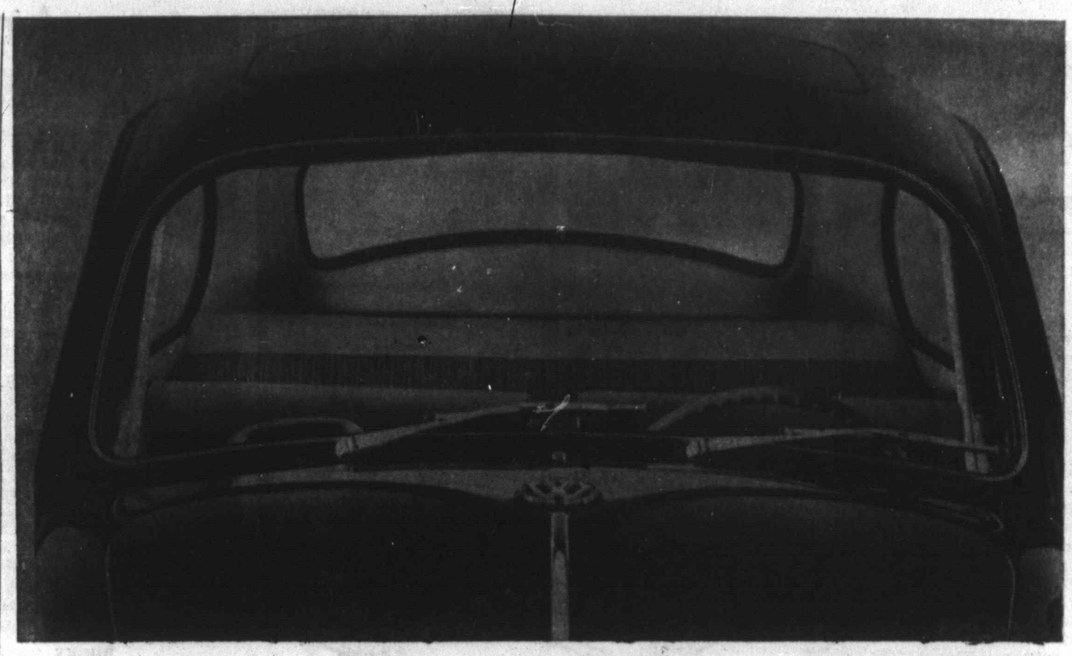

The task force report was read in Eisenhower's presence. It called on Johnson to assure the United States' NATO allies that the American NATO commander could use tactical nuclear weapons in an extreme emergency, and to assure Americans that the controls wouldn't impair U.S. ability to respond to a nuclear attack.

SEATTLE TALK

Other than reading a brief statement saying that Johnson agreed with Eisenhower and describing the former president's stand as "right and patriotic," White House press secretary George Reedy referred reporters to Johnson's speech Sept. 16 in Seattle on nuclear control.

The task force said the Democrats had installed a "permissive action link" — an electromechanical lock — on nuclear weapons and NATO Allies were concerned because only the President had the key.

Johnson discussed the electromechanical locks as one of the safeguards against indiscriminate use of nuclear weapons in his Seattle speech and said only the president should have the key to permit use of nuclear weapons.

Yeah, The VW Has Changed

Volkswagens for 1965, now on the showroom floor at Western Car Co., 2114 E. 3rd, have more changes than ever before; but, the makers admit you'll still have to look twice to tell the latest models from their ancestors. One change, as noted above, is considerably more glass area, with the windshield extended upward and outward, and all windows made larger. There is more legroom in the rear seat compartment; brakes, windshield wipers and heating system have been improved.

Tax Case Trial Of Judge Pushed

MUSKOGEE, Okla. (AP) — The government presents witnesses today trying to prove that state Supreme Court Justice Earl Welch evaded income taxes.

He is a veteran of 32 years on the state's highest civil court.

Names of former Supreme Court Justice N. S. Corn, indicted at the same time as Welch, and a one - time head of the multi-million dollar Selected Investment Corp., came up in court before the jury was picked.

The defense asked U. S. Dist. Judge Roy Harper to hear N. S. Corn, 80, now serving 18 months on a tax evasion charge, and Hugh Carroll, who served two years on a federal fraud count after Selected Investments went bankrupt.

Harper denied that motion.

Worry of
FALSE TEETH
Slipping or Irritating?

Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little FASTEETH on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Get FASTEETH at any drug counter.

ARTHRITIS?

If you are suffering from pain, soreness, stiffness or swelling caused by arthritis, neuritis or rheumatism, I think I can help. Write me for free information.

Needed: D. A. To Work Day A Week

GOLDFIELD, Nev. (AP) — Esmeralda County Commissioners are looking for a new district attorney who won't object to spending one day a week on the job.

Attorney Keith Hayes who has his office in Las Vegas, 187 miles away, quit Monday after commissioners contended he wasn't spending enough time on the job. Hayes said it was ridiculous to spend all that time here: There just wasn't enough business.

Commission chairman M.L. Shank said the county would like to see a retired attorney willing to settle down in Goldfield to take the $400 a month job. The county has 500 residents.

First Lady Opens Tour With Plea To Virginians

ABOARD LADYBIRD SPECIAL (AP) — Mrs. Lyndon B. Johnson launched a Southern whistlestop tour today with a quotation from Robert E. Lee and urged Virginians to forget differences over civil rights and seek a unified nation.

With President Johnson at her side, the First Lady recalled to a crowd at her first stop in Alexandria, Va. — not far from Lee's Arlington home — the advice of the Confederate general to Southerners after the Civil War to "abandon all these local animosities and make your sons Americans."

To this, Mrs. Johnson added her own advice, urging fellow Southerners to seek "the ties that bind us together, not settle for the tensions that tend to divide us."

The President climbed aboard the Ladybird Special for the start of his wife's 1,682-mile foray into the South and rode with her to the first stop just across the Potomac River.

"I want to tell you from Alexandria to New Orleans that to this President and his wife the South is a respected and valued and beloved part of this country," Mrs. Johnson said in her prepared speech.

The First Lady pointed out that "the hard duty of assuring equal and constitutional rights to all Americans falls, not only on the President of the United States but upon all who love this land."

Mrs. Johnson, born in Karnack, Tex., declared her own deep pride and love of the South. She talked of old customs, a special brand of gentility and courtesy, new economic growth, and a long line of famous statesmen, including 12 presidents and 15 secretaries of state from Thomas Jefferson to Dean Rusk.

Good news!
Asthma & Hay Fever Sufferers Report Relief in Minutes
Remarkable Doctor's Formula Halts Sneezing, Clears Congestion Without Drugs or Injections

Amazing discovery by a respiratory Specialist. Relieves asthma attacks and sneezing due to hay fever so quickly first-time users are amazed. Opens congested bronchial tubes to restore free breathing without swallowing pills or liquids. Contains no sedative, hypnotic or narcotic drugs. Dr. Guild's Green Mountain Asthmatic Cigarettes or Compound sold without prescription at drug counters everywhere. Contains no tobacco. Ask for genuine Dr. Guild's Green Mountain Cigarettes or Compound. Get fast relief from attacks of asthma and hay fever. For FREE trial package of Asthmatic Cigarettes send name and address to: J. H. Guild Co., Dept. N, Rupert, Vt.

Presenting America's slowest fastback.

There are some new cars around with very streamlined roofs.

But they are not Volkswagens.

They are called fastbacks, and some of them are named after fish.

You can tell them from VWs because a VW won't go over 72 mph. (Even though the speedometer shows a wildly optimistic top speed of 90.)

So you can easily break almost any speed law in the country in a VW. And you can cruise right past gas stations, repair shops and tire stores.

The VW engine may not be the fastest, but it's among the most advanced. It's made of magnesium alloy (one step better than aluminum). And it's so well machined you may never add oil between changes.

The VW engine is cooled by air, so it can never freeze up or boil over.

It won't have anything to do with water.

So we saw no reason to name it after a fish.

Woman Tags Boy As Gunman

FORT WORTH (AP)—Sheriff Lon Evans said Monday that a woman has pointed out Charles Roy Hefley, 16, as the individual who shot at her Aug. 26 after trying to halt her car.

Hefley has admitted raping Mrs. Carolyn Adams and drowning her two baby sons in the Trinity River here Sept. 10. Mrs. Adams was stabbed and beaten, losing an eye in the attack.

Evans said the woman, 30, identified Hefley in a police lineup. She told officers a man fired two shots into her car after an unsuccessful effort to force the vehicle to the curb.

Keep Permanent Fund Intact

Among the many decisions which Texas voters will have to make on the Nov. 3 general election ballot will be approval or rejection of three state constitutional amendments submitted by the 1963 legislature.

All of them deserve more careful thought than they are likely to get in the windup of a mind-pounding national campaign. Early attention should be called particularly to the important, but not too easily understood, effort to correct a mistake made 73 years ago regarding the financing of the state's public school system.

The Texas Constitution of 1876 provided for a permanent endowment fund, based mainly on public school land revenues—largely oil royalties, as it was later to develop. Only that fund's income was to be transferred to the available school fund, to supplement tax financing of current school operations.

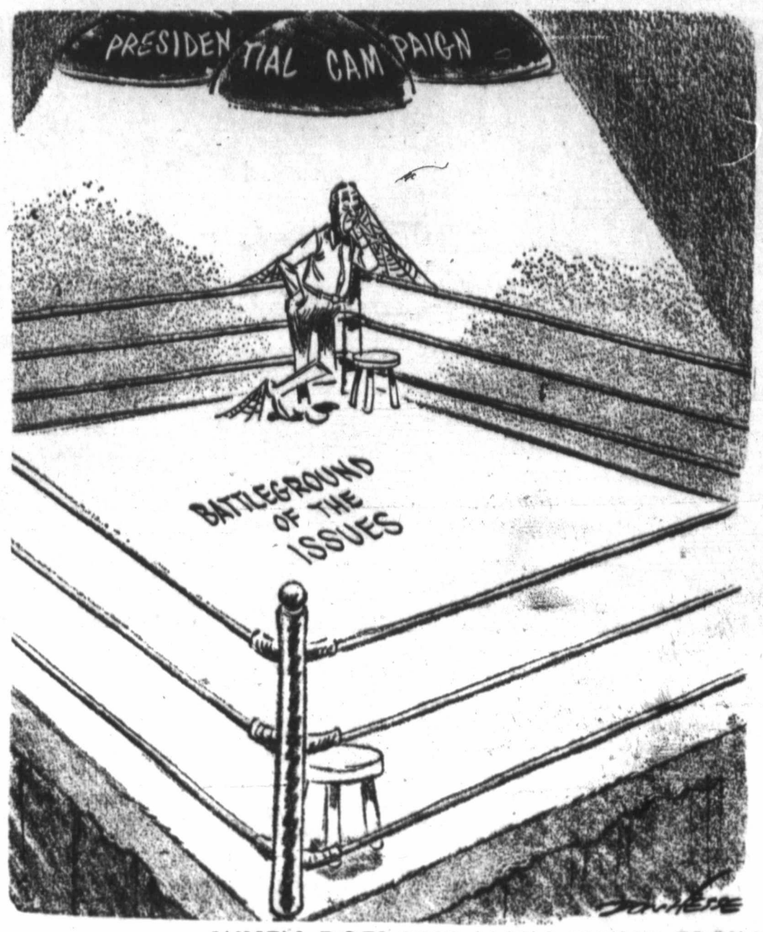

In 1891, to ease a state budget-balancing crisis, a constitutional amendment was passed allowing the legislature to divert up to 1 per cent annually of the permanent fund's capital to current school financing. That was done yearly until 1899, when an automatic annual-transfers statute was repealed because the permanent fund was being seriously depleted.

No more transfers were made until 1957, when the state got into another budget-balancing crisis prior to passage of the general sales tax in 1961. In five years between 1957 and 1962, $21 million in capital was transferred from the permanent to the available fund for current operations.

The amendment to be voted on Nov. 3 would simply go back to the 1876 rule. It would assure maximum growth of the now half-billion-dollar-plus permanent fund, and thus assure more annual income from it—now about $20 million a year—to supplement tax financing of school operations.

We think the original constitutional rule was sound. Capital diversions from the permanent fund, built up mainly from exhaustible natural resources, can give current tax relief only by reducing that fund's long-range income potential, which means passing a heavier tax burden to future generations.

In the improbable event that the state ever got in such dire financial straits that it should become necessary to liquidate the schools' endowment in order to continue their operation, the people should make that decision — by another constitutional amendment—rather than the pressure-sensitive legislature. But it is difficult to conceive any such future emergency.

WHEN DOES THE MAIN EVENT BEGIN?

No Time To Rest

In his address to the service clubs of Big Spring Monday, Hal Woodward, highway commissioner, warned against letting up now that most major highways seem to be completed or nearing completion.

Howard County, we trust, has no intention of falling into this trap. For the most part, this county has always been alert to highway development. It was one of the first to put in (macadamized) all - weather roads. It was one of the first to cooperate with the highway department in straightening out highways. It is one of the first to have its interstate highway completed.

But this is not the end of highway needs for this county. In addition to several farm-market and other rural roads, this county has some other problems which need attacking. Among them is the FM 700 extension on both ends. One of these legs will take the road from its northeast terminus and swing back northwest to a point near the Snyder-Gail road intersection. The other will involve reconstruction of most of the present route west from US 87 and rerouting of part of it. Both are sizeable jobs, the latter in particular. Yet FM 700 carries a tremendous amount of traffic—probably as much as the highways downtown at the point it intersects with US 87. Some of these days there will be need of an overpass at that point. It could be in the future that US 87, with divided facilities will be regarded as prime fodder for the interstate system. If the Texas Water Commission grants a permit for the Robert Lee lake, then there will be a need to locate and upgrade roads in that direction.

Marquis Childs

Again, Presidential Succession

WASHINGTON — How to separate the actions of a President responsible for the conduct of foreign policy from the acts of a candidate appealing to the voters? That is the unanswered question as Sen. Barry Goldwater throws out at each stop more and more sensational charges on the Administration's policy overseas.

IN A TIME of world upheaval—the kind of revolutionary change that each Administration grappled with since the end of World War II—the President has the gravest responsibility. It is a continuing responsibility since events will not conveniently wait several months for the outcome of the American election.

Initiatives that might have been taken in foreign policy have been postponed. President Kennedy's assassination cut across a forward movement that had begun with his American University speech and the signing of the nuclear test-ban treaty. With no Vice President in office President Johnson decided, and his decision was widely approved, that he would not leave the country until after the election. Now he has let it be known if he is re-elected he intends to go to Europe between November 3 and the inauguration in January.

BUT IF HIS reasons for staying at home until November 3 were valid—his safety and the need to be close at hand for an emergency—they are equally valid until both a President and a Vice President have been sworn in. Although it is little understood, that antique rattletrap, the electoral college, leaves large areas of doubt about the succession to the Presidency.

WHEN THE electors meet on December 14—the first Monday after the second Wednesday in December—they are not bound to vote for the winners. In 34 states laws pledge them to vote for the candidates getting the largest number of votes. But under the Constitution their votes would be counted if they cast them for John Doe or Joe Doakes instead of a Johnson or a Goldwater.

The President's desire to meet with European leaders at the earliest moment is understandable. He has a strong belief in the powers of personal persuasion. And there has been slippage within the past year in the alliance as the new President labored to establish himself in the office and put his own stamp on the policies and programs of the Administration.

THE WHITE HOUSE has let it be known that the President would go to Paris in connection with the meeting of the NATO parliamentarians or the NATO Council. The parliamentarians meet November 16, less than two weeks after the election. The Council with no date set as yet, customarily meets between early and mid-December. While presumably the election will have made clear the continuity—or lack of it—in American foreign policy, a shadow of doubt will still rest on the Presidential succession.

Billy Graham

My husband doesn't like my family. I can hardly drag him over to visit them. I know they have their faults, but I love them. What should I do?—Y. F.

Of course your husband is wrong—but maybe you are wrong too! Your husband isn't the first man not to share his wife's enthusiasm for her family. Remember, blood is thicker than water. We always make allowances for our folks which other people are not prepared to make, but you should not expect your husband to see your own people in the same light that you do.

Your first loyalty is to your husband. Away back in the book of Genesis the Bible says: "Therefore shall a man leave his father and his mother, and cleave unto his wife; and they shall be one flesh." It says, "cleave to his wife," not "to his in-laws."

Fortunately, God gave me a great mother and father-in-law—some of the most wonderful people I have ever known. I seek their fellowship and counsel regularly.

My suggestion to you is: continue to love your mother and father, and visit them as often as possible—but don't insist that your husband do so. Just say, "Dear, I'm going to visit my folks; would you like to go along?" And if he indicates he would rather not, count him out. Don't make a federal case out of the incident. It is quite possible that if you handle the matter delicately, he might even get to the point where he will want to go along.

High Court In Boiling Water

WASHINGTON (AP) — The Supreme Court, perhaps the most forceful in American history, after the narrowest kind of escape from rebuke by Congress hs returned to work by plunging instantly into boiling water.

The nine justices traditionally do not answer their critics. And they observed the tradition this year although it was a year of intense attack.

Their decisions cutting across many fields over several years — particularly race, religion and politics — produced a hurly-burly between their critics and their defenders.

Out of all this naturally came a question: Will the justices now slow up until some of the storm subsides, be a little more restrained like many courts of the past, be less willing to stick their necks out?

Judging from what they have just done it could be reasonably concluded they are determined to do what they think is necessary rather than what is comfortable.

USUALLY THE court does no business on opening day. But when it began its 1964-65 term Monday the justices disregarded the usual and at once began hearings on one of the most controversial social and political issues.

This was on the Civil Rights Act, the strongest in 100 years, passed by Congress last July. The court was not asked to rule on the constitutionality of the whole act but on the sorest point in it:

This is the part outlawing racial discrimination at hotels, restaurants and other places of public accommodation. This part of the act has been a sore point in the South and an issue in this year's political campaign.

Since the campaign will end on Election Day, Nov. 3, the court could have made things easy for itself by deciding to put off a hearing on an appeal against the accommodation section until then.

But no matter what the decision, or when, this whole year will be full of thorny issues for the court, covering religion, communism, race, unionism.

THE STORM over the court began with a hurricane over its 1954 decision calling school segregation unconstitutional. From time to time the hurricane dwindled, and by the end of the court term this year had hurricane force again.

This came after decisions banning required reading of the Bible or the Lord's Prayer in public schools and its decisions that state legislatures' representation must be based on equal proportions of a state's population

In Congress, both the House and Senate approved measures intended to slow down the reapportionment of legislatures — in essence rebuking the court.

The House and Senate, in the last-minute rush to quit and go home, couldn't reconcile their differences and the result was that both measures were scrapped and the court left unscathed.

THE FACT that the two houses had enough members willing to approve these measures, different as they were, could be taken as a warning light by the justices to go slow.

But the justices have a better perspective on the history of the court, and its trial and tribulations, down through the years than most politicians and most citizens.

Hal Boyle

Jumping At Conclusions

NEW YORK (AP)—Jumping at conclusions—and how many do you agree with?

Ever wonder why people will crowd around to watch a skyscraper's site being dug, but few bother to pause after the building gets above eye level?

The answer is simple—human laziness.

It's easy to look down into a hole. But you have to stretch your neck muscles to look up.

The less confidence a man has in himself the more credit cards he has in his wallet.

No matter how many colleges and universities we create in America some people will always continue to be impressed by what they see on billboards. They simply have billboard-type minds, and nothing can be done about them.

Skinny people eat more pretzels and salted peanuts at the bar than do fat people.

You can be fairly sure that if the letter comes special delivery, its contents are more important to the sender than to you.

An orgy is what the neighbors next door seem to be having when you haven't been invited to the party.

The most popular form of retribution is America is not to send a Christmas card this year to the fellow who didn't send us one last year.

The popularity of light-colored raincoats is partly explained by the fact their wearers have a romantic hope that bystanders will mistake them for an FBI agent bound on a secret mission.

Plump girls are the easiest to borrow money from. They're more likely to fall for a hard luck story.

Bankers and dentists are the members of modern society who yearn most to be regarded as hale fellows well met. They worry for fear that because of the nature of their jobs no one really loves them for themselves. Many ministers have this feeling too.

After 40, the average man rarely notices when his wife buys a new hat. And he is unlikely to notice it at all if she changes the flavor of her lipstick.

Lawyers are never dull when they tell the truth. That is why it is more fun to listen to them when they're out of court.

You are bound to live longer if you drink a quart of warm water after every dry martini.

To Your Good Health

Ganglion Can Be A Small Cyst

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: What are ganglions? I understand they occur after a wrist injury. Do they also occur in the fingers? How can they be prevented and what is the treatment? How do they differ from lipomas?—P. R.

A ganglion in this sense (the same word is also used for a certain part of a nerve tract) is a small cyst, a defect in the sheath of a tendon. The most usual location is on the back of the hand, but they can occur elsewhere.

An injury is thought to be the main factor in causing a ganglion but there are theories that other conditions may be involved. There is no known mens of prevention.

Treatment of a ganglion is usually for cosmetic purposes—the lump spoils the appearance of the hand. Or the possessor thinks it does. Less often a ganglion may be painful and is treated or removed for that reson.

Since the ganglion is a cyst (a sac or cavity filled with fluid) aspiration (removal of the fluid through a hollow needle) is one treatment. Sometimes an injury breaks the cyst open and lets it drain. But these cysts can recur, and the most certain method probably is surgical removal.

A ganglion is a fluid-filled affair. A lipoma is a fatty tumor or growth beneath the skin.

* * *

Dear Dr. Molner: Please discuss a caruncle of the urethra. My doctor was treating it with five per cent silver nitrate and when it didn't respond he sent me to an urologist.

The specialist said my bladder was in good condition and not the cause of the trouble and that a caruncle doesn't become malignant. I got the idea that it wouldn't matter if I forgot about it, but he sent me back to my doctor with instructions to use a stronger solution of silver nitrate.

After a few treatments it cleared up and I was dismissed. It later returned but we have moved to another state. Should I be concerned about it? Isn't it possible for ANY tissue to become malignant? Is surgery the only sure treatment?—MRS. S. G.

A caruncle is a polyp-like growth at the opening of the urethra. Yes, any tissue CAN become malignant. There's no reason to get rid of a caruncle for that reason, any more than you would consider getting rid of your fingers to prevent cancer.

Caruncles do not, just by being there, become cancerous. They do, however, usually cause considerable distress at time of urination, and permanent correction is removal by cautery or by surgery.

Need for treatment depends on pain or disturbance in urination. A fold of the membrane of the urethra may protrude and resemble a caruncle, but this is a less painful condition.

* * *

Much heart trouble is preventable. Write to Dr. Molner in care of The Herald for your copy of his booklet, "How To Take Care of Your Heart," enclosing a long, self - addressed, stamped envelope and 20 cents in coin to cover cost of printing and handling.

Around The Rim

Make-Believe Is More Exciting

For the vast majority of the people, courts and court procedure are mysteries which they never understand. Most men and women have no personal contact with courts at all. A certain percentage are summoned for jury duty, but their services as jurors are so rare and the opportunities to observe and learn are so limited they leave their jury box with only a smattering more information than when they took their seats.

FOR A VERY few, the courts are places where they either go to prosecute a case or to be cast in the role of defendant. In general, they are incompletely advised on the machinery which administers justice.

Perhaps this is why television shows and movies can depict courtroom drama in which such outrageous procedures are presented. The public, unaware of how courts really function or of the rules and regulations which govern their operation, is not astonished at what it sees.

BOOKS, too, are notoriously clumsy at relating court trials. Western movies and western novels, apparently assume that anyone tried in a court in the old days was hanged. Further, he was hanged within a few short hours after his conviction. They also depict the sheriff or city marshal, in many instances, in the dual role of arresting officer, prosecutor and executioner.

Such lowly magistrates as justices of the peace are often provided with the judicial powers enabling them to try murder cases in the western stories. Testimony allowed in these fictional trials is exciting but hardly in accordance with the true procedures of court.

FEW NOVELS deal with trial procedure with anything like accuracy. Possibly the reason is that the routine trial in a court of law is seldom exciting or dramatic. Trials are dramatic in some instances—but the drama is often the product of outside elements which do not actually appear in the courtroom. Most trials, unless the listener has a great deal of background information, are drab and tedious.

Naturally, the writer or the film director wants to keep his audience's interest. If he followed the tedious grind of most trials, his books would have poor sale or his picture would play to empty houses.

LAWYERS hoot at the mistakes in movie trials and in the fictional account of trials. There is nothing new in this, however,—newspapermen, as they are in real life, bear no resemblance at all to the fantastic portrayals of reporters on the screen or in the books. For that matter, the best peace officers are not the gay and exciting individuals who are described in novels. They're more likely to be inconspicuous men who in no way appear to be gifted crime breakers.

IT SEEMS to me that court trials have lost much of their public appeal. I know when I began writing news, any murder trial, even a mill-run one with no surprise elements would pack a court room. In recent years, I have noticed a dwindling off of attendance at the courts. Even the most spectacular cases which have been tried in local courts have failed to bring out crowds.

I wonder if the comparison between the real thing and the version shown on television or the movie screen is the reason that the real thing has lost its appeal to the lay citizen?

—SAM BLACKBURN

Holmes Alexander

The Country Will Survive

WASHINGTON — This country began life in 1776 with a Declaration that addressed itself specifically to the "decent opinion of mankind"—and maybe we ought to do likewise every election year.

While we shouldn't give a hoot about the "indecent" foreign opinion which is jealous of our wealth, pandering for our favors and hostile to our ways, we might as well make the generous assumption that there is a body of overseas opinion which deserves to be informed—and maybe some of the same in this country, too.

WHAT WE'RE undergoing during the next four weeks, to put it simply, is a battle-clash of ideology. Lyndon Johnson plugs for his Great Society. Barry Goldwater pleads for a Free Society. In the hyperbole of the season, extremist Democrats shriek that their defeat will dismember the Fedal system and install a foreign policy of braggadocio. Radical Republicans scream that their man's overthrow will bring the Horsemen of the Apocalypse.

BUT THIS, when it's sincere, is the dementia of small minds. It will not be a catastrophe if Johnson wins, any more than it will be a calamity if Goldwater wins. The President is the ablest craftsman of our political times, and the Senator is the most earnest reformer that any living American has seen. Each is a superior man, not by education, but by application in the first instance and dedication in the second. No foreigner, and certainly no American, should run around indecently ignorant on that score.

AS TO THE ideological collision, it is an impact more likely to throw off enlightening sparks than to bring about a wreck. Johnson's Great Society is a materialistic comcept. It is Rooseveltian and more backward looking than he seems to know. We are not in a depression and have little need to reach to the medicine shelf for New Deal snake oil. Poverty is waning in our land. The remnants which are viewed with such alarm will only be further dissolved if the paupers stir their own stumps—which is impolitic advice that the common man needs but seldom gets from the wooers of his vote.

In contrast, Goldwater's Free Society is a spiritual concept. It doesn't speak to the teenagers or their immature elders who leap and bark like seals being fed fish in a zoo at the sight of LBJ, Hubert Humphrey or Bob Kennedy. Crowd behavior in this campaign is the most overt evidence that the Republicans are making the more intelligent appeal.

BUT WHEN it's been conceded that this election is a contest of materialism vs. idealism, it should be added for explanation to foreigners—and to some Americans—that these ideas are not in complete opposition under our system.

Nothing in America is going to perish with the outcome of this election. We can make our choice of candidates, and we'll keep our country, too

(Distributed by McNaught Syndicate, Inc.)

No Hurry With Supersonic Plane

WASHINGTON—There are heartening signs that the race to produce a supersonic transport aircraft has leveled off at a less frenetic pace than was apparent two years ago.

England and France made common cause with the 1,450-mile-per-hour Concorde and some authorities think Russia may already have an 1,800-mile-per-hour prototype modeled after heavy bombers of the "Bounder" series. There is no doubt that an airplane can be built which will carry 150 to 200 passengers at more than twice the speed of sound, that is within the 1,600 to 2,000 mile-per-hour range. The United States' new A-11 military aircraft operates at 2,000 m.p.h., and some notable technological breakthroughs were scored in its construction.

BUT THE PROBLEMS with the SST are not technological, or in any event we know now that its technical problems are soluble. The problems that are plaguing Western efforts to produce a practical SST are economic and political. It is generally estimated that it will cost more than $1 billion to develop the American SST, of which 75 per cent will have to be advanced by the government. With a fleet of excellent 600-m.p.h. jets now in passenger service, thoughtful travelers are beginning to wonder if the Treasury's $750 million might not better be spent in trying to find means of unsnarling ground transport in the Boston-New York-Washington corridor.

AIRLINES, foreign and domestic, all share misgivings about the SST. The present generation of subsonic jets cost from $5 million to $6 million and have many years of profitable life left in them.

No one can forecast public acceptance of the SST. The flying public welcomed the subsonic jets, and might do the same for the supersonics. But no one knows how the average traveler will react, say, to problems imposed by storms of cosmic radiation that are encountered at the 65,000 75,000 feet at which the SST must fly for economical operation. These storms can be forecast in time for aircraft to descend to altitudes at which the atmosphere provides safe shielding, but speeds must be reduced to subsonic ranges, and passenger and airline alike are stuck with a very expensive machine which will do no more than the current crop of jets.

BUT BY FAR the greatest problem that developers of the SST face is the disagreeable, damaging sonic boom that airplanes leave in their wake when they exceed the speed of sound. At a recent press conference, Federal Aviation Administrator Najeeb Halaby warned that metal should not be cut for an American SST until the sonic boom problem has been solved.

Tests just concluded over Oklahoma City indicated that the sonic boom posed a more serious problem than was anticipated when 3,000 damage claims were made against the government.

PRESUMABLY the sonic boom will someday be reduced to a tolerable level, just as means of meeting the hazard posed by cosmic radiation will be found. But both are prickly enough to have caused some sober second thoughts in the race to produce a supersonic commercial airplane.

U.S. Rejects Red Espionage Charge

MOSCOW (AP) — The Soviet Union today accused three U.S. military attaches and a British attache of espionage in Siberia but the American Embassy rejected the charge.

The Soviet accusation "was not responsive to our serious protests against the violations of diplomatic immunity" of the attaches, the U.S. Embassy said, referring to an earlier protest that property of the attaches was seized.

The Foreign Ministry said it rejected the American and British protests.

The Soviet protest was made public a day after Washington and London announced protests against what they called "flagrant violation" of the attaches' diplomatic immunity.

In the Soviet far eastern city of Khabarovsk Sept. 28-29 Soviet government officials "forcibly entered" the attaches' rooms and seized some of their property, the Western statements said.

The Soviet protest said more than 900 pictures, material in 26 notebooks and other materials showed that the attaches were "grossly violating the universally accepted standards of conduct of foreign diplomats."

The four are Lt. Cmdr. Nigel N. Laville, assistant British naval attache in Moscow; Lt. Col. Karl R. Liewer, assistant American military attache; Col. George A. Aubrey, the American military attache; and Maj. James F. Smith, an assistant American air attache.

According to the U.S. State Department report, the men, on a train trip through Siberia, had taken two hotel rooms in Khabarovsk.

A group of 15 Soviet officials "forcibly entered" and "forcibly searched" the two rooms. The Russians took away some of their belongings, including a wristwatch. The incident lasted approximately four hours.

The Soviet note said it was established that the attaches were violating Soviet rules for foreign missions.

The attaches went by train from Moscow to the Pacific coast of the Soviet Union, then went by ship to Tokyo, and flew today to Hong Kong. They were scheduled to return to Moscow via New Delhi, India, within the next few days.

Man Injured In Explosion

A natural gas explosion in a home at 1204 Austin about 9:20 this morning injured a Big Spring man, Andrew C. Tucker, 1101 N. Scurry.

Fire Marshal A. D. Meador took Tucker to the Veterans Administration Hospital, where hospital officials reported he was resting comfortably later this morning, with burns on his face and hands.

Meador said the cause of the explosion had not been definitely determined, except that gas which had apparently collected in the living room was ignited after Tucker entered the room. Tucker is a retired plumber and the residence is owned by his sister, Mrs. Emma Slaughter, 1305 Gregg St.

The rear portion of the home and the contents received heavy damage in the fire, Meador reported.

Supt. Anderson's Father Dies

Word was received this morning that Otto Anderson, father of Big Spring School Supt. Sam Anderson, had died at his home in Clifton. He was found in his bed about 7 a.m.

Supt. Anderson was in New York this morning, but was to return tonight. Funeral arrangements were not known at noon today.

OIL REPORT

Three Explorer Sites Selected

Dawson County will get two wildcats and Garza County one, when BTA Oil Producers, Coastal States Gas Production Co. & McFarland Corp., and Socony Mobil Oil Co., Inc., spot rotary rigs to go 7,300 feet, 12,200 feet, and 3,600 feet.

BTA Oil Producers No. 1 Klipfel, nine miles northeast of Lamesa, will test the lower Spraberry on a 320 acre lease. The operator will spot 610 feet from the south and 2,068 from the west lines of section 9-34-6n, CTRR survey.

Coastal States Gas Production Co. & McFarland Corp. No. 1-42 Norris, 10 miles northeast of Patricia will test the Fusselman on an 80-acre lease. He will spot 660 feet from the south and west lines of section 42-36-5n, T&P survey.

The Garza County wildcat, six miles northeast of Post, will be Socony Mobil Oil Co., Inc. No. 2 Post-Montgomery Estate, spotted 1,980 feet from the north and west lines of section 20-D-19, C&MR survey. He is scheduled to go to 3,600 feet but does not specify his formation.

DAILY DRILLING

HOWARD

Operator was set to move in a completion unit, at a total depth of 7,446 feet on Larlo Oil & Gas Co. No. 1-D Branon, seven miles west of Vincent in the East Vealmoor (Penn Reef) field. He had set 5½-inch casing to 7,446 and set with 357 sacks of cement. Location is 660 feet from the south and east lines of section 15-27, H&TC survey, and is a half-mile outpost.

DAWSON

Coastal States Gas Production Co. & McFarland Corp. No. 1-42 Norris was drilling in anhydrite and gyp at 3,665 feet. Location is in the Fusselman 10 miles northeast of Patricia, 660 feet from the south and west lines of section 42-36-5n, T&P survey, and scheduled to go to 12,200 feet.

James D. Brown No. 1 Railsback, was drilling in anhydrite at 3,705 feet. This is a new location with spotting not known.

Humble No. 1 Ira Robinson, nine miles south of Lamesa in the Ellenburger, was bottomed at 12,009 feet, plugged back to 10,265 and waiting on cement to set. A drillstem test was attempted at 10,300-337 feet but the packer failed. Location is section 11-36-4n, T&P survey, 660 feet from the south and 1,890 from the west lines.

Midwest Oil Corp. No. 1 Alma Brown, a wildcat seeking the Pennsylvanian, had reached a total depth of 9,507 where he was prepared to run 4½-inch casing. Location is nine miles south of Lamesa, 660 feet from the south and west lines of section 2-35, T&P survey.

GARZA

James G. Brown & Associates No. 1-B Slaughter, had reached a total depth of 5,007 feet and was waiting on cement at 5,003 feet where he used 500 sacks. This is a wildcat in the Ellenburger area 12 miles south of Post in section 6-2, T&NO survey, 660 feet from the south and west lines.

MARTIN

Operator is moving in a rotary rig for Humble No. 1-B Walcott. Location was not given.

Texaco, Inc. No. 2-X State of Texas, in Block 7 (Devonian and Ellenburger), 25 miles northwest of Stanton, was drilling in lime at 7,590 feet. It is spotted 2,173 feet from the north and 975 feet from the east lines of section 17-7, University Land survey.

WEATHER

NORTH AND NORTHEAST TEXAS—Fair today and Wednesday, a little warmer late Wednesday. Low tonight 42 to 54. High Wednesday 73 to 82.

NORTHWEST TEXAS—Fair and a little warmer today and Wednesday. Low tonight 48 to 55. High Wednesday 74 to 82.

SOUTH CENTRAL AND SOUTHEAST TEXAS—Fair today and Wednesday, a little warmer in afternoons. Cool tonight with lows 42 to 58. High Wednesday 75 to 88, except 75 to 82 in Southeast.

SOUTHWEST TEXAS—Fair and a little warmer today and Wednesday. Low tonight 42 to 54. High Wednesday 78 to 88.

Demos Slate Benefit Dance

A "dance for progress" affair, to raise money for local party activities, has been announced by Howard County Democrats. Tickets are now being offered for the social event, to be held at the Cosden Country Club on October 17.

Regular admission and patron's tickets are being offered. There will be a hospitality hour beginning at 7:30, and dancing to follow at 9 p.m. Joe Parker's orchestra from Midland will play, and a floor show is planned, sponsors said.

Mrs. Wayne Basden is chairman of the affair, Mrs. Charles Marchbanks is directing ticket sales, Mrs. Tommy Weaver is in charge of entertainment and Mrs. Dee Jon Davis and Mrs. Wayne Burns will supervise decorations.

Trophies For Big Coin Show

Guy Teague, 10, son of Mr. and Mrs. M. K. Britton, 2400 South Monticello, shows the numerous trophies to be presented to coin collectors at the third annual coin show here Saturday and Sunday. Young Teague is a collector and will have a display at the show.

Third Annual Coin Club Show Slated

Third annual Big Spring Coin Club show, which club leaders hope will be bigger and better than ever, opens at 9 a.m. Saturday in the Settles Hotel and closes at 5 p.m. Sunday.

Dan Kester, president of the club, said that numerous special displays will be offered including rare coins seldom seen in a local show.

The general public is invited to attend all sessions. There is no admission charge.

The show opens at 9 a.m. Saturday and remains open to 10 p.m. It reopens at 9 a.m. Sunday and closes at 5 p.m.

A large number of special awards will be made to collectors who have displays at the show. These trophies are now on display in the show window of the Allen Grocery across the street north from the hotel.

Also on display is the trophy the coin club won this year for its observation of National Coin Week.

Three special displays loaned to the club by the Chase National Bank of New York will be highlights of the show.

The show will feature displays by professional collectors, amateurs and boys and girls.

W. E. Wozencraft, chairman of the displays and exhibits, said that more than 20 exhibits have already been booked. He said that judges will be named, but their identities kept secret until after the judging is completed.

M. L. Kirby is chairman of the committee on dealers who are reserving tables at the show for sale of coins. Dealers from many cities have asked for space at the show.

One special exhibit expected to attract much attention will be shown by George Kessler, Odessa. He has an unusual display featuring photographs of all of the presidents of the United States with a coin minted under each official's administration attached to the picture.

Phillips Will Speak Tonight

Howard County Young Republicans will hear Joe Phillips, Lubbock, candidate for congressman from the 19th district, speak at a meeting at local headquarters, 410 E. 3rd Street, at 8 p.m. today.

John Bennett, president of the Young Republican Club, will preside, and the group will hear reports from the area meeting held in San Angelo. Jack Critchton, GOP gubernatorial candidate, spoke at the area meeting and a campaign workshop was conducted.

A major objective of the Young GOPs is to get out the vote for the general election Nov. 3.

Two Collisions Are Investigated

Two traffic collisions were reported on city streets Monday afternoon.

A collision at South Gregg Street and FM 700 did considerable damage to two cars, driven by Linda D. Caldwell, 2701 Carol Drive, and Charles Leslie Bridges, 510 Abrams St. Some $500 damage was estimated received by Bridges' car and about $300 by the other vehicle, according to police. The accident occurred about 6:30 p.m.

A minor collision about 4:40 p.m. at US 80 west and FM 700 involved cars driven by V. L. Smedley, 1105 E. 4th, and Henry H. Oliver, Gail Route.

Wozencraft Rites Today

Services were scheduled at 4 p.m. today for James Robert (Jim) Wozencraft, 78, in the Nalley-Pickle chapel. The Rev. H. L. Bingham, Klondike Baptist Church pastor, was to officiate. Burial was in Big Spring City Cemetery under the direction of Nalley-Pickle Funeral Home.

Mr. Wozencraft died Saturday in a Colorado City rest home. He was a retired carpenter, born April 9, 1886 in Tarrant County. He lived in Lamesa 10 years before his hospitalization.

Survivors include three daughters, a son, and five grandchildren.

Pallbearers will be Floyd Henderson, Willard Hendricks, Rex Greenwood, Tom Gill, Terry Carter, R. P. Morton, and Amos Johnson.

Police Check Theft Complaints

Police received reports of two thefts Monday. Chuck Atwell, 1603 Tucson, reported someone took a Bible, two 35mm cameras, an 8mm camera and a .22-caliber revolver from two cars parked on his automobile lot at 900 W. 5th St. Atwell said the items were taken sometime after Saturday night. Total value was estimated at $130.

W. E. Wadsworth, 2101 Main, reported a spare tire was taken from his car while it was parked at the Bowl-A-Rama, East US 80, about 8:15 p.m. Monday.

Pleads Guilty

S. A. Benton, charged with writing a worthless check, pleaded guilty in Howard County Court Tuesday morning. He was fined $25 and sentenced to serve a day in the county jail. Lee Porter, county judge, pronounced the sentence.

Enrollment Now Dropping

Enrollment in the Big Spring schools dropped 12 from last week's report. At the close of school last Friday (Oct. 2), enrollment figures were 7,644 as compared to 7,656 Sept. 25.

A total of 34 students left seven schools, while 22 new students were registered at seven schools.

Total elementary enrollment Friday was 4,331, off one from a week ago. Secondary enrollment Friday was 3,163, off 11. There was no change in special education.

The largest loss was at the senior high school where nine left, and the second largest was seven at Cedar Crest. Largest gain was six at Gay Hill, with the second largest at Bauer Elementary, with five new students.

Librarian Is Recuperating

Mrs. Ruth Beasley, Goliad Junior High School librarian, is in Malone and Hogan Foundation Hospital recovering from injuries received in an automobile accident in Midland Saturday afternoon.

Mrs. Beasley suffered broken and injured ribs and from shock, but was reported in good condition this morning. She is expected to leave the hospital the last of the week.

She was visiting with relatives in Midland when the two-car collision occurred. Both vehicles were demolished. A nephew, riding with her, was not injured. None of the teenage passengers in the second car were injured.

Weather Forecast

It is expected to be dry in almost the entire nation Tuesday night. The eastern third of the nation will be quite cool. It will be a little warmer in the Pacific northwest and from the southern Plains to the upper Lakes area. (AP WIREPHOTO MAP)

Warthans Are Hospitalized

Mr. and Mrs. Herbert H. Warthan, Big Spring, are still in Shannon Hospital at San Angelo, following serious injuries received in a two - car collision Sunday afternoon. Mrs. Warthan, 49, was listed as still in critical condition with a possible concussion. Herbert Warthan, 59, received a crushed left foot, broken left leg, and injured knee. Both the Warthans received facial and body lacerations.

Sue Smith, 20, of Odessa, a passenger in the other car, driven by Turman Odiorne, 20, Johnson City, is also in the hospital in serious conditon after undergoing surgery for multiple facial lacerations. Odiorne was treated and released.

Warthan is an employe of Howard County Junior College in the maintenance department.

Department of Public Safety officials, who investigated the collision, said Odiorne was apparently attempting a left turn from the north onto Loop 306, about three miles north of San Angelo, when his car was in collision with the Warthan car which was traveling north on US 87. The accident occurred about 5:40 p.m. Sunday.

College Trustees To Meet Thursday

Trustees of Howard County Junior College will meet Thursday at 5:15 p.m. in the Dora Roberts Student Union Building with mostly routine business on tap.

There will be a report on the passage of the college facilities bill, which became law, and under which schools may apply for help in construction of science and library plants. HCJC has plans ready for both types of structures.

There also will be a discussion of plant improvements, reception of the tax assessor and auditor's reports, action on requests for tuition refunds.

Poll Tax Clerks Staying Busy

Business continues brisk in the poll tax receipt and exemption certificates department of the county tax assessor-collector office.

Mrs. Zirah LeFevre, assessor, said her deputies have written 85 poll tax receipts and issued 153 exemption certificates since Oct. 1.

She said that county tax payers are showing up in numbers to pay their current tax bills. County taxes bear a three per cent discount if paid during October.

Frigid Air Wave Spreads Over U.S.

By The Associated Press

An early season frigid air mass gripped the nation from the Rocky Mountains to the Atlantic Coast today.

The Weather Bureau said the icy chill was unusually potent for so early in the season. Chilly north winds whistled all the way across the Gulf into southeastern Mexico. There was scattered frost in many spots.

Temperatures dipped into the 30's as far south as Arkansas and Tennessee. Houghton Lake in north central Michigan reported one inch of snow on the ground.

In upstate New York temperatures were in the mid 20s and 30s with snow flurries expected in the Adirondacks. Albany recorded a 28 and Glen Falls and Poughkeepsie posted 27s. The record low for the area was Albany's 24 in 1958.

There were scattered showers and snow flurries across the northern Appalachians and the Great Lakes.

Fair and warm air covered the Far West. Temperatures climbed into the 90s as far north as Oregon Monday.

Early morning readings ranged from the low 20s in the hills of New Hampshire to the middle 80s across the desert regions of the Southwest.

Weekend Revival Opens Wednesday

A weekend revival is scheduled to start at the First Church of God, 2003 Main St., Wednesday. Services will start at 7:30 p.m. and the Rev. Paul Hader, pastor of the Church of God at Roswell, N. M., will be guest speaker.

Truett Thomas will be in charge of the church choir and the congregational singing. The Saturday evening service will be dismissed, but a banquet will be held for the youth of the church and their friends at Coker's Restaurant.

Rev. Hader, the evangelist, will be speaker for the banquet. The special services will close Sunday. The pastor, Rev. V. Ward Jackson, extended an invitation to the public to attend the services.

WTCC Meet Set Thursday

ABILENE — A two-day meeting of the Executive Committee and the board of directors of the West Texas Chamber of Commerce will begin at noon Thursday at Hotel Texas in Fort Worth, home town of WTCC President Beeman Fisher.

Several special guests will be on hand. Joe D. Carter, chairman of the Texas Water Commission, and Judge O. F. Dent, one of the commissioners, will meet with the Water Resources Committee of the West Texas Chamber Thursday afternoon to outline the Texas Master Water Plan. Alvin A. Burger, executive director of the Texas Research League, will speak at a luncheon on Friday.

The Water Resources Committee, headed by J. W. Buchanan, Dumas, will consider the chamber's position on important water matters. The industrial development committee will consider a proposed West Texas Industrial tour and a West Texas trade mission to Europe.

• • •

E. V. Spence, general manager of the Colorado River Municipal Water District, and O. H. Ivie, assistant manager, will attend the water resources committee session in Fort Worth. Spence will continue on to Austin where he will be at the annual meeting of the Texas Water Association, and on its municipal panel.

Funeral Wednesday For C. M. Campbell

Charles M. Campbell Jr., 44, of 2900 Parkway Road, died at 10 a.m. Monday in a local hospital following a sudden heart attack. Although his death was unexpected, he had been in failing health since 1960.

Mr. Campbell had been in the cement business here since 1936, and had owned and operated the Campbell Cement Contracting business since 1947.

He was born Dec. 25, 1919 in Carrolton, Miss. The family moved to Big Spring from Roby in 1927, and he attended Big Spring schools. He was married to Juanita Gilbert May 18, 1940 in Big Spring.

He served with the Army Engineers in the Philippines during World War II. Mr. Campbell was a member of the Baptist faith; member of the American Legion, Post 355, and of Mullin Lodge No. 372, IOOF.

Services will be held in the Rosewood Chapel at 2 p.m. Wednesday. Rev. Homer Rich, pastor of the First Assembly of God Church, will officiate, assisted by the Rev. James Puckett, pastor of Baptist Temple. Burial will be in Trinity Memorial Park under the direction of Nalley-Pickle Funeral Home.

Survivors are the widow, Mrs. Juanita Campbell, Big Spring; three daughters, Mrs. Charlene Smith, Midland, Barbara Campbell and Diane Campbell, of the home; two sons, Ricky Campbell and Tracy Campbell of the home; a grandson; two sisters, Mrs. Belton Brunson, Big Spring, Mrs. O. L. Stevenson, Odessa; four brothers, Russell Campbell, Kermit, Wendell Campbell, Arvis Campbell and Bobby Campbell, all of Big Spring.

Pallbearers will be Luther Coleman, E. C. Bell, Randall Polk, Raymond Weaver, Clyde McMahon Sr., E. C. Smith, T. A. Thigpen and Jimmy Jones.

G. W. Chapman Rites Slated

George Washington Chapman, 74, of Route 1, Knott, died Monday at 5:15 p.m. in a local hospital after a lengthy illness.

He was born June 21, 1890 in Limestone County and moved, with his parents, to Howard County in 1907, settling in Old Morita. He had lived, since 1907, all of his life in Howard County, except for four years spent in Dawson County. He was a member of the Baptist Church for 40 years.

Mr. Chapman was married to Lillian Sanderson Nov. 4, 1914. A son, Dalton Chapman, died March 28, 1963.

Services will be held in the Nalley - Pickle chapel at 4 p.m. Wednesday. The Rev. P. A. Mitchum, pastor of Knott Baptist Church, will officiate, assisted by the Rev. Kenneth Andress, pastor of the Westside Baptist Church. Burial will be in Trinity Memorial Park under the direction of Nalley - Pickle Funeral Home.

Survivors include the widow, Knott; two sons, Raymond Chapman, Big Spring, Donnie Chapman, Baytown, five daughters, Mrs. Gerald Willborn, Stanton, Mrs. Bruce Montgomery, Spur, Mrs. Morris Barnes, Ackerly, Mrs. Bobby Roman, Knott, Mrs. Jerry Paige, Sand Springs; five brothers, Jasper Chapman and Howard Chapman, Lamesa, Spurgeon Chapman, Patricia, Doc Chapman, Hot Springs, Ark., Jeff Chapman, Big Spring; 21 grandchildren; eight great-grandchildren.

Pallbearers will be Brice Willborn, Lanny Willborn, Larry Chapman, and Joe Barnes, grandsons; Maurice Chapman, Olan Chapman, Carrol Wayne Chapman, and J. O. Sanderson, nephews.

Soviets Launch Cosmos Satellite

MOSCOW (AP) — Another unmanned Soviet earth satellite, Cosmos 47, has been launched, Tass, the Soviet news agency, reported today.

The Cosmos satellites are instrumented, unmanned vehicles employed in a Soviet space exploration program begun in March 1962. Western observers believe the series is part of the research for a manned flight to the moon.

MR. JAMES WOZENCRAFT, age 78. Passed away this morning in Colorado City. Funeral services Tuesday 4 p.m. Rosewood Chapel. Interment City Cemetery.

GORDON B. (Bart) WILKINSON, age 72. Passed away Sunday in Big Spring. Funeral services Tuesday at 2 p.m. in Rosewood Chapel. Interment Trinity Memorial Park.

CHARLES M. CAMPBELL JR. Age 44. Passed away Monday at Big Spring. Funeral services Wednesday 2 p.m., Rosewood Chapel. Interment Trinity Memorial Park.

GEORGE W. CHAPMAN. Age 74. Passed away Monday at Big Spring. Services Wednesday, 4 p.m., Rosewood Chapel. Interment Trinity Memorial Park.

Opening lead: Jack of ◇

My good friend and frequent teammate, B. J. Becker, New York City, partnered by Mrs. Dorothy Hayden of Hastings-on-the-Hudson, New York, won their second successive national pair championship when they finished first in the Life Master's Pairs recently held in Toronto, Canada.

Mrs. Hayden, incidentally, is only the fourth woman player to have won the Master's event. My partner, Helen Sobel—one of the remaining three, is the only female who has shared the honor twice.

The hand presented today produced quite a wide variety of results when it was dealt during one of the final rounds of the Master's Pairs. Most of the North-South players reached a small slam in either hearts or spades, and the contract was routinely fulfilled inasmuch as North merely has to concede a spade trick.

A few partnerships overextended themselves when they reached for a grand slam. No matter where they chose to play the hand, defeat was inevitable, for the spade loser could not be avoided.

One of the best results for North and South was obtained by the pair whose bidding sequence is described in the diagram. South opened the bidding with one club and North, whose hand was the equivalent of a demand bid, flashed the immediate slam signal by making a jump shift response of two hearts.

South rebid his clubs and North showed the spade suit next. South's next call of three no trump, tho ostensibly a sign-off, was somewhat forced inasmuch as a definite fit had not yet been established. North now displayed his ultimate intentions by leaping to six hearts, and South's bid of six no trump was motivated by a desire to obtain the extra 10 points awarded to no trump contracts which assumes great importance in match point scoring.

With South as the declarer, there is no damaging lead that West can make, and South has plenty of time to develop his 12th trick in spades. When West elected to open a diamond—a distinctly doubtful choice in view of the bidding—it presented declarer with 12 top tricks. By running the red suits, he was able to effect a squeeze on East. The latter was obliged to make two discards and, tho he could safely part with one club, he found himself confronted with a fatal choice when the last heart was led. If he gave up a spade, it would establish the dummy's entire suit. If he discarded another club, however, South would score the 13th trick in that suit.

Texas Campaign Aimed At Officer Cooperation

AUSTIN (AP) — Gov. John Connally and Atty. Gen. Waggoner Carr, determined to learn from mistakes which surrounded the John F. Kennedy administration, have agreed to seek better cooperation between federal and state law officers.

They held a joint news conference Monday after Carr presented a report on Texas' role in the investigation of the assassination.

Carr's report concurred with the Warren Commission findings, listed three factors which hampered Texas officials and made two main recommendations.

"We would be foolish not to look back and see if something couldn't be learned," Carr said of his recommendation that newsmen and state bar officials work toward trial coverage ground rules to prevent recurrence of the "disorder and confusion" associated with news coverage of the event.

His report stated that "the news media . . . virtually took charge" of the city jail building after the assassination.

"Interviews and comments elicited by the news media from police officials and prosecuting attorneys" and news coverage of the Jack Ruby trial strained "the orderly procedures of the rule of law," Carr wrote.

Another drawback, the report said, was a deficiency in security measures partly resulting from Dallas police not being advised by federal officials of Lee Harvey Oswald's background and presence in Dallas.

"We don't feel the Dallas police can be justly criticized or should accept the full responsibility for the events of Nov. 22 because of the fact that the Dallas police had not been advised . . . by the FBI that Oswald was in Dallas and, indeed, was working in a building along the parade route," Carr told newsmen.

Connally added that the Texas Department of Public Safety has worked well with the FBI in the past but "there have been times . . . that it is something of a one-way street."

"It is our desire to . . . work out some feasible way to bring the recommendations into reality," Carr said.

He referred to a recommendation in his report that federal, state and local officers study ways to improve "coordination and exchange of information concerning criminal or subversive suspects" and to suggest "ways and means of improving security measures for the President and other officials.

New Comedy Package Launched By Network

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP)—NBC introduced its new economy-size comedy package Monday night.

"90 Bristol Court" is the overall title for 90 minutes of television which is really three separate situation comedies. It concerns people who live in what looks like a plush, expensive California garden apartment, complete with swimming pool. One character who pops up in all is a janitor who acts like a one-man Greek chorus, speaking directly to the audience.

First program of the trio was "Karen," who in the person of young Debbie Watson is a pretty teenager. It got off to a rather sluggish start with something about a blind date followed by prolonged confusion about identities.

"Harris against the World," the second segment, stars that excellent actor Jack Klugman. The first episode got off on a wobbly foot with an exaggerated story about an incredibly stupid secretary and a lost report which produced a lot of anguished forehead slapping but not very much humor. If Klugman is given some decent material he could pull this one up to a rather bright half hour.

Finally there was the broadly slapstick "Tom, Dick and Mary," about a pair of newlyweds who take in a friend as a boarder to help with the rent. The two men are interns — and what goes on in their hospital, including a pillow fight and a patient running around the corridors in his nightshirt, may give Casey, Kildare and the American Medical Association the jimjams.

The principals however, are young and attractive and maybe it will grow better with age.

"The Andy Williams Show" also arrived on NBC as a weekly program Monday night, happily with the same style, easy manner and good taste that made it a standout last season when it turned up once a month.

Bobby Ducks, Then Answers The Query

NEW YORK (AP) — A student at Columbia University asked Robert F. Kennedy Monday night what he plans to do about the population explosion if he is elected to the U.S. Senate.

Kennedy replied that he did not know if he was the right person to answer the question.

His wife, expecting their ninth child, joined the laughter.

Kennedy, Democratic candidate for the Senate then answered, the question seriously. He said it's a personal matter in the United States, but critical and demanding of a solution in certain other countries.

Dixie Still Poses A Political Riddle

ATLANTA, Ga. (AP) — The South is a political jigsaw puzzle at this stage of the presidential campaign, a fascinating tangle of party-bolting, personalities, and hotly colored opinions about issues.

And one fact is crystal clear —many Southerners are less than lukewarm about both President Johnson and Sen. Barry Goldwater.

"Poor choice." "Lesser of two evils." "Don't feel like voting for either one." "Going fishing Election Day."

"I'm going to vote for Johnson, but I wouldn't if there were anyone besides Goldwater on the Republican ticket," said Julie Anne Waxman, Augusta, Ga., a student nurse.

Jackie Carter, Hutchins, Tex., used a bowling term to express his attitude, "It looks like a 7-10 (a difficult position) any way you go. I slightly prefer Goldwater."

VOTE "NO"

An airport bus driver in Amarillo, Tex., said he has heard of a sticker saying "Vote 'no' for president." He said, "That's for me." A Chattanooga housewife, whose husband's car bears a Goldwater sticker, said, "I don't want a sticker that says "I'm for Johnson,' if I could just get one that says, 'I'm not for Goldwater.' "

Not every Southerner, to be sure, is preparing to cast an "against" vote. Many said the issues as well as the two men have attracted them to the banner of Johnson or Goldwater.

E. G. (Dan) Boone, a Florida lawyer—and a Democrat—said, "People in Florida believe that if Goldwater gets in, the first time Castro gets out of line, there won't be any of this wishy-washy stuff from the State Department. Goldwater will say, 'Buddy, you've had it.' "

A Griffin, Ga., service staion operator said he is for Goldwater "because of this 'nigger' business." Numerous Southerners said a vote for the GOP candidate "is the only way I have to protest against the government ramming civil rights down my throat."

FOR JOHNSON

Vice versa, the Rev. Cuthbert Allen, a Dominican priest who is acting president of Belmont Abbey College, Belmont, N.C., said, "I am a Johnson man because I think the present administration is on the right track on all the issues."

In Bridge City, La., Mrs. M. Bourgois said she "looked with disdane" on Johnson when he first took office. But after the attack on U.S. warships in the Gulf of Tonkin, she said, "I listened to him for the first time and realized how terribly wrong I had been. Here is a truly great leader."

In Johnson's home state, Texans have mixed opinions of him.

Said a West Texas business executive, "Lyndon doesn't have a real friend in Texas. But he knows how to get things done. People may dislike him personally, but they have to admire his ability to work with people."

In Dallas, a Goldwater fortress, a sales representative said, "When you're in that voting booth, it's going to be hard to resist the urge to keep a Texan in the driver's seat."

FAVORS BARRY

"I believe Johnson's a good man, but I'm very much opposed to socialism," said Mrs. James Felker, Fort Worth accountant. "I'll vote for Goldwater. I think we have too much foreign aid and Johnson is more closely associated with socialism."

The very fact that Johnson, a Texan, drove for the Civil Rights Act has alienated many Southerners. They call him a "turncoat" and a "renegade."

"Johnson being a Southerner didn't turn out to be much of one," said George Winslow, of La Grange, Ga., a cab driver.

Sen. Strom Thurmond of South Carolina, who has turned Republican, said "Lyndon's being a Southerner will play some part in the South, but it's what the man stands for that will count."

Thurmond's move may carry Southern votes with him. In Greensboro, N.C. Roy C. Millikan, a Republican, said Thurmond "is a powerful person. What he says travels a long way." In Lawton, Okla., Mrs. John Stanfield, a Democrat, commended Thurmond for his action. "I think you should vote for the man and not the party," she said.

A number of those questioned said they were "confused" as the familiar political patterns become blurred in the South.

"IT'S CHANGED"

"It isn't the Democratic party any more," said a Tifton, Ga., contractor. "I'm voting Republican." But a Moultrie, Ga., executive said, "Well, people around here say they're going to vote Republican but when they get in the voting booth with a full stomach and money in their pockets, they'll vote Democratic just as they always have."

Three other factors emerged in the surveys, the potency of which is impossible to measure. They are:

1. It appears that Goldwater has lost, and may still be losing, voters who originally were for him. Said Sam Dillon, a Florida newsman, "I'm a conservative by nature and I was for Goldwater. But he has made so many compromises and reversed himself so often I've changed my mind." A professional photographer in Amarillo, Tex., said, "I'm a conservative but there's such a thing as being too conservative."

2. Since the Civil Rights Act is such a painful subject in the South, observers believe that some voters refrain from saying they are for Johnson "for fear of being called 'nigger lovers.' "

3. An Atlanta engineer said, firmly, that Southern women are becoming more independent of their husbands' political affiliations. "Furthermore," he said, "it seems to have become a kind of status symbol for a woman to say she's voting Republican this year."

RIGHTS TOPIC

In most localities, of course, the Civil Rights Act is the teeth-gritting topic.

Next to civil rights, it appears, comes deep concern over the size and role of the federal government. Southerners speak frequently of "regimentation," increasing controls, "the welfare state."

TRY BIG SPRING 1ST

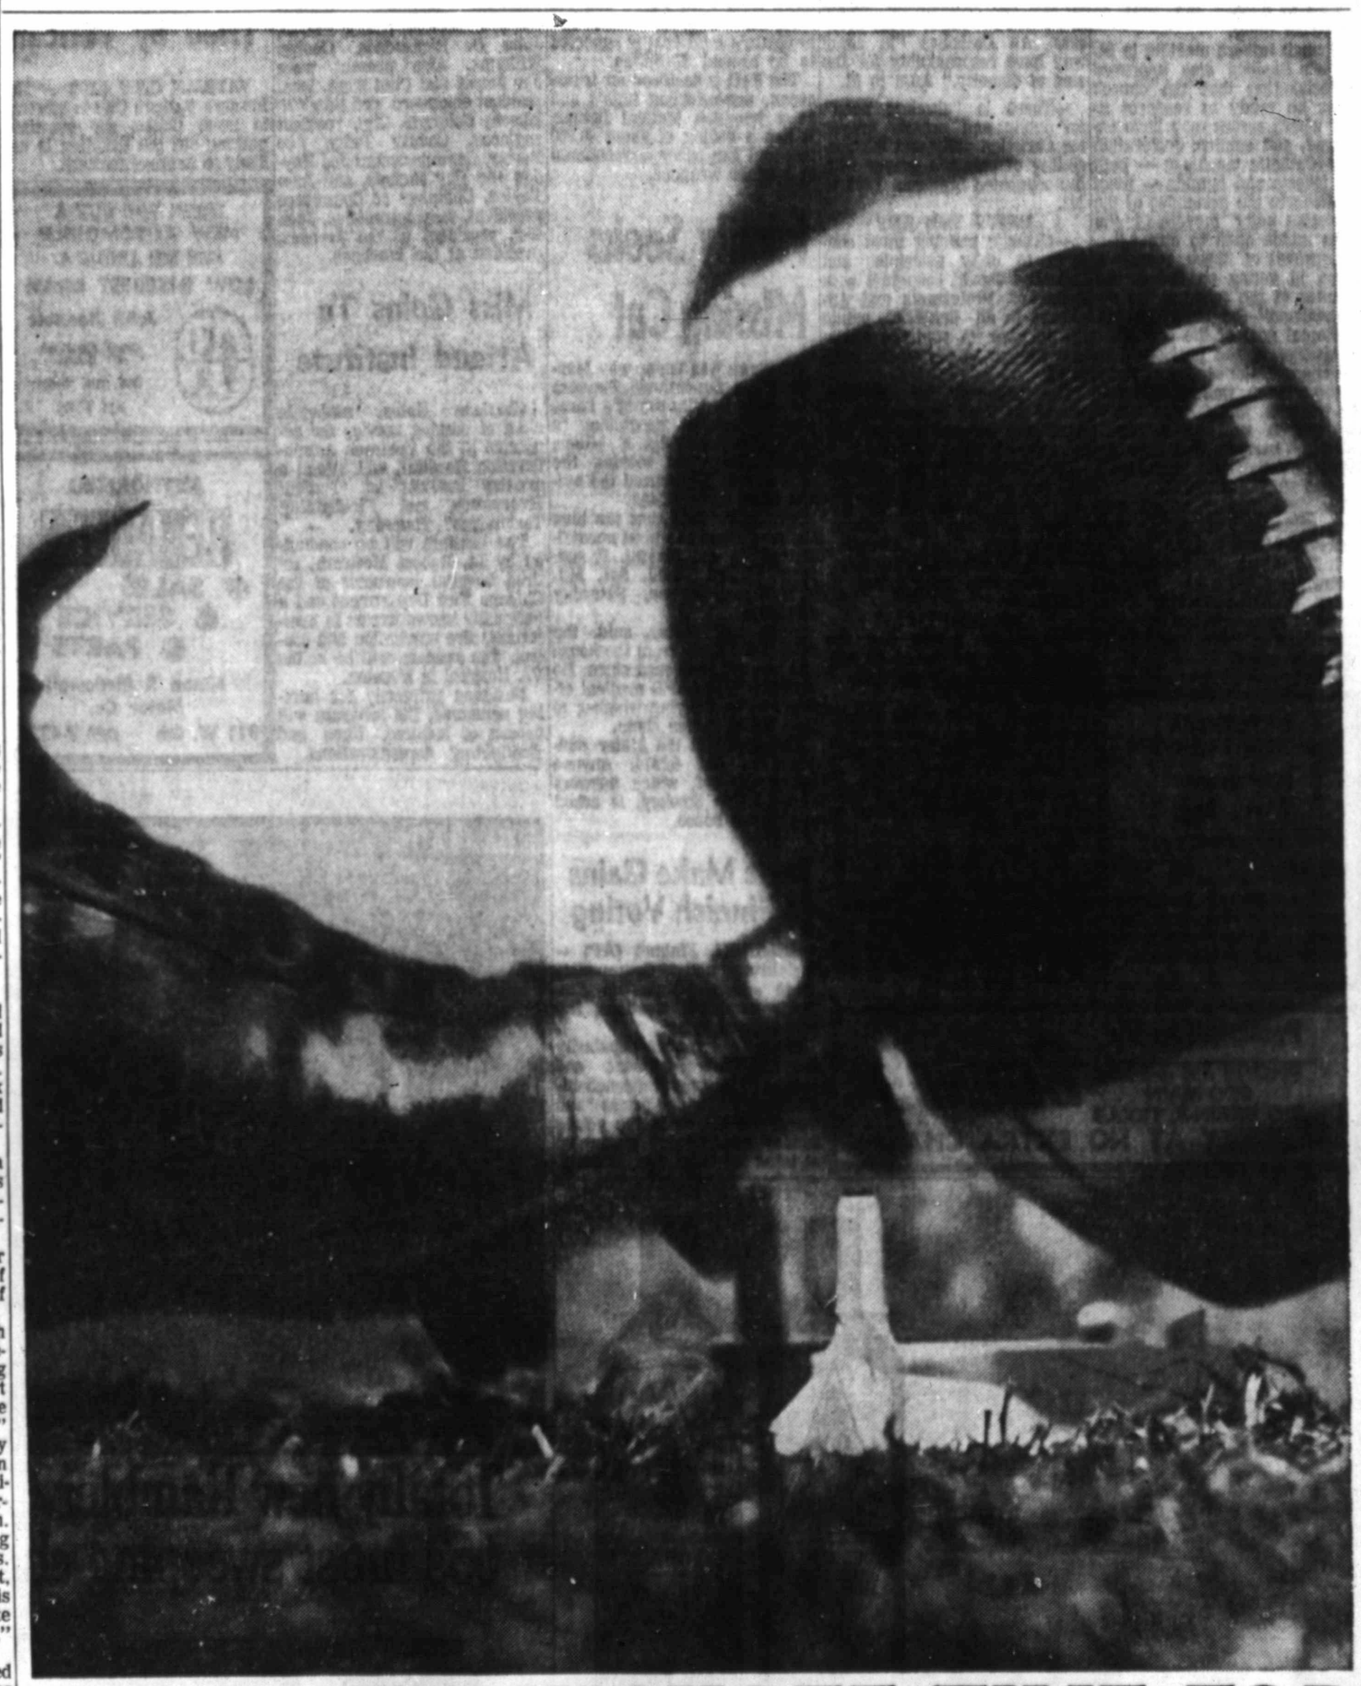

For those of you who are undecided between the comfort of a full-size car and the savings of a compact, congratulations.
You've done it again. Talked Dodge into a brand-new car that's just your meat. Coronet.
As much stretch-out room inside as a lot of cars that cost a lot more.
Easy to drive, easy to park, and easier to own than any full-size Dodge in years.
If you buy a car on style, take a look. If you buy a car on value, take a list. Coronet gives you a choice of 7 engines, bench or bucket seats, console, four-on-the-floor, sedans, wagons, convertibles, and hardtops. Any one will give you more than enough room and plenty of action.
Unlimited taste? Limited budget? Dodge that problem with Coronet.
The hot new Dodge at a new lower price.
Dodge comes on big for '65. Dart • Coronet • Polara • Custom 880 • Monaco.

IT'S KICKOFF TIME FOR OUR UNITED WAY DRIVE

No other voluntary effort is so important to so many people in our community as the United Way campaign. It's under way now. And the good it does never ends. When your United Way volunteer asks for your pledge this year, give your fair share. Thousands who need help will bless you for your gift. ONE GIFT WORKS MANY WONDERS/GIVE THE UNITED WAY

Woodward Urges City To Look Ever Forward

Highway programs are never finished, Hal Woodward, member of the Texas Highway Commission, told a meeting of the combined service clubs of Big Spring Monday, and he cautioned the community not to rest now that a major road development is nearing completion.

Earlier he had joined in the dedication of the Interstate 20 loop, a $6,000,000 project skirting the north edge of the city. He also had occasion to see the $750,000 Gregg Street overpass which will be finished by Christmas.

"No city in Texas has a greater temptation to sit down and rest on its highway planning," he declared. "You have four lane highways in three directions and an exceptionally wide one in the fourth. You have part of an important loop and a new, wide overpass.

"But look back and see what you have done and how some of your dreams already have been exceeded, and then look forward."

The economic well-being of any area, Woodward added, is dependent upon transportation. Everything bought or sold moves at some stage on highways.

No matter how far officials and community leaders feel they are planning, progress seems to dwarf these plans. For instance, Woodward said, within the past year a traffic count on Interstate 20 near Loraine showed that traffic had increased 37 per cent in just one year.

The commissioner had praise for local officials and leaders who make possible the application of projects, and who have provided rights of way; to legislators who have supported the program for primary and secondary roads; to the citizens of Texas who have steadfastly supported modern highways and rural roads and fought off attempts to divert road taxes; and the 16,000 employes of the Texas Highway Department, of whom Woodward said:

"I have never gone to bed at night with a moment's worry about graft or corruption on the part of a single employe. Most of our people likely could do better financially in private industry, but they are dedicated to building and to maintaining better Texas highways."

Today there are 5½ million vehicles in Texas, travelling 50 billion miles a year. In less than five years, this will be up to 64 billion miles, and vision will be required to meet this need without choking and strangling communities.

"This is no longer a question of how much will it cost," he said, "but how long will it take."

Our day, he said, is living in the achievement of yesterday's vision, and this generation has a legacy not only to pass on this 66,000-mile system of debt-free highways, but to act boldly to achieve on its own a total . . . and an adequate highway system."

Among guests at the luncheon in the Settles Hotel were J. C. (Jake) Roberts, Abilene, district engineer, and these members of his staff: George Smith, assistant engineer, Willard Shaw, Al McKee, Archie Pierce, John D. Richardson, George Williams. Also present were Joe Smoot and Clint Kent, local resident engineers, and Ben Wilkinson, Colorado City, resident engineer. County Judge Lee Porter, Commissioners Joe Hayden and Ray Nichols, and John Taylor, Chamber of Commerce president, were introduced. Jack Orr, president of the Jaycees, presided at the luncheon.

Common Prayer OKd By Council

VATICAN CITY (AP) — The Vatican Ecumenical Council voted approval today of an unprecedented new program of common prayer and public meetings between Roman Catholics and other Christians.

The council, a gathering of Catholic prelates from around the world, agreed that Catholics everywhere must undergo a "conversion of heart" toward others to further the goal on Christian unity.

Council fathers meeting in St. Peter's Basilica also approved a declaration that the church must be ready to reaffirm itself where errors may have occurred, and another declaration that Catholic teachings — both for priests and laymen — must conform to the principles of the Christian unity movement "to keep minds open to others."

Approval of these measures came in voting on the second chapter of the schema "de oecumenismo" (on unity), a fundamental goal of the council.

Passage of the provisions in the chapter, the second of three in the schema, was another major triumph for forces within the church working to overcome the barriers that have divided Christians for centuries.

FIRST CHAPTER

The first chapter, which outlines principles of unity, was approved Monday 1,926 to 300 with 209 others in favor with reservations. That chapter states that the church must share in responsibility for the discords that have split the Christian world.

The provisions and votes today were:

—Unity is a matter of concern for the whole church, and the church must be ready for self-reform where necessary. 2,120 to 46.

—Catholics must undergo a conversion of heart. Unless a new mental attitude to remove suspicions and misconceptions occurs, the ecumenism movement will not make great progress. All Catholics "in some way have responsibility for the sins of disunity." 2,076 to 92.

—There is "absolute need" for public and private prayer for Christian unity and the possibility of common prayer with the separated brethren. 1,872 to 292.

UNITY THE KEY

—Catholic training must conform to unity principles and Catholics should cooperate with Orthodox, Protestants and Anglicans in all fields of public life to give "a common Christian witness to the world. 2,099 to 62.

The proposal for common prayer in itself represented a giant step forward toward better inter-Christian relations.

Pope Paul VI, in his meeting both this year and last with the non-Catholic observers at the council, said the "our father" prayer with them. Catholics and non-Catholics at unity meetings elsewhere have joined in this prayer.

MARKS FIRST

But never before has the church gone on record as officially approving a program of common prayer.

It would be left to the various national bishops conferences to decide when, how and in what circumstances there could be common prayers between Catholics and other Christians in their countries.

The chapter also calls for more public meetings "on an equal footing" between Catholics and non-Catholic Christians — Protestants, Anglicans and Orthodox — to pursue the dialogue for closer mutual understanding and respect.

F111 Plane To Roll Out

WASHINGTON (AP) — The controversial TFX jet fighter will roll out of the General Dynamics Plant at Fort Worth Oct. 15, two weeks ahead of schedule, the Air Force said Monday.

The plane, permanently designated the F111, is a 1,650-mile-an-hour fighter intended to fill this country's needs of the future.

Air Force Sec. Eugene Zuckert said: "The program is on schedule with the rollout well ahead of the original target date of Oct. 31."

The plane was the subject of an investigation which sought to determine if Secretary of Defense Robert McNamara overrode military advice in settling on the TFX design over one submitted by the Boeing Co. of Seattle.

The Air Force expects to buy more than 1,400 F111A and the Navy more than 200 F111Bs. The program's total cost is expected to be around $7 billion.

The F111 is designed for transocean, non-refueling flights and as a two-man tactical fighter. It has a ceiling of about 60,000 feet and can carry conventional or nuclear weapons.

Family Seeks Missing Cat

A search was under way Monday for a 5-month-old Siamese cat which fled its owner's home after painfully scratching a baby. The owner, Sgt. N. Miller, Webb Village, is seeking the cat because it is feared the animal could have rabies.

Sgt. Miller said that the blue Siamese kitten has been normally friendly and playful. It suddenly clawed David, Sgt. Miller's 4-year-old son, Saturday afternoon.

Then, Sgt. Miller, said, the cat dashed away from the house and has not been seen since. He said that Webb AFB medical officers were studying whether to give David rabies shots.

The phone at the Miller residence is AM 4-7274. Anyone seeing the cat, which answers to the name Smokey, is asked to call the house.

Reds Make Gains In Finnish Voting

HELSINKI, Finland (AP) — Socialists and Communists made sweeping gains in Finland's municipal elections, figures showed today.

Riding a crest of popularity among younger voters and buoyed by a general disenchantment with rising prices and taxes, the leftists in the voting Sunday and Monday picked up at least 322 town council seats.

Miss Goins To Attend Institute

Charlene Goins, associate chief of nursing service for education at the Veterans Administration Hospital, will attend a one-day institute on "Patient Evacuation and Firefighting Techniques" Thursday.

The institute will be conducted by Lt. Robert McGrath, retired hospital instructor of the Chicago Fire Department and a nationally known expert in institutional fire prevention and control. The sessions will be at the VA Hospital in Houston.

Designed primarily for nursing personnel, the program will consist of lectures, films and firefighting demonstrations.

'Major Lead' By Johnson Stirs Queries

NEW YORK (AP) — The New York Times said today that exactly four weeks before Election Day Nov. 3, President Johnson is the most overwhelming choice to win the presidency since Thomas E. Dewey at the same stage of the 1948 campaign.

"Therein may lie a warning to the Democrats," the story said, adding:

"Yet, even Mr. Dewey never enjoyed the kind of lead that every reliable indicator now gives Mr. Johnson — and Mr. Dewey's upset by Harry S. Truman was a tame event compared with the shock that would hit political analysts, poll-takers and party officials if Sen. Barry Goldwater were to manage a victory this year."

HIGH ODDS

The Times said: "Even the established gambling odds support the conclusions of the study. The latest established national betting line is 7 to 1 on Mr. Johnson."

The Times said that many analysts, despite the polls and the atmosphere of Democratic victory, are reluctant to predict flatly a landslide for Johnson; many believe that in the remaining weeks of the campaign Goldwater may gain ground.

The story reported the situation that emerges from reports of Times correspondents, from a study of voter polls and from other data concerning 49 states and the District of Columbia. It said no extensive reports from Alaska were available.

Tried By Vatican

VATICAN CITY (AP) — The 108-acre Vatican City is starting to issue tickets for overtime parking but the ticketing is not likely to improve matters.

Asbestos Link To Cancer Eyed

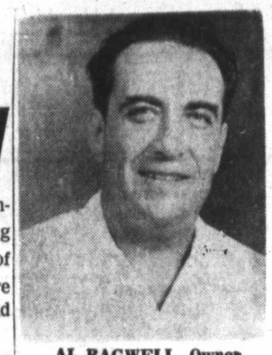

NEW YORK (AP) — Medical specialists pointed a strong finger of suspicion today at asbestos as a cause not only of lung cancer but also of another extremely rare form of fatal human cancer.

This cancer, known as mesothelioma, involves the lining of the abdominal and chest cavities.

Much of the specialists' evidence comes from autopsy studies of men working with asbestos as an insulation material.

They said it also is possible that dust from products containing asbestos might be exposing people generally to some risk of cancers. How much risk there might be, they said, they could not tell.

Asbestos is used not only for insulation but as a flooring material, in automobile brake shoes, and in many other applications. Ordinary wear and tear, they said, might release dust into the atmosphere.

BIG SPRING DAILY HERALD

SEC. B BIG SPRING, TEXAS, TUESDAY, OCTOBER 6, 1964 SEC. B

MRS. D. M. COSTLOW

Girl Scouting Advisor Guides District Work

By JO BRIGHT

When Mrs. D. M. Costlow, 510 Carroll, Stanton, began work Sept 1, 1958, as Girl Scout District Director (now called District Advisor) she was soon to become responsible for four districts, including nine counties. Recently, the West Texas Girl Scout Council was re-districted and additional staff members employed, so now she has only one district which is made up of Howard, Glasscock, Martin, Dawson and Borden counties. It's still a big job.

Mrs. Costlow was first introduced to Girl Scouting in 1956 when her oldest daughter, Linda, now fifteen years old and a Senior Scout, joined a Brownie troop in Colorado City. Mrs. Costlow worked for the next two years as a volunteer assistant leader. It was at the suggestion of the executive director of the council, Margaret McAdams (now Mrs. Larson Lloyd) that she made application for professional work in the council. Applicants must meet certain criteria and be approved by the national organization before they may be employed by the council.

As a paid employe, Mrs. Costlow is responsible for guiding the continued growth of Scouting and the training of volunteers who make it possible.

She has worked with various functional committees of the council, including Program, Training, Personnel and Day Camp. She is still Day Camp and Training coordinator and works with these committees. Her schedule of board meetings and area training events is made up a year in advance, and she travels extensively to direct training activities in various towns.

OFFICE HERE

Her office is located in the Girl Scout Little House at 1406 Lancaster. She cannot maintain regular office hours because of field and committee work, but is available by telephone when she is in the office. Her job is primarily to give assistance and guidance to the volunteers who are responsible for directing the organization and activities of troops in the district.

Mrs. Russell Bennett is District Chairman, and in this capacity, serves as a member of the board of directors of the West Texas Girl Scout Council. Other council members are Dick Ream, Big Spring; Jim Stallings, Stanton; and Pat Ryan and Mrs. W. A. Stevens, Lamesa. Directors are unpaid workers, as are the neighborhood chairmen and troop leaders.

Neighborhood chairmen for this area and the schools in their districts are No. 1, Mrs. Howard Edwards — Boydstun, Washington, Runnels Junior High, Senior High, and Coahoma; No. 2, Mrs. R. D. Tindol—College Heights, Park Hill, Goliad Junior High, Special Education School, Elbow and Forsan; No. 3, Mrs. Bobby J. Campbell—Airport, Bauer, Cedar Crest, Kate Morrison, Lakeview, and Gay Hill; No. 4, Mrs. Eugene Sieja—Marcy and Webb Air Force Base; Lamesa Neighborhood, Mrs. Alvin Griffin—Lamesa and Welch; and Stanton Neighborhood, Mrs. R. O. Anderson—Stanton, Courtney and Grady.

Mrs. Costlow said that she has seen a steady growth in Scouting in her district and believes that it now has a sounder administration than it has had in some time.

SET TOMORROW

She has scheduled a training course for leaders, assistant leaders and troop committee members which will be from 9 a.m. until 12 o'clock noon Wednesday at the Little House. On succeeding Wednesdays the training will be from 9:30 a.m. until 2:30 p.m. Those attending are asked to bring a sack lunch for the latter session. Free baby-sitting is available, during the hours of the training, as a courtesy of the council. Mrs. Tricy Butler, 603 E. 18th, will care for children two years old, or older. Her telephone number is AM 3-4055.

At the first session, Mrs. Costlow will tell the purpose and goals of the organization and discuss leader skills, how to work with girls, troop management and how to plan activities. The last two sessions will concern planning and conducting a cook-out.

FAMILY

Mrs. Costlow's husband is county supervisor for the Farmer's Home Administration with an office in Stanton. The couple met while both were students at what was then North Texas Agricultural College. It is now Arlington State. The daughter of Mr. and Mrs. J. W. Pyburn of Lovington, N. M., she was reared there where her father was a school teacher and administrator for 44 years. She received a BS in home economics from Texas Tech where she was, at first, a pre-med major.

Mr. and Mrs. Costlow have three daughters, Linda, 15, Laura, 13, who is a Cadette Scout, and Judy, 10, a Junior Scout.

D. J. Barbers Visit

WESTBROOK (SC)—Mr. and Mrs. D. J. Barber spent the weekend in Monahans with the Harold Gaineys.

1930 Hyperions Hold Study On Big Spring

Mrs. Hubert Stipp and Mrs. R. V. Middleton presented a study program on Big Spring to members of the 1930 Hyperion Club Saturday at the initial fall meeting of the group. The luncheon session was held at the Big Spring Country Club.

The club study course, "Our Home Town," was used by the program speakers as Mrs. Stipp described the history and folk lore of the community. Mrs. Middleton told of outstanding people from the area, as described by her mother, Mrs. W. E. Carnrike who has resided in Big Spring since 1890.

Mrs. A. Swartz, president, named committee chairmen for the year. They are Mrs. W. J. Currie, entertainment; Mrs. Stipp, ways and means; Mrs. M. R. Koger, welfare; and Mrs. Morris Patterson, state hospital.

Mrs. Roland Schwarzenbach and Mrs. R. W. Thompson, hostesses, used the program theme for the table decor. A centerpiece of cotton stalks in a Mexican pottery bowl was accented with native plants and grasses. Miniature Cosden oil well derricks, trains, airplanes, figures of cattle and a medical motif were arranged on the table and place cards were decorated with the Webb Air Force emblem and tiny airplanes.

New Home Made By Gerald Kings

FORSAN (SC)—Newcomers to Forsan are Mr. and Mrs. Gerald King from Colorado City.

Mr. and Mrs. D. L. Griffith, Olden, are visiting their son and family, Mr. and Mrs. Burl Griffith.

Mrs. John Cardwell has been a patient at Malone and Hogan Foundation Hospital for 10 days. Also, Mrs. E. S. Lewis has been a patient in the same hospital.

Mrs. Idella Alexander, Andrews, had surgery in Malone and Hogan Foundation Hospital and is recuperating in the home of Mr. and Mrs. Walter Gresset.

Winners Named In Cosden Play

Winners were named at Cosden Country Club Sunday afternoon when five and one half tables were in duplicate game play.

Mrs. J. H. Holloway and George Pike won first, and Mrs. Carl Bloomshield and Harvey Williamson tallied second. A tie for third was held by Mrs. Rogers Hefley and Mrs. Riley Foster and Mr. and Mrs. Joe Steyer.

British Club Sets October Program

Mrs. Dameron Moore, 408 W. 10th, was hostess to the British Wives Club Monday evening. Mrs. John Strong presided, and announced the program for the Oct. 26 meeting.

John Quigley of Quigley's Floral Shop will give a demonstration on making floral arrangements, and the session will be at 7:30 p.m. in the Flame Room at Pioneer Natural Gas Co.

Prizes were won by Mrs. Horace Doyal and Mrs. Moore. Mrs. Strong won the special prize.

Sewing Club Holds Saturday Party

The Sew and Chatter Club held a luncheon Saturday in the home of Mrs. R. F. Bluhm, 107 E. 18th, with Mrs. C. Y. Clinkscales serving as cohostess. Mrs. H. J. Agee and Miss Jennibeth Clinkscales were guests. Birthday celebrants were Mrs. Herbert Johnson, Mrs. Clinkscales and Mrs. Hollis Webb.

St. Anne's To Install

The St. Anne's Guild of Webb Air Force Base met Friday morning for mass at 9 a.m. then reconvened in the chapel annex for a business session.

Mrs. B. A. Regets, president, gave the opening prayer.

Mrs. Victor Reale and Mrs. L. J. Fontenot reported on the Diocesan Council of Catholic Women convention which was held at the Settles Hotel Sept. 8-9.

Refreshments were served to 24 members by the hostesses, Mrs. Reale and Mrs. Alec Torres.

The next meeting will be Nov. 6 in the NCO Open Mess when new officers will be elected and installed at a breakfast. Mrs. Regets worded the closing prayer.

DATE ALTERED BY PLANTERS

The Planters Garden Club will meet Oct. 14 at 1:30 p.m. instead of Oct. 7 as stated in the club's year book. Mrs. R. O. Carothers, 1405 Stadium, will serve as hostess, and Mrs. J. W. Trantham will present a program on dried flowers. Also, the members will participate in a leaf and flower identification.

Study Held On Charm At Session

Poise and charm were the subjects for study presented at the Monday meeting of Mu Zeta Chapter of Beta Sigma Phi. Mrs. John Carlson, 2516 Larry, was hostess assisted by Mrs. Don Bailey.

Mrs. Melvin Clark introduced the study topic with a talk stressing that charm and courtesy begins at home. Mrs. Bailey and Mrs. Louis Jones gave brief talks on outstanding women, and concluded that genuine warmth and self assurance were their notable traits.

The first rush activities of the group will begin Oct. 13 at a progressive dinner. Mrs. Derle Everett, 2703 Lynn, will be the first hostess. Plans for working schedules of members at the Howard County Rehabilitation Center were set.

Refreshments were served on a table covered with an organdy cloth and centered with an arrangement of yellow roses. Guests were Mrs. Ronald Gregory, Mrs. Arthur Clonts, Mrs. J. E. Shillingburg, Mrs. Jack Thomas, Mrs. Willis LeVier, Mrs. Les White and Mrs. Kirby Brown.

Rev. McDermott Stresses Prayer

The Rev. Robert J. McDermott told of the importance of reciting the family rosary, and said that the month of October is dedicated to Mary's rosary when he spoke to the St. Thomas Altar Society Monday.

Mrs. Leo Gonzales was congratulated on her election as treasurer of the San Angelo Diocesan Council of Catholic Women at the recent convention. Mrs. Leo Gomez was welcomed back after a leave of absence. Sympathy was extended to the family of Mrs. Rafael Chavez, a charter member of the society, who died recently.

Refreshments were served to 16 members.

Council Hears Fall Schedule

Members of the Howard County Home Demonstration Council met Saturday at the agent's office to make plans for the fall season and report on the state convention. Mrs. Hila Weathers, volunteer coordinator of the Big Spring State Hospital, spoke on the different phases of volunteer work and asked that club members interested in the work contact her.

Mrs. Ray Swann, president, announced that committee chairmen would meet Oct. 21 for a planning session for the new year. The meeting place will be announced later. Mrs. Alton Underwood noted that films and speakers were available from the Cancer Society for programs.

Mrs. Frank Wilson, Mrs. Neil Norred and Mrs. Frances Zant gave detailed reports on the state convention and told of the program theme, "The American Woman — Her Changing Role." Members were urged to study books on the Bill of Rights. Jean Adams of the Houston Post was one of the featured speakers and talked on fashions and grooming. Also, John E. Hutchtins and Mrs. Grace Winn addressed the 750 women present at the session.

The Knott HD Club served as the host group at the council session and hostesses were Mrs. Joe Myers, Mrs. Robert Nichols and Mrs. Grantham. Mrs. Billy Gaskins reported that the vanilla and pepper to be sold by the clubs was now available. Mrs. Grantham gave the devotion.

Guests were Mrs. Myers, Mrs. Underwood, Mrs Weathers, Mrs. Grantham, Mrs. Nichols and Mrs. Omar Decker. Also attending were 22 members. They were served at a table featuring a Halloween theme. Pumpkins and witches served as accents for the dried floral arrangement centering the table, and a decorated cake completed the table decor.

The next meeting will be Nov. 2 with members of the Lomax HD Club as hostesses

Mrs. McCrary Presents Study

The First Presbyterian Women of the Church held a business meeting Monday afternoon at the church. Mrs. Elvis McCrary spoke on "Women and the Church," and was assisted by Mrs. Arthur Pickle and Mrs. J. D. Leonard. Mrs. W. T. Barber presided.

Beta Omicron Chapter Has Party For Rushees

A Tacky Party held Monday evening in the Flame Room of Pioneer Natural Gas Company was the second in a series of rush activities sponsored by Beta Omicron Chapter of Beta Sigma Phi.

Hostesses were Mrs. Jack Tayrien, Mrs. Morris Griffice and Mrs. Tom Enloe, all members of the social committee. They served as judges, awarding first prize for costume to Mrs. Delbert Stanley.

Participating in games were nine chapter members and 11 rushees. Prizes were won by Mrs. Alton Wilhite, Mrs. Merel Ringener and Mrs. Paul Garrett.

Introduced as a guest was Miss Sarah Graham who arrived in the United States in July from Spangdahlem, Germany. Miss Graham was a sorority member in Germany and plans to transfer her membership to a chapter here.

Refreshments were served from a table covered with a cloth decorated in a fall leaf motif, and the centerpiece was of bronze and yellow chrysanthemums.

The next gathering will be a model meeting Oct. 12 in the Flame Room when Mrs. Carroll Cannon and Mrs. Bobby Key will be hostesses.

Mrs. Lee Hanson Speaks At Guild

Mrs. Lee Hanson spoke on the topic, "Reaching the Non-Christian Faith in the 1860s," at the Monday meeting of St. Mary's Guild at the Parish Hall of St. Mary's Episcopal Church.

Mrs. Bill Currie gave the devotion, and Mrs. J. Gordon Bristow, president, announced that the board of the United Council of Church Women will meet in the church library Friday at 9:30 a.m. The Rev. Clair Wiederhoft will speak on the beliefs of the Lutherans, and the group will attend the St. Monica's Guild meeting at 10 a.m.

Seventeen members attended.

Feet Take New Swing

Shoes of lustered leather, shoes with a discotheque swing and snaky shoes are shodding the best dressed feet this fall.

Shoes of lustered leathers—gun metal and bronze, for instance — are adding polish to the autumn silhouette. The mid-heel remains a favorite but the high heel is increasingly important, especially in dress circles.

Shoe softness and femininity cause a raffine rumble. Cutout sides, cutout backs, straps, and sandal sling follow line for line the strap-and-slash discotheque dresses. And bows, buckles and embroidery soften up shoes even more.

Color and texture are rampant and there's definitely a snaky trend. Whether lizard, snake, alligator or cobra, the chances are it's not the real thing because the imitations at pint-size prices are so good. These embossed side leathers look like the real thing.

'ROUND TOWN

By LUCILLE PICKLE

There is an explanation, I'm sure, for the actions of people who, having reached an age slightly hinging on middle age, tend to become absent-minded. Perhaps it is that the person has too many activities, she is preoccupied, or maybe there is a temporary mental block, but the result is sometime amusing and sometime distressing. But it seems to me it's a healthy attitude when he or she can tell others and laugh at the experience.

For years people have been locking themselves out of their homes and their automobiles, much to their disgust. Only recently we were told of the woman who locked her car in the garage with the light on . . . and locked her keys in with the car which she did without for a day. Another got into her car and couldn't remember where the ignition switch was, and still another walked into her kitchen and had to think hard to recall the position of the light switch. It's the same thing as putting the salt and pepper in the refrigerator and the butter in the cabinet, or worse yet, in the stove.

• • •

MRS. DENNIS WINTERROWD and her children, Lance and Julie, will leave Thursday after being here with her parents, MR. and MRS. SHELBY READ, since July 1. Mr. Winterrowd plans to drive out from Fort Worth Wednesday to get his family and take them to their new home. When the family moved from Lubbock Mrs. Winterrowd came here to await the arrival of little Julie who was born on Sept. 13.

• • •

MRS. MABEL COLLINS left this morning for Detroit, Mich., where she will spend two months with her daughter and her family.

• • •

When MRS. GEORGE McALISTER and MR. and MRS. IKE ROBB were en route to San Francisco recently they were delighted when a Big Spring couple boarded the same plane at El Paso. The CHOC JONESES, who were on their way to Hawaii, took the same flight. The Robbs and Mrs. McAlister joined George McAlister who was in the city for a business session. They returned here Wednesday.

• • •

Cousins from far away paid a surprise visit to ALBERT SMITH who is a patient at Howard County Hospital Foundation. CAPT. COLEMAN SMITH of Newport, Va., and FRITZ R. SMITH from Guadalajara, Mexico, were in Snyder to visit their cousin, BUD BOREN, and the three drove over for an afternoon.

Until now, chili this good had to be homemade!
The really beefed-up chili in a can!
Maker's Quality Pledge: I put only selected cuts of lean, heavy beef in my Iron Kettle Brand. Then I cook it in small batches, the lazy way. That's why Iron Kettle Brand has the home-made taste you can't get any other way. That's why it is worth more, too. More beef per can means more beef per serving. Try this man's chili — it's the very best I know how to make.

QUALITY PIANOS, ORGANS CARRY GUARANTEES
White Music Co., 1903 Gregg, sells instruments, gives lessons, services what he sells

Baldwin And Wurlitzer Instruments At White's

White Music Co., 1903 Gregg, is the exclusive dealer for Baldwin pianos and organs, Wurlitzer pianos and organs, and Gretsch guitars. The firm also carries a good line of practice pianos, along with piano, organ and guitar method books. Then there are song albums for the musical instruments sold.

"We have Mrs. Gail Bonner as our piano and organ instructor in Big Spring and surrounding cities," Les White said. "Our franchise territory covers five counties: Howard, Martin, Glasscock, Scurry and Borden. We have three qualified piano tuners and technicians, and all service work is guaranteed. Our sales staff consists of Mrs. Bonner, Jim Robinson, and store owner, Les White.

"All practice pianos are completely rebuilt in our shop and carry a two - year guarantee. All new pianos are properly tuned and regulated and carry a 10 - year guarantee. When a new piano is sold it is tuned on delivery date and one time in your home, within a six-months period, free of charge," White continued. "The only expense a customer can be out on a new piano for the first 10 years is for tuning. All repairs, if needed, are free if it is the fault of the piano played under normal conditions. Remember the slogan: 'A piano out of tune is a piano unplayed'."

White said some people confuse tuning and repairs. Some think if a piano has several keys that won't play, the piano needs tuning and that is all.

"Usually, if notes won't play they have to be repaired and then the piano tuned. The standard price for tuning is $12. Repair comes extra," he said.

There are 52 models and finishes in the Wurlitzer line of pianos. They have very distinctive styling in furniture design, and tonal quality is unsurpassed, because a very responsive action makes it truly an artist's piano.

"The Baldwin Grand piano is the only piano I know of that has a lifetime guarantee to the original purchaser. The Baldwin is the piano requested by most of the world's renowned performers," White said. "Baldwin also builds the institutional, and spinet organs, priced from $795 to $22,000. They are the easiest to play, and easiest to change registration. With each organ sale we give five free lessons. After the first lesson you can play simple songs, even if you don't know a thing about music. We guarantee that you can learn to play the organ if you will take your free lessons."

White Music Co. furnishes organs and pianos free for any non-profit organization. All you have to pay is the hauling fee of $15. On occasions some of the local transfer companies move an organ or piano unless he is bonded and insured.

"Come in and see our organs and pianos and get a free lesson and demonstration," White urges.

The Gretsch guitar is a very fine quality guitar endorsed by the great Chet Atkins. Gretsch manufacutrers three models of guitars designed by Atkins. There is also one amplifier. Prices on Gretsch guitars start at $128 and range upward. Amplifiers are $65 and up.

White also carries student guitars, has two guitar instructors, lesson books, and has used guitars and amplifiers.

Drive-Ins Are Popular

Three Wagon Wheel Drive-Ins, owned by Mrs. H. M. Rainbolt, are featuring beef at all locations. Being Westerners, they believe in selling more beef.

The convenient locations are: No. 1—East Fourth and Birdwell Lane; No. 2—2011 Gregg Street; No. 3—West Highway 80.

In addition to the multitude of sandwiches and drinks, the drive-ins feature take-home orders, and lunches for working people. A telephone call will have your order ready when you want to pick it up.

They are popular places for residents who want to load the family in the car and drive out for a "meal-in-the-car" without the bother of dressing up and combing their hair.

No-Roach Kills Bugs; Harmless To Children

What you are about to read is important to you, to your children, and to your pets, therefore you should read it carefully.

Authorities recommend highest selectivity in the choice of insecticides for the home. For obvious reasons, you should use only thoroughly tested, highly recommended, insect killers.

Johnston's No - Roach meets the most exacting specifications. No-Roach kills bugs, but is safe to use around children and pets.

Tests have shown that the colorless coating left by brushing on Johnston's No-Roach is effective for months. It is better, and more effective, because:

1. You can brush No-Roach just where you want it. There's no need to move dishes or food when you apply it in cabinets, near the sink, and on baseboards;
2. No-Roach coating is colorless and odorless. Neighbors need not know that you are fighting insects in your home;
3. No-Roach lasts for months. The coating kills off the current infestation, and stays effective to kill the strays that wander in from the neighbors to set up a new nest.

Remember, you get what you pay for, and you buy the very highest built-in quality and safety when you buy Johnston's No-Roach. In short, No-Roach is very effective, odorless, colorless, harmless to pets, and it is a pleasure to use. The discriminating housewife who tries it will find her confidence justified by its performance.

No-Roach is available at Hull & Phillips, Newsom's, Safeway, Piggly Wiggly, Furr's, and all grocery stores. It is distributed by Striplings.

One-Stop Shop At Firestone's

The Firestone store, 507 E. 3rd, is loaded down with tires, available in all sizes from passenger cars to tractors, and also features good recaps at prices in reach of all.

Firestone also features the "Firestone Uni-Charge," which enables customers to cover all merchandise and services under one monthly payment.

There are also all kinds of home appliances, including radios, televisions, record players, and a sizeable selection of popular records at the Firestone store.

Hallmark Christmas Cards Available

It is getting close to the time for thinking about Christmas cards, and a good place to get personalized Hallmark cards is at the Hobby Center, 306 Eleventh Place.

While looking for selections in cards you might also look over the big stocks of various hobby items in stock. There is always something new in art and hobby lines of interest to all ages, for decorations or for pure pleasure.

Sets World Land Speed Record

Harley-Davidson's Sprint motorcycle, with the 250 cc. engine, was clocked at 156.4 miles per hour at Bonneville Salt Flats last week. Officially timed by the U.S. Auto Club, sanctioned by the American Motorcycle Association, the little single cylinder cycle, with pumped gas, set a world land speed record. Cecil Thixton, Big Spring Harley-Davidson dealer, has the Sprint in stock.

Texas Retains Top Spot In AP Poll

By TED MEIER
Associated Press Sports Writer

Hurricane Hilda didn't get north to the state of Michigan. No matter. The Michigan State Spartans and the Michigan Wolverines provided their own power on the gridiron and blew Southern California and Navy right out of the Top Ten in college football.

The Texas Longhorns retained today their No. 1 spot in this week's voting by The Associated Press panel of sports writers and broadcasters with a come-from-behind 17-6 triumph over Army.

But Michigan State upset Southern California 17-7 and Michigan walloped Navy 21-0 to give the Top Ten a thorough shaking up. As a result Southern California, No. 2, and Navy, No. 6, flopped right out of the rankings.

The new Top Ten is No. 1, Texas; No. 2, Illinois; No. 3, Alabama; No. 4, Ohio State; No. 5, Kentucky; No. 6, Notre Dame; No. 7, Michigan; No. 8, Nebraska; No. 9, a tie between Michigan State and Arkansas.

Illinois took over the No. 2 spot with a 17-6 triumph over Northwestern. Alabama moved up to No. 3 by blanking Vanderbilt 24-0 and Ohio State jumped a notch to No. 4 by slamming Indiana 17-9.

Kentucky, perhaps the surprise team of the season to date, jumped from nowhere to the No. 5 spot with an 20-0 upset over Auburn, a defeat that pushed the Tigers out of the Top Ten. It was the third straight for Kentucky's unbeaten Wildcats. They previously downed Detroit 13-6 and Mississippi 27-21.

In this week's games involving the Top Ten, it's Texas vs. Oklahoma; Illinois vs. Ohio State; Alabama vs. North Carolina State; Kentucky vs. Florida State; Notre Dame vs. Air Force; Michigan vs. Michigan State; Nebraska vs. South Carolina and Arkansas vs. Baylor.

The Top Ten with first-place votes in parentheses and points on a 10-9-8 etc. basis:

1.	Texas (32)	439
2.	Illinois (6)	390
3.	Alabama (3)	366
4.	Ohio State	263
5.	Kentucky (5)	255
6.	Notre Dame	244
7.	Michigan (1)	243
8.	Nebraska	88
9.	tie, Michigan State	36
9.	tie, Arkansas	36

PLAYERS OF WEEK

Hall Boys Are Among Picks

Two Stanton boys with identical names who perform in the line were among the Players of the Week honored by the Daily Herald for games they played last weekend.

The two are Big Mike and Little Mike Hall (no relation) who played so well in a winning effort against Loraine that, on the suggestion of coach Bill Milam, they share the honor.

The winners:

STANTON BUFFALOES

LINEMAN—Big Mike Hall and Little Mike Hall teamed up to deal the Loraine club plenty of misery. Big Mike played guard the first half and his blocking in the line was terrific. He switched to the fullback position after the intermission following an injury to the regular. Little Mike Hall, a 155-pound left end, was so strong defensively that, in the words of coach Milam, "no one went around his end."

BACK — A 165-pound fullback named David Dunn didn't get to play the last half against Loraine due to an injury but he was sensational in the first two quarters. He gained 180 yards rushing the ball and scored two touchdowns, once on a screen pass that carried 655 yards in the final 35 seconds of the second quarter.

COAHOMA BULLDOGS

LINEMAN—Ted Cearley was the standout in a stellar Coahoma line that dominated play throughout its game with Roby. The 201-pound senior right guard recovered one fumble that set up a Bulldog score and otherwise distinguished himself with his all-around play. He consistently gave the Lion backs a hard time with his rugged tackling.

BACK — The honor goes this week to halfback Johnny Gibson, a 163-pound halfback. Gibson gained 23 yards in three carries, scored a touchdown on a 77-yard punt return, set up another late in the game with a 31-yard runback down to Roby's 14 and otherwise distinguished himself with his crisp blocking and heads-up play. Johnny is one of the big reasons Coahoma is still undefeated.

SANDS MUSTANGS

Coach Eddie Gill felt so good about his team's stunning 16-0 victory over Gail last Friday that he requested that the entire squad be honored. The Daily Herald's sports staff is happy to comply.

BIG MIKE HALL

GARDEN CITY BEARKATS

LINEMAN—Even in a losing effort, guard Jimmy Dubose stuck out like the proverbial sore thumb for the Kats in their game against Guthrie. Dubose made his impression mainly on defense, although he played some offense. He initiated three tackles and, in the words of his coach, Jack Woodley, was the "main spirit builder" on his club.

BACK — Gary Pagan gained approximately 50 yards carrying the ball for Garden City and picked up two points on a conversion try. He was outstanding on defense for the Kats, initiating four tackles and usually forcing the opposition to run the play away from him. He plays a bruising game of fullback on offense.

FORSAN BUFFALOES

LINEMAN — A 145-pound junior named Jackie Shoults played the leading role in the Forsan line in its 11-man victory over the Coahoma B team Saturday night. Shoults plays linebacker on defense and was in on ten tackles. Coach Oscar Boeker was particularly impressed with his desire. Shoults performs at guard on offense and was impressive as a blocker against the Bulldogs.

BACK—Jack Ellis, who moved from guard to the quarterback spot when another player was hurt, claims the honor this week. The 140-pound Ellis is only a sophomore but he completed ten of 21 passes against the Bulldogs. Two of those went for touchdowns. Two others that would have gone for touchdowns were dropped. On defense, he made seven tackles.

Baylor Leading SWC In Offense

DALLAS (AP)—Baylor hasn't beaten anybody yet but leads the Southwest Conference by a mile in total offense.

All except 18 yards of it is by passing, which can be taken by opponents of throwing the ball high, wide and handsome as an indication of something—maybe that you get beat.

Anyway, the Baylors have 312.0 yards per game in offense and 294.0 of it is in the air.

Texas is second with 285.3 with 199.3 on the ground. And Texas has won three games.

Baylor is a flat last in defense, which also can be taken as an indication of something—also that you get beat that way.

Texas, on the other hand, leads the league in defense by a mile, allowing only 168.7 yards per outing.

Arkansas is second with 204.3.

Offense	Rushing	Passing	Total
Baylor	18.0	294.0	312.0
Texas	199.3	86.0	285.3
Arkansas	170.7	99.3	285.3
Texas Tech	156.3	66.3	222.7
Texas A&M	84.7	127.0	211.7
Rice	134.0	68.5	202.5
SMU	95.7	82.7	178.3
TCU	94.0	84.3	178.3
Defense	**Rushing**	**Passing**	**Total**
Texas	96.7	72.0	168.7
Arkansas	90.0	114.3	204.3
SMU	133.3	86.0	219.3
Texas Tech	107.7	125.0	232.7
Rice	150.5	95.0	245.5
Texas A&M	166.7	83.3	250.0
TCU	140.4	120.7	261.0
Baylor	192.0	106.0	298.0

Series Starts At 12 Noon

Starting time of Wednesday's World Series game between the New York Yankees and the St. Louis Cardinals in St. Louis will be 12 noon, Big Spring time.

The series will be aired over station KMID-TV Midland Channel 2. The color aircast will get under way at 11:30 a.m.

Koys Are Bad News To OU

AUSTIN, Tex. (AP) — Ernie Koy is going after the fifth victory for the Koy family over Oklahoma here Saturday.

Ernie's dad, Ernie Sr., led Texas to triumphs over Oklahoma in 1930-31-32.

Now Ernie Jr. has one victory to his credit — his kicking brought the Longhorns to a 9-6 decision in 1962 when he was a sophomore.

He missed last year's game with a shoulder separation that developed an infection.

But he's back in strapping shape and has just finished playing his finest game.

That was Saturday night. He scored two touchdowns, set up one with a 71-yard quick-kick and made good four times on fourth down situations. Koy ran for 87 yards in 13 carries and did everything a good football player is supposed to do.

He leads the Southwest Conference in scoring with 30 points, has averaged 4.1 yards running, averaged 40.0 yards kicking, caught two passes for 25 yards and threw one for 20 to help in a touchdown drive, and taken three kickoffs back 63 yards. This was in three games.

It will be no comfort to Oklahoma to learn that he's now playing the position he's best suited for and which he likes best — tailback. He is 6-foot-3, weighs 225 and runs the 100 in 10 flat.

Coach Darrell Royal, in the understatement of the season, says: "Koy runs with a lot of authority."

His father is a rancher at Bellville, Tex. He had Ernie digging post holes after he recovered from his injury last year.

"There's two things I don't like," he says, "and they are digging post holes and watching a football game from the sidelines."

But he might do some digging in the Cotton Bowl Saturday — holes for Oklahoma to be buried.

Olympic Star Wouldn't Swap Position For Trip

NASHVILLE, Tenn. (AP) — Wilma Rudolph, triple gold medal winner in the 1960 Olympics, says that the world acclaim that was hers four years ago is fresh in her memory but that she wouldn't trade her job today for a trip to Tokyo.

Wilma is now Mrs. Ethridge, and she's a mother and a teacher in the second grade of a Clarksville, Tenn., public school.

"So far," she says, "I have had no longing to be in Tokyo for the Olympics this year."

But this girl, who took first place at Rome in the 100 and 200-meter dashes and anchored the winning 400-meter relay team, concedes that "I might have moments when I will wish I were running. . ."

"But I am happy here, and I wouldn't trade my baby for another opportunity to run in the Olympics."

Wilma's baby is four-month-old Djuana Lei, and it was knowing she would be a mother last spring that turned Wilma's thoughts from the Olympics.

"I had planned to go, but now I know that I will never run again competitively. I will be too old when the next Olympics come around (1968), and there's no purpose for running in anything else." Wilma is 24 years old.

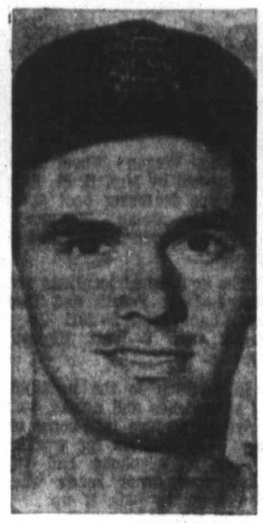

"The thing that I miss most about not competing is not seeing all the friends I made around the world," she said.

Wilma is now 30 pounds over her 1960 Olympics weight and she confines her exercise to a little running on the basketball court.

"Training was hard, but it was rewarding and I don't regret the things that I had to miss because of my running. I'm still young enough to enjoy a full social life, and that's about the only thing I missed in college."

Wilma's successor as the fastest woman in this country is Edith McGuire, a member of the U.S. Olympic team. Wilma won't say how she thinks Edith will perform in Tokyo but adds that "records are made to be broken."

"I hope that Edith can break mine this year."

New Chance

Charles Dallan Maxvill, 25 (above), will likely get a chance to play second base for the St. Louis Cardinals Wednesday in the World Series opener because of the hip injury to Julian Javier, the regular at the position. Maxvill, who signed with the Cards in 1960, has spent most of his time in the minors and has only been to bat 26 times this year with St. Louis. (AP WIREPHOTO)

Palmer Retains Lead In Golf

DUNEDIN, Fla. (AP) — Arnold Palmer is still more than $3,000 ahead of Jack Nicklaus among professional golf's leading money winners, with Bill Casper Jr. a distant third.

There were no changes in the standings of the first 10 after last week's Fresno Open, which left Palmer on top with $110,743 and Nicklaus a close second with $107,717.

Casper has won $79,019 to date this year, followed closely by Bob Nichols with $73,537 and Tony Lema with $72,555.

To Honor Team

FORT WORTH (AP) — Texas Christian's 1938 national champions will be honored at halftime of the TCU homecoming football game with Baylor Oct. 31.

LOOKING 'EM OVER

With Tommy Hart

Sports dialogue:

WAHOO McDANIEL, former Midland High fullback, now a star linebacker for the New York Jets who wrestles for a living in the off-season months:

"There's more danger of permanent injury in football than there is in wrestling because football is beating a guy until he breaks. We really pound each other, beat each other, slam each other. Look at the scars on my hands . . . There's an incentive being an Indian, part of a people that has always been pushed around. The Choctaws came from Georgia and the Settlers pushed them out to Oklahoma, on an acre-for-acre deal, and then they took most of the Oklahoma land." I wrestled in New Mexico last year. I remember one man whose wife and eight kids lived in a 10-by-12 hogan and his horse broke a leg and they went out in the field and cut it up because they were hungry. I see all the Indians on relief and I get mad . . . I like to win. I'm a poor loser. I think I like to win more than average. I want to be the best, and I think it's because I'm an Indian."

LAWRENCE ELKINS

• • • •

JOHN HALL, Los Angeles Times:

"The San Diego Chargers will follow the lead of the Los Angeles Angels and move their AFL franchise to Anaheim. I've got only two words for the Chargers. Welcome back. They'll be known as the Southern California Chargers in Anaheim Stadium. The Chargers, to remain in the Border City, want a new stadium, and San Diego's drive for same, despite numerous head fakes and false starts, is dragging. It's difficult to whip up enthusiasm for building a new stadium when the citizens aren't even filling the one known as Balboa Stadium, a concrete slab that no doubt was very comfortable back in the days when the lions were getting fat on the Christians."

• • • •

DAVE NELSON, Delaware coach, on how to stop the clock in a football game without taking a time-out:

"Keep a dog on the bench."

• • • •

LARRY ELKINS, Baylor back, on why he got thrown out of the football game with Washington:

"I had kicked off and was trying to get to Steve Bramwell, the receiver. A Huskie lying on the ground had hold of my foot. I put one on him, a fist. I was seen doing it."

• • • •

SAM BLAIR, Dallas newsman, starting his story on the recent Rice-LSU game:

"The sleeping sickness which has gripped this city for weeks claimed 11 more victims Saturday night. All of them played offense for Rice."

• • • •

BILLY RAY SMITH, defensive tackle for the Baltimore Colts:

"My tasks are simple. I like to crack those rich guys who play quarterback."

• • • •

RON PERRANOSKI, relief pitcher, for the 1964 season ended for the Los Angeles Dodgers:

"To show you what kind of a year I'm having, I found a moth in my mail slot and it snapped at me."

• • • •

BEANO COOK, University of Pittsburgh publicity man:

"As I sit by my desk day after day, it mystifies me how many incompetent people there are in intercollegiate athletics."

• • • •

BUSTER RAMSEY, announcing over the plane's public address system on the return flight to Denver after the Bronchos tied Buffalo in an AFL game:

Coaches Perfect Plan To Speed Up Activity

By The Associated Press

At least two Southwest Conference coaches want to get the agony over with as soon as possible—the agony of winning the close ones or losing them.

Coaches J. T. King of Texas Tech and Hank Foldberg of Texas A&M worked out a system to save time and quit boring the spectators in their game last week and it's likely all the others will follow suit.

This season, in order to get a defensive platoon into the game in a punting situation, a plan of staying in the huddle 25 seconds to draw a delay penalty so an entire team could be substituted has been followed.

King and Foldberg, however, agreed, with the officials in on it, that they would have their quarterbacks just call "automatic delay" each time and then bring in the platoon without having to take up time getting the delaying penalty.

It speeded things up greatly and Texas Tech won over A&M 16-12 quicker than under the old plan—and it relieved King of agony and did the same for Foldberg.

After getting that settled, the coaches then sent their teams through Monday workouts and checked on whether there were any injuries.

There weren't many and Texas Tech found all hands came out of the A&M game in good shape. Texas A&M found the situation the same.

Frank Broyles of Arkansas not only didn't have injuries to worry about but he took a chance of being thrown out of the coaches league for being cheerful.

"I don't know of anyone who did not have a good grade defensively," Broyles said of his team's 29-6 victory over Texas Christian last week.

Coach Abe Martin of Texas Christian obviously had a different view of his team's efforts because he changed his lineup. He brought two new faces to the first team—end Charles Campbell and guard Billy Snow.

And he warned about the strength of Texas Tech, whom the Frogs play Saturday.

Texas, which has won three games in a row, worried more than any of the others. Tackle John Elliott, end Dan Mauldin and end George Sauer were on the injury list and Coach Darrell Royal said he wouldn't know for a day or so whether they could play against Oklahoma at Dallas Saturday.

Rice didn't have anybody out of action for its game with Stanford Saturday but the coaches worried about beating the West Coast outfit. Especially after scout Nick Lanza said Stanford had a "real fine football team" and should have beaten mighty UCLA last week.

Coach John Bridgers said he would start Terry Southall, sophomore quarterback, against Arkansas at Little Rock Saturday night. Bridgers was satisfied with Southall's work against Oregon State. But he bolstered his defensive line by moving tackle Bill Ferguson from the offense.

There were no new injuries in the Baylor camp.

Southern Methodist had more injuries than anybody but since the Mustangs take the week off they expect to have all hands in shape next week when they open the conference race against Rice.

Yearlings Drub Edison, 22-6

The eighth graders of Big Spring Runnels achieved their second victory of the 1964 football season here Monday night, defeating San Angelo Edison by a score of 22-6.

The game was originally scheduled for tonight but was moved forward on the suggestion of the Edison mentors.

Runnels had previously beaten Sweetwater, 28-12, and lost to the same team, 22-0; tied Snyder Lamar, 16-16; and yielded to Big Spring Lakeview, 18-6.

Edison had kayoed San Angelo Lake View, 30-0; and lost to San Angelo Lee, 12-6; and San Angelo Blackshear, 18-0, in previous tests.

Quarterback John Patton was back in action for Runnels and he led the Yearlings on offense. On doctor's orders, he remained out of all defensive play.

In the first quarter, Patton scored from 15 yards out for Runnels. The try for point was no good.

In the second, Roy Lee Warren intercepted an Edison pass and ran 35 yards to account for Big Spring's second TD. Patton added the two extra points on a run.

Edison got on the score board in the third period but Runnels neutralized the effects of that TD with a fourth period score, driving 80 yards to pay dirt in seven plays.

Rockey Wooley set up the score with a 50-yard sprint off tackle to the ten. Mike Noble got the tally from the four on the last play of the game.

Noble then ran across the two extra points.

On defense, Luven Flores, Emmett Miller and Wooley starred for Big Spring. On offense, Flores and Wooley showed to advantage along with Patton.

Booster Group Resumes Meetings At 7:30 P.M.

The Quarterback Club resumes its 7:30 p.m. meetings in the High School Cafeteria this evening.

The booster club did not meet last week because (1) the Steers were not scheduled to play last weekend and (2) another group had asked to use the cafeteria room.

A scouting report on Big Spring's upcoming foe, Odessa High, will be given by the Longhorn coaching staff tonight. Coach Don Robbins saw the Bronchos in person in their winning effort against McAllen High last week.

Action films of the Odessa-Lubbock game two Fridays ago will also be shown, at which time Robbins will offer the commentary. The film was sent to Big Spring in a scouting agreement made before the season began.

Other reports will be given by junior high mentors, Dan Lewis of Runnels and Jack Tayrein of Goliad.

The meeting, which will last about 90 minutes, will be in charge of J. D. Stiehl and Frank Sabbato.

Sand Mustangs Are Co-Leaders

After one week of play, District 3-B Eight-Man Football League has Sands, Klondike and Wellman as the leaders.

Loop and Southland, who tied 6-6, are half a game off the pace. Other results last week were: Sands 16-0 over Gail, Klondike 34-6 over Flower Grove, Wellman 32-28 over Dawson.

Games this week are Sands at Dawson, Flower Grove at Gail, Loop at Klondike, and Wellman at Southland.

Player-Of-Month

CINCINNATI (AP) — Bob Gibson, who is expected to start Thursday's World Series game for St. Louis, is the National League's Player-of-the-Month for September.

Phils Retain Gene Mauch

PHILADELPHIA (AP)—General Manager John Quinn of the Philadelphia Phillies says he and owner Bob Carpenter think Manager Gene Mauch has done a terrific job, despite the team's National League tailspin that cost them the pennant.

Quinn made the comment Monday after giving Mauch a new, two-year contract with a reported increase in salary.

The Phillies finished in a tie for second place with St. Louis after blowing a 6½-game lead in the last two weeks, during which they dropped 10 games in a row.

Mauch, whose present contract had another year to run, signed the new pact in Quinn's office before leaving for the World Series in St. Louis.

The 38-year-old Mauch, who first signed to manage the Phillies in 1960, reportedly got a substantial increase over the reported $40,000 he received this year.

"Both Bob (Carpenter) and myself think Gene's done a terrific job and we wanted him to know we felt that way," Quinn explained.

The Phillies have climbed steadily since finishing eighth during Mauch's first two years as manager.

WHITEY FORD GUNNING FOR NEW RECORDS
This Series Will Be 12th For Yankee Lefthander

Ray Sadecki Slated To Work For Cards

By JACK HAND
Associated Press Sports Writer

ST. LOUIS (AP) — Ray Sadecki, a 23-year-old lefty with his first big winning year, will tote a tremendous burden Wednesday as the opening pitcher for the underdog St. Louis Cardinals against Whitey Ford, the New York Yankees' cagey veteran.

Ford's experience under fire is one reason why the Yanks are 17-10 favorites to take it all and 6-5 in the open. It will be Whitey's 22nd Series start.

The Series schedule, which calls for a day off for travel after the second and fifth games, permits the first-game pitchers to make three starts if it goes the seven-game limit.

Because Johnny Keane, Cardinal manager, had to use Bob Gibson in relief in Sunday's final game to clinch the National League pennant, he is forced to start Sadecki, a 20-game winner who was knocked out of the box Saturday by the New York Mets.

It figures to be the Yanks' Big Three of Ford, Mel Stottlemyre and Jim Bouton against the Cardinals' trio of Sadecki, Gibson and Curt Simmons. Nobody else is likely to start.

Al Downing, normally a regular, probably will be in the Yankee bullpen which will be hurting without Pedro Ramos, the stopper of the last month of the season.

Ramos is not eligible for the Series because he was acquired from Cleveland too late to be placed on the list which closes Sept. 1. The absence of the handsome Cuban may be fatal to Manager Yogi Berra, who learned to lean more and more on Ramos in the stretch drive to his first pennant.

"It all depends on how things are going," said Berra in New York Monday after he sent the Yanks through a light drill at Yankee Stadium.

Tony Kubek, regular Yankee shortstop, and Julian Javier, the Cards' second baseman, were on the doubtful list because of injuries.

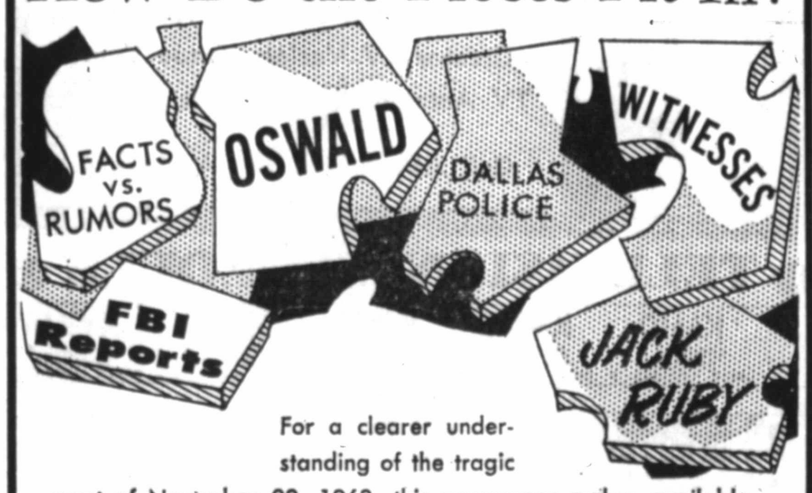

Kubek, in fact, very likely will miss the entire Series because of a jammed right wrist that has kept him out of action for two weeks.

Fight Brews In Olympics

TOKYO (AP)—The emperor of Japan declared open the full meeting of the International Olympic Committee today with customary pomp, but behind the scenes a full-scale donnybrook brewed.

Wednesday's working sessions will be stormy. Soviet Russia will probably raise the GAMEFO issue—East Germany wants full membership in the IOC instead of sharing a team with West Germany, and the election of the international president will be announced.

Track and swimming athletes who took part in the unauthorized GAMEFO — the Games of the Emerging Forces — at Jakarta, Indonesia, have been suspended by their international federations thereby keeping them out of the Olympics.

As a result, North Korea and Indonesia may not compete here at all, but observers believe the Russians may raise the issue in the full committee meeting and possibly seek to override the ban.

Russia, too, favors East Germany's full membership in the IOC but Avery Brundage of Chicago, IOC president who mediated the German dispute in 1952 and created a single, all-German team, has always considered this sports unification as one of the outstanding successes of the Olympic movement.

All the ballots in the contest between Brundage, seeking re-election as IOC president, and his only rival, Lord David Burghley, marquis of Exeter, are here under seal and all that remains is the announcement.

Brundage is a stern upholder of pure amateurism. The English nobleman is considered to be more liberal. Advance hints point to a narrow Brundage victory.

Virtually all the 8,000 athletes from the 98 nations expected to compete here are now on hand for the opening ceremonies Saturday, Oct. 10. The Games end Oct. 24.

Tascosa Is 2nd In Poll

DALLAS (AP) — The No. 1 teams held their positions easily enough today in the Dallas News poll of Texas schoolboy football but there were some changes elsewhere.

Garland rolled on at the head of Class AAAA, Dumas in Class AAA, Phillips in Class AA and Hull-Daisetta in Class A.

Weatherford was a newcomer to Class AAA as Kermit, No. 9 last week, took a tumble out of the rankings.

West was dropped from Class AA although winning its game last week and Idalou, which took a beating, fell out of Class A.

Ozona was a newcomer to Class A, taking the 10th spot.

The rankings:

Class AAAA—1, Garland; 2, Amarillo Tascosa; 3, Victoria; 4, Galena Park; 5, Spring Branch; 6, Dallas Hillcrest; 7, Tyler; 8, Waco Richfield; 9, Pasadena; 10, Port Neches.

Class AAA—1, Dumas; 2, McKinney; 3, Vidor; 4, Pharr-San Juan-Alamo; 5, Clear Creek; 6, Brownwood; 7, Andrews; 8, Palestine; 9, Austin Lanier; 10, Weatherford.

Class AA—1, Phillips; 2, Ballinger; 3, Rockwall; 4, Hondo; 5, Crane; 6, Denver City; 7, Iowa Park; 8, Palacios; 9, Paul Pewitt; 10, Rusk and Gladewater tied.

Class A—1, Hull-Daisetta; 2, Petersburg; 3, Seagraves; 4, Big Lake; 5, Jefferson; 6, Clifton; 7, Three Rivers; 8, George West; 9, Hallsville; 10, Ozona.

DEAR ABBY

Forewarned, Forearmed

DEAR ABBY: I am 21 and my boy friend is 23. We both work and are saving for a spring wedding. We have gone steady for 10 months and dated a year before that so we know each other pretty well. Recently "Tom" began telling me that he was playing cards with the fellows at night, so I took baby-sitting jobs while he went out. A few days ago I found out that he had been seeing another girl. I gave him back his ring. He begged and pleaded and said he didn't know what made him go out on me. He wants a second chance. Should I take him back and maybe find out he still cheats after we are married?

DISTURBED

DEAR DISTURBED: If you have any doubts about his ability to keep his marriage vows, don't marry him! Forewarned is forearmed.

• • •

DEAR ABBY: My wife and I recently moved to California from New York State. We bought a nice little home in the San Fernando Valley. Most of our neighbors are about our age (30ish), but right next door lives a retired older couple. Whenever I am outside doing anything in the yard, the man comes out to "help" me. He is a pleasant, but talkative, guy and an expert on everything. Gardening, building, repairing. Name it, and he has the tools and the know-how. He saw me building a wall for our barbecue pit and he ran right out and took over. Every time I got to work on it, he came out to "help" me. He finally finished the job while I sat on the ground like a moron. How can I let him know that some people do things for the exercise and enjoyment of it, and not just to get them finished? I wouldn't want to hurt his feelings. He is old enough to be my father.

NEWCOMER

DEAR NEWCOMER: And perhaps someone ought to let YOU know that some people "offer to help" not because they want to see the job done, but because they are lonely and want company. Be firm, but kind, in your refusal to let him take over, but let him hang around and talk because that's probably all he wants. (P.S. One day, YOU may retire.)

• • •

DEAR ABBY: We have a dear little girl who was horribly disfigured through an unfortunate accident. We plan to have plastic surgery done on her face as soon as the doctor advises that she is ready for it. Lately she becomes hysterical at the mere mention of returning to school. It will be her second year. Her first was tragic because very young children just do not understand, and they made fun of her. What shall I do, Miss Abby? It is a very fine, modern public school with a staff of just wonderful and efficient teachers. I hesitate to complain about the children, but our little girl is our first consideration. Should I talk with the principal? How would I go about it?

MRS. LILLIAN S.

DEAR MRS. S.: You should discuss your problem with the principal right away. And if a psychiatrist is available, you (and the child) should get help in coping with it. The child's emotional scars need treatment just as the disfigurement does.

Oil Output Drops In Several States

TULSA (AP) — Oil production dropped 22,180 barrels a day last week with declines in several states including Louisiana and Oklahoma, The Oil and Gas Journal said today.

Louisiana dropped 11,120 barrels a day, for a total of 1,516,430 daily. Oklahoma was down 8,000 for 537,900.

Production was up 3,300 barrels daily in Texas to 2,631,650. New Mexico at 306,530 was about the same as last week.

Puzzle of Monday, October 5, Solved

Retire LBJ To Ranch, GOP Senator Suggests

By The Associated Press

Sen. John Tower, R-Tex., took issue Monday with individuals he quoted as saying "how nice it is to have a Texan in the White House."

"If he were our kind of Texan," Tower said of President Lyndon Johnson, "we would rejoice in that fact. But when he doesn't think like one of us or act like one of us, I think the best thing for us to do is retire him to the LBJ Ranch."

Tower, back from Washington to stump for fellow Republicans, asserted Johnson "has turned his back on vital Texas industries by refusing to curb the flow of oil and beef imports."

His remarks were made at the opening of Cooke County Republican headquarters in Gainesville.

There was a comparative lull, meanwhile, in the campaigning of most candidates for statewide office.

George Bush, the Republican nominee for U.S. senator, was an exception. He pushed across West Central Texas by bus, winding up the day at a dinner rally in Abilene.

Bush called on Sen. Ralph Yarborough, D-Tex., the man he seeks to unseat, for accounting of donations from Billie Sol Estes, the toppled farm financier. The senator has asserted published reports that Estes gave him $50,000 in 1960 are lies.

Yarborough spent Monday in Austin. He said he was working on a television speech.

Total Performance 1965 Ford Galaxie 500 LTD 4-Door Hardtop

Spacious interior of new ultra-luxurious Ford LTD

New "swept-back" instrument panel provides more room. Optional Safety-Convenience controls previously available only on Thunderbird.

Most usable luggage space ever in a Ford

Unique reversible key works either side up

Only in Ford wagons: dual facing rear seats

Only 17 cars (and they're all Fords) offer all these exciting new features for 1965!

You have 17 big Fords to choose from for '65—including luxurious LTD's and sporty XL's—the widest selection in the popular-priced field—with features you won't find on other cars at *any* price!

New body-frame-suspension system Result: The strongest, smoothest Fords ever built. And the *quietest*—their all-new frame, body and suspensions virtually seal out noise and road shock.

New—automatic transmissions are all 3-speed—Smoother, more economical than the 2-speed automatics offered on some competing cars.

New 240-cu. in. Big Six—Gives you low gas bills, high performance. Bigger 6-cylinder engine than in any competing car.

New Safety-Convenience control panel Has automatic door locks and lights which warn you when fuel's low, doors are ajar, and remind you that seat belts are unfastened.

New and bigger trunk—Generous room for various sizes and kinds of luggage as illustrated . . . or room for four big 2-suiters *upright*.

New dual facing rear seats in Ford wagons—A Ford exclusive, ideal for families up to 10. Seats fold down for a lockable extra space below deck.

New reversible key—Works no matter which side is up.

New interior spaciousness—Lower transmission tunnel, new "swept-back" dash, and other interior changes make these the most comfortable Fords ever.

New array of courtesy lights—Illuminated doorways, ash tray, and interior. A real convenience for night driving.

Take a test drive—The list of new features could go on and on. The total result is something you simply have to see, feel, touch. Come in soon.
