

ALL RESERVES

Emperor of Russia Issues a Ukase Calling to Colors All Officers in the Empire Who Are on the Reserve List

JAPS ARE BOMBARDING

Heavy Firing Which Is Heard Is Explained as Meaning the Preparation for a General Assault on the Forts—German Attache to Leave

ST. PETERSBURG, Aug. 20.—The emperor issued a ukase summoning to colors all the reserve officers throughout the empire.

RETREAT OF RUSSIANS
TOKIO, Aug. 20, 4 p. m.—The Japanese troops occupied Anshan Shan yesterday, and the Russians retreated towards Mukden.

ST. PETERSBURG, Aug. 20.—The defeats which the Russians have suffered only seem to increase Russia's determination to hurry reinforcements to the front. The imperial ukase published today ordering the mobilization of forty-five additional divisions calls to the colors the reserves of about one-tenth of European Russia. It appears the latest news from the front had not been made public in St. Petersburg when the above dispatch was filed as it is announced from Tokio this afternoon that Japan's troops occupied Anshan Shan and the Russians retreated northward.

JAPS EXPECT TO GET THE FORT

CHEFOO, Aug. 20.—M. H. Ijima, Japanese consul general at Tien Tsin, who arrived here today on the British steamer Pechili and who had a conversation with the commander of the Japanese torpedo boat destroyer which overhauled the steamer off Liao Tsi promontory last night, says today's battle, which began at daybreak, is directed against the fortress itself. It is taking place along the entire line and is Japan's supreme effort to which the recent battles were but preliminary tests. He added: "I firmly believe you can safely say Port Arthur will soon be in our hands. One after another the outer defenses have been taken by the Japanese, and when the latter completed preparations for the grand assault General Stoessel was asked to surrender. He refused and now comes the final test."

JAPS PREPARE FOR GENERAL ASSAULT

CHEFOO, Aug. 20.—The steamer Pechili, which has just arrived here, was overhauled by a Japanese destroyer and five torpedo boats six miles off Liao Tsi last night. An officer from the destroyers stayed on board for forty minutes, conversing with the Japanese consul to Newchwang, who was a passenger for Chefoo. Sounds of firing were so heavy occasionally that conversation was difficult. The Japanese explained that they were engaged in shelling the Russian position with the utmost vigor, preparing for an assault today towards daybreak. When the Pechili was permitted to proceed on her course the firing was at its heaviest, and it is believed to indicate the imminence of a general assault.

EMPEROR SENDS HIS CONGRATULATIONS

ST. PETERSBURG, Aug. 20.—The emperor has telegraphed to Lieutenant General Stoessel, in command of the military forces at Port Arthur, as follows: "I direct you to congratulate in my name and on behalf of the whole of Russia, the troops, sailors and inhabitants of Port Arthur on the success gained in the fighting on July 26, 27 and 28. I am fully convinced of their absolute readiness to uphold the glory of our arms by unbounded bravery. I warmly thank all. May the most High God bless their heroic deeds, which entailed so heavy sacrifices, and may He protect the fortress

of Port Arthur from the attack of the enemy. NICHOLAS."

DEFENDERS CAN TAKE THE OFFENSIVE

ST. PETERSBURG, Aug. 20.—The report from Chefoo that the Russians had driven the Japanese out of the position at Palas Chwang (Palung Chang), where they had been bombarding the forts of Port Arthur, was received here with considerable gratification at the war office, where it is regarded as evidence that the defenders are strong enough to take the offensive when the occasion demands. For this reason the war office is not inclined to credit the reports that the Japanese have captured forts No. 3 and No. 4 just beyond Nagoush Hill, five miles northeast of Port Arthur. It is admitted that the possession of these forts will render the situation of the besiegers desperate.

The war office has had no official information from the fortress going beyond August 8, 9 and 10, which probably was sent through the captured Russian torpedo boat destroyer Ryshietni, although this is not admitted. This report tells of the desperate character of the Japanese attacks which continued practically without intermission for forty hours.

CONFISCATE PAPERS OF GERMAN ATTACHE

TSING TAU, Aug. 20.—The Japanese protected cruiser Yaeyama has just anchored here and has landed Major Hoffman, the German military attache, who was at Port Arthur. Major Hoffman left the fortress in a junk at the German emperor's orders. The Japanese cruiser picked him up thirty miles out and it is reported that his papers were confiscated. Major Hoffman's personal baggage was left on the junk.

THE NOVIK HAS NOW BEEN LOCATED

LONDON, Aug. 20.—A dispatch to the News Agency from St. Petersburg says news has reached the admiralty there to the effect that the missing Russian cruiser Novik arrived at Korsakovsk, Port Island, Sakhalin, and that the Russian cruiser Diana, concerning whose fate there has been considerable anxiety, has been seen off Hong Kong.

JAPS ARE REPULSED

CHEFOO, Aug. 20, 7:30 p. m.—There is a rumor current here, the source of which can not be learned, that the Japanese have been repulsed at Port Arthur.

REPORT IS CONFIRMED

MUKDEN, Aug. 20.—Confirmation has been received here of the report that the Russian cruiser Novik entered the harbor of Korsakovsk, Island of Sakhalin, and announced that the Russian cruiser Diana, recently sighted off Hong Kong, arrived at Saigon, the capital of French Indo-China.

THE WHITE FATHER FAILS IN HIS PROMISES

Ute Indians Charge the Government With Bad Faith in Past Contracts and Refuse to Treat No w

ALAMOSA, Col., Aug. 20.—Senator T. M. Patterson, who, at the request of the secretary of the interior, went to the reservation of the Southern Ute Indians to interview them on the proposition for the purchase of the Cliff Dwellers' ruins in the Mesa Verde country for the purpose of converting the section into a national park, reports a complete failure of the project. The senator says the Indians absolutely refuse to treat with the government because they declare they have been so badly treated in the past. They informed him that in 1896 they had entered into a treaty with the government and sold certain lands and the government agreed to bring water to their reservation. They declare the government has failed to do this. They also complain of the rations

they receive. They told the senator that they would act as soon as the government carried out the promises made in the treaty above referred to.

Senator Patterson says that since learning from personal observation the nature of the Ute grievance he will try to have the government fulfill its obligations, when he hopes the Indians will listen to the plan of government purchase of the Mesa Verde ruins.

BANKERS TO MEET

NEW YORK, Aug. 20.—All plans have been completed for the thirtieth annual convention of the American Bankers' Association, which will be held at the Waldorf-Astoria hotel September 1, 15 and 16. The convention will be called to order by the president, F. G. Bigelow, of the First National bank of Milwaukee. Mayor McClellan will welcome the bankers. After the officials of the association have delivered their annual addresses, sessions will be taken up largely with the reading of papers by men well known in the world of finance.

PRESIDENT GOES TO OYSTER BAY TO RECREATE

He Will Spend a Month in Rest, Making No Speeches and Attending No Public Functions Whatever

WASHINGTON, Aug. 20.—President Roosevelt left Washington today at 10 o'clock for Oyster Bay. The president's party was carried on a special train of two cars, run as the second section of the regular 10 o'clock train on the Pennsylvania road. Oyster Bay was reached at 5:30 p. m.

During his stay in Washington the president had few political conferences of importance. He expects to remain at Sagamore Hill for one month, and this time is to be made a resting period as much as possible. No speeches will be made and but few callers will be received. During the month Mr. Roosevelt intends to make no journeys, nor participate in public functions or political gatherings.

SCHEME OF FRAUD TO GET THE MONEY

CHICAGO, Aug. 20.—The visit of a son of Pasquale Schiavone, an Italian banker, to Italy last month, is said to have exposed a scheme by which scores of West Side Italians lost money and numerous romances were blighted.

Gelsomia Cozzi, an employee of the banker, has been arrested, charged with conspiracy, and his life has been threatened by Italians, who learned of the charges against him. Cozzi, who is a recent arrival, has been visited by scores of Italians, eager for information concerning relatives and sweethearts left in Italy. Many false tales are said to have been related by him of the straits to which the relatives were subjected. As a result the Chicago Italians, many of them unable to write, entrusted money to Cozzi to send to Italy.

TO HAVE EXAMINATION

TEMPLE, Texas, Aug. 20.—The report of the Bell county grand jury made to District Judge Furman yesterday recommends the appointment of a committee of three citizens of the county, experienced accountants, to examine into the condition of the finances of Bell county. During the recent primaries many charges were bandied back and forth about the carelessness and extravagance of the county officers and the latter profess to be anxious that an investigation be held while they remain in office, so that the matter can be definitely settled.

Wireless telegraph is to be introduced in Switzerland to furnish distress signals for too venturesome Alps climbers.

NOW HOMELESS

Incendiary Fires in Oregon Burn Over Large Area and Twelve Adults and Twenty-three Children Are Homeless

AN ARREST IS MADE

Flames Continued Two Days, Finally Being Controlled by Soldiers—Forest Fires in the Northwest Continue—Much Loss by the Conflagrations

PORTLAND, Ore., Aug. 20.—Twelve adults and twenty-three children are homeless as a result of what is thought to be an incendiary fire, which burned over a fourth of the plains four miles east of Vancouver, Wash., for two days. The fire was controlled, though not extinguished, after it had devastated an area five by three miles, through the efforts of the troops at the Vancouver barracks, who fought the fire in three relays of fifty men, both night and day. It is asserted that the fire was started out of spite, and one man is under arrest, charged with the crime.

IN ALL DIRECTIONS

KALISPEL, Mont., Aug. 20.—Forest fires still rage in this county, and there are fires in all directions from this city, from one to three miles wide. Fires near Marion, west of Kalispel, have been doing much damage and many cattlemen and ranchers living in that vicinity have been kept busy fighting the flames in order to protect their homes.

FIVE FIRES BURNING

SEATTLE, Wash., Aug. 20.—Five serious forest fires are raging in this county. Fires are destroying all the snow sheds from Lester to Burrot and are moving rapidly east towards the West Portal tunnel. The Northern Pacific railway has fifty men fighting the fire to save the railroad property. So intense is the heat from the forest fires on the Great Northern railroad near Wellington the west-bound overland train was delayed three hours. No damage was done to the bridge or the track at Wellington.

QUICK ACTION IN COLLISION SAVES PASSENGERS

Captain Runs His Boat to the Wharf, Instead of Backing Into the Stream and All Are Safe

NEW YORK, Aug. 20.—A hundred passengers on the ferry boat Southside, plying in the East River between Tenth street and Green Point, have been saved from possible death by the quick action on the part of the captain of a New Haven railroad transfer boat.

THE NEW REPUBLIC ACQUIRES MORE TERRITORY

Panama Stations a Garrison on a Point Which is Claimed by Colombians and There Is a Protest

NEW YORK, Aug. 20.—Private advice received here from Panama, Colombia, are to the effect, says the Times, that the government of Panama has stationed a military garrison at Nugli, a city at the affluence of the Atrato and San Juan rivers. If this news is correct, the Panama Republic has assumed formal possession of a wide strip of the Colombian department of Cauca, which, according to a map of the greater Colombia, issued in 1830 at Caracas, was originally the southern extremity of the old department of Panama.

If Panama succeeds in maintaining her hold she will acquire an additional Pacific seaboard extending from the Isthmus proper south to Punta Limones, near the mouth of the Bauda river—a distance of about one hundred miles. The minimum width of the territory is eighteen miles, the greatest fifty-eight.

The news is said to have created intense excitement at Bogota, the capital of Colombia.

A JOKER GETS HIS FRIENDS IN TROUBLE

They Were Amusing Themselves With a Toy Gambling Device and Police Make a Raid Taking in All

NEW YORK, Aug. 20.—A joke that miscarried has caused a police raid on a brokerage office in a big building on lower Broadway and the arrest of five men, who were locked up on charges of gambling. Two of the prisoners are members of the Consolidated Stock and Petroleum exchange.

After the day's business had been finished, some one in the brokerage office produced a pocket roulette wheel, such as are sold in toy shops, and those present, anxious for amusement, sent out for a lot of pennies.

Then all sat down on a big table and were having a lot of fun when the door suddenly flew open and a squad of detectives entered. The brokers explained that they were only amusing themselves and admitted that they were gambling. The pennies and wheel were confiscated and the players marched off to the station.

It appears that some outsider, in a spirit of fun, had called up police headquarters and reported a gambling house in full operation in the office. Word was telephoned to the Old Ship station which resulted in the raid. The instigator escaped without even giving his name.

MANY APPLICATIONS FOR PUBLIC SCHOOLS

MUMSKOGEE, I. T., Aug. 20.—Since the appropriation by congress of \$100,000 for school purposes in the Indian Territory, the number of applications asking for the establishing of schools has been growing daily, until now, since all the schools that can be, have already been located, the number is far greater than ever before, and requests are still coming in. More than four hundred children were represented in the applications made for schools today, and that is about the daily average.

A TRUMP CARD

Donnelly Says It Has Been Drawn From the Deck and When Played Will Create a Sensation

ELECTION IS COMING ON

Promises Something Interesting When Report of Federation of Labor Is Made Public—Endorses Mayor Harrison's Action

CHICAGO, Aug. 20.—"I see no peace in sight except on condition the packers surrender and on unconditional terms. When the people see the report of last night's meeting of the Chicago Federation of Labor, they will be astounded. We have a trump card to play and it has been drawn from the deck."

So said President Donnelly of the striking cattle butchers today while he was directing assistants to go to other cities while he himself is preparing to go to East St. Louis to meet International Vice President Schmidt, whom Donnelly sent to Kansas City to look after the labor situation there. He declared the action of Mayor Harrison in ousting strike breakers from the housing rooms in the packing plants meant quicker success to the strikers. Not since the strike began has President Donnelly seemed so hopeful.

On the subject of the action by the Federation of Labor Mr. Donnelly was silent. He simply declared the report will prove a sensation.

"A national election is coming on," said President Donnelly, "the labor vote is too powerful to be ignored. As soon as I have seen Schmidt in Kansas City, I shall go to Indianapolis. While I am away I expect to make several speeches."

STRIKE BREAKER ASSAULTED

CHICAGO, Aug. 20.—Allen Cotton, a negro strike breaker, was found unconscious in the stock yards with his eyes lacerated until the sight had been destroyed. The right eye was practically gouged out and the man was bleeding profusely. It is believed he is also suffering from a fracture of the skull. The police took him to the hospital.

EPRESS TRAIN RUNS INTO A LANDSLIDE

HARRISBURG, Pa., Aug. 20.—The third section of the westbound Cleveland and Cincinnati express on the Pennsylvania railroad ran into a landslide at Cone-wago, below this city, early today, and the entire train was ditched. The train carried no passengers and was made up of five express cars. Four of the train crew were seriously injured and were brought to this city for treatment. The injured are J. J. Hanley, conductor, Philadelphia, twisted back, lacerated limbs and internal injuries. Harry Witmeyer, engineer, Philadelphia. H. S. Shunk, Philadelphia, George Peathers, express messenger, Philadelphia.

SENATOR HOAR STILL ALIVE

WORCESTER, Mass., Aug. 20.—Senator George F. Hoar was still alive early today. He was given a little opiate last night to insure rest. It is admitted this morning that his condition continued very serious and members of his family remained constantly near him.

WASHINGTON FORECAST

WASHINGTON, Aug. 20.—Weather indications for the southwest: Arkansas—Tonight and Sunday showers. Oklahoma and Indian Territory and East Texas (north)—Tonight and Sunday scattered showers. East Texas (south)—Tonight fair except scattering showers in the west portion. Sunday scattered showers; fresh southerly winds on the coast.

SOME OPINIONS ON THE DOG TAX OF THE CITY

Attorneys Do Not Believe It Is Constitutional and That the City Will Fail to Collect It

There is a division of sentiment among Fort Worth lawyers seen by The Telegram on the constitutionality of the ordinance passed by the city council Friday night providing a tax on dogs.

Some attorneys interviewed say that such an ordinance is unconstitutional and will not stand the test, while others claim that it can be enforced to the letter.

At the county assessors' office it was stated that dogs in the county have been taxed already; that the books of that office show that some eighty-five dogs were rendered in the whole county in 1903, at a total valuation of \$1,370.

Under the interpretation of the laws of the state dogs are considered property and can be assessed as valuable, where the amount exceeds \$5 for each dog. Where the value of a dog is stated by the owner to be less than \$5 the animal is never rendered for taxation. At least this has been the procedure by the county assessor in Tarrant county.

Assistant County Attorney Buck stated that the point in law was whether the dog is considered "property." If he is, he is subject to taxation. There were other lawyers who held similar views, and thought that dogs were assessable.

In the regulation assessment blanks furnished all county assessors the name "dog" appears just the same as any other animal on which taxes are paid.

Therefore, the general opinion is that the ordinance as passed can be enforced by the city.

One gentleman, discussing the action of the council, stated in his opinion the taxing of dogs will not lessen the nuisance; that just as many worthless dogs

WEATHER FORECAST

A heavy rainfall is reported by the government station as falling at Abilene yesterday and through the surrounding stock country. The total precipitation was .58 inches and cloudy conditions are reported as existing this morning.

Other points in the state were clear with the exception of Henrietta, where a light rainfall occurred. The state was about evenly divided this morning between clear and cloudy weather. For East Texas scattered showers are predicted in the northern part with generally fair weather in the southern portion.

FORECAST
The forecast for Texas east of the one hundredth meridian, issued at New Orleans, is as follows:
East Texas (north)—Tonight and Sunday, scattered showers.
East Texas (south)—Tonight, fair, except scattered showers in west portion.
Sunday, scattered showers.

WEATHER CONDITIONS
D. S. Landis issued the following statement of weather conditions this morning:
High pressure areas are over the extreme northeast and southeast. Low pressure areas are over the extreme southwest and northeast.
Rainfall has been profuse in the lower Missouri valley and in the middle eastern states in general.

Thunder storms are reported from Oklahoma, St. Louis, North Platte, St. Paul, Cairo, Abilene and Havre. Isofoggy conditions are at Kansas City and Omaha. Rain was falling this morning at Cincinnati, North Platte and Helena, Mont.

The western half of the country is generally clear, and the eastern half is generally cloudy with rainy conditions in the extreme east.

The cotton belt is generally cloudy, but temperatures this morning are unusually high. But little rainfall is noted in the cotton region.

Texas is partially cloudy, and no rain in the state except a light shower at Henrietta.

WEATHER RECORD
Following is the weather record for the last twenty-four hours—minimum and maximum temperature, wind in miles per hour at 5 a. m. and rain in inches:

KNIGHTS' FAREWELL TO JUDGE TARTLTON

The entertainment committee of the Knights of Columbus has announced that a watermelon party and farewell will be given by the organization next Wednesday evening to Judge B. D. Tartlton, who will leave this city to become dean of the law department of the University of Texas.

Cars for the occasion will be in readiness at the corner of Third and Main streets at 8 o'clock, and will leave promptly at that hour for Grunewald park, where oratory, music and dancing will be enjoyed.

The committee arranging the affair is composed of A. M. McElwee, A. W. Fagan, James McNamara and John C. Fanning.

CHICAGO, Aug. 20.—Football has found its first victim this season in Chicago. James Pine, 16 years old, and several companions were engaged in a game, and during a scrimmage the lad was thrown violently, his head striking the ground. He was removed to a hospital where he died within an hour.

HOW TO FIND OUT

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains the linen it is evidence of kidney trouble; too frequent desire to pass it, or pain in the back is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO
There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It cures inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. Get the bottle.

You may have a sample bottle of Swamp-Root, the great kidney remedy, and a book that tells all about it, both sent absolutely free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing be sure to mention that you read this generous offer in The Fort Worth Telegram. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

FENCIBLES FIRST IN THE SECOND REGIMENT

Capt. B. C. Carter Has Been Advised That His Company Will Be the Senior One at Maneuvers

The members of the Fort Worth Fencibles are doing these days in preparation for the trip to the Manassas encampment, which will be taken about September 1, although the exact date for the departure has not been officially made. While the South Texas contingent is probably leaving about September 3, it is more than probable that the North Texas companies will start about the first of the month.

The Fencibles are drilling nightly and will keep up until their departure. Captain B. C. Carter yesterday received information from Major J. E. Murchett, who will have charge of the First battalion of the Second Texas provisional infantry while at Manassas, that the Fencibles have been designated as first in all maneuvers at the encampment, which fact Captain Carter considers is quite an honor. The Fencibles, therefore, will be at the head of all movements in which the Second Texas will take part. Speaking in military parlance, the Fort Worth company will be the senior company of the provisional regiment.

Including officers and men, the Fencibles will have something like fifty men, divided as follows: One captain, B. C. Carter; one first lieutenant, Harry Hendricks; two second lieutenants; six sergeants, six corporals, two musicians, one artificer, two cooks, one hospital attendant and thirty-eight privates. These men are the members of eleven other companies of the Second Texas regiment have been ordered to mobilize at Dallas, while the other regiment from South Texas will concentrate at Houston. The North Texas companies will go by way of the Gulf coast, while the South Texas companies will go by way of the Southern Pacific.

The movement of the Texas troops to the national encampment will cost the United States government \$15,000, the round trip rate being 3 cents per mile.

Yesterday Captain Carter received the invoice of provisions to be used by the Fencibles while en route to Manassas. The list includes four days' rations, were sent from the department of Texas, at San Antonio, and consists of five boxes of hard tack, seven cases of corn beef, two cases of baked beans and two cases of tomatoes. The members of the company are also allowed three cups of coffee per day and the pay for this will be 7 cents per cup, or 27 cents daily for coffee for each man. The total weight of the provisions for the use of the Fencibles is 757 pounds. A tablespoon dose of government for the subsistence for the twenty-four companies out of Texas being \$1,626.24. The value of the rations for the Fencibles is \$67.76, to which is added \$24.75, the cost of the coffee for the entire company, making a grand total of \$102.51.

To transport the Texas troops to Manassas and to feed them while en route the government will pay the sum of \$76,626.24. This is exclusive of regular pay for services, which is the regulation figures. The Texas soldiers will draw pay for something like fifteen days from the time they start until they return to the state.

Free Wine

We want to send you FREE, costing you absolutely nothing, a trial bottle of "Drake's Palmetto Wine." You know that "way back in bible times people took wine for the stomach's sake." Wine is a most valuable food. It is good for the stomach, brain or pocket. "Drake's Palmetto Wine" is vastly different. It comes from the fruit of our own sunny South. It is a superb appetizer, tonic and nerve-bracer. It cleans and purifies the blood and thus feeds brain and body. It builds up athletes and nourishes thinkers.

Drake's Palmetto Wine

It is also a natural medicine. It is a wonderful cure for constipation, flatulency and all dyspeptic troubles. It positively heals catarrh of nose, throat, stomach or bowels. It regulates the liver, kidneys and bladder. For women it is a true God-send. A tablespoon dose daily cures all those troubles. The wine has a rich, appetizing smack and plucks you up instantly. We prove all this by sending you a Free Trial Bottle on Request.

DRAKE FORMULA COMPANY, Drake Bldg., Chicago, Ill.

READERS TAKE NOTICE—"Drake's Palmetto Wine" is 75 cents at drug stores for a large bottle—usual dollar size. A tablespoon dose sent to you free and prepaid if you write for it.

A SHORT SESSION

Council Meets and Adjourns

While W. C. T. U. Ladies

Await the Opening Hour

Last Night

THEY ARE DETERMINED

Announce They Will Attend

Every Meeting Hereafter—

Visit City Prison Under Es-

cort of Telegram Reporter—

Dog Ordinance Is Passed

"You can tell the city council for us that we are going to keep coming if we block all legislation, until they take up the question of our petition for a police matron. We will attend every meeting, and if they do as they did tonight we will keep them away from all business unless they are willing to meet us," said the members of the W. C. T. U. to The Telegram reporter last night after they had gathered on the Carnegie library steps preparatory to a visit to the council, only to see the members of that august body file past, having adjourned after an eight-minute session, the shortest but one in the history of the city.

"Tell them, too, we are going to be there when they commence after this so that they can't sneak out by an early adjournment," said another. Members of the council on the other hand deny that they hurried through on purpose and their action, upon meeting the women at the library showed this to be the case or the aldermen to be in the Henry Irving class. This latter theory is strengthened by the dramatic assertion of Alderman Moreland, quoting gaily from McBeth, "Lay on, McBeth, and damned be he who first cries: 'Hold, enough!'"

THEY ARE DISCOVERED
Coming from the meeting, the aldermen first saw the ladies when they reached the library pavement in full view of the steps and too close to retreat. A council of war was held and Chairman Pro Tem Lehanne counseled a return to the chamber and a reopening of the session. This, however, was voted down, and putting on a brave front they essayed to pass the steps.

"Why, there they go now," cried a voice and the aldermanic steps were quickened, with the exception of those of Alderman Moreland, whose six feet made him a conspicuous member. Making the best of it he approached the steps and in his inimitable and winning way greeted the delegation. "Are you not going to meet tonight?" queried Mrs. Jarvis.

"Done met," was the smiling response. "Without waiting to hear from us?" in a chorus. "I assure you we didn't know you were coming and" started the alderman, only to be interrupted with "Don't you read the evening Telegram? Our visit was announced there."

"Well, the ice cream's on me," said Mr. Moreland, and at once extended the invitation.

VISIT THE CITY PRISON
A counter proposition to visit the calaboose was made by the ladies. Alderman Moreland looked around furtively for his fellow aldermen but they were fading fast away in the distance, so he lost courage and had important business.

"Well, The Telegram man's with us and he'll take us through the calaboose," said Mrs. Jarvis, and charmingly surrounded as never before in his life The Telegram man led the way to police headquarters.

Here Assistant Chief Allen did the honors and at once led the way to the women's quarters, where a score of more or less attired negro women were detained.

"Put de Lawd's sake! Is dey gwine to purty deeser white women in heah?" queried a dusky prisoner and the W. C. T. U. drew back toward the door.

Horror and disgust of the calaboose, filled its corridors for a space of time. Judge Brewett arrived and escorted the women to the corporation court room. Here the proposed plan for making that room the calaboose was explained by the judge and Chief Rea, and met with the hearty approval of the visitors.

The men's quarters were not visited and announcing that they would be on hand bright and early for the next session of the council, the ladies left for home.

THE COUNCIL SESSION

The session of the council preceding these occurrences was indeed a short one and Alderman Conway of North Fort Worth, who was present and invited with the council, could scarcely catch his breath as business went rushing through.

Reading of previous minutes was omitted by consent and committee reports swung in at a mile a minute gait. Claims were allowed for the amount of \$4,955.97, following which a committee report advising the granting of the petition for a watchman for the Adams street crossing of the Frisco was adopted. Another railroad petition regarding the alleged continuous ringing of the alarm bells at the Peach street crossing of the Denver road was referred to the city engineer.

The dog ordinance came up next and without further reading than at the previous sessions was adopted. Alderman Henderson alone voting "No." The provisions of this ordinance are as already printed in The Telegram and provide for a dog tax and tag with impounding of canines not thus tagged or muzzled during certain months of the year. Following the passage of

MRS. E. J. MASSEY, Proprietor.

at the same hour. After all, we decided we are due the city council a vote of thanks, as many of our party had never been in the women's ward of the calaboose, and did not understand the monster evil we are fighting. Now they do understand the wrongs that need to be righted, the shameful blot on our city, that needs to be erased and with renewed zeal together we put our hands to the plough to keep stirring up things until we can have a police matron to ameliorate conditions in the city calaboose.

MRS. J. J. JARVIS AND OTHERS.

AMUSEMENTS

ALBERT TAYLOR STOCK COMPANY
On Monday night, August 22, comes to Greenwall's opera house Albert Taylor and his excellent stock company in an entirely new repertoire of up-to-date dramas, comedies, etc. This marks the era of the opening of the theatrical season in Fort Worth for the season of 1904-05 and no doubt the house will be crowded to its utmost. Mr. Taylor comes to us this season with eighteen people and a repertoire that includes "Peaceful Valley," a comedy made famous by Sol Smith Russell, followed by "In Missouri," "Don Caesar de Bazan," "A Bachelor's Romance," "A Gilded Fool," "The Lady of Lyons," "A Man from Mexico," etc. The vaudeville between the acts are all new and novel. Complete scenic productions will be given each play. The engagement here is for one week, with matinees daily from Tuesday on and a change of bill at each performance is promised. The opening bill Monday night will be "A Fool and His Money," and from the present outlook the house will be crowded. Seats on sale at the box office.

PORT ARTHUR MUST BE A VERY HELL ON EARTH

No conception can be had of the horrors of the siege of Port Arthur. From the cable advices it is known that the Japanese, though unable to assault the city directly, have worked around on both sides and at the cost of thousands of lives have taken the forts on Wolf hill on the west and Taku Shan heights on the east.

These places have been fitted up with great siege guns and naval guns, and, worst of all, with mortars which hurl huge shells filled with powerful explosives. Within three miles of the city and in the rear of its strongest land defenses the Japs are dropping

death and destruction day and night into the doomed city.

Up on Wolf hill, from the forts marked 1 and 2 the Japanese poured a steady merciless fire into the Russian naval yard and upon the fleet. This drove the Russians out into the open sea, where Togo's fleet pounded them. The ships that were drawn back into the port could not remain because the steady hail of fire was resumed and so the second dash was necessary.

Some idea of the horrors of the city can be gained when it is realized that the ships in the bay, which are getting only a part of the Japanese shells, preferred twice to meet the terrible fleet of Togo rather than remain within the range of the Japanese artillery.

Market Quotations

NORTH FORT WORTH, Aug. 20.—Receipts of cattle today were fairly good, about twenty cars arriving and, including driven-ins, total receipts were close around 1,000 head.

Supplies of steers were small and mostly of medium quality. Local buyers were not very active, but the supply was finally cleaned up on a steady basis, with the bulk of sales at a range of from \$2.45 to \$2.60. A few cattle were on the market good enough to warrant around \$3, but the owner was not satisfied with the price and ordered them out.

Butcher stock supplies were moderate, and mostly of medium quality. There was a fairly active demand and offerings sold freely on a steady basis, with the bulk going from \$1.70 to \$1.95.

Bulls were in light numbers, and sold about steady at a range of from \$1.50 to \$1.75.

About five or six full loads of calves arrived, the quality of which was medium to good. There was a limited demand and what few sold went on a steady basis at a range of from \$2.50 to \$2.85.

No fresh arrivals of hogs came in today, and the few on sale were a few held over for the past two or three days, which found a weak draggy market and again had to sell lower.

COTTON

(By Private Wire to M. H. Thomas & Co.)

FORT WORTH, Texas, Aug. 20.—Higher prices today. Liverpool advanced on unfavorable crop accounts from Texas, the improvement in English markets was 5 points on new positions and spots there advanced 2 points, to 6.14 for middling. Sales, 3,000 bales. Chronicle review for the week was more favorable than looked for, the world's visible supply was less than last year, 100,546, against 134,761, and the predicted rains for east of the Missouri river failed to materialize. As the English market was expected to remain practically unchanged, the advance established today was something of a surprise. Americans ruled higher at opening. New Orleans advanced 6 points up, with December at 9.55c, which, however, was not a full response to the improvement abroad, traders as a rule favoring the short side. There was some talk of a possible squeeze in September, which, however, is not probable, prospects of heavy movement next month making it almost impossible and impracticable, unless crop accounts continue so unfavorable as to cause an urgent demand for spot cotton and the market to advance materially. Weather conditions have been so alike to those of the two former big crop years that comparisons with conditions of this year is more than interesting. In 1897 the rain fall for the entire cotton belt for three weeks ending August 19 was 3.61 inches, for 1898 it was 4.18 and for 1904 it amounted to 4.32 inches. Conditions being so much alike, with 1898, when a crop of 11,275,000 bales was raised on an acreage of about 25,000,000 acres, against about 32,000,000 acres today, it may be of interest to know that weather conditions in had this year, occasioned a loss of crop of 11.4 points, yet the crop present day, however, are so small, visible of all American the smallest since the Civil war, 491,285, against 580,677 last year, that operators at New York and Liverpool are working the long side of the market to advantage, and on account of the smaller movement there was expansion and unfavorable crop accounts, and will continue to make the best out of the situation until relief is furnished in the way of heavy arrivals of new cotton. Future contracts are somewhat higher than last Saturday, December, 9.55c, against 9.41c, but spot cotton remains unchanged. Spots at New Orleans closed steady and unchanged on sales of 200 to arrive, Middling 10 3/8c.

LIVERPOOL SPOTS

LIVERPOOL, Aug. 20.—The cotton market was steady in tone, with demand quiet. Middling was quoted at 6.14d. Sales, 3,000 bales. Receipts, 1,000 bales, of which 800 bales were American. Yesterday's close, Middling, 6.12d. Sales, 4,000 bales. Receipts, 18,000 bales. Tons steady.

Futures had the following range today:

NEW ORLEANS FUTURES

(By Private Wire to M. H. Thomas & Co.)

NEW ORLEANS, Aug. 20.—The market was quiet.

Following is the range in quotations:

NEW ORLEANS SPOTS

(By Private Wire to M. H. Thomas & Co.)

NEW ORLEANS, Aug. 20.—The spot cotton market was steady; yesterday firm.

Paces and receipts were as follows:

GRAIN

(By Private Wire to M. H. Thomas & Co.)

CHICAGO, Aug. 20.—Wheat—One to 1 1/2 cents higher. It was a very irregular market, and there was doubtless a good deal of profit taking by holders. The price change in the tone or the tendency regarding northwest advices. Foreign markets, however, were rather indifferent today. Conditions of immediate supply and demand too had very little effect in making prices. The speculative influences are all purely speculative. We are, ourselves, believers of great damage to the northwestern crop, and think conditions justify higher prices. After a 35c advance, we would be very shy of buying wheat except on sharp basis.

Corn—This cereal was 1/4c to 1c higher. The strength is on the advance in wheat and the lower temperatures over the corn belt. Nothing in the way of frost is predicted, but as the crop needs warm weather following the rains, the low temperatures cause apprehension. The country has been selling corn freely the past two days. Acceptances have been very large. This clearly represents the beneficial effects of the rains. The demand is only moderate.

Oats—This market was unchanged. The whole tone of the market is steady, the liberal movement and the moderate demand being offset by the strength in other grains. Stocks of oats are increasing rapidly, and the lead the speculator has to carry is becoming more of a burden.

The market will be closely affected by the developments of the corn crop.

Provisions—This branch of the trade was a shade higher. There is nothing new in the situation, however, and it is a dull market with no improvement noticeable, either in the demand or the speculative buyers.

(By Private Wire to M. H. Thomas & Co.)

KANSAS CITY, Mo., Aug. 20.—The receipts were: Wheat, 335 cars, against 243; corn, 241, against 57; oats, 19, against 3 cars this week last year.

Wheat is quoted: No. 2 hard, \$1.02 to \$1.10; No. 3 hard, \$1 to \$1.02 1/2; No. 4 hard, 95c to \$1; No. 2 red, \$1.04 to \$1.05; No. 3 red, \$1 to \$1.03; No. 4 red, 95c to \$1.

Corn is quoted: No. 2, 49c; No. 3, 48 1/2c to 49c; No. 4, 47c to 48c.

LIVERPOOL GRAIN CABLE

(By Private Wire to M. H. Thomas & Co.)

LIVERPOOL, Aug. 20.—The following changes were noted in the corn and wheat market today:

Wheat closed 1/4 up.

Corn closed 1/4 up.

STOCKS

NEW YORK, Aug. 20.—In spite of some irregularity and at times even weakness, the average level of prices for stocks advanced for the week, alarming reports of damage to spring wheat and of deterioration in corn and cotton have been practically ignored. Labor troubles at various points have been without effect, and the outbreak of hostile competition and cutting of prices of steel products has not hurt prices outside of the United States steel stocks and some of the independent steel companies. The extreme ease of money, which loaned on as low as 1/2 per cent, has made the holding of stocks attractive, encouraged by an improvement in their earnings.

BANK STATEMENT

(By Private Wire to M. H. Thomas & Co.)

NEW YORK, Aug. 20.—The following is the bank statement, which is better than expected:

Reserve, increase	\$81,600
Less U. S. increase	\$82,775
Loans, increase	\$2,689,000
Legal, decrease	\$2,324,800
Deposits, increase	\$237,700
Circulation, decrease	\$438,000

THE CROPS IN TEXAS

South Side Blaze Is Caused by a Gasoline Explosion—The New Horse Makes a Fast Run

At Kaufman the first bale of cotton was received on the 15th inst. Since then the buyers have bought from the planters from five to eight bales daily. The cotton this year is from fifteen to twenty bays higher and upon the planters they find the crop the year to be the finest ever raised by them and they expect to realize greater profits than on any other crops they have ever raised.

Many samples of Texas fruits and produce are being sent to the World's Fair by the farmers. Each community is vying with the other as to the finest crops sent.

At Kaufman the first bale of cotton was received on the 15th inst. Since then the buyers have bought from the planters from five to eight bales daily. The cotton this year is from fifteen to twenty bays higher and upon the planters they find the crop the year to be the finest ever raised by them and they expect to realize greater profits than on any other crops they have ever raised.

Over 3,175 pounds of grapes have been raised on cross timber lands near Cleburne on one acre of ground. Many different varieties were gathered.

New corn is coming on the market at Belton. The average yield is good and in some places the farmers have gathered seventy-five bushels to the acre.

T. D. Veach of Terrell has completed the thrashing season and has with his outfit thrashed over 40,000 bushels of grain.

Cotton prospects at Rising Star are good and the planters expect to get a fine crop.

At Bonham a premium of 50c was offered to the parties who brought in the first five bales of cotton. These bales have now all been delivered and have cost the merchants in all over \$500.

The first bale of the season has been received at Carbon. It weighed 565 pounds and sold for \$71.86. A premium of \$24.25 was given to the fortunate farmer, making a total of \$96.11 received for the bale.

It is estimated in Baylor county the cotton crop will run over a half bale to the acre. Cotton pickers are scarce and the planters do not know what to do to gather the crop.

In this state the territory west from Waco will have the best cotton crop raised in years. Reports have been received from a number of counties and this seems to be the report of the majority of them.

OCCUPATION TAX DECREASE

Returns received by the comptroller from all the counties in the state for the year 1904 shows a decrease in the occupation tax on whiskey of \$54,700. On beer there is a slight increase of \$1,850. The net decrease in this source of revenue on both whiskey and beer is \$52,850.

FOR A CANNING FACTORY

ARDMORE, I. T., Aug. 20.—E. F. Ensworth of this city has completed arrangements by which he will establish a cannery here within a short time. The land around Ardmore is well adapted to the growth of fruits and vegetables and such an enterprise as Mr. Ensworth will launch promises rich returns.

CATTLE FOR CUBA

TEMPLE, Texas, Aug. 20.—G. Childers, the well known cattleman, arrived home this morning from Galveston, where he has quartered for the past six weeks, superintending the shipment of cattle to Cuba in ship loads. A shipment of 1,000 head has been made every five days for six weeks. Mr. Childers returns to Galveston tomorrow and the shipments will continue for a long time yet.

The streets of some of the mining towns of California are paved with gold. A great deal of the rock that is taken out of the mines contains such a small percentage of gold that it would not be profitable to take it out, so when a street is paved with this rock it is crushed, and being exceedingly hard, makes the finest sort of pavement.

SUMMER SCHOOL AT LAMPASAS HAS MANY

List of Those in Attendance Upon the Y. M. C. A. Gathering Is Large—Several Are From Fort Worth

LAMPASAS, Texas, Aug. 20.—The summer school of the Texas Young Men's Christian Association is in full swing. The enrollment is about complete, insuring a larger attendance than last year.

The attendance at the school is mostly from the cities of the state that have associations. A number of ladies are in attendance. All live in tents, which are furnished by the committee in charge. The meals are served in a large dining hall. The primary object of the camp, which continues ten days, is to provide instruction to association workers and for this purpose there is a regularly organized school in association methods, Bible study and athletics. In the study of the Bible the instructors are Dr. G. W. Ray of Fort Worth, Dr. R. E. Vinson of the Austin Theological Seminary, J. B. Palmer of Galveston and Rev. John V. McCall of Cleburne. Classes in association methods are conducted by W. M. Lewis, A. G. Jennings and others.

S. A. Kincaid of Houston is giving a series of lectures on association history. The college men have special classes, conducted by A. C. Hull of Vanderbilt University.

The gymnasium work and athletics are in charge of C. H. Cary of Brooklyn, N. Y. The sessions of the school are in the morning and at night, leaving the evening open for recreation, such as swimming, boating, fishing, etc.

The enrollment at the camp is as follows: J. B. Palmer and wife, Galveston; Miss Mary Nave, Galveston; N. H. Smith, Waco; Rev. John V. McCall, Cleburne; Dr. G. W. Ray, Fort Worth; Mrs. G. W. Ray, Fort Worth; John G. Towns, Hillsboro; P. N. Ingerham, Galveston; Robert Jackson, Waco; J. W. Erps and wife, Waco; Charles H. Cary, Brooklyn, N. Y.; Charles Burke, Fort Worth; Clarence Sinner, Waco; F. Hopper and family, Waco; J. L. Hunter, Waco; W. M. Lewis, Waco; Mr. and Mrs. J. G. Reeves, Fort Worth; Mr. and Mrs. L. E. Jones, Waco; Mr. and Mrs. R. W. Watts, Austin; Mr. and Mrs. A. G. Jennings, Childers; L. W. Parrish, University of Texas; L. B. Newberry, Northwestern University; R. M. A NARROW ESCAPE FROM DEATH AT FIRE

At the Rosen Heights Methodist Episcopal church Sunday the subject for the morning sermon will be "Elijah and the Secret of His Power." The time for the Sunday school is 10 a. m. The Epworth League devotional service at 7:30 p. m. will be led by Miss Susan Warren. At 8:15 p. m. the evening service will be a message to "The Youth in the Church and Youth Out of the Church." Rev. H. G. Beck, pastor, will be in the pulpit at both services.

South Side Blaze Is Caused by a Gasoline Explosion—The New Horse Makes a Fast Run

At Kaufman the first bale of cotton was received on the 15th inst. Since then the buyers have bought from the planters from five to eight bales daily. The cotton this year

NOTICE TO THE PUBLIC.
Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The Fort Worth Telegram will be gladly corrected upon due notice of same being given at the office, Eighth and Throckmorton streets, Fort Worth.

The Telegram absolutely guarantees a much larger paid daily circulation in the city of Fort Worth and its surrounding territory than any other daily newspaper printed.

SOCIALISM AND SCHOOLS
Bishop J. J. Hennessey, of Wichita, Kan., is quoted as saying: "Our public school system of today is a breeding place of socialism. We are educating the youth of the country to look to the state for everything. We are building colleges and universities for the sons of the well-to-do, while the poor man whose sons can't enjoy them must pay the burden. I am utterly opposed to the state's competing with private schools."Taking this as a text the Chicago Chronicle says:
Undeniably the public school system has in it an element of socialism. The state provides instruction for all at the expense of taxpayers. By so doing it certainly teaches the youth of the country to look to the state for education in some directions and to some extent. The result is seen in the tendency to provide education in more directions and to a greater extent, and it is a suggestive fact that in the cities where educational socialism has been carried to the greatest extreme we find the strongest tendency toward industrial socialism under the guise of municipal ownership and operation of "public utilities." These tendencies certainly warn us to hold fast to the principle which is believed to warrant state education and to draw the line so sharply that state intervention in this matter will undermine individualism and sturdy independence of character as little as possible.

The Telegram does not agree that public education produces socialism and points to the trend of socialism of today in support of the contention. The one who comes from the public school will find for life is not a socialist in any degree. The socialist gets his education from this literature of the party which is followed word for word, line for line, sentence for sentence. He learns it so that he can repeat it and he becomes an active one in the cause.

None of us will deny the principle that illiteracy disqualifies a people for self-government. Hence the doctrine that in a republic like ours the state is bound to put the means of instruction within the reach of all.

The Chronicle says further:
It does not follow that the state should monopolize the work of education as the general government monopolizes the postal service. The most that can be said in that regard is that the state has a right to insist that all shall receive instruction to a certain extent, but should leave parents free to supply the required instruction in whatever way they prefer. This suggests the proper limitation of the function of the state in the matter. Its activity should be limited to its right to insist upon so much instruction as is necessary to its own safety. How much is that? Possibly it is impracticable to require every one to take a college course or even a high school course as a prerequisite to the exercise of the elective franchise. States which prescribe an educational qualification do not require more than can be learned by pupils who have six years' instruction in the public schools of Chicago or any city. It may be said, therefore, that by plain implication it is the judgment of such states that no more education of the voter is necessary to the safety of the state and that the principle upon which public instruction is supplied does not warrant education beyond that point at the expense of taxpayers."

The Texas public schools have not produced socialists. We have a magnificent system of public education, which starts at the cross roads and extends to the university. All branches are taught and we do not subscribe to the Chronicle's view that the education should be just so far and no farther. The public education in Texas results in lawyers, doctors, carpenters, civil engineers, scientists, farmers, cattle growers, butter makers, blacksmiths, the seamstress and the kitchen maid. We find that we produce better and more loyal citizens when we not only educate the mind, but the hand and the heart as well. The republic of Texas was the result of a revolt against the government of Mexico and one of the indictments in the document declaring revolt was that, although possessed of boundless resources in the shape of the public domain, Mexico had failed to provide an adequate system of public education. As soon as the republic was formed the educational system was established, every alternate section of public land was set aside to sustain it, and so sacred is the system that no despoiling hand dare raise itself against it. Texas is benefited by its public school system and that system does encourage, breed or stimulate socialism.

Once a long time ago there was quite a cordial relation existing between the

governors of neighboring states and because of that we are often reminded that the governor of North Carolina said something to the governor of South Carolina, and following that fellows have been saying something to each other ever since. The governor of Wisconsin, however, did not care to hear what the governor of Nebraska had to say to him. Governor LaFollette of the Badger state was in Lincoln a few days ago and Governor Mickey called out his personal staff and in full uniform the party went to the hotel to call upon the governor of Wisconsin. The governor was in his room and when informed that the governor and a committee had called to see them, he sent word down to the office that he would let them know when he was prepared to be received. The two governors do not now speak when they pass by.

The attendance at the St. Louis fair for the month of July was 2,343,557. During the same month of the big Chicago fair the attendance was 2,780,263. The St. Louis fair will continue during the remainder of August, September and October, and while fears are expressed that it may not pay out the management remains quite hopeful.

It is announced that Judge Parker will make at least three campaign speeches in the great national contest. One of these will be at New York, another at Indianapolis, and the third at St. Louis. An effort is being made to have him also make one campaign trip through the west.

During a speech on prohibition being delivered at Abilene by Cyclone Davis a few night ago, the electric lights were cut out and the orator was compelled to finish his few remarks in the dark. The perpetrators of the discourtesy evidently imagined that a cyclone needed no light by which to shape its course.

A West Virginia mountaineer who had never taken a drink went to Reading recently, took one glass of whisky and began shooting up the town. As the proverb so aptly says, "Reading maketh a full man."

Leonard Andres, a railroad man at Hammond, Ind., and Mrs. George Links, a widow, were married three hours after their first meetings. Links are always invaluable to a railroad man when a coupling is to be made.

An Ohio man who lost \$17,000 at the St. Louis fair is being roughly criticised because he failed to reward the guide who found it. No doubt he was so overcome by surprise that he forgot to offer anything to the guide.

Mayor Harrison of Chicago killed 12 woodcock in one day, and the Chicago papers considered it a great feat. It depends, of course, on how plentiful the woodcock are.

John W. Gates lost \$100,000 in wheat the other day. The fellows who "sit in" with John in the next game will have to make up that amount.

"This is the key to the situation," said the telegraph operator, and he began pounding away just as though nothing had happened.

There's something suspicious about it. Mrs. Maybrick will arrive in this country just as the vaudeville theaters are opening.

Some French astronomer says there'll be a brilliant display of falling stars. Is this to be another theatrical season as bad as last?

Indiana democrats want to know why Senator Fairbanks does not resign. Must it be explained every day that Senator Fairbanks was born in Ohio?

Governor La Follette of Wisconsin intends to use an automobile in this campaign. Maybe the governor doesn't care for the farmer vote.

The Russian admiralty is unable to locate all its vessels in the Far East. There's a job for Russia's hydrograph bureau.

At a men's beauty show on a Chicago excursion steamer all the women kissed the winner. It is not absolutely certain that the man was a resident of Chicago.

Anyway, Russia won't be bothered by having to read magazine articles written by naval officers. There won't be any naval officers left to write them.

Nelson A. Miles first went to work in a crockery store. This accounts for his expert opinions upon the breaking up of China.

Wife of meteoric Broker Woodend is going on the stage. First thing you know they will dramatize frenzied finance.

Governor Pennypacker regrets that Pennsylvania has no state song. Pennypacker must be deaf. A man with good hearing never would regret it.

If the little Japs don't hurry up Port Arthur will not fall until fall.

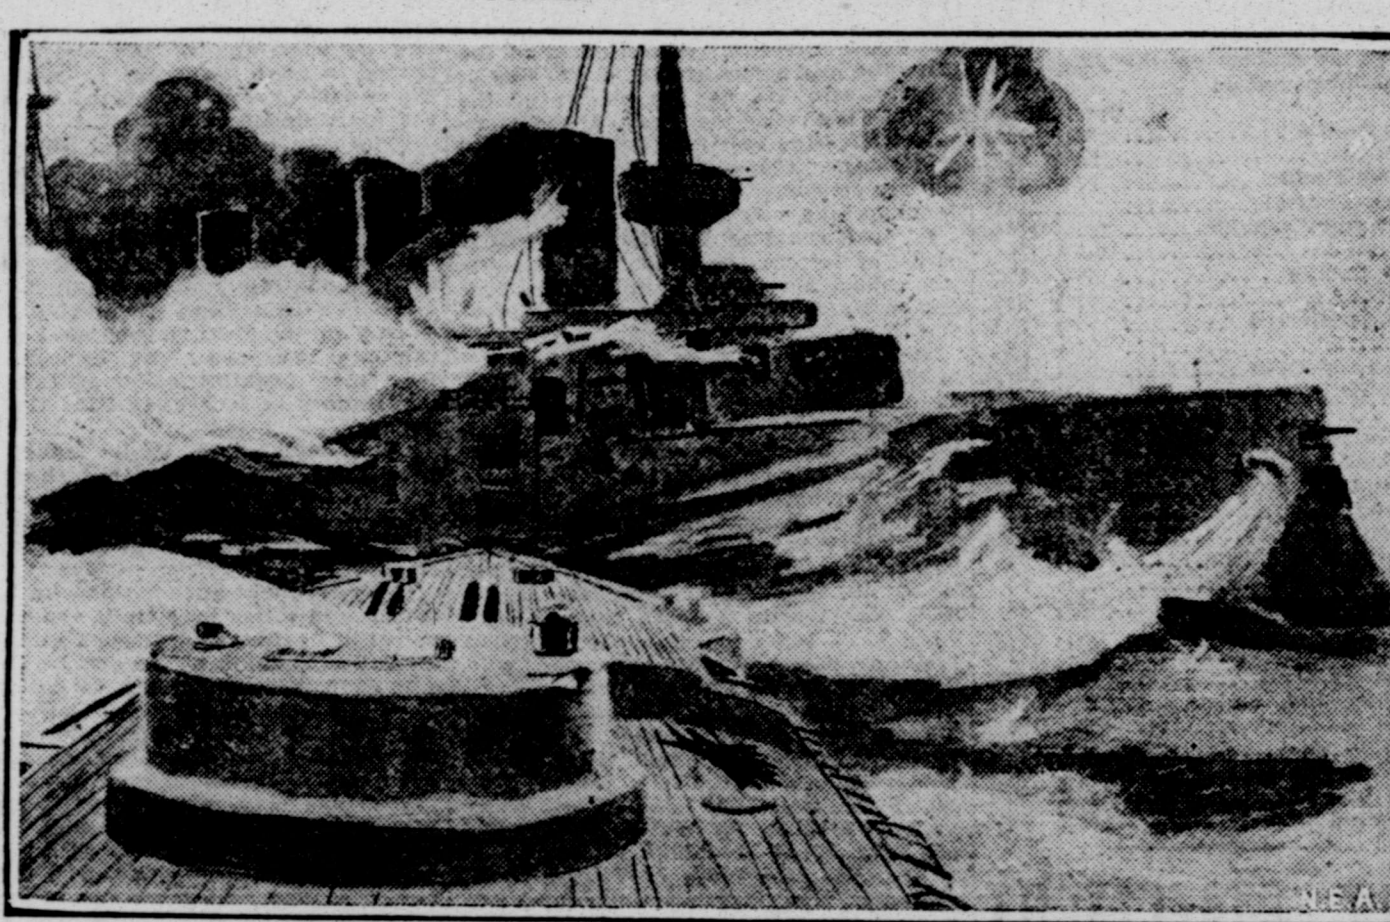

A BAREFOOT BOY
Blessings on you, little man;
Barefoot boy, smile while you can.
Coo and chuckle in your cot
(Thanks to expert Dr. Rott).
Smile before an iron crown
Shall your tender brow weigh down.
Prince you are and never can
Be what's called republican;
You have all that wealth can buy,
Yet of ease you'll e'er be shy.
For you're born unto a throne
Under which the masses groan.
Eastward war, a bomb to toss,
Blessings on you, barefoot boy.

FIGHTING OFF PORT ARTHUR

A JAP CRUISER "RAMMING" A RUSSIAN BATTLESHIP

Magazines

In the September Munsey John W. Munson, a member of Mosby's Partisan Rangers during the civil war, will begin a serial that it is claimed is the most interesting and stirring contribution to the history of the civil war that has yet been handed down from that eventful period. The entire serial deals with the movements of the Partisan Rangers under Mosby. Mr. Munson takes up his story from the day he began his tramp from Richmond, one hundred and twenty miles, to the Blue Ridge mountains, where he joined the Mosby band at the residence of Mr. Blackwell, near Markham Station, in 1863, and carries it to the close of the war, describing all of the sensational fight, raids, hand to hand conflicts and engagements that befell the little band, which at no time numbered over three hundred men. Heretofore unpublished pictures will illustrate each installment.

Ainslee's for September continues the steady progress in quality which is a remarkable feature of this magazine during the current year. A new departure is the beginning of a serial, and the publishing of the Partisan Rangers in inaugurating this novelty in having a story by Agnes and Egerton Castle, which has all of the characteristic charm of these delightful writers. It is called, "The Heart of Lady Anne." The complete novelette has not, however, been sacrificed. The one for this month is "Her Brother's Tutor," by Caroline Duer. The magazine also shows its determination to keep abreast of the times by offering to its readers a new story by Margaret Sutton Briscoe, entitled "Philandering," the character of which is such as to make it a feature. Humorous fiction is represented by exceptionally good stories by Joseph C. Lincoln, who contributes "The Booby Man," and Holman P. Day, whose story, "For the Hand of the Widow Judson," is a lifelike sketch of the down east Yankee. Other stories equally good are "Letters of an Outsider," by Felicia Goddard; "The Winged Harp," by Kate Masterson; "The Little Blue Rose," by Edith MacVane, a new writer of great promise; "The Duffer," by Frank Saville; "Mrs. Lawrence's New Maid," by Anne O'Hagan, and "The Metamorphosis of Colin," by Rafael Sabatini. The poetry is contributed by Arthur Stringer, Robert Loveman, Arthur Ketchum, John Vance Cheney, Theodore Roberts and W. D. Nesbit.

The fourth of the series on social life in American cities is as interesting as its predecessors. It is "The Social Side of Philadelphia," (Ainslee Magazine Company, New York, 15 cents.)

SEPTEMBER SMART SET
Sir Henry Irving promises to appear in a new role when he makes his farewell tour of this country next spring. Probably the last part he will ever create will be that of "Granfather Coesque," in a little one-act tragedy built on Cosmo

Hamilton's story of that name in the Smart Set for September. Mr. Hamilton, a young English author who has come into sudden fame, has made the dramatic version of his story at Sir Henry's request.

THE WOMEN OF RUSSIA
According to Dr. Wolf von Schierbrand, writing in the September Delphin, the curious and appalling discrepancy between the lot of the grande dame in Russia and that of the women of the middle or lower classes is the result, not so much of greater wealth, as of a complete reversal of standards. The Russian aristocracy is cosmopolitan, and its women are, like the women of the powerful advancing nations of western Europe, an independent force, leading in society and domestic life; but the women of the bulk of the nation are still Oriental, and more the slaves than the helpmates of their husbands. The condition of these women is miserable in its degradation and hopelessness. As the author concludes: "Their outlook and their opportunities seem to be less advanced and their social status on a lower plane than in almost any other European country."SPORTING NOTES
PANTHERS WIN THE GAME
CORISCANA, Texas, Aug. 29.—A splendid game, in which the Panthers won by a score of 2 to 1, was played here yesterday. Hits were scarce, Fort Worth getting three and Corsicana five. Both Zook and Jackson pitched excellent ball, neither team scoring until the sixth, when Corsicana got one run. In the next inning Fort Worth got two men across the plate, winning the game by one run. The feature of the game was the work of the pitchers. The score:
CORISCANA.

Chicago, Milwaukee and St.

Paul Cuts Sugar Rate to the

West and Northwest and a

War Is On With all Lines

IS EFFECTIVE AT ONCE

War Is Started Because Some

of the Lines in the Southwest

Refuse to Abide by Adjust-

ment Made Several Months

Ago on New Orleans Rate

CHICAGO, Aug. 20.—A sugar rate war has been declared by the Chicago, Milwaukee and St. Paul, which announces reductions in the tariffs from Chicago west and northwest amounting to 15c and 22c. The reduced rates are effective immediately.

The rates announced are 5c per 100 pounds from Chicago to Missouri river points between Kansas City and Sioux City, including Sioux Falls, and 5c between Chicago and the Twin Cities, and the common points in the northwest. The former rates were 27c to the Missouri river points and 20c to the Twin Cities. The reductions make a rate of 30c from New York to all the points named, which is considerably lower than the rates from New Orleans to the same points.

The war was started because some of the southwestern lines are said to be refused to abide by the adjustment made several months ago, when the rate from New Orleans to Missouri river points was made 37c. A combination, through Memphis, of 32c from New Orleans to Kansas City was later discovered and not adjusted.

ARIZONA-CHIHUAHUA ROAD. It looks very much as if the proposed line of railroad connecting Southern Arizona with Chihuahua, is about to be realized, and instead of it being a Santa Fe project, as it was thought to be, it will be a Southern Pacific project.

A line across the Sierra Madre connecting Southern Arizona and the city of Chihuahua has long been under consideration, and now has every indication of eventually being consummated.

S. P. CHANGES ROUTE. The Southern Pacific has decided upon an important change in its route west of Yuma, Ariz.

The company operates trains through the Imperial Valley to Calexico, Cal., a new town on the international boundary, over a branch road diverging from the main line between Los Angeles and New Orleans at Old Beach, Cal.

Some months ago the Southern Pacific obtained a concession from the Mexican government to construct a railroad over the route from Mexcala, the Mexican counterpart of Calexico, across a portion of the northern district of the territory of lower California to the international boundary line, again at a point immediately west of the Colorado river.

This is the franchise that is to be utilized immediately. The extension from the terminus of the Imperial Valley branch line is to be built under the name of the Inter-California railroad.

The route extends into Mexico territory from Calexico through Mexcala on the international boundary southeasterly fifteen miles, easterly about fourteen

miles and northeasterly about twenty miles to a boundary line, again at a point immediately west of the Colorado river, thence to a junction with the present line at El Rio in California, about five miles west from Yuma, Ariz.

The new line will, it is said, open up a remarkably fertile country and avoid a considerable portion of the desert now traversed. There are to be ten stations on the new line.

TO LOCATE RAILWAY

Chief Engineer Kennedy of the Santa Fe-Central Railroad Company is making arrangements for locating the line into El Paso and will soon place in the field three engineering parties. It is the aim of the company to keep these surveyors in the field until a permanent line has been secured. It is intended to make a connection with the present line somewhere in the vicinity of Willard Station.

The fact that there seems to be a dearth in railroad progression does not seem to make any material difference with the road, which has continued building from the very start, and the information comes that the company is getting a grading outfit together for the purpose of taking up the work of grading and building the proposed road into Albuquerque, N. M.

It is expected that by the time the line is finished into Albuquerque everything will be in readiness to commence the work on the El Paso extension, if it is not started before.

FIRST SALES UP THE DENVER

The general freight department of the Fort Worth and Denver City Railroad Company were yesterday advised that the first bales of cotton were being received at several points along that line in the Panhandle country. Decatur has received four first bales. All four were marketed on Wednesday of this week, while the

Strength and Health

Try it a bit, say for breakfast—

A little Fruit,
A dish of Grape-Nuts and cream,
Two slices of hard toast,
A cup of Postum Food Coffee.

That's all, and you feel "like a Lord."

Same for lunch.

Then have a good meat and vegetable dinner.

Such meals will put one right in body and brain.

TRY IT

Health is worth every possible effort and this way is easy.

"There's a reason."

first bale to reach Henrietta came in Thursday. The Denver road reports a good rain yesterday at Amarillo.

THE COACH EXCURSIONS

The Texas and Pacific and the Rock Island announce that another coach excursion will be run from Texas September 3. All St. Louis terminal lines have authorized their connections that this is the date on which these coach excursions are to start.

HOME VISITORS' EXCURSIONS

The Rock Island today authorized home visitors' excursions during September and October. The round trip rate will be one first-class fare plus \$2. The territory to which tickets are to be sold are Indiana and Ohio on the west of a line drawn through Sandusky, Columbus, Washington, Wilmington and Cincinnati, Ohio, and to Louisville, Ky., and intermediate stations. Also to Hawesville, Powers, Lewisport and Owensboro, Ky. The dates are September 6, 13, 20, 27 and October 11. The tickets are limited to continuous passage each way.

Do you want a sniff of salt air. Take the International and Great Northern. It only costs \$4.50. Phone 219 for information.

ORDER SIGNALS ON RURAL BOXES

Receptacles on Rural Routes

Must Be Equipped With Attachment Showing When

Full and Empty

Postmaster General Payne has issued an order relative to rural free delivery mail boxes of interest to the thousands of patrons along such routes.

According to the new order, previous regulations are amended so as to provide that all approved rural mail delivery boxes be equipped with a suitable signal for the purpose of apprising the carrier whether or not the box is empty or contains mail.

Provision is also made that more than one family can use one such box, provided written notice of an agreement between such two or more families to use the one receptacle be filed with the postmaster of the distributing office from which the mail is sent out.

Under the new order postmasters are empowered to order boxes of approved pattern for the patrons at their request, but they are prohibited from receiving any compensation for such service.

PROHIBITION IS A FARCE IN DENISON

DENISON, Texas, Aug. 19.—The city and justice's court show a remarkable record since prohibition went into effect. The number of persons arrested for drunkenness is quite double that of the saloon days. It is no more trouble to obtain whisky than when the saloons were wide open. People are drinking whisky who never did before. There will soon be as many club houses as saloons. Prohibition here is a farce. Even its advocates are discouraged at the experiments.

Five ears of yellow corn, grown in 1864 by L. J. Pence of Grant county, Indiana, and still in an excellent state of preservation, are exhibited in the Indiana section of the Palace of Agriculture at the World's Fair.

AT CITY PARK A FINE PROGRAM SUNDAY

The Union Band Promises a

Delightful Entertainment for

Those Who Will Attend the

Concert

The Union band, which is playing the Sunday concert at the City Park under the direction of the ladies of the Department Club, has prepared an excellent program for Sunday afternoon, to which the public generally is invited. Cars run regularly to the park and can be taken at any point on Main or Front streets, and at the corner of Seventh and Main streets, going west on Seventh. The concert commences at 4:30 p. m.

CONGREGATION WELCOMES RABBI

Members of the Beth El Meet Rabbi Joseph Jasni—Reception Held After Lecture

The congregation of the Beth El of the Jewish faith at the Spiritualists' temple, 815 Taylor street, last evening bid welcome to Rabbi Joseph Jasni of Cincinnati, who arrived here yesterday to take charge of the spiritual welfare of the members of the congregation.

Rabbi Jasni was expected to arrive earlier in the week, but was detained by personal matters. He delivered his first lecture last evening to nearly two hundred of the congregation. Many of the members are out of the city. Although tired from his two days' journey, he made an excellent impression on the members present. He has a clear, resonant voice and is pleasing in his address. Following the lecture, an impromptu reception was given him and all were introduced to the newcomer and leader.

The new rabbi is one of the youngest in the United States. He is but a few days over 23 years of age. However, he has graduated from the University of Cincinnati and the Hebrew Union College of Cincinnati. This is his first permanent charge. He has, however, during the holidays, had charge of several temples. The young rabbi is a man of winning personality and a talker par excellence. His voice is strong and rich and penetrates to all parts of the building. He is heart and soul in his work and expects to instill new life and interest in the congregation.

When asked by The Telegram man last evening for an expression of his impression of Fort Worth he said: "That is hardly a fair question, for I only arrived this morning. What little I have seen of the city impresses me greatly. I have heard so much of your city and from what I have seen I believe they are all true."

ASTHMA AND HAY FEVER CURED AT LAST

To Prove It, We Will Give Every Sufferer From Either, a Full Size 50c Bottle of Our New and Wonderful Cure, Free of Charge

It is now an assured fact that a positive cure for Asthma and Hay Fever has at last been found. Heretofore, nothing more than temporary relief has been offered by the physician, or through the use of proprietary remedies. Look around you, there are thousands of people suffering from asthma. Some of them have been afflicted twenty or thirty years; yes, even longer, and have been unable to find relief. If you are one of these, you can not call to mind one single instance where a cure has been effected. Then why waste any more time with such treatments when we offer you, free of charge, a 50c bottle of Milk's Emulsion, the only known cure for Asthma or Hay Fever. And in addition to this we will give you a written guarantee that Milk's Emulsion will cure you. This guarantee your druggist will sign if you care to have him. We want to offer every assurance in our power that Milk's Emulsion finds its way to the closed air cells of the lungs, and with its soothing action quickly opens up the air chambers so that the sufferer immediately finds that he breathes easier and deeper than ever before and it only requires a comparatively short time to effect a permanent cure.

MILK'S EMULSION is a good medicine for any trouble of the mucous lining of the throat, lungs, stomach or bowels. It is the only medicine that will cure the afflictions of the membrane. Milk's Emulsion has only been on the market a little over one year, and in that short time has cured thousands of Asthma, Hay Fever, Stomach Trouble, Constipation, Bronchitis and various forms of lung trouble. We know it will cure you, and can prove it if you will let us.

Cut this coupon out and mail it to us at once.

MILK'S EMULSION CO.
113 Ohio Street, Terre Haute, Ind.
Gentlemen—I accept your generous offer to send me a free fifty-cent bottle of your remedy. I shall take the remedy myself and will follow the directions faithfully. I have never taken Milk's Emulsion.

SISTER: READ MY FREE OFFER

Wise Words to Sufferers

From a Woman of Notre Dame, Ind.

I will mail, free of any charge, this Home Treatment with full instructions and the history of my own case to any lady suffering from female trouble. You can cure yourself at home without the aid of any physician. It will cost you nothing to give the treatment a trial, and if you decide to continue it will only cost you about twelve cents a week. It will not interfere with your work or occupation. It has nothing to sell. Tell other sufferers of it—that is all I ask. It cures all, young or old.

TO MOTHERS OF DAUGHTERS I will explain a simple Home Treatment which speedily and effectively cures Leucorrhea, Green Sickness and Painful or Irregular Menstruation in young ladies. It will ease you anxiety and expense and save your daughter the humiliation of explaining her troubles to others. Plumpness and health always result from its use.

Wherever you live I can refer you to well-known ladies of your own state or county who know and will gladly tell any sufferer that this Home Treatment really cures all diseased conditions of our delicate female organism, thoroughly strengthens relaxed muscles and ligaments which cause displacement, and makes women well. Write to-day, as this offer will not be made again. Address

MRS. M. SUMMERS, Box 422, Norte Dame, Ind.

REPUBLICANS TO MEET HERE FOR CONVENTION

Cecil A. Lyon Appears to Be in the Lead for State Chairman, although H. F. MacGregor Is to Be a Candidate

National State Chairman Cecil A. Lyon, and who is said by Fort Worth republicans to be in the lead for the state chairmanship, is to arrive here Sunday night from South Texas, where he has been some days looking after his interests regarding his candidacy. Mr. Lyon has secured quarters at the Worth hotel, where he will be during the state republican convention, which convenes here August 23. He comes in advance of other leading spirits in the party to gather an insight into the local situation so as to better determine what contentions, if any, he will have to combat, but on this score there seems little use for such previous arrangements, as he seems to be the choice of Fort Worth republicans for state chairmanship. Another object in Mr. Lyon's early coming is to meet with members of the state executive committee previous to the meeting of the convention, which will be held on August 23.

MACGREGOR A CANDIDATE
It was thought in republican circles that when J. G. Lowden of Abilene sent out a statement that he had withdrawn his name from connection with the race for state chairman that there would be little or no opposition to Mr. Lyon for that place, but it now seems different, as H. F. MacGregor of Houston has announced for the position and is inclined to push his candidacy. In fact, he has addressed circulars to many of the leading republicans in the state, advising them that he may be considered an active candidate for the place and will come to the Fort Worth convention cocked and primed to make a decisive contest for the nomination. Mr. MacGregor also has many friends and supporters here as well as elsewhere throughout the state and the indications are there will be a lively tussle between the two men, but the consensus of opinion here among the leading members of the party is that Mr. Lyon has decidedly the best of the contest to this date. However, there is no telling how the tide may turn when the convention acts on the question.

THEY WANT HARMONY
It has developed that the republicans in this part of the state desire to see harmony in the ranks of the party in Texas, and to this end believe that this can be attained by supporting Mr. Lyon. They say he is the harmony candidate and as such will stand by him in his contest with Mr. MacGregor.

The local committees to arrange for the forthcoming state convention are busy as bees carrying into effect plans for entertaining the delegates who will be here next week. The decoration committee will begin today to put the auditorium of the city hall in proper shape for the opening of the big convention next Tuesday. Mrs. N. B. Moore is in charge of this part of the arrangements, ably assisted by three or four republicans who have had considerable experience in such matters.

It is not expected to give the visiting delegates an elaborate entertainment, but what is to be done will be appropriate to the occasion.

There is a likelihood that during the convention the visitors will be escorted to Lake Erie, where the republicans will be addressed by some prominent speaker, possibly Governor Stanley of Kansas, who has been invited and will attend if he finds it possible to leave the state house at Topeka. He has advised that he will be here if possible. In case he fails to show up other speakers of repute in the

republican ranks in Texas will take the governor's place.

A MEETING TONIGHT
At the meeting tonight of the republican club of this city all plans for looking after the entertainment of the visitors will be decided upon. This club will receive its finishing touches with the meeting of tonight and will then be in condition to go ahead with arrangements for entertaining the delegates in conjunction with the regular committees named for this purpose by the county executive committee of this county.

Enough money has been raised by the soliciting committee named by the Fort Worth Board of Trade to show the delegates to the state convention a good time and give them a touch of how Fort Worth people receive and look after the pleasure and welfare of all comers within her gates.

It is expected that very few of the delegates to the state convention will reach the city before Sunday night, however, some of them will arrive earlier, particularly the members of the state executive committee, who will probably reach the city on tomorrow morning's trains.

It is confidently expected by local republicans that the coming state convention will be the largest attended in years and that a lively time, politically speaking, will be the result.

TEXAS NEWS BRIEFS

The Ennis oil mill started up at that place this week.

A large cotton compress is to be erected at Sweetwater for use in 1905.

Emily Lewis, a negro woman of Ennis, died at the age of 103 years yesterday.

James S. Crowder, aged 50, one of the leading citizens of Waco, is dead.

The Kirbyville Banner, published at Kirbyville, has been sold to W. R. Blackshear, ex-principal of the public schools.

A large catamount was killed on a farm near Terrell on Thursday by a farmer.

Large crowds are attending the revival services at Terrell and many nightly conversions are the result.

The fourth steward of a British ship was drowned in the harbor at Galveston yesterday while swimming.

The Farmers' Union of Wise county is in session at Alvord with an attendance of over a hundred.

The Belton Masonic temple has been completed and is now ready for occupancy.

Frank Moose, the boy who was injured in a runaway at Weatherford the early part of the week, is recovering.

It is estimated that 20,000 people attended the big reunion at Greenville Thursday, the day being Woodmen day.

A Mr. Patterson, a farmer living near Farmersville, seriously cut his son by a hand saw Thursday.

A hearing for the application to sell the Southern Texas railroad will be heard by Judge R. B. Levy at Marshall on Wednesday, August 24, at 9 o'clock.

Weekly prizes are to be given by the Temple merchants as an inducement to farmers and fruit growers to market their products at that place.

A ten days' meeting of the Methodist church, South, has just closed at Carbon with nearly thirty conversions and additions to the church.

Operators of the Frisco system are holding a conference with the officials of the road at Denison, asking for a new contract with an increase in salaries.

The members of the Y. M. C. A. school in session at Lampasas are having a fine time, and are taking a great interest in the meetings and studies.

Miss Blanche Allen of Terrell has been selected to teach English in the public schools of that city, and to succeed Miss Jasmine Sadler, who resigned.

Plans have been discussed between the merchants and farmers in and around Jacksonville in regard to the establishment of a cotton warehouse at that point.

Plans and specifications have been submitted to the city council of McKinney for the establishment of an electric light plant.

Two cowboys on Newman's ranch, twenty miles from El Paso, engaged in a pistol duel and one of them, Ben Lewis,

R. H. RUSSELL, PUBLISHER : NEW YORK

was killed by his assailant, a Mexican.

The Stamford reunion of ex-Confederate veterans, old settlers and Woodmen continues to be the largest gathering ever in session in the Stamford country.

The meetings of the Central Christian church people, which has been in session at Bonham for the past two weeks, has closed.

Eight conversions to the Baptist belief were made at the tent services being held at Terrell on one night of this week.

Both the Baptist and Christian churches are holding revival services at Gorman and both are having very successful meetings with many conversions.

The colored people of the Bonham neighborhood are holding a picnic and gun shoot at that place with a large attendance.

The county commissioners have appointed J. W. Klepper to fill the place of J. D. Halsell, county treasurer at Crowell, who recently died.

A contract has been let by the school trustees at Lorena for the erection of a two-story brick school house to cost \$5,000.

The point in Lampasas county where the Santa Fe train was wrecked a few days ago is said to be a veritable hoodoo spot for wrecks, this wreck being the third in a very short time.

The convention of county judges and commissioners closed their meetings at Mineral Wells yesterday evening, after holding a pleasant and profitable session.

Thomas Dawe, proprietor of the gin at Gonzales, had his left arm and hand badly lacerated in one of the gin stands Thursday. It being necessary to take fifty-two stitches to dress the wounds.

A shooting affair took place at Marshall yesterday, which was followed by a small riot among the colored people when officers tried to arrest some of the participants.

S. L. Schlom, a merchant of Houston, filed a voluntary petition in bankruptcy yesterday, giving his stock at \$700; household goods and furniture, etc., \$250; machinery, fixtures and tools, \$150.

W. A. Peck, a jeweler at Denison, has filed a petition in bankruptcy with the clerk of the federal court, giving assets, exempt; liabilities approximately, \$3,000.

A section boss, Julius Schroetter, was shot at Boerne yesterday by a jeweler named B. C. Merck, and seriously injured in the right arm by the buckshot from a gun.

As a result of a series of protracted meetings at Farmersville among the Methodists, a new church is to be erected by them at a point near Copewell, a few miles from the first named town.

Mike Barnett of Rusk was hit over fifty times with shot and painfully hurt on

account of the shooting, for which W. A. Pettus, the man's landlord, has been arrested.

The public schools of Beaumont are confronted with a scarcity of teachers, and the school board is having a hard time to get teachers enough to conduct the schools this year.

Abe Mulkey, who has been conducting a series of meetings at Corsicana, has closed the meetings and gone to Florence, Williamson county, where he is to conduct a meeting of two weeks' duration.

While Mr. and Mrs. W. Seaburn and baby were returning from a visit to friends near Springtown yesterday, the horse ran away and killed the baby instantly, besides badly bruising Mrs. Seaburn.

The city council of Laredo has instructed the city attorney to institute legal proceedings against the county on account of a sewer, which is claimed to be a menace to the health of the city.

The doctors of Houston Thursday gave a dinner in honor of Dr. J. A. Bodine of New York, who is traveling through the south on a tour of demonstration of a new method of performing surgical operations.

A young man from Itasca was walking over a high bridge on the Frisco tracks at Winchell when he fell through the bridge to a distance of fifty feet below and is so badly hurt he will not recover.

The good citizens of Rising Star are after a railroad, and propose to have one extended into their fertile country, to carry away some of the banner crops the farmers are producing. If they must give a big bonus to get it.

The meeting of the citizens at San Antonio relative to the cutting of wood along the river, which winds its course through the city, was closed with a resolution thanking parties who had brought the matter to the attention of the public and a decision to do nothing in the premises.

BILLY THE KID'S PISTOL
DENISON, Aug. 19.—E. A. Ellis of New Mexico, who is visiting here, has a pistol that was carried by "Billy the Kid" during his bloody career. The pistol is a Colt .45, on the ivory handle is inscribed "Billy."

The pistol was presented to Mr. Ellis by the present governor of Arizona.

WILL PUT IN A SWITCH
ARDMORE, I. T., Aug. 20.—The Downard Asphalt Company, owning mines three miles from here, have received so many heavy orders for asphaltum recently that they will begin at once to build a switch to the mines. The asphalt is being purchased chiefly for paving purposes.

THE ANNALS OF THE CHAMPION "I-REGRET-TO-REPORTER"

AN AUTO SCALPS A LADY BUT SHE RECOVERS

Surgeons Put the Cuticle Back and It Is Uniting and Will Soon Be All Right

NEW YORK, Aug. 20.—Margaret Dougherty of Rochester, N. Y., who was almost scalped in an automobile accident August 10, is recovering at a hospital here, after undergoing a remarkable operation—which resulted in the replacing of her scalp—which was torn from her head. The cuticle already has begun to unite, and the girl's hair shows such signs of vitality that the success of the operation is assured.

Miss Dougherty fell in dismounting from an automobile in Central Park. Her hair caught in the balance wheel which had not been shut off and the rapidly revolving shaft wound it up, tearing off part of the scalp seven inches from ear to ear and five from front to back. She was carried to the hospital unconscious and later a policeman arrived with the scalp. The doctors skillfully prepared the wound, replaced the severed portion, which fitted perfectly, and sewed it on. Upon removal of the bandages it has been found that the cuticle is healing and the surgeons are satisfied that the woman will show no effects of her terrible experience a month hence.

Prescription No. 2851 by Elmer & Amend, will not cure all complaints, but it will cure rheumatism.

E. F. SCHMIDT,
 Houston, Texas, Sole Agent.

WITH FILIPINOS IT IS INTERESTING

The Telegram Correspondent Spends a Day With Adopted People of Uncle Sam

(Telegram Special.)
 ST. LOUIS, Mo., Aug. 19.—The Telegram correspondent spent nearly all of yesterday afternoon in that wonderland of the World's Fair, the Philippines exposition. This is one of the most interesting places to be found at the entire fair. Here one may spend an entire day or more studying the wonderful exhibits and the primitive races from Uncle Sam's

possessions in the Far East. It is as impossible to graphically describe the fifty-seven-acre Philippines exposition as to open the Philippine islands to a birdseye view so that all who looked might see.

The Philippine exposition is well arranged for those who want to spend some time in its exploration. The exhibit halls contain a magnificent collection, showing the commercial conditions and the educational advancement of the schools. The presentation of about 1,200 native people from the different tribes offers a most interesting feature in the way of a spectacular exhibit. Some of the natives are already beginning to speak a little English and some of them have learned to write. All the natives, from the youngest to the oldest, are inveterate smokers. The correspondent gave a small Negro boy a cigar for his autograph. On a card given him he wrote, "Rido," which he said was his name. When asked his age, he replied that he was 7. Autographs from several others were obtained, one being from a little girl, 5 years old.

In the Visayan Village a native orchestra dispenses sweet music, while an interesting program of dancing and singing is offered in the theater. The Visayan girls can be seen weaving the elaborated pila fiber and pineapple fiber cloth, bamboo hats and basket work. When the correspondent visited this village a funeral service was being held in the theater. The chief of the tribe sat upon the ground, while the naked natives marched in by out and by twos, chanting their strange and unintelligible funeral dirges. They went through all sorts of motions, some of them falling prostrate at the feet of the chief. Offerings of beer, small canes and other trinkets were made. In the Lano Moro Village may be seen people from the tribe who are now opposing Uncle Sam's soldiers in Mindanao. They are attired in gorgeous costumes of turban and sash and entertain the visitors with a series of fierce war dances.

The dog feasts in the Igorote Village attract large numbers of visitors daily. While some are stewing dogs, others are incessantly beating the tom-toms.

HE DENIES THAT HE IN THE RIGHT MAN

DENTON, Texas, Aug. 20.—The man arrested by Sheriff W. E. Durlin of this county in Shawnee, Ok., on last Tuesday, supposed to be one Ruben McGee who was wanted in this county for forgery committed several years ago, denies that he is the man wanted. McGee, or Robert Ross, as he calls himself, was brought to Denton Wednesday and placed in the county jail, where he has been seen by several people who aver that he is the man wanted. He was identified by the chief of police of Shawnee by a photograph sent him by Sheriff Durlin. McGee had a divorced wife living in this county and the man arrested says he is anxious to see the woman who it is alleged is his divorced wife.

RURAL ROUTES ARE NUMEROUS IN TEXAS

Eight Hundred and Sixty-two Are Now in Operation and Many More to Be Established in September

Colonel Ed Junk of Austin, in charge of the rural free delivery routes in Texas, was in the city yesterday (Saturday), and in discussing the service in this state stated that there were now in operation a total of 862 such routes, operated from 313 postoffices.

The headquarters of this service are at Austin, the postmasters at the various stations throughout the state from which routes are operated, having charge of these routes, subject to the orders from Austin.

In addition to the 862 routes now in operation, another will be established September 1, running from this city to Handley and upon September 15 the following new routes will be put in service:

Atlanta, Cass county—Length of routes, forty-two miles; area, fifty-two square miles; population served, 1,000; number of houses, 250.

Marshall, Harrison county—Length of route, twenty-seven and one-half square miles; area, twenty-four square miles; population served, 528; number of houses, 250.

Purdon, Navarro county—Length of route, forty-eight and five-eighths miles; area covered, fifty-four square miles; population served, 1,014; number of houses, 327.

Saint Jo, Montague county—Length of route, twenty-nine miles; area, thirty-two miles; population served, 4,200; number of houses, 165.

Winneshore, Wood county—Length of routes, 160.8 miles; area, 266 square miles; population served, 3,258; number of houses, 814.

Chandler, Henderson county—Length of route, twenty-three and one-half miles; area, thirty-one square miles; population served, 492; number of houses, 123.

Chillicothe, Hardeman county—Length of route, twenty-nine miles; area, forty square miles; population served, 424; number of houses, 166.

Clarksville, Red River county—Length of route, twenty-nine miles; area, 266 square miles; population served, 424; number of houses on routes, 100.

Justin, Denton county—Length of route, twenty-seven and seven-eighths miles; area, thirty square miles; population served, 490; number of houses, 160.

Rive, Navarro county—Length of route, twenty-seven and seven-eighths miles; area, eighteen square miles; population served, 340; number of houses, eighty-five.

Rosebud, Falls county—Length of route, twenty-nine miles; area, twenty-three square miles; population served, 416; number of houses, 104.

Sulphur Springs, Hopkins county—Length of routes, sixty-eight and one-eighth miles; area, sixty-four square miles; population served, 1,365; number of houses, 340.

Sanger, Denton county—Length of route, twenty-six and seven-eighths miles; area, thirty square miles; population served, 412; number of houses, 103.

DENTON, Texas, Aug. 19.—Mrs. Landis, who resides in the suburbs presented her husband with twins Wednesday. This makes three times that the event has happened. Mr. and Mrs. Landis are recent arrivals from Ara, Mo.

PREPARING FOR STATEHOOD
 ARDMORE, I. T., Aug. 20.—One of the advance preparations that is being made for statehood developed today when it became known that options are being held for the leasing of six of the best business houses in town to be used for the sale of whisky. The granting of statehood will do away with the strict

JAMES S. CROWDER DEAD
 WACO, Texas, Aug. 20.—James S. Crowder, one of the best known saddlery and harness men in Waco, died yesterday, and the funeral will take place at 4:30 o'clock this afternoon. He has had stomach trouble for two or three years and gradually failed in health. He was 50 years old and leaves a wife and several children. He has two brothers, Robert and Harry Crowder, and has lived in Waco since 1862.

LOSES VALUABLE DIAMONDS
 WACO, Texas, Aug. 20.—Mrs. A. J. Baume had the misfortune to lose a costly and highly prized brooch, a wedding present. The brooch had twenty-six diamonds in it and cost about six hundred dollars. Efforts are being made to find the valuable trinket. It was lost somewhere down town.

AN INDIAN WEDS ON DEATH BED IN MICHIGAN

Has Legal Ceremony to Insure Property to the Common Law Wife Who Has Been With Him

DETROIT, Mich., Aug. 20.—Slowly dying and scarcely able to make the necessary utterances, James Bah We Tuk Yoh, chieftain of the remnants of the Chippewa tribe, which still live north of Bay City, Mich., has been married to Martha G. Nah Shank, who according to Indian ceremony, has been his wife for the past forty years.

Bah We Tuk Yoh owns considerable property. He is 70 years old and his wife is 52. With death near he wished to insure his wife's possession of his goods and chattels. Although the couple have been married in the Indian way, it was necessary, because the law will not recognize a common law marriage between Indians. It is told that the original Indian marriage was the greatest event of the times among Michigan Indians.

DEFICIENCIES IN FEE APPROPRIATION

AUSTIN, Texas, Aug. 20.—The following figures represent the amounts appropriated by the last legislature for the fees of officers in felony cases, and for witness fees, and the deficiencies in these accounts:

Fees of officers in felony cases for the year ending August 31, 1904, \$250,000; witness' fees, \$125,000.

The appropriations have been exhausted and the following amounts registered against them as deficiencies:

Going for Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Don't put yourself in this man's place, but keep a bottle of this remedy in your home. It is certain to be needed sooner or later and when that time comes you will need it badly; you will need it quickly. Buy it now. It may save life.

Price, 25 cents; large size, 50 cents.

Fees of officers in felony cases, \$37,705.86; witness' fees, \$24,208.61. It is estimated that it will take the following additional sums to pay claims for the above year that will yet be presented for payment:

Fees of officers in felony cases, \$20,000; witness' fees, \$15,000.

The appropriations made by the Twenty-seventh legislature for these accounts for the year ending August 31, 1903, was: Fees of officers in felony cases, \$285,000; witness' fees, \$160,000.

From the above statement it is quite clear that these fees will be greater in 1904 than in 1903 by approximately the following sums:

Fees of officers in felony cases, \$22,000; witness' fees, \$5,000.

DIAZ TO START A TOUR OF STATES IN OCTOBER

President of Mexico to Visit All the Principal Cities of This Country While on an Extended Trip

It has been frequently stated in the press dispatches that President Diaz contemplates making an extended tour of the United States. Now comes the information that the date has been decided on, or rather, the month, which will be October. He would have started on the trip sooner, but has been detained in the Republic, awaiting such time when Vice President Corral will be coupled up with the affairs of the Republic, and who will be at the head of state during his absence.

The journey of the distinguished Mexican statesman, as outlined at the present time, will keep him away from the Republic at least one year, during which time he will visit all important cities in the United States and Europe. It is expected that the trip will be one of continuous triumphs, for he is a popular man the world over.

It is expected that Diaz will make this city a visit, but this fact has not yet been determined, as the official route has not been arranged. He will likely attend the national irrigation convention to be held at El Paso and from that point it is believed he will come over the Texas and Pacific on his way to the north and east. If he does he will pass through Fort Worth en route.

It may be the president may not at this time make the trip to Europe, but will postpone it until after the United States tour, as it is said he does not particularly like the idea of being gone from his own country for so long a period at a time.

President Diaz is to be invited to visit the larger cities in the east and north by the different commercial bodies.

It is expected the presidential party will start from the City of Mexico October 15, and go north by the way of New Orleans, either over the Texas and Pacific or the Southern Pacific.

SEVEN LIVES LOST IN CLODBURST IN ARIZONA

Reports From Town of Globe Are That Flood Has Caused Much Damage to Property

EL PASO, Texas, Aug. 20.—Seven lives at least were lost in a flood that swept through the town of Globe, Ariz., and surrounding country. The known dead are:

M. N. Mitchell, Southern Pacific machinist, and wife.
 O. D. Wilson, clerk.
 Charles Sims.
 John Epley.
 Mrs. Hurd.
 Miss Moody.

According to the report of the courier who brought the news of the disaster at Bowie, others were drowned besides those named in the foregoing list, but the names are not known.

The Gila Valley, Globe and Northern railroad tracks were washed out for a distance of three quarters of a mile. Telegraphic communication with Globe is interrupted and it has been impossible yet to learn the full details of the disaster.

Globe is located in the Broad valley that slopes down to Pinel Creek, which crosses the main street of the town. The flood was caused by a cloudburst at Pima above Globe on Pinel Creek.

ALL FOR LYON

DENISON, Texas, Aug. 20.—The republican politicians of this county are unanimous for Cecil A. Lyon for state chairman. There is not a break in the line. L. W. Clark, republican candidate for the legislature, says that at the state convention to be held at Fort Worth next Tuesday no opposition will develop against Lyon. He has a clear field.

Live beavers from Canada may be seen at work in the Palace of Forestry, Fish and Game at the World's Fair.

A BOOM IN THE WICHITAS IS REPORTED

Since the Smithsonian Institution Says There Is Titanium There, Prospectors Are Now Looking It Up

R. Burge, who is interested in quite a number of claims in the Wichita mountains, stated today that he has just assisted in the organization of three different companies in that section and has the fourth one about completed.

Those who are to be interested in the claims will accompany Mr. Burge on a trip to the mountains soon. He says the gentlemen are investing in gold claims, not prospects.

These mines will assay from \$15 to \$10 in gold at a depth of only ten feet.

The claims included in the three companies just organized, says Mr. Burge, assay from \$17 to \$30, and the deepest shaft is only eighteen feet.

The most of the companies above mentioned are made up of parties who live in Fort Worth and Dallas.

Mr. Burge says it is a common thing to have assays run from \$20 to \$125 from shafts that are down from thirty to fifty feet. The ore from the Mountain Park claim, which runs as high as \$2,000 to the ton, at a depth of eighty-five feet, but the Davy Crockett, which carries titanium, is considered the most valuable claim in the mountains. Mr. Burge says there is no telling just what this claim is really worth, but it is very rich and will make millionaires of those who are fortunate enough to be members of the company which owns it.

Since the report made on the ore from the Davy Crockett by the Smithsonian Institute expert geologist, which determined that it was rich in titanium, there has been a great rush to that section of Oklahoma and a big boom is on. Many claims are being bought up in the vicinity of this mine, where it is certain large fortunes only wait the development of the mines.

PRINTERS MEET AND MAKE MERRY

Worth Social Club Entertains Gridiron Club of Dallas at Lake Erie

Employing printers, as represented by the Gridiron Club of Dallas and the Worth Social Club of this city, are making merry this afternoon at Lake Erie Park on the occasion of the first barbecue of the Fort Worth employers.

Several weeks ago the Gridiron Club held a picnic at Lake Erie. The Fort Worth employers, then unorganized, being their guests upon that occasion. The affair of today is given in return by the men of this city.

Mayor Powell, an old newspaper man himself, who assisted in the formation of the Worth Social Club, is present and will welcome the Dallas printers. No regular program has been prepared for the event, the personnel of the clubs insuring an abundance of off-hand fun, speeches and amusement.

The members of the two clubs left their respective cities in time to meet at the park at 4 o'clock. The delegation from this city was a large one, including representatives of all the leading publications and printing firms.

SEVENTY SUITS ARE FILED AGAINST ONE ORDER

AUSTIN, Texas, Aug. 20.—John Duncan was here this morning and filed seventy suits against the supreme council, American Legion of Honor, under the policy reduction resolution, alleging that the plaintiffs represent policies aggregating \$100,000 and reside in Texas, Massachusetts and New York.

AUSTIN, Texas, Aug. 20.—Charters of the following corporations have been approved by the secretary of state and filed for record in the state department:

Gustine Stock Company of Gustine, Comanche county. Capital stock, \$5,000. Purpose, purchase and sale of merchandise of every description. Incorporators, H. M. Culp, C. C. Speed and S. F. McClellan.

Matinee Driving Club of Dallas. Capital stock, \$1,000. Purpose, encouragement of agriculture and horticulture. Incorporators, R. L. Eastham, Charles F. Mills and Charles A. Mangold.

THE TELEGRAPHERS

DENISON, Texas, Aug. 20.—It has developed that the Katy is dropping operators into recently abandoned stations, and further, that the new men know their business.

From an impartial standpoint it looks as if the telegraphers' cause was "wobbling" and it is almost certain that the strike will soon be an event of the past. The operators on the Frisco will demand a higher scale of wages and it is almost certain that the company will accede to the demand.

Glover, who is conducting the strike in Texas and Indian Territory from here, declares that they still have the road badly tied up in Texas and Indian Territory.

At the World's Fair John A. Shields broke the typewriting record by writing 243 words in one minute blindfolded.
