pages 7B-10B of today's Pilot.

Notable Notes

Rockport P.T.A.

The Rockport Elementary P.T.A. will hold its monthly meeting on Monday, April 5, at 7 p.m. at the elementary school. A program entitled "Drugs in Our Community" will be presented by Sheriff Bob Hewes and Ricky McLester. The Fourth grade classes will perform musical selections. Everyone is invited.

Little League

A meeting for those interested in Little League and Minor League has been set for 7 p.m. Thursday, April 1, in the Aransas County courthouse. Late registration and drafting will begin at this time.

Candy sale

The ABC Learning Center is selling candy a \$1 per bar to raise funds for renovation of the upstairs portion of the Learning Center building. The Center needs about \$6,000 and is trying to earn at least \$1,500 through the sale.

Key Allegro women

All Key Allegro women are invited to the Key Allegro Women's Club meeting at 11 a.m. Thursday, April 8, at the Sandollar Restaurant. Island women who have not joined the club but would like to attend the meeting may call 729-7614 for reservations.

ACMSI Rummage Sale

Moving and Rummage Sale of the Women's Committee of Aransas County Medical Services Inc. is Friday and Saturday from 8:30 a.m. to 5 p.m. at its old workshop and store in Encina Plaza. Bring any donations for the rummage sale all day Wednesday and Thursday at the Encina Workshop and Store.

Rape lecture

"How to Deal with a Rapist", a session with two films and a talk by Larry Olivarez of the Corpus Christi Police, will be scheduled for 8 p.m. Wednesday, April 7, at the VFW Hall. This meeting is open to the public at no charge and is sponsored by the Shapemaker Exercise Club and the Aransas County Sheriff's Department.

Shapettes

The Shapettes will give an aerobic dance performance at the Tourist Association's Pot Luck Supper on Wednesday, March 31.

Boosters meet

The Choir Boosters will meet at 7:30 p.m. Thursday, April 1, in the Choir Room. All parents should attend this important meeting at which financial matters will be discussed.

For six elections Saturday

By Pat Blair

Polls will open at 7 a.m. and remain open until 7 p.m. Saturday, April 3, for six elections in Aransas County.

Absentee voting, which ended Tuesday, March 30, indicates strong voter interest in four of the elections — the school board of trustees, the cities of Rockport and Fulton and a local option election that will legalize bingo in Aransas County.

In Rockport, election laws require that voters in both city ward will go to City Hall this year to cast their ballots. In past years, the city has had separate polling places for its two city wards, but because of a low turnout in the 1981 city elections, Rockport does not qualify for the separate polling places in 1982.

The one contested race is in the post for mayor where Alderman C.H. (Burt) Mills Jr. and Christi Vaughn are challenging incumbent Mayor Walter S. Falk Jr.

In Ward 1, Alderwoman Betty Jean Ward is running for re-election and in Ward 2, Alderman Murray McMillan is seeking re-election. Both are unopposed.

Election information for April 3

1. The Aransas County Independent School District election is on an at-large basis. All qualified voters in the school district are eligible to vote for all positions on the school board.

2. In the Rockport city election, qualified voters in both wards will cast their ballots at City Hall on April 3.

3. Polls for all elections will open at 7 a.m. and remain open until 7 p.m. on election day.

Strong turnout expected

Laurel Street is the dividing line between Rockport's wards, with those living south of Laurel in Ward 1 and those north of Laurel being in Ward 2. Residents of both wards may cast ballots for the city mayor.

Dedication speaker

U.S. Sen. Lloyd Bentsen was guest speaker at the dedication of Fulton's new

public fishing pier Saturday afternoon. Story on page 5 of today's Pilot.

Sacred Heart starts pre-registration

Well into the second semester of a successful first year, Sacred Heart Catholic School is currently pre-registering students for the next year, which will see the addition of a second grade class to the fully accredited private school.

In September of 1981, Sacred Heart re-opened after having been closed for 15 years. The re-opening of the school was brought on by the work of a group of concerned parents and local parishioners, who had met in April and voiced their desire that the school open.

Following a meeting with Father Gregory Dean, Pastor, and a second meeting with Sister Camelia Herlihy, Superintendent of Catholic Schools based in Corpus Christi, the self-appointed committee decided to continue research and plans for reopening the school for the 1981-82 year.

A pre-registration survey was conducted to obtain information on potential students and interested parents. Research by the committee members also was conducted on the financial and

structural feasibility of re-opening the school.

The committee, known as the School Board Committee, voted to re-open the school and to begin the first year with grades kindergarten and first. The original plan was to add a grade each year with fifth as the last offered, since local public school begins with sixth grade.

With the assistance of Father Deane, Sister Camelia Herlihy and other concerned parishioners and parents, the work to obtain teaching salaries, enrollment lists, tuition rates, a lunch program, fund-raising activities, building maintenance, playground equipment and curriculum guidance began. The school opened on Sept. 1, 1981.

The school is under the direction of a school board, elected Jan. 17, and the Superintendent Sister Camelia. As Superintendent of Catholic Schools in the Corpus Christi diocese, the sister heads 31 schools in the area.

Challenge gets big boosts for Choir's Vienna fund

The Rockport-Fulton choir is getting nearer and nearer to Vienna as funds from the community pour in. In the last week, the choir fund was bolstered to the tune of \$17,362.

Two large donations, made as a result of the challenge issued by Carl Moore and Sylvia Berry last week, came in from Jan Wendell and Phil North. Wendell, saying she would meet Moore's challenge and better his donation, gave \$1,100 and North donated \$1,000 on Monday.

Also meeting Moore's challenge was a \$1,000 pledge payment from L.E. Casterline, made Monday.

The American G.I. Forum also donated \$400 to the choir last week.

A special donation to the choir was made by Betty Smith, widow of Theron "Smitty" Smith. Mrs. Smith had received money in lieu of flowers following her husband's death last week and she has contributed these donations to the choir fund. She further encourages anyone who knew Smitty to make their own donation in his memory to the Choir Boosters.

Local merchant Ruth Barrow of Kitty's Fashions is donating 10 percent of her sales for the week of March 29-April 2 for the choir fund. Barrow joins a long list of other merchants supporting the choir's efforts, including Merle Norman Cosmetics, Taquitos Un-

[See Choir, page 12]

EMS needs new building

Aransas County Medical Services Inc. has announced plans for a new building to house the Emergency Medical Service (EMS) if funds can be raised.

Cost of the building — made necessary by loss of the present EMS offices at Enterprise Clinic in Rockport — is estimated at \$30,000, according to Chief Paramedic Bill Aston.

For the past two years, Aston said, the EMS has occupied a physician module in Enterprise Clinic. About July 1, a new physician is scheduled to move in — the fourth on the clinic staff — and will be using the quarters now used by the EMS.

"Although the ACMSI board of directors is gratified with the advent of another physician for the medical center," Aston said, "it does present a

problem of providing space for the paramedics."

Tentative plans call for construction of a building with offices for the paramedics, storage space for medical supplies and work areas for ambulance maintenance. "We hope," Aston said, "this building might possibly evolve into a training location and library for the volunteers in the future."

A fund has been established for donations for the new building, construction of which must begin immediately to meet the July 1 deadline.

Contributions to the fund are tax deductible and anyone wishing to donate is asked to call Aston at the EMS office, 729-2112, or mail the donation to Aransas County Medical Services Inc., "Building for EMS," P.O. Box 821, Rockport, Tx. 78382.

Bohn. Leslie (Googles) Cole is running unopposed in Place 3 in those elections.

Elections for two trustees of the board of the Aransas County Independent School District will be in Rockport-Fulton Junior High Cafeteria. School board candidates are elected on an at-large basis with all qualified voters in the ACISD eligible to vote for trustees in both posts.

In Place 3 on the school board, Margaret (DeDe) Dick is seeking election against incumbent J.W. Harden. No incumbent is running for Place 6. That position has become a four-way race between James O. Jennings, Annabelle Casterline Henry, Mitch Ammons and Nelda Lee. Terms are for three years.

The fourth election that appears to

[See Turnout, page 12]

Rozzell refutes Holman

By Ted Norman

In a response to the statements made by Aransas County Navigation Commissioner Kirk Holman in the March 31 issue of the Pilot, ACND attorney Reese Rozzell said, in an interview at the Pilot office, that he is innocent of all charges and that he would provide proof.

Rozzell, saying he was very upset over Holman's remarks, told Pilot publisher Bob Scott that he would provide documents to prove Holman's remarks completely wrong.

Rozzell later produced five documents which he says proves Holman's remarks to be totally false.

One document, headed, County of Aransas, County Officers Official receipt number 14676 shows that Rozzell filed the papers concerning Holman's conflict of interest matter on February 1, 1982.

Holman charged it took Rozzell four months to file the papers. Rozzell says it took less than two months.

A copy of the minutes of the Dec. 7, 1981 special meeting of the Aransas County Navigation District shows that during that meeting Commissioner Dave Maguglin made a motion that the conflict of interest litigation question be presented to District Court. Commissioner Hal B. McKnight made a second

The Bluff collars Rockport Pirates, 2-0

Unable to score runs after men got into scoring position, was the story of Friday's Rockport-Fulton loss to Flour Bluff by a 2-0 margin.

In only one inning did the

Pirates not threaten to score, but they could never get the timely hit to push the runs in. Coach Skip Richardson commented, "We just couldn't get the big hit when we needed it."

The Pirates opened their attack with Rudy Zavala leading off the game getting on base by way of being a hit batter. Before the inning was over, the Pirates left Zavala stranded at third.

The story was the same in the second when Adam Harden was hit by a pitch, moved to second on a sacrifice, and then was left there.

In the third the Pirates posted their most serious threat when pitcher Tim Redden led off with a hit. Eric Commander followed with a hit, but the Pirates never crossed the plate.

Harden got a hit in the fourth and stole second to give the Pirates another batter in scoring position, but he never crossed the plate.

Flour Bluff got their first score in the fourth inning, and the Pirates were lucky to get out of the jam with just one scoring.

Bill Jennings picked up a hit in the fifth, but that was to no avail. In the sixth the Pirates did not threaten.

The Bluff got another run in the sixth and actually took themselves out of a big inning when a runner missed third base. That out shut off a big inning.

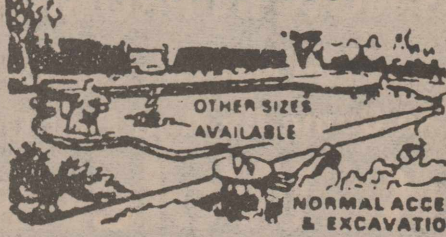

With one last chance to tie the game or go ahead, the Pirates came to bat in the seventh. Aaron Commander led off with a hit, but the story was the same as he was taken out on a force play.

The Pirates have been shut out for two straight games, and will be trying to shake off the collar this week.

Rockport-Fulton Lady Pirates grab third

Rockport-Fulton's Lady Pirates grabbed third place at the Sinton Meet this past weekend.

In the distance events, the Pirates had second in the 3200 meter run from Lory Broadhurst, a third from Jana Brown, and Amy Barlass took fourth in that

event. Brown came back to take-sixth in the 1600 meter run, and Lee Anna Cassel was sixth in the 800 meter run.

The relay teams claimed two fourths and a sixth to net points for the Lady Pirates. The team of Sylvia Ayala, Kelly Mack, Nana

Cassel and Carla Perkins were fourth in the 400 relay. Ayala, Mack, Perkins and Pam Willett ran fourth in the 800 meter relay. At

the longer distance of 1600 meters, Mack, Willett, Cassel and Tammy Barlass had a sixth place finish in that event.

Perkins had the fifth best time in the 100 meter dash, while Ayala took fifth in the 200 meters.

At the JV level, Missy Krogsgaard threw the shot to a third place finish. Ellenor Lott leaped to a third place in the long jump.

Closing out the scoring for the JV was the team of Lisa Dahl, Marla Blair, Nancy Barrera, and Cindy Barrera which took sixth places in the 400 meter relay and the 800 meter relay.

Now the Lady Pirates have to get ready for the district meet.

Late registration continues

Late registration for Little League and Minor League in Aransas County will continue through Wednesday, March 31, with final registration of youngsters from 5 p.m. until 7 p.m. at H.E.B.

With the exception of the senior league, whose registration has been extended one more week, and those who have just moved into this area, there will be no more registrations taken after this, according to a release from Little League

officials. From 8:30 a.m. until 5 p.m. Wednesday, registration will be in the office of attorney Allen Lee in the Sandpiper Building on Hwy. 35 North.

As of Thursday, March 25, the original registration deadline, 83 boys and 50 girls had signed up for the Little League and 47 boys were signed for Minor League. In Senior League registration, 35 boys and 14 girls had signed up by last

week. Little League practice starts Monday, April 5, and the Little League will officially open at 4 p.m. April 17, with a parade.

The parade will be followed by a slow-pitch game between Little League coaches and managers and the Aransas County paramedics and law enforcement personnel. Game time is 7 p.m. and barbecue and refreshments will be available.

Sports from the press box

With Joey Sasso

"I won't talk about boxing," said Ken Norton, first over the phone from his Los Angeles home. It's acting, not fighting, that Norton wants to be known for now.

But seeing as the 6-2, 230-pounder was once, briefly, heavyweight champion of the world (in the eyes of some people, anyway), and seeing as he retired with a record of 40 victories, six defeats and one draw, it's hard to avoid the subject.

Pressed, he opened up a little. Boxing was very good to him in many ways, he said. An unknown in 1973, Ken Norton pounced into boxing fame with one good punch that broke Muhammad Ali's jaw. His future was wide open. And he did well in subsequent fights, but a controversial 1976 split decision that gave a rematch to Ali began to bend Ken Norton's spirit.

In the two years that followed, Norton became the subject of an on-going dispute among the world boxing hierarchy that left even the lawyers confused.

He was given the heavyweight crown in 1978, only to have it snatched out of his gloves by Larry Holmes. The politicking and deal-making soured Norton on the fight game, and when his manager Bob Biron died in 1978, Ken left the ring with a lot of grace and very few regrets.

"No," he said, "I don't miss boxing. I learned how to box in my 20s, and I didn't do it as a means to exist. I figured it would open doors." It did, and probably still does.

Remy, the beautiful St. Bernard who stole the show for Remy Martin Cognac at the John Denver Celebrity Ski Race in Lake Tahoe this past weekend, on NBC-TV.

Bag limits proposed

AUSTIN — Redfish bag and possession limits for freshwater lakes have been proposed by the Texas Parks and Wildlife Commission.

Meeting in Austin recently, the commission recommended the same bag and possession limits as those established for saltwater, at 10 per day, 20 in possession.

Anglers catching redfish in freshwater reservoirs would be allowed to retain reds measuring 16 inches or longer, except none longer than 35 may be retained. In saltwater, the maximum length limit is 30 inches.

Officials said since redfish do not reproduce in fresh water, an upper length limit is not needed. However, the 35-inch maximum was written into legislation governing the taking of redfish in the state and cannot be modified by a regulation change.

The department stocked redfish in seven Texas reservoirs in mid-1981, and the fish are expected now to be approaching the 16-inch legal length. Reservoirs stocked were Braunig near San Antonio, Kemp in Baylor County, Mountain Creek in southwest Dallas County, Tradinghouse and Lake Creek near Waco, Colorado City Lake near Colorado City and Walter E. Long east of Austin.

Previous stockings of redfish at Lake Braunig have shown the introduced fish have a faster rate of growth in the freshwater lake than their counterparts in saltwater environments.

Checking tax return speeds refund, says IRS

The Internal Revenue Service offers a two-pronged approach to avoiding time- and money-consuming errors on your federal income tax return. First of all, be fully prepared before you start filling out your return. Start as soon as possible — and before you begin, check the following items:

Do you have all necessary records and forms

easily accessible?

Do you have plenty of time? (Rushing leads to errors.)

Have you received a Wage and Tax Statement (W-2 Form) from each employer you worked for during the past year?

Do you anticipate any questions or problems? Are you puzzled about any particular law changes? If so, check your instructions. Also, check with IRS. They may have a free publication

that will answer your questions.

And before you send it, do this final check:

— Are all W-2 forms attached?

— Are all supporting schedules attached to your Form 1040?

— Is the arithmetic correct?

— If you rounded off numbers, did you round consistently?

— Did you use the correct tax table, and did you follow the line across to the

correct figure?

— Is the return signed and

dated (by both spouses if a joint return)?
— Did you use the peel-off label and if so, is the information correct?

— Is there a stamp on the pre-addressed, coded envelope?

— Did you make a copy of the return for your own records?

Live Oak auction items

This cheerful clown has a reason to smile. She's displaying some of the items available at the Live Oak Elementary Country Fair on April 3. The handmade quilt in the background is courtesy of Margaret Garret, the belt buckle is a Reta and Fred Sydow original

design, the stained glass is by Dale James and Betty Walters painted the picture of the windmill. All this and much more await the Country Fair-goer

during the hours of 6-9 p.m. at the school. [Photo by Becky Werhan]

Ammons, Radow in Southwest Texas Symphonic band

SAN MARCOS — Two Rockport residents are among the members of the 68-piece Southwest Texas State University Symphonic Band which will be performing at eight Texas high schools in seven cities during

its annual Spring concert tour March 29-April 1.

The SWT Music Department band will perform in Austin, Elgin, San Antonio, Beeville, Harlingen, Weslaco and Brownsville before returning to the university

campus for a tour-concluding concert at 8:15 p.m. April 1 in Evans Auditorium.

Band conductor is John C. Stansberry, director of bands and orchestral activities at Southwest Texas State. Assistant conductor is Thomas H. Waggoner. Music faculty members David Pino on clarinet and Ellen Henrikson on horn will be featured in select concert numbers.

Rockport band members include Linda Ammons, P.O. Box 555, piccolo, and Beth Radow, Box 273, flute.

Car reported missing

A 1979 Chevrolet Monte Carlo valued at \$3,000 was reported taken from the residence of Cande Solis last Thursday, March 25.

The theft allegedly occurred between noon and 3 p.m.

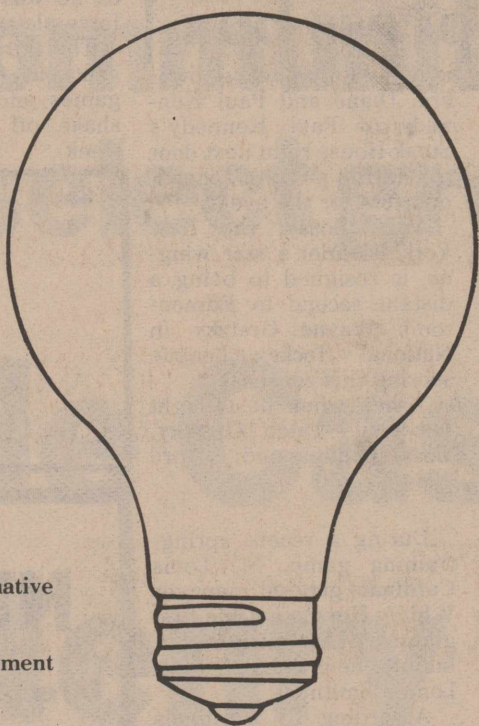

Assault

David C. Davis is scheduled to go before the grand jury April 13 on a charge of aggravated assault against Mark Holmes following an incident that occurred March 14.

Davis was also charged with possession of marijuana and pleaded guilty to that offense after marijuana and marijuana seeds were reportedly found in his residence.

DWI

Deputies made one arrest on March 25 on a charge of driving while under the influence (DWI).

Live Oak has Country Fair

Live Oak Elementary School will be holding its Annual Country Fair from 6-9 p.m. Saturday, April 3.

The event, held at the school, is always a "huge success," say sponsors, and this year promises to be no exception. The parents and friends of the students have been working hard to make this year's fair the best ever.

There will be plenty of food and lots of games to ensure fun for everyone. Tickets will be sold at the school for 10 cents each with most games costing one ticket.

Also a country store will feature craft items which may be purchased and a kitchen will feature hot

dogs, nachos, chili pies and an array of other foods and drinks.

One of the main attractions is the auction with Dan Adams doing the auctioneering honors.

This year as in the past, the Live Oak fair workers have obtained some exceptional items for the auction.

These include a stained glass designed by Dale James for the "Unicorn's Doorway Shop," a sterling silver belt buckle designed by Fred and Reta Sydow, of

Sydow Jewelry, a painting by Betty Walters and a handmade quilt by Margaret Garret and several

other items.

There will also be drawings for adults and kids plus lots of surprises.

Fulton fishing pier dedicated Saturday

By Pat Blair
FULTON — With almost 200 area residents in attendance, U.S. Sen. Lloyd Bentsen cut the ribbon that officially opened Fulton's new public fishing pier in ceremonies at 1:30 p.m. Saturday in the Paws & Taws Building.

The ceremony, originally scheduled at the pier site, was moved indoors because of the weather.

Fulton Mayor L.E. Casterline opened the ceremonies, introducing members of Fulton's city council and his wife, Zora, and adding, "Their help and dedication made this possible."

Rockport attorney Lola L. Bonner, chairman of the county Democratic Party organization, introduced Bentsen who was guest speaker at the ceremonies.

Miss Bonner told those at the dedication that the existence of the new 1,000-foot-long public fishing pier is "directly attributable to Sen. Bentsen's office."

The pier is constructed with funds through the Coastal Energy Impact Program and, Bonner said, Texas gave notice to the federal government that the state would not participate in this program after April 30, 1981.

The Fulton pier and several other projects were still pending at the time and would have been cancelled after the April 30 cutoff date. But, Miss Bonner said, representatives from Sen. Bentsen's office called Austin almost daily, pressuring those in charge of the CEI program to push through the pier project. "It was through the perseverance of Sen. Bentsen," she said, "that your pier was approved on April 29, 1981."

Bentsen began his remarks with, "I'd like to say who really gets the credit for this (pier). Lola Bonner says my office was calling Austin every day — well, guess who was calling my office every day. I was getting calls from Lola Bonner, Mayor Casterline, saying, 'Don't forget the pier for Fulton.'"

Bentsen then launched into his stand on various political issues facing the nation, saying, "There is no question we have to get the budget back more into balance. There is no question that we need a strong defense."

"We have problems," he said, "but I believe these

problems are not insurmountable.

"In this country," he said, "we have farmers that raise food for themselves, 52 other Americans

and 24 people overseas. You've got four billion people in this world and half of them would move to this country tomorrow if they could."

Following his speech and a response from the Mayor, Bentsen cut the ribbon in front of the Paws & Taws dais, assisted by Rockport Area Chamber of Commerce President Pat Brown and Manager Carolyn Beebe and with members of the Fulton city council looking on.

Officials from the cities of Rockport and from Aransas County and the county navigation district were on hand at the ceremonies, as well as representatives from area banks and businesses and candidates for various local offices.

Pier in use

railroad commission sets oil rate at 100 percent

DALLAS — The Railroad Commission today set the Texas oil production rate for April 1982 at the market demand factor of 100 percent for the 62nd month in a row and the 118th time since the Commission first went to the ceiling level in April 1972.

Chairman Jim Nugent and Commissioners Mack Wallace and Buddy Temple directed the continuance of the maximum statewide allowable after receiving and reviewing purchaser nominations for Texas oil in April totaling 2,420,367 barrels per day, a decrease of 39,025 barrels daily when compared with March 1982 buyer requests. April 1981 nominations totaled 2,590,116 barrels daily.

Next month's permissible rate of output is calculated to average 2,990,139 b/d with actual production estimated at 2,415 million b/d. The maximum allowable applies to all but 10 fields in Texas that are assigned lower legal

rates of flow for conservation purposes. Actual production in April 1982 was 2,463,100 barrels daily.

Nugent reported that April 1982 nominations for the purchase of Texas gas totaled 23,350,696 Mcf/d (thousand cubic feet per day). Gas nominations for

March amounted to 24,523,689 Mcf/d. April 1981 gas nominations totaled 24,237,960 Mcf/d.

The next statewide oil and gas hearing will be held Tuesday, April 20, at 9 a.m. in Midland at the Holiday Inn-Country Villa (Holiday).

76 students are on honor roll

Some 76 Rockport-Fulton Junior High students were named to the fourth six weeks honor roll of the school year. Of the 76 making the honor roll, 40 were sixth graders, 11 were seventh graders and 25 were eighth graders. To be eligible for the honor roll a student's seven six weeks grades must total at least 630 with no failures. Students making the honor roll were sixth graders Deanna Appell, Jeromy Arnold, Alice Barnebey, Kelli Beck, Monica Boone, Jane Bradshaw, Kathy Britz, Kellie Collette, John Collie, Melissa Cosby, Michelle Cosby, Jennifer Cox, Jennifer Daly, Lan Dang, Frances Dearing, Kannika Duncan, Tami Galloway, and Alicia Garcia.

Also Joseph Garcia, Brenda Garza, Mary Harder, Jimmy Hatler, Shelly James, Barbara Kearney, Lee Lari-

more, Liquita Lewis, Carrie Livingston, Dawn McMahan, Stephanie Miller, Thomas Murphy, Victoria Perez, Thomas Price, Adam Rios, Ross Roberts, John Schutz, Chris Smart, Sarilyn Taylor, Ty Turner, Georgia VonHeuvel and Van Vu.

Also, these seventh graders: Ricky Adkins, Krista Barksdale, Lisa Davenport, Ben Friebele, Tricia Gardenhire, Kris Gillis, Melissa Lara, Barry McKinney, Allison Meyer, Tisha Owens and Ward Scobee.

The following eighth graders were on the honor roll: Kristen Barnebey, David Blankinship, Jason Bradley, Loretta Cassel, Monica Castro, Jennifer Crawford, Christie Garrett, and Lori Gates.

Also, Melissa Hunter, Johnny Ince, Keith Krenk, Russell Lee, Andrea McLester, Kimberly Meyer, Michael Moers, Michelle Moon, Yvette Munoz, Quoc Nguyen, Greg Norrell, Thomas Owens, Donald Perkins, Maria Picarazzi, Nathan Taggart, Bay Tran and David White.

Clean-up efforts lauded

It is gratefully acknowledged that the following people contributed toward the partial clearing of Copano Ridge Channel.

Mr. and Mrs.: Ralph Pyle, R.E. Jones, G.E. Smith, J.E. Johnson, Jack Frazier, M.P. Jack, John Elslager, D.R. Hill, Bland Davis, Charles Keller, Willis Poole, Don Dragon, Robert Schas and J.A. Dibattista.

With spring fever near can love be far behind

(FORT WORTH, March) With spring fever nearing, many will begin to ponder the nature of love which strikes like a deadly disease each year at this time.

There are 13 signs of variables one can look for in love, contends Dr. Jack Scott, director of Texas Christian University's Counseling Center.

The first is that love is freely expressed. "It is not an expectation of the same in return," he said. "Love is not cost accountable. You cannot insist that someone love you back."

Love is active rather than an activity, he emphasized. There are many people who are really engaged in lots of activity, but there's not that sense of personal involvement and investment.

Dr. Scott also defined love not as a noun, adjective, adverb or pronoun but as a verb. "Love acts; love does."

Love is a productive process.

In addition, love is assertive — not passive or aggressive, said Scott. "Being assertive is standing up for your rights without infringing on the rights of another individual."

But there's another aspect of love that sometimes confuses people, added Scott. When we feel hurt, the fact remains that "love sometimes is more clearly expressed by anger than by 'tender loving words.'"

press honest thoughts, feelings and desires with concern for the other as well as for himself.

Love is static; it changes and grows.

Love is self-caring, not self-denying.

Love is being, not having. It is experiencing a sense of deep and mutual interest for one another.

Love is nourishing. It is something which helps us grow and evolve.

"There is a mutuality of interest in people who love each other," concluded Scott.

Need a COLOR PRINT from your favorite COLORSLIDE
Takes only a minute and 95 cents each at
729-5422 **JOHNSON'S DRUG STORE** 501 S. Austin

Another important component of love is that it is not just talk. "If you love someone you follow through by acting, being, demonstrating and showing what it is you think and what it is you feel," he said.

Love is helpful, not harmful.

Leafy plants to be future source of energy

Gas station attendants of the future may be asking automobile drivers whether they want to fill up with regular, unleaded or "leafy" varieties of fuel.

The "leafy" brand would come from certain kinds of plants and trees — the as-yet-untapped sources of petroleum-like substances. Preliminary research suggests that at least 30 different plants could someday be farmed for hydrocarbons — the organic compounds found in crude oil but also manufactured by nature in

certain plants.

One such source of "green gold" is the copai-ba tree, found mostly in tropical forests. Its sap, almost the same composition as diesel fuel, can be taken directly from the tree and used to make diesel engines run. One acre of these trees could provide 1,000 gallons of fuel a year, according to scientists who are working to grow copai-ba trees outside of their native tropical rain forests so that their sap can be harvested more easily and

efficiently.

The desert plant "gopher-weed" may be another potential source of fuel, one that could produce up to 10 percent of America's needs. Indigenous to the southwestern part of the United States, gopher-weed, mixed with certain chemicals, can produce several barrels of oil per acre. This plant's promise has prompted one Cleveland-based oil company to draw up plans for a pilot plant to process "gopher-oil."

The milky sap that gives milkweed its name can also be processed into fuel, but like most of these plants, milkweed as a practical energy source may be years away. Scientists need to develop a productive, disease-free breed of the common plant before its use will be commercial.

Among other plants that may someday be used to run engines is the sunflower, the big yellow blossom whose seeds are pressed into oil for cooking. With the addition of a little acid, says Ranger Rick, sunflower oil burns better and pollutes less than the diesel oil in use today.

Plants will probably never fill all of the world's energy needs, Ranger Rick reminds his readers. But if these oily plants are developed and used wisely — may well take their place alongside oil rigs as producers of automobile horsepower.

Petition writers sought

Kathy Gummer says she hopes everyone will respond to a memo being passed out in some of the schools in the area by representatives of Madelyn Murry O'Hair in an effort to take religion out of schools and off the television and radio.

According to Gummer, the memo says that Activist Madelyn Murry O'Hair has been granted a hearing in Washington regarding religion and the airways by the Federal Communication Commission.

The petition, number 2493, would pave the way to stop reading the gospel or preaching on the airways of America. It would also eliminate religious services for shut-ins.

According to the report O'Hair has 27,000 signatures on her petition to back her up. And if her attempt is successful, all Sunday

worship being broadcast on radio and television will stop.

Gummer says that many people fear that if the petition is successful elderly people, shut-ins, the sick and those in hospitals who depend on radio and television for worship each week will be without it.

According to the report Mrs. O'Hair is also campaigning to remove all Christmas programs, songs and carols from the public

schools.

Gummer says that one million people are needed who will spend 20 cents an mail a statement to the Federal Communications Commission. Those who do mail a letter should be certain to put the petition number, 2493, on the outside of the envelope.

The address is Petition NRM, #2493, Federal Communications Commission, 1919 M. Street, N.W. Washington, D.C. 20035.

A natural form of pest control

By Faye Barrera

The sweet song of the purple martin is being heard loud and clear at many homes in the Copano Bay area. This season's migrants bring a variety of nesting houses, styled and handmade by admirers of

the little bird.

February is the usual arrival month of the birds; however, according to Nolan Phillips, both of his houses were occupied by late January. But George (Smitty) Smith pinpoints February 9 as the date when he noticed six or seven scouts inspecting his premises. A few days later all of his houses were taken, including his 24 space apartment which he calls his "condominium."

Smith and next-door neighbor John Elslager, operate their houses conjointly more or less. This season they found a way to make the homes of their feathered friends more comfortable. To each of the houses they added roosts made from old discarded TV antennas. They used the longer parts of the antennas to make high bars, which serve as perfect "landing strips" in the busy zone. These improvements are very popular with the birds, they noted, and the novel idea has been favorably received by other bird activists.

After several seasons of watching and studying the bird, the two neighbors now claim an affinity with the martin mind. They cite an occasion when a small one was caught in the leafy branches of a tree. To the rescue came six or eight adults, and, say the partners, the resultant cluck, chirps and assorted bird noises were the efforts of the older ones to soothe the entrapped chick. All this clamor continued until the squawking prisoner was free. And as the breeding process heightens and fledglings are crowded from the nests,

Passive smokers fared as bad as smokers in tests

NEW ORLEANS — Passive smokers — those who breathe in the smoke from other people's cigarettes — fared just as badly on certain tests of pulmonary function as active smokers in a recent study made by Dr. Heinz H. Wittig, head of the allergy department of the Ochsner Clinic, New Orleans.

The results of the survey of 322 non-asthmatic and 72 asthmatic subjects appeared in the spring issue of Ochsner Report, the quarterly publication of the Ochsner Medical Institutions.

The similarity of reaction between passive and active smokers showed up dramatically in those tests which involved functions of the small airways, those tiny passageways on the periphery of the lungs which tend to close down and eventually cause emphysema. "Although certain individuals may be completely unaffected by smoking heavily for decades, the average individual will suffer ill effects in the long run," Dr. Wittig says.

"The bottom line of the study is that somebody who lives and works with someone who smokes heavily develops difficulties in his small airway functions as if he had smoked himself," points out Dr. Wittig, who presented his findings at a recent meeting of the American Academy of Allergy. The results of the study were published in a recent edition of the Journal of Allergy and Clinical Immunology.

Dr. Wittig found that the large airways were not significantly affected by smoking. That is reflected in the two important measurements of vital capacity and peak flow. Vital capacity measures how many liters of air can be taken in with a

deep breath and expelled. Peak flow indicates how fast the air comes out.

The study was quite different when measuring the function of the small airways, his points out. "Those measurements which have some use in the assessment of small airway functions were significantly lower in active and in passive than in non-exposed non-smokers among both asthmatic and non-asthmatic persons tested," he states.

Dr. Wittig says his work is an outgrowth of other studies made on children in 1979 in which it was found that children of smoking parents had significant decrease in their small airway functions when compared with the "normals." The damage was twice as great if two parents smoked than if only one smoked.

His own study showed that a non-smoker who lives with someone who smokes a pack a day will show about the same damage to the small airways as the "light" or five-cigarettes-a-day smoker. This was true for both asthmatics and non-asthmatics.

All is not hopeless, however, Dr. Wittig says, pointing out that "damage to the small airways can correct itself, to some extent, with time." In the ex-smoker category, subjects who have not smoked too heavily for five years or more could regain some of their lost pulmonary function. "We intend to follow-up these ex-smokers with pulmonary function tests for several

years to determine how long it takes for the ex-smokers to regain some of their functions," he says.

Sewer contract awarded

A contract for repair of a 12-inch sewer line that collapsed recently was awarded in an emergency session of Rockport's city council at 10 a.m. Monday, March 29, in City Hall.

The contract was awarded to Heldenfels for a bid of \$12,500. A date was not given for completion of the project but work was scheduled to begin right away.

The emergency repair job was made necessary when a sanitary sewer line caved in and the manhole began sinking at Gagon and Laurel streets. Sewerage will be pumped into another manhole while repairs are being made on the

Cancer Crusade starts here on Thursday

The Aransas County unit of the American Cancer Society will launch its 1982 Cancer Crusade Thursday, April 1.

The local drive, with a goal of raising \$5,500 for the ACS, will extend through the entire month of

April with Alice Moore heading up the residential campaign and Rick Schilling in charge of the business campaign. Schilling is president of the Aransas County ACS unit.

The residential campaign will be conducted door-to-

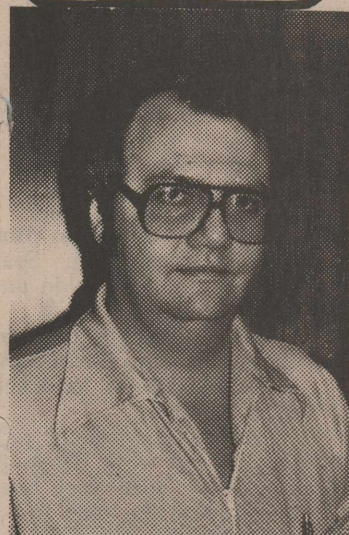

door, Schilling added.

Money raised through the annual Crusade is used for research, service-rehabilitation for cancer patients and for professional and public education. The bulk of every Texas dollar donated goes to these pur-

poses, according to ACS officials, with six cents being used for management and general expenses and 11 cents to cover the costs of Crusade. On a local basis, a serv-

ice/rehabilitation division chaired by Rev. Walter Clark provides medical equipment, transportation and counseling and information to cancer patients and their families in Aransas County.

Pharmacy Topics

Occupational hazard: doctors are seeing "cuber's thumb" — irritation caused by playing with cheap Rubik's cubes that stick. Rx: Aspirin, and a better-made, non-sticking cube.

Animal fats may make acne worse, some dermatologists suggest. They recommend a diet high in polyunsaturates.

Simplified screening test can spot amblyopia ("lazy eye") in young children. Early diagnosis is necessary for successful treatment.

To prevent the loss of a fingernail after you've banged the finger with a hammer or a heavy door, squeeze the injured part steadily for about five minutes. Sure, it hurts, but it will keep a bruise from forming under the nail.

Sniffles and sneezes get prompt attention at

90 youngsters participate in Gymboree here

Ninety youngsters from Aransas County and the Portland-Gregory area participated in a Gymboree at Coastal Bend Academy in Encina Plaza Saturday, March 27.

All of the children, rang-

ing in age from two to 16 years, received ribbons for their participation in events including floor exercise, single bar, balance beam, vaulting and trampoline. "It was a great success; all the kids enjoyed it,"

said Anna Anderson of the event that lasted from 9 a.m. until 1 p.m.

The Gymboree was co-sponsored by the Coastal Bend Academy and the Portland Academy to give the youngsters experience

in performing before an audience, Anderson continued.

Approximately 60 children are enrolled in Coastal Bend Academy which is owned by Sandy White.

AARP NEWS

By Lucille E. Skrobarcek
The winners of game afternoon on Thursday, March 25, were Mrs. Agnes Weid and Norman Commo in bridge. The finale was won by S.E. Duncan.

The host and hostess for the March 25 game afternoon were Tommy and Lucille E. Skrobarcek. Refreshments were served during the afternoon. The next game afternoon

is Thursday, April 1, at 1 p.m., Paws and Taws Building.

An AARP-sponsored dance will be Thursday, April 1, at 7 p.m., Paws and Taws. Gene Rickles music is featured and the public is invited.

A very interesting program, sponsored by Rotary International, was presented at the covered dish luncheon on Wednesday, March 24. This program

was geared to the Senior Citizen, stressing the importance of exercise to stimulate circulation and to get the older person out of that "old rocking chair". Approximately 60 persons attended the luncheon and program.

The business meeting in April is on Wednesday, April 14, at 10 a.m. Coffee and cookies will be served at 9:30 a.m.

Do not overlook paying

your AARP chapter dues which are past due at this time.

Assistance for the Senior Citizen in preparing income tax returns will be available through April 15 at the Aransas County Public Library in Rockport. This free service is offered on Monday through Friday from 10 a.m. to 2 p.m. If you need special assistance in preparing your return, call 729-0388 for a special appointment.

Spring cleaning can be hazardous to eyesight

Wear safety goggles for spring cleaning? Yes, says the Texas Society to Prevent Blindness.

"Goggles may not be in the tradition of the aproned housewife who beat winter dirt from her rugs with a long handled broom but they are a necessity in this age of pressurized cleaners," says William Pittman, O.D., Program Chairman of Prevent Blindness.

"Every homemaker who tackles finger prints or mold with an aerosol or stubborn grease with a caustic spray risks eye injury," he went on.

"The fact that the cleaning job is being done in the safety of one's home doesn't necessarily make it a

safe job. Forty-five percent of all eye injuries that result in impaired vision occur around the house — and 90 percent of them could be prevented by using protective eyewear and taking a few safety precautions."

Most of the injuries are product related, he noted, and include such home maintenance products as chemicals, bleaches, adhesives, and glues or home workshop tools and equipment. Equally dangerous to the eyes are home structure and construction materials.

The most effective way to prevent eye damage is to wear safety glasses or goggles, the Texas Society to Prevent Blindness advises. Two types of inexpensive

goggles are available — one for use against chemicals and one against impacts. Both types are roomy enough to fit over regular glasses and may be found in hardware stores, or through the Yellow Pages under Safety Equipment or a similar heading.

Aerosols are especially hazardous; the pressure compounds the danger when the chemical hits the eyes. See that the spray nozzle is always pointed away from you and keep cans out of reach of young children. The chemicals in these sprays can cause serious eye damage, even blindness," said Pittman.

If an accident occurs and any chemical reaches your

eyes, the Society advises that you flush them water immediately and continue for 15 minutes, the eyelids open. (Place your head under a faucet or pour the water into the eye from any clean container.) Then seek a doctor right away.

For a free sticker listing first aid procedures for eye emergencies, send a stamped, self-addressed, business-size envelope to: Texas Society to Prevent Blindness, P.O. Box 2020, Houston, TX 77252. The Society is an affiliate of the National Society to Prevent Blindness, the nation's oldest voluntary health organization dedicated to sight conversation.

by Uncle John Leslie

since he was a lad of 13 or 14 in the Valley. I was Scout Executive in the Valley in '33, '34 and '35 and he was a member of one of my best Scout troops. We have kept up the friendship for years and I was glad to see him and his wife.

I met numerous people at the dedication who remember my plea for such a pier in my "Nit pikin" in the Pilot starting in 1977, '78, '79. I had just about given up but am sure glad it is complete and ready for the fishermen.

It's a good start. Now I hope the City of Rockport, Aransas County and-or the

Navigation District will follow suit and we can make our claim to what we have been claiming for years — "A good place to fish."

How much longer will we have to wait?

I quote my 1977 Nit Pikin

"No one has driven a nail to improve fishing for our Winter Visitors. The Chamber of Commerce has a committee that advertises for these visitors — begging them to come to Rockport. I find nothing in the records that indicates they have done anything to make Rockport more enjoy-

able for them.

The only exception that I have found to date is that the Tourist Association is making big plans to entertain the visitors while they're here."

WHEN YOU ARE MAKING A TURN IN YOUR CAR ON THE HIGHWAY, PLEASE DO ME A FAVOR AND TELL ME WHAT YOU ARE GOING TO DO BY USING YOUR TURN SIGNAL. THANKS.

Shelley Scott, Jennifer Crawford, Frank Sifuentes and Andra Luigi display Easter baskets donated for fundraising by Little House of Baskets

Vienna bound

My name is Shelley Scott and I'm in the eighth grade. I have two brothers, one is going to college and a sister. I want to go to Vienna because I think it would be a great experience, especially to represent Rockport. My mom is a teacher at Rockport Elementary and my dad works at Reynolds.

My name is Andra Luigi and I'm in the eighth grade. I have a brother who's going to play the baritone horn in Vienna with the choir. My father is the Director of

Special Education for Rockport, Aransas Pass and Ingleside. My mother is Choral Director of the junior and senior schools. My hobbies are knitting, swimming, reading, sewing and tennis.

Going to Vienna means meeting new people, seeing new places, representing our school and state. I hope you will help us to reach our goal. An experience like this is the chance of a lifetime for we will be sharing music, the international language, with

students from all over the world.

I am glad to have received the honor to go to Vienna because of two reasons. One, it is a once-in-a-lifetime chance for me. Second, I will be representing the best choir in the state, Rockport-Fulton High School Choir. I am earning the money to go by doing odd jobs. My father, Joe Frank Sifuentes helps me see things and helps on the odd jobs. My father is usually at work but finds the time to help me.

Boosters hold dance this weekend

A dance benefiting the Rockport Fulton Choir and for all junior and senior high students, will be held from 8-12 p.m. Friday April 2, at the Paws and Taws Building.

The well-known band "Misty Blue" will provide the music. The dance will be sponsored and chaperoned by the Choir Boosters. No alcoholic beverages will be sold or allowed

inside the building. No students will be allowed to leave the building and re-enter. Any parents wishing

to attend the function are invited to do so. Tickets will be priced at \$3 per student. Security will be provided.

Some land scape specialist are really just con-men

AUSTIN — During the spring and summer months, the new home buying bug bites many Texas consumers.

In many cases, as soon as a consumer decides on what home to buy and closes the deal, he or she will need to think about landscaping the property. That's because, while some developers do the landscaping before the house is offered for sale, others eliminate that expense and pass on the savings to the buyer, allowing him or her to select the trees, lawn, and shrubbery.

While some new home buyer in the latter category may decide to tackle the job themselves, others decide to

hire a landscaping firm. In many cases, these firms are established, reputable members of the business community. They provide a useful service both to new homeowners and the many subdivision developers. They can be expensive, however. The landscaping work on an average size lot may cost \$1,500 or more, depending on the complexity of the plan and the type and size of plants desired. Of course, as landscaping architects and other experts point out, good landscaping can add value to the property far in excess of its cost.

But attorneys in our Consumer Protection Division warn that not all landscapers

are reputable. Some "landscaping specialists" are really "con-men" who operate on a seasonal basis and prey on new homeowners and subdivision developers. These operators may run their business from a pick-up or a flat-bed truck. Some of their tactics include contracting with a consumer or developer to put in a certain quality of lawn and shrubbery and substituting cheap, low-grade plants instead. The landscaping may look all right initially, but may fail to thrive.

Most of these itinerants solicit in new subdivisions. New homeowners and subdivision developers should be very cautious when

approached by door-to-door solicitors offering landscaping services and should be aware of the protection provided them by the Home Solicitation Act.

The Act, which allows cancellation of any contract for \$25 or more by midnight of the third business day, is useful if you're dealing with an established firm or individual, or if you have withheld payment.

Most itinerants are not established business-persons, however, and most want their payment "up front". This means they may be impossible to track down if you want to cancel and get a refund.

Our Consumer Protection

Division attorneys suggest several ways to protect yourself from such hazards.

- Investigate thoroughly before committing yourself to a contract for landscaping work, or to advance payment for such a job.
- Get at least three estimates from established firms or individuals.
- Ask friends and relatives for recommendations and check with the Better Business Bureau to see if any complaints are on file about

the firm or person you choose.

- If you hire an itinerant "landscaping specialist", never pay for the work in advance, and always carefully check the finished job, perhaps waiting a week or so to observe the condition of the plants before paying.

If you have a consumer problem with a fraudulent landscaper, contact our Consumer Protection Division in Austin, Houston, Dallas, San Antonio, Lubbock, El Paso or McAllen.

Scouts receive merit award

Members of Aransas County's Boy Scout Troop 49 received an award of merit for their obstacle course demonstration as the Scout Show in Sinton Saturday, March 27.

Earlier, on March 23, 11 boys were inducted as new members of the troop's second annual Court of Honor for 1982.

New members of the worldwide brotherhood of scouting are Jim Livingston, Chris Maka, Shan Hutchinson, Mike Guthrie, Craig Dowdy, Ronald Redden, Mike Quinn, Billy Eveson, Carl Stubbs, Scott Anderson and Stoney, Hoover.

Also joining the troop was Darrin Gathright, a transfer scout from Teague. Darrin is an Eagle Scout and functions already in the troop as a junior assistant scoutmaster.

Boys advancing to Tenderfoot rank were Sean Miller, Philip Rinaldo and Chris Maka.

Boys advancing to First Calss rank were Adam Rios, Adran Rios, Heath Mock and Juan Sandoval.

Besides their cleanup project this last week, Troop 49 boys have been very busy this time of the year.

Wednesday evening, the troop provided the entertainment at the weekly Tourist Association covered dish supper. The boys put on skits and sang scout songs.

Saturday, at the Scout Show in Sinton, the troop erected an obstacle course. Not only did they have the enjoyment of erecting the course and running it but other scouts were able to try their skills and the troop 49 boys awarded prizes for the rive fastest contestants.

Pet talks

Dr. Lutz is a former instructor of diseases of dogs and cats in the college of Veterinary Medicine at Texas A&M University.

Why do people own pets? Another reason is for self identity and self esteem. Pets are often the only contact many city (urban)

dweller have with nature. They promote a sense of importance, and help the owner feel needed.

Pets allow owners to love and feel loved and can be extensions of how owners see themselves or would like to be seen. An owner's self confidence is enhanced

through controlling or training a pet.

In our society, age per se confirms no status, unlike aging in the Eastern Cultures. In our culture, one's social circle shrinks faster in old age as a result of death of friends and relatives. Many older individu-

als need someone to share an otherwise empty time with. A pet fulfills this need. As a veterinarian, I

witness daily the complex dynamics of interplay of personalities between pets and their human owner — families.

District returns \$34,000-plus to entities

Aransas County's appraisal district returned more than \$34,000 to the six taxing entities from

which it derives funds, Jack Groseclose, chief appraiser, told appraisal district directors Monday.

The announcement came during a meeting of the board at 4 p.m. in the appraisal district office in Rockport.

Groseclose said more than half of the funds returned went to the Aransas County Independent School

District — a total of \$17,845.05. The next-larg-

est chunk, \$12,882.54, was refunded to Aransas County.

Also refunded was \$2,534.84 to the city of Rockport, \$69.45 to the city of Fulton, \$868.09 to the

Aransas County Navigation District and \$520.86 to the Aransas County Municipal Utility District No. 1

Money was refunded in the same proportion in which entities pay the appraisal district.

In other action, district directors voted to increase the flood insurance on the

appraisal district office and property to \$25,000 coverage. The premium for this amount is \$130 per year which will come to about \$4 more per month than the district is presently paying for \$10,000 flood coverage.

A decision on a depositary for the next two years was deferred until the district's auditors have an

opportunity to examine the bids submitted at Monday's meeting and make a recommendation.

Directors voted to proceed with purchase of cattle — at an estimated cost

of \$600 — for construction of parking lot aprons around the district's office.

Groseclose told the directors the county has agreed to pave the parking lot if the district will pay for the materials.

As a final item, Groseclose was named the district's delegate to meetings of the Regional Association of Appraisal Districts in

Alice within the next 10 days and the Texas Association of Appraisal Districts in Dallas April 23 and 24.

Reconstituted families face challenge, specialist says

Are you a member of a re-established family?

A major difference exists between families reconstituted as a result of death and those re-established because of divorce, says Diane Welch, a family life

education specialist. After death, the deceased parent

is replaced to some extent. After divorce, the stepparent is more likely to add to the role of a biological

parent, she explains.

Welch is on the home economics staff of the Texas Agricultural Extension Service, The Texas A&M University System.

Seminar to discuss new retirement plans

On Wednesday, April 7, at 7 p.m. in the bank's Community Room, Allied Live Oak Bank is offering a seminar about the new government regulations regarding tax deferred retire-

ment plans. On hand from Houston to conduct the seminar will be Dave Holland, Farolyn Mann and Ben Ramsey.

Dave Holland, Trust Marketing Officer of Allied Bank of Texas, received his B.A. degree in economics from the University of Dal-

las and his M.B.A. in accounting/finance from the University of Southern California. A trust marketing officer with Allied Bank of Texas, he served as a former federal trust examiner and has spent the past six years in trust banking. His section of the presentation will concentrate on the impact of the Economic Recovery Tax Act of 1981's consequences in estate planning; the increased unified estate tax credit, the unlimited marital deduction, with suggestions

for taking advantage of these provisions.

Farolyn Mann, a native Houstonian with a degree from the University of Houston, has taught several seminars at the Continuing Education Center there on starting and owning a small business; women and credit; and financial planning. She is a Vice President of Allied Mercantile Bank where she has been employed for 14 years. She has served on the advisory board of Parents without Partners, Houston Community College and Inde-

pendent Lifestyles, Inc., an organization for the promotion of independent living for the severely handicapped.

Ben Ramsey, who has been in the Investment Department of Allied Bank of Texas for the past four years, received his B.B.A. in finance from Stephen F. Austin with a minor in both math and economics. Prior to joining Allied Bank of Texas he was with the brokerage firm of Merrill Lynch. His topic will cover investments — which are made available to all cus-

tomers of the Allied Banks.

The seminar's goal is to help persons prepare a plan for attaining the retirement income desired based on

their income. Since seating space is limited to 85

persons reservations may be made by clipping and

returning the coupon in the ad in this paper or by phoning Gwen Davis at

Allied Live Oak Bank, 729-7411.

United Way provides new service, says chairman

A service is now available to provide information and assistance to the residents of Aransas County. A collect call can be made to 512/851-8812 from 8 a.m. to 5 p.m. Monday through Friday.

The United Way of the Coastal Bend is providing the majority of funds for a comprehensive Information and Referral Center which will provide information and make appropriate referrals to resources in the area. Bilingual inquiries will be handled by telephone or in person at the Center office, 3833 S. Staples, Suite 34 in Corpus Christi.

The Information and Referral Center will serve the citizens of Aransas, Bee, Jim Wells, Kleberg, Nueces and San Patricio counties and will function to link the residents of the area with the network of community resources available to them.

Scott L. Sherman, chairman of the Information, Referral and Crisis Intervention board said the service will provide follow-up. He gives this example. An elderly, disabled woman calls to find out where she can get some household furnishings as everything has been stolen from her previous residence. She receives a small monthly check which does not allow

for any extra expenses. The Information and Referral staff member who talks to her will advise where help is available and when necessary, call on her behalf. Later, the staff person will be in contact with her to make sure that she is being helped.

Sherman said there is a great deal of change in services provided and the delivery of such services. It

is difficult for individuals to know who to contact for what services. The Center will keep up-to-date information on the service providers in the area. The follow-up by the Center will

address one of the biggest problems identified in the past, that of one agency referring to another and another with no one ever resolving the immediate problem.

Turnout

[Continued from page 1]

have generated a lot of voter interest is the local option decision on whether bingo should be legalized in Aransas County.

Voting will be at the regular county polling stations: Pct. 1A, Voting Center in Aransas Pass; 1, VFW Hall in Rockport; 2, County Courthouse; 3, Faith Baptist Chapel, Fulton; 4, Fulton Fire Station; and 4A, Lamar Fire Station.

Two other elections are also scheduled Saturday, for the Aransas County Conservation and Reclamation District and for the Aransas County Municipal Utility District No. 1.

Voters in most of Aransas County south of the Causeway, including the cities of Rockport and Fulton, are eligible to vote in the ACCRD election in the north lobby of the County Courthouse.

In this election, two candidates are running unopposed for two six-year

terms on the board. Candidates are Frank L. Samson and Willis D. Pfeifer.

Seeking election to three positions on the ACMUD are incumbents Richard Hughes and Leonard Owens and newcomer Bill Southern. Residents of Goose Island Lake Estates will vote in this election which will be at the district's office on 8th Street in Lamar.

Choir

[Continued from page 1]

limited, The Gull's Nest and others.

Of vital importance to the success of the Vienna effort are the pledges made by choir supporters that have yet to be turned in. Last week, a great many pledges were honored but \$11,616 in pledges is still outstanding. The Choir Boosters urge all those who have pledged to honor their promise and send in their donation. This portion of the Vienna fund is the most crucial at this time.

Rockport joins battle against CP&L rate hike

City officials from Rockport were in Refugio Monday evening to attend a Texas Municipal League meeting on the proposed Central Power & Light rate increase.

According to Mayor Walter S. Falk Jr., city officials plan to give full support to TML opposition to the proposed 50 percent increase in CP&L charges.

Rozzell

[Continued from page 1]

to the motion and the motion carried.

In his statements Holman also charged that the board had never sought an opinion other than Rozzell's. One of the documents presented to the Pilot by Rozzell is a letter to the Aransas County Navigation Commissioners dated March 16, 1979, regarding Rozzell's bill to the district for the month of February of that

year. The document shows that Rozzell billed the district for 2 hours for "Letter to Harvey Weil - General Land Office Application; letter to Calvin Scholz requesting copy of lease agreement." Rozzell says this clearly proves he does seek a second opinion contrary to what Holman charges.

The bill also shows Rozzell apparently made a conference call to Weil between February 20 and 22 and did not charge the district.

A third document provided by Rozzell is a letter from his office to the ACND regarding Cove Harbor lease and dated Feb. 19, 1980. The letter begins, "Gentlemen, on Jan 30, 1980 I met with Mr. Weil at his office in Corpus Christi to discuss the possibilities of increasing revenues from the district's Cove Harbor properties."

The letter closes with a paragraph saying, "I will be meeting again with Mr. Weil in the next several weeks to discuss this possibility."

Rozzell said he met with Weil in an effort to see if the district could charge wharfage and tonnage at Cove Harbor.

Rozzell says this document also proves that he does seek second opinions contrary to Holman's charges.

Regarding the charge that he writes leases for individuals then asks for the district's approval and represents both parties, Rozzell says the landlord always writes the lease.

Concerning the charges that he seek the commissioners' approval of a lease without a copy of the lease present at the meetings Rozzell produced a document which is a copy of a letter from his office in which he notifies the commissioners that, "enclosed for your comments, additions or deletions is a draft of the lease agreement for Rockport and Fulton Harbors." Rozzell says, "They had this draft and this letter for a month and it was discussed at two meetings."

Concerning one lease Rozzell says, "Holman signed the lease, he didn't have to if he didn't think it reflected the intent of the district."

Legal intervention cited in accident

Police cited "legal intervention" and ticketed David Mullenax of Rockport for failure to comply with compulsory laws following an accident at the intersection of Bronte and Market about 1:04 p.m. Saturday, March 27.

No serious injuries were reported in the mishap which occurred when Mullenax proceeded across the intersection into the path of a car driven by Allen L. Rhodes of Rockport as Rhodes was responding to an emergency call.

According to the report, Rhodes was using red lights and siren at the time of the collision.

Possession

John W. Johnson was charged with possession of marijuana after he was arrested by police on Rockport Beach about 12:35 a.m. Monday.

Plice reported a partial marijuana cigarette and marijuana paraphernalia were confiscated.

Rock thrown

The rear windshield of a car belonging to Fred Boyles, a Winter Texan from Minnesota, was broken out about midnight last Thursday, March 25, apparently with a rock.

Arrests

Police arrested three people on charges of public intoxication Friday, March 26. One arrest was on a capias pro fine warrant. One arrest on a charge of disorderly conduct was made Sunday.

Musical

scheduled at Presbyterian

"Love is True in '82," a musical, will be presented by 30 youth from Lutheran churches in San Antonio at Rockport's First Presbyterian Church at 8:30 and 11 a.m. Sunday, April 4.

Performances will be in the Church Sanctuary at Live Oak and Laurel streets.

A youth choir from the churches of Trinity and the Attonement Lutheran in San Antonio, ranging in ages from 13 to 20 years, will present the 50-minute program in two parts that incorporate music and slides to convey the message.

First Presbyterian's Junior Choir will participate in the program at the 11 a.m. service.

The San Antonio choir is under direction of Mrs. Terry Park with Terry Carmichael as script director, Keith Waldrop music director and John Hardin in charge of sound.

Both presentations are open to the public.

Notable Notes

VFW council

Rockport VFW Post 3904 and Auxiliary will host the San Patricio County Council at 7:30 p.m. Monday, April 6, at the VFW Hall.

Softball league

The Cities of Rockport-Fulton are trying to form both a men's and women's softball league. Anyone interested should call 729-7209 for more information.

Election rides

The Ladies Auxiliary of VFW Post 3904 in Rockport will provide free rides to the polls for persons voting either absentee or on election day in the upcoming April 3 elections. Anyone who needs a ride is asked to call Jean Taylor at 729-0427.

Blood drive

The First United Methodist Church at 801 Main in Rockport will have a blood drive Saturday, April 3 from 9 a.m.-2 p.m. There will be two units and no one will have to wait. If you need an appointment call 729-3080.

Country fair

Live Oak Elementary School will hold its Annual Country Fair from 6-9 p.m., Saturday, April 3. Everyone is invited to come out and enjoy good food and have a lot of fun at this event.

Benefit dance

The Copano Shrine Club will hold a Crippled Children's Benefit Dance Saturday, April 3, at the Paws and Taws. It will be a Country Western dance from 8 - 12 p.m. featuring the "Funny Papers" western band. Donations will be \$10 per couple and the public is urged to come and join in the fun.

Rape film scheduled

A film, "How to Say No to a Rapist and Survive," will be shown one time only at 7 p.m. Tuesday, April 6, at Live Oak Bank in Rockport. The film will be shown in Aransas Pass at 7 p.m. Wednesday, April 7, at the Senior Citizens Building. The showings are sponsored by the Aransas County Crisis Intervention organization.

Scout leaders needed

Cub Scout Pack 340 needs adult leaders. Anyone wanting to volunteer his or her services or who wants more information is asked to call Susan Kovacs, 729-2291.

Historical meeting

The Aransas County Historical and Genealogical Society will meet at 7 p.m. Saturday, April 10, in First National Bank's Town Hall. The Society is seeking members and the public is invited.

One Of Our Biggest Assets...

In Rockport are many energy related industries...ship yards, drilling rig builders, mud companies, pipe laying contractors, crew boat operators, aviation companies, supply houses, machine shops, welding contractors, painting contractors, towing companies, engine overhaul shops, oil field trucking operations, pipe yards and many more...all working together to produce more and more energy to help supply our nations ever increasing needs. Rockport and First National Bank are proud to have these companies as neighbors.

One of our biggest assets at First National Bank is our ability to grow with our local industry...through people like Charles La Bounty...through our Correspondent Bank, largest in South Texas and our own independence.

Callejas at work

Lorenzo Callejas wants to care for your lawn

Lorenzo Callejas will trim and mow your lawn, haul your trash, care for your garden, rake leaves trim your hedges - just about anything you need in the way of lawn care.

For about a month now, Callejas and his wife Naomi have operated their lawn care business and have done jobs all over town, ranging from Holiday Beach and Copano Cove all the way from Palm Harbor.

Callejas says he and Naomi really enjoy the work, which they do in the afternoon, since he attends

welding school in the morning.

Since he has a tractor, Callejas can handle heavy clearing and plowing work as well as the small jobs around the yard.

He charges between \$8 and \$10 an hour, depending on the lawn and when he hauls trash or brick he charges 50 cents per mile.

For regular customers, Callejas will set up a monthly schedule, mowing the lawn every other week. He welcomes work for out-of-town homeowners with property here in Rockport.

Key Allegro
Island Estates

Key Allegro Sales has several homes for sale at this time. Some are listed below. New and previously owner homes are from \$82,500 to \$750,000. Lots are available starting at \$11,500. Condominiums are listed from \$75,000 to \$155,000. We'd be delighted to show you any and all of them. Come by our office for more information on all Key Allegro developments.

Bayfront Lot — Own your own beach.	\$39,500
Canal location, 80' front. Owner financing.	\$50,000
Canal location, view of Aransas Bay. Owner financing.	\$55,000
Unit IV, corner canal lot.	\$95,000
Unit V, view of Little Bay.	\$85,000

BAYFRONT HOMES
ONE OF OUR FINEST — The 3,000 plus square foot area of this fine home allows for lots of space in all of the rooms. Main house has 3 bedrooms, 4 baths, living room, hobby room and extra large divided bath. Separate maid quarters and garage. \$350,000

CANAL HOMES
IF YOU LIKE ELEGANCE, this decorator's delight will make you feel like a king. Main floor has three bedrooms, two baths, kitchen, spacious living and dining area. Ground floor has a bedroom, bath, den and playroom. Just redone from top to bottom. Some furniture. \$129,900

SUPER SAUNA ON THE GROUND FLOOR — Just one more extra to facilitate luxury living on the waterfront. This home is complete with professionally decorated living space - 2 bedrooms, 2 baths upstairs, oversized kitchen, den with mirrored wall, track lighting and planked ceiling. Downstairs, an office and bath; workroom and study, built-in bench; 2 car garage, fenced back yard, boat dock; fish-cleaning table and patio. \$155,000

BRIGHT YELLOW KITCHEN WITH A WINDOW ON THE CANAL — One of many special characteristics that make this a home you'd enjoy living in. The large den is paneled with a raised ceiling and opens out onto the waterside deck. Off the den are 3 bedrooms and 2 baths. Downstairs, there's another bedroom and bath with a separate utility room with built-in shelves. Other extras include a beautiful yard, boat lift, dock, fish-cleaning table and fenced back yard. \$159,500

PLENTY OF ROOM in this 3 bedroom, three bath waterfront home. Quick access to Little Bay, ski basin and Aransas Bay. Comes with large Allegro Room with wet bar. Enclosed entry, two car garage, workshop area, fenced yard, boat dock. \$165,000

GET OUT THE EASY CHAIRS — Then decide which deck to sit on: the northside screened-in deck that connects with all the bedrooms, or the canal-side open-air deck for good tanning. (Either way you win). Inside, the split level plan accommodates 3 bedrooms and 2 baths on the top level; a comfortable kitchen, den and dining area on the mid-level; and another bedroom and bath, tackle room, and full-sized utility/storage room downstairs. Complete with fenced backyard, 2 car garage; boat dock with fishing lights, boat ramp, and fish-cleaning table. \$200,000

FORMAL LIVING AND DINING ROOMS combined with an "easy-living" sun room overlooking Little Bay upstairs, a den and bar downstairs. Beautifully coordinated drapes, papers and spreads complement the new rust colored carpet through the second level living areas. Two bedrooms, two baths, kitchen, utility room and extra closet space upstairs; another bedroom and bath downstairs. Beautiful light fixtures; ceiling fans, 2 car garage with auto openers; and a dock that accommodates both a regular bay boat and a vessel up to 53' long, complete with power and phone connections. Many more extras. \$225,000

UNIT V — BOAT LIFT AND DOCK let you store your boat in your own backyard. Other extras for waterfront living (the fish-cleaning table, full-sized patio and second story deck) add to the basic house: 3 bedrooms, 2 baths upstairs with kitchen, den, and utility room, plus guest room and bath downstairs. Also a 2 car garage with auto openers, storage room, ceiling fan, and "no-mow" pebble landscaping. Owner financing. Excellent location on extra wide canal area. \$239,500

WINDOWS, WINDOWS, EVERYWHERE — to let in plenty of sunshine and to let you picture a wide view of Aransas Bay. The den in fact, is windowed on 3 sides with a fireplace centered on the middle wall. The kitchen is complete with a conventional and microwave oven, trash compactor, and a window with a view. Three bedrooms upstairs are larger than the usual, with walk-in closets and complemented by 2 baths. An enclosed stairway connects to the ground floor game room with wet bar, guest bath and full size utility/craft room. Other extras include the front and back decks, a fish-cleaning table, boat dock, and the fact that you'd be the first owner of this brand new home. \$264,000

ALLEGRO NORTH CONDOMINIUMS
TENNIS — SWIMMING POOL — FISHING PIER — SOME DOCKS
Two bedroom, two bath, ground floor corner. Furnished. \$105,000
Two bedroom, two bath, second floor corner. Furnished. \$94,500
Three bedroom, three bath, over 1,700 sq. ft. Boat dock. \$155,000

BAYHOUSE CONDOMINIUMS
TENNIS — SWIMMING POOL — BOAT DOCKS
Ground floor, two bedroom, two bath, corner. Furnished. \$85,000
Second floor, on Canoe Lake. Two bedroom, two bath, furnished. \$120,000
Three bedroom, two bath, furnished. Excellent view. \$115,000

PUBLIC NOTICE

NOTICE

THE STATE OF TEXAS
TO NORRIS RAY HUN-
TER Defendant, Greeting:

You are hereby com-
manded to appear before
the Honorable 36th DIS-
TRICT Court of ARANSAS
County at the Court House
thereof, in ROCKPORT,
Texas, on or before 10
o'clock A.M. of the first
Monday next after the ex-
piration of forty-two days
from the date of the iss-
uance of this citation, same
being the 18th day of
MARCH A.D. 1982, then
and there to answer Plain-
tiff's Petition filed in said
Court, on the 18th day of
MARCH A.D. 1982, in this
cause, numbered 7070 on
the docket of said court and
styled MOLLY HUNTER
Plaintiff, vs. NORRIS RAY
HUNTER Defendant.

A brief statement of the
nature of this suit is as
follows, to wit:

NO. 7070
IN THE MATTER OF
THE MARRIAGE OF
MOLLY HUNTER AND
NORRIS RAY HUNTER
IN THE DISTRICT
COURT OF ARANSAS
COUNTY, TEXAS 36th
JUDICIAL DISTRICT
ORIGINAL PETITION
FOR DIVORCE

This suit is brought by
MOLLY HUNTER the Peti-
tioner, who is 34 years of
age and resides at 511 W.
Market, Rockport, Texas,
78382, Aransas County,

The Respondent is
NORRIS RAY HUNTER
who is 37 years of age and
whose residence is un-
known. Although diligent
efforts have been made, as
stated in Affidavit filed in
this case, Petitioner has
been unable to locate Re-
spondent and citation by
publication should issue as
prescribed by Rule 109,
Texas Rules of Civil Pro-
cedure.

The Petitioner has been a
domiciliary of this State for
the preceding six month
period and a resident of this
county for the preceding
90-day period;

The parties were married
on or about August 29,
1964 and separated on or
about January 21, 1977.

The marriage has be-
come insupportable be-
cause of discord and con-
flict of personalities be-
tween Petitioner and Re-
spondent that destroys the
legitimate ends of the mar-
riage relationship and pre-
vents any reasonable ex-
pectation of reconciliation.

There is two children
of this marriage, Patricia
Dianne Hunter, (Female)
age 14 years, and Timothy
Ray Hunter, (Male) age 12
years, now in custody of the
petitioner (Mother).

The petitioner requests
the Court to leave the
children in the custody of
the petitioner, with reason-
able visitation by the re-
spondent if he should be
found to be alive.

The Petitioner requests
the Court to divide the
estate of the parties by
awarding their property to
the party having posses-
sion.

PRAYER

The Petitioner prays that
citation and notice be
issued as required by law
and that the Court grant a
divorce and decree such
other relief requested in
this Petition.

The Petitioner prays for
general relief.

s/Molly Hunter
MOLLY HUNTER,
Petitioner

PUBLIC NOTICE

NOTICE TO PERSONS
WHO WERE 65 YEARS OF
AGE OR OLDER PRIOR TO
JANUARY 1, 1979

If you were 65 years of age
or older before January 1,
1979 and you failed to apply
for a \$10,000 exemption from
School District taxes in 1979
on your homestead, you may
make application for such a
homestead exemption at the
offices of the Aransas County
Appraisal District, located at
701 Allen Street, Rockport,
Texas. The deadline for such
applications to be filed is
April 1, 1982. Qualifying for
such an exemption will not
result in a refund of taxes
already paid or currently due
but may result in the reduc-
tion of taxes due on your
homestead for 1982 and
future years. If you have any
questions regarding this
procedure, please contact
Jack G. Groseclose at 729-
9733. IMPORTANT NOTE:
This exemption is only avail-
able if you still own the same
home you owned on January
1, 1979.

Healthful Hints

Q. I've been taking lec-
ithin capsules — one a day
— just because I heard they
were good for me. I think
one a day is probably not
enough. How many should
I take?

A. There are no known
toxic levels for lecithin, and
as much as four to six
tablespoons of lecithin
granules daily have been
given for special problems,
such as high blood cholest-
erol. As a routine mainte-
nance amount, nutritionists
recommend one tablespoon

of lecithin granules daily.

Most lecithin granules
contain 7,500 mg. of lec-
ithin per tablespoon, so
check the label on your
lecithin capsule bottle and
see how many mg. of
lecithin each capsule con-
tains. Divide that amount
into 7,500 mg., and you'll
know how many capsules to
take. Usually 6 capsules
will give you close to the
correct amount.

Q. My kids love peanut
butter and eat a lot of it.
Natural peanut butter costs

more. Is it really that much
better for them?

A. Not only is natural
peanut butter much, much
more nutritious for them,
the "other" can actually be
harmful. Hydrogenated
peanut butter (NOT natu-
ral) can destroy vitamin E
and linoleic acid (an essen-
tial unsaturated fatty acid),
increase the need for cholin
(a B vite), and raise blood
cholesterol.

Natural peanut butter
will have oil floating on the
top of the jar and the label

will show no added ingre-
dients except perhaps salt.
Until next week, Folks,
stay happy and healthy! It's
a beautiful world!

Jean Glowka, Rt. 1, Box
437, Rockport, Tx. 78382.

The above material
should not be construed as
making claims, endorse-
ments or criticisms. This is
merely a relating of facts
taken from research done
by a number of nutrition-
ists, doctors and scientists.

Sports from the press box

With Joey Sasso
Sportsworld...Reggie

Jackson, not the most paid
player but certainly the
most overpaid player in
baseball today, will not be
missed by New York. It
seems strange calling him
Reggie Jackson, or Mr.
October, as I have always
referred to him as Mr. Big
Mouth. Needless to say, I
was one of the many de-
lighted fans when I heard
over the news media that
Craig Nettles knocked Re-
gie on his can outside a bar
at a victory celebration last
season over a disagreement
they had about some of
Reggie's non - Yankee
friends being at the party.

It would appear that Re-
gie needed a lesson in
manners and this is exactly
what Craig obliged. If
George Steinbrenner had
allowed former New York
Yankee manager Billy Mar-
tin to have his way, he
would have wrung Reggie's
neck years ago, so that em-
barrassing situations like
Nettles knocking Reggie on
his can in public wouldn't
have been necessary.

Reggie Jackson, in short,
is bad for team morale.
Nonetheless, it was an-
nounced two weeks ago
that Reggie will now play
for the California Angels. I
ask, why would anybody
want him? Well, when I
look at the way Steinbre-
nner runs the Yankees, may-
be I shouldn't ask the
question. This is because I
don't purely consider Stein-
brenner knowledgeable
about baseball. After all, he
is purely a businessman
and admits he buys a team

through large contracts in
the free-agent draft instead
of developing ballplayers
through the years.

This reporter will be sur-
prised if Jackson can even
fulfill his latest contract
with the Angels, as he is
already lazy, doesn't give
an honest, all-out effort,
and doesn't understand the
basics of teamwork. He
tires easily and has devel-
oped a fat gut, possibly by
buying too many hambur-
gers and chocolate shakes
with his overpaid salary.
The fans can thank Reggie
and so many others like
him for the ticket increases
at the ballpark. They have
made baseball a superinfla-
tionary model.

The only ballplayer in the
game today who deserves
his inflationary pay is Pete
Rose. I say this because of
the numerous years of
trouble-free service he has
provided, especially for the
Cincinnati Reds. I was de-
lighted the year before last
when he again played on a
championship team, as the
Phillies were that year.

Rose is a throwback to
the days of what I call the
innocent years. I say bring
it back the way it was! I say
we don't need unproductive
individuals who really earn
their money because they
shoot their mouths off
through the press. I say
baseball players need hair-
cuts, need to shave, and
also need to trim their nasty
mustaches. I say baseball
players need team spirit
and respect for all functions
of baseball, including the
umpires. I say baseball
doesn't need Reggie Jack-

son nor the likes of him!

According to Kloss Video
marketing vice president
Tom DeVesto, the new
NOVABEAM MODEL
TWO was made possible by
the extraordinarily high
light output of Kloss Vid-
eo's unique NOVATRON
projection tube. "The three
NOVATRON tubes used in
our original MODEL ONE,
in principal the same as in
the MODEL TWO, put out
200 lumens, which is at
least twice as much light as
any other home projection
method.

By concentrating that
light over a smaller picture
area (12 sq. ft. for the
MODEL TWO'S 5 ft. pic-

ture, versus 22 sq. ft. for
the MODEL ONE'S 6.5 ft.
picture), we found we could
easily dispense with the
conventional projection
screen.

The picture brightness
on a white wall highly
exceeds the light you see in
movie theatres." He also
points out that with wall
projection, the picture is
equally bright for all view-
ers, even when seated far
off the side, a particular
advantage in a small room.

Former Phillies manager
Dallas Green seems still to
be preaching the power of
positive thinking in his new
job as general manager of
the Chicago Cubs.

Pilot Election Section

Our readers write

Dear Sir:

I was dismayed when I read Mr. James W. Metzner's letter in the Pilot of March 28 objecting to, among other things, the use of the word OUR in the statements made by Nelda Lee and other members of the Committee for Better Schools. I know that Mr. Metzner is truly interested in seeing improvements in our schools, and when I say OUR, I mean his, mine, Nelda Lee's, and everybody's (the residents of the school district).

The grouping Mr. Metzner speaks of was a long time in becoming a reality in our schools, and I believe

I am right in saying that it was not actually accomplished until Nelda Lee and others of the Committee for Better Schools (both men and women) got behind it and worked for it.

I agree with Mr. Metzner that Mr. Ammons is well qualified for the job of trustee. So is Nelda Lee. Although I do not know her personally, I have seen her list of qualifications and have heard her speak in a positive way about her goals. It is an inspiration to hear so dedicated a person.

Nelda Lee has proved that she can work in harmony with all those who honestly want to give the

children and young people of this area a better education. She's a winner!

Sincerely,
s/ Ellen Brodnax
Fulton, Tex.

Dear Sir,

All the recent fuss over our new pier sparked my curiosity. I decided to educate myself about the pier and the workings of the city. What follows is what the city hall of Fulton. So, I tried.

I started at 9 a.m., there is no number or listing for the city hall of Fulton. So, I called the mayor's home. His wife asked me to call him at work. I called and was put on hold for 15 minutes. Then his secretary asked me to call back.

At 9:30 a.m. I called and was told he was in conference. I asked his secretary if she could tell me how to reach city hall. She gave me the number of a Mrs. Tilden and informed me most of the files were kept in her home rather than city hall.

Mrs. Tilden was very polite but said she would have to send her husband after the files I asked for (The city financial statement and papers on the pier). She asked me to call back. I called again at 11:30

Aransas County voters presented with bingo option

The local option bingo election to be held on April 3 will give Aransas County voters a chance to decide whether they want to allow qualified organizations to operate legal bingo games to raise money for charitable, educational, religious and civic causes.

Under the guidelines of Amendment Six, any local governmental entity, ranging from a county to a city or precinct, can call for a local option bingo election.

In this case, the entity calling the election was the Aransas County Commissioners Court, acting on the matter this winter following the receipt of a petition signed by 392 registered voters.

The petition requesting an election of this type had to be signed by 10 percent of the voters registered in the last general election. The petition was sponsored by several of the local organizations behind the drive for legalized bingo, the Rockport Fulton Tourist Association, the Veterans of Foreign Wars, American G.I. Forum and the Catholic Church.

If the bingo option now passes, each organization in the county wishing to conduct legalized bingo games has 10 days to file for a license to do so from the State Comptrollers office.

Upon issuance of a license, the organization must complete monthly and quarterly reports on their bingo income. The state will dictate to these groups

what organizations and concerns can be benefited by bingo monies.

No employees can be paid from bingo funds, but a bookkeeper can be hired to keep bingo records and maintenance on bingo related buildings can be paid from bingo money.

Other specifications made by the state include a \$500 limit on the prize money and the guideline that all organizations must

furnish their own bingo equipment. No equipment can be rented.

If the bingo option passes, the county could impose a two percent gross receipts tax on the bingo income within the county. Two percent of the bingo gross, less a deduction of \$2500, would in that case be taxable. If the commissioners vote to tax the bingo gross, such a vote could be carried out in the

form of a minute order.

The gross receipts taxes, if authorized by the county, would fall due on or before the 15th of each month succeeding each monthly reporting period, according to the guidelines within the bingo statute.

A person under the age of 18 may not play any game of bingo conducted under any license unless accompanied by a parent or guardian.

Chamber notes

CONGRATULATIONS TO: City of Fulton on the dedication of the new fishing pier north of the Fulton Harbor. It was a well attended, memorable occasion and the pier is a very welcome addition to the area.

Rockport Business & Professional Women's style show at the VFW was very well attended. The food was delicious, lots of door prizes, and the styles shown by Kitty's Fashions were very appropos for any affair in our area.

The Rockport Area Chamber of Commerce's Beautification Committee is preparing for their drive. Most all of the civic organizations are behind this endeavor.

For Continued Progress
Without Increased Taxes
Re-Elect
Elgin Dietz
Fulton City Council

Pol. Ad. paid for by Elgin Dietz

By economizing today, we can build for a better tomorrow in Fulton. Federal and state grants have made possible a public pier and new street signs in Fulton. Perhaps one day soon, the problem of city sewage, at an affordable cost, may be solved the same way.

Re-Elect
L.E. Casterline
Mayor of Fulton
on
April 3, 1982'

Paid Political Ad. Annabelle Henry, Campaign Treasurer

Readers Continued from 7B

a.m. Mr. Tilden answered and said he had the papers, and gave me directions to his home.

I walked to the Tildens'. Mr. and Mrs. Tilden took me into their kitchen and had the papers there for me to read. However, there was no available means to copy these papers and I felt odd about spending hours in a private home to read them.

I offered to pay for copies and even be escorted to make them. I was refused. Then Mr. and Mrs. Tilden questioned me, at length, as to who I was, where I was from, where I lived, was I registered to vote and even where my husband worked.

They then told me I would have to speak to the mayor if I needed anything else. I left.

I called the mayor at 1 p.m. and he said he couldn't say anything until he spoke with the city attorney, Allen Lee, and would I call at 4:30 p.m.

I called, Mr. Lee had been unavailable. Well, the mayor spoke to a Lola Bonner and she advised him not to allow copies of the papers to be made, but I was welcome to look at them. The mayor then went on to ask the same questions the Tildens had asked me. When I asked why there was no means to copy the papers he said Fulton can't afford it.

I guess for legal reasons I can't copy the papers. Fine, my complaint is basically

there are no regular office hours at city hall. All our business is conducted in a private home and a fish house.

There should be a time when we can go and read documents in city hall (even half a day a week would suffice). Why is city hall locked up? Why did Mr. Tilden find it necessary to follow me half-way home that day? Why was I questioned at length by the mayor and the Tildens?

Every citizen in Fulton should have the right to see these papers with very little questions. We should have a copy machine at city hall, or the time there to read documents rather than in the Tildens kitchen.

I am suspicious of a city hall that must remain locked up. Is this a way to effectively communicate with the citizens and represent them? It's a shame a citizen must go through so much to gain a little knowledge.

I hope everyone who reads this and who has heard the controversy over the pier will consider these things seriously. Does Fulton need an "undercover" government or do we need a community ruled by the wishes of its citizens?

Sincerely,
Mrs. Julie Williams
Fulton, Texas

Normally the Pilot does not run letters-to-the-editor in the midweek edition but because of the election we are doing so this week.

Aransas County School Board

Place 3

DeDe Dick

I am Margaret "DeDe" Dick, a candidate for the Aransas County Independent School District Board of Trustees, Place 3.

I hope every citizen of this district will voice their opinions and show their concern for our community by voting in the April 3 election.

All citizens are affected by the 23 percent tax increase our present school board approved last September. That's a high cost when you consider the newest figures from the Accreditation Center of the Central States show 40 percent of all students entering college this year had to be placed in a remedial reading class.

I would like to offer the voter an opportunity to place a link between the school system and the public on their school board. I'm a parent of two elementary students and I will work to budget and expend funds wisely and cautiously; while working for basic education with emphasis on the "Three R's" at the elementary level, higher academic standards with better occupational preparation in higher levels and definite policies on discipline and drugs.

J.W. Harden

I am the incumbent in the election for trustee for the Board of the Aransas County Independent School District. I have served for one term and feel that I have gained some valuable experience for the school district. I have attended

numerous schools and work shops for trustees. These last three years have been very informative to me. I have enjoyed my term and would like to serve on the Board for another term.

As the Board is comprised at this time we have a very good working relationship and have several projects in the workings that I would like to see completed.

A community is no better than its school system. We have an excellent school system and therefore an excellent community. I do not mean to imply that we do not need improvement but that we do have a good foundation and something to build on.

If you see fit, I would appreciate your vote and support for re-election for Place 3 on the Aransas County Independent School Board. The election is to be held on April 3.

Thank you for your past support and I hope that you can continue to do so. Regardless of your convictions please vote and see that all your friends vote, too.

Place 6

James Jennings

I believe very strongly in the following:

I believe the school Board should conduct their business professionally and in the best interest of the school and community.

Parents should be able to communicate with teachers and not feel like they are completely ignorant because they do not hold a degree, likewise a teacher should be able to talk to parents without being jumped on verbally. To sum it up — mutual respect.

Parents should feel free and comfortable coming to a school board meeting and asking questions. Also, they should be receptive to the school board and likewise the school board should be receptive to parents and all taxpayers.

You might say we should return the classroom to the teacher in most

cases. And the students should be there to learn, not TEACH.

Normally a good athletic program means a good school. All sports activities including the band and choir should have 100 percent backing, not only from school, but community likewise. We should encourage all students to participate in some level of athletics.

Spirit and pride in school are very necessary in order to have a good school system.

We need qualified teachers that are not only "degree wise," but also mature and able to cope with classroom problems.

We should have a program that prepares students for the outside world, so to speak. They should be helped along and pointed in the right direction depending upon ability.

I think that I am open-minded and can listen and get along with everyone. As I've stated before, I believe I can be fair and reasonable and not just go along so as not to cause waves or questions.

Annabelle Casterline Henry

Why did Annabelle Cast-

erline Henry run for the Aransas County School Board? Because she feels as a parent of two small children, a former Aransas County student and a temporarily retired teacher, that she can understand the needs and problems of all concerned.

The teachers, because she has recently been closely involved with many of them. Their problems, feelings and needs have been hers, not too long ago.

The parents, because she has two small children and realizes the importance of appropriate guidance and education for them and all children.

The students, because without students there

would be no schools. We as administrators, teachers, parents, etc. are here to serve them. If we fail to do an appropriate job at preparing them, we have failed ourselves. After all, they will be our futures, as well as their own!

Her main goal if elected is to try to establish a functional communication system between administration, teachers, parents and students. Some of her other goals are to:

(1) Upgrade pre-vocational and vocational courses for grades 6-12.

(2) Encourage teachers to participate in professional growth related activities concerning their specific area of instruction.

(3) Organize parent and community teacher aides to help facilitate individualized instruction in classrooms.

(4) Promote year-round utilization of campuses for adult education, continuing education and summer school for students.

(5) Promote student workshops concerning drugs, self discipline, stress and self-motivation.

If elected, Mrs. Henry will strive for unity within the community and for improved communications at all levels. Your support will be greatly appreciated!

School Board, Place 6

Continued from 8B

Mitch Ammons

I am a candidate for the Aransas County Independent School Board Place 6. My experience in teaching and administration qualify me to serve on the Board. It is my firm belief that an obligation exists for all citizens and I feel that I can best meet this obligation by becoming a member of the School Board.

I graduated from ACISD in 1957 and following college taught in the public school system then transferred to college administration.

If elected I will work for: Developing a long range plan for improving curriculum at all levels.

Developing long range plans to ensure timeliness, orderliness and fiscal responsibility for all school activities.

Developing procedures for improving communication between the Board and citizens of the district.

Formation and utilization of outside advisory committees in order to decentralize decision making and thus promote idea input.

Developing a program for professional growth of teachers and administrators.

Increasing curriculum offerings at the high school level in Vocational Education.

Incorporating concurrent college enrollment for high school seniors with nearby community college.

Developing school policies on discipline and drugs with stated written procedures for enforcement that are in harmony with parents, citizens and students.

Utilizing school facilities for Adult Education.

Nelda Lee

One year ago I presented a proposal to our school board requesting that each child in our district be taught at his/her own level. The recommendation included a request for programs which would extend beyond the limits of our present school curriculum.

The school board responded with a program, beginning September, 1981, to incorporate ability

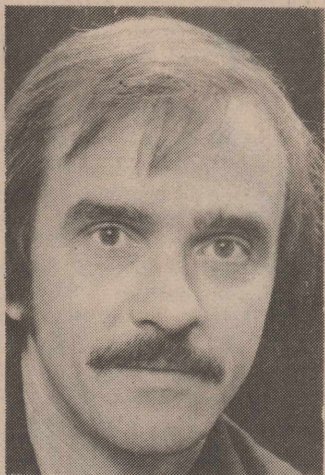

grouping in our elementary and junior high school programs. Recently, at their March meeting, the board approved two additional programs to further extend individualization. These programs include accelerated classes and a class for selected gifted students in grades three through eight. When considered with existing remedial programs and our regular curriculum, they complete a skeletal framework for further development at all levels.

These changes have been made possible because a concerned group of citizens and parents are committed to seeing our schools make positive changes. Our regular attendance at school board meetings has signaled the serious nature of our concern. Our consistent efforts and clear-cut goals have encouraged the board to act rapidly and with determination.

I have been a part of this concerned citizen group. I continue to be totally committed to providing a stimulating and controlled learning environment for our students, and will continue to find constructive ways to deal with our problems in as economical a manner as possible.

Rockport City Council

Mayor

C.H. "Burt" Mills Jr.

I am the owner-operator of my own business and have been since 1971. In early 1979 I was repeatedly asked to run for a seat on the city council by a number of people. After much consideration I did so and was elected in April, 1979.

At that time I made some promises to the people which have been fulfilled in part with the sincere aid of my colleagues on the council and with the knowledge and assistance of the many faithful city employees.

As your newly elected mayor on Saturday, April 3,

I again assure you I will continue to work in total harmony with the entire city council and all of the very capable city employees. Some facts that are on file at city hall since my election in 1979: (1) The city budget, relating to tax income, has increased from \$678,258 (79-80) to \$932,725 (81-81), a 37 percent increase at no additional increase in taxes for the citizens owning property in the city.

(2) The city purchased over four acres of additional park property through a 100 percent grant under the Coastal Energy Impact Program.

The city granted a \$5,000 Homestead Exemption to all eligible taxpayers within the city.

I have in the past, and will continue in the future, to work in complete harmony with my colleagues and all department heads of the city of Rockport. I would appreciate your voting for me; as I want to be your Mayor. Thank you.

Christi Vaughn

I'm Christi Vaughn, and I want to be YOUR Mayor in Rockport. I'm very proud to call Rockport my home. I'm married and my husband Wayne and I have two children.

I'm running for Mayor because I feel it is time for a change. The officers of the

Rockport City Council Mayor

city MUST keep up with current growth and stay on top of current events. You cannot run a city successfully in the 1980s with concepts and attitudes from the 1960s.

The heart of any community is the people that live there. I would like to see more community involvement, especially through Neighborhood Crime Watch programs, youth and senior citizen parks and citizen involvement in city council meetings. To promote this involvement, I intend to keep an open-door policy so that the people of Rockport will KNOW that they have a voice in the city government.

I intend to establish a projected growth plan for Rockport. No city can be allowed to grow without specific direction. It is of utmost importance that we keep the charm of Rockport while planning toward ORDERLY future growth.

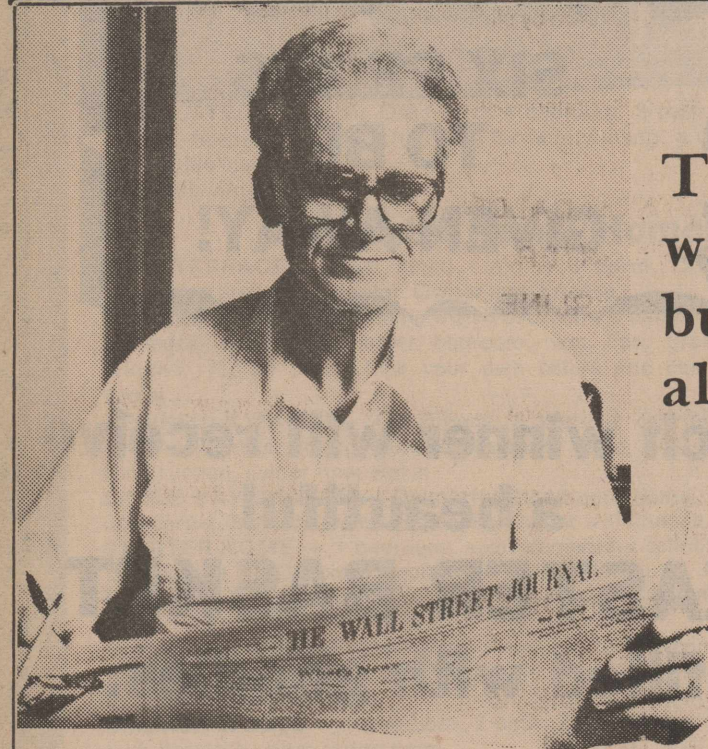

I am committed to accomplishing a good job as Mayor, and will devote the necessary time to properly represent YOU, and Rockport.

Vote on April 3, and vote for a CHANGE. Let's make Rockport better, together. It will be a step toward the future.

Walter S. Falk Jr.
There is no substitute for experience, ability and successful results. Under my leadership, Rockport NOW has adequate sewer capacity and water, outstanding police, fire, sanitation and road maintenance departments.

Cam Leonard's moved. His Trust Department at Allied Live Oak just had to have more room, so we got it for him. Now he's settled into his new quarters, and he's got all the space he needs to handle your trust business right. Of course, Cam always had the knowledge and the ability to take care of you, which is why he's in charge of the only full-service trust department in Aransas County.

Allied Live Oak Bank

Highway 35 North Rockport, Fulton, Texas 78358 729-7411
Member FDIC Member ALLIED BANCSHARES, INC.

Your budget is balanced with modest surpluses for contingencies. City equipment is in excellent condition, paid for in cash, thus saving thousands of dollars. All revenue received is placed in short term high interest CDs until needed.

Homestead owners over 65 receive an exemption of \$12,500; under 65, \$5,000. You pay low taxes; only increased six cents in 112 years.

As a member of Texas Municipal League Task Force for Water Legislation, I am working to assure adequate water for our future needs.

I was unanimously elected chairman of Coastal Bend Council of Governments by the 10 counties and 27 cities in the region. I am a director of the state board. You have a direct voice in the "New Federalism" distribution of grants. I am fully trained, with 10 years experience, to protect your lives and property in case of disasters.

Problems to be solved: Expansion of sewer plant... surface runoff from shopping centers and golf estates... more curbs and gutters... new city hall... spot zoning... sewers for South Rockport.

WHY CHANGE!

Alderman Ward 1

Betty Jean Ward
Since my arrival in Rockport nine years ago, I have watched a sleepy little town become a thriving, exciting

Continued from 9B

City. Being a part of City Government is a new experience; however, serving the people in this manner is rewarding.

Due to our growth, as well as inflation, each year the City Budget increases, but we must go forward with immediate plans for a better sewer system and proper drainage as well as a new City Hall. Our present quarters are inadequate. We should explore the possibility and availability of Federal and State Grants.

Hopefully the County and the City will be working in one accord toward reaching our ultimate goals, yet continuing to operate on a pay-as-we-go basis.

It would be good to see our "Charter Committee" go back to the drawing board, possibly asking the citizens to write in their suggestions. Isn't it possible that through our combined efforts, we might accomplish successfully, a City Charter satisfactory to all?

The Rockport Senior Citizens are very important, having contributed so much to the success of this area. As they reach the rest and recreation time in their lives, I would very much like to see some type of Recreation Center constructed or made available to them, free-of-charge, thus enabling them to enjoy their Bridge and Canasta games as well as the Monthly Dances and Annual Affairs on a permanent basis, rent-free.

This facility could also be used by other groups. Let's Think positively, as well as prayerfully.

Alderman Ward 2

Murray McMillan
I became a resident of Rockport in the latter part of 1969. In the early '70s, I

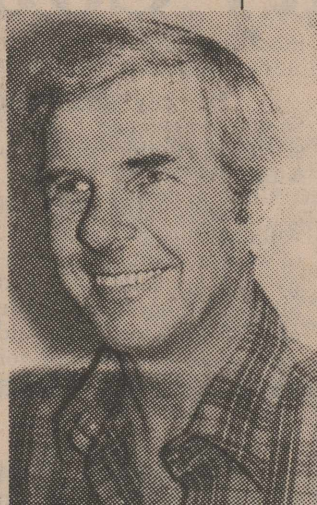

Jail overcrowding is major problem in Texas

COLLEGE STATION — Jail overcrowding is becoming a major problem in Texas because of the state's growing population and a general increase in crime (30 percent since 19790, according to an official in jail standards.

That's why alternatives and options are needed to reduce this overcrowding, pointed out Bob Viterna, executive director of the Texas Commission on Jail Standards.

Viterna discussed a number of pre-trial and post-trial alternatives to jailing at the recent 24th annual County Judges and Commissioners Conference.

He listed pre-trial alternatives as a central intake

was appointed to serve out the term of a council member and was on the council for three years. Until last April when I was again appointed to the council, I served in various capacities in city government, including the planning and zoning commission, tax equalization board and the charter commission for home rule government.

The changes have been dramatic in that period of time; example: the budget in 1972 was \$708,000; in 1982 it was \$2,378,000. And the next 10 years will see an even more accelerated growth.

Among the problems we have to face and solve is the need for enlargement of our sanitary sewer facilities. Another is drainage — this is quickly becoming a major concern. Our city hall is inadequate in size at the present time.

Another need I hope will be brought to the attention of voters this year is home rule government.

Some of these problems will require a bond issue but hopefully the city and county can work together on mutual problems and come up with solutions that are beneficial and cost-saving for all.

On April 3, we choose a mayor and two city councilmen. Please participate and vote.

By June Carter

The most important problem that Fulton is facing at the present is lack of communication with its elected officials. As your mayor, I will see that communications are kept open and see that your needs and wishes are conveyed to the council for their consideration.

There is a growing number of citizens of Fulton that feel they are not being equally represented. They want to see Fulton as it grows be a well organized community with positive goals and planned programs to accomplish these goals.

I do not plan on raising taxes! In fact, right now we have collected more taxes than we have projects to spend them on. I feel that these excess funds should be used on something to benefit all the citizens of Fulton. In the future we should have some predetermined use for these taxes or discontinue to collect them.

I will devote full time if necessary to see that the people get good government. I will appoint committees to investigate the availability of Federal and State funds that may be used for the improvements of our city, especially in the area of drainage and sewer facilities.

It doesn't cost anything to look.

Place 1

Elgin Dietz

I pledge to continue to seek the most progress for Fulton as economically as possible, and to work for projects that benefit the largest number of people.

Among the projects with top priority are: (1) improved drainage, (2) improved streets, (3) sanitary sewer system, (4) improved boat launch, (5) bike and hiking path.

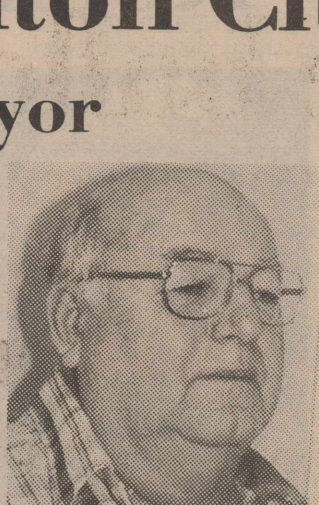

These projects have already begun or are under careful consideration. They can all be accomplished with careful planning and cooperation with other government agencies — always keeping in mind the large number of property owners who are on fixed incomes and cannot afford increased taxes.

Our city has many tourists and part time residents, as well as permanent residents who are recreation oriented. We've made good progress in this area with the fishing pier. A bike and hiking trail will provide a safe place for the many hikers and help stabilize the road bed at the same time.

I have more than 20 years of experience working with state and federal agencies, also preparing and monitoring state wide budgets.

This experience, along with the background of bachelors and masters degrees, make me eminently qualified to continue serving as Councilman for the City of Fulton, my home for 17 years.

Jack Bohn
I am Jack Bohn, owner and operator of the Beach Road Bait House on North Fulton Beach Road. My wife, Kathy, and I have lived in Fulton for three years. I have been a shrimp during this time. My objective for running for city alderman is to make

L.E. Casterline

As Mayor, I have served the residents of Fulton for the past three years, and am here now to ask your support again on April 3.

Three years ago the newly elected Council started off with a zero budget which has now been built up to a sizeable working capital. This was accomplished by keeping salaries and expenses to a minimum while working with other local government officials to provide needed services without a duplication of effort and expense.

To provide the residents of Fulton with recreational facilities the Council and I worked together with many governmental agencies to obtain a federal grant to build the new public fishing pier now nearing completion. This pier, built at no direct cost to Fulton taxpayers, is a great asset to the community. I hope all our residents will take advantage of it.

There are many jobs yet to be done within Fulton; I would like to be part of meeting those needs with action. With 40 years of business experience and the past three years of government service, I believe we can continue to run our city efficiently while providing more services at an affordable cost to our citizens.

With your help, we can all win on April 3. Please vote.

Fulton City Council

Mayor

Place 3

Leslie [Googles] Cole
The reason I am running for alderman, Place 3, in Beautiful Fulton is because I WANT to be PART OF FULTON. I was born and raised in Fulton. I believe I know as much or more than anyone about FULTON.

I have had six years experience on the Aransas County Independent School District Board of Trustees. This gives me experience in the field of budgets, policies and personnel.

I want to see Fulton grow and get what it needs. As I have said in the past, I am what you call a "die-hard Fultonite" and the place for me to be is an alderman in Fulton.

In closing, I just want to be part of Fulton and help it grow.

Blacks have pioneered

FORT WORTH — Most white Americans do not realize that black people have been pioneers in science, industry and politics, said the intercultural affairs advisor at Texas Christian University.

Also a Ph.D. degree candidate in Afro-American history at Ohio State University, Marvin Dulaney said that it is up to blacks to show how they have become an important part of American society.

Richard Allen founded the first Masonic order in this country," said Dulaney. "Fredrick Douglass was one of the foremost abolitionists in the country; Norbert Rillieux founded a sugar processing machine which made it easier for sugar farmers in the South to process their sugar cheaper. Garret Morgan invented the traffic light, and Granville T. Woods invented the air brake that

we're still using on trains."

Not only are white Americans miseducated about the contributions of blacks, but black youth often go through school without learning about one black man or woman who has contributed to history."

Delaney contends the "whitewash of history" only perpetuates the "problem among our people of a negative self image."

"We must continue to struggle, we must continue to fight, and we must remember where we came from. We must remember our heritage so we won't be thinking that just because we go to TCU or we've got a big vice-president's job at Exxon or Xerox that we have nothing to do with Booker T. Washington, W.E.B. DuBois or Malcolm X, because if it weren't for those people, we wouldn't be here at all," he said.

Leisure activities diverse

AUSTIN — Leisure-time activities in Texas are as diverse as the weather and the landscape. Add the flavors of international and ethnic festivals in the Lone Star State, and it becomes obvious that there really is something for everyone.

Proof of such agreeable diversity is documented by column after column of "happening" titles in the new Calendar of Texas Events, just issued by the State Department of Highways and Public Transportation.

Spanning the six-month period from April through September, the Calendar cites more than 800 occasions when Texans will gather for fun, frolic and festivities — Eeyore's birthday party, the Miss Texas Pageant, starring artists shows (but if they're really starving they might consider entering a pickled-quail-egg eating contest).

Races? Choose from canoe, balloon, kayak, horse or raft plus dozens of marathons and fun runs.

Festivals run the gamut from the rollicking Fiesta

Week in San Antonio to dozens of traditional Independence Day celebrations; while music festivals range from bluegrass to symphonic.

Summertime, of course, is pre-eminently outdoor time in Texas, and to properly introduce the season, April's events include flower trails: azalea, dogwood and bluebonnet.

The Calendar of Texas Events lists where and when the happenings are scheduled. For a free copy write Calendar of Texas Events, Box 5064, Austin 78763.
