A C-O-O-L SPOT ON A HOT, HOT DAY

Cooler—and one of the most popular spots in town is Marian Airpark Pool, one of the few municipal pools operating this season in this section of the Panhandle. Parties and individual swimmers come regularly for a dip in its cool mineral water. And there's nothing like a water fight to cool a fellow off, the participants above say—or maybe it's just lounging and sunning on the bank, as is the group in the background. In the top picture at left, Leo Russell, mouth wide open and eyes shut, takes a dive off the high board, visible at

extreme lower left. Just below, a group of the small fry, their swimming lesson over, remain in the wading pool, and at least two are practicing the kick that Don Briggs has just taught them. Next, Betty Wood, Red Cross life saving instructor, signs up four for her class, Doris Clo Sweat, Faye Pope, Francis Drake and Jerry Elbert. In the bottom picture, Coach Donald Briggs examines the life preserver—just to be sure. Briggs who has been connected with Marian Airpark Pool each season since it opened, has managed it for the past two years.

County Bank Assets Near Six Million Dollar Mark

In spite of the drought, sagging cattle prices, and short crop prospects, the county's bank deposits remained a bright spot, standing well above the five million dollar mark at the close of business June 30, when the bank call was made. The deposits of county residents in the four banks stood at \$5,375,934.37. Combined assets were up near the six million figure, \$5,971,288.48.

While deposits are down from a year ago and two years ago and three years ago at this season of the year, they nevertheless are only around a quarter of a million less than the 1947 and 1948 deposits, and well above the deposits for any of the other post war years or any other year in the last 15.

Part of the wheat loan money is not included in this deposit figure either, and one banker reported that the wheat loan checks arrived at his bank just one day after the June 30 call date.

Deposits a year ago were \$6,004,543.02. In 1951, they were \$5,779,504; but in 1950 they stood at the all time high for the season, \$6,394,614. This is generally considered the low season for bank deposits.

Combined assets, \$5,971,288.48, compare with \$6,605,756 a year ago; \$6,374,538 in 1951; and \$6,979,513 the all-time high, in 1950. Of this year's deposit figure, \$4,845,110.26 is in demand deposits.

Loans and discounts June 30 were \$2,251,418.97, compared to \$2,720,612.73 a year ago, \$2,970,803 two years ago, and \$3,440,246 three years ago.

Undivided profits are \$131,368.44, compared to \$449,860 a year ago and \$135,376 two years ago.

As a comparison, other deposit figures for June 30 back to 1939, fifteen years ago, are given:

1949	— \$5,123,228.
1948	— \$5,654,591.
1947	— \$5,621,119.
1946	— \$4,698,971.
1944	— \$3,115,293.
1945	— \$4,315,801.
1943	— Approximately two and a half million dollars.
1942	— Approximately a million and a half dollars.
1941	— \$1,354,970.
1940	— \$1,086,106.
1939	— Just above the million dollar mark.

Mrs. Ed. C. Smith Here 63 Years

One of County's First Settlers Dies July 4

Mrs. Ed C. Smith, who came to Collingsworth county as a young woman the year the county was organized, and who had continued to make this her home as the area developed, died Saturday, July 4, at 1:15 p.m. at the home of her only daughter, Mrs. Roscoe Land in Clarendon.

Mrs. Smith had been in failing health for a number of months, and around Christmas she had suffered a stroke and had been confined to her bed since then. Her condition had been critical for the past two months.

Born Willie B. Jones, the daughter of the late Mr. and Mrs. T. C. Jones, she spent her girlhood in Hunt County, and it was from there that the family moved west to Collingsworth County in 1890. They settled in the Buck Creek community and through the years the family was influential in the development of farming interests of the county.

She was married December 4, 1895 to Ed C. Smith, another pioneer whose work and planning went into the county's growth. They continued to make their home at Buck Creek, and it was only in more recent years that Mrs. Smith had moved to Wellington to make her home.

Mrs. Smith preceded her in death in September 1930. Mrs. Smith was a member of the Baptist Church and the Rebekah Lodge.

Funeral services were held Sunday afternoon at 4:00 p.m. at the First Baptist Church, with the Rev. Chester O'Brien, pastor, officiating, assisted by the Rev. R. L. Porter Sr., a long-time friend. Members of the Rebekahs also assisted in the service.

Pall bearers were A. V. Green, S. F. Hughes, Alfred Patterson, Pete Land, Clarence Cason, and (Continued on Page Twelve)

Plans Begun for Alumni Reunion On August 22

Plans for the third annual Wellington high school alumni reunion Saturday, August 22, were begun this week, and within a short time all graduates whose addresses are available will receive material giving information on the event.

Jim Cochran is president of the Alumni Association, while County Attorney Denzil Bevers is vice-president, and Miss Dora Elizabeth McClaskey is secretary. Miss Bessie Rainer is chairman (Continued on Page Twelve)

Emergency Feed Program In Operation; Pellets Arrive

The county's emergency feed relief program began functioning this week with the arrival of the first car of cottonseed pellets, and the request by the county emergency committee of the expected feed needs for the coming 30 days.

The car of pellets, sidetracked en route here from Lubbock and delayed a few days, reached Wellington Wednesday morning, and is at the Fort Worth and Denver Depot. This shipment included 40,000 pounds of pellets, or 40 100-pound sacks.

The county committee, composed of Alex Coleman, J. W. Thomas, Arrell Cummings, Tom Cunningham and Earl Hunter, has requested for the county for the

next 30-day supply 750 tons of cottonseed cake, pellets and meal (approximately 25 cars), 50 tons of corn and 600 tons of hay if it becomes available.

Millard Brown, PMA secretary, through whose office the applications for feed are made, announced that the applications are here, and those farmers who have left with the office their name and the amount of feed they need are asked to come by and sign the applications. This is necessary before they can get the feed.

So far, county stockmen have made application for approximately 187 tons of cake, 47 tons of meal, 21 tons of wheat, 67 tons of corn and 88 tons of oats. Altogether, 134 applications have been signed.

Mr. Coleman pointed out that this feed is emergency feed, and for the use of bonafide stockmen and farmers to help them maintain their foundation herds.

The cost of the various feeds, delivered in Wellington, is: Meal, cake or pellets, \$35 per ton; corn, \$1.00 per bushel; wheat \$1.10 per bushel; oats, 50c per bushel.

Support Needed If Project Realized

Loans On 1952 Cotton Extended To July 1954

The U. S. Department of Agriculture announced June 22, that Commodity Credit Corporation loans on 1952-crop upland cotton which have a maturity date of July 31, 1953, will be carried in a past-due status through July 31, 1954. This will give producers an additional 12 months in which to

redeem their loan cotton.

Producers may either sell their "equity" in the loan cotton or redeem the cotton from the loan and then sell it in the open market. The market price of the various qualities of cotton has varied materially during the year, but at present prices farmers should be able to dispose of some quantities of cotton at prices that will give them some net profits above the loan and charges against the cotton.

The 1952-crop loan cotton not redeemed prior to August 1, 1954, will be purchased on that date by Commodity Credit Corporation.

New Pastor to Preach Sunday

Rev. Stanley Letcher, the new pastor of the Wellington First Christian Church, will hold his first church services this Sunday morning, July 12, according to information received by Bob Leggett.

Rev. Letcher and his family arrived in Wellington Wednesday afternoon, July 8. They were to have come in late Tuesday evening but due to delays in transportation he was detained.

Rev. Letcher has been the pastor of the Cartage, Mo., Christian Church until he resigned to accept the local church.

He holds a B. A. and M. A. degree from Phillips University at Enid, Oklahoma.

Mobley Assistant Agent at Pampa

Jerry Mobley, agriculture teacher in the Veterans Vocational School, resigned recently to become assistant county agent of Gray County, with headquarters at Pampa, John Coleman, school co-ordinator, has announced.

His place as instructor of fourth year classes at Wellington is being taken by Wood Coleman, who has been teaching the ag classes at Samnorwood.

Mr. Mobley began his work at Pampa under County Agent Ralph Thomas July 1. He received his Bachelor of Science Degree from Oklahoma A&M College in 1951, and the following year taught in a Veterans Vocational School at Phelps, Nebraska. He came to the school here in September 1952.

He and Mrs. Mobley have a son four years old.

Mr. Coleman said that 29 men are now enrolled in the agriculture classes of the school and 10 in the business administration section, taught by Paul Spillman. John Coleman teaches part of the ag classes in addition to his work as co-ordinator.

Nine Korean veterans have enrolled in the agriculture classes, he reported. These include Foy (Continued on Page Twelve)

County Women to Participate in 4-H Alumni Program

A plan to honor former 4-H Club members who have continued the work as adult leaders has been announced by Miss Mary Trammel, county home demonstration agent.

This is part of the 1953 National 4-H Alumni Recognition program, she explained. This is the first year it has been put in effect.

Nominations and entries are now being accepted by Miss Trammel, and a representative group from all parts of the county is sought. Later a committee will select the top-ranking 4-H Alumni from Collingsworth County, and she receive an Alumni Award Certificate and will compete in the state, wherefor individuals will be named to compete on a national level.

"There are several women in the county who have been 4-H Club members and who are now leaders. We hope all of these will be entered in our county contest," the agent said.

The purpose of the program is to honor 4-H Club members whose accomplishments, following 4-H Club membership, exemplify effective community leadership, service to 4-H Club work, and success in their chosen careers, to (Continued on Page Twelve)

Kern Pigg To National Boy Scout Jamboree

Kern Pigg, son of Mr. and Mrs. Kelly Pigg, is the second member of a Collingsworth County Boy Scout troop to sign up to make the Third Annual National Jamboree at Santa Ana, California. Billy Moseley, son of Mr. and Mrs. Herman Moseley of Quail, is the other county boy.

Pigg will be a freshman in high school this year. He is outstanding in his Scouting work. Two weeks ago, he and the other members of Troop 32 made the trip to Camp Ki-O-Wah near Canadian. During his week's stay he was promoted to the rank of a Life scout.

Pigg will leave this Saturday morning, July 11, from Pampa, with other Scouts. He will travel by train to the Jamboree grounds which will be held on the Irvine Ranch. Accommodations for about 50,000 have been made.

During the trip to and from the camp they will pass many of the scenic wonders of the western United States.

Pigg will be a member of Troop 27 of the Adobe Walls Council. The boys of the troop will be divided into four patrols with 8 men to a patrol. Some will cook and do other odd jobs during the 11-day stay at the Jamboree. Each boy will have a taste of a different job while the Adobe Walls group will be there.

Side-trips will be made by the boys to many of the interesting sights near Santa Ana. Pigg will also visit relatives there.

Accommodations are being made to seat 100,000 people for the Jamboree programs.

Pigg will return to Pampa with the group of nearly 400 boys and their leaders on July 28.

Mrs. Bertha Sims Dies Following Five-Year Illness

Mrs. Bertha Vida Sims, a Wellington resident for the past few years, died Thursday, July 2, at the home of her daughter, Mrs. Ples Crane. She had been in failing health during the time she had lived here and had been unable to continue the numerous activities in which she had formerly been active.

Funeral services were held at the First Methodist Church in Happy, her former home, Sunday afternoon at 3:00 p.m., with the Rev. C. E. Ottinger, pastor, and the Rev. E. R. Landtroop, pastor of the First Baptist Church at Happy, officiating. Burial was in the Happy cemetery, with the Ellis Funeral Home in charge.

A native Texan, Mrs. Sims was born December 22, 1876, the daughter of L. and Sarah Kincheloe Cook, and at the time of her death she was 76 years, six months and 10 days of age.

Pall bearers were Ollie Speer, Hank Magness, Darrell Wesley, Bill Sims, Frank Walters and Tommie Sexton. Flower bearers were Mrs. Ollie Speer, Orene Rogers, Mrs. Tom Cope, Alice Barnard, Clara Magness and Emma White.

During the time she lived at Happy, Mrs. Sims was active in the work of the Methodist Church, of which she was a member, and was a member of the Eastern Star. She was also active in numerous other social and community enterprises.

Immediately before coming to Wellington to make her home with her daughter, she lived at Childress.

Surviving are her husband, J. H. Sims of Happy, and ten children, Mrs. Mattie L. Brown of Portland, Oregon; Mrs. Sarah M. Smith of Wichita Falls; Henry O. Boyd of Truth or Consequences, N. M.; Gaines L. Boyd of Monahans; Mrs. Crane of Wellington; Lacy Boyd of Tioga, North Dakota; Mrs. Luty Vaughn of Hawthorn, Calif.; Thomas M. Boyd of Artesia, N. M.; Phillip Boyd of Tioga, North Dakota; and Mrs. Pauline Wesley of Happy. Other survivors are two sisters and a brother, Lige Cook and Jeff Cook of Littlefield, and Mrs. Clellie Sherbert of Rocky, Okla. Three children preceded her in death.

John Hurley Named New Skyrocket Line Coach

John Hurley of Kermit has been elected line coach of the Wellington Skyrockets replacing Coach Donald Briggs, who goes to New Mexico Military Institute the first of September. Supt. C. T. Roberts announced this week.

Hurley has been junior high coach at Kermit during the past year, and worked under Coach I. D. Russell, Skyrocket and Southern Methodist University football star. Russell was here with Hurley recently and recommended him highly to school authorities.

The new coach is a graduate of Sul Ross College, Alpine, where he played football three years, one at center position and two as tackle.

He received his bachelor of science degree in 1952 with a major in physical education and minor in social science. His home town is Lamesa, where he played four years of high school football.

His wife, also from Lamesa, has a bachelor of science degree from Sul Ross with a major in elementary education. They have one son, 18 months old.

Hurley served in the coast guard from 1948 to 1950 and was assigned to air-sea rescue duty.

Pat Riley on NTSC Yearbook Staff

Pat Riley of Wellington has been appointed associate editor of the staff of the 1954 Yucca, North Texas State College year book.

Mary Alice Milner, Marshall senior and editor of the annual, has announced editorial positions for the year.

Riley is the son of Mrs. Alice Riley. He is a junior journalism student at NTSC and a member of the Press Club and Club Var-

Wellington In Line For New Guard Armory

Wellington is in line for one of the 62 National Guard Armories to be built in Texas during the next 12 months, but it will take full support on the part of townspeople to make this a reality, Capt. Charles Allen, executive officer of the Medical Company, 242nd Infantry Regiment, Texas National Guard, reported from North Fort Hood this week.

The Wellington unit, with 44 men and four officers, is on two weeks camp at that place, along with thousands of other T-Patch-

ers making up the 36th Division. "This is not just a rumor. Major Dale Watkins and I have checked into it with the regular Army men here. We find that the armory buildings are to be \$28,000 brick structures of the permanent type. The money is already allotted and the guard unit at Wellington is in line," Capt. Allen wrote The Wellington Leader.

"We are working for a picture of the building so that we can get it in The Leader and before the (Continued on Page Twelve)

QUAIL SCORES THREE RUNS IN NINTH TO WIN FROM DUKES 8-7

Wellington's Junior Dukes moaned the blues after losing a tight ball game to the Quail Quails in a post Fourth of July game. The Dukes fell again to the tune of 8-7, while the Quails kept the pace and continued to remain at the top of the league pile.

Wellington always has the same trouble they nearly win the game from the Quails but something gets in the way and the first thing the Junior Dukes know is that they have lost the game to the league-leaders by the usual one run. Both of the teams have met before and its the same old story.

The second game of this proposed double-header will be scheduled for a later date.

Wellington started the scoring spree in the top of the third as they clubbed-out four runs on a two-bagger, two singles, a base on balls, a fielder's choice, and an error. The Junior Dukes again poked the apple down the Quails throat in the fifth as three straight singles off the bats of Ed Bonneau, Jimmy Leggett, and A. C. Price accounted for the two Duke runs.

Quail managed to get one run in the fifth as Calvin Tow socked the ball for a three-base hit. An RBI was given to Jack Neeley as he smashed a single to score Tow. The Quails added two more runs in their half of the sixth as the inner wall of the Dukes defense collapsed for a few moments. A combination of three errors, a sizzling single by right-fielder J. C. Morris and a base on balls to the Quail hurler, Raymond Neeley accounted for the Quails' runs. The score at the end of six full innings of play showed the Junior Dukes leading by a comfortable 6-3.

The Dukes failed to push any runs across in the seventh inning, Quail ran two across to narrow the gap by one run. A two-bagger by Jack Neeley started the contest off, then the Wellington master-hurler, Paul Spillman, retired the next two men in order but S. Morgan greeted him with the second double of the inning to drive Neeley in. Gaylon Tow singled Morgan across with the final run of the frame.

Wellington scored their last run of the game as Buddy Cornelius trotted-around the infield and touched all four bases.

With only three outs ahead, a possible victory in sight, and leading a comfortable 7-5 the roof fell in. Three big runs poured across as the "Little" Dukes watched the lead evaporate and watched

the Quails score the winning run of the game. A hit batter, a double, a single, and two bases on balls was all it took. A heart-breaker to lose for the Dukes, but an outstanding win for the Quails.

Raymond Neeley was the winner while Paul Spillman went the distance for the Junior Dukes.

Jimmy Leggett was the big gun for the Dukes with two hits in four attempts. S. Morgan of Quail was their big gun as he paced the "covey" with two hits for five AB's.

Quail's record for the league season is (6-3). Wellington's record is (2-7).

County Woman to Tech for Workshop

More than 40 home demonstration club members will attend a creative arts workshop at Texas Tech from July 6-10. Mrs. Claude McKinney plans to attend to represent Collingsworth County.

The leaders who take training in this workshop will be available to teach what they learn to other interested women and girls. They will learn to create and apply original designs to articles and accessories for the home, costume, and gifts.

The women will learn fundamental elements and principals as they analyze commercial designs and evaluate standards for articles made at home. The second and third year groups will participate in a class on applied arts where they study textile design and processes as stencil, tie-and-dye, batik, freehand painting, or silk screen printing. They will also use native materials such as yucca, cane, sudan, and wheat straw, for knotting and braiding. A special activity will be designing games for home and family use, correlating with family life education.

The Fair Store

West Side Square

LOCO

By MRS. GEORGE ADKINS

Mr. and Mrs. G. T. Austin had a nice building moved here Tuesday to replace their store which burned June 22. Carpenters are busy re-modeling the building to fit the needs of the store and post office. Mr. and Mrs. Austin plan to be open for business in the next few weeks. Meanwhile they have established the post office in their home.

The Mannahan brothers were business visitors in the G. W. Adkins home Monday.

Mr. and Mrs. S. P. Tinner and family were business visitors in Vernon Monday. They went by Hollis and Gould. They reported a steady rain fell on them all the way to Vernon and back, with rain stopping at Hollis.

Carthel Lewis of the Kelley community was at the Wellington Clinic Monday for another check up. Mr. Lewis was injured in a fall from a tractor on his farm here about three weeks ago. He is slowly improving.

Radios were tuned to KGNC Amarillo Tuesday night to hear Evangelist Billy Graham. Mr. and Mrs. Jess White and Doris were in the audience at Amarillo. They said it was a wonderful experience to see 600 people in the altar at once asking for prayers.

Lloyd King has been in Dallas on business this week.

Billy Joe Patterson and Euland Branch of Wellington visited Mr. and Mrs. Jack Brown and family Thursday.

Sgt. and Mrs. Donald Smith and baby daughter of Wichita Falls were here for the holidays visiting Mr. and Mrs. G. T. Austin. Mr. and Mrs. Smith had their baby vaccinated for smallpox earlier in the week. They reported a lot of cases of the disease in and around Wichita Falls.

Mr. and Mrs. Gene Cook and daughter of Fort Bliss spent the holidays here with her parents and sister, Mr. and Mrs. L. M. Bartlett and Genevieve. Mr. and Mrs. Cook also visited relatives in Wellington while here.

Misses Mary Sue Crawford and Genevieve Bartlett were members of a young peoples group from the First Baptist church in Wellington who were in Wichita Falls Monday night to hear Evangelist Graham.

Jack Brown and George Adkins finished their wheat this week. Jess White at the Loco gin sure has been busy hauling water for this community.

Mr. and Mrs. E. V. McClendon were 4th of July dinner guests in the home of Mr. and Mrs. W. C. Minter in Wellington. This has grown to be a custom with these two families since they began living as neighbors many years ago.

Mr. and Mrs. E. S. Copeland entertained a group of relatives and friends on the 4th of July with a dinner.

A number from here have been attending the revival at the Presbyterian Methodist church.

Mr. and Mrs. W. M. Dufey and family were shopping in Wellington Thursday.

Bob Copeland is driving a new black car these days.

Mrs. G. W. Adkins visited Mrs. H. T. Sears in Wellington Friday. She also visited with Mr. and Mrs. Forrest Plemons of Chattanooga, Tennessee. Mrs. Sears daughter who is home on vacation.

The farmers here just work for a few hours early in the morning. The crops begin to wilt before noon. No rain fell here this week.

Mr. and Mrs. L. H. Wolf killed a big rattlesnake in their chicken house this week.

Congratulations to Mr. and Mrs. Johnny Patterson of San Diego, California, who have a new baby daughter, born June 23. Grandparents are Mr. and Mrs. Clarence Blevins of Quail and Mrs. G. K. Patterson of Wellington who is visiting the new arrival in California. The baby is the niece of Mr. and Mrs. Jack Brown of this community.

Congratulations to Mr. and Mrs. Clarence Woods who are the proud parents of a baby daughter, born in the Hollis hospital Wednesday, July 1. Mother and baby are doing fine and have been moved to the home of Mr. and Mrs. F. E. Woods, grandparents of the little girl.

Visiting in the J. C. Wolf home in Wellington Friday were Mr. and Mrs. L. H. Wolf, Mr. and Mrs. G. W. Adkins, Mr. and Mrs. Bill Wolf and children and Mr. and Mrs. Henry Wolf.

The shelter strip on the J. C. Devenport farm here is dying for the want of water. The trees have stood in many dry years, but this

year was just too much.

Several are replowing their wheat land. In case it rains, they intend to drill feed for a little fall pasture.

The Carter brothers marketed their cattle this week.

There will be no fruit here this year. The trees are loaded, but the fruit is drying on the seed. Lots of the trees are dying.

L. H. Wolf was on the sick list again this week.

Mrs. D. A. Preston and children visited Mrs. J. C. Wolf and Jimmy in Wellington Monday night.

Mr. and Mrs. John Kipp, Jackie and Johnny, of Long Beach, California, are here visiting her parents, Mr. and Mrs. J. H. McDanel and children and her brother, Mr. and Mrs. James McDanel and family of Wellington. Mr. and Mrs. M. F. McDanel and daughter and her sister, Mr. and Mrs. D. A. Preston and family, Mr. and Mrs. Kipp and children drove on to Maryland to visit his parents and returned here Friday for another visit. They left for home Sunday.

SALT FORK

By MRS. R. H. ISBELL

Still no rain — but lots of dry hot winds. Some cotton still looks good. Farmers are discouraged.

Our Sunday school crowd was small Sunday, just twenty three present. Little Wanda and Deborah Peters were our only visitors. They have been visiting their cousin, Linda Peters for a few days.

Mrs. Wright and Mr. and Mrs. R. H. Isbell visited Mr. and Mrs. Ira Morrow awhile Thursday night. Mr. Morrow has been sick the past two weeks. He was so bad last Wednesday Mrs. Morrow drove him over to see a specialist at Childress. The doctor was critically ill himself, but Mr. Morrow is better now.

Mr. and Mrs. C. A. Wright and family and Mrs. Maxwell visited Mr. and Mrs. C. D. Messer last Tuesday night.

Mrs. Ray Maxwell and children spent last Thursday visiting the C. A. Wrights and Mrs. Maxwell.

Mr. and Mrs. Walter Sweeden and Mr. and Mrs. Jack Pettie have been visiting the Ira Morris and the George Pettie's at Marella over the holiday.

Mr. and Mrs. G. C. Isbell and Billy visited the Wright and Isbell home awhile Saturday afternoon.

Mr. and Mrs. C. D. Messer were callers at the C. A. Wright home Thursday afternoon.

The Rev. Cleveland family of Kirkland were in Wellington one day last week on business. They were dinner guests in the Bill Clifton home. In the afternoon they drove out to the C. A. Wright home, also the Wright and Isbell home for a short visit. It's very dry at Kirkland, too. Bro. Cleveland said that ten families have had to leave looking for work, that belongs to his church. But they have forty-two families left, so they are carrying on fine. Everybody is worried and wondering what's going to happen if it don't rain soon. And we're all wondering the same thing here.

Had a letter from the W. F. Richardsons last week. They're back home in Fort Worth from their vacation trip. They had good luck all the way. They are both working at their jobs again.

Mr. and Mrs. R. H. Isbell were Sunday afternoon visitors in the

Lester Scott home. Mr. and Mrs. Earl Prince and family—also the Scotts' son and grandsons of Oklahoma City were dinner guests in the Scott home. Melvin Scott, the preacher son of Mr. and Mrs. Scott, has been holding a revival meeting at the open door mission in Wellington.

He is pastor of a church in Chickasha, Oklahoma.

Dinner guests in the C. A. Wright home Sunday were Mrs. Dee Harris, Mrs. G. C. Wright, Mr. and Mrs. John Gollighugh, Clyde and Jeanetta and Mr. and Mrs. R. H. Isbell.

Mrs. Wright, Mrs. Maxwell, Edna Ellen Wright and Mrs. Isbell visited Mrs. John Gollighugh awhile Friday afternoon before going on down to Fresno to attend the revival there Friday night.

The J. B. Cummings family were having a family reunion over the holiday week end we heard.

Mother Cummings was back at her home in Wellington over the week end. Her daughter, Mrs. Dee Harris, and Jeanetta Gollighugh visited her Saturday night.

Mr. and Mrs. C. A. Wright, Charles and Ellen and Mrs. Maxwell were supper guests in the Gollighugh home Saturday night. Then they drove down to Fresno for church services.

G. C. Isbell and Buddy Poteet took a truck load of cows to pasture down near Stillwater, Oklahoma, Friday. They report the grass is pretty and green, crops also were good down that way.

LILLIE

By MRS. G. D. THOMAS

Sunday school was well attended last Sunday at Lillie. Rev. Neal Powell preached Sunday morning and night. Every one enjoyed his good message.

Mr. and Mrs. Bill Langford and Mr. and Mrs. Billie Langford were Sunday guests in the Henry Langford home.

The only convertible that outsells Ford!

WHAT IS IT that makes Ford's Sunliner America's best seller? Is it its high-compression V-8 power? (No other convertible in Ford's field has this kind of engine.) Is it the fine craftsmanship of its Crestmark Body? (No body in its field can match Ford's choice of exterior and interior color combinations.) Is it its new spring and shock absorber action which makes even roughest roads feel smooth? (The Sunliner's springs are tailored to its

weight.) Is it the choice of Fordomatic, Over-drive or Conventional you get? (You won't find such a choice in any other car in Ford's field.)

No, it's not just any one of these things that make Ford America's largest-selling convertible. It's all 41 of Ford's "Worth More" features . . . features which folks know make Ford worth more when they buy it, worth more when they sell it.

DOUBLE STAMPS EVERY WED. DOUBLE STAMPS EVERY WED. DOUBLE STAMPS EVERY WED.

Deck's DIDACTICS

—By Deskins Wells

There was a delay on the pellets; but they are now in Wellington.

Seems to me that this would be a mighty good time to put a side of beef in your locker or deep freeze. Some cattlemen are reducing their herds by as much as 75 percent. This can't mean anything but higher prices for beef later on.

Have just about exhausted the notable library that Bernice Welch maintains on West Avenue, so I have turned to more serious reading. At the present time, I am deep in "Shakespeare of London." It is a book that should be a delight to anyone who has ever read any of his plays. It is a lively book about the London in the days of Shakespeare and Good Queen Bess.

Shakespeare was a comparatively wealthy man when he died at the age of 52; but he did not make his money from his immortal plays. He made his money as an actor and by wise investments in theatre property and real estate. In those days a playwright received very little money for writing a play. He sold the play to a theatre company and all rights even of publication became the property of the company. For instance Shakespeare sold some of his plays for as little as ten pounds (about \$10). Incidentally, he was a very good actor, although four or five of his immediate associates were considered superior. He was greatly beloved by his fellow actors. They were all men and boys in those days and his nickname was "Sweet Will." That seems odd for a genius who could write such tempestuous plays as "Macbeth" and "Othello" and "King Lear."

Good News: They are going to hold the annual reunion of the ex-students of Wellington High School again on August 22, Jimmie Cochran, Denzil Bevers, Dora Elizabeth McClaskey and Bessie Rainer are the big wheels in the movement this time. More power to them.

The free cartoon pictures for children will be held at the Ritz again this Friday morning at 10 o'clock. It is sponsored by the Ritz and quite a number of Wellington business firms. The show is free to any child in the Wellington area. The definition is interpreted very loosely according to Emmett Passmore. If some child from New York or California happens to hear about it and be here at the time, then they are considered in the Wellington area and they are welcome. In short, the show is free to children regardless of race, religion, place of residence. All Emmett Passmore wants the children to remember is to be very careful about crossing the streets when they come to the theatre and when they leave. He gives quite a talk to the youngsters at the end of each free show on safety.

Here is a piece of news that I have been expecting for two years and I can't understand why it did not happen sooner. The trend in over-production of cattle has been apparent for three years and the devastating drought has been on for over three years.

The news is that medium-sized cattlemen and farmers who raise cattle have revolted from the domination of the various state and national cattlemen's associations that have been controlled by very wealthy men. They are calling a meeting in Dalhart on Thursday, July 9th, at 2 p.m. in the Dalhart High School Auditorium. The temporary organization is headed by O. H. Finch Sr., R. S. Johnson, vice chairman, and S. E. "Eck" Brown, secretary.

I suggest that Collingsworth send a delegation to this meeting. I know O. H. Finch and R. C. Johnson both as to character and integrity. Mr. Finch, pioneer banker and cattleman, said that officers and directors of the big associations were so rich or have so many other financial interests, such as oil wells, that they can get along all right regardless of cattle prices.

Mr. Finch said, "They are not making their living from cattle as we small and medium-sized ranchers are." Mr. Finch said that the livestock industry cannot survive in a national economy which has price supports for other industries and none for the cattle business. Well, you figure it out, the meeting will be in Dalhart next Thursday. R. C. Johnson, the vice-president of this temporary organization lived in Wellington for many years.

Social Security Man Here June 15

A representative from the Amarillo Social Security Office will be here on July 15, at 9:00 a.m. in the County Court Room.

During July social security tax returns will be filed by employers who had one or more employees during April, May, or June. These reports will list the name, social security number, and amount of wages paid each employee.

According to J. R. Sanderson, manager of the Amarillo Social Security Office, experience has shown that the reports of large employers, listing hundreds or even thousands of employees, will be almost 100 per cent accurate. Most cases of returns being filed with missing or incorrect social security numbers will be among the smaller employers, those with only a few employees.

The reason large employers submit accurate reports, Sanderson said, is because they have learned that the only way to do so is to examine the social security card of each employee when he starts to work for them, copying his name and number directly from his card. By so doing the employer prevents needless correspondence and contacts, saves money for his Government and himself, and insures his employees getting credit for wages earned. Such a practice, of course, is available to all employers and affords all the same advantages.

July Month for School Transfers

July is the month to transfer children from one school district to another, B. W. Beaird, county superintendent, reminded this week.

Parents wishing to transfer their children should do this by August 1. Application forms are available in Mr. Beaird's office.

Methodists to Comer Revival

Evangelist G. P. Comer is holding a two-weeks revival at the Kings Memorial Methodist church in Childress.

Evangelist Comer opened the meeting in Childress last Sunday night, July 5.

Rev. Comer came to Wellington for a two-weeks meeting during the last part of January and the first week in February.

Some of the local church members have been going to some of the services at Childress.

Hugh Lyle of Dumas was here over the 4th visiting his sister and family, Dr. and Mrs. E. K. Jones.

On all these points of comparison... Chevrolet's farther ahead than ever!

... IN NEW AND ADVANCED STYLING—The new long, low, sleek lines of the 1953 Chevrolet set new standards of beauty in the low-price field. Here you will see careful detailing and a richness of appointments always before found only in much costlier cars.

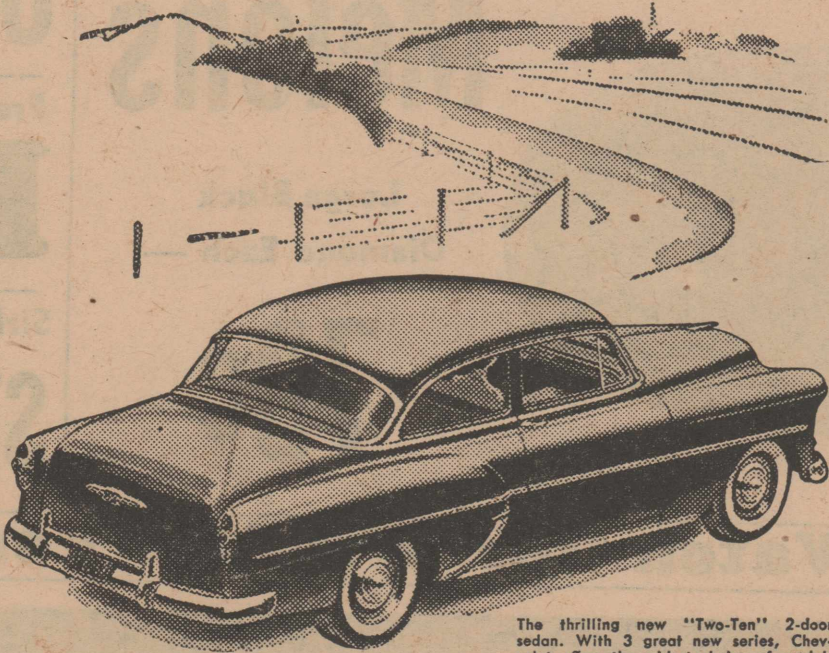

... IN HIGH-POWERED PERFORMANCE—The most powerful engine in the low-price field! The entirely new 115-h.p. "Blue-Flame" engine in combination with new Powerglide* brings you new high-compression power and a wonderful gain in economy, too. In gearshift models you will find the advanced high-compression 108-h.p. "Thrifty-King" engine.

... IN SMOOTH, SIMPLE AUTOMATIC DRIVING—Expect faster getaway with Powerglide's new automatic starting and passing power... and new economy, too. Chevrolet's new Power Steering* takes over 80 per cent of the work of steering, makes parking unbelievably easy.

... IN ECONOMY AND VALUE—Now, you'll get many more miles out of every gallon of gasoline. You'll save on over-all operation and upkeep, too. Yet Chevrolet remains the lowest-priced line in the low-price field.

... IN AMERICA'S FAVOR—Again this year—as in every single postwar year—more people are buying Chevrolets than any other car. In fact, latest official registration figures show that Chevrolet is over 25% ahead of the second-place car. Nearly 2 million more people now drive Chevrolets than any other make.

*Optional at extra cost. Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine available on "Two-Ten" and Bel Air models only. Power Steering available on all models.

The thrilling new "Two-Ten" 2-door sedan. With 3 great new series, Chevrolet offers the widest choice of models in its field.

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

Miss Corder Weds J. E. Stewart

A wedding of interest here was that of Miss Ruth Evelyn Corder and Julius Egan Stewart, which took place recently in Dallas.

The bride is the daughter of Mrs. Newton R. Roberts of Dallas and the late A. B. Corder, and the granddaughter of Mrs. J. S. Aaron of Wellington and the late Mr. Aaron. The groom's parents are Mr. and Mrs. L. A. Stewart of Shreveport, La.

The couple was married in the garden of the Roberts home. The Rev. Calvin Froehner officiated. Royal Jennings and Gregory Baper presented music.

Mr. Roberts gave the bride in marriage. Her waltz-length dress of white Chantilly lace was designed with short sleeves, a high molded neckline appliqued with lace roses, and a full gathered skirt. Long mitts complemented the costume. Her shoulder-length veil of illusion fell from a lace calot. She carried a white orchid with lilies of the valley on a white prayer book.

Miss Joyce Reynolds was maid of honor and Miss Betty Commons of McKinney was bridesmaid. George Aaron was best man; Sim Caldwell of Mesquite and Bill Thomas were ushers.

A reception in the Roberts home followed.

Mrs. Stewart, who has visited in Wellington many times, is a graduate of Fairmount College, Washington, D. C. and former student of Southwestern University.

The bridegroom attended Louisiana State University. The couple will make their home at Dallas.

IT'S YOUR MONEY HELP KEEP IT GOOD

The buying power of the dollars which all of us earn depend, in large measure, upon the way in which we manage our money.

When we spend needlessly and purchase unnecessary goods, living costs are bound to rise. And higher living costs mean dollars with lower buying power-dollars which are worthless. SAVE STEADILY. SAVE AS MUCH AS YOU CAN.

Our Terrible Thirst

If your town doesn't have to worry about its water supply, you're lucky. A lot of towns do.

Trouble is, some communities never dreamed that they might double and triple in size, that new industries would come to town, that citizens would use more water than ever before. We've reached the point where we use about 1100 gallons per person a day in the United States.

Yet why should water be short when 25 times our needs falls from the skies every year?

Unhappily, it doesn't always fall when and where we need it most. Many reservoirs were built with no idea that towns would grow so fast. And 75% of our communities rely on water from lakes and streams. Today many of these are polluted and require treatment before use.

When faced with a shortage, cities suddenly discover to their sorrow that new water sources take time to complete.

For years General Electric has contributed toward development of better and more efficient water-works equipment. This is not so unusual, since motors and other electric equipment are important in water systems, large or small.

Some of the things we've learned about water supply, and the related problem of water pollution, have been put together in motion pictures and booklets, prepared in cooperation with the U. S. Public Health Service. Any town fathers who are interested in what's available can write to General Electric, Room 123-2, Schenectady 5, N. Y.

SHEPPARD AIR FORCE BASE, Texas — A/3c Richard E. Boyles, 20, son of Mr. and Mrs. Frank Boyles of Wellington, Texas, has entered the Aircraft Mechanics School at Sheppard Air Force Base, Texas, the home of the largest technical school of this type in the world.

During his specialized training as a student at Sheppard he will receive intensive training designed to provide him with the thorough knowledge and basic skills required in servicing, inspecting and maintaining aircraft currently used by the United States Air Force.

Upon graduation he will be awarded the rating of airplane and Engine Mechanic. Along with the majority of graduates in his class, he will enter a course for advanced training or will be assigned to one of the major Air Force commands for on-the-job experience with first-line operational aircraft after completion of his schooling here.

Airman Boyles is a graduate of Quail High School. He entered the Air Force on February 4, 1953.

SC/3c Garland Turner, son of Mr. and Mrs. Sam Turner, has been transferred from San Diego, California, to the aircraft carrier, U. S. S. Kearsarge, which is bound for Japan. Turner had been stationed at San Diego for about 2 years.

EDITORIAL COMMENT — THE WELLINGTON LEADER

Driving is a Grim Business

A lot of us imagine the automobile as a wonderful plaything, a shining toy which responds magically to the touch of a foot on the accelerator pedal, a pull of the hand on the wheel.

Actually, it's a death-dealing machine if not controlled with extreme care. Put on U. S. highways with 50,000,000 others like it, a car represents a constant menace to safety.

Today's drivers have got to realize the danger. Too many still behave as if their car were a kind of floating living room, where good conversation, with plenty of head-turning, is the goal. Or a traveling picnic ground, with Daddy taking his eyes off the road now and then to reach for a sandwich.

In the 1953 whirlpool of traffic, driving is a grim business and nothing else. The National Safety Council says the average motorist makes 20 to 50 decisions an hour. And any wrong decision can be fatal. In heavy going, a driver is never more than one second away from an accident.

The man who climbs behind the wheel this summer-or any other time should approach his job with the same sober responsibility that any air-line pilot does. The hazards he will face are really much greater.

If he doesn't want to treat the job that way, he should stay home, or turn it over to somebody else who will.

Reward for Thrift

The thrift that was an incentive for investment in defense bonds during World War II became a discredited virtue when the purchasing power of those securities depreciated after the war and interest rates arbitrarily were kept at unduly low levels. As the inducement for saving diminished, inflation was fueled by heavy consumer spending, less equity was available for productive expansion and individual economic security declined.

Now it is gratifying to find that the traditional trait of thrift has regained its dignity and merit with the American people. The uptrend in interest rates and incident stabilization of the dollar have revived the incentive for saving among more people.

The Institute of Life Insurance regards this revival of thrift as a most healthy economic development both

from the standpoint of the investor and from that of the economy. It recalls that personal saving was one of the bulwarks in the fight against inflation in World War II and that this individual thrift helped to provide the new plants and tools that are behind the nation's vast production today.

Thus thrift has a twofold stabilizing effect. Intangible benefits include the reduction of improvidence and the incident dependence upon public charity. Actually, social security does not afford full economic independence for the retired worker because it was intended that he provide in part for that security by thrift in earlier years. Saving for a rainy day is no discredited platitude but an elementary rule that protects the individual against insecurity or adversity.

The Buck Creek Philosopher

Editor's note. The Buck Creek Philosopher on his Johnson grass farm on Buck Creek seems to be dealing in words this week, of which he has an inexhaustible supply.

Dear editor:

I do not like to talk about hard times, there is a school of thought in this country which says mention of the word depression should be banned from public discussion, that it's sort of like yellin fire in a crowded theater, but I am not a member of that school.

In the first place, I do not consider times hard now, except where it's dry or two cattlemen are gathered together, and I figure it's pretty difficult to have a depression when things keep goin higher and higher, with the exception of course of cattle, and in the second place, I do not believe anybody can talk this country in to a depression any more than he can talk it out of one in case one shows up. This country is not so shaky that a few idle words can move it in any direction and neither am I, and on top of that I know I have never had to consult anybody to find out for myself whether times were good or bad. A man who don't know whether times or good or bad, he's in pretty bad shape to start with.

Therefore, I was considerably amused the other day when I picked up a copy of a newspaper which somebody had used to lie on while he put a jack under his car to fix a flat, I was aimin to get down there and help him change it but when I woke up after a short nap under a shade tree he was gone, and read where a big city real estate man was hoppin mad because a farmer in East Texas had predicted a depression worse than the one we had before was on the way.

"What does that farmer know about such things?" he demanded, claimin the farmer ought to be silenced, and since nobody in his audience apparently answered, I will.

That farmer doesn't know a thing about such matters.

But I would like to hasten to add, I don't mind hastenin as long as it's just to add something and

you can do it without leavin the shade, that that farmer however is not by himself. There's a lot of real estate men in the same boat, along with a lot of other people.

The way I see it, there ain't hardly anybody who knows what times are gonna be like next year or the year after. We got lots of experts who can tell pretty satisfactorily what happened last year or the year before or ten years ago, but when it comes to knowin how business is gonna be twelve months from now, most experts, when you corner em, are busy doin something else.

Personally, I'm in favor of free discussion. The man who goes around tellin himself times are gonna be good forever is about the same as the man in a depression who goes around sayin times are gonna be hard forever. Regardless of how it seems, some women ain't gonna talk forever, it ain't gonna rain forever or stay dry forever, but in some places and with some women it's gettin close to it.

Yours faithfully,
J. A.

Bible Comment For July 12

Paul Spent Many Months in Corinth

Athens and Corinth were the two outstanding cities of ancient Greece. Athens had a background of a long history of culture and in Paul's day it was the university city of the Roman world. Corinth, which aspired to rival Athens, was the city of commerce. It was noted more for the luxurious living of its inhabitants rather than for its culture.

It was in Corinth that Paul spent one of his longest visits. It lasted 18 months and was his first to the city.

Apparently the church at Corinth was composed mostly of Gentile converts, although there adhered to the Christian way a few noted Jews. There was Crispus, the ruler of the synagogue, and Aquila and Priscilla with whom Paul lived and worked.

As the Corinthian church grew in numbers and dissensions appeared, Paul found it necessary to rebuke those who were fostering the feelings of division. Some of the finest chapters in his Epistles deal with the nature of Christian unity.

Some of the worst trouble came about when an eloquent teacher named Apollos came to Corinth some time after Paul had left for other parts.

Partisans foolishly made a certain rivalry seem to grow between the two men. Some people said "I am of Apollos." Others claimed "I am of Paul."

Paul rebuked this thoughtless partisanship vigorously. "Is Christ divided?" he asked. "Was Paul crucified for you?" He wanted no glory for himself but he was stirred by these un-Christianlike divisions of today.

It is not enough to name the name of Christ or to profess fellowship in His name.

"If any man have not the spirit of Christ, he is none of His." This description applies as much to churches as it does to individuals.

League Crown at Stake in Twin-Bill At Childress

No baseball at home this week for either county team. Wellington will be idle, while the league-leading Quail Quails could either sew up the league crown or drop out of sight. They will carry their banners to meet the Childress Orioles at Childress in a double-header.

As of now the Quails have met the Orioles only once this season and they took a split with the Childress crew in a twin-billing.

Quail will probably send J. C. Morris to the mound in one game and Raymond Neeley will try to cop the win the second game. Gaylon Tow is always ready in reserve if and when he may be needed.

The game time at Childress will start at 2:00 for the first seven-inning affair.

Bryants Buy Fort Worth Business

Mr. and Mrs. Tom Bryant, active in Wellington's business life for more than 20 years, have moved to Fort Worth, where they have bought and are operating the Elkins Sani-Serv, at 1806 Vaughn Blvd.

Their home address is 3406 Avenue I.

Mr. Bryant came here from Mangum in 1923 to operate the Welcome Cafe. He and Mrs. Bryant, who was reared here, were married in 1928, and for the 20 years following, they operated the Pullman Cafe. After selling it, they owned the Gordon's Old Fashioned Freeze, and later the King Court.

"We have sincerely appreciated the business the people of Wellington have given us during the years we were here. It is hard to leave so many good friends, but we do extend an invitation for you to visit us in Fort Worth," Mrs. Bryant said before leaving.

Her sister, Mrs. H. D. Boyer, the former Ora Lee Glasgow, also lives at Fort Worth.

Miss Cook to Teach At Rosenberg

Miss Dollie Cook, homemaking instructor at Samnorwood last year, has been elected to teach art in junior high at the Lamar Consolidated Independent School at Rosenberg for the coming year, friends here have learned.

Miss Cook will do graduate work at Texas State College for Women at Denton during the second six weeks of the summer term, working toward her master of arts degree. She is spending the first six weeks at her home in Louisiana.

Mr. and Mrs. Vernon Barton of Denver were here during the July 4th holiday to visit his parents, Mr. and Mrs. J. H. Barton, and his brothers and sisters-in-law, Mr. and Mrs. Gus Barton, Mr. and Mrs. Bob Barton and Mr. and Mrs. Tuffy Barton.

Typing Course for Adults Offered

A course in typing is being offered to the adults of the community, according to Supt. C. T. Roberts.

The course will be under the direction of Mrs. Charles Little, Jr., and only a limited amount of adults will be enrolled, he stated. Twenty people will be all the instructor can take. The course will meet on Monday and Thursday of each week at 7:00 p.m. and last for about one and one-half hours.

A small tuition fee will be charged for the use of the rented machines and the pay for the teacher.

Lee to Help With Explorer Work

Jimmie Lee, vice-president of the City State Bank in Wellington, has been selected to serve as the Assistant Explorer Advisor for the local post 32. Mr. Lee will assist R. L. Templeton, the present advisor.

Mr. Lee's background is broad and has led him into many of the different fields of scouting work.

He served as scoutmaster some years ago, and last year he was chairman of the district wide drive to raise funds to help operate the Comanche Trail council at Brownwood. For five years he served in the capacity as chairman of the local committee at Lometa.

Pan-Fork Camp Attracts 350

Baptist churches from all over the Panhandle have sent their youngsters to take part in the activities at the Pan-Fork Baptist Encampment during this week and next. Some 350 boys have been in the Junior boys camp just for the two days so far, Rev. Chester O'Brien stated.

The camps have been described as most successful and if the other three camps shape up and if the work that is done during the other camps is as good as the first then it will be the most successful camp ever to be had at the summer camp, Rev. O'Brien declared.

The intermediate boys will occupy the camp from June 8-10, then the junior girls will take the camp from the 13-15 and the intermediate girls will occupy the camp 15-17.

Jimmie Lee, vice-president of the City State Bank, spent the July 4th week end at his former home, Nacogdoches. Mrs. Lee and their children, who had been visiting there, returned with him.

John Gordon Thomas, son of County Agent and Mrs. J. W. Thomas, is working this summer at the W. E. Gillespie aperies.

WINS IN COLORADO SHOW

Joe Sunday, Quarterhorse stallion owned by E. C. Puryear, won first place in aged stallion class of the recent Pikes Peak or Bust Quarterhorse show at Colorado Springs. Joe Sunday is 12 years old, and his win is considered unusual because of this age.

PURYEAR QUARTERHORSE WINS IN COLORADO SPRINGS SHOW

Joe Sunday, 12-year-old quarterhorse stallion owned by E. C. Puryear, won first place in the aged stallion class of the Pikes Peak or Bust Quarterhorse Show, sponsored by the Rocky Mountain Quarter Horse Association at Colorado Springs recently.

Joe Sunday has been leased since February to the Rocky Mountain Race Horse Association at Colorado Springs and was entered in the show by that group. He competed in a class of 11.

It is unusual for a horse of Joe Sunday's age to win any prize in

a show, much less first prize, Puryear said. Prizes won by the quarter horse earlier included one fifth place as a three-year-old, two third places as a 10-year-old; and two seconds as a four-year-old. Joe Sunday was raised by Puryear, who bought him and his mother in Eastern Oklahoma when he was about four months of age.

people — because they must be behind the idea. This building, if built at this time in Wellington, will be of great value to the community for years to come. The materials and labor would be purchased there in town — and it would certainly help to secure new men for the guard, as well as add a beautiful building to the town.

... The thing is, these buildings are going to be built somewhere in Texas, and Wellington is in line due to the fact that we already the Guard Unit established there," he continued.

Continuing his letter along the lighter side of Guard life, Capt. Allen continued:

"With the exception of two very black eyes, the Medical Company has had no casualties in camp to date. . . . Major Watkins reports that these young men whom we have in the company, especially those just out of high school, show promise of making excellent soldiers. He says that these men can already hide out better than most 10-year-Army men — especially when there's work to be done — they just seem to fade away into the surrounding brush! Many of us are seeing the sun come up for the first time in months; our day begins at 5:20 a.m. and that's early!"

of the Invitation committee; Miss Dorothy Robertson, registration chairman; Billy Hatch, the annual dinner; Jim Leach, the alumni dance, and Mrs. Donald Curry, open house.

This year's event will follow the pattern set by the two previous successful reunions, Miss McClaskey said. Registration will begin at 9:00 a.m. and continue through the day. The business session will begin at 3:00 p.m., while the dinner, open house in various Wellington homes, and the dance are scheduled for the evening. The hours for these latter events will be announced later.

The names of graduates whose present addresses are being sought will be printed in The Leader next week.

Also, anyone who knows of a graduate who has moved or married during the past year, is asked to report that fact. An attempt is being made to complete a permanent mailing address of every Wellington high school graduate.

highlight the ideals of clearer thinking, greater loyalty, larger service and better living as expressed in the 4-H pledge: to encourage former 4-H members to continue their interest in and cooperation with the Extension program; and to provide youth with living examples of dependable, purposeful citizenship.

Jim Thompson Wins Scholarship

Jim Thompson, son of Mr. and Mrs. Loren Thompson and 1953 graduate of Wellington high school, has received a Sears-Roebuck scholarship to Texas Technological College for the coming year.

While the scholarships are the company, selection of the boys is made by the college, and each scholarship is valued at \$150.

The boys are chosen for outstanding vocational agriculture work during their high school years, according to M. L. Burks, vocational ag teacher here. Thompson was awarded the

Lone Star Farmer degree year, and in the 1951-52 year, a member of judging team, one of the Panhandle's leading schoolboy boxers and member of judging teams. In addition to his ag work, he was one of the Panhandle's outstanding schoolboy boxers and a member of the Skyrocket football team.

News of Men in Service

Frank Coates, who is stationed with the Army at Fort Sam Houston, is here on leave to visit his mother, Mrs. A. G. Coates, who lives near Quail.

Coates was night agent at the bus station in Shamrock at the time he entered service February 17.

At the end of his 10-day leave, Coates will report for duty at Fort Sill.

Thirty-two Rhodes scholarships, for study at Oxford, are assigned annually in the U. S.
